READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the Pennsylvania Bulletin

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

And Now, this 31st day of October, 2019, upon the recommendation of the Orphans' Court Procedural Rules Committee; the proposal in part having been published for public comment at 48 Pa.B. 486 (January 20, 2018), 48 Pa.B. 728 (February 3, 2018), 48 Pa.B. 1271 (March 3, 2018), and 48 Pa.B. 3571 (June 16, 2018):

It is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that:

1) Rules 1.7, 1.8, 2.1, 2.5, 2.7, 3.5, 3.7, 4.3, 4.6, 5.1, 5.3, 5.4, 7.1, 10.1, 10.5 and the Index to Appendix of the Pennsylvania Orphans' Court Rules are amended; and

2) Forms OC-01 through OC-05 and RW-03 through RW-10 are rescinded and replaced

in the following form. This Order shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective on January 1, 2020.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART II. ORPHANS' COURT RULES

CHAPTER I. PRELIMINARY RULES

Rule 1.7. Entry and Withdrawal of Counsel.

(a) *Appearance.* Any counsel appearing before the court or the Register shall enter a written appearance by any one of the following means:

(1) filing an entry of appearance with the clerk or the Register;

(2) signing a legal paper that is filed with the clerk or the Register; or

(3) as prescribed by local rule, which may include submitting an appearance slip to the court, entering counsel's information when a legal paper is filed, or signing a cover sheet.

(b) *Withdrawal.* Counsel who has entered an appearance before the court as provided in subparagraph (a) shall not be permitted to withdraw without filing a petition to withdraw and obtaining the court's leave, unless co-counsel, if any, will continue representing the party or there is a simultaneous entry of appearance by other counsel that will not delay the litigation.

Note: Rule 1.7 has no counterpart in former Orphans' Court Rules, but is based upon many local rules of similar import.

Explanatory Comment: Admission *pro hac vice* in accordance with Pennsylvania Bar Admission Rule 301 shall proceed by request, the disposition and content of which shall conform to the requirements of Pennsylvania Rule of Civil Procedure No. 1012.1.

This rule does not address the procedure for withdrawal of counsel who has entered an appearance before the Register. Withdrawal of counsel before the Register shall be in accordance with local rule or at the discretion of the Register.

Rule 1.8. Forms.

(a) The forms approved by the Supreme Court for statewide practice and procedure before the Registers and courts shall be used exclusively **and accepted for filing** by all Registers and clerks; **provided, however, versions of a Supreme Court-approved form shall be acceptable for filing if identical in content and sequential ordering.** [Where a Supreme Court-approved form exists, no other form shall be allowed or required by local rule or practice.]

(b) The forms approved by the Supreme Court for statewide practice are set forth in an Appendix to these Rules. The forms may be revised and supplemented from time to time. The forms shall also be maintained for public access at the official website of the Administrative Office of Pennsylvania Courts.

(c) A court may require a legal paper to be accompanied by a cover sheet or checklist. A court that imposes such requirements must promulgate a local rule, numbered Local Rule 1.8(c), stating the requirements and setting forth the form of the cover sheet or checklist.

Note: Rule 1.8 is substantively similar to former Rule 1.3, but with some modifications.

Explanatory Comment: [Rule 1.8 has been modified from former Rule 1.3 by now mandating the exclusive use of statewide forms promulgated by the Supreme Court. Previously, forms approved or mandated for use pursuant to local rule could be accepted by the local register and clerk so long as the local register and clerk also permitted and accepted forms promulgated by the Supreme Court. Now, if the Supreme Court has promulgated or approved a form for use before the register or clerk, then such form is the only one that may be used by the applicant or petitioner and is the only one that can be accepted by the local register or clerk.] The [mandatory] statewide forms are set forth in the Appendix attached hereto. The current website for electronic access to the forms is found at www.pacourts.us/ forms under the For-the-Public category. The forms posted on the website are capable of on-line completion.

In 2019, Rule 1.8 was revised to permit versions of Supreme Court forms to be accepted for filing, provided the replication was identical in content. This revision was intended to permit forms to differ stylistically as to format if content requirements do not differ. This revision was not intended to permit the re-ordering of content required by a form.

CHAPTER II. ACCOUNTS, OBJECTIONS AND DISTRIBUTIONS

Rule 2.1. Form of Account.

* * * * *

(b) As illustrated in the Model Accounts, Accounts shall conform to the following rules:

(1) The dates of all receipts, disbursements and distributions, the sources of the receipts, and the persons to whom disbursements and distributions are made and the purpose thereof shall be stated. When a number of payments have been received from the same source or disbursed or distributed to the same recipient for the same purpose over a period of time, such receipts, disbursements or distributions need not be itemized, but may be stated in total amounts only, with beginning and ending dates within the period covered.

(2) Except where otherwise provided by an order of the court in a particular matter, principal and income shall be accounted for separately within the Account.

(3) Assets held by the accountant on the closing date of the Account shall be separately itemized.

(4) Every Account shall contain:

(i) a cover page;

(ii) a summary page with page references;

(iii) separate schedules, as needed, which set forth receipts, gains or losses on sales or other dispositions, disbursements, distributions, investments made, changes in holdings, and other schedules as appropriate; and

(iv) signature [**and verification**] pages signed by all the accountants stating the Account and verified by at least one of the accountants. The verification of a personal representative's Account shall contain a statement that the Grant of Letters and the first complete advertisement thereof occurred more than four months before the filing of the Account, unless the personal representative has been directed by the court to file an Account prior to that time.

* * * * *

Rule 2.5. Notice of Account Filing.

(a) No Account shall be confirmed or statement of proposed distribution approved unless the accountant has given written notice of the filing of the Account as provided in subparagraph (d) of this Rule to the following, as applicable:

(1) every unpaid claimant who has given written notice of his or her claim to the accountant or who has performed any action that is the equivalent of giving written notice as provided in 20 Pa.C.S. §§ 3384 or 7755;

(2) any other individual or entity with an asserted claim known to the accountant that is not shown in either the Account or the petition for adjudication/statement of proposed distribution as being either paid in full or to be paid in full;

(3) any other individual or entity known to the accountant to have or claim an interest in the estate or trust as a beneficiary, heir, or next of kin, except for those legatees or claimants whose legacies or claims have been satisfied in full as reflected in the Account or will be satisfied in full as proposed in the petition for adjudication/statement of proposed distribution; [**and**]

(4) [**For**] **for** an Account where a charitable interest is involved, refer to Rule 4.4[.]; **and**

(5) to each co-fiduciary who does not join in the statement of Account.

(b) Notice to an individual or entity shall be given in accordance with Rule 4.2; provided, however, that if the

individual or entity is represented by counsel who has entered his or her appearance in accordance with Rule 1.7(a), notice shall be given to counsel and the individual or entity.

(c) If the proposed distribution is to an estate **having a charitable interest** or to a trust, and a charity is a "qualified beneficiary," as defined in 20 Pa.C.S. § 7703, of that [**recipient estate or**] trust, then notice shall be given to the Attorney General on behalf of the charitable beneficiary. If the proposed distribution is to an estate or trust and any one of the accountants stating the Account is a personal representative or a trustee of the recipient estate or trust, then notice shall also be given to the beneficiaries of the estate or trust, to the extent known.

(d) Written notice, as provided in subparagraph (a) of this Rule, shall be mailed at least 20 days prior to the audit in those counties having a separate Orphans' Court Division or 20 days prior to the date by which objections must be filed in all other counties, and the written notice shall state the date of the audit or the date by which objections must be filed, and the time and place of the audit, if one is to be held, to the extent then known. **A party residing outside of the United States shall have 60 days, rather than 20 days, within which to file an objection.** If an audit is to be held and the **date**, time, and place of the audit is not known at the time the notice is mailed, the notice shall state that the **date**, time, and place of the audit will be provided upon request. A copy of the Account, petition for adjudication/statement of proposed distribution, and any legal paper filed therewith shall be sent with the notice, unless the recipient of the notice is a trust beneficiary who is not a "qualified beneficiary" as defined in 20 Pa.C.S. § 7703, or unless the court orders otherwise in a particular matter.

* * * * *

Note: Although substantially modified, Rule 2.5 is derived from former Rule 6.3.

Explanatory Comment: Pursuant to the cross-references to 20 Pa.C.S. §§ 3384 and 7755, notice of the claim given to accountant's counsel of record is notice to the accountant. See 20 Pa.C.S. § 3384(b)(4). If the court is inclined not to agree with accountant's position, interpretation or proposed disbursements and distribution, best practice would be for the court to direct the accountant to notify the interested parties of the court's position and what additional action must be taken by any interested party who objects to the court's position.

It is permissible for a party to waive the written notice required by this Rule.

Rule 2.7. Objections to Accounts or Petitions for Adjudication/Statements of Proposed Distribution.

(a) Objections to an Account and/or a petition for adjudication/statement of proposed distribution shall be filed with the clerk on or before the time and date of the audit in those counties holding an audit, and by a specified date in all other counties, with a copy [**sent by first-class United States mail, postage prepaid, to**] **served on** the accountant or the accountant's counsel, if represented, and to each interested party and claimant who received the notice pursuant to Rule 2.5, to the extent known, **pursuant to Rule 4.3.**

This revision was intended to permit forms to differ stylistically as to format if content requirements do not differ. This revision was not intended to permit the re-ordering of content required by a form. See Rule 1.8.

**ORPHANS' COURT PROCEDURAL RULES
COMMITTEE REPORT**

**Amendment of Pa. O.C. Rules 1.7, 1.8, 2.1, 2.5, 2.7,
3.5, 3.7, 4.3, 4.6, 5.1, 5.3, 5.4, 7.1, 10.1, and 10.5,
Amendment of the Index to the Appendix of Forms,
and Rescission and Replacement of Forms OC-01
through OC-05 and RW-03 through RW-10**

In 2015, the Supreme Court of Pennsylvania adopted a substantial rewrite of the Orphans' Court Rules with the rescission and replacement of Rules 1.1 through 13.3 and Rule 17, and amendment of Rules 14.1 through 16.12.¹ Following the implementation of the rewritten Rules in 2016, members of the bench, bar, and members of the Orphans' Court Procedural Rules Committee ("Committee") shared comments and suggestions to refine further the Rules and Forms. The Committee reviewed these comments and suggestions, and, when necessitating more than a perfunctory change, published proposed amendments for public comment. See 48 Pa.B. 3571 (June 16, 2018); 48 Pa.B. 1271 (March 3, 2018); 48 Pa.B. 728 (February 3, 2018); 48 Pa.B. 486 (January 20, 2018). The Committee made a recommendation to the Court, and the following Rule changes were made:

Rule 1.7: An Explanatory Comment was added to Rule 1.7 to clarify that the Rule does not address procedures for withdrawal of counsel before the Register of Wills, and that withdrawal of counsel before the Register shall be in accordance with local rule or at the discretion of the Register.

Rules 1.8 and 10.1: Rules 1.8 and 10.1 were amended to eliminate non-substantive variations in style and format as the sole basis for rejection of an otherwise compliant filing. Forms may differ stylistically from the Supreme Court-approved forms but must be identical as to content and ordering.

Rule 2.1: Rule 2.1(b)(4)(iv) sets forth the requirements for signature and verification pages, and currently requires the "signature and verification pages signed by all the accountants stating the Account and verified by at least one of the accountants." The Rule was amended to delete "and verification" from that phrase so it is not inconsistent with the remainder of the sentence, which only requires verification "by at least one of the accountants."

Rule 2.5: Rule 2.5(a) was amended to establish that notice of the filing of the Account must also be provided to each co-fiduciary who does not join in the statement of Account. Rule 2.5(c) was amended to clarify that the reference to a "qualified beneficiary" in that Rule only applies to a distribution made to a trust. The phrase "having a charitable interest" was added to Rule 2.5(c) to describe more accurately an estate under this Rule. Rule 2.5(d) was amended to provide that a party residing outside the United States has 60 days, rather than 20 days, in which to file an objection. Rule 2.5(d) was amended to clarify the "time and place" of the audit in Rule 2.5(d) by adding the word "date" to that phrase. Finally, the Explanatory Comment to Rule 2.5 was amended to explain that it is permissible for a party to waive the written notice required by the Rule.

Rules 2.7 and 3.7: These rules were amended to delete mailing requirements and to add a cross-reference to the service requirements set forth in Rule 4.3.

Rule 3.5: The Note to Rule 3.5 was amended to eliminate the reference to subparagraph (d) of the Rule, which was deleted in the 2015 rewrite. The Committee did not

publish this proposed amendment for public comment as it is of a typographical or perfunctory nature.

Rule 4.3: New subparagraph (f) was added to Rule 4.3 to establish a general requirement to attach a certificate of service to any legal paper filed or served pursuant to this Rule.

Rule 4.6: The term "party" as used in Rule 4.6 was deleted and replaced with the defined term "interested party" to ensure that it was sufficient in scope to include those having an interest in the subject of the proceeding.

Rule 5.1: Rule 5.1, pertaining to declaratory judgment actions, and the Explanatory Comment thereto were amended to cross-reference Rule 3.5 regarding the use of citations when commencing a declaratory judgment action.

Rules 5.3: In Rule 5.3(a)(3), the term "exemption" was deleted in favor of the term "share," which is consistent with the title and text references to "statutory share" or "intestate share" throughout the Rule. The Committee did not publish this proposed amendment for public comment as it is of a typographical or perfunctory nature.

Rule 5.4: The term "vacating" was deleted in the title and subparagraphs (a)(4) and (a)(8) of the Rule. It was replaced with the term "vacation," which is grammatically consistent with other terms used in the Rule. The Committee did not publish this proposed amendment for public comment as it is of a typographical or perfunctory nature.

Rule 7.1: "Subpoenas to attend and testify" were added to similar items listed in the Rule, such as "depositions, discovery, production of documents, and perpetuation of testimony."

Rule 10.5: The term "outright beneficiary" was deleted from Rule 10.5(a)(1) and replaced with "beneficiary." Rule 10.5(a)(8) was amended to require written notice of estate administration to the beneficiaries of an estate or trust when there is a shared fiduciary.

Forms: The Index and Appendix of Orphans' Court and Register of Wills Forms was amended by eliminating the Estate Information Sheet, Form RW-01. The Estate Information Sheet, RW-01², is not a Supreme Court form, but rather a form promulgated and updated by the Pennsylvania Department of Revenue. It was maintained with the Register of Wills Forms in the Appendix and on the UJS website for public convenience. Rather than continuing to update the form in response to changes by the Department of Revenue, the form is being removed from the Appendix and UJS website. A note has been added directing the public to the Department of Revenue website.

Finally, a number of the forms used before the orphans' courts and registers of wills have been rescinded and replaced to make the forms more useful to the public, bench, and bar. These changes include adding language to request a list of attachments, bolding titles, correcting typographical errors, updating online form completion functions, and revising notarial language. The revised forms are OC-01, OC-02, OC-03, OC-04, OC-05, RW-03, RW-04, RW-05, RW-06, RW-07, RW-08, RW-09, and RW-10.

[Pa.B. Doc. No. 19-1699. Filed for public inspection November 15, 2019, 9:00 a.m.]

²The current Estate Information Sheet is Department of Revenue form number REV-346 EX (11-15).

DEPARTMENT OF BANKING AND SECURITIES

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of December 2019

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P.L. 13, No. 6) (41 P.S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of December 2019, is 4 1/2%.

The interest rate limitations under the Commonwealth's usury statute were pre-empted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub.L. No. 96-221). Further pre-emption was instituted with the signing of Pub.L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board or the United States Treasury, or both. The latest yield rate on long-term government securities is 1.96 to which was added 2.50 percentage points for a total of 4.46 that by law is rounded off to the nearest quarter at 4 1/2%.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department Regional Office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public

hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

59-00017G: Waupaca Foundry, Inc. (18986 Route 287, Tioga, PA 16946) for the installation of two replacement fabric collectors at the Lawrenceville Plant in Lawrence Township, **Tioga County**. Each collector is a Sly, Inc. model STJ-3117-10 and will be installed for the control of particulate matter emissions from the facility's two molten steel parts production lines. The project also includes the construction of two 4.5 MMBtu/hr, natural gas-fired duct heaters for seasonal moisture control. The Department of Environmental Protection's (Department's) review of the information submitted by the company indicates that the air contamination sources will comply with all regulatory requirements, including monitoring, recordkeeping, and reporting requirements, and pertaining to air contamination sources and the emission of air contaminants including 25 Pa. Code Chapter 123 and the best available technology (BAT) requirement of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the proposed installations. After the installation of both collectors, the air contaminant emissions from each production line will not exceed the following limits: 0.005 grains per dry standard cubic foot of particulate matter (PM) and no visible emissions equal to or greater than 20% for a period or periods aggregating more than three minutes in any 1 hour and equal to or greater than 60% at any time. In addition to the emission limitations, the following is a brief description of the types of conditions the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements: each collector shall be equipped with properly functioning instrumentation which continuously monitors the pressure drop across the collector tube

sheet; the permittee shall administer a preventative inspection/maintenance program which shall at a minimum, include reading and logging the pressure drop across the collector tube sheet on a daily basis; the storage and handling of the material collected in the fabric collectors shall not at any time result in the emission of fugitive air contaminants in excess of the limitations specified in 25 Pa. Code § 123.1; the permittee shall keep on hand a sufficient quantity of spare fabric collector bags in order to be able to immediately replace any bags requiring replacement due to deterioration resulting from routine operation. The facility is a State Only facility. If the Department determines that the collectors are installed and operated in compliance with the plan approval conditions and the specifications of the application for Plan Approval 59-00017G, the requirements established in the plan approval will be incorporated into State Only (Synthetic Minor) Operating Permit 59-00017 pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

37-350B: Amerikohl Aggregates, Inc.—Gardner Mine (1401 Woodside Ave., Ellwood City, PA 16114) for the installation of a portable mineral processing plant, and associated diesel-fired generator engine at their facility in Wayne Township, **Lawrence County**.

Notice is hereby given pursuant to 25 Pa. Code §§ 127.44(b) and 127.424(b), that the Pennsylvania Department of Environmental Protection (DEP) intends to issue Plan Approval 37-350B to Amerikohl Aggregates, Inc. for the installation of a portable mineral processing plant, and associated diesel-fired generator engine at the company's Gardner Mine facility located at 1401 Woodside Avenue, Wayne Township, Lawrence County. The Plan Approval will subsequently be incorporated into a State Only Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450.

Plan Approval No. 37-350B is for the installation of a portable mineral processing plant, consisting of a grizzly feeder, three (3) crushers, two (2) screens and associated conveyors, with emissions of particulate matter to be controlled by water spray dust suppression systems; and a 1,250 kW diesel-fired generator engine, with emissions to be controlled via oxidation catalyst. Based on the information provided by the applicant and DEP's own analysis, emissions from the subject source(s) will not exceed 28.76 tons of nitrogen oxides (NO_x), 4.41 tons of carbon monoxide (CO), 2.42 tons of volatile organic compounds (VOC), 2.01 tons of sulfur oxides (SO_x), and 4.88 tons of particulate matter per year.

The proposed sources will be subject to the applicable provisions of 40 CFR 60 Subpart OOO [Standards of Performance for Nonmetallic Mineral Processing Plants] and 40 CFR 63 Subpart ZZZZ [National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines].

The Plan Approval will contain additional testing, monitoring, recordkeeping, and work practice requirements designed to keep the facility operating within all applicable air quality requirements.

Copies of the application, DEP's analysis, and other documents used in the evaluation are available for public inspection between the hours of 8 a.m. and 4 p.m. weekdays at the following address. To make an appointment, contact Records Management at 814-332-6340.

Anyone wishing to provide DEP with additional information they believe should be considered may submit the information to the following address. Comments must be received by the Department within 30 days of the last day of publication. Written comments should include the name, address, and telephone number of the person submitting comments, identification of the proposed Plan Approval; No. 37-350B and a concise statement regarding the relevancy of the information or any objections to issuance of the Plan Approval.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted on the comments received during the public comment period. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a local newspaper of general circulation or the *Pennsylvania Bulletin* or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Eric Gustafson, Regional Air Quality Manager, Department of Environmental Protection, Northwest Regional Office, 230 Chestnut St., Meadville, PA 16335, 814-332-6940.

Permitted sources at the facility include two glass melting furnaces, refiners, forehearths, lehrs, forming machines, a boiler, a diesel-fueled emergency

generator, two natural gas-fired emergency generators, and other supporting operations. The facility is Title V because of its potential to emit NO_x and SO_x . The glass melting furnace has been subject to 25 Pa. Code §§ 129.301—129.310 and § 60 Subpart CC. The engines have been subject to § 63 Subpart ZZZZ. In this renewal, applicable RACT II (§§ 129.96—129.100) requirements are incorporated into the renewal permit. For the diesel engine, operating hours equivalent to applicable NO_x emission limits are added as restrictions. With both glass melting furnaces already subject to NO_x CEMS and annual emission inventory reporting requirements, quarterly reporting of NO_x and SO_x emissions that applied to one glass melting furnace only is removed. Source test submittals are updated based on Source Testing Section's latest instructions.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Table 2

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

Location	Permit Authority	Application Type or Category
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	PDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

**The following plans and reports were submitted
 under the Land Recycling and Environmental
 Remediation Standards Act (35 P.S. §§ 6026.101—
 6026.907).**

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors,

a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report

provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. CORRECTIVE ACTION UNDER ACT 32, 1989

PREAMBLE 2

The following plans and reports were submitted under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245 Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning plans or reports, please contact the Environmental Cleanup Program Manager in the DEP Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the DEP through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

PREAMBLE 3

The DEP has taken action on the following plans and reports under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245 Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports.

A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the

remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

The DEP may approve or disapprove plans and reports submitted. This notice provides the DEP's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the DEP Regional Office under which the notice of the plan or report appears. The Pennsylvania Energy Development Authority (PEDA) was created under section 2803-C of the Pennsylvania Energy Development Authority and Emergency Powers Act of 1982 (71 P.S. § 720.3) to provide financial and technical assistance to energy projects that will expand the market for the Commonwealth's clean and diverse energy portfolio while mitigating the impacts of climate change, improving public health and protecting the environment, and strengthening economic development.

Under section 2809-C (71 P.S. § 720.9), PEDA is charged with developing and implementing an Energy Development Plan (Plan), which serves as an articulation of PEDA's energy policy goals and plan for the allocation and distribution of financial and technical assistance to achieve PEDA's mission. The Plan is updated periodically in accordance with PEDA procedures.

The PEDA Board of Directors (PEDA Board) issued the first Plan for public comment on September 26, 1984. After reassessing its mission and objectives in 2008 and 2014, the PEDA Board issued an updated Plan. The 2019 Plan updates the mission and objectives as required by the PEDA statute and includes changes to remove outdated references and incorporate current data.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Proposed State Implementation Plan Revision; Second Maintenance Plan for the Harrisburg- Lebanon-Carlisle Area (Harrisburg Area) 1997 8-Hour Ozone Nonattainment Area; Public Hearing

The Department of Environmental Protection (Department) is seeking public comment on a proposed revision to the State Implementation Plan (SIP) concerning a second maintenance plan demonstrating that the Harrisburg-Lebanon-Carlisle Area (Harrisburg Area) continues to maintain the 1997 8-hour ozone National Ambient Air Quality Standard (NAAQS). The Department intends to submit this proposed SIP revision to the United States Environmental Protection Agency (EPA) to satisfy sections 107(d)(3)(E)(iv) and 175A(b) of the Clean Air Act (CAA) (42 U.S.C.A. §§ 7407(d)(3)(E)(iv) and 7505a(b)).

Ground-level ozone concentrations above the Federal health-based standard pose a serious human health threat. On April 30, 2004, the EPA designated the Harrisburg Area as a nonattainment area for the 1997 8-hour ozone NAAQS. See 69 FR 23857 (April 30, 2004). On July 25, 2007, the Harrisburg Area was redesignated to attainment. See 72 FR 40749 (July 25, 2007). Air quality in the Harrisburg Area has improved since the EPA's original designations.

On March 6, 2015, the EPA published the final implementation rule for the 2008 8-hour ozone NAAQS. See 80 FR 12264 (March 6, 2015). This final rule revoked the 1997 8-hour ozone NAAQS and stated that one consequence of revocation was that areas that had been redesignated to attainment (maintenance areas) for the 1997 standard no longer needed to submit second 10-year maintenance plans under section 175A(b) of the CAA. See 80 FR 12264, 12302 and 12303. See also, 40 CFR 51.1105(d)(1) (relating to transition from the 1997 ozone NAAQS to the 2008 ozone NAAQS and anti-backsliding). The EPA's 2008 final rule was challenged in *South Coast Air Quality Management Distr. v. EPA et al.*, 882 F.3d 1138 (D.C. Cir. 2018) (*South Coast II*).

This proposed SIP revision addresses that case. Specifically, the Court in *South Coast II* vacated the EPA's final implementation rule for the 2008 ozone NAAQS to the extent that it waived the requirement under section 175A(b) of the CAA for states to submit a second 10-year maintenance plan SIP revisions for "orphan maintenance areas" under the 1997 standard (areas that had been redesignated to attainment for the 1997 ozone NAAQS and were designated attainment for the 2008 ozone NAAQS). In doing so, the Court characterized the language of section 175A(b) of the CAA as unambiguous and rejected the EPA's reasoning in the 2008 ozone NAAQS final rule that second maintenance plans were not needed

for orphan maintenance areas because the 1997 standard had been revoked. Id. at 1156-57.

States with these "orphan maintenance areas" under the 1997 8-hour ozone NAAQS, including this Commonwealth, must submit maintenance plans for the second maintenance period. The Department intends to submit this proposed second maintenance plan SIP revision for the Harrisburg Area to the EPA for approval.

This proposed SIP revision is available on the Department's web site at <http://www.ahs.dep.pa.gov/eComment>.

The Department will provide the opportunity for a public hearing to receive comments regarding the proposed SIP revision on December 20, 2019, at 10 a.m. at the Southcentral Regional Office, Susquehanna Room A, 909 Elmerton Avenue, Harrisburg, PA.

Persons wishing to present testimony should contact Amanda Rodriguez, P.O. Box 8468, Harrisburg, PA 17105, (717) 787-9702 or amarodrigu@pa.gov to reserve a time. Witnesses will be limited to 10 minutes and should provide two written copies of their comments.

If by 12 p.m. on Monday, December 16, 2019, no person has expressed an interest in testifying at the hearing, the hearing will be cancelled. The Department will provide public notice on the Bureau of Air Quality webpage at <http://www.dep.pa.gov/Business/Air/BAQ/Pages/default.aspx> if the hearing is cancelled.
