READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 139]

Seasons and Bag Limits

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 24, 2018, meeting, amended § 139.4 (relating to seasons and bag limits for the license year) to provide updated seasons and bag limits for the 2018-2019 hunting/trapping license year.

This final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 48 Pa.B. 1689 (March 24, 2018).

1. Purpose and Authority

To effectively manage the wildlife resources and provide hunting and trapping opportunities in this Commonwealth during the upcoming license year, the Commission amends § 139.4 to provide updated seasons and bag limits for the 2018-2019 license year. The 2018-2019 seasons and bag limits are amended to reflect current available scientific data, population and harvest records, field surveys and professional staff observations, as well as recommendations received from staff, organized sport-

ing groups, members of the agricultural community and others interested in the management of the wildlife resources of this Commonwealth.

In regard to small game seasons, the Commission eliminates the hen pheasant restriction in wildlife management units (WMU) 2A, 2C, 4C and 5B. Commission staff has determined that allowing harvest of male and female pheasants in these WMUs is appropriate because they do not contain wild pheasant recovery areas, there is no evidence that these units are capable of sustaining huntable populations of wild pheasants under current landscape habitat conditions, and either-sex hunting would provide additional hunting opportunity (especially for youth hunters) and allow for more efficient use and distribution of game farm pheasants. The male-only restriction would continue in WMUs 4E and 5A, which contain active wild pheasant recovery areas.

In regard to black bear seasons, the Commission creates a new 4-day extended firearms seasons in WMUs 4A and 5A and an increase (from 4 to 6 days) in the length of the extended firearms season in WMU 3A. These changes are intended to prevent increases in bear populations and bear-human conflicts within these WMUs.

In regard to white-tail deer seasons, the Commission extends the early deer archery season in WMUs 1A, 1B, 2A, 2C, 2D, 2E, 2F, 2G, 2H, 3A, 3B, 3C, 3D, 4A, 4B, 4D, 4E, 5A and 5B for 2 additional days during the November rut.

In regard to furbearer seasons, the Commission opens WMUs 4B and 4C to fisher trapping. Commission staff has determined that fisher population indices within these WMUs are comparable to those in other units where fisher harvest is occurring sustainably, and staff and constituents have recommended this expansion of harvest opportunity.

There are no changes to turkey or elk seasons.

Section 322(c)(1) of the code (relating to powers and duties of commission) specifically empowers the Commission to “fix seasons, daily shooting or taking hours, and any modification thereof, and daily, season and possession limits for any species of game or wildlife.” Section 2102(b)(1) of the code (relating to regulations) authorizes the Commission to “promulgate regulations relating to seasons and bag limits for hunting or furtaking.” The amendments to § 139.4 are adopted under this authority.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 141]

Hunting and Trapping; Hunting Hours

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 24, 2018, meeting, amended Chapter 141, Appendix G (relating to hunting hours) to replace the current hunting hours table and migratory bird hunting hours table to accurately reflect the dates and hours of legal hunting for the 2018-2019 hunting/trapping license year. The Commission also amended § 141.4 (relating to hunting hours) by eliminating the hunting hours closure of mourning dove season prior to noon during the first mourning dove season.

This final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 48 Pa.B. 1683 (March 24, 2018).

1. Purpose and Authority

The Commission amends Appendix G to replace the current hunting hours table and migratory bird hunting hours table to accurately reflect the dates and hours of legal hunting for the 2018-2019 hunting license year. The Commission also amends § 141.4 by eliminating the hunting hours closure of mourning dove season prior to noon during the first mourning dove season. The Commission has progressively expanded the length of the first mourning dove season over the past few years and has determined that a simplified hunting hours standard is preferred over a split hunting hours structure or an extension of the restricted hunting hours period during the now longer first mourning dove season. The deletion of this text will cause hunting hours for mourning dove hunting to default to the hunting hours standard for migratory birds—1/2 hour before sunrise until sunset.

Section 2102(a) of the code (relating to regulations) provides that “[t]he commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The amendments to § 141.4 and Appendix G are adopted under this authority.

2. Regulatory Requirements

This final-form rulemaking amends Appendix G by replacing the current hunting hours table and migratory bird hunting hours table to accurately reflect the dates and hours of legal hunting for the 2018-2019 hunting/trapping license year. This final-form rulemaking also amends § 141.4 by eliminating the hunting hours closure of mourning dove season prior to noon during the first mourning dove season.

3. Persons Affected

Persons wishing to hunt or trap game or wildlife, including mourning dove, within this Commonwealth

during the 2018-2019 hunting/trapping license year will be affected by this final-form rulemaking.

4. Comment and Response Summary

There were no official comments received regarding this final-form rulemaking.

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 141]

Hunting and Trapping; Wild Pheasant Recovery Areas

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 24, 2018, meeting, amended § 141.28 (relating to wild pheasant recovery areas) by eliminating the Somerset Wild Pheasant Recovery Area (WPRAs).

This final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 48 Pa.B. 1686 (March 24, 2018).

1. *Purpose and Authority*

The Somerset WPRAs was established by the Commission in 2009. From 2009—2011, 964 wild pheasants were trapped and transferred to the WPRAs and annual population and habitat monitoring have continued through 2017. Population surveys show that current wild pheasant numbers in this WPRAs are very low, and much lower than the initial population at the conclusion of releases. Commission staff have concluded that due to habitat conditions, weather severity or a combination of these factors, a huntable wild pheasant population is not achievable or sustainable in this WPRAs and that in

keeping with guidelines established in the Pennsylvania Ring-necked Pheasant Management Plan for unsuccessful WPRAs, the Somerset WPRAs should be dissolved and the area should be reopened to either-sex pheasant hunting and to the stocking of game farm pheasants. The Commission amends § 141.28 by eliminating the Somerset WPRAs.

Section 2102(a) of the code (relating to regulations) provides that “[t]he commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The amendments to § 141.28 are adopted under this authority.

2. *Regulatory Requirements*

This final-form rulemaking amends § 141.28 by eliminating the Somerset WPRAs.

3. *Persons Affected*

Persons wishing to hunt or take pheasants or train dogs on small game within Somerset WPRAs may be affected by this final-form rulemaking.

4. *Comment and Response Summary*

There were no official comments received regarding this final-form rulemaking.

5. *Cost and Paperwork Requirements*

This final-form rulemaking should not result in additional cost or paperwork.

6. *Effective Date*

This final-form rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. *Contact Person*

(1) Public notice of intention to adopt the administrative amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Title 58—RECREATION

GAME COMMISSION

[58 PA. CODE CH. 147]

Special Permits; Pheasant Permit

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission), at its April 24, 2018, meeting, amended §§ 147.316 and 147.317 (relating to application; and permit) to require junior hunters to obtain a free pheasant permit to hunt pheasants in this Commonwealth. The Commission also amended § 147.317 to exempt additional individuals from the pheasant permit requirement, including individuals currently exempted from licensure by statute, individuals hunting and taking privately acquired propagated pheasants on private lands, and senior lifetime license holders that acquired their licenses before May 13, 2017, the effective date of the pheasant permit program.

This final-form rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this final-form rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

Notice of proposed rulemaking was published at 48 Pa.B. 1695 (March 24, 2018).

1. *Purpose and Authority*

The Commission amends §§ 147.316 and 147.317 to require junior hunters to obtain a free pheasant permit to hunt pheasants in this Commonwealth. This change will allow the Commission to track junior hunter participation in the pheasant hunting program. This change will also allow the Commission to accept Wildlife Restoration Act (16 U.S.C.A. §§ 669—669k) grant funds for each permit issued to a junior hunter.

The Commission also amends § 147.317 to exempt additional individuals from the pheasant permit requirement, including individuals currently exempted from licensure by statute, individuals hunting and taking privately acquired propagated pheasants on private lands, and senior lifetime license holders that acquired their licenses before May 13, 2017, the effective date of the pheasant permit program. The first exempted group includes persons hunting pheasants on commercial and noncommercial regulated hunting grounds or special retriever training areas, as well as persons engaged in dog training activities under a dog training area, special retriever area, field dog trial or field dog trial for retrievers permit.

The second group will allow privately acquired pheasants to be hunted and killed on private property without

requirement of a pheasant permit or its associated fee. This exemption does not apply to wild pheasants or on private lands designated by agreement as cooperative access lands. This exemption will also require that any pheasants hunted, taken or possessed under this paragraph shall be banded, tagged, marked or receipted in accordance with section 2930 of the code (relating to propagating permits).

The third and final group will allow individuals that previously acquired a senior lifetime resident hunting license or senior lifetime resident combination hunting and furtaking license, as defined under section 2705 of the code (relating to classes of licenses), prior to May 13, 2017, to hunt without acquiring a pheasant permit. This addition was made to accommodate concerns submitted by lifetime license holders that obtained their lifetime license status prior to the effective date of the initial pheasant permit program.

Section 2901(b) of the code (relating to authority to issue permits) provides "the commission may, as deemed necessary to properly manage the game or wildlife resources, promulgate regulations for the issuance of any permit and promulgate regulations to control the activities which may be performed under authority of any permit issued." The amendments to §§ 147.316 and 147.317 are adopted under this authority.

2. Regulatory Requirements

This final-form rulemaking amends §§ 147.316 and 147.317 to require junior hunters to obtain a free pheasant permit to hunt pheasants in this Commonwealth. The Commission also amends § 147.317 to exempt additional individuals from the pheasant permit requirement, including individuals currently exempted from licensure by statute, individuals hunting and taking privately acquired propagated pheasants on private lands, and senior lifetime license holders that acquired their licenses before May 13, 2017, the effective date of the pheasant permit program.

3. Persons Affected

Persons wishing to hunt or take pheasants in this Commonwealth may be affected by this final-form rulemaking.

4. Comment and Response Summary

The Commission received eight comments regarding this final-form rulemaking. Two comments requested the Commission to exempt senior lifetime license holders from the pheasant permit requirement. These comments and related oral testimony convinced the Commission to incorporate this exemption in this final-form rulemaking. Two comments requested that senior license holders be exempted from the pheasant permit requirement, except when hunting with a dog. This exemption was not adopted. Four comments requested that the Commission set differing fee structures based upon residency, junior hunter status or whether a person is hunting pheasants with or without a dog. These changes were not adopted.

5. Cost and Paperwork Requirements

This final-form rulemaking will result in the creation of a new class of permit that will be required for junior hunters. The Commission anticipates that this free permit will be made available through the Pennsylvania Automated License System, therefore additional paperwork requirements to the general public will be nominal. The Commission has determined that there will be limited personnel and administrative costs associated with the implementation of this new permit class. How-

ever, the Commission anticipates that these costs will be accommodated through existing staffing and existing budgets. This final-form rulemaking will also result in a reduction in cost and paperwork requirements for the additional individuals that are now exempted from the pheasant hunting permit requirement.

6. Effective Date

This final-form rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

7. Contact Person

For further information regarding this final-form rulemaking, contact Randy L. Shoup, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Findings

The Commission finds that:

(2) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for the administration and enforcement of the authorizing statute.

Order

The Commission, acting under the authorizing statute, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 147, are amended by amending §§ 147.316 and 147.317 to read as set forth in Annex A.

(b) The Executive Director of the Commission shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

NOTICES

DEPARTMENT OF AGRICULTURE

Order of Quarantine and Treatment; Spotted Lanternfly

Recitals

A. This order rescinds and replaces all previous orders and addendums thereto.

B. Spotted lanternfly, *Lycorma delicatula*, is a new pest to the United States and has been detected in the Commonwealth. This is a dangerous insect to forests, ornamental trees, orchards and grapes and is not native to the Commonwealth or the United States. It is not yet widely prevalent or distributed within or throughout the Commonwealth but it has been found in numerous counties since its first appearance in the Commonwealth.

C. The plant pest *Lycorma delicatula* (Spotted lanternfly) has been determined by the Department to be dangerous and destructive to the agriculture, horticulture and forests of this Commonwealth and is hereby declared a "public nuisance."

D. The Plant Pest Act (Act) (act of December 16, 1992, P.L. 1228, No. 162) (3 P.S. §§ 258.1—258.27) empowers The Department of Agriculture (Department) to take various measures to detect, contain and eradicate plant pests. These powers include the authority to establish quarantines to prevent the spread of plant pests within this Commonwealth, to make surveys to determine the existence, distribution and damage caused by the plant pest, to collect samples and to prescribe treatment for control of the plant pest (act of December 16, 1992, P.L. 1228, No. 162, §§ 18, 19 and 21) (3 P.S. §§ 258.18, 258.19 and 258.21)

E. Under the authority of section 258.20 of the Act (related to pests declared public nuisance) (act of December 16, 1992, P.L. 1228, No. 162, § 20) (3 P.S. § 258.20) the Department may declare a plant pest to be a public nuisance when the Department determines a plant pest to be dangerous or destructive to the agriculture, horticulture or forests of this Commonwealth. For the reasons set forth in Paragraphs B and C above, the Department declared and continues to declare *Lycorma delicatula* (Spotted lanternfly) to be a public nuisance.

F. Once a plant pest is declared a nuisance, "It shall be unlawful for any person knowingly to permit any plant pest so declared to exist on his premises or to sell, offer for sale, give away or move any plants, plant products or other material capable of harboring the pest." (act of December 16, 1992, P.L. 1228, No. 162, § 20) (3 P.S. § 258.20)

G. When a pest or pests that have the potential to cause serious damage to agriculture are found in any geographic area, the area and any adjacent areas as the Department deems necessary shall be quarantined. (act of December 16, 1992, P.L. 1228, No. 162, § 20) (3 P.S. § 258.21(a))

H. The areas or zone of the Commonwealth in which the plant pest, *Lycorma delicatula* (Spotted lanternfly), has been detected or confirmed and adjacent areas that are quarantined are set forth in Article 1, Paragraph 1 (related to Establishment of Quarantine) of this Order of Quarantine. Any new place or area of the Commonwealth in which the plant pest, *Lycorma delicatula* (Spotted

lanternfly), is later detected or confirmed and adjacent areas shall be added to this Order of Quarantine through an addendum delineating the areas or zone to be added to this Order of Quarantine. As is this Order, such an addendum shall be published in the *Pennsylvania Bulletin* and enforcement of this Order of Quarantine with regard to that area or zone shall become effective immediately upon such publication in the *Pennsylvania Bulletin*.

c. If moving during the period of April through December, the regulated article is moved into the Quarantine Zone in an enclosed vehicle or conveyance or is completely covered, such as by a tarp or full shrink wrapping, to prevent exposure to the plant pest Spotted lanternfly, *Lycorma delicatula*. The covering must be kept on the regulated article until leaving the Quarantine Zone and thereafter be inspected, decontaminated, or destroyed.

Article IV. *Recordkeeping*

b. Documentation shall be kept listing each individual trained by the Permit holder's designated employee(s) as per Article II, section 3).c.

c. Incoming and outgoing shipment records are to detail the kind and quantity of regulated article shipped, shipper name, date of shipment, source or destination information, and corresponding inspection treatment and mitigation records.

d. Inspection, treatment and mitigation records, including dates and outcomes, shall be kept in accordance with applicable state and federal requirements.

e. Records required under the Permit and this Quarantine Order are to be maintained for a minimum of two (2) years with copies provided to the Department upon request.

Article V. No Preclusion of Powers

1) This Quarantine Order does not affect, preclude or prevent the Department from enforcement of all statutory and regulatory authority.

2) This Quarantine Order shall not preclude the routine inspection, sampling, and testing of regulated articles by the Department or by the proper authorities in other States and Commonwealths, such as State Departments of Agriculture or similar authority, where the regulated articles may be shipped, nor does it preclude rejection, stop-sale or other regulatory action as a result of any positive samplings, tests or findings.

3) A person holding a Permit or subject to a Compliance Agreement shall allow the Department to enter Participant's premises during normal business hours for the purpose of: conducting inspections and collecting samples to test for the presence of Spotted lanternfly; inspecting records related to this Quarantine Order; and interviewing employees to inquire about training on Spotted lanternfly practices or compliance with this Order or any part thereof.

4) In cooperation with the Department, a person holding a Permit or subject to a Compliance Agreement shall undertake treatment and mitigation procedures, as the Department determines to be necessary based on available science and research, in order to slow the spread or eradicate Spotted lanternfly from the Participant's premises in a manner which minimizes the risk of spreading Spotted lanternfly in accordance with the standards established below.

Article VI. Surveys, Order of Treatment and Monitoring

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Summary Notice of the Availability of the Draft 2018 Annual Action Plan; Public Hearing

The Department of Community and Economic Development (Department) announces the availability of the Commonwealth's draft Federal Fiscal Year 2018 Annual Action Plan (Plan). The Plan is submitted to the United States Department of Housing and Urban Development (HUD) as the annual application for Federal funds administered by the Commonwealth. The HUD funding programs covered by the Plan and administered by the

Department are the Community Development Block Grant (CDBG), the HOME Investment Partnership (HOME), the Emergency Solutions Grant (ESG) programs, Community Development Block Grant—Disaster Recovery (CDBG-DR) and Neighborhood Stabilization Program (NSP). Also covered by the Plan is the Housing Opportunities for Persons with AIDS (HOPWA) program which the Department of Health administers and the National Housing Trust Fund which is administered by the Pennsylvania Housing Finance Agency.

This summary is designed to provide an opportunity for citizens, local governmental officials and interested organizations in this Commonwealth to comment about the Plan prior to its submission to HUD. Comments may be electronically submitted to the Department by e-mail to

RA-DCEDcdbghomequestions@pa.gov. Written comments should be submitted to Megan L. Snyder, Center for Compliance, Monitoring and Training, Department of Community and Economic Development, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225. Electronic and written comments must be received by 4 p.m. on Wednesday, June 27, 2018, to be included as testimony in the Plan.

Purpose

The Plan takes the strategy developed in the Consolidated Plan and applies it to the administration of the CDBG, HOME, ESG, CDBG-DR, NSP, HOPWA and National Housing Trust Fund programs for 2018. HUD must approve the Plan for the Commonwealth to receive funding under the identified HUD programs.

Content

The Plan will include the Methods of Distribution for all Federal programs, as well as the goals and outcomes expected during the 2018 calendar year. Besides the Department's web site <http://dced.pa.gov>, the approved Plan will be able to be viewed on HUD's web site at <https://www.hudexchange.info/consolidated-plan/con-plans-aaps-capers/>.

Major changes in the method of distribution for 2018 by program

CDBG—

*Entitlement—*No changes

*Competitive—*No changes

*CDBG-DR—*No changes

HOME—

a. Because of the complexity of Federal regulations and requirements associated with the HOME program, a minimum application amount of \$50,000 has been established, except for CHDO operating grants and project specific predevelopment loans. All other HOME activities except rental development, have a maximum grant level of \$500,000 for any HOME application covering a single municipality or \$750,000 for assistance for multiple municipalities.

ESG—

a. Funding to eligible entities is competitive and is not guaranteed beyond the immediate funding cycle awarded.

b. *Nonpriority—Emergency Shelter:* Operations (applicants applying for operation funds may only request ESG funds equal to 25% of the total shelter operations budget for the 18-month award period).

c. Applicants who design regional projects will be highly considered for funding if the project addresses a Statewide need that is supported by data, is administered by an organization with capacity to fulfill all programmatic requirements and has identified its ability to meet the match requirement.

d. Nonprofits may not apply directly to the Department but through a local unit of government except for nonprofits applying for a regional based project.

*HOPWA—*No changes

*Housing Trust Fund—*No changes

Public Review

The Plan is available on the Internet or in hard copy for public comment from May 27, 2018, through June 27, 2018. CD copies of the Plan can be obtained by calling (717) 720-7404.

Written comments

Comments may be electronically submitted to the Department by e-mail to RA-DCEDcdbghomequestions@pa.gov. Written comments should be submitted to Megan L. Snyder, Center for Compliance, Monitoring and Training, Department of Community and Economic Development, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA 17120-0225. Written comments must be received by 4 p.m. on Wednesday, June 27, 2018, to be included as testimony in the Plan.

Public hearing

The public hearing for the Plan will be conducted electronically, by means of the Internet/conference call on Monday, June 18, 2018. The public hearing by the Internet/conference call will be held at 1:30 p.m. and will last as long as there are comments to be received. This more widely available computer access/conference call will replace the onsite public hearing. The format will be more accessible than an in-person meeting because those who wish to make comment or discuss policy may participate directly from their electronic device, telephone or from a computer located at their public library. Interested parties may also attend the public hearing in person at the Department of Community and Economic Development, 400 North Street, 4th Floor, Commonwealth Keystone Building, Harrisburg, PA.

Any individual or organization may give testimony or comments by means of the Internet. Comments will be accepted on the content of the Commonwealth's draft Plan including the various changes to the method of distribution already previously outlined, and the process by which the public input is gathered. The Commonwealth encourages public participation in this process.

Individuals who wish to participate must register in advance. Contact Megan L. Snyder at (717) 720-7404 to receive registration instructions for the Internet meeting at least 24 hours prior to the hearing date. During the hearing, if support is required, call (717) 787-5327. The hearing will be shortened if there is no one to testify or there is minimal response.

Persons with a disability or limited English proficiency who wish to participate in the public hearing should contact Megan L. Snyder, Department of Community and Economic Development, Commonwealth Keystone Building, 400 North Street, 4th Floor, Harrisburg, PA 17120-0225 or at (717) 720-7404 or TDD at (717) 346-0308 to discuss how the Department can accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 1**

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remedia-

tion and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department’s Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E,

or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Actual emissions from the facility are anticipated to be lower than the potential emissions, based on the applicant's projected operations.

Once during each cremation cycle, the permittee shall conduct a fugitive emission survey and a malodor survey around the perimeter of the facility property to ensure compliance with 25 Pa. Code §§ 123.1, 123.2 and 123.31. Records of the survey performed must be recorded. Particulate emissions shall not exceed 0.08 gr/dscf corrected to 7% oxygen. For each unit, the permittee shall maintain records of time and corresponding temperature during each cremation cycle when the temperature of the secondary combustion chamber is at least 1800 degrees Fahrenheit; the amount of fuel used on a monthly basis; hours of operation; and cremation cycles. The temperature of the secondary (or last) chamber shall achieve at least 1800 degrees Fahrenheit during each cremation cycle. The proposed authorization is subject to State and Federal Regulations. Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Table 2

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

E19-311 Amendment, Transcontinental Gas Pipe Line Company, LLC, 2800 Post Oak Blvd, Level 6, Houston, TX 77056, Atlantic Sunrise Pipeline Project, in

Greenwood Township, **Columbia County**, ACOE Baltimore District. The pipeline project starts at 0.35 mile south on Hynick Road from the intersection of Hynick Road and SR 118 (Red Rock, PA Quadrangle N: 40°, 17', 2.17"; W: 76°, 18', 48.68") and ends at 0.22 mile north on Happy Valley Road from the intersection with Monroe Drive (Shamokin, PA Quadrangle N: 40°, 50', 23.7"; W: 76°, 30', 27.13").

The amendment consists of the construction, operation and maintenance of an engineered slope stabilization system (Sierraslope Slope Stability System; SSSS) to stabilize a steep sloping buffer zone along Little Green Creek—TSF; Crossing ID # WW-T16-14003. The SSSS will provide not only long-term stability of the slope but will utilize native materials to blend into the surrounding area and grades. A previously approved design of a coffer dam will be utilized to maintain a dry work area. Within the work area a 4-8-inch-thick leveling pad of cast in place concrete will be needed to provide a sound footing for the stabilization system. Overall the stream will receive a 700-square foot temporary impact over the length of the Right of Way of 80 feet. The SSSS will be 20 feet high with each 18-inch lift being set back from the face of the previous to allow for a tapered slope. The proposed project impacts authorized in previously approved permit application are associated with a proposed transmission pipeline project extending approximately 195 miles in Pennsylvania between Lennox Township, Susquehanna County, PA and Drumore Township, Lancaster County, PA.

More detailed information regarding this Chapter 105 application related to this proposed project is available in the DEP Northcentral Regional Office. Please contact the DEP Northcentral Region file review coordinator at, 570-327-0550 to request a file review of this Chapter 105 application.

Plan Description: The sewage planning exemption request submitted for the Berks County Industrial Development Authority Berks Park 183 project, DEP Code No. A3-06920-174-3E, APS Id 966350, is disapproved. The purpose of this plan is to create a new industrial park with sewage flows of 11,250 gallons per day tributary to Reading Regional Airport Authority's sewers and wastewater treatment plant. The proposed development is located on the west side of Wagner Lane, at the junction with Aviation Road. The submission does not qualify for the use of the sewage planning exemption because a Clean Streams Law permit will be required for the proposed rerouting of the existing interceptor that passes through the parcel. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at

a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

SPECIAL NOTICES

Air Quality; Approval of a Reasonably Available Control Technology (RACT II) plan for Carpenter Company located in Upper Macungie Township, Lehigh County

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790.

Contact: Norman Frederick, P.E., Environmental Engineer Manager—Telephone: 570-826-2409.

In accordance with 25 Pa. Code §§ 129.96—129.100, the Department of Environmental Protection (Department) has made a preliminary determination to approve a RACT II plan and an amendment to the State Implementation Plan (SIP) for their Expanded Polystyrene (EPS) & Polyurethane foam manufacturing processes at the facility located in Upper Macungie Township, Lehigh County.

The proposed SIP revision does not adopt any new regulations. It incorporates the provisions and requirements contained in the amended RACT II approval for the facility, which are intended to satisfy the requirements for the 1997 National Ambient Air Quality Standard (NAAQS) and the 2008 NAAQS for ozone.

The proposed amendments to the RACT II determination, if finally approved, will be incorporated into a revised operating permit (39-00040) for the facility. The relevant RACT II requirements will be submitted to the United States Environmental Protection Agency (EPA) as a revision to Pennsylvania's State Implementation Plan and will remain in effect until replaced pursuant to 40 CFR 51 and approval by the EPA. Requirements that are not part of the RACT II determination will be excluded from the SIP submittal.

The following is a summary of the proposed amendments to the RACT II determination for this operation that will be submitted to the EPA as a SIP revision:

Source

Expanded Polystyrene (EPS) manufacturing process,
 Source Id 101

New RACT Limit Proposed for VOC emissions

1. VOC emissions shall not exceed 88.8 tons/year based on 12-month rolling sum.
2. The facility shall achieve at least 99% destruction efficiency for the VOC emissions in the control device (C33); and
3. The company shall ensure that the capture system and control device (C33) area operated at all times the source (101) is in operation. The boiler must be operating within the parameters established in the CAM plan whenever the EPS process is operating.

Polyurethane foam manufacturing process,
 Source Id 102

1. VOC emissions shall not exceed 20.0 tons/year based on 12-month rolling sum.

3. The company shall use only a non-traditional blowing agent (for example, carbon dioxide) in the process. VOC blowing agents are prohibited from being used.

Persons wishing to file a written protest or provide comments or request a public hearing, which they believe should be considered prior to the issuance of a permit, may submit the information to Mark Wejkszner, Air Quality Program Manager, Northeast Regional Office, 2 Public Square, Wilkes-Barre, PA 18701-1915. A 30-day comment period from the Date of Publication in the *Pennsylvania Bulletin* will exist for the submission of comments, protests and hearing request. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed RACT II Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the proposed RACT II Plan. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Raymond Kempa, Chief, New Source Review Section, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701-1915.

All pertinent application documents are available for public review between 8 a.m. and 4 p.m. at the Department Northeast Regional Office, 2 Public Square, Wilkes-Barre, PA 18701-1915. Appointments for scheduling a review may be made by calling (570) 826-2419.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should contact Colleen Connolly at (570) 826-2035 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Request for comments on the Total Maximum Daily Load Developed for Halfmoon Creek, Centre County, PA

The Department of Environmental Protection (Department) will accept comments as of May 26, 2018, for the proposed Total Maximum Daily Load (TMDL) developed to address aquatic life use impairments in Halfmoon Creek, as noted in 2016 Pennsylvania Integrated Water Quality Monitoring and Assessment Report (Integrated List), initially listed in 1998. Halfmoon Creek is a tributary of Spruce Creek and the greater Little Juniata River basin, Centre County. The watershed lies near Halfmoon and Ferguson Townships, Centre County. Biological impairments were originally noted during bioassessments in the watershed (NCRO, 2007). The source of degradation is related to agricultural activities, which effect the High Quality (HQ) attributes of Halfmoon Creek, most significantly in benthic inundation. The Commonwealth does not currently have water quality criteria for excess siltation, so a sediment TMDL endpoint was identified using a reference watershed approach. Based on a comparison to a similar watershed in land use, yet biologically nonimpaired HQ watershed, the maximum sediment loading should still allow water quality objectives to be met. Adjacent to the east, Beaver Branch, chosen for comparison and is also a tributary of Spruce Creek and the greater Little Juniata River, Centre County.

This proposed TMDL sets allowable sediment loadings within the specifically impaired stream segments of the Halfmoon Creek watershed. The loading was allocated among the land uses of cropland, hay/pasture land, and associated stream banks present in the watershed. Data used in these TMDLs was generated using a watershed analysis model (Mapshed-E-GWLF) designed by the Penn State University. The following table shows the estimated components of the TMDL:

<i>Summary of TMDL for Halfmoon Creek in lbs./yr.</i>						
<i>Pollutant</i>	<i>TMDL</i>	<i>WLA</i>	<i>MOS</i>	<i>LA</i>	<i>LNR</i>	<i>ALA</i>
Sediment	2,399,098.4	24,173.7	239,909.8	2,135,014.8	36,600.0	2,098,414.8

TMDL—Total Maximum Daily Load, WLA—Waste Load Allocation, MOS—Margin of Safety

LA—Load Allocation, LNR—Loads Not Reduced, ALA—Adjusted Load Allocation

Load allocations were distributed to nonpoint sources, specifically all land use sources other than National Pollutant Discharge Elimination System (NPDES) permitted point source discharges with 10% of the TMDL reserved explicitly as a margin of safety (MOS). A search of the Department's online, GIS database, EMAP, identified two, point source discharges within the Halfmoon Creek watershed. 1% of the TMDL was incorporated into the WLA as a bulk reserve to take in account future permit activity. Loads not reduced (LNR) are the portion of the LA associated with nonpoint sources other than agricultural (croplands, hay/pasture), and associated stream banks. It is equal to the sum of modeled loading on forested land use, wetlands, open space and development. The adjusted load allocation (ALA) represents the remaining portion of the LA distributed among agricultural land and associated stream banks. The TMDL developed for the impaired stream segments within the Halfmoon Creek watershed to establish a reduction in the overall, sediment loading to 51.9% (56.6% for Cropland and 44.2% for Hay/Pasture and Stream Banks (equal % reduction, for example, the ALA divided by the summation of the baselines). The data and all supporting documentation used to develop the proposed TMDLs are available from the Department. To submit comments or request a copy of any of the proposed TMDLs, go to http://www.dep.state.pa.us/dep/deputate/watermgt/wqp/wqstandards/tmdl/Halfmoon_Creek_Sediment_TMDL_PN.pdf or contact Scott Alexander, Water Program Specialist, Bureau of Clean Water, Department of Environmental Protection, Rachel Carson State Office Building, Harrisburg, PA 17105, (717) 772-5670, salexander@pa.gov.

The Department will consider all comments in developing the final TMDLs, which will be submitted to EPA for final approval. Written comments will be accepted 30 days after publication in the *Pennsylvania Bulletin*, as of May 26, 2018.

Request for comments on the Total Maximum Daily Load Developed for Markee Creek, Juniata County, PA

The Department of Environmental Protection (Department) will accept comments as of May 26, 2018, for the proposed Total Maximum Daily Load (TMDL) for sediment and total phosphorus (nutrients) developed to address impairments in the Markee Creek as noted in the 2016 Pennsylvania's Integrated Water Quality Monitoring and Assessment Report (Integrated List), initially listed in 2002. A separate TMDL was calculated for sediment and another for total phosphorus to address the nutrient impairment sources. Markee Creek is a tributary of East Licking Creek and the greater Juniata River, Juniata County. The impairments were documented during biological surveys of the aquatic life present in the watershed (1999 and 2004). Excessive siltation and nutrient loading from agriculture has been identified as the cause of these impairments to the Coldwater Fishery (CWF) aquatic life uses in Markee Creek. Because this Commonwealth does not currently have water quality criteria for excess siltation or nutrients, a TMDL endpoint for sediment and total phosphorus (nutrients) was identified using a reference watershed approach. Based on a comparison of a similar, unimpaired CWF, McKinley Run (tributary to Tuscarora Creek), the maximum sediment loading that should still allow water quality objectives to be met in the impaired segments of Markee Creek.

The loading was allocated among the land uses of cropland, hay/pasture land, and associated stream banks present in the watershed. Data used in these TMDLs was generated using a watershed analysis model (Mapshed-E-GWLF) designed by the Penn State University. Components of the sediment TMDL and total phosphorus (nutrients) TMDL are summarized as follows:

Table 1. Summary of TMDL for Markee Creek in lbs./yr.

Pollutant	TMDL	WLA	MOS	LA	LNR	ALA
Sediment	955,145.8	9,551.5	94,828.9	850,079.8	11,800.0	838,279.8
Phosphorus	2,933.1	29.3	293.3	2,610.5	21.3	2,589.2

TMDL—Total Maximum Daily Load, WLA—Waste Load Allocation, MOS—Margin of Safety

LA—Load Allocation, LNR—Loads Not Reduced, ALA—Adjusted Load Allocation

The Markee Creek TMDL is allocated to nonpoint sources, with 10% of the TMDL reserved explicitly as a margin of safety (MOS). The waste load allocation (WLA) is that portion of the total load assigned to National Pollutant Elimination System (NPDES) permitted point source discharges. A search of the Department's online, GIS database, EMAP identified no known point source discharges within Markee Creek. Despite this, an allocation of 1% of the TMDL was incorporated into the WLA as a bulk reserve to take in account the dynamic nature of future permit activity. The load allocation (LA) is that portion of the total load assigned to nonpoint sources, all sources other than NPDES permitted point sources. Loads not reduced (LNR) are the portion of the LA associated with nonpoint sources other than agricultural (croplands, hay/pasture), associated stream banks, and farm animal contributions and is equal to the sum of forested, wetland and low intensity development loadings. The adjusted load allocation (ALA) represents the remaining portion of the LA to be distributed among agricultural and associated, stream bank, and coal mines using receiving load reductions. The TMDL developed for Markee Creek established a reduction in the current sediment loading to 49.4% and a 26.0% reduction in the current total phosphorus loading (or the equal % reduction, for example, the ALA divided by the summation of the baselines). The data and all supporting documentation used to develop the proposed TMDLs are available from the Department. To submit comments or request a copy of any of the proposed TMDLs, go to http://www.dep.state.pa.us/dep/deputate/watermgt/wqp/wqstandards/tmdl/Markee_Creek_TMDL_PN.pdf or contact Scott Alexander, Water Program Specialist, Bureau of Clean Water, Department of Environmental Protection, Rachel Carson State Office Building, Harrisburg, PA 17105, (717) 772-5670, salexander@pa.gov.

The Department will consider all comments in developing the final TMDLs, which will be submitted to EPA for final approval. Written comments will be accepted 30 days after publication in the *Pennsylvania Bulletin*, as of May 26, 2018.

Request for comments on the Total Maximum Daily Load Developed for Poplar Run, Fayette County, PA

The Department of Environmental Protection (Department) will accept comments as of May 26, 2018, for the proposed Total Maximum Daily Load (TMDL) developed to address aquatic life use impairments in the Poplar Run watershed, as noted in Pennsylvania's 2016 Integrated Water Quality Monitoring and Assessment Report (Integrated List), initially listed 2002. The metals impairment, originating from Abandoned Mine Drainage (1996 and 2002), will not be addressed in this TMDL; metals reductions, related to AMD, are calculated through a different methodology. Poplar Run is a Coldwater Fishery (CWF) and a tributary of Indian Creek, the Youghiogheny River, and the greater Monongahela River Basin, Fayette County. The impairments were documented during biological surveys of the aquatic life present in the watershed (1998 and 2002). Excessive siltation has been identified as the cause of benthic habitat impairment. This nonpoint source pollution was described in the 1998 bioassessment as influenced by land developed namely, but this TMDL will address loading from other land uses such as agricultural activities within the watershed.

Because this Commonwealth does not currently have water quality criteria for excessive siltation, a TMDL endpoint for sediment loading was identified using a reference watershed approach. Based on a comparison to similar, yet nonimpaired CWF watershed, such as Laurel Run (tributary to Indian Creek), the maximum sediment loading that should still allow water quality objectives to be met in the impaired segments of Poplar Run. Data used in these TMDLs was generated using a watershed analysis model (Mapshed-E-GWLF) designed by the Penn State University. The following table shows the estimated components of the TMDL:

Summary of TMDL for Poplar Run in lbs./yr.

Pollutant	TMDL	WLA	MOS	LA	LNR	ALA

TMDL—Total Maximum Daily Load, WLA—Waste Load Allocation, MOS—Margin of Safety

LA—Load Allocation, LNR—Loads Not Reduced, ALA—Adjusted Load Allocation

The Poplar Run Sediment TMDL is allocated to nonpoint sources, with 10% of the TMDL reserved explicitly as a margin of safety (MOS). The waste load allocation (WLA) is that portion of the total load assigned to National Pollutant Elimination System (NPDES) permitted point source discharges. A search of the Department's online, GIS database, EMAP, identified no known point source discharges within the Poplar Run. The load allocation (LA) is that portion of the total load assigned to nonpoint sources, all sources other than NPDES permitted point sources. Loads not reduced (LNR) are the portion of the LA associated with nonpoint sources other than agricultural (croplands, hay/pasture), adjacent stream banks, and specifically, land development as noted in the original bioassessment, and is equal to the sum of forest and bare rock coverage. The adjusted load allocation (ALA) represents the remaining portion of the LA to be distributed among these sources using receiving load reductions. The TMDL developed for the sediment-impaired segments of Poplar Run established a 77.6% reduction in the current sediment loading in Poplar Run (the equal percent reduction, for example, the ALA divided by the summation of the baselines). Request for comments on the Total Maximum Daily Load Developed for Ross Run, Indiana County, PA

The Department of Environmental Protection (Department) will accept comments as of May 26, 2018 for the proposed Total Maximum Daily Load (TMDL) developed to address aquatic life use impairments in Ross Run as noted in the 2016 Pennsylvania Integrated Water Quality Monitoring and Assessment Report (Integrated List), initially listed in 2006. Ross Run is a tributary of the Little Mahoning Creek and the larger Allegheny River Basin. The watershed is located in East, North, and South Mahoning Townships, Indiana County. The impairments were noted during bioassessments in the watershed (2005 and 2010) and excessive siltation due to grazing-related agriculture was identified as causing impairment to the designated aquatic life use of a High Quality—Cold Water Fish(ery), (HQ-CWF), in Ross Run. Because this Commonwealth does not currently have water quality criteria for sediment, a TMDL endpoint was identified using a reference watershed approach. Based on a comparison to the similar, nonimpaired watershed, the Mudlick Run, another HQ-CWF, was chosen for comparison and is a tributary to Little Mahoning Creek and the larger Mahoning Creek and Allegheny River basin, Indiana County, a 25.8% reduction in sediment loading will allow water quality to be met in the impaired Ross Run.

Request for comments on the Total Maximum Daily Load Developed for the South Branch, South Fork of Pine Creek, Armstrong County, PA

The Department of Environmental Protection (Department) will accept comments as of May 26, 2018, for the proposed Total Maximum Daily Load (TMDL) developed to address aquatic life use impairments in the South Branch, South Fork of Pine Creek (SBSF Pine Creek), as noted in the 2016 Pennsylvania Integrated Water Quality Monitoring and Assessment Report (Integrated List), initially listed in 1998 Section 303(d) impaired streams list. A separate TMDL was calculated for sediment and another for total phosphorus to address the nutrient sources. The SBSF Pine Creek joins with the North Branch of South Fork Pine Creek to form South Fork Pine Creek. It is a tributary of the greater Pine Creek and the larger Allegheny River Basin. The watershed lies north of the town of Rural Valley, within Cowanshannock and Wayne Townships (USGS quadrangle—Rural Valley), mid-eastern Armstrong County.

The impairments were originally noted during bioassessments in the watershed (SWRO, May 2008). Agricultural activities have been identified as the cause of biological impairment to the High Quality Cold Water Fishery (HQ-CWF) sustainment in the SBSF Pine Creek. Because this Commonwealth does not currently have water quality criteria for either sediment or total phosphorus (nutrient), a TMDL endpoint was identified using a reference watershed approach. Based on a comparison to a similar watershed in land use, yet biologically nonimpaired, the maximum sediment and total phosphorus loading should still allow water quality objectives to be met. Mudlick Run, another HQ-CWF, was chosen for comparison and is a tributary to Little Mahoning Creek and the larger Mahoning Creek and Allegheny River basin, Indiana County. This proposed TMDL sets allowable loadings within the specifically impaired stream segments of the SBSF Pine Creek watershed. Data used in these TMDLs was generated using a watershed analysis model (Mapshed-E-GWLF) designed by the Penn State University. Components of the sediment TMDL and total phosphorus (nutrients) TMDL are summarized as follows:

Additional Class of Disproportionate Share Payments

The Department of Human Services (Department) is announcing its intent to allocate funding for Fiscal Year (FY) 2017-2018 disproportionate share hospital (DSH) payments to qualifying hospitals that provide a high volume of services to the Medical Assistance population to promote continued access to inpatient and ancillary outpatient services in this Commonwealth and to support academic medical programs that provide integrated patient-centered medical services. The Department does not intend to otherwise change the qualifying criteria or payment methodology for these payments.

All payment limitations are still applicable, including those limitations that the Commonwealth may not exceed its aggregate annual DSH allotment and that no hospital may receive DSH payments in excess of its hospital-specific limit.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>
18-479	Department of Transportation Access to and Occupancy of Highways by Driveways and Local Roads 48 Pa.B. 1563 (March 17, 2018)	4/16/18	5/16/18

**Department of Transportation Regulation # 18-479
(IRRC # 3200)**

**Access to and Occupancy of Highways by
Driveways and Local Roads**

May 16, 2018

We submit for your consideration the following comments on the proposed rulemaking published in the March 17, 2018 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Department of Transportation (Department) to respond to all comments received from us or any other source.

1. Determination of whether the regulation is in the public interest; Clarity, feasibility and reasonableness of the regulation; Implementation procedures; Whether the regulation represents a policy decision of such a substantial nature that it requires legislative review; and Possible conflict with statutes.

Preamble and the Regulatory Analysis Form (RAF)

Section 5.2 of the RRA (71 P.S. § 745.5b) directs the Independent Regulatory Review Commission (IRRC) to determine whether a regulation is in the public interest. When making this determination, IRRC considers criteria such as the clarity, feasibility and reasonableness of the regulation. To make that determination, IRRC must analyze the text of the Preamble and the proposed regulation and the reasons for the new or amended language. IRRC also considers the information a promulgating agency is required to provide under Section 5(a) of the RRA (71 P.S. § 745.5(a)) in the Regulatory Analysis Form (RAF).

The explanation in the Preamble and the information contained in the RAF are not sufficient to allow the Commission to determine if the regulation is in the public interest. In the Preamble to the proposed regulation, the Department summarizes significant amendments. However, it does not provide an explanation for the proposed changes and new language. Without a detailed description of the regulation and its impact, it is difficult to determine whether the requirements in the rulemaking are reasonable or feasible. We ask the Department to provide a more detailed explanation of the amendments in the final rulemaking submittal.

The Department identifies persons or entities affected by the proposed regulation as owners of legal interests in property, such as easement holders and mineral estate holders, as well as fee title holders. The Department's responses to RAF # 10, # 12, # 15, # 17 and # 18 do not address the impact of the proposed amendments on fee title holders. For instance:

- In RAF # 10, the Department states that the compelling public interest that justifies the regulation is to prevent the Commonwealth taxpayers from being responsible for the attendant costs of de facto taking claims that may arise if the Department is prohibited from issuing Highway Occupancy Permits (HOPs) to non-fee title holders. It does not include, however, the potential burden on Commonwealth taxpayers for costs of litigation if a fee title holder withholds consent to a Department-issued HOP.

- In response to RAF # 12, the Department states "Pennsylvania will be at a competitive advantage, especially for out-of-state persons or entities seeking permits. Moreover, the proposed amendments will avoid unnecessary delay and potential litigation where an applicant has a clear legal right to access but is not the underlying fee owner." A significant amendment to the Department's regulations includes a required written notice by the applicant to the fee title holder regarding the application. What are other states' policies regarding fee title holder notification? We ask the Department to include this information in the RAF to the final-form regulation.

- In RAF # 15, the Department concludes that the rulemaking should not have any adverse effects on HOP permittees. However, it does not address how fee title holders may be affected by the proposed changes. The Department should revise its response to RAF # 15 to address any adverse effects the proposal may have on fee title holders.

- In RAF # 17, it is unclear who will benefit from the positive financial, economic and social impacts that the Department anticipates as a result of the implementation of the regulation. What are the financial, economic and social impacts?

- Similarly, the Department's response to RAF # 18 does not speak to the benefits of the proposal outweighing any cost and adverse effects for fee title holders. The Department should include in the final rulemaking a description of any benefits that outweigh costs and adverse effects for fee title holders.

In estimating the costs and or savings to the regulated community and state government, the Department explains that establishing a clear definition of "owner" should reduce legal costs incurred in litigating matters related to interests in property, the number of administrative challenges and a reduction in collected filing fees. (RAF # 19 and # 21) It is uncertain from the proposed regulation's Preamble or RAF how many administrative challenges or litigations occur with the HOP application process each year. Neither the Preamble nor the RAF illustrate the scope of the situation that is to be addressed by the proposal.

The Department reports that approximately 3,000 HOPs are issued each year and about 40 percent of those are applied for and issued to non-fee title holders of property. (RAF # 19) Of the approximately 1,200 HOPs

issued to non-fee title holders of property, how many were issued with fee title holder consent? How many protests or administrative challenges are filed each year? In order for this Commission to determine whether the regulation is in the public interest, the Department should provide this information as part of the final-form regulation submittal.

Legislative Comments

The Department is proposing to delete the term “own” and replace it with an expanded definition of “owner” which includes not only the person holding fee title to the property, but others with legal or equitable interests in the property. (§ 441.1 relating to Definitions) The proposal also establishes an application procedure and permit application requirements for applicants other than the fee title holder. These requirements include proof of property owner consent or proof that the applicant has provided written notice regarding the submission of the application and administrative rights to the fee title holder. (§ 441.3 relating to Permit application procedure)

Representative Brett Miller believes the issue at hand is access and who has the authority to grant it, rather than clarification of ownership. He is concerned that the Department’s proposed amendments relating to “own” and “owner” ignore a longstanding tradition of fee title holder property rights. He states that “Dramatically altering the historic understanding and usage of who owns property is not a compelling public interest.”

He also feels the Department’s proposed process for non-fee title holders suggests a preference for those with a legal interest in the property and not the fee title holder. In the event where a fee title owner has not agreed to sign an application to allow another entity onto his/her property, Representative Miller asserts that the “Department should not arbitrarily assume that the applicant’s position is automatically correct, nor should PennDOT insert itself into what is a private contractual discussion between two entities. By granting the permit to the one, PennDOT has cut off negotiations and essentially taken away negotiating rights from the fee title holder.”

Like Representative Miller, we also question whether it is appropriate and reasonable for the Department to determine what right of reasonable access is. In situations where the fee title holder withholds consent, the Department should not interfere with private negotiations unrelated to the Department’s function. Implementation of this rulemaking would allow the Department to make such determinations that are usually made by the courts. We believe issuing HOPs without fee title holder consent represents a policy decision of such a substantial nature that it should be reviewed by the General Assembly.

Representative Miller also raises other questions regarding whether certain provisions conflict with the state’s Eminent Domain law. § 441.3(e)(7)(ii) and (iii). We will review the Department’s response to Representative Miller’s concerns as part of our consideration of whether the final regulation is in the public interest.

2. Economic or fiscal impacts of the regulation; and the nature and estimated cost of legal, consulting or accounting services which the public or private sector may incur.

In the Preamble, the Department states that no fiscal impacts to the regulated community are anticipated because the changes are consistent with current practices that have been in place since 2002.

Comments received from a private citizen suggest that fee title holders who exercise their rights to protest an application will incur administrative fees and possibly costs for legal or consulting services to navigate the appeal process. The Department, in its responses to RAF # 17, # 18, and # 19, does not take into account these potential fees or costs to the fee title holder. The Department should revise its responses when it prepares the final rulemaking to include any potential fees or costs to the fee title holder.

3. Section 441.1. Definitions. Clarity.

“Owner” is defined as “A person holding: (i) fee title to property, (ii) an estate or other legal interest in property, such as an easement, a lease, a license, or subsurface rights, or (iii) *an equitable interest in property under a sales agreement or an option to purchase; provided that such estate or other legal or equitable interest in property includes the use requested in the permit.*” (Emphasis added.)

Subparagraph (iii)

We have the following questions:

- How will the Department determine whether the interest in a property has risen to the level of ownership?
- The definition includes the proviso that the “legal or equitable interest in property includes the use requested in the permit.” How can the permit include the use requested if the permit has not yet been granted? If the intent of the Department is to include the requested use in the permit application, the provision should be included in the section for application procedures.

We ask the Department to explain its intent and the reason for including Subparagraph (iii) in the definition of “owner.”

4. Section 441.3. Permit application procedure.— Reasonableness of requirements, implementation procedures and timetables for compliance by the public and private sectors.

In the Preamble to the proposed regulation, the Department states the purpose of the regulation is “to clarify the provisions relating to who may apply for a permit to construct or alter driveways; local roads; drainage facilities; structures; means of ingress, egress and access; and other property within the state highway right-of-way, and set forth application requirements that *strike a careful balance between the interested parties’ property rights.*” (Emphasis added.)

New Section 441.3(e)(7)(i)(A) and (B) establishes the permit application process and required information for applicants that are non-fee title holders. Applicants must provide to the Department proof of either the fee title holder’s consent or that the applicant has notified the fee title holder of the submission the HOP application and their administrative rights through a written notice. The new section also presumably affords the fee title holder 30 days to review/acknowledge the application before the Department grants or denies the application.

We have several questions regarding this new section: How does the Department define “written notice?” How will the applicant demonstrate to the Department that the fee title holder received written notice about the HOP application and administrative rights? What if the fee title holder objects/protests to the application? How did

the Department determine that 30 days was a reasonable and fair amount of time for the fee title holder to acknowledge, accept or protest the application? Does the timeline for the Department’s granting or denying of an HOP change when there is a notice of protest?

Since the sections referenced under 1 Pa. Code §§ 35.23, 35.24 and 35.27—35.32 do not clearly delineate the protest process or timeline, how will a fee title holder that wishes to object to an application know what steps to take? We ask the Department to explain how it will implement the permit process and the permit process when there is a protest by a fee title holder to the application.

We note that the permitting process, as proposed, assumes there are only two “owners”—the fee title holder and the applicant. However, there can be multiple ownership interests and easements agreements in play. We recommend the Department amend this section to require disclosure of all ownership interests in a property and provide notice to all owners.

Section 441.3(e)(7)(ii) requires applicants other than fee title holders to submit a written statement that indemnifies the Commonwealth against any actions by the fee title holder of the property as a result of granting the HOP to the applicant. We suggest the Department revise this subparagraph to protect the Department from any action that may be taken by the fee title holder and also by any ownership interests in the property.

5. Miscellaneous

- The Department should revise its response to RAF # 29 regarding the timeline for delivery of the final-form regulation;

- The Department’s website contains several HOP-related forms. It should provide an electronic link for these forms in its response to RAF # 22b;

- The Department’s response to RAF # 12 includes a survey of several states’ laws and policies regarding applicants and permittees. We ask the Department to reach out to other states to determine how other ownership interests are addressed and to share how the implementation of this regulation compares to other states’ handling of similar situations; and

- We recommend that the Department delete the last paragraph beginning with “As a significant percentage (approximately 40 percent). . .” in its response to RAF # 14 as it does not pertain to the question.

CWSRF Projects Being Considered:

<i>Applicant:</i>	Shenango Township Municipal Authority
<i>County:</i>	Mercer
<i>Applicant Address:</i>	155 Campground Road West Middlesex, PA 16159

Project Description: This is phase one of what is envisioned to be a three-phase project. This phase of the project will result in the construction of a new sewage collection system within Study Area 1 located in the northwest corner of Shenango Township. It will result in the installation of approximately 27,510 feet of 8-inch diameter gravity sewer main, 3 sewage pump stations, 18 onlot grinder pumps and 14,399 feet of 2-inch and 4-inch diameter forcemain. The wasteflow will be treated at Shenango Township Municipal Authority's existing wastewater treatment plant (WWTP).

Problem Description: This Phase 1 project addresses an area with a high rate of onlot septic system malfunctions and includes extending sewers to the Oak Tree Land Company. The area to be served includes 156 households. In addition, the Oak Tree Land Company has 62 residential units and 8 commercial units within their system. Both the Shenango Township Municipal Authority and the Oak Tree Land Company are under separate Consent Order and Agreements (CO&A) with the Department. A sanitary survey of this phase's area revealed a 53% confirmed onlot malfunction rate. These systems leach untreated and partially treated wastewater onto the ground surface and into the waters of the Common-

wealth. This project will eliminate the malfunctioning sewage systems thereby improving the area's water quality. Additionally, this phase of the project will allow Oak Tree Land Company to comply with their CO&A to abandon their existing WWTP and become part of Shenango Township Municipal Authority's new sewer system.

<i>Applicant:</i>	Decatur Township
<i>County:</i>	Clearfield
<i>Applicant Address:</i>	575 Fairview Road Osceola Mills, PA 16666

Project Description: The New Liberty area in Decatur Township consists of 58 equivalent dwelling units (EDU) that will be served by public sewer with final treatment and disposal at the Moshannon Valley Joint Sewer Authority's sewage treatment plant. The project proposes the installation of 12,300 feet of gravity sewer, a pump station along Crago Lane and 4,800 feet of forcemain to convey the sewage to the existing sewerage system.

Problem Description: The New Liberty area in Decatur Township consists of 58 EDUs. A sanitary survey was completed of all 58 EDUs which identified 2 confirmed malfunctions and 24 wildcat (direct discharge) systems. An additional 19 EDUs had suspected malfunctions.

<i>Applicant:</i>	Grove City Borough
<i>County:</i>	Mercer
<i>Applicant Address:</i>	123 West Main Street Grove City, PA 16127

Project Description: The project is an expansion of the WWTP to increase the permitted hydraulic loading from 3.0 million gallons per day (MGD) to 3.342 MGD with a conventional, single-stage activated sludge process preceded by primary clarification. Two new 60-foot diameter primary clarifiers will be constructed preceding the existing first and second stage activated sludge bioreactors. The existing first-stage activated sludge bioreactors will be repurposed as conventional, single-stage activated sludge bioreactors. A new 64-foot diameter primary anaerobic digester will be constructed. The existing 40-foot diameter primary digester will be repurposed as a secondary digester, and the existing 30-foot diameter secondary digester will be demolished.

Problem Description: The capacity of the Borough of Grove City's WWTP will be exceeded in the near future due to the needs of the tributary municipalities. In addition, it is organically overloaded and projected to continue to be organically overloaded in the next 5 years. The expansion of the WWTP will eliminate the potential hydraulic overload and the existing organic overload condition.

DWSRF Projects Being Considered:

<i>Applicant:</i>	Houtzdale Municipal Authority
<i>County:</i>	Clearfield
<i>Applicant Address:</i>	561 Kirk Street Houtzdale, PA 16651

Project Description: This project consists of replacing approximately 185,000 lineal feet of 2-inch to 8-inch PVC and polyethylene waterline as well as related appurte-

nances along with the replacement of 1,200 service lines and construction of 1,200 meter pits.

Problem Description: The project intends to replace an aging water infrastructure system with new water supply and service lines. The project will increase the size of the lines within the distribution system to provide additional supply in times of need and increase the overall reliability of the system. The replacement of service connections and construction of meter pits will serve to address the multicommunity system's unaccounted-for water loss.

<i>Applicant:</i>	Pine Grove Borough
<i>County:</i>	Schuylkill
<i>Applicant Address:</i>	1 Snyder Avenue Pine Grove, PA 17963

Project Description: The Pine Grove Public Water System (PWS) serves a population of 2,862 people by means of 1,500 service connections with 1 large industrial user. The industrial customer currently utilizes over half the water pumped in a day by the system and has huge unpredictable daily swings in demand. This customer also anticipates an increase of 7% in water usage in the next few years, which is taxing for the water system, especially the control for the disinfection facilities. Additional water storage (1.0 million gallon storage tank) is proposed to address the storage issue. Corrosion control treatment (pH adjustment by means of 50% NaOH) is needed to address high copper levels (2.1 mg/l) in the system which are above the action level of 1.3 mg/l per the Lead and Copper Rule. Installation of an automatic flow control valve on their gas chlorination system to enhance operational control of chlorine residuals due to significant flow fluctuations is also proposed. The system is also faced with aging and leaking distribution system facilities (tank and waterlines) which need repair and rehabilitation. Additional finished water storage, rehabilitation of the existing 1.5 million gallon storage tank, and new/rehabilitated distribution system facilities (waterlines, hydrants, and the like) to adequately serve the existing residential and commercial customers of the PWS system are proposed.

Problem Description: The Pine Grove PWS is in need of additional storage capacity, is experiencing leaking and aging distribution system mains, has a storage tank in need of rehabilitation, requires corrosion control treatment per the Lead and Copper Rule and requires automatic control modifications to their gas disinfection system for better chlorine residual control due to demand fluctuations. The Pine Grove PWS is also faced with aging and leaking distribution system facilities (tank and waterlines) which are in need of repair and rehabilitation. Unaccounted-for water loss is high, greater than 20%. Pressure at certain nodes in the system during peak demand periods were reported to be less than the required minimum of 20 psi. The project will serve the existing residential and commercial customers with uninterrupted potable water at sufficient pressure.

Factual Background

PRIOR ASSESSMENT-RELATED COMPLAINT

12. On November 7, 2014, I&E filed a Complaint against Respondent at Docket No. C-2014-2451914, alleging that Respondent violated Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c), by failing to satisfy its 2011-2012, 2012-2013, and 2013-2014 Fiscal Year Assessments totaling \$213. In addition to payment of the outstanding assessments, I&E sought payment of a civil penalty in the amount of \$19.

13. On November 18, 2014, I&E filed a Certificate of Satisfaction pursuant to 52 Pa. Code § 5.24, noting that Respondent satisfied its outstanding assessments and the civil penalty sought in I&E's Complaint.

2016-2017 FISCAL YEAR

14. On or about February 14, 2016, the Commission mailed to Respondent an assessment report for Respondent to report its gross intrastate operating revenues for the 2015 calendar year.

15. The assessment report was accompanied by a letter, which notified Respondent that the report was to be completed and returned to the Commission on or before March 31, 2016.

16. Respondent failed to file an assessment report stating its 2015 calendar year revenues.

17. On or about September 7, 2016, the Commission mailed to Respondent, by first class mail, an assessment invoice for the July 1, 2016 to June 30, 2017 Fiscal Year ("2016-2017 Fiscal Year") that was based, in part, on Respondent's estimated revenues for the 2015 calendar year. Respondent's assessment was \$35.

18. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

19. While there is no record that the assessment invoice and notice of assessment were returned in the mail to the Commission as being undeliverable, on October 27, 2016, the Commission re-mailed to Respondent, by certified mail, the assessment invoice and notice of assessment since Respondent did not pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

20. The assessment invoice and notice of assessment were mailed to Respondent at 353 Sacramento Street, Suite 1500, San Francisco, CA 94111, which is the mailing address that Respondent provided to the Commission for assessment purposes.

21. On or about November 9, 2016, the assessment invoice and notice of assessment were returned to the Commission by the United States Postal Service with a forwarding address for Respondent at 1850 Howard Street, Unit C, Elk Grove Village, IL 60007.

22. On or about November 14, 2016, the Commission re-mailed the assessment invoice and notice of assessment, by certified mail, to Respondent at 1850 Howard Street, Unit C, Elk Grove Village, IL 60007.

24. Respondent is obligated to promptly apprise the Commission of changes to its current address pursuant to Section 1.53(d) of the Commission's regulations, 52 Pa. Code § 1.53(d).

25. The Commission was unable to effectively serve the 2016-2017 Fiscal Year Assessment Invoice and notice of assessment upon Respondent due to Respondent's failure to provide the Commission with its current address or claim the certified mailing.

26. The Commission received no objections from Respondent to the assessment amount set forth in the 2016-2017 Fiscal Year Assessment Invoice.

27. Respondent failed to pay the amount of the 2016-2017 Fiscal Year Assessment Invoice.

28. The total outstanding assessment balance for Respondent is \$35.

Violations

COUNT 1

29. That Respondent failed to report its gross intrastate operating revenues for the 2015 calendar year in that it did not file an assessment report for that year. If proven, this is a violation of Section 510(b) of the Public Utility Code, 66 Pa.C.S. § 510(b). The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500.¹ This civil penalty, consistent with past

¹ I&E anticipates that this level of penalty will provide a sufficient deterrent against future violations by Respondent.

Commission decisions,² is based on Respondent's unacceptable history of compliance with the Public Utility Code and Commission's regulations,³ the amount of Respondent's outstanding assessment balance related to the 2016-2017 Fiscal Year, and the need to deter future violations of the Public Utility Code and the Commission's regulations pursuant to 52 Pa. Code § 69.1201.⁴

COUNT 2

30. That Respondent failed to satisfy its 2016-2017 Fiscal Year Assessment in that it did not pay the amount due within thirty (30) days of receipt of the invoice. If proven, this is a violation of Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c). The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is 25% of the outstanding assessment balance or a minimum of \$100, whichever is greater. Therefore, I&E's proposed civil penalty for this violation is \$100.⁵ This civil penalty, consistent with past Commission decisions,⁶ is based on Respondent's unacceptable history of compliance with the Public Utility Code and Commission's regulations,⁷ the amount of Respondent's outstanding assessment balance related to the 2016-2017 Fiscal Year, and the need to deter future violations of the Public Utility Code and the Commission's regulations pursuant to 52 Pa. Code § 69.1201.

Wherefore, for all the foregoing reasons, the Pennsylvania Public Utility Commission's Bureau of Investigation and Enforcement respectfully requests that:

(a) Respondent be ordered to pay a total of \$635, which consists of its outstanding assessment balance of \$35 and a total civil penalty of \$600 for the above described violations. Said payment should be made by certified check or money order, made payable to the "Commonwealth of Pennsylvania" with the docket number of this proceeding listed, and mailed to the Secretary's Bureau of the Commission;

(b) Respondent be directed to file assessment reports on a going-forward basis;

(c) Respondent be directed to update its address with the Commission; and

(d) If payment of the assessment and civil penalty is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent; and

(2) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action.

² See *Pa. Pub. Util. Comm'n v. Juan Genet Enter., LLC t/a Safe Destinations*, Docket No. C-2014-2450660 (Order entered August 3, 2017); *Pa. Pub. Util. Comm'n v. Leo Movers & Storage, Inc.*, Docket No. C-2015-2494528 (Order entered August 3, 2017); *Pa. Pub. Util. Comm'n v. Deer Haven, LLP*, Docket No. C-2015-2498095 (Order entered October 26, 2017); *Pa. Pub. Util. Comm'n v. Reach for the Stars Limousine Serv. Inc.*, Docket No. C-2015-2499276 (Order entered October 26, 2017).

³ A review of the Commission's records for a period of three (3) years prior to the date of the filing of this Complaint demonstrates that Respondent has an unacceptable compliance history with the Commission as Respondent has failed to timely pay its 2011-2012, 2012-2013, and 2013-2014 Fiscal Year Assessments to the Commission. See supra ¶¶ 12-13.

⁴ The Commission promulgated a Policy Statement at 52 Pa. Code § 69.1201 as a guideline that sets forth ten factors that are to be considered when evaluating whether and to what extent a civil penalty for violating a Commission order, regulation, or statute is warranted. Among these factors are the compliance history of the regulated entity that committed the violation, the amount of the civil penalty necessary to deter future violations, and past Commission decisions in similar situations. 52 Pa. Code §§ 69.1201(c)(6), (8), (9).

⁵ I&E anticipates that this level of penalty will provide a sufficient deterrent against future violations by Respondent.

6. The Commission issued Respondent a Certificate of Public Convenience on or about December 11, 2012, at A-2012-2298948, for limousine authority.

7. Section 501(a) of the Public Utility Code, 66 Pa.C.S. § 501(a), authorizes and obligates the Commission to execute and enforce the provisions of the Public Utility Code.

8. Section 701 of the Public Utility Code, 66 Pa.C.S. § 701, authorizes the Commission to, inter alia, hear and determine complaints against public utilities for a violation of any law or regulation that the Commission has jurisdiction to administer.

Section 3301(a)-(b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)-(b), allows for the imposition of a separate civil penalty for each violation and each day's continuance of such violation(s).

10. Respondent, in transporting passengers as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

12. On or about September 7, 2016, the Commission mailed to Respondent, by first class mail, an assessment invoice for the July 1, 2016 to June 30, 2017 Fiscal Year ("2016-2017 Fiscal Year") that was based, in part, on revenues for the 2015 calendar year that Respondent reported to the Commission in its 2015 Assessment Report. Respondent's assessment was \$575.

13. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

14. The assessment invoice and notice of assessment were mailed to Respondent at 317 Munson Avenue, # 3, McKees Rocks, PA 15136, which is the mailing address that Respondent provided to the Commission for assessment purposes.

15. While there is no record that the assessment invoice and notice of assessment were returned in the mail to the Commission as being undeliverable, on November 8, 2016, the Commission re-mailed to Respondent, by certified mail, the assessment invoice and notice of assessment since Respondent did not pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

16. On or about December 27, 2016, the assessment invoice and notice of assessment that the Commission mailed to Respondent, via certified mail, were returned to the Commission and marked "unclaimed" with no forwarding address.

17. Respondent is obligated to promptly apprise the Commission of changes to its current address pursuant to Section 1.53(d) of the Commission's regulations, 52 Pa. Code § 1.53(d).

18. The Commission was unable to effectively serve the 2016-2017 Fiscal Year Assessment Invoice and notice of assessment upon Respondent due to Respondent's failure to provide the Commission with its current address or claim the certified mailing.

19. The Commission received no objections from Respondent to the assessment amount set forth in the 2016-2017 Fiscal Year Assessment Invoice.

20. Respondent failed to pay the amount of the 2016-2017 Fiscal Year Assessment Invoice.

4. Respondent is Rescue Tech, Inc. and maintains its principal place of business at 465 A Veit Road, Huntingdon Valley, PA 19006, Attention: Margarita Goldenberg.

5. Respondent is a “public utility” as that term is defined at 66 Pa.C.S. § 102, as it is engaged in transporting passengers in the Commonwealth of Pennsylvania for compensation.

6. The Commission issued Respondent a Certificate of Public Convenience on or about February 19, 2010, at A-2009-2123259, for paratransit authority.

7. Section 501(a) of the Public Utility Code, 66 Pa.C.S. § 501(a), authorizes and obligates the Commission to execute and enforce the provisions of the Public Utility Code.

8. Section 701 of the Public Utility Code, 66 Pa.C.S. § 701, authorizes the Commission to, inter alia, hear and determine complaints against public utilities for a violation of any law or regulation that the Commission has jurisdiction to administer.

9. Section 3301 of the Public Utility Code, 66 Pa.C.S. § 3301, authorizes the Commission to impose civil penalties on any public utility, or any other person or corporation subject to the Commission’s authority, for violation(s) of the Public Utility Code and/or Commission regulations. Section 3301(a)-(b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)-(b), allows for the imposition of a separate civil penalty for each violation and each day’s continuance of such violation(s).

10. Respondent, in transporting passengers as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

12. On or about September 7, 2016, the Commission mailed to Respondent, by certified mail, an assessment invoice for the July 1, 2016 to June 30, 2017 Fiscal Year (“2016-2017 Fiscal Year”) that was based, in part, on revenues for the 2015 calendar year that Respondent reported to the Commission in its 2015 Assessment Report. Respondent’s assessment was \$8,139.

13. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

14. On September 16, 2016, Respondent signed a certified mail card, which indicated that it received the assessment invoice and notice of assessment for the 2016-2017 Fiscal Year.

15. On November 22, 2016, Respondent filed an objection to its 2016-2017 Fiscal Year Assessment claiming that it reported incorrect gross intrastate operating revenues on its 2015 Assessment Report and requested that its 2016-2017 Fiscal Year Assessment be adjusted accordingly.

16. By Secretarial Letter dated December 7, 2016, the Commission notified Respondent that it was unable to consider Respondent’s objection because it was untimely filed in accordance with Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c).

17. On or about February 14, 2017, Respondent submitted payment in the amount of \$500 to be applied towards its 2016-2017 Fiscal Year Assessment.

18. Respondent failed to fully pay the amount of the 2016-2017 Fiscal Year Assessment Invoice.

19. The total outstanding assessment balance for Respondent related to the 2016-2017 Fiscal Year is \$7,639.

Violation

20. That Respondent failed to satisfy its 2016-2017 Fiscal Year Assessment in that it did not pay the full amount due within thirty (30) days of receipt of the invoice. If proven, this is a violation of Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c). The Bureau of Investigation and Enforcement’s proposed civil penalty for this violation is 15% of the outstanding assessment balance or \$ 1,146.²³ This civil penalty, consistent with past Commission decisions,²⁴ is based on Respondent’s acceptable history of compliance with the Public Utility Code and Commission’s regulations,²⁵ the amount of Respondent’s outstanding assessment balance related to the 2016-2017 Fiscal Year, and the need to deter future violations of the Public Utility Code and the Commission’s regulations pursuant to 52 Pa. Code § 69.1201.²⁶

Wherefore, for all the foregoing reasons, the Pennsylvania Public Utility Commission’s Bureau of Investigation and Enforcement respectfully requests that:

(a) Respondent be ordered to pay a total of \$8,785, which consists of its outstanding assessment balance of \$7,639 and a total civil penalty of \$1,146 for the above described violation. Said payment should be made by certified check or money order, made payable to the “Commonwealth of Pennsylvania” with the docket number of this proceeding listed, and mailed to the Secretary’s Bureau of the Commission; and

(b) If payment of the assessment and civil penalty is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action; and

(3) the Commission certify automobile registrations to the Pennsylvania Department of Transportation for suspension or revocation.

Respectfully submitted,

4. Respondent is David M. Saul and maintains his principal place of business at 469 Isle Road, Butler, PA 16001, Attention: David M. Saul.

5. Respondent is a “public utility” as that term is defined at 66 Pa.C.S. § 102, as he is engaged in transporting property in the Commonwealth of Pennsylvania for compensation.

6. The Commission issued Respondent a Certificate of Public Convenience on or about October 24, 2006, at A-00123123, for truck authority.

7. Section 501(a) of the Public Utility Code, 66 Pa.C.S. § 501(a), authorizes and obligates the Commission to execute and enforce the provisions of the Public Utility Code.

8. Section 701 of the Public Utility Code, 66 Pa.C.S. § 701, authorizes the Commission to, inter alia, hear and determine complaints against public utilities for a violation of any law or regulation that the Commission has jurisdiction to administer.

9. 10. Respondent, in transporting property as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

PRIOR ASSESSMENT-RELATED COMPLAINT

12. On May 3, 2016, I&E filed a Complaint against Respondent at Docket No. C-2016-2543173, alleging that Respondent violated Section 510(b)-(c) of the Public Utility Code, 66 Pa.C.S. § 510(b)-(c), by failing to file an assessment report for the 2014 calendar year and satisfy his assessment for the July 1, 2015 to June 30, 2016 Fiscal Year (“2015-2016 Fiscal Year”) in the amount of \$534. In addition to payment of the outstanding assessment, I&E sought payment of a civil penalty in the amount of \$1,080.

13. On August 12, 2016, I&E filed a Motion for Default Judgment (“Motion”) due to Respondent’s failure to file an Answer to I&E’s Complaint at Docket No. C-2016-2543173. In its Motion, I&E requested that Respondent be ordered to pay his outstanding assessment and the requested civil penalty.

14. The Commission entered an Opinion and Order on September 21, 2017, granting I&E’s Motion and modifying the civil penalty requested in I&E’s Motion from \$1,080 to \$580.

15. On October 10, 2017, Respondent, paid his outstanding assessment for the 2015-2016 Fiscal Year and the modified civil penalty as directed in the Commission’s Order.

2016-2017 FISCAL YEAR

16. On or about September 7, 2016, the Commission mailed to Respondent, by first class mail, an assessment

invoice for the July 1, 2016 to June 30, 2017 Fiscal Year (“2016-2017 Fiscal Year”) that was based, in part, on revenues for the 2015 calendar year that Respondent reported to the Commission in his 2015 Assessment Report. Respondent’s assessment was \$179.

17. Accompanying the assessment invoice was a notice that informed Respondent that he was obligated to pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

18. While there is no record that the assessment invoice and notice of assessment were returned in the mail to the Commission as being undeliverable, on October 27, 2016, the Commission re-mailed to Respondent, by certified mail, the assessment invoice and notice of assessment since Respondent did not pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

19. The assessment invoice and notice of assessment were mailed to Respondent at 469 Isle Road, Butler, PA 16001, which is the mailing address that Respondent provided to the Commission for assessment purposes.

20. On or about November 28, 2016, the assessment invoice and notice of assessment that the Commission mailed to Respondent, via certified mail, were returned to the Commission and marked “unclaimed” with no forwarding address.

21. Respondent is obligated to promptly apprise the Commission of changes to its current address pursuant to Section 1.53(d) of the Commission’s regulations, 52 Pa. Code § 1.53(d).

22. The Commission was unable to effectively serve the 2016-2017 Fiscal Year Assessment Invoice and notice of assessment upon Respondent due to Respondent’s failure to provide the Commission with his current address or claim the certified mailing.

23. The Commission received no objections from Respondent to the assessment amount set forth in the 2016-2017 Fiscal Year Assessment Invoice.

24. Respondent failed to pay the amount of the 2016-2017 Fiscal Year Assessment Invoice.

25. The total outstanding assessment balance for Respondent related to the 2016-2017 Fiscal Year is \$179.

Violation

26. That Respondent failed to satisfy his 2016-2017 Fiscal Year Assessment in that he did not pay the amount due within thirty (30) days of receipt of the invoice. If proven, this is a violation of Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c). The Bureau of Investigation and Enforcement’s proposed civil penalty for this violation is 25% of the outstanding assessment balance or a minimum of \$100, whichever is greater. Therefore, I&E’s proposed civil penalty for this violation is \$100.²⁷ This civil penalty, consistent with past Commission decisions,²⁸ is based on Respondent’s unacceptable history of compliance with the Public Utility Code and Commission’s regulations,²⁹ the amount of Respondent’s outstand-

²⁷ I&E anticipates that this level of penalty will provide a sufficient deterrent against future violations by Respondent.

Inc.*, Docket No. C-2015-2499276 (Order entered October 26, 2017).

²⁹ A review of the Commission’s records for a period of three (3) years prior to the date of the filing of this Complaint demonstrates that Respondent has an unacceptable

ing assessment balance related to the 2016-2017 Fiscal Year, and the need to deter future violations of the Public Utility Code and the Commission's regulations pursuant to 52 Pa. Code § 69.1201.³⁰

Wherefore, for all the foregoing reasons, the Pennsylvania Public Utility Commission's Bureau of Investigation and Enforcement respectfully requests that:

(a) Respondent be ordered to pay a total of \$279, which consists of his outstanding assessment balance of \$179 and a total civil penalty of \$100 for the above described violation. Said payment should be made by certified check or money order, made payable to the "Commonwealth of Pennsylvania" with the docket number of this proceeding listed, and mailed to the Secretary's Bureau of the Commission;

(b) Respondent be directed to update his address with the Commission; and

(c) If payment of the assessment and civil penalty is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action; and

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

PRIOR ASSESSMENT-RELATED COMPLAINT

12. On July 1, 2016, I&E filed a Complaint against Respondent at Docket No. C-2016-2554237, alleging that Respondent violated Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c), by failing to satisfy his assessment for the July 1, 2015 to June 30, 2016 Fiscal Year (“2015-2016 Fiscal Year”) in the amount of \$5,001. In addition to payment of the outstanding assessment, I&E sought payment of a civil penalty in the amount of \$750.

13. On December 4, 2017, I&E filed a Certificate of Satisfaction pursuant to 52 Pa. Code § 5.24, noting that Respondent satisfied his outstanding assessment for the 2015-2016 Fiscal Year and the civil penalty sought in I&E’s Complaint.

2016-2017 FISCAL YEAR

14. On or about February 14, 2016, the Commission mailed to Respondent an assessment report for Respondent to report his gross intrastate operating revenues for the 2015 calendar year.

15. The assessment report was accompanied by a letter, which notified Respondent that the report was to be completed and returned to the Commission on or before March 31, 2016.

16. Respondent failed to file an assessment report stating his 2015 calendar year revenues.

17. On or about September 7, 2016, the Commission mailed to Respondent, by certified mail, an assessment invoice for the July 1, 2016 to June 30, 2017 Fiscal Year (“2016-2017 Fiscal Year”) that was based, in part, on Respondent’s estimated revenues for the 2015 calendar year. Respondent’s assessment was \$4,140.

18. Accompanying the assessment invoice was a notice that informed Respondent that he was obligated to pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

19. The assessment invoice and notice of assessment were mailed to Respondent at 336 Montmorenci Road, Ridgway, PA 15853.

20. On September 19, 2016, the assessment invoice and notice of assessment were returned to the Commission by the United States Postal Service with no forwarding address.

21. On or about September 19, 2016, the Commission re-mailed to Respondent, by first class mail, the assessment invoice and notice of assessment.

22. On September 28, 2016, the assessment invoice and notice of assessment were returned to the Commission by the United States Postal Service and marked “Temporarily Away.”

23. On or about October 11, 2016, the Commission re-mailed to Respondent, by first class mail, the assessment invoice and notice of assessment.

24. On October 20, 2016, the assessment invoice and notice of assessment were returned to the Commission by the United States Postal Service and marked “Temporarily Away.”

25. Respondent is obligated to promptly apprise the Commission of changes to its current address pursuant to Section 1.53(d) of the Commission’s regulations, 52 Pa. Code § 1.53(d).

26. The Commission was unable to effectively serve the 2016-2017 Fiscal Year Assessment Invoice and notice of assessment upon Respondent due to Respondent’s failure to provide the Commission with its current address.

27. The Commission received no objections from Respondent to the assessment amount set forth in the 2016-2017 Fiscal Year Assessment Invoice.

28. Respondent failed to pay the amount of the 2016-2017 Fiscal Year Assessment Invoice.

29. The total outstanding assessment balance for Respondent related to the 2016-2017 Fiscal Year is \$4,140.

Violations

COUNT 1

30. That Respondent failed to report his gross intrastate operating revenues for the 2015 calendar year in that he did not file an assessment report for that year. If proven, this is a violation of Section 510(b) of the Public Utility Code, 66 Pa.C.S. § 510(b). The Bureau of Investigation and Enforcement’s proposed civil penalty for this violation is \$1,000.³¹ This civil penalty, consistent with past Commission decisions,³² is based on Respondent’s unacceptable history of compliance with the Public Utility Code and Commission’s regulations,³³ the amount of Respondent’s outstanding assessment balance related to the 2016-2017 Fiscal Year, and the need to deter future violations of the Public Utility Code and the Commission’s regulations pursuant to 52 Pa. Code § 69.1201.³⁴

COUNT 2

31. That Respondent failed to satisfy his 2016-2017 Fiscal Year Assessment in that he did not pay the amount due within thirty (30) days of receipt of the invoice. If proven, this is a violation of Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c). The Bureau of Investigation and Enforcement’s proposed civil penalty for this

³¹ I&E anticipates that this level of penalty will provide a sufficient deterrent against future violations by Respondent.

³² See *Pa. Pub. Util. Comm’n v. Juan Genet Enter., LLC t/a Safe Destinations*, Docket No. C-2014-2450660 (Order entered August 3, 2017); *Pa. Pub. Util. Comm’n v. Leo Movers & Storage, Inc.*, Docket No. C-2015-2494528 (Order entered August 3, 2017); *Pa. Pub. Util. Comm’n v. Hoffman Landscaping & Trucking, LLP*, Docket No. C-2015-2495061 (Order entered September 21, 2017); *Pa. Pub. Util. Comm’n v. Deer Haven, LLP*, Docket No. C-2015-2498095 (Order entered October 26, 2017); *Pa. Pub. Util. Comm’n v. Reach for the Stars Limousine Serv. Inc.*, Docket No. C-2015-2499276 (Order entered October 26, 2017).

³³ A review of the Commission’s records for a period of three (3) years prior to the date of the filing of this Complaint demonstrates that Respondent has an unacceptable compliance history with the Commission as Respondent failed to timely pay his 2015-2016 Fiscal Year Assessment of \$5,001 to the Commission. See supra ¶¶ 12-13. Respondent also failed to update his current address with the Commission. See supra ¶¶ 20–24.

³⁴ The Commission promulgated a Policy Statement at 52 Pa. Code § 69.1201 as a guideline that sets forth ten factors that are to be considered when evaluating whether and to what extent a civil penalty for violating a Commission order, regulation, or statute is warranted. Among these factors are the compliance history of the regulated entity that committed the violation, the amount of the civil penalty necessary to deter future violations, and past Commission decisions in similar situations. 52 Pa. Code §§ 69.1201(c)(6), (8), (9).

violation is 25% of the outstanding assessment balance or \$1,035.³⁵ This civil penalty, consistent with past Commission decisions,³⁶ is based on Respondent’s unacceptable history of compliance with the Public Utility Code and Commission’s regulations,³⁷ the amount of Respondent’s outstanding assessment balance related to the 2016-2017 Fiscal Year, and the need to deter future violations of the Public Utility Code and the Commission’s regulations pursuant to 52 Pa. Code § 69.1201.

Wherefore, for all the foregoing reasons, the Pennsylvania Public Utility Commission’s Bureau of Investigation and Enforcement respectfully requests that:

(a) Respondent be ordered to pay a total of \$6,175, which consists of his outstanding assessment balance of \$4,140 and a total civil penalty of \$2,035 for the above described violations. Said payment should be made by certified check or money order, made payable to the “Commonwealth of Pennsylvania” with the docket number of this proceeding listed, and mailed to the Secretary’s Bureau of the Commission;

(b) Respondent be directed to file assessment reports on a going-forward basis;

(c) Respondent be directed to update his address with the Commission; and

(d) If payment of the assessment and civil penalty is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action; and

(3) the Commission certify automobile registrations to the Pennsylvania Department of Transportation for suspension or revocation.

Respectfully submitted,

Violations

COUNT 1

24. That Respondent failed to report her gross intrastate operating revenues for the 2015 calendar year in that she did not file an assessment report for that year. If proven, this is a violation of Section 510(b) of the Public Utility Code, 66 Pa.C.S. § 510(b). The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$250.³⁸ This civil penalty, consistent with past Commission decisions,³⁹ is based on Respondent's acceptable history of compliance with the Public Utility Code and Commission's regulations,⁴⁰ the amount of Respondent's outstanding assessment balance related to the 2016-2017 Fiscal Year, and the need to deter future violations of the Public Utility Code and the Commission's regulations pursuant to 52 Pa. ⁴⁰ A review of the Commission's records for a period of three (3) years prior to the date of the filing of this Complaint demonstrates that Respondent has an acceptable compliance history with the Commission.

4. Respondent is Sterner's Moving and Transporting, Inc. and maintains its principal place of business at P.O. Box 267, Jacobus, PA 17407, Attention: Brandon Ryan Sterner.

5. Respondent is a "public utility" as that term is defined at 66 Pa.C.S. § 102, as it is engaged in transporting property in the Commonwealth of Pennsylvania for compensation.

6. The Commission issued Respondent a Certificate of Public Convenience on or about February 10, 2012, at A-2010-2168219, for household goods authority and on or about November 22, 2013, at A-2013-2381125, for truck authority.

8. Section 701 of the Public Utility Code, 66 Pa.C.S. § 701, authorizes the Commission to, inter alia, hear and determine complaints against public utilities for a violation of any law or regulation that the Commission has jurisdiction to administer.

9. Section 3301(a)-(b) of the Public Utility Code, 66 Pa.C.S. § 3301(a)-(b), allows for the imposition of a separate civil penalty for each violation and each day's continuance of such violation(s).

10. Respondent, in transporting property as a common carrier for compensation, is subject to the power and authority of this Commission pursuant to Section 501(c) of the Public Utility Code, 66 Pa.C.S. § 501(c), which requires a public utility to comply with Commission regulations.

11. Pursuant to the provisions of the applicable Commonwealth statutes and regulations, the Commission has jurisdiction over the subject matter of this complaint and the actions of Respondent related thereto.

Factual Background

12. On or about September 7, 2016, the Commission mailed to Respondent, by first class mail, an assessment invoice for the July 1, 2016 to June 30, 2017 Fiscal Year ("2016-2017 Fiscal Year") that was based, in part, on Respondent's estimated revenues for the 2015 calendar year. Respondent's assessment was \$377.

13. Accompanying the assessment invoice was a notice that informed Respondent that it was obligated to pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

14. While there is no record that the assessment invoice and notice of assessment were returned in the mail to the Commission as being undeliverable, on October 27, 2016, the Commission re-mailed to Respondent, by certified mail, the assessment invoice and notice of assessment since Respondent did not pay the amount listed on the assessment invoice within thirty (30) days or file objections within fifteen (15) days.

15. The assessment invoice and notice of assessment were mailed to Respondent at P.O. Box 267, Jacobus, PA 17407, which is the mailing address that Respondent provided to the Commission for assessment purposes.

16. On or about November 22, 2016, the assessment invoice and notice of assessment that the Commission mailed to Respondent, via certified mail, were returned to the Commission and marked "unclaimed" with no forwarding address.

17. Respondent is obligated to promptly apprise the Commission of changes to its current address pursuant to Section 1.53(d) of the Commission's regulations, 52 Pa. Code § 1.53(d).

18. The Commission was unable to effectively serve the 2016-2017 Fiscal Year Assessment Invoice and notice of assessment upon Respondent due to Respondent's failure to provide the Commission with its current address or claim the certified mailing.

19. The Commission received no objections from Respondent to the assessment amount set forth in the 2016-2017 Fiscal Year Assessment Invoice.

20. Respondent failed to pay the amount of the 2016-2017 Fiscal Year Assessment Invoice.

21. The total outstanding assessment balance for Respondent related to the 2016-2017 Fiscal Year is \$377.

Violation

22. That Respondent failed to satisfy its 2016-2017 Fiscal Year Assessment in that it did not pay the amount due within thirty (30) days of receipt of the invoice. If proven, this is a violation of Section 510(c) of the Public Utility Code, 66 Pa.C.S. § 510(c). The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is 15% of the outstanding assessment balance or \$57.⁴⁵ This civil penalty, consistent with past Commission decisions,⁴⁶ is based on Respondent's acceptable history of compliance with the Public Utility Code and Commis-

⁴⁵ I&E anticipates that this level of penalty will provide a sufficient deterrent against future violations by Respondent.

sion's regulations,⁴⁷ the amount of Respondent's outstanding assessment balance related to the 2016-2017 Fiscal Year, and the need to deter future violations of the Public Utility Code and the Commission's regulations pursuant to 52 Pa. Code § 69.1201.⁴⁸

Wherefore, for all the foregoing reasons, the Pennsylvania Public Utility Commission's Bureau of Investigation and Enforcement respectfully requests that:

(a) Respondent be ordered to pay a total of \$434, which consists of its outstanding assessment balance of \$377 and a total civil penalty of \$57 for the above described violation. Said payment should be made by certified check or money order, made payable to the "Commonwealth of Pennsylvania" with the docket number of this proceeding listed, and mailed to the Secretary's Bureau of the Commission;

(b) Respondent be directed to update its address with the Commission; and

(c) If payment of the assessment and civil penalty is not made, the Bureau of Investigation and Enforcement requests that:

(1) the Commission issue an Order to cancel the Certificate of Public Convenience issued to Respondent;

(2) this matter be referred to the Pennsylvania Office of Attorney General for appropriate action; and

(3) the Commission certify automobile registrations to the Pennsylvania Department of Transportation for suspension or revocation.
