READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at www.pacodeandbulletin.gov.

Printing Format

Rules, Regulations and Statements of Policy in Titles 1—107 of the Pennsylvania Code

Text proposed to be added is printed in **underscored bold face**. Text proposed to be deleted is enclosed in brackets [] and printed in **bold face**.

Proposed new chapters and sections are printed in regular type to enhance readability. Final rulemakings and statements of policy are printed in regular type.

Ellipses, a series of five asterisks, indicate text that is not amended.

In Proposed Rulemakings and proposed Statements of Policy, existing text corresponds to the official codified text in the *Pennsylvania Code*.

Court Rules in Titles 201—246 of the Pennsylvania Code

Added text in proposed and adopted court rules is printed in **underscored bold face**. Deleted text in proposed and adopted court rules is enclosed in brackets [] and printed in **bold face**.

Proposed new chapters and rules are printed in regular type to enhance readability.

Ellipses, a series of five asterisks, indicate text that is not amended.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Title 4—ADMINISTRATION

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CH. 1]

[EXECUTIVE ORDER NO. 2018-01 AS AMENDED]

Governor's Office of Performance Through Excellence (OPE)

September 10, 2020

Whereas, a growing body of evidence shows that implementing performance management strategies can enhance the ability of government organizations to achieve continuous performance improvement; and

Whereas, evidence-based performance management strategies combine cross-agency coordination, outcome-focused goal setting, analysis of performance data, collaborative problem-solving, process improvement, risk management, and rigorous program evaluations; and

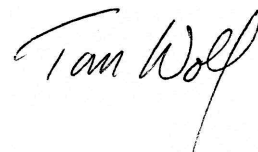

Whereas, evidence-based performance management strategies require a supportive workplace culture, wherein employees clearly understand their shared purpose and choose to actively collaborate in the pursuit of continuous performance improvement; and

Whereas, a performance management strategy for the Commonwealth will foster innovation among agencies and will help align agency policies and budgets with the Commonwealth's priority goals; and

Whereas, commitment to continuous performance improvement is vital to improving Pennsylvania state government for the benefit of the citizens of this Commonwealth; and

Whereas, designating an entity responsible for developing and implementing a strategy for continuously improving Commonwealth customer experience furthers the goals of establishing a Citizen-First Government, as ordered by Executive Order 2019-04.

Now, Therefore, I, Tom Wolf, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby establish the Governor's Office of Performance Through Excellence and do order and direct as follows:

Governor

Fiscal Note: GOV-2018-01 (Amended). No fiscal impact; (8) recommends adoption.

Annex A

TITLE 4. ADMINISTRATION

PART I. GOVERNOR'S OFFICE

CHAPTER 1. AGENCY OPERATION AND ORGANIZATION

Subchapter JJJ. GOVERNOR'S OFFICE FOR PERFORMANCE THROUGH EXCELLENCE

Sec.	
1.891.	Mission.
1.892.	Governor's Office of Performance Through Excellence.
1.893.	Powers and duties.
1.894.	Cooperation by Commonwealth agencies.
1.895.	Independent agencies, State-affiliated entities and State-related entities.

- 1.896. General provisions.
 1.897. Effective date.
 1.898. Rescission.

§ 1.891. Mission.

The mission of the Governor's Office of Performance Through Excellence is to empower and enable employees at every level of State government to create an excellent experience for the Commonwealth's customers and to achieve measurable results for all residents of this Commonwealth.

§ 1.892. Governor's Office of Performance Through Excellence.

The Governor's Office of Performance Through Excellence (Office) is hereby created within the Executive Offices of the Governor.

(1) The Governor will appoint a member of his staff to serve as Director of the Office, who shall serve at the pleasure of the Governor.

(2) The Director of the Office shall report to the Governor.

(3) The Governor may appoint, to serve at his pleasure, individuals as he may deem appropriate to provide advice to the Office and the Director.

§ 1.893. Powers and duties.

The Governor's Office of Performance Through Excellence shall have the power and duty to:

(1) Develop and implement strategies for creating a Commonwealth workplace culture that fosters continuous improvement, wherein employees feel respected and empowered to innovate, solve problems and deliver greater value to customers;

(2) Develop and implement strategies for monitoring, managing and accelerating progress toward the Commonwealth's priority goals;

(3) Develop and implement strategies for measuring and improving the customer experience across multiple channels, such as online, phone and in-person, with the Commonwealth's services;

(4) Develop and implement enterprise risk management strategies that assess, mitigate and capitalize upon risks to the Commonwealth's priority goals;

(5) Consult with agencies, boards and commissions to identify opportunities to collaborate and partner with external entities to bring new ideas and best practices into State government;

(6) Promote cross-agency coordination and collaboration aimed at solving common problems and achieving shared goals;

(7) Build the capacity of Commonwealth agencies to implement strategies for performance management, customer experience improvement, risk management and create a workplace culture that supports continuous improvement through training, consultation and facilitation;

(8) Provide regular reports to the Governor and the heads of Commonwealth agencies that describe the status of specific priority objectives, identify barriers to achieving the objectives and recommend specific actions for improving performance;

(9) Publish on the Commonwealth's web site administration goals and progress;

(10) Work collaboratively with Commonwealth agencies to identify opportunities to leverage data, integrated business process automation and evidence for improving State government performance;

(11) Work collaboratively with Commonwealth agencies and the Office of the Budget to integrate performance data into the budget process; and

(12) Exercise all other necessary powers to ensure successful implementation of this subchapter, as permitted by law.

§ 1.894. Cooperation by Commonwealth agencies.

Agencies under the Governor's jurisdiction shall provide assistance to and cooperate with the Governor's Office of Performance Through Excellence (Office), as requested by the Office, in pursuit of the matters which are the subject of this subchapter.

§ 1.895. Independent agencies, State-affiliated entities and State-related entities.

Independent agencies, State-affiliated entities and State-related agencies are strongly encouraged to work with the Governor's Office of Performance Through Excellence and to implement continuous process improvements as envisioned by this subchapter.

§ 1.896. General provisions.

This subchapter shall be implemented consistent with applicable law. This subchapter is not intended to, and does not create, any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the Commonwealth, its departments, agencies, or entities, its officers, employees or agents, or any other person.

§ 1.897. Effective date.

This subchapter shall take effect immediately and remain in effect unless revised or rescinded by the Governor.

§ 1.898. Rescission.

Executive Order 2015-04, published at 48 Pa.B. 1087 (February 24, 2018), is hereby rescinded.

GOVERNOR'S OFFICE

Proclamation; House Bill No. 2025, Printer's No. 3907

I, Tom Wolf, Governor of the Commonwealth of Pennsylvania, have caused this Proclamation to issue and, in compliance with the provisions of Section 15 of Article IV of the Constitution of Pennsylvania, do hereby give notice that I have filed in the Office of the Secretary of the Commonwealth, with my objections thereto, the following bill passed by both houses of the General Assembly at the Regular Session of 2019-2020:

House Bill No. 2025, Printer's No. 3907, entitled "An Act [a]uthorizing the Department of Environmental Protection to conduct a public comment process on and submit to the General Assembly a measure or action intended to abate, control or limit carbon dioxide emissions by imposing a revenue generating tax or fee on carbon dioxide emissions."

Given under my hand and the Great Seal of the Commonwealth, at the County of Dauphin, this twenty-fourth day of September, in the year of our Lord two thousand and twenty, and of the Commonwealth the two hundred and forty-fifth.

Governor

Attest:

JONATHAN MARKS,

Deputy Secretary for Elections and Commissions

To the Honorable House of Representatives of the
Commonwealth of Pennsylvania

Pursuant to Article IV, Section 15 of the Pennsylvania Constitution, I am returning herewith, without my approval, House Bill 2025, Printer's Number 3907.

Addressing the global climate crisis is one of the most important and critical challenges we face. This legislation is extremely harmful to public health and welfare as it prevents the Pennsylvania Department of Environmental Protection (Department) from taking any measure or action to abate, control or limit carbon dioxide emissions, a greenhouse gas and major contributor to climate change impacts, without prior approval of the General Assembly. Like every state in the country, the Commonwealth has already begun to experience adverse impacts from climate change, such as higher temperatures, changes in precipitation, and frequent extreme weather events, including large storms, flooding, heat waves, heavier snowfalls, and periods of drought. Reductions in carbon dioxide emissions are even more significant now as emerging evidence links chronic exposure to air pollution with higher rates of morbidity and mortality from COVID-19.

This legislation also prohibits the Commonwealth from participating in the Regional Greenhouse Gas Initiative (RGGI), a regional initiative among Northeast and Mid-Atlantic states to reduce greenhouse gas emissions while generating economic growth, unless additional legislation is enacted. RGGI participating states have reduced power sector carbon dioxide pollution by 45 percent since 2005, while the region's per-capita gross domestic product has continued to grow. By joining RGGI, Pennsylvania has the opportunity to make real progress on limiting climate change-causing carbon pollution while generating thousands of new jobs, providing for worker training, and offering future electric bill savings.

In addition to the legislation's failure to address climate change, the immediate effect of this legislation would be to halt a rulemaking package I directed the Department to develop by executive order pursuant to the authority of the Air Pollution Control Act to abate, control, or limit carbon dioxide emissions from fossil-fuel-fired electric power generators. The Regulatory Review Act and the Air Pollution Control Act afford the opportunity for extensive public participation, including public comment and public hearings, in the rulemaking process. Members of the General Assembly also have a robust role in the rulemaking process, including through their appointments on advisory committees and the Environmental Quality Board. This legislation creates burdensome and duplicative processes that will thwart the Department's ability to take any action to regulate the greenhouse gas most responsible for climate change in the transportation, industrial, and commercial sectors, as well as the electric power sector.

The citizens of this Commonwealth cannot afford to wait any longer. Given the urgency of the climate crisis facing Pennsylvania, the Commonwealth must take concrete, economically sound, and immediate steps to reduce greenhouse gas emissions. Allowing this legislation to become law would effectively deny that climate change is an urgent problem that demands prudent solutions.

For the reasons set forth above, I must withhold my signature from House Bill 2025, Printer's Number 3907.

Sincerely,

A handwritten signature in black ink that reads "Tom Wolf". The signature is written in a cursive style with a long, sweeping underline.

THE COURTS

Title 255—LOCAL COURT RULES

FRANKLIN AND FULTON COUNTIES

Rule of Judicial Administration 6110—Scheduling of Temporary and Emergency Protection from Abuse Hearings

Order of Court

And Now this 22nd day of September, 2020;

It Is Hereby Ordered Local Rule of Judicial Administration 6110—Scheduling of Temporary and Emergency Protection from Abuse Hearings shall be adopted.

It Is Further Ordered that the District Court Administrator shall:

1. File one (1) certified copy of this Administrative Order with the Administrative Office of Pennsylvania Courts;

2. Submit two (2) certified copies of this Administrative Order and a copy on CD-ROM to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*;

3. Keep a copy of this Administrative Order continuously available for inspection and copying in the Office of the Prothonotary in both Fulton and Franklin Counties and in the Franklin County Law Library.

39th Jud. Dist. R.J.A. 6110 shall be effective thirty (30) days after publication in the *Pennsylvania Bulletin*.

By the Court

SHAWN D. MEYERS,
President Judge

Local Rule of Judicial Administration 6110. Scheduling of Temporary and Emergency Protection from Abuse Hearings.

(a) The Court of Common Pleas shall hear Petitions for Protection from Abuse each business day between the hours of 8:30 a.m. and 3:00 p.m. by a judge or judges,

selected by Court Administration on a weekly basis. The Court of Common Pleas is unavailable to hear Petitions for Protection from Abuse from 3:00 p.m. each business day until 8:30 a.m. the following business day.

(b) During times when the Court of Common Pleas is unavailable, a Petition for Emergency Relief from Abuse may be presented to the designated on-call Magisterial District Judge and shall not be filed with the Prothonotary.

(c) If the on-call Magisterial District Judge determines that emergency relief is merited following an emergency hearing, the Petition for Emergency Relief from Abuse shall be granted and an Emergency Order issued. An Emergency Order will expire at 3:00 p.m. the following business day.

(d) If an Emergency Order is granted, the on-call Magisterial District Judge shall advise the Plaintiff that the Emergency Order will expire at 3:00 p.m. the following business day and further advise Plaintiff to file a Petition for Protection from Abuse with the Prothonotary at the Franklin or Fulton County Courthouse on the next business day pursuant to Paragraph (a) of this Rule if he or she desires continuing protection.

(e) If an Emergency Order is granted by the on-call Magisterial District Judge, the Magisterial District Judge shall immediately certify the Emergency Order and any documentation in support thereof to the Franklin County Court of Common Pleas and forward the Emergency Order to law enforcement for service on the Defendant.

(f) If a Magisterial District Judge determines an Emergency Order will not be granted, the Magisterial District Judge shall advise the party they may file a Petition for a Protection from Abuse Order with the Prothonotary at the Franklin or Fulton County Courthouse pursuant to Paragraph (a) of this Rule.

PROPOSED RULEMAKING

PENNSYLVANIA PUBLIC UTILITY COMMISSION

[52 PA. CODE CH. 65]

[L-2020-3021932]

Proposed Revisions to Water Audit Methodology; Water Conservation Measures—Statement of Policy; Advanced Notice of Proposed Rule- making

Public Meeting held
September 17, 2020

Commissioners Present: Gladys Brown Dutrieuille, Chair-
person; David W. Sweet, Vice Chairperson; John F.
Coleman, Jr.; Ralph V. Yanora, statement as follows

*Proposed revisions to Water Audit Methodology;
52 Pa. Code § 65.20; Water Conservation
Measures—Statement of Policy; Doc. No. L-2020-3021932*

Advance Notice of Proposed Rulemaking Order

By the Commission:

The Public Utility Commission (Commission) adopts this Advance Notice of Proposed Rulemaking Order to solicit comments regarding the replacement of the Policy Statement at 52 Pa. Code § 65.20 with a Commission regulation to implement the International Water Association (IWA)/American Water Works Association (AWWA) Water Audit Methodology (Water Audit Methodology) as a best management practice in water loss control in Pennsylvania as directed by Commission Order on November 10, 2011 at Docket No. M-2008-2062697.

In light of the current challenges facing the water industry, namely: (1) rising cost imposed by the need to rehabilitate aging infrastructure; (2) increased energy costs for pumping; (3) increased costs of chemicals and other treatment necessary to meet ever more stringent Safe Drinking Water Act requirements; and (4) the limited availability financial resources for developing new sources of supply, among others, the Pennsylvania Public Utility Commission (Commission) seeks to implement the Water Audit Methodology which will help achieve a number of public interest benefits, including, preservation of water resources, limitation of water leakage, reduction of overall company risk, and enhanced customer service.

Background

A. The 2008 Order

On November 10, 2008, the Commission issued a Tentative Opinion and Order at Docket No. M-2008-2062697 (2008 Tentative Order) regarding a pilot program to implement the Water Audit Methodology. By way of the 2008 Tentative Order, the Commission invited all jurisdictional water utilities to voluntarily participate in a pilot program to implement the Water Audit Methodology. The 2008 Tentative Order became final on December 10, 2008 (2008 Order).

As stated in the 2008 Order, a critical aspect of efficient operations involves tracking levels of unaccounted-for

water (UFW).¹ Maintaining low levels of UFW helps prevent waste of a precious resource, avoids lost revenue, and indicates a well-managed water utility. Both the Commission and the Pennsylvania Department of Environmental Protection (DEP) monitor levels of UFW on an annual basis. In addition, as part of the Commission's rate case review process, expenses for power and chemicals may be disallowed when levels of UFW exceed 20 percent. Indeed, the Commission's current Policy Statement at Section 65.20 strongly suggests that an ongoing leak detection and repair program is an integral part of maintaining low levels of UFW.

For many years, the determination of UFW used by this Commission, jurisdictional water utilities, and throughout the country was a combination of a methodology established by William D. Hudson and a procedure set forth in the AWWA Training Manual.² Over time, however, it became apparent that differing interpretations and adjustments, along with the incorporation of different components, led to less than representative results.

As stated in the 2008 Order, an enhanced, more comprehensive method has since been developed, which gives every indication that it offers superior data and indicators for improved operational accountability. This Water Audit Methodology, not only assists utilities in identifying where the losses are occurring, but also expresses by volume how much is lost and at what cost.³ The term "unaccounted-for water" was replaced with the term "water audit" based on the concept and underlying procedure that virtually all water can be "accounted-for." The Water Audit Methodology was developed jointly by a five-country group formed by the IWA and the AWWA in 1997. In 2003, the AWWA's Water Loss Control Committee identified the Water Audit methodology as a world-wide best management practice in water loss control.⁴ In 2006, the AWWA released a Water Audit software package that is available free of charge on its website, broadening the new procedure's accessibility.⁵ A year later, the AWWA Research Foundation designated the Water Audit methodology as the current best practice.⁶ Today, its use continues to expand, consistent with widespread efforts to increase water supply sustainability, infrastructure remediation, and overall service reliability.

As noted in the 2008 Order, experience with the Water Audit methodology throughout the country has been growing. In Pennsylvania, the Philadelphia Water Department has been pioneering the procedure since its inception in 2000 and has achieved notable success. It is also noted that the Delaware River Basin Commission (DRBC) amended its Comprehensive Plan and Water Code in 2009 to implement an updated water audit

¹ UFW is, essentially, the amount of water that is "lost," when compared with the volume produced and the volume sold, taking into account, based on an estimated formula of water used, but not measured, in fire-fighting, hydrant and main flushing, and building construction, and/or due to theft, inaccurate meter recording and faulty meters, among other reasons. Ongoing leakage, particularly in older systems, is the most prevalent cause of UFW.

approach consistent with the Water Audit Methodology and has been receiving annual water audits in the IWA/AWWA format.⁷

B. The 2012 Order

On November 10, 2011, the Commission issued a Tentative Opinion and Order at M-2008-2062697 (2011 Tentative Order) wherein the Commission ordered all Class A water utilities (over \$1,000,000 in annual revenues) to implement the Water Audit Methodology. The Tentative Opinion and Order became final January 27, 2012 (2012 Order).⁸ Specifically, the Commission concluded:

Based upon this Commission's tradition of establishing groundbreaking regulatory tools, such as the DSIC or single tariff pricing, we will order the implementation of this Water Audit methodology which will help achieve a number of public interest benefits, such as increased infrastructure reliability, help preserve water resources, limit water leakage, reduce overall company risk, and enhance customer service. We believe that this practice is a better tool than the current unaccounted-for-water method and in the public interest.

See, *In Re: Pilot Project to Implement The International Water Association/American Water Works Association Water Audit Methodology*, Docket No. M-2008-2062697 (Order entered November 10, 2011) at 11. To this end, the Commission ordered the five participating water utilities, namely, Aqua Pennsylvania, Inc., Pennsylvania-American Water Company, Superior Water Company, York Water Company and United Water Pennsylvania, Inc., to file annual Water Audit summaries with the Secretary of the Commission for the year ended December 31, 2011, no later than April 30, 2012, and on subsequent years no later than April 30.

In addition to ordering the five participating water utilities to file annual Water Audit summaries by April 30, 2012, the Commission specifically directed in the 2012 Order:

That all other Class A water utilities (over \$1,000,000 in annual revenues) commence to file the annual Water Audit summaries with the Secretary of the Commission for the year ended December 31, 2012 no later than April 30, 2013, and on subsequent years no later than April 30. These other Class A water utilities presently include Columbia Water Company, Newtown Artesian Water Company, CAN DO, Inc.-Water Division, United Water Bethel, Inc., and Audubon Water Company.

Id. at 12. Accordingly, the Water Audit Methodology was adopted by this Commission and all Class A water utilities have filed the requisite annual Water Audit summaries with the Secretary of the Commission since 2012.

The 2012 Order specifically directed the preparation of proposed regulations implementing the Water Audit Methodology. With this Order, the Commission proposes replacement of the Policy Statement at 52 Pa. Code § 65.20 with a regulation which would implement the Water Audit Methodology for all Class A water utilities (over \$1,000,000 in annual revenues).

Discussion

The Commission Policy Statement at Section 65.20 of its regulations states, in pertinent part:

§ 65.20. Water conservation measures—statement of policy.

In rate proceedings of water utilities, the Commission intends to examine specific factors regarding the action or failure to act to encourage cost-effective conservation by their customers. Specifically, the Commission will review utilities' efforts to meet the criteria in this section when determining just and reasonable rates and may consider those efforts in other proceedings instituted by the Commission.

See, 52 Pa. Code § 65.20. Subsection (4) of this section, which specifically addresses unaccounted-for-water, states:

Levels of unaccounted-for-water should be kept within reasonable amounts. Levels above 20% have been considered by the Commission to be excessive.

Id. The stated intent of this Policy Statement is to address water conservation measures by examining specific factors regarding the action or failure to act to encourage cost-effective conservation by water utilities and their customers.

In 2013, the Commission questioned whether it should "revise its existing regulations regarding unaccounted-for-water at 52 Pa. Code § 65.20, or, whether it is necessary for the Commission to adopt new regulations regarding the Water Audit methodology." See, Advance Notice of Proposed Rulemaking for Revision of the Commission's Regulations on Water Conservation Measures at 52 Pa. Code § 65.20 at Docket No. L-2012-2319361 (Order entered January 24, 2013). Five sets of Comments were filed as well as one set of Reply Comments. Based on the comments received and internal review, the Commission declined to further implement additional regulations or policy statement at that time. Staffing changes in Commission Bureaus, other issues taking priority, and the fact that utilities had already been implementing this methodology contributed to this issue remaining unchanged.

The Commission has determined that, rather than revising its existing Policy Statement at § 65.20, a new regulation addressing water conservation is necessary and this Advanced Notice of Proposed Rulemaking reflects this change. The Commission has formally adopted the Water Audit Methodology and all Class A Water utilities have been filing the annual Water Audit summaries each year. Consistent with the proposed regulation, the DEP's regulations regarding water loss require certain reporting of system unaccounted for water loss (exceeding 20%).⁹ Establishing a water loss regulation is also consistent with the guidance set forth by the Susquehanna River Basin Commission and Delaware River Basin Commission.¹⁰

Thus, by way of this Advance Notice of Proposed Rulemaking Order, the Commission seeks comments from interested persons regarding the replacement of its Policy Statement at § 65.20 with a Commission regulation which will enable the Commission to more comprehensively address public utility water loss in the Commonwealth. The Commission expects the comments to include proposed language for its consideration and subsequent review by the Independent Regulatory Review Commis-

⁷ Delaware River Basin Water Code, 18 CFR Part 410 at Section 2.1.6 (2013).

⁸ A Secretarial Letter finalizing the 2011 Tentative Order was issued on January 27, 2012, at Docket No. M-2008-2062697, after the only comments filed to the 2011 Tentative Order were withdrawn.

⁹ See 25 Pa. Code § 109.701(a)(3).

¹⁰ See 18 CFR § 806.25 and the Delaware River Basin Water Code, 18 CFR Part 410 at Section 2.1.6 (2013), respectively.

sion. Additionally, the Commission invites comments from the regulated community (particularly the participants in the 2008 pilot project and the other Class A water utilities that have been filing their annual Water Audits in April of each year since 2013) and other interested parties on the experienced benefits and costs of the Water Audit Methodology. More specifically, the Commission requests specific costs and/or savings associated with implementation of the Water Audit Methodology, including legal, accounting or consulting procedures which may be required. Finally, the Commission invites comments as to whether the Water Audit Methodology should be extended to the other jurisdictional water utilities.

Accordingly, pursuant to 66 Pa.C.S. § 501, the Commission issues this Advance Notice of Proposed Rulemaking for comment; *Therefore,*

It is Ordered That:

1. The Advance Notice of Proposed Rulemaking is issued for comment.

2. The Law Bureau shall deposit this Order with the Legislative Reference Bureau to be published in the *Pennsylvania Bulletin*.

3. Interested parties may submit written comments, via the Commission's electronic filing system, referencing Docket No. L-2020-3021932 within 45 days of publication in the *Pennsylvania Bulletin*. Comments shall be filed consistent with the Commission's July 27, 2020 Secretarial Letter. Modification to Filing and Service Requirements Emergency Order, Docket No. M-2020-3019262 (Secretarial Letter issued July 27, 2020). Pursuant to this Secretarial Letter, all filings are to be made by e-filing or by electronic mail, unless they are considered confidential or proprietary. This information can be found on the Commission's website at <https://www.puc.state.pa.us/efiling/Secure/Login.aspx>.

4. The Secretary shall serve a copy of this Order on all jurisdictional water utilities, the Office of Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation and Enforcement, the National Association of Water Companies—Pennsylvania Chapter, the Department of Environmental Protection, the Office

of Regulatory Counsel, all regional offices, the Division of Water Use Planning, the Delaware River Basin Commission, the Susquehanna River Basin Commission, and the American Water Works Association, Pennsylvania Chapter.

Statement of Commissioner Ralph V. Yanora

Before the Pennsylvania Public Utility Commission (Commission) for consideration and disposition is an Advance Notice of Proposed Rulemaking (ANOPR) regarding implementation of the International Water Association (IWA)/American Water Works Association (AWWA) Water Audit Methodology (Water Audit Methodology) as a best management practice in water loss control in Pennsylvania.

The Commission seeks to implement the Water Audit Methodology to achieve many public interest benefits, including, preservation of water resources, limitation of water leakage, reduction of overall company risk, and enhanced customer service. Overall, the Commission seeks to more comprehensively address public utility water loss in the Commonwealth consistent with our regulations at 52 Pa. Code § 65.20, DEP regulations, and the guidance set forth by the Susquehanna River Basin Commission and Delaware River Basin.

I thank the Commission's Law Bureau and Bureau of Technical Utility Services for their work on developing this ANOPR. I look forward to reviewing the input and comments received from all interested stakeholders, particularly regarding how the Water Audit Methodology may be improved or streamlined through this rulemaking process.

Commissioner

Controlled Plant and Noxious Weed Committee Virtual Meeting

The Department of Agriculture (Department) announces a virtual public meeting of the Controlled Plant and Noxious Weed Committee (Committee), established by 3 Pa.C.S. § 1511 (relating to designation of noxious weeds and controlled plants). The meeting will be held at 1 p.m. on October 22, 2020, by means of teleconference. The call in number 1-267-332-8737. The conference ID # 18849425.

The purpose of the virtual public meeting is to consider the addition of seven plants to the noxious weed list. If time permits, these seven plants will be considered at this meeting:

- Japanese Angelica Tree (*Aralia elata*) Proposed Class A or B
- Japanese Hops (*Humulus japonica*) Proposed Class B
- Common Reed (*Phragmites australis* spp. *australis*) Proposed Class B
- Oriental Bittersweet (*Celastrus orbiculatus*) Proposed Class B
- Black Swallowwort (*Vincetoxium nigrum* syn. *Cynachum louiseae*) Proposed Class B
- Pale Swallowwort (*Vincetoxium rossicum* syn. *Cynachum rossicum*) Proposed Class B
- Mugwort (*Artemisia vulgaris*) Proposed Class B

Public comment will be accepted either in person at the meeting or in writing prior to the virtual public meeting. Written comments may be sent to RA-plant@pa.gov or the Department of Agriculture, Bureau of Plant Industry Noxious Weed Program, 2301 North Cameron Street, Harrisburg, PA 17110. Written comments must be received by October 21, 2020, to be considered. Written comments will become a part of the record, with the same force as if presented during the meeting.

The virtual public meeting agenda is as follows: presentation of background information on plants for consideration; public comment period; Committee discussion; Committee action on plants under consideration; and new business.

Individuals with questions regarding this meeting should contact the Department at (717) 787-4843.

Fiscal Year 2020-2021 Annual Plan for Awarding Grants Under the Pennsylvania Agricultural Fair Act

This notice presents the Fiscal Year (FY) 2020-2021 Annual Plan (Annual Plan) of the Department of Agriculture (Department) for the administration of the grant

program authorized under the Pennsylvania Agricultural Fair Act (act) (3 P.S. §§ 1501—1508.1). It prescribes how the available funds appropriated by the General Assembly shall be distributed. This Annual Plan is authorized by section 8(a) of the act (3 P.S. § 1508(a)), has been prepared with the assistance and advice of the Agricultural Fair Advisory Committee (Committee), and was approved by that Committee at its September 21, 2020, meeting.

The act authorizes the Department to make grants to organizations conducting eligible agricultural fairs, State-wide agricultural organizations which contribute to the development of agriculture and agribusiness and to eligible agricultural youth groups for support of their programs.

Funds appropriated by the General Assembly to fund the act in FY 2020-2021 shall be dispersed by the Department as follows, on a funds-available basis, in the following order of priority:

1. First priority shall be given to grants to finance a portion of a fair's operating costs. These costs include, but are not limited to, the cost of exhibiting agribusiness products, materials and equipment, conducting agricultural or agribusiness educational activities and demonstrations, and awarding premiums to contest and exhibit winners at the agricultural fair. For these grants, the maximum payment shall be as allowed for each Class Fair under section 5(1)(i)(A) of the act (3 P.S. § 1505(1)(i)(A)). These maximum payments range from \$2,500 to \$14,000, depending on the Class Fair involved.

2. Second priority shall be given to grants to finance a portion of the agricultural premiums identified in section 5(1)(i)(B) of the act. For these grants, the maximum payment shall not exceed \$15,000.

3. Third priority shall be given to grants to reimburse a county agricultural society, or an independent agricultural society, that conducts harness horse racing at its annual agricultural fair, other than races for colts and fillies 2 and 3 years of age, in an amount equal to that used during the annual agricultural fair as purse money for harness horse racing, track and stable maintenance, starting gate rental and the cost of harness horse racing officials during the annual fair. For these grants, the maximum amount of reimbursement shall be as allowed under section 5(1)(iii) of the act. This maximum amount is \$13,000, at least \$4,000 of which must be used to reimburse purse money.

4. Fourth priority shall be given to grants to reimburse a county agricultural society, or an independent agricultural society, that conducts harness horse racing for 2-year-old and 3-year-old colts and fillies at its annual agricultural fair. For these grants, the maximum amount of reimbursement shall be as allowed under section 5(1)(iv) of the act. This maximum amount is \$7,600.

5. Fifth priority shall be given to grants to reimburse a Statewide agricultural organization that conducts an agricultural fair and is otherwise eligible for grants under section 5(2) of the act, for up to \$2,000 of its fair's operating expenses (including premium payments) on a dollar-for-dollar basis, and for 50% of all additional premium costs that are not included in that initial dollar-for-dollar reimbursement, up to a maximum amount of \$10,000. The total maximum payment shall not exceed \$12,000.

6. Sixth priority shall be given to grants to countywide or Statewide 4-H and Future Farmers of America (FFA) or combined FFA and Future Homemakers of America units of boys and girls under 21 years of age that are eligible for grants under section 5(3) of the act. Grants shall be awarded in accordance with the requirements of that provision of the act.

a. The purpose of the act is to make funds available to encourage the further development and improvement of this Commonwealth's agricultural fairs, and to continue the contribution of agricultural fairs to agriculture and agribusiness by encouraging related careers, fostering agricultural production and agricultural product improvements, and promoting increased investments in agriculture. This Commonwealth's agricultural fairs also enrich the life of the community by showcasing agricultural and agribusiness achievements, offering recreational opportunities and promoting tourism. For these reasons, the Department encourages those agricultural youth groups that are eligible for grants under section 5(3) of the act to engage in projects and activities that are conducted at agricultural fairs or that are of direct benefit to agricultural fairs.

b. The Department will award grants to the agricultural youth groups previously described as follows:

i. For actual expenses incurred for activities which contribute to the advancement of agriculture or agribusiness by a 4-H Youth group, a payment which will be calculated according to the following formula, under authority of section 5(3) of the act:

Tier 1: \$2,000 for total enrollment of up to 1,000 members plus \$1.50 for each traditional member and \$1 for each school enrichment/special interest member.

Tier 2: \$2,500 for total enrollment of 1,001 to 2,000 members plus \$1.50 for each traditional member and \$1 for each school enrichment/special interest member.

Tier 3: \$3,000 for total enrollment of 2,001 to 3,000 members plus \$1.50 for each traditional member and \$1 for each school enrichment/special interest member.

Tier 4: \$3,500 for total enrollment of 3,001+ members plus \$1.50 for each traditional member and \$1 for each school enrichment/special interest member, a maximum reimbursement of \$9,000.

ii. For actual expenses incurred for activities which contribute to the advancement of agriculture or agribusiness by FFA Youth groups, a payment which will be calculated using the following formula, under authority of section 5(3) of the act:

Tier I: County FFA Organizations with 100 members or less will receive base funding of \$1,000 with an additional \$4 per member.

Tier II: County FFA Organizations with 101 to 210 members inclusive will receive a \$2,000 base funding with an additional \$2 per member.

Tier III: County FFA Organizations with 211 members or more will receive funding of \$2,000 with an additional \$4 per member for every member over 210.

7. Any funds remaining after the previous grants have been awarded shall be utilized for capital improvement as provided in section 5(1)(ii) of the act.

Given the ongoing novel coronavirus (COVID-19) pandemic, the Department advises that the amount of funding appropriated for dispersal in accordance with the act and this Annual Plan may ultimately be less than in previous years. Also, in the event subsequent COVID-19-related legislation changes available funding amounts or requires that expenditures of available funding be reprioritized, the Department will publish a revised version of this Annual Plan that is consistent with that legislation.

The Department will endeavor to disburse the previous payments at the earliest date practicable.

Secretary

DEPARTMENT OF ENVIRONMENTAL PROTECTION**Applications, Actions and Special Notices****APPLICATIONS**

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION
SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM)
PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater

associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30-days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

**STATE CONSERVATION COMMISSION
PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS
FOR NPDES PERMITS FOR CAFOs**

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed (National Pollutant Discharge Elimination System) NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the

name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environ- mental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent (NOI) to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a (NOI) to Remediate with the Department. A NOI to Remediate filed with the Department provides a brief description of

the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified person, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a NOI to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources

with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

63-00074A: Langeloth Metallurgical Co., LLC (P.O. Box 608, 10 Langeloth Plant Drive, Langeloth, PA 15054-0608). Notice is hereby given in accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (Department) intends to issue Air Quality Plan Approval 65-00074A to allow the modification and temporary operation of two (2) existing 16.3 Mcf/hr roasters; the reactivation of three (3) existing 260 tons raw material silos; and the continued operation of the existing aluminothermic process to diversify products without a physical change. The Plan Approval also

allows the installation and initial temporary operation of: two (2) 10,400 SCFM afterburners and spray coolers; one (1) 63,300 SCFM Circulating Bed Scrubber; one (1) 70,900 SCFM baghouse; four (4) electric oxide production sources; four (4) 13,340 SCFM baghouses; one (1) 2,000 SCFM baghouse; one (1) 2,450 SCFM baghouse; three (3) 1,200 SCFM bin vent collectors; one (1) unloading source controlled by a 1,300 baghouse; one (1) packaging source; one (1) 1,900 SCFM baghouse; one (1) 277 ton hydrated lime silo; one (1) 507 SCFM bin vent filter; one (1) 386 tons spent hydrated lime silo and truck loading source; one (1) 1,229 SCFM baghouse; and the continued use of the facility paved roadway. The facility is located in Smith Township, **Washington County**.

Facility-wide potential to emit after completion of the project shall not equal or exceed 37.0 tons of nitrogen oxides (NO_x), 28.0 tons of carbon monoxide (CO), 75.0 tons of particulate matter less than 10 microns in diameter (PM₁₀), 74.0 tons of particulate matter less than 2.5 microns in diameter (PM_{2.5}), 249.7 tons of sulfur dioxide (SO₂), 5.0 tons of volatile organic compounds (VOC), and 1.0 ton of total hazardous air pollutants (HAPs). Each roaster process will include one (1) electrostatic precipitator and one (1) afterburner and spray cooler. Both roasters will be controlled by one (1) Circulating Bed Dry Scrubber and one (1) baghouse combined. Control of the four (4) oxide production sources will be through two (2) baghouses each as well as good operating practices. The proposed controls for the three (3) raw material silos and one (1) hydrated lime silo are bin vent filters. Control for raw silo unloading, packaging, and spent hydrated lime silo and truck loading is one (1) baghouse. The existing paved road will be controlled via water truck and sweepers as needed. All new sources were evaluated for compliance with best available technology (BAT) requirements. Grand-fathered sources not subject BAT and their proposed controls have been evaluated for technical stringency.

The authorization is subject to State as well as Federal National Emission Standards for Hazardous Air Pollutants regulations under 40 CFR Part 63 Subpart YYYYYY. This project was evaluated for, but does not trigger the requirements of, 25 Pa. Code Chapter 127 Subchapter D and 40 CFR Part 52.21 Prevention of Significant Deterioration requirements. This plan Approval has been conditioned to ensure compliance with all applicable regulatory requirements, including: emissions restrictions, operational restrictions, testing, monitoring, recordkeeping, reporting, and work practice requirements. Once compliance with the Plan Approval is demonstrated, the applicant will be required to revise the existing Title V Operating Permit or submit a revision to the pending Title V Operating Permit application in accordance with 25 Pa. Code Chapter 127 Subchapter G.

The Plan Approval Application, the Department's Air Quality Review Memorandum, the proposed Air Quality Plan Approval, and other relevant information for this project are available for review by any interested party at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To request a review of the Plan Approval Application, to receive an electronic copy of the Department's Air Quality Review Memorandum, or to receive an electronic copy of the Department's proposed Air Quality Plan Approval for this project, a person may contact the Department at 412.442.4000.

A person may oppose the proposed plan approval by filing a written protest with the Department through Laura Dickson, Pennsylvania Department of Environmen-

tal Protection, 400 Waterfront Drive, Pittsburgh, PA 15222; ldickson@a.gov; or fax 412.442.4194. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval (PA-63-00074A), and a concise statement of the objections to the plan approval issuance and the relevant facts upon which the objections are based. All comments must be received prior to the close of business 30 days after the date of this publication.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Mark R. Gorog, Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222 or by email to mgorog@pa.gov.

The City of Philadelphia, Air Management Services (AMS) intends to issue a Plan Approval for installation of air pollution sources at the following facility:

IP20-000351: The Children's Hospital of Philadelphia (3401 Civic Center Boulevard, Philadelphia, PA 19104) for the installation of air emission sources at a hospital, in the City of Philadelphia, **Philadelphia County**. The air emission sources that are part of the Plan Approval are six (6) boilers firing natural gas or ultra-low sulfur (ULS) No. 2 heating oil each rated 29.629 MMBtu/hr (natural gas)/720 HP (natural gas and oil), and three (3) emergency generators firing ultra-low sulfur (ULS) No. 2 heating oil each rated 2,789 HP. The potential emission from the installation are as follows: (1) 29.83 tons per year (tpy) of Carbon Monoxide (CO), (2) 15.94 tpy of Nitrogen Oxides (NO_x), (3) 6.72 tpy of Particulate Matter (PM), (4) 2.82 tpy of Volatile Organic Compound (VOC), and (5) 0.55 tpy of Sulfur Oxides (SO_x). The plan approval will contain operating, monitoring, and recordkeeping requirements to ensure operation within all applicable requirements.

The plan approval will be issued under 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest, comments, or request a public hearing on the previously listed plan approval must submit the protest, comments or request for a public hearing within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the plan approval or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty days before the hearing.

IP No. 20-000220: Kimpton Hotel Palomar Philadelphia (117 South 17th Street, Philadelphia, PA 19103), **Philadelphia County**, for installing three (3) each 2.0 MMBtu/hr, two (2) each 2.449 MMBtu/hr, and one (1) 250 Kw, and one (1) 290 hp diesel engines. There will be a potential emission increase of 3 tons of Nitrogen Oxides (NO_x) per year for the facility. The plan approval will contain operating, monitoring and recordkeeping requirements to ensure operation within all applicable requirements.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

38-05017: Greater Lebanon Refuse Authority (1610 Russell Road, Lebanon, PA 17046) to issue a Title V Operating Permit for the municipal solid waste landfill in North Lebanon Township, **Lebanon County**. Actual emissions from the facility in 2019 were reported to be 1.25 ton CO, 0.06 ton NO_x, 0.04 tons PM₁₀/PM_{2.5}, 0.04 ton SO_x, and 5.79 tons VOC. The Title V Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR 60, Subpart WWW—Standards of Performance for Municipal Solid Waste Landfills, 40 CFR 60, Subpart JJJJ—Standards of Performance for Stationary Spark Ignition Internal Combustion Engines and 40 CFR 63, Subpart ZZZZ—National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.

28-05040: Ingenco Wholesale Power, LLC (9446 Letzburg Road, Greencastle, PA 17225) to issue a Title V Operating Permit for the landfill gas engines at the Mountain View Landfill located in Peters Township, **Franklin County**. This is for renewal of the Title V permit. Actual VOC emissions reported in 2019 were as follows; 23.75 tons PM₁₀, 95.60 tons NO_x, 3.80 tons CO, 1.39 ton SO₂, 2.85 tons VOC, and 1.47 ton HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR Part 63 Subpart ZZZZ—National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines.

10-00267: Kawneer Commercial Windows, LLC (71 Progress Ave, Cranberry Township, PA 16066-3511). In accordance with 25 Pa. Code §§ 127.441, 127.425, and 127.521, the Department is providing notice that they intend to issue a renewed Title V Operating Permit for the facility located in Cranberry Township, **Butler**

County. The facility's primary emission sources include the operation of surface coating processes and various process ovens. The potential emissions, after permit limitations, of the major pollutants from the facility are as follows: 61.20 TPY (tons per year) NO_x, 51.43 TPY CO, 113.70 TPY VOC, 36.21 TPY total HAPs (hazardous air pollutants), 10.0 TPY Xylene, 1.85 TPY filterable PM₁₀ and PM_{2.5}, and 0.52 TPY SO_x; thus, the facility is subject to Title V requirements for potential emissions of VOC in excess of 50 TPY, combined HAPs in excess of 25 TPY, and a single speciated HAP (xylene) equal to or greater than 10 TPY. The facility is subject to 40 CFR 82 Subpart F for Recycling and Emissions Reductions. The surface coating processes are subject to 40 CFR 63 Subpart M, NESHAP for Surface Coating of Miscellaneous Metal Parts and Products. The Tellkamp Line & Binks Booth is also subject to compliance assurance monitoring (CAM) requirements of 40 CFR Part 64. Various process heaters are subject to 40 CFR 63 Subpart D, NESHAP for Major Sources: Industrial, Commercial and Institutional Boilers and Process Heaters. The diesel emergency engine is subject to 40 CFR 60 Subpart III, Standards of Performance for Stationary Compression Ignition Internal Combustion Engines and presumptive RACT under 25 Pa. Code § 129.97(c)(5) relating to work practice requirements. The coated extrusion bake oven, fill line adhesive application, assembly (sealing, cleaning, touch-up), and paint kitchen are subject to alternative RACT under 25 Pa. Code § 129.99 relating to work practices. The renewal permit will contain emission restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

49-00052: Bimbo Bakeries USA, Inc. (500 Hanover St., Northumberland, PA 17857) to issue a renewal State Only Operating Permit for the Northumberland Plant 2 located in Northumberland Borough, **Northumberland County**. The facility is currently operating under State Only (Synthetic Minor) Operating Permit 49-00052. The facility's main sources include two bread bake ovens, prebaking processes, various boilers and space heaters. The facility has potential emissions of 10.94 TPY of CO; 14.35 TPY of NO_x; 0.08 TPY of SO_x; 1.32 TPY of PM; 29.12 TPY of VOCs; 0.24 TPY HAPs; 15,704 TPY CO_{2e}. The emission limits and work practice standards along with testing, monitoring, recordkeeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. These operating permit conditions have been derived from the applicable requirements of 25 Pa. Code Chapters 121—145. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. The facility is currently operating under State Only Operating Permit 49-00042. The facility's main sources include one No. 2 fuel oil/woodwaste-fired boiler, one wood-fired boiler, woodworking equipment, parts washer, fuel oil storage tanks and eight steam-heated

wood kilns. The facility has potential emissions of 78.84 TPY of CO; 65.15 TPY of NO_x; 0.84 TPY of SO_x; 95.61 TPY of PM/PM₁₀; 3.88 TPY of VOCs; 2.62 TPY of combined hazardous air pollutants; 26,148 TPY GHGs. Both boilers are subject to 40 CFR Part 63, Subpart JJJJJJ—National Emissions Standards for Hazardous Air Pollutants for Industrial, Commercial and Institutional Boilers at Area Sources. The wood-fired boiler is also subject to 40 CFR Part 60, Subpart Dc—Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units. The emission limits and work practice standards along with testing, monitoring, recordkeeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. These operating permit conditions have been derived from the applicable requirements of 25 Pa. Code Chapters 121—145, as well as 40 CFR Parts 60 and 63. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. 17-00045: Pennsylvania Department of Corrections (1920 Technology Parkway, Mechanicsburg, PA 17050-8507) for a State Only (Synthetic Minor) operating permit for their Houtzdale Correctional Institution located in Woodward Township, **Clearfield County**. The facility's sources include two (2) bituminous coal/# 2 fuel oil-fired boilers, two (2) # 2 fuel oil-fired boilers, two (2) diesel-fired generators and lime and ash silos, which have the potential to emit greater than the major thresholds of nitrogen oxides and sulfur oxides. The permittee has taken a throughput limitation on the maximum annual heat input for the two (2) bituminous coal/# 2 fuel oil fired boilers and the two (2) # 2 fuel oil-fired boilers at the facility to obtain a "Synthetic Minor" status. In accordance with 25 Pa. Code §§ 127.424 and 127.425, the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the previously mentioned facility. The subject facility has the following potential emissions: 17.80 TPY of carbon monoxide; 18.25 TPY of nitrogen oxides; 58.87 TPY of sulfur oxides; 24.66 TPY of particulate matter; 0.30 TPY of volatile organic compounds and 17,427 TPY of greenhouse gases. The Department has determined that the sources at the facility satisfy best available technology (BAT) requirements, pursuant to 25 Pa. Code §§ 127.1 and 127.12, the New Source Performance Standards (NSPS) pursuant to 40 CFR Part 60 Subpart Dc and the National Emission Standards for Hazardous Air Pollutants (NESHAP) pursuant to 40 CFR Part 63 Subpart JJJJJJ and 40 CFR Part 63 Subpart ZZZZ. The proposed operating permit includes emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with all applicable air quality regulations.

25-01026: Brugger Funeral Homes & Crematory LLP (845 E 38th St, Erie, PA 16504-1768). The Depart-

ment is providing notice that they intend to renew a State Only Natural Minor Operating Permit for operation of the human crematory located in the City of Erie, **Erie County**. The facility's primary emission source consists of a human crematory. The potential emissions of the primary pollutants from the facility are as follows: 0.4998 TPY (tons per year) NO_x, 0.4142 TPY CO, 0.042 TPY VOC, 0.6557 TPY PM, and 0.3047 TPY SO_x; thus, the facility is a natural minor. The crematory is subject to Plan Approval 25-1026A which includes opacity and emission restrictions. The renewal permit will contain emission restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

25-01039: Glunt Funeral Home and Crematory, Inc. (210 Erie St., Edinboro, PA 16412-2211). The Department is providing notice that they intend to renew a State Only Natural Minor Operating Permit for operation of the human crematory located in Edinboro Borough, **Erie County**. The facility's primary emission source consists of a human crematory. The potential emissions of the primary pollutants from the facility are as follows: 0.4212 TPY (tons per year) NO_x, 1.404 TPY CO, 0.4212 TPY VOC, 0.9828 TPY PM, and 0.351 TPY SO_x; thus, the facility is a natural minor. The crematory is subject to Plan Approval 25-1039A which includes opacity and emission restrictions. The renewal permit will contain emission restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

33-00159: Brookville Mining Equipment Corporation (175 Evans Street, Brookville, PA 15825). The Department intends to renew a State Only Operating Permit for the facility located in Pine Creek Township, **Jefferson County**. The facility manufactures and restores mining and railroad cars and other equipment. The primary sources at the facility include spray booths for surface coating, a heater for the booths and a parts cleaner. The permit also includes the sources at the Pickering Street Facility (spray booth and oven). The facility is a Natural Minor and has no potential emissions of any pollutant over the major source thresholds. The facility uses some coatings that contain the Target HAP so the requirements for 40 CFR 63 Subpart HHHHHH are included in the renewal permit. The renewal permit also contains emission restrictions, recordkeeping, work practice, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

The City of Philadelphia, Air Management Services (AMS) intends to issue a renewal Synthetic Minor Operating Permit for the following facility:

OP17-000054: T.D.P.S Materials (2nd and Erie Streets, Philadelphia, PA 19120), for a block and asphalt paving mixture manufacturing facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include the following:

- One (1) 300 ton/hr hot mix asphalt drum plant with an 85 MMBtu/hr burner firing natural gas, propane, or No. 2 oil.
- One (1) 32,053 scf/min baghouse to control emissions from the hot mix asphalt drum plant.

- One (1) concrete crushing plant consisting of a 400 ton/hr concrete crusher with a 100-brake horsepower (bhp) screener diesel engine for and a 475 bhp crusher diesel engine.

- Fugitive emissions from material handling and vehicle operations.

- One (1) gasoline dispensing facility with Stage II vapor controls.

The changes made as part of the renewal include the following:

- In Section A, updated the permit contact and responsible official information.

- Modification to the facility's Asbestos Inspection and Sampling Plan when conducting crushing operations.

The operating permit will be issued under 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies, review memos or statement of basis, and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest, comments, or request a public hearing on the previously listed operating permit must submit the protest, comments, or request for public hearing within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty days before the hearing.

The City of Philadelphia, Air Management Services (AMS) intends to issue an initial Natural Minor (State Only) Operating Permit for the following facility:

OP19-000020: Phoenix Lithographing Corporation (11631 Caroline Rd., Philadelphia, PA 19154) for the operation of air pollution source at a lithographic printing facility, in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include the following:

- Two (2) heatset presses with capacities of 1,800 feet per minute (ft/min) and 52,000 impressions per hour (imp/hr), respectively

- Three offset sheetfed presses with capacities of 18,000 sheets per hour (sh/hr), 18,000 sh/hr, and 16,500 sh/hr, respectively

- One web coldset presses with a capacity of 20,000 imp/hr

- Two web coldset presses, both with capacities of 1,600 ft/min

- Two web coldset presses (capacities unavailable)

- Two natural gas-fired dryers rated 3 million British thermal units per hour (MMBtu/hr) and 2.73 MMBtu/hr, respectively

- One regenerative thermal oxidizer (RTO) with two burners, each rated 1.5 MMBtu/hr

The operating permit will be issued under 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information

are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest, comments, or request a public hearing on the previously listed operating permit must submit the protest, comments or request for public hearing within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty days before the hearing.

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); the Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); the Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection. A copy of the application is available for inspection at the District Mining Office indicated above each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the District Mining Office indicated above each application within 30-days of this publication, or within 30-days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 (relating to public hearing-informal conferences) or § 86.34 (relating to informal conferences), must contain the name, address and telephone number of the requestor; the application num-

ber; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for

an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Coal Applications Received

Effluent Limits—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

Table 1

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l
pH ¹		greater than 6.0; less than 9.0	

Alkalinity greater than acidity¹

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Permit No. 40050201R7. HUD, Inc. t/a Emerald Anthracite II (P.O. Box 27, Nanticoke, PA 18634), renewal of an existing anthracite coal refuse reprocessing operation in the City of Nanticoke and Newport Township, **Luzerne County** affecting 83.6 acres. Receiving stream: Newport Creek to Susquehanna River, classified for the following uses: cold water and migratory fishes. Application received: August 21, 2020.

Permit No. 54840201R7. Wheelabrator Culm Services, Inc. (100 Arboretum Drive, Suite 310, Portsmouth, NH 03801), renewal of an existing anthracite coal refuse reprocessing and coal refuse disposal operation in Mahanoy Township and Shenandoah Borough, **Schuylkill County** affecting 208.8 acres. Receiving stream: Shenandoah Creek to Mahanoy Creek, classified for the following use: cold water fishes. Application received: August 28, 2020.

Permit No. 54950104R5. City of Philadelphia, Trustee, Acting by the Board of Directors of City Trust for Girard Estate (1101 Market Street, Suite 2600, Philadelphia, PA 19107), renewal of an existing anthracite surface mine operation in West Mahanoy Township and Shenandoah Borough, **Schuylkill County** affecting 397.3 acres. Receiving stream: Shenandoah and Mahanoy Creeks, classified for the following use: cold water fishes. Application received: September 2, 2020.

Permit No. 40980101R4 and NPDES Permit No. PA0224944. Hazleton Materials, LLC (P.O. Box 196, Skippack, PA 19474), renewal of an existing anthracite surface mine and coal refuse reprocessing operation and NPDES Permit for discharge of treated mine drainage in Foster Township, **Luzerne County** affecting 1,261.0 acres. Receiving streams: Little Sandy Run, unnamed tributary to Buck Mountain Creek, unnamed tributary to Hazle Creek and Black Creek, classified for the following use: HQ—cold water fishes. Application received: September 9, 2020.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Table 2

<i>Parameter</i>	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity*			
pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, (814) 342-8200, (Contact: Ashley Smith).

Permit No. 14920301 and NPDES PA0207039. Con-Stone, Inc., P.O. Box 28, Bellefonte, PA 16823. Renewal for an NPDES on an existing large noncoal surface mine site located in Haines Township, **Centre County** affecting 96.7 acres. Receiving stream(s): Pine Creek classified for the following use(s): EV. Application received: September 11, 2020.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, (570) 621-3118, (Contact: Theresa Reilly-Flannery).

Permit No. 6174SM5A1C12 and NPDES Permit No. PA0594423. Meckley's Limestone Products, Inc. (P.O. Box 503, Herndon, PA 17830), renewal of an NPDES Permit for discharge of treated mine drainage from a quarry operation in Lower Mahanoy Township, **Northumberland County** affecting 166.6 acres. Receiving stream: unnamed tributary to Upper Fiddlers Run and Fiddlers Run, classified for the following uses: warm water and migratory fishes. Application received: September 2, 2020.

Permit No. 7774SM3C3 and NPDES Permit No. PA022449. New Enterprise Stone & Lime Co., Inc. (3912 Brumbaugh Road, New Enterprise, PA 16664), renewal of an NPDES Permit for discharge of treated mine drainage from a quarry operation in Maxatawny Township, **Berks County** affecting 177.50 acres. Receiving stream: Sacony Creek, classified for the following uses: trout stocking and migratory fishes. Application received: August 8, 2020.

Permit No. 64070815. Ken Coutts Excavating (P.O. Box 819, Hamlin, PA 18427), bond release on a quarry operation in Paupack Township, **Wayne County** affecting 2.0 acres on property owned by The Dime Bank. Application received: September 10, 2020.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96). The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30-days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30-days of this public notice and contain the name, address, telephone number and the interest of the party filing the request and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341), requires the state to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), as well as relevant state requirements. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30-days of the date of this notice, as well as any questions to the office noted above the application. Comments should contain the name,

address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8:00 AM and 4:00 PM on each working day at the office noted above the application.

If you are a person with a disability and wish to attend the hearing and you require an auxiliary aid, service or other accommodation to participate in the proceedings,

please contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Applications Received Under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1–693.27) and Section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and Requests for Certification Under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

Permit No. E2301220-027, MCBH Drexeline Plaza LP, 2701 North Charles Street, Suite 404, Baltimore, MD 21218, Upper Darby Township, **Delaware County**, ACOE Philadelphia District.

To perform the following listed water obstruction and encroachment activities associated with the redevelopment of the Drexeline Shopping Center, which will include new building structures, a parking lot, and stormwater facilities. The proposed project consists of the installation of two stormwater outfalls in floodway of Darby Creek (TSF, MF), which includes 18,639 SQ FT of temporary floodway impacts, 23,988 SQ FT of permanent floodway impacts, 14,422 SQ FT of temporary floodplain impacts, and 162,840 SQ FT of permanent floodplain impacts. The proposed project also includes eight new utility line crossings over the enclosed stream (box culvert) of Collen Brook (WWF, MF) with 527 linear feet of temporary stream impacts and 42 linear feet of permanent stream impacts. There are no wetland impacts.

The site is approximately at 5100 State Road, Drexel Hill, PA (Lansdowne, PA Lat: 39° 56' 43"; Long: -75° 19' 25") in Upper Darby Township, Delaware County.

Permit No. E4601220-036, Lower Moreland Township, 640 Red Lion Road, Huntingdon Valley, PA 19006, Lower Moreland Township, **Montgomery County**, ACOE Philadelphia District.

To construct and maintain approximately 950 LF of a 12 ft wide pedestrian trail in and along the 100 year floodway of Huntingdon Valley Creek (TSF, MF) impacting 0.207 acre of permanent floodway impact, as an extension to the existing trail which was issued previously under permit number E46-1177.

The site is located near the intersection of Philmont Avenue and Red Lion Road (Frankford, PA USGS map; Lat: 40.119423; Long: -75.059164) in Lower Moreland Township, Montgomery County.

Permit No. E4601220-038, Whitpain Township, 960 Wentz Road, Blue Bell, PA 19422, Whitpain Township, **Montgomery County**, ACOE Philadelphia District.

To construct and maintain a poured in place concrete stepping stone (8) in and along UNT to Stony Creek (TSF) and to span an existing 17 feet wetland with 25 feet boardwalk as a part of new proposed Township Regional Trail Connector.

The site is located near the intersection of Jolly Road and the PECO Trail Corridor (Lansdale, PA USGS map; Lat: 40.153499; Long: -75.290116) in Whitpain Township, Montgomery County.

Permit No. E4002220-027. IRIS USA, Inc., 13423 W. Cactus Road, Surprise, AZ 85379, in Hazle Township, **Luzerne County**, U.S. Army Corps of Engineers, Baltimore District.

To construct and maintain the following water obstructions and encroachments associated with the IRIS USA Lot # 103 Project:

1. A fill within normal pool elevation of thirty (30) individual lacustrine waterbodies associated with former mining activities within the Cranberry Creek Watershed (CWF, MF) totaling 1.674 acre. The purpose of these impacts associated with the construction of a 502,773 ft² commercial building and associated access roads and parking lots on CanDo Lot # 103. This is an after-the-fact authorization.

2. A stream enclosure of a UNT to Cranberry Creek (CWF, MF) consisting of a 144-LF, 24-inch diameter SLCCP having concrete wingwalls, riprap, and an invert depressed 6-inches below natural streambed elevation.

3. A channel change of a UNT to Cranberry Creek (CWF, MF) consisting of a 479-LF, 16-foot wide, 1-foot deep constructed stream channel having a 2-foot wide low flow channel, 3:1 side slopes, four (4) rock cross vanes, boulder placement, a streambed comprised of natural streambed material, and longitudinal slopes ranging from 0.5to 1.74.

The project is located at Lot # 103 in the CanDo Industrial Park, approximately 0.88-mile southwest of the intersection of S.R. 940 and I-81 (Conyngham, PA Quadrangle Latitude: 40° 55' 50.8"; Longitude: -76° 01' 51.22") in Hazle Township, Luzerne County.

Permit No. E6402220-022. Melissa Johanningsmeier, 913 S. Saint Bernard Street, Philadelphia, PA 19143, in Preston Township, **Wayne County**, U.S. Army Corps of Engineers, Baltimore District.

To construct and maintain a 28-inch wide by 230-foot long elevated wooden walkway, with an 8-foot wide by 12-foot long observation deck in the basin of Coxton Lake (CWF, MF) for access to the proposed 80-foot long by 4-foot wide pile supported recreational dock encroaching over the lake. The elevated walkway will permanently impact a de minimus area of EV wetland equal to 0.015 acre. The project is located to the right of Wrighter Lake Road, approximately 1.4 miles after the Dixie Highway and Wrighter Lake Road intersection (Coxton Lake, PA Quadrangle Latitude: 41° 51' 28"; Longitude: -75° 26' 48") in Preston Township, Wayne County.

E6703220-022. York Township Water and Sewer Authority, 190 Oak Road, Dallastown, PA 17313-9307, York Township, **York County**, U.S. Army Corps of Engineers Baltimore District.

The applicant proposes to construct and maintain an 8.0-inch PVC sanitary sewer line 1) through a palustrine emergent wetland, permanently impacting 0.01 acre and temporarily impacting 0.01 acre, 2) in and under an unnamed tributary to Mill Creek (WWF, MF) permanently impacting 3 linear feet and temporarily impacting 27 linear feet, and 3) through the floodway of an un-

named tributary to Mill Creek (WWF, MF) permanently impacting 0.01 acre of floodway and temporarily impacting 0.23 acre of floodway, all for the purpose of abandoning an existing pump station and installing a new gravity sewer line to connect to an existing pump station. The project is located between Brighkin Dr. and Willetta Ct. in York Township, York County (Latitude: 39.9299; Longitude: -76.6797).

ments, in Smethport Borough, **McKean County**, ACOE Pittsburgh District (Smethport, PA Quadrangle N: 41°, 48', 23"; W: -78°, 26', 56").

The applicant is proposing to conduct improvements to the Hamlin Lake Park along W Willow Street in Smethport Borough, McKean County by constructing a new parking area with ADA parking and access; as well as, renovating the existing kayak launch area with proper ADA access including 4 parking spaces, three trailer spaces, and a 5 feet wide pathway to also include a new driveway entrance on W Willow Street, impacting approximately 3,300 square feet (0.075 acres) of Floodway to Hamlin Lake.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania*

Bulletin unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Straban Township	1745 Granite Station Road Gettysburg, PA 17325	Adams

Plan Description: Approval of a revision to the official plan of Straban Township, Adams County. The project is known as John M. & Judy A. Egloff. The plan provides for a Small Flow Treatment Facility (SFTF) proposal to replace a malfunctioning on-lot sewage disposal system serving an existing single-family residential dwelling on 5.6 acres with total estimated sewage flows of 400 gpd. There will be a proposed stream discharge tributary to Swift Run. The proposed development is located at 276 Coleman Road in Straban Township, York County. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is

A3-01929-355-3s and the APS Id is 1021969. Any permits must be obtained in the name of the property owner.

SEWAGE FACILITIES ACT PLAN DISAPPROVAL

The proposed development is located on Spook Lane. This plan is disapproved because it is incomplete due to the failure to provide sufficient information and supporting documentation as required by Act 537, The Clean Streams Law (CSL), and regulations promulgated thereunder, for the Department to conduct a technical review and act upon the application. The items missing include the preliminary hydrogeologic study, a Pennsylvania Natural Diversity Inventory (PNDI) response from the affected agency (USFWS), soil testing forms for the Lot 2A replacement area, and a signature and seal by the Professional Land Surveyor on the plot plans.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>

Plan Description: The planning module for the New Enterprise Frys Road Subdivision (DEP Code No. A3-36933-274-2; APS ID No. 1023806) has been disapproved. The proposed development—to be located at 1040 Frys Road in Ephrata—consists of a proposed onlot sewage disposal system for an existing mobile home. This planning module has been disapproved because the submission did not include a complete General Site Suitability Plot Plan, information about possible marginal conditions, an Alternative Sewage Facilities Analysis, a preliminary hydrogeologic study, and deed information to support fee exemption.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated

substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and

cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of Sections 301–303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311–1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by these actions may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If you want to challenge this action, your appeal must reach the Board within 30-days. You do not need a lawyer to file an appeal with the Board.

Important legal rights are at stake, however, so you should show this notice to a lawyer at once. If you cannot afford a lawyer, you may qualify for free pro bono representation. Call the Secretary to the Board (717) 787-3483 for more information.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1–693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

CORRECTIVE ACTION UNDER ACT 32, 1989

PREAMBLE 2

The following plans and reports were submitted under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245, Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning plans or reports, please contact the Environmental Cleanup Program Manager in the DEP Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the DEP through the Pennsylvania AT&T Relay Service at (800) 654-5984.

CORRECTIVE ACTION UNDER ACT 32, 1989

PREAMBLE 3

The DEP has taken action on the following plans and reports under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245, Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports.

A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or

non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

The DEP may approve or disapprove plans and reports submitted. This notice provides the DEP's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the DEP Regional Office under which the notice of the plan or report appears. DEPARTMENT OF HUMAN SERVICES

Medical Assistance Quality Strategy for the Commonwealth

The Department of Human Services (Department) is making available for public review and comment the Medical Assistance (MA) and Children's Health Insurance Program (CHIP) Managed Care Quality Strategy for the Commonwealth.

Background

The Centers for Medicare & Medicaid Services (CMS) requires states to draft and implement a written quality strategy for assessing and improving the quality of health care and services furnished by managed care organizations that have a contract with the Department (see 42 CFR 438.340 (relating to managed care State quality strategy)). As a result, the Department has developed the MA and Children's Health Insurance Managed Care Quality Strategy for the Commonwealth (Quality Strategy), which discusses the various quality improvement initiatives the Department has implemented to increase the quality of care for individuals receiving services through its managed care programs. The Quality Strategy for the Commonwealth is not intended to comprehensively describe all the activities that the Department undertakes to assure the quality of care rendered to individuals who are receiving services through managed care programs.

The Department is required by 42 CFR 438.340(c)(2) to update its managed care quality strategy as needed. The updates included in this version of the Quality Strategy reflect developments in the Community HealthChoices program, changes made to improve alignment among the various managed care programs, new value-based pur-

chasing, targets, and updated goals, objectives, and quality improvement initiatives. All Federal regulatory references have been updated to refer to the current version of the Medicaid managed care final rule.

Discussion

The Quality Strategy will be used to assure that the contractors that are implementing the Department's managed care programs are in compliance with the terms of their agreements with the Department and have committed resources to meet the following: to perform monitoring and ongoing quality improvement; to contribute to the improvement of health for the populations they serve; and to incorporate new programmatic changes to assure that the individuals they serve have timely access to high-quality care.

Across the Department, the focus is on increasing alignment among the various managed care programs, moving toward compliance with Federal law by reporting on the CMS Core Set by 2024, and improving the provision of services to Pennsylvanians who are especially vulnerable, including individuals with disabilities, individuals with serious persistent mental illness and individuals with opioid use disorder.

The Office of Medical Assistance Programs' (OMAP) key initiatives continue to be centered around value-based purchasing, and include reducing preventable hospital admissions and readmissions, improving coordination and integration between physical health and behavioral health managed care programs, and incentivizing hospitals to follow-up on opioid-related emergency department admissions. OMAP is also encouraging expanded use of community-based care management teams, as well as continued implementation of the Patient Centered Medical Home model and the development of a Perinatal Quality Collaborative.

The Office of Mental Health and Substance Abuse Services' key quality improvement initiatives include value-based purchasing arrangements, expansion of telepsychiatry services, implementation of a Section 1115 Demonstration Waiver to provide substance use disorder treatment services, suicide prevention and tobacco cessation initiatives, and further expansion of the evidence-based programs available for Behavioral HealthChoices consumers.

The Office of Long-Term Living (OLTL) has implemented Community HealthChoices, a Statewide mandatory managed care program. Eligible individuals include: (i) adults that are eligible for MA and need long-term services and supports; and (ii) individuals who are dually eligible for MA and Medicare. As this program matures, OLTL will focus on developing value-based purchasing models for home and community-based services and will use Performance Improvement Programs to reduce potentially avoidable nursing facility admissions.

The Office of CHIP recently transitioned to become a part of OMAP. As a result of this transition, CHIP will be making changes in its policies and procedures to better align with the procedures and resources of MA, allowing individuals to easily transition between the CHIP and MA Programs.

Finally, key quality initiatives for the Adult Community Autism Program (ACAP) include increasing the number of community-based services available for individuals who receive services through ACAP, improving coordination across multiple systems that provide support for adults

with autism and improving the service delivery system to address the diversity of needs of individuals who are diagnosed with autism.

The MA Quality Strategy for the Commonwealth can be viewed at <http://www.healthchoices.pa.gov/providers/resources/publications/physical/index.htm>.

Public Comment

Interested persons are invited to submit comments regarding the MA Quality Strategy for the Commonwealth to the Department at RA-PWQualityStrategy@pa.gov. Comments received within 30 days must be reviewed and considered before the Quality Strategy is submitted to CMS for review (see 42 CFR 438.340(c)(1)).

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).
