READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective in 30 days on August 1, 2014.

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.11. Office Conference. Subsequent Proceedings. Order.

* * * * *

(e) At the conclusion of the conference or [**promptly thereafter**] **not later than 10 days after the conference**, the conference officer shall prepare a conference summary and furnish copies to the court and to both parties. The conference summary shall state:

Rule 1910.12. Office Conference. Hearing. Record. Exceptions. Order.

* * * * *

(d) The hearing officer shall receive evidence, hear argument and, **not later than 20 days after the close of the record**, file with the court a report containing a recommendation with respect to the entry of an order of support. The report may be in narrative form stating the reasons for the recommendation and shall include a proposed order substantially in the form set forth in Rule 1910.27(e) stating:

(1) the amount of support calculated in accordance with the guidelines;

- (2) by and for whom it shall be paid; and
- (3) the effective date of the order.

[A copy of the report shall be furnished to all parties at the conclusion of the hearing.]

(e) The court, without hearing the parties, shall enter an interim order consistent with the proposed order of the hearing officer. Each party shall be provided, either in person at the time of the hearing or by mail, with a copy of the interim order and written notice that any party may, within twenty days after the date of receipt or the date of mailing of the order, whichever occurs first, file with the domestic relations section written exceptions to the report of the hearing officer and interim order.

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation. Formula.

* * * * *

(d) *Divided or Split Physical Custody. When Each Party Has Primary Custody of One or More of the Children. Varied Custodial Schedules.*

(1) *Divided or Split Physical Custody. When Each Party Has Primary Custody of One or More of the Children.* When calculating a child support obligation, and one or more of the children reside primarily with each party, the court shall offset the parties' respective child support obligations and award the net difference to the obligee as child support. For example, if the parties have three children, one of whom resides with Father and two of whom reside with Mother, and their net monthly incomes are \$2,500 and \$1,250 respectively, Father's child support obligation is calculated as follows. Using the schedule in Rule 1910.16-3 for two children at the parties' combined net monthly income of \$3,750, the amount of basic child support to be apportioned between the parties is \$1,200. As Father's income is 67% of the parties' combined net monthly income, Father's support obligation for the two children living with Mother is \$804. Using the schedule in Rule 1910.16-3 for one child, Mother's support obligation for the child living with Father is \$276. Subtracting \$276 from \$804 produces a net basic support amount of \$528 payable to Mother as child support.

[(A)] When calculating a combined child support and spousal or alimony pendente lite obligation, and one or more children reside with each party, the court shall [, **except as set forth in subdivision (B) below,**] offset the obligor's spousal and child support obligation with the obligee's child support obligation and award the net difference to the obligee as spousal and child support. [(B)] When one or more of the children resides with each party [**and the obligee's net income is 10% or less of the parties' combined net monthly income,**] then, in calculating the spousal support or alimony pendente lite obligation, the court shall deduct from the obligor's income both the support owed for the child or children residing with the obligee, as well as the direct support the obligor provides to the child or children living

with the obligor, calculated in accordance with the guidelines as if the child or children were not living with the obligor.

TITLE 246. MINOR COURT CIVIL RULES

PART I. GENERAL

CHAPTER 800. MINORS AND [INCOMPETENTS] INCAPACITATED PERSONS AS PARTIES

Rule 801. Definitions.

As used in this chapter:

(1) *Action*—Includes a civil action as defined by Rule 301 and an action by a landlord against a tenant for the recovery of possession of real property pursuant to Rule 501.

Official Note: This chapter applies to all actions, civil in nature, within the jurisdiction of a magisterial district judge.

(2) *Minor*—An individual under the age of eighteen years.

[**Incompetent**—Anyone who, because of his incompetency,] (3) **Incapacitated person**—An adult who has a guardian appointed by a court of competent jurisdiction pursuant to 20 Pa.C.S. § 5501.

(4) **Guardian**—Except as otherwise indicated in Rules 808B and 816B, means—

(a) in the case of a minor, a guardian of the minor appointed by any court of competent jurisdiction or by a probated will, a parent of the minor or, if selected by the minor to represent him as guardian, any adult person.

(b) in the case of [**incompetents**] **incapacitated persons**, a guardian or other fiduciary appointed by a court of competent jurisdiction for the **incapacitated person** or **the incapacitated person's estate** [**of an incompetent**].

Official Note: The definition of “minor” is the same as that set forth in Pa.R.C.P. No. 76 and is in conformity with pertinent statutory provisions. See, for example, [**Act of December 6, 1972, P. L. 1404, No. 300, § 1, 11 P. S. § 1901;**] § 102 of the Probate, Estates and Fiduciaries Code, 20 Pa.C.S. § 102. [**“Incompetent”**] **“Incapacitated person”** is defined as one who already has a guardian appointed [**because of incompetency**] pursuant to 20 Pa.C.S. § 5501, the reason for not adopting the rest of the definition in Pa.R.C.P. No. 2051 being principally that a magisterial district judge should not become involved in appointing guardians ad litem. The definition of “guardian” with respect to a minor is necessarily broad in view of the system adopted in Rule 805. The definition of “guardian” with respect to an [**incompetent**] **incapacitated person** follows generally that found in Pa.R.C.P. No. 2051.

Rule 802. Minor May Be Party to Action.

[**Whether or not he is represented by a guardian a minor may be a party to an action**] A minor is not required to be represented by a guardian in an action before a magisterial district judge.

Official Note: Under this rule, a minor need not be represented by a guardian in a civil action before a magisterial district judge. This is a departure from the procedure in other tribunals prescribed by Pa.R.C.P. Nos. 2027 and 2031. This difference in procedure is due in part to the determination that magisterial district judges should not be required or allowed to appoint guardians ad litem, considering the expedition with which civil actions before magisterial district judges are required to be handled under the general rules of civil procedure applicable to magisterial district judges. Since magisterial district judges will not be permitted to appoint guardians ad litem (see Rule 819), it would be manifestly unfair to allow a minor plaintiff to bring suit by a “next friend” guardian but to require the appointment of a guardian by a court of common pleas before a suit could be brought against a minor defendant. It is considered that ample protection will be afforded the minor party under Rule 805. See also the note to Rule 807.

The rules in this chapter are not, of course, intended to change the law governing the basic legal liability of minors.

Rule 803. Entitlement of Complaint.

The complaint in an action before a magisterial district judge to which a minor is a party shall be entitled in the

name of the minor, without reference to [**his**] **the party's** minority or any guardian.

Official Note: The complaint will be entitled in the name of the minor, whether plaintiff or defendant. If a guardian does represent [**him**] **the minor**, this will be reflected by a notice of intent to represent attached to [**the complaint will be reflected by a notice of intent to represent attached to**] the complaint form as required by Rule 805B.

Rule 804. Service of the Complaint.

Service of the complaint upon a minor defendant, or of a cross-complaint upon a minor plaintiff, shall be upon the minor in the manner prescribed for service of like process upon an adult party.

Official Note: See [**Pa.R.C.P. No. 2029(a)**] **Rules 308 and 315.**

Rule 805. Representation of Minor by Guardian.

A. A guardian may represent a minor party by filing with the magisterial district judge before whom the action is pending a written notice stating [**his**] **the guardian's** name, address, entitlement to act as guardian under Rule 801(3)(a) and [**that he intends**] **intention** to represent the minor party as guardian. Such a notice shall be filed on a Guardian's Notice of Intent to Represent Minor Party form.

B. Upon receipt of a notice of intent to act as guardian, the magisterial district judge shall note thereon the time and date of its filing and attach it to the record copy of the complaint form.

C. Only one guardian may represent the minor party. If more than one person files a notice of intent to act as guardian, precedence shall be given in the order indicated in Rule [**801(3)(a)**] **801(4)(a)**, and to the one first filing as between those of the same class.

Official Note: Subdivision A sets up a system which is intended to preserve expedition in the processing of civil cases before magisterial district judges in which a minor is a party and at the same time afford sufficient protection to the minor. Under this rule, read in connection with the definition of “guardian” in Rule [**801(3)(a)**] **801(4)(a)**, guardians appointed by a court or by will and parents can represent the minor with or without [**his**] **the minor's** consent, but others are subject to [**his**] **the minor's** selection. Subdivision B requires the notice of intent to be attached to the complaint form, and subdivision C provides for an automatic selection as between competing “guardians”. Of course, one who has filed a notice of intent to represent may withdraw, in which event the next guardian in precedence, if any, would represent the minor party.

Rule 806. Guardian to Supervise Action.

When a minor party is represented by a guardian—

(1) The guardian shall supervise and control the conduct of the action in behalf of the minor.

(2) Notices required to be given by the magisterial district judge under Rules 318, 319B and 324 shall, if the party to whom the notice must be given is a minor represented by a guardian, be given to the guardian.

Official Note: Compare Pa.R.C.P. [**Nos. 2027, 2029(b)**] **No. 2027.**

Rule 807. Judgment; Costs.

A. Judgment may be entered for or against the minor party whether or not [**he**] **the minor party** is represented by a guardian.

B. A judgment entered in the action shall be the obligation of the minor only. A guardian shall not be individually liable for the payment of any judgment entered against the minor or for the costs of the action.

Official Note: Subdivision A of this rule follows the concept adopted in Rule 802. In view of the right of appeal de novo from judgments rendered by magisterial district judges and the protections that are available under these rules, it was felt that such a judgment against a minor party should not be set aside, even as a discretionary matter, on the ground that the minor was not represented by a guardian. *Compare Hamilton v. Moore*, 335 Pa. 433, 6 A.2d 787 (1939).

As to subdivision B, *compare* Pa.R.C.P. No. 2038. Requiring a minor plaintiff's guardian to pay costs seemed undesirable and unnecessary with respect to civil actions before magisterial district judges.

Rule 808. Compromise, Settlement, Discontinuance and Payment.

A. If a minor party is represented by a guardian, the guardian may compromise or settle the action on behalf of the minor or may discontinue the action if it was brought by the minor. A minor party not represented by a guardian may compromise or settle the action or may discontinue the action if it was brought by [**him**] **the minor**.

B. The amount of a compromise, settlement or judgment in favor of a minor party shall be paid to the guardian of the estate of the minor qualified to receive the fund if [**he**] **the minor party** has one or one is to be appointed. If the minor has no such guardian, and none is to be appointed, the amount shall be paid to the guardian of the person or to the natural guardian or to the person or agency by whom the minor is maintained or to the minor.

Official Note: [This rule takes a somewhat different approach than the comparable] *Compare* Pa.R.C.P. No. 2039. [In view of the relatively small sums involved in money judgments rendered by magisterial district judges, there seems to be little reason for requiring the magisterial district judge to participate and make decisions in these matters.]

Rule 809. [**Incompetent**] **Incapacitated Person** May Be Party To Action.

An [**incompetent**] **incapacitated person** may be a party to an action before a magisterial district judge if [**he**] **the incapacitated person** is represented by [**his**] **a court appointed guardian**.

Official Note: Since an ["**incompetent**"] "**incapacitated person**" as defined in Rule [801(a) is a person] 801(3) is an adult who already has a guardian appointed [**because of incompetency**] pursuant to 20 Pa.C.S. 5511, this rule requires that [**he**] **the incapacitated person** be represented by [**his**] **a court appointed guardian**. See Rule 812A. Under Rule 819, the magisterial district judge cannot appoint a **guardian** or guardian ad litem.

See also Rules 813 and 815 and the notes to those rules.

Rule 810. Entitlement of Complaint.

The complaint in a civil action before a magisterial district judge to which an [**incompetent**] **incapacitated person** is a party shall be entitled in the name of the [**incompetent**] **incapacitated person**, followed by the phrase "an [**incompetent**] **incapacitated person**, represented by A, [**his guardian**] **Guardian**." The address of the [**incompetent**] **incapacitated person** and that of [**his**] **the guardian** shall be shown on the complaint form.

Official Note: Since the rules in this chapter relating to [**incompetents**] **incapacitated persons** deal with persons who already have [**a guardian because of incompetency**] **guardians**, the complaint is entitled to show that the [**incompetent**] **incapacitated person**, whether plaintiff or defendant, is represented by [**his**] **a guardian**. *Compare* Pa.R.C.P. No. 2054.

Rule 811. Service of the Complaint.

Service of the complaint upon a defendant who is an [**incompetent**] **incapacitated person**, or of a cross-complaint upon a plaintiff who is an [**incompetent**] **incapacitated person**, shall be upon [**his**] **the incapacitated person's guardian**. This service shall be made in accordance with [**Rule 307**] **Rules 307—308**.

Official Note: Service is required to be upon the guardian. These rules generally assume the existence of a guardian whose identity is known. *Compare* Pa.R.C.P. No. 421.

Rule 812. Guardian to Represent [**Incompetent**] **Incapacitated Person** and Supervise Action.

A. The guardian of a party who is an [**incompetent**] **incapacitated person** shall represent [**him**] **the incapacitated person** and shall supervise and control the conduct of the action [**in**] **on** behalf of the [**incompetent**] **incapacitated person**.

B. Notices required to be given by the magisterial district judge under Rules 318, 319B and 324 shall, if the party to whom the notice must be given is an [**incompetent**] **incapacitated person**, be given to the guardian of the [**incompetent**] **incapacitated person**.

Official Note: *Compare* Pa.R.C.P. Nos. 421, 2053(a)[, 2055(b)].

Rule 813. Procedure When [**Incompetent Party**] **Incapacitated Person** Not Designated as Such.

A. Except as provided in subdivisions B and C of this rule, if during the pendency of the action the magisterial district judge finds that a party not designated in the complaint as an [**incompetent**] **incapacitated person** represented by [**his**] **a guardian** is an [**incompetent**] **incapacitated person**, the magisterial district judge shall dismiss the proceeding without prejudice. Such a finding shall be based on the fact that the party has a guardian appointed [**because of the party's incompetency**] by a court of competent jurisdiction pursuant to 20 Pa.C.S. § 5511.

B. If the party as to whom such a finding is made is one of several plaintiffs or defendants, the proceedings shall be dismissed only as to **[him] the incapacitated person**.

C. A complaint filed by a party who is an **[incompetent] incapacitated person** but not designated as such in the complaint may be amended by **[his] the incapacitated person's** guardian, at any time during the pendency of the action before judgment, to state that the party is an **[incompetent] incapacitated person** represented by **[his] a guardian**. A complaint filed against a party who is an **[incompetent] incapacitated person** but not designated as such may be amended to state that the party is an **[incompetent] incapacitated person** represented by **[his] a guardian** only with the written consent of the guardian, which shall be attached to the record copy of the complaint form.

Official Note: With the exceptions stated, subdivision A of this rule requires that the proceedings be dismissed without prejudice when the magisterial district judge finds that a party not designated in the complaint as an **[incompetent] incapacitated person** represented by **[his] a guardian** is actually an **[incompetent] incapacitated person**, that is, one who already has a guardian **[because of incompetency (see Rule 801(2))] appointed pursuant to 20 Pa.C.S. § 5511 (see Rule 801(3))**. This rule is intended to take care of a situation in which **[incompetency] the appointment of a guardian** is not disclosed or not known at the time the complaint is filed.

[The exception is subdivision B is obvious.] The exception in the first sentence of subdivision C contemplates a case in which the **[incompetent files his own] incapacitated person** files a complaint without disclosing **[his incompetency] the appointment of a guardian** and this fact comes to light during the pendency of the action. This exception will allow the guardian to make what is in effect a ratifying amendment to the complaint, so that the case can go on **[a] to judgment**. The exception in the second sentence of subdivision C permits an amendment with the written consent of the guardian in actions brought against undesignated **[incompetents] incapacitated persons**, the guardian's consent being required because service will not normally have been made upon **[him] the guardian** under these circumstances and to allow reissuance and new service of the complaint, as amended, would be incompatible with the general civil procedure for magisterial district judges. Neither of the amendments provided for in subdivision C need be made in compliance with Rule 316 or Rule 509.

Rule 814. Judgment and Costs.

A judgment entered in the action shall be the obligation of the **[incompetent] incapacitated person** only. A guardian shall not be individually liable for the payment of any judgment entered against the **[incompetent] incapacitated person** or for the costs of the action.

Official Note: See Pa.R.C.P. No. 2063.

Rule 815. Judgment—Unrepresented **[Incompetent] Incapacitated Person**.

A. Except as provided in subdivision B of this rule, if after judgment the magisterial district judge finds that a party not designated in the complaint as an **[incompetent] incapacitated person** represented by **[his guardian] a guardian** was an **[incompetent] incapacitated person**, the magisterial district judge shall, unless the party's guardian files **[his] consent** in writing to the judgment, vacate the judgment and dismiss the proceedings without prejudice. Such a finding shall be based on the fact that the party had a guardian appointed **[because of the party's incompetency] pursuant to 20 Pa.C.S. § 5511** by a court of competent jurisdiction.

B. A judgment in favor of a defendant shall not be vacated or set aside on the ground that **[he] the defendant** was an **[incompetent] incapacitated person** not represented by **[his] a guardian**.

Official Note: Except as provided in subdivision B, if after judgment the magisterial district judge finds that a party not designated in the complaint as an **[incompetent] incapacitated party** represented by **[his] a guardian** was an **[incompetent] incapacitated person** as defined in Rule **[801(2)] 801(3)**, the magisterial district judge must, unless the party's guardian files **[his] consent** in writing to the judgment, vacate the judgment and dismiss the proceedings without prejudice. If the guardian does file **[his] consent** to the judgment, it should be attached to the record copy of the complaint form. It was thought best not to give the magisterial district judge the kind of discretion in this matter inherent in Pa.R.C.P. No. 2056(d) and in *Hamilton v. Moore*, 335 Pa. 433, 6 A.2d 787 (1939). Of course, if the **[party as to whom the finding of incompetency is made] incapacitated person** was one of several plaintiffs or defendants affected by the judgment, the judgment will be vacated, and the proceedings dismissed, only as to **[him] the incapacitated person**.

The exception **[is] in** subdivision B forbids vacating or setting aside a judgment in favor of a defendant on the ground that **[he was an incompetent] a party was an incapacitated person** not represented by **[his] a guardian**. The reason for this exception is that the rules as to **[incompetents] incapacitated persons** as parties are for their protection and not for the protection of adverse parties. The word "defendant" as used here includes a plaintiff with respect to a cross-complaint of the defendant but does not include the defendant **[with respect to his] who files a cross-complaint**.

Rule 816. Compromise, Settlement, Discontinuance and Payment.

A. The guardian of a party who is an **[incompetent] incapacitated person** may compromise or settle the action on behalf of the **[incompetent] incapacitated person** or may discontinue the action if it was brought by or on behalf of the **[incompetent] incapacitated person**.

B. The amount of a compromise, settlement or judgment in favor of a party who is an **[incompetent]**

incapacitated person shall, if it is known that [**he is incompetent**] **the party is an incapacitated person**, be paid to the guardian of [**his**] **the estate** qualified to receive the fund if [**he**] **the incapacitated person** has one or one is to be appointed. If the [**incompetent**] **incapacitated person** has no such guardian and none is to be appointed, the amount shall be paid to the guardian of the person or to the person or agency by whom the [**incompetent**] **incapacitated person** is maintained.

Official Note: Compare Pa.R.C.P. No. 2064. See the note to Rule 808.

Rule 817. [**Party Both an Incompetent and a Minor**] (Rescinded).

[**If a party is both an incompetent and a minor, the rules in this chapter relating to incompetents shall apply.**

Official Note: See Pa.R.C.P. No. 2052 and its note.]

Rule 817 was rescinded in 20__ because the rule was no longer necessary due to a change to the statutory definition of an incapacitated person. By definition, an incapacitated person is an adult; thus, Rule 817 is no longer needed. See 20 Pa.C.S. § 5501.

Rule 818. Representation in Rule 420 and 519.1 Matters.

A guardian of a party in interest who is a minor or an [**incompetent**] **incapacitated person** may represent the minor or [**incompetent**] **incapacitated person** in hearings held under Rule 420 and Rule 519.1. On behalf of the minor or [**incompetent, he**] **incapacitated person, the guardian** may make any appeal or file any objection, claim, exception or request mentioned in those rules.

Official Note: This rule allows guardians of minors or [**incompetents**] **incapacitated persons**, as defined in Rule [**801(3)**] **801(4)**, to represent them in Rule 420 and Rule 519.1 matters and matters preliminary thereto.

Rule 820. Appellate Proceedings.

A guardian of a party who is a minor or an [**incompetent**] **incapacitated person** may initiate in an appropriate court of common pleas an appeal, certiorari proceedings or a statement of objection to Rule 420 and Rule 519.1 orders and determinations.

Official Note: It was thought advisable to include a provision giving guardians of minors and [**incompetents**] **incapacitated persons**, as defined in Rule [**801(3)**] **801(4)**, the right to initiate appeals, certiorari proceedings and statements of objection to Rule 420 and Rule 519.1 orders and determinations. In doing so, of course, they will have to comply with applicable provisions of the rules governing appellate proceedings. Once the case is in the court of common pleas, however, provisions of the Rules of Civil Procedure relating to guardians ad litem and other procedures will apply.

REPORT

Proposed Amendments to Rules 801—803, 805, 807—816, 818 and 820, Amendments to the Official Notes of Rules 804 and 806, and Rescission of Rule 817 of the Pennsylvania Rules of Civil Procedure before Magisterial District Judges

Amendments to Chapter 800 Rules: Minors and Incapacitated Persons as Parties

I. Introduction and Background

The Minor Court Rules Committee (the “Committee”) is proposing amendments to the Chapter 800 rules of the Pennsylvania Rules of Civil Procedure before Magisterial District Judges (“Rules”). The Chapter 800 Rules address minors and “incompetents” as parties, and have been largely unchanged since the inception of the Rules.

The Committee received a suggestion that it examine the Chapter 800 Rules, and, specifically, examine the use of the terms “incompetent” and “incompetency,” in light of statutory changes that updated the terminology to “incapacitated persons” and “incapacity.” In doing so, the Committee noted numerous changes needed to update the Rules, including (1) revising the terminology, statutory citations and references to the Pennsylvania Rules of Civil Procedure, (2) making the Rules gender neutral, and (3) rescinding Rule 817, which is now obsolete due to definition changes in the relevant statutes.

In examining the relevant sections of the Probate, Estates and Fiduciaries Code, see 20 Pa.C.S. § 5501,¹ the Committee determined that the term “incompetent” had long been abandoned in favor of the term “incapacitated person.” 20 Pa.C.S. § 5501. This terminology is also reflected in the Pennsylvania Rules of Civil Procedure. See Pa.R.C.P. No. 2051. Accordingly, the Committee proposes updating the Rules to change all references to “incompetent” and “incompetency” to “incapacitated person” and “incapacity,” respectively.

In reviewing the Chapter 800 Rules, the Committee also noted the outdated use of gender specific pronouns throughout the Rules (e.g., he, his and him). Thus, in keeping with a preference to make the Rules gender neutral, the Committee proposes updating the Chapter 800 Rules to use gender neutral pronouns, and remove gender specific language.

Finally, in light of the statutory changes referenced above, as well as changes to the Pennsylvania Rules of Civil Procedure, the Committee determined that updates to statutory citations and cross-references to the Pennsylvania Rules of Civil Procedure were necessary.

II. Proposed Rule Changes

The Committee proposes amendments to Rules 801—803, 805, 807—816, 818 and 820 to (1) change the terms “incompetent” and “incompetency” to “incapacitated person” and “incapacity,” (2) make the Rules gender neutral, and (3) update statutory references and cross-references to the Pennsylvania Rules of Civil Procedure. The Committee also proposes amending the Official Notes of Rules 804 and 806 to update cross-references.

Finally, the Committee proposes rescinding Rule 817 because the rule is no longer necessary due to a change to the statutory definition of an incapacitated person. By definition, an incapacitated person is an adult; thus, Rule

817, which addressed the situation where a party was "both an incompetent and a minor," is no longer needed. See 20 Pa.C.S. § 5501.

RULES AND REGULATIONS

Title 34—LABOR AND INDUSTRY

DEPARTMENT OF LABOR AND INDUSTRY

[34 PA. CODE CH. 225]

Prohibition of Excessive Overtime in Health Care Act Regulations

The Department of Labor and Industry (Department) adds Chapter 225 (relating to Prohibition of Excessive Overtime in Health Care Act regulations) to read as set forth in Annex A.

A. *Statutory Authority*

This final-form rulemaking is promulgated under section 5 of the Prohibition of Excessive Overtime in Health Care Act (act) (43 P.S. § 932.5), which authorizes the Department to promulgate and amend rules and regulations necessary to administer the act.

B. *Procedural History*

The notice of proposed rulemaking was submitted to the majority and minority Chairpersons of the House Labor and Industry Committee and the Senate Labor and Industry Committee (Committees) and the Independent Regulatory Review Commission on (IRRC) on June 26, 2012. The proposed rulemaking was published at 42 Pa.B. 4468 (July 14, 2012). The Department submitted the final-form rulemaking to IRRC and the Committees on January 16, 2014. The final-form rulemaking was deemed approved by the Committees on February 26, 2014. At a public meeting on February 27, 2014, IRRC disapproved the final-form rulemaking. IRRC issued its disapproval order to the Department and the Committees on March 17, 2014. On April 28, 2014, the Department submitted a revised final-form rulemaking to IRRC and the Committees to respond to the objections raised by IRRC in its disapproval order. At a public meeting on May 22, 2014, IRRC approved the revised final-form rulemaking. The revised final-form rulemaking was deemed approved by the Committees on June 5, 2014.

C. *Background and Description of the Rulemaking*

Final-form rulemaking

The act prohibits health care facilities or employers that provide clinical care services from requiring its employees to work in excess of an agreed to, predetermined and regularly scheduled daily work shift. The act allows for mandating overtime for unforeseeable emergent circumstances and requires health care facilities or employers to use reasonable efforts to obtain staff before overtime may be mandated. The act prohibits retaliation against employees for refusing to work in excess of its limitation and provides for the Department to hold hearings, implement administrative fines and order corrective action for violations of the act. The Department's Bureau of Labor Law Compliance (Bureau) has enforced the act since it took effect on July 1, 2009.

Beginning in October 2008, the Department met with numerous organizations whose members would be affected by the act and the regulations. Additionally, on December 3, 2009, the Department held a public meeting in which it provided information regarding the regulatory process and received testimony from stakeholders affected

by the act and the regulations. The following organizations presented testimony at the stakeholders' meeting: the Pennsylvania Association of Staff Nurses & Allied Professionals (PASNAP); Pennsylvania Advocacy and Resources for Autism and Intellectual Disabilities; the Hospital & Healthsystem Association of Pennsylvania (HAP); the Service Employees International Union (SEIU); and Bruce Ludwig, Esq. The following groups provided written comments: the Department of Public Welfare; the Department of Corrections; the Pennsylvania State Education Association (PSEA); the Department of Military and Veterans Affairs; PASNAP; the Pennsylvania Advocacy and Resources for Autism and Intellectual Disabilities; HAP; the SEIU; and Bruce Ludwig, Esq. The Department also reviewed the rulemaking with the following Commonwealth agencies: the Department of Public Welfare; the Department of Corrections; the Department of Military and Veterans Affairs; and the Office of Administration.

The regulations are required and necessary to implement and clarify the complaint, investigation procedures and administrative penalty assessment provisions of the act. The regulations also require the Department to provide complainants notice of violations and appeals, and copies of Department determinations. This rulemaking will implement and clarify the complaint, investigation procedures and administrative penalty assessment provisions of the act.

Section 225.1 (relating to purpose and scope) states that the purpose of the regulations is to implement complaint and investigation procedures and administrative penalty assessment provisions. Section 225.2 (relating to definitions) provides definitions for terms used in the regulations. When applicable, these definitions mirror the definitions in the act. Section 225.3 (relating to complaint and investigation procedure) sets forth the complaint and investigation procedure, and establishes the time period to file a complaint, the information required in the complaint and the time period to correct the complaint if required information is missing. Section 225.4 (relating to administrative penalties) sets forth the administrative penalties as provided by the act and the factors the Department may use as a basis to calculate penalties. Section 225.5 (relating to administrative notice of violation and proposed penalty) sets forth the procedure the Bureau will use to issue administrative decisions and proposed penalties. This section allows health care facilities and employers to request a reduction in penalties and establishes the time period and manner in which that request must be made. Section 225.6 (relating to contesting an administrative decision and proposed penalty) allows a health care facility or employer to contest an administrative decision and request a hearing. Section 225.7 (relating to hearing) establishes the hearing procedure for contested administrative decisions. The hearing is de novo and the parties and the complainant will be notified of the hearing date and location. Section 225.8 (relating to petition to intervene) provides the procedure for interested parties to intervene. The complainant may intervene by notifying the Department in writing of his request within the prescribed time period. Section 225.9 (relating to adjudications) provides that the Secretary of Labor and Industry will issue written adjudications including the relevant findings, conclusions and the rationale for the adjudication. Section 225.10 (relating to further appeal rights) provides that an aggrieved party

may file an appeal to Commonwealth Court within 30 days of the mailing date of the decision.

Revised final-form rulemaking

In response to IRRC's disapproval order, the Department revised § 225.3 of the final-form rulemaking to require the Bureau to begin the investigation of a complaint within 60 days of receipt. In addition, this section was amended to require health care facilities and employers to establish a recordkeeping system for circumstances when employees are required to work overtime. Under this requirement, records shall be kept for 3 years.

The Department revised § 225.4(b)(3) in response to IRRC's disapproval order. IRRC was concerned with how the Department would implement the "good faith" factor in penalty assessment. The Department changed the "good faith" factor to "remedial efforts." The Department will consider voluntary "remedial efforts" designed to prevent future violations.

The Department revised § 225.5(e) in response to IRRC's concern about notification of complainant on investigation closure. A requirement that the written notice when a violation is not found will include a statement of reason was added.

The Department revised § 225.8(b)(1)(ii) to specifically include complainants' union or trade association representatives in the enumerated list of those who may have an interest to intervene in a Department hearing concerning violations of the act.

D. Comments

Notice of proposed rulemaking was published at 42 Pa.B. 4468. The Department received comments from IRRC; Representative William F. Keller; Richard E. Burridge, PSEA; David Fillman, American Federation of State, County and Municipal Employees, Council 13 (AFSCME); Richard Bloomingdale, Pennsylvania AFL-CIO (AFL-CIO); Betsy Snook, Pennsylvania State Nurses Association (PSNA); William Cruice, PASNAP; Neil Bisno, SEIU Healthcare; and Paula Bussard, HAP.

General comments

Comment: IRRC commented that the Department should explain in the preamble and the Regulatory Analysis Form (RAF) why it is choosing to implement only administrative procedures in the regulations.

Response: Clarifications concerning the act and what constitutes a violation will be resolved through decisions made in the administrative hearing process. The Department anticipates that as more violations move through the administrative hearing process the substantive portions of the act will be defined based on real violations and issues. The regulations should aid the administrative hearing process and bring about administrative decisions on the substantive matters in the act.

The Department's public hearing and the comments provided from stakeholders in 2008—2010 indicated that there were very few issues on which all parties would agree. The Department determined that the best place to start in this difficult area would be with the complaint and administrative process. If the Department could establish a process for receiving, investigating and adjudicating complaints, substantive issues would be addressed in the Department's administrative agency decisions and in appellate court decisions.

Comment: IRRC commented that the Department should explain why the regulations do not address the act's prohibition of retaliation.

Response: As the preamble of the proposed rulemaking stated, the regulations establish the act's complaint and investigation procedures, and administrative assessment provisions. The act speaks for itself and clearly establishes its prohibition against retaliation. It is not necessary to repeat that prohibition in a procedural regulation.

However, to more clearly address the act's prohibition against retaliation and to show that the Department will issue orders when it finds retaliation, the Department amended § 225.4 to clearly state that it may order a health care facility or employer to "remedy unlawful adverse employment decisions."

Comment: IRRC commented that the Department should explain why the regulations do not address the act's general prohibition of mandatory overtime.

Response: As the preamble of the proposed rulemaking stated, the regulations establish the act's complaint and investigation procedures, and administrative assessment provisions. It also includes the procedure to notify parties of violations, and the appeals and hearing procedures. It does not address the scope of the act or substantive issues concerning the act. The act clearly establishes the prohibition of mandatory overtime.

Comment: IRRC commented that the preamble and the RAF did not address why certain administrative and judicial processes in the regulations are appropriate. For example, the Department does not explain why the aggrieved employee does not have a right to a hearing to contest an adverse administrative decision.

Response: Section 6 of the act (43 P.S. § 932.6) gives the Department the discretion to impose penalties and issue orders to correct violations of the act. This section also subjects the imposition of penalties and corrective orders to appeal under 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The act does not give complainants or parties other than the defendant employer rights of appeal to the Department's determination. The courts have generally recognized an agency's administrative discretion in determining which cases to pursue for enforcement. Absent an abuse of discretion, the courts will not disturb an agency exercising its discretion.

Comment: IRRC commented that the Department states that it "does not have adequate experience with complaints, violations and appeals to make any estimate of costs." Given that the Department has been enforcing the act since July 2009, the Department should use this experience to estimate the costs of implementing the regulations. This should be included in the final-form RAF and preamble.

Response: The Department receives approximately 250 complaints of alleged violations of the act per year. The Department investigates all complaints it receives. The total cost of this program has been approximately \$42,000 per year.

Comment: IRRC stated that it strongly encourages the Department to continue dialogue with stakeholders as it develops the final-form regulations. IRRC recommended that the Department publish an Advanced Notice of Final Rulemaking to allow the opportunity to review and resolve any remaining issues prior to submittal of a final-form regulation.

Response: At IRRC's suggestion, the Department did continue its dialogue with stakeholders. On July 31, 2013, the Department met with Representative Keller and members of his staff. On August 1, 2013, the Department

met with stakeholders to discuss changes to the proposed rulemaking. The Department posted the draft final-form regulations and a letter to stakeholders on its web site soliciting comments on the changes made to the proposed rulemaking. The Department used this feedback to make additional changes to this final-form rulemaking.

Comment: Representative Keller and IRRC commented that employees must be provided adequate time to file or correct complaint forms, and obstacles to completing complaint forms must be avoided.

Response: An employee has 60 days from the date of the alleged violation to file a complaint with the Department. The purpose of this limitation is to require complainants to file complaints when they have a recent recollection of the incident. As time passes, complainants and witnesses may forget or confuse important details that would aid the Bureau in a successful investigation. As time passes, records may become lost or misplaced. Sixty days should be ample time for an individual to determine that a violation of the act may have occurred and to decide whether to file a complaint.

Nonetheless, the Department has increased the time period for a complainant to correct or provide missing information. The Department has increased the time period in final-form § 225.3(f) to respond and correct a complaint to 30 days.

Comment: Representative Keller and IRRC commented that the criteria for assessing penalties for violations should largely focus on aggravating factors and severity of violations.

Response: In response to this comment, the Department added additional aggravating circumstances to its consideration for penalties in § 225.4(b)(4). Under this new subsection, the Department will also consider an employer's lack of cooperation with an investigation, an employer's failure to provide requested information and any action which would constitute lack of effort to abate a violation or violations such as retaliation. Under the proposed rulemaking and part of this final-form rulemaking, the Department will also consider previous violations as an aggravating factor.

As more fully set out as follows, after its July 31 and August 1, 2013, meetings with Representative Keller and stakeholders, the Department also added severity of the violation as a factor to be considered in penalty determinations in § 225.4(b)(5).

In addition, the Department revised § 225.4(b)(3) in response to IRRC's disapproval order. IRRC was concerned with how the Department would implement the "broad" good faith factor in penalty assessment. The Department revised the factor to a more "focused" factor of voluntary remedial efforts. The Department will consider voluntary remedial efforts designed to prevent future violations.

Comment: Representative Keller asked whether the Bureau can enforce the act or penalties against another State agency that maintains a health care facility. He further asked that when the Bureau investigates a complaint against another State agency, would communication between the Department and the other agency be restricted in any way.

Response: The act regulates health care facilities as defined under section 2 of the act (43 P. S. § 932.2). The act's definition of "health care facility" includes facilities which provide clinically related health services "regardless of whether the operation is for profit or nonprofit and

regardless of whether operation is by the private sector or by State or local government." The definition specifically includes facilities providing "clinically related health services [] which [are] operated by the Department of Corrections, the Department of Health, the Department of Military and Veterans Affairs or the Department of Public Welfare." The definition also includes mental retardation facilities "operated by the Department of Public Welfare."

In response to Representative Keller's question as to whether the communication between the Department and another Commonwealth agency would be restricted in any way, specific restrictions are not found in the act. However, case law requires a "wall of separation" between a State agency's prosecutorial and adjudicatory functions. See *Lyness v. State Board of Medicine*, 529 Pa. 535, 605 A.2d 1204 (1992). This due process procedural safeguard applies to the Department's internal process regardless of whether the alleged violator is another State agency or private sector employer.

Comment: Representative Keller, IRRC, PSEA and AFL-CIO commented that complainants must receive notices of administrative decisions, penalties or other enforcement actions related to their complaints.

Response: The Department always planned to provide complainants with notices as part of its normal business practice. In response to this comment, the Department added the requirement that notices be sent to the complainant. The final-form rulemaking has been amended to require notice to the complainant of the proposed penalty in § 225.5(b), notice of a request for a reduction in penalty in § 225.5(d), notice of hearing in § 225.7(a) and a copy of the adjudication in § 225.9(c).

Comment: Representative Keller and IRRC commented that determinations when a violation is not found should include statements of the reason or the applicable exception under the act.

Response: The Department's general practice is to provide, when possible, an explanation as to why a violation was not found to the complainant in its closing letter. The Department intends to continue this practice unless to do so would compromise other active investigations.

In the final-form rulemaking, the Department amended § 225.3(f) to state that when the Bureau dismisses a complaint for failure to provide required information, the Bureau's written notification will include a statement of the basis for the dismissal.

In addition, the Department revised § 225.5(e) in response to IRRC's disapproval order. A requirement was added that the written notice when a violation is not found will include a statement of reason.

Comment: Representative Keller, IRRC and AFL-CIO commented that complainants should have an opportunity to appeal an adverse decision, similar to the appeal process provided to employers by the proposed regulations.

Response: The act does not provide standing for the complainant to appeal the Department's administrative determination when a violation of the act is not found. Section 6(c) of the act specifically provides the Department's penalties and administrative order requiring a health care facility to take corrective action are subject to judicial review.

Comment: Representative Keller, IRRC and PSEA commented that the hearing process should guarantee claim-

ants the opportunity to participate and ensure that the burden of proof is carried by the appropriate party.

Response: Any complainant would almost certainly meet the standard to intervene. To ensure that is the case and to clarify that a complainant would have the right to intervene, the Department added § 225.8(c), which states that the complainant has the right to intervene by sending a letter or notice to the hearing officer, the Bureau and the health care facility or employer no later than 10 days before the scheduled hearing. This subsection also states that a complainant will not be required to demonstrate his basis for intervention.

It should be noted that some complainants may not wish to automatically become a party. Some complainants may not wish to expend the time and resources necessary to be party in a Department hearing. The Department's approach by allowing complainants to intervene by letter with no additional showing gives all complainants the option to decide for themselves whether to become a party to a proceeding.

In response to the burden of proof comment, under the act the Department may impose penalties on a health care facility or employer that violates the act or regulations. It would be the Department's burden in a proceeding to show that a violation of the act occurred. This would include showing that the general rule under section 3 of the act (43 P. S. § 932.3) applied. The Department cannot legally shift this burden by regulation.

Comment: Representative Keller, IRRC and AFSCME commented that the regulations do not address several items, including the following: investigative powers of the Bureau and targeted time frames for investigations and determinations; the inclusion of an employee's representative throughout the complaint and enforcement process; complainants' protections from retaliation and related penalties; and enforcement of the act against other State agencies.

Response: The act does not give the Department special or specific investigatory powers. Additional investigative powers cannot be added by regulation. This would be beyond the scope of the act and not permissible.

Currently, the Department does not have targeted time frames for investigations and determinations. Complaints have many variables that make it difficult to set any time period to complete an investigation. The Department investigates each complaint it receives. The time frame for completion of an investigation will depend on many factors including the number of complaints filed, the facts underlying each specific complaint and how readily available information is from both the complainant and employer.

The Department does not include the employee's union representative throughout the complaint and enforcement process. It also does not include a representative of the employer. The Department's practice is to conduct fair and impartial investigations, enforcement actions and hearings.

In response to the comment concerning the complainant's protection from retaliation, the act is clear on its prohibition against retaliation and it is not necessary to repeat it in this procedural regulation. However, the Department did amend § 225.4(a)(2) to clarify that the Department could issue orders "to remedy unlawful adverse employment decisions."

In response to comments concerning the enforcement of the act against other State agencies, changes are not

necessary. The act and the regulations are clear. Specifically, the definition of "health care facility" includes both State and local government. Also, the Department met with other State agencies to inform them of their obligations under the act. In addition, the Department also conducted training for other State agencies.

In response to IRRC's disapproval order, the Department revised § 225.3 to require the Bureau to begin the investigation of all complaints within 60 days of receipt.

Comment: SEIU, AFL-CIO, PSEA, PSNA and PASNAP commented that the regulations do not set forth investigative powers for the Department. While proposed § 225.3 stated the Bureau can investigate on its own initiative, it does not provide the Bureau with the tools necessary to investigate. The Bureau needs the right to subpoena records, to inspect records at the premises of the employer and to perform audits of compliance. Those powers should be included explicitly in the regulation.

Response: Typically, powers such as the right to subpoena records and the right to inspect records are in a statute. There are not explicit extraordinary investigative powers given to the Department in the act. Therefore, the powers of the Department are only those limited powers in sections 2201 and 2202 of The Administrative Code of 1929 (71 P. S. §§ 561 and 562) and limited implied investigatory powers. Additional investigative powers cannot be added by regulation. This would be beyond the scope of the act and not permissible.

Comment: SEIU, AFL-CIO, PSNA, PASNAP and AFSCME commented that the regulations should require employers to permit the Department to interview employees in private and without the presence of a supervisor or manager, at the place of employment and during work hours with respect to overtime hours mandated, the circumstances surrounding that mandating of overtime and the efforts by the employer to obtain other staffing before mandating overtime.

Response: As previously stated, this would be beyond the scope of the act. Typically, special investigative powers are granted by statute. Judicial-type discovery must be authorized by statute or obtained through the courts. A procedure as contemplated by the commentators may also be intimidating to potential witnesses. The Department's investigators have business cards and contact information they leave with potential witnesses to allow them to contact the Department without the knowledge of their employers and supervisors.

The Bureau investigating complaints under the act also enforces 13 other labor statutes including the Pennsylvania Prevailing Wage Act (43 P. S. §§ 165-1—165-17), the Wage Payment and Collection Law (43 P. S. §§ 260.1—260.12), The Minimum Wage Act of 1968 (43 P. S. §§ 333.101—333.115) and the Child Labor Act (43 P. S. §§ 40.1—40.14). The investigators have extensive experience with conducting investigations and do endeavor to interview witnesses outside the presence of supervisors and managers.

Comment: SEIU, AFL-CIO, PSNA, PASNAP and AFSCME commented that employers should be required to maintain accurate and adequate records of: (1) the "reasonable efforts" it made to obtain other staffing before attempting to mandate an employee to work overtime; (2) an employee voluntarily waiving the requirement of section 3(d) of the act; (3) the "agreed to, predetermined and regularly scheduled daily work shifts" for employees covered by the act; and (4) the employer providing the employee with necessary time, up to a maximum of 1

hour, to arrange for the care of employee's minor children, dependents, or elderly or disabled family members. These records should be open for Department inspection. PASNAP further commented that without recordkeeping requirements, an employer could simply ignore the Department's inquiries or deny access to records. This would make it extremely difficult for the Department to investigate on its own, to investigate active complaints or to prove a violation of the act.

Response: The act does not contain recordkeeping requirements. However, in response to IRRC's disapproval order, the Department revised final-form § 225.3 to require health care facilities and employers to establish a recordkeeping system for circumstances when employees are required to work overtime in excess of their predetermined or regularly scheduled work week. Under this requirement, records shall be kept for 3 years.

Comment: SEIU, AFL-CIO, PSNA and PASNAP suggested that the Department require health care facilities to submit data regarding the effects of prohibiting mandatory overtime and that the data include whether chronic staffing shortages exist.

Response: This is beyond the scope of the act. The Department does not have authority to require data collection from health care facilities by regulation.

Comment: Representative Keller, SEIU, AFL-CIO, PSNA and PASNAP proposed in their comments that employers covered by the act should be required to post in the workplace a summary of the act and the frequently asked questions written by the Bureau, or a similar notice to be created by the Bureau, so that employees are informed of their rights under the act. This would be consistent with other applicable labor laws.

Response: There are not posting requirements in the act. As the commentators noted, posting is required by the The Minimum Wage Act of 1968 and the Child Labor Act. However, those requirements are in the respective statutes; they do not stand alone in the regulations.

Comment: SEIU, AFL-CIO, PSNA and PASNAP also proposed that if an employer is found to violate the act, the decision of the Bureau should be posted on its web site and the employer should be required to post a copy of the decision at the workplace for at least 3 months. An employer's failure to post a decision or the required notice should be considered a violation of the act subject to penalty.

Response: There are not posting requirements in the act. The Department has numerous administrative hearings and does not, as a general rule, post decisions or orders unless posting is required by statute.

Comment: SEIU, AFL-CIO and AFSCME commented that they are disappointed because the scope of the proposed rulemaking was too limited and did not provide guidance to substantive provisions of the act. PASNAP specifically commented that the act should include that in the event of an unforeseeable emergent circumstance the employer shall provide the employee with necessary time, up to 1 hour, to arrange for care of employee's minor children, dependents, or elderly or disabled family members. SEIU, AFL-CIO and AFSCME further commented that the proposed rulemaking provided too few rights to complainants, no rights for the unions representing the employees and is generally inadequate to effectively enforce the act.

Response: The Department's goal with the regulations is to provide a clear framework for the complaint and

administrative enforcement provisions of the act. As the Department investigates more complaints and as violations move through the administrative hearing/decision process, substantive provisions of the act will be clarified. Both employees and employers will be able to use these administrative decisions as guidance on the act. Currently, many of the complaints received by the Department do not contain sufficient information to initiate an investigation. With a set complaint and administrative process, complaints should be more readily able to be investigated and be able to move more quickly through the administrative process.

The Department amended the proposed regulations to clarify certain interests for complainants. Under the final-form regulation, complainants can easily intervene by letter and will receive notice and copies of administrative decisions, requests for reduction in penalty, hearing notices and appeal decisions. A union may be able to make a showing that it has a significant interest in order to be granted intervention in a hearing. The Department did not repeat substantive requirements from the act. The Department cannot add provisions that the General Assembly did not see fit to place in the act. Many of the comments requested changes that would in essence add provisions to the act.

§ 225.1. Purpose and scope

Comment: IRRC commented that § 225.1 states that Chapter 225 implements "the complaint and investigation procedures in the act." However, the act does not appear to directly reference complaints and investigations. Therefore, the Department should explain what statutory provisions it is referring to and cross-reference those provisions in the final-form regulation.

Response: Section 5 of the act requires the Department to promulgate regulations to implement the act. The only places the act specifically references the Department are in section 4 of the act (43 P. S. § 932.4) and section 6 of the act.

Section 2205 of The Administrative Code of 1929 (71 P. S. § 565) grants the Department the power to make rules and regulations for carrying into effect the laws regulating the labor of persons in this Commonwealth. Section 506 of The Administrative Code of 1929 (71 P. S. § 186) empowers administrative departments to prescribe rules and regulations for the performance of their business.

§ 225.2. Definitions

Comment: IRRC, SEIU and AFL-CIO commented that the definition of "employer" should include the complete phrase "clinically-related health services."

Response: The Department made this change.

Comment: PSNA and PASNAP recommended that the Department add a definition of "chronic short staffing."

Response: The proposed regulations did not use the term "chronic short staffing." Generally, a definition section will only define terms used within the regulations.

Comment: IRRC commented that in the definition of "employer" the Department should explain under what circumstances employers, other than a health care facility, would be engaged in "direct patient care activities."

Response: For purposes of the regulations, employers other than health care facilities would not be engaged in direct patient care activities. The Department added the definition of "employer" for clarity and to ensure individuals reading the regulations understood that the Common-

wealth, political subdivisions and instrumentalities of the Commonwealth were covered by the act and the regulations.

§ 225.3. *Complaint and investigation procedure*

Comment: IRRC commented that the Department should explain why time frames for the Bureau to investigate complaints are not in the regulation. SEIU, AFL-CIO, PSNA and PASNAP commented that the proposed regulation is deficient in that it does not contain a reference to when the Bureau will begin to investigate alleged violations of the act and that it is important to include a time frame. PSNA recommended that the time frame should not be longer than 10 days based on the regulations of other states. SEIU and AFL-CIO suggested that at least “promptly” be added to give some impetus to investigate citing Pennsylvania Human Relations Commission (PHRC) regulations in 16 Pa. Code § 42.41 (relating to initiation of investigation).

Response: The Department did not set time frames for the investigation of complaints because there are too many variables to consider including the cooperation of the complainant, the cooperation of the employer and the availability of potential witnesses. In addition there are other factors that would need to be considered such as the volume of complaints the Department receives at any given time. Also, there are Department factors such as funding and staffing which are subject to change and would need to be considered in the setting of any time frame.

The Department is concerned about setting a time frame to complete an investigation and not being able to meet that time frame due to lack of necessary evidence or resources to properly make a determination. Setting a time frame could work against complainants and the Department’s goal to promote compliance with the act.

In response to IRRC’s disapproval order, the Department revised final-form § 225.3 to require the Bureau to begin the investigation of complaints within 60 days of receipt.

Comment: IRRC commented that under § 225.3(b) the Department should explain why the 60-day deadline is reasonable for aggrieved employees to file complaints. Representative Keller, SEIU, AFL-CIO, AFSCME, PSEA, PSNA and PASNAP commented that the 60-day time frame is not in the act and it is an unduly short time frame. SEIU, AFL-CIO, PSNA and PASNAP reference PHRC regulations which have a 180-day time period to file a complaint. SEIU, AFL-CIO, PSNA and PASNAP state that a violation may not be immediately known to the employee and there should be some provision allowing for tolling of the time to file, such as when the employee learns of the violation. PSNA and PASNAP comment that an employee should have the right to file a complaint for up to 2 years following the date of an assigned mandated overtime shift if the employee believes overtime was not in response to an unforeseen emergent circumstance or required reasonable efforts were not exhausted, or both.

Response: The Department’s position is that 60 days is a reasonable time frame for an aggrieved person to identify a violation of the act and make a determination to file a complaint with the Department. The longer time period between an alleged violation and reporting that violation, the more difficult a violation is to investigate and prove. In many health care facilities overtime is regularly scheduled and used. Records may not differentiate between scheduled and mandated overtime. The longer an aggrieved party waits to make a complaint, the

more confusing and unclear the acts of an employer on any given day may become. In addition, if there are witnesses to the violation, the longer the period from the violation to the investigation, the less reliable the witness’s recollection may be.

Comment: SEIU, AFL-CIO, AFSCME, PSEA, PSNA and PASNAP commented that the proposed regulation does not contain a provision for a class action type complaint, citing the PHRC regulations in 16 Pa. Code § 42.36 (relating to complaints seeking relief for persons other than the named complainant).

Response: The act does not provide for a class action type complaint. Also, 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) does not provide for a class type action. Commonwealth Court has held that class actions are unauthorized and unnecessary in administrative proceedings. See *Brendley v. WCAB*, 926 A.2d 1276 (2007); *Sullivan v. Pa. Insurance Dept.*, 408 A.2d 1174 (1979).

Section 35.45 of 1 Pa. Code (relating to consolidation) does permit consolidation of hearings involving common questions of law or fact. The Department will certainly consider consolidating hearing matters to save the parties, complainant and the Department time and costs.

Comment: SEIU, AFL-CIO and PSEA commented that unions representing employees covered by the act should have standing to file complaints on behalf of employees.

Response: The Department’s position is that this would not be appropriate. The aggrieved employee is the individual with firsthand knowledge of the alleged violation and, therefore, the best person to file the complaint and to provide information to the Department for an investigation. The Department’s charge is to enforce the act. The Department does not wish to become involved in union-management issues which are outside the scope of the act.

In addition, a labor union representing the employee may be able to meet the criteria to intervene in a scheduled hearing under § 225.8.

Comment: IRRC commented that § 225.3(b) states that “an aggrieved employee may file a complaint with the Department.” However, under subsections (a), (d), (e) and (f), the Bureau is responsible for processing complaints. IRRC recommended that the final-form regulation replace “Department” with “Bureau.”

Response: The Department made this change.

Comment: IRRC commented that §§ 225.4—225.8 reference violations by “the health care facility or employer.” To maintain consistency among sections, the Department should add “or employer” to § 225.4(b) in the final-form regulation.

Response: The Department made this change.

Comment: IRRC commented that under § 225.3(c) the Department should clarify whether a single complaint can include multiple violations. SEIU, AFL-CIO, PSNA and PASNAP also commented that the regulation suggests that a new complaint would have to be filed for every single violation and that this would be unduly burdensome. They also suggested that the Department adopt a provision for continuing violations like the PHRC has in 16 Pa. Code § 42.14(a) (relating to time of filing).

Response: The Department did not intend that a separate complaint would need to be filed for each violation when there are related violations. The Department has

clarified § 225.3(c)(3) to specifically allow complaints with multiple violations to be filed.

Comment: IIRC commented that under § 225.3(c) aggrieved employees are required to provide the names of “witnesses.” Witness is not defined in § 225.2 and it is unclear what role a witness would have in the complaint proceeding. IIRC recommended the Department define and clarify “witness.” IIRC recommended that the Department explain the reason for including the identities of witnesses in the initial complaint.

Response: The Department added a definition for “witness” in § 225.2. The Department asked for the name of witnesses to expedite the investigation and to have the complainant preserve the information as to who has firsthand knowledge of the alleged violation. As time passes, complainant and witness recollection of an event may fade. In a health care facility setting, where overtime might be plentiful, it could be difficult to remember who was present during alleged violations. The best time to get that information is as soon as possible after the alleged violation occurs.

Comment: Representative Keller, SEIU, AFL-CIO and AFSCME commented that complainants should not be required to name witnesses in initial complaints. These commentators suggested that this requirement will chill complainants from coming forward. PASNAP commented that requiring witness names on a complaint form is unusual and intimidating, and suggested that this requirement be eliminated. The commentators stated that witness names can be provided confidentially to the investigator after the complaint is filed.

Response: The purpose of requiring witness names on the complaint form is to have this information provided by the complainant as soon as possible after the alleged violation of the act. The longer a complainant waits to give the Department corroborating information such as the names of potential witnesses, the less likely it is that the complainant will remember accurately. Providing witness information in the complaint will also help the Department to more quickly investigate complaints and contact witnesses. This will also make the witness more likely to remember the events on any given day.

As to the confidentiality of witness names, investigative materials, notes, correspondence and reports are not considered public records and are therefore exempt from disclosure under section 708(b)(17) of the Right-to-Know Law (65 P. S. § 67.708(b)(17)). The Department does not release complainant names, witness names or other investigative materials absent a court order or a subpoena. Moreover, the names or identity of complainants and witnesses may be protected by an informant’s privilege. See *York Excavating Company, Inc. v. Pennsylvania Prevailing Wage Appeals Board*, 663 A.2d 840 (Pa. Cmwlth Ct. 1995).

Comment: SEIU, AFL-CIO, PSNA and PASNAP suggested that the complaint form be made available in Spanish, as well as English, as it is in the case of the Bureau’s Wage Complaint form. AFSCME commented that the complaint forms should be available in multiple languages.

Response: The Department will make the forms available in English and Spanish. The Department amended § 225.3(d) to state that the complaint form will be available in English and Spanish.

Comment: IIRC recommended that § 225.3(f) should be amended in the final-form rulemaking to include the time frame for the Bureau to conduct an initial review to

assess whether the complaint meets the requirements of subsection (c). Representative Keller, SEIU, AFL-CIO, PSNA, PASNAP and AFSCME commented that there was not a time frame set for the Bureau to advise the complainant of alleged deficiencies in the complaint and suggest that there should be a fixed time for that action.

Response: The Department added a 60-day time frame to § 225.3(f). The Bureau will review complaints within 60 days of receipt. Moreover, in response to IIRC’s disapproval order, the Department has further revised this section to require that complaint investigations begin within 60 days of receipt of the complaint.

Comment: IIRC questioned whether under § 225.3(f), 15 days provides an aggrieved employee with sufficient time to amend the complaint. SEIU, AFL-CIO, PSNA and PASNAP commented that the period should be expanded to 30 days and stated that they feared this provision would permit the Bureau to dismiss complaints on overly technical grounds.

AFSCME also commented that the response time should be measured by receipt of Notice of Deficiency and not by mailing date.

Response: The Department expanded the time period to amend the complaint to 30 days. Time periods are generally calculated from the mailing date rather than the date of receipt. Unless notices are sent by certified mail with a receipt required, the Department would not be able to establish date of receipt. In addition, often it is difficult and costly to accomplish mail delivery when a signed receipt is required. Many individuals are at work during time periods when mail is delivered and when the United States Post Office is open.

Comment: IIRC recommended that the final-form regulation state that the Bureau will provide the employee with the specific reasons why the complaint fails to conform to the requirements of § 225.3(c). SEIU, AFL-CIO, PSNA and PASNAP also commented that the Bureau should be required to state specific reasons for its dismissal of a complaint.

Response: The Department amended § 225.3(f) to state that the Bureau’s written notification will include a statement of the basis for the Bureau’s dismissal.

Comment: PSNA and PASNAP suggest adding § 225.3(g), to prohibit retaliation against an employee who makes a complaint under the act. PSNA and PASNAP suggest that the prohibition against retaliation cover complaints made by the employee union and accrediting institutions.

Response: This regulation is limited to the act’s complaint and investigation procedures, and administrative penalties assessment provisions. It does not address substantive issues. However, the Department amended § 225.4(a)(2) to allow the Department to issue directives to remedy unlawful adverse employment decisions as prohibited under section 3(b) of the act. This would cover all retaliation within the scope of the act.

Comment: IIRC stated that § 225.4(a)(1) states that a “violation” is comprised of “each discrete time that a health care facility or employer does not comply with the act or this chapter.” “Violation” is used in §§ 225.3 and 225.4 and throughout the regulations. To improve clarity, IIRC recommended that the Department move the part of this section regarding violations to § 225.2.

Response: The Department amended § 225.2 as suggested by IIRC by adding the definition of “violation.”

Comment: IRRC questioned what the Department means by each “discrete time” under § 225.4(a)(1).

Response: By each “discrete time,” the Department means each time at the end of a shift when an individual employee is mandated to work overtime in violation of the act.

Comment: IRRC recommended that the Department define “nonretaliation orders” in the final-form regulation. Commentators also recommended that the regulation include retaliation provisions similar to those in the act. See section 3(b) of the act.

Response: The Department deleted its reference to “nonretaliation order.” To reference the retaliation provisions of the act and to clarify that the Department may order a remedy to adverse employment actions, the Department added the following administrative action to § 225.4(a)(2): “directives to remedy unlawful adverse employment decisions as prohibited under section 3(b) of the act.” The Department meant to include these types of action in “nonretaliation order.” This change as suggested by IRRC should make the Department’s intention clear.

§ 225.4. Administrative penalties

Comment: SEIU, AFL-CIO, AFSCME, PSNA and PASNAP commented that proposed subsection (a)(2) fails to include reinstatement of an employee or removal of discipline against an employee who was unlawfully retaliated against for refusing to work overtime.

Response: The proposed regulation stated that it could issue “nonretaliation orders” which would have included action such as reinstatement and removal of discipline. To clarify this and to alleviate concerns that the Department had the authority to issue these orders, the Department amended § 225.4(a)(2) in this final-form rulemaking. The Department added language allowing it to issue orders “to remedy unlawful adverse employment decisions” in place of nonretaliation orders. This very broad language will give the Department the authority and put employers on notice that the Department may order remedial actions such as reinstatement and removal of discipline.

Comment: SEIU, AFL-CIO and AFSCME commented that a provision should be included to require that interest at statutory rate on back pay should be included.

Response: The regulation is broad enough to allow for the Department to order the payment of interest on back pay in appropriate circumstances.

Comment: PSNA and PASNAP suggested adding the following provisions to § 225.4: (1) in cases when the Bureau requests additional information from a facility, the facility shall comply within 10 working days; (2) the Bureau may also share with licensing agencies information it develops, such as number of mandatory overtime complaints filed, validity of complaints, enforcement actions appealed and enforcement actions upheld; and (3) nothing in this chapter shall be construed to relieve a facility of its obligation to comply with licensing standards pertaining to minimum employee staffing levels.

Response: Requiring a facility to provide additional information within 10 working days by regulation is inflexible and does not allow investigators the latitude needed to complete an investigation. Currently, Bureau investigators use several different approaches in securing information while performing investigations. Investigators issue letters requiring information in 10–30 days depending on the scope of information they are requesting and the ease of securing the information. Investigators send out scheduling requests for administrative confer-

ences and require documents to be produced at meetings. These current practices generally work for the Bureau in securing the needed information to complete investigations.

The Bureau will share information with licensing agencies upon request of the licensing agency. It is not necessary for this to be addressed by regulation. In addition, compliance with the act does not relieve agencies of any legal obligation to comply with minimum employee staffing levels for licensing. It is unnecessary and not appropriate to make this statement in this regulation.

Comment: IRRC recommended that the Department explain why the factors used in § 225.4(b) for establishing penalties are appropriate. Representative Keller stated that the criteria for penalties should focus on aggravating factors. SEIU, AFL-CIO, PSNA and PASNAP commented that it is not clear where these factors come from, but they generally benefit employers. SEIU, AFL-CIO, PSNA and PASNAP commented that “good faith” is listed as a mitigating factor to consider, but there is not a good faith defense in the act. They also state that there is not a requirement that the Department articulate its rationale for reducing a penalty and that there is not a clear statement that the minimum fine has to be \$100. Representative Keller further stated that he did not believe that the factors in the proposed regulation were relevant.

SEIU, AFL-CIO, PSNA and PASNAP commented that there should be more attention to “aggravating” factors such as the number of employees affected by the unlawful action, whether the employer maintained adequate records, or whether the facility is operated or owned by an entity which operates or owns another facility which has violated the act, and the like.

The commentators further stated that there is not a provision on how fines would be collected or how orders would be enforced. In addition to the Secretary bringing an action to enforce, commentators suggest that the Secretary could request the Attorney General to proceed to recover penalties or fines. Reliance upon the Attorney General may be important if the fine or order is issued against a Commonwealth facility.

Response: The factors the Department used to establish penalties were based on the Department’s experience with administering penalties under the Worker and Community Right-to-Know Act (35 P. S. §§ 7301–7320). The Department uses similar factors in issuing administrative penalties. See § 321.4 (relating to determination of penalty amount). Those factors were adapted and simplified for this regulation.

In addition, in response to IRRC, SEIU, AFL-CIO, PSNA and PASNAP, the Department added § 225.4(b)(4) to also consider an employer’s lack of cooperation with an investigation, an employer’s failure to provide requested information and an action which would constitute lack of effort to abate a violation such as retaliation. As more fully set out as follows, after its July 31 and August 1, 2013, meetings with Representative Keller and stakeholders, the Department also added severity of the violation as a factor to be considered in penalty determinations under § 225.4(b)(5).

In response to the comment questioning how the Department will enforce its orders and collect penalties, the Department will follow current law and its current procedures. If an order is not complied with, the Department will take action to enforce the order in Common-

wealth Court. See Pa.R.A.P. 3761 (relating to enforcement proceedings). The Department may also refer collection actions to the Office of Attorney General under the Commonwealth Attorneys Act (71 P. S. §§ 732-101—732-506). The Department has a process to refer collection matters to the Office of Attorney General.

The Department revised § 225.4(b)(3) in response to IRRC’s disapproval order. IRRC was concerned with how the Department would implement the “broad” good faith factor in penalty assessment. The Department revised this factor to a “more narrowed and focused” voluntary remedial efforts. The Department will consider voluntary “remedial efforts” designed to prevent future violations.

Comment: Because an employer could own multiple sites, the Department should clarify whether the “number of employees” is from a single site or from multiple sites.

Response: The Department amended the regulation to clarify this point. Section 225.4(b)(1) has been amended to consider the number of employees from a single site.

Comment: IRRC commented that the Department should provide an explanation for why the 12-month period is appropriate for inclusion of prior violations.

Response: The Department reviewed this portion of the regulation and determined that 12 months may be too short of a time period to establish a pattern of noncompliance with the act. The Department amended the time period to 36 months. Based on the number of complaints filed and the time needed to complete investigations, the Department determined that 36 months is a more appropriate time period to consider as an aggravating factor in determining penalties.

Comment: Commentators stated that § 225.4(b)(1) and (2) do not reference the “employer.” To be consistent with other sections, these paragraphs should include “health care facility or employer.”

Response: The Department made this change.

§ 225.5. *Administrative notice of violation and proposed penalty*

Comment: IRRC and the commentators stated that the Department should explain why the Bureau serves a copy of the administrative decision on the employer, but not on the aggrieved employee.

Response: The Department always planned to send a copy of the administrative decision to the complainant. The Department amended § 225.5(b) to clearly state that the Department will send a copy to the complainant.

Comment: IRRC commented that the Department should explain the basis for the 10-day time frame within which the Bureau will act on a request for reduction of a penalty.

Response: The 10-day time frame is to avoid the filing of unnecessary appeals which would be time consuming and costly to the employer, the Commonwealth and any intervenor, including the complainant. The filing of a request for reduction does not toll or extend the 30-day period for requesting a hearing under § 225.6.

Comment: IRRC recommended that the final-form regulation state that the written notice of case closing will contain the findings that are the basis for closing the investigation.

Response: The Department revised § 225.5(e) in response to IRRC’s concern in its disapproval order concerning notification of complainant on investigation closure. A

requirement that the written notice when violation is not found will include a statement of reason was added.

Comment: SEIU, AFL-CIO, PSNA, AFSCME and PASNAP commented that there is not a time frame established for the completion of the investigation. SEIU, AFL-CIO, PSNA, AFSCME and PASNAP stated that complaints languish and suggested a time frame of 90 days from the filing of the complaint should be established at least as a target.

Response: Complaints have many variables that make it difficult to set a time period to complete an investigation. The time frame for completion of an investigation will depend on many factors including the number of complaints filed, the facts underlying each specific complaint and how readily available information is from both the complainant and employer.

There is not a dedicated funding source or specific appropriation for the enforcement of this act. The Bureau enforces 13 laws with limited funding.

Comment: SEIU and AFL-CIO commented that the proposed regulation does not have a provision requiring the Bureau to inform the complainant of an employer’s “request for reduction” in penalty, to allow complainant input and there is not a provision to notify the complainant of a decision to reduce penalty. SEIU and AFL-CIO further commented that this section states that the Bureau will expeditiously act on a request by an employer to reduce penalty which shows the one-sided nature of the regulations.

Response: The Department amended § 225.5(d) to state that the Department will notify the complainant of a health care facility or employer’s request for a reduction in penalty. A request for reduction in penalty does not toll the 30-day appeal period. The purpose of the 10-day period to determine if there will be a reduction in penalty is to save all parties, including a complainant intervenor, the time and expense of an unnecessary appeal.

§ 225.6. *Contesting an administrative decision and proposed penalty*

Comment: IRRC commented that the Department should provide a clear justification for why the regulation does not afford the aggrieved employee the same opportunity as the health care facility or employer to contest an administrative decision and proposed penalty. SEIU, AFL-CIO, AFSCME, PSNA and PASNAP commented that under this section, the employee cannot contest an administrative decision adverse to his complaint. They commented that the complainant should have the opportunity to appeal the administrative decision.

Response: The act does not give the complainant or an aggrieved party standing to appeal the Department’s finding of a violation or imposition of penalties. Section 6 of the act charges the Department with enforcing the act and imposing penalties when it finds a violation. The Department will be receiving complaints and when the facts establish a violation, imposing appropriate penalties. Under the act, this is not an action or complaint between the aggrieved employee and the employer; it is an enforcement action by the Department. An enforcement action is between the agency charged with enforcing a law and the alleged violator.

The Department has administrative or prosecutorial discretion, or both, in determining when a violation has occurred and the appropriate penalty. Creating an opportunity for an aggrieved employee to contest the Department’s enforcement action in a regulation would be

inappropriate and would infringe on the Department's administrative or prosecutorial discretion, or both, and potentially place the Department in an adversarial position against the employee.

Comment: SEIU, AFL-CIO, PSNA and PASNAP commented that § 225.6(e) provides that the filing of a request for a hearing by employer stays the administrative decision on the violation and the proposed penalties. The commentators stated that given that there is not a time frame for holding a hearing or issuing a decision, this allows for noncompliance with the act for a potentially unreasonable period of time. AFL-CIO also commented that there is not a provision that the hearings are to be open to the public.

Response: An automatic supersedeas is common in administrative proceedings. If the supersedeas were not automatic, the Department and the parties, including intervenors, would expend resources in requesting and answering petitions for supersedeas. The hearing officer and ultimately the court can order penalties and directives to remedy unlawful adverse employment decisions to compensate the complainant and other employees for violations of the act. The process allows for the complainant to be made whole. In addition, 65 Pa.C.S. Chapter 7 (relating to Sunshine Act) requires that hearings be open to the public.

§ 225.7. Hearing

Comment: IRRC commented that subsection (a) provides that the parties will receive "reasonable notice." The Department should establish how much time constitutes "reasonable notice." The Department should also specify what forms of communication (for example, telephone, correspondence or e-mail) provide "reasonable notice" to the parties.

Response: The Department amended § 225.7(a) to state that all parties and the complainant will receive written notice of the hearing date, time and place by first class mail at least 30 days prior to the scheduled date of the hearing, unless another method of notification is requested.

Comment: IRRC commented that the Department expects the hearing "will be conducted in a manner to provide parties the opportunity to be heard." The final-form regulation should establish more specific hearing procedures.

Response: Due to 1 Pa. Code Part II, more specific hearing procedures are not needed here. Section 225.7(h) provides that 1 Pa. Code Part II applies to hearings under this regulation to the extent hearing procedures are not covered by this regulation. Part II of 1 Pa. Code provides for very specific and clear hearing procedures.

Comment: IRRC commented that the Department should clarify what it considers "reasonable examination and cross-examination" of witnesses.

Response: The Department does not believe it is appropriate to define this term. "Reasonable examination and cross-examination" is a legal standard in 2 Pa.C.S. § 505 (relating to evidence and cross-examination) and Pennsylvania case law interpreting this standard.

Comment: IRRC stated that commentators also suggested that union representatives should be permitted to represent aggrieved union employees at these hearings. Representative Keller, SEIU, PSEA, AFSCME, AFL-CIO and PASNAP commented that union representatives should be permitted to represent employees at hearings. IRRC questioned whether the Department considered this

option. IRRC also recommended that the final-form regulation define "legal representation."

Response: Sections 31.21—31.23 of 1 Pa. Code (relating to appearance in person; appearance by attorney; and other representation prohibited at hearings) control who may represent a party before an agency. Specifically, 1 Pa. Code § 31.23 prohibits representation at a hearing by persons other than the appearance in person by a party or by a licensed attorney. It is not necessary to define "legal representation." Legal representation is representation by a licensed attorney.

Comment: IRRC noted commentators objected to the omission of aggrieved employees as parties to the hearing, and argue this omission violates their due process rights. Representative Keller suggests that the aggrieved employee "should be notified of hearings as well as guaranteed the opportunity to participate." IRRC stated that the Department should explain why an aggrieved employee is not a party in hearings on these matters. As part of this explanation, the Department should establish how it can reconcile excluding the aggrieved employee from participating in the hearing with affording the employee the opportunity to be heard on any adverse issues pertaining to the complaint.

Response: Actions by the Department under the act are enforcement actions. The act charges the Department with the responsibility to enforce the act. It would not be appropriate for the complainant to automatically be a party in an enforcement action. The Department's role under this act is not merely that of an adjudicator of employer-employee disputes.

In addition, there may be many complainants who would not wish to be a party. A party in an action would be required to represent himself or seek legal representation. A party may also have a burden of proof and may need to present evidence, prepare for a hearing and attend a hearing. An aggrieved employee would meet the requirement of having a direct interest in the action and would be granted the right to intervene at a hearing under the act and this regulation.

To clarify that the complainant would have the right to intervene and to simplify that process, the Department added § 225.8(c). The complainant will have the right to intervene by sending a letter or notice to the hearing officer, the Bureau and the health care facility or employer no later than 10 days before the scheduled hearing. The complainant will not be required to demonstrate his basis for intervention.

Comment: SEIU, AFL-CIO, PSNA and PASNAP commented that because the complainant is not a "party," it is not clear that the complainant will receive notice of the hearing date. There is not a provision that the hearing will be open to the public.

Response: The Department amended § 225.7(a) to state that all parties and the complainant will receive written notice of the hearing. The hearing will be open to the public.

Comment: SEIU and AFL-CIO commented that because the complainant or his union is not automatically a party, the complainant is denied due process.

Response: The Department amended this regulation to allow a complainant to intervene by merely sending a letter and to provide notice of administrative decision and notice of the hearing to the complainant. A complainant will have notice and the opportunity to be heard. The complainant's due process will not be violated under this regulation.

Comment: PSNA and PASNAP requested that a definition of “party” be added and that the definition of “party” include the employee and or complainant. SEIU, AFL-CIO, AFSCME, PSNA and PASNAP commented that since the complainant is not a party, he would not be permitted an opportunity to be heard and he would be denied due process. Party status should be afforded the complainant as a right. AFSCME commented that the complainant should be a party or in the alternative have automatic intervention status. A complainant is directly affected and the regulation should specify that.

Response: Under amended § 225.8, the complainant will be able to intervene by merely filing a letter with the Department indicating his desire to intervene. A complainant does not need to meet any other criteria to be granted intervenor status. It should be noted that some complainants may prefer not to actively participate in the administrative process. Complainants who are parties may need to expend financial and other resources.

Comment: SEIU, AFL-CIO, PSEA and AFSCME commented that the regulation should be amended to allow employees to be represented by their union like in unemployment compensation hearings.

Response: Hearings under this regulation will not be similar to unemployment compensation hearings. Unemployment compensation hearings are not enforcement actions. They are matters between the employee and the employer. The Department is charged with enforcing the prohibitions in the act and imposing penalties.

Also, 1 Pa. Code Part II applies to these hearings. Section 31.23 of 1 Pa. Code prohibits representation at a hearing by any person other than the party or by a licensed attorney unless allowed by an agency in a specific case.

Comment: SEIU, AFSCME, AFL-CIO, PSNA and PASNAP commented that § 225.7(g) requires the Bureau to establish that there has been a violation of the act by a preponderance of the evidence, which places an unrealistic burden on the Department. The commentators suggest that once the Bureau proves a violation of the “general rule” prohibiting mandatory overtime as set forth in section 3(a) of the act, the burden should shift to the employer to prove that the “exception” in section 3(c) of the act applies. Furthermore, there should be a rule that if the employer does not maintain adequate records of a contemporaneous nature to establish both the “unforeseeable emergent circumstance” and the existence of the other three conditions warranting the exception then there is a presumption that the employer violated the act.

Response: As a general rule in an administrative proceeding when an agency is taking an enforcement action, the agency would be required to prove a violation of the law/standard by a preponderance of the evidence. The fact that an exception to the general rule could apply, may be an affirmative defense proven by the employer.

During its investigation the Bureau would gather information to establish whether an exception to the act could be established. The Bureau would need any and all information the health care facility and the complainant possess concerning the circumstances of the alleged violation including information to establish an exception to the act’s general rule concerning mandating overtime. The Bureau would need to collect and analyze information concerning exceptions prior to issuing an administrative decision on a violation of the act.

In response to the suggestion that the regulation include a provision that if the employer does not maintain

adequate records of a contemporaneous nature to establish an exception to the act’s prohibition against mandatory overtime there is a presumption that the employer violated the act, the Department states this is not appropriate. The act does not establish a presumption in absence of records.

Comment: SEIU, AFL-CIO, PSNA and PASNAP commented that § 225.7(h) provides that hearings shall be governed by 1 Pa. Code Part II. It is unusual that the regulations do not reference what other rules from the “general rules” apply and which ones do not apply. There should be a provision that, except as otherwise provided in the Department’s regulations, the entire set of general rules of administrative practice and procedure will apply. Without a clarification, there could be some ambiguity or gaps. For example, 1 Pa. Code § 35.45 provides for consolidation of proceedings. This would be an important power given the lack of class action complaints. But this regulation is technically not part of the general rules governing hearings; thus the Department may lack the power to consolidate the complaints of two similarly situated employees. See 1 Pa. Code Chapter 35, Subchapter B (relating to hearings and conferences).

Response: Section 225.7(h) provides that 1 Pa. Code Part II applies to hearings under this regulation to the extent not covered by this regulation. The hearing officer will have the power to consolidate proceedings when appropriate.

§ 225.8. *Petition to intervene*

Comment: IRRC, SEIU, AFL-CIO, PSNA and PASNAP assert that the regulation should include certain intervention provisions already in 1 Pa. Code Part II. See 1 Pa. Code § 35.28(a)(2) and (3) (relating to eligibility to intervene). Unlike § 225.7, this section does not make a reference to 1 Pa. Code Part II. The Department should explain the reason these rules do not apply to the regulation’s intervention process. The Department should also explain why the provisions suggested should not be included in the final-form rulemaking.

Response: The Department amended this section to include the language of intervention provisions in 1 Pa. Code Part II.

Additionally, in response to IRRC’s disapproval order, the Department revised § 225.8(b)(1)(ii) to specifically include complainants’ union or trade association representatives in the enumerated list of those who may have an interest to intervene in a Department hearing concerning violations of the act.

Comment: SEIU, AFL-CIO, AFSCME, PSNA and PASNAP commented that under the proposed regulation the employee who files the complaint is not a party to the proceedings. For the employee to participate as a “party” and not just a witness, he must intervene. The standards proposed in this section make intervention very difficult. It would be best if the regulation explicitly provided that the employee has a right to intervene. Alternately, some more expansive language on intervention should be adopted.

Response: To clarify that a complainant would have the right to intervene, the Department added language to § 225.8(c) to state that the complainant has the right to intervene by sending a letter or notice to the hearing officer, the Bureau and the health care facility or employer no later than 10 days before the scheduled hearing. This subsection also states that the complainant will not be required to demonstrate his basis for intervention.

§ 225.9. *Adjudications*

Comment: SEIU, AFL-CIO, PSNA and PASNAP commented that there is not a time set for the issuance of this adjudication, which could result in undue delay, and suggest that a time frame be set in the regulations.

Response: The Department issues adjudications in numerous areas and generally uses the same hearing officer staff. The time frame for issuing adjudications depends on many factors, some of which are not within the control of the Department. The most important factor in the time to issue an adjudication is the number of cases appealed. The Department simply cannot predict how many appeals will be filed or the complexity of those appeals. To set a certain time frame to issue adjudications could result in less scrutiny for those decisions which could result in more Commonwealth Court appeals and more cost for all parties including complainants.

Comment: SEIU AFL-CIO AFSCME, PSNA and PASNAP commented that the complainant would not be entitled to be served with a copy of the written adjudication. This should be revised to make it obligatory to serve the complainant.

Response: The Department always intended to serve the complainant with a copy of the written adjudication. Section 225.9 has been amended to require that the complainant be served with a copy of the written adjudication.

§ 225.10. *Further appeal rights*

Comment: IRRC suggested that the Department explain why aggrieved intervenors are not afforded the right to appeal. This section also states that an appeal may be filed within 30 days “as prescribed by law or rule of court.” This phrase is vague and the final-form regulation should cross-reference the relevant law or rule of court that establishes this 30-day requirement. SEIU, AFL-CIO, PSNA and PASNAP commented that under this regulation, unless the employee was granted intervention, he would not be able to appeal the adjudication to court and state that this right should be afforded the complainant.

Response: An aggrieved intervenor would be a party aggrieved by the decision and would have the right to file an appeal. The Department amended § 225.10 to clearly state that an intervenor would have the right to appeal. The Department also added the reference to 42 Pa.C.S. § 763 (relating to direct appeals from government agencies).

Additional comments

To solicit feedback on its changes to the proposed rulemaking, the Department provided Representative Keller and stakeholders a copy of its draft final-form rulemaking. On July 31, 2013, the Department met with Representative Keller and members of his staff to discuss the Department’s changes to the proposed rulemaking. Representative Keller’s staff provided the Department with comments on the draft final-form rulemaking before the meeting.

On August 1, 2013, the Department met with stakeholders and provided a PowerPoint presentation concerning the Department’s responses to the public comments and the changes made to the proposed rulemaking. In attendance at the stakeholders meeting were representatives from Diakon Lutheran Social Ministries, SEIU, PA Nurse Alliance, PASNAP, PAR, Buchanan Ingersoll, PSNA, Triad Strategies, HAP, PSEA and J.M. Uliana & Associates.

The Department posted the draft final-form rulemaking and a letter to stakeholders on its web site. The Department e-mailed copies of the PowerPoint presentation to the stakeholders who attended the August 1, 2013, meeting. The Department also solicited comments from the stakeholders on the changes it made to the proposed rulemaking. In addition to comments from Representative Keller, the Department also received additional comments from Diakon Lutheran Social Ministries, SEIU, PSNA, HAP and PSEA. The Department considered all of the comments made on the changes to the proposed rulemaking.

The additional stakeholder comments included both negative and positive comments on the Department’s clarification of § 225.4(b)(1) using single work sites in considering the employers past violation history for the purpose of determining penalties. The comments also included suggestions concerning the time frames for filling complaints, facilities to comply with orders, the Bureau to begin investigations, holding hearings and issuing decisions. The Department also received comments on consolidating complaints and hearings, allowing class actions, the scope of the regulations, requiring witness names on the complaint form, expanding the factors for determining penalties to include more aggravating factors, allowing union representation at hearings and shifting the burden of proof at hearing. Many of these comments were not directed at the changes the Department made to the proposed regulations, but repeated comments made during the formal public comment period.

One new comment encouraged the Department to provide continuing education to its investigators and examiners on the Department’s new procedures and ongoing education on policy matters.

As a result of the written stakeholder comments and comments made at the July 31 and August 1, 2013, meetings, the Department made two additional changes to the final-form rulemaking. The Department clarified § 225.3(c)(4) to add language that “known” witnesses be included on the complaint form. This clarifies that complaints would not be dismissed if witnesses were not named in the complaint. The Department’s position remains that the best time to provide witness information to the Department is when the complainant would have the freshest recollection and that is when the complaint is filed. At the stakeholders’ meeting, the Department again reassured stakeholders that complaint forms including witness names are not public information and will not be released to the employer upon request.

The other change to the draft final-form rulemaking made as a result of the July 31 and August 1, 2013, meetings was the addition of § 225.4(b)(5). Representative Keller commented that the factors to be considered by the Department in imposing penalties should include the severity of the violation. Other comments indicated that additional factors should be considered in determining penalties. The Department added the length of the mandated overtime and other factors concerning the severity of the violation to the factors in the proposed rulemaking.

Revised final-form rulemaking

In response to IRRC’s disapproval order, the Department revised § 225.3 to require the Bureau to begin the investigation of complaints within 60 days of receipt, and require health care facilities and employers to establish a recordkeeping system for circumstances when employees

are mandated overtime under the act. The Department revised § 225.4(b)(3) changing the broad good faith factor in penalty assessment to a more focused factor of voluntary remedial efforts. The Department revised § 225.5(e) to require a statement of reason in the notification sent to a complainant on investigations when a violation is not found. Finally, the Department revised § 225.8(b)(1)(ii) to specifically include complainants' union or trade association representatives in the enumerated list of those who may have an interest to intervene.

E. Affected Persons

Under section 3 of the act, Chapter 225 will apply to health care facilities which provide clinically related health services including facilities operated by State and local government. This includes individuals employed through a personnel agency that contracts with a health care facility to provide personnel.

F. Fiscal Impact

It is anticipated the cost to the Department as a result of this proposed rulemaking will be \$42,000 per year. These costs are based on the Department's current costs in enforcing the act. It is not expected that the levying of administrative fines will demonstrably offset costs. The Bureau has enforced the act since July 2009.

G. Paperwork Requirements

The Bureau has already prepared and posted information and complaint forms on the Department's web site at www.dli.state.pa.us. The act does not contain a recordkeeping requirement for employers. This final-form rulemaking requires health care facilities and employers to establish a recordkeeping system for circumstances when employees are mandated overtime under the act.

H. Sunset Date

The regulations will be monitored through practice and application. Therefore, a sunset date is not designated.

I. Effective Date

This final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

J. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on June 26, 2012, the Department submitted a copy of the notice of proposed rulemaking, published at 42 Pa.B. 4468, to IRRC and the Chairpersons of the Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on February 26, 2014, the final-form rulemaking was deemed approved by the Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on February 27, 2014, and disapproved the final-form rulemaking. IRRC issued its disapproval order on March 17, 2014.

The Department delivered the revised final-form rulemaking, together with a copy of IRRC's disapproval order and the supporting report required under section 7(c) of the Regulatory Review Act (71 P. S. § 745.7(c)) to IRRC and the Committees on April 28, 2014. Under section 5.1(j.2) of the Regulatory Review Act on June 5, 2014, this

final-form rulemaking was deemed approved by the Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on May 22, 2014, and approved the final-form rulemaking.

K. Findings

The Department finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law, and all comments received were considered.

(3) This final-form rulemaking does not enlarge the purpose of the proposed rulemaking published at 42 Pa.B. 4468.

(4) This final form rulemaking is necessary and suitable for the administration of the act.

L. Order

The Department, acting under the authority of the act, orders that:

(a) The regulations of the Department, 34 Pa. Code, are amended by adding §§ 225.1—225.10 to read as set forth in Annex A.

(b) The Secretary of the Department shall submit this order and Annex A to the Office of General Counsel and the Office of Attorney General for approval as to form and legality as required by law.

§ 225.4. Administrative penalties.

(a) The Department may impose any or all of the following penalties under section 6 of the act (43 P. S. § 932.6):

(1) A fine of \$100 to \$1,000 per violation.

(2) Order a health care facility or employer to take an action which the Department deems necessary to correct a violation of section 3 of the act (43 P. S. § 932.3) or this chapter. Actions ordered may include payment of restitution to employees, directives for compliance with the act such as changes to policy and procedures to ensure future compliance, and directives to remedy unlawful adverse employment decisions as prohibited under section 3(b) of the act. An order will be based on the facts of each individual complaint and practices of the health care facility and employer.

(b) The Department may base administrative penalties on the following factors:

(1) *Size of business.* The Department will take into consideration the number of employees of the health care facility or employer on the date the violation occurred at the site where the alleged violation occurred.

(2) *History of previous violations.* The Department will take into consideration the number of assessed violations for the health care facility or employer in a preceding 36-month period. Only violations for which penalties were assessed and which are not subject to further appeal will be included.

(3) *Remedial efforts.* The Department will consider voluntary remedial efforts designed to prevent future violations and reinforce the importance of compliance with the act.

(4) *Degree of cooperation.* The Department will also consider an employer's lack of cooperation with an investigation, an employer's failure to provide requested information and action which would constitute a lack of effort to abate a violation, such as retaliation.

(5) *Length of mandated overtime.* The Department will take into consideration the length of the mandated overtime and other factors concerning the severity of the violation.

§ 225.5. Administrative notice of violation and proposed penalty.

(a) After the completion of an investigation on an alleged violation of the act and upon finding that the act has been violated, the Bureau will issue an administrative decision containing findings and proposed penalties.

(b) The Bureau will serve by first class mail upon the violating health care facility or employer and the complainant a copy of its administrative decision and proposed penalty.

(c) A health care facility or employer served with an administrative decision and proposed penalty may accept the notice and pay the penalty, request a reduction in penalty or contest the administrative decision and proposed penalty under § 225.6 (relating to contesting an administrative decision and proposed penalty).

(d) A request for a reduction in the penalty shall be made in writing to the Bureau within 10 days of the mailing date of the administrative decision and propose an alternative penalty for the Bureau's consideration setting forth mitigating circumstances. The Bureau will expeditiously act on the request for reduction of the penalty within 10 days of receipt. The filing of a request for reduction does not toll or extend the 30-day period for requesting a hearing under § 225.6. The Bureau will provide notice of the request for reduction in penalty to the complainant.

(e) After the completion of an investigation of alleged violations of the act and upon findings that the act has

not been violated, the Bureau will provide written notice to the complainant and the health care facility or employer that the investigation has been closed. The written notice when a violation is not found will include a statement of the reason.

§ 225.6. Contesting an administrative decision and proposed penalty.

(a) A health care facility or employer may contest an adverse administrative decision by requesting a hearing.

(b) The health care facility or employer contesting the administrative decision shall file an original and two copies of a written request for a hearing with the Bureau within 30 days of the mailing date of the administrative decision. The hearing request shall be mailed to the Bureau at the address listed on the administrative decision.

(c) The Bureau will notify the complainant of any request made for hearing under this section.

(d) An untimely request for a hearing may be dismissed without further action by the Bureau.

(e) Filing of a request for a hearing shall act as a supersedeas of the administrative decision on the violation and proposed penalties.

§ 225.7. Hearing.

(a) The Secretary will assign the request for a hearing to a hearing officer who will schedule a de novo proceeding. The parties and the complainant will receive written notice of the hearing date, time and place by first class mail at least 30 days prior to the scheduled date of the hearing, unless another method of notification is requested.

(b) The hearing will be conducted in a manner to provide all parties the opportunity to be heard. The hearing officer will not be bound by strict rules of evidence. Relevant evidence of reasonably probative value may be received into evidence. Reasonable examination and cross-examination of witnesses will be permitted.

(c) The parties may be represented by legal counsel, but legal representation at the hearing is not required.

(d) Testimony will be recorded and a full record kept of the proceeding.

(e) The parties will be provided the opportunity to submit briefs addressing issues raised at the hearing.

(f) The Bureau and the health care facility or employer will be the parties at the hearing.

(g) The Bureau will have the burden of proving by a preponderance of the evidence that the health care facility violated the act and that the proposed penalty is appropriate under the factors in § 225.4(b) (relating to administrative penalties).

(h) To the extent not covered by this chapter, hearings will be governed by 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure).

§ 225.8. Petition to intervene.

(a) The Bureau and the health care facility or employer will be the parties at the hearing.

(b) A person other than the Bureau and the health care facility or employer may request to intervene in a hearing under the following conditions:

(1) He can demonstrate any of the following:

(i) A right conferred by law.

(ii) An interest which may be so directly affected and which is not adequately represented by the existing parties, and as to which petitioners may be bound by the Department's actions. The following may have an interest:

(A) Complainants' union or trade association representatives.

(B) Consumers, patients or other patrons served by the respondent.

(C) Holders of securities of the health care facility or employer.

(D) Employees of the health care facility or employer.

(E) Competitors of the respondent.

(iii) Any other interest of a nature so that participation of the petitioner may be in the public interest.

(2) The party files a petition to intervene with the hearing officer and the existing parties in the hearing under 1 Pa. Code § 35.29 (relating to form and contents of petitions to intervene) no later than 10 days before the scheduled hearing unless the party shows good cause and there is no prejudice to the existing parties from the late filing. Existing parties may file an answer under 1 Pa. Code § 35.36 (relating to answers to petitions to intervene) within 20 days or other time set by the hearing officer.

(c) The complainant will have the right to intervene by sending a letter or notice to the hearing officer, the Bureau and the health care facility or employer no later than 10 days before the scheduled hearing. The complainant will not be required to demonstrate his basis for intervention as required under subsection (b).

(d) As soon as possible after the time set for filing of answers, the hearing officer will rule on the petition and may grant or deny intervention in whole or in part, or may limit the intervenor's participation in the hearing. The hearing officer may tentatively grant intervention before the hearing only to avoid detriment to the public interest and if the hearing officer issues a final ruling on intervention before the hearing begins.

(e) A hearing officer will not grant a petition to intervene during a hearing unless good cause is shown for the late filing, the parties have the opportunity to respond or object, and the petition complies with this section.

§ 225.9. Adjudications.

(a) The Secretary will issue a written adjudication. The adjudication will include all relevant findings and conclusions, and the rationale for the adjudication.

Title 55—PUBLIC WELFARE

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CHS. 1187 AND 1189]

Rate Setting for County Nursing Facilities that Change Ownership

The Department of Public Welfare (Department), under the authority of sections 201(2), 206(2), 403(b) and 443.1 of the Public Welfare Code (62 P.S. §§ 201(2), 206(2), 403(b) and 443.1), amends Chapters 1187 and 1189 (relating to nursing facility services; and county nursing facility services).

Purpose of Final-Form Rulemaking

The purpose of this final-form rulemaking is to amend § 1187.97 (relating to rates for new nursing facilities, nursing facilities with a change of ownership, reorganized nursing facilities and former prospective payment nursing facilities) to codify the rate setting methodology used when a county nursing facility has a change of ownership from county ownership to a nonpublic nursing facility provider. The Department is also amending the terminology used in certain definitions in §§ 1187.2 and 1189.2 (relating to definitions).

The final-form rulemaking is needed to codify the methodology for setting rates for county nursing facilities that change ownership to a nonpublic nursing facility provider. Since county nursing facilities have been phased-out of the rate setting process under Chapter 1187, updated cost data audited to verify compliance with Chapter 1187 is no longer available to establish a per diem rate for a former county nursing facility.

Summary

A complete description of the rulemaking was published at 43 Pa.B. 5822 (October 5, 2013).

Affected Individuals and Organizations

This final-form rulemaking affects a county nursing facility that changes ownership from county ownership to a nonpublic nursing facility provider and remains in the Medical Assistance (MA) Program.

Accomplishments and Benefits

This final-form rulemaking codifies the rate setting methodology for county nursing facilities that change ownership to a nonpublic nursing facility provider and remain in the MA Program.

Fiscal Impact

Cost to the Commonwealth, local government, nursing facility providers or MA recipients is not anticipated as a result of this final-form rulemaking.

Paperwork Requirements

There are no new or additional paperwork requirements.

Public Comment

The Department received one letter through the public comment process from the Pennsylvania Association of County Affiliated Homes (PACAH). The Independent Regulatory Review Commission (IRRC) did not comment on the proposed rulemaking.

Comment

PACAH stated that it did not have objections to the proposed rulemaking.

Response

The Department appreciates PACAH's comment.

PROPOSED RULEMAKING

DEPARTMENT OF TRANSPORTATION

[67 PA. CODE CH. 105]

Mechanical, Electrical and Electronic Speed-Timing Devices

The Department of Transportation (Department), under the authority in 75 Pa.C.S. §§ 3368 and 6103 (relating to speed timing devices; and promulgation of rules and regulations by department), proposes to amend Chapter 105, Subchapter C (relating to speedometers) to read as set forth in Annex A. The statutory provisions direct the Department to promulgate standards for speed-timing devices and testing and authorize the Department to promulgate regulations to implement 75 Pa.C.S. (relating to Vehicle Code).

Purpose of Regulations

The purpose of Chapter 105, Subchapter C is to govern the calibrating and testing of mechanical, electrical and electronic speed-timing devices by stations appointed by the Department.

Purpose of the Proposed Rulemaking

The purpose of this proposed rulemaking is to delete outdated speed-timing testing devices and procedures, modernize the language and add provisions permitting the use of new technologies approved by the Department.

Summary of Significant Amendments

Section 105.31 (relating to appointment of speedometer testing station) is proposed to be amended to require speedometer testing stations to prominently display a valid Certificate of Appointment provided by the Department. An identical requirement is proposed to be deleted from § 105.34 (relating to manner of testing speedometers).

Section 105.32 (relating to operation of speedometer testing station) is proposed to be amended to require that a separate application be filed for each mobile testing unit that a station intends to operate.

Section 105.32 is proposed to be amended to remove a testing station's ability to delegate speedometer testing to another testing station. This proposed amendment is based upon recommendations from industry stakeholders.

Section 105.33 (relating to required equipment) is proposed to be amended to allow for the use of new devices and technologies in speedometer testing and calibration that have been approved by the Department and are necessitated by advances in technology. The current language does not allow for the introduction and approval of new devices and technologies. Additional proposed amendments delete outdated testing devices and procedures.

Section 105.34 is proposed to be amended to: permit the reproduction of Certificates of Accuracy; require testing devices in accordance with the testing equipment manufacturer's specifications, if the manufacturer specifies a testing schedule; require a station to document the testing and calibration of its testing equipment; and require that this documentation is made available at the request of the Department.

Section 105.34 is proposed to be amended to provide greater detail regarding the standard for accuracy and specifications for testing accuracy.

Persons and Entities Affected

This proposed rulemaking will affect speedometer testing station owners and personnel, as well as future applicants who intend to have their stations appointed by the Department as a speedometer testing stations.

Fiscal Impact

Implementation of these proposed amendments will not require the expenditure of additional funds by the Commonwealth or local municipalities. Speedometer testing stations may incur additional short-term compliance costs in the application process and implementation of mobile testing units. However, any short-term costs will be outweighed by more opportunities to calibrate a broader range of vehicles.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on July 8, 2014, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Transportation Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

Sunset Provisions

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* following appropriate evaluation of comments, suggestions or objections received during the public comment period. The Department is not establishing a sunset date for these regulations, as these regulations are needed to administer provisions required under 75 Pa.C.S. The Department, however, will continue to closely monitor these regulations for their effectiveness.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking to Anita M. Wasko, Director, Bureau of Motor Vehicles, 1101 South Front Street, 4th Floor, Harrisburg, PA 17104 within 30 days of the publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

ENVIRONMENTAL QUALITY BOARD

[25 PA CODE CH. 129]

Control of Volatile Organic Compound Emissions from Fiberglass Boat Manufacturing Materials

The Environmental Quality Board (Board) proposes to amend Chapter 129 (relating to standards for sources) to read as set forth in Annex A. The proposed rulemaking would add § 129.74 (relating to control of VOC emissions from fiberglass boat manufacturing materials) to adopt reasonably available control technology (RACT) requirements and RACT emission limitations for stationary sources of volatile organic compound (VOC) emissions from fiberglass boat manufacturing materials including open molding resins, gel coats and cleaning materials. The proposed rulemaking would also add terms and definitions to § 129.74 to support the interpretation of the proposed measures.

This proposed rulemaking will be submitted to the United States Environmental Protection Agency (EPA) for approval as a revision to the Commonwealth's State Implementation Plan (SIP) following promulgation of the final-form regulation.

This proposed rulemaking is given under Board order at its meeting of May 21, 2014.

A. *Effective Date*

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

B. *Contact Persons*

This proposed rulemaking is available on the Department of Environmental Protection's (Department) web site at www.dep.state.pa.us (select "Public Participation Center," then select "Environmental Quality Board").

C. Statutory Authority

The proposed rulemaking is authorized under section 5(a)(1) of the Air Pollution Control Act (APCA) (35 P. S. § 4005(a)(1)), which grants the Board the authority to adopt rules and regulations for the prevention, control, reduction and abatement of air pollution in this Commonwealth. Section 5(a)(8) of the APCA also grants the Board the authority to adopt rules and regulations designed to implement the provisions of the Clean Air Act (CAA) (42 U.S.C.A. §§ 7401—7671q).

D. Background and Purpose

The purpose of this proposed rulemaking is to implement control measures to reduce VOC emissions from fiberglass boat manufacturing materials including open molding resin, gel coat and cleaning materials. VOCs are precursors for ground-level ozone formation. Ground-level ozone, a public health and welfare hazard, is not emitted directly to the atmosphere by fiberglass boat manufacturing materials including open molding resin, gel coat and cleaning materials, but is formed by a photochemical reaction between VOCs and nitrogen oxides (NO_x) in the presence of sunlight. In accordance with sections 172(c)(1), 182(b)(2)(A) and 184(b)(1)(B) of the CAA (42 U.S.C.A. §§ 7502(c)(1), 7511a(b)(2)(A) and 7511c(b)(1)(B)), the proposed rulemaking establishes the VOC emission limitations and other requirements of the EPA 2008 Fiberglass Boat Manufacturing Materials Control Techniques Guidelines (CTG) for these sources in this Commonwealth. See Consumer and Commercial Products, Group IV: Control Techniques Guidelines in Lieu of Regulations for Miscellaneous Metal Products Coatings, Plastic Parts Coatings, Auto and Light-Duty Truck Assembly Coatings, Fiberglass Boat Manufacturing Materials, and Miscellaneous Industrial Adhesives, 73 FR 58481, 58483 (October 7, 2008).

The EPA is responsible for establishing National Ambient Air Quality Standards (NAAQS) for six criteria pollutants considered harmful to public health and the environment: ground-level ozone; particulate matter; NO_x; carbon monoxide; sulfur dioxide; and lead. The CAA established two types of NAAQS: primary standards, which are limits set to protect public health; and secondary standards, which are limits set to protect public welfare and the environment, including protection against visibility impairment and from damage to animals, crops, vegetation and buildings. The EPA established primary and secondary ground-level ozone NAAQS to protect public health and welfare.

Ground-level ozone is a highly reactive gas, which at sufficiently high concentrations can produce a wide variety of harmful effects. At elevated concentrations, ground-level ozone can adversely affect human health, animal health, vegetation, materials, economic values, and personal comfort and well-being. It can cause damage to

important food crops, forests, livestock and wildlife. Repeated exposure to ozone pollution may cause a variety of adverse health effects for both healthy people and those with existing conditions, including difficulty in breathing, chest pains, coughing, nausea, throat irritation and congestion. It can worsen bronchitis, heart disease, emphysema and asthma, and reduce lung capacity. Asthma is a significant and growing threat to children and adults. High levels of ground-level ozone affect animals in ways similar to humans. High levels of ground-level ozone can also cause damage to buildings and synthetic fibers, including nylon, and reduced visibility on roadways and in natural areas. The implementation of additional measures to address ozone air quality nonattainment in this Commonwealth is necessary to protect the public health and welfare, animal and plant health, and welfare and the environment.

In July 1997, the EPA promulgated primary and secondary ozone standards at a level of 0.08 part per million (ppm) averaged over 8 hours. See 62 FR 38856 (July 18, 1997). In 2004, the EPA designated 37 counties in this Commonwealth as 8-hour ozone nonattainment areas for the 1997 8-hour ozone NAAQS. Based on the ambient air monitoring data for the 2013 ozone season, all monitored areas of this Commonwealth are attaining the 1997 8-hour ozone NAAQS. The Department must ensure that the 1997 ozone standard is attained and maintained by implementing permanent and enforceable control measures to ensure violations of the standard do not occur for the next decade.

In March 2008, the EPA lowered the standard to 0.075 ppm averaged over 8 hours to provide even greater protection for children, other at-risk populations and the environment against the array of ozone-induced adverse health and welfare effects. See 73 FR 16436 (March 27, 2008). In April 2012, the EPA designated five areas in this Commonwealth as nonattainment for the 2008 ozone NAAQS. See 77 FR 30088, 30143 (May 21, 2012). These areas include all or a portion of Allegheny, Armstrong, Berks, Beaver, Bucks, Butler, Carbon, Chester, Delaware, Fayette, Lancaster, Lehigh, Montgomery, Northampton, Philadelphia, Washington and Westmoreland Counties. The Commonwealth must ensure that these areas attain the 2008 ozone standard by 2015 and that they continue to maintain the standard thereafter.

There are not Federal statutory or regulatory RACT limits for VOC emissions from fiberglass boat manufacturing materials. In 2001, however, the EPA promulgated 40 CFR Part 63, Subpart VVVV (relating to National emission standards for hazardous air pollutants for boat manufacturing) (2001 NESHAP). The 2001 NESHAP established organic hazardous air pollutant (HAP) emissions limits based on low-HAP resins and gel coats and low-emitting resin application technology. Many HAPs are VOCs, but not all VOCs are HAPs. The 2001 NESHAP data, however, indicate that styrene and methyl methacrylate, which are both organic HAP and VOC, account for nearly all the VOC emissions, as well as HAP emissions, from fiberglass boat manufacturing facilities. Therefore, total HAP and VOC emissions from fiberglass boat manufacturing facilities are nearly equal.

When developing the VOC emission reduction RACT measures included in its Fiberglass Boat Manufacturing Materials CTG, the EPA took into account the HAP emission reduction measures of the 2001 NESHAP for the boat manufacturing industry. The requirements of the 2001 NESHAP apply to "major sources" of HAP from boat manufacturing operations. For the purpose of regulating HAPs, a "major source" is considered to be a stationary

source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit considering controls, in the aggregate, 10 tons per year (tpy) or more of any single listed HAP or 25 tpy or more of any combination of HAPs. See section 112(a)(1) of the CAA (42 U.S.C.A. § 7412(a)(1)). See 66 FR 44218, 44219 (August 22, 2001).

State regulations to control VOC emissions from fiberglass boat manufacturing materials are required under Federal law and will be reviewed and approved by the EPA if the provisions meet the RACT requirements of the CAA and its implementing regulations. See 73 FR 58481, 58483. The EPA defines RACT as “the lowest emission limitation that a particular source is capable of meeting by the application of control technology that is reasonably available considering technological and economic feasibility.” See State Implementation Plans; General Preamble for Proposed Rulemaking on Approval of Plan Revisions for Nonattainment Areas—Supplement (on Control Techniques Guidelines), 44 FR 53761 (September 17, 1979).

Section 172(c)(1) of the CAA provides that SIPs for nonattainment areas must include “reasonably available control measures,” including RACT, for sources of emissions. Section 182(b)(2) of the CAA provides that for moderate ozone nonattainment areas, states must revise their SIPs to include RACT for sources of VOC emissions covered by a CTG document issued by the EPA prior to the area’s date of attainment. More importantly, section 184(b)(1)(B) of the CAA requires that states in the Ozone Transport Region (OTR), including the Commonwealth, submit an SIP revision requiring implementation of RACT for all sources of VOC emissions in the state covered by a specific CTG.

Section 183(e) of the CAA (42 U.S.C.A. § 7511b(e)) directs the EPA to list for regulation those categories of products that account for at least 80% of the VOC emissions from consumer and commercial products in ozone nonattainment areas. Section 183(e)(3)(C) of the CAA further provides that the EPA may issue a CTG document in place of a National regulation for a product category when the EPA determines that the CTG will be “substantially as effective as regulations” in reducing emissions of VOC in ozone nonattainment areas. In 1995, the EPA listed fiberglass boat manufacturing on its section 183(e) list and, in 2008, the EPA issued a CTG for this product category. See 60 FR 15264, 15267 (March 23, 1995) and 73 FR 58481. See Control Techniques Guidelines for Fiberglass Boat Manufacturing Materials, EPA 453/R-08-004, Office of Air Quality Planning and Standards, EPA, September 2008. The Fiberglass Boat Manufacturing Materials CTG is available on the EPA web site at www.epa.gov/airquality/ozonepollution/SIPToolkit/ctgs.html.

In the 2008 notice of final determination and availability of final CTGs, the EPA determined that the recommendations of the Fiberglass Boat Manufacturing Materials CTG would be substantially as effective as National regulations in reducing VOC emissions from the fiberglass boat manufacturing materials product category in ozone nonattainment areas. See 73 FR 58481. The CTG provides states with the EPA’s recommendation of what constitutes RACT for the covered category. States can use the Federal recommendations provided in the CTG to inform their own determination as to what constitutes RACT for VOC emissions from the covered category. State air pollution control agencies may implement other technically-sound approaches that are consistent with the CAA requirements and the EPA’s implementing regulations or guidelines.

The Department reviewed the recommendations included in the 2008 Fiberglass Boat Manufacturing Materials CTG for their applicability to the ground-level ozone reduction measures necessary for this Commonwealth. The Bureau of Air Quality determined that the measures provided in the Fiberglass Boat Manufacturing Materials CTG are appropriate to be implemented in this Commonwealth as RACT for this category.

This proposed rulemaking would affect the owner and operator of one known Title V major facility in this Commonwealth. The Board anticipates that the affected owner of the facility would demonstrate compliance with the proposed measures to reduce VOC emissions because this facility is already subject to the 2001 NESHAP HAP emission control requirements. These NESHAP provisions are applicable requirements in the Federally-enforceable Title V permit issued by the Department to the owner and operator on January 23, 2008. It is possible that the proposed rulemaking would also affect owners and operators of other fiberglass boat manufacturing facilities that have not yet been identified, because the 2001 NESHAP does not apply to area sources (that is, sources that emit less than 10 tpy of any single listed HAP or less than 25 tpy of any combination of HAPs). Owners and operators of area source fiberglass boat manufacturing facilities are, therefore, not currently required to implement the HAP-reduction measures provided in the 2001 NESHAP, which are also included in the 2008 Fiberglass Boat Manufacturing Materials CTG as measures for reducing emissions of VOCs from sources that meet the applicability threshold recommended by the EPA in the CTG.

The ground-level ozone reduction measures included in this proposed rulemaking would achieve VOC emission reductions locally and would also reduce the transport of VOC emissions and ground-level ozone to downwind states, if implemented for potentially unidentified existing sources of VOC emissions from fiberglass boat manufacturing operations including open molding resin and gel coat materials that are not currently controlled in this Commonwealth. Adoption of VOC emission requirements for fiberglass boat manufacturing materials is part of the Commonwealth’s strategy, in concert with other OTR jurisdictions, to further reduce transport of VOC ozone precursors and ground-level ozone throughout the OTR to attain and maintain the 8-hour ozone NAAQS.

The proposed rulemaking is required under the CAA and is reasonably necessary to attain and maintain the health-based and welfare-based 8-hour ozone NAAQS and to satisfy related CAA requirements in this Commonwealth. If published as a final-form regulation in the *Pennsylvania Bulletin*, this proposed rulemaking will be submitted to the EPA as a revision to the Commonwealth’s SIP.

The proposed rulemaking was discussed with the Air Quality Technical Advisory Committee (AQTAC) on December 12, 2013. The AQTAC voted unanimously to concur with the Department’s recommendation to forward the proposed rulemaking to the Board for consideration. The proposed rulemaking was discussed with the Small Business Compliance Advisory Committee (SBCAC) on April 23, 2014. The SBCAC also voted unanimously to forward the proposed rulemaking to the Board for consideration. The proposed rulemaking was discussed with the Citizens Advisory Council (CAC) Policy and Regulatory Oversight (PRO) Committee on March 12, 2014. On the recommendation of the PRO Committee, on March 18, 2014, the CAC concurred with the Department’s recommendation to forward the proposed rulemaking to the Board.

*E. Summary of Regulatory Requirements**§ 129.74. Control of VOC emissions from fiberglass boat manufacturing materials*

Under proposed subsection (a), the proposed rulemaking would apply Statewide to the owner and operator of a facility that manufactures a hull or a deck of a boat or a related part from fiberglass, builds a mold or plug to make a fiberglass boat hull or deck or related part, or makes polyester resin putties for assembling fiberglass boat parts when the total actual VOC emissions from fiberglass boat manufacturing operations identified in Table I are equal to or greater than 15 pounds (6.8 kilograms) per day or 2.7 tons per 12-month rolling period, before consideration of controls. The total actual VOC emissions include the actual VOC emissions from the manufacture of hulls or decks from fiberglass, fiberglass boat parts (including small parts such as hatches, seats and lockers), molds or plugs for fiberglass hulls, decks or boat parts, resin and gel coat mixing operations, resin and gel coat application equipment and related cleaning activities at the facility. As with all RACT regulations, an owner or operator remains subject to the regulation even if the throughput or VOC emissions fall below the applicability threshold.

Proposed subsection (a) also specifies that the proposed rulemaking would not apply to the owner and operator of a facility that manufactures boat trailers or parts of boats, such as hatches, seats and lockers, but does not manufacture hulls or decks of boats from fiberglass or build molds to make fiberglass boat hulls or decks. Further, proposed subsection (a) establishes monomer VOC content limits for open molding resin and gel coat materials.

Under proposed subsection (b), the proposed rulemaking establishes 39 definitions to support the proposed rulemaking.

Under proposed subsection (c), exceptions are established for certain operating circumstances.

Under proposed subsection (d), the requirements of this proposed rulemaking supersede the requirements of a RACT permit issued to an owner and operator of a source subject to this section, except to the extent the RACT permit contains more stringent requirements.

Under proposed subsection (e), the owner and operator of a facility subject to this section shall comply with the applicable requirements on the effective date of adoption of this proposed rulemaking.

Under proposed subsection (f), the owner and operator of a facility subject to this section may not cause or permit the emission into the outdoor atmosphere of monomer VOCs from an open molding resin or gel coat fiberglass boat manufacturing operation, a resin or gel coat mixing operation, or a resin or gel coat application equipment cleaning operation unless one or more of the specified limitations is met. Three options for meeting the emission limits are proposed: use of compliant materials as listed in Table I; monomer VOC emissions averaging; or installation of a VOC emissions capture system and add-on air pollution control device.

Under proposed subsection (g), the owner and operator of a facility subject to this section opting to install a VOC emissions capture system and add-on air pollution control device must obtain a plan approval prior to installation and operation of the VOC emissions capture system and add-on air pollution control device.

Under proposed subsection (h), the owner and operator of a facility subject to this section may use an adjusted

monomer VOC emission rate for filled production resins and filled tooling resins in each of the options specified in subsection (f).

Under proposed subsection (i), the monomer VOC content of an open molding resin, gel coat, filled production resin or filled tooling resin material not included in an emissions averaging option in subsection (f)(2) must meet the monomer VOC content requirements of subsection (f)(1) or the add-on air pollution control requirements of subsection (f)(3).

Under proposed subsection (j), alternative requirements for control of monomer VOC content for certain resin and gel coat materials are established.

Under proposed subsection (k), work practices for resin and gel coat materials are established.

Under proposed subsection (l), VOC content limits and work practices for cleaning materials are established.

Under proposed subsection (m), compliance and monitoring requirements are established.

Under proposed subsection (n), sampling and testing standards are established.

Under proposed subsection (o), recordkeeping requirements are established.

Under proposed subsection (p), reporting requirements are established.

*F. Benefits, Costs and Compliance**Benefits*

Implementation of the VOC emission control measures in the proposed rulemaking would benefit the health and welfare of the approximately 12 million residents and the numerous animals, crops, vegetation and natural areas of this Commonwealth by reducing emissions of VOCs, which are precursors to the formation of ground-level ozone air pollution. Exposure to high concentrations of ground-level ozone is a serious human and animal health and welfare threat, causing respiratory illnesses and decreased lung function, agricultural crop loss, visible foliar injury to sensitive plant species, and damage to forests, ecosystems and infrastructure. Reduced ambient concentrations of ground-level ozone would reduce the incidences of hospital admissions for respiratory ailments including asthma and improve the quality of life for citizens overall. While children, the elderly and those with respiratory problems are most at risk, even healthy individuals may experience increased respiratory ailments and other symptoms when they are exposed to high levels of ambient ground-level ozone while engaged in activities that involve physical exertion.

This proposed rulemaking is designed to adopt the standards and recommendations in the EPA's 2008 Fiberglass Boat Manufacturing Materials CTG to meet the requirements of sections 172(c)(1), 182(b)(2) and 184(b)(1)(B) of the CAA. The proposed rulemaking would apply the standards and recommendations in the CTG across this Commonwealth, as required under section 184(b)(1)(B) of the CAA.

The Statewide implementation of the proposed rulemaking control measures would assist the Department in reducing VOC emissions from fiberglass boat manufacturing operations locally, and reducing the resultant local formation of ground-level ozone and transport of VOC emissions and ground-level ozone to downwind states. Statewide implementation would also facilitate implementation and enforcement of the proposed rulemaking in this Commonwealth. The measures in the proposed rulemaking are reasonably necessary to attain and maintain

the health-based and welfare-based 8-hour ozone NAAQS and to satisfy related CAA requirements in this Commonwealth.

The proposed rulemaking may create economic opportunities for VOC emission control technology innovators, manufacturers and distributors through an increased demand for new or improved equipment. In addition, the owners and operators of regulated facilities may be required to install and operate an emissions monitoring system or equipment necessary for an emissions monitoring method to comply with the proposed rulemaking, thereby creating an economic opportunity for the emissions monitoring industry.

Compliance costs

The Board does not anticipate additional costs from these proposed VOC emission reduction measures for the owner and operator of this Title V facility which is already subject to the EPA's 2001 NESHAP HAP emission control requirements. These applicable requirements are incorporated in the Federally-enforceable Title V permit issued by the Department to the owner and operator on January 23, 2008. Therefore, there would not be additional compliance costs to the owner and operator of this source from implementation of this proposed rulemaking. It is possible that the proposed rulemaking would also affect owners and operators of other fiberglass boat manufacturing facilities that have not yet been identified, because the HAP emission reduction measures of the 2001 NESHAP do not apply to the owners and operators of area sources (that is, sources that emit less than 10 tpy of any single listed HAP or less than 25 tpy of any combination of HAPs). Owners and operators of area source fiberglass boat manufacturing facilities are, therefore, not currently required to implement the HAP emission reduction measures provided in the 2001 NESHAP, which are also included in the 2008 Fiberglass Boat Manufacturing Materials CTG as measures for reducing emissions of VOCs from sources that meet the applicability threshold recommended by the EPA in the CTG.

The owner and operator of a facility that is not subject to the 2001 NESHAP that would be subject to the proposed rulemaking would be expected to incur little, if any, cost to implement the requirements of the proposed rulemaking. The proposed rulemaking provides as one compliance option the use of individually-compliant resin and gel coat materials in subsection (f)(1), and requires the use of compliant cleaning solvents in subsection (l). Open molding resin, gel coat and cleaning materials that are compliant with the HAP content limits in the 2001 NESHAP and with the proposed rulemaking VOC content limits in subsection (a) are readily available to all sizes of facilities. Further, the industry has experienced a shift to non-atomizing resin application methods that are required to comply with the HAP emission reduction requirements in the 2001 NESHAP and which are included in the proposed rulemaking. This shift has occurred at all sizes of facilities across the United States because of the productivity and economic benefits of using non-atomizing methods over conventional atomizing methods.

The proposed rulemaking would provide flexibility by allowing compliance through averaging the VOC emission rates of open molding resin and gel coat materials in subsection (f)(2) in addition to choice of application technology. A third compliance option, the use of a VOC emissions capture system and add-on air pollution control device, is provided in subsection (f)(3). However, because of the wide availability and lower cost (compared to

add-on controls) of compliant VOC content materials and alternative application methods, compliant materials and methods are generally used to reduce VOC emissions from fiberglass boat manufacturing facilities.

Emission limitations established by this proposed rulemaking would not require the submission of applications for amendments to existing operating permits. These requirements would be incorporated as applicable requirements at the time of permit renewal, if less than 3 years remain in the permit term.

New legal, accounting or consulting procedures would not be required.

Compliance assistance plan

The Department plans to educate and assist the public and regulated community in understanding the proposed requirements and how to comply with them. This would be accomplished through the Department's ongoing compliance assistance program. The Department would also work with the Small Business Assistance Program to aid the facilities less able to handle permitting matters with in-house staff.

Paperwork requirements

The owner and operator of an affected fiberglass boat manufacturing source would be required to keep records of information for open molding resin and gel coat materials and cleaning materials, as applicable, sufficient to demonstrate compliance with the requirements of this section. The proposed rulemaking would require monthly records of certain VOC content information or composite vapor pressure, as applicable. Records of calculations performed for each applicable requirement under subsections (f), (h) and (j) would be required, as well as records of the sampling and testing performed in accordance with subsection (n). The records required in the proposed rulemaking must be maintained for 2 years unless a longer period is specified by a plan approval or operating permit issued under Chapter 127 (relating to construction, modification, reactivation and operation of sources) and submitted to the Department in an acceptable format upon receipt of a written request.

G. Pollution Prevention

The Pollution Prevention Act of 1990 (42 U.S.C.A. §§ 13101—13109) established a National policy that promotes pollution prevention as the preferred means for achieving state environmental protection goals. The Department encourages pollution prevention, which is the reduction or elimination of pollution at its source, through the substitution of environmentally friendly materials, more efficient use of raw materials and the incorporation of energy efficiency strategies. Pollution prevention practices can provide greater environmental protection with greater efficiency because they can result in significant cost savings to facilities that permanently achieve or move beyond compliance.

This proposed rulemaking would help ensure that the citizens and the environment of this Commonwealth experience the benefits of reduced emissions of VOCs and HAPs from fiberglass boat manufacturing open molding resin, gel coat and cleaning materials. Although the proposed rulemaking is designed primarily to address ozone air quality, the reformulation or substitution of low-VOC content open molding resin and gel coat materials, and low-VOC content or low vapor pressure cleaning materials, to meet the VOC content limits applicable to users may also result in reduction of HAP emissions, which are also a serious health threat. The reduced levels of high VOC-content and HAP-content solvents would

also benefit water quality through reduced loading on water treatment plants and in reduced quantities of high VOC-content and HAP-content solvents leaching into the ground.

The proposed rulemaking provides as one compliance option that open molding resin and gel coat materials used in fiberglass boat manufacturing processes in this Commonwealth would meet specified limits for VOC content, usually through substitution of low VOC-content solvents or water for the high VOC-content solvents, and that they be applied using specified application methods. Further, the proposed rulemaking would require the owner and operator of a source subject to this section to ensure that resin and gel coat containers with a capacity equal to or greater than 55 gallons (208 liters), including those used for onsite mixing of putties and polyputties, have a cover in place at all times with no visible gaps, except when materials are being manually added or removed from a container or when mixing equipment is being placed in or removed from a container.

The proposed rulemaking additionally requires the use of low-VOC content or low vapor pressure cleaning materials, and work practice standards for the storage and handling of cleaning materials. The proposed rulemaking would also require the owner and operator of a source subject to this section to ensure that the VOC content of cleaning materials used for routine application equipment cleaning is equal to or less than 5% by weight or has a composite vapor pressure equal to or less than 0.50 mmHg at 68°F and use only non-VOC-containing solvent to remove cured resin or gel coat residue from application equipment.

$$\text{Monomer VOC emissions} = (PV_R)(M_R) + (PV_{PG})(M_{PG}) + (PV_{CG})(M_{CG}) + (PV_{TR})(M_{TR}) + (PV_{TG})(M_{TG})$$

Where:

$$PV_{OP} = \frac{\sum_{i=1}^n (M_i PV_i)}{\sum_{i=1}^n (M_i)}$$

Where:

(3) *VOC emissions capture system and add-on air pollution control device option.* A numerical monomer VOC emission rate, determined for a facility based on the mix of application methods and materials used at the facility, is achieved through the use of a VOC emissions capture system and add-on air pollution control device.

(i) The equation in paragraph (2)(iii) must be used to determine the emission limit to be achieved by the add-on air pollution control device, but modified as specified in this subparagraph. The mass of each open molding monomer VOC-containing material used during the control device performance test must be used in the equation in paragraph (2)(iii), instead of the mass of each material used over the past 12 months, to determine the emission limit, in kilograms of monomer VOC, that is applicable during the control device test.

(ii) The measured emissions at the outlet of the control device, in kilograms of monomer VOC, must be less than the emission limit calculated as specified in subparagraph (i).

(iii) The relevant control device and emission capture system operating parameters must be monitored and recorded during the test.

(iv) The values of the parameters recorded in subparagraph (iii) must be used to establish the operating limits for those parameters.

(v) The operating parameters must be maintained within the established operating limits.

(g) *VOC emissions capture system and add-on air pollution control device requirements.* The owner or operator of a facility subject to this section may elect to comply with the applicable emission limitations of this section through the installation of a VOC emissions capture system and add-on air pollution control device in accordance with subsection (f)(3). The owner or operator shall submit a plan approval to the appropriate regional office. The plan approval must be approved, in writing, by the Department prior to installation and operation of the emissions capture system and add-on air pollution control device. The plan approval must include the following information:

(1) A description, including location, of each affected source or operation to be controlled with the emissions capture system and add-on air pollution control device.

(2) A description of the proposed emissions capture system and add-on air pollution control device to be installed.

(h) *Emission limits for filled production resins and filled tooling resins.* The owner or operator may use an open molding filled production resin or filled tooling resin in each of the emission limit options specified in subsection (f).

(1) If fillers are added to the resin material, the adjusted monomer VOC emission rate of the filled material must be calculated on an as-applied basis as follows:

$$PV_F = PV_U \times \frac{(100 - \% \text{ Filler})}{100}$$

Where:

PV_F = The as-applied monomer VOC emission rate for the filled production resin or tooling resin, in kilograms per megagram of filled material.

PV_U = The monomer VOC emission rate for the neat (unfilled) resin, before filler is added, calculated using the applicable emission rate formula in Table II.

% Filler = The weight-percent of filler in the as-applied resin system.

(2) The value of PV_F of a compliant material used in subsection (f)(1), calculated as specified in paragraph (1), for a filled resin used as a:

(ii) Tooling resin shall not exceed 54 kilograms of monomer VOC per megagram of filled resin applied.

(3) The value of PV_F , calculated as specified in paragraph (1), must be used in place of the value of PV_i for a filled resin included in the emissions averaging option equation in subsection (f)(2)(v).

(4) The monomer VOC content of each as applied filled resin includes the amount of non-monomer VOC content that exceeds 5% by weight of the unfilled resin material.

(i) *Monomer VOC control requirement for an open molding resin, gel coat, filled production resin or filled tooling resin not included in an emissions averaging option.* The monomer VOC content of an open molding resin, gel coat, filled production resin or filled tooling resin material not included in an emissions averaging

option in subsection (f)(2) shall meet the monomer VOC content requirements of subsection (f)(1) or the add-on air pollution control requirements of subsection (f)(3).

(j) *Alternative requirements for control of monomer VOC content for certain resin and gel coat materials.* The monomer VOC content limits in Table I do not apply to a tooling or production material used for the following purposes:

(1) A production resin, including a skin coat resin, that must meet a specification for use in a military vessel or must be approved by the United States Coast Guard for use in the construction of a lifeboat, rescue boat or life-saving appliance approved under 46 CFR Chapter 1, Subchapter Q (relating to equipment, construction, and materials: specifications and approval) or the construction of a small passenger vessel regulated under 46 CFR Chapter 1, Subchapter T (relating to small passenger vessels (under 100 gross tons)). A production resin that meets one or more of these criteria shall be applied with non-atomizing resin application equipment.

(2) A production or tooling resin or a pigmented, clear or tooling gel coat used for repair and touch up of a part or a mold, if the weight used of resin and gel coat materials that meet one or more of these criteria does not exceed 1% by weight of the total resin and gel coat material used at a facility on a 12-month rolling-average basis.

(3) Pure 100% vinylester resin used for a skin coat, if the pure 100% vinylester resin used for the skin coat is applied with non-atomizing resin application equipment, and the weight used of resin materials meeting this criterion does not exceed 5% by weight of the total resin used at a facility on a 12-month rolling-average basis.

(k) *Work practices for resin and gel coat materials.* The owner or operator of a facility subject to this section shall ensure that resin and gel coat containers with a capacity equal to or greater than 55 gallons (208 liters), including those used for onsite mixing of putties and polyputties, have a cover in place at all times with no visible gaps, except when materials are being manually added or removed from a container or when mixing equipment is being placed in or removed from a container.

(l) *VOC content limits and work practices for cleaning materials.* The owner or operator of a facility subject to this section shall comply with the following VOC content limits and work practices for VOC-containing cleaning materials:

(1) Ensure that the VOC content of cleaning solvents used for routine application equipment cleaning is equal to or less than 5% by weight or has a composite vapor pressure equal to or less than 0.50 mmHg at 68°F.

(2) Use only non-VOC-containing solvent to remove cured resin or gel coat from application equipment.

(m) *Compliance and monitoring requirements.* The owner or operator of a facility subject to this section shall:

(1) Use the test methods and procedures in subsection (n) to determine the monomer VOC content of resin and gel coat material.

STATE BOARD OF EDUCATION

[22 PA. CODE CH. 18]

Financial Recovery

The State Board of Education (Board) proposed to add Chapter 18 (relating to financial recovery) to read as set forth in Annex A. The Board is acting under the authority of section 621-A(a)(2)(i) of the Public School Code of 1949 (School Code) (24 P. S. § 6-621-A(a)(2)(i)).

Purpose

This proposed rulemaking establishes criteria the Secretary of Education (Secretary) may consider in determining whether to place a school district in financial recovery status and provides guidance to the Secretary in determining whether a district would be deemed in either moderate or severe recovery status.

Background

The act of July 12, 2012 (P. L. 1142, No. 141) (Act 141) added section 621-A(a)(2)(i) of the School Code, which identifies 15 criteria the Secretary may consider in determining whether to issue a declaration that a school district is in financial recovery status. Section 621-A of the School Code also directs the Board to promulgate regulations that establish additional criteria the Secretary may consider in determining whether to issue a declaration of financial recovery status and whether a financial recovery school district should be deemed in either moderate or severe recovery status.

In promulgating the regulations mandated by Act 141, the Board was required under section 621-A(a)(2)(ii)(A) of the School Code to convene and consult with a Statewide Advisory Committee comprised of representatives of the Department of Education (Department), the Governor's Office of the Budget, and a superintendent, school board member and school business official representative of urban, rural and suburban school districts. The Advisory Committee convened four times throughout 2012 to develop a draft proposed regulation for the Board's consideration. Advisory Committee meetings were open to the public and public comment was invited at each convening.

From its first meeting on September 6, 2012, through the conclusion of its deliberations on December 6, 2012, the Advisory Committee worked in conjunction with the Board's Standing Committee on Financial Recovery. The full Board was kept abreast of the Advisory Committee's work through regular reports the chairperson made during the Board's bimonthly public meetings.

In the early stages of its deliberations, the Advisory Committee reviewed its statutory charge and received a presentation on Act 141 so that Advisory Committee members had a comprehensive understanding of how their work fit into the broader system of supports for struggling school districts established by the General Assembly. This included receiving a presentation on the new Early Warning System developed by the Department to identify districts that show indications of financial challenges and provide them with technical assistance early on in the hopes that their challenges may be addressed before a declaration of financial recovery status would become necessary.

In the next stage of its deliberations, the Advisory Committee reviewed approaches used by other states to identify school districts facing financial challenges and

discussed whether criteria used by those states were factors that should be included in the Board's regulations. In total, the Advisory Committee reviewed relevant policies in Michigan, California, Texas, Florida, Arizona and Illinois. The Advisory Committee also reviewed other Commonwealth laws concerning financially distressed entities to inform itself of the criteria used in other Commonwealth policies to classify distressed local governments.

Upon receiving the Advisory Committee's recommendation on Chapter 18, the Board's Standing Committee on Financial Recovery (Standing Committee) held a public meeting on January 9, 2013, and adopted amendments to further refine areas where the Standing Committee felt the Advisory Committee's recommendation needed greater clarity. Proposed Chapter 18, as approved by the Standing Committee, was then presented for additional comment to both the Board's Council of Basic Education (Council) at its public meeting on January 9, 2013, and the full Board at its public meeting on January 10, 2013. Both the Council and the Board provided an opportunity for public comment prior to approval of the proposed regulation.

Subsequently, the Board withdrew its proposed rulemaking to engage in continued discussion of the criteria identified for the Secretary's consideration. On November 14, 2013, the Board discussed and approved a revised rulemaking that removed criteria that were identified as being duplicative and, therefore, unnecessary. An additional opportunity for public comment was made available prior to the Board's consideration of the revised proposed rulemaking at its public meeting on November 14, 2013.

Provisions of the Proposed Rulemaking

Proposed Chapter 18 addresses the requirements in section 621-A(a)(2)(i) of the School Code.

Issuance of declaration

Sections 18.4 and 18.5 (relating to issuance of declaration under section 621-A(a)(1) of the School Code; and issuance of declaration under section 621-A(a)(2) of the School Code) address the issuance of a declaration of financial recovery status.

Section 18.4 reflects statutory criteria that require the Secretary to place a school district in financial recovery status and is included in the proposed regulations for completeness. The section also contains, again for completeness, statutory provisions that allow the Secretary to decline to issue a declaration of financial recovery status to districts that meet the criteria established in section 621-A(a)(1) of the School Code if the circumstances facing a district were caused by an emergency that occurred within the past 5 years and that prohibit a district from being placed under a declaration if its financial circumstances were caused by the failure of the Commonwealth to make timely payments of State or Federal funds due to the district.

Section 18.5 establishes criteria the Secretary may consider in determining whether to issue a declaration that a school district is in financial recovery status. Section 621-A(a)(2) of the School Code identifies 15 criteria that the Secretary may consider in deciding whether to issue a declaration. Those 15 statutory criteria are included for completeness and are reflected in § 18.5(a)(1)—(6), (9)—(16) and (18).

The Board is proposing three additional criteria for the Secretary's consideration in determining whether to issue a declaration of financial recovery status.

The Board is proposing to include the criteria in § 18.5(a)(7) and (8) because they are conceptually congru-

ent to the criteria identified in section 621-A(a)(2)(i)(F) of the School Code. This statutory criteria is reflected in § 18.5(a)(6). Section 18.5(a)(6) directs the Secretary to consider whether a district is subject to withholding of State appropriations because the district met statutory thresholds that allow for withholding due to missed bond payments. The Board is proposing that the Secretary take into consideration whether a district is subject to withholding of State appropriations because the district met other statutory thresholds that allow for withholding either due to missed payments to the State Public School Building Authority or missed SWAP payments.

The Board is proposing criterion in § 18.5(a)(17) as a means for the Secretary to assess districts facing a deficit situation by directing the Secretary to examine whether a district is experiencing a deficit of 3% or more for 3 consecutive years that results in an annual reduction of the district's unassigned fund balance. The Board recognizes that there are circumstances when deficit spending may be appropriate, including situations when a district is tapping its fund balance to meet pension obligations or to avoid increasing taxes. To address the use of fund balance in these circumstances, the Board focused the proposed criterion on comparing a district's deficit only to reductions in a district's unassigned fund balance, recognizing that these appropriate uses of fund balance should have a dedicated purpose and not fall into the category of unassigned expenditures. Further, the Board crafted the criterion to look only at deficits of 3% or more that continue for 3 consecutive years to avoid identifying districts that are experiencing short-term circumstances that result in a deficit situation. The proposed regulation also includes a safeguard for districts experiencing circumstances outside of their control from being identified for a declaration of recovery status by including a provision in § 18.5(c) that would allow the Secretary to decline to issue a declaration if a district's challenges were caused by an emergency. This provision could prevent identification of districts that may need to tap unassigned fund balance to address extenuating circumstances.

Section 621-A(b) of the School Code prohibits the Secretary from placing a school district in financial recovery status if the circumstances facing a district were caused by the failure of the Commonwealth to remit timely payments of State or Federal funds owed to the district. This statutory limitation is included in § 18.5(b) for completeness.

Section 621-A(a)(1)(ii)(B) of the School Code grants the Secretary the discretion to decline to issue a declaration of financial recovery status to districts subject to a designation by section 621-A(a)(1) of the School Code if the Secretary determines that the circumstances facing a district were caused by an emergency that occurred within the past 5 years. The Board is proposing to extend this provision to districts potentially subject to a declaration of financial recovery status under § 18.5(c) to grant the Secretary discretion to decline to issue a declaration of financial recovery status in all situations when the circumstances facing a district were caused by an emergency that occurred within the past 5 years.

The Board is proposing in § 18.5(d) to require the Secretary to identify which criteria were used as the basis for issuing a declaration of financial recovery status when making a declaration.

Limitations

Section 621-A(a)(1)(ii)(A) of the School Code limits the number of school districts that may be in either financial recovery status or receivership at any one time to nine.

This statutory limitation is included in § 18.6(a) (relating to limitation) for completeness.

The Board is of the opinion that declarations of financial recovery status should be based on the most current information available to the Secretary. To provide guidance to the Secretary in executing decisions based on the criteria proposed in § 18.5(a), the Board is proposing in § 18.6(b) that the Secretary not use information related to the criteria that is more than 5 years old. The Board is proposing a 5-year period based on section 621-A(a)(1) of the School Code, which allows the Secretary to consider a 5-year period in determining whether circumstances facing a district were caused by an emergency.

Moderate and severe recovery status

Section 18.7 (relating to moderate and severe recovery status) would provide guidance to the Secretary in determining whether a financial recovery school district will be deemed in either moderate recovery status or severe recovery status. The Board is proposing that the decisions be guided by whether a district is unable, or is reasonably unlikely to be able, to access enough revenue to complete the current school year or to fulfill the required amount of instruction to complete the forthcoming school year. The proposed regulations would guide the Secretary to issue a declaration of severe recovery status to districts that would not be able to access enough revenue to complete the required instruction.

Appeal

Section 621-A(c) of the School Code provides for declarations of financial recovery status to be subject to appeal under 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) and is included in § 18.8 (relating to appeal) for completeness.

Affected Parties

The proposed rulemaking would guide the decision making of the Secretary and affect work of the Department's staff.

Cost and Paperwork Estimates

The proposed rulemaking establishes responsibilities for the Secretary and staff of the Department to collect and analyze information, as well as to support certain legal procedures. State government incurred one-time costs of \$75,000 in Fiscal Year 2012-2013 to develop, populate and reconcile models to be used by the Department for information collected relevant to the Department's Early Warning System and criteria identified in the proposed rulemaking.

Beginning in the current fiscal year, the Department estimates it would incur an annual cost of \$549,080 to support staffing necessary to carry out the requirements of the proposed rulemaking. Specifically, the Department anticipates the following implementation costs: \$399,500 to annually support one to two full-time equivalent employees, plus outside counsel, to undertake legal procedures associated with opinions, declarations, appeals, petitions, contracts and challenges; \$72,500 to annually support one full-time equivalent staff to coordinate and consolidate information, communications and procurement; and \$77,080 to support staffing to conduct preliminary reviews, request and review information, produce summary reports and provide expert advice to the Department.

Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

Sunset Date

The Board will review the effectiveness of Chapter 18 every 4 years in accordance with the Board's policy and practice respecting its regulations. Therefore, a sunset date is not necessary.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on July 8, 2014, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Committees on Education. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

Public Comments and Contact Person

Interested persons and individuals affiliated with small businesses are invited to submit written comments, questions, suggestions, commendations, concerns or objections regarding this proposed rulemaking to Karen Molchanow, Executive Director, State Board of Education, 333 Market Street, Harrisburg, PA 17126, ra-stateboardofed@pa.gov. Comments must be submitted to Board within 30 days of publication of this notice of proposed rulemaking in the *Pennsylvania Bulletin*.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of August 2014

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of August, 2014, is 5 1/2%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. No. 96-221). Further preemption was instituted with the signing of Pub. L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and

which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 3.06 to which was added 2.50 percentage points for a total of 5.56 that by law is rounded off to the nearest quarter at 5 1/2%.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard,

the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approval or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

The Department of Environmental Protection's (Department) review of the information submitted by Glenn O. Hawbaker indicates that the air contamination sources to be constructed will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants, Subpart OOO of the federal Standards of Performance for New Stationary Sources, 40 CFR 60.670 through 60.676 and the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the proposed construction.

The emission from the proposed Gentec baghouse included in this project will not exceed the following limits: 0.02 grain/dry standard cubic foot and 40.47 tons in any 12 consecutive month period of particulate matter.

In addition to the emission limitations, the following is a brief description of the types of conditions the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements.

1. Pursuant to best available technology requirements specified in 25 Pa. Code §§ 127.1 and 127.12, the particulate matter concentration of the exhaust from the Gentec fabric collector (C101C) shall not exceed 0.02 grain per dry standard cubic foot.

2. Pursuant to best available technology requirements specified in 25 Pa. Code §§ 127.1 and 127.12, the Gentec fabric collector shall be equipped with instrumentation to continuously monitor the differential pressure across the collector. Additionally, the air system associated with the collector shall be equipped with an air dryer and an oil trap.

3. Pursuant to best available technology requirements specified in 25 Pa. Code §§ 127.1 and 127.12, the company shall keep on hand a sufficient quantity of spare fabric collector bags for the Gentec fabric collector in order to be able to immediately replace any bags requiring replacement due to deterioration resulting from routine operation of the fabric collector.

4. Pursuant to best available technology requirements specified in 25 Pa. Code §§ 127.1 and 127.12, if, at any time, any piece of equipment of Source P101B is determined by the Department to be causing the emission of fugitive particulate matter in excess of the limitations specified in any applicable rule or regulation contained in 25 Pa. Code Chapters 121–145 or in excess of the applicable requirements of Subpart OOO of the federal Standards of Performance for New Stationary Sources, 40 CFR 60.670–60.676, or in excess of the level which the Department considers to be the "minimum attainable through the use of the best available technology", the permittee shall, upon notification by the Department, immediately install additional water spray dust suppression equipment or fabric collector pick-up points and/or

take such other control measures as are necessary to reduce the air contaminant emissions to within the level deemed acceptable by the Department.

5. Pursuant to best available technology requirements specified in 25 Pa. MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse

disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

CNX Gathering, LLC is proposing to construct a centralized Impoundment in Center Township, **Indiana County**, ACOE Pittsburgh District, known as the Suburban Indiana Centralized Impoundment (to support its natural gas drilling operations in the area. The project has a total disturbed area of 32.4 acres, which includes one (1) 8,856-foot-long permanent access road. The project is located within the Indiana USGS 7 1/2 Minute Quadrangle Map. The project will include the installation of three (3) 24" RCP Culverts on Tributary 44805 to Cherry Run and the installation of a 7' x 15' box culvert on Tributary 44804 to Cherry Run. Floodway impacts to an unnamed tributary to Trib 44084 to Cherry Run will also occur as a result of the creation of this permanent access road. The project will also impact two (2) PEM wetlands with the installation of the box culvert on Tributary 44084 to Cherry Run and the placement of fill for the access within another PEM wetland.

The project is a Joint Permit Application due to the proposed project not meeting the terms and conditions of the General Permit 07 (Minor Road Crossings). The project will result in two (2) PEM Wetland crossings resulting in approximately 0.015 ac of permanent impact, three (2) streams resulting in 174 linear feet of permanent impact and an additional 0.28 ac of permanent floodway impact. The project will also result in 0.34 ac of temporary floodway impact.

EROSION AND SEDIMENT CONTROL PERMITS

The following parties have applied for Erosion and Sediment Control Permits for earth disturbance activities associated with either road maintenance or timber harvesting operations.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department proposes to issue a permit to discharge, subject to certain limitations in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

A person wishing to comment on a proposed permit are invited to submit a statement to the appropriate Department regional office listed before the application within 30 days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department regional office during the 30-day public comment period.

Following the 30-day comment period, the appropriate regional office water management program manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board (Board).

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the appropriate regional office.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified regional office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Settlement under the Hazardous Sites Cleanup Act and Comprehensive Environmental Response, Compensation and Liability Act

Berkley Products Site, Akron Borough and West Earl Township, Lancaster County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA) (35 P. S. §§ 6020.101—6020.1305) and the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) (42 U.S.C.A. §§ 9601—9675), has entered into proposed settlements with eight generators ("Settlers") of hazardous waste to Berkley Products. The settlements are set forth in consent orders and agreements with the Department.

The proposed settlements resolve claims of the Department with the Settlers under HSCA and CERCLA for the Department's response costs, as defined in HSCA, for the Berkley Products Company Plant Site (Site), 405 South 7th Street, Akron PA 17501.

The proposed settlements obligate the Settlers to remit money to the Department based upon the gallons of hazardous waste they generated or transported to the Site. The Department believes that the proposed settlements are fair, reasonable, and practicable, in the public interest and in furtherance of the statutory goals of HSCA and CERCLA.

For a period of 60 (sixty) days beginning with the July 19, 2014, publication date of this Notice in the *Pennsylvania Bulletin*, the public is invited to review the Consent Order and Agreements and the Administrative Record Monday through Friday, from 8 a.m. to 4 p.m., at the Department's South-Central Regional Office located at 909 Elmerton Avenue, Harrisburg, PA 17110, by contacting David Hrobuchak, at 717.705.4843.

After review, the public may submit written comments on the Consent Order and Agreements before September 17, 2014, by mailing them to David Hrobuchak at the Department's South-Central Regional Office at the address noted above. A person adversely affected by any of the settlements may also file an appeal to the Environmental Hearing Board.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the

Pennsylvania Bulletin a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. Water Quality Certification under Section 401 of the Federal Clean Water Act for the York Haven Power Company, LLC—York Haven Hydroelectric Project

On September 3, 2013, the Commonwealth of Pennsylvania ("Commonwealth") Department of Environmental Protection ("DEP") received a request for Water Quality

("WQ") Certification under Section 401 of the Federal Clean Water Act and Title 25 of the Pa Code, Chapter 105, Section 105.15(b), the PA Dam Safety and Encroachments Act and the PA Clean Streams Law from York Haven Power Company, LLC ("YHPC") for relicensing and continued operation and maintenance of their York Haven Hydroelectric Project ("YHHP") in Dauphin, Lancaster, and York County, Pennsylvania. On August 30, 2013, YHPC filed notification with the Federal Energy Regulatory Commission ("FERC") about the request for WQ Certification. The DEP File No. for this WQ Certification request is EA 67-023. Pennsylvania WQ Certification is required for relicensing of this project under the Federal Power Act. The FERC Docket No. for the YHPC project is P-1888.

The YHHP is an existing 19.62 megawatt hydroelectric power generating facility located across the Susquehanna River in York Haven Borough, York County, Conoy Township, Lancaster County and Londonderry Township, Dauphin County (York Haven, PA Quadrangle; Latitude: 40° 07' 12.31" N Longitude: -76° 43' 11.51" W). YHHP is operated as a run-of-river dam and was constructed from 1901-1904. The YHHP is owned and operated by YHPC. YHPC filed a Final License Application (FLA) on August 30, 2012 for the YHHP with FERC seeking to relicense the YHHP for fifty (50) additional years. Impacts to the migration and movement of resident and migratory aquatic species will result from the continued operation of the facility.

The DEP, by this notice, proposes to certify that the construction, operation and maintenance of the YHHP complies with the applicable provisions of sections 301—303, 306, 307 and 316 of the Federal Clean Water Act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and with appropriate requirements of state law. The Department further proposes to certify that the operation and maintenance of the YHHP complies with applicable Commonwealth water quality standards and that the operation and maintenance of the YHHP does not violate applicable Commonwealth water quality standards provided that the operation and maintenance of the YHHP complies with the conditions proposed for this certification, including the criteria and conditions set forth below:

Compensatory Mitigation

1. YHPC will mitigate the impact to aquatic species by constructing a nature-like fishway ("NLF") at the eastern end of the main dam apex, connecting to the southwestern tip of Three Mile Island, in Londonderry Township, Dauphin County. The NLF will facilitate movement of resident and migratory aquatic species over the dam and re-establish upstream/downstream river connectivity by creating a series of steps that will distribute the change in water surface and riverbed elevations caused by the dam over approximately 450 feet of the Susquehanna River. Subsequent to construction of the NLF, YHPC will monitor the performance of the NLF. Maintenance of the NLF to its approved design configuration shall be conducted for the duration of the operation of YHHP as an electric generation facility.

2. YHPC will provide a minimum of twenty-five thousand dollars (\$25,000.00) per year for the continuation of their debris management program for debris removal projects within the Lower Susquehanna River watershed. This program will continue for the duration of this certification.

3. YHPC will also achieve certain fish passage targets for migratory fish and eels passing through the project area, and will take corrective action if the fish passage targets are not achieved.

4. Minimum Stream Flow criteria to convey flows past the project.

5. The water quality certification will be revised in 2030, as appropriate, to address demonstrated project impacts and subject to the provisions of this certification, to establish requirements consistent with Section 401 of the Clean Water Act, 33 U.S.C Section 1341.

YHPC's request to DEP for Water Quality Certification, File No. EA 67-023 and the draft PA 401 WQ Certification can be reviewed at the DEP South-central Region Office, located at the above address. Please contact the DEP SCRO file room at 717-705-4732 to schedule a review of this file.

Prior to final action on the proposed section 401 Water Quality Certification, consideration will be given to any comments, suggestions or objections which are submitted in writing within 30 days of this notice. Comments concerning the proposed 401 Water Quality Certification should be directed to Mr. Scott Williamson, DEP South-central Region Waterways and Wetlands Program Manager, 909 Elmerton Ave., Harrisburg, PA 17110-8200; or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD). Comments must be submitted in writing and contain the name, address and telephone number of the person commenting and a concise statement of comments, objections or suggestions on this proposal. No comments submitted by facsimile will be accepted. The Department will consider all relevant and timely comments received. Comments must be submitted within 30 days of this notice.

Federal Consistency under the Coastal Zone Management Act

This notice is published under section 306(d)(14) of the Federal Coastal Zone Management Act of 1972 (16 U.S.C.A. § 1455(d)(14)), regarding public participation during consistency determinations. The Department of Environmental Protection (Department), Coastal Resources Management Program has received notice that the Delaware River Waterfront Corporation (DRWC) is seeking United States Army Corp of Engineers authorization for the installation of a temporary floating park at the Marina at Penn's Landing on the Delaware River in Philadelphia.

The proposed installation will include three floating spud barges secured using six 18" diameter steel pipe pile spuds installed below the mudline. The barges will be configured in a U-shape with two 80' x 33' barges perpendicular to the existing seawall and one 80' x 30' barge parallel to the existing seawall, approximately 85 feet offshore. Prefabricated gangways will be utilized to access barges from land. Barge topside treatment includes stage, seating, trellis, deck treatment, sand to provide level surface, trees and other plantings contained in planters, shipping containers to dispense food and drink, a lily pad garden and a cantilevered net lounge. An electric conduit will be run from the landside down to the upriver (north) perpendicular barge to provide power for

barge topside activities. Temporary entertainment stalls and timber decking will be placed on the landside of barges. The proposed activity will occur from end of July to September 2014 (3 months).

This project is subject to Department review for Federal consistency because it is a Federal license and permit activity and will have reasonably foreseeable effects on this Commonwealth's coastal resources or uses.

In accordance with 15 CFR Part 930, Subpart D (relating to consistency for activities requiring a Federal license or permit), DRWC has certified that the proposed activity will be conducted in a manner consistent with the applicable enforceable policies of the Commonwealth's approved Coastal Resources Management Program. Interested parties may request a copy of the Federal Consistency Certification from the Department contact listed as follows.

The Department will consider all comments received by August 4, 2014, before issuing a final Federal consistency concurrence or objection. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail must include the originator's name and address. Written comments should be submitted to Matt Walderon, Federal Consistency Coordinator, Interstate Waters Office, 400 Market Street, P. O. Box 8465, Harrisburg, PA 17101-8465, (717) 772-2196, RA-Fed_Consistency@pa.gov.

Federal Consistency under the Coastal Zone Management Act

This notice is published under section 306(d)(14) of the Federal Coastal Zone Management Act of 1972 (16 U.S.C.A. § 1455(d)(14)), regarding public participation during consistency determinations. The Department of Environmental Protection (Department), Coastal Resources Management Program has received notice that the Philadelphia Water Department (PWD) is proposing Southeast Water Pollution Control Plant Sludge Force Main Pipe Replacement at Schuylkill River Crossing.

The project involves the installation of two parallel, 8-inch diameter sewer force mains within one 24-inch diameter casing pipe located more than 25 feet beneath the bottom elevation of the Schuylkill River. Piping will be placed beneath a wetland adjacent to the Schuylkill River and beneath the River using horizontal directional drilling techniques.

This project is subject to Department review for Federal consistency because it is a Federal license and permit activity and will have reasonably foreseeable effects on this Commonwealth's coastal resources or uses.

In accordance with 15 CFR Part 930, Subpart D (relating to consistency for activities requiring a Federal license or permit), the PWD has determined that the proposed activity will be conducted in a manner consistent with the applicable enforceable policies of the Commonwealth's approved Coastal Resources Management Program. Interested parties may request a copy of the Federal Consistency Certification from the Department contact listed as follows.

The Department will consider all comments received by August 4, 2014, before issuing a final Federal consistency concurrence or objection. Comments submitted by facsimile will not be accepted. State Implementation Plan for Reasonably Available Control Technology; Delaware County Regional Water Quality Control Authority; Proposed Revision

The Department of Environmental Protection (Department) is providing notice in accordance with 40 CFR 51.102 (relating to public hearings) that it intends to conduct a public hearing on August 20, 2014, at 1 p.m. in the Delaware Conference Room at the Department's Southeast Regional Office, 2 East Main Street, Norristown, Montgomery County.

The public hearing is being conducted to solicit public comments on a revision to the State Implementation Plan (SIP), as codified at 40 CFR Part 52, Subpart NN (relating to Pennsylvania). The affected part of the SIP is the Reasonably Available Control Technology (RACT) plan for Delaware County Regional Water Quality Control Authority's (DELCORA) (P. O. Box 999, Chester, PA 19016), Western Regional Treatment Plant located in the City of Chester, Delaware County.

TVOP 23-00038 regulates two multiple hearth incinerators at DELCORA's facility. A RACT permit, OP-23-0032, codified in the SIP for the Commonwealth, is incorporated in TVOP 23-00038. The proposed SIP revision corrects an error in the heat release limit for each hearth incinerator at the facility.

The United States Environmental Protection Agency (EPA) approved DELCORA's RACT determination as a SIP revision at 65 FR 78418 (December 15, 2000). The RACT requirements for volatile organic compounds (VOC) and nitrogen oxides (NO_x) specified in Operating Permit OP-23-0032 (as revised May 16, 1997), approved by the EPA as a SIP revision, are codified at 40 CFR 52.2020(c)(143)(i)(B)(2) (relating to identification of plan). Condition 17 of OP-23-0032, pertaining to the heat release limit for each incinerator, was erroneously included as a RACT limit in the SIP revision. The heat release limits were not part of the RACT determination because they were based on evaluations for the initial facility operating permits, including 23-301-084 which precedes the RACT permit.

The Department is proposing to remove the heat release limitation of 43.4 million British thermal units per hour for each incinerator from the RACT SIP revision because the limits were erroneously included in the approved SIP revision.

The Department has concluded that the heat release limit is not necessary for NO_x and VOC emission restric-

tions. It should be noted that the RACT limits on NO_x and VOC emissions at the facility remain unchanged. The company has justified removal of the heat release limit to the Department by presenting stack test data to the Department that indicates that emissions are dominantly affected by the amount and characteristics of the sludge burned rather than the total heat release in the incinerator. The Department is seeking public comment on this proposed SIP revision.

Concomitantly, the Department has issued DELCORA a modified Operating Permit with the heat release limitations removed as well as a decreased NO_x limitation to 15.0 lb/hr and 65.7 tons/year for each incinerator. This modified Title V Operating Permit correctly includes the December 15, 2000 NO_x RACT emissions limits incorporated in 40 CFR 52.2020(c)(143)(i)(B)(2).

Persons wishing to present testimony at the hearing should contact the Department Community Relations Coordinator Lynda Rebarchak at (484) 250-5820 or lrebarchak@pa.gov to reserve a time. Persons who do not reserve a time will be able to testify as time allows. Witnesses should keep testimony to 10 minutes and should provide two written copies of their statement at the hearing. Notice of the proposed SIP revision will also be published in newspapers of general circulation.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact Lynda Rebarchak at the number or e-mail listed previously. TDD users may contact the Pennsylvania AT&T Relay Service at (800) 654-5984 to discuss how the Department can best accommodate their needs.

If by Monday, August 18, 2014, no person has expressed an interest in testifying at the hearing, the hearing will be cancelled. The Department will provide public notice on the Bureau of Air Quality web page at www.dep.state.pa.us/dep/deputate/airwaste/aq/default.htm if the hearing is cancelled. Persons may also contact the Department to find out if the hearing is cancelled.

Those who are unable to attend the public hearing may provide written comments to James Rebarchak, Regional Manager, Air Quality, Department of Environmental Protection, Southeast Regional Office, 2 East Main Street, Norristown, PA 19401 or jrebarchak@pa.gov. Include "DELCORA SIP Revision" in the subject line and provide the name, affiliation (if any), mailing address and telephone number of the person submitting the comments. The Department must receive written comments no later than August 22, 2014.

Unemployment Compensation; Shared Work

Section 3304(a)(4)(E) of the Federal Unemployment Tax Act (FUTA) (26 U.S.C.A. § 3304(a)(4)(E)) and section 303(a)(5) of the Social Security Act (42 U.S.C.A. § 503(a)(5)) allow states to include a “short-time compensation” component in their unemployment compensation (UC) statutes. Short-time compensation is also known as “shared work.” The Commonwealth’s shared-work provisions are in Article XIII of the Unemployment Compensation Law (law) (43 P. S. §§ 916.1—916.12), titled Shared-Work Program.

Section 3306(v)(1)—(9) of FUTA (26 U.S.C.A. § 3306(v)(1)—(9)) requires a shared-work program to have certain enumerated characteristics. Under section 3306(v)(10) of FUTA, state law may not provide for additional features of a shared-work program unless they are “determined to be appropriate for purposes of a short-time compensation program” by the United States Department of Labor.

Section 1307(b) of the law (43 P. S. § 916.7(b)) provides that UC paid to employees participating in a shared-work program is charged to the employer that requested the shared-work program. Charging shared-work benefits to the employer implementing the program is not one of the shared-work characteristics specified by FUTA. In the absence of section 1307(b) of the law, shared-work UC would be charged in the same way that regular UC is charged, that is, to each participating employee’s base year employers.

An employer requesting a shared-work program designates a percentage, called the “reduction percentage,” by which participating employees’ normal hours of work are reduced under the program. The reduction percentage is a minimum of 20% and a maximum of 40%. Pursuant to section 1306(c)(1) and (2) of the law (43 P. S. § 916.6(c)(1) and (2)), if a participating employee’s hours for a given week are reduced by more or less than the reduction percentage, his eligibility for benefits is determined by the eligibility criteria applicable to regular UC instead of the criteria applicable to shared work. This is another feature of a Pennsylvania shared-work program that is not among the shared-work characteristics enumerated in FUTA. In the absence of section 1306(c)(1) and (2) of the law, if a participating employee’s hours are reduced by more or less than the reduction percentage his eligibility would continue to be determined under shared-work eligibility criteria, as long as the employee worked between 20% and 40% less than their normal work hours.

The United States Department of Labor has advised the Department of Labor and Industry (Department) that the provisions in sections 1306(c)(1) and (2) and 1307(b) of the law are not appropriate for a short-time compensation program and disapproved those provisions under section 3306(v)(10) of FUTA.

Section 1312 of the law (43 P. S. § 916.12) authorizes the Department to permanently suspend any provisions of Article XIII of the law that are disapproved by the United States Department of Labor. Department of Banking and Securities

Regulation #3-52 (IRRC #3056)

Debt Management Services Continuing Education

July 9, 2014

We submit for your consideration the following comments on the proposed rulemaking published in the May 10, 2014 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Department of Banking and Securities (Department) to respond to all comments received from us or any other source.

1. Whether the regulation is consistent with the intent of the General Assembly; Implementation procedures.

The Debt Management Services Act (Act) (63 P. S. §§ 2401, et seq.) became law on October 9, 2008. It requires entities engaged in the debt management services industry to be licensed. Section 17(4) of the Act provides the Department with general authority to promulgate regulations to ensure the proper administration of the Act and the proper conduct of licensees under the Act. 63 P. S. § 2417(4). Section 9(c) of the Act imposes a specific obligation on the Department as it pertains to the renewal of licenses and continuing education. It states the following:

In order to maintain its license, a licensee shall demonstrate to the satisfaction of the department that its credit counselors, supervisors and managers participate in continuing education as required by the department by regulation. The department shall de-

lineate the requirements for such continuing education by regulation within three years after the effective date of this act.

Id. at § 2409(c).

The Department has chosen to fulfill its obligation to “delineate the requirements for such continuing education” by allowing certifying organizations that are registered with the Department to provide continuing education to credit counselors, supervisors and managers. Section 57.32 of the proposal requires potential certifying organizations to meet four criteria before the Department would consider them to be acceptable continuing education providers. Those criteria are: submit a registration form to the Department; require at least 16 continuing education units for credit counselor certification; offer credit counselor certification that is valid for no longer than 24 months; and permit supervisors to attend continuing education courses. A review of the continuing education requirements of the six certifying organizations listed on the Department’s website reveals a regulatory environment that varies. For example, one certifying organization requires one continuing education unit to be in ethics, but others do not. In addition, one certifying organization allows a 45-day grace period to obtain the required 16 credits of continuing education within the two-year renewal cycle, but others do not.

While § 57.32 establishes the basic framework for certifying organizations that the Department would deem acceptable, we are concerned that each certifying organization has varying requirements for its continuing education programs. We believe this creates a confusing regulatory environment for the regulated community and would be difficult for the Department to implement in a consistent manner. For example, the grace period noted above

conflicts with § 57.32(3), which requires credit counselor certification to be valid for only 24 months. The varying requirements conflicts with the purpose of a regulation, which is to establish a binding norm. In the Preamble to the final-form rulemaking, we ask the Department to explain why this approach is appropriate and how it satisfies the statutory mandate to establish continuing education requirements through regulation.

2. Section 57.1. Definitions.—Whether the regulation is consistent with the intent of the General Assembly; Clarity.

Certifying organization

This term is defined as “An independent third-party offering debt management services certification for credit counselors and continuing education courses for supervisors.” It is our understanding that certifying organizations offer continuing education courses to both counselors and supervisors. We suggest that the final-form regulation be amended to reflect that understanding.

Supervisor

The proposed definition for this term is “An individual with direct responsibility for the actions of one or more credit counselors, for example, a manager.” Since Section (9)(c) of the Act requires continuing education for both supervisors and managers, we suggest that the definition be amended by replacing the phrase “for example” with “including.” We believe this change better reflects the requirements of the Act.

3. Section 57.11. Continuing education requirements.—Clarity.

Paragraph (1) of this section states that credit counselors shall maintain valid certification through a registered certifying organization, but it does not specify the continuing education requirements. To find those requirements, one must look to § 57.32, pertaining to criteria for certifying organizations. Paragraph (2) of this section states that supervisors must complete a minimum of 16 continuing education units every two years through a registered certifying organization. To improve the clarity of the rulemaking, we recommend that the Department amend both paragraphs to state that credit counselors and supervisors must complete a minimum of 16 continuing education units every two years through a registered certifying organization.

4. Section 57.13. Former registered certifying organizations.—Implementation procedures; Clarity.

This section of the rulemaking addresses situations in which a certifying organization is removed from the Department’s website as an acceptable continuing education provider and the resulting impact on the validity of courses taken by credit counselors and supervisors. Under Paragraphs (1) and (2), the validity of the courses taken is contingent on when the credit counselor or supervisor completed the units and whether the Department will take action against the certifying organization. We question how credit counselors and supervisors will know if the Department plans to take action against these organizations. Will the Department maintain a list of these certifying organizations on its website with an indication of whether action will be taken? In addition, what is meant by “take action”? These matters should be clarified in the final-form regulation.

5. Section 57.22. Recordkeeping.—Clarity.

Licenses are required to keep records regarding the completion of continuing education requirements “for at least four license renewal periods” under this section of the rulemaking. This provision lacks clarity because it does not provide an exact time frame for which records must be kept. We recommend that the phrase “at least” be deleted from the final-form rulemaking.

6. Section 57.33. Verification.—Clarity.

Subsection (a) states that the Department will “periodically” request registered certifying organizations to resubmit registration forms to verify that the organizations continue to meet the criteria set forth in § 57.32. The term “periodically” is vague and does not establish a binding norm. We recommend that the term be replaced with more specific language.

Philadelphia Parking Authority

Regulation #126-9 (IRRC #3058)

Annual Filing Requirements

July 9, 2014

We submit for your consideration the following comments on the proposed rulemaking published in the May 10, 2014 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Philadelphia Parking Authority to respond to all comments received from us or any other source.

1. Section 1011.4. Annual assessments and renewal fees.—Clarity.

As amended, Subsection 1011.4(b) no longer provides a specific timeframe to pay assessments, but rather refers the reader to 53 Pa.C.S. Chapters 55 and 57 (act). We note that subsection (c) provides for payment “the 15th day from notice,” along with the reference to the act. Both provisions reference § 5707.1(a) of the act, which states, in part, that “an assessment must be paid within 30 days of service.” We recommend a review of both Subsections (b) and (c) to make them consistent with § 5707.1(a) of the act and to include specific timeframes to pay assessments in the regulation.

2. Section 1051.3. Annual rights renewal process.—Clarity.

Proposed Paragraph 1051.3(g)(6) uses the word “taxi-cab.” Should this word be “limousine”?

3. Section 1051.4. Annual assessments and renewal fees.—Clarity.

The cross-reference in proposed Subsection 1051.4(c) is to Paragraph 1051.3(c)(4), but in our review we could not find this paragraph. Was the intent to cross-reference Paragraph 1051.3(c)(3)?
