READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 83]

Proposed Amendments to the Pennsylvania Rules of Disciplinary Enforcement Regarding Procedure and Reinstatement

Notice is hereby given that The Disciplinary Board of the Supreme Court of Pennsylvania (Board) is considering recommending to the Supreme Court of Pennsylvania that it adopt amendments to Pennsylvania Rules of Disciplinary Enforcement (Pa.R.D.E.) 208 and 218 relating to administrative fees assessed in the imposition of attorney discipline and filing fees assessed in reinstatement proceedings, as set forth in Annex A.

At present, Pa.R.D.E. 208(g)(4) allows for the Board to assess an administrative fee of \$250 for the imposition of discipline, except in matters that conclude in an informal admonition. Current Pa.R.D.E. 218(f) provides for a mandatory reinstatement fee of \$300 only in reinstatements from administrative suspension. In discipline matters, pursuant to Pa.R.D.E. 208(g)(1) and (2), the Court and the Board have the authority to direct the respondent to pay the expenses assessed by the Board. In reinstatement matters, pursuant to Pa.R.D.E. 218(f), the Court has the authority to direct the petitioner to pay the expenses assessed by the Board. Historically, these costs include the administrative or reinstatement fee and other charges, including, court reporter fees and transcripts, service of pleadings, briefs, and subpoenas, reproducing documents, and publishing notices of discipline and reinstatement. These costs do not include many other obligations incurred by the Board in the investigation or prosecution of a case.

The proposed amendments, which include fee schedules increasing the administrative and filing fees, would be assessed against respondents and petitioners, in addition to the costs already assessed. The purpose of the proposed administrative fees is an attempt to shift some of the burden of the operation of the disciplinary system to the licensees who transgress from their ethical obligations. The Board suggests it is reasonable to put a heightened burden on the lawyer population that causes the administrative expenses to be incurred.

Proposed amendments to paragraph (g)(4) would provide for mandatory assessment of administrative fees in discipline matters. A proposed fee schedule is set forth in the rule amendment. The assessed fee increases with each level of discipline, beginning with an assessment of \$250 for an informal admonition, the lowest level of discipline, and rising to an assessment of \$2,000 for disbarment, the most severe form of discipline.

Proposed paragraphs (g)(4)(i) and (ii) explain the assessment when a disciplinary proceeding concludes by Joint Petition for Discipline on Consent. Prior to the commencement of a hearing, if the proceeding concludes on consent, the assessed fee is reduced by 50 percent. Where the proceeding concludes on consent after the

commencement of the hearing, the Board has the discretion to reduce the fee by no more than 50 percent.

As for the reinstatement fee, at present, this fee is paid by the petitioner-attorney to the Attorney Registration Office after the Supreme Court reinstates the attorney from administrative suspension. Proposed amendments to paragraph (f)(1) and (f)(2) would provide for mandatory, nonrefundable filing fees in reinstatements from disbarment and suspension for more than one year, from inactive/retired status for more than three years, and from administrative suspension.

Proposed new paragraph (f)(1) would require that at the time of the filing of a petition for reinstatement with the Board, the petitioner-attorney must pay a non-refundable reinstatement filing fee. The amount of the filing fee depends on the type of reinstatement sought by petitioner. The proposed filing fees start at \$250 for reinstatement from inactive or retired status for more than three years and increase to \$1000 for reinstatement from disbarment or suspension for more than one year.

Proposed amendments to paragraph (f)(2) would clarify that following the entry of the Supreme Court order in a reinstatement matter, the annual fee that is required by Rule 219(a) for the current year must be paid to the Attorney Registration Office.

On a related note, last year, of the eighteen petitions filed for reinstatement from discipline, five were withdrawn prior to hearing. Experience suggests that some petitioner-attorneys file for reinstatement and wait to see Office of Disciplinary Counsel's response prior to determining whether to proceed, and in some circumstances withdraw, based on the response. By that point in time, Disciplinary Counsel has already undertaken the thorough investigation required to respond to the petition, spending valuable time and resources. The proposed filing fee will encourage petitioners to take pause prior to filing for reinstatement if they are not certain or intend to "test the waters."

The Board reviewed administrative fees from multiple jurisdictions (based in part on the Administrative Costs and Fees Survey 2011 compiled by the National Organization of Bar Counsel and more recent information received from the National Council of Lawyer Disciplinary Boards). Our research indicates that at least twelve jurisdictions have fixed fees or fee schedules relative to the level of discipline imposed. Arizona and California assess substantially higher fees than proposed herein, with Arizona¹ charging between \$600 and \$6,000, based on the level of discipline, and California² charging between \$2,518 and \$21,497, depending on the level of discipline. Of the twelve jurisdictions, at least seven utilize an administrative fee schedule ranging from \$250 up to \$3,000, depending on the level of discipline.³ The Board's proposed administrative fees in discipline matters align with fees assessed in the majority of these jurisdictions.

Further, approximately sixteen jurisdictions assess an initial filing fee for reinstatement matters. Our research indicates that these fees range from a nominal sum up to \$1250.⁴ The Board's proposed reinstatement filing fees align with the fees charged in those jurisdictions.

Interested persons are invited to submit written comments by mail or facsimile regarding the proposed amendments to the Office of the Secretary, The Disciplinary Board of the Supreme Court of Pennsylvania, 601 Commonwealth Avenue, Suite 5600, P.O. PUBLIC ACCESS POLICY OF THE HUNTINGDON COUNTY COURT OF COMMON PLEAS: CASE RECORDS

Section 1.0. Definitions.

A. "Abuse Victim" is a person for whom a protection order has been granted by a court pursuant to Pa.R.C.P. No. 1901 et seq. and 23 Pa.C.S. § 6101 et seq. or Pa.R.C.P. No. 1951 et seq. and 42 Pa.C.S. § 62A01 et seq.

B. "Case Records" are (1) documents for any case filed with, accepted and maintained by a court or custodian; (2) dockets, indices, and documents (such as orders, opinions, judgments, decrees) for any case created and maintained by a court or custodian. This term does not include notes, memoranda, correspondence, drafts and work product of judges and court personnel. Unless otherwise provided in this policy, this definition applies equally to case records maintained in paper and electronic formats.

C. "Clerical errors" are errors or omissions appearing in a case record that are patently evident, as a result of court personnel's action or inaction.

D. "Court" includes the Supreme Court, Superior Court, Commonwealth Court, Courts of Common Pleas, and Philadelphia Municipal Court, excluding the Traffic Division of Philadelphia Municipal Court.

E. "Court Facility" is the location or locations where case records are filed or maintained.

F. "Custodian" is any person responsible for maintaining case records or for processing public requests for access to case records.

G. "Docket" is a chronological index of filings, actions, and events in a particular case, which may include identifying information of the parties and counsel, a brief description or summary of the filings, actions, and events, and other case information.

H. "Financial Account Numbers" include financial institution account numbers, debit and credit card numbers, and methods of authentication used to secure accounts such as personal identification numbers, user names and passwords.

I. "Financial Source Documents" are:

1. Tax returns and schedules;
2. W-2 forms and schedules including 1099 forms or similar documents;
3. Wage stubs, earning statements, or other similar documents;
4. Credit card statements;
5. Financial institution statements;
6. Check registers;
7. Checks or equivalent; and
8. Loan application documents.

J. "Medical/psychological records" are records relating to the past, present, or future physical or mental health or condition of an individual.

K. "Minor" is a person under the age of eighteen.

L. "Party" is one who commences an action or against whom relief is sought in a matter.

M. "Public" is any person, member of the media, business, non-profit entity, organization or association. The term does not include a party to a case; the attorney(s) of record in a case; Unified Judicial System officials or

employees if acting in their official capacities; or any federal, state, or local government entity, and employees or officials of such an entity if acting in their official capacities.

N. "Remote Access" is the ability to electronically search, inspect, print or copy information in a case record without visiting the court facility where the case record is maintained or available, or requesting the case record from the court or custodian pursuant to Section 4.0.

Commentary

Regarding Subsection B, "documents for any case filed with, accepted and maintained by a court or custodian" are those not created by a court or custodian, such as pleadings and motions. Indices are tools for identifying specific cases.

Regarding Subsection C, examples of clerical errors are the docket entry links to the wrong document or court personnel misspells a name in the caption.

Regarding Subsection F, the definition of "custodian" does not include those entities listed in Pa.R.A.P. 3191 who receive copies of briefs filed in an appellate court.

Regarding Subsection J, this definition is derived from the definition of "health information" provided in 45 C.F.R. § 160.103 (HIPAA). Examples of case records that would fall within this exclusion are: drug and alcohol treatment records, psychological reports in custody matters, and DNA reports.

Regarding Subsection L, amici curiae are not parties. See Pa.R.A.P. 531.

Regarding Subsection M, Unified Judicial System officials or employees include: judicial officers and their personal staff, administrative staff and other central staff, prothonotaries, clerks of the courts, clerks of the orphans' court division, sheriffs, prison and correctional officials, and personnel of all the above.

Section 2.0. Statement of General Policy.

A. This policy shall govern access by the public to case records.

B. Security, possession, custody, and control of case records shall generally be the responsibility of the applicable custodian and designated staff.

C. Facilitating access by the public shall not substantially impede the orderly conduct of court business.

D. A court or custodian may not adopt more restrictive or expansive access protocols than provided for in this policy. Nothing in this policy requires a court or custodian to provide remote access to case records. However, if a court or custodian chooses to provide remote access to any of its case records, access shall be provided in accordance with Section 10.0.

Commentary

The Supreme Court of Pennsylvania has adopted other policies governing public access to Unified Judicial System case records: the Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania that provides for access to the statewide case management systems' web docket sheets and requests for bulk data and the Public Access Policy of the Unified Judicial System of Pennsylvania: Official Case Records of the Magisterial District Courts that provides for access to case records of the magisterial district courts maintained in a paper format.

Section 3.0. Access to Case Records.

All case records shall be open to the public in accordance with this policy.

Section 4.0. Requesting Access to Case Records.

A. When desiring to inspect or copy case records, a member of the public shall make an oral or written request to the applicable custodian, unless otherwise provided by court order or rule. If the request is oral, the custodian may require a written request.

B. Requests shall identify or describe the records sought with specificity to enable the custodian to ascertain which records are being requested.

Commentary

Public access requests to the courts and custodians are routinely straightforward and often involve a limited number of records. Therefore, artificial administrative barriers should not be erected so as to inhibit making these requests in an efficient manner.

This policy provides the courts and custodians latitude to establish appropriate administrative protocols for viewing/obtaining case records remotely. However, the definition of "remote access" in Section 1.0 clarifies that a request under this section is neither necessary nor expected under this policy.

Nonetheless, Subsection A provides a custodian with the flexibility to require that a more complex request be submitted in writing to avoid misunderstandings and errors that can often result in more time being expended to provide the requested information than is necessary. This approach is not novel; submission of a written request form has been a longstanding practice under the Unified Judicial System's Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania and Public Access Policy of the Unified Judicial System of Pennsylvania: Official Case Records of the Magisterial District Courts.

Subsection B does not require a requestor to identify a case by party or case number in order to have access to the files, but the request shall clearly identify or describe the records requested so that court personnel can fulfill the request.

Written requests should be substantially in the format designed and published by the Administrative Office of Pennsylvania Courts.

Section 5.0. Responding to Requests for Access to Case Records.

A. A custodian shall fulfill a request for access to case records as promptly as possible under the circumstances existing at the time of the request.

B. If a custodian cannot fulfill the request promptly or at all, the custodian shall inform the requestor of the specific reason(s) why access to the information is being delayed or denied.

C. If a custodian denies a written request for access, the denial shall be in writing.

D. Relief from a custodian's written denial may be sought by filing a motion or application with the court for which the custodian maintains the records.

Commentary

Given that most public access requests for case records are straightforward and usually involve a particular case or matter, custodians should process the same in an expeditious fashion.

There are a number of factors that can affect how quickly a custodian may respond to a request. For example, the custodian's response may be slowed if the request is vague, involves retrieval of a large number of case records, or involves information that is stored off-site. Ultimately, the goal is to respond timely to requests for case records.

In those unusual instances in which access to the case records cannot be granted in an expeditious fashion, the custodian shall inform the requestor of the specific reason(s) why access to the information is being delayed or denied, which may include:

- the request involves such voluminous amounts of information that the custodian is unable to fulfill the same without substantially impeding the orderly conduct of the court or custodian's office;
- records in closed cases are located at an off-site facility;
- a particular file is in use by a judge or court staff. If a judge or court staff needs the file for an extended period of time, special procedures should be considered, such as making a duplicate file that is always available for public inspection;
- the requestor failed to pay the appropriate fees, as established pursuant to Section 6.0 of this policy, associated with the request;
- the requested information is restricted from access pursuant to applicable authority, or any combination of factors listed above.

An aggrieved party may seek relief from a denial of a written request for access consistent with applicable authority (for example, in an appellate court, Pa.R.A.P. 123 sets forth procedures for applications for relief under certain circumstances, or pertinent motion practice at the trial court level).

Section 6.0. Fees.

A. Unless otherwise provided by applicable authority, fees for duplication by photocopying or printing from electronic media or microfilm shall not exceed \$0.25 per page.

B. A custodian shall establish a fee schedule that is (1) posted in the court facility in an area accessible to the public, and (2) posted on the custodian's website.

Commentary

Reasonable fees may be imposed for providing public access to case records pursuant to this policy and in accordance with applicable authority. This section does not authorize fees for viewing records that are stored at the court facility.

To the extent that the custodian is not the court, approval of the fee schedule by the court may be necessary.

An example of applicable authority setting forth photocopying fees is 42 Pa.C.S. § 1725(c)(1)(ii) that provides the Clerk of Orphans' Court of the First Judicial District shall charge \$3 per page for a copy of any record. See also 42 P.S. § 21032.1 (providing authority for the establishment of fees in orphans' court in certain judicial districts). In addition, the copying fees for appellate court records are provided for in 204 Pa. Code § 155.1. However, copies of most appellate court opinions and orders are available for free on the Unified Judicial System's website, www.pacourts.us.

Section 7.0. Confidential Information.

A. Unless required by applicable authority or as provided in Subsection C, the following information is confidential and shall be not included in any document filed with a court or custodian, except on a Confidential Information Form filed contemporaneously with the document:

1. Social Security Numbers;
2. Financial Account Numbers, except an active financial account number may be identified by the last four digits when the financial account is the subject of the case and cannot otherwise be identified;
3. Driver License Numbers;
4. State Identification (SID) Numbers;
5. Minors' names and dates of birth except when a minor is charged as a defendant in a criminal matter (see 42 Pa.C.S. § 6355); and
6. Abuse victim's address and other contact information, including employer's name, address and work schedule, in family court actions as defined by Pa.R.C.P. No. 1931(a), except for victim's name.

This section is not applicable to cases that are sealed or exempted from public access pursuant to applicable authority.

B. The Administrative Office of Pennsylvania Courts shall design and publish the Confidential Information Form.

C. Persons who file documents that contain confidential information as defined by the Public Access Policy shall use and file a Confidential Information Form in order to comply with the Policy. The form shall be available in each filing office as well as on the Court Administration website at www.huntingdoncountycourt.net.

D. Parties and their attorneys shall be solely responsible for complying with the provisions of this section and shall certify their compliance to the court. The certification that shall accompany each filing shall be substantially in the following form: "I certify that this filing complies with the provisions of the Public Access Policy of the Unified Judicial System of Pennsylvania: Case Records of the Appellate and Trial Courts that require filing confidential information and documents differently than non-confidential information and documents."

E. A court or custodian is not required to review or redact any filed document for compliance with this section. A party's or attorney's failure to comply with this section shall not affect access to case records that are otherwise accessible.

F. If a filed document fails to comply with the requirements of this section, a court may, upon motion or its own initiative, with or without a hearing order the filed document sealed, redacted, amended or any combination thereof. A court may impose sanctions, including costs necessary to prepare a compliant document for filing in accordance with applicable authority.

G. This section shall apply to all documents for any case filed with a court or custodian on or after the effective date of this policy.

Commentary

There is authority requiring information listed in Subsection A to appear on certain documents. For example,

Pa.R.C.P. No. 1910.27 provides for inclusion of the plaintiff's and defendant's social security number on a complaint for support.

This section is not applicable to cases that are sealed or exempted from public access pursuant to applicable authority, for example, cases filed under the Juvenile Act that are already protected by 42 Pa.C.S. § 6307, and Pa.Rs.J.C.P. 160 and 1160.

Unless constrained by applicable authority, court personnel and jurists are advised to refrain from inserting confidential information in court-generated case records (e.g., orders, notices) when inclusion of such information is not essential to the resolution of litigation, appropriate to further the establishment of precedent or the development of law, or necessary for administrative purposes. For example, if a court's opinion contains confidential information and, therefore, must be sealed or heavily redacted to avoid release of such information, this could impede the public's access to court records and ability to understand the court's decision.

Whether using a Confidential Information Form or filing a redacted and unredacted version of a document, the drafter shall indicate where in the document confidential information has been omitted. For example, the drafter could insert minors' initials in the document, while listing full names on the Confidential Information Form. If more than one child has the same initials, a different moniker should be used (e.g., child one, child two, etc.).

While Pa.R.C.P. No. 1931 is suspended in most judicial districts, the reference to the rule is merely for definitional purposes.

With regard to Subsection D, the certification of compliance is required whether documents are filed in paper form or via an e-filing system.

With regard to Subsection E, a court or custodian is not required to review or redact documents filed by a party or attorney for compliance with this section. However, such activities are not prohibited.

Any party may make a motion to the court to cure any defect(s) in any filed document that does not comport with this section.

Section 8.0. Confidential Documents.

A. Unless required by applicable authority, the following documents are confidential and shall be filed with a court or custodian under a cover sheet designated "Confidential Document Form":

1. Financial Source Documents;
2. Minors' educational records;
3. Medical/Psychological records;
4. Children and Youth Services' records;
5. Marital Property Inventory and Pre-Trial Statement as provided in Pa.R.C.P. No. 1920.33;
6. Income and Expense Statement as provided in Pa.R.C.P. No. 1910.27(c); and
7. Agreements between the parties as used in 23 Pa.C.S. § 3105.

This section is not applicable to cases that are sealed or exempted from public access pursuant to applicable authority.

B. The Administrative Office of Pennsylvania Courts shall design and publish the Confidential Document Form.

C. Confidential documents submitted with the Confidential Document Form shall not be accessible to the public, except as ordered by a court. However, the Confidential Document Form or a copy of it shall be accessible to the public.

D. Parties and their attorneys shall be solely responsible for complying with the provisions of this section and shall certify their compliance to the court. The certification that shall accompany each filing shall be substantially in the following form "I certify that this filing complies with the provisions of the Public Access Policy of the Unified Judicial System of Pennsylvania: Case Records of the Appellate and Trial Courts that require filing confidential information and documents differently than non-confidential information and documents."

E. A court or custodian is not required to review any filed document for compliance with this section. A party's or attorney's failure to comply with this section shall not affect access to case records that are otherwise accessible.

F. If confidential documents are not submitted with the Confidential Document Form, a court may, upon motion or its own initiative, with or without a hearing, order that any such documents be sealed. A court may also impose appropriate sanctions for failing to comply with this section.

G. This section shall apply to all documents for any case filed with a court or custodian on or after the effective date of this policy.

Commentary

This section is not applicable to cases that are sealed or exempted from public access pursuant to applicable authority, such as Juvenile Act cases pursuant to 42 Pa.C.S. § 6307, and Pa.Rs.J.C.P. 160 and 1160.

Unless constrained by applicable authority, court personnel and jurists are advised to refrain from attaching confidential documents to court-generated case records (e.g., orders, notices) when inclusion of such information is not essential to the resolution of litigation, appropriate to further the establishment of precedent or the development of law, or necessary for administrative purposes. For example, if a court's opinion contains confidential information and, therefore, must be sealed or heavily redacted to avoid release of such information, this could impede the public's access to court records and ability to understand the court's decision.

Examples of "agreements between the parties" as used in Subsection (A)(7) include marital settlement agreements, post-nuptial, pre-nuptial, ante-nuptial, marital settlement, and property settlement. See 23 Pa.C.S. § 3105 for more information about agreements between parties.

With regard to Subsection D, the certification of compliance is required whether documents are filed in paper form or via an e-filing system.

With regard to Subsection E, if the party or party's attorney fails to use a cover sheet designated "Confidential Document Form" when filing a document deemed confidential pursuant to this section, the document may be released to the public.

Any party may make a motion to the court to cure any defect(s) in any filed document that does not comport with this section.

Section 9.0. Limits on Public Access to Case Records at a Court Facility.

The following information shall not be accessible by the public at a court facility:

A. Case records in proceedings under 20 Pa.C.S. § 711(9), including but not limited to case records with regard to issues concerning recordation of birth and birth records, the alteration, amendment, or modification of such birth records, and the right to obtain a certified copy of the same, except for the docket and any court order or opinion;

B. Case records concerning incapacity proceedings filed pursuant to 20 Pa.C.S. §§ 5501—5555, except for the docket and any final decree adjudicating a person as incapacitated;

C. Any Confidential Information Form or any Unredacted Version of any document as set forth in Section 7.0;

D. Any document filed with a Confidential Document Form as set forth in Section 8.0;

E. Information sealed or protected pursuant to court order;

F. Information to which access is otherwise restricted by federal law, state law, or state court rule; and

G. Information presenting a risk to personal security, personal privacy, or the fair, impartial and orderly administration of justice, as determined by the Court Administrator of Pennsylvania with the approval of the Chief Justice. The Court Administrator shall publish notification of such determinations in the *Pennsylvania Bulletin* and on the Unified Judicial System's website.

Commentary

Unless constrained by applicable authority, court personnel and jurists are advised to refrain from inserting confidential information in or attaching confidential documents to court-generated case records (e.g., orders, notices) when inclusion of such information is not essential to the resolution of litigation, appropriate to further the establishment of precedent or the development of law, or necessary for administrative purposes. For example, if a court's opinion contains confidential information and, therefore, must be sealed or heavily redacted to avoid release of such information, this could impede the public's access to court records and ability to understand the court's decision.

With respect to Subsection F, Pennsylvania Rule of Appellate Procedure 104(a), Pa.R.A.P. 104(a), provides that the appellate courts may make and amend rules of court governing their practice. The Administrative Office of Pennsylvania Courts shall from time to time publish a list of applicable authorities that restrict public access to court records or information. This list shall be published on the Unified Judicial System's website and in the *Pennsylvania Bulletin*. In addition, all custodians shall post this list in their respective court facilities in areas accessible to the public and on the custodians' websites.

With respect to Subsection G, the Administrative Office of Pennsylvania Courts shall include any such determinations in the list of applicable authorities referenced above. The same provision appears in existing statewide public access policies adopted by the Supreme Court: Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania and Public Access Policy of the Unified Judicial System of Pennsylvania: Official Case Records of the Magisterial District Courts. The provision

is intended to be a safety valve to address a future, extraordinary, unknown issue of statewide importance that might escape timely redress otherwise. It cannot be used by parties or courts in an individual case.

Section 10.0. Limits on Remote Access to Case Records.

A. The following information shall not be remotely accessible by the public:

1. The information set forth in Section 9.0;

2. In criminal cases, information that either specifically identifies or from which the identity of jurors, witnesses (other than expert witnesses), or victims could be ascertained, including names, addresses and phone numbers;

3. Transcripts lodged of record, excepting portions of transcripts when attached to a document filed with the court;

4. In Forma Pauperis petitions;

5. Case records in family court actions as defined in Pa.R.C.P. No. 1931(a), except for dockets, court orders and opinions;

6. Case records in actions governed by the Decedents, Estates and Fiduciaries Code, Adult Protective Services Act and the Older Adult Protective Services Act, except for dockets, court orders and opinions; and

7. Original and reproduced records filed in the Supreme Court, Superior Court or Commonwealth Court as set forth in Pa.R.A.P. 1921, 1951, 2151, 2152, and 2156.

B. With respect to Subsections A(5) and A(6), unless otherwise restricted pursuant to applicable authority, dockets available remotely shall contain only the following information:

1. A party's name;

2. The city, state, and ZIP code of a party's address;

3. Counsel of record's name and address;

4. Docket number;

5. Docket entries indicating generally what actions have been taken or are scheduled in a case;

6. Court orders and opinions;

7. Filing date of the case; and

8. Case type.

C. Case records remotely accessible by the public prior to the effective date of this policy shall be exempt from this section.

Commentary

Remote access to the electronic case record information residing in the Pennsylvania Appellate Court Case Management System (PACMS), the Common Pleas Case Management System (CPCMS) and the Magisterial District Judges System (MDJS) is provided via web dockets, available on <https://ujportal.pacourts.us/>, and is governed by the Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania.

Depending upon individual court resources, some courts have posted online docket information concerning civil matters. If a court elects to post online docket information concerning family court actions and actions governed by the Decedents, Estates and Fiduciaries Code, Adult Protective Services Act and the Older Adult Protective Services Act, the docket may only include the information set forth in Subsection B. This information will provide the public with an overview of the case, its proceedings and

other pertinent details, including the court's decision. Release of such information will enhance the public's trust and confidence in the courts by increasing awareness of the procedures utilized to adjudicate the claims before the courts as well as the material relied upon in reaching determinations. This provision does not impact what information is maintained on the docket available at the court facility.

Access to portions of transcripts when attached to a document filed with the court in family court actions is governed by Subsection A(5). While Pa.R.C.P. No. 1931 is suspended in most judicial districts, the reference to the rule is merely for definitional purposes.

Section 11.0. Correcting Clerical Errors in Case Records.

A. A party, or the party's attorney, seeking to correct a clerical error in a case record may submit a written request for correction.

1. A request to correct a clerical error in a case record of the Supreme Court, Superior Court or Commonwealth Court shall be submitted to the prothonotary of the proper appellate court.

2. A request to correct a clerical error in a case record of a court of common pleas or Philadelphia Municipal Court shall be submitted to the applicable custodian.

B. The request shall be made on a form designed and published by the Administrative Office of Pennsylvania Courts.

C. The requestor shall specifically set forth on the request form the information that is alleged to be a clerical error and shall provide sufficient facts, including supporting documentation, that corroborate the requestor's allegation that the information in question is in error.

D. The requestor shall provide copies of the request to all parties to the case.

E. Within 10 business days of receipt of a request, the custodian shall respond in writing to the requestor and all parties to the case in one of the following manners:

1. The request does not contain sufficient information and facts to determine what information is alleged to be in error, and no further action will be taken on the request.

2. The request does not concern a case record that is covered by this policy, and no further action will be taken on the request.

3. A clerical error does exist in the case record and the information in question has been corrected.

4. A clerical error does not exist in the case record.

5. The request has been received and an additional period not exceeding 30 business days is necessary to complete a review of the request.

F. A requestor may seek review of the custodian's response under Subsections E(1)—(4) within 10 business days of the mailing date of the response.

1. The request for review shall be submitted on a form that is designed and published by the Administrative Office of Pennsylvania Courts.

2. The request shall be reviewed by the judge(s) who presided over the case.

Commentary

Case records are as susceptible to clerical errors and omissions as any other public record. The power of the

court to correct errors in its own records is inherent. E.g., *Jackson v. Hendrick*, 746 A.2d 574 (Pa. 2000). It is important to emphasize that this section does not provide a party who is dissatisfied with a court's decision, ruling or judgment a new avenue to appeal the same by merely alleging there is an error in the court's decision, ruling or judgment. Rather, this section permits a party to "fix" information that appears in a case record which is not, for one reason or another, correct.

Particularly in the context of Internet publication of court records, a streamlined process is appropriate for addressing clerical errors to allow for prompt resolution of oversights and omissions. For example, to the extent that a docket in a court's case management system incorrectly reflects a court's order, or a scanning error occurred with regard to an uploaded document, such clerical inaccuracies may be promptly corrected by the appropriate court staff, upon notification, without a court order. Since 2007, the Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania has provided a similar procedure for any errors maintained on the web docket sheets of the PACMS, CPCMS and MDJS. The procedure has successfully addressed clerical errors on docket entries in a timely and administratively simple manner.

A party or party's attorney is not required to utilize the procedures set forth in this section before making a formal motion for correction of a case record in the first instance. Alleged inaccuracies in orders and judgments themselves must be brought to the attention of the court in accordance with existing procedures.

This section is not intended to provide relief for a party's or attorney's failure to comply with Sections 7.0 and 8.0 of this policy. Sections 7.0 and 8.0 already provide for remedial action in the event that non-compliance occurs.

With respect to this section, a custodian includes, but is not limited to, the county prothonotaries, clerks of orphans' court, and clerks of the court.

A log of all corrections made pursuant to this section may be maintained by the custodian, so that there is a record if an objection is made in the future. Such a log should remain confidential. It is suggested that custodians include a registry entry on the case docket when a request is received and a response is issued.

Section 12.0. Continuous Availability of Policy.

A copy of this policy shall be continuously available for public inspection in every court and custodian's office and posted on the Unified Judicial System's website.

PATRICK McDONNELL,
Chairperson

[Pa.B. Doc. No. 17-2171. Filed for public inspection December 29, 2017, 9:00 a.m.]

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its June 26, 2017, meeting to amend §§ 135.2 and 135.48—135.55 and add Chapter 147, Subchapter AA (relating to disabled person access permit) to permit the use of wheelchairs anywhere persons may lawfully walk, define “mobility devices,” provide for the use of mobility devices and motor vehicles on suitable designated routes on State game lands and define the parameters of acceptable use of mobility devices on State game lands to avoid or minimize damage to wildlife resources or conflicts with other lawful users of the State game lands system.

This proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

This proposed rulemaking was made public at the September 26, 2017, meeting of the Commission. Comments can be sent until January 26, 2018, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

The Commission recently conducted an extensive review of public access to State game lands by persons with mobility challenges. This evaluation included various public meetings and requests for public comment. Based upon the results of this evaluation, the Commission is seeking improvements that will enhance public access to its State game lands by persons with mobility disabilities while simultaneously protecting the wildlife resources and avoidance or minimization of conflicts with other lawful users of the State game lands system. To reach this purpose, the Commission is proposing to amend §§ 135.2 and 135.48—135.55 and add Chapter 147, Subchapter AA. Among other things, these proposed amendments will permit the use of wheelchairs anywhere persons may lawfully walk, define “mobility devices,” provide for the use of mobility devices and motor vehicles on suitable designated routes on State game lands and define the parameters of acceptable use of mobility devices on State game lands to avoid or minimize damage to wildlife resources or conflicts with other lawful users of the State game lands system.

Section 721(a) of the code (relating to control of property) provides “[t]he administration of all lands or waters owned, leased or otherwise controlled by the commission shall be under the sole control of the director, and the commission shall promulgate regulations consistent with the purpose of this title for its use and protection as necessary to properly manage these lands or waters.” Section 2901(b) of the code (relating to authority to issue permits) provides “the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued.”

The amendments to §§ 135.2 and 135.48—135.55 and the addition of Chapter 147, Subchapter AA are proposed under these authorities.

2. *Regulatory Requirements*

This proposed rulemaking will amend §§ 135.2 and 135.48—135.55 and add Chapter 147, Subchapter AA to permit the use of wheelchairs anywhere persons may lawfully walk, define “mobility devices,” provide for the use of mobility devices and motor vehicles on suitable designated routes on State game lands and define the parameters of acceptable use of mobility devices on State game lands to avoid or minimize damage to wildlife resources or conflicts with other lawful users of the State game lands system.

3. *Persons Affected*

Persons with mobility disabilities who wish to access State game lands within this Commonwealth will be affected by this proposed rulemaking.

4. *Cost and Paperwork Requirements*

The proposed rulemaking should not result in an increase in cost and paperwork.

5. *Effective Date*

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. *Contact Person*

For further information regarding this proposed rulemaking, contact Randy S. Shoup, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

DEPARTMENT OF AGRICULTURE

Agricultural Research Project Contractors

The Department of Agriculture (Department) is soliciting applications to conduct agricultural research on one or more of the following research topic areas, with the research to be conducted from July 1, 2017, to June 30, 2018, with the possibility (but not the assurance) of extending that research into subsequent years.

This notice establishes the procedures by which grant applications will be solicited and reviewed, and by which grants will be awarded.

1. *Grant Solicitation.* The Department will be accepting grant applications for the purposes, in the form and according to the schedule set forth as follows. Additional publication and dissemination of this notice shall be made to applicants who have previously submitted grant applications to or received grants from the Department as well as any individuals or entities who have requested notification from the Department of grant availability.

2. *Research Topic Areas.* The research topics the Department is interested in funding are as follows:

a. *Ongoing Multiyear Research Projects.* The Department has, in previous years, provided funding for various multiyear research projects that might be continued or extended to complete research the Department identifies as addressing continued priorities of the agricultural industry. The Department will consider proposals to continue supporting previously funded research.

b. *Spotted Lanternfly.* Spotted lanternfly, *Lycorma delicatula*, was detected in this Commonwealth 3 years ago, and quickly established itself as a damaging pest in neighborhoods, forests and agricultural settings. As with any new invasive species, significant knowledge gaps exist in understanding of the pest and its potential effects on this Commonwealth. The Department will consider

research proposals that address basic and applied research on spotted lanternfly, with priority given to proposals that analyze the pest's economic impacts on agriculture, general commerce and communities, on integrated pest management strategies for agricultural commodities of importance to this Commonwealth and on basic biological research that will allow us to develop more sophisticated, cost-effective and environmentally-low-impact control strategies.

c. *Farm Safety.* There is an extant body of research on the efficacy of practices and technologies to preserve the safety of farmers engaged in production agriculture. Despite this knowledge, adoption of these practices and technologies remains limited, threatening the lives and livelihoods of farmers. The Department will accept research proposals for a behavioral study of what makes a farmer more or less likely to make the rather modest investment in farm safety practices and technologies, with the objective of finding what messages do and do not resonate with the target audience and spur a farmer to action.

d. *Farmland Preservation.* Over the past three decades, the Commonwealth has invested approximately \$1.5 billion to protect from the prospect of development high-value farmland for agricultural production in perpetuity. Ten years ago a study indicated that farmland contributes far more in tax dollars than it demands in services, unlike residential land which generally demands more in services than it contributes in tax dollars. New contemporary research is needed to update this understanding of the return on investment in the public's support for farmland preservation programs. The Department seeks research proposals for projects that quantify this return, as well as the direct and indirect economic contribution of preserved farms to this Commonwealth's economy, and the actual and avoided public service costs for preserved land compared to developed tracts.

e. *Banking and Market Development.* Access to capital is often cited as a challenge for those in production agriculture, yet there is a dearth of research as to the accessibility to debt financing among the agriculture industry and different geographic regions of this Commonwealth. The Department seeks research proposals to assess the current lending environment in the farming industry in this Commonwealth. Proposals should attempt to quantify total loan originations, total loan volume, operating loans as percent of total nonreal estate loans and delinquency rates, among other factors. Research proposals should also seek to identify: differences in loan activity and performance between counties or regions, or both, of this Commonwealth; factors influencing loan repayments; what barriers exist to accessing financial capital; and whether particular counties or regions of this Commonwealth are underserved by financial service providers and products.

f. *Workforce Development.* Developing a workforce development plan specific to agriculture is a priority of the Department. Initial research suggests nearly 75,000 employment vacancies will occur over the next decade within this Commonwealth's agriculture and food industries. The Department is interested in finding ways to increase the education and training opportunities in the industry for people who are high school graduates, but do not wish to participate in post-secondary education. The Department seeks proposals from entities from within or that support

the agriculture and food industry to design and implement micro-credentials or badges that teach specific skills that are not a part of the formal education systems. Interested parties will use a specific format for credential development provided by the Department. Mini-grants not to exceed \$2,500 will be used to support development efforts and the process that will be used to evaluate the efficacy of the credential.

g. Agricultural Environmental Solutions. This Commonwealth has a distinct and immediate opportunity to make a lasting positive impact on water quality within this Commonwealth and greater Chesapeake Bay (Bay) Watershed. With over 15,000 miles of streams and rivers, the Commonwealth provides 50% of the freshwater to the Bay annually, and over 90% of the freshwater to the upper Bay. These streams and rivers also provide critical recreational and drinking water sources within this Commonwealth. Within the Bay Watershed portion of this Commonwealth are approximately 34,000 small farms under 150 acres in size. These farms contribute strongly to this Commonwealth's economy as well as the nutrient load in Commonwealth waters and to the Bay. The Department will accept research proposals that: introduce new methods and technology for cost-effective total maximum daily load reduction for nutrient waste streams amongst farms in the Bay Watershed; or introduce the drying and pelletizing of chicken manure as a best practice in sustainable farm management and proving an economically viable approach by creating a flexible pelletizing service.

h. Hydroponics and Aquaponics. Within this Commonwealth, hydroponics and aquaponics systems have been recognized as an excellent way to teach science, technology, engineering and math knowledge and skills and as technology cluster that can support additional economic development in the food sector. The Department is interested in supporting action research where a hydroponics and aquaponics practitioner and an academic researcher collaborate on research that can solve practical problems experienced by these operations. Mini-grants of no more than \$5,000 will be awarded to address issues such as, but not limited to, bringing production to a larger scale, lighting, nutrient solutions, integrated pest management and integration into broader market structures. The practitioner needs to apply the research-based solution and report their results for inclusion on a public database as a part of the project.

i. Urban Agriculture. Urban agriculture and intensive agriculture practices have grown exponentially across this Commonwealth in recent years. There are hundreds of projects operating in this Commonwealth's urban centers. The Department will accept proposals for research projects supported by mini-grants of no more than \$5,000 where an urban agriculture practitioner and an academic researcher collaborate to solve a problem related to urban agriculture practice. Topics may include, but are not limited to, season extension, soil testing and remediation, intensive farming, production of new crops, adding value through canning and other forms of preservation, and new distribution and marketing processes. The practitioner needs to apply the research-based solution and report their results for inclusion on a public database as a part of the project.

j. Avian Vaccinations. Avian influenza—both the low-pathogenic and high-pathogenic forms—is a top-of-mind concern for the poultry industry. The 2015 outbreak of high-pathogenic avian influenza decimated Midwestern United States poultry operations. Marek's disease, which

appeared to be well controlled for decades, has once again begun to plague the poultry layer industry. Much work remains to be done to develop vaccines to protect birds and the industry. The Department will accept proposals that seek to research the efficacy of various vaccines available in the United States and international markets, particularly those that study the in ovo application of vaccines.

3. *Grant Agreement.* The terms and conditions of the grant will be governed by a grant agreement between the Department and the applicant which shall be tendered to the applicant for execution, returnable in no more than 30 days.

4. *Application Delivery and Deadline.* Interested applicants must deliver a complete research project proposal and grant application to the Department by 4 p.m. on Friday, January 26, 2018, if hand-delivered, or by mail post-marked on or before that same date. Applications should be addressed and delivered to the Department of Agriculture, ATTN: Michael Smith, Executive Deputy Secretary, 2301 North Cameron Street, Harrisburg, PA 17110.

5. *Format of the Project Proposal and Grant Application.* The project proposal and grant application shall be formatted as follows:

a. A cover page, titled Agricultural Research Project Proposal and Grant Application, providing: i) the title of the proposed project; ii) the name and address of the applicant; iii) the name, address, telephone number and e-mail address of the applicant's principal contact person for matters relating to the application; and iv) the total maximum grant amount sought for the proposed project.

b. Section 1, titled Statement of Purpose, explaining or presenting: i) the purpose for which the grant funds would be utilized; ii) how the project aligns with one or more of the research topics presented in Paragraph No. 2; iii) details of the proposed project, including a statement of expected impact of outcomes, staffing for the project, and objectives and methodologies.

c. Section 2, titled Statement of Need, explaining the need for the grant funds sought, and identifying the presence of any additional funding partners and the extent of that funding.

d. Section 3, titled Budget, presenting a detailed budget for the proposed project.

e. Section 4, titled Criteria for Measuring Outcomes, identifying methods for measuring outcomes.

f. Section 5, titled Industry Involvement, describing the extent of any support, participation and funding from agricultural industry, including any written confirmation of that support, participation or funding.

6. *Scoring of Applications.* The Department will evaluate each complete and timely-filed project proposal and grant application it receives, using a 100-point scale assessing:

a. up to 10 points for the research project needs statement.

b. up to 15 points for the impact of research outcomes.

c. up to 5 points for the presence of additional funding partners.

d. up to 30 points for the research methodology.

e. up to 20 points for project evaluation and replicability.

f. up to 20 points for support and participation from industry.

7. *Scores.* Upon completion of evaluations, the Department will prepare a record identifying each complete and timely-filed project proposal and grant application received and the numerical score assigned to each. The Department shall award grants based upon its evaluation and scoring.

8. *Multiyear Projects or Extensions.* The Department may award grant funding for multiyear projects or extensions of an ongoing project, if the Department identifies that a multiyear term or an extension advances the grant's objectives. Requests for extensions of ongoing projects shall be made, evaluated and processed in accordance with all the requirements of this notice.

9. *Notice of Award.* Applicants shall be notified by mail of the decision on their grant applications by the Department. Best efforts will be made to do so within 15 days of the application deadline.

10. *Grant Agreement.* With the mailed grant award notice, the Department will provide applicants with a grant agreement for execution and return within 30 days. The Department will obtain the required Commonwealth signatures on the grant agreements and return a copy of

the fully-executed grant agreement to the applicant. No grant agreement is effective and work should not commence until all required signatures have been applied to the grant agreement. Among the terms of the grant agreement shall be a requirement that the grant recipient provide the Department full and complete access to all records relating to the performance of the project and submit such information as the Department may require.

11. *Nonmatching Cost-Reimbursable Grant.* Grants made hereunder do not require the applicant secure or devote a matching sum to the project. Payment of grant funds will occur on a reimbursement basis, with an advance payment option.

12. *Reporting Requirements.* Upon completion of research projects funded through this program, grant recipients will submit to the Department within 60 days a final report detailing the nature of the questions under study, an explanation of the research design and methods, findings of the research and recommendations for future study.

AIR QUALITY PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department’s Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation

to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

09-0048E: H&K Materials/Chalfont Batch Asphalt Plant (300 Skunk Hollow Road, Chalfont, PA 19474) a plan approval for the modification of an existing VOC emission restriction of the Batch Asphalt Plant located in Hilltown Township, **Bucks County**. The increase in the VOC emission restriction from 0.022 lb/ton to 0.029 lb/ton (4.34 tons/year to 5.73 tons/year) is resulting from a performance test conducted in June 2017 to re-establish the limit in the facility's State Only Operating Permit, 09-00048. This plan approval does not authorize any physical changes to the Batch Asphalt Plant nor does it alter any previously approved emission restrictions on other pollutants. This plan approval does not re-establish Best Available Technology of the source. The plan approval includes monitoring, record keeping, and reporting requirements designed to address all applicable air quality regulations.

06-03089C: H & K Group, Inc. (1 Quarry Road, Douglassville, PA 19518) for the construction of a diabase stone crushing plant to replace the current stone crushing plant at the Douglassville Quarry located in Douglass Township, **Berks County**. Wet suppression will control the PM emissions. The expected facility potential emissions as a result of the changes proposed are: 40.2 tpy PM and 14.1 tpy PM₁₀. The facility is a State Only facility. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12, and 40 CFR Part 60, Subpart OOO, Standards of Performance for Nonmetallic Mineral Processing Plants. Based on these findings, the Department proposes to issue a plan approval for the proposed construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an Operating Permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Extension of Availability of Rebates through the Pennsylvania Alternative Fuel Vehicle Rebate Program

The Department of Environmental Protection (Department) announces the continued availability of grants to Commonwealth residents under Pennsylvania's Alternative Fuel Vehicle (AFV) Rebate Program (Program). The Program, administered by the Department through the Alternative Fuels Incentive Grant (AFIG) Program, provides rebates to Commonwealth residents to assist individuals with the incremental costs of purchasing an AFV.

To qualify for the rebate, the AFV must be registered and primarily operated in this Commonwealth. The rebate will be offered on a first-come, first-served basis in the order in which applications are received. Rebate request forms and required documentation must be submitted to the Department no later than 6 months after the vehicle is purchased.

All AFV rebates must be submitted online using the eGrants system. To submit an application, visit <https://www.esa.dced.state.pa.us/Login.aspx>.

The highlights of the Program are as follows:

- The purchase price of any vehicle eligible for a rebate must be less than \$50,000.
- A \$1,750 rebate for battery electric vehicles (BEV) and plug-in hybrid electric vehicles (PHEV) with a battery capacity greater than or equal to 20 kWh.
- A \$1,000 rebate for BEVs and PHEVs with a battery capacity between 10 kWh and 20 kWh.
- A \$750 rebate for BEVs and PHEVs with a battery capacity less than 10 kWh.
- In addition to rebates for new AFVs, one-time preowned AFVs with 75,000 miles or less and a true market value of \$50,000 or less will be eligible to receive a rebate if they meet one of the two following conditions:

1. The resident receiving the rebate must register the one-time preowned vehicle at an address within an air quality nonattainment area for ozone within Allegheny, Armstrong, Bucks, Butler, Chester, Delaware, Montgomery, Philadelphia, Washington and Westmoreland Counties.

2. The resident receiving the rebate must register the one-time preowned vehicle at any address in this Commonwealth and must have a household income that is below 200% of the Federal Income Poverty level, as defined by the United States Department of Health and Human Services (<https://aspe.hhs.gov/poverty-guidelines>). Commonwealth residents who apply for a rebate under this condition will be required to report and verify all earned and unearned income with their application for determining eligibility. A valid source of income verification may include Federal or State tax returns. Verification documents must be included when submitting the rebate request form.

Approximately 500 rebates at all levels will be available. The Program will be offered until the AFIG Program moneys are exhausted and will be reassessed on June 30, 2018.

The Program guidelines, application instructions and rebate availability can be accessed at <http://www.dep.pa.gov> (select "Citizens," then "Grants, Loans and Rebates," then "Alternative Fuels Incentive Grant," then "Alternative Fuel Vehicles"). Unemployment Compensation; Table Specified for the Determination of Rate and Amount of Benefits

The purpose of this notice is to announce the Table Specified for the Determination of Rate and Amount of Benefits (Table) and the maximum weekly benefit rate for 2018.

The Table, in section 404(e)(1) of the Unemployment Compensation Law (law) (43 P.S. § 804(e)(1)), was amended by the act of November 3, 2016 (P.L. 1100, No. 144) (Act 144). Under sections 14 and 15 of Act 144, the amended Table was effective November 3, 2016, and applies to benefit years that begin after December 31, 2016.

As enacted, the amended Table establishes a maximum weekly benefit rate of \$561. Section 404(e)(2) of the law provides that the Table shall be extended or contracted annually to the point where the maximum weekly benefit rate for a calendar year equals 66 2/3% of the average weekly wage for the 36-month period ending on the previous June 30. However, section 404(e)(2)(iii) of the law, as amended by Act 144, contains limitations on the growth of the maximum weekly benefit rate. Section 404(e)(2)(iii) provides that the maximum weekly benefit rate for 2017 through 2019 may not exceed \$561. Therefore, the Department of Labor and Industry is not extending the Table for 2018, and the maximum weekly benefit rate will remain at \$561.

The Table, as amended by Act 144, was published at 47 Pa.B. 362 (January 21, 2017) and is codified in 34 Pa. Code Chapter 65, Appendix A (relating to table specified for the determination of rate and amount of benefits). Under section 201(a) of the law (43 P.S. § 761(a)), section 404(e)(2) of the law and 34 Pa. Code § 65.111 (relating to benefit table), the Table in 34 Pa. Code Chapter 65, Appendix A is being adopted by this notice for 2018.

Questions concerning this notice should be directed to Robert V. O'Brien, Executive Deputy Secretary, Department of Labor and Industry, Labor and Industry Building, 651 Boas Street, Harrisburg, PA 17121.

W. GERARD OLEKSIK,
Acting Secretary
