READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

(ii) It shall be sufficient return of notice for the attorney for the accountant to certify on the schedule that due notice of the filing thereof was given as required by this Rule. A copy of the letter of notice and a list of those to whom notice was sent shall be submitted with the schedule.

(a) Objections may be electronically filed within twenty (20) days of the filing of the schedule of distribution, and shall indicate the basis for the objections and in what respect the schedule of distribution fails to conform to the adjudication. (7) *Effect Upon Distribution.* When the matters which are the subject of a schedule of distribution, or the report of an auditor or master, are so separate and distinct that an objection to any one or more, whether sustained or dismissed, cannot affect the remainder, and the accountant will not be prejudiced by the distribution of such remainder, confirmation of the schedule of distribution or report shall not be suspended, except as to those matters to which objections have been taken; distribution may proceed as to the remainder; and any party from whom such distribution has been withheld may petition the Court to order distribution.

Such receipt and waiver shall not constitute an approval by the Court of the administration of the trust, nor operate as a discharge by the Court of the trustee or the trustee's sureties. If an estate is distributed without an accounting, the fiduciary shall be personally liable for the compensation of the examiner, unless provision is made therefor at the time of distribution.

Rule 7.1B. Pre-Trial Conference.

(1) In any action the Court, on its own motion or on motion of any party, may direct counsel for the parties to appear for a conference to consider:

(a) The identification of the issues;

(b) The necessity or desirability of amendments to the pleadings;

(c) The possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof; and

(d) Such other matters as may aid in the disposition of the action.

(2) The Court may make an order reciting the action taken at the conference, identifying the issues for trial, the amendments allowed to the pleadings, and the agreements made by the parties as to any of the matters considered.

Rule 7.2A. Motion for Judgment on the Pleadings.

After the relevant pleadings are closed, but within such time as to not unreasonably delay the trial, any party may file a motion on the pleadings as follows:

(1) The moving party shall file a motion attaching thereto a copy of all pleadings which must be considered by the Court and a brief or memorandum of law, which shall be served on all other parties as required by Pa.O.C. Rule 4.3;

(2) *Content of the Motion for Summary Judgment.* The moving party shall provide the bases for the entry of summary judgment in a motion divided into consecutively numbered paragraphs. Each paragraph shall contain as far as practicable only one material allegation. The moving party must reference in each allegation the "record" (as that term is defined in Pa.R.C.P. No. 1035.1) which the moving party wants the Court to consider, and shall attach a copy of that record as an exhibit. The moving party shall include with the motion a brief or memorandum of law. The brief or memorandum of law shall provide the Court with the legal bases for summary judgment in light of the allegations made in the motion, and shall not reference any fact or pleading not raised in the motion. Any fact or allegation mentioned in the brief or memorandum of law which is not listed in the summary judgment motion will not be considered by the Court.

(3) *Service of Summary Judgment Motion.* The summary judgment motion, exhibits and brief or memorandum of law must be served on the party or parties against whom summary judgment is requested, as provided in Pa.O.C. Rule 4.3.

(4) *Response to Motion for Summary Judgment.* The adverse party or parties must electronically file a response to the motion for summary judgment within thirty (30) days of service of the motion, as provided in Pa.R.C.P. The response shall state whether each allegation is admitted or denied. No general denial is acceptable. The factual reasons for the denial or dispute must be specifically stated and the "record," (as that term is defined in Pa.R.C.P. No. 1035.1) supporting the denial or disputed must be attached as an exhibit. A response may also include additional allegations demonstrating any genuine issue of material fact, in which event the responding party must reference and attach a copy of the "record," (as that term is defined in Pa.R.C.P. No. 1035.1) which demonstrates the existence of a genuine issue of material fact.

(5) *Any interested party may request oral argument.* The Court may require oral argument, whether or not requested by a party. The Court may dispose of any motion without oral argument.

Rule 2.5. A copy of the report shall also be provided at the time notice is given.

Rule 9.7A. Confirmation of Report. Objections.

(1) *Objections to Report.* Within twenty (20) days of receiving notice of the filing of the report, any interested party may file with the auditor written objections to the report. In such event, the auditor shall have ten (10) days to supplement the report by a full consideration of the objections seriatim, setting forth concisely all reasons for recommending that the Court sustain or dismiss each objection. The auditor shall then file the report with the Clerk, which will then be submitted to the Appointing Judge, together with a copy of the objections and the supplemental report, giving the interested parties or their counsel concurrent notice of such filing and a copy of the supplemental report. The Appointing Judge shall make such disposition thereof as the Court deems proper.

(2) *Objections to Auditor Stated Account.* Objections to the report of an auditor who states an account shall be asserted as objections to the auditor's account, and shall be in the form provided in Pa.O.C. Rule 2.7.

CHAPTER XIV. GUARDIANSHIPS OF INCAPACITATED PERSONS

Rule 14.2A. Petitions Under 20 Pa.C.S. § 5501 et seq.

(e) The names and addresses of all other service providers;

(f) The names and addresses of the persons or entities whom petitioner asks to be appointed guardian and an averment that all proposed guardians have no interest adverse to the alleged incapacitated person;

(g) The reasons the guardianship is requested;

(h) A description of the functional limitations and of the physical and mental condition of the alleged incapacitated person;

(i) The steps taken to find less restrictive alternatives;

(j) The specific areas of incapacity over which the guardian is requested to be assigned authority;

(k) The qualifications of each proposed guardian and the written consent of each proposed guardian to serve;

(l) Where a guardian of the estate is sought, the gross value of the estate and net income from all sources to the extent known (including but not limited to salary, income or other benefits which the alleged incapacitated person is receiving or entitled to receive);

(m) A copy of the most recent annual report(s), if any has been filed, certified as true and correct by counsel and the date of filing of said report(s);

(n) A statement as to whether the alleged incapacitated person was a member of the United States Armed Forces and whether he or she is currently receiving veterans' benefits;

(o) A statement as to whether the alleged incapacitated person has executed a power of attorney or an advance directive for health care; and

(2) *Decrees.* The following decrees shall be attached to the face of a petition for adjudication of incapacity:

(a) A preliminary decree awarding a citation directed to the alleged incapacitated person to show cause why he or she should not be adjudged an incapacitated person and a limited or plenary guardian appointed, and providing for a hearing at a time and place to be supplied by the Court. The preliminary decree shall also restate the requirements set forth in Rule 14.2B(4), (5) and (6).

(b) A final decree adjudicating incapacity, appointing a limited or plenary guardian of the person and/or estate, directing the filing of annual reports and fixing security, if any.

(3) *Filing of Petitions.* All petitions under 20 Pa.C.S. § 5501 et seq. shall be electronically filed with the Clerk in the county in which the alleged incapacitated person resides, or is domiciled, or in which previous matters under this Chapter have been filed by the proposed guardian, the Court-appointed guardian or any interested party.

(4) *Alleged Incapacitated Persons: Resident/Non-resident.*

(a) The Court may determine the incapacity of persons domiciled or residing in the Commonwealth, and appoint guardians of the person and/or estate of the incapacitated person.

(b) The Court may determine the incapacity of persons not domiciled in the Commonwealth, having property in the Commonwealth, and appoint a guardian of the estate of the incapacitated person. The Court shall give preference in its appointment to the foreign guardian of the nonresident incapacitated person, unless such appointment would not be in the best interests of the incapacitated person.

Probate Section Comment: 20 Pa.C.S. § 5512.1 elaborates the basis upon which the Court shall make a finding of incapacity. The description and the steps taken to find less restrictive alternatives must include sufficient information to satisfy the requirements of 20 Pa.C.S. § 5518. 20 Pa.C.S. § 5511 establishes that the Court may adjudicate an individual incapacitated and appoint a guardian only upon petition and hearing and upon the presentation of clear and convincing evidence.

Rule 14.2B. Practice and Procedure. In General.

(1) *Assignment of Petitions.* Petitions for the appointment of guardians of alleged incapacitated persons will be assigned to the Judges of the Court in rotation.

(2) *Consent of Proposed Guardian.* The written consent of the proposed guardian to act as guardian, containing the following information shall be attached to the petition:

- (a) his or her business and domicile, and
- (b) that he or she is a citizen of the United States, able to speak, read and write the English language.

(3) *Hearing Judge.* The Judge to whom a petition is assigned will be designated "Hearing Judge." Generally, all matters pertaining to the administration of the incapacitated person's estate will be referred to the Hearing Judge.

(4) *Service on Alleged Incapacitated Person and Notice to Interested Parties.*

(a) Personal service on the alleged incapacitated person shall be made by petitioner, or petitioner's representative, no less than twenty (20) days before the hearing. At the time of service, the petition and citation shall be explained to the maximum extent possible in language the alleged incapacitated person will be most likely to understand and the petition and the citation shall be left with him or her. The form of notice and citation provided to the alleged incapacitated person shall be found in the Appendix of Orphans' Court and Register of Wills Forms Adopted by the Supreme Court.

(b) At least twenty (20) days before the hearing, notice consisting of copies of the petition and citation shall be sent by petitioner by certified mail to all persons who are sui juris and entitled to share in the estate of the alleged incapacitated person if he or she died intestate at that time. Notice shall also be provided to such persons or institutions providing residential services to the alleged incapacitated person and to such other parties as the Court may direct, including other service providers. If there are no known intestate heirs, notice shall be given to the Attorney General at the Eastern Regional Office in Philadelphia.

(c) The petitioner must notify the Court at least seven (7) days prior to the hearing if counsel has not been retained by or on behalf of the alleged incapacitated person.

(5) *Proof of Service and of Notice.*

(a) The following shall be submitted at a hearing for determination of incapacity:

(i) An affidavit of service of the petition and citation on the alleged incapacitated person, attached to or endorsed upon the original citation, reciting that the petition and citation were explained to the maximum extent possible in language likely to be understood by the alleged incapacitated person and that a copy of each was left with him or her; and

(ii) An affidavit reciting the manner of giving notice of the hearing and identifying those persons to whom such notice was given as required in Rule 14.2B(4).

(b) For all other petitions, a certification by counsel listing the persons notified and stating the date and manner of service, together with a copy of the notice given, shall be attached to petition as a separate exhibit.

(6) *Attendance at Hearing.*

(a) The petitioner and the alleged incapacitated person shall be present at the hearing unless:

(i) the Court is satisfied, upon the deposition or testimony of or sworn statement by a physician or licensed psychologist, that the physical or mental condition of the alleged incapacitated person would be harmed by his or her presence; or

(ii) it is impossible for the alleged incapacitated person to be present because of his or her absence from the Commonwealth, in which case it shall not be necessary for the alleged incapacitated person to be represented by a guardian ad litem.

(b) The Court may hold a closed hearing or a hearing without a jury, subject to the right of the alleged incapacitated person or his or her counsel to demand an open hearing, or a hearing with a jury. The hearing may be held at such location as the Court shall direct, including the alleged incapacitated person's residence.

(7) *Emergency Proceedings.*

(a) *Appointment:* The Court, upon petition and hearing at which clear and convincing evidence is shown, may appoint an emergency guardian or guardians of the person and the estate of an alleged incapacitated person, when it appears that the person lacks capacity, is in need of a guardian and a failure to make such appointment would result in irreparable harm to the person or estate of the alleged incapacitated person. The Court may also appoint an emergency guardian of the person pursuant to 20 Pa.C.S. § 5501 et seq., including § 5513, for an alleged incapacitated person who is present in this Commonwealth but is domiciled outside the Commonwealth, regardless of whether he or she has property in this Commonwealth.

(b) *Applicability of Other Provisions:* The provisions of 20 Pa.C.S. § 5511, including those relating to counsel, shall be applicable to such proceedings, except when the Court has found such provisions to be impractical.

(c) *Duration of Emergency Guardianship:*

(i) *Person:* An emergency order appointing an emergency guardian of the person may be in effect for up to seventy-two (72) hours. If the emergency continues, then, upon application to the Hearing Judge, the emergency order may be extended for no more than twenty (20) days from the expiration of the initial emergency order. After the expiration of the emergency order or any extension, a full guardianship proceeding must be instituted pursuant to 20 Pa.C.S. § 5511.

(ii) *Estate:* An emergency order appointing an emergency guardian of the estate shall not exceed thirty (30) days. After thirty (30) days, a full guardianship proceeding must be initiated pursuant to 20 Pa.C.S. § 5511.

(8) *Evidence of Incapacity.*

(a) *Testimony:* The petitioner must present testimony, whether in person or by deposition, from individuals qualified by training and experience in evaluating incapacities of the type alleged by petitioner, which establishes the nature and extent of the alleged incapacities and disabilities and the person's mental, emotional and physical condition, adaptive behavior and social skills.

(b) *Independent Evaluation:* If, pursuant to 20 Pa.C.S. § 5511(d), the Hearing Judge upon his or her own motion or on petition by the alleged incapacitated person for cause shown, shall order an independent evaluation to meet the requirements of 20 Pa.C.S. § 5518:

(1) the evaluator shall electronically file a report of findings with the Hearing Judge before the hearing and shall send a copy thereof to each counsel of record and to such other interested parties or persons as the Court may direct; and

(2) the Hearing Judge shall determine the charges for the independent evaluation and the persons responsible for the payment and shall give due consideration to any evaluator nominated by the alleged incapacitated person.

(9) *Filing of an Inventory.* Within three months of the adjudication of incapacity, every guardian of the estate of an incapacitated person shall electronically file an inventory with the Clerk in accordance with the provisions of

20 Pa.C.S. § 5521(b) using the form contained in the Appendix of Orphans' Court and Register of Wills Forms Adopted by the Supreme Court.

(10) *Filing of Annual Reports.* Within twelve (12) months of a guardian's appointment, and annually thereafter, the guardian of an incapacitated person shall electronically file a report in accordance with 20 Pa.C.S. § 5521(c)(1) with the Clerk.

(11) *Testamentary Writings.* A copy of all testamentary writings of the incapacitated person found by the guardian, or in the possession of any other person, certified to be true and correct, shall be submitted by the guardian or such other person to the Hearing Judge for inspection within thirty (30) days of such guardian's appointment, or when such testamentary writing(s) is subsequently discovered.

(12) *Certificates of Appointment.* The Clerk, in addition to issuing certified copies of the decree appointing a guardian, will issue a Guardian's Certificate in accordance with the decree when the security, if any, ordered by the Court has been entered.

Probate Section Comment: Notwithstanding paragraph (4), a shorter time period for service may be permitted in connection with petitions for the appointment of an emergency guardian. If the alleged incapacitated person is in a hospital, nursing home or other institution, service must be made upon an attorney or authorized personnel of the institution and notice of the hearing should be given to the director or other authorized official of such facility. If the alleged incapacitated person is a veteran, notice of the hearing must be given to the Veterans' Administration. Although paragraph (8)(a) permits testimony by deposition, such evidence may not necessarily be considered adequate to establish incapacity. In relying on such evidence, counsel takes the risk that the petition will be denied or that the hearing will be continued so that a witness may be produced to give live testimony.

Note: Pursuant to the Pennsylvania Mental Health Procedures Act, § 109, the Court is required within seven days of finding an individual incapacitated to file a Notification of Mental Health Commitment form with the Pennsylvania State Police.

Rule 14.2C. Practice and Procedure. Small Estate of Incapacitated Persons.

If at a hearing the incapacity is established, and it appears that the gross estate does not exceed the statutory limitation, the Court may award the entire estate to the person or institution maintaining the incapacitated person, or make such order as may be appropriate under the circumstances. In such case, a decree in approved form, in lieu of the final decree appointing a guardian, shall be attached to the face of the petition.

Probate Section Comment: 20 Pa.C.S. § 5101 and § 5505 prescribe the statutory limitation for small estates.

Rule 14.2D. Practice and Procedure. Special Petitions.

(1) *Allowances.*

(a) *In General:* Expenditures for the maintenance or support of an incapacitated person or for dependent of the incapacitated person, or for payment of counsel fees, shall be governed by the appropriate provisions of Rule 5.6C(1) and (3); but, otherwise, as hereinafter provided.

(b) *Filing of Petition and Decrees:* A petition for allowance from the incapacitated person's estate, during inca-

capacity, shall be electronically filed with the Clerk by the guardian or any interested party. A final decree shall be attached to the face of the petition. When the petitioner is not a guardian, a preliminary decree containing a provision for the time and place for hearing to be fixed by the Court shall also be attached to the face of the petition. Notice shall be given to the guardian and to such other parties as the Court may direct.

(c) *Additional Contents of Petition:* In addition to the provisions set forth in Rule 14.2A(1), (a) through (e) and (m), the petition shall also set forth:

(i) the name of the guardian, the date of his or her or appointment, the nature of the guardianship of the estate or person (limited or plenary) and the name of the Hearing Judge;

(ii) If the petitioner is not a guardian, his or her relationship to the incapacitated person, and, if not related, the nature of his or her interest;

(iii) A statement of all previous distributions allowed by the Court since the date of the last Court approved accounting, if any;

(iv) An itemized statement of all claims of the incapacitated person's creditors known to petitioner;

(v) A statement of the requested distribution and the reasons therefor; and

(vi) A prayer for the distribution requested. If the allowance requested will involve a matter which will require annual petitions for substantially similar relief, the petitioner may request the Court to make the grant of the allowance applicable to more than one (1) year, but not to exceed three (3) years, unless otherwise permitted by the Court.

(d) *Restrictions Governing Allowance:*

(i) Except in cases of extreme emergency, requests for allowances will not be approved prior to the filing of the inventory or the last required annual report, as the case may be;

(ii) If any portion of the incapacitated person's estate is received from the United States Veterans' Administration or its successor, or any agency of the Commonwealth, notice of the request for allowance shall be given to such agency.

(2) *Sales.*

(a) *Real Property:* A petition to convey an interest in real property shall comply with the appropriate provisions of the rules governing sale under Rule 5.10A, as far as practicable.

(b) *Personal Property:* The Court shall be asked to approve sales of personal property only when the circumstances are unusual or where the nature of the property is such that the incapacitated person may wish to receive it in kind if he or she regains his or her capacity.

(3) *Reserve for Funeral.* In accordance with 20 Pa.C.S. § 5537, the Court may authorize a funeral reserve.

(4) *Estate plan.* In accordance with section 20 Pa.C.S. § 5536(b), the Court may substitute its judgment for that of the incapacitated person with respect to the incapacitated person's estate planning and other affairs.

(5) *Other Petitions.* The provisions of Rule 14.2D. do not preclude the filing of other petitions for special relief. All other petitions shall be electronically filed with the Clerk by the guardian or any interested party.

Probate Section Comment: Section 5521 of the Pennsylvania Probate, Estates and Fiduciaries Code (20 Pa.C.S. § 5521) gives the guardian authority to sell personal property without Court approval. Therefore, for instance, such approval should not be sought for the routine sale of publicly traded securities; however, Court approval may be sought for sales of other types of personal property, such as the alleged incapacitated person's personal effects, household furnishings or closely held stocks.

Rule 14.2E. Practice and Procedure. Modification of Existing Orders and Adjudication of Capacity.

The following Rules of the Orphans' Court Division of the Court of Common Pleas of Allegheny County were adopted June 9, 2016, effective September 1, 2016, as last amended December 6, 2000.

JEFFREY A. MANNING,

LAWRENCE J. O'TOOLE,
Administrative Judge

Foreword

This substantial revision of the local rules for practice in the Orphans' Court Division is the first since 2000. This version is in response to a substantially revised and more comprehensive set of Supreme Court Orphans' Court Rules, approved by the Supreme Court on December 1, 2015, to be effective September 1, 2016. This revision is the product of a committee of the Allegheny County Bar Association, consisting of John F. Meck, Esquire, Chair, Charles J. Avalli, Esquire, Thomas J. Dempsey, Jr., Esquire, Lisa M. Dougan, Esquire, Aubrey H. Glover, Esquire, Todd T. Jordan, Esquire and Paul W. Stefano, Esquire. The new rules, together with the Supreme Court Orphans' Court Rules are intended to be a comprehensive guide for practice in this division.

CHAPTER II. ACCOUNTS, OBJECTIONS AND DISTRIBUTIONS

ORPHANS' COURT DIVISION RULE 2.1

Rule 2.1. Form of Account.

Sec. 1. Form.

Accounts of all fiduciaries presented for confirmation and audit, whether joint or separate, shall be prepared in any form approved by the Supreme Court or in the forms A to E of this Rule and shall be designated by consecutive numbers starting with First and shall be further designated as Interim or Final. An Account which is not in a form consistent with these Rules shall not be confirmed nisi and shall not be scheduled for audit.

Accounts filed after confirmation nisi of an Account shall be designated Supplemental. No Account will be confirmed absolute before the disposition of all previously filed unaudited and unconfirmed Accounts unless the Account includes all matters embraced in such prior Accounts.

Sec. 2. Copy of Inventory.

Accounts filed by executors, administrators, and guardians under this Rule shall have attached thereto a copy of the inventory (and any supplemental inventory) certified by counsel to be a true and correct copy of the inventory filed.

Sec. 3. Request for Distribution.

There shall be a request for distribution signed by the accountant at the end of the Account requesting that adjudication be determined by the court in accordance with the petition for adjudication.

ORPHANS' COURT DIVISION RULE 2.4

Rule 2.4. Petition for Adjudication; Supplements/ Additions.

Sec. 1. Petition.

The petition for adjudication shall be prima facie evidence of the allegations therein and, unless objected to by an interested party or by the court, or changed or altered by the evidence offered at the audit or subsequently with leave of court, shall be conclusive for the entry of a decree of confirmation and distribution.

Sec. 2. Supplements.

Receipts or disbursements received or made after filing the Account and petition for adjudication may be accounted for in a supplemental account, which shall be signed and verified by the accountant and filed with the clerk, with notice in the same manner as required by Pa.O.C. Rule 2.5(a) to (g) with respect to an Account.

Explanatory Comment: Prior local practice was to include in or attach to the petition for Adjudication any supplemental accounting of transactions after the period covered by the Account. The petition for Adjudication must now be filed at the same time as the Account, pursuant to Pa.O.C. Rule 2.4(a). Under Section 2 of Rule 2.4, any supplemental accounting will have to be filed separately, at least 20 days in advance of the audit hearing, with notice in the same manner as for the Account.

(b) A decree of distribution may suspend distribution of any part of any fiduciary estate. In order to lift such a suspension, a petition for that purpose must be filed and a copy shall be delivered to the Motions Coordinator at least one day in advance of presentation, setting forth all receipts and disbursements since the entry of that decree. Is the court being asked to direct the filing of a Schedule of Distribution?

As to real estate only?

In Allegheny County those questions should be answered no. Allegheny County will still use a Schedule B for awarding real estate per Sec. 2 of Rule 2.9.

PRELIMINARY ORDER OF COURT
(Emergency and Permanent Guardian)

AND NOW, this ____ day of _____, the foregoing Petition having been presented in open Court, upon consideration thereof and on motion of * _____, counsel for petitioner, it is ORDERED and DECREED that a Citation be awarded, directed to * _____, to show cause why *he/she should not be adjudged an incapacitated person and a *plenary/limited guardian of *his/her person and estate be appointed. The citation shall be returnable and an emergency and permanent hearing on the Petition and any answer thereto shall be held on the following dates and times:

Courtroom:

The alleged incapacitated person shall be given notice of the hearing on appointment of an emergency guardian of *his/her person and estate by serving *him/her personally with the Citation, this Order of Court and a copy of the foregoing Petition prior to the time of such emergency hearing.

OR

The court finds that service of notice of the hearing on appointment of an emergency guardian upon the alleged incapacitated person is not feasible under the circumstances and is, therefore, waived pursuant to 20 Pa.C.S. § 5513.

Any Answer or other response to the Petition shall be filed at the Office of the Register of Wills of Allegheny County sitting as Clerk of the Orphans' Court, First Floor, City-County Building, Pittsburgh, Pennsylvania 15219. Hearings shall be held at the Orphans' Court Division of the Court of Common Pleas of Allegheny County, 17th Floor, Frick Building, 437 Grant Street, Pittsburgh, Pennsylvania 15219.

The Court finds that strict compliance with 20 Pa.C.S. § 5511(E) and Rule 14, Section 1 of the Allegheny County Orphans' Court Division Rules (both relating to contents of the Petition) are not feasible under the circumstances and are waived for the purpose of the hearing on appointment of an emergency guardian of the alleged incapacitated person.

The Court further finds that strict compliance with 20 Pa.C.S. § 5511(A) (relating to notification concerning the right to counsel and the appointment of counsel for the alleged incapacitated person) are not feasible under the circumstances and are waived for the purpose of the hearing on appointment of an emergency guardian of the alleged incapacitated person.

At least twenty (20) days written notice of the hearing on appointment of a permanent guardian shall be given to * _____, the alleged incapacitated person, by serving *him/her personally with a copy of the Petition, the citation and this Order of Court, together with an explanation of their contents. Rule *1920.54. Hearing by Master. Report. Related Claims.

(d) Once the ancillary claims for property division, alimony and counsel fees/expenses are ripe for determination, either party may file a motion for a case management conference with the Office of Judicial Support which will then be forwarded to the Court Administrator. This motion should be in substantially the following form:

(CAPTION)

MOTION FOR CASE MANAGEMENT CONFERENCE

1. The moving party is _____, the (plaintiff or defendant) in the above matter.
2. Respondent is _____, the (plaintiff or defendant) in the above matter.
3. Moving party represents that both parties have filed affidavits of consent; or one party has filed an affidavit of

consent under 23 Pa.C.S. § 3301(c)(2); or that plaintiff has filed and served a 3301(d) affidavit to which no counter-affidavit has been filed; or that a fault divorce master has recommended that a divorce be granted and no exceptions have been filed, and therefore the case is ripe for equitable distribution.

4. Moving party represents that an Inventory has been filed in compliance with Pa.R.C.P. 1920.33.

5. Moving party respectfully requests that the matter be scheduled for a case management conference.

Respectfully submitted,

As a condition precedent to the scheduling of a case management conference for the disposition of the outstanding ancillary claims, the moving party must have filed an Inventory Pursuant to Pa.R.C.P. 1920.33 and certify in the motion for case management conference that an Inventory has been filed. Additionally, one of the following must have occurred:

(1) both parties have executed and filed affidavits of consent pursuant to § 3301(c) of the Divorce Code;

(2) one party has filed an affidavit of consent under 23 Pa.C.S. § 3301(c)(2);

(3) one party has filed and served a 3301(d) affidavit and all accompanying materials pursuant to the Pennsylvania Rules of Civil Procedure, and twenty (20) days have passed from service thereof without a counter-affidavit having been filed refuting either the allegation of a two-year separation or the allegation of an irretrievable breakdown of the marriage;

(4) a recommendation for a fault divorce has been issued by a divorce master and no exceptions have been taken thereto; or, if exceptions have been taken, those exceptions have been resolved by the court in favor of upholding the master's recommendation.

(e) The Court Administrator shall then schedule a case management conference before a hearing officer. At the conclusion of the case management conference, a case management order shall be issued which shall include:

- (1) a listing of document production or other discovery required;
- (2) a schedule for such discovery/document production;
- (3) a due date for the parties' pre-trial statements;
- (4) a date for a pre-trial conference;
- (5) such other matters necessary to prepare the case for the pre-trial conference as the hearing officer shall deem appropriate.

Failure to comply with the requirements of a case management order may result in the imposition of sanctions under Pa.R.C.P. 4019 and/or Pa.R.C.P. 1920.33(c)(d). Sanctions may include but are not limited to an award of attorney's fees and/or precluding the introduction of evidence in support of or in opposition to claims.

(f) At the pre-trial conference, the hearing officer will discuss the issues applicable to the case as well as potential settlement. The hearing officer will also resolve any outstanding discovery issues. At the conclusion of the pre-trial conference, in the discretion of the hearing officer, the case will be assigned either a date for another pre-trial conference or a hearing date.

(g) The parties must be present at the hearing and prepared to present testimony and/or documentary evi-

dence. The hearing will be a non-record hearing. However, on application of a party, and in the sole discretion of the hearing officer, the hearing or portions thereof may be reported (and transcribed). It shall be the obligation of the party requesting reporting (and transcription) to make the necessary arrangements therefore.

(h) All case management conferences, pre-trial conferences and hearings shall be held in the courthouse complex or other authorized facilities.

(i) Hearings shall be conducted in accordance with the Pennsylvania Rules of Evidence. A party may, however, offer into evidence in the nature of real estate and personal property appraisals, estimates of value or worth, listings of fees and costs, actuarial and other economic reports, as well as the official or certified record of any governmental or judicial body, provided that true and correct copies of all such documentary evidence have been provided to the adverse party no later than the date for pre-trial conference, unless the time has been extended by the hearing officer.

(j)(i) In cases assigned to the Equitable Distribution Masters for disposition, petitions filed by counsel seeking Leave to Withdraw as Counsel shall be filed pursuant to Local Rule 206.8. All Petitions filed by Counsel seeking Leave to Withdraw as Counsel, and the Certification required in connection therewith, shall be filed at least ten (10) days prior to any scheduled proceeding before the Equitable Distribution Master.

(ii) At the time of the filing of the Petition, or prior to the Hearing Date assigned thereto, petitioning counsel, when appropriate, may file a Certification reporting that all parties and counsel have been notified of the filing of the Petition, and that there is no opposition thereto. Upon

the filing of such a Certification, the matter shall be removed from the Hearing List, and the Order, submitted with the Petition shall be entered as a matter of course.

(k)(i) The parties to a Decision of an Equitable Distribution Master shall have the right to seek Reconsideration of the Decision by the filing of a detailed Petition within fourteen (14) days of the date of entry of the Decision. Grounds for Reconsideration shall be limited to miscalculation, failure of the Master to consider specific assets or liabilities, and other or similar errors. Reconsideration shall not lie in order to permit re-litigation by the parties of an award or denial of Alimony or Counsel-Fees or Costs, the percentage of division, or other issues related to the dispositive plan decided upon by the Master.

The Petition for Reconsideration shall be referred immediately to the Master making the Decision for disposition. Filing of the Petition shall not, in and of itself, serve to stay the time for Appeal. Grant of the Petition for Reconsideration shall act as a Supersedeas of all matters.

(ii) The parties to a decision of an Equitable Distribution Master shall have the right of Appeal from the Decision of the Equitable Distribution Master by the filing of a Request for Hearing De Novo within twenty (20) days of the date of entry of the Decision.

(iii) A party filing an Appeal of a Decision of the Equitable Distribution Master shall pay a fee to the Office of Judicial Support in the amount of Three Hundred Dollars (\$300.00) in consideration thereof.

Distribution may proceed as to all other matters and the usual process to enforce it may issue.

PROPOSED RULEMAKING

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

[12 PA. CODE CH. 151]

Local Earned Income Tax

The Department of Community and Economic Development (Department), under the authority of Chapter 5 of The Local Tax Enabling Act (act) (53 P.S. §§ 6924.501—6924.517), proposes to add Chapter 151 (relating to local earned income tax).

Purpose

The purpose of Chapter 151 is to interpret and make specific the provisions in Chapter 5 of the act. Chapter 5 of the act provides for the consolidated collection of local earned income taxes. Chapter 5 of the act provides that the Department shall address the following areas by regulations:

- The filing of adjusted declarations of estimated net profits.
- The criteria under which the tax officer may waive the quarterly return and payment of income tax.
- The procedures for mandatory and voluntary mediation.
- The establishment of new county tax collection committees when political subdivisions have withdrawn from an established tax collection committee.
- The establishment of tax officer qualifications and requirements, including continuing education.
- The creation of standardized forms, reports, notices, returns and schedules in consultation with the Department of Revenue.

Summary

Section 151.1 (relating to definitions) sets forth definitions for words and terms used in Chapter 151.

Section 151.2 (relating to procedures for filing adjusted declarations of estimated net profits) sets forth the procedures and deadlines for taxpayers to file adjusted declarations of estimated net profits.

Section 151.3 (relating to procedures for filing taxable income not subject to withholding) sets forth the procedures and deadlines for taxpayers to file returns for taxable income not subject to withholding.

Section 151.4 (relating to refunds) addresses the refunding of tax overpayments.

Section 151.5 (relating to publication of a Policy and Procedure Manual) requires the Department to develop and annually update a Policy and Procedures Manual to be posted on the Department's web site. The Department's web site includes a library of standardized forms, reports, notices, returns and schedules developed in consultation with the Department of Revenue.

Section 151.11 (relating to registration of employers) outlines which employers shall withhold tax and file returns for their employees and specifies that employers shall require new employees to complete a Local Earned Income Taxpayer Residency Certification form. It also

requires employers to keep the Local Earned Income Taxpayer Residency Certification form on file and identifies who has access to this information.

Section 151.12 (relating to voluntary withholding for resident employees employed outside of a tax collection district) indicates that out-of-State employers are not required to withhold income taxes for employees residing in this Commonwealth but employed outside this Commonwealth. It also provides for voluntary withholding.

Section 151.13 (relating to elective filing and remittance by multiwork location employers) deals with the elective filing and remittance of taxes withheld by multiwork location employers. Under this section, an employer with more than one place of business in more than one tax collection district may elect to file one single combined return for all of its employees at all of its work locations in this Commonwealth.

Section 151.21 (relating to mandatory education for tax officers) establishes the mandatory education requirement for initial certification and continuing certification of tax officers.

Section 151.22 (relating to minimum number of persons required to receive mandatory education and meet the qualifications and requirements for tax officers) establishes the minimum number of persons required to receive mandatory education and meet the qualifications and requirements for tax officers.

Section 151.23 (relating to duties of a tax collection committee in selecting a tax officer) delineates the requirements a tax officer shall meet and establishes that it is a duty of a tax collection committee to verify that the proposed tax officer meets those requirements.

Section 151.24 (relating to duties of an appointed tax officer) lists the duties of an appointed tax officer.

Section 151.25 (relating to point of contact for a tax collection committee) establishes that each tax collection committee shall provide a point of contact to the Department.

Section 151.26 (relating to bond amount for tax officers) addresses the bond amount for tax officers.

Section 151.41 (relating to rules for mediation) explains the mediation process under the act.

Section 151.51 (relating to procurement of goods and services—general rule) addresses the method of procurement for goods and services needed by tax collection committees.

Section 151.61 (relating to withdrawal and establishment of a new tax collection committee) sets forth the timing and procedures to follow if a political subdivision desires to withdraw from governance by a specific tax collection committee.

Fiscal Impact

Commonwealth

The Department has incurred additional administrative costs in the implementation and operation of the act. However, these costs have been absorbed into the normal operating budget.

Political subdivisions

An August 2004 report issued by the Department documented the fragmentation, complexity and ineffi-

ciency of the local earned income tax collection system. The report found that, as of January 2004, there were 560 taxing authorities that collected nearly \$1.9 billion in annual revenue for more than 2,900 local taxing jurisdictions. Due to inefficiencies in the system, it was estimated that as much as \$237 million in revenues were lost annually and therefore not available to municipalities and school districts.

Public

The implementation of the act is expected to result in the recapture of tax dollars lost due to the inefficiencies of the previous tax collection system. This will benefit municipalities, school districts and taxpayers.

Paperwork

This proposed rulemaking will require the completion of new Statewide forms to replace the forms created by each tax collector. These new forms will not be more burdensome than the previous forms.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on July 20, 2016, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Commerce Committee and the Senate Community, Economic and Recreational Development Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b) which have not been met. The Regulatory Review Act specifies detailed procedures for review prior to final publication of the rulemaking by the Department, the General Assembly and the Governor.

Effective Date

This proposed rulemaking will take effect immediately upon final-form publication in the *Pennsylvania Bulletin*.

Sunset Date

A sunset date is not applicable as the act under which Chapter 151 is authorized does not specify a sunset date.

Contact Person

Interested persons are invited to submit in writing, within 30 days from the date of publication of the proposed rulemaking in the *Pennsylvania Bulletin*, comments, suggestions or objections to Sean Sanderson, Local Government Policy Manager, Department of Community and Economic Development, Governor's Center for Local Government Services, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120.

A tax officer shall refund overpayment of taxes to the taxpayer in accordance with 53 Pa.C.S. §§ 8421—8438 (relating to Local Taxpayers Bill of Rights Act).

The Department will develop and post on its web site a Policy and Procedure Manual. The Department will update the Policy and Procedure Manual on an annual basis. The Department's web site includes a library of standardized forms, reports, notices, returns and schedules developed in consultation with the Department of Revenue to be utilized by the local governments and the regulated community.

WITHHOLDING

§ 151.11. Registration of employers.

(a) Under section 512(1) of the act (53 P.S. § 6924.512(1)), if an employer has a place of business within a tax collection district and employs one or more persons, other than domestic servants, for compensation, the employer shall register with the tax officer for that tax collection district.

(b) An employer shall collect and maintain the information as required under section 512 of the act. On or after January 1, 2012, an employer shall require each new employee to complete a Local Earned Income Taxpayer Residency Certification form as provided by the Department to help identify the political subdivision where an employee is domiciled and employed. Additionally, an employer shall require each current employee who establishes a new address or domicile to complete the Local Earned Income Taxpayer Residency Certification form. The employer shall retain residency information provided by the employee and, upon request, provide this information to the tax officer to reconcile, correct or otherwise confirm the political subdivision information for the employee.

§ 151.12. Voluntary withholding for resident employees employed outside of a tax collection district.

Under section 512 of the act (53 P.S. § 6924.512), an out-of-State employer who employs a resident of this

Commonwealth at a work location outside of this Commonwealth is not required to withhold the local earned income tax. An out-of-State employer may voluntarily agree with the employee to withhold and remit the tax along with the appropriate forms to the tax officer of the tax collection district in which the employee resides.

§ 151.13. Elective filing and remittance by multi-work location employers.

Under section 512(5) of the act (53 P.S. § 6924.512(5)), an employer with more than one place of business in more than one tax collection district may elect to remit the tax withheld from all of its employees in all of its work locations in this Commonwealth for the preceding month and file within 30 days following the end of each month one single combined monthly return as follows:

(1) To be eligible to file combined returns and make combined payments, the employer shall file:

(i) A notice of its intention to file combined returns and make combined payments with the tax officer for each place of employment at least 1 month prior to filing its first combined return or making its first combined payment.

(ii) Its combined return and remit its combined payment electronically on a monthly, rather than quarterly, basis.

(2) An employer with payroll operations located within one tax collection district shall file the combined return and remittance of earned income taxes withheld to the tax officer in that tax collection district. An employer with payroll operations located within more than one tax collection district shall file the combined return and remittance of earned income taxes withheld to the tax officer of any tax collection district in which any of the employer's payroll operations are located. If the tax officer declines in writing to receive the combined filing, the employer may choose to file a combined return with any tax officer in a tax collection district where the employer maintains a place of business employing one or more employees.

(3) An eligible employer's election to file combined returns and make combined payments does not alter an employee's workplace for purposes of nonresident tax liability.

(4) An employer may not select a tax officer to receive combined tax returns and remittances more frequently than on a tax year basis. The selection of a tax officer shall be made at the time of filing the tax return.

(5) If an employer outsources payroll functions to a payroll processing company, the employer's place of business that forwards payroll data to the company is deemed the employer's payroll operations location. The location of the payroll processing company is not the employer's payroll operations location.

(5) Include in the agreement between the tax collection committee and the tax officer a termination for convenience clause that allows the tax collection committee to terminate the agreement for any reason or for no reason. The clause shall provide that the tax collection committee may terminate the agreement within 60 days of providing written notice to the tax officer.

§ 151.24. Duties of an appointed tax officer.

A tax officer shall notify the Department and all the tax collection committees for which it collects taxes if it fails to continually meet the requirements of §§ 151.21—151.23 (relating to mandatory education for tax officers; minimum number of persons required to receive mandatory education and meet the qualifications and requirements for tax officers; and duties of a tax collection committee in selecting a tax officer). Each tax collection committee shall identify to the Department a point of contact who is available during normal business hours. The point of contact does not need to be a delegate of the tax collection committee. (b) When a tax collection committee agrees to a bond amount less than the maximum amount of taxes that may be held in the possession of the tax officer at any given time, the tax collection committee shall do so by resolution. The tax collection committee shall expressly indicate in the resolution the reasons why it has agreed to a lesser bond amount.

MEDIATION

§ 151.41. Rules for mediation.

The following practices and procedures for mediation apply.

(1) One or more affected political subdivisions shall give written notice to the tax collection committee and the Department of the desire to submit the disputed matter to mediation by the Department. Thereafter, the political subdivision, tax collection committee and tax officer shall mediate in accordance with this section.

(i) Only a political subdivision may initiate a mediation request.

(ii) A political subdivision shall send the notice by regular mail.

(iii) The notice must include a statement indicating whether or not the dispute is subject to mandatory mediation. If a dispute involves a 10% or greater deviation from taxes received in the previous tax year, the parties are subject to mandatory mediation. If a dispute involves less than the 10% threshold, the parties may agree to undergo voluntary mediation in accordance with this section.

(iv) The Department will charge a \$500 filing fee for mediation. The fee is not refundable and not subject to appeal. The political subdivision shall pay the fee by check and submit it together with the notice to the Department.

(2) Upon receipt of the notice, the Department will provide a copy of the notice to the tax officer. Within 20 days of the submission of the notice, the political subdivision, tax collection committee and tax officer shall each submit a written statement, not exceeding five pages, to the Department and the affected parties stating their positions as to the disputed and undisputed facts and issues in the case and whether prior settlement negotiations have occurred. The Department may decline to consider any information within a statement filed after the 20-day deadline.

(3) Within 30 days of the Department's receipt of the notice, the Department will determine whether the dispute meets the threshold conditions for mandatory mediation.

(i) If the issue being mediated is the same for more than one political subdivision, the political subdivisions shall combine their notices into one notice, which may not exceed five pages. The \$500 filing fee may be shared by the political subdivisions at their discretion.

(ii) The Department's determination is final and not subject to appeal.

(iii) The Department will provide written notice of its determination to all affected parties within 5 days of its determination. The Department may provide the notice by e-mail, if available.

(4) If the Department determines that the dispute requires mandatory mediation, the Department will turn the matter over to the Pennsylvania Office of General Counsel Dispute Resolution Coordinator within 5 days of the Department's determination. The coordinator will appoint an Office of General Counsel mediator to mediate the dispute. The selection of the mediator is final and not subject to appeal. The mediator will attempt to complete the mediation within 20 days of the appointment, but no later than 30 days following the Department's determination. Except as otherwise provided in this section, the mediation will be conducted under the rules in the Office of General Counsel Mediation Handbook. If the mediator incurs costs or imposes other mediation fees upon the parties, the costs or fees, or both, will be equitably assessed. The assessment is final and not subject to appeal.

(i) The parties shall participate in the mediation in good faith. The parties shall have an official authorized to settle the matter on their behalf available at the mediation. The mediator may require a party that fails to participate in good faith to pay all the costs of the mediation.

(ii) The mediator may request that Department personnel be present for all or a portion of the mediation.

(5) If the Department determines that the dispute involves voluntary mediation, all parties involved in the mediation, including the Department, shall agree to mediate the issue through the coordinator within 5 days of the Department's determination. The coordinator will appoint a mediator to mediate the matter. The selection of the mediator is final and not subject to appeal. The mediator will attempt to complete the mediation within 20 days of the appointment but no later than 30 days following the Department's determination. Except as otherwise provided in this section, the mediation will be conducted under the rules in the Office of General Counsel Mediation Handbook. If the mediator incurs costs or imposes other mediation fees upon the affected parties, the costs or fees, or both, will be equitably assessed. The cost assessment is final and not subject to appeal.

(i) The parties shall participate in the mediation in good faith. The parties shall have an official authorized to settle the matter on their behalf available at the mediation. The mediator may require a party that fails to participate in good faith to pay all the costs of the mediation.

(ii) The mediator may request that Department personnel be present for all or a portion of the mediation.

(6) Mediation sessions are closed to the public and are not subject to the requirements of 65 Pa.C.S. Chapter 7 (relating to Sunshine Act).

(7) Offers or settlements made in a mediation session, excluding the final written settlement agreement, are not admissible as evidence in subsequent judicial or administrative proceedings in accordance with 42 Pa.C.S. § 5949 (relating to confidential mediation communications and documents).

(8) If a settlement is reached during the mediation, the Department will prepare a written settlement agreement and obtain all necessary signatures within 30 days of the agreement of the parties to settle the issue. The settlement agreement is binding upon the parties to the agreement. The settlement agreement is subject to the Right-to-Know Law (65 P.S. §§ 67.101—67.3104). The agreement is admissible as evidence in subsequent judicial or administrative proceedings in accordance with the Pennsylvania Rules of Court, the Pennsylvania Rules of Evidence and 42 Pa.C.S. § 5949.

(9) If the mediation does not result in a written agreement signed by the parties as provided in paragraph (8), the mediation is deemed unsuccessful unless all parties and the Department agree in writing to extend the mediation. The mediator may determine that the mediation is unsuccessful and terminate the mediation if the parties have not executed a settlement agreement by the ending date of the extension or of any further extension agreed upon by the affected parties and the mediator.

PROCUREMENT

§ 151.51. Procurement of goods and services—general rule.

Tax collection committees shall procure goods and services in accordance with section 1802 of The County Code (16 P.S. § 1802) through competitive sealed bids, unless otherwise specified in this section. This manual replaces, in its entirety, Manual 210.3, dated July 6, 2015. This manual includes all new and amended issuances through June 30, 2016.

How to Use Index:

- o Executive orders are by year of issuance.
- o Management directives and manuals are numbered in sequence by category (e.g., Financial Management) and subcategory (e.g., Payroll).
- o All documents preceded by the letter "M" are manuals.
- o Documents that have been rescinded are indicated as rescinded.
- o Amendments are presented as complete documents that incorporate all changes since the last issuance.
- o Revisions which generally affect older issuances are pen and ink changes or replacement pages and affect only those parts of an issuance being changed. Therefore the issuance changed by a revision will be in more than one document because there will be original issuance and any revision.

Fiscal Note: GOV-16-210.3. No fiscal impact; (8) recommends adoption.

Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

1 The parameters indicated by footnote 1 received water quality based effluent limitations because the pollutants were reported to be present at a concentration higher than the DEP recognized target quantitative level. The permittee will have the opportunity to resample for those parameters during the public comment period to demonstrate that they are not present at concentrations equal to or greater than the target quantitative level. The effluent limitations or monitoring requirements may be removed from the permit or changed to less stringent technology based effluent limitations, as applicable, based on the additional sampling data provided.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

The applicant is proposing to:

Install and maintain an anchored sheet pile retaining along 450 linear feet of Tenmile Creek,

For the purpose of rehabilitating an existing emergency retaining wall. The project is located near the intersection of SR 88 and Morton Street (Quadrangle: Carmichaels N: 19.8 inches; W: 17.25 inches; Latitude: 39° 59' 5.1"; Longitude: -79° 59' 57.5") East Bethlehem Township, Washington County.

Northwest Region: Waterways and Wetlands Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

E42-367, National Fuel Gas Supply Corporation, 1100 State Street, Erie PA 16501-1912. Northern Access 2016 Expansion Project, in Sergeant, Keating, Annin, Eldred, and Ceres Townships, **McKean County**, ACOE Pittsburgh District (Crosby, PA Quadrangle N: 41°42'04.84"; W: 78°29'59.98").

The project consists of the construction, operation, and maintenance of an expanded natural gas transmission pipeline and related infrastructure from Sergeant Township, McKean County, Pennsylvania to the Town of Elma, Erie County, New York. The Pennsylvania portion of the project includes approximately 28 miles of 24 inch diameter natural gas pipeline construction from the interconnection/tie-in at the existing NFG Midstream Clermont, LLC, facility along SR 146 approximately 1 mile west of Clermont (Crosby, PA Quadrangle N: 41°42'04.84"; W: 78°29'59.98") in Sergeant Township, McKean County extending generally north crossing through portions of Sergeant, Keating, Annin, Eldred, and Ceres Townships, McKean County, to where it will cross the New York border approximately 2 miles west of where SR 44 crosses the state line (Bullis Mills, PA Quadrangle N: 41°59'57.51"; W: 78°17'56.98") in Ceres Township, McKean County. Pipeline work also includes three main-line valve sites, cathodic protection, and numerous temporary and permanent access roads to support construction and permanent facility access. Numerous stream and wetland crossings will occur along the project route as described below. The project also will utilize one temporary pipe storage yard and one contractor yard along SR 155 south of Port Allegheny Borough in Liberty Township, McKean County. The pipeline route has been co-located to parallel/overlap existing utility ROWs for a total of 17.75 miles in PA.

The Pennsylvania portion of the project includes the following proposed aquatic resource impacts:

1) 51 pipeline and temporary equipment crossings of wetlands, installed by open-trench, resulting in a total of 7.073 acres of wetland disturbance within the proposed permanent ROW, 1.682 acre of which consists of perma-

nent wetland vegetation conversion, and an additional 4.974 acres of temporary wetland impact within the temporary construction ROW. There is no proposed permanent loss of wetland area associated with this project;

2) 15 temporary equipment crossings/construction workspace areas in wetlands resulting in a total of 0.303 acre of temporary wetland impact;

3) 118 pipeline and temporary equipment crossings of streams and floodways resulting in a total of 904 LF of stream channel crossed by the pipeline and a total of 1.826 acre of temporary impact to stream channels. Of these, 105 will be installed by open trench via dam/pump (51 of which are <100 acre drainages), 1 by open trench via coffer dam (Potato Creek), 1 by horizontal directional drill (Allegheny River), and 1 by conventional bore (UNT Rock Run). At the remaining 10 locations, the pipeline will be installed within the 50 ft assumed floodway of small tributaries but will not cross the stream channel (all 10 are <100 acre drainages).

Project includes crossings of Bloomster Hollow and tributaries, tributaries to Irons Hollow, Blacksmith Run and tributaries, Cloverlot Hollow and tributaries, Kent Hollow and tributaries, Newell Creek and tributaries, Oswayo Creek and tributaries, Marvin Creek and tributaries, Champlin Hollow and tributaries, Open Brook, Allegheny River, Barden Brook and tributaries, Potato Creek and tributaries, tributaries to Cole Creek, McCrea Run and tributaries, and Pierce Brook;

4) 14 temporary equipment crossings of streams (temporary bridges) resulting in temporary impacts to a total of 420 LF stream channel (all are <100 acre drainages);

5) 1 pipeline and temporary equipment crossing of an open water pond (23 LF);

To mitigate for these proposed impacts, the applicant proposes the following:

1) To enhance existing, degraded PEM wetlands located in State Game Lands 062 (SGL 062) and three properties currently in the process of being added to SGL 062 (Lewis Run, PA Quadrangle N:41°47'16.85"; W:78°38'22.26"). Enhancement activities include the planting of a minimum of 0.507 acre of shrub habitat and 1.175 acre forested habitat utilizing native trees/shrubs to improve habitat for game and non-game species;

2) To restore the forested wetlands within the temporary construction ROW. Restoration will include, depending on site conditions, either replanting of native trees in disturbed wetlands or temporary stabilization and natural regeneration. Areas where the applicant opts to utilize natural regeneration will result in additional planting area being added to the SGL 062 enhancement project above—bringing the total up to potentially 3 acres;

3) To restore the impacted wetlands within the ROW. Wetlands crossed by the pipeline and equipment will be restored to original contours by replacing native soils and temporarily stabilized to allow natural regeneration;

4) To restore the stream crossings within the ROW. Streams will be returned to original contours, and native streambed material will be replaced. Stream banks will be stabilized to minimize erosion.

The applicant previously requested 401 Water Quality Certification for this project as part of the FERC authorization process [Docket No. CP15-115-000 filed March 16, 2015]. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in

environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

2016 Draft Integrated Water Quality Monitoring and Assessment Report; Availability for Public Comment

The Department of Environmental Protection (Department) is providing for public comment its draft 2016 Integrated Water Quality Monitoring and Assessment Report (Integrated Report). The Integrated Report in-

cludes both a narrative description of the Commonwealth's water quality management programs (formerly the Federal Clean Water Act section 305(b) Report) and waterbody-specific lists depicting the status of Commonwealth surface waters as required by section 303(d) of the Federal Clean Water Act (33 U.S.C.A. § 1313(d)).

Section 303(d) of the Federal Clean Water Act and 40 CFR Part 130 (relating to water quality planning and management) require states to identify waters which would be impaired, even after the appropriate pollution control technology has been applied to point sources and required best management practices are in place for nonpoint sources. The Integrated Report establishes five categories for listing waterbodies. Waterbodies that do not meet water quality standards and that require a Total Maximum Daily Load (TMDL) are placed on Category 5 of the Integrated Report waterbody list.

For each waterbody in Category 5, the Commonwealth or, if requested, the United States Environmental Protection Agency (EPA) must develop TMDL allocations. A TMDL is a calculation of the assimilative capacity of a waterbody to handle point and nonpoint pollutant loads without violating water quality standards. TMDLs also describe the conditions necessary to improve water quality. TMDLs are used to set limits in National Pollution Discharge Elimination System water quality permits and identify pollutant load reductions for nonpoint sources necessary to improve and protect water quality. When a TMDL is approved by the EPA for a waterbody, that waterbody listing is removed from Category 5 and placed in Category 4a.

In addition to comments of a general nature on the Integrated Report, the Department is seeking comment on the eight waters listed as high priorities for TMDL development and the 16 waters selected to be restored through alternatives to TMDLs. These waters can be found on page 27 of the report. Descriptions of the waterbodies, causes of impairment and reason for selection are included.

Waterbody assessment and compilation of the Integrated Report is an ongoing process. The Department will continue to verify the quality of data used in this process and, as needed, will publish supplements to the Integrated Report for public review and comment.

The draft 2016 Integrated Report is available on the Department's web site at www.ahs.dep.pa.gov/eComment.

The Department invites public comments on the draft Integrated Report and will accept comments through Monday, September 12, 2016. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail, must include the originator's name and address. Commentators are urged to submit comments using the Department's online eComment system at www.ahs.dep.pa.gov/eComment. Written comments should be submitted by e-mail to ecomment@pa.gov or by mail to the Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063.

Department of Environmental Protection, the City of Philadelphia Water Department and Partnership for the Delaware Estuary; Planned Revision for the Comprehensive Conservation and Management Plan; Public Listening Session

The Partnership for the Delaware Estuary and its partners will be accepting public comments on the planned revision for the Comprehensive Conservation and Management Plan (Plan) for the Delaware Estuary at a listening session to be held on August 11, 2016, at the Department of Environmental Protection's Southeast Regional Office, 2 East Main Street Norristown, PA from 4 p.m. until 7 p.m.

The tidal Delaware River and Bay stretches from Trenton, NJ through Philadelphia, PA to Cape Henlopen, DE, where it joins with the Atlantic Ocean. The estuary relies on clean freshwater from streams extending from four states. The 1996 Plan is a blueprint for protecting and enhancing this resource. Under the guidance of this Plan, environmental organizations and agencies have worked with businesses, schools and farmers on hundreds of projects to reduce and prevent water pollution, and restore fish and wildlife habitat, but it is outdated and needs revision.

The Partnership for the Delaware Estuary and its partners are holding three listening sessions, one in each of the partner states, to inform the public about the revision process and to gather thoughts and ideas from the public to revise the plan. More information about the plan and the listening sessions in New Jersey and Delaware can be found at www.delawareestuary.org.

Preregistration for the listening session is appreciated, and a link to preregister can be found at www.delawareestuary.org. In addition, the agenda and meeting materials for the listening session will be available on this web site. The Department of Environmental Protection (Department) encourages commenters to bring a copy of prepared comments in writing to capture an accurate record of comments.

Questions concerning the listening session can be directed to Sarah Bouboulis at (302) 655-4990, Ext. 119 or sbouboulis@delawareestuary.org, or Lori Mohr at (717) 787-4628 or laumohr@pa.gov.

Persons in need of accommodations as provided for in the Americans with Disabilities Act of 1990 should contact the Department at (717) 787-3720 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Request for Delegation of Authority to Implement the Federal Plan Requirements for Sewage Sludge Incineration Units; Public Hearing

The Department of Environmental Protection (Department) is requesting delegation of authority from the United States Environmental Protection Agency (EPA) to implement the Federal Sewage Sludge Incineration (SSI) Plan. Sections 111(b) and 129(a) of the Clean Air Act (CAA) (42 U.S.C.A. §§ 7411(b) and 7429(a)) address emis-

sions from new units through the new source performance standards (NSPS), and sections 111(d) and 129(b) of the CAA address emissions from existing units through the emission guidelines (EG). The NSPS are Federal regulations directly enforceable upon SSI units and, under section 129(f)(1) of the CAA, become effective 6 months after promulgation. The EPA promulgated EGs to reduce emissions from existing SSIs at 71 FR 15372 (March 21, 2011).

“Federal Plan Requirements for Sewage Sludge Incineration Units Constructed on or Before October 14, 2010” was promulgated at 81 FR 26040 (April 29, 2016). This final action implements the EPA’s EGs adopted on March 21, 2011, in states that do not have an approved state plan implementing the EGs in place by the effective date of this Federal plan.

Copies of the Delegation Request may be examined on the Department’s web site at <http://www.dep.pa.gov/Business/Air/BAQ/Pages/default.aspx> under the heading “Proposals Open for Comment.”

The Department is seeking comments on the request for delegation of the Federal SSI Plan and will hold a public hearing on August 31, 2016, from 10 a.m. until 12 p.m. in the Rachel Carson State Office Building, 12th Floor Conference Room, 400 Market Street, Harrisburg, PA 17105-2301.

Persons wishing to present testimony should contact the Department no less than 24 hours in advance of the public hearing to reserve a time. Reservation requests should be directed to Maisha Webb, Bureau of Air Quality, P.O. Box 8468, Harrisburg, PA 17105 at (717) 787-9702 or maiwebb@pa.gov. Speakers will be limited to 10 minutes and should bring a written copy of their comments.

The Department must receive all comments by Friday, September 2, 2016. Electronic comments should be submitted using the Department’s eComment site at www.ahs.dep.pa.gov/eComment. Written comments can be submitted by e-mail to ecomment@pa.gov or by mail to the Policy Office, Department of Environmental Protection, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceeding should contact Maisha Webb at (717) 787-9702 or maiwebb@pa.gov. TDD users may contact the Pennsylvania AT&T Relay Service at (800) 654-5984 to discuss how the Department can best accommodate their needs.

The Department approves prearrest breath testing devices as required by 28 Pa. Code §§ 5.101—5.104 (relating to equipment to determine blood alcohol content under the Vehicle Code and the Fish and Boat Code). Authority to promulgate these regulations is contained in the Vehicle Code, 75 Pa.C.S. § 1547(k) (relating to chemical testing to determine amount of alcohol or controlled substance), the Fish and Boat Code, 30 Pa.C.S. § 5125(k) (relating to chemical testing to determine amount of alcohol or controlled substance), the Game and Wildlife Code, 34 Pa.C.S. § 2502(j) (relating to chemical test to determine amount of alcohol) and section 2102(g) of The Administrative Code of 1929 (71 P.S. § 532(g)).

Prearrest breath testing devices approved under this authority may be used by police officers, waterways patrolmen and officers enforcing the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code in conducting preliminary determinations of the alcohol content of blood of persons suspected of driving, boating, hunting or furtaking while under the influence of alcohol. Officers and patrolmen use these devices to assist them in determining whether or not a person should be placed under arrest for violation of 75 Pa.C.S. § 3802 (relating to driving under influence of alcohol or controlled substance), for violation of 30 Pa.C.S. § 5502 (relating to operating watercraft under influence of alcohol or controlled substance), for violation of 34 Pa.C.S. § 2501 (relating to hunting or furtaking prohibited while under influence of alcohol or controlled substance) or for any other criminal offense under the Vehicle Code, the Fish and Boat Code or the Game and Wildlife Code which involves operating a vehicle or boat, hunting or furtaking while under the influence of alcohol.

The National Highway Traffic Safety Administration (NHTSA) of the United States Department of Transportation published model specifications for Screening Devices to Measure Alcohol in Bodily Fluids at 59 FR 39382

(August 2, 1994). These specifications established performance criteria and methods for testing alcohol screening devices to measure alcohol content. The NHTSA established these specifications to support state laws and the United States Department of Transportation's workplace alcohol testing program. The Department has elected to use the NHTSA criteria for approving devices for the prearrest testing of a person's breath to determine the alcohol content of the person's blood.

The NHTSA published its first Conforming Products List (CPL) for screening devices at 59 FR 61923 (December 2, 1994), with corrections at 59 FR 65128 (December 16, 1994), identifying the devices that meet the NHTSA's Model Specifications for Screening Devices to Measure Alcohol in Bodily Fluids. Thereafter, the NHTSA updated the CPL at 60 FR 42214 (August 15, 1995), 66 FR 22639 (May 4, 2001), 70 FR 54972 (September 19, 2005), with corrections at 70 FR 72502 (December 5, 2005) and 72 FR 4559 (January 31, 2007).

The NHTSA published revised Model Specifications for Screening Devices to Measure Alcohol in Bodily Fluids at 73 FR 16956 (March 31, 2008). These specifications removed from use interpretive screening devices (ISD) because ISDs did not provide an unambiguous test result. These specifications also removed from use the Breath Alcohol Sample Simulator as it is not necessary for testing breath alcohol screening devices. All other performance criteria and test methods were maintained. The NHTSA published an additional update to the CPL at 74 FR 66398 (December 15, 2009). The current list was published at 77 FR 35745 (June 14, 2012).

On January 9, 2014, the NHTSA indicated that it had approved the ALERT J5 from Countermeasure Systems Corp. as a breath screening device. The Department received confirmation of this addition on July 10, 2015.

Evidential Breath Testing Devices

The Department approves evidential breath testing devices under the authority of the Vehicle Code (75 Pa.C.S. § 1547(c)(1)), the Fish and Boat Code (30 Pa.C.S. § 5125(c)(1)) and the Game and Wildlife Code (34 Pa.C.S. § 2502(c)).

Evidential breath testing devices approved under this notice may be used by law enforcement officials to obtain test results which will be admissible in evidence in any summary or criminal proceeding in which the defendant is charged with a violation of 75 Pa.C.S. § 3802 or any other violation of the Vehicle Code arising out of the same action or 30 Pa.C.S. § 5502 or any other violation of the Fish and Boat Code arising out of the same action or 34 Pa.C.S. § 2501 or any other violation of the Game and Wildlife Code arising out of the same action.

The NHTSA published the Standards for Devices to Measure Breath Alcohol at 38 FR 30459 (November 5, 1973). A Qualified Products List of Evidential Breath Measurement Devices comprised of instruments that met this standard was first issued at 39 FR 41399 (November 21, 1974).

The NHTSA converted the Standards for Devices to Measure Breath Alcohol to Model Specifications for Evidential Breath Testing Devices (Model Specifications) and published a CPL of instruments that were found to conform to the Model Specifications as Appendix D to that notice at 49 FR 48854 (December 14, 1984). Those instruments are identified in this notice with an asterisk.

The NHTSA published a notice to amend the Model Specifications at 58 FR 48705 (September 17, 1993) and

to update the CPL. That notice changed the alcohol concentration levels at which instruments are evaluated for precision and accuracy, from 0.000, 0.050, 0.101 and 0.151 blood alcohol content (BAC), to 0.000, 0.020, 0.040, 0.080 and 0.160 BAC, respectively. It also included a test for the presence of acetone and an expanded definition of alcohol to include other low molecular weight alcohols, for example, methyl or isopropyl. Since that time, the CPL has been annotated to indicate which instruments have been determined to meet the Model Specifications published in 1984 and which have been determined to meet the Model Specifications, as revised and published in 1993. Thereafter, the NHTSA has periodically updated the CPL with those breath instruments found to conform to the Model Specifications.

The Department's list of evidential breath testing devices contains updates to the CPL published at 77 FR 35747 (June 14, 2012) for instruments that conform to the Model Specifications for Evidential Breath Alcohol Measurement Devices at 58 FR 48705 (September 17, 1993).

The NHTSA also evaluates equipment to determine if it must be operated at fixed locations (that is, nonmobile equipment) or can be transported to nonfixed operational sites in the field (that is, mobile equipment). Most equipment on the following list is approved for mobile and nonmobile operation. The instruments on the list not marked with an asterisk meet the specifications for use as prearrest or evidentiary breath testing devices. The instruments on the list marked with an asterisk may be used as evidentiary devices for blood alcohol concentrations at or above 0.050%. These instruments may also be used as prearrest breath testing devices if they are approved for mobile operations. However, these instruments may not be used for making arrests under the Vehicle Code, the Fish and Boat Code or the Game and Wildlife Code when blood alcohol concentrations below 0.050% must be determined. Nonmobile devices can only be used as evidentiary testing instruments since they are not portable. Before purchasing breath testing devices, law enforcement officials should consult with the manufacturer of the equipment they intend to purchase to verify that the devices can be used for their intended purposes.

Law enforcement agencies should determine that an approved training program in the use of the equipment is available in accordance with the previously referenced statutes before purchasing any of the devices contained on this list. Law enforcement agencies that plan to utilize a device that does not appear on the following list should contact the manufacturer of the equipment to verify that it has been evaluated by the NHTSA and found to meet the NHTSA's performance requirements. If a device is approved by the NHTSA after the date of this publication, the manufacturer of the device will need to forward documentation of the NHTSA acceptability to Dr. James R. Lute at the address given as follows so that the Department has information sufficient to enable it to include the device in the next revision of this notice in the *Pennsylvania Bulletin*.

Some of the devices included in this notice are listed under the name of more than one manufacturer due to the fact that the name of the manufacturer has changed or the right to produce a device has been transferred to a different company. In these instances, the device is listed under the name of every company that was ever associated with the device to allow law enforcement agencies to continue using devices bearing the name of a previous manufacturer.

To facilitate accessibility of information concerning breath alcohol testing devices which are approved for law enforcement purposes in this Commonwealth, the Department will publish revisions of this list of equipment semiannually as notices in the *Pennsylvania Bulletin*.

Questions regarding this list should be directed to Dr. James R. Lute, Assistant Bureau Director, Department of Health, Bureau of Laboratories, P.O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape, Braille) may contact Dr. James R. Lute at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

⁷ While these devices are still being sold, they are no longer manufactured or supported.

⁸ The Breath Alcohol® .02 Detection System consists of a single-use disposable breath tube used in conjunction with an electronic analyzer that determines the test result. The electronic analyzer and the disposable breath tubes are lot specific and manufactured to remain calibrated throughout the shelf-life of the device. This screening device cannot be used after the expiration date.

⁹ While the ALCO-SCREEN 02™ saliva-alcohol screening device manufactured by Chematics, Inc. passed the requirements of the Model Specifications when tested at 40°C (104°F), the manufacturer has indicated that the device cannot exceed storage temperatures of 27°C (80°F). Instructions to this effect are stated on all packaging accompanying the device. Accordingly, the device should not be stored at temperatures above 27°C (80°F). If the device is stored at or below 27°C (80°F) and used at higher temperatures (that is, within a minute), the device meets the Model Specifications and the results persist for 10–15 minutes. If the device is stored at or below 27°C (80°F) and equilibrated at 40°C (104°F) for an hour prior to sample application, the device fails to meet the Model Specifications. Storage at temperatures above 27°C (80°F), for even brief periods of time, may result in false negative readings.

¹⁰ While this device passed all of the requirements of the Model Specifications, readings should be taken only after the time specified by the manufacturer. For valid readings, the user should follow the manufacturer's instructions. Readings should be taken 1 minute after a sample is introduced at or above 30°C (86°F); readings should be taken after 2 minutes at 18°C–29°C (64.4°F–84.2°F); and readings should be taken after 5 minutes when testing at temperatures at or below 17°C (62.6°F). If the reading is taken before 5 minutes has elapsed under the cold conditions, the user is likely to obtain a reading that underestimates the actual saliva-alcohol level.

Laboratories Approved for Drugs

The following laboratories are licensed by the Department of Health (Department) under The Clinical Laboratory Act (35 P.S. §§ 2151—2165) or section 353 of the Clinical Laboratories Improvement Amendments of 1988 (42 U.S.C.A. § 263a), or both, and are currently approved by the Department under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of blood or serum, or both, for the determination of controlled substances. This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories. These laboratories are also approved and designated for purposes of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; and reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2502 (relating to chemical test to determine amount of alcohol), as qualified to perform the types of services which will reflect the presence of controlled substances or their biotransformation products in blood or serum, or both.

Depending upon their capability and performance in proficiency surveys, laboratories are approved to perform screening or confirmatory analyses, or both, on blood or serum, or both. Screening analyses provide a presumptive indication that a controlled substance is present. Confirmatory testing is used to substantiate screening results.

Persons seeking forensic blood or serum analysis services, or both, from any of the listed laboratories should determine that the laboratory employs techniques and procedures acceptable for medicolegal purposes. They should also determine that the director of the facility is agreeable to performing analyses for forensic purposes. Persons seeking blood and/or serum analyses are responsible for specifying the controlled substances for which testing is being sought. Persons seeking those analyses should first determine the purpose of the analyses, that is, whether they are for medical, legal or other purposes.

The Vehicle Code contains a provision in 75 Pa.C.S. § 1547(c)(3)(ii) that permits test results on blood or urine for alcohol or controlled substances to be introduced into evidence in legal proceedings in this Commonwealth if the laboratory is located in another state and is not licensed and approved by the Department to provide these services. This section states that the test results may be admissible into evidence at summary or criminal proceedings in which the defendant is charged with a violation of 75 Pa.C.S. § 3802 (relating to driving under influence of alcohol or controlled substance) if the laboratory that performed the test is licensed by the state in which the facility is located and licensed under the Clinical Laboratory Improvement Amendments of 1988 (Pub.L. No. 100-578, 102 Stat. 2903). A similar provision appears in the Fish and Boat Code in 30 Pa.C.S. § 5125(c)(3)(ii).

The name or location of a laboratory, as well as the personnel and testing procedures, can change. When changes of this type occur, the clinical laboratory permit number does not change. If questions arise about the identity of a laboratory due to a name or location change, the clinical laboratory permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test, the clinical laboratory permit number of the facility at the time the list was prepared is included in the list of approved laboratories before the name of the laboratory.

The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*. Questions regarding this list should be directed to Dr. James R. Lute, Assistant Bureau Director, Department of Health, Bureau of Laboratories, P.O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape, Braille) should contact Dr. James R. Lute at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

[Pa.B. Doc. No. 16-1321. Filed for public inspection July 29, 2016, 9:00 a.m.]

**Laboratories Approved to Determine Controlled
Substance Content of Urine under The Clinical
Laboratory Act, the Vehicle Code, the Fish and
Boat Code and the Game and Wildlife Code**

The following laboratories are licensed by the Department of Health (Department) under The Clinical Laboratory Act (35 P.S. §§ 2151—2165) and are currently approved by the Department under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of urine for the determination of controlled substances or their biotransformation products.

This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories. These laboratories are also approved and designated for purposes of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; and reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2502 (relating to chemical test to determine amount of alcohol), as qualified to perform the types of services which will reflect the presence of controlled substances or their biotransformation products in urine.

Depending upon their capability and performance in proficiency surveys, laboratories are approved to perform screening and/or confirmatory urine drug analyses. Screening analyses provide a presumptive indication that a controlled substance is present. Confirmatory testing is used to substantiate screening results.

Persons seeking forensic urine drug analysis services from any of the listed laboratories should determine that the laboratory employs techniques and procedures acceptable for the purpose. They should also determine that the director of the facility is agreeable to performing analyses for that purpose. Persons seeking the analyses are responsible for specifying the extent to which the presence of a controlled substance is to be verified. That specification should be predicated upon the purpose for which the analysis is being sought.

The Commonwealth's Vehicle Code contains a provision in 75 Pa.C.S. § 1547(c)(3)(ii) that permits test results on blood or urine for alcohol or controlled substances to be introduced into evidence at legal proceedings in this Commonwealth if the laboratory is located in another state and is not licensed and approved by the Department to provide these services. This section states that the test results may be admissible into evidence at summary or criminal proceedings in which the defendant is charged with a violation of 75 Pa.C.S. § 3802 (relating to driving under influence of alcohol or controlled substance) or any other violation of the Vehicle Code arising out of the same action if the laboratory that performed the test is licensed by the state in which the facility is located and licensed under the Clinical Laboratory Improvement Amendments of 1988 (Pub.L. No. 100-578, 102 Stat. 2903). A similar provision appears in the Fish and Boat Code in 30 Pa.C.S. § 5125(c)(3)(ii).

The name or location of a laboratory, as well as the personnel and testing procedures, can change. When changes of this type occur, the clinical laboratory permit number does not change. If questions arise about the identity of a laboratory due to a name or location change, the clinical laboratory permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test, the clinical laboratory permit number of the facility at the time the list was prepared is included in the list of approved laboratories above the name of the laboratory.

The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*. Questions regarding this list should be directed to Dr. James R. Lute, Assistant Bureau Director, Department of Health, Bureau of Laboratories, P.O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotope, Braille) may contact Dr. James R. Lute at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

[Pa.B. Doc. No. 16-1322. Filed for public inspection July 29, 2016, 9:00 a.m.]

Laboratories Approved to Perform Blood Lead and/or Erythrocyte Protoporphyrin Determinations under The Clinical Laboratory Act

The following laboratories are licensed in accordance with The Clinical Laboratory Act (35 P.S. §§ 2151—2165) and are currently approved under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of blood for lead or erythrocyte protoporphyrin content. This approval is based on demonstrated proficiency in periodic evaluations conducted by the Bureau of Laboratories of the Department of Health (Department).

Lead poisoning is reportable. Approved laboratories that offer blood lead testing services are required to inform the Department of actual or possible incidents of this condition in accordance with 28 Pa. Code § 27.34 (relating to reporting cases of lead poisoning). These regulations specify the following requirements for reporting by clinical laboratories:

(1) A clinical laboratory shall report all blood lead test results on both venous and capillary specimens for persons under 16 years of age to the Department's Childhood Lead Poisoning Prevention Program, Division of Maternal and Child Health, Bureau of Family Health.

(2) A clinical laboratory shall report an elevated blood lead level in a person 16 years of age or older to the Department's Division of Environmental Health Epidemiology, Bureau of Epidemiology or to other locations as designated by the Department. An elevated blood lead level is defined by the National Institute for Occupational Safety and Health (NIOSH). As of January 26, 2002, NIOSH defines an elevated blood lead level as a venous blood lead level of 25 micrograms per deciliter ($\mu\text{g}/\text{dL}$) or higher. The Department will publish in the *Pennsylvania Bulletin* any NIOSH update of the definition within 30 days of NIOSH's notification to the Department.

(3) A clinical laboratory which conducts blood lead tests of 100 or more specimens per month shall submit results electronically in a format specified by the Department.

(4) A clinical laboratory which conducts blood lead tests of less than 100 blood lead specimens per month shall submit results either electronically or by hard copy in the format specified by the Department.

(5) A laboratory which performs blood lead tests on blood specimens collected in this Commonwealth shall be licensed as a clinical laboratory and shall be specifically approved by the Department to conduct those tests.

(6) Blood lead analyses requested for occupational health purposes on blood specimens collected in this Commonwealth shall be performed only by laboratories which are licensed and approved as specified in paragraph (5), and which are also approved by the Occupational Safety and Health Administration of the United States Department of Labor under 29 CFR 1910.1025(j)(2)(iii) (relating to lead).

(7) A clinical laboratory shall complete a blood lead test within 5 work days of the receipt of the blood specimen and shall submit the case report to the Department by the close of business of the next work day after the day on which the test was performed. The clinical laboratory shall submit a report of lead poisoning using either the hard copy form or electronic transmission format specified by the Department.

(8) When a clinical laboratory receives a blood specimen without all of the information required for reporting purposes, the clinical laboratory shall test the specimen and shall submit the incomplete report to the Department.

Erythrocyte protoporphyrin determinations may be performed as an adjunct determination to substantiate blood lead levels of 25 micrograms per deciliter or higher. Since erythrocyte protoporphyrin concentrations may not increase as a result of low-level exposures to lead, direct blood lead analysis is the only reliable method for identifying individuals with blood lead concentrations below 25 micrograms per deciliter.

Persons seeking blood lead or erythrocyte protoporphyrin analyses should determine that the laboratory

employs techniques and procedures acceptable for the purpose for which the analyses are sought.

The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*.

The name or location of a laboratory, as well as the personnel and testing procedures, can change. When changes of this type occur, the clinical laboratory permit number does not change. If questions arise about the identity of a laboratory due to a name or location change, the clinical laboratory permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test, the clinical laboratory permit number of the facility at the time the list was prepared is included in the list of approved laboratories above the name of the laboratory.

The Department's blood lead proficiency testing program is approved by the United States Department of Health and Human Services in accordance with 42 CFR 493.901 and 493.937 (relating to approval of proficiency testing programs; and toxicology) which are administered by the Centers for Medicare & Medicaid Services. Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. James R. Lute, Assistant Bureau Director, Department of Health, Bureau of Laboratories, P.O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotope, Braille) should contact Dr. James R. Lute at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

Labs Approved for Blood Alcohol Content

The following laboratories are licensed by the Department of Health (Department) under The Clinical Laboratory Act (35 P.S. §§ 2151—2165) and are currently approved by the Department under 28 Pa. Code §§ 5.50 and 5.103 (relating to approval to provide special analytical services; and blood tests for blood alcohol content) to perform alcohol analyses of blood, serum or plasma. This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories. These laboratories are also approved and designated under the provisions of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; and reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2501 (relating to hunting or furtaking prohibited while under influence of alcohol or controlled substance) as qualified to perform the types of specialized services which will reflect the presence of alcohol in blood, serum or plasma.

The Vehicle Code in 75 Pa.C.S. § 1547(c)(3)(ii) also permits test results on blood or urine for alcohol or controlled substances to be introduced into evidence in certain legal proceedings in this Commonwealth if the laboratory is located in another state and is not licensed and approved by the Department to provide forensic blood, serum or plasma analysis services. This section states that the test results will be admissible into evidence at summary or criminal proceedings in which the defendant is charged with a violation of 75 Pa.C.S. § 3802 (relating to driving under influence of alcohol or controlled substance) or any other violation of the Vehicle Code arising out of the same action if the laboratory that performed the test is licensed to conduct the test by the state in which the facility is located and licensed under the Clinical Laboratory Improvement Amendments of 1988 (Pub.L. No. 100-578, 102 Stat. 2903). A similar provision appears in the Fish and Boat Code at 30 Pa.C.S. § 5125(c)(3)(ii).

Since procedures for determining the alcohol content of serum and plasma are identical and results obtained from serum or plasma derived from a blood sample are the same, laboratories that demonstrate reliability in the determination of alcohol in serum are approved to analyze both serum and plasma for alcohol content.

Persons seeking forensic blood, serum or plasma analysis services from the following designated laboratories should determine that the laboratory employs techniques and procedures acceptable for forensic purposes and that the director of the facility is agreeable to performing determinations for this purpose.

The name or location of a laboratory, as well as the personnel and testing procedures, can change. When changes of this type occur, the clinical laboratory permit number does not change. If questions arise about the identity of a laboratory due to a name or location change, the clinical laboratory permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test, the clinical laboratory permit number of the facility at the time the list was prepared is included in the list of approved laboratories above the name of the laboratory.

The Department's blood alcohol and serum and plasma alcohol proficiency testing programs are approved by the United States Department of Health and Human Services

in accordance with the requirements in section 353 of the Clinical Laboratory Improvement Amendments of 1988 (42 U.S.C.A. § 263a), and implementing regulations in 42 CFR 493.901 and 493.937 (relating to approval of proficiency testing programs; and toxicology), which are administered by the Centers for Medicare & Medicaid Services. Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*. Questions regarding this list should be directed to Dr. James R. Lute, Assistant Bureau Director, Department of Health, Bureau of Laboratories, P.O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotope, Braille) should contact Dr. James R. Lute at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

The symbols S, B and SB indicate the following:

S = approved for serum and plasma analyses
 B = approved for blood analyses
 SB = approved for serum, plasma and blood analyses

HOUSING FINANCE AGENCY

Amendment to 2016 PHARE Plan; Pennsylvania Housing Affordability and Rehabilitation Enhancement Fund/Realty Transfer Tax

Governor Wolf signed the act of November 4, 2015 (P.L. 222, No. 58), which, in part, directs certain Realty Transfer Tax (RTT) receipts to the Pennsylvania Housing Affordability and Rehabilitation Enhancement Fund (PHARE) established by the act of November 23, 2010 (P.L. 1035, No. 105) (PHARE Act). This new revenue source will expand the PHARE program to the 67 counties of this Commonwealth.

Under the PHARE Act, the Housing Finance Agency's (Agency) PHARE program will receive an allocation of RTT funds based on a formula using 2014 as a base. (The annual amount available for the PHARE program will be equal to the lesser of 40% of the difference between the total dollar amount of the RTT imposed under section 1102-C of the Tax Reform Code of 1971 (72 P.S. § 8102-C) collected for the prior fiscal year and the total amount of RTT estimated for the fiscal year beginning July 1, 2014.) The PHARE/RTT fund will be capped at \$25 million annually. Funding allocations and reporting will be completed in accordance with PHARE legislative requirements.

Purpose

The PHARE/RTT program will provide funds to projects/programs providing sustainable and comprehensive solutions to address housing and community development needs across this Commonwealth.

PHARE/RTT Priorities for Funding

These funds will be directed to address clearly articulated needs in communities based on the following priorities:

- 1) Preservation of the current stock of rental housing or the development/creation of new affordable rental housing to address unmet local need. This includes projects/programs for the elderly in danger of losing their homes and rental assistance to help families remain in their residence.
- 2) Funding for projects/programs to address ongoing housing needs for reducing homelessness, including specific and targeted vulnerable populations (veterans, persons with disabilities, supportive housing for the elderly, re-entry population, families and youth).
- 3) Funding for comprehensive housing and redevelopment efforts that address blighted and abandoned properties impacting concerted community revitalization efforts, supported by clearly articulated community plans. This could include a variety of housing/redevelopment strategies such as acquisition, demolition, construction, rehabilitation, site remediation and other efforts.
- 4) Creating new opportunities for affordable homeownership. This may include closing cost/down payment assistance, financial education/counseling or other forms of assistance to potential first-time homebuyers as well as the development/construction of new homes and rehabilitation of existing housing.
- 5) Other efforts that address unmet housing and community development needs. This could include projects and programs to assist persons living in manufactured

communities, homeowners to remain in their homes through renovation/mortgage/utilities or other forms of housing services and assistance, addressing environmental conditions such as lead paint abatement and emergency temporary housing needs resulting from disasters.

Priorities for Selection

PHARE/RTT awards will be directed to projects and programs based on the following criteria for selection:

- Projects/programs that embrace, partner with or are incorporated into a larger local, county or regional housing development plan.
- Projects/programs that satisfy local planning/zoning ordinances.
- Projects/programs that affirmatively further fair housing.
- Funding for rental housing projects (five or more units) will adhere to the Agency's development processes.
- Projects/programs that are specifically designed to address a clearly articulated need in a community or specific population.
- Projects/programs that embrace innovative approaches to Statewide housing and community development issues address underserved and unmet housing

needs across this Commonwealth and otherwise meet overall agency goals for tackling community redevelopment.

Application Process

In accordance with the PHARE program, the Agency will develop and publish a Request for Proposals (RFP) in fall 2016 with applications due in late fall. It is expected that the Agency's Board will be presented with recommendations for funding in March 2017.

Applicants eligible to receive PHARE/RTT funds include units of local government (counties, cities, boroughs, townships, town and home rule municipalities), nonprofit and for-profit entities, and economic, community and housing developments organizations in the 67 counties of this Commonwealth. All applicants are expected to satisfy the affordability requirements of the PHARE program and commit to a long-term sustainable program to maintain affordability (which may be documented with restrictive covenants or other program documents), applicants must abide by prevailing wage when applicable. All funds will have expenditure deadlines and approved programs/projects must be started within 1 year of funding reward.

Additional requirements for application submission will be outlined in the annual RFP.

INSURANCE DEPARTMENT

Long Term Care Partnership Program Revised Guidance; Request for Comment; Notice 2016-09

Long term care insurance (LTCI) is a product that many consumers may use to plan for the future. Yet, it is too often unaffordable for those who might wish to purchase it, and may become unaffordable when a rate increase is implemented for those who have policies. The Insurance Department (Department) is working on ways to make LTCI more affordable and provide additional asset protection options for middle-income Americans.

One of the types of LTCI available for consumers is a long term care partnership (LTCP) policy. With an LTCP policy, a consumer gets long term care (LTC) coverage with the added benefit of being able to preserve assets while still having the safety net of Medical Assistance if they should use all of their LTCP benefits.

In 2008, when Pennsylvania's Qualified Partnership Program (Partnership Program) was established, the Department identified levels of inflation protection for LTCP policies that it would certify as satisfying Federal requirements. To make this product more accessible and provide more affordable options for consumers, the Department proposes to amend its April 2008 guidance to insurers by allowing them to offer LTCP policies with lower inflation protection levels. In 2008, after consultation with the LTCI industry, the Department allowed inflation protection options equal to the Consumer Price Index or a fixed rate of not less than 3% to demonstrate compliance with Federal law for purposes of the Partnership Program. The Department proposes lowering the fixed rate option for purposes of the Partnership Program from 3% to 1%, which would still be in compliance with Federal law. (State law will still require insurers to offer a 5% inflation protection option for all LTCI policies; insurers may also continue to offer other inflation protection levels as an option.)

This policy change would give consumers more affordable LTCP product options while retaining product choices with additional inflation protection available today. While a lower level of inflation protection would reduce an individual's benefit, particularly over time, it would allow an individual to maintain meaningful coverage while still having the protection of an LTCP policy. The Department expects that giving consumers more choice in the level of inflation protection they may purchase will significantly increase the competitiveness of LTCP policies by making them more accessible, affordable and analogous to the choices consumers have with traditional LTCI. Consumers are not required to purchase a specific LTC daily benefit amount or length of coverage with LTCP policies, so making this change will give them an additional choice when weighing different financial planning options.

Further, the Department proposes to clarify that as a policyholder ages, the policyholder may reduce his inflation protection level and still avail himself of the benefits of an LTCP policy, so long as the policy has the requisite age-triggered level of inflation protection when they apply for Medicaid coverage.

This proposed adjustment to the LTCP inflation protection level is one tool to address the affordability of LTCI. Insurance Commissioner Teresa D. Miller, chairing the LTC Innovation Subgroup of the National Association of Insurance Commissioners, is pursuing this goal Nation-

ally as well as within this Commonwealth, and looks forward to taking additional steps and exploring options to make affordable ownership of one's financial future in the face of potential long term care needs a realistic goal for many residents of this Commonwealth.

Accordingly, the Department invites comments on its proposed revision to its 2008 guidance on inflation protection levels for LTCP policies, as specified in Exhibit 1, including the proposed revised Attachment C.

Interested parties are invited to submit written comments, suggestions or objections to the Bureau of Life, Accident and Health, Office of Insurance Product Regulation, 1326 Strawberry Square, Harrisburg, PA 17120, ra-rateform@pa.gov, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.

Exhibit 1

Insurance Department Long Term Care Partnership Program Revised Guidance Announcement; Notice 2016-__

This notice provides guidance that supersedes paragraph "C" of Notice 2008-05, published at 38 Pa.B. 1907 (April 19, 2008) regarding inflation protection for Qualified Partnership Policies, and shall remain in effect until a subsequent notice is published in the *Pennsylvania Bulletin*.

As explained in Notice 2008-05, as of July 1, 2007, Pennsylvania has had a qualified long term care insurance partnership ("Qualified Partnership") in accord with the Deficit Reduction Act of 2005, Pub.L. No. 109-171 (the DRA). As explained in that Notice, Qualified Partnership Policies ("Qualified Partnership Policy") may provide valuable protections to purchasers of Qualified State Long Term Care Insurance policies. Qualified Partnership Policies permit individuals to protect certain resources if eligibility under the Medical Assistance Program is ever needed. The protection of resources when determining an individual's eligibility for Pennsylvania's Medical Assistance-Long Term Care Program permits the disregard of specific resources equal to the amount of insurance benefits that were paid from a Qualified Partnership Policy. If those specific resources are still in existence at the time of the individual's death and become part of the decedent's probate estate, they will not be recoverable under Pennsylvania's Medical Assistance Estate Recovery program.

Since the Qualified Partnership has been in place, it has become clear that additional flexibility in the levels of inflation protection necessary under the DRA would benefit consumers by allowing more affordable coverage options while still providing meaningful inflation protection to consumers. Therefore, the Department hereby revises its guidance to insurers and insurance producers in paragraph "C" of Notice 2008-05 concerning inflation protection for Qualified Partnership policies:

C. Inflation Protection. The DRA, at 42 U.S.C. § 1396p(b)(1)(A)(iii)(IV), requires that Qualified Partnership Policies provide certain levels of inflation protection based on the age of the individual as of the date of policy purchase. Pennsylvania will certify inflation protection options as meeting the DRA requirements subject to the following:

1) "Compound annual inflation protection" means compound coverage that automatically increases annually at a rate equal to the Consumer Price Index (CPI) or at a fixed rate of not less than 1%. Note that 31 Pa. Code

§ 89a.112 requires an offer of 5% compound annual inflation protection be made on all long term care policies offered in Pennsylvania.

2) "Some level of inflation protection" means either compound or simple inflation protection at a rate equal to the CPI or at a fixed rate of not less than 1%.

3) A future or guaranteed purchase option for inflation protection does not meet the requirements of the DRA.

4) Inflation protection options with a limited term (i.e. 10 years or 20 years) do not meet the requirements of the DRA.

5) Inflation protection options that reduce the level of inflation protection as the individual ages are permitted only insofar as they are consistent with the age-specific inflation protection levels outlined in the DRA.

6) The inflation protection level of an individual's policy that is in effect as of the month of application for Medical Assistance is determinative of whether the policy is consistent with the inflation protection levels outlined in the DRA.

Finally, the Department has modified Attachment C, the Policyholder Notification of Policy Status, to reflect the fact that the level of inflation protection on a policy may change from the level at the time of issuance to a lower level that still is consistent with the inflation protection levels outlined in the DRA. The Insurance Department requests that issuers provide a notification regarding the status of any Qualified Partnership Policy against which claims have been made, upon request of the policyholder, policyholder representative, or the Department of Human Services.

The remainder of Notice 2008-05 remains as published therein.

4. Respondent is Big Brother Little Brother Enterprises, LLC and maintains its principal place of business at 2249 North Broad Street Philadelphia, PA 19132, Attention: Staci Robinson.

5. Respondent is a "public utility" as that term is defined at 66 Pa.C.S. § 102, as it is engaged in transporting property in the Commonwealth of Pennsylvania for compensation.

6. The Commission issued Respondent a certificate of public convenience on or about March 14, 2013, at A-2012-2302016, for household goods carrier authority.

7. Section 501(a) of the Public Utility Code, 66 Pa.C.S. § 501(a), authorizes and obligates the Commission to execute and enforce the provisions of the Public Utility Code.

8. Section 701 of the Public Utility Code, 66 Pa.C.S. § 701, authorizes the Commission to, inter alia, hear and determine complaints against public utilities for a violation of any law or regulation that the Commission has jurisdiction to administer.

9. Section 3301 of the Public Utility Code, 66 Pa.C.S. § 3301, authorizes the Commission to impose civil penalties on any public utility, or any other person or corporation subject to the Commission's authority, for violation(s) of the Public Utility Code and/or Commission regulations.

10. Respondent, in transporting property as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

12. On or about September 10, 2015, the Commission mailed to Respondent an assessment invoice for the July 1, 2015 to June 30, 2016 Fiscal Year (2015-2016 Fiscal Year). Respondent's assessment was \$527.

13. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

14. There is no record that the assessment invoice was returned in the mail to the Commission as being undeliverable.

15. The Commission received no objections from Respondent to the assessment amount set forth in the 2015-2016 Fiscal Year assessment invoice.

16. Respondent failed to pay the amount of its 2015-2016 Fiscal Year assessment invoice.

17. The total outstanding assessment balance for Respondent is \$527.

Violation

18. That Respondent failed to satisfy its 2015-2016 Fiscal Year assessment in that it did not pay the amount due within thirty (30) days of receipt of the invoice. If proven, this is a violation of Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c). I&E's proposed civil penalty for this violation is 15% of the outstanding assessment balance or \$79.

Wherefore, for all the foregoing reasons, the Pennsylvania Public Utility Commission's Bureau of Investigation and Enforcement respectfully requests that:

(a) Respondent be ordered to pay a total of \$606, which consists of its outstanding assessment balance of \$527 and a civil penalty of \$79 for the above-described violations; and

(b) If payment of the civil penalty and assessment is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action; and

(3) the Commission certify automobile registrations to the Pennsylvania Department of Transportation for suspension or revocation.
