READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Order Reinstating and Amending Rule 230.2 of the Rules of Civil Procedure; No. 634 Civil Procedural Rules Doc.

Order

Per Curiam

And Now, this 9th day of December, 2015, upon the recommendation of the Civil Procedural Rules Committee; the proposal having been published for public comment at 45 Pa.B. 1843 (April 11, 2015):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 230.2 of the Pennsylvania Rules of Civil Procedure is reinstated and amended in the following form. The Order of April 23, 2014 suspending Rule 230.2, No. 594 Civil Procedural Rules Docket (April 23, 2014), is dissolved prospectively as of the effective date of this Order.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective December 31, 2016.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

Rule 230.2. Termination of Inactive Cases.

(a) [**The court may**] At least once a year, the court shall initiate proceedings to terminate [**a case**] cases in which there has been no activity of record for two years or more [**by serving a notice of proposed dismissal of court case**], and shall report such information to the Court Administrator of Pennsylvania on a form supplied by the Administrative Office of Pennsylvania Courts or in such format as requested from time to time by the Administrative Office of Pennsylvania Courts.

Official Note: This rule provides an administrative method for the termination of inactive cases.

(b)(1) [**The**] For each case identified pursuant to subdivision (a), the court shall serve [**the notice**] a notice of proposed termination on counsel of record, and on the parties if not represented, [**sixty**] **thirty** days prior to the date of the proposed termination. The notice shall contain the date of the proposed termination and the procedure to avoid termination.

(2) The notice shall be served [**by mail**] **electronically pursuant to Rule 205.4(g)(1), or pursuant to Rule 440 on counsel of record and on the parties, if not represented, at the last address of record. [If the mailed notice is returned, the notice shall be served by advertising it in the legal publication, if any, designated by the court for the publication of**

legal notices or in one newspaper of general circulation within the county.]

Official Note: If the notice mailed to an attorney is returned by the postal service, the prothonotary should check [**a legal directory or contact the Administrative Office of Pennsylvania Courts**] the website of the Disciplinary Board of the Supreme Court of Pennsylvania, www.padisiplinaryboard.org, for a current address. [**Otherwise, publication in the legal newspaper or a newspaper of general circulation within the county is required under this rule if the mailed notice is returned.**]

See subdivision [(e)] (f) for the form of notice.

(c) If no statement of intention to proceed has been filed **on or before the date of the proposed termination**, the prothonotary shall enter an order as of course terminating the matter [**with prejudice**] for failure to prosecute.

Official Note: The prothonotary may not enter an order terminating the action until more than [**sixty**] **thirty** days after service of the notice of proposed termination.

A court officer may certify to the prothonotary those matters which have been inactive and in which no statement of intention to proceed has been filed.

(d)(1) If an action has been terminated pursuant to this rule, an aggrieved party may petition the court to reinstate the action.

(2) If the petition is filed within [**thirty**] **sixty** days after the entry of the order of termination on the docket, the court shall grant the petition and reinstate the action.

Official Note: The provision under subdivision (d)(2) for filing a petition within [**thirty**] **sixty** days is not intended to set a standard for timeliness in proceedings outside this rule.

(3) If the petition is filed more than [**thirty**] **sixty** days after the entry of the order of termination on the docket, the court shall grant the petition and reinstate the action upon a showing that

(i) the petition was timely filed following the entry of the order for termination and

(ii) there is a reasonable explanation or a legitimate excuse for the failure to file both

(A) the statement of intention to proceed prior to the entry of the order of termination on the docket and,

(B) the petition to reinstate the action within [**thirty**] **sixty** days after the entry of the order of termination on the docket.

Official Note: The provision under subdivision (d)(2) for filing a petition within [**thirty**] **sixty** days of the entry of the order of termination on the docket is not a standard of timeliness. Rather, the filing of the petition during that time period eliminates the need to make the showing otherwise required by subdivision (d)(3).

(e) Any case which is reinstated pursuant to subdivision (d) shall be subject to termination with prejudice upon a subsequent termination pursuant to subdivision (a). No subsequent reinstatements shall be granted.

[(e)] (f) The notice required by subdivision (b) shall be in the following form:

(Caption)

NOTICE OF PROPOSED TERMINATION OF COURT
CASE

The court intends to terminate this case without further notice because the docket shows no activity in the case for at least two years.

You may stop the court from terminating the case by filing a [**Statement of Intention to Proceed**] **statement of intention to proceed**. The [**Statement of Intention to Proceed**] **statement of intention to proceed** should be filed with the Prothonotary of the Court at _____

(h) Upon receipt of a statement of intention to proceed, the court may schedule a status conference and establish appropriate timelines to ensure a timely and efficient disposition of the case.

EXPLANATORY COMMENT

In 2014, the Supreme Court of Pennsylvania made efforts to reduce the inventory of civil cases on the dockets of the Courts of Common Pleas. To expedite that process, it suspended Rule 230.2 governing the termination of inactive cases. Originally adopted in 2003, Rule 230.2 implemented the general policy provisions of Rule of Judicial Administration 1901(a) governing the prompt disposition of matters and the termination of inactive cases. While Pa.R.J.A. No. 1901(a) provided general guidelines for conducting an administrative purge, Rule 230.2 set forth a procedural mechanism for a court to perform an administrative purge of cases that had remained on the civil docket for two or more years with no evidence of any activity.

The Court has amended and reinstated Rule 230.2. The amendments have streamlined the procedure for the trial court to conduct an administrative purge of inactive cases, and are intended to ensure that the civil dockets reflect the current inventory of active cases, while encouraging attorneys to expeditiously litigate their cases.

Several concerns with the suspended Rule 230.2 were identified. The suspended rule did not specify how often a court should conduct an administrative purge; it only provided a procedure should a court decide to conduct an administrative purge. In order to ensure that the civil case inventory is accurate, the amendment of subdivision (a) requires a court to conduct an administrative purge at least once a year. The court is also required to report such information to the Court Administrator of Pennsylvania with a form supplied by the Administrative Office of Pennsylvania Courts.

A second problem identified with suspended Rule 230.2 was the provision for service of the notice of proposed termination in subdivision (b). In subdivision (b)(1), the suspended rule required service of the notice of proposed termination on counsel of record or unrepresented parties at least sixty days prior to the date of termination. To expedite the process, the amendment of subdivision (b)(1) shortens that time frame and require the notice to be served to at least thirty days prior to the date of termination.

The suspended rule did not provide for modern, efficient methods for giving notice to counsel or unrepresented parties that cases were identified as having no activity on the docket for the previous two years. Subdivision (b)(2) of the suspended rule provided for the notice to be served by mail pursuant to Rule 440 at the last address of record. In the event that the notice was returned, publication was required in the legal publication designated by the court for such notices. In conjunction with the shortened time frame in subdivision (b)(1), the amendment of subdivision (b)(2) updates the method for giving notice by allowing the notice to be served electronically pursuant to Rule 205.4 governing electronic filing. The ability to serve notice by mail pursuant to Rule 440 has been retained, but publication in the legal journal when a notice has been returned has been eliminated.

A third problem identified with suspended Rule 230.2 was the filing of statements of intention to proceed in order to keep a case active, but then not requiring any further obligation on counsel or an unrepresented party to move the case forward to resolution. Subdivision (c) of the suspended rule required an attorney or unrepresented party to file a statement of intention to proceed before the termination date stated in the notice in order to prevent the purging of the case from the docket. If no statement of intention to proceed was filed, the prothonotary was directed to enter an order terminating the matter for failure to prosecute. In the newly amended rule, this provision has been retained. However, new subdivision (h) encourages the trial court to manage its cases by scheduling a status conference and establishing appropriate timelines to insure a timely and efficient disposition of the case.

Importantly, the amendment of Rule 230.2 retains the post-termination procedure set forth in subdivision (d) of the suspended rule, which allows a party to petition the court to reinstate the action. The suspended rule provided

certain requirements for reinstatement depending whether the petition is filed within thirty days or beyond thirty days. While the requirements remain unchanged, subdivision (d) has been amended to provide for sixty days rather than thirty days. New subdivision (e), however, limits reinstatements of a case. If any case, previously reinstated, is terminated pursuant to this rule, then it is terminated with prejudice. No additional reinstatements will be granted. This provision is intended to encourage the efficient litigation of cases and to not let them languish on the docket.

TITLE 234. RULES OF CRIMINAL PROCEDURE CHAPTER 5. PRETRIAL PROCEDURES IN COURT CASES

PART D. Proceedings in Court Cases Before Issuing Authorities

Rule 544. Reinstating Charges Following With- drawal or Dismissal.

(A) When charges are dismissed or withdrawn at, or prior to, a preliminary hearing, or when a grand jury declines to indict and the complaint is dismissed, the attorney for the Commonwealth may reinstate the charges by approving, in writing, the re-filing of a complaint with the issuing authority who dismissed or permitted the withdrawal of the charges **or any issuing authority designated by the president judge or his or her designee to receive the reinstatement of charges.**

(B) Following the re-filing of a complaint pursuant to paragraph (A), if the attorney for the Commonwealth determines that the preliminary hearing should be conducted by a different issuing authority, the attorney shall file a Rule 132 motion with the clerk of courts requesting that the president judge, or a judge designated by the president judge, assign a different issuing authority to conduct the preliminary hearing. The motion shall set forth the reasons for requesting a different issuing authority.

Comment

This rule provides the procedures for reinstating criminal charges following their withdrawal or dismissal at, or prior to, the preliminary hearing as provided in Rule 543, or after the complaint is dismissed when a grand jury declines to indict.

The authority of the attorney for the Commonwealth to reinstate charges that have been dismissed at the preliminary hearing is well established by case law. *See, e.g., McNair's Petition*, [324 Pa. 48,] 187 A. 498 (Pa. 1936); *Commonwealth v. Thorpe*, [549 Pa. 343,] 701 A.2d 488 (Pa. 1997). This authority, however, is not unlimited. First, the charges must be reinstated prior to the expiration of the applicable statute(s) of limitations. *See Commonwealth v. Thorpe*, [549 Pa. 343,] 701 A.2d 488 (Pa. 1997). In addition, the courts have held that the reinstatement may be barred in a case in which the Commonwealth has repeatedly rearrested the defendant in order to harass him or her, or if the rearrest results in prejudice. *See Commonwealth v. Thorpe*, [549 Pa. 343,] 701 A.2d 488 (Pa. 1997); *Commonwealth v. Shoop*, [420 Pa. Super. 606,] 617 A.2d 351 (Pa. Super. 1992).

The decision to reinstate charges must be made by the attorney for the Commonwealth. Therefore, in cases in which no attorney for the Commonwealth was present at the preliminary hearing, the police officer may not re-file the complaint without the written authorization of the attorney for the Commonwealth. *See* Rule 507 (Approval of Police Complaints and Arrest Warrant Affidavits by Attorney for the Commonwealth—Local Option) for procedures for prior approval of complaints.

Pursuant to paragraph (A), in the usual case, charges will be reinstated by filing a complaint with the issuing authority who dismissed or permitted the withdrawal of the charges. However, there may be cases in which the attorney for the Commonwealth determines that a differ-

ent issuing authority should conduct the preliminary hearing, such as when an error of law is made by the issuing authority in finding that the Commonwealth did not sustain its burden to establish a *prima facie* case. Paragraph (B) requires that, in these cases, the attorney for the Commonwealth must file a petition with the court of common pleas requesting that the president judge, or a judge designated by the president judge, assign a different issuing authority to conduct the preliminary hearing. For the procedure for requesting assignment of a different issuing authority, see Rule 132.

Paragraph (A) was amended in 2016 to address the reinstatement of charges in those judicial districts that have consolidated the issuing authority functions into a centralized body. These include the Pittsburgh Municipal Court, the Philadelphia Municipal Court, and those judicial districts that have established “central courts” in which the judicial district’s magisterial district judges undertake the issuing authority function at a central location on a rotating basis. In these situations, it is not necessary for charges to be reinstated with the individual issuing authority and the charges may be reinstated with the centralized issuing authority designated by the president judge.

See Chapter 5 Part E for the procedures governing indicting grand juries. If the attorney for the Commonwealth is reinstating the charges after a complaint is dismissed when a grand jury [had] has declined to indict, the complaint should be re-filed with the issuing authority with whom the original complaint was filed.

See Chapter 5 Part F(1) for the procedures governing motions.

Official Note: Original Rule 123, adopted June 30, 1964, effective January 1, 1965; suspended January 31, 1970, effective May 1, 1970. New Rule 123 adopted January 31, 1970, effective May 1, 1970; renumbered Rule 143 September 18, 1973, effective January 1, 1974; amended January 28, 1983, effective July 1, 1983; amended August 9, 1994, effective January 1, 1995; amended September 13, 1995, effective January 1, 1996. The January 1, 1996 effective date extended to April 1, 1996; the April 1, 1996 effective date extended to July 1, 1996; renumbered Rule 142 October 8, 1999, effective January 1, 2000. New Rule 143 adopted October 8, 1999, effective January 1, 2000; renumbered Rule 544 and amended March 1, 2000, effective April 1, 2001; amended June 21, 2012, effective in 180 days; **amended** , **2016, effective** , **2016.**

REPORT

Proposed amendment of Pa.R.Crim.P. 544 **Magistrate for the Refiling of Charges**

The Committee was recently presented with a question regarding the Rule 544(A) requirement for the Commonwealth to refile previously dismissed criminal charges

with “the issuing authority who dismissed or permitted the withdrawal of the charges.” In most jurisdictions, it is simply a matter of approaching the magisterial district judge (MDJ) having jurisdiction who is most frequently the MDJ who dismissed the complaint or permitted its withdrawal. However, in jurisdictions that have centralized minor courts such as the Pittsburgh and Philadelphia¹ Municipal Courts, there is a question whether the issuing authority who initially handled the matter must be approached about the re-filing or if any of the issuing authorities who staff these centralized courts may be approached about the re-filing.

Rule 544 was adopted in 1999 to standardize the reinstatement of charges. As noted in the Comment to the rule and in the Final Report that the Committee issued when the rule was adopted, see 29 Pa.B. 5505 (Oct. 23, 1999), the authority for reinstating charges is within the discretion of the attorney for the Commonwealth. There are however two limitations on this authority. First, the applicable statute of limitations must not have run. Second, reinstatement may be barred when the Commonwealth has repeatedly rearrested the defendant in order to harass him or her, or if the rearrest results in prejudice. See *Commonwealth v. Thorpe*, 701 A.2d 488 (Pa. 1997); *Commonwealth v. Shoop*, 617 A.2d 351 (Pa. Super. 1992).

The requirement to have the charges filed before the issuing authority who dismissed them is premised on the idea that the original issuing authority would be in a better position to determine that the re-filing is not being done from an improper motive or has resulted in prejudice to the defendant. This is also a means of reducing “judge-shopping” by preventing the repeated re-filing until the prosecution finds a more amenable magistrate. It should be noted that, in situations where the original dismissal was improper, the Commonwealth’s remedy is to seek a reassignment to a different magistrate pursuant to Rule 544(B).

The question presented to the Committee was whether re-filing should be treated differently when the preliminary hearing function is handled by a combined body of the judicial district’s issuing authorities. Such courts will usually have a single filing office and may assign cases in a less direct manner than would be the case in a typical MDJ office, resulting in more difficulty in ensuring that the refiled charges are presented to the original dismissing issuing authority. The Committee observed that, in the Philadelphia Municipal Court, a case is refiled by presenting a motion to refile to the Municipal Court Judge designated to handle motions and does not return to the original judge who dismissed it. It was also noted that many more jurisdictions are setting up centralized minor courts in which the MDJs within the judicial district preside over preliminary hearings on a rotating basis.

The Committee concluded that, in these circumstances, allowance should be made for the re-filing to be reviewed by any magistrate within the centralized court or, as in the case of the Philadelphia Municipal Court, with the specific magistrate designated by the President Judge to review refilings.

Therefore, paragraph (A) would be amended to allow reinstatement of charges with the issuing authority “des-

¹ The Philadelphia Municipal Court, which has a somewhat similar combined body of magistrates albeit Municipal Court judges, does not have a separate rule relating to the re-filing of dismissed charges. Under Rule 1000(B), the Municipal Court is bound by the statewide rules when no specific MC rule is provided so that the provisions of Rule 544 would govern. Preliminary hearings are only provided in felony cases in the Municipal Court.

igned by the president judge to receive the reinstatement of charges.” This terminology would be intentionally broad since the manner in which these centralized courts are organized and function can vary considerably. Rather than generally permitting the reinstatement to be done before any issuing authority, the Committee believed it would be good practice to have this duty specifically designated. It is contemplated that, in the central court situation, this designation could simply be one of the duties enumerated for the sitting magistrate.

REPORT

Proposed amendment of Pa.R.Crim.P. 564

Addition of Offenses to the Criminal Information

Recently, the Committee had been presented with a suggestion that Rule 564 (Amendment of Information) be amended. Rule 564 provides that the court may allow an information to be amended so long as the amended information “does not charge an additional or different offense.” It was suggested that case law has interpreted the rule more broadly than a plain reading of the language would indicate. The Committee has concluded this to be the case and is proposing that the rule be changed to reflect this broader interpretation.

Rule 564 was adopted as Rule 229 in 1974. Except for renumbering as part of the general reorganization of the Rules of Criminal Procedure in 2000, the language of the rule has remained virtually unchanged since its initial adoption.

There has been a considerable body of case law interpreting whether amendments that add new offenses were permissible under the rule. As defined in these cases, the purpose of Rule 564 (or then-Rule 229) is to ensure that a defendant is fully apprised of the charges, and to avoid prejudice to the defendant by prohibiting the last minute addition of alleged criminal acts of which the defendant is uninformed. *See, e.g. Commonwealth v. Lawton*, 414 A.2d 658 (Pa. Super. 1979). Courts apply the rule allowing amendment of a defective information with an eye toward its underlying purposes and with a commitment to do justice rather than be bound by a literal or narrow reading of the procedural rules. *Commonwealth v. Roser*, 914 A.2d 447 (Pa. Super. 2006), *appeal denied* 927 A.2d 624 (Pa. 2007). In effecting this purpose, the courts employ the test of whether the crimes specified in the original information involved the same basic elements

and evolved out of the same factual situation as the crimes specified in the amended information. If so, the defendant is deemed to have been placed on notice regarding the alleged criminal conduct. However, if the amended provision alleges a different set of events, or the elements or defense to the amended crime are materially different from the elements or defense to the crime originally charged, so that the defendant would be prejudiced by the change, then amendment is not permissible. *Commonwealth v. Page*, 965 A.2d 1212 (Pa. Super. 2009). See also, *Commonwealth v. Beck*, 78 A.3d 656 (Pa. Super. 2013). Factors that the trial court must consider in determining whether a defendant was prejudiced by an amendment include: (1) whether the amendment changes the factual scenario supporting the charges; (2) whether the amendment adds new facts previously unknown to the defendant; (3) whether the entire factual scenario was developed during a preliminary hearing; (4) whether the description of the charges changed with the amendment; (5) whether a change in defense strategy was necessitated by the amendment; and (6) whether the timing of the Commonwealth's request for amendment allowed for ample notice and preparation. *Commonwealth v. Sinclair*, 897 A.2d 1218 (Pa. Super. 2006), citing *Commonwealth v. Grekis*, 601 A.2d 1284 (Pa. Super. 1992).

The most recent Pennsylvania Supreme Court case dealing with Rule 564 is *Commonwealth v. Brown*, 727 A.2d 541 (Pa. 1999), which held that, since the purpose of the information is to apprise the defendant of the charges against him so that he may have a fair opportunity to prepare a defense, an amendment should be precluded only when the variance between the original and the new charges prejudices an appellant by, for example, rendering defenses which might have been raised against the original charges ineffective with respect to the substituted charges. In this case, an amendment of the information changing the charge from one of sexual assault using force to one of sexual assault on an unconscious person was not proper because it prejudiced the defendant due to the differences in potential defenses available.

Based on the foregoing analysis, the Committee has concluded that the language of the rule does not accurately reflect the correct standards, as developed by the courts, for allowance of amendment of the information. Therefore, the language of the rule would be amended to reflect that a court may allow the information to be amended provided that the amended information does not "charge offenses arising from a different set of events and that the amended charges are not so materially different from the original charge such that the defendant would be unfairly prejudiced."

Comment

This rule clarifies present practice, and does not substantially alter the criteria utilized by the bail authority to determine the type of release on bail or the conditions of release reasonably necessary, in the bail authority's discretion, to ensure the defendant's appearance at subsequent proceedings and compliance with the conditions of the bail bond.

When deciding whether to release a defendant on bail and what conditions of release to impose, the bail authority must consider all the criteria provided in this rule, rather than considering, for example, only the designation of the offense or the fact that the defendant is a nonresident. **Nothing in this rule prohibits the use of a pretrial risk assessment tool as one of the means of evaluating the factors to be considered under paragraph (A). However, a risk assessment tool must not be the only means of reaching the bail determination.**

In addition to the release criteria set forth in this rule, in domestic violence cases under Section 2711 of the Crimes Code, 18 Pa.C.S. § 2711, the bail authority must also consider whether the defendant poses a threat of danger to the victim.

When a defendant who has been released on bail and is awaiting trial is arrested on a second or subsequent charge, the bail authority may consider that factor in conjunction with other release criteria in setting bail for the new charge.

REPORT

Proposed Revision of the Comment to Pa.R.Crim.P. 523

Risk Assessment Tools for Bail Determination

Recently, representatives of the First Judicial District (FJD) in Philadelphia had requested that the Committee consider clarifying that risk assessment tools may be used as part of the determination when setting bail. The FJD is in the process of developing a risk tool to assist Arraignment Court Magistrates and Judges in determining whether defendants at the time of their arrest should be held in custody, released under House Arrest/Electronic Monitoring, released under special conditions or released on their own recognizance.

This effort in the FJD is consistent with a national trend in moving from a "cash-based release system," which is believed to be more burdensome on lower income defendants, to a "risk-based release system," that attempts to assess the likely danger of non-appearance or other misconduct. In particular, risk assessment tools are intended to use quantifiable statistics in an attempt to determine the potential risk that the defendant may pose and then use that as a basis for determining what conditions should be placed on release. The ultimate goal is to try to add more objectivity to the bail decision.

Simply put, a risk assessment tool is developed by studying cases in the past in which the defendants have committed misconduct while on pretrial bail and determining what factors, like drug addiction, unemployment, or prior criminal history, are present. Usually, some type of point system is then developed from this data that will be used to "score" a new defendant as a means of predicting whether the defendant will commit misconduct while on bail.

The risk assessment tool being implemented in Philadelphia is a good example of how such an analysis is developed. It is based on data of defendants in Philadelphia from 2007-2014 who were arrested and released on pretrial status. The data was analyzed to determine which defendants committed new crimes and the types of characteristics these defendants who were arrested for new crimes possess. The types of new crimes for which these defendants were arrested while on pretrial status

were also analyzed. Over 200,000 defendants' cases were studied. The factors studied included a defendant's criminal history, age at time of first adult arrest, previous time in jail, current and new charges, and length of previous time in jail.

Risk assessment tools are already in use in a number of jurisdictions, such as Colorado, Florida, and Kentucky. Use of risk assessment tools is also encouraged in the ABA's Standard on Pretrial Release 10-1.10(i) that urges each jurisdiction, *inter alia*, to:

(i) develop and operate an accurate information management system to support prompt identification, information collection and presentation, risk assessment, release conditions selection, compliance monitoring and detention review functions essential to an effective pretrial services agency; . . .

The consensus of the Committee was that currently nothing in the rules precludes the use of such a tool so long as it is not the exclusive means of making the assessment regarding bail. However, the Committee concluded that a clarification on this point would be helpful. Therefore, the Comment to Rule 523 would be revised to state that the rule does not forbid the use of a risk assessment tool but that the tool must not be the only means of reaching the bail decision.

CHAPTER 16. POST-DISPOSITIONAL PROCEDURES

PART B(2). PERMANENCY HEARING

Rule 1608. Permanency Hearing.

* * * * *

D. Court's findings.

1) *Findings at all six-month hearings.* At [the] each permanency hearing, the court shall enter its findings and conclusions of law into the record and enter an order pursuant to Rule 1609. On the record in open court, the court shall state:

* * * * *

k) the services needed to assist a child who is [sixteen] fourteen years of age or older to make the transition to [independent living] a successful adulthood, including:

* * * * *

vii) the [job readiness] job-readiness services that have been provided to the child and the employment/career goals that have been established;

viii) whether the child has physical health or behavioral health needs that will require continued services into adulthood; and

ix) the steps being taken to ensure that the youth will have stable housing or living arrangements when discharged from care;

l) any educational, health care, and disability needs of the child and the plan to ensure those needs are met;

m) if a sibling of a child has been removed from the home and is in a different setting than the child, whether reasonable efforts have been made to place the child and sibling of the child together or whether such joint placement is contrary to the safety or well-being of the child or sibling; [and]

n) if the child has a sibling, whether visitation of the child with that sibling is occurring no less than twice a month, unless a finding is made that visitation is contrary to the safety or well-being of the child or sibling[.];

o) whether sufficient steps have been taken by the county agency to ensure the caregiver is exercising the reasonable and prudent parent standard; and

p) whether sufficient steps have been taken by the county agency to ensure the child has been provided regular, ongoing opportunities to engage in age-appropriate or developmentally-appropriate activities, including:

i) consulting the child in an age-appropriate or developmentally-appropriate manner about the opportunities to participate in activities; and

ii) identifying and addressing any barriers to participation.

2) *Another Planned Permanent Living Arrangement (APPLA) for Children Sixteen Years of Age or*

Older: APPLA shall not be utilized for any child under the age of sixteen. At each permanency hearing for a child who is sixteen years or older and has a permanency goal of APPLA, the following additional considerations, inquiry, and findings shall be made by the court:

a) **Court's APPLA Considerations.** Before making its findings pursuant to paragraph (D)(2)(c), the court shall consider evidence, which is obtained as of the date of the hearing, and entered into the record concerning:

i) the intensive, ongoing, and unsuccessful efforts made to:

A) return the child home; or

B) secure a placement for the child with a fit and willing relative, a legal guardian, or an adoptive parent;

ii) the specific services, including the use of search technology and social media to find biological family members and kin, as well as permanency services that have been provided to the child that serve as the intensive ongoing, and unsuccessful efforts to achieve reunification, adoption, or placement with a guardian or a fit and willing relative;

iii) the full name of at least one identified supportive adult with whom the child has significant connections;

iv) how each identified supportive adult has formalized the connection with the child;

v) the specific services that will be provided by the agency to support and maintain the connection between the child and identified supportive adult(s); and

vi) the specific planned, permanent placement or living arrangement for the child that will provide the child with stability.

b) **Court's Inquiry of Child's Desired Permanency Outcome.** Before making its findings pursuant to paragraph (D)(2)(c), the court shall ask the child about the child's desired permanency outcome.

c) **Court's APPLA Findings.** After making all the findings of paragraph (D)(1) and before assigning the permanency goal of APPLA, at each subsequent permanency hearing, based upon the considerations and inquiry provided in paragraph (D)(2)(a) & (b) and any other evidence deemed appropriate by the court, the court shall state in open court on the record the following:

i) reasons why APPLA continues to be the best permanency plan for the child; and

ii) compelling reasons why it continues not to be in the best interests of the child to:

A) return home;

B) be placed for adoption;

C) be placed with a legal guardian; and

D) be placed with a fit and willing relative.

[2] 3) **Additional findings for fifteen of last twenty-two months.** If the child has been in placement for fifteen of the last twenty-two months, the court may direct the county agency to file a petition to terminate parental rights.

Comment

See 42 Pa.C.S. §§ 6341, 6351.

Permanency planning is a concept whereby children are not relegated to the limbo of spending their childhood in foster homes, but instead, dedicated effort is made by the court and the county agency to rehabilitate and reunite the family in a reasonable time, and failing in this, to free the child for adoption. [*In re M.B.*, 449 Pa. Super. 507, 674 A.2d 702 (1996) quoting *In re Quick*, 384 Pa. Super. 412, 559 A.2d 42 (1989).] *In re M.B.*, 674 A.2d 702, 704 (Pa. Super. Ct. 1996) (quoting *In re Quick*, 559 A.2d 42 (Pa. 1989)).

To the extent practicable, the judge or master who presided over the adjudicatory and original dispositional hearing for a child should preside over the permanency hearing for the same child.

Pursuant to paragraph (A), courts are to conduct a permanency hearing every six months. Courts are strongly encouraged to conduct more frequent permanency hearings, such as every three months, when possible.

The court may schedule a three-month hearing or conference. At the three-month hearing, the court should ensure that: 1) services ordered at the dispositional hearing pursuant to Rule 1512 are put into place by the county agency; 2) the guardian who is the subject of the petition is given access to the services ordered; 3) the guardian is cooperating with the court-ordered services; and 4) a concurrent plan is developed if the primary plan may not be achieved.

A three-month hearing or conference is considered best practice for dependency cases and is highly recommended. The court should not wait until six months has elapsed to determine if the case is progressing. Time to achieve permanency is critical in dependency cases. In order to seek reimbursement under Title IV-E of the Social Security Act, 42 U.S.C. § 601 *et seq.*, a full permanency hearing is to be conducted every six months, **including required findings and conclusions of law on the record pursuant to paragraph (D).**

In addition to the permanency hearing contemplated by this rule, courts may also conduct additional and/or more frequent intermittent review hearings or status conferences that address specific issues based on the circumstances of the case and assist the court in ensuring timely permanency.

Every child should have a concurrent plan, which is a secondary plan to be pursued if the primary permanency plan for the child cannot be achieved. See Comment to Rule 1512. For example, the primary plan may be reunification with the guardian. If the guardian does not substantially comply with the requirements of the court-ordered services, subsidized legal guardianship may be utilized as the concurrent plan. Because of time requirements, the concurrent plan is to be in place so that permanency may be achieved in a timely manner.

Pursuant to paragraph (D)(1)(h), the court is to determine whether the county agency has reasonably satisfied the requirements of Rule 1149 regarding family finding, including the location and engagement of relatives and kin at least every six months, prior to each permanency hearing. If the county agency has failed to meet the diligent family finding efforts requirements of Rule 1149, the court is to utilize its powers to enforce this legislative mandate. See 62 P.S. § 1301 *et seq.* [*See*]; *see also*

Rules 1210(D)(8), 1242(E)(3), 1409(C), 1609(D), and 1611(C) and Comments to Rules 1242, 1408, 1409, 1512, 1514, 1515, 1609, and 1611.

When making its determination for reasonable efforts made by the county agency, the court is to consider family finding. *See also* Rules 1240(B)(6), 1242(C)(2) & (3)(b) & (c) and 1330(B)(6) and Comments to Rules 1242, 1330, 1409, 1515, 1609, and 1611 for reasonable efforts determinations.

See 42 U.S.C. § 675(5)(A)—(I) for development of a transition plan pursuant to paragraph (D)(1)(k).

Pursuant to paragraph (D)(1)(o), the county agency is to testify and enter evidence into the record on how it took sufficient steps to ensure the caregiver is exercising the reasonable and prudent parent standard. For the definition of “caregiver” and the “reasonable and prudent parent standard,” see Rule 1120. Pursuant to paragraph (D)(1)(p), when documenting its steps taken, the county agency is to include how it consulted with the child in an age-appropriate or developmentally-appropriate manner about the opportunities of the child to participate in activities. For the definition of “age-appropriate or developmentally-appropriate,” see Rule 1120. These additions have been made to help dependent children have a sense of normalcy in their lives. These children should be able to participate in extracurricular, enrichment, cultural, and social activities without having to consult caseworkers and ask the court’s permission many days prior to the event. *See also* Preventing Sex Trafficking and Strengthening Families Act (P. L. 113-183), 42 U.S.C. §§ 675 and 675a (2014).

Pursuant to paragraph (D)(2), there are additional considerations, inquiries, and findings when the court conducts a permanency hearing for a child, who is sixteen years of age or older and has a permanency plan of APPLA. APPLA should only be utilized as a permanency plan when all other alternatives have been exhausted. Even after exhaustive efforts have been made, the county agency should identify at least one supportive adult to be involved in the life of the child. Diligent efforts to search for relatives, guardians, adoptive parents, or kin are to be utilized. *See* Rule 1149 on family finding. Independent living services should also be addressed. Under paragraph (D)(2)(a)(i)(B), a fit and willing relative may include adult siblings.

Pursuant to paragraph (D)(2)(b), the court is to engage the child in conversation to ascertain the child’s desired permanency outcome. The conversation is to be between the child and the court, not the guardian *ad litem* answering for the child.

After all the requirements of paragraph (D)(1) and (D)(2)(a) and (b) have been made, the court is to state in open court on the record the specific reasons why APPLA continues to be the best permanency plan for the child and the compelling reasons why it continues not to be in the best interests of the child to return home or be placed for adoption, with a legal guardian, or with a fit and willing relative. *See* paragraph (D)(2)(c). The standards of this rule make choosing the plan of APPLA difficult to ensure that it is the last alternative available for the child. Additionally, this rule requires the court to state its finding in open court on the record. If the court takes a case under

advisement, it is to continue the hearing until it is ready to make these findings. The time requirements of the Rules are to be followed when taking a case under advisement.

Pursuant to paragraph [(D)(2)] (D)(3), a “petition to terminate parental rights” is a term of art used pursuant to 23 Pa.C.S. § 2511 and [Pa.R.O.C.] Pa.O.C. Rule 15.4 to describe the motion terminating parental rights. This does not refer to the “petition” as defined in Pa.R.J.C.P. 1120.

The court is to move expeditiously towards permanency. A goal change motion may be filed at any time.

[In addition to the permanency hearing contemplated by this rule, courts may also conduct additional and/or more frequent intermittent review hearings or status conferences, which address specific issues based on the circumstances of the case, and which assist the court in ensuring timely permanency.]

A President Judge may allow Common Pleas Judges to “wear multiple hats” during a proceeding by conducting a combined hearing on dependency and Orphans’ Court matters. *See* 42 Pa.C.S. § 6351(i); *see also In re Adoption of S.E.G.*, [587 Pa. 568,] 901 A.2d 1017 (Pa. 2006), where involuntary termination occurred prior to a goal change by the county agency.

For family service plan requirements, see 55 Pa. Code §§ 3130.61 and 3130.63.

[See 42 U.S.C. § 675(5)(A)—(H) for development of a transition plan pursuant to paragraph (D)(1)(k).]

See Rule 1136 regarding *ex parte* communications.

Final Report explaining the amendments to Rule 1608 published with the Court’s Order at 45 Pa.B. 7289 (December 26, 2015).

EXPLANATORY REPORT

The Supreme Court of Pennsylvania has adopted the amendments to Rules 1120 and 1608. The amendments are effective January 1, 2016.

Rule discussion

On September 29, 2014, the Preventing Sex Trafficking and Strengthening Families Act (PSTSFA) (P. L. 113-183) was passed. In order to receive federal Title IV-E payments for foster care and adoption assistance, states had to comply with the requirements of the PSTSFA by September 29, 2015. Pennsylvania was granted an extension to January 1, 2016 to comply with the PSTSFA.

Rule 1120

Three new definitions, “age-appropriate or developmentally-appropriate,” “caregiver,” and “reasonable and prudent parent standard” have been added to Rule 1120. These terms are utilized in Rule 1608 as a component of strengthening families in the dependency system.

Rule 1608

Independent living services are now offered to dependent children who are fourteen years of age or older and the phrase “transition to independent living” is now coined “transition to a successful adulthood.”

At each permanency hearing, the court must make specific findings. Two new findings were added to paragraph (D)(1)(o) & (p). The court must make a finding whether the county agency is taking sufficient steps to ensure: 1) the caregiver is exercising the reasonable and prudent parent standard; and 2) the child has been provided regular opportunities to engage in age-appropriate or developmentally-appropriate activities.

A new paragraph (D)(2) has been added to address another planned permanent living arrangement (APPLA). This section has been broken down into three areas: additional considerations, inquiry, and findings concerning APPLA. Under additional considerations, the court must entertain evidence from the county agency concerning the intensive, ongoing, and unsuccessful efforts made

to return the child home or secure a placement for the child with a fit and willing relative, a legal guardian, or an adoptive parent. The court must engage in family finding and exhaust all other permanency plans before selecting APPLA. APPLA is to only be utilized as a last resort. Once APPLA is chosen, the county agency is to identify at least one supportive adult with whom the child has significant connections, support and formalize the connection with the supportive adult, and offer services to maintain the connection between the supportive adult and the child. Finally, APPLA is to provide the child with stability. *See* paragraph (D)(2)(a).

Next, under its inquiry pursuant to paragraph (D)(2)(b), the court must engage in a conversation with the child to determine the child’s desired permanency outcome. The child is to speak with the judge rather than having the guardian *ad litem* speak on her or his behalf.

Then, the court must make specific findings pursuant to paragraph (D)(2)(c), including the reasons why APPLA is the best permanency plan for the child and the compelling reasons why it continues to not to be in the best interests of the child to return home or be placed for adoption or with a legal guardian or with a fit and willing relative.

Rule 2039(a)*. Minor's Compromise.

No personal injury action in which a minor has an interest shall be settled without court approval.

1. Contents of Petition, Exhibits, and Proposed Decrees:

(A) *Petition*. A petition for approval of settlement shall set forth:

(1) The date of birth, social security number, and address of the minor plaintiff, the name and address of the minor's parent(s) or guardian(s);

(2) The facts out of which the cause of action arose;

(3) The elements and items of damages sustained;

(4) A list of all expenses incurred or to be incurred, whether or not they have been paid, by whom payment was made, and arrangements for payment of unpaid bills;

(5) Any limits on the financial responsibility of the defendant(s);

(6) A statement as to whether or not a lien or claim has been raised on behalf of any health care supplier, medical supplier, health insurer, worker's compensation carrier or government entity, including the Department of Public Welfare;

(7) The fees of counsel, which shall not exceed 25% of the present value of a structured settlement, or 25% of the gross recovery of any other settlement, unless counsel has rendered extraordinary services;

(8) The present status of the minor's health and injuries; and

(9) Any other circumstances relevant to the propriety of granting the petition.

(B) *Exhibits*. The petition shall also contain the following exhibits:

(1) A written report from attending health care providers stating the extent of the injury, the treatment given and the prognosis for the injured minor, except that in cases where the gross settlement does not exceed \$5,000.00, or in other cases where the Court is satisfied that the treating physician's office notes and/or records set forth adequately the injury, the treatment given and the prognosis, such notes and/or records may be provided in lieu of a written report;

(2) The written consent of the minor, if (s)he is sixteen (16) years of age or older; and

(3) Copies of counsel's time sheets and other supporting documentation showing the nature and extent of services rendered, if counsel is claiming fees in excess of 25%.

(C) *Decreets.* If the gross settlement exceeds [\$2,500.00] \$10,000.00, counsel shall submit both a preliminary decree setting a hearing date and a proposed final decree setting forth the proposed distribution of the settlement proceeds. If the gross settlement is [\$2,500.00] \$10,000.00 or less, counsel need submit only the proposed final decree.

2. *Filing of Petition.* In any action where a civil suit has been initiated by writ of summons or complaint, the petition shall be filed with the Prothonotary under the caption of the civil suit. No motions court cover sheet is required. In any action where no civil suit has been initiated, the petition shall be filed with the Clerk of the Orphans' Court under the caption "ABC, a minor."

3. *Hearing.* All petitions for gross settlements in excess of [\$2,500.00] \$10,000.00 shall be set for hearing before a Judge of the Orphans' Court. The minor's presence is required at the hearing, unless (s)he is excused by the Court for cause shown. Petitions for settlements of [\$2,500.00] \$10,000.00 or less may be approved without hearing, unless the Judge assigned to the matter, in his or her discretion, determines that a hearing is necessary.

4. *Affidavit of Deposit.* When a compromise settlement is approved by the Court, an Affidavit of Deposit of Minor's Funds shall be filed with the division of the Court where the petition was filed within 30 days of the date of the order approving the settlement. The Affidavit shall be substantially in the following form:

DEPARTMENT OF EDUCATION

Annual Certification under Section 7201-B(e) of the Tax Reform Code

December 14, 2015

William R. Hite, Jr., Ed.D.
Superintendent
School District of Philadelphia
440 North Broad Street, Suite 301
Philadelphia, PA 19130

I am writing pursuant to Section 7201-B(e) of the Tax Reform Code, Act 52 of 2013, 72 P. S. § 7201-B(e), which provides that a city of the first class may impose a one percent sales and use tax that may be used by a school district of the first class in an amount up to \$120,000,000. Effective July 1, 2014, the City of Philadelphia has imposed this additional sales and use tax. However, the use of these funds by the School District of Philadelphia ("District") must be authorized by the Secretary of Education.

Pursuant to Section 7201-B(e)(1), as Secretary of Education, I must consider whether "the school district . . . began implementation of reforms that provide for [the District's] fiscal stability, educational improvement and operational control." In my judgment, the District has begun implementation of such reforms in all three areas described in the statute.

According to the District, it is implementing new programs and initiatives to increase the range and quality of educational options available to students, including:

- Releasing in March 2015 the School District of Philadelphia Action Plan 3.0, a strategic plan to transform schools and improve student achievement;
- Redesigning the work of the senior leadership team to become more responsive to schools;
- Placing early literacy specialists in 39 elementary schools with low 3rd grade PSSA readings scores, and providing intensive literacy training for 60 principals;
- Purchasing an online literacy assessment for K-5 teachers to identify students struggling with foundational literacy skills, with baseline administration citywide in Spring 2015;
- Implementing "Naviance," an online college and career planning platform for every middle and high school, which is supported by local philanthropy;

- Constructing a new dental assistant lab at Kensington Health Sciences and an Advanced Manufacturing Center at Ben Franklin High School to prepare students for job readiness and providing 1,800 students district-wide with career and technical education credentials and 3,500 certifications;

- Placing 57 school-based bilingual counseling assistants in schools throughout the District that have a large English Language Learners population;

- Increasing acceptance into high-performing schools and increasing the number of students participating in the school selection process by automating the process and aligning the budget calendar;

- Achieving over 13,000 users visiting the new suite of standards-aligned curriculum tools;

- Establishing 32 additional school advisory councils throughout the learning networks;

- Implementing a coordinated effort so that all District schools and 75 percent of charter schools are on the same school performance measure report;

- Continuing programs that were implemented in the prior year, including reissuing a school redesign initiative and executing an intense series of decisions around school performance and providing access to high quality education through the District's system of great schools process.

The District has also reported that additional steps have been taken to improve operational controls and to create fiscal stability, including:

- Ending the 2014-15 fiscal year with a positive fund balance and having a clean audit with no material findings;

- Implementing a massive debt refinancing that saved millions of dollars spread across fiscal years to contribute to long-term fiscal stability;

- Conducting eight community budget meetings to provide information about the District's 2015-16 school year budget requests;

- Receiving \$10 million in additional private philanthropic dollars to provide additional teacher training/coaching and purchase supplemental instructional materials in literacy for all K-3 teachers over the next three years;

- Negotiating a new contract with the food service workers and school climate staff union that will generate over \$5 million in savings;
- Increasing the number of positive behavior and intervention schools from 16 to 24 through a \$3.5 million federal grant;
- Participating as “one of the firsts” in the community eligibility program through USDA, which allows the District to provide free daily breakfast and lunch meals to every student;
- Working with a new Inspector General to promote the value of integrity and ethical, responsible execution of public service;
- Continuing the practice of posting all of the District’s budget information online;

- Undertaking other reforms to reduce costs and increase efficiency, including improvements to the procurement process and contract management.

As a result of the foregoing reforms documented by the District, I hereby certify that the requisites of Section 7201-B(e) of the Tax Reform Code have been satisfied. I authorize the Pennsylvania Department of Revenue to disburse to the District, on or before the tenth day of every month, the total amount of money contained in the Local Sales and Use Tax Fund as of the last day of the previous month up to a maximum of \$120,000,000 pursuant to section 7201-B(e)(2) of the Tax Reform Code.

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

Additionally, this project also requires the installation of the necessary piping to and from an existing cooling tower and the existing boilers at this facility in Marcus Hook Borough, **Delaware County**. The plan approval is for a Title V facility. The project does not trigger applicability toward the federal PSD program. This project, in aggregation with previous projects, triggers applicability toward the Department's NSR for NO_x and VOC emissions and requires Emission Reduction Credits (ERCs). Potential annual emissions from this project will be fugitive and are as follows: VOC—18.2 tons, NO_x—0.3 ton, CO—1.2 ton, SO₂—0.002 ton, GHG—556 tons, PM—0.9 ton, PM₁₀—0.8 ton, and PM_{2.5}—0.2 ton. Prior to startup of these sources, ERCs are required for this project in the amount of 32.8 tons of NO_x and 56.1 tons of VOCs. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

65-00990E: Tenaska Pennsylvania Partners, LLC (14302 FNB Parkway, Omaha, NE 68154) Notice is hereby given in accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (Department) intends to issue Plan Approval No. 65-00990E to Tenaska Pennsylvania Partners, LLC (Tenaska) to revise the startup and shutdown emissions from the combined cycle combustion turbines at the proposed Westmoreland Generating Station in South Huntingdon Township, **Westmoreland County** originally authorized under PA-65-00990C.

The proposed revision to the startup and shutdown emissions will result in a reduction of 62.57 tons of nitrogen oxides (NO_x), 1,652.17 tons of carbon monoxide (CO), 1,028.59 tons of volatile organic compounds (VOC), and 101,858 tons of carbon dioxide equivalents (CO₂e) per year. The proposed revision to the startup and shutdown emissions will not result in the increase of emissions of any pollutant. Resulting potential to emit from the facility will be limited by plan approval conditions to 310.43 tons of NO_x, 657.83 tons of CO, 23.00 tons of sulfur oxides (SO_x), 222.41 tons of VOCs, 22.07 tons of total hazardous air pollutants (HAPs), 96.00 tons of particulate matter (filterable and condensable), 92.00 tons of particulate

matter with an aerodynamic diameter less than 10 microns (filterable and condensable), 89.00 tons of particulate matter with an aerodynamic diameter less than 2.5 microns (filterable and condensable), 15.20 tons of sulfuric acid mist (H₂SO₄), 194.00 tons of ammonia (NH₃), and 3,725,716 tons of CO₂e per year.

Tenaska's plan approval application, the Department's review memorandum, the proposed plan approval, and other relevant information are available for review by any interested party at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To request a review, please contact Phil Bouse at 412.442.4000.

A person may oppose the proposed plan approval by filing a written protest with the Department through Alexander Sandy, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222; asandy@pa.gov; or fax 412.442.4194. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval (PA-65-00990E), and concise statement of the objections to the plan approval issuance and the relevant facts upon which the objections are based. All comments must be received prior to the close of business 30 days after the date of this publication.

The Department will hold a public hearing on Tuesday, January 26, 2016, from 7:00-8:00 p.m. at Turkeytown South Huntingdon Township Volunteer Fire Department, 90 Supervisor Drive, West Newton, PA 15089, to take oral testimony regarding this Air Quality Plan Approval application. There will be public meeting immediately preceding the public hearing from 6:00-7:00 p.m. Notice of this hearing is separately published within this *Pennsylvania Bulletin*.

23-0119E: Sunoco Partners Marketing & Terminals, L.P. (SPMT) (2nd and Green Streets, Marcus Hook, PA 19061-0426). Notice is hereby given pursuant to 25 Pa. Code §§ 127.44, 127.45 and 127.48 that the Pennsylvania Department of Environmental Protection (Department) will hold a public hearing on Thursday, January 28, 2016, at the Marcus Hook Community Center (7 W Delaware Avenue, Marcus Hook, PA 19061) from 6-8 pm).

The public hearing will be held to receive oral and written testimony regarding the Department's intent to issue Air Quality Plan Approval, No. 23-0119E to SPMT for the modification and operation of three (3) distillation towers (one debutanizer and two depropanizers) for the processing of natural gas liquids and pipeline transmix at an existing Title V facility located in Marcus Hook Borough, **Delaware County**. Persons wishing to present testimony at the hearing should contact Community Relations Coordinator Virginia Cain at 484.250.5808 before 3:00 p.m. on January 28, 2016. Individuals who do not register may also present testimony the day of the hearing. Organizations are encouraged to designate one witness to present testimony on behalf of the organization. A stenographer will be present to record the testimony. The hearing will adjourn when all the testimony has been gathered.

Persons unable to attend the hearing may submit three copies of a written statement and exhibits within ten (10) days thereafter to the Pennsylvania Department of Environmental Protection, Air Quality Program, 2 East Main Street, Norristown, PA 19401. Deadline for submittal will be February 8, 2016. Written submittals must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval (23-0119E), and a concise statement of the objections to the Plan Approval or issuance and the relevant facts upon which the objections are based.

Individuals in need of an accommodation as provided for in the Americans with Disabilities Act of 1990 should contact Virginia Cain at 484.250.5808 or the Pennsylvania AT&T Relay Service at 1.800.654.5984 (TDD) to discuss how DEP may accommodate your needs.

The Air Quality Plan Approval application and draft Plan Approval are available for review at the Marcus Hook (Mary M. Campbell) Public Library, 1015 Green Street, Marcus Hook, PA 19061, Telephone No. 610.485.6519 or by appointment at the Department's Southwest Regional Office, 2 East Main Street, PA 19401, Telephone No. 484.250.5920.

65-00990E: Tenaska Pennsylvania Partners, LLC (14302 FNB Parkway, Omaha, NE 68154) Notice is hereby given pursuant to 25 Pa. Code § 127.48 that the Pennsylvania Department of Environmental Protection (Department) will hold a public hearing on Tuesday January 26, 2016, from 7:00-8:00 p.m. at Turkeytown South Huntingdon Township Volunteer Fire Department, 90 Supervisor Drive, West Newton, PA 15089. There will be public meeting immediately preceding the public hearing from 6:00-7:00 p.m.

The hearing is to take testimony concerning the Department's intent to issue Plan Approval No. 65-00990E to reduce the startup and shutdown emissions and facility-wide potential to emit for the proposed Tenaska Pennsylvania Partners, LLC (Tenaska) 930—1,065 MWs combined cycle natural gas-fired electric generating facility known as the Westmoreland Generating Station in South Huntingdon Township, **Westmoreland County**, originally authorized under PA-65-00990C. The DEP published a separate notice of intent to issue this plan approval in the *Pennsylvania Bulletin* to allow for public comment regarding this proposal.

In accordance with 25 Pa. Code §§ 127.48 and 127.49, the Department will accept and record testimony concerning Tenaska's application to reduce startup and shutdown emissions. Persons wishing to present testimony at the hearing should contact Community Relations Coordinator John Poister at 412.442.4203 before noon on January 26, 2016, to register. Individuals who do not register may also present testimony the day of the hearing. Organizations are encouraged to designate one witness to present testimony on behalf of the organization. Persons unable to attend the hearing may submit three copies of a written statement and exhibits within 10 days thereafter to the Pennsylvania Department of Environmental Protection, Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA, 15222; email to asandy@pa.gov; or fax to 412.442.4194. Written submittals must contain the following: name, address and telephone number of the person submitting the comments; identification of the proposed

Plan Approval (PA-65-00990E); and a concise statement of the objections to the plan approval issuance and the relevant facts upon which the objections are based.

Individuals in need of an accommodation as provided for in the Americans with Disabilities Act of 1990 should contact John Poister or the Pennsylvania AT&T Relay Service at 1.800.654.5984 (TDD) to discuss how the Department may accommodate your needs.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790

Contact: Raymond Kempa, New Source Review Chief—Telephone: 570-826-2507

40-00003: Hershey Co. (6 Scotch Pine Drive, Hazle Township, PA 18202) for the operation of a chocolate and cocoa products manufacturing facility in Hazle Township, **Luzerne County**. The sources at the facility consist of four (4) boilers, processing lines, ovens and an anaerobic reactor. The emissions from the sources are controlled by cartridge filters, fabric filters, scrubbers and a flare. This is a renewal of a Title V Operating Permit. The Title V operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701

Contact: Muhammad Q. Zaman, Environmental Program Manager—Telephone: 570-327-3648

14-00002: Graymont (PA), Inc. (965 E. College Avenue, Pleasant Gap, PA 16823) for renewal of the Title V Operating Permit (TVOP) for their Pleasant Gap, Con-Lime and Bellefonte facility located in Benner and Spring Townships, **Centre County**. The representative of Graymont (PA), Inc. facility to contact regarding the renewed TVOP is Mr. John Maitland, Eastern US EHS Manager, 194 Match Factory Place, Bellefonte, PA 16823.

The facility's sources covered in the renewed TVOP include, but not limited to, two (2), coal/petroleum coke-fired rotary lime kilns that were authorized under Plan Approval 14-00002A. The limestone, lime and fuel processing, handling and storage sources which operate as ancillary equipment for the lime kiln processes are covered in the renewed TVOP. The applicable requirements in the renewed TVOP have been derived from 40 CFR Parts 60, 63 and 64 as well as 25 Pa. Code Chapters 121—145. The facility has the potential to emit of major quantities of sulfur oxide, particulate matter (TSP), PM₁₀, PM_{2.5}, carbon monoxide, nitrogen oxide and greenhouse gas emissions. The facility is defined as a major source of hazardous air pollutants. The facility took a restriction to limit the combined volatile organic compound emissions from all sources below the 50 tons per year major quantity threshold. The air contaminant emissions from the facility's 2013 Air Information Management System (AIMS) report are as follows; 561 tpy of carbon monoxide, 748 tpy of nitrogen oxides, 31 tpy of PM₁₀, 12 tpy of PM_{2.5}, 207 tpy of sulfur oxides, 5 tpy of volatile organic compounds, and 3.4 tpy of hydrogen chloride.

The renewal TVOP includes the applicable National Emission Standards for Hazardous Air Pollutants (NESHAP) requirements from 40 CFR Part 63 and the

applicable Standards of Performance for New Sources (NSPS) requirements from 40 CFR Part 60. The applicable NESHAP and NSPS requirements pertain to the lime manufacturing processes (the two lime kilns and associated process stone handling operations), stationary emergency and non-emergency engines, and fuel and limestone handling sources. The Compliance Assurance Monitoring (CAM) of 40 CFR Part 64 has also been included in the renewal TVOP.

The terms and conditions of Plan Approvals 14-00002O and 14-00002Q were included in the renewal TVOP. Additionally, Plan Approvals 14-00002N and 14-00002P have been included in the proposed renewal TVOP by reference, and the terms and conditions from those authorizations will be included into the facility's TVOP at a later date after the evaluation of compliance is completed. The proposed renewal TVOP also incorporates terms and conditions contained in previously issued Plan Approval 14-00002L. The proposed renewal TVOP authorizes the operation of the mine optimization system and the fabric collectors to control the air contaminant emissions from the sources associated with the mine optimization system. Graymont (PA), Inc. has demonstrated compliance with all applicable air quality regulatory requirements pertaining to the operation of these sources authorized by the previously issued plan approval. Based on these findings, the Department intends to incorporate the mine optimization sources, in order to authorize the continued operation of the system. The proposed renewal TVOP contains all applicable Federal and State air quality regulatory requirements including testing, monitoring, recordkeeping, and reporting conditions that ensure compliance with the applicable requirements.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570.327.0550.

Contact: Tom Joseph, Permitting Chief—Telephone: 412-442-5226

26-00405: Dominion Transmission, Inc. (500 Dominion Boulevard, Glen Allen, VA 23060). In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department of Environmental Protection (Department) is providing notice that it intends to issue a renewal Title V Operating Permit (TV-26-00405) to Dominion Transmission, Inc. for the operation of their North Summit Compressor Station located in North Union Township, **Fayette County**.

The main sources of emissions at the facility include two 3,200 bhp stationary reciprocating internal combustion compressor engines, one 668 bhp stationary reciprocating internal combustion engine driving an emergency electric generator, two 25.0 mmbtu/hr heaters, one natural gas dehydration heater unit with two 5.25 mmbtu/hr burners, and one 3.57 mmbtu/hr boiler. All emission sources are natural gas fired.

The North Summit Compressor Station is a major facility subject to the operating permit requirements of Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permit requirements). Actual emissions from the facility for 2014 were reported as follows: 13.51 tons per year of carbon

monoxide (CO), 21.38 tons per year of nitrogen oxides (NO_x), 1.85 ton per year of particulate matter less than 10-microns (PM₁₀), 1.85 ton per year of particulate matter less than 2.5-microns (PM_{2.5}), 0.05 ton per year of sulfur oxides (SO_x), 7.15 tons per year of volatile organic compounds (VOC), 1.71 ton per year of Hazardous Air Pollutants (HAP), and 6,787 tons per year of greenhouse gases (GHGs).

The emission restrictions and testing, monitoring, recordkeeping, reporting and work practice conditions of the TVOP have been derived from the applicable requirements of 40 CFR Parts 52, 60, 61, 63, and 70, and 25 Pa. Code Chapters 121—145.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Appointments for scheduling a review must be made by calling 412.442.4000.

Any person may submit comments, a request for the Department to hold a public hearing, or a protest to the operating permit or a proposed condition thereof, by filing such submissions in writing with the Department at the Southwest Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments.

All requests for a public hearing, and all protests to a proposed action, shall be filed with the Department within 30 days of the date that notice of the proposed action was published under 25 Pa. Code § 127.424 (relating to public notice). A protest must include the name, address and telephone number of the person filing the protest, identification of the proposed permit issuance being opposed (Title V Operating Permit 26-00405) and a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based.

A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The applicant, the protestant and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

Written comments, protests, and requests for a public hearing should be directed to Nicholas J. Waryanka, Air Quality Engineer, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. For additional information concerning the permit or the issuance procedure, contact Nicholas J. Waryanka at 412.442.4172.

56-00257: Pennsylvania Department of Corrections (5706 Glades Pike, Somerset, PA 15501) In accordance with 25 Pa. Code §§ 127.441, 127.425 and 127.521, the Department is providing notice that they intend to issue a Title V Operating Permit for the continued operation of a prison power house, known as SCI Laurel Highlands, located in Somerset Township, **Somerset County**.

The facility is a landfill gas and natural gas-fired electrical power and steam generating plant. The main

sources at this facility are one (1), 44.4 MMBtu/hr, Solar Centaur Landfill Gas Turbine driving an electrical generator, two (2), 2,233-bhp, SI, Caterpillar Landfill Gas-fueled, Generator Engines, and one (1), 20.3 MMBtu/hr, Dual Fuel (LFG & NG) Boiler. Siloxanes in the landfill gas are controlled by a purge gas system. Supporting equipment at this site includes one siloxane removal system with purge gas and an enclosed flare, two, 9.85 MMBtu/hr, Miura, NG-fired boilers, one, 27.7 MMBtu/hr, trailer mounted boiler, and three, 2,235-bhp, 2,235-bhp, and 268-bhp, emergency, diesel driven, emergency generator engines.

Actual facility emissions during 2014 were: 93 tons of CO, 22 tons of NO_x, 20 tons of VOC, 10 tons of SO₂, 5 tons of PM₁₀, 5 tons of PM_{2.5}, 41,226 tons of CO_{2e}, and 9.0 tons of the sum of all HAPs, including 7.6 tons of formaldehyde. Sources at the facility are subject to 40 CFR Part 60, Subpart Dc—Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units, Subpart JJJJ—Standards of Performance for Stationary Spark Ignition Internal Combustion Engines, Subpart KKKK—Standards of Performance for Stationary Combustion Turbines and 40 CFR, Part 63, Subpart ZZZZ—National Emission Standards for Hazardous Pollutants for Stationary Reciprocating Internal Combustion Engines and Subpart JJJJJJ (National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers at Area Sources, and 25 Pa. Code Chapters 121—145. No equipment or emission changes are being approved by this action. The permit includes emission limitations and operational, monitoring, testing, recordkeeping, work practice, and reporting requirements for the facility.

The Pennsylvania Department of Corrections' State Only Operating Permit renewal application, the Department's Air Quality Review Memorandum, and the proposed Air Quality State Only Operating Permit for this project are available for review by any interested party at the Pennsylvania Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To request a review of the State Only Operating Permit renewal application, to receive an electronic copy of the Department's Air Quality Review Memorandum, or to receive an electronic copy of the Department's proposed Air Quality State Only Operating Permit for this project, a person may contact Phil Bouse at pbouse@pa.gov or 412.442.4000.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of this Title V Operating Permit may submit the information to Martin L. Hochhauser, P.E., Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (specify Operating Permit TV OP-56-00257) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

All comments must be received prior to the close of business 30 days after the date of this publication. In accordance with 25 Pa. Code § 127.428, prior to issuing an operating permit, the Department may hold a fact-finding conference or hearing at which the petitioner, and a person who has properly filed a protest under § 127.426 (relating to filing protests) may appear and give testimony. The Department is not required to hold a conference or hearing. The applicant, the protestant and other

participants will be notified of the time, place and purpose of a conference or hearing, in writing or by publication in a newspaper or the *Pennsylvania Bulletin*, unless the Department determines that notification by telephone will be sufficient.

20-00194: Lord Corporation (601 South Street, Saegertown, PA 16433) for the re-issuance of a Title V Permit to operate an adhesive and coating manufacturing facility in Saegertown Borough, **Crawford County**. The facility's primary emission sources include material preparation, milling, grinding, mixing, and miscellaneous natural gas usage. The facility is a major facility due to its potential to emit HAPs and VOCs.

This facility continues to be subject to the requirements of 40 CFR 63, Subpart FFFF—National Emission Standards for Hazardous Air Pollutant Emissions: Miscellaneous Organic Chemical Manufacturing.

The two (2) Boilers at this facility are subject to the recently promulgated requirements of 40 CFR 63—Subpart DDDDD—National Emission Standards for Major Sources: Industrial, Commercial, and Institutional Boilers and Process Heaters.

The Emergency Fire Water Pump and one of the three Emergency Power Generators at this facility is now subject to the requirements of 40 CFR 63—Subpart ZZZZ—National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.

Two of the Emergency Power Generators at this facility were manufactured after July 1, 2008, and are subject to Subpart JJJJ—Standards of Performance for Stationary Spark Ignition Internal Combustion Engines.

The most current versions of the above listed federal requirements have been incorporated into the operating permit.

The potential emissions from this facility are as follows (all values are in tons/year): PM₁₀ = 0.2, PM_{2.5} = 0.2, SO_x = 0.05, NO_x = 8.5, CO = 7.2, CO_{2e} = 10,250, VOC = 160.0, and Total HAPs = 115.00

The initial permit was issued on January 20, 2005, for operation of their soil remediation operations in Falls Township, **Bucks County**. This permit renewal also incorporates Plan Approval No. 09-0102E, which was issued for two (2) portable diesel-powered screens (Source IDs 106 and 107). Sources at the facility include a Primary Treatment Unit (Source ID 101), Storage Building & Piles (Source ID 103), two diesel powered screens (Source IDs 106 and 107), and a Pugmill Mixer (Source ID 109). VOC emissions are reduced by an Afterburner (Source ID C02). Emissions of PM are con-

trolled by a 36-cone Multi-cone Cyclone (Source ID C05) and a Baghouse (Source ID C03). There are no emission increases being authorized under the State Only Operating Permit renewal. The following are potential site-wide emissions: NO_x—22.66 TPY; SO_x—34.38 TPY; PM—11.75 TPY; CO—15.47 TPY; VOC—10.72 TPY; and HAP—7.95 TPY. The facility contains air contamination sources consisting of five (5) boilers. These boilers (Boilers #1—#5, Source IDs 031—035, 45.0 MMBtu/hr, 45.0 MMBtu/hr, 18.0 MMBtu/hr, 4.18 MMBtu/hr, and 4.18 MMBtu/hr) are natural gas-fired with distillate oil backup. The facility also contains two, 745-bhp, compression ignition, diesel, emergency generator engines. Facility emissions are 42.7 tons of CO, 14.0 tons of NO_x, 4.6 tons of PM₁₀, 4.6 tons of PM_{2.5}, 3.0 tons of SO₂, 3.0 tons of VOC, 0.9 ton of all HAPs combined, and 61,944 tons of CO_{2e} per year. The facility is limited to a maximum opacity from any equipment of 20 percent. The facility is subject to the applicable requirements of 25 Pa. Code Chapters 121—145 and the applicable requirements of 40 CFR, Part 60, Subpart Dc (Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units.) and Part 63, Subpart ZZZZ (National Emission Standards for Hazardous Pollutants for Stationary Reciprocating Internal Combustion Engines) and Subpart JJJJJJ (National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources). The permit includes emission limitations, and operational, monitoring, reporting, and recordkeeping requirements for the facility.

The Pennsylvania Department of Corrections' State Only Operating Permit renewal application, the Department's Air Quality Review Memorandum, and the proposed Air Quality State Only Operating Permit for this project are available for review by any interested party at the Pennsylvania Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To request a review of the State Only Operating Permit renewal application, to receive an electronic copy of the Department's Air Quality Review Memorandum, or to receive an electronic copy of the Department's proposed Air Quality State Only Operating Permit for this project, a person may contact Phil Bouse at pbouse@pa.gov or 412.442.4000.

Any person may submit comments, requests for the Department to hold a public hearing, or protests to the operating permit or a proposed condition thereof, by filing such submissions in writing to the Department at the Southwest Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments.

All comments, requests for a public hearing, and protests to a proposed action, shall be filed with the Department within 30 days of the date that notice of the proposed action was published under 25 Pa. Code § 127.424 (relating to public notice). Comments, requests for a public hearing, and protests must include the name, address and telephone number of the person filing the

protest, identification of the proposed permit issuance being opposed (State Only Operating Permit 30-00097) and a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based.

A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The applicant, the protestant and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

Comments, protests and requests for a public hearing should be directed to Martin L. Hochhauser, P.E., Air Quality Engineering Specialist, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222, mhochhause@pa.gov, Fax 412.442.4194.

56-00244: Pennsylvania Department of Corrections (1920 Technology Parkway, Mechanicsburg, PA 17050) for a facility-wide Natural Minor Operating Permit renewal for the operation of a boiler house at a prison facility, known as SCI Somerset, located in Brothersvalley Township, **Somerset County**. The facility contains air contamination sources consisting of seven (7) boilers. Five of the boilers (Boilers #1—#5, Source IDs 031—035, 33.5 MMBtu/hr, 33.5 MMBtu/hr, 13.4 MMBtu/hr, 8.4 MMBtu/hr, and 8.4 MMBtu/hr) are natural gas-fired with distillate oil backup. The sixth and seventh boilers (Boiler #6 and #7, Source IDs 036 and 037, 4.2 MMBtu/hr and 10.043 MMBtu/hr) are only fired by natural gas. The facility also contains two, 909-bhp, compression ignition, diesel, emergency generator engines. Facility emissions are 41.8 tons of CO, 15.1 tons of NO_x, 4.4 tons of PM₁₀, 4.4 tons of PM_{2.5}, 3.1 tons of SO₂, 2.9 tons of VOC, 0.9 ton of all HAPs combined, and 65,613 tons of CO_{2e} per year. The facility is limited to a maximum opacity from any equipment of 20 percent. The facility is subject to the applicable requirements of 25 Pa. Code Chapters 121—145 and the applicable requirements of 40 CFR, Part 60, Subpart Dc (Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units) and Part 63, Subpart ZZZZ (National Emission Standards for Hazardous Pollutants for Stationary Reciprocating Internal Combustion Engines) and Subpart JJJJJJ (National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources). The permit includes emission limitations, and operational, monitoring, reporting, and recordkeeping requirements for the facility.

The Pennsylvania Department of Corrections' State Only Operating Permit renewal application, the Department's Air Quality Review Memorandum, and the proposed Air Quality State Only Operating Permit for this project are available for review by any interested party at the Pennsylvania Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To request a review of the State Only Operating Permit renewal application, to receive an electronic copy of the Department's Air Quality Review Memorandum, or to receive an electronic copy of the Department's proposed Air Quality State Only Operating Permit for this project, a person may contact Phil Bouse at pbouse@pa.gov or 412.442.4000.

Any person may submit comments, requests for the Department to hold a public hearing, or protests to the operating permit or a proposed condition thereof, by filing such submissions in writing to the Department at the Southwest Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments.

All comments, requests for a public hearing, and protests to a proposed action, shall be filed with the Department within 30 days of the date that notice of the proposed action was published under 25 Pa. Code § 127.424 (relating to public notice). Comments, requests for a public hearing, and protests must include the name, address and telephone number of the person filing the protest, identification of the proposed permit issuance being opposed (State Only Operating Permit 56-00244) and a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based.

A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The applicant, the protestant and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

Comments, protests and requests for a public hearing should be directed to Martin L. Hochhauser, P.E., Air Quality Engineering Specialist, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. (mhochhause@pa.gov, Fax 412.442.4194)

11-00052: Pennsylvania Department of Labor & Industry (727 Goucher Street, PA 15905), for a facility-wide Natural Minor Operating Permit renewal for the operation of a boiler house at a vocational rehabilitation facility, known as the Hiram G. Andrews Center, located in Upper Yoder Township, **Cambria County**. The facility contains air contamination sources consisting of two, 25.2 MMBtu/hr, natural gas-fired boilers, with fuel oil backup and four, emergency generator engines, three propane-fired (225-bhp, 225-bhp, and 120-bhp) and one diesel (225-bhp). Facility emissions are 66.1 tons of CO, 14.3 tons of NO_x, 2.0 tons of PM₁₀, 2.0 tons of PM_{2.5}, and 1.4 ton of VOC, 0.8 ton of SO₂, 0.5 ton of all HAPs combined, and 27,111 tons of CO_{2e} per year. The facility is limited to a maximum opacity from any equipment of 20 percent. The facility is subject to the applicable requirements of 25 Pa. Code Chapters 121–145 and the applicable requirements of 40 CFR, Part 60, Subpart Dc (Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units) and Part 63, Subpart ZZZZ (National Emission Standards for Hazardous Pollutants for Stationary Reciprocating Internal Combustion Engines) and Subpart JJJJJJ (National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources). COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Con-

trol Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Coal Applications Denied

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

Permit No. 56090108 and NPDES No. PA0262803. Hoffman Mining, Inc., P. O. Box 130, 118 Runway Road, Friedens, PA 15541, renewal for the continued operation and restoration of a bituminous surface mine in Shade Township, **Somerset County**, affecting 185 acres. Receiving streams: unnamed tributaries to/and Dark Shade Creek classified for the following use: cold water fishes. There are no potable water supply intakes within 10 miles downstream. Application received: May 18, 2015. Permit denied: December 4, 2015.

Coal Applications Received

California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100

11141301 (formerly 11031701) and NPDES No. PA0235601. ArcelorMittal Pristine Resources, LLC, (129 Bethlehem Road, PO Box 36, Revloc, PA 15948). To

renew the permit for the Mine 31 AMD Plant in Jackson Township, **Cambria County**. No additional discharges. The application was considered administratively complete on December 7, 2015. Application received July 24, 2014.

32733709 and NPDES No. PA0214159. Robindale Energy Services, Inc., (224 Grange Hall Road, PO Box 228, Armagh, PA 15920). To revise the permit for the Dilltown Facility in Brush Valley Township, **Indiana County** and related NPDES permit to expand the coal refuse site and add 3 new NPDES points from the expansion area. Coal Refuse Disposal Support Acres Proposed 96.8, Coal Refuse Disposal Acres Proposed 108.6. Receiving Stream: Unnamed Tributaries of Blacklick Creek, classified for the following use: CWF. Receiving Stream: Blacklick Creek, classified for the following use: TSF. Receiving Stream: Conemaugh River, classified for the following use: WWF. The application was considered administratively complete on December 10, 2015. Application received October 6, 2015.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

Permit No. 32990109 and NPDES No. PA0235148, Bedrock Mines, LP, 111 Freeport Road, Pittsburgh, PA 15215, permit renewal for reclamation only of a bituminous surface and auger mine in Washington Township, **Indiana County** affecting 59.9 acres. Receiving streams: unnamed tributaries to/and Sugarcamp Run classified for the following uses: cold water fishes. There are no potable water supply intakes within 10 miles downstream. Application received: November 23, 2015.

Knox District Mining Office: P. O. Box 669, 310 Best Avenue, Knox, PA 16232-0669, 814-797-1191

16100106. Ancient Sun, Inc. (P. O. Box 129, Shippenville, PA 16254). Renewal of an existing bituminous surface mine in Farmington and Highland Townships, **Clarion County** affecting 22.5 acres. This renewal is issued for reclamation only. Receiving streams: Three

unnamed tributaries to Toby Creek, one unnamed tributary to Weiser Run, and Weiser Run, classified for the following uses: CWF and WWF. There are no potable surface water supply intakes within 10 miles downstream. Application received: December 1, 2015.

New Stanton District Office: 131 Broadview Road, New Stanton, PA 15672, 724-925-5500

32B77SM3 and NPDES Permit No. PA0278203. Concorde Corp. (304 Dents Run Road, Morgantown, WV 26501). Application for NPDES to discharge on a treatment system only bituminous surface mine, known as the Laurita II, located in Dunkard Township, **Greene County**, affecting 37.7 acres. Receiving stream: Dunkard Creek, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Application received: November 30, 2015.

32B76SM10 and NPDES Permit No. PA0278181. Concorde Corp. (304 Dents Run Road, Morgantown, WV 26501). Application for NPDES to discharge on a treatment system only bituminous surface mine, known as the Zavek Mine, located in Jefferson Township, **Greene County**, affecting 35 acres. Receiving stream: Tenmile Creek, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Application received: November 30, 2015.

3274SM23 and NPDES Permit No. PA0278190. Concorde Corp. (304 Dents Run Road, Morgantown, WV 26501). Application for NPDES to discharge on a treatment system only bituminous surface mine, known as the Chocolate Drop, located in Dunkard Township, **Greene County**, affecting 37 acres. Receiving stream: Dunkard Creek, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Application received: November 30, 2015.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse

disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal NPDES Draft Permits

New Stanton District Office: 131 Broadview Road, New Stanton, PA 15672, 724-925-5500

NPDES No. PA0278131 (GFCC No. 65-15-01), David L. Patterson, 12 Shortcut Road, Smithfield, PA 15478, new NPDES permit for a GFCC in Loyalhanna and Bell Townships, **Westmoreland County**, affecting 35.4 acres. Receiving streams: Unnamed Tributaries to Wolford Run classified for the following use(s): WWF. This receiving stream is included in the Kiskiminetas-Conemaugh River Watersheds TMDL. Application received: May 12, 2015.

The treated wastewater outfall(s) listed below discharge to Unnamed Tributaries to Wolford Run:

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>	<i>Type</i>
004	Y	MDT
005	Y	MDT

The proposed effluent limits for the above listed outfall(s) are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>
Iron (mg/l)	1.5	3.0	3.7
Manganese (mg/l)	1.0	2.0	2.5
Aluminum (mg/l)	0.75	0.75	0.75
Total Suspended Solids (mg/l)	35	70	90
pH (S.U.): Must be between 6.0 and 9.0 standard units at all times			
Alkalinity must exceed acidity at all times			

The stormwater outfall(s) listed below discharge to Unnamed Tributaries to Wolford Run:

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>	<i>Type</i>
001	Y	SW
002	Y	SW
003	Y	SW

The proposed effluent limits for the above listed outfall(s) are as follows for precipitation events less than or equal to a 10 year/24 hour storm event:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>
Iron (mg/l)	NA	NA	7.0
Total Suspended Solids (mg/l)	35	70	90
pH (S.U.): Must be between 6.0 and 9.0 standard units at all times			
Alkalinity must exceed acidity at all times			

The proposed effluent limits for the above listed outfall(s) are as follows for dry weather discharges:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>
Iron (mg/l)	1.5	3.0	3.7
Manganese (mg/l)	1.0	2.0	2.5
Aluminum (mg/l)	0.75	0.75	0.75

Noncoal NPDES Draft Permits

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200

NPDES No. PA0256111 (Mining permit no. 14040302) Con-Stone, Inc., P. O. Box 28, Bellefonte, PA 16823. New NPDES permit for Noncoal Surface Mine in Haines Township, **Centre County**, affecting 95.1 acres. Receiving stream(s): Pine Creek, classified for the following use(s): EV. Application received: October 1, 2015.

There are no outfalls directly to streams. Outfalls discharge to groundwater via infiltration.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

4) two 6-inch gas pipelines and a timber mat bridge impacting 54 linear feet of an unnamed tributary to Slacks Run (HQ-CWF) and 1,122 square feet of adjacent palustrine forested (PFO) and palustrine emergent (PEM) wetlands (Bodines, PA Quadrangle 41°26'39"N 76°55'30"W);

5) two 6-inch gas pipelines and a timber mat bridge impacting 17,876 square feet of palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°26'40"N 76°55'12"W);

6) two 6-inch gas pipelines and a timber mat bridge impacting 8,592 square feet of palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°26'43"N 76°55'08"W);

7) two 6-inch gas pipelines and a timber mat bridge impacting 5,509 square feet of palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°26'44"N 76°55'06"W);

8) two 6-inch gas pipelines and a timber mat bridge impacting 1,952 square feet of palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°26'45"N 76°55'06"W);

9) two 6-inch gas pipelines and a timber mat bridge impacting 82 linear feet of an unnamed tributary to Slacks Run (HQ-CWF) and 34,362 square feet of adjacent palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°26'47"N 76°55'03"W);

10) two 6-inch gas pipelines and a timber mat bridge impacting 7,642 square feet of palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°26'53"N 76°54'55"W);

11) two 6-inch gas pipelines and a timber mat bridge impacting 11,232 square feet of palustrine emergent (PEM) wetlands (Bodines, PA Quadrangle 41°26'53"N 76°54'52"W);

12) two 6-inch gas pipelines and a timber mat bridge impacting 88 linear feet of an unnamed tributary to Slacks Run (HQ-CWF) and 8,045 square feet of adjacent palustrine emergent (PEM) wetlands (Bodines, PA Quadrangle 41°26'58"N 76°54'51"W);

13) two 6-inch gas pipelines and a timber mat bridge impacting 1,580 square feet of palustrine emergent (PEM) wetland (Bodines, PA Quadrangle 41°27'00"N 76°54'51"W);

14) two 6-inch gas pipelines and a timber mat bridge impacting 15,191 square feet of palustrine emergent (PEM) wetlands (Bodines, PA Quadrangle 41°27'09"N 76°54'51"W).

The project will result in a total of 2.68 acres of wetland impacts and 224 linear feet of stream impacts all for the purpose of installing natural gas gathering line and access roadway to a natural gas well site for Marcellus well development.

EA24-052, Headwaters Charitable Trust, 109 North Brady Street, DuBois, PA 15801. Bear Creek Acidic Deposition Remediation Site 1: Pine Run Passive Treatment System, in Highland Township, **Elk County**, ACOE Pittsburgh District (Jame City, PA Quadrangle N: 41°, 31', 12"; W: 78°, 52', 18").

Applicant proposes to install a passive treatment system to treat acidic deposition in the Bear Creek water-

shed. This system will be constructed in the headwaters of Pine Run and will consist of a concrete dam with intake pipe and stone energy dissipater, an Aerobic Limestone Basin, an Anaerobic Vertical Flow Wetland, and a limestone outlet channel, resulting in impacts to approximately 20 LF of stream channel. This project is being reviewed as an Environmental Assessment/Restoration Plan for waiver of permit requirements under 105.12(a)(16).

EA24-053, Headwaters Charitable Trust, 109 North Brady Street, DuBois, PA 15801. Big Mill Creek Acidic Deposition Remediation Site 5: Rocky Run Passive Treatment System, in Ridgeway Township, **Elk County**, ACOE Pittsburgh District (Portland Mills, PA Quadrangle N: 41°, 29', 39"; W: 78°, 46', 12").

Applicant proposes to install a passive treatment system to treat acidic deposition in the Big Mill Creek watershed. This system will be constructed in the headwaters of Rocky Run and will consist of a concrete dam with intake pipe and stone energy dissipater, an Aerobic Limestone Basin, an Anaerobic Vertical Flow Wetland, and a limestone outlet channel, resulting in impacts to approximately 20 LF of stream channel. Construction of the access road for the site will also involve the replacement of an existing culvert on Rocky Run and the addition of rock inlet and outlet protection, resulting in impacts to approximately 40 LF of stream channel. This project is being reviewed as an Environmental Assessment/Restoration Plan for waiver of permit requirements under 105.12(a)(16).

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the

Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The proposed development is located on both sides of Diamond Valley Road north of State Route 0305 in Logan Township, Huntingdon County. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this Minor Update Revision is A3-31922-039-3M and the APS Id is 884321.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in

the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Southcentral Region: Environmental Cleanup and Brownfields Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Phone 717.705.4705.

BL Companies, 4242 Carlisle Pike, Camp Hill, PA 17011, on behalf of Royal Building, Inc., 160 Ram Drive, Hanover, PA 17301, submitted a combined Remedial Investigation and Final Report concerning remediation of soils and groundwater contaminated with gasoline from a buried, out-of-service Sunoco pipeline. The site is to be remediated to the Site Specific Standard.

USPS Former Harrisburg Vehicle Maintenance Facility, 800 Mulberry Street, Harrisburg, PA 17104, City of Harrisburg, **Dauphin County**. ARM Group, Inc., 1129 West Governor Road, PO Box 797, Hershey, PA 17033-0797, on behalf of US Postal Service, 7029 Albert Pick Road, 3rd Floor, Greensboro, NC 27409, submitted a Final Report concerning remediation of groundwater contaminated with PAHs and VOCs. The report is intended to document remediation of the site to meet a combination of Background and Nonresidential Statewide Health Standards.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the

presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

43-00310: NLMK Pa Corporation Farrell Plant (15 Roemer Boulevard, Farrell, PA 16121) on December 8, 2015, the Department re-issued a Title V Permit to convert slabs to coils in hot and cold rolled processes in Farrell City, **Mercer County**. The primary sources at the facility include two natural gas steam boilers, three slab reheat furnaces, a 60 inch hot strip mill, #21 slitter, #2 shot blast, #7 pickle line, #4 tandem mill, #21 and #22 annealing furnaces, #26, #27, #28 and #35 temper mills, #2 shear, #26 slitter, #1 tension leveler, #3 shotblast and rotoblast, miscellaneous combustion sources, slab cutting torch, emergency diesel engine for the fire pump, emergency generators for the IT building and #7 pickle line, degreasers, and fugitive emissions from the facility. The sources are part of two cold rolling lines and a hot rolling line. The #27 temper mill and the #4 tandem mill are each controlled by an oil mist collector. The #2 and #3 shotblast units are each controlled by a dust collector. The #7 pickle line is controlled by a scrubber. The facility is a major facility due to its potential to emit Oxides of Nitrogen, Volatile Organic Compounds, and Hazardous Air Pollutants. Actual reported emissions for 2014 were: CO 42.1 TPY; NO_x 184.4 TPY; PM₁₀ 19.7 TPY; PM_{2.5} 4.7 TPY; SO_x 1.1 TPY; VOC 72.7 TPY; HAP 1.3 TPY; HCL 1.1 TPY and CO₂ 199,921 TPY. The pickle line is subject to National Emission Standards for Hazardous Air Pollutants for Steel Pickling 40 CFR 63 Subpart CCC. The two boilers are natural gas fired. They are subject to 40 CFR 63 Subpart DDDDD—NESHAPs for Major Sources: Industrial, Commercial, and Institutional Boilers and Process Heaters. The stationary engines for the emergency diesel generators are subject to 40 CFR 63 Subpart ZZZZ. Subpart ZZZZ is for Stationary Reciprocating Internal Combustion Engines (RICE). The facility is subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapter G.

08-00002: E.I. DuPont de Nemours and Company (192 Patterson Blvd, Towanda, PA 18848) on December 7, 2015, issued a revised Title V operating permit for their Towanda facility located in North Towanda Township, **Bradford County**. The revision was for a change in ownership to which the responsible official was revised to Mr. Stephen F. Irwin, Plant Manager. In addition, the requirements for 40 CFR Part 63 Subpart DDDDD were incorporated into Sources 031 through 034. The revised Title V operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). The final action on each application also constitutes action on the NPDES permit application and, if noted, the request for a Section 401 Water Quality Certification. Mining activity permits issued in response to applications will also address the application permitting requirements of the following statutes: the Air Quality Pollution Act (35 P. S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1002).

Permit No. 58154130. John H. Brainard, (3978 State Route 2073, Kingsley, PA 18826-7039), construction blasting for Andrew Chichura Spring in Lenox Township, **Susquehanna County** with an expiration date of January 31, 2016. Permit issued: December 9, 2015.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapter 77 are as follows:

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*			
pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding (MOU)

Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

pH (S.U.): Must be between 6.0 and 9.0 standard units at all times			
Alkalinity must exceed acidity at all times			

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301–303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311–1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501–508 and 701–704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate

statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1–693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

To 1) remove an existing culvert and install a pedestrian bridge in and across an unnamed tributary to Antietam Creek (CWF, MF) permanently impacting 13 linear feet of stream; 2) install an open bottom concrete arch culvert bridge in and across of an Unnamed Tributary to Antietam Creek (CWF, MF) while maintaining the existing stream bed and permanently impacting 25 linear feet of stream; 3) install a pedestrian bridge in and across an unnamed tributary to Antietam Creek (CWF, MF) and permanently impacting 8 linear feet of stream, 0.01 acre of floodway and 0.003 acre of floodplain of the UNT to Antietam Creek and Antietam Creek/Lake; 4) install a pedestrian bridge in and across a UNT to Antietam Creek (identified as Bingaman Run) (CWF, MF) and permanently impacting 12 linear feet of stream; 5) install a parking lot, trail, constructed wetlands, and restroom facilities all permanently impacting 0.71 acre of floodway and 0.06 acre of floodplain of Antietam Creek/Lake (CWF, MF) and an Unnamed Tributary to Antietam Creek (CWF, MF); 6) install a stone walking trail, temporary construction facilities, and parking lot all permanently impacting 0.2 acre of floodway and 0.11 acre of floodplain of a UNT to Antietam Creek (identified as Bingaman Run) (CWF, MF) and Antietam Creek/Lake (CWF, MF); 7) install a parking lot, rain garden, and walking trail all permanently impacting 0.35 acre of floodway and 0.16 acre of floodplain of Antietam Creek (CWF, MF); 8) repair an existing stone wall in, along, and lining Antietam Creek (CWF, MF) and permanently impacting 205 linear

feet of Antietam Creek; 9) install an observation and fishing platform permanently impacting 0.09 acre of floodplain of Antietam Creek/Lake (CWF, MF); 10) install two 4-inch diameter PVC outfall pipes from proposed constructed wetlands in and along and impacting 4-linear feet of an Unnamed Tributary to Antietam Creek (CWF, MF); 11) install a rock drain outfall structure in and across and impacting 2 linear feet of an unnamed tributary to Antietam Creek (WWF, MF); and, 12) construct and maintain 25 linear feet of a stream bank boulder wall in and along a UNT to Antietam Creek (identified as Bingaman Run) (CWF, MF). The project site is located in the Antietam Lake County Park along Angora Road and Seidel Road (Latitude: 40° 21' 22.8"; Longitude: -75° 52' 25.98") in Alsace and Lower Alsace Townships, Berks County. The permit was issued on December 10, 2015.

E67-918: P.H. Glatfelter Company, 96 South George Street, Suite 500, York, PA 17401 in Jackson and Paradise Townships, **York County**, U.S. Army Corps of Engineers, Baltimore District.

To install and maintain a natural gas connector line spanning approximately 6 miles in Jackson and Paradise Townships beginning at 39° 55' 22" N, 76° 56' 15" W and ending at 39° 52' 33" N, 76° 52' 22" W. Ten (10) wetland crossings and thirteen (13) stream crossings are necessary for the proposed project. Wetland impacts comprise 21,541 square feet (permanent) and 19,997 square feet (temporary). Temporary linear stream impacts total 759 feet with an impact area of 6,072 square feet. Floodway impacts total 2.66 acres. Nine (9) additional stream crossings accompany the project which qualify for a waiver of permit requirements under 25 Pa. Code § 105.12(a)(2). Crossings will be permitted open cut and timber matted for temporary access, with the exception of KLF-WETLAND03 and KLF-WETLAND04 which will utilize bore methods. KLF-WETLAND01 will be permanently impacted with the construction of a new impervious surface (157-ft by 150-ft) for a valve site. KLF-WETLAND03 and KLF-WETLAND04 are classified as Exceptional Value. The permit was issued on December 4, 2015.

To construct, operate and maintain the Clermont to Rich Valley Pipeline Project, which consists of two 36-inch natural gas lines, with the following impacts:

1. 83.0 linear feet of Oviatt Branch (EV, CWF) and 4,762 square feet of temporary impacts to Exceptional Value (EV) Palustrine Emergent (PEM) Wetlands via open cut trenching and a temporary road crossing (Wildwood Fire Tower, PA Quadrangle, Latitude: N41°36'54.98", Longitude: W78°24'17.16");

2. 3,879 square feet of temporary impacts to Exceptional Value (EV) Palustrine Emergent (PEM) Wetlands via open cut trenching and a temporary road crossing (Wildwood Fire Tower, PA Quadrangle, Latitude: N41°36'54.90", Longitude: W78°24'14.76");

3. 67.0 linear feet of a UNT to Brewer Fork (EV, CWF) and 14,983 square feet of temporary impacts to Exceptional Value (EV) Palustrine Emergent (PEM) Wetlands via open cut trenching and a temporary road crossing (Wildwood Fire Tower, PA Quadrangle, Latitude: N41°36'53.22", Longitude: W78°23'45.57"); and

4. 73.0 linear feet of a UNT to Brewer Fork (EV, CWF) and 418 square feet of temporary impacts to Exceptional Value (EV) Palustrine Emergent (PEM) Wetlands via open cut trenching and a temporary road crossing (Wildwood Fire Tower, PA Quadrangle, Latitude: N41°36'50.94", Longitude: W78°23'06.10").

The project will result in 223.0 linear feet of temporary stream impacts, and 24,042 square feet (0.55 acre) of temporary EV PEM wetland impacts all for the purpose of installing two natural gas lines and associated access roadways for Marcellus shale development.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section

4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Pennsylvania Achieving Better Care by Monitoring All Prescriptions Board Meeting

The Pennsylvania Achieving better Care by Monitoring All Prescriptions Board, established under the Achieving Better Care by Monitoring All Prescriptions Program (ABC-MAP) Act (35 P. S. §§ 872.1—872.40), will hold a meeting on Tuesday, January 19, 2016, at 9:30 a.m. in Room 129, Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120. Items to be discussed at the meeting include: evaluating and securing a vendor of an electronic prescription monitoring system; appointing an advisory group; creating a written notice to be used by prescribers and dispensers; and developing policies and procedures.

For additional information, or for persons with a disability who wish to attend the meeting and require an auxiliary aid, service or other accommodation to do so should contact Amy Stum, Executive Secretary, Department of Health, Executive Offices, 8th Floor, West, Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120, (717) 783-1078, or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT) for speech and/or hearing impaired persons.

This meeting is subject to cancellation without notice.

A store must permit purchase of WIC allowable foods that exceed the maximum allowable price to WIC participants using a WIC check; however, the amounts that exceed the maximum allowable price of any WIC allowable foods sold to WIC participants will be billed to the store on a quarterly basis in accordance with 28 Pa. Code § 1105.2 (relating to price adjustment).

Competitive Prices

To remain WIC Authorized, each store must maintain the minimum inventory of the following WIC food items at, or below, the Competitive Prices listed for the store's peer group. Effective, the Competitive Prices January 1, 2016, through March 31, 2016, for WIC Authorization for Type 1 Stores in Regular Cost Counties are as follows:

<i>Description</i>	<i>Competitive Prices</i>

DEPARTMENT OF LABOR AND INDUSTRY

Maximum Pennsylvania Workers' Compensation Payable

Based upon the Statewide Average Weekly Wage, as determined by the Department of Labor and Industry for the fiscal year ending June 30, 2015, the maximum compensation payable under sections 105.1 and 105.2 of the Workers' Compensation Act (77 P. S. §§ 25.1 and 25.2) shall be \$978 per week for injuries occurring on and after January 1, 2016. For purposes of calculating the update to payments for medical treatment rendered on and after January 1, 2016, the percentage increase in the Statewide Average Weekly Wage is 2.9%.

DEPARTMENT OF TRANSPORTATION

Contemplated Sale of Land No Longer Needed for Transportation Purposes

The Department of Transportation (Department), under the Sale of Transportation Lands Act (71 P. S. §§ 1381.1—1381.3), intends to sell certain land owned by the Department.

The following property is available for sale by the Department.

City of DuBois and Sandy Township, Clearfield County. The parcel contains 16,340 square feet of improved land situated in DuBois, PA. The estimated fair market value is \$6,500.

Interested persons are invited to express their interest in purchasing the site within 30 calendar days from the date of publication of this notice to the Department of Transportation, Engineering District 2-0, Attn: John R. Gaylor, Right-of-Way Administrator, 70 PennDOT Drive, P. O. Box 342, Clearfield, PA 16830.

LESLIE S. RICHARDS,
Secretary

Finding

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)) establishing the Department of Transportation (Department), the Deputy Secretary for Highway Administration, as delegated by the Secretary of Transportation, makes the following written finding:

The Department is planning to replace the Hunters Station Bridge (State Route 62), which crosses the Allegheny River in Tionesta Township, Forest County. Information describing the project, with the associated environmental analysis, is contained in the Environmental Assessment and the supporting technical reports as listed in the Finding of No Significant Impact that was received for this project.

This project will require the demolition of the National Register of Historic Places eligible structure, which qualifies as a Section 4(f)/Section 2002 resource. Potential temporary impacts to the Middle Allegheny River Water Trail will occur during construction activities including short-term closures during overhead girder erection for the new bridge and demolition of the existing bridge.

Based upon studies, there is no prudent and feasible alternative to the proposed action. The environmental, economic, social and other effects of the proposed project, as enumerated in section 2002 of The Administrative Code of 1929, have been considered.

It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize the effects.

R. SCOTT CHRISTIE, PE,
Deputy Secretary for
Highway Administration

Findings

Under section 2002(b) of The Administrative Code of 1929 (71 P. S. § 512(b)) establishing the Department of Transportation (Department), the Deputy Secretary for Highway Administration, as delegated by the Secretary of Transportation, makes the following written findings:

• SR 0154 Section 040—SR 0154 over Pole Bridge Run, Sullivan County.

Project Description: The project consists of extending and slip lining the reinforced concrete arch carrying SR 0154 over Pole Bridge Run in Shrewsbury Township, Bradford County. It also will include replacement of wing-walls, headwalls and streambed paving.

Environmental Documents: BRPA CEE Reevaluation approved on August 27, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on April 19, 2013.

Proposed Use of Section 4(f)/2002 Resource: The subject bridge is completely surrounded by Loyalsock State Forest. The project will require some permanent right-of-way (ROW) acquisition and a temporary construction easement (TCE). The permanent acquisition is estimated at 0.078 acre and the TCE is estimated at 0.087 acre. Hikers using the Link Trail, which is part of the larger Loyalsock Trail system, will be accommodated throughout the duration of the project. There will be no adverse effects to the Loyalsock State Forest or Link Trail due to this project.

• SR 0422 Section 29A—Muddy Creek and Worth Townships, Butler County.

Project Description: The proposed project involves construction of a new connector road, SR 4017, between westbound SR 0422 and North Shore Drive and a new loop ramp, SR 8002/Ramp L. The SR 4017 connector will replace the deteriorating SR 8002/Ramp J Bridge over Muddy Creek. The project will also include the lengthening of the SR 0422 left turn lane to I-79 northbound, and possible signalization of the SR 0422/I-79 SB ramps, if traffic signal warrants are met.

Environmental Documents: Level 2 CEE approved on August 3, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on September 11, 2015.

Proposed Use of Section 4(f)/2002 Resource: A portion of the current North Country National Scenic Trail (NCNST) route is located on State Park property within the project limits. Approximately 175 linear feet of the trail will be removed with the removal of the existing bridge over Muddy Creek. However, NCNST is independently relocating their trail away from the present location and will avoid the new Muddy Creek Bridge. The trail relocation is well outside of the project area and is anticipated to be completed before this project goes to construction. North Shore Drive in Moraine State Park lies within the project area. An estimated 1.93 acres of permanent ROW acquisition is required for this project. The Moraine State Park property utilized as a part of this project is being coordinated by the Federal Highway Administration, the Department and the Department of Conservation and Natural Resources (DCNR) as a nonconversion of Section 6(f) property. Furthermore, the property utilized for the roadway improvement is antici-

pated to be owned by both the Department and DCNR under joint jurisdictional ownership.

• **SR 0739 Section ELR—Blooming Grove Township, Pike County.**

Project Description: The proposed project involves safety improvements on SR 0739 from north of the I-84 Interchange at Lords Valley north to Pike County Boulevard in Blooming Grove Township, Pike County. The scope of work includes shoulder widening, installation of edge-line/shoulder rumble strips and drainage upgrades.

Environmental Documents: BRPA CEE approved on May 11, 2015, and two Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on April 24, 2015, and April 30, 2015.

Proposed Use of Section 4(f)/2002 Resource: The project will result in acquisition of 1.31 acres of required ROW, 1.74 acres of required drainage easement and 0.16 acre of TCE within the boundary of the Delaware State Forest. The project will result in no perceivable impacts to the recreational uses of the State Forest during or after the project.

• **SR 1003 Section 01B—Leesport Borough, Berks County.**

Project Description: The proposed project involves the replacement of the existing SR 1003 (Wall Street) bridge over the Schuylkill River. The project also includes improvements made to provide the required sight distance and reconstruction of the canoe launch/fishing pier, which will be demolished during construction.

Environmental Documents: Level 1b CEE approved on July 13, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on June 9, 2015.

Proposed Use of Section 4(f)/2002 Resource: The Wall Street Bridge crosses over the Schuylkill River, which has been designated as a water trail by the Fish and Boat Commission (Commission). A canoe launch/fishing pier is located under the northeastern portion of the bridge with driveway access located in the northwestern quadrant; nearby parking is provided. The canoe launch is considered part of the water trail and is identified as an access point on the Schuylkill River Water Trail map and guide. The existing canoe launch/fishing pier, owned by Leesport Borough, will be destroyed and reconstructed as part of the project. A portion of the access road will become a drainage easement. A Commission-approved Aids to Navigation (ATON) plan will direct boaters through the area during construction. Temporary signage and buoys will be placed per the ATON plan upstream and downstream of the bridge to warn boaters of bridge construction and to guide them safely past the causeway. Work will be restricted during the Annual Schuylkill River Sojourn in mid-June. With these mitigation measures, public use of the water trail can continue during construction, and public access to the canoe launch/fishing pier will be temporarily interrupted.

• **SR 1004 Section ORV—Hatfield Township, Montgomery County.**

Project Description: The proposed project involves the rehabilitation of the SR 1004 bridge over the West Branch of Neshaminy Creek. The approach and bridge roadway will be resurfaced out to the guiderails and

guiderail attachments will be replaced. The roadway shoulder will be improved along the southwest quadrant of the bridge. The project also includes the installation of scour protection measures around piers and abutments.

Environmental Documents: BRPA CEE approved on July 8, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic properties approved on July 5, 2015.

Proposed Use of Section 4(f)/2002 Resource: The Orvilla Road Bridge was built in 1874, and is listed on the National Register of Historic Places (NRHP). The bridge rehabilitation will be completed in accordance with the Secretary of the Interior's Standards for Rehabilitation. No permanent or temporary acquisition of land will be required to rehabilitate the bridge and all construction activities will be contained within existing Department ROW. The rehabilitation of the bridge structure will consist of reconstruction of spandrel walls and wing-walls, stone masonry parapets and portions of the arch barrels using existing stone salvaged from the bridge wherever possible. Consulting parties will be shown sample boards of the color and type of new stone materials during construction. The bridge's masonry capstones will be salvaged and given to members of the consulting parties. Also, the existing bridge plaque will be rehabilitated and put back on the bridge. The State Historic Preservation Office found the proposed rehabilitation project to have no adverse effect to the NRHP listed Orvilla Road Bridge.

• **SR 1006 Section MFB—Lower Salford Township, Montgomery County.**

Project Description: The proposed project involves the replacement of the existing SR 1006 (Old Forty Foot Road) structure over Skippack Creek. The project activities include minor adjustments to vertical alignment, full-depth replacement and overlay, guiderail work and minor widening of the roadway approaches to tie in with the proposed bridge.

Environmental Documents: BRPA CEE approved on September 11, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on August 13, 2015.

Proposed Use of Section 4(f)/2002 Resource: Evansburg State Park is located in southcentral Montgomery County. The park is used for recreational activities throughout the year and is accessible to vehicles, pedestrians, bicyclists and horseback riders, including some ADA accessible facilities. Approximately 0.559 acre of permanent ROW acquisition from Evansburg State Park is required on the north and south sides of the bridge for replacement of the bridge and future maintenance activities by the Department. The proposed project will have no effect on the qualities, activities, features or attributes of Evansburg State Park that qualify it for protection.

• **SR 2018 Section A01—Haines Township, Centre County.**

Project Description: The proposed project involves the replacement of the existing SR 2018 Bridge over Pine Creek locally known as Woodward Cave Road. The bridge has been determined structurally deficient and functionally obsolete requiring replacement.

Environmental Documents: Level 2 CEE approved on August 27, 2015, and a Nationwide/Programmatic Section 4(f) Evaluation for Projects that Necessitate the Use of Historic Bridges approved on July 8, 2015.

Proposed Use of Section 4(f)/2002 Resource: Built in 1940, the existing bridge over Pine Creek has been determined to have been present during the period of significance and related to the documented significance of the historic district and possesses historic integrity. The bridge cannot be rehabilitated to meet the minimum acceptable load carrying requirements without affecting its historic integrity and needs to be replaced. To ensure compatibility, architectural surface treatment mirroring design features of the historic district will be used in the abutments and wing-walls and a pigeon-hole design detail comparable to that on the existing structure will be used on the railing barrier. Through coordination with the Pennsylvania Historical and Museum Commission, the included context sensitive design proposed, with the bridge replacement, will provide mitigation for the adverse effect of the project to the bridge.

• **SR 2043 Section BBR—Southampton Township, Bucks County.**

Project Description: The proposed project involves the replacement of the existing SR 2043 (Brownsville Road) bridge over Neshaminy Creek. The approach roadways will be reconstructed to raise the vertical alignment of the bridge to provide an adequate waterway opening and to improve the existing sight distance on both approaches to the bridge.

Environmental Documents: Level 1b CEE approved on August 14, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on May 13, 2015.

Proposed Use of Section 4(f)/2002 Resource: Periwinkle Park owned by Middletown Township is situated in the northeast quadrant of the project area. The proposed project will require permanent ROW acquisition of approximately 0.05 acre. The land to be used is on the existing roadway slope and is not designated with a particular use within the park. The project will not affect any qualities, activities, features or attributes of Periwinkle Park.

• **SR 2087 Section 001—York Township, York County.**

Project Description: The proposed project involves the replacement of the bridge carrying SR 2087 (Iron Stone Hill Road) over Inners Creek. As part of this project, the adjacent downstream pedestrian bridge will be removed and a sidewalk will be provided on the new bridge.

Environmental Documents: Level 1b CEE approved on July 20, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse use Public parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on October 27, 2015.

Proposed Use of Section 4(f)/2002 Resource: The William H. Kain Park is an established 1,637-acre park that includes Lake Williams and Lake Redman and is open to the public. The York Water Company owns the property where the park is situated but it is managed and maintained by York County Parks and Recreation Department through a lease agreement. The project area is located in the southeastern corner of the Park adjacent to Lake Redman. There is a gravel parking lot on the west side of SR 2087 that serves this portion of the park including Lake Redman. The project will require a permanent ROW acquisition totaling 0.308 acre from William H. Kain Park for the construction of the new bridge. Impacts

to the property of the William H. Kain Park will be minimal and will have no adverse effects.

• **SR 4015 Section 350—Fairmount Township, Luzerne County.**

Project Description: The proposed project involves the replacement of the existing SR 4015 bridge over Crooked Creek. The project will also include full depth pavement reconstruction, shoulder regrading and new guiderail installed on both sides of the road.

Environmental Documents: BRPA CEE approved on July 15, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on July 14, 2015.

Proposed Use of Section 4(f)/2002 Resource: Ricketts Glen State Park contains the Glens Natural Area listed as a National Natural Landmark in 1969 covering 2,845 acres of scenic waterfalls and hiking trails along two branches of Kitchen Creek. This project will require permanent ROW acquisition totaling 0.070 acre from the park. This project will not affect any features, which qualify it for protection or access to the remainder of the park or recreational use areas.

• **SR 7203 Section BR—Blacklick Township, Indiana County.**

Project Description: The proposed project involves the replacement of the T-460 (Aultmans Run Road) over Aultmans Run.

Environmental Documents: Level 1b CEE approved on July 15, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on July 1, 2015.

Proposed Use of Section 4(f)/2002 Resource: State Game Land #332 was acquired by the Game Commission in 2010 for the protection of wildlife resources and use for recreation. There will be a permanent ROW acquisition totaling 0.09 acre. The proposed project will not adversely impact the current or future land use of State Game Land #332. Access to the game land and its recreational opportunities adjacent to the new structure will be maintained. Mitigation in the form of debiting 0.09 acre will occur to the State Game Land #50 Bank located in Somerset County.

• **SR 7415 Section OMB—Saltillo Borough, Huntingdon County.**

Project Description: The proposed project involves the replacement of the T-328 (Old Mill Road) over North Spring Creek. Old Mill Road will be improved with minor shoulder widening, new guiderail and replacing and extending a former mill race culvert.

Environmental Documents: BRPA CEE approved on August 13, 2015, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on June 20, 2015.

Proposed Use of Section 4(f)/2002 Resource: The Hudson Grist Mill, located in the northeast quadrant of the bridge, is listed on the NRHP. The project will require permanent ROW acquisition totaling approximately 0.029-acre from the historic property along the eastern and western boundaries. In addition, the project scope includes the replacement of a stone raceway culvert (that is, mill race), which is a contributing feature to the

Hudson Grist Mill. The mill race will be replaced by a new pipe and headwalls. As mitigation, the new headwalls will be faced with stone from the existing raceway.

HOUSING FINANCE AGENCY

Homeowner's Emergency Mortgage Assistance Program (HEMAP); Interest Rate for HEMAP Loans Closed in 2016

Under section 406-C of the Housing Finance Agency Law (35 P.S. § 1680.406c), the Housing Finance Agency (Agency) is to determine prior to the end of each calendar year the rate of interest for Homeowner's Emergency Mortgage Assistance Program (HEMAP) loans closed in the next calendar year, which rate is not to exceed the rate of interest established by the Department of Banking and Securities under section 301 of the act of January 30, 1974 (P.L. 13, No. 6) (41 P.S. § 301), referred to as the Loan Interest and Protection Law, and referred to commonly as the Usury Law.

The Agency has determined that the rate of interest for HEMAP loans closed during calendar year 2016 shall be 4.75%.

This notice shall take effect December 14, 2015.

Marcellus Shale Impact Fee; Pennsylvania Housing Affordability and Rehabilitation Enhancement Fund; Principles and Elements of Plan

Background

Pennsylvania Housing Affordability and Rehabilitation Enhancement (PHARE) Fund

The PHARE Fund was established by the act of November 23, 2010 (P.L. 1035, No. 105) (PHARE Act) to provide the mechanism by which certain allocated State or Federal funds, as well as funds from other outside sources, would be used to assist with the creation, rehabilitation and support of affordable housing throughout this Commonwealth.

The PHARE Act did not allocate any funding but did outline specific requirements that include preferences, considerations, match funding options and obligations to utilize a percentage of the funds to assist households below 50% of the median area income. The PHARE Act provides a fairly broad canvas regarding the types of programs and the specific uses of any funding to allow flexibility in working with other State and Federal acts and programs.

Marcellus Shale Impact Fee

The Marcellus Shale impact fee legislation, the act of February 14, 2012 (P.L. 87, No. 13) (Act 13), codified at 58 Pa.C.S. §§ 2301—2318 (relating to unconventional gas well fee) (Impact Fee Act), specifically allocates certain amounts from the impact fee into the PHARE Fund to address the following needs, including;

- Support for projects that increase the availability of affordable housing for low and moderate income persons and families, persons with disabilities and elderly persons in counties where unconventional gas wells have been drilled (regardless of production levels).

- Provide rental assistance, in counties where unconventional gas wells have been drilled, for persons or families whose household income does not exceed the area median income.

- Specifies that no less than 50% of the funds are to be used in fifth, sixth, seventh and eighth class counties.

Direct Allocation—The PHARE Fund will receive a direct yearly allocation from the portion of funds set aside for local distribution. The direct allocation is as follows: \$5 million each fiscal year beginning in 2012 and thereafter.

Windfall/Spillover Funds—Additional funds may become available because the Impact Fee Act limits amounts allocated to qualifying municipalities (as defined in the Impact Fee Act) and provides that any money remaining, after all allocations have been made to qualified municipalities, would also be deposited into the PHARE Fund.

Purpose

The PHARE Act provides the mechanism to address the housing needs in impacted counties/communities of the Marcellus Shale region.

Principles

In accordance with the PHARE Act and the Impact Fee Act, the moneys will be used to address significant housing needs in impacted counties and communities with the following additional criteria:

- 50% of the funds must be spent in fifth through eighth class counties.

- 30% of the funds must benefit persons/families below 50% of the median area income.

#1) *Maximize resource leveraging*—To the greatest extent possible, the resources allocated will be used as leverage for other public and private resources. Additionally, local nonfinancial assets should be identified and leveraged when possible—including transportation, schools, recreation, employment, health, community and economic development support and other amenities. *Preference*: Applications that also include Optional Affordable Housing funds (under 53 Pa.C.S. Chapter 60 (relating to optional affordable housing funding)) or local share portions of the impact fee, or both.

a) The Housing Finance Agency (Agency) encourages applicants to address the issue of long-term affordability based on the local housing market conditions. To the greatest extent possible, programs and projects should be designed in ways to both maintain the investment made in the housing stock and to continue affordability after initial assistance. This could include revolving loan programs, shared equity homeownership and other strategies for addressing this objective.

#2) *Address greatest need*—The moneys will be allocated in communities where the greatest housing needs are identified based on housing needs studies and assessments, interviews, real estate price factors, housing stock analysis, market studies and consideration of the extent of gas wells drilled and related activity. The limited resources available should be used to meet the most significant and pressing housing needs but may also be used to address longer term housing needs. *Preference:* Projects/programs that: 1) Assist with the rehabilitation of blighted, abandoned or otherwise at risk housing and the reuse of vacant land where housing was once located; or 2) provide funding for owner-occupied rehabilitation, first time homebuyers and rental assistance.

#3) *Foster partnerships*—The funds should be used to maximize sustainable partnerships that will be committed to addressing the housing needs in these communities over a significant period of time. While the funds are to be used to directly support housing to meet the needs in the impacted communities, the projects should also help establish capacity to address those needs over the long term. *Preference:* Projects/programs that incorporate social service entities that offer additional services to the residents within the community where the project/program is taking place.

#4) *Effective and efficient*—Ensure that the resources are used effectively and efficiently to meet the housing needs of the impacted communities. Given the expectation that demand for many types of housing will greatly exceed the funds available, it will be critical to maximize the effectiveness and efficiency for housing investments by the PHARE Fund. *Preference:* Projects/programs that assist the residents with the greatest need in that particular region.

#5) *Equitable and transparent*—Create a plan and allocation process that will equitably meet the housing needs in impacted communities and establish a process that provides transparency to all stakeholders. Funding decisions and reporting will be done in accordance with the legislative requirements.

Elements of the Plan

Analysis of need—One of the most critical components of the plan is to continually assess housing need in these communities. From both a quantitative and qualitative perspective the requirement to have accurate, reliable data from which funding decisions can be made is imperative.

It is important to recognize that this data will need to be municipality-specific to capture the unique and likely different housing needs in the various communities. In addition, the housing/real estate markets are diverse across the impacted communities and the analysis of need will require an understanding (qualitative and quantitative) of individual markets to make appropriate resource allocation decisions.

Building upon analysis already undertaken by the Agency and the Commonwealth, additional analysis may be performed to assess specific housing issues in the impacted communities and to identify housing needs (persons with special needs, elderly, larger households, physical disabilities, homeless, and the like) to appropriately target PHARE Fund resources to those in greatest need of housing, especially due to the impact of the Marcellus Shale development. In addition to types of housing analysis, the Agency will consider different income levels, nature of housing stock and the housing needs of those across a broad spectrum (homeless, near

homeless, very low income, low income, temporary and seasonal workers, and permanent work force, and the like)

Understanding of real estate market dynamics—The plan for the utilization of these resources has been developed to address and continuously reevaluate the specific housing real estate markets in each community. The “micro” markets could be significantly different in the impacted communities and the plan is sufficiently flexible to address those differences.

The housing and real estate development “capacity” will also have significant impact on the ability of these funds to be used effectively and efficiently to meet the needs of the communities. The most recently completed analysis of the impact of Marcellus natural gas development on housing performed by The Center for the Study of Community and Economy at Lycoming College will soon be available and should be used by counties and municipalities when assessing their local housing needs.

There will be need for ongoing analysis of capacity (private, nonprofit, public) as part of the plan. Some communities may not have had a significant housing market in decades while in others there may be a robust market addressing a significant portion of housing needs. The plan will help determine where additional housing development may be necessary, or where other strategies may be implemented for meeting the housing needs in those communities.

Allocation and use—The funding vehicle’s allocation process, created by the plan, must also be supportive of and responsive to the needs of the housing and real estate development market and should foster coordinated local trust fund plans and resources. Funds may be used to support predevelopment, site acquisition and infrastructure development, planning and preconstruction activity in addition to direct support of development and operation of projects and housing programs including employee assisted housing programs. Funds may be provided in various forms designed to best support the particular activity including: grants; market rate, amortizing, balloon, bridge or soft loans; capital contributions; capital financing subsidy support; operating and supportive service reserve funding; and rental or homeowner assistance. Funds may be specifically allocated to address timing issues presented in the development of affordable housing projects, when other financing is available, construction season, local zoning or other approvals. In addition, funding may be directed for administration by the Agency for certain projects approved for low income housing tax credits or other Agency resources. Preliminary allocations may be made for projects/programs awaiting approval of additional resources. Projects/programs that do not begin within 1 year may have the preliminary allocation withdrawn.

High quality design and construction—A vital element of the plan will be the development of housing that is both of good quality design and construction and will be sustainable over a long period of time.

The opportunity to meet the growing housing needs in these communities will necessitate that this housing be available as an asset for the community for many generations. To meet that objective it will require that projects funded with these resources meet the highest design and construction quality standards available and that all projects ensure sustainability to the long term (both financial and physical). Funds may be specifically allocated to support green and renewable energy sources and

as leverage to consumer programs available through utility companies or other business partners.

Targeting of resources—It is likely that the funds in this program will not be sufficient to meet all the housing needs and mitigate every housing impact created by the shale gas development; therefore investment decisions will target the limited funds to projects that meet the principles outlined above and most comprehensively address the elements of the plan.

When possible these funds will be targeted and stay focused on mitigating the very specific housing impacts created by the shale development in the impacted and designated communities. This element will likely result in the determination that while there may be worthy housing projects that could be funded with these resources, the focus of development will be on most comprehensively addressing the direct and tangible housing impacts. Priority may be given to target resources in tandem with approved county housing trust fund plans or plans for the utilization of local share impact fee funds, or both.

Stakeholder input—The plan for allocation of resources will provide for broad stakeholder input concerning the principles and elements of the plan.

There are many diverse interests that are concerned about the anticipated housing impact and therefore how these resources will be allocated to address the need. To the greatest extent possible opportunities should be created for relevant and legitimate stakeholders to comment and advise the plan. This element will need to be managed for practicality and efficiency to maximize input. *Preference*: Applicants who provide a process where members of the community and other stakeholders may provide input on the application prior to submission.

Application/Allocation Process

Based on both the legislative requirements of the PHARE Act and the Impact Fee Act, the Agency has developed an application/request for proposals (RFP) for eligible applicants interested in applying for the funds.

Eligible applicants include counties that have adopted impact fees as well as municipalities who have further contributed to PHARE by windfall/spill over funds from the impact fee. While only eligible applicants may apply, nonprofit and for profit organizations may be part of the application process.

The elements of the application and allocation process include:

- Adoption of “plan” for managing the anticipated funds by the Agency.
- Announcement of application and possible training/information session concerning the elements of the application.
- Applications accepted and reviewed by Agency staff based on the application and plan requirements.
- Project recommendations reviewed by the Agency.
- Announcement of preliminary funding approval.
- The Agency will establish an annual application process that will allow the Agency to address housing needs in the impacted communities.
- The Agency may amend the plan, application and the allocation process at any time, upon written publication of amendments.
- The Agency, as part of the RFP process, will require all applicants to target a minimum of 30% of their funding to support households with incomes below 50% of median area income.

- The Agency will require applicants to include information on how the county is using its Act 137 (Local Housing Trust Fund) moneys to address housing needs in the community. This will be included as part of the Comprehensive Plan section of the RFP.

Preliminary approval and funding of applications is contingent upon receipt of funds under Act 13.

Note: The Agency anticipates that new, additional funding sources may become available to the PHARE program in 2016. If and when this occurs, a supplement to the plan will be published for public comment and final adoption by the Agency Board.

*Pennsylvania Liquor Control Board—
Discount Pricing Practices
Regulation No. 54-69 (#3094)*

On April 21, 2015, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Liquor Control Board (Board). This rulemaking amends 40 Pa. Code Sections 1.1 and 13.102. The proposed regulation was published in the May 23, 2015 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on October 14, 2015.

This rulemaking conforms the Board's regulation to amendments made to the Liquor Code by Acts 11 and 113 of 2011 (47 P. S. §§ 4-406(g) and 4-442(g)), that allow a licensee to have happy hours of up to four hours of discounted drinks in one day, but no more than 14 hours in a week.

We have determined this regulation is consistent with the statutory authority of the Board (47 P. S. § 2-207(i)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Commissioners Voting: John F. Mizner, Esq., Chairperson; George D. Bedwick, Vice Chairperson; W. Russell Faber; Murray Ufberg, Esq.; Dennis A. Watson, Esq.

*State Board of Certified Real Estate Appraisers—
Biennial License Fee for Licensed Appraiser Trainees
Regulation No. 16A-7020 (#3025)*

On September 20, 2013, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the State Board of Certified Real Estate Appraisers (Board). This rulemaking amends 49 Pa. Code Section 36.6. The proposed regulation was published in the October 5, 2013 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on October 29, 2015.

This regulation establishes a \$150 biennial renewal fee for licensed appraiser trainees.

We have determined this regulation is consistent with the statutory authority of the Board (63 P. S. § 457.9) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

*Pennsylvania Public Utility Commission—
Recovery of Fuel Costs by Gas Utilities
Regulation No. 57-297 (#3038)*

On October 17, 2013, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking amends 52 Pa. Code Chapter 53. The proposed regulation was published in the November 2, 2013 *Pennsylvania Bulletin* with a 45-day public comment period. The final-form regulation was submitted to the Commission on November 9, 2015.

This regulation consolidates the classifications of small gas utilities, and amends their Gas Cost Rate calculations and filing requirements.

We have determined this regulation is consistent with the statutory authority of the PUC (66 Pa.C.S. §§ 501, 504, 523, 1301, 1307, and 1501) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Service of Notice of Motor Carrier Formal Complaints

Formal Complaints have been issued by the Pennsylvania Public Utility Commission. Answers must be filed in accordance with 52 Pa. Code (relating to public utilities). Answers are due January 11, 2016, and must be made with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265, with a copy to the First Deputy Chief Prosecutor, Pennsylvania Public Utility Commission.

Pennsylvania Public Utility Commission; Bureau of Investigation and Enforcement v. Freight Solutions Services, Inc.; Docket No. C-2015-2512317

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to Freight Solutions Services, Inc., (respondent) is under suspension effective October 28, 2015 for failure to maintain evidence of insurance on file with this Commission.

2. That respondent maintains a principal place of business at P. O. Box 47054, Philadelphia, PA 19160.

3. That respondent was issued a Certificate of Public Convenience by this Commission on February 03, 2015, at A-8917179.

4. That respondent has failed to maintain evidence of Cargo insurance on file with this Commission. The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500 and cancellation of the Certificate of Public Convenience.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-8917179 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,
David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement
P. O. Box 3265
Harrisburg, PA 17105-3265

VERIFICATION

I, David W. Loucks, Chief, Motor Carrier Enforcement, Bureau of Investigation and Enforcement, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect that the Bureau will be able to prove same at any hearing held in this matter. I understand that the

statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Date: 11/10/2015

David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement

NOTICE

A. You must file an Answer within 20 days of the date of service of this Complaint. The date of service is the mailing date as indicated at the top of the Secretarial Letter. See 52 Pa. Code § 1.56(a). The Answer must raise all factual and legal arguments that you wish to claim in your defense, include the docket number of this Complaint, and be verified. You may file your Answer by mailing an original to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

Or, you may eFile your Answer using the Commission's website at www.puc.pa.gov. The link to eFiling is located under the Filing & Resources tab on the homepage. If your Answer is 250 pages or less, you are not required to file a paper copy. If your Answer exceeds 250 pages, you must file a paper copy with the Secretary's Bureau.

Additionally, a copy should either be mailed to:

Michael L. Swindler, Deputy Chief Prosecutor
Pennsylvania Public Utility Commission
Bureau of Investigation and Enforcement
P. O. Box 3265
Harrisburg, PA 17105-3265

Or, emailed to Mr. Swindler at: RA-PCCmpltResp@pa.gov

B. If you fail to answer this Complaint within 20 days, the Bureau of Investigation and Enforcement will request that the Commission issue an Order imposing the penalty.

C. You may elect not to contest this Complaint by causing your insurer to file proper evidence of current insurance in accordance with the Commission's regulations and by paying the fine proposed in this Complaint by certified check or money order within twenty (20) days of the date of service of this Complaint. Accord certificates of insurance and faxed form Es and Hs are unacceptable as evidence of insurance.

The proof of insurance must be filed with the:

Compliance Office, Bureau of Technical Utility Services
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

Payment of the fine must be made to the Commonwealth of Pennsylvania and should be forwarded to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
P. O. Box 3265
Harrisburg, PA 17105-3265

Your payment is an admission that you committed the alleged violation and an agreement to cease and desist from further violations. Upon receipt of the evidence of

insurance from your insurer, and upon receipt of your payment, the Complaint proceeding shall be closed.

D. If you file an Answer which either admits or fails to deny the allegations of the Complaint, the Bureau of Investigation and Enforcement will request the Commission to issue an Order imposing the penalty set forth in this Complaint.

E. If you file an Answer which contests the Complaint, the matter will be assigned to an Administrative Law Judge for hearing and decision. The Judge is not bound by the penalty set forth in the Complaint, and may impose additional and/or alternative penalties as appropriate.

F. If you are a corporation, you must be represented by legal counsel. 52 Pa. Code § 1.21.

Alternative formats of this material are available for persons with disabilities by contacting the Commission's ADA Coordinator at 717-787-8714. Do not call this number if you have questions as to why you received this complaint. For those questions you may call 717-783-3847.

STATE BOARD OF NURSING

**Bureau of Professional and Occupational Affairs v.
Nancy Sue Koontz, RN; File No. 13-51-08250;
Doc. No. 0454-51-2015**

On October 30, 2015, Nancy Sue Koontz, RN, Pennsylvania license no. RN596156, last known of Wheeling, WV, had her license indefinitely suspended retroactive to April 29, 2015, because she is unable to practice with reasonable skill and safety to patients by reason of mental or physical illness or condition or physiological or psychological dependence upon alcohol, hallucinogenic or narcotic drugs or other drugs which tend to impair judgment or coordination.

Individuals may obtain a copy of the adjudication by writing to Bridget K. Guilfoyle, Board Counsel, State Board of Nursing, P. O. Box 69523, Harrisburg, PA 17106-9523.

This order represents the final State Board of Nursing (Board) decision in this matter. It may be appealed to the Commonwealth Court of Pennsylvania by the filing of a petition for review with that court in accordance with the Pennsylvania Rules of Appellate Procedure. Individuals who take an appeal to the Commonwealth Court must serve the Board with a copy of their petition for review. The Board contact for receiving service of appeals is the previously-named Board counsel.

STATE CONSERVATION COMMISSION

Access to Odor Management Plans for Concentrated Animal Operations and Concentrated Animal Feeding Operations and Volunteers Complying with the Commonwealth's Facility Odor Management Program

The State Conservation Commission (Commission) is notifying the public that information relating to Odor Management Plans (Plan) submitted for Commission action under 3 Pa.C.S. §§ 501—522 (relating to nutrient management and odor management) will be available on the Commission's webpage at <http://www.pda.state.pa.us/scc> (select "Protect," then "State Conservation Commission," then "Odor Management Program," then "Odor Management plans currently under review by the State Conservation Commission") or by contracting the Commission office.

The Commission's Odor Management Program webpage provides the name, address, animal equivalent units, animal type, Odor Site Index score and submission type for the various Plans under review by the Commission. This listing of Plans under review can also be accessed by contacting the Commission at (717) 787-8821. The Commission will not take an action on a submitted Plan until it has been noticed on this list for a minimum of 21 days.

All Commission actions on submitted Plans will be published in the *Pennsylvania Bulletin*.

Persons wishing to view or obtain a copy of submitted Plans are directed to submit a Right-To-Know request to the Department of Agriculture (Department) to arrange access to Plans currently under review.

Persons wishing to comment on a Plan under review by the Commission are invited to submit a written statement outlining their comments on the Plan to the Commission's Odor Management Program within 21 days from the Plan notice date provided on the Commission's listing of Plans under review. Persons with a question relating to the submission of comments on a Plan under review may contact the Commission office by phone to discuss the process for the submission of comments. Comments should include the name, address and telephone number of the writer, and a concise statement to inform the Commission of the exact basis of the comments and the relevant facts upon which they are based. Comments may be submitted, in writing, to the State Conservation Commission, Department of Agriculture, Attn: Odor Management Program Coordinator, 2301 North Cameron Street, Room 311, Harrisburg, PA 17110.

Persons with a disability who wish to provide comments and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Action on Odor Management Plans for Concentrated Animal Operations and Concentrated Animal Feeding Operations and Volunteers Complying with the Commonwealth's Facility Odor Management Program

The State Conservation Commission has taken the following actions on previously received applications for Odor Management Plans 3 Pa.C.S. §§ 501—522 (relating to nutrient management and odor management).

Persons aggrieved by any action may appeal under 3 Pa.C.S. § 517 (relating to appealable actions), section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, so individuals interested in challenging this action should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.
