READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

By statute, a defendant may not be released but must be brought before the issuing authority for a preliminary arraignment when a police officer has arrested the defendant for failure to comply with the registration requirements for sexual offenders, see 18 Pa.C.S. § [4915(E)(2)] 4915.1(e)(2), or when a police officer has arrested the defendant in a domestic violence case, see 18 Pa.C.S. § 2711. *See also* 23 Pa.C.S. § 6113(c) of the Protection from Abuse Act.

With reference to the provisions of paragraph (B)(2) relating to the issuance of a summons, see also Part B(2) of this Chapter, Summons Procedures.

For procedures in summary cases initiated by an arrest without warrant, see Rule 441.

Official Note: Original Rule 118 and 118(a) adopted June 30, 1964, effective January 1, 1965, suspended January 31, 1970, effective May 1, 1970. New Rule 118 adopted January 31, 1970, effective May 1, 1970; renumbered Rule 130 September 18, 1973, effective January 1, 1974; amended December 14, 1979, effective April 1, 1980; amended April 24, 1981, effective July 1, 1981; amended January 28, 1983, effective July 1, 1983; Comment revised July 12, 1985, effective January 1, 1986;

January 1, 1986 effective date extended to July 1, 1986; renumbered Rule 102 and amended August 9, 1994, effective January 1, 1995; Comment revised September 26, 1996, effective immediately; renumbered Rule 518 and amended March 1, 2000, effective April 1, 2001; renumbered Rule 519 and amended May 10, 2002, effective September 1, 2002; amended June 30, 2005, effective August 1, 2006; **Comment revised July 1, 2013, effective August 1, 2013.**

Final Report explaining the July 1, 2013 revision of the Comment adding a cross-reference to 18 Pa.C.S. § 4915.1 published with the Court's Order at 43 Pa.B. 4062 (July 20, 2013).

FINAL REPORT¹

Revision to the Comment to Pa.R.Crim.P. 519

Correction to Statutory Cross-Reference

On July 1, 2013, effective August 1, 2013, upon the recommendation of the Criminal Procedural Rules Committee, the Court adopted the revision to the Comment to Rule of Criminal Procedure 519, adding a cross-reference to 18 Pa.C.S. 4915.1(e)(2).

On December 20, 2011, Governor Corbett signed into law Act 111 of 2011 that brings the state into compliance with the federal Adam Walsh Child Protection and Safety Act of 2006. Included in this statute is new section of Title 18, Section 4915.1(e)(2), governing arrest without warrant procedures when a sexually violent defendant fails to register. This new section is identical to former 18 Pa.C.S. § 4915(e)(2).² The Rule 519 Comment had been revised in 2005 to add a cross-reference to this statute because the section, contrary to the release provisions in Rule 519, prohibits the release of a defendant following an arrest without a warrant on charges of failing to register. After reviewing the new statutory provisions, the Committee agreed that, to avoid any confusion that the new section might not be an exception to the release provisions in Rule 519, a reference to the new statutory provision has been added to the Rule 519 Comment and the previous reference to 18 Pa.C.S. § 4915(e)(2) has been removed.

**TITLE 234. RULES OF CRIMINAL PROCEDURE
CHAPTER 10. RULES OF CRIMINAL PROCEDURE
FOR THE PHILADELPHIA MUNICIPAL COURT
AND THE PHILADELPHIA TRAFFIC COURT**

PART A. Philadelphia Municipal Court Procedures

Rule 1013. Prompt Trial—Municipal Court.

* * * * *

Comment

* * * * *

Paragraph (A)(4) is intended to provide a minimum 60-day period for trial of those cases which become Municipal Court cases when, at the preliminary hearing, in court, or otherwise after preliminary arraignment, all offenses punishable by more than five years imprisonment are discharged.

The time for trial in cases that originate as Court of Common Pleas cases and are transferred to the Municipal Court but are subsequently transferred back to the Court of Common Pleas are governed by Rule 600. See *Commonwealth v. Far*, Pa. , 46 A.3d 709 (2012).

“Order requiring the retrial,” as used in paragraph (H) is intended to include, for example, the declaration of a mistrial, or the withdrawal, rejection of, or successful challenge to a guilty plea.

Official Note: Rule 6013 adopted June 28, 1974, effective prospectively as set forth in paragraphs (A)(1) and (A)(2) of this rule; amended July 1, 1980, effective August 1, 1980; amended October 22, 1981, effective January 1, 1982; the amendment to paragraph (D) as it regards exclusion of defense-requested continuances was specifically made effective as to continuances requested on or after January 1, 1982, and paragraph (H), which provides the time for retrials, was specifically made effective as to retrials required by orders entered on or after January 1, 1982; amended September 3, 1993, effective January 1, 1994; renumbered Rule 1013 and amended March 1, 2000, effective April 1, 2001; amended August 8, 2002, effective January 1, 2003; amended June 26, 2003, effective July 1, 2003; **Comment revised July 1, 2013, effective August 1, 2013.**

Final Report explaining the July 1, 2013 Comment revision cross-referencing *Commonwealth v. Far* published with the Court’s Order at 43 Pa.B. 4063 (July 20, 2013).

FINAL REPORT¹

***Revision to the Comment to Pa.Rs.Crim.P. 1013
The Time for Trial in Cases Transferred from the
Court of Common Pleas to the Municipal Court
but are Subsequently Transferred Back
to the Court of Common Pleas***

On July 1, 2013, effective August 1, 2013, upon the recommendation of the Criminal Procedural Rules Committee, the Court approved the revision to the Comment to Rule of Criminal Procedure 1013, adding a cross-reference to *Commonwealth v. Far*, ___ Pa. ___, 46 A.3d 709 (2012).

On June 18, 2012, the Court issued its opinion in the case of *Commonwealth v. Far*, ___ Pa. ___, 46 A.3d 709 (2012), addressing whether the Rule 600 or Rule 1013 speedy trial provisions should be applied when a case is originally brought in the Philadelphia Court of Common Pleas, remanded to the Municipal Court, and subsequently transferred back to the Court of Common Pleas for a Commonwealth-requested jury trial.

Rule 600 provides that a case in which the defendant is free on bail must be brought to trial within 365 days from the filing of the complaint. Rule 1013 contains the speedy trial provisions applicable to the Philadelphia Municipal Court, specifically paragraph (A)(4) that states that a case that originates in the Philadelphia Court of Common Pleas but is then ordered to be tried in the Philadelphia Municipal Court must commence no later than 180 days from the date on which the preliminary arraignment is held or 60 days from the date on which the order is made, whichever is greater.

In *Commonwealth v. Far*, the defendants were originally charged with felony drug distribution on February 6, 2007. After several continuances of the preliminary hearing due to the Commonwealth’s inability to obtain a chemical laboratory report, the felony charges were withdrawn on July 13, 2007 and the case, which consisted only of misdemeanor charges, was remanded to the Municipal Court. On October 1, 2007, the Commonwealth indicated it would exercise its right to jury trial and petitioned to transfer the case back to the Court of Common Pleas. A preliminary hearing was held on December 7, 2007 and the case was held for trial at the Court of Common Pleas. In February 2008, the defendants moved for dismissal of the charges on speedy trial grounds under Rule 1013(A)(4). The Commonwealth argued that Rule 600 should be applied. The trial court and Superior Court agreed with the defendants’ positions and found a speedy trial violation.

This Court reversed, finding that Rule 1013 did not address the situation in which a case is subsequently transferred back to the Court of Common Pleas. Rule 1000 provides, where there is a procedure that is governed by a statewide procedural rule that is not covered by a Chapter 10 rule or Philadelphia local rule, the statewide rule will govern. Furthermore, Rule 1000 defines the Chapter 10 rules as governing “all proceedings in the Philadelphia Municipal Court” and, because the case was no longer in the Municipal Court, it was no longer a proceeding encompassed by Chapter 10.

¹ The Committee’s Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee’s Comments or the contents of the Committee’s explanatory Final Reports.

The Committee concluded that it would be helpful to refer the bench and bar to this analysis. Therefore, the Comment to Rule 1013 has been revised to add a cross-reference to the opinion in *Far*.

Application for Bail Without Hearing

And Now, this 28th day of June, 2013, It is hereby Ordered and Decreed that the existing Rule 4005(d) is rescinded and shall be entirely replaced by New Rule 529(f) in accordance with the following language effective September 1, 2013.

New Rule 529(f). Application for Bail Without Hearing.

An application for fixing or reducing bail, without issuance of writ of habeas corpus or requiring the appearance of Commonwealth witnesses, may be made to the assigned judge of the Court of Common Pleas by petition and order addressed to the court provided:

1. A copy of said petition has been presented to the District Attorney and the Bail Agency; and,
2. The District Attorney has no objection thereto, and so certifies on the original Petition.

When determining whether bail should be allowed, or the amount thereof, only the criminal transcript, the police report, or information supplied by the Delaware County Bail Agency need be considered on the application. Defendant is limited to one application, and neither the defendant, nor any prosecuting witness need personally appear before the court on the petition.

DELAWARE COUNTY
Bail Bonds Posted by Corporate Surety

And Now, this 28th day of June, 2013, It is hereby Ordered and Decreed that the existing Rule 4007(e) is rescinded and shall be entirely replaced by New Rule 531(e) in accordance with the following language effective September 1, 2013.

Rescinded Rule 4007(e). Corporate Surety.

Every surety company duly authorized to do business in Pennsylvania may become surety on any bond or obligation required to be filed in this court; provided that a currently effective certificate issued to it by the Insurance Department of the Commonwealth of Pennsylvania, evidencing such right, shall be on file with the Office of Judicial Support and provided that no bond shall be executed by any surety company after May 1 of any year unless such a certificate issued after March 31 of the same year shall have been filed with the Office of Judicial Support, and further provided that, with the exception of bonds filed by insurance companies in motor vehicle misdemeanors, any surety company shall be required to post the sum of \$25,000 as security with the Office of Judicial Support.

New Rule 531(e). Corporate Surety.

Pennsylvania Rule of Criminal Procedure 528(D)(5) recognizes the surety bond of a surety company authorized to do business in the Commonwealth of Pennsylvania as an acceptable form of security to satisfy the full amount of the monetary condition of a defendant's release

on bail. Rule 531 of the Pennsylvania Rules of Criminal Procedure permits, by local rule of Court, additional requirement to be imposed on surety companies approved by the Court. This Regulation sets forth the additional requirement imposed by this Judicial District on corporate sureties and their agents.

1. *Applicability.* This Regulation applies to any corporate surety and its agents seeking to post a bond in satisfaction of the full amount of the monetary condition of a defendant's release on bail.

2. *Definitions.* For purposes of this Regulation:

A "Corporate Surety" is any corporation, limited liability corporation or partnership which engages in the business of providing bail, providing or soliciting bail undertakings, or providing or soliciting indemnity or court indemnity to others on bail undertakings.

3. *Requirements for Approval.* To become qualified to act as a corporate surety, or agent thereof, with respect to the posting of bail bonds in the Thirty Second Judicial District of Pennsylvania, a corporate surety and its agents must:

a) Present satisfactory proof that the corporate surety is licensed by the Pennsylvania Department of Insurance to do business in the Commonwealth of Pennsylvania and registered with the Department of State.

b) Present satisfactory proof of the agency relationship between the corporate surety and its agent(s). The execution of any bail bond by such agent(s) shall be a valid and binding obligation of the corporate surety;

c) Present satisfactory proof that any agent designated to act on behalf of the corporate surety is duly licensed by the Pennsylvania Department of Insurance;

d) Present satisfactory proof that the corporate surety maintains an office in Delaware County from which its business is conducted, pursuant to 42 Pa.C.S. § 5744, and where service of notices may be made. Every corporate surety shall keep at its office in Delaware County the usual and customary records pertaining to transactions authorized by its license and/or the license of any of its agents, including, but not limited to, such records of bail bonds executed or countersigned by the corporate surety to enable the court to obtain all necessary information concerning such bail bonds for at least 3 years after the liability of the surety has been terminated. Such records must be open at all times to examination, inspection, and copying by the court or its representative, and the court may at any time require the corporate surety to furnish it, in such manner or form as the court requires, any information concerning the bail bond business of the corporate surety;

e) Certify that neither the corporate surety, nor its employees or agents, have been convicted of any criminal offense. The certification must be based on a criminal history search conducted by the Pennsylvania State Police for each employee or agent, and a copy of the search results must be attached to the list of employees or agents and certification submitted with the petition required by Section 5 of this Regulation. The on-line quick search/background check is not acceptable. Conviction of a corporate surety, or any of its employees or agents, will render the corporate surety ineligible to conduct business in the 32nd Judicial District.

f) Post with the Office of Judicial Support as security the minimum sum of \$50,000 in United States currency or unencumbered securities of the United States Government, which will entitle the corporate surety to post bond

in the aggregate sum of \$500,000 or post \$75,000 in US currency or unencumbered securities of the US Government, which will entitle the corporate surety to post bond in the amount of \$1,000,000, and by further posting the sum required for each individual bond or undertaking with the bail authority. Provided, however, that the corporate surety must post additional security with the Office of Judicial Support in the event the corporate surety intends to post bond in excess of \$1,000,000. The additional security to be posted with the Office of Judicial Support must be in units of \$50,000 which will entitle the corporate surety to post bond in the additional sum of \$1,000,000 per unit. No interest will be paid on any deposits;

g) Provide a financial statement certified by a Certified Public Accountant which verifies that the corporate surety has sufficient assets to satisfy all bail obligations undertaken by or on behalf of the corporate surety in the Delaware County and in other jurisdictions in which the corporate surety conducts business. A current certified statement must be filed with the petition required in Section 5 of this Regulations;

h) Certify that only the corporate surety, which is approved by the President Judge of the Delaware County Court of Common Pleas, or his designee, upon petition as provided in this Regulation, may post bail for criminal defendant, in the name exactly as it appears on the surety's license, and not in the name of any agent or other business entity;

i) Certify full compliance with the training and education requirements set forth in Section 7 of this Regulation;

j) Upon approval of the petition required in Section 5 of this Regulation, register with Delaware County and pay to the Office of Judicial Support an initial registration fee of \$400 plus any applicable filing fee, or such amount as may be established from time to time by the 32nd Judicial District, and County Council;

k) Certify that neither the corporate surety nor any agent or employee of such surety, will represent itself, directly or indirectly, as an employee or agent of the Commonwealth of Pennsylvania or Delaware County. The employees and agents of the corporate surety must not wear clothing or present badges or any other form of law enforcement credentials that create the impression of employment of the Commonwealth of Pennsylvania, Delaware County or any of its units, including the Pretrial Services Unit or the Warrant Unit of Delaware County;

l) Each applicant or licensee shall provide to the District Attorney such information as may be required concerning its business practices or business methods, or proposed business practices or methods, as a Corporate Surety. The Solicitor of Delaware County shall also be served with a copy of this information.

m) Certify that the corporate surety, its agents and employees are in compliance with all applicable laws, regulations, rules of court and procedures and that neither the corporate surety nor any of its agents or employees are under suspension or revocation in any jurisdiction.

4. *Standards of Conduct.* To remain qualified to post bond in Delaware County, the corporate surety and its agents must:

a) Maintain compliance with the requirements specified in Section 3 of this Regulation;

b) Provide quarterly statements certified by the corporate surety that it is in compliance with the security posting requirements specified in Section 3 of this regulation;

c) Provide, on a quarterly basis, or as often as requested by the Common Pleas Court President Judge, or his designee, a financial statement certified by a Certified Public Accountant which verifies that the corporate surety has sufficient assets to satisfy all bail obligations undertaken by the corporate surety and all agents acting on its behalf in Delaware County and in other jurisdictions in which the corporate surety conducts business;

d) Satisfy in full any judgment entered against a defendant, or the corporate surety, for a defendant's violation of a bail bond, within thirty (30) days of the issuance of the judgment. In the event the corporate surety fails to satisfy such judgment, the judgment will be satisfied from the funds posted with the Office of Judicial Support pursuant to Section 3 of this Regulation. In that event, the corporate surety will be prohibited from posting additional bail until such time as all judgments entered against the corporate surety are satisfied in full;

e) Immediately notify, in writing, the Common Pleas President Judge, or his designee, and the Office of Judicial Support, if the corporate surety, or any of its employees or agents, has been charged with any criminal offense, or if its license or the license of any of its agents has been revoked, suspended or not renewed in the Commonwealth of Pennsylvania or any other jurisdiction;

f) Certify continued full compliance with the training and education requirements set forth in Section 7 of this Regulation;

g) Annually renew their registration with Delaware County, provide all certifications required by this Regulation and pay to the Office of Judicial Support an annual renewal registration fee of \$200, on or before the anniversary date of the initial authorization to post bail, or such amount as may be established from time to time by the 32nd Judicial District and County Council.

h) Each applicant or licensee shall provide to the District Attorney such information as may be required concerning its business practices or business methods, or proposed business practices or methods, as a Corporate Surety. The Solicitor of Delaware County shall also be served with a copy of this information.

i) Fully comply with all laws, regulations, rules of court and procedures as may be established from time to time.

5. *Prohibited Conduct.* A corporate surety and its agents may not engage in prohibited conduct, which includes the violation of any applicable statute, rule, order or regulation, or the commission of any of the following acts by corporate sureties and/or their agents:

a) Having a license as a corporate surety, or agent thereof, revoked in this or any other state;

b) Being involved in any transaction which shows unfitness to act in a fiduciary capacity or a failure to maintain the standards of fairness and honesty required of a fiduciary;

c) Having any judgment entered which would reduce the surety's net worth below the minimum required for licensure;

d) Being convicted of any criminal offense;

e) Failing to promptly advise the President Judge of any change in circumstances which would materially affect any of the statements, information or certifications required by this Regulation;

f) Using an unregistered agent to post bail or provide any bail undertaking on behalf of the corporate surety;

g) Using an individual or entity not contracted and appointed by the corporate surety to post bail or provide bail undertaking on behalf of the corporate surety;

h) Signing, executing or issuing bonds by a person or entity which is not registered as an agent of the corporate surety and/or for which there is no satisfactory proof of an agency relationship with the corporate surety;

i) Executing a bond without the appropriate counter signature by a licensed and/or authorized agent at time of issue;

j) Failing to account for or pay any premiums held in a fiduciary capacity;

k) Misstating or misrepresenting any material fact in the initial petition required by this Regulation, or in any of the statements, information or certifications required by this Regulation;

l) Failing to preserve, and to retain separately, any collateral obtained as security on any bond;

m) Failing to return collateral taken as security on any bond to the depositor of such collateral, or the depositor's designee, within ten (10) business days of having been notified of the exoneration of the bond and upon payment of all fees owed to the corporate surety, whichever is later;

n) Offering or providing any consideration or gratuity to any person employed by, or incarcerated in, a jail facility, any person who has the power to arrest or to hold any person in custody, or to any officer of court and attorneys to obtain or secure business;

o) Failing to deliver to the defendant, and any person providing collateral on the defendant's behalf, prior to the time the defendant is released from jail, a one-page disclosure form which, at a minimum, must include:

- i. The amount of the bail;
- ii. The amount of the surety's fee, including bail bond premium, preparation fees, and credit transaction fees;
- iii. The collateral that will be held by the surety;
- iv. The defendant's obligations to the surety and the court;
- v. The conditions upon which the bond may be revoked;
- vi. Any additional charges or interest that may accrue;
- vii. Any co-signors or indemnitors that will be required; and
- viii. The conditions under which the bond may be exonerated and the collateral returned;

p) Failing to provide the Delaware County Bail Agency office the fully executed one-page disclosure form required by Section 9(O) of this Regulation at the time bond is posted;

q) Using a bail enforcement agent who has failed to comply with any of the requirements of this Regulation;

r) Advising, requiring or suggesting that, as a condition of posting a bail bond by a corporate surety, a defendant engage the services of a particular law firm or attorney;

s) Preparing or issuing a fraudulent or forged bail bond, power of attorney or other document;

t) Signing, executing, issuing or posting bail bonds by an unlicensed person;

u) Knowingly violating, advising, encouraging, aiding, abetting, or assisting the violation of any applicable statute, court order, rule or regulation;

v) Soliciting or procuring sexual favors as a condition of obtaining, maintaining or exonerating a bail bond, regardless of the identity of the person who performs such favors; and

w) Providing legal advice or a legal opinion in any form.

x) Shall not post bonds if the aggregate maximum amount of unsettled and outstanding bail forfeitures, as determined by the Office of Judicial Support, equals or exceeds the authorized amounts calculated as provided above. The Office of Judicial Support shall promptly notify the President Judge, or his designee, Director of Pre-Trial Bail, District Attorney and the applicable bondsman of any corporate surety having reached this maximum limit. Immediately upon notification, no further bonds by the corporate surety are authorized or acceptable for posting. When full financial settlement has been made of the outstanding bail forfeitures, the Office of Judicial Support shall notify the President Judge, or his designee, and the applicable bondsman that posting of bonds by the corporate surety may resume;

y) Shall not represent or identify itself, directly or indirectly, as employees or agents of the Commonwealth of Pennsylvania or Delaware County. The employees and agents of the corporate surety must not wear clothing or present badges or any other form of law enforcement credentials that create the impression of employment by the Commonwealth of Pennsylvania, Delaware County or any of its units, including the Pretrial Services Unit or the Warrant Unit of Delaware County;

6. *Process to be Utilized in Seeking Approval as a Corporate Surety.*

Any corporate surety which is licensed by the Pennsylvania Department of Insurance may seek approval to post bail in Delaware County by filing a petition and paying the filing fee with the Office of Judicial Support. The petition must provide the information, documents and certifications set forth in Section 4 of this Regulation. Upon filing, the petition shall be assigned to the President Judge, or his designee for determination.

7. *Training and Continuing Education*

To register as a corporate surety desiring to post bail in Delaware County, the corporate surety must certify that all employees and agents who will write any bail on its behalf in Delaware County, not less than thirty (30) hours of education in subjects pertinent to the duties and responsibilities of corporate sureties, including, but not limited to, all laws and regulations relating thereto, the criminal justice system, rights of the accused, bail bond industry ethics, prohibited conduct and apprehension of bail fugitives. Additionally, a corporate surety desiring to post bail in Delaware County must certify that all employees and agents who will write any bail on its behalf in Delaware County have satisfactorily completed not less than eight (8) hours of continuing education in these subjects during the year preceding any renewal of its registration in Delaware County.

8. *Bail Piece Procedure.* Whenever a bail piece is used pursuant to Pa.R.Crim.P. 536(B)(2) and the defendant is apprehended by or on behalf of the corporate surety or its agents, the defendant must be brought to the George W. Hill Correctional Facility or such other location as desig-

nated by a Common Pleas Judge of the 32nd Judicial District after the filing of a petition or presentation of a warrant.

9. *Review and Monitoring.* In accordance with 42 Pa.C.S. § 5747, the District Attorney of Delaware County shall be served with a copy of any petition filed pursuant to this Joint General Court Regulation and shall have the continuing power to investigate the qualification, training, character, and integrity of any Corporate Surety that seeks leave of Court to post bail for criminal defendants as provided in this Regulation, as well as the business practices and business methods of any corporate surety and its Agents who have been approved to post bail as Corporate Surety of as an Agent for the Corporate Surety in Delaware County and may, as appropriate, request, for good cause, denial or revocation of permission to post bail for criminal defendants in Delaware County. The Solicitor of Delaware County shall also be served with a copy of the petition.

Failure to comply with any provision of this rule may result in suspension and the freezing of the surety account.

DELAWARE COUNTY Bail Conditions

And Now, this 28th day of June, 2013, It is hereby Ordered and Decreed that the existing Rule 4006(c) is rescinded and shall be entirely replaced by New Rule 526(d) in accordance with the following language effective September 1, 2013.

New Rule 526(d). Bail Conditions.

(1) The person for whom bail has been set or a private third party surety shall, with the approval of the court or Magisterial District Judge, execute the bail bond and deliver to the Office of Judicial Support (O.J.S.) for deposit in an account designated by order of the President Judge of the Court of Common Pleas, Delaware County, a sum of money equal to 10 percent of the bail, but in no event shall such deposit be less than \$75. Corporate sureties are expressly prohibited from posting the deposit for bail set under this section.

(2) When the conditions for the bail bond have been performed and the defendant discharged from all obligations in the case for which bail was set, the Office of Judicial Support shall return to the defendant or surety 60 percent of the amount deposited. The balance to be retained by the court shall be applied as an administrative cost for this program and the sum retained shall not in any case be less than \$100. The monies retained shall be considered as earned at the time the bail is set and a sum equal to 10 percent posted by the defendant or third party surety.

(3) In the event that bail is ordered either increased or decreased at any time during the proceedings, the fee set forth under Rule 526(d)(2) shall be computed on the basis of the last bail set and posted in the case. The phrase "last bail set" is intended to include post-conviction and/or post-sentence bail.

(4) If the defendant does not comply with the conditions of the bail, the court shall issue a bench warrant for the defendant and enter an order declaring the bail to be forfeited. Notice of the bail forfeiture shall be sent to the defendant third party surety, if any, advising said individuals of the breach of a condition of bail.

(a) If the defendant appears and surrenders to the court within 48 hours after a breach of the condition of bail and issuance of a bench warrant, a forfeiture fee of \$50 may be imposed as a bail reinstatement fee.

(b) If the defendant appears after 48 hours of the initial bail forfeiture and bench warrant, a \$100 fee may be imposed as a bail reinstatement fee.

(c) The Court of Common Pleas may waive such forfeiture fee if the defendant can satisfy the court that his appearance or surrender was impossible or with good cause.

(d) If the defendant does not appear or surrender to the court within 20 days after the notice of bail forfeiture is sent, the court shall enter a certification order for judgment in favor of the county for the full amount of the bail.

(5) When a defendant has failed to comply with the rules and regulations of the bail bond or any additional conditions of his release, he may be brought before the court to determine if additional bail shall be set in his case, or bail revoked.

(6) The following fee schedule shall be implemented:

(a) The administrative fee for percentage bail shall be forty percent (40%).

(b) The cash bail fee shall be four percent (4%) of the first \$1,000. All amounts above \$1,000 shall be two percent (2%).

(c) An administrative fee of \$75 shall be charged whenever a corporate surety posts a bail piece.

DELAWARE COUNTY Realty as Bail

And Now, this 28th day of June, 2013, It is hereby Ordered and Decreed that the existing Rule 4006(e) is rescinded and shall be entirely replaced by New Rule 528(f) in accordance with the following language effective September 1, 2013.

New Rule 528(f). Realty as Bail.

1. If realty is offered to satisfy the bail set for an individual defendant, the following must be provided to the Office of Judicial Support (O.J.S.)—the Bail Agency:

a) A written appraisal by a reputable licensed real estate broker in the county in which the property is situated.

b) Proof of entry of the bail bond as a lien in favor of the County of Delaware in the Prothonotary's Office of the county in which the property is situated.

c) If the property is mortgaged, a letter from the mortgage indicating any unpaid balance due.

d) A current lien and judgment search by a reputable title insurance company.

e) Affidavit of justification of surety as provided in paragraph (4).

2. Upon review of the above documents, a determination must be made by the Office of Judicial Support (O.J.S.)—Bail Agency, that the actual net value of the property is equal to the amount of the bond. Only after the information requested above is supplied and a determination is made that actual net value is at least equal to the amount of the bond, will realty be accepted as consideration for bail.

3. A given piece of realty shall only be used as bail under Section 4006(e) if it has not been posted or is not presently being used for bail for any other charges or defendants, unless allowed by court order.

4. If realty is offered as surety, the owner shall present justification for such by filing an affidavit containing the following information for such surety:

a) Owner's name, address, age and occupation.

b) A general description of the real estate which is offered as surety.

c) A statement of the manner in which title is obtained, including the deed or will book reference of the recording of such instrument of title.

d) A statement for all encumbrances, including taxes, upon said real estate.

e) A statement of any and all other surety undertakings.

f) A statement of the assessed market and rental value of the real estate.

g) A statement that the real estate is not being contemplated or actually negotiated for in any sale.

By the Court

DOUGLAS W. HERMAN,
President Judge

Rule 39-1910.10. Support Hearing Procedures.

Actions in support in the **Franklin County Branch** shall proceed as prescribed by Pa.R.C.P. 1910.12 and 39th Jud. Dist. R.C.P. 39-1910.12. The "hearing officer" referred to in Pa.R.C.P. 1910.12 is designated as the Support Master. Actions in support in the **Fulton County Branch** shall proceed as prescribed by Pa.R.C.P. 1910.11 and 39th Jud. Dist. R.C.P. 39-1910.11.

Rule 39-1910.12. Office Conference, Master Hearing, Record, and Exceptions. (Franklin County Branch).

a. *Procedure, generally:* Support actions shall proceed in accordance with the alternative hearing procedure set forth in Pa.R.C.P. 1910.12.

b. *Procedure following office conference:* The interim order entered following office conference pursuant to Pa.R.C.P. 1910.12(b)(1) shall state that any party may within twenty days after mailing of a copy of the order file a written demand with Domestic Relations Section for a hearing before the Support Master. A demand for hearing before the Support Master shall not stay the order entered under Pa.R.C.P. 1910.12 (b)(1) unless the Court so directs. If no party files a demand for hearing before the Support Master within the 20 day period, the order shall constitute a final order. If a demand for hearing is filed, the Domestic Relations Section shall schedule a de novo hearing before the Support Master and give notice to the parties. Prior to the hearing before the Support Master, the party demanding a hearing may withdraw the demand without the consent of the opposing party. The opposing party may file a separate demand for hearing (cross appeal) to preserve the opposing party's right to a hearing on the opposing party's issues; however said demand must be filed within the original 20 day period as set forth above or it will be deemed untimely.

c. *Demand for hearing; issues:* The demand for hearing shall be in writing on a form to be provided by the Domestic Relations Section and it shall indicate issues that the party wishes the Support Master to address at

the hearing. The party must select the type of hearing being requested, routine hearing or complex hearing.

1. A Routine Hearing is a hearing that is expected to need not more than 60 minutes to complete and which will not involve complex questions of law or fact.

2. A Complex Hearing is one that is expected to require more than 60 minutes to complete and/or will involve complex questions of law or fact. Discovery shall be permitted pursuant to Pa.R.C.P. 1910.12(c)(3). The party requesting a complex hearing must petition the court, using the demand for hearing form (mentioned above), for allowance to schedule a complex hearing.

3. Failure of the party to select either a routine hearing or a complex hearing on the "Demand for Hearing" form will result in the Domestic Relations Section scheduling the matter for a routine hearing lasting not more than 60 minutes.

d. *Filing fee; pauper status:* Except as set forth in subsection (3) below, the party shall pay a \$25.00 filing fee to the Domestic Relations Section at the time of filing the demand for hearing.

1. The demand for hearing shall not be accepted and no hearing shall be scheduled by Domestic Relations if not accompanied by the filing fee.

2. The filing fee is non-refundable.

3. If a party is unable to pay the filing fee, the party must seek leave of court using a form to be provided by the Domestic Relations Section in order to have the fee waived.

e. *Proceedings Before the Master:* Proceedings before the Support Master shall be conducted substantially as follows:

1. *Record de novo hearing before the Master:* All hearings scheduled before the Support Master shall be de novo, on-the-record hearings. All witnesses shall be under oath and a digital or stenographic record of the testimony shall be made. The notes of testimony shall not be transcribed unless:

A. Required by the Support Master to prepare the report and recommendation to the Court, or

B. Ordered and paid for by the party or parties following the filing of Exceptions by a party in accordance with paragraph (h) below.

2. *Pre-Trial Memorandum:* For either a routine or complex hearing, the Support Master may require a pre-trial memorandum to be prepared in advance of the hearing before the Support Master.

A. If required by the Support Master, the Pre-Trial Memorandum shall be filed at Domestic Relations at least 7 days before the hearing. The following shall apply:

1) Failure of the appealing party to file a pre-trial hearing memorandum may be considered an abandonment of claims and a withdrawal of the appeal. The court may impose other sanctions as appropriate.

2) Failure of the opposing/responding party to file a pre-trial hearing memorandum may be treated as not contesting the appellant's claims and may be deemed a waiver of all other issues on appeal. The court may impose other sanctions as appropriate.

3) For a routine hearing, the pre-trial hearing memorandum shall contain the following: an explanation of each issue expected to be raised at the hearing; a description of the facts to be proven related to the support

action; identification of witnesses and the facts to which each witness will testify; a description of exhibits other than those required by the Pennsylvania Rules of Civil Procedure; and the relief being sought.

4) For a complex hearing, the pre-trial hearing memorandum shall contain in addition to all the items listed above, the following information: identification of legal authority (statutes, court cases, or rules) relating to the party's position on each issue raised; and an indication of the length of hearing needed to present all the evidence and witnesses' testimony for both sides of the support action.

B. Upon receiving the parties' Pre-Trial Memorandum, the Domestic Relations Section shall mail copies of the same to each party prior to the hearing before the court.

3. *Rules of Evidence shall apply:* The hearing before the Support Master shall be a formal judicial proceeding and the Pennsylvania Rules of Evidence shall apply. The Support Master shall decide all questions of law including rulings on motions and objections.

4. *Master's Report, Content:* Within 14 days following the conclusion of the Master's hearing, and 30 days in a complex case, the Master shall file and transmit to the assigned judge a report containing a Recommended Order of Court. The Master's Report may be in narrative form, but shall comply with the specific requirements of subsections (A) or (B) below.

A. *Complaint for Support:* In cases where a hearing has been held upon a Complaint for Support, the Support Master's Report shall contain, at a minimum:

- 1) A summary of the testimony.
- 2) Findings of fact.
- 3) A recommendation containing the amount of support to be paid and by whom and for whom it is to be paid and the effective date of the recommended order.
- 4) A discussion of the reasons for the recommendation.
- 5) A summary of the Master's calculations.

B. *Petition for Modification:* In cases in which a Hearing has been held upon a Petition for Modification of an Existing Support Order, the Support Master's Report shall contain at a minimum:

- 1) A summary of the testimony.
- 2) Findings of fact.
- 3) A recommendation that the Petition for Modification be granted or denied. In cases in which the Master recommends that the Petition for Modification be granted, the recommendation shall include the recommended modified order of support containing the amount of support to be paid and by whom and for whom it is to be paid and the effective date of the recommended order.
- 4) A discussion of the reasons for the recommendation.
- 5) A summary of the Master's calculations.

5. *Service of Report; Exceptions to Report; Final Order:* The Domestic Relations Section shall give notice of the filing of the Support Master's Report and Recommended Order by forwarding a copy of the same to the parties and their counsel, if any, by ordinary mail. In addition, the Domestic Relations Section shall advise counsel and pro se parties of their right to file exceptions to the Report and Recommended Order and that the failure to file exceptions shall result in the Support Master's Recommended Order becoming the Order for Support.

f. *Exceptions to Report; time for filing:* Within 20 days after the date of mailing of the Support Master's Report, any party may file Exceptions to the report or any part thereof. Exceptions shall comply with the specific requirements set forth in sections (j) through (m) below. If exceptions are not filed within 20 days, the Support Master's Recommended Order shall then become a final Order for Support. If exceptions are filed, any other party may file exceptions within 20 days of the date of service of the original exceptions. A form entitled "Exceptions to the Support Master's Recommendation" is available at the Domestic Relations Section.

g. *Interim Order not stayed:* The Order recommended by the Support Master shall continue in effect until the exceptions have been resolved by the Court.

h. *Request for transcript:* The party who first files Exceptions shall obtain an order directing that the notes of testimony be transcribed. The party filing the Exceptions shall bear the cost of producing the transcript. If both parties file Exceptions, the cost of the transcript shall be shared equally. The Court may reallocate the costs of the transcript as part of the final order. A form entitled "Request for Transcript" is available at the Domestic Relations Section.

i. *Pauper status; no cost:* Any party who has been granted pauper status pursuant to section (d)(3) above shall not be assessed any cost for producing the transcript.

j. *Exceptions, specificity:* Each Exception to the Master's Report regarding child support, spousal support, or alimony pendent lite shall be set forth specifically and concisely the ground for each exception based upon factual findings or a claim of error of law.

1. *Finding of Fact:* An exception asserting that the Support Master made a finding of fact unsupported by the evidence of record or failed to find a fact that the evidence supports shall

A. Identify the erroneous finding;

B. State specifically the finding which should have been made by the Support Master; and

C. Identify any documents in evidence which support, or any witnesses whose testimony supports the finding which should have been made by the Support Master.

2. *Error of Law:* An exception asserting that the Support Master made an error of law shall identify the statute, rule, regulation, judicial decision or appellate case law not applied or improperly applied by the Support Master.

k. *Exceptions; incomes and support amount:* All Exceptions shall include a statement of:

1. The excepting party's claim as to the obligor's income available for support, together with a statement of the record evidence of the obligor's income;

2. The excepting party's claim as to the obligee's income available for support, together with a statement of the record evidence of the obligee's income; and

3. The amount of support which should have been ordered.

l. *Assignment of Judge:* A party shall, at the time exceptions are filed, also file with the Domestic Relations Section a request for decision on the party's exceptions. The Domestic Relations Section shall assign a judge and transmit the paperwork to the judge through Court Administration. The assigned judge, as necessary, may

issue an order requiring a response to the exceptions, or schedule oral argument or may issue an order setting a briefing schedule. A form entitled "Request for Decision on the Exceptions" is available at the Domestic Relations Section.

m. *Sanctions for Non-compliance*: Exceptions which are not in compliance with this rule or which are not briefed as ordered may be deemed to have been waived. The Court may impose other sanctions for non-compliance as appropriate in the Court's discretion.

RULES AND REGULATIONS

Title 17—CONSERVATION AND NATURAL RESOURCES

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

[17 PA. CODE CH. 45]

Conservation of Pennsylvania Native Wild Plants

The Department of Conservation and Natural Resources (Department) adopts amendments to Chapter 45 (relating to conservation of Pennsylvania native wild plants). The final-form rulemaking moves the beginning of the ginseng harvest season from August 1 to September 1 in § 45.69 (relating to vulnerable plant harvest seasons and conditions). In addition, in describing mature ginseng plants, the final-form rulemaking corrects reference to “seeds” by replacing this term with “berries.”

A. *Effective Date*

This final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

B. *Contact Persons*

For further information, contact Rebecca H. Bowen, Chief, Ecological Services Section, Bureau of Forestry, Department of Conservation and Natural Resources, P. O. Box 8552, Harrisburg, PA 17105-8552, (717) 787-3444. Persons with a disability may use (800) 654-5984 (TTY).

This final-form rulemaking is posted on the Department's web site at <http://www.dcnr.state.pa.us/forestry/plants/vulnerableplants/ginseng/index.htm>.

C. *Statutory Authority*

This final-form rulemaking is made under the authority of section 7 of the Wild Resource Conservation Act (WRCA) (32 P. S. § 5307) and sections 305 and 313 of the Conservation and Natural Resources Act (CNRA) (71 P. S. §§ 1340.305 and 1340.313).

It should be noted that the Department of Environmental Resources was assigned to administer the WRCA. Subsequently, section 305(a)(9) of the CNRA transferred this authority to the Department.

D. *Background and Purpose*

Statutory and regulatory framework

The WRCA was enacted in 1982 to enhance the protection of native wild plants and nongame animals in this Commonwealth. Under the WRCA, the Department established a classification system for native wild plants in Chapter 45. The classifications, such as extirpated, endangered, rare, threatened and vulnerable, are defined in § 45.2 (relating to definitions). The lists of species within each classification are in Subchapter B (relating to classified plants).

Vulnerable plants are defined in § 45.2 as plant species “which are in danger of population decline within this Commonwealth because of their beauty, economic value, use as a cultivar or other factors which indicate that persons may seek to remove these species from their native habitats.” Ginseng (*Panax quinquefolius*) is one of the three species listed in § 45.15 (relating to Pennsylva-

nia Vulnerable) as a vulnerable plant. Ginseng is a forest plant that is native to the eastern half of the United States and Canada. Parts of the ginseng plant, particularly its root, are valued for their therapeutic qualities and have been traded commercially, both domestically and internationally, for centuries.

Under the WRCA, the Department is responsible for the protection and management of native wild plants. With respect to vulnerable plants, section 9 of the WRCA (32 P. S. § 5309) provides as follows:

(a) Species classified as vulnerable shall be subject to the following restrictions:

(1) The [Department] upon designation of vulnerable species shall establish regulations over the digging, harvesting, sale and exploitation of said species.

(2) The regulations shall:

(i) consider the distribution, abundance, economic value, growing and reproduction cycle;

(ii) establish seasons for the digging and harvesting of plants or plant parts; and

(iii) provide for the commercial licensing of persons who buy with the intent to sell vulnerable plants within the Commonwealth or export said plants therefrom and to require the licensees to maintain records of their transactions.

(3) The [Department] shall establish the license fee.

Under section 9(a)(1) of the WRCA, the Department has promulgated regulations “over the digging, harvesting, sale and exploitation” of vulnerable plants. These regulations in Subchapter E (relating to vulnerable plants) require persons who buy, trade or barter vulnerable plants with the intent to sell them in, or export them from, this Commonwealth to obtain a commercial license from the Department. The regulations require licensees to submit to the Department records of transactions including information about the licensee's purchase of the plants, sale of the plants, county of origin of the plants, form of plants (for example, whole plant, root or seeds), year of harvest, weight of the plants, destination and date of export and whether the plants are wild or cultivated.

In addition to covering vulnerable plants in general, the Department's regulations establish special requirements for ginseng plants. These are a result of an international trade agreement known as the Convention on International Trade in Endangered Species of Wild Fauna and Flora of 1973 (CITES) signed by the United States and many other countries, administered in the United States by the United States Fish and Wildlife Service (USFWS). See <http://www.cites.org/> and <http://www.fws.gov/international/plants/american-ginseng.html>. The relationship between the Department's ginseng harvesting regulation and CITES is discussed as follows.

Purposes of this Final-Form Rulemaking

Section 45.69 addresses certain activities regarding the harvest of vulnerable plants in general and ginseng in particular. This section establishes a harvest season for ginseng that runs from September 1 to November 30 and prohibits the possession of harvested green ginseng roots between April 1 and the start of harvest season. This final-form rulemaking moves the start of harvest season forward by 1 month to September 1 and, consistent with this change, prohibits possessing harvested green roots

between April 1 and September 1. The amendments also correct the terminology in § 45.69(a)(2) for the ginseng berry.

Harvest date

The intent of § 45.69(a) is to ensure the sustainability of ginseng. It takes a ginseng plant at least 5 years to mature. Ginseng seeds have the best chance of producing new plants if they come from a mature plant and are planted near the site of the harvested plant. Section 45.69(a), therefore, allows only mature plants to be harvested and requires that the seeds of these plants be planted in the immediate vicinity of the collection site. To ensure that only mature plants are harvested, § 45.69(a) puts collectors on notice of the physical characteristics of a mature ginseng plant—it has at least three leaves of five leaflets each and red berries. In addition, this section prohibits collection of the plant before the start of the harvest season as defined in the section. Therefore, to comply with the Department's ginseng harvesting requirements, a collector may harvest ginseng plants only if: 1) they have at least three leaves of five leaflets each; 2) they have red seeds (berries); 3) they are collected during harvest season; and 4) their seeds are planted in the immediate vicinity of the collection site.

The purpose of this final-form rulemaking is to move the start date of the ginseng harvest season from August 1 to September 1. There is general agreement within both the scientific community and the ginseng industry that an August 1 start date is too early to ensure that ginseng plants that meet the description of mature plants in terms of their leaves and berries are fully mature and can safely be harvested without threatening the survival of the ginseng population.

The harvesting of ginseng plants in ginseng-exporting states, such as this Commonwealth, is subject to special restrictions imposed by the USFWS. The USFWS's involvement is due to the regulation of the export of ginseng from the United States by CITES. The purpose of CITES is to monitor and regulate the international trade of certain plant and animal species to prevent detrimental impacts to their populations so as to ensure the continued existence of the species in their native habitat. The CITES authority in the United States is the USFWS.

CITES requirements, as administered by the USFWS, for permitting the export of species subject to CITES are codified in 50 CFR Part 23 (relating to Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES)). Section 23.68 of 50 CFR (relating to how can I trade internationally in roots of American ginseng) contains the specific requirements for the export of ginseng. The USFWS has established an export program for states that export ginseng. Under this program, on an annual basis, before the USFWS will allow export from a state, it must determine that ginseng harvested in that state is legally acquired and that export will not be detrimental to the survival of the species in that state. See 50 CFR 23.68. The USFWS will make a “non-detriment” finding for export of ginseng plants from a state only if it is satisfied that the state has taken measures to ensure the plants were mature when harvested. See <http://www.fws.gov/international/pdf/archive/workshop-american-ginseng-cites-non-detriment-findings.pdf>. The USFWS determined that the survival of ginseng plant populations could be detrimentally affected if a state allows harvesting to begin as early as August 1. Therefore, the USFWS urged the Commonwealth and the Department to adopt a later harvest season and it is specifically recommending September 1 as the start date.

The USFWS made it clear to the Department that unless the change in harvest season is adopted soon, the USFWS will be unable to make a “non-detriment” finding under CITES with regard to the harvesting of ginseng in this Commonwealth. Copies of correspondence from the USFWS are available from the Bureau of Forestry. The absence of a nondetriment finding would mean that the USFWS would cease issuing export permits for ginseng harvested in this Commonwealth. See the USFWS 2012 findings report on ginseng at http://www.dcnr.state.pa.us/cs/groups/public/documents/document/dcnr_20026618.pdf. Adopting the USFWS's recommendation of a September 1 harvest date brings this Commonwealth in line with nearly all of the ginseng-exporting states surrounding Pennsylvania.

This Commonwealth was the only ginseng-exporting state with a harvest season date as early as August 1. Variations in the yearly growing seasons and growing conditions in different parts of this Commonwealth could cause ginseng berries to turn red slightly before or slightly after September 1. However, as is recognized by harvesters, dealers and botanical researchers in this Commonwealth, the clear trend in Pennsylvania and surrounding states is for berries to be red by September 1.

It should be noted that the export of another species of plant classified in Chapter 45 as vulnerable, Golden-Seal (*Hydrastis Canadensis*), is also subject to regulation by CITES as administered by the USFWS. However, unlike ginseng, specific harvest season dates are not required for this species.

Correction of terminology

Section 45.69(a)(2) formerly stated as follows regarding the harvesting of ginseng plants: “Only mature ginseng plants with at least three leaves of five leaflets each may be harvested and only when the *seeds* are red.” Emphasis added.

This final-form rulemaking replaces “seeds” with the correct term “berries.” The reason for this amendment is to distinguish between seeds and berries. When a ginseng plant is mature, it has red berries. The red berries contain seeds that are ready to plant.

E. Summary of Comments and Responses

The proposed rulemaking was published at 43 Pa.B. 1419 (March 16, 2013) with a 30-day public comment period. The Department did not make changes to the proposed rulemaking. One comment was received from the public.

Comment

“The proposed rulemaking is reasonable and is necessary for this Pennsylvania Vulnerable species to remain part of Pennsylvania's flora. WPC supports DCNR's effort to update the ginseng management program with this change.”

Response

The Department acknowledges the comment and appreciates the support of this final-form rulemaking.

F. Benefits, Costs and Compliance

Benefits

The benefit of moving the beginning date of the ginseng harvest season from August 1 to September 1 is to help sustain the populations of ginseng in this Commonwealth by allowing the plants to mature so that when their seeds are planted, new plants will grow and the ginseng

population will continue to survive. In addition, it would bring this Commonwealth's harvest season in line with those of the other ginseng-exporting states, thereby discouraging poaching across state borders. Finally, and most immediately, it will allow the USFWS, under CITES, to continue to find that the export of ginseng harvested in this Commonwealth will not be detrimental to the survival of the species and thus avoid a ban on the export of ginseng from this Commonwealth.

The correction of terminology to distinguish between "seed" and "berry" will remove confusion caused by the former language in the harvesting provisions of § 45.69 and consequently support compliance with its provisions.

Compliance costs

This final-form rulemaking will not impose additional compliance costs on the regulated community.

Compliance Assistance Plan

This is not applicable.

Paperwork requirements

There will not be an increase in the amount of required paperwork.

G. Sunset Review

Chapter 45 will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulations effectively fulfill the goals for which they were intended.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on March 5, 2013, the Department submitted a copy of the notice of proposed rulemaking, published at 43 Pa.B. 1419, to IRRC and the Chairpersons of the Senate and House Environmental Resources and Energy Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P.S. § 745.5a(j.2)), on June 19, 2013, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5(g) of the Regulatory Review Act, the final-form rulemaking was deemed approved by IRRC effective June 19, 2013.

I. Findings

The Board finds that:

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The amendments to the Department's regulations in the manner provided in this order are necessary and appropriate for the administration of the authorizing statutes.

J. Order

The Department, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 17 Pa. Code Chapter 45, are amended by amending § 45.69 to read as set forth at 43 Pa.B. 1419.

(b) The Department shall submit this order and 43 Pa.B. 1419 to the Office of General Counsel and the Office of Attorney General for approval and review as to legality and form, as required by law.

(c) The Department shall submit this order and 43 Pa.B. 1419 to IRRC and the Senate and House Environmental Resources and Energy Committees as required by the Regulatory Review Act.

(d) The Department shall certify this order and 43 Pa.B. 1419 and deposit them with the Legislative Reference Bureau, as required by law.

(e) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

This final-form rulemaking is available on the Department of Environmental Protection's (Department) web site at www.dep.state.pa.us.

C. Statutory Authority

The final-form rulemaking is made under the authority of sections 5(b)(1) and 402 of The Clean Streams Law (act) (35 P. S. §§ 691.5(b)(1) and 691.402), which authorize the Board to develop and adopt rules and regulations to implement the act, and section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20), which grants to the Board the power and duty to formulate, adopt and promulgate rules and regulations for the proper performance of the work of the Department. In addition, section 303 of the Federal Clean Water Act (33 U.S.C.A. § 1313) sets forth requirements for water quality standards and 40 CFR 131.41 (relating to bacteriological criteria for those states not complying with Clean Water Act section 303(i)(1)(A)) sets forth bacteria criteria for coastal recreation waters in the Commonwealth.

D. Background and Summary

Section 303(c)(1) of the Clean Water Act requires that states periodically, but at least once every 3 years, review

and revise as necessary their water quality standards. This final-form rulemaking constitutes the Commonwealth's current triennial review of its water quality standards.

The Commonwealth's water quality standards, which are codified in Chapter 93 and portions of Chapter 92a (relating to National Pollutant Discharge Elimination System permitting, monitoring and compliance), are designed to implement the requirements of sections 5 and 402 of the act and section 303 of the Clean Water Act. The water quality standards consist of the designated and existing uses of the surface waters of the Commonwealth, along with the specific numeric and narrative criteria necessary to achieve and maintain those uses, and an antidegradation policy. Thus, water quality standards are instream water quality goals that are implemented by imposing specific regulatory requirements, such as treatment requirements, best management practices and effluent limitations, on individual sources of pollution.

This final-form rulemaking clarifies requirements and updates the regulations to be consistent with Federal guidance where indicated. These regulations may affect persons who discharge wastewater into surface waters of the Commonwealth or otherwise conduct activities, which may impact these waters.

Part of the triennial review requires that states reexamine water body segments that do not meet the fishable or swimmable uses specified in section 101(a)(2) of the Clean Water Act (33 U.S.C.A. § 1251(a)(2)). The Department evaluated the two Pennsylvania water bodies where the uses are not currently met: (1) the Harbor Basin and entrance channel to Outer Erie Harbor/Presque Isle Bay (§ 93.9x (relating to Drainage List X)), and (2) several zones in the Delaware Estuary (§§ 93.9e and 93.9g (relating to Drainage Lists E and G)).

The swimmable use designation was deleted from the Harbor Basin and entrance channel demarcated by United States Coast Guard buoys and channel markers on Outer Erie Harbor/Presque Isle Bay because pleasure boating and commercial shipping traffic pose a serious safety hazard in this area. This decision was further supported by a Use Attainability (UAA) study conducted by the Department of Environmental Resources (DER) in 1985. Because the same conditions and hazards exist today, there is not a change to the designated use for Outer Erie Harbor/Presque Isle Bay in this final-form rulemaking.

In April 1989, DER cooperated with the Delaware River Basin Commission (DRBC), the United States Environmental Protection Agency (EPA) and other DRBC signatory states on a comprehensive UAA study in the lower Delaware River and Delaware Estuary. This study resulted in appropriate recommendations regarding the swimmable use, which the DRBC included in water use classifications and water quality criteria for portions of the tidal Delaware River in May 1991. The appropriate DRBC standards were referenced in §§ 93.9e and 93.9g in 1994. The primary water contact use remains excluded from the designated uses for river miles 108.4 to 81.8 because of continuing significant impacts from combined sewer overflows, and hazards associated with commercial shipping and navigation.

The Department discussed the proposed triennial rulemaking with the Water Resources Advisory Committee (WRAC) five times in 2011, including at the April, June, July, October and December meetings. On January 11, 2012, WRAC voted to present the proposed rulemaking

package to the Board. The Agricultural Advisory Board declined the need for their consideration on the proposed triennial review of water quality standards that was scheduled for its regular October 19, 2011, meeting.

The regulations were adopted by the Board as a proposed rulemaking at its April 17, 2012, meeting. The proposed rulemaking was published at 42 Pa.B. 4367 (July 7, 2012) with a 45-day public comment period that ended on August 21, 2012. The Board held a public hearing for the purpose of accepting comments on the proposed rulemaking on August 8, 2012, in Conference Room 105, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA. The Board received public comments from 197 commenters including testimony from 2 witnesses at the public hearing. The comments received on the proposed rulemaking are summarized in Section E.

The Board considered the public comments received on the proposed rulemaking in preparing this final-form rulemaking. WRAC, in coordination with the Department, initiated an ad hoc workgroup to discuss two aspects of the triennial review proposed rulemaking. The ad hoc workgroup met on August 27, 2012, to discuss the proposed sulfate aquatic life criterion and on August 29, 2012, to allow for scientific information to be presented on the aquatic life and human health criterion for molybdenum. These publicly noticed ad hoc workgroup meetings were held in Room 105, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA, and offered presenters the opportunity to participate by conference call.

The draft final regulation was discussed with WRAC at its November 28, 2012, meeting. WRAC approved the final rulemaking and recommended the Department present the final rulemaking to the Board for adoption.

E. Summary of Responses to Comments and Changes to the Proposed Rulemaking

As a result of the public hearing and public comment period, the Board received comments from 197 commentators including the Independent Regulatory Review Commission (IRRC) and EPA Region 3. The majority of commentators expressed opposition to the proposed water quality criteria for molybdenum, sulfates and chlorides. Specifically, commentators questioned whether the Statewide criteria for these contaminants would impact the economy and the regulated community, and also questioned the scientific studies the Department relied upon in the development of the criteria. Commentators also requested that the Department perform additional instream monitoring and provide further justification on the need for the proposed Statewide criteria for molybdenum, sulfates and chlorides.

A more detailed summary of the comments submitted to the Board, and the Department's responses to those comments are available in the Report to the Environmental Quality Board Comment and Response Document (February 2013).

A detailed description of the revisions to the Chapter 93 follows.

§ 93.4d. Processing of petitions, evaluations and assessments to change a designated use

The Board received a comment requesting that all property owners affected by a potential stream redesignation be directly notified of the petition and assessment.

While the Department acknowledges that notifying the public of stream redesignation rulemaking activities is important, it would be onerous and costly to require the Department to directly notify all property owners, as

suggested by the commentator. Therefore, the Board is not including direct property owner notification requirements in this final-form rulemaking. The Department believes it has effective measures in place to ensure the public is informed of stream redesignation activities. For example, the Department posts all of its stream redesignation rulemaking activities on its web site at http://www.portal.state.pa.us/portal/server.pt/community/water_quality_standards/10556 (under "Monitoring," select "Stream Redesignations"). Interested members of the public can visit the Department's web site to get the latest and most up-to-date information regarding the Department's actions pertaining to stream redesignations. The Department will continue to post its stream redesignation rulemaking activities on its web site. As an additional opportunity for notice, the Department is considering the issuance of a press release whenever an activity occurs regarding stream redesignations. Currently, a member of the public who is interested about stream redesignation activities may register on the Department's web site to receive direct electronic notification of press releases issued by the Department. The Department believes these outreach measures will be more effective in notifying the public about stream redesignation rulemaking activities and will increase the effectiveness of the public notification provisions in § 93.4d (relating to processing of petitions, evaluations, and assessments to change a designated use) in comparison to relying on one-time notices published in local newspapers that often go unnoticed by the public. However, the Department may rely on newspaper notices to inform the public of stream redesignation rulemaking activities when it may be more appropriate to do so.

§ 93.7. Specific water quality criteria

Chloride—There were several comments received by the Board in opposition to the chloride aquatic life equation-based criterion. The Board is withdrawing the proposed equation-based aquatic life criteria for chloride, including both the acute and chronic equations.

The overall proportion of ions (ion matrices) in the water affects the toxicity of individual ions such as chloride. There is now more recent and ongoing research, much of it funded by the EPA, examining the relationship between various ion matrices and toxicity. A workshop attended by major researchers in April 2012 titled "Effects of Major Ions on Aquatic Organisms" focused on ion matrices and their effects on sensitive aquatic species. The ion matrices could be most problematic in the Commonwealth's calcium dominated limestone streams or where the source of chlorides is other than sodium chloride.

The Department is now aware of several studies currently being undertaken to determine chloride toxicity. The Canadian Council of Ministers of the Environment released guidelines for chloride criteria development in 2011. The Stroud Water Research Center also prepared an expert report on ambient water quality criteria for chlorides (Stroud Report #2010004, June 14, 2010). The report concluded that the criteria proposed by the Department may not be protective of sensitive species and as a result they recommended other more protective criteria.

The Department recognizes it needs to conduct a review and evaluation of recent data before adopting a standard, but that it must be done in a timely manner. By a majority vote of 13 to 0 with 1 abstention, WRAC passed the following motion at its November 28, 2012, meeting, encouraging the Department to continue working on chloride criteria: "WRAC encourages DEP to continue

evaluating the chloride criteria with the goal of proposing new criteria preferably prior to the next Triennial review.”

Dissolved Oxygen—In this final-form rulemaking, the Board is revising the proposed language in DO₁ to provide clarity to when § 93.7(b) (relating to specific water quality criteria) should be applied. Specifically, “applied in accordance with subsection (b)” is moved so that it is clear that both the 7-day average and minimum criteria for naturally reproducing salmonids should be applied in accordance with § 93.7(b).

The Board would like to further clarify that the final regulations for dissolved oxygen criteria apply to flowing, freshwater and the epilimnion of naturally stratified lakes, ponds or impoundments.

Also, in response to a comment received by the Board, “Salmonid” is changed to “salmonid” since the word is no longer a proper noun and does not need to be capitalized.

Sulfate—The Board is withdrawing the proposed equation-based aquatic life criteria for sulfate. Dr. David Soucek, Ph.D. with the Illinois Natural History Survey is the primary investigator in the research that led to the development of the proposed equation-based sulfate criteria. Dr. Soucek and other leading researchers cautioned that although the toxicological results supporting the proposed sulfate criterion are valid, the test conditions used in the toxicity tests, which led to the development of the sulfate criterion, may not be applicable to all of the Commonwealth’s waters. The ionic composition of the test water compared to the natural ionic composition of portions of the Commonwealth’s waters differs and that difference is the cause for concern. Sodium (Na²⁺) was the dominant cation associated with the sulfate (SO₄²⁻) anion under the test conditions. In Commonwealth streams, natural sodium (Na²⁺) concentrations are low while calcium (Ca²⁺) and magnesium (Mg²⁺) are more prevalent.

It has been demonstrated that varying the cations affects the toxicity of the sulfate anion in solution. This toxicity difference in response to ionic composition leads to doubts regarding whether the proposed sulfate criteria provides the appropriate level of aquatic life protection from the toxic effects that have been scientifically proven to be associated with elevated sulfate levels. Additionally, Dr. Soucek and other researchers stated that a chronic standard is needed to adequately protect the aquatic life and the proposed standard only included an acute standard.

Although the Board is withdrawing the sulfate proposed criteria, the Department will continue to monitor the quantities of sulfate discharged from various sources and measure stream concentrations while reviewing the developing science on sulfate.

Temperature—The Board is removing the rate of temperature change language from this section. A rate of temperature change provision remains applicable in § 96.6 (relating to heated wastewater discharges) to help control adverse impacts that may result from rapid changes in temperature. The Department continues to be interested in evaluating new science that pertains to a rate of temperature change to protect aquatic organisms.

§ 93.8c. *Human health and aquatic life criteria for toxic substances*

1,4-Dioxane—Based on comments received that a Statewide criterion is not warranted, the Board is removing the proposed Statewide criterion. The Department will continue to evaluate 1,4-dioxane in this Commonwealth. Additionally, the Department will continue to develop site-specific criteria, as needed, using the best available science.

Molybdenum—The Board is removing the proposed Statewide criterion for molybdenum based on comments received that a Statewide criterion for molybdenum is not warranted. The Department will continue to evaluate molybdenum in this Commonwealth. Additionally, the Department will continue to develop site-specific criteria, as needed, using the best available science.

§ 93.8d. *Development of site-specific water quality criteria*

The Board is adding language to subsection (f)(1) to be consistent with the revisions to Chapter 92a. This change merely updates cross references.

§ 93.9k. *Drainage List K*

Staff from the Fish and Boat Commission submitted comments during the public comment period of this triennial review regarding a possible omission of four named streams in § 93.9k: Packers Run, Raups Run, Gaskins Run and Kipps Run.

Gaskins Run, Kipps Run, Raups Run and Packers Run are all currently designated CWF, MF. To be even broader, all tributaries to the (North Branch) Susquehanna River between Mahoning Creek and the West Branch Susquehanna River are CWF, MF. These four tributaries (Gaskins Run, Kipps Run, Raups Run and Packers Run) are included under the current entry for UNTs to Susquehanna River; Basins; Lackawanna River to West Branch Susquehanna River; Luzerne, Columbia, Montour, Northumberland; CWF, MF; None.

After reviewing the history associated with designation in this watershed, all tributaries to the Susquehanna River, both named and unnamed, between Mahoning Creek and West Branch Susquehanna River will be included in a single listing for “Tributaries to Susquehanna River.” This is a new change following the proposed rulemaking published at 42 Pa.B. 4367. A more complete discussion of the designation history can be found in the Report to the Environmental Quality Board: Comment and Response Document (February 2013).

F. *Benefits, Costs and Compliance*

Benefits—Overall, the Commonwealth, its citizens and natural resources will benefit from this final-form rulemaking because it provides the appropriate level of protection to preserve the integrity of existing and designated uses of surface waters in this Commonwealth. Protecting water quality also provides economic value to present and future generations in the form of clean water for multiple water supply uses, recreational opportunities, and human health and aquatic life protection. It is important to realize all benefits and to ensure that activities that depend on surface water or that may affect its chemical, biological and physical integrity may continue in a manner that is environmentally, socially and economically sound.

Compliance costs—The final-form rulemaking may impose additional compliance costs on the regulated community. This final-form rulemaking is necessary to improve total pollution control. The expenditures necessary to meet new compliance requirements may exceed that which is required under existing regulations.

Persons conducting or proposing activities or projects shall comply with the regulatory requirements regarding designated and existing uses. Persons expanding a discharge or adding a new discharge point to a stream could be adversely affected if they need to provide a higher level of treatment to meet the more stringent criteria for selected parameters. These increased costs may take the form of higher engineering, construction or operating

costs for facilities. Treatment costs and best management practices are site-specific and depend upon the size of the discharge in relation to the size of the stream and many other factors. Therefore, it is not possible to precisely predict the actual change in costs. Economic impacts would primarily involve the potential for higher treatment costs for new or expanded discharges to streams that are redesignated. The initial costs from technologically improved treatments or best management practices may be offset over time by potential savings from and increased value of improved water quality.

Compliance Assistance Plan—This final-form rulemaking has been developed as part of an established program that has been implemented by the Department since the early 1980s. The amendments are consistent with and based on existing Department regulations regarding compliance.

This final-form rulemaking will be implemented, in part, through the National Pollutant Discharge Elimination System (NPDES) permitting program. Additional compliance actions are not anticipated. Staff is available to assist regulated entities in complying with the regulatory requirements if questions arise.

Paperwork requirements—This final-form rulemaking should not have significant paperwork impact on the Commonwealth, its political subdivisions or the private sector.

G. *Pollution Prevention*

Water quality standards are a major pollution prevention tool because they protect water quality and designated and existing uses. The final-form rulemaking will be implemented through the Department's permit and approval actions. For example, the NPDES bases effluent limitations and best management practices on the water uses of the stream and the water quality criteria necessary to protect and maintain those uses.

H. *Sunset Review*

This final-form rulemaking will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulations effectively fulfill the goals for which they were intended.

I. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on June 22, 2012, the Department submitted a copy of the notice of proposed rulemaking, published at 42 Pa.B. 4367, to IRRC and the Chairpersons of the Senate and House Environmental Resources and Energy Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P.S. § 745.5a(j.2)), on June 19, 2013, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on June 20, 2013, and approved the final-form rulemaking.

J. *Findings*

The Board finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968

(P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law. In addition, a Board hearing was held. All comments were considered.

(3) This final-form rulemaking does not enlarge the purpose of the proposed rulemaking published at 42 Pa.B. 4367.

(4) This final-form rulemaking is necessary and appropriate for administration and enforcement of the authorizing acts identified in Section C of this order.

K. *Order*

The Board, acting under the authorizing statutes, orders that:

(a) The regulations of the Department, 25 Pa. Code Chapter 93, are amended by amending §§ 93.1, 93.4c, 93.4d, 93.7, 93.8b, 93.8c, 93.8d, 93.9b—93.9i, 93.9k—93.9o, 93.9s, 93.9w and 93.9z to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Chairperson of the Board shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval and review as to legality and form, as required by law.

(c) The Chairperson shall submit this order and Annex A to IRRC and the Senate and House Environmental Resources and Energy Committees as required by the Regulatory Review Act.

(d) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau, as required by law.

(e) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

E. CHRISTOPHER ABRUZZO,
Acting Chairperson

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 43 Pa.B. 3857 (July 6, 2013).)

(Editor's Note: For a statement of policy relating to this final-form rulemaking, see 43 Pa.B. 4103 (July 20, 2013).)

Fiscal Note: Fiscal Note 7-475 remains valid for the final adoption of the subject regulations.

Annex A

**TITLE 25. ENVIRONMENTAL PROTECTION
PART I. DEPARTMENT OF ENVIRONMENTAL PROTECTION**

Subpart C. PROTECTION OF NATURAL RESOURCES

ARTICLE II. WATER RESOURCES

**CHAPTER 93. WATER QUALITY STANDARDS
GENERAL PROVISIONS**

§ 93.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Coordinated water quality protective measures—

(i) Legally binding sound land use water quality protective measures coupled with an interest in real estate which expressly provide long-term water quality protection of a watershed corridor.

(ii) Sound land use water quality protective measures include: surface or groundwater source protection zones, enhanced stormwater management measures, wetland protection zones or other measures which provide extraordinary water quality protection.

(iii) Real estate interests include:

(A) Fee interests.

(B) Conservation easements.

(C) Government owned riparian parks or natural areas.

(D) Other interests in land which enhance water quality in a watershed corridor area.

Daily average—The arithmetic average of the samples collected during a continuous 24-hour period.

* * * * *

Point source discharge—A pollutant source regulated under the National Pollutant Discharge Elimination System (NPDES) as defined in § 92a.2 (relating to definitions).

* * * * *

ANTIDegradation Requirements

§ 93.4c. Implementation of antidegradation requirements.

(a) *Existing use protection.*

(1) *Procedures.*

(i) Existing use protection shall be provided when the Department's evaluation of information (including data gathered at the Department's own initiative, data contained in a petition to change a designated use submitted to the EQB under § 93.4d(a) (relating to processing of petitions, evaluations and assessments to change a designated use), or data considered in the context of a Department permit or approval action) indicates that a surface water attains or has attained an existing use.

(ii) The Department will inform persons who apply for a Department permit or approval which could impact a surface water, during the permit or approval application or review process, of the results of the evaluation of information undertaken under subparagraph (i).

(iii) Interested persons may provide the Department with additional information during the permit or approval application or review process regarding existing use protection for the surface water.

(iv) The Department will make a final determination of existing use protection for the surface water as part of the final permit or approval action.

(2) *Endangered or threatened species.* If the Department has confirmed the presence, critical habitat, or critical dependence of endangered or threatened Federal or Pennsylvania species in or on a surface water, the Department will ensure protection of the species and critical habitat.

(b) *Protection of High Quality and Exceptional Value Waters.*

(1) *Point source discharges.* The following applies to point source discharges to High Quality or Exceptional Value Waters.

(i) *Nondischarge alternatives/use of best technologies.*

(A) A person proposing a new, additional or increased discharge to High Quality or Exceptional Value Waters shall evaluate nondischarge alternatives to the proposed discharge and use an alternative that is environmentally sound and cost-effective when compared with the cost of the proposed discharge. If a nondischarge alternative is not environmentally sound and cost-effective, a new, additional or increased discharge shall use the best available combination of cost-effective treatment, land disposal, pollution prevention and wastewater reuse technologies.

(B) A person proposing a new, additional or increased discharge to High Quality or Exceptional Value Waters, who has demonstrated that no environmentally sound and cost-effective nondischarge alternative exists under clause (A), shall demonstrate that the discharge will maintain and protect the existing quality of receiving surface waters, except as provided in subparagraph (iii).

(ii) *Public participation requirements for discharges to High Quality or Exceptional Value Waters.* The following requirements apply to discharges to High Quality or Exceptional Value Waters, as applicable:

(A) The Department will hold a public hearing on a proposed new, additional or increased discharge to Exceptional Value Waters when requested by an interested person on or before the termination of the public comment period on the discharge.

(B) For new or increased point source discharges, in addition to the public participation requirements in §§ 92a.81, 92a.82, 92a.83 and 92a.85, the applicant shall identify the antidegradation classification of the receiving water in the notice of complete application in § 92a.82 (relating to public notice of permit applications and draft permits).

(iii) *Social or economic justification (SEJ) in High Quality Waters.* The Department may allow a reduction of water quality in a High Quality Water if it finds, after full satisfaction of the intergovernmental coordination and public participation provisions of the Commonwealth's continuing planning process, that allowing lower water quality is necessary to accommodate important economic or social development in the area in which the waters are located. A reduction in water quality will not be allowed under this subparagraph unless the discharger demonstrates that the High Quality Water will support applicable existing and designated water uses (other than the high quality and exceptional value uses) in § 93.3, Table 1 (relating to protected water uses).

(2) *Nonpoint source control.* The Department will assure that cost-effective and reasonable best management practices for nonpoint source control are achieved.

(c) *Special provisions for sewage facilities in High Quality or Exceptional Value Waters.*

(1) *SEJ approval in sewage facilities planning and approval in High Quality Waters.* A proponent of a new, additional, or increased sewage discharge in High Quality Waters shall include an SEJ impact analysis as part of the proposed revision or update to the official municipal sewage facilities plan under Chapter 71 (relating to administration of sewage facilities planning program). The Department will make a determination regarding the consistency of the SEJ impact analysis with subsection (b)(1)(iii). The determination will constitute the subsection (b)(1)(iii) analysis at the National Pollutant Discharge Elimination System (NPDES) permit review stage

under Chapter 92a (relating to National Pollutant Discharge Elimination System permitting, monitoring and compliance), unless there is a material change in the project or law between sewage facilities planning and NPDES permitting, in which case the proponent shall recommence sewage facilities planning and perform a new social or economic justification impact analysis.

(2) *SEJ for sewage facilities in High Quality Waters correcting existing public health or pollution hazards.* A sewage facility, for which no environmentally sound and cost-effective nondischarge alternative is available under subsection (b)(1)(i)(A), proposed to discharge into High Quality Waters, which is designed for the purpose of correcting existing public health or pollution hazards documented by the Department, and approved as part of an official plan or official plan revision under § 71.32 (relating to Department responsibility to review and act upon official plans), satisfies the SEJ requirements in subsection (b)(1)(iii).

(3) *Public participation requirements for official sewage facilities plans or revisions to official plans in High Quality or Exceptional Value Waters.* A proponent of a sewage facility in High Quality or Exceptional Value Waters seeking approval of an official plan or revision shall comply with the public participation requirements in § 71.53(d)(6) (relating to municipal administration of new land development planning requirements for revisions).

§ 93.4d. Processing of petitions, evaluations and assessments to change a designated use.

(a) *Public notice of receipt of petition, or assessment of waters, for High Quality or Exceptional Value Waters redesignation.* The Department will publish in the *Pennsylvania Bulletin* and by other means designed to effectively reach a wide audience notice of receipt of a complete petition which has been accepted by the EQB recommending a High Quality or Exceptional Value Waters redesignation, or notice of the Department's intent to assess surface waters for potential redesignation as High Quality or Exceptional Value Waters. The assessments

may be undertaken in response to a petition or on the Department's own initiative. The notice will request submission of information concerning the water quality of the waters subject to the evaluation, or to be assessed, for use by the Department to supplement any studies which have been performed. The Department will send a copy of the notice to all municipalities containing waters subject to the petition or assessment.

(b) *Combined public meeting and fact-finding hearing.* As part of its review of an evaluation or performance of an assessment, the Department may hold a combined public meeting and fact finding hearing to discuss the evaluation or assessment, including the methodology for the evaluation or assessment, and may solicit information, including technical data, to be considered in the Department's evaluation or assessment.

(c) *Submission to EQB to alter designated use.* Upon the completion of its assessment or review of a complete evaluation, and the satisfaction of the other applicable requirements of this section, the Department will submit the results of its assessment or review to the EQB for proposed rulemaking following review and comment by the petitioner, if applicable, in accordance with Chapter 23 (relating to Environmental Quality Board policy for processing petitions—statement of policy).

WATER QUALITY CRITERIA

§ 93.7. Specific water quality criteria.

(a) Table 3 displays specific water quality criteria and associated critical uses. The criteria associated with the Statewide water uses listed in § 93.4, Table 2 apply to all surface waters, unless a specific exception is indicated in §§ 93.9a—93.9z. These exceptions will be indicated on a stream-by-stream or segment-by-segment basis by the words "Add" or "Delete" followed by the appropriate symbols described elsewhere in this chapter. Other specific water quality criteria apply to surface waters as specified in §§ 93.9a—93.9z. All applicable criteria shall be applied in accordance with this chapter, Chapter 96 (relating to water quality standards implementation) and other applicable State and Federal laws and regulations.

TABLE 3

<i>Parameter</i>	<i>Symbol</i>	<i>Criteria</i>	<i>Critical Use*</i>
		* * * * *	
Dissolved Oxygen		The following specific dissolved oxygen criteria recognize the natural process of stratification in lakes, ponds and impoundments. These criteria apply to flowing freshwater and to the epilimnion of a naturally stratified lake, pond or impoundment. The hypolimnion in a naturally stratified lake, pond or impoundment is protected by the narrative water quality criteria in § 93.6 (relating to general water quality criteria). For nonstratified lakes, ponds or impoundments, the dissolved oxygen criteria apply throughout the lake, pond or impoundment to protect the critical uses.	
	DO ₁	For flowing waters, 7-day average 6.0 mg/l; minimum 5.0 mg/l. For naturally reproducing salmonid early life stages, applied in accordance with subsection (b), 7-day average 9.0 mg/l; minimum 8.0 mg/l. For lakes, ponds and impoundments, minimum 5.0 mg/l.	CWF
	DO ₂	7-day average 5.5 mg/l; minimum 5.0 mg/l.	WWF
	DO ₃	For the period February 15 to July 31 of any year, 7-day average 6.0 mg/l; minimum 5.0 mg/l. For the remainder of the year, 7-day average 5.5 mg/l; minimum 5.0 mg/l.	TSF

(b) For naturally reproducing salmonids, protected early life stages include embryonic and larval stages and juvenile forms to 30 days after hatching. The DO₁ standard for naturally reproducing salmonid early life stages applies October 1 through May 31. The DO₁ standard for naturally reproducing salmonid early life stages applies unless it can be demonstrated to the Department's satisfaction, that the following conditions are documented: 1) the absence of young of the year salmonids measuring less than 150 mm in the surface water; and 2) the absence of multiple age classes of salmonids in the surface water. These conditions only apply to salmonids resulting from natural reproduction occurring in the surface waters. Additional biological information may be considered by the Department which evaluates the presence or absence of early life stages.

(c) The list of specific water quality criteria does not include all possible substances that could cause pollution. For substances not listed, the general criterion that these

substances may not be inimical or injurious to the existing or designated water uses applies. The Department will develop a criterion for any substance not listed in Table 3 that is determined to be inimical or injurious to existing or designated water uses using the best available scientific information, as determined by the Department.

(d) If the Department determines that natural quality of a surface water segment is of lower quality than the applicable aquatic life criteria in Table 3 or 5, the natural quality shall constitute the aquatic life criteria for that segment. All draft natural quality determinations will be published in the *Pennsylvania Bulletin* and be subject to a minimum 30-day comment period. The Department will maintain a publicly available list of surface waters and parameters where this subsection applies, and will, from time to time, submit appropriate amendments to §§ 93.9a—93.9z.

§ 93.8b. Metals criteria.

Dissolved criteria are footnoted in Table 5, and have been developed by applying the most current EPA conversion factors to the total recoverable criteria. The EPA factors are listed in the following Conversion Factors Table.

Conversion Factors Table

	<i>Chronic</i>	<i>Acute</i>	<i>Source</i>
Arsenic	1.000 (As3+)	1.000 (As3+)	1,2
Cadmium	1.101672- (ln[H] × 0.041838)	1.136672- (ln[H] × 0.041838)	2

§ 93.8d. Development of site-specific water quality criteria.

* * * * *

(f) If the Department determines that site-specific criteria are appropriate in accordance with subsection (a), the Department will do the following:

(1) Publish the site-specific criterion in the *Pennsylvania Bulletin*, along with other special conditions under § 92a.82(b)(3) (relating to public notice of permit applications and draft permits) and provide for public participation and public hearing in accordance with §§ 92a.81, 92a.82, 92a.83 and 92a.85.

Title 58—RECREATION

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 401a, 437a AND 441a]

Gaming Service Providers and Slot Machine Licenses

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. §§ 1317.2 and 1321 (relating to gaming service provider; and additional licenses and permits and approval of agreements) amends Chapters 401a, 437a and 441a (relating to preliminary provisions; gaming service provider certification and registration; and slot machine licenses) to read as set forth in Annex A.

Purpose of the Final-Form Rulemaking

With this final-form rulemaking, the Board is amending several sections to limit the types of agreements that operators are required to file with the Board, specify which types of agreements require Board approval prior to implementation and exempt professional sports teams from the gaming service provider certification and registration requirements.

Explanation of § 401a.3

In § 401a.3 (relating to definitions), the definition of “nongaming employee” is amended to reflect that not only certified but also registered gaming service providers as well as manufacturers, designers and suppliers may have

nongaming employees. Additionally, a nongaming employee may now have contact with a slot machine provided that the contact does not affect play of the game. This was added because servers clear food and beverage requests generated from the slot machine, which was not previously allowed.

Explanation of Chapter 437a

Section 437a.1 (relating to general gaming service provider requirements) is amended to exempt professional sports teams of Major League Baseball, the National Football League, the National Basketball Association and the National Hockey League from the gaming service provider registration and certification requirements. Several licensed facilities have recently contracted with professional teams to purchase tickets for patron use and to provide advertising during sporting events.

After reviewing the agreements and the requirements and exemptions in other gaming jurisdictions, the Board does not believe it is necessary for the protection of the public or the integrity of gaming to require professional sports teams to file for registration or certification as a gaming service provider.

Additionally, § 437a.9(a)(3) (relating to permission to conduct business prior to certification or registration) is amended to reflect that the Bureau of Licensing is informed, but does not determine, that an applicant’s suitability may be at issue.

Explanation of Chapter 441a

In § 441a.12 (relating to maintaining agreements; filing of agreements), the types of agreements are amended

so that slot machine licensees are now required to file. Specifically, operators are required to maintain written agreements and the records associated with oral agreements with licensed manufacturers, suppliers, franchisees and gaming service providers but are no longer required to file all agreements with the Board. However, the Board may require operators to submit agreements or records upon request.

Section 441a.13 (relating to Board approval of agreements) specifies which agreements require Board approval, such as corporate overhead agreements, shared services agreements and agreements that provide for the management of all or part of the gaming operations of a licensed facility.

Section 441a.14 (relating to master purchasing and disbursement report) is amended for clarity and to reflect Board practice. Operators are versed on the reporting, coding and submission process in this section.

Language added to § 441a.16 (relating to slot machine license term and renewal) specifies that a license is valid for 3 years from the date of issuance of an initial license. This was added because the initial license is not issued immediately after it is approved by the Board but is issued only after the Board's order awarding the license becomes final, binding, nonappealable and not subject to pending legal challenge. See 4 Pa.C.S. § 1103 (relating to definitions).

Section 441a.20 is rescinded as it was inconsistent with or duplicative of §§ 441a.12 and 441a.13.

Comment and Response Summary

Notice of the proposed rulemaking was published at 42 Pa.B. 2962 (May 26, 2012). The Board did not receive comments from the public during the comment period. On July 25, 2012, the Board received comments from the Independent Regulatory Review Commission (IRRC) on the proposed rulemaking.

IRRC comments

In regard to § 441a.12, IRRC raised a concern that deleting the requirement that licensees submit contracts to the Board, which was required under former § 441a.12(c), would not be consistent with the objectives of 4 Pa.C.S. Part II (relating to gaming).

For clarity and in response to IRRC's comments, language was added in subsection (b), which mirrors the amended language in § 441a.13 regarding approval of agreements, specifying which contracts shall be filed with the Board. Those contracts include the following: agreements regarding slot machines, table games and associated equipment; corporate overhead agreements or shared services agreements whereby a slot machine licensee's holding company or affiliate is acting as a gaming service provider; management contracts whereby another entity is controlling or managing gaming operations; agreements that are tied to profits or earnings of the licensee; and amendments thereto.

Additionally, with respect to the submission of contracts, when slot machine licensees enter into contracts with gaming service providers, gaming related gaming service providers, manufacturers, suppliers or management companies, the gaming service provider, gaming related gaming service provider, manufacturer or supplier submits with its application materials a copy of the tentative agreement. Thereafter, slot machine licensees provide a monthly disbursement report which lists all disbursements to every gaming service provider (and those exempt from gaming service provider require-

ments), gaming related gaming service provider, manufacturer, supplier and management company. If there is a question regarding a disbursement amount that is not associated with a contract that was submitted to the Board, Board staff may request additional information. With these mechanisms in place, and based on the Board's experience to date, the Board believes that the integrity of gaming will be protected.

IRRC also commented that proposed language in subsection (b) (final-form subsection (c)) contains language that states that the Board may require a slot machine licensee to submit a copy of an agreement to the Board. As previously specified, if there is a question regarding a disbursement amount, Board staff may request that the contract or description of the oral agreement be submitted for review.

Additional revisions

In § 401a.3, the definition of "gaming employee" is amended. The edits were necessary in light of the amendments made to the definition of "nongaming employee" because when read together, both definitions appeared to cover some of the same individuals.

In § 441a.13, the "submit to the Board" language was deleted in subsection (a). That language is unnecessary in this section in light of the amendments to § 441a.12(b), which now requires that the enumerated agreements be submitted to the Board.

Section 441a.13(a)(3) was amended for clarity to reflect that contracts whereby a person has a right to receive payment contingent upon profits or earnings from a slot machine licensee require Board approval.

Affected Parties

Professional sports teams of Major League Baseball, the National Football League, the National Basketball Association and the National Hockey League are no longer required to file for gaming service provider registration or certification. Additionally, operators are no longer required to file certain agreements with the Board.

Fiscal Impact

Commonwealth. It is not anticipated that this final-form rulemaking will have a fiscal impact on the Board or other Commonwealth agencies.

Political subdivisions. This final-form rulemaking will not have fiscal impact on political subdivisions of this Commonwealth.

Private sector. Professional sports teams will benefit from the exemption as they are no longer required to apply and submit to an investigation as a gaming service provider. Additionally, operators will benefit as they are no longer required to file with the Board every agreement entered into with a licensed manufacturer, supplier, franchisee or gaming service provider.

General public. This final-form rulemaking will not have fiscal impact on the general public.

Paperwork Requirements

This final-form rulemaking eliminates the need to file with the Board every agreement entered into with a licensed manufacturer, supplier, franchisee or gaming service provider unless the agreement is related to: the acquisition of slot machines, table games and associated equipment; corporate overhead agreements or shared services agreements; management contracts; agreements that are tied to profits or earnings of the licensee; or requested by Board staff.

Effective Date

The final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on May 16, 2012, the Board submitted a copy of the notice of proposed rulemaking, published at 42 Pa.B. 2962, to IRRC and the Chairpersons of the House Gaming Oversight Committee and the Senate Community, Economic and Recreational Development Committee for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on June 19, 2013, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on June 20, 2013, and approved the final-form rulemaking.

Findings

The Board finds that:

(1) Public notice of intention to adopt these amendments was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The final-form rulemaking is necessary and appropriate for the administration and enforcement of 4 Pa.C.S. Part II.

Order

The Board, acting under 4 Pa.C.S. Part II, orders that:

(a) The regulations of the Board, 58 Pa. Code Chapters 401a, 437a and 441a, are amended by deleting § 441a.20 and amending §§ 401a.3, 437a.1, 437a.9, 441a.12, 441a.13, 441a.14 and 441a.16 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(Editor's Note: Amendments to § 435a.5 included in the proposed rulemaking published at 42 Pa.B. 2962 have been withdrawn by the Board.)

(b) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

WILLIAM H. RYAN, Jr.,
Chairperson

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 43 Pa.B. 3857 (July 6, 2013).)

Fiscal Note: Fiscal Note 125-161 remains valid for the final adoption of the subject regulations.

(ii) Employees of a licensed supplier, manufacturer, manufacturer designee or gaming related gaming service provider whose duties:

(A) Are directly involved with the repair, service or distribution of slot machines, table game devices or associated equipment sold or provided to a licensed facility within this Commonwealth.

(B) Require the employee's presence on the gaming floor or in a restricted area of a licensed facility.

(iii) Employees of a gaming service provider whose duties require:

(A) The employee's presence on the gaming floor or in a restricted area of a licensed facility.

(B) The employee to access the slot machines, table game devices or associated equipment in a manner that does not affect the play of the game.

(iv) Gaming junket representatives.

(v) Other employees or individuals who the Board determines, after a review of the work being performed, require permits for the protection of the integrity of gaming.

* * * * *

Nongaming employee—An employee of a slot machine licensee, manufacturer, manufacturer designee, supplier or gaming service provider who is not included within the definition of “principal,” “key employee” or “gaming employee,” and:

(i) Whose job duties require the employee to be:

(A) On the gaming floor but do not require the employee to touch or have contact with slot machines, table game devices or associated equipment other than exterior contact that does not affect the play of the game.

(B) In a restricted area and the employee:

(I) Is under the constant supervision of an employee of the slot machine licensee who is licensed or permitted and has appropriate access clearance to be in the restricted area.

(II) Is not required to touch or have contact with slot machines, table game devices or associated equipment other than exterior contact that does not affect the play of the game.

(ii) Who the Board determines, after a review of the work being performed, requires registration for the protection of the integrity of gaming.

* * * * *

Subpart B. LICENSING, PERMITTING, CERTIFICATION AND REGISTRATION

CHAPTER 437a. GAMING SERVICE PROVIDER CERTIFICATION AND REGISTRATION

§ 437a.1. General gaming service provider requirements.

* * * * *

(d) The following persons are exempt from the gaming service provider registration and the gaming service provider certification requirements of this chapter:

* * * * *

(15) Professional sports teams of Major League Baseball, the National Hockey League, the National Football League and the National Basketball Association.

(16) Any person not otherwise exempt under this subsection that is licensed by a Federal or state agency if the agency’s licensing requirements are determined by the Bureau of Licensing to be substantially similar to those of the Board.

(e) The Board may request information or assurances from any person listed in subsection (d) to determine the validity of the person’s exempt status.

* * * * *

§ 437a.9. Permission to conduct business prior to certification or registration.

(a) Notwithstanding § 437a.1 (relating to general gaming service provider requirements), the Bureau of Licensing may authorize an applicant for a gaming service provider certification or registration to conduct business with a slot machine applicant or licensee prior to the certification or registration of the gaming service provider applicant if the following criteria are met:

(1) A completed Gaming Service Provider Registration Form—Un-sponsored has been filed by the gaming service

provider, a completed Gaming Service Provider Registration Form—Sponsored has been filed by the slot machine applicant or licensee or a completed Gaming Service Provider Certification Application and Disclosure Information Form has been filed by the slot machine applicant or licensee in accordance with § 437a.2 or § 437a.3 (relating to gaming service provider registration applications; and gaming service provider certification applications).

(2) The slot machine applicant or licensee certifies that it has performed due diligence on the gaming service provider.

(3) The applicant for gaming service provider registration or certification agrees, in writing, that the grant of permission to conduct business prior to registration or certification does not create a right to continue to conduct business and that the Bureau of Licensing may rescind, at any time, the authorization granted pursuant to this section, with or without prior notice to the applicant, if the Bureau of Licensing is informed that the suitability of the applicant may be at issue or the applicant fails to cooperate in the application or investigatory process.

(b) If the Office of Enforcement Counsel issues a Notice of Recommendation for Denial to an applicant for certification or registration, the Bureau of Licensing may rescind the permission granted to the applicant for certification or registration to conduct business with a slot machine applicant or licensee under subsection (a). If the permission is rescinded, the applicant for certification or registration shall cease conducting business with the slot machine applicant or licensee by the date specified in the notice of the rescission by the Bureau of Licensing under subsection (c).

(c) The Bureau of Licensing will notify the applicant for certification or registration and the slot machine applicant or licensee by registered mail that permission for the applicant for certification or registration to conduct business with the slot machine applicant or licensee under subsection (a) has been rescinded and that the slot machine applicant or licensee shall cease conducting business with the applicant for certification or registration by the date specified in the notice.

Subpart C. SLOT MACHINE LICENSING

CHAPTER 441a. SLOT MACHINE LICENSES

§ 441a.12. Maintaining agreements; filing of agreements.

(a) *Maintaining agreements.* Each approved slot machine licensee shall maintain the following:

(1) A copy of every executed agreement with licensed manufacturers, manufacturer designees, suppliers, tenant businesses or franchises located within the licensed facility, and persons required to file a notification or be registered or certified with the Board in accordance with § 437a.1(a), (b) or (h) (relating to general gaming service provider requirements) or Chapter 613a (relating to gaming related gaming service providers). Agreements relating to slot machines, table games, table game devices and associated equipment must be in writing.

(2) Records associated with an oral agreement with licensed manufacturers, manufacturer designees, suppliers, tenant businesses or franchises located within the licensed facility and persons required to file a notification or other request for authorization with the Board in accordance with § 437a.1(a), (b), (g) or (h) or Chapter 613a.

(3) A copy of all executed land and real estate agreements relating to racing or gaming operations.

(4) A copy of all amendments to agreements listed in paragraphs (1)—(3).

(b) *Filing agreements.* Each approved slot machine licensee shall file with the Board:

(1) Agreements with manufacturers, suppliers, manufacturer designees or gaming related gaming service providers relating to slot machines, table games, table game devices and associated equipment.

(2) Corporate overhead assessment agreements, shared service agreements, centralized service agreements or an agreement under which an affiliate, intermediary, subsidiary or holding company of an approved slot machine licensee provides goods or services to the approved slot machine licensee.

(3) Agreements that provide for the management of all or part of the gaming operations of a licensed facility.

(4) Agreements under which a person's right to receive payment is based or contingent upon a licensee's earnings, profits or receipts from the slot machines, table games or associated equipment.

(5) Amendments to agreements described in paragraphs (1)—(4).

(c) *Content of filings.* In addition to the agreements in subsection (b)(1)—(4), the Board may require an approved slot machine licensee to submit a copy of a written agreement or documents reflecting or relating to any oral agreement. Documentation of an oral agreement submitted to the Board must include the following:

(1) A description of the goods or services to be provided and the person that will provide the goods or services to the approved slot machine licensee.

(2) The name and business address of the parties to the agreement.

(3) The duration of the agreement or the expected date or dates of performance.

(4) The financial terms of the agreement.

§ 441a.13. Board approval of agreements.

(a) An approved slot machine licensee shall receive Board approval prior to executing, relying upon or taking an action under the following:

(1) Corporate overhead assessment agreements, shared service agreements, centralized service agreements or an agreement under which an affiliate, intermediary, subsidiary or holding company of an approved slot machine licensee provides goods or services to the approved slot machine licensee.

(2) Agreements that provide for the management of all or part of the gaming operations of a licensed facility.

(3) Agreements under which a person's right to receive payment is based or contingent upon a licensee's earnings, profits or receipts from the slot machines, table games or associated equipment.

(4) Amendments to agreements described in paragraphs (1)—(3).

(b) If the Board finds that an agreement is not in the public interest or is inimical to the interest of gaming in this Commonwealth, the Board may deny approval, require the termination of the agreement, the divestiture of any person associated with the agreement, or may pursue any remedy or combination of remedies provided for in the act or this part. If the agreement or association is not promptly terminated in accordance with the Board's order, the Board may pursue any remedy or combination of remedies provided for in the act or this part.

(c) An agreement maintained or filed under § 441a.12 (relating to maintaining agreements; filing of agreements) or this section must include a provision for its termination without liability on the part of the slot machine licensee, or any party to the agreement or any related agreement, if the Board orders the termination of the agreement in accordance with subsection (b).

(d) Each agreement maintained or filed under § 441a.12 or this section must include a provision requiring that the person who has contracted with the slot machine licensee comply with the act and this part, including obtaining required licenses, permits, certifications and registrations.

§ 441a.14. Master purchasing and disbursement report.

(a) Each approved slot machine licensee shall generate a monthly Master Purchasing and Disbursement Report for expenditures. The report shall be submitted to the Bureau of Licensing no later than the 22nd calendar day of the following month and include the following information:

(1) A register listing alphabetically by payee expenditures paid by the approved slot machine licensee, including transfers of funds or credits to payees, and the following information next to the name of each payee:

(i) The description code as set forth by the Bureau of Licensing.

(ii) The amount of the individual disbursement or credit.

(iii) The date of the individual disbursement or credit.

(iv) The subtotal of disbursements or credits by payee.

(2) A register listing alphabetically by payee expenditures paid by any affiliate, intermediary, subsidiary, holding company, management company or agent of the approved slot machine licensee for goods or services that benefit the approved slot machine licensee, including transfers of funds or credits to payees, and the following information next to the name of each payee:

(i) The description code as set forth by the Bureau of Licensing.

(ii) The amount of the individual disbursement or credit.

(iii) The date of the individual disbursement or credit.

(iv) The subtotal of disbursements or credits by payee.

(b) The reports shall be transmitted to the Bureau of Licensing by means of electronic data transmission in a format prescribed by the Board.

§ 441a.16. Slot machine license term and renewal.

(a) The slot machine license will be valid for 3 years from the date on which the initial license is issued or the renewal is approved by the Board.

(b) A Category 1, Category 2 or Category 3 Slot Machine Renewal Application Form shall be submitted to the Board at least 60 days prior to the expiration of a slot machine license.

(c) A slot machine license for which a completed renewal application has been received by the Board will continue in effect until the Board sends written notification to the holder of the slot machine license that the Board has approved or denied the slot machine license renewal application.

§ 441a.20. (Reserved).

DEPARTMENT OF ENVIRONMENTAL PROTECTION [25 PA. CODE CH. 16]

Water Quality Toxics Management Strategy—Statement of Policy

The Department of Environmental Protection (Department) is amending Chapter 16 (relating to water quality toxics management strategy—statement of policy). These amendments complement the triennial review and revision of Chapter 93 (relating to water quality standards). See 43 Pa.B. 4080 (July 20, 2013) for the final-form rulemaking.

A. *Effective Date*

This final statement of policy will be effective on July 20, 2013.

B. *Contact Persons*

For further information, contact Rodney A. Kime, Chief, Division of Water Quality Standards, Bureau of Point and Non-Point Source Management, 11th Floor, Rachel Carson State Office Building, P. O. Box 8774, Harrisburg, PA 17105-8774, (717) 787-9637; or Michelle Moses, Assistant Counsel, Bureau of Regulatory Counsel, 9th Floor, Rachel Carson State Office Building, P. O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060. Persons with a disability may use the AT&T Relay Service, (800) 654-5984 (TDD users) or (800) 654-5988 (voice users). This statement of policy is available on the Department's web site at <http://www.dep.state.pa.us>.

C. *Background and Summary*

The Commonwealth's water quality standards in Chapters 16 and 93 and Chapter 92a (relating to National Pollutant Discharge Elimination System permitting, monitoring and compliance) implement sections 5 and 402 of The Clean Streams Law (35 P.S. §§ 691.5 and 691.402) and section 303 of the Federal Clean Water Act (33 U.S.C.A. § 1313). Water quality standards consist of the uses of the surface waters of the Commonwealth, the specific numeric and narrative criteria necessary to achieve and maintain those uses, and an antidegradation policy. Chapter 16 is a water quality policy for regulating toxic pollutants. It sets forth the guidelines for development of criteria for toxic substances and lists site-specific water quality criteria and analytical methods and detection limits for toxic substances. Chapter 16 is directly referenced as a supporting policy document in the Department's toxic substances regulations in §§ 93.8a and 93.8c (relating to toxic substances; and human health and aquatic life criteria for toxic substances).

The amendments update Chapter 16 to be consistent with the amendments to Chapter 93, as related to the Commonwealth's triennial review of water quality standards. The amendments also update and correct approved analytical methods in Tables 2A and 2B (relating to approved EPA and DEP accredited analytical methods and detection limits: inorganics; and approved EPA and

DEP accredited analytical methods and detection limits: organics). The titles of these tables are also corrected to reflect that several analytical methods listed are Department accredited. This statement of policy may affect persons who discharge wastewater into surface waters of the Commonwealth or otherwise conduct activities which may impact these waters.

The Department discussed the triennial review with the Water Resources Advisory Committee (WRAC) five times in 2011, at the April, June, July October and December meetings. On January 11 2012, WRAC voted to have the Department present the rulemaking package to the Environmental Quality Board (EQB). The Agricultural Advisory Board declined the need for their consideration on the triennial review of water quality standards that was scheduled for their regular October 19, 2011, meeting.

The amendments were shared with the EQB as a companion to the triennial review of water quality standards rulemaking, although the EQB is not required to act on the revisions to the Department's statement of policy for toxic substances. The proposed statement of policy was published at 42 Pa.B. 4187 (July 7, 2012) with a 45-day public comment period that ended August 21, 2012. The Department held a public meeting and hearing for the purpose of accepting comments on the proposed statement of policy on August 8, 2012, in Conference Room 105, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA. The Department did not receive comments pertaining to the proposed statement of policy.

The draft final statement of policy was discussed with and approved by WRAC at its November 28, 2012, meeting. Comments received on the Chapter 93 rulemaking resulted in related changes to this final statement of policy. The changes to the proposed statement of policy are summarized in Section D.

D. *Summary of the Change to the Proposed Amendment Appendix A. Table 1A. Site-specific water quality criteria for toxic substances*

1,4-Dioxane—Based on comments to the proposed amendments to Chapter 93 received by the EQB, the proposed Statewide criterion for 1,4-dioxane was withdrawn from this final statement of policy, but retained as a site-specific criterion (3 µg/L) in Table 1A.

A copy of the final amendments is available from the Division of Water Quality Standards at the address provided in Section B.

TABLE 1A

SITE-SPECIFIC WATER QUALITY CRITERIA FOR TOXIC SUBSTANCES

The following table contains water quality criteria that were developed based on a need for a site-specific water quality criterion, and according to the guidelines for criteria development, as contained in this chapter. The sources the Department of Environmental Protection (Department) uses to obtain relevant risk assessment values for these criteria include, but are not limited to, United States Environmental Protection Agency agency-wide supported data systems such as Integrated Risk Information System (IRIS) and ECOTOX; the Great Lakes' Tier II aquatic life criteria guidelines; and other Nationally developed criteria as reviewed and approved by the Department for Statewide use. A criterion placed in this table will remain a site-specific criterion as originally developed and be incorporated into the appropriate portion of §§ 93.9a—93.9z that relates to “exceptions to specific criteria” unless, during rulemaking, it is determined that the same criteria has general Statewide applicability.

CAPITOL PRESERVATION COMMITTEE

Request for Proposals

CPC Project 13.141: Suite 400 Furnishings and Accessories. Selective removal and salvage of wall trim consisting of base assembly and chair rail sections; fabricate, install and finish new matching base, chair rail and picture rail for selected locations; construction of new wall segments in Room 402; fabrication and installation of new custom wood cabinetry with solid polymer top and wall panels; provision and installation of new appliance; modification of existing carpeting to accommodate new cabinetry and construction array; new electrical connection for conference room food service center; selective removal of wall plaster (channeling) to accommodate new conduit and wiring; grout reconstruction of wall areas removed for utility installation; minor reconstruction of canvas covered plaster walls and refinishing; and fabrication, delivery and installation of new furniture; provision of electrical power and data connections to new video display monitors.

A \$100 deposit is required for issuance of project documents. The issue date of the documents will be July 30, 2013, at 10 a.m. A mandatory preproposal conference and walk through will be held on August 6, 2013, at 10 a.m., convene in Room 630, Main Capitol. The proposal receipt date is August 27, 2013, at 2 p.m. Proposals must remain firm for 60 calendar days following proposal receipt date. Project documents may be obtained in Room 630, Main Capitol Building, Harrisburg, PA or by contacting Tara Pyle at (717) 783-6484.

DEPARTMENT OF EDUCATION

Application of Gwynedd-Mercy College for Approval of a Certificate of Authority to Operate as a University under the Name of Gwynedd-Mercy University

Notice of Opportunity for Hearing and Invitation to Protest

Under 24 Pa.C.S. § 6503(e) (relating to certification of institutions), the Department of Education (Department) will consider the application of Gwynedd-Mercy College for approval of a Certificate of Authority to operate as a university under the legal name of Gwynedd-Mercy University.

In accordance with 24 Pa.C.S. § 6503(e), the Department will act upon this application without a hearing, unless, within 30 days after the publication of this notice in the *Pennsylvania Bulletin*, a written request for public hearing is filed with the Department, along with a notice of intervention, a petition to intervene or protest in accordance with 1 Pa. Code §§ 35.23 and 35.24 (relating to protests) or 1 Pa. Code §§ 35.27—35.32 (relating to intervention).

Petitions to intervene, protest and request for hearing shall be filed with Dr. Rod Niner, Higher Education Associate, 333 Market Street, Harrisburg, PA 17126-0333 by 4 p.m. on or before the due date prescribed by this notice. Persons wishing to review the application should call (717) 783-8228 or write to the previous address to schedule a time for an in-office review. Duplicate copies of the application are not available.

Persons with a disability who wish to attend the hearing, if held, and require an auxiliary aid, service or other accommodation to participate should contact Dr. Rod Niner at (717) 783-8228 to discuss accommodations.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

In addition, the permit contains the following major special conditions:

- Designation of Responsible Operator
- No Stormwater
- Change in Ownership
- TRC Minimization
- Sludge Disposal
- Discharge During Emergency Situation
- Discharge to Groundwater Recharge Areas
- Discharge to Special Protection Waters

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

WATER MANAGEMENT BIOSOLIDS

Biosolids Individual Permits (PABIG and PABIS)

The following parties have applied for either an Individual Site Permit (PABIS) or an Individual Generator Permit (PABIG) for beneficial use of sewage sludge (biosolids) by land application. Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department proposes to issue a permit to land apply biosolids subject to certain requirements in the permit.

Persons wishing to comment on a proposed permit are invited to submit statements to the responsible Department regional office noted before the application within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in the formulation of the final determination regarding an

application. A response should include the name, address and telephone number of the writer and a concise statement of a comment and the relevant facts upon which it is based. A public hearing may be held if the regional office considers the public response significant.

Following the 30-day comment period, the water management regional manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board (Board).

The application and related documents, comments received and other information on file and may be inspected and arrangements made for copying at the responsible Department regional office indicated before the application.

Persons with a disability who require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the Secretary to the Board at (717) 787-3483. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period

for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the

Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

In accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), the Department of Environmental Protection (DEP) has received an application and intends to issue a Plan Approval to the abovementioned company for the abovementioned project. This plan approval may be incorporated into the company's facility-wide permit via an administrative amendment at a later date.

Plan Approval No. 36-05027D5 incorporates the relevant provisions from 40 CFR 63, Subpart DDDDD—National Emission Standards for Hazardous Air Pollutants for Major Sources: Industrial, Commercial, and Institutional Boilers and Process Heaters. The Plan Approval will contain testing, monitoring, recordkeeping & work practice standards designed to keep the facility operating within all applicable air quality requirements. No emission increases are expected as a result of this plan approval. The implementation of Subpart DDDDD is intended to decrease emissions.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed plan approval, or may provide the Department with additional information to consider in its review, by filing a written protest with the Department at the address listed above. Each written comment must contain the name, address and telephone

number of the person submitting the comments, identification of the proposed permit by the permit number listed above and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *Pennsylvania Bulletin*, will exist for the submission of comments or protests, or for requests for a public hearing. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received.

Tom Hanlon, Facilities Permitting Chief, may be contacted at 717-705-4862, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments, protests, or requests for a public hearing.

Plan approvals issued to sources identified in 25 Pa. Code § 127.44(b)(1)—(4) or plan approvals issued to sources with limitations on the potential to emit may become part of the SIP, and will be submitted to EPA for review and approval.

31-05005D5: Containment Solutions, Inc. (14489 Croghan Pike, Mount Union, PA 17066) for their fiberglass reinforced underground storage tank manufacturing plant located in Shirley Township, **Huntingdon County**.

In accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), the Department of Environmental Protection (DEP) has received an application and intends to issue a Plan Approval to the abovementioned company for the abovementioned project. This plan approval may be incorporated into the company's facility-wide permit via an administrative amendment at a later date.

Plan Approval No. 36-5001JD5 incorporates the relevant provisions from 40 CFR 63, Subpart DDDDD (National Emission Standards for Hazardous Air Pollutants for Major Sources: Industrial, Commercial, and Institutional Boilers and Process Heaters). The Plan Approval will contain testing, monitoring, recordkeeping and work practice standards designed to keep the facility operating within all applicable air quality requirements. No emission increases are expected as a result of this plan approval. The implementation of Subpart DDDDD is intended to decrease emissions.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed plan approval, or may provide the Department with additional information to consider in its review, by filing a written protest with the Department at the address listed above. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit by the permit number listed above and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *Pennsylvania Bulletin*, will exist for the submission of comments or protests, or for requests for a public hearing. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received.

Mr. Thomas Hanlon, Chief, Air Quality Permitting may be contacted at 717-705-4862, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

Plan approvals issued to sources identified in 25 Pa. Code § 127.44(b)(1)—(4) or plan approvals issued to sources with limitations on the potential to emit may become part of the SIP, and will be submitted to EPA for review and approval.

28-05002D5: Letterkenny Army Depot—US Department of Defense (One Overcash Avenue, Chambersburg, PA 17201) for incorporation of relevant provisions from 40 CFR 63, Subpart DDDDD, into the air quality permit for the facility in Greene—Letterkenny Townships, **Franklin County**.

08-00010H: Global Tungsten & Powders Corp. (1 Hawes Street, Towanda, PA 18848) for a plan approval to construct a Bionomic Industries Series 5000 Model 60 Counterflow Packed Tower Scrubber in **Bradford County**. The proposed scrubber will replace an existing scrubber and reduce emissions of hydrogen chloride, a hazardous air pollutant, from the facility's cobalt chemical process vessels from approximately 0.55 ton/year to 0.044 ton/year. There are no emissions increases associated with the proposed scrubber replacement.

Based on the findings presented above, the Department intends to issue a plan approval for the proposed project. The following is a summary of the conditions that the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable air quality regulatory requirements:

1. The Bionomic Industries scrubber shall be equipped with instrumentation to continuously monitor the pressure drop across the scrubber. The pressure drop across the scrubber shall be recorded at least once per operating shift.

2. The Bionomic Industries scrubber shall be equipped with instrumentation to continuously monitor the scrubbing solution flow rate. The scrubbing solution flow rate shall be recorded at least once per operating shift.

3. The scrubbing solution used in the Bionomic Industries scrubber shall be a mixture of water and sodium hydroxide, which shall be maintained in a pH range of 6.0—8.0. A pH alarm shall be installed which will notify the permittee in the event that the pH of the scrubbing solution falls below 6.0.

4. The Bionomic Industries scrubber shall be equipped with instrumentation to continuously monitor the temperature of the vapors entering the scrubber. The temperature of the inlet vapors shall not exceed 120°F.

5. The Department reserves the right to establish operating ranges for the pressure drop and scrubbing solution flow rate upon issuance of an operating permit.

6. The permittee shall create and maintain records of the observed scrubber pressure drop and scrubbing solution flow rate. These records shall be maintained for a minimum of five years and be made available to the Department upon request.

7. The permittee shall continue to comply with all existing requirements for the cobalt chemical process vessels established in Synthetic Minor Operating Permit 08-00010.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570 327 3693.

Any person(s) wishing to provide the Department with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to the Department of Environmental Protection at the address shown in the preceding paragraph. A 30-day comment period from the date of this publication will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (specify Permit No. 08-00010H) and concise statements regarding the relevancy of the information or objections to issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department of Environmental Protection determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Environmental Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570 327 3648.

allow the construction and temporary operation of a (railcar to truck) transloading facility for the transfer of up to 6.3 million gallons of hydrochloric acid to be named the Allenport, PA Terminal in Allenport Borough, **Washington County**.

In accordance with 25 Pa. Code §§ 127.44—127.46 the Department of Environmental Protection (DEP) intends to issue Air Quality Plan Approval: PA-63-00982A to allow the construction and temporary operation of a (railcar to truck) transloading facility for the transfer of up to 6.3 million gallons of hydrochloric acid to be named the Allenport, PA Terminal located in Allenport Borough, Washington County.

Potential to emit from the facility is estimated to be 0.87 ton of nitrogen oxides (NO_x), 1.08 tons of carbon monoxide (CO), 0.13 ton of particulate matter (PM), 0.08 ton of particulate matter less than 10 microns in diameter (PM₁₀), 0.10 ton of Hydrochloric acid (HCl), 0.29 ton of volatile organic compounds (VOC), 0.27 ton of sulfur dioxide (SO₂), and 171 tons of carbon dioxide equivalents (CO₂e) per year. Best available technology (BAT) for the transfer of hydrochloric acid is closed-loop transfer with vapor recovery and control by an acid scrubber. BAT for tanker truck traffic on facility roadways is optimization of traffic routing within the facility, delineation of facility roadways by paving or periodic chipping, and periodic watering as necessary. The authorization is subject to State regulations including 25 Pa. Code §§ 123.1, 123.2 and 123.31. It is also subject to Federal New Source Performance Standards (NSPS) from 40 CFR Part 60 Subpart IIII and National Emissions Standards for Hazardous Air Pollutants (NESHAPS) from 40 CFR Part 63 Subpart ZZZZ. Plan Approval has been conditioned to ensure compliance with all applicable rules. This includes monitoring, recordkeeping, reporting, and work practice conditions. Once compliance with the Plan Approval is demonstrated, the applicant will subsequently apply for a State Only Operating Permit in accordance with 25 Pa. Code Subchapter F.

A person may oppose the proposed plan approval by filing a written protest with the Department through Alan Binder, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Additional written comments may also be submitted. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval (PA-63-00982A) and concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

All comments must be received prior to the close of business 30 days after the date of this publication.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing in writing or by publication in the newspaper and the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

For additional information you may contact Alan Binder at 412-442-4168.

06-05024: GenOn REMA, LLC (121 Champion Way, Suite 200, Canonsburg, PA 15317) for their electric generating plant in Cumru Township, **Berks County**.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the abovementioned facility.

In 2012 the subject facility had actual emissions of 12 tons of carbon monoxide, 190 tons of nitrogen oxides, 45 tons of PM-10 particulate matter, 15 tons of PM-2.5 particulate matter, 1,078 tons of sulfur oxides, 1 ton of VOC and 58 tons of HAP. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 25 Pa. Code § 129.63 for degreasers, 40 CFR 64 Compliance Assurance Monitoring (CAM), Continuous Emission Monitoring (State rules), 40 CFR 97 Clean Air Interstate Rule (CAIR) and 40 CFR 63 Subpart ZZZZ National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit by the permit number listed above and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *Pennsylvania Bulletin*, will exist for the submission of comments or protests.

Thomas Hanlon, Facilities Permitting Chief, may be contacted at 717-705-4862, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

33-00140: Dominion Transmission, Inc. (501 Martindale Street, Suite 400, Pittsburgh, PA 15212) to modify a Title V Operating Permit for the Punxsutawney Compressor Station in Perry Township, **Jefferson County**.

The modification is in accordance with 25 Pa. Code § 127.463. The permit expires October 31, 2017. The Punxsutawney Compressor Station is a major facility and is subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapters F and G. The facility is subject to multiple State and Federal Regulations. The modification involves the incorporation of the requirements of 40 CFR 63 Subpart DDDDD—National Emission Standards for Hazardous Air Pollutants (NESHAPs) for Major Sources: Industrial, Commercial, and Institutional Boilers and Process Heaters. These requirements became effective April 1, 2013. The Department is required to revise the permit because the expiration date of the current permit is more than 3 years from the effective date of Subpart DDDDD. The facility has an Ajax boiler rated 5.5 mmtu/hr and a Line Heater rated 2.8 mmbtu/hr. Both units are fired with natural gas. These units are subject to the tune-up and energy assessment work practice standards of Subpart DDDDD.

Minor changes were also made to the permit to reflect the amended language of 40 CFR 63 Subpart ZZZZ—NESHAPs for Stationary Reciprocating Internal Combustion Engines.

Copies of the Department's analysis and other documents used in the evaluation of the application are available for public inspection during normal business hours at the Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335.

Any person wishing to provide the Department of Environmental Protection with additional information they believe should be considered prior to the issuance of this permit may submit the information to the Department at the address shown above. A 30-day comment period, from the date of this publication, will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (specify Permit # TV 33-00140) and concise statements regarding the relevancy of the information in the proposed permit or objections to issuance of the permit.

Written comments should be directed to Mr. John F. Guth, Program Manager, Air Quality, Department of Environmental Protection, Northwest Region, 230 Chestnut Street, Meadville, PA 16335. For additional information concerning the permit or the issuance procedure, contact Mr. Matthew M. Williams, Facilities Section Chief, Air Quality Program, at the same address or phone at (814) 332-6131.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit renewal for the above-mentioned facility.

The subject facility employs wet suppression and a baghouse to control particulate matter (PM) emissions from limestone crushing and handling. The crushing plant includes equipment subject to 40 CFR Part 60 Subpart OOO—Standards of Performance for Nonmetallic Mineral Processing Plants. The facility has the potential to emit an estimated 24 tons per year of particulate matter emissions. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

The subject facility has the following potential emissions: 8.8 TPY of CO; 7.2 TPY of NO_x; 0.37 TPY of SO_x; 78 TPY of PM; 28.3 TPY PM₁₀; 0.78 TPY of VOCs; 0.78 TPY of HAPs and 2,927 TPY of CO_{2e}. The

facility's sources include one (1) wood waste-fired boiler, various woodworking equipment (planers, molders, sanders and saws), eight (8) dry kilns and various insignificant sources.

The emission restriction, testing, monitoring, recordkeeping, reporting and work practice conditions of the NMOP have been derived from the applicable requirements of 40 CFR Part 63 and 25 Pa. Code Chapters 121—145.

The renewal State Only (Natural Minor) operating permit contains applicable MACT requirements to the sources at the facility. The proposed State Only (Natural Minor) operating permit contains applicable regulatory requirements including monitoring, recordkeeping, and reporting conditions to ensure compliance with applicable Federal and State air quality regulations.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the above mentioned facility.

The subject facility consists of three extrusion lines, including two mixers and associated baghouses. The facility has the potential to emit 18.0 tpy PM; 2.0 tpy VOC, and less than 1 ton per year of NO_x, CO, and SO_x.

The facility is required to conduct a weekly survey of the facility during daylight hours while the facility is operating to ensure compliance with the visible emission, fugitive emission and malodor restrictions. Records of the weekly survey performed must be recorded. Routine maintenance inspections are to be performed on the control devices and recorded in an on-site log. Particulate matter emissions are not to exceed 0.04 gr/dscf. The proposed authorization is subject to State and Federal Regulations. The permit includes operation requirements, monitoring requirements, and recordkeeping requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Sheila Shaffer, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (63-00626) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

63-00880: Washington Penn Plastics Co.—Performance Production Division (1604 State Route 136, Eighty-Four, PA 15330) for the manufacturing of pelletized thermoplastics in South Strabane Township, **Washington County**.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the above mentioned facility.

The subject facility consists of four extrusion twin screw lines, three blenders, and 15 storage silos for raw and finished material. The extrusion lines are controlled by baghouses rated at 10,000 and 8,000 ACFM. The facility has the potential to emit 25.0 tpy PM; 4.0 tpy VOC and less than 1 ton per year of NO_x, CO and SO_x. The facility is required to conduct a weekly survey of the facility during daylight hours while the facility is operating to ensure compliance with the visible emission, fugitive emission and malodor restrictions. Records of the weekly survey performed must be recorded. Routine preventative maintenance inspections are to be performed on the control devices and recorded in an on-site log. Particulate matter emissions are not to exceed 0.04 gr/dscf and a 10 percent opacity limit except for Line A is subject to 25 Pa. Code § 123.41. The proposed authorization is subject to State and Federal Regulations. The

permit includes operation requirements, monitoring requirements, and recordkeeping requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Sheila Shaffer, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (63-00880) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Mr. Mark Wayner, Regional Air Quality Program Manager, Department of Environmental Protection, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222. For additional information concerning the permit or the issuance procedure, contact Ms. Sheila Shaffer, Air Quality Engineering Specialist, at the same address or phone at (412) 442-5227.

All comments must be received prior to the close of business 30 days after the date of this publication.

11-00325: Maple Coal Company (254 Interpower Drive, Colver, PA 15927) for a Natural Minor Operating Permit for the operation of a coal preparation plant, known as the Colver Coal Refuse Processing Plant, located in Barr and Blacklick Townships, **Cambria County**.

The facility contains air contamination sources consisting of screens, conveyer, storage piles, and plant roads. Processed coal throughput of the facility is limited to 1,300,000 tons per year. Facility emissions are 36.7 tons per year of PM₁₀. The facility is limited to a maximum opacity from any processing equipment of 20 percent. The facility is subject to 40 CFR 60, Subpart Y—Standards of Performance for Coal Preparation, Processing Plants, as well as state requirements. The permit includes emission limitations, and operational, monitoring, testing, reporting and recordkeeping requirements for the facility.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of this State Only Operating Permit may submit the information to Martin L. Hochhauser, P.E., Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (specify Operating Permit OP-11-00325) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

All comments must be received prior to the close of business 30 days after the date of this publication. In accordance with 25 Pa. Code § 127.428, prior to issuing an operating permit, the Department may hold a fact-finding conference or hearing at which the petitioner, and a person who has properly filed a protest under § 127.426 (relating to filing protests) may appear and give testi-

mony. The Department is not required to hold a conference or hearing. The applicant, the protestant and other participants will be notified of the time, place and purpose of a conference or hearing, in writing or by publication in a newspaper or the *Pennsylvania Bulletin*, unless the Department determines that notification by telephone will be sufficient.

63-00565: Washington Penn Plastics Co. / Arden Division (2080 North Main Street, Washington, PA 15301) for the manufacturing of pelletized thermoplastics in South Strabane Township, **Washington County**.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the above mentioned facility.

The subject facility consists of twelve extrusion lines, three blenders, two mixers and three storage silos for raw and finished material. The extrusion lines are controlled by baghouses. The facility has the potential to emit 75.0 tpy PM; 2.0 tpy VOC and less than 1 ton per year of NO_x, CO and SO_x. The facility is required to conduct a weekly survey of the facility during daylight hours while the facility is operating to ensure compliance with the visible emission, fugitive emission and malodor restrictions. Records of the weekly survey performed must be recorded. Routine preventative maintenance inspections are to be performed on the control devices and recorded in an on-site log. Particulate matter emissions are not to exceed 0.04 gr/dscf. The proposed authorization is subject to State and Federal Regulations. The permit includes operation requirements, monitoring requirements, and recordkeeping requirements.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Sheila Shaffer, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (63-00565) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Mr. Mark Wayner, Regional Air Quality Program Manager, Department of Environmental Protection, Southwest Region, 400 Waterfront Drive, Pittsburgh, PA 15222. For additional information concerning the permit or the issuance procedure, contact Ms. Sheila Shaffer, Air Quality Engineering Specialist, at the same address or phone at (412) 442-5227.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Receiving streams: Hoge Run, Unnamed Tributary to House Run, House Run, McCourtney Run, and Garner Run, all classified for the following use: HQ-WWF. The application was considered administratively complete on

November 17, 2010. Application received July 2, 2010. Application returned July 2, 2013.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Waterways and Wetlands Program Manager, 2 East Main Street, Norristown, PA 19401

E15-845. Jason Hupp, Buckeye Partners, L.P., Five TEK Park, 9999 Hamilton Boulevard, Breinigsville, PA 18031, East Pikeland and Upper Providence Townships, **Chester and Montgomery Counties**, ACOE Philadelphia District.

To maintain a partially exposed 8-inch liquid petroleum pipeline measuring approximately 304 feet in length across the bottom of the Schuylkill River (WWF, MF) between East Pikeland Township and Upper Providence Township. The exposed pipeline will be protected with a 24-foot wide cable-concrete mat which spans across the river. Approximately 0.084 acre of wetland will be impacted.

The site is located at 1,100 feet north of the Norfolk Southern Railroad bridge over the Schuylkill River (Phoenixville- PA USGS Quadrangle N: 6.86 inches W:

3.88 inches) in East Pikeland and Upper Providence Townships, Chester and Montgomery Counties.

E09-972. Kevin DiPaolo, 3026 Century Lane, Bensalem Township, **Bucks County**, ACOE Philadelphia District

To perform the following water obstruction and encroachment activities associated with the Construction of a two story structure in the floodway of Poquessing Creek (CWF):

1. To construct and maintain a two story building approximately 2,100 square feet within the FEMA detail floodway of the stream

2. To conduct grading activities around the proposed structure to accommodate the finish driveway and walkway landscape areas to facilitate the overall project layout.

The project will permanently impact approximately 0.048 acre of the floodway. The site is located approximately 150 feet from the intersection of Century Lane and Murray Avenue in Bensalem Township, Bucks County, (Beverly PA-NJ USGS Quadrangle Latitude 40°06'23.09"; Longitude 74°57'42").

E51-224. Sugarhouse HSP Gaming LP, 1080 N. Delaware Avenue, Philadelphia, PA 19125, City of Philadelphia, **Philadelphia County**, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities along the Delaware River (WWF) waterfront to accommodate the next phase of the Sugarhouse Casino Project (A.K.A the Phase 1A Expansion):

1. To relocate and maintain a combined sewer overflow (CSO) outfall to a point approximately 180 feet upriver at the northern border of the Sugarhouse Casino property, which will include approximately 5 cubic yards of new fill along the shore of the Delaware River to accommodate public access in this area.

2. To place approximately 1,700 cubic yards of fill within the CSO channel at the terminus of Shackamaxon Street.

3. To construct and maintain Phase 1A Expansion amenities including a parking structure with additional casino facilities on the ground floor, a pedestrian promenade and bicycle path.

4. To remove approximately 2,900 cubic yards of fill material from the Delaware River at Piers 41 North and Pier 42/43 North.

This project is located approximately 500 feet northwest of the intersection Frankford Avenue and North Columbus Boulevard (Philadelphia, PA USGS Quadrangle N: 16.4 inches, W: 1.2 inches).

E51-226. Philadelphia Water Department, Aramark Tower, 2nd Floor, 1101 Market Street, City of Philadelphia, **Philadelphia County**, ACOE Philadelphia District

To amend the existing Venice Island Storage Tank permit by performing the following water obstructions and encroachments activities:

1. To replace the existing four span continuous composite Steel I-beam Lock Street Bridge over the Manayunk

Canal, and construct and maintain in its place a single 36 feet 8 inches span, 40 feet wide, concrete bridge with approximately 4 feet 2 inches underclearance.

2. To construct and maintain an 8-inch water main under the Manayunk canal using the jacking and boring installation method placing the proposed 8-inch diameter pipe in a 16-inch diameter sleeve.

The project is located approximately 1,000 feet east of the intersection of Main Street and Shurs Avenue (Delaware Avenue) in the City and County of Philadelphia (Germantown -PA USGS Quadrangle N: 4.51 inches; W: 13.40 inches).

Northeast Region: Waterways and Wetlands Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915, Telephone 570-826-2511.

E40-745. Buckeye Partners, L.P., Five TEK Park, 9999 Hamilton Boulevard, Breinigsville, PA 18031, in Pittston Township, **Luzerne County**, U.S. Army Corps of Engineers, Baltimore District.

To maintain an existing 24-inch diameter liquid petroleum pipeline crossing of Lidy Creek (CWF) with concrete matting and to construct and maintain a 1,100-L.F. channel change of Lidy Creek consisting of R-5 riprap and geotextile fabric. The purpose of the project is to restore Lidy Creek's former channel alignment and to armor the existing pipeline. The project is located directly northwest of the intersection of Tariff Road and Freeport Road, approximately 1.1 mile east of the intersection of I-81 and U.S. Route 315 (Avoca, PA Quadrangle, Latitude: 41°19'32.6"; Longitude: -75°43'14.8") in Pittston Township, Luzerne County.

E58-299. Buckeye Partners, L.P., Five TEK Park, 9999 Hamilton Boulevard, Breinigsville, PA 18031, in Bridgewater Township, **Susquehanna County**, U.S. Army Corps of Engineers, Baltimore District.

To maintain an existing 8-inch diameter liquid petroleum pipeline crossing of Beebe Creek (CWF, MF) with concrete matting and geotextile fabric and to reduce the existing side slopes of the channel of Beebe Creek over a distance of 30-L.F. The purpose of the project is to armor the existing pipeline and to avoid additional scouring along Beebe Creek adjacent to the crossing. The project several hundred feet east of the intersection of Fraser Road and Lamphere Road, approximately 1.13 miles east of the intersection of U.S. Route 4007 and U.S. Route 167 (Montrose West, PA Quadrangle, Latitude: 41°51'34.9"; Longitude: -75°54'58.3") in Bridgewater Township, Susquehanna County.

Project proposes to remove SICO Dam across Little Chiques Creek (TSF) for the purpose of eliminating a threat to public safety and restore the stream to a free-flowing condition. The proposed restoration project involves the clearing of trees, filling of sinkholes and voids, and stream bank reinforcement. The dam is located approximately 300 feet northeast of the location where Little Chiques Creek flows under Route 230, just west of the intersection of Route 230 and Lefever Road (Columbia East, PA Quadrangle, Latitude: 40.1083; Longitude: -76.4891).

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Mount Joy Township	902 Hoffman Home Rd Gettysburg, PA 17325	Adams

Plan Description: Approval of a revision to the official plan of Mount Joy Township, Adams County. The project is known as Ponderosa Trailer Park. The plan provides for a sewage system repair of an existing mobile home park with a small flow treatment facility. Wastewater flows are estimated at approximately 1600 gpd and will be tributary to an intermittent stream with final discharge to White Run. The proposed development is located on Low Dutch Road.

The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is A3-01924-238-3s and the APS Id is 806204. Any permits must be obtained in the name of the property owner.

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Public Notice of Proposed Consent Order and Agreement

Ernest and Despina Smalis HSCA Site Pittsburgh, Allegheny County

Pursuant to Section 1113 of the Pennsylvania Hazardous Sites Cleanup Act, Act of October 18, 1988, P. L. 756, No. 108, 35 P. S. §§ 6020.101—6020.1305 ("HSCA"), notice is hereby given that the Department of Environmental Protection ("Department") has entered into a proposed Consent Order and Agreement ("CO&A") with Ernest Smalis, Despina Smalis, Michael Smalis, and Maria Sfanos concerning the Department's investigating and remediating a release of hazardous substances at property located at 2908 Penn Avenue, Pittsburgh, Pennsylvania ("Site") and reimbursement of the Department's response costs.

The terms of the settlement are set forth in the CO&A, which is available for review at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA. The Department will receive and consider comments relating to the CO&A for sixty (60) days from the date of this Public Notice. Comments may be submitted, in writing, to Barbara Gunter, Department of Environmental Protection, Hazardous Sites Cleanup, 400 Waterfront Drive, Pittsburgh, PA 15222. Further information may be obtained by contacting Ms. Gunter at 412-442-4000. TDD users may contact the Department through the Pennsylvania Relay Services at 800-645-5984.

The Department has reserved the right to withdraw its consent to the CO&A if comments concerning the CO&A disclose facts or considerations which indicate that the CO&A is inappropriate, improper, or not in the public interest. A person adversely affected by the settlement may file an appeal with the Pennsylvania Environmental Hearing Board.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report,

risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The facility operates three ready-mix concrete plants and a concrete recycling plant consisting of two crushers and a screener. The recycling plant is powered by three diesel-fired engines. While there is no restriction in operating hours for the concrete plants, the recycling plant is limited to a 2,000 hour per year limitation. There have been no source changes or modifications to any plant equipment since this operating permit was last issued; however new requirements from the Federal MACT Standards of Subpart ZZZZ, which are applicable to the diesel-fired engines, are being included in the operating permit. Also incorporated in the operating permit and in accordance with EPA standards on the regulation of fuels and fuel additives, all non-road diesel fuel is subject to a maximum sulfur content of 15 ppm per

gallon standard. Action Supply Co., Inc. is a synthetic minor facility. Monitoring, record keeping and reporting requirements have been added to the permit to address applicable limitations.

53-00003D: National Fuel Gas Supply Corp. (1100 State Street, 2nd Floor, Erie, PA 16512) on May 28, 2013, to construct two (2) natural gas-fired compressor engines (source IDs P124 and P125) with independent oxidation catalysts (IDs C124A and C125A) and selective catalytic reduction (SCR) systems (IDs C124B and C125B) and one (1) natural gas-fired emergency generator (Source ID P201) with a 3-way catalyst (ID C201) to control the air contaminant emissions from these engines at their Ellisburg facility in Allegany Township, **Potter County**. The plan approval has been extended.

08-00045A: Moxie Liberty LLC (612 Center Street South, Suite 200, Vienna, VA 22180) Plan Approval 08-00045A was issued on October 10, 2012, to Moxie Energy LLC for construction of a natural gas-fired combined-cycle power plant to produce approximately 936 MW at the Moxie Liberty Generation Plant located in Asylum Township, **Bradford County**. On February 19, 2013, the Department issued a revised Plan Approval 08-00045A for corrections to the owner's and the facility's names. On July 9, 2013, the Department issued a revised Plan Approval 08-00045A to change the expiration date to reflect the construction completion date as specified by the company. The expiration date of the plan approval has been revised to November 1, 2016.

This action is a renewal of the State Only Operating Permit. The permit was issued on 5-22-2008 and will expire on 6-30-2013. The facility consists of a Foam Product Line, consisting of three (3) Process Ovens, a mold release spray process and three (3) oven heaters to cure the foam as the primary emission sources. The permit will include monitoring, recordkeeping, reporting, and work practice standards designed to keep the facility operating within all applicable air quality requirements.

23-00072: Action Supply Co., Inc. (1401 Calcon Hook Road, Sharon Hill, PA 19079) on July 1, 2013, for a renewal of a State Only Operating Permit in Darby Township, **Delaware County**. The facility operates three ready-mix concrete plants and a concrete recycling plant consisting of two crushers and a screener. The recycling plant is powered by three diesel-fired engines. While there is no restriction in operating hours for the concrete plants, the recycling plant is limited to a 2,000 hour per year limitation. 48-00085: Piralal Critical Care, Inc. (3950 Schelden Circle, Bethlehem, PA 18017-8936) on July 2, 2013, for pharmaceutical preparations in Hanover Township, **Northampton County**. The sources consist of three (3) Halogenated Ether Process Lines. The control devices for the sources are a thermal oxidizer and packed tower scrubber. The sources are considered minor emission sources of nitrogen oxide (NO_x), sulfur oxides (SO_x), carbon monoxide (CO); total suspended particulate (TSP) and VOC's. This is a new State-Only Natural Minor operating permit. The State-Only operating permit includes applicable state and federal requirements, work practice standards, testing, monitoring, recordkeeping and reporting requirements.

65-00830: Menasha Corporation—Yukon Plant (Route 70, P.O. Box 418, Yukon, PA, 15698-0418) on June 28, 2013, issued a Natural Minor State Only Operating Permit for operation of a corrugated container manufacturing facility in Sewickley Township, **Westmoreland County**. There are two main sources of emissions at this facility: a 20.92 mmbtu/hr, natural gas-fired Cleaver Brooks model #CB 200-500 boiler used to provide process steam for the corrugation process and fugitive VOC emissions from printing inks which are emitted either in the ink kitchen where they are prepared or from the die cutting machines where they are applied. There are also several minor sources of emissions including small natural gas-fired space heaters, a waste oil-fired heater, adhesive usage, a parts washer, a starch silo equipped with a bin vent filter, particulate emissions from die cutters and other cardboard cutting and scrap handling

equipment, and cyclone separators which are actually used more for scrap cardboard recycling than for dust control. The facility is subject to the applicable requirements of Pa Code Title 25 Chapters 121 through 145. The final renewal Operating Permit contains applicable emission limits, as well as testing, monitoring, recordkeeping, reporting and work practice requirements.

63-00400: Hansen Engineering, Inc. (167 Laidley's Run Road, West Alexander, PA 15376) on July 2, 2013, to operate their metals recovery and packaging facility in West Finley Township, **Washington County**.

In accordance with 25 Pa Code §§ 127.431 the Department of Environmental Protection (DEP) gives notice that on July 2, 2013, they issued a State Only Operating Permit (SOOP) to Hansen Engineering, Inc. for the operation of their metals recovery and packaging facility located in West Finley Township, Washington County.

04-00519: Columbia Gas Transmission Corp. (1700 MacCorkle Ave SE, Charleston, WV 25314-1518) on July 2, 2013, to continue to operate the natural gas transmission facility known as the Blackhawk Station, in South Beaver Township, **Beaver County**.

In accordance with 25 Pa Code § 127.431, the Department of Environmental Protection (DEP) is providing notice that on July 2, 2013, they issued a State Only Operating Permit (SOOP) Renewal to Columbia Gas to authorize the continued operation of the natural gas transmission facility known as the Blackhawk Station, located in South Beaver Township, Beaver County.

10-00331: Butler Memorial Hospital (911 East Brady Street, Butler, PA 16001) on June 27, 2013, to issue a Natural Minor Operating Permit to operate a General Medical and Surgical Hospital in the City of Butler, **Butler County**. The significant sources at this facility are six (6) dual-fuel fired boilers and six (6) emergency power generators. The two newer emergency power generators are subject to 40 CFR 60, Subpart III. Potential emissions of criteria pollutants from this facility are below the major source thresholds.

10-00350: Cloverleaf Group, Inc.—IDL Worldwide (PO Box 569, 500 Grant Avenue, East Butler, PA 16029-0569) on July 2, 2013, issued a renewal of the State Only Operating Permit for their screen printing facility (printing presses, a screen wash machine, a spray booth, emergency generator and fire pump, and other insignificant sources) in East Butler Borough, **Butler County**. The sources were covered by plan approvals 10-350A and 10-350B. The permittee has a VOC emission limit of 49.5 TPY a single HAP emission limit of 9.8 TPY, and total HAPs emission limit of 24.8 TPY (each based on a consecutive 12-month rolling period). Each of the sources contains the restrictions, recordkeeping, reporting, work practice requirements, and additional requirements as established in the plan approvals. The emergency generator and fire pump engines are subject to 40 CFR 63 Subpart ZZZZ pertaining to the NESHAPs for Stationary Reciprocating Internal Combustion Engines (RICE).

37-00271: Allegheny Mineral Corp. (PO Box 1022, One Glade Park East, Kittanning, PA 16201) on June 27, 2013, issued an administrative amendment to the State Operating Permit for their Princeton Limestone Processing Plant in Slippery Rock Township, **Lawrence County**.

The amendment incorporated the change of ownership, change of responsible official and change of permit contact.

61-00122: Seneca Hardwood Lumber—Cranberry Facility (212 Seneca Hardwood Drive, Cranberry, PA 16319-2526) on June 27, 2013, to re-issue a Natural Minor Operating Permit for their lumber processing facility in Rockland Township, **Venango County**. The facility's major sources of emissions are two (2) Wood-Fired Boilers used to produce heat for the kiln operations. All emissions of criteria pollutants are below major source thresholds. The boilers at this facility will be subject to the requirements of 40 CFR Part 63, Subpart JJJJJ—National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources. The compliance date for this subpart is

The operating permit was administratively amended to incorporate the requirements of Plan Approval No. 23-0003P. The amended operating permit contains the applicable regulatory requirements including testing, monitoring, record-keeping, and emission limits.

ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). The final action on each application also constitutes action on the NPDES permit application and, if noted, the request for a Section 401 Water Quality Certification. Mining activity permits issued in response to applications will also address the application permitting requirements of the following statutes: the Air Quality Pollution Act (35 P. S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1002).

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code

§§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102. Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public

notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal NPDES Draft Permits

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118

NPDES No. PA0592749 on Surface Mining Permit No. 54850204. Jeddo-Highland Coal Company, (46 Public Square, Suite 600, Wilkes-Barre, PA 18701), renewal of an NPDES Permit for an anthracite coal refuse reprocessing operation in Porter Township, **Schuylkill County**, affecting 1756.0 acres. Receiving stream: Wiconisco Creek, classified for the following use(s): warm water fishes (No WLA for any stormwater discharge at this point within the Wiconisco Creek TMDL). Application received: June 21, 2011.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are BAT limits described above for coal mining activities.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301–303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311–1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501–508 and 701–704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1–693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Waterway and Wetlands Program Manager, 2 East Main Street, Norristown, PA 19401

E09-969—Pennsylvania Department of Transport, District 6, 7000 Geerdes Blvd, King of Prussia, PA 19406, Montgomery County. ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities associated with the replacement of River Road (S.R. 0032) bridge over Tohickon Creek (CWF):

1. To replace the existing bridge and to construct and maintain, in its place, a 37-foot long, 160-foot span, and 16-foot high, two span precast concrete arch bridge.
2. To construct and maintain a temporary bridge upstream of the proposed bridge to facilitate maintenance of traffic during construction.
3. To construct and maintain a temporary causeway.
4. To temporarily fill and divert portions of Geddes Run (CWF), a tributary to the Tohickon Creek to facilitate the staging areas for the bridge construction.

The project will permanently impact approximately 80 linear feet of stream. The site is located approximately 1,820 feet northwest of the intersection of River Road (S.R. 0032) and River Hill Road in Plumstead Township, Bucks County, (Lumberville, PA USGS Quadrangle N: 8.77 inches; W: 9.19 inches).

The issuance of this permit also constitutes approval of a Water Quality Certification under Section 401 of the Federal Water Pollution Control Act [33 U.S.C.A. 1341(a)].

Northeast Region: Waterways and Wetlands Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-1915, Telephone 570-826-2511.

E52-238. LP Cylinder Service, Inc., 627 Route 434, Shohola, PA 18458. Shohola Township, **Pike County,** Army Corps of Engineers Philadelphia District.

To fill a 0.8-acre open body of water for the purpose of constructing a liquid propane refurbishing facility. The project is located at 1255 Route 6 (Shohola, PA Quadrangle Latitude: 41° 23' 34"; Longitude: -74° 58' 58") in Shohola Township, Pike County. Subbasin: 1D

Northcentral Region: Waterways & Wetlands Program Manager, 208 West Third Street, Williamsport, PA 17701, 570-327-3636

E18-484. Clinton County Solid Waste Authority, Wayne Township Landfill, PO Box 209, McElhattan, PA 17748-0209. Floodplain Encroachment, in Wayne Township, **Clinton County,** ACOE Baltimore District (Jersey Shore, PA Quadrangle N: 41°09'35"; W: -77°20'40").

To maintain 24,897 cubic yards of clean fill covering 1.36 acres in the right 100-year FEMA flood fringe of the West Branch Susquehanna River located north of the landfill's gas flare and south of the railroad crossing under SR 220 (Jersey Shore, PA Quadrangle N: 41°09'35"; W: -77°20'40") in Wayne Township, Clinton County. This permit was issued under Section 105.13(e) "Small Projects."

Southwest Region: Waterways and Wetlands Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E65-951. Millstein Industries, LLC, DBA Cherry Creek Golf Club, 322 Armbrust Rd., Youngwood, PA 15697, Hempfield Township, **Westmoreland County**; ACOE Pittsburgh District

Applicant has been given consent to replace and maintain approximately 263 linear feet of gabion lined stream channel with naturally designed channel and to remove an existing, unpermitted 48" culvert crossing within an unnamed tributary of Sewickley Creek (WWF), and to maintain fill placed in approximately 0.061 acre of wetland. To mitigate these impacts, the permittee shall construct and maintain approximately 0.123 acre of replacement wetland. The project is located approximately 1000' north of the intersection of Armbrust Road and Mechling Road in Hempfield Township, Westmoreland County Pennsylvania. (Mount Pleasant, PA Quadrangle: N: 20.1" W: 8.9"; latitude 40° 14' 12", longitude -79° 33' 49")

E02-1665. Allied Waste Systems of Pennsylvania, LLC, 11 Boggs Road, PO Box 47, Imperial, PA 15126-0047, Findlay Township, **Allegheny County**; ACOE Pittsburgh District

Applicant has been given consent to place and maintain fill in approximately 2.39 acres of wetlands for the purpose of reconfiguring and expanding the existing Imperial Landfill. The project is located on the north side of Boggs Road, approximately 5,000 feet northwest from the intersection of Boggs Road and Santiago Road (Clinton, PA Quadrangle N: 3.75"; W: 14.13"; Latitude: 40° 27' 9"; Longitude: 80° 16' 32") in Findlay Township, Allegheny County. To compensate for the wetland impacts the permittee shall construct 3.25 acres of replacement wetlands.

Northwest Region: Watershed Management Program Manager, 230 Chestnut Street, Meadville, PA 16335.

E10-482, Kensa Cranberry Associates, L.P., 701 Alpha Drive, Pittsburgh, PA 15238 in Cranberry Township, **Butler County**, ACOE Pittsburgh District.

Giving its consent to fill 0.06 acre of PEM wetland and permanently impact by enclosing and relocating a total of 376 feet of two tributaries to Brush Creek for the construction of a commercial retail development adjacent to the existing Cranberry Crossroads Phase I site north of SR 228 east of I-79. Project includes contribution to the PA Wetland Replacement Fund for mitigation of wetland impact and restoration and stabilization of 185 feet of the relocated tributary to Brush Creek on site and 325 feet of a tributary to Brush Creek downstream of the project. (Mars, PA Quadrangle N: 40°, 41' 11.72"; W: 80°, 05', 23.39")

District Oil & Gas Operations: Eastern Oil & Gas District, 208 West Third Street, Suite 101, Williamsport, PA 17701

E4129-065: PVR Marcellus Gas Gathering, LLC, 101 West Third Street, Williamsport, PA 17701, Cogan House Township, **Lycoming County**, ACOE Baltimore District.

To construct, operate, and maintain:

1. one 12 inch natural gas pipeline and a timber mat bridge impacting 40 linear feet of an unnamed tributary to Roaring Run (EV, MF) (White Pine Quadrangle 41°22' 45"N 77°10'52"W).

The project will result in 50 linear feet of stream impacts all for the purpose of installing a natural gas gathering line with associated access roadways for Marcellus well development.

E6629-015: UGI Energy Services, Inc., 1 Meridian Boulevard, Suite 2C01, Wyomissing, PA 19610, **Wyoming County** ACOE Baltimore District.

To construct, operate, and maintain the Auburn Line Extension Project, which consists of a 27.4 mile long, 20-inch diameter steel natural gas pipeline and associated facilities, with the following impacts:

These impacts will be the result of the construction, operation, and maintenance of the Auburn Line Extension Project, which consists of a 27.4 mile long, 20-inch diameter steel natural gas pipeline and associated facilities for the development of the Marcellus Shale.

ENVIRONMENTAL ASSESSMENTS

Cambria District: Environmental Program Manager, 286 Industrial Pk. Rd., Ebensburg, PA 15931-4119.

EA6309-001. Pennsylvania Department of Environmental Protection, Bureau of Abandoned Mine Reclamation, Cambria Office, 286 Industrial Park Rd., Ebensburg, PA 15931. Abandoned Mine Land Reclamation Project, in Chartiers Township, **Washington County**, Pittsburgh ACOE District.

The applicant proposes to backfill an abandoned surface mine, which includes a total of 2,600 linear feet of dangerous highwall. The project will include the backfilling of a 0.27 acre open waterbody and 0.081 acre of PEM wetlands that have developed within the open surface mine pit. A 0.081 acre replacement wetland will be constructed with the project. (Midway Quadrangle N: 2.0 inch, W: 3.0 inches).

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure

dures may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Availability of Traumatic Brain Injury (TBI) Grant Funds to Support TBI Education and Public Awareness of the Causes and Consequences of TBI

The Bureau of Family Health's (Bureau) Division of Child and Adult Health Services is accepting applications for funding to support education and awareness of the causes and consequences of concussion and mild to severe

traumatic brain injury (TBI) in youth in junior and high school. Funding for up to \$5,000 is available to develop trainings and materials to reach the identified population. Education and awareness activities should target professionals (that is, practitioners, teachers, athletic trainers, coaches, school nurses), community sports programs, community members and/or providers of recreational opportunities which could result in physical injury and should teach appropriate intervention strategies in the event an individual sustains an injury which could result in TBI.

For the purpose of this funding opportunity, a TBI is defined as an insult to the brain, not of a degenerative or congenital nature, caused by an external physical force that may produce a diminished or altered state of consciousness, which results in impairment of cognitive abilities or physical functioning or in the disturbance of behavioral or emotional functioning. These impairments may be either temporary or permanent and cause partial or total functional disability or psychosocial maladjustment.

Youth with concussions/mild head injury often do not benefit from intervention because the extent of the injury is not recognized. Currently, approximately 200 high schools and colleges in this Commonwealth are utilizing pre-play neuropsychological testing to develop a "baseline" or "benchmark" of an athlete's level of cognitive functioning in the event that the youth has a concussion while participating in sports. Additional screening tools are also available that can be utilized after a youth sustains a concussion/head injury to determine if further evaluation or action is needed. While attention to the causes and consequences of concussion and TBI in youth has grown dramatically over the past 5 years, the majority of high schools in this Commonwealth are not using any kind of concussion management program and junior high/middle schools and recreational programs have been particularly underserved.

The learning objectives of the proposed education and awareness activities must incorporate education on TBI, not just concussion, and should include the following:

- a) How to recognize the warning signs that indicate a concussion/mild head injury has occurred.
- b) How to manage concussions/mild head injuries.
- c) How to intervene in the event that a concussion/mild head injury is suspected.

Educational and recreational settings in Communities in this Commonwealth are being targeted for this effort. Through educational opportunities, teachers, coaches, athletic trainers, school nurses, camp counselors, and the like will be better equipped to prevent, recognize, manage and provide support for youth sustaining concussions/head injuries resulting from participation in sports or other recreational activities. Project funds must be used to reimburse purchases and activities occurring prior to March 1, 2014.

Eligible applicants are Commonwealth public and private organizations, community-based programs and agencies that have a Federal Tax ID number. Individuals may not apply. Informal groups without Federal Tax ID numbers are encouraged to partner with a sponsor organization who may apply on behalf of the group. For-profit organizations may apply. However, no applicant may take

a profit from these funds. Only those organizations, programs or agencies that have not received any grant funds from the Bureau during the current fiscal year may apply for these funds.

Applicants may include the following: sports organizations; schools; recreation providers; community organizations; park and recreation centers; camps; athletic directors, coaches, trainers, school nurses; and parent groups and organizations.

To apply for funding, a complete application must be postmarked and mailed to the Department of Health (Department) no later than August 16, 2013. Applications may be mailed or hand-delivered. Applications may not be faxed. Late applications will not be accepted regardless of the reason. The Department expects to notify all applicants of award status by September 1, 2013. It is anticipated that 13 awards of up to \$5,000 or less will be made. This is a reimbursement program. Grantees must spend their own funds first and then be reimbursed by the Department.

Application Process: Complete Attachment A "FY 2013-2014 APPLICATION," and attach a clear and concise narrative of no more than five typewritten pages single spaced that includes the following information, labeled by section:

1. The identified target audience for the training.
2. A description of the proposed awareness and education activities that addresses the learning objectives under the Purpose section of this funding opportunity, including who will do the training and the training content (any training/educational material used must be described).
3. A description of how funds will be expended.
4. How the proposed activity will be evaluated or measured for a change in awareness and education on head injury and TBI, specifically.

An authorized official of the organization who can bind individuals to the provisions of the proposal must sign and date Attachment A. Submit an original and three complete copies of the application, which includes Attachment A, a narrative addressing the five previously listed points and any supporting documentation. Applications should be page-numbered and unbound. Incomplete applications will not be reviewed.

Eligible Costs: The maximum cumulative award to any one applicant (as identified by Federal Tax ID number) is \$5,000 per fiscal year. Funds may be used for reimbursement of the costs incurred prior to March 1, 2014. The budget section of the application must include a budget narrative detailing by line item how project funds will be used. Expenses eligible for reimbursement under this project include:

1. Purchase of a concussion screening program.
2. Purchase of educational materials.
3. Trainers with expertise in TBI. See included resource list.
4. Consultation by the trainer for the program after the initial training.
5. Training costs.

Ineligible Costs: The following costs are not eligible for reimbursement under this project:

1. Administrative/indirect costs.
2. Purchases/activities mandated by the Americans with Disabilities Act.
3. New building construction or structural renovation of an existing space.
4. Capital expenses or equipment.

Summary Report and Invoice Procedures: To receive reimbursement of approved expenses, awardees must submit the following documentation, found in Attachment B, to the Bureau no later than April 15, 2014:

1. A summary report of activities and evaluative efforts.
2. Attendance list, including person's position in relation to youth.
3. Plan for continuing traumatic brain injury awareness and education.
4. Invoice with expense documentation supporting line item amounts.

Funding decisions are contingent upon the availability of Fiscal Year 2013-2014 funds and Department approval

by means of a proposal review panel. The approval will be based upon a common set of preestablished criteria, including:

1. Does the audience of the proposed activity meet the intended target.
2. Do the awareness and education activities meet the learning objectives.
3. Are the proposed expenditures/purchases reasonable.
4. Can the evaluation or measures taken demonstrate a change in awareness and knowledge.
5. Will the activity proposed be of an on-going, systemic benefit to the community.

Applications should be mailed to Attention: Julie Hohney, Public Health Program Administrator, Department of Health, Bureau of Family Health, Division of Child and Adult Health Services, Health and Welfare Building, 7th Floor, East Wing, 625 Forster Street, Harrisburg, PA 17120. Julie Hohney may also be contacted at (717) 772-2762, TDD (717) 783-6514 or at jhohney@pa.gov with additional questions or to request application materials.

MATERNAL AND CHILD HEALTH SERVICES BLOCK GRANT PROVISIONS

This mini-grant's funding consists of Federal block grant monies. The Contractor (mini-grant awardee) shall not use such funds in a manner not in accordance with the Maternal and Child Health Services Block Grant legislation at 42 U.S.C. Section 701 et seq., and the Contractor assures that no block grant funds shall be used to:

1. Provide inpatient services, other than inpatient services provided to children with special health care needs or to high-risk pregnant women and infants and such other inpatient services as the Secretary of the U.S. Department of Health and Human Services (HHS) may approve in writing. (The use of block grant funds provided through this contract to provide permitted inpatient services shall be limited to those services specifically set forth in this contract's work statement and/or budget);

2. Make cash payments to intended recipients of health services;

3. Purchase or improve land, purchase, construct, or permanently improve (other than minor remodeling if provided for in the line item budget of this contract) any building or other facility, or purchase major medical equipment. (No minor equipment may be purchased unless the line item budget specifically provides for such purchase);

4. Satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds;

5. Provide funds for research or training to any entity other than a public or nonprofit private entity; or

6. Pay for any item or service (other than an emergency item or service) furnished by an individual or entity or at the medical direction or on the prescription of a physician during the period when the individual, entity, or the physician is excluded under subchapter V (Maternal and Child Health Services Block Grant, 42 U.S.C. Section 701 et seq.), subchapter XVIII (Medicare, 42 U.S.C. Section 1395 et seq.), subchapter XIX (Medicaid, 42 U.S.C. Section 1396 et seq.), or subchapter XX (Block Grants to States for Social Services, 42 U.S.C. Section 1397 et seq.) of Chapter 7 of the Social Security Act pursuant to 42 U.S.C. Sections 1320a-7, 1320a-7a, 1320c-5, or 1395u(j)(2).

- These sections forbid the use of block grant funds to pay for any item or service provided by an individual or entity, or at the medical direction or on the prescription of a physician, when the Secretary of HHS has excluded such individual, entity, or physician from the right or privilege to participate in or receive funds through the programs of Titles V, XVIII, XIX, or XX. Exclusion necessarily results, or may result, from such events generally (non-inclusive) as the following: conviction for criminal offenses, including fraud, or patient abuse or neglect, under federal or state health care programs; conviction relating to obstruction of investigations; convictions relating to controlled substances; license revocation

or suspension; submission of claims for excessive charges or unnecessary services; failure to disclose certain information required or requested by HHS or state agencies; default on health education loans or scholarships; filing improper claims for medical payments; or violation of certain Medicare requirements.

- In entering into this contract and by invoicing for or accepting payment hereunder, the Contractor assures that the Contractor is not in a state of exclusion per notice from HHS, and that no contract funds have been or shall be utilized to pay any individual or entity, whether the Contractor's employee, subcontractor, or otherwise, as prohibited by 42 U.S.C. Section 704(b) or this contract.

- The Contractor shall immediately provide written notice to the Pennsylvania Department of Health (DOH) of any exclusion notice from HHS which exclusion is effective at any time during the term of this contract. Exclusion of the Contractor by HHS shall constitute a material breach and shall automatically terminate the contract as of the effective date of the exclusion.

- The Contractor shall be liable for repayment of any contract funds either accepted by the Contractor for services or items while the Contractor is in a state of exclusion by HHS or utilized by the Contractor to pay for any item or service contrary to the requirements of 42 U.S.C. Section 704(b) of this contract.

The Contractor assures that under this contract it and any subcontractors shall cooperate fully with the Commonwealth to enable it to comply with any reporting, audit, or fiscal requirements imposed under 42 U.S.C. Section 706.

The Contractor assures that should the federal government conduct any investigation or should the Department be a party to any hearing under 42 U.S.C. Section 706, that the Contractor and any subcontractors shall cooperate in general with the Commonwealth in such investigation or hearing (prior to and during the time of such hearing) and specifically shall make available for examination and copying by the Commonwealth, the U.S. Department of Health and Human Services, or the Comptroller General of the United States, documentary records required by 42 U.S.C. Section 706(d)(1).

8. *Game Play Instructions for the Pennsylvania Cro\$word 5X game are:*

(a) The player shall scratch the "YOUR LETTERS" area to reveal 18 letters. For each of the 18 letters revealed in the "YOUR LETTERS" area, the player shall rub the same letter each time it is found in "GRID 1," "GRID 2" and the "BONUS WORD" play area. In addition, each 5X symbol found in "GRID 1" or "GRID 2" functions as a free spot.

(b) When a player reveals two or more entire words in "GRID 1" or "GRID 2," or one word in the "BONUS WORD" play area, the player is entitled to win a prize as described in Section 7. When a 5X symbol appears in any winning combination of words in "GRID 1" or "GRID 2," win five times the prize as described in Section 7.

(c) Only the highest prize won in each "GRID" and the highest prize won in the "BONUS WORD" play area will

be paid if the ticket meets the criteria established in 61 Pa. Code § 819.213 (relating to ticket validation and requirements).

(e) For purposes of this game, a word must contain at least three letters and cannot be formed by linking letters diagonally or by reading the letters from the bottom to the top.

(f) Every single letter square of a word must be matched and letters combined to form a word must appear in an unbroken horizontal or vertical string of letters in "GRID 1," "GRID 2" and the "BONUS WORD" play area. An unbroken string of letters may include a 5X symbol, but cannot be interrupted by a black space. There

will only be one word in an unbroken horizontal or vertical string of letters.

(g) Every single letter in the unbroken string must be revealed in "YOUR LETTERS" and must be included to form a word.

(h) The possible complete words for each ticket in the game are shown on "GRID 1," "GRID 2" and the "BONUS WORD" areas. The player must match all of the letters in a possible complete word in order to complete the word.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

State Board of Pharmacy
Regulation #16A-5425 (IRRC #3006)
Collaborative Management of Drug Therapy
July 3, 2013

We submit for your consideration the following comments on the proposed rulemaking published in the May 4, 2013 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P. S. § 745.5b). Section 5.1(a) of the RRA (71 P. S. § 745.5a(a)) directs the State Board of Pharmacy (Board) to respond to all comments received from us or any other source.

1. Section 27.1. Definitions.—Clarity.

Section 27.302 (relating to collaborative agreement for management of drug therapy in a non-institutional setting) uses the undefined term “non-institutional setting.” While we recognize that the term institutions is defined in existing Section 27.1 and includes in (iii) what the term does not include, the proposed regulation is unclear as to what settings qualify as non-institutional. In the final-form regulation, we ask the Board to clarify for the regulated community what constitutes a non-institutional setting by explicitly defining this term. The Board may also consider revising the definition of “institutions” if necessary to provide additional clarity between the two terms.

2. Section 27.301. Written protocol for the management of drug therapy in an institutional setting.—Clarity; Implementation procedures.

Comments submitted by the House Professional Licensure Committee (Committee) point out that Section 9.1(e)(10) of the Pharmacy Act specifies that written agreements or protocols must be filed with the Board and the State Board of Medicine and/or the State Board of Osteopathic Medicine, and that Section 9.3(k)(2) requires a collaborative agreement to comply with the requirements of Section 9.1(e). The Committee recommends, and we agree, that the Board clarify in Section 27.301(d) that the written protocol must be filed with the appropriate boards.

Likewise, we agree with the Committee’s recommendation that the Board add a similar requirement to Section 27.302 for written collaborative agreements.

3. Section 27.302. Collaborative agreement for management of drug therapy in a non-institutional setting.—Protection of the public health, safety and welfare; Clarity; Implementation Procedures.

The Pennsylvania Medical Society commented that the regulation does not provide for physicians to have access to pharmacist records for regular review. Paragraph (f)(6) does require the collaborative agreement to contain a method for documenting decisions made and a plan for communication or feedback. Would adding a provision that explicitly provides physician access to pharmacist records provide clarity regarding the intent of the regulation, as well as greater protection of the public health, safety and welfare of patients? We ask the Board to consider this suggestion and explain why such a provision is or is not needed in the final rulemaking.

Environmental Hearing Board
Regulation #106-10 (IRRC #3008)
Practice and Procedure
July 10, 2013

We submit for your consideration the following comments on the proposed rulemaking published in the May

11, 2013 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Environmental Hearing Board (Board) to respond to all comments received from us or any other source.

1. Section 1021.32. Filing.—Implementation procedures; Reasonableness; Clarity.

This section addresses conventional, electronic and facsimile filing. We have three concerns. First, Subsection (c)(14) allows the Board to reject electronic filings. Under what grounds would the Board reject a document that was filed electronically? This should be explained in the final-form rulemaking.

Second, under Subsection (c)(15), if a party electronically files or serves a document and that filing or service is untimely because of a technical issue, the party can seek relief from the Board. However, such relief cannot be sought if there is a technical problem with a notice of appeal that was filed or served electronically. What is the reason for this difference?

Third, Subsection (d) pertains to facsimile filing. If a party experiences technical difficulty filing a document via facsimile, can that party seek appropriate relief from the Board? If so, we suggest that the Board add appropriate language to this subsection. If not, we ask the Board to explain the reason for excluding it from the rulemaking.

2. Section 1021.34. Service by a party.—Clarity.

Under Subsection (g), if an electronic filing was not successfully transmitted, the party sending the filing must “immediately upon notification of the deficiency” serve the document by other listed methods. The requirement of immediate notification lacks clarity. Has the Board considered including a specific time period, such as 24 hours, for correcting the deficiency and serving the document?

3. Section 1021.51. Commencement, form and content.—Clarity.

Subsection (f)(1)(iii) uses the terms “notice of appeal” and “notice of filing.” What is the difference between the terms? If there is no difference, we recommend that the term “notice of appeal” be used instead of “notice of filing.”

4. Section 1021.94. Dispositive motions other than summary judgment motions.—Implementation procedures; Reasonableness; Clarity.

Subsection (c) explains the procedures that must be followed for one party to join the dispositive motion of another party. We ask the Board to respond to the following questions as it develops the final-form rulemaking. First, what form, if any must a notification that a party is joining a dispositive motion take? Second, how did the Board determine that 15 days is a reasonable amount of time in which to file a notification? Third, under what circumstances would the Board permit, by way of an order, a party to raise additional issues in support of the dispositive motion? Finally, how does a party wishing to raise additional issues request such permission in the notification and must a separate pleading or motion be filed?

We have similar questions on Section 1021.94a, pertaining to summary judgment motions.

MILK MARKETING BOARD

Hearing and Presubmission Schedule for All Milk Marketing Areas; Over-Price Premium

Under the Milk Marketing Law (31 P.S. §§ 700j-101—700j-1302), the Milk Marketing Board (Board) will conduct a public hearing for Milk Marketing Areas 1—6 on

November 6, 2013, at 9:30 a.m. in Room 202, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA.

The purpose of the hearing is to receive testimony and exhibits concerning the over-price premium.

The staff of the Board is deemed to be a party to this hearing, and the attorney representing staff is deemed to have entered his appearance. Other persons who wish to present evidence may be included on the Board's list of parties by: (1) having their attorney file with the Board on or before 3 p.m. on September 23, 2013, a notice of appearance substantially in the form prescribed by 1 Pa. Code § 31.25 (relating to form of notice of appearance); or (2) if unrepresented by counsel, filing with the Board on or before 3 p.m. on September 23, 2013, notification of their desire to be included as a party. Parties shall indicate in their notices of appearance if alternate means of service, that is, e-mail or fax, are acceptable. Notices of appearance filed electronically should be directed to deberly@state.pa.us.

The parties shall observe the following requirements for advance filing of witness information and exhibits. The Board may exclude witnesses or exhibits of a party that fails to comply with these requirements. In addition, the parties shall have available in the hearing room at least 20 additional copies made available for the use of nonparties attending the hearing. Parties and witnesses attending the hearing shall provide their own copies of presubmitted testimony and exhibits.

1. By 3 p.m. on September 27, 2013, the petitioner shall file with the Board, in person or by mail, one original and five copies and ensure receipt by all other parties of one copy of:

a. A list of witnesses who will testify for the petitioner, along with a statement of the subjects concerning which each witness will testify. A witness who will be offered as an expert shall be so identified, along with the witness's area or areas of proposed expertise. For expert witnesses there shall also be filed a written report or written testimony explaining the substance of the facts and opinions to which the expert is expected to testify and a summary of the grounds for each opinion.

b. Each exhibit to be presented, including testimony to be offered in written form.

2. By 3 p.m. on October 16, 2013, each responding party shall file and serve as set forth in paragraph 1 information concerning rebuttal witnesses and copies of rebuttal exhibits.

3. By 3 p.m. on October 30, 2013, parties shall file and serve as set forth in paragraph 1 information concerning surrebuttal witnesses and copies of surrebuttal exhibits.

Parties that wish to offer in evidence documents on file with the Board, public documents or records in other proceedings before the Board, or wish the Board to take official notice of facts, shall comply with, respectively, 1 Pa. Code § 35.164, § 35.165, § 35.167 or § 35.173. Whenever these rules require production of a document as an exhibit, copies shall be provided to each Board member and to all other parties; in addition, at least 20 copies shall be available for distribution to nonparties attending the hearing.

Requests by parties for Board staff to provide data pertinent to the hearing shall be made in writing and received in the Board office by 12 p.m. on October 22, 2013.

The filing address for the Board is Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

STATE BOARD OF NURSING

Commonwealth of Pennsylvania, Bureau of Professional and Occupational Affairs v. Patricia Keller, RN; File No. 11-51-02198; Doc. No. 2059-51-11

On November 21, 2011, the Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs, instituted a formal administrative action against you by filing an Order to Show Cause, before the State Board of Nursing, alleging that you have violated certain provisions of the Pennsylvania Professional Nursing Law, Act of May 22, 1951, P. L. 317, ("Act"). Pursuant to 1 Pa. Code § 33.31 and Rule 430 of the Pennsylvania Rules of Civil Procedure, 231 Pa. Code Rule 430, providing for service of process upon you by publication.

Notice

Formal disciplinary action has been filed against you. You may lose your license, certificate, registration or permit to practice your profession or occupation. You may be subject to civil penalties of up to \$10,000 for each violation, and the imposition of costs of investigation.

If you wish to defend against the charges in the attached Order to Show Cause or to present evidence to mitigate any penalty that may be imposed, the procedures for doing so are explained in the Order to Show Cause. You may obtain a copy of the Order to Show Cause from the Prothonotary for the Department of State, 2601 North Third Street, P.O. Box 2649, Harrisburg, PA 17105, telephone number, (717) 772-2686.

You have the right to retain an attorney. Although you may represent yourself without an attorney, you are advised to seek the help of an attorney. You also have the right to have an interpreter provided should you request one.

All proceedings are conducted under the Administrative Agency Law and the General Rules of Administrative Practice and Procedures.

You are directed to respond to the charges by filing a written answer within thirty (30) days of this NOTICE. IF YOU DO NOT FILE AN ANSWER, DISCIPLINARY ACTION MAY BE TAKEN AGAINST YOU WITHOUT A

HEARING. To file your answer, you must bring or send an original and three (3) copies of your answer and any pleadings or other documents related to this matter to the following address:

Prothonotary
Department of State
2601 North Third Street
P.O. Box 2649
Harrisburg, PA 17105

You must also send a separate copy of your answer and any other pleadings or documents related to this case to the prosecuting attorney named in the Order to Show Cause.
