READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 201—RULES OF JUDICIAL ADMINISTRATION

[201 PA. CODE CH. 5]

Amendment of Rule of Judicial Administration No. 509 Governing Access to Financial Records; No. 390 Judicial Administration Doc.

Order

Per Curiam:

And Now, this 8th day of November, 2012, pursuant to this Court's authority under Article V, Section 10 of the Pennsylvania Constitution, Pennsylvania Rule of Judicial Administration No. 509 is amended to read as follows. The amendments to Pa.R.J.A. No. 509 are promulgated in order to further facilitate public access to financial records of the Unified Judicial System. Access to financial records and publication of financial record information of the Unified Judicial System shall be provided in accordance with Pa.R.J.A. No. 509.

Whereas prior distribution and publication of this rule would otherwise be required, it has been determined that immediate promulgation is required in the interest of justice and efficient administration. Pa.R.J.A. No. 103(a)(3).

This Order shall be processed in accordance with Pa.R.J.A. No. 103(b) and shall be effective on December 17, 2012.

Annex A

TITLE 201. RULES OF JUDICIAL ADMINISTRATION

CHAPTER 5. ADMINISTRATIVE OFFICE OF PENNSYLVANIA COURTS

Rule 509. Access to Financial Records.

* * * * *

(e) *Publication of [Contract] Financial Record Information.*

(1) The Administrative Office shall make contract information available on the Unified Judicial System's [web site] website.

(2) For the appellate courts and Administrative Office, the Unified Judicial System's website shall also contain:

(i) appropriation names, descriptions and annual funding amounts;

(ii) expenditure data, including name and address of entity receiving payment, payment amount, applicable appropriation and fiscal year;

(iii) employee complement information, including position title and current annual salary, posted on a monthly basis; and

(iv) a listing of position titles and total annual compensation paid as of the end of the prior calendar year for each employee, posted on a yearly basis.

Official Note: The Pennsylvania Judiciary's long-standing practice of providing open, public access to its

records, both administrative and case-related, has been formalized in this rule and other policies adopted by the Supreme Court. The underlying premise for public access policies and practices in the Unified Judicial System is always the presumption of open records.

Initially promulgated by the Supreme Court on May 14, 2007, this rule furthers the Judiciary's commitment to establishing systematic processes for requesting and accessing state court system records. The rule took effect July 1, 2007.

The enactment of revisions to the Right-to-Know Law (Act 3 of 2008) occurred on February 14, 2008. Act 3 includes the judiciary only as it pertains to access of financial records, as defined by the Act, and regarding the Internet publication of judiciary contracts by the Commonwealth's Treasury Department. Section 304 of Act 3 of 2008 provides that a "judicial agency shall provide financial records in accordance with this act or any rule or order of court providing equal or greater access to the records." [Emphasis added.]

This rule, as amended, is promulgated pursuant to the Pennsylvania Supreme Court's constitutional authority regarding the administration of the courts under Article V, Section 10 and Section 304 of Act 3 of 2008. The expansion of the scope of this rule is in accordance with the continuing effort to promote the Unified Judicial System's policy of the public's right of access to records that deal with the use of public funds.

Pursuant to the Supreme Court's Order of June 23, 2008, access to financial records and publication of contract information of the Unified Judicial System shall be provided in accordance with this rule.

[(2) Prior to granting a request for access in accordance with this rule, the Administrative Office may require a requester to prepay an estimate of the fees associated with the request, if the fees are expected to exceed \$100.]

Effective on December 17, 2012, the Supreme Court directed the Administrative Office to augment the Unified Judicial System's website to include annual appropriation, expenditure, personnel complement and annual compensation information for the appellate courts and Administrative Office of Pennsylvania Courts, pursuant to its Order of November 8, 2012. The term "entity" shall not include employees of the Unified Judicial System.

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 21. BRIEFS AND REPRODUCED RECORD

CONTENTS OF BRIEF

Rule 2112. Brief of the Appellee.

The brief of the appellee, except as otherwise prescribed by these rules, need contain only a summary of argument and the complete argument for appellee **and may also include counter-statements of any of the matters required in the appellant's brief as stated in Pa.R.A.P. 2111(a).** [**However, the appellee may add a counter-statement of the questions involved and a counter-statement of the case.**] Unless the appellee does so, or the brief of the appellee otherwise challenges the questions involved or the statement of the case as stated by appellant, it will be assumed the appellee is satisfied with them, or with such parts of them as remain unchallenged.

Official Note: [Based on former Supreme Court Rule 48, former Superior Court Rule 40 and former Commonwealth Court Rule 91. See also *Cubitt v. New York Cent. R. Co.*, 278 Pa. 366, 370, 123 Atl. 308, 309 (1924).] See Rules 2111 and 2114—2119.

Explanatory Comment

Chapter 21 of the Rules of Appellate Procedure establishes the content and form of briefs and reproduced records, the requirements of filing and serving these documents, and the penalties for noncompliance. Rule 2112, when read in conjunction with Rule 2111 (brief of the appellant) and Rule 2174 (tables of contents and citations) establishes the mandatory elements of an ap-

pellee's brief as including the Summary of Argument, addressed in Rule 2118, and the Argument, addressed in Rule 2119. Rule 2112 also provides that an appellee's brief may contain a counter-statement of the questions involved, addressed in Rule 2116, and a counter-statement of the case, addressed in Rule 2117.

To further aid the appellate courts in the task of appellate review, the Appellate Court Procedural Rules Committee recommends that the Supreme Court amend Rule 2112 to provide that an appellee's brief may also include counter-statements of any of the matters required in the appellant's brief as stated in Pa.R.A.P. 2111(a).

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 21. BRIEFS AND REPRODUCED RECORD

CONTENT OF BRIEFS

Rule 2140. Brief on Remand or Following Grant of Reargument or Reconsideration.

(a) [**General Rule.**—Following a remand from the Supreme Court to the Superior Court or the Com-

monwealth Court, or an Order allowing reargument or reconsideration by any appellate court, unless otherwise directed by the Court having jurisdiction of the case, each party shall, within the time period specified below, either refile the brief previously filed together with a supplemental brief if desired, or prepare and file a substituted brief in accordance with this Rule.] Following remand or if reargument, reconsideration or rehearing is granted, the court shall establish a schedule for further proceedings. If the court does not require further briefing, it shall notify the parties. If further briefing is required, the court shall issue a briefing schedule that includes the order in which briefs shall be submitted, the type of brief to be submitted, whether a reproduced record is needed and the number of copies to be filed.

[(b) Cover on brief.—The brief (whether new or refiled) shall be appropriately titled to reflect the current status of the case (e.g. brief on remand, supplemental brief on remand, brief on reargument, supplemental brief on reargument).

(c) Order and time for filing.—On reargument or reconsideration, the party which petitioned for reargument or reconsideration shall file its brief, including any supplemental brief, within 21 days of the order allowing reargument or reconsideration. The respondent shall file its brief within 21 days after service of the petitioner's brief. The petitioner may file a reply brief within 10 days after service of the respondent's brief.

On remand the original appellant or original petitioner shall file its brief, including any supplemental brief, within 21 days of the remand order. The original appellee or respondent shall file its brief within 21 days after service of the appellant's or petitioner's brief. The original appellant or original petitioner may file a reply brief within 10 days after service of the appellee's or respondent's brief.

(d) Page limits.—A substituted brief shall not exceed 70 pages when produced on a word processor/computer or typewriter. A supplemental brief shall not exceed 40 pages when produced on a word processor/computer or typewriter. A reply brief shall not exceed 25 pages when produced on a word processor/computer or typewriter.]

Official Note: [The number of copies of original, substituted and supplemental briefs to be filed on reargument or reconsideration is to be set by the Prothonotary of the Appellate Court with jurisdiction over the appeal and may be changed from time to time without notice to bar.] The 2012 revision of this rule clarified that following remand or the grant of reconsideration or reargument, the court will order such briefing as it deems necessary.

Explanatory Comment

The Appellate Court Procedural Rules Committee proposes to amend Pa.R.A.P. 2140 so that when a case is remanded to an intermediate appellate court or an appellate court grants reargument or reconsideration, the court shall inform the parties of any additional briefing requirements.

Rule 2140, in its current form, provides that on remand, reconsideration or reargument, it is up to the parties whether they wish to re-file their original brief or file a supplemental brief. The Appellate Procedural Rules Committee believes that such an automatic provision, uninformed by direction from the appellate court, is inappropriate. Instead, the appellate court, which will be adjudicating the remand, reargument or reconsideration, should give the parties specific direction of what additional briefing, if any, it wishes. For example the issues on remand, reconsideration or reargument may be limited to a discrete, specific issue and the appellate court will desire briefing addressed to that issue only. There may be instances where a case is remanded to consider the impact of a recently decided case and the appellate court only needs briefing addressed to the case's impact.

Further, the current section (c) of Rule 2140 provides that the party that petitioned for reargument or reconsideration automatically files the first brief and the other party files a responsive brief. In many instances, the party that petitioned for reargument or reconsideration may not be the appellant with the burden on the underlying appeal. It is illogical that the petitioning party automatically should file the first brief on reargument or reconsideration.

The above-noted issues with respect to the current rule are resolved by the proposed amendment. The amendment provides the appellate court on remand, reconsideration or reargument first shall set a schedule for further proceedings. The appellate court then will determine what additional briefing is required and the schedule therefore. This amendment allows the appellate court to determine the briefing required based upon the specific issues before it. The parties will no longer need to guess what additional briefing the appellate court desires.

Accordingly, under the proposed amendment, the current version of Rule 2140 would be replaced by the following language:

Following remand or if reargument, reconsideration or rehearing is granted, the court shall establish a schedule for further proceedings. If the court does not require further briefing, it shall notify the parties. If further briefing is required, the court shall issue a briefing schedule that includes the order in which briefs shall be submitted, the type of brief to be submitted, whether a reproduced record is needed and the number of copies to be filed.

g) by notifying the chief juvenile probation officer when a juvenile refuses to provide the information as required; and

15) perform any other functions as designated by the court.

* * * * *
Comment
* * * * *

Pursuant to paragraph (A)(13), a juvenile probation officer may perform any other function designated by the court to carry out the purposes of the Juvenile Act.

Paragraphs (A)(13)(a)—(g) & (A)(14)(a)—(g) were added in 201- after the adoption of the Act of December 11, 2011 (P.L. 446, No. 111), as amended by the Act of July 5, 2012 (P.L. 880, No. 91), bringing Pennsylvania into compliance with the Federal Adam Walsh Child Protection and Safety Act of 2006 (P.L. 109-248, 120 Stat. 597), particularly the Sexual Offender Registration and Notification Act. There are several requirements placed upon the chief juvenile probation officer by these statutory amendments. This rule requires juvenile probation officers to notify and assist the chief juvenile probation officer in carrying out his or her obligations.

Juvenile probation officers are to notify all juveniles who are classified as "juvenile offenders" and/or "sexually violent delinquent children", as defined by 42 Pa.C.S. §§ 6402 & 9799.12, about the duty to register and provide information as a sexual offender. "Juvenile offenders" are designated by the court pursuant to Rule 512(D)(8). The juvenile probation officer is to ensure the juvenile signs a form acknowledging this duty. See paragraphs (A)(13)(b) & (c) & (A)(14)(b) & (c).

Pursuant to 42 Pa.C.S. § 9799.16(B) & (C), the juvenile is to provide specific information to the Pennsylvania State Police to be included in the Registry. It is the duty of the chief juvenile probation officer to: 1) inform the juvenile of the juvenile's duty to register; 2) require the juvenile to read and sign a form stating that the duty to register has been explained and the juvenile understands the registration requirements; and 3) collect the information required under 42 Pa.C.S. § 9799.16(B) & (C) and forward the information to the Pennsylvania State Police for inclusion in the Registry. See 42 Pa.C.S. § 9799.20. Paragraphs (A)(13)(d) & (A)(14)(d) ensures the juvenile probation officer assists the chief juvenile probation officer in forwarding this information to the Pennsylvania State Police.

Under 42 Pa.C.S. § 9799.33(A)(2), the chief juvenile probation officer is to notify the Pennsylvania State Police each time a sexual offender is arrested or recommitted to a placement facility if the juvenile is under the court's supervision. The juvenile probation officer is to assist the chief juvenile probation officer in fulfilling this duty. See paragraphs (A)(13)(f) & (A)(14)(f).

Pursuant to paragraphs (A)(14)(e) & (f), the juvenile probation officer is to ensure the juvenile's

information is current prior to release of a "sexually violent delinquent child" from involuntary treatment facility and fill out a form prescribed by the Pennsylvania State Police each time a sexual offender is arrested, recommitted to an inpatient facility, or refuses to provide information pursuant to paragraph (A)(14)(d) if the juvenile is still under the juvenile court's supervision. In most instances, juvenile court supervision will be terminated prior to these occurrences.

Paragraphs (A)(13)(g) & (A)(14)(g) require the juvenile probation officer to notify the chief juvenile probation officer if the juvenile refuses to provide this information. Pursuant to 42 Pa.C.S. 9799.22(D), the chief juvenile probation officer is to notify the Pennsylvania State Police of such violation. The juvenile will then be charged with a violation of 18 Pa.C.S. § 4915.1 (relating to failure to comply with registration of sexual offenders requirements).

Ninety days prior to the twentieth birthday of a juvenile who was adjudicated delinquent for an act(s) of sexual violence and who remains in a placement facility upon attaining twenty years of age, as specified in 42 Pa.C.S. § 6358(A), a probation officer is to notify SOAB about the status of the juvenile, where the juvenile is presently placed, and is to assist SOAB in obtaining access to any information, including the juvenile's official court record and juvenile probation file, required by SOAB to perform an assessment. See 42 Pa.C.S. §§ 6358(B) & 9799.24(H). The juvenile probation office is to cooperate with SOAB when an assessment is ordered. See 42 Pa.C.S. § 9799.24(C). See paragraph (A)(14)(a).

Pursuant to the Juvenile Act, the court has authority to order a physical or mental examination of a juvenile and medical or surgical treatment of a minor, who is suffering from a serious physical condition or illness which requires prompt treatment in the opinion of a physician. The court may order the treatment even if the guardians have not been given notice of the pending hearing, are not avail-

able, or without good cause inform the court that they do not consent to the treatment. 42 Pa.C.S. § 6339(b).

If the juvenile is classified by the court as a “juvenile offender,” as defined by 42 Pa.C.S. § 9799.12, pursuant to 42 Pa.C.S. § 9799.19(H), the judge is to order the juvenile to provide information required pursuant to 42 Pa.C.S. § 9799.16(B) to the chief juvenile probation officer at the time of disposition. Pursuant to 42 Pa.C.S. § 9799.20, the court is to: 1) inform the juvenile of the juvenile’s duty to register; 2) require the juvenile to read and sign a form stating that the duty to register has been explained and the at the juvenile understands the registration requirements; and 3) collect the information required under 42 Pa.C.S. § 9799.16(B) & (C) and forward the information to the Pennsylvania State Police for inclusion in the Registry. See 42 Pa.C.S. § 9799.20.

Additionally, 42 Pa.C.S. § 9799.23(A) requires at the time of disposition, the court to: 1) specifically classify the juvenile as a “juvenile offender”; 2) ensure the sexual offender has signed the form stating that the duty to register has been explained; and 3) issue any orders to a juvenile offender requiring the juvenile to provide information to the chief juvenile probation officer as set forth in 42 Pa.C.S. § 9799.16(B).

The court, at the time of disposition, also is to inform the “juvenile offender” of the following duties: 1) the duty to register as a sexual offender pursuant to 42 Pa.C.S. § 9799.10 *et seq.*; 2) the duty of the sexual offender to register in accordance with 42 Pa.C.S. §§ 9799.15 (Relating to period of registration), 9799.16 (Relating to Registry), 9799.19 (Relating to Initial Registration) and 9799.25 (Relating to Verification by Sexual Offenders and Pennsylvania State Police); 3) the duty of the sexual offender to register with authorities in another jurisdiction within three business days of specific occurrences as described in 42 Pa.C.S. 9799.23(A)(3); and 4) the duty of the sexual offender to submit to fingerprints, palm prints, DNA Sample, and photograph at the time of the disposition in accordance with 42 Pa.C.S. § 9799.16(C). See 42 Pa.C.S. § 9799.23.

d) classify the juvenile as a “sexually violent delinquent child” if the court determines the juvenile has serious difficulty controlling the juvenile’s sexually violent behavior that makes the juvenile likely to engage in an act(s) of sexual violence, as defined by 42 Pa.C.S. § 9799.12;

i) ensure the sexual offender has signed the form stating that the duty to register has been explained if the juvenile is classified as a “sexually violent delinquent child;” and

ii) issue any orders to a sexual offender requiring the juvenile to provide information to the chief juvenile probation officer as set forth in 42 Pa.C.S. § 9799.16(B) if the juvenile is classified as a “sexually violent delinquent child;” and

e) send a copy of any order to SOAB within ten days of the hearing

See 42 Pa.C.S. §§ 6358 and 9799.24 for assessments of delinquent children by the SOAB. See also 42 Pa.C.S. § 9799.23 for court notification.

CHAPTER 8. SUSPENSIONS

Rule 800. Suspensions of Acts of Assembly.

This rule provides for the suspension of the following Acts of Assembly that apply to delinquency proceedings only:

* * * * *

13) The Act of December 20, 2011, P. L. 446, No. 111, § 18, 42 Pa.C.S. § 9799.23(A), which provides for classification of the “juvenile offender” at the time of disposition, is suspended only insofar as the Act is inconsistent with Rules 302 and 409, which require the classification of a “juvenile offender” for out-of-county cases at the time of the adjudication of delinquency.

14) The Act of July 9, 1976, P. L. 586, No. 142, § 2, 42 Pa.C.S. § 6323(a)(2), which provides that a delinquent child may be referred for an informal adjustment by a juvenile probation officer, is suspended only insofar as the Act is inconsistent with Rule 312, which provides that only an *alleged* delinquent child may be referred for an informal adjustment because the filing of informal adjustment shall occur prior to the filing of a petition.

[14] 15) Section 5720 of the Wiretapping and Electronic Surveillance Control Act, Act of October 4, 1978, P. L. 831, No. 164, 18 Pa.C.S. § 5720, is suspended as inconsistent with Rule 340 only insofar as the section may delay disclosure to a juvenile seeking discovery under Rule 340(B)(6); and Section 5721(b) of the Act, 18 Pa.C.S. § 5721(b), is suspended only insofar as the time

frame for making a motion to suppress is concerned, as inconsistent with Rules 347 and 350.

[15] 16) The Act of July 9, 1976, P. L. 586, No. 142, § 2, 42 Pa.C.S. § 6340(c), which provides consent decree shall remain in force for six months unless the child is discharged sooner by probation services with the approval of the court, is suspended only insofar as the Act is inconsistent with the requirement of Rule 373 that a motion for early discharge is to be made to the court.

[16] 17) The Act of July 9, 1976, P. L. 586, No. 142, § 2, 42 Pa.C.S. § 6335, which provides for a hearing within ten days of the juvenile’s detention unless the exceptions of (a)(1) & (2) or (f) are met, is suspended only insofar as the Act is inconsistent with Rule 391, which provides for an additional ten days of detention if a notice of intent for transfer to criminal proceedings has been filed.

[17] 18) The Act of July 9, 1976, P. L. 586, No. 142, § 2, 42 Pa.C.S. § 6355(g), which provides the burden of establishing by a preponderance of evidence that the public interest is served by the transfer of the case to criminal court *and* that a child is not amenable to treatment, supervision, or rehabilitation as a juvenile shall rest with the Commonwealth unless the exceptions of paragraphs (g)(1) and (2) apply, is suspended only insofar as the Act is inconsistent with Rule 394, which provides *only* the burden of establishing by a preponderance of the evidence that the public interest is served by the transfer of the case to criminal court shall rest with the Commonwealth unless the exceptions of paragraph (g)(1) and (2) apply.

[18] 19) The Act of July 9, 1976, P. L. 586, No. 142, § 2, 42 Pa.C.S. § 6353(a), which requires dispositional review hearings to be held at least every nine months when a juvenile is removed from the home, is suspended only insofar as it is inconsistent with the requirement of Rule 610, which requires dispositional review hearings to be held at least every six months.

Comment

The authority for suspension of Acts of Assembly is granted to the Supreme Court by Article V § 10(c) of the Pennsylvania Constitution. See also Rule 102.

The partial suspension of 42 Pa.C.S. § 9799.23(A) is due to the requirement of 42 Pa.C.S. § 9799.19(H), which requires the out-of-county juvenile to register at the time of the adjudication of delinquency. For the juvenile to register, it is first required that the juvenile be classified as a juvenile offender.

Request for Public Comment

The Juvenile Court Procedural Rules Committee (Committee) is seeking public comment on amendments to Rules 161, 195, 302, 407, 409, 512, and 800 and new proposed Rule 614.

With the adoption of Act 111 of 2011 (P. L. 446, No. 111, Cl. 18) and Act 91 of 2012 (P. L. 880, No. 91, Cl. 18), the legislature has placed several requirements upon the Chief Juvenile Probation Officer and the court to follow when a juvenile is adjudicated delinquent on an enumerated sexual offense. These proposed rule additions reflect these statutory changes.

Rule 161

Rule 161 has been specifically questioned because requirements in this new legislation affect the inspection

and copying of juvenile probation files by the State Sexual Offenders Assessment Board (SOAB).

When Rule 161 was adopted by the Court, it was intended to make inspection and copying of juvenile probation files more accessible to attorneys, SOAB, and JCJC. However, this rule never was intended to bypass other legal restrictions placed upon records or reports. For example, there may be confidential communications between a patient and psychiatrist that is protected by law. See *Commonwealth v. Carter*, 821 A.2d 601 (Pa. Super. Court. 2003), for clarification of protected information.

The addition of “unless the court has determined that the information sought is otherwise protected by law” was added to paragraph (A) to clarify the original intent of the rule. If the juvenile probation office fails to permit inspection and/or copying of specific information, the court must to determine whether the information sought is protected communications.

Rule 195

As stated *supra*, the chief juvenile probation officer must follow specific directives in carrying out the registry requirements for juveniles classified as “juvenile offenders.” In addition, if a juvenile is in a placement facility ninety days prior to turning twenty years old and is in placement on an enumerated sexual offense, which could lead to an “Act 21” placement, the chief juvenile probation officer must make a referral to the SOAB.

To assist the chief juvenile probation officer in his or her duties, Rule 195 requires assigned juvenile probation officers to assist their Chief in fulfilling the mandated duties for notification and registry of “juvenile offenders” and juveniles adjudicated delinquent for acts of sexual violence that may be designated as a “sexually violent delinquent child” in the future.

Rules 302, 409, and 800

Rules 302 and 409 require the court to *classify* an out-of-county juvenile as a “juvenile offender” at the time of the adjudication of delinquency. This differs from 42 Pa.C.S. § 9799.23, which requires the court to classify the “juvenile offender” at the time of disposition.

An out-of-county juvenile is required to *register* as a “juvenile offender” at the time of the adjudication of delinquency pursuant to 42 Pa.C.S. § 9799.19(H). Before a juvenile can register, the juvenile first must be classified as a “juvenile offender” by the court. Therefore, Rule 800 makes these two requirements consistent. See Rule 800 for partial suspension of 42 Pa.C.S. § 9799.23(A).

Rule 407

Rule 407 requires the juvenile to complete a mandatory written admission colloquy with the juvenile prior to entering the courtroom if the juvenile is admitting to the delinquent act(s). A part of this colloquy requires the attorney to review the consequences of an adjudication of delinquency with the juvenile. In addition to this explanation by the attorney, the rule also requires an independent inquiry by the court asking the juvenile if the juvenile understands the consequences that stem from admitting to the delinquent act(s).

Act 111 now requires a juvenile to register as a “juvenile offender” or “a sexually violent delinquent child” for certain sexual offenses and to follow many requirements for that registry. To explain these new requirements to the juvenile, a separate colloquy must be performed in those specific cases when the juvenile is

admitting to an enumerated sexual offense. This new “SORNA” and “Act 21” colloquy is an addendum to the admission colloquy. The court is to review both colloquies with the juvenile when making a determination that the admission is knowingly, intelligently, and voluntarily made.

Because the consequences of an adjudication of delinquency on an enumerated sexual offense include reporting requirements for the rest of the juvenile’s life and could include a mandatory jail sentence for non-compliance, the “SORNA” and “Act 21” colloquy is being mandated.

Rule 512

The court must classify the juvenile as a “juvenile offender” at the time of the disposition. See 42 Pa.C.S. § 9799.19(H). For out-of-county juveniles, see Rules 302 and 409.

In addition to the classification, the court must notify the juvenile of specific duties as set forth in paragraph (E)(1) and fulfill specific duties as provided in paragraph (E)(2).

Rule 614

This new proposed rule provides the steps that the Chief Juvenile Probation Officer must take when a juvenile has committed an enumerated sexual offense that actuates possible involuntary civil commitment if the juvenile is in placement ninety days prior to the juvenile’s twentieth birthday for that triggering offense.

Initial proceedings to “evaluate” the juvenile begin in juvenile court but once a petition has been filed by the county solicitor or a designee, civil proceedings are commenced.

The rule specifically provides that the Chief Juvenile Probation Officer has specific duties, which include explaining to juveniles what could occur if they have been adjudicated delinquent for an act of sexual violence and are in a placement facility ninety days prior to their twentieth birthdays.

TITLE 237. JUVENILE RULES

PART I. RULES

Subpart B. DEPENDENCY MATTERS

CHAPTER 11. GENERAL PROVISIONS

PART A. BUSINESS OF COURTS

Rule 1120. Definitions.

* * * * *

CHILD is a person who:

1) is under the age of eighteen [**who**] and is the subject of the dependency petition[, **or who**]

2) was adjudicated dependent before reaching the age of eighteen years and who, while engaged in a course of instruction or treatment, requests the court to retain jurisdiction until the course has been completed, but in no event shall remain in a course of instruction or treatment past the age of twenty-one years[.] ; or

3) has requested the court to resume jurisdiction; and

a) is under twenty-one years of age;

b) was adjudicated dependent prior to turning eighteen years of age; and

c) is, one of the following:

i) completing secondary education or an equivalent credential;

ii) enrolled in an institution which provides postsecondary or vocational education;

iii) participating in a program actively designed to promote or prevent barriers to employment;

iv) employed for at least eighty hours per month; or

v) incapable of doing any of the activities as prescribed above in (3)(c)(i)—(iv) due to a medical or behavioral health condition, which is supported by regularly updated information in the permanency plan for the child.

* * * * *

Comment

In 201-, the definition of “child” was expanded to include those children who have requested the court to resume jurisdiction after juvenile court jurisdiction had been previously terminated. This

rule change followed the changes to the definition of “child” in the Juvenile Act pursuant to Act of July 5, 2012 (P. L. 880, No. 91). See 42 Pa.C.S. § 6302.

The county agency is a party to the proceeding and should not function as the “Clerk of Courts.”

The definition of [“clerk of courts”] “Clerk of Courts” should not necessarily be interpreted to mean the office of clerk of courts as set forth in 42 Pa.C.S. § 102, but instead refers to that official who maintains the official court record and docket regardless of the person’s official title in each judicial district. It is to be determined locally which official is to maintain these records and the associated docket.

PART B(2). COUNSEL

Rule 1150. Attorneys—Appearances and Withdrawals.

* * * * *

Comment

* * * * *

See also Rule 1613 for termination of court supervision.

See the Comment to Rule 1634 for assisting children in filing resumption of jurisdiction motions. It is best practice for the court to appoint the guardian *ad litem* or legal counsel who was previously assigned to the child as legal counsel in the reopened case. If there extenuating circumstances preventing the attorney from representing the child, the attorney should make this known at the time of the filing of the motion for resumption of jurisdiction so the court can assign a new attorney.

* * * * *

Rule 1151. Assignment of Guardian Ad Litem and Counsel.

* * * * *

B. Counsel for child. The court shall appoint legal counsel for a child:

1) if a proceeding has been commenced pursuant to Rule 1200 alleging a child to be dependent who:

* * * * *

f) has filed a motion for resumption of jurisdiction pursuant to Rule 1634.

2) upon order of the court.

* * * * *

Comment

See 42 Pa.C.S. §§ 6302, 6311, and 6337.

The guardian *ad litem* for the child may move the court for appointment as legal counsel and assignment of a separate guardian *ad litem* when, for example, the information that the guardian *ad litem* possesses gives rise to the conflict and can be used to the detriment of the child. To the extent 42 Pa.C.S. § 6311(b)(9) is inconsistent with this rule, it is suspended. See Rule 1800. See also Pa.R.P.C. 1.7 and 1.8. Under paragraph (C), legal counsel represents the legal interests of the child and the guardian *ad litem* represents the best interests of the child.

Pursuant to paragraph (B)(1)(f), the court is to appoint legal counsel when a motion for resumption of jurisdiction has been filed. It is best practice

to appoint the guardian *ad litem* or legal counsel who was previously assigned to the child as legal counsel.

CHAPTER 12. COMMENCEMENT OF PROCEEDINGS, EMERGENCY CUSTODY, AND PRE-ADJUDICATORY PLACEMENT

PART A. COMMENCING PROCEEDINGS

Rule 1200. Commencing Proceedings.

Dependency proceedings within a judicial district shall be commenced by:

- 1) the filing of a dependency petition;
- 2) the submission of an emergency custody application;
- 3) the taking of the child into protective custody pursuant to a court order or statutory authority;
- 4) the court accepting jurisdiction of a resident child from another state; [or]
- 5) the court accepting supervision of child pursuant to another state's order[.]; or

6) the filing of a motion for resumption of jurisdiction pursuant to Rule 1634.

Comment

* * * * *

For proceedings that have already been commenced in another judicial district, see Rule 1302 for inter-county transfer of the case.

For resumption of jurisdiction, see Rules 1634 and 1635 & 42 Pa.C.S. §§ 6302 and 6351(J).

The clerk of courts should have form motions available for children who want to file for resumption of juvenile court jurisdiction. These forms are available at <http://www.pacourts.us/Forms/dependency.htm>.

The clerk of court is to accept all filings for resumption of juvenile court jurisdiction whether the motions meet the standard for legal filings or there are objections by other parties. This is to ensure these children have access to the court. See also Rule 1126.

Comment

* * * * *

Pursuant to the Juvenile Act, the court has authority to order a physical or mental examination of a child and medical or surgical treatment of a minor, who is suffering from a serious physical condition or illness which requires prompt treatment in the opinion of a physician. The court may order the treatment even if the guardians have not been given notice of the pending hearing, are not available, or without good cause inform the court that they do not consent to the treatment. 42 Pa.C.S. § 6339(b).

See Rule 1611 for permanency hearing orders for children over the age of eighteen.

(Editor's Note: Rules 1610 and 1611 are new and printed in regular type to enhance readability.)

Rule 1610. Permanency Hearing for Children Over Eighteen.

A. *Purpose and timing of hearing.* For every case for children over the age of eighteen, the court shall conduct a permanency hearing at least every six months for purposes of determining or reviewing:

- 1) the transition plan of the child;
- 2) the date by which the goal of permanency for the child might be achieved; and
- 3) whether the placement continues to be best suited to the safety, protection, and physical, mental, and moral welfare of the child.

B. *Recording.* The permanency hearing shall be recorded.

C. *Evidence.* Any evidence helpful in determining the appropriate course of action, including evidence that was not admissible at the adjudicatory hearing, shall be presented to the court.

D. *Court's findings.* At the permanency hearing, the court shall:

- 1) enter its findings and conclusions of law into the record and enter an order pursuant to Rule 1611; and
- 2) on the record in open court, the court shall state:
 - a) the appropriateness of the placement, if applicable;
 - b) the appropriateness, feasibility, and extent of compliance with the transition plan developed for the child;
 - c) the appropriateness and feasibility of the transition goal for the child;
 - d) the likely date by which the transition goal for the child might be achieved;
 - e) whether reasonable efforts were made to finalize the transition plan in effect;
 - f) whether the county agency has made services available, and if not, why those services have not been made available;
 - g) the continued appropriateness of the transition plan and the concurrent plan, if applicable;
 - h) whether the child is safe;
 - i) if the child has been placed outside the Commonwealth, whether the placement continues to be best suited to the safety, protection, and physical, mental, and moral welfare of the child;
 - j) the services needed to assist a child to make the transition to independent living, including:

- i) the specific independent living services or instructions that are currently being provided by the county agency or private provider;
- ii) the areas of need in independent living instruction that have been identified by the independent living assessment completed pursuant to the Chafee Act, 42 U.S.C. § 671 *et seq.*;
- iii) the independent living services that the child will receive prior to the next permanency review hearing;
- iv) whether the child is in the least restrictive, most family-like setting that will enable him to develop independent living skills;
- v) the efforts that have been made to develop and maintain connections with supportive adults regardless of placement type;
- vi) whether the child is making adequate educational progress to graduate from high school or whether the child is enrolled in another specified educational program that will assist the child in achieving self-sufficiency;
- vii) the job readiness services that have been provided to the child and the employment/career goals that have been established;
- viii) whether the child has physical health or behavioral health needs that will require continued services into adulthood; and
- ix) the steps being taken to ensure that the youth will have stable housing or living arrangements when discharged from care; and

k) any educational, health care, and disability needs of the child and the plan to ensure those needs are met.

Comment

See 42 Pa.C.S. §§ 6341, 6351.

To the extent practicable, the judge or master who presided over the adjudicatory and original dispositional hearing for a child should preside over the permanency hearings for the same child. In resumption of jurisdiction cases, to the extent practicable, the judge or master who presided over the original case should preside over the re-opened case.

Pursuant to paragraph (A), courts are to conduct a permanency hearing every six months. Courts are strongly encouraged to conduct more frequent permanency hearings, such as every three months, when possible.

A three-month hearing or conference is considered best practice for dependency cases and is highly recommended. The court should not wait until six months has elapsed to determine if the transition plan is progressing. Time to achieve permanency is critical in dependency cases. In order to seek reimbursement under Title IV-E of the Social Security Act, 42 U.S.C. § 601 *et seq.*, a full permanency hearing is to be conducted every six months.

In addition to the permanency hearing contemplated by this rule, courts may also conduct additional and/or more frequent intermittent review hearings or status conferences, which address specific issues based on the circumstances of the case, and which assist the court in ensuring timely transition.

See 42 U.S.C. § 675 (5)(A)—(H) for development of a transition plan pursuant to paragraph (D)(2)(j).

See Rule 1136 regarding *ex parte* communications.

When the court has resumed jurisdiction pursuant to Rule 1635, the court is to schedule regular permanency hearings. The county agency is to develop a new transition plan for the child.

Rule 1611. Permanency Hearing Orders for Children Over Eighteen.

A. *Court order.* After every permanency hearing for children over the age of eighteen, the court shall issue a written order, which provides whether the transition plan is best suited to the safety, protection, and physical, mental, and moral welfare of the child.

B. *Determination made.* The court’s order shall reflect a determination made pursuant to Rule 1610(D).

C. *Orders concerning education.* The court’s order shall address the stability and appropriateness of the child’s education, if applicable.

D. *Orders concerning health care and disability.*

1) The court’s order shall identify, monitor, and address the child’s needs concerning health care and disability; and

2) The court’s orders may authorize evaluations and treatment.

E. *Guardians.* The permanency order shall include any conditions, limitations, restrictions, and obligations imposed upon the guardian.

Comment

When issuing a permanency order, the court should issue an order that is “best suited to the safety, protection, and physical, mental, and moral welfare of the child.” 42 Pa.C.S. § 6351(a). See *In re S.J.*, 906 A.2d 547, 551 (Pa. Super. Ct. 2006) (citing *In re Tameka M.*, 525 Pa. 348, 580 A.2d 750 (1990)), for issues addressing a child’s mental and moral welfare.

Pursuant to paragraph (C), the court’s order is to address the child’s educational stability, including the right to an educational decision maker. See Comment to Rule 1609(D).

Pursuant to paragraph (D), the court’s order is to address the child’s needs concerning health care and disability. See Comment to Rule 1609(E).

PART (C). POST-DISPOSITIONAL PROCEDURES

- 1616. (Post-Dispositional Procedures; Appeals) (Reserved).

PART (D). CESSATION AND RESUMPTION OF COURT SUPERVISION OR JURISDICTION

- 1631. Termination of Court Supervision.
- 1634. Motion of Resumption of Jurisdiction.
- 1635. Hearing on Motion for Resumption of Jurisdiction.

Rule [1613] 1631. Termination of Court Supervision.

Comment

* * * * *

A child whose non-custodial parent is ready, willing, and able to provide adequate care for the child may not be found dependent. *In re M.L.*, 562 Pa. 646, 757 A.2d 849 (2000). See paragraph (B). **Paragraph (B) does not apply to resumption of jurisdiction cases.**

* * * * *

Pursuant to paragraph (E)(3), the court is to approve a transition plan that is suitable for the child and that has been personalized at the direction of the child.

If the court has resumed jurisdiction pursuant to Rule 1635, a new transition plan is to be developed for the child. Before the court can terminate supervision, the requirements of paragraph (E) are to be followed. In no case is a juvenile over twenty-one to remain under juvenile court supervision. See Rule 1635(E). See also Rule 1635(F) for termination of juvenile court jurisdiction if the court denies the motion for resumption of jurisdiction.

* * * * *

(Editor's Note: Rules 1634 and 1635 are new and printed in regular type to enhance readability.)

Rule 1634. Motion of Resumption of Jurisdiction.

A. *Venue.* A motion to resume jurisdiction shall be filed with the court that terminated court supervision of the child pursuant to Rule 1631.

B. *Contents.* The motion for resumption of jurisdiction shall aver:

- 1) dependency jurisdiction was previously terminated:
 - a) within ninety days prior to the child's eighteenth birthday; or
 - b) on or after the child's eighteenth birthday but before the child turns twenty-one years of age; and
- 2) the child continues to meet the definition of child pursuant to 42 Pa.C.S. § 6302 because the child:
 - a) is under twenty-one years of age;
 - b) was adjudicated dependent prior to turning eighteen years of age;
 - c) has requested the court to resume jurisdiction; and
 - d) is, one of the following:
 - i) completing secondary education or an equivalent credential;
 - ii) enrolled in an institution which provides postsecondary or vocational education;
 - iii) participating in a program actively designed to promote or prevent barriers to employment;
 - iv) employed for at least eighty hours per month; or
 - v) incapable of doing any of the activities as prescribed in paragraphs (B)(2)(c)(i)—(iv) due to a medical or behavioral health condition, which is supported by regularly updated information in the permanency plan for the child;
- 3) whether the child would like his or her parent, guardian, or other interested adult involved in the court proceedings; and
- 4) a verification by the child that the above requirements have been met.

C. *Service.* A copy of the motion shall be served upon:

- 1) the county agency;
- 2) the attorney for the county agency;
- 3) the child; and
- 4) the child's attorney.

Comment

A motion to resume jurisdiction can be filed by the child, county agency, or attorney for the child. At the request of the child, if the county agency or previous attorney is approached by the child concerning the court reopening the child's case, the county agency or attorney is to assist the child in the filing of the motion.

Pursuant to paragraph (A), the motion is to be filed in the county that terminated juvenile court jurisdiction. If the juvenile has moved to another county, the juvenile may request the court to transfer jurisdiction pursuant to Rule 1302 at any time after the filing of the motion to resume jurisdiction, including prior to the hearing on the motion. See Rules 1302 and 1635.

If the child does not have attorney at the time of the filing of the motion, the court is to assign legal counsel pursuant to Rule 1151(a) and immediately order service of the motion to resume jurisdiction on the child's attorney. It is best practice to appoint the guardian *ad litem* or legal counsel who was previously assigned to the child as legal counsel. See Rule 1151.

If the child is the party filing the motion, the President Judge of each judicial district is to designate a person to serve the other parties for the child. If the county agency or attorney is filing the motion, they should serve the other parties.

See 42 Pa.C.S. §§ 6302 & 6351(J).

See also Rule 1300 for change of venue and Rule 1302 for inter-county transfer of the case.

Rule 1635. Hearing on Motion for Resumption of Jurisdiction.

A. *Time for hearing.* Within thirty days of receiving a motion for resumption of jurisdiction, the court shall conduct a hearing to determine whether it will resume juvenile court jurisdiction.

B. *Notice.* Notice of the date, time, place, and purpose of the hearing shall be given to:

- 1) the county agency;
- 2) the attorney for the county agency;
- 3) the child;
- 4) the child's attorney;
- 5) any other persons as directed by the court.

C. *Hearing.* At the hearing, the court shall state its findings and conclusions of law on the record in open court as to whether:

- 1) dependency jurisdiction was previously terminated:
 - a) within ninety days prior to the child's eighteenth birthday; or
 - b) on or after the child's eighteenth birthday but before the child turns twenty-one years of age; and
- 2) the child continues to meet the definition of child pursuant to 42 Pa.C.S. § 6302 because the child:
 - a) is under twenty-one years of age;
 - b) was adjudicated dependent prior to turning eighteen years of age;
 - c) has requested the court to resume jurisdiction; and
 - d) is, one of the following:
 - i) completing secondary education or an equivalent credential;
 - ii) enrolled in an institution which provides postsecondary or vocational education;
 - iii) participating in a program actively designed to promote or prevent barriers to employment;
 - iv) employed for at least eighty hours per month; or
 - v) incapable of doing any of the activities as prescribed in paragraphs (C)(2)(d)(i)—(iv) due to a medical or behav-

ioral health condition, which is supported by regularly updated information in the permanency plan for the child;

3) reasonable efforts were made by the county agency to prevent the return of the child to juvenile court jurisdiction unless due to the necessity of emergency placement, such lack of services was reasonable;

4) it will exercise jurisdiction pursuant to 42 Pa.C.S. § 6351(J) because it is best suited to the protection and physical, mental, and moral welfare of the child;

5) a parent, guardian, or other interested adult should be involved in the child's case;

6) there are any health or educational needs of the child; and

7) the county agency has developed an appropriate transition plan.

D. Orders.

1) After a hearing, the court shall enter an order granting or denying the motion to resume juvenile court jurisdiction.

2) If the court resumes jurisdiction, the court shall order:

a) that resumption of jurisdiction is best suited to the protection and physical, mental, and moral welfare of the child;

b) any findings as to the transition plan for the child;

c) regular scheduling of permanency hearings pursuant to Rule 1608;

d) any designations of custody and/or placement of the child; and

e) any evaluations, tests, or treatments for the health and educational needs of the child.

E. *Termination of court supervision in resumption cases.*

1) Once a child has completed the transition plan for children over the age of eighteen; or the child has refused to cooperate with the plan, a party may move for termination of court supervision pursuant to Rule 1631.

2) In no event shall a child remain on juvenile court supervision once the child has turned twenty-one years of age.

F. *Termination of court supervision when motion denied.* If the court denies the motion for resumption of jurisdiction, the court shall enter an order terminating juvenile court jurisdiction.

G. *Advanced Communication Technology.* The provisions of Rule 1129 shall apply to this proceeding.

Comment

The court is to decide whether a parent, guardian, or other interested adult will participate in the child's case. The court is to consider the preferences of the child when making an order for participation. See Rule 1634(B)(3) for notation of child's preference and 42 Pa.C.S. § 6310 for guardian involvement.

See 42 Pa.C.S. §§ 6302 & 6351(J).

A master may conduct these hearings. See Rule 1187.

Request for Public Comment

The Juvenile Court Procedural Rules Committee (Committee) is seeking public comment on amendments to

Rules 1120, 1150, 1151, and 1200 and new proposed Rules 1610, 1611, 1631, 1634, and 1635.

With the adoption of Act 91 of 2012 (P. L. 880, No. 91, Cl. 18), a child may request the court to resume juvenile court jurisdiction if specific requirements are met.

Rule 1120

The definition of a child now includes those children who are under twenty-one years of age and were adjudicated dependent prior to turning eighteen years of age and are requesting the court to resume juvenile court jurisdiction after jurisdiction had been previously terminated. In addition, these children must be: 1) completing secondary education or an equivalent credential; 2) enrolled in an institution which provides postsecondary or vocational education; 3) participating in a program actively designed to promote or prevent barriers to employment; 4) employed for at least eighty hours per month; or 5) incapable of doing any of the activities as prescribed above due to a medical or behavioral health condition, which is supported by regularly updated information in the permanency plan for the child. See 42 Pa.C.S. § 6302.

Rules 1150 and 1151

Courts should easily be accessible to children requesting the court to resume jurisdiction of their cases. If the child contacts the previously assigned guardian *ad litem* or counsel, the attorney should assist the child in filing a motion for resumption of jurisdiction. If extenuating circumstances exist and the attorney cannot represent the child, the attorney should still file the motion for the child but explain the circumstances to the court and ask not to be reappointed.

The court is to appoint legal counsel for the child in the new resumption of jurisdiction case. The Comment to Rule 1151 provides that it is best practice for the court to assign the previous attorney as legal counsel for the child if they are available.

Rule 1200

Dependency proceedings commence when a motion for resumption of jurisdiction pursuant to Rule 1634 has been filed.

If the court grants the motion for resumption of jurisdiction, dependency proceedings would continue and regular permanency hearings would occur for children over eighteen pursuant to Rule 1611. If the court denies the motion for resumption of jurisdiction, the court is to order termination of juvenile court proceedings pursuant to Rule 1635(F).

Rules 1608 & 1609

References to the new rules for permanency hearings and permanency hearing orders for children over eighteen have been placed in the Comments.

Rule 1610

A new separate rule has been proposed for permanency hearing for children over eighteen.

Paragraph (A) provides the purpose and the timing of the hearing. The court must conduct hearings every six months. The child must appear in person at the six-month hearing. See Rules 1128 and 1129.

Paragraph (B) provides that the hearing must be recorded and paragraph (C) sets forth the evidentiary standard for the hearing.

Paragraph (D) provides the findings and conclusions of law that the court must enter into the record in open court.

Rule 1611

This new proposed rule governs the permanency hearing orders for children over eighteen.

Rule 1631

The Comment to the Rule explains that a new transition plan is to be developed for the child if the court resumes jurisdiction. Before those cases can be terminated, the requirements of paragraph (E) must be met.

All dependency cases must be terminated when the child turns twenty-one. *See* Rules 1120 and 42 Pa.C.S. § 6302 for definition of “child” and Comments to Rules 1631 and 1635.

Rule 1634

This new proposed rule governs venue, the contents of the motion for resumption of jurisdiction, and service of the motion.

If the child meets the definition of “child,” a motion for resumption of jurisdiction must be filed with the court that terminated court supervision. There would be no record of the case in any other court. The Comment to Rule 1634 provides that if the juvenile has moved to another county, the court may transfer the case pursuant to Rule 1302 at any time after the filing of the motion, including prior to the hearing on the motion. *See* paragraph (A).

Paragraph (B) governs the contents of the motion, including whether the child wants his or her parent, guardian, or other interested adult involved in the court proceedings. There may be instances in which the court would want to order parental involvement even when the child does not desire to have the parents present or involved in the case. *See* 42 Pa.C.S. § 6310 for parental participation.

Paragraph (C) provides for service of the motion. If the child is filing the motion, the President Judge is to designate a person to serve the other parties. *See* Comment.

The Comment to the rule provides that the child, county agency, or attorney for the child may file the motion for resumption of jurisdiction. The clerk of courts must accept all resumption motions. *See* Comment to Rule 1200. Children should have access to the court and all parties approached by the child should assist the child in the filing of the motion. Counties may have form motions available for the child to fill out at the clerk of courts’ and county agency’s offices.

Rule 1635

This new proposed rule provides for the hearing on the resumption of jurisdiction. Within thirty days of receiving a motion to resume juvenile court jurisdiction, the court must conduct a hearing on the motion. *See* paragraph (A).

Pursuant to paragraph (B), notice of the date, time, place, and purpose of the hearing must be given to the county agency, the attorney for the county agency, the child, the child’s attorney, and any other persons as directed by the court.

After the court has determined whether jurisdiction can be resumed and has made findings and conclusions of law on the record in open court pursuant to paragraph (C), the court must enter an order pursuant to paragraph (D).

Paragraphs (E) and (F) govern termination of court supervision in resumption cases. If the court denies the motion of resumption of jurisdiction, the court must enter an order terminating juvenile court jurisdiction. Because

a resumption of jurisdiction case is commenced upon the filing of a motion, an order terminating supervision must be entered to close the case.

Advanced communication technology may be utilized pursuant to paragraph (G); however, the court must see the child in person every six months. *See* Rules 1128 and 1129.

RULES AND REGULATIONS

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF ACCOUNTANCY [49 PA. CODE CH. 11] Continuing Professional Education

The State Board of Accountancy (Board) amends Chapter 11 to read as set forth in Annex A.

Description and Need for the Rulemaking

Under sections 8.2(b) and 9.2(d) of the CPA Law (act) (63 P. S. §§ 9.8b(b) and 9.9b(d)), an individual applicant for initial issuance of a license, renewal of a current license or reactivation of an expired or inactive license shall have completed 80 hours of continuing professional education (CPE) as prescribed by the Board during the relevant 2-year reporting period. Section 3(a)(10) of the act (63 P. S. § 9.3(a)(10)) empowers the Board to adopt regulations implementing CPE requirements and section 8.2(d) of the act further addresses considerations for the Board in promulgating regulations with respect to CPE requirements. The Board initially adopted CPE regulations in September 1979 and amended them in February 1985, December 1994 and January 2001. The last set of amendments dealt principally with the Board's requirements for CPE program sponsors.

The Board is reorganizing and updating the CPE requirements applicable to individuals who practice as certified public accountants (CPA) or public accountants. Specifically, the final-form rulemaking: clarifies applicable CPE reporting periods, acceptable sources of CPE hours and forms of CPE documentation, and permissible grounds for CPE waiver or modification; revises CPE subject areas, including the addition of a mandatory ethics component; simplifies CPE reporting requirements; and sets forth which forms of disciplinary action apply to which types of CPE violations. The final-form rulemaking also expands the categories of preapproved CPE program sponsors and makes editorial changes to other CPE program sponsor regulations.

Summary of Comments and Responses to Proposed Rulemaking

The Board published notice of proposed rulemaking at 41 Pa.B. 4541 (August 20, 2011) with a 30-day public comment period. The Board received comments from the Pennsylvania Institute of Certified Public Accountants (PICPA). Other members of the public did not submit comments. The Board received comments from the House Professional Licensure Committee (HPLC) and the Independent Regulatory Review Commission (IRRC) as part of their review of proposed rulemaking under the Regulatory Review Act (71 P. S. §§ 745.1—745.12). The Board did not receive comments from the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC).

PICPA noted that the term “accounting and auditing” in § 11.63(a)(1) (relating to CPE subject areas; relevance to professional competence) was proposed to be revised to “accounting and attest,” yet the definition of “attest activity” was not proposed to be revised to match the act.

PICPA suggested revising the definitions to match those in the act. The HPLC and IRRC also recommended revising this definition. The Board agreed and revised the definition of “attest activity” in § 11.1 (relating to definitions) to match the act.

PICPA objected to the proposed deletion of “specialized knowledge and applications” in § 11.63(a)(5) as an acceptable area for CPE. Because significant portions of the profession are engaged in business, industry or educational vocations that are not solely public accounting, PICPA believes that allowing licensees to tailor their CPE around other educational opportunities will permit greater flexibility and therefore greater compliance to the benefit of licensees maintaining competence. The HPLC agreed with this suggestion and IRRC asked the Board to explain the need to omit this area of CPE. Upon further consideration, the Board agreed that it should not omit this area of CPE and deleted the proposed language from § 11.63(a)(5). Therefore, the Board will accept CPE hours in specialized knowledge and applications after January 1, 2012.

Additionally, in discussing the previous point, the Board considered the clarity of its regulations that permit a licensee to obtain CPE in “specialized knowledge and applications” and require that CPE “must be relevant to maintaining the professional competence of a certified public accountant or public account” as further provided in § 11.63(b). Because the term is used throughout the regulations and is not otherwise defined, the Board added to § 11.1 a definition for “professional competence” as “having requisite knowledge, skills and abilities to provide quality professional service as defined by the technical and ethical standards of the profession.” This definition is from the glossary of the Statement on Standards for CPE Programs (Appendix B of the Uniform Accountancy Act) issued jointly by the American Institute of Certified Public Accountants (AICPA) and the National Association of State Boards of Accountancy (NASBA). The Board also revised § 11.63(b) to exclude practice building and office management from acceptable CPE subject matter, as are typical continuing education standards for other professional licensing boards within the Bureau of Professional and Occupational Affairs. Revised § 11.63(a) is consistent with general standard 04 of the Statement on Standards for CPE Programs of the AICPA and the NASBA. This standard provides “Acceptable subjects include accounting, assurance, assurance/auditing, consulting services, specialized knowledge and applications, management, taxation, and ethics. Other subjects, including personal development, may also be acceptable if they maintain and/or improve the CPA's professional competence.” By its use in the Statement on Standards for CPE Programs, “specialized knowledge and applications” is a term of art generally understood in the accounting profession. Because subsection (b) limits acceptable CPE to what is relevant to maintaining “professional competence” as that term is now defined and excludes practice building and office management, the Board determined that there is not a need to further define the term “specialized knowledge and applications” for which there is not a mandatory minimum amount of CPE required.

PICPA objected to the proposed deletion of authorship of writings as a basis for awarding CPE credits. In PICPA's view, the benefits to the accounting profession and to the public of having these types of articles and periodicals published outweighs the Board's difficulty in

verifying how much time practitioners have spent on research and writing. The HPLC agreed with PICPA. IRRC asked for further explanation justifying this change. Upon further consideration, the Board agreed that the value of maintaining this avenue of CPE outweighs the administrative challenge for this small portion of licensees who seek CPE credit for authorship. Accordingly, the Board deleted from § 11.64(4)(iii) (relating to sources of CPE hours) the limitation that CPE credit for authorship of articles, books and other publications relevant to maintaining professional competence is available only until January 1, 2012. The Board added § 11.64(4)(iv) to require a licensee seeking CPE credit for authorship to apply to the Board, provide necessary supporting documentation and submit a certification that the work is that of the licensee and that the licensee actually spent the time claimed for research and writing in support of the activity. Additionally, because approval is mandatory, the Board included a requirement that the licensee shall apply and receive approval prior to renewing the license in reliance upon CPE credit for authoring a publication. The alternative to this requirement would be to permit a licensee to wait until being audited to first show the publication and request credit. The Board rejected this alternative because this scheme would be analogous to permitting a CPE provider to wait until after the renewal period and during audit to seek approval of its courses.

Consistent with the existing regulation that permitted a maximum credit of 50% of the continuing education requirement for publications, the Board proposed, while this option remained available under § 11.64(4)(ii), to permit a licensee to obtain up to 40 CPE hours for authorship during each reporting period. Consistent with its existing regulation that permitted a maximum credit of 50% of the continuing education requirement for self-study, the Board also proposed, while this option remained available under § 11.64(2)(iv), to permit a licensee to obtain up to 40 CPE hours for self-study during each reporting period. The result is that a licensee would be able to satisfy the entire 80-hour CPE obligation by self-study and authoring publications. On further consideration, the Board concluded that the value of group-study and service as an instructor is too great to permit a licensee to wholly satisfy the CPE requirement without engaging in these activities at all. Accordingly, the Board revised § 11.64(2)(iv) and (4)(ii) to limit authorship of publications and self-study combined to a maximum 40 CPE hours in a reporting period.

As drafted, § 11.69a(b)(3) (relating to approval of CPE program sponsor) provides that an accredited college or university is deemed to be an approved CPE program sponsor and is not required to submit an application for approval. PICPA requested clarification as to whether § 11.69a(b)(3) includes CPE affiliates of the educational institution. IRRC also asked the Board to clarify the status of these CPE program sponsors. The Board did not intend to include in preapproval anything offered outside the educational institution's approved curriculum consistent with what is required for licensure under section 4.2(b)(3) of the act (63 P. S. § 9.4b(b)(3)). Accordingly, the Board revised this paragraph to limit preapproval to a college or university "accredited by a Nationally recognized accrediting agency recognized by the United States Department of Education when offered as part of its approved curriculum."

Finally, PICPA suggested revising § 11.69a(b) to exempt National and state recognized accounting organizations from the CPE approval process. The Board rejected

this suggestion. National or state accounting organizations that are members in good standing of NASBA's National Registry of CPE Program Sponsors are preapproved under paragraph (1) and those that have been approved as a CPE program sponsor by the accountancy regulatory body of another state that permits the practice of public accounting under principles of substantial equivalency are preapproved under paragraph (2). By demonstrating to a body adequate competence to provide CPE, a National or state accounting organization will become a preapproved sponsor in this Commonwealth. Otherwise, the organization will be required to apply for approval with the Board in accordance with this section.

The HPLC noted that throughout § 11.69a the Board used "individual or entity" to be a CPE program sponsor and suggested that the Board revise the definition of "CPE program sponsor" in § 11.1 to use the phrase "individual or entity" rather than "party." The Board revised the definition as suggested. The HPLC and IRRC also noted that in § 11.62(c) (relating to CPE requirement for issuance of license; waiver or extension) the Board provided that the requirement for demonstrating completion of a certain amount of CPE as a condition of reactivation of an inactive license does not apply to an applicant who is reactivating a license "that still has a current expiration date" and suggested that it would be less ambiguous to refer to reactivation of a license "within the same biennial period in which it was placed on inactive status." The Board revised this provision as suggested.

Because it could not find a provision in the text of the proposed rulemaking, the HPLC questioned the Board's statement in the proposed preamble that "Entry-level accounting courses are specifically excluded" from instructor CPE credit in § 11.64. IRRC also requested an explanation of this statement. This provision was in existing § 11.64(7)(iv) and inadvertently omitted from proposed § 11.64(3). The Board added it as § 11.64(3)(iv). The HPLC noted that the Board used "participant" throughout § 11.64 to refer to a licensee obtaining CPE but for consistency recommended replacing it with "instructor" in paragraph (3) when referring to CPE credit for service as an instructor. The HPLC and IRRC also recommended revamping § 11.64(3)(i) to provide that an instructor "will receive 3 CPE hours for each 50 minutes of instruction in a group study program which may include up to 2 hours of preparation time" rather than the proposed language which stated that an instructor "will receive 3 CPE hours, including 2 hours of preparation time, for each 50 minutes of instruction in a group study program." The Board revised § 11.64(3) as recommended. Additionally, in reviewing this language, the Board realized that it drafted proposed § 11.64(3)(ii) in a way that altered the requirements of existing § 11.64(7)(iv) other than the Board intended. Previously, an instructor would not be awarded credit for teaching unless, among other things, the instructor had not previously claimed credit for the course or could demonstrate that there was a substantial change in the subject matter; this limitation applied even in subsequent renewal cycles. As the Board did not intend to eliminate this limitation, the Board revised proposed § 11.64(3)(iii) to replace the restriction that this limitation applies only during the same renewal cycle with the description that the instructor previously claimed credit and to repeat the exception that it not apply if there has been a substantial change in the subject matter.

To be consistent with § 11.69a(b), the HPLC and IRRC recommended replacing “individual and entity” with “individual or entity” in § 11.69a(b)(1). The Board has done so.

The HPLC requested the number of licensed firms be included in the preamble. There are approximately 1,400 accountancy firms with current licenses.

If the revised CPE requirements are not effective until 2014, the HPLC suggested that the Board accept CPE completed by licensees in anticipation of the regulatory amendments becoming effective in 2012. CPE completed during the 2012-13 biennium in compliance with the new regulations will be acceptable to the Board. Because the Board proposed ending credit for certain CPE activities after January 1, 2012, and the final-form rulemaking could not be promulgated before that date, the HPLC also suggested that licensees who continued to engage in CPE activities after January 1, 2012, but prior to publication of the final-form rulemaking be given full credit. Similarly, IRRC recommended that the Board review the effective dates of the amended provisions of §§ 11.63(a)(5) and (7) and 11.64(4) in light of the actual promulgation date of the final-form rulemaking. As previously discussed, the Board determined that it should not terminate credit for CPE in specialized knowledge under § 11.63(a)(5) or credit for authorship under § 11.64(4). The Board determined that the requirement in proposed § 11.63(a)(7) to complete at least 4 CPE in ethics should begin as planned with the 2012-13 renewal cycle. As stated in the preamble of the proposed rulemaking, the Board anticipated implementing this requirement during the 2012-13 renewal cycle and previously notified each licensee to plan accordingly.

IRRC noted that proposed § 11.62(b) would require licensees to complete 80 CPE hours during each biennial renewal period and at least 20 CPE hours during each year of the 2-year period. By comparison, section 8.2(b) of the act requires licensees to complete 80 hours of continuing education during the 2-year reporting period immediately preceding renewal but does not require a minimum amount of continuing education during a specific portion of the reporting period. IRRC first questioned whether the 20 CPE hours during each year is in addition to the 80 CPE hours during the biennium. Under former § 11.62(a)(2), a minimum of 20 credit hours was taken each year of the biennial period; these hours were included in the 80-hour biennial requirement. IRRC also questioned why there is a need to complete a minimum amount of continuing education during each year of the biennium and pointed out that a licensee who completed more than 80 hours of continuing education during the first year of the biennium would have fully satisfied the statutory obligation but would not be able to qualify for renewal under the regulation without completing an additional 20 CPE during the second year of the biennium; a licensee who failed to complete at least 20 CPE during the first year of the biennium would not be able to qualify for renewal under the regulation regardless of how much continuing education the licensee completed during the second year, even though the statutory standard would apparently permit another full year to complete all 80 hours of continuing education. IRRC asked for an explanation of the need for and reasonableness of this requirement for annual continuing education and without an explanation suggested deleting the requirement.

The requirement that a licensee complete at least 20 CPE hours during each year of the biennial renewal period was in former § 11.62(a)(2) and the Board did not propose to alter it. This section has not been revised

since 24 Pa.B. 6559 (December 31, 1994). This requirement is consistent with the AICPA/NASBA Model Rules. Rule 6-4(a) provides that an applicant seeking triennial renewal shall complete 120 hours of CPE during the 3-year period (which is equivalent to 80 hours during a 2-year period) and requires a minimum of 20 hours of continuing education completed during each year. By means of adoption by the vast majority of state boards of accountancy, this 20-hour each year minimum has become standard across the country. The Board notes that deleting this requirement may jeopardize the ability of licensees to practice in another state under substantial equivalency as provided in provisions of other state licensure law analogous to sections 5.2, 5.3 and 5.4 of the act (63 P.S. §§ 9.5b, 9.5c and 9.5d). Under section 2 of the act (63 P.S. § 9.2), “substantial equivalency” requires that the education, examination and experience requirements for licensure in another jurisdiction are comparable to or exceed those of the act. In addition, section 8.2(d) of the act requires that when issuing regulations with respect to requirements for continuing education, the Board shall take into account impediments to interstate practice of public accounting which may result from differences in requirements in other states. The Board is retaining the requirement that licensees complete at least 20 CPE hours during each year of the reporting period as a condition for renewal. Because the AICPA and NASBA Model Rules require completion of 20 hours of continuing education during each year—not only as a requirement for completion, but also as a condition of renewal—the Board did not further consider permitting a licensee who has completed at least 80 CPE hours during the biennium to renew, despite not having completed at least 20 CPE hours during each of the two 1-year reporting periods, subject to disciplinary action. The Board notes that under § 11.62(d) the Board may grant a licensee a waiver of a CPE requirement upon a showing of individual hardship and, among other options, may extend the time period to complete CPE if the failure to timely comply was due to a reasonable cause. Moreover, a licensee who has not completed at least 20 CPE hours during each of the two 1-year periods of the biennium may permit the license to expire and, under § 11.62(c), apply for reactivation upon showing completion of 80 CPE hours in the required subject areas during the 2-year period preceding reactivation. While a licensee would not be in violation of § 11.62(b) and would not be subject to disciplinary action under § 11.68a(a) (relating to disciplinary action for failure to comply with CPE requirements) as a result of failing to complete at least 20 CPE hours during each year of the biennium, practice of public accounting in this Commonwealth prior to reactivation of the license would be in violation of section 12(q) of the act (63 P.S. § 9.12(q)).

Upon considering the previously discussed renewal issues, the Board recognized that proposed § 11.67(a) (relating to reporting of CPE hours) was insufficient as written. Proposed § 11.62(a) required an initial applicant for licensure to have completed CPE during the 2-year period preceding the filing date of the application, but explicitly excluded from this requirement an applicant who passed the CPA examination during the same renewal period in which the application is filed. The proposed rulemaking mistakenly stated this exclusion as applicable during the 2-year period preceding the filing date of the application. The Board revised § 11.62(a) to correct this mistake. Proposed § 11.67(a) required an applicant for initial licensure to submit a summary report of CPE hours but did not include the exclusion for an applicant who passed the examination during the preced-

ing relevant time period. The Board revised § 11.67(a) to apply only to an applicant who is required under § 11.62(a) to complete CPE during the 2-year period preceding the filing of the application.

Section 11.68a(a) provides for issuance of an Act 48 citation for certain violations of §§ 11.62—11.64, 11.67 and 11.68. The schedule of civil penalties was separately amended to accomplish this. The Commissioner of Professional and Occupational Affairs published the proposed rulemaking at 41 Pa.B. 4535 (August 20, 2011) and is contemporaneously promulgating a final-form rulemaking that, among other things, provides for an Act 48 citation for certain violations of the CPE requirements. However, the Board determined that formal action, rather than an additional citation, is appropriate for second offense violations of the CPE requirements. Accordingly, the Board revised § 11.68a(a) to refer only to first-offense violations under the schedule and to refer to second and subsequent offenses under section 9.1(a)(4) and (10) of the act (63 P. S. § 9.9(a)(4) and (10)).

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have fiscal impact on the regulated community or on the Commonwealth or its political subdivisions. The final-form rulemaking will not impose additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*. Under § 11.63(a)(7), at least 4 of the CPE hours licensees will be required to complete during the January 1, 2012, through December 31, 2013, renewal cycle shall be in ethics.

Statutory Authority

The final-form rulemaking is authorized by section 3(a)(10) of the act.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 8, 2011, the Board submitted a copy of the notice of proposed rulemaking, published at 41 Pa.B. 4541, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. (5) A copy of each article, book or other publication for which an individual claims CPE hours as an author.

(b) An individual shall retain the documentation in subsection (a) for 5 years after the date of completion of each CPE program or the date of publication of each article, book or publication authored.

§ 11.68a. Disciplinary action for failure to comply with CPE requirements.

(a) Unless granted an extension or waiver by the Board under § 11.62(d) (relating to CPE requirement for issuance of license; waiver or extension), and except as provided in subsection (b), a licensee who fails to comply with §§ 11.62—11.64, 11.67 and 11.68 will be subject to disciplinary action in the case of a first offense under § 43b.10a (relating to schedule of civil penalties—accountants) or in the case of a second or subsequent offense under section 9.1(a)(4) and (10) of the act (63 P. S. § 9.9a(a)(4) and (10)).

(b) A licensee who knowingly provides false information on an application about compliance with CPE requirements will be subject to disciplinary action under section 9.1(a)(1)(iii) of the act.

(c) A licensee who is disciplined for failure to comply with CPE requirements shall make up a deficiency in CPE hours and submit documentation of the fact to the Board within 6 months after imposition of the disciplinary sanction. A licensee who fails to submit documentation of make-up CPE hours by the prescribed deadline will undergo suspension of the licensee's license and

underlying certificate of CPA or public accountant registration until the documentation is submitted.

§ 11.69. (Reserved).

§ 11.69a. Approval of CPE program sponsor.

(a) *Approval requirement.* Except as provided in subsection (b), any individual or entity desiring to offer a program for CPE credit under this chapter shall apply to the Board for approval as a CPE program sponsor.

(b) *Exemption from approval process.* The following are deemed approved CPE program sponsors and are not required to submit applications for approval to the Board:

(1) An individual or entity that is a member in good standing of NASBA's National Registry of CPE Program Sponsors.

(2) An individual or entity that is approved as a CPE program sponsor by the accountancy regulatory body of a state that permits the practice of public accounting under principles of substantial equivalency.

(3) A college or university accredited by a Nationally recognized accrediting agency recognized by the United States Department of Education when offered as part of its approved curriculum.

(c) *Contents of application for approval.* An application for approval as a CPE program sponsor shall contain the following information:

- (1) The name and address of the CPE program sponsor.
- (2) The sources of CPE hours as specified in § 11.64 (relating to sources of CPE hours).
- (3) A list of existing or planned program offerings, if known.
- (4) The total number of credit hours requested for each program.
- (5) The attendance certification method.
- (6) The program objectives.
- (7) The admission requirements.
- (8) The program outlines.
- (9) The instruction and evaluation methods.

(d) *Sworn statements.* Statements made in an application shall be sworn to be true and correct to the best of the applicant's knowledge.

(e) *Board review of application for approval.* An application will be reviewed by the Board's CPE Committee, which will make recommendations to the Board for approval or disapproval. If an application is disapproved, the Board will provide the applicant with written notification of the reasons for disapproval. An applicant may submit a revised application to address the Board's concerns. No Board member will review or vote upon an application in which he has a vested interest.

(f) *Approval number.* Upon approval by the Board, an applicant will be assigned a CPE program sponsor approval number.

(g) *Biennial renewal of approval.* An approved CPE program sponsor shall renew its approval by January 1 of each even-numbered year. A renewal application shall list the CPE program sponsor's planned program offerings for the upcoming renewal period.

§ 11.71. Responsibilities of CPE program sponsor.

In addition to meeting the requirements in § 11.69a (relating to approval of CPE program sponsor), a CPE program sponsor shall comply with the following:

(1) *Program level of difficulty.* A CPE program sponsor shall specify the level of knowledge to be imparted under the program. The levels of knowledge may be expressed in a variety of ways, all of which should be informative to potential participants. For example, a program may be described as having the objective of imparting technical knowledge at levels such as basic, intermediate, advanced or overview, which might be defined as follows:

(i) A basic level program teaches fundamental principles or skills to participants having no prior exposure to the subject area.

(ii) An intermediate level program builds on a basic level program in order to relate fundamental principles or skills to practical situations and extend them to a broader range of applications.

(iii) An advanced level program teaches participants to deal with complex situations.

(iv) An overview program enables participants to develop perspective as to how a subject area relates to the broader aspects of accounting or brings participants up-to-date on new developments in the subject area.

(2) *Recommendation of education and experience prerequisites.* A CPE program sponsor shall clearly identify what prerequisites are suggested for enrollment. If a prerequisite is not necessary, a statement to that effect shall be made. Prerequisites shall be specified in precise language so potential participants can readily ascertain whether the program would be beneficial to them or whether the program is above or below their level of knowledge or skill.

(3) *Development of the program.* A CPE program sponsor shall ensure that the programs are developed by individuals qualified in the subject matter and in instructional design. This subsection is not intended to require that any individual CPE program sponsor be both technically competent and competent in instructional design. Its purpose is to ensure that both types of competency are represented in the program's development, whether one or more persons are involved in that development. Mastery of the technical knowledge or skill in instructional design may be demonstrated by appropriate experience or educational credentials.

(4) *Program review.* A CPE program sponsor shall review the course materials annually to ensure that they are accurate and consistent with currently accepted standards relating to the program's subject matter. Between these reviews, errata sheets should be issued when appropriate, and obsolete material should be deleted. Between the time a new pronouncement is issued and the issuance of errata sheets or removal of obsolete materials, the instructor is responsible for informing participants of changes. If, for example, a new accounting standard is issued, a program will not be considered current unless the ramifications of the new standard have been incorporated into the materials or the instructor appropriately informs the participants of the new standard.

(5) *Disclosure to prospective participants.* A CPE program sponsor shall disclose in advance to prospective participants the objectives, prerequisites, experience level, content, required advanced preparation, teaching method and number of CPE hours involved in the program.

(6) *Selection and review of instructors.* A CPE program sponsor shall select and assign qualified instructors for the CPE program. A CPE program sponsor shall evaluate the performance of instructors at the conclusion of each

program to determine their suitability for continuing to serve as instructors in the future.

(7) *Number of participants and adequacy of physical facilities.* A CPE program sponsor shall ensure that the number of participants and the physical facilities are consistent with the teaching methods to be utilized. Because the learning environment is affected by the number of participants and by the quality of physical facilities, a CPE program sponsor has an obligation to pay serious attention to both of these factors. The maximum number of participants for a case-oriented discussion program, for example, shall be less than for a lecture program. The seating arrangement is also very important. For discussion presentation, learning is enhanced as seating is arranged so that participants can easily see and converse with each other. If small group sessions are an integral part of the program format, appropriate facilities shall be made available to encourage communication with a small group.

(8) *Program evaluation.* A CPE program sponsor shall provide a program evaluation in accordance with the following:

(i) Evaluations shall be solicited from both the participants and instructors. The objective of evaluations is to encourage the CPE program sponsor to strive for increased program effectiveness. Programs should be evaluated to determine whether:

- (A) Objectives have been met.
- (B) Prerequisites were necessary or desirable.
- (C) Facilities were satisfactory.
- (D) Instructors were effective.
- (E) Advanced preparation materials were satisfactory.
- (F) The program content was timely and effective.

(ii) Evaluations may take the form of pretests for advanced preparation, posttests for effectiveness of the program, questionnaires completed at the end of the program or later and oral feedback to the instructor or CPE program sponsor. Instructors shall be informed of their performance, and the CPE program sponsor shall systematically review the evaluation process to ensure its effectiveness.

(9) *Attendance records.* A CPE program sponsor shall maintain and retain accurate records of attendance for a 5-year period.

(10) *Course materials.* A CPE program sponsor shall retain a written outline of course materials for a 5-year period.

(11) *Certificate of completion.* A CPE program sponsor shall provide a certificate of completion to each participant who satisfactorily completes a program. A certificate of completion must contain the information in § 11.68(a)(1) (relating to documentation of CPE hours).

(12) *Promotional materials.* A CPE program sponsor shall identify the subject area of a program under § 11.63 (relating to CPE subject areas; relevance to professional competence) in the program's promotional materials.

§ 11.71a. Offsite review of CPE program sponsor.

A CPE program sponsor shall be subject to an offsite review of its CPE programs to ensure compliance with this chapter. The review will involve an in-depth audit of all course materials, documents and records maintained by the CPE program sponsor under this chapter, including:

(1) The information in § 11.69a(c) (relating to approval of CPE program sponsor).

(2) The dates and locations of programs.

(3) The program schedules (that is, title of subject, instructor, time allotted, excluding breaks and lunches).

(4) The names, titles and degrees of instructors.

§ 11.72. Withdrawal of approval of CPE program sponsor.

(a) The Board, following notice and hearing under 2 Pa.C.S. §§ 501—508 (relating to practice and procedure of Commonwealth agencies) may withdraw the approval of a CPE program sponsor that the Board finds guilty of:

(1) Having acquired the Board's approval by misrepresentation.

(2) Failing to comply with § 11.69a or § 11.71 (relating to approval of CPE program sponsor; and responsibilities of CPE program sponsor).

(3) Refusing to provide information requested by the Board pursuant to an offsite review under § 11.71a (relating to offsite review of CPE program sponsor).

(4) Indicating in any manner that it has been approved as a CPE program sponsor prior to a CPE program sponsor approval number having been issued to it.

(b) The Board's withdrawal of a CPE program sponsor's approval will not affect the CPE hours earned by persons who completed programs of the sponsor prior to the withdrawal of its approval.

BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS

[49 PA. CODE CH. 43b]

Schedule of Civil Penalties—Accountants

The Commissioner of Professional and Occupational Affairs (Commissioner) amends § 43b.10a (relating to schedule of civil penalties—accountants) to read as set forth in Annex A.

Description and Need for the Rulemaking

Section 5(a) of the act of July 2, 1993 (P. L. 345, No. 48) (Act 48) (63 P. S. § 2205(a)) authorizes agents of the Bureau of Professional and Occupational Affairs (Bureau) to issue citations and impose civil penalties under schedules adopted by the Commissioner in consultation with the Bureau's licensing boards. It further provides that a penalty may not exceed the sum of \$1,000 per violation. Act 48 citations streamline the disciplinary process by eliminating the need for formal orders to show cause, answers, adjudications and orders, and consent agreements. At the same time, licensees who receive an Act 48 citation have the right to a hearing and retain their due process right of appeal prior to the imposition of discipline. The State Board of Accountancy (Board) has had an Act 48 schedule of civil penalties since 1998. The Commissioner published a proposed rulemaking at 41 Pa.B. 4535 (August 20, 2011) to amend the schedule of civil penalties for various violations of the CPA Law (63 P. S. §§ 9.1—9.16b) and regulations of the Board. The rulemaking proposed to increase the Act 48 civil penalty for one continuing professional education (CPE) violation,

add Act 48 civil penalties for additional CPE violations, delete the Act 48 civil penalty for a CPE violation that is no longer recognized under the CPA Law, restrict the applicability of Act 48 civil penalties for certain violations involving the unauthorized use of professional designations and other unauthorized representations and make editorial changes to the descriptions of violations for which Act 48 civil penalties are assessed.

Consistent with the proposed rulemaking published at 41 Pa.B. 4541 (August 20, 2011), the Board is contemporaneously promulgating a final-form rulemaking that, among other things, requires a licensee to make up a CPE deficiency no later than 6 months after imposition of a disciplinary sanction for noncompliance and provides that a licensee's failure to make up that CPE deficiency will result in the automatic suspension of the licensee's professional credentials until the deficiency is satisfied.

Summary of Comments and Responses to Proposed Rulemaking

The Commissioner published the proposed rulemaking at 41 Pa.B. 4535 with a 30-day public comment period. The Board received comments from the Pennsylvania Institute of Certified Public Accountants (PICPA). Other members of the public did not comment. The Board received comments from the House Professional Licensure Committee (HPLC) and the Independent Regulatory Review Commission (IRRC) as part of their review of proposed rulemaking under the Regulatory Review Act (71 P. S. §§ 745.1—745.12). The Board did not receive comments from the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC).

PICPA noted its strong belief that the civil penalty amounts provided for violations of section 12(a), (c) and (j) of the CPA Law (63 P. S. § 9.12(a), (c) and (j)) for holding out as a certified public accountant (CPA) or public accountant (PA) without having been licensed are not an effective enough deterrent. The HPLC recommended more stringent penalties for unlicensed persons and firms violating these protected titles. Although the Commissioner had not previously proposed changing the amount of this penalty, the Board agreed that a fine of \$500 is not a sufficient deterrent. Accordingly, the Commissioner revised the sanction to be \$1,000 for the first offense and formal action for all subsequent offenses.

PICPA noted that there is an important distinction between practicing without a license and practicing with a lapsed license and suggested providing Act 48 citations for a reduced civil penalty for inadvertent practice on a lapsed license. The HPLC asked why a penalty was not listed for firms operating when "not currently licensed." The HPLC further requested the Board to distinguish between lapsed license and unlicensed practice and impose a more severe sanction for unlicensed practice. The Board further considered how best to handle the process of disciplining a licensee for practice on a lapsed license. The Board agreed with PICPA and the HPLC that a violation is substantively different from practicing without having ever been licensed and should not always result in a \$1,000 fine. However, as described in the preamble of the proposed rulemaking, the Board prefers that CPAs, PAs and public accounting firms that use professional designations after licenses have lapsed be charged with the unlicensed practice of public accounting under section 12(q) of the CPA Law. Rather than setting predetermined civil penalties or even a formula for civil penalties, the Board has always enforced this provision

through formal action, fashioning each disciplinary sanction on a case-by-case basis by taking into account the length of time that a license has lapsed and the type of accounting activities performed. IRRC inquired why formal action is necessary in matters that would otherwise appear to be straightforward more minor violations. In light of the comments received and to increase efficiency in imposing an appropriate disciplinary sanction with the relatively modest civil penalty, the Board determined that the Commissioner should amend the schedule to provide a civil penalty of \$500 for lapsed license practice of less than 6 months. Subsequent violations and lapsed license practice of 6 months or more will continue to be enforced through formal action in which the Board retains the full discretion to impose an appropriate sanction based upon the relevant facts when it issues an adjudication or determines to accept a consent agreement. If these violations were included on the Act 48 schedule, the hearing examiner would be required to impose the full civil penalty from the schedule, as required under § 43b.3(c)(2) (relating to procedures). The Board would not have the opportunity to exercise its discretion unless the respondent denies the violation and, after the hearing examiner issues an order, either the respondent or the Commonwealth files an application for review. While the Board will continue to exercise its discretion in these individual cases, the Board agreed that a lapsed license practice violation generally does not merit the same sanction imposed upon a person who has never been licensed for the same level of practice and length of violation.

PICPA objected to providing a citation for second offense violations of the various CPE provisions as licensees who receive a first offense citation should then be able to comply or face formal action. The HPLC recommended subjecting second offense violations to formal action rather than simply an increased civil penalty. Upon further consideration, the Board agreed that the Commissioner should not amend this regulation to provide a citation for a second offense violation of the CPE provisions at section 8.2 of the CPA Law (63 P. S. § 9.8b(b)) and § 11.63(a)(1), (6) and (7) (relating to CPE subject areas; relevance to professional competence).

The HPLC first noted use of an asterisk and a number/pound sign as references in the schedule and suggested at least replacing them with superscript numbers. The Commissioner has replaced the * with superscript ¹ and replaced the # with superscript ².

IRRC requested that the Bureau clarify the difference between a CPA license and CPA certificate, as referenced for a violation of section 12(a) of the CPA Law. The general term of art for authorization to practice a profession is a "license." Section 4.2(a) of the CPA Law (63 P. S. § 9.4b(a)) refers to the Board issuing a "certificate" to a qualified individual who has passed the examination. Sections 5 and 5.1 of the CPA Law (63 P. S. §§ 9.5 and 9.5a) refer to the Board issuing "certificates" by domestic and foreign reciprocity, respectively. Section 12(a) of the CPA Law prohibits one from holding out as a CPA or with a similar title unless the person has received a "certificate" of CPA. Conversely, section 8.2 of the CPA Law refers to biennial "licenses" to engage in the practice of public accounting which are issued to holders of CPA certificates and to public accountants registered with the Board. Section 2 of the CPA Law (63 P. S. § 9.2) defines

“licensee” to include “an individual certified by or registered with the board and holding a current license to practice under section 8.2 of this act.” Thus, the statutory scheme would seem to indicate that an individual cannot obtain a renewable license authorizing the individual to practice public accounting without first possessing a CPA certificate or without first registering as a PA with the Board. Essentially, an individual can be credentialed as a CPA but not be licensed to engage in the practice of public accounting unless the individual has a current, active license issued by the Board. See § 11.9 (relating to use of the designation “certified public accountant” and the abbreviation “CPA” solely as mark of achievement by individual without current license).

To be consistent with the statutory language, the Commissioner proposed replacing “never licensed” with “not possessing CPA certificate in good standing.” Upon review of the comments about the difference between wholly unlicensed practice and practice with a lapsed license, the Board further realized that the proposed language might also suggest lapsed license practice. Accordingly, to more closely match the statutory language and make clear that it is directed towards unlicensed practice by individuals not holding credential issued by the Board, the Commissioner further revised the description for violation of section 12(a) of the CPA Law to refer to a person “who has not received a CPA certificate or whose certificate is revoked or suspended.” Similarly, because section 12(j) of the CPA Law prohibits one from holding out as a PA or similar title unless registered as a PA or received a CPA certificate, the Commissioner revised the description for violation of section 12(j) of the CPA Law to refer to a person “who has not received a PA registration or CPA certificate.” Because section 12(c) of the CPA Law prohibits similar holding out by a firm unless it “holds a current license,” the Commissioner did not revise the language referring to this violation as “by a firm never licensed.”

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will not have adverse fiscal impact on the Commonwealth, its political subdivisions or the private sector. The final-form rulemaking will not impose additional paperwork requirements upon the Commonwealth, its political subdivisions or the private sector.

Title 61—REVENUE

DEPARTMENT OF REVENUE TREASURY DEPARTMENT

[61 PA. CODE CH. 5]

Payments by Electronic Funds Transfer

The Department of Revenue (Department) and the Treasury Department (Treasury), under the authority of section 9 of The Fiscal Code (72 P. S. § 9), amend Chapter 5 (relating to payments by electronic funds transfer) to read as set forth in Annex A.

The act of July 2, 2012 (P. L. 823, No. 87) (Act 87) mandates the Secretary of Revenue and the State Treasurer to jointly promulgate a regulation revising electronic funds transfer (EFT) payments for payments equal to or greater than \$10,000. Accordingly, the Department and the Treasury, under section 204 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. § 1204), known as the Commonwealth Documents Law (CDL), and the regulation thereunder, 1 Pa. Code § 7.4, find that notice of proposed rulemaking is under the circumstances impracticable and, therefore, may be omitted.

Act 87 mandated these changes as part of the Fiscal Year (FY) 2012-2013 budget package. A balanced operating budget for the Commonwealth is required under Pa. Const. Art. VIII, § 12. The only way to timely implement this change, a necessary component of the FY 2012-2013 budget, is through a final-omitted rulemaking. These savings form part of the FY 2012-2013 budget passed by the General Assembly. Failure to timely adopt the regulations will create a deficit in the current year's budget as enacted.

Utilizing the shorter regulatory process enables the Department and the Treasury to quickly amend the regulations and provide the public with the revised EFT requirement enacted under Act 87. Even though time constraints make the formal comment period impossible, the Department reached out to the tax community to give them the opportunity to provide informal comments through the public outreach process. A copy of the draft regulation was sent to the Pennsylvania Bar Association, the Philadelphia Bar Association, the Pennsylvania Institute of Certified Public Accountants, the Pennsylvania Society of Public Accountants and the Pennsylvania Chamber of Business and Industry with a 30-day comment period. The draft regulation was also delivered to the Chairpersons of the Appropriations and Finance legislative committees. Comments or objections were not received on the EFT threshold revision. The regulation is listed on the Department's Quarterly Regulatory Report

posted on the Department's web site. The Department continues to inform taxpayers of the lower EFT requirement through many avenues, such as the Revenue Tax Update publication, notification in the electronic E-TIDES system and on the Department's web site.

As a result, the Department for good cause finds that the procedures specified in sections 201 and 202 of the CDL (45 P. S. §§ 1201 and 1202) are in these circumstances impractical, unnecessary or impose an impossible burden on the Department.

Purpose of the Final-Omitted Rulemaking

The purpose of this final-omitted rulemaking is to implement regulations to reflect a statutory change made by the General Assembly that revised payments required under § 5.3 (relating to payments required to be paid by EFT) from "\$20,000 or more" to "\$10,000 or more." Electronic payments offer several advantages over check payments. Payments are received faster and errors in handling and posting of tax payments are reduced.

Explanation of Regulatory Requirements

The Department amended § 5.3 to add language in subsection (d) that explains the lower EFT threshold requirement of \$10,000 beginning January 1, 2013. The remaining subsections are renumbered.

Section 5.5 is rescinded. Technology advances and streamlining processes available on the Department's web site have rendered obsolete the taxpayer registration process.

Section 5.7 (relating to miscellaneous provisions) is amended to reflect a new amount of "\$10,000 or more" as well update the reference to the renumbered section.

Fiscal Impact

The Department estimated that the regulations will have a fiscal impact of \$100,000 savings to the Commonwealth. It can be expected that the costs to the regulated community and small businesses, after an initial setup expense of staff time or other resources if the business is not already set up to make EFT payments, are minimal. Added expense to convert to electronic payments should be offset by savings on checks, stamps and envelopes.

Paperwork

This final-omitted rulemaking will not generate substantial paperwork for the public or the Commonwealth.

Effectiveness/Sunset Date

This final-omitted rulemaking will become effective upon publication in the *Pennsylvania Bulletin*. The regulations are scheduled for review within 5 years of publication. A sunset date has not been assigned.

The Department of Agriculture (Department) received a request to suspend the 2% biodiesel content mandate in diesel fuel sold for on-road use arising from section 3(a)(1) of the Biofuel Development and In-State Production Incentive Act (act) (73 P. S. § 1650.3(a)(1)). A suspension was granted on November 2, 2012, to expire at 12 a.m. on November 12, 2012. The November 2, 2012, suspension stated that should conditions warrant, the suspension may be modified, terminated or extended. In consultation with the Department of Environmental Protection (DEP), the Department has continued to evaluate the impact of Hurricane Sandy on fuel supplies and disruptions to the fuel distribution system. In accordance with the authority granted by section 5(d) of the act (73 P. S. § 1650.5(d)), the suspension is hereby extended, in part, and the mandated content required by section 3(a)(1) of the act is modified as follows for the period from 12:01 a.m., November 13, 2012, through 12 a.m. on November 22, 2012:

b. The sale of diesel fuel for use in on-road compression ignition engines by any entity other than those described previously in a., including retailers as defined in the act, shall not be subject to the mandated content required by section 3(a)(1) of the act.

c. After the suspension expires, any entity other than those described previously in a. who take delivery of diesel fuel not compliant with the 2% biodiesel mandate during the period of suspension may sell for use in on-road compression ignition engines that non-compliant diesel fuel already in their possession.

The Department will continue to monitor the impact of Hurricane Sandy on the fuel supply situation. Should conditions warrant, this suspension may be modified, terminated or extended, as appropriate.

Questions about this suspension should be directed to the Department through either Deputy Secretary James Howes or Bureau of Ride and Measurement Standards Director Walter Remmert.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for con-

tamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Code § 123.11, emissions of PM from the thermal heaters shall be limited to 0.4 lb/MMBtu. Per 25 Pa. Code § 123.22, emissions of SO_x from the thermal heaters shall be limited to 1.2 lb/MMBtu. Fuel usage from the thermal heaters shall be monitored and recorded to estimate actual emissions using AP-42 emissions factors. Process information shall be recorded from the reactors and condensers to estimate actual emissions from the process using mass balance. Temperature readings from the condensers shall be monitored and recorded to ensure that emissions are properly controlled prior to the ther-

mal oxidizer. The thermal oxidizer shall continue to operate in accordance with the facility's State Only Operating Permit No. 46-00112 to ensure that emissions of VOC are reduced by 95%. This project is not subject to NSPS, NESHAP, MACT, PSD, NSR, or CAM. 45-302-078: Sanofi Pasteur, Inc. (Discovery Drive, Swiftwater, PA 18370) for replacement of Boiler No. 1, and equipped Boilers Nos. 2 and 3 (500 and 800 hp, respectively), with dual fuel burners, which will fire either #2 fuel oil (with maximum 0.5 weight percent sulfur) or natural gas for their facility in Pocono Township, **Monroe County**.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection (DEP) intends to issue Plan Approval No. 45-302-078 to Sanofi Pasteur, Inc., Discovery Drive, Swiftwater, PA 18370 for their facility in Pocono Township, Monroe County. This plan approval will be incorporated into the Title V operating permit # 45-00005 through an administrative amendment at a later date, and the action will be published as a notice in the *Pennsylvania Bulletin*.

Sanofi Pasteur proposes replacement of Boiler No. 1, and equipped Boilers Nos. 2 and 3 (500 and 800 hp, respectively), with dual fuel burners, which will fire either No. 2 fuel oil (with maximum 0.5 weight percent sulfur) or natural gas. In addition, Sanofi Pasteur proposes to replace the dual fuel burner on Boiler No. 6 with another manufacturer's dual fuel burner in order to evaluate whether maintenance and operation will be facilitated. Each proposed burner and boiler combination will be equipped with a low NO_x burner with flue gas recirculation to minimize NO_x emissions. The proposed boilers will operate up to 8,760 hours per year at full capacity after modification. In addition, economizers will be added to these units, thus increasing energy efficiency while reducing stack exit temperature and atmospheric dispersion.

The following emission limitations are set for each boiler.

NO_x emissions—From BAT, 30 PPM @ 3% O₂ when firing with natural gas.

90 PPM @ 3% O₂ when firing with #2 fuel oil.

CO emission—From BAT, 100 PPM at 3% O₂.

The facility is located in an area designated as a marginal nonattainment area for O₃. The project area is also included in the northeast Ozone Transport Region (OTR). The facility is currently a major source for NO_x emissions only. The federally enforceable limit chosen by the company for the NO_x emission will keep the proposed emission increase from the facility below the NSR applicability triggering thresholds from the proposed new sources. Thus, the modification of sources will not subject the facility to the provisions of NA NSR for NO_x. Emissions of SO₂, CO, NO_x, TSP, PM₁₀, lead, asbestos, beryllium, mercury, vinyl chloride, fluorides, sulfuric acid mist, hydrogen sulfide, total reduced sulfur, and reduced sulfur compounds associated with the proposed projects will be below the PSD significant emission rates as the

company will maintained the emissions from the entire facility below the PSD PALs level and thus are not subject to PSD review.

In order to assure compliance with the applicable standards, DEP will place conditions in the plan approval.

The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Copies of the applications, DEP's analysis and other documents used in the evaluation of the applications are available for public review during normal business hours at Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711.

Any person(s) wishing to provide DEP with additional information which they believe should be considered prior to the issuance of this permit may submit the information to the address shown in the preceding paragraph. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit No.: 45-302-078 and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Raymond Kempa, P.E., Environmental Group Manager, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701, Phone 570-826-2511 within 30 days after publication date.

The modification includes de-commissioning of Boiler 24 instead of Boiler 2 and 6-month extension for construction.

The facility will maintain the facility wide emission for nitrogen oxides (NO_x), sulfur dioxide (SO₂), non-methane hydrocarbon (NMHC), particulate matter (PM), particulate matter-10 (PM-10), carbon monoxide (CO), and ammonia (NH₃) as permitted in Plan Approval 97019. Each boiler will be installed with induce flue gas recirculation and low NO_x burners. Moxie Patriot LLC, Moxie Patriot Generation Plant Clinton Township, Lycoming County

The Department of Environmental Protection will conduct a public meeting at 6:30 p.m. Thursday, January 3, 2013 at the Clinton Township Volunteer Fire Co., 2311 Route 54 Highway, Montgomery, Pa. 17752 to discuss the proposed air quality plan approval 41-00084A for construction of a natural gas-fired combined-cycle power plant to produce 936 MW or less of electricity in Clinton Township, Lycoming County.

Staff from DEP's Air Quality Program will explain the application review process and applicable regulations, and Moxie Patriot, LLC officials will review the project with the audience. These presentations will be followed by a question and answer session with citizens.

Moxie Patriot, LLC submitted a Plan Approval 41-00084A application to the Department on January 20, 2012, for construction of a natural gas-fired combined-cycle power plant at a site located in Clinton Township, Lycoming County. The project consists of two power blocks, and each block includes a combustion gas turbine and a steam turbine. Each combined-cycle process will also include a heat recovery steam generator and supplemental duct burners and other ancillary sources. The heat input rating of each combustion gas turbine is 2890 MMBtu/hr (HHV) or less, and the heat input rating of each supplemental duct burner is equal to 387 MMBtu/hr (HHV) or less.

The proposed project is subject to the Prevention of Significant Deterioration (PSD) of Air Quality regulations of 40 CFR 52.21, the New Source Review (NSR) regulations of 25 Pa. Code §§ 127.201—127.218, and the Best Available Technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12. Therefore, the proposed facility will be a Title V facility. The Department has determined that the proposed levels of the air contaminants emissions satisfy best available control technology (BACT) and Lowest Achievable Emission Rate (LAER) requirements as well as the Department's BAT requirements. Moxie performed an air quality analysis that adequately demonstrated that the proposed emissions due to the project will not cause or significantly contribute to air pollution in violation of the National Ambient Air Quality Standards. Additionally, the Department published a notice of intent to issue the plan approval in the *Pennsylvania Bulletin* on September 29, 2012, for comments regarding the proposed Plan Approval 41-00084A.

The public meeting will be followed by a DEP public hearing beginning 8:00 p.m. during which time citizens will have an opportunity to present oral testimony regarding the proposed Air Quality Plan Approval application. Anyone who wishes to present oral testimony during the public hearing may register that evening prior to the hearing. Citizens will have a maximum of five minutes each to present testimony. Written testimony of any length also will be accepted. The testimony will be recorded by a court reporter and transcribed into a written document. DEP will respond in writing to all relevant testimony provided during the public hearing.

Persons unable to attend the public hearing can submit three copies of a written statement to the Department by the close of business on Monday, January 14, 2013. The statement should be sent to: Muhammad Zaman, Environmental Program Manager, Pennsylvania Department of Environmental Protection, Air Quality Program, 208 West Third St., Suite 101, Williamsport, Pa. 17701.

Individuals in need of an accommodation as provided for in the Americans With Disabilities Act of 1990 should contact Daniel Spadoni at 570-327-3659 or through the Pennsylvania AT&T Relay Service at 1-800-654-5984 (TDD) to discuss how DEP may accommodate your needs.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*			
pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU)

Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

EROSION AND SEDIMENT CONTROL PERMITS

The following parties have applied for Erosion and Sediment Control Permits for earth disturbance activities associated with either road maintenance or timber harvesting operations.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department proposes to issue a permit to discharge, subject to certain limitations in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

A person wishing to comment on a proposed permit are invited to submit a statement to the appropriate Department regional office listed before the application within 30 days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department regional office during the 30-day public comment period.

Following the 30-day comment period, the appropriate regional office water management program manager will make a final determination regarding the proposed permit.

Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board (Board).

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the appropriate regional office.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified regional office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of

receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483.

TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Nutrient Credit Trading Program; Actions

The Department of Environmental Protection (Department) provides notice of the following actions under the Nutrient Credit Trading Program (Trading Program). These actions were taken under 25 Pa. Code § 96.8 (relating to use of offsets and tradable credits from pollution reduction activities in the Chesapeake Bay Watershed), published at 40 Pa.B. 5790 (October 9, 2010).

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board. Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

For further information about this action or the Trading Program, contact Brian Schlauderer, Bureau of Point and Non-Point Source Management, Department of Environmental Protection, P.O. On October 12, 2012, the Independent Regulatory Review Commission (Commission) received this regulation from the Department of Revenue (Department). This rulemaking amends 61 Pa. Code Chapter 5. Notice of proposed rulemaking was omitted for this regulation; it will become effective upon publication in the *Pennsylvania Bulletin*.

This final-omitted rulemaking aligns the Department's existing regulations with statutory changes made by Act 87 of 2012. Act 87 amended the Fiscal Code by lowering the threshold of tax payments that must be submitted electronically from \$20,000 to \$10,000.

We have determined this regulation is consistent with the statutory authority of the Department (72 P.S. § 9) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

State Board of Private Licensed Schools Regulation #6-324 (IRRC #2961)

General Provisions

November 14, 2012

We submit for your consideration the following comments on the proposed rulemaking published in the September 15, 2012 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the State Board of Private Licensed Schools (Board) to respond to all comments received from us or any other source.

1. Fiscal impact.

The Preamble to this rulemaking states that the proposed changes related to civil penalties could generate an additional \$4,000 for the Board. The Board's response to Question #17 of the Regulatory Analysis Form states that the rulemaking will impose a revenue loss of \$4,000 for state government, but does not explain the basis for the loss. When the Board submits the final regulatory package, we ask for a more detailed explanation of the fiscal impact the rulemaking will have on state government as it pertains to lost revenue.

2. Section 73.104. Instructor.—Reasonableness; Clarity.

Under Subsection (b), instructors at private licensed schools must meet one of six criteria. We have two concerns. First, a commentator has noted that there are no baccalaureate programs for fields of study such as automotive repair or heating, ventilation and air conditioning. The commentator has suggested that an Associates Degree in Specialized Technology be added to the list of criteria that would qualify an individual as an instructor. Would this type of degree provide an individual with the necessary knowledge and skill to be an instructor? If so, we ask the Board to consider including this degree in the criteria of this subsection.

Second, the proposed criterion found at Subsection (b)(5) states that an instructor must have: "Competency in the specific program of instruction and the ability to teach the program in accordance with Board policy." This

requirement is vague and lacks clarity. We recommend that the final-form rulemaking specify what the Board's policy is regarding competency and ability to teach for instructors. In the alternative, we recommend that the final-form regulation identify the specific policy document that outlines how these types of decisions will be made and where that document can be found.

3. Section 73.189. Guidelines for civil penalties.—Statutory authority; Whether the regulation is consistent with the intent of the General Assembly; Reasonableness; Fiscal impact.

The proposed amendments to this section of the regulation delete the tiered fee structure for first, second and third violations and replace it with the following language: "The Board may levy a fine up to \$1,000 per student per day for each instance of a violation." We have two concerns with the new language. First, we question if the new language is consistent with Section 15(b) of the Private Licensed Schools Act (Act). (24 P.S. § 6515(b)). Section 15(b) of the Act allows the Board to, "levy a civil penalty of up to \$1,000 on any licensee who violates any provision of this act or any person who operates a private licensed school without being properly licensed under this act." In the Preamble, the Board explains that the proposed regulatory language brings the regulations "into line with the maximum fine allowed under the Board's statutory authority." We fail to see how the proposed regulation is consistent with Act and the intent of the General Assembly. We ask the Board to explain how potential fines of \$1,000 per student per day are consistent with "a civil penalty of up to \$1,000 on any licensee."

Second, we question the reasonableness of the proposed fees. As an example, if a school with 100 students fails to display its license for month in violation of Section 6512(b) of the Act, it could be penalized \$3,000,000. A penalty of this magnitude could force many of Pennsylvania's private licensed schools to close. We do not believe this approach to deterring violations of the Act and these regulations is reasonable and ask the Board revise it.

5. Respondent is a "public utility" as that term is defined at 66 Pa.C.S. § 102, as it is engaged in transporting passengers in the Commonwealth of Pennsylvania for compensation.

6. The Commission issued Respondent a certificate of public convenience on or about August 25, 1988, at A-00105554, for group and party 16 or greater authority.

7. Section 501(a) of the Public Utility Code, 66 Pa.C.S. § 501(a), authorizes and obligates the Commission to execute and enforce the provisions of the Public Utility Code.

9. Section 3301 of the Public Utility Code, 66 Pa.C.S. § 3301, authorizes the Commission to impose civil penalties on any public utility, or any other person or corporation subject to the Commission's authority, for violation(s) of the Public Utility Code and/or Commission regulations.

10. Respondent, in transporting passengers as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

2008-2009 Fiscal Year

12. On or about September 15, 2008, the Commission sent Respondent, through certified mail, an assessment invoice for the July 1, 2008 to June 30, 2009 Fiscal Year. Respondent's assessment was \$660.

13. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days.

14. The Commission received no objections from Respondent to the 2008-2009 Fiscal Year Assessment.

15. Respondent failed to pay the total amount set forth in the 2008-2009 Fiscal Year Assessment.

2010-2011 Fiscal Year

16. On or about February 15, 2010, the Commission mailed to Respondent an assessment report form for Respondent to report its 2009 calendar year revenues.

17. The assessment report form was accompanied by a letter, which notified Respondent that the report was due on or before March 31, 2010.

18. Respondent failed to file an assessment report to show its 2009 calendar year revenues.

19. The Commission sent Respondent, through certified mail, an assessment invoice for the July 1, 2010 to June 30, 2011 Fiscal Year that was based, in part, on Respondent's estimated revenues for the 2009 calendar year. Respondent's assessment was \$875.

20. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days.

21. The Commission received no objections from Respondent to this assessment.

22. Respondent failed to pay this assessment and has an outstanding balance of \$875.

23. The total outstanding assessment balance for Respondent is \$1,535.

Violations

COUNT 1

24. That Respondent, by failing to file an assessment report to demonstrate its gross intrastate operating revenues for the 2009 calendar year violated Section 510(b) of the Public Utility Code, 66 Pa.C.S. § 510(b).

The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$1,000.

COUNT 2

1. That Respondent, by failing to pay the Commission's assessment for two (2) Fiscal Years, violated Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c).

Pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), the Bureau of Investigation and Enforcement submits that each day the assessment is late may be considered a separate violation and that, pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), a maximum civil penalty of \$1,000 per day for each day that the assessment is late could be levied against Respondent. Such a civil penalty, in this instance, would exceed the assessment amount that Respondent owes. Therefore, the Bureau of Investigation and Enforcement recommends that the Commission impose a civil penalty in the amount of \$230 or 15% of the outstanding amount due. The Bureau submits that this amount is both equitable and sufficiently large enough to deter future violations.

Wherefore, for all the foregoing reasons, the Bureau of Investigation and Enforcement of Pennsylvania Public Utility Commission respectfully requests that:

(a) Respondent be ordered to pay a total of \$2,765, which consists of its outstanding assessment balance, which totals \$1,535 and a civil penalty of \$1,230 for the above-described violations.

(b) If payment of the civil penalty and assessment is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) the Commission certify automobile registrations to the Department of Transportation for suspension or revocation; and

(3) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action.

4. Respondent is Aaron's Transportation Services, LLC and maintains its principal place of business at 323 Sherbrook Boulevard, Upper Darby, PA 19082, Attention: Aaron Hudson, Sr.

5. Respondent is a "public utility" as that term is defined at 66 Pa.C.S. § 102, as it is engaged in transporting passengers in the Commonwealth of Pennsylvania for compensation.

6. The Commission issued Respondent a certificate of public convenience on or about April 30, 2007, at A-00122960, for paratransit authority.

7. Section 501(a) of the Public Utility Code, 66 Pa.C.S. § 501(a), authorizes and obligates the Commission to execute and enforce the provisions of the Public Utility Code.

8. Section 701 of the Public Utility Code, 66 Pa.C.S. § 701, authorizes the Commission, inter alia, to hear and determine complaints against public utilities for a violation of any law or regulation that the Commission has jurisdiction to administer.

9. Section 3301 of the Public Utility Code, 66 Pa.C.S. § 3301, authorizes the Commission to impose civil penalties on any public utility, or any other person or corporation subject to the Commission's authority, for violation(s) of the Public Utility Code and/or Commission regulations.

10. Respondent, in transporting passengers as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

12. On or about February 15, 2011, the Commission mailed to Respondent an assessment report form for Respondent to report its 2010 calendar year revenues.

13. The assessment report form was accompanied by a letter, which notified Respondent that the report was due on or before March 31, 2011.

14. Respondent failed to file an assessment report to show its 2010 calendar year revenues.

15. On or about September 14, 2011, the Commission sent Respondent, through certified mail, an assessment invoice for the July 1, 2011 to June 30, 2012 Fiscal Year that was based, in part, on Respondent's estimated revenues for the 2010 calendar year. Respondent's assessment was \$81.

16. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days.

17. The Commission received no objections from Respondent to this assessment.

18. Respondent failed to pay this assessment and has an outstanding balance of \$81.

Violations

COUNT 1

19. That Respondent, by failing to file an assessment report to demonstrate its gross intrastate operating revenues for the 2010 calendar year violated Section 510(b) of the Public Utility Code, 66 Pa.C.S. § 510(b).

The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$50.

COUNT 2

20. That Respondent, by failing to pay the Commission's assessment, violated Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c).

Pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), the Bureau of Investigation and Enforcement submits that each day the assessment is late may be considered a separate violation and that, pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), a maximum civil penalty of \$1,000 per day for each day that the assessment is late could be levied against Respondent. Such a civil penalty, in this instance, would exceed the assessment amount that Respondent owes. Therefore, the Bureau of Investigation and Enforcement recommends that the Commission impose a civil penalty in the amount of \$12 or 15% of the outstanding amount due. The Bureau submits that this amount is both equitable and sufficiently large enough to deter future violations.

Wherefore, for all the foregoing reasons, the Bureau of Investigation and Enforcement of Pennsylvania Public Utility Commission respectfully requests that:

(a) Respondent be ordered to pay a total of \$143, which consists of its outstanding assessment balance, which totals \$81, and a civil penalty of \$62 for the above-described violations.

(b) If payment of the civil penalty and assessment is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) the Commission certify automobile registrations to the Department of Transportation for suspension or revocation; and

(3) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action.

Respectfully submitted,

9. Section 3301 of the Public Utility Code, 66 Pa.C.S. § 3301, authorizes the Commission to impose civil penalties on any public utility, or any other person or corporation subject to the Commission's authority, for violation(s) of the Public Utility Code and/or Commission regulations.

10. Respondent, in transporting passengers as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

12. On September 26, 2011, Respondent signed a certified mail card, which indicated that it received an assessment invoice for the Commission's July 1, 2011 to June 30, 2012 Fiscal Year. Respondent's assessment was \$143.

13. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days.

14. Payment of Respondent's assessment was due on or before October 26, 2011.

15. The Commission received no objections from Respondent to this assessment.

16. Respondent failed to pay this assessment and has an outstanding balance of \$143.

Violation

17. That Respondent, by failing to pay the Commission's assessment, violated Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c).

Pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), the Bureau of Investigation and Enforcement submits that each day the assessment is late may be considered a separate violation and that, pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), a maximum civil penalty of \$1,000 per day for each day that the assessment is late could be levied against Respondent. Such a civil penalty, in this instance, would exceed the

assessment amount that Respondent owes. Therefore, the Bureau of Investigation and Enforcement recommends that the Commission impose a civil penalty in the amount of \$20 or 15% of the outstanding amount due. The Bureau submits that this amount is both equitable and sufficiently large enough to deter future violations.

Wherefore, for all the foregoing reasons, the Bureau of Investigation and Enforcement of Pennsylvania Public Utility Commission respectfully requests that:

(a) Respondent be ordered to pay a total of \$163, which consists of its outstanding assessment balance, which totals \$143, and a civil penalty of \$20 for the above-described violation.

(b) If payment of the civil penalty and assessment is not made, the Bureau of Investigation and Enforcement requests that:

PREVIOUS COMPLAINTS

27. On March 10, 2010, the Commission's Bureau of Transportation and Safety ("BTS") filed a complaint against Respondent alleging that Respondent failed to pay the Commission's 2008-2009 and 2009-2010 Fiscal Year Assessments. This complaint is docketed at C-2010-2162094.

28. BTS alleged that Respondent owed \$748.67 at that time.

29. In response to the complaint, on May 5, 2010, the Commission received a check from Respondent in the amount of \$748.67.

30. Subsequently, the Commission discovered that Respondent had insufficient funds in its checking account to pay this amount and the check bounced.

31. To date, the total outstanding assessment balance for Respondent for the 2008-2009, 2009-2010, 2010-2011 and 2011-2012 Fiscal Year Assessments is \$1,394.67.

Violation

32. That Respondent, by failing to pay the Commission's assessments for four (4) fiscal years, violated Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c).

Pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), the Bureau of Investigation and Enforcement submits that each day the assessment is late may be considered a separate violation and that, pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), a maximum civil penalty of \$1,000 per day for each day that the assessment is late could be levied against Respondent. Such a civil penalty, in this instance, would exceed the assessment amount that Respondent owes. Therefore, the Bureau of Investigation and Enforcement recommends that the Commission impose a civil penalty in the amount of \$205 or 15% of the outstanding amount due. The Bureau submits that this amount is both equitable and sufficiently large enough to deter future violations.

Wherefore, for all the foregoing reasons, the Bureau of Investigation and Enforcement of Pennsylvania Public Utility Commission respectfully requests that:

(a) Respondent be ordered to pay a total of \$1,599.67, which consists of its outstanding assessment balance, which totals \$1,394.67 and a civil penalty of \$205 for the above-described violation.

(b) If payment of the civil penalty and assessments is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) the Commission certify automobile registrations to the Department of Transportation for suspension or revocation; and

(3) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action.

Respectfully submitted,

Doc. No. C-2012-2318132

COMPLAINT

Now Comes the Pennsylvania Public Utility Commission's ("Commission"), Bureau of Investigation and Enforcement ("I&E"), by its counsel, and files this Complaint against DPI-Teleconnect, LLC ("Respondent"), pursuant to Section 701 of the Public Utility Code, 66 Pa.C.S. § 701. In support of its Complaint, I&E respectfully represents the following:

Parties and Jurisdiction

1. The Pennsylvania Public Utility Commission, with a mailing address of P. O. Box 3265, Harrisburg, PA 17105-3265, is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth pursuant to the Public Utility Code, 66 Pa.C.S. §§ 101, et seq.

2. Complainant is the Commission's Bureau of Investigation and Enforcement and is the entity established by statute to prosecute complaints against public utilities pursuant to 66 Pa.C.S. § 308.2(a)(11).

3. Complainant is represented by:

4. Respondent is DPI-Teleconnect, LLC and maintains its principal place of business at 1330 Capital Parkway, Carrollton, TX 75006, Attention: Wanda Johnson-Townsend.

5. Respondent is a "public utility" as that term is defined at 66 Pa.C.S. § 102, as it is engaged in conveying or transmitting messages or communications by telephone in the Commonwealth of Pennsylvania for compensation.

6. The Commission issued Respondent a certificate of public convenience on or about September 15, 1999, at A-310804, as a competitive local exchange carrier.

7. Section 501(a) of the Public Utility Code, 66 Pa.C.S. § 501(a), authorizes and obligates the Commission to execute and enforce the provisions of the Public Utility Code.

8. Section 701 of the Public Utility Code, 66 Pa.C.S. § 701, authorizes the Commission, inter alia, to hear and determine complaints against public utilities for a violation of any law or regulation that the Commission has jurisdiction to administer.

9. Section 3301 of the Public Utility Code, 66 Pa.C.S. § 3301, authorizes the Commission to impose civil penalties on any public utility, or any other person or corporation subject to the Commission's authority, for violation(s) of the Public Utility Code and/or Commission regulations.

10. Respondent, in conveying or transmitting messages or communications by telephone for the public for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

12. On September 20, 2010, Respondent signed a certified mail card, which indicated that it received an assessment invoice for the Commission's July 1, 2010 to June 30, 2011 Fiscal Year. Respondent's assessment was \$205.

13. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days.

14. Payment of Respondent's assessment was due on or before October 20, 2010.

15. The Commission received no objections from Respondent to this assessment.

16. Respondent failed to pay this assessment and has an outstanding balance of \$205.

Violation

17. That Respondent, by failing to pay the Commission's assessment, violated Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c).

Pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), the Bureau of Investigation and Enforcement submits that each day the assessment is late may be considered a separate violation and that, pursuant to Section 3301(a) and (b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)—(b), a maximum civil penalty of \$1,000 per day for each day that the assessment is late could be levied against Respondent. Such a civil penalty, in this instance, would exceed the assessment amount that Respondent owes. Therefore, the Bureau of Investigation and Enforcement recommends that the Commission impose a civil penalty in the amount of \$30 or 15% of the outstanding amount due.

The Bureau submits that this amount is both equitable and sufficiently large enough to deter future violations.

Wherefore, for all the foregoing reasons, the Bureau of Investigation and Enforcement of Pennsylvania Public Utility Commission respectfully requests that:

(a) Respondent be ordered to pay a total of \$235, which consists of its outstanding assessment balance, which totals \$205, and a civil penalty of \$30 for the above-described violation.

(b) If payment of the civil penalty and assessment is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order that cancels the Certificate of Public Convenience issued to Respondent; and

(2) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action.

Respectfully submitted,

Stephanie M. Wimer
Prosecutor
