LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 1**

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to pub-

lish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed

documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 740—7671q) and regulations adopted under the Federal Clean Air Act.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

<i>Parameter</i>	<i>Table 2</i>		
	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l

pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse

disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of

regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

Payments to Nonpublic and County Nursing Facilities; Proposed Rates for State Fiscal Year 2014-2015

This notice announces the Department of Public Welfare's (Department) proposed annual case-mix per diem payment rates for State Fiscal Year (FY) 2014-2015 for nonpublic and county nursing facilities that participate in the Medical Assistance (MA) Program.

Nonpublic Nursing Facility Per Diem Rates

As required by the case-mix payment methodology in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting), the Department intends to set an annual MA per diem rate for each nonpublic nursing facility provider. Each facility's annual per diem rate will have four components: resident care; other resident related; administrative; and capital. For each quarter of FY 2014-2015, the Department will adjust the resident care component of each facility's rate by multiplying the resident care component by the facility's MA case-mix index (CMI) for the appropriate picture date.

In calculating the proposed rates, the Department assumed that peer group prices for FY 2014-2015 will be set as specified in 55 Pa. Code § 1187.94 (relating to peer grouping for price setting) except that for facilities classified as special rehabilitation facilities on or before July 1, 2000, peer group medians and prices will be determined in accordance with the methodology described in the final-form rulemaking, Payment for Nursing Facility Services Provided by Special Rehabilitation Nursing Facilities, published at 44 Pa.B. 3322 (June 7, 2014).

In addition, as required by section 443.1(7)(iv) of the Public Welfare Code (62 P. S. § 443.1(7)(iv)), regarding MA payments for institutional care, the Department intends to adjust each facility's CMI-adjusted quarterly rate by multiplying the rate by a budget adjustment factor (BAF). The Federal Centers for Medicare and Medicaid Services (CMS) approved State Plan Amendment (SPA) 13-022 on November 7, 2013, which includes the BAF formula the Department will use for nonpublic nursing facilities in FY 2014-2015. A detailed description of this formula is as follows:

Nonpublic Nursing Facilities' BAF Determination

Base BAF Formula—Prior to establishing the July rate for the rate year, the Department will use the following formula to determine the base BAF:

Target rate divided by the acuity-adjusted weighted average rate equals the base BAF.

If the base BAF as calculated is greater than 1.0, the base BAF will equal 1.0.

April BAF Formula—Prior to establishing the April rate for the rate year, the Department will use the following formula to determine the April BAF:

The weighted average April rate will be compared to the April target rate. If the difference between the weighted average April rate and the April target rate is \$0.25 or more, the formula for the April BAF will be the April target rate divided by the weighted average April rate at 100% equals the April BAF. Otherwise, the April BAF is equal to the base BAF.

Terms Related to the BAF Determination

The following words and terms, when used in the BAF determination, have the following meanings, unless the context clearly indicates otherwise:

Acuity-adjusted weighted average rate—The weighted average July rate at 100% adjusted by the acuity factor.

Acuity factor—The percentage of change from the July rate to the October, January and April rates representing the estimated quarterly change in payments for the nonpublic nursing facilities. (See 55 Pa. Code § 1187.95(b) (relating to general principles for rate and price setting).)

April BAF—The BAF applied to each nonpublic nursing facility's April rate.

April target rate—The rate year's Statewide day-weighted average April rate needed to meet the rate year target rate.

Base BAF—The BAF applied to each nonpublic nursing facility's July, October and January rates.

Base days—The source of days for the day-weighted calculation used in determining the base rate, the weighted average April rate at 100% and the weighted average July rate at 100%. For FY 2014-2015, the base days are the sum of each nonpublic nursing facility's paid facility days, therapeutic leave days and 1/3 of the paid hospital bed reserve days from the PROMISE data file used to determine the June 30, 2013, disproportionate share payments.

Base rate—The base rate is the prior year's annual target rate.

Target rate—The base rate multiplied by one plus the percentage rate of change permitted by the funds appropriated by the General Appropriations Act for the applicable rate year.

Weighted average April rate—The Statewide day-weighted average of the nonpublic nursing facilities' April rates for the applicable rate year determined in accordance with 55 Pa. Code Chapter 1187 (relating to nursing facility services), calculated using base days and the base BAF.

Weighted average April rate at 100%—The Statewide day-weighted average of the nonpublic nursing facilities' April rates for the applicable rate year determined in accordance with 55 Pa. Code Chapter 1187 calculated using base days, prior to application of a BAF.

Weighted average July rate at 100%—The Statewide day-weighted average of the nonpublic nursing facilities' July rates for the applicable rate year determined in accordance with 55 Pa. Code Chapter 1187 calculated using base days prior to application of the base BAF.

The BAF will limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate in effect for the fiscal year is limited to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year.¹

Finally, in calculating the proposed rates, the Department assumed that the General Appropriations Act of 2014 will include the level of funding in the Governor's Executive Budget.

County Nursing Facility Per Diem Rates

As required by the rate methodology in 55 Pa. Code Chapter 1189, Subchapter D (relating to rate setting), the Department intends to set an annual MA per diem rate for each county nursing facility provider. As specified in 55 Pa. Code § 1189.91(b) (relating to per diem rates for county nursing facilities), for each rate year beginning on or after July 1, 2007, the per diem rate paid to a county nursing facility for a rate year will be the facility's prior rate year per diem multiplied by a BAF determined in accordance with the formula in the Commonwealth's approved State Plan. CMS approved SPA 13-021 on November 7, 2013 which includes the BAF formula the Department will use for county nursing facilities in FY 2014-2015. The formula is as follows: $BAF = 1.00 +$ the percentage rate of change permitted by the funds appropriated by the General Appropriations Act for the applicable rate year. In calculating the proposed rates, the Department assumed that the General Appropriation Act of 2014 will include the level of funding in the Governor's Executive Budget.²

The proposed annual per diem rates for FY 2014-2015, the base BAF that will be applied to nonpublic nursing facility rates and the annual BAF that will be applied to county nursing facilities are available on the Department's web site at www.dpw.state.pa.us/provider/doing-business-with-dpw/longtermcarecasemixinformation/index.htm and at local county assistance offices throughout this Commonwealth or by contacting Marilyn Yocum, Department of Public Welfare, Office of Long-Term Living at (717) 772-2549.

Fiscal Impact

If the proposed payment rates are adopted as final, the rates will result in an estimated cost of \$43.772 million

¹ The Department will finalize the BAF once the General Assembly has enacted a General Appropriations Act for FY 2014-2015 and will include the BAF in its notice announcing final MA nursing facility payment rates for the rate-setting year.

² The Department will finalize the BAF once the General Assembly has enacted a General Appropriations Act for FY 2014-2015 and will include the BAF in its notice announcing final MA nursing facility payment rates for the rate-setting year.

(\$20.903 million in State funds) for per diem rate payments to nonpublic nursing facilities and an estimated cost of \$8.579 million (\$4.097 million in State funds) for per diem rate payments for county nursing facilities' FY 2014-2015 rates compared to the facilities' FY 2013-2014 per diem rates. The amount of funding available for this program is dependent upon the funds appropriated by the General Assembly in the forthcoming fiscal year. The Department assumed that funding for these changes will be included in the MA Long-Term Care appropriation.

Interested persons are invited to submit written comments regarding the proposed annual rates for FY 2014-2015 to the Department of Public Welfare, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P. Social Security Number Exemption

The Department of Public Welfare (Department) is announcing that it has been granted an extension of the exemption from the Title IV-D Child Support Enforcement law requiring the collection of Social Security Numbers (SSN) for the Commonwealth's recreational license applications.

Under the Social Security Number Privacy Act (act) (71 P. S. §§ 2601—2608), the Department is required to apply

to the United States Department of Health and Human Services (DHHS) for an exemption from the Federal law that requires an individual applying for or renewing a recreational license for hunting and fishing to include the individual's SSN on the application. See section 466(a)(13)(A) of the Social Security Act (42 U.S.C.A. § 666(a)(13)(A)). The act further provides that if the exemption is granted, an applicant shall be permitted to provide a driver's license number or a Department of Transportation (DOT)-issued nondriver identification card number as an alternative to disclosing the applicant's SSN. The Department's previous exemption requests were granted by DHHS. See 39 Pa.B. 2058 (April 18, 2009) and 41 Pa.B. 4917 (September 10, 2011).

DHHS granted the Department's request to extend the exemption and continue the collection of a driver's license number or a DOT-issued nondriver identification card number instead of an SSN for any applicant applying for a recreational license. The Department's request was granted because of privacy concerns with the current collection process of SSNs on recreational license applications and because compliance with section 466(a)(13)(A) of the Social Security Act will not increase the efficiency and effectiveness of the Commonwealth's Title IV-D Child Support Enforcement Program. However, any recreational license applicant who does not possess a DOT-issued driver's license number or nondriver identification card number is required to supply an SSN on the recreational license application.

Fiscal Impact

There is no fiscal impact.

STATE REAL ESTATE COMMISSION

**Bureau of Professional and Occupational Affairs v.
Luene R. Kirk; Doc. No. 0245-56-2012; File No.
09-56-10482**

On April 21, 2014, the State Real Estate Commission (Commission) imposed a \$3,000 civil penalty and indefinitely suspended the license of Luene R. Kirk, license no. RS227566L, of Chambersburg, Franklin County, for acting in the capacity of a real estate broker without a broker license; performing an act which required a current license; and executing a lease as a salesperson on behalf of a lessor.

Individuals may obtain a copy of the order by writing to Juan A. Ruiz, Commission Counsel, State Real Estate Commission, P. O. Box 2649, Harrisburg, PA 17105-2649.

This final order represents the Commission's final decision in this matter. It may be appealed to the Commonwealth Court of Pennsylvania by the filing of a petition for review with that court in accordance with the Pennsylvania Rules of Appellate Procedure. Individuals who take an appeal to the Commonwealth Court must serve the Board with a copy of their petition for review. The Board contact for receiving service of the appeals is the previously-named Board counsel.
