READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

(c) The cases will be submitted to the summary juries by way of special verdict questions. Counsel shall submit a joint statement of proposed special verdict questions for use at the summary jury trial prior to the selection of the jury. Special verdict questions for the summary trial need not be the same as those for the regular jury trial. The jury will determine the amount of damages. The Court will determine the format to be used and rule on disputed questions.

(d) The number of summary jurors is six (6). The number of preemptory challenges is two (2).

(e) Each side shall be entitled to one (1) hour for presentation of its case, unless counsel presents a compelling reason at pre-trial conference why more time for each side should be allocated. The Court shall rule on any disputes on a point for charge.

(g) The jury will be asked to return a verdict if five (5) of the six (6) of the members agree to it. The same 5/6 majority must be in agreement with respect to each special verdict question.

(h) If the jury does not reach a 5/6 majority verdict within a reasonable time (2 hours), the Court will consider polling the jurors individually.

(i) After the verdict, counsel may address questions in open court to the foreperson of the jury. Only questions that can be answered yes or no or by a dollar figure may be asked. The attorneys shall be limited to ten (10) questions each, unless a greater number is allowed by the Court for cause shown. No questions shall be asked to which the answer will disclose the personal view of any particular member of the jury.

(j) Should the summary trial not result in a settlement, the regular trial shall not be held during the same calendar week unless the summary jury is dismissed and will not come into contact with the balance of the venire.

(k) The summary trial is an extension of the settlement conference, and the verdict will not be released to the media.

The two (2) so selected will select a third. If selection of the third arbitrator cannot be agreed upon within ten (10) days, either party may request that the selection be made by a judge from the county arbitration list. The three (3) arbitrators so selected shall designate which of them is to be the chairperson. The finally selected panel shall then be filed by the chairperson with the prothonotary who will then appoint the arbitrators who have been selected.

Hearings shall be held either at the Courthouse at Ebensburg or at the Judges' Chambers in Johnstown, unless the parties, by agreement, shall designate another place and the arbitrators concur in such designation. Note: See Pa.R.Civ.P. 248, as to the shortening or extending of time for the giving of notice. Notice of the Hearing shall be sent to the Court Administrator.

Local Rule 1303.1 CC. Arbitration Motions for Continuance.

Unless agreed to by all counsel, only a judge may continue an arbitration hearing. It shall be the obligation of the party or counsel requesting the continuance to notify the board of arbitrators and other counsel of the request for continuance.

Each arbitrator shall be entitled to receive \$200.00 for each half day or part thereof involved in hearing a case, except the chairperson, who shall receive \$250.00 for each half day or part thereof. The time spent on the case shall be certified by the chairperson. Upon the filing of their report and award, the prothonotary shall certify the arbitrators' fee for payment under the procedure followed

In such cases, the agreement of referral shall be filed of record.

DEPARTMENT OF GENERAL SERVICES

HOUSING FINANCE AGENCY

[12 PA. CODE CH. 31]

Homeowner's Emergency Mortgage Assistance Program; Proposed Amendments

The Housing Finance Agency (Agency) proposes to amend Chapter 31, Subchapter B (relating to policy statement on Homeowner's Emergency Mortgage Assistance Program).

History

The Homeowner's Emergency Mortgage Assistance Program (HEMAP) was established by the act of December 23, 1983 (P. L. 385, No. 91) (Act 91). The HEMAP is designed to provide emergency mortgage assistance to homeowners facing foreclosure because of circumstances beyond their control. Assistance is provided in the form of a loan. The amount of the loan will be sufficient to bring the homeowner's delinquent mortgages current and, in addition, the Agency may provide continuing monthly mortgage assistance, as needed by the homeowner, for a period of time as prescribed by Act 91. Act 91 contains notice requirements that lenders shall follow prior to foreclosure, prescribes procedures that a homeowner shall follow in applying to the Agency for mortgage assistance and prohibits a lender from conducting foreclosure proceedings during the application process. Act 91 requires repayment of the mortgage assistance loan based upon the financial ability of the homeowner.

On February 21, 1984, the members of the Board of the Agency adopted initial guidelines to implement the HEMAP under the authority of section 401-C(b) of the Housing Finance Agency Law (35 P. S. § 1680.401c(b)), which provides in part, that the Agency shall adopt initial program guidelines and may revise the Guidelines whenever appropriate. The initial guidelines were published at 14 Pa.B. 723 (March 3, 1984). The members of the Board of the Agency adopted the following amendments to the guidelines: October 18, 1985, published at 16 Pa.B. 2126 (June 14, 1986); May 12, 1994, published at 24 Pa.B. 3224 (July 2, 1994); 29 Pa.B. 2859 (June 5, 1999); 38 Pa.B. 4859 (August 30, 2008), effective September 6, 2008. Under the Agency's authority to revise the statement of policy, the Agency proposes to make further amendments to the policy statement and the uniform notice.

Summary of Changes

In general, the proposed statement of policy incorporates several program clarifications and makes amendments to the uniform Act 91 Notice. The most significant proposed amendments:

- Relocate the existing parameters for mortgagees' reimbursement of fees and costs by the Agency from Chapter 31 to the Agency's web site to enable the Agency to update the parameters on a more frequent basis.
- Clarify eligibility requirements for homeowners subject to an installment sales contract or agreement.
- Establish the requirements for receiving emergency mortgage assistance for an inherited property.
- Replace current Appendix A, which sets forth the uniform Act 91 Notice that lenders are required to send to homeowners who are delinquent in their home mortgages. The proposed Act 91 Notice retains its status as a

combined notice and continues to retain the information required under the act of March 14, 1978 (P. L. 11, No. 6) (Act 6). The proposed amendments significantly reduce and streamline the content of the Act 91 Notice and contain two pages. The first page describes the HEMAP and how a homeowner may obtain an application for assistance, in addition to other rights prescribed by Act 6. The proposed Act 91 Notice also includes an Account Summary, where mortgagees provide homeowner account and default information.

- Require mortgagees to send both English and Spanish language versions of the first page of the Act 91 Notice.
- Provide guidance on implementing the revised Act 91 Notice.

Fiscal Impact

The Agency does not anticipate any fiscal impact from the proposed amendments to the statement of policy.

Effective Date

The proposed amendments to Chapter 31 will not become effective until publication of the final-form statement of policy in the *Pennsylvania Bulletin* after consideration of comments received, with a prospective effective date.

Public Comment

The Agency invites interested persons to submit comments, suggestions or objections, in writing only, regarding the proposed amendments to Rebecca Peace, Chief Counsel, Housing Finance Agency, 211 North Front Street, Harrisburg, PA 17101, fax (717) 780-3905, HEMAPComments@phfa.org. PART I. GENERAL ADMINISTRATION

Subpart D. HOUSING FINANCE AGENCY

CHAPTER 31. HOUSING FINANCE AGENCY

Subchapter B. POLICY STATEMENT ON HOMEOWNER'S EMERGENCY MORTGAGE ASSISTANCE PROGRAM

§ 31.201. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Consumer credit counseling agency—A nonprofit corporation or governmental entity located in this Commonwealth which has been designated by the Agency to provide Homeowner's Emergency Mortgage Assistance Program counseling. A qualified consumer credit counseling agency shall either be certified as a housing counseling agency by the **United States** Department of Housing and Urban Development or otherwise be determined acceptable by the Agency. A list of counseling agencies approved by the Agency is set forth in Appendix C. This list was last updated and includes all changes through [**August 1, 2008**] _____, 2016. Future up-

dates of this list will only appear on the Agency's web site[,] at www.phfa.org[,] and will be updated on a [regular] periodic basis as changes occur.

* * * * *

Reasonable attorneys' fees and costs—Fees for legal services and reasonable and necessary costs related thereto, which are actually incurred by a mortgagee, in commencing or pursuing an action of mortgage foreclosure [and which meet the following requirements or limitations:]. The Agency will reimburse lenders for reasonable attorneys' fees and reasonable and necessary costs related thereto, which are actually incurred by a mortgagee, in commencing or pursuing an action of mortgage foreclosure and which meet the requirements or limitations on the Agency's web site at www.phfa.org.

[(i) The agency will reimburse lenders for attorneys fees, only after receipt of a detailed, itemized statement showing services rendered, dates and time spent. The agency will reimburse lenders based upon an hourly rate of up to \$100 per hour or other reasonable hourly rate as may be established by the agency and published by the agency in the *Pennsylvania Bulletin*. The agency will average in attorney, and paralegal- or legal assistant- time actually billed to the lender in calculating the hourly rate.

(ii) When the foreclosure action was instituted by the lender, not contested by the homeowner, and proceeded to judgment, the agency may reimburse the lender for attorney fees in an amount equal to the amount established by the Federal National Mortgage Association (Fannie Mae) for its lenders in this Commonwealth, for a standard, completed, uncontested foreclosure, without requiring an itemization of services rendered.

(iii) The agency will reimburse lenders for attorney fees or costs incurred in connection with a bankruptcy filed by the homeowner, only if the fees or costs were incurred after the sending of the notice required by the act.

(iv) The agency will reimburse lenders for attorney fees or costs only if the lender has provided the notice required by the act and the services were not rendered or costs incurred after an applicant has been approved for a mortgage assistance loan by the agency and the lender has been notified of the approval.

(v) The agency will reimburse lenders for the cost of an appraisal of the property only if the homeowner was untimely in making application to the agency and the appraisal was procured after judgment was rendered in the foreclosure action.

(vi) Prior to the commencement of an action in mortgage foreclosure, the agency will reimburse lenders attorneys' fees and costs in an amount which may not exceed the sum of \$50.

(vii) Attorneys' fees and costs will not be allowed, nor be the subject of reimbursement by the Agency, if the services are rendered or the costs incurred prior to or during the 30-day notice period required by section 403 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 403), known as the Usury Law.

(viii) Attorneys' fees and costs will not be allowed nor be the subject of reimbursement by the agency,

if the services are rendered or the costs incurred during the notice and application periods when the homeowner is protected by a stay against legal action as imposed by sections 402-C and 403-C of the act (35 P. S. §§ 1680.402c and 1680.403c). Section 402-C of the act prohibits a mortgagee from entering judgment by confession pursuant to a note accompanying a mortgage and from proceeding to enforce the obligation without giving notice and following the procedures provided in the act.]

Total housing expense—The sum of the mortgagor's monthly mortgage payments, including escrows, utility costs, hazard insurance expenses, real property taxes and, in the case of cooperatives and condominiums, the maintenance expense shall consist of the monthly amount the unit is assessed for the maintenance of common elements.

§ 31.202. Eligibility for mortgage loan assistance.

* * * * *

(b) A mortgage which is insured under **Subchapter II** of the National Housing Act (12 U.S.C.A. §§ [1701—1715z-18] 1707—1715z-25) and mortgages where the secured property is used primarily for commercial or business purposes are not eligible for assistance.

* * * * *

(d) A mortgagor is not eligible for a mortgage assistance loan if [one] any of the following [applies] apply:

(1) The mortgage is more than 24 months delinquent or in default for more than 24 months under the terms of the mortgage.

* * * * *

(g) The homeowner shall meet all of the following requirements:

* * * * *

(5) All owners of the residence shall [be applicants for the mortgage assistance loan and] execute—either personally or through a valid power of attorney—the mortgage and other related loan documents required by the [agency] Agency, except as follows:

(i) When the residence is [jointly owned by a husband and wife] owned as tenants by the entirety by spouses who are separated and the applicant is occupying the mortgaged premises.

(ii) When the residence is jointly owned by [a former husband and wife] former spouses, who are divorced, and the applicant, who is occupying the mortgaged premises, is unable to locate [his] a former spouse or the applicant is unable to obtain [his] a former spouse's consent to join in the application or sign the [agency's] Agency's loan documents.

(6) When an individual has acquired the residence through inheritance, is able to demonstrate ownership of the residence, has assumed the mortgage and is occupying the mortgaged premises, the individual may be eligible for mortgage assistance provided that all other eligibility criteria are fulfilled. When more than one individual acquires a residence through inheritance, all owners of the residence shall execute—either personally or

through a valid power of attorney—the mortgage and other related loan documents required by the Agency.

(7) When an applicant is subject to an installment sales contract or agreement, the applicant is eligible for mortgage assistance provided that the record owner, when the applicant is not the record owner, executes the mortgage and all other loan documents required by the Agency, subject to all other eligibility criteria.

§ 31.203. Notice; application procedures.

(a) Before a mortgagee accelerates the maturity of a mortgage obligation, commences legal action including mortgage foreclosure to recover under the obligation, or takes possession of a security of the mortgage debtor for the mortgage obligation, the mortgagee is required to give notice in [the] accordance to the guidance and form set forth in Appendix A, subject to the following requirements as updated periodically on the Agency's web site at www.phfa.org:

[(1) The notice shall be sent by first class mail to the last known address of the homeowner and if different, to the residence which is the subject of the mortgage. The notice shall also be sent by registered or certified mail.

(2) The notice should be sent at the point the homeowner is at least 60 days contractually delinquent in his mortgage payments or is in violation of other provisions of the mortgage.]

(1) Except for the entry of the date at the top of each page and the entry of the relevant homeowner account information on the Account Summary, the notice shall be sent without modification or alteration of its form or substance. Notices may not appear on company letterhead. Other changes including formatting changes to font or type size or the alteration of language contained in the body of the notice are not permitted.

(2) The portion of the notice entitled Account Summary may be amended to include the relevant homeowner's complete account information only. The mortgage may increase or decrease the height of cells within the table to accommodate the homeowner account information specifically indicated. In no circumstance may a mortgagee add or remove any additional fields or cells. Fields that do not apply to a homeowner's account shall be filled "Not Applicable" or "N/A."

(3) Each notice must include both the English and Spanish language versions set forth in Appendix A, with the Spanish language version appearing on the reverse side of the English language version.

(4) The notice shall be sent:

(i) By first class mail to the last known address of all homeowners and, if different, the residence which is the subject of the mortgage.

(ii) By registered and certified mail.

(iii) Without any other information or materials.

(iv) If using a window mailing envelope, with either of the following:

(A) An addressed single sheet of plain white paper.

(B) A mailing insert containing either the last known address of the homeowner.

(5) The notice should be sent at the point the homeowner is at least 60 days contractually delinquent in his mortgage payments or is in violation of other provisions of the mortgage. When the original mortgagor is deceased, mortgagees are encouraged to send the notice to the mortgaged premises at the point that mortgage payments are at least 60 days contractually delinquent.

[(3)] (6) A mortgagee is not required to send the notice required by this subchapter (unless the homeowner has cured his mortgage delinquency, by means of a mortgage assistance loan or otherwise) as follows:

* * * * *

[(4)] (7) Unless the homeowner has cured his mortgage delinquency, by means of a mortgage assistance loan or otherwise, receipt of partial payments of arrears from the homeowner, subsequent to the sending of the notice, does not mean that the mortgagee shall send a new notice to the homeowner prior to legal action being taken to enforce the mortgage.

[(5)] (8) A notice sent to the homeowner, while the homeowner was in bankruptcy, shall be valid and no new notice need be provided as a result of any discharge or dismissal of the bankruptcy petition or relief from the automatic stay.

[(6)] (9) A notice sent under this subchapter, in the form prescribed in Appendix A, shall be in lieu of any other notice required by State law. If notice is not required to be sent under this subchapter, the mortgagee may still be required to send the 30-day notice required by the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. §§ [401—605] 101—605), known as the Usury Law.

(b) When the homeowner has been sent a notice as required by this subchapter—see Appendix A—by the lender holding the mortgage, the following apply:

* * * * *

(4) If after a face-to-face meeting, the homeowner/mortgagor and mortgagee reach an agreement to resolve the delinquency or default as mentioned in paragraph (1) and if, because of circumstances beyond the homeowner's control, the homeowner is unable to fulfill the obligations of that agreement, the homeowner may apply to the Agency or its authorized agent for homeowner's emergency mortgage assistance payments within 30 days of a default in payment under the agreement previously reached. The mortgagee is not required to send an additional notice under this provision. The Agency [suggests that] encourages the mortgagee to advise the homeowner of this provision at the time the forbearance agreement is arranged. If a consumer credit counseling agency is involved, the counseling agency shall notify both the homeowner and the mortgagee of this provision at the time the forbearance agreement is arranged.

(5) An application for assistance may only be obtained from a consumer credit counseling agency. The consumer credit counseling agency will assist the homeowner in preparing and submitting an application. This application shall be [postmarked or] filed at the offices of the Agency or at a location designated by the Agency within 30 days of the initial meeting between the homeowner and the consumer credit counseling agency.

* * * * *

(11) If the homeowner fails to meet with an approved consumer credit counseling agency within the period specified or fails to meet other time limitations in this subchapter, the mortgagee may take legal action to enforce the mortgage [**provided, however, that an application for mortgage assistance may be submitted beyond the time periods specified (that is, a "late application")**]. A homeowner may file a late application and in that case the Agency will make a determination within [**60-calendar**] **60 calendar** days of receipt of the application. A late application will not prevent the lender from starting and pursuing a foreclosure action, but if the application is eventually approved at any time before a sheriff's sale, the foreclosure must be stopped.

(12) If the Agency determines that the applicant does not qualify for assistance, the following apply:

(i) The applicant may not reapply for assistance for 24 months from the date of **eligibility** determination under a mortgage **obligation** unless there is a material change in the applicant's financial circumstances.

(ii) An applicant who is denied a mortgage assistance loan may request an administrative hearing under [**§ 31.207 (relating to repayment)**] **§ 31.209 (relating to appeals)**. This request does not prohibit a mortgagee from pursuing legal action to enforce the mortgage.

* * * * *

§ 31.204. Agency review.

* * * * *

(b) Agency responsibilities include the following:

* * * * *

(3) The Agency will determine whether the homeowner has a reasonable prospect of being able to resume full mortgage payments within 24 months after the beginning of the period for which assistance payments are provided by the Agency and of being able to pay the mortgage in full by the maturity date or by a later date agreed to by the mortgagee for completing mortgage payments. If the term of the mortgage matures prior to or during the period of assistance, the mortgagor [**is still**] **may still be eligible for assistance under this subchapter, except as provided in § 31.206(d) (relating to reasonable prospect of resuming mortgage payments and paying mortgage by maturity).**

* * * * *

§ 31.205. Financial hardship due to circumstances beyond the homeowner's control.

* * * * *

(c) *Disallowance.* The following circumstances will not be considered by the Agency to be beyond the mortgagor's control:

* * * * *

(4) When the homeowner's financial hardship was a result of money mismanagement or an [**over extension**] **over-extension** of credit to the homeowner. In this regard, the Agency will consider the following in determining whether the homeowner used prudent financial management:

* * * * *

(ii) Debts incurred [**or**], expenditures made by the homeowner for non-necessities **or failure to evidence**

reasonable efforts to modify or reduce expenses during the financial hardship, which exceeded the homeowner's ability to pay, will be considered evidence of poor financial management.

* * * * *

(f) *Information required.* The homeowner shall provide sufficient information, **including tax returns**, to allow the Agency to assess the reasons for the mortgage delinquency. The Agency will base its decision on the information received from the homeowner or other sources. The lack of sufficient information from the homeowner which is reasonably available to the homeowner, or the receipt of knowingly false or misleading information from the homeowner may result in a denial of the application on the merits.

§ 31.206. Reasonable prospect of resuming mortgage payments and paying mortgage by maturity.

(a) In general, the Agency will consider all relevant factors when evaluating whether the homeowner has a reasonable prospect of being able to resume full mortgage payments within 24 months after the beginning of the period for which assistance payments are provided the Agency and of being able to pay the mortgage in full by maturity or by a later date agreed to by the mortgagee, including the following:

* * * * *

(7) A homeowner's demonstrated ability to make regular monthly mortgage payments, even though those payments represented most of the homeowner's income. In determining whether the homeowner's future job and income prospects will be sufficient to enable the homeowner to pay the mortgage debt—including principal, interest, taxes and insurance—the Agency will take into consideration the amount of household income available to the homeowner **for a reasonable period of time not to exceed 24 months** prior to the circumstances which caused the mortgage delinquency and whether the income was sufficient **as evidenced by documentation, including tax returns. If a homeowner is not required to file taxes, documentation evidencing the exemption shall be provided.**

* * * * *

§ 31.207. Repayment.

* * * * *

(b) The Agency will enter into an agreement with the homeowner for repayment of mortgage assistance plus interest.

(1) Interest shall accrue at the rate of 9% per year except for loans closed starting January 1, 2009, and thereafter, in which case the rate of interest will be determined by the Agency under [**the provisions of**] section 406-C(5) of the [**act**] **Housing Finance Agency Law (35 P. S. § 1680.406c(5)) and as set forth on the Agency's web site at www.phfa.org.**

* * * * *

§ 31.209. Appeals.

* * * * *

(e) The hearing examiner will notify the appellant as to the [**time and place**] **date and time** of the hearing, **as determined by the Agency.** The Agency will attempt to schedule hearings within 30 days after the request is received. The hearing may be conducted by a telephone

conference call. The hearing examiner shall also provide notice to the mortgagees that an administrative appeal has been filed.

* * * * *

§ 31.211. Act 91 Notices; information to be supplied to the Agency.

[(a) General.

(1) *Notification.* The mortgagee or other person sending the Act 91 Notice shall either send a copy of the notice or information concerning notices sent to the Agency, in the following manner:

(ii) *Electronic mail.* (email): Send a scanned copy to: Act91@phfa.org.

(2) *Electronic reporting.* In lieu of sending an actual copy of each notice as set forth in subparagraph (i), the mortgagee or other person sending the Act 91 Notice may provide the Agency with a report of notices sent listing at least the following information:

(i) The date Act 91 Notice was mailed.
 (ii) The name of lender/servicer on whose behalf it was sent.

(a) *Notification.* The mortgagee or other person sending the Act 91 Notice shall either send a copy of the notice or information concerning notices sent to the Agency in either of the following manners:

(1) *Electronic reporting.* Instead of sending an actual copy of each notice as set forth in paragraph (2), the Agency recommends that the mortgagee or other person sending the Act 91 Notice provide the Agency with a report of notices sent as an e-mail attachment to Act91@phfa.org including the following information and in the following format:

(i) The date of the Act 91 Notice.
 (ii) The name of lender/servicer on whose behalf it was sent.

(iv) E-mail a scanned copy to Act91@phfa.org.

(b) *Multiple notices.* If more than one notice is sent (such as, when the mortgagors live somewhere other than the mortgaged property or when there are multiple mortgagors and individual notices are sent to each) only one entry should be made in the report since only one property is being foreclosed upon.

(c) *Frequency of reports.* The mortgagee may send a report as set forth in paragraph (2) on a monthly basis, for notices sent during the previous month, or they may send a report on a quarterly basis listing the notices sent during the prior calendar quarter. Quarterly reports shall be sent within 30 days after the end of each calendar quarter.

Act 91 Notice (27 point font, bold)
La Notificación de Acto 91* (20 point font, bold)

This is an official Act 91 Notice. You are receiving this notice because Pennsylvania law requires mortgage lenders to send it to homeowners facing foreclosure. This notice contains important legal information about your rights and how you can save your home. You may be eligible for state-funded assistance from the Homeowner's Emergency Mortgage Assistance Program (HEMAP), a program of the Pennsylvania Housing Finance Agency (PHFA). (12 point font)

Save Your Home From Foreclosure
 (16 point font, bold)

Applying for HEMAP may temporarily stop your lender from foreclosing. You **must** have a face-to-face meeting with a HEMAP-approved Consumer Credit Counseling Agency **within 33 days** of the date of this notice. This meeting is free and is the only way to apply for HEMAP. A list of approved Counseling Agencies is attached. A list is also available at <http://www.phfa.org/counseling/hemap.aspx>. If after speaking with a Counseling Agency you have further questions about HEMAP, please call 1 (800) 342-2397. Hearing impaired individuals may call (717) 780-1869.

To ensure a timely appointment, please call a Counseling Agency **immediately** to schedule a face-to-face meeting. Take this entire Act 91 Notice, including the attached Account Summary, with you to your face-to-face meeting. A counselor can:

- Help you apply for HEMAP and explain how the program works.
- Talk with your lender about a loan modification or other repayment plan.
- Explain possible options to avoid foreclosure such as loss mitigation, refinancing your loan, selling or transferring your property to a third party or having a third party cure the delinquency on your behalf through a short sale or assumption of mortgage.
- Provide referrals for other assistance, programs or services.
- Explain other rights you may have.

Late HEMAP applications are accepted. A late HEMAP application will not stop your lender from foreclosing. Approval of a late HEMAP application, however, may cure your default and may save your home.

Alternatively, you may save your home from foreclosure by curing your default. That means paying your lender all amounts currently due, including reasonable late charges, attorney fees and other costs and by otherwise fulfilling your mortgage obligations. You may cure the default at any time up to one hour before a Sheriff's Sale.

If you have filed a petition in **bankruptcy**, this notice is provided for informational purposes only and is not an attempt to collect a debt. If you are protected by a bankruptcy filing you may still apply for HEMAP assistance.

La Notificación del Acta 91
Act 91 Notice*

Esta es una notificación oficial del Acta 91. Usted está recibiendo este aviso porque la ley de Pensilvania requiere que los prestamistas hipotecarios la envíen a los propietarios de viviendas que enfrentan ejecuciones hipotecarias. Esta notificación contiene información legal importante sobre sus derechos y cómo puede salvar su casa. Es posible que usted puede ser elegible para recibir asistencia por el programa llamado "Homeowners' Emergency Mortgage Assistance Program" o también el "Programa de Ayuda Hipotecaria de Emergencia para Propietarios" ("HEMAP"), un programa de Pennsylvania Housing Finance Agency o en español conocida como la Agencia de Finanzas de Viviendas de Pennsylvania.

Salvar Su Casa de una Ejecución Hipotecaria

Aplicando al programa HEMAP puede detener temporalmente su prestamista de una ejecución hipotecaria. Necesita obtener una cita con una Agencia de Asesoría y Crédito del Consumidor acreditada por HEMAP **dentro de 33 días** de la fecha en esta notificación. Este encuentro es gratuito y es la única forma de solicitar a HEMAP. Se incluye con esta notificación una lista de agencias de asesoramiento aprobadas para aplicar. Una lista también está disponible en <http://www.phfa.org/forms/brochures/spanish/HEMAPBrochureSpanish.pdf>. Si después de hablar con una agencia asesora tiene más preguntas, por favor llame al 1(800) 342-2397. Personas con discapacidad auditiva pueden llamar al (717) 780-1869.

Para garantizar una cita oportuna, por favor llame una agencia asesora **inmediatamente** para reservar una cita cara-a-cara/en persona. Tome esta Notificación Acta 91, incluyendo el Resumen de Cuenta adjunto consigo a la cita cara-a-cara/en persona. Un consejero puede:

- Ayudarle a solicitar a HEMAP y explicar cómo funciona el programa.
- Hablar con su prestamista acerca de una modificación de préstamo o de otro plan de pago.

- Explicarle posibles opciones para evitar la ejecución hipotecaria como mitigación de pérdida, refinanciar su préstamo, vender o transferir su propiedad a un tercero o tener una tercera parte de la curación delincuencia en su favor a través de una venta corta o Asunción de hipoteca.

- Proporcionar referencias de otra ayuda, programas o servicios disponibles en su área.
- Explicarle otros derechos que pueda tener.

Se aceptan solicitudes de HEMAP atrasadas. Una aplicación atrasada no detendrá su prestamista de ejecución hipotecaria. Pero tome en cuenta que la aprobación de una solicitud atrasada de HEMAP puede curar el defecto de atraso, y podría salvar su casa.

Alternativamente, puede salvar su casa de la ejecución hipotecaria por modo de reparo a su incumplimiento y traer la cuenta nuevamente al estado corriente. Esto incluye cargos por morosidad razonables y con los honorarios de abogado, otros costos, y también por cumplimiento con sus obligaciones de hipoteca. Puede reparar el cumplimiento del retraso hasta una hora antes de la venta del alguacil.

Si ha presentado una **petición de quiebra**, esta notificación se proporciona sólo para fines informativos y no es un intento de cobrar una deuda. Si usted está protegido por una declaración de bancarrota puede solicitar asistencia de HEMAP.

INDEPENDENT AUDITORS' REPORT

Board of Directors
Commonwealth Financing Authority
Harrisburg, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the COMMONWEALTH FINANCING AUTHORITY ("the AUTHORITY"), a component unit of the Commonwealth of Pennsylvania, as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors' consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2015 and 2014, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Adoption of Governmental Accounting Standards Board Statements

As discussed in Note 1 to the financial statements, during the fiscal year ending June 30, 2015, the Authority adopted the provisions of Governmental Accounting Standards Board's Statement No. 68, "*Accounting and Financial Reporting for Pensions— an amendment of GASB Statement No. 27*"; Statement No. 69, "*Government Combinations and Disposals of Government Operations*"; Statement No. 71, "*Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*". Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 11, 2015, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Financial Statements for the Year Ended June 30, 2015

The Commonwealth Financing Authority, hereafter referred to as the "Authority," is pleased to present its financial statements developed in compliance with Statement of Governmental Accounting Standard No. 34, entitled "Basic Financial Statements – Management's Discussion and Analysis – for State and Local Governments" (hereafter GASB 34), and related standards. GASB 34 enhances information provided to the users of its financial statements. This section of the financial reporting package presents our discussion and analysis of the Authority's financial performance during the years ended June 30, 2015 and 2014. Please read it in conjunction with the Authority's financial statements that follow this section.

OPERATIONAL HIGHLIGHTS

Over the past fiscal year, the Authority approved \$16.4 million in funding to support 106 projects in 26 counties through seven Act 13 Marcellus Legacy Fund programs. Funding will support important environmental protection projects such as plugging of abandoned oil and gas wells, abandoned mine drainage treatment, watershed restoration and flood mitigation measures. Act 13 funds also support the development of greenways, trails, and recreation projects that enhance communities and encourage a healthy lifestyle.

The Authority solicited applications for the Multimodal Transportation Program. The Authority approved \$40 million in funding to support 62 transportation-related projects in 29 counties. The funding is made available through Act 89 of 2013 and is targeted to projects that will strengthen our transportation network that is vital to attracting jobs and investment and improving the safety of Pennsylvania's citizens.

OVERVIEW OF THE FINANCIAL STATEMENTS

Management's Discussion and Analysis (MD&A) serves as an introduction to, and should be read in conjunction with, the basic audited financial statements. The MD&A represents management's examination and analysis of the Authority's financial condition and performance. Summary financial statement data and other management tools were used for this analysis.

The financial statements report information about the Authority using the accrual method of accounting, as utilized by similar business activities in the private sector. The financial statements include a Statement of Net Position; a Statement of Revenues, Expenses, and Changes in Net Position; a Statement of Cash Flows; and Notes to the Financial Statements.

The Statement of Net Position presents the financial position of the Authority on an accrual basis. The Statement of Net Position also presents information on all of the Authority's assets and liabilities, with the difference reported as net position. Over time, increases and decreases in net position are one indicator of whether the financial position of the Authority is improving or deteriorating.

While the Statement of Net Position provides information about the nature and amount of resources and obligations at year-end, the Statement of Revenues, Expenses, and Changes in Net Position presents the results of the business-type activities over the course of the fiscal year and information as to how the net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. This statement also provides certain information about the Authority's recovery of its costs.

The Statement of Cash Flows presents changes in cash and cash equivalents, resulting from operational, financing, and investing activities. This statement presents cash receipt and cash disbursement information without consideration of the earnings event when an obligation arises or depreciation of capital assets.

The Notes to the Financial Statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the Authority's accounting policies, significant account balances and activities, long-term debt and subsequent events, if any.

The Authority issued bonds in 2015, totaling \$196.2 million, which included a \$96 million new money piece and \$100.2 million in refunded bonds. The bond issuance was the primary cause for the increase in total liabilities of \$48.6 million in 2015, net of the principal payments and refunding of \$170.8 million made during the year on the Authority's long-term debt liabilities. The issuance of the 2015 bonds along with transfers in from the primary government related to the Act 13 and Multimodal Transportation programs are the primary reasons for the increase of \$161.5 million in total assets, net of grant disbursements. Due to the nature of economic development grants and loans, some of which require drawdowns, funding not immediately disbursed upon Board approval is held as cash, cash equivalents, or authorized investments.

The increase in the total net position in 2015 is attributable to the \$80.8 million transfer for Gaming and Act 13 programs and the \$39.2 million transfer for the Multimodal Transportation Program from the Commonwealth. These transfers provide funding necessary to make disbursements for each respective program. This was partially offset by grant disbursements. As an authority under which economic stimulus programs are established, grants and transfers to other governmental entities are essential to achieve its mission. Similar to the previous fiscal year, there were no transfers out to other government entities this fiscal year.

The Authority did not issue bonds in 2014. Total assets decreased by \$18.0 million due to disbursements of \$100.3 million in economic development grants during the year. The \$21.7 million decline in long term assets is attributable to a reduction in long term loans receivable. Long term liabilities declined due to the fact that there were no new bond issuances in 2014 and principal payments of \$55.9 million were made in the fiscal year.

The increase in the total net position in 2014 is attributable to the \$78.0 million transfer for the Gaming and Act 13 programs from the Commonwealth. Both of these transfers provide funding necessary to make disbursements for each respective program. This was partially offset by grant disbursements. As an authority under which economic stimulus programs are established, grants and transfers to other governmental entities are essential to achieve its mission. Unlike the previous fiscal year, there were no transfers out to other government entities this fiscal year.

Since inception, the Authority has issued eleven revenue bonds totaling \$1.968 billion. The Authority has a service agreement with the Commonwealth of Pennsylvania for the payment of the annual debt service through an annual appropriation by the Commonwealth, and transfers from the Gaming Economic Development Tourism Fund. However, there is no assurance that there will be sufficient funds appropriated annually by the Commonwealth to make debt service payments.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
Financial Statements for the Year Ended June 30, 2015

Condensed Statements of Revenues, Expenses, and Changes in Net Position

	2015	2014	2013
Operating income	\$ 12,618,366	\$ 9,713,841	\$ 10,386,165
Operating expenses	(80,087,518)	(105,252,799)	(171,612,932)

Increase/(Decrease) in net position	\$ 112,968,192	\$ 45,874,867	\$ (116,008,956)

During the fiscal years ended June 30, 2015 and 2014, the Authority received \$142.7 million and \$147.9 million, respectively, in transfers from the Commonwealth to pay debt services with respect to Revenue Bonds. The Authority received \$80.8 million and \$78.0 million in gaming and Act 13 monies from the Commonwealth to fund approved projects in select areas of the state in the fiscal years ended June 30, 2015 and 2014, respectively. During the fiscal years ended June 30, 2015 and 2014, the Authority also received \$39.2 million and \$0, respectively, in transfers from the Commonwealth to fund approved projects of the Multimodal Transportation Program. The Authority did not make any transfers to the Commonwealth during fiscal years June 30, 2015 and 2014.

In 2015, operating expenses decreased by \$25.2 million primarily as a result of the Authority disbursing less grants in 2015 as compared to 2014. Grant expenditures fluctuate from year to year based on the programs being offered, demand for the grants, and the availability of funding. As noted in the previous paragraph the increase in net nonoperating revenues can primarily be attributed to the additional funding received from the Commonwealth for the Multimodal Transportation Program in 2015.

In 2014, operating expenses decreased by \$66.4 million due to a decrease of \$67.6 million in grant disbursements. The increase in net nonoperating revenues can be attributed to the \$78.0 million transfer for the Gaming and Act 13 programs from the Commonwealth.

B. Measurement Focus and Basis of Accounting

The Authority follows Generally Accepted Accounting Principles (GAAP). GAAP allows specialized accounting for government entities, which is governed by pronouncements set by the Governmental Accounting Standards Board (GASB). Pronouncements set by the GASB may differ from pronouncements set by the Financial Accounting Standards Board (FASB).

The Authority is considered a special-purpose government since it is engaged solely in business-type activities under GASB Statement No. 34. The Authority's financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Under the accrual basis of accounting revenues are recorded when earned and expenses are recorded when they have been incurred. The statements are intended to report the Authority as an economic unit that includes all measurable assets and liabilities, financial and capital, of the Authority.

All activities of the Authority are accounted for within a single proprietary (enterprise) fund. A proprietary fund is used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The Authority follows the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis*. Within the Statements of Revenues, Expenses and Changes in Net Position, Statement No. 34 requires operating income and expenses to be separated from non-operating income in order to report net operating income or loss. Operating income and expenses are defined as those activities directly related to the Authority's primary business of providing employment through economic development lending. Non-operating revenues and expenses consist of those revenues and expenses that are related to financing and investing types of activities and result from non-exchange transactions, such as investment income/loss.

C. Cash and Cash Equivalents

Cash and cash equivalents, for the purposes of the Statement of Cash Flows, include cash on hand or on deposit in highly liquid financial debt instruments with a maturity of three months or less at the date of purchase.

D. Allowance for Loan Losses

The allowance for loan losses is a reserve account for possible future loan losses. Provision for loan losses is credited to the allowance account. Loan losses which are charged-off and recoveries of previously charged-off loans are charged or credited directly to the allowance account. The provision for loan losses is adjusted on an annual basis at the rate of 2% of outstanding loan balances at the respective fiscal year end, adjusted further for any loans deemed particularly risky of non collections.

E. Interest Income

Interest income on cash equivalents and loans are recorded when earned.

Uncollectible interest on loans that are contractually past due is charged off, or an allowance established based on management's periodic evaluations. The allowance is established by a charge-to-interest income equal to all previously accrued, and income is subsequently recognized only to the extent that cash payments are received until, in management's judgment, the borrower's ability to make periodic interest and principal payments is back to normal.

In addition to fixed interest arrangements, some loans contain provisions which provide lump sum interest payments based upon certain conditions being met. The additional income is recognized when earned.

F. Utilization of Resources

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as needed.

G. Bond Premium and Discount

The difference between the cash received from bondholders at issuance and the principal amount due to bondholders at maturity is recognized as bond premium or discount. Bond premium or discount is amortized as a component of interest expense using the straight-line method over the lives of the bonds issued, which approximates the interest method.

H. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

I. Deferred Outflows of Resources – Refunding Loss on Bonds

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net position that applied to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The statement of net position reports the Refunding Loss on Bonds as a deferred outflow of resources.

NOTE 2: FINANCIAL SUPPORT

The Authority reported a deficit net position of \$623,055,855 and \$736,024,047 as of June 30, 2015 and 2014, respectively. The Authority's business purpose will result in continued losses from operation due to the disbursement of grant awards to help promote economic growth in the Commonwealth. In addition, the Authority transferred part of its bond proceeds to the Commonwealth Department of Environmental Protection, the Ben Franklin Technology Development Authority, and the Machinery and Equipment Loan Fund (MELF) program, which contributed to the deficit in net position.

Through a service agreement with the Authority, the Commonwealth has pledged to seek annual appropriations to pay the Authority's annual debt service obligations. Therefore, factors listed above do not raise doubt as to the Authority's ability to meet obligations when due. See Note 5 for further discussion of debt requirements.

NOTE 3: CASH AND CASH EQUIVALENTS

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits or investments may not be returned to it. The Authority does not have a deposit or investment policy for custodial credit risk. As of June 30, 2015 and 2014, due to the nature of the cash and cash equivalents balances, there is no custodial credit risk.

Additionally, due to the short-term maturity of the cash equivalents, there is limited interest rate risk.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Commonwealth Financing Authority
Harrisburg, Pennsylvania

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the COMMONWEALTH FINANCING AUTHORITY ("the Authority"), a component unit of the Commonwealth of Pennsylvania, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated September 11, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 1**

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S.

§§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup

plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. DEPARTMENT OF HUMAN SERVICES

Availability of the Commonwealth's Statewide Transition Plan for Home and Community-Based Settings

The Department of Human Services (Department) is making available for review and public comment the Commonwealth's revised proposed Statewide Transition Plan for Home and Community-based Settings (Plan). Comments received will be used to formulate the Commonwealth's Final Plan that will be submitted to the Centers for Medicare and Medicaid Services (CMS).

Background

On January 16, 2014, CMS published a final rule for home and community-based services (HCBS) at 79 FR 2948 (January 16, 2014) with an effective date of March 17, 2014. This final rule, among other things, amends the Medicaid regulations for HCBS waivers under section 1915(c) of the Social Security Act (42 U.S.C.A. § 1396n(c)) to provide requirements regarding person-centered plans of care, characteristics of settings that are home and community-based as well as settings that may not be home and community-based. See 42 CFR Parts 430, 431, 435, 436, 440, 441 and 447. These requirements reflect CMS' intent that individuals receiving services and supports through Medicaid waivers receive services in settings that are integrated in and support full access to the greater community.

All 1915(c) Medicaid waivers must comply with these requirements. In this Commonwealth there are nine 1915(c) Medicaid HCBS waivers:

- Adult Autism Waiver
- Aging Waiver
- Attendant Care Waiver
- COMMCARE Waiver
- Consolidated Waiver
- Independence Waiver
- Infant, Toddlers and Families Waiver
- OBRA Waiver
- Person/Family-Directed Support Waiver

The final rule recognized that a transition period may be needed for states with existing approved 1915(c) HCBS waivers to meet the provisions of the final rule. The final rule provides the state with the opportunity to develop a transition plan that encompasses a period of up to 5 years after the effective date of the regulation to meet the provisions of the final rule. For more details about the HCBS final rule, refer to the CMS HCBS web page at <http://www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Long-Term-Services-and-Supports/Home-and-Community-Based-Services/Home-and-Community-Based-Services.html>.

The Department's initial proposed Plan was published at 44 Pa.B. 5544 (August 16, 2014). Based upon feedback received through public forums, written public comments and CMS communication, the Department revised the proposed Plan which was published at 45 Pa.B. 921 (February 21, 2015), with an additional series of public webinars and public comment period. The Department also submitted this proposed Plan to CMS on April 1, 2015.

Transition Plan

Based on additional public comment and CMS communication, the Department has updated the proposed Plan for all nine 1915(c) Medicaid HCBS waivers. The current

proposed Plan is available at www.dhs.pa.gov/citizens/hcbswaiver. The updated Plan includes the steps the Department anticipates taking to achieve compliance with the HCBS final rule and incorporates additional feedback and stakeholder input from stakeholder sessions, informational calls with CMS, and updates on progress made in complying with the HCBS final rule.

A hard copy of the updated Plan may be requested by contacting the Department at the following mailing address or e-mail address. Individuals should include their full name and mailing address when making a request.

Public Input

The Department will hold webinars to receive comments on the updated Plan. Dates and times to participate in the webinars:

DEPARTMENT OF REVENUE

Interest Rate Notice

Under sections 806 and 806.1 of The Fiscal Code (72 P. S. §§ 806 and 806.1), the Secretary of Revenue announces that, for the calendar year beginning January 1, 2016, all underpayments of tax which became due and payable to the Commonwealth shall bear interest at the rate of 3% per annum. All overpayments of the tax paid during this calendar year under Article III of the Tax Reform Code of 1971 (72 P. S. §§ 7301—7361) shall bear interest at the rate of 3% per annum. All other overpayments of tax paid during this calendar year shall bear interest at the rate of 1% per annum. These rates will remain constant until December 31, 2016. These rates will be codified under 61 Pa. Code § 4.2(a) (relating to rate of interest).

These rates have been established based upon the rate established by the Secretary of the Treasury of the United States under section 6621(a)(2) of the Internal Revenue Code (26 U.S.C.A. § 6621(a)(2)) to be effective January 1, 2016.

Although the Tax Reform Act of 1986 amended section 6621 of the Internal Revenue Code by requiring that the

Secretary of the Treasury of the United States establish quarterly rates of interest to become effective for Federal purposes on the first month of each calendar quarter, these amendments do not affect Commonwealth law. The Fiscal Code, as previously cited, requires that the interest rate be established effective January 1 of each calendar year without regard to any change in the Federal interest rate during the calendar year.

A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the winning ticket is claimed and validated or approximately 30 days after the date of the drawing in which the winning ticket was entered, provided that Lottery security can and has verified the sales transaction as valid. A bonus will not be awarded to a Lottery retailer that sells a Pennsylvania Lottery Millionaire Raffle XXIII ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

14. *Promotional Drawings:* The Pennsylvania Lottery may conduct promotional drawings associated with the Pennsylvania Millionaire Raffle XXIII lottery game. If the Lottery does conduct such a promotional drawing, Pennsylvania Millionaire Raffle XXIII lottery game tickets will be imprinted with a unique code to be used by players to enter the promotional drawings. The promotional draw-

ings may be held independently of or in conjunction with the regular Pennsylvania Millionaire Raffle XXIII drawings. The Secretary will announce the existence of the promotional drawings. Winners of promotional drawings will be randomly selected from the group of qualified entries. A description of the available prize(s) and the specific rules and other information necessary for the conduct of the promotional drawings will be posted to the Lottery's publicly accessible website. A copy of the same will also be kept on file with the Lottery and will be available upon request.

15. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania Millionaire Raffle XXIII lottery game tickets. The conduct of the Program will be governed by 61 Pa. Code § 811.41 (relating to promotional prizes).

16. *Unclaimed Prize Money:* Unclaimed prize money on winning Pennsylvania Millionaire Raffle XXIII lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto for 1 year from the announced close of the Pennsylvania Millionaire Raffle XXIII lottery game. If no claim is made within 1 year of the announced close of the Pennsylvania Millionaire Raffle XXIII lottery game conducted by the State Lottery, the right of a ticket holder to claim the prize represented by that ticket, if any, expires and the prize money will be paid into the State Lottery Fund and used for purposes otherwise provided for by statute.

17. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P. S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

54-83	Pennsylvania Liquor Control Board Posting Requirements for Extension 45 Pa.B. 6269 (October 24, 2015)	11/23/15	12/23/15

Pennsylvania Liquor Control Board Regulation #54-83 (IRRC #3095)

Posting Requirements for Extension December 23, 2015

We submit for your consideration the following comments on the proposed rulemaking published in the October 24, 2015 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b). Section 5.1(a) of the RRA (71 P.S. § 745.5a(a)) directs the Pennsylvania Liquor Control Board (Board) to respond to all comments received from us or any other source.

1. Clarity.

The proposed regulation requires an applicant requesting an extension of a liquor license to include additional premises to post public notice for a period of at least 30 days. Current regulations require the notice to be posted for at least 15 days. The Board, in the Preamble and in response to Regulatory Analysis Form (RAF) questions #7, #10 and #14, describes the purpose of the rulemaking is to amend the Board's regulations to conform with changes to the law effectuated by Act 212 of 2002.

Section 403(g) of the Liquor Code (Code) (47 P.S. § 4-403(g)) requires every applicant for a new license or for the transfer of an existing license to post, for a period of at least 30 days, a notice of such application. Act 212 of 2002 amended Section 403(g) of the Code by increasing the number of days that an applicant for a new license or for the transfer of an existing license must post notice from fifteen days to thirty days.

Section 404 of the Liquor Code (47 P.S. § 4-404) distinguishes three separate categories of applications: a new license, a license transfer to a new location and an extension of an existing license to cover an additional area. The references in Section 404 to ". . . the extension of an existing license to cover an additional area" were added by Act 1 of 2006.

Based on our review of these two sections, it appears an application for the extension of an existing license to include additional premises does not fall under either category of a new license application or an application for transfer of an existing license. The Board has provided additional information explaining that license transfers are considered to include extensions. Specifically, the Board cites the case of *Ulana, Ltd. v. PLCB* as its legal authority in determining that Section 403(g) applies to extensions of license. The Board should reference the case

in the Preamble and RAF to the final-form regulation as the statute alone does not make clear that Section 403(g) applies to license extensions.

Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

3. That respondent was issued a Certificate of Public Convenience by this Commission on August 13, 2015, at A-6417842.
