## DEPARTMENT OF AGRICULTURE

### Order of Quarantine; Boxwood Blight

#### Recitals

A. Boxwood Blight, *Calonectria pseudonaviculatum*, is a new pest to the United States and in the Commonwealth. This is a deadly disease to plants in the *Buxus* genus and not widely prevalent or distributed within or throughout the Commonwealth or the United States.

B. The Plant Pest Act (Act) (act of December 16, 1992, P.L. 1228, No. 162) (3 P.S. §§ 258.1—258.27) empowers The Department of Agriculture (Department) to take various measures to detect, contain and eradicate plant pests. These powers include the authority, under section 258.21 of the Act, to establish quarantines to prevent the spread of plant pests within this Commonwealth (act of December 16, 1992, P.L. 1228, No. 162, § 21) (3 P.S. § 258.21).

C. Under the authority of section 258.20 of the Act (related to pests declared public nuisance) (act of December 16, 1992, P.L. 1228, No. 162, § 20) (3 P.S. § 258.20) the Department may declare a plant pest to be a public nuisance when the Department determines a plant pest to be dangerous or destructive to the agriculture, horticulture or forests of this Commonwealth. For the reasons set forth in Paragraph A above, the Department declares Boxwood Blight to be a public nuisance.

D. Once a plant pest is declared a nuisance, "It shall be unlawful for any person knowingly to permit any plant pest so declared to exist on his premises or to sell, offer for sale, give away or move any plants, plant products or other material capable of harboring the pest." (act of December 16, 1992, P.L. 1228, No. 162, § 20) (3 P.S. § 258.20)

E. Where the Department detects or confirms Boxwood Blight, *Calonectria pseudonaviculatum*, the property, facility, premises, place or area where it is detected or confirmed shall be subject to this Order of Quarantine.

#### Definitions

*Associated equipment.* Articles associated with production, movement, and sales. Such equipment may include tractors, wagons, trucks, stands, benches, etc.

*Compost products.* Products containing pieces of *Buxus* (*sp.*) including chipped plant materials, soil, leaves, and compost.

*Landscaping, Nursery production and retail waste.* Includes living or dead plants or plant parts from the *Buxus* (*sp.*), product produced in the course of or resulting from landscaping, nursery production, and retail sales, including associated supplies and equipment.

*Systems Approach.* The application of multiple pest management measures, at least two of which act independently but with cumulative effect, to reach the appropriate level of phytosanitary protection for prevention of pathogen development and movement. A pest management plan developed using a Systems Approach will address critical control points which include but are not limited to: inspection of new plants, isolation, water management, sanitation, shipping and returns.

#### Order

Under authority of section 21 of the Act (act of December 16, 1992, P.L. 1228, No. 162, § 21) (3 P.S. § 258.21), and with the Recitals and definitions previously listed incorporated into this Order of Quarantine by reference, the Department orders the following:

1. *Establishment of Quarantine on any property, facility, premises, place or area where Boxwood Blight is confirmed.* The Department will establish a quarantine and define the area of quarantine in a manner to prevent movement of *Buxus* material which has been exposed to or may be a carrier for, Boxwood Blight, *Calonectria pseudonaviculatum*, in any life stage. Quarantine boundaries will be established after an investigation and evaluation of the situation determines what areas may have been exposed to and harbor life stages of Boxwood Blight. An external quarantine is established by this Order of Quarantine to prevent further movement of Boxwood Blight, *Calonectria pseudonaviculatum* into the Commonwealth.

2. *Quarantine areas may be established by the Department based on any of the following:*

a) Confirmation of the plant pest at any in state or out of state location, property, facility, premises, place or area.

b) Confirmation of the plant pest in any delivery of a host plant or potential host plant to a Commonwealth location, property, facility, premises, place or area.

c) Locations, properties, facilities, premises, places or areas receiving shipments of host plants from a vendor, nursery or person known to have shipped contaminated plants to other locations.

d) Trace forward and trace back results indicating locations, properties, facilities, premises, places or areas where cross contamination of host plants could have occurred.

e) Suppliers or persons receiving plants which may have multiple locations, properties, facilities, premises, places or areas within the Commonwealth with plant hosts where there is evidence of exposure to a shared plant production source, a motor vehicle, carrier, container or other vessel that carried a host plant or was exposed to a contaminated host plant or other source of the plant pest.

f) Locations, properties, facilities, premises, places or areas with plant hosts where there is evidence of exposure to a motor vehicle, carrier, container or other vessel that carried a host plant or was exposed to a contaminated host plant or other source of the plant pest.

3. *Regulated Articles and Limitations Imposed.* The plant pest established by this Order of Quarantine—Boxwood Blight, *Calonectria pseudonaviculatum*—along with any material or object that may carry or spread the plant pest such as the following objects or materials, are considered regulated articles under this Order of Quarantine and may not be moved out of the quarantined area or transported into or within this Commonwealth, unless done in accordance with the applicable requirements of Paragraphs 4, 5 and 6 of this Order of Quarantine:

a) Any living life stage of the Boxwood Blight, *Calonectria pseudonaviculatum*.

b) All plants and plant parts. This shall include, but is not limited to, all live, dead, infected or non-infected nursery stock, budwood, scionwood, and produce and other material living, dead, cut, fallen including stumps, roots, branches, mulch, and composted and uncomposted chips.

c) Brush, debris, bark, or yard waste.

d) Landscaping, nursery/greenhouse and plant retail waste

e) Leaves, branches, and soil of infected *Buxus* genus

f) Any other article or means of conveyance when it is determined by an authorized state inspector or through Phytosanitary or other means of state approved inspection to present a risk of spread of Boxwood Blight, *Calonectria pseudonaviculatum*, in any life stage and is in or has been in proximity to such articles and the articles presenting a high risk of artificial spread.

4. *External Quarantine: Buxus (sp.) plant material originating outside of the Commonwealth shall only be imported if:* The originating state authorities have conducted a phytosanitary or other inspection meeting the requirements of movement into Pennsylvania or have entered into a Compliance Agreement, which meets the standards for movement into Pennsylvania, with the person shipping the regulated article. The State Agency with authority to regulate *Buxus (sp.)* plant material shall verify and attest that all of the following criteria are met:

a) The regulated article will be moved in compliance with the provisions of this Order of Quarantine and any additional emergency conditions that the Department may impose under the Plant Pest Act in order to prevent the artificial spread of Boxwood Blight, *Calonectria pseudonaviculatum*;

b) The regulated article, through the required inspection set forth in this Order of Quarantine, has been determined to be free of Boxwood Blight, *Calonectria pseudonaviculatum* based on inspection;

c) The regulated article has been grown, produced, manufactured, stored by a state approved systems approach and safeguarded in a manner that, in the judgment of the Department, prevents the regulated article from presenting a risk of spreading Boxwood Blight, *Calonectria pseudonaviculatum*;

d) All shipments of *Buxus (sp.)* shipped into the Commonwealth must be accompanied by a state Phytosanitary Certificate or Shipping Certificate which states: "The plants were grown, produced, and shipped to meet conditions specified and are not known to have Boxwood Blight, *Calonectria pseudonaviculatum*."

5. *Documentation to Accompany Buxus (sp.) in Movement from a Quarantined Area.* If a regulated article(s), delineated in Paragraph 3 of this Order of Quarantine, is to be moved the regulated article(s) shall be plainly marked with the name and address of the consignor and any person utilized in processing the *Buxus (sp.)* for movement and the name and address of the consignee. Such movement shall only be done under a Department issued and fully executed Compliance Agreement. A copy of a Department issued shipping certificate shall be securely attached to each regulated article itself or the container carrying each *Buxus (sp.)* and such certificate shall be attached to the consignee's copy of the accompa-

nying waybill at all times during movement. The description on the certificate, and on the waybill, shall be sufficient to identify the *Buxus (sp.)*. The consignor shall be responsible for compliance with such documentation standards and shall assure the carrier furnishes the certificate authorizing the movement of the regulated article to the consignee at the destination of the shipment. The consignor, carrier and the consignee shall keep a copy of the certificate. All such records shall be maintained by the consignee, consignor and carrier for a period of 2 years. Such records shall be made available to the Department for inspection upon request.

6. *Compliance Agreements.* The Department will consider entering into a compliance agreement with any Commonwealth person that demonstrates an understanding of the requirements of this Order of Quarantine and satisfies the Department that said person is capable of issuing certificates in accordance with the requirements of this Order of Quarantine. For allowance of out-of-state shipments, the Department will consider valid attestations and signed documentation of inspection from an originating State Agency that possesses regulatory authority with regard to the regulated article. The Department will honor compliance agreements established by the out-of-state Agency, so long as they contain terms consistent with the requirements established by the Department for interstate movement of regulated articles. The Department may provide either blank certificates and limited permits to a person operating under a compliance agreement or authorize reproduction of the certificates on shipping containers, or both, as determined by the Department at its sole discretion. These certificates and limited permits may then be completed and used, as needed, for the movement of regulated articles that have met all of the requirements of this Order of Quarantine. Originals of each certificate issued by a person operating under a compliance agreement shall be kept by said person for a period of 2 years and shall be made available to the Department upon request.

7. *Cancellation of a Certificate or Compliance Agreement.* Any certificate, stamp, or any Compliance Agreement may be canceled orally or in writing by the Department whenever the Department determines that the holder of the certificate or the Compliance Agreement has not complied with a provision of the Act, regulations or this Order of Quarantine. If the cancellation is oral, the cancellation will become effective immediately, and the cancellation and the reasons for the cancellation will be confirmed in writing as soon as circumstances permit.

8. *Federal Requirements for Interstate Movement of Articles.* This Order of Quarantine is distinct from, and in addition to, any Federal statute, regulation or quarantine order addressing the movement of articles from, to or within a quarantined area.

9. *Contacting the Department.* A person seeking information about the requirements of this Order of Quarantine, or a limited permit or certificate for movement of a regulated article(s), or a compliance agreement for intrastate movement of a regulated article(s), shall contact the Department at: Pennsylvania Department of Agriculture, Bureau of Plant Industry, Attention: Dana Rhodes, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 772-5205, danrhodes@pa.gov.

10. *Violations.* In accordance with the provisions of section 258.22 of the Act (act of December 16, 1992, P.L. 1228, No. 162, § 22) (3 P.S. § 258.22) it shall be unlawful to violate or fail to comply with any provision of the Act,

regulations or this Order of Quarantine. Failure to abide by the terms of this Order of Quarantine may result in the following:

a) If the regulated article is determined to be positive for Boxwood Blight, *Calonectria pseudonaviculatum*, all plants in *Buxus*, (*sp*) which may be infected are subject to destruction as determined by the Department.

b) The area in which the plants were located shall be subject to approved methods for sanitation where the infected plants were produced, stored and/or maintained.

c) When a supplier is determined by the Department to be a source of Boxwood Blight, *Calonectria pseudonaviculatum*, that facility will be suspended from sending *Buxus* (*sp*) to any address within the Commonwealth until such time as the following provisions can be demonstrated to the Department by the facility and verified by the Department:

i. The facility shall produce *Buxus* (*sp.*) utilizing a state certification process which incorporates a systems approach for pest mitigation for diseases such as Boxwood Blight; and

ii. The facility shall utilize suppliers or nurseries of *Buxus* (*sp.*) that have been officially inspected and licensed by a State Department of Agriculture or such State Agency with regulatory authority over the matter; and

iii. Any *Buxus* (*sp.*) purchased by the facility shall be held for 30 days in isolation from other *Buxus* (*sp.*) currently on the premises of the facility; and

iv. During the 30 day isolation of the *Buxus* (*sp.*), no fungicides active against Boxwood Blight shall be applied during the isolation holding period, as these fungicides may mask symptoms; and

v. All means of conveyance shall be sanitized and maintained to prevent the movement of Boxwood Blight; and

vi. The *Buxus* (*sp.*) shall not be combined or commingled with other *Buxus* (*sp.*) so as to lose its individual identity during production, maintaining, shipping or display; and

vii. The supplier, for a minimum of 1 year, shall notify the Department at [plant@pa.gov](mailto:plant@pa.gov) of all shipments of *Buxus* (*sp.*) prior to shipment of the plant material to its destination; and

d) When a supplier is determined by the Department to be a source of Boxwood Blight, *Calonectria pseudonaviculatum*, for a second time, that supplier will be suspended from sending *Buxus* (*sp*) to any address within the Commonwealth until such time as the following provisions can be demonstrated to the Department by the supplier and verified by the Department or verified by the State of origin authority, if the supplier is not located within the Commonwealth;

i. All *Buxus* (*sp.*) at the location will be placed under "Stop Sale" or State of origins equivalent for non-movement of plants.

ii. A sample of not less than 2% or a minimum of 10 (ten) plants, whichever is greater, of *Buxus* (*sp.*) block under "Stop Sale", shall be randomly selected, marked and isolated to an observation block and the following conditions applied:

aa) The observation blocks shall have no fungicide applications for at least 30 days and shall remain un-

treated until such time as the conditions are conducive for Boxwood Blight to present.

bb) Once conditions are present for Boxwood Blight and fungicide applications have ceased for at least 30 days, the Department, or where out-of-state, the State Agency with such authority, will sample and inspect the blocks as necessary.

cc) If Boxwood blight is found to be present in the observation block, the *Buxus* (*sp.*) of that size and variety corresponding to the positive block shall be destroyed.

dd) If Boxwood Blight is not found to be present, the *Buxus* (*sp.*) of that size and variety corresponding to the negative block may be released by the Department, or where out-of-state, the State Agency with such authority after final inspection.

iii. For a minimum of 2 years, the facility shall notify the Department at [plant@pa.gov](mailto:plant@pa.gov) of all shipped *Buxus* (*sp.*) prior to shipment of the plant material to its destination; and

e) When a supplier is determined by the Department to be a source of Boxwood Blight, *Calonectria pseudonaviculatum*, for a third time, that supplier will be suspended from sending *Buxus* (*sp*) to any address within the Commonwealth.

f) Wholesale and Retail facilities, which do not produce *Buxus* *sp.* material and have been found positive for Boxwood Blight, *Calonectria pseudonaviculatum*, shall enter into a Clean Boxwood Program for non-producers with the Department.

g) Wholesale and Retail facilities, which do not produce *Buxus* (*sp.*) material and have been found positive for Boxwood Blight, *Calonectria pseudonaviculatum*, shall notify the Department of all incoming *Buxus* (*sp.*) prior to receipt of the plant material for a minimum of 1 year at [plant@pa.gov](mailto:plant@pa.gov); and

This may include cooperation with respect to the most efficacious measures to survey for and detect Boxwood Blight, *Calonectria pseudonaviculatum*, to slow the spread or eradicate these plant pests.

13. *Effective Date.* This quarantine is effective upon signature and shall be published in the *Pennsylvania Bulletin* and shall remain in effect until rescinded by subsequent order.

## DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

### 2012 Action Plan Amendment

The Department of Community and Economic Development (Department) proposes to amend the Commonwealth's Action Plan for Federal Fiscal Year 2012. The amendment is warranted because of adding funding from the HOME Investment Partnership (HOME) 2012 allocation to an activity that was not in the original method of distribution for that year, though the activity has been continuously executed by the Pennsylvania Housing Finance Agency (Agency) for the life of the Consolidated Plan of 2009—2013.

The Annual Action Plan (Plan) is submitted to the United States Department of Housing and Urban Development (HUD) as the annual application for Federal funds administered by the Commonwealth. The HUD funding programs covered by the Plan and administered by the Department are the Community Development Block Grant, HOME, the Emergency Solutions Grant programs, Community Development Block Grant—Disaster Recovery, and Neighborhood Stabilization Program. Also covered by the Plan is the Housing Opportuni-

ties for Persons with AIDS program which the Department of Health administers.

#### *Amendment*

This notice is to inform the citizens, local governmental officials and interested organizations of this Commonwealth that a minor amendment is being made to the 2012 Action Plan as submitted. This amendment does not constitute a substantial amendment as described in the Commonwealth of Pennsylvania's Citizen Participation Plan to Develop the Consolidated Plan and Related Documents. This has been determined because the amendment only identifies \$200,000 from the Agency's allocation being redirected from their Multi-family program to the Tenant Based Assistance Program, under the \$1 million threshold for a substantial amendment. This activity was covered in the 2009—2013 Consolidated Plan and has been a continuous program of the Agency.

The amendment will be made available after June 25, 2016, at <http://www.newpa.com> (under "The Library," select 2012 Action Plan Amendments.) Readers may also contact the Department's Center for Community Development Operations at (717) 787-5327.

Questions or comments on this amendment may be electronically submitted to the Department at [RADCEDcdbg&homequestions@pa.gov](mailto:RADCEDcdbg&homequestions@pa.gov). Written comments should be submitted to Megan L. Snyder, Center for Compliance, Monitoring, and Training, Department of

Community and Economic Development, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225.

### **Substantial Amendments for the Community Development Block Grant—Disaster Recovery; 2012 and 2013 Allocations; Public Hearing**

A public comment period will be held to review the proposed substantial amendments to the Commonwealth for Fiscal Year (FY) 2012 Community Development Block Grant—Disaster Recovery (CDBG-DR) (PL 112-55) funds and FY 2013 CDBG-DR (PL 113-2) funds. The public comment period is from June 26, 2016, through July 26, 2016.

The United States Department of Housing and Urban Development (HUD) issued a notice at 77 FR 22583 (April 16, 2012) which awarded \$27,142,501 of CDBG-DR funds to the Commonwealth to be administered by the Department of Community and Economic Development (Department). This was the first allocation of CDBG-DR funding to assist the State with recovery from 2011 storm events (April 2011 Storms—FEMA-4003-DR; Hurricane Irene—FEMA-4025-DR; and Tropical Storm Lee—FEMA-4030-DR). An Action Plan for these funds was submitted to HUD on July 23, 2012, and subsequently approved. Since then the Department has published and received approval for three Substantial Action Plan Amendments to this first allocation of CDBG-DR funding under PL 112-55. The needs for disaster relief have evolved since the submission of the last Substantial Action Plan Amendment on August 11, 2014, and the completion of the first round of applications for assistance by affected municipalities. The Commonwealth has updated its unmet needs analysis and made some changes to the funding allocations under the PL 112-55 appropriation to reflect this new analysis as well as the strategic priorities of the Commonwealth.

#### *PL 112-55*

Under PL 112-55, the Commonwealth has eliminated the Economic Development Business Stimulus and Resiliency Program due to a lack of unmet need and demand for the program. The funding has been allocated to the following programs:

- Housing Repair, Reconstruction and Elevation Program: \$9,660,501
- Buyout Program: \$1,963,501
- New Housing Construction Program: \$500,000
- Down Payment Assistance Program: \$1,000,000
- Multifamily Rental Housing Program: \$500,000
- Infrastructure Program: \$11,536,374
- Planning: \$625,000
- Administration: \$1,357,125

• Project caps under each program have been removed as well as the provision that required an amendment if 10% or more funding from a program was moved to another program.

#### *PL 113-2*

The Commonwealth received \$29,986,000 from HUD under The Disaster Relief Appropriations Act, 2013 (Pub.L. No. 113-2), approved January 29, 2013. This was the second allocation of CDBG-DR funding to assist the State with recovery from 2011 storm events (April 2011 Storms—FEMA-4003-DR; Hurricane Irene—FEMA-4025-DR; and Tropical Storm Lee—FEMA-4030-DR). The Action Plan guiding the distribution of the \$29,986,000 appropriation was published on August 30, 2013, and allocated \$8.5 million toward Housing Buyouts, \$425,000 towards Administration and outlined additional programs with funding allocations “To be determined after the needs assessment and submittal of applications.” Along with an updated unmet needs analysis, this Substantial Action Plan Amendment allocates the entirety of the PL 113-2 appropriation to a mix of Housing and Infrastructure Programs as follows:

- Housing Repair, Reconstruction and Elevation Program: \$7,000,000
- Buyout Program: \$8,500,000
- Multifamily Rental Housing Program: \$7,500,000
- Infrastructure Program: \$5,386,700
- Planning: \$100,000
- Administration: \$1,499,300

#### *Both Substantial Amendments*

• Under both allocations, the Department, as the grant recipient of this funding, may share administration funding with other subgrantees at its discretion not to exceed 2.5%.

• The citizen participation process for both substantial amendments and all future updates has changed to allow for the use of more electronic notification to interested parties and citizens. Also the time for citizen comment has been extended to 30 days for both allocations to allow for more time to respond to changes in the plan.

The substantial amendments to the PL 112-55 and PL 113-2 Action Plans and supporting documentation will be available for a 30-day public comment period and can be viewed on the Department’s web site at <http://www.newpa.com> (under “The Library,” select “Disaster Recovery Assistance Program.”) The text is available to visual-impaired persons by the Department’s web site at the link previously listed. A translation into Spanish will also be available on the Department’s web site at the same link. The final version of the Substantial Amendment will be submitted to HUD no later than August 3, 2016.

#### *Public Hearing*

The public hearing for the Substantial Amendments will be conducted electronically by the Internet on Monday, July 25, 2016. This more widely available computer/conference call access will replace the onsite public hearing. The format will be more accessible than an in-person meeting because those who wish to make comment or discuss policy may participate directly from their electronic device or from a computer located at their public library.

Any individual or organization may give testimony or comments by the Internet/telephone about the proposed changes to the Action Plans for the CDBG-DR funding. The Commonwealth encourages public participation in this process.

Anyone who wants to participate must register in advance. Contact Megan L. Snyder at (717) 720-7404 to receive registration instructions for the Internet hearing at least 24 hours prior to the hearing date. During the hearing if support is required call (717) 787-5327. The hearing will be shortened if there is no one to testify or there is minimal response.

Persons with a disability or limited English proficiency who wish to participate in the public hearing should contact Megan L. Snyder, Department of Community and Economic Development, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120-0225, (717) 720-7404 or TDD at (717) 346-0308 to discuss how the Department can accommodate their needs.

#### *Written Comments*

Persons who would like to provide written comment on either or both substantial amendments to the CDBG-DR Action Plan may send those comments electronically to RA-DCEDcdbg&homequestions@pa.gov or mail to Megan L. Snyder, Department of Community and Economic Development, Center for Compliance, Monitoring and Training, 400 North Street, 4th Floor, Harrisburg, PA 17120. Comments must be received before 4 p.m. on July 26, 2016. Indicate which year of funding (PL 112-55 or PL 113-2) the comments are addressing.

## DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

### State Forest Wild Area Designations

Based upon the favorable comments received during the public comment period, the following areas will added to the State Forest Wild Areas listing under 17 Pa. Code § 27.5 (relating to procedure).

The contact person for this notice is Amanda Parks, Planning Section, Bureau of Forestry, P.O. Box 8552, Harrisburg, PA 17105-8552, (814) 364-5150, Ext. 307, amparks@pa.gov.

#### State Forest Wild Area Approved Additions

##### *Hammersley Wild Area*

As part of the 2016 update of the State Forest Resource Management Plan (Plan), the Bureau of Forestry (Bureau) finalized approximately 30,000 acres in Susquehannock State Forest as the Hammersley Wild Area. This area, located in the Deep Valleys ecoregion, is the largest roadless area in this Commonwealth, providing opportunities for primitive recreation, as well as protecting exceptional value streams and native brook

trout habitat. Since it was proposed in the 2003 Plan, the area has been managed following the Wild Area guidelines in 17 Pa. Code Chapter 27 (relating to State Forest natural areas—statement of policy). A map of the final boundaries can be found at [www.dcnr.state.pa.us/cs/groups/public/documents/document/dcnr\\_20031105.pdf](http://www.dcnr.state.pa.us/cs/groups/public/documents/document/dcnr_20031105.pdf).

##### *Penns Creek Wild Area*

As part of the 2016 update of the Plan, the Bureau finalized approximately 6,200 acres in Bald Eagle State Forest as the Penns Creek Wild Area (3,810 acres area already designated as the White Mountain Wild Area; an additional 2,473 acres would be added to create the new Penns Creek Wild Area). This area, located in the Ridge and Valley ecoregion, is characterized by its scenic stream corridor, riparian habitats, undeveloped nature and Nationally-recognized trout stream. Since it was proposed in the 2003 Plan, the area has been managed following the Wild Area guidelines. This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995 PREAMBLE 1

### Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop

and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

#### AIR QUALITY

#### PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating

Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. **OP-32-00203: Sharp Paving Inc.** (P.O. Box 156, 7425 Route 422 Hwy, Shelocta, PA 15774-0156), In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department of Environmental Protection (DEP) is providing notice that it intends to issue a renewal State Only Operating Permit (SOOP-32-00203) to Sharp Paving Inc. to authorize the continued operation of the "Shelocta HMA Concrete Plant" located in Armstrong Township, **Indiana County**.

The facility's air contamination sources consist of one (1) Batch Process HMA Concrete Plant rated at 80 tph and one (1) natural gas fired Rotary Dryer Drum rated at 25 MMBtus/hr. Fugitive emissions from "HMA Concrete Plant" facility are controlled via a baghouse rated at 22,500 ACFM at 300°F along with a Knockout Box. The HMA plant is connected to a baghouse to control emissions from dryers, aggregate handling and transfer. The fugitive emissions associated with vehicular traffic generating fugitive emissions on paved and unpaved roads, aggregate material handling, and other aggregate processing operations are controlled with a pressurized water truck.

The throughput of hot mixed asphalt concrete plant at the facility is limited to 495,000 tons for any consecutive 12-month period. The facility has been classified as a Synthetic Minor with plant emissions restricted to 99.0 tons CO, 99.0 tons NO<sub>x</sub>, 99.0 ton SO<sub>x</sub>, 99.0 tons PM<sub>10</sub>, 49.0 tons VOC, 9.0 tons single HAP, and 24.0 tons all HAPs for any consecutive 12-month period of operation. The facility is subject to the applicable requirements of 25 Pa. Code Chapters 121—145 and the applicable requirements of 40 CFR Part 60 Subpart I and Part 60.92 for opacity limits. The applicability of 40 CFR 63, Subpart LLLLL, and National Emission Standards for Hazardous Air Pollutants: Asphalt Processing and Asphalt Roofing Manufacturing were considered. However, a hot mix asphalt plant does not meet the definition of asphalt processing facility; therefore, these regulations are not applicable. Other PA SIP requirements for fugitive emissions, particulate limits, and malodors have been included. The permit includes emission limitations, and operational, monitoring, reporting, and recordkeeping requirements for the facility.

**MINING ACTIVITY NPDES DRAFT PERMITS**

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

*Effluent Limits for Coal Mining Activities*

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

\* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

#### *Effluent Limits for Noncoal Mining Activities*

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995 PREAMBLE 2

**The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).**

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the

selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. **The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).**

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Stan-

dards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water

Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

**Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.**

### WATER QUALITY CERTIFICATIONS

*Northwest Region: Watershed Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.*

**WQ25-001, ITC Lake Erie Connector, LLC, 27175 Energy Way, Novi, MI 48377.** Water Quality Certification under Section 401 of the Federal Clean Water Act for the ICT Lake Erie Connector Project.

On June 13, 2016, the Commonwealth of Pennsylvania ("Commonwealth"), Department of Environmental Protection ("DEP") issued State Water Quality Certification under Section 401 of the Federal Clean Water Act, Pennsylvania's Dam Safety and Encroachments Act, and The Pennsylvania Clean Streams Law. This action is in response to the request from ITC Lake Erie Connector, LLC, 27175 Energy Way, Novi, MI 48377 ("ITC") submitted on February 1, 2016, for the construction of the Lake Erie Connector Project. The DEP file number for this request is WQ25-001. Pennsylvania's State Water Quality Certification is required for the US Army Corps of Engineers permit under Section 10 of the Rivers and Harbors Act and Section 404 of the Federal Clean Water Act, and the Department of Energy's Presidential Permit (Docket No. PP-412). Department of Energy is in the process of preparing the ITC Lake Erie Connector Transmission Line Environmental Assessment (DOE/EA-2019), pursuant to the National Environmental Policy Act (NEPA).

The project involves construction of approximately 72.4 miles of high-voltage direct current electric transmission line between Canada and the United States of America including a total of approximately 42.5 miles of buried electric and communication cables within Pennsylvania. The cable will cross the US-Canada Border in Pennsylvania waters of Lake Erie at or near 42°, 25', 30" North Latitude, -79°, 59', 30" West Longitude and extend generally southwest approximately 35.4 miles, making landfall at or near 42°, 00', 45" North Latitude, -80°, 24', 45", West Longitude approximately 2 miles west of the mouth of Elk Creek in Springfield Township Erie County. The cables then run underground generally south approximately 7.1 miles through Springfield, Girard, and Conneaut Townships, Erie County, to a converter station proposed to be constructed along Lexington Road with approximately 2,080 feet of buried alternating current electric lines connected to the existing Penelec Erie West electric substation in Conneaut Township, Erie County.

DEP, by this notice, certifies with conditions that the construction, operation and maintenance of the Project by ITC complies with the applicable provisions of sections 301—303, 306 and 307 of the Federal Clean Water Act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317). The Department further certifies that granting certification with conditions or limitations that the construction, operation and maintenance of the Project and regulated activities as a whole, complies with Commonwealth water quality standards. The construction, operation and maintenance of the projects will not violate applicable Commonwealth water quality standards provided that the construction, operation and maintenance of the Project and regulated activities complies with the conditions proposed for this

certification with conditions, including the criteria and conditions of the following applicable permits, requirements, or authorizations required by the Department:

1. *Sewage Disposal*—ITC shall ensure that all necessary authorizations or permits are obtained for the installation of on-lot sewage disposal facilities at the converter station, in accordance with the Sewage Facilities Act (Act of January 24, 1966, P.L. 1535, as amended, 35 P.S. §§ 750.1—750.20a) and applicable implementing regulations (25 Pa. Code Chapters 71—73).

2. *Storage Tank Registration*—ITC shall ensure the proper registration, installation, and operation for any aboveground fuel storage in excess of 1,100 gallons, or any subsurface fuel storage in excess of 110 gallons, at the converter station, in accordance with the Storage Tank and Spill Prevention Act (Act of July 6, 1989, P.L. 169, as amended, 35 P.S. §§ 6021.101—6021.2104) and applicable implementing regulations (25 Pa. Code Chapter 245).

3. *Air Quality*—ITC shall ensure the proper construction and operation of the proposed auxiliary power diesel generator at the converter station in accordance with the Pennsylvania Air Pollution Control Act (Act of January 8, 1960, P.L. 2119, as amended, 35 P.S. §§ 4001—4015) and applicable implementing regulations (25 Pa. Code Chapter 127).

4. *Water Obstruction and Encroachment Permit*—ITC shall obtain and comply with a Chapter 105 Water Obstruction and Encroachment Permit for the construction, operation, and maintenance of all water obstructions and encroachments associated with the Project pursuant to The Pennsylvania Clean Streams Law (Act of June 22, 1937, P.L. 1987, as amended, 35 P.S. §§ 691.1—691.1001), Dam Safety and Encroachments Act (Act of November 26, 1978, P.L. 1375, as amended, 32 P.S. §§ 693.1—693.27), and Flood Plain Management Act (Act of October 4, 1978, P.L. 851, No. 166, 32 P.S. §§ 697.101—679.601), and applicable implementing regulations (25 Pa. Code Chapters 105 and 106).

5. *Discharge Permit*—ITC shall obtain and comply with a DEP National Pollutant Discharge Elimination System (NPDES) permit for stormwater discharges associated with construction activities for the Project pursuant to Pennsylvania's Clean Streams Law (Act of June 22, 1937, P.L. 1987, as amended, 35 P.S. §§ 691.1—691.1001) and applicable implementing regulations (25 Pa. Code Chapter 102).

6. *Coastal Resources Management Program (CRM)*—ITC shall ensure that the Project activities are consistent with the Coastal Zone Management Act of 1972, including the requirement for a determination of consistency from the Commonwealth under 15 CFR Part 930, Subpart C.

7. *Operation*—For the Project and regulated activities under this conditional certification, ITC shall at all times properly operate and maintain all Project facilities and systems of treatment and control (and related appurtenances) which are installed to achieve compliance all required permits and authorizations. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by ITC.

8. *Inspection*—The Project and regulated activities, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of DEP to determine compliance with this conditional certification, including all required permits

required, and Pennsylvania's State Water Quality Standards. A copy of this conditional certification shall be available for inspection by the DEP during such inspections of the Projects and regulated activities.

9. *Transfer of Projects*—If ITC intends to transfer any legal or equitable interest in the Project which is affected by this Section 401 Water Quality Certification, ITC shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the PADEP Regional Office of such intent. Notice to PADEP shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them.

10. *Correspondence*—All correspondence with and submittals to PADEP concerning this Section 401 Water Quality Certification shall be addressed to the Department of Environmental Protection, Northwest Regional Office, Waterways and Wetlands Program Manager, 230 Chestnut Street, Meadville, PA 16335.

11. *Reservation of Rights*—DEP may suspend or revoke this conditional certification if it determines that ITC has not complied with the terms and conditions of this conditional certification. DEP may require additional measures to achieve compliance with applicable law, subject to ITC's applicable procedural and substantive rights.

12. *Other Laws*—Nothing in this conditional certification shall be construed to preclude the institution of any legal action or relieve ITC from any responsibilities, liabilities, or penalties established pursuant to any applicable federal or state law or regulation.

13. *Severability*—The provisions of this Certification are severable and should any provision of this Certification be declared invalid or unenforceable, the remainder of the Certification shall not be affected thereby.

### Pennsylvania Alternative Fuels Incentive Grant Program; Availability of Rebates

The Department of Environmental Protection (Department) announces the continued availability of grants to Commonwealth residents under the Pennsylvania Alternative Fuel Vehicle Rebate Program (Program). The Program, administered by the Department through the Alternative Fuels Incentive Grant Program, provides rebates to Commonwealth residents to assist individuals with the incremental costs of purchasing an alternative fuel vehicle.

To qualify for the rebate, the alternative fuel vehicle must be registered in this Commonwealth and be operated primarily within this Commonwealth. The rebate will be offered on a first-come, first-served basis in the order in which they are received. Rebate request forms and required documentation must be submitted to the Department no later than 6 months after the vehicle is purchased.

The following rebates are offered:

- \$2,000 rebate for a plug-in hybrid electric vehicle (PHEV) (battery system capacity equal/greater than 10 kWh) or battery electric vehicle (EV) (battery system capacity equal/greater than 10 kWh); does not include electric motorcycle, scooter, ATV or low speed electric vehicle.

- \$1,000 rebate for a PHEV or EV (battery system capacity less than 10 kWh); does not include electric motorcycle, scooter, ATV or low speed electric vehicle.

- \$1,000 rebate for a natural gas fueled vehicle; original equipment manufacturer (OEM)/certified retrofit only.

- \$1,000 rebate for a propane fueled vehicle; OEM/certified retrofit only.

- \$1,000 rebate for a hydrogen or fuel cell vehicle, or both.

- \$500 rebate for an electric motorcycle, scooter, ATV or other low speed electric vehicle if registered in this Commonwealth.

There are only a limited number of rebates available at \$2,000. The rebate program offered will be reassessed upon payment of the first 250 rebates at \$2,000 or December 31, 2016, whichever occurs first. The Department encourages interested applicants to visit the Department's web site at [www.dep.pa.gov](http://www.dep.pa.gov) for rebate forms and an up-to-date listing of rebate availability (select "Citizens," then "Grants, Loans and Rebates," then "Alternative Fuels Incentive Grant," then "Alternative Fuel Vehicles").

c. The unit must be equipped with a reducing valve (from 2,000 psi to 50 psi line pressure).

d. The unit must be equipped with one flow meter with a range of 0-25 lpm delivery.

24. The ambulance must have an installed onboard suctioning system with the following components and/or capabilities (does not apply to Squad Vehicle):

a. It is fitted with a large bore, nonkinking tubing.

b. It has power enough to provide within 4 seconds a vacuum of over 300 mm/Hg or 11.8 inches of water when the tube is clamped.

c. It is controllable for use on children and intubated patients. The vacuum gauge, when attached to the tubing, must be adjustable to the amount of vacuum needed to ensure that the unit can maintain vacuum levels without requiring continuous increase in control.

d. It is equipped with a lateral opening between the suction tube and the suction source.

25. The ambulance must have onboard proof of current motor vehicle insurance.

#### B. Air (Rotorcraft) Ambulance Requirements

The following will apply to all air ambulances. The air ambulance must have:

1. The name of the air ambulance service or its registered fictitious name prominently displayed on the exterior of the aircraft.

2. Exterior lighting that illuminates the tail rotor and pilot controllable search/spot/landing lights.

3. An "Air Worthiness Certificate" from the Federal Aviation Administration (FAA).

4. A patient litter capable of carrying one adult in the supine position and capable of being secured according to FAA requirements.

5. An FAA Form 337 with items 1 (which identifies the aircraft), 2 (which identifies the aircraft owner) and 7 (which shows that the aircraft is approved to "Return to Service") completed and signed by the appropriate FAA official.

6. Climate controls for maintaining an ambient cabin temperature of between 60—85° during flight.

7. Sufficient interior lighting to allow for close observation of patients.

8. A physical barrier between the pilot, throttle, flight controls and radios and the patient(s).

9. Patient litter with manufacture approved straps.

10. A 110-volt electrical outlet for each patient transported.

11. Two-way radio communications for the pilot to be able to communicate with hospitals, PSAPs and ground ambulances in areas to which the air ambulance routinely provides service.

12. At least one headsets per crew member with built in communication among the crew when the aircraft is operating and noise levels prevent normal conversation.

13. One fully charged fire extinguisher rated at least 5 B:C securely mounted where it can be reached by the pilot or crewmembers. The fire extinguisher must be intact with safety seal, have been inspected within the previous 12 calendar months and have the appropriate inspection tag attached.

14. Installed onboard suctioning equipment that meets the same requirements as a transporting ground ambulance. (See requirements under Ground Ambulances.)

15. An onboard oxygen system with the following:

a. Cylinders with a capacity of 1,200 liters.

b. The cylinders must have at least 1,650 psi at the time of inspection.

c. If a liquid oxygen system is used, manufacturer documentation must be provided that the system has at least a 1,200-liter capacity.

The total impact as a result of this increase in the allocation for the DSH payments for these qualifying hospitals is \$37.237 million (\$17.870 million in State general funds and \$19.367 million in Federal funds) upon approval by the Centers for Medicare & Medicaid Services. Of this amount, \$15.237 million (\$7.312 million in State funds and \$7.925 million in Federal funds) will be paid out of FY 2015-2016. The increase of \$22.000 million (\$10.558 million in State funds and \$11.442 million in Federal funds) will be paid out of FY 2016-2017.

### High Medical Assistance Supplemental Hospital Payments

The Department of Human Services (Department) intends to establish an additional class of supplemental hospital payments for qualifying hospitals.

The Department intends to make this payment, in addition to the classes of supplemental hospital payments already made under the Medical Assistance (MA) Program, to qualifying hospitals which the Department determined provide a high volume of services to MA-eligible and low-income populations in medically underserved areas. This payment is intended to promote the hospitals' continued participation in the MA Program. For a hospital to qualify for this payment, the hospital must be an acute care hospital enrolled in the Commonwealth's MA Program that meets all of the following criteria as identified in the State Fiscal Year (FY) 2012-2013 cost report available to the Department as of June 2015 unless otherwise specified:

a) The ratio of MA days to total hospital patient days exceeds 40%.

b) The hospital provides in excess of 40,000 inpatient days of service.

c) The hospital has an occupancy ratio (total inpatient days used divided by total hospital bed days available) of at least 70%.

d) The hospital is located in a census tract (United States Census 2010) designated by the Bureau of Primary Health Care of the Health Resources and Services Administration as a Medically Underserved Area.

e) The hospital has a government dependency ratio, comprised of MA Percentage of Net Patient Revenue plus Medicare Percentage of Net Patient Revenue both as reported in the Pennsylvania Health Care Cost Containment Council's 2015 Financial Analysis, Volume One, in excess of the 95th percentile for all Commonwealth general acute care hospitals.

The Department intends to allocate \$1.5 million in State FY 2015-2016 from the State General Fund for this additional class of payments. Payments will be divided proportionately among qualifying hospitals based on the percentage of each qualifying hospital's MA inpatient days to total MA inpatient days of all qualifying facilities.

#### *Fiscal Impact*

For FY 2015-2016, the fiscal impact as a result of this additional class of supplemental hospital payments will be \$3.111 million in total funds (\$1.500 million in State General funds and \$1.611 million in Federal funds).

No new authorizations will be issued for the procedure codes being end-dated on and after July 1, 2016. For any of the previously listed procedure codes that had a prior authorization issued before July 1, 2016, providers should submit claims using the end-dated procedure code, as set forth in the authorization issued by the Department. The Department will accept claims with the end-dated procedure codes until July 1, 2017, for those services that were previously prior authorized.

*Optometrist Services*

Provider Type (PT)/Specialty (Spec) 18/180 (Optometrist) has been added to the following surgical, radiology and medical procedure code/modifier combinations in places of service (POS) 21 (inpatient hospital), 24 (ambulatory surgical center) and 11 (office), as indicated, based upon provider requests and clinical review:

<i>Procedure Codes</i>	<i>Modifiers</i>	<i>POS</i>
65778	RT/LT/50	21, 24
68761	E1, E2, E3, E4	11

*Physician Services*

Surgical procedure code 43273 will expand to include all physician specialties by opening PT/Spec 31/All and end-dating PT 31 (physician) specialties 318 (general practice), 319 (surgery), 322 (internal medicine), 341 (radiology) and 345 (pediatrics) as the Department has determined that it is appropriate for all physician specialties to perform this service.

*Service Limits*

The MA Program has established service limits for some of these procedure codes. When a provider determines that a MA beneficiary is in need of a service or item in excess of the established limits, the provider may request a waiver of the limits through the 1150 Administrative Waiver (Program Exception) process. For instructions on how to apply for a Program Exception, refer to the provider handbook at [http://www.dhs.pa.gov/publications/forproviders/promiseproviderhandbooksandbillingguides/index.htm#.Vyj\\_vk32ZtR](http://www.dhs.pa.gov/publications/forproviders/promiseproviderhandbooksandbillingguides/index.htm#.Vyj_vk32ZtR).

*Managed Care Delivery System*

MA managed care organizations (MCO) are not required to impose the service limits that apply in the MA Fee-for-Service (FFS) delivery system, although they are permitted to do so. MA MCOs may not impose service limits that are more restrictive than the service limits established in the MA FFS delivery system. A MA MCO that chooses to establish service limits must notify their network providers and members of the limits before implementing the limits.

*Fiscal Impact*

The estimated cost for Fiscal Year 2016-2017 is \$0.675 million (\$0.325 million in State funds). The estimated cost for Fiscal Year 2017-2018 is \$0.810 million (\$0.390 million in State funds).

## Nursing Facility Assessment Program for Fiscal Year 2016-2017

This notice announces the proposed assessment amount, the proposed assessment methodology and the estimated aggregate impact on nursing facilities that will be subject to the assessment under the Nursing Facility Assessment Program beginning Fiscal Year (FY) 2016-2017.

*Background*

Article VIII-A of the Human Services Code (code) (62 P.S. §§ 801-A—815-A) authorizes the Department of Human Services (Department) to impose an annual monetary assessment on nonpublic and county nursing facilities in this Commonwealth each fiscal year.<sup>1</sup> Under

<sup>1</sup> The assessment under Article VIII-A of the code expires June 30, 2016 (see 62 P.S. § 815-A). This notice assumes that the General Assembly will enact legislation to reauthorize the assessment, effective July 1, 2016.

Article VIII-A of the code, the Department may impose the assessment only to the extent that the assessment revenues qualify as the State share of Medical Assistance (MA) Program expenditures eligible for Federal financial participation (FFP). See 62 P.S. § 803-A. To ensure receipt of FFP, Article VIII-A of the code requires the Department to seek a waiver from the Centers for Medicare & Medicaid Services (CMS) if necessary to implement the Assessment Program. See 62 P.S. § 812-A. For FY 2016-2017, the Department intends to submit a waiver request to CMS to authorize continuation of the Assessment Program. The implementation of the Assessment Program as described in this notice is contingent on the reauthorization of Article VIII-A of the code and CMS' approval of the waiver request.

For each fiscal year that the Assessment Program is implemented, the Secretary of the Department (Secretary) determines the aggregate amount of the assessment and the annual assessment rate in consultation

with the Secretary of the Budget. See 62 P.S. § 804-A. The annual assessment rates must be sufficient to generate at least \$50 million in additional revenue, but not more than the maximum aggregate assessment amount that qualifies for FFP. See 62 P.S. § 804-A.

Before imposing an annual assessment for a fiscal year, the Secretary must publish a notice in the *Pennsylvania Bulletin*. The notice must specify the amount of the assessment being proposed, explain the proposed assessment methodology, identify the estimated assessment amount and aggregate impact on nursing facilities subject to the assessment and provide interested persons a 30-day period to comment. See 62 P.S. § 805-A.

This notice announces the assessment amounts, rates and methodology that the Department is proposing to implement in FY 2016-2017 and the estimated aggregate impact on nursing facilities that will be subject to the assessment in FY 2016-2017.

#### *Proposed Assessment Methodology and Rates*

The Department is proposing to use the same assessment methodology in FY 2016-2017 that was used in FY 2015-2016 with several modifications as follows:

During FY 2016-2017, the assessment will be imposed on all licensed nursing facilities in this Commonwealth except the following nursing facilities, which will continue to be exempt from the Assessment Program:

- (1) State-owned and operated nursing facilities.
- (2) Veteran's Administration nursing facilities.
- (3) Nursing facilities that have not been licensed and operated by the current or previous owner for the full calendar quarter prior to the calendar quarter in which an assessment is collected.
- (4) Nursing facilities that provide nursing facility services free of charge to all residents.

As in FY 2015-2016, the Department is proposing to continue to assess nonexempt nursing facilities at two rates. For FY 2016-2017, the Department is proposing the one rate will remain at \$8.01, and will be imposed on the same four categories of nursing facilities:

- County nursing facilities.
- Nursing facilities that have 44 or fewer licensed beds.
- Certain Continuing Care Retirement Community (CCRC) nursing facilities (see 40 Pa.B. 7297 (December 18, 2010)).
- Nursing facilities with an MA occupancy rate of at least 94% based on the four consecutive assessment quarters beginning April 1, 2015, and ending March 31, 2016, for each nursing facility as of April 22, 2016. A nursing facility's MA occupancy rate for the purpose of qualifying for the lower assessment rate will be calculated as follows: MA Occupancy Rate = Sum of Total PA MA Days from each of the four quarters ÷ Sum of Total Resident Days from each of the four quarters, rounded to two decimals.

For all other nonexempt facilities, including nursing facilities that began participation in a CCRC on or after July 1, 2010, the Department is proposing the facilities be assessed at the rate of \$32.10, an increase of \$2.04 from the FY 2015-2016 rate.

In FY 2015-2016 and previous fiscal years, the Department assessed each nonexempt facility on a quarterly basis and calculated each nonexempt facility's quarterly assessment amount by multiplying its assessment rate by

the facility's non-Medicare resident days during the calendar quarter that immediately preceded the assessment quarter. For FY 2016-2017, the Department is proposing to calculate an annual assessment amount for each nonexempt facility by multiplying its assessment rate by the facility's historical non-Medicare resident day for the four consecutive assessment quarters beginning April 1, 2015, and ending March 31, 2016. The Department will collect the annual assessment amount in four equal quarterly installments.

#### *Aggregate Assessment Amounts and Fiscal Impact*

The Department estimates that if the proposed assessment rates are implemented the annual aggregate assessment fees for nonexempt nursing facilities will total \$506.472 million. The Department will use the State revenue derived from the assessment fees and any associated FFP to support payments to qualified MA nursing facility providers in accordance with applicable laws and regulations.

#### *Public Comment*

Interested persons are invited to submit written comments regarding this notice to the Department of Human Services, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P.O. Box 8025, Harrisburg, PA 17105-8025. Comments must be submitted within 30 days of publication of the notice. See 62 P.S. § 805-A. After considering the comments, the Secretary will publish a second notice announcing the final assessment rates for FY 2015-2016. The Department will not begin collecting assessment fees until after the publication of the final assessment rate notice.

### **Payment for Nursing Facility Services; Nonpublic Nursing Facility Supplemental Payment and County Nursing Facility Medical Assistance Day One Incentive Payment for Fiscal Year 2016-2017**

The Department of Human Services (Department) provides advance notice that the Department intends to make changes in its methods and standards for payment of Medical Assistance (MA) nursing facility services beginning in Fiscal Year (FY) 2016-2017.

#### *Background*

Article VIII-A of the Human Services Code (code) (62 P.S. §§ 801-A—815-A) authorizes the Department to impose an annual monetary assessment on nonpublic and

county nursing facilities in this Commonwealth each fiscal year.<sup>1</sup> Under Article VIII-A of the code, the Department may impose the assessment only to the extent that the assessment revenues qualify as the State share of MA Program expenditures eligible for Federal financial participation (FFP). See 62 P.S. § 803-A. To ensure receipt of FFP, Article VIII-A of the code requires the Department to seek a waiver from the Centers for Medicare & Medicaid Services (CMS) if necessary to implement the Assessment Program. See 62 P.S. § 812-A. For FY 2016-2017, the Department will submit a request to CMS for the continuation and an amendment to the Assessment Program.

The Commonwealth budget for MA long-term care services for FY 2016-2017 estimates that \$506.472 million will be derived from revenue collected from the Assessment Program, plus related Federal matching funds. A portion of the revenue generated from the assessment will enable the Department to continue to set payment rates for MA nursing facility services under the existing payment methodology in 55 Pa. Code Chapters 1187 and 1189 (relating to nursing facility services; and county nursing facility services).

For nonpublic nursing facilities, in addition to reimbursing the MA allowable assessment cost, the Department intends to use a portion of the assessment revenue to continue the supplemental payments as described in the Department's currently approved State Plan. To receive the allowable assessment cost add-on and the supplemental payments, qualified nursing facilities must be located in a geographic zone where Community Health Choices (CHC) does not operate during the entire corresponding assessment quarter. To authorize the continuation of these supplemental payments beginning July 1, 2016, the Department will submit a State Plan Amendment (SPA) to CMS.

For county nursing facilities, a portion of the revenue generated by the assessment will be used to fund the county nursing facility MA Day One Incentive (MDOI) Payments provided for in the Department's currently approved State Plan. MDOI Payments will be determined quarterly beginning FY 2016-2017, instead of an annual determination paid in quarterly installments. In addition, a county nursing facility will not qualify for a quarterly payment if they are located in a geographic zone where CHC operates during the entire quarter for which the payment is being made. To authorize the continuation of these MDOI Payments beginning July 1, 2016, the Department will submit a SPA to CMS.

If CMS approves the SPAs, the Department will have the authority to make the supplemental payments, including the allowable assessment cost add-on, to nonpublic nursing facilities and the MDOI Payments to county nursing facilities.

The supplemental payments to nonpublic nursing facilities will enable those facilities to increase salaries of direct care staff to maintain and increase staffing levels at a time when it is difficult to attract and retain qualified staff. The supplemental payments will also provide the facilities with additional funds to meet other unanticipated costs that may not be reflected in the current database used to establish rates, such as increased liability insurance costs.

The MDOI Payments to county nursing facilities will provide incentives to county nursing facilities to admit

<sup>1</sup> The assessment authorized under Article VIII-A expires June 30, 2016 (see 62 P.S. § 815-A). This notice assumes that the General Assembly will enact legislation to reauthorize the assessment, effective July 1, 2016.

individuals who are MA eligible on the day of admission. The MDOI Payments are intended to assure that county nursing facilities continue to provide access to care for these individuals. These payments provide an incentive to county nursing facilities to continue to provide for the poor and indigent citizens of this Commonwealth.

#### *Fiscal Impact*

The FY 2016-2017 fiscal impact for these supplemental payments is estimated at \$661.768 million (\$319.104 million in State funds).

### **Payment for Nursing Facility Services Provided by County and Nonpublic Nursing Facilities; Notice of Change in Methods and Standards of Setting Payment Rates; Budget Adjustment Factor**

The Department of Human Services (Department) is announcing its intent to amend the Commonwealth's Title XIX State Plan to update the Medical Assistance (MA) payment methodology and standards for payment of MA nursing facility services in Fiscal Year (FY) 2016-2017 to authorize the continued use of a budget adjustment factor (BAF) in setting payment rates for nursing facility services.

#### *Background*

Since 1996, the Department has used a case-mix prospective payment methodology to set per diem rate payments for MA nursing facility providers. One of the reasons the Department adopted this payment methodology was that the prior retrospective cost-based payment system had proven to be "highly inflationary" and change was necessary to curb an "explosive growth of nursing facility expenditures." See 25 Pa.B. 4477 (October 14, 1995). In 2006, the Department noted that "since the case-mix payment system was implemented in 1996, MA nursing facility payment rates have risen more than 56% and, since 2000, have increased by 27.4% overall. During this same period, expenditures for MA nursing facility services have grown to nearly \$3 billion and expenditures

for MA services to the elderly and disabled now consume approximately 70% of the \$14 billion MA Program budget.” See 36 Pa.B. 3207 (June 24, 2006).

Realizing that the MA Program could not continue to sustain the pace at which long-term care expenditures were growing, the Department amended the Commonwealth’s Title XIX State Plan and issued regulations changing the case-mix payment methodology effective July 1, 2005, to include use of a BAF in annual rate-setting. See 35 Pa.B. 6232 (November 12, 2005). Application of a BAF was continued in 2007, 2008, 2011 and again in 2013. See the act of June 30, 2007 (P.L. 49, No. 16), the act of July 4, 2008 (P.L. 557, No. 44), the act of June 30, 2011 (P.L. 89, No. 22) and the act of July 9, 2013 (P.L. 369, No. 55). The BAF limits the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities in effect for the fiscal year to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year.

Since the implementation of the BAF, case-mix per diem rates have increased on an annual average basis by \$3.11 per day and in the aggregate by 20.62% overall from FY 2004-2005 through estimated payment rates for FY 2015-2016. In contrast, had the BAF not been used, rates would have increased on an annual average basis by \$6.38 per day and overall by 42.26%, well in excess of either the Consumer Price Index or the Centers for Medicare & Medicaid Services’ (CMS) Nursing Home without Capital Market Basket Index.

Under section 443.1(7)(iv) of the Human Services Code (62 P.S. § 443.1(7)(iv)), the current statutory provision requiring the application of the BAF expires June 30, 2016. The Department anticipates that the General Assembly will enact legislation to continue the use of a BAF in FY 2016-2017, subject to CMS approval. Use of a BAF has assured, and will continue to assure, that payments to nursing facilities under the MA Program are consistent with efficiency and economy.

Further, during the past 11 fiscal years the BAF has been in place, the Department has not uncovered any evidence that the quality of care in this Commonwealth’s MA nursing facilities has been adversely impacted by use of the BAF. To the contrary, MA nursing facility providers continue to deliver a high quality of care. The Department does not expect the quality of care to decline in FY 2016-2017, and will continue enforcement and monitoring activities to ensure that is the case.

In addition, although the BAF has served to moderate the overall aggregate increases in case-mix per diem rates, the adjusted case-mix per diem rate payments, together with the other supplemental payments to nursing facilities authorized under the Commonwealth’s approved State Plan, have been and will continue to be sufficient to assure that MA recipients have access to medically necessary nursing facility services. The vast majority of licensed nursing facilities in this Commonwealth participate as providers in the MA Program, and the MA Program pays for more days of nursing facility care than all other payors combined. The Department does not expect this to change if the BAF continues in FY 2016-2017.

In short, use of the BAF has served to conserve taxpayer funds while assuring, and continuing to assure, that payments to nursing facilities under the MA Program are consistent with efficiency and economy and at the same time sufficient to assure access to quality care.

#### *Proposed BAF Methodology for FY 2016-2017*

The Department intends to submit a State Plan Amendment (SPA) to CMS to continue use of the BAF. Under the proposed SPA, the Department will apply a BAF and make adjustments to nonpublic nursing facility and county nursing facility payment rates in FY 2016-2017. As in prior years, the BAF will limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate in effect for the fiscal year is limited to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year.

#### *Nonpublic Nursing Facilities*

From July 1, 2005, through June 30, 2011, the Department calculated one BAF each rate-setting year, and applied that BAF to the nursing facility payment rates in effect for the rate-setting year. For FY 2011-2012, the nursing facility industry requested and the Department responded by calculating a BAF each quarter of the fiscal year for nonpublic nursing facilities instead of calculating one BAF for the fiscal year. For FY 2012-2013, the Department returned to a formula very similar to the formula used in FYs 2009-2010 and 2010-2011 which allowed for an adjustment in the fourth quarter if certain conditions were met. See 39 Pa.B. 4958 (August 15, 2009). For FYs 2013-2014, 2014-2015 and 2015-2016, the Department used a formula very similar to FY 2012-2013. The Department is proposing to calculate the BAF in FY 2016-2017 for nonpublic nursing facilities using the same formula that was used the previous 3 fiscal years. That formula is as follows.

#### *Nonpublic Nursing Facilities’ BAF Determination*

*Base BAF Formula*—Prior to establishing the July rate for the rate year, the Department will use the following formula to determine the base BAF:

Target rate divided by the acuity-adjusted weighted average rate equals the base BAF.

If the base BAF as calculated is greater than 1.0, the base BAF will equal 1.0.

*April BAF Formula*—Prior to establishing the April rate for the rate year, the Department will use the following formula to determine the April BAF:

The weighted average April rate will be compared to the April target rate. If the difference between the weighted average April rate and the April target rate is 25¢ or more, the formula for the April BAF will be the April target rate divided by the weighted average April rate at 100% equals the April BAF. Otherwise, the April BAF is equal to the base BAF.

#### *Terms Related to the BAF Determination*

The following words and terms, when used in the BAF determination, have the following meanings, unless the context clearly indicates otherwise:

*Acuity-adjusted weighted average rate*—The weighted average July rate at 100% adjusted by the acuity factor.

*Acuity factor*—The percentage of change from the July rate to the October, January and April rates representing the estimated quarterly change in payments for the nonpublic nursing facilities. (See 55 Pa. Code § 1187.95(b) (relating to general principles for rate and price setting).)

*April BAF*—The BAF applied to each nonpublic nursing facility’s April rate.

*April target rate*—The rate year's Statewide day-weighted average April rate needed to meet the rate year target rate.

*Base BAF*—The BAF applied to each nonpublic nursing facility's July, October and January rates.

*Base days*—The source of days for the day-weighted calculation used in determining the base rate, the weighted average April rate at 100% and the weighted average July rate at 100%. For FY 2016-2017, the base days are the sum of each nonpublic nursing facility's paid facility days, therapeutic leave days and 1/3 of the paid hospital bed reserve days from the PROMISE data file used to determine the June 30, 2015, disproportionate share payments.

*Base rate*—The base rate is the prior year's annual target rate.

*Target rate*—The base rate multiplied by one plus the percentage rate of change permitted by the funds appropriated by the General Appropriations Act for the applicable rate year.

*Weighted average April rate*—The Statewide day-weighted average of the nonpublic nursing facilities' April rates for the applicable rate year determined in accordance with 55 Pa. Code Chapter 1187 (relating to nursing facility services), calculated using base days and the base BAF.

*Weighted average April rate at 100%*—The Statewide day-weighted average of the nonpublic nursing facilities' April rates for the applicable rate year determined in accordance with 55 Pa. Code Chapter 1187 calculated using base days, prior to application of a BAF.

*Weighted average July rate at 100%*—The Statewide day-weighted average of the nonpublic nursing facilities' July rates for the applicable rate year determined in accordance with 55 Pa. Code Chapter 1187 calculated using base days prior to application of the base BAF.

#### *County Nursing Facilities*

The Department intends to submit a SPA to CMS to continue use of the BAF. Under the proposed SPA, the Department will continue to calculate and apply the BAF to county nursing facility payment rates as it has in prior rate-setting years. Specifically, the Department will adjust each county nursing facility's per diem rate by multiplying the rate by a BAF. A county nursing facility's per diem rate for an MA resident will be the facility's July 1, 2015, per diem rate as calculated under 55 Pa. Code Chapter 1189, Subchapter D (relating to rate setting) and 55 Pa. Code § 1189.91(b) (relating to per diem rates for county nursing facilities) multiplied by the county BAF.

Use of the calculations previously described is contingent upon legislation continuing application of a BAF and the approval by CMS of the SPA.

#### *Fiscal Impact*

No fiscal impact is anticipated as a result of these changes through June 30, 2017. The amount of funding available for this program is dependent upon the funds appropriated by the General Assembly in the forthcoming fiscal year. Therefore, until a budget bill is passed and enacted, any estimated fiscal impact associated with this notice is based on the funding levels in the General Appropriation Act of 2015.

#### *Public Comment*

Interested persons are invited to submit written comments regarding the BAF formulas to the Department of

Human Services, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P.O. Box 8025, Harrisburg, PA 17105-8025. Comments received within 30 days will be reviewed and considered for any subsequent revision of the formula.

### **Payment for Nursing Facility Services Provided by County Nursing Facilities; County Nursing Facility Supplementation Payment for Fiscal Year 2015-2016**

This announcement provides advance notice that the Department of Human Services (Department) intends to continue to make an additional payment to certain county nursing facilities in Fiscal Year (FY) 2015-2016.

#### *Background*

The act of July 18, 2013 (P.L. 574, No. 71), among other things, directed the Department to distribute \$2 million in additional funds from the funds appropriated for Medical Assistance—Long-Term Care to certain county nursing facilities in FY 2013-2014. The act of July 10, 2014 (P.L. 1053, No. 126) continued the county supplementation payment for FY 2014-2015. The act of April 25, 2016 (P.L. 168, No. 25) (Act 25) directs the Department to continue to make an additional payment to qualified county nursing facilities for FY 2015-2016.

#### *Proposed Payment*

The Department will make a county nursing facility supplementation payment to each qualified county nursing facility. As directed by Act 25, a county nursing facility must have a Medical Assistance (MA) occupancy rate of at least 85% and be located in a home rule county that was formerly a county of the second class A to qualify for this supplementation payment. The MA occupancy rate will be determined using the latest acceptable annual cost report as of September 30, 2015, in accordance with 55 Pa. Code § 1189.71(b) (relating to cost reporting).

The Department will calculate each qualified county nursing facility's supplementation payment for FY 2015-2016 by dividing total funds by the number of qualified county nursing facilities.

The Department will submit a State Plan Amendment (SPA) to the Centers for Medicare & Medicaid Services (CMS). If CMS approves the SPA, the total funds will consist of both State and Federal funding. The Department will use its best efforts to process this supplementation payment within 30 days of the date it receives notice from CMS.

#### *Fiscal Impact*

This change will result in a cost of \$4.168 million (\$2 million in State funds) for FY 2015-2016.

*Public Comment*

Interested persons are invited to submit written comments regarding these proposed changes to the Department of Human Services, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P.O. Box 8025, Harrisburg, PA 17105-8025. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

**Payment for Nursing Facility Services Provided by Nonpublic Nursing Facilities Located in a County of the First Class; Nonpublic Nursing Facility Supplementation Payment for Fiscal Year 2015-2016**

This announcement provides advance notice that the Department of Human Services (Department) intends to make an additional payment to certain nonpublic nursing facilities in a county of the first class in Fiscal Year (FY) 2015-2016.

*Background*

The act of April 25, 2016 (P.L. 168, No. 25) (Act 25), among other things, directs the Department to distribute \$2 million in additional funds from the funds appropriated for Medical Assistance—Long-Term Care to certain nonpublic nursing facilities in FY 2015-2016.

*Proposed Payment*

The Department will make a nonpublic nursing facility supplementation payment to each qualified nonpublic nursing facility. As directed by Act 25, a nonpublic nursing facility must be located in a county of the first class, have more than 395 beds and a Medicaid acuity of 1.19 as of August 1, 2015. The number of beds will be the number of licensed beds as of August 1, 2015, and the Medicaid acuity will be determined using the Case Mix Index Report for the August 1, 2015, Picture Date in accordance with 55 Pa. Code § 1187.33 (relating to resident data and picture date reporting requirements).

The Department will calculate each qualified nonpublic nursing facility's supplementation payment for FY 2015-2016 by dividing the total funds for the supplementation payment by the number of qualified nonpublic nursing facilities.

The Department will submit a State Plan Amendment (SPA) to the Centers for Medicare & Medicaid Services (CMS). If CMS approves the SPA, the total funds will consist of both State and Federal funding. The Depart-

ment will use its best efforts to process this supplementation payment within 30 days of the date it receives notice from CMS.

**Payment for Nursing Facility Services Provided by Nonpublic Nursing Facilities Located in a County of the Eighth Class; Nonpublic Nursing Facility Supplementation Payment for Fiscal Year 2015-2016**

This announcement provides advance notice that the Department of Human Services (Department) intends to make an additional payment to certain nonpublic nursing facilities in a county of the eighth class in Fiscal Year (FY) 2015-2016.

*Background*

The act of April 25, 2016 (P.L. 168, No. 25) (Act 25), among other things, directs the Department to distribute \$4 million in additional funds from the funds appropriated for Medical Assistance—Long-Term Care to certain nonpublic nursing facilities in FY 2015-2016.

*Proposed Payment*

The Department will make a nonpublic nursing facility supplementation payment to each qualified nonpublic nursing facility. As directed by Act 25, a nonpublic nursing facility must be located in a county of the eighth class, have more than 119 beds and a Medicaid acuity of 1.14 as of August 1, 2015. The number of beds will be the number of licensed beds as of August 1, 2015, and the Medicaid acuity will be determined using the Case Mix Index Report for the August 1, 2015, Picture Date in accordance with 55 Pa. Code § 1187.33 (relating to resident data and picture date reporting requirements).

The Department will calculate each qualified nonpublic nursing facility's supplementation payment for FY 2015-

2016 by dividing the total funds for the supplementation payment by the number of qualified nonpublic nursing facilities.

The Department will submit a State Plan Amendment (SPA) to the Centers for Medicare & Medicaid Services (CMS). If CMS approves the SPA, the total funds will consist of both State and Federal funding. The Department will use its best efforts to process this supplementation payment within 30 days of the date it receives notice from CMS.

#### *Fiscal Impact*

This change will result in a cost of \$8.335 million (\$4 million in State funds) for FY 2015-2016.

#### *Public Comment*

## **Payments to Nonpublic and County Nursing Facilities; Final Rates for State Fiscal Year 2015-2016**

This notice announces the Department of Human Services (Department) final annual case-mix per diem payment rates for State Fiscal Year (FY) 2015-2016 for nonpublic and county nursing facilities that participate in the Medical Assistance (MA) Program.

### *Nonpublic Nursing Facility Per Diem Rates*

As required by the case-mix payment methodology in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting), the Department sets an annual MA per diem rate for each nonpublic nursing facility provider. Each facility's annual per diem rate is comprised of four components: resident care; other resident related; administrative; and capital. For each quarter of FY 2015-2016, the Department will adjust the resident care component of each facility's rate by multiplying the resident care component by the facility's MA case-mix index for the appropriate picture date.

The Centers for Medicare & Medicaid Services (CMS) approved State Plan Amendment (SPA) 15-0024 on April 4, 2016, which includes the budget adjustment factor (BAF) formula the Department will use for nonpublic nursing facilities in FY 2015-2016. SPA 15-0024 states that the BAF will limit the estimated Statewide day-

weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate in effect for the fiscal year is limited to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year. For FY 2015-2016, the Department calculated a base BAF for nonpublic nursing facilities for July, October and January rates. The formula the Department used to determine a base BAF equals the target rate divided by the acuity-adjusted weighted average rate. For the April BAF, the weighted average April rate will be compared to the April target rate. If the difference between the weighted average April rate and the April target rate is more than 25¢, a BAF for the April—June 2016 calendar quarter will be determined by dividing the April target rate by the weighted average April rate at 100%. For the 2015-2016 rate year, July, October and January rates, the base BAF is 0.83105. The BAF for the April—June 2016 calendar quarter is 0.84094.

### *County Nursing Facility Per Diem Rates*

As required by the rate methodology in 55 Pa. Code Chapter 1189, Subchapter D (relating to rate setting), the Department sets an annual MA per diem rate for each county nursing facility provider. As stated in 55 Pa. Code § 1189.91(b) (relating to per diem rates for county nursing facilities), for each rate year beginning on or after July 1, 2007, the per diem rate paid to a county nursing facility for a rate year will be the facility's prior rate year per diem multiplied by a BAF.

In addition, as required by 55 Pa. Code § 1189.91(d), the Department followed the formula set forth in the Commonwealth's approved State Plan to determine that the BAF for FY 2015-2016 for county nursing facilities is 1.0. CMS approved SPA 13-021 on November 7, 2013, which includes the BAF formula the Department will use for county nursing facilities in FY 2015-2016.

SPA 13-021 states that for rate setting year 2015-2016, the BAF shall limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate is limited to the amount permitted by the funds appropriated by the General Appropriations Act. The BAF as it applies to county nursing facilities is 1.0.

The final annual per diem rates for FY 2015-2016 rate year are available on the Department's web site at <http://www.dhs.pa.gov/provider/longtermcarecasemixinformation/index.htm> and at local county assistance offices (CAO) throughout this Commonwealth or by contacting Marilyn Yocum, Department of Human Services, Office of Long-Term Living at (717) 772-2549. As they become available, the adjusted quarterly rates will be accessible on the Department's web site, at CAOs or by contacting Marilyn Yocum.

### *Public Process*

On June 27, 2015, the Department published the notice Payment for Nursing Facility Services Provided by Nonpublic Nursing Facilities; Notice of Change in Formula for Calculating Budget Adjustment Factor at 45 Pa.B. 3425 (June 27, 2015) announcing the proposed change in the BAF formula for nonpublic nursing facilities. The Department also published a second notice Payments to Nonpublic and County Nursing Facilities; Proposed Rates for State Fiscal Year 2015-2016 at 45 Pa.B. 3427 (June 27, 2015) announcing that the proposed BAF-adjusted nursing facility per diem rates for FY 2015-2016 containing the BAFs that will be applied to

county and nonpublic nursing facilities were available on the Department's web site. In response to the comments received, the Department decided to use the same nonpublic BAF formula that was used for FYs 2013-2014 and 2014-2015 for FY 2015-2016. The revised proposed FY 2015-2016 rates and BAF details were announced through the ListServ on September 29, 2015, and posted on the Department's web site. A comment letter was received from LeadingAge PA supporting this change.

#### *Appeals*

Following publication of this notice, the Department will send rate letters to each MA nursing facility to notify the facilities of their final rates for FY 2015-2016. The rate letter will also advise each facility that it may file an administrative appeal if the facility believes that the Department made any errors or otherwise disagrees with its final rates for FY 2015-2016. A provider's appeal must be in writing and filed with the Department's Bureau of Hearings and Appeals, 2330 Vartan Way, 2nd Floor, Harrisburg, PA 17110-9721, within 33 days of the date of the Department's letter notifying the facility of its final rates. Facilities should refer to 67 Pa.C.S. Chapter 11 (relating to Medical Assistance hearings and appeals) and to the Department's regulations in 55 Pa. Code Chapter 41 (relating to Medical Assistance provider appeal procedures) for more detail regarding their appeal rights and the requirements related to written appeals.

#### *Fiscal Impact*

There is no fiscal impact associated with this change.

### **Payments to Nonpublic and County Nursing Facilities; Proposed Rates for State Fiscal Year 2016-2017**

This notice announces the Department of Human Services (Department) proposed annual case-mix per diem payment rates for State Fiscal Year (FY) 2016-2017 for nonpublic and county nursing facilities that participate in the Medical Assistance (MA) Program.

#### *Nonpublic Nursing Facility Per Diem Rates*

As required by the case-mix payment methodology in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting), the Department intends to set an annual MA per diem rate for each nonpublic nursing facility provider.

Each facility's annual per diem rate will have four components: resident care; other resident related; administrative; and capital. For each quarter of FY 2016-2017, the Department will adjust the resident care component of each facility's rate by multiplying the resident care component by the facility's MA case-mix index for the appropriate picture date.

In addition, in calculating the proposed rates, the Department assumed that the General Assembly will enact legislation authorizing the continued use of a budget adjustment factor (BAF) in setting MA payment rates for FY 2016-2017.<sup>1</sup> Upon reauthorization of the BAF, the Department will submit a State Plan Amendment (SPA) to the Centers for Medicare & Medicaid Services (CMS) to include the BAF formula which the Department will use in FY 2016-2017.

A detailed description of the BAF formulas for FY 2016-2017 is in the notice Payment for Nursing Facility Services Provided by County and Nonpublic Nursing Facilities; Notice of Change in Methods and Standards of Setting Payment Rates; Budget Adjustment Factor published at 46 Pa.B. 3354 (June 25, 2016). Under the proposed formula, the BAF will limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate in effect for the fiscal year is limited to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year.

Finally, in calculating the proposed rates, the Department assumed that the General Appropriation Act of 2016 will include the same level of funding that was in the General Appropriation Act of 2015 and that CMS will approve the SPA including the BAF formula for nonpublic nursing facilities.

#### *County Nursing Facility Per Diem Rates*

As required by the rate methodology in 55 Pa. Code Chapter 1189, Subchapter D (relating to rate setting), the Department intends to set an annual MA per diem rate for each county nursing facility provider. As specified in 55 Pa. Code § 1189.91(b) (relating to per diem rates for county nursing facilities), for each rate year beginning on or after July 1, 2007, the per diem rate paid to a county nursing facility for a rate year will be the facility's prior rate year per diem multiplied by a BAF determined in accordance with the formula in the Commonwealth's approved State Plan. The Department will submit a SPA to CMS to include the BAF formula which the Department will use in FY 2016-2017. In calculating the proposed rates, the Department assumed that the General Assembly will enact legislation authorizing the continued use of a BAF in setting MA payment rates for FY 2016-2017, that the General Appropriation Act of 2016 will include the same level of funding that was in the General Appropriation Act of 2015 and that CMS will approve the SPA, including the BAF formula for county nursing facilities.<sup>2</sup>

The proposed annual per diem rates for FY 2016-2017, the base BAF that will be applied to nonpublic nursing facility rates and the annual BAF that will be applied to county nursing facilities are available on the Department's web site at <http://www.dhs.pa.gov/provider/>

<sup>1</sup> The Department will finalize the BAF once the General Assembly has enacted a General Appropriations Act for FY 2016-2017 and will include the BAF in the Department's notice announcing final MA nursing facility payment rates for the rate-setting year.

<sup>2</sup> The Department will finalize the BAF once the General Assembly has enacted a General Appropriations Act for FY 2016-2017 and will include the BAF in its notice announcing final MA nursing facility payment rates for the rate-setting year.

longtermcarecasemixinformation/index.htm and at local county assistance offices throughout this Commonwealth or by contacting Marilyn Yocum, Department of Human Services, Office of Long-Term Living at (717) 772-2549.

#### *Fiscal Impact*

If the proposed payment rates are adopted as final, there is no fiscal impact for per diem rate payments for nonpublic and county nursing facilities' FY 2016-2017. The amount of funding available for this program is dependent upon the funds appropriated by the General Assembly in the forthcoming fiscal year. Therefore, until a budget bill is passed and enacted, any estimated fiscal impact associated with this notice is based on the funding levels in the General Appropriation Act of 2015.

#### *Public Comment*

Interested persons are invited to submit written comments regarding the proposed annual rates for FY 2016-2017 to the Department of Human Services, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P.O. Box 8025, Harrisburg, PA 17105-8025. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

### **Peer Groups, Peer Group Medians and Peer Group Prices for Nonpublic Nursing Facilities Including Hospital-Based Nursing Facilities and Special Rehabilitation Facilities for Fiscal Year 2015-2016**

The purpose of this notice is to announce the Department of Human Services' (Department) peer groups, peer group medians and peer group prices for nonpublic nursing facilities including hospital-based nursing facilities and special rehabilitation facilities (SRF) codified in 55 Pa. Code Chapter 1187, Appendix B (relating to medians and prices) under 55 Pa. Code § 1187.95(a)(4) (relating to general principles for rate and price setting). The Department used the peer groups, peer group medians and peer group prices to determine case-mix rates for nonpublic nursing facilities for State Fiscal Year (FY) July 1, 2015, through June 30, 2016. The Department calculated the peer groups, peer group medians and peer group prices announced in this notice in accordance with 55 Pa. Code Chapter 1187 (relating to nursing facility services). The data that the Department used to determine the peer group medians and prices is available on the Department's web site at <http://www.dhs.pa.gov/provider/longtermcarecasemixinformation/index.htm>.

To establish the database for the calculation of peer group medians and prices, the Department used each nursing facility's three most recent audited cost reports

that were issued by the Department on or before March 31, 2015, and indexed the costs for each report forward to the common date of December 31, 2015, using the Centers for Medicare & Medicaid Services' Nursing Home Without Capital Market Basket Index. The following is a listing, by group, of the number of nursing facilities with a particular year-end and the inflation factor used to roll the costs of each facility forward to the common date of December 31, 2015.

\* As a result of using the three most recent audited cost reports, the "Number of Facilities" column reflects a number in excess of actual enrolled nursing facilities.

After the database was inflated using the inflation values, the Department grouped the facilities in the correct geographic and bed size groupings. In accordance with 55 Pa. Code § 1187.94 (relating to peer grouping for price setting), to establish peer groups, the Department used the Metropolitan Statistical Areas (MSA) group classification published in the Federal Office of Management and Budget Bulletin No. 99-04, regarding revised statistical definitions of Metropolitan Areas and guidance on uses of Metropolitan Area definitions, to classify each nursing facility into one of three MSA groups or one non-MSA group. The Department then used the bed

complement of the nursing facility on the final day of the reporting period of the most recent audited MA-11 used in the Nursing Information System database to classify nursing facilities into one of three bed complement groups. These groups are 3—119 beds, 120—269 beds, and 270 beds and over. Peer groups 7 and 10 have been collapsed in accordance with 55 Pa. Code § 1187.94(1)(iv). Peer group 13 is designated for SRFs only and peer group 14 is designated for hospital-based nursing facilities only, regardless of geographic location or bed-size.

After the database was established and the peer groups determined, the Department calculated the medians and prices for each peer group. For peer group 13, the Department arrayed the SRFs classified on or before July 1, 2000, to set the peer group median and prices for those facilities. The Department arrayed any SRFs classified after July 1, 2000, with all other SRFs to set their peer group medians and prices.

To calculate the resident care cost medians, the Department divided the inflated audited allowable resident care costs for each cost report by the total facility case-mix index from the available February 1 picture date closest to the midpoint of the cost report period to obtain case-mix neutral total resident care cost for the cost report year. The Department then divided the case-mix neutral total resident care cost for each cost report by the total audited actual resident days for the cost report year to obtain the case-mix neutral resident care cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the case-mix neutral resident care cost per diem for each nursing facility to obtain the average case-mix neutral resident care cost per diem of each facility. The Department arrayed the average case-mix neutral resident care cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the other resident related cost medians, the Department first divided the inflated audited allowable other resident related costs for each cost report by the total audited actual resident days for the cost report year to obtain the other resident related cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the other resident related cost for each nursing facility to obtain the average other resident related cost per diem of each facility. The Department arrayed the average other resident related cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the administrative cost medians, the Department adjusted, as appropriate, the total audited actual resident days for each cost report to a minimum 90% occupancy in accordance with 55 Pa. Code § 1187.23 (relating to nursing facility incentives and adjustments). The Department then divided the inflated audited allowable administrative cost for each cost report by the total audited actual resident days, adjusted to 90% occupancy, if applicable, to obtain the administrative cost per diem for the cost report year. The Department calculated the

3-year arithmetic mean of the administrative cost for each nursing facility to obtain the average administrative cost per diem of each facility. The Department arrayed the average administrative cost per diem for each nursing facility within the respective peer groups to determine a median for each peer group.

After the medians were determined for each peer group, the Department set prices using the medians. To set peer group prices, the Department multiplied the resident care cost median of each peer group by 1.17 to obtain the resident care cost peer group price; multiplied the other resident related cost median of each peer group by 1.12 to obtain the other resident related peer group price; and multiplied the administrative cost median of each peer group by 1.04 to obtain the administrative cost peer group price.

The peer groups, peer group medians and peer group prices for nonpublic nursing facilities including hospital-based and SRFs for Year 21 are in the list of Medians and Prices for 2015-2016.

A Medical Assistance nursing facility provider may file an administrative appeal if the facility believes that the Department made any errors or the provider otherwise disagrees with the Year 21 peer group prices that the Department established for its peer group. A provider's appeal must be in writing and filed with the Department's Bureau of Hearings and Appeals, 2330 Vartan Way, Second Floor, Harrisburg, PA 17110-9721, within 30 days of the date of this notice. If a provider chooses to appeal, the provider will be afforded the opportunity for a de novo hearing before the Bureau of Hearings and Appeals. The peer group prices applied in setting the facility's rates may be changed as a result of the final adjudication of the facility's peer group price appeal. Facilities should refer to 67 Pa.C.S. Chapter 11 (relating to Medical Assistance hearings and appeals), and to the Department's regulations in 55 Pa. Code Chapter 41 (relating to Medical Assistance provider appeal procedures), for more detail regarding their appeal rights and the requirements related to their written appeals.

**Proposed Fee Schedule Rates and Department-Established Fees for Consolidated and Person/Family Directed Support Waivers Services, Targeted Service Management and the Community Intellectual Disability Base-Funded Program**

The purpose of this notice is to announce the Department of Human Services (Department) proposed Fee Schedule Rates for Targeted Service Management and select services funded through the Consolidated and Person/Family Directed Support (P/FDS) waivers as well as the Department-established fees for residential ineligible services effective July 1, 2016. These proposed Fee Schedule Rates also serve as the Department-established fees under 55 Pa. Code § 4300.115(a) (relating to Department established fees) for base-funded services managed through county programs for individuals with an intellectual disability under the Mental Health and Intellectual Disability Act of 1966 (50 P.S. §§ 4104—4704), 55 Pa. Code Chapter 4300 (relating to county mental health and intellectual disability fiscal manual) and 55 Pa. Code Chapter 51 (relating to Office of Developmental Programs home and community-based services). The proposed Fee

Schedule Rates and Department-established fees effective July 1, 2016, are unchanged from the final rates established for Fiscal Year (FY) 2015-2016.

*Fee Schedule Rates*

The Fee Schedule Rates are identified under the following categories: Select Community-Based Services and Agency with Choice/Financial Management Services (AWC/FMS), including benefit allowance and excluding benefit allowance.

The Select Community-Based Services include behavior support, companion, home and community habilitation unlicensed, homemaker/chore, licensed day habilitation (adult training), prevocational services, therapy (physical, occupational, speech and language, individual behavior, group behavior and orientation, mobility and vision), nursing, older adult day, supplemental habilitation, additional individualized staffing, supported employment, supports broker, supports coordination, targeted service management, transitional work and all waiver-funded respite care services, excluding respite camp which is a vendor service.

AWC/FMS (including and excluding benefit allowance) include home and community habilitation unlicensed, companion services, unlicensed in-home and out-of-home respite, supported employment, supports broker and homemaker/chore services. There are two separate tables for AWC/FMS—one provides the Fee Schedule Rate including a benefit allowance and the other provides the Fee Schedule Rate excluding a benefit allowance. The benefit allowance is provided as an option for the Managing Employer to include benefits such as disability insurance, life insurance, retirement savings and paid time off to the support service worker.

The Office of Developmental Programs (ODP) will be using the proposed Fee Schedule Rates to support claims processing in the Provider Reimbursement and Operations Management Information System in electronic format (PROMISE™). A notice will be published announcing the Final Fee Schedule rates once a budget bill is passed and enacted for FY 2016-2017.

#### *Enhanced Communication Services*

The Enhanced Communication Services modifier, U1, is available for the following Consolidated Waiver fee schedule services: behavioral support; companion; supported employment; transitional work; prevocational services; home and community habilitation unlicensed; licensed day habilitation (adult training); therapy (physical, occupational, speech and language, individual behavior, group behavior and orientation, mobility and vision); nursing; older adult day; supplemental habilitation; additional individualized staffing; supports broker and all waiver-funded respite care services; excluding respite camp which is a vendor service.

Enhanced Communication Services can be provided to individuals who meet all of the following:

- Enrolled in the Consolidated Waiver.
- Deaf.

- Determined to need services that are provided by staff who are proficient in sign language.

Providers who wish to receive the Enhanced Communication Services Rate must be approved to do so by the Department. Requests for enhanced rates should be directed to the Deaf Services Coordinator at RA-ODPDeafServices@pa.gov.

#### *Department-Established Fees*

The Department-established fees represent a per-person, per-day net fee based on the size of the home (such as a one-individual home or two-individual home) and type of home (defined by licensed, unlicensed or family living home). The fee does not include consideration for payment by the participant, as it is the provider's responsibility to collect that portion of payment from the participant.

The ODP will be using the proposed Department-established fees to support claims processing in PROMISE™. A notice will be published announcing the final Department-established fees once a budget bill is passed and enacted for FY 2016-2017.

### **Rate-Setting Methodology for Consolidated and Person/Family Directed Support Waiver-Funded and Base-Funded Services for Individuals Participating in the Office of Developmental Programs Service System**

The purpose of this notice is to announce the methodology used in the Prospective Payment System to develop rates, effective July 1, 2016, for residential habilitation eligible and transportation trip services, funded through the Consolidated and Person/Family Directed Support waivers and for the same service that is provided with base funding in a waiver-funded service location.

### *Rate-Setting Methodology for Residential Habilitation Eligible Services*

Two methodologies were used to develop rates for residential habilitation eligible proposed payment rates. One applies to providers that chose to sign the addendum to the waiver provider agreement (addendum). The other applies to providers that chose not to sign the addendum.

The following methodology applies to the residential habilitation eligible proposed payment rates for providers that chose to sign the addendum. The Fiscal Year (FY) 2016-2017 proposed rates for the residential habilitation eligible services were developed from expenses reported in the approved Year 8 cost reports (based on the FY

2014-2015 Historical Expense Period) and authorizations included in the Home and Community Services Information Systems (HCSIS) as of December 31, 2015.

The following methodology applies to the residential habilitation eligible proposed payment rates for providers that chose not to sign the addendum. The FY 2016-2017 proposed rates for the residential habilitation eligible services were developed from expenses and utilization data reported in approved Year 8 cost reports (FY 2014-2015 Historical Expense Period), submitted by providers and approved in the desk review process, when the procedure codes and service locations in the cost reports were the same as those entered in the HCSIS Services and Supports Directory (SSD) as of December 31, 2015.

The FY 2016-2017 residential habilitation eligible proposed rates will be effective for services delivered on or after July 1, 2016, are subject to the adjustments described as follows, and are assigned at the Master Provider Index (MPI)—Service Location Code—Procedure Code/Modifier level based on the methodology outlined as follows.

#### *Residential Outlier Review Process*

For providers that chose to sign the addendum, the “total unit cost” for a provider and service is defined as the total expenses reported in the approved cost report for that provider and service divided by the total authorized units for that provider and service, including any applicable utilization adjustments. The total expenses are equal to Schedule A, Line 18 of the cost report. The total authorized units are equal to Schedule A, Line 19 (HCSIS Units Authorized) of the cost report, including any applicable utilization adjustments based on a review of the available HCSIS and Provider Reimbursement and Operations Management Information System (PROMISE) data, where available.

For providers that chose not to sign the addendum, the “total unit cost” for a provider and service is defined as the total expenses reported in the approved cost report for that provider and service divided by the total available units reported in the approved cost report for that provider and service, including any applicable utilization adjustments. The total expenses are equal to Schedule A, Line 18. The total available units are equal to Schedule A, Line 21 (Units Available) of the cost report, including any applicable utilization adjustments based on a review of the cost report data compared to available HCSIS and PROMISE data, where available.

For all providers, the Department of Human Services (Department) identified and adjusted for outliers at the total unit cost level for each of the providers’ residential habilitation eligible services submitted in the Year 8 approved cost reports, as applicable. For all residential habilitation eligible services with 20 or more unique unit costs (unit costs by provider and service from separate, approved Year 8 cost reports), the Department applied the following process for each service:

- The average and standard deviation (SD) values were calculated, excluding extreme outliers, based on the total unit costs for all providers from the Year 8 cost report data.
- Total unit costs that were greater than the average plus one SD or that were less than the average minus two SD were flagged as outliers.
- Total unit costs that were flagged as outliers underwent a review, as described as follows.

#### *Total Unit Cost Review*

For all providers, the Department performed a standardized review of all total unit cost outliers to ensure consistency across this Commonwealth. The review consisted of an evaluation of the Individual Support Plans (ISP) for waiver participants receiving services at the service locations impacted by the outlier unit cost. The review allowed the Department to determine whether the outlier unit cost was justified (such as an individual with complex needs) and the following was applied:

- Total unit cost outliers that were supported by the ISP reviews were not adjusted.
- Total unit cost outliers that were greater than the average unit cost plus one SD and were not supported by the ISP reviews were adjusted to the maximum unit cost from an approved Year 8 cost report below the average plus one SD for that service.
- Total unit cost outliers that were less than the average minus two SD and that were not supported by the ISP reviews were adjusted to the minimum unit cost from an approved Year 8 cost report above the average minus two SD for that service.

For all residential habilitation eligible services with fewer than 20 unique unit costs, the Department did not perform the standardized outlier review on the total unit costs since there were not enough data points available to produce statistically valid ranges. However, the Department did perform a review of the unit costs for these services in an effort to standardize payment rates across services. The review consisted of a comparison of the following:

- Other unit costs for that service, as applicable.
- The average unit cost and range of unit costs for similar services with 20 or more unit costs.
- The FY 2015-2016 Statewide average unit cost for that service based on FY 2015-2016 approved cost report data and any utilization adjustment made.

If a unit cost appeared unreasonably high or low based on this review, the Department reviewed the ISP for the individual receiving services at the service location impacted by the high/low unit cost to determine if the unit cost was justified. Based on these reviews, no adjustments were made.

#### *Retention Factor*

The retention factor solely applies to providers that chose to sign the addendum. The retention factor is a percentage addition to the provider’s calculated FY 2016-2017 residential habilitation eligible rates. The retention factor can be up to a maximum of 2% of the difference between FY 2016-2017 unit cost and FY 2015-2016 unit costs, if the total unit cost for a service decreased from the provider’s FY 2015-2016 unit cost. The application of the retention factor cannot cause the provider’s FY 2016-2017 rate to exceed the provider’s prior year’s PROMISE paid rate.

#### *Vacancy Factor*

An adjusted vacancy factor was incorporated into the FY 2016-2017 proposed rates to recognize that providers may not deliver services at full capacity. The vacancy factor adjusts the full capacity rate to account for days when the residential provider cannot bill due to a participant not receiving services. The provider cannot bill for days where a participant is not receiving services, but rather is paid a higher rate for days when the participant is receiving services.

The following vacancy factor applies to providers that chose to sign the addendum. After the unit costs for each residential habilitation eligible service were adjusted through the outlier review process a vacancy factor of 96% was applied to provider's payment rates to reflect payment to providers for an average number of vacant days. For example, a unit cost of \$100 (after the outlier review) would be adjusted to a unit cost of \$104.17 ( $\$100/0.96$ ) after the vacancy factor was applied.

The following vacancy factor applies to providers that chose not to sign the addendum. After the unit costs for each residential habilitation eligible service were adjusted through the outlier review process, a vacancy factor of 97% was applied to reflect payment to providers for an average number of vacant days. For example, a unit cost of \$100 (after the outlier review) would be adjusted to a unit cost of \$103.09 ( $\$100/0.97$ ) after the vacancy factor was applied. The 97% vacancy factor was based on an analysis of historical PROMISE utilization data.

#### *Enhanced Communication Services*

The Enhanced Communication Services modifier, U1, is available for residential habilitation eligible services. Enhanced Communication Services can be provided to individuals who meet all of the following:

- Enrolled in the Consolidated Waiver.
- Deaf.
- Determined to need services that are provided by staff who are proficient in sign language.

Providers who wish to receive the Enhanced Communication Services Rate must be approved to do so by the Department. Requests for enhanced rates should be directed to the Deaf Services Coordinator at RA-ODPDeafServices@pa.gov.

#### *Transportation Trip Services*

The FY 2016-2017 proposed rates for transportation trip services were developed from expenses and utilization data reported in approved Year 8 transportation cost reports that are based on the FY 2014-2015 historical expense period, when the procedure codes submitted by providers are the same as those entered in the SSD as of March 31, 2015. The FY 2016-2017 transportation trip proposed rates will be effective for services delivered July 1, 2016, through June 30, 2017, are subject to the adjustments described as follows, and are assigned at the MPI—Service Location Code—Procedure Code/Modifier level based on the methodology outlined as follows.

#### *Transportation Trip Outlier Review Process*

The "total unit cost" for a provider and transportation trip service is defined as total expenses reported in the approved transportation cost report for that provider and service divided by the total utilization reported in the approved transportation cost report for that provider and service. The total expenses are equal to Schedule A, Line 12 (total net expenses). The total utilization is equal to Schedule A, Line 13. These proposed rates reflect consideration for trips with and without aides (as reported by the provider), which means each provider will be paid one payment rate for each trip service (that is, there will not be separate rates for trips with an aide versus without an aide).

The Department reviewed the development of each transportation trip unit cost submitted in approved transportation cost reports for accuracy, reasonableness and to ensure compliance with the Department's allowable cost policies. To support the Department's efforts to continue

to standardize rates for similar services, the Department performed a more detailed review of unit costs that were at the upper or lower end of the range of unit costs for each transportation trip service.

#### *Cost of Living Adjustment (COLA)*

After the unit costs for each residential habilitation eligible and transportation trip service were adjusted as previously described, a total COLA of 0.00% was applied to establish each provider's proposed rates for FY 2016-2017 (prior to application of the rate adjustment factor).

#### *Rate Adjustment Factor (RAF)*

The Department did not apply a RAF to the residential eligible proposed rates.

#### *Rate Assignment Process*

For the FY 2016-2017 residential eligible and transportation trip services, the Department assigned proposed payment rates to providers with approved Year 8 cost reports and Year 8 transportation cost reports using the following methodology:

- The provider's cost-based payment rate for existing services and service locations submitted in the cost reports, based on the methodology previously described.
- The average of the provider's cost-based payment rates for an existing service at a new service location if the provider submitted cost report data for that service at other service locations.
- The area adjusted average payment rate calculated based on all approved cost reports for a new service for which the provider did not deliver at any service location in FY 2014-2015.

The Department assigned payment rates to existing providers who do not have approved Year 8 cost reports based on the following methodology:

- The lowest payment rates calculated based on all approved cost reports for providers using the methodology previously described for an existing service which the provider delivered at any service location in FY 2014-2015.
- The area adjusted average payment rate calculated based on all approved cost reports for providers using the methodology previously described for a new service which the provider did not deliver at any service location in FY 2014-2015.

The Department assigned to new providers who did not provide any services in FY 2014-2015 the area adjusted average payment rate calculated based on all approved cost reports for providers using the methodology previously described.

All proposed payment rates for all waiver-funded services are contingent on the final budget enacted by the General Assembly. The proposed payment rates should be used to process claims submitted to PROMISE in electronic format for services provided until a notice announcing final rates is published.

#### *Fiscal Impact*

It is anticipated that there will be an approximate cost to the Commonwealth of \$69.563 million (\$33.939 million in State funds) in Fiscal Year 2016-2017.
