READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

RULES AND REGULATIONS

Title 17—CONSERVATION AND NATURAL RESOURCES

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

[17 PA. CODE CHS. 21 AND 23]

State Forests

The Department of Conservation and Natural Resources (Department), Bureau of Forestry (Bureau) amends Chapter 21 (relating to general provisions) and rescinds Chapter 23. Chapters 21 and 23 are consolidated into Chapter 21.

A. *Effective Date*

This final-form rulemaking will go into effect upon publication in the *Pennsylvania Bulletin*.

B. *Contact Persons*

For further information, contact Matt Beaver, Chief, Operations and Recreation Division, Bureau of Forestry, Department of Conservation and Natural Resources, P. O. Box 8552, Harrisburg, PA 17105-8552, (717) 783-7941; or Wendy Carson, Assistant Counsel, Office of Chief Counsel, Department of Conservation and Natural Resources, P. O. Box 8767, Harrisburg, PA 17105, (717) 772-4171. Persons with a disability may use (800) 654-5984 (TTY). This final-form rulemaking is posted on the Department's web site at www.dcnr.state.pa.us.

C. *Statutory Authority*

This final-form rulemaking is made under the authority of sections 302, 313 and 502 of the Conservation and Natural Resources Act (71 P.S. §§ 1340.302, 1340.313 and 1340.502) and 18 Pa.C.S. §§ 7505 and 7506 (relating to violation of governmental rules regarding traffic; and violation of rules regarding conduct on Commonwealth property).

D. *Background and Purpose*

Chapter 21 applies to State forest land, including picnic areas. Chapter 23 applied solely to picnic areas. There were several redundancies and inconsistencies between the two chapters. Because there was not a particular benefit to maintaining the regulations in two chapters, this final-form rulemaking consolidates the general State forest rules and the State forest picnic area rules into Chapter 21.

Chapters 21 and 23 were last revised in 1999 and 2003, respectively. In addition to consolidating the two chapters, the purpose of this final-form rulemaking is to reorganize, update and clarify State forest regulations. A new provision on ground blinds and tree stands is added.

Because this final-form rulemaking consolidates Chapter 23 with Chapter 21 and reorganizes Chapter 21, the former sections in Chapter 21 are deleted and replaced by new sections.

E. *Summary of Regulatory Requirements*

§ 21.101. *Definitions*

Section 21.101 (relating to definitions) replaces § 21.1. Definitions of “act,” “all-terrain vehicle,” “Crimes Code,” “Department,” “Fish and Boat Code,” “Game and Wildlife Code,” “motor vehicle,” “motorized off-road vehicle,” “permission of the Department or permitted by the Department,” “permit,” “person,” “picnic area,” “snowmobile,” “State forest,” “vehicle,” “Vehicle Code” and “watercraft” are added.

The former definition of “camping” is not included in § 21.101 because § 21.117 (relating to camping) defines the three types of camping. Therefore, a generic definition of “camping” is not needed.

The former definition of “District Forester” is not included in § 21.101 because the definition of “Department” includes authorized officials of the Department.

The former definition of “group activity” is not included in § 21.101 because § 21.119 (relating to group activities) describes the type of activity that requires authorization. Therefore, a definition is not needed.

§ 21.102. *Scope*

This section replaces § 21.2.

§ 21.103. *Trespass*

This section replaces § 21.80. A reference to a “Department-commissioned officer” is added.

§ 21.104. *Closure*

This section replaces §§ 21.4 and 21.72. A provision under which the Department may prohibit certain uses or activities is added.

§ 21.105. *Property left in a State forest*

This section places the public on notice that the Department may move, remove, store (and charge a fee) or dispose of property left in a State forest. It is similar to § 11.206 (relating to property left in a State park), but adds a prohibition against leaving property for more than 24 hours.

§ 21.106. *Picnic areas*

This section contains provisions formerly in Chapter 23 that apply only to picnic areas. It replaces §§ 23.11, 23.14, 23.17, 23.20 and 23.23.

Former §§ 23.1—23.3, 23.12, 23.15, 23.16, 23.22 and 23.24 are renumbered and added into Chapter 21. These sections are applicable to State forest land generally.

§ 21.107. *Hunting, trapping and shooting*

This section replaces §§ 21.63 and 21.65.

§ 21.108. *Fishing*

This section replaces § 21.64.

§ 21.109. *Boating*

This section replaces §§ 21.11 and 21.12. A provision on docks is added. This section also clarifies that launching is permitted with either a Department permit or a Fish and Boat Commission registration.

§ 21.110. *Traffic*

This section replaces §§ 21.3(a) and 21.21. Section 21.110(b) (relating to traffic) is under 18 Pa.C.S. § 7505, which states that a violation of a Department regulation governing parking or traffic on Department property is a summary offense. Section 21.110(b)(3) clarifies those areas where vehicle operation is allowed on State forest lands.

§ 21.111. *Parking*

This section replaces §§ 21.3(a) and 21.25. Subsection (a)(2) prohibits parking in locations that obstruct a gate, road, and the like, and in locations posted as closed under § 21.104 (relating to closure).

Subsection (a)(1) allows for parking in a handicapped space by persons with a disability if the Department has given written permission. This is consistent with the Americans with Disabilities Act and the Department's policy on access to State forests by persons with disabilities.

Subsection (b)(1) is under 18 Pa.C.S. § 7505, which states that a violation of a Department regulation governing parking or traffic on Department property is a summary offense.

Subsection (b)(2) provides authority for issuing parking tickets for parking offenses under 75 Pa.C.S. (relating to Vehicle Code). This is an expansion of § 21.25, which allowed for parking tickets only for violations of Chapter 21.

§ 21.112. *Snowmobiles*

This section replaces § 21.22, which specified the requirements for riding a snowmobile on State forest land, including the period during which riding is permitted.

This section also reiterates the existing helmet requirement for operators and riders of snowmobiles in § 51.93 (relating to helmet requirements).

§ 21.113. *All-terrain vehicles*

This section replaces § 21.23a, which specified the requirements for riding an all-terrain vehicle on State forest land, including the period during which riding is permitted.

This section also reiterates the existing helmet requirement for operators and riders of all-terrain vehicles in § 51.93.

§ 21.114. *Motorized off-road vehicles*

This section replaces § 21.23. A specific reference to trail bikes is not included from the former regulation. Section 21.114 (relating to motorized off-road vehicles) permits motorized off-road vehicles on roads, trails or areas that are posted and designated for their use. The only forest district where motorized off-road vehicles are permitted is Bald Eagle State Forest, which has trails for off-highway and dual-sport motorcycles.

This section also establishes a riding season, which is the same as the all-terrain vehicle season, for the purposes of reducing user group conflict during hunting seasons in this Commonwealth (fall, winter and spring), minimizing damage to the trail system during winter thaws and spring rains, and avoiding interference with spring wildlife mating/nesting season.

“Written permission” is intended to encompass permission to use a powered mobility device under the Department's policy on access to State forest land by persons with mobility disabilities.

Helmets are required for operators and riders.

§ 21.115. *Natural resources*

This section replaces § 21.31. It removes from Chapter 21 several provisions that more appropriately belong in permits, rather than in regulations. However, compliance with permit conditions may still be enforced by citing § 21.122 (relating to other prohibitions), which prohibits the failure to comply with a condition of a permit.

The prohibition in subsection (a)(1) against cutting, picking, digging, damaging and removing plants adds a specific reference to “fungus, lichen and moss.”

The prohibition against removal of sawdust is not included in subsection (a)(3) because loggers no longer saw lumber at timbering sites.

Pine straw is added to the list of forest products in subsection (a)(3) that may not be removed without written permission of the Department. A commercial market has developed in the landscaping industry for pine straw and the Department needs a means of regulating its removal from State forest land.

Subsection (a)(5) includes a prohibition against releasing an animal that was brought into a State forest.

Former § 21.31, which prohibited cutting, picking, digging, damaging or removing plants, allowed an exception for edible wild plants for personal or family consumption. Subsection (b)(1) retains this exception but states that the exception does not apply to plants listed in Chapter 45 (relating to conservation of Pennsylvania native wild plants) as threatened, endangered, rare or vulnerable.

§ 21.116. *Feeding wildlife*

This section replaces § 21.76, which allowed for about 1 1/2 bushels of feed (spring gobbler season begins on May 1 and flintlock muzzleloader deer season ends on about January 15). This blanket permission is replaced with a blanket prohibition without written permission. The reason for the more restrictive provision is that leaving food for wildlife results in animals, including bears and deer, congregating or habituating areas where they may become a nuisance. In addition, the concentration of deer, elk or other wildlife can promote the spread of diseases, such as Chronic Wasting Disease.

§ 21.117. *Camping*

This section replaces § 21.61. It clarifies the differences among the four types of camping—primitive, motorized, group and water trail—and whether or under what circumstances permission is needed.

§ 21.118. *Fires*

This section replaces §§ 21.62 and 23.16. It clarifies the fire provisions and makes them less subjective. Unlike the former sections, it does not establish a fall fire season, thereby allowing the Department to declare it annually based on conditions existing in that year.

§ 21.119. *Group activities*

This section replaces § 21.78.

§ 21.120. *Ground blinds and tree stands*

This new section addresses the construction and use of tree stands and ground blinds. This section addresses two problems: 1) damage to trees and safety hazards resulting from the construction, placement and use of tree stands and blinds; and 2) the failure to remove stands and blinds from State forest land within a reasonable period of time after placement.

The portability requirement for stands and blinds is consistent with the Game Commission’s regulation applicable to game lands in 58 Pa. Code § 135.41 (relating to State game lands) and is intended to prevent damage to trees caused by the construction of permanent tree stands and blinds. Permanent stands and blinds are typically built of scrap lumber nailed to a tree. Nail wounds can increase a tree’s vulnerability to disease and insects, and reduce tree value. Moreover, nails are hazardous to loggers, sawmill workers and Department employees who could strike a nail while sawing.

The prohibition against damaging trees is intended to protect not only the tree where the stand or blind is situated, but also trees in the vicinity of that tree. In building or placing a tree stand or blind, hunters sometimes cut nearby trees and brush to create an unobstructed shooting lane. This practice can reduce timber value and damage wildlife habitat.

The time requirements for leaving stands and blinds on State forest land are intended to prevent a common practice of hunters leaving their stands or blinds to “save their place” in an area of State forest land. The time requirements are also intended to discourage the abandonment of stands and blinds.

Proposed subsection (c) stated that “[v]iolation of this section is prohibited.” Subsection (c) has been deleted in this final-form rulemaking because § 21.123 (relating to violation of rules regarding conduct in State forests) addresses prohibited activities.

§ 21.121. *Pets*

This section replaces and revises § 21.73. It applies to nonpicnic areas (pets at picnic areas are covered in § 21.106(5)) (relating to picnic areas). In addition to requiring that pets be “attended and under control of an individual,” it requires that pets do not behave in a manner “that may reasonably be expected to disturb or intimidate another person” or “that may cause damage to property or resources.”

Proposed subsection (c) stated that “[v]iolation of this section is prohibited.” Subsection (c) has been deleted in this final-form rulemaking because § 21.123 addresses prohibited activities.

§ 21.122. *Other prohibitions*

This section is divided into activities that need written permission and activities that are prohibited absolutely. With a few exceptions, they are not new prohibitions, though some have been reworded.

Subsection (a) lists activities that require written permission.

Subsection (a)(1) replaces § 21.77. The provision prohibiting use of State forest land “in connection with or arising out of commercial activity” is intended to more effectively cover commercial activities that originate off State forest land but involve State forest land, such as a business located off State forest land that rents all-terrain vehicles for use on State forest land.

Subsection (a)(2) replaces § 21.31(4).

Subsection (a)(3) replaces § 21.67.

Subsection (a)(4) replaces § 21.70a.

Subsection (a)(5) replaces § 21.79 and adds “altering” to the prohibition.

Subsection (a)(6) replaces the provision in § 21.79 prohibiting excavation activity.

Subsection (b) lists activities that are prohibited absolutely.

Subsection (b)(1) replaces §§ 21.68 and 23.15.

Subsection (b)(2) replaces § 21.66.

Subsection (b)(3) replaces §§ 21.74(1) and (3) and 23.24. “Indecent exposure” is not included as a prohibited activity because it can be prosecuted by Department rangers under 18 Pa.C.S. § 3127 (relating to indecent exposure) as a misdemeanor offense.

Subsection (b)(4) replaces § 21.24. Chainsaws are added to the list of items that must have spark arrestors.

Subsection (b)(5) replaces § 21.74(2).

Subsection (b)(6) replaces § 21.75(a).

Subsection (b)(7) replaces § 21.75(b).

Subsection (b)(8) replaces the portion of § 21.25(a) that prohibits obstruction of access to gates, roads, and the like, with items of personal property.

Subsection (b)(9), regarding failing to comply with a condition of a permit issued by the Department, is a new provision.

§ 21.123. *Violation of rules regarding conduct in State forests*

This section replaces § 21.3(b). It is under 18 Pa.C.S. § 7506, which provides that violation of a Department regulation—other than traffic and parking violations—on Department property is a summary offense.

F. *Summary of Comments, the Department’s Response and Amendments to the Final-Form Rulemaking*

The proposed rulemaking was published at 44 Pa.B. 5757 (September 6, 2014), with a 30-day public comment period. Public comments were not received. The Senate and House Environmental Resources and Energy Committees did not submit comments.

On November 5, 2014, the Independent Regulatory Review Commission (IRRC) submitted comments on the proposed rulemaking. IRRC recommended that §§ 21.120(c) and 21.121(c) (relating to ground blinds and tree stands; and pets) be deleted as duplicative of language in § 21.123. The Department agrees with this recommendation and amended the final-form rulemaking by deleting §§ 21.120(c) and 21.121(c).

G. *Benefits, Costs and Compliance*

Benefits

By clarifying and updating Chapter 21 and consolidating it with Chapter 23, this final-form rulemaking will improve the protection of State forest resources, the safety of visitors and the recreational opportunities of State forest visitors.

Compliance costs

This final-form rulemaking will not impose additional compliance costs on the regulated community.

Compliance Assistance Plan

The Compliance Assistance Plan is not applicable.

Paperwork requirements

There will not be an increase in the amount of required paperwork.

H. *Sunset Review*

The regulations will be reviewed in accordance with the sunset review schedule published by the Department to determine whether the regulations effectively fulfill the goals for which they were intended.

I. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 21, 2014, the Department submitted a copy of the notice of proposed rulemaking, published at 44 Pa.B. 5757, to IRRC and the Chairpersons of the Senate and House Environmental Resources and Energy Committees for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with other documents when requested. In preparing the final-form rulemaking, the Department has considered all comments from IRRC.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on July 8, 2015, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on July 9, 2015, and approved the final-form rulemaking.

J. *Findings*

The Department finds that:

(1) Public notice of proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided as required by law and the comments were considered.

(3) This final-form rulemaking is necessary and appropriate for administering and enforcing the authorizing act identified in this preamble.

STATEMENTS OF POLICY

MUNICIPAL POLICE OFFICERS' EDUCATION AND TRAINING COMMISSION

Consideration for Reinstatement of Certification

(Editor's Note: This statement of policy updates and replaces the previous version published at 43 Pa.B. 2717 (May 18, 2013).)

Purpose

Act 165 of 2012 requires the Municipal Police Officers' Education and Training Commission to develop standards and guidelines to govern the reinstatement of municipal police officers and certified school instructors who have had their certification(s) suspended or revoked. Act 165 was signed into law on October 24, 2012, and took effect immediately. To comply with Act 165, the Commission established this policy to provide guidance and allow the consideration of applications for reinstatement. This policy provides general criteria that the Commission may consider for the reinstatement of certification. This policy is not binding on the Commission, and the Commission may consider any and all relevant factors and circumstances with regard to an officer's or instructor's application for consideration for reinstatement of certification. A vote by the Commission to approve an individual's application for consideration for reinstatement of certification is not a waiver of any of the conditions for certification nor a Commission vote to certify an individual under 37 Pa. Code Chapter 203.

Definitions

For the purpose of this policy, unless otherwise defined herein, all terms shall be defined as stated in 37 Pa. Code § 203.1 Definitions.

Chief—The agency executive, chief of police, or officer in charge of a police department enumerated under the Act, or the person or governing body exercising oversight over the police department.

Revocation—Decertification of a certified police officer for an indefinite period of time. This action nullifies any and all aspects of initial certification, except police education recognized or waived under the Act.

Suspension—Temporary decertification of a certified police officer for a period of time determined by the Commission, generally not to exceed two years.

Suspended Officers or Instructors

Suspended officers or instructors may reapply for certification following the completion of their suspension by submitting a Change of Status to the Commission. This form is available on the Commission's public website and shall be submitted by the officer's Chief or the instructor's School Director. Submission of a Change of Status shall be accompanied by a notarized affidavit certifying they have not been convicted of a disqualifying criminal offense during the term of their suspension. If an officer is seeking certification with a new department, the Chief is strongly encouraged to conduct a background investigation of the officer as outlined in § 203.11(a)(10).

Upon receipt of the application, the Director, Certification and Administration will review and verify the suspended officer has met all the conditions for recertification. If it is discovered that the suspended officer is no longer eligible for certification, the Change of Status shall be forwarded to the Executive Director for review and appropriate action. If the suspended officer still meets certification requirements, the Director, Certification and Administration shall provide the individual's Chief with a certification document.

Revoked Officers

After one year from the date of revocation, the individual may apply for consideration for reinstatement of certification. The application for consideration for reinstatement of certification is available on the Commission's public website. Applicants who were convicted of a disqualifying criminal offense, or who are otherwise prohibited from possessing a firearm by state or federal law, shall not be eligible for consideration for reinstatement of certification unless and until they receive all necessary and appropriate relief.

All applications for consideration for reinstatement of certification shall be notarized and accompanied by the following:

1. A written conditional offer of employment from a police department (as defined by § 2162 of the Act).
2. A Pennsylvania criminal history check completed within the 60 days prior to submission of the application.
3. A Federal Bureau of Investigation criminal history check completed within the 60 days prior to submission of the application. (Refer to the following hyperlink for additional information about this criminal history check: <http://www.fbi.gov/about-us/cjis/background-checks>).

Applicants may, and are encouraged to, submit the following as well:

1. Notarized affidavits testifying to the applicant's character and fitness for employment as a municipal police officer.
2. A personal statement from the applicant addressing the reason(s) for the applicant's revocation and reason(s) for which the applicant should be reinstated.

Application for consideration for reinstatement of certification shall be sent via certified mail to the Executive Director at 8002 Bretz Drive, Harrisburg, PA 17112-9748 who, within five (5) business days of receipt, shall present a copy of the application and all related materials to all members of the Professional Standards Committee (hereafter "the Committee"). The Committee shall convene at a quarterly Committee meeting or such other time and place as they may designate and, with a quorum being present, review the application, and make a recommendation to the full Commission. Upon a date being set by the Committee to review the application, the Executive Director shall as soon as practicable, via written correspondence, notify the district attorney of the county where the applicant has received a conditional offer of employment. This correspondence will advise the district attorney of the Committee meeting to review the applicant's application and the circumstances surrounding their decertification. Additionally, the district attorney will be notified that they may provide to the Committee, prior to the meeting, any information or recommendations as to

whether reinstatement of certification should be granted. The Committee may evaluate the applicant's suitability for reinstatement using the following criteria:

- Total years of service as a certified police officer
- The severity of the violation which caused the revocation and any negative impact on the public trust, police department, or political subdivision
- Any information provided by a district attorney or his office
- Notarized character statements submitted with the application by individuals not in the applicant's immediate family or household
- Previous disciplinary actions taken by any employing police department
- Previous suspensions or revocations by the Commission
- The applicant's acceptance or denial of responsibility for the violation which caused the revocation
- Any criminal convictions, accelerated rehabilitative dispositions (ARD), or arrests on, prior to, or after the date of revocation
- Community or volunteer service conducted during the period of revocation
- Endorsements by supervisors and/or command level personnel within the police department
- Letter of endorsement from the head of the political subdivision affiliated with the applicant's former, present, or newly employing police department
- Official statements made during the course of the inquiry into the violation which caused the revocation
- Statements made in letters or other correspondence sent to the Commission during the time of revocation

A recommendation shall be made no later than the second full Commission meeting following the submission of the application. The Commission shall consider the recommendation of the Committee. The Commission may request any information, review any document, or require clarification from the Committee prior to any vote. These criteria shall not be deemed as exhaustive and the Commission may consider any other relevant factors and circumstances that may speak to the applicant's suitability to serve as a municipal police officer.

Upon hearing the recommendation of the Committee and considering any and all relevant factors, the Commission will generally approve or deny the individual's application for consideration for reinstatement of certification. This approval shall require an affirmative majority vote of a seated quorum.

Any approval of an individual's application for consideration of reinstatement of certification shall not be considered a waiver of any of the requirements for certification as stated in 37 Pa. Code Chapter 203, Subchapter B. The applicant must meet all physical, psychological, and criminal history requirements of that subchapter and shall be required to complete the application process as well as any and all training and testing required by the Commission in accordance with the Act and regulations.

It is the policy of the Commission not to entertain repetitive applications for reinstatement. Upon the Commission's rejection of an application for consideration for reinstatement of certification, the applicant shall not be permitted to apply for reinstatement for a period of not

less than one year from the date of the Commission's vote to reject. Individuals may only apply for reinstatement three times.

Revoked Instructors

After one year from the date of revocation, the individual may apply for consideration for reinstatement of certification. The application for consideration for reinstatement of certification is available on the Commission's public website. Applicants who were convicted of a disqualifying criminal offense, or in the case of firearms instructors who are otherwise prohibited from possessing a firearm by state or federal law, shall not be eligible for consideration for reinstatement of certification unless and until they receive all necessary and appropriate relief.

All applications for consideration for reinstatement of certification shall be notarized and accompanied by the following:

2. A Pennsylvania criminal history check completed within the 60 days prior to submission of the application.
3. A Federal Bureau of Investigation criminal history check completed within the 60 days prior to submission of the application. (Refer to the following hyperlink for additional information about this criminal history check: <http://www.fbi.gov/about-us/cjis/background-checks>).

Applicants may, and are encouraged to, submit the following as well:

1. Notarized affidavits testifying to the applicant's character and fitness for employment as a basic or mandatory in-service police training instructor.
2. A personal statement from the applicant addressing the reason(s) for the applicant revocation and reason for which the applicant should be reinstated.

Application for consideration for reinstatement of certification shall be sent via certified mail to the Executive Director at 8002 Bretz Drive, Harrisburg, PA 17112-9748 who, within five (5) business days of receipt, shall present a copy of the application and all related materials to all members of the Committee. The Committee shall convene at a quarterly Committee meeting or such other time and place as they may designate and, with a quorum being present, review the application(s) and make a recommendation to the full Commission. The Committee may evaluate the applicant's suitability for reinstatement using the following criteria:

- Total years of service as a basic or mandatory police training instructor

A recommendation shall be made no later than the second full Commission meeting following the submission of the application. The Commission shall consider the recommendation of the Committee. The Commission may request any information, review any document, or require clarification from the Committee prior to any vote.

These criteria shall not be deemed as exhaustive and the Commission may consider any other relevant factors and circumstances that may speak to the applicant's suitability as a basic or mandatory in-service police training instructor.

Upon hearing the recommendation of the Committee and considering any and all relevant factors, the Commission will generally approve or deny the individual's

application for consideration for reinstatement of certification. This approval shall require an affirmative majority vote of a seated quorum.

Any approval of an individual's application for consideration for reinstatement of certification shall not be considered a waiver of any of the requirements for certification as stated in 37 Pa. Code Chapter 203, Subchapter E. The individual must meet the criminal history provisions of that subchapter and shall be required to complete the application process as outlined in 37 Pa. Code § 203.71.

It is the policy of the Commission not to entertain repetitive applications for reinstatement. DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Substantial Amendment for the 2015 Action Plan; Changes to the Community Development Block Grant and Neighborhood Stabilization Programs' Method of Distribution and Citizen Participation Plan

Notice is hereby given for a public comment period to review the proposed substantial amendment to the Commonwealth's Action Plan for Fiscal Year 2015. The public comment period is from September 5, 2015, through October 5, 2015.

Annually the Department of Community and Economic Development (Department) prepares the Action Plan which outlines the method of distribution for Federal funding received by the Department. This Federal funding includes the Community Development Block Grant (CDBG) and Neighborhood Stabilization Programs (NSP). The 2015 Action Plan for these funds was finalized and submitted to the United States Department of Housing and Urban Development (HUD) on July 1, 2015. The Department is proposing changes to the Method of Distribution for the CDBG and NSP programs which, according to the Pennsylvania Citizen Participation Plan for the Consolidated Plan, constitute a significant change in the distribution of funds under the program and thus necessitate a substantial amendment to the original Action Plan. The Citizen Participation Plan for these Substantial Amendments is also being proposed for change to eliminate the current percentage cap (10%) allowable before triggering the need for a Substantial Amendment and leaving the amount at the \$1 million threshold.

The Substantial Amendment to the Action Plan and supporting documentation are available for a 30-day public comment period and can be viewed on the Department's web site at <http://community.newpa.com/>. The text is available to sight and hearing-impaired persons using technological assisted devices by the Department's web site at the link previously listed. A translation into

Spanish will also be available on the Department's web site for citizen comment. The final version of the Substantial Amendment will be submitted to HUD no later than October 7, 2015.

Persons who would like to provide written comment on the draft Substantial Amendment to the 2015 Action Plan may send those comments electronically to RA-DCEDcdbg&homequestions@pa.gov or mail to the attention of Megan L. Snyder, Department of Community and Economic Development, Center for Community Financing, 400 North Street, 4th Floor, Harrisburg, PA 17120. Comments must be received before 4 p.m. on October 5, 2015.

The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
 PREAMBLE 1**

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate

Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Code §§ 127.44(b) and 127.424(b), that the Department of Environmental Protection (DEP) intends to issue a **Plan Approval # 66-00001F to The Procter & Gamble Paper Products Co.**, P. O. 31, Mehoopany, PA 18692, for their plant located in Washington Township, **Wyoming County**. The facility currently has Title V Permit No. 66-00001. This plan approval will be incorporated into the Title V operating permit through an administrative amendment at a later date, and the action will be published as a notice in the *Pennsylvania Bulletin*.

Plan Approval No. 66-00001F is for the re-designation of the facility as an area source of HAP emissions. The facility is currently designated as a major source of hazardous air pollutant (HAP) emissions. The facility has proposed to accept a federally enforceable emissions restriction limiting the HAP emissions from the facility to less than 10 tpy of a single HAP and less than 25 tpy of combined HAPs from the facility. As defined in 40 CFR § 63.2, this HAP emission restriction would re-designate the facility as an area source of HAP emissions. No other changes are proposed by the company.

The Plan Approval and Operating Permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701.

Any person(s) wishing to provide DEP with additional information which they believe should be considered prior to the issuance of this permit may submit the information to the address shown in the preceding paragraph. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit No.: 66-00001F and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Raymond Kempa, P.E., Environmental Group Manager, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701, Phone 570-826-2511 within 30 days after publication date.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301–303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311–1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2

Pa.C.S. §§ 501–508 and 701–704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

Climate Change Impacts Assessment Report; Notice of Availability

The Department of Environmental Protection (Department) announces the availability of the 2015 Climate Change Impacts Assessment Update (Update). Section 3 of the Pennsylvania Climate Change Act (71 P. S. § 1361.3) requires the Department to update and publish a report on the potential impact of climate change in this Commonwealth every 3 years. The report must provide:

- Scientific predictions regarding changes in temperature and precipitation patterns and amounts.
- The potential impact of climate change on human health, the economy and the management of economic risk, forests, wildlife, fisheries, recreation, agriculture and tourism.
- Economic opportunities created by the potential need for alternative sources of energy, climate-related technologies, services and strategies, carbon sequestration, capture and utilization of fugitive greenhouse gas emissions and other mitigation strategies.

The Update was prepared by the Pennsylvania State University's Environment and Natural Resources Institute and provides an overview of the potential impacts of global climate change in this Commonwealth over the next century, including specific impacts on climate sensitive sectors and the global economy. The report shows that this Commonwealth has undergone a long-term warming of more than 1° Celsius over the past 110 years and projects that this warming trend will continue at an accelerated rate.

The Department is specifically seeking feedback on any potential climate change impacts that were not included in the Update and recommendations for climate change adaptation measures that should be prioritized for future climate change impacts.

The Department will accept comments on the Update through November 4, 2015. Comments submitted by facsimile will not be accepted. All comments, including comments submitted by e-mail, must include the originator's name and address. Commentators are encouraged to submit comments using the Department's online eComment tool at www.ahs.dep.pa.gov/eComment. Written comments should be submitted to Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P. O. Box 2063, Harrisburg, PA 17105-2063, ecomment@pa.gov.

Designation of Funds in the Special Account for Land Reclamation Financial Guarantees

The Land Reclamation Financial Guarantee (LRFG) program was authorized under section 19.2 of the Surface Mining Conservation and Reclamation Act (SMCRA) (52 P. S. § 1396.19b). The LRFG program is intended to assist surface mining operators in meeting their SMCRA bonding obligations. The special account established to financially assure bonding obligations under the LRFG program is funded by a transfer of the remaining Conversion Assistance money into a special account for the LRFG program. There is currently more than \$13 million available to support the LRFG program.

Section 86.162b of 25 Pa. Code (relating to Land Reclamation Financial Guarantees) establishes a portion of the funds in the LRFG account be used to underwrite the LRFG and the balance of the funds will be held in reserve. The reserve will assure availability of funds to cover reclamation liabilities when there is a mine permit bond forfeiture and to underwrite sum-certain financial guarantees required under the Bioenergy Crop Bonding authorized by the act of July 5, 2012 (P. L. 918, No. 95).

The Department of Environmental Protection (Department) has designated \$10 million to underwrite LRFGs. Section 86.162b(f) of 25 Pa. Code establishes an operator limit of 30% of the amount of money designated in the special account to underwrite the LRFGs. The operator limit will be \$3 million by this designation. The amount of the LRFG cannot exceed 50% of the required bond amount on a permit. Participants pay 1.5% of the amount of the LRFG each year. Section 86.162b(f)(3) of 25 Pa. Code establishes a program limit which is determined by dividing the designated amount in the LRFG account by the historical rate of mine operator bond forfeiture plus a margin of safety. The Department has determined a historical rate of bond forfeiture of 8% and a margin of safety of 25%. The current designation of \$10 million to underwrite the LRFG sets the program limit at \$100 million.

For background information and supporting documentation regarding the LRFGs, contact the Bureau of Mining Programs, Division of Monitoring and Compliance, P. O. Box 8461, Harrisburg, PA 17105-8461, (717) 787-5103.

Expanded Scope of Practice for Emergency Medical Services Providers of Air Ambulance Services

Under 28 Pa. Code § 1027.40(f) (relating to air ambulance service), the Department of Health (Department) is publishing the expanded scope of practice for authorized paramedics (P), prehospital registered nurses (PHRN), prehospital physician extenders (PHPE) and prehospital emergency medical services physicians (PHP) when functioning for an emergency medical services (EMS) agency

that has been licensed as an air ambulance service under 35 Pa.C.S. § 8129 (relating to emergency medical services agencies).

Under 28 Pa. Code § 1027.40(f), expansion of the applicable EMS providers' scopes of practice includes EMS skills in addition to those skills included in these EMS providers' general scopes of practice that were published at 45 Pa.B. 5463 (August 29, 2015). To perform these expanded skills, EMS providers must receive education to perform these skills by having successfully completed an air ambulance transport educational program approved by the Department. Minimum requirements to become an approved air ambulance transport educational program, and a list of approved air ambulance transport educational programs, will be continuously updated on the Bureau of Emergency Medical Services' web site.

Skills identified may be performed by these EMS providers only if the provider has successfully completed training (cognitive, affective and psychomotor) on the specified skill, which includes training to perform the skill on adults, children and infants, as appropriate. These providers may only perform skills that are indicated through either Statewide or other Department-approved protocols or that are ordered online by a medical command physician.

A PHRN who is appropriately credentialed by the EMS agency medical director may perform other services authorized by The Professional Nursing Law (63 P.S. §§ 211—225.5) when authorized by a medical command physician through either online medical command or through the applicable Statewide or Department-approved EMS protocols.

A PHPE who is appropriately credentialed by the EMS agency medical director may perform services within the scope of practice of a physician assistant under the Medical Practice Act of 1985 (63 P.S. §§ 422.1—422.51a) or the Osteopathic Medical Practice Act (63 P.S. §§ 271.1—271.18), whichever applies to the physician assistant, when authorized by a medical command physician through either online medical command or through applicable Statewide or Department-approved EMS protocols. When a PHPE functions in this capacity, the physi-

cian supervision requirements applicable to a physician assistant under the Medical Practice Act of 1985 or the Osteopathic Medical Practice Act do not apply.

A PHP who is appropriately credentialed by the EMS agency medical director may perform skills within a P's scope of practice and other skills within the practice of medicine or osteopathic medicine, whichever applies to the physician. A PHP may not perform a skill that the PHP has not been educated and trained to perform.

To administer medications in addition to those permitted by applicable medical treatment protocols, PHRNs, PHPEs and PHPs must also receive approval to do so by the EMS agency medical director of the advanced life support ambulance service under which they are functioning.

Under 28 Pa. Code § 1023.1(a)(1)(vi) and (vii) (relating to EMS agency medical director), the EMS agency medical director must make an initial assessment of each EMS provider at or above the advanced emergency medical technician (AEMT) level, and another within 12 months of each prior assessment, to determine whether the EMS provider has the knowledge and skills to competently perform the skills within the EMS provider's scope of practice, and a commitment to adequately perform other functions relevant to the EMS provider providing EMS at that level. EMS providers at or above the AEMT level may only perform skills that the EMS agency medical director has credentialed them to perform.

The number listed in the first column in the following chart matches the number of the skill listed in the notice published for the scope of practice for EMS providers at 45 Pa.B. 5463.

Persons with a disability who require an alternate format of this notice (for example, large print, audiotape, Braille) should contact Richard L. Gibbons, Bureau Director, Department of Health, Bureau of Emergency Medical Services, Room 606, Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120-0710, (717) 787-8740.
