READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Amendments to Rules of Appellate Procedure and Internal Operating Procedures

The Commonwealth Court approved on June 16, 2015, changes to Chapter 37 of the Rules of Appellate Procedure and its Internal Operating Procedure § 414, found in 210 Pa. Code.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE III. MISCELLANEOUS PROVISIONS

CHAPTER 37. BUSINESS OF THE COMMONWEALTH COURT

BRIEFING AND LISTING OF CASES FOR ARGUMENT

Rule 3714. Listing of Cases and Briefing Schedules.

(a) *Matters heard solely on certified record.* An appeal from a court of common pleas and each other matter which under the applicable law is required to be determined by the court upon the record before the government unit below shall be eligible for listing for argument after the record has been filed. When all briefs and reproduced records have been filed, the Chief Clerk shall list the case for oral argument on a specified date and shall give at least ten days written notice by first class mail to all parties of the date scheduled for the argument. The Court may direct any matter to be submitted on briefs without oral argument.

(b) *Original jurisdiction matters.* A matter commenced in whole or in part within the original jurisdiction of the court including matters under Pa.R.A.P. 1571 (determinations of the Board of Finance and Revenue) when at issue for argument on preliminary matters or after the record has been made shall be listed for oral argument after the court establishes a briefing schedule.

(c) *Extensions of Time to File Briefs or Reproduced Record.* A party may submit a written request for an extension of time to file briefs or the reproduced record, which the chief clerk may grant, if the requested extension is: (1) for thirty days or less; (2) the first one sought; and (3) unopposed by all other parties. If any of the three enumerated criteria do not exist, the party must submit its extension request by formal application. The prothonotary, chief clerk or deputy prothonotary may act on the formal application.

Official Note: Under Rule 105 the court may reduce or enlarge any of the time periods specified in the rule. Preliminary matters referred to in Subdivision (b) include preliminary objections, motions for judgment on the pleadings, motions for summary judgment and motions to quash.

See Pa.R.A.P. 123 regarding the form of an application for relief, which is necessary if the three requirements in Pa.R.A.P. 3714(c) cannot be met.

(Editor's Note: The following rule is new and printed in regular type to enhance readability.)

Rule 3716. Citing Judicial Opinions in Filings.

(a) A reported opinion of the Commonwealth Court *en banc* or three-judge panel may be cited as binding precedent.

(b) An unreported panel decision of this Court issued after January 15, 2008, may be cited for its persuasive value, but not as binding precedent.

(c) Any unreported opinion of this Court may be cited and relied upon when it is relevant under the doctrine of law of the case, *res judicata* or collateral estoppel.

(d) A reported single judge opinion in an election law matter filed after October 1, 2013, may be cited as binding precedent only in an election law matter.

(e) All other single judge opinions of this Court, even if reported, shall be cited only for persuasive value and not as binding precedent.

Official Note: A special election panel is one designated by the president judge to hear election law matters on an expedited basis. Decisions by such panels are made by only the members of the panel without the participation of judges who are not part of the panel. *See* Internal Operating Procedure § 112(b) (Courts *En Banc* and Panels; Composition), § 258 (Decision; Election Law Appeals), § 416 (Reporting of Unreported Opinions).

[COSTS] POST DECISION

(Editor's Note: The following rule is new and printed in regular type to enhance readability.)

Rule 3740. Request to Report Unreported Opinion.

Within 30 days after an opinion has been filed as unreported, any person may file an application to report the opinion. Except as noted in the next sentence, grant of the application requires an affirmative majority vote of the commissioned judges. Grant of an application to report an opinion of a single judge or an opinion of a special election panel requires an affirmative two-thirds vote of the commissioned judges.

Official Note: A decision may be reported when it:

- (1) establishes a new rule of law;
- (2) applies an existing rule of law to facts significantly different than those stated in prior decisions;
- (3) modifies or criticizes an existing rule of law;
- (4) resolves an apparent conflict of authority;
- (5) involves a legal issue of continuing public interest; or
- (6) constitutes a significant, non-duplicative contribution to law because it contains:
 - (i) an historical review of the law,
 - (ii) a review of legislative history,
 - (iii) a review of conflicting decisions among the courts of other jurisdictions.

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

(Editor's Note: Rules 220.1 and 220.2 are new and printed in regular type to enhance readability.)

Rule 220.1. Preliminary Instructions to Prospective and Selected Jurors.

(a) For purposes of this rule, "prospective jurors" means those persons who have been chosen to be part of the panel from which the trial jurors and alternate jurors

will be selected. "Selected jurors" means those members of the panel who have been selected to serve as trial jurors or alternate jurors. "Jury service" means service as (1) members of the jury array, (2) prospective jurors, and (3) selected jurors.

(b) Persons reporting for jury service, upon their arrival for this service, shall be instructed in their duties.

(c) At a minimum, the persons reporting for jury service shall be instructed that until their service as prospective or selected jurors is concluded, they shall not:

(1) discuss any case in which they have been chosen as prospective jurors or selected jurors with others, including other jurors, except as otherwise authorized by the court;

(2) read or listen to any news reports about any such case;

(3) use a computer, cellular telephone, or other electronic device with communication capabilities while in attendance at trial or during deliberation. These devices may be used during breaks or recesses but may not be used to obtain or disclose information prohibited in subdivision (c)(4);

(4) use a computer, cellular telephone, or other electronic device with communication capabilities, or any other method, to obtain or disclose information about any case in which they have been chosen as prospective or selected jurors. Information about the case includes, but is not limited to, the following:

(i) information about a party, witness, attorney, judge, or court officer;

(ii) news reports of the case;

(iii) information collected through juror research using such devices about the facts of the case;

(iv) information collected through juror research using such devices on any topics raised or testimony offered by any witness;

(v) information collected through juror research using such devices on any other topic the juror might think would be helpful in deciding the case.

(d) These instructions shall be repeated:

(1) to the prospective jurors at the beginning of voir dire;

(2) to the selected jurors at the commencement of the trial;

(3) to the selected jurors prior to deliberations; and

(4) to the selected jurors during trial as the trial judge deems appropriate.

(e) Jurors shall be instructed that it is their obligation immediately to inform the court of any violation of this rule.

Official Note: For comprehensive jury instructions on the use of electronic devices by jurors in civil cases, see Section 1.180 of the Pennsylvania Suggested Civil Jury Instructions, Pa. SSJI (Civ), § 1.180.

For guidance regarding the use of electronic devices in the courtroom by persons other than jurors, see Rule of Judicial Administration 1910.

Rule 220.2. Sanctions for Violation of Rule 220.1.

Any individual who violates the provisions of Rule 220.1 regarding the use of electronic devices by jurors or who violates any limitation imposed by local rule or by

the trial judge regarding the prohibited use of electronic devices during court proceedings:

(a) may be found in contempt of court and sanctioned in accordance with 42 Pa.C.S. § 4132 et seq., and

(b) may be subject to sanctions deemed appropriate by the trial judge, including, but not limited to, the confiscation of the electronic device that is used in violation of this rule.

Rule [220.1] 220.3. Voir Dire.

(a) Upon completion of the oath, the judge shall instruct the prospective jurors upon their duties and restrictions while serving as jurors, and of any sanctions for violation of those duties and restrictions, including those in Rules 220.1 and 220.2.

(b) Voir dire shall be conducted to provide the opportunity to obtain at a minimum a full description of the following information, where relevant, concerning the prospective jurors and their households:

- (1) Name;
- (2) Date and place of birth;
- (3) Residential neighborhood and zip code (not street address);
- (4) Marital status;
- (5) Nature and extent of education;
- (6) Number and ages of children;
- (7) Name, age and relationship of members of prospective juror's household;
- (8) Occupation and employment history of the prospective juror, the juror's spouse and children and members of the juror's household;
- (9) Involvement as a party or a witness in a civil lawsuit or a criminal case;
- (10) Relationship, friendship or association with a law enforcement officer, a lawyer or any person affiliated with the courts of any judicial district;
- (11) Relationship of the prospective juror or any member of the prospective juror's immediate family to the insurance industry, including employee, claims adjuster, investigator, agent, or stockholder in an insurance company;
- (12) Motor vehicle operation and licensure;
- (13) Physical or mental condition affecting ability to serve on a jury;
- (14) Reasons the prospective juror believes he or she cannot or should not serve as a juror;
- (15) Relationship, friendship or association with the parties, the attorneys and prospective witnesses of the particular case to be heard;
- (16) Ability to refrain from using a computer, cellular telephone or other electronic device with communication capabilities in violation of the provisions of Rule 220.1; and**

[(16)] (17) Such other pertinent information as may be appropriate to the particular case to achieve a competent, fair and impartial jury.

Official Note: For example, under presently prevailing law as established by the Superior Court, *voir dire* should have been allowed with respect to the effect of pre-trial publicity on prospective jurors' "attitudes regard-

ing medical malpractice and tort reform." *Capoferri v. Children's Hosp. of Phila.*, 893 A.2d 133 (Pa. Super. 2006) (en banc).

[(b)] (c) The court may provide for voir dire to include the use of a written questionnaire. However, the use of a written questionnaire without the opportunity for oral examination by the court or counsel is not a sufficient voir dire.

Official Note: The parties or their attorneys may conduct the examination of the prospective jurors unless the court itself conducts the examination or otherwise directs that the examination be conducted by a court employee. Any dispute shall be resolved by the court.

A written questionnaire may be used to facilitate and expedite the voir dire examination by providing the trial judge and attorneys with basic background information about the jurors, thereby eliminating the need for many commonly asked questions.

[(c)] (d) The court may permit all or part of the examination of a juror out of the presence of other jurors.

Rule 223.1. Conduct of the Trial. Trial by Jury.

(a) Before the taking of evidence, the trial judge shall instruct the jurors as provided in Rule 220.1.

[(a)] (b) In conducting a trial by jury, the court may use one or more of the procedures provided in subdivisions [(b) and] (c) and (d) as may be appropriate in the particular case.

Official Note: This rule catalogs certain procedures which may be utilized in the conduct of a jury trial. Since the court has broad power and discretion in the manner in which it conducts a jury trial, it is not intended that this rule be construed as enlarging, restricting or in any way affecting that power and discretion.

See Rule 223.2 for juror note taking in civil cases.

[(b)] (c) The court may permit jurors to view a premises or a thing in or on a premises.

Official Note: See Rule 219 governing view of premises.

[(c)] (d) The court may

(1) permit specified testimony to be read back to the jury upon the jury's request,

(2) charge the jury at any time during the trial,

Official Note: The court is not limited to charging the jury after the closing argument by the attorneys.

(3) make exhibits available to the jury during its deliberations, and

(4) make a written copy of the charge or instructions, or a portion thereof, available to the jury following the oral charge or instructions at the conclusion of evidence for use during its deliberations.

EXPLANATORY COMMENT

The Supreme Court of Pennsylvania has adopted new Rules 220.1 and 220.2 and the amendment of current Rules 220.1 and 223.1. The changes are intended to provide guidance to the bench and bar regarding the use of electronic devices by jurors in civil cases.

The new rules and amendments provide for jurors to be instructed that the use of electronic devices is restricted during their tenure as a prospective juror, *i.e.* a member of the jury pool, and as a selected juror. The new

provisions require the trial court to instruct jurors that they may not conduct independent research on the Internet about the case, communicate about the case electronically, e.g. “tweet” or “blog,” or use such devices during juror service. A trial court is required to instruct jurors at the earliest opportunity of interaction between the juror and the trial court, and then repeat those instructions as often as practicable. The new rules and amendments provide for sanctions against any person who violates the provisions of these rules. It should also be noted that a note to new Rule 220.1 cross-references Section 1.180 of the Pennsylvania Suggested Civil Jury Instructions, Pa. SSJI (Civ), § 1.180. These instructions specifically address the use of electronic devices by jurors.

While the proposal focuses on the use of electronic devices by jurors, it remains silent as to their use in the courtroom by the public and media. Rule of Judicial Administration 1910 outlines the responsibility of a trial court regarding the broadcasting, televising, or taking of photographs in the courtroom in civil proceedings.

Comment

This rule, adopted in 2010, provides the procedures for requesting and ordering expungement in summary cases. Any case in which a summary offense is filed with a misdemeanor, felony, or murder of the first, second, or third degree is a court case (see Rule 103). The petition for expungement of the summary offense in such a case would proceed under Rule 790.

See also Rule 320 for the procedures for expungement following the successful completion of an ARD program in a summary case and Rule 790 for court case expungement procedures.

This rule sets forth the only information that is to be included in every expungement petition and order.

Paragraph (A)(3) requires the petitioner to attach a copy of his or her criminal record to the petition.

[A form petition is to be designed and published by the Administrative Office of Pennsylvania Courts in consultation with the Committee as provided in Rule 104.]

A form petition and form order of expungement has been created by the Administrative Office of Pennsylvania Courts, in consultation with the Committee, and is available at the following website: http://www.pacourts.us/forms/for-the-public.

“Petition,” as used in this rule, is a “motion” for purposes of Rules 575, 576, and 577.

REPORT

Proposed amendment of Pa.Rs.Crim.P. 490 and 790

Contents of Expungement Petitions and Orders

Recently, the Committee had considered suggested amendments to the procedures contained in Rules 490 (Procedure for Obtaining Expungement in Summary Cases; Expungement Order) and 790 (Procedure For Obtaining Expungement In Court Cases; Expungement Order). Some of these suggestions related to complaints that it was taking lengthy amounts of time for the Pennsylvania State Police (PSP) to expunge records and to provide criminal history reports required for the expungement petition. As a result, Committee members met with representatives of the PSP to discuss these problems and possible rule changes that might help alleviate the problems. From these discussions, it appeared that most of the problems were of an administrative nature not amenable to correction by rule amendment. However, the PSP representatives suggested two possible changes that might assist their processing of expungement requests.

One of the things that was claimed to contribute to delay was that each county used a different type of expungement order. The PSP suggested that requiring a standard expungement order would help with this problem. The Committee considered this suggestion and noted that the AOPC has developed form petitions and orders for expungements under Rules 490 and 790 that are publically available on the UJS website. Additionally, the Committee noted that this problem has not been reported from other agencies that process large numbers of expungement orders including the AOPC.

The Committee ultimately rejected the idea of requiring one particular form. There was a concern that a petition could be rejected solely on the basis of not being the approved form while still containing the other information necessary for an expungement. The Comments to Rule 490 and 790 already mention the AOPC forms. The Committee concluded that adding a cross-reference to the webpage where the AOPC forms for expungement petitions and orders are found would be helpful to encourage use of the standard forms.

The PSP representatives also suggested removing the requirement of including the defendant's social security number in the expungement order due to identity theft concerns. Prior to the adoption of the current expungement rules, the Committee had considered removing this requirement and had, in 2008, recommended to the Court that the requirement for the defendant's social security number be removed. However, the Committee withdrew that recommendation as a result of communications from the State Police stating that the social security number was needed to ensure the defendant whose record was to be expunged was properly identified. This was particularly so for summary case expungements, because there were fewer defendant- and case-identifiers in such cases. Since that time, it appears that better processes for identifying particular defendants have been put in place and the social security number now is not needed. Therefore, this requirement would be removed from both expungement rules. Since the social security number would no longer be required for the order, similar amendments would remove the requirement to include the social security number in the expungement petition.

Another suggestion received by the Committee was to eliminate, in those cases in which the Commonwealth has filed a consent to the expungement, the 30-day stay on the expungement order provided in Rules 490(B)(4)(b) and 790(B)(4)(b) during which time the Commonwealth may appeal. The consent provisions in Rule 490(B)(1) and 790(B)(1) recognize that the Commonwealth may join in the desire to expedite an expungement. Some of the members believed that it is logical that the stay provision be curtailed where the Commonwealth has consented. On the other hand, some members were concerned about the rare case where the Commonwealth discovers reasons for appeal after having given consent and the stay period is the last chance for the Commonwealth to correct such a mistake before a record is eliminated. The Committee ultimately concluded that the Commonwealth has a responsibility to thoroughly investigate the defendant's circumstances before consenting to expungement in the first place and agreed to add a provision precluding the stay in cases in which the Commonwealth has consented to the expungement.

TITLE 234. RULES OF CRIMINAL PROCEDURE

CHAPTER 6. TRIAL PROCEDURES IN COURT CASES

PART C. Jury Procedures

Rule [630] **625.** Juror Qualification Form, Lists of Trial Jurors, and Challenge to the Array.

* * * * *

Comment

The qualification, selection, and summoning of prospective jurors, as well as related matters, are generally dealt with in Chapter 45, Subchapters A-C, of the Judicial Code, 42 Pa.C.S. §§ 4501—4503, 4521—4526, 4531—4532. “Law” as used in paragraph (B)(2) of this rule is intended to include these Judicial Code provisions. However, paragraphs (B)(1) and (2) of this rule are intended to supersede the procedures set forth in Section 4526(a) of the Judicial Code and that provision is suspended as being inconsistent with this rule. *See* PA. CONST. art. V[.], § 10; 42 Pa.C.S. § 4526(c). Sections 4526(b) and (d)—(f) of the Judicial Code are not affected by this rule.

Paragraph (A) was amended in 1998 to require that the counties use the juror qualification forms provided for in Section 4521 of the Judicial Code, 42 Pa.C.S. § 4521. It is intended that the attorneys in a case may inspect and copy or photograph the jury lists and the qualification forms for the prospective jurors summoned for their case. The information on the qualification forms is not to be disclosed except as provided by this rule or by statute. This rule is different from Rule 632, which requires that jurors complete the standard, confidential information questionnaire for use during *voir dire*.

Official Note: Adopted January 24, 1968, effective August 1, 1968; Comment revised January 28, 1983, effective July 1, 1983; amended September 15, 1993, effective January 1, 1994; September 15, 1993 amendments suspended December 17, 1993 until further Order of the Court; the September 15, 1993 Order amending Rule 1104 is superseded by the September 18, 1998 Order, and Rule 1104 is amended September 18, 1998, effective July 1, 1999; amended May 14, 1999, effective July 1, 1999; renumbered Rule 630 March 1, 2001, effective April 1, 2001; amended March 28, 2000, effective July 1, 2000; **renumbered Rule 625 July 7, 2015, effective October 1, 2015.**

Rule 626. Preliminary Instructions to Prospective and Selected Jurors.

(A) For purposes of this rule,

(1) the term "prospective jurors" means those persons who have been chosen to be part of the panel from which the trial jurors and alternate jurors will be selected;

(2) the term "selected jurors" means those members of the panel who have been selected to serve as trial jurors or alternate jurors; and

(3) the term "jury service" means service as (1) members of the jury array, (2) prospective jurors, and (3) selected jurors.

(B) Persons reporting for jury service, upon their arrival for this service, shall be instructed in their duties while serving as prospective jurors and selected jurors.

(C) At a minimum, the persons reporting for jury service shall be instructed that until their service as prospective or selected jurors is concluded, they shall not:

(1) discuss any case in which they have been chosen as prospective jurors or selected jurors with others, including other jurors, except as instructed by the court;

(2) read or listen to any news reports about any such case;

(3) use a computer, cellular phone, or other electronic device with communication capabilities while in attendance at trial or during deliberation. These devices may be used during breaks or recesses but never may be used to obtain or disclose information prohibited in paragraph (C)(4);

(4) use a computer, cellular phone, or other electronic device with communication capabilities, or any other method, to obtain or disclose any information about any case in which they have been chosen as prospective or selected jurors. Information about the case includes, but is not limited to, the following:

(i) information about a party, witness, attorney, judge, or court officer;

(ii) news reports of the case;

(iii) information collected through juror research using such devices about the facts of the case;

(iv) information collected through juror research using such devices on any topics raised or testimony offered by any witness;

(v) information collected through juror research using such devices on any other topic the juror might think would be helpful in deciding the case.

(D) These instructions shall be repeated:

(1) to the prospective jurors at the beginning of *voir dire*;

(2) to the selected jurors at the commencement of the trial;

(3) to the selected jurors prior to deliberations; and

(4) to the selected jurors during trial as the trial judge deems appropriate.

(E) Jurors shall be instructed that they are required to inform the court immediately of any violation of this rule.

Comment

This rule was adopted in 2015 in recognition of the fact that the proliferation of personal communications devices has provided individuals with an unprecedented level of access to information. This access has the potential for abuse by prospective jurors who might be tempted to perform research about a case for which they may be selected. Therefore, the rule requires that prospective jurors be instructed at the earliest possible stage as to their duty to rely solely on information presented in a case and to refrain from discussion about the case, either in person or electronically.

It is recommended that the juror summons also contain the language.

It also is recommended, as an additional means of ensuring adherence, that the judge explain to the prospective jurors the reason for these restrictions. This explanation should include a statement that, in order for the jury system to work as intended, absolute impartiality on the part of the jurors is necessary. Such impartiality is achieved by restricting the information upon which the jurors will base their decision to that which is presented in court.

Official Note: Adopted July 7, 2015, effective October 1, 2015.

Committee Explanatory Reports:

Rule 627. Sanctions for Use of Prohibited Electronic Devices.

Any individual who violates the provisions of Rule 112(A) prohibiting recording or broadcasting during a judicial proceeding or who violates the Court's instructions required by Rule 626 regarding the use of electronic devices by jurors or who violates any limitation imposed by a local rule or by the trial judge regarding the prohibited use of electronic devices during court proceedings:

(1) may be found in contempt of court and sanctioned in accordance with 42 Pa.C.S. § 4132 *et seq.*; and

(2) may be subject to sanctions deemed appropriate by the trial judge, including, but not limited to, the confiscation of the electronic device that is used in violation of these rules.

Comment

This rule was adopted in 2015 to make clear that in addition to the penalties for contempt that may be imposed upon an individual who violates these rules or a court-imposed restriction on the use of electronic devices during court proceedings, such devices may be temporarily or permanently confiscated by the court.

PART C(1). Impaneling Jury

Rule 631. Examination and Challenges of Trial Jurors.

(A) *Voir dire* of prospective trial jurors and prospective alternate jurors shall be conducted, and the jurors shall be selected, in the presence of a judge, unless the judge's presence is waived by the attorney for the Commonwealth, the defense attorney, and the defendant, with the judge's consent.

(B) This oath shall be administered individually or collectively to the prospective jurors:

"You do solemnly swear by Almighty God (or do declare and affirm) that you will answer truthfully all questions that may be put to you concerning your qualifications for service as a juror."

(C) **Upon completion of the oath, the judge shall instruct the prospective jurors upon their duties and restrictions while serving as jurors, and of any sanctions for violation of those duties and restrictions, including those provided in Rule 626(C) and Rule 627.**

[(C)] (D) *Voir dire*, including the judge's ruling on all proposed questions, shall be recorded in full unless the recording is waived. The record will be transcribed only upon written request of either party or order of the judge.

[(D)] (E) Prior to *voir dire*, each prospective juror shall complete the standard, confidential juror information questionnaire as provided in Rule 632. The judge may require the parties to submit in writing a list of proposed questions to be asked of the jurors regarding their qualifications. The judge may permit the defense and the prosecution to conduct the examination of prospective jurors or the judge may conduct the examination. In the latter event, the judge shall permit the defense and the prosecution to supplement the examination by such further inquiry as the judge deems proper.

[(E)] (F) In capital cases, the individual *voir dire* method must be used, unless the defendant waives that alternative. In non-capital cases, the trial judge shall select one of the following alternative methods of *voir dire*, which shall apply to the selection of both jurors and alternates:

(1) INDIVIDUAL *VOIR DIRE* AND CHALLENGE SYSTEM.

(a) *Voir dire* of prospective jurors shall be conducted individually and may be conducted beyond the hearing and presence of other jurors.

(b) Challenges, both peremptory and for cause, shall be exercised alternately, beginning with the attorney for the

Commonwealth, until all jurors are chosen. Challenges shall be exercised immediately after the prospective juror is examined. Once accepted by all parties, a prospective juror shall not be removed by peremptory challenge. Without declaring a mistrial, a judge may allow a challenge for cause at any time before the jury begins to deliberate, provided sufficient alternates have been selected, or the defendant consents to be tried by a jury of fewer than 12, pursuant to Rule 641.

(2) LIST SYSTEM OF CHALLENGES.

(a) A list of prospective jurors shall be prepared. The list shall contain a sufficient number of prospective jurors to total at least 12, plus the number of alternates to be selected, plus the total number of peremptory challenges (including alternates).

(b) Prospective jurors may be examined collectively or individually regarding their qualifications. If the jurors are examined individually, the examination may be conducted beyond the hearing and presence of other jurors.

(c) Challenges for cause shall be exercised orally as soon as the cause is determined.

(d) When a challenge for cause has been sustained, which brings the total number on the list below the number of 12 plus alternates, plus peremptory challenges (including alternates), additional prospective jurors shall be added to the list.

(e) Each prospective juror subsequently added to the list may be examined as set forth in paragraph [(E)(2)(b)] (F)(2)(b).

(f) When the examination has been completed and all challenges for cause have been exercised, peremptory challenges shall then be exercised by passing the list between prosecution and defense, with the prosecution first striking the name of a prospective juror, followed by the defense, and alternating thereafter until all peremptory challenges have been exhausted. If either party fails to exhaust all peremptory challenges, the jurors last listed shall be stricken. The remaining jurors and alternates shall be seated. No one shall disclose which party peremptorily struck any juror.

Comment

This rule applies to all cases, regardless of potential sentence. Formerly there were separate rules for capital and non-capital cases.

If Alternative [(E)(1)] (F)(1) is used, examination continues until all peremptory challenges are exhausted or until 12 jurors and 2 alternates are accepted. Challenges must be exercised immediately after the prospective juror is questioned. In capital cases, only Alternative [(E)(1)] (F)(1) may be used unless affirmatively waived by all defendants and the Commonwealth, with the approval of the trial judge.

If Alternative [(E)(2)] (F)(2) is used, sufficient jurors are assembled to total 12, plus the number of alternates, plus at least the permitted number of peremptory challenges (including alternates). It may be advisable to assemble additional jurors to encompass challenges for cause. Prospective jurors may be questioned individually, out of the presence of other prospective jurors, as in Alternative [(E)(1)] (F)(1); or prospective jurors may be questioned in the presence of each other. Jurors may be challenged only for cause, as the cause arises. If the challenges for cause reduce the number of prospective

jurors below 12, plus alternates, plus peremptory challenges (including alternates), new prospective jurors are called and they are similarly examined. When the examination is completed, the list is reduced, leaving only 12 jurors to be selected, plus the number of peremptories to be exercised; and sufficient additional names to total the number of alternates, plus the peremptories to be exercised in selecting alternates. The parties then exercise the peremptory challenges by passing the list back and forth and by striking names from the list alternately, beginning with counsel for the prosecution. Under this system, all peremptory challenges must be utilized. Alternates are selected from the remaining names in the same manner. Jurors are not advised by whom each peremptory challenge was exercised. Also, under Alternative [(E)(2)] (F)(2), prospective jurors will not know whether they have been chosen until the challenging process is complete and the roll is called.

This rule requires that prospective jurors be sworn before questioning under either Alternative.

The words in parentheses in the oath shall be inserted when any of the prospective jurors chooses to affirm rather than swear to the oath.

Unless the judge's presence during *voir dire* and the jury selection process is waived pursuant to paragraph (A), the judge must be present in the jury selection room during *voir dire* and the jury selection process.

Pursuant to paragraph [(D)] (E), which was amended in 1998, and Rule 632, prospective jurors are required to complete the standard, confidential juror information questionnaire prior to *voir dire*. This questionnaire, which facilitates and expedites *voir dire*, provides the judge and attorneys with basic background information about the jurors, and is intended to be used as an aid in the oral examination of the jurors.

The point in time prior to *voir dire* that the questionnaires are to be completed is left to the discretion of the local officials. Nothing in this rule is intended to require that the information questionnaires be mailed to jurors before they appear in court pursuant to a jury summons.

See Rule 103 for definitions of "capital case" and "*voir dire*."

Rule 632. Juror Information Questionnaire.

* * * * *

(D) Juror information questionnaires shall be used in conjunction with the examination of the prospective jurors conducted by the judge or counsel pursuant to Rule [631(D)] 631(E).

* * * * *

Comment

This rule requires that, prior to *voir dire* in any criminal case, the prospective jurors, including prospective alternate jurors, must complete the standard, confidential juror information questionnaire required in paragraph (H), and that the trial judge and attorneys must automatically be given copies of the completed questionnaires in time to examine them before *voir dire* begins. Compare Rule [630] 625, which provides that attorneys must request copies of juror qualification forms for the jurors summoned in their case.

Under paragraph (A)(2), it is intended that the president judge of each judicial district may designate procedures for submitting the questionnaire to the jurors and maintaining them upon completion. For example, some districts may choose to mail them along with their jury qualification form, while others may desire to have the questionnaire completed by the panel of prospective jurors when they report for jury service. This rule, however, mandates that the questionnaires be completed by each prospective juror to a criminal case.

Each judicial district must provide the jurors with instructions for completing the form, and inform them of the procedures for maintaining confidentiality of the questionnaires. It is expected that each judicial district will inform the jurors that the questionnaires will only be used for jury selection.

Pursuant to paragraph (C), the juror information questionnaire is not a public record and therefore may not be combined in one form with the qualification questionnaire required by Rule [630] 625. However, nothing in this rule would prohibit the distribution of both questionnaires in the same mailing.

Under paragraph (B), the information provided by the jurors is confidential and may be used only for the purpose of jury selection. Except for disclosures made during *voir dire*, the information in the completed questionnaires may not be disclosed to anyone except the trial judge, the attorneys and any persons assisting the attorneys in jury selection, such as a member of the trial team or a consultant hired to assist in jury selection, the defendant, and any court personnel designated by the judge. Even once disclosed to such persons, however, the information in the questionnaires remains confidential.

Although the defendant may participate in *voir dire* and have access to information from the questionnaire, nothing in this rule is intended to allow a defendant to have a copy of the questionnaire.

Paragraph (D) makes it clear that juror information questionnaires are to be used in conjunction with the oral examination of the prospective jurors, and are not to be used as a substitute for the oral examination. Juror information questionnaires facilitate and expedite the *voir dire* examination by providing the trial judge and attorneys with basic background information about the jurors, thereby eliminating the need for many commonly asked questions. Although nothing in this rule is intended to

preclude oral questioning during *voir dire*, the scope of *voir dire* is within the discretion of the trial judge. See, e.g., *Commonwealth v. McGrew*, 100 A.2d 467 (Pa. 1953) and Rule [631(D)] 631(E).

Comment

See Rule [647(A)] 647(B) (Request for Instructions, Charge to the Jury, and Preliminary Instructions) concerning the content of the charge and written requests for instructions to the jury.

The 1996 amendment adding "or otherwise recorded" in paragraph (C)(2) is not intended to enlarge or modify what constitutes a confession under this rule. Rather, the amendment is only intended to recognize that a confession can be recorded in a variety of ways. See *Commonwealth v. Foster*, 425 Pa.Super. 61, 624 A.2d 144 (1993).

Nothing in this rule is intended to preclude jurors from taking notes during testimony related to a defendant's confession and such notes may be in the jurors' possession during deliberations.

Paragraph (D) was added in 2005 to make it clear that the notes the jurors take pursuant to Rule 644 may be used during deliberations.

Final Report explaining the July 7, 2015 Comment revision correcting a cross-reference to Rule 647 published with the Court's Order at 45 Pa.B. 3985 (July 25, 2015).

Rule 647. Request for Instructions, Charge to the Jury, and Preliminary Instructions.

(A) Before the taking of evidence, the trial judge shall give instructions to the jurors as provided in Rule 626.

[(A)] (B) Any party may submit to the trial judge written requests for instructions to the jury. Such requests shall be submitted within a reasonable time before the closing arguments, and at the same time copies thereof shall be furnished to the other parties. Before closing arguments, the trial judge shall inform the parties on the record of the judge's rulings on all written requests and which instructions shall be submitted to the jury in writing. The trial judge shall charge the jury after the arguments are completed.

[(B)] (C) No portions of the charge nor omissions from the charge may be assigned as error, unless specific objections are made thereto before the jury retires to deliberate. All such objections shall be made beyond the hearing of the jury.

[(C)] (D) After the jury has retired to consider its verdict, additional or correctional instructions may be given by the trial judge in the presence of all parties, except that the defendant's absence without cause shall not preclude proceeding, as provided in Rule 602.

[(D)] (E) The trial judge may give **any other** instructions to the jury before the taking of evidence or at anytime during the trial as the judge deems necessary and appropriate for the jury's guidance in hearing the case.

Comment

Paragraph [(A)] (B), amended in 1985, parallels the procedures in many other jurisdictions which require that the trial judge rule on the parties' written requests for instructions before closing arguments, that the rulings are on the record, and that the judge charge the jury after the closing arguments. See, e.g., Fed.R.Crim.P. 30; ABA Standards on Trial by Jury, Standard [15-3.6(a)] 15-3.6; Uniform Rule of Criminal Procedure 523(b).

Pursuant to Rule 646 (Material Permitted in Possession of the Jury), the judge must determine whether to provide the members of the jury with written copies of the portion of the judge's charge on the elements of the offenses, lesser included offenses, and any defense upon which the jury has been instructed for use during deliberations.

Paragraph (A) was added in 2015 to require trial judges to instruct jurors that they are prohibited from using computers or cell phones at trial or during deliberation, and are prohibited from using a computer or other electronic device or any other method to obtain or disclose information about the case when they are not in the courtroom. The amendment prohibits jurors from reading about or listening to news reports about the case and prohibits discussion among jurors until deliberation.

Paragraph [(D)] (E), added in 1985, recognizes the value of jury instructions to juror comprehension of the trial process. It is intended that the trial judge determine on a case by case basis whether instructions before the

taking of evidence or at anytime during trial are appropriate or necessary to assist the jury in hearing the case. The judge should determine what instructions to give based on the particular case, but at a minimum the preliminary instructions should orient the jurors to the trial procedures and to their duties and function as jurors. In addition, it is suggested that the instructions may include such points as note taking, the elements of the crime charged, presumption of innocence, burden of proof, and credibility. Furthermore, if a specific defense is raised by evidence presented during trial, the judge may want to instruct on the elements of the defense immediately after it is presented to enable the jury to properly evaluate the specific defense. *See also* Pennsylvania Suggested Standard Criminal Jury Instructions, Chapter II.

Final Report explaining the July 7, 2015 amendment regarding the use of personal communications devices and computers by the jurors published with the Court's Order at 45 Pa.B. 3985 (July 25, 2015).

FINAL REPORT¹

New Pa.Rs.Crim.P. 626 and 627, Amendments to Pa.Rs.Crim.P. 631, 632, and 647, Revision to the Comment to Pa.R.Crim.P. 646, and Renumbering of Pa.R.Crim.P. 630

Personal Electronic Devices in the Courtroom by Jurors

On July 7, 2015, effective October 1, 2015, upon the recommendation of the Criminal Procedural Rules Committee, the Court adopted new Rules of Criminal Procedure 626 (Preliminary Instructions to Prospective Jurors) and 627 (Sanctions for Use of Prohibited Electronic Devices), amended Rules 631 (Examination and Challenges of Trial Jurors), 632 (Juror Information Questionnaire) and 647 (Request for Instructions, Charge to the Jury, and Preliminary Instructions), revised the Comment to Rule 646 (Material Permitted in Possession of the Jury), and renumbered Rule 630 (Juror Qualification Form, Lists of Trial Jurors, and Challenge to the Array) to Rule 625 to provide for instructions to prospective and selected jurors concerning the use of personal communications devices during their service. These rule changes had been proposed in conjunction with a similar package of rule changes proposed by the Civil Procedural Rule Committee.²

The increased use of personal electronic devices, often with Internet access, such as the iPhone and iPad, has raised new issues regarding their use in the courtroom. In 2010, the Court wrote to the chairs of the Civil Procedural Rules Committee and the Criminal Procedural Rules Committee alerting the Committees to a number of complaints about problems arising from jurors' inappro-

appropriate use of electronic devices during their service as jurors. The Court directed both Committees to consider whether any rule changes were warranted to address these problems. As a result, a Joint Subcommittee of the Civil and Criminal Rules Committees was formed to examine the issues that have arisen and determine if any procedural rules changes are needed to address these issues.³ A major part of the Joint Subcommittee examination of these issues was the use of this technology by jurors. Both Committees approved the recommendations of the Joint Subcommittee for publication, which was accomplished on January 21, 2012.⁴

The problems that arise with juror use of these devices are two-fold. The first danger is that a juror will use the device to conduct independent research during a trial. The second problem is the use of these devices to communicate with parties outside the courtroom, either by revealing the nature of the deliberations or other information that a juror should not divulge. The Committees concluded that the best way to approach this problem is through specially tailored jury instructions.

Originally, the Criminal Procedural Rules Committee considered a simple elaboration in the juror instruction rules. However, given the ease of access to information that these devices provide, waiting until a juror is actually seated may be too late in the process. This conclusion was coupled with anecdotal reports that some jurors found to have misused these devices, when confronted, expressed surprise that a ban on outside information included "looking things up on the Internet."

The Committee concluded that intervention, in the form of clear instructions, should be at the earliest stage possible. Therefore, the rule changes provide that prospective jurors be advised upon their first interaction with the courts with frequent repetition concerning the prohibited activity. This includes initial instructions when they first arrive as prospective jurors together with instructions on the juror summons itself. These instructions will be reiterated when they are selected as part of a jury "pool" and finally when they are impaneled jurors. There is also encouragement to the trial judge to issue warnings at recesses to reinforce the restrictions.

The restrictions on jurors prohibit the use of communications devices during court proceedings and in the deliberation room and would also prohibit conducting independent research and discussion of the case outside the deliberation room generally. The jurors are also to receive specific instructions against the use of the Internet by means of cell phone or other electronic device for these prohibited activities.

The Committee concluded that the most logical placement for new criminal rules would be in Chapter 6, Part C, Jury Procedures. In order to provide for sufficient room for the new rules, existing Rule 630 has been renumbered as Rule 625 and the new rules placed after it. The major substantive provisions of these changes are included in a new criminal rule, Rule 626, that describes the type of initial instructions to be given upon a prospective juror's first interaction with the courts and at various stages in the proceedings thereafter. Correlative amendments to Criminal Rule 631 require that these warnings be re-

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

² The changes to the Rules of Civil Procedures that the Court has adopted contemporaneously with these changes created new Civil Rules 220.1 and 220.2, amended and renumbered current Civil Rule 220.1, and amended current Civil Rule 223.1.

³ The Joint Subcommittee was comprised of representatives from both Committees and included a common pleas judge, two prosecutors, and several private practitioners. In addition to juror use of these devices, the Joint Subcommittee also examined the misuse of these devices in the courtroom by others, such as spectators. The Committees concluded that the question of controlling juror usage of these devices involves very different concerns as well as remedies than that of usage by others and therefore, the question has not been addressed in the present rule changes.

⁴ See 42 Pa.B. 380 (January 21, 2012).

peated at the beginning of *voir dire* and amendments to Criminal Rule 647 require the warnings to be repeated at the start of trial.⁵

Another area that the Committee considered was what types of sanctions would be available against jurors who violate this rule. The Committee concluded that the most likely enforcement mechanism would be the contempt of court process with the associated sanctions. However, the Committee wanted to make it clear that the judge has power to confiscate a device that was used to violate the restrictions. Accordingly, new Criminal Rule 627 authorizes the judge to hold someone in contempt for violation of the rules and to confiscate a device that is used to violate the rules.⁶

Finally, Rule 632 was amended to correct cross-references to Rule 631 and the Comment to Rule 647 was revised to correct the cross-reference to now-Rule 625.

COURT is the Court of Common Pleas, a court of record, which is assigned to hear dependency matters. Court shall include masters when they are permitted to hear cases under these rules. Juvenile court shall have the same meaning as court.

DILIGENT EFFORTS are the comprehensive and ongoing efforts made to identify and locate adult relatives and kin for a child until the permanency goal is achieved.

EDUCATIONAL DECISION MAKER is a responsible adult appointed by the court to make decisions regarding a child’s education when the child has no guardian or the court has limited the guardian’s right to make such decisions for the child. The educational decision maker acts as the child’s representative concerning all matters regarding education unless the court specifically limits the authority of the educational decision maker.

FAMILY FINDING is the ongoing diligent efforts of the county agency, or its contracted providers, to search for and identify adult relatives and kin, and engage them in the county agency’s social service planning and delivery of services, including gaining commitment from relatives and kin to support a child or guardian receiving county agency services.

FAMILY SERVICE PLAN is the document in which the county agency sets forth the service objectives for a family and services to be provided to a family by the county agency.

GUARDIAN is any parent, custodian, or other person who has legal custody of a child, or person designated by the court to be a temporary guardian for purposes of a proceeding.

HEALTH CARE is care related to any medical need including physical, mental, and dental health. This term is used in the broadest sense to include any type of health need.

JUDGE is a judge of the Court of Common Pleas.

JUVENILE PROBATION OFFICER is a person who has been appointed by the court or employed by a county’s juvenile probation office, and who has been properly commissioned by being sworn in as an officer of the court to exercise the powers and duties set forth in Rule 195, the Juvenile Act, and the Child Protective Services Law.

An "educational decision maker" is to be appointed by court order. The scope of the appointment is limited to decisions regarding the child's education. The educational decision maker acts as the child's spokesperson on all matters regarding education unless the court specifically limits the authority of the educational decision maker. The educational decision maker holds educational and privacy rights as the child's guardian for purposes of 20 U.S.C. § 1232g and 34 C.F.R. § 99.3. See also Rule 1147(C) for the duties and responsibilities of an educational decision maker.

The definition of "family finding" is derived from 62 P. S. § 1302.

Diligence is to include utilizing reasonable resources available when engaging in family finding, never ceasing efforts until multiple relatives and kin are identified, and going beyond basic searching tools by exploring alternative tools and methodologies. "Diligent efforts" is to include, but not limited to, interviews with immediate and extended family and kin, genograms, eco-mapping, case mining, cold calls, and specialized computer searches.

It is insufficient to complete only a basic computer search or attempt to contact known relatives at a last-known address or phone number.

For multiple resources efforts that may be utilized, see Commonwealth of Pennsylvania, Department of Public Welfare, Office of Children, Youth and Families Bulletin, No. 3130-12-03, issued May 11, 2012, effective July 1, 2013; Seneca Family Finding, which may be found at www.familyfinding.org, or Legal Services Initiative, diligent search packet, Statewide Adoption and Permanency Network, which may be found at www.diakon-swan.org.

Supporting a child under the definition of "family finding" means any type of aid, including but not limited to emotional, financial, physical, or psychological aid.

See also 62 P. S. § 1301 et seq. and 42 U.S.C. § 675 (Fostering Connections) to comply with state and federal regulations.

PART B(1). EDUCATION [AND], HEALTH, AND WELFARE OF CHILD

(Editor's Note: The following rule is new and printed in regular type to enhance readability.)

Rule 1149. Family Finding.

A. Court's inquiry and determination.

1) The court shall inquire as to the efforts made by the county agency to comply with the family finding requirements pursuant to 62 P. S. § 1301 et seq.

2) The court shall place its determinations on the record as to whether the county agency has reasonably engaged in family finding.

B. Discontinued family finding. Family finding may be discontinued only if, after a hearing, the court has made a specific determination that:

1) continued family finding no longer serves the best interests of the child;

2) continued family finding is a threat to the child's safety; or

3) the child is in a preadoptive placement and the court proceedings to adopt the child have been commenced pursuant to 23 Pa.C.S. Part III (relating to adoption).

C. Resuming family finding. The county agency shall resume family finding when the court determines that resuming family finding:

1) is best suited to the safety, protection and physical, mental, and moral welfare of the child; and

2) does not pose a threat to the child's safety.

Comment

Pursuant to paragraph (A), efforts by the county agency may include, but are not limited to whether the county agency is or will be: a) searching for and locating adult relatives and kin; b) identifying and building positive connections between the child and the child's relatives and kin; c) when appropriate: i) supporting the engagement of relatives and kin in social service planning and delivery of services; and ii) creating a network of extended family support to assist in remedying the concerns that led to the child becoming involved with the county agency; d) when possible, maintaining family connections; and e) when in the best interests of the child and when possible, keeping siblings together in care.

The extent to which the county agency is involved in the case when a child is still in the home is dependent on several variables and specific to each case. In some instances, the county agency is more involved and actively engaged in family finding because the child needs support services or could be removed from the home. The search in these instances is used to find resources to help keep the child in the home by preventing removal, or to find resources if removal becomes necessary.

See 62 P. S. § 1301 for legislative intent regarding family finding and promotion of kinship care.

Family finding is required for every child when a child is accepted for services by the county agency. See 62 P. S. § 1302. It is best practice to find as many kin as possible for each child. These kin may help with care or support for the child. The county agency should ask the guardian,

the child, and siblings about relatives or other adults in the child's life, including key supporters of the child or guardians.

Specific evidence should be provided indicating the steps taken to locate and engage relatives and kin. See Comment to Rule 1120 regarding diligent efforts considerations for locating relatives and kin. When considering the method by which relatives and kin are engaged in service planning and delivery, courts and the parties are encouraged to be creative. Strategies of engagement could include, but are not limited to, inviting relatives and kin to: 1) be involved in a family group decision making conference, family team conferencing, or other family meetings aimed at developing or supporting the family service plan; 2) assist with visitation; 3) assist with transportation; 4) provide respite or child care services; or 5) provide actual kinship care.

Pursuant to paragraph (A)(2), the court is to place its determinations on the record as to whether the county has reasonably engaged in family finding. The level of reasonableness is to be determined by the length of the case and time the county agency has had to begin or continue the process. For example, at the shelter care hearing, the county agency should at least ask the question whether there is family or kin available as a resource. The initial removal of the child is the most critical time in the case. Potential trauma should be considered and ameliorated by family finding efforts as much as possible. Phone calls at this time are reasonable. However, at the dispositional or permanency hearings, the county agency has had more time to engage in a more thorough diligent search as discussed *infra*. See also Rule 1120 and its Comment.

The court's inquiry and determination regarding family finding should be made at each stage of the case, including, but not limited to the entry of an order for protective custody, shelter care hearing, adjudicatory hearing, dispositional hearing, and permanency hearing. See Rules 1210, 1242, 1408, 1409, 1512, 1514, 1515, 1608, 1609, 1610, and 1611, and their Comments.

Paragraph (B)(3) is meant to include notice of intent to adopt, petition to adopt, or voluntary relinquishment of parental rights, or consent to adopt.

B. Finding of court.

1) A child may be taken into protective custody by court order when the court determines that removal of the child is necessary for the welfare and best interests of the child.

2) **At the time the court issues a protective custody order, the court shall inquire as to whether family finding efforts pursuant to Rule 1149 have been initiated by the county agency.**

3) The order may initially be oral, provided that it is reduced to writing within twenty-four hours or the next court business day.

C. Law enforcement. The court may authorize a search of the premises by law enforcement or the county agency so that the premises may be entered into without authorization of the owner for the purpose of taking a child into protective custody.

- 5) the reasons for taking the child into protective custody;
- 6) a finding whether reasonable efforts were made to prevent placement of the child; **[and]**

E. Execution of order. The court shall specify:

- 3) **who shall execute the order.**

Comment

See 42 Pa.C.S. § 6324 for statutory provisions concerning taking into custody.

For a discussion of the due process requirements for taking a child into emergency custody, see *Patterson v. Armstrong County Children and Youth Services*, 141 F. Supp. 2d 512 (W.D. Pa. 2001).

The court is to determine whether reasonable efforts, **including services and family finding efforts**, were made to prevent placement or in the case of an emergency placement where services were not offered and could not have prevented the necessity of placement, whether this level of effort was reasonable due to the emergency nature of the situation, safety considerations and circumstances of the family. 42 Pa.C.S. § 6332.

See also *In re Petition to Compel Cooperation with Child Abuse Investigation*, 875 A.2d 365 (Pa. Super. Ct. 2005).

Pursuant to paragraph (D)(8), the county agency should be looking for family and kin as a resource to aid and assist the family to prevent removal of the child from the home. When removal of the child

is necessary, placement with family and kin will help reduce the potential trauma of the removal from the home. See Rule 1149 regarding family finding requirements.

* * * * *

C. *Findings.* The court shall determine whether:

1) there are sufficient facts in support of the shelter care application;

2) **the county agency has reasonably engaged in family finding;**

[2] 3) custody of the child is warranted after consideration of the following factors:

a) remaining in the home would be contrary to the welfare and best interests of the child;

b) reasonable efforts were made by the county agency to prevent the child's placement;

c) the child's placement is the least restrictive placement that meets the needs of the child, supported by reasons why there are no less restrictive alternatives available; and

d) the lack of efforts was reasonable in the case of an emergency placement where services were not offered;

[3] 4) a person, other than the county agency, submitting a shelter care application, is a party to the proceedings; and

[4] 5) there are any special needs of the child that have been identified and that the court deems necessary to address while the child is in shelter care.

D. *Prompt hearing.* The court shall conduct a hearing within seventy-two hours of taking the child into protective custody.

E. *Court order.* At the conclusion of the shelter care hearing, the court shall enter a written order [set] setting forth:

1) its findings pursuant to paragraph (C);

2) any conditions placed upon any party;

3) **any orders regarding family finding pursuant to Rule 1149;**

[3] 4) any orders for placement or temporary care of the child;

[4] 5) any findings or orders necessary to ensure the stability and appropriateness of the child's education, and when appropriate, the court shall appoint an educational decision maker pursuant to Rule 1147;

[5] 6) any findings or orders necessary to identify, monitor, and address the child's needs concerning health care and disability, if any, and if parental consent cannot be obtained, authorize evaluations and treatment needed; and

[6] 7) any orders of visitation.

Comment

Pursuant to paragraph (B)(4), it is expected that the parties be present. Only upon good cause shown should advanced communication technology be utilized.

Pursuant to paragraph (C), the court is to make a determination that the evidence presented with the shelter care application under Rule 1240 is supported by sufficient facts. After this determination, the court is to determine whether the custody of the child is warranted by requiring a finding that: 1) remaining in the home would be contrary to the health and welfare of the child; 2) reasonable efforts were made by the county agency to prevent the placement of the child; 3) the child was placed in the least restrictive placement available; and 4) if the child was taken into emergency placement without services being offered, the lack of efforts by the county agency was reasonable. Additionally, the court is to state the reasons why there are no less restrictive alternatives available.

Family finding is to be initiated prior to the shelter care hearing. See Comment to Rule 1149 as to level of reasonableness.

Pursuant to paragraph (C)(2), the court is to make a determination whether the county agency has reasonably engaged or is to engage in family finding in the case. The county agency will be required to report its diligent family finding efforts

at subsequent hearings. See Rule 1149 for requirements of family finding. See also Rules 1408(2), 1512(D)(1)(h), 1514(A)(4), 1608(D)(1)(h), and 1610(D) and their Comments for the court's findings as to the county agency's satisfaction of the family finding requirements and Rules 1210(D), 1409(C) and 1609(D) and Comments to Rules 1408, 1409, 1512, 1514, 1515, 1608, 1609, 1610, and 1611 on the court's orders.

Pursuant to paragraph [(C)(3)] (C)(4), the court is to determine whether or not a person is a proper party to the proceedings. Regardless of the court's findings on the party status, the court is to determine if the application is supported by sufficient evidence.

CHAPTER 13. PRE-ADJUDICATORY PROCEDURES

PART C. PETITION

Rule 1330. Petition: Filing, Contents, Function, Aggravated Circumstances.

* * * * *

B. Petition contents. Every petition shall set forth plainly:

- 1) the name of the petitioner;
- 2) the name, date of birth, and address of the child, if known;

- 4) if a child is Native American, the child's Native American history or affiliation with a tribe;
- 5) a statement that:
 - a) it is in the best interest of the child and the public that the proceedings be brought;
 - b) the child is or is not currently under the supervision of the county agency;
- 6) a statement detailing family finding efforts and, if the county agency is seeking placement:
 - a) the reasonable efforts made to prevent placement; and
 - b) why there are no less restrictive alternatives available;

[6] 7) a concise statement of facts in support of the allegations for which the petition has been filed;

- a) facts for each allegation shall be set forth separately;
- b) the relevant statute or code section shall be set forth specifically for each allegation;

[7] 8) a verification by the petitioner that the facts set forth in the petition are true and correct to the

petitioner's personal knowledge, information, or belief, and that any false statements are subject to the penalties of the Crimes Code, 18 Pa.C.S. § 4904, relating to unsworn falsification to authorities;

[8] 9) the signature of the petitioner and the date of the execution of the petition; and

[9] 10) the whereabouts of the child unless disclosure is prohibited by court order and if taken into custody, the date and time thereof.

C. Aggravated circumstances. A motion for finding of aggravated circumstances may be brought in the petition pursuant to Rule 1701(A).

Comment

Petitions should be filed without unreasonable delay.

Under paragraph (A)(2), a petition is to be filed twenty-four hours after the shelter care hearing if the requirements of (A)(2)(a) and (b) are met. Rule 1800 suspends 42 Pa.C.S. § 6331 only as to the time requirement of when a petition is to be filed.

Additionally, paragraph (A)(2) requires that the county agency file a petition. Any other person, other than the county agency, is to file an application to file a petition under Rule 1320. Rule 1800 suspends 42 Pa.C.S. § 6334, which provides any person may file a petition.

For the safety or welfare of a child or a guardian, the court may order that the addresses of the child or a guardian not be disclosed to specified individuals.

Pursuant to paragraph (B)(6), when the county agency is seeking placement, the petition is to include the reasonable efforts made to prevent placement, including efforts for family finding, and why there are no less restrictive alternatives available. See Rule 1149 for family finding requirements. See also Rule 1242(C)(2) & (3)(b) & (c) and Comments to Rules 1242, 1409, 1515, 1608, 1609, 1610, and 1611 for reasonable efforts determinations.

If a petition is filed after the county agency has discontinued family finding for non-court cases, the county agency is to aver reasons for the discontinuance in the petition. See 62 P. S. § 1302.2(a).

A motion for finding of aggravated circumstances may be brought in a dependency petition. See Rule 1701(A). If aggravated circumstances are determined to exist after the filing of a petition, a written motion is to be filed pursuant to Rules 1701 and 1344.

The aggravated circumstances, as defined by 42 Pa.C.S. § 6302, are to be specifically identified in the motion for finding of aggravated circumstances.

Rule 1408. Findings on Petition.

[After] The court shall enter findings, within seven days of hearing the evidence on the petition or

accepting stipulated facts by the parties [but no later than seven days, the court shall enter a finding]:

- 1) by specifying which, if any, allegations in the petition were proved by clear and convincing evidence[.]; and
- 2) its findings as to whether the county agency has reasonably engaged in family finding as required pursuant to Rule 1149.

Comment

Comment

* * * * *

Rule 1608 mandates permanency hearings at least every six months. It is best practice to have three-month hearings to ensure permanency is achieved in a timely fashion and the court is informed of the progress of the case. See Comment to Rule 1608.

Pursuant to paragraph (D)(1)(h), the court is to determine whether the county agency has reasonably satisfied the requirements of Rule 1149 regarding family finding. If the county agency has failed to meet the diligent family finding efforts requirements of Rule 1149, the court is to utilize its powers to enforce this legislative mandate. See 62 P.S. § 1301 et seq. See also Rules 1210(D)(8), 1242(E)(3), 1409(C), 1609(D), and 1611(C) and Comments to Rules 1242, 1408, 1409, 1514, 1515, 1608, 1609, 1610, and 1611.

Pursuant to paragraph [(D)(1)(h)] (D)(1)(i), the court is to address the child’s educational stability, including the right to an educational decision maker, 42 Pa.C.S. § 6301, 20 U.S.C. § 1439(a)(5), and 34 C.F.R. § 300.519. The court’s findings should address the child’s right to: 1) educational stability, including the right to: a) remain in the same school regardless of a change in placement when it is in the child’s best interest; b) immediate enrollment when a school change is in the child’s best interest; and c) have school proximity considered in all placement changes, 42 U.S.C. §§ 675(1)(G) and 11431 et seq.; 2) an educational decision maker pursuant to Rule 1147, 42 Pa.C.S. § 6301, 20 U.S.C. § 1439(a)(5), and 34 C.F.R. § 300.519; 3) an appropriate education, including any necessary special education, early intervention, or remedial services pursuant to 24 P.S. §§ 13-1371 and 13-1372, 55 Pa. Code § 3130.87, and 20 U.S.C. § 1400 et seq.; 4) the educational services necessary to support the child’s transition to independent living pursuant to 42 Pa.C.S. § 6351 if the child is sixteen or older; and 5) a transition plan that addresses the child’s educational needs pursuant to 42 U.S.C. § 675(5)(H) if the child will age out of care within ninety days.

Pursuant to paragraph [(D)(1)(i)] (D)(1)(j), the court is to address the child’s needs concerning health care and disability. The court’s findings should address the right of: 1) a child to receive timely and medically appropriate screenings and health care services pursuant to 55 Pa. Code §§ 3700.51 and 3800.32, and 42 U.S.C. § 1396d(r); 2) a child to a transition plan that addresses the child’s health care needs, and includes specific options for how the child can obtain health insurance after leaving care pursuant to 42 U.S.C. § 675(5)(H) if the child will age out of care within 90 days; and 3) a child with disabilities to receive necessary accommodations pursuant to 42 U.S.C. § 12132; 28 C.F.R. § 35.101 et seq., Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, and implementing regulations

at 45 C.F.R. § 84.1 et seq. In addition, the court is to ensure progress and compliance with the child’s case plan for the ongoing oversight and coordination of health care services under 42 U.S.C. § 622(b)(15).

Pursuant to the Juvenile Act, the court has authority to order a physical or mental examination of a child and medical or surgical treatment of a minor, who is suffering from a serious physical condition or illness which requires prompt treatment in the opinion of a physician. The court may order the treatment even if the guardians have not been given notice of the pending hearing, are not available, or without good cause inform the court that they do not consent to the treatment. 42 Pa.C.S. § 6339(b).

Pursuant to paragraph [(D)(1)(j)] (D)(1)(k), the court is to include siblings in its visitation schedule. See 42 U.S.C. § 671(a)(31), which requires reasonable efforts be made to place siblings together unless it is contrary to the safety or well-being of either sibling and that frequent visitation be assured if joint placement cannot be made.

2) The child’s placement is the least restrictive placement that meets the needs of the child, supported by reasons why there is no less restrictive alternative available; [and]

3) If the child has a sibling who is subject to removal from the home, whether reasonable efforts were made prior to the placement of the child to place the siblings together or whether such joint placement is contrary to the safety or well-being of the child or sibling;

4) The county agency has reasonably satisfied the requirements of Rule 1149 regarding family finding; and

[3] 5) One of the following:

a) Reasonable efforts were made prior to the placement of the child to prevent or eliminate the need for removal of the child from the home, if the child has remained in the home pending such disposition; or

b) If preventive services were not offered due to the necessity for emergency placement, whether such lack of services was reasonable under the circumstances; or

c) If the court previously determined that reasonable efforts were not made to prevent the initial removal of the child from the home, whether reasonable efforts are under way to make it possible for the child to return home.

B. *Aggravated circumstances.* If the court has previously found aggravated circumstances to exist and that reasonable efforts to remove the child from the home or to preserve and reunify the family are not required, a finding under paragraphs [(A)(3)(a)] (A)(5)(a) through (c) is not necessary.

See 42 Pa.C.S. §§ 6310, 6351.

When issuing a dispositional order, the court should issue an order that is “best suited to the safety, protection, and physical, mental, and moral welfare of the child.” 42 Pa.C.S. § 6351(a). Comment

* * * * *

Every child should have a concurrent plan, which is a secondary plan to be pursued if the primary permanency plan for the child cannot be achieved. *See* Comment to Rule 1512. For example, the primary plan may be reunification with the guardian. If the guardian does not substantially comply with the requirements of the court-ordered services, subsidized legal guardianship may be utilized as the concurrent plan. Because of time requirements, the concurrent plan is to be in place so that permanency may be achieved in a timely manner.

Pursuant to paragraph (D)(1)(h), the court is to determine whether the county agency has reasonably satisfied the requirements of Rule 1149 regarding family finding, including the location and engagement of relatives and kin at least every six months, prior to each permanency hearing. If the county agency has failed to meet the diligent family finding efforts requirements of Rule 1149, the court is to utilize its powers to enforce this legislative mandate. See 62 P. S. § 1301 *et seq.* See also Rules 1210(D)(8), 1242(E)(3), 1409(C), 1609(D), and 1611(C) and Comments to Rules 1242, 1408, 1409, 1512, 1514, 1515, 1609, and 1611.

When making its determination for reasonable efforts made by the county agency, the court is to consider family finding. See also Rules 1240(B)(6), 1242(C)(2) & (3)(b) & (c) and 1330(B)(6) and Comments to Rules 1242, 1330, 1409, 1515, 1609, and 1611 for reasonable efforts determinations.

Pursuant to paragraph (D)(2), a “petition to terminate parental rights” is a term of art used pursuant to 23 Pa.C.S. § 2511 and Pa.R.O.C. Rule 15.4 to describe the motion terminating parental rights. This does not refer to the “petition” as defined in Pa.R.J.C.P. 1120.

Comment

When issuing a permanency order, the court should issue an order that is "best suited to the safety, protection, and physical, mental, and moral welfare of the child." 42 Pa.C.S. § 6351(a). See *In re S.J.*, 906 A.2d 547, 551 (Pa. Super. Ct. 2006) (citing *In re Tameka M.*, 525 Pa. 348, 580 A.2d 750 (1990)), for issues addressing a child's mental and moral welfare.

Pursuant to paragraph (C), when making its determination for reasonable efforts made by the county agency, the court is to consider the extent to which the county agency has fulfilled its obligation pursuant to Rule 1149 regarding family finding. See also Rules 1240(B)(6), 1242(C)(2) & (3)(b) & (c), and 1330(B)(6) and Comments to Rules 1242, 1330, 1409, 1515, 1608, 1609, and 1610 for reasonable efforts determinations.

If the requirements of Rule 1149 regarding family finding have not been met, the court is to make necessary orders to ensure compliance by enforcing this legislative mandate. See 62 P.S. § 1301 et seq. See also Rules 1210(D)(8), 1242(E)(3), and 1409(C) and Comments to Rules 1242, 1408, 1409, 1512, 1514, 1515, 1608, 1609, and 1610.

Pursuant to paragraph [(C)] (D), the court's order is to address the child's educational stability, including the right to an educational decision maker. The intent of this paragraph is to ensure that the inquiry regarding the appointment of an educational decision maker is considered. Committee Explanatory Reports:

* * * * *

Final Report explaining the amendments to Rule 1635 published with the Court's Order at 45 Pa.B. 3987 (July 25, 2015).

EXPLANATORY REPORT

With the enactment of Act 55 of 2013 (P.L. 169, No. 25), the county agency is required to perform family finding on an ongoing basis in every case. These rule modifications and additions reflect these requirements and ensure the court is inquiring about family finding at each proceeding and making necessary orders to ensure compliance.

Rule 1120

Diligent Efforts, Family Finding, Kin, and Kinship Care have been defined to aid the practitioner in understanding their usage throughout the Rules.

The definition of "Family Finding," is derived from 62 P. S. § 1302.

The Comment to the rule provides examples of resources that may be utilized when performing diligent family finding searches. Counties should be creative when performing searches. Basic computer searches and attempting to contact relatives at last known addresses are insufficient as diligent family finding searches.

Rule 1149

This new rule sets forth the basic requirements of family finding. The court must inquire at each hearing whether the county agency has complied with the family finding requirements and whether it has been reasonably engaged in family finding. *See* paragraph (A).

Efforts made by the county agency should include whether it has or is currently searching for and locating adult relatives and kin; identifying and building positive connections between the child and the child's relatives and kin; when appropriate, supporting the engagement of relatives and kin in social service planning and delivery of services, and creating a network of extended family support to assist in remedying the concerns that led to the child becoming involved with the county agency; when possible, maintaining family connections; and when in the best interests of the child and when possible, keeping siblings together in care.

Paragraph (B) sets forth the requirements for discontinuing family finding and paragraph (C) provides when family finding should be resumed. *See* 62 P. S. § 1301 *et seq.*

Rule 1210

Prior to the initial removal of the child from the home, it is important to inquire whether the county agency has engaged in family finding. Reducing the initial trauma of removal from the home can be alleviated if there is an opportunity to place the child with family or kin when removal is necessary.

The county agency should be prepared to make a showing of its initial family findings efforts before the child is taken into protective custody.

The arrangement of the order of paragraphs (D) and (E) were changed. The contents of the order are now in paragraph (D) and the execution of the order is in paragraph (E).

Pursuant to paragraph (D), the court must place its findings and orders as to family finding in its court order for protective custody.

Rules 1240 & 1330

The shelter care application and the petition must include averments specifically detailing the efforts made by the county agency regarding family findings. Paragraphs (B)(6)(a) & (b) in both Rules 1240 and 1330 require averments addressing reasonable efforts made to prevent placement, including family finding efforts, and why there are no less restrictive alternatives available.

Rules 1242, 1408, 1409, 1512, 1514, 1515, 1608, 1609, 1610 & 1611

The county agency is required to report its diligent family findings efforts at each hearing. The court must make findings as to the county agency's reports to ensure family finding is occurring. A part of the reasonable efforts determination to prevent placement is that the county agency is engaging in family finding. If family finding efforts are not reasonable, the court must enter necessary orders to ensure compliance.

Rule 1512

When a child is placed outside of the home, the court is required to make specific findings. To prevent confusion of the duplicative requirements of Rule 1512(D)(2) and 1514(A), the requirements were deleted from 1512(D)(2) and replaced with a reference to Rule 1514(A), which lists the required finding of the court, including the new findings for Fostering Connections pursuant to paragraph (A)(3) and family findings under paragraph (A)(4).

Rule 1514 & 1608

With Act 115 of 2010 (P. L. 1140, No. 115), the court is required to make a determination that if a sibling of a child has been removed from the home and is in a different setting than the child, whether reasonable efforts have been made to place the child and the sibling of the child together or whether such joint placement is contrary to the safety and well-being of the child or sibling.

If the siblings are not placed together, the court is to order visitation no less than twice a month unless a finding is made that visitation is contrary to the safety or well-being of the child or sibling.

Rule 1611

The references in the Comment were changed to align with the arrangement of the paragraph order in Rule 1609.

Rule 1635

The county agency is to engage in family finding in resumption of jurisdiction cases unless the case was previously discontinued pursuant to Rule 1149(B). Family finding can be resumed if the requirements of Rule 1149(C) are met.

a) Additional Considerations. Before making its findings pursuant to paragraph (D)(2)(c), the court shall hear testimony or review evidence obtained as of the date of the hearing and entered into the record concerning the documented county agency's steps taken to ensure that:

i) there has been intensive, ongoing, and unsuccessful efforts made to return the child home or secure a placement for the child with a fit and willing relative, a legal guardian, or an adoptive parent;

ii) the foster family home or child-care institution is following the reasonable and prudent parent standard; and

iii) the child has had regular, ongoing opportunities to engage in age and developmentally appropriate activities.

b) Additional Requirements. Before making its findings pursuant to paragraph (D)(2)(c), the court shall ask the child about the child's desired permanency outcome;

c) Additional Findings. At each permanency hearing, based upon the considerations and requirements listed in paragraph (D)(2)(a) & (b) and any other evidence deemed appropriate by the court, the court shall state in open court on the record the following:

i) reasons why APPLA continues to be in the best permanency plan for the child; and

ii) compelling reasons why it continues to not be in the best interests of the child to return home; be placed for adoption; be placed with a legal guardian; or be placed with a fit and willing relative.

[2] 3) Additional findings for fifteen of last twenty-two months. If the child has been in placement for fifteen of the last twenty-two months, the court may direct the county agency to file a petition to terminate parental rights.

E. Advanced communication technology. Upon good cause shown, a court may utilize advanced communication technology pursuant to Rule 1129.

F. Family Service Plan or Permanency Plan.

1) The county agency shall review the family service plan or permanency plan at least every six months, including all family finding efforts pursuant to Rule 1149.

2) The family service plan or permanency plan shall identify which relatives and kin were included in its development and the method of that inclusion.

3) If the plan is modified, the county agency shall follow the filing and service requirements pursuant to Rule 1345.

4) The parties and when requested, the court, shall be provided with the modified plan at least fifteen days prior to the permanency hearing.

Comment

See 42 Pa.C.S. §§ 6341, 6351.

Permanency planning is a concept whereby children are not relegated to the limbo of spending their childhood in foster homes, but instead, dedicated effort is made by the court and the county agency to rehabilitate and reunite the family in a reasonable time, and failing in this, to free the child for adoption. *In re M.B.*, [449 Pa. Super. 507,] 674 A.2d 702 (Pa. Super. Ct. 1996) quoting *In re Quick*, [384 Pa. Super. 412,] 559 A.2d 42 (Pa. 1989).

To the extent practicable, the judge or master who presided over the adjudicatory and original dispositional hearing for a child should preside over the permanency hearing for the same child.

Pursuant to paragraph (A), courts are to conduct a permanency hearing every six months. Courts are strongly encouraged to conduct more frequent permanency hearings, such as every three months, when possible.

The court may schedule a three-month hearing or conference. At the three-month hearing, the court should ensure that: 1) services ordered at the dispositional hearing pursuant to Rule 1512 are put into place by the county agency; 2) the guardian who is the subject of the petition is given access to the services ordered; 3) the guardian is cooperating with the court-ordered services; and 4) a concurrent plan is developed if the primary plan may not be achieved.

A three-month hearing or conference is considered best practice for dependency cases and is highly recommended. The court should not wait until six months has elapsed to determine if the case is progressing. Time to achieve permanency is critical in dependency cases. In order to seek reimbursement under Title IV-E of the Social Security Act, 42 U.S.C. § 601 *et seq.*, a full permanency hearing is to be conducted every six months.

Every child should have a concurrent plan, which is a secondary plan to be pursued if the primary permanency plan for the child cannot be achieved. *See* Comment to Rule 1512. For example, the primary plan may be reunification with the guardian. If the guardian does not substantially comply with the requirements of the court-ordered services, subsidized legal guardianship may be utilized as the concurrent plan. Because of time requirements, the concurrent plan is to be in place so that permanency may be achieved in a timely manner.

Pursuant to paragraph (D)(1)(h), the court is to determine whether the county agency has reasonably satisfied the requirements of Rule 1149 regarding family finding, including the location and engagement of relatives and kin at least every six months, prior to each permanency hearing. If the county agency has failed to meet the diligent family finding efforts requirements of Rule 1149, the court is to utilize its powers to enforce this legislative mandate. *See* 62 P.S. § 1301 *et seq.* *See also* Rules 1210(D)(8), 1242(E)(3), 1409(C), 1609(D), and 1611(C) and Comments to Rules 1242, 1408, 1409, 1512, 1514, 1515, 1609, and 1611.

When making its determination for reasonable efforts made by the county agency, the court is to consider family finding. *See also* Rules 1240(B)(6), 1242(C)(2) & (3)(b) & (c) and 1330(B)(6) and Comments to Rules 1242, 1330, 1409, 1515, 1609, and 1611 for reasonable efforts determinations.

Pursuant to paragraph (D)(2), additional considerations, requirements, and findings are to be made by the court when conducting a permanency hearing for a child who is sixteen years of age or older and has a permanency plan of APPLA. Under paragraph (D)(2)(a)(i), a fit and willing relative may include adult siblings. Diligent efforts to search for relatives, guardians, or adoptive parents are to be utilized. Pursuant to paragraph (D)(2)(A)(iii), when documenting its steps taken, the county agency is to include how it consulted with the child in an age appropriate manner about the opportunities of the child to participate in the activities. *See* Rule 1120 and Preventing Sex Trafficking and Strengthening Families Act (P.L. 113-183), 42 U.S.C. § 675 (2014).

Pursuant to paragraph [(D)(2)] (D)(3), a “petition to terminate parental rights” is a term of art used pursuant to 23 Pa.C.S. § 2511 and Pa.R.O.C. Rule 15.4 to describe the motion terminating parental rights. This does not refer to the “petition” as defined in Pa.R.J.C.P. 1120.

The court is to move expeditiously towards permanency. A goal change motion may be filed at any time.

In addition to the permanency hearing contemplated by this rule, courts may also conduct additional and/or more frequent intermittent review hearings or status conferences, which address specific issues based on the circumstances of the case, and which assist the court in ensuring timely permanency.

A President Judge may allow Common Pleas Judges to “wear multiple hats” during a proceeding by conducting a combined hearing on dependency and Orphans’ Court matters. *See* 42 Pa.C.S. § 6351(i); *see also In re Adoption of S.E.G.*, [587 Pa. 568,] 901 A.2d 1017 (Pa. 2006), where involuntary termination occurred prior to a goal change by the county agency.

For family service plan requirements, see 55 Pa. Code §§ 3130.61 & 3130.63.

See 42 U.S.C. § 675(5)(A)—(H) for development of a transition plan pursuant to paragraph (D)(1)(k).

See Rule 1136 regarding *ex parte* communications.

See Rule 1610 for permanency hearing for children over the age of eighteen.

EXPLANATORY REPORT

Unless Pennsylvania receives an extension on the implementation date of the new federal legislation, Preventing Sex Trafficking and Strengthening Families Act, P.L. 113-183, on September 29, 2015, several requirements in APPLA cases must be met for children sixteen years of age or older at each permanency hearing. It should be noted that children under the age of sixteen will no longer be permitted to have a permanency plan of APPLA. *See* 42 U.S.C. § 675.

The county agency and the court are required to document, consider, ask, or make certain findings at each permanency hearing. When the county agency documents its requirements pursuant to paragraph (D)(2)(a), the county agency may testify from its case notes or submit a report to the court, whichever the court prefers. If the court requires the county agency to submit a report, the report should be entered into the record and distributed to all parties. It would be advisable for counties to develop a discovery process for these reports. The parties must have the opportunity to cross-exam the caseworker when a report is submitted.

The county agency must document its intensive, ongoing, and unsuccessful efforts to return the child home or secure a placement for the child with a fit and willing relative, a legal guardian, or an adoptive parent. A “fit and willing relative” includes adult siblings. *See* 42 U.S.C. § 675.

Additionally, the county agency must document its steps taken to ensure the child’s foster family home or child-care institution is following the reasonable and prudent parent standard. The “reasonable and prudent parent standard” is defined as the standard characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of the child while at the same time encouraging the emotional and developmental growth of the child, that a caregiver shall use when determining whether to allow a child in foster care under the responsibility of the county agency to participate in extracurricular, enrichment, cultural, and social activities. *See* 42 U.S.C. § 675.

Next, the county agency must document that the child has had regular, ongoing opportunities to engage in age or developmentally appropriate activities. “Age and developmentally appropriate activities” is defined as the activities or items that are generally accepted as suitable for children of the same chronological age or level of maturity or that are determined to be developmentally-appropriate for a child, based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group and in the case of a specific child, activities or items that are suitable for the child based on the developmental stages attained by the child with respect to the cognitive, emotional, physical, and behavioral capacities of the child. *See* 42 U.S.C. § 675.

The court must consider all the mandated documented steps taken by the county agency listed *supra*. In addition to considering the mandated documented steps placed upon the county agency, the court must ask the child

about the child's desired permanency outcome. Finally, the court shall state in open court on the record the reasons why APPLA continues to be the best permanency plan for the child and the compelling reasons why it continues to not be in the best interests of the child to return home, be placed for adoption, be placed with a legal guardian, or be placed with a fit and willing relative. *See* 42 U.S.C. § 675.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Community Services Block Grant Program's Proposed State Plan; Public Hearing

The Department of Community and Economic Development (Department) publishes notice of a public hearing to be held at 9 a.m. on Wednesday, August 5, 2015, in PUC Hearing Room 2, Plaza Level, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA. The purpose of this hearing is to receive comments on the proposed Pennsylvania Community Services Block Grant (CSBG) Program State Plan (State Plan) for Federal Fiscal Years 2016 and 2017.

The 2016-2017 State Plan will authorize the current formula-based distribution of Federal CSBG funding to each of the 44 designated CSBG agencies in this Commonwealth. The State Plan includes the following:

- Narrative description of the State and agency roles and responsibilities in administering the CSBG Program.

Second Substantial Amendment to the 2014 Action Plan; Public Meeting

The Department of Community and Economic Development (Department) is amending the Commonwealth's 2014 Action Plan for a second time. The Action Plan is the annual application to the United States Department of Housing and Urban Development (HUD) for Federal funds administered by the Commonwealth. Annually the Department prepares the Action Plan which outlines the method of distribution for Federal funding received by the Department. This Federal funding includes the HOME program. An Action Plan for these funds was finalized and submitted to HUD on July 7, 2014, and an amendment was submitted to HUD on July 1, 2015. The Department is proposing changes to the Method of Distribution for HOME which, according to the Pennsylvania Citizen Participation Plan for the Consolidated Plan, constitute a significant change in the distribution of funds under the HOME program and thus necessitate a substantial amendment to the original Action Plan.

Interested persons may view the substantial amendment at community.newpa.com/ or request a copy following the same procedures as listed under Written Comments.

Public Meeting

The public meeting for the substantial amendment will be conducted electronically by means of the Internet on Wednesday, July 29, 2015. Access to the discussion by means of the Internet will occur between 1 p.m. and 2 p.m. This more widely available computer access will

replace the onsite public meeting. The format will be more accessible than an in-person meeting because those who wish to make comment or discuss policy may participate directly from their electronic device or from a computer located at their public library.

Any individual or organization may give testimony or comments by means of the web about the proposed changes to the HOME program's Method of Distribution for 2014 funding. The Commonwealth encourages public participation in this process.

Anyone who wants to participate must register in advance. Contact Megan L. Snyder at (717) 720-7404 to receive registration instructions for the web meeting at least 24 hours prior to the meeting date. During the meeting, if support is required, call (717) 787-5327. The meeting will be shortened if there is no one to testify or there is minimal response.

Anyone who has a disability or limited English proficiency and wishes to participate in the public meeting

should contact Megan L. Snyder, Department of Community and Economic Development, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120-0225, (717) 720-7404 or TDD at (717) 346-0308 to discuss how the Department can accommodate their needs.

Written Comments

Written testimony, instead of web testimony, must be submitted by 5 p.m. on Monday, August 3, 2015. Submit comments to Megan L. Snyder, Department of Community and Economic Development, Center for Community Financing, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225, RA-DCED cdbg&homequestions@pa.gov.

The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of

this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Based on the derivation of a site-specific criterion for copper, according to the Water-Effect Ratio (WER) test results contained in the Media Borough Wastewater Treatment Plant (PA0024121) Copper Water Effect Ratio Study, Ridley Creek, Delaware County, Pennsylvania. April 2014, submitted (April 7, 2014) by Kleinfelder, Princeton, NJ, on behalf of Aqua Pennsylvania Wastewater, Inc, Bryn Mawr, Pennsylvania, and a subsequent reevaluation of reasonable potential, the copper limit for this discharge has been revised to monitor/report. The WER tests were conducted in accordance with the Interim Guidance on Determination and Use of Water-Effect Ratios for Metals (EPA-823-B-94-001, February 1994) and the Streamlined Water-Effect Ratio Procedure for Discharges of Copper (EPA-822-R-01-005, March 2001). The Department approved a final WER of 4.6 for total recoverable copper, which is based on the geometric mean of the water-effect ratio values determined during two bioassay tests conducted on test waters collected on September 9, 2013 and October 21, 2013.

The proposed effluent limits for Outfalls 002 and 003 are based on an average flow of stormwater.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for con-

tamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

AIR QUALITY

**PLAN APPROVAL AND OPERATING PERMIT
APPLICATIONS**

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received.

Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Plan Description: Approval of a revision to the Official Sewage Plan of Conestoga Township, Lancaster County. The 45 units are a mix of existing and proposed new units. This proposed method of sewage disposal will replace an existing wastewater treatment plant with a stream discharge to the Conestoga Creek now serving the property. The 210 acre Safe Harbor Village property is located on the east side of River Road, south of Route 324 in Conestoga Township, Lancaster County. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is A3-36913-145-2. Any required WQM Permits must be obtained in the name of Safe Harbor Partners, LP.

HAZARDOUS SITES CLEAN-UP UNDER THE ACT OF OCTOBER 18, 1988

Proposed Settlement—Delaware River Ash Spill Natural Resource Damages Among the Department of Environmental Protection, the Fish and Boat Commission, Talen Generation, LLC and Martins Creek, LLC

Lower Mount Bethel Township, Northampton County

Pursuant to section 1113 of the Pennsylvania Hazardous Sites Cleanup Act, Act of October 18, 1988, P. L. 756,

No. 108, 35 P. S. §§ 6020.101—6020.1305 (HSCA), 35 P. S. § 6020.1113, the Department of Environmental Protection (Department) hereby publishes Notice of a Proposed Settlement with Talen Generation, LLC, formerly known as PPL Generation, LLC, and Martins Creek, LLC, formerly known as PPL Martins Creek, LLC (Settlers) of claims for natural resource damages associated with the ash spill from Ash Basin No. 4 at the PPL Martins Creek Steam Electric Station that began on August 23, 2005.

Settlers owned and operated the Martins Creek Steam Electric Station located in Lower Mount Bethel Township, Northampton County, PA (Facility). The Facility consisted, in part, of two coal fired electric generating units (Units 1 and 2), which were decommissioned on September 15, 2007. Ash from the coal combustion was mixed with water and piped to large open outdoor impoundments for settling. Water was then discharged from the impoundments to the Delaware River pursuant to a National Pollution Discharge Elimination System (“NPDES”) permit from the Department.

On August 23, 2005, a wooden stop log in the discharge structure of Ash Basin No. 4 failed, causing an unpermitted and uncontrolled discharge of fly ash slurry from the Basin. Most of the fly ash slurry discharged directly into the Delaware River. Large amounts of fly ash slurry also ran across DePues Ferry Road, onto adjacent fields and into the Oughoughton Creek.

The Department filed a lawsuit against the Settlers on November 18, 2005 as a result of the spill in which it asserted claims for, among other things, natural resource damages. Most of that lawsuit, with the exception of the Department's claims for natural resource damages, was resolved on May 20, 2008 through a Consent Decree between the Department, Settlers and a group of citizen intervenors. Notice of the proposed settlement was published in the *Pennsylvania Bulletin* on March 3, 2007 (See 37 Pa.B. 1050).

Following the entry of the Consent Decree, the Department, working in conjunction with members of a Natural Resource Damage Assessment Team (NRDA Team), currently comprised of the Pennsylvania Department of Environmental Protection, the New Jersey Department of Environmental Protection, the Fish and Boat Commission (FBC) and the Delaware River Basin Commission acting as a consultant to the NRDA Team, prepared a report entitled, PPL Martins Creek Natural Resource Damage Assessment-Environmental Assessment and Restoration Plan (“NRDA Report”). The NRDA Report concluded that natural resource damages resulted from the spill and cleanup process. It further concluded that dam removal and mussel restoration projects would provide sufficient compensation to the public for those damages.

The Department, along with the NRDA Team, are now proposing a settlement with the Settlers to resolve outstanding claims for natural resource damages through a Consent Order and Agreement (“CO&A”). The total settlement amount for Natural Resource Damages will be \$1,325,200.00. The proposed CO&A requires the following:

a. Within twenty (20) calendar days after Settlers' receipt of an executed

CO&A from the Department and FBC, Settlers shall pay to the DRBC the sum of \$902,150.00, which, in addition to the payment in paragraph b below, shall constitute the “Settlement Payment”. The Settlement Payment shall be in full and complete settlement of

claims against the Settlers for compensation for any damages to, and restoration of, the lost value of, injury to, or destruction of Natural Resources, as that term is defined in Section 103 of HSCA, 35 P. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Draft Technical Guidance Document—Substantive Revision

DEP ID: 261-0300-101. **Title:** Land Recycling Program Technical Guidance Manual for Vapor Intrusion into Buildings from Groundwater and Soil under Act 2. **Description:** The Land Recycling Program Vapor Intrusion (VI) Guidance has been substantially revised to update scientific deficiencies of the current guidance. Screening values and the way they are calculated have been updated and there are multiple clarifications that have been made to language, definitions and procedures. Revising the VI guidance will help to avoid confusion for remediators and regional office staff about how to address the VI pathway under the Statewide health standard and the site-specific standard.

Draft Technical Guidance Document—Substantive Revision

DEP ID: 291-4100-001. **Title:** The Radiation Protection Compliance and Enforcement Guidance. **Description:** This guidance, which became effective on March 15, 1994, and was updated on November 26, 2005, establishes standard procedures for encouraging compliance with and enforcing the regulations in 25 Pa. Code, Subpart D, Article V (relating to radiological health), which the Bureau of Radiation Protection (Bureau) has the authority to administer. The Bureau's regulatory responsibilities are authorized by the Radiation Protection Act (35 P. S. §§ 7110.101—7110.703), the Radon Certification Act (63 P. S. §§ 2001—2014) and the Low-Level Radioactive Waste

Disposal Act (35 P. S. §§ 7130.101—7130.905). On March 31, 2008, Pennsylvania became an Agreement State. As a result, Pennsylvania is responsible for issuing a wider array of radioactive materials licenses and for conducting more in-depth inspections. The narrow scope of the existing document necessitates a revision to produce a broader document that will be applicable to the diverse types of violations that the Bureau has encountered since the existing document was last updated and to ensure that enforcement actions are consistent and appropriate. Thus, civil penalty matrices have been developed for each of the radiation protection focus areas to ensure that any civil penalty assessed is calculated in a manner that encourages compliance and improved operations at a facility.

Written Comments: Interested persons may submit written comments on this draft technical guidance document by Monday, August 24, 2015. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail, must include the originator's name and address. Commentators are urged to submit comments using the Department's online eComment system at www.ahs.dep.pa.gov/eComment. Written comments should be submitted to the Technical Guidance Coordinator, Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P. O. Box 2063, Harrisburg, PA 17105-2063, ecomment@pa.gov.

Contact: Questions regarding this action should be directed to Joseph Melnic, (717) 783-9730, jmelnic@pa.gov.

Effective Date: Upon publication as final in the *Pennsylvania Bulletin*.

DEPARTMENT OF TRANSPORTATION

Finding

Under section 2002 of The Administrative Code of 1929 (71 P. S. § 512) establishing the Department of Transportation (Department), the Deputy Secretary for Highway Administration, as delegated by the Secretary of Transportation, makes the following written finding:

The Department plans to construct the Central Susquehanna Valley Transportation (CSVT) Project be-

tween the Selinsgrove Interchange of U.S. Routes 11/15 in Monroe Township, Snyder County, and the PA Route 45 Interchange on PA Route 147 in West Chillisquaque Township, Northumberland County.

The CSVT project involves the construction of approximately 13 miles of new four-lane limited access highway that will connect U.S. Routes 11/15 near Selinsgrove (Snyder County) to U.S. Route 15 near Winfield (Union County) to PA Route 147 near Montandon (Northumberland County).

The proposed project will impact the following Section 4(f)/Section 2002 resources (that is, recreation area, wild-life or waterfowl refuge, or both, historic site, State forest land, State game land, wilderness area or public park):

- West Branch of the Susquehanna River National Recreation Trail (under the administrative/management jurisdiction of the National Park Service)

- *Proposed Use*—The construction of the proposed new CSVT multispan bridge structure over the river will require the placement of piers within the river. Additionally, a partial-width causeway will be constructed within the river during construction of the proposed bridge structure. The causeway will be removed upon completion of bridge construction activities.

- West Branch of the Susquehanna River State Water Trail (under the administrative/management jurisdiction of the Fish and Boat Commission)

- *Proposed Use*—The construction of the proposed new CSVT multispan bridge structure over the river will require the placement of piers within the river. Additionally, a partial-width causeway will be constructed within the river during construction of the proposed bridge structure. The causeway will be removed upon completion of bridge construction activities.

- Department of Conservation and Natural Resources (DCNR) Managed Islands within the West Branch of the Susquehanna River

- *Proposed Use*—A DCNR river island (identified by DCNR as SWB001) will be spanned by the proposed new CSVT bridge structure. The resulting impact to the island comes in the form of an easement that provides the Department the authority to construct, operate and maintain the CSVT River Bridge. The Department and DCNR shall have joint jurisdiction over approximately 48,832 square feet of the subject island to accommodate the proposed CSVT bridge.

- National Register (NR) of Historic Places eligible—Sunbury to Erie Division of the Pennsylvania Railroad

- *Proposed Use*—The NR-eligible railroad line will be spanned by the proposed new CSVT bridge structure by means of an aerial easement 280 feet wide, which totals approximately 0.50 acre across the NR boundary of the historic railroad line. There will also be temporary construction easements required to construct the proposed bridge structure totaling approximately 0.23 acre.

Section 4(f) documents have been developed for the previous impacts and also serve as the Section 2002 Evaluation required by section 2002(a)(15) of the Administrative Code of 1929. Based upon the studies, there is no feasible and prudent alternative to the use of the Section 2002 resources for the proposed project, and all reasonable steps have been taken to minimize the effects.

The Secretary has considered the environmental, economic, social and other effects of the proposed project as enumerated in section 2002 of The Administrative Code of 1929 and has concluded that all reasonable planning was completed to avoid, minimize or mitigate for the environmental effects that are likely to result from the construction of this section of highway.

R. SCOTT CHRISTIE, PE,
Deputy Secretary for
Highway Administration

GOVERNOR'S OFFICE

Regulatory Agenda

Executive Order 1996-1 requires all agencies under the jurisdiction of the Governor to submit for publication an agenda of regulations under development or consideration. Subsequent agendas will be published on the first Saturdays in February and July.

The agendas are compiled to provide members of the regulated community advanced notice of regulatory activity. It is the intention of the Administration that these agendas will serve to increase public participation in the regulatory process.

Agency contacts should be contacted for more information regarding the regulation and the procedure for submitting comments.

This Agenda represents the Administration's present intentions regarding future regulations. The nature and complexity of an individual regulation obviously will determine whether and when any particular regulation listed below (as well as any considered subsequent to publication of this Agenda) is published.

Administration of the Municipal Police Officers' Education and Training Program 37 Pa. The statute requires OVA to promulgate regulations concerning details on the operation of the program, which last occurred in June 2007. Given that fact, and given changes in technology and operations, OVA plans on updating these regulations and is in the initial drafting stages.	John Talaber (717) 787-8126

General Revisions (Act 73 and Act 15 Amendment) 49 Pa. Code Chapter 11 (16A-5513)	Spring 2016, as Final	This proposed rulemaking would implement the amendments to the CPA Law made by the act of July 9, 2008 (P. L. 954, No. 73) (Act 73), and the act of June 19, 2013 (P. L. 46, No. 15) (Act 15). Act 73 provided for practice in this Commonwealth under substantial equivalence by persons licensed in other states and provided new education and experience standards for licensure. Act 15 eliminated the requirement that applicants for licensure demonstrate 400 hours of experience in attest activity as a condition of licensure. Because the Board's existing regulations prohibit unlicensed practice with no mention of substantial equivalence and address the experience and education standards, the Board has concluded that it should amend its regulations to comport to the statutory changes made by Act 73 and Act 15. Schedule of Civil Penalties 49 Pa. Code Chapter 43b (16A-5514)	Spring 2016, as Final	On November 28, 1998, under authority of the act of July 2, 1993 (P. L. 345, No. 48) (Act 48), the Commissioner of Professional and Occupational Affairs published a schedule of civil penalties for certain violations of the CPA Law (63 P. S. §§ 9.1—9.16b) and the regulations of the State Board of Accountancy (Board). The schedule of civil penalties at § 43b.10a has been amended only once (in 2012). At this time, the Board is separately proposing a rulemaking (identified as 16A-5513) to amend certain of its substantive regulations relating to continuing education violations for which civil penalties are included in the schedule. The Commissioner has now determined, based upon the Board's proposed amendments to its regulations, that the Act 48 schedule of civil penalties for violations of the amended regulations require corresponding amendment. Under section 6(a) of the Auctioneer Licensing and Trading Assistant Registration Act (63 P. Schedule of Civil Penalties 49 Pa. Code § 43b.4 (16A-428)	Fall 2015, as Final-Omitted	This rulemaking would simply change the authority under which many of the current civil penalties are being issued from the statutory provision in the Barber License Law to the applicable provision in the regulations of the State Board of Cosmetology. General Revisions 49 Pa. Code Chapter 3 (16A-429)	Winter 2015/2016, as Proposed	The proposed rulemaking would update the regulations for barber managers, temporary student licenses, barber shops and schools of barbering. The amendments are needed to update obsolete provisions of the Board's regulations, as the regulations are at least 10 years old and some date back to 1931. Some of the regulations contain outdated terminology. Also, the Board would update the regulations to make them consistent with the Barber License Law and current practices of the Board and its licensees.	Kelly Diller (717) 783-7130

Chiropractic Specialties 49 Pa. Code Chapter 5 (16A-4312)	Fall 2015, as Proposed	The Chiropractic Practice Act prohibits licensees from holding themselves out as specialists unless they possess a post-graduate certification in that specialty. The proposed rulemaking would prohibit a chiropractor from advertising that the chiropractor holds certification or otherwise is a specialist in a chiropractic specialty unless the chiropractor holds certification or diplomate status from a specialty board recognized by the American Board of Chiropractic Specialties. These specialty boards all require passing a certification examination after either a full-time residency of at least 3 years or a part-time program of more than 300 hours of education and clinical practice. This proposal protects consumers of chiropractic services who can be misled by advertising of “certifications” that does not truly reflect advanced knowledge, training or skill. Child Abuse Reporting Requirements 49 Pa. Code §§ 5.91—5.96 (16A-4322)	Winter 2015/2016, as Proposed	This proposed regulation would update the Board’s existing regulations relating to mandatory reporting of suspected child abuse under the Child Protective Services Law (CPSL) to conform to recent amendments to the CPSL. Throughout 2014, numerous amendments were made to the CPSL as a result of the report of the Taskforce on Child Protection. S. § 625.507(a)) requires each licensed chiropractor to complete at least 24 hours of continuing chiropractic education within the immediately preceding 2-year period as a condition of biennial license renewal. This final rulemaking would expressly permit continuing education to be completed through courses offered by distance education, subject to Board approval, but limit it to 50% of the required hours. Radiological Procedures Examination 49 Pa. Code §§ 5.6 and 5.63 (16A-4324)	Spring 2016, as Final	Section 522(a)(ii) of the act (63 P. S. § 625.522(a)(ii)) prohibits auxiliary personnel from performing radiologic procedures on the premises of a chiropractor unless the person has passed an examination approved by the Board and administered by a third-party testing service. The proposed rulemaking would delete the fee for the radiological procedures examination and reference to the application forms and would require auxiliary personnel to submit applications and pay the fee directly to the testing service rather than applying to the Board. This change is needed to comport to actual practice.	Stephen Snyder (717) 783-7155

The Department has already published a notice of its intent to raise the thresholds from \$2,500 to \$3,000, effective January 1, 2017. This rulemaking would amend the regulations to reflect the updated threshold amounts.	Ian Everhart (717) 346-0462

The State Board of Cosmetology (Board) has participated in the Act 48 citation program from its inception in 1996 and has not increased the amounts in the schedule of civil penalties since they were originally promulgated. This would enable consistent application of the statute and would reduce litigation of purchase of service issues. *State Board of Pharmacy—
Collaborative Management of Drug Therapy;
Regulation No. 16A-5425 (#3006)*

On April 22, 2013, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Pharmacy (Board). This rulemaking amends 49 Pa. Code §§ 27.1, 27.301, 27.302, 27.311 and 27.312. The proposed regulation was published in the May 4, 2013 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on June 3, 2015.

This final regulation implements regulations mandated by Act 29 of 2010, which amended Section 9.3 of the Pharmacy Act (63 P. S. § 390-9.3) to provide for collabora-

tive drug therapy management in accordance with a written collaborative agreement between a physician and a pharmacist in a setting other than an institutional setting. The final regulation also clarifies and updates the liability insurance obligations for pharmacists engaging in the collaborative management of drug therapy in any setting.

We have determined this regulation is consistent with the statutory authority of the Board (63 P.S. §§ 390-6(k)(9) and 390-9.3) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

*Environmental Quality Board—
Land Reclamation Financial Guarantees and
Bioenergy Crop Bonding;
Regulation No. 7-489 (#3074)*

On October 7, 2014, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (Board). This rulemaking amends 25 Pa. Code Chapters 77, 86, 87, 88, 89, 90 and 211. The proposed regulation was published in the October 25, 2014 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on June 4, 2015.

This regulation implements Acts 95 and 157 of 2012 which provide voluntary incentives relating to reclamation bond coverage to meet the statutory bonding obligations required by the Surface Mining Conservation and Reclamation Act (SMCRA). The regulation also includes an update of citations as a result of the amendment of SMCRA.

We have determined this regulation is consistent with the statutory authority of the Board (71 P.S. § 510-20(b)) and the intention of the General Assembly. Having con-

sidered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

*Department of Conservation and Natural Resources—
State Forest Picnic Areas;
Regulation No. 7B-7 (#3072)*

On August 21, 2014, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Conservation and Natural Resources (Department). This rulemaking amends 17 Pa. Code. The proposed regulation was published in the September 6, 2014 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on June 5, 2015.

This regulation consolidates 17 Pa. Code, Chapter 21 (General Provisions) and Chapter 23 (State Forest Picnic Areas) to eliminate several redundancies and inconsistencies that exist between the two sets of regulations. In addition to merging the two chapters, the regulation reorganizes, updates, and clarifies certain State forest provisions.

We have determined this regulation is consistent with the statutory authority of the Department (71 P.S. §§ 1340.302, 1340.313 and 1340.502) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

**Board of Finance and Revenue Regulation #64-5
(IRRC #3091)**

**General Provisions; Tax and Other
Appeal Proceedings**

July 15, 2015

We submit for your consideration the following comments on the proposed rulemaking published in the May 16, 2015 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Board of Finance and Revenue (Board) to respond to all comments received from us or any other source.

1. Implementation procedures; Clarity.

This proposed rulemaking deletes 61 Pa. Code Chapter 701, relating to special rules of administrative practice and procedure, and replaces it with Chapter 702, relating to general provisions, and Chapter 703, relating to tax and other appeal proceedings. Section 702.1 and 702.2 explain the scope of Chapter 702 and note that it shall be liberally construed. As written, these sections do not apply to Chapter 703. Is that the intent of the Board? We ask the Board to clarify this in the Preamble to the final-form rulemaking. If the scope and liberal construction provisions are meant to be applicable to Chapter 703 as well, the Board should amend the rulemaking to make that fact clear to the regulated community.

In addition, § 702.1(b) states that Chapter 702 supersedes the General Rules of Administrative Practice and Procedure (GRAPP) in 1 Pa. Code Part II. If so, then why is the supersession language in subsection (c) necessary? This same issue arises throughout numerous sections of Chapter 702 and 703. In the Preamble to the final-form rulemaking, we ask the Board to explain how these rules will be implemented in relationship to GRAPP, and if appropriate, to delete the suppression language found in the numerous sections of both chapters.

2. Consistency with statute; Implementation procedures; Clarity.

In order for a person to participate in appeal proceedings before the Board, that person must understand and comply with the regulations of the Board and Article XXVII of the Tax Reform Code of 1971. 72 P. S. §§ 9701—9901. The proposed rulemaking includes and expands upon certain provisions of Article XXVII, but is silent on other provisions. For example, the proposed rulemaking does not provide time frames for when petitions for reassessments must be filed or when a decision and order must be issued by the Board. This framework could be confusing to those not familiar with the nuances of the tax appeal environment in the Commonwealth. We believe it would be beneficial to the regulated community if they could rely on one document, the Board's regulations, to understand how to effectively file an appeal and participate before the Board. To improve the overall clarity of the regulation and to assist the regulated community with participation and compliance with the

Commonwealth's tax appeal process, we recommend that the Board amend this regulatory package to more accurately reflect all aspects of it.

3. Determining whether the regulation is in the public interest.

Section 5.2 of the RRA (71 P. S. § 745.5b) directs this Commission to determine whether a regulation is in the public interest. When making this determination, the Commission considers the information a promulgating agency is required to provide under § 745.5(a) in the regulatory analysis form (RAF). As required by Item 12 of the RAF, we ask the Board to provide a comparison of this regulation to those of other states. We also ask the Board to update its response as to the expected delivery date of the final-form regulation in Item 29 of the RAF.

CHAPTER 702. GENERAL PROVISIONS

4. Section 702.3. Definitions.—Clarity.

The term “business day” is defined as a “day on which the Board's office is *scheduled* to be open . . .” (Emphasis added.) What if the office is scheduled to be open but then closes? We recommend that the phrase “scheduled to be” be deleted from the final-form rulemaking.

The terms “confidential proprietary information” and “trade secret” are taken from Section 102 of Pennsylvania's Right-to-Know Law and are defined as such by reference to that law. 65 P. S. § 67.102. The term “personal financial information” is a verbatim recitation of the same term from the Right-to-Know Law, but it does not include any reference to the Right-to-Know Law. We ask the Board to be consistent in the way it defines terms that come from the Right-to-Know Law and believe the proposed definitions of “confidential proprietary information” and “trade secret” are appropriate. Also, since there are several references throughout the rulemaking to the Pennsylvania Right-to-Know Law, some with citations and some without, we recommend the Board include a definition for that statute.

The term “party” is broadly defined as “a person who appears in a proceeding before the Board.” Does the Board have persons who appear before it who are not parties? If so, the Board should amend this definition to provide a more accurate description of a party.

A commentator has noted that the terms “submission,” “document,” and “evidence” are used interchangeably throughout the rulemaking, but are not defined. We believe the clarity of the rulemaking would be improved if these terms are defined and used consistently.

5. Section 702.4. Filing generally.—Implementation procedures; Reasonableness; Clarity.

Subsection (b) states that when the Board “is of the opinion” that a filing is not sufficient, the filing may be accepted and the person submitting the filing will be required to correct the deficiency. The phrase “is of the opinion” is not regulatory language and should be replaced with a more definitive word or phrase.

Subsection (c) provides that the petitioner will accept the risk that a document filed electronically will not be properly filed. What if there is a delay in transmission because of a problem at the Board and through no fault of the petitioner? We agree with commentators that suggest this provision penalizes petitioners for circumstances that may be beyond their control and question the need for it.

6. Section 702.5. Board office hours.—Clarity.

Subsection (a) lists the Board's office hours "[u]nless otherwise directed by the Chairperson." We have two questions. First, what is the need for including Board office hours in a regulation? Second, how will a party be notified if the hours change?

7. Section 702.6. Oaths.—Implementation procedures; Clarity.

This provision allows a "Board member or the secretary" to administer oaths or affirmations with respect to a proceeding. Since the Secretary is a Board member, the reference to "the secretary" is not needed and should be deleted. In addition, will staff of the Board be permitted to administer oaths or affirmations? If so, the Board should make reference to that fact in this section of the rulemaking.

8. Section 702.8. Subpoenas and depositions.—Need; Clarity.

Subsection (a) states that the "Board does not possess the power to issue subpoenas or take depositions." Since the Board does not possess that power, we question the need for including this provision in the rulemaking.

9. Section 702.21. Representation.—Need; Clarity.

This section addresses who may appear before the Board in proceedings. Subsection (a) includes language taken directly from Section 2704(d.1) of the Tax Reform Code of 1971 and reads as follows: "Appearances in proceedings before the Board may be by the petitioner or by an attorney, accountant or other representative provided the representation does not constitute the unauthorized practice of law as administered by the Pennsylvania Supreme Court." 72 P.S. § 9704(d.1)(a). Commentators have suggested the rulemaking be amended to include examples of the types of arguments that non-attorneys can make before the Board and to specifically address the matter of negotiating compromises. Has the Board experienced problems with non-attorneys attempting to make arguments that only attorneys can make before the Board? What currently happens in situations where this occurs? Based on the Board's experience, is there a need to include clarifying language in the regulation? We ask the Board to answer these questions in the Preamble to the final-form rulemaking and to amend the regulation accordingly, if needed.

Subsections (e) and (f) require the prompt reporting of a change in representation or address. How should the report be made? The Board should specify the reporting method in the final-form rulemaking.

10. Section 702.22. Limited practice before the Board.—Clarity.

Under Subsection (a)(1), the Board may deny a representative the privilege of representing a party if that representative "lacked the requisite qualifications" to represent others. We ask the Board to clarify what qualifications are required to represent a party before the Board.

11. Section 702.31. Definitions.—Clarity.

This section of the proposed regulation provides definitions for the Board's rules on ex parte communication.

The term "ex parte communication" is defined as, "A communication, regarding the merits of a petition, outside of a public hearing, by one party with the Board or staff not in the presence of the other party." A commentator has suggested that both procedural and substantive issues be covered by this definition. Would the "merits" of a petition include both procedural and substantive issues? We ask the Board to clarify this in the final-form rulemaking.

12. Section 702.32. General rules.—Whether the regulation is consistent with the intent of the General Assembly.

Subsection (b) prohibits Board staff from participating in an ex parte communication and lists two exceptions to that rule. We note that Section 2704(d.3) of the Tax Reform Code of 1971 provides the statutory basis for ex parte communication and it does not provide any exceptions for Board members or staff. 72 P.S. § 9704(d.3). How is this subsection consistent with the intent of the General Assembly? Is there another statutory provision that would allow for this exception? If not, we ask the Board to delete this provision from the final-form rulemaking.

Subsection (d) requires Board staff to notify a party of an ex parte communication. How must the notification be made? The Board should specify the notification method in the final-form rulemaking.

CHAPTER 703. TAX AND OTHER APPEAL PROCEEDINGS

13. Section 703.2. Petition content.—Consistency with statute.

This section lists the items that must be included with a petition. Section 2704(d) of the Tax Reform Code also requires that a petition be supported by an affidavit of the petitioner or the petitioner's authorized representative. 71 P.S. § 9704(d). The Board should include this requirement in the final-form regulation.

Subsection (b) requires the petitioner to notify the Board when there is a change in address. The Board should specify the reporting method in the final-form rulemaking.

14. Section 703.5. Service.—Clarity.

Subsection (b) states that the Board will publish service instructions on its website. Regulations have the full force and effect of law and establish binding norms. We recommend that any service requirements that parties must abide by, including timelines, be promulgated as a regulation.

15. Section 703.6. Consolidation.—Implementation procedures; Clarity.

This section provides that the Board may consolidate "petitions, issues or proceedings" for the same petitioner, and "may structure a proceeding to avoid unnecessary costs or delay." What happens if one or both parties object to a consolidation? What does it mean to structure a proceeding? Would this be a process outside of this rulemaking? We ask the Board to clarify how this provision will be implemented in the final-form rulemaking.

16. Section 703.8. Withdrawal or termination of appeal.—Implementation procedures; Clarity.

Under this provision, a petitioner that wishes to terminate an appeal before a final decision is issued by the Board must submit a written request to withdraw the appeal. If a petitioner submits a request to terminate or withdraw an appeal, does the termination or withdrawal

become effective only after the Board rules on the request or immediately upon submission of the request by the petitioner? We ask the Board to explain how this provision will be implemented.

17. Section 703.11. Compromise generally.—Clarity.

Subsection (b) references the Board's website but does not provide the address. This reference also appears in § 703.51(b) (Publication of orders). The Board should either provide the address in those sections or add a definition for the Board's website.

Subsection (d) requires the "timely submission" of a completed Board Request for Compromise Form. What constitutes a timely submission? We recommend that the final-form regulation specify what is considered a timely submission.

18. Section 703.21. Prehearing conference.—Implementation procedures; Clarity.

Subsection (b) provides that Board staff will provide notice of a prehearing conference by telephone or electronic method. Would notice ever be made by a mail delivery service? Notice requirements should be consistently specified throughout the final-form rulemaking.

19. Section 703.31. Disposition of petitions.—Implementation procedures; Clarity.

Subsection (a) states that the petitions filed with the Board will be resolved by a written order of the majority of the Board. The proposed regulation does not specify time frames for when an order must be issued by the Board. If the Board decides to not adopt our second comment relating to providing a more detailed and complete regulatory package, we suggest that, at a minimum, the final regulation include time frames associated with the disposition of petitions.

Subsection (b) provides that a petitioner may request a hearing on the petition form "or subsequently, in writing." Is there a deadline for when a petitioner must submit a subsequent request for a hearing? If there is a deadline, we recommend that it be included in the final-form regulation.

20. Section 703.35. Failure to appear at hearing.—Clarity.

Under Subsection (a), if a party requests a hearing and fails to appear at the scheduled hearing, the opposing party may present its case to the Board at the scheduled hearing. It is unclear what procedures will be followed by the Board after such a hearing takes place. Would the Board issue an order in absence of hearing from the other party? We recommend that the Board include more detail on how petitions will be administered if a hearing takes place under the conditions of Subsection (a).

21. Section 703.43. Filing a request for consideration.—Implementation procedures; Clarity.

Subsection (b) provides that requests for reconsideration must be submitted electronically or by facsimile. Can a request be filed in person or by any form of mail delivery service as is permitted for other documents referenced in Section 702.4? The Board should make filing and submission methods consistent throughout the final-form rulemaking.

22. Section 703.45. Appeal Rights.—Clarity.

When a request for reconsideration is made, is the time period for filing an appeal stayed? How is the time period calculated when a request for reconsideration is denied?

23. Miscellaneous clarity.

There is a typographical error in the first sentence of § 703.52(a)(3): "Information identified by the petitioner as and that meets . . ." This should be corrected in the final-form regulation.

Regulation #16A-4713 (IRRC #3097)**

Renewal Fee

July 15, 2015

We submit for your consideration the following comments on the proposed rulemaking published in the May 16, 2015 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P. S. § 745.5b). Section 5.1(a) of the RRA (71 P. S. § 745.5a(a)) directs the State Registration Board for Professional Engineers, Land Surveyors and Geologists (Board) to respond to all comments received from us or any other source.

1. Determining whether the regulation is in the public interest; Economic or fiscal impacts; Direct and indirect costs to the private sector; Need for the regulation.

Section 5.2 of the RRA (71 P. S. § 745.5b) directs this Commission to determine whether a regulation is in the public interest. When making this determination, the Commission considers criteria such as economic or fiscal impact and reasonableness. To make that determination, the Commission must analyze the text of the Preamble and proposed regulation and the reasons for the new or amended language. The Commission also considers the information a promulgating agency is required to provide under Section 745.5(a) in the Regulatory Analysis Form (RAF). Some of the information contained in the RAF submitted with this rulemaking is not sufficient to allow this Commission to determine if the regulation is in the public interest.

In the RAF, the Board explains that in March 2014, the Department of State's Bureau of Finance and Operations (BFO) projected that the Board would end fiscal year 2013-2014 with a deficit of approximately \$226,000. BFO projected that the deficit would continue to grow thereafter.

The Professional Engineer, Land Surveyor and Geologist Registration Act (act) provides, in part:

. . . If the revenues generated by fees, fines and civil penalties imposed in accordance with the provisions of this act are not sufficient to match expenditures over a two-year period, the board shall increase those fees by regulation . . . such that the projected revenues will meet or exceed projected expenditures.

63 P. S. § 156(a).

BFO presented the Board with schedules and projections based on the possibility of increasing the renewal fee by \$75—from \$50 to \$125. The Board states it had concerns about implementing such an increase and, instead, chose to increase the biennial renewal fee by \$50 to \$100. However, the RAF and supporting documentation submitted by the Board are based on a renewal fee of \$125.

We ask the Board to provide with the final-form regulation a revised Preamble and revised RAF that include updated revenues and expenses, as well as BFO schedules based on the actual renewal fee that the Board intends to implement.

Comments from the regulated community oppose the fee increase, contending the increase will have an adverse fiscal impact on licensees of the Board. The House Professional Licensure Committee has requested information related to the Board's major cost centers, any significant increases in its expenditures, and any other measures the Board has considered that would help reduce the projected deficits. We ask the Board to provide more detailed information in the final-form Preamble and RAF to support the need for the regulation.

2. Clarity and lack of ambiguity; Implementation procedures and timetables for compliance.

The Board indicates throughout the RAF that the renewal fee will be increased in 2015. However, in the Preamble, the Board states that it anticipates the increased renewal fee will be implemented with the 2017 biennial renewal period. We ask the Board to clarify when the renewal fee will be implemented, and ensure that its responses to the RAF are consistent with the implementation timeframe.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Act 155 of 2014; Electric Generation Suppliers and Natural Gas Suppliers Annual Fee

The purpose of this Secretarial Letter is to confirm that electric generation suppliers (EGS) and natural gas suppliers (NGS) under the act of October 22, 2014 (P.L. 2545, No. 155) (Act 155) allow the Pennsylvania Public Utility Commission (Commission) to establish annual fees to fund the Commission's oversight of these suppliers. The Final Implementation Order regarding Act 155 adopted by the Commission on April 23, 2015 (Doc. No. M-2014-2448825) establishes a fee structure for the annual fee based on: (1) EGS and NGS gross intrastate operating revenues; and (2) a minimum fee of \$350 from each EGS and NGS firm regardless of reported gross intrastate operating revenues.

The \$350 minimum fee was due to the Commission by July 1, 2015.

However, due to inaccurate billing address information many EGSs and NGSs have failed to pay the \$350 minimum fee to the Commission. The Commission reminds suppliers that it is the responsibility of the supplier, as part of its license to do business in this Commonwealth, to maintain updated and current contact information with the Secretary of the Commission.

This contact information must include the: (1) full name of the supplier; (2) mailing address of the supplier; (3) billing address of the supplier; (4) physical location address of the supplier; (5) name and correct address of person with authority to receive service of official documents; (6) direct telephone number of a person with authority to speak to the Commission; and (7) current e-mail of a person with authority to communicate with the Commission. Failure to meet this responsibility to keep the Commission updated with current contact information can result in the supplier not receiving important documents from the Commission that could affect the continuance of the supplier's license to legally operate.

All EGS and NGS firms that have not yet paid the \$350 minimum fee must remit payment to the Commission no later than August 15, 2015. Checks shall be made payable to the "Commonwealth of Pennsylvania" and remitted by regular mail to the Pennsylvania Public Utility Commission, Bureau of Administrative Services/Fiscal, P.O. Box 3265, Harrisburg, PA 17105-3265 or express carriers to the Pennsylvania Public Utility Commission, Bureau of Administrative Services/Fiscal, 400 North Street, Harrisburg, PA 17120.

For Billing inquiries, contact Yvonne Hess, (717) 783-6190, yhess@pa.gov. For all other inquiries and information, contact Erin Laudenslager, (717) 705-4364, elaudensla@pa.gov.

As previously mentioned, the fee structure also includes an additional amount based on gross intrastate operating revenue. If an EGS or NGS firm has reported gross intrastate operating revenues for 2014, that supplier firm will receive a second invoice for that portion of the annual fee on or about August 31, 2015.

Chapter 14 Implementation; Doc. No. M-2014-2448824

At its June 11, 2015, public meeting, the Pennsylvania Public Utility Commission (Commission) adopted the Chapter 14 Final Implementation Order.

The act of October 22, 2014 (P. L. 2545, No. 155) (Act 155), effective on December 22, 2014, reauthorized and amended 66 Pa.C.S. Chapter 14 (relating to responsible utility customer protection).

Chapter 56 of 52 Pa. Code (relating to standards and billing practices for residential utility service) must be revised because 66 Pa.C.S. Chapter 14 supersedes a number of regulations in 52 Pa. Code Chapter 56, and the Commission is directed to revise 52 Pa. Code Chapter 56 and promulgate regulations to administer and enforce 66 Pa.C.S. Chapter 14. The Commission will promulgate a rulemaking to revise 52 Pa. Code Chapter 56. Parties will have an opportunity to participate in this proceeding when the Commission will consider and decide upon a number of issues regarding Act 155. However, some issues in Act 155 may be in need of more immediate Commission guidance as to their implementation and interpretation. As a result, in a January 15, 2015 Tentative Order, the Commission proposed to start addressing these more urgent issues. See Tentative Order, Chapter 14 Implementation, Doc. No. M-2014-2448824 (Order entered January 15, 2015) (Tentative Order).

In reviewing Act 155, the Commission identified in the Tentative Order the following two issues for immediate attention:

- 66 Pa.C.S. § 1403 (relating to definitions)—definition of “medical certificate”: The Commission is approving the “form” that a medical certificate must take.
- 66 Pa.C.S. § 1410.1(3) and (4) (relating to public utility duties): Utility reporting requirements concerning accounts with arrearages in excess of \$10,000 and annual reporting of medical certificate usage.

The Chapter 14 Final Implementation Order guidance on these two issues is on the Commission’s web site at www.puc.state.pa.us/pcdocs/1370491.doc.

The contact persons for this matter are Dan Mumford, Bureau of Consumer Services, (717) 783-1957, dmumford@pa.gov or Patricia T. Wiedt, Law Bureau, (717) 787-5755, pwiedt@pa.gov.

Pennsylvania Public Utility Commission, Bureau of Investigation and Enforcement v. Clair Zimmerman and Debra Sensenig, Copts t/a C & D Medical Transport; Secretarial Letter; Doc. Nos. C-2014-2408118, A-2009-2129165 and A-6411357

(Editor's Note: See 45 Pa.B. 4131 (July 25, 2015) for a cancellation notice relating to this Secretarial letter.)

On March 6, 2014, the Pennsylvania Public Utility Commission's (Commission) Bureau of Investigation and Enforcement instituted a Complaint against Clair Zimmerman and Debra Sensenig, Copts t/a C & D Medical Transport (C&D) at Doc. No. C-2014-2408118 for failure to maintain evidence of insurance on file with the Commission. This Complaint was served on C&D by means of certified mail at its mailing address on file with the Commission. The Complaint was subsequently returned by the United States Postal Service with the notation "no such number; unable to forward."

On March 25, 2014, the Complaint was re-served on C&D by means of first class mail. The Complaint was subsequently returned by the United States Postal Service with the notation "not deliverable as addressed; unable to forward."

By Secretarial Letter dated May 19, 2015, the Commission noted that an answer had not been filed in response to the Complaint. As a result, the Secretarial Letter stated the allegations of the Complaint were deemed admitted and the Complaint was sustained. C&D's Certificate of Public Convenience, issued at Doc. In addition, the letter stated that the Commission would ask the Department of Transportation to put an administrative hold on C&D's vehicle registrations. This Secretarial Letter was sent to the same address listed on the Complaint.

The Commission is concerned that C&D was not properly served with the Complaint. To ensure that C&D's due process rights are preserved, the Commission will serve this Secretarial Letter, together with the May 19, 2015, Secretarial Letter, by both certified mail and publication in the *Pennsylvania Bulletin*, under 52 Pa.
