

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 65]

Fishing; Special Fishing Regulations

The Fish and Boat Commission (Commission) proposes to amend Chapter 65 (relating to special fishing regulations) to read as set forth in Annex A. The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments update the Commission's list of waters subject to special regulations.

A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at www.fish.state.pa.us.

C. *Statutory Authority*

The proposed amendment to § 65.24 (relating to miscellaneous special regulations) are published under the statutory authority of section 2307 of the code (relating to waters limited to specific purposes).

D. *Purpose and Background*

The specific purpose and background of the proposed amendment is described in more detail under the summary of proposal.

E. *Summary of Proposal*

Chapman Dam Reservoir, a 67.95-acre impoundment owned by the Department of Conservation and Natural Resources, is located within Chapman State Park, Pleasant Township, Warren County, approximately 6 miles south of the City of Warren. This reservoir was completely dewatered during fall 2017 to remove sediment and complete control tower, dam and spillway repairs and modifications per Department of Environmental Protection dam safety standards. The earth-fill dam, constructed in 1949, impounds the West Branch Tionesta Creek at river-mile 14.7 upstream from its confluence with Tionesta Creek at river-mile 40.3. Prior to the drawdown in 2017, the lake offered angling opportunities for multiple warm-water and cool-water fish species, as well as adult trout stocked by the Commission. Sediment removal and dam and spillway repairs are expected to be completed by December 2018 with refilling initiated soon after.

The Commission plans to initiate stocking the lake beginning in spring 2019 with fingerling plants of select fish species to establish a high quality warm-water and cool-water fishery. Immediately upon refilling of the lake, staff propose to open the lake to fishing under a miscellaneous special regulation that will allow for the harvest of trout under Commonwealth Inland Waters angling regulations but allow only catch and release fishing for all other fish species. Staff believe that this approach will allow for the most rapid development of a balanced warm-water and cool-water fish community, while offering acceptable levels of recreational angling opportunities. Fisheries Management staff will monitor the fish populations as needed while they develop and make necessary modifications to the species stocked and recommend adjustments to the regulations governing fish harvest to the Board of Commissioners to continually provide high quality recreational angling opportunities at Chapman Dam Reservoir. Once the warm-water fishery has been reestablished, the lake will be recommended for removal from the miscellaneous special regulation and inclusion in one of the Commission's existing warm-water regulation programs.

The Commission proposes that § 65.24 be amended to read as set forth in Annex A.

F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.fishandboat.com/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

TIMOTHY D. SCHAEFFER,
Executive Director

Fiscal Note: 48A-288. No fiscal impact; (8) recommends adoption.

PROPOSED RULEMAKING

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart B. FISHING

CHAPTER 65. SPECIAL FISHING REGULATIONS

§ 65.24. Miscellaneous Special Regulations.

The following waters are subject to the following miscellaneous special regulations:

<i>County</i>	<i>Name of Water</i>	<i>Special Regulations</i>
*****	*****	*****
Warren	Allegheny River—8.75 miles downstream from the outflow of the Allegheny Reservoir to the confluence with Conewago Creek	Trout—minimum size limit—14 inches; daily creel limit—2 trout per day (combined species) from 8 a.m. on the first Saturday after April 11 through midnight Labor Day, except during the period from the day after Labor Day to the first Saturday after April 11 of the following year, when no trout may be killed or had in possession. Other inland seasons, sizes and creel limits apply.
<u>Warren</u>	<u>Chapman Dam Reservoir</u>	<u>All species except trout—catch and release/no harvest; it is unlawful to take, kill or possess any fish except trout. All fish caught other than trout must be immediately returned unharmed.</u> <u>Trout—inland regulations apply. See § 61.1 (relating to Commonwealth inland waters). This miscellaneous special regulation will remain in effect until further notice.</u>
Washington	Chartiers Creek from Canonsburg Lake Dam approximately 1/2 mile downstream to mouth of Chartiers Creek	Fishing is prohibited from 12:01 a.m. March 1 to 8 a.m. the first Saturday after April 11.
