READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

7.889.	Commonwealth policy.

- 7.890. Cooperation by State agencies.
- 7.891. Effective date.
- 7.892. Rescission.

7.881. Prohibition.

A department, board, office, commission or other agency under the Governor's jurisdiction may not tolerate sexual harassment by a Commonwealth employee against another employee, applicant for employment, contractor, intern or client or other person receiving services from or conducting business with the Commonwealth. Sexual harassment while conducting the business of the Commonwealth is strictly forbidden. Further, a department, board, office, commission or other agency under the Governor's jurisdiction may not tolerate acts of sexual harassment by individuals not employed by the Commonwealth within Commonwealth offices or upon employees of the Commonwealth in the performance of their duties. Sexual harassment is a violation of Federal and State law. Therefore, all Federal and State laws relating to sexual harassment or sex discrimination, or both, shall be enforced.

7.882. Prohibited actions.

(a) Sexual harassment includes unwelcome sexual advances, requests for sexual favors, or other verbal, non-verbal, visual or physical conduct of a sexual nature, if:

(1) Submission to or rejection of the conduct is made either explicitly or implicitly a term or condition of an individual's employment or receipt of public services; or

(2) Submission to or rejection of the conduct by an individual is used as a basis for decisions affecting the individuals; or

(3) The conduct has the purpose or effect of unreasonably interfering with an individual's work performance or receipt of public services, or creating an intimidating, hostile or offensive work environment.

(b) Prohibited sexual harassment may include actions by members of the opposite sex of an employee as well as members of an employee's own sex. Prohibited sexual harassment may include actions which are overtly sexual or facially neutral if those actions constitute gender, gender identity, gender expression or sexual orientation-based discrimination. Prohibited sexual harassment may include unwanted or unwelcome discussion of an individual's sexual activity or history, sexual orientation or gender identity or gender expression.

7.883. Disciplinary action.

A Commonwealth employee who engages in or knowingly permits or condones sexual harassment during the course of conducting their Commonwealth duties shall be subject to disciplinary action, up to and including dismissal.

7.884. Retaliation.

Retaliation in any form against an individual who exercises their right to make a good faith complaint under this policy or who cooperates in an investigation of any complaint is strictly prohibited and shall itself be cause for appropriate disciplinary action.

7.885. Education.

Commonwealth employees shall be educated in sexual harassment issues. Education may consist of written materials, formal training, educational videos, orientation sessions, workplace discussions or individual counseling. Commonwealth employees shall be provided with a copy of this policy and must sign an acknowledgement that they have received and reviewed the policy.

7.886. Workplace environment.

Agency heads shall create a respectful and safe workplace environment which encourages discussion of sexual harassment issues, where employees are educated in sexual harassment prevention and sensitized to sexual harassment and where an individual with sexual harassment questions or complaints is provided with a response which is clear, impartial and timely.

7.887. Complaint mechanism.

The Secretary of Administration shall require each agency to have an effective complaint mechanism which ensures that an employee does not have to complain to the alleged harasser, and which provides for prompt and effective investigation of complaints. The Secretary of Administration shall also have the authority to issue Management Directives and establish rules necessary to carry out the mandates of this subchapter.

7.888. Oversight and resolution of complaints and appeals.

The Office of Administration, Bureau of Equal Employment Opportunity, shall provide appropriate oversight and resolution of complaints.

7.889. Commonwealth policy.

This subchapter and Management Directive 505.30, Prohibition of Sexual Harassment in Commonwealth Work Settings, constitute the Commonwealth's sexual harassment policy.

7.890. Cooperation by State agencies.

Commonwealth departments, boards, offices, commissions and other agencies under the Governor's jurisdiction shall cooperate fully with the Secretary of Administration and provide assistance and information, as needed, in the implementation of this subchapter.

7.891. Effective date.

This subchapter shall take effect immediately.

7.892. Rescission.

Executive Order 2002-04, Prohibition of Sexual Harassment in the Commonwealth, is rescinded.

CHAPTER 1930. RULES RELATING TO DOMESTIC RELATIONS MATTERS GENERALLY

Rule 1930.2. No Post-Trial Practice. Motions for Reconsideration

(a) There shall be no motions for post-trial relief in any domestic relations matter, including Protection of Victims of Sexual Violence or Intimidation matters.

[*Official Note: See Pa.R.C.P. No. 1957.*]

(b) A party aggrieved by the decision of the court may file a motion for reconsideration in accordance with Pa.R.A.P. 1701(b)(3). If the court does not grant the motion for reconsideration within the time

permitted, the time for filing a notice of appeal will run as if the motion for reconsideration had never been presented to the court.

Official Note: Pennsylvania Rule of Appellate Procedure 903 states that the Notice of Appeal shall be filed within 30 days after the entry of the order from which the appeal is taken, except as otherwise set forth in that rule.

(c) The court shall render its reconsidered decision within 120 days of the date the motion for reconsideration is granted, except as set forth in subdivision (e). If the court's decision is not rendered within 120 days, the motion shall be deemed denied.

(d) If the court does not enter a reconsidered decision within 120 days, the time for filing a notice of appeal will begin to run anew from the date of entry of the reconsidered decision or from the 121st day after the motion for reconsideration was granted.

(e) If the court grants the motion for reconsideration and files its order within the 30-day appeal period, the court may issue an order during the applicable 120-day period directing that additional testimony be taken. If the court issues an order for additional testimony, the reconsidered decision need not be rendered within 120 days, and the time for filing a notice of appeal will run from the date the reconsidered decision is rendered.]

(b) Motion for Reconsideration. Within 30 days of the entry of an order, a party aggrieved by a court's order may file with the court a motion for reconsideration.

(1) Reconsideration Granted.

(i) If the court expressly grants the motion for reconsideration, the court's order granting reconsideration shall state the underlying order's status pending reconsideration. The court may:

(A) maintain the underlying order as entered;

(B) stay the underlying order;

(C) vacate the underlying order; or

(D) enter an interim order amending the underlying order as necessary.

(ii) Reconsidered Decision. Except as set forth in subdivision (b)(1)(iii):

(A) the court shall enter the reconsidered decision within 120 days from the date the court expressly granted the motion for reconsideration; or

(B) if the court does not enter a reconsidered decision within 120 days, the underlying order shall be deemed affirmed.

(iii) During the 120-day period provided in subdivision (b)(1)(ii), the court may order additional testimony, and as a result, the court need not render its reconsidered decision within 120 days.

(iv) Notice of Appeal. The time for filing a notice of appeal will begin to run anew from:

(A) the day the court enters the reconsidered decision; or

(B) when the underlying order has been deemed affirmed as provided in subdivision (b)(1)(ii)(B), the 121st day after the motion for reconsideration was expressly granted.

(2) Reconsideration Denied. When the court denies the motion for reconsideration within 30 days, the time for filing a notice of appeal will run as if a party had never presented the motion for reconsideration to the court.

**REPUBLICATION REPORT
RULE PROPOSAL 182**

The Domestic Relations Procedural Rules Committee (Committee) is proposing an amendment to Pa.R.C.P. No. 1930.2 as that rule relates to a motion for reconsideration. The proposed amendment would address the status of the underlying order pending the trial court's reconsideration. Currently, the Rules of Civil Procedure do not address the order's status. The Committee previously published the Rule Proposal in the *Pennsylvania Bulletin*, 50 Pa.B. 7008 (December 12, 2020) with a comment period ending February 12, 2021. After reviewing the comments, the Committee revised the Rule Proposal, which is being republished for comment.

As noted in the previous Publication Report, subdivisions (b) through (e) have been entirely rewritten into an outline format with the substantive changes included in subdivision (b)(1)(i). Otherwise, Pa.R.C.P. No. 1930.2 remains substantively unchanged. However, based on the comments received, the Committee proposes a few revisions.

Unlike other civil actions, post-trial motions are precluded for domestic relations actions. See Pa.R.C.P. No. 1930.2(a). A party seeking relief from a court's order may appeal, request the trial court reconsider its order, or both. And, unlike other civil actions, the parties in domestic relations actions typically have an ongoing relationship and may have a support order or a custody order in place in the action prior to requesting reconsideration, which places a special significance on the underlying order's status pending reconsideration.

The Committee received a comment suggesting that the underlying order is automatically vacated upon a court expressly granting reconsideration with the exception of a custody order. The Committee could not find case law supporting this position or the exception. Instead, the Committee opined that the court should have discretion in determining the underlying order's status pending reconsideration. As such, the republished Rule Proposal clarifies that the court shall determine the underlying orders status in its order expressly granting reconsideration. Further, the Rule Proposal provides additional discretionary options for the court to consider when expressly granting reconsideration. Proposed subdivision (b)(1)(i) now proposes adding four options for the court: (1) maintain the underlying order as entered; (2) stay the underlying order; (3) vacate the underlying order; or (4) enter an interim order amending the underlying order as necessary.

The Committee is also proposing two additional revisions. From the previously published Rule Proposal, the sequence of subdivisions (b)(1)(ii) and (iii) have been reversed. The Committee believed this revised sequence is more appropriate and provided more clarity to the rule's operation.

Finally, the Committee revised the Rule Proposal by indicating that the court must "expressly" grant reconsid-

eration. This change is consistent with the case law discussing motions for reconsideration and related timing issues.

All comments, concerns, and suggestions concerning this rule proposal are welcome.

6. *Review of application.*

(a) *Transmittal of application to Bureau.* When the Bureau receives a complete and accurate grant application, it will forward this application, together with supporting documentation submitted therewith, to the Secretary for review. The Bureau may also forward a recommendation as to whether the application should be approved or rejected, whether the grant should be in an amount less than requested and whether special restrictions or limitations should be placed on the grant.

(b) *Factors.* The Secretary will review and evaluate the application and supporting documentation and may consider the following factors, among others, in deciding whether to approve or reject the grant request:

(1) The relevance of the project to the promotion or marketing of agricultural products within this Commonwealth.

(2) The innovativeness of the project described in the application.

(3) The scope of the project and the number of people who will be exposed to or affected by the project described in the application.

(4) The impact which the project will have upon the promotion and sales of the agricultural products within this Commonwealth to which the project is targeted.

(5) The availability of full funding for the project from the applicant or from any source other than the Grant Program.

(6) The apparent ability of the applicant to complete the project as described in the application or, in the case of a grant to fund a National or regional agricultural product promotion or marketing project, the apparent ability of the entity with primary responsibility for the project to complete it.

(7) The overall performance of the project if the project had received funding through any other grant program administered by the Department in a previous fiscal year.

(8) Projects that are joint efforts between two or more Pennsylvania nonprofit agricultural product promotion and marketing organizations may be given preference over projects involving only one organization.

(9) Projects where reference to the Department as a source of funding can practicably be made in promotional materials or broadcasts, and that would make such a reference, may be given preference over projects that would not make such a reference.

(10) Whether the project has been assigned priority for funding in FY 2021-2022, as previously described in paragraph No. 1(c).

(c) *Decisions.* The Secretary may approve a grant in an amount less than that requested in the grant application. In addition, the Secretary may impose restrictions or special conditions upon the issuance of a grant. The Secretary will review all recommendations of the Bureau but will have final authority to accept or reject these recommendations.

7. *Notice of disposition of application.*

The Department will e-mail notice of the acceptance or rejection of a grant application. This notice will be by e-mail to the address provided by the applicant in the grant application.

8. *Grant agreement.*

After the Secretary approves a grant application, and as a precondition to the Department's release of grant moneys to a successful applicant, the Department and the applicant will execute a written or electronic grant agreement which describes the terms and conditions subject to which the grant is made. The grant agreement shall contain and conform to the requirements of this notice and shall also contain special terms and conditions as required by the Secretary.

9. *Verification of project completion.*

(a) *General.* Within 30 days of completion of the subject project, the applicant shall provide the Department with proof of the completion of the project and eligibility to receive reimbursement grant funds from the Department.

(b) *Required documentation.* The proof described in subsection (a) shall consist of:

(1) Copies of invoices for goods or services directly related to the project, confirming that the total billed amount is at least twice the amount of the grant, along with the written certification of the president or treasurer of the applicant that the goods or services that are the subject of the invoices have been delivered or provided to the applicant.

(2) A certificate of completion, signed by its president or treasurer, verifying completion of the subject project and stating that the grant funds will reimburse the applicant for a portion of the costs incurred by the applicant in completing the subject project.

10. *Delivery of grant funds by the Department.* The Department will pay the grant amount to the applicant in a single payment within 45 days of receiving the proof of completion previously described in paragraph No. 9.

11. *Questions and additional information.* Questions on this Program, including on the online application process, may be directed to Morgan Sheffield, Bureau of Market Development, Department of Agriculture, 2301 North Cameron Street, Room 310, Harrisburg, PA 17110-9408, (717) 787-3568.

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit www.dep.pa.gov and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

A 30-day public comment period applies to these applications, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of the Department for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP's tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent (NOI) to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a (NOI) to Remediate with the Department. A NOI to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified person, as the mediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a NOI to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the Pennsylvania Hamilton Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation

to participate should contact the Regional Office listed before the application. TDD users may contact the Department through the Pennsylvania Hamilton Relay Service at (800) 654-5984.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30-days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code §§ 92a.82(d). The request or petition for a public hearing shall be filed within 30-days of this public notice and contain the name, address, telephone number and the interest of the party filing the request and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania*

Bulletin and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under sec-

tion 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Hamilton Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*

unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. The following variance from closure requirements under the authority of the Storage Tank Spill Prevention Act (35 P.S. § 6021.501) and under 25 Pa. Code Chapter 245, Subchapter E, has been issued by the Bureau of Environmental Cleanup and Brownfields, P.O. Box 8762, Harrisburg, PA 17105-8762.

Variance No.	Applicant Name & Address	County	Municipality	Tank Type	Tank Capacity
U-21-0002	Joshua Worth Wawa Inc. 260 West Baltimore Pike Wawa, PA 19063-5699	Philadelphia	City of Philadelphia	Gasoline	20,000 gallons

The variance request asks that underground storage tank (UST) tank 001 be excluded from part of the UST closure requirements located in 25 Pa. Code § 245.452(b). Specifically, the variance requests that tank 001 be permanently closed without being removed from the ground or filled with a non-shrinking, inert solid material as required by regulation. Instead, a double-walled bulkhead will be installed within tank 001 to create two new USTs each with a capacity of 10,000 gallons. A variance was granted subject to the following conditions: (1) Wawa shall comply with all remaining applicable requirements of 25 Pa. Code Chapter 245 and shall not violate any applicable provision of the Storage Tank and Spill Prevention Act; (2) The double-walled bulkhead to be built within tank 001 to create the two new USTs shall be installed within one (1) year of performing the required site assessment for tank 001; (3) The double-walled bulkhead shall be installed and tested in accordance with the requirements outlined in the submitted "Containment Solutions—Field Procedure for SW and DW Bulkhead Installation No. PEC 24.02 Dated 02/10/21" and installed and tested in accordance with the requirements outlined in the submitted "JD2 Environmental Inc.—Request for Variance Professional Engineer Review—Action Requested: Conversion of Double-Wall Fiberglass UST to a Two (2) Compartment Tank System" as stamped and sealed by John J. Traynor, P.E., License No. PE038941R on May 12, 2021; and (4) This Conditional Variance

Approval will remain in effect until June 15, 2024, unless amended or revoked by the Department or terminated for any reason by Wawa Inc. or the Department.

CORRECTIVE ACTION UNDER ACT 32, 1989 PREAMBLE 2

The following plans and reports were submitted under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245 Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site inves-

tigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning plans or reports, please contact the Environmental Cleanup Program Manager in the DEP Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984.

PREAMBLE 3

The Department of Environmental Protection (DEP) Has Taken Action on the Following Plans and Reports Under the Storage Tank and Spill Prevention Act (35 P.S. §§-6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245 Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require DEP to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports.

A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, please contact the Environmental Cleanup Program Manager in the DEP Regional Office under which the notice of the plan or report appears. If information concerning a report is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. Federal Consistency under the Coastal Zone Management Act; Wilkins Run Stream Restoration Project

This notice is published under section 306(d)(14) of the Federal Coastal Zone Management Act of 1972 (CZMA) (16 U.S.C.A. § 1455(d)(14)), regarding public participation in consistency determinations. The Department of Environmental Protection's (Department) Coastal Resources Management Program has received notice that the Millcreek Township (applicant) is proposing the Wilkins Run Stream Restoration Project (Project) in Millcreek Township, Erie County.

The applicant is proposing to restore approximately 1,300 linear feet of the existing Wilkins Run channel and 662 linear feet of an unnamed tributary that confluences with Wilkins Run on a parcel owned by the Lake Erie Region Conservancy. The Project area is bounded by North Wayside Drive, South Wayside Drive, West Lake Road, Hartley Lane and Wolf Run Drive in Millcreek Township. The site consists of a steep, forested stream valley with residences along the surrounding ridges. A stormwater facility is located upslope on a portion of the right descending bank (north side) between the stream

and residences. Wilkins Run is beginning to erode the base of the slope at this facility and presents a structural threat. The Project is proposed to consist of the restoration of stream channels, banks and riparian buffers for Wilkins Run and the unnamed tributary in order to stabilize the eroding banks, reduce sediment transport and protect an existing stormwater management pond currently threatened by erosion associated with the streams. The proposed Project will include natural channel design intended to improve channel stability and ecological functioning along the existing channel where possible. The applicant proposes to construct wetlands and vernal pools in portions of the existing channel that are to be abandoned to provide habitat and capture upslope sediments. The applicant estimates that the sediment reduction associated with the Project will amount to approximately 1,067,456 pounds per year. Land uses following completion of the Project are proposed to remain the same as current land uses. The applicant is seeking to obtain a permit from the United States Army Corps of Engineers under section 404 of the Clean Water Act (33 U.S.C.A. § 1344).

This Project is subject to Department review for Federal consistency because it is an activity requiring a Federal license or permit and will have reasonably foreseeable effects on this Commonwealth's coastal resources or uses.

In accordance with section 307 of the CZMA (16 U.S.C.A. § 1456) and the National Oceanic and Atmospheric Administration (NOAA) regulations at 15 CFR Part 930, Subpart D (relating to consistency for activities requiring a Federal license or permit), Millcreek Township has certified that the proposed activity will be conducted in a manner consistent with the applicable enforceable policies of the Commonwealth's NOAA-approved Coastal Resources Management Program. Interested parties may request a copy of the Federal Consistency Certification from the Department contact listed as follows.

Questions regarding this review can be directed to Matthew Walderon, Federal Consistency Coordinator, at RA-Fed_Consistency@pa.gov or (717) 772-2196.

The Department will consider all comments received on or before Monday, July 19, 2021, before issuing a final Federal consistency concurrence or objection. Comments submitted by facsimile will not be accepted. All comments, including comments submitted by e-mail, must include the commentator's name and address. Commentators are encouraged to submit comments using the Department's online eComment tool at www.ahs.dep.pa.gov/eComment or by e-mail to ecomment@pa.gov. Written comments can be mailed to the Department of Environmental Protection, Policy Office, 400 Market Street, P.O. Box 2063, Harrisburg, PA 17105-2063.

DEPARTMENT OF HUMAN SERVICES

Designated Exceptional Durable Medical Equipment

In accordance with the Department of Human Services' (Department) currently approved State Plan, the Department is required to publish an annual list of exceptional Durable Medical Equipment (DME) by notice in the *Pennsylvania Bulletin* in July of each year for nursing facilities Statewide. Interested persons may petition the Department to consider additions to the exceptional DME list by submitting a written request to the Department. Requests received on or before December 31 will be considered in developing the list for the following July.

During calendar year 2020, the Department received no written requests to add or remove items of DME from the list of exceptional DME. Therefore, this notice makes no changes in either the acquisition cost or the list of qualifying DME.

"Exceptional DME" is defined as DME that has an acquisition cost of \$5,000 or more and is either Specially Adapted DME or other DME that is designated as

exceptional DME by the Department annually by notice in the *Pennsylvania Bulletin*.

"Specially Adapted DME" is DME that is uniquely constructed or substantially adapted or modified in accordance with the written orders of a physician for the particular use of one resident, making its contemporaneous use by another resident unsuitable.

The list of exceptional DME that has been designated by the Department is as follows:

(1) *Air fluidized beds*. The pressure relief provided by this therapy uses a high rate of airflow to fluidize fine particulate material (for example, beads or sand) to produce a support medium that has characteristics similar to liquid. It may have a Gore-Tex cover.

(2) *Powered air flotation bed (low air loss therapy)*. A semielectric or total electric bed with a fully integrated powered pressure-reducing mattress, which is characterized by all of the following:

(a) An air pump or blower with a series of interconnected woven fabric air pillows which provides sequential inflation and deflation of the air cells or a low interface pressure throughout the mattress allowing some air to escape through the support surface to the resident. It may have a Gore-Tex cover.

(b) Inflated cell height of the air cells through which air is being circulated is 5 inches or greater.

(c) Height of the air chambers, proximity of the air chambers to one another, frequency of air cycling (for alternating pressure mattresses) and air pressure provide adequate patient lift, reducing pressure and prevent bottoming out.

(d) A surface designed to reduce friction and shear.

(e) May be placed directly on a hospital bed frame.

(f) Automatically readjusts inflation pressures with change in position of bed (for example, head elevation).

(3) *Augmentative communication devices*. Used by residents who are unable to use natural oral speech as a primary means of communication. The specific device requested must be appropriate for use by the resident and the resident must demonstrate the abilities or potential abilities to use the device selected. Portable devices need to supplement, aid or serve as an alternative to natural speech for residents with severe expressive communication disorders. Nonportable devices may be covered only if required for visual enhancement or physical access needs that cannot be accommodated by a portable device.

(4) *Ventilators (and related supplies)*.

(a) Used by residents 21 years of age and older who require full ventilator support for a minimum of 8 hours per day to sustain life.

(b) Used by residents 20 years of age and younger who require ventilator support to sustain life (no minimum time requirement).

Effective Date

This notice is effective upon publication in the *Pennsylvania Bulletin*.

Public Comment

Interested persons are invited to submit petitions for the Department to consider additions to the exceptional DME list or written comments regarding these designated DME items to the Department of Human Services, Office

of Long-Term Living, Bureau of Policy Development and Communications Management, Attention: Montrell Fletcher, P.O. Box 8025, Harrisburg, PA 17105-8025 or at RA-PWOLTLNFPUBLICCOM@pa.gov. Comments received within 30 days will be reviewed and considered.

Statewide Quality Care Assessment Program for Fiscal Years 2021-2022 and 2022-2023

This notice relates to the assessment percentage rates under the Statewide Quality Care Assessment Program (Program) for fiscal years (FY) 2021-2022 and FY 2022-2023.

Background

Article VIII-G of the Human Services Code (code)¹ (62 P.S. §§ 801-G—816-G) authorizes the Department of Human Services (Department) to implement the Program beginning July 1, 2010, and ending June 30, 2023. Under Article VIII-G, the Department will impose a monetary assessment on all licensed hospitals in this Commonwealth other than certain exempt hospitals.² See 62 P.S. §§ 801-G—816-G. Assessment revenue is deposited in a restricted account. See 62 P.S. § 805-G(a).

Discussion

As announced in the public notice issued at 50 Pa.B. 5335 (September 26, 2020), the assessment percentage rate for FY 2021-2022 and FY 2022-2023 will return to 3.32% of net inpatient revenue and 1.73% of net outpatient revenue for covered hospitals as established under the code. See 62 P.S. § 803-G(b)(5).³ Subject to conditions specified in 62 P.S. § 813-G, the Department intends to use the revenue derived from this assessment to make medical assistance payment to hospitals in accordance with 62 P.S. § 805-G.

Fiscal Impact

The Department estimates the annual aggregate assessment fees for the nonexempt hospitals for FY 2021-2022 and FY 2022-2023 to total \$1,000,336 million.

¹ Article VIII-G was added to the code by the act of July 9, 2010 (P.L. 336, No. 49), re-enacted by the act of July 9, 2013 (P.L. 369, No. 55), amended and extended by the act of December 28, 2015 (P.L. 500, No. 92), and re-enacted by the act of June 22, 2018 (P.L. 258, No. 40).

² Under the code, the following hospitals are exempt from the assessment: (1) Federal veterans' affairs hospitals; (2) Hospitals that provide care, including inpatient hospital services, to all patients free of charge; (3) Private psychiatric hospitals; (4) State-owned psychiatric hospitals; (5) Critical access hospitals; (6) Long-term acute care hospitals; and (7) Free-standing acute care hospitals organized primarily for the treatment of and research on cancer in which at least 30% the inpatient admissions had cancer as the principal diagnosis based on Pennsylvania Health Care Cost Containment Council calendar year 2014 inpatient discharge data. 62 P.S. § 801-G.

³ The code also specifies that, for FY 2022-2023, the assessment percentage rate under the Program will be 3.32% of net inpatient revenue of the covered hospital and 1.73% of net outpatient revenue for the covered hospital. The Secretary of Human Services may adjust the assessment percentages for all or part of a fiscal year. 62 P.S. § 803-G.

Public Comment

Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

Environmental Hearing Board Regulation # 106-13 (IRRC # 3301)

Practice and Procedure

June 16, 2021

We submit for your consideration the following comments on the proposed rulemaking published in the April 17, 2021 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Environmental Hearing Board (Board) to respond to all comments received from us or any other source.

Section 1021.32. Filing.—Implementation procedures; Clarity and lack of ambiguity.

Under subsection (c)(3), electronic filing may only be performed by registered users. The proposed comment to this section clarifies that attorneys and pro se appellants may not file electronically until registration has been approved by the Board and a confirmation e-mail has been received. For this provision to be binding and enforceable, it must be part of the regulation, not a comment. Why did the Board add this implementation procedure as a comment? We suggest the Board consider adding this provision to the final-form regulation or explain why it is unnecessary to do so.

By the Commission:

The Commission's regulations at 52 Pa. Code § 54.40(a) state that an Electric Generation Supplier (EGS) license will not be issued or remain in force until the licensee furnishes a bond or other security approved by the Commission. In addition, 52 Pa. Code § 54.40(d) states that the maintenance of an EGS license is contingent on the licensee providing proof to the Commission that a bond or other approved security in the amount directed by the Commission has been obtained.

Each EGS must file an original bond, letter of credit, continuation certificate, amendment, or other approved financial instrument with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA, 17120, prior to the EGS's current security expiration date. Each financial instrument must be an original document that displays a "wet" signature or digital signature, preferably in blue ink, and displays a "raised seal" or original notary stamp. The name of the principal on the original financial instrument must match exactly with the name that appears on the EGS's license issued by the Commission.

Failure to file before the financial security's expiration date may cause Commission staff to initiate a formal proceeding that may lead to the following: cancellation of each company's electric supplier license, removal of each company's information from the Commission's website, and notification to all electric distribution companies, in which each company is licensed to do business, of the cancellation of the license.

While we recognize that the COVID-19 pandemic has provided some challenges related to the continuance of normal business operations, it is imperative that the Commission have an approved financial security in place with each EGS to ensure compliance with 52 Pa. Code § 54.40(d). On March 25, 2020, Commission staff issued an EGS Financial Security Filing Guidance Memo (Guidance Memo) that stated the following:

- Where practical, EGSs should file an original bond, letter of credit, continuation certificate, amendment, or other financial instrument. These original financial instruments should display "wet" signatures or digital signatures, preferably in blue ink, and display a "raised seal" or original notary stamp.

- EGSs should email a copy of the original financial instrument directly to Secretary Chiavetta at rchiavetta@pa.gov. Secretary Chiavetta has waived the restriction on emailed filings that contain confidential and proprietary material. As such, financial security instruments will be permitted to be filed by email for the duration of the Commission's work from home order.

- If an EGS is unable to acquire a "raised seal" or original notary stamp on the financial security during the pendency of the COVID-19 emergency, the Secretary's Bureau will not reject the financial security.

- If an EGS has been granted a reduction in its financial security, and it is time to renew the annual reduction, please file an original annual compliance filing with the Secretary's Bureau and a copy via email at rchiavetta@pa.gov.

Please note that the requirement that EGSs maintain a valid financial security on file with the Commission, remains in effect.

Be advised that emailed financial security instruments—after review and acceptance of the Secretary's Bureau and the Bureau of Technical Utility Services—will be provisionally approved by the Commission until Commission staff resume working in the Keystone Building. EGSs must still mail the original bond with original signatures and notary stamp as per the Commission's normal practice.

On July 27, 2020, the Commission issued a Secretarial Letter which modified certain filing and service requirements.¹ Specifically, this Secretarial Letter amended the Emergency Order issued on March 20, 2020, at Docket No. M-2020-3019262 regarding the filing of certain confidential documents. At the time the Emergency Order was issued, the Commission did not have access to its physical location. However, since that time the Commission has secured limited access to its place of business. Under these circumstances and consistent with the authority provided to the Secretary by the Emergency Order, the Secretarial Letter requires that confidential filings made pursuant to 52 Pa. Code § 54.40(a) (EGS financial securities), must be filed with the Secretary by overnight delivery and are not to be filed electronically with the Secretary.

As of June 8, 2021, each EGS listed in the Supplier Table below has not provided proof to the Commission that it has a bond or other approved security in the amount or language directed by the Commission, to replace a bond which is expired, or which is non-compliant with Commission regulations.

As part of its EGS license validation procedures, the Commission's Bureau of Technical Utility Services sent a 90-day Security Renewal Notice email to each entity in the Supplier Table above stating that original documentation of a bond, or other approved security in the amount or language directed by the Commission, must be filed within 30-days prior to each entity's security expiration date. None of the companies listed in the Supplier Table provided the required documentation.

Based on the above facts, we tentatively conclude that the EGSs listed in the Supplier Table are not in compliance with 52 Pa. Code § 54.40(a) and (d) and therefore it is appropriate to initiate the cancellation process for the EGS license of each company listed in the Supplier Table, without the necessity of a formal complaint, as being in the public interest; *Therefore,*

It Is Ordered That:

1. Cancellation of the Electric Generation Supplier License of each company listed in the Supplier Table is hereby tentatively approved as being in the public interest.

2. The Secretary (i) serve a copy of this Tentative Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation & Enforcement, all electric generation distribution companies, and all of the Electric Generation Suppliers listed in the Supplier Table; (ii) publish a copy of this Tentative Order in the *Pennsylvania Bulletin* with a 30-day comment period; and (iii) file a copy of this Tentative Order at each Electric Generation Supplier's assigned docket number.

3. To the extent any of the Electric Generation Suppliers listed in the Supplier Table challenge the cancellation of their license, they must file comments within thirty (30) days after publication of this Tentative Order in the *Pennsylvania Bulletin*. Written comments referencing Docket No. M-2021-3023559 must be eFiled to the Pennsylvania Public Utility Commission through the Commission's eFiling System per the Commission's Emergency Order dated March 20, 2020, at Docket No. M-2020-3019262. You may set up a free eFiling account with the Commission at <https://efiling.puc.pa.gov/> if you do not have one. Filing instructions may be found on the Commission's website at http://www.puc.pa.gov/filing_resources.aspx. Comments containing confidential infor-

mation should be emailed to Commission Secretary Rosemary Chiavetta at rchiavetta@pa.gov rather than eFiled.

4. Alternatively, Electric Generation Suppliers listed in the Supplier Table may provide the Commission an approved security up to and within thirty (30) days after publication in the *Pennsylvania Bulletin*. The Electric Generation Supplier must file an original bond, letter of credit, continuation certificate, amendment, or other approved financial instrument displaying a "wet" signature or digital signature, preferably in blue ink, and displaying a "raised seal" or original notary stamp with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA, 17120.

5. Absent the timely (i) filing of comments challenging the cancellation of the Electric Generation Supplier's license, or (ii) the filing of an approved security within 30-days after publication in the *Pennsylvania Bulletin*, the Bureau of Technical Utility Services, shall prepare a Final Order for entry by the Secretary revoking the license of each Electric Generation Supplier that fails to respond.

6. Upon entry of the Final Order, Electric Generation Suppliers that remain listed as not in compliance with 52 Pa. Code § 54.40(a) and (d) will be stricken from all active utility lists maintained by the Commission's Bureau of Technical Utility Services and the Assessment Section of the Bureau of Administration, removed from the Commission's website, and notifications be sent to all electric distribution companies in which the Electric Generation Suppliers are licensed to do business.

7. Upon entry of the Final Order, Electric Generation Suppliers that fail to respond will be prohibited from providing electric generation supply services to retail electric customers. That upon entry of the Final Order described in Ordering Paragraph No. 5, each electric distribution company in which the Electric Generation Suppliers are licensed to do business, shall return the customers of the Electric Generation Suppliers to default service.

Annual Report or pay past due Annual or Supplemental
Fees; M-2021-3023833*

Final Order

On February 25, 2021, the Pennsylvania Public Utility Commission (Commission) adopted a Tentative Order for the Revocation of Natural Gas Supplier (NGS) Licenses of companies that did not file a Natural Gas Supplier

Annual Report or pay past due Annual or Supplemental Fees. On March 13, 2021, the Tentative Order was published in the *Pennsylvania Bulletin*, with a response deadline of April 13, 2021.

The Public Utility Code authorizes the Commission to establish, by order or rule, on a reasonable cost basis, fees to be charged for annual activities related to the oversight of natural gas suppliers. 66 Pa.C.S. § 2208(h). NGSs are required to pay these fees. In addition, NGSs are required to file annual reports with the Commission by April 30 of each year identifying their gross Pennsylvania intra-state operating revenues from the prior calendar year. 52 Pa. Code § 62.110(a)(1).

Both the Code 66 Pa.C.S. § 2208(c)(2), and the Commission's regulations, 52 Pa. Code § 62.113(a)(5), state that the failure of an NGS to comply with applicable provisions of the Code or the rules, regulations, orders, or directives of the Commission shall be cause for the Commission to revoke the license of the NGS.
