READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 83]

Proposed Amendments to the Pennsylvania Rules of Disciplinary Enforcement

Notice is hereby given that the Pennsylvania Lawyers Fund for Client Security (the “Fund”) is considering recommending to the Supreme Court of Pennsylvania (“Supreme Court”) to adopt amendments to Pennsylvania Rules of Disciplinary Enforcement (“Pa.R.D.E.”) 501, 503, 504, 512, 514, 521 and 531 as set forth in Annex A. The majority of the amendments under consideration are administrative in nature, or memorialize the existing practice.

The amendments to Rules 501 and 503(a) under consideration defines the Board as the “Board of Trustees.” Rule 502(c) currently provides that all monies and other assets of the Fund shall constitute a trust. The amendment under consideration would reflect the appropriate terminology for a trust to be managed by a Board of Trustees. This terminology is used in the American Bar Association’s Model Rules for Lawyers’ Fund for Client Protection, as well as many client protection funds across the country.

The amendment to Rule 503(d) under consideration would remove the fixed time frame of January in each year when the Board is to provide a report to the Supreme Court and would conform the rule to the existing practice of providing such report to the Supreme Court in conjunction with the annual meeting of the Lawyers Assessment Committee.

The amendment to Rule 504(b)(1) under consideration would conform the rule to the current practice of requiring a claimant to provide written permission to release the claimant’s name after an award has been approved by the Board.

The amendment to Rule 512 under consideration incorporates the new bar admission rule approved by the Supreme Court in January 2019, with an effective date of July 29, 2019. (See Pa.B.A.R. 304.) The new bar admission rule provides for a limited admission of an attorney spouse of an active-duty service member of the United States Uniformed Services. Including this limited admission in the definition of a Covered Attorney would be in concert with an active military attorney, an active foreign legal consultant, or a person holding an active Limited In-House Corporate Counsel License which are currently included in the definition of a Covered Attorney.

The amendment to Rule 514(a)(1) under consideration would include a claim in the nature of an unearned, unrefunded fee paid to a lawyer who later died, was transferred to inactive disability status, or could not be located. The proposed language would remove the “dishonest” label from an attorney who has died, become disabled or has abandoned the practice.

The amendment to Rule 521(b) under consideration would clarify that attempts to provide notice to a Covered Attorney at the address of record with Attorney Registration, which attempts may not be successful, will satisfy the notice requirement of Rule 521(b).

The amendments to Rule 521(c) under consideration support that claims filed with the Fund are confidential. Rule 504(a) provides that the confidentiality extends to all documents and things made and/or obtained, and all investigations and proceedings conducted and/or held by the Fund in connection with the filing of a claim. Rule 521(b) requires the Covered Attorney to be provided with notice of the filing of the claim and an opportunity to contest the claim. The Covered Attorney’s response to a claim is provided to the Claimant so that each party is aware of the representations being made by the other party and may submit a rebuttal to any of the information. While this information is shared with each of the parties, such submissions must be kept confidential by the Covered Attorney and Claimant. All other documents are confidential, consequently a subpoena issued by a Covered Attorney and/or Claimant would not provide either party with information that has not already been provided. The amendment under consideration maintains the right of the Covered Attorney and the Claimant to subpoena a witness should the Board determine to hold a hearing.

There are two administrative amendments to Rule 521(c). The first sets forth Rule 221 which relates to the mandatory overdraft notification requirements. The second incorporates terminology recently implemented by the Disciplinary Board of the Supreme Court of Pennsylvania (“Disciplinary Board”) to refer to the Supreme Court Prothonotary as “Court Prothonotary.”

The amendment to Rule 531 under consideration is administrative as it would incorporate the current terminology used by the Disciplinary Board in Rule 301 relating to inactive status resulting from a disability.

Interested persons are invited to submit written comments regarding the proposed amendments to the Pennsylvania Lawyers Fund for Client Security, P.O. Box 62585, Harrisburg, PA 17106, fax number (717) 231-9511 or email at admin@palawfund.com, on or before August 30, 2019.

Notice mailed to the Covered Attorney at the address of record with Attorney Registration per Rule of Disciplinary Enforcement 219 (relating to annual registration of attorneys) shall satisfy this notice requirement.

**DEPARTMENT OF
BANKING AND SECURITIES**

**Maximum Lawful Rate of Interest for Residential
Mortgages for the Month of September 2019**

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P.L. 13, No. 6) (41 P.S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of September 2019, is 4 3/4%.

The interest rate limitations under the Commonwealth's usury statute were pre-empted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub.L. No. 96-221). Further pre-emption was instituted with the signing of Pub.L. No. 96-399, which overrode State interest rate

limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board or the United States Treasury, or both. The latest yield rate on long-term government securities is 2.33 to which was added 2.50 percentage points for a total of 4.83 that by law is rounded off to the nearest quarter at 4 3/4%.

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit

number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

24-083Y: Mersen USA (215 Stackpole St., St. Marys, PA 15857) for the installation of a backup thermal oxidizer at their facility in the City of St. Marys, **Elk County**. This is a Title V facility.

Notice is hereby given pursuant to 25 Pa. Code §§ 127.44(b) and 127.424(b), that the Pennsylvania Department of Environmental Protection (DEP) intends to issue Plan Approval 24-083Y to Mersen USA for the installation of a backup thermal oxidizer at their facility in the City of St. Marys, Elk County. The Plan Approval will subsequently be incorporated into the facility's Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450.

Plan Approval No. 24-083Y is for the installation of a thermal oxidizer as a backup to an existing regenerative thermal oxidizer (RTO) for control of VOC emissions from existing Source ID 129. Based on the information provided by the applicant and DEP's own analysis, installation of the proposed control device will result in potential

emissions increases of approximately 0.54 ton of nitrogen oxides (NO_x) and 0.11 ton of carbon monoxide per year.

The Plan Approval will contain monitoring, reporting, recordkeeping and work practice requirements designed to keep the facility operating within all applicable air quality requirements. Copies of the application, DEP's analysis, and other documents used in the evaluation are available for public inspection between the hours of 8 a.m. and 4 p.m. weekdays at the address shown below. To make an appointment, contact Records Management at 814-332-6340.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted on the comments received during the public comment period. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a local newspaper of general circulation or the *Pennsylvania Bulletin* or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Eric Gustafson, Regional Air Quality Manager, Department of Environmental Protection, Northwest Regional Office, 230 Chestnut St., Meadville, PA 16335, 814-332-6940.

24-00111: Penn Highlands Elk (763 Johnsonburg Rd, Saint Marys, PA 15857), the Department intends to issue the renewal of the State-Only Operating Permit of a

healthcare institution located in Saint Marys City, **Elk County**. Permitted air contamination sources are two gas-fired/oil-fired boilers, a backup biomass boiler, and two emergency generators. The facility is a Natural Minor and an area source for permitting and MACT purposes. The gas-fired/oil-fired boilers are subject to 25 Pa. Code § 123.22. The backup biomass boiler is subject to § 40 CFR 60 Subpart Dc and § 40 CFR 63 Subpart JJJJJ. The emergency generators are subject to § 40 CFR 63 Subpart ZZZZ. Initially permitted through PA 24-111A, the biomass boiler previously functioned as the primary boiler for normal operations. With the rising costs of woodchips and decreasing price in natural gas, however, the gas-fired/oil-fired boilers have been operated as the primary boilers since early 2015 while the biomass boiler is kept as a backup unit, fired once or twice per year for testing and certification purposes. Based on the approved request, the 5-year stack test requirement for the biomass boiler is removed from the operating permit.

This is a republish notice to inform of the removal of the 5-year stack test requirement for the biomass boiler. The first *Pennsylvania Bulletin* notice was published on June 29, 2019.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments

received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

To construct and maintain the following water obstructions and encroachments associated with the Lee Road (T-572) Structure Replacement over Dundaff Creek (CWF, MF):

1) To remove an existing dual CMP culvert stream crossing and to construct and maintain a 28.6-foot long, 22.0-foot span single cell precast concrete box culvert crossing of Dundaff Creek (CWF, MF) having a 6.0-foot underclearance to the normal flow elevation, riprap, and precast concrete upstream and downstream wingwalls. The proposed culvert crossing, and roadway alignment will be relocated approximately 60-feet upstream of the existing crossing.

2) To relocate approximately 206 linear feet of a UNT to Dundaff Creek (CWF, MF). The unnamed tributary is being relocated slightly east, due to the embankment grading associated with the new crossing of Dundaff Creek (CWF, MF). The new channel will be seeded and lined gravel and cobble to mimic a natural stream bed.

3) To place fill in 0.27 acre of the floodway of Dundaff Creek (CWF, MF) for the construction of the new culvert crossing and channel realignment.

The project is located north of the intersection of Lee Road (T-572) and SR 0106 in Greenfield Township, Lackawanna County (Clifford, PA Quadrangle, Latitude: 41° 38' 8"; Longitude: -75° 34' 48").

**HAZARDOUS SITES CLEAN-UP
UNDER THE ACT OF
OCTOBER 18, 1988**

**Notice of Proposed Settlement Under
HSCA/CERCLA**

BoRit Asbestos Superfund Site

Ambler Borough, Montgomery County

The Department of Environmental Protection (“Department”), under the authority of the Hazardous Sites Cleanup Act (“HSCA”), 35 P.S. §§ 6020.101 et seq., and the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C.A. §§ 9601 et seq., has entered into a proposed Consent Decree with the United States of America (“United States”) and Whitpain Township (“Whitpain”) regarding the BoRit Asbestos Superfund Site (“Site”), located in Ambler Borough, Upper Dublin Township, and Whitpain Township, **Montgomery County**, PA. The United States lodged the proposed Consent Decree with the United States District Court, Eastern District of Pennsylvania on July 25, 2019.

The Site consists of approximately 33 acres of three adjacent parcels. Whitpain is the owner of an approximately 11-acre parcel (“Park Parcel”) that is part of the Site and is in Whitpain Township. The Site was used by Keasbey & Mattison Company for the disposal of asbestos-containing material (“ACM”), spent magnesium and calcium slurry, waste asbestos products, and other waste products, starting in the 1930s. The United States Environmental Protection Agency (“USEPA”) performed a removal action and remedial action, which has included the removal of ACM and various wastes, site stabilization, capping, fencing, the installation of other engineering controls, and the implementation of institutional controls.

The Department and the United States of America have entered into the Consent Decree with Whitpain, in part, to assure that the Site, including the Park Parcel, will receive long-term operation and maintenance to assure the integrity and longevity of the removal action. Under the terms of the proposed Consent Decree, Whitpain agrees, in part, to perform certain enumerated operation and maintenance activities at the Park Parcel, not to perform activities that would modify or adversely affect the remedial action at the Site, and to provide access and right of entry to the Department and the USEPA to the Park Parcel for, among other activities, monitoring and verifying the integrity of the response actions and remedial activities, as fully set forth in the proposed Consent Decree.

This notice is provided pursuant to Section 1113 of HSCA, 35 P.S. § 6020.1113. The proposed Consent Decree may be examined from 8 AM to 4 PM at the Department’s office at 2 East Main Street, Norristown, PA by contacting either Colin Wade at (484) 250-5722 or Adam Bram, Esquire at (484) 250-5930. Mr. Wade and Mr. Bram may also be contacted by e-mail at cowade@pa.gov and abram@pa.gov, respectively. A public comment period on the proposed Consent Decree will extend for a period of 60 days from the date of this notice. Interested persons may submit written comments regarding these agreements to the Department by submitting them to Mr. Wade in the Environmental Cleanup and Brownfields Program at the above address.

A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act’s remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Stan-

dards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. The RACT I-based biennial NO_x stack testing for the glass melting furnace is removed because the corresponding RACT I-based NO_x limit is streamlined out by a more stringent limit (§ 129.304), which requires CEMS for compliance demonstration (§§ 129.308, 129.309). Source test submittals are updated based on Source Testing Section's latest instructions. Sources no longer operated are removed from the operating permit.

Nutrient Credit Trading Program; Actions; Administrative Extension

The Department of Environmental Protection (Department) has approved a 1-year administrative extension from October 1, 2019, to September 30, 2020, of the following previously approved certifications of pollutant reduction activities to generate nitrogen (N) and phosphorus (P) credits under 25 Pa. Code § 96.8 (relating to use of offsets and tradable credits from pollution reduction activities in the Chesapeake Bay Watershed) that were set to expire on September 30, 2019. Proposed pollutant reduction activities include the following agriculture best management practices (BMP): continuous no-till planting methods (CNT), planting cover crops, conservation tillage, grass buffers, riparian forest buffers, off-stream watering with and without fencing, precision grazing and horse pasture management. These certification administrative extension approvals authorize the generation of N or P credits, or both, for use by facilities with National Pollutant Discharge Elimination System permits in the compliance year in which the credits are generated. This approval is valid until September 30, 2020, provided the pollution reduction activities are implemented, maintained and verified in accordance with the plans contained in the original approved certification requests.

To access the draft PAG-02 and related documents, visit the Department's eLibrary at www.depgreenport.state.pa.us/elibrary/ (select "Permit and Authorization Packages," then "Clean Water," then "PAG-02 NPDES General Permit (Draft)").

The PAG-02 General Permit is intended to provide NPDES permit coverage to persons discharging stormwater associated with construction activities to surface waters of this Commonwealth in satisfaction of State NPDES permit requirements (25 Pa. Code §§ 92a.1(b) and 102.5(a) (relating to purpose and scope; and permit requirements)) and Federal NPDES permit requirements (40 CFR 122.26(b)(14)(x) and (b)(15) (relating to storm water discharges (applicable to State NPDES programs, see § 123.25)). This draft PAG-02 General Permit would apply to eligible projects proposing an earth disturbance activity that involves 1 acre or more of earth disturbance, or an earth disturbance on any portion, part, or during any stage of a larger common plan of development or sale that involves 1 acre or more of earth disturbance. If a project requires NPDES permit coverage but is ineligible for PAG-02 coverage, an applicant may apply for an individual NPDES permit.

Notices of Intent (NOI) to use this draft PAG-02 General Permit for NPDES permit coverage would be submitted to county conservation districts (CCD) that are delegated by the Department to complete reviews of NPDES permit applications under 25 Pa. Code Chapter 102 (relating to erosion and sediment control), or in the absence of a delegated CCD, a regional office of the Department. An eligible applicant may not commence a discharge under the General Permit until the following conditions have been met:

1. The applicant has submitted a complete NOI package (3800-PM-BCW0405b and required attachments) in accordance with the requirements of the General Permit and the NOI instructions.

2. The applicant has received written approval of coverage under PAG-02, signed by the appropriate Department/CCD manager or supervisor.

3. All other permits and approvals relating to the earth disturbance activities reported in the NOI, including but not limited to sewage planning approval required by the Pennsylvania Sewage Facilities Act (35 P.S. §§ 750.1—750.20a), if applicable, have been obtained.

4. A pre-construction meeting has been held unless waived in writing by the Department/CCD.

The following bullet points summarize the proposed changes for the reissuance of this draft PAG-02 General Permit in comparison to the PAG-02 General Permit currently in effect, which expires on December 7, 2019:

- *Expiration date of coverage*—Coverage under this draft PAG-02 would expire on the date the master General Permit expires, which is currently planned for December 7, 2024.

- New requirements are proposed to ensure onsite personnel are properly trained and are aware of responsibilities under the General Permit.

- The proposed draft General Permit would include changes to non-compliance reporting to align with the reporting requirements of 25 Pa. Code §§ 91.33 and 92a.41(b) (relating to incidents causing or threatening pollution; and conditions applicable to all permits).

- This draft General Permit would clarify the appropriate form that must be used for documenting visual site inspections (or equivalent) and the measurable rainfall that triggers a post-storm inspection (that is, 0.25 inches).

- New forms would be available for notifying municipalities and counties of construction projects to satisfy Acts 14, 67, 68 and 127.

- Prohibitions concerning discharge to impaired waters, with and without a Total Maximum Daily Load, would be revised to clarify the causes of impairment triggering additional measures, and to specify that the additional measures include non-discharge alternatives or

antidegradation best available combination of technologies best management practices.

- For the proposed General Permit, the Department is seeking to improve the efficiency and consistency of Department/CCD completeness and technical reviews by requiring the use of templates for the narrative components of Erosion and Sediment (E&S) and Post-Construction Stormwater Management (PCSM) Plans (that is, E&S Module 1 and PCSM Module 2).

Additional information on the proposed terms and conditions of this draft PAG-02 General Permit can be found in the draft PAG-02 General Permit Fact Sheet and other supporting documents available in the Department's eLibrary.

Applicants must submit a \$500 administrative filing fee and the NOI package to the delegated CCD, along with any additional fees the CCD requires. Applicants must also submit a fee in the amount of \$100 for each disturbed acre to the Department. If a project is located in a county without a delegated CCD, both the disturbed acre fee and the administrative filing fee must be submitted to the Department.

The Department is also announcing the availability of a draft Department PCSM Spreadsheet that may be used to facilitate calculations for PCSM Plans. The PCSM Spreadsheet may be accessed by visiting the Department's Construction Stormwater web site at www.dep.pa.gov/constructionstormwater (select "E&S Resources"). The PCSM Spreadsheet is macro-enabled and requires the use of Microsoft Excel.

DEPARTMENT OF HUMAN SERVICES

Renewal of the Office of Long-Term Living's Home and Community-Based Community HealthChoices Waiver

The Department of Human Services (Department) is making available for public review and comment the Office of Long-Term Living's (OLTL) proposed Community HealthChoices (CHC) waiver renewal. The Department proposes to renew the CHC waiver with an effective date of January 1, 2020, to align the waiver with the calendar year. In addition, the Department proposes the following substantive and technical changes to the CHC waiver:

- Revise the Residential Habilitation service definition by modifying the number of hours that are defined as a day unit from a minimum of 12 hours to a minimum of 8 hours.

- To the service definitions of Job Finding, Job Coaching, Employment Skills Development, Career Assessment and Benefits Counseling, add language that Office of Vocational Rehabilitation (OVR) services are considered to not be available if OVR has not made an eligibility determination within 120 days; and add language to address when employment services through the CHC waiver can be provided should OVR close the order of selection, thereby creating a waiting list for OVR services.

- Modify the qualifications for Service Coordinators and Service Coordinator supervisors.

- Clarify that, if a CHC Managed Care Organization (MCO) identifies that a participant has not been receiving services for 5 or more days, and if the suspension of services was not pre-planned, then the CHC-MCO must communicate with the participant to determine the reason for the service suspension within 24 hours. If the participant's health status or needs have changed, then the CHC-MCO must conduct a comprehensive needs reassessment of the participant's needs within 14 days of identifying the issue.

- Add that an emergency back-up plan must be included in the Person-Centered Service Plan.

- Remove and modify language to reflect that the CHC waiver will be fully operational Statewide as of January 1, 2020.

- Update language to reflect that the Department utilizes IDEMIA as the data system to process fingerprint-based Federal Bureau of Investigation criminal record checks.

- Update the OLTL bureau names and responsibilities.
- Other minor editorial language changes.

Background

To continue receiving Federal matching funds for Home and Community-Based Services (HCBS) waiver services, the Centers for Medicare & Medicaid Services (CMS) requires that existing HCBS waivers be renewed every 5 years. See 42 CFR 430.25(h)(2)(i) (relating to waivers of State plan requirements). The proposed CHC waiver renewal is to be submitted to CMS by no later than October 2, 2019.

The proposed CHC waiver renewal and a summary of all revisions are available for review at <http://www.dhs.pa.gov/learnaboutdhs/dhsorganization/officeoflongtermliving/oltlwaiverinfo/index.htm> or by contacting the Department's Office of Long-Term Living at (717) 857-3280.

FISH AND BOAT COMMISSION

Classification of Wild Trout Streams; Proposed Additions; October 2019

Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Fish and Boat Commission (Commission) to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The Commission's Fisheries Management Division maintains the list of wild trout streams. The Executive Director, with the approval of the Commission, will from time-to-time publish the list of wild trout streams in the *Pennsylvania Bulletin*. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams.

At the next Commission meeting on October 21 and 22, 2019, the Commission will consider changes to its list of wild trout streams. Specifically, the Commission will consider the addition of the following streams or portions of streams to the list:

FISH AND BOAT COMMISSION

Proposed Changes to List of Class A Wild Trout Waters; October 2019

The Fish and Boat Commission (Commission) is considering changes to its list of Class A Wild Trout Streams. Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. With rare exceptions, the Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

Criteria developed for Class A Wild Trout fisheries are species specific. Wild Trout Biomass Class Criteria include provisions for:

(i) *Wild Brook Trout Fisheries*

(A) Total brook trout biomass of at least 30 kg/ha (26.7 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brook trout biomass must comprise at least 75% of the total trout biomass.

(ii) *Wild Brown Trout Fisheries*

(A) Total brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brown trout biomass must comprise at least 75% of the total trout biomass.

(iii) *Mixed Wild Brook and Brown Trout Fisheries*

(A) Combined brook and brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass must comprise less than 75% of the total trout biomass.

(E) Brown trout biomass must comprise less than 75% of the total trout biomass.

(iv) *Wild Rainbow Trout Fisheries*

Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 2.0 kg/ha (1.78 lbs/acre).

(v) *Mixed Wild Brook and Rainbow Trout Fisheries*

(A) Combined brook and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

(vi) *Mixed Wild Brown and Rainbow Trout Fisheries*

(A) Combined brown and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brown trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

During recent surveys, Commission staff documented the following stream sections to have Class A wild trout populations. The Commission intends to consider adding these waters to its list of Class A Wild Trout Streams at its meeting on October 21 and 22, 2019.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Universal Service Reporting Requirements; Doc. No. M-2019-3011814

This Secretarial Letter establishes a docket to review universal service reporting (USR) requirements. A working group of stakeholders and Commission staff has been established as part of this process. In particular, this Secretarial Letter releases the existing USR data dictionary and a new document posing possible changes to the data dictionary, along with the PowerPoint presentation regarding the proposed changes to the data dictionary that were shared at the July 30, 2019 Stakeholder Working Group meeting. Additionally, this Secretarial Letter establishes a timeline for submission of comments and reply comments.

Background

On January 17, 2019, the Pennsylvania Public Utility Commission (Commission) entered an Order at Docket No. M-2017-2587711, releasing a staff report titled Home Energy Affordability for Low-Income Customers in Pennsylvania (Report). The Report found, inter alia, that inconsistencies and limitations in reported data impacted the analysis and evaluation of Customer Assistance Programs (CAPs) and other universal service programs.

Additionally, the January 2019 Order directed staff in the Bureau of Consumer Services (BCS) and the Law Bureau to convene, no later than July 31, 2019, a universal service reporting working group (USRWG) to standardize USR protocols for data definitions, tracking, and reporting. In accordance with the January 2019 Order, the USRWG is to conclude its work no later than December 31, 2019, and BCS is to provide a consensus/non-consensus report to the Commission prior to January 31, 2020. January 2019 Order at 23.

The initial USRWG meeting was held on July 30, 2019, in Hearing Room 1 of the Keystone Building, Harrisburg. At the meeting, BCS reviewed potential updates to the

USR requirements and the USR data dictionary.¹ Stakeholders may file comments and reply comments at Docket No. M-2019-3011814 to address the current USR data dictionary and the potential changes. Comments and reply comments are to relate to USR data and the USR data dictionary and to follow the numerical order of the existing USR data numbering convention in the existing USR data dictionary and the potential changes articulated in the new document. Parties may suggest deletions and additions to the USR data to be collected.

This letter will be published in the *Pennsylvania Bulletin*. Interested parties are directed to this docket on the Commission website to access the USR data dictionary, the document posing possible changes to the USR directory, and the PowerPoint discussed in this Secretarial Letter.

Interested parties may submit written comments by August 30, 2019. Written reply comments may be submitted by September 13, 2019. Comments and reply comments may be e-filed or filed in hard copy.² The staff contacts for this matter are Eric Tuttle, etuttle@pa.gov, and Louise Fink Smith, Law Bureau, finksmith@pa.gov. Word copies of filings are to be provided to these staff contacts.

The Commission intends to schedule a second USRWG meeting, via Secretarial Letter at this docket, following the initial comment and reply comment period.

Please contact Eric Tuttle at etuttle@pa.gov if you have any questions.

PHILADELPHIA PARKING AUTHORITY

Service of Default Order

Philadelphia Parking Authority, Taxicab and Limousine Division v. G & V Cab Corp.; Doc. No. C-18-04-139

Attention G & V Cab Corp., last known address of 2351 South Swanson Street, Philadelphia, PA 19148, this notice advises that a Default Order of Hearing Officer, Hon. Sheldon C. Jelin was issued and entered on August 1, 2019, with the Philadelphia Parking Authority's (Authority) Taxicab and Limousine Division's (TLD) Office of the Clerk.

On April 16, 2018, the Enforcement Department of the Taxicab and Limousine Division (TLD) of the Philadelphia Parking Authority (PPA) issued Citation T-24195 to G & V Cab Corp., (Respondent) for violation of 52 Pa. Code § 1011.4, failure to pay assessment.

The complaint was served on Respondent on April 16, 2018, by first class mail.

¹ The existing USR data dictionary was established for electric distribution companies (EDCs) pursuant to 52 Pa. Code § 54.71 (1998). It was amended to add provisions for natural gas distribution companies (NGDCs) pursuant to 52 Pa. Code § 62.1 (2000). In addition to the inconsistencies in the ways that utilities within the same industry interpret the reporting requirements, there are inconsistencies between the requirements for EDCs and NGDCs. Further, as detailed in the Report, there are voids in the reporting requirements.

² For filing instruction, see http://www.puc.pa.gov/filing_resources.aspx.

Respondent did not pay the penalty amount identified on the citation or file a request for a hearing with the TLD Clerk within 15 days after the date of service as provided in 52 Pa. Code § 1005.13(b).

On June 7, 2018, the TLD Clerks' office sent Respondent a reminder notice of the outstanding citation; to either pay the penalty, request a hearing, or suffer a default.

To date, more than 15 days have expired and Respondent has failed to pay the penalty or file a request for a hearing with the TLD Clerk. Therefore, pursuant to 52 Pa. Code § 1005.31(c), the complaint is sustained and a Default Order is entered against Respondent.

A penalty of \$500 is imposed along with an administration fee of \$75 for a total of \$575.

In addition, Respondent's CPC No. 1000376-01 is hereby CANCELLED with respect to medallion P-0819.

Pursuant to 52 Pa. Code § 1001.13(b) this Order will become effective on August 16, 2019 as an adjudication of the Authority if not selected for review by the Authority.

Respondent is hereby notified to cease and desist from further violations of the Taxicab and Limousine regulation, 52 Pa. Code §§ 1001.1 et seq.

Hearing Officer
