READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 81]

Proposed Amendments to Rule of Professional Conduct 1.15 Regarding the Disposition of Un- claimed or Unidentified Funds in Pennsylvania IOLTA Trust Accounts

Notice is hereby given that The Pennsylvania Interest on Lawyers Trust Account Board (IOLTA Board) of the Supreme Court of Pennsylvania is considering recommending that the Court amend Pennsylvania Rule of Professional Conduct 1.15 to provide for the disposition of unclaimed or unidentified funds in Pennsylvania IOLTA trust accounts.

Over the past several years the IOLTA Board has noticed an increase in attorneys seeking guidance on the ethical distribution of funds in an IOLTA trust account when the owner of the funds cannot be identified or located. It is an especially common question when an attorney is winding down a law practice in preparation for retirement or when attempts to contact a former client in order to return funds are unsuccessful. Currently, Pennsylvania Rule of Professional Conduct 1.15 does not specifically address the disposition of these funds.

Pennsylvania IOLTA trust accounts are used to hold “qualified funds” that are received as the result of the practice of law in Pennsylvania. As defined in Rule 1.15, qualified funds are generally those in which a client or other third party maintains an interest (such as pre-paid retainers, legal settlements, etc.) which are either nominal in amount or are reasonably expected to be held for such a short period of time that sufficient income will not be generated to justify the expense of administering a segregated account. Pursuant to the Supreme Court of Pennsylvania’s July 17, 1996 Order, the IOLTA Board holds the beneficial interest in the interest income which is generated by the principal held in these accounts. With the approval of the Supreme Court, the IOLTA Board uses this interest income to provide civil legal aid grants to nonprofit organizations and law school clinical programs that serve low-income and disadvantaged Pennsylvanians with services ranging from representation for victims of domestic abuse, advocacy for individuals with disabilities, foreclosure prevention, as well as many other civil matters where a basic human need, such as access to shelter, nutrition, or healthcare is at stake. These important services help to increase access to justice and also ease the burden on the judicial resources necessary to assist *pro se* litigants.

In developing the proposed amendments, the IOLTA Board reviewed the rules of other states pertaining to unclaimed or unidentified funds held in IOLTA accounts. As recently as November 5, 2015, the Arkansas Supreme Court adopted a rule which requires attorneys that have been unable to identify or locate the owner of funds held in an IOLTA trust account for a period of two years, to direct such funds to the Arkansas Access to Justice Foundation. Illinois and West Virginia have also adopted

similar rules with varying periods of time provided in which an attorney must make efforts to identify and return the funds (twelve months and four months, respectively).

Additionally, Pennsylvania Rule of Disciplinary Enforcement 324 currently provides direction on the disposition of unknown purported client funds in a number of scenarios where it becomes necessary to appoint a conservator to manage the affairs for an attorney; such as when an attorney is subject to an emergency interim suspension and there is no known successor to the attorney’s practice. If the state of the financial accounts and records of the absent attorney render a determination as to ownership of purported client funds unreasonable and impractical, conservators are directed to petition the appointing court for permission to direct such funds to the Pennsylvania Lawyers Fund for Client Security, whose mission is to reimburse victims of attorney dishonesty in the practice of law and to promote public confidence in the legal profession and administration of justice. Consequently, just as Pennsylvania Rule of Disciplinary Enforcement 324 provides for the disposition of unknown funds in a manner which promotes the protection of former clients that may subsequently turn to the Pennsylvania Lawyers Fund for Client Security for assistance; so too would directing unclaimed or unidentified IOLTA funds to the IOLTA Board (in scenarios where a conservator is not needed) advance the mission of the IOLTA Board to fund civil legal assistance for low-income and disadvantaged Pennsylvanians.

In order to provide clarity on the disposition of unclaimed or unidentified funds held in Pennsylvania IOLTA trust accounts, the IOLTA Board proposes amending Pennsylvania Rule of Professional Conduct 1.15 so that subsection (u) would provide that, should reasonable efforts to identify or locate the owner of funds in a Pennsylvania IOLTA account prove unsuccessful, the unclaimed or unidentified funds would be paid to the Pennsylvania IOLTA Board along with the name and last known address of each person (if known) appearing in the law firm’s records as being entitled to the funds in addition to a description of the efforts undertaken to identify or locate the owner. The amended language would also provide that if the lawyer, law firm, or deceased lawyer’s estate which remitted the funds to the IOLTA Board, subsequently identifies and locates the owner of the funds within two years following the payment to the IOLTA Board, the IOLTA Board shall refund the funds to the lawyer, law firm, or deceased lawyer’s estate, who must provide a verification attesting that funds have been returned to the owner.

Interested persons are invited to submit written comments by mail, e-mail, or fax regarding the proposed amendments to: Pennsylvania Interest on Lawyers Trust Accounts Board, PO Box 62445, Harrisburg, PA 17106-2445; fax number (717) 238-2003; e-mail address paiolta@pacourts.us on or before April 12, 2017.

Subchapter A. RULES OF PROFESSIONAL CONDUCT

§ 81.4. Rules of Professional Conduct.

The following are the Rules of Professional Conduct:

CLIENT-LAWYER RELATIONSHIP

Rule 1.15. Safekeeping Property.

* * * * *

(t) The IOLTA Board shall hold the beneficial interest in IOLTA Funds. Monies received in the IOLTA program are not state or federal funds and are not subject to Article VI of the act of April 9, 1929 (P.L. 177, No. 175) known as The Administrative Code of 1929, or the act of June 29, 1976 (P.L. 469, No. 117).

(u) *Unclaimed or Unidentifiable IOLTA Funds*

(1) When a lawyer, law firm, or estate of a deceased lawyer, cannot, using reasonable efforts, identify or locate the owner of funds in its Pennsylvania IOLTA account for a period of at least two (2) years, it shall pay the funds to the Pennsylvania IOLTA Board. At the time such funds are remitted, the lawyer shall submit to the IOLTA Board the name and last known address of each person appearing from the lawyer's or law firm's records to be entitled to the funds, if known; a description of the efforts undertaken to identify or locate the owner; and the amount of any unclaimed or unidentified funds.

(2) If, within two (2) years of making a payment of unclaimed or unidentified funds to the Pennsylvania IOLTA Board, the lawyer, law firm, or deceased lawyer's estate identifies and locates the owner of funds paid, the IOLTA Board shall refund the sum to the lawyer, law firm, or deceased lawyer's estate. The lawyer, law firm or deceased lawyer's estate shall submit to the IOLTA Board a verification attesting that the funds have been returned to the owner. The IOLTA Board shall maintain sufficient reserve to pay all claims for such funds.

[(u)] (v) Every attorney who is required to pay an active annual assessment under Rule 219 of the Pennsylvania Rules of Disciplinary Enforcement (relating to annual registration of attorneys) shall pay an additional annual fee of \$30.00 for use by the IOLTA Board. Such additional assessment shall be added to, and collected with and in the same manner as, the basic annual assessment. All amounts received pursuant to this subdivision shall be credited to the IOLTA Board.

PART I. GENERAL

[231 PA. CODE CH. 1910]

Order Amending Rules 1910.16-1, 1910.16-2, 1910.16-3, 1910.16-3.1, 1910.16-4, 1910.16-6 and 1910.16-7 of the Rules of Civil Procedure; No. 658 Civil Procedural Rules Doc.

Order

Per Curiam

And Now, this 10th day of February, 2017, upon the recommendation of the Domestic Relations Procedural Rules Committee; the proposal having been published for public comment in the *Pennsylvania Bulletin*, 46 Pa.B. 2275 (May 7, 2016):

It is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rules 1910.16-1, 1910.16-2, 1910.16-3, 1910.16-3.1, 1910.16-4, 1910.16-6, and 1910.16-7 of the Pennsylvania Rules of Civil Procedure are amended in the following form.

This Order shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective in May 1, 2017.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.16-1. Amount of Support. Support Guidelines.

(a) *Applicability of the Support Guidelines.*

(1) Except as [set forth] provided in subdivision (2) [below], the support guidelines [set forth] determine the amount of support which a spouse or parent should pay [on the basis of both parties' net monthly incomes as defined in Rule] based on the parties' combined monthly net incomes as defined in Pa.R.C.P. No. 1910.16-2 and the number of persons being supported.

(2) In actions in which the plaintiff is a public body or private agency pursuant to [Rule] Pa.R.C.P. No. 1910.3, the amount of the order shall be calculated under the guidelines based upon each obligor's monthly net [monthly] income as defined in [Rule] Pa.R.C.P. No. 1910.16-2, with the public or private entity's income as zero. In such cases, each parent shall be treated as a separate obligor and a parent's obligation will be based upon his or her own monthly net income without regard to the income of the other parent.

(i) The amount of basic child support owed to other children not in placement shall be deducted from each parent's monthly net income before calculating support for the child or children in placement, including the amount of direct support the guidelines assume will be provided by the custodial parent.

Example 1. Mother and Father have three children and do not live in the same household. Mother has primary custody of two children and monthly net income of \$2,000 per month. Father's monthly net [monthly]

income is \$3,000. The parties' third child is in foster care placement. Pursuant to the schedule [**at Rule**] in **Pa.R.C.P. No.** 1910.16-3, the basic child support amount for the two children with Mother is [**\$1,369**] **\$1,415**. As Father's income is 60% of the parties' combined monthly net income, his basic support obligation to Mother is [**\$821**] **\$849** per month. The guidelines assume that Mother will provide [**\$548**] **\$566** per month in direct expenditures to the two children in her home. The agency/obligee brings an action against each parent for the support of the child in placement. Father/obligor's income will be [**\$2,179**] **\$2,151** for purposes of this calculation (\$3,000 [**net**] less [**\$821**] **\$849** in support for the children with Mother). [**Because**] **As** the agency/obligee's income is zero, Father's support for the child in placement will be 100% of the schedule amount of basic support for one child at the [**\$2,179**] **\$2,151** income level, or [**\$520**] **\$509** per month. Mother/obligor's income will be [**\$1,452**] **\$1,434** for purposes of this calculation (\$2,000 [**net**] less [**\$548**] **\$566** in direct support to the children in her custody). Her support obligation will be 100% of the schedule amount for one child at that income level, or \$348 per month.

Example 2. Mother and Father have two children in placement. Father owes child support of \$500 per month for two children of a former marriage. At the same income levels as [**above**] in **Example 1**, Father's income for determining his obligation to the children in placement would be \$2,500 (\$3,000 less \$500 support for two children of prior marriage). His obligation to the agency would be [**\$848**] **\$849** per month (100% of the schedule amount for two children at the \$2,500 per month income level). Mother's income would not be diminished as she owes no other child support. She would owe [**\$685**] **\$686** for the children in placement (100% of the schedule amount for two children at the \$2,000 income level).

(ii) If the parents reside in the same household, their respective obligations to the children who remain in the household and are not in placement shall be calculated according to the guidelines, with the parent having the higher income as the obligor, and [**that**] **the calculated support** amount shall be deducted from the parents' **monthly net [monthly]** incomes for purposes of calculating support for the child(ren) in placement.

Example 3. Mother and Father have four children, two of whom are in placement. Mother's **monthly net [monthly]** income is \$4,000 and Father's is \$3,000. The basic support amount for the two children in the home is [**\$1,628**] **\$1,660**, according to the schedule [**at Rule**] in **Pa.R.C.P. No.** 1910.16-3. As Mother's income is 57% of the parties' combined **monthly net [monthly]** incomes, her share would be [**\$928**] **\$946**, and Father's 43% share would be [**\$700**] **\$714**. Mother's income for purposes of calculating support for the two children in placement would be [**\$3,072**] **\$3,054** (\$4,000 less [**\$928**] **\$946**). She would pay 100% of the basic child support at that income level, or \$1,032, for the children in placement. Father's income would be [**\$2,300**] **\$2,286** (\$3,000 less [**\$700**] **\$714**) and his obligation to the children in placement would be [**\$782**] **\$784**.

Rule 1910.16-2. Support Guidelines. Calculation of Monthly Net Income.

Generally, the amount of support to be awarded is based upon the parties' monthly net income.

* * * * *

(b) *Treatment of Public Assistance, SSI Benefits, Social Security Payments to a Child Due to a Parent's Death, Disability or Retirement and Foster Care Payments.*

* * * * *

(3) *Foster Care Payments.* If either party to a support action is a foster parent and/or is receiving payments from a public or private agency for the care of a child who is not his or her biological or adoptive child, those payments shall not be included in the income of the foster parent or other caretaker for purposes of calculating child support for the foster parent's or other caretaker's biological or adoptive child.

Example 1. The obligor has **monthly net [monthly]** income of \$2,000. The obligee's **monthly net [monthly]** income is \$1,500 and the obligee, as primary custodial parent of the parties' two children, receives \$700 per month in Social Security derivative benefits on behalf of the children as a result of the obligor's disability. Add the children's benefit to the obligee's income, which now is \$2,200 per month. At the parties' combined **monthly net [monthly]** income of \$4,200, the amount of basic child support for two children is [**\$1,272**] **\$1,301**. As the obligor's income is 48% of the parties' combined monthly net income, the obligor's preliminary share of the basic support obligation is [**\$611**] **\$624**. However, because the obligor's disability created the children's Social Security derivative benefits that the obligee is receiving, the obligor's obligation is reduced by the amount of the benefit, \$700. As the **support** amount cannot be less than zero, the obligor's **support** obligation is \$0 per month. If it were the obligee's disability that created the benefit, the obligor's **support** obligation would remain [**\$611**] **\$624**. If the obligor were receiving the children's benefit as a result of the obligor's retirement or disability, the obligor's income would include the amount of the benefit and total \$2,700, or 64% of the parties' combined **monthly net [monthly]** income. The obligor's share of the basic support obligation would then be [**\$814**] **\$833** and would not be reduced by the amount of the children's benefit because the obligor, not the obligee, is receiving the benefit. Therefore, the obligor's **support** obligation is less if the obligee is receiving the benefit created by the obligor.

Example 2. Two children live with Grandmother who receives \$800 per month in Social Security death benefits for the children as a result of [**their father's**] **Father's** death. Grandmother also receives \$500 per month from a trust established by Father for the benefit of the children. Grandmother is employed and earns \$2,000 net per month. Grandmother seeks support from the children's mother, who earns \$1,500 net per month. For purposes of calculating Mother's support obligation, Grandmother's income will be [**\$1300**] **\$1,300**, the amount she receives on behalf of the children in Social Security derivative benefits and **the** income from the trust. (If Mother were receiving the benefit on behalf of the children it would be added to her income such that Mother's income would be \$2,300 and Grandmother's **income** would be \$500.) Therefore, [**the obligee's**] **Mother's** and Grandmother's combined **monthly net [monthly]** incomes total

\$2,800. The basic support amount at the \$2,800 income level for two children is [\$948] \$949. [Subtracting from that amount the \$800 in Social Security derivative benefits Grandmother receives for the children, results in a basic support amount of \$148. As Mother's income of \$1,500 is 54% of the parties' combined income of \$2,800, her support obligation to Grandmother is \$80 per month.] As Mother's income of \$1,500 is 54% of the parties' combined income of \$2,800, her portion of the basic support obligation is \$512. Since Mother's retirement or disability did not generate the child's derivative benefit, the benefit amount is not subtracted from her portion of the basic support amount and Mother owes Grandmother \$512. If Grandmother [were] was not receiving the children's derivative benefits or income from the trust, her income for purposes of calculating Mother's child support obligation would be zero, and Mother would pay 100% of the basic support amount because Grandmother has no [support obligation to] duty to support the children.

(e) *Net Income Affecting Application of the Support Guidelines.*

(1) *Low Income Cases.*

(A) [**When**] If the obligor's monthly net income and corresponding number of children fall into the shaded area of the schedule set forth in [**Rule**] Pa.R.C.P. No. 1910.16-3, the basic child support obligation shall [**first**] be calculated **initially** by using the obligor's income only. For example, [**where**] if the obligor has monthly net income of \$1,100, the presumptive amount of support for three children is [\$156] \$110 per month. This amount is determined directly from the schedule in [**Rule**] Pa.R.C.P. No. 1910.16-3. Next, calculate the obligor's child support obligation [**as in any other case, using both parties' monthly net incomes**] by using the parties' combined monthly net incomes and the formula in Pa.R.C.P. No. 1910.16-4. The lower of the two [**calculations**] calculated amounts shall be the obligor's basic child support obligation.

Example 1: The parties have two children. The obligor has **monthly net** [**monthly**] income of \$1,500, which falls into the shaded area of the schedule for two children. Using only the obligor's **monthly net** income, the amount of support for two children would be [\$518] \$472. Next, calculate support using [**both**] the parties'

combined monthly net incomes. The obligee has **monthly net** [**monthly**] income of \$2,500 so the combined **monthly net** [**monthly**] income of the parties is \$4,000. The basic child support amount at that income level for two children is [\$1,240] \$1,269. As the obligor's income is 38% of the combined **monthly net** [**monthly**] income of the parties, the obligor's share of the basic support amount is [\$471] \$482. As the amount of support the obligor would pay using **only** the obligor's income [**alone is more**] is less than the amount calculated using [**both parties'**] the parties' **combined monthly net** incomes, the lower amount would be awarded[. **Thus**], and the obligor's basic child support obligation [**is \$471**] would be \$472.

(B) In computing a basic spousal support or alimony *pendente lite* obligation, the presumptive amount of support shall not reduce the obligor's **monthly net** income below the Self-Support Reserve of [\$931] \$981 per month. [**For example, if**]

Example 2: If the obligor earns \$1,000 per month and the obligee earns \$300 per month, the formula in Part IV of [**Rule**] Pa.R.C.P. No. 1910.16-4 would result in a support obligation of \$280 per month (**\$1,000 - \$300 = \$700 x 40%**). Since this amount leaves the obligor with only \$720 per month, it must be adjusted so that the obligor retains at least [\$931] \$981 per month. The presumptive minimum amount of spousal support, therefore, is [\$69] \$19 per month in this case.

(C) When the obligor's monthly net income is [\$931] \$981 or less, the court may award support only after consideration of the parties' actual financial resources and living expenses.

Rule 1910.16-3. Support Guidelines. Basic Child Support Schedule.

The following schedule [**sets forth**] represents the amounts spent on children [**in**] of intact families by combined **monthly net** income and number of children. Combined **monthly net** income is on the vertical axis of the schedule and number of children is on the horizontal axis of the schedule. This schedule is used to find the basic child support obligation. Unless otherwise provided in these rules, the obligor's share of the basic support obligation shall be computed using the formula set forth in Part I of [**Rule**] Pa.R.C.P. No. 1910.16-4.

Rule 1910.16-3.1. Support Guidelines. High Income Cases.

(a) *Child Support Formula.* [**When**] If the parties' combined monthly net income [**is above**] exceeds \$30,000, the following three-step process shall be applied to calculate the parties' respective child support obliga-

tions. The amount of support calculated pursuant to this three-step process shall [**in no event**] not be less than the amount of support that would have been awarded if the parties' combined **monthly net [monthly income were] income was** \$30,000. [**That**] The calculated amount shall be [**a**] the presumptive minimum **amount of support.**

(1) First, the following formula shall be applied as a preliminary analysis in calculating the amount of basic child support to be apportioned between the parties according to their respective **monthly net** incomes:

One child: [**\$2,801 + 8.5%**] **\$2,839 + 8.6%** of combined **monthly** net income above \$30,000 [**per month**].

Two children: [**\$3,836 + 11.6%**] **\$3,902 + 11.8%** of combined **monthly** net income above \$30,000 [**per month**].

Three children: [**\$4,277 + 12.6%**] **\$4,365 + 12.9%** of combined **monthly** net income above \$30,000 [**per month**].

Four children: [**\$4,718 + 14.3%**] **\$4,824 + 14.6%** of combined **monthly** net income above \$30,000 [**per month**].

Five children: [**\$5,190 + 15.8%**] **\$5,306 + 16.1%** of combined **monthly** net income above \$30,000 [**per month**].

Six children: [**\$5,641 + 17.1%**] **\$5,768 + 17.5%** of combined **monthly** net income above \$30,000 [**per month**];

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation, Formula.

* * * * *

(c) *Substantial or Shared Physical Custody.*

(1) When the children spend 40% or more of their time during the year with the obligor, a rebuttable presumption arises that the obligor is entitled to a reduction in the basic support obligation to reflect this time. This rebuttable presumption also applies in high income cases decided pursuant to Rule 1910.16-3.1. Except as provided in subsection (2) below, the reduction shall be calculated pursuant to the formula set forth in Part II of subdivision (a) of this rule. For purposes of this provision, the time spent with the children shall be determined by the number of overnights they spend during the year with the obligor.

Example. [**Where**] If the obligor and the obligee have monthly net incomes of \$5,000 and \$2,300, respectively, their combined child support obligation is [**\$1,669**] **\$1,701** for two children. Using the income shares formula in Part I, the obligor's share of this obligation is 68%, or [**\$1,135**] **\$1,157**. If the children spend 40% of their time with the obligor, the formula in Part II applies to reduce his or her percentage share of the combined support obligation to 58%, or [**\$968**] **\$987**. If the children spend 45% of their time with the obligor, his or her percentage share of the combined obligation is reduced to 53%, or [**\$885**] **\$902**. If the children spend equal time with both parents, the obligor's percentage share is reduced to 48%, or [**\$801**] **\$816**.

(2) Without regard to which parent initiated the support action, when the children spend equal time with [**both**] **their** parents, the Part II formula cannot be applied unless the obligor is the parent with the higher income. [**In no event shall an order**] **An order shall not** be entered requiring the parent with the lower income to pay basic child support to the parent with the

higher income. However, [**nothing in**] this subdivision shall [**prevent**] **not preclude** the entry of an order requiring the parent with less income to contribute to additional expenses pursuant to [**Rule**] **Pa.R.C.P. No. 1910.16-6.** [**Pursuant to either party's initiating a support action**] **Based upon the evidence presented,** the trier of fact may enter an order against either party [**based upon the evidence presented**] without regard to which party initiated the action. [**In all cases in which**] **If** the parties share custody equally and the support calculation results in the obligee receiving a larger share of the parties' combined income, then the court shall adjust the support obligation so that the combined **monthly net** income is allocated equally between the two households. In those cases, [**no**] spousal support or alimony *pendente lite* shall **not** be awarded.

Example 1. Mother and Father have monthly net incomes of \$3,000 and \$2,700, respectively. Mother has filed for support for the parties' two children with whom [**they**] **the parties** share time equally. **As the parties have equal custody and Mother has the higher income, Mother cannot be the obligee. Although Mother initiated the support action, she would be the obligor.** Pursuant to the basic child support schedule [**at Rule**] **in Pa.R.C.P. No. 1910.16-3,** the support amount for two children at [**their parents' combined**] **the parties' combined monthly** net income level is [**\$1,450**] **\$1,487** per month. Mother's share is 53% of that amount, or [**\$769**] **\$788**. Father's share is 47%, or [**\$682**] **\$699.** [**Application of subdivisions a. and b. of the Part II formula results in a 20% reduction in support when each parent spends 50% of the time with the children. Because the parties share custody equally, Mother cannot be the obligee for purposes of the Part II calculation because she has the higher income of the two parents. In these circumstances, although Mother initiated the support action, she would become the obligor even if Father has not filed for support. Father cannot be an obligor in the Part II calculations nor can the amount of support Mother is obligated to pay to Father be offset by calculating Father's adjusted amount of support under Part II because a support order cannot be entered against the parent with the lesser income. Using Mother as the obligor, her**] **Application of lines 11a and 11b of the Part II formula results in a 20% reduction in support when the obligor has 50% custody of the children. Mother's adjusted percentage share of the basic support amount is 33% (53% - 20% = 33%). Her adjusted share of the basic support amount is [\$479 (33% of \$1,450)] \$491 (33% of \$1,487). However, [instead of \$479 per month] as this amount would result in Father having a greater share of the parties' combined monthly net income (\$3,191 vs. \$2,509), Mother's support obligation would be adjusted to \$150 per month to allocate the parties' combined monthly net income equally between the two households[. This is] and would be the presumptive amount of basic support payable to Father under these circumstances.**

Example 2. [**Where**] If the obligor and the obligee have monthly net incomes of \$3,000 and \$2,500, respectively, **then** their combined child support obligation for two children is [**\$1,426**] **\$1,463**. The obligor's share of this obligation is 55%, or [**\$784**] **\$805 (\$1,463 × 55%)**. If

the children spend equal time with [**both**] the parents, the formula in Part II results in a support obligation of [**\$499**] **\$512** ($\$1,463 \times 35\%$) payable to the obligee. Since this amount [**gives the obligee \$2,999 of the combined income, and leaves the obligor with only \$2,501 of the combined income, the obligor's support obligation must be adjusted to \$250 to equalize the combined income between the parties' households. This is**] results in the obligee having monthly net income of \$3,012 and the obligor having monthly net income of \$2,488, the obligor's support obligation would be adjusted to **\$250 to equalize the combined monthly net income between the parties' households and would be** the presumptive amount of basic support payable to the obligee under these circumstances.

(d) *Divided or Split Physical Custody. When Each Party Owes Child Support to the Other Party. Varied Partial or Shared Custodial Schedules.*

(1) *Divided or Split Physical Custody. When Each Party Owes Child Support to the Other Party.* When calculating a child support obligation and each party owes child support to the other party as a result of the custodial arrangement, the court shall offset the parties' respective child support obligations and award the net difference to the obligee as child support.

Example 1. If the parties have three children, one child resides with Mother and two children reside with Father, and their **monthly net [monthly]** incomes are \$2,500 and \$1,250 respectively, Mother's child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for two children at the parties' combined **monthly net [monthly]** income of \$3,750. The amount of basic child support to be apportioned between the parties is [**\$1,200**] **\$1,224**. As Mother's income is 67% of the parties' combined **monthly net [monthly]** income, Mother's support obligation for the two children living with Father is [**\$804**] **\$820**. Father's child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for one child at the parties' combined **monthly net [monthly]** income of \$3,750. The amount of basic child support to be apportioned between the parties is [**\$836**] **\$853**. Father's support obligation for the child living with Mother is [**\$276**] **\$281**. Subtracting [**\$276 from \$804**] **\$281 from \$820** produces a net basic support amount of [**\$528**] **\$539** payable to Father as child support.

Example 2. If the parties have two children, one child resides with Mother and the parties share custody (50% - 50%) of the other child, and the parties' [**net**] monthly **net** incomes are as set forth in Example 1. The child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for the one child primarily residing with Mother at the parties' combined **monthly net [monthly]** income of \$3,750, the amount of basic child support to be apportioned between the parties is [**\$836**] **\$853**. Father's income is 33% of the parties' combined **monthly net [monthly]** income, and the support obligation for the child living with Mother is [**\$276**] **\$281**. For Mother's obligation for the child with the 50% - 50% shared custody arrangement, using the schedule in Pa.R.C.P. No. 1910.16-3 for one child at the parties' combined **monthly net [monthly]** income of \$3,750, the amount of basic child support to be apportioned between

the parties is [**\$836**] **\$853**. Mother's proportionate share of the combined **monthly net** incomes is 67%, but it is reduced to 47% after applying the shared parenting time adjustment for 50% custody under subdivision (c). Mother's child support obligation for the shared custody child is [**\$393** ($\$836 \times 47\%$)] **\$401** ($\$853 \times 47\%$). As Mother's obligation is greater than Father's obligation, Father is the obligee and receives the net of the two obligations by subtracting [**\$276 from \$393, or \$117**] **\$281 from \$401, or \$120**.

(2) *Varied Partial or Shared Custodial Schedules.* When the parties have more than one child and each child spends either (a) different amounts of partial or shared custodial time with the party with the higher income or (b) different amounts of partial custodial time with the party with the lower income, the trier of fact shall add the percentage of time each child spends with that party and divide by the number of children to determine the party's percentage of custodial time. If the average percentage of custodial time the children spend with the party is 40% or more, the provisions of subdivision (c) apply.

Example 1. The parties have two children and one child spends 50% of the time with Mother, who has the higher income, and the other child spends 20% of the time with Mother. Add those percentages together and divide by the number of children (50% plus 20% = 70% divided by 2 children = 35% average time with Mother). Pursuant to subdivision (c), Mother does not receive a reduction in the support order for substantial parenting time.

Example 2. The parties have three children. Two children spend 50% of the time with Mother, who has the higher income, and the third child spends 30% of the time with Mother. Add the percentages of custodial time for all three children together and divide by the number of children (50% plus 50% plus 30% = 130% divided by three children = 43.33% average percentage of time with Mother). Pursuant to subdivision (c), Mother receives a reduction in the support order for substantial parenting time.

Example 3. The parties have three children, Mother has primary custody (60% - 40%) of one child, Father has primary custody (60% - 40%) of one child, and the parties share custody (50% - 50%) of the third child. The parties' **monthly net [monthly]** incomes are \$2,500 (Mother) and \$1,250 (Father). As a result of the custodial arrangement, Father owes support for the child in the primary custody of Mother and Mother owes support for the child in the primary custody of Father and for the child shared equally between the parties. Father's child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for one child at the parties' combined **monthly net [monthly]** income of \$3,750. The amount of basic child support to be apportioned between the parties is [**\$836**] **\$853**. Father's proportionate share of the combined **monthly net** incomes is 33%, but is reduced to 23% after applying the shared parenting time adjustment for 40% custody under subdivision (c). Father's child support obligation for this child is [**\$192** ($\$836 \times 23\%$)] **\$196** ($\$853 \times 23\%$). Mother's child support obligation is calculated using the schedule in Pa.R.C.P. No. 1910.16-3 for two children at the parties' combined **monthly net [monthly]** income of \$3,750. The amount of basic child support to be apportioned between the parties is [**\$1,200**] **\$1,224**. Mother has varying partial or shared custody of the two children (40% and 50%). Under subdivision (d)(2), the custodial time is averaged or in

this case 45%. Mother's proportionate share of the combined **monthly** net incomes is 67%, but it is reduced to 52% after applying the shared parenting time adjustment for 45% custody under subdivision (c). Mother's child support obligation for these children is [**\$624 (\$1,200 × 52%)**] **\$636 (\$1,224 × 52%)**. Offsetting the support amounts consistent with subdivision (d)(1), Mother's obligation is greater than Father's obligation, and Father is the obligee receiving the net of the two obligations by subtracting [**\$192 from \$624, or \$432**] **\$196 from \$636, or \$440**.

Rule 1910.16-6. Support Guidelines. Adjustments to the Basic Support Obligation. Allocation of Additional Expenses.

[**Additional expenses permitted pursuant to this Rule 1910.16-6 may be allocated between the parties even if the parties' incomes do not justify an order of basic support.**] **The trier of fact may allocate between the parties the additional expenses identified in subdivisions (a)–(e). If under the facts of the case an order for basic support is not appropriate, the trier of fact may allocate between the parties the additional expenses.**

(a) *Child care expenses.* Reasonable child care expenses paid by either parent, if necessary to maintain employment or appropriate education in pursuit of income, shall be allocated between the parties in proportion to their **monthly** net incomes and added to his and her basic support obligation. When a parent is receiving a child care subsidy through the Department of [**Public Welfare**] **Human Services**, the expenses to be allocated between the parties shall be the amount actually paid by the parent receiving the subsidy.

Example. Mother has primary custody of the parties' two children and Father has partial custody. Mother's monthly net income is \$2,000 and Father's is \$3,500. At their combined income level of \$5,500, the basic monthly child support from the schedule in [**Rule**] **Pa.R.C.P. No. 1910.16-3** is [**\$1,426**] **\$1,463** for two children. As Father's income is 64% of the parties' combined income, his share is [**\$913**] **\$936**. Mother incurs child care expenses of \$400 per month and Father incurs \$100 of such expenses each month. The total amount of child care expenses, \$500, will be apportioned between the parties, with Father paying 64%, or \$320. As he is already paying \$100 for child care while the children are in his partial custody, he would pay the remaining \$220 to Mother for a total child support obligation of [**\$1,133 (\$913 + \$220 = \$1,133)**] **\$1,156 (\$936 + \$220 = \$1,156)**.

* * * * *

Rule 1910.16-7. Support Guidelines. Awards of Child Support When There are Multiple Families.

(a) When the total of the obligor's basic child support obligations equals [**fifty percent**] **50%** or less of his or her monthly net income, there will [**generally**] be no deviation from the guideline amount of support on the ground of the existence of a new family. [**For example, where**]

Example: If the obligor requests a reduction of support for one child of the first marriage on the basis that there is a new child of the second intact marriage, and the relevant monthly net incomes are \$2,500 for the obligor,

\$500 for the former spouse and \$1,300 for the current spouse, **then** the request for a reduction will be denied because the total support obligation of [**\$1,140**] **\$1,153** (\$584 for the first child and [**\$556**] **\$569** for the second child) is less than half of the obligor's monthly net income.

(b) When the total of the obligor's basic support obligations exceeds [**fifty percent**] **50%** of his or her monthly net income, the court may consider a proportional reduction of these obligations. Since, however, the goal of the guidelines is to treat each child equitably, [**in no event should either**] a first or later family **shall not** receive preference[**. Nor shall the court**], **and the court shall not** divide the guideline amount for all of the obligor's children among the households in which those children live.

Example 1. The obligor is sued for support of an out of wedlock child. The obligor is already paying support for two children of the first marriage, and has an intact second marriage with one child. The relevant monthly net incomes are \$3,800 for the obligor, \$1,100 for the former spouse, \$0 for the current spouse and \$1,500 for the parent of the new child. The obligor's basic support obligations to each family are [**\$1,061**] **\$1,097** for the two children of the first marriage, [**\$842**] **\$862** for the one child of the second marriage, and [**\$708**] **\$727** for the one child out of wedlock for a total support obligation of [**\$2,611**] **\$2,686**. Since the total of these obligations exceeds [**fifty percent**] **50%** of the obligor's **monthly** net [**monthly**] income of \$3,800 per month, the court may consider a proportional reduction of all of the orders.

Example 2. The obligor is sued for support of three children of a second marriage. There is already an order in effect for two children of the first marriage. The relevant monthly net incomes are \$1,600 for the obligor, \$0 for the first spouse and \$500 for the second spouse. The obligor's basic support obligations to each family are [**\$554**] **\$555** for the two children of the first marriage and [**\$638**] **\$641** for the three children of the second marriage for a total support obligation of [**\$1,192**] **\$1,196**. Since this total obligation leaves the obligor with only [**\$408 on which to live, the order for the three children of the second family is too high. The obligor also**] **\$404 on which to live, the orders are too high as the obligor** must be left with a Self-Support Reserve of [**\$931**] **\$981**. However, reducing the order for three children while leaving the existing order intact would give preference to the first family, contrary to the rule. Therefore, both orders must be reduced proportionally.

Example 3. The obligor is sued by **three obligees** to establish orders for three children [**born out of wedlock**]. The [**net monthly incomes**] **monthly net income** for the obligor and for each obligee is \$1,500. The court would determine that the obligor's basic support obligation for each child is \$352 for a total obligation of \$1,056 for three children. It would be incorrect to determine the guideline amount for three children, in this case \$1,189, and then divide that amount among the three children. **Due to the total support amount exceeding 50% of the obligor's monthly net income, the support orders should be reduced proportionately consistent with subdivision (b) and ensure the obligor retains the Self-Support Reserve of \$981 consistent with Pa.R.C.P. No. 1910.16-2(e).**

[Pa.B. Doc. No. 17-325. Filed for public inspection February 24, 2017, 9:00 a.m.]

(c) For purposes of this rule, the presumptive amount of the obligor's basic support obligation is calculated using only the basic guideline amounts of support, as determined from the formula in [Rule] Pa.R.C.P. No. 1910.16-4, and does not include any additional expenses that may be added to these amounts pursuant to [Rule] Pa.R.C.P. No. 1910.16-6. In calculating the presumptive amount of the obligor's basic support obligation, the court should ensure that the obligor retains at least [\$931] \$981 per month consistent with [Rule] Pa.R.C.P. No. 1910.16-2(e).

Example 1. Assume that the obligor is paying [\$565] \$566 per month support for one child of the first marriage, plus an additional \$200 per month for child care expenses. The obligor requests a reduction in this support obligation on the basis that there is one new child of the second intact marriage. The relevant incomes are \$2,400 for the obligor and \$0 for both the former and current spouses. The obligor's request for a reduction should be denied because the total of the basic guideline obligations for both children is only [\$1,130 (\$565 for each child) and this amount] \$1,132 (\$566 for each child) and does not exceed 50% of the obligor's monthly net [monthly] income. [No] A reduction should not be given on the basis that the obligor's contribution to child care expenses for the first child results in an overall support obligation of [\$1,330] \$1,332 which exceeds 50% of the obligor's monthly net [monthly] income. Thus, the presumptive amount of basic support for the two children is still [\$1,130 (\$565 for each child)] \$1,132 (\$566 for each child). The court must then consider the deviation factors under [Rule] Pa.R.C.P. No. 1910.16-5 and the parties' respective contributions to additional expenses under [Rule] Pa.R.C.P. No. 1910.16-6 in arriving at an appropriate amount of total support for each child.

Example 2. Assume that the obligor is paying \$360 per month support for one child of the first marriage. The obligor has one new child of the second intact marriage. The relevant incomes are \$1,500 for the obligor and \$0 for [both] the former and current spouses. [No] A reduction should not be given on the basis of the obligor's new child because the total of the basic guideline obligations for both children is only \$720 (\$360 for each child) and this amount does not exceed 50% of the obligor's monthly net [monthly] income. Since, however, this amount leaves the obligor with only \$780 per month, the court should proportionally reduce the support obligations so that the obligor retains [\$931] \$981 per month. Thus, the presumptive amount of basic support for the two children is [\$569 (\$284.50 for each child)] \$519 (\$259.50 for each child). The court must then consider the deviation factors under [Rule] Pa.R.C.P. No. 1910.16-5 and the parties' respective contributions to additional expenses under [Rule] Pa.R.C.P. No. 1910.16-6 in arriving at an appropriate amount of total support for each child.

PROPOSED RULEMAKING

ENVIRONMENTAL QUALITY BOARD

[25 PA CODE CHS. 121 AND 126]

Gasoline Volatility Requirements

The Environmental Quality Board (Board) proposes to amend Chapters 121 and 126 (relating to general provisions; and motor vehicle and fuels programs) to read as set forth in Annex A. This proposed rulemaking will rescind Chapter 126, Subchapter C (relating to gasoline volatility requirements). This proposed rulemaking will also delete terms and definitions from § 121.1 (relating to definitions) that only support Chapter 126, Subchapter C.

This proposed rulemaking is given under Board order at its meeting of October 18, 2016.

A. *Effective Date*

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

B. *Contact Persons*

For further information, contact Kirit Dalal, Chief, Division of Air Resource Management, Bureau of Air Quality, Rachel Carson State Office Building, P.O. Box 8468, Harrisburg, PA 17105-8468, (717) 772-3436; or Kristen Furlan, Assistant Director, Bureau of Regulatory Counsel, Rachel Carson State Office Building, P.O. Box 8464, Harrisburg, PA 17105-8464, (717) 787-7060. Information regarding submitting comments on this proposed rulemaking appears in Section J of this preamble. Persons with a disability may use the Pennsylvania AT&T Relay Service, (800) 654-5984 (TDD users) or (800) 654-5988 (voice users). This proposed rulemaking is available on the Department of Environmental Protection's (Department) web site at www.dep.pa.gov (select "Public Participation," then "Environmental Quality Board (EQB)").

C. *Statutory Authority*

This proposed rulemaking is authorized under section 5(a)(1) of the Air Pollution Control Act (APCA) (35 P.S. § 4005(a)(1)), which grants the Board the authority to adopt rules and regulations for the prevention, control, reduction and abatement of air pollution in this Commonwealth; section 5(a)(8) of the APCA, which grants the Board the authority to adopt rules and regulations designed to implement the provisions of the Clean Air Act (CAA) (42 U.S.C.A. §§ 7401—7671q); and section 4(18.3) of the APCA (35 P.S. § 4004(18.3)), which requires the Department to:

Within sixty (60) days of the effective date of this clause, initiate the process of amending the State implementation plan. Upon approval of a revision which demonstrates continued compliance with Federal national ambient air quality standards through utilization of commensurate emission reductions by the Environmental Protection Agency, the board shall promulgate regulations to repeal the provisions of 25 Pa. Code Ch. 126 Subch. C (relating to gasoline volatility requirements).

D. *Background and Purpose*

This proposed rulemaking will rescind Chapter 126, Subchapter C to delete requirements for gasoline with a

Reid vapor pressure (RVP) of 7.8 pounds per square inch (psi) or less (low RVP gasoline) to be sold or transferred into or within the Pittsburgh-Beaver Valley Area between May 1 and September 15 of each year. The Pittsburgh-Beaver Valley Area includes Allegheny, Armstrong, Beaver, Butler, Fayette, Washington and Westmoreland Counties. Gasoline vapors include volatile organic compound (VOC) emissions. VOCs are a precursor to the formation of ground-level ozone air pollution and fine particulate matter (PM_{2.5}), both hazards to public health and welfare. Gasoline formulated with an RVP of 7.8 psi has lower VOC emissions than gasoline formulated at higher RVP levels. The requirements in Chapter 126, Subchapter C were approved by the United States Environmental Protection Agency (EPA) at 63 FR 31116 (June 8, 1998) as a revision to the Commonwealth's State Implementation Plan (SIP) as a control measure to attain and maintain the 1-hour Ozone National Ambient Air Quality Standards (NAAQS) in the Pittsburgh-Beaver Valley Area to protect the public health and welfare.

The act of May 14, 2014 (P.L. 674, No. 50) (Act 50) added section 4(18.3) of the APCA:

Within sixty (60) days of the effective date of this clause, initiate the process of amending the State implementation plan. Upon approval of a revision which demonstrates continued compliance with Federal national ambient air quality standards through utilization of commensurate emission reductions by the Environmental Protection Agency, the board shall promulgate regulations to repeal the provisions of 25 Pa. Code Ch. 126 Subch. C (relating to gasoline volatility requirements).

The paragraph was effective May 14, 2014. According to the Senate Co-Sponsorship Memorandum for Senate Bill 1037, dated June 5, 2013, Act 50 was proposed to address the price differential between low RVP gasoline and conventional gasoline in the Pittsburgh-Beaver Valley Area, cited by the Legislative sponsors as being as much as a 10 to 15 cents per gallon (cpg) price difference between the two fuels.

The Commonwealth is required to ensure that the rescission of Chapter 126, Subchapter C complies with section 110(1) of the CAA (42 U.S.C.A. § 7410(1)) (Non-Interference Clause). The Non-Interference Clause requires that the EPA Administrator not approve a SIP revision if the revision would interfere with any applicable requirement concerning attainment of a NAAQS or reasonable further progress in attaining a NAAQS, or any other applicable requirement of the CAA. The Department intends to demonstrate noninterference to the EPA through using "commensurate emission reductions," as mandated by Act 50 for the repeal of the low RVP regulation.

This proposed rulemaking addresses the Legislative mandate to promulgate regulations to rescind Chapter 126, Subchapter C. After rescission of Chapter 126, Subchapter C, the persons, groups and entities, including small businesses, currently subject to the regulations will become subject to the Federal rules. The applicable Federal regulation, 40 CFR 80.27(a)(2) (relating to controls and prohibitions on gasoline volatility), states that gasoline RVP may not exceed 9.0 psi for Pennsylvania year-round unless a SIP revision with a lower RVP requirement is approved by the EPA for a specific area. Section 80.27(d)(1) of 40 CFR provides a 1.0 psi RVP

allowance for gasoline containing ethanol at 9 to 10 volume percent applicable to Pennsylvania. After the rescission of the 7.8 RVP requirement, this will result in a maximum allowable RVP of 10.0 psi allowed for gasoline blended with ethanol in all areas of this Commonwealth, except the Philadelphia area where a different type of gasoline is mandated.

If published as a final-form rulemaking, this proposed rulemaking will be submitted to the EPA for approval as a revision to the Commonwealth's SIP. The Department is proceeding with the demonstration of continued compliance with the applicable NAAQS through the use of commensurate emission reductions separately from this proposed action of rescinding Chapter 126, Subchapter C.

This proposed rulemaking will apply to gasoline refiners, importers, distributors, resellers, terminal owners and operators, carriers, retailers and wholesale purchaser-consumers who sell, exchange or supply gasoline in the Pittsburgh-Beaver Valley Area between May 1 and September 15 of each year. These entities include owners and operators of facilities and infrastructure in the gasoline supply chain, such as bulk gasoline stations and terminals, gasoline merchant wholesalers, gasoline stations with and without convenience stores, tanker trucks and petroleum pipelines.

A review of multiple Department databases identified 33 to 1,252 businesses that may be subject to Chapter 126, Subchapter C. Additionally, the Commonwealth's Small Business Development Center's (SBDC) Environmental Management Assistance Program (EMAP) performed a query of the Hoover's database for a list of potentially subject businesses based on North American Industry Classification System (NAICS) codes provided by the Department and provided the Department with a list of 768 businesses that are potentially subject to Chapter 126, Subchapter C. The Department also identified 1,095 potentially affected entities through American FactFinder, a web-based tool of the United States Census Bureau. The Department estimates that as many as 84% of the entities identified from all sources may be small businesses, based on the fact that 84% of the 768 entities identified by the SBDC EMAP qualified as small businesses.

Based on the available data, if this proposed rulemaking is published as a final-form rulemaking, refineries may save 0.5 cpg, retailers and wholesale purchaser-consumers may save between 1.4 cpg and 3.2 cpg, and consumers may save between 1.6 cpg and 9.2 cpg. Actual cost savings for retailers, wholesale purchaser-consumers and consumers are directly dependent on how much gasoline is purchased from an entity subject to Chapter 126, Subchapter C during the applicable time period. The Department estimates that total gasoline consumption in the Pittsburgh-Beaver Valley Area for the summer months of 2013 (June–September) was approximately 16,667,316 gallons. Estimated cost savings resulting from this proposed rulemaking range from \$83,337 (0.5 cpg for refineries) to \$1,533,393 (9.2 cpg for consumers) annually during the summer months.

The Air Quality Technical Advisory Committee (AQTAC) and the Small Business Compliance Advisory Committee (SBCAC) were briefed on this proposed rulemaking on December 10, 2015, and February 17, 2016, respectively. AQTAC voted 15-5-0 and SBCAC voted unanimously to concur with the Department's recommendation to move this proposed rulemaking forward to the Board for consideration. The five AQTAC members who were opposed expressed concern about the loss of emis-

sion reduction benefits as a result of this proposed rulemaking, how the emission reduction benefits were calculated and the process used by the Department to demonstrate continued compliance with the Federal NAAQS through the use of commensurate emission reductions. This proposed rulemaking was presented to the Citizens Advisory Council's (CAC) Policy and Regulatory Oversight Committee on March 2, 2016. On the recommendation of the Policy and Regulatory Oversight Committee, on March 15, 2016, the CAC concurred with the Department's recommendation to forward this proposed rulemaking to the Board. The AQTAC, SBCAC and CAC meetings are advertised and open to the public.

E. Summary of Regulatory Requirements

§ 121.1. Definitions

This section contains definitions relating to the air quality regulations. The following terms are proposed to be deleted: "compliant fuel," "importer," "low RVP gasoline" and "Pittsburgh-Beaver Valley Area."

§ 126.301. Compliant fuel requirement

This section describes when and where low RVP gasoline is required and details the restrictions on selling, exchanging, supplying, blending, mixing, storing and transferring compliant and noncompliant fuel during the applicable period. This section is proposed to be rescinded.

§ 126.302. Recordkeeping and reporting

This section describes the recordkeeping and reporting requirements of the subchapter, including when records are required, who shall maintain the records and what must be included in the records. This section is proposed to be rescinded.

§ 126.303. Compliance and test methods

This section identifies the approved methodology for sampling and testing gasoline to determine RVP. This section is proposed to be rescinded.

F. Benefits, Costs and Compliance

Benefits

The benefits of this proposed rulemaking are expected to outweigh the costs and short-term environmental effects of this proposed rulemaking.

Rescinding the requirements for low RVP gasoline in the Pittsburgh-Beaver Valley Area will likely result in slightly increased emissions of VOCs into the atmosphere for the next few years. The VOC emission reduction benefits from requiring low RVP gasoline in the Pittsburgh-Beaver Valley Area steadily decline in future years, decreasing from VOC emission reductions of 1.636 tons per day in 2017 to VOC emission reductions of 1.329 tons per day by 2030. The oxides of nitrogen emission reduction cobenefits of low RVP gasoline decline from 0.354 ton per day in 2017 to 0.007 ton per day in 2030. The Commonwealth will need to offset these small increases in VOC emissions with VOC emission reductions achieved from other control measures.

One potential benefit of this proposed rulemaking would be the elimination of the costs regarding blending gasoline with an RVP of 7.8 psi or less to be exchanged, supplied or sold in the Pittsburgh-Beaver Valley Area between May 1 and September 15 of each year. These cost savings may be passed down through the gasoline supply chain, potentially lowering costs for consumers. Another potential benefit may be a reduction in the recordkeeping

and reporting obligations experienced by the regulated community to comply with Chapter 126, Subchapter C.

Owners and operators of facilities and infrastructure in the gasoline supply chain, including refineries, bulk gasoline stations and terminals, gasoline merchant wholesalers, gasoline stations with and without convenience stores, tanker trucks and petroleum pipelines, may benefit from this proposed rulemaking both financially and through reduced recordkeeping and reporting obligations. As previously stated, the Department identified 33 to 1,252 businesses in the Pittsburgh-Beaver Valley Area that may be subject to Chapter 126, Subchapter C. Some industry sectors will be impacted more than others. The Department's analysis of potentially affected entities used United States Census Bureau data based on the NAICS codes for the subject industry sectors; most of the NAICS codes analyzed also include other industry sectors not related to the production, transportation or sale of gasoline, which may result in the Department's estimated number of affected facilities being higher than the actual number of affected facilities.

The population of the Pittsburgh-Beaver Valley Area was approximately 2,353,045 in 2015. It is likely that most of the population uses gasoline for operating gasoline-powered vehicles and off-road equipment. Gasoline consumers in the Pittsburgh-Beaver Valley Area, consumers in the adjacent counties who purchase gasoline in the Pittsburgh-Beaver Valley Area and consumers traveling through the Pittsburgh-Beaver Valley Area may benefit economically if cost savings are passed through to the retail establishments and the ultimate consumers.

Compliance costs

This proposed rulemaking is expected to result in cost savings or no financial impact for most affected entities. Businesses involved in the sale of gasoline, including gas stations, bulk terminals and wholesalers, will likely see an economic benefit from the elimination of the requirement to obtain and sell gasoline with an RVP of 7.8 psi or less if the cost savings of blending the special fuel are passed down the supply chain from the refinery and terminal to the gas station. The ultimate consumer may or may not see a cost savings at the pump. On the other hand, businesses involved in gasoline transport and storage will be unlikely to see much impact, if any, as the type of gasoline being transported does not directly affect the business operation.

Refineries may save up to 0.5 cpg, the cost to refine the gasoline fuel from 8.7 psi RVP to 7.8 psi RVP. The baseline gasoline used in a study of refinery costs conducted in 2008 by Pechan and Associates for the Department was 8.7 psi RVP gasoline. The use of a baseline of 8.7 psi RVP gasoline in the Pechan study was based on the use of 8.7 psi RVP gasoline by the Department as a modeling input to model mobile source emissions for the purposes of Pennsylvania air quality inventory development and SIP revisions at the time of the study. The baseline fuel used in the analysis performed by a consultant for this proposed rulemaking to determine the emission reduction benefits of Chapter 126, Subchapter C was 10.0 psi RVP gasoline, based on consultation with the EPA. The costs to blend in ethanol for an average 10% ethanol content are not affected by this proposed rulemaking. The Department obtained data from the Oil Price Information Service (OPIS), which provides average weekly gasoline prices at the terminal (rack) for the Pittsburgh metro area and for this Commonwealth as a whole. Weekly data was obtained from OPIS for most weeks between mid-June 2006 and October 2011. Based

on the available data, retailers and wholesale purchaser-consumers may save between 1.4 cpg and 3.2 cpg as a result of this proposed rulemaking. The Department also obtained OPIS data for average retail gasoline prices for the Pittsburgh metro area and for this Commonwealth as a whole. The data includes weekly average retail gasoline prices for April 2003 through December 2010, and monthly average retail gasoline prices for January 2011 through December 2015. Based on the 5 most recent years of available data, consumers may save between 1.6 cpg and 9.2 cpg as a result of this proposed rulemaking. Actual cost savings for retailers, wholesale purchaser-consumers and consumers are directly dependent on how much gasoline is purchased from an entity subject to Chapter 126, Subchapter C during the applicable time period.

Recordkeeping requirements for all affected entities may be reduced or simplified since the businesses will not be required to document the transfer of gasoline with an RVP of 7.8 psi. This may or may not lead to cost savings as the records kept are likely to continue to be kept for business purposes by terminals and retailers.

The Board anticipates that implementation of this proposed rulemaking will have minimal financial impact on the owners and operators of affected facilities.

Compliance assistance plan

The Department does not anticipate that compliance assistance will be required, as this proposed rulemaking eliminates requirements, including recordkeeping and reporting requirements. The Department will respond to questions that affected facilities may have about transitioning from 7.8 psi RVP gasoline to 9.0 or 10.0 psi RVP gasoline through the Department's ongoing compliance assistance program.

In addition, the Department will rescind policy document # 273-4000-008, "Policy for Sampling and Determination of Compliance with Low RVP Gasoline Requirements in the Pittsburgh-Beaver Valley Ozone Non-attainment Area," as it will no longer be needed.

Paperwork requirements

The owner or operator of a facility subject to Chapter 126, Subchapter C is required to maintain records sufficient to demonstrate compliance with the applicable requirements. This proposed rulemaking eliminates the recordkeeping and reporting requirements for owners and operators of affected facilities.

G. Pollution Prevention

The Pollution Prevention Act of 1990 (42 U.S.C.A. §§ 13101—13109) established a National policy that promotes pollution prevention as the preferred means for achieving state environmental protection goals. The Department encourages pollution prevention, which is the reduction or elimination of pollution at its source, through the substitution of environmentally friendly materials, more efficient use of raw materials and the incorporation of energy efficiency strategies. Pollution prevention practices can provide greater environmental protection with greater efficiency because they can result in significant cost savings to facilities that permanently achieve or move beyond compliance.

Although a slight increase in VOC and oxides of nitrogen emissions is expected with the repeal of the low RVP gasoline requirements, the emission increases are expected to be offset by emission reductions from other control measures. The ozone air quality in the Pittsburgh-Beaver Valley Area has consistently improved since the

first Ozone NAAQS was implemented and is expected to continue to do so as a result of current permanent and enforceable control measures and regulations. To demonstrate compliance with Act 50 and with the Non-Interference Clause, the Commonwealth plans to identify equivalent emission reductions to offset the emission reductions that would be lost in future years after Chapter 126, Subchapter C is rescinded and removed from the SIP.

H. *Sunset Review*

This provision is not applicable because Chapter 126, Subchapter C will no longer exist.

I. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on February 10, 2017, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Environmental Resources and Energy Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b) which have not been met. The Regulatory Review Act specifies detailed procedures for review prior to final publication of the rulemaking by the Department, the General Assembly and the Governor.

J. *Public Comments*

Interested persons are invited to submit written comments, suggestions, support or objections regarding this proposed rulemaking to the Board. Comments, suggestions, support or objections must be received by the Board by May 1, 2017. In addition to the submission of comments, interested persons may also submit a summary of their comments to the Board. The summary may not exceed one page in length and must also be received by the Board by May 1, 2017. The one-page summary will be distributed to the Board and available publicly prior to the meeting when the final rulemaking will be considered.

Comments including the submission of a one-page summary of comments may be submitted to the Board online, by e-mail, by mail or express mail as follows.

Comments may be submitted to the Board by accessing the eComment system at <http://www.ahs.dep.pa.gov/eComment>.

Comments may be submitted to the Board by e-mail at RegComments@pa.gov. A subject heading of this proposed rulemaking and a return name and address must be included in each transmission.

If an acknowledgement of comments submitted online or by e-mail is not received by the sender within 2 working days, the comments should be retransmitted to the Board to ensure receipt. Comments submitted by facsimile will not be accepted.

Written comments should be mailed to the Environmental Quality Board, P.O. Box 8477, Harrisburg, PA 17105-8477. Express mail should be sent to the Environmental Quality Board, Rachel Carson State Office Building, 16th Floor, 400 Market Street, Harrisburg, PA 17101-2301.

K. *Public Hearings*

The Board will hold three public hearings for the purpose of accepting comments on this proposed rulemaking. The hearings will be held at 1:00 p.m. on the following dates:

- March 28, 2017 Department of Environmental Protection
Southwest Regional Office
Waterfront Conference Rooms A and B
400 Waterfront Drive
Pittsburgh, PA 15222
- March 29, 2017 Department of Environmental Protection
Southeast Regional Office
Delaware and Schuylkill Conference Rooms
2 East Main Street
Norristown, PA 19401
- March 30, 2017 Department of Environmental Protection
Rachel Carson State Office Building
Conference Room 105
400 Market Street
Harrisburg, PA 17105

Persons wishing to present testimony at a hearing are requested to contact the Environmental Quality Board, P.O. Box 8477, Harrisburg, PA 17105-8477, (717) 787-4526 at least 1 week in advance of the hearing to reserve a time to present testimony. Oral testimony is limited to 5 minutes for each witness. Witnesses are requested to submit three written copies of their oral testimony to the hearing chairperson at the hearing. Organizations are limited to designating one witness to present testimony on their behalf at each hearing.

Persons in need of accommodations as provided for in the Americans with Disabilities Act of 1990 should contact the Board at (717) 787-4526 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) or (800) 654-5988 (voice users) to discuss how the Board may accommodate their needs.

CHAPTER 121. GENERAL PROVISIONS

§ 121.1. Definitions.

The definitions in section 3 of the act (35 P.S. § 4003) apply to this article. In addition, the following words and terms, when used in this article, have the following meanings, unless the context clearly indicates otherwise:

* * * * *

Compliant coating—A coating that meets the applicable emission limits specified in Chapter 129 (relating to standards for sources).

[**Compliant fuel—Low RVP gasoline.**]

Computer diskette jacket manufacturing adhesive—An adhesive intended by the manufacturer to glue the fold-over flaps to the body of a vinyl computer diskette jacket.

* * * * *

Immersion cold cleaning machine—An open top cold cleaning machine in which the parts are immersed in the solvent when being cleaned.

[**Importer**—A person who imports gasoline or gasoline blending stocks or components from a foreign country into the United States.]

Incineration—The combustion of wastes, including municipal wastes, in an enclosed device with the products of combustion directed to a flue as defined in this section.

* * * * *

Lithographic printing—A printing process in which the image and nonimage areas are in the same plane on the surface of a lithographic plate. The image and nonimage areas are chemically differentiated; the image area is oil receptive and the nonimage area is water receptive. The substrate can be fed to the press as either an individual sheet or a rolled web.

[**Low RVP gasoline**—Gasoline that has an RVP of 7.8 pounds per square inch or less as determined in accordance with the appropriate sampling and testing methodologies in 40 CFR Part 80, Appendix E (relating to test for determining Reid vapor pressure (RVP) of gasoline and gasoline-oxygenate blends).]

Lower Beaver Valley air basin—All of Beaver County except for the following political subdivisions: Darlington Borough, Darlington Township, Economy Borough, Frankfort Springs Borough, Franklin Township, Hanover Township, Independence Township, Marion Township, New Sewickley Township and South Beaver Township.

* * * * *

Phase 2 outdoor wood-fired boiler—An outdoor wood-fired boiler that has been certified or qualified by the EPA as meeting a particulate matter emission limit of 0.32 pounds per million Btu output or lower and is labeled accordingly.

[**Pittsburgh-Beaver Valley Area**—The seven-county area comprised of the following Pennsylvania counties: Allegheny, Armstrong, Beaver, Butler, Fayette, Washington and Westmoreland.]

Subchapter C. [**GASOLINE VOLATILITY REQUIREMENTS**] (Reserved)

§ 126.301. [**Compliant fuel requirement**] (Reserved).

[(a) This subchapter applies to gasoline which is sold or transferred into or within the Pittsburgh-Beaver Valley Area during the period May 1 through September 15, 1998, and continuing every year thereafter.

(b) A refiner, importer, distributor, reseller, terminal owner and operator or carrier, may not:

(1) Sell, exchange or supply gasoline that is not a compliant fuel during the period described in subsection (a).

(2) Blend, mix, store or transport or allow blending, mixing, storing or transporting of compliant fuel with noncompliant fuel during the period described in subsection (a).

(c) A retailer or wholesale purchaser-consumer may not sell, exchange or supply gasoline that is not a compliant fuel during the period June 1 through September 15, 1998, and continuing every year thereafter.]

§ 126.302. [**Recordkeeping and reporting**] (Reserved).

[(a) Beginning with the terminal owner or operator who sells or transfers gasoline intended for use in the Pittsburgh-Beaver Valley Area during the period described in § 126.301(a) (relating to compliant fuel requirements), each time the physical custody of or title to a shipment of gasoline changes hands, other than when gasoline is sold or transferred for use in motor vehicles at a retail outlet or wholesale purchaser-consumer's facility, the transferor shall provide to the transferee a copy of the record described in this subsection. This record shall legibly and conspicuously contain, at a minimum, the following information:

- (1) The date of the sale or transfer.
- (2) The name and address of the transferor.
- (3) The name and address of the transferee.
- (4) The location of the gasoline at the time of transfer.
- (5) The volume of gasoline which is being sold or transferred.
- (6) A statement or grade code certifying that the gasoline has an RVP of 7.8 pounds per square inch or less per gallon.

(b) A person who transports, stores or sells compliant fuel that is intended for use in the Pittsburgh-Beaver Valley Area during the period described in § 126.301(a), shall segregate the compliant fuel from noncompliant fuel and the documentation described in subsection (a) shall accompany the compliant fuel at all times.

(c) Each person in the gasoline distribution network shall maintain records containing the compliance information listed in subsection (a). These records shall be retained for at least 2 years from the date of the sale or transfer of compliant fuel.

(d) The records containing the compliance information in subsection (a) for the period described in subsection (c) shall be kept onsite at each point in the distribution network except for retail outlets. Retail outlets shall retain these records for the period described in subsection (c) and only those records for the current period described under § 126.301(c) shall be kept onsite. At the end of each period described under § 126.301(c), these records may be transferred to an alternate location for the remainder of the period described under subsection (c) and be made available to the Department upon request.]

§ 126.303. [Compliance and test methods] (Reserved).

[Compliance with the 7.8 pounds per square inch RVP standard shall be determined by use of the sampling and testing methods specified in this section. Sampling or testing of gasoline required by this chapter shall be accomplished as follows:

(1) Sampling of gasoline for the purpose of determining compliance with this subchapter shall be

conducted in accordance with 40 CFR Part 80, Appendix D (relating to sampling procedures for fuel volatility).

(2) Testing of gasoline for purposes of determining compliance with this rule shall be conducted in accordance with 40 CFR Part 80, Appendix E (relating to test for determining Reid Vapor Pressure (RVP) of gasoline and gasoline-oxygenate blend).]

PENNSYLVANIA STATE POLICE

Title 19—CORPORATIONS AND BUSINESS ASSOCIATIONS

DEPARTMENT OF STATE

[19 PA. CODE CH. 71]

Bureau of Corporations and Charitable Organizations; Restricted Professional Companies

The Department of State (Department), Bureau of Corporations and Charitable Organizations (Bureau) adds a statement of policy in Chapter 71 (relating to limited liability companies—statement of policy) to read as set forth in Annex A.

A. Purpose

The purpose of Chapter 71 is to clarify the meaning of “restricted professional company” and “restricted professional services” as they are used in forms promulgated by the Department: Form DSCB 15-8821 (Certificate of Organization—Domestic Limited Liability Company), Form DSCB 15-412 (Foreign Registration Statement) and Form DSCB 15-8221/8998 (Certificate of Annual Registration).

B. Background

Chapter 71 relates to restricted professional companies and forms promulgated by the Department regarding domestic and foreign restricted professional companies. The need for this statement of policy is based on the passage of the act of November 21, 2016 (P.L. 1328, No. 170) (Act 170).

Act 170 was signed into law on November 21, 2016, and became effective February 21, 2017, for the purpose of the three affected forms. Act 170 amends 15 Pa.C.S. and 54 Pa.C.S. (relating to Associations Code; and names) to replace aging laws on unincorporated entities. As relating to the need for this statement of policy, Act 170 repeals and replaces existing Pennsylvania law on limited liability companies (15 Pa.C.S. Chapter 89, formerly known as the Limited Liability Company Law of 1994) with the most recent version of the Uniform Limited Liability Company Act promulgated by the Uniform Law Commission (15 Pa.C.S. Chapter 88 (relating to Pennsylvania Uniform Limited Liability Company Act of 2016)).

Early versions of House Bill 1398, which eventually became Act 170, initially repealed 15 Pa.C.S. Chapter 89 in full, along with the concept of the restricted professional company and its annual registration filed with the Department. See 15 Pa.C.S. § 8998 (relating to annual registration) and former 15 Pa.C.S. § 8903. Later versions of House Bill 1398 reinstated 15 Pa.C.S. Chapter 89, Subchapter L (relating to restricted professional companies), thereby preserving 15 Pa.C.S. §§ 8995—8998 and the category of restricted professional companies in current law. This includes the filing of certificates of annual registration for domestic and foreign “restricted professional companies.” However, the definitions of “restricted professional company” and “restricted professional services” in former 15 Pa.C.S. § 8903 were repealed and are no longer available.

Therefore, the Department is adopting a statement of policy in Chapter 71 to carry over the definitions of “restricted professional company” and “restricted professional services” so that the definitions are available to

registrants. Chapter 71 specifies that a limited liability company that is rendering one or more restricted professional services will continue to state in its certificate of organization or foreign registration statement that it is a restricted professional company and include a brief description of the restricted professional service or services to be rendered by the company. The Department finds this information necessary to continue to appropriately index limited liability companies rendering restricted professional services, for the purpose of notification of and filing of certificates of annual registration. Forms DSCB 15-8821, DSCB 15-412 and DSCB 15-8221/8998 have been revised in accordance with Act 170 and published at 47 Pa.B. 567 (January 28, 2017). This statement of policy clarifies the meaning of “restricted professional company” and “restricted professional services” as used in these forms and in 15 Pa.C.S. §§ 8995—8998, which remain in effect.

C. Fiscal Impact

This statement of policy will not have fiscal impact upon the Commonwealth, its political subdivisions or the private sector. The formation of limited liability companies in this Commonwealth necessarily requires a filing with the Department. The requirement for the filing of certificates of annual registration by restricted professional companies is also unchanged. Chapter 71 carries previous statutory definitions, which were inadvertently repealed, to effectuate related statutory provisions that were preserved in the law.

D. Contact Person

Specific questions regarding this statement of policy should be directed to Martha H. Brown, Assistant Counsel, Department of State, Office of Chief Counsel, 306 North Office Building, Harrisburg, PA 17120.

E. Effective Date

This statement of policy is effective upon publication.

PEDRO A. CORTÉS,
Secretary

(*Editor’s Note:* Title 19 of the *Pennsylvania Code* is amended by adding statements of policy in §§ 71.1 and 71.2 to read as set forth in Annex A.)

§ 71.1. Definitions.

The following words and terms, when used in this part, have the following meanings, unless the context clearly indicates otherwise:

Certificate of organization—The certificate required under 15 Pa. Code § 8821 (relating to formation of limited liability company and certificate of organization). The term includes the certificate as amended or restated.

Domestic limited liability company—An association formed under 15 Pa.C.S. Chapter 88 (relating to Pennsylvania Uniform Limited Liability Company Act of 2016) or which becomes subject to 15 Pa.C.S. Chapter 88 under 15 Pa.C.S. Chapter 3 (relating to Entity Transactions Law) or 15 Pa.C.S. § 8811 (relating to short title and application of chapter).

Foreign limited liability company—An association organized under the laws of any jurisdiction other than the Commonwealth, whether or not required to register under 15 Pa.C.S. Chapter 4 (relating to foreign associations), which would be a limited liability company if organized under the laws of the Commonwealth.

Foreign registration statement—The statement required under 15 Pa.C.S. § 412 (relating to foreign registration statement), by which a foreign filing association or foreign limited liability partnerships registers to do business in this Commonwealth.

Restricted professional company—A domestic or foreign limited liability company that renders one or more restricted professional services.

Restricted professional services—The following professional services: chiropractic, dentistry, law, medicine and surgery, optometry, osteopathic medicine and surgery, podiatric medicine, public accounting, psychology or veterinary medicine. The unofficial citations for the definitions of the various types of restricted professional services under Pennsylvania law are as follows:

(i) Chiropractic—section 102 of the Chiropractic Practice Act (63 P.S. § 625.102).

(ii) Dentistry—section 2 of The Dental Law (63 P.S. § 121).

(iii) Medicine and surgery—section 2 of the Medical Practice Act of 1985 (63 P.S. § 422.2).

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Manufactured Housing Installation Program; Approved Training Curriculum for Construction Code Officials

Under 12 Pa. Code § 149.5(d) (relating to building code official training), the Department of Community and Economic Development (Department) publishes the list of approved training curriculum for those code officials who inspect the installation of manufactured homes. Persons that have successfully completed the training curriculum listed will have satisfied the requirement in 12 Pa. Code § 149.5(e).

Courses approved by the Department, Housing Standards Division:

Pa. Manufactured Housing New Home Installation 2017

Pa. Manufactured Housing Installer Training for Relocated Homes 2017

Courses administered by the Pennsylvania Construction Codes Academy:

Building Code Official Certification Academy

BCO 116: Relocated Manufactured Housing, Habitability and Installation

BCO 117: Proper Handling of Factory Built Houses and Buildings

In addition to the approved training programs previously listed, the Department may provide a workshop for code officials who request training. A fee of \$20 per credit hour shall be payable to the Department for workshops where continuing education units are provided. Code officials may contact the Department to request more information on scheduling a workshop.

Program inquiries should be directed to Michele Moore, Manufactured Housing Installation Program Manager, Department of Community and Economic Development, 4th Floor, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120-0225, (717) 720-7414, mimoree@pa.gov.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

STATE CONSERVATION COMMISSION

PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

RESIDUAL WASTE GENERAL PERMITS

Application(s) received Under the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P.S. §§ 4000.101—4000.1904); and Residual Waste Regulations for a General Permit to Operate Residual Waste Processing Facilities and the Beneficial Use of Residual Waste other than Coal Ash.

Northcentral Region: Regional Solid Waste Manager, 208 West Third Street, Williamsport, PA 17701.

General Permit Application No. WMGR159. Headwaters Construction Materials, LLC, 10701 South River Front Parkway, Suite 300, South Jordan, UT 84095. The proposed project is located at Headwaters Montour Plant, 18 McMichael Road, Washingtonville, PA 17884. This application is for a new statewide general permit for the processing of waste coal ash that has been disposed in a residual waste landfill and the beneficial use of the disposed coal ash as an ingredient in the manufacturing of concrete. The disposed coal ash will be processed by drying, screening, and crushing. The application also proposes the potential mixing of disposed coal ash with coal ash generated from an adjacent power plant that has not been disposed. The operation, including storage, will be housed inside a building or in silos. The application was determined to be administratively complete on February 13, 2017.

Comments concerning the application should be directed to Lisa D. Houser, P.E., Facilities Manager, Williamsport Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Persons interested in obtaining more information about the general permit application may contact the Williamsport Regional Office, (570) 327-3740. TDD users may contact the Department through the Pennsylvania AT&T Relay Service, (800) 654-5984. Public comments must be submitted within 60 days of this notice and may recommend revisions to, and approval or denial of the application.

Magnesita Refractories Company Permit No. 300659, 425 S. Salem Church Road, York, PA 17408. The application submitted is for an expansion of their captive residual waste Landfill. This application was deemed administratively complete by the Southcentral Regional Office on February 8, 2016. The Department will accept comments from the general public recommending revisions to, and approval or denial of the application during the entire time the Department is reviewing the permit application.

Comments concerning the application should be directed to Mr. John Oren, Permits Chief, Waste Management Program, 909 Elmerton Avenue, Harrisburg, PA 17110-8200. Persons interested in obtaining more information about this permit application may contact the Southcentral Regional Office at (717) 705-4706. TDD users may contact the Department through the Pennsylvania AT&T Relay Service, (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401.

Contact: James A. Beach, New Source Review Chief—Telephone: 484-250-5920.

46-0027E: Janssen Research & Development LLC (1400 McKean Road, Springhouse, PA 19477) for the installation and operation of two dual fuel 21 MMBtu/hr each boilers and a 750-kW natural gas-fired emergency electric generator in Lower Gwynedd Township, **Montgomery County**. The company is a Research and development facility and currently operates under Title V Operating Permit No. 46-00027. The boilers are subject to 40 CFR part 63, subpart JJJJJJ and 40 CFR part 60, subpart Dc. The emergency electric generator is subject to the requirements NSPS in 40 CFR Part 60, Subpart JJJJ. The plan approval contains monitoring, recordkeeping, reporting, and work practice standards designed to keep the facility operating within all applicable air quality requirements.

15-0041C: Eastern Shore Natural Gas Company—Daleville Compressor Station (604 Street Rd., Cochranville, PA 19330) for the construction, installation, and operation of a new natural gas-fired reciprocating internal combustion engine for a natural gas compressor at their facility in Londonderry Township, **Chester County**.

The facility is a State-Only, Synthetic Minor facility. The existing permit limits the emissions of nitrogen

oxides (NO_x) and volatile organic compounds (VOC) from the facility to less than or equal to 24.9 tons per year on a 12-month rolling sum basis. The new natural gas-fired reciprocating internal combustion engine is subject to the requirements NSPS in 40 CFR Part 60, Subpart JJJJ.

The provisions of this plan approval will subsequently be incorporated into a State Only Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450. The Plan Approval will contain recordkeeping requirements and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481.

Contact: David Balog, New Source Review Chief—Telephone: 814-332-6328.

25-029D: Erie Coke Corporation (925 East Bay Drive, Erie, PA 16512), for the proposed installation of equipment designed to control emissions of VOC and HAPs from the open top of an existing process vessel called the Thionizer used in the Absorber/Thionizer Process Unit in Erie City, **Erie County**. This is a Title V facility. The public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450 or § 127.505, be incorporated into the facility operating permit at a later date.

Plan approval No 25-029D is for the proposed installation of equipment designed to control emissions of VOC and HAPs from the open top of an existing process vessel (Thionizer) used in the Absorber/Thionizer (AT) Process Unit (C805A). The estimated emissions will decrease by approximately 3.2 tpy of VOC from the Thionizer; however, the boilers will see a small emission increase of VOC of approximately 0.15 tpy. This Plan Approval will contain emission restriction, testing, recordkeeping, work practice standard and additional requirement conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate Best Available Technology (BAT) for the source including, but are not limited to, the following:

- Site Level Requirements
 - The permittee shall update the AIMs Inventory for VOC to match the information used in the PSD/NSR analysis. The update should include, at a minimum, the fugitive emissions associated with the Thionizer (C185A) for year 2014 to the present. If applicable, the permittee shall revise their AIMs Emission Fee submittals for those same years.
- Source 031 & 032 (Erie City Boiler 1 & 2)
 - The total projected actual emissions for Boilers 1 & 2 are as follows:
 - PM Filterable: 7.421 tpy based on a consecutive 12-month period
 - PM₁₀ Filterable: 7.421 tpy based on a consecutive 12-month period
 - PM_{2.5} Filterable: 7.421 tpy based on a consecutive 12-month period
 - PM Condensable: 2.266 tpy based on a consecutive 12-month period
 - PM₁₀: 9.687 tpy based on a consecutive 12-month period
 - PM_{2.5}: 9.687 tpy based on a consecutive 12-month period

- NO_x: 49.431 tpy based on a consecutive 12-month period
- SO_x: 37.389 tpy based on a consecutive 12-month period
- CO: 53.550 tpy based on a consecutive 12-month period
- VOC: 0.148 tpy based on a consecutive 12-month period
- CO₂(e): 21,292.1 tpy based on a consecutive 12-month period
- All conditions from the facility operating permit issued on March 27, 2013, for this source remain in effect unless modified in this plan approval.
- Control 805A (H₂S Absorber)
 - The Thionizer process vessel shall not operate unless the fabricated steel top cover, which has three 12-inch ports and incorporates 4 bolted-on and sealed, removable, clean-out covers, is in place. The clean-out covers shall not be opened during Thionizer operation.

In accordance with 25 Pa. Code § 127.44(f)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP (814) 332-6340.

In accordance with 25 Pa. Code § 127.44(f)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address and telephone number of the person submitting the comments, identification of the proposed plan approval [25-029D] and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut St., Meadville, PA 16335; Phone (814) 332-6940.

In accordance with 25 Pa. Code § 127.45, a person may oppose the proposed plan approval by filing a written protest with the Department's Northwest Region Air Quality Program Manager.

If a plan approval has not undergone the above public notice process, the change to an operating permit must be treated as a significant modification. In these situations, the Department should follow the procedures described in §§ 127.421 to 127.431 for State only operating permits or §§ 127.521 to 127.524 for Title V operating permits.

AMS IP16-000221: (City of Philadelphia—Dept. of Commerce—Division of Aviation—8800 Essington Ave, Philadelphia, PA 19153) for installation of one (1) emergency generator and five (5) boilers at its Philadelphia International Airport location. The emergency generator has a capacity of 200.5 kilowatts and is fueled by diesel fuel. Four (4) of the boilers are all fueled by natural gas and No. 2 Oil and have capacities of 6.277 MMBtu/hr or 5.230 MMBTU/hr. One (1) boiler is fueled only by natural gas and has a capacity of 2.088 MMBTU/hr.

The facility's potential emissions increase from the installation are as follows: 17.381 tons per year of Nitrogen Oxides (NO_x), 1.656 ton per year of Particulate Matter, 4.802 tons per year of Carbon Monoxide, and 15.479 tons per year of Sulfur Dioxide. The plan approval will contain operating, monitoring, recordkeeping, and reporting requirements to ensure operation within all applicable requirements.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401.

Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920.

23-00040: Laurel Pipe Line Company, L.P: (3398 Garnet Mine Road, Boothwyn, PA 19061-0917), located in Bethel Township, **Delaware County**. This action is the third renewal of the Title V Operating Permit. The permit was initially issued on 12/19/2001 and was renewed on 3/30/2007 and was subsequently renewed for a second time on 3/26/2012. The facility is a refined petroleum breakout station consisting of in-coming and out-going pipeline systems and aboveground breakout tanks. As a result of potential emissions of VOCs, the facility is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments, and is therefore subject to the Title V permitting requirements adopted in 25 Pa. Code Chapter 127, Subchapter G. The proposed Title V Operating Renewal does not reflect any change in air emissions from the facility. The facility is not subject to Compliance Assurance Monitoring (CAM) pursuant to 40 CFR Part 64.

The renewal contains all applicable requirements including monitoring, recordkeeping and reporting.

TV-65-00173 Summerill Tube Corporation (P.O. Box 302, 220 Franklin Street, Scottdale, PA 15683) In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department of Environmental Protection (DEP) is providing notice that it intends to issue a Title V Operating Permit renewal to Summerill Tube Corporation for their facility located in Scottdale Borough, **Westmoreland County**.

Summerill Tube Corporation is a specialty producer of stainless and other alloy steel tubing. The facility currently includes the following sources and controls:

Process Acid Dip Tank (Nitric and Hydrofluoric Acid), Finish Acid Dip Tank (Nitric and Hydrofluoric Acid), Degreasing Bath and Still (TCE Vapor Degreaser), Lubricant Coating Area (Toluene-containing Lubricant), Process Line Scrubber, Finish Line Scrubber. Misc. small natural gas-fired boilers (two 1.95 mmbtu/hr), cutting saws, parts washers, tanks, drying ovens, a wet abrasive polishing system, wastewater pretreatment, and groundwater treatment.

This facility has the potential emissions per year of the following type and quantity of air contaminants: 1.20 ton of carbon monoxide, 4.9 tons of nitrogen oxides, 0.5 ton of particulate matter, 0.01 ton of sulfur oxides, 49.4 tons of volatile organic compounds, 0.17 ton of nitric acid, 0.36 ton of hydrofluoric acid and 47.91 tons of HAPs. The emission restriction, testing, monitoring, recordkeeping, reporting and work practice conditions of the TVOP have been derived from the applicable requirements of 40 CFR Parts 60, 40 CFR Parts 63 and 25 Pa. Code Chapters 121—145.

A person may oppose the proposed Title V Operating Permit by filing a written protest with the Department through Noor Nahar via mail to Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222; email to nnaharr@pa.gov; or fax to 412.442.4194. Additional written comments may also be submitted. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Title V Operating Permit (TV-65-00173) and a concise statement of the objections to the Operating Permit issuance and the relevant facts upon which the objections are based.

Summerill Tube's Title V Operating Permit application, the Department's Air Quality Review Memorandum, and the Proposed Air Quality Operating Permit for this facility are available for review by any interested party at the Pennsylvania Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To request a review of the Summerill Tube's Title V Operating Permit application, to receive an electronic copy of the Department's Air Quality Review Memorandum, or to receive an electronic copy of the Department's proposed air Quality Operating Permit for this facility, a person may contact Noor Nahar at nnahar@pa.gov or 412.442.5225.

All comments must be received prior to the close of business 30 days after the date of this publication.

24-00127: National Fuel Gas Lamont Station (6363 Main Street, Williamsville, NY 14221) the Department intends to re-issue a Title V Operating Permit to the facility located in Jones Township, **Elk County**. This NFGS facility is part of a natural gas transmission system. The facility is a major stationary source as defined in Title I, Part D of the Clean Air Act Amendments due to the facility's potential to emit CO and NO_x. The facility is therefore subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapter G. The facility has five reciprocating internal combustion engines rated at 150 HP and one engine rated at 440 HP. These engines provide for the compression and transmission of natural gas. The facility also has two emergency generator engines rated at 108 HP. The facil-

ity has miscellaneous fuel burning equipment with a combined heat input of 0.96 mmbtu/hr. The station also has small storage tanks (for oil, glycol, drip fluids, etc.), fugitive emissions from component leaks, and two parts washers. The RICE are subject to 40 CFR 63 Subpart ZZZZ. The renewal permit also includes the presumptive NO_x RACT requirements for the engines (§ 129.97(c)(5)). The actual emissions reported by the facility for 2015 were 28.8 TPY CO, 72.1 TPY NO_x , 0.1 TPY PM_{10} , 0.01 TPY SO_x , and 33.2 TPY VOCs.

46-00220: Micro-Coax, Inc. (206 Jones Boulevard, Pottstown, PA 19464) for renewal of the operation of coaxial cable and electrometallurgical equipment at the manufacturing facility located in Limerick Township, **Montgomery County**. The renewal permit is for a non-Title V (State Only) facility. The facility caps volatile organic compounds (VOC) and hazardous air pollutants (HAP) to less than major source thresholds; therefore, the facility is a Synthetic Minor. The renewal permit also addresses a change of ownership from MCHC, Inc. (Tax ID 80-0263639) to Carlisle Interconnect Technologies (Tax ID 59-3177689), effective June 2016. The operator has not changed from Micro-Coax, Inc. (Tax ID 23-3011857). The permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

15-00142: Mars Drinks North America, LLC (1301 Wilson Drive, West Chester, PA) for its initial State Only Operating Permit for its facility in East Goshen Township, **Chester County**. Conditions from Plan Approval 15-0142 form the basis of this initial, minor facility Operating Permit. Major sources of pollution are a coffee roaster and associated equipment. Minor sources include a diesel fire pump (170 hp) and an emergency generator (350 kw), fired by diesel or No. 2 fuel oil. The fire pump and emergency generator are subject to the National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines, 40 CFR Part 63 Subpart ZZZZ. Otherwise, the sources are only subject to Commonwealth regulations.

Emissions of particulate matter (PM) from the coffee roaster and a cooler are controlled by cyclones and from a destoner and a briquetting press by fabric filters. Emissions of carbon monoxide (CO) and volatile organic compounds (VOC) from the coffee roaster are controlled by a catalytic oxidizer. The coffee roaster and oxidizer are fueled by natural gas. Allowable emissions from the coffee roasting operation in tons/year on a 12-month rolling basis are 0.83 VOC, 8.15 PM, 5.3 CO, 4.25 nitrogen oxides (NO_x) and 0.026 sulfur oxide (SO_2). The permittee shall monitor pressure and temperature across the catalyst bed to assure optimum operation of the oxidizer. The permittee shall keep records and meet work practice standards to minimize emissions and keep the facility operating within all applicable emission standards.

45-00017: Hanson Aggregates Pennsylvania LLC—Stroudsburg Quarry (7660 Imperial Way, Allentown, PA 18195-1016) The Department intends to issue a State-Only Operating Permit renewal for operation of a limestone mining operation in Hamilton Township, **Monroe County**. The sources include four (4) crushers. The crushers emissions are controlled by a wet suppression system and two (2) baghouses. The proposed operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

64-00006: Hanson Aggregates Pennsylvania LLC—Lake Ariel HMA Plant (7660 Imperial Way, Allentown, PA 18195-1016) The Department intends to issue a State-Only (Synthetic Minor) Operating Permit renewal for operation of an asphalt paving mixture and block manufacturing operation in Lake Township, **Wayne County**. The sources include a hot mix asphalt plant, two (2) hot oil heaters, and a reclaimed asphalt paving facility. The emissions are controlled by a knockout box and baghouse. The proposed operating permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

35-00056: P.A. Hutchison Company, Mayfield Plant (400 Penn Avenue, Mayfield, PA 18433-1813). The Department intends to issue a renewal State-Only Natural Minor Permit for this facility located in Mayfield, **Lackawanna County**.

The main sources at this facility consist Lithographic Printing Presses. The sources are considered minor emission sources of nitrogen oxide (NO_x), sulfur oxides (SO_x), carbon monoxide (CO), total suspended particulate (TSP) and VOC's. The proposed permit contains applicable requirements for emission limitations, work practice standards, testing, monitoring, recordkeeping, and reporting standards used to verify facility compliance with Federal and State air pollution regulations.

36-05065: Skyline Corporation (99 Horseshoe Road, Leola, PA 17540) to issue a State Only Operating Permit for the mobile home manufacturing plant located in Upper Leacock Township, **Lancaster County**. The potential emissions from the facility are estimated at 21.4 tpy of VOC and 2.1 tpy of total HAP. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations.

36-03152A: Wenger's Feed Mill, Inc. (101 West Harrisburg Avenue, Rheems, PA 17570) to issue a State-Only Operating Permit for their soybean processing plant in West Donegal Township, **Lancaster County**. Potential emissions from the facility are estimated to be 2.0 tpy of CO, 2.4 tpy NO_x , 8.5 tpy PM_{10} , & 0.1 tpy VOC. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations.

08-00014: Bishop Brothers Construction Company, Inc. (P.O. Box 289, Ulster, PA 18850) for issuance of a State-Only (Synthetic Minor) Operating Permit renewal for operation of its Wysox Plant facility located in Wysox Township, **Bradford County**. Bishop Brothers Construction Company, Inc. operates a 150 tph batch mix asphalt plant (Source ID P101), two 15,000-gallon asphalt storage tanks and one 10,000-gallon asphalt storage tank (Source ID P102), a 12,000-gallon fuel oil storage tank (Source ID P103), a batch concrete plant (Source ID P105), and an immersion parts washer (Source P106). This facility has the potential to emit 72.20 tons of carbon monoxide, 21.66 tons of nitrogen oxides, 74.86 tons of particulate matter (including particulate matter less than 10 microns and particulate matter less than 2.5 microns), 90.42 tons of sulfur oxides, 6.54 tons of volatile organic compounds, 1.39 ton of hazardous air pollutants, and 13,120.82 tons of CO₂e. The emission limits, throughput limitations and work practice standards along with testing, monitoring, record keeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. These operating permit conditions have been derived from the applicable requirements of 25 Pa. Code Chapters 121—145. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481.

10-00305: Harsco Minerals PA (359 North Pike Road, Sarver, PA 16055-8633) for a renewal of the Natural Minor Operating Permit to operate a steel making byproduct processing plant and stockpiling located in Winfield Township, **Butler County**. The emitting sources include a Hyway thermal fluid heating system, Truck travel (Paved & Unpaved Roads), Materials handling, Front-End loaders travel, Slag crushing, Wind erosion from storage piles, Slag skull screening, Holo-Flight aggregate dryer and Fluid Bed Dryer, and 100 TPH screening plant. The emission of pollutants from the facility are less than the Title V threshold-limits. Thus, the facility is natural minor. The potential PM, NO_x, CO, SO_x, and VOC emissions are 27.9 TPY, 10.52 TPY, 8.8 TPY, 0.06 TPY, and 0.58 TPY, respectively.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); The Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the

Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

There is no potable water supply intake within 10 miles downstream from the point of discharge. Renewal application received: February 6, 2017.

02020201 and NPDES Permit No. PA0250121. Robindale Energy Services, Inc. (226 Grange Hall Road, P.O. Box 228, Armagh, PA 15920). Revision application for land use change from unmanaged natural habitat to residential to an existing bituminous coal refuse reprocessing surface mine, located in Plum Borough, **Allegheny County**, affecting 172 acres. Receiving streams: unnamed tributary to Little Plum Creek and Little Plum Creek, classified for the following use: WWF. There is no potable water supply intake within 10 miles downstream from the point of discharge. Application received: February 9, 2017.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Parameter	Table 2		
	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900.

Permit No. 44170801. William Shafranich, 8782 Back Mountain Road, Milroy, PA 17063, commencement, operation, and restoration of a small noncoal (industrial minerals) operation in Armagh Township, **Mifflin County**, affecting 5.0 acres. Receiving streams: unnamed tributary to Laurel Creek and Honey Creek. Permit received: January 26, 2017.

Knox District Mining Office: P.O. Box 669, 310 Best Avenue, Knox, PA 16232-0669, 814-797-1191.

25122801. Groundwork Resource, LLC (8870 Baron Road, McKean, PA 16426) Renewal of existing NPDES No. PA0259128 in McKean Township, **Erie County**. Receiving streams: Unnamed tributary to Walnut Creek, classified for the following uses: HQ-CWF. There are no potable surface water supply intakes within 10 miles downstream. Application received: February 6, 2017.

10030302. Allegheny Mineral Corporation (P.O. Box 1022, Kittanning, PA 16201) Renewal of existing NPDES No. PA0242462 in Brady Township, **Butler County**. Receiving streams: Unnamed tributaries to Big Run, classified for the following uses: CWF. There are no potable surface water supply intakes within 10 miles downstream. Application received: February 6, 2017.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200.

4775SM18 and NPDES PA0116459. Hanson Aggregates Pennsylvania LLC (7660 Imperial Way, Allentown, PA 18195). NPDES renewal for continue operation and reclamation of a large noncoal surface mining site located in Marion Township, **Centre County** affecting 227.0 acres. Receiving stream(s): Nittany Creek. Application received: January 19, 2017.

14060301 and NPDES PA0256323. Glenn O. Hawbaker, Inc. (1952 Waddle Road, State College, PA 16803-1649). NPDES renewal and modification for continued operation and reclamation of a large noncoal surface mining site located in Rush Township, **Centre County** affecting 159.0 acres. Receiving stream(s): Unnamed Tributaries to Moshannon Creek. Application received: December 1, 2016.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*	greater than 6.0; less than 9.0		

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal NPDES Draft Permits

California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100.

NPDES No. PA0213527 (Mining Permit No. 30841317), Consol Pennsylvania Coal Company LLC, (1000 Consol Energy Drive, Canonsburg, PA 15317). A revision to the NPDES and mining activity permit for the Enlow Fork Mine in Richhill Township, **Greene County** and Morris Township, **Washington County** to add one (1) NPDES Outfall—037. Surface Acres Affected 83.1. Receiving stream: Unnamed Tributary 40906 to Ten Mile Creek, classified for the following use: TSF. The application was considered administratively complete on July 26, 2016. Application received March 11, 2016.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for coal mining activities.

Outfall 037 discharges to: UNT 40906 to Tenmile Creek

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Northeast Region: Waterways and Wetlands Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915, Telephone 570-826-2511.

E48-428A. City of Bethlehem, 10 East Church Street, Bethlehem, PA 18018, in City of Bethlehem, **Northampton County**, U.S. Army Corps of Engineers, Philadelphia District.

To amend Permit No. E48-428 which authorized the construction and maintenance of a stream restoration project in a 1,000-foot reach of Monocacy Creek (HQ-CWF, MF) with work consisting of:

1. removing existing floodway and floodplain structures;
2. modification of existing floodway check dams;
3. placement of in-stream random boulders;
4. plantings along the streambanks in floodway and floodplain;
5. placement of seven toe wood bank stabilization structures;
6. placement of five log sill structures
7. graded bankfull floodplain areas;
8. excavation and backfill in various areas of the channel and embankments;
9. placement of rock apron.

Modifications under this amendment include:

1. placement of a bank stabilization system and matting in lieu of previously approved toe wood bank stabilization structures;
2. placement of four rock cross vane weirs in lieu of log sill structures;
3. construction of temporary stream crossing consisting of a series of 36-inch diameter CMPs and clean rock fill;
4. and placement of a temporary rock filter in lieu of a rock apron.

The project is located in Illicks Mill Park and begins upstream of the intersection of Monocacy Creek Road and Illicks Mill Road (Catasauqua, PA Quadrangle, Latitude: 40°38'16"; Longitude: -75°22'25").

Northcentral Region: Waterways & Wetlands Program Manager, 208 West Third Street, Williamsport, PA 17701, 570-327-3636.

E14-577. Pennsylvania Department of Transportation, Engineering District 2-0, 70 PennDOT Drive, Clearfield, PA 16830. SR 3014, Section 152, Atherton Street Stream Enclosure Replacement over Big Hollow Run in Ferguson Township, **Centre County**, ACOE Baltimore District (Julian, PA Quadrangle; Latitude: 40°48'09"; Longitude -77°52'55").

PA DOT Engineering District 2-0 proposes to replace a Single Span Corrugated Metal Pipe Stream Enclosure with a 5.5 × 4.0 Single Cell Precast Concrete Box Culvert Stream Enclosure. The proposed Box Culvert Stream Enclosure will be located approximately Five Feet to the East of the existing structure. The existing stream enclosure has a span of 4.0 Ft., a skew of 27 degrees, an underclearance of 2.83 Ft., and a low chord of 1,087.52 Ft. and a hydraulic opening of 8.9 Ft². The proposed stream enclosure has a span of 5.5 Ft., a skew of 27 degrees, an underclearance of 3.0 Ft., and a low chord of 1,087.66 Ft. and a hydraulic opening of 16.5 Ft². The proposed structure will utilize R-6 Rip Rap, choked with native material for scour protection at the inlet and outlet. The existing stream enclosure is 105.8 Ft. long and the proposed stream enclosure is 108.0 Ft. long. The project will utilize half width construction to convey

traffic during construction. In addition, the project will include the replacement of a 36 inch pipe outfall and the rehabilitation of a 30 inch pipe outfall. The project will not impact any jurisdictional wetlands. Big Hollow Run is classified as a Cold Water Fishery by Title 25, Chapter 93 Water Quality Standards.

Southwest Region: Waterways & Wetlands Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E63-694, Plenary Walsh Keystone Partners, 2000 Cliff Mine Road, Park West Two, 3rd Floor, Pittsburgh, PA 15275, Amwell Township, **Washington County**, Pittsburgh ACOE District.

The applicant proposes to:

1. Remove an existing single-span, concrete (in place), arch deck-closed bridge (Span 103 feet, Length 27.3 feet, Under-clearance 20.5 feet) over Tenmile Creek (TSF),
2. Construct and maintain a replacement single-span, P/S concrete spread box beam bridge (Span 127 feet, Length 38.2 feet, Under-clearance 18.2 feet) over Tenmile Creek (TSF), which will permanently impact 117 linear feet of perennial, Tenmile Creek (aka Stream 1) and temporarily impact 175 linear feet of Stream 1,
3. Temporarily impact 41 linear feet of an intermittent unnamed tributary to Tenmile Creek (aka Stream 2),
4. Relocate 256 linear feet of an intermittent, unnamed tributary to Tenmile Creek (aka Stream 3) to a new channel that will be 396 linear feet long and temporarily impact 78 linear feet of Stream 3,
5. Temporarily impact 31 linear feet of an intermittent, unnamed tributary to Tenmile Creek (aka Stream 4),
6. Temporarily affect two PEM wetlands (0.031 acre of Wetland 1 and 0.002 acre of Wetland 2),

Cumulatively, the project proposes to permanently impact 373 linear feet of stream channel, temporarily impact 325 linear feet of stream channel, and temporarily impact 0.033 acre of PEM wetlands.

For the purposes of replacing the existing S.R. 0019 (Amity Ridge Road), Section 000 bridge, a structurally deficient structure over Tenmile Creek (TSF) which is located near the Amwell Township Ballpark (Amity, PA USGS Quadrangle, Latitude: 40° 1' 26"; Longitude: -80° 12' 19"; Sub-basin 19B; Pittsburgh ACOE District) in Amwell Township, Washington County.

E63-696, Plenary Walsh Keystone, 2000 Cliff Mine Road, Park West Two, 3rd Floor, Pittsburgh, PA 15275, Independence and Blaine Townships, **Washington County**, Pittsburgh ACOE District.

The applicant proposes to:

Remove the existing single-span reinforced concrete bridge (JV # 522) having a span of 41.54 feet with an underclearance of 13.33 feet (as measured from the center of the existing arch bridge) and to construct and maintain a single span concrete box beam bridge having a span of 76.5 feet with a minimum underclearance of 8.58 feet (as measured at abutment 1) across Brush Run (WWF) for the purpose of replacing an existing bridge and improving public transportation. The bridge is located on SR 0231, Section 000 just north from the confluence of Brush Creek and Buffalo Creek (West Middletown, PA Quadrangle, N: 12.9 inches; W: 10.2 inches; Latitude: 40°-11'-43.44"; Longitude: 80°-26'-53.16") in Independence and Blaine Townships, Washington County. The project as proposed will impact approximately 28.0 ft. of watercourse.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS The

Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the

Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted Under the Pennsylvania Sewage Facilities Act (35 P.S. § 750.5)

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
West Earl Township	157 West Metzler Road Brownstown, PA 17508	Lancaster

Plan Description: Approval of a revision to the official plan of West Earl Township, Lancaster County. The project is known as Conestoga View Sanitary Sewer Extension. The plan provides for completion of 10,000 linear feet of pressure sewers and associated grinder pumps for the Millway Road/Conestoga View area. Alternative 1 is to be completed by June 2018. Sewers will connect to the Cocalico Creek Road Pumping Station. This plan revision provides the detail needed to implement the Township's 537 Official Sewage Plan. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is A3-36959-201-3M and the APS Id is 932363. Any permits must be obtained in the name of the West Earl Sewer Authority.

Northwest Region: Clean Water Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Conewango Township	4 Firemans Street Warren, PA 16365	Warren

Plan Description: The approved plan provides for an evaluation of alternatives for both the headworks and the digesters at the North Warren Municipal Authority

wastewater treatment plant. It concludes with selecting the construction of a new headworks building containing two new fine screens and construction of two new aerobic digester tanks with conversion of the existing anaerobic digester to a sludge holding tank and construction of a digester equipment building. The North Warren Municipal Authority will obtain financing, design, construct, own, operate and maintain the facilities. The Department's review of the sewage facilities plan has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

SEWAGE FACILITIES ACT PLAN DISAPPROVAL

Plan Disapprovals Under the Pennsylvania Sewage Facilities Act

Southcentral Region: Clean Water Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. 717-705-4707.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Silver Spring Township	8 Flowers Dr. Mechanicsburg, PA 17050	Cumberland

Plan Description: The exemption request for the Glendale Estates Subdivision, DEP Code No. A3-21925-580-2E, APS Id 933238, is disapproved. The purpose of this subdivision is to create twenty-five new single family residential building lots to use onlot sewage disposal systems. The project is located along Glendale Drive, north of the junction with Wertzville Road. The application is denied because the areas of some of the proposed lots are not at least one acre in size, as required by Chapter 71, section 71.51b(1)(iv).

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Salisbury Township	5581 Old Philadelphia Pike Gap, PA 17527	Lancaster

Plan Description: The planning module for the Sam's Mechanical Subdivision, DEP Code No A3-36950-485-3E APS Id 931481, consisting of a proposed commercial lot served by public sewer and a remaining lot served by on lot sewage disposal is disapproved. The proposed development is located at on the south side of Lincoln Highway East just west of Mount Vernon Road in Salisbury Township and in Sadsbury Township, Lancaster County. This plan is disapproved because soils testing and completion of the on lot portion of the exemption request has not been completed for the lot using on lot disposal.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The report is intended to document remediation of the site to meet the Site Specific Standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

25-00971: Erie Plating Company (656 West 12th Street, Erie, PA 16501-1509) on February 10, 2017, the Department renewed the Natural Minor Permit to operate the electroplating, plating, anodizing and coloring facility. The facility's major emission sources include, a natural gas boiler rated at 16.7 mmbtu/hr, space heaters, chromic acid anodizing tank (controlled by a fume suppressant and mesh-pad mist eliminator), chrome plating tanks (controlled by a fume suppressant and a wet scrubber, a rotoblast, a sludge dryer, solution tanks [passivate] (controlled by a scrubber), dry polishing operation (controlled by a baghouses that exhausts indoors), a dip spin paint booth, nickel/copper plating (controlled by a scrubber), and electroless nickel plating (controlled by a scrubber). The facility is located in City of Erie, **Erie County**. The emission of the pollutants from the facility is less than Title V threshold limits and therefore the facility is a natural minor. The chrome anodizing pro-

cesses are subject to 40 CFR Part 63 Subpart N—NESHAPs from Hard and Decorative Electroplating and Chromium Anodizing Tanks. The nickel plating, electroless plating and dry polishing sources are subject to 40 CFR Part 63, Subpart WWWW—NESHAPs: Area Sources Standards for Plating and Polishing Operations. The facility replaced scrubber C102B with C102C during the term of the permit through a Request for Determination which exempted the construction from a plan approval. The Department is including a requirement for testing C102C. The facility also has an emergency generator that is subject to 40 CFR 63 Subpart ZZZZ. The permit contains the updated Federal requirements applicable to the sources, emission restrictions, monitoring requirements, record keeping requirements, work practice requirements, and additional requirements to demonstrate compliance with the previous plan approvals and the Air Pollution Control Act. The potential HAPs from the facility are less than 2 TPY. The criteria pollutants for the facility are each less than 1 TPY.

ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.20a). The final action on each application also constitutes action on the NPDES permit application and, if noted, the request for a Section 401 Water Quality Certification. Mining activity permits issued in response to applications will also address the application permitting requirements of the following statutes: the Air Quality Pollution Act (35 P.S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1002).

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

The following listed temporary and permanent impacts include both disturbances and direct and indirect impacts to watercourse, wetland, floodplain, and floodway resources, of which direct and indirect impacts will be compensated through site restoration or additional compensation as identified. The project impacts in Westmoreland County include a

total of 881 linear feet of temporary impacts to UNT's to Youghiogheny River (WWF-MF), UNT's to Little Sewickley Creek (TSF), Little Sewickley Creek (TSF), UNT's to Brush Creek (TSF), Brush Creek (TSF), UNT's to Sewickley Creek (WWF-MF), Sewickley Creek (WWF-MF), Beaver Run (HQ-CWF), UNT's to Beaver Run (HQ-CWF), UNT to Porters Run (HQ-CWF), Serviceberry Run (HQ-WWF), UNT's to Serviceberry Run (HQ-WWF), UNT's to Boatyard Run (CWF) a total of 6,802 linear feet of permanent impacts to Youghiogheny River (WWF-MF), UNT's to Youghiogheny River (WWF) (TSF-MF), UNT's to Pollock Run (WWF-MF), Pollock Run (WWF-MF), UNT's to Kelly Run (WWF-MF), UNT's to Little Sewickley Creek (TSF), Little Sewickley Creek (TSF), UNT's to Brush Creek (TSF), Brush Creek (TSF), UNT's to Bushy Run (TSF), Bushy Run (TSF), UNT's to Turtle Creek (TSF), Turtle Creek (TSF), UNT's to Sewickley Creek (WWF-MF), Sewickley Creek (WWF-MF), Beaver Run (HQ-CWF), UNT's to Beaver Run (HQ-CWF), UNT's to Loyalhanna Creek (WWF), UNT to Porters Run (HQ-CWF), Porters Run (HQ-CWF), UNT's to Conemaugh River (WWF) (CWF), Spruce Run (HQ-CWF), UNT's to Spruce Run (HQ-CWF), Serviceberry Run (HQ-WWF), UNT's to Serviceberry Run (HQ-WWF), Boatyard Run (CWF), UNT's to Boatyard Run (CWF) and 16.439 acres of floodway impacts, 0.793 acre of temporary impacts to PEM and PSS wetland(s) and 2.755 acres of permanent impacts to PEM, PSS, PUB, and PFO wetland(s). To compensate for the proposed permanent project impacts in Westmoreland County, the applicant is proposing the enhancement of 1.05 acre of an existing PEM wetland with tree plantings to create PFO replacement wetlands. The project impacts in this permit application are associated with a proposed transmission pipeline project extending approximately 306 miles in Pennsylvania between Chartiers Township, Washington County, PA and Marcus Hook Borough, Delaware County, PA.

For more detailed information regarding the Westmoreland County Chapter 105 permit application related to this project, which is available in the DEP regional office, please contact Rita A. Coleman (412) 442-4149 to request a file review.

Water Quality Certification under Section 401 of the Federal Clean Water Act for the PennEast Pipeline Project

Natural Gas Pipeline Project and Related Mitigation; FERC Doc. No. CP15-558-000; PADEP File No. WQ02-005

WQ02-005, PennEast Pipeline Company, LLC (Applicant), 1 Meridian Boulevard, Suite 2C01, Wyomissing, PA 19610, PennEast Pipeline Project (Project), in Dallas, Kingston, Jenkins, Plains and Bear Creek Townships, West Wyoming, Wyoming and Laflin Boroughs, **Luzerne County**, Kidder, Penn Forest, Towamensing and Lower Towamensing Townships, **Carbon County**, Lehigh, Moore, East Allen, Upper Nazareth, Lower Nazareth, Bethlehem, Lower Saucon, and Williams Townships, and Easton City, **Northampton County**, and Durham and Rieglesville Townships, **Bucks County**, Philadelphia and Baltimore District Corps of Engineers. The proposed project starts at a point at the Wyoming Pipeline Interconnect of the Energy Transfer Partners, L.P. pipeline (Kingston, PA Quadrangle N: 41°20'48.16", W: 75°56'43.42") and ends at a point under the Delaware River as it enters New Jersey (Rieglesville, PA Quadrangle N: 40°35'2.28", W: 75°11'35.43").

On September 24, 2015, Applicant filed an application with the Federal Energy Regulatory Commission (FERC)

under Section 7 of the Natural Gas Act (15 U.S.C.A. § 717f) seeking a Certificate of Public Convenience and Necessity to construct and operate its Project (FERC Docket No. CP 15-558-000). The FERC Environmental Assessment for the Project, when available, may be viewed on FERC's website at www.ferc.gov (search eLibrary; Docket Search; CP 15-558-000).

On February 9, 2016, Applicant requested a state water quality certification from the Pennsylvania Department of Environmental Protection (PADEP), as required by Section 401 of the Clean Water Act (33 U.S.C.A. § 1341), to ensure that the construction, operation and maintenance of the Project will protect water quality in Pennsylvania through compliance with State water quality standards and associated State law requirements, which are consistent with the requirements of the Clean Water Act.

The pipeline project is an approximate 78.2 mile long, 36-inch diameter pipeline for the purpose of transporting natural gas, beginning at a point at the Wyoming Pipeline Interconnect of the Energy Transfer Partners, L.P. pipeline (Kingston, PA Quadrangle N: 41°20'48.16", W: 75°56'43.42") crossing Dallas, Kingston, Jenkins, Plains and Bear Creek Townships, West Wyoming, Wyoming and Laflin Boroughs, Luzerne County; Kidder, Penn Forest, Towamensing and Lower Towamensing Townships, Carbon County; Lehigh, Moore, East Allen, Upper Nazareth, Lower Nazareth, Bethlehem, Lower Saucon, and Williams Townships, and Easton City, Northampton County; and Durham and Rieglesville Townships, Bucks County, ending at a point under the Delaware River as it enters New Jersey (Rieglesville, PA Quadrangle N: 40°35'2.28", W: 75°11'35.43"). The project includes an approximate 2.1-mile-long lateral, known as the Hellertown lateral consisting of 24-inch pipeline located in Lower Saucon Township, Northampton County and will serve as an interconnect with Columbia Gas Transmission, LLC and UGI Utilities, Inc. The project will require 1,646.2 acres for temporary workspace and permanent easement, 67.3 acres of floodway impacts, 22.45 acres of wetland impacts with 7.43 acres of scrub shrub and forested wetland conversion to emergent wetlands and 17,905 linear feet of stream impacts. The project will also include pig launcher and receiver facilities, meter stations, compressor stations, mainline valves, access roads and contractor yards.

PADEP published notice of its proposed state water quality certification in 46 Pa.B. 2428 (May 14, 2016) and 46 Pa.B. 5591 (August 27, 2016) and received comments from the public. PADEP has reviewed the comments received.

PADEP certifies that the construction, operation and maintenance of the Project will not violate applicable State water quality standards set forth in 25 Pa. Code Chapters 16, 93, and 105, provided that the construction, operation, and maintenance of the Project complies with the following conditions of this certification, including the criteria and conditions of the following permits:

1. *Discharge Permit*—PennEast Pipeline Company, LLC shall obtain and comply with a PADEP National Pollutant Discharge Elimination System (NPDES) permit for the discharge of water from the hydrostatic testing of the pipeline pursuant to Pennsylvania's Clean Streams Law (35 P.S. §§ 691.1—691.1001) and all applicable implementing regulations (25 Pa. Code Chapter 92a).

2. *Erosion and Sediment Control Permit*—PennEast Pipeline Company, LLC shall obtain and comply with PADEP's Chapter 102 Erosion and Sediment Control General Permit for Earth Disturbance Associated with Oil

and Gas Exploration, Production, Processing or Treatment issued pursuant to Pennsylvania's Clean Streams Law and Storm Water Management Act (32 P.S. §§ 680.1—680.17) and all applicable implementing regulations (25 Pa. Code Chapter 102).

3. *Water Obstruction and Encroachment Permits*—PennEast Pipeline Company, LLC shall obtain and comply with a PADEP Chapter 105 Water Obstruction and Encroachment Permit for the construction, operation and maintenance of all water obstructions and encroachments associated with the project pursuant to Pennsylvania's Clean Streams Law, Dam Safety and Encroachments Act (32 P.S. §§ 673.1—693.27), and Flood Plain Management Act (32 P.S. §§ 679.101—679.601.) and all applicable implementing regulations (25 Pa. Code Chapter 105).

4. *Water Quality Monitoring*—PADEP retains the right to specify additional studies or monitoring to ensure that the receiving water quality is not adversely impacted by any operational and construction process that may be employed by PennEast Pipeline Company, LLC.

5. *Operation*—For each Project under this certification, PennEast Pipeline Company, LLC shall at all times properly operate and maintain all Project facilities and systems of treatment and control (and related appurtenances) which are installed to achieve compliance with the terms and conditions of this Certification and all required permits. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by PennEast Pipeline Company, LLC.

6. *Inspection*—The Project, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of PADEP to determine compliance with this Certification, including all required permits, and Pennsylvania's Water Quality Standards. A copy of this Certification shall be available for inspection by the PADEP during such inspections of the Project.

7. *Transfer of Project*—If PennEast Pipeline Company, LLC intends to transfer any legal or equitable interest in the Project which is affected by this Certification, PennEast Pipeline Company, LLC shall serve a copy of this Certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the PADEP Regional Office of such intent. Notice to PADEP shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of Certification responsibility, coverage, and liability between them.

8. *Correspondence*—All correspondence with and submittals to PADEP concerning this Certification shall be addressed to the Department of Environmental Protection, Northeast Regional Office, Waterways and Wetlands Program, 2 Public Square, Wilkes-Barre, PA 18701-1915.

9. *Reservation of Rights*—PADEP may suspend or revoke this Certification if it determines that PennEast Pipeline Company, LLC has not complied with the terms and conditions of this Certification. PADEP may require additional measures to achieve compliance with applicable law, subject to PennEast Pipeline Company, LLC's applicable procedural and substantive rights.

10. *Other Laws*—Nothing in this Certification shall be construed to preclude the institution of any legal action or relieve PennEast Pipeline Company, LLC from any re-

sponsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

11. *Severability*—The provisions of this Certification are severable and should any provision of this Certification be declared invalid or unenforceable, the remainder of the Certification shall not be affected thereby.

Any person aggrieved by this action may file a petition for review pursuant to Section 19(d) of the Federal Natural Gas Act, 15 U.S.C.A. § 717r(d), with the Office of the Clerk, United States Court of Appeals for the Third Circuit, 21400 U.S. Courthouse, 601 Market Street, Philadelphia, PA 19106-1790 within 30 days of publication of this notice, or within 30 days of receipt of written notice of this action, whichever occurs first. Important legal rights are at stake, so you should show this document to a lawyer at once.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The Department received a Notice of Intent (NOI) for coverage under the Department's ESCGP-2 general permit for this project. The Department published notice at 46 Pa.B. 4892 (August 6, 2016) that the NOI was under technical review. The Permit Number assigned to the NOI at that time was ESG0500015001. A 30-day public comment period was provided, which ended on September 6, 2016. Following the comment period, the Department determined that stormwater discharges associated with the proposed earth disturbances would be more appropriately controlled through an individual E&S permit, and the NOI and supporting materials that were submitted by the applicant were adequate to prepare an individual E&S permit.

The Department received a Notice of Intent (NOI) for coverage under the Department's ESCGP-2 general permit for this project. The Department published notice at 46 Pa.B. 4892 (August 6, 2016) that the NOI was under technical review. The Permit Number assigned to the NOI at that time was ESG0300015002. A 30-day public comment period was provided, which ended on September 6, 2016. Following the comment period, the Department determined that stormwater discharges associated with the proposed earth disturbances would be more appropriately controlled through an individual E&S permit, and the NOI and supporting materials that were submitted by the applicant were adequate to prepare an individual E&S permit.

SPECIAL NOTICES

Air Quality; Alternative Compliance Schedule for Case-by-Case RACT 2 Implementation

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110.

Contact: Thomas Hanlon, Facilities Permitting Chief, 717-705-4862, Virendra Trivedi, New Source Review Chief, 717-705-4863, or William Weaver, Regional Air Quality Manager, 717-705-4702.

06-05036C: Novipax, LLC (4275 Reading Crest Avenue, Reading, PA 19605) On December 29, 2016, DEP approved Novipax's October 24, 2016 petition for an alternative compliance schedule for case-by-case RACT 2 implementation at the polystyrene foam product manufacturing facility located in Muhlenberg Township, **Berks County**. Novipax proposed the use of a non-VOC blowing agent to limit pentane content of foam products in all seven extruders at their Reading facility. This will involve the installation of additional equipment (e.g. piping, pumps, controls) on Extruder 250, as well as extensive product testing for all extruders, in order to implement the proposed RACT plan. In order to implement this project Novipax requested the following alternative compliance schedule:

- 1.) until 1/1/18 for Extruders 260, 230, 222, 217, 270 and 290, for the increased use of non-VOC blowing agent, to include product testing.
- 2.) until 57 weeks after Final Plan Approval and completion of the appropriate public notice and comment period, for the Extruder 250, to include obtaining plan approval, equipment installation and product testing.
- 3.) upon issuance of the Final Plan Approval for a proposed reduction in annual VOC limit from 711 tpy to 650 tpy.

Between the initial compliance date of 1/1/17 and the completion of modifications and product testing noted above, the facility would comply 1.) with an interim

facility VOC limit of 650 tpy, inclusive of all seven extruders, and 2.) with a 4.1% pentane content limit on all foam products produced from Extruders 260, 230, 222, and 217 with a basis weight of 8.0 g/60 sq. in. or greater.

DEP approved the petition for alternative compliance schedule, as described above, with the following caveats: 1.) the final compliance date shall be no later than 3 years after December 29, 2016, and 2.) the petition approval is contingent upon future DEP approval of the case-by-case RACT proposal contained in Plan Approval Application No. 06-05036C, as proposed by Novipax.

Conditional State Water Quality Certification for the Gray's Landing Lock and Dam Hydroelectric Project, FERC Project No. 13763

On February 27, 2014, FFP Missouri 13, LLC (Applicant) filed an application with the Federal Energy Regulatory Commission (FERC) for a license to construct and operate a 12-megawatt (MW) hydropower facility at the Gray's Landing Lock and Dam, owned and operated by the U.S. Army Corps of Engineers (Corps), on the Monongahela River, at river mile 82.0, in Greene and Fayette Counties, Pennsylvania (Project). The Applicant is required pursuant to section 401(a) of the Federal Clean Water Act (act) (33 U.S.C.A. § 1341(a)) to provide FERC with certification from the Commonwealth of Pennsylvania (Commonwealth) that any discharge from the Project to waters of the Commonwealth will comply with provisions of the act relating to water quality standards, and necessary measures to achieve and maintain those standards. The Commonwealth has established such standards and programs to achieve and maintain them under State law, which have been approved by the U.S. Environmental Protection Agency as consistent with the applicable provisions of the act. The Pennsylvania Department of Environmental Protection (Department) administers the Commonwealth's water quality standards programs under State law, and is responsible for the review of requests from applicants for water quality certification made pursuant to section 401 of the act.

On February 10, 2016, Applicant requested a State water quality certification from the Department, as required by Section 401 of CWA (33 U.S.C.A. § 1341), to ensure that the construction, operation and maintenance of the Project will protect water quality in Pennsylvania through compliance with State water quality standards and associated State law requirements, which are consistent with CWA requirements.

On September 22, 2016, Rye Development, LLC provided the Department with a complete application for State Water Quality Certification, including an Environmental Assessment for the Project, on behalf of the Applicant. The Project would consist of a new, approximately 300-foot-long intake channel to be excavated from the river to a concrete intake structure that would convey flows past a trash rack with 3-inch clear bar spacing, to a new concrete, 150-long powerhouse that would be built on the east bank, adjacent to the river. The powerhouse would house two (2) horizontal pit Kaplan turbine generator units with a combined capacity of 12 MW. Flows would exit the powerhouse into an approximately 250-foot-long, new tailrace that will join the river. The tailrace will be bordered by a new concrete retaining wall or a combination of retaining wall and riprap as appropriate. Variable high crest gates would be installed on the existing dam. Project power would be transmitted from the powerhouse to a new 40' x 40' project substation, and

then from the new substation to an existing transmission line, with a 9,965-foot-long, 69-kilovolt overhead transmission line.

The Department published notice of its proposed State water quality certification at 46 Pa.B. 7543 (December 3, 2016), and received zero comments from the public.

By this notice, the Department certifies that the construction, operation and maintenance of the Project complies with the applicable provisions of sections 301—303, 306 and 307 of CWA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and will not violate the Commonwealth's water quality standards set forth in 25 Pa. Code Chapter 93, provided that the construction, operation and maintenance of the Project complies with the conditions for this certification as listed below, and the terms and conditions of the State law permits required to demonstrate compliance with Pennsylvania's Water Quality Standards:

1. *Conditional State Water Quality Certification*—This conditional State water quality certification is based upon the information that is available, to date, due to the FERC licensing process, and is granted with the understanding that the applicant will be submitting a final Environmental Assessment (EA) to the Department, to be reviewed and approved by the Department, prior to the start of construction. Within its final EA, the Applicant shall also provide written documentation that it has complied with each of the conditions within this Conditional Water Quality Certification. This final EA shall be submitted to the Department at the same time that the Applicant submits its application to the U.S. Army Corps of Engineers (USACE or Corps) for a Section 404 Permit, to facilitate a coordinated review between the Department and USACE. The final EA that is submitted to the Department must be developed from final design plans, specifications and reports.

2. *Erosion and Sediment Control*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 102. The Applicant shall obtain and comply with an NPDES permit from the Department for the discharge of stormwater if the earth disturbance activities associated with the Project will result in a total disturbance equal to or greater than 1 acre. Earth disturbance activities associated with discharging dredged or fill material from the Project to waters of the United States which require permit coverage under Section 404 of CWA (33 U.S.C.A. § 1344) need not obtain an additional NPDES Permit from the Department for earth disturbance activities covered by the Section 404 permit. The Applicant shall submit final detailed erosion and sediment control and post construction stormwater management plans for all Project activities to the Department and County Conservation District for their review and approval prior to commencement of construction. Specific guidance on the requirements of the NPDES Permit for Stormwater Discharges Associated with Construction Activities can be obtained from the County Conservation District or the DEP Regional Office.

3. *Water Obstruction and Encroachment Permit*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 105 relating to dam safety and waterway management. The Applicant shall obtain, from the Department, and comply with Chapter 105 Water Obstruction and Encroachment Permit(s) (WO&EP), for the construction, operation and maintenance of any water obstruction or encroachment associated with the Project that is outside the scope of work licensed under the Federal Power Act, pursuant to the Clean Streams Law (35 P.S. §§ 691.1—691.1001), Dam Safety and Encroach-

ments Act (32 P.S. §§ 673.1—693.27), and Flood Plain Management Act (32 P.S. §§ 679.101—679.601.), and all applicable implementing regulations.

4. *Submerged Lands License Agreement*—The Applicant shall obtain, from the Department, and comply with a Submerged Lands License Agreement, pursuant to Section 15 of the Dam Safety and Encroachments Act, 32 P.S. § 693.15, to occupy submerged lands of the Commonwealth in navigable waters as necessary to construct, operate and maintain the Project.

5. *Water Resource Planning Act Registration*—In accordance with the Pennsylvania Water Resources Planning Act, 27 Pa.C.S. § 3118, and the regulations thereunder, 25 Pa. Code Chapter 110, the Applicant must register the hydropower facility with the Department, and report water usage to the Department, annually.

6. *Limited Power Permit*—The Applicant shall obtain and comply with a permit from the Department as required by the Water Power and Water Supply Permits Act, Act of June 14, 1923, 32 P.S. §§ 591—625, related to the construction of a power dam or for a “change in stream” to develop power. The Applicant shall submit an application for this permit to the Department on the form available from the Department.

7. *Water Quality Monitoring*—During final design, the Applicant shall develop a water quality monitoring plan, to be implemented during the construction and operation of this project, and shall submit this plan to the Department for review and approval, prior to the start of construction, to ensure that the receiving water quality is not adversely impacted by the Applicant's construction, operation or maintenance of the Project. This water quality monitoring plan shall include adequate provisions to ensure that monitoring will assess any potential cumulative effect upon water quality, from the operation of all the currently proposed hydroelectric projects, within the greater Pittsburgh region. Thereafter, Applicant shall submit the results of the water quality monitoring to the Department and the USACE, along with suggested modifications in the operation or maintenance of the Project for inclusion in the adaptive management plan, should adverse impacts to water quality result from the project. The Department retains the right to specify additional studies or monitoring to ensure that the receiving water quality is not adversely impacted by the Applicant's construction, operation or maintenance of the Project.

8. *Operating Plan and Adaptive Management Plan*—The applicant will be developing an operating plan, Memorandum of Agreement, and an adaptive management plan with the USACE. Applicant will submit these plans to the Department for review and approval, prior to the start of construction, to evaluate potential effects of these plans upon, and compliance with, State water quality standards.

9. *Final Project Design Development*—Applicant has indicated that potential fish protection measures for the Project will be further addressed in the final design as detailed engineering is undertaken. Accordingly, during final design, applicant shall evaluate alternative designs for the proposed Project that may have the potential to reduce expected fish entrainment and mortality, such as, but not limited to, reducing and/or modifying the proposed 3-inch trash rack spacing, intake channel design, or other alternative designs, pursuant to Section 105.14(b)(4) and (6) of the Department's regulations, 25 Pa. Code § 105.13(e)(1)(viii) and § 105.14(b)(4) and (6). This alternatives analysis shall be included in the Applicant's final

EA, to be submitted to the Department for review and approval, prior to the start of construction. The final design shall also take into account the cumulative impact evaluations associated with conditions (10), (11), (12).

10. *Cumulative Impacts to Fish Populations*—Since the project is one of several, currently proposed hydroelectric projects on the Ohio, Monongahela and Allegheny Rivers within the greater Pittsburgh area river basins, the applicant, during final design, shall further evaluate the cumulative impacts from these hydroelectric projects, upon area fish populations, due to expected fish entrainment and mortality. Applicant shall include this evaluation in its final EA, to be submitted to the Department for review and approval, prior to the start of construction.

11. *Cumulative Impacts to Mussel Populations*—Since the Project is one of several currently proposed hydroelectric projects on the Ohio, Monongahela and Allegheny Rivers within the greater Pittsburgh area river basins, the applicant shall further evaluate, during final design, the cumulative impacts from these hydroelectric projects, upon local mussel populations, due to potential unavailability of host fish from expected fish entrainment and mortality. Applicant shall include this evaluation in its final EA, to be submitted to the Department for review and approval, prior to the start of construction.

12. *Cumulative Impacts to Riverine Habitat and Food Chain*—Since the project is one of several, currently proposed hydroelectric projects on the Ohio, Monongahela and Allegheny Rivers within the greater Pittsburgh area river basins, and since the development of locks and dams for navigation has compressed the flowing water habitat within these rivers to tailrace areas below these dams, the Applicant, during final design, shall further evaluate the cumulative impacts from these hydroelectric projects, upon riverine habitat and the food chain, within the three (3) river basins. Applicant shall include this evaluation in its final EA, to be submitted to the Department for review and approval, prior to the start of construction.

13. *Minimum By-pass Flows*—Applicant has proposed variable, minimum by-pass flows, on a monthly basis, through the proposed crest gates; however, during the final design, Applicant shall further evaluate the amount of by-pass flows necessary for the purposes of protection of public health, water quality control, conservation of fisheries, and aquatic habitat, improvement of recreation, and protection of instream and downstream water uses. Since the Applicant's model simulations indicate that dissolved oxygen levels, in particular during average and dry hydrology years, will be reduced by the operation of the proposed hydropower facility, the Applicant shall consider within its evaluation whether year-round by-pass flows, increased by-pass flow volumes, and/or aeration equipment are needed to maintain State water quality standards. Applicant shall provide this evaluation to the Department, within its final EA, for the Department's review and approval, prior to the start of construction. By-pass flows shall be provided across the length of the dam.

14. *Effect on Pool Elevation*—Applicant has indicated that the Project will affect the pool elevation behind the existing lock and dam structure. Accordingly, during the final design, Applicant shall further investigate and quantify any changes in pool elevation, as a result of this Project. In addition, Applicant shall evaluate potential threats from the identified change in pool elevation, which shall include but not be limited to, threats to property, riparian rights, existing wetlands and other aquatic habitats, and fishing access. Applicant shall in-

clude its investigation and evaluation in its final EA, to be submitted to the Department, for review and approval, prior to the start of construction.

15. *Aids to Navigation (ATON) Plan*—Applicant shall develop an ATON Plan, to avoid or minimize impacts to recreational boating. This plan must be reviewed and approved by the PA Fish and Boat Commission (PFBC), prior to the start of construction. Please contact the PA Fish and Boat Commission, PO Box 67000, Harrisburg, PA 17106, regarding the requirements for an ATON Plan.

16. *Hydraulic Modeling*—Applicant shall provide estimates of flood frequencies and flood flows at the site of the proposed raceway, which could include additional hydraulic modeling. The estimates of flood frequencies and flood flows, or the results of any additional hydraulic modeling, shall be included in the applicant's final EA that is to be submitted to the Department, for the Department to review and approve, prior to the start of construction. If additional hydraulic modeling is undertaken, the applicant shall use the results of the additional hydraulic modeling to further evaluate potential impacts to fish, freshwater mussels, and aquatic habitat, within the project area, and any other potential impacts that may be identified during the Department's review of the Applicant's final EA. Alternative designs may need to be considered, to avoid or minimize any adverse environmental impacts that may be identified from this additional modeling and/or additional evaluations for impacts. Mitigation may be required to compensate for any adverse environmental impacts that cannot be avoided. The development of these site-specific hydraulic studies should be coordinated with the Department and the PA Fish and Boat Commission, before conducting them.

17. *Wetland Delineation*—Applicant has indicated that the proposed transmission line was not included within its original survey corridor. Accordingly, Applicant shall identify the regulated Waters of the Commonwealth (i.e. watercourses, floodways, and bodies of water, including wetlands) on the site. The wetlands shall be identified and delineated in accordance with the Department's Wetland Delineation Policy. The Applicant shall include this information within its final EA to be submitted to the Department, for review and approval, prior to the start of construction. If the proposed transmission line will impact any watercourse, floodway, and/or bodies of water, including wetlands, the Applicant may need to submit applications for, and obtain, Water Obstruction and Encroachment Permits, from the Department, prior to the start of construction.

18. *Programmatic Agreement*—The PA Historical and Museum Commission (PHMC) has determined that FERC's issuance of an original license to FFP Missouri 13, LLC to construct, operate, and maintain the Gray's Landing Lock and Dam Hydroelectric Project may affect properties included in or eligible for inclusion in the National Register of Historic Places. Accordingly, Applicant shall work with PHMC in the creation of a mitigation plan to protect this structure, which may include the Applicant complying with a Final Programmatic Agreement Between the Federal Energy Regulatory Commission and the Pennsylvania State Historic Preservation Office for Managing Historic Properties that may be Affected by Issuing an Original License to FFP Missouri 13, LLC for the Construction, Operation, and Maintenance of the Gray's Landing Lock and Dam Hydroelectric Project Located in Greene and Fayette Counties, Pennsylvania (FERC No. 13763-002).

19. *Riparian Property*—Within its final EA, Applicant shall submit evidence that it has obtained notarized and signed releases, or has acquired rights of occupancy and use other than fee title, from the owners of any affected riparian property. This conditional water quality certification does not convey any real property rights or interests or authorization to trespass on privately-owned riparian land.

20. *Corps Authorization*—This conditional water quality certification does not relieve the Applicant of the responsibility to obtain any applicable approval/permit from the District Engineer, Pittsburgh District, U.S. Army Corps of Engineers, Room 1817 Federal Building, 1000 Liberty Avenue, Pittsburgh, PA 15222, under Section 10 of the Rivers and Harbor Act or Section 404 of the Clean Water Act of 1977.

21. *Fish and Mussel Surveys and Mitigation*—At a minimum, fish and mussel surveys shall be conducted three (3) years after project construction, to evaluate the project's impact to fish and mussel species in the project area. The plans for these surveys shall be included within the Applicant's final EA, for the Department's review and approval. In addition, the results of these surveys shall be submitted to the Department for review, within 60 days of completion of these surveys. If the results of these surveys indicate an adverse environmental impact to fish and mussels in the project area, Applicant shall develop a remediation plan to eliminate or reduce the adverse environmental impact. In addition, the applicant may have to provide compensation for the adverse environmental impact.

22. *Cumulative Environmental Impact Assessment*—The Project is one of several, currently proposed hydroelectric projects in the Ohio, Monongahela, and Allegheny Rivers, within the greater Pittsburgh area river basins. Fish species, such as walleye, smallmouth bass, darters, etc., inhabit the area that can exhibit some migratory behavior, and could pass through multiple hydroelectric projects. In addition, the Applicant's Fish Entrainment Study reports mortality to fish species, such as catfish, drum, darters and bass, that are more likely to be host fish that are important to mussel propagation. Accordingly, Applicant shall develop a plan to conduct fish and mussel surveys, after the construction of all, or at least 50%, of the currently proposed hydroelectric projects, to evaluate the potential for cumulative impacts to area fish and mussel populations. This plan shall be included with the Applicant's final EA, for the Department's review and approval. If the results of these surveys indicate an adverse environmental impact to fish and mussels in the project area, Applicant shall develop a remediation plan to eliminate or reduce the adverse environmental impact. In addition, the Applicant may have to provide compensation for the adverse environmental impact.

23. *Clean Water Program Coordination*—Applicant shall evaluate the cumulative impacts of lowering Dissolved Oxygen (DO) concentration below existing levels on overall water quality. This analysis shall include an evaluation of the effects of lower DO levels on other dischargers, whose dissolved oxygen analysis could be impacted by any reduction in DO due to the proposed project. The Applicant shall include, within its final EA to be submitted to the Department, a full analysis depicting the pre- and post-construction dissolved oxygen using a Q7-10 flow, and achieving a 7-day average of 5.5 mg/l and a minimum of 5.0 mg/l at the project site, and all points potentially impacted downstream of the project, in accord-

ance with The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the regulations promulgated thereunder, and 25 Pa. Code § 93.7.

24. *Water Quality Requirements*—The project must maintain the applicable water quality standard of a 7-day average DO concentration of 5.5 mg/l and a minimum DO concentration of 5.0 mg/l, at Q7-10 low flow conditions, unless the analysis required by the preceding condition indicates that a higher DO level is needed to maintain the DO water quality standard within the Maxwell Pool, given consideration of all existing, permitted dischargers currently within the pool in accordance with The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the regulations promulgated thereunder.

25. *Stream and Habitat Mitigation*—Since the Project will impact approximately 1.2 acre of riverine habitat, Applicant shall include, within its final EA to be submitted to the Department, a plan to mitigate for this impact to riverine habitat, for the Department's review and approval, prior to the start of construction.

26. *Fishing Access*—During final design, Applicant shall develop a plan to compensate for lost recreational fishing by providing angler access that is comparable to, or better than, current conditions. Applicant shall consider providing angler access that is close to normal water surface elevations and the water's edge, and adequately compensate for the footage of fishing access lost.

27. *Boater Safety*—During final design, Applicant shall evaluate the potential for velocity changes within the river channel, from the hydroelectric project discharge, to affect navigation and boaters in the vicinity of docks and/or barge mooring areas that are located below the Gray's Landing Lock & Dam structure. Accordingly, in its final EA, Applicant shall provide to the Department, and to the owner(s)/operator(s) of the docks and/or barge mooring areas, an analysis of the effect that the increased velocities might have on barge and/or boat safety, and on barge operators and boaters, and on the docks and mooring areas, below the dam. This analysis shall be completed by a hydrologist. In addition, Applicant shall provide a letter from the owner(s)/operator(s) of the docks and/or mooring areas, commenting on this analysis.

28. *Fish Mitigation*—Since the project will impact fish, Applicant shall include, within its final EA to be submitted to the Department, a mitigation plan to compensate for this environmental impact, for the Department's review and approval, prior to the start of construction.

29. *Fish and Mussel Salvage*—Applicant shall further develop its fish and mussel salvage plan to safely remove fishes and mussels from the project area that would otherwise be trapped behind the proposed coffer dams during the dewatering process. These fish and mussels should be relocated to areas outside of the project area. The Applicant shall include this salvage plan within its final EA, to be reviewed and approved by the Department, prior to the start of construction.

30. *River Sediment Testing*—Applicant shall manage dredge material removed from the river in accordance with the Solid Waste Management Act, Act of July 7, 1980, P.L. 380, No. 97, as amended, 35 P.S. §§ 6018.101—6018.1003 ("Solid Waste Management Act") and regulations promulgated thereunder. Permittee should contact the Facilities Chief, Waste Management Program, Southwest Regional Office, with questions regarding this requirement. The project shall be consistent with the Department's Management of Fill policy and the analytic requirements therein. If the testing reveals that the

dredged material exceeds the requirements for unrestricted use as clean fill, then the Applicant shall arrange for off-site disposal of the dredged sediments, after applying for and obtaining approval from the Department's Waste Management Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

31. *Threatened, Endangered and Special Concern Species*—The results obtained from utilizing the Pennsylvania Natural Diversity Inventory's Pennsylvania Natural Diversity Inventory (PNDI), and any determinations received from an appropriate jurisdictional agency during any associated consultations, are valid only for 2 years. Accordingly, Applicant must include new PNDI search results within its final EA, along with evidence of any necessary follow-up with the appropriate jurisdictional agency(s). In addition, PNDI search results and clearances must be current and valid, prior to the start of construction.

32. *PNDI Avoidance Measure*—Three state-listed plant species (tooth-cup/*Rotala ramosior*—PA Rare; scarlet ammannia/*Ammannia coccinea*—proposed PA Threatened; and hooded arrowhead/*Sagittaria calycina* var. *calycina*—potential new State record) were identified within an emergent, fringe wetland, along the Monongahela River. In addition, sourwood (*Oxydendrum arboreum*—proposed PA Rare) was identified at two (2) locations along the project corridor. Applicant shall avoid directly impacting the mapped locations of these species, and shall maintain a buffer of 50 feet or greater from these sensitive areas. The applicant shall incorporate these avoidance measures into its final design, which is to be included within its final EA, to be submitted to the Department, for review and approval, prior to the start of construction. If these avoidance measures cannot be implemented, then the applicant must consult with the Department, and the PA Department of Conservation and Natural Resources, regarding additional avoidance and mitigation measures that may be required, to avoid or minimize impacts to these species.

33. *Geotechnical Testing*—If a temporary road, drilling platform or other structure is needed to conduct any core boring drilling operations or geotechnical testing, within the Commonwealth's waterways, Applicant shall obtain a permit(s) or other authorization(s) from the Department, prior to conducting any core boring drilling operations or geotechnical testing.

34. *Preparedness, Prevention and Contingency Plan*—The Applicant shall develop and maintain on site a Preparedness, Prevention and Contingency Plan (PPC Plan) for any project activities utilizing pollutants, pursuant to Section 91.34 of the regulations, 25 Pa. Code § 91.34. The PPC Plan shall be developed in accordance with the "Guidelines for the Development and Implementation of Environmental Emergency Response Plans" which can be found at: <http://www.elibrary.dep.state.pa.us/dsweb/Get/Document-48522/400-2200-001.pdf>.

35. *Operation*—The Applicant shall at all times properly operate and maintain all Project facilities and systems of treatment and control and related appurtenances which are installed to achieve compliance with the terms and conditions of this State Water Quality Certification and all required permits, authorizations and approvals. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by the Applicant.

36. *Inspection*—The Project, including all relevant records, are subject to inspection at reasonable hours and

intervals by an authorized representative of the Department to determine compliance with this State Water Quality Certification, including all required State water quality permits and State water quality standards. A copy of this certification shall be made available for inspection by the Department during such inspections of the Project.

37. *Transfer of Projects*—If the Applicant intends to transfer any legal or equitable interest in the Project which is affected by this State Water Quality Certification, the Applicant shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the Department's Southwest Regional Office of such intent. Notice to the Department shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them. The existing owner shall continue to be responsible for construction and operations at the Project until a transfer to the new owner has been completed. The new owner shall comply with the conditions of this certification, which shall remain in effect, unless modified, in writing, by the Department.

38. *Correspondence*—All correspondence with and submittals to the Department concerning this State Water Quality Certification shall be addressed to the Department of Environmental Protection, Southwest Regional Office, Waterways and Wetlands Program, 400 Waterfront Drive, Pittsburgh, PA 15222, and shall reference DEP File No. WQ05-009, APS ID # 890634, or Authorization No. 1107421.

39. *Reservation of Rights*—The Department may suspend or revoke this State Water Quality Certification if it determines that the Applicant has not complied with the terms and conditions of this certification. The Department reserves the right to require additional measures to achieve compliance with applicable laws and/or regulations, subject to the Applicant's applicable procedural and substantive rights.

40. *Other Laws*—Nothing in this State Water Quality Certification shall be construed to preclude the institution of any legal action or relieve the Applicant from any responsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

41. *FERC Original License*—The Applicant shall supply to the Department a copy of the Original License issued by FERC for this project, not later than ten days after the issuance of such license. The Department may revoke, suspend or modify this Conditional Water Quality Certification as it deems appropriate, depending upon the terms of said license.

42. *Compliance with Terms and Conditions*—This Conditional State Water Quality Certification does not relieve the Applicant of the responsibility for any discharge to waters of the Commonwealth, or allow for any inappropriate discharge to occur. Failure to comply with the terms and conditions of this Conditional State Water Quality Certification will result in the automatic nullification and voidance of this certification, and may subject the Applicant and responsible parties to pay fines of up to \$10,000, per violation, for each day the violation occurs, constituting a separate violation.

43. *Severability*—The provisions of this State Water Quality Certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

Any person aggrieved by this action may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, 800-654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of publication of this notice, or within 30 days of receipt of written notice of this action, whichever occurs first. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If you want to challenge this action, your appeal must reach the Board within 30 days. You do not need a lawyer to file an appeal with the Board.

Important legal rights are at stake, however, so you should show this document to a lawyer at once. If you cannot afford a lawyer, you may qualify for free pro bono representation. Call the Secretary to the Board (717-787-3483) for more information.

Conditional State Water Quality Certification for the Point Marion Lock and Dam Hydroelectric Project, FERC Project No. 13771

On February 27, 2014, Solia 8 Hydroelectric, LLC (Applicant) filed an application with the Federal Energy Regulatory Commission (FERC), for a license to construct and operate a 5-megawatt (MW) hydropower facility, at the Point Marion Lock and Dam, owned and operated by the U.S. Army Corps of Engineers (Corps), on the Monongahela River, at river mile 90.8, in Fayette and Greene Counties, Pennsylvania (Project). The Applicant is required, pursuant to section 401(a) of the Federal Clean Water Act (act) (33 U.S.C.A. § 1341(a)), to provide FERC with certification from the Commonwealth of Pennsylvania (Commonwealth) that any discharge from the Project to waters of the Commonwealth will comply with provisions of the act relating to water quality standards, and necessary measures to achieve and maintain those standards. The Commonwealth has established such standards and programs to achieve and maintain them under State law, which have been approved by the U.S. Environmental Protection Agency as consistent with the applicable provisions of the act. The Pennsylvania Department of Environmental Protection (Department) administers the Commonwealth's water quality standards programs under State law, and is responsible for the review of requests from applicants for water quality certification made pursuant to section 401 of the act.

On February 12, 2016, Applicant requested a State water quality certification from the Department, as required by Section 401 of CWA (33 U.S.C.A. § 1341), to ensure that the construction, operation and maintenance of the Project will protect water quality in Pennsylvania through compliance with State water quality standards and associated State law requirements, which are consistent with CWA requirements.

On November 14, 2016, Rye Development, LLC provided the Department with a complete application for State Water Quality Certification, including an Environmental Assessment for the Project, on behalf of the

Applicant. The Project would consist of a new 255-foot-long intake channel, to be excavated into the riverbed immediately downstream of the Corps' dam. The intake channel would lead to a concrete intake structure that would convey flows past a trash rack with 3-inch clear bar spacing, to a new reinforced concrete powerhouse that is 120 feet long. The powerhouse would house two (2) identical horizontal pit Kaplan turbine generator units with a combined capacity of 5 MW. Flows would exit the powerhouse into a 225-foot-long tailrace excavated into the riverbed. Project power would be transmitted from the powerhouse to a new project substation, and then from the new substation to an existing distribution line, with an overhead transmission line.

The Department published notice of its proposed State water quality certification at 46 Pa.B. 7835 (December 17, 2016), and received zero comments from the public.

By this notice, the Department certifies that the construction, operation and maintenance of the Project complies with the applicable provisions of sections 301—303, 306 and 307 of CWA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and will not violate the Commonwealth's water quality standards set forth in 25 Pa. Code Chapter 93, provided that the construction, operation and maintenance of the Project complies with the conditions for this certification as listed below, and the terms and conditions of the State law permits required to demonstrate compliance with Pennsylvania's Water Quality Standards:

1. *Conditional State Water Quality Certification*—This conditional State water quality certification is based upon the information that is available, to date, due to the FERC licensing process, and is granted with the understanding that the applicant will be submitting a final Environmental Assessment (EA) to the Department, to be reviewed and approved by the Department, prior to the start of construction. Within its final EA, the Applicant shall also provide written documentation that it has complied with each of the conditions within this Conditional Water Quality Certification. This final EA shall be submitted to the Department at the same time that the Applicant submits its application to the U.S. Army Corps of Engineers (USACE or Corps) for a Section 404 Permit, to facilitate a coordinated review between the Department and USACE. The final EA that is submitted to the Department must be developed from final design plans, specifications and reports.

2. *Erosion and Sediment Control*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 102. The Applicant shall obtain and comply with an NPDES permit from the Department for the discharge of stormwater if the earth disturbance activities associated with the Project will result in a total disturbance equal to or greater than 1 acre. Earth disturbance activities associated with discharging dredged or fill material from the Project to waters of the United States which require permit coverage under Section 404 of CWA (33 U.S.C.A. § 1344) need not obtain an additional NPDES Permit from the Department for earth disturbance activities covered by the Section 404 permit. The Applicant shall submit final detailed erosion and sediment control and post construction stormwater management plans for all Project activities to the Department and County Conservation District for their review and approval prior to commencement of construction. Specific guidance on the requirements of the NPDES Permit for Stormwater Discharges Associated with Construction Activities can be obtained from the County Conservation District or the DEP Regional Office.

3. *Water Obstruction and Encroachment Permit*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 105 relating to dam safety and waterway management. The Applicant shall obtain, from the Department, and comply with Chapter 105 Water Obstruction and Encroachment Permit(s) (WO&EP), for the construction, operation and maintenance of any water obstruction or encroachment associated with the Project that is outside the scope of work licensed under the Federal Power Act, pursuant to the Clean Streams Law (35 P.S. §§ 691.1—691.1001), Dam Safety and Encroachments Act (32 P.S. §§ 673.1—693.27), and Flood Plain Management Act (32 P.S. §§ 679.101—679.601.), and all applicable implementing regulations.

4. *Submerged Lands License Agreement*—The Applicant shall obtain, from the Department, and comply with a Submerged Lands License Agreement, pursuant to Section 15 of the Dam Safety and Encroachments Act, 32 P.S. § 693.15, to occupy submerged lands of the Commonwealth in navigable waters as necessary to construct, operate and maintain the Project.

5. *Water Resource Planning Act Registration*—In accordance with the Pennsylvania Water Resources Planning Act, 27 Pa.C.S. § 3118, and the regulations thereunder, 25 Pa. Code Chapter 110, the Applicant must register the hydropower facility with the Department, and report water usage to the Department, annually.

6. *Limited Power Permit*—The Applicant shall obtain and comply with a permit from the Department as required by the Water Power and Water Supply Permits Act, Act of June 14, 1923, 32 P.S. §§ 591—625, related to the construction of a power dam or for a “change in stream” to develop power. The Applicant shall submit an application for this permit to the Department on the form available from the Department.

7. *Water Quality Monitoring*—During final design, the Applicant shall develop a water quality monitoring plan, to be implemented during the construction and operation of this project, and shall submit this plan to the Department for review and approval, prior to the start of construction, to ensure that the receiving water quality is not adversely impacted by the Applicant’s construction, operation or maintenance of the Project. This water quality monitoring plan shall include adequate provisions to ensure that monitoring will assess any potential cumulative effect upon water quality, from the operation of all the currently proposed hydroelectric projects, within the greater Pittsburgh region. Thereafter, Applicant shall submit the results of the water quality monitoring to the Department and the USACE, along with suggested modifications in the operation or maintenance of the Project for inclusion in the adaptive management plan, should adverse impacts to water quality result from the project. The Department retains the right to specify additional studies or monitoring to ensure that the receiving water quality is not adversely impacted by the Applicant’s construction, operation or maintenance of the Project.

8. *Operating Plan and Adaptive Management Plan*—The applicant will be developing an operating plan, Memorandum of Agreement, and an adaptive management plan with the USACE. Applicant will submit these plans to the Department for review and approval, prior to the start of construction, to evaluate potential effects of these plans upon, and compliance with, State water quality standards.

9. *Final Project Design Development*—Applicant has indicated that potential fish protection measures for the

Project will be further addressed in the final design as detailed engineering is undertaken. Accordingly, during final design, applicant shall evaluate alternative designs for the proposed Project that may have the potential to reduce expected fish entrainment and mortality, such as, but not limited to, reducing and/or modifying the proposed 3-inch trash rack spacing, intake channel design, or other alternative designs, pursuant to Section 105.14(b)(4) and (6) of the Department’s regulations, 25 Pa. Code § 105.13(e)(1)(viii) and § 105.14(b)(4) and (6). This alternatives analysis shall be included in the Applicant’s final EA, to be submitted to the Department for review and approval, prior to the start of construction. The final design shall also take into account the cumulative impact evaluations associated with conditions (10), (11), (12).

10. *Cumulative Impacts to Fish Populations*—Since the project is one of several, currently proposed hydroelectric projects on the Ohio, Monongahela and Allegheny Rivers within the greater Pittsburgh area river basins, the applicant, during final design, shall further evaluate the cumulative impacts from these hydroelectric projects, upon area fish populations, due to expected fish entrainment and mortality. Applicant shall include this evaluation in its final EA, to be submitted to the Department for review and approval, prior to the start of construction.

11. *Cumulative Impacts to Mussel Populations*—Since the Project is one of several currently proposed hydroelectric projects on the Ohio, Monongahela and Allegheny Rivers within the greater Pittsburgh area river basins, the applicant shall further evaluate, during final design, the cumulative impacts from these hydroelectric projects, upon local mussel populations, due to potential unavailability of host fish from expected fish entrainment and mortality. Applicant shall include this evaluation in its final EA, to be submitted to the Department for review and approval, prior to the start of construction.

12. *Cumulative Impacts to Riverine Habitat and Food Chain*—Since the project is one of several, currently proposed hydroelectric projects on the Ohio, Monongahela and Allegheny Rivers within the greater Pittsburgh area river basins, and since the development of locks and dams for navigation has compressed the flowing water habitat within these rivers to tailrace areas below these dams, the Applicant, during final design, shall further evaluate the cumulative impacts from these hydroelectric projects, upon riverine habitat and the food chain, within the three (3) river basins. Applicant shall include this evaluation in its final EA, to be submitted to the Department for review and approval, prior to the start of construction.

13. *Minimum By-pass Flows*—Applicant has proposed a seasonal minimum by-pass flow, over the spillway; however, during the final design, Applicant shall further evaluate the amount of by-pass flows necessary for the purposes of protection of public health, water quality control, conservation of fisheries, and aquatic habitat, improvement of recreation, and protection of instream and downstream water uses. Since the Applicant’s model simulations indicate that dissolved oxygen levels will be reduced by the operation of the proposed hydropower facility, the Applicant shall consider within its evaluation whether year-round by-pass flows, increased by-pass flow volumes, and/or aeration equipment are needed to maintain State water quality standards. Applicant shall provide this evaluation to the Department, within its final EA, for the Department’s review and approval, prior to the start of construction. By-pass flows shall be provided across the length of the dam.

14. *Aids to Navigation (ATON) Plan*—Applicant shall develop an ATON Plan, to avoid or minimize impacts to recreational boating. This plan must be reviewed and approved by the PA Fish and Boat Commission (PFBC), prior to the start of construction. Please contact the PA Fish and Boat Commission, PO Box 67000, Harrisburg, PA 17106, regarding the requirements for an ATON Plan.

15. *Hydraulic Modeling*—Applicant shall provide an evaluation of potential impacts upon the habitat in the vicinity of a small island that is located within the river, below the Point Marion Lock & Dam. In addition, Applicant shall provide an evaluation of the potential for increased erosion of this island. Additional hydraulic modeling may be needed to conduct these evaluations. The results of these evaluations and any additional hydraulic modeling shall be included in the applicant's final EA that is to be submitted to the Department, for the Department to review and approve, prior to the start of construction. In addition, the applicant shall use the results of the additional hydraulic modeling to further evaluate potential impacts to fish, freshwater mussels, and aquatic habitat, within the project area, and any other potential impacts that may be identified during the Department's review of the Applicant's final EA. Alternative designs may need to be considered, to avoid or minimize any adverse environmental impacts that may be identified from this additional modeling and/or additional evaluations for impacts. Mitigation may be required to compensate for any adverse environmental impacts that cannot be avoided, including a plan to address any potential impacts to habitat around the island and impacts from potential accelerated erosion. The development of these site-specific hydraulic studies should be coordinated with the Department and the PA Fish and Boat Commission, before conducting them.

16. *Resource Identification*—Applicant has not provided adequate documentation, regarding its investigation for regulated Waters of the Commonwealth (i.e. watercourses, floodways, and bodies of water, including wetlands), along the entire, proposed access road. Accordingly, Applicant shall identify the regulated Waters of this Commonwealth on the site. The wetlands shall be identified and delineated in accordance with the Department's Wetland Delineation Policy. The Applicant shall include this information within its final EA to be submitted to the Department, for review and approval, prior to the start of construction. If the proposed access road will impact any watercourse, floodway, and/or bodies of water, including wetlands, the Applicant may need to submit application(s) for, and obtain, Water Obstruction and Encroachment Permit(s), from the Department, prior to the start of construction.

17. *Recreation Areas*—Applicant has indicated that project will have a direct impact upon the proposed Monongahela River Trail North, and is in close proximity to the proposed Sheepskin Trail and an abandoned railroad corridor that is used for public access. Accordingly, Applicant shall contact and coordinate its project development with the owners and/or managers of these trails, during its final design process. Applicant shall include evidence of these coordination efforts in its final EA, to be submitted to the Department, for review and approval, prior to the start of construction. Alternative designs may need to be considered, to avoid or minimize any adverse environmental impacts that may be identified, during this coordination with the trail owners and/or managers. Mitigation may be required to compensate for any adverse environmental impacts that cannot be avoided.

18. *Programmatic Agreement*—The PA Historical and Museum Commission (PHMC) has determined that FERC's issuance of an original license to Solia 8 Hydroelectric, LLC to construct, operate, and maintain the Point Marion Lock and Dam Hydroelectric Project may affect properties included in or eligible for inclusion in the National Register of Historic Places. Accordingly, Applicant shall work with PHMC in the creation of a mitigation plan to protect this structure, which may include the Applicant complying with a Final Programmatic Agreement Between the Federal Energy Regulatory Commission and the Pennsylvania State Historic Preservation Office for Managing Historic Properties that may be Affected by Issuing an Original License to Solia 8 Hydroelectric, LLC for the Construction, Operation, and Maintenance of the Point Marion Lock and Dam Hydroelectric Project Located in Fayette County, Pennsylvania (FERC No. 13771-002).

19. *Riparian Property*—Within its final EA, Applicant shall submit evidence that it has obtained notarized and signed releases, or has acquired rights of occupancy and use other than fee title, from the owners of any affected riparian property. This conditional water quality certification does not convey any real property rights or interests or authorization to trespass on privately-owned riparian land.

20. *Corps Authorization*—This conditional water quality certification does not relieve the Applicant of the responsibility to obtain any applicable approval/permit from the District Engineer, Pittsburgh District, U.S. Army Corps of Engineers, Room 1817 Federal Building, 1000 Liberty Avenue, Pittsburgh, PA 15222, under Section 10 of the Rivers and Harbor Act or Section 404 of the Clean Water Act of 1977.

21. *Fish and Mussel Surveys and Mitigation*—The Project footprint will impact approximately 2.0 acres of riverine habitat. Accordingly, at a minimum, fish and mussel surveys shall be conducted three (3) years after project construction, to evaluate the project's impact to fish and mussel species in the project area. The plans for these surveys shall be included within the Applicant's final EA, for the Department's review and approval. In addition, the results of these surveys shall be submitted to the Department for review, within 60 days of completion of these surveys. If the results of these surveys indicate an adverse environmental impact to fish and mussels in the project area, Applicant shall develop a remediation plan to eliminate or reduce the adverse environmental impact. In addition, the applicant may have to provide compensation for the adverse environmental impact.

22. *Cumulative Environmental Impact Assessment*—The Project is one of several, currently proposed hydroelectric projects in the Ohio, Monongahela, and Allegheny Rivers, within the greater Pittsburgh area river basins. Fish species, such as walleye, smallmouth bass, darters, etc., inhabit the area that can exhibit some migratory behavior, and could pass through multiple hydroelectric projects. In addition, the Applicant's Fish Entrainment Study reports mortality to fish species, such as catfish, drum, darters and bass, that are more likely to be host fish that are important to mussel propagation. Accordingly, Applicant shall develop a plan to conduct fish and mussel surveys, after the construction of all, or at least 50%, of the currently proposed hydroelectric projects, to evaluate the potential for cumulative impacts to area fish and mussel populations. This plan shall be included with the Applicant's final EA, for the Department's review and

approval. If the results of these surveys indicate an adverse environmental impact to fish and mussels in the project area, Applicant shall develop a remediation plan to eliminate or reduce the adverse environmental impact. In addition, the Applicant may have to provide compensation for the adverse environmental impact.

23. *Clean Water Program Coordination*—Applicant shall evaluate the cumulative impacts of lowering Dissolved Oxygen (DO) concentration below existing levels on overall water quality. This analysis shall include an evaluation of the effects of lower DO levels on other dischargers, whose dissolved oxygen analysis could be impacted by any reduction in DO due to the proposed project. The Applicant shall include, within its final EA to be submitted to the Department, a full analysis depicting the pre- and post-construction dissolved oxygen using a Q7-10 flow, and achieving a 7-day average of 5.5 mg/l and a minimum of 5.0 mg/l at the project site, and all points potentially impacted downstream of the project, in accordance with The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the regulations promulgated thereunder, and 25 Pa. Code § 93.7.

24. *Water Quality Requirements*—The project must maintain the applicable water quality standard of a 7-day average DO concentration of 5.5 mg/l and a minimum DO concentration of 5.0 mg/l, at Q7-10 low flow conditions, unless the analysis required by the preceding condition indicates that a higher DO level is needed to maintain the DO water quality standard within the Gray's Landing Pool, given consideration of all existing, permitted dischargers currently within the pool in accordance with The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the regulations promulgated thereunder.

25. *Stream and Habitat Mitigation*—Since the Project will impact approximately 2.0 acres of riverine habitat, Applicant shall include, within its final EA to be submitted to the Department, a plan to mitigate for this impact to riverine habitat, for the Department's review and approval, prior to the start of construction.

26. *Fishing Access*—During final design, Applicant shall develop a plan to compensate for lost recreational fishing by providing angler access that is comparable to, or better than, current conditions. Applicant shall consider providing angler access that is close to normal water surface elevations and the water's edge, and adequately compensate for the footage of fishing access lost.

27. *Boater Safety*—During final design, Applicant shall evaluate the potential for velocity changes within the river channel, from the hydroelectric project discharge, to affect navigation and boaters in the vicinity of docks and/or barge mooring areas that are located below the Point Marion Lock & Dam structure. Accordingly, in its final EA, Applicant shall provide to the Department, and to the owner(s)/operator(s) of the docks and/or barge mooring areas, an analysis of the effect that the increased velocities might have on barge and/or boat safety, and on barge operators and boaters, and on the docks and mooring areas, below the dam. This analysis shall be completed by a hydrologist. In addition, Applicant shall provide a letter from the owner(s)/operator(s) of the docks and/or mooring areas, commenting on this analysis.

28. *Fish Mitigation*—Since the project will impact fish, Applicant shall include, within its final EA to be submitted to the Department, a mitigation plan to compensate for this environmental impact, for the Department's review and approval, prior to the start of construction.

29. *Fish and Mussel Salvage*—Applicant shall further develop its fish and mussel salvage plan to safely remove

fishes and mussels from the project area that would otherwise be trapped behind the proposed coffer dams during the dewatering process. These fish and mussels should be relocated to areas outside of the project area. The Applicant shall include this salvage plan within its final EA, to be reviewed and approved by the Department, prior to the start of construction.

30. *River Sediment Testing*—Applicant shall manage dredge material removed from the river in accordance with the Solid Waste Management Act, Act of July 7, 1980, P.L. 380, No. 97, as amended, 35 P.S. §§ 6018.101—6018.1003 ("Solid Waste Management Act") and regulations promulgated thereunder. Permittee should contact the Facilities Chief, Waste Management Program, Southwest Regional Office, with questions regarding this requirement. The project shall be consistent with the Department's Management of Fill policy and the analytic requirements therein. If the testing reveals that the dredged material exceeds the requirements for unrestricted use as clean fill, then the Applicant shall arrange for off-site disposal of the dredged sediments, after applying for and obtaining approval from the Department's Waste Management Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

31. *Threatened, Endangered and Special Concern Species*—The results obtained from utilizing the Pennsylvania Natural Diversity Inventory's Pennsylvania Natural Diversity Inventory (PNDI), and any determinations received from an appropriate jurisdictional agency during any associated consultations, are valid only for 2 years. Accordingly, Applicant must include new PNDI search results within its final EA, along with evidence of any necessary follow-up with the appropriate jurisdictional agency(s). In addition, PNDI search results and clearances must be current and valid, prior to the start of construction.

32. *Geotechnical Testing*—If a temporary road, drilling platform or other structure is needed to conduct any core boring drilling operations or geotechnical testing, within the Commonwealth's waterways, Applicant shall obtain a permit(s) or other authorization(s) from the Department, prior to conducting any core boring drilling operations or geotechnical testing.

33. *Preparedness, Prevention and Contingency Plan*—The Applicant shall develop and maintain on site a Preparedness, Prevention and Contingency Plan (PPC Plan) for any project activities utilizing pollutants, pursuant to Section 91.34 of the regulations, 25 Pa. Code § 91.34. The PPC Plan shall be developed in accordance with the "Guidelines for the Development and Implementation of Environmental Emergency Response Plans" which can be found at: <http://www.e-library.dep.state.pa.us/dsweb/Get/Document-48522/400-2200-001.pdf>.

34. *Operation*—The Applicant shall at all times properly operate and maintain all Project facilities and systems of treatment and control and related appurtenances which are installed to achieve compliance with the terms and conditions of this State Water Quality Certification and all required permits, authorizations and approvals. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by the Applicant.

35. *Inspection*—The Project, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of the Department to determine compliance with this State Water

Quality Certification, including all required State water quality permits and State water quality standards. A copy of this certification shall be made available for inspection by the Department during such inspections of the Project.

36. *Transfer of Projects*—If the Applicant intends to transfer any legal or equitable interest in the Project which is affected by this State Water Quality Certification, the Applicant shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the Department's Southwest Regional Office of such intent. Notice to the Department shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them. The existing owner shall continue to be responsible for construction and operations at the Project until a transfer to the new owner has been completed. The new owner shall comply with the conditions of this certification, which shall remain in effect, unless modified, in writing, by the Department.

37. *Correspondence*—All correspondence with and submittals to the Department concerning this State Water Quality Certification shall be addressed to the Department of Environmental Protection, Southwest Regional Office, Waterways and Wetlands Program, 400 Waterfront Drive, Pittsburgh, PA 15222, and shall reference DEP File No. WQ05-010, APS ID # 890865, or Authorization No. 1107811.

38. *Reservation of Rights*—The Department may suspend or revoke this State Water Quality Certification if it determines that the Applicant has not complied with the terms and conditions of this certification. The Department reserves the right to require additional measures to achieve compliance with applicable laws and/or regulations, subject to the Applicant's applicable procedural and substantive rights.

39. *Other Laws*—Nothing in this State Water Quality Certification shall be construed to preclude the institution of any legal action or relieve the Applicant from any responsibilities, liabilities, or penalties established pursuant to any applicable Federal or State law or regulation.

40. *FERC Original License*—The Applicant shall supply to the Department a copy of the Original License issued by FERC for this project, not later than ten days after the issuance of such license. The Department may revoke, suspend or modify this Conditional Water Quality Certification as it deems appropriate, depending upon the terms of said license.

41. *Compliance with Terms and Conditions*—This Conditional State Water Quality Certification does not relieve the Applicant of the responsibility for any discharge to waters of the Commonwealth, or allow for any inappropriate discharge to occur. Failure to comply with the terms and conditions of this Conditional State Water Quality Certification will result in the automatic nullification and voidance of this certification, and may subject the Applicant and responsible parties to pay fines of up to \$10,000, per violation, for each day the violation occurs, constituting a separate violation.

42. *Severability*—The provisions of this State Water Quality Certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

Any person aggrieved by this action may appeal, pursuant to Section 4 of the Environmental Hearing Board Act,

35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, 800-654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of publication of this notice, or within 30 days of receipt of written notice of this action, whichever occurs first. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If you want to challenge this action, your appeal must reach the Board within 30 days. You do not need a lawyer to file an appeal with the Board.

Important legal rights are at stake, however, so you should show this document to a lawyer at once. If you cannot afford a lawyer, you may qualify for free pro bono representation. Call the Secretary to the Board (717-787-3483) for more information.

Proposed Conditional State Water Quality Certification under Section 401 of the Clean Water Act for the United States Army Corps of Engineers Nationwide Permits

The United States Army Corps of Engineers (Corps) has published its reissuance of 50 existing Nationwide permits (NWP) and issuance of two new NWPs under section 404 of the Clean Water Act (act) (33 U.S.C.A. § 1344) and section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C.A. § 403) at 82 FR 1860 (January 6, 2017). The final NWPs are listed as follows and are effective for 5 years beginning on March 19, 2017, and

expiring on March 18, 2022. On January 18, 2017, the Corps Baltimore District requested State Water Quality Certification (SWQC) on behalf of the Baltimore, Philadelphia and Pittsburgh Districts under section 401 of the act (33 U.S.C.A. § 1341) from the Department of Environmental Protection (Department) for discharges of dredged and fill material into waters of the Commonwealth authorized by the final NWP.

Consistent with section 401 of the act, the Department proposes to certify that activities authorized by the Corps under the final NWP will comply with the applicable provisions of sections 301—303, 306 and 307 of the act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), provided the project applicant complies with the following SWQC conditions and constructs, operates and maintains the project in compliance with the terms and conditions of State law permits obtained to meet these SWQC conditions:

1. Prior to beginning any activity authorized by the Corps under a NWP, the applicant shall obtain from the Department all necessary environmental permits or approvals, and submit to the Department environmental assessments and other information necessary to obtain the permits and approvals, as required under State law, including The Clean Streams Law (35 P.S. §§ 691.1—691.1001), the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.19b), the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326), The Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21), the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66), the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003), the Hazardous Sites Cleanup Act (35 P.S. §§ 6020.101—6020.1305), the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908), 58 Pa.C.S. §§ 3201—3274 (related to development) and the regulations promulgated thereunder, including 25 Pa. Code Chapters 77, 78, 78a, 86—91, 92a, 93, 95, 96, 102, 105 and 260a—299.

2. Fill material may not contain any wastes as defined in the Solid Waste Management Act.

3. Applicants and projects eligible for these NWP must obtain all State permits or approvals, or both, necessary to ensure that the project meets the state's applicable water quality standards, including a project specific SWQC.

The Department has determined that these proposed SWQC conditions are necessary to achieve the Commonwealth's water quality standards, which have been approved by the United States Environmental Protection Agency as compliant with the act. The proposed SWQC conditions achieve these standards through compliance with existing environmental programs administered by the Department under State laws and regulations.

This proposed SWQC is subject to the Department's determination that the final NWP are consistent with the Coastal Zone Management Act (16 U.S.C.A. §§ 1451—1466).

This proposed SWQC is only available for projects that do not require any Federal authorization other than authorization from the Corps under section 404 of the act or section 10 of the Rivers and Harbors Act of 1899. Applicants seeking authorization for activities not eligible for coverage under the NWP, or for activities that require another Federal authorization (such as an interstate natural gas pipeline, a gas storage field or a nuclear

or hydroelectric project requiring authorization by another Federal agency), must submit a request to the Department for a project-specific SWQC.

The Department will consider all comments received on or before March 27, 2017, before taking the final action on this conditional SWQC. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail, must include the originator's name and address. Commentators are encouraged to submit comments using the Department's online eComment system at www.ahs.dep.pa.gov/eComment. Written comments should be submitted by e-mail to ecomments@pa.gov or by mail to the Department of Environmental Protection, Bureau of Waterways Engineering and Wetlands, Attn: Sidney Freyermuth, 400 Market Street, P.O. Box 8460, Harrisburg, PA 17101-2301.

Notice of the Corps NWP published in the *Federal Register* can be viewed at http://www.usace.army.mil/Portals/2/docs/civilworks/nwp/2017/nwp2017_final_rule_FR_06jan2017.pdf?ver=2017-01-06-092409-457 or copies may be obtained by contacting Amy Elliott, United States Army Corps of Engineers, Baltimore District, State College Field Office, 1631 South Atherton Street, State College, PA 16801 or (814) 235-0570.

Proposed General Plan Approval and/or General Operating Permit No. 5A for Unconventional Natural Gas Well Site Operations and Remote Pigging Stations; Proposed Modifications to General Plan Approval and/or General Operating Permit No. 5 for Natural Gas Compressor Stations, Processing Plants and Transmission Stations (BAQ-GPA/GP-5); Proposed Modifications to the Air Quality Permit Exemption List (275-2101-003); Extension of Public Comment Period

The Department of Environmental Protection (Department) is publishing notice of the extension of the comment period that began on Saturday, February 4, 2017, for the proposed General Plan Approval and/or General Operating Permit No. 5A for Unconventional Natural Gas Well Site Operations and Remote Pigging Stations; proposed modifications to the existing General Plan Approval and/or General Operating Permit No. 5 for Natural Gas Compressor Stations, Processing Plants and Transmission Stations (GP-5); and proposed modifications to the Air Quality Permit Exemption List. The initial notice was published at 47 Pa.B. 733 (February 4, 2017).

The General Permits establish Best Available Technology requirements and other applicable Federal and State requirements including air emission limits, source testing, leak detection and repair, recordkeeping and reporting requirements for the applicable air contamination sources.

The proposed GP-5A was developed under the authority of section 6.1(f) of the Air Pollution Control Act (35 P.S. § 4006.1(f)) and 25 Pa. Code Chapter 127, Subchapter H (relating to general plan approvals and operating permits), and will be applicable to unconventional natural gas well site operations and remote pigging stations. The revised GP-5 was developed under the authority of section 6.1(f) of the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter H, and will remain applicable to natural gas compressor stations and processing plants and add applicability to natural gas transmission stations.

Interested persons may submit written comments on the Draft General Permits and Air Quality Permit Exemption List by Monday, June 5, 2017. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail, must include the originator's name and address. Commentators are encouraged to review the proposed General Permits and Air Quality Permit Exemption List and submit comments using the Department's online eComment system at www.ahs.dep.pa.gov/eComment or ecomment@pa.gov. Written comments should be submitted to the Policy Office, Department of Environmental Protection, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063.

DEPARTMENT OF HEALTH

Hospitals; Requests for Exceptions

The following hospitals have filed requests for exceptions under 28 Pa. Code § 51.33 (relating to requests for exceptions) with the Department of Health (Department), which has authority to license hospitals under the Health Care Facilities Act (35 P.S. §§ 448.101—448.904b). The following requests for exceptions relate to regulations governing hospital licensure in 28 Pa. Code Chapters 51 and 101—158 (relating to general information; and general and special hospitals), with the exception of 28 Pa. Code § 153.1 (relating to minimum standards). Exception requests related to 28 Pa. Code § 153.1 are listed separately in this notice.

<i>Facility Name</i>	<i>Regulation</i>
Milton S. Hershey Medical Center	28 Pa. Code § 51.23 (relating to positron emission tomography)
Good Samaritan Hospital	28 Pa. Code § 107.61 (relating to written orders)

The following hospital is requesting an exception under 28 Pa. Code § 153.1. Requests for exceptions under this section relate to minimum standards that hospitals must comply with under the *Guidelines for Design and Construction of Hospitals and Outpatient Facilities (Guidelines)*. The following list includes the citation to the section under the *Guidelines* that the hospital is seeking an exception, as well as the publication year of the applicable *Guidelines*.

<i>Facility Name</i>	<i>Guidelines Section</i>	<i>Relating to</i>	<i>Publication Year</i>
Jefferson Hospital	2.1-8.5.3.2	Size (TDRs)	2014

All previously listed requests are on file with the Department. Persons may receive a copy of a request for exception by requesting a copy from the Department of Health, Division of Acute and Ambulatory Care, Room 532, Health and Welfare Building, Harrisburg, PA 17120, (717) 783-8980, fax (717) 772-2163 or ra-paexcept@pa.gov. Persons who wish to comment on an exception request may do so by sending a letter by mail, e-mail or facsimile to the Division at the previously listed address. Comments received by the Department within 10 days after the date of publication of this notice will be reviewed by the Department before it decides whether to approve or disapprove the request for exception.

Persons with a disability who wish to obtain a copy of a request and/or provide comments to the Department and require an auxiliary aid, service or other accommodation to do so should contact the Director, Division of Acute and Ambulatory Care at (717) 783-8980, for speech and/or hearing impaired persons V/TT (717) 783-6154, or the Pennsylvania AT&T Relay Service (800) 654-5984 (TT).

Human Immunodeficiency Virus (HIV) Community Prevention Planning Committee; Public Meetings

The Statewide HIV Planning Group, established by the Department of Health (Department) under sections 301(a) and 317 of the Public Health Service Act (42 U.S.C.A. §§ 241(a) and 247b), will hold a public meeting on Wednesday, March 15, 2017, from 9 a.m. to 4 p.m. at the Park Inn Harrisburg West, 5401 Carlisle Pike, Mechanicsburg, PA 17050.

Jurisdictional HIV prevention planning is a required activity of the Department's Centers for Disease Control and Prevention grant for Comprehensive HIV Prevention Programs for Health Departments. Additionally, the Ryan White HIV/AIDS Treatment Extension Act of 2009 (Pub.L. No. 111-87), previously known as the Ryan White Comprehensive AIDS Resources Emergency Act of 1990 (42 U.S.C.A. §§ 300ff-21—300ff-38), requires that the Department engage in a public advisory planning process in developing a comprehensive plan. The purpose of these meetings is to conduct an integrated prevention and care HIV planning process by which the Department works in partnership with the community and stakeholders to enhance access to HIV prevention, care and treatment services.

For additional information or persons with a disability who wish to attend the meeting who require an auxiliary aid, service or other accommodation to do so should contact Cynthia Findley, Bureau Director, Department of

Health, Bureau of Communicable Diseases, 625 Forster Street, Room 1010, Health and Welfare Building, Harrisburg, PA 17120, (717) 783-0572, or for speech and/or hearing impaired persons, V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department reserves the right to cancel this meeting without prior notice.

DEPARTMENT OF REVENUE

Pennsylvania Hot Numbers Fast Play Game 5001

Under the State Lottery Law (72 P.S. §§ 3761-101—3761-314) and 61 Pa. Code § 803.11 (relating to powers and duties of the Secretary of Revenue), the Secretary of Revenue hereby provides public notice of the rules for the following terminal-based lottery game:

1. *Name:* The name of the lottery game is Pennsylvania Hot Numbers (hereinafter “Hot Numbers”). The game number is PA-5001.

2. *Definitions:*

(a) *Authorized Retailer or Retailer:* A person who is properly licensed by the Lottery pursuant to 61 Pa. Code §§ 805.1—805.17.

(b) *Bar Code:* The symbology on the ticket containing certain encrypted validation and accounting data used for identifying winning and losing tickets.

(c) *Game:* A specific, pre-defined area of a game ticket located in the play area that contains play symbols and prize symbols that, when played according to the instructions, determine whether a player wins a prize. Each Game is played separately, but winning combinations in more than one Game can be combined to win larger

prizes as described in section 6 (relating to prizes available to be won and determination of prize winners).

(d) *Game Ticket:* A bearer instrument produced through a Lottery Terminal that is the player’s record of a play for a Fast Play lottery game and sold by an authorized retailer containing the play and validation data as published in this game notice.

(e) *Lottery Central Computer System:* The computer gaming system on which all Fast Play plays are recorded.

(f) *Lottery Terminal:* A device authorized by the Lottery to function in an interactive mode with the Lottery Central Computer System for the purpose of issuing plays, executing Quick Pick selections, and entering, receiving, and processing lottery transactions, including making purchases, validating plays, and transmitting reports, and performing inventory functions.

(g) *Play:* A chance to participate in a particular Fast Play lottery game.

(h) *Play Area:* The area on a ticket which contains one or more play symbols.

(i) *Play Symbol:* A number, letter, symbol, image or other character found in the play area which is used to determine whether a player wins a prize.

(j) *Prize:* A non-monetary item, money, or experience that can be won as specified in section 6 (relating to prizes available to be won and determination of prize winners) of this game notice.

(k) *Winning Number Area:* The numbers, letters, symbols or other characters found in the play area that, when matched against the “Your Numbers Area,” determine whether a player wins a prize.

(l) *Winning Ticket:* A game ticket which has been validated and qualifies for a prize.

(m) *Your Numbers Area:* The numbers, letters, symbols or other characters found in the play area that, when matched against the “Winning Number Area,” determine whether a player wins a prize.

3. *Price:* The price of a Hot Numbers ticket is \$5.

4. *Description of the Hot Numbers lottery game:*

(a) The Hot Numbers lottery game is an instant win game printed from a Lottery Terminal. All prizes are predetermined, and the player does not have the ability to select his or her own play symbols. Hot Numbers tickets may be purchased from an authorized retailer or at a Lottery self-service terminal that sells terminal-based Lottery game tickets. Tickets purchased from an authorized retailer shall be printed on-demand at the time of purchase and may not be preprinted by the retailer.

(b) Hot Numbers is played by matching the play symbols in the “Your Numbers Area” to the play symbol located in the “Winning Number Area,” in any “Game.” A bet slip is not used to play this game.

(c) Players can win the prize identified in section 6 (relating to prizes available to be won and determination of prize winners).

(d) A Hot Numbers game ticket cannot be canceled or voided once printed by the Lottery Terminal, even if printed in error.

(e) To purchase a ticket at an authorized retailer, a player must remit the purchase price to the retailer by verbally requesting a Hot Numbers game ticket. The

ticket shall be the only valid proof of the bet placed and the only valid receipt for claiming a prize.

(f) To purchase a ticket at a Pennsylvania Lottery self-service terminal, the player must insert into the self-service terminal a dollar amount equal to the total purchase price of a Hot Numbers game ticket and select the Hot Numbers option on the Lottery self-service terminal. The ticket shall be the only valid proof of the bet placed and the only valid receipt for claiming a prize.

5. *Hot Numbers ticket characteristics:*

(a) A Hot Numbers ticket shall contain a play area, the cost of the play, the date of sale, and a bar code. Each ticket consists of five "Games" and each "Game" is played separately.

(b) *Play Symbols:* Each Hot Numbers ticket play area will contain a "Winning Number Area" and a "Your Numbers Area." The play symbols located in the "Winning Number Area" are: 1 (ONE), 2 (TWO), 3 (THREE), 4 (FOUR), 5 (FIVE), 6 (SIX), 7 (SEVEN), 8 (EIGHT), 9 (NINE), 10 (TEN), 11 (ELEVN), 12 (TWLV), 13 (THRTN), 14 (FORTN), 15 (FIFTN), 16 (SIXTN), 17 (SVNTN), 18 (EGHTN), 19 (NINTN), 20 (TWENT), 21 (TWYONE), 22 (TWYTWO), 23 (TWYTHR), 24 (TWYFOR), 25 (TWYFIV), 26 (TWYSIX), 27 (TWYSVN), 28 (TWYEGT), 29 (TWNIN), 30 (THIRTY), 31 (THYONE), 32 (THYTWO), 33 (THYTHR), 34 (THYFOR), 35 (THYFIV), 36 (THYSIX), 37 (THYSVN), 38 (THYEGT), 39 (THYNIN) and 40 (FRTY). Each "Game" is played separately.

Prizes, including top prizes, are subject to availability at the time of purchase.

8. Ticket Responsibility:

(a) A Fast Play lottery game ticket is a bearer document deemed to be owned by the person holding the game ticket, except that if a name is contained on the back of the game ticket, the person so named will, for all purposes, be considered the owner of the game ticket.

(b) The holder of a Fast Play lottery game ticket has the sole responsibility for checking the accuracy and condition of the data printed on the game ticket.

(c) The Commonwealth shall not be responsible for a lost or stolen Fast Play lottery game ticket, or for a Fast Play ticket redeemed by a player in error.

9. Ticket Validation and Requirements:

(a) *Valid Fast Play lottery game tickets.* To be a valid Fast Play lottery game ticket, the presented game ticket must meet the following requirements:

(1) The game ticket's bar code shall be present in its entirety.

(2) The game ticket must be intact.

(3) The game ticket may not be mutilated, altered, reconstituted or tampered with.

(4) The game ticket may not be counterfeit or a duplicate of a winning ticket.

(5) The game ticket must have been validly issued.

(6) The game ticket data shall have been recorded on the Lottery Central Computer System and the game ticket data shall match the computer record in every respect.

(7) The game ticket must not be defectively printed or printed or produced in error such that it cannot be processed or validated by the Lottery.

(8) The game ticket must pass other confidential security checks of the Lottery.

(b) *Invalid or defective game tickets:* A game ticket not passing the validation requirements in subsection (a) will be considered invalid and no payment will be made on account of any play recorded thereon. The determination of the Secretary in this regard is final.

10. Procedures for claiming and payment of prizes:

(a) A prize may be claimed through an authorized retailer or the Lottery, as provided in this section. A prize must be claimed within 1 year of the sale date of the Fast Play lottery game ticket.

(b) An authorized retailer is authorized to pay prizes of \$2,500 or less. The holder of a game ticket evidencing a winning play representing a prize of \$2,500 or less may be paid by a participating authorized retailer if a proper validation pay ticket was issued by the retailer's Lottery Terminal.

(c) The holder of a game ticket evidencing a winning play representing a prize in excess of \$2,500 may present the game ticket to an authorized retailer, Lottery District Office, or Lottery Headquarters.

(d) The holder of a game ticket evidencing a winning play shall present the ticket, in person, to an authorized retailer, Lottery Headquarters or a Lottery District Office. The retailer or the Lottery will issue payment if:

(1) The game ticket is scanned and the play is validated through the Lottery Terminal or the Lottery Central Computer System;

(2) A claim form is properly and fully completed;

(3) The identification of the claimant is confirmed; and

(4) The winning ticket has not expired, pursuant to this section or section 12 (relating to unclaimed prizes).

(e) The Commonwealth shall not be responsible for a winning play paid in error by an authorized retailer.

(f) In the event a prize described in these rules is not available, the Lottery may either provide a substitute prize, determined by the Secretary to have an equivalent value to the prize won, or make a cash payment to the winner, in an amount determined by the Secretary to have an equivalent value to the prize won.

11. *Funding for prizes:* Moneys will be drawn from the State Lottery Fund, to the extent necessary, to fund the payment of prizes under this subsection. If this lottery game is terminated for any cause, prize moneys remaining undistributed will remain in the State Lottery Fund and used for purposes otherwise provided for by law.

12. *Unclaimed prizes:* Unclaimed prize money on winning Fast Play lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto for 1 year from the sale date of the Fast Play lottery game ticket. If no claim is made within 1 year from the sale date of the Fast Play lottery game ticket, the right of a ticket holder to claim the prize represented by that ticket, if any, shall expire.

13. *Purchase and prize restrictions:* A Fast Play lottery game ticket may not be purchased by, and a prize may not be paid, to an officer or employee of the Lottery, Lottery professional services contractors or subcontractors, or to a spouse, child, brother, sister or parent residing in the same household of an officer, employee, contractor or subcontractor who is involved in the production, distribution or operation of systems for the validation or accounting of Fast Play games.

14. *Governing Law:*

(a) By purchasing a ticket, the purchaser agrees to comply with and abide by the State Lottery Law (72 P.S. §§ 3761-101—3761-314), this notice, instructions, conditions and final decisions of the Secretary, and procedures established by the Secretary for the conduct of the Fast Play Hot Numbers lottery game.

(b) Decisions made by the Secretary, including the declaration of prizes and the payment thereof, in interpretation of this notice are final and binding on players and persons making a claim in respect thereof.

15. *Retailer Compensation:*

(a) Authorized retailers may be entitled to compensation as determined by the Lottery.

(b) No authorized retailer or employee of an authorized retailer shall request, demand, or accept gratuities or any compensation other than as provided in subsection (a) in

exchange for the performance of duties authorized pursuant to the Lottery retailer's license without the Lottery's prior written authorization.

16. *Retailer Incentive Programs:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania Fast Play Hot Numbers lottery game tickets.

17. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania Fast Play lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the Fast Play game ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery Fast Play game ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

18. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Hot Numbers or through normal communications methods.

19. *Applicability:* This notice applies only to the Hot Numbers lottery game announced in this notice.

EILEEN H. McNULTY,
Secretary

[Pa.B. Doc. No. 17-339. Filed for public inspection February 24, 2017, 9:00 a.m.]

Pennsylvania Keystone Cash Fast Play Game 5000

Under the State Lottery Law (72 P.S. §§ 3761-101—3761-314) and 61 Pa. Code § 803.11 (relating to powers and duties of the Secretary of Revenue), the Secretary of Revenue hereby provides public notice of the rules for the following terminal-based lottery game:

1. *Name:* The name of the lottery game is Pennsylvania Keystone Cash (hereinafter "Keystone Cash"). The game number is PA-5000.

2. *Definitions:*

(a) *Authorized Retailer or Retailer:* A person who is properly licensed by the Lottery pursuant to 61 Pa. Code §§ 805.1—805.17.

(b) *Bar Code:* The symbology on the ticket containing certain encrypted validation and accounting data used for identifying winning and losing tickets.

(c) *Game Ticket*: A bearer instrument produced through a Lottery Terminal that is the player's record of a play for a Fast Play lottery game and sold by an authorized retailer containing the play and validation data as published in this game notice.

(d) *Lottery Central Computer System*: The computer gaming system on which all Fast Play plays are recorded.

(e) *Lottery Terminal*: A device authorized by the Lottery to function in an interactive mode with the Lottery Central Computer System for the purpose of issuing plays, executing Quick Pick selections, and entering, receiving, and processing lottery transactions, including making purchases, validating plays, and transmitting reports, and performing inventory functions.

(f) *Play*: A chance to participate in a particular Fast Play lottery game.

(g) *Play Area*: The area on a ticket which contains one or more play symbols.

(h) *Play Symbol*: A number, letter, symbol, image or other character found in the play area which is used to determine whether a player wins a prize.

(i) *Prize*: A non-monetary item, money, or experience that can be won as specified in section 6 (relating to prizes available to be won and determination of prize winners) of this game notice.

(j) *Progressive Top Prize*: The top prize available for this game that begins with a minimum prize amount that grows at a pre-determined rate every time a ticket is purchased until a winning top prize ticket is sold and then resets to the minimum prize amount.

(k) *Winning Numbers Area*: The numbers, letters, symbols or other characters found in the play area that, when matched against the "Your Numbers Area," determine whether a player wins a prize.

(l) *Winning Ticket*: A game ticket which has been validated and qualifies for a prize.

(m) *Your Numbers Area*: The numbers, letters, symbols or other characters found in the play area and generated via quick pick that, when matched against the "Winning Numbers Area," determine whether a player wins a prize.

3. *Price*: The price of a Keystone Cash ticket is \$5.

4. *Description of the Keystone Cash lottery game*:

(a) The Keystone Cash lottery game is an instant win game printed from a Lottery Terminal. With the exception of the Progressive Top Prize amount, all prizes are predetermined, and the player does not have the ability to select his or her own play symbols. Keystone Cash tickets may be purchased from an authorized retailer or at a Lottery self-service terminal that sells terminal-based Lottery game tickets. Tickets purchased from an authorized retailer shall be printed on-demand at the time of purchase and may not be preprinted by the retailer.

(b) Keystone Cash is played by matching the play symbols in the "Your Numbers Area" to the play symbols located in the "Winning Numbers Area." A bet slip is not used to play this game.

(c) Players can win the prize identified in section 6 (relating to prizes available to be won and determination of prize winners).

(d) A Keystone Cash game ticket cannot be canceled or voided once printed by the Lottery Terminal, even if printed in error.

(e) To purchase a ticket at an authorized retailer, a player must remit the purchase price to the retailer by verbally requesting a Keystone Cash game ticket. The ticket shall be the only valid proof of the bet placed and the only valid receipt for claiming a prize.

(f) To purchase a ticket at a Pennsylvania Lottery self-service terminal, the player must insert into the self-service terminal a dollar amount equal to the total purchase price of a Keystone Cash game ticket and selecting the Keystone Cash option on the Lottery self-service terminal. The ticket shall be the only valid proof of the bet placed and the only valid receipt for claiming a prize.

5. *Pennsylvania Keystone Cash ticket characteristics*:

(a) A Keystone Cash ticket shall contain a play area, the cost of the play, the date of sale, and a bar code.

(b) *Play Symbols*: Each Keystone Cash ticket play area will contain a "Winning Numbers Area" and a "Your Numbers Area." The play symbols located in the "Winning Numbers Area" are: 1 (ONE), 2 (TWO), 3 (THREE), 4 (FOUR), 5 (FIVE), 6 (SIX), 7 (SEVEN), 8 (EIGHT), 9 (NINE), 10 (TEN), 11 (ELEVN), 12 (TWLV), 13 (THRTN), 14 (FORTN), 15 (FIFTN), 16 (SIXTN), 17 (SVNTN), 18 (EGHTN), 19 (NINTN), 20 (TWENT), 21 (TWYONE), 22 (TWYTWO), 23 (TWYTHR), 24 (TWYFOR), 25 (TWYFIV), 26 (TWYSIX), 27 (TWYSVN), 28 (TWYEGT), 29 (TWYNIN) and 30 (THIRTY). The play symbols located in the "Your Numbers Area" are: 1 (ONE), 2 (TWO), 3 (THREE), 4 (FOUR), 5 (FIVE), 6 (SIX), 7 (SEVEN), 8 (EIGHT), 9 (NINE), 10 (TEN), 11 (ELEVN), 12 (TWLV), 13 (THRTN), 14 (FORTN), 15 (FIFTN), 16 (SIXTN), 17 (SVNTN), 18 (EGHTN), 19 (NINTN), 20 (TWENT), 21 (TWYONE), 22 (TWYTWO), 23 (TWYTHR), 24 (TWYFOR), 25 (TWYFIV), 26 (TWYSIX), 27 (TWYSVN), 28 (TWYEGT), 29 (TWYNIN) and 30 (THIRTY).

(c) *Prize Symbols*: The prize symbols and their captions located in the "Your Numbers Area" are: \$5⁰⁰ (FIV DOL), \$10⁰⁰ (TEN DOL), \$15⁰⁰ (FIFTN), \$20⁰⁰ (TWENTY), \$40⁰⁰ (FORTY), \$50⁰⁰ (FIFTY), \$100 (ONE HUN), \$400 (FOR HUN), \$500 (FIV HUN), \$1,000 (ONE THO), \$5,000 (FIV THO) and PROGRESSIVE (TOP PRIZE).

(d) *Prizes*: The prizes that can be won in this game are: \$5, \$10, \$15, \$20, \$40, \$50, \$100, \$400, \$500, \$1,000, \$5,000 and the Progressive Top Prize. The Progressive Top Prize amount starts at \$45,000 and increases by 15¢ every time a Keystone Cash ticket is purchased until a winning top prize ticket is sold, at which point it resets to \$45,000. A player can win up to 12 times on a ticket.

(e) *Approximate Number of Tickets Available for the Game*: Approximately 9,600,000 tickets will be available for sale for the Keystone Cash lottery game.

6. *Prizes available to be won and determination of prize winners*:

(a) All Keystone Cash prize payments will be made as one-time, lump-sum cash payments.

(b) A winning Keystone Cash ticket is entitled only to the highest prize won by the winning combinations described below on each game ticket.

(c) Holders of tickets upon which any of the "Your Numbers" play symbols match any of the "Winning Numbers" play symbols and a prize symbol of PROGRESSIVE (TOP PRIZE) appears in the "prize" area under the matching "Your Numbers" play symbol, on a single ticket, shall be entitled to a prize of a "Progressive Top Prize."

The amount won under this paragraph is the amount of the Progressive Top Prize as of the time the winning ticket was purchased. The amount won will be a minimum of \$45,000.

(d) Holders of tickets upon which any of the “Your Numbers” play symbols match any of the “Winning Numbers” play symbols and a prize symbol of \$200 (TWO HUN) appears in the “prize” area under the matching “Your Numbers” play symbol, on a single ticket, shall be entitled to a prize of \$200.

(e) Holders of tickets upon which any of the “Your Numbers” play symbols match any of the “Winning Numbers” play symbols and a prize symbol of \$100 (ONE HUN) appears in the “prize” area under the matching “Your Numbers” play symbol, on a single ticket, shall be entitled to a prize of \$100.

(f) Holders of tickets upon which any of the “Your Numbers” play symbols match any of the “Winning Numbers” play symbols and a prize symbol of \$50⁰⁰ (FIFTY) appears in the “prize” area under the matching “Your Numbers” play symbol, on a single ticket, shall be entitled to a prize of \$50.

(g) Holders of tickets upon which any of the “Your Numbers” play symbols match any of the “Winning Numbers” play symbols and a prize symbol of \$20⁰⁰ (TWENTY) appears in the “prize” area under the matching “Your Numbers” play symbol, on a single ticket, shall be entitled to a prize of \$20.

(h) Holders of tickets upon which any of the “Your Numbers” play symbols match any of the “Winning Numbers” play symbols and a prize symbol of \$10⁰⁰ (TEN DOL) appears in the “prize” area under the matching “Your Numbers” play symbol, on a single ticket, shall be entitled to a prize of \$10.

(i) Holders of tickets upon which any of the “Your Numbers” play symbols match any of the “Winning Numbers” play symbols and a prize symbol of \$5⁰⁰ (FIV DOL) appears in the “prize” area under the matching “Your Numbers” play symbol, on a single ticket, shall be entitled to a prize of \$5.

7. *Number and Description of Prizes and Approximate Chances of Winning:* The following table sets forth the approximate number of winners, amounts of prizes, and approximate chances of winning:

Prizes, including top prizes, are subject to availability at the time of purchase.

8. *Ticket Responsibility:*

(a) A Fast Play lottery game ticket is a bearer document deemed to be owned by the person holding the game ticket, except that if a name is contained on the back of the game ticket, the person so named will, for all purposes, be considered the owner of the game ticket.

(b) The holder of a Fast Play lottery game ticket has the sole responsibility for checking the accuracy and condition of the data printed on the game ticket.

(c) The Commonwealth shall not be responsible for a lost or stolen Fast Play lottery game ticket, or a Fast Play ticket redeemed by a player in error.

9. *Ticket Validation and Requirements:*

(a) *Valid Fast Play lottery game tickets.* To be a valid Fast Play lottery game ticket, the presented game ticket must meet the following requirements:

(1) The game ticket's bar code shall be present in its entirety.

(2) The game ticket must be intact.

(3) The game ticket may not be mutilated, altered, reconstituted or tampered with.

(4) The game ticket may not be counterfeit or a duplicate of a winning ticket.

(5) The game ticket must have been validly issued.

(6) The game ticket data shall have been recorded on the Lottery Central Computer System and the game ticket data shall match the computer record in every respect.

(7) The game ticket must not be defectively printed or printed or produced in error such that it cannot be processed or validated by the Lottery.

(8) The game ticket must pass other confidential security checks of the Lottery.

(b) *Invalid or defective game tickets:* A game ticket not passing the validation requirements in subsection (a) will be considered invalid and no payment will be made on account of any play recorded thereon. The determination of the Secretary in this regard is final.

10. *Procedures for claiming and payment of prizes:*

(a) A prize may be claimed through an authorized retailer or the Lottery, as provided in this section. A prize must be claimed within 1 year of the sale date of the Fast Play lottery game ticket.

(b) An authorized retailer is authorized to pay prizes of \$2,500 or less. The holder of a game ticket evidencing a winning play representing a prize of \$2,500 or less may be paid by a participating authorized retailer if a proper validation pay ticket was issued by the retailer's Lottery Terminal.

(c) The holder of a game ticket evidencing a winning play representing a prize in excess of \$2,500 may present the game ticket to an authorized retailer, Lottery District Office, or Lottery Headquarters.

(d) Pursuant to the preceding paragraphs, the retailer or the Lottery will issue payment if:

(1) The game ticket is scanned and the play is validated through the Lottery Terminal or the Lottery Central Computer System;

(2) A claim form is properly and fully completed;

(3) The identification of the claimant is confirmed; and

(4) The winning ticket has not expired, pursuant to this section or section 12 (relating to unclaimed prizes).

(e) The Commonwealth shall not be responsible for a winning play paid in error by an authorized retailer.

(f) In the event a prize described in these rules is not available, the Lottery may either provide a substitute prize, determined by the Secretary to have an equivalent value to the prize won, or make a cash payment to the winner, in an amount determined by the Secretary to have an equivalent value to the prize won.

11. *Funding for prizes:* Moneys will be drawn from the State Lottery Fund, to the extent necessary, to fund the payment of prizes under this subsection. If this lottery game is terminated for any cause, prize moneys remaining undistributed will remain in the State Lottery Fund and used for purposes otherwise provided for by law.

12. *Unclaimed prizes:* Unclaimed prize money on winning Fast Play lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto for 1 year from the sale date of the Fast Play lottery game ticket. If no claim is made within 1 year from the sale date of the Fast Play lottery game ticket, the right of a ticket holder to claim the prize represented by that ticket, if any, shall expire.

13. *Purchase and prize restrictions:* A Fast Play lottery game ticket may not be purchased by, and a prize may not be paid, to an officer or employee of the Lottery, Lottery professional services contractors or subcontractors, or to a spouse, child, brother, sister or parent residing in the same household of an officer, employee, contractor or subcontractor who is involved in the production, distribution or operation of systems for the validation or accounting of Fast Play games.

14. *Progressive Top Prize Restrictions:*

(a) An amount of 15¢ from the sale of each Keystone Cash ticket will be accumulated in the Progressive Top Prize pool until a winning top prize ticket is sold.

(b) *Prize Amount:* The amount of the Progressive Top Prize at the time a ticket is purchased can only be verified through the Lottery's Central Computer System. Any advertisement or any materials describing the amount of the Progressive Top Prize are only valid as of the time they are posted. If any discrepancy exists between this notice and any material describing or advertising the Keystone Cash game, this notice and the data contained in the Lottery's Central Computer System shall govern.

15. *Governing Law:*

(a) By purchasing a ticket, the purchaser agrees to comply with and abide by the State Lottery Law (72 P.S. §§ 3761-101—3761-314), this notice, instructions, conditions and final decisions of the Secretary, and procedures established by the Secretary for the conduct of the Fast Play Keystone Cash lottery game.

(b) Decisions made by the Secretary, including the declaration of prizes and the payment thereof, in interpretation of this notice are final and binding on players and persons making a claim in respect thereof.

16. *Retailer Compensation:*

(a) Authorized retailers may be entitled to compensation as determined by the Lottery.

(b) No authorized retailer or employee of an authorized retailer shall request, demand, or accept gratuities or any

compensation other than as provided in subsection (a) in exchange for the performance of duties authorized pursuant to the Lottery retailer's license without the Lottery's prior written authorization.

17. *Retailer Incentive Programs.* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania Fast Play Keystone Cash lottery game tickets.

18. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania Fast Play lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the Fast Play game ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery Fast Play game ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

19. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Keystone Cash or through normal communications methods.

20. *Applicability:* This notice applies only to the Keystone Cash lottery game announced in this notice.

8. *Ticket Responsibility:*

(a) A Fast Play lottery game ticket is a bearer document deemed to be owned by the person holding the game ticket, except that if a name is contained on the back of the game ticket, the person so named will, for all purposes, be considered the owner of the game ticket.

(b) The holder of a Fast Play lottery game ticket has the sole responsibility for checking the accuracy and condition of the data printed on the game ticket.

(c) The Commonwealth shall not be responsible for a lost or stolen Fast Play lottery game ticket, or for a Fast Play ticket redeemed by a player in error.

9. *Ticket Validation and Requirements:*

(a) *Valid Fast Play lottery game tickets.* To be a valid Fast Play lottery game ticket, the presented game ticket must meet the following requirements:

(1) The game ticket's bar code shall be present in its entirety.

(2) The game ticket must be intact.

(3) The game ticket may not be mutilated, altered, reconstituted or tampered with.

(4) The game ticket may not be counterfeit or a duplicate of a winning ticket.

(5) The game ticket must have been validly issued.

(6) The game ticket data shall have been recorded on the Lottery Central Computer System and the game ticket data shall match the computer record in every respect.

(7) The game ticket must not be defectively printed or printed or produced in error such that it cannot be processed or validated by the Lottery.

(8) The game ticket must pass other confidential security checks of the Lottery.

(b) *Invalid or defective game tickets:* A game ticket not passing the validation requirements in subsection (a) will be considered invalid and no payment will be made on account of any play recorded thereon. The determination of the Secretary in this regard is final.

10. *Procedures for claiming and payment of prizes:*

(a) A prize may be claimed through an authorized retailer or the Lottery, as provided in this section. A prize must be claimed within 1 year of the sale date of the Fast Play lottery game ticket.

(b) An authorized retailer is authorized to pay prizes of \$2,500 or less. The holder of a game ticket evidencing a winning play representing a prize of \$2,500 or less may be paid by a participating authorized retailer if a proper validation pay ticket was issued by the retailer's Lottery Terminal.

(c) The holder of a game ticket evidencing a winning play representing a prize in excess of \$2,500 may present the game ticket to an authorized retailer, Lottery District Office, or Lottery Headquarters.

(d) The holder of a game ticket evidencing a winning play shall present the ticket, in person, to an authorized retailer, Lottery Headquarters or a Lottery District Office. The retailer or the Lottery will issue payment if:

(1) The game ticket is scanned and the play is validated through the Lottery Terminal or the Lottery Central Computer System;

(2) A claim form is properly and fully completed;

(3) The identification of the claimant is confirmed; and

(4) The winning ticket has not expired, pursuant to this section or section 12 (relating to unclaimed prizes).

(e) The Commonwealth shall not be responsible for a winning play paid in error by an authorized retailer.

(f) In the event a prize described in these rules is not available, the Lottery may either provide a substitute prize, determined by the Secretary to have an equivalent value to the prize won, or make a cash payment to the winner, in an amount determined by the Secretary to have an equivalent value to the prize won.

11. *Funding for prizes:* Moneys will be drawn from the State Lottery Fund, to the extent necessary, to fund the payment of prizes under this subsection. If this lottery game is terminated for any cause, prize moneys remaining undistributed will remain in the State Lottery Fund and used for purposes otherwise provided for by law.

12. *Unclaimed prizes:* Unclaimed prize money on winning Fast Play lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto for 1 year from the sale date of the Fast Play lottery game ticket. If no claim is made within 1 year from the sale date of the Fast Play lottery game ticket, the right of a ticket holder to claim the prize represented by that ticket, if any, shall expire.

13. *Purchase and prize restrictions:* A Fast Play lottery game ticket may not be purchased by, and a prize may not be paid, to an officer or employee of the Lottery, Lottery professional services contractors or subcontractors, or to a spouse, child, brother, sister or parent residing in the same household of an officer, employee, contractor or subcontractor who is involved in the production, distribution or operation of systems for the validation or accounting of Fast Play games.

14. *Governing Law:*

(a) By purchasing a ticket, the purchaser agrees to comply with and abide by the State Lottery Law (72 P.S. §§ 3761-101—3761-314), this notice, instructions, conditions and final decisions of the Secretary, and procedures established by the Secretary for the conduct of the Lots of \$50s lottery game.

(b) Decisions made by the Secretary, including the declaration of prizes and the payment thereof, in interpretation of this notice are final and binding on players and persons making a claim in respect thereof.

15. *Retailer Compensation:*

(a) Authorized retailers may be entitled to compensation as determined by the Lottery.

(b) No authorized retailer or employee of an authorized retailer shall request, demand, or accept gratuities or any compensation other than as provided in subsection (a) in exchange for the performance of duties authorized pursuant to the Lottery retailer's license without the Lottery's prior written authorization.

16. *Retailer Incentive Programs.* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Lots of \$50s lottery game tickets.

17. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania Fast

Play lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the Fast Play game ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery Fast Play game ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

18. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Lots of \$50s or through normal communications methods.

19. *Applicability:* This notice applies only to the Lots of \$50s lottery game announced in this notice.

EILEEN H. McNULTY,
Secretary

(a) A prize may be claimed through an authorized retailer or the Lottery, as provided in this section. A prize must be claimed within 1 year of the sale date of the Fast Play lottery game ticket.

(b) An authorized retailer is authorized to pay prizes of \$2,500 or less. The holder of a game ticket evidencing a winning play representing a prize of \$2,500 or less may be paid by a participating authorized retailer if a proper validation pay ticket was issued by the retailer's Lottery Terminal.

(c) The holder of a game ticket evidencing a winning play representing a prize in excess of \$2,500 may present the game ticket to an authorized retailer, Lottery District Office, or Lottery Headquarters.

(d) The holder of a game ticket evidencing a winning play shall present the ticket, in person, to an authorized retailer, Lottery Headquarters or a Lottery District Office. The retailer or the Lottery will issue payment if:

(1) The game ticket is scanned and the play is validated through the Lottery Terminal or the Lottery Central Computer System;

(2) A claim form is properly and fully completed;

(3) The identification of the claimant is confirmed; and

(4) The winning ticket has not expired, pursuant to this section or section 12 (relating to unclaimed prizes).

(e) The Commonwealth shall not be responsible for a winning play paid in error by an authorized retailer.

(f) In the event a prize described in these rules is not available, the Lottery may either provide a substitute prize, determined by the Secretary to have an equivalent value to the prize won, or make a cash payment to the winner, in an amount determined by the Secretary to have an equivalent value to the prize won.

11. *Funding for prizes:* Moneys will be drawn from the State Lottery Fund, to the extent necessary, to fund the payment of prizes under this subsection. If this lottery game is terminated for any cause, prize moneys remaining undistributed will remain in the State Lottery Fund and used for purposes otherwise provided for by law.

12. *Unclaimed prizes:* Unclaimed prize money on winning Fast Play lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto for 1 year from the sale date of the winning Fast Play lottery game ticket. If no claim is made within 1 year from the sale date of the winning Fast Play lottery game ticket, the right of a ticket holder to claim the prize represented by that ticket, if any, shall expire.

13. *Purchase and prize restrictions:* A Fast Play lottery game ticket may not be purchased by, and a prize may not be paid, to an officer or employee of the Lottery, Lottery professional services contractors or subcontractors, or to a spouse, child, brother, sister or parent residing in the same household of an officer, employee, contractor or subcontractor who is involved in the production, distribution or operation of systems for the validation or accounting of Fast Play games.

14. *Governing Law:*

(a) By purchasing a ticket, the purchaser agrees to comply with and abide by the State Lottery Law (72 P.S. §§ 3761-101—3761-314), this notice, instructions, conditions and final decisions of the Secretary, and procedures established by the Secretary for the conduct of the Piggy Bank Bucks lottery game.

(b) Decisions made by the Secretary, including the declaration of prizes and the payment thereof, in interpretation of this notice are final and binding on players and persons making a claim in respect thereof.

15. *Retailer Compensation:*

(a) Authorized retailers may be entitled to compensation as determined by the Lottery.

(b) No authorized retailer or employee of an authorized retailer shall request, demand, or accept gratuities or any compensation other than as provided in subsection (a) in exchange for the performance of duties authorized pursuant to the Lottery retailer's license without the Lottery's prior written authorization.

16. *Retailer Incentive Programs.* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Piggy Bank Bucks lottery game tickets.

17. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania Fast Play lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000

shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the Fast Play game ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery Fast Play game ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

18. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Piggy Bank Bucks or through normal communications methods.

19. *Applicability:* This notice applies only to the Piggy Bank Bucks lottery game announced in this notice.

DEPARTMENT OF STATE

Bureau of Corporations and Charitable Organizations; Official Forms

The Department of State (Department), Bureau of Corporations and Charitable Organizations (Bureau) proposes to amend 19 Pa. Code Appendix C (relating to official forms) to read as set forth in Annex A.

A. *Effective Date*

The proposed form will be effective on March 1, 2017.

B. *Statutory Authority*

The Department has the authority to promulgate Bureau sample forms and instructions under 15 Pa.C.S. § 133 (relating to powers of Department of State). Section 133(a)(1) of 15 Pa.C.S. specifies that sample filing forms shall not be agency regulations and are therefore explicitly excluded from the requirements of section 612 of The Administrative Code of 1929 (71 P.S. § 232) and review under the Commonwealth Attorneys Act (71 P.S. §§ 732-101—732-506) and the Regulatory Review Act (71 P.S. §§ 745.1—745.14). Section 133(a)(1) of 15 Pa.C.S. does, however, require that the forms and instructions be subject to the opportunity for public comment under section 201 of the act of July 31, 1968 (P.L. 769, No. 240), known as the Commonwealth Documents Law (CDL).

C. *Description of Proposed Revisions*

This proposal revises one of the existing forms and instructions promulgated by the Department and currently published in the *Pennsylvania Code*.

Form DSCB: 15-153(a)(17) (Special Processing)

This form is updated to clarify the procedures for special processing, wherein multiple documents delivered to the Department on the same day are requested to be filed in a certain order. The form was also modified to make clear that more than five documents may be submitted for special processing in a specific sequence at one time, by means of additional attached sheets.

The previously-referenced form and instructions, which are currently published in 19 Pa. Code Appendix C, are being deleted and replaced with the revised form set forth in Annex A. Even though Rule 2.12(a) of the *Pennsylvania Code and Bulletin Style Manual* recommends that forms be referenced in regulations rather than adopted in regulations, 15 Pa.C.S. § 133 requires that the forms and instructions be published in the *Pennsylvania Code*.

D. Fiscal Impact

Although this proposal would have no measurable fiscal impact upon the Commonwealth, its political subdivisions or the private sector, a formal fiscal analysis was not conducted because these forms are exempt from section 612 of The Administrative Code of 1929.

E. Paperwork Requirements

This proposal would not create new paperwork.

F. Regulatory Review

Under section 15 Pa.C.S. § 133(a), sample forms are exempt from the requirements of the Regulatory Review Act but shall be subject to the opportunity of public comment requirement under section 201 of the CDL.

G. Public Comment

Under 15 Pa.C.S. § 133(a)(1), which requires that publication of Bureau forms be subject to the opportunity for public comment, the Department invites interested persons to submit written comments, suggestions or objections regarding this proposal to Martha H. Brown, Assistant Counsel, Department of State, Office of Chief Counsel, 306 North Office Building, Harrisburg, PA 17120 within 30 days following publication of this notice in the *Pennsylvania Bulletin*. Reference "Bureau of Corporations and Charitable Organizations—Official Forms" when submitting comments.

Special Processing DSCB:15-153(a)(17) (3/1/2017)	 15317
--	--

Special processing is the method by which multiple documents delivered to the Department of State on the same day will be filed in a certain order (e.g. file first, file second). Without this form and fee, documents submitted on the same day will be separated and are not guaranteed to be filed in the order desired.

The fee for special processing fee is \$70 (in addition to all other document filing fees and/or expedited service fees).

This form must be completed and submitted with each group of documents.

Notice to Workers' Compensation Insurance Carriers; Special Schedule "W" Data Call

The Insurance Department (Department) is conducting its annual workers' compensation Special Schedule "W" data call. Authority for this data call is section 655 of The Insurance Company Law of 1921 (40 P.S. § 815).

Insurance companies that write workers' compensation insurance in this Commonwealth are required to complete the data call on or before April 15, 2017.

Consistent with prior Special Schedule "W" data calls, the cover letter, general instructions and instructions for limitations affecting unpaid claims estimates are available on the Department's web site at www.insurance.pa.gov (select "Companies," then "Industry Activity," then "Data Calls").

An e-mail announcing the data call was sent to all Pennsylvania workers' compensation insurance carriers.

The Pennsylvania Compensation Rating Bureau's (Bureau) Financial Data Reporting Application (FDRA) will again be used to report all Special Schedule "W" information (including Coal Mine experience) instead of submitting directly to the Department. Refer to the Bureau's web site, www.pcrb.com, for further information on reporting workers' compensation experience for Special Schedule "W" by the FDRA.

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY DEPARTMENT OF ENVIRONMENTAL PROTECTION

Environmental Assessment Approval for PENNVEST Funding Consideration

Scope: Clean Water and Drinking Water State Revolving Fund Projects for April 19, 2017, Pennsylvania Infrastructure Investment Authority (PENNVEST) Board meeting consideration

Description: PENNVEST, which administers the Commonwealth's Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF), is intended to be the funding source for the following projects. The Department of Environmental Protection's (Department) review of these projects, and the information received in the Environmental Report for these projects, has not identified any significant, adverse environmental impact resulting from any of the proposed projects. The Department hereby approves the Environmental Assessment. If no significant comments are received during this comment period, the Environmental Assessment will be considered approved and funding for the project will be considered by PENNVEST.

To be considered, the Department must receive comments on this approval on or by March 27, 2017. Electronic comments should be submitted using the Department's eComment site at www.ahs.dep.pa.gov/eComment. Written comments can be submitted by e-mail to ecomment@pa.gov or by mail to the Policy Office, Depart-

ment of Environmental Protection, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063. Use "PENNVEST SRF-Environmental Assessment" as the subject line in written communication.

For further information about the approval of the following Environmental Assessments or the Clean Water State Revolving Loan Program and Drinking Water State Revolving Loan Program contact Richard Wright at riwright@pa.gov, the Bureau of Clean Water, Department of Environmental Protection, P.O. Box 8774, Harrisburg, PA 17105-8774, (717) 772-4059 or visit the Department's web site at <http://www.dep.pa.gov/Business/Water/CleanWater/InfrastructureFinance/Pages/default.aspx>.

CWSRF Projects Being Considered:

Applicant: Greene Township
County: Erie
Applicant Address: 9333 Tate Road, Erie, PA 16509

Project Description: The proposed project includes the construction of approximately 32,225 lineal feet of 6-inch through 8-inch diameter PVC gravity sewers, 83 man-holes, 14,293 lineal feet of force main sewers, 40,756 lineal feet of low-pressure sewers, 3 pump stations and 121 grinder pumps to provide wastewater service to the 277 equivalent dwelling units. The wastewater will be collected from Greene Township and conveyed through the Millcreek Township Sewer Authority system into the City of Erie system for treatment.

Problem Description: This is the fourth and final phase of a project whereby the most densely populated areas of Greene Township are proposed to receive public wastewater service. This phase will serve 277 equivalent dwelling units (269 residential and 8 commercial). The residents reside along the following roads: Dewey, Dutch, Gonda Drive, Hartman, Jordan, Kane Hill, Knoyle, Kuhl, Lake Pleasant, Mark, Morehouse and portions of Route 8. A sanitary survey of this project area revealed a 34.4% confirmed onlot malfunction rate. These systems leach untreated and partially treated wastewater onto the ground surface and into the waters of the Commonwealth. This project will eliminate the malfunctioning sewage systems thereby improving the area's water quality.

DWSRF Projects Being Considered:

Applicant: Aqua Pennsylvania—Sun Valley Community Water System
County: Monroe
Applicant Address: 1 Aqua Way, White Haven, PA 18661

Project Description: Aqua Pennsylvania, Inc. is proposing significant rehabilitation of the existing Sun Valley water system. Proposed improvements consist of: replacing the two existing storage tanks with a 10,000-gallon tank; replacing the well pump with no increase in capacity; constructing a new well house; replacing the chemical feed system for disinfection purposes; replacing corrosion control treatment facilities (pH adjustment and blended potassium phosphate addition); installing new discharge piping with necessary appurtenances; installing 36 lineal feet of 30-inch diameter contact main; and replacing approximately 10,300 lineal feet of distribution system main with all necessary appurtenances.

Problem Description: All system facilities are significantly deteriorated resulting in numerous leaks and periodic water outages. Additionally, basic operational functions are not being performed such as required monitoring, maintenance and operation of necessary treatment facilities for disinfection and corrosion control, and the system lacks a certified operator. These deficiencies resulted in a Field Order issued by the Department. Violations included failure to respond to an emergency to correct water outages and provide an alternate source of potable water to affected customers, failure to provide an adequate supply of water, failure to provide key water treatment processes (lack of continuous disinfection), failure to provide level of treatment as permitted, failure to have an Operation and Maintenance Plan and Emergency Response Plan, and failure to have a certified operator. To address the problems, complete rehabilitation of the public water supply system is proposed. The modification will improve the ability to operate and maintain the system and will increase the reliability of service.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Electric Generation Supplier License Cancellations of Companies with an Expired Financial Security

Public Meeting held
 February 9, 2017

Commissioners Present: Gladys M. Brown, Chairperson; Andrew G. Place, Vice Chairperson; John F. Coleman, Jr.; Robert F. Powelson; David W. Sweet

Electric Generation Supplier License Cancellations of Companies with an Expired Financial Security;
 M-2017-2584781

Tentative Order

By the Commission:

The Commission's regulations at 52 Pa. Code § 54.40(a) state that an Electric Generation Supplier (EGS) license will not be issued or remain in force until the licensee furnishes a bond or other security approved by the Commission. In addition, 52 Pa. Code § 54.40(d) states that the maintenance of an EGS license is contingent on the licensee providing proof to the Commission that a bond or other approved security in the amount directed by the Commission has been obtained.

Each EGS must file an original bond, letter of credit, continuation certificate, amendment, or other approved financial instrument with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA 17120 prior to the EGS's current security expiration date. Each financial instrument must be an original document that displays a "wet" signature or digital signature, preferable in blue ink, and displays a

“raised seal” or original notary stamp. The name of the principal on the original financial instrument must match exactly with the name that appears on the EGS’s license issued by the Commission.

Failure to file before the financial security’s expiration date may cause Commission staff to initiate a formal proceeding that may lead to the following: cancellation of each company’s electric supplier license, removal of each company’s information from the Commission’s website

and notification to all electric distribution companies, in which each company is licensed to do business, of the cancellation of the license.

As of January 31, 2017, each EGS listed in the Supplier Table below has not provided proof to the Commission that it has a bond or other approved security in the amount directed by the Commission, to replace its expired bond as noted in the table below.

A-2014-2433775*	MARATHON POWER, LLC	1/16/17
A-2011-2224748	RESOURCES ENERGY SYSTEMS, LLC	1/19/17

A-2015-2507378	UTMOST, INC.	1/22/17

*Taking title to electricity

As part of its EGS license validation procedures, the Commission’s Bureau of Technical Utility Services sent a 60-day Security Renewal Notice Letter to each entity in the Supplier Table above stating that original documentation of a bond, or other approved security, must be filed within 30 days prior to each entity’s security expiration date. None of the companies listed in the Supplier Table provided the required documentation.

Based on the above facts, we tentatively conclude that the EGSs listed in the Supplier Table are not in compliance with 52 Pa. Code § 54.40(a) and (d) and therefore it is appropriate to initiate the cancellation process for each EGS license of each company listed in the Supplier Table, without the necessity of a formal complaint, as being in the public interest; *Therefore,*

It Is Ordered That:

1. Cancellation of the Electric Generation Supplier Licenses of each company listed in the Supplier Table is hereby tentatively approved as being in the public interest.

2. The Secretary serve a copy of this Tentative Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation & Enforcement, Department of Revenue—Bureau of Corporation Taxes, all electric distribution companies, all of the Electric Generation Suppliers in the Supplier Table and also cause a copy of this Tentative Order to be published in the *Pennsylvania Bulletin* with a 30-day comment period.

3. Absent the filing of adverse public comment or the filing of approved security within 30 days after publication in the *Pennsylvania Bulletin*, the Bureau of Technical Utility Services shall prepare a Final Order for entry by the Secretary.

4. Upon entry of the Final Order described in Ordering Paragraph No. 3 above, each company listed in the Supplier Table will be stricken from all active utility lists maintained by the Commission’s Bureau of Technical Utility Services and the Assessment Section of the Bureau of Administration, removed from the Commission’s website, and notifications be sent to all electric distribu-

tion companies in which the Electric Generation Suppliers are licensed to do business.

5. Upon entry of the Final Order described in Ordering Paragraph No. 3, each electric distribution company in which the Electric Generation Suppliers are licensed to do business, shall return the customers of the Electric Generation Suppliers to default service.

Pennsylvania Public Utility Commission; Bureau of Investigation and Enforcement v. Curbside Transportation, LLC; Docket No. C-2017-2582747

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to Curbside Transportation, LLC, (respondent) is under suspension effective November 30, 2016 for failure to maintain evidence of insurance on file with this Commission.

2. That respondent maintains a principal place of business at 1117 Glenview St., Philadelphia, PA 19111.

3. That respondent was issued a Certificate of Public Convenience by this Commission on July 11, 2016, at A-6417968.

4. That respondent has failed to maintain evidence of Liability insurance on file with this Commission. The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500 and cancellation of the Certificate of Public Convenience.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-6417968 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,

Docket No. C-2017-2583409**

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to Craig Alan Zacherl, t/a Rolling Hills Hauling, (respondent) is under suspension effective December 22, 2016 for failure to maintain evidence of insurance on file with this Commission.
2. That respondent maintains a principal place of business at 1153 Rt 157, Venus, PA 16364.
3. That respondent was issued a Certificate of Public Convenience by this Commission on December 01, 2005, at A-00122058/A-707501.

4. That respondent has failed to maintain evidence of Cargo insurance on file with this Commission. The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500 and cancellation of the Certificate of Public Convenience.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-00122058/A-707501 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

VERIFICATION

I, David W. Loucks, Chief, Motor Carrier Enforcement, Bureau of Investigation and Enforcement, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect that the Bureau will be able to prove same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

Date: 1/11/17

David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement

NOTICE

A. You must file an Answer within 20 days of the date of service of this Complaint. The date of service is the mailing date as indicated at the top of the Secretarial Letter. See 52 Pa. Code § 1.56(a). The Answer must raise all factual and legal arguments that you wish to claim in your defense, include the docket number of this Complaint, and be verified. You may file your Answer by mailing an original to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
P.O. Box 3265
Harrisburg, PA 17105-3265

Or, you may eFile your Answer using the Commission's website at www.puc.pa.gov. The link to eFiling is located under the Filing & Resources tab on the homepage. If your Answer is 250 pages or less, you are not required to file a paper copy. If your Answer exceeds 250 pages, you must file a paper copy with the Secretary's Bureau.

Additionally, a copy should either be mailed to:

Michael L. Swindler, Deputy Chief Prosecutor
Pennsylvania Public Utility Commission
Bureau of Investigation and Enforcement
P.O. Box 3265
Harrisburg, PA 17105-3265

Or, emailed to Mr. Swindler at: RA-PCCmplntResp@pa.gov

B. If you fail to answer this Complaint within 20 days, the Bureau of Investigation and Enforcement will request that the Commission issue an Order imposing the penalty.

C. You may elect not to contest this Complaint by causing your insurer to file proper evidence of current insurance in accordance with the Commission's regulations and by paying the fine proposed in this Complaint by certified check or money order within twenty (20) days of the date of service of this Complaint. Accord certificates of insurance and faxed form Es and Hs are unacceptable as evidence of insurance.

The proof of insurance must be filed with the:

Compliance Office, Bureau of Technical Utility Services
Pennsylvania Public Utility Commission
P.O. Box 3265
Harrisburg, PA 17105-3265

Payment of the fine must be made to the Commonwealth of Pennsylvania and should be forwarded to:

Rosemary Chiavetta, Secretary
Pennsylvania Public Utility Commission
P.O. Box 3265
Harrisburg, PA 17105-3265

Your payment is an admission that you committed the alleged violation and an agreement to cease and desist from further violations. Upon receipt of the evidence of insurance from your insurer, and upon receipt of your payment, the Complaint proceeding shall be closed.

D. If you file an Answer which either admits or fails to deny the allegations of the Complaint, the Bureau of Investigation and Enforcement will request the Commission to issue an Order imposing the penalty set forth in this Complaint.

E. If you file an Answer which contests the Complaint, the matter will be assigned to an Administrative Law Judge for hearing and decision. The Judge is not bound by the penalty set forth in the Complaint, and may impose additional and/or alternative penalties as appropriate.

F. If you are a corporation, you must be represented by legal counsel. 52 Pa. Code § 1.21.

Alternative formats of this material are available for persons with disabilities by contacting the Commission's ADA Coordinator at 717-787-8714. Do not call this number if you have questions as to why you received this complaint. For those questions you may call 717-783-3847.

Commonwealth of Pennsylvania, Bureau of Professional and Occupational Affairs v. Adebayo Omotayd Onigbinde, RN, Respondent; File No. 14-51-02485; Doc. No. 1901-51-16

Notice to Adebayo Omotayd Onigbinde, RN:

On October 14, 2016, the Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs, instituted a formal administrative action against you by filing an Order to Show Cause, before the State Board of Nursing, alleging that you have violated certain provisions of the Pennsylvania Practical Nurse Law, Act of March 2, 1956, P.L. (1955) 1211, ("Act"). You are being served pursuant to 1 Pa. Code § 33.31 and Rule 430 of the Pennsylvania Rules of Civil Procedure, 231 Pa. Code Rule 430, providing for service of process upon you by publication.

Notice

Formal disciplinary action has been filed against you. You may lose your license, certificate, registration or permit to practice your profession or occupation. You may

be subject to civil penalties of up to \$10,000 for each violation, and the imposition of costs of investigation.

If you wish to defend against the charges in the attached Order to Show Cause or to present evidence to mitigate any penalty that may be imposed, the procedures for doing so are explained in the Order to Show Cause. You may obtain a copy of the Order to Show Cause from the Prothonotary for the Department of State, 2601 North Third Street, P.O. Box 2649, Harrisburg, PA 17105, telephone number, (717) 772-2686.

You have the right to retain an attorney. Although you may represent yourself without an attorney, you are advised to seek the help of an attorney. You also have the right to have an interpreter provided should you request one.

All proceedings are conducted under the Administrative Agency Law and the General Rules of Administrative Practice and Procedures.

You are directed to respond to the charges by filing a written answer within thirty (30) days of this NOTICE. IF YOU DO NOT FILE AN ANSWER, DISCIPLINARY ACTION MAY BE TAKEN AGAINST YOU WITHOUT A HEARING. To file your answer, you must bring or send an original and three (3) copies of your answer and any pleadings or other documents related to this matter to the following address:

Prothonotary
Department of State
2601 North Third Street
P.O. Box 2649
Harrisburg, PA 17105

You must also send a separate copy of your answer and any other pleadings or documents related to this case to the prosecuting attorney named in the Order to Show Cause.

STATE CONSERVATION COMMISSION

Action on Odor Management Plans for Concentrated Animal Operations and Concentrated Animal Feeding Operations and Volunteers Complying with the Commonwealth's Facility Odor Management Program

The State Conservation Commission has taken the following actions on previously received applications for Odor Management Plans under 3 Pa.C.S. §§ 501—522 (relating to nutrient management and odor management).

Persons aggrieved by any action may appeal under 3 Pa.C.S. § 517 (relating to appealable actions), section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, so individuals interested in challenging this action should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.
