READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

GOVERNOR'S OFFICE

Proclamation; House Bill No. 1100, Printer's No. 3259

I, Tom Wolf, Governor of the Commonwealth of Pennsylvania, have caused this Proclamation to issue and, in compliance with the provisions of Section 15 of Article IV of the Constitution of Pennsylvania, do hereby give notice that I have filed in the Office of the Secretary of the Commonwealth, with my objections thereto, the following bill passed by both houses of the General Assembly at the Regular Session of 2019-2020:

House Bill No. 1100, Printer's No. 3259, entitled "An Act [a]mending the act of March 4, 1971 (P.L. 6, No. 2), entitled 'An act relating to tax reform and State taxation by codifying and enumerating certain subjects of taxation and imposing taxes thereon; providing procedures for the payment, collection, administration and enforcement thereof; providing for tax credits in certain cases; conferring powers and imposing duties upon the Department of Revenue, certain employers, fiduciaries, individuals, persons, corporations and other entities; prescribing crimes, offenses and penalties,' providing for energy and fertilizer manufacturing tax credit."

Given under my hand and the Great Seal of the Commonwealth, at the County of York, this twenty-seventh day of March, in the year of our Lord two thousand and twenty, and of the Commonwealth the two hundred and forty-fourth.

Governor

Attest:

JONATHAN MARKS,

Deputy Secretary for Elections and Commissions

GOVERNOR'S OFFICE

Notice of Veto; House Bill 1100, Printer's No. 3259

March 27, 2020

To the Honorable House of Representatives
of the Commonwealth of Pennsylvania

Pursuant to Article IV, Section 15 of the Pennsylvania Constitution, I am returning herewith, without my approval, House Bill 1100, Printer's Number 3259.

These are unprecedented times as the people of this Commonwealth face the daily realities of the COVID-19 pandemic: realities that require the necessary mitigation measures instituted to protect the life and health of all Pennsylvanians, including the closure of all "non-life sustaining" businesses, the closure of schools, and social distancing. We are all making these difficult sacrifices as our lives, society and economy halt to a near-standstill. I am proud of the way Pennsylvanians have responded to this crisis. We, in government, must follow their lead.

Rather than enacting this bill, which gives a significant tax credit for energy and fertilizer manufacturing projects, we need to work together in a bipartisan manner to promote job creation and to enact financial stimulus packages for the benefit of Pennsylvanians who are hurting as they struggle with the substantial economic fallout of COVID-19.

The petrochemical and natural gas industries play an important part in Pennsylvania's energy-efficient and energy-sustainable future. I am fully supportive of this type of economic development within the Commonwealth. However, we have a duty, as custodians of taxpayer funds, to ensure that taxpayer-funded economic development incentives, like the proposed tax credit, are a responsible use of the Commonwealth's limited resources. Further, the required capital investment from companies and required job creation thresholds that must be met in order to receive the credits must adequately align with the level of economic development incentive. Furthermore, this bill does not guarantee the creation of jobs paying prevailing wages, wages Pennsylvania's workforce deserves when a project receives this level of financial commitment from the Commonwealth. Although the bill requires payment of prevailing wages for facility construction, the requirement is illusory because the critical enforcement and investigative tools provided under the Pennsylvania Prevailing Wage Act are absent from this bill.

I could be supportive of awarding an incentive such as this, but only after a thorough analysis of a proposed project and the inclusion of appropriate enforcement mechanisms to ensure that workers constructing these types of facilities rightfully are paid prevailing wages. While I am always supportive of business development here in the Commonwealth, I am also focused on making sure that we are investing taxpayer money in projects that protect our workforce, support our communities and provide the financial stimulus needed to stabilize and grow our economy during this time of crisis.

For the reasons set forth above, I must withhold my signature from House Bill 1100, Printer's Number 3259.

Sincerely,

Governor

The Board, for good cause shown, may reduce the penalty or waive it in its entirety.

(g)(1) Upon the expiration of any term of suspension not exceeding one year and upon the filing thereafter by the formerly admitted attorney with the Board of a verified statement showing compliance with all the terms and conditions of the order of suspension and of Enforcement Rule 217 (relating to formerly admitted attorneys), **along with the payment of a non-refundable filing fee of \$250**, the Board shall certify such fact to the Supreme Court, which shall immediately enter an order reinstating the formerly admitted attorney to active status, unless such person is subject to another outstanding order of suspension or disbarment.

<p>“Confinement and Release on Parole”</p>		

Purpose:

To establish policy and procedure governing the release of sentenced inmates from a Correctional Facility after attaining their minimum sentence to an approved parole plan which addresses the safety and security of the public and the rehabilitative needs of the offender.

Applicability:

To the Carbon County Court of Common Pleas, the Carbon County Adult Probation/Parole Department and the Carbon County Correctional Facility.

Authority:

This policy statement has been developed pursuant to and in accordance with statutory requirements, local rules established by the Carbon County Adult Probation/Parole Department and the formal adoption by the Carbon County Court of Common Pleas through an Administrative Court Order.

The granting, denying and revocation of parole for county offenders rests under the jurisdiction of the Carbon County Court of Common Pleas.

The Carbon County Adult Probation/Parole Department operates as an instrument between the Correctional Facility and the Judiciary and is responsible for investigating, verifying and recommending all pre-parole plans.

Policy Statement:

The parole system provides several benefits to the criminal justice system, including the provision of adequate supervision of the offender to become a useful member of society and the diversion of appropriate offenders from prison.

In providing these benefits to the criminal justice system, the Carbon County Adult Probation/Parole Department shall first and foremost seek to protect the safety of the public. To achieve this goal, the Department shall assist released offenders in their successful reintegration into society.

Pre-Parole Investigations:

Timing of the Pre-Parole Plan: The Carbon County Adult Probation/Parole Department shall initiate a pre-

parole investigation within a reasonable period of time of the offender reaching their minimum release date.

Calculation of Minimum Release Date and Maximum Sentences: When the Court imposes a sentence of partial confinement, the Adult Probation/Parole Department, in conjunction with the prison administration, shall calculate a minimum release date, any good time if applicable, and a maximum expiration date. The Adult Probation/Parole Department shall maintain a database which includes all offenders sentenced to a term of imprisonment when the paroling jurisdiction rests with the Carbon County Court of Common Pleas. The database will include the docket number, criminal charge, minimum release date and the maximum sentence. The Carbon County Correctional Facility shall be provided access to the database.

Interview and Verification Process:

The assigned Adult Probation Officer shall interview the defendant and any other individuals identified as necessary in order to gather and verify information. The officer shall obtain the defendant’s proposed residence, telephone number and a list of all occupants within the household. A field-visit of the proposed residence shall be conducted and the head of household/owner, spouse or paramour shall be interviewed to confirm that the defendant is permitted to reside at the residence. If the head of household is renting, then the officer shall verify that the landlord has no objection to the offender residing at the residence. The officer shall inspect the residence to ensure that no weapons or violations or any other negative issues are apparent. If the defendant resides out-of-the-area, the assigned officer may conduct a telephone interview with the head of household/owner, spouse or paramour of the residence to confirm that the defendant is permitted to reside at the residence. A field visit is not required if the residence has been previously verified through prior supervision of the offender.

The Correctional Facility shall notify the Adult Probation/Parole Department in a timely fashion of any infraction, other issues, or if the inmate has not been compliant with the Order of the Court.

Approval of Proposed Plan by the Pre-Parole Investigator:

Approved Pre-Parole Plans: The assigned Adult Probation Officer shall be responsible for the verification and approval of all Pre-parole Plans before submission to the Court. The plan should be denied if factors exist that, as determined by the Court or the Adult Probation/Parole Department, would compromise the safety and security of the public or would not contribute to the rehabilitative needs of the offender. The plan should be recommended to the Court under the following circumstances:

1. The offender possesses a suitable residence that would be conducive to the rehabilitative needs of the offender.
2. The offender has no major prison misconducts as determined by the Carbon County Correctional Facility.
3. Prison officials confirm that the offender made an adequate adjustment in the correctional setting.
4. The offender has complied with the order of sentence to the extent possible while incarcerated.
5. The offender is not considered a serious risk to engage in further criminal activity if released and would be a good candidate for parole.

Intake Process: When the defendant has been recommended for parole, an intake shall be completed prior to the defendant's release from prison. The intake shall include the completion of a risk and needs assessment. The results of the assessment may be used as an aid in determining the appropriateness of the parole recommendation and the addition of special conditions.

Pre-Parole Information: Once the assigned officer has verified all relevant information, an Order granting or denying parole shall be submitted to the Court. The Paroling Order shall include the name of the offender and his or her institution; the sentence for which the parole is sought; the minimum and maximum expiration dates of the sentence; the offender's institutional adjustment that reflects favorably for parole consideration; proposed home plan; and proposed employment or vocational training, if available. All Orders are subject to the approval of the Chief Adult Probation Officer.

Rescission of Paroling Order:

Prior to the release on parole and when factors exist, as determined by the Court or the Adult Probation/Parole Department, which would compromise the safety and security of the public or would not contribute to the rehabilitative needs of the offender, the Adult Probation/Parole Department may recommend to the sentencing Court that the Order of Court granting parole of the offender be rescinded or modified. The Offender may petition the Court for a parole hearing.

Setbacks and Other Miscellaneous Sanctions:

The Court in the Order of Sentence for a period of incarceration shall state the minimum period of time that the offender must serve prior to being eligible for parole. At the Courts discretion, the offender may be eligible for parole at the minimum sentence without further order. The Adult Probation/Parole Department and/or the Carbon County Correctional Facility may recommend a delay in a parole (setback) for minor prison infractions. Unless specifically stated in the sanction, inmates receiving a setback of their parole are not required to petition the Court for future parole. If the offender does not agree to the setback, the offender may request a hearing before the Court. The Carbon County Correctional Facility

(CCCF) shall administer sanctions for those inmates who have been afforded the opportunity to begin their sentence at a future time, over weekends, or who have failed to comply with the order of sentencing. The Order of Sentence states that if the offender appears at CCCF under the influence of alcohol/illicit drugs, or fails to report on time, or otherwise violates any of the rules and regulation of CCCF, the offender shall not be released at the end of the minimum sentence.

If a defendant fails to appear to serve a sentence in accordance with the Order of the Court, the Correctional Facility shall file a petition with the Court requesting a warrant for the defendant's arrest.

The Correctional Facility should use the following guidelines for unexcused tardiness:

- Inmates who appear at a maximum of up to one (1) hour late shall have their release time adjusted according to the length of tardiness.
- Inmates who appear over one (1) hour late will be required to petition the Court for parole. Inmates serving a sentence over weekends shall not be released and shall serve their sentence on continuous days.

Inmates serving weekend sentences shall not:

1. Appear at the facility with alcohol on their breath.
2. Appear at the facility and test positive for any non-prescribed drugs.
3. Be arrested for a misdemeanor or felony offense while serving the weekend sentence.
4. Violate any prison rules or regulations.

Any inmate during the period of serving their sentence in violation of the aforementioned guidelines shall not be released from the Correctional Facility and shall begin serving their sentence in continuous days. The inmate will be required to petition the Court for parole.

For those offenders serving a sentence as a result of a violation of 75 Pa.C.S.A. § 3802 (relating to DUI), the Carbon County Correctional Facility shall prepare a memorandum stating the time served on that specific docket, the parole date and forward the memorandum to the Clerk of Courts in accordance with Act 151.

Denial of Petition for Parole: If parole is not granted, regardless of the circumstances, the defendant must file a petition for parole with the Court, whereupon a hearing will be scheduled.

Parole Opposition: The Adult Probation/Parole Department shall notify the District Attorney's Office not less than 10 day prior to the offender's minimum release date (excluding time served or offenders who qualify for automatic parole). In those instances, when opposition is expressed by the Commonwealth or the victim, the Adult Probation/Parole Department shall examine the reasons outlined and make an appropriate parole recommendation to the Court. If parole is denied based on the opposition expressed by the Commonwealth or the victim, the offender must petition the Court for a parole hearing. The Commonwealth will subpoena any required individuals needed to testify at the parole hearing.

Automatic Parole: Under certain circumstances, no pre-parole investigation will be required and the defendant shall be automatically released from prison after attaining his/her minimum release date provided the defendant has complied with the Order of Court and has not received any major prison misconduct. The Warden of the Correctional Facility or designee is hereby authorized to

automatically release the defendant on parole upon reaching his/her minimum sentence under the following circumstances, unless otherwise Court ordered:

1. Any defendant serving a minimum sentence of ninety days or less.
2. Any defendant serving a weekend type sentence.
3. Any defendant sentenced to time served by the Court.
4. Any defendant where the Court has stated at the time of sentencing that a Pre-Parole Investigation is not required (paroled from the Bench).

Good Time Credit Programs:

Ineligible Offenders: The Court, at its discretion, may indicate on the record that a defendant is ineligible for any good time credit. In addition, inmates who have not served the mandatory portion of their sentence (e.g. DUI offenses) who are serving flat sentences (e.g. summary offenses) or are serving weekend type sentences are not eligible for good time credit.

First Time Inmates: Defendants serving a sentence of incarceration for the first time are eligible for good time credit subject to the criteria above. A first time inmate is defined as an individual who has not been previously incarcerated.

Standard Good Time Credit: Defendants sentenced to the Carbon County Correctional Facility and under the paroling jurisdiction of the Court of Common Pleas may be eligible for good time credit subject to the criteria above. The Court must state at the time of sentencing if the defendant is eligible.

Calculation of Good Time Credits: The Carbon County Correctional Facility administers the good time credit program. Inmates may earn credit as a reduction of their minimum sentence if good behavior is demonstrated during the service of their minimum sentence. Inmates may earn four (4) days for every month served. Inmates can earn an additional two (2) days for every month served if they participate in the In-House Work Release, Alternative Work, or Facility Programming Good Time Credit Programs (see below). Good time credit shall not be computed for any defendant serving mandatory minimum sentences.

In-house Work Release and Alternative Work Good Time Programs: An inmate assigned to the In-House Work Release Program (working within the facility) or an Alternative Work Program (temporary unpaid work assignment away from the grounds of the facility) and who is eligible by factors indicated above will be given the option of earning additional good time credit (one (1) day credit deducted from their minimum sentence for every week worked) or monetary compensation. Inmates may not earn more than two (2) additional days total per month. The Correctional Facility shall notify the Adult Probation/Parole Department of good time credit earned. If good time is subsequently revoked, the inmate shall receive monetary compensation in accordance with applicable laws.

Facility Programming Good Time Program: An inmate who is faithfully, as determined by the Correctional Facility, attending in-house programs in the Correctional Facility (e.g. GED, Twelve Step Programs, Drug and Alcohol, Mental Health, etc.) and is eligible as determined

by the above factors may earn an additional good time credit of two (2) days for every month served. Inmates may not earn more than two (2) additional days total good time credit per month. The Correctional Facility shall notify the Adult Probation/Parole Department of good time credit earned. Illness, court appearances and medical/dental appointments will be considered excused absences.

Maximum Good Time Credit: The maximum good time credit of all programs must not exceed the maximum of six (6) days per month (see Goodtime Computation Chart).

Revocation of Good Time Credits: Inmates may have any good time credits revoked by an Administrative Action of the Prison Disciplinary Board for any prison infraction. In those instances, the Prison Administration will notify the Adult Probation/Parole Department that the inmate's good time credits have been revoked. At that time, the inmate's minimum release date shall be adjusted. In those instances where the good time credits revoked are attributable to In-House Work Release or an Alternative Work Program, the inmate will be paid the amount of monetary compensation otherwise earned in lieu of the revoked good time credits.

Conditions of Release:

General Conditions of Release: All offenders placed on probation or parole shall be subject to the standard conditions of release established by the Court and the Adult Probation/Parole Department.

Reporting Requirement of Offender: When an offender is released from confinement, the offender must report to the Carbon County Adult Probation/Parole Department and the Carbon County Bureau of Collections within seventy-two (72) hours of release.

Firearms and/or Weapons Permitted in Household: The assigned Adult Probation Officer shall use the following criteria to determine whether firearms and/or other weapons are permitted in the residence:

1. The defendant resides with his/her parents or other family members and the firearms/weapons are locked in a safe, gun cabinet or other secure area within the residence that the defendant has no access. Gun cabinets with a glass front are not permitted unless it is housed in a secure area that the defendant has no access.
2. The offense of conviction did not involve a weapon and was not an assaultive criminal offense.
3. Other prohibitions as established by law.

Special Conditions of Parole: During the pre-parole investigative phase, the assigned Adult Probation Officer shall evaluate the offender's risks and needs and determine appropriate Special Conditions of Release to be incorporated in the offender's parole plan and included on the Order of Court granting parole. The Department shall provide assistance and services to offenders who have been paroled and have requested help and assistance. The Department encourages offenders to use community residential centers and other treatment programs to assist the parolee in transitioning back into the community.

Written Notification of Conditions of Release: Written conditions of parole shall be provided to the parolee at the time of intake. Conditions shall be stated clearly, simply and in a positive manner. Offenders having difficulty

understanding the conditions of release will be provided an explanation by the intake officer. The offender shall acknowledge an understanding of the conditions and receipt in writing by their signature. A signed copy of the conditions shall be provided to the defendant.

Reasonable Delays: During the pre-parole investigative phase, legitimate reasons for permitting an offender's delay to the approved parole plan residence or program may develop, e.g. visiting a family member, recovering clothing or tools or taking care of a legal matter. The assigned officer is in the best position to assess and investigate all delays and advise the Court with an appropriate recommendation.

Relocation of Offender from Approved Parole Plan: Any offender who leaves an approved residence or treatment program without the prior consent and permission of his/her Probation Officer or the Court can be subject to the issuance of a warrant for parole violations.

Victim Notification:

The Carbon County Correctional Facility shall collaborate with the Victim/Witness Coordinator to administer the Victim Notification Program. Prison officials shall notify all victims registered in the "Victim Notification Program" of an inmates release on parole. The Correctional Facility can use PA SAVIN to facilitate the registration and notification.

Partial Release Programs:

Program Types: Carbon County provides three types of partial release programs: weekend sentences, work release and institutional furloughs. Prison Officials administer these programs unless otherwise specified by Court Order. The Carbon County Adult Probation/Parole Department shall support and embrace these programs to ease the transition from confinement to parole. The department shall comply with all program regulations and requirements established by Prison Officials. Offenders recommitted to prison for violations of supervision may be eligible for partial release programs when authorized by the Court.

And Now, this 1st day of April, 2020, pursuant to Rule of Judicial Administration 1952(A) and the Pennsylvania Supreme Court's constitutionally-conferred general supervisory and administrative authority over all courts and magisterial district judges, *see* Pa. Const. art. V, § 10(a), this Court *Directs* that the general, statewide judicial emergency declared in this Court's Order of March 16, 2020, is *Extended* through April 30, 2020, and all Pennsylvania courts *Shall Remain* generally *Closed To The Public* through April 30, 2020, subject to the General and Specific Directives and Exceptions set forth in this Court's Order of March 18, 2020, as modified and supplemented herein.

The Court further explains and *Directs* as follows:

On March 16, 2020, in light of the spread of the COVID-19 virus, this Court deemed it necessary to declare a general, statewide judicial emergency to enable the Pennsylvania Judiciary to consider—on a district-by-district basis—the appropriate measures to be taken to safeguard the health and safety of court personnel, court users, and members of the public. Via separate Order, President Judges of the intermediate appellate courts were afforded authority to implement emergency measures as well.

On March 18, 2020, at the behest of Pennsylvania's Secretary of Health, the Court issued an order directing that all Pennsylvania courts are generally closed to the public through at least April 3, 2020, subject to certain General and Specific Directives and Exceptions designed, *inter alia*, to ensure the continuation of the courts' essential functions consistent with public health guidance provided by the executive branch. On March 24, 2020, the Court issued a Supplemental Order expanding the non-exclusive list of essential functions to include commencement of a civil action, by *praecipe* for a writ of summons, for purposes of tolling a statute of limitations.

Yesterday afternoon, the Secretary of Health urged the Supreme Court to extend the statewide closure of the courts, except for essential services, for a period of approximately one additional month to further restrict the amount of person-to-person contact and mitigate the spread of COVID-19.

Accordingly, the temporary, general closure of the Pennsylvania courts to the public SHALL REMAIN IN PLACE through April 30, 2020, subject to the General and Specific Directives and Exceptions set forth in the March 18 Order, subject to the modifications and clarifications set forth below.

In addition, President Judges are AUTHORIZED to declare judicial emergencies in their judicial districts through May 31, 2020, or for part of that period, should they deem it appropriate based on local conditions for the protection of the health and safety of court personnel, court users, and others. Such declarations, as well as all local orders and directives, SHALL BE FILED with the Prothonotary for the Supreme Court in the Eastern, Western, or Middle District Office, as appropriate for the particular local judicial district. For convenience, such materials may be transmitted via electronic mail to: Irene.Bizzoso@pacourts.us.

Time Limitations and Deadlines

Unless otherwise indicated herein or in the March 18 Order, all time calculations for purposes of time computation relevant to court cases or other judicial business, as well as time deadlines, ARE NOW SUSPENDED through April 30, 2020, subject to additional orders. This suspension SHALL OVERLAP with suspensions already granted by any President Judge, and any longer suspensions directed by an appellate or local court shall remain extant on their own terms. In all events, any legal papers or pleadings which are required to be filed between March 19, 2020, and April 30, 2020, SHALL BE DEEMED to have been timely filed if they are filed by May 1, 2020, or on a later date as permitted by the appellate or local court in question.

Statutes of Limitations

This Court's Order of March 24, 2020, expanding the list of essential functions of courts to include acceptance of a *praecipe* for a writ of summons, for purposes of tolling a statute of limitations, SHALL REMAIN IN FULL FORCE AND EFFECT through April 30, 2020. Additionally, if a court of original jurisdiction is closed to filings, the alternative mechanism for filing of an emergency *praecipe* in the Superior Court shall remain in place, as set forth in the March 24, 2020 Order.

Children's Fast Track Appeals

This Court's "Order Regarding Alternative Filing Procedure for Children's Fast Track Appeals," dated March 27, 2020, SHALL REMAIN IN FULL FORCE AND EFFECT through at least April 30, 2020. This Order approved the Superior Court's provision for the filing of emergency filing of children's fast track appeals upon a certification that filing in the court of original jurisdiction is impractical due to the closure of court facilities.

Advanced Communication Technology

The Court continues to specifically AUTHORIZE AND ENCOURAGE use of advanced communication technology to conduct court proceedings, subject only to constitutional limitations. Advanced communication technology includes, but is not limited to: systems providing for two-way simultaneous communication of image and sound; closed-circuit television; telephone and facsimile equipment; and electronic mail. See Pa.R.J.A. No. 1952(A)(2)(e) & comment (citing Rule of Criminal Procedure 103 for the definition of advanced communication technology).

Courts of Common Pleas

As previously prescribed, any in-person hearings pertaining to essential functions SHALL BE HELD in courtrooms designated by the individual courts of common pleas to minimize person-to-person contact.

Per the March 18 Order, unless otherwise required therein, any in-person pretrial conference, case management conference, status conference, diversionary program, discovery motions practice, motions practice or other hearing, whether civil or criminal, were postponed until a future date to be set forth by the courts. The Court further directed that, to the extent that such matters could be handled through advanced communication technology consistent with constitutional limitations, they may and should proceed. The effect of these directives is now EXTENDED through April 30, 2020, unless a President Judge should direct otherwise upon sufficient notice.

The Court NOW CLARIFIES that it expects that non-essential matters can continue to move forward, within the sound discretion of President Judges, so long as judicial personnel, attorneys, and other individuals can and do act in conformity with orders and guidance issued by the executive branch. Here again, the Court continues to specifically AUTHORIZE AND ENCOURAGE use of advanced communication technology, subject only to constitutional limitations.

Jurors SHALL NOT REPORT for jury duty through April 30, 2020.

Magisterial District Courts, Philadelphia Municipal Court, Philadelphia Arraignment Court Magistrates and Pittsburgh Municipal Court, Arraignment Division

All Magisterial District Courts, Philadelphia Municipal Court, Philadelphia Arraignment Court and Pittsburgh Municipal Court, Arraignment Division, SHALL REMAIN CLOSED TO THE PUBLIC, except for essential functions, and subject to the additional Directives and Exceptions set forth in this Court's March 18 Order, including modifications to the regimen for the acceptance of payments.

Guidance to Legal Professionals

Guidance has been provided by the executive branch explaining that members of the legal profession "may continue physical operations. . . as required to allow attorneys to participate in court functions deemed essential by a president judge per the Pennsylvania Supreme Court's order of March 18, 2020, or similar federal court directive, and lawyers may access their offices to effectuate such functions and directives." MARCH 24, 2020—INDUSTRY OPERATION GUIDANCE, *Uploaded by Governor Tom Wolf*, <https://www.scribd.com/document/452553026/UPDATED-2-30pm-March-24-2020-Industry-Operation-Guidance> (last visited April 1, 2020).

Paragraph 13 of the Governor's Frequently Asked Questions additionally advises that businesses that are otherwise required to suspend in-person operations may "retain essential personnel to process payroll and insurance claims, maintain security, and engage in similar limited measures on an occasional basis," subject to the caveat that "telework (i.e. working from home) should be employed whenever possible, and social distancing must be observed." LIFE SUSTAINING BUSINESS FAQs, *Uploaded by Governor Tom Wolf*, <https://www.scribd.com/document/452553495/UPDATED-1-45pm-March-31-2020-Life-Sustaining-Business-FAQs> (last visited April 1, 2020).

Dispossession of Property

Subject to further orders of this Court, the directives contained in the March 18 Order concerning the dispossession of a residence—under the heading “Landlord/Tenant”—are hereby extended through April 30, 2020. It is noted, as a clarification, that the intent of this provision is that, in view of the economic effects of the COVID-19 pandemic, during this timeframe no officer, official, or other person employed by the Pennsylvania Judiciary at any level shall effectuate an eviction, ejection, or other displacement from a residence based upon the failure to make a monetary payment. Such payments include rent and loan payments, as referenced in the March 18 Order; they also include property tax payments. As such, this temporary prohibition encompasses, *inter alia*, dispossessions predicated on a mortgage foreclosure, a failure to pay rent, or a failure to pay property taxes. Finally, and again subject to further orders, any execution on an order of possession is also stayed for the same period, namely, through April 30, 2020.

Prompt Trials

Extending the prior directive from the March 18 Order, Rule of Criminal Procedure 600(C) is hereby SUSPENDED in all judicial districts at least through April 30, 2020. The purport of this directive is that the time period of the statewide judicial emergency and continuing through April 30, 2020, SHALL BE EXCLUDED from the time calculation under Rule 600(C). Nothing in this Order, however, or its local implementation, shall affect a criminal defendant’s right to a speedy trial under the United States and Pennsylvania Constitutions—albeit that the circumstances giving rise to this Order and the suspension may be relevant to the constitutional analysis.

This Court will continue to post on the Unified Judicial System website its Orders concerning the operations of the Unified Judicial System during the COVID-19 situation.

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Weatherization Assistance Program; Proposed State Plan; Virtual Public Hearing

The Department of Community and Economic Development (Department) publishes notice of a public hearing to be held electronically, by means of web/conference call on

Wednesday, April 22, 2020. In accordance with Governor Tom Wolf's emergency disaster declaration and based on advice from the Department of Health regarding the mitigation of the spread of the novel Coronavirus (COVID-19), this public hearing will only be held virtually by means of the method listed. There will be no in-person opportunity to attend the hearing.

The public hearing by means of the web/conference call will be held at 3 p.m. and will last as long as there are comments to be received. This more widely available

computer access/conference call will replace the onsite public hearing. The format will be more accessible than an in-person meeting because those who wish to make comment may participate directly from their electronic device, telephone or computer. Access information can be found at the end of this notice.

The purpose of this hearing is to receive comments on the proposed Pennsylvania 2020-2021 annually appropriated United States Department of Energy (DOE) Weatherization Assistance Program (WAP) State Plan (Plan).

The proposed 2020-2021 Plan will authorize the formula-based distribution for each county. Specific performance goals emphasize production, quality of the work product, prompt, accurate and complete reporting, and compliance with program standards and regulations.

The Plan includes the following changes:

- Provisions for the 2019-2020 unspent funds and extension to spend the funds due to production shutdown during the current COVID-19 pandemic.
- Two agencies, Philadelphia Housing Development Corporation, Inc. and Greater Erie Community Action Committee are discontinuing weatherization services to their service areas (Philadelphia and Erie City, respectively) and consequently other weatherization agencies will be providing services to those areas.
- A plan of work to receive DOE approval of multifamily weatherization processes to include a multifamily audit tool and finalized policy and procedures.
- Minor changes in weatherization procedures to include: revisions to the Complaints/Appeals policy; a re-

view of the State monitoring procedures; and minor operational adjustments to the Training/Technical Assistance and Health and Safety Plans.

There is a continued National focus on coordination of efforts where other health and safety, lead-abatement, utility weatherization and housing rehab services are coordinated locally with weatherization services.

Copies of the proposed 2020-2021 DOE WAP Plan may be obtained beginning April 10, 2020, by contacting the Department of Community and Economic Development, Center for Community Services, (717) 425-7597 or it can be downloaded from the Department's web site at www.dced.pa.gov. There is no registration. Individuals can join the public hearing by connecting to Skype for business. The conference ID is 333532533.

Individuals can join the public hearing by phone at +1 (267) 332-8737. The dial-in number is 333532533#.

The hearing will be shortened if there is no one to testify or there is minimal response.

Persons with a disability who wish to participate in this hearing should contact Yvonne Adams at (717) 425-7597 to discuss how the Department may accommodate their needs.

PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed (National Pollutant Discharge Elimination System) NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These

NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent (NOI) to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a (NOI) to Remediate with the Department. A NOI to Remediate

filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial

area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified person, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a NOI to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

46-0008A: Coopers Creek Chemical Corporation (884 River Road, West Conshohocken, PA 19428) for the addition of equipment that will add flexibility to produce a product called high melt-point pitch at their non-Title V facility, located in Upper Merion Township, **Montgomery County**. The facility brings in crude bituminous, crude coal tar, and crude petroleum tar as feedstock and distills it into coal tar distillate and refined coal tar pitch. Coopers Creek Chemical Corporation proposes to produce high melt-point pitch as a new product. To make the new product, Coopers Creek Chemical Corporation will be installing the following equipment: Still # 18, Still # 19, Still # 19 Condenser, Lower Receiver 5, Lower Receiver 6, and Plant Boiler 2. To avoid being a major facility for NO_x, the facility is taking a restriction on the total heat input of all combustion sources at the facility. Total potential emissions from the facility are: 10.82 TPY for NO_x, 23.13 TPY for VOC, 6.08 TPY for CO, 3.25 TPY for SO_x, 1.63 TPY for PM, 13.96 TPY for Total HAP, and 11,221 TPY for CO₂e. The Plan Approval will contain monitoring, recordkeeping, and operating conditions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

15-0041E: Eastern Shore Natural Gas Company—Daleville Compressor Station (604 Street Rd., Cochranville, PA 19330) to revise a testing requirement condition requiring compliance with the proposed minimum destruction efficiency for CO, VOC and HCHO for the existing natural gas-fired reciprocating internal combustion engine for a natural gas compressor at their facility in Londonderry Township, **Chester County**. The facility is a State-Only, Synthetic Minor facility. The existing permit limits the emissions of nitrogen oxides (NO_x) and volatile organic compounds (VOC) from the facility to less than or equal to 24.9 tons per year on a 12-month rolling sum basis. The provisions of this plan approval will subsequently be incorporated into a State Only Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450. The Plan Approval will contain recordkeeping requirements and operating restrictions designed to keep the facility operating within all applicable air quality requirements

36-05014K: Arconic Lancaster Corp. (1480 Manheim Pike, Lancaster, PA 17604-3167) for the replacement of

the burners in two melting furnaces at their secondary aluminum production facility in Manheim Township, **Lancaster County**. Specifically, the project is for the replacement of the current burners in melting furnaces No. 5 & 6 (Source IDs 133 & 134) with new 40 MMBtu/hr natural gas fired regenerative burners. The actual melt rate of each furnace is expected to increase from 22,500 pounds per hour to 32,000 pounds per hour. Along with the increase in melt production, actual material throughputs of Source IDs C01A, C01B and 107 are also expected to increase, although no physical modification will take place to the emission units. The capacities of downstream operations (i.e. rolling operations) will not increase due to the project since the increased ingot production will replace ingot that has been historically purchased. Since this modification and the modification authorized under PA 36-05014J (replacement of No. 7 & 8 melting furnace burners) are considered the same project, the emissions from both will be aggregated for PSD/NNSR applicability purposes. As such, emission increases due to the project are estimated to be: 23.5 tpy CO, 20.3 tpy NO_x, 1.9 tpy PM, 4.8 tpy PM₁₀, 4.5 tpy PM_{2.5}, 0.3 tpy SO_x, & 3.0 tpy VOC. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department proposes to issue a plan approval for the proposed construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an operating permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

Intent to Issue Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

09-00107: Oldcastle Retail, Inc. (1214 Hayes Blvd., Bristol, PA 19007) for the renewal of a State Only, Natural Minor Operating Permit in Bristol Township, **Bucks County**. The company operates a concrete and mortar packaging facility. The proposed renewal of the Operating Permit does not authorize any increase in air emissions, of regulated pollutants, above previously approved levels. The renewed permit includes monitoring, recordkeeping and reporting requirements, and work practice standards designed to keep the facility operating within all applicable local, State, and Federal air quality requirements.

46-00157: DANA Driveshaft Products, LLC (1040 Center Avenue, Pottstown, PA 19464-6007) for the renewal of a State Only, Synthetic Minor Operating Permit Renewal in Pottstown Borough, **Montgomery County**. The permit is for a non-Title V (State Only) facility. The major sources of air emissions are as follows: spray and dip coating operations, and parts washers. New applicable regulations are 40 CFR 60 Subpart JJJJ and 25 Pa. Code § 129.63a (Control VOC Emissions from Industrial Clean-

ing Solvents). The renewal permit will include monitoring, recordkeeping, and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

09-00018: RR Donnelley (100 American Drive, Quakertown, PA 18592) for operation of a printing facility in Richland Township, **Bucks County**. The permit is for renewal of a non-Title V (State Only) operating permit. The major sources of air emissions are twelve printing presses and two natural gas-fired boilers. The renewal will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

46-00158: Colorcon, Inc. (415 Moyer Boulevard, West Point, PA 19486) located in Upper Gwynedd Township, **Montgomery County**, for a renewal of State Only (Natural Minor) Operating Permit. The facility's main sources of air contaminant emissions are four boilers, two emergency generator sets, and various sources comprising a polyvinyl acetate phthalate (PVAP) plant, a lake plant, and dry and wet dispersion production areas. Particulate matter (PM) emissions from the sources comprising the PVAP plant, lake plant, and dry and wet dispersion areas are controlled by associated dust collectors or scrubbers. PM emissions from the facility are restricted to 21.0 tons/yr, calculated monthly as a 12-month rolling sum. Volatile organic compound (VOC) emissions from the reaction vessels and various fugitive emission sources in the PVAP plant, the wet dispersion area, and the facility are restricted to 1.72 ton/yr, 1.04 ton/yr, 10.68 tons/yr, and 14.6 tons/yr, respectively, all calculated monthly as 12-month rolling sums. Nitrogen oxide (NO_x) emissions from the exempt engines of the emergency generator sets are restricted to 100 lbs/hr, 1,000 lbs/day, 2.75 tons/ozone season (i.e., the period from May 1—September 30 of each year), and 6.6 tons/yr, calculated monthly as a 12-month rolling sum. Since DEP renewed the State Only Operating Permit (SOOP) in 2014, Colorcon, Inc., has added an additional blender to the dry dispersion area. The additional blender will be included in the renewal SOOP, and subject to the same requirements specified in the previously renewed (i.e., current) SOOP for the dry dispersion area blenders and grinders source grouping. The renewal SOOP will continue to include monitoring, recordkeeping, reporting, and work practice requirements designed to keep the facility operating within all applicable air quality requirements.

09-00117: Heucotech, LTD (99 Newbold Road, Fairless Hills, PA 19030), for the renewal of a State Only, Natural Minor Operating Permit Renewal in Falls Township, **Bucks County**. The facility's potential to emit criteria pollutants is less than major thresholds; therefore, the facility is a Natural Minor. The facility manufactures a wide variety of pigment dispersions and anti-corrosive pigments for various end users. A Corrosive-Resistant Pigment Operation source, which was approved by the Department in 2017, was incorporated to the permit. The renewal does not allow any changes in the total facility emissions. The renewed permit includes monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable local, State, and Federal air quality requirements.

23-00098: SAP America, Inc. (3999 West Chester Pike, Newtown Square, PA 19073) located in Newtown Township, **Delaware County**. The facility operates boilers, emergency generators, and water heaters at the

Newtown Square office building. The renewal permit is for a non-Title V (State Only) facility. NO_x emissions are electively capped to less than 25 tons per year; therefore, the facility is a Synthetic Minor. There are no changes to the current operating permit in this renewal. The renewal permit will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

15-00059: Paulsonbilt Ltd (1000 W. 11th Ave., Coatesville, PA 19320) for the renewal of a Natural Minor Operating Permit in Valley Township, **Chester County**. The initial operating permit was issued on January 29, 2004. Paulsonbilt fabricates commercial dumpsters and similar containers. The primary source of air emissions from the facility is a spray booth. The spray booth is subject to the requirements of 25 Pa. Code § 129.52. Insignificant sources include a 1.0 MMBtu/hr natural gas heater, portable kerosene heaters (approximately 10 heaters), operations for shearing, bending, and cutting of sheet metal, and welding of sheer metal. Potential emissions from the facility are less than the following emission rates: 11.0 tpy for VOCs, 4.0 tpy for HAP, and 1.0 tpy for PM, NO_x, SO_x, and CO. The permit will continue to include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

TMS International, LLC operates a slag processing plant that includes two crushers, seven screens, and various transfer points. Emissions are controlled through the use of water cannons and partial enclosed transfer points. The potential emissions are estimated at: 4.09 TPY PM; 1.39 TPY PM₁₀; and 0.15 TPY PM_{2.5}. This facility is subject to the applicable requirements of 25 Pa. Code Chapters 121—145. The proposed State-Only Operating Permit includes emission restrictions, testing, monitoring, recordkeeping, reporting, and work practice standards requirements for the site.

E1904119-007. Pennsylvania Department of Transportation, Engineering District 3-0, 715 Jordan Ave, Montoursville, PA 17754. SR 0339, Section 06A Safety Improvement Project in Mifflin Township, **Columbia County**, ACOE Baltimore District (Mifflinville, PA Quadrangle; Latitude: 41° 02' 13"; Longitude 76° 16' 10").

PA DOT Engineering District 3-0 proposes a two-mile-long safety improvement project along SR 0339, from Smith Hollow Rd to the Luzerne County Line. The project includes structure replacements and roadway widening for the SR 0080 detour route. The project includes several replacements or widening of structures with drainage areas less than 100 acres. These activities could be waived under Chapter 105.12(a)2, however they were included for project completeness. The project includes 14 pipe outfall structures with Rip Rap outlet aprons. The project includes the replacement of a Single Span Concrete Slab Bridge with a Single Span Precast Concrete Slab Bridge on Geo-Reinforced Soil Abutments (GRS) over an Unnamed Tributary to the Susquehanna River. The existing bridge has a span of 14 Ft., a skew of 90 degrees, an underclearance of 3.0 Ft., and a low chord of 493.90 Ft. and a hydraulic opening of 26 Ft². The proposed single span bridge has a span of 14 Ft., a skew of 90 degrees, an underclearance of 8.1 Ft., and a low chord of 499.89 Ft. and a hydraulic opening of 102 Ft². The existing abutments will remain in place as part of the GRS abutments. Grouted R-8 Rip Rap choked with native streambed material will be utilized as scour protection around the abutments and wingwalls. The project will utilize half width construction to convey traffic during construction. The project will utilize a sandbag diversion and clean water pump to convey the stream during construction. The project includes the replacement of a Single Span Concrete Slab Bridge with a Single Span Precast Concrete Box Culvert over an Unnamed Tributary to the Susquehanna River. The existing bridge has a span of 12 Ft., a skew of 30 degrees, an underclearance of 2.0

Ft., and a low chord of 497.72 Ft. and a hydraulic opening of 21 Ft². The proposed single span concrete box culvert has a span of 16 Ft., a skew of 10 degrees, an underclearance of 3.0 Ft., and a low chord of 498.90 Ft. and a hydraulic opening of 48 Ft². R-8 Rip Rap choked with native streambed material will be utilized as scour protection at the inlet and outlet. The project will utilize half width construction to convey traffic during construction. The project will utilize a sandbag diversion and clean water pump to convey the stream during construction. The project will include 24 inches of culvert depression for future maintenance if the culvert has a debris or deposition issue in the future. The box culvert will include baffles and native material on the box culvert floor. The project includes roadway widening. This widening will extend into a Detailed FEMA floodplain for the Susquehanna River. The fill will be placed in the floodplain, no fill will be placed within the floodway. The roadway widening will result in a 375 L.F. realignment of the Unnamed Tributary to the Susquehanna River at the outlet of the proposed structure replacement. Approximately, 670 L.F. of R-8 Rip Rap will be utilized for the roadway widening along the left bank of channel 6. The channel realignment will include four single log deflectors and a planting plan. The project will temporarily impact 0.48 acre and permanently 0.33 acre of jurisdictional wetlands. The wetland impacts will be mitigated at the Vargo wetland mitigation bank. The Unnamed Tributaries to the Susquehanna River are classified as a Cold Water Fishery by 25 Pa. Code Chapter 93 Water Quality Standards.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Fannett Township	P.O. Box 40 Dry Run, PA 17220-0040	Franklin

Plan Description: The planning module for Baker Subdivision, DEP Code No. A3-28906-188-1, APS Id 1013067, consisting of one new single-family residential lot, is disapproved. The proposed development is located on Mountain Green Road. This plan is disapproved because the subdivision does not qualify as an exception from the requirement to revise the Official Plan because the subdivision proposes the use of onlot sewage disposal systems in an area underlain by carbonate geology. Fannett Township's Act 537 plan requires a Component 2 planning module and a preliminary hydrogeologic study in areas underlain by carbonate geology and where water supplies are documented to exceed 5 PPM nitrate-nitrogen.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION**UNDER ACT 2, 1995
PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in

the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

DEPARTMENT OF HUMAN SERVICES

Supplemental Payments to Qualifying Hospitals

The Department of Human Services (Department) is providing final notice of its funding allocation of annualized funds beginning Fiscal Year (FY) 2019-2020 for supplemental payments to qualifying hospitals located in counties in which a significant percentage of the county's population is enrolled in the Medical Assistance Program. The Department is not otherwise changing the payment methodology for these payments.

The Department published notice of its intent to allocate funding for these payments at 49 Pa.B. 3543 (July 6, 2019). The fiscal impact in the intent notice correctly stated the amounts of the Department's allocation; however, there was an error in the eligibility criteria. The Department is correcting the eligibility criteria requirements in this final notice.

Eligibility requirement number 3) under "Qualifying Criteria" published in the intent notice read, in part, "less than" when the criteria should have read "greater than." The correct qualifying criteria appeared on page 21gg of State Plan Attachment 4.19A in the corresponding State Plan Amendment.

Fiscal Impact

Beginning with FY 2019-2020, the Department will allocate an annualized amount of \$95.309 million in total funds for these supplemental payments.

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>

State Board of Examiners of Nursing Home Administrators Regulation # 16A-6219 (IRRC # 3250) Continuing Education April 1, 2020

We submit for your consideration the following comments on the proposed rulemaking published in the February 1, 2020 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b). Section 5.1(a) of the RRA (71 P.S. § 745.5a(a)) directs the State Board of Examiners of Nursing Home Administrators (Board) to respond to all comments received from us or any other source.

1. Section 39.11. Biennial renewal.—Conforms to the intention of the General Assembly; determining whether the regulation is in the public interest; protection of the public health, safety and welfare; comments of a committee.

The Board seeks to implement the Governor’s recommendation that the biennial requirement for continuing education be reduced for nursing home administrators. This recommendation is based on a study conducted by the Commissioner of Professional and Occupational Af-

fairs that reviewed requirements for licensure of the 29 licensing boards and commissions under the Commissioner’s authority. The study revealed that Pennsylvania carries one of the highest continuing education requirements in the regional comparison group for nursing home administrators. After discussion with stakeholders who opposed the reduction, the Board determined that a reduction by one quarter to at least 36 hours per biennium would accomplish the Governor’s goal of reducing the required continuing education while at the same time ensuring that licensees obtain sufficient continuing education given the complexities of nursing home regulation.

However, a commenter continues to oppose the reduction, asserting that this change would move Pennsylvania to having “one of the lowest continuing education requirements in the country.” This commenter further states that “with an increasing aging population. . .there is no logical explanation for decreasing educational requirements, especially if there is a desire to enhance the quality of care.”

The PA House Professional Licensure Committee (Committee) comments, noting that Pennsylvania would have lower continuing education requirements than several

contiguous states. The Committee is concerned about the impact on Pennsylvania licensees who would seek licensure in any of these states.

We ask the Board to explain how lowering the continuing education requirements for nursing home administrators will adequately protect the public health, safety and welfare. We also ask the Board to explain how reduced continuing education requirements will affect members of the regulated community who seek licensure in states with higher continuing education requirements.

Additionally, the Nursing Home Administrators License Act (Act) states in Section 1109(d) (relating to registration) that “the license of a nursing home administrator who fails to comply with the provisions of this section, and who continues to act as a nursing home administrator, may be suspended or revoked by the [B]oard.” 63 P.S. 1109(d). Is it the Board’s intent not to renew a license of a nursing home administrator who fails to meet continuing education requirements? If it is the Board’s intent not to renew, we ask the Board to amend the final regulation to include clear notice that the Board will not renew a license if the licensee fails to complete the continuing education required by the Act.

2. Section 39.11b. Continued competence.—Clarity and lack of ambiguity.

In Subsection (4), the Board allows for the demonstration of continued competence by being employed in a nursing home in a supervisory or consultant capacity for at least three of the last five years. The licensee must appear before the Board to demonstrate, to the Board’s satisfaction, a “significant” involvement in the field of nursing home administration during the time the license has been expired or inactive. The proposed regulation further states that “sporadic or occasional” involvement is not sufficient to demonstrate continued competence. A regulation has the full force and effect of law; however, terms such as “significant,” “sporadic” and “occasional” are non-regulatory language. We ask the Board to revise the language pertaining to continued competence to establish a standard that is predictable for the regulated community and enforceable by the Board.

3. Section 39.61. Requirements.—Clarity and lack of ambiguity.

In Subsection (c)(3), the Board provides for clock hour requirements that may be earned by authoring an article on long-term care. Paragraph (ii) states that clock hours may be awarded based on the “complexity” of the subject matter or work. Likewise, Paragraph (iii) states that clock hours may be awarded if the work is “complex.” A regulation has the full force and effect of law; however, the terms “complexity” and “complex” are non-regulatory language. We ask the Board to revise the language relating to earning clock hours by authoring an article or to establish a standard that is predictable for the regulated community and enforceable by the Board.

4. Miscellaneous clarity.

Regarding notification, in Section 39.11(b) (relating to biennial renewal) the Board states that notice of the availability of the renewal process will be forwarded to each active licensee at the licensee’s address of record or current e-mail address on file with the Board, or both. Will the Board develop a process to offer licensees a choice of which notification method they prefer?

The application was filed as a pro forma transaction under 52 Pa. Code § 63.325(a) (relating to Commission approval of a pro forma transaction subject to 66 Pa.C.S. §§ 1102(a)(3) and 1103) because the applicant claims that it will result in no change of control of MCI Communications Services, Inc., d/b/a Verizon Business Services and there will be no change in the rates or conditions of service.

The Pennsylvania Public Utility Commission (Commission) therefore reclassifies the joint application as a general rule transaction under 52 Pa. Code § 63.325(b).

Formal protests and petitions to intervene must be filed in accordance with 52 Pa. Code (relating to public utilities) on or before Monday, April 27, 2020.
