READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at ww.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

GOVERNOR'S OFFICE

[EXECUTIVE ORDER NO. 2013-01 AS AMENDED]

The Pennsylvania Alzheimer's Disease Planning Committee

March 20, 2013

Whereas, creation of a plan to address the epidemic of Alzheimer's disease and other related brain disorders in our Commonwealth is a major concern of this administration; and

Whereas, the Pennsylvania Department of Aging was created in 1978 by Act 70 as a cabinet-level state agency whose jurisdiction, powers and duties specifically concern and are directed to advancing the well-being of Pennsylvania's older citizens; and

Whereas, Act 70 authorizes the Department of Aging to "develop and periodically update a comprehensive plan for coordinating all major Commonwealth services, programs and activities which are directed towards persons with chronic physical or mental impairments which necessitate long-term care"; and

Whereas, Act 70 further authorizes the Department of Aging to: "maintain a clearinghouse of information related to the interests of older persons and provide technical assistance and consultation to all agencies, both public and private with respect to programs and services for older persons"; and

Whereas, Act 70 directs the Department of Aging to undertake "special advocacy efforts to promote greater awareness of, and more effective response to, the problems of persons with Alzheimer's disease and other related brain disorders"; and

Whereas, Alzheimer's disease currently affects one in twelve Pennsylvania families; and

Whereas, the interests of this Commonwealth would be best served by establishing a planning committee within the Department of Aging to develop and recommend to the Governor and the Department a State Alzheimer's Plan that will serve as a comprehensive approach to addressing the growing Alzheimer's disease crisis.

Now, Therefore, I, Tom Corbett, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby establish the Pennsylvania Alzheimer's Disease Planning Committee (hereinafter referred to as "Committee").

1. *Purpose*. The purpose of the Committee shall be, working with the Department of Aging and other state agencies, to consult with residential and community care providers, professional and family caregivers and persons affected by Alzheimer's disease and related disorders to create for the consideration of the Governor and the Department a comprehensive plan for a thoughtful, integrated and cost-effective approach to addressing the needs of persons with Alzheimer's disease and other related brain disorders.

2. *Responsibilities*. The responsibilities of the Committee shall be to:

a. Examine the needs and research the trends in the Pennsylvania's Alzheimer's population;

b. Study existing resources for addressing the needs of persons with Alzheimer's disease, and their families and caregivers;

c. Develop for the consideration of the Governor and the Department of Aging a strategy to mobilize the Commonwealth's response to the anticipated increase in incidence of Alzheimer's disease in Pennsylvania; and

d. Make recommendations to the Governor.

3. *Composition.* The Secretary of Aging or a designee shall serve as the Chairperson and shall provide administrative support and other resources determined by the Secretary of Aging necessary to fulfill the requirements of this Executive Order. Other members of the Committee shall consist of:

a. The majority and minority chairpersons of the Aging and Youth Committee and the Public Health and Welfare Committee of the Senate or their designees;

b. The majority and minority chairpersons of the Aging and Older Adult Services Committee and the Health Committee of the House of Representatives or their designees; and

c. Certain other members appointed by the Governor who shall consist of: one person affected by Alzheimer's disease, one caregiver of a person with Alzheimer's disease; one family member of a person with Alzheimer's disease; one representative of the nursing home industry; one representative of the assisted living industry; one representative of the personal care home industry; one representative of the adult day-care services industry; one representative of the home care industry; one representative of the medical care provider community; one Alzheimer's disease researcher; one representative of a statewide Alzheimer's association; one representative each of the Pennsylvania Departments of Health and of Public Welfare; one representative of the hospice industry; one representative of a senior center; and one representative of the area agencies on aging.

4. *Terms of Membership.*

a. Members shall be appointed for terms of one year. All members appointed by the Governor shall serve at the pleasure of the Governor;

b. Committee vacancies that may occur shall be appointed in accordance with Section 3 of this Executive Order. Successors shall be appointed for the remainder of the original one year term; and

c. A member who is absent from two consecutive meetings of the Committee, without excuse, shall forfeit membership on the Committee, and a replacement member shall be appointed in accordance with Section 3 of this Executive Order.

5. *Compensation.* Members of the Committee shall receive no compensation for their service.

6. *Effective Date.* This Executive Order shall take effect immediately.

7. *Termination Date.* This Executive Order shall expire on February 7, 2014.

TITLE 207. JUDICIAL CONDUCT

PART II. CONDUCT STANDARDS

CHAPTER 51. STANDARDS OF CONDUCT OF MAGISTERIAL DISTRICT JUDGES

PENNSYLVANIA RULES FOR MAGISTERIAL DISTRICT JUDGES

Rule 13. [Incompatible Practices] (Reserved).

[Magisterial district judges and all employees assigned to or appointed by magisterial district judges shall not engage, directly or indirectly, in any activity or act incompatible with the expeditious, proper and impartial discharge of their duties, including, but not limited to, (1) in any activity prohibited by law; (2) in the collection business; or (3) in the acceptance of any premium or fee for any

judicial bond. Magisterial district judges shall not exploit their judicial position for financial gain or for any business or professional advantage. Magisterial district judges shall not receive any fee or emolument for performing the duties of an arbitrator.

Official Note: The next to the last sentence of this rule is derived in part from Canon 5C(1) of the American Bar Association and Pennsylvania Supreme Court Code of Judicial Conduct.

Pursuant to the authority granted by Article V, Section 10 of the Pennsylvania Constitution, the Supreme Court adopted the Rules Governing Standards of Conduct of Magisterial District Judges as the exclusive means of regulating the conduct of magisterial district judges under the supervision of the Supreme Court. Disqualification from proceedings is the most appropriate means of ensuring judicial integrity and impartiality in proceedings, including, but not limited to, those arising from the Pennsylvania Race Horse Development and Gaming Act (4 Pa.C.S.A. § 1101 et seq.).

No magisterial district judge shall have a financial interest, as defined by Section 1512(B) of the Pennsylvania Race Horse Development and Gaming Act (4 Pa.C.S.A. § 1101 et seq.), in or be employed, directly or indirectly, by any licensed racing entity or licensed gaming entity, or any holding, affiliate, intermediary or subsidiary company thereof or any such applicant, or engage in the active ownership or participate in the management of any such entities and related companies.

Rule 8(A) of the Rules Governing Standards of Conduct of Magisterial District Judges continues to govern the disqualification of magisterial district judges where the interest in or relationship with a licensed racing or licensed gaming entity or related company thereto, or any such applicant therefor, of the magisterial district judge or a family member is at issue.]

Official Note: The provisions of former Rule 13 were added to Rule 14 to reflect limitations on outside activities applicable to all magisterial district judges.

Rule 14. [Prohibited Practice of Attorney Magisterial District Judges] Limitations Relating to Outside Activities.

[A. Attorneys who are magisterial district judges shall not practice before any magisterial district judge in the Commonwealth, nor shall they act as a lawyer in a proceeding in which they have served as a magisterial district judge or in any other proceeding related thereto. Nor shall they practice criminal law in the county within which their magisterial district is located. An employer, employe, partner of office associate of such magisterial district judges shall not appear or practice before them.

B. Attorneys who are magisterial district judges shall not practice before, or act as an attorney or solicitor for, any county or local municipal, governmental or quasi governmental agency, board, authority or commission operating within the Commonwealth.

Official Note: Subdivision A of this rule is derived from former Rule 3A and Compliance Exception A(2), American Bar Association Code of Judicial Conduct. Subdivision B is derived from former Rule 3B. This rule contains all the prohibitions upon the practice of law by attorney magisterial district judges that were thought necessary.]

A. Magisterial district judges shall not engage, directly or indirectly, in any activity or act incompatible with the expeditious, proper and impartial discharge of their duties, including, but not limited to, any of the following: (1) any activity prohibited by law; (2) any activity related to the collection of a claim or judgment for money; or (3) any activity related to judicial bonds.

B. Magisterial district judges shall not exploit their judicial position for financial gain or for any business or professional advantage.

C. Magisterial district judges shall not perform the duties of an arbitrator or mediator in any of the following situations in which they receive a fee or emolument: (1) in any proceeding in which venue would have been proper in the magisterial district in which they serve pursuant to Rule 302 and (2) in any proceedings in which venue would have been proper in the county within which their magisterial district is located unless serving as a neutral arbitrator, or in a non-binding arbitration or mediation proceeding.

D. Magisterial district judges who are attorneys shall not practice law (1) before any magisterial district judge in the Commonwealth; (2) in any proceeding in which they have served as a magisterial district judge; (3) in any proceeding related to a proceeding in which they served as a magisterial district judge; and (4) in any criminal proceeding in the county within which their magisterial district is located. Magisterial district judges who are attorneys shall neither practice before nor act as an attorney or solicitor for any county or local municipal, governmental or quasi-governmental agency, board, authority or commission operating within the Commonwealth.

E. Magisterial district judges who are attorneys shall not permit their employers, employees, partners or legal associates to appear or practice before them.

Official Note: Subdivisions A, B and C of this rule apply to all magisterial district judges, including magisterial district judges who are attorneys.

Magisterial district judges are permitted to supplement their income as long as it does not interfere with their judicial responsibilities. Rule 14C permits magisterial district judges to receive fees and emoluments for serving as an arbitrator or mediator in certain circumstances. There is no prohibition against any active judge serving as an

arbitrator or mediator without compensation so long as the judge follows the guidelines of Canon 3B of the Code of Judicial Conduct and that such an arbitration or mediation does not interfere with the prompt and efficient management of that judge's own court docket. Subdivision C of this rule applies to all types of alternative dispute resolution, including but not limited to, arbitration and mediation.

In Subdivision C, mediation was added to this rule in recognition of the growth of alternative dispute resolution after the rule was originally promulgated, and the fact that there should not be a distinction between a magisterial district judge serving as an arbitrator or mediator.

Subdivision D of this rule is derived from former Rule 13A and Compliance Exception A(2), American Bar Association Code of Judicial Conduct.

Subdivision E of this Rule is derived from former Rule 13B.

REPORT

Proposed Rescission of Rule 13 and Amendment of Rule 14 of the Rules of Conduct for Magisterial District Judges

Clarification Regarding Limitations on Outside Activities

I. Introduction

The Minor Court Rules Committee (the "Committee") is proposing the rescission of Rule 13 and the amendment of Rule 14 of the Rules of Conduct for Magisterial District Judges. These rules currently address activities prohibited to all magisterial district judges (Rule 13), as well as practices prohibited by attorney magisterial district judges only (Rule 14). The goal of this change is to combine these rules into one rule encompassing all limitations on magisterial district judges, as well as to modify the existing prohibition on magisterial district judges serving as paid arbitrators.

The issue of limitations on outside activities by magisterial district judges has been under review by the Committee since at least 2002. The issue initially arose as questions to the Committee asking whether or not an attorney magisterial district judge could also serve as an arbitrator, particularly in arbitration cases where the arbitrators' fees are paid by the parties. There appeared to be conflicting interpretations as to whether the prohibition on "receiving any fee or emolument for performing the duties of an arbitrator", set forth in Rule 13, applied to attorney magisterial district judges, who were also subject to the additional prohibited practices set forth in Rule 14. After consideration of the inquiry, and review of the relevant rules, statutes, and other authorities, the Committee agreed that amendments to the rules were advisable to clarify that no magisterial district judge, including a judge who was also an attorney, may act as an arbitrator for a fee.

The Committee published its initial proposal in 2003, at 33 Pa.B. 745 (February 8, 2003). After receiving comments from various sources, the Committee reworked the proposal, and subsequently tabled it while other groups attempted to achieve a legislative solution to the question. In the absence of a legislative solution, the Commit-

tee republished the proposal at 37 Pa.B. 6902 (December 29, 2007), and received additional valuable input. The Committee submitted a recommendation to the Pennsylvania Supreme Court (“Court”), but was instructed to engage in further review. The resulting proposal that follows is the product of the Committee’s ongoing review of the questions initially posed in 2002.

II. Discussion

As reflected in the versions of the rules previously published, the Committee’s past approach was an absolute prohibition on magisterial district judges receiving fees or emoluments for performing the duties of an arbitrators. However, upon further reflection, the Committee agreed that there could be less restrictive means of modifying the current rule, restricting paid activity only to cases within certain parameters. Additionally, the Committee decided to propose limitations on activities as a paid mediator in the same situations as paid arbitrators.

III. Proposed Rule Changes

A. Rule 13

The current version of Rule 13, titled “Incompatible Practices”, sets forth certain prohibitions applicable to all magisterial district judges. The Committee agreed that rescinding Rule 13 and incorporating its provisions into Rule 14 was the simplest way to ensure that all magisterial district judges, both attorneys and non-attorneys, were following the same guidelines for incompatible practices and prohibitions. The substantive material of Rule 13, with modification, is found in Rule 14. A note was added to Rule 13, directing readers to Rule 14.

B. Rule 14

The current version of Rule 14, titled, “Prohibited Practice of Attorney Magisterial District Judges”, sets forth those limitations applicable only to attorney magisterial district judges. As explained above, the Committee’s goal in redrafting Rules 13 and 14 was to clarify the limitations on all judges, remove the artificial distinction between attorney and non-attorney judges on the arbitration issue, and lessen restrictions on arbitration practices. Proposed subdivisions A and B are taken from the first two sentences of current Rule 13. Proposed subdivision D is based on current Rule 14A and 14B, while proposed subdivision E is based on the last sentence to current Rule 14A.

Proposed subdivision C is the revised provision addressing magisterial district judges serving as arbitrators or mediators. Specifically, magisterial district judges are not to serve as arbitrators or mediators for a fee or emolument in situations where venue would be proper in the judge’s district, or in proceedings in which venue would be proper in the county where the judge’s district is located, unless the judge is serving as a neutral arbitrator or in a non-binding arbitration or mediation proceeding. By modifying the existing prohibition on serving as a paid arbitrator, magisterial district judges will be able to participate in this arena in a manner that will not potentially overlap with parties, attorneys and matters with cases heard in the judge’s court or local area.

PART I. RULES OF APPELLATE PROCEDURE

[210 PA. CODE CH. 17]

Order Amending Note to Rule 1701 of the Rules of Appellate Procedure; No. 224 Appellate Procedural Rules Doc.

Order

Per Curiam

And Now, this 9th day of April, 2013, upon the recommendation of the Appellate Court Procedural Rules Committee; the proposal having been published for public comment at 41 Pa.B. 4529 (August 20, 2011):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that the Note to Pennsylvania Rule of Appellate Procedure 1701 is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and the amendments herein shall be effective to appeals and petitions for review filed 30 days after adoption.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 17. EFFECT OF APPEALS; SUPERSEDEAS AND STAYS

IN GENERAL

Rule 1701. Effect of Appeal Generally.

* * * * *

Official Note: The following statutory provisions relate to supersedeas generally:

42 Pa.C.S. § 702(c) (supersedeas) provides that except as otherwise prescribed by general rule, a petition for permission to appeal under that section shall not stay the proceedings before the lower court or other government unit, unless the lower court or [**other**] other government unit or the appellate court or a judge thereof shall so order. *See also* Rule 1313 (effect of filing petition).

42 Pa.C.S. § 5105(e) (supersedeas) provides that an appeal shall operate as a supersedeas to the extent and upon the conditions provided or prescribed by law, and that unless a supersedeas is entered no appeal from an order concerning the validity of a will or other instrument or the right to the possession of or to administer any real or personal property shall suspend the powers or prejudice the acts of the appointive judicial officer, personal representative or other person acting thereunder.

Subdivision (a) codifies a well-established principle. *See e.g., Merrick Estate*, 432 Pa. 450, 454, 247 A.2d 786, 787 (1968); *Corace v. Balint*, 418 Pa. 262, 275-76, 210 A.2d

882, 889 (1965)[; *Gilbert v. Lebanon Val. St. Ry. Co.*, 303 Pa. 213, 154 Atl. 302 (1931); *Drabant v. Cure*, 274 Pa. 180, 118 Atl. 30 (1922); *Silver v. Edelstein*, 266 Pa. 531, 109 Atl. 679 (1920)]. Rule 5102 saves the provisions of Section 426 of [**The**] **the** Pennsylvania Workmen's Compensation Act (77 P. S. § 871), which permit a rehearing by the agency under certain circumstances during the pendency of an appeal. Rule [**311(e)**] **311(h)** (further proceedings in lower court) provides that Subdivision (a) is not applicable where an appeal as of right is taken from interlocutory orders relating to attachments, [**injunctions**] **injunctions**, etc., thus making clear that the procedure for seeking appellate review of these collateral matters does [**no**] **not** impair the power of the lower court to continue with the case proper.

Subdivision (b)(1) sets forth an obvious power of the lower court or agency under these rules[, **but is not intended to permit fundamental corrections in the record.** See *Corabi v. Curtis Pub. Co.*, 437 Pa. 143, 150, 262 A.2d 665, 668 (1970)] **to take actions to preserve the status quo and to clarify or correct an order or verdict. The power to clarify or correct does not extend to substantive modifications.** *Pa. Indus. Energy Coalition v. Pennsylvania PUC*, 653 A.2d 1336, 1344-45 (Pa. Cmwlth. 1995), *aff'd*, 543 Pa. 307, 670 A.2d 1152 (1996). Examples of permissible actions to preserve the status quo are those "auxiliary to the appellate process, such as a supersedeas or injunction." *Id.* Examples of permissible corrections are "non-substantial technical amendments to an order, changes in the form of a decree, and modification of a verdict to add prejudgment interest." *Id.* at 1344. "Such actions have no effect on the appeal or petition for review and cannot prompt a new appealable issue." *Id.* at 1345.

Among the permissible "corrections" is the addition or modification of contractual or statutory prejudgment interest, which is an element of contract damages. In such cases, the award of such interest is mandatory and not discretionary. *TruServ Corp. v. Morgan's Tool & Supply Co. Inc.*, Pa. , 39 A.3d 253, 264 (2012). Accordingly, even though the amount of a verdict is changed by the addition of prejudgment interest, the verdict has been "corrected" and not "modified."

The Supreme Court has held that, so long as a motion for attorneys' fees has been timely filed, a trial court may act on that motion under subdivision (b)(1) even after an appeal has been taken. *Samuel-Bassett v. Kia Motors Am., Inc.*, 613 Pa. 371, 34 A.3d 1, 48 (2011). Thus, unlike the court actions discussed in *Pa. Indus. Energy Coalition*, an award of attorneys' fees constitutes a separately appealable order that would be reviewable upon filing of a timely separate notice of appeal, measured from the date the fee award order was entered.

Generally an appeal does not operate as a supersedeas of government agency action.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.16-1. Amount of Support. Support Guidelines.

(a) *Applicability of the Support Guidelines.*

(1) Except as set forth in subdivision (2) below, the support guidelines set forth the amount of support which a spouse or parent should pay on the basis of both parties' net monthly incomes as defined in Rule 1910.16-2 and the number of persons being supported.

(2) In actions in which the plaintiff is a public body or private agency pursuant to Rule 1910.3, the amount of the order shall be calculated under the guidelines based upon each obligor's net monthly income as defined in Rule 1910.16-2, with the public or private entity's income as zero. In such cases, each parent shall be treated as a separate obligor and a parent's obligation will be based upon his or her own monthly net income without regard to the income of the other parent.

(i) The amount of basic child support owed to other children not in placement shall be deducted from each parent's net income before calculating support for the child or children in placement, including the amount of direct support the guidelines assume will be provided by the custodial parent.

Example 1. Mother and Father have three children and do not live in the same household. Mother has primary custody of two children and net income of \$2,000 per month. Father's net monthly income is \$3,000. The parties' third child is in foster care placement. Pursuant to the schedule at Rule 1910.16-3, the basic child support amount for the two children with Mother is [**\$1,350**] **\$1,369**. As Father's income is 60% of the parties' combined monthly net income, his basic support obligation to

Mother is [\$810] \$821 per month. The guidelines assume that Mother will provide [\$540] \$548 per month in direct expenditures to the two children in her home. The agency/obligee brings an action against each parent for the support of the child in placement. Father/obligor's income will be [\$2,190] \$2,179 for purposes of this calculation (\$3,000 net less [\$810] \$821 in support for the children with Mother). Because the agency/obligee's income is zero, Father's support for the child in placement will be 100% of the schedule amount of basic support for one child at the [\$2,190] \$2,179 income level, or [\$528] \$520 per month. Mother/obligor's income will be [\$1,460] \$1,452 for purposes of this calculation (\$2,000 net less [\$540] \$548 in direct support to the children in her custody). Her support obligation will be 100% of the schedule amount for one child at that income level, or [\$354] \$348 per month.

Example 2. Mother and Father have two children in placement. Father owes child support of \$500 per month for two children of a former marriage. At the same income levels as above, Father's income for determining his obligation to the children in placement would be \$2,500 (\$3,000 less \$500 support for two children of prior marriage). His obligation to the agency would be [\$866] \$848 per month (100% of the schedule amount for two children at the \$2,500 per month income level). Mother's income would not be diminished as she owes no other child support. She would owe [\$698] \$685 for the children in placement (100% of the schedule amount for two children at the \$2,000 income level).

(ii) If the parents reside in the same household, their respective obligations to the children who remain in the household and are not in placement shall be calculated according to the guidelines, with the parent having the higher income as the obligor, and that amount shall be deducted from the parents' net monthly incomes for purposes of calculating support for the child(ren) in placement.

Example 3. Mother and Father have four children, two of whom are in placement. Mother's net monthly income is \$4,000 and Father's is [\$2,000] \$3,000. The basic support amount for the two children in the home is [\$1,483] \$1,628, according to the schedule at Rule 1910.16-3. As Mother's income is [67%] 57% of the parties' combined net monthly incomes, her share would be [\$994] \$928, and Father's [33%] 43% share would be [\$489] \$700. Mother's income for purposes of calculating support for the two children in placement would be [\$3,006] \$3,072 (\$4,000 less [\$994] \$928). She would pay 100% of the basic child support at that income level, or [\$1,033] \$1,032, for the children in placement. Father's income would be [\$1,511] \$2,300 ([\$2,000] \$3,000 less [\$489] \$700) and his obligation to the children in placement would be [\$531] \$782.

Explanatory Comment—2010

* * * * *

H. *Other Amendments.* All of the examples in the guidelines have been updated to reflect the changes to the basic child support schedule. Prior explanatory comments have been deleted or revised and incorporated into new comments.

Explanatory Comment—2013

The schedule of basic child support has been updated to reflect newer economic data. The schedule was prepared by Jane Venohr, Ph.D., the economist who assisted in the last guideline review using the same methodology. It includes an increase in the Self-Support Reserve to \$931 per month, the 2012 federal poverty level for one person.

Rule 1910.16-2. Support Guidelines. Calculation of Net Income.

Generally, the amount of support to be awarded is based upon the parties' monthly net income.

* * * * *

(b) *Treatment of Public Assistance, SSI Benefits, Social Security Payments to a Child Due to a Parent's Death, Disability or Retirement and Foster Care Payments.*

(1) *Public Assistance and SSI Benefits.* Neither public assistance nor Supplemental Security Income (SSI) benefits shall be counted as income for purposes of determining support.

(2) *Social Security Payments for a Child.* If a child for whom support is sought is receiving Social Security benefits as a result of a parent's retirement, death or disability, the benefits the child receives shall be added to the combined monthly net incomes of the obligor and the obligee to calculate the income available for support on the vertical axis of the basic child support schedule set forth in Rule 1910.16-3. The presumptive amount of support as set forth on the schedule at the combined income of the obligee, obligor and child's benefits shall then be reduced by the amount of the child's benefits before apportioning the remaining support obligation between the parties pursuant to Rule 1910.16-4. This calculation presumes that the primary custodial parent, or the shared custodial parent who is the obligee, is receiving the child's benefits. In cases in which the obligor is receiving the child's benefits, the amount of the child's benefit shall be added to the obligor's income and support shall be calculated as in any other case without deduction of the amount of the benefit from the presumptive amount of support set forth in the basic support schedule. For purposes of determining the support obligation of a surviving parent when the child is receiving benefits as the result of the other parent's death, the income of a non-parent obligee who is caring for a child but has no support obligation to that child shall include only those funds the obligee is receiving on behalf of the child.

(3) *Foster Care Payments.* If either party to a support action is a foster parent and/or is receiving payments from a public or private agency for the care of a child who is not his or her biological or adoptive child, those payments shall not be included in the income of the foster parent or other caretaker for purposes of calculating child support for the foster parent's or other caretaker's biological or adoptive child.

Example 1. If the obligor has net income of \$1,200 per month; the obligee has net monthly income of \$800; and the child receives Social Security derivative benefits of \$300 per month as a result of either the obligor's or obligee's retirement or disability, then the total combined

monthly net income is \$2,300. Using the schedule at Rule 1910.16-3 for one child, the amount of support is [\$551] \$543 per month. From that amount, subtract the amount the child is receiving in Social Security derivative benefits ([\$551] \$543 minus \$300 equals [\$251] \$243). Then, apply the formula at Rule 1910.16-4 to apportion the remaining child support amount of [\$251] \$243 between the obligor and the obligee in proportion to their respective incomes. The obligor's \$1,200 net income per month is 60% of the total of the obligor's and the obligee's combined net monthly income. Thus, the obligor's support obligation would be 60% of [\$251] \$243, or [\$151] \$146, per month.

Example 2. Two children live with Grandmother who receives \$400 per month in Social Security death benefits for the children as a result of their father's death. Grandmother also receives \$500 per month from a trust established by Father for the benefit of the children. Grandmother is employed and earns \$2,000 net per month. Grandmother seeks support from the children's mother, who earns \$1,500 net per month. For purposes of calculating Mother's support obligation, Grandmother's income will be \$500, the amount she receives on behalf of the children from the trust. Therefore, the obligee's and the obligor's combined net monthly incomes total \$2,000. Add to that the \$400 in Social Security benefits Grandmother receives for the children to find the basic child support amount in Rule 1910.16-3. The basic support amount at the \$2,400 income level for two children is [\$831] \$815. Subtracting from that amount the \$400 in Social Security derivative benefits Grandmother receives for the children, results in a basic support amount of [\$431] \$415. As Mother's income is 75% of the parties' combined income of \$2,000, her support obligation to Grandmother is [\$323] \$311 per month.

* * * * *

(e) *Net Income Affecting Application of the Support Guidelines.*

(1) *Low Income Cases.*

(A) When the obligor's monthly net income and corresponding number of children fall into the shaded area of the schedule set forth in Rule 1910.16-3, the basic child support obligation shall first be calculated using the obligor's income only. For example, where the obligor has monthly net income of [\$950] \$1,100, the presumptive amount of support for three children is [\$77] \$156 per month. This amount is determined directly from the schedule in Rule 1910.16-3. Next, calculate the obligor's child support obligation as in any other case, using both parties' monthly net incomes. The lower of the two calculations shall be the obligor's basic child support obligation.

Example: The parties have two children. The obligor has net monthly income of \$1,500, which falls into the shaded area of the schedule for two children. Using only the obligor's income, the amount of support for two children would be \$518. Next, calculate support using both parties' incomes. The obligee has net monthly income of \$2,500 so the combined net monthly income of the parties is

\$4,000. The basic child support amount at that income level for two children is \$1,240. As the obligor's income is 38% of the combined net monthly income of the parties, the obligor's share of the basic support amount is \$471. As the amount of support the obligor would pay using the obligor's income alone is more than the amount calculated using both parties' incomes, the lower amount would be awarded. Thus, the obligor's basic child support obligation is \$471.

(B) In computing a basic spousal support or alimony pendente lite obligation, the presumptive amount of support shall not reduce the obligor's net income below the Self-Support Reserve of [\$867] \$931 per month. For example, if the obligor earns \$1,000 per month and the obligee earns \$300 per month, the formula in Part IV of Rule 1910.16-4 would result in a support obligation of \$280 per month. Since this amount leaves the obligor with only \$720 per month, it must be adjusted so that the obligor retains at least [\$867] \$931 per month. The presumptive minimum amount of spousal support, therefore, is [\$133] \$69 per month in this case.

(C) When the obligor's monthly net income is [\$867] \$931 or less, the court may award support only after consideration of the [obligor's] parties' actual financial resources and living expenses.

* * * * *

Explanatory Comment—2010

* * * * *

Subdivision (e) also has been amended to eliminate the application of *Melzer v. Witsberger*, 505 Pa. 462, 480 A.2d 991 (1984), in high income child support cases. In cases in which the parties' combined net monthly income exceeds \$30,000, child support will be calculated in accordance with the three-step process in new rule 1910.16-3.1(a).

Explanatory Comment—2013

The SSR has been increased to \$931, the 2012 federal poverty level for one person. Subdivision (e) has been amended to require that when the obligor's income falls into the shaded area of the basic child support schedule in Rule 1910.16-3, two calculations must be performed. One calculation uses only the obligor's income and the other is a regular calculation using both parties' incomes, awarding the lower amount to the obligee. The two step process is intended to address those cases in which the obligor has minimal income and the obligee's income is substantially greater.

Rule 1910.16-3. Support Guidelines. Basic Child Support Schedule.

The following schedule sets forth the amounts spent on children in intact families by combined income and number of children. Combined income is on the vertical axis of the schedule and number of children is on the horizontal axis of the schedule. This schedule is used to find the basic child support obligation. Unless otherwise provided in these rules, the obligor's share of the basic support obligation shall be computed using the formula set forth in Part I of Rule 1910.16-4.

Explanatory Comment—2010

The basic child support schedule has been amended to reflect updated economic data. The schedule has been expanded to include all cases in which the parties' combined net monthly income is \$30,000 or less. It also reflects an increase in the Self-Support Reserve to \$867, the 2008 poverty level for one person. The schedule was further adjusted to incorporate an assumption that the children spend 30% of the time with the obligor.

Explanatory Comment—2013

The basic child support schedule has been amended to reflect updated economic data. It also reflects an increase in the Self-Support Reserve to \$931, the 2012 poverty level for one person, which has been incorporated into the schedule.

Rule 1910.16-3.1. Support Guidelines. High Income Cases.

(a) *Child Support Formula.* When the parties' combined monthly net income is above \$30,000, the following three-step process shall be applied to calculate the parties' respective child support obligations. The amount of support calculated pursuant to this three-step process shall in no event be less than the amount of support that would have been awarded if the parties' combined net monthly income were \$30,000. That amount shall be a presumptive minimum.

(1) First, the following formula shall be applied as a preliminary analysis in calculating the amount of basic child support to be apportioned between the parties according to their respective incomes:

One child:	[\$2,756 + 6.5%] \$2,801 + 8.5% of combined net income above \$30,000 per month.
Two children:	[\$3,777 + 8.0%] \$3,836 + 11.6% of combined net income above \$30,000 per month.
Three children:	[\$4,210 + 9.2%] \$4,277 + 12.6% of combined net income above \$30,000 per month.
Four children:	[\$4,703 + 10.3%] \$4,718 + 14.3% of combined net income above \$30,000 per month.
Five children:	[\$5,173 + 11.3%] \$5,190 + 15.8% of combined net income above \$30,000 per month.
Six children:	[\$5,623 + 12.3%] \$5,641 + 17.1% of combined net income above \$30,000 per month;

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation, Formula.

* * * * *

(c) *Substantial or Shared Physical Custody.*

(1) When the children spend 40% or more of their time during the year with the obligor, a rebuttable presumption arises that the obligor is entitled to a reduction in the basic support obligation to reflect this time. This rebuttable presumption also applies in high income cases decided pursuant to Rule 1910.16-3.1. Except as provided in subsections (2) and (3) below, the reduction shall be calculated pursuant to the formula set forth in Part II of subdivision (a) of this rule. For purposes of this provision,

the time spent with the children shall be determined by the number of overnights they spend during the year with the obligor.

Example. Where the obligor and the obligee have monthly net incomes of \$5,000 and \$2,300 respectively, their combined child support obligation is [\$1,663] \$1,669 for two children. Using the income shares formula in Part I, the obligor's share of this obligation is 68%, or [\$1,131] \$1,135. If the children spend 40% of their time with the obligor, the formula in Part II applies to reduce his or her percentage share of the combined support obligation to 58%, or [\$965] \$968. If the children spend 45% of their time with the obligor, his or her percentage share of the combined obligation is reduced to 53%, or [\$881] \$885. If the children spend equal time with both parents, the obligor's percentage share is reduced to 48%, or [\$798] \$801.

(2) Without regard to which parent initiated the support action, when the children spend equal time with both parents, the Part II formula cannot be applied unless the obligor is the parent with the higher income. In no event shall an order be entered requiring the parent with the lower income to pay basic child support to the parent with the higher income. However, nothing in this subdivision shall prevent the entry of an order requiring the parent with less income to contribute to additional expenses pursuant to Rule 1910.16-6. Pursuant to either party's initiating a support action, the trier of fact may enter an order against either party based upon the evidence presented without regard to which party initiated the action. [**If application of the formula in Part II**] In all cases in which the parties share custody equally and the support calculation results in the obligee receiving a larger share of the parties' combined income [**in cases in which the parties share custody equally**], then the court shall adjust the support obligation so that the combined income is allocated equally between the two households. In those cases, no spousal support or alimony pendente lite shall be awarded.

Example 1. Mother and Father have monthly net incomes of \$3,000 and \$2,700 respectively. Mother has filed for support for the parties' two children with whom they share time equally. Pursuant to the [**Basic Child Support Schedule**] basic child support schedule at Rule 1910.16-3, the support amount for two children at their parents' combined net income level is [\$1,440] \$1,450 per month. Mother's share is 53% of that amount, or [\$763] \$769. Father's share is 47%, or [\$677] \$682. Application of subdivisions a. and b. of the Part II formula results in a 20% reduction in support when each parent spends 50% of the time with the children. Because the parties share custody equally, Mother cannot be the obligee for purposes of the Part II calculation because she has the higher income of the two parents. In these circumstances, although Mother initiated the support action, she would become the obligor even if Father has not filed for support. Father cannot be an obligor in the Part II calculations nor can the amount of support Mother is obligated to pay to Father be offset by calculating Father's adjusted amount of support under Part II because a support order cannot be entered against the parent with the lesser income. Using Mother as the obligor, her adjusted percentage share of the basic support amount is 33% (53%-20%=33%). Her adjusted share of the basic support amount is [\$475] \$479 (33% of [\$1,440] \$1,450). However, instead of [\$475] \$479 per

month, Mother's support obligation would be adjusted to \$150 per month to allocate the parties' combined income equally between the two households. This is the presumptive amount of basic support payable to Father under these circumstances.

Example 2. Where the obligor and the obligee have monthly net incomes of \$3,000 and \$2,500 respectively, their combined child support obligation for two children is [\$1,412] \$1,426. The obligor's share of this obligation is 55%, or [\$777] \$784. If the children spend equal time with both parents, the formula in Part II results in a support obligation of [\$494] \$499 payable to the obligee. Since this amount gives the obligee [\$2,994] \$2,999 of the combined income, and leaves the obligor with only [\$2,506] \$2,501 of the combined income, the obligor's support obligation must be adjusted to \$250 to equalize the combined income between the parties' households. This is the presumptive amount of basic support payable to the obligee under these circumstances.

[(3) Reductions for substantial or shared custody shall not apply when the obligor's income falls within the shaded area of the schedule in Rule 1910.16-3 or when the obligee's income is 10% or less of the parties' combined income.]

(d) *Divided or Split Physical Custody. When Each Party Has Primary Custody of One or More of the Children. Varied Custodial Schedules.*

(1) *Divided or Split Physical Custody. When Each Party Has Primary Custody of One or More of the Children.* When calculating a child support obligation, and one or more of the children reside primarily with each party, the court shall offset the parties' respective child support obligations and award the net difference to the obligee as child support. For example, if the parties have three children, one of whom resides with Father and two of whom reside with Mother, and their net monthly incomes are \$2,500 and \$1,250 respectively, Father's child support obligation is calculated as follows. Using the schedule in Rule 1910.16-3 for two children at the parties' combined net monthly income of \$3,750, the amount of basic child support to be apportioned between the parties is [\$1,190] \$1,200. As Father's income is 67% of the parties' combined net monthly income, Father's support obligation for the two children living with Mother is [\$797] \$804. Using the schedule in Rule 1910.16-3 for one child, Mother's support obligation for the child living with Father is [\$273] \$276. Subtracting [\$273] \$276 from [\$797] \$804 produces a net basic support amount of [\$524] \$528 payable to Mother as child support.

* * * * *

(f) *Allocation. Consequences.*

(1) An order awarding both spousal and child support may be unallocated or state the amount of support allocable to the spouse and the amount allocable to each child. **Each order shall clearly state whether it is allocated or unallocated even if the amounts calculated for child and spousal support are delineated on the order.** However, Part IV of the formula provided by these rules assumes that an order will be unallocated. Therefore, if the order is to be allocated, the formula set forth in this rule shall be utilized to determine the amount of support allocable to the spouse. If allocation of an order utilizing the formula would be inequitable, the court shall make an appropriate adjustment. Also, if an order is to be allocated, an adjustment shall be made to

the award giving consideration to the federal income tax consequences of an allocated order as may be appropriate under the circumstances. No consideration of federal income tax consequences shall be applied if the order is unallocated or the order for the spousal support or alimony pendente lite only.

Rule 1910.16-6. Support Guidelines. Adjustments to the Basic Support Obligation. Allocation of Additional Expenses.

Additional expenses permitted pursuant to this Rule 1910.16-6 may be allocated between the parties even if the parties' incomes do not justify an order of basic support.

(a) *Child care expenses.* Reasonable child care expenses paid by either parent, if necessary to maintain employment or appropriate education in pursuit of income, shall be allocated between the parties in proportion to their net incomes and added to his and her basic support obligation. When a parent is receiving a child care subsidy through the Department of Public Welfare, the expenses to be allocated between the parties shall be the [full unsubsidized cost of the child care, not just the] amount actually paid by the parent receiving the subsidy. **[However, if allocation of the unsubsidized amount would result in a support order that is overly burdensome to the obligor, deviation pursuant to Rule 1910.16-5 is warranted.]**

Example. Mother has primary custody of the parties' two children and Father has partial custody. Mother's monthly net income is \$2,000 and Father's is \$3,500. At their combined income level of \$5,500, the basic monthly child support from the schedule in Rule 1910.16-3 is [\$1,412] \$1,426 for two children. As Father's income is 64% of the parties' combined income, his share is [\$904] \$913. Mother incurs child care expenses of \$400 per month and Father incurs \$100 of such expenses each month. The total amount of child care expenses, \$500, will be apportioned between the parties, with Father paying 64%, or \$320. As he is already paying \$100 for child care while the children are in his partial custody, he would pay the remaining \$220 to Mother for a total child support obligation of [\$1,124] \$1,133 ([\$904] \$913 + \$220 = [\$1,124] \$1,133).

(1) Except as provided in subsection (2), the total child care expenses shall be reduced to reflect the amount of the federal child care tax credit available to the eligible parent, whether or not the credit is actually claimed by that parent, up to the maximum annual cost allowable under the Internal Revenue Code.

(2) The federal child care tax credit shall not be used to reduce the child care expenses subject to allocation between the parties if the eligible parent is not qualified to receive the credit.

[Official Note: A child care subsidy provided by the Department of Public Welfare should not be used to reduce the child care expenses subject to allocation between the parties to the extent that the obligor has the financial resources to contribute to the actual costs of child care. Nor is it appropriate to order the obligee to seek a child care subsidy in order to reduce the obligor's share of child care expenses if the obligor has the financial ability to contribute to those expenses. While public policy requires that parents, rather than

taxpayers, pay for their children's child care when they are able to do so, allocation of the full unsubsidized cost of child care may result in a support order that is overly burdensome to the obligor. In those circumstances, in addition to considering deviation to relieve the burden on the obligor, the trier of fact also has the discretion to determine whether or not to include in the order other adjustments under Rule 1910.16-6, such as a mortgage contribution, which are not mandatory. No adjustment to the basic support amount shall be permitted if such would cause the obligor's remaining net monthly income to fall below the Self-Support Reserve of \$867. Implicit in the rule requiring apportionment of the unsubsidized cost of child care is recognition of the duty of the subsidy recipient to report any additional income pursuant to Department of Public Welfare regulations so that adjustments can be made to entitlements accordingly.]

Rule 1910.16-7. Support Guidelines. Awards of Child Support When There are Multiple Families.

(a) When the total of the obligor's basic child support obligations equals fifty percent or less of his or her monthly net income, there will generally be no deviation from the guideline amount of support on the ground of the existence of a new family. For example, where the obligor requests a reduction of support for one child of the first marriage on the basis that there is a new child of the second intact marriage, and the relevant monthly net incomes are \$2,500 for the obligor, \$500 for the former spouse and \$1,300 for the current spouse, the request for a reduction will be denied because the total support obligation of \$1,141 (\$593 for the first child and \$548 for the second child) is less than half of the obligor's monthly net income.

(b) When the total of the obligor's basic support obligations exceeds fifty percent of his or her monthly net income, the court may consider a proportional reduction of these obligations. Since, however, the goal of the guidelines is to treat each child equitably, in no event should either a first or later family receive preference. Nor shall the court divide the guideline amount for all of the obligor's children among the households in which those children live.

Example 1. The obligor is sued for support of an out of wedlock child. The obligor is already paying support for two children of the first marriage, and has an intact second marriage with one child. The relevant monthly net incomes are \$3,800 for the obligor, \$1,100 for the former spouse, \$0 for the current spouse and \$1,500 for the parent of the new child. The obligor's basic support obligations to each family are [\$1,043] \$1,061 for the two children of the first marriage, [\$831] \$842 for the one child of the second marriage, and [\$699] \$708 for the one child out of wedlock for a total support obligation of [\$2,573] \$2,611. Since the total of these obligations exceeds fifty percent of the obligor's net monthly income of \$3,800 per month, the court may consider a proportional reduction of all of the orders.

Example 2. The obligor is sued for support of three children of a second marriage. There is already an order in effect for two children of the first marriage. The relevant monthly net incomes are [\$1,500] \$1,600 for the obligor, \$0 for the first spouse and \$500 for the second spouse. The obligor's basic support obligations to each family are [\$531] \$554 for the two children of the first marriage and [\$615] \$638 for the three children of the second marriage for a total support obligation of [\$1,146] \$1,192. Since this total obligation leaves the obligor with only [\$354] \$408 on which to live, the order for the three children of the second family is too high. **The obligor also must be left with a Self-Support Reserve of \$931.** However, reducing the order for three children while leaving the existing order intact would give preference to the first family, contrary to the rule. Therefore, both orders must be reduced proportionally.

Example 3. The obligor is sued to establish orders for three children born out of wedlock. The net monthly incomes for the obligor and for each obligee is \$1,500. The court would determine that the obligor's basic support obligation for each child is [\$357] \$352 for a total obligation of [\$1,071] \$1,056 for three children. It would be incorrect to determine the guideline amount for three children, in this case [\$1,213] \$1,189, and then divide that amount among the three children.

(c) For purposes of this rule, the presumptive amount of the obligor's basic support obligation is calculated using only the basic guideline amounts of support, as determined from the formula in Rule 1910.16-4, and does not include any additional expenses that may be added to these amounts pursuant to Rule 1910.16-6. In calculating the presumptive amount of the obligor's basic support obligation, the court should ensure that obligor retains at least [\$867] \$931 per month consistent with Rule 1910.16-2(e).

Example 1. Assume that the obligor is paying [\$575] \$565 per month support for one child of the first marriage, plus an additional \$200 per month for child care expenses. The obligor requests a reduction in this support obligation on the basis that there is one new child of the second intact marriage. The relevant incomes are \$2,400 for the obligor and \$0 for both the former and current spouses. The obligor's request for a reduction should be denied because the total of the basic guideline obligations for both children is only [\$1,150] \$1,130 ([\$575] \$565 for each child) and this amount does not exceed 50% of the obligor's net monthly income. No reduction should be given on the basis that the obligor's contribution to child care expenses for the first child results in an overall support obligation of [\$1,350] \$1,330 which exceeds 50% of the obligor's net monthly income. Thus, the presumptive amount of basic support for the two children is still [\$1,150] \$1,130 ([\$575] \$565 for each child). The court must then consider the deviation factors under Rule 1910.16-5 and the parties' respective contributions to additional expenses under Rule 1910.16-6 in arriving at an appropriate amount of total support for each child.

Example 2. Assume that the obligor is paying [\$365] \$360 per month support for one child of the first marriage. The obligor has one new child of the second intact marriage. The relevant incomes are \$1,500 for the obligor and \$0 for both the former and current spouses. No reduction should be given on the basis of the obligor's new child because the total of the basic guideline obliga-

tions for both children is only [**\$730**] **\$720** ([**\$365**] **\$360** for each child) and this amount does not exceed 50% of the obligor's net monthly income. Since, however, this amount leaves the obligor with only [**\$770**] **\$780** per month, the court should proportionally reduce the support obligations so that the obligor retains [**\$867**] **\$931** per month. Thus, the presumptive amount of basic support for the two children is [**\$633**] **\$569** ([**\$316.50**] **\$284.50** for each child). The court must then consider the deviation factors under Rule 1910.16-5 and the parties' respective contributions to additional expenses under Rule 1910.16-6 in arriving at an appropriate amount of total support for each child.

Explanatory Comment—2010

Rule 1910.16-7 has been amended to reflect the updated schedule in Rule 1910.16-3 and the increase in the Self-Support Reserve to \$867 per month, the 2008 federal poverty level for one person. The distribution priorities formerly in subdivision (d) have been moved to Rule 1910.17(d) to clarify that these priorities apply to all support orders, not just those involving multiple families.

Explanatory Comment—2013

Rule 1910.16-7 has been amended to reflect the updated schedule in Rule 1910.16-3 and the increase in the Self-Support Reserve to \$931 per month, the 2012 federal poverty level for one person.

Proposed Amendments to Pa.R.Crim.P. 645

The Criminal Procedural Rules Committee is considering recommending that the Supreme Court of Pennsylvania amend Rule 645 (Seating and Discharge of Alternate Jurors) to require that alternate jurors be retained after the jury has retired to consider its verdict and to provide procedures for a retained alternate juror to replace a principal juror who becomes unable to perform his or her duties or is disqualified. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory Report highlights the Committee's considerations in formulating this proposal. Please note that the Committee's Reports should not be confused with the official Committee Comments to the rules. TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 6. TRIAL PROCEDURES IN COURT CASES

PART C(2). Conduct of Jury Trial

Rule 645. Seating and [**Discharge**] **Retention** of Alternate Jurors.

(A) Alternate jurors, in the order in which they are called, shall replace principal jurors who [, **prior to the time the jury retires to consider its verdict,**] become unable or disqualified to perform their duties.

(B) [**An alternate juror who does not replace a principal juror shall be discharged before the jury retires to consider its verdict.**] Alternate jurors shall be retained after the jury retires to consider its verdict. The trial judge shall instruct the retained alternate jurors to continue to observe the admonitions to jurors until they are informed that a verdict has been returned or the jury discharged. A retained alternate juror shall not be permitted to be present in the jury room during deliberations unless he or she replaces a principal juror as provided in paragraph (C).

(C) After the jury has retired to consider its verdict, a principal juror who becomes unable to perform his or her duties or is disqualified may be replaced with a retained alternate juror only if the trial judge is satisfied that the proper jury function is not harmed by the replacement. To ensure this, the trial judge shall:

(1) **colloquy the alternate juror on the record that the alternate juror has not been exposed to any improper outside influences; and**

(2) **once the jury is reconstituted following the replacement of the principal juror by the alternate juror, colloquy and instruct the reconstituted jury that**

(a) **the jurors understand that the reason the discharged juror was being replaced has nothing to do with the discharged juror's views on the case or the juror's relationship to fellow jurors; and**

(b) **the reconstituted jury understands that they must set aside and disregard all past deliberations and begin deliberations anew so as to eliminate the influence of the excused juror and so that the reconstituted jury will consider the evidence in the context of full and complete deliberations with the new juror.**

Comment

This rule is derived from the last two sentences of former Rule 1108(a). *See* Rule 633 for the procedures for the examination and challenges of alternate trial jurors.

This rule was amended in 2013 to require that alternate jurors be retained after the jury retires to consider its verdict and to permit the trial judge to seat an alternate juror when a principal juror unable to perform his or her duties or is disqualified, and requires replacement. The amendment recognizes that, in cases in which a principal juror becomes unable to serve after deliberations have begun, substitution of a retained alternate juror will be an appropriate alternative to the remedy of a mistrial so long as appropriate steps are taken to ensure that the juror function is not compromised. Paragraph (C)(2) provides the required colloquies and instructions that must be placed on the record when a principal juror is replaced by an alternate juror after the jury has retired to consider its verdict. *See also Commonwealth v. Saunders*, 686 A.2d 25 (Pa. Super. 1996) (Replacement of a principal by an alternate juror is proper if steps have been taken to ensure that the jury function remains protected).

The rule does not require that all retained alternate jurors be sequestered. Rather, it is within the discretion of the trial judge to determine what restrictions are placed upon the retained alternate jurors to ensure that the alternate jurors are available and eligible for substitution should that be necessary.

Retained alternate jurors remain in jury service, subject to all conditions thereof, until all jurors have been discharged.” *See, e.g.*, 42 Pa.C.S. § 4561.

When an alternate is seated pursuant to paragraph (C), the trial judge has the discretion in re-instructing the reconstituted jury with the original charge in whole or in part.

Nothing in the rule was intended to preclude an agreement among the parties to be tried by less than 12 jurors as provided in Rule 641.

REPORT

Proposed amendments to Pa.R.Crim.P. 645

Retention and Seating of Alternate Jurors After Deliberations Have Begun

As directed by the Supreme Court of Pennsylvania, the Committee has been examining the efficacy of the current requirement of discharging alternate jurors before the jury retires for deliberations and whether it might be

more effective to provide for the retention of alternate jurors to be available to replace an incapacitated principal juror.

Current Rule 645(B) provides that “An alternate juror who does not replace a principal juror shall be discharged before the jury retires to consider its verdict.” Rule 645 developed out of two sentences in original Rule 1108(a). Then-Rule 1108 contained the provision regarding discharge of alternates prior to deliberation at least since 1975 and most likely reflected the view of post-submission substitution common at that time. Given the difficulty and expense in re-trying large and complex cases, the provision has come into question, most recently in the case of *Commonwealth v. Jones*, 986 A.2d 1257 (Pa. Super. 2009), *appeal granted* 2 A.3d 467 (Pa. 2010), *appeal dismissed as improvidently granted* 55 A.3d 1044 (Pa. 2012).

As an initial step, the Committee examined whether there were any constitutional prohibitions against substituting an alternate juror after deliberations have begun. Claims that such substitutions violate the U.S. Constitution’s double jeopardy provision have generally been rejected, as well as claims that the substitution violated the right to jury trial. *See Claudio v. Snyder*, 68 F.3d 1573 (3rd Cir. 1995), *cert denied* 517 U.S. 1109 (1996); *United States v. Hillard*, 701 F.2d 1052 (2nd Cir. 1983), *cert denied*, 461 U.S. 958 (1983). Rather, in those jurisdictions where the practice has been prohibited, the prohibition is contained in a rule or statute. The main concern is to balance society’s interest while protecting the defendant’s trial right and this is done by taking steps to ensure that the integrity of the jury process be undiminished by the replacement. *See e.g. Commonwealth v. Haywood*, 377 Mass. 755, 388 NE.2d 648 (1979).

Some of the members noted that several jurisdictions allow for the retention of alternate jurors to be available for substitution after deliberations have begun, most notably in the federal system. It was suggested that federal practice might be the best model upon which to base this change. The Committee therefore examined Federal Rule of Criminal Procedure 24 that provides that alternate jurors may be retained after the jury retires to deliberate but the trial court must ensure that the alternate does not discuss the case with anyone. Under the federal rule, if the alternate replaces a principal juror, the court must instruct the jury to begin its deliberations anew.

Furthermore, when Rule 645 was last reviewed, in *Commonwealth v. Saunders*, 686 A.2d 25 (Pa. Super. 1996), the Superior Court declined to interpret Rule 645 as a bright-line restriction. In acknowledging the requirement to release alternates at the start of deliberations, the Superior Court held that a violation of the rule raised a presumption of prejudice toward the defendant that should mandate a new trial. However, the Superior Court held that the presumption could “be rebutted by evidence which establishes that sufficient protective measures were taken to insure the integrity of the jury function.” *Id.* at 27. Those procedures were (1) ensuring that the “alternate has not been exposed to any improper outside influences;” (2) directing the recomposed jury to “begin deliberations anew,” so to eliminate “the influence of the excused juror” and allow the regular jurors “to consider the evidence in the context of full and complete deliberations with the new juror;” and (3) instructing the recomposed jury that the removal of the original juror had nothing to do with his or her views on the case or relationship with the fellow jurors to eliminate any

impression that the remaining jurors risk removal for having similar beliefs. *Id.* at 29.¹

The Committee therefore concluded that Rule 645 should be amended to permit the retention of an alternate juror for replacing a principal juror who becomes incapacitated even after deliberations have begun. One member suggested that the “default” for the rule should be that the alternates would be retained and the court would have the discretion to release the alternate. This led to an examination of exactly what it would mean to “retain” the alternate jurors.

The Committee considered the fact that sitting juries are rarely sequestered in current practice and jurors are often permitted to return to their homes at the end of the day during deliberations. Proper instructions given in these situations are sufficient to ensure an untainted jury. The Committee concluded that the same procedure could be applied to alternate jurors and agreed that the rule should provide that alternate jurors be retained in every case. Such a provision is not unprecedented. *See* Arizona Rule of Criminal Procedure 18.5(h).

It would be within the trial judge’s discretion whether the alternates would be sequestered, ordered to remain in the courthouse or could be released to their homes with instructions to remain available for recall if needed. However, it is clear that alternate jurors are not permitted to be present in the jury room during deliberations unless they have replaced an excused principal juror. *See Commonwealth v. Coleman*, 119 A.2d 261 (Pa. 1956). The alternates would be treated the same as any other juror while retained on jury service.

The proposed amendments would delete current paragraph (B) that contains the requirement that the alternates be discharged prior to deliberations. New paragraph (B) would contain the requirement that the alternates be retained on jury service while language to be added to the Comment would explain that the restrictions to be placed on such retained jurors were within the discretion of the trial judge. Paragraph (B) would also contain the procedures designed to ensure that the alternates would not be tainted once deliberations were undertaken.

New paragraph (C) would provide the procedures to be followed for replacing a juror post-submission, incorporating the required steps described in *Saunders*. These requirements are subdivided to describe the provisions related to (1) the colloquy of and instructions to the alternate juror before that alternate is placed on the jury and (2) the instructions to be given to the reconstituted jury once that alternate has been seated.

The Comment would also provide that, once the jury is reconstituted, the trial judge would have the discretion to re-instructing the reconstituted jury with the original charge. Finally, language would be added to the Comment to ensure that nothing in the rule was construed as intending to preclude an agreement among the parties to be tried by less than 12 jurors as provided in Rule 641.

[Pa.B. Doc. No. 13-763. Filed for public inspection April 26, 2013, 9:00 a.m.]

¹ Ultimately, a new trial was ordered in *Saunders* due to the failure of the trial court to instruct the original jurors to disregard their prior deliberations but, in fact, ordered to the contrary by directing original jurors to disclose to alternate what had transpired during prior deliberations.

PART I. RULES

[237 PA. CODE CHS. 1 AND 11]

Proposed Rules 182 and 1182

The Juvenile Court Procedural Rules Committee is planning to recommend to the Supreme Court of Pennsylvania that new Rules 182 and 1182 be adopted. These proposed additions address qualifications of masters.

It is also important to note that the Committee is recommending a two-year effective date from the date of adoption to give the Pennsylvania Continuing Legal Education Board ample time to approve courses and for masters to gain additional experience and training.

The following Explanatory Report highlights the intent of these Rules. Please note that the Committee’s Reports should not be confused with the official Committee Comments to the Rules. Also note that the Supreme Court does not adopt the Committee’s Comments or the contents of the Explanatory Reports.

The Committee requests that interested persons submit suggestions, comments, or objections concerning this proposal to the Committee through counsel, Christine Riscili at juvenilerules@pacourts.us. - i) the Juvenile Act;
- ii) the Pennsylvania Rules of Juvenile Court Procedure;
- iii) the penal laws of Pennsylvania;
- iv) the Child Protective Services Law;
- v) the collateral consequences to an adjudication of delinquency; and
- vi) any local procedures and state regulations.

B. Continuing Education. A master shall complete six hours of instruction in juvenile delinquency law, policies, or related social science research every two years, which shall include:

- 1) updates in the initial training areas as provided in paragraphs (A)(3)(b)(i)—(vi); and

C. Compliance. A master shall sign an affidavit attesting that he or she has met the requirements of this rule. The affidavit shall be sent to the President Judge or his or her designee of each judicial district where the attorney is appointed as a master.

Comment

Pursuant to paragraph (A), masters are to have at least five years of experience as an attorney with at least two years of experience in juvenile law. If attorneys do not have two years of experience in juvenile law, they may attend a training to qualify as masters over juvenile cases.

The training program is to be approved by the Pennsylvania Continuing Legal Education Board.

The Pennsylvania Continuing Legal Education Board may approve courses designed to address the requirements of paragraph (B) for continuing education. These requirements are additional requirements to the Pa.R.C.L.E. because they mandate specific training in juvenile delinquency law. However, the credit hours received do count towards the total maximum required under Pa.R.C.L.E. 105.

Pursuant to paragraph (C), a master is to certify to the court that the requirements of this rule have been met.

B. Continuing Education. A master shall complete six hours of instruction in juvenile dependency law, policies, or related social science research every two years, which shall include:

- 1) updates in the initial training areas as provided in paragraphs (A)(3)(b)(i)—(iv); and
- 2) child and adolescent development.

C. Compliance. A master shall sign an affidavit attesting that he or she has met the requirements of this rule. The affidavit shall be sent to the President Judge or his or her designee of each judicial district where the attorney is appointed as a master.

Comment

Pursuant to paragraph (A), masters are to have at least five years of experience as an attorney with at least two years of experience in juvenile law. If attorneys do not have two years of experience in juvenile law, they may attend a training to qualify as masters over juvenile cases.

The training program is to be approved by the Pennsylvania Continuing Legal Education Board.

The Pennsylvania Continuing Legal Education Board may approve courses designed to address the requirements of paragraph (B) for continuing education. These requirements are additional requirements to the Pa.R.C.L.E. because they mandate specific training in juvenile dependency law. However, the credit hours received do count towards the total maximum required under Pa.R.C.L.E. 105.

Pursuant to paragraph (C), a master is to certify to the court that the requirements of this rule have been met.

Official Note: Rule 1182 adopted _____, effective _____ (Committee recommending two years after adoption date).

Explanatory Report

Background

This recommendation was prompted by the Recommendation of the Interbranch Commission on Juvenile Justice (ICJJ) and will only address master qualifications. On page 46 of the ICJJ Report, the ICJJ recommended the need for “masters to be properly educated about the Juvenile Act, child development, and problems unique to the relationship between children and their families.” Further, the ICJJ recommended that the Supreme Court develop mandatory continuing education standards for juvenile masters. See ICJJ Report at pg. 46.

In addition to the recommended educational requirements by the ICJJ for “delinquency” matters of juvenile

court, the Committee believed educational requirements were just as important and necessary for “dependency” matters.

The purpose of these rule additions is to provide a minimum standard for education, experience, and training of masters. Judicial districts are encouraged to provide additional educational and training courses for its masters.

Rule Discussion

Rules 182 and 1182—Qualifications of Master

These new proposed rules govern the qualifications of masters. Prior to presiding over juvenile cases, these attorneys must be a member, in good standing, of the Bar of this Commonwealth, have been licensed to practice law for five years, and either: 1) have consistently practiced in juvenile law for at least two years; or 2) have completed the initial training program.

In addition, these attorneys should have experience in diverse cases. It would be beneficial if the attorney handled juvenile cases prior to becoming a master with experience in several different types of allegations and at different stages of the process, including detention or shelter-care hearings, adjudicatory hearings, transfer or permanency hearings, dispositional hearings, and dispositional review hearings.

After the initial training or experience requirement has been met, attorneys are required to continue their legal education with updates in delinquency or dependency law and child and adolescent development. This requirement is an additional requirement to the Pa.R.C.L.E. because it mandates education specifically in juvenile delinquency or dependency law; whereas the Pa.R.C.L.E. do not mandate specific training areas. *See* paragraph (B). Six hours of this specific education must be completed every two years. However, these hours will count towards the mandatory twelve hours of continuing legal education each year mandated by Pa.R.C.L.E. 105.

Pursuant to paragraph (C), masters must attest that they have met the requirements of this rule prior to presiding over juvenile matters, and every two years after the initial affidavit, they must submit a new affidavit.

RULES AND REGULATIONS

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 147]

Special Permits; Mentored Youth Hunting Program Permit

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its January 29, 2013, meeting amended § 147.804 (relating to general) to allow a mentor to transfer a valid Deer Management Assistance Program (DMAP) permit issued to him to an eligible mentored youth upon the harvest of an antlerless deer.

The final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 42 Pa.B. 6760 (October 27, 2012).

1. Purpose and Authority

Sporting organizations and other interested groups have continued to express an interest in having the Commission expand mentored youth hunting opportunities within this Commonwealth. These groups supported the amendment to § 147.804 to permit the transfer of no more than one DMAP permit to a mentored youth hunter per license year. This will not significantly increase antlerless deer harvest and is consistent with the goal of providing additional mentored youth hunting opportunity.

Section 2711(a.1) of the code (relating to unlawful acts concerning licenses) states that "For the sole purpose of implementing and enhancing a mentored youth hunting program within this Commonwealth, the commission may establish regulations exempting certain limited youth hunting activities from the prohibitions specified in subsection (a)(1), (3), (5) and (8)." Section 2102(a) of the code (relating to regulations) provides that "The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth." The amendments to § 147.804 were adopted under this authority.

2. Regulatory Requirements

The final-form rulemaking amends § 147.804 to allow a mentor to transfer a valid DMAP permit issued to him to an eligible mentored youth upon the harvest of an antlerless deer.

3. Persons Affected

Persons wishing to hunt antlerless deer within this Commonwealth under the mentored youth hunting program will be affected by the final-form rulemaking.

4. Comment and Response Summary

The Commission received two comments in support of the final-form rulemaking.

5. Cost and Paperwork Requirements

The final-form rulemaking may result in some additional cost and paperwork associated with the affects transferring tags will have on the Pennsylvania Automated License System. However, the Commission has determined that if there is additional expense associated with this effort, it will not be substantial and would be absorbed by the current budget.

6. Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding the final-form rulemaking, contact Richard R. Palmer, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending § 147.804 to read as set forth at 42 Pa.B. 6760.

(b) The Executive Director of the Commission shall certify this order and 42 Pa.B. 6760 and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall become effective upon final-form publication in the *Pennsylvania Bulletin*.

CARL G. ROE,
Executive Director

PROPOSED RULEMAKINGS

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 605a, 639a, 641a, 643a, 647a, 653a, 655a AND 657a]

Electronic Gaming Tables and Table Games Rules of Play

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 13A02(1) and (2) (relating to regulatory authority), proposes to amend Chapters 605a, 639a, 641a, 643a, 647a, 653a, 655a and 657a to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

This proposed rulemaking will add requirements for progressive table game systems that are linked between multiple tables within the same licensed facility, add the Progressive Payout Wager to Crazy 4 Poker, Caribbean Stud Poker, Four Card Poker, Let It Ride Poker and Texas Hold 'Em Bonus Poker and the Bad Beat Wager to Four Card Poker.

Explanation

Progressive table games

Section 605a.7(a)(1) (relating to progressive table games) is proposed to be amended to require the progressive meter on tables to increase in value based on the wagers. Unlike slot machine progressives, progressive jackpots on table games are player funded (with the exception of the seed amount). Therefore, the meter should be incrementing every time a player places a progressive wager. For the same reasons, the option in subsection (b)(4) to place caps or limits on the progressive jackpot amounts is proposed to be deleted.

Proposed amendments to subsection (b)(4) require that if an operator is going to fund a reserve pool with a portion of the patron's wager on a progressive, the proposed incrimination rate must be included in the operator's submission to the Bureau of Gaming Laboratory Operations.

For clarity, subsection (d)(1) and (2) is proposed to be consolidated. Specificity is proposed to be added in renumbered subsection (d)(3) regarding what is to happen to a progressive jackpot amount if a meter malfunctions.

Proposed subsection (e) prohibits operators from capping a meter or offering more than one progressive on the same table game (for example, a Five-Card and Four-Card Progressive). The Board believes that having multiple progressives on the same table game will create problems with administering the progressives and will lead to confusion. Proposed subsection (e)(3) requires that if operators were to offer progressives, the required wager amount would have to be a set amount to ensure fairness to all players vying for the progressive jackpot (a percentage of the jackpot meter).

Linked progressive tables

A local area progressive (LAP) controller links different games within the same licensed facility together for the purpose of offering a shared progressive jackpot. A definition of "local area progressive controller" is proposed to be

added to § 605a.1 (relating to definitions). Proposed § 605a.8 (relating to linked progressive table games) includes key control and general system specifications for LAP controllers.

Additionally, to ensure fairness to players, if a certificate holder is offering a linked progressive, the linked games must have the same probability of hitting the jackpot and the same amount shall be wagered by the players participating in the side bet. See § 605a.8(g).

Progressive payout wager

The Progressive Payout Wager (referred to in several of the chapters as the Five-Card Progressive Payout Wager for games that already include a Three or Four-Card Progressive Wager) is an optional side wager that the player's five-card hand will contain a three-of-a-kind or better. This side wager may be offered on a single table (such as one Four Card Poker table), on multiple tables (a bank of Four Card Poker tables) or across multiple games within the same licensed facility (Four Card Poker, Crazy 4 Poker and Let It Ride Poker tables, for example). The purpose of linking multiple tables and games together is to increase the number of individuals contributing to and playing for the progressive jackpot amount.

Under this proposed rulemaking, the Progressive Payout Wager (Five-Card Progressive Payout Wager) may be played on any of the following games: Caribbean Stud Poker; Four Card Poker; Let It Ride Poker; Texas Hold 'Em Bonus Poker; Ultimate Texas Hold 'Em Poker; Mississippi Stud; and Crazy 4 Poker. For these games, language is proposed to be added specifying that if a facility were to offer a linked progressive, the table game system must comply with § 605a.8. For games that did not previously include a payout based on a five-card Poker hand, hand rankings are proposed to be added. A description of the Progressive Payout Wager, how the wager is to be settled and when it is to be settled, and the payout odds and amounts are proposed to be added.

In addition, several chapters are proposed to be amended to ensure that players wagering on a progressive have the same probability of winning the jackpot.

In Caribbean Stud Poker, the Progressive Payout Wager based on a five-card hand is already included as an optional side wager. However, the Progressive Payouts previously approved in paytables A—C may be utilized only on single table progressives but may not be used for linked table progressives. Therefore, proposed amendments to §§ 639a.11 and 639a.12 (relating to procedure for completion of each round of play; and payout odds; rate of progression) specify that if operators were to offer linked progressives, only proposed payable D, which includes an Envy Bonus, could be utilized.

Proposed amendments to § 647a.2(c) (relating to Texas Hold 'Em Bonus Poker table physical characteristics) specify that if an operator were to offer the Progressive Payout Wager, the table must be equipped with a progressive table game system. This language is proposed to be added because other progressive wagers were not previously authorized for Texas Hold 'Em. As this is the first progressive side wager authorized, additional requirements regarding the use of the progressive table game system are proposed to be added in §§ 647a.8, 647a.9 and 647a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe).

Proposed amendments to § 653a.11 (relating to procedures for completion of each round of play) ensure that only the player's two cards and the first three community cards (the Flop) may be used to form the best five-card Poker hand for purposes of the Progressive Payout Wager. This clarifying language is proposed to be included because allowing players to create the best five-card Poker hand from the seven cards dealt (the player's two cards and five community cards) would create an advantage to players at Ultimate Texas Hold 'Em Poker if those players were vying for the linked progressive jackpot against players at tables in which only the player's first five cards were used to create the best possible hand.

In Mississippi Stud, language is proposed to be amended in § 655a.11(i)(4)(i)(D) (relating to procedures for completion of each round of play) for consistency with the other chapters that offer progressive jackpot payouts.

Proposed amendments to § 657a.11 (relating to procedures for completion of each round of play) specify that for the Five-Card Progressive Payout Wager, the dealer shall consider all five cards dealt to the player to determine a winning hand. This clarifying language is proposed to be included because other wagers in Crazy 4 Poker are based on the best four-card hand a player can make from the five cards dealt.

Bad Beat Bonus Wager

The Bad Beat Bonus Wager is proposed to be added to Four Card Poker. The layout requirements are proposed to be added in § 641a.2(b)(4) (relating to Four Card Poker table physical characteristics), the wager description is proposed to be added to § 641a.7(d)(6) (relating to wagers), the procedure for payment of winning wagers and the collection of losing wagers is proposed to be added in § 641a.11(c)(6) (relating to procedures for completion of each round of play) and the payout odds are proposed to be added in § 641a.12(f) (relating to payout odds; Envy Bonus; rate of progression).

Fiscal Impact

Commonwealth. The Board does not expect that this proposed rulemaking will have fiscal impact on the Board or other Commonwealth agencies. Testing of LAP controllers and progressives and updates to Rules Submissions and internal control procedures will be reviewed by existing Board staff.

Political subdivisions. This proposed rulemaking will not have fiscal impact on political subdivisions of this Commonwealth.

Private sector. This proposed rulemaking will provide certificate holders with additional operational options. If a certificate holder decides to offer the Progressive Payout Wager, the Bad Beat Bonus Wager or linked progressive jackpots within the licensed facility, the certificate holder will be required to train their dealers on the rules of play and may need to purchase new equipment which will allow for the placement of progressive wagers. Costs incurred to train employees or purchase or lease equipment should be offset by the proceeds of gaming.

General public. This proposed rulemaking will not have fiscal impact on the general public.

Paperwork Requirements

If a certificate holder selects different options for the play of table games, the certificate holder will be required to submit an updated Rules Submission reflecting the changes. These forms are available and submitted to Board staff electronically.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking within 30 days after the date of publication in the *Pennsylvania Bulletin* to Susan A. Yocum, Assistant Chief Counsel, Attention: Regulation #125-169 Public Comment, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060.

Contact Person

The contact person for questions about this proposed rulemaking is Susan Yocum, Assistant Chief Counsel, (717) 346-8300.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

The respective facility will become a major facility for which a Title V operating permit has not been issued.

The Department's review of the information submitted by Hitachi Metals Automotive Components USA, LLC indicates that modification of the foundry will meet all applicable air quality regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department intends to approve the application and issue plan approval for modification of the foundry. Additionally, if the Department determines the foundry is operating in compliance with all plan approval conditions, the conditions established in the plan approval will be incorporated into a Title V operating permit.

In addition to the emission limitations, the following is a summary of the types of conditions the Department intends place in the plan approval to ensure compliance with all applicable regulatory requirements:

1. No more than 110,000 tons of metal shall be melted in the two induction furnaces in any 12 consecutive month period.
2. The metallic hazardous air pollutant emissions from the induction melting furnaces shall not exceed 0.00213 pound per ton of metal charged.
3. Ferro-manganese or similar manganese-bearing materials may be added to the metal melted in the induction furnaces in order to meet customer specifications, on the condition that the total quantity of such material added does not exceed 48,000 pounds in any 12 consecutive month period. The permittee shall not intentionally add any alloying material containing nickel, chromium or other substances designated as hazardous air pollutants (other than the manganese authorized herein) to the metal melted in the induction furnaces. Any nickel, chromium, etc. which may be present in the pig iron or scrap fed to the induction furnaces shall not be considered a violation of this condition provided that the content of such substances in the pig iron and scrap is minimal (total combined content of all such substances in any furnace charge not to exceed 1% by weight).

4. The emission of volatile organic compounds from the 2070 pouring and cooling line shall not exceed 1.102 pounds per ton of metal poured, as measured at the stack.

5. The emission of volatile organic compounds from the 2070 vibrating shakeout conveyor system shall not exceed 0.170 pound per ton of metal poured, as measured at the stack.

6. The emission of volatile organic compounds from the 2070 cooling/separation drum shall not exceed 0.110 pound per ton of metal poured, as measured at the stack.

7. The total combined emission of volatile hazardous air pollutants from the 2070 casting line shall not exceed 0.444 pound per ton of metal poured, as measured at the stack.

10. The emission of volatile organic compounds from the 2013 cooling/separation drum shall not exceed 0.110 pound per ton of metal poured, as measured at the stack.

11. The total combined emission of volatile hazardous air pollutants from the 2013 casting line shall not exceed 0.444 pound per ton of metal poured, as measured at the stack.

12. The total combined emission of volatile organic compounds from the three core-making machines incorporated in the polyurethane cold box core making operation shall not exceed 8.02 tons in any 12 consecutive month period.

13. The total combined amount of Isocure WTC I and WTC II resins (and/or resins determined by the Department to have an equivalent, or lower, air contaminant emission potential) used in the three core-making machines incorporated in the polyurethane cold box core making operation shall not exceed 329,710 pounds in any 12 consecutive month period.

14. Only non-hazardous air pollutant catalysts shall be used the three core-making machines incorporated in the polyurethane cold box core making operation.

17. The facility-wide volatile organic compound emission limitation specified in State Only Operating Permit 59-00017 is no longer applicable.

18. All conditions contained in State Only Operating Permit 59-00017 remain in effect unless superseded or amended by conditions contained in this plan approval. If there is a conflict between a condition or requirement contained in this plan approval and a condition or requirement contained in State Only Operating Permit 59-00017, the permittee shall comply with the condition or requirement contained in this plan approval rather than the conflicting condition or requirement contained in

State Only Operating Permit 59-00017. This plan approval supersedes Plan Approval 59-00017C.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

The stream and wetland impacts are a result of placing fill and rip rap due to the drainage improvements and the roadway widening. The project impacts will be located throughout Black Hole Creek, Unnamed Tributaries to Black Hole Creek, Unnamed Tributaries to the Susquehanna River and the wetland located directly adjacent to the existing roadway. Black Hole Creek and the Unnamed Tributaries are classified as Trout Stream Fisheries by Title 25, Chapter 93 Water Quality Standards. The Unnamed Tributaries to the Susquehanna River are classified as Cold Water Fisheries by Title 25, Chapter 93 Water Quality Standards.

ENVIRONMENTAL ASSESSMENTS

EA56-007. National Park Service. c/o Allegheny Portage Railroad NHS, 110 Federal Park Road, Gallitzin, PA 16641, Stonycreek Township, **Somerset County**, ACOE Pittsburgh District.

On November 3, 2009, the Department approved an Environmental Assessment and granted 401 Water Quality Certification, under Section 401(a) of the Federal Clean Water Act, to the National Park Service (NPS), regarding the following activities:

1. to place and maintain fill, to construct and maintain a road with multiple pipes (18" or 30" minimum diameter) and to construct and maintain a boardwalk in 1.79 acres of wetland (PEM/POW),

2. to place and maintain fill in 0.2 acre of open water,

3. to remove 0.09 acre of wetland through the modification of an existing pond, and

4. to place and maintain fill in approximately 521 feet of an unnamed tributary within the Grove Run watershed (CWF),

for the purpose of constructing Phase 1A of the Flight 93 National Memorial. In addition, 2.09 acres of wetland (PEM/POW) will be temporarily impacted from the construction of a cofferdam and causeway, and 2.36 acres of open water will be temporarily dewatered, during the

construction of the memorial. The project is located off of Skyline Road, approximately 1.2 miles southeast of this roadway's intersection with Lambertsville Road, in Stonycreek Township, Somerset County. To compensate for the permanent impacts, 2.55 acres of replacement wetland, 0.2 acre of open water and 1,314 feet of channel will be constructed. If successfully created, the additional wetland replacement acreage of approximately 0.67 acre will be utilized to compensate for potential impacts that may result from the construction of future phases of the memorial (Pittsburgh ACOE District, Stoystown, Pa Quadrangle, N 9.5", West 4.2"; Sub-basin 18E, Latitude 40° 3' 8", Longitude 78° 54' 16").

The National Park Service is now requesting environmental assessment approval and 401 Water Quality Certification to temporarily impact approximately 1.65 acres of wetland (PEM/POW), to construct temporary access roads and crane pads, to facilitate the construction of the

pedestrian bridge/boardwalk, which was granted 401 Water Quality Certification with the previous/aforementioned environmental assessment approval.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

Nursing Home Patient Safety Trust Fund Surcharge for Fiscal Year 2012-2013 as Provided for under the Medical Care Availability and Reduction of Error (MCARE) Act

Because of an inadvertent error in the notice published at 43 Pa.B. 1934 (April 6, 2013), the Department of Health (Department) is reprinting the document in its entirety to ensure accuracy of the information contained in this document.

Sections 401—411 of the Medical Care Availability and Reduction of Error (MCARE) Act (MCARE Act) (40 P. S. §§ 1303.401—1303.411) require nursing homes to electronically report health care-associated infection (HAI)

data to the Department and the Patient Safety Authority (Authority). Mandatory reporting of nursing home HAIs was implemented in June 2009.

Section 409 of the MCARE Act states that every fiscal year, beginning July 1, 2008, each nursing home shall pay the Department a surcharge on its licensing fee to provide sufficient revenues for the Authority to perform its responsibilities related to the MCARE Act. The base amount of \$1 million for Fiscal Year (FY) 2008-2009 has the potential to be increased no more than the Consumer Price Index in each succeeding fiscal year.

The FY 2010-2011 surcharge was \$800,000. The Authority has recommended that the FY 2012-2013 surcharge assessment total \$900,000.

To assess the surcharge in an equitable manner, the number of licensed nursing home beds as of December 31, 2012, was totaled and that amount was divided into \$900,000. The total number of licensed beds is 85,946. This equates to a surcharge of \$10.47 per bed.

To obtain a copy of the assessment for all facilities, send an e-mail to paexcept@pa.gov, and request the 2012-2013 MCARE surcharge assessment list for nursing care facilities.

Each facility will receive notification from the Department setting forth the amount due, date due and the name and address to which the payment should be sent. Payment will be due within 60 days. The MCARE Act authorizes the Department to assess an administrative penalty of \$1,000 per day on facilities who fail to pay the surcharge by the due date.

If a nursing care facility has questions concerning this notice, a representative from that facility should contact Susan Williamson, Director, Division of Nursing Care Facilities, Room 526, Health and Welfare Building, 825 Forster Street, Harrisburg, PA 17120, (717) 787-1816.

Persons with a disability who require an alternative format of this document (for example, large print, audiotape or Braille) should contact Susan Williamson at the address or telephone number listed previously, or for speech and/or hearing impaired persons V/TT (717) 783-6514, or the Pennsylvania AT&T Relay Service at (800) 654-5984.

INDEPENDENT REGULATORY REVIEW COMMISSION

Action Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10 a.m., Thursday, April 4, 2013, and announced the following:

Action Taken—Regulation Disapproved:

State Board of Chiropractic #16A-4320: Licensure by Reciprocity (amends 49 Pa. Code § 5.13)

Disapproval Order

Public Meeting Held
April 4, 2013

Commissioners Voting: Silvan B. Lutkewitte, III, Chairperson; George D. Bedwick, Vice Chairperson; John F. Mizner, Esq.; Lawrence J. Tabas, Esq.; Dennis A. Watson, Esq.

*Order Issued April 15, 2013:
State Board of Chiropractic—
Licensure by Reciprocity;
Regulation No. 16A-4320 (#2907)*

On September 6, 2011, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Chiropractic (Board). This rulemaking amends 49 Pa. Code § 5.13. The proposed regulation was published in the September 17, 2011 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on February 21, 2013.

According to the Board, the purpose of the rulemaking is to simplify the process for licensure by reciprocity, make clear what the standards are and permit more chiropractors to qualify for licensure.

Section 504 of the Chiropractic Practice Act (Act) (63 P. S. § 625.504) is entitled "Reciprocity." It allows the Board to grant licenses without further examination to individuals from other states and provinces of Canada if all of the following conditions are met:

- The standards for licensing in such states or provinces are substantially the same as those provided in the Act.
- Similar privileges are accorded persons licensed in this Commonwealth.
- The applicants hold valid licenses.
- The applicable rules and regulations prescribed by the Board are complied with.

The Board has eliminated language from § 5.13(a)(4) of the regulation that conveyed the requirement of section 504(2) of the Act (63 P. S. § 625.504(2)). The language being eliminated from the final-form regulation stated, "whose standards for licensure by examination are substantially equivalent to those required by the act and this chapter for licensure." We note that the following language was also eliminated from § 5.13(a)(4) during the

proposed rulemaking stage, "accepts Pennsylvania licensees for licensure by reciprocity." These deletions nullify the "Similar privileges are accorded persons licensed in this Commonwealth" standard required by the Act. The deletions do not simplify the process of licensure by reciprocity, rather, they eliminate it completely from the regulation. This makes the regulation inconsistent with the Act and with the intent of the General Assembly.

We have determined that this regulation is not consistent with the intention of the General Assembly in the enactment of the statute upon which the regulation is based. Section 5.2(a) of the Regulatory Review Act (71 P. S. § 745.5b(a)). Therefore, we find promulgation of this regulation is not in the public interest.

By Order of the Commission:

The regulation #16A-4320 (IRRC #2907) from the State Board of Chiropractic was disapproved on April 4, 2013.

Doc. No. C-2013-2316848*

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement prosecutory Staff hereby represents as follows:

1. That Jeff's Taxi, Respondent, maintains a principal place of business at 132 Pike Street, Port Jervis, NY 12771.
2. Information before this Commission indicates that Respondent, on June 28, 2012, transported Enforcement

Officer Richard Zaleski, a duly authorized officer of this Commission, from Walmart to 210 W. Ann Street, Milford. The driver was asked by the Enforcement Officer what it would cost. The driver indicated it would be \$10.00. Upon arrival at 210 W. Ann Street, Milford, the driver was stopped by Enforcement Officer Blank, a duly authorized officer of this Commission. The owner of the company, Jeff Norberg was contacted, It was requested that he come to 210 W. Ann Street. Upon arrival the officer explained to him that he does not have the authority to operate as a Pennsylvania to Pennsylvania carrier. The owner indicated that he was aware of what he needed to operate. It was found that Respondent transported passengers for compensation while not then holding a Certificate of Public Convenience issued by this Commission.

3. That Respondent, in performing the acts described in Paragraph 2 of this complaint, violated the Public Utility Code, 66 Pa.C.S. § 1101, in that Respondent held itself out to transport passengers in use for compensation between points in the Commonwealth of Pennsylvania while not then holding a Certificate of Public Convenience issued by this Commission. The penalty is \$1,000. Future violations may result in possible criminal prosecution with penalties up to \$10,000.00 and one year in prison.

Wherefore, the Bureau of Investigation and Enforcement Prosecutory Staff hereby requests that the Commission fine Jeff's Taxi, the sum of One Thousand Dollars (\$1,000.00) for the illegal activity described in this complaint, and order such other remedy as the Commission may deem to be appropriate.
