READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

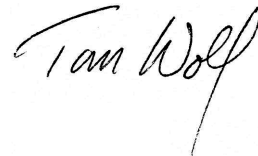

GOVERNOR'S OFFICE

Proclamation; Senate Bill No. 906, Printer's No. 1447

I, Tom Wolf, Governor of the Commonwealth of Pennsylvania, have caused this Proclamation to issue and, in compliance with the provisions of Section 15 of Article IV of the Constitution of Pennsylvania, do hereby give notice that I have filed in the Office of the Secretary of the Commonwealth, with my objections thereto, the following bill passed by both houses of the General Assembly at the Regular Session of 2019-2020:

Senate Bill No. 906, Printer's No. 1447, entitled "An Act [a]mending the act of October 20, 1966 (3rd Sp. Sess., P.L. 96, No. 6), entitled 'An act relating to mental health and intellectual disability; authorizing county programs and amending, revising and changing the laws relating thereto and making an appropriation,' in preliminary provisions, further providing for definitions; and, in responsibilities of the State, providing for State center closure moratorium."

Given under my hand and the Great Seal of the Commonwealth, at the City of Harrisburg, this twelfth day of February, in the year of our Lord two thousand and twenty, and of the Commonwealth the two hundred and forty-fourth.

Governor

Attest:

KATHY BOOCKVAR,
Secretary of the Commonwealth

GOVERNOR'S OFFICE

Notice of Veto; Senate Bill 906, Printer's No. 1447

February 12, 2020

To the Honorable Senate of the
Commonwealth of Pennsylvania

Pursuant to Article IV, Section 15 of the Pennsylvania Constitution, I am returning herewith, without my approval, Senate Bill 906, Printer's Number 1447.

All people deserve the opportunity to live among their family and peers in integrated, supportive homes. Quality home and community-based care should be the priority for the individuals we serve.

Community care results in better outcomes for individuals with disabilities. Individuals with disabilities should be offered an everyday life as fully integrated members of our communities. My goal is to serve more individuals in the community, reduce reliance on institutional care, and improve access to home and community-based services.

This legislation does not promote this investment and transition to community-based care for individuals with a disability. Instead, this legislation continues the reliance on institutionalization and is a barrier to community living.

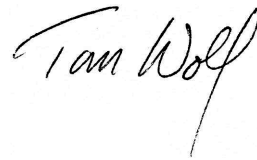

Specifically, this legislation is in response to the recent announcement of the closures of two state-operated centers: Polk State Center and White Haven State Center. These centers are large institutions that are costly to maintain and do not promote community living. As individuals have transitioned to the community, the need for state-operated centers has declined. It should be acknowledged that closures of state centers have always been controversial. The process that the Department of Human Services has followed for state center closure announcements was established to provide for the planful transition of residents and staff and to honor agreements with the employee unions. The department has followed this announcement procedure for the last two decades. The Department fully understands the gravity of the decision to close a center and has extensive procedures in place for such closures.

As previously announced, my administration will continue to work with residents, their families and the employees of the state centers to provide a smooth and safe transition over the next few years. No resident will leave these state-operated centers without a destination of the resident's and the family's choosing, including the option to remain in a state center setting. Further, no resident will leave without a fully developed individualized plan for the physical, emotional, developmental, social and mental health needs of the resident.

The debate around this closure has been polarizing. I look forward to the parties coming together and shifting our focus to ensuring a thoughtful and successful transition for each resident and each employee.

For the reasons set forth above, I must withhold my signature from Senate Bill 906, Printer's Number 1447.

Sincerely,

A handwritten signature in black ink that reads "Tom Wolf". The signature is written in a cursive, flowing style.

Governor

THE COURTS

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART II. GENERAL ADMINISTRATION

[204 PA. CODE CH. 33]

Adoption of Rules for Continuing Judicial Education; No. 827 Supreme Court Rules Doc.

Order

Per Curiam:

And Now, this 7th day of February, 2020, upon the recommendation of the Continuing Judicial Education Board of Judges, it is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rules 101 through 605 of the Rules for Continuing Judicial Education are adopted in the following form.

To the extent that notice of proposed rulemaking would otherwise be required, the immediate promulgation of the rules is found to be in the interests of justice and efficient administration.

This Order shall be processed in accordance with Pa.R.J.A. No. 103(b), and the rules herein shall be effective in 30 days.

Rule 101. Title and Citation.

These Rules shall be known as the Pennsylvania Continuing Judicial Education Rules ("Rules") and may be cited as "Pa.C.J.E. Rule ____."

Rule 102. General.

(a) *Purpose.* The public properly expects that judges will maintain professional competence and ethical behavior. These rules are intended to meet the public's expectations by promulgating mandatory continuing education requirements for Pennsylvania judges.

The continuing judicial education program is adopted to assure that judges continue their education to have and maintain the requisite knowledge and skill to fulfill their judicial responsibilities. To satisfy this requirement, judges must participate in continuing judicial education programs or activities that reinforce and enhance their judicial practice.

Comment

See Supreme Court Order of December 9, 2016, No. 719 Supreme Court Rules Docket.

(b) *Scope.* Justices of the Supreme Court of Pennsylvania, and judges of the Commonwealth Court of Pennsylvania, the Superior Court of Pennsylvania, the Courts of Common Pleas, and Philadelphia Municipal Court, and certified senior judges of these courts, must complete a program of continuing judicial education as of January 1, 2017 and thereafter. All exceptions and exemptions from this requirement must have the approval of the Continuing Judicial Education Board of Judges ("Board").

(c) *Definitions.* Subject to any definitions contained in subsequent rules, the following words and phrases, when used in these rules, shall have, unless the context clearly indicates otherwise, the following meanings:

"*Accredited Provider.*" A provider of continuing judicial education that has been approved to provide judicial education courses or activities for judicial education credit in accordance with these rules.

"*Alternative Education Activity.*" A nontraditional continuing education program or activity.

"*Applicant.*" A non-accredited provider or a provider who has lost accreditation.

"*Board.*" The Continuing Judicial Education Board of Judges established by the Supreme Court's Order of December 9, 2016.

"*CJE.*" Continuing judicial education to be provided under these rules.

"*Department.*" The Judicial Education Department of the Administrative Office of Pennsylvania Courts.

"*Distance Education.*" Education that is delivered remotely.

"*Judge.*" A commissioned jurist in the Commonwealth's Unified Judicial System who is a justice of the Supreme Court of Pennsylvania, a judge of the Superior Court of Pennsylvania, a judge of the Commonwealth Court of Pennsylvania, a judge of a Court of Common Pleas, or a judge of the Philadelphia Municipal Court. The term also includes judges serving on the aforementioned courts in senior status pursuant to Pa.R.J.A. No. 701.

"*Judicial Education.*" Includes topics of study that encompass substantive and procedural law and judicial ethics, as well as topics to enhance judicial skills, including, but not limited to, case management, legal writing, legal history, philosophy of law, and the physical and social sciences.

“Judicial Practice.” Includes, but is not limited to, a judge’s knowledge, competence, and proficiency in the areas of substantive law, procedural law, judicial ethics, and judicial procedures.

“Provider.” A person or entity that delivers continuing judicial education under these rules.

“Supreme Court.” The Supreme Court of Pennsylvania.

Rule 201. Continuing Judicial Education Board of Judges.

(a) The Continuing Judicial Education Board of Judges (“Board”) is that body first established by the Supreme Court under its Order of December 9, 2016, No. 719 Supreme Court Rules Docket, and as hereinafter continuing under these rules.

(b) The primary purpose of the Board is to guide the development and delivery of continuing judicial education to judges serving the Commonwealth’s Unified Judicial System.

Rule 202. Composition and Terms of the Board.

(a) The Board shall consist of twelve (12) members appointed by the Supreme Court. Eight (8) shall be jurists serving one of the Commonwealth’s courts governed by these rules.

(b) The Supreme Court shall appoint from the members of the Board a chair and a vice chair. The Board may designate such other officers and form such other committees as it deems appropriate.

(c) The terms of the first Board shall be staggered so that four (4) members shall be appointed for three (3) year terms, four (4) members for two (2) year terms, and four (4) members for one (1) year terms.

(d) The regular term of members of the Board shall be for three (3) years, and no member may serve for more than two (2) consecutive three (3) year terms.

Rule 203. Compensation, Expenses, and Immunity.

(a) Board members shall receive no compensation for services provided under these rules, but they shall be reimbursed by the Board for their reasonable and necessary expenses in attendance at meetings and in otherwise fulfilling their responsibilities.

(b) The Board, and its members, employees and agents are immune from all civil liability for conduct and communications occurring in the performance of their official duties relating to the administration of the continuing judicial education requirements.

Rule 204. Powers and Duties of the Board.

The Board is authorized:

(a) To administer these rules, and to act as ordered, directed, or requested by the Supreme Court;

(b) to adopt and administer Regulations and procedures consistent with these rules;

(c) to accredit providers of CJE;

(d) to approve CJE credits;

(e) to audit, examine, inspect, and review the operations of providers, including instructors, classes, curricula, teaching materials and facilities, to assure compliance with these rules;

(f) to determine if judges are in compliance with these rules and to hear appeals from determinations of noncompliance;

(g) to hear and decide requests from judges for waivers, extensions, or deferments from the requirements set forth in these rules;

(h) to extend any time period prescribed in these rules;

(i) to undertake all reasonable action to implement these rules;

(j) to delegate to the Department or Board staff ministerial functions as necessary and appropriate to administer these rules; and

(k) to vote upon all matters requiring action by the Board. The manner of making and debating motions and determining the votes necessary for Board action, shall be decided by the Chair, unless overridden by a majority of the members that constitute a quorum.

Rule 205. Quorum and Votes.

A minimum of seven (7) Board members participating in a meeting shall constitute a quorum. The Board shall act only with a majority of those participating, but no less than five (5). A quorum may be established with the participation of members by teleconference. The Board may adopt rules providing for the holding of teleconference meetings.

Rule 206. Confidentiality.

The files, records, and proceedings of the Board shall be deemed confidential and shall only be disclosed:

(a)(1) to the Supreme Court;

(2) in furtherance of the duties of the Board;

(3) upon request of the judge affected;

(4) as they may be introduced in evidence or otherwise produced in proceedings under these rules, or as may be requested by the Judicial Conduct Board; or

(5) as ordered by the Board.

(b) The Board shall submit an annual report to the Supreme Court, providing information on accredited providers, judicial compliance, and other information deemed relevant by the Board or as directed by the Supreme Court.

(c) All documents or information deemed confidential under the Case Records Public Access Policy of the United Judicial System of Pennsylvania shall not be disclosed, unless as permitted under that policy and these rules.

Rule 301. Continuing Judicial Education Requirement.

(a) Each judge shall annually complete a minimum of three (3) hours of continuing education in judicial ethics and a minimum of nine (9) hours of continuing education in judicial practice and related areas as defined by the Board.

(b) Every newly elected or appointed judge serving the Commonwealth’s Courts of Common Pleas and the Philadelphia Municipal Court shall attend New Judge School administered by the Department in its entirety at his or her first opportunity. This requirement shall be in addition to the annual requirements described herein.

Rule 302. Course Attendance and Alternatives.

The CJE requirement must be fulfilled by attending the required number of CJE courses delivered by the Supreme Court, accredited providers, approved non-accredited courses, and other teaching or alternative education activities approved by the Board as sufficient to meet the annual CJE requirements.

(a) *Courses Offered by the Department.* Four (4) of the annual credits shall be earned through courses developed by or under the supervision of the Department.

(b) *Teaching or Alternative Education Activity.* Four (4) of the annual credit requirements may be earned through Board-approved teaching or alternative education activities.

(c) *Distance Education.* Four of the annual credit requirements may be earned through approved distance education. Credits earned through courses presented by the Department are not subject to this annual credit limitation.

Rule 303. Standards for Approved Courses or Activities.

(a) It is presumed that all judges are competent with respect to judicial practice. Courses or activities should be designed to enhance a judge's knowledge base.

(b) Continuing judicial education must, to the greatest extent possible, address the distinct educational needs of judges and should ordinarily be delivered to an audience consisting exclusively or primarily of judges.

(c) Applicants seeking approval for CJE credit must be able to demonstrate to the Board how the course or activity enhances a judge's judicial practice through judicial education.

(d) Under limited circumstances, the Board may approve credit for attending a continuing education course or activity intended for both judges and others. However, a provider or judge who seeks approval to designate a continuing education course or activity for CJE credit must be able to satisfy the Board as to (1) how such a course or activity enhances a judge's judicial practice through judicial education, and (2) why the course or activity is an appropriate exception to the general rule that CJE courses should be delivered exclusively or primarily to judges.

Rule 304. Course Accreditation Standards.

(a) Courses offered by an accredited provider shall be eligible for the amount and type of credits as designated by the provider, subject to review by the Board. All other courses will be awarded credit as determined by the Board.

(b) All courses for CJE credit should be designed to enhance a judge's judicial practice through judicial education.

(c) In addition to subsection (b) above, the following standards apply:

(1) The course must be an organized program of learning to deal with matters directly related to subjects which satisfy the objectives of these rules.

(2) Each course must be open to all judges thought to be interested in the subject matter. Attendance restrictions will only be permitted by the Board upon application, where:

(i) the purpose for the attendance restriction is non-discriminatory;

(ii) attendance is restricted on objective criteria for a bona fide educational objective to enhance the course, and

(iii) membership in the provider organization is open to all interested judges, on a reasonable non-discriminatory basis and cost.

(3) The course leaders or lecturers must be qualified with the necessary practical and/or academic experience necessary to conduct the course effectively.

(4) Whenever possible, each attendee shall be provided with thorough, high quality and carefully prepared written course materials prior to or at the time of the course.

(5) The course must be presented in a suitable setting, conducive to a good educational environment, which provides attendees with adequate writing space or surface.

(6) Upon request by the Board, the provider shall submit to the Board information concerning the course, including the brochure describing the course and the qualifications of anticipated speakers, the method or manner of presentation of materials, and, if requested, a set of the materials to be distributed.

(7) Providers must develop and implement methods to evaluate its course offerings to determine their effectiveness and the extent to which they meet the needs of judges and, upon a request from the Board, provide course evaluations by the attendees on such forms as the Board shall approve.

(8) Providers shall take into consideration the special needs of incapacitated persons and persons with disabilities in gaining access to and participation in CJE courses. The Board shall require providers to ensure courses are as reasonably accessible to persons with disabilities as those without disabilities.

(9) Self-study will not be approved for CJE credit.

(10) Subject to the limitation in Rule 302(c), judges participating in a course via distance education will receive credit if an instructor/moderator is present at the remote site and the audience participating remotely has the ability to interact with presenters at the host facility.

Rule 305. Alternative Education Activity Accreditation Standards.

(a) Alternative education activities may qualify for credit if they are consistent with the provisions of these rules, and subject to the following specific terms and conditions:

(1) *Individual Approval Required.* Each alternative education and teaching activity for which CJE credit is sought must be approved by the Board for credit.

(2) *Requests for Approval.* A judge should request Board approval for alternative education activities or teaching activities sixty (60) days prior to the activity, but in all events a judge must request such approval no more than thirty (30) days after completing the activity for the request to be considered.

(3) *Evaluations.* The provisions of Rule 402 regarding evaluations may apply to alternative education activities, if appropriate, as determined by the Board.

(b) In addition to the requirements above, when credit is sought for a law school or graduate level course:

(1) The course must otherwise qualify for academic credit by the school.

(2) One (1) hour of credit may be given for each approved credit hour awarded by the school.

(3) The school offering the course shall be a law school accredited by the American Bar Association or college or university accredited by the Middle States Commission on Higher Education or other regional equivalent.

(c) *Additional Information.* Upon request by the Board, information shall be submitted to the Board concerning the alternative education activity, including any information describing the alternative education activity and the qualifications of anticipated presenters, the method or manner of presentation of materials, and, if requested, a set of the materials.

(d) If an alternative education activity, law school, or graduate level course does not bear entirely on judicial ethics and/or judicial practice, or the method of presenting the course is below minimum standards, the Board may determine that such activity is entitled to no credit or may assign such partial credit as it deems appropriate.

Comment

While it is envisioned that these rules anticipate a formal education setting, it is recognized that education may be obtained in a number of manners and forms. The intent behind this rule is not to limit the form or manner of an education presentation, so long as the objectives to be achieved under this judicial education program are realized.

Rule 306. Credit for Courses or Activities.

(a) Credit will be given only for completion of courses or activities which are accredited or approved by the Board.

(b) Judges must be physically present at a course or activity to earn credit, unless participating by distance education. Distance education, including, but not limited to, simulcast, computer-based, and teleconference may be approved for credit provided they meet the interactive and technical requirements of the Board.

(c) One (1) hour of credit will be awarded for each sixty (60) minutes of substantive programming.

(d) No provider shall schedule a class for less than sixty (60) minutes, but one-half hour credit shall be awarded for attendance of at least thirty (30) minutes but less than sixty (60) minutes beyond the initial sixty (60) minutes. Increments of less than thirty (30) minutes will not be awarded credit. However, single course offerings that span over a number of hours may have credit time aggregated for the purpose of credit calculations, excluding time for breaks.

(e) *Carry Forward Credits.* A judge may carry forward for one (1) year a balance of credit hours in excess of the current annual requirements, and they shall retain their character as such for that succeeding reporting year.

(f) *Excess Credits for Ethics.* Credits for judicial ethics in excess of the annual requirement may be either carried forward to the following year, or applied toward remaining annual CJE requirements, except they may not be substituted for Department-required courses.

(g) If a course or activity is approved for both substantive and ethics credit, a judge must be present for the entire course to be eligible for the ethics credit.

(h) Credit will only be given for the first time a course or activity is attended or taught in any compliance year.

Comment

A judge who teaches or attends the same course or activity three (3) times in one compliance year cannot use the second or third time it was taught or attended for credit.

Rule 307. Courses by the Judicial Education Department.

(a) Courses offered by the Department shall be designed by or under the supervision of the Department with general oversight by the Board.

(b) Department courses shall be designed so as to enhance the basic program requirements established under these rules.

(c) The Department shall ensure that a sufficient number of courses and locations are reasonably available to enable judges to comply with Rule 302(a) (Courses Offered by the Department).

Rule 308. Teaching for CJE Credits.

(a) Judges may receive credit for teaching, subject to the following provisions:

(1) Judges will only receive credit for teaching a course or activity otherwise approved for credit under these rules and that is designed primarily for other judges.

(2) Credit for teaching will be given on the basis of two (2) hours credit for each hour of presentation for the first time credit is sought in any compliance period. Repeat presentations during a compliance period will not be entitled to any further credit. *See* Rule 306(h).

Comment

Teaching credits are limited to situations where the judge is teaching primarily to other judges. When this occurs, the judge may be entitled to two credits for every hour of instruction, subject to the limitations herein and in Rule 302(b). Any other teaching, such as to lawyers, law students, etc., may be entitled to credit for attending the course, provided the course is otherwise approved for credit under these rules.

(b) Teaching completed before adoption of these rules.

Subject to other provisions of these rules, any teaching completed before the effective date of these rules shall be entitled to two hours credit for each hour of presentation where the judge has prepared quality written materials for use in the presentation.

Rule 401. Accredited Providers.

(a) The following entities are hereby designated as Accredited Providers:

(1) The AOPC Judicial Education Department.

(2) The Education Committee of the Pennsylvania Conference of State Trial Judges.

(3) The National Judicial College.

(b) Any entity that institutionally provides education primarily to judges may apply to be recognized as an accredited provider under these rules.

(1) Application may be made for certification as an accredited provider by submitting the appropriate form or documentation to the Department for action by the Board.

(2) Accredited provider status may be granted at the discretion of the Board if:

(i) within the past two (2) years, five (5) separate programs of CJE have been presented that meet the standards of quality set forth in these rules, or

(ii) the Applicant has demonstrated to the Board that the provider has consistently met the standards of quality set forth in these rules.

(3) The Board may require applicants or accredited providers to complete a course of training to obtain or continue the provider's accredited status.

(c) The grant of certification under subdivision (b) of this rule shall be effective for a period of two (2) years from the date of the grant. The accreditation may be renewed every two (2) years as follows:

(1) The status as an accredited provider may be renewed by filing an application at least sixty (60) days prior to the end of the provider's current accreditation period.

(2) The Board shall determine if there are pending or past breaches of these rules, and the Board, at its discretion, may condition renewal upon the provider meeting additional requirements specified by the Board.

(3) In determining if an accredited provider's status should be renewed for an additional two-year period, the Board shall consider:

(i) the quality and substance of the programs the accredited provider has presented over the prior two years;

(ii) the accredited provider's compliance with these rules; and

(iii) any other information relevant to assessing the accredited provider's commitment to providing the highest quality of judicial education.

(4) If an application for renewal is timely filed, the accredited provider status shall continue until the Board acts on the application for renewal.

(5) If an application for renewal is not timely filed before the end of the provider's accreditation period, the provider's accredited status will terminate at the end of the period. Any application received thereafter shall be considered by the Board as an initial application for accredited provider status.

(d) Accredited providers shall file with the Board an announcement of each CJE activity on a form provided by the Board at least thirty (30) days prior to the presentation of the activity.

Rule 402. Evaluations.

Accredited providers must utilize participant evaluation methods to determine the effectiveness of offerings and the extent to which they meet the needs of judges and, upon a request from the Board, provide evaluations by the attendees on such forms as the Board shall approve.

Rule 403. Revocation or Non-Renewal of Accredited Provider Status.

(a) Accredited provider status may be revoked by the Board at any time if the provider is out of compliance with these rules or the Board determines that the content of course material or the quality of the CJE activities or provider's performance does not meet the standards set forth in these rules.

(b) If an applicant or accredited provider is determined by the Board not to meet, or to be deficient in maintaining, accreditation status such that its application for accreditation approval or renewal is denied or its accreditation status is revoked, the applicant or provider shall be notified in writing by the Board of the nature of such failure or deficiency.

(c) The decision of the Board shall be final.

Rule 404. Approval of Courses or Activities Conducted by Non-Accredited Providers.

(a) A provider of CJE courses or activities which has not been certified as an accredited provider under these rules may apply for accreditation of a single CJE course or activity on a form provided by the Board. The Board may require submission of a detailed description of the provider, the course or activity, the materials, and the lectures. All courses or activities must be consistent with the provisions of these rules and subject to the following:

(1) *Individual Approval Required.* Each CJE course or activity conducted by a provider which has not been accredited by the Board must be approved by the Board for credit.

(2) *Requests for Approval.* A judge or provider should request Board approval for CJE courses or activities conducted by a non-accredited provider at least sixty (60) days prior to the course, but in all events a judge or provider must request such approval no more than thirty (30) days after completing the course or activity in order for the request to be considered.

(3) *Additional Information.* Upon request by the Board, additional information shall be provided concerning the provider, the course or activity, and any information describing the course or activity, the qualifications of anticipated presenters, the method or manner of presentation of materials, and, if requested, a set of the materials.

(4) If a course or activity does not bear entirely on judicial ethics and/or judicial practice, or the method of presenting the course or activity is below minimum standards, the Board may determine that such course or activity is entitled to no credit or may assign such partial credit as it deems appropriate.

(b) Representation that the course or activity has been accredited is prohibited unless prior written approval is granted by the Board.

Rule 501. Deferrals, Waivers, and Special Status.

(a) *Deferral.* A "deferral" is an extension of time granted by the Board in which to complete CJE requirements.

A deferral of any CJE requirements may be authorized by the Board for good cause shown. The length of any deferral shall be in the Board's sole discretion. In no event, however, may a deferral extend beyond December 31 of the subsequent year to the year in which the deferral was granted. All deferred credits must be completed by expiration of the time granted for deferral. Deferred credits completed in any year subsequent to the year in which the deferral was granted shall be in addition to that subsequent year's annual CJE requirements.

(b) *Senior Judges.* Judges who are certified for senior status must complete the CJE requirements for each year of certified senior status. Any judge who is not active, but eligible and not yet certified for senior status under Pa.R.J.A. No. 701, shall upon certification for senior status complete the CJE requirements for the year in which certification is granted as follows:

(1) if certification occurs between January 1 and March 31: 12 credits; 3 of which must be ethics and 4 of which must be developed by or under the supervision of the Department;

(2) if certification occurs between April 1 and June 30: 9 credits, 3 of which must be ethics and 3 of which must be developed by or under the supervision of the Department;

(3) if certification occurs between July 1 and August 31: 6 credits; 2 of which must be ethics and 2 of which must be developed by or under the supervision of the Department;

(4) if certification occurs after September 1: 3 credits; 1 of which must be ethics. The judge shall have until the end of the first quarter of the following calendar year to complete these three (3) credits.

(5) If in a final year of active service, a senior judge does not complete all required CJE requirements, the senior judge shall not be eligible for further judicial service until all credit hours in arrears, in addition to current year requirements for which the senior judge again is to serve, are satisfied. In no event shall a judge be required to complete more than two (2) times the annual requirement for CJE.

Example: Judge X has retired from active service and is eligible for senior status. In October of the following year, Judge X is certified as a senior judge but has completed no CJE requirements for that calendar year. Judge X will have until the end of the following year to complete 15 CJE credits (3 for the year certified and 12 for the current year).

(c) *Waiver.* A “waiver” is a grant by the Board that CJE requirements may be excused. The Board may waive any amount of CJE requirements for a period of not more than one (1) year upon a finding by the Board of:

(1) undue hardship, including extraordinary situations that could not reasonably have been anticipated;

(2) circumstances beyond the control of the judge that prevent the judge from complying in any reasonable manner with CJE requirements; or

(3) circumstances under which the Board determines a waiver request manifestly demonstrates good cause.

(d) *Judges Leaving Active Service.*

(1) *General Rule.* All judges must complete the CJE requirements for each year of active service.

(2) *Pro Rata Credits.* When a judge leaves active service before the end of a full calendar year, CJE requirements shall be pro-rated as follows:

(i) if separation occurs after September 1, 12 credits: 3 of which must be ethics and 4 of which must be developed by or under the supervision of the Department;

(ii) if separation occurs between July 1 and August 31: 9 credits, 3 of which must be ethics and 3 of which must be developed by or under the supervision of the Department;

(iii) if separation occurs between April 1 and June 30: 6 credits; 2 of which must be ethics and 2 of which must be developed by or under the supervision of the Department;

(iv) if separation occurs before March 31, all CJE requirements for that calendar year shall be waived.

(3) *Effect on Senior Status.* If a judge leaves active service before completing the CJE requirements as described above, the judge shall not be eligible for certification for senior status until the credits required for the retirement year have been fulfilled. These credits shall be in addition to the CJE requirements for the year the judge becomes certified for senior service.

Comment

Fulfillment of CJE requirements are required for all years of active judicial service. Should a retiring judge desire not to complete all CJE requirements in a retiring year, a waiver should be requested from the Board demonstrating good cause for the waiver request.

(e) *Members of the Armed Forces.* Compliance with these rules shall be waived for members of the Armed Forces on active duty during the period of their active duty. A judge completing active duty shall notify the Board within thirty (30) days of returning to judicial service. Thereafter, the judge must comply with CJE requirements for the forthcoming year.

Rule 601. Continuing Judicial Education Reporting Responsibilities.

Reporting of CJE courses and/or activities on forms acceptable to the Department shall be the responsibility of the individual judge.

Rule 602. Reporting of Courses or Activities.

(a) *Accredited courses or activities.* Credit for accredited courses or activities must be submitted on forms approved by the Board within thirty (30) days of the end of each calendar year in which the course or activity occurred.

(b) *Non-accredited courses or activities.* Credit for non-accredited courses or activities must be submitted on forms approved by the Board within thirty (30) days of completion of the course or activity.

Rule 603. Annual Compliance Reporting.

(a) The Board shall ensure that each judge is notified annually of his or her CJE credit status three (3) months prior to the final day of the calendar year, and will ensure a final annual compliance notification is sent to each judge sixty (60) days after the end of each calendar year. The final compliance notification shall include the credit hours earned and reported to the Board during the calendar year, and will note any carry forward credits.

(b) If a judge disagrees with an annual compliance report, the judge shall, within thirty (30) days of the date thereof, notify the Board in writing setting forth the matter in dispute.

(c) Each judge shall maintain records sufficient to establish compliance with the CJE requirement for no less than two (2) years preceding each compliant year, and in the event of a dispute with a final compliance report for two years after the compliance dispute is resolved.

(d) All Board notices which may require an action or response shall be provided in writing to the judge by the Department, and the date of mailing and address where the notice is sent shall be noted in the records of the Department.

Rule 604. Noncompliance and Compliance Disputes: Judges.

(a) If, after notification by the Department that a judge has failed to comply with these rules, or is determined to be deficient in his or her CJE requirement, such judge shall be notified in writing by the Board or Department of the nature of such noncompliance, and shall be given one hundred eighty (180) days from the date of the notice to remedy such noncompliance.

(b) Within one hundred eighty (180) days of a notice of noncompliance, a noncompliant judge must provide evidence of compliance or request a hearing before the Board.

(c) If, in response to a notice of noncompliance, a judge timely files a request for a hearing, the Board shall schedule a hearing pursuant to Rule 605.

(d) If the Board finds that the judge had reasonable cause for noncompliance, the judge shall have one hundred eighty (180) days from the date of notice of the Board's decision to correct the noncompliance. If compliance is not achieved without good cause shown within such period, the Board shall report the judge and the fact of the judge's noncompliance to the Supreme Court and to the Judicial Conduct Board.

(e) If a judge has been found by the Board to be in noncompliance with these rules, before a judge may be deemed compliant, the judge must have satisfied any prior years of noncompliance, unless any period thereof has been subject to waiver, not to exceed two (2) years worth of credits. Curing noncompliance is in addition to any current year requirements.

(f) Credit hours earned shall first be applied to satisfy the requirements of the compliance period which was the subject of the notice to the judge before any excess credits claimed may be applied to other requirements.

Rule 605. Hearings.

(a) *Requests for hearings.* All requests for hearings shall be addressed to the Board c/o The Administrative Office of Pennsylvania Courts, Department of Judicial Education, 601 Commonwealth Avenue, Harrisburg, Pennsylvania 17106. All matters shall be heard by the Board, unless in the discretion of the Board Chair, the matter should proceed as otherwise provided in this rule.

(b) In the discretion of the Board's Chair, a matter initially may be assigned to a Board member or panel of Board members for decision. If the hearing is conducted by more than one (1) person, the Chair of the Board shall designate the person who will act as the presiding hearing officer. Within thirty (30) days after the hearing, the member or panel shall submit a recommendation to the Board.

(c) After receipt of the member or panel's recommendation, the Board shall review the matter based upon the existing record, or in its discretion, conduct such further proceedings as it deems appropriate, or review the matter *de novo*.

(d) At all hearings, the petitioner shall have the burden of proof of establishing compliance with these rules by a preponderance of the evidence. Counsel for the Department shall represent the Department if it chooses to participate in any proceeding.

(e) At the hearing, any party shall have the opportunity to call witnesses, examine and cross-examine witnesses, and to introduce such evidence as is relevant to the proceeding. Evidence shall be admitted by the Board, and as long as discretion is not abused, the Board shall not be restrained by technical Rules of Evidence.

(f) All hearings shall be confidential, and shall not be open to the public, except at the request of the judge. Witnesses shall be sworn and a complete electronic record or a transcript shall be made. The presiding hearing officer shall have authority to rule on all motions, objections, and other matters presented.

(g) In investigations and proceedings under these rules, the Board shall have power to issue subpoenas and cause testimony to be taken under oath before the Board or Board members. All subpoenas shall be issued in the name and under the seal of the Supreme Court and

served as provided by the Rules of Civil Procedure. Fees and costs of the subpoenas shall be paid from the funds of the Board or taxed as costs, as determined by the Board.

(h) The member, panel, or Board, as the case may be, may order the testimony of a witness to be taken by deposition within or without this Commonwealth in the manner prescribed for the taking of depositions in the Rules of Civil Procedure and the depositions may be used to the same extent as permitted under those rules. Costs for the taking of a deposition shall be paid from the funds of the Board or taxed as costs, as determined by the Board.

(i) Within a reasonable time after the conclusion of a proceeding, the Board shall issue its decision. A copy of the Board's decision shall be promptly mailed to the judge by the Department.

(j) If a judge is deemed to be noncompliant, a request for a hearing shall not operate as a stay or supersedeas of any action taken by the Board with respect to the judge's noncompliance, unless upon application and good cause shown, the Board grants a stay or supersedeas of its action.

(k) A judge aggrieved by a Board decision may request reconsideration. There is no right to appeal provided under these rules.

Title 255—LOCAL COURT RULES

LEHIGH COUNTY

Establishing Uniform Rules Regarding Taking of Sound or Video Recording, Photographs or Motion Pictures in the Lehigh County Courthouse, the Old Lehigh County Courthouse or in the Offices or Courtrooms of the Magisterial District Courts of the 31st Judicial District or Their Environs; No. 2020-J-0085

Administrative Order

And Now, this 31st day of January, 2020,

It Is Ordered:

1.) No sound recording, video recording, photograph or motion picture may be made or taken in the Lehigh County Courthouse, the Old Lehigh County Courthouse or in the offices or courtrooms of the Magisterial District Courts of the 31st Judicial District (Lehigh County) without the prior permission of the President Judge or the presiding judge, presiding hearing officer or the designee of the President Judge, the presiding judge or the presiding hearing officer.

2.) All electronic devices, including cell phones, tablets, laptops, and cameras, shall be powered off (not simply muted) in all hearing rooms, courtrooms and in the area immediately surrounding the entrances and exits of such rooms in the Lehigh County Courthouse, the Old Lehigh County Courthouse, and in the offices and courtrooms of the Magisterial District Courts of the 31st Judicial District (Lehigh County) unless permission to activate such device has first been obtained from the President Judge, the presiding judge, the presiding hearing officer or the designee of the President Judge, the presiding judge or the presiding hearing officer.

3.) The transmission of any conversation or testimony taken by any electronic means during any judicial proceeding without the prior permission of the President Judge, the presiding judge, the presiding hearing officer or the designee of the presiding judge or the presiding hearing officer is strictly prohibited.

4.) Violation of this Order may constitute contempt of court and result in the confiscation of such device, the deletion of any offending data or material on such device, the imposition of a fine of up to \$1,000.00 and/or imprisonment of up to six (6) months.

5.) The President Judge, the presiding judge, the presiding hearing officer, the Court Administrator, or the designee of the President Judge, the presiding judge, the presiding hearing officer or the Court Administrator, including the courtroom staff of the President Judge, the presiding judge or the presiding hearing officer, and the Sheriff of Lehigh County or his deputy, are authorized to enforce this Order, including taking immediate possession of any offending device.

6.) Any device confiscated pursuant to this Order that is not claimed by its lawful owner within seven (7) business days of such confiscation shall be deemed forfeited to the County of Lehigh.

It Is Further Ordered that one (1) certified copy of this Order shall be filed by the Court Administrator of Lehigh County with the Administrative Office of the Pennsylvania Courts; that two (2) certified copies and a CD-ROM copy that complies with the requirement of Pennsylvania

Rule of Judicial Administration 103(c)(5) shall be filed with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*; and that one (1) certified copy shall be filed with the Criminal, Civil, Domestic Relations, Juvenile Court and Orphans' Court Rules Committees, which Committees have certified to this court that this Administrative Order is not inconsistent with any general rule of the Supreme Court. Finally, it is ordered that the Court Administrator of Lehigh County publish a copy of this Order on the Court's web site at <https://www.lccpa.org/rules.nex>.

NOTICES

DEPARTMENT OF AGRICULTURE

Fiscal Year 2019-2020 Annual Plan for Awarding Grants under the Pennsylvania Agricultural Fair Act

This notice presents the Fiscal Year (FY) 2019-2020 Annual Plan (Annual Plan) of the Department of Agriculture (Department) for the administration of the grant program authorized under the Pennsylvania Agricultural Fair Act (act) (3 P.S. §§ 1501—1508.1). It prescribes how the available funds appropriated by the General Assembly shall be distributed. This Annual Plan is authorized by section 8(a) of the act (3 P.S. § 1508(a)), has been prepared with the assistance and advice of the Agricultural Fair Advisory Committee (Committee), and was approved by that Committee at its January 24, 2020, meeting.

The act authorizes the Department to make grants to organizations conducting eligible agricultural fairs, Statewide agricultural organizations which contribute to the development of agriculture and agribusiness, and to eligible agricultural youth groups for support of their programs.

Funds appropriated by the General Assembly to fund the act in FY 2019-2020 shall be dispersed by the Department as follows, on a funds-available basis, in the following order of priority:

1. First priority shall be given to grants to finance a portion of a fair's operating costs. These costs include, but are not limited to, the cost of exhibiting agribusiness products, materials and equipment, conducting agricultural or agribusiness educational activities and demonstrations, and awarding premiums to contest and exhibit winners at the agricultural fair. For these grants, the maximum payment shall be as allowed for each Class Fair under section 5(1)(i)(A) of the act (3 P.S. § 1505(1)(i)(A)). These maximum payments range from \$2,500 to \$14,000, depending on the Class Fair involved.

2. Second priority shall be given to grants to finance a portion of the agricultural premiums identified in section 5(1)(i)(B) of the act. For these grants, the maximum payment shall not exceed \$15,000.

3. Third priority shall be given to grants to reimburse a county agricultural society, or an independent agricultural society, that conducts harness horse racing at its annual agricultural fair, other than races for colts and fillies 2 and 3 years of age, in an amount equal to that used during the annual agricultural fair as purse money for harness horse racing, track and stable maintenance, starting gate rental and the cost of harness horse racing officials during the annual fair. For these grants, the maximum amount of reimbursement shall be as allowed under section 5(1)(iii) of the act. This maximum amount is \$13,000, at least \$4,000 of which must be used to reimburse purse money.

4. Fourth priority shall be given to grants to reimburse a county agricultural society, or an independent agricultural society, that conducts harness horse racing for

2-year-old and 3-year-old colts and fillies at its annual agricultural fair. For these grants, the maximum amount of reimbursement shall be as allowed under section 5(1)(iv) of the act. This maximum amount is \$7,600.

5. Fifth priority shall be given to grants to reimburse a Statewide agricultural organization that conducts an agricultural fair and is otherwise eligible for grants under section 5(2) of the act, for up to \$2,000 of its fair's operating expenses (including premium payments) on a dollar-for-dollar basis, and for 50% of all additional premium costs that are not included in that initial dollar-for-dollar reimbursement, up to a maximum amount of \$10,000. The total maximum payment shall not exceed \$12,000.

6. Sixth priority shall be given to grants to countywide or Statewide 4-H and FFA or combined FFA and FHA units of boys and girls under 21 years of age that are eligible for grants under section 5(3) of the act. Grants shall be awarded in accordance with the requirements of that provision of the act.

a. The purpose of the act is to make funds available to encourage the further development and improvement of this Commonwealth's agricultural fairs, and to continue the contribution of agricultural fairs to agriculture and agribusiness by encouraging related careers, fostering agricultural production and agricultural product improvements, and promoting increased investments in agriculture. This Commonwealth's agricultural fairs also enrich the life of the community by showcasing agricultural and agribusiness achievements, offering recreational opportunities and promoting tourism. For these reasons, the Department encourages those agricultural youth groups that are eligible for grants under section 5(3) of the act to engage in projects and activities that are conducted at agricultural fairs or that are of direct benefit to agricultural fairs.

b. The Department will award grants to the agricultural youth groups previously described as follows:

i. For actual expenses incurred for activities which contribute to the advancement of agriculture or agribusiness by a 4-H Youth group, a payment which will be calculated according to the following formula, under section 5(3) of the act:

Tier 1: \$2,000 for total enrollment of up to 1,000 members plus \$1.50 for each traditional member and \$1 for each school enrichment/special interest member.

Tier 2: \$2,500 for total enrollment of 1,001 to 2,000 members plus \$1.50 for each traditional member and \$1 for each school enrichment/special interest member.

Tier 3: \$3,000 for total enrollment of 2,001 to 3,000 members plus \$1.50 for each traditional member and \$1 for each school enrichment/special interest member.

Tier 4: \$3,500 for total enrollment of 3,001+ members plus \$1.50 for each traditional member and \$1 for each school enrichment/special interest member, a maximum reimbursement of \$9,000.

ii. For actual expenses incurred for activities which contribute to the advancement of agriculture or agribusiness by Future Farmers of America (FFA) Youth groups, a payment which will be calculated using the following formula, under section 5(3) of the act:

Tier I: County FFA organizations with 100 members or less will receive base funding of \$1,000 with an additional \$4 per member.

Tier II: County FFA organizations with 101 to 210 members inclusive will receive a \$2,000 base funding with an additional \$2 per member.

Tier III: County FFA organizations with 211 members or more will receive funding of \$2,000 with an additional \$4 per member for every member over 210.

7. Any funds remaining after the previous grants have been awarded shall be utilized for capital improvement as provided in section 5(1)(ii) of the act.

The Department will endeavor to disburse the previous payments at the earliest date practicable.

Secretary

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30-days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

STATE CONSERVATION COMMISSION**PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs**

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed (National Pollutant Discharge Elimination System) NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302, 303, 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent (NOI) to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, State-wide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a (NOI) to Remediate with the Department. A NOI to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified person, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a NOI to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department of Environmental Protection has received the following Notice(s) of Intent to Remediate:

Northeast Region: Environmental Cleanup & Brownfields Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915, 570-826-2511.

Former Scranton Lace Complex, 1313 Meylert Avenue, Scranton City, **Lackawanna County**. SCE Environmental Group, 1380 Mount Cobb Road, Lake Ariel, PA 18436, on behalf of Lace Building Affiliates, 538 Spruce Street, Suite 618, Scranton, PA 18503, submitted a Notice of Intent to Remediate. Historic operations and an underground gasoline storage tank released metals and hydrocarbons to the soil. Future use of the site will be commercial and residential. The Notice of Intent to Remediate was published in the *Scranton Times-Tribune* on January 24, 2020.

Southcentral Region: Environmental Cleanup and Brownfields Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Lehman Property, 2790 Meadow View Road, Manheim, PA 17545, Rapho Township, **Lancaster County**. Reliance Environmental, Inc., 235 North Duke Street, Lancaster, PA 17602, on behalf of Doug Lehman, 2790 Meadow View Road, Manheim, PA 17545, submitted a Notice of Intent to Remediate soil and groundwater contaminated with diesel fuel. The site will be remediated to the Residential Statewide Health Standard for soil and an unknown standard for groundwater. Future use of the site will continue to be used for residential purposes. The Notice of Intent to Remediate was published in the *LNP* on January 29, 2020.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an “integrated” plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, the Department’s analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department’s Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701-1915.

Contact: Raymond Kempa, New Source Review Chief, (570) 826-2507.

66-00001: Procter and Gamble Paper Products Co. (P.O. Box 32, State Route 87 South, Mehoopany, PA 18629). The Department intends to issue an amended Title V Operating Permit for operation in Washington Township, **Wyoming County**. The amendment is intended to include additional presumptive RACT II sources, case-by-case RACT II conditions, correct site HAP calculations from combustion sources, to clarify and update compliance demonstration methods, and to correct start-up and shutdown condition to state that the ammonia slip emission limit does not apply during start-up or shut-down. The proposed Title V Operating Permit contains all applicable requirements including Federal and State regulations. The proposed operating permit includes all applicable emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701.

Contact: Muhammad Q. Zaman, Program Manager, (570) 327-3648.

08-00010P: Global Tungsten & Powders Corp. (1 Hawes Street, Towanda, PA 18848) for the removal of the W.W. Sly Manufacturing Co. Impinjet model 390 wet scrubber which controls emissions from the existing R&D Spray Dryer, and the installation of a Scientific Dust Collector model SPJ-18-X4B8 dust collector and a XH Absolute model 01XH-24Z24Z12 high efficiency particulate air (HEPA) filter, in the scrubber's place at the Towanda Facility located in Towanda Borough, **Bradford County**. The Department of Environmental Protection's (Department) review of the information submitted by Global Tungsten & Powders Corp. indicates that the air cleaning devices to be installed will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the proposed installation.

The emissions from the R&D Spray Dryer after the installation of the new air cleaning devices will not exceed 0.0001 ton per year of filterable particulate matter and 0.0001 ton per year of hazardous air pollutants. In addition to the emission limitations, the following is a brief description of the types of conditions the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements: The concentration of particulate matter in the exhaust from the dust collector shall not exceed 0.007 grain per dry standard cubic foot. No more than 132 lbs/hr of slurry may be processed in the R&D Spray Dryer. The HEPA filter shall maintain a control efficiency of at least 99.97% for particulate matter. The dust collector and HEPA filter shall each be equipped with instrumentation to continuously monitor the pressure drop across the control device. The permittee shall record the pressure drop across the dust collector and HEPA filter at least once per operating shift. The permittee shall maintain records, including supporting calculations, as necessary to demonstrate compliance with the particulate matter emissions and hourly throughput limitations. These records shall be kept on site for a minimum of five years and shall be presented to the Department upon request. The permittee shall keep on hand sufficient quantity of spare fabric collector bags and filters for all collectors and filters at the facility in order to be able to immediately replace any bag or filter requiring replacement. Any air compressor used to provide compressed air to any of the collectors or filters shall be equipped with an air dryer and an oil trap.

The facility is a State Only facility. If the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for Plan Approval 08-00010P, the requirements established in the plan approval will be incorporated into State Only Operating Permit 08-00010 pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

Contact: Thomas Hanlon, Facilities Permitting Chief, (717) 705-4862, Thomas Bianca, New Source Review Chief, (717) 705-4863, or William Weaver, Regional Air Quality Manager, (717) 705-4702.

22-05033: Hempt Bros., Inc.—Steelton Plant (205 Creek Road, Camp Hill, PA 17011) to issue a State Only Operating Permit for the operation of their batch asphalt plant in Steelton Borough, **Dauphin County**. The potential emissions from the facility are estimated at 7.0 tpy of NO_x, 14.6 tpy of CO, 25.1 tpy of PM₁₀, 5.3 tpy of VOC, 0.9 tpy SO_x and 1.6 tpy HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include product throughput limits and provisions derived from 40 CFR 60 Subparts I and OOO as well as 25 Pa. Code § 129.63.

67-03021: General Dynamics OST (200 East High Street, Red Lion, PA 17356) to issue a State Only Operating Permit for the ammunition manufacturing facility in Red Lion Borough, **York County**. The potential emissions from the facility are estimated at 13.02 tpy of NO_x, 6.14 tpy of CO, 1.85 tpy of PM₁₀, 9.6 tpy of VOC, 2.63 tpy SO₂ and 1.33 tpy of HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 25 Pa. Code §§ 129.52d, 129.63, 40 CFR 60, 40 CFR 60 Subpart JJJJ—Standards of Performance for Stationary Spark Ignition Internal Combustion Engines, 40 CFR Part 63 Subpart ZZZZ—National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines and 40 CFR 63 Subpart WWWW—Area Source Standards for Plating and Polishing Operations.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481. Contact: Matthew Williams, Facilities Permitting Chief, (814) 332-6940.

10-00304: JSP International Mfg (150 Eastbrook Lane, Butler, PA 16002-1024). The Department is providing notice that they intend to renew a State Only Natural Minor Operating Permit for the manufacturing facility located in Summit Township, **Butler County**. The facility's primary emission sources include the four (4) natural gas-fired boilers used to provide process steam for the facility, specialty foam processing tools, and two (2) natural gas-fired emergency generators. The potential emissions of the primary pollutants from the facility are as follows: 18.56 TPY (tons per year) NO_x, 21.74 TPY CO, 4.20 TPY VOC, 1.97 TPY PM₁₀ and PM_{2.5}, 0.16 TPY SO_x, and 0.49 TPY combined HAPs; thus, the facility is a natural minor. The boilers are subject to 40 CFR 60 Subpart Dc, Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units. One emergency generator is subject to 40 CFR 63, Subpart ZZZZ, NESHAP for Stationary Reciprocating Internal Combustion Engines, and the other is subject to 40 CFR 60 Subpart JJJJ, Standards of Performance for Stationary Spark Ignition Internal Combustion Engines. The renewal permit will contain emission restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); the Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); the Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Envi-

ronmental Protection. A copy of the application is available for inspection at the District Mining Office indicated above each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the District Mining Office indicated above each application within 30-days of this publication, or within 30-days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 (relating to public hearing-informal conferences) or § 86.34 (relating to informal conferences), must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

Coal Applications Received

Effluent Limits—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

Table 1

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l
pH ¹		greater than 6.0; less than 9.0	
Alkalinity greater than acidity ¹			

¹ The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

32081301 and NPDES Permit No. PA0235946. Rosebud Mining Company, 301 Market Street, Kittanning, PA 16201, to revise the permit and related NPDES permit for the Coral-Graceton Mine in Center and Blacklick Townships,

Indiana County, affecting 3,822.1 proposed underground acres and 3,822.1 proposed subsidence control plan acres. No additional discharges. The application was considered administratively complete on February 4, 2020. Application received: December 23, 2019.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200, (Contact: Janet Turner).

17020103 NPDES PA0243221. River Hill Coal Company, Inc., P.O. Box 141, Kylertown, PA 16847, permit revision for stream variances, wetland replacement plan, add RES Coal LLC as contractor, and update mine plan and bonding to a bituminous coal surface and auger mine in Chest Township, **Clearfield County** affecting 560.7 acres. Receiving streams: Wilson Run and McMasters Run classified for the following use(s): CWF, MF. There are no potable water supply intakes within 10 miles downstream. Application received: January 29, 2020.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Table 2

Parameter	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200, (Contact: Janet Turner).

PAM220002. Rock Ridge Quarries, Inc., 403 Ice Harvest Drive, Mountain Top, PA 18707, coverage under General NPDES Permit for Stormwater Discharges Associated with Mining Activities (BMP GP-104) on GP-105 Bluestone Mining No 08202501 located in Wilmot Township, **Bradford County**. Receiving stream(s): Sugar Run Creek classified for the following use(s): CWF, MF. There are no potable water supply intakes within 10 miles downstream. Notice of Intent for Coverage received: January 28, 2020.

Pottsville District Mining Office: 5 West Laurel Boulevard, Pottsville, PA 17901, 570-621-3118, (Contact: Theresa Reilly-Flannery).

Permit No. 64142802C and NPDES Permit No. PA0225517. Robert A. Coleman (P.O. Box 3, Susquehanna, PA 18847), renewal of an NPDES Permit for discharge of treated mine drainage from a quarry operation in Scott Township, **Wayne County**. Receiving stream: unnamed tributary to Balls Creek, classified for the following uses: HQ—cold water and migratory fishes. Application received: January 21, 2020.

Coal NPDES Draft Permits

California District Office: 25 Technology Drive, Coal Center, PA 15423, 724-769-1100, (Contact: Bonnie Herbert).

NPDES No. PA0235709 (Mining permit No. 56061301), RoxCoal, Inc., 1576 Stoystown Road, P.O. Box 260, Friedens, PA 15541, a renewal to the NPDES and mining activity permit and a revision to the NPDES and mining activity permit to remove outfalls 003 and 004 for the Kimberly Run Mine in Somerset Township, **Somerset County**, affecting 107 surface acres and 2,676 underground acres. Receiving stream(s): Kimberly Run classified for the following use(s): CWF and Wetland Adjacent to Kimberly Run classified for the following use: CWF. Coxes Creek Watershed TMDL. The application was considered administratively complete: September 17, 2018. Application received: October 2, 2017.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described previously for coal mining activities.

Outfall 001 discharges to: Kimberly Run

The proposed effluent limits for *Outfall 001* (Lat: 39° 59' 47" Long: -78° 59' 47") are:

Parameter	Minimum	30-Day Average	Daily Maximum	Instant. Maximum
Flow	(mgd)	-	-	Report

NPDES No. PA0263354 (Mining Permit No. 56110108), Sherpa Mining Contractors, Inc., 337 Benny Road, Hooversville, PA 15936, renewal of an NPDES permit for bituminous coal mining in Shade Township, **Somerset County**, affecting 176.9 acres. Receiving stream(s): unnamed tributary to Oven Run, and unnamed tributaries to Stonycreek River, classified for the following use(s): CWF & TSF. The receiving streams are included in the Kiski-Conemaugh TMDL. Application received: October 19, 2018.

The following outfalls discharge to unnamed tributaries to Stonycreek River:

Outfall Nos.	New Outfall (Y/N)
001 (Treatment Pond # 1)	N
002 (Treatment Pond # 2)	N
004 (Sediment Pond # 1)	N
005 (Sediment Pond # 2)	N
006 (Sediment Pond # 3)	N

The proposed effluent limits for the previously listed outfalls are as follows:

Outfalls: (All Weather Conditions) Parameter	30-Day Average	Daily Maximum	Instant. Maximum
Iron (mg/l)	1.5	3.0	3.7
Manganese (mg/l)	1.0	2.0	2.5
Aluminum (mg/l)	0.75	0.75	0.75
Total Suspended Solids (mg/l)	35.0	70.0	90.0
pH (S.U.): Must be between 6.0 and 9.0 standard units at all times.			
Alkalinity must exceed acidity at all times.			

The following outfalls discharge to unnamed tributary to Oven Run:

Outfall Nos.	New Outfall (Y/N)
003 (Treatment Pond # 3)	N
007 (Treatment Pond # 4)	N

The proposed effluent limits for the previously listed outfalls are as follows:

Outfalls: (All Weather Conditions) Parameter	30-Day Average	Daily Maximum	Instant. Maximum
Iron (mg/l)	1.5	3.0	3.7
Manganese (mg/l)	1.0	2.0	2.5
Aluminum (mg/l)	0.75	0.75	0.75
Total Suspended Solids (mg/l)	35.0	70.0	90.0
pH (S.U.): Must be between 6.0 and 9.0 standard units at all times.			
Alkalinity must exceed acidity at all times.			

NPDES No. PA0249815 (Mining Permit No. 40A77SM12), PBS Coals, Inc., P.O. Box 260, Friedens, PA 15541, renewal of an NPDES permit for a bituminous surface mine in Brothersvalley Township, **Somerset County**, affecting 1,128 acres. Receiving stream(s): Piney Run, a tributary to the Casselman River, classified for the following use(s): CWF, WWF. This receiving stream is included in the Casselman River TMDL. Application received: December 30, 2019.

The following treated wastewater outfall discharges to Piney Run:

Outfall Nos.	New Outfall (Y/N)
001 (T-1)	N

The proposed effluent limits for the previously listed outfall are as follows:

<i>Outfall: 001 (T-1) Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>
Iron (mg/l)	3.0	6.0	7.0

Sulfate (mg/L)	Monitor & Report		
Flow (gpm)	Monitor & Report		
Temperature (°C)	Monitor & Report		
Specific Conductivity (µmhos/cm)	Monitor & Report		

pH (S.U.): Must always be between 6.0 and 9.0 standard units.

Alkalinity must always exceed acidity.

This proposed mine site also contains or is hydrologically connected to substandard discharges for which there is no responsible party. Pursuant to 25 Pa. Code Chapter 87, Subchapter F, effluent limits for those discharges will be based upon the existing baseline pollution load, or the standards found at 25 Pa. Code Chapter 87.102(a) Group A, whichever is least stringent.

A Consent Order and Agreement has been executed between Pennsylvania DEP and Sky Haven Coal, Inc. with this permit as part of a pilot project under EPA's Project XL. This Order was executed on February 7, 2001. A subsequent agreement executed on May 1, 2008 transfers this agreement to RES Coal LLC. The object of this Order is to measure the impact of this remining operation on in-stream water quality at Monitoring Point No. 6 on Surveyor Run, rather than at individual Subchapter F discharges and requires full implementation of all best management practices.

NPDES Permit No. PA0225967 on GP105 Permit No. 64192501. Robert A. Coleman (P.O. Box 3, Susquehanna, PA 18847), new NPDES Permit for a bluestone quarry operation in Scott Township, **Wayne County**, affecting 12.9 acres. Receiving stream: West Branch Delaware River, classified for the following uses: HQ—cold water and migratory fishes. Application received: February 21, 2019.

Non-discharge BMP's shall be in effect.

NPDES Permit No. PA0225975 on Surface Mining Permit No. 64190802. Robert A. Coleman (P.O. Box 3, Susquehanna, PA 18847), new NPDES Permit for a bluestone quarry operation in Scott Township, **Wayne County**, affecting 5.9 acres. Receiving stream: West Branch Delaware River, classified for the following uses: HQ—cold water and migratory fishes. Application received: February 21, 2019.

Non-discharge BMP's shall be in effect.

NPDES Permit No. PA0226017 on Surface Mining Permit No. 64192801. Leo's 848 Products, Inc. (P.O. Box 277, Lake Como, PA 18437), new NPDES Permit for a bluestone quarry operation in Preston Township, **Wayne County**, affecting 5.8 acres. Receiving stream: unnamed tributary to Kinneyville Creek, classified for the following uses: HQ—cold water and migratory fishes. Application received: March 22, 2019.

Non-discharge BMP's shall be in effect.

NPDES Permit No. PA0226068 on Surface Mining Permit No. 64192802. Bunnell Waste Removal, Inc. (267 Tryon Street, Honesdale, PA 18431), new NPDES Permit for a bluestone quarry operation in Texas Township, **Wayne County**, affecting 5.0 acres. Receiving stream: Lackawaxen River, classified for the following uses: HQ—cold water and migratory fishes. Application received: September 13, 2019.

Non-discharge BMP's shall be in effect.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), as well as relevant State requirements. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30-days of the date of this notice, as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8:00 AM and 4:00 PM on each working day at the office noted above the application.

If you are a person with a disability and wish to attend the hearing and you require an auxiliary aid, service or other accommodation to participate in the proceedings, please contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Permit No. E51-301, Philadelphia Water Department, 1101 Market Street, Philadelphia, PA 19107, City of Philadelphia, **Philadelphia County**, ACOE Philadelphia District.

Philadelphia Water Department (PWD) is proposing to replace an 8-foot by 7-foot box sewer and outfall. In its place, PWD will construct and maintain an 8-foot by 12-foot box sewer within the 100-year floodplain and outfall constructed on piles on the bank of the Delaware River (WWF-MF) resulting in 30 linear feet (45 square feet) of permanent watercourse impact, 40 linear feet (600 square feet) of temporary watercourse impact, 2,100 square feet of permanent floodway impact, and 600

square feet of temporary floodway impact. This project is located at Columbus Crossing Shopping Center in Philadelphia (USGS PA Philadelphia Quadrangle—Latitude 39.924388 N, Longitude 75.141221 W).

Permit No. EA46-026/WL4620301, Borough of Lansdale, 1 Vine Street, Lansdale, PA 19446, Borough of Lansdale and Upper Gwynedd Township, **Montgomery County**, ACOE Philadelphia District.

The Borough of Lansdale is proposing to restore 1,320 linear feet of stream bank for a portion of an unnamed tributary to Towamencin Creek (TSF-MF) in Whites Road Park and includes the following activities:

- Removal of floodplain fill and grading to enhance floodplain capacity and improve stream stability.
- Construction of a J-Hook rock vane.
- Removal of gabion basket walls at multiple locations and in its place, construct boulder walls at multiple locations including a portion of the area adjacent to the existing amphitheater area. This activity includes the placement of boulders along stream banks upstream of concrete bridges for the protection of bridge abutments.
- Removal of the gabion basket wall and to regrade embankment adjacent to the existing amphitheater area.
- Placement of coir log at toe of regraded stream banks.
- Landscaping, which includes the planting of live stakes, plugs, and broadcasting of seed.

This project is located within the 100-year floodplain and includes other enhancements to the park for a future recreational area and grading for winter sledding and is located at 400 Whites Road in Lansdale Borough, Montgomery County (USGS PA Lansdale Quadrangle—Latitude 40.236722 N, Longitude 75.295026 W).

E4104119-016. PA DOT Engineering District 3-0, 715 Jordan Ave., Montoursville, PA 17754. SR 2017, Section 025, Segment 0030, Offset 0500 through 1226, Slope Failure Restoration, Franklin and Jordan Townships, **Lycoming County**, Baltimore ACOE (Lairdsville, PA Quadrangle N: 41° 11' 40"; W: -76° 33' 50").

PA DOT propose to restore a roadway slope failure adjacent to West Branch Run. PA DOT proposes to construct a 165 L.F. R-8 Rip Rap Slope and 322 L.F. stream realignment to stabilize a roadway slide on SR 2017, Section 025, Segment 0030, Offset 0500 through 1226 adjacent to Unnamed Tributary to West Branch Run (UNT 1). The R-8 Rip Rap will have a slope of 1.5:1 and will be grouted to an elevation above the 100 year water surface elevation of the UNT 1. The remaining slope above the 100 year water surface elevation will consist of R-6 Rip Rap. The Rip Rap slope will restore the roadway side slope and channel to pre-flood location. The Rip Rap slope will result in the relocation of approximately 322 L.F. of the UNT 1. In addition, a 24 inch pipe under SR 2017 will be replaced In Kind (UNT 2). The UNT 2 will be conveyed down the proposed Rip Rap slope and result in approximately 41 L.F. of relocation of UNT 2. The project will also relocate approximately 37 L.F. of UNT 3 at the upstream limit of the project to tie it into the relocation of UNT 1. The project will utilize three 24 inch pipes for a temporary crossing of UNT 1 and one 18 inch pipe for the temporary crossing of UNT 3. The project will utilize a temporary cofferdam and temporary access road

to construct the Rip Rap slope. The proposed relocated UNT 1 will have a 10 Ft. bottom width and include 13 multi-log deflectors. The project includes a planting plan to restore the riparian area impact. A detour will be utilized to convey traffic during construction. The project will not impact any jurisdictional wetland. West Branch Run is designated as a Cold Water Fishery by 25 Pa. Code Chapter 93 Water Quality Standards.

E02052-1830, Geoffrey Shorts, 2004 Cortona Drive, Oakdale, PA 15071, Collier Township **Allegheny County**, Pittsburgh ACOE District.

The applicant proposes to:

Construct and maintain a 4.5-foot diameter 80 foot long concrete pipe in an unnamed tributary (UNT) to Robinson Run (WWF) for the purpose of providing a gravel access road to two parcels of property. The project also will temporarily impact an additional 28 LF of this watercourse, and will permanently impact 0.18 acre of the floodway.

The project site is located on Parcel 262-L-20 McMichael Road, Carnegie (Oakdale, PA USGS topographic quadrangle; N: 40°, 24', 26"; W: -80°, 8', 25"; Sub-basin 20F; USACE Pittsburgh District), in Collier Township, Allegheny County.

E26052-385, Redstone Township Sewer Authority, 1010 Main Street, Republic, PA 15475, Redstone Township, **Fayette County**; Pittsburgh ACOE District.

The applicant proposes to:

1. Construct and maintain two (2) 8" PVC sewer line crossings under Dunlap Creek (WWF) via directional bore.

2. Construct and maintain two (2) 8" PVC sewer line crossings under an unnamed tributary to Dunlap Creek (WWF) via directional bore.

3. Construct and maintain six (6) 8" PVC sewer line crossings under six (6) PEM wetlands via open trench.

4. Construct and maintain one pump station within the 100-year floodplain of Dunlap Creek for the purpose of constructing a sewerline extension. The project will result in approximately 80 LF of permanent impacts and approximately 110 LF of temporary impacts to Dunlap Creek and unnamed tributaries to Dunlap Creek, ap-

proximately 4.6 acres of temporary impacts and approximately 2.0 acres of permanent impacts to PEM wetlands, and approximately 0.17 acre of temporary impact and approximately 0.05 acre of permanent impacts to the 100-year floodplain. Mitigation will include restoring the areas disturbed by the utility line crossings back to original condition and elevation and stabilizing these disturbed areas. The project includes a number of new sewer lines, starting approximately 500 feet northeast of the intersection of Keeny Row and Tower Hill Road (Quadrangle: Carmichaels, PA, Latitude 39° 57' 11"; Longitude: -79° 52' 43"), and ends approximately 500 feet southeast of the intersection of Filbert Orient and Paradise Lake Road at the Filbert pump/treatment station (Quadrangle: Salem, PA, Latitude: 39° 57' 23"; Longitude: -79° 51' 39"), in Redstone Township, Fayette County.

E30052-269, Dominion Energy Transmission, Inc., 5000 Dominion Boulevard, Glen Allen, VA 23060, Gilmore Township, **Greene County**, Pittsburgh ACOE District.

The applicant proposes to:

Place and maintain fill in 0.067 acre of wetlands for the purpose of correcting and preventing the causes of a landslide that occurred within and adjacent to a pipeline right-of-way. These impacts to wetlands will be mitigated through the purchase of 0.07 wetland mitigation credits from the Robinson Fork Phase I Mitigation Bank within the Ohio River Sub-basin 20.

The project site is located off of Jones Road, Holbrook, PA 15341 (Holbrook, PA USGS topographic quadrangle; N: 39°, 46', 20.9604"; W: -80°, 20', 13.38"; Sub-basin 19G; USACE Pittsburgh District), in Gilmore Township, Greene County.

E65052-1002, West Penn Power Company, a FirstEnergy Company, 800 Cabin Hill Drive, Greensburg, PA 15601, Hempfield Township, **Westmoreland County**; Pittsburgh ACOE District.

The applicant proposes to:

Place and maintain fill in 0.44 acre of wetlands to expand an existing 500 kV Yukon substation to address thermal overloads, at existing transformers, under a Critical Events scenario. These impacts to wetlands will be mitigated through the purchase of 0.44 wetland mitigation credits from the Enlow Fork Mitigation Bank within the Monongahela River Sub-basin 19.

The project site is located at 926 Greensburg Pike, West Newton, PA 15089 (Smithton, PA USGS topographic quadrangle; N: 40°, 12', 35.2332"; W: -79°, 43', 31.1988"; Sub-basin 19D; USACE Pittsburgh District), in Sewickley Township, Westmoreland County.

EROSION AND SEDIMENT CONTROL

The following parties have applied for an Erosion and Sediment Control Permit (ESCP) for an earth disturbance activity associated with either a road maintenance or timber harvesting operation.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Persons wishing to comment on the proposed permit are invited to submit a statement to the appropriate Department Regional Office listed above the application within 30-days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address, and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity are on file and may be inspected at the office identified in this notice.

Persons with a disability that require an auxiliary aid, service or other accommodation to participate during the 30-day public comment period should contact the specified Regional Office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under Sections 5 and 402 of the Clean Streams Law (35 P.S. §§ 691.5 and 691.402).

E63-07-019: ETC Northeast Pipeline, LLC, 6051 Wallace Run Extension, Third Floor, Wexford, PA 15090. Cross Creek Township, **Washington County**, ACOE Pittsburgh District.

ETC Northeast Pipeline, LLC is proposing stream and wetland restoration at the Upper Cross Creek Restoration Site in Washington County, Pennsylvania, to compensate for unavoidable impacts to Waters of the United States associated with the Revolution Pipeline project. The proposed mitigation will offset temporal and permanent impacts to palustrine scrub-shrub (PSS) and palustrine emergent (PEM) wetlands, as well as ephemeral, intermittent and perennial streams in Allegheny, Beaver, Butler and Washington Counties, PA located along the existing Revolution Pipeline right-of-way. The proposed Project restoration efforts will focus on the creation of stable, exchanging and self-regulated stream, wetland and riparian system within a degraded landscape. The project includes restoration work with Tributary 33072 to South Fork Cross Creek (HQ-WWF), unnamed tributaries to 33072 to South Fork Cross Creek, and adjacent wetland and floodplain areas.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

STATE CONSERVATION COMMISSION**NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs**

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704 to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Leacock Township	3545 W. Newport Rd. Intercourse, PA 17534	Lancaster

Plan Description: Approval of a revision to the official plan of Leacock Township, Lancaster County has been issued. This action is a result of the review of a planning module for the Lapp Valley Farms Development (DEP Code No. A3-36935-308-3S; APS ID No. 1002370). The proposed development—to be located at 4040 Old Philadelphia Pike in Gordonville, PA—consists of a small-flow treatment facility for commercial use, with discharge of treated effluent to an unnamed tributary of the Pequea Creek. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. Any permits must be obtained in the name of the property owner.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Chanceford Township	33 Muddy Creek Forks Road Brogue, PA 17309	York

Plan Description: Approval of a revision to the official plan of Chanceford Township, York County. The project is known as Wade M. Cornett. The plan provides for a small flow treatment facility (SFTF) proposal to replace a malfunctioning on-lot sewage disposal system serving an existing single-family residential dwelling on 17 acres. Total estimated sewage flows are 400 gpd, and there will be a proposed discharge to an unnamed tributary of the

Susquehanna River. The proposed development is located at 5111 Shenks Ferry Road in Chanceford Township, York County. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is A3-67908-319-3s and the APS ID is 1007992. Any permits must be obtained in the name of the property owner.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Letterkenny Township	4294 Orrstown Road Orrstown, PA 17244	Franklin

Plan Description: Approval of an update to the official plan of Letterkenny Township, Franklin County. The project is known as the Letterkenny Township Act 537 Update Special Study. The plan provides for the transfer in ownership of the collection, conveyance and treatment facilities from Letterkenny Township to York Water Company. The project is located in Letterkenny Township, Franklin County. The Department's review of the sewage facilities Special Study has not identified any significant impacts resulting from this proposal. The DEP Code Number for this Minor Update Revision is B1-28910-ACT and the APS ID is 1006130. NPDES Permits or WQM Permits must be transferred to York Water Company.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Montgomery	11364 Fort Loudon Road Mercersburg, PA 17236	Franklin

Plan Description: Approval of an update to the official plan of Montgomery Township, Franklin County. The project is known as the Montgomery Township Act 537 Update Special Study. The plan provides for the transfer of ownership of Guest Farm Village, Inc. collection, conveyance, and treatment facilities to the Guest Farm Village Sewer Authority formed by the Montgomery Township Supervisors. The project is located at Guest Farm Village. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this Act 537 Plan Special Study Update is B1-28915-ACT and the APS ID is 1009625. Any permits must be obtained in the name of the Guest Farm Village Sewer Authority.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Londonderry Township	738 S. Geysers Church Road Middletown, PA 17111	Dauphin

Plan Description: Approval is granted for an Act 537 Special Study for Londonderry Township, Dauphin County. The Study provides for the transmission of sewage from Sewer Districts 2 and 3 (Route 230 corridor) to the Derry Township Municipal Authority (DTMA) Southwest Treatment Plant. The Department's review of the special study has not identified any significant impacts resulting from this proposal. Permits must be acquired in the name of the DTMA. The DEP Code Numbers for this plan are D1-22920-ACT and Application No. 36882.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>
Snydertown Borough	42 S. Market Street Snydertown, PA 17877	Northumberland

Plan Description: The plan concerns the existing Snydertown Borough sewage treatment plant, which serves the Village Center zoned district in the borough, and proposes the replacement of the recently installed treatment system (2018), which did not perform up to standards, with a new wastewater treatment system, replacement of pump station pumps with grinder pumps, replacement of control building and removal of the most recently installed treatment system. This proposal's projected cost for the construction of a new wastewater treatment plant is expected to be \$291,500.00 and the primary funding source identified is PENNVEST, with the potential for a grant or low interest loan through the Rural Utility Service (RUS) program, a grant through the Pennsylvania Department of Community and Economic Development (DCED), and/or a conventional bank loan. The submission is consistent with the planning requirements in Chapter 71 of DEP's regulations. No significant environmental or historical impacts were identified in the review of the plan.

SEWAGE FACILITIES ACT PLAN DISAPPROVAL

Plan Disapprovals Granted Under the Pennsylvania Sewage Facilities Act, Act of January 24, 1966, P.L. 1535, as amended, 35 P.S. § 750.5.

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Telephone: 717-705-4707.

Plan Location:

<i>Borough or Township</i>	<i>Borough or Township Address</i>	<i>County</i>

Plan Description: The Official Act 537 Sewage Facilities Plan for Douglass Township, DEP Code No. C1-06930-ACT, for Areas 2, 3 and 4 is denied. The plan is denied because the applicant failed to submit adequate information necessary to address all of the technical deficiencies identified in DEP's January 9, 2020 letter. Those deficiencies

cies that were not addressed are: The Plan did not include any water sampling data for properties in Areas 3 and 4. At least 15% of the wells in these areas should be sampled as described in the approved Plan of Study and Section III.B.4 of the Plan Content Checklist. Based on the approximate number of 1,090 properties in the on lot areas, a minimum of 163 water samples should be taken in the planning area. Based on the results of the sampling, the Township must evaluate the use of on lot sewage disposal systems for new land development in light of the requirements of Chapter 71, Section 71.62(c). Limitations on the use of planning exemptions and exceptions to the requirement to revise the official plan (Component 1 modules) may be appropriate. In the evaluation of alternatives, Section 6.1.2 should evaluate the consistency of the projects with the Municipal Wasteload Management Plans for the Berks-Montgomery Municipal Authority, Upper Pottsgrove Township and Pottstown as these are the potential receiving facilities of the sewer projects. In Section 6.4 the evaluation of each alternative speaks only of PENNVEST funding to conclude that each alternative is not financially feasible without grant money. Information presented in Appendix I appears to show financial feasibility for at least Alternative 1 using USDA funding without any grant money. Please address why this option is not being pursued. Sections 3.6 and 6.1.12 make reference to municipalities not associated with this plan. Section 5.2.7 misidentifies the Zoning Map as Map 10 instead of Map 11.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to

achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Northeast Region: Environmental Cleanup & Brownfields Program Manager; 2 Public Square, Wilkes-Barre, PA 18701-1915, 570-826-2511.

1468 Clearfield Road Property, 1468 Clearfield Road, Nazareth, PA 18064, Bushkill Township, **Northampton County**. Above Environmental Services, P.O. Box 801, Vernon, NJ 07462, on behalf of Hudson Homes, 3701 Regent Boulevard, Irving, TX 75063, submitted a Final Report concerning remediation of soil contaminated by a release of heating oil from an aboveground storage tank. The report documented remediation of the site to meet Statewide Health Standards and was approved by DEP on February 10, 2020.

HAZARDOUS WASTE TREATMENT, STORAGE & DISPOSAL FACILITIES

Permits issued, suspended, expired, denied, revoked, reinstated or returned under the Solid Waste Management Act of July 7, 1980 (P.L. 380, No. 97) (35 P.S. §§ 6018.101—6018.1003) and Regulations to Operate a Hazardous Waste Treatment, Storage, or Disposal Facility.

25-00035: Molded Fiber Glass Companies, Union City (55 Fourth Avenue, Union City, PA 16438-1247). On February 5, 2020, the Department issued a modification of the Title V Operating Permit to incorporate RACT II case-by-case and presumptive requirements for the manufacturing facility. The facility is major for VOC and not NO_x; thus, the RACT II Review only addresses emissions of VOC. The Union City facility manufactures a variety of fiberglass reinforced plastic products that includes the operation of open molding (gelcoat and resin application), closed molding, surface coating processes, and various support operations. The open and closed molding operations are subject to 40 CFR 63 Subpart WWWW NESHAP for Reinforced Plastic Composites Production and 40 CFR 63 Subpart PPPP NESHAP for Surface Coating of Plastic Parts and Products. Two boilers are subject to 40 CFR 63 Subpart DDDDD NESHAP for Industrial, Commercial, and Institutional Boilers and Process Heaters. This RACT II major modification addresses several VOC emission sources subject to an alternative RACT proposal pursuant to § 129.99(c), including the gelcoat operation, mechanical and manual non-atomized resin application, and the primer spray operation. This RACT II major modification also addresses the reaction injection molding presses, which are a VOC source subject to presumptive RACT pursuant to § 129.97(c)(2) for PTE less than 2.7 tpy. The facility is also subject to a facility-wide VOC limit of 75 tpy on a 12-month rolling basis in compliance with RACT II case-by-case provisions. The permit contains emission

restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

Operating Permits for Non-Title V Facilities Issued under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Any person aggrieved by these actions may appeal, pursuant to section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Environmental Hearing Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If you want to challenge this action, your appeal must reach the Board within 30-days. You do not need a lawyer to file an appeal with the Board.

Important legal rights are at stake, however, so you should show this notice to a lawyer at one. If you cannot afford a lawyer, you may qualify for free pro bono representation. Call the Secretary to the Board (717) 787-3483 for more information.

E06-701: Sunoco Pipeline, L.P., 535 Fritztown Road, Sinking Spring, PA 19608, Cumru Township, **Berks County**, ACOE Baltimore and Philadelphia District.

To amend the permit which authorized the installation and maintenance of approximately 20.4 miles long, 20-inch pipeline, a second 16-inch pipeline, and appurtenant structures. The project impacts in Berks County include a total of 101 linear feet of temporary impacts to Wyomissing Creek (HQ-CWF), an unnamed tributary to Wyomissing Creek (HQ-CWF), an unnamed tributary to Sleepy Hollow Run (CWF) and an unnamed tributary to Rock

Run (HQ-TSF), a total of 2,829 linear feet of permanent impacts to 11 unnamed tributaries to East Branch Conestoga River (WWF), East Branch Conestoga River (WWF), 5 unnamed tributaries to Little Cocalico Creek (TSF), Cacoosing Creek (CWF), 16 unnamed tributaries to Cacoosing Creek (CWF), Allegheny Creek (CWF), 9 unnamed tributaries to Allegheny Creek (CWF), Allegheny Creek (CWF), Wyomissing Creek (HQ-CWF), 9 unnamed tributaries to Wyomissing Creek (HQ-CWF), Little Muddy Creek (TSF), 2 unnamed tributaries to Sleep Hollow Run (CWF), 8 unnamed tributaries to Rock Run (HQ-TSF), Hay Creek (EV), 10 unnamed tributaries to Hay Creek (EV), and Rock Run (HQ-TSF), and 7.474 acres of permanent floodway impacts, 3.306 acres of temporary floodway impacts, 0.03 acre of temporary impacts to PEM wetlands and 2.151 acres of permanent impacts to PuB, PEM, PFO, and PSS wetlands in South Heidelberg, Spring, Cumru, Brecknock, New Morgan, Robeson, and Caernarvon Townships, Berks County. The project impacts in this permit application are associated with a transmission pipeline project extending approximately 306 miles and 255 miles in Pennsylvania between Houston Borough, Washington County, PA and Marcus Hook Borough, Delaware County, PA. This major amendment changes the installation method of the 16.0-inch pipeline across two Unnamed Tributaries to Wyomissing Creek (HQ-CWF) and an EV PFO/PSS wetland from conventional bore to open cut, impacting 105 linear feet of Unnamed Tributaries to Wyomissing Creek and 0.11 acre of EV PFO/PSS wetland which will be converted to PEM wetland and will be offset by plantings at a compensatory mitigation site in Cumberland County. Permit issued January 31, 2020.

E50-258: Sunoco Pipeline, L.P., 535 Fritztown Road, Sinking Spring, PA 19608, Toboyne Township, **Perry County**, ACOE Baltimore District.

E50-258, Sunoco Pipeline, LP (SPLP), 535 Fritztown Road, Sinking Spring, PA 19608. Mariner East II Pennsylvania Pipeline Project, in Toboyne and Jackson Townships, Perry County, ACOE Baltimore District. The project starts at Toboyne Township, PA Quadrangle Blairs Mill N: 40°, 17', 45"; W: 77°, 39', 55" and ends at Jackson Township, PA Quadrangle Andersonburg N: 40°, 15', 24"; W: 77°, 28', 11".

The project consists of the installation and maintenance of approximately 10.4 miles long, 20-inch pipeline, a second 16-inch pipeline, and appurtenant structures. The project impacts in Perry County include a total of 245 linear feet of temporary impacts to Horse Valley Run (HQ-CWF), 2 unnamed tributaries to Horse Valley Run (HQ-CWF), 2 unnamed tributaries to Shermans Creek (HQ-CWF), an unnamed tributary to Laurel Run (HQ-CWF), 3 unnamed tributaries to Schaeffer Run (HQ-CWF), a total of 1,528 linear feet of permanent impacts to Laurel Run (EV), Bull Run (HQ-CWF), Horse Valley Run (HQ-CWF), Schultz Creek (HQ-CWF), South Branch Laurel Run (HQ-CWF), an unnamed tributary to Horse Valley Run (HQ-CWF), an unnamed tributary to Laurel Run (EV), 4 unnamed tributaries to Laurel Run (HQ-CWF), 3 unnamed tributaries to Schaeffer Run (HQ-CWF), 4 unnamed tributaries Schultz Creek (HQ-CWF), 5 unnamed tributaries Sherman Creek (HQ-CWF), an unnamed tributary to South Branch Laurel Run (HQ-CWF) and Schaeffer Run (HQ-CWF), and 3.958 acres of permanent floodway impacts, 2.305 acres of temporary floodway impacts, 0.006 acre of temporary impacts to PEM wetlands and 1.188 acre of permanent impacts to PEM, PFO, and PSS wetlands. 0.034 acre of permanent PFO to PEM wetland conversion is proposed in Perry County which

will be offset by plantings at a compensatory mitigation site in Cumberland County. The project impacts in this permit application are associated with a transmission pipeline project extending approximately 306 miles and 255 miles in Pennsylvania between Houston Borough, Washington County, PA and Marcus Hook Borough, Delaware County, PA. This major amendment alters the route and the installation method of the 16.0-inch pipeline across Horse Valley Run (HQ-CWF, MF) and two Unnamed Tributaries to Horse Valley Run (HQ-CWF, MF) from the authorized Horizontal Directional Drill (HDD, No. S2-0157-16) to open cut. Approximately 193 linear feet of stream will be impacted. The project is located 3.5 miles north of the intersection of SR 75 and Horse Valley Road (Latitude: 40.2937°N; Longitude: 77.6501°W) in Toboyne Township, Perry County. Permit issued January 31, 2020.

E07-459: Sunoco Pipeline, L.P., 535 Fritztown Road, Sinking Spring, PA 19608, Blair & Woodbury Townships, **Blair County**, ACOE Baltimore District.

E07-459, Sunoco Pipeline, LP (SPLP), 535 Fritztown Road, Sinking Spring, PA 19608. Mariner East II Pennsylvania Pipeline Project, in Allegheny, Blair, Frankstown, Juniata, and Woodbury Townships, Blair County, ACOE Baltimore District. The project starts at Juniata Township, PA Quadrangle Cresson N: 40°, 24', 29"; W: 78°, 33', 23" and ends at Woodbury Township, PA Quadrangle Williamsburg N: 40°, 24', 34"; W: 78°, 10', 38".

The project consists of the installation and maintenance of approximately 23.5 miles long, 20-inch, a second 16-inch pipeline, and appurtenant structures. The project impacts in Blair County include a total of 326 linear feet of temporary impacts to 11 unnamed tributaries to Robinson Run (WWF) and 5 unnamed tributaries to Frankstown Branch Juniata River (WWF), a total of 2,400 linear feet of permanent impacts to 2 unnamed tributaries to Beaverdam Branch (WWF), Oldtown Run (WWF), an unnamed tributary to Oldtown Run (WWF), Frankstown Branch Juniata River (WWF), 12 unnamed tributaries to Frankstown Branch Juniata River (WWF), Clover Creek (HQ-CWF), 2 unnamed tributaries to Poplar Run (CWF), Dry Run (WWF), 2 unnamed tributaries to Blair Run (CWF), Blair Run (CWF), Piney Run (HQ-CWF), 2 unnamed tributaries to Piney Creek (HQ-CWF), Dry Run (WWF), 10 unnamed tributaries to Dry Run (WWF) and an unnamed tributary to Blair Gap Run (TSF), and 6.491 acres of permanent floodway impacts, 3.867 acres of temporary floodway impacts, 0.789 acre of temporary impacts to PEM and PSS wetlands and 2.420 acres of permanent impacts to PFO, PEM, and PSS wetlands. 0.019 acre of permanent PFO to PEM wetland conversion is proposed in Blair County which will be offset by plantings at a compensatory mitigation site in Cumberland County. The project impacts in this permit application are associated with a proposed transmission pipeline project extending approximately 306 miles and 255 miles in Pennsylvania between Houston Borough, Washington County, PA and Marcus Hook Borough, Delaware County, PA.

The Piney Creek amendment consists of the following: 1.) re-route and alter the installation method of the 16.0-inch pipeline from Horizontal Directional Drilling (HDD, No. S2-0142-16) to open cut, resulting in a total of approximately 158 linear feet of impacts to two unnamed tributaries to Piney Creek (HQ-CWF, MF, Wild Trout), and 50 feet of impacts to Piney Creek (HQ-CWF, MF, Class A Wild Trout) (Latitude: 40.4345°N; Longitude: 78.2692°W);

The Everett Railroad amendment consists of the following: 1.) alter the installation method of the 16.0-inch pipeline from HDD (HDD No. S2-0121-16) to open cut and conventional bore in exceptional value, palustrine emergent/scrub shrub wetlands (Latitude: 40.4127°N; Longitude: 78.3727°W) impacting 0.24 acre of wetland; 2.) alter the installation method of the 16.0-inch pipeline in exceptional value, palustrine emergent wetlands (Latitude: 40.4157°N; Longitude: 78.3802°W) impacting 0.29 acre of PEM wetland for work associated with HDD; 3.) alter the installation method of the 16.0-inch pipeline from HDD to open cut in the floodway of Frankstown Branch Juniata River (WWF, MF) (Latitude: 40.4133°N; Longitude: 78.3737°W) impacting 0.004 acre of floodway; 4.) construct a temporary construction road across an unnamed tributary to Frankstown Branch Juniata River (WWF, MF) (Latitude: 40.4150°N; Longitude: 78.3810°W) impacting 15 feet of stream and 0.07 acre of floodway; and 5.) construct a temporary construction road across an unnamed tributary to Frankstown Branch Juniata River (WWF, MF) (Latitude: 40.4156°N; Longitude: 78.3804°W) impacting 15 feet of stream.

E02052-1812, St. Joan of Arc Parish Charitable Trust, 6470 Library Road, South Park, PA 15129, South Park Township, **Allegheny County**; Pittsburgh ACOE District.

The following application has been DENIED:

Construct, operate, and maintain corrugated metal liner plates within an existing twin cell metal culvert carrying a private driveway over Piney Fork Run (TSF) for the purpose of reinforcing a deteriorating structure. In addition, a 60 foot, five-foot diameter relief pipe will be installed adjacent to the existing culvert to offset the hydraulic opening loss. Permanent impacts include 65 linear feet of stream impact, and 60 linear feet of floodway impacts. Temporary impacts include 40 linear feet of stream impacts.

No mitigation is proposed for this project.

The project site is located at St. Joan of Arc Private Drive, South Park, PA (Bridgeville, PA USGS topographic quadrangle; N: 40°, 17', 17"; W: -80°, 01', 31"; Sub-basin 19C; USACE Pittsburgh District), in South Park Township, Allegheny County.

Has been given consent to:

Remove failed, existing bank stabilization, and construct and maintain new bank stabilization, along Thompson Run Creek, to repair a roadway embankment failure along SR 2054-A08 (Northern Pike), in Monroeville Borough, Allegheny County. The project will include combinations of the use of rock slope protection, soil nails, and wire mesh for bank stabilization. The permanent impacts to Thompson Run Creek are 250 LF for the purpose of excavation and rock placement. The temporary impacts are 260 LF. The project site is located along Northern Pike at the intersection of William Penn Highway (Murrysville, PA USGS topographic quadrangle; N: 40°, 25', 36.3358"; W: 79°, 43', 34.3083"; Sub-basin 19A; USACE Pittsburgh District), in Monroeville Borough, Allegheny County. This notice is a correction of a

notice that was published on February 15, 2020, for E02051-1929. The permit number on that notice was incorrect, and should have read E02051-1829.

Has been given consent to:

1. Construct and maintain a 12.27' long 30" extension to an existing 25.43' long 30" culvert conveying a private driveway over an unnamed tributary to Mill Creek (TSF; referred to as UNT-1) having a drainage area of 0.20 square mile.

2. Remove the existing 304' long 36" corrugated metal pipe enclosure carrying a gravel parking lot over a second unnamed tributary to Mill Creek (TSF; referred to as UNT-2) having a drainage area less than 100 acres; immediately downstream remove the existing 53' long 36" corrugated metal pipe carrying SR 30 over UNT-2; construct and maintain a replacement 213' long 56" reinforced concrete pipe enclosure in the same location under the relocated intersection of SR 30 and Red Dog Road. In addition, construct and maintain 91' of open stream channel upstream of the new culvert and construct and maintain 53' of open stream channel downstream of the new culvert.

3. Remove the existing 49' long 24" pipe carrying SR 30 over a third unnamed tributary to Mill Creek (TSF; referred to as UNT-3) having a drainage area less than 100 acres; construct and maintain 49' of open stream channel in this same location. Immediately upstream, construct and maintain a 78' long 60" reinforced concrete pipe enclosure conveying the relocated SR 30 over UNT-3. The new pipe results in a permanent impact of 125', temporary impact of 175', and loss of 76' of UNT-3.

4. Remove the existing 43' long 18" pipe conveying SR 30 over a fourth unnamed tributary to Mill Creek (TSF; referred to as UNT-4) having a drainage area less than 100 acres; construct and maintain a springbox and a 64' long 18" reinforced concrete pipe in the same location.

5. Remove the combined 25' long 18" reinforced concrete pipe and downstream 40' long 24" reinforced concrete pipe carrying SR 30 over a fifth unnamed tributary to Mill Creek (TSF; referred to as UNT-5) having a drainage area less than 100 acres; construct and maintain a replacement 70' long 63" by 48" elliptical reinforced concrete pipe.

6. Place and maintain fill in 0.041 acre of PEM wetland and 0.084 acre of PFO wetland.

7. In addition, construct and maintain roadway associated stormwater facilities, and temporarily impact 944' of stream and 0.729 acre of wetland for the purpose of constructing these encroachments. The project permanently impacts 850' of stream.

8. Stream mitigation will occur onsite via the removal of existing culverts resulting in a net gain of 28' of open stream channel. Wetland mitigation will occur onsite with the construction of 0.8978 acre of PEM wetland.

The project site is associated with the realignment and reconstruction of SR 30 (Lincoln Highway) beginning approximately 0.5 mile from the Pennsylvania-West Virginia Border and extending 4,900' east (East Liverpool, OH and Hookstown, PA USGS topographic quadrangles; N: 40°, 35', 22.21"; W: -80°, 30', 11.63"; Sub-basin 20B; USACE Pittsburgh District), in Greene Township, Beaver County.

EROSION AND SEDIMENT CONTROL PERMITS

The following parties have applied for Erosion and Sediment Control Permits for earth disturbance associated with oil and gas exploration, production, processing, or treatment operations or transmission facilities.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department proposes to issue a permit to discharge, subject to certain limitations in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

A person wishing to comment on a proposed permit are invited to submit a statement to the appropriate Department office listed before the application within 30 days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address, and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate Department office during the 30-day public comment period.

Following the 30-day comment period, the program manager from the appropriate Department office will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to United States Court of Appeals for the 3rd Circuit, 21400 U.S. Courthouse, 601 Market Street, Philadelphia, PA 19106-1790.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity, are on file and may be inspected at the appropriate Department office.

Persons with a disability that require an auxiliary aid, service, or other accommodation to participate during the 30-day public comment period should contact the specified Department office. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at 800.654.5984.

Applications received under sections 5 and 402 of The Clean Streams Law (35 P.S. §§ 691.5 and 691.402).

ESG010019001. Re-publication of Notice. The Department of Environmental Protection (Department) provides notice of receipt of an application for a Chapter 102, Erosion and Sediment Control General Permit for Earth Disturbance Associated with Oil and Gas Exploration, Production, Processing, or Treatment Operations or Transmission Facilities. The application is currently under technical review for **Adelphia Gateway Project—Phase 1**. This notice was previously published in the *Pennsylvania Bulletin*, 50 Pa.B. 332, on January 18, 2020. The email address provided for submission of comments was incorrect, necessitating this re-publication. The proper email address is set forth below. Comments previously submitted to, and received by, the Department will be considered and do not have to be re-submitted.

The Adelphia Gateway Pipeline is an 84-mile pipeline that runs from Martins Creek to Marcus Hook. Facility upgrades will occur to thirteen (13) sites along the pipeline: Quakertown Compressor Station, East Perkiomen Blowdown, Skippack Pike Meter Station, Perkiomen Creek Blowdown, Schuylkill River Blowdown, Cromby Blowdown, French Creek Blowdown, Mainline Valve 2, Paoli Pike Blowdown, Chester Creek Blowdown, Mainline Valve 1, Transco Meter Station, and Marcus Hook Compressor Station.

The subsequent phase is the Tilghman and Parkway lateral pipeline installations. The Tilghman lateral pipeline consists of approximately 4.5 miles of a 16-inch O.D. pipeline through traditional pipeline installation and horizontal directional drill (HDD) installation methods. The project scope for the Parkway Lateral includes the installation of 500 linear feet of natural gas main, new meter pads, gravel paths, and a small compressor building.

This authorization is required for earth disturbance activities associated with oil and gas exploration, production, processing or treatment operations or transmission facilities when earth disturbance is five acres or greater. Review of this application is being coordinated among the Department and the associated county conservation districts.

The application under review is as follows:

Permit No.	Applicant Name & Address	Counties	DEP Office
ESG010019001	Adelphia Gateway, LLC 1415 Wyckoff Road Wall, NJ 07719	Bucks, Chester, Delaware, and Montgomery	Southeast Regional Office

More detailed information regarding the permit applications related to this proposed project is available in the Department's Southeast Regional Office at 2 East Main Street, Norristown, PA 19401 and available online (dep.pa.gov/pipelines). Contact the Department's Southeast Regional Office File Review Coordinator at 484.250.5900 to request a file review.

Comments on the applications can be e-mailed or sent via postal mail to the Department of Environmental Protection, Southeast Regional Office, Waterways and Wetlands Program, 2 East Main Street, Norristown, PA 19401, ra-epww-sero@pa.gov.

Household Hazardous Waste Education Grant Award under Section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act, Act 101 of 1988

The Department of Environmental Protection hereby announces the following grant to Erie County under section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P.S. § 4000.901) and section 208 of the Small Business and Household Pollution Prevention Program Act (35 P.S. § 6029.208).

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans, as required by Act 101, for carrying out related studies, surveys, investigations, inquiries, research and analysis, including those related to siting, environmental mediation, education programs on pollution prevention and household hazardous waste (HHW) and providing technical assistance to small businesses for pollution prevention. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. All grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101 (53 P.S. §§ 4000.701 and 4000.702) and the availability of funds in the Recycling Fund.

Inquiries regarding the grant offering can be directed to Mark Vottero, Department of Environmental Protection, Bureau of Waste Management, Division of Waste Minimization and Planning, Rachel Carson State Office Building, P.O. Box 8472, Harrisburg, PA 17105-8472, at mvottero@pa.gov or (717) 772-5719.

Rates to be Used for Calculating Long-Term Operation and Maintenance Cost Bonds for Water Supply Replacement Mining Operations

The Department of Environmental Protection (Department) announces the rates to be used to calculate bond amounts for water supply replacement operation and maintenance costs for anthracite and bituminous coal and industrial mineral mining operations. The authority for bonding mining operations is found under The Clean Streams Law (35 P.S. §§ 691.1—691.1001), the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.19b), the Coal Refuse Disposal Control

Act (52 P.S. §§ 30.51—30.66), The Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21), the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326) and the regulations promulgated thereunder at 25 Pa. Code Chapters 77 and 86 (relating to noncoal mining; and surface and underground coal mining: general).

The rates are used in calculating the water supply operation and maintenance bond amounts for replacement water supplies affected by activities at mining operations including surface mines, coal refuse disposal sites, coal refuse reprocessing sites, coal processing facilities, underground coal mining operations and industrial mineral surface mines. The procedures for calculating water supply operation and maintenance bonds are described in Technical Guidance # 562-4000-102, "Increased Operation and Maintenance Costs of Replacement Water Supplies," which is available online at <http://www.depgreenport.state.pa.us/elibrary/GetFolder?FolderID=4605>.

The Department may review the adequacy of bonds on existing permits at any time. The Department will conduct these reviews before issuing permit renewals. The Department may conduct similar reviews at the midterm of a permit and before approving a permit revision.

Rates

The Department calculated the rate of inflation and rate of return using 5-year averages. For the rate of inflation, the Consumer Price Index (Northeast Urban) from the United States Department of Labor, Bureau of Labor Statistics, was averaged for the calendar years 2015—2019, resulting in a rate of 1.31%. For the rate of return, the interest rate for the 20-year Treasury bill as reported by the Federal Reserve was averaged for the calendar years 2015—2019, resulting in a rate of 2.57%.

For background information and supporting documentation regarding the rates, contact the Bureau of Mining Programs, Division of Permitting and Compliance, P.O. Box 8461, Harrisburg, PA 17105-8461, (717) 787-5103.

Effective Date

The rates in this notice will become effective April 1, 2020. They will remain in effect until new rates are published. It is anticipated new rates will be published in February 2021, to be effective April 1, 2021.

at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which they qualify on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

11. *Unclaimed prize money:* For a period of 1 year from the announced close of \$1,000,000 Riches, prize money from winning \$1,000,000 Riches instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the \$1,000,000 Riches instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

12. *Governing law:* In purchasing a ticket, the customer agrees to comply with and abide by the State

Lottery Law (72 P.S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

13. *Termination of the game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote \$1,000,000 Riches or through normal communications methods.

9. *Retailer incentive awards:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Gnome Me the Money instant lottery game tickets.

10. *Retailer bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania instant lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which they qualify on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

11. *Unclaimed prize money:* For a period of 1 year from the announced close of Gnome Me the Money, prize money from winning Gnome Me the Money instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Gnome Me the Money instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

12. *Governing law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P.S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

13. *Termination of the game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be

disseminated through media used to advertise or promote Gnome Me the Money or through normal communications methods.

FISH AND BOAT COMMISSION

Additions to List of Class A Wild Trout Waters

The Fish and Boat Commission (Commission) approved the addition of 36 stream sections to its list of Class A Wild Trout Streams and the amendment of the names of two stream sections as set forth at 49 Pa.B. 7052 (November 23, 2019). Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission’s policy to manage self-sustaining Class A wild trout populations as a renewable natural resource and to conserve that resource and the angling that it provides. Class A wild trout populations represent the best of this Commonwealth’s naturally reproducing trout fisheries.

FISH AND BOAT COMMISSION

Classification of Wild Trout Streams; Additions, Revisions and Removal

The Fish and Boat Commission (Commission) approved the addition of 49 new waters to its list of wild trout

streams and the revision to the section limits of 1 water on that list as set forth at 49 Pa.B. 7050 (November 23, 2019). Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Commission to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate man-

agement of streams. The Commission's Fisheries Management Division maintains the complete list of wild trout streams, and it is available on the Commission's web site at <http://www.fishandboat.com/Fish/PennsylvaniaFishes/Trout/Pages/TroutWaterClassifications.aspx>.

FISH AND BOAT COMMISSION

Classification of Wild Trout Streams; Proposed Additions and Revisions; April 2020

Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Fish and Boat Commission (Commission) to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The Commission's Fisheries Management Division maintains the list of wild trout streams. The Executive Director, with the approval of the Commission, will from time-to-time publish the list of wild trout streams in the *Pennsylvania Bulletin*. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams.

At the next Commission meeting on April 27 and 28, 2020, the Commission will consider changes to its list of wild trout streams. Specifically, the Commission will consider the addition of the following streams or portions of streams to the list:

FISH AND BOAT COMMISSION

Proposed Changes to List of Class A Wild Trout Waters; April 2020

The Fish and Boat Commission (Commission) is considering changes to its list of Class A Wild Trout Streams. Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Commission's policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. With rare exceptions, the Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

Criteria developed for Class A Wild Trout fisheries are species specific. Wild Trout Biomass Class Criteria include provisions for:

(i) *Wild Brook Trout Fisheries*

(A) Total brook trout biomass of at least 30 kg/ha (26.7 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brook trout biomass must comprise at least 75% of the total trout biomass.

(ii) *Wild Brown Trout Fisheries*

(A) Total brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brown trout biomass must comprise at least 75% of the total trout biomass.

(iii) *Mixed Wild Brook and Brown Trout Fisheries*

(A) Combined brook and brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass must comprise less than 75% of the total trout biomass.

(E) Brown trout biomass must comprise less than 75% of the total trout biomass.

(iv) *Wild Rainbow Trout Fisheries*

Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 2.0 kg/ha (1.78 lbs/acre).

(v) *Mixed Wild Brook and Rainbow Trout Fisheries*

(A) Combined brook and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

(vi) *Mixed Wild Brown and Rainbow Trout Fisheries*

(A) Combined brown and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brown trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

During recent surveys, Commission staff documented the following stream sections to have Class A wild trout populations. The Commission intends to consider adding these waters to its list of Class A Wild Trout Streams at its meeting on April 27 and 28, 2020.

Tentative Order

By the Commission:

For each fiscal year, the Commission determines the total assessment for regulatory expenses, which is allocated to, and paid by, public utilities pursuant to the methodology set forth in the Public Utility Code. 66 Pa.C.S. § 510(a), (b). The Commission provides notice of the amount lawfully assessed against a utility and requires the utility to pay that amount within thirty (30) days of receipt of the notice. 66 Pa.C.S. § 510(c). The Public Utility Code authorizes the Commission to revoke a utility's Certificate of Public Convenience (CPC) for failure to pay the assessment within the time prescribed. 66 Pa.C.S. § 510(c).

The Commission undertook a review of its records to determine whether various motor carriers are in compliance with the assessment payment requirements of the Public Utility Code. The Commission's review revealed that a number of carriers failed to pay their 2017-2018 and 2018-2019 assessments. Specifically, each carrier listed in Appendix A, attached hereto, has an outstanding assessment balance.

The Fiscal Office of the Commission's Bureau of Administration sent correspondence to each carrier listed in Appendix A, notifying them of their outstanding assessment balance and requesting that they pay the past due balance within twenty (20) days of receipt of the letter. The letter warns that failure to comply will result in the Commission taking appropriate action to cancel the carrier's CPC. None of the carriers in Appendix A submitted payment in response to the Commission's Bureau of Administration letter.

Additionally, Commission staff attempted twice to contact each carrier listed in Appendix A at the telephone number the carrier provided to the Commission, but were not able to make contact.

Under the circumstances, the Commission has tentatively concluded that the motor carriers listed in Appendix A are not in compliance with the assessment payment requirements of 66 Pa.C.S. § 510(c), and may no longer be in business in Pennsylvania as a motor carrier public utility. As a result, it is appropriate to initiate the process to cancel their CPCs as being in the public interest; *Therefore,*

It Is Ordered That:

1. Cancellation of the Certificates of Public Convenience of each motor carrier listed in Appendix A is hereby tentatively approved as being in the public interest.

2. The Secretary shall serve a copy of this Tentative Order upon the Commission's Bureau of Investigation and Enforcement, Bureau of Technical Utility Services, Bureau of Administration, the Pennsylvania Department of Revenue's Bureau of Corporation Taxes, the Pennsylvania Department of Transportation, and all motor carriers listed in Appendix A. The Tentative Order shall be filed at each carrier's assigned docket number.

3. The Law Bureau shall publish a copy of this Tentative Order in the *Pennsylvania Bulletin*.

4. To the extent that any of the motor carriers listed on Appendix A challenges cancellation of their Certificates of Public Convenience, any of the parties listed in Ordering Paragraph No. 2, must file comments within thirty (30) days after publication of this Tentative Order in the *Pennsylvania Bulletin*. Comments shall be sent to the Pennsylvania Public Utility Commission, Attn: Secretary Rosemary Chiavetta, Commonwealth Keystone Building, 400 North Street, 2nd Floor, Harrisburg, PA 17120.

5. Alternatively, carriers listed in Appendix A may pay their outstanding assessment balance up to and within

thirty (30) days after publication in the *Pennsylvania Bulletin*. Payment shall be sent to the Pennsylvania Public Utility Commission, Attn: Fiscal Office, P.O. Box 3265, Harrisburg, PA 17105. Checks shall be made payable to "Commonwealth of Pennsylvania."

6. Absent the timely filing of comments challenging the cancellation of the Certificate of Public Convenience or the timely payment of a carrier's outstanding assessment balance, the Law Bureau shall prepare a Secretarial Letter, for issuance by the Secretary's Bureau, canceling the Certificate of Public Convenience of each motor carrier that fails to respond.

7. Upon issuance of the Secretarial Letter described in Ordering Paragraph No. 6 above, the Certificate of Public Convenience of each non-compliant carrier shall be cancelled, and each non-compliant carrier listed in Appendix A will be stricken from all active utility lists maintained by the Commission's Bureau of Technical Utility Services and the Fiscal Office of the Bureau of Administration.

Establishment of the Pole Attachment Working Group under 52 Pa. Code Chapter 77; Doc. No. L-2018-3002672

On September 3, 2019, at Doc. No. L-2018-3002672, the Pennsylvania Public Utility Commission (Commission)

entered its Final Rulemaking Order regarding the Assumption of Commission Jurisdiction Over Pole Attachments from the Federal Communications Commission. The Final Rulemaking Order was published at 50 Pa.B. 469 (January 18, 2020), with the Commission's regulatory authority over the rates, terms and conditions of access to and use of utility poles to become effective, under 52 Pa. Code Chapter 77 (relating to pole attachments), on March 18, 2020.

Section 77.7 (relating to working group) of the Commission's regulation requires the creation of a pole attach-

ment working group to ensure that the Commission remains apprised of industry and public concerns, that Federal amendments are properly vetted before becoming effective in this Commonwealth and that dispute resolution processes are efficient and effective. This notice hereby invites any parties who are interested in participating in the pole attachment working group to inform the Commission of their interest within 15 days of the date of publication of this notice in the *Pennsylvania Bulletin*. The Commission will ultimately manage the size and composition of this working group to ensure that its regulatory purposes are fulfilled. Failure to respond to this notice is not intended to foreclose participation.

This pole attachment working group is hereby established with an initial membership of representatives from the following: (1) within the Commission: the Law Bureau, the Office of Special Assistants, the Bureau of Technical Utility Services, the Bureau of Consumer Services, the Bureau of Investigation and Enforcement and the Office of Administrative Law Judge—Mediation Office; (2) the Office of Consumer Advocate and the Office of Small Business Advocate; and (3) the Governor's Office of Broadband Initiatives. Among industry participants, also invited to participate are the Broadband Cable Association of Pennsylvania; CTIA—the Wireless Association; the Energy Association of Pennsylvania; and the Pennsylvania Telephone Association.

The contact person for this notice is Colin W. Scott, Assistant Counsel, Law Bureau. Parties interested in becoming members of the pole attachment working group should e-mail colinscott@pa.gov, with the subject line "Pole Attachment Working Group Membership" within 15 days of the date of publication of this notice in the *Pennsylvania Bulletin*.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Hamilton Relay, Inc. Petition for a Proposed Pilot of Real Time Text for People with Disabilities in this Commonwealth; Doc. No. P-2019-3008352

On March 8, 2019, at Doc. No. P-2019-3008352, Hamilton Relay, Inc. (Hamilton) filed an Executive Summary and related information with the Pennsylvania Public Utility Commission (Commission) seeking Commission approval to conduct a 90-day pilot project of Real Time Text (RTT) supported by the TRS Fund (RTT Pilot). At the TRS Advisory Board meeting of December 5, 2018, the members recommended to the Commission including the Commonwealth in its RTT Pilot.

The RTT Pilot is a 90-day pilot project that is designed to test the availability and use of RTT by a limited number of eligible residents of this Commonwealth with disabilities. RTT capable devices will be supported from and distributed through the existing TRS Fund. The proposed RTT Pilot will be implemented through Hamilton in its current capacity as the Commonwealth's Commission-approved TRS provider.¹

¹ See Application of Hamilton Relay, A-2014-2447601.

The pilot project will provide for the recruitment and selection of up to 50 eligible participants over a 90-day period. RTT is a digital, Internet Protocol based communication protocol that transmits text immediately as the characters are typed. RTT provides text communications that may be more functionally equivalent for Relay users as it allows for conversational bi-directional communication that may also include voice and special characters. The trial will include distribution of selected RTT-capable devices equipped with appropriate applications and software, as well as monitoring, measurement and evaluation of the use of this system. The RTT proposal seeks funding in the amount of \$167,575 from the TRS Fund for the relevant costs of the pilot project including the costs of the device equipment distribution and the costs for managing the overall project through its 90-day duration.

Interested persons may file comments on the proposed RTT Pilot within 20 calendar days of the publication of this notice. Comments must reference Doc. No. P-2019-3008352 and may be filed either electronically through the Commission's e-File System² or by mail addressed to the Pennsylvania Public Utility Commission, Attention: Secretary, 400 North Street, 2nd Floor, Harrisburg, PA 17120. Handwritten comments will be accepted by mail. The filing of comments by means of routine e-mail is not permitted.

Where possible, an electronic copy of any filing should also be sent to Eric Jeschke at ejeschke@pa.gov. The contact person for this petition is Christian McDewell, Assistant Counsel, Law Bureau, (717) 787-7466.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Petition of Armstrong Telecommunications, Inc. for Designation as an Eligible Telecommunications Carrier

Public Meeting held
February 6, 2020

Commissioners Present: Gladys M. Brown Dutrieuille, Chairperson; David W. Sweet, Vice Chairperson; Andrew G. Place; John F. Coleman, Jr.; Ralph V. Yanora

Petition of Armstrong Telecommunications, Inc. for Designation as an Eligible Telecommunications Carrier; P-2018-3005035

Order

By the Commission:

Before the Pennsylvania Public Utility Commission (Commission) for disposition is the September 28, 2018 Petition of Armstrong Telecommunications, Inc. (ATI) (Petition) seeking Commission designation as an Eligible Telecommunications Carrier (ETC) in the Commonwealth of Pennsylvania for the purpose of receiving federal high-cost support, pursuant to Section 214(e)(2) of the

² See <http://www.puc.state.pa.us/efiling/default.aspx>.

Communications Act of 1934, as amended.¹ Obtaining a designation as a federal high-cost ETC from the Commission would qualify ATI to become eligible to receive federal high-cost support funding from the federal Universal Service Fund (USF) in any area where it was awarded a winning bid in the Federal Communications Commission's (FCC) Connect America Fund Phase II (CAF II) Auction 903 (Auction 903). As such, ATI is required to certify that it is an ETC in all of the eligible census blocks for which ATI was awarded Auction 903 support in order to provide voice and broadband services to identified locations. Accordingly, in its Petition, ATI states that it is seeking high-cost designation as an ETC only in specific census blocks throughout the Commonwealth for which it was awarded funding in the CAF II Auction 903.² ATI has identified these specific census blocks in Exhibit A to the Petition, which we have replicated in Appendix A to this Order, and which we hereafter refer to as ATI's ETC "Designated Area."

Notice of ATI's Petition was published in the *Pennsylvania Bulletin* at 48 Pa.B. 6759 on October 20, 2018. No comments were filed in response to ATI's Petition. ATI also filed supplements to its original Petition that set forth other additional pertinent information.³

We have reviewed ATI's Petition, as supplemented, to determine whether it meets the statutory criteria and applicable minimum standards necessary under state and federal law to obtain an ETC designation. ATI's Petition is hereby approved under the applicable federal statutory criteria and other relevant federal and Pennsylvania law. Concomitantly, as a condition of receiving an ETC designation to receive high-cost support, ATI must also participate in the federal Lifeline program and is required to offer Lifeline service to qualified low-income eligible customers or households in its Designated Area in accordance with applicable federal and Pennsylvania law.

We hereby conclude that it is in the public interest that ATI be designated an ETC for purposes of receiving Auction 903 support in the high-cost eligible census blocks where it submitted a winning bid to deploy and maintain networks capable of providing voice and broadband services and also to provide Lifeline service to qualifying low-income customers or households in those same census blocks. Specifically, ATI will be required to offer Lifeline services to qualified eligible low-income customers or households, subject to the conditions stated by this Order, and applicable reporting, annual recertification, and other requirements as they currently exist or may come to exist under federal and/or state law.

Background

A. FCC and State ETC Orders

In its 1997 Universal Service Order, the FCC established minimum requirements necessary for a telecommu-

nications carrier to be designated an ETC, and thus, eligible to receive federal universal service high-cost support from the federal USF.⁴ In 2005, pursuant to Section 214(e)(6) of the Communications Act of 1934, as amended (Act), 47 U.S.C. § 214(e)(6), and consistent with the recommendations of the Federal-State Joint Board on Universal Service (Joint Board), the FCC addressed these minimum requirements and adopted additional mandatory requirements for ETC designation proceedings.⁵ Additionally, as recommended by the Joint Board, the FCC encouraged states that exercise jurisdiction over ETC designations pursuant to Section 214(e)(2) of the Act, to adopt these same requirements when deciding whether they should designate a common carrier as an ETC.⁶ Accordingly, in order to provide consistent standards and to obtain the complete and necessary information necessary when reviewing future petitions for ETC designation and annual ETC recertifications, the Commission adopted the FCC's statutorily prescribed requirements for ETC designations and set forth additional Pennsylvania-specific standards as guidelines for all ETC applicants over which it exercises jurisdiction.⁷ The Commission codified these guidelines at 52 Pa. Code § 69.2501 (ETC Guidelines).

In its 2011 USF/ICC Transformation Order, the FCC comprehensively reformed the federal USF mechanism to accelerate broadband build-out to the 18 million Americans living across the nation in rural areas who were receiving voice service but lacked access to robust broadband infrastructure and service.⁸ Specifically, the FCC concluded that it should adopt high-cost support for broadband-capable networks as an express universal service principle under Section 254(b) of the Act, 47 U.S.C. § 254(b).⁹ Additionally, for the first time, the FCC set specific performance goals for the high-cost component of the federal USF to ensure the reforms are achieving their intended purposes.¹⁰ Accordingly, the FCC revamped the purpose of the Universal Service High-Cost program of the federal USF to expand access to both voice and broadband services by supporting networks capable of providing those services and requiring certain support recipients to provide those services in geographic areas that were clearly unserved or underserved by unsubsidized service providers of broadband service.¹¹

Concomitant with this repurposing of the six pre-existing programs in the federal USF High-Cost Fund that supported voice service, there was also a renaming of the High-Cost program to the Connect America Fund or CAF.¹² The CAF was rolled-out in different phases.¹³ Up through the CAF Phase II Auction 903, the FCC, through the CAF, provided funding to federal price cap incumbent local exchange carriers (ILECs) to support the cost of

¹ Although styled an application, ETC designation is properly sought through a petition. Per our regulations at 52 Pa. Code § 1.2, we have treated this document as a petition.

² The FCC made eligible for Auction 903 certain high-cost census blocks in states where the price cap carriers had declined an earlier offer of model-based support in CAF Phase I, Part 2 and in other unserved areas nationwide (excluding New York, Alaska, Puerto Rico, and the Virgin Islands) that were not served by an unsubsidized service provider. It was through this competitive bidding process that ATI was a winning bidder in certain high-cost census blocks located in service territories of Verizon Pennsylvania, LLC, Verizon North, LLC and The United Telephone Co. of Pennsylvania, Inc., d/b/a CenturyLink, and Windstream Pennsylvania, LLC. It is in these federally-funded census blocks that ATI is seeking federal high-cost ETC designation and will be offering voice and broadband services under federal law consistent with the FCC's public interest obligations.

³ ATI filed supplements on January 9, 2019, March 14, 2019, April 24, 2019, January 14, 2020, and responded to staff inquiries on June 26, 2019, July 3, 2019 and July 28, 2019, January 4, 2020, January 14, 2020.

building new network infrastructure or performing network upgrades to continue to provide voice and, in addition, retail broadband access services in areas where it was lacking.

In 2018, as a part of CAF Phase II, Part II, the FCC conducted Auction 903 to allocate Phase II support to a certain number of locations in eligible CBGs across the United States, including areas in Pennsylvania where certain federal price cap ILECs had declined to receive the model-based high-cost support that had been previously offered by the FCC.¹⁴ Auction 903 ran from July 24, 2018 to August 21, 2018 and awarded up to \$198 million annually for 10 years to all service providers that had committed to provide voice and fixed broadband services to specific locations in unserved high-cost areas, including areas in Pennsylvania.¹⁵ As a result of Auction 903, some homes and businesses would have voice as well as broadband Internet access service (BIAS) available with download speeds of at least 100 megabits per second (Mbps).¹⁶ Others would have voice and gigabit service available.¹⁷ And lastly, the remaining locations would have voice as well as at least 25 Mbps download service available.¹⁸

Concomitantly, in order to continue the mission of assisting qualifying low-income Americans to get and stay connected in today's technological climate, while at the same time relieving some of the burden on the entities providing this service, the FCC also had begun restructuring the federal USF Lifeline program.¹⁹ In its 2012 Lifeline Reform Order, the FCC eliminated the previous system of tiered support and set an interim funding rate of \$9.25 per month and per eligible subscriber or household effective May 1, 2012.²⁰ The FCC has issued three later Lifeline reform orders establishing a number of additional enhancements to the federal Lifeline Program,

²⁰ At the current time, federal rules limit Lifeline support to \$7.25 to support voice service. The Lifeline subscriber's \$9.25 support is applicable to broadband service. A Lifeline consumer may choose to purchase but subscribers cannot receive the \$7.25 support separately for each service. However, Lifeline also supports broadband-voice bundles so consumers choosing a bundled package containing voice and broadband service can apply the \$9.25 support to that bundle.

further connecting low-income Americans to voice services and, now, broadband.²¹

B. ATI's Petition and Supplements

On August 28, 2018, the FCC announced that ATI had been awarded federal high-cost support funding in certain designated census blocks in Pennsylvania via the FCC's Auction 903.²² In its Petition, ATI requested ETC designation in only the specific census blocks located in Mercer, Crawford and Erie Counties where it had submitted a successful bid via Auction 903 and had been awarded CAF Phase II support by the FCC.

The Commission subsequently engaged in detailed analysis of the Petition and supplemental information that was provided to ensure consistency with state and federal law.

ATI holds certificates of public convenience from the Commission to operate as a Competitive Local Exchange Carrier (CLEC), Interexchange Toll Reseller (IXCR), and a Competitive Access Provider (CAP) in the following ILEC service territories: Commonwealth Telephone Company d/b/a Frontier Communications Commonwealth Telephone Company, LLC (Frontier Commonwealth); Verizon North LLC (Verizon North); Verizon Pennsylvania LLC (Verizon PA); The United Telephone Company of Pennsylvania d/b/a CenturyLink (CenturyLink); Citizens Telephone Company of Kecksburg; Consolidated Communications of Pennsylvania Company; and Windstream Pennsylvania, LLC (Windstream PA).

ATI plans to provide local exchange service and BIAS as an ETC only to the customers residing in the awarded census blocks that are located in the following local exchanges in the following ILEC service territories in Crawford, Erie and Mercer Counties, i.e., its Designated Area:

²² Along with the federal funding awarded to ATI in the recent CAF II Auction 903, ATI has also been awarded state funding to assist in constructing a fiber optic network to serve residential, business and institutional customers within a specific geographic area. The state funding includes Pennsylvania Redevelopment Capital Assistance Funds. This dedicated federal and Commonwealth funding entails certain conditions and obligations relevant to the deployment of ATI's planned network and provision of broadband access services that are under the purview of the FCC and the Pennsylvania Governor's Office of Broadband Initiatives. ATI will use facilities that are company-owned, but, at times, may resell another carrier's services to offer the supported services to residential and business customers.²³ ATI's facilities consist of the latest Gigabit Passive Optical Network (GPON) fiber optic architecture and include Optical Network Terminals (ONTs) at the customers' premises. The services are fully digital using a session initiation protocol (SIP) via a device called a Media Terminal Adapter (MTA) which is built into the ONT. ATI operates its own Class 5 Switch, the Metaswitch, through which all call signals are uncompressed and provisioned using a common G.711ulaw coder-decoder (CODEC) software. Calls that require interconnection offnet either outbound or inbound are routed through ATI's own Class 4 Tandem via a device called a session border controller which directs and terminates the calls. As part of its voice service offerings, ATI proposes to offer stand-alone basic local telephone service, which is a protected service in ATI's Designated Area.²⁴

ATI's Lifeline offering, if approved for ETC purposes, would be eligible for the federal \$7.25 rate of support for voice services.²⁵ Eligible Lifeline customers will have access to a variety of standard features, including voicemail, caller I.D., and call waiting services at the applicable tariff rates and charges. Furthermore, ATI will offer number porting at no charge to its Lifeline customers.²⁶ ATI will also ensure uninterrupted access to 911/Enhanced 911 (E911) emergency services for its Lifeline customers. ATI will bill its customers on a monthly basis and at this time only provides paper billing. ATI's Lifeline

customers will be advised of the billing method prior to establishing Lifeline service with ATI. ATI will not charge any of its Lifeline customers installation or equipment fees for voice or broadband service.

ATI understands that Pennsylvania participates in the Lifeline National Eligibility Verifier (National Verifier) program.²⁷ As such all electronic and paper applications are to be certified by the National Verifier, and applicants must physically e-sign an application for Lifeline whether entered by the applicant or ATI staff.²⁸ ATI also understands that the Pennsylvania Department of Human Services (DHS) has established an automated process with the National Verifier to assist with qualification and that all applications for Lifeline are approved by the National Verifier.²⁹ ATI asserts that it will comply with the eligibility determinations from the Lifeline National Verifier regarding potential Lifeline customers. Additionally, ATI states it will de-enroll Lifeline customers who do not receive recertification from the National Verifier in accordance with 47 CFR § 54.405(e)(4).³⁰

Discussion

Section 254(e) of the Act provides that "only an eligible telecommunications carrier designated under Section 214(e) shall be eligible to receive specific Federal universal service support."³¹ Section 214(e)(2) of the Act provides state commissions with the primary responsibility for performing ETC designations.³² Thus, pursuant to Section 214(e)(2), each certificated telecommunications carrier seeking federal universal service high-cost support must file a petition with the state commission in order to be designated an ETC. In those instances where a state cannot or will not make the requisite ETC designation, the FCC makes the ETC designation.³³ Thus, the Commission reserves the right to review any ETC designation request on a case-by-case basis and grant or deny such designation after considering the circumstances particular to each application.

²⁷ In 2016, the FCC established the National Verifier to make eligibility determinations to enroll eligible subscribers into the Lifeline Program. The National Verifier is further discussed, *infra*.

³² 47 U.S.C. § 214(e)(2).

³³ 47 U.S.C. § 214(e)(6).

The Commission has adopted the federal requirements as a starting point for review of a request for ETC designation.³⁴ We also have Pennsylvania-specific guidelines discussed below that a federal high-cost ETC petitioner must satisfy before we can approve its request for ETC designation in Pennsylvania.³⁵ As set forth below, ATI satisfies all federal requirements, including the FCC's Universal Service Order, the 2005 ETC Designation Order, the USF/ICC Transformation Order, the Lifeline Reform Orders, and FCC regulations codifying the requirements of these Orders. ATI also satisfies related Pennsylvania-specific requirements or guidelines.³⁶

I. Federal Requirements for Designation as A High-Cost ETC

Pursuant to 47 U.S.C. § 214(e)(1), an ETC petition must contain the following: (1) a certification that the petitioner offers or intends to offer all services designated for support by the FCC pursuant to Section 254(c); (2) a certification that the petitioner offers or intends to offer the services supported by the federal universal service mechanisms throughout the designated service area "either using its own facilities or a combination of its own facilities and resale of another carrier's services" (including the services offered by another ETC); (3) a description of how the petitioner "advertise[s] the availability of [supported] services and the charges therefore using media of general distribution"; and (4) a detailed description of the geographic service area for which it requests an ETC designation from the Commission.³⁷

As the FCC set forth in its 2005 ETC Designation Order,³⁸ a telecommunications carrier must also satisfy these additional mandatory requirements for it to be designated an ETC and thus eligible to receive federal universal service support: (1) a commitment and ability to provide services, including providing service to all customers within its proposed service area; (2) how it will remain functional in emergency situations; (3) that it will satisfy consumer protection and service quality standards; and (4) that it offers local usage comparable to that offered by the ILEC.³⁹ These requirements were codified in the FCC's rules and regulations.⁴⁰ The FCC subsequently added an additional requirement concerning the Anti-Drug Abuse Act of 1988.⁴¹

In addition to meeting these statutory requirements, state commissions must also perform a "public interest" review before approving an ETC designation. Section 214(e)(2) of the Act states that, "[u]pon request and consistent with the public interest, convenience, and necessity, the State commission may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications car-

rier" for a designated service area, so long as the requesting carrier meets the requirements of Section 214(e)(1).⁴²

Thus, our review of ATI's petition will be done consistent with the federal requirements that must be met in order for an applicant to receive designation as an ETC, as codified, which we have adopted and implemented in the Commonwealth as the minimum standards applicable to ETC designation. Our review of ATI's petition also will be done to ensure consistency with independent Pennsylvania law as an ongoing obligation.

A. The FCC's Rules Governing ETC Designations

1. 47 CFR § 54.101(a) and (b)

Certification Regarding the Offering of All Services Designated for Support

The FCC defines supported service as qualifying voice service and the offering of qualifying broadband services.⁴³ As a condition of receiving support, ETCs must offer qualifying voice service as a standalone service throughout their designated service area and must offer voice telephony services at rates that are reasonably comparable to urban rates.⁴⁴ Accordingly, all ETCs must satisfy these criteria.

All ETCs must offer qualifying voice service using their own facilities, at least in part.⁴⁵ The Commission has interpreted the term "facilities," for purposes of Section 214(e) of the Act, to mean "any physical components of the telecommunications network that are used in the transmission or routing of the services designated for support under section 254(c)(1)."⁴⁶ As explained by the FCC, "a carrier need not offer universal service wholly over its own facilities in order to be designated an eligible carrier because the statute allows an eligible carrier to offer the supported services through a combination of its own facilities and resale."⁴⁷ Facilities are the ETC's "own" if the ETC has exclusive right to use the facilities to provide the supported services⁴⁸ or when service is provided by any affiliate within the holding company structure.⁴⁹

An ETC satisfies its obligation to "offer" qualifying services by being legally responsible for dealing with customer problems, providing quality of service guarantees, and meeting federal USF-related requirements.⁵⁰ Accordingly, a broadband provider may satisfy its voice obligation by offering voice service through an affiliate or

³⁹ In the 2005 ETC Designation Order, the FCC also established that an ETC may be required to provide equal access if all other ETCs in the service area relinquish their designations. In the USF/ICC Transformation Order, the FCC determined that the above ETC equal access requirement was obsolete and deleted it from 47 CFR § 54.202. The FCC stated because this rule was obsolete, it found good cause to delete it without notice and comment. USF/ICC Transformation Order, FCC Rcd 17872, para. 647 and Appendix A.

by offering a managed voice solution (including Voice-over-Internet Protocol or VoIP) through a third-party vendor but cannot simply rely on the availability of over-the-top voice options.⁵¹

ATI attests that it will be providing all of the services and functionalities supported by the federal universal service program as set forth in Section 54.101(a) of the FCC's regulations throughout its Designated Area in the Commonwealth of Pennsylvania using at least a portion of its own facilities.⁵²

a. Voice Grade Access to the Public Switched Telephone Network (PSTN)

ATI meets the ETC requirement of being a common carrier. As previously stated, ATI is certificated as a CAP, CLEC and IXCR in Pennsylvania. Moreover, ATI represents that it will extend its voice service in its Designated Area by extending its own fiber network to additional service locations in the Designated Area.⁵³ As such, ATI is a common carrier under 47 U.S.C. § 214(e)(1) for purposes of ETC designation.⁵⁴

b. Minutes of Use for Local Service

As part of the voice grade access to the PSTN, an ETC must provide local calling services to its customers at no additional charge. Although the FCC did not set a minimum local usage requirement, in the Universal Service Order, it determined that ETCs should provide some minimum amount of local usage as part of their "basic service" package of supported services.⁵⁵ However, the FCC has determined that a carrier satisfies the local usage requirements by including a variety of local usage plans as part of a universal service offering. ATI has stated that it will offer a variety of local usage plans.⁵⁶ In particular, ATI's telephone service includes unlimited local and long distance.⁵⁷ Additionally, ATI's proposed Lifeline offering, as described, also complies with the local usage requirements established by the FCC. This meets the local calling requirement of 47 CFR § 54.101. In addition to voice services, ATI will provide Lifeline customers with access to a variety of other features at no cost, including voice mail, caller I.D., call waiting services and E911 capabilities.⁵⁸

c. Access to Emergency Services

ATI certifies that it will provide access to 911 and E911 emergency services for all of its customers throughout its entire service area.⁵⁹

d. Toll Limitation Services

Under the language of Section 54.400, the FCC has defined three terms addressing the service provided by an ETC by which a subscriber may prevent toll charges from

accumulating beyond a set point. Specifically, Subsection 54.400(b) of the FCC's regulations defines "toll blocking" as the service a subscriber may elect to not allow outgoing toll calls. Subsection (c) defines "toll control service" as the service a subscriber may elect to specify a set amount of toll usage allowed per month or per billing cycle. Subsection (d) defines "toll limitation service" as a generic term covering either toll blocking or toll control service for ETCs that are incapable of providing both or covering both services.

Section 54.401(a)(2), toll limitation service, does not need to be offered for any Lifeline service that does not distinguish between toll and non-toll calls in the pricing of the service. If an ETC charges Lifeline subscribers a fee for toll calls that is in addition to the per month or per billing cycle price of the subscribers' Lifeline service, the carrier must offer toll limitation service at no charge to its subscribers as part of its Lifeline service offering.

ATI's Lifeline service will include unlimited local and long-distance calling. ATI uses toll control to restrict calls to international or premium rate numbers unless the customer requests access in writing to have those controls lifted.⁶⁰ Therefore, the nature of ATI's service eliminates the concern that low-income customers will incur significant charges for long distance calls, risking disconnection of their service.

e. Eligible Broadband Internet Access Services

An ETC subject to a high-cost public interest obligation to offer BIAS must offer BIAS that provides the capability to transmit data to and receive data by wire or radio from all or substantially all Internet endpoints, including any capabilities that are incidental to and enable the operation of the communications service, but excluding dial-up service, within the areas where it receives high-cost support.⁶¹

ATI satisfies this requirement because it furnishes broadband Internet access that provides the capability to transmit data to and receive data by wire from all or substantially all Internet endpoints, including any capabilities that are incidental to and enable the operation of the communications service.⁶² Through the CAF II support received from Auction 903, ATI will extend its existing fiber network to provide broadband Internet access to the Designated Area.⁶³

2. 47 CFR § 54.201

Definition of ETC

Pursuant to Section 153(10) of the Act, "common carrier" is defined as "any person engaged as a common carrier for hire, in interstate or foreign communications by wire or radio[.]" 47 U.S.C. § 153(10). A carrier is eligible under Section 54.201 so long as it offers the services set forth in Section 54.101, either through its own facilities or a combination of its own facilities and the resale of another carrier's services and advertises the availability of the federal universal support services using media of general distribution.⁶⁴ Common carriers that provide services consistent with the requirements of Section 214(e) may be designated ETCs.

As previously found, ATI meets the ETC requirement of being a common carrier. As previously stated, ATI is

⁵¹ See Connect America Fund et al., Order on Reconsideration, 33 FCC Rcd 1380, 1387-88, para. 20 (2018) (rejecting arguments contending that "because VoIP is provided over broadband networks and over-the-top voice options are available, broadband service providers need only offer broadband as a standalone service," and requiring carriers to "offer VoIP over their broadband network on a standalone basis"); cf. Phase II Challenge Process Order, 28 FCC Rcd 7224, n.21 (explaining that a broadband provider would be considered to be providing voice service if it did so through an affiliated competitive local exchange company or "through a managed voice solution obtained from a third party vendor...so long as the broadband provider is the entity responsible for dealing with any customer problems, and it provides quality of service guarantees to end user customers").

certificated as a CAP, CLEC and IXCR in the service territories of Verizon PA, Verizon North and Windstream in Pennsylvania. Moreover, ATI will provide voice service in its Designated Area through its own facilities by extending its fiber network to additional service locations in its Designated Area.⁶⁵ As such, ATI is a common carrier under 47 U.S.C. §§ 214(e)(1) and 214(e)(6) for purposes of ETC designation.⁶⁶

ATI will advertise the availability of its Lifeline services on its website and using media of general distribution.⁶⁷ ATI's Lifeline service page will show the Lifeline service options available, and ATI will seek input and approval from the Bureau of Consumer Services (BCS) before placing this page into service. ATI staffs a local operations center that is open to the public to field calls and assist existing and new subscribers with completing paper applications or the online National Verifier applications.⁶⁸

3. 47 CFR § 54.202

Additional Requirements

ATI also meets the additional requirements for ETC designation as outlined in the Commission's Policy Statement at 52 Pa. Code § 69.2501 and set forth in Section 54.202, as discussed below.

a. 47 CFR § 54.202(a)(1)

Compliance with Service Requirements

In order to satisfy these criteria, an ETC applicant must demonstrate its commitment and ability to provide supported services throughout the Designated Area: (1) by providing services to all customers making a reasonable request for service within the ETC's designated service area; and (2) by submitting a formal network improvement plan that demonstrates how universal service funds will be used to improve coverage, signal strength, or capacity that would not otherwise occur absent the receipt of high-cost support.

To satisfy the first prong and ensure that an ETC serves requesting customers in its designated service area and demonstrates its capability and commitment to provide service throughout its designated service area to all customers who make a reasonable request for service, the FCC requires an ETC to make specific commitments to provide services to requesting customers in the service area for which it is designated. If the ETC's network already passes or covers the potential customer's premises, the ETC should provide service immediately. In those instances where a request comes from a potential customer within the petitioner's certificated service area but outside its existing network coverage, the petitioner should provide service within a reasonable period of time if service can be provided at reasonable cost.

ATI certifies that it will comply with all applicable requirements related to receipt of high-cost support, consistent with 47 CFR § 54.202(a)(1)(i). ATI commits to providing voice and broadband service, including all of the supported services, throughout its Designated Area to all customers making a reasonable request for services, as required by 47 CFR § 54.202(a)(1)(i).⁶⁹ ATI will also offer Lifeline services as required by the FCC's rules at all locations where it has been awarded support in accordance with 47 CFR 54.101(d).⁷⁰

For supported locations in the eligible census blocks, ATI certifies in its Petition that it will satisfy the FCC's deployment obligations at 47 CFR § 54.310(c) applicable to recipients of CAF Phase II support monies awarded through Auction 903. Specifically, ATI's Designated Area in Pennsylvania is throughout the CAF II census blocks in the areas of Mercer, Crawford and Erie Counties listed in its Petition at Exhibit A, identified for location more broadly by local exchange above, and included in the appendix to this Order.⁷¹

The "five-year plan" requirement set forth in 47 CFR § 54.202(a)(1)(ii) is inapplicable to ATI. The FCC has eliminated the five-year improvement plan requirement for price cap carriers, rate-of-return carriers and petitioners seeking ETC designation to become eligible to receive Auction 903 support.⁷² Therefore, since ATI is a winning bidder in Auction 903, it is not required to file a five-year improvement plan with this Commission.

b. 47 CFR § 54.202(a)(2)

Functionality in Emergency Situations

An ETC applicant is required to demonstrate its ability to remain functional in emergency situations. In order to satisfy this criterion, an applicant must demonstrate it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

ATI certifies that it intends to design the network with redundancy to enable continuous service.⁷³ ATI states that the options that are currently contemplated include various batteries and fixed and portable generators.⁷⁴ This will ensure that ATI is capable of rerouting traffic around damaged facilities. Additionally, the ONTs installed at the customers' premises also will have battery back-up for up to eight hours when fully charged.⁷⁵

c. 47 CFR § 54.202(a)(3)

Customer Service and Service Quality Standards

For applicants seeking ETC designation for the purposes of becoming authorized to receive Auction 903 high-cost support, the FCC waived the requirement to submit proof of compliance with consumer protection and service quality standards—finding that the need for such requirements is obviated by specific service quality standards applicable to Auction 903 winning bid areas and specific reporting obligations relating to such standards.⁷⁶ Nonetheless, under independent Pennsylvania law, ATI must still demonstrate that it will satisfy applicable consumer protection and service quality standards. ATI has certified that as a jurisdictional facilities-based CLEC and IXCR carrier in Pennsylvania, it will remain subject to the consumer protection and service quality standards and regulations promulgated by the Commission.⁷⁷

d. 47 CFR § 54.202(a)(4)

Financial and Technical Ability

Generally, a carrier seeking only low-income support under Subpart E, 47 CFR §§ 54.400–54.422, must demonstrate that it possesses the financial and technical ability to provide Lifeline service. A carrier seeking only low-income support also must submit information describing the terms and conditions of any voice telephone service plans and the terms and conditions of any broadband Internet access service plans offered to Lifeline subscribers.

ATI is not seeking an ETC designation for purposes of receiving only Lifeline support. However, ATI must participate in the federal Lifeline program as a condition of receiving an ETC designation to receive high-cost support, and ATI is required to offer Lifeline service to low-income eligible customers or households in its Designated Area. Therefore, the Commission determines that ATI must still demonstrate financial and technical ability to provide Lifeline service.

We find ATI fit to provide Lifeline service in Pennsylvania. As part of our granting its applications to operate as a CAP, CLEC and IXCR in Pennsylvania, we have previously concluded that ATI has demonstrated it is technically, managerially, and financially fit to offer the proposed services. Moreover, we are administratively aware that ATI was one of the successful bidders in the FCC's CAF II Auction 903 that is aiding with the construction of the planned network facilities in Pennsylvania, and that the FCC's CAF II bidding process required the substantive demonstration of managerial, technical, and financial fitness elements for the participation of the successful bidders.⁷⁸

We also find that ATI has provided the requisite information about its Lifeline service plan offerings. Upon review, ATI in its Petition commits to offering Lifeline services, consistent with the FCC's rules and the Commission's rules and guidelines. And ATI's supplements include the requisite description of its voice and Internet access service offerings for Lifeline subscribers.⁷⁹ Accordingly, we find that ATI meets the requirements of 47 CFR § 54.202(a)(5) and 47 CFR § 54.202(a)(6) as well.

e. 47 CFR §§ 54.202(a)(5) and 54.202(a)(6)

Terms and Conditions of Lifeline Plans

Consistent with our prior determination regarding Section 54.202(a)(4) above, we believe these sections are also applicable to ATI's ETC designation request. Pursuant to Sections 54.202(a)(5) and 54.202(a)(6), ATI commits to offering Lifeline discounts to qualifying low-income consumers, consistent with the FCC's rules and the Commission's rules and guidelines, in all high-cost areas where it is authorized to receive support. ATI's supplements include the requisite description of the service offerings for Lifeline subscribers.⁸⁰ Accordingly, we find that ATI meets the requirements of 47 CFR § 54.202(a)(5) and 47 CFR § 54.202(a)(6).

⁷⁸ See, e.g., FCC Public Notice, Instructions for Short-Form Application to Participate in the Connect America Fund Phase II Auction Scheduled to Begin on July 24, 2018, AU Docket No. 17-182, (FCC Rel. ⁸⁰ ATI supplements dated January 9, 2019, February 19, 2019 and April 24, 2019.

f. 47 CFR § 54.202(b)

Public Interest Standard

When making a public interest determination for an ETC designation, the FCC historically has considered the benefits of increased consumer choice and the unique advantages and disadvantages of the petitioner's service offering.⁸¹ In particular, granting an ETC designation may serve the public interest by providing a choice of service offerings in rural and high-cost areas. However, the value of increased competition, by itself, may not satisfy the public interest test.

In this case, we believe the public interest standard has been met through ATI's participation in the CAF II process. Such participation will allow ATI to offer voice and broadband data services to areas in Pennsylvania that currently do not have broadband service. ATI was a winning bidder in Auction 903 in the following manner:

<i>Bidder</i>	<i>State</i>	<i>Total Assigned Support for 10-year period</i>	<i>Locations Assigned</i>
Armstrong Telephone Company—Northern Division ⁸²	PA	\$2,642,412.90	1,949

ETC designations in areas where a winning bidder is authorized to receive Auction 903 support serve the public interest. That arises, in part, because approving an ETC designation for ATI permits it to secure the release of the total 10-year support by the FCC from Auction 903 to deploy broadband-capable networks in rural underserved areas in Pennsylvania that might otherwise prove more expensive or longer to deploy.

Receipt of Auction 903 CAF Phase II federal funds is a considerable benefit to Pennsylvania, which is otherwise a net-contributor state to federal USF funding. It will facilitate the provision of additional access to voice and broadband service to Pennsylvania consumers in rural areas that are expensive and difficult to serve. Recipients of CAF Phase II support are required to offer broadband service at modern speeds with latency suitable for real-time applications, including VoIP, usage capacity that is reasonably comparable to comparable offerings in urban areas. ATI certifies that it will abide by the FCC's rules for broadband services in accordance with 47 CFR § 54.309.⁸³

Certifying ATI as an ETC is in the public interest, pursuant to 47 CFR § 54.202(b), because it will permit ATI to obtain over \$2.6 million in federal high-cost support to provide voice and broadband service to areas that currently do not have modern broadband service.⁸⁴ By selecting ATI as a recipient of CAF II funds, the FCC has recognized that the services that ATI intends to offer will advance the goal of universal service and provide needed broadband service to currently underserved areas. ETC designation will allow ATI to fulfill the requirements of the CAF II and apply the high cost support in Pennsylvania for the purposes it was intended.

Moreover, ATI may possibly replace current federal price cap ETCs as the only carrier receiving federal USF high-cost support in these local exchanges.⁸⁵ In the December 2014 Connect America Order, the FCC determined that federal price cap carriers can remove their ETC status via the Section 214 process if (1) the census block is determined to be low cost; (2) the census block is served by an unsubsidized competitor offering voice and broadband at speeds of 10/1 Mbps or better to all eligible locations; or (3) the census block is served by a subsidized competitor (another ETC) receiving federal high-cost support to deploy modern networks capable of providing voice and broadband to fixed locations.⁸⁶ While Section 214(e)(4) of the Act enables a price cap ETC to seek relinquishment of its ETC designation, it also requires states (or the FCC if it designated the ETC) to “ensure that *all* customers served by the relinquishing carrier will continue to be served.”⁸⁷ Hence, if all other ETCs in ATI’s Designated Area relinquish their ETC designations, ATI, as the competitive ETC, may be required to ensure that all customers served by the relinquishing carriers in their respective designated service areas will continue to be served.⁸⁸

Since an ETC designation will assist ATI to secure federal universal service high-cost support funding under CAF Phase II in various census blocks in specific local exchanges and also provide voice services while promoting the deployment of advanced telecommunications and BIAS in the relevant areas and locations of the Commonwealth addressed in the Petition, the Commission determines that ETC designation for ATI is in the public interest. It promotes both the FCC’s and the Pennsylvania General Assembly’s goals of preserving and advancing universal service and ensuring the availability of quality telecommunications services at just, reasonable, and affordable rates within rural and high-cost areas. See 66 Pa.C.S. § 3011(2).

g. *47 CFR § 54.202(c)*

Tribal Lands

ETC designation to serve any tribal lands is inapplicable in Pennsylvania, making Section 54.202(c) inapplicable to ATI’s Petition.

h. *47 CFR §§ 54.202(d) and (e)*

Designation as Lifeline Broadband Provider

A Lifeline Broadband Provider (LBP) is a service provider that will provide only Lifeline-supported broad-

band service, and not Lifeline-supported voice service. ATI is not seeking designation as an LBP but as a federal high-cost ETC. Therefore, Sections 54.202(d) and (e) are inapplicable to ATI’s Petition.

4. *47 CFR § 54.203*

ETCs for Unserved Areas

Because ATI’s Petition does not involve service to an unserved area, Section 54.203 is not applicable.

5. *47 CFR § 54.205*

Relinquishment of Universal Service

If at some point in the future ATI seeks to relinquish its ETC designation, ATI agrees to comply with the requirements of Section 54.205 as well as independent state law.

Service Areas

Generally, once an entity is designated an ETC in a service area, it must offer the supported services throughout that entire service area.⁸⁹ The term service area generally means the overall geographic area for which the carrier shall receive support from federal universal service support mechanisms.⁹⁰ A service area is established by a state commission for the purpose of determining universal service obligations and support mechanisms.

ATI was a winning bidder in specific eligible census blocks in Pennsylvania located in local exchanges within the service areas of Verizon PA, Verizon North, Windstream and CenturyLink. Consequently, in its Petition, ATI is seeking ETC designation only in those CAF-eligible census blocks located in local exchanges where it was awarded CAF Phase II support funding via Auction 903. In the ETC Designation Order, the FCC adopted one set of criteria for evaluating the public interest for ETC designations for both rural and non-rural areas.⁹¹ The FCC noted in the ETC Designation Order that the same factors may be analyzed differently or may warrant a different outcome depending on the specifics of the proposed service area and whether it is rural or non-rural.⁹² The Commission notes that ATI is seeking ETC designation below the study (or service) area level of both rural and non-rural ILECs.

A portion of the Designated Area in ATI’s Petition is for specific CAF-eligible census blocks located in local exchanges served by Verizon PA and Verizon North, which are non-rural ILECs in Pennsylvania. Based on our analysis of ATI’s Petition and the applicable law, we conclude that a redefinition analysis is not required and approve ATI’s request for an ETC designation below the study area levels of Verizon PA and Verizon North.⁹³

Conversely, if an area is served by a rural ILEC, the Act defines the service area for the purpose of designating an ETC to be the rural ILEC’s entire study (or service) area for federal universal service support purposes. Generally, when a competitive ETC seeks to serve an area already served by a rural ILEC, Section 214(e)(5) of the Act imposes an additional requirement that the competitive ETC’s service area must conform to the rural ILEC’s service area.⁹⁴ Thus, it is only when an ETC applicant

⁸⁵ Notwithstanding Pennsylvania state law, a state commission must allow an ETC to relinquish its designation in any area served by more than one ETC pursuant to Section 214(e)(4) of the Act if conditions are met. See 47 U.S.C. § 214(e)(2). The relinquishing ETC must provide advance notice of such relinquishment to the state commission. Prior to allowing the relinquishing carrier to cease providing universal service, the state commission must require the remaining ETC or ETCs to ensure that all customers served by the relinquishing carrier will continue to be served. The state commission also must require sufficient notice to the remaining ETC or ETCs to permit the purchase or construction of adequate facilities, with such purchase occurring within a specific time period. See 47 U.S.C. § 214(e)(4).

⁸⁶ See December 2014 Connect America Order, Report and Order, 29 FCC Red 15644, 15663-71, paras. 50–70.

⁸⁷ 47 U.S.C. § 214(e)(4) (emphasis added).

⁸⁸ 2005 ETC Designation Order, 20 FCC Red at 6386, para 36. The FCC stated that under Section 214(e)(4) of the Act, the state commission or, in the case of a common carrier not subject to state commission jurisdiction, the FCC “shall permit an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier.” However, prior to allowing the carrier to cease providing universal service in the area, the remaining ETC or ETCs will be required to ensure that all customers served by the relinquishing carrier will continue to be served. Furthermore, under Section 251(h)(2) of the Act, the Commission may treat another carrier as the incumbent LEC if that carrier occupies a position in the market that is comparable to the position occupied by the incumbent LEC, if such carrier has substantially replaced an incumbent LEC, and if such treatment is consistent with the public interest, convenience and necessity. Moreover, applicable Pennsylvania law notwithstanding, ILECs seeking to relinquish their ETC designations will remain obligated, however, to maintain existing voice service unless and until they receive authority under 47 U.S.C. § 214(a) to discontinue that service. They also will remain subject to the obligation to offer Lifeline service to qualifying low-income consumers or households throughout their service territory.

seeks designation below the study (service) area level of a rural ILEC that redefinition comes into play. If a state commission seeks to designate a competitive ETC in a rural ILEC's service area that differs from the rural ILEC's existing service area, that rural service area must first be redefined under the process set forth under the Act, and the Commission would be required to conduct a cream-skimming analysis to compare the population density of the wire centers in which the ETC applicant seeks designation against that of the wire centers in the study area in which the ETC applicant does not seek designation.⁹⁵

Portions of ATI's requested Designated Area are in two rural ILEC (RLEC) service territories: Windstream PA and CenturyLink. However, instead of seeking an ETC designation throughout the entire RLECs' service territories, ATI is requesting to be designated an ETC below those full-service areas. In particular, ATI seeks an ETC designation only in the CAF-eligible census blocks within these Windstream PA and CenturyLink local exchanges:

- Windstream PA: Cochranon, Conneaut Lake, Conneautville, Guys Mills, Jamestown, Linesville, Meadville, Saegertown, Townville, Westford, Fredonia, Sandy Lake and Sheakleyville.
- CenturyLink: Blacktown.

Under standard ETC requests, the Commission would have to undergo a redefinition analysis of the particular RLEC service territory since the Petitioner requests to serve only portions of the RLECs' service areas and Section 214(e)(5) of the Act, 47 U.S.C. § 214(e)(5), requires conformance of a competitive ETC's and an RLEC's service areas. However, the FCC has waived its rules regarding the redefinition process for Auction 903 recipients.⁹⁶

In its Phase II Auction Order, the FCC held that for those entities that were seeking to obtain ETC designations solely as a result of being selected as winning bidders for the Auction 903 support, it was best to forbear from applying Section 214(e)(5) of the Act and Section 54.207(b) of the FCC's rules insofar as those sections require that the service area of such an ETC conform to the service area of any RLEC serving an area eligible for Phase II support.⁹⁷ The FCC noted that since price cap ETCs had declined the offer of model-based support and another entity is now receiving that declined support through Auction 903, the incumbent ETC's service area is no longer a relevant consideration in determining the geographic scope of a winning bidder's ETC designation.

Pennsylvania-specific carrier of last resort obligations notwithstanding, the FCC expressly noted that “[i]f the rural telephone affiliate of a [federal] price cap carrier declines the offer of support and another entity is selected as the winning bidder to serve a portion of its area through the competitive bidding process, the incumbent will be replaced by the Phase II competitive bidding recipient in those areas, and the incumbent's legacy service area will no longer be a relevant consideration in determining where the winning bidder should be designated as an ETC.”⁹⁸

Additionally, the FCC noted that forbearing from the service area conformance requirement eliminated the need for redefinition of any RLECs' service areas in the context of the Phase II competitive bidding process.⁹⁹ The FCC directly addressed its previously required “cream-skimming analysis,” an analysis triggered out of the concern that an ETC serving only a relatively low-cost portion of an RLEC's service area might skim only the cream of customers by receiving per line support based on the RLECs' cost of serving the entire service area. The FCC determined that such an analysis is irrelevant since a winning bidder will be the only carrier receiving support to serve a bid area and must serve areas the marketplace would not otherwise serve absent the Auction 903 support.¹⁰⁰ Thus, past “cream-skimming” concerns are not relevant to the CAF II support awarded through a competitive process.¹⁰¹

Here, ATI was a winning bidder in specific eligible census blocks in Windstream and CenturyLink's service areas, and ATI is only seeking ETC designation in those specific census blocks. Even though ATI is seeking ETC designation below the study area level of those RLECs, as explained above, applicable law concerning petitioners seeking ETC designations for the purpose of becoming authorized to receive Auction 903 support dictates that the analysis that the relevant state and the FCC historically undertook when deciding whether to redefine an RLEC's service area is not applicable to this Phase II competitive bidding process.¹⁰²

Based on our analysis of ATI's Petition and the applicable law, we conclude that redefinition is not required and approve ATI's request for an ETC designation below the study area level for each of these RLECs.¹⁰³

B. Certification of Eligibility for Benefits under the Anti-Drug Abuse Act

Petitioners must certify that neither the petitioner nor any party to the petition is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, as implemented in Section 1.2002 of the FCC's rules.¹⁰⁴ ATI certifies that no party to its Petition is subject to denial of federal benefits, including FCC benefits, pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.¹⁰⁵

C. ATI Satisfies the FCC's Rules and Federal Requirements Governing High-Cost ETC Designations

Based upon our review of ATI's Petition, as supplemented, we determine that ATI satisfies all the applicable and relevant FCC rules and federal requirements necessary to obtain an ETC designation for the purpose of receiving Auction 903 high-cost support. We understand that ATI specifically stated in its Petition that it is seeking ETC designation in PA only in the CAF-eligible census blocks within the thirty-three local exchanges located throughout the Verizon Pa, Verizon North, Windstream PA and CenturyLink service territories.¹⁰⁶ This limited

⁹⁵ Id. at 6006-09, paras. 162–68.

¹⁰⁰ Id. at 6008, para. 165. It does not appear to us that the high-cost census blocks where ATI was a successful bidder are the low cost/high density areas that historically have been the focus of the FCC's cream skimming analysis. Rather, by virtue of their inclusion in Auction 903, these are high-cost or extremely high-cost areas.

designation of ATI as a federal high-cost ETC in the high-cost CAF-eligible census blocks in Pennsylvania is in the public interest.¹⁰⁷

Consumers will benefit from the Commission's decision to designate ATI an ETC in the census blocks specified in its Petition and this Order, which will allow ATI to receive the CAF Phase II support to expand voice and broadband-capable networks with service quality that meets the FCC's and Pennsylvania's requirements. As an ETC receiving federal high-cost support, ATI is obligated to ensure that the support it receives is being used only for the provision, maintenance, and upgrading of facilities and services in the areas where it is designated an ETC. Additionally, because ATI will also be providing voice and BIAS to non-Lifeline customers, we require ATI to comply with applicable Commission and FCC requirements governing the delivery of voice and BIAS to non-Lifeline consumers.

ATI is being designated a federal high-cost ETC only in the CAF-eligible census blocks covered by ATI's award in Auction 903 that are located in Verizon Pa, Verizon North, Windstream and CenturyLink's service territory. The Commission cautions ATI that it may replace the current incumbent ETCs in the future as the only carrier receiving federal high-cost support in the local exchanges where it has received an ETC designation. The Commission acknowledges that an incumbent ETC in ATI's Designated Area may seek and be granted relinquishment by the Commission of its respective ETC designations under 47 U.S.C. § 214(e)(4). If such relinquishment occurs, ATI, as the competitive ETC, will be required to ensure that all customers served by a relinquishing carrier in ATI's Designated Area will continue to be served.

II. Federal Requirements of Eligible Telecommunications Carriers for Universal Service Support for Low-Income Consumers

Upon receipt of a federal high-cost ETC designation, a winning CAF bidder is required to offer Lifeline services and is required to comply with the rules and requirements of the federal Lifeline program. These rules and requirements have now been amended by the FCC's Lifeline Reform Orders and are codified at 47 CFR §§ 54.101, et seq.

The major goal of the FCC's Lifeline Reform Orders was to implement procedures designed to preserve federal USF resources and prevent waste, fraud and abuse. To that end, the FCC codified rules governing the entire process of Lifeline reimbursement from the USF. These changes established defined terms governing the provision of low-income support and established parameters governing a carrier's duties and eligibility for USF low-income support. Specifically, revised Section 54.400 establishes relevant terms and definitions for provision of Lifeline; Section 54.401 defines Lifeline as a non-transferrable retail service; Section 54.403 establishes the Lifeline support amounts that ETCs may seek from the federal USF; and Section 54.404 requires the creation of

the National Lifeline Accountability Database (NLAD),¹⁰⁸ which intends to provide a national database for ETCs to cross-check subscriber eligibility as a means to eliminate the federal USF support for duplicative or otherwise ineligible subscribers.

Further, the Lifeline Reform Orders instituted substantial changes which have impacted consumer qualification for Lifeline, including: Section 54.410 (Subscriber Eligibility Determination); Section 54.416 (Annual Certifications by ETCs); Section 54.417 (Record Keeping Requirements); and Section 54.422 (Annual Reporting for ETCs that Receive Low-income Support). These regulations govern the prerequisite duties of an ETC seeking low-income support from the federal USF.

All current and future ETCs must meet the minimum standards set forth in the FCC's Lifeline Reform Orders. All minimum federal requirements of the FCC's Lifeline Reform Order not expressly discussed herein, are nonetheless applicable to ETC designation requests in Pennsylvania. This includes any subsequent developments in those federal requirements. However, ATI is required to offer Lifeline-supported services only in the high-cost eligible census blocks for which it will receive CAF Phase II high-cost support via Auction 903 support—its Designated Area.¹⁰⁹

A. The FCC's Rules Governing Lifeline

1. 47 CFR § 54.410

Subscriber Eligibility Determination and Annual Certifications

The requirements for subscriber eligibility determination and annual certification requirements in Section 54.410 of the FCC's rules are the major requirements established to prevent waste, fraud, and abuse. These requirements pertain to consumer eligibility factors for Lifeline and the corresponding obligation for continued verification of that eligibility. Thus, every Lifeline consumer's eligibility is to be recertified annually.

In its 2016 Lifeline Order, the FCC established the National Verifier as the entity designated to make eligibility determinations and perform a variety of other functions necessary to enroll eligible subscribers into the Lifeline Program. As outlined in the 2016 Lifeline Order, "[t]he [FCC's] key objectives for the National Verifier are to protect against and reduce waste, fraud, and abuse; to lower costs to the Fund and Lifeline providers through administrative efficiencies; and to better serve eligible beneficiaries by facilitating choice and improving the enrollment experience."¹¹⁰ The National Verifier is a centralized system that determines whether subscribers are eligible for Lifeline. The Universal Service Administrative Company (USAC) manages the National Verifier and its customer service department, the Lifeline Support Center. Service providers can help Lifeline consumers obtain an eligibility decision from the National Verifier

¹⁰⁸ NLAD is a national database that allows service providers to check on a real-time, nationwide basis whether a consumer is already receiving a Lifeline Program-supported service. Thus, the NLAD is used to prevent duplicative Lifeline enrollments. In 2016, the FCC established the National Verifier to make eligibility determinations to enroll eligible subscribers into the Lifeline Program. There are a variety of criteria by which an applicant can demonstrate Lifeline eligibility, including income eligibility or participation in various federal assistance programs. USAC, the federal USF administrator, manages both the National Verifier and NLAD. As to ATI's de-enrollment processes, however, as stated *infra*, ATI's ongoing Lifeline requirement remains subject to future developments for Lifeline service in general under state and federal law.

¹⁰⁹ As previously noted, ATI's request for ETC designation was limited to its Designated Area—the census blocks for which it was awarded Auction 903 support. Therefore, ATI is not seeking a Lifeline-only ETC designation for any census blocks outside its Designated Area and is not authorized to offer Lifeline service beyond its Designated Area.

¹¹⁰ 2016 Lifeline Order, 31 FCC Rcd at 4007, para. 128.

¹⁰⁷ In its ETC Petition, ATI's ETC designation request was limited only to those CAF-eligible census blocks for which it had been awarded Auction 903 funding support. We note that this specific request is unlike other Pennsylvania Auction 903 winning bidders that may have included in their ETC designation request certain areas that are adjacent to the CAF-eligible census blocks where they submitted a winning bid. In those instances, the petitioners are not eligible to receive CAF Phase II high-cost support funding via Auction 903 in those adjacent areas and, thus, can only receive a Lifeline-only designation in those areas. Cf. Tri-Co Connections.

through the service provider portal, or consumers can apply on their own by mail or online. USAC will determine if the applicant is eligible for Lifeline.

The National Verifier was fully launched in Pennsylvania in March of 2019 and is the only means used for eligibility determination. New and potential Lifeline consumers will receive their initial income-based eligibility determination by signing into CheckLifeline.org from any computer or mobile device to create an account, receive an eligibility decision, and use the list of service providers in their area to contact one to enroll. ATI must use the National Verifier to verify eligibility for its potential Lifeline customers given USAC's implementation of the National Verifier in Pennsylvania.¹¹¹

Additionally, section 54.410(f) of the federal rules provides for an annual recertification process by which each subscriber's eligibility for Lifeline service must be recertified. 47 CFR § 54.410(f). In Pennsylvania, service providers must use the National Verifier to recertify their Lifeline subscribers. Accordingly, Lifeline subscribers will be recertified either automatically through the National Verifier's state/federal data sources or receive a recertification request from USAC.

The FCC modified Sections 54.410(b)(2)(ii), (c)(2)(ii), and (e) of its rules to clarify that where use of the National Verifier determines the consumer's initial eligibility determination or recertification, the National Verifier is not required to deliver copies of those source documents to the ETC. The FCC determined that this amendment to the rules was consistent with its goals that the National Verifier ease burdens on Lifeline service providers while improving privacy and security for consumers applying to participate in the program.

Further, this amendment brings Section 54.410 of the rules in line with the FCC's stated intent in the 2016 Lifeline Order that Lifeline providers would not be required to retain eligibility documentation for eligibility determinations made by the National Verifier as it presents unnecessary risk to the privacy and security of subscriber information. Thus, ATI is not required to retain documentation of eligibility criteria determinations by the Lifeline National Verifier.¹¹²

ATI must comply with the federal policy for de-enrolling an account from Lifeline support for non-use is consistent with the FCC rules. ATI must certify that if it receives notification from USAC, the administrator of universal service, that a subscriber is receiving Lifeline service from another ETC or if another member of the household is receiving Lifeline service, it will de-enroll that subscriber in accordance with Section 54.405(e)(2) of the FCC's rules. Additionally, if ATI has a reasonable basis to believe that a Lifeline subscriber is no longer eligible to receive Lifeline service, it will notify that subscriber of impending termination of service utilizing a combination of communication methods including calling the subscriber. The subscriber will then have 30 days to demonstrate appropriate eligibility for Lifeline service via NLAD that it is eligible for Lifeline.

Additionally, ATI must certify that it will de-enroll Lifeline customers for non-usage and failure to recertify in accordance with Sections 54.405(e)(3) and (4), respectively, of the FCC's rules. Furthermore, ATI must certify

¹¹¹ For low-income consumers residing in group facilities or at an address shared by multiple households, the FCC's "One Per-Household rule" establishes that a "household" is defined as "any individual or group of individuals who are living at the same address as one economic unit." 47 CFR § 54.400(h). Lifeline applicants may demonstrate at the time of enrollment that another Lifeline recipient resides at their address as part of a separate household.

¹¹² 47 CFR § 54.410(c) and (d).

that it will de-enroll subscribers who have not used their Lifeline service for a period of 30 days. Pursuant to procedures outlined in the FCC's rules, following 30 days of non-usage by a Lifeline subscriber, ATI must send a notice to that subscriber stating that failure to use the service within the next 15 days will result in de-enrollment from Lifeline service. However, where a carrier bills on a monthly basis and collects or makes a good faith effort to collect any money owed within a reasonable amount of time, the Lifeline service provider will not be subject to the non-usage requirements.

ATI agrees it will comply with the National Verifier's consumer eligibility determinations per the applicable FCC rules. This includes the FCC's Lifeline Reform Orders' amendment to the minimum eligibility criteria for consumers to receive Lifeline support, the revision to the eligibility determination process through the use of the National Verifier, and the modification of the annual recertification process as the National Verifier will also recertify subscribers each year.

2. 47 CFR §§ 54.416, 54.417 and 54.422

Annual Certifications, Recordkeeping and Reporting

As previously noted, the FCC's rules contain certain annual certification, recordkeeping, and reporting requirements for ETCs participating in the Lifeline program. For one, a service provider must annually certify in FCC Form 555 that is submitted to USAC that it complies with all applicable federal Lifeline certification procedures. The ETC certifies that it has policies and procedures in place to ensure that the Lifeline subscribers are eligible to receive Lifeline services.¹¹³ Consistent with our prior discussion related to Section 54.410(f), ATI's Lifeline subscribers will be recertified either automatically through the National Verifier's state/federal data sources, or receive a recertification request from USAC. In any event, ATI in its Petition represents that it will establish procedures to comply with these provisions.

B. *ATI Satisfies All the Federal Requirements Regarding Lifeline*

As a CAF II winning bidder and high-cost ETC, ATI is obligated to offer Lifeline-supported services in its Designated Area. ATI also is obligated to comply with the rules and requirements of the federal Lifeline program, including, inter alia, compliance with the FCC's updated rules for determining subscriber eligibility and annual recertification. Based upon our review of ATI's Petition, as supplemented, we determine that ATI satisfies all the applicable and relevant FCC rules and federal requirements regarding Lifeline.

III. **Pennsylvania-Specific Requirements for ETC Designation**

In addition to the minimum federal standards above, through our ETC Guidelines, ATI must comply with Pennsylvania statutory law and Commission orders which govern Pennsylvania's Lifeline program.¹¹⁴ 52 Pa. Code § 69.2501(b).

A. *Section 3019(f) Requirements*

Section 3019(f) of the Pennsylvania Public Utility Code (Code), 66 Pa.C.S. § 3019(f), and the Commission's PA Lifeline Order set forth the minimum Pennsylvania requirements for ETCs seeking low income support from the federal Lifeline Program. Section 3019(f) includes the following requirements for ETCs:

¹¹³ 47 CFR § 54.416.

¹¹⁴ Because the FCC's Lifeline Reform Order discontinued the Link-Up support from the federal USF, all references to Link-Up programs are now inapplicable.

(1) All eligible telecommunications carriers certificated to provide local exchange telecommunications service shall provide Lifeline service to all eligible telecommunications customers who subscribe to such service.

(2) All eligible telecommunications customers who subscribe to Lifeline service shall be permitted to subscribe to any number of other eligible telecommunications carrier telecommunications services at the tariffed rates for such services.

(3) Whenever a prospective customer seeks to subscribe to local exchange telecommunications service from an eligible telecommunications carrier, the carrier shall explicitly advise the customer of the availability of Lifeline service and shall make reasonable efforts where appropriate to determine whether the customer qualifies for such service and, if so, whether the customer wishes to subscribe to the service.

(4) Eligible telecommunications carriers shall inform existing customers of the availability of Lifeline services twice annually by bill insert or message. The notice shall be conspicuous and shall provide appropriate eligibility, benefits and contact information for customers who wish to learn of the Lifeline service subscription requirements.

(5) Eligible telecommunications carriers shall provide the Department of Public Welfare with Lifeline service descriptions and subscription forms, contact telephone numbers, and a listing of the geographic area or areas they serve, for use by the Department of Public Welfare in providing the notifications required by this paragraph.

(6) No eligible telecommunications carrier shall be required to provide after the effective date of this section any new Lifeline service discount that is not fully subsidized by the federal universal service fund.

ATI certifies that it will comply with the requirements for ETC designation contained in Section 3019(f) of the Code and the Pennsylvania Lifeline Order.¹¹⁵ ATI will provide its Lifeline service to all eligible telecommunications customers who wish to subscribe to such service. ATI will also agree to permit eligible customers to subscribe to such service and who reside within its Designated Area. The company also will agree to permit eligible customers to subscribe to any number of its other telecommunications services at the standard rates for such services. ATI will establish protocols so that whenever a prospective customer in its Designated Area seeks to subscribe to ATI's service, ATI will explicitly advise the customer of the availability of Lifeline service and shall meet federal requirements to determine whether the customer qualifies for such service and, if so, whether the customer wishes to subscribe to the service.

Furthermore, ATI will inform existing customers of the availability of Lifeline service twice annually by text or email message. To comply with Section 3019(f)(4), ATI must inform existing customers of the availability of Lifeline service twice annually by conspicuous bill insert or message that provides eligibility, benefit and contact information. Finally, ATI will provide the Commonwealth's DHS its Lifeline service descriptions and subscription forms, contact telephone numbers and a listing of the geographic area or areas it serves for use by DHS in providing notification under Section 3019(f)(5).

B. Other Pennsylvania Requirements and Relevant Reporting Requirements

In addition to the Pennsylvania statutory requirements, the Commission has established Lifeline eligibility criteria,

as well as procedures for certification and verification of a consumer's initial and continuing eligibility.¹¹⁶ We note that many Pennsylvania-specific requirements set forth in our PA Lifeline Order such as the requirements for certification and verification of a customer's initial and continued eligibility for Lifeline services have been impacted by Lifeline developments at the federal level. For example, the creation of the NLAD at 47 CFR § 54.404, has led to changes in the Pennsylvania-specific requirements for eligibility verification.

Additionally, ETCs are further ordered to report to the Commission annual changes in Pennsylvania Lifeline enrollment.¹¹⁷ The Commission continues to reserve our right to impose separate state-specific requirements where necessary for the protection of the Commonwealth's consumers. As shown below, ATI commits to complying with relevant requirements set forth in the Pennsylvania Lifeline Order, Tracking Report Order,¹¹⁸ and Policy Statement¹¹⁹ that are applicable to a facilities-based provider.

1. Compliance with Eligibility Certification and Verification

As a condition of its ETC designation, ATI must query the NLAD to ascertain a potential Lifeline applicant's eligibility for service. Compliance with the Lifeline eligibility verification requirements are essential for prevention of waste, fraud and abuse. In particular, all ETCs designated by this Commission are required to take the necessary steps to ensure that Lifeline support paid by the federal USF to the carrier is remitted only for eligible low-income consumers or households.

As stated above, ATI must use the National Verifier when helping consumers apply to the Lifeline Program. In addition, ATI must include a public education component as part of its Lifeline outreach program to ensure that consumers are aware of and can participate in, the eligibility determination from the National Verifier.

By our PA Lifeline Order we also required eligibility be confirmed annually and required "[t]hat LECs offering Lifeline . . . services are directed to recertify their Lifeline . . . customers at least annually in accordance with FCC procedures established at 47 CFR § 54.410 (relating to certification and verification of consumer qualifications for Lifeline).]"¹²⁰

ATI is directed, as a condition of receiving an ETC designation, to ensure all of its Lifeline subscribers are recertified. ATI's Lifeline subscribers will be recertified either automatically through the National Verifier's state/federal data sources or receive a recertification request from USAC.

Prior to recertification, however, we note that the FCC has adopted a reverification process that must occur to determine the continued eligibility of existing Lifeline subscribers. Reverification is the one-time process by the National Verifier to confirm that all existing Lifeline subscribers meet the eligibility standards. Reverification will be performed in groups based on subscribers' enrollment.

ment dates. Reverification will reset a subscriber's anniversary date. Subscribers will then be recertified one year after the date that they are successfully reverified.¹²¹ Thereafter, Lifeline subscribers will be recertified either automatically through the National Verifier's state/federal data sources or receive a recertification request from USAC. Because ATI has no existing Lifeline subscribers, we note that reverification likely will not be required since all ATI's Lifeline customers will be newly certified.

2. Compliance with the Tracking Report Order

As a condition of ETC designation, ETCs are required under Pennsylvania law to report to the Commission annual changes in Lifeline enrollment, per our Tracking Report Order. ATI certifies that it will comply with this requirement to the extent applicable. Consistent with requirements imposed on other ETCs, ATI will provide the Commission's BCS a copy of its annual Lifeline verification results that it files with USAC each year, as well as the FCC Form 497 Lifeline customer reporting worksheet (or any successor form) filed quarterly with USAC.¹²²

The Commission also has imposed the requirement on other Lifeline ETCs that they provide operator services, directory assistance and interexchange access (long distance) to Lifeline subscribers. ATI's customers have the ability to reach directory assistance and operator services. Additionally, given that all of ATI's Lifeline voice offerings would include long distance, all Lifeline customers are afforded such access.¹²³

Further, in order to ensure the Pennsylvania Lifeline program advances the Commonwealth's universal service policy, ATI shall be required to provide to BCS a copy of its annual Lifeline Eligible Telecommunications Carrier Certification Form, FCC Form 555, that it files with USAC.¹²⁴ The FCC Form 555 reports the results of the annual recertification process and includes data accuracy certifications.

3. Chapter 64 Requirements for Standards and Billing Practices

As a condition of designation, ATI agrees to comply with the standards and billing practices set forth in Commission regulations at 52 Pa. Code §§ 64.1—64.213. Compliance with Chapter 64 will ensure that ATI customers receive the same protections as other Pennsylvania telecommunications services customers.

4. Consumer Lifeline-Related Complaints Processed by the Bureau of Consumer Services

As a final condition of designation, ATI agrees to work with BCS to resolve informal complaints and to submit to Commission jurisdiction on formal complaints filed by ATI Lifeline customers on Lifeline and other related issues.

Consistent with conditions imposed on other Lifeline ETCs, ATI is amenable to cooperating with BCS in resolving any-consumer-related complaints concerning any Lifeline service that ATI offers in Pennsylvania.¹²⁵ ATI will provide BCS with copies of all advertising, promotional and general Lifeline program-related customer notices and communications on an annual basis or

upon request.¹²⁶ Specifically, BCS will address Lifeline-related issues which pertain to the consumers' rights under ATI's Residential Service Agreement, including (1) eligibility disputes; (2) program offering issues; and (3) limited equipment-related issues.

Additionally, ATI agrees to engage in advertising that is directed at promoting the availability of Lifeline service in its Designated Service Area.

Adherence to these Pennsylvania-specific requirements applicable to ETCs designated by the Commission will assure uniformity among Lifeline services offered by different ETCs, will provide consumer protection for low-income consumers, and will enable BCS to monitor Lifeline Program effectiveness in Pennsylvania.

5. Change in Corporate Control and Renewed ETC Designation

In the event of a change of or transfer in corporate control, as defined in Pennsylvania statutory law, case law, and the Commission's regulations at 52 Pa. Code § 63.322, ATI will have to petition this Commission for a renewal of its ETC status. Corporate changes of control may also be accompanied with changes in ETC status of a particular telecommunications entity with reference to the various and evolving support mechanisms of the federal USF. In this respect, this Commission is lawfully entitled to timely re-examine any such changes and ascertain whether a particular telecommunications entity should continue with an ETC designation. For this reason, we shall require ATI to file for renewal of its ETC designation at the same time it files or is implicated in the filing of any application for a change or transfer of control under Pennsylvania law.

6. Provision of ETC Application, Annual Certification and Promotional Materials to the Bureau of Consumer Services

All ETCs are required to supply the Commission's BCS with copies of subscriber Lifeline applications, annual certifications, promotional/advertising materials, and Lifeline-related customer notices to review for current information, consistency with eligibility determination criteria and annual certification requirements, and plain language requirements. Accordingly, as a condition of receiving ETC designation, ATI is directed to provide the Commission with copies of any and all reports submitted to USAC, and, upon request, provide BCS with copies of subscriber Lifeline applications, promotional/advertising materials, annual certifications reports, and Lifeline-related customer notices. Any failure of ATI to comply with these requirements will be a basis for revocation of its ETC designation or other enforcement action.

7. Reporting Requirements for State-Designated ETCs Receiving High-Cost Support

In its 2016 Rate-of-Return Reform Order, the FCC eliminated many of the related reporting obligations for ETCs set forth in Form 481. However, the FCC amended the rules to require ETCs to provide additional detail regarding their broadband deployment during each year. Specifically, ETCs are now required to provide location and speed information of newly-served locations.¹²⁷ Additionally, those ETCs electing to receive CAF Phase II support they were required to provide information for the geo-coded locations where they have newly-deployed voice and broadband services. Additionally, as a condition of receiving high-cost universal service support, ETCs must

¹²³ Id.

¹²⁴ As previously stated in the discussion of Section 54.410 of the FCC regulations, ETCs designated in Pennsylvania must provide our BCS copies of the reports submitted to USAC for purposes of low-income USF support, these reports include, among others, those listed in our PA Lifeline and Tracking Report Orders.

¹²⁵ In its January 14, 2019 supplement, ATI expressly provided BCS with direct contact information for ATI staff to resolve Lifeline related issues.

offer broadband service in their Designated Area that meets certain basic performance requirements and submit testing results as part of their annual compliance certification.¹²⁸ Carriers that do not comply with the FCC's speed and latency requirements will be subject to a reduction in support, commensurate with their level of noncompliance. In addition, providers will be subject to audit of all testing data.¹²⁹

ATI must comply with the following reporting requirements. ATI must submit to USAC the geocoded locations to which they have newly deployed broadband. This data will provide an objective metric showing the extent to which ETCs receiving high-cost support are using funds to advance as well as preserve universal service in rural areas, demonstrating the extent to which they are upgrading existing networks to connect rural consumers to broadband. ATI will also be required to report the number of locations at the minimum speeds required by the FCC's rules. The location and speed data will be used to determine compliance with the FCC's associated deployment obligations. The geocoded location information should reflect those locations that are broadband-enabled where ATI is prepared to offer service within ten business days that meets the FCC's minimum requirements for high-cost recipients subject to broadband public interest obligations. Additionally, ATI must meet the specific speed and latency performance obligations to these fixed locations and are also required to submit testing results as part of their annual compliance certification.

ATI must provide annual reports and certifications regarding specific aspects of their compliance with public interest obligations to the FCC, USAC, and this Commission as the relevant state commission. These annual reporting requirements will provide the factual basis underlying this Commission's annual Section 254(e) certification by October 1st of every year that support is being used for the intended purposes.

C. ATI Satisfies All Pennsylvania-Specific Requirements for Lifeline

In addition to the minimum federal standards mentioned above, all ETCs are required to comply with Pennsylvania law and Commission orders which govern Pennsylvania's Lifeline programs. 52 Pa. Code § 69.2501(b). As already determined above, ATI commits to: (1) abide by the applicable eligibility certification and verification requirements set forth in the Commission's PA Lifeline Order; (2) abide by the applicable requirements set forth in the Commission's Tracking Report Order; (3) abide by the Commission's Chapter 64 regulations regarding standards and billing practices, 52 Pa. Code §§ 64.1—64.213; and (4) have consumer Lifeline-related complaints which are unresolved by ATI's customer service, handled by BCS as appropriate and, if not, be resolved through formal or informal Commission processes.

Conclusion

In consideration of the ATI Petition for ETC designation, as supplemented, we conclude ATI satisfies all federal and Pennsylvania-specific requirements for ETC designation. As a federal high-cost ETC designee, ATI must meet the minimum standards set forth in the FCC's Lifeline Reform Orders, reporting and performance metrics set forth in the USF/ICC Transformation Order, and all related regulations. Further, in Pennsylvania, ATI must satisfy the Commission's requirements in the Public

Utility Code, our ETC Guidelines, and all related orders. Designation of ATI as a federal high-cost ETC to secure the federal high-cost support from Auction 903 in the Designated Area's discrete census blocks in its tariffed service area in Pennsylvania is in accord with Section 214 of the Act, the FCC's regulations and orders related to ETC designation, Section 3019(f) of the Code, and the Commission's orders on ETC designation. 47 U.S.C. § 214; 47 CFR §§ 54.201, et seq.; and 66 Pa.C.S. § 3019(f); *Therefore,*

It Is Ordered:

1. The Petition of Armstrong Telecommunications, Inc. for Designation as an Eligible Telecommunications Carrier in the Commonwealth of Pennsylvania is granted, subject to the terms and conditions set forth in this order.

2. That the Commission grants Armstrong Telecommunications, Inc. a designation as a federal high-cost Eligible Telecommunications Carrier only in the Connect America Fund Phase II-eligible census blocks in the service territories of Verizon Pennsylvania LLC; Verizon North LLC; United Telephone Company of Pennsylvania d/b/a CenturyLink; and Windstream Pennsylvania, LLC as set forth in the body of this Order.

3. That the rules of the Federal Communications Commission regarding the redefinition process as it relates to Armstrong Telecommunications, Inc.'s designation as a federal high-cost Eligible Telecommunications Carrier below the study area level of Verizon Pennsylvania LLC, Verizon North LLC, United Telephone Company of Pennsylvania d/b/a CenturyLink and Windstream Pennsylvania, LLC is inapplicable for the reasons set forth in this Order.

4. That Armstrong Telecommunications, Inc. shall provide updated tariff pages, including Lifeline tariff pages within 30 days of the entry of this Order.

5. That Armstrong Telecommunications, Inc. is required to offer Lifeline service to eligible low-income consumers or households only in those census blocks in its service area for which it will be receiving Connect America Fund Phase II Auction 903 high-cost support as described in this Order.

6. That, upon request, Armstrong Telecommunications, Inc. shall provide the Bureau of Consumer Services with copies of subscriber Lifeline applications and annual certification and promotional materials to review for current information, consistency with eligibility determination criteria and annual certification requirements, and plain language requirements.

7. That Armstrong Telecommunications, Inc. is hereby directed to work with the Bureau of Consumer Services to resolve informal complaints and to submit to Commission jurisdiction on formal complaints filed by Armstrong Telecommunications, Inc. Lifeline customers on Lifeline and other related issues.

8. That the failure of Armstrong Telecommunications, Inc. to comply with any of the provisions of this Order may result in revocation of its ETC designation(s) for the purposes of receiving federal Universal Service Fund high-cost support and the federal Lifeline support or be subject to further Commission process.

9. That Armstrong Telecommunications, Inc. shall petition this Commission for any future change to the basic Lifeline service offerings provided through this ETC designation as described herein which represents a limitation or reduction of Lifeline services/equipment provided free of charge, and shall provide notice to this

Commission of any addition, change or new offering which is in addition to the basic Lifeline offering.

10. That Armstrong Telecommunications, Inc. shall petition this Commission for renewal of its Eligible Telecommunications Carrier status at the same time it files or is implicated in the filing of any application for a change or transfer of control as defined in Pennsylvania law.

11. That the Secretary shall serve a copy of this Order on Armstrong Telecommunications, Inc., on the Office of Consumer Advocate, and the Office of Small Business Advocate.

12. That a copy of this Order shall be published in the *Pennsylvania Bulletin*.

13. That this docket shall be marked closed.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Service of Notice of Motor Carrier Formal Complaints

Formal complaints have been issued by the Pennsylvania Public Utility Commission. Answers must be filed in accordance with 52 Pa. Code (relating to public utilities). Answers are due March 9, 2020, and must be made with the Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA 17120, with a copy to the First Deputy Chief Prosecutor, Pennsylvania Public Utility Commission.

Pennsylvania Public Utility Commission; Bureau of Investigation and Enforcement v. My JVC Transport, Inc.; Docket No. C-2020-3015256

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to My JVC Transport, Inc., (respondent) is under suspension effective December 24, 2019 for failure to maintain evidence of insurance on file with this Commission.

2. That respondent maintains a principal place of business at 900 Mickley Rd., Apt. D1-2, Whitehall, PA 18052.

3. That respondent was issued a Certificate of Public Convenience by this Commission on April 15, 2019, at A-8921673.

4. That respondent has failed to maintain evidence of Liability and Cargo insurance on file with this Commission. The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500.00 and cancellation of the Certificate of Public Convenience.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500.00 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-8921673 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,
David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement
400 North Street
Harrisburg, PA 17120

Pennsylvania Public Utility Commission; Bureau of Investigation and Enforcement v. Kindred Oilfield Services, LLC; Docket No. C-2020-3015253

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to Kindred Oilfield Services, LLC, (respondent) is under suspension effective December 24, 2019 for failure to maintain evidence of insurance on file with this Commission.

2. That respondent maintains a principal place of business at P.O. Box 163, Cortland, OH 44410.

3. That respondent was issued a Certificate of Public Convenience by this Commission on June 13, 2018, at A-8921051.

4. That respondent has failed to maintain evidence of Liability and Cargo insurance on file with this Commission. The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500.00 and cancellation of the Certificate of Public Convenience.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500.00 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-8921051 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,
David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement

STATE BOARD OF NURSING

Automatic Suspension of the License to Practice Practical Nursing of Brian D. Mikesell, LPN; Case No. 18-51-012516

Notice to Brian D. Mikesell, LPN:

The Commonwealth of Pennsylvania, Department of State, Bureau of Professional and Occupational Affairs, instituted formal administrative action against you by filing a Petition for Automatic Suspension before the

State Board of Nursing (Board) alleging that your license to practice practical nursing is subject to automatic suspension under section 23(c) of the Controlled Substance, Drug, Device and Cosmetic Act ("Drug Act"). This notice is being published pursuant to 1 Pa. Code § 33.31 and Rule 430 of the Pennsylvania Rules of Civil Procedure, 231 Pa. Code Rule 430, providing service of process upon you by publication.

Your license to practice practical nursing in the Commonwealth of Pennsylvania was AUTOMATICALLY SUSPENDED under the authority of Section 23(c) of the Drug Act, EFFECTIVE July 31, 2019.

If you wish to defend against the charges in the Petition or request a hearing you must do so within twenty days from the date of publication of this Notice. The procedure for doing so is explained in the Petition, Notice and Order of Automatic Suspension. You may obtain a copy of the Petition, Notice and Order online or by contacting the Prothonotary for the Department of State, 2601 North Third Street, P.O. Box 2649, Harrisburg, PA 17105-2649; (717) 772-2686.

You have the right to retain an attorney. Although you may represent yourself without an attorney, you are advised to seek the assistance of an attorney. All proceedings before the Board are conducted under the Administrative Agency Law and the General Rules of Administrative Practice and Procedure. If a response and request for a hearing are not filed within 20 days of publication of this Notice, an order making the suspension of your license final will be issued by the State Board of Nursing. The response and any pleadings or other documents related to this matter must be filed with the Prothonotary for the Department of State at the above address. A copy of the response and request for hearing shall also be served on the prosecuting attorney identified in the Petition.
