READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 210—APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

[210 PA. CODE CHS. 15 AND 16]

Proposed Reorganization of Chapter 15 and Adoption of New Chapter 16

The Appellate Court Procedural Rules Committee is planning to propose to the Supreme Court of Pennsylvania the reorganization of Chapter 15 of the Rules of Appellate Procedure and the adoption of a new Chapter 16 of the Rules of Appellate Procedure.

Reorganized Chapter 15 would apply exclusively to appeals of administrative agency action, original jurisdiction actions cognizable in an appellate court in the nature of actions in equity, replevin, mandamus or quo warranto or for declaratory judgment, or upon writs of certiorari or prohibition, and appeals of certain other enumerated adjudications. Actions initiated under reorganized Chapter 15 would retain the existing name “petition for review.”

New Chapter 16 would apply to judicial review of all government unit action or inaction not otherwise permitted under Chapters 9, 11, 13 or reorganized Chapter 15, and would include certain existing initiating documents that under present practice are called “petitions for review” under Chapter 15 or another chapter, but that are ancillary and/or preliminary to appellate review, including: requests for review of refusal of interlocutory review under Pa.R.A.P. 341(c) and 1311(Note); review of bail orders under Pa.R.A.P. 1762; review of orders that find a double jeopardy claim to be frivolous under Pa.R.A.P. 1573; review of special prosecution orders under Pa.R.A.P. 3331; and review of out-of-home-placement of minors under Pa.R.A.P. 1770. Actions initiated under Chapter 16 would be called “petitions for limited review.” The residuary function previously assigned to Chapter 15 (i.e., that actions not initiated under some other chapter of the Rules of Appellate Procedure must fall within Chapter 15) would be assigned to new Chapter 16.

Proposed new material is in bold-faced type and deleted material is bracketed and in bold-faced type.

The Committee invites all interested persons to submit comments, suggestions, or objections. At this time, the Committee is soliciting input primarily on the concept of the reorganization of Chapter 15 and the creation of a new Chapter 16, rather than the form or content of individual rules. If, after the receipt and evaluation of comments received concerning the concept of the reorganization of Chapter 15 and the creation of a new Chapter 16, the Committee determines to move forward with the proposal, the Committee will republish the proposed amendments to Chapters 15 and new Chapter 16, and will publish for the first time proposed modifications to all of the other Rules in other chapters of the Rules of Appellate Procedure that are affected by the proposed changes to Chapter 15 and the adoption of new Chapter 16. At that time, the Committee will invite comment on the form and content of individual proposed rule changes in Chapters 15, 16, and all of the other affected rules in the Rules of Appellate Procedure.

Comments should be provided to:

Appellate Court Procedural Rules Committee
Pennsylvania Judicial Center

P. O. Box 62635

FAX: (717) 231-9551

All communications in reference to the proposal should be received by October 30, 2015. E-mail is the preferred method for submitting comments, suggestions, or objections; any emailed submission need not be reproduced and resubmitted via mail. The Committee will acknowledge receipt of all submissions.

TITLE 210. APPELLATE PROCEDURE PART I. RULES OF APPELLATE PROCEDURE ARTICLE II. APPELLATE PROCEDURE CHAPTER 15. JUDICIAL REVIEW OF GOVERNMENTAL DETERMINATIONS IN GENERAL

Rule 1501. Scope of Chapter.

(a) *General rule.*—Except as otherwise prescribed by [**Subdivisions**] paragraphs (b) and (c) of this rule, this chapter applies to **judicial review of the following government unit action or inaction:**

(1) Appeals from an administrative agency (within the meaning of Section 9 of Article V of the Constitution of Pennsylvania) to an appellate court **or pursuant to 42 Pa.C.S. § 763(b) (awards of arbitrators).**

(2) Appeals to an appellate court pursuant to 2 Pa.C.S. § 702 (appeals)[,] **or 42 Pa.C.S. § 5105 (right to appellate review) [or any other statute providing for judicial review of a determination of a government unit]**.

(3) Original jurisdiction actions heretofore cognizable in an appellate court by actions in the nature of equity, replevin, mandamus or quo warranto or for declaratory judgment, or upon writs of certiorari or prohibition.

(4) [**Matters designated by general rule, e.g., review of orders refusing to certify interlocutory orders for immediate appeal, release prior to sentence, appeals**] Appeals under Section 17(d) of Article II of the Constitution of Pennsylvania [**and review of special prosecutions or investigations**].

(5) **Appeals under 42 Pa.C.S. § 725(3) (final orders of the Minor Judiciary Education Board), 42 Pa.C.S. § 725(4) (final orders of the Pennsylvania Board of**

Law Examiners) and 42 Pa.C.S. § 725(5) (final order taxing expenses in attorney discipline matters).

(6) Appeals under Pa.R.J.A. No. 509(c)(5) (denial of access to Unified Judicial System financial records).

(b) *Appeals governed by other provisions of rules.*—This chapter does not apply to any appeal within the scope of:

(1) Chapter 9 [(appeals from lower courts)].

(2) Chapter 11 [(appeals from Commonwealth Court and Superior Court)].

(3) Chapter 13 [(interlocutory appeals by permission)], except that the provisions of this chapter and ancillary provisions of these rules applicable to practice and procedure on petition for review [, so far as they may be applied,] shall be applicable [: (a) where required by the Note to Rule 341 and the Note to Rule 1311; and (b)] after permission to appeal has been granted from a determination which, if final, would be subject to judicial review pursuant to this chapter.

(4) [Rule 1941 (review of death sentences).] Chapter 16

(5) Rule 1941

(c) *Unsuspending statutory procedures.*—This chapter does not apply to any appeal pursuant to the following statutory provisions, which are not suspended by these rules:

(1) [Section 137 of Title 15 of the Pennsylvania Consolidated Statutes (Court to pass upon rejection of documents by Department of State).] 15 Pa.C.S. § 137.

(2) The Pennsylvania Election Code.

(d) *Jurisdiction of courts unaffected.*—This chapter does not enlarge or otherwise modify the jurisdiction and powers of the Commonwealth Court or any other court.

[*Official Note:* This chapter applies to review of any “determination” of a “government unit” as defined in Rule 102 assuming, of course, that the subject matter of the case is within the jurisdiction of a court subject to these rules (see Subdivision (d) of this rule). A “determination” means “action or inaction by a government unit which action or inaction is subject to judicial review by a court under Section 9 of Article V of the Constitution of Pennsylvania or otherwise. The term includes an order entered by a government unit.” The term “government unit” is all inclusive and means “the Governor and the departments, boards, commissions, officers, authorities and other agencies of the Commonwealth, including the General Assembly and its officers and agencies and any court or other officer or agency of the unified judicial system, and any political subdivision or municipal or other local authority or any officer or agency of any such political subdivision or local authority. The term includes a board of arbitrators whose determination is subject to review under 42 Pa.C.S. § 763(b) (awards of arbitrators).” The term “administrative agency” is not defined in these rules, although the term is used in these rules as a result of its appearance in Section 9 of Article V of the Constitution of Pennsylvania.

Subdivision (a)(4) was added in 2004 to recognize the references in various appellate rules and accompanying notes to petition for review practice. For example, the Notes to Rules 341 and 1311 direct counsel to file a petition for review of a trial court or government agency order refusing to certify an interlocutory order for immediate appeal. Similarly, Rule 1762 directs the filing of a petition for review when a party seeks release on bail before judgment of sentence is rendered, see Rule 1762(b), and Rule 1770 directs the filing of a petition for review when a juvenile seeks review of placement in a juvenile delinquency matter. A petition for review is also the proper method by which to seek judicial review pursuant to Rule 3321 (regarding legislative reapportionment commission) and Rule 3331 (regarding special prosecutions or investigations). The 2004 and 2012 amendments clarify the use of petitions for review in these special situations.

Subdivision (b) of this rule is necessary because otherwise conventional appeals from a court (which is included in the scope of the term “government unit”) to an appellate court would fall within the scope of this chapter under the provisions of Paragraph (a)(2) of this rule.

Subdivision (c) expressly recognizes that some statutory procedures are not replaced by petition for review practice. Thus, matters brought pursuant to Section 137 of the Associations Code governing judicial review of documents rejected by the Department of State or pursuant to the Election Code are controlled by the applicable statutory provisions and not by the rules in Chapter 15. See 15 Pa.C.S. § 137; Act of June 3, 1937, P. L. 1333, as amended 25 P. S. §§ 2600—3591.

In light of Subdivision (d), where the court in which a petition for review is filed lacks subject matter jurisdiction (e.g., a petition for review of a local government question filed in the Commonwealth Court), Rules 741 (waiver of objections to jurisdiction), 751 (transfer of erroneously filed cases) and 1504 (improvident petitions for review) will be applicable. See also 42 Pa.C.S. § 5103.

The 2004 amendments are made to petition for review practice to address the evolution of judicial responses to governmental actions. As indicated in the Note to Rule 1502, when the Rules of Appellate Procedure were initially adopted, there was a “long history in the Commonwealth . . . of relatively complete exercise of the judicial review function under the traditional labels of equity, mandamus, certiorari and prohibition.” While such original jurisdiction forms of action are still available, their proper usage is now the exception rather than the rule because appellate proceedings have become the norm. Thus, the need to rely on Rule 1503 to convert an appellate proceeding to an original jurisdiction action and vice versa arises less often. Moreover, the emphasis on a petition for review as a generic pleading that permits the court to simultaneously consider all aspects of the controversy is diminished. The primary concern became making the practice for appellate proceedings more apparent to the occasional appellate practitioner. Accordingly, the rules have been amended to more clearly separate procedures for appellate proceedings from those applicable to original jurisdiction proceedings.

The responsibility of identifying the correct type of proceeding to be used to challenge a governmental action is initially that of counsel. Where precedent makes the choice clear, counsel can proceed with confidence. Where the choice is more problematic, then counsel should draft the petition for review so as to satisfy the directives for both appellate and original jurisdiction proceedings. Then the court can designate the proper course of action regardless of counsel's earlier assessment.]

Official Note: This chapter applies to appeals of administrative agency action, original jurisdiction actions cognizable in an appellate court in the nature of actions in equity, replevin, mandamus or quo warranto or for declaratory judgment, or upon writs of certiorari or prohibition, and appeals of other actions as enumerated in paragraph (a). The document that initiates the case under Chapter 15 is called a petition for review. Judicial review of all other government unit actions or inactions not otherwise permitted under Chapters 9, 11, 13 or 15, including those enumerated in Pa.R.A.P. 1601, is available under Chapter 16; the document that initiates the case under Chapter 16 is called a petition for limited review. The "residuary" initiating document function previously assigned to Chapter 15 is now assigned to Chapter 16.

Rule 1502. Exclusive Procedure.

The appeal and the original jurisdiction actions of equity, replevin, mandamus and quo warranto, the action for a declaratory judgment, and the writs of certiorari and prohibition are abolished insofar as they relate to matters within the scope of a petition for review under this chapter and are replaced by the petition for review. [The petition for review, insofar as applicable under this chapter, shall be the exclusive procedure for judicial review of a determination of a government unit.]

Official Note: This chapter recognizes that the modern label "appeal" has little significance in connection with judicial review of governmental determinations in light of the long history in this Commonwealth of relatively complete exercise of the judicial review function under the traditional labels of equity, mandamus, certiorari and prohibition. If the simple form of notice of appeal utilized in Chapter 9 (appeals from lower courts) were extended to governmental determinations without any requirement for the filing of motions for post-trial relief, a litigant who incorrectly selected the appeal label, rather than the equity, mandamus, replevin, or prohibition, etc. label, would probably suffer dismissal, because the court would be reluctant to try a proceeding in the nature of equity, mandamus, replevin, or prohibition, etc. in the absence of a proper pleading adequately framing the issues.

The solution introduced by these rules is to substitute a new pleading (the petition for review) for all of the prior types of pleading which seek relief from a governmental determination (including governmental inaction). Where the reviewing court is required or permitted to hear the matter de novo, the judicial review proceeding will go forward in a manner similar to an equity or manda-

mus action. Where the reviewing court is required to decide the questions presented solely on the record made below, the judicial review proceeding will go forward in a manner similar to appellate review of an order of a lower court. However, experience teaches that governmental determinations are so varied in character, and generate so many novel situations, that on occasion it is only at the conclusion of the judicial review process, when a remedy is being fashioned, that one can determine whether the proceeding was in the nature of equity, mandamus, prohibition, or statutory appeal, etc. The petition for review will eliminate the wasteful and confusing practice of filing multiple "shotgun" pleadings in equity, mandamus, prohibition, statutory appeal, etc., and related motions for consolidation, and will permit the parties and the court to proceed directly to the merits unencumbered by procedural abstractions.

Rule 1551 (scope of review) makes clear that the change in manner of pleading does not change the scope or standard of review of governmental determinations or otherwise affect the substantive rights of the parties.

It should be noted that a petition for review in the nature of mandamus or prohibition will lie against a lower court (which is a "government unit"), since such relief is not available under the rules cited in Rule 1501(b).

See 42 Pa.C.S. § 708(e) (single form of action) which provides as follows:

(e) Single form of action.—Where pursuant to general rules review of a determination of a government unit may be had by a petition for a review or another single form of action embracing the appeal and actions in the nature of equity, mandamus, prohibition, quo warranto or otherwise, the jurisdiction of the appellate court shall not be limited by the provisions of 1 Pa.C.S. § 1504 (relating to statutory remedy preferred over common law), but such provisions to the extent applicable shall limit the relief available.]

Rule 1503. Improvident Appeals or Original Jurisdiction Actions.

[If an appeal is taken from an order of a government unit, or if a complaint in the nature of equity, replevin, mandamus, or quo warranto, or a petition for a declaratory judgment or for a writ in the nature of certiorari or prohibition is filed against a government unit or one or more of the persons for the time being conducting its affairs objecting to a determination by any one or more of them] If a filing in a court that should be labeled as a petition for review is not so labeled, this alone shall not be a ground for dismissal. The [papers whereon the improvident matter was commenced] filing shall be regarded and acted upon as a petition for review [of such governmental determination] and as if filed at the time the improvident [matter was commenced] filing was made. The court may require that the [papers] filing be clarified by amendment.

Official Note: Based on 42 Pa.C.S. § 708 (improvident administrative appeals and other matters).

Rule 1504. Improvident Petitions for Review.

[If a petition for review is filed against any person, where] If a filing in a court is labeled as a petition for review but the proper mode of relief is an original jurisdiction action in equity, replevin, mandamus or quo warranto, or a petition for a declaratory judgment or for a writ of certiorari or prohibition, this alone shall not be a ground for dismissal[, but the papers whereon the improvident matter was commenced]. The filing shall be regarded and acted upon as a complaint or other proper process [commenced against such person] and as if filed at the time the improvident [matter was commenced] filing was made. The court may require that the [papers] filing be clarified by amendment.

Official Note: Based on 42 Pa.C.S. § 102 (definitions) (which includes petition for review proceedings within the statutory definition of “appeal”) and 42 Pa.C.S. § 708(b) (appeals). When the moving party files a clarifying amendment, the amendment will operate to specify that one form of action which the party elects to proceed on.

PETITION FOR REVIEW**Rule 1511. Manner of Obtaining Judicial Review of Governmental Determinations.**

Review under this chapter shall be obtained by filing a petition for review with the prothonotary of the appellate court within the time allowed by [Rule 1512 (time for petitioning for review)] Pa.R.A.P. 1512. Failure of a petitioner for review to take any step other than the timely filing of a petition for review does not affect the validity of the review proceeding, but is grounds only for such action as the appellate court deems appropriate, which may include dismissal of the review proceeding.

Rule 1512. Time for Petitioning for Review.

(a) *Appeals authorized by law.*—Except as otherwise prescribed by [subdivision] paragraph (b) of this rule:

(1) A petition for review of a quasijudicial order, or an order appealable under 42 Pa.C.S. § 763(b) (awards of arbitrators) or under any other provision of law, shall be filed with the prothonotary of the appellate court within 30 days after the entry of the order.

(2) If a timely petition for review of such an order is filed by a party, any other party may file a **cross** petition for review within 14 days of the date on which the first petition for review was served, or within the time otherwise prescribed by [subdivision] subparagraph (a)(1) of this rule, whichever period last expires.

(b) *Special appellate provisions.* A petition for review of:

(1) A determination of the Department of Community and Economic Development in any matter arising under the Local Government Unit Debt Act, 53 Pa.C.S. §§ 8001—8271, shall be filed within 15 days after entry of the order or the date the determination is deemed to have been made, when no order has been entered.

(2) A determination governed by [Rule 1571 (determinations of the Board of Finance and Revenue)] Pa.R.A.P. 1571 shall be filed within the appropriate period therein specified.

[(3) A determination governed by Rule 3331 (review of special prosecutions or investigations) shall be filed within ten days after the entry of the order sought to be reviewed.

(4)] (3) A determination of a Commonwealth agency under section 1711.1(g) of the Commonwealth Procurement Code, 62 Pa.C.S. § 1711.1(g), shall be filed within 15 days of the mailing date of a final determination denying a protest.

[(5) A determination governed by Rule 1770 (review of dispositional order for out of home placement in juvenile delinquency matters) shall be filed within ten days of the order sought to be reviewed.]

(c) *Original jurisdiction actions.* A petition for review of a determination of a government unit not within the scope of [Subdivisions] paragraphs (a) or (b) of this rule may be filed with the prothonotary of the appellate court within the time, if any, limited by law.

Official Note: The note to [Rule 903 (time for appeal)] Pa.R.A.P. 903 addresses the development of the standard 30 day appeal period. [Rule] Pa.R.A.P. 102 defines a “quasijudicial order” as “an order of a government unit, made after notice and opportunity for hearing, which is by law reviewable solely upon the record made before the government unit, and not upon a record made in whole or in part before the reviewing court.”

[Subdivision] Paragraph (c) relates to matters addressed to the original jurisdiction of an appellate court. For example, equitable matters are governed by existing principles of laches, etc. Other matters, such as petitions for review raising issues formerly cognizable by action in mandamus or quo warranto, etc., are governed by the time limits, if any, applicable under the prior procedure. See generally 42 Pa.C.S. §§ 1702 (regarding the Supreme Court’s rulemaking procedures), 1722(c) (Time limitations), 5501—5574 (Limitations of time).

Rule 1513. Petition for Review.

(a) *Caption and parties on appeal.* In an appellate jurisdiction petition for review, the aggrieved party or person shall be named as the petitioner and, unless the government unit is disinterested, the government unit and no one else shall be named as the respondent. If the government unit is disinterested, all real parties in interest, and not the government unit, shall be named as respondents.

(b) *Caption and parties in original jurisdiction actions.* The government unit and any other indispensable party shall be named as respondents. Where a public act or duty is required to be performed by a government unit, it is sufficient to name the government unit, and not its individual members, as respondent.

(c) *Form.* Any petition for review shall be divided into consecutively numbered paragraphs. Each paragraph shall contain, as nearly as possible, a single allegation of fact or other statement. [When petitioner seeks review of an order refusing to certify an interlocutory order for immediate appeal, numbered paragraphs need not be used.]

(d) *Content of appellate jurisdiction petition for review.* An appellate jurisdiction petition for review shall contain:

1. a statement of the basis for the jurisdiction of the court;
2. the name of the party or person seeking review;
3. the name of the government unit that made the order or other determination sought to be reviewed;
4. reference to the order or other determination sought to be reviewed, including the date the order or other determination was entered;
5. a general statement of the objections to the order or other determination, but the omission of an issue from the statement shall not be the basis for a finding of waiver if the court is able to address the issue based on the certified record;
6. a short statement of the relief sought; and
7. a copy of the order or other determination to be reviewed, which shall be attached to the petition for review as an exhibit.

No notice to plead or verification is necessary.

Where there were other parties to the proceedings conducted by the government unit, and such parties are not named in the caption of the petition for review, the petition for review shall also contain a notice to participate, which shall provide substantially as follows:

If you intend to participate in this proceeding in the (Supreme, Superior or Commonwealth, as appropriate) Court, you must serve and file a notice of intervention under Pa.R.A.P. 1531 of the Pennsylvania Rules of Appellate Procedure within 30 days.

(e) *Content of original jurisdiction petition for review.* A petition for review addressed to an appellate court's original jurisdiction shall contain:

1. a statement of the basis for the jurisdiction of the court;
2. the name of the person or party seeking relief;
3. the name of the government unit whose action or inaction is in issue and any other indispensable party;
4. a general statement of the material facts upon which the cause of action is based;
5. a short statement of the relief sought; and
6. a notice to plead and verification either by oath or affirmation or by verified statement.

(f) *Alternative objections.* Objections to a determination of a government unit and the related relief sought may be stated in the alternative, and relief of several different types may be requested.

[Official Note: The 2004 amendments to this rule clarify what must be included in a petition for review addressed to an appellate court's appellate jurisdiction and what must be included in a petition for review addressed to an appellate court's original jurisdiction. Where it is not readily apparent whether a "determination" (defined in Pa.R.A.P. 102 as "[a]ction or inaction by a government unit") is reviewable in the court's appellate or original jurisdiction, compliance with the requirements of paragraphs (d) and (e) is appropriate.]

Official Note: Paragraphs (a) and (b) reflect the provisions of Pa.R.A.P. 501, Pa.R.A.P. 503, Section 702 of the Administrative Agency Law, 2 Pa.C.S. § 702 (Appeals), and Pa.R.C.P. No. 1094 (regarding parties defendant in mandamus actions).

Government units that are usually disinterested in appellate jurisdiction petitions for review of their determinations include:

- the Board of Claims,
- the Department of Education (with regard to teacher tenure appeals from local school districts pursuant to section 1132 of the Public School Code of 1949, 24 P. S. § 11-1132),
- the Environmental Hearing Board,
- the State Charter School Appeal Board,
- the State Civil Service Commission, and
- the Workers' Compensation Appeal Board.

The provision for joinder of indispensable parties in original jurisdiction actions reflects the last sentence of section 761(c) of the Judicial Code, 42 Pa.C.S. § 761(c), providing for the implementation of ancillary jurisdiction of the Commonwealth Court by general rule.

Paragraphs (d) and (e) reflect the differences in proceeding in a court's original and appellate jurisdiction, while preserving the need for sufficient specificity to permit the conversion of an appellate document to an original jurisdiction pleading and vice versa should such action be necessary to assure proper judicial disposition. **[See also the notes to Pa.R.A.P. 1501 and 1502.]** **Where it is not readily apparent whether a "determination" (defined in Pa.R.A.P. 102 as "[a]ction or inaction of a government unit") is reviewable in the court's appellate or original jurisdiction, compliance with the requirements of paragraphs (d) and (e) is appropriate.**

Official Note—2014

The 2014 amendments to Pa.R.A.P. 1513(d) relating to the general statement of objections in an appellate jurisdiction petition for review are intended to preclude a finding of waiver if the court is able, based on the certified record, to address an issue not within the issues stated in the petition for review but included in the statement of questions involved and argued in a brief. The amendment neither expands the scope of issues that may be addressed in an appellate jurisdiction petition for review beyond those permitted in Pa.R.A.P. 1551(a) nor affects Pa.R.A.P. 2116's requirement that "[n]o question will be considered unless it is stated in the statement of questions involved [in appellant's brief] or is fairly suggested thereby."

Rule 1514. Filing and Service of the Petition for Review.

(a) *Filing with the prothonotary.* The petition for review, with proof of service required by [Subdivision] paragraph (c) of this rule, shall be filed with the prothonotary of the appellate court in person or by first class, express, or priority United States Postal Service mail.

If the petition for review is filed by first class, express, or priority United States Postal Service mail, the petition shall be deemed received by the prothonotary for the purposes of [Rule 121(a) (filing)] Pa.R.A.P. 121(a) on the date deposited in the United States mail, shown on a

United States Postal Service Form 3817, Certificate of Mailing, or other similar United States Postal Service form from which the date of deposit can be verified. The certificate of mailing or other similar Postal Service form from which the date of deposit can be verified shall be cancelled by the Postal Service and shall show the docket number of the matter in the government unit, and shall be either enclosed with the petition or separately mailed to the prothonotary.

Upon actual receipt of the petition for review, the prothonotary shall immediately:

(1) stamp it with the date of actual receipt. That date, or the date of earlier deposit in the United States mail as prescribed in this [**subdivision**] **paragraph**, shall constitute the date of filing;

(2) assign a docket number to the petition for review; and

(3) give written notice of the docket number assignment in person or by first class mail to the government unit that made the determination sought to be reviewed, to the petitioner, and to the other persons named in the proof of service accompanying the petition.

(b) *Fee.* The petitioner, upon filing the petition for review, shall pay any fees therefor as set by law or general rule.

(c) *Service.* A copy of the petition for review shall be served by the petitioner in person or by certified mail on **both** the government unit that made the determination sought to be reviewed **and the Attorney General of Pennsylvania.** [**In matters involving the Commonwealth, the petitioner shall similarly serve a copy upon the Attorney General of Pennsylvania.**] Where there is more than one respondent, the petitioner shall separately serve each one. All other parties before the government unit that made the determination sought to be reviewed shall be served as prescribed by [**Rule 121(b) (service of all papers required)**] **Pa.R.A.P. 121(b).**

(d) *Entry of appearance.* Upon the filing of the petition for review, the prothonotary shall note on the docket as counsel for the petitioner the name of counsel, if any, set forth in or endorsed upon the petition for review, and, as counsel for other parties, counsel, if any, named in the proof of service. The prothonotary shall, upon praecipe of any such counsel for other parties, filed within 30 days after filing of the petition, strike off or correct the record of appearances. Thereafter a counsel's appearance for a party may not be withdrawn without leave of court, unless another lawyer has entered or simultaneously enters an appearance for the party. **Notwithstanding the automatic entry of appearance pursuant to this paragraph, a party to a proceeding before a government unit that resulted in a quasi-judicial order who seeks to participate in an appellate jurisdiction petition for review must file a notice or application for intervention pursuant to Pa.R.A.P. 1531(a).**

Official Note: See the Official Note to [**Rule 1112 (appeals by allowance)**] **Pa.R.A.P. 1112** for an explanation of the procedure when Form 3817 or other similar United States Postal Service form from which the date of deposit can be verified is used.

The petition for review must be served on the government unit that made the determination in question. [**Rule 102 defines "government unit" as including "any court or other officer or agency of the unified judicial system." Thus, a petition for review of a trial court order must be served on the judge who issued the order.**]

Service on the Attorney General shall be made at: Strawberry Square, Harrisburg, PA 17120.

With respect to appearances by new counsel following the initial docketing of appearances pursuant to [**Subdivision**] **paragraph** (d) of this rule, please note the requirements of [**Rule**] **Pa.R.A.P. 120.**

Rule 1515. (Rescinded).

Official Note: [**Rule**] **Pa.R.A.P. 1515** formerly provided for an answer to a petition for review addressed to an appellate court's original jurisdiction. Answers to such petitions are now discussed in [**Rule**] **Pa.R.A.P. 1516.**

Rule 1516. Other Pleadings Allowed.

(a) *Appellate jurisdiction petitions for review.*—No answer or other pleading to an appellate jurisdiction petition for review is authorized, unless the petition for review is filed pursuant to [**the Notes to Rules 341 or 1311 (seeking review of a trial court or other government unit's refusal to certify an interlocutory order for immediate appeal), Rule 1573 (review of orders finding an assertion of double jeopardy frivolous), Rule 1762 (regarding release in criminal matters), Rule 1770 (regarding placement in juvenile delinquency matters), Rule 3321 (regarding appeals from decisions of the Legislative Reapportionment Commission) or Rule 3331 (regarding review of special prosecutions and investigations)**] **Pa.R.A.P. 3321.** Where an answer is authorized, the time for filing an answer shall be as stated in [**Rule**] **Pa.R.A.P. 123(b).**

(b) *Original jurisdiction petitions for review.*—Where an action is commenced by filing a petition for review addressed to the appellate court's original jurisdiction, the pleadings are limited to the petition for review, an answer thereto, a reply if the answer contains new matter or a counterclaim, a counter-reply if the reply to a counterclaim contains new matter, a preliminary objection, and an answer thereto. Every pleading filed after an original jurisdiction petition for review shall be filed within 30 days after service of the preceding pleading, but no pleading need be filed unless the preceding pleading is endorsed with a notice to plead.

Official Note: [**The 2004, 2012, and 2013 amendments made clear that, with limited exceptions, no answer or other pleading to a petition for review addressed to an appellate court's appellate jurisdiction is proper.**] With regard to original jurisdiction proceedings, practice is patterned after [**Rules of Civil Procedure**] **Pa.R.C.P. Nos. 1017(a) (Pleadings Allowed) and 1026 (Time for Filing, Notice to Plead).** The ten additional days in which to file a subsequent pleading are in recognition of the time required for agency coordination where the Commonwealth is a party. [**See Rule 1762(b)(2) regarding bail applications. See Rule 1770 regarding placement in juvenile delinquency matters.**]

Rule 1517. Applicable Rules of Pleading.

Unless otherwise prescribed by these rules, the practice and procedure under this chapter relating to pleadings in original jurisdiction petition for review practice shall be in accordance with the appropriate Pennsylvania Rules of Civil Procedure, so far as they may be applied.

[**Official Note:** See Rule 1762(b)(2) regarding bail applications. See Rule 1770 regarding placement in juvenile delinquency matters. See also Rule 3331 regarding Review of Special Prosecutions or Investigations.]

Rule 1531. Intervention.

(a) *Appellate jurisdiction petition for review proceedings.* A party to a proceeding before a government unit that resulted in a quasijudicial order may intervene as of right in a proceeding under this chapter relating to such order by filing a notice of intervention (with proof of service on all parties to the matter) with the prothonotary of the appellate court within 30 days after notice of the filing of the petition for review. The notice of intervention may be in substantially the following form:

[[CAPTION]]

NOTICE OF INTERVENTION

Notice is hereby given that A.B., a party below, hereby intervenes in this matter.

(s) _____

(Address and telephone number)

After 30 days after notice of filing of an appellate petition for review, permission to intervene may be sought by application pursuant to [**Rule**] Pa.R.A.P. 123.

(b) *Original jurisdiction petition for review proceedings.* A person not named as a respondent in an original jurisdiction petition for review, who desires to intervene in a proceeding under this chapter, may seek leave to intervene by filing an application for leave to intervene (with proof of service on all parties to the matter) with the prothonotary of the court. The application shall contain a concise statement of the interest of the applicant and the grounds upon which intervention is sought.

Official Note: A nonparty may file a brief as of right under [**Rule 531 (participation by amicus curiae)**] Pa.R.A.P. 531 and, therefore, intervention is not necessary in order to participate in the appellate court where the petition for review is filed. However, except as provided in [**Rule 521(b) (status of Attorney General)** and **Rule 522(b) (status of Court Administrator)**] Pa.R.A.P. 521(b) and Pa.R.A.P. 522(b), the mere filing of a brief does not confer party status. Where, for example, a nonparty to a petition for review proceeding in the Commonwealth Court desires to be in a position to seek further review in the Supreme Court of Pennsylvania or the Supreme Court of the United States of an order of the Commonwealth Court disposing of the petition for review, the nonparty should intervene or seek leave to intervene in the Commonwealth Court at the outset, since under [**Rule 501 (any aggrieved party may appeal)**] Pa.R.A.P. 501, party status is a prerequisite to the right to further review.

[**See Rule 3331 regarding Review of Special Prosecutions or Investigations.**]

Rule 1532. Special and Summary Relief.

(a) *Special relief.* At any time after the filing of a petition for review, the court may, on application, order the seizure of property, dispose of seized property, issue a preliminary or special injunction, appoint a temporary receiver or grant other interim or special relief required in the interest of justice and consistent with the usages and principles of law.

(b) *Summary relief.* At any time after the filing of a petition for review in an appellate or original jurisdiction matter the court may on application enter judgment if the right of the applicant thereto is clear.

Official Note: [**Subdivision**] **Paragraph** (a) provides examples of specific types of interim relief that may be sought using the procedures set forth in [**Rule 123 (application for relief)**] Pa.R.A.P. 123. Thus, multiple forms of relief, including those in the alternative, may be combined in the same application, even though separate actions might otherwise be necessary under the Pennsylvania Rules of Civil Procedure. Compare [**Rule 106 (original jurisdiction matters)**] Pa.R.A.P. 106; 42 Pa.C.S. § 708(e) (single form of action).

[**Subdivision**] **Paragraph** (b) authorizes immediate disposition of a petition for review, similar to the type of relief envisioned by the Pennsylvania Rules of Civil Procedure regarding judgment on the pleadings and peremptory and summary judgment. However, such relief may be requested before the pleadings are closed where the right of the applicant is clear.

[**See Rule 3331 regarding Review of Special Prosecutions or Investigations.**]

The 1997 amendment to [**subdivision**] **paragraph** (b) is analogous to the 1996 amendment to Pa.R.C.P. No. 1098. The deletion of the last sentence of [**Rule**] Pa.R.A.P. 1532(b) is intended to eliminate the requirement of filing a motion to open or vacate the order granting summary relief. Under prior practice, a party was required to file a motion to open or vacate the order granting summary relief before an appeal could be taken. An order denying an application for summary relief is not appealable as of right.

Rule 1541. Certification of the Record.

Upon notice from the appellate court of the filing of a petition for review addressed to the appellate jurisdiction of an appellate court, the government unit shall prepare and transmit the record as provided by Chapter 19 [**(preparation and transmission of record and related matters)**].

[**Official Note:** Rule 102 defines “government unit” to include “any court or other officer or agency of the unified judicial system.” Thus, if the order to be reviewed was filed by a trial court, that court shall certify the record. This occurs when the petition for review was filed pursuant to Rule 1762, 1770, 3321 or 3331, or the note to Rules 341 or 1311.

See Rule 3331 regarding Review of Special Prosecutions or Investigations.]

Rule 1542. Evidentiary Hearing.

In any matter addressed to the appellate court’s original jurisdiction, where it appears that a genuine issue as to a material fact has been raised by the pleadings, depositions, answers to interrogatories, stipulations of

fact, admissions on file and supporting verified statements, if any, the court on its own motion or on application of any party shall, after notice to the parties, hold an evidentiary hearing for the development of the record.

Official Note: In view of [**Rule 106 (original jurisdiction matters) and Rule 1532 (special and summary relief)**] Pa.R.A.P. 106 and Pa.R.A.P. 1532, motions for judgment on the pleadings, Pa.R.C.P. No. 1034, summary relief and summary judgment, Pa.R.C.P. [**1035**] Nos. 1035.1—1035.5, will be available where a petition for review invoking the appellate court's original jurisdiction has been filed. The procedure under this rule is intended to be flexible, although subject to the control of the appellate court by either rule of court adopted pursuant to [**Rule 104(a)(3) (rules of court)**] Pa.R.A.P. 104(a)(3) or by order.

[See Rule 3331 regarding Review of Special Prosecutions or Investigations.]

Rule 1543. (Rescinded).

[**Official Note:** See 42 Pa.C.S. § 5104 (trial by jury).]

See Rule 3331 regarding Review of Special Prosecutions or Investigations.]

Rule 1551. Scope of Review.

(a) *Appellate jurisdiction petitions for review.* Review of quasijudicial orders shall be conducted by the court on the record made before the government unit. No question shall be heard or considered by the court which was not raised before the government unit except:

- (1) Questions involving the validity of a statute.
- (2) Questions involving the jurisdiction of the government unit over the subject matter of the adjudication.
- (3) Questions which the court is satisfied that the petitioner could not by the exercise of due diligence have raised before the government unit. If, upon hearing before the court, the court is satisfied that any such additional question within the scope of this paragraph should be so raised it shall remand the record to the government unit for further consideration of the additional question.

The court may in any case remand the record to the government unit for further proceedings if the court deems them necessary.

(b) *Original jurisdiction petitions for review.* The court shall hear and decide original jurisdiction petitions for review in accordance with law. This chapter is not intended to modify, enlarge or abridge the rights of any party to an original jurisdiction petition for review.

[**Official Note:** Subdivision (a) is a generalization of former Pa.R.C.P. 8 and makes no change in substance except to provide that procedural issues not raised below are waived—unless excused under Paragraph (a)(3). Compare Rule 302 (requisites for reviewable issue).]

Subdivision (b) is based on Section 10(c) of Article V of the Constitution of Pennsylvania, which prevents this chapter from enlarging the substantive rights of the petitioner or abridging the substantive rights of the government unit named in the petition. Under the new practice, the appellate judge should inquire: "Assuming that this case had been properly brought before me by a complaint in equity (or in mandamus, replevin, quo warranto,

etc., or by two or more of such actions properly consolidated for hearing and disposition) containing the factual allegations of the petition for review, to what relief, if any, would the moving party have been entitled under the prior practice?" This rule makes clear that the moving party is entitled to the same relief, and no more, under the new practice, since only the procedural requirement for separately labeled papers has been eliminated.

For example, where a party joins both a challenge to the action of a government unit in the nature of an appeal and a challenge to the composition of the government unit in the nature of quo warranto, the latter challenge will come too late under the standards of *State Dental Council and Examining Board v. Pollock*, 457 Pa. 264, 318 A.2d 910 (1974). Similarly, where a petition for review in the nature of prohibition is filed in the Supreme Court to attack an unappealable order of a lower court, in a case where relief would not have been available on an application for a writ of prohibition under the standards of *Carpentertown Coal and Coke Co. v. Laird*, 360 Pa. 94, 61 A.2d 426 (1948) and subsequent cases, the change in the label of the papers to a petition for review will not affect the result, and the petition will be dismissed.

See Rule 3331 regarding Review of Special Prosecutions or Investigations.]

Rule 1561. Disposition of Petition for Review.

(a) *Appellate jurisdiction petitions for review.*—The court may affirm, modify, vacate, set aside or reverse any order brought before it for review, and may remand the matter and direct the entry of such appropriate order, or require such further proceedings as may be just under the circumstances.

(b) *Original jurisdiction petitions for review.*—Where the petition for review raises questions that formerly were determinable in an action in equity, replevin, mandamus, quo warranto or for a declaratory judgment or upon a petition for a writ of certiorari or prohibition, or in another similar plenary action or proceeding, the court may grant the relief heretofore available in any such plenary action or proceeding.

(c) *Money damages.*—Money damages arising out of tort or contract claims may not be granted under this chapter (except on review of determinations of the Board of Claims or similar agencies), but relief granted under [**Subdivision**] paragraph (b) of this rule may include any damages to which the petitioner is entitled which are claimed in the petition, which are ancillary to the matter, and which may be granted by a court.

[(d) *Review of detention.*—Except as prescribed by Rule 1762(b)(2), which governs applications relating to bail when no appeal is pending, or by Rule 3331 (review of special prosecutions or investigations), review in the nature of criminal habeas corpus or post conviction relief may not be granted under this chapter.]

Official Note: [**Subdivision**] Paragraph (a) is based on 42 Pa.C.S. § 706 (disposition of appeals).

[**Subdivision**] Paragraph (b) is based on 42 Pa.C.S. § 708(e) (single form of action) (which provides that 1 Pa.C.S. § 1504 (statutory remedy preferred over common law) does not limit the jurisdiction of a court over a petition for review proceeding, but to the extent appli-

cable shall limit the relief available) and 42 Pa.C.S. § 5105(d)(2) (scope of appeal). Under 42 Pa.C.S. § 102 (definitions), statutory references to “appeal” include proceedings on petition for review. The [**subdivision**] **paragraph** is intended to make clear that the petition for review is a generic pleading which will permit the court to consider simultaneously all aspects of the controversy.

[**Subdivision**] **Paragraph** (c) is intended to make clear that the petition for review does not encompass trespass or assumpsit actions, but that an appeal may reach tort or contract matters adjudicated by a government unit as contemplated by Section 2(h) of the Judiciary Act Repealer Act (42 P. S. § 20002(h)). As to ancillary statutory damages, see 42 Pa.C.S. § 8303 (action for performance of a duty required by law).

[**Subdivision** (d) is intended to make clear that the scope of this chapter is essentially civil in nature. The application of the petition for review to questions of release prior to sentence in criminal matters and in questions arising out of special prosecutions or investigations is merely a recognition of the technical need for a plenary filing to bring the question within the appellate jurisdiction of the appropriate court.

See Rule 1762(b)(2) regarding bail applications.]

REVIEW OF DETERMINATIONS OF THE BOARD OF FINANCE AND REVENUE

Rule 1571. Determinations of the Board of Finance and Revenue.

(a) *General rule.*—Review of a determination of the Board of Finance and Revenue shall be governed by this chapter and ancillary provisions of these rules, except as otherwise prescribed by this rule.

(b) *Time for petitioning for review.*—A petition for review of a determination of the Board of Finance and Revenue shall be filed:

(1) Within 30 days after entry of an order of the Board which does not expressly state that it is interlocutory in nature.

(2) Within 30 days after entry of an order of the Board adopting a determination by the Department of Revenue or other government unit made at the direction of the Board respecting any matter pending before the Board.

(3) Where the Board is required by statute to act finally on any matter pending before it within a specified period after the matter is filed with the Board and has not done so, at any time between:

(i) the expiration of such specified period; and

(ii) 30 days after service of actual notice by the Board stating that it has failed to act within such period.

(c) *Form.*—The petition for review shall contain a statement of the basis for the jurisdiction of the court; the name of the party seeking review; a statement that the Board of Finance and Revenue made the determination sought to be reviewed; reference to the order or other determination sought to be reviewed; and a general statement of the objections to the order or other determination. The petition for review need not be verified and shall not contain or have endorsed upon it notice to plead. A petition for review of a taxpayer or similar party shall name the “Commonwealth of Pennsylvania” as respondent and a petition for review filed by the Commonwealth of

Pennsylvania shall name all real parties in interest before the Board as respondents.

(d) *Service.*—In the case of a petition for review by a taxpayer or similar party, a copy of the petition shall be served on the Board of Finance and Revenue and on the Attorney General by the petitioner in accordance with [**Rule**] **Pa.R.A.P.** 1514(c). All other parties before the Board shall be served as prescribed by [**Rule 121(b)** (service of all papers required)] **Pa.R.A.P. 121(b)**.

(e) *Answer.*—An answer may not be filed to a petition for review of a determination of the Board of Finance and Revenue. The Commonwealth may raise any question on review, although no cross petition for review has been filed by it, and may introduce any facts in support of its position if 20 days written notice is given to the petitioner prior to trial of the intention of raising such new questions or presenting new facts.

(f) *Record.*—No record shall be certified to the court by the Board of Finance and Revenue. After the filing of the petition for review, the parties shall take appropriate steps to prepare and file a stipulation of such facts as may be agreed to and to identify the issues of fact, if any, which remain to be tried. See [**Rule 1542** (evidentiary hearing)] **Pa.R.A.P. 1542**.

(g) *Oral argument.*—Except as otherwise ordered by the court on its own motion or on application of any party, after the record is closed, the matter may be listed for argument before or submission to the court.

(h) *Scope of review.*—Rule 1551(a) [(appellate jurisdiction petitions for review)] shall be applicable to review of a determination of the Board of Finance and Revenue except that:

(1) A question will be heard and considered by the court if it was raised at any stage of the proceedings below and thereafter preserved.

(2) To the extent provided by the applicable law, the questions raised by the petition for review shall be determined on the record made before the court. See [**Subdivision**] **paragraph** (f) of this rule.

(i) *Exceptions.*—Any party may file exceptions to an initial determination by the court under this rule within 30 days after the entry of the order to which exception is taken. Such timely exceptions shall have the effect, for the purposes of [**Rule 1701(b)(3)** (authority of lower court or agency after appeal)] **Pa.R.A.P. 1701(b)(3)** of an order expressly granting reconsideration of the determination previously entered by the court. Issues not raised on exceptions are waived and cannot be raised on appeal.

Official Note: [**Subdivision**] **Paragraph** (b) represents an exercise of the power conferred by 42 Pa.C.S. § 5105(a) (right to appellate review) to define final orders by general rule. The following statutes expressly require the Board of Finance and Revenue to act within six months in certain cases:

Section 1103 of The Fiscal Code (72 P. S. § 1103).

Act of December 5, 1933, (Sp. session 1933-34), (P. L. 38, No. 6), known as the Spirituous and Vinous Liquor Tax Law, § 5 (47 P. S. § 749).

Act of January 14, 1952 (1951 P. L. 1965, No. 550), known as the Fuel Use Tax Act, § 7 (72 P. S. § 2614.7).

Sections 234 (sales and use tax), 341 (personal income tax), and 2005 (malt beverage tax), [**act**] **Act** of March 4, 1971 (P. L. 6, No. 2), known as The Tax Reform Code of 1971 (72 P. S. §§ 7234, 7341, 9005). The following statute requires the Board of Finance and Revenue to act within twelve months in certain tax refund matters:

Section 3003.5 of the Tax Reform Code of 1971, Act of March 4, 1971, P. L. 6, No. 2, 72 P. S. § 10003.5. Section 3003.5 was added by Section 41 of the Act of June 16, 1994, P. L. 279, No. 48.

The following statutes are covered by Section 1103 of The Fiscal Code (petition to Board of Finance and Revenue for review):

Sections 809 (various insurance taxes) and 1001 (miscellaneous settlements, e.g., under the [**act**] **Act** of May 17, 1921 (P. L. 789, No. 285), known as The Insurance Department Act of 1921, § 212 (40 P. S. § 50) (retaliatory insurance taxes) of The Fiscal Code (72 P. S. §§ 809 and 1001).

Act of June 22, 1931 (P. L. 694, No. 255) § 4 (72 P. S. § 2186) (motor carriers-trackless trolley carriers).

Act of June 22, 1935 (P. L. 414, No. 182), known as the State Personal Property Tax Act, § 18(b) (72 P. S. § 3250-11a(b)) (corporate loans tax). See Act of April 25, 1929 (P. L. 669, No. 288), § 1.

Act of May 23, 1945 (P. L. 893, No. 360), known as the Co-operative Agricultural Association Corporate Net Income Tax Act, § 6 (72 P. S. § 3420-26).

Act of January 24, 1966 (P. L. (1965) 1509, No. 531), § 11 (40 P. S. § 1006.11) (surplus lines tax).

Sections 407 (corporate net income tax), 603 (capital stock—franchise tax), 702 (bank shares tax), 802 (title insurance and trust companies shares tax), 904 (insurance premiums tax), 1102 (utilities gross receipts tax), 1111-C (realty transfer tax) and 1503 (mutual thrift institutions tax of the Tax Reform Code of 1971 (72 P. S. §§ 7407, 7603, 7702, 7802, 7904, 8102, 8111-C and 8503).

75 Pa.C.S. § 9616(f) (motor carriers road tax).

The basis of jurisdiction of the court under this rule will ordinarily be 42 Pa.C.S. § 763 (direct appeals from government agencies). [**Subdivision**] **Paragraph** (c) is not intended to change the practice in connection with the review of orders of the Board of Finance and Revenue insofar as the amount of detail in the pleadings is concerned. What is required is that the petitioner raise every legal issue in the petition for review which the petitioner wishes the court to consider. The legal issues raised need only be specific enough to apprise the respondent of the legal issues being contested (e.g. "valuation," "manufacturing," "sale for resale," etc.). See generally *House of Pasta, Inc. v. Commonwealth*, [**37 Pa. Cmwlth.** Ct. 317,] 390 A.2d 341 (**Pa. Cmwlth.** 1978).

[**Subdivision**] **Paragraph** (e) is based on Section 1104(e) of The Fiscal Code, which was suspended absolutely by these rules, and subsequently repealed.

[**Subdivision**] **Paragraph** (f) is based on 2 Pa.C.S. § 501(b)(1) (scope of subchapter) and 2 Pa.C.S. § 701(b)(1) (scope of subchapter), which exclude tax matters from the on-the-record review requirements of 2 Pa.C.S. § 704 (disposition of appeal).

[**Subdivision**] **Paragraph** (h) is based on Section 1104(d) of The Fiscal Code, which was suspended absolutely by these rules and subsequently repealed, and is

intended as a continuation of the prior law, except, of course, that the separate specification of objections has been abolished by these rules.

[**Subdivision**] **Paragraph** (i) is intended to make clear that the failure to file exceptions will result in waiver by a petitioner of any issues previously presented to the Commonwealth Court.

See also [**Rule 1782 (security on review in tax matters)**] **Pa.R.A.P. 1782**.

[**REVIEW OF DETERMINATIONS BY A COURT OF COMMON PLEAS THAT A CLAIM OF DOUBLE JEOPARDY IS FRIVOLOUS**]

Rule 1573. [**Review of Orders in Which the Court Finds an Assertion of Double Jeopardy Frivolous**] (**Rescinded**).

[(a) **General rule.**—Any party seeking review of a frivolousness determination by a court of common pleas under Pennsylvania Rule of Criminal Procedure 587 shall file a petition for review in the appellate court having jurisdiction over the matter. Review of a frivolousness determination under Pennsylvania Rule of Criminal Procedure 587 shall be governed by this chapter and ancillary provisions of these rules, except as otherwise prescribed by this rule. The time for filing is provided for in Pa.R.A.P. 1512(a)(1).

(b) **Contents.**—The contents of the petition for review are not governed by Pa.R.A.P. 1513. Instead, the petition for review need not be set forth in numbered paragraphs in the manner of a pleading, and shall contain the following (which shall, insofar as practicable, be set forth in the order stated):

(i) A statement of the basis for the jurisdiction of the appellate court.

(ii) The text of the order in question, and the date of its entry in the trial court. If the order is voluminous, it may, if more convenient, be appended to the petition.

(iii) A concise statement of the case containing the facts necessary to an understanding of the frivolousness issue(s) presented.

(iv) The question(s) presented, expressed in the terms and circumstances of the case but without unnecessary detail.

(v) A concise statement of the reasons why the trial court erred in its determination of frivolousness.

(vi) There shall be appended to the petition a copy of any opinions relating to the order sought to be reviewed, including findings of fact and conclusions of law in support of the frivolousness determination, as well as a copy of any transcripts or other record documents necessary to the appellate court's review.

(vii) There shall be appended to the petition the verbatim texts of the pertinent provisions of constitutional provisions, statutes, ordinances, regulations or other similar enactments which the case involves.

(viii) There shall be appended to the petition any briefs filed in the trial court in support of the motion to dismiss.

(c) *Caption and parties.*—The parties in the trial court shall be named as parties in the appellate court. If there are multiple defendants but the order for which review is sought adjudicates the motion of only a single defendant, only that defendant may file a petition for review.

(d) *No supporting brief.*—All contentions in support of a petition shall be set forth in the body of the petition as prescribed by subparagraph (b)(v) of this rule. No separate brief in support of the petition for review will be received, and the prothonotary of the appellate court will refuse to file any petition for review to which is annexed or appended any brief other than the briefs filed in the trial court.

(e) *Essential requisites of petition.*—The failure of a petitioner to present with accuracy, brevity, and clearness whatever is essential to a ready and adequate understanding of the points requiring consideration will be a sufficient reason for denying the petition.

(f) *Effect of filing petition.*—The filing of a petition for review shall not automatically stay the proceedings before the trial court. A petitioner may file an application for a stay in the trial or appellate court pending the determination of the petition for review, or the trial or appellate court may issue a stay *sua sponte*.

(g) *Answer to petition for review.*—If the Commonwealth does not intend to file an answer under this rule, it shall, within the time fixed by these rules for filing an answer, file a letter stating that it does not intend to file an answer to the petition for review. The failure to file an answer will not be construed as concurrence in the petition for review. The appellate court may, however, direct the Commonwealth to file an answer.

(h) Pa.R.A.P. 1531—1571 do not apply to petitions for review filed under this rule. Pa.R.A.P. 1514 does apply, except that no copy of the petition needs to be served upon the Attorney General.

(i) *Grant of petition for review and transmission of record.*—If the petition for review is granted, the prothonotary of the appellate court shall immediately give written notice of the entry of the order to the clerk of the trial court and to each party who has appeared in the appellate court. The grant of the petition for review shall operate as a stay of all trial court proceedings. The clerk of the trial court shall docket the notice in the same manner as a notice of appeal and shall mail that notice to all parties to the trial court proceeding. The certified record shall be transmitted and filed in accordance with Chapter 19 (preparation and transmission of the record and related matters). The times fixed by those provisions for transmitting the record shall run from the date of the entry of the order granting the petition for review. No party needs to file a separate notice of appeal.

(j) *Denial of petition for review.*—If the petition for review is denied, the prothonotary of the appellate court shall immediately give written notice of the order to the clerk of the trial court and to each party who has appeared in the appellate court.

Official Note: The trial court's determination and the procedure for determining a motion to dismiss on double jeopardy grounds is set forth in

Pa.R.Crim.P. 587. If a trial court denies such a motion without expressly finding that the motion is frivolous, the order is immediately appealable by means of a notice of appeal under Pa.R.A.P. 313. If, however, the trial court finds the motion to be frivolous, appellate review can be secured only if the appellate court grants a petition for review. See *Commonwealth v. Ori*, 22 A.3d 1021 (Pa. 2011); *Commonwealth v. Brady*, 510 Pa. 336, 508 A.2d 286 (1986). If the Superior Court does not grant the petition for review, the defendant may file a petition for allowance of appeal with the Supreme Court.

Where the petition for review of the determination of frivolousness is granted, the grant automatically initiates a separate appeal on the merits from the order denying the pretrial motion seeking dismissal of criminal charges on double jeopardy grounds.

A party may seek (or a court may *sua sponte* issue) a stay of the trial court proceedings pending review of the frivolousness determination. Otherwise, the trial court may proceed while the petition for review is pending. See Pa.R.A.P. 1701(d). Where the petition for review of the determination of frivolousness is granted, the grant automatically stays further proceedings in the trial courts.]

Official Note: Pa.R.A.P. 1573 formerly provided for review of orders in which the court finds an assertion of double jeopardy frivolous. The substance of the Rule is now found in Pa.R.A.P. 1613.

IN GENERAL

Rule 1601. Scope of Chapter.

This chapter provides a streamlined procedure for appellate review of certain discrete issues upon petition and response. Generally these matters are ancillary and/or preliminary to appellate review under Chapters 9, 11, 13, or 15, but the chapter also is intended to provide the method for initiating any form of appellate review that does not fall within those chapters.

The procedure applicable under this chapter is provided in Pa.R.A.P. 1602 through 1605, unless otherwise prescribed by statute or rule relating to a particular category of petition for limited review.

Official Note: Judicial review of government unit actions or inactions not otherwise permitted under Chapters 9, 11, 13 or 15, including those enumerated in Pa.R.A.P. 1601, is available under Chapter 16; the docu-

ment that initiates the case under Chapter 16 is called a petition for limited review. The “residuary” initiating document function previously assigned to Chapter 15 is now assigned to Chapter 16.

Rule 1602. Filing.

(a) *Time for filing.*—A petition for limited review shall be filed with the prothonotary of the appellate court within 30 days after the entry of the order sought to be reviewed. The petition shall be deemed filed on the date mailed if the petitioner complies with the requirements set forth in paragraph (b).

(b) *Deemed received on date of mailing.*—If the petition for limited review is transmitted to the prothonotary of the appellate court by means of first class, express, or priority United States Postal Service mail, the petition shall be deemed received by the prothonotary for the purposes of Pa.R.A.P. 121(a) on the date deposited in the United States mail, as shown on a United States Postal Service Form 3817 Certificate of Mailing, or other similar United States Postal Service form from which the date of deposit can be verified.

The certificate of mailing or other similar Postal Service form from which the date of deposit can be verified shall be cancelled by the Postal Service, shall show the docket number of the matter in the lower court or other government unit and shall be either enclosed with the petition or separately mailed to the prothonotary. Upon actual receipt of the petition for limited review the prothonotary of the appellate court shall immediately stamp it with the date of actual receipt. That date, or the date of earlier deposit in the United States mail as prescribed in this subdivision, shall constitute the date of filing, which date shall be shown on the docket.

The prothonotary of the appellate court shall immediately note the appellate docket number assignment upon the petition and give written notice of the docket number assignment in person or by first class mail to the government unit or clerk of the lower court, to the petitioner and to the other persons named in the proof of service accompanying the petition.

(c) *Fee.*—The petitioner, upon filing the petition for limited review, shall pay any fee therefor prescribed by Chapter 27.

Rule 1603. Form and Content.

(a) *Caption and parties.*—All parties to the proceeding in the lower court or other government unit other than the petitioner shall be named as respondents.

(b) *Title.*—If the petition for limited review is filed pursuant to Pa.R.A.P. 1610—1615, the title of the petition shall include a reference to the specific rule invoked.

(c) *Content.*—The petition for limited review need not be set forth in numbered paragraphs in the manner of a pleading, and shall contain the following (which shall, insofar as practicable, be set forth in the order stated):

1. a statement of the basis for the jurisdiction of the appellate court.
2. the name of the party or person seeking review.
3. the text of the order in question, and the date of its entry. If the order is voluminous, it may, if more convenient, be appended to the petition. If the petition seeks review of a deemed denial, it should so state.
4. a concise statement of the case containing the facts necessary to an understanding of the issue(s) presented.

5. the question(s) presented, expressed in the terms and circumstances of the case but without unnecessary detail.

6. a concise statement of the reasons why the lower court or other government unit erred.

7. a copy of any opinions relating to the order sought to be reviewed, including findings of fact and conclusions of law, as well as a copy of any other record documents necessary to the appellate court’s review.

(d) *Supporting brief.*—No supporting brief is permitted or required; the petition for limited review shall present all contentions and arguments relied on with accuracy, brevity, and clarity.

(e) *Length.*—A petition for limited review shall not exceed 9,000 words. A petition for limited review that does not exceed 20 pages when produced by a word processor or typewriter shall be deemed to meet the 9,000 word limit. In all other cases, the attorney or the unrepresented filing party shall include a certification that the petition complies with the word count limit. The certificate may be based on the word count of the word processing system used to prepare the brief.

Rule 1604. Service.

A copy of the petition for limited review shall be served by the petitioner on the lower court or other government unit that made the determination sought to be reviewed. In matters involving the Commonwealth, the petitioner shall similarly serve a copy upon the Attorney General of Pennsylvania. All parties before the lower court or other government unit shall be served in accordance with Pa.R.A.P. 121(b).

Rule 1605. Response to Petition.

(a) *Time for filing.*—A party may file and serve a response to a petition for limited review within 30 days of service of the petition. The response shall be deemed filed on the date of mailing if first class, express, or priority United States Postal Service mail is utilized.

(b) *Content.*—The response need not be set forth in numbered paragraphs in the manner of a pleading, shall set forth any procedural, substantive or other argument or ground why the relief requested should be denied and shall comply with the length limitation and the other provisions of Pa.R.A.P. 1603 to the extent applicable. No separate motion to dismiss a petition for limited review will be received. A party entitled to file a response under this rule who does not intend to do so shall, within the time fixed by these rules for filing a response, file a letter stating that a response to the petition for limited review will not be filed. The failure to file a response will not be construed as concurrence in the petition for limited review.

SPECIFIC PETITIONS FOR LIMITED REVIEW

Rule 1610. Review of Refusal to Enter Final Order on Fewer than All Claims.

(a) *General rule.*—If an application under Pa.R.A.P. 341(c) is denied by a lower court or other government unit, the party seeking the determination may file a petition for limited review with the appellate court having appellate jurisdiction in the matter.

(b) *Time for filing.*—As set forth in Pa.R.A.P. 341(c), if the trial court or other government unit denies the application under that rule, a petition for limited review may be filed within 30 days of the denial order. If the trial court or other government unit fails to act on the application within 30 days after it is filed, and the

application is deemed denied, a petition for limited review may be filed within 30 days of the deemed denial.

(c) *Disposition.*—The appellate court shall grant the petition for limited review if it determines that the trial court or other government unit abused its discretion in failing to grant the application. If the appellate court grants the petition for limited review, the requirements set forth in Pa.R.A.P. 1322 shall apply and no separate notice of appeal or petition for review need be filed. If the appellate court denies the petition for limited review, the requirements set forth in Pa.R.A.P. 1323 shall apply.

Rule 1611. Review of Refusal to Certify Interlocutory Orders for Appeal.

(a) *General rule.*—If an application under Pa.R.A.P. 1311(b) is denied by a lower court or other government unit, the party seeking to appeal the interlocutory order may file a petition for limited review with the appellate court having appellate jurisdiction in the matter.

(b) *Time for filing.*—As set forth in Pa.R.A.P. 1311(b), if the trial court or other government unit denies the application under that rule, a petition for limited review may be filed within 30 days of the denial order. If the trial court or other government unit fails to act on the application within 30 days after it is filed, and the application is deemed denied, a petition for limited review may be filed within 30 days of the deemed denial.

(c) *Disposition.*—The appellate court shall grant the petition for limited review if it determines that the trial court or other government unit abused its discretion in failing to grant the application. If the appellate court grants the petition for limited review, the requirements set forth in Pa.R.A.P. 1322 shall apply and no separate petition for permission to appeal need be filed in the appellate court. If the appellate court denies the petition for limited review, the requirements set forth in Pa.R.A.P. 1323 shall apply.

Rule 1612. Review of Bail Orders.

Where the trial court enters an order under Pa.R.A.P. 1762(b) granting or denying release or modifying the conditions of release before sentence, a party may seek review of that order by filing a petition for limited review in the appellate court that would have jurisdiction over the appeal from the judgment of sentence.

Official Note: Also see Pa.R.A.P. 1762(a) and Pa.R.A.P. 1762(e).

Rule 1613. Review of Orders Finding Double Jeopardy Claim Frivolous.

(a) *General rule.*—A criminal defendant seeking review of a frivolousness determination by a court of common pleas under Pa.R.Crim.P. No. 587 may file a petition for limited review in the appellate court having jurisdiction over the matter.

(b) *Parties.*—The parties in the trial court shall be named as parties in the appellate court. If there are multiple defendants but the order for which review is sought adjudicates the motion of only a single defendant, only that defendant may file a petition for limited review.

(c) *Effect of filing petition.*—The filing of a petition for limited review shall not automatically stay the proceedings before the trial court. A petitioner may file an application for a stay in the trial or appellate court pending the determination of the petition for review, or the trial or appellate court may issue a stay *sua sponte*.

(d) *Grant of petition and transmission of record.*—If the petition for limited review is granted, the prothonotary of

the appellate court shall immediately give written notice of the entry of the order to the clerk of the trial court and to each party who has appeared in the appellate court. The grant of the petition shall operate as a stay of trial court proceedings in accordance with Chapter 17. The clerk of the trial court shall docket the notice in the same manner as a notice of appeal and shall mail that notice to all parties to the trial court proceeding. The certified record shall be transmitted and filed in accordance with Chapter 19 (preparation and transmission of the record and related matters). The times fixed by those provisions for transmitting the record shall run from the date of the entry of the order granting the petition for limited review. No party need file a separate notice of appeal.

(e) *Denial of petition.*—If the petition for limited review is denied, the prothonotary of the appellate court shall immediately give written notice of the order to the clerk of the trial court and to each party who has appeared in the appellate court.

Official Note: The trial court's determination and the procedure for determining a motion to dismiss on double jeopardy grounds is set forth in Pa.R.Crim.P. No. 587. If a trial court denies such a motion without expressly finding that the motion is frivolous, the order is immediately appealable by means of a notice of appeal under Pa.R.A.P. 313. If, however, the trial court finds the motion to be frivolous, appellate review can be secured only if the appellate court grants a petition for limited review. See *Commonwealth v. Ori*, 22 A.3d 1021 (Pa. 2011); *Commonwealth v. Brady*, 510 Pa. 336, 508 A.2d 286 (1986).

Where the petition for limited review of the determination of frivolousness is granted, the grant automatically initiates a separate appeal on the merits from the order denying the pretrial motion seeking dismissal of criminal charges on double jeopardy grounds.

A party may seek (or a court may *sua sponte* issue) a stay of the trial court proceedings pending review of the frivolousness determination. Otherwise, the trial court may proceed while the petition for review is pending. See Pa.R.A.P. 1701(d). Where the petition for limited review of the determination of frivolousness is granted, the grant automatically stays further proceedings in the trial courts.

Rule 1614. Review of Special Prosecution Orders.

(a) *General rule.*—Within ten days after the entry of the order sought to be reviewed, a petition for limited review may be filed in the Supreme Court of Pennsylvania seeking review of the following orders:

(1) An order relating to the supersession of a district attorney by an Attorney General or by a court or to the appointment, supervision, administration or operation of a special prosecutor.

(2) An order relating to the convening or discharge of an investigating grand jury or otherwise affecting its existence.

(3) An order entered in connection with the supervision, administration or operation of an investigating grand jury or otherwise directly affecting an investigating grand jury or any investigation conducted by it.

(4) An order enforcing or refusing to enforce a subpoena issued by or otherwise affecting the existence or operation of any investigating committee of the General Assembly.

(5) An order of the type specified in subparagraphs (1) through (4) of this paragraph which contains a statement

by the lower court pursuant to 42 Pa.C.S. § 702(b) (interlocutory appeals by permission). Chapter 13 (interlocutory appeals by permission) shall not be applicable to such an order.

Seven copies of any filings under this rule shall be filed with the original. Pa.R.A.P. 3309 shall not be applicable to an order reviewable under this rule.

(b) *Opinion and record.*—The Supreme Court on its own initiative may direct that the lower court comply with Pa.R.A.P. 1925 or that the record be otherwise corrected or supplemented.

(c) *Distribution and disposition.*—Upon receipt of the last filing that a party is entitled to make under this rule, the filings shall be distributed by the Prothonotary to the Supreme Court for its consideration. The Supreme Court may thereafter dispose of the petition or set it down for argument.

(d) *Interlocutory matters.*—The interlocutory or final nature of an order shall not be affected by this rule and, unless independent grounds appear for the review of an interlocutory order, the interlocutory nature of the order will be a sufficient reason for denying the petition. The denial of a petition shall be deemed a disposition on the merits unless otherwise ordered or unless the petition expressly seeks permission to appeal from an interlocutory order and asserts no other basis of jurisdiction on appeal.

(e) *Remand of record.*—Unless otherwise ordered:

(1) A certified copy of the judgment of the Supreme Court and the opinion of the court, if one has been filed, shall be transmitted to the lower court forthwith upon entry, notwithstanding the pendency of any application for reargument or other proceeding affecting the judgment. This transmission shall be in lieu of the remand of the record.

(2) Such transmission shall operate to vacate any order theretofore entered pursuant to Chapter 17 (effect of appeals; supersedeas and stays).

Official Note: This rule is intended to provide a simple and expeditious method for Supreme Court supervision of special prosecutions and investigations, e.g. orders of the supervising judge of an investigating grand jury, findings of contempt (whether civil or criminal) by witnesses called before such a grand jury, etc. Pa.R.A.P. 702(c) and 42 Pa.C.S. § 722(5) (direct appeals from courts of common pleas) vest jurisdiction over such matters in the Supreme Court. However, this rule is not applicable to review of investigating grand jury issues that collaterally arise in a plenary criminal prosecution initiated by complaint, information or indictment. This rule requires that review be sought within ten days. Essentially the procedure is analogous to the review of a bail order under Pa.R.A.P. 1762. There is no delay for certification of the record, oral argument is ordinarily not available, and the matter is ready for final disposition by the Supreme Court immediately upon completion of the briefing schedule.

The term “investigating grand jury” in paragraph (a) includes a “multicounty investigating grand jury” convened under 42 Pa.C.S. § 4544 (convening multicounty investigating grand jury). The “independent grounds” referred to in paragraph (d) include grounds for relief in the nature of mandamus, prohibition, etc. and cases where the order is reviewable under the standards of 42 Pa.C.S. § 702(b) (interlocutory appeals by permission).

Failure to petition for limited review under this rule from an interlocutory order will ordinarily not constitute a waiver of objections to the order since, except as prescribed by Pa.R.A.P. 311(g)(1)(ii), there is no requirement under these rules that a party seek available interlocutory relief.

Under Pa.R.A.P. 1702(a), the Supreme Court or a justice thereof will not entertain an application for relief under Pa.R.A.P. 1781 in connection with a special prosecution or investigation order until a petition for limited review has been filed under this rule.

Rule 1615. Review of Out-of-Home Placement in Juvenile Delinquency.

(a) *General rule.*—If a court under the Juvenile Act, 42 Pa.C.S. § 6301 et seq., enters an order after an adjudication of delinquency of a juvenile pursuant to Pa.R.J.C.P. 409(A)(2) and 515, which places the juvenile in an out-of-home overnight placement in any agency or institution that shall provide care, treatment, supervision or rehabilitation of the juvenile, the juvenile may file a petition for limited review. The petition shall be filed within ten days of the order.

(b) *Content.*—A petition for limited review under paragraph (a) shall contain: (i) a specific description of any determinations made by the juvenile court; (ii) the matters complained of; (iii) a concise statement of the reasons why the juvenile court abused its discretion in ordering the out-of-home placement; (iv) the proposed terms and conditions of an alternative disposition for the juvenile; and (v) a request that the official court reporter for the juvenile court transcribe the notes of testimony as required by paragraph (g) of this rule. Any order(s) and opinion(s) relating to the out-of-home placement and the transcript of the juvenile court’s findings shall be attached as appendices. The petition shall be supported by a certificate of counsel to the effect that it is presented in good faith and not for delay.

(c) *Scope of review.*

(1) The reviewing court shall not consider any challenge to the juvenile court’s selection of a specific agency or specific institution as the site of the out-of-home placement and instead may consider only a challenge to the fact that the placement is out-of-home.

(2) The reviewing court shall not consider any challenge to the underlying adjudication of delinquency.

(d) *Response.*—Any response shall be filed within ten days of service of the petition, and no other pleading is authorized.

(e) *Service.*—A copy of the petition for limited review and any answer thereto shall be served on the judge of the juvenile court and the official court reporter for the juvenile court. All parties in the juvenile court shall be served in accordance with Pa.R.A.P. 121(b).

(f) *Opinion of juvenile court.*—Upon receipt of a copy of a petition for limited review under paragraph (a), if the judge who made the disposition of the out-of-home placement did not state the reasons for such placement on the record at the time of disposition pursuant to Pa.R.J.C.P. 512(D), the judge shall file of record a brief statement of the reasons for the determination or where in the record such reasons may be found, within five days of service of the petition for limited review.

(g) *Transcription of Notes of Testimony.*—Upon receipt of a copy of a petition for limited review under paragraph (a), the court reporter shall transcribe the notes of

testimony and deliver the transcript to the juvenile court within five business days. If the transcript is not prepared and delivered in a timely fashion, the juvenile court shall order the court reporter to transcribe the notes and deliver the notes to the juvenile court, and may impose sanctions for violation of such an order. If the juvenile is proceeding *in forma pauperis*, the juvenile shall not be charged for the cost of the transcript.

(h) *Non-waiver of objection to placement.*—A failure to seek review under this rule of the out-of-home placement shall not constitute a waiver of the juvenile's right to seek review of the placement in a notice of appeal filed by the juvenile from a disposition after an adjudication of delinquency.

Official Note: This rule provides a mechanism for the expedited review of an order of out-of-home placement entered pursuant to Pa.R.J.C.P. 515. Pa.R.J.C.P. 512(D) requires the judge who made the disposition of an out-of-home placement to place the reasons for the out-of-home placement on the record at the time of the disposition, and paragraph (f) of this rule is applicable only in the exceptional circumstance where the judge who made the disposition of an out-of-home placement fails to comply with Pa.R.J.C.P. 512(D). The Juvenile Act, 42 Pa.C.S. § 6352, sets forth the considerations for a dispositional order following an adjudication of delinquency and the alternatives for disposition. The standard for review of a dispositional order is an abuse of discretion. *See In the Interest of A.D.*, 771 A.2d 45 (Pa. Super. 2001) (*en banc*).

EXPLANATORY COMMENT

The Committee is proposing to reorganize Chapter 15 of the Rules of Appellate Procedure and to create a new Chapter 16 of the Rules of Appellate Procedure in order to separate out from existing Chapter 15 and move into new Chapter 16 a number of initiating documents presently called "petitions for review" that are neither traditional administrative agency appeals nor original jurisdiction actions against the Commonwealth, but rather are either requests for interlocutory review from lower tribunals or requests for some other type of limited appellate court review in criminal or juvenile matters that are ancillary and/or preliminary to appellate review.

As presently structured, Chapter 15's purpose is to provide the procedure for obtaining judicial review of action or inaction of a "government unit" not otherwise available through a notice of appeal under Chapter 9, a petition for allowance of appeal under Chapter 11, or a petition for permission to appeal under Chapter 13. Since 1976 when Chapter 15 was adopted, most of the appellate court filings that utilize Chapter 15 have been, as intended, either traditional administrative agency appeals or original jurisdiction actions against the Commonwealth, filed either in the Commonwealth Court's appellate or original jurisdiction. However, because the definition of "government unit" is so broad as to encompass every government actor, including the courts, and because the Chapter 15 "petition for review" is the default initiating document where another initiating document is not already provided in Chapters 9, 11 or 13, Chapter 15 presently applies to a variety of matters in addition to traditional administrative agency appeals and original jurisdiction actions against the Commonwealth. These other types of petitions for review often involve appellate review that is more limited than a traditional appeal. For example, petitions for review under Pa.R.A.P. 341(c), 1311 (Note), and 1573 present only the question of whether to permit an appeal from an interlocutory order, and are

more procedurally similar to a petition for allowance of appeal than an appeal. Other petitions for review involve appellate review using specialized procedures that depart from standard appeal procedures, such as review of bail orders under Pa.R.A.P. 1762, review of special prosecution orders under Pa.R.A.P. 3331, and review of out-of-home-placement of minors under Pa.R.A.P. 1770.

The Committee is proposing to reorganize Chapter 15 to limit its scope to the review of specifically enumerated government unit action or inaction, with the result that Chapter 15 will apply only to traditional administrative agency appeals, certain other enumerated appeals from adjudications or other actions, and original jurisdiction actions against the Commonwealth. Judicial review of all other action or inaction of a "government unit" not otherwise available through Chapters 9, 11, 13 or reorganized Chapter 15, including requests for interlocutory review under Pa.R.A.P. 341(c) and 1311 (Note), review of bail orders under Pa.R.A.P. 1762, review of orders that find a double jeopardy claim to be frivolous under Pa.R.A.P. 1573, review of special prosecution orders under Pa.R.A.P. 3331, and review of out-of-home-placement of minors under Pa.R.A.P. 1770, will fall under new Chapter 16, and will occur under an initiating document called a "petition for limited review." This proposal thus moves the "residuary" function presently assigned to Chapter 15 to new Chapter 16.

As a general principle, the proposed reorganization of Chapter 15 and the adoption of new Chapter 16 are not intended to alter existing procedures. In certain instances, however, the Committee is proposing changes to existing procedures. For example, under existing practice, the standard of review for a Pa.R.A.P. 341(c) petition for review is "abuse of discretion," whereas the standard of review for a Pa.R.A.P. 1311 (Note) petition for review is "so egregious as to justify prerogative appellate correction." In transferring these initiating documents to Chapter 16 as petitions for limited review, the Committee is recommending that the standard of review for both be "abuse of discretion." Similarly, existing practice under Pa.R.A.P. 341(c) requires that the lower tribunal has only 30 days from the date of entry of its original order to act on an application for a determination of finality, whereas the procedure in Pa.R.A.P. 1311 affords the lower tribunal 30 days from the filing of the application. In transferring these initiating documents to Chapter 16 as petitions for limited review, the Committee is recommending that in both the 341(c) application and the 1311 application, the lower tribunal have 30 days from the date of filing the application to act.

The Committee is aware that adoption of the proposed reorganization of Chapter 15 and the adoption of new Chapter 16 will necessitate a number of conforming changes throughout the Rules of Appellate Procedure, and has noted the particular changes required in other chapters. If, after receiving and evaluating comments to the concept of the proposed reorganization of Chapter 15 and the adoption of new Chapter 16, the Committee determines to move forward with the proposal, the Committee will republish for comment the proposed amendments to Chapters 15 and new Chapter 16, and will publish for comment for the first time, proposed modifications to all of the other rules in other chapters of the Rules of Appellate Procedure that are affected by the proposed changes to Chapter 15 and the adoption of new Chapter 16.

The following discussion of proposed changes in reorganized Chapter 15 and new Chapter 16 highlights proposed changes from existing practice.

Reorganized Chapter 15

Pa.R.A.P. 1501—Scope of Chapter

1501(a)(1): The reorganization adds appeals from awards of arbitrators who decide disputes between the Commonwealth and its employees. These have always been reviewable under Chapter 15, pursuant to 42 Pa.C.S. § 763(b), but were mentioned only in the Official Note to the Rule, not the Rule.

1501(a)(2): The reorganization deletes the words “or any other statute providing for judicial review of a determination of a government unit” in order to assure that the only appellate matters reviewable under Chapter 15 are those specified in 1501.

1501(a)(4): Legislative reapportionment appeals, while not traditional administrative agency appeals, follow an appellate process that has more similarities to Chapter 15 petitions for review than to Chapter 16 petitions for limited review; therefore, and for the additional reason discussed below as to 1501(a)(5), the reorganization retains them in Chapter 15.

1501(a)(5): Pursuant to 42 Pa.C.S. § 725 (Direct appeals from constitutional and judicial agencies), the Supreme Court has exclusive jurisdiction of appeals from certain judicial and legislative agencies. Under the current rules and practice, all of the 42 Pa.C.S. § 725 categories except appeals from the Court of Judicial Discipline, which are treated as notices of appeal under Chapter 9, fall under Chapter 15. The reorganization proposes to retain that treatment. Appeals from legislative reapportionment, 42 Pa.C.S. § 725 (1), are addressed in 1501(4) and discussed above. Appeals from orders of the other three judicial agencies (minor judiciary education, law examiners, attorney discipline), though different in some ways from a typical agency appeal, have more similarities to Chapter 15 petitions for review than to Chapter 16 matters that are typically preliminary to or ancillary to an appeal.

1501(a)(6): Similar to the appeals listed in 1501(a)(5), appeals to the Supreme Court from the Court Administrator’s denial of access to judicial financial records, though different in some ways from a typical agency appeal, have more similarities to Chapter 15 petitions for review than to Chapter 16 matters that are typically preliminary to or ancillary to an appeal.

1501(b)(3): The reorganization transfers challenges to denial of the ability to seek interlocutory review under Pa.R.A.P. 341 and 1311 to Chapter 16.

1501(b)(4): This addition highlights that Chapter 15 does not apply to matters addressed in Chapter 16.

Official Note: The proposed Official Note explains the difference between Chapters 15 and 16. The previous Official Note is superseded by the reorganization.

Pa.R.A.P. 1502. Exclusive Procedure

The addition to the first sentence and deletion of the second sentence are intended to conform the rule to the limiting amendments to Pa.R.A.P. 1501.

The previous Official Note is superseded by the reorganization.

Pa.R.A.P. 1503. Improvident Appeals or Original Jurisdiction Actions

The additions and deletions are intended to conform the rule to the limiting amendments to Pa.R.A.P. 1501 and to make the rule more simple and clear.

Pa.R.A.P. 1504. Improvident Petition for Review

The additions and deletions are intended to conform the rule to the limiting amendments to Pa.R.A.P. 1501 and to make the rule more simple and clear.

Pa.R.A.P. 1512. Time for Petitioning for Review

1512(a)(2): The word “cross” was added to clarify that, as discussed in the Official Note to the Rule, the document that is referred to in this subsection is in fact a “cross petition for review” similar in kind to a “cross notice of appeal.”

1512(a)(2) and (3): The deletion of subparagraphs (3) and (5) conform to the transfer of those matters to Chapter 16.

Pa.R.A.P. 1513. Petition for Review

The last sentence of Paragraph (c) is deleted to conform to the transfer of those matters to Chapter 16.

The Official Note is restructured to follow the order of the Rule.

Pa.R.A.P. 1514. Filing and Service of Petition for Review

Paragraph (c) is amended to require service on the Attorney General of all petitions for review. The current rule only requires service on the Attorney General “in matters involving the Commonwealth.” However, in Chapter 15 as reorganized, the Commonwealth will be involved in every petition for review.

Paragraph (d) is amended to add a sentence that warns practitioners that the party they represent in an appellate petition for review must intervene affirmatively under Pa.R.A.P. 1531(a) even if their counsel already is entered on the docket.

The Official Note is amended to delete the next-to-last sentence because under these amendments there no longer will be petitions for review of trial court orders in Chapter 15.

Pa.R.A.P. 1516. Other Pleadings Allowed

Paragraph (a) is amended to conform to the transfer of the deleted matters (all except Pa.R.A.P. 3321) to Chapter 16.

The Official Note is amended to delete the first and final sentences to conform to the transfer of the deleted matters to Chapter 16.

Pa.R.A.P. 1517. Applicable Rules of Pleading

The Official Note is deleted to conform to the transfer of the referenced matters to Chapter 16.

Pa.R.A.P. 1531. Intervention

The third paragraph of the Official Note is deleted to conform to the transfer of the referenced matter to Chapter 16.

Pa.R.A.P. 1541. Certification of the Record

The Official Note is deleted as under these amendments there no longer will be petitions for review of trial court orders in Chapter 15.

Pa.R.A.P. 1542. Evidentiary Hearing

The Official Note is deleted to conform to the transfer of the referenced matter to Chapter 16.

Pa.R.A.P. 1551. Scope of Review

The entire Official Note is deleted. All but the final paragraph is either obsolete or repetitive of other provisions or notes. The final sentence is deleted to conform to the transfer of the referenced matter to Chapter 16.

Pa.R.A.P. 1561. Disposition of Petition for Review

1561(d): The “Except as” clause of Paragraph (d) is deleted to conform to the transfer of the referenced matters to Chapter 16. The remainder of Paragraph (d) is deleted because it is clear from Pa.R.A.P. 1501 that Chapter 15 does not extend to habeas or PCRA.

The last two paragraphs of the Official Note are deleted for the same reasons.

Pa.R.A.P. 1573. Review of Orders in Which the Court Finds an Assertion of Double Jeopardy Frivolous

Pa.R.A.P. 1573 is transferred to Chapter 16.

*New Chapter 16**Pa.R.A.P. 1603. Form and Content*

Pa.R.A.P. 1603(b): This subsection addresses the Superior Court’s concern expressed in *Commonwealth v. K.M.-F.*, 2015 Pa. Super. 124, n.5 (May 22, 2015), that petitioners specifically label petitions for review seeking out-of-home placement in a juvenile delinquency matter in order to assure expeditious attention.

Pa.R.A.P. 1605. Response to Petition

1605(a): For certain existing petitions for review that are being transferred to Chapter 16 as petitions for limited review, the response time is less than 30 days. As a default rule, unless otherwise stated in a rule related to a specific petition for limited review, the response is 30 days, as there is no compelling justification for giving the respondent half the time provided to the petitioner.

1605(b): The rule does not explicitly provide for a “reply brief” by the petitioner, or for additional filings. Parties wishing to file additional responses must petition for permission under Pa.R.A.P. 123.

Pa.R.A.P. 1610. Review of Refusal to Enter Final Order on Fewer than All Claims

1610(b): Existing practice under Pa.R.A.P. 341(c) requires that the lower tribunal has only 30 days from the date of entry of its original order to act on an application for a determination of finality. Pa.R.A.P. 1610 would change that practice to afford the lower tribunal 30 days from the filing of the application to rule on the application, similar to the current practice under Pa.R.A.P. 1311 for applications to the lower tribunal to amend an order to certify it for interlocutory review. Implementation of Pa.R.A.P. 1610 will require a parallel change to Pa.R.A.P. 341(c).

Pa.R.A.P. 1611. Review of Refusal to Certify Interlocutory Orders for Appeal

1611(c): Existing practice under Pa.R.A.P. 1311 (Note) provides that the standard of review for Pa.R.A.P. 1311 (Note) petition for review is “so egregious as to justify prerogative appellate correction.” In contrast, the similar procedure under Pa.R.A.P. 341(c) and proposed Pa.R.A.P. 1610 calls for an “abuse of discretion” standard of review. The Committee observes that the Supreme Court has treated the “so egregious as to justify prerogative appellate correction” standard as the same as “abuse of discretion,” see *Brittain v. Beard*, 974 A.2d 479, 490 n.6 (Pa. 2009); *Commonwealth v. Tilley*, 780 A.2d 649, 651 (Pa. 2001), and proposes to replace the “so egregious as to

justify prerogative appellate correction” standard in Pa.R.A.P. 1311 (Note) and proposed Pa.R.A.P. 1611 with the abuse of discretion standard. Implementation of proposed Pa.R.A.P. 1611 will require a parallel change to Pa.R.A.P. 1311 (Note).

Pa.R.A.P. 1612. Review of Bail Orders

Implementation of Pa.R.A.P. 1612 will require conforming changes to Pa.R.A.P. 1762, some of which will become obsolete if proposed Pa.R.A.P. 1612 is adopted.

Pa.R.A.P. 1613. Review of Orders Finding Double Jeopardy Claim Frivolous

Pa.R.A.P. 1613 transfers the substance of existing Pa.R.A.P. 1573 to Chapter 16, but also proposes several changes to Pa.R.A.P. 1573.

Pa.R.A.P. 1613(a): Existing Pa.R.A.P. 1573(a) provides that “any party” seeking review of a frivolousness determination may file a petition. The phrase implies that the Commonwealth could file such a petition if the judge ruled that the double jeopardy claim was not frivolous. In a criminal case, however, it is only the defendant, not the Commonwealth, who would be seeking interlocutory review of a pre-trial double jeopardy claim. Therefore the defendant is the only “party” to whom the rule applies. There could be multiple criminal defendants, only one of whom would be in a position to file a petition for limited review, but subsection (b) of the proposed rule explicitly addresses the multiple defendant situation. Therefore, in transferring existing Pa.R.A.P. 1573 to Chapter 16, the Committee proposes to change “any party” in subsection (a) of Pa.R.A.P. 1573 to “a criminal defendant.” For clarity, we also propose to change “shall” in current Pa.R.A.P. 1573(a) to “may.”

The second sentence of current Pa.R.A.P. 1573(a) (review governed by general rules in this chapter unless this rule says otherwise), is redundant in light of proposed Pa.R.A.P. 1601, second paragraph, and so is omitted from proposed Pa.R.A.P. 1613.

Pa.R.A.P. 1573 subsections (b) (contents of the petition), (d) (no supporting brief), (e) (essential requisites of petition), (g) (answer to petition) and (h) (service) are omitted from proposed Pa.R.A.P. 1613 because Pa.R.A.P. 1602—1605 supply these procedures.

Pa.R.A.P. 1613(d): Existing Pa.R.A.P. 1573(i) provides that the grant of the petition operates as a stay of “all” trial court proceedings. However, as the grant of a stay is supposed to put the defendant in the same position as if he had an appeal as of right, and an appeal as of right does not stay all trial court proceedings, proposed Pa.R.A.P. 1613(d) provides that the grant of a petition for limited review operates to stay trial court proceedings to the extent provided in Chapter 17.

Official Note: The existing Official Note to Pa.R.A.P. 1573 states that, if the petition is denied, the defendant can file a petition for allowance of appeal with the Supreme Court. The Official Note to proposed Pa.R.A.P. 1613 eliminates this sentence.

Pa.R.A.P. 1614. Review of Special Prosecution Orders

Pa.R.A.P. 1614 transfers the substance of existing Pa.R.A.P.E. 3331 to Chapter 16.

1614(b): The first three sentences of existing Pa.R.A.P. 3331(b) provide that the petitioner may file a brief in support of the petition for review, any party may file an answering brief, and all parties may attach portions of the record to their briefs. These sentences are removed

from Pa.R.A.P. 1614 because Pa.R.A.P. 1603 provides that the petition for limited review must include all necessary legal argument.

Pa.R.A.P. 1615. Review of Out-of-Home Placement In Juvenile Delinquency

Pa.R.A.P. 1615 transfers the substance of existing Pa.R.A.P. 1770 to Chapter 16, and proposes several changes to Pa.R.A.P. 1770 for clarity.

1615(c): Existing Pa.R.A.P. 1770(c) addresses the narrow scope of review under this rule:

(c) “*Objection to specific agency or institution, or underlying adjudication of delinquency, is not permitted.*”

(1) A petition for review under subdivision (a) shall not challenge the specific agency or specific institution that is the site of the Out of Home Placement and instead shall be limited to the Out of Home Placement itself.

(2) A petition for review under subdivision (a) shall not challenge the underlying adjudication of delinquency.

Proposed Pa.R.A.P. 1615(c) changes the heading to “scope of review,” consistent with other proposed Chapter 16 rules, and proposes some rewriting to the subsection for clarity purposes.

1615(d): Existing Pa.R.A.P. 1770(d)’s second sentence provides that certain Chapter 15 rules, including rules related to pleading, intervention and scope of review, do not apply to Pa.R.A.P. 1770. With the transfer of Pa.R.A.P. 1770 to Chapter 16, those disclaimers are no longer needed.

1615(e): Existing Pa.R.A.P. 1770(e)’s third sentence provides for service on the attorney general. It is eliminated here because it is already covered in proposed Pa.R.A.P. 1604.

1615(g): Existing Pa.R.A.P. 1770(g)’s last sentence states that Chapter 19 does not apply to Pa.R.A.P. 1770 petitions. As Chapter 19 does not apply to any petitions for limited review under Chapter 16, the sentence is unnecessary and so is eliminated in the proposed Pa.R.A.P. 1615.

TITLE 237. JUVENILE RULES

PART I. RULES

Subpart A. DELINQUENCY MATTERS

CHAPTER 1. GENERAL PROVISIONS

Rule 105. Search Warrants.

The Pennsylvania Rules of Criminal Procedure, Rules 200 through 211 and Rule 212(B), shall apply to search warrants in juvenile delinquency matters.

Comment

Search warrants for juvenile cases are not available for public inspection. The search warrant is to be treated as a juvenile record and the provisions of Rule 160(A) apply. Once a search warrant is executed, it is filed with the Court of Common Pleas and becomes a part of the official court record. Also, information contained in the affidavit for probable cause attached to the search warrant is a part of law enforcement records, which is also confidential. See 42 Pa.C.S. §§ 6307 & 6308 and Rule 160.

Official Note: Rule 105 adopted April 1, 2005, effective October 1, 2005.

Committee Explanatory Reports:

Final Report explaining the provisions of Rule 105 published with the Court’s Order at 35 Pa.B. 2214 (April 16, 2005).

EXPLANATORY REPORT

When Pa.R.J.C.P. 105 was adopted in 2005, it was believed that there should be one search warrant procedure for police officers to follow regardless of whether the matter concerned a criminal or juvenile case. Therefore, Rule 105 incorporated the Rules of Criminal

Procedure into the Rules of Juvenile Court Procedure for search warrants. When Pa.R.J.C.P. 105 was adopted, Pa.R.Crim.P. 212 did not exist.

Pa.R.Crim.P. 212 was adopted in 2008. At that time, the Juvenile Court Procedural Rules Committee (Committee) did not request the addition of Pa.R.Crim.P. 212 to Pa.R.J.C.P. 105 because it believed juvenile records were confidential and not open to public inspection so the criminal rule was inapplicable to juvenile cases. The criminal rule provided that the issuing authority shall not make any search warrants and any affidavit(s) of probable cause available for public inspection or dissemination until the warrant has been executed. The Committee relied upon Pa.R.J.C.P. 160 and 42 Pa.C.S. § 6308.

In 2013, the original text of Pa.R.Crim.P. 212 was made paragraph (A) and a new paragraph (B) was added to clarify unexecuted warrants and affidavit(s) are not public records and shall be destroyed upon return to the issuing authority. Unexecuted warrants neither get filed with Court of Common Pleas nor become a part of the official court record. Therefore, the Juvenile Court Procedural Rules Committee believes it is important to incorporate this paragraph into the Pa.R.J.C.P. 105. Hence, the addition of Pa.R.Crim.P. 212(B) into Pa.R.J.C.P. 105.

To clarify the inapplicability of Pa.R.Crim.P. 212(A) to juvenile proceedings, a comment has been added to Rule 105 providing that warrants for juvenile cases shall be treated as juvenile records. It is illogical to make juvenile search warrants accessible for a brief period of time from the execution of a warrant until the return of the warrant. Once the return of the warrant is filed with the Court of Common Pleas, it is now part of the official court record, which makes the Rules of Juvenile Court Procedure applicable, including Rule 160 governing inspecting, copying, and disseminating the official court record. See Pa.R.Crim.P. 210 for filing of the return warrant with the Court of Common Pleas.

RULES AND REGULATIONS

Title 7—AGRICULTURE

DEPARTMENT OF AGRICULTURE

[7 PA. CODE CH. 137b]

Corrective Amendment to 7 Pa. Code § 137b.24

The Department of Agriculture (Department) has discovered a discrepancy between the agency text of 7 Pa. Code § 137b.24 (relating to ineligible land) as deposited with the Legislative Reference Bureau and the official text as published at 31 Pa.B. 1701 (March 31, 2001), as currently appearing in the *Pennsylvania Code*. A reference to “ineligible land” was incorrectly published as “eligible land.”

Therefore, under 45 Pa.C.S. § 901: the Department has deposited with the Legislative Reference Bureau a corrective amendment to 7 Pa. Code § 137b.24. The corrective amendment to 7 Pa. Code § 137b.24 is effective as of March 31, 2001, the effective date of adoption of this section.

The correct version of 7 Pa. Code § 137b.24 appears in Annex A.

Annex A

TITLE 7. AGRICULTURE

PART V-C. FARMLAND AND FOREST LAND

CHAPTER 137b. PREFERENTIAL ASSESSMENT OF FARMLAND AND FOREST LAND UNDER THE CLEAN AND GREEN ACT

ELIGIBLE LAND

§ 137b.24. Ineligible land.

A landowner seeking preferential assessment under the act shall include ineligible land on the application if the ineligible land is part of a larger contiguous tract of eligible land, and the use of the land which causes it to be ineligible exists at the time the application is filed. Although this ineligible land may not receive preferential assessment, the applicant shall specify the boundaries and acreage of the ineligible land, and may not expand the boundaries beyond those identified in the initial application. A landowner will not be required, as a condition of county acceptance or approval of the application, to survey or re deed the tract so as to exclude the ineligible land.

Example: A landowner owns a 100-acre tract of land, 90 acres of which is productive farmland and 10 acres of which is occupied by an auto salvage yard. If the landowner seeks preferential assessment of the 90 acres of farmland, the application shall describe the entire 100-acre tract. If preferential assessment is granted, it will apply to the 90 acres of farmland. The 10-acre tract would continue to be assigned its fair market value and assessed accordingly.

Title 25—ENVIRONMENTAL PROTECTION

ENVIRONMENTAL QUALITY BOARD

[25 PA. CODE CHS. 77, 86—90 AND 211]

Land Reclamation Financial Guarantees and Bioenergy Crop Bonding

The Environmental Quality Board (Board) adds §§ 86.162b and 86.162c (relating to Land Reclamation Financial Guarantees; and Bioenergy Crop Bonding). Sections 86.162b and 86.162c implement the act of July 5, 2012 (P. L. 918, No. 95) (Act 95) and the act of October 24, 2012 (P. L. 1276, No. 157) (Act 157). The Board also amends Chapters 77, 86—90 and 211 to correct citations to the Surface Mining Conservation and Reclamation Act (SMCRA) (52 P. S. §§ 1396.1—1396.19b) to account for the addition of section 19.2 of the SMCRA (52 P. S. § 1396.19b), which was added by Act 157, and to correct other citation errors.

This final-form rulemaking was adopted by the Board at its meeting of April 21, 2015.

A. Effective Date

This final-form rulemaking will go into effect upon publication in the *Pennsylvania Bulletin*.

This final-form rulemaking is available on the Department of Environmental Protection’s (Department) web site at www.dep.state.pa.us (select “Public Participation Center,” then “The Environmental Quality Board”).

C. Statutory Authority

This final-form rulemaking is authorized under the authority of section 5 of The Clean Streams Law (35 P. S. § 691.5); sections 4(a) and 4.2 of the SMCRA (52 P. S. §§ 1396.4(a) and 1396.4b); and section 1920-A of The Administrative Code of 1929 (71 P. S. § 510-20).

D. Background and Purpose

Act 95 allows for reclamation bond coverage for no cost to operators who remine and then reclaim the area with biofuel crops. The final-form rulemaking provides the framework for implementing this biofuels incentive. Act 95 added section 4.14 of the SMCRA (52 P. S. § 1396.4n).

Act 157 specifically requires that the Board promulgate regulations to implement the Land Reclamation Financial Guarantee (LRFG) program. Accordingly, this final-form rulemaking provides the framework for bonding assistance underwritten by existing Commonwealth funds and premiums paid by surface mine operators.

This final-form rulemaking establishes eligibility requirements, program limits and operational standards.

Act 157

Prior to 2001, the Department operated an alternate bonding system (ABS) for surface coal mining sites. Under the ABS, flat-rate per-acre bonds were supplemented by a nonrefundable per-acre "reclamation fee." Based upon shortfalls in funding under this program, the Department terminated the ABS and converted all surface coal mine sites to full-cost bonds. Mine sites bonded under the ABS with post-mining pollutional discharges where the permittee has failed to meet its regulatory obligations constitute a legacy of the ABS for which the Department has the responsibility to operate and maintain treatment systems.

Section 213 of the act of June 22, 2001 (P. L. 979, No. 6A) (Act 6A), known as the General Appropriation Act of 2001, provided \$7 million "[f]or the conservation purpose of providing sum-certain financial guarantees needed to facilitate the implementation of full-cost bonding, for a fee, and in the event of forfeiture, to finance reclamation of the forfeited surface mining site in an amount not to exceed the sum-certain guarantee." This appropriation resulted in the creation of the Conversion Assistance program.

The Department implemented Conversion Assistance under the authority of section 4(d.2) of the SMCRA, which allows for "alternative financial assurance mechanisms which shall achieve the objectives and purposes of the bonding program." Participants in the program executed an agreement through which they agreed to pay an annual premium of 1.5% of the value of the financial guarantee. During the conversion, the Department underwrote about \$63 million of bond liability for Conversion Assistance. Currently, Conversion Assistance covers about \$19 million in bond liability.

From the inception of the program through Fiscal Year 2013-2014, the Department collected about \$6.3 million in premium payments, while about \$300,000 was spent for reclamation of a forfeited site. Act 157 authorized a one-time transfer of \$500,000 from this account to the remining financial assurance account to support the Remining Financial Guarantee (RFG) program. This transfer was executed in 2013. Therefore, more than \$13 million is available to support the LRFG program as it is structured in Act 157.

Act 157 requires the Board to promulgate regulations to implement the LRFG program. Act 157 includes a requirement for the LRFG program fee amount to be established by regulation. It takes the funds from the Conversion Assistance and transfers them to the LRFG program and converts existing Conversion Assistance to LRFGs.

Act 157 also describes factors for eligibility for LRFGs including:

- (1) The environmental and safety hazards of the site for which a guarantee is proposed.
- (2) The availability of coal reserves at the site.
- (3) The operator's long-term financial stability.
- (4) The operator's prior denial of coverage, if any, by surety bond companies.
- (5) The operator's length of time in business and compliance history.

(6) Any other factor the Department considers indicative of an operator's ability to complete reclamation and pay required premiums under the program.

Act 157 requires the Department to determine the total amount of LRFGs that can be supported by the LRFG account based on loss reserves established by the application of the historical rate of mine operator bond forfeitures, plus a reasonable margin of safety to protect the account from the risk of forfeiture. Act 157 also requires the Board to establish, by regulation, underwriting methods adequate to insure the account against the risk of forfeiture of the guarantees.

Act 157 allows the Department to transfer interest earned on the funds in the LRFG account into the Reclamation Fee O&M Trust Account established under §§ 86.17 and 86.187 (relating to permit and reclamation fees; and use of money) to supplement the funding of the Reclamation Fee O&M Trust Account, which is used to pay for the operation and maintenance of treatment systems for the ABS Legacy Sites. It also provides that premiums collected and deposited in the LRFG account may be transferred into the Reclamation Fee O&M Trust Account consistent with the requirement to assure the financial stability of the LRFG program.

Act 157 states "[t]he land reclamation financial guarantee program established by this section may be discontinued immediately upon publication of notice in the *Pennsylvania Bulletin* if twenty-five per cent or greater of the outstanding bond obligation for the land reclamation financial guarantees program is subject to forfeiture."

Act 157 includes a provision for the annual appropriation of up to \$2 million collected from the gross receipts tax by the General Assembly to the Department for transfer into the Reclamation Fee O&M Trust Account established under § 86.17. Act 157 includes the following regarding the funding of this account:

Beginning in fiscal year 2013-2014, up to two million dollars (\$2,000,000) collected from the gross receipts tax on sales of electric energy in Pennsylvania authorized by Article XI of the act of March 4, 1971 (P. L. 6, No. 2), known as the "Tax Reform Code of 1971," may be appropriated annually by the General Assembly to the department for transfer to the Reclamation Fee O&M Trust Account established pursuant to 25 Pa. Code §§ 86.17 and 86.187 to be used to supplement the funding of the Reclamation Fee O&M Trust Account.

Finally, Act 157 states "[t]he Land Reclamation Financial Guarantee Account shall be the sole source of funds underwriting the land reclamation financial guarantees program and the Commonwealth shall not be obligated to expend any funds beyond the amount in the Land Reclamation Financial Guarantee Account."

Act 157 revised the SMCRA by appending section 19.2 to the end of the act. As a result, all of the regulatory references to the SMCRA need to be updated to include the current citation. The final-form rulemaking includes about 20 updates to this reference in Chapters 77, 86—90 and 211.

The LRFG program shares many concepts with the RFG program. The experience gained from implementing the RFG program since 1996 has been useful in establishing the requirements of the LRFG program. The regulations implement the requirements of Act 157.

Bioenergy Crop Bonding

Bond release for surface coal mines is achieved in three stages. Sites are eligible for Stage 2 bond release after the area has been regraded and planted, with permanent vegetation established. The remaining bond is held for at least 5 years after the date planting of the vegetation was accomplished for the reclaimed area. This 5-year period is the Stage 3 reclamation liability period.

Act 95 requires the Department to encourage and promote the use of switchgrass, camelina, canola and other bioenergy crops for the revegetation of lands affected by surface mining activities, and the land so used shall be considered to be cropland for post-mining land use purposes.

Act 95 requires that the funds for the Bioenergy Crop Bonding program be provided, to the extent funds are available from the appropriation to the Department under section 213 of Act 6A, or to the extent funds are otherwise appropriated. Act 95 also requires the Department to make sum-certain guarantees to cover Stage 3 reclamation liability available at no cost to the surface mine permittee. To qualify, a remaining site must be revegetated with switchgrass, camelina, canola or other bioenergy crops. Act 95 also provides that, in the event of forfeiture, the designated funds be used to finance reclamation of the forfeited surface mining site in an amount not to exceed the sum-certain guarantee.

The regulations implement the requirements of Act 95.

Mining and Reclamation Advisory Board collaboration

The Department consulted with the Mining and Reclamation Advisory Board (MRAB) through a series of meetings with the MRAB's Regulation, Technical and Legislative Committee to develop this final-form rulemaking. The Department presented the draft proposed rulemaking to the MRAB at its October 24, 2013, meeting. The MRAB recommended that the proposed rulemaking proceed with one recommendation. The MRAB recommended that language be added to the regulation regarding the appropriation of money from the Gross Receipts Tax as described in section 19.2(b)(7) of the SMCRA.

The MRAB recommended that the following language be included in the rulemaking:

No later than the date of the Department's annual budget request to the Governor's Budget Office, the Department shall report to the MRAB as to when a transfer from the Gross Receipts Tax to the Reclamation Fee O&M Trust Account is necessary to supplement the funding of the Reclamation Fee O&M Trust Account in order to offset an increase in the reclamation fee in the subsequent fiscal year.

As has been the practice since the Board established the adjustable per-acre reclamation fee in 2008, and as required under § 86.17(e), the Department will continue to provide information to the MRAB about the status of the on-going operation and maintenance of treatment facilities at the ABS Legacy Sites and the funding status of the Reclamation Fee O&M Trust Account. The proposed rulemaking included a revision to § 86.17(e)(2) that explicitly addressed the MRAB recommendation. In the course of fulfilling the existing obligation under this section, the Department provides the information by the time that the Department's budget request is provided to the Governor's Budget Office.

The management of the water treatment obligations associated with the legacy of the ABS requires a long-term, stable funding source. The existing funding sources have been able to provide enough money to eliminate the need for the per-acre reclamation fee for the most recent years. Current projections suggest that this trend will not continue since it was primarily the result of an initial balance in the Reclamation Fee O&M Trust Account that has been exhausted. Also, operational costs have increased, and it is expected that they will continue to do so. In addition, the treatment facilities must be operated and maintained well into the future. The adjustable reclamation fee was established to provide an on-going source of funding for these costs. However, it is necessary to have multiple funding options to assure that the treatment costs will be covered as long as treatment is needed.

The initial evaluation of the ABS discharges in 2008 indicated that the annual operation and maintenance costs would exceed \$1.3 million. Additional annual costs, for occasionally rebuilding treatment systems, were estimated at about \$229,000 per year. The revenue from the dedicated funding sources for the Reclamation Fee O&M Trust Account for Fiscal Year 2013-2014 totaled about \$326,800. The annual Gross Receipts Tax appropriation will close this gap.

The final-form rulemaking was reviewed with the MRAB at its January 22, 2015, meeting. The MRAB recommended that the Department pursue the finalization of this final-form rulemaking.

E. Summary of Changes to the Proposed Rulemaking

Section 86.17(e)(2) has been revised to delete "... the need to offset an increase in the reclamation fee and. . ." In addition, to assure that the Department provides the MRAB with the necessary information under their recommendation, "... including an estimate of the reclamation fee for the calendar year immediately following the current fiscal year" has been added. This retains the requirement to provide information to, and collaborate with, the MRAB but eliminates the impression that the reclamation fee should remain at \$0.

Section 86.162b(f)(3) has been revised to more closely track the statutory language by adding "reasonable" to modify the margin of safety and add that the purpose of the margin of safety is to protect the account for the risk of forfeiture.

Section 86.162b(k)(3) has been revised to clarify the way in which an applicant can demonstrate eligibility for LRFGs. The following statement has been added: "[a]n operator will be eligible under this subsection if it has not been cited through a notice of violation under § 86.165(a) (relating to failure to maintain proper bond) within the previous 3 years prior to the request for a land reclamation financial guarantee." In addition, the reference to reclamation obligations incurred under the RFG program has been deleted because there is no straight forward way to provide this demonstration.

Section 86.162b(m)(2) has been revised to specify that a written payment schedule will be provided.

Section 86.165 (relating to failure to maintain proper bond) has been revised to add failing to make payments for LRFG as another circumstance under which this section is applicable. This revision is responsive to the comment from IRRC about the eligibility requirements for LRFGs.

F. Summary of Comments and Responses on the Proposed Rulemaking

Two commentators indicated that the swift passage and implementation of these regulations are important to industry and urged the Board to move forward with these regulations as quickly as the law and the regulatory process permits.

A commentator asked the Board to consider revising § 86.162b(o) to allow the Department the discretion, on a case-by-case basis, to release the operator's bond prior to release of the LRFG as it is permitted to do for RFG bonds. This option would be limited exclusively to sites that are reclaimed, grass has been planted and risk of forfeiture is negligible.

This comment is based upon a mistaken premise. Section 86.283(e) (relating to procedures) requires that an RFG bond "will be reduced or released prior to any other bond submitted by the operator to cover the reclamation obligations of that permit." The purpose of the requirement that the financial guarantees be released prior to other bonds is to limit the liability to the financial guarantees programs and to make the funds available to provide bond coverage for other mine sites. However, the Department has another program, the Land Maintenance Financial Guarantee Program, which provides for bond coverage for the scenario where the site is reclaimed, grass has been planted and the Stage 2 liability has been released. Therefore, it is not appropriate or necessary to make the suggested revision to this section.

A commentator pointed out that there is not a legal requirement or "need" to offset any increase in the \$0 reclamation fee, which would have the practical effect of eliminating the reclamation fee as a source of revenue to the Reclamation Fee O&M Trust Account.

During the development of the proposed rulemaking, the MRAB expressed interest in assuring that any increases to the reclamation fee be minimized. The proposed wording overemphasized this intention to minimize the reclamation fee. Therefore, final-form § 86.17(e)(2) has been revised to delete "... the need to offset an increase in the reclamation fee and..." In addition, to assure that the Department provides the MRAB with the necessary information under their recommendation, "... including an estimate of the reclamation fee for the calendar year immediately following the current fiscal year" has been added.

A commentator asserted that the proposed amendment would subvert the intention that the Reclamation Fee O&M Trust Account be funded through the adjustable reclamation fee by implementing a premise that is not in Act 157, namely that the public coffers should always be tapped in preference to charging coal mine operators a reclamation fee.

One of the intentions of Act 157 is to provide a variety of funding sources for the Reclamation Fee O&M Trust Account. This includes interest earned on the funds in the LRFG Account, and premiums paid for LRFGs. The process for the adjustable reclamation fee is required under § 86.187 and will be in place until the funding for the ABS Legacy is actuarially sound. Section 86.187(a)(1)(iii) states that the "Department may deposit other moneys into the Reclamation Fee O&M Trust Account, including appropriations, donations, or, the fees collected for sum-certain financial guarantees needed to facilitate full-cost bonding in accordance with applicable law." The Reclamation Fee O&M Trust account is intended to have a variety of funding streams, one of which

is from the reclamation fee. The reclamation fee is unique in that it serves as an enforceable regulatory mechanism that provides long-term revenue and is adjustable to account for variations in costs and availability of other revenue streams.

The Independent Regulatory Review Commission (IRRC) provided a comment regarding the language added at the request of the MRAB in § 86.17(e)(2). IRRC stated that the added language could have the practical effect of eliminating the reclamation fee as a source of revenue and asked the Board to review the added language, consider amendments and provide further explanation.

The regulations require that the adjustable reclamation fee be in place until the funding for ABS Legacy is actuarially sound. Whether revenue is needed from the reclamation fee or not will be based on a number of factors, primarily whether money is available from the other sources of revenue contributing to the account. If the General Assembly appropriates all of the money authorized under section 19.2(b)(7) of the SMCRA each year, that may have the practical effect of eliminating the reclamation fee, regardless of the language in § 86.17(e)(2). The language has been revised to remove the impression that the goal is that the adjustable reclamation fee is being eliminated.

IRRC also commented regarding the language added at the request of the MRAB in § 86.17(e)(2) stating "... the need to offset an increase in the reclamation fee..." IRRC suggested rather than using "increase," phrasing the regulation as an "adjustment" or similar language was more suitable to the Board's intent.

Section 86.17(e)(2) has been revised to delete the reference to the increase of the reclamation fee. Instead, a requirement to provide an estimate of the reclamation fee for the subsequent calendar year has been added. This provides for the information that the MRAB requested and eliminates the impression that the reclamation fee can only be increased.

IRRC recommended that § 86.162b(f)(3) be revised to include the statutory language.

This section has been revised to incorporate the statutory language.

IRRC also commented that § 86.162b(k)(3) is not clear with respect to what a coal mine operator must demonstrate.

This section has been revised to include the description that the demonstration may be done through documentation that the operator has not been subject to any notices of violation under § 86.165 for failing to maintain a proper bond based on late payments. This revision necessitated an accompanying revision to § 86.165.

IRRC suggested that § 86.162b(m)(2) be revised to specify that the payment schedule be in writing.

This suggested revision has been included in the final-form rulemaking.

G. Benefits, Costs and Compliance

Benefits

The primary benefit of the programs established through this final-form rulemaking is that no-cost bond coverage for the bioenergy crop bonding and low-cost bond coverage for the LRFG program will be provided to surface coal mine operators. Bonding costs have a substantial impact on a mine operator's financial status because these costs reduce available credit and capital for

on-going operations. Another benefit of this final-form rulemaking is that it provides a discretionary funding source for the legacy of the ABS through the optional transfer of interest and premiums for the LRFG program. This final-form rulemaking also promotes and provides an incentive for the utilization of bioenergy crops for mine reclamation.

Compliance costs

Participation in the LRFG program or the Bioenergy Crop Bonding Program is optional for coal mine operators. Therefore, the compliance costs are minimal. In fact, it is likely that the programs will reduce costs for coal mine operators by providing for the low-cost or no-cost bond alternatives.

Compliance Assistance Plan

Compliance assistance for this final-form rulemaking will be provided through the routine interaction with trade groups and individual applicants. There are about 500 licensed coal surface mine operators in this Commonwealth who are subject to this final-form rulemaking. It is not anticipated that the final-form rulemaking will increase costs. Most of the operators subject to this final-form rulemaking are small businesses.

Paperwork requirements

Since participation in the LRFG program or the Bioenergy Crop Bonding Program is optional for coal mine operators, coal mine operators have a choice if the additional requirements outweigh the benefits. The additional paperwork requirements associated with this final-form rulemaking with which the industry would need to comply include somewhat increased documentation to be submitted with the permit application for both programs.

H. Pollution Prevention

The Pollution Prevention Act of 1990 (42 U.S.C.A. §§ 13101—13109) established a National policy that promotes pollution prevention as the preferred means for achieving state environmental protection goals. The Department encourages pollution prevention, which is the reduction or elimination of pollution at its source, through the substitution of environmentally friendly materials, more efficient use of raw materials and the incorporation of energy efficiency strategies. Pollution prevention practices can provide greater environmental protection with greater efficiency because they can result in significant cost savings to facilities that permanently achieve or move beyond compliance.

I. Sunset Review

These regulations will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulations effectively fulfill the goals for which they are intended.

J. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on October 7, 2014, the Department submitted a copy of the notice of proposed rulemaking, published at 44 Pa.B. 6781 (October 25, 2014), to IRRC and the Chairpersons of the House and Senate Environmental Resources and Energy Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the

Department has considered all comments from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P.S. § 745.5a(j.2)), on July 8, 2015, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on July 9, 2015, and approved the final-form rulemaking.

(e) In addition to the bond established under §§ 86.143, 86.145, 86.149 and 86.150 and subject to the exception provided for in § 86.283(c) (relating to procedures), the applicant for a permit or a permit amendment shall pay a per acre reclamation fee for surface mining activities except for the surface effects of underground mining. This reclamation fee will be assessed for each acre of the approved operational area and shall be paid by the applicant prior to the Department's issuance of a surface mining permit. If a permit amendment results in an increase in the approved operational area, the reclamation fee will be assessed on the increased acreage and shall be paid by the operator prior to the Department's issuance of the permit amendment.

(1) The reclamation fee will be deposited into a separate subaccount within the Surface Mining Conservation and Reclamation Fund called the Reclamation Fee O&M Trust Account, as a supplement to bonds forfeited from ABS Legacy Sites. The reclamation fee will be used by the Department to pay the construction costs and operation and maintenance costs associated with treating postmining pollutional discharges at ABS Legacy Sites, and the moneys may not be used for any other purpose. The interest earned on the moneys in the Reclamation Fee O&M Trust Account will be deposited into the Reclamation Fee O&M Trust Account and will be used by the Department to pay the construction costs and operation and maintenance costs associated with treating postmining pollutional discharges at ABS Legacy Sites. The interest may not be used for any other purpose. For purposes of this section, operation and maintenance costs include recapitalization costs.

(2) After the end of each fiscal year, the Department will prepare a fiscal-year report containing a financial analysis of the revenue and expenditures of the Reclamation Fee O&M Trust Account for the past fiscal year and the projected revenues and expenditures for the current fiscal year. The report will include the Department's calculation of the required amount of the reclamation fee, the proposed adjustment of the reclamation fee amount and information necessary for determining the need to supplement the funding of the Reclamation Fee O&M Trust Account, including an estimate of the reclamation fee for the calendar year immediately following the current fiscal year. The need to supplement the funding of the Reclamation Fee O&M Trust Account will be based on the need to provide for long-term operations at ABS Legacy Sites. The fiscal-year report will be submitted to the members of the Mining and Reclamation Advisory Board for their review and comment and will be published on the Department's web site. Notice of the report's

availability will be published in the *Pennsylvania Bulletin*. The Department will review the fiscal-year report at a meeting of the Mining and Reclamation Advisory Board.

**Subchapter F. BONDING AND INSURANCE
REQUIREMENTS**

**FORM, TERMS AND CONDITIONS OF BONDS AND
INSURANCE**

§ 86.162b. Land Reclamation Financial Guarantees.

(a) The Department will designate funds in the Land Reclamation Financial Guarantee Account to underwrite Land Reclamation Financial Guarantees.

(b) The funds in the Land Reclamation Financial Guarantee Account will be used to cover obligations for all existing sum-certain financial guarantees needed to facilitate the implementation of full-cost bonding previously issued by the Department.

(c) The Department may issue Land Reclamation Financial Guarantees to financially assure the bonding obligations of qualified surface coal mining operators engaged in surface mining activities under § 86.143 (relating to requirement to file a bond).

(d) The Department will hold in reserve in the Land Reclamation Financial Guarantee Account funds that are not designated to underwrite Land Reclamation Financial Guarantees.

(e) The Department will use funds held in reserve in the Land Reclamation Financial Guarantee Account to:

(1) Assure the availability of funds to cover reclamation liabilities when there is a mine operator bond forfeiture under § 86.181 (relating to general).

(2) Underwrite sum-certain financial guarantees available under Bioenergy Crop Bonding implemented by § 86.162c (relating to Bioenergy Crop Bonding).

(3) Transfer funds available in the Land Reclamation Financial Guarantee Account to the Reclamation Fee O&M Trust Account.

(f) In administering the Land Reclamation Financial Guarantee Account, the Department will not issue:

(1) Land Reclamation Financial Guarantees for a permit in excess of 50% of the required bond amount for that permit, which is the Permit Limit.

(2) Additional Land Reclamation Financial Guarantees to a surface mining operator in excess of the Operator Limit, which is exceeded if the aggregate amount of Land Reclamation Financial Guarantees on permits issued to the operator exceeds 30% of the designated amount in the Land Reclamation Financial Guarantee Account.

(3) Additional Land Reclamation Financial Guarantees in excess of the Program Limit, which is exceeded when the aggregate amount of outstanding Land Reclamation Financial Guarantees is greater than the current designated amount in the Land Reclamation Financial Guarantee Account divided by the historical rate of mine operator bond forfeiture under § 86.181, plus a reasonable margin of safety to protect the account from risk of forfeiture as determined by the Department.

(g) Any existing sum-certain financial guarantee needed to facilitate the implementation of full-cost bonding previously issued by the Department shall be converted into a Land Reclamation Financial Guarantee subject to the following:

(1) If the conversion results in a Land Reclamation Financial Guarantee exceeding the Permit Limit established in subsection (f)(1), the Land Reclamation Financial Guarantee amount does not need to be reduced, but the permit will not be eligible for additional Land Reclamation Financial Guarantees until the total amount of the Land Reclamation Financial Guarantees for the permit is under the Permit Limit.

(2) If the conversion results in a Land Reclamation Financial Guarantee for an operator exceeding the Operator Limit established in subsection (f)(2), the Land Reclamation Financial Guarantee does not need to be reduced, but the operator will not be eligible for additional Land Reclamation Financial Guarantees until the total amount of the Land Reclamation Financial Guarantees for the operator is under the Operator Limit.

(h) The Department will periodically, but no less frequently than every 5 years, or upon request by the Mining and Reclamation Advisory Board, prepare a report containing a financial analysis of the revenue and expenditures for the Land Reclamation Financial Guarantee Account.

(1) The report will evaluate the Permit Limit, the Operator Limit, the Program Limit and the annual payment percentage rate referenced in subsection (m)(1) for Land Reclamation Financial Guarantees.

(2) The report will be submitted to the members of the Mining and Reclamation Advisory Board for their review and advice.

(3) The report will be published on the Department's web site.

(4) Notice of availability of the report will be published in the *Pennsylvania Bulletin*.

(5) The Department will review the report at a public meeting of the Mining and Reclamation Advisory Board.

(6) If the Department's review of the report at a public meeting of the Mining and Reclamation Advisory Board results in a change to the Permit Limit, the Operator Limit, the Program Limit or the annual payment percentage rate, the Department will publish a notice of the changes in the *Pennsylvania Bulletin*.

(7) Changes to the Permit Limit, the Operator Limit, the Program Limit or the annual payment percentage rate will become effective upon publication in the *Pennsylvania Bulletin*.

(i) The Department may transfer interest earned and payments collected and deposited in the Land Reclamation Financial Guarantee Account into the Reclamation Fee O&M Trust Account established under §§ 86.17 and 86.187 (relating to permit and reclamation fees; and use of money) to supplement the funding of the Reclamation Fee O&M Trust Account consistent with section 19.2(b)(5) and (6) of the Surface Mining Conservation and Reclamation Act (52 P. S. § 1396.19b(b)(5) and (6)).

(j) The Department will provide information about any proposed transfer to the Reclamation Fee O&M Trust Account to the Mining and Reclamation Advisory Board and solicit advice from Mining and Reclamation Advisory Board before making the transfer.

(k) To be eligible for a Land Reclamation Financial Guarantee, a surface coal mining operator shall demonstrate the following:

(1) The mine operator holds a valid coal mining license issued under section 3.1 of the Surface Mining Conservation and Reclamation Act (52 P. S. § 1396.3a).

(2) The mine operator, a related party, a person who owns or controls the operator, or a person who is owned or controlled by the operator satisfies the requirements of § 86.37(a)(8)—(11) and (16) (relating to criteria for permit approval or denial).

(3) For a mine operator that has previously obtained a remaining financial guarantee under section 4.12 of the Surface Mining Conservation and Reclamation Act (52 P. S. § 1396.41) or a Land Reclamation Financial Guarantee that has made timely payments for the remaining financial guarantee program or for Land Reclamation Financial Guarantees. An operator will be eligible under this subsection if it has not been cited through a notice of violation under § 86.165(a) (relating to failure to maintain proper bond) within the previous 3 years prior to the request for a land reclamation financial guarantee.

(4) For operators that have not previously obtained a remaining financial guarantee under section 4.12 of the Surface Mining Conservation and Reclamation Act or a Land Reclamation Financial Guarantee, the operator shall demonstrate appropriate experience in surface coal mining and reclamation by showing that it has had a coal mining license under section 3.1 of the Surface Mining Conservation and Reclamation Act for at least 5 years and that the operator would be able to obtain a surety bond otherwise required under this chapter by submitting either of the following:

(i) A surety bond for a portion of the remaining reclamation liability for the proposed site.

(ii) A letter of acceptance from a surety company licensed to do business in this Commonwealth and which writes bonds for the reclamation of mine sites located in this Commonwealth. The acceptance letter must indicate the complete name and address of the surety company and state that the surety company would write the bond.

(1) An application for a Land Reclamation Financial Guarantee must include a description of:

(1) The environmental and safety hazards of the site for which a guarantee is proposed.

(2) The availability of coal reserves at the site.

(3) Any prior denials of surety coverage.

(m) Obtaining a Land Reclamation Financial Guarantee is subject to the following:

(1) A mine operator shall make annual payments to the Department at a rate of 1.5% of the total amount of the Land Reclamation Financial Guarantee.

(2) The first annual payment is due upon the operator's receipt of notice of the Department's approval of the operator's application to obtain a Land Reclamation Financial Guarantee. Payments shall be made annually thereafter concurrent with the permit anniversary date or in accordance with a schedule provided by the Department in writing.

(3) The operator is responsible for making the annual payment as calculated by the Department until the amount of the bond is reduced or released in accordance with §§ 86.170—86.172 (relating to scope; procedures for seeking release of bond; and criteria for release of bond).

(4) Payments are not refundable and will be deposited into the Land Reclamation Financial Guarantee Account to be used in the event of mine operator bond forfeiture. Excess payments may be transferred by the Department to the Reclamation Fee O&M Trust Account consistent with section 19.2(b)(6) of the Surface Mining Conservation and Reclamation Act.

(5) The operator may not substitute Land Reclamation Financial Guarantees for existing collateral or surety bonds.

(n) The Department may, after soliciting advice from the Mining and Reclamation Advisory Board and publication in the *Pennsylvania Bulletin*, adjust the annual payment percentage rate referred to in subsection (m)(1) to assure financial stability of the Land Reclamation Financial Guarantee Account and to cover the Department's costs to administer the guarantees.

(o) The Department will reduce or release an obligation covered by a Land Reclamation Financial Guarantee prior to any other bond submitted by the operator to cover the reclamation obligations of a permit, except that remaining financial guarantees issued under section 4.12 of the Surface Mining Conservation and Reclamation Act will be released before Land Reclamation Financial Guarantees.

(p) If a post-mining pollutional discharge develops on a permit for which a Land Reclamation Financial Guarantee has been obtained, the operator shall, within 90 days of receipt of written notice by the Department, provide to the Department a separate bond or alternative financial assurance mechanism to cover the long-term treatment costs associated with the discharge or replace the Land Reclamation Financial Guarantee with other types of financial assurance mechanisms authorized for the purpose of covering the costs of treating the discharge.

(q) Upon mine operator bond forfeiture under § 86.181, the Department will declare forfeit the specified amount of the Land Reclamation Financial Guarantee for the permit in the Land Reclamation Financial Guarantee Account in addition to other bonds posted by the operator to cover the reclamation obligation on the permit.

(r) The Department's declaration of forfeiture under § 86.181 may not discharge an operator's obligation to meet the requirements of this chapter or other requirements under the Surface Mining Conservation and Reclamation Act.

(s) Upon declaration of forfeiture, the Department will use the bond money posted by the operator, the specified amount of the Land Reclamation Financial Guarantee, and any other financial assurance mechanisms to complete the reclamation of the mine site in accordance with the procedures and criteria in § 86.187 and §§ 86.188—86.190 (relating to evaluation of bond forfeiture sites; reclamation of bond forfeiture sites; and sites where reclamation is unreasonable, unnecessary or impossible; excess funds).

(t) The Department may suspend the issuance of Land Reclamation Financial Guarantees upon notice in the *Pennsylvania Bulletin* when the number of participating permits declared forfeit under this section equals the number of participating permits multiplied by the historical rate of mine operator bond forfeiture plus a margin of safety. Issuance of Land Reclamation Financial Guarantees may resume after the Department conducts an evaluation which demonstrates that adequate funding is available. The Department's evaluation will take into account advice received from the Mining and Reclamation Advisory Board.

(u) The Department will discontinue the issuance of Land Reclamation Financial Guarantees and notice will be published in the *Pennsylvania Bulletin* if 25% or more of the outstanding bond obligation for all Land Reclamation Financial Guarantees is declared forfeit under § 86.181.

(v) The Department will not approve additional Land Reclamation Financial Guarantees if Land Reclamation Financial Guarantees are discontinued. Outstanding Land Reclamation Financial Guarantees will remain in effect until released under §§ 86.170—86.172 and §§ 86.174 and 86.175 (relating to standards for release of bonds; and schedule for release of bonds).

§ 86.165. Failure to maintain proper bond.

(a) If a permittee fails to promptly post additional bond required under § 86.152 (relating to bond adjustments), or fails to make timely deposits of bond according to the schedule submitted under § 86.161 (relating to phased deposits of collateral), or fails to make payments under § 86.162a (relating to Anthracite Deep Mine Operators Emergency Bond Fund) or fails to maintain subsidence insurance provided in § 86.162 (relating to subsidence insurance in lieu of bond), or fails to make annual payments for financial guarantees as required under § 86.283(a) (relating to procedures), or fails to make annual payments for Land Reclamation Financial Guarantees as required under § 86.162b (relating to Land Reclamation Financial Guarantees), the Department will issue a notice of violation to the permittee, and if the permittee fails to correct the violation within 15 days of the notice, the Department will issue a cessation order for the permittee's permit areas and thereafter take actions that may be appropriate.

(b) The permittee shall maintain bonds in an amount and with sufficient guarantee as required by this chapter. If a surety company who had provided surety bonds, or a bank who had provided letters of credit or certificates of deposit for a permittee, enters into bankruptcy or liquidation, or has its license suspended or revoked or for another reason indicates an inability or unwillingness to provide an adequate financial guarantee of the obligations under the bond or instrument, the Department will issue a notice of violation to the permittee requiring that affected permits be rebonded according to the requirements of this subchapter and, if the permittee fails to correct the violation within 90 days of the notice, the Department will issue a cessation order for the permittee's permit areas and thereafter take appropriate action.

**Title 49—PROFESSIONAL
AND VOCATIONAL
STANDARDS**

**STATE BOARD OF PHARMACY
[49 PA. CODE CH. 27]**

Collaborative Management of Drug Therapy

The State Board of Pharmacy (Board) amends §§ 27.1, 27.301 and 27.311 (relating to definitions; written protocol for the management of drug therapy in an institutional setting; and certification of professional liability insurance—written protocol) and adds §§ 27.302 and 27.312 (relating to collaborative agreement for management of drug therapy in a non-institutional setting; and certification of professional liability insurance—collaborative agreement) to read as set forth in Annex A.

Effective Date

The final-form rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

Statutory Authority

The final-form rulemaking is authorized under sections 6(k)(9) and 9.3 of the Pharmacy Act (act) (63 P.S. §§ 390-6(k)(9) and 390-9.3).

Background and Purpose

In August 2002, section 9.1 of the act (63 P.S. § 390-9.1) was added to authorize pharmacists practicing in an institution setting to manage drug therapy by means of a written protocol. In August 2010, section 9.3 of the act was added to provide for collaborative drug therapy management in accordance with a written collaborative agreement between a physician and a pharmacist in a setting other than an institutional setting. This final-form rulemaking implements section 9.3 of the act.

Summary of Comments and Responses to Proposed Rulemaking

The Board published notice of proposed rulemaking at 43 Pa.B. 2439 (May 4, 2013), followed by a 30-day public comment period. The Board received comments from Patricia Epple, CEO of the Pennsylvania Pharmacists Association (PPA); joint comments from Jill McCormack, Regional Director, State Government Affairs, National Association of Chain Drug Stores (NACDS), and Janet Hart, RPh, President, Pennsylvania Association of Chain Drug Stores (PACDS); and comments from C. Richard Scott, MD, President, Pennsylvania Medical Society (PAMED). On June 13, 2013, the House Professional Licensure Committee (HPLC) voted to take no formal action on the proposed rulemaking until the final-form rulemaking is promulgated and to submit one comment to the Board. The Board did not receive comments from the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC). On July 3, 2013, the Board also received comments from the Independent Regulatory Review Commission (IRRC) as part of their review of proposed rulemaking under the Regulatory Review Act (71 P.S. §§ 745.1—745.12a).

The comments were discussed at the public meeting of the Board on August 20, 2013. Present during the discussion of the comments were representatives from PPA, Target, CVS Caremark, Omnicare, Walgreens and Acme. These stakeholders did not offer additional comment during the discussion of the written comments.

The comments from PPA, NACDS and PACDS were supportive and did not offer changes to the proposed rulemaking. PAMED was supportive of the proposed rulemaking but suggested revisions.

PAMED recommended that controlled substances should be excluded from drug therapy management. The Board considered this recommendation and decided not to change this final-form rulemaking based on the fact that the parties involved, that is, the physician and the pharmacist, could limit the types of medication involved during the drug therapy management with an individual drug protocol. The Board felt it was better to leave this decision to the actual treatment providers involved with the specific drug therapy management protocol.

PAMED recommended that the agreements be placed on file with the respective physician licensing board. In response to this recommendation, the Board amended § 27.302(h) to include the requirement that the collaborative agreement shall be filed with the Bureau of Profes-

sional and Occupational Affairs (Bureau). Under section 810 of The Administrative Code of 1929 (71 P.S. § 279.1), the Commissioner of the Bureau has the power and duty “[t]o be responsible for all administrative affairs of each of the professional and occupational examining boards and to coordinate their activities.” Filing the written agreement with the Bureau relieves the parties from the requirement to file multiple copies with the applicable boards. Instead, Bureau staff will distribute the agreement to the applicable boards and place an electronic copy of the written agreement on file with each licensee’s licensure record maintained by the Bureau.

PAMED further recommended that physicians should have access to the pharmacist’s records for review. In response to this recommendation, the Board amended § 27.302(l)(2) to include the requirement that physicians who are parties to the collaborative agreement shall have access to the pharmacy records of the drug therapy patient.

PAMED also recommended that a change in drug therapy should be reported to the physician within 48 hours. The Board considered this recommendation and decided not to change the final-form rulemaking. The Board notes that the final-form rulemaking requires it to be reported as soon as practicable, but no longer than 72 hours after the change. The Board felt that 72 hours was an appropriate time frame regarding changes regardless of the practice setting.

PAMED recommended that the Board institute workload limitations on pharmacists performing drug therapy management. The Board considered this recommendation and decided not to change the final-form rulemaking. Physicians and pharmacists are both licensed professionals and are capable of determining their own workload limitations without the need of Board guidance.

IRRC expressed concern regarding § 27.1 in that “non-institutional setting” used in § 27.302 was not specifically defined. In response to this concern, the Board defined “non-institutional setting” along with amending the definition of “institution.”

IRRC and the HPLC also recommended that the written agreements be placed on file with the appropriate boards. In response to this recommendation, the Board amended § 27.302(h) to include the requirement that the collaborative agreement must be filed with the Bureau. This new provision is identical to the existing requirement in § 27.301(d) pertaining to written protocols for the management of drug therapy in institutional settings. The Bureau will ensure that the agreements are distributed to the applicable boards, and are copied and placed on file with each licensee’s electronic licensure record. This process will eliminate the unnecessary filing of the same documents with multiple boards by multiple parties and is consistent with the Commissioner’s authority under section 810 of The Administrative Code of 1929.

IRRC was supportive of PAMED’s recommendation concerning physician access to the pharmacist’s records. As previously noted, in response to this recommendation, the Board amended § 27.302(l)(2) to include the requirement that physicians who are parties to the collaborative agreement shall have access to the pharmacy records of the drug therapy patient.

Fiscal Impact and Paperwork Requirements

The final-form rulemaking will have minimal fiscal impact on the Board or the regulated community. The licensees’ obligations regarding certification to the Board of professional liability insurance to practice under a

collaborative agreement would be similar to those of licensees practicing in institutional settings under a written protocol.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 22, 2013, the Board submitted a copy of the notice of proposed rulemaking, published at 43 Pa.B. 2439, to IRRC and the Chairpersons of the HPLC and the SCP/PLC for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC, the HPLC and the SCP/PLC were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the HPLC, the SCP/PLC and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on July 8, 2015, the final-form rulemaking was deemed approved by the HPLC and the SCP/PLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on July 9, 2015, and approved the final-form rulemaking.

PROPOSED RULEMAKING

GAME COMMISSION

[58 PA. CODE CH. 147]

Deer Control; Eligibility and Application for Deer Management Assistance Program

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its June 30, 2015, meeting to amend § 147.673 (relating to eligibility and application for DMAP) to allow the Commission to assess Deer Management Assistance Program (DMAP) coupon allocations for political subdivision or government agency applicants at individual and distinct DMAP units to less than 15,000 acres each and also assess DMAP coupons to these applicants based upon current conditions relative to goals and objectives outlined in an approved management plan.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 30, 2015, meeting of the Commission. Comments can be sent until September 25, 2015, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

The Commission is statutorily tasked with managing the Commonwealth's white-tailed deer herds on behalf of citizens in this Commonwealth. To accomplish this task, the Commission allocates antlerless deer licenses across this Commonwealth among the various wildlife management units to utilize hunter harvest as the primary management tool of white-tailed deer. These allocations are adjusted each year to allow the deer herd to grow, stabilize or decrease, and are based on the best available science and in consideration of the broad and disparate interests of various stakeholders in this Commonwealth. However, this system is primarily focused on addressing deer management at the landscape level.

In 2003, DMAP was first established to provide both public and private landowners with an additional tool for the management of local white-tailed deer herds on lands where excessive deer numbers have compromised the landowners' land uses and other interests. DMAP was specifically designed as a strategic tool to deal with localized land issues not larger landscape problems. However, a growing voice of hunters have recently raised concerns that DMAP may be excessively impacting local white-tailed deer herds, especially on State-owned lands, as evidenced by a lack of deer sightings.

Regulatory changes allow the Commission to closely monitor and make necessary changes when alignment of local deer management goals using DMAP are not in alignment with the Commission's mandate to effectively manage the deer in a responsible and appropriate manner. The Commission is proposing to amend § 147.673 to allow the Commission to assess DMAP coupon allocations for political subdivision or government agency applicants at individual and distinct DMAP units to less than 15,000 acres each and also assess DMAP coupons to these applicants based upon current conditions relative to goals and objectives outlined in an approved management plan.

By limiting the extent of DMAP units on public lands to less than 15,000 acres each, political subdivision or government agency landowner applicants will be asked to narrow the focus of DMAP programs to areas in greater need of this tool in an effort to manage deer populations at a more distinct local level. Furthermore, political subdivision or government agency landowner applicants will be issued DMAP coupons in numbers that are consistent with current conditions relative to goals and objectives outlined in an approved management plan and without a guaranteed minimum allocation. The proposed amendments better allow the Commission to manage the white-tailed deer herd to best meet landowner needs, hunter desires and citizens' interests.

Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to § 147.673 are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 147.673 to allow the Commission to assess DMAP coupon allocations for political subdivision or government agency applicants at individual and distinct DMAP units to less than 15,000 acres each and also assess DMAP coupons to these applicants based upon current conditions relative to goals and objectives outlined in an approved management plan.

3. Persons Affected

Political subdivision or government agency applicants wishing to participate in the DMAP program will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking may result in a minor increase in paperwork and cost for political subdivision or government agency DMAP applicants and the Commission due to the likelihood of a slight increase in the number of DMAP applications resulting from addition of the 15,000-acre cap for each permit application. However, the Commission determined that this increase will be nominal and addressed by current budget and staffing allocations.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Thomas P. Grohol, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Hunting and Furtaker Licenses; Special Permits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its June 30, 2015, meeting to amend §§ 143.182, 143.185 and 147.804 (relating to definitions; the license; and general) to add cottontail rabbit and mourning dove to the list of species that mentored youth are eligible to hunt and also require that mentored youth obtain a Migratory Game Bird License prior to hunting mourning dove.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 30, 2015, meeting of the Commission. Comments can be sent until September 25, 2015, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. *Purpose and Authority*

Since the successful implementation of the Mentored Youth Hunting Program in fall 2006, the Commission has been striving to improve upon the successes of this mentor-based program. Sporting organizations and other interested groups have continued to encourage the Com-

mission to expand mentored youth hunting opportunities in this Commonwealth to additional species, including the cottontail rabbit and mourning dove. Importantly, the mourning dove is defined as a migratory bird species and requires the acquisition of a Migratory Game Bird License to facilitate the Harvest Information Program (HIP). HIP is a National, cooperative state and Federal program designed to improve the information collected regarding the harvest of migratory game birds. The Commission is proposing to amend §§ 143.182, 143.185 and 147.804 to add cottontail rabbit and mourning dove to the list of species that mentored youth are eligible to hunt and also require that mentored youth obtain a Migratory Game Bird License prior to hunting mourning dove.

Section 2722(g) of the code (relating to authorized license-issuing agents) directs the Commission to adopt regulations for the administration, control and performance of license issuing activities. Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to §§ 143.182, 143.185 and 147.804 are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend §§ 143.182, 143.185 and 147.804 to add cottontail rabbit and mourning dove to the list of species that mentored youth are eligible to hunt and also require that mentored youth obtain a Migratory Game Bird License prior to hunting mourning dove.

3. Persons Affected

Persons wishing to hunt cottontail rabbit and mourning dove under the Mentored Youth Hunting Program will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Thomas P. Grohol, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Lands and Buildings; Goose Hunting Areas

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its June 30, 2015, meeting to amend § 135.104 (relating to restrictions on controlled goose hunting areas) to limit persons to harvesting one Canada goose per person per season at the Middle Creek Wildlife Management Area controlled goose hunting area.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 30, 2015, meeting of the Commission. Comments can be sent until September 25, 2015, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

The controlled goose hunting program on the Middle Creek Wildlife Management Area provides opportunities for hunters to harvest Canada geese during the regular

goose hunting season. Each year a number of hunters are selected to hunt from blinds through a public drawing. Hunters may subsequently enter into a drawing on later days for unclaimed blinds where they may take additional geese, but remain within the 1 goose per day daily bag limit. Hunter success rates have been declining in the controlled goose hunting area due in part to declining resident goose populations, fewer migrant geese and higher harvest rates on geese in areas surrounding Middle Creek. In an effort to help increase hunter success rates and Canada goose populations on Middle Creek, the Commission is proposing to limit the take in the controlled goose hunting area to one Canada goose per person per season.

Section 721(a) of the code (relating to control of property) provides “[t]he administration of all lands or waters owned, leased or otherwise controlled by the commission shall be under the sole control of the director, and the commission shall promulgate regulations . . . for its use and protection as necessary to properly manage these lands or waters.” The amendments to § 135.104 are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 135.104 to limit persons to harvesting one Canada goose per person per season at the Middle Creek Wildlife Management Area controlled goose hunting area.

3. Persons Affected

Persons wishing to hunt Canada geese at the Middle Creek Wildlife Management Area controlled goose hunting area will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

The proposed rulemaking will be effective upon final form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

Preliminary Provisions; Replacement Costs for Wildlife Killed

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its June 30, 2015, meeting to amend § 131.8 (relating to replacement costs for wildlife killed) to increase replacement costs for bald and golden eagles from \$200 to \$2,500.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 30, 2015, meeting of the Commission. Comments can be sent until September 25, 2015, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

In accordance with goals established in the Pennsylvania Bald Eagle Management Plan, 2010-2019, the Commission determined that the bald eagle (*Haliaeetus leucocephalus*) achieved a population level and geographical distribution that no longer met the definition of a threatened species. As a result, on March 15, 2014, the bald eagle was officially removed from the Commonwealth’s threatened species list. Notwithstanding the bald eagle’s delisting, its populations and the populations of its smaller cousin, the golden eagle (*Aquila chrysaetos*), necessitate further protection from unlawful takings in the form of increased replacement costs.

Section 925(i) of the code (relating to jurisdiction and penalties) specifically states that “[i]n addition to the fines and costs imposed for violations pursuant to subsection (b), the costs incurred by the commission for the replacement of the species involved in the violation shall be assessed by the magisterial district judge in such amount as is fixed by regulation of the commission.” The Commission is proposing to amend § 131.8 to increase replacement costs for bald and golden eagles from \$200 to \$2,500.

Section 2102(a) of the code (relating to regulations) provides that “[t]he commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in

this Commonwealth.” The amendments to § 131.8 are proposed under this authority.

2. Regulatory Requirements

The proposed rulemaking will amend § 131.8 to increase replacement costs for bald and golden eagles from \$200 to \$2,500.

3. Persons Affected

Persons who unlawfully take or kill bald or golden eagles within the Commonwealth will be affected by the proposed rulemaking.

4. Cost and Paperwork Requirements

The proposed rulemaking should not result in additional cost or paperwork.

5. Effective Date

The proposed rulemaking will be effective upon final publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding the proposed rulemaking, contact Thomas P. Grohol, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Wildlife Classification; Mammals

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its June 30, 2015, meeting to amend § 133.41 (relating to classification of mammals) to remove the Delmarva Fox Squirrel from the State endangered species list and also update the common name of the Eastern woodrat to the Allegheny woodrat.

The proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for the proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

The proposed rulemaking was made public at the June 30, 2015, meeting of the Commission. Comments can be sent until September 25, 2015, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

The Commission is proposing to amend § 133.41 to reflect the current status of populations of mammals in this Commonwealth and to update scientific nomenclature. The first amendment pertains to the Delmarva Fox Squirrel (*Sciurus niger niger*). This is one of three subspecies of fox squirrel listed in this Commonwealth. The species was considered present historically in only a very limited portion of southeastern Pennsylvania, and a reintroduction attempted in 1989 occurred with no documented survival past 1 year. Suitable habitat for the species within its historic range is nonexistent, and no documented individuals have been recorded in the 25 years since the reintroduction effort was undertaken. The Mammal Technical Committee, a scientific advisory committee of the Pennsylvania Biological Survey, voted to consider it as State extirpated, and to remove it from the list of State endangered mammals. Across the species core range in coastal portions of Delaware, Maryland and Virginia, it is considered stable and proposed to be removed from Federal list of endangered species. The second proposed amendment updates the common name of the Eastern woodrat to the Allegheny woodrat. Based upon genetic and morphological evidence, the Eastern woodrat has been split into two species—the Eastern woodrat and the Allegheny woodrat. The Allegheny woodrat (*Neotoma magister*) inhabits this Commonwealth and is currently listed as threatened.

Section 322(c)(8) of the code (relating to powers and duties of commission) specifically empowers the commission to “[a]dd to or change the classification of any wild bird or wild animal.” Section 2167(a) of the code (relating to endangered or threatened species) states that “[t]he

commission may, by regulation, add or remove any wild bird or wild animal native to this Commonwealth to or from the Pennsylvania native list of endangered or threatened species.” The amendments to § 133.41 are proposed under this authority.

2. *Regulatory Requirements*

The proposed rulemaking will amend § 133.41 to remove the Delmarva Fox Squirrel from the State endangered species list and also update the common name of the Eastern woodrat to the Allegheny woodrat.

3. *Persons Affected*

Persons interacting with the Delmarva Fox Squirrel or Allegheny woodrat within this Commonwealth may be affected by the proposed rulemaking.

4. *Cost and Paperwork Requirements*

The proposed rulemaking should not result in additional cost or paperwork.

5. *Effective Date*

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. *Contact Person*

For further information regarding the proposed rulemaking, contact Thomas P. Grohol, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

These sub-types are easily spread, and may mutate into strains that are communicable to or among humans.

C. Avian influenza is designated a "dangerous transmissible disease" of animals under the provisions of the Domestic Animal Law (3 Pa.C.S.A. §§ 2301—2389), at 3 Pa.C.S.A. § 2321(d).

whenever the testing or treatment of a domestic animal indicates that the domestic animal has been exposed to a dangerous transmissible disease. In addition, an Interstate Quarantine Order may apply to goods, products, facilities, containers, vehicles or materials that may carry a dangerous transmissible disease or be contaminated with a hazardous substance.

Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and ap-

proved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public re-

view during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

On September 9, 2013, the Department received a letter from Panda Liberty LLC informing the Department that Moxie Liberty, LLC had been purchased by Panda Liberty LLC with no change in the federal Tax ID number and that the facility should be identified as the Panda Liberty Power Project. On May 6, 2014, a revised Plan Approval 08-00045A was issued to incorporate name changes and contact persons, as specified on page 1 of the plan approval.

Pursuant to Conditions 045 for Source IDs P103 and P104 in the plan approval, the permittee shall purchase and apply 232.7 tons per year of nitrogen oxide (NO_x) emission reduction credits (ERCs) and 69.2 tons per year of volatile organic compound (VOC) ERCs prior to the commencement of operation of Source IDs P103 and P104 at the facility to offset the total of the net increase in potential to emit. On December 13, 2013, the Department issued plan approval application (08-00045B) to Panda Liberty LLC to incorporate the 232.7 tons of NO_x ERCs and 33.82 tons of VOC ERCs into a plan approval to make the ERCs Federally enforceable prior to the ERCs expiring. All conditions currently in Plan Approval 08-00045B will remain in the plan approval. The VOC ERCs were purchased from Bennington Paperboard Company located in Rensselaer County, New York. The VOC ERCs are set to expire August 20, 2018. The proposed facility's Plan Approval 41-00084A was issued on January 31, 2013, to Moxie Energy LLC for construction of a natural-gas-fired combined-cycle power plant to produce approximately 900 MWs at the Moxie Patriot Generation Plant in Clinton Township, **Lycoming County**. On January 30, 2014, the Department received notice from Panda Patriot, LLC, informing the Department that Moxie Patriot, LLC had been purchased by Panda Patriot, LLC with no change in the federal Tax ID number and the facility should be identified as the Panda Patriot Generation Plant. The Department issued a revision of Plan Approval 41-00084A on March 25, 2014, to incorporate the name change for the facility.

Pursuant to Conditions 047 for Source IDs P103 and P104 in the plan approval, the permittee shall purchase and apply 242 tons per year of nitrogen oxide (NO_x) emission reduction credits (ERCs) and 69.2 tons per year of volatile organic compound (VOC) ERCs prior to the commencement of operation of Source IDs P103 and P104 at the facility to offset the total of the net increase in potential to emit. * The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

To construct and maintain: 1) a 80-foot long by 48-inch diameter HDPE culvert with associated wingwalls and road fill in an unnamed tributary of Buffalo Run for a public road crossing, 2) utility lines buried in the road fill, 3) a 150-foot wide 1,308-foot long stream buffer for a proposed 10 lot subdivision located on the south side of SR 550 1.6 mile from SR 322. This project proposes to: 1) temporarily impact 10 linear feet of the unnamed tributary of Buffalo Run and 0.002 acre of wetland, 2) permanently impact 140 linear feet of the unnamed tributary of Buffalo Run and 0.025 acre of wetland with the stream being classified as High Quality-Cold Water Fishery and the wetlands being classified as Exceptional Value.

E19-308. SEDA-COG Joint Rail Authority, 201 Furnace Road, Lewisburg, PA 17837. Unnamed Tributary to Susquehanna River Stabilization/Restoration/Bridge Replacement in Montour Township, **Columbia County**, ACOE Baltimore District (Catawissa, PA Quadrangle Latitude: 40° 57' 8"; Longitude: -76° 29' 1.0").

The proposed project intends to stabilize the existing stream banks and restore a more natural pattern, profile and dimension to the Unnamed Tributary to the Susquehanna River, which carries a water quality designation of Cold Water Fishery with Migratory Fishes. The restorative efforts will begin at the outlet of SR 4002 (Legion Road) culvert outlet and extend 175 linear feet downstream to the proposed single span steel, thru-girder bridge structure. This is to correct a severe scour and steep slope directly below the outlet of the culvert. The design utilizes four rock vein weirs spaced 25 feet apart for 100 linear feet. Each structure will not exceed a 1 foot 3 inch plunge on the downstream end to enable aquatic passage. The remaining 75 linear feet will establish a slight meander bend in the stream channel to mimic a

more natural stream pattern. This meander will increase the length of stream in this reach more than the existing conditions, allowing the slope to be reduced slightly. Toe rock protection will be included along both sides of the stream to assist in stability. The bridge structure will increase the hydraulic opening from 17.57 SF to 44.64 sf; increase the clear span from 5.16 ft. upstream/6.5 ft. downstream to 15.08 ft. Since this structure has a U-shaped substructure it is treated as a box culvert and has incorporated baffles to offset flow through the structure along with retention of natural stream bed material. Beyond the crossing, the existing alignment remains. The design calls for 150 line feet of natural material rock bank revetment along the outside or left bank. The natural material rock bank revetment incorporates footer logs, root wads, rock riprap and live stakes. Upon completion of the construction work the project shall be planted with a number of shrub and tree species for shading and bank stability. This project is located 0.6 mile west along SR 4002 (Legion Road) from the intersection with SR 0042, Montour Township, Columbia County.

F19-015 Catawissa Borough, 307 Main Street, Catawissa, PA 17820. Floodplain encroachment demolitions (2) at two different sites in the Borough of Catawissa, **Columbia County**, US ACOE Baltimore District. Catawissa Borough is seeking authorization to demolish existing floodplain encroachments (flood damaged structures) and to re-grade the floodplain at the following locations:

Ulysses Township, **Potter County**, ACOE Baltimore District (Brookland, PA Quadrangle, Latitude: 41° 46' 50"; Longitude: -77° 49' 48.2").

The applicant is seeking authorization to (1) abandon an existing water intake structure; (2) construct, operate and maintain an in-stream intake structure and supply pipeline in and along Commission Run for water supply to the mill pond at the Pennsylvania Lumber Museum.

Commissioner Run is designated as a High Quality—Cold Water Fishery and Migratory Fish by Department Chapter 93, Rules and Regulations. The water intake structure within the stream shall be constructed as single log cross vane with a six inch diameter pipe affixed along the vane arm and in the throat of the log structure. The water supply pipeline shall be constructed below existing overbank grades with a six-inch diameter pipe and a value box. Since Commissioner Run is Class A wild trout fishery, no in-stream construction or intake repair shall be conducted between October 1 and April 14 without prior written approval of the Pennsylvania Fish & Boat Commission. As proposed, the water intake structure will permanently impact 20-feet of stream impact; whereas, 70-foot of stream will be temporarily impacted during construction. Neither the water intake structure nor supply pipeline impacts wetland. The project is located along the northern right-of-way of SR 0006 at the intersection of Denton Hill State Park and SR 0006. All in-stream construction activity shall be performed in dry work conditions by dam and pumping, fluming or diverting stream flow around the stream section where activities are to be conducted.

To permanently impact 0.34 acre, temporarily impact 0.11 acre of PEM wetland and permanently impact 60 linear feet of a UNT to Mahoning Creek as a result of the construction of a truck climbing lane on SR 0119 in Punxsutawney, PA. The existing railroad bridge will be abandoned and a concrete box culvert will be installed to accommodate passage of pedestrians using The Mahoning Shadow Trail under SR 0119. The project is located on SR 0119 approximately 1.5 mile north of its intersection with SR 0436. Permanent wetland impacts of 0.34 acre will be mitigated through a debit from PennDOT's Jefferson County Wetland Bank.

EA49-004. Anthracite Outdoor Adventure Area Authority, Abandoned Mine Drainage Treatment Project, 2.5 miles west of Shamokin in Bear Valley between State Routes 225 and 2044, Shamokin, PA 17872. Carbon Run Bluegill Pond discharges, Carbon Run watershed, Zerbe Township, **Northumberland County**, ACOE Baltimore District.

The Northumberland County Anthracite Outdoor Adventure Area Authority (AOAAA) is proposing a passive abandoned mine drainage (AMD) remediation project for the headwaters and tributaries to Carbon Run. As proposed, the system will consist of three separate treatment systems. The Bluegill Pond Upper site will convert an AMD pool into an anoxic limestone cell followed by a settling basin. Bluegill Pond Lower is the second site and will collect AMD seeps in a limestone-filled basin followed by a settling pond and aerobic polishing wetland. The last site is located in the headwaters of Carbon Run and consists of placing limestone at the downstream end of an abandoned mining pit called Aluminum

Pond and its discharge channel as well as a small AMD pool to provide the necessary alkalinity. As proposed the applicant states that these projects will remove up to 90% of the metals and acidity in these areas. This work will have the following impacts:

<i>Activity</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Resource</i>	<i>Impact / Temporary or Permanent</i>
Limestone Cell	40° 46' 42.4" N	-76° 37' 29.1" W	Stream	45 LF/Permanent
Limestone Cell	40° 46' 36.9" N	-76° 37' 34.2" W	Wetland	1,238 SF/Permanent
Limestone Cell	40° 46' 36.9" N	-76° 37' 34.2" W	Stream	357 LF/Permanent
Limestone Cell	40° 46' 08.3" N	-76° 38' 08.6" W	Stream	320 LF/Permanent
Limestone Cell	40° 46' 08.3" N	-76° 38' 08.6" W	Wetland	780 SF/Permanent

Mitigation for these impacts is a combination of the creation of a polishing wetland adjacent to the treatment system and downstream water quality improvement in the Carbon Run watershed. Under current conditions, there is very limited aquatic life in these areas due to elevated metals and a low pH.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate

that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup

standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

Has been given consent to:

1. dredge an approximately 9.9 acres area of Canonsburg Lake (HQ-WWF);
2. construct and maintain within an approximately 6.2 acres area of the lake: a) a 105' (L) x 25' (W) x 2.5' (H) submerged weir, b) a sediment forebay, including a 1,342' (L) x 25' (W), berm within the lake that is approximately 2' above the normal pool elevation of 918 and c) an approximately 1,550' long auxiliary channel, which will also impact a de minimus amount of wetland (0.04 acre);
3. construct and maintain two (2) boat access ramps on either side of the submerged weir;
4. construct and maintain an access road along the sediment forebay, within the lake,
5. construct and maintain, as another component of the aforementioned access road, Culvert #1, consisting of two (2) 48" diameter culverts, with the one of the inverts

depressed a minimum of 6" below the natural stream bed, within an unnamed tributary to Little Chartiers Creek (a.k.a. UNT-3), which will impact approximately 120 linear feet of UNT-3 (HQ-WWF), and Culvert #3, which will impact a deminimus amount (> 0.01 acre) of Wetland WCL 10.

During the dredging and sediment forebay construction, approximately 70,000 cubic yards of accumulated sediment will be removed from the lake. Land-based excavators will be used to construct the sediment forebay; while, a barge mounted excavator will be used to dredge the lake. This project is the initial phase of the Canonsburg Lake Aquatic Ecosystem Restoration Project, which will ultimately affect approximately 37.5 acres of the lake, for the purpose of restoring recreation and deep water aquatic habitat in portions of the lake. The project is located near where McDowell Lane crosses Canonsburg Lake (USGS Quadrangle: Canonsburg, PA and Bridgeville, PA; Latitude: 40° 16' 3.67"; Longitude: -80° 7' 55.03"), in North Strabane and Peters Townships, Washington County.

7. One (1) 15", 3' long HDPE storm sewer line crossing of the aforementioned tributary, and
8. A 16' long, 8' wide walking bridge crossing of the aforementioned tributary.

Cumulatively, the proposed features will permanently impact approximately 153 linear feet, and temporarily impact 20 linear feet of unnamed tributaries to Chartiers Creek (WWF), and 0.07 acre of PEM/PSS wetlands. A 0.17 acre wetland replacement area is proposed to compensate for permanent wetland impacts. Proposed State Implementation Plan Revision; 2011 Base Year Emissions Inventory for the Allentown-Bethlehem-Easton, Lancaster, Philadelphia-Wilmington-Atlantic City (Pennsylvania Portion), Pittsburgh-Beaver Valley and Reading Nonattainment Areas for the 2008 8-Hour Ozone National Ambient Air Quality Standards; Public Comment and Hearings

On March 27, 2008, the United States Environmental Protection Agency (EPA) published a final rule establishing revised primary and secondary 8-hour ozone National Ambient Air Quality Standards (NAAQS) of 75 parts per billion. See 73 FR 16436 (March 27, 2008). Subsequently, the EPA designated ozone nonattainment areas for the 2008 ozone NAAQS and classified 36 areas in the country including Allentown-Bethlehem-Easton, Lancaster, Philadelphia-Wilmington-Atlantic City (Pennsylvania portion), Pittsburgh-Beaver Valley and Reading as marginal nonattainment areas. See 77 FR 30088 (May 21, 2012).

The Department of Environmental Protection (Department) is seeking public comment on the proposed State Implementation Plan (SIP) mandated under sections 172(c)(3) and 182(a)(1) of the Clean Air Act (42 U.S.C.A. §§ 7502(c)(3) and 7511a(a)(1)), which require the submission of “a comprehensive, accurate, current inventory of actual emissions from all sources of the relevant pollutant or pollutants in such area.” This SIP revision contains the comprehensive 2011 Base Year Emissions Inventory for the previously mentioned nonattainment areas for the 2008 ozone NAAQS.

The proposed SIP revision meets the requirements necessary for an approvable SIP revision, including a detailed explanation of the 2011 base year emissions inventory for stationary, area, nonroad and mobile anthropogenic sources as well as biogenic sources in the areas in this Commonwealth that the EPA designated as nonattainment for the 2008 ozone NAAQS. The proposed

anthropogenic emissions were estimated for volatile organic compounds, oxides of nitrogen and carbon monoxide for both annual and a typical ozone season day emissions. The final SIP revision will be submitted to the EPA for approval.

The proposed SIP revision is available in the Department’s eLibrary at www.dep.state.pa.us (select “Tools,” then “eLibrary,” then “Publications,” then “Air Quality,” then “State Implementation Plan—SIP—Revisions”) or through the contact person listed as follows.

The Department will provide the opportunity for public hearings to receive comments on the proposal on Monday, September 21, 2015, at 1 p.m. at the following locations:

Modern Taxicab Standards

August 12, 2015

We submit for your consideration the following comments on the proposed rulemaking published in the June 13, 2015 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Philadelphia Parking Authority (PPA) to respond to all comments received from us or any other source.

1. Whether the regulation represents a policy decision of such a substantial nature that it requires legislative review.

The Preamble to this rulemaking states that the purpose of this proposal is to improve the quality and capability of taxicabs in Philadelphia. This will be accomplished by requiring all vehicles proposed for medallion taxicab service and 25 percent of each carrier's fleet of partial-rights taxicabs to be wheelchair accessible. In addition, the proposal will require all vehicles brought into taxicab service to be late model vehicles with less than 500 miles on the odometer. PPA anticipates a

gradual upgrading of the taxicabs because the improvements will occur as existing vehicles are replaced.

Members of the riding public, advocates for individuals with disabilities and public officials from the City of Philadelphia have submitted comments expressing support for this proposal. Conversely, members of the regulated taxicab industry are opposed to it. This Commission recognizes the benefits this proposal will have for users of taxicabs in Philadelphia, particularly individuals with disabilities, and is aware of the negative fiscal impact the rulemaking could have on the taxicab industry. We are also cognizant of the impact that unregulated competitors providers are having on the taxicab industry in Philadelphia, the Commonwealth and throughout the country.

Against this backdrop, we believe that the proposal being offered by PPA is a policy decision of such a substantial nature that it requires legislative review. In the Regulatory Analysis Form submitted with the proposal, PPA states that it will, "act on its own when possible, seek active participation of the riding public and the regulated industry at all times and *may seek additional authorization from the Legislature* to bring about the level of taxicabs service demanded by today's more discerning customers." (Emphasis added.) We believe PPA's proactive approach to the many issues facing the taxicab industry in Philadelphia is laudable. Given the

contentious nature of this rulemaking, however, we encourage PPA to seek guidance from and work closely with the General Assembly as it moves forward with this proposal.

2. Whether the regulation is consistent with the intent of the General Assembly; Statutory authority.

While this Commission does not question the policy goals of PPA and this rulemaking, we do question whether PPA has the statutory authority to pursue those goals as set forth in this rulemaking and whether the goals align with existing law, and therefore the intent of the General Assembly. As noted by commentators, it would appear that PPA is only authorized to issue a specific number of new certificates of public convenience and corresponding medallions for wheelchair-accessible vehicles (WAVs). 53 Pa.C.S.A. § 5711(c)(2) reads as follows:

The authority is authorized to issue the following:

(i) Subject to the provisions of subparagraph (ii), a maximum of 1,600 certificates of public convenience and corresponding medallions for citywide call or demand service and an additional 15 certificates of public convenience and corresponding medallions restricted to wheelchair-accessible taxicab service as provided in this chapter.

(ii) Beginning June 1, 2013, and each June 1 thereafter until there is a total of 1,750 certificates of public convenience and corresponding medallions, the maximum number of certificates of public convenience and corresponding medallions for citywide call or demand service shall be increased by 15. The authority, in its discretion, may issue the certificates and medallions authorized by this subparagraph with special rights, privileges and limitations applicable to issuance and use as it determines necessary to advance the purposes of this chapter and may issue the certificates and medallions authorized by this subparagraph in stages.

What is PPA's specific statutory authority to convert Philadelphia's existing fleet of certificated vehicles into WAVs? In addition, what is PPA's specific statutory authority that would allow it to require partial rights taxicab companies to convert 25 percent of their fleets into WAVs?

3. Determining whether the regulation is in the public interest.

Section 5.2 of the Regulatory Review Act (RRA) (71 P. S. § 745.5b) directs this Commission to determine whether a regulation is in the public interest. When making this determination, the Commission considers criteria such as the impact on small businesses and reasonableness. To make that determination, the Commission must analyze the text of the proposed rulemaking and the reasons for the new or amended language. The Commission also considers the information a promulgating agency is required to provide under § 745.5(a) in the regulatory analysis form (RAF). Upon review of the RAF, we find that PPA has not provided an adequate analysis of how the regulation will impact small businesses and has not provided a description of any alternative regulatory provisions that were considered. Without this information, we cannot determine if this proposed regulation is in the public interest. In the RAF submitted with the final-form rulemaking, PPA should provide more detailed information required under § 745.5(a) of the RRA.

4. Economic or fiscal impact of the regulation.

Taxicab industry

Commentators from the taxicab industry are concerned about the fiscal impact the proposal will have on them. They believe the cost estimates provided by PPA are understated and contend that the proposal will prohibit future financing of new vehicles. They also point out that the value of existing medallions will diminish. According to commentators, existing non-WAV medallions are valued at approximately \$350,000. However, WAV medallions are worth between \$80,000 and \$110,000. We ask PPA to address these concerns in the RAF and Preamble to the final-form regulation. We will evaluate PPA's responses to these issues in making our determination if the rulemaking is in the public interest.

PPA

We are also concerned about the fiscal impact this proposal could have on PPA. 53 Pa.C.S.A § 5706(a.1) (relating to wheelchair-accessible taxicab driver training), requires PPA to provide WAV certificated drivers a one-time stipend for each day of training the driver attends. It also provides that the annual WAV taxicab driver renewal fee is to be paid from the proceeds of sale of WAV medallions for each successfully renewed application. Since the number of WAV taxicab drivers will dramatically increase, the costs imposed by this statutory provision will also increase. We ask the PPA to quantify these costs and to include those costs in the RAF submitted with the final-form rulemaking.

5. Possible conflict with or duplication of statutes or existing regulations; Implementation procedures; Reasonableness.

If this rulemaking is adopted, and as standard taxicabs are replaced by WAV taxicabs, every taxicab driver will have to meet the requirements of Section 1021.5a (relating to special wheelchair accessible vehicle taxicab driver's certificate and requirements). We have two concerns about this requirement. First, Section 1021.5a(b)(7)(i) requires WAV taxicab drivers to have two years of experience driving a cab in Philadelphia. Commentators believe that this could lead to a shortfall of taxicab drivers in Philadelphia. Second, Section 1021.5a(c) establishes a cap on the number of WAV taxicab drivers. Under this subsection, the number of WAV drivers may not exceed the product of the number of WAV taxicabs multiplied by four. Is this provision still needed under this proposed rulemaking? In addition to addressing these issues, we ask PPA to review all provisions of 52 Pa. Code Chapter 1021 (relating to taxicab drivers) to ensure the proposed rulemaking is consistent and does not conflict with existing requirements.

6. Section 1017.4. Age and mileage limitations.— Statutory authority; Possible conflict with or duplication of statutes or existing regulations; Clarity.

The following language is being added to Paragraph (c), relating to antique vehicles: "The number of antique vehicles in operation in a fiscal year may not exceed 2% of the vehicles comprising the taxicab utility group." What is a "taxicab utility group"? To improve the clarity of the proposal, we suggest that it be defined in the final-form regulation.

Under Paragraph (d)(1) every medallion taxicab must comply with Section 1017.8 (relating to wheelchair accessible vehicle taxicab specifications), and under Paragraph (d)(2), every partial-rights taxicab must comply with the

age and mileage requirements of Section 1017.8(c) as a condition of eligibility for inspection as provided in Section 1017.2. This paragraph would require all vehicles brought into service for the first time to be late models with less than 500 miles and also limit the age of taxicabs to five years. We have two concerns. First, we question the reasonableness of the mileage limitation. This restriction would preclude a medallion owner or a partial-rights taxicab company from purchasing safe, yet cheaper vehicles. How did PPA determine that all new vehicles brought into service should have less than 500 miles? In the Preamble to the final-form regulation, we ask PPA to explain the basis for this decision. Second, the age limitation of five years conflicts with 53 Pa.C.S.A. § 5714(a)(4), which allows vehicles to operate until they reach eight years of age. We ask PPA to explain how the proposed regulatory provisions are permitted under the cited statutory language.

(IRRC #3104)**

Act 73 and Act 15 Amendments

August 12, 2015

We submit for your consideration the following comments on the proposed rulemaking published in the June 13, 2015 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the State Board of Accountancy (Board) to respond to all comments received from us or any other source.

1. Substantial Equivalency—Implementation procedures; Protection of the public welfare.

The CPA law provides for substantial equivalency in 63 P. S. §§ 9.5b and 9.5d. In general terms, a person or firm located outside of Pennsylvania whose qualifications are substantially equivalent to the Board's "shall have all the privileges and obligations of a licensee of the Commonwealth without the need to obtain a certificate or license under this act" and can be subject to discipline by the Board and the courts of Pennsylvania. 63 P. S. §§ 9.5b(b) and 9.5d(c). The CPA Law also provides that "Any determination as to whether substantial equivalency exists . . . shall be consistent with any determination . . . made by the National Association of State Boards of Accountancy National Qualification Appraisal Service [NASBANQAS]." 63 P. S. § 9.5b(a). We have two categories of questions relating to how these provisions will be implemented by the Board.

First, under the CPA Law and the Board's regulation, we presume that the Board will most likely not have notice of an accountant practicing under substantial equivalency. How does the Board know how many individuals and firms are practicing in Pennsylvania under substantial equivalency and who they are? Does the Board have any mechanism to obtain this information under the CPA law?

Second, who makes the important determination of substantial equivalency before services are rendered? While we expect that most practicing accountants would obtain and disclose to their clients an equivalency determination from the NASBANQAS, we are concerned that an invalid self-determination could be made outside of this service that could harm the consumer of the accounting services. How can the consumer be protected from an invalid self-determination of substantial equivalency? Are all the other states' requirements substantially equivalent to the Board's requirements? If not, does the Board

maintain a list of states that it considers to be substantially equivalent to Pennsylvania that is available to the public? We ask the Board to explain how substantial equivalency will be implemented in a way that protects the consumer of accounting services.

2. Section 11.7. Use of the designation "public accountant" and the abbreviation "PA."—Clarity.

Use of an exception to include substantial equivalency

Subsection (a) of the existing regulation lists three entities that can ". . . use the designation 'public accountant,' the abbreviation 'PA,' or any other title . . . tending to indicate that the user is a public accountant. . . ." The Board is amending this subsection to include substantial equivalency by adding a phrase that states, in part, "Except as provided in § 11.5(e). . ." We have two concerns.

First, as amended by Act 15 of 2013 (Act 15), 63 P. S. § 9.5b(b) states that practice under substantial equivalency is the same as practicing as a licensee in Pennsylvania and, in particular, Paragraph (1) states that:

. . . an individual whose principal place of business is not in this Commonwealth and who has a valid certificate or right to practice from a state that is substantially equivalent . . . shall have all the privileges and obligations of a licensee of this Commonwealth. . . .

Firms and unlicensed entities are addressed in 63 P. S. § 9.5d. Since, by statute, practice under substantial equivalency is substantively the same as having a Board license, it is not clear why the regulation should reference substantial equivalency as an exception.

Second, Section 8.2 of the *Pennsylvania Code and Bulletin's Style Manual* addresses use of exceptions and states, "If possible, state a requirement directly rather than by use of exceptions." Given the statutory language and the *Style Manual*, we recommend that substantial equivalency be added to Subsection (a) as a fourth paragraph rather than as an exception.

Use of an exception in Subsection (b)

Similar to Subsection (a), this subsection adds substantial equivalency as an exception. We recommend adding substantial equivalency to the end of the sentence instead.

3. Section 11.8. Use of the designation "certified public accountant" and the abbreviation "CPA" in the practice of public accounting.—Clarity.

Exceptions added to Subsections (a) and (b)

Subsections (a) and (b) both add substantial equivalency as an exception. For the reasons explained in the above comments on Section 11.7, we recommend adding substantial equivalency to Subsection (a) as a fourth paragraph and to Subsection (b) at the end of the sentence.

4. Section 11.23a. Competence to supervise attest services.—Protection of the public welfare; Clarity.

400 hours of experience

A public commentator questioned the provision in Subparagraph (b)(1)(i) that requires 400 hours of experience within the previous five years. The commentator believes it would be prudent to require more than 80 hours per year given the pace of change in the accounting profession. We ask the Board to explain how this provision sufficiently protects the public welfare.

Continuing Professional Education (CPE)

Paragraph (b)(1)(i) sets a two-pronged competency requirement of “400 hours of experience within the previous 5 years” and “at least 24 hours of CPE . . . during the 24 months immediately preceding issuance of the report.” Subsection (c) states an exemption that the requirements of Subsection (b) do not apply to a licensee licensed prior to August 18, 2013. Subsection (c) would exempt a category of licensees from both the 400 hours of experience and 24 hours of CPE. Why should this category of licensee be exempt from the CPE requirement?

5. Section 11.55. Experience requirements for CPA certification.—Need; Reasonableness; Economic impact; Clarity.

Calculation of hours of experience

Majority Chair Representative Julie Harhart and Minority Chair Representative Harry Readshaw of the House Professional Licensure Committee (HPLC) submitted a joint comment stating their agreement with the comments submitted by the Pennsylvania Institute of Certified Public Accountants (PICPA). PICPA commented that the wording of Section 11.55 would make it difficult for part-time or seasonal candidates to meet the requirements to apply for CPA certification. As written, a candidate must complete at least one year of qualifying experience during the 60-month period immediately preceding the date of application, and each year of experience must include 1,600 hours of qualifying experience. PICPA cited the example of tax preparers who might only accrue 680 hours in a tax season per year, but would not qualify for CPA certification even after accumulating 1,600 hours of experience within the 60-month period. PICPA does not believe this is the Board’s intent and suggests alternative language. We agree with the HPLC’s and PICPA’s concern and recommend that the Board amend this requirement accordingly, or explain why the requirement is needed and reasonable.

6. Section 11.63. CPE subject areas; relevance to professional competence.—Clarity.

Continuing Professional Education (CPE) hours

Paragraph (a)(1) requires a minimum of 24 hours of CPE and includes the sentence:

A licensee who supervises attest services and signs an accountant’s report for attest services *may* also need to complete additional CPE as provided in § 11.23a (relating to competence to supervise attest services). (Emphasis added.)

Paragraph 11.23a(b)(1)(i) requires the same amount of CPE of “at least 24 hours.”

Considering the provisions of both Paragraph (a)(1) and Paragraph 11.23a(b)(1)(i), it is not clear what total number of hours of CPE are required for a licensee to comply with the regulation. We recommend that the Board review and amend Paragraph (a)(1) and Paragraph 11.23a(b)(1)(i) as necessary to clarify how to comply with the CPE requirements.

INSURANCE DEPARTMENT

Price Optimization; Notice 2015-06

Recently, the question of whether price optimization techniques may be used by insurance companies has been raised to the Insurance Department (Department). The answer is no and the Department issues this notice to remind insurers about the Department’s longstanding prohibition against the use of price optimization techniques in property and casualty insurance rates.

It is well-settled that property and casualty insurance rates cannot be excessive, inadequate or unfairly discriminatory. These prohibitions can be found in all of the Commonwealth’s property and casualty rate regulatory acts and the Unfair Insurance Practices Act (act) (40 P. S. §§ 1171.1—1171.15). See section 505-A(c)(2)(i) of the Property and Casualty Filing Reform Act (40 P. S. § 710-5(c)(2)(i)), section 5(a)(7)(ii) of the act (40 P. S. § 1171.5(a)(7)(ii)), section 3(d) of The Casualty and Surety Rate Regulatory Act (40 P. S. § 1183(d)) and section 3(a)(2) of The Fire, Marine and Inland Marine Rate Regulatory Act (40 P. S. § 1223(a)(2)).

With the advent of sophisticated pricing tools, including computer software and rating models referred to as price optimization, insurers, rating organizations and advisory organizations are reminded that policyholders and applicants with identical risk classification profiles—that is, risks of the same class and essentially the same hazard—must be charged the same premium. Rates that fail to reflect differences in expected losses and expenses with reasonable accuracy are unfairly discriminatory under Commonwealth law and will not be approved by the Department. See 40 P. S. § 1183(d).

The Department’s Property and Casualty Bureau reviews thousands of rate filings each year to ensure compliance with these standards, and the actuaries that review these filings often identify and object to filings that fail to meet these statutory requirements.

Questions regarding this notice may be directed to Mark Lersch, Bureau Director, Property and Casualty, Administration, (717) 783-2103, mlersch@pa.gov.

PHILADELPHIA PARKING AUTHORITY

Authorization of Wheelchair Accessible Taxicab Medallions; Doc. No. 15-006

Order

By the Authority:

The Philadelphia Parking Authority (the "Authority"), regulates all taxicab and limousine service in the City of Philadelphia (the "City").¹ The Authority is currently empowered to issue and sell 60 new taxicab medallions and 1 existing medallion.²

Background

On February 24, 2015, the Authority entered an Order at Docket No. 15-003 authorizing revised terms for the sale of taxicab medallions (the "February Order"). The February Order authorized the Director of the Authority's Taxicab and Limousine Division ("TLD") to administer the sale of 61 medallions, each of which is designated a wheelchair accessible vehicle ("WAV") medallion. The February Order was published in the *Pennsylvania Bulletin* on March 7, 2015 and is available for review on the Authority's web site at www.philapark.org.

Pursuant to the February Order, the WAV medallion sales began on May 6, 2015, which has resulted in 50 WAV medallions sold thus far (WP-1601 through WP-1650). As of July 8, 2015, only 1 of the 50 WAV medallion sales has actually resulted in the operation of a WAV medallion taxicab. Recognizing the need to focus on providing WAV taxicab service in Philadelphia, the Direc-

tor of the TLD exercised his discretion to reschedule the 11 remaining WAV medallion sales (WP-1651 through WP-1661) pursuant to paragraph no. 9 of the February Order.

To date, the remaining 49 WAV medallions sold at auction have neither reached settlement, let alone been placed into WAV taxicab service. Exercising his discretion as provided in paragraph no. 10 of the February Order, the TLD Director has requested that the Board remove the remaining 11 WAV medallions from the February Order's schedule. The TLD Director believes this change will permit TLD staff and the regulated industry to focus on getting all of the WAV medallions already sold into service more rapidly.

Therefore,

It Is Ordered That:

1. The sales of the following eleven WAV medallions authorized for sale pursuant to this Board's Order dated February 24, 2015 are hereby cancelled: WP-1651, WP-1652, WP-1653, WP-1654, WP-1655, WP-1656, WP-1657, WP-1658, WP-1659, WP-1660 and WP-1661.

2. The Director of the Authority's TLD may, at this discretion, place any of the aforementioned eleven medallions before this Board for a new sale authorization, pursuant to such terms and conditions as the Board may then impose.

3. The contact person for this Order is James R. Ney, Director, Taxicab and Limousine Division, (215) 683-9417.

4. The Executive Director shall cause this Order to be deposited with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.
