DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Summary Notice of the Availability of the Draft 2017 Annual Action Plan; Public Hearing

The Department of Community and Economic Development (Department) announces the availability of the Commonwealth's draft Federal fiscal year 2017 Annual Action Plan (Plan). The Plan is submitted to the United States Department of Housing and Urban Development (HUD) as the annual application for Federal funds administered by the Commonwealth. The HUD funding programs covered by the Plan and administered by the Department are the Community Development Block Grant (CDBG), the HOME Investment Partnership (HOME), the Emergency Solutions Grant (ESG) programs, Community Development Block Grant—Disaster Recovery (CDBG-DR) and Neighborhood Stabilization Program (NSP). Also covered by the Plan is the Housing Opportunities for Persons with AIDS (HOPWA) program which the Department of Health administers and the National Housing Trust Fund which is administered by the Pennsylvania Housing Finance Agency.

This summary is designed to provide an opportunity for citizens, local governmental officials and interested organizations of this Commonwealth to comment about the Plan prior to its submission to HUD. Written comments may be submitted to the Department by e-mail to RADCEDcdbg&homequestions@pa.gov or mailed to Megan L. Snyder, Center for Compliance, Monitoring and Training, Department of Community and Economic Development, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225. All written comments must be received by 4 p.m. on August 7, 2017, to be included as testimony in the Plan.

Purpose

The Plan takes the strategy developed in the Consolidated Plan and applies it to the administration of the CDBG, HOME, ESG, CDBG-DR, NSP, HOPWA and National Housing Trust Fund programs for 2017. HUD must approve the Plan for the Commonwealth to receive funding under the identified HUD programs.

Content

The 2017 Plan will include the methods of distribution for all Federal programs as well as the goals and outcomes expected during the 2017 calendar year. The approved plan may be viewed on the Department's web site at <http://dced.pa.gov> as well as on HUD's web site at <https://www.hudexchange.info/consolidated-plan/con-plans-aaps-capers/>.

*Major changes in the method of distribution for 2017 by program**CDBG—*

Entitlement—Besides meeting one of the three National objectives, applicants must also support that the proposed activities do not benefit moderate income families to the exclusion of low income families.

Competitive—

a. The Department also reserves the right to fund projects scoring less than 50 if the demand for the funds is not greater than the set aside. These projects must be eligible and meet the National objective.

b. The Department may approve a grant greater than \$750,000 if the project benefits more than one municipality and will significantly improve the health and safety of the residents of the area. The Department also reserves the right to fund a project for less than the requested amount if the sources and uses of funds are duplicative.

c. Request for administrative funds should take into consideration the type of activity and whether other entitlement funds are being used for the activity. The Department recommends that no more than 10% be allocated to administrative costs for competitive requests.

The Department reserves the right to reduce the amount of administrative costs if the project is also using entitlement funding for the same project.

CDBG-DR—The Department may also contract with other State or local agencies who have the capacity to undertake these eligible activities.

HOME—All of the changes proposed in the 2016 Substantial Amendment II will be continued into the 2017 program.

ESG—

a. The Department will support the Federal strategy outlined by the United States Interagency Council on Homelessness and prioritize applicants who request funding to address the specific homeless populations in *Opening Doors: A Federal Plan to End Homelessness*.

b. The Department will continue to permit applicants to design diverse projects to meet their local needs. However, the Department requires each applicant to coordinate their efforts with the local Continuum of Care, address the Department's primary priority activity and demonstrate capacity to meet all program requirements.

c. The Department will also prioritize the Housing First model to ending homelessness with ESG funds.

d. The following funding priorities have been established for the 2017 ESG allocation:

- 1) *Primary priority*—Rapid rehousing
- 2) *Secondary priorities*—Street outreach, homelessness prevention, emergency shelter: essential services
- 3) *Nonpriority*—Emergency shelter: operations (applicants applying for operation funds may only request ESG funds equal to 25% of the total shelter operations budget)
- 4) *Priority populations*—Veterans, chronically homeless, families with children or youth

e. The Department will provide maximum support available to applicants who address these specific areas. However, no less than 40% of the State's grant will be allocated to rapid rehousing, excluding administration and data collection activities for the Pennsylvania Homeless Management Information System.

f. The Department reserves the right to modify any of the priorities as deemed necessary. Decisions to modify priorities are based on data assessments.

g. The Department will target funding the following activities:

1. *Street outreach*—

In an effort to reduce Statewide homelessness, in the 2017 application the Department is targeting street outreach projects in the Pennsylvania Balance of State CoC counties having participated in the 2017 Point in Time count and identified homeless individuals and families that are not housed or sheltered.

2. *Housing locator services*—

Housing locator services focus on services or activities necessary to assist program participants in locating, obtaining and retaining suitable permanent housing and increasing housing stability and self-sufficiency.

h. Direct HUD ESG entitlement entities are eligible to compete for ESG funding but will not be given priority over the nonentitlement applicants. The Department will

only fund rapid rehousing activities for the direct ESG entitlement entities leaving more funding flexibility for the nonentitlements.

i. Fifty percent of the ESG grant awarded to the grantee must be expended within the first 9 months of the grant even with the shorten contract period.

Public Review

The 2017 Plan is available on the Internet or in hard copy for public comment from July 23, 2017, through August 7, 2017. The normal 30-day comment period has been shortened by HUD due to the lateness of the approval of the 2017 Federal budget and deadline to award Federal funding. Compact disk copies of the Plan can be obtained by calling (717) 720-7404.

Written Comments

Written comments may be submitted to the Department by e-mail to RA-DCEDcdbg&homequestions@pa.gov or by mail to Megan L. Snyder, Center for Compliance, Monitoring and Training, Department of Community and Economic Development, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225. Written comments must be received by 4 p.m. on August 7, 2017, to be included as testimony in the Plan.

Public Hearing

The public hearing for the 2017 Plan will be conducted electronically in conjunction with the public hearing for the 2015 and 2016 Substantial Amendments by means of the Internet on Thursday, July 27, 2017. Access to the discussion by means of the Internet will occur between 10 a.m. and 11 am. This more widely available computer access/conference call will replace the onsite public hearing. The format will be more accessible than an in person meeting because those who wish to make comment or discuss policy may participate directly from an electronic device, telephone or from a computer located at a public library.

Any individual or organization may give testimony or comments by means of the Internet. Comments will be accepted on the content of the Commonwealth's draft Plan including the various changes to the method of distribution previously outlined and the process by which the public input is gathered. The Commonwealth encourages public participation in this process.

Anyone who wishes to participate must register in advance. Contact Megan L. Snyder at (717) 720-7404 to receive registration instructions for the Internet meeting at least 24 hours prior to the hearing date. During the hearing, if support is required, call (717) 787-5327. The hearing will be shortened if there is no one to testify or there is minimal response.

Persons with a disability or limited English proficiency who wish to participate in the public hearing should contact Megan L. Snyder, Department of Community and Economic Development, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120-0225, (717) 720-7404 or TDD at (717) 346-0308 to discuss how the Department can accommodate their needs.

DEPARTMENT OF EDUCATION

Application by Westminster Theological Seminary to Amend Articles of Incorporation

Notice of Opportunity for Hearing and Invitation to Protest

Under 24 Pa.C.S. § 6503(e) (relating to certification of institutions), the Department of Education (Department) will consider the application for approval of a Certificate of Authority for Westminster Theological Seminary to amend its Articles of Incorporation to reduce the number of ministers on the Board of Trustees and to acknowledge research and writing as endeavors in which the faculty will engage.

In accordance with 24 Pa.C.S. § 6503(e), the Department will act upon the application without a hearing, unless within 30 days after the publication of this notice in the *Pennsylvania Bulletin* a written request for public hearing is filed with the Department, along with a notice of intervention, a petition to intervene or protest in accordance with 1 Pa. Code §§ 35.23 and 35.24 (relating to protests) or 1 Pa. Code §§ 35.27—35.32 (relating to intervention).

Petitions to intervene, protest and request for hearing shall be filed with the Division of Higher and Career Education, 333 Market Street, Harrisburg, PA 17126-0333 on or before the due date prescribed by this notice. A person wishing to review the application should phone (717) 783-8228 or write to the previously listed address to schedule a time for a review.

Persons with a disability who wish to attend the hearing, if held, and require an auxiliary aid, service or other accommodation to participate, should contact the Division of Higher and Career Education at (717) 783-8228 to discuss accommodations.

Higher Education, Early Child Care and Community-Based Partnerships Working to Implement Innovative and Sustained Pathways Designed Specifically to Meet the Needs of this Commonwealth's Current Early Childhood Work- force; Building Capacity for Early Childhood Educators to Help All Young Children Learn and Develop

The Innovative Programs for Pennsylvania's Early Childhood Education Workforce application guidelines (guidelines) are established to ensure that early childhood education (ECE) professionals have the required knowledge and skills to help all young children learn and develop. As a result these guidelines provide direction to partnerships as they submit applications focusing on building new innovative and sustained career-oriented pathways for current early childhood workers to earn the following ECE industry-recognized credentials:

- A credit-bearing Child Development Associate certificate.
- An associate's degree.
- A bachelor's degree.
- A Pennsylvania ECE PreK—4 instructional certificate.

Pathways created under these guidelines are designed to develop the capacity for early childhood educators to help all young children learn across the age groups of birth to 8 years of age. Applications submitted in response to these guidelines are limited to partnerships aimed at nurturing and sustaining high quality cross-systems relationships among and between 2-year and 4-year institutions of higher education (IHE) and this Commonwealth's early learning programs that:

1. Institutionalize changes in associate degree, bachelor degree and early childhood teacher preparation certification programs that are more closely aligned with the knowledge, skills and pedagogy required for early childhood workforce effectiveness that emerges as improved teaching and learning for young children of this Commonwealth; partnerships are expected to continue implementing innovations developed under these guidelines beyond the term of the grant award.
2. Culminate in high quality supervisory experiences for this Commonwealth's early childhood workforce wishing to become certified early childhood teachers.
3. Identify "value added" contributions of partners that can be shared and scaled-up with other IHEs and early childhood centers.
4. Identify effective coaching strategies for higher education faculty, collaborating teachers and center directors designed to improve the requisite knowledge, skills and pedagogy required for succeeding in early childhood centers.
5. Build early learning programs and IHE capacity as they participate in specially-designed courses related to: the Commonwealth's Standards Aligned System; the Commonwealth's Learning Standards for Early Childhood Infant and Toddlers and Pre-Kindergarten; early childhood subject matter; developing knowledge and skills for educating young children whose primary language is not English, who are not part of the dominant culture and children who have special needs; persistent challenging behaviors; effective coaching strategies; and data driven decision making.
6. Incorporate evidence-based ECE professional practices.

Partnerships are expected to continue implementing innovations developed under these guidelines beyond the term of the grant award. A written report consisting of both quantitative and qualitative information will be requested after the first year of program implementation.

Approximately \$1.4 million is available on a competitive basis under this grant application for one funding cycle beginning in fall 2017 and ending December 31, 2017, unless the United States Department of Education grants a 1-year, no cost extension. In that event, funds will be available through December 31, 2018. Each regional or Statewide partnership will be limited to \$400,000.

Eligibility Requirements

Funded partnerships may be regional or Statewide and must include at least one 2-year IHE and one 4-year IHE

one State-funded professional development organization, and one early childhood learning center that has currently employed ECE educators who do not hold ECE workforce-related credentials. A listing of the eligible ECE centers is available at <https://www.compass.state.pa.us/compass.web/public/cmphome>.

Eligible partnerships under these guidelines are designed to meet this Commonwealth's early childhood workforce needs by equipping ECE professionals with the requisite knowledge, skills and capacity to help all young children learn to higher standards. Federal Race to the Top—Early Learning Challenge funds will support partnership activities submitted in response to these guidelines. To submit a proposal under these guidelines, a partnership shall include at a minimum:

1. At least one early childhood program whose currently employed ECE educators do not hold ECE workforce-related credentials. A listing of eligible ECE programs is available at <https://www.compass.state.pa.us/compass.web/public/cmphome>.

2. At least one 2-year IHE that offers early childhood development programs¹ that culminate in an associate's degree. Each 2-year IHE must be eligible to participate in the T.E.A.C.H.² financial aid program at the time the application is submitted.

3. At least one 4-year IHE that offers early childhood development-related program that culminate in a bachelor's degree and may or may not lead to a PreK—4 instructional certification.³ Each 4-year IHE must be eligible to participate in the T.E.A.C.H. financial aid program at the time application is submitted.

4. At least one Office of Child Development and Early Learning funded professional development organization. See T.E.A.C.H. Early Childhood Pennsylvania at <https://www.pacca.org/teach.php> for a list of funded organizations.

Additional partners may include:

1. Other educational agencies, including a local school district or career technology center with an ECE program of study.

2. An intermediate unit or nonprofit cultural or educational organization.

3. Teacher organizations.

4. Early learning program associations or organizations.

5. Business and community members.

¹The name of a degree program is inconsequential under these competitive guidelines.

²Eligibility information for T.E.A.C.H. financial aid is available at <https://www.pacca.org/teach.php>.

³A Department of Education-approved PreK—4 instructional certification preparation must also comply with PreK—4 Framework Guidelines and other requirements related to approval of this preparation program.

Competitive applications submitted under these guidelines will assist this Commonwealth's IHE's and early learning programs to:

1. Develop sustainable relationships that culminate in high quality practice-based/clinical experiences for this Commonwealth's current and future early childhood workforce.

2. Integrate the Commonwealth's Learning Standards for Early Childhood Infant and Toddlers and Pre-Kindergarten into their respective early childhood courses and degree programs (Early Learning Standards Infants and Toddlers at <http://www.education.pa.gov/Documents/Early%20Learning/Early%20Learning%20Standards/Early%20Learning%20Standards%20-%20Infants%20and%20Toddlers%202014.pdf> and Early Learning Standards Pre-kindergarten at <http://www.education.pa.gov/Documents/Early%20Learning/Early%20Learning%20Standards/Early%20Learning%20Standards%20-%20Prekindergarten%202014.pdf>).

3. Incorporate the Commonwealth's Core Knowledge Competencies for Early Childhood and School-Age Professionals.

4. Integrate the Pennsylvania Association for Infant Mental Health's Infant Mental Health Competencies for Level 1 at <http://www.pa-aimh.org/#/>.

5. Identify and implement effective coaching strategies for collaborating teachers, early learning program directors and higher education faculty who "supervise" student teachers to improve retention and professional practice.

6. Integrate change in early learning programs and in-school settings that are more closely aligned with the knowledge, skills and pedagogy required for early childhood educators to be effective in improving teaching and learning for young children of this Commonwealth.

Each partnership will designate an IHE as the lead organization that will be responsible for all aspects of the project.

Application Deadline

Applications are due by 5 p.m. on September 29, 2017.

The grant guidelines and forms are available on the Department of Education's web site at www.education.pa.gov. Questions concerning the grant application should be addressed to Susan Polojac, Race to the Top—Early Learning Challenge Director, Office of Child Development and Early Learning, 333 Market Street, Harrisburg, PA 17126, (717) 265-8911, spoljac@pa.gov.

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PA0065382, Pesticides, SIC Code 4941, **Pennsylvania American Water**, 56 Reservoir Road, Dallas, PA 18612.

Description of Existing Activity: The application is for renewal of an existing NPDES permit for a discharge associated with the application of pesticides in Jackson, Lehman and Plymouth Townships, **Luzerne County**.

The receiving stream, Ceasetown Reservoir, is located in State Water Plan watershed 05B and is classified for High Quality—Cold Water Fishes and Migratory Fishes, aquatic life, water supply and recreation. Applicators are required to follow product labeling instructions of pesticides, which may include provisions to reduce application doses and notify public water suppliers in the event applications are conducted near public water supply intakes. The discharges associated with the pesticide applications are not expected to affect public water supplies.

PA DEP has made a tentative determination to issue the NPDES permit subject to the terms and conditions of the permit. An anti-degradation analysis has been completed to document that pesticide application activities in High Quality (HQ) or Exceptional Value (EV) waters will be conducted in a manner that minimizes adverse environmental effects. The proposed permit contains conditions that require implementation of Pest Management Measures, Recordkeeping and Annual Reporting Requirements, Corrective Action Documentation and Reporting, and a Pesticides Discharge Management Plan.

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 570-826-5472. You may submit written comments on the application and draft permit within 30 days to the address above. After the 30-day comment period, PA DEP will make a final determination on the issuance of the permit.

The EPA waiver is not in effect.

PA0275824, Storm Water, SIC Code 2951, **Pennsy Supply**, 1001 Paxton Street, Harrisburg, PA 17104. Facility Name: Small Mountain Asphalt Plant a.k.a. Dorrance Asphalt Plant a.k.a. Pennsy Supply/Dorrance. This proposed facility (existing discharge) is located in Dorrance Township, **Luzerne County**.

Description of Proposed Activity: The application is for a new NPDES permit for a new discharge of treated Industrial Stormwater from an existing facility (previously covered under a General Permit).

The receiving stream(s), Balliet Run, is located in State Water Plan watershed 5-B and is classified for High Quality Cold Water Fishes and Migratory Fishes, aquatic life, water supply and recreation. The discharge is not expected to affect public water supplies.

In addition, the permit contains the following major special conditions:

- Stormwater Permit conditions; Necessary Property Rights; Residuals Management

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 570-826-5472.

PA0232891, Concentrated Animal Feeding Operation (CAFO), **Windy Ridge Breeder Farm, LLC**, 166 Dugan Lane, Lock Haven, PA 17745-8696.

Windy Ridge Breeder Farm, LLC has submitted an application for an Individual NPDES permit for a new CAFO known as Windy Ridge Breeder Farm, LLC, located in Pine Creek Township, **Clinton County**.

The CAFO is situated near Unnamed Tributary to Sulphur Run in Watershed 9-A, which is classified for High Quality—Cold Water and Migratory Fish. The CAFO will be designed to maintain an animal population of approximately 308.80 animal equivalent units (AEUs) consisting of 90,000 laying chickens. Manure will be collected in each barn and stored in an underbarn concrete manure storage. Prior to operation of the manure storage facilities, the design engineer will be required to submit certification that the facilities were constructed in accordance with appropriate PA Technical Guide Standards. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 100-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 570-327-3693.

The Environmental Protection Agency (EPA) permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

PA0112747, Sewage, SIC Code 4952, **Mahaffey Borough Municipal Authority**, PO Box 202, Mahaffey, PA 15757-0202. Facility Name: Mahaffey Borough Municipal Authority Wastewater Treatment Plant. This existing facility is located in Mahaffey Borough, **Clearfield County**.

Description of Existing Activity: The application is for a major amendment to the NPDES permit for an existing discharge of treated sewage.

The receiving stream(s), West Branch Susquehanna River, is located in State Water Plan watershed 8-B and is classified for Warm Water Fishes, aquatic life, water supply and recreation. The discharge is not expected to affect public water supplies.

A major amendment is proposed to remove condition Part C.III.A. from the permit.

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 570-327-3693.

WQM Permit No. 5811402-A1, Sewage, **Lackawanna College**, 501 Vine Street, Scranton, PA 18509.

This existing facility is located in New Milford Township, **Susquehanna County**.

Description of Proposed Action/Activity: This application is for modification of the 0.001275 MGD New Milford Campus Annex Small Flow Treatment Facility (SFTF). Due to lower than projected enrollment at the Campus, the wastewater treatment system was never put into operation and the 4,000-gallon flow equalization tank has been utilized as a temporary holding tank. The holding tank has been pumped on a regular basis and wastewater has been hauled off-site for disposal. Approval is requested to permit the modification of the existing 4,000-gallon flow equalization tank into a holding tank. The remaining system components will remain functional in a "stand by" mode due to insufficient flow through the existing zero discharge greenhouse system which depends on the flow to sustain the aquatic plants necessary to treat the wastewater. The project is located along Harford Road, approximately 0.25 mile north from Exit 219 of Interstate 81.

STATE CONSERVATION COMMISSION**PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs**

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or

suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Region: Eric Supey, Environmental Cleanup & Brownfields Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department’s Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person

submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

16-148C: Robert V. Burns Crematorium, Inc. (638 Wood Street, Clarion, PA 16214), application received for the installation and initial operation of one additional human crematory at their facility located in Clarion Borough, **Clarion County**. This is an existing non-Title V facility currently authorized by plan approval 16-148B.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

Contact: Alan Binder, P.E., Environmental Engineer Manager—Telephone: 412-442-4168.

65-00912A: The AMES Companies, Inc. (465 Railroad Avenue, Camp Hill, PA 17011) under 25 Pa. Code §§ 127.44 and 127.45 for intent to issue Air Quality plan approval to authorize construction and temporary operation of sources and controls associated with wooden tool handle manufacturing operations, including woodworking

and surface coating operations, at the AMES Champion facility located in Donegal Township, **Westmoreland County**. The proposed sources and controls include woodworking operations controlled by a 24,885 CFM baghouse, a flow-coat surface coating line, exempt pad printing and UV surface coating operations, and other sources previously exempted from plan approval including green wood sawmilling operations.

Annual potential to emit (PTE) from the proposed sources and controls will not equal or exceed 9.3 tons of volatile organic compounds (VOC), 14.5 tons of particulate matter (PM), and 11.9 tons of particulate matter less than 10 microns (PM₁₀). The proposed sources are subject to applicable portions of 25 Pa. Code Chapters 121, 123 and 127, and the requirement to meet Best Available Technology (BAT) pursuant to 25 Pa. Code § 127.1. The proposed sources have been determined to meet BAT, which includes the installation of local exhaust ventilation on woodworking equipment ducted to a 24,885 CFM baghouse rated for a particulate emissions rate of 0.01 grains per dry standard cubic foot (gr/dscf) of exhaust and the use of flow-coat application of low VOC (less than 1 pound VOC per gallon, as-applied) coatings. The proposed plan approval has been conditioned to ensure compliance with all applicable requirements specified in 25 Pa. Code, and includes testing, work practice, monitoring, recordkeeping, and reporting requirements; and emissions limitations.

The plan approval application, the Department's Air Quality review memorandum, and the proposed Air Quality plan approval for the facility are available for review by any interested party at the Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To schedule an appointment to review the plan approval application or proposed plan approval, or to receive an electronic copy of the Department's Air Quality review memorandum or an electronic copy of the Department's proposed Air Quality plan approval for the facility, a person may contact Devin P. Tomko via email at dtomko@pa.gov or via telephone at 412-442-5231.

A person may oppose the proposed Air Quality plan approval by filing a written protest with the Department or may submit written comments through Devin P. Tomko via the U.S. Postal Service to the Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222; written comments may also be submitted via email to dtomko@pa.gov or via fax to 412-442-4194. Each set of written comments or protest must contain the name, address, and telephone number of the person submitting the comments or protest, identification of the proposed plan approval (65-00912A) and a concise statement of the objections to the plan approval issuance and the relevant facts upon which the objections are based.

All comments must be received prior to the close of business 30 days after the date of this publication. A protest to the proposed action shall be filed with the Department within 30 days of the date that notice of the proposed action was published under 25 Pa. Code § 127.44 (relating to public notice).

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons who have properly filed a protest under 25 Pa. Code §127.46 may appear and give testimony. The applicant, the protestant and other participants will be notified of the decision to hold a hearing by publication in the newspaper or by the

Pennsylvania Bulletin, or by telephone, where the Department determines such notification by telephone is sufficient.

11-00508B: Hindman Funeral Homes & Crematory Inc. (146 Chandler Avenue, Johnstown, PA 15906). Notice is hereby given in accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (“Department”) intends to issue Air Quality Plan Approval PA-11-00508B to authorize the continued temporary operation of one existing (1) Matthews International-Cremation Division IE43-PPII natural gas-fired crematory incinerator for the cremation of human remains and one existing (1) Matthews International-Cremation Division IE43-PPJr (Power Pak Jr) natural gas-fired animal crematory incinerator at the above referenced facility located in Lower Yoder Township, **Cambria County**. The crematory incinerators have a maximum cremation rate of 150 pounds per hour 75 and pounds per hour respectively and were previously operated under the authority of GP14-11-00508.

The facility has an annual potential to emit (PTE) of 2.4 tons of carbon monoxide (CO), 0.8 ton of nitrogen oxides (NO_x), 0.6 ton of sulfur oxides (SO_x), 3.1 tons of total particulate matter (PM, PM₁₀, and PM_{2.5}), 0.7 ton of volatile organic compounds (VOC); and less than 0.3 ton of total hazardous air pollutants (HAP). Best available technology (BAT) for the referenced crematory incinerators includes good combustion practices; operation and maintenance in accordance with the manufacturer’s specifications and instructions; and multi-chamber design with a minimum secondary chamber temperature of 1,800°F. The referenced crematory incinerators are subject to applicable portions of 25 Pa. Code Chapters 123 and 127. The proposed Plan Approval has been conditioned to ensure compliance with all applicable regulations and includes emissions limitations, and also work practice, monitoring, recordkeeping, and reporting requirements.

A person may oppose the proposed plan approval by filing a written protest with the Department through Devin P. Tomko, Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Written comments may also be submitted. Each protest or set of written comments must contain the name, address, and telephone number of the person submitting the comments, identification of the proposed Plan Approval (PA-11-00508B) and concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

All comments must be received prior to the close of business 30 days after the date of this publication.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing in writing or by publication in the newspaper and the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

For additional information you may contact Devin P. Tomko at 412-442-5231.

AMS IP16-000197: Winzinger Recycling (3150 Orthodox Street, Philadelphia, PA 19137) for the installation of a concrete crushing facility in the City of Philadelphia, **Philadelphia County**. The facility’s air emission source includes one (1) Sandvik Crusher Impactor with the capacity of crushing 120 tons per hour or 234,000 tons per year of concrete, brick, or asphalt; one (1) Sandvik Crusher Jaw with the capacity of crushing 120 tons per hour or 234,000 tons per year of concrete, brick, or asphalt; and one (1) crusher engine firing No. 2 fuel oil with a capacity of 261 kW or 350 horsepower. Nitrogen Oxides (NO_x) emissions from the facility will have a potential of 4.52 tpy. Particulate Matter (PM) emissions will have a potential of 0.70 ton/year (tpy). Carbon Monoxide (CO) emissions will have a potential of 3.95 tpy. The plan approval will contain operating, monitoring, recordkeeping, testing, and reporting requirements to ensure operation within all applicable requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

36-001GC: Transcontinental Gas Pipeline Company, LLC (P.O. Box 1396, Houston, Texas 77251-1396) Notice is hereby given in accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (Department) intends to issue Air Quality Plan Approval 36-001GC to allow transfer and use of 106.0 tons of nitrogen oxide (NO_x) Emission Reduction Credits (ERCs) to the Atlantic Sunrise project construction activities in **Lancaster County** to offset emissions from construction activities and satisfy requirements specified by the Federal Energy Regulatory Commission’s (FERC) General Conformity Determination for the project.

General Conformity requirements are promulgated at 40 CFR Part 93, Subpart B (relating to determining conformity of general Federal actions to state or Federal implementation plans) and adopted and incorporated by reference in their entirety in 25 Pa. Code Chapter 127, Subchapter J (relating to general conformity). The General Conformity Rule ensures that federal actions comply with the National Ambient Air Quality Standards (NAAQS). The Atlantic Sunrise project construction activities exceed the 100 ton per calendar year threshold of emissions for NO_x as described in 40 CFR 93.153(b). General Conformity requires that all direct and indirect project emissions be mitigated or offset to ensure that a project in a nonattainment or maintenance area for the NAAQS conforms to the State Implementation Plan and that air quality is not adversely affected. Lancaster County is a nonattainment area for the 2008 Ozone NAAQS and an attainment/maintenance area for the 1997 fine particulate matter NAAQS. Emissions of NO_x are a precursor to both ozone and fine particulate matter formation. The 106 tons of NO_x ERCs address both the ozone and fine particulate matter NAAQS. ERCs originally generated from the Harford County Resource Recovery Facility in Harford County, MD, are being transferred, used, and ultimately retired to offset NO_x emissions from the Atlantic Sunrise project construction activities.

The plan approval application, the Department’s review memorandum, the proposed plan approval, and other relevant information are available for review by any interested party at the Rachel Carson State Office Build-

ing, 400 Market Street, Harrisburg, PA 17105. To request a review of the plan approval application for the pipeline construction activities, a person may contact the Department at 717-787-9702.

A person may submit written comments on the proposed plan approval to the Department by mail at Pennsylvania Department of Environmental Protection, 400 Market Street, 12th Floor, Harrisburg, PA 17105-8468, or by e-mail at RA-EPAIRCOMMENTS@pa.gov. Each set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed plan approval, and a concise statement with the relevant facts upon which the statement is based. The Department is only considering comments regarding the appropriateness of the location of where the ERCs were obtained and the amount of ERCs used to offset emissions from the Atlantic Sunrise project construction activities in Lancaster County. All written comments must be received prior to 4:30 pm, August 21, 2017.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

Contact: Thomas Hanlon, Facilities Permitting Chief, 717-705-4862, Virendra Trivedi, New Source Review Chief, 717-705-4863, or William Weaver, Regional Air Quality Manager, 717-705-4702.

06-05002: Lehigh Cement Company, LLC (537 Evansville Road, Fleetwood, Pennsylvania 19522-8541) for Lehigh's Evansville Cement Plant and Quarry located in Maidencreek Township, **Berks County**. The Title V Operating Permit is undergoing a significant modification to incorporate 25 Pa. Code §§ 129.96—129.100 (RACT II) requirements and an emissions averaging plan in accordance with 25 Pa. Code § 129.98 for Source IDs 121 & 122 (Kilns 1 & 2). Lehigh is a major facility and is subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permit requirements). Furthermore, the facility is subject to 40 CFR 63, Subpart LLL—National Emission Standards for Hazardous Air Pollutants from the Portland Cement Manufacturing Industry, 40 CFR 63, Subpart DDDDD—National Emission Standards for Hazardous Air Pollutants for Major Sources: Industrial, Commercial, and Institutional Boilers and Process Heaters & 40 CFR 63, Subpart ZZZZ—National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.

Intent to Issue Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter F.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

Contact: Thomas Hanlon, Facilities Permitting Chief, 717-705-4862, Virendra Trivedi, New Source Review Chief, 717-705-4863, or William Weaver, Regional Air Quality Manager, 717-705-4702.

67-05082: David Edward Ltd. (252 North Franklin Street, Red Lion, PA 17356) to issue a State Only Operating Permit for the wood furniture (i.e., high-end professional and institutional hard wood furniture) manufacturing facility located in Red Lion Borough, **York County**. The actual emissions from the facility in 2016 were reported to be 4.8 tons VOC and 0.7 ton total HAPs. The Operating Permit will include emission limits and work practice standards along with testing, monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 25 Pa. Code § 129.52 (Source IDs 111, 112, 114, 115, 117, 118, and 119).

22-03041: Librandi's Machine Shop, Inc. (93 Airport Drive, Middletown, PA 17057-5022) for the chrome and electroplating operations at their facility in Middletown Borough, **Dauphin County**. Actual facility emissions are estimated to be around 50 pounds per year of chromium, two (2) tons per year of particulate matter and less than one (1) ton per year of VOCs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR Part 63, Subpart N, "National Emission Standards for Chromium Emissions from Hard and Decorative Electroplating and Chromium Anodizing Tanks."

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481.

Contact: David Balog, New Source Review Chief—Telephone: 814-332-6328.

10-00087: DU CO Ceramics Company (155 S. Rebecca Street, PO Box 568, Saxonburg, PA 16056) for a renewal-operating permit located in Saxonburg Boro, **Butler County**. The facility produces precision ceramic insulators for varied industrial and manufacturing applications. The significant sources at the facility are a boiler, ceramic cutting and machining, a Meid Kiln, a Bell Kiln, a Jeffrey Dryer, a diesel emergency generator, a natural gas emergency generator, three minor kilns, parts washers, a Swindell Dressler Tunnel Kiln, and an Allied Roller Hearth Kiln. The conditions of the previous approvals and operating permit were incorporated into the renewal permit. The facility is a Natural Minor. The requirements of 40 CFR 63 Subpart ZZZZ pertaining to the emergency engines were included in the permit renewal. The potential NO_x, CO, PM, SO_x, and VOC emissions from the facility are less than 20.4 TPY, 17 TPY, 2 TPY, 1 TPY, and 17.0 TPY, respectively. The HAPs emissions from the facility are less than 10 TPY and the facility is therefore an Area Source for MACT.

42-00151: Werzalit of America, Inc. (40 Holley Avenue, Bradford, PA 16701-1809), the Department intends to issue the renewal of the Natural Minor Permit to operate a facility, located in the City of Bradford, **McKean County**, that manufactures casual furniture and architectural cladding from hardwood-filled resin composites. Established through a plan approval, facility-wide VOC emission of Werzalit of America, Inc. must not exceed 23.84 tons and its methanol and formaldehyde emissions from resin usage must not exceed 9.0 and 3.5 tons, respectively, in any 12-month rolling period. In this renewal, surface coating operations at the facility is subject to recordkeeping, reporting, and work practice requirements pursuant to 25 Pa. Code § 129.52c pertain-

ing to Control of VOC emissions from flat wood paneling surface coating process, replacing those from § 129.52 pertaining to Surface coating process. More stringent than that from § 129.52c, the 4.10-lb/hr VOC emission limit established through RACT still applies. Provisions of § 40 CFR 63 Subpart JJJJJ, pertaining to National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources, applicable to the wood/wood product-fired boiler at the facility are updated.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); The Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for

an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Coal Applications Received

California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100.

11841603 and NPDES No. PA0235377 and GP12-11841603. Rosebud Mining Company, (301 Market Street, Kittanning, PA 16201). To renew the permit for the Portage Plant in Portage Township, **Cambria County** and related NPDES Permit. Includes renewal of Air Quality GPA/GP12 Authorization. No additional discharges. The application was considered administratively complete on June 30, 2017. Application received December 20, 2016.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900.

Permit No. 56020101 and NPDES No. PA 0249122. Rosebud Mining Co, 301 Market Street, Kittanning, PA 16201, permit renewal for reclamation only of a bituminous surface and auger mine in Jenner Township, **Somerset County**, affecting 57.3 acres. Receiving streams: unnamed tributaries to/and Roaring Run classified for the following use: cold water fishes. The first downstream potable water supply intake from the point of discharge within 10 miles downstream is the Quemahoning Reservoir. Application received: July 3, 2017.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118.

Permit No. 54970204R4. Jeddo-Highland Coal Company, (46 Public Square, Suite 600, Wilkes-Barre, PA 18701) renewal of an existing anthracite coal refuse reprocessing operation in Frailey and Reilly Townships, **Schuylkill County** affecting 300.0 acres, receiving streams: Coal Run, Middle Creek and Gebhard Run, classified for the following use: cold water fishes. Application received: June 19, 2017.

Permit No. 54970204C11. Jeddo-Highland Coal Company, (46 Public Square, Suite 600, Wilkes-Barre, PA 18701) correction of an existing anthracite coal refuse reprocessing operation to update the post-mining land use to unmanaged natural habitat and add 45.0 acres from Permit No. 54773015 in Frailey and Reilly Townships, **Schuylkill County** affecting 300.0 acres, receiving streams: Coal Run, Middle Creek and Gebhard Run, classified for the following use: cold water fishes. Application received: June 19, 2017.

Permit No. 54920201R5. Northeastern Power Co., (P.O. Box 7, McAdoo, PA 18237), renewal of an existing anthracite coal refuse reprocessing, coal refuse disposal and surface mine operation in Kline and Packer Townships, **Schuylkill and Carbon Counties** affecting 876.0 acres, receiving stream: Little Schuylkill River, classified for the following uses: cold water and migratory fishes. Application received: June 28, 2017.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2 30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118.

Permit No. 8274SM2C11 and NPDES No. PA0612871. New Enterprise Stone & Lime Co., Inc. d/b/a Eastern Industries, Inc., (3580 Division Highway, East Earl, PA 17519), renewal of NPDES Permit for discharge of treated mine drainage from a quarry operation in West Cocalico Township, **Lancaster County** affecting 309 acres, receiving stream: Indian Run Creek, classified for the following use: trout stocking. Application received: June 30, 2017.

Permit No. 58070848. Mark Magnotti, (3298 Post Pond Road, Montrose, PA 18801), Stage I & II bond release of a quarry operation in Bridgewater Township, **Susquehanna County** affecting 2.0 acres on property owned by Mark Magnotti. Application received: July 7, 2017.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Waterways and Wetlands Program Manager, 2 East Main Street, Norristown, PA 19401, Telephone 484-250-5900.

E46-1154. Providence Place Senior Living, 1528 Sandy Hill Road, Hummelstown, PA 17036, Lower Providence Township, **Montgomery County**, ACOE Philadelphia District.

To construct and maintain a floodwall about 680-feet long, about 14.5-feet high and 1.33-foot thick within the 100-year floodway/floodplain of the Perkiomen Creek (WWF, MF) associated with the redevelopment of Collegetown Inn property into assisted living facility. The project also includes 5 outfalls and about 7,500-foot long × 8-foot wide recreation trail with in the floodway.

The site is located at about 250 feet southwest of Germantown Pike and Ridge Pike (Collegetown, PA USGS Quadrangle Latitude: 40.183837; Longitude: -75.446972).

Northcentral Region: Waterways & Wetlands Program Manager, 208 West Third Street, Williamsport, PA 17701, 570-327-3636.

To construct, install and maintain new stormwater drainage structures to replace existing structures and alleviate flooding. This project proposes to: 1) temporarily impact 32 linear feet of an enclosed unnamed tributary to Bald Eagle Creek, 2) temporarily impact 158 square feet of floodway of an unnamed tributary to Bald Eagle Creek, 3) permanently impact 808 linear feet of an enclosed unnamed tributary to Bald Eagle Creek, 4) permanently impact 1,448 square feet of floodway of an unnamed tributary to Bald Eagle Creek, which are classified as Cold Water Fishery.

E59-533. Pennsylvania Department of Transportation, Engineering District 3-0, PO Box 218, Montoursville, PA 17754-0218. S.R. 4017 Section 23S, Windfall Brook Roadway Slide. Osceola Township, **Tioga County**, Baltimore ACOE (Elkland, PA Quadrangle N: 41° 58' 21"; W: -77° 20' 33").

PA DOT Engineering District 3-0 proposes to stabilize the right streambank of Windfall Brook for approximately 361 linear feet to restore the SR 4017 Roadway. The stream bank/roadway side slope will be stabilized with R-8 Rip Rap at a 1.5:1 side slope. The project will utilize a temporary access road and cofferdam system during construction. The project will not impact any jurisdictional wetlands. Windfall Brook is classified as a Warm Water Fishery by Title 25, Chapter 93 Water Quality Standards.

Cross #	Activity	Resource	Resource Name*	Chapter 93
1	Culvert Extension	Stream	UNT to Susquehanna River	WWF

There are no wetland being impacted by the project. The proposed culvert will not permanently impact wetlands, cultural or archaeological resources, national/state/local parks, forests recreational areas, landmarks wildlife refuge, or historical sites. UNT to Susquehanna River is classified with a designated use of Warm Water Fishery (WWF). It is not listed as an approved trout or wild trout stream.

5. 12.0 linear feet of a UNT to Mill Creek (HQ-CWF), 2,743 square feet of impacts to Exceptional Value (EV) Palustrine Emergent (PEM) wetlands, and 21 square feet of impacts to Exceptional Value (EV) Palustrine Forested (PFO) wetlands via boring (Ayers Hill, PA Quadrangle, Latitude: N41°44'37.01", Longitude: W77°56'35.42"); and
6. 83.0 linear feet of Mill Creek (HQ-CWF) and 1,742 square feet of impacts to Exceptional Value (EV) Palustrine Emergent (PEM) wetlands via open cut

trenching and a temporary access road crossing (Ayers Hill, PA Quadrangle, Latitude: N41°44'37.49", Longitude: W77°56'29.18").

The project will result in 269.0 linear feet of stream impacts, 10,409 square feet (0.24 acre) of Exceptional

Value Palustrine Emergent wetland impacts, and 21 square feet (0.01 acre of Exceptional Value Palustrine Forested wetland impacts, all for the purpose of installing natural gas gathering lines and associated access roadways for Marcellus shale development.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media;

benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

The report is intended to document remediation of the site to meet the Site Specific Standard.

Northwest Region: Environmental Cleanup & Brownfields Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Wilderness Park Mobile Home Park, 108 Wilderness Park, Pleasant Township, **Warren County**. Environmental Remediation & Recovery, Inc., 4250 Route 6N, Edinboro, PA 16412, on behalf of Wilderness Mobile Park, 3800 Zimmerly Road, Erie, PA 16506 and BF Adventures, LLC, 50 Corvette Drive, Warren, PA 16365, submitted a Final Report concerning the remediation of site soils contaminated with benzene, toluene, ethylbenzene, xylene, sec-butyl benzene, tert-butyl benzene, cyclohexane, 1,2,4-trimethylbenzene, 1,3,5-trimethylbenzene, cumene, naphthalene, acenaphthene, anthracene, benzo[a]anthracene, benzo[a]pyrene, benzo[b]fluoranthene, benzo[g,h,i]perylene, 1,1-biphenyl, chrysene, fluoranthene, fluorene, indeno[1,2,3-cd]pyrene, 2-methylnaphthalene, phenanthrene, pyrene, phenol, aluminum, barium, boron, chloride, iron, lithium, manganese, strontium, zinc, and selenium. The report is intended to document remediation of the site to meet the Statewide Health Standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

6. extend and maintain an existing 164.0-foot long 36.0-inch corrugated metal pipe (CMP) culvert in kind by 19.0 feet at the upstream end and by 42.0 feet at the downstream end with a rock apron extending 14.0 feet downstream and to relocate and maintain 66.0 feet of an unnamed tributary to Marsh Run (WWF, MF), temporarily impacting 0.1 acre of PEM/PSS wetland and permanently impacting 0.07 acre of PEM/PSS wetland;

7. remove the existing structures and install and maintain a 166.0-foot, 48.0-inch RCP culvert, a 36.0-foot, 48-inch RCP culvert, and relocate and maintain 18.0 linear feet of channel in an unnamed tributary to Marsh Run (WWF, MF);

8. extend and maintain an existing 158.0-foot long, 48-inch RCP culvert in kind by 74.0 feet at the upstream end and by 84.0 feet at the downstream end and to relocate and maintain 25.7 foot and 30.0 foot stretches of stream in an unnamed tributary to March Run (WWF, MF);

9. extend and maintain an existing 109.0-foot long 5.0-foot × 10.0-foot box culvert in kind by 16.0 feet at the upstream end with rock aprons extending 31.8 feet upstream and 29.1 feet downstream and by 17.0 feet at the downstream end in an unnamed tributary to March Run (WWF, MF);

10. extend and maintain an existing 100.0-foot long, 54.0-inch RCP culvert in kind by 41.0 feet at the upstream end and by 33.0 feet at the downstream end with a rock energy dissipater extending 24.6 feet downstream and to relocate 33.9 linear feet of stream channel in an unnamed tributary to March Run (WWF, MF);

11. extend and maintain an existing 150.0-foot long, 42.0-inch RCP culvert in kind by 35.0 feet at the upstream end and by 13.0 feet at the downstream end, and to relocate 13.4 foot and 100.6 foot sections of stream channel in an unnamed tributary to Marsh Run (WWF, MF);

12. extend and maintain an existing 196.0-foot long, 30.0-inch RCP culvert in kind by 25.0 feet at the upstream end and by 20.0 feet at the downstream end and to relocate 98.1 and 30.0 foot sections of stream channel in an unnamed tributary to March Run (WWF, MF);

13. remove the existing structure and to install and maintain a 136.0-foot long, 24.0-inch RCP culvert in an unnamed tributary to Marsh Run (WWF, MF), temporarily impacting 0.01 acre of PFO wetland;

14. remove a portion of the existing structure and to install and maintain a 102.0-foot long, 24-inch RCP culvert in an unnamed tributary to March Run (WWF, MF);

15. remove the existing culvert and install and maintain a 40.0-foot long, 54.0-inch RCP culvert with a rock apron extending 20.3 feet downstream and relocate a 44.5 foot section of stream in an unnamed tributary to Marsh Run (WWF, MF);

16. install and maintain a 40.0-foot long, 18.0-inch RCP culvert in an unnamed tributary to Marsh Run (WWF, MF);

17. install and maintain a 26.0-foot long, 30.0-inch RCP culvert in an unnamed tributary to Marsh Run (WWF, MF);

18. install and maintain a 28.0-foot long, 42.0-inch RCP culvert with a rock apron extending 22.1 feet downstream in an unnamed tributary to Marsh Run (WWF, MF);

19. install and maintain a 20.0-foot long, 18.0-inch RCP culvert in an unnamed tributary to Marsh Run (WWF, MF);

20. install and maintain a 29.0-foot long, 18.0-inch RCP culvert in an unnamed tributary to Marsh Run (WWF, MF);

21. install and maintain rock deflectors, coir fiber rolls and rock stabilization in a 365.0 foot stream realignment in an unnamed tributary to Marsh Run (WWF, MF);

22. install and maintain a 26.0-foot long, 18.0-inch RCP culvert and a 29.0-foot long, 18.0-inch RCP culvert in an unnamed tributary to Marsh Run (WWF, MF);

23. install and maintain a 28.0-foot long, 54.0-inch RCP culvert in an unnamed tributary to Marsh Run (WWF, MF);

24. place and maintain fill in 0.01 acre PEM wetland in the watershed of an unnamed tributary to Yellow Breeches Creek (CWF, MF);

25. place and maintain fill in 0.02 acre PEM wetland in the watershed of an unnamed tributary to Yellow Breeches Creek (CWF, MF);

26. place and maintain fill in 0.06 acre PEM wetland in the watershed of an unnamed tributary to Marsh Run (WWF, MF) and temporarily impact 0.04 acre of PEM wetland;

27. place and maintain fill in 0.12 acre of PEM wetland and 0.18 acre of PSS wetland in the watershed of an unnamed tributary to Marsh Run (WWF, MF);

28. place and maintain fill in 0.01 acre PEM wetland in the watershed of an unnamed tributary to Marsh Run (WWF, MF) and temporarily impact 0.01 acre of PEM wetland;

35. place and maintain fill in 0.02 acre PFO wetland in the watershed of an unnamed tributary to Marsh Run (WWF, MF) and temporarily impact 0.20 acre PFO wetland;

36. place and maintain fill in 0.01 acre PFO wetland in the watershed of an unnamed tributary to Marsh Run (WWF, MF);

37. temporarily place fill in 0.01 acre of PFO wetland in the watershed of an unnamed tributary to Marsh Run (WWF, MF);

38. place and maintain fill in 0.01 acre of PFO wetland in the watershed of an unnamed tributary to Marsh Run (WWF, MF)

All for the purpose of improving road safety. The project is located between milepost 241.98 and 245.51 of the Pennsylvania Turnpike (Lemoyne and Steelton, PA Quadrangle, beginning at Latitude 40° 12' 44"; Longitude -76° 52' 28" and ending at Latitude: 40° 11' 52"; Longitude: -76 48' 47") in Fairview Township, York County. Mitigation for the project includes creation of a minimum of 1.45 acre of wetland and the restoration/enhancement of 2,815.0 linear feet of stream channel to compensate for unavoidable impacts. Wetland restoration will occur along the floodplain of Yellow Breeches Creek in Fairview Township, York County (Latitude: 40° 11' 53"; Longitude: -76° 55' 49") and stream mitigation will occur along an unnamed tributary to Yellow Breeches Creek in Fairview Township, York County (from upstream limit Latitude 40° 11' 41"; Longitude: -76° 54' 35" to downstream limit Latitude 40° 12' 11"; Longitude: -76° 54' 54").

This permit is hereby amended from original issuance to include the following:

1. The addition of 40.0 linear feet of step pool structures on an unnamed tributary to Marsh Run (WWF) at 40° 12' 8.26"; -76° 50' 40.83";

2. The addition of 79.0 linear feet of stream bed and bank stabilization of an unnamed tributary to Marsh Run (WWF) at 40° 11' 49.17"; -76° 49' 18.18";

3. The reconstruction of 24.0 linear feet of relocated unnamed tributary to Marsh Run (WWF) with natural channel design at 40° 11' 49.12"; -76° 49' 21.37";

4. The addition of 10.0 linear feet of riprap apron in an unnamed tributary to Marsh Run (WWF) at 40° 11' 50.16"; -76° 49' 5.00";

5. The addition of an outfall channel to an unnamed tributary to Marsh Run (WWF) at 40° 12' 19.98", -76° 51' 18.49". Issued July 7, 2017.

To 1.) Enhance 20,500 square feet of wetland and create 13,500 square feet of wetland through existing wetland berm rehabilitation and wetland pothole development, 2.) Construct a 180 feet by six feet educational and recreational walking trail. This project is proposed in an existing wetland complex along Penns Creek, a Cold Water Fishes and Migratory Fishes stream as designated in Chapter 93 of the Department's Water Quality Standards. Construction activities will permanently impact 1,080 square feet of wetland. Mitigation for environmental impacts is to be achieved through the 34,000 square feet of wetland creation and enhancement associated with this project. This approval under Chapter 105, Section 105.12(a)(16) also includes 401 Water Quality Certification.

WATER QUALITY CERTIFICATIONS

Northwest Region: Watershed Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

WQ20-001, USDA—Natural Resource Conservation Service, 359 East Park Drive, Suite 2, Harrisburg, PA 17111. Gerkey Wetland Reserve Program, in Greenwood Township, **Crawford County**, ACOE Pittsburgh District (Hadley, PA Quadrangle N: 41°, 29', 54"; W: 80°, 10', 32").

The request relates to NRCS's proposed Gerkey Wetland Reserve Project which involves construction of two ditch plugs to restore hydrology to approximately 0.2 acre of existing, degraded wetland and two wetland potholes (approximately 0.2 acre each) which will restore a shallow water hydrologic regime.

The Department of Environmental Protection (DEP) has reviewed your request for 401 Water Quality Certification and hereby grants the 401 Water Quality Certification for the Gerkey Wetland Reserve Project subject to the following conditions:

1. *Construction*—The project shall be constructed in accordance with the design plans submitted with the certification request.

2. *Operation*—Project facilities shall be operated and maintained in accordance with the "Operation and Maintenance Plan" submitted with the certification request.

3. *Site Monitoring*—The project site shall be monitored in accordance with the "USDA-NRCS Programmatic Site Monitoring" plan submitted with the certification request. If NRCS determines that restoration repairs or enhancements are needed, a corrective action plan shall be submitted to DEP for review and approval if the proposed work will result in a modification of the original design plans submitted with the certification.

4. *Inspection*—The Project and regulated activities, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of DEP to determine compliance with this certification and Pennsylvania's State Water Quality Standards. A copy of this conditional certification shall be available for inspection by the DEP during such inspections of the Projects and regulated activities.

5. *Transfer of Projects*—If NRCS intends to transfer any legal or equitable interest in the Project which is affected by this Section 401 Water Quality Certification, NRCS shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the PADEP Regional Office of such intent. Notice to PADEP shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them.

6. *Correspondence*—All correspondence with and submittals to DEP concerning this Section 401 Water Quality Certification shall be addressed to the Department of Environmental Protection, Northwest Regional Office, Waterways and Wetlands Program Manager, 230 Chestnut Street, Meadville, PA 16335.

7. *Reservation of Rights*—DEP may suspend or revoke this certification if it determines that NRCS has not complied with the terms and conditions of this certification. DEP may require additional measures to achieve compliance with applicable law, subject to NRCS's applicable procedural and substantive rights.

8. *Other Laws*—Nothing in this certification shall be construed to preclude the institution of any legal action or relieve ITC from any responsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

9. *Severability*—The provisions of this certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

NRCS's proposed Householder Wetland Reserve Project which involves construction of one low earthen embankment and one wetland pothole which will result in permanent impact to 0.06 acre of existing wetland. The project is anticipated to create 0.32 acre of wetland and enhance/restore 1.01 acre of existing wetland.

The Department of Environmental Protection (DEP) has reviewed your request for 401 Water Quality Certification and hereby grants the 401 Water Quality Certification for the Householder Wetland Reserve Project subject to the following conditions:

1. *Construction*—The project shall be constructed in accordance with the design plans submitted with the certification request.

2. *Operation*—Project facilities shall be operated and maintained in accordance with the "Operation and Maintenance Plan" submitted with the certification request.

3. *Site Monitoring*—The project site shall be monitored in accordance with the "USDA-NRCS Programmatic Site Monitoring" plan submitted with the certification request. If NRCS determines that restoration repairs or enhancements are needed, a corrective action plan shall be submitted to DEP for review and approval if the proposed work will result in a modification of the original design plans submitted with the certification.

4. *Inspection*—The Project and regulated activities, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of DEP to determine compliance with this certification and Pennsylvania's State Water Quality Standards. A copy of this conditional certification shall be available for inspection by the DEP during such inspections of the Projects and regulated activities.

5. *Transfer of Projects*—If NRCS intends to transfer any legal or equitable interest in the Project which is affected by this Section 401 Water Quality Certification, NRCS shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the PADEP Regional Office of such intent. Notice to PADEP shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them.

6. *Correspondence*—All correspondence with and submittals to DEP concerning this Section 401 Water Quality Certification shall be addressed to the Department of Environmental Protection, Northwest Regional Office, Waterways and Wetlands Program Manager, 230 Chestnut Street, Meadville, PA 16335.

7. *Reservation of Rights*—DEP may suspend or revoke this certification if it determines that NRCS has not complied with the terms and conditions of this certification. DEP may require additional measures to achieve compliance with applicable law, subject to NRCS's applicable procedural and substantive rights.

8. *Other Laws*—Nothing in this certification shall be construed to preclude the institution of any legal action or relieve ITC from any responsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

9. *Severability*—The provisions of this certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free

pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Pennsylvania Small Business Advantage Grant Availability

The Department of Environmental Protection (Department) announces the availability of up to \$1 million in grant funding for the 14th year of the Commonwealth's Small Business Advantage Grant Program (Program) for small businesses that adopt or acquire equipment or processes that promote pollution prevention or energy efficiency projects, or both. With over 900,000 small businesses in this Commonwealth, a well-designed energy efficiency or pollution prevention project can help small businesses cut operating costs and complement the economy, while simultaneously protecting the environment.

The Program is a first-come, first-served grant program that provides up to 50% reimbursement matching grants, up to a maximum of \$9,500 for pollution prevention and energy efficiency projects, and up to a maximum of \$7,000 for lighting-only projects. Eligible projects must save the small business a minimum of \$500 and at least 25% annually in energy consumption or pollution related expenses.

An eligible applicant must have 100 or fewer employees, be a for-profit small business owner and be taxed as a for-profit business located within this Commonwealth. The project to which the grant will apply must be located within the applicant's Commonwealth facility.

For the first time, the application process will be online through the Department of Community and Economic Development's electronic single application web site at

<https://www.esa.dced.state.pa.us/Login.aspx>. Paper and faxed applications will no longer be accepted.

Application guidance, required forms and information are located on the Department's web site at www.dep.pa.gov (search "Small Business Advantage Grants," then click on "Small Business Ombudsman's Office.")

Contact the Department's Small Business Ombudsman Office at (717) 772-5160 or epAdvantageGrant@pa.gov for further information.

Public Notice of Draft NPDES General Permit for Point Source Discharges from the Application of Pesticides (PAG-15)

The Department of Environmental Protection (Department) is announcing the availability of a draft National Pollutant Discharge Elimination System (NPDES) General Permit for Point Source Discharges from the Application of Pesticides (PAG-15). The PAG-15 General Permit is applicable to certain entities that make a decision to control mosquitoes and flying insect pests, weeds and algae, animal pests, and forest canopy pests in and near water's edge, exceeding annual treatment area thresholds. The draft General Permit and related documents are

available at www.elibrary.dep.state.pa.us (select “Permit and Authorization Packages,” then “Clean Water,” then “PAG-15 (Draft)”).

The PAG-15 General Permit is intended to provide NPDES permit coverage to persons applying pesticides that result in discharges to surface waters of the Commonwealth that are not considered High Quality or Exceptional Value. The existing PAG-15 General Permit in effect at this time will expire on October 28, 2017. The Department is proposing to reissue a final PAG-15 General Permit on or before that date.

The draft PAG-15 General Permit includes the following proposed significant changes in comparison to the existing PAG-15 General Permit:

- The existing General Permit requires submission of an annual report to the Department by January 28th of each year. The draft General Permit would extend the due date to March 1st. In addition, the Department has revised the annual report template.
- The Department is proposing that after coverage under the General Permit is authorized, coverage will continue without the need to submit a Notice of Intent (NOI) for renewal of coverage as long as the permittee complies with the terms and conditions of the PAG-15 General Permit currently in effect, unless the Department specifically requires the submission of an NOI in writing.
- The existing General Permit NOI fee is \$250. The proposed NOI fee for coverage under the General Permit is \$500 per year the permittee operates under the General Permit. The NOI fee will be paid in installments due at the time the annual report is due, with the initial fee of \$500 submitted with the NOI for permit coverage

and an installment of \$500 to be submitted with the annual report, if the permittee does not wish to terminate permit coverage.

Written Comments

Interested persons are invited to submit written comments regarding the draft PAG-15 through Monday, August 21, 2017. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail, must include the originator’s name and address. Commentators are encouraged to submit comments using the Department’s online eComment system at www.ahs.dep.pa.gov/eComment. Written comments should be submitted by e-mail to ecomment@pa.gov or by mail to the Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063.

Written comments submitted during the 30-day comment period will be retained by the Department and considered in finalizing the General Permit. The Department will provide an opportunity for any interested person or group of persons, any affected state, any affected interstate agency, the United States Environmental Protection Agency or any interested agency to request or petition for a public hearing with respect to the proposed General Permit. The request or petition for public hearing, which must be filed within the 30-day period allowed for filing of written comments, must indicate the interest of the party filing the request and the reasons why a hearing is warranted. A hearing will be held if there is significant public interest.

Minimum Levels of Controlled Substances or Their Metabolites in Blood to Establish Presence of Controlled Substance

Under 75 Pa.C.S. § 1547(c)(4) (relating to chemical testing to determine amount of alcohol or controlled substance), the Department of Health (Department) is publishing a notice of the minimum levels of Schedule I, nonprescribed Schedule II and nonprescribed Schedule III controlled substances or their metabolites that must be present in a person's blood for the test results to be admissible in a prosecution for a violation of 75 Pa.C.S. § 1543(b)(1.1), § 3802(d)(1), (2) or (3) or § 3808(a)(2) (relating to driving while operating privilege is suspended or revoked; driving under influence of alcohol or controlled substance; and illegally operating a motor vehicle not equipped with ignition interlock).

Testing for controlled substances in blood is normally a two-step process. The first step involves screening of the blood using a relatively rapid and inexpensive procedure to presumptively determine whether a specimen contains a controlled substance or a metabolite of a controlled substance. The second step utilizes an alternate procedure to confirm the presence of the controlled substance or metabolite that was presumptively detected by the screening procedure. Confirmatory analyses employed to substantiate the presence of a controlled substance or metabolite are also used to determine the concentration of the controlled substance or metabolite. A limit of quantitation (LOQ) for a controlled substance or metabolite is the lowest concentration that a laboratory can reliably determine. A laboratory's LOQ for each controlled substance or metabolite will depend upon the equipment and procedures the laboratory employs for confirmatory testing.

Laboratories that operate in this Commonwealth and perform analyses of blood to determine controlled substance content must be approved by the Department in accordance with 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) and be listed in notices published in the *Pennsylvania Bulletin*. The minimum levels listed in this notice were developed by reviewing the LOQs reported by the laboratories approved by the Department to analyze blood for controlled substances or their metabolites. Laboratories are not required to have LOQs for controlled substances or their metabolites that are equal to or below minimum levels listed. The levels listed are intended to establish the lowest reportable results admissible in a prosecution.

Not all approved laboratories will have proficiency testing results at the minimum levels listed in this notice. Approved laboratories and their individual proficiency testing results may be reviewed on the Bureau of Laboratories' web site at www.minimumlevels.health.pa.gov.

The Department recognizes that testing may be conducted for controlled substances and metabolites not listed in this notice. When this testing is necessary,

interested parties should contact the laboratory performing the test to inquire as to that laboratory's specific method of testing, the equipment used and any policies or procedures employed by that laboratory to ensure that the test results are valid. In subsequent notices, the

Department will revise, as needed, the minimum levels of controlled substances or metabolites already included in this notice and add new controlled substances or metabolites when warranted.

DEPARTMENT OF LABOR AND INDUSTRY

Public Comment on the 2-Year Modification of the Vocational Rehabilitation Services Portion of the Commonwealth's Workforce Innovation and Opportunity Act Combined State Plan; Public Meetings

The Department of Labor and Industry (Department), Office of Vocational Rehabilitation (OVR), announces a period of public comment on its proposed Year 2 of the Vocational Rehabilitation (VR) Services Portion of the Commonwealth's 4-year Workforce Innovation and Opportunity Act (WIOA) Combined State Plan (Plan). Given the multiyear life of the Plan, states must revisit State Plan strategies regularly, reassess their effectiveness and labor market relevance, and, when needed, recalibrate these strategies to respond to the changing economic conditions and workforce needs of the state. The VR Services Portion is the blueprint for the provision of VR services to persons with disabilities living in this Commonwealth. This notice is provided under the Rehabilitation Act of 1973, as amended by the WIOA of 2014.

The OVR is required to develop and implement its VR Services Portion as part of the Plan, whereas, at minimum, states must submit a modification to the Plan at the end of the first 2-year period of any 4-year plan. These revisions take the form of updates to existing descriptions, previously known as attachments. The Plan from July 1, 2016, to June 30, 2020, is currently in effect and is a compliance document on file with the Commissioner, Rehabilitation Services Administration and United States Departments of Labor and Education.

The OVR must obtain public input prior to amending the VR Services Portion of the Plan under 34 CFR 361.20 (relating to public participation requirements). As referenced in 34 CFR 361.20(a), which requires public meetings to be held throughout the state, "public meeting" means a gathering of people in a physical or virtual (as in the case of videoconferences or teleconferences) location to gather valuable input from individuals with disabilities, community rehabilitation programs and other stakeholders.

This comment period provides individuals, advocates and other interested parties or organizations, or both, opportunities to present their views and recommendations regarding VR services for persons with disabilities. In this Commonwealth, these services are provided by the OVR through a network of 21 district offices and the Hiram G. Andrews Center. Comments are being solicited regarding the following VR Services Portion of the Plan descriptions and estimates:

- Input and recommendations of the Pennsylvania Rehabilitation Council.
- Coordination with education officials.
- Coordination with employers.
- Statewide assessment.
- Comprehensive system of personnel development.
- Annual estimate of individuals to be served and costs of services.
- The OVR's goals and priorities.
- Order of selection.

- Goals and plans for distribution of Title VI funds.
- Supported employment services.
- Innovation and expansion activities.

In addition, the Department's Bureau of Blindness and Visual Services (BBVS) will accept public comment on:

- The Business Enterprise Program.
- Specialized services for children and adults.
- Independent living services for older persons who are blind.

This year, the OVR will be utilizing video conference capabilities to broadcast public meetings to each of the district office locations simultaneously. OVR public meetings will be held Statewide in each OVR district office on Wednesday, August 16, 2017, from 1 p.m. to 3:30 p.m. and Tuesday, August 29, 2017, from 3 p.m. to 5:30 p.m. It is not necessary to attend both sessions because the same information will be provided on these dates to enable more people to participate and allow time for local comment.

All meeting sites are accessible and interpreters for people who are deaf or hard of hearing will be present at each public meeting. For additional information, reasonable accommodation requests or alternative format requests, call the OVR district office conducting the public. Written comments may be submitted by mail to the appropriate district office serving the area in which the individual/organization member resides.

In addition, individuals who are not able to attend in person but would like to participate by phone should call the following:

August 16, 2017
(800) 260-0718
Participant access code: 426702

August 29, 2017
(800) 260-0718
Participant access code: 426705

All written comments must be received no later than 5 p.m. on Friday, September 8, 2017.

A copy of the proposed Year 2 of the VR Services Portion for the Plan and other information will be available on the OVR's web site at www.dli.state.pa.us (select "Individuals," then "Disability Services," then "Publications").

Additionally, the United States Department of Labor and Education announced the availability of the approved WIOA Unified or Combined State Plans at <http://www2.ed.gov/about/offices/list/osers/rso/wioa/state-plans/index.html>. The public and workforce system stakeholders may view, download or search the State Plans for information on how states are undertaking the implementation of WIOA.

The OVR public meetings will be held Statewide in each OVR district office on Wednesday, August 16, 2017, from 1 p.m. to 3:30 p.m. and Tuesday, August 29, 2017, from 3 p.m. to 5:30 p.m.

DEPARTMENT OF TRANSPORTATION

Applications for Funding under the Section 5310 Program for Fiscal Year 2017-2018

The Department of Transportation, Bureau of Public Transportation, under the authority in section 5310 of the Federal Transit Laws (49 U.S.C.A. § 5310), gives notice that it will receive applications for the State-administered Section 5310 Program (Program). Applications are due by the close of business on Monday, August 7, 2017. The application can be found at <https://spportal.dot.pa.gov/Planning/AppReg/BPT-5310/Pages/default.aspx>.

Under this Program, private nonprofit organizations and designated public bodies may apply for Federal capital assistance to pay up to 80% of the purchase cost of new wheelchair accessible small transit vehicles used to provide transportation services for senior citizens and persons with disabilities who cannot be reasonably accommodated by existing transportation providers.

Additional information can be obtained by calling John Levitsky, Bureau of Public Transportation, (717) 787-1206, jlevitsky@pa.gov.

FISH AND BOAT COMMISSION

Additions to List of Class A Wild Trout Waters

The Fish and Boat Commission (Commission) approved the addition of 29 stream sections to its list of Class A Wild Trout Streams as set forth at 47 Pa.B. 2680 (May 6, 2017). Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource and to conserve that resource and the angling that it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries.

Executive Director

Classification of Wild Trout Streams; Additions and Revisions

The Fish and Boat Commission (Commission) approved the addition of 99 new waters to its list of wild trout streams and the revision of the section limits of 7 waters already on the list as published at 47 Pa.B. 2676 (May 6, 2017). Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Commission to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams. The Commission's Fisheries Management Division maintains the complete list of wild trout streams and it is available on the Commission's web site at <http://www.fishandboat.com/Fish/PennsylvaniaFishes/Trout/Pages/TroutWaterClassifications.aspx>.

Classification of Wild Trout Streams; Proposed Additions, Revisions and Removals; September 2017

Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Fish and Boat Commission (Commission) to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The Commission's Fisheries Management Division maintains the list of wild trout streams. The Executive Director, with the approval of the Commission, will from time-to-time publish the list of wild trout streams in the *Pennsylvania Bulletin*. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams.

At the next Commission meeting on September 25 and 26, 2017, the Commission will consider changes to its list of wild trout streams. Specifically, the Commission will consider the addition of the following streams or portions of streams to the list:

Criteria for Courses of Instruction in Boating Safety Education

Under 58 Pa. Code § 91.7 (relating to criteria for courses of instruction in boating safety education), the Executive Director of the Fish and Boat Commission (Commission) shall establish criteria for courses of instruction in boating safety education, and the Executive Director shall publish the criteria in the *Pennsylvania Bulletin*. The Executive Director therefore has established the following Criteria for Internet, Correspondence and Classroom Boating Safety Education Courses, effective July 1, 2017. Criteria were last published at 42 Pa.B. 1190 (March 3, 2012). The substantive criteria for the courses remain unchanged; only minor changes were made, shown in bold text as follows.

By separate notice, the Executive Director approved boating safety education courses that meet these criteria and published a list of approved boating safety education courses at 47 Pa.B. 3672 (July 1, 2017), effective July 1, 2017.

JOHN A. ARWAY,
Executive Director

Criteria for Internet Boating Safety Education Courses

The Commission will use the following criteria to approve Internet boating safety education courses. The Commission will only issue Pennsylvania Boating Safety Education Certificates to Commonwealth residents who have successfully completed an approved course.

Overview

The Internet boating safety education course allows students to study boating and boating safety information and take a certification examination online in a secure Internet environment. The Internet course will consist of a complete educational curriculum covering the basics of boating safety, regulations and accepted best practices. The course will be presented in lesson format with in-depth coverage of the various topics listed in following sections. The information will be presented in a narrative fashion followed by review questions and discussion points. Courses that consist solely of questions with a correct answer description will not be deemed to meet the criteria contained in this document.

Providers

Approved Internet courses shall be offered by providers that meet the requirements of the Commission. Individuals or organizations that desire to provide an Internet

boating safety education course that is approved for Pennsylvania boaters shall be willing to enter into an agreement with the Commission containing the Commonwealth's standard terms and conditions and the additional terms set forth in Exhibit A. Prior to entering into an agreement with the Commission, providers shall submit a request in writing to the Commission's **Director of Law Enforcement** or designee and shall demonstrate to the Commission's satisfaction that the provider is capable of performing its obligations under the agreement. Providers shall demonstrate their capability by submitting the following documentation along with their request to the Commission:

1. A description of the provider and its capabilities, including a description of type and number of staff and their responsibilities.
2. Proof of ability to manage certification data securely and digitally. This will be demonstrated by providing either:
 - o An existing computer-based database management system designed to manage certification data, or
 - o Detailed specifications and a project plan to deliver such a computer-based system.
3. Copies of certification by the Payment Card Industry (PCI) to demonstrate provider's secure handling of students' credit card data.
4. Proof that provider's course(s) have been approved by the National Association of State Boating Law Administrators (NASBLA).
5. The web address (URL) of the Internet course.

Course Content

1. The course must be approved by NASBLA. Information on NASBLA approval is available on the NASBLA web site at <http://www.nasbla.org/> or by calling the NASBLA office at 859-225-9487
2. In addition to NASBLA requirements, course content will include:
 - o A description of boating in Pennsylvania.
 - o Commission regulatory responsibilities.
 - o Types of boats, boat motors, and boat hulls.
 - o Boat terminology including, but not limited, to: hull, bow, forward, aft, stern, port, starboard, transom, keel, freeboard, draft, beam, gunwale, bilge, waterline.
 - o Long distance communication on the water.

- o Boat handling.
- o Process for passage through river locks.

Organization

1. Internet course contents will be organized in chapters or lessons.
2. Internet course will include chapter/lesson review exercises.
3. Internet course will have a comprehensive final examination.

Animation quality

1. Internet course will include animations or video clips where appropriate to illustrate concepts.
2. Animations will be developed using vector-based graphics for viewing on a variety of screen resolutions.
3. Animations and/or video clips will be of reasonable file size for quick download and delivery on a wide variety of user platforms and connection speeds.
4. Animations and/or video clips will allow student-paced instruction, where the student controls the pacing of the instructional segment and can re-play the instructional segment.
5. Animations and/or video clips will be created in a contemporary design to engage all age groups, particularly the youth segment of the boating education market.

Internet course design quality

1. Internet course web page design will have an attractive, easy-to-read, and contemporary look and feel.
2. Internet course web page design will support all common user environments (various operating systems, web browsers, and connection speeds).
3. Boating terms used in the Internet course will be hyperlinked to their definitions the first time they appear in the course material.
4. Internet course will include hyperlinks to locations within the Commission's website from all appropriate locations within the Internet course.

ADA version of Internet course design quality

1. Standard Internet course design will be developed so that it complies with all Priority 1 checkpoints within the Web Content Accessibility Guidelines 1.0 (WCAG) developed by the World Wide Web Consortium (W3C).
2. Internet course design will be compliant with the Americans with Disabilities Act. Course provider will schedule annual reviews of its course material to verify continuing ADA-compliance and implement any changes needed as a result in its development of new course material.

Internet Course Chapter Review Quiz, Pre-Test and Online Certification Examination

1. The Internet course must be organized into at least six chapters with a chapter review quiz at the end of each chapter.
2. The Internet course must be designed so that the student actively participates.
3. Students will not be able to access the certification examination without first successfully completing the chapter review quiz for each chapter.
4. Students will not be permitted to take the chapter review quiz without spending the minimum study time assigned to that chapter. The minimum study time

assigned to each chapter must be approved by the Commission. The minimum time for the Internet course to be completed by the student, not including the certification examination, is three hours.

5. There must be at least ten review questions for each chapter.

6. Students must successfully complete each chapter review quiz before progressing to the next chapter. Students may proceed once they have achieved at least a seventy percent on the chapter review quiz.

7. Students failing the chapter review quiz will be directed to study the material again and may not retake the quiz until they have again spent the minimum study time assigned to that chapter.

8. The testing portion of the Internet course will include a Pennsylvania-specific pre-test and certification examinations. The Commission will review and approve all questions that are included in the examination question pool.

9. Internet course will have a testing algorithm for the pre-test and certification examinations.

10. The pre-test and final examination will contain at least 50 questions randomly drawn from a pool of questions written to NASBLA Education Standard 9.

11. The pre-test and final examination will also include, at least, an additional 10 Pennsylvania-specific questions drawn from the pool of at least 30 such questions developed by course provider and written to NASBLA Education Standard 9.

12. The randomization algorithm for online testing will create examinations that meet NASBLA Education Standard 9.2: Testing Standard 3.

13. Examination presentation will allow for the questions to be presented with color graphics or photos in order to test knowledge of aids-to-navigation, navigation rules, boating at night, and other subjects.

14. Testing questions will be grouped into the number of categories requested or approved by the Commission. Each category will be defined by the Commission in terms of the category description and the number of questions from that category that should appear on each randomly-generated pre-test or examination.

15. Each occurrence of the pre-test or certification examinations will be generated individually and uniquely for every student. The questions on each pre-test or examination will be chosen randomly from each of the defined categories according to the number of questions specified for that category included in NASBLA Education Standard 9.2: Test Standard 3 to ensure that each important topic is tested. The course certification examination process and design will not provide for or promote the use of reference materials during the examination process.

16. The pool of examination questions and associated graphics, the number and description of categories, the number of questions per category and the total number of questions on the pre-test and certification examination will be changed at any time upon request of the Commission.

17. The pre-test and certification examinations will be graded automatically and the student given their score online.

18. A test critique will be generated and presented to the student each time a chapter/lesson review exercise, pre-test or certification examination is completed.

19. Students completing the pre-test will be presented with only the topics (categories) of questions for which they gave incorrect answers. The pre-test will not show students specifically which questions they missed.

20. Students completing the certification examination will be presented with the questions, the correct answers for those questions, explanations of the correct answers, and hyperlinks back to the relevant course material where those questions are covered.

21. The passing grade for the final examination will be 80%.

Certification

1. The course certification examination registration process will contain Commission defined personal data fields to be collected from student applicants.

2. The online registration process will validate the data fields to ensure data integrity.

3. The registration process will check that all required data fields have been supplied by the student, and the process will allow data for fields such as hair color or race to be selected from a Commission-specified list of allowed values.

4. Students passing the course certification examination with a minimum grade of 80% will be issued a temporary boating safety education certificate. Provider will not allow the downloading of the form to the student's computer in a form that can be edited by the recipient. This will be accomplished by a locked PDF file or other secure method. The provider will arrange for resolution of any printing problems and provide for the mailing of the original or duplicate temporary certificate. The temporary boating safety education certificate will display a code (character string) that is tied uniquely to that student's personal data, so that the Commission can decode it easily to determine if the temporary certificate was generated fraudulently.

5. The temporary boating safety certificate expires 60 days after the date of issue. The temporary boating safety certificate used by the provider must be approved by the Commission and will contain the following information: date of issue, date of expiration, name and address, type of course, hair color, eye color, sex, date of birth, NASBLA approval, electronic signature of instructor and date, signature of student and date, instructions on how to obtain a permanent boating safety education certificate at a later date.

Exhibit A

Internet course promotion and advertising

1. All promotion of the Internet course will be done ethically and honestly and will not mislead the public in any way. Promotions will not include contests or giveaway promotions. Course provider will not advertise the Internet course from within other websites where the other websites are designed in a way that misleads the public.

2. Course provider will not collect names or E-mail addresses of other potential students from the online students. Any direct solicitation of potential students via E-mail, mail, or telephone will be approved in advance in writing by the Commission.

3. Course provider will not provide an advertisement or link to another website from within the Internet course unless approved in advance in writing by the Commission.

General Course Provider Tasks and Qualifications

The course provider will:

1. Employ sufficient staff to develop, maintain, operate and manage the course.

2. Secure an Internet Domain (URL address) to host the course and publish the course on the Internet.

3. Issue temporary boating safety education certificates approved by the Commission to students successfully completing the Internet course.

4. Generate any reports on the student data and financial transactions that are requested by the Commission including, but not limited to, year to date and monthly reports showing student demographics and fees collected.

5. Handle the purchase of Commission boating safety education certificates by successful students as part of the course certification process and transfer the associated fees and certificate-purchaser data to the Commission, electronically or in any agreed upon format by the course provider and the Commission, on at least a monthly basis.

6. Pay Commission fees by check or electronic fund transfer.

7. Update the Internet course to reflect changes in Federal or State regulations or laws and make any other changes or corrections to the Internet course that are requested by the Commission at any time.

8. Provide an email link that allows users to contact the course provider and respond to all inquiries within 48 hours. (Automated responses merely stating that the user's E-mail has been received will not satisfy this requirement.)

9. Respond to Commission queries promptly.

10. Provide daily (including weekend) service for the Internet course.

11. Answer all technical questions related to using the Internet course, and also any questions related to boating safety, laws, etc. that can be answered from the course material.

12. Forward any questions that cannot be answered with confidence to a designated Commission contact.

13. Maintain a complete backup of the student data for a period of five (5) years and make available to the Commission, upon request, a complete copy of the digital files of the student data.

14. Provide a bond in the amount of \$20,000 in the form approved by the Commission to indemnify the Commission against any loss or damage of monies that course provider collects on behalf of the Commission (for example, fees collected for purchases of the Commission-required boating safety education certificates) upon execution of the agreement between the course provider and the Commission.

15. Collect all student data fields required by the Commission.

16. Adhere strictly to a privacy policy that ensures that student data will not be transferred to any party other than the Commission and will not be used by course provider for any purpose except to issue students' certification cards. In the event course provider fails to adhere to this privacy policy, course provider agrees to pay the Commission the sum of \$100 for each name or other piece of student data transferred or used in violation hereof.

The course provider will state this privacy policy clearly on its web page that is accessible from every web page in the Internet course material and examination.

Adherence to Payment Card Industry Security Standards

Course provider will obtain and maintain certification by the Payment Card Industry (PCI) to ensure course provider's secure handling of students' credit card data. Course provider will provide the Commission with a copy of the PCI certification upon request. The PCI audits will cover course provider's web server, data management system, and associated networks. Additionally, course provider will meet those same payment card security standards with respect to course provider's handling of students' personal data. Detailed requirements are found in the document titled "Payment Card Industry (PCI) Data Security Standard" and can be downloaded from www.pcisecuritystandards.org.

Course Fees

Course providers may charge users a reasonable fee not to exceed \$50.00 to take the Internet course and online certification examination.

Boating Safety Education Certification Fee

The course provider will disclose to students who take the Internet boating safety education course that they will be required to pay for the Pennsylvania boating safety education certification. Students will not have the option to opt out of receiving the Pennsylvania boating safety education certification. The course provider will collect the \$10 fee from the student in addition to the charge (if any) for the Internet boating education course examination and will remit the fee to the Commission.

Administrative Fee to Commission

The course providers will pay the Commission an administrative fee of \$5 for each boating safety education certification examination.

Transfer of Data, Fees and Reports

The course provider will:

1. Pay all certification fees and administrative fees by check or electronic fund transfer on a monthly basis or other term as required by the Commission.
2. Transfer student data to the Commission digitally and securely in the form and format established by the Commission.
3. Generate any reports on the student data and financial transactions that are requested by the Commission including, but not limited to, year to date and monthly reports showing student demographics and fees collected.

Criteria for Correspondence Boating Safety Education Courses

The Commission will use the following criteria to approve correspondence boating safety education courses. The Commission will only issue Pennsylvania Boating Safety Education Certificates to Commonwealth residents who have successfully completed an approved course.

Overview

1. The correspondence boating education course is a video and/or DVD-based course that allows students to study boating and boating safety and take a certification examination at home.

2. The correspondence course includes:
 - o A printed or digital boater education student manual.
 - o A boater education video and/or DVD.
 - o A certification examination to take at home, or at any remote location, or online.

Providers

Approved correspondence courses shall be offered by providers that meet the requirements of the Commission. Individuals or organizations that desire to provide a correspondence course that is approved for Pennsylvania boaters shall be willing to enter into an agreement with the Commission containing the Commonwealth's standard terms and conditions and the additional terms set forth in Exhibit A. Prior to entering into an agreement with the Commission, providers shall submit a request in writing to the Commission's **Director of Law Enforcement** or designee, and shall demonstrate to the Commission's satisfaction that the provider is capable of performing its obligations under the agreement. Providers shall demonstrate their capability by submitting the following documentation along with their request to the Commission:

1. A description of the provider and its capabilities including a description of type and number of staff and their responsibilities.
2. Proof of ability to manage certification data securely and digitally. This will be demonstrated by providing either:
 - o An existing computer-based database management system designed to manage certification data, or
 - o Detailed specifications and a project plan to deliver such a computer-based system.
3. Copies of certification by the Payment Card Industry (PCI) to demonstrate provider's secure handling of students' credit card data.
4. Proof that provider's course(s) have been approved by the National Association of State Boating Law Administrators (NASBLA).
5. A sample of the completed correspondence course, the completed student manual, and a sample of the completed boater education video or DVD.

Course Content

1. The course must be approved by NASBLA. Information on NASBLA approval is available on the NASBLA web site at <http://www.nasbla.org/> or by calling the NASBLA office at 859-225-9487
2. In addition to NASBLA requirements, course content will include:
 - o A description of boating in Pennsylvania.
 - o Commission regulatory responsibilities.
 - o Types of boats, boat motors, and boat hulls.
 - o Boat terminology including, but not limited, to: hull, bow, forward, aft, stern, port, starboard, transom, keel, freeboard, draft, beam, gunwale, bilge, waterline.
 - o Long distance communication on the water.
 - o Boat handling.
 - o Process for passage through river locks.

*Student Manual**Overview*

The digital and/or printed student manual will be a four-color student text, tailored to the Commonwealth of Pennsylvania, covering all of the Pennsylvania state-specific boating laws and regulations, navigational rules and aids, risk management, and responsibilities of boat operators.

Course provider will:

1. Write all text used in the student manual.
2. Provide all graphics used in the student manual.
3. Procure any photographs needed for the student manual.
4. Design the cover and page layout of the student manual.
5. Make any and all revisions requested by the Commission to any state-specific pages of the student manual.
6. Provide a complete color proof of the student manual to the Commission for approval prior to distribution.
7. Update the student manual to reflect changes in Pennsylvania laws and information as requested by the Commission with each subsequent edition.

Text quality and content

1. Text will be written in a clear, reader-friendly, and consistent style.
2. Boating terms will be defined.
3. The student manual will have additional pages available for Pennsylvania-specific information, which may include a quick reference chart of Pennsylvania-specific required equipment, an in-manual certification examination (see "certification examination"), an examination response form, or any other information desired by the Commission. The Pennsylvania-specific information may be contained in a separate publication.
4. The student manual will include chapter review exercises to aid students in retention of the material.

Graphics quality

1. The student manual will contain graphics to illustrate important information. All graphics will be full-color and realistic.
2. The student manual will, in addition, contain photographs to illustrate important information. All photographs will be high-resolution color photographs.
3. All graphics and photographs illustrating persons in boats will show the persons properly wearing U.S. Coast Guard approved PFDs, unless the graphic or photograph is marked clearly as a prohibited situation.

Cover design and page layout quality

1. The student manual cover will be designed to give an attractive, and contemporary look.
2. Layout of the student manual's text pages will be consistent throughout and have an attractive, easy-to-read, and contemporary look.

*Video and/or DVD**Overview*

1. The video and/or DVD must be a companion to the student manual. It must be available in VHS or DVD formats. The boater education video and/or DVD must contain up-to-date legal requirements, be at least 60-

minutes in length and closed-captioned. It will cover, at a minimum, federal boating laws, required equipment, navigational rules and aids, and how to handle boating emergencies. The boater education video and/or DVD will follow the chapters in the student manual.

Video quality

1. Video will be contemporary and professionally presented.
2. Audio and video tracks on the boater education video will be of good quality.
3. Video will be produced with professional equipment.
4. DVD version will have a menu allowing play of each chapter.

Certification Examination

1. The correspondence course will include a comprehensive certification examination written to NASBLA Education Standard 9.
2. Correspondence course will include at least one (1) examination response form.
3. Correspondence course will be designed to meet NASBLA requirements for examination security.
4. Course provider will provide grading of the certification examination and notify students of their scores.

Certification

1. The correspondence course registration process will contain Commission defined personal data fields to be collected from student applicants.
2. The registration process will check that all required data fields have been supplied by the student, and the process will allow data for fields such as hair color or race to be selected from a Commission-specified list of allowed values.
3. Students passing the course certification examination with a minimum grade of 80% will be issued a temporary boating safety education certificate. The temporary boating safety certificate expires 60 days after the date of issue. The temporary boating safety certificate used by the provider must be approved by the Commission and will contain the following information: date of issue, date of expiration, name and address, type of course, hair color, eye color, sex, date of birth, NASBLA approval, signature of instructor and date, a student signature and date section, instructions on how to obtain a permanent boating safety education certificate at a later date.

Exhibit A*Correspondence course promotion and advertising*

1. All promotion of the correspondence course will be done ethically and honestly and will not mislead the public in any way. Promotions will not include contests or give-away promotions.

General Course Provider Tasks and Qualifications

The course provider will:

1. Employ sufficient staff to develop, maintain, operate and manage the course.
2. Issue temporary boating safety education certificates approved by the Commission to students successfully completing the correspondence course.
3. Generate any reports on the student data and financial transactions that are requested by the Commis-

sion including, but not limited to, year to date and monthly reports showing student demographics and fees collected.

4. Handle the purchase of Commission boating safety education certificates by successful students as part of the correspondence course certification process and transfer the associated fees and certificate-purchaser data to the Commission, electronically or in any agreed upon format by the course provider and the Commission, on at least a monthly basis.

5. Pay Commission fees by check or electronic fund transfer.

6. Provide an E-mail address that allows users to contact the course provider and respond to all inquiries within 48 hours. (Automated responses merely stating that the user's E-mail has been received will not satisfy this requirement.)

7. Respond to Commission queries promptly.

8. Answer all technical questions related to using the correspondence course, and also any questions related to boating safety, laws, or other information that can be answered from the course material.

9. Forward any questions that cannot be answered with confidence to a designated Commission contact.

10. Maintain a complete backup of the student data for a period of five (5) years and make available to the Commission, upon request, a complete copy of the digital files of the student data.

11. Provide a bond in the amount of \$20,000 in the form specified by the Commission to indemnify the Commission against any loss or damage of monies that course provider collects on behalf of the Commission (for example, fees collected for purchases of the Commission-required boating safety education certificates) upon execution of the agreement between the course provider and the Commission.

12. Collect all student data fields required by the Commission.

13. Adhere strictly to a privacy policy that ensures that student data will not be transferred to any party other than the Commission and will not be used by course provider for any purpose except to issue students' certification cards. In the event course provider fails to adhere to this privacy policy, course provider agrees to pay the Commission the sum of \$100 for each name or other piece of student data transferred or used in violation hereof. The course provider will state this privacy policy clearly in the correspondence course material.

Transfer of Data, Fees and Reports

The course provider will:

1. Pay all certification fees and administrative fees by check or electronic fund transfer on a monthly basis or other term as required by the Commission.

2. Transfer student data to the Commission digitally and securely in the form and format established by the Commission.

3. Generate any reports on the student data and financial transactions that are requested by the Commission including, but not limited to, year to date and monthly reports showing student demographics and fees collected.

Course Ordering and Fulfillment

The course provider will:

1. Fulfill orders of the correspondence course and mail them to purchasers within five (5) business days of receipt of an order.

2. Provide a toll-free telephone service for the public to order the correspondence course.

3. Set up the correspondence course registration process to collect the student data fields requested by the Commission.

Adherence to Payment Card Industry Security Standards

Course provider will obtain and maintain certification by the Payment Card Industry (PCI) to ensure course provider's secure handling of students' credit card data. Course provider will provide the Commission with a copy of the PCI certification upon request. The PCI audits will cover course provider's web server, data management system, and associated networks. Additionally, course provider will meet those same payment card security standards with respect to course provider's handling of students' personal data. Detailed requirements are found in the document titled "Payment Card Industry (PCI) Data Security Standard" and can be downloaded from www.pcisecuritystandards.org.

Course Fees

Course provider may charge users a fee not to exceed \$50 (not including shipping and handling) for the correspondence course materials and to take the first certification examination. Additional examination fees for correspondence course with more than one examination may not exceed \$10 per examination.

Boating Safety Education Certification Fee

The course provider will disclose to students who take the correspondence boating safety education course that they will be required to pay for the Pennsylvania boating safety education certification. Students will not have the option to opt out of receiving the Pennsylvania boating safety education certification.

The course provider will collect the \$10 fee from the student for the correspondence boating education course examination, in addition to the existing (if any) examination processing fee. The course provider will process the \$10 fee as follows:

- o If the student passes the examination, the course provider will transfer the \$10 fee to the Commission on a monthly basis.
- o If the student fails his/her first or second examination, the course provider will send the student a failure notice and a new examination response form, which the student may return at no additional charge (if applicable). The course provider will hold the \$10 fee awaiting the next attempt. If the student passes on his/her next try, the course provider will transfer the \$10 fee to the Commission.
- o If the student fails his/her third attempt at the examination, the course provider will send the student a final failure notice and refund the \$10 fee to the student.

Administrative Fee to Commission

The course providers will pay the Commission an administrative fee of \$5 for each correspondence course certification examination submitted by a student to the course provider.

Criteria for Classroom Boating Safety Education Courses

The Commission will use the following criteria to approve classroom boating safety education courses. The Commission will only issue Pennsylvania Boating Safety Education Certificates to Commonwealth residents who have successfully completed an approved course.

Overview

The boating education classroom course (classroom course) is an instructor-based course that allows students to study boating and boating safety and take a certification examination. The classroom course will consist of a complete educational curriculum covering the basics of boating safety, regulations and accepted best practices. The course will be presented in lesson format with in-depth coverage of the various topics listed in following sections. The classroom course is supported by a video and/or DVD and is taught by one or more instructors to one or more students. Once instruction of the course is complete, students take a proctored certification examination in a classroom environment.

The classroom course includes:

1. A lesson plan for instructors
2. A printed boating education student manual.
3. Boating education video(s) or DVD(s) that support the lecture parts of the course.
4. A proctored certification examination to take at the course location or at another monitored location.

Providers

Approved classroom courses shall be offered by providers that meet the requirements of the Commission. Individuals or organizations that desire to provide a classroom course that is approved for Pennsylvania boaters shall be willing to enter into an agreement with the Commission containing the Commonwealth's standard terms and conditions and the additional terms set forth in Exhibit A. This does not apply to the U.S. Coast Guard Auxiliary or to the U.S. Power Squadrons who are excluded from this requirement. Prior to entering into an agreement with the Commission, providers shall submit a request in writing to the Commission's **Director of Law Enforcement** or designee and shall demonstrate to the Commission's satisfaction that the provider is capable of performing its obligations under the agreement. Providers shall demonstrate their capability by submitting the following documentation along with their request to the Commission:

1. A description of the company and its capabilities including a description of type and number of staff and their responsibilities.
2. Proof that its course(s) have been approved by the National Association of State Boating Law Administrators (NASBLA).
3. The web address (if any) for their classroom course.
4. A complete copy of the lesson plan, including the certification examination for teaching the classroom course.
5. A sample of the video/DVD or PowerPoint presentation used to support the course.
6. A sample of the student manual or textbook used to teach the course.

Course Content

1. The course must be approved by NASBLA. Information on NASBLA approval is available on the NASBLA web site at <http://www.nasbla.org/> or by calling the NASBLA office at 859-225-9487

2. In addition to NASBLA requirements, course content will include:

- o A description of boating in Pennsylvania.
- o Commission regulatory responsibilities.
- o Types of boats, boat motors, and boat hulls.
- o Boat terminology including, but not limited, to: hull, bow, forward, aft, stern, port, starboard, transom, keel, freeboard, draft, beam, gunwale, bilge, waterline.
- o Long distance communication on the water.
- o Boat handling.
- o Process for passage through river locks.

Student Manual

Overview

The printed student manual will be a four-color student text, tailored to the Commonwealth of Pennsylvania, covering all of the Pennsylvania state-specific boating laws and regulations, navigational rules and aids, risk management, and responsibilities of boat operators. Pennsylvania state-specific information may, as an option, be provided in a separate text such as the *PA Boating Handbook*.

Course provider will:

1. Write all text used in the student manual.
2. Provide all graphics used in the student manual.
3. Procure any photographs needed for the student manual.
4. Design the cover and page layout of the student manual.
5. Make any and all revisions requested by the Commission to any state-specific pages (if applicable) of the student manual.
6. Provide a complete color proof of the student manual to the Commission for approval prior to teaching the classroom course.
7. Update the student manual to reflect changes in Federal and Pennsylvania laws and information.

Text quality and content

1. Text will be written in a clear, reader-friendly, and consistent style.
2. Boating terms will be defined.
3. The student manual will include chapter review exercises to aid students in retention of the material.

Graphics quality

1. The student manual will contain graphics to illustrate important information. All graphics will be full-color and realistic.
2. The student manual will, in addition, contain photographs to illustrate important information. All photographs will be high-resolution color photographs showing only current model boats.
3. All graphics and photographs illustrating persons in boats will show the persons properly wearing U.S. Coast Guard approved PFDs, unless the graphic or photograph is marked clearly as a prohibited situation.

Page layout quality

Layout of the student manual's text pages will be consistent throughout and have an attractive, easy-to-read, and contemporary look.

*Boating Education Video and/or DVD**Overview*

The boating education video and/or DVD must support the information being taught in the classroom course and may not conflict with the information being taught by the course instructors from the lesson plan, or the content of the student manual.

Video quality

1. Will be contemporary and professionally presented.
2. Audio and video tracks on the boater education video will be of good quality.

Certification Examination

1. The classroom course will include a comprehensive certification examination written to NASBLA Education Standard 9. The Commission may choose 10 state-specific questions from the pool of at least 20 such questions developed by course provider and written to NASBLA Education Standard 9.

2. Classroom course examination will be designed to meet NASBLA requirements for examination security.

3. Course provider will provide grading of the certification examination and notify students of their scores.

4. All answers to the examination will be written on the Application for Boating Safety Certificate (available on written request from the Commission).

5. Students with reading problems may have the test read to them at their request. This option should be explained well in advance of starting the testing procedure to allow for preparation.

6. The classroom course provider is responsible for maintaining the integrity of the certification examination. The course provider must take special care to prevent examination fraud or cheating.

7. Upon completion of the exam, each student's Application for Boating Safety Certificate is collected and graded by the course provider. Students are advised by the instructor of their grade.

Application for Boating Safety Education Certification

1. After grading the answer sheet part of the application, the course provider prints their name, instructor number (assigned by the Commission in Harrisburg), signs each sheet of the application form, and returns the application to the students. The course provider must not allow the student to retain the completed answer sheet of the application form or any blank Application for Boating Safety Education Certificate forms.

2. The course provider is responsible to make certain that Applications for Boating Safety Certificate forms are properly completed and legible before students submit them via mail to the Commission using the provided envelope. Course providers should never collect the certificate fee from the student.

3. Students should be advised to mail the completed applications immediately after the completion of the course to avoid a delay in receiving their certificates.

4. The applications are data entered at the Commission in Harrisburg. Students will receive a Boating Safety Education Certificate in the mail (within 30 days after receipt in Harrisburg).

5. Students passing the course certification examination with a minimum grade of 80% may be issued a temporary boating safety education certificate (available on written request from the Commission) by the course provider.

6. The temporary boating safety certificate expires 60 days after the date of issue. The temporary boating safety certificate used by the provider must be approved by the Commission and will contain the following information: date of issue, date of expiration, name and address, type of course, hair color, eye color, sex, date of birth, NASBLA approval, signature of instructor and date, signature of student and date, instructions on how to obtain a permanent boating safety education certificate at a later date.

Boating Education Course Summary Sheet

1. Classroom courses must be documented to the Commission using a boating education course summary sheet form (available on written request from the Commission). Both sides (A and B) must be completed by the course provider.

2. At the completion of the course, the summary sheet must be mailed by the course provider to the Commission in Harrisburg. The summary sheet documents the course to the Commission and is used to cross-reference applications received by students.

3. The answer sheet part of the Application for Boating Safety Education Certification is not mailed to the Commission. It is to be retained as part of the course provider's record and must not be returned to the student.

4. The instructor number for the course provider must be listed.

5. Student names must be listed in the spaces provided on the back of the form. Additional copies of the form may be used for large classes.

Exhibit A*Classroom Course Promotion and Advertising*

All promotion of the classroom course will be done ethically and honestly and will not mislead the public in any way.

General Course Provider Tasks and Qualifications

The course provider will:

1. Be responsible for the ethical conduct of the classroom course instructor(s).

2. Be responsible for all development required for the classroom course.

3. Update the classroom course to reflect changes in Federal or State boating regulations or laws.

4. Issue temporary boating safety education certificates approved by the Commission to students successfully completing the classroom course.

5. Respond to Commission and public queries promptly.

6. Answer all technical questions related to using the classroom course, and any questions related to boating safety, laws, or other information that can be answered from the course material.

7. Forward any questions that cannot be answered with confidence to a designated Commission contact.

8. Document to the Commission using a boating education course summary sheet form.

Course Fees

Course providers may charge users a reasonable fee (not to exceed \$60.00) to take the classroom course.

Mentored Youth Fishing Day Program; Catfish

Acting under the authority of 58 Pa. Code § 65.20 (relating to Mentored Youth Fishing Day Program), the Executive Director has designated July 29, 2017, from 6 p.m. to 11 p.m. and July 30, 2017, from sunrise to 11 p.m. as Mentored Youth Fishing Days for catfish. This designation under 58 Pa. Code § 65.20 will be effective upon publication of this notice in the *Pennsylvania Bulletin*. The water included in the Mentored Youth Fishing Day Program (Program) for catfish on July 29 and 30, 2017, is the Boathouse Pond portion of North Park Lake, McCandless Township, Allegheny County.

To participate, anglers 16 years of age or older (adult anglers) must possess a valid Pennsylvania fishing license and be accompanied by a youth (less than 16 years of age) who has obtained a mentored youth permit or a voluntary youth license from the Fish and Boat Commission (Commission). Youth anglers must obtain a 2017 mentored youth permit or a voluntary youth license from the Commission and be accompanied by a licensed adult angler in order to participate.

Although this water will be open to adult anglers, only youth anglers with a 2017 voluntary youth license or mentored youth permit may possess two catfish (combined species) with no minimum length. Adult anglers are prohibited from possessing catfish. Other Commonwealth inland regulations will apply. It is unlawful to fish in waters designated as part of the Program except in compliance with the requirements of 58 Pa. Code § 65.20 when participating in the Program.

Proposed Changes to List of Class A Wild Trout Waters; September 2017

The Fish and Boat Commission (Commission) is considering changes to its list of Class A Wild Trout Streams. Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. With rare exceptions, the Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

Criteria developed for Class A Wild Trout fisheries are species specific. Wild Trout Biomass Class Criteria include provisions for:

(i) *Wild Brook Trout Fisheries*

(A) Total brook trout biomass of at least 30 kg/ha (26.7 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brook trout biomass must comprise at least 75% of the total trout biomass.

(ii) *Wild Brown Trout Fisheries*

(A) Total brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brown trout biomass must comprise at least 75% of the total trout biomass.

(iii) *Mixed Wild Brook and Brown Trout Fisheries*

(A) Combined brook and brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass must comprise less than 75% of the total trout biomass.

(E) Brown trout biomass must comprise less than 75% of the total trout biomass.

(iv) *Wild Rainbow Trout Fisheries*

Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 2.0 kg/ha (1.78 lbs/acre).

(v) *Mixed Wild Brook and Rainbow Trout Fisheries*

(A) Combined brook and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

(vi) *Mixed Wild Brown and Rainbow Trout Fisheries*

(A) Combined brown and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brown trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

During recent surveys, Commission staff documented the following stream sections to have Class A wild trout populations. The Commission intends to consider adding these waters to its list of Class A Wild Trout Streams at its meeting on September 25 and 26, 2017.

<i>County</i>	<i>Stream</i>	<i>Section</i>	<i>Limits</i>	<i>Tributary to</i>	<i>Mouth Lat/Lon</i>	<i>Brook Trout (kg/ha)</i>	<i>Brown Trout (kg/ha)</i>	<i>Rainbow Trout (kg/ha)</i>	<i>Length (miles)</i>	<i>Survey Year</i>
Forest	Guiton Run	1	Headwaters to Mouth	Little Salmon Creek	41.499722 79.202782	30.36	—	—	2.31	2015

Warren	Possum Run	1	Headwaters to Mouth	Dutchman Run	41.793056 79.086670	23.82	23.84	—	2.42	2015

Persons with comments, objections or suggestions concerning the additions are invited to submit comments in writing to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments also may be submitted electronically by completing the form at www.fishandboat.com/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

Under the provisions of the Milk Marketing Law (31 P.S. §§ 700j-101—700j-1302), the Milk Marketing Board (Board) will conduct a public hearing for Milk Marketing Areas 1—6 on August 30, 2017, at 9 a.m. in Room 309, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA.

The purpose of the hearing is to receive testimony and exhibits concerning the diesel fuel add-on to the over-order premium.

The staff of the Board is deemed to be a party to this hearing, and the attorney representing staff is deemed to have entered his appearance. Other persons who wish to present evidence may be included on the Board's list of parties by: (1) having their attorney file with the Board on or before 12 p.m. on July 26, 2017, a notice of appearance substantially in the form prescribed by 1 Pa. Code § 31.25 (relating to form of notice of appearance); or (2) if unrepresented by counsel, filing with the Board on or before 12 p.m. on July 26, 2017, notification of their desire to be included as a party. Parties shall indicate in their notices of appearance if alternate means

of service, that is, e-mail or fax, are acceptable. Notices of appearance filed electronically should be directed to deberly@state.pa.us.

The parties shall observe the following requirements for advance filing of witness information and exhibits. The Board may exclude witnesses or exhibits of a party that fails to comply with these requirements. Copies of the filings will be available on the Board web site at <http://www.mmb.pa.gov/Public%20Hearings/>.

1. By 3 p.m. on July 27, 2017, the petitioner shall file with the Board, in person or by mail, one original and five copies and ensure receipt by all other parties of one copy of:

a. A list of witnesses who will testify for the petitioner, along with a statement of the subjects concerning which each witness will testify. A witness who will be offered as an expert shall be so identified, along with the witness's area or areas of proposed expertise. For expert witnesses there shall also be filed a written report or written testimony explaining the substance of the facts and opinions to which the expert is expected to testify and a summary of the grounds for each opinion.

b. Each exhibit to be presented, including testimony to be offered in written form.

2. By 3 p.m. on August 10, 2017, each responding party shall file and serve as set forth in paragraph 1 information concerning rebuttal witnesses and copies of rebuttal exhibits.

3. By 3 p.m. on August 24, 2017, parties shall file and serve as set forth in paragraph 1 information concerning surrebuttal witnesses and copies of surrebuttal exhibits.

Parties that wish to offer in evidence documents on file with the Board, public documents or records in other proceedings before the Board, or wish the Board to take official notice of facts, shall comply with, respectively, 1 Pa. Code § 35.164, § 35.165, § 35.167 or § 35.173. Whenever these rules require production of a document as an exhibit, five copies shall be provided for Board use and one copy shall be provided to each interested party.

Requests by parties for Board staff to provide data pertinent to the hearing shall be made in writing and received in the Board office by 12 p.m. on August 15, 2017.

The filing address for the Board is Milk Marketing Board, Room 110, Agriculture Building, 2301 North Cameron Street, Harrisburg, PA 17110.

STATE HORSE RACING COMMISSION

New Primary Racetrack Facility and Pari-Mutuel License Application Procedures; New Submission Period

The State Horse Racing Commission (Commission) provides notice that on June 28, 2017, it approved a new application time period for the submission of applications for the sole remaining Standardbred (harness) horse race meeting license and proposed new primary racetrack facility. The Commission previously adopted new primary racetrack facility and pari-mutuel application procedures and an application submission period which were published at 47 Pa.B. 922 (February 11, 2017) and on the Commission's web site at <http://www.agriculture.pa.gov/Protect/RacingCommission/Pages/Publications.aspx>.

As of June 14, 2017, the end of the previous application submission period, the Commission received no applications for the sole remaining Standardbred license. Therefore, the Commission has determined the necessity to open a new application submission period.

As approved by the Commission, the new application submission period shall begin on August 1, 2017, (opening date) and close on November 28, 2017, (closing date) at 4 p.m.

The complete text of the previously approved and published New Primary Racetrack Facility and Pari-Mutuel License Application Procedures is set forth as follows, with the following modifications/clarifications:

1. To avoid any confusion as to the closing date and time, the Commission has determined that the closing time for the new submission period shall be 4 p.m.

2. The Commission also hereby provides notice that the proposed racetrack facilities contemplated by the application process (see Section 3 and Appendix A) are for integrated facilities (that is, the racetrack grandstand facilities and the prospective gaming facilities will be housed within the same building).

New Primary Racetrack Facility and Pari-Mutuel License Application Procedures

Section. 1. Preliminary Policy Considerations.

(a) The Commission has authority to issue licenses to conduct horse race meetings at which pari-mutuel wagering is permitted at racetrack facilities, including any new proposed "primary" racetrack facility. A race horse meeting is a specified period of time and dates during which a licensed racing entity is authorized to conduct live horse racing at the location designated and approved by the Commission.

(b) Section 9318 of the Act, (3 Pa.C.S. § 9318) provides that a person seeking to conduct horse race meetings at which pari-mutuel wagering is permitted shall first obtain a license from the State Horse Racing Commission. The license gives its holder the privilege to conduct horse race meetings at which pari-mutuel wagering is permitted. The license does not give its holder a property right.

(c) Applicants seeking to establish a new primary racetrack facility should be aware that the Racing Act authorizes a limited number of race horse meeting licenses to be issued. Sec. 9315(a) of the Act provides that no more than five corporations shall be licensed by the

Commission to conduct a Standardbred pari-mutuel meet. Only one remaining Standardbred harness horse racing license presently exists.

(d) Should the Commission receive more than one Application for the last remaining license, the Commission shall utilize the Comparative Consideration Group Process.

(e) The Commission will review and consider only timely, compliant and complete applications pursuant to the provisions of the Act. At its discretion, the Commission may hold any number of administrative hearings for the Applicant(s) and provide for public comment as necessary.

(f) The Commission is not obligated to issue any license despite the availability of a license.

Section. 2. Eligibility.

In accordance with §§ 9315 and 9318 of the Racing Act (3 Pa.C.S. §§ 9315 & 9318) any person is eligible to apply for an available license to conduct horse race meetings with pari-mutuel wagering.

Section. 3. Application Submission Period and Requirements.

The following administrative procedures and requirements are established for those persons seeking a license to conduct race horse meetings and to establish a new primary racetrack facility within the Commonwealth.

(a) The Commission hereby establishes the following "Application Submission Period" which shall commence on August 1, 2017 ("opening date") and end on November 28, 2017 ("closing date") at 4:00 p.m. No application or documentation shall be submitted prior to the opening date. No Applications shall be accepted or docketed after the closing date and time. The Commission will return any Application that is received after 4:00 p.m. November 28, 2017.

(b) Applications for a license to conduct live horse race meetings at a new primary racetrack facility shall be submitted in the following prescribed forms and format (1 original hardcopy; 1 electronic copy (CD); and 1 copy redacting information, if any, determined by the applicant to be "proprietary" in nature):

1. Petition for New Racetrack Facility (Numbered paragraphs detailing the project and setting forth why the Applicant satisfies the provisions of § 9318 (3 Pa.C.S. § 9318));

2. Entity Application (Including information in Appendix A);

3. Multi-Jurisdiction Personal History Disclosure Form(s);

4. Electronic Wagering Petition/Application (§§ 9351—9359);

5. All applicable license fees and costs of investigations.

(c) Applications must be submitted by the application "Closing" date and time as approved by the Commission and set forth above. An Applicant must follow the applicable procedures and requirements herein, including the applicable closing date, in order for the Application to be considered timely. Applications received after the "closing" date and time will be deemed untimely and will not be reviewed.

(d) The Commission's staff will review all initial submissions of the above Petition/Applications (including all applicable fees) and determine if an application is consid-

ered timely and complete. Only applications determined to be timely and complete shall move through the review/hearing process. The Commission may reject any incomplete application as deficient.

(e) The Commission or its Staff reserves the right at any time to:

1. Request additional information regarding any aspect of the application or the applicant's plan for a new racetrack facility, including but not limited to information set forth in Appendix A.

2. Require explanation or revision of the applicant's proposed plan.

3. Require clarification of any aspect of the applicant's proposed plan.

Section 4. Interested Persons.

Applications shall be submitted to the following address and shall be docketed by the Commission's staff:

State Horse Racing Commission
c/o Stephanie Pavlik
Department of Agriculture, Room 301
2301 N. Cameron Street
Harrisburg, PA 17110

Section 5. Comparative Consideration Group (If Applicable).

If the Commission receives more than one (1) Application to conduct race horse meetings at a new racetrack facility and all such submitted Applications are deemed timely and complete, the following policies and procedures shall be applicable:

(a) All Applications received by the application "Closing" date/time set forth in the Application Notice and determined to be timely and complete shall be placed into a collective group for purposes of administrative review and consideration ("Consideration Group") by the Commission's staff. Untimely or incomplete Applications shall not be placed into the consideration group.

(b) No final license shall be approved or issued until all Applications within the consideration group have been thoroughly reviewed, vetted and considered by the Commission.

(c) At its discretion, the Commission may hold any number of administrative hearings for the Applicants and provide for public comment. The Commission may also hold any other type of hearing(s) it deems necessary and appropriate to allow participation by other interested persons in this matter.

(d) At the conclusion of all administrative proceedings as determined by the Commission, it shall issue an Order and Adjudication (Findings of Fact/Conclusions of Law) supporting its determination to grant a license, if appropriate, to conduct a horse race meeting at a new racetrack facility to one of the enumerated Applicants.

(e) The Commission is authorized and empowered not to grant a license to the participating Applicants. There is no statutory time frame within which the Commission must render a determination on a license application.

Section 6. Public Comment Hearing Notice.

(a) Upon the filing of an application by any person, and after the application Closing date, the Commission shall place the following notice or a similar notice in a newspaper of general circulation in the county in which the facility is to be located, if the Commission deems a hearing necessary:

TO WHOM IT MAY CONCERN:

The State Horse Racing Commission hereby gives notice that an application was filed by _____ which seeks approval to conduct pari-mutuel wagering horse race meetings at _____ (location) _____. A public hearing concerning this matter will be held at _____ on _____, 20__ at _____. Public comment is requested. Interested persons are invited to submit written comments to the Pennsylvania State Horse Racing Commission, Department of Agriculture Building, Room 301, 2301 North Cameron Street, Harrisburg, Pennsylvania 17110-9408. Public comments may be submitted up to 48 hours prior to the date set for public hearing. The purpose of the public hearing is to assist the Commission in assessing the impact the proposed racetrack facility will have on the local community and to assist the Commission in determining whether the public interest, convenience or necessity will be served by approving the license application. Persons who believe the proposed facility will affect his or her business or residence and who wish to speak at a public hearing must submit their names, addresses, telephone number, and a brief summary of their statement to the Commission at the address set forth above at least 72 hours prior to the time of the public hearing.

(b) The notice of public hearing will be published in a prominent section of a newspaper of general circulation (or if necessary a similar medium) for the county in which the facility is to be situated.

(c) The purpose of the public hearing will be to assist the Commission in assessing the impact a proposed facility will have on the local community as required by the Act. The public hearing shall be held in the county in which the proposed facility is to be situated.

(d) A person who wishes to speak at the public hearing shall submit name, address, telephone number and a brief summary of his statement at least 48 hours prior to the time of the public hearing to the respective Commission at the following address: State Horse Racing Commission, Agriculture Building, Room 301, 2301 North Cameron Street, Harrisburg, Pennsylvania 17110-9408.

(e) The Commission may set reasonable limits upon the time allowed for oral statements, may disallow statements not offered for the purpose set forth in subsection (c) and may set general rules for the conduct of the hearings, including how presentations may be made, testimony given, examination and cross-examination of witnesses or any other matter.
