READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Counsel of [record.—] Record. All attorneys who were counsel of record in the trial court at the time of the filing of the notice of appeal will be counsel of record in the appellate courts. For a criminal defendant, the representation extends up to and including the filing of a petition for allowance of appeal and the handling of such an appeal if granted, unless **[(1) substitute counsel has entered an appearance and is expressly identified in the praecipe as substitute, rather than additional, counsel; (2)]** the Court of Common Pleas has entered on the docket an order permitting the attorney to withdraw **;** **or (3) an application for withdrawal is granted by the appellate court]** **or counsel is permitted to withdraw pursuant to Pa.R.A.P. 120.**

DOCUMENTS GENERALLY

Rule 120. Entry **and Withdrawal** of Appearance.

[Any counsel filing papers required or permitted to be filed in an appellate court must enter an appearance with the prothonotary of the appellate court unless that counsel has been previously noted on the docket as counsel pursuant to Pa.R.A.P. 907(b), 1112(f), 1311(d), 1514(d), or 1602(d). New counsel appearing for a party after docketing pursuant to Pa.R.A.P. 907(b), 1112(f), 1311(d), 1514(d), or 1602(d) shall file an entry of appearance simultaneously with or prior to the filing of any papers signed by new counsel. The entry of appearance shall specifically designate each party the attorney represents, and whether the attorney is entering an appearance as substitute or additional counsel. The attorney shall file a certificate of service pursuant to paragraph (d) of Pa.R.A.P. 121 and to Pa.R.A.P. 122. If an attorney enters an appearance as substitute counsel for a party, the original counsel of record for that party may withdraw by praecipe, without filing an application for permission to withdraw.

Official Note: For admission pro hac vice, see Pa.B.A.R. 301.]

(This is entirely new text.)

Editor’s Note: The following text is proposed to be added and is printed in regular type to enhance readability.)

(1) *Requirement.* Counsel’s appearance shall be entered prior to or with the filing of any documents in the appellate court.

(2) *Procedure.* Unless counsel has been noted as counsel of record pursuant to Pa.R.A.P. 907(b), 1112(f), 1311(d), 1514(d), or 1602(d), counsel shall file an entry of appearance by *praecipe*:

(i) designating the party or interest counsel represents; and

(ii) indicating whether counsel is new counsel, additional counsel, or substitute counsel.

(b) *Withdrawal of Appearance—General Rule.* Except as provided by subdivision (e), and subject to the additional requirements of subdivisions (c) and (d), counsel may withdraw from representation on appeal only with permission of court through an application for relief filed in the appellate court.

(c) *Criminal Matters—Direct Appeals.* Counsel seeking permission of court to withdraw from representation of an appellant in a direct appeal of a criminal matter on the basis that all issues that could be raised on appeal are frivolous shall:

(1) file a brief prepared pursuant to Pa.R.A.P. 211; and

(2) serve a copy of the application and brief on the appellant, accompanied by a notice informing the appellant that, within 60 days of service of the application and brief, the appellant has the right to:

(i) retain private counsel for representation; or

(ii) self-representation and to respond to the issues raised in the application or brief, or to bring any additional issues to the court’s attention.

(3) Within 14 days after service of the appellant’s response, the Commonwealth or appellant’s counsel may file a reply to the appellant’s response.

(d) *Post Conviction Relief Act Appeals.* Counsel seeking permission of court to withdraw from representation of an appellant in a Post Conviction Relief Act appeal on the basis that all issues sought to be raised by the appellant on appeal are without merit shall:

(1) file a letter detailing the nature and extent of counsel’s review, listing each issue the appellant seeks to raise, and counsel’s explanation of why the issues have no merit; and

(2) serve a copy of the application and letter on the appellant, accompanied by a notice informing the appellant that, within 60 days of service of the application and letter, the appellant has the right to:

(i) retain private counsel for representation; or

(3) Within 14 days after service of the appellant's response, the Commonwealth or appellant's counsel may file a reply to the appellant's response.

(e) *Withdrawal of Appearance—Exception.* Counsel may withdraw by filing a *praecipe* in the appellate court in the following circumstances:

(1) In civil matters where the party is not entitled by law to be represented by counsel on appeal and the *praecipe* is filed within 30 days of the notation of counsel on the docket pursuant to Pa.R.A.P. 907(b), 1112(f), 1311(d), 1514(d), or 1602(d).

(2) Substitute counsel has entered an appearance or other counsel remains to represent a party or interest, and substitute counsel or remaining counsel assumes representation for all relevant appellate purposes.

(f) *Additional Service.* In addition to any requirements set forth in Pa.R.A.P. 121(c)(1)—(4), counsel seeking to withdraw shall serve the client with any application, *praecipe*, brief, or letter filed pursuant to this rule.

Comment:

For admission *pro hac vice*, see Pa.B.A.R. 301.

The requirement of an entry of appearance pursuant to subdivision (a) includes counsel for *amicus curiae*. The entry of appearance for such counsel should indicate the interest, *i.e.*, name of *amicus curiae*, represented by counsel. For additional rules pertaining to *amicus curiae*, see Pa.R.A.P. 531.

Subdivision (c) addresses withdrawal in criminal cases where there is a right to counsel, and where there is governing decisional authority concerning the procedures for seeking withdrawal. For the substance of the brief filed pursuant to subdivision (c)(1) in criminal cases, see *Anders v. California*, 386 U.S. 738 (1967); *Commonwealth v. Santiago*, 978 A.2d 349 (Pa. 2009). Briefs required by subdivision (c)(1) should comply with the content requirements of Pa.R.A.P. 2111 notwithstanding that such briefs are not advocating on behalf of an appellant. For the substance of the letter filed pursuant to subdivision (d)(1) in post conviction relief cases, see *Commonwealth v. Turner*, 544 A.2d 927 (Pa. 1988); *Commonwealth v. Finley*, 550 A.2d 213 (Pa. Super. 1988).

For an appellant seeking to respond to counsel's letter in subdivisions (c)(2) and (d)(2), see Pa.R.A.P. 121(g) (Hybrid Representation).

In cases not subject to subdivisions (c) or (d), where a party is entitled by law to be represented by counsel on appeal (whether by decisional law, rule, or otherwise), the developing case law should be consulted to determine if a procedure or other guidance exists governing or limiting withdrawal.

New or substitute counsel is subject to all existing deadlines. Counsel seeking to withdraw in any case has a responsibility to continue to meet all deadlines and to comply with all applicable law, rules, and orders of the trial and appellate court until the appellate court has granted the application to withdraw.

An entry of appearance immediately prior to oral argument may result in recusal or postponement if a conflict exists.

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 9. APPEALS FROM LOWER COURTS

Rule 907. Docketing of Appeal.

* * * * *

(b) [*Entry of appearance*] *Notation of Counsel.*—Upon the docketing of the appeal, the prothonotary of the appellate court shall note on the [*record*] *docket*:

(1) as counsel for the appellant, the name of counsel, if any, set forth in or endorsed upon the notice of appeal;

(2) counsel of record; and

(3) any counsel named in the proof of service.

[*The prothonotary of the appellate court shall upon praecipe of counsel filed within 30 days after the docketing of the notice of appeal correct the record of appearances. Also within 30 days after the docketing of the notice of appeal, counsel for a party may strike off his or her appearance by praecipe, unless that party is entitled by law to be represented by counsel on appeal. Thereafter, and at any time if a party is entitled by law to be represented by counsel on appeal, a counsel's appearance for a party may not be withdrawn without leave of court, unless another lawyer has entered or simultaneously enters an appearance for the party.*

Official Note] Comment:

Paragraph (a).—The transmission of a photocopy of the notice of appeal, showing a stamped notation of filing and the appellate docket number assignment, without a letter of transmittal or other formalities, will constitute full compliance with the notice requirement of paragraph (a) of this rule.

[*A party may be entitled to the representation by counsel on appeal by constitution, statute, rule, and case law. For example, the Rules of Criminal Procedure require counsel appointed by the trial court to continue representation through direct appeal. Pa.R.Crim.P. 120(A)(4) and Pa.R.Crim.P. 122(B)(2). Similarly, the Rules of Criminal Procedure require counsel appointed in post-conviction proceedings to continue representation throughout the proceedings, including any appeal from the disposition of the petition for post-conviction collateral relief. Pa.R.Crim.P. 904(F)(2) and Pa.R.Crim.P. 904(H)(2)(b). The same is true when counsel enters an appearance on behalf of a juvenile in a delinquency matter or on behalf of a child or other party in a dependency matter. Pa.R.J.C.P. 150(B), 151, Pa.R.J.C.P. 1150(B), 1151(B), (E). It would be rare for counsel in such cases to consider withdrawing by praecipe, but the 2020 amendment to the rule avoids any possibility of confusion by clarifying that withdrawal by praecipe is available only in matters that do not otherwise require court permission to withdraw.*

If a party is entitled to representation on appeal, the appellate court will presume that counsel who represented the party in the trial court will also represent the party on appeal, and counsel will be entered on the appellate court docket. In order to withdraw in such cases, either (1) new counsel must enter an appearance in the appellate court prior to or at the time of withdrawal; (2) counsel must provide the appellate court with an order of

the trial court authorizing withdrawal; or (3) counsel must petition the appellate court to withdraw as counsel. Counsel for parties entitled to representation on appeal are cautioned that if any critical filing in the appellate process is omitted because of an omission by counsel, and if the party ordinarily would lose appeal rights because of that omission, counsel may be subject to discipline.]

When an appeal is filed in a custody action, upon application of a party and for cause shown, the appellate court may make a determination that using the parties' initials in the caption is appropriate after considering the sensitive nature of the facts included in the case record and the child's best interest. See Pa.R.A.P. 904(b)(2).

Paragraph (b).—[With respect to appearances by new counsel following the initial docketing appearances, please note the requirements of Pa.R.A.P. 120.] For the definition of "counsel of record," see Pa.R.A.P. 102 (Definitions). For entry of appearance of new counsel, substitution of counsel, or withdrawal of counsel, see Pa.R.A.P. 120 (Entry and Withdrawal of Appearance).

(2) as counsel for other parties, counsel, if any, named in the proof of service.

[Unless that party is entitled by law to be represented by counsel on allowance of appeal, the Prothonotary shall upon praecipe of any such counsel for other parties, filed at any time within 30 days after filing of the petition, strike off or correct the record of appearance. If entry of appearance in the trial court extends through appeals, counsel's appearance for a party may not be withdrawn without leave of court. Appearance cannot be withdrawn without leave of court for counsel who have not filed a praecipe to correct appearance within the first 30 days after the petition is docketed, unless another lawyer has entered or simultaneously enters an appearance for the party.

SUPREME COURT OF PENNSYLVANIA APPELLATE COURT PROCEDURAL RULES COMMITTEE

RE-PUBLICATION REPORT

Proposed Amendment of Pa.R.A.P. 102, 120, 907, 1112, 1311, 1514, and 1602

The Appellate Court Procedural Rules Committee is considering proposing the amendment of Pennsylvania Rule of Appellate Procedure 120 to rescind and replace the current text governing the entry of appearance. This amendment, coupled with the amendment of Pa.R.A.P. 102, 907, 1112, 1311, 1514, and 1602, is intended to consolidate procedures for the entry, substitution, and withdrawal of appearance of counsel in the appellate courts.

The Committee previously published a proposal on this subject, see 51 Pa.B. 1780 (April 3, 2021), and received several comments. A comment questioned whether the prior proposal would authorize a previous entry of appearance in a trial court matter to apply again in subsequent or ancillary proceedings in the trial court after an appeal is final. The Committee refrained from addressing the continuity of representation in the trial court through the Rules of Appellate Procedure after an appeal has concluded. That matter is a subject for procedural rules governing the trial courts and the Pennsylvania Rules of Professional Conduct.

Another comment suggested that the phrase, “entitled by law to be represented by counsel,” used in the prior proposal may be overbroad and subject to misunderstanding by litigants who believe they are entitled to representation even though that entitlement cannot be traced to a constitution, statute, or rule. That comment prompted further deliberations and substantial revision of the proposal.

Another comment objected to a requirement of prior court approval before current counsel for a criminal defendant could withdraw through substituted counsel. That requirement was viewed as cumbersome, unnecessary, and an additional burden, which would result in fewer attorneys withdrawing from appeals despite substitute counsel’s representation. The Committee’s intention with this requirement was to ensure that substitute

counsel will assume representation of the party for all relevant appellate purposes and to minimize delays or disruptions of scheduling. In response, the Committee has eliminated this requirement for prior approval in the present proposal.

Finally, AOPC/IT commented that the requirement for counsel to serve the client when seeking to withdraw cannot be accommodated through PACFile. Service, therefore, would need to be made by other means. The Committee agreed and noted that service would need to be made by the options available in Pa.R.A.P. 121(c).

In response to these comments and further deliberations, the Committee restructured Pa.R.A.P. 120 to set forth the general requirements for entering and withdrawing an appearance in subdivisions (a) and (b). Subdivisions (c) and (d) contain specific requirements for the withdrawal of appearance in criminal appeals and Post Conviction Relief Act (PCRA) appeals. Subdivision (e) creates an exception to the general requirement of subdivision (b). Subdivision (f) sets forth a requirement that counsel serve the client whenever seeking to withdraw.

Concerning subdivision (a), the requirements are largely carried over from the current Pa.R.A.P. 120 with one addition. Through subdivision (a)(2)(i), the *praecipe* for entry of appearance must designate the party or interest counsel represents. As for the latter, that requirement is intended to include counsel for *amicus curiae*. The commentary accompanying the rule explains this requirement.

Subdivision (b) states the general requirement that counsel must apply to the appellate court for permission to withdraw as counsel in a pending appellate matter.

Subdivisions (c) and (d) codify the procedural requirements for compliance with *Anders v. California*, 386 U.S. 738 (1967) and *Commonwealth v. Santiago*, 978 A.2d 349 (Pa. 2009) for the withdrawal of counsel in direct criminal appeals, and *Commonwealth v. Turner*, 544 A.2d 927 (Pa. 1988) and *Commonwealth v. Finley*, 550 A.2d 213 (Pa. Super. 1988) for the withdrawal of counsel in PCRA appeals. These subdivisions are narrower in scope than previously proposed. Previously, the Committee proposed applying these procedures based on whether a party was “entitled by law” to be represented by counsel and whether the basis for withdrawal was frivolity or lack of merit.

During the time between proposals, the Supreme Court of Pennsylvania amended Pa.R.A.P. 1925(c)(4) regarding counsel’s stated intent to withdraw as counsel in a criminal or Post Conviction Relief Act (PCRA) appeal, and subsequent remand for counsel to file a statement of matters complained of on appeal if withdrawal was denied. The scope of amended Pa.R.A.P. 1925(c)(4) informed the Committee, which recalibrated the scope of proposed Pa.R.A.P. 120(c) and (d) to bring those subdivisions in alignment with Pa.R.A.P. 1925(c)(4).

The Committee acknowledges that there may be cases other than a criminal or PCRA appeal when a party is entitled by law to counsel. However, the Committee was reluctant to codify withdrawal procedures without Supreme Court of Pennsylvania precedent. Instead, the commentary accompanying the rules advises readers to consult developing case law.

Similarly, the Committee discussed whether the differences in withdrawal of counsel procedures, namely the requirement of a brief in criminal appeals and the requirement of a letter in PCRA appeals, should be maintained. The Committee considered a proposal to require a brief in both instances but with fewer briefing requirements than those required by Pa.R.A.P. 2111(a) to lessen the burden. Ultimately, the Committee was not inclined to propose altering the requirements set forth in the case law.

Subdivision (e)(1) is intended to incorporate and preserve the current provisions of Pa.R.A.P. 907(b) (notice of appeal), 1112(f) (petition for allowance of appeal), 1311(d) (petition for permission to appeal), 1514(d) (petition for review), or 1602(d) (petition for specialized review), permitting the withdrawal of counsel by *praecipe* in civil matters where the party is not entitled to representation by law, provided the *praecipe* is filed within 30 days of noting counsel on the record. Subdivision (e)(2) reflects the existing permissibility of counsel to withdraw by *praecipe* through the substitution of counsel with the added condition that substitute counsel assumes complete representation for appellate matters. This condition is intended to guard against limited representation that may result in the client being unrepresented in further proceedings. Added to this subdivision is the permissibility of “surplus” counsel to withdraw by *praecipe* provided other counsel remains.

Additional amendments are proposed to Pa.R.A.P. 907(b), 1112(f), 1311(d), 1514(d), and 1602(d). The titles within these subdivisions have been changed from “Entry of Appearance” to “Notation of Counsel” to indicate that the subdivisions only address the responsibility of the prothonotary to note trial counsel on the appellate docket. As noted above, the current language on the entry of appearance by action of counsel and withdrawal of counsel will be removed and governed by new Pa.R.A.P. 120.

As for the mechanism currently contained in these rules for “correcting the record upon *praecipe* of counsel,” this was understood to allow for counsel to withdraw because counsel was not supposed to be in the appeal in the first place. That aspect is addressed by proposed Pa.R.A.P. 120(e)(1). Another aspect of correction may occur when counsel is not withdrawing, but there is some error in noting on the docket the name, address, or party represented by counsel. Upon consultation with the appellate court prothonotaries, it appears that the prothonotary’s office is able to correct these aspects of the record upon written communication by counsel. A formal *praecipe* is not necessary to accomplish it.

Additionally, “counsel of record,” as defined in Pa.R.A.P. 102, was reviewed. The definition was modified regarding representation of criminal defendants to remove provisions that would be incorporated into Pa.R.A.P. 120. The modified definition indicates that such representation extends to filing a petition for allowance of appeal and the handling of the appeal unless the court of common pleas enters an order permitting withdrawal of counsel, or counsel is permitted to withdraw pursuant to Pa.R.A.P. 120.

All comments, concerns, and suggestions concerning this proposal are welcome.

CHAPTER 2000. ACTIONS BY REAL PARTIES IN INTEREST

(Editor's Note: Pa.R.Civ.P. 2005 as printed in 231 Pa. Code reads "Official Note" rather than "Note" and the Explanatory Comment is not codified.)

Rule 2005. [**Unknown**] **Known, but Unnamed** Defendant. Doe Designation.

[(a) This rule shall only apply to *in personam* actions.

(b) The plaintiff or joining party may designate an unknown defendant by a Doe designation in a complaint provided that:

(1) a defendant's actual name is unknown to the plaintiff or joining party after having conducted a reasonable search with due diligence;

(2) the Doe designation is averred to be fictitious;

(3) a factual description of the unknown defendant is averred with sufficient particularity for identification; and

(4) the plaintiff or joining party avers that a reasonable search to determine the actual name has been conducted.

Note: This rule does not authorize use of a Doe designation in an action commenced by a writ of summons.

The unknown defendant should be designated by a Doe designation such as John Doe or Jane Doe.

(c) Within 20 days after the actual name of the defendant has been identified, the plaintiff or join-

ing party shall file a motion to amend the complaint pursuant to this rule and Rule 1033 by replacing the Doe designation with the defendant's actual name. An affidavit shall be attached to the motion describing the nature and extent of the investigation that was made to determine the identity of the defendant, and the date upon and the manner in which the defendant's actual name was identified.

Note: Rule 1033 and this rule govern the requirements for amending a complaint to replace a Doe designation with the actual name of a defendant.

(d) The court shall grant a motion to amend filed pursuant to subdivision (c) unless the court finds that the party seeking the amendment failed to exercise due diligence in identifying the actual name of the defendant.

(e) A defendant introduced to an action by its actual name in an amended complaint, after the filing of a motion pursuant to subdivision (c) and the court's ruling, may respond by preliminary objection challenging compliance with this rule, asserting prejudice or any other ground set forth in Rule 1028.

(f) No subpoena in aid of discovery relating to a defendant identified by a Doe designation may be issued or be served without leave of court upon motion stating with particularity from whom information is sought and how the discovery will aid in identification of the unknown defendant. In deciding the motion, the court shall weigh the importance of the discovery sought against unreasonable annoyance, embarrassment, oppression, burden, or expense to any person or party from whom the discovery is sought, and prejudice to any person or entity suspected of being the unknown defendant. Leave to serve a subpoena in aid of discovery does not preclude a challenge to the subpoena by the person or entity served.

(g) No final judgment may be entered against a defendant designated by a Doe designation.

EXPLANATORY COMMENT

The Supreme Court of Pennsylvania has adopted new Rule 2005 governing the naming of unknown, or John/Jane Doe, defendants in a complaint. Currently, the Rules of Civil Procedure are silent as to the use of Doe defendants in litigation; however, case law shows that the naming of Doe defendants has occurred. Rule 2005 is intended to fill this gap by standardizing the procedure in which to assert a cause of action against a Doe defendant.

The rule requires a complaint using a John/Jane Doe or similar designation to describe the defendant with sufficient particularity for identification. The rule imposes a duty on the plaintiff or joining party to exercise due diligence in identifying the actual name of the defendant both before and after the complaint is filed. While a sufficient description of an unknown defendant is typically fact specific to a particular case, it may include the physical characteristics of the unknown defendant, the position or title of the job performed by the unknown defendant, the alleged conduct of the unknown defendant, and how the unknown defendant is connected to the action.

Once served, the previously designated Doe defendant may challenge the filing party's due dili-

gence by filing preliminary objections, asserting prejudice or any other ground set forth in Rule 1028. A defendant originally named by a Doe designation is not precluded from asserting nor is the grant of a motion to amend determinative of a defense based on a statute of limitations or repose.

It is important to note that designating a Doe defendant as a mere placeholder or as use as a class of defendants, *e.g.*, John Doe Defendants 1-10, is not a valid use of Rule 2005. The rule is not intended to create a practice of naming Doe defendants as a catch-all category in the event a probable defendant is not named in a complaint. Rule 2005 requires the information in the complaint concerning the Doe defendant to sufficiently describe that defendant for all intents and purposes except by its actual name.

Rule 2005 is not intended to affect the substantive rights of any litigant. The ability to substitute the actual name of the Doe defendant after the expiration of the statute of limitations does not impermissibly extend it. Rule 2005 does not extend the time for filing an action as prescribed by the applicable statute of limitations.

The rule is intended solely to provide a procedural mechanism to substitute the actual name of a Doe-designated defendant where the action has been filed within the limitations period and the defendant has been adequately described in the complaint to demonstrate that it was *that defendant* against whom the action was asserted.]

(This is entirely new text.)

(*Editor's Note:* The following text is proposed to be added and is printed in regular type to enhance readability.)

(a) *Scope.* This rule shall only apply to *in personam* actions.

(b) *Doe Designation.* The plaintiff or joining party may designate a known, but unnamed defendant with a Doe designation, such as John Doe, Jane Doe, or ABC Corporation.

(c) *Content of Complaint.*

(1) The complaint shall aver:

(i) the plaintiff or joining party is unable to ascertain a known, but unnamed defendant's actual name after having conducted a reasonable search with due diligence;

(ii) the Doe designation is fictitious;

(iii) a detailed description of the reasonable search with due diligence for the known, but unnamed defendant's actual name;

(iv) a factual description of the known, but unnamed defendant with sufficient particularity for identification; and

(v) the plaintiff or joining party conducted a reasonable search to determine the actual name of the defendant.

(2) The plaintiff or joining party shall not designate a class of known, but unidentified defendants, *e.g.*, John Doe 1-10, as a placeholder in the complaint. The court may impose sanctions for such a designation.

(d) *Motion to Amend Complaint.*

(1) Within 20 days after the actual name of the Doe-designated defendant has been ascertained, the plaintiff or joining party shall file a motion to amend the com-

plaint pursuant to this rule and Rule 1033 by replacing the Doe designation with the defendant's actual name. An affidavit shall be attached to the motion setting forth the nature and extent of the investigation that was made to ascertain the name of the defendant, and the date upon and the manner in which the defendant's actual name was ascertained.

(2) The plaintiff or joining party shall serve the motion to amend on the named defendant pursuant to Rules 400 *et seq.*

(3) A Doe-designated defendant to be named in a complaint may file and serve an answer to the motion and contest the adequacy of the description of the Doe-designated defendant within the complaint, whether the plaintiff or joining party has conducted a reasonable search with due diligence to ascertain the name of the defendant, and the timeliness of the motion.

(e) *Trial Court Determination on Motion to Amend.* The court shall grant a motion to amend filed pursuant to subdivision (d) if the court determines the allegations in the motion and the complaint support a finding that the party seeking the amendment failed to exercise due diligence in identifying the actual name of the defendant.

(f) *Preliminary Objection.* A defendant introduced to an action by its actual name in an amended complaint, after the filing of a motion pursuant to subdivision (d) and the court's ruling, may respond by preliminary objection challenging compliance with this rule, asserting prejudice or any other ground set forth in Rule 1028.

(g) *Subpoenas.* No subpoena in aid of discovery relating to a Doe-designated defendant may be issued or served without leave of court upon motion stating with particularity from whom information is sought and how the discovery will aid in identification of the Doe-designated defendant. In deciding the motion, the court shall weigh the importance of the discovery sought against unreasonable annoyance, embarrassment, oppression, burden, or expense to any person or party from whom the discovery is sought, and prejudice to any person or entity suspected of being the Doe-designated defendant. Leave to serve a subpoena in aid of discovery does not preclude a challenge to the subpoena by the person or entity served.

(h) *No Entry of Final Judgment Permitted.* No final judgment may be entered against a Doe-designated defendant.

Comment:

This rule authorizes the use of a Doe designation in an action commenced by a complaint. It does not authorize use of a Doe designation in an action commenced by a writ of summons. The rule requires a complaint using a John/Jane Doe, ABC Corporation, or a similar designation to describe the defendant with sufficient particularity for identification. The rule imposes a duty on the plaintiff or joining party to exercise due diligence in identifying the actual name of the defendant both before and after the complaint is filed. While a sufficient description of a known, but unnamed defendant is typically fact specific to a particular case, it may include the physical characteristics of the known, but unnamed defendant, the position or title of the job performed by the known, but unnamed defendant, the alleged conduct of known, but unnamed defendant, and how the known, but unnamed defendant is connected to the action.

It is important to note that designating a Doe defendant as a mere placeholder or as a class of defendants, *e.g.*, John Doe Defendants 1-10, is not a valid use of Rule

2005. The rule is not intended to create a practice of designating known, but unnamed defendants as a catch-all category in the event a probable defendant is not named in a complaint. Designating known, but unnamed defendants in this manner may lead to sanctions. Rule 2005 requires the information in the complaint concerning the known, but unnamed defendant to sufficiently describe that defendant for all intents and purposes except by its actual name.

Once the actual name of Doe-designated defendant has been identified, a plaintiff or joining party must file a motion to amend pursuant to the requirements of subdivision (d) of this rule and Rule 1033. The trial court will grant a motion to amend unless the allegations in the motion and the complaint support a finding that the party seeking the amendment failed to exercise due diligence in ascertaining the actual name of the defendant.

Once served the complaint, the previously Doe-designated defendant may challenge the plaintiff or joining party's due diligence by filing preliminary objections, asserting prejudice or any other ground set forth in Rule 1028. A defendant originally designated as a Doe is not precluded from asserting, nor is the grant of a motion to amend determinative of, a defense based on a statute of limitations or repose.

Rule 2005 is not intended to affect the substantive rights of any litigant. The ability to substitute the actual name of the Doe-designated defendant after the expiration of the statute of limitations does not impermissibly extend it. Rule 2005 does not extend the time for filing an action as prescribed by the applicable statute of limitations.

The rule is intended solely to provide a procedural mechanism to substitute the actual name of a Doe-designated defendant where the action has been filed within the limitations period and the defendant has been adequately described in the complaint to demonstrate that it was that defendant against whom the action was asserted.

SUPREME COURT OF PENNSYLVANIA CIVIL PROCEDURAL RULES COMMITTEE

PUBLICATION REPORT

Proposed Amendment of Pa.R.Civ.P. 2005 with Corollary Amendments to Pa.R.A.P. 1007 and 1018

The Civil Procedural Rules Committee is considering proposing to the Supreme Court the amendment of Pennsylvania Rule of Civil Procedure 2005 governing the naming of unknown defendants in a complaint with a Doe designation.

The Committee considered a request to clarify Rule 2005 because John Doe complaints were not being filed in compliance with the rule. Adopted in 2019, Rule 2005 was intended to standardize the procedure for naming a Doe defendant. It requires a plaintiff using a Doe designation to describe that defendant with sufficient particularity for identification and to exercise due diligence in identifying the Doe defendant both before and after the filing of the complaint. Once the actual name of the Doe defendant is identified, the plaintiff must then file a motion to replace the Doe designation with the defendant's actual name.

The requester indicated that, in practice, some John Doe complaints routinely provide a minimal description in

the averments as to the due diligence of the plaintiff to determine the name of the defendant. Absent this information, the trial court is unable to determine the nature of the plaintiff's search to determine the actual name of the defendant. In addition, the requester noted that some complaints have used John Doe as a placeholder in the event the plaintiff discovers additional defendants who may be liable in contravention to the intent of the rule.

To address the first concern, the Committee is proposing modification of the current rule in two respects. Current subdivision (b) would retain language authorizing the use of John Doe defendants. Current subdivisions (b)(1)–(4) would be placed in a new subdivision (c) setting forth the requirements of the complaint. Included in new subdivision (c) would be a requirement for an averment in the complaint describing the steps taken by plaintiff in its reasonable search to determine the defendant's actual name.

For the second concern, the Committee considered the commentary that accompanied the adoption of the rule in 2019. The rule had never been contemplated as creating a mechanism for plaintiffs to designate a placeholder for any possible future defendants who may not have been discovered or known at the time of the filing of the complaint. To obviate any question as to the use of "John Doe" pursuant to the rule, the Committee proposes adding this commentary into the rule text as subdivision (c)(2). As a result, the rule would expressly prohibit this use. Further, the proposed amendment would permit the trial court to sanction a litigant who insists on using a Doe designation as a placeholder.

In addition, the Committee also identified other portions of the rule worthy of clarification. First, the proposal would add additional procedures regarding the motion to amend when replacing the Doe designation with the defendant's actual name. New subdivision (d)(1) would retain the requirement of the current rule to file the motion to amend within 20 days of ascertaining the actual name of the defendant and to attach to the motion an affidavit describing the steps taken to ascertain the name of the defendant. New subdivisions (d)(2)-(3) would add a requirement for service of the motion on the to-be-named defendant and give that defendant the opportunity to contest the adequacy of the description of the Doe defendant in the complaint, whether a reasonable search was conducted with due diligence to ascertain the name of the defendant, and the timeliness of the motion.

Second, the Committee observed that the current rule requires the trial court to grant the motion unless the court finds that the party seeking the amendment failed to exercise due diligence. The proposed change in new subdivision (e) would clarify that the trial court does not make findings as to the party's due diligence; rather, the trial court determines whether to grant the motion to amend based on whether the allegations in the motion and the complaint support a finding that the party exercised due diligence in determining the actual name of the defendant.

Finally, the Committee is proposing changing the term "unknown defendant" to "known, but unnamed defendant" throughout the rule. An "unknown defendant" suggests a defendant that is not known at all and will be identified in the future. In contrast, a "known, but unnamed defendant" is intended to clarify that the plaintiff may

use Doe designation because it has identified a defendant exists, but has not yet been able to ascertain the name of that defendant.

Given the affect of these amendments, the Committee proposes replacing the entirety of the text and commentary to Rule 2005. Corollary amendments to Rule 1007 and Rule 1018 reflect the change to the description of the Doe designation.

The Committee invites all comments, concerns, and suggestions.

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 61]

Fishing; Seasons, Sizes and Creel Limits

The Fish and Boat Commission (Commission) proposes to amend Chapter 61 (relating to seasons, sizes and creel limits). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendment updates the Commission's regulations concerning Atlantic striped bass fishing in the Delaware River, West Branch Delaware River and River Estuary.

A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2023.

B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at www.fishandboat.com.

C. *Statutory Authority*

The proposed amendment to § 61.2 (relating to Delaware River, West Branch Delaware River and River Estuary) is published under the statutory authority of section 2102(b) of the code (relating to rules and regulations).

D. *Purpose and Background*

The specific purpose and background of the proposed amendment is described in more detail under the summary of proposal.

E. *Summary of Proposal*

At its May 2022 quarterly meeting, the Atlantic States Marine Fisheries Commission (ASMFC), which includes the Commonwealth as a member, approved Amendment 7 to the Interstate Fishery Management Plan for Atlantic striped bass. The most recent striped bass stock assessment determined the stock was overfished and that overfishing was occurring. Based on these findings, the ASMFC's striped bass management plan calls for management actions to rebuild the stock. As part of Amendment 7, new requirements were established to address recreational release mortality, among other management plan components. Recreational release mortality is a large component of annual fishing mortality and Amendment 7 establishes a new gear restriction which prohibits gaffing striped bass when fishing recreationally. This new restriction, along with the existing circle hook requirement when fishing recreationally with bait, are intended to increase the chance of survival after a striped bass is released alive. To align with the provisions of Amendment 7, it is recommended to prohibit the use of a gaff when fishing for striped bass in the Delaware River, West Branch Delaware River and River Estuary.

In addition to the ASMFC mandated amendment, Commission staff identified an opportunity to further clarify language in § 61.2(b) pertaining to the legal harvestable size range for striped bass. The current language describes the minimum legal harvestable length but does not account for the maximum legal harvestable length in the striped bass slot limit. Although the harvest slot limit

in the regulation chart clearly defines the upper and lower limits to the legal harvestable length range, it is recommended to add clarifying language to the body of the text in the regulation.

The Commission proposes that § 61.2 be amended to read as set forth in Annex A.

F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart B. FISHING

CHAPTER 61. SEASONS, SIZES AND CREEL LIMITS

§ 61.2. Delaware River, West Branch Delaware River and River Estuary.

(a) It is unlawful to take, catch, kill or possess fish, except during the seasons specified in this section. It is not a violation of this section if a fish caught out of season from water where fishing for other species is lawful is immediately returned unharmed to the waters from which it was taken.

(b) It is unlawful to take, catch, kill or possess fish of less than the minimum size **or greater than the maximum size** specified in this section. It is not a violation of this section if an undersized **or oversized** fish taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.

(c) It is unlawful to take, catch or kill more than 1 day's limit of any species of fish as specified in the following chart during 1 calendar day. It is unlawful to possess more than 1 day's limit of any species of fish as specified in the following chart except under the following circumstances:

(1) A person may possess any number of lawfully caught fish at the person's residence.

(2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may, while transporting fish from the place where caught to his residence, possess a number of fish equal to no more than two times the daily creel limit for that species of fish. In prosecution for violation of this section, it shall be a rebuttable presumption that a person transporting fish from a fishing site caught all of the fish during 1 calendar day.

(3) A fish will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.

(4) A fish caught that is not to be counted in the creel limit shall be immediately released unharmed into the water from which it was taken. Except as otherwise provided in § 53.24 or § 63.40 (relating to tournament and fishing derby permits; and fishing tournaments and fishing derbies), a fish placed on a stringer, or confined by any type of container, structure or device, or not returned immediately to the water, will be considered as part of the daily creel or possession limits. Fish returned to the water shall be handled carefully and be returned unharmed to the water from which taken.

(5) Fish may be given to another person, but the fish shall be counted in the donor's creel limit and neither the donor nor the recipient may kill or possess (while in the act of fishing) more than the limit allowed.

(d) It is unlawful to fish with bait for any species of fish in the tidal Delaware Estuary, including tributaries from the mouths of the tributaries upstream to the limit of tidal influence using any hook type other than non-offset (in-line) circle hooks. The definition of a non-offset (in-line) circle hook is a non-offset hook where the point is pointed perpendicularly back towards the shank. The term "non-offset" means the point and the barb are in the same plane as the shank.

(d.1) It is unlawful for any person to gaff or attempt to gaff any striped bass at any time when fishing.

(e) The following seasons, sizes and creel limits apply to the Delaware River, West Branch Delaware River and Delaware River tributaries from the mouths of the tributaries upstream to the limit of the tidal influence and the Lehigh River from its mouth upstream to the first dam in Easton, Pennsylvania:

The proposed amendment updates the Commission's regulations pertaining to bowfishing.

A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect upon publication in the *Pennsylvania Bulletin*.

B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at www.fishandboat.com.

C. *Statutory Authority*

This proposed amendment to § 63.8 (relating to long bows, crossbows, spears and gigs) is published under the statutory authority of section 2102(b) of the code (relating to rules and regulations).

D. *Purpose and Background*

The specific purpose and background of the proposed amendment is described in more detail under the summary of proposal.

E. *Summary of Proposal*

The Commission, specifically the Bureau of Law Enforcement, has received an increasing number of comments from bow fishing anglers who want to see snakehead added to the list of approved species that can be targeted with long bows, crossbows, spears and gigs. This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 107]

Boating; Boating Restrictions

The Fish and Boat Commission (Commission) proposes to amend Chapter 107 (relating to boating restrictions). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendments update the Commission's regulations pertaining to allowable electric motor speeds and clarify horsepower restrictions.

A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2023.

B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at www.fishandboat.com.

C. *Statutory Authority*

The proposed amendments to §§ 107.1 and 107.2 (relating to horsepower restrictions; and electric motors) are published under the statutory authority of section 5124(a) of the code (relating to particular areas of water).

D. *Purpose and Background*

The specific purpose and background of the proposed amendments are described in more detail under the summary of proposal.

E. *Summary of Proposal*

Current regulations limit boat propulsion to electric motors only on Commission owned or controlled lakes, some State Park lakes, and water bodies specified in Chapter 111 (relating to special regulations counties). These regulations were originally intended to reduce noise, excessive wakes, shoreline erosion and property damage, and reduce the risk of petroleum-based water pollution on certain water bodies. Boats powered by small electric motors (such as trolling motors) and unpowered boats are popular on Commonwealth bodies of water with electric motor only restrictions.

Some exceptions exist for State Park lakes and certain other waters specified in Chapter 111 where internal

combustion motors are permitted but with horsepower limitations. Boats propelled by small gas outboard motors and unpowered boats are popular on these waterways.

Recent technological advancements with battery-powered electric boat motors have produced a variety of higher-powered options up to 180 horsepower and 60 miles per hour. While these new units are currently expensive and have limited battery capacity, it is anticipated they will become more affordable and widely available in the future. Boating stakeholders, partner organizations, other State agencies and staff have expressed concern about the potential increased availability and popularity of high-powered electric motors, which would be legal to be operated on waters under current regulations that allow electric motors only. Additionally, law enforcement staff have expressed concern about the complexity of enforcing horsepower limitations for electric motors to meet the original intent of current regulations.

To address these issues, the Commission recommends amending Chapter 107 to limit the speed at which electric motors may be operated and clarify that horsepower restrictions apply to internal combustion motors only. These amendments set the conditions by which Chapter 111 regulations are qualified, as noted in § 111.71 (relating to general requirements).

The Commission proposes that §§ 107.1 and 107.2 be amended to read as set forth in Annex A.

F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.fishandboat.com/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

Fiscal Note: 48A-336. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 58. RECREATION

PART II. FISH AND BOAT COMMISSION

Subpart C. BOATING

CHAPTER 107. BOATING RESTRICTIONS

§ 107.1. Horsepower restrictions.

On waters where horsepower limitations are prescribed, as set forth in Chapter 111 (relating to special regulations counties), [**boats with motors larger than the maximum horsepower shall be permitted but the motors**

may not be used] the use of internal combustion motors in excess of the prescribed horsepower limitation is prohibited.

§ 107.2. Electric motors.

Except as otherwise specified in Chapter 111 (relating to special regulations counties):

(1) Electric motors are permitted on Commission owned or controlled lakes and on State Park lakes where boating is permitted.

(1.1) Boats propelled by electric motors on Commission owned or controlled lakes, State Park lakes and water bodies specified in Chapter 111 may not be operated at greater than slow, no-wake speed.

(2) On Commission and State Park owned or controlled lakes, internal combustion motors attached to or installed in boats need not be removed, but the operation of engines is specifically prohibited.

(3) Officers authorized to enforce the code and this part and, in the case of State Park lakes, officers and officials of the Bureau of State Parks and operators of emergency vessels may operate boats powered by internal combustion motors in the performance of their official duties on waters otherwise restricted to electric motors only.

The Fish and Boat Commission (Commission) proposes to amend Chapter 111 (relating to special regulation counties). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendment updates the Commission's regulations pertaining to Treasure Lake, located in Clearfield County.

A. Effective Date

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2023.

B. Contact Person

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at www.fishandboat.com.

C. Statutory Authority

The proposed amendment to § 111.17 (relating to Clearfield County) is published under the statutory authority of section 5124(a) of the code (relating to particular areas of water).

D. Purpose and Background

The specific purpose and background of the proposed amendment is described in more detail under the summary of proposal.

E. Summary of Proposal

Treasure Lake is a 379-acre lake within the grounds of a semi-private resort-style residential development of the same name. It is the largest of three lakes on the property and is designated for motorboats. It has a speed limit of 35 mph. Treasure Lake is popular for boat-towed watersports, as well as fishing and kayaking. The lake has a marina with 200 boat rental slips and four boat launches.

In March 2022, the Treasure Lake Board of Directors voted to amend its policies to extend the maximum boat length on Treasure Lake from 25 feet to 26 feet, consistent with the United States Coast Guard's definition of a Class 1 vessel (16 feet to 25.9 feet). The Treasure Lake Board of Directors has requested the Commission adopt the same regulatory amendment in the Pennsylvania Code so that Waterways Conservation Officers can continue to assist in enforcement of this boating regulation.

The Commission proposes that § 111.17 be amended to read as set forth in Annex A.

F. Paperwork

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. Fiscal Impact

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

GAME COMMISSION

[58 PA. CODE CH. 131]

Preliminary Provisions; Definitions

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its July 9, 2022, meeting to amend § 131.2 (relating to definitions) to permit muzzleloading firearms that allow a cartridge of loose or pelletized black powder or black powder substitute to be loaded from the breech, while the projectile remains loaded from the muzzle to be used as a muzzleloading firearm.

This proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

This proposed rulemaking was made public at the July 9, 2022, meeting of the Commission. Comments can be sent until September 21, 2022, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

As the nature of its name implies, a muzzleloading firearm is by definition “a firearm designed” to have its loose ammunition components “loaded . . . from the muzzle. . . .” In this instance, the ammunition components refer to the combination of the loose or pelletized black powder or black powder substitute and the projectile or projectiles. Recent developments in the firearms industry have generated muzzleloading firearms that can accommodate the loading of a captured powder charge similar to a cartridge, casing or shell that is loaded from the breech, with the projectile or projectiles remaining to be loaded from the muzzle. Current regulations specifically prohibit muzzleloaders that accept cartridge ammunition. However, this restriction was originally intended to restrict modern firearms that are loaded by a cartridge or casing that contains both the powder and the projectile. The Commission does not intend or desire for this restriction to apply to the previously-described muzzleloaders. The Commission is proposing to amend § 131.2 to permit muzzleloading firearms that allow a cartridge of loose or pelletized black powder or black powder substitute to be loaded from the breech, while the projectile remains loaded from the muzzle to be used as a muzzleloading firearm.

Section 2102(d) of the code (relating to regulations) authorizes the Commission to “promulgate regulations stipulating the size and type of traps, the type of firearms and ammunition and other devices which may be used, the manner in which and the location where the devices may be used, the species the devices may be used for and the season when the devices may be used.” The amendments to § 131.2 are proposed under this authority.

2. Regulatory Requirements

This proposed rulemaking will amend § 131.2 to permit muzzleloading firearms that allow a cartridge of loose or pelletized black powder or black powder substitute to be loaded from the breech, while the projectile remains loaded from the muzzle, to be used as a muzzleloading firearm.

3. Persons Affected

Persons who utilize muzzleloaders that utilize a charge cartridge, casing or shell that is loaded from the breech

and the projectile or projectiles remaining to be loaded from the muzzle within this Commonwealth will be affected by this proposed rulemaking.

4. Cost and Paperwork Requirements

This proposed rulemaking should not result in any additional cost or paperwork.

5. Effective Date

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding this proposed rulemaking, contact Jason L. DeCoskey, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

GAME COMMISSION

[58 PA. CODE CHS. 131 AND 135]

Preliminary Provisions; Definitions; Lands and Buildings; Shooting Ranges

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its July 9, 2022, meeting to amend §§ 131.2 and 135.181 and delete § 135.182 (relating to definitions; rifle and handgun ranges; and ranges, State Game Lands No. 176) to eliminate the outdated and unnecessary text unique to State Game Lands No. 176 (SGL 176) and replace it with new Statewide shotgun range regulations

for both clay bird ranges and shotgun patterning ranges under proposed § 135.182a (relating to shotgun ranges).

This proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

This proposed rulemaking was made public at the July 9, 2022, meeting of the Commission. Comments can be sent until September 21, 2022, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

The Commission manages the use and operation of the shooting ranges located on SGL 176, in part, under the provisions of § 135.182. The Commission manages the use and operation of the remainder of its 33 shooting ranges located on State game lands across this Commonwealth under the various provisions of § 135.181. The Commission reviewed this split regulatory structure and determined that the days and hours of operation and range reservation periods unique to the shooting ranges at SGL 176 are no longer necessary.

The elimination of the text in § 135.182 that is unique to SGL 176 will revert the management of the use and operation of the shooting ranges at this location entirely to the general provisions of § 135.181 which have Statewide application. This will result in a number of changes that are largely beneficial to users of the SGL 176 shooting ranges. As it relates to the proposed deletion of paragraph (1), users will see an expansion in open shooting days to now include Mondays and Tuesdays but will also see hours of operation on Sundays restricted to 12 p.m. to sunset, except those specifically designated as being open from 8 a.m. to sunset. While certainly a change to the regulatory text, the Commission does not believe that a change will be observed by users of the shooting ranges at SGL 176, as the Commission itself has not followed these unique days and hours of operation language for approximately 8 years. As it relates to the proposed deletion of paragraph (2), users will see the calendar window of opportunity for groups or organizations to reserve a range reduced from year-round to January 1 through October 1.

In replacement of the previously addressed proposed deletion of text, the Commission is proposing to insert new shotgun range regulations that will be specific to the unique needs of these types of ranges not properly addressed by other existing regulations. The Commission currently only has a few ranges designated specifically as shotgun ranges. However, the Commission intends to establish more ranges soon as a result of their increasing popularity and use. The proposed changes will set forth the types of firearms, ammunition and targets that may be used on shotgun ranges. The proposed amendments will also establish the standards for use of these shotgun ranges to help ensure that users of the ranges, as well as other persons and property in the vicinity of these ranges, are protected from harm or injury. These changes will also protect the significant investment the Commission has put into constructing the current and future facilities. The Commission is proposing to amend §§ 131.2 and 135.181 and delete § 135.182 to eliminate the outdated and unnecessary text unique to SGL 176 and replace it with proposed § 135.182a regarding new Statewide shotgun range regulations for both clay bird ranges and shotgun patterning ranges.

Section 721(a) of the code (relating to control of property) provides “The administration of all lands or waters owned, leased or otherwise controlled by the commission shall be under the sole control of the director, and the commission shall promulgate regulations consistent with the purpose of this title for its use and protection as necessary to properly manage these lands or waters.” The amendments to §§ 131.2, 135.181 and 135.182 are proposed under this authority.

2. Regulatory Requirements

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Weatherization Assistance Program; Proposed State Plan; Public Hearing

The Department of Community and Economic Development (Department) publishes notice of a public hearing to

be held electronically, by means of web/conference call on Tuesday, September 13, 2022. This public hearing will only be held virtually by the methods listed. There will be no in-person opportunity to attend the hearing.

The public hearing by means of the web/conference call will be held at 1 p.m. and will last as long as there are comments to be received. This more widely available computer access/conference call will replace the onsite public hearing. The format will be more accessible than

an in-person meeting because those who wish to make comment may participate directly from their electronic device, telephone or computer. Access information can be found at the end of this notice.

The purpose of this hearing is to receive comments on the proposed Pennsylvania 2022—2027 Bipartisan Infrastructure Law (BIL) appropriated by the United States Department of Energy (DOE) Weatherization Assistance Program (WAP) State Plan (Plan).

The proposed 2022—2027 BIL Plan will authorize the formula-based distribution for each county. Specific performance goals emphasize production; quality of the work product; prompt, accurate and complete reporting; and compliance with program standards and regulations.

The Plan includes the following changes:

- Additional leveraging activities to enhance weatherization funding and assist with energy efficiency policies.
- Proposed allocation formula for DOE BIL funds based on Allocation Committee recommendation for DOE Annual funds.
- Updated Statewide Climatic Regions information based on updated county Heating Degree Days.
- Proposed production and expenditure plans for a 5-year period.
- Increased monitoring schedule for Quality Control Inspection visits, in-progress and Admin/Fiscal monitoring based on significant amount of additional units.
- Plans for meeting milestones and a reallocation plan, based on meeting production and expenditure goals, agency capacity and quality of weatherization work.
- Robust workforce development and Training and Technical Assistance plans to help build a much-needed workforce.
- Proposed updates to Grantee and Subgrantee staffing plans based on workforce needs assessment survey.
- Plans to transition to Hancock Cloud-Based data management system.
- Plans to request approval from DOE to continue to use the energy auditing tool, HEAT, for single family and manufactured housing—which is also included in the DOE Annual Plan.

There is a continued National focus on coordination of efforts where other health and safety, lead-abatement, utility weatherization and housing rehab services are coordinated locally with weatherization services.

Copies of the proposed 2022—2027 DOE WAP BIL Plan may be obtained beginning September 2, 2022, by contacting the Department of Community and Economic Development, Center for Community Services, (717) 425-7597 or it can be downloaded from the Department's web site at www.dced.pa.gov. DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a

and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit www.dep.pa.gov and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

<i>Section</i>	<i>Category</i>
I	Individual and General WQM Permit Applications/NOIs Received, General NPDES Permit NOIs Received, and All Transfer and Minor Amendment Applications/NOIs Received
II	Individual NPDES Permits—New, Renewal, and Major Amendment Applications and Draft Permits for Discharges Relating to Sewage, Industrial Waste, Industrial Stormwater, MS4s, Pesticides and CAFOs
III	Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity

Section I identifies the following applications and NOIs that have been received by DEP:

- Individual and General WQM Permit Applications Received—DEP provides a 15-day public comment period for Individual WQM Permit Applications for new and reissued permits. There is no public comment period for General WQM Permit NOIs.
- General Chapter 92a NPDES Permit NOIs Received—There is no public comment period for General NPDES NOIs received.
- All Transfer and Minor Amendment Applications/NOIs Received—Transfer and Minor Amendment Applications/NOIs received for Individual and General WQM Permits and Individual and General NPDES Permits, excluding PAG-01 and PAG-02, are identified but do not have public comment periods. DEP provides a 15-day public comment period for Individual WQM Permit Applications for amendments.

Additional information on these applications and NOIs may be reviewed by generating the “Applications and NOIs without Comment Periods Report” or, for Individual WQM Permit Applications, the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice.

Section II identifies individual NPDES permit applications received and draft permits indicating DEP's tentative determination relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications and draft permits, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of DEP for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP's tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice. Notification of 15-day extensions for comment will be provided in the “Applications Received with Comment Periods Report” (Comments column).

Section III provides notice of applications and draft individual permits for stormwater discharges associated with construction activities. Where indicated, DEP has made tentative determinations, based on preliminary review, to issue permits subject to proposed effluent limitations consisting of best management practices identified in the erosion and sediment control (E&S) plans and post-construction stormwater management (PCSM) plans submitted with the applications, as well as other terms and conditions based on the permit applications. A 30-day public comment period applies to these applications.

Applications, NOIs and draft permits, where applicable, may be reviewed at the DEP office that received the application or NOI. Members of the public are encouraged to use DEP's website to obtain additional information as discussed previously.

Comments received within the appropriate comment periods for WQM and NPDES permit applications will be retained by DEP and considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform DEP of the exact basis of a comment and the relevant facts upon which it is based.

Barrick Dairy LLC has submitted an application for an Individual NPDES permit for a new CAFO known as Barrick Dairy CAFO, located in Penn Township, **Cumberland County**.

The CAFO is situated near Yellow Breeches (HQ-CWF, MF) in Watershed 7-E, which is classified for Migratory Fishes and High-Quality Cold Water Fisheries. The CAFO is designed to maintain an animal population of approximately 1,616.2 animal equivalent units (AEUs) consisting of 5 beef finishers, 590 mature dairy cows, 385 heifers, 138 calves, and 9,600 nursery pigs. Manure is and will be stored in an under-barn manure storage, a teardrop storage, dry cow lot storage, freestall underbarn, and Pap's Place lot storage. Prior to operation of the manure storage facilities, the design engineer will be required to submit certification that the facilities were constructed in accordance with appropriate PA Technical Guide Standards. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 100-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notice(s) of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent (NOI) to Remediate. An acknowledgment of the receipt of a NOI to Remediate is used to identify a site where an individual proposes to, or has been required to, respond to a release of a regulated substance at a site. Individuals intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a NOI to Remediate with DEP. A NOI to Remediate filed with DEP provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. An individual who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by DEP. Furthermore, an individual shall not be subject to citizen suits or other contribution actions brought by responsible individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified individual, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning plans or reports, please contact the Regional Office Program Manager listed above the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

The DEP has received the following Notice(s) of Intent to Remediate.

32 39th Street Property, Primary Facility ID # **860332**, 32 39th Street, Pittsburgh, PA 15201, City of Pittsburgh, **Allegheny County**. PVE, LLC, 2000 Georgetown Drive, Suite 101, Sewickley, PA 15143 on behalf of Incheon Ventures, LLC, 1212 New York Avenue, Floor 10, Washington, DC 20005, submitted a Notice of Intent to Remediate. Based on a Phase I Environmental Site Assessment (ESA) completed in 2021, historic operations conducted on the property consisted of brass/bronze foundries, machine shops, carpenter shops, a flour mill, a slaughterhouse and other industrial operations which were likely to have used and managed various chemicals, petroleum, and wastes which have the potential to contaminate subsurface media. Prior to purchasing the property, a Phase II ESA was completed in 2021, consisting of the collection of several shallow and deep soil samples (via soil borings) and the installation and subsequent sampling of four (4) groundwater monitoring wells. Laboratory analytical results identified the presence of arsenic, lead and various polycyclic aromatic hydrocarbons (PAHs) at concentrations exceeding their applicable Statewide health standards (SHSs) in both soil and groundwater, as well as a SHS exceedance of the volatile organic compound (VOC) tetrachloroethylene (PCE) from one of the four groundwater monitoring wells. The source of the impacts cannot be currently confirmed, however, their presence is attributed to the past industrial uses of the property and/or surrounding properties. The Notice of Intent to Remediate was published in *Pittsburgh Post-Gazette* on August 25, 2022. Application received: August 23, 2022.

AIR QUALITY

**PLAN APPROVAL AND OPERATING
PERMIT APPLICATIONS**

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chap-

ters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

County. Application received: February 25, 2022. For the renewal of a State Only Operating Permit and incorporation of Plan Approval 09-0143B. This facility is classified as a Natural Minor facility for Particulate Matter (PM) Emissions. Naceville Materials quarries, crushes and screens rock to various size gradations for road construction and other applications. This facility consists of a primary and a secondary crushing circuit that is electrically powered from the utility grid, therefore the only pollutant or concern is PM. There are no emission increases with the renewal of the operating permit. The facility maintains a synthetic minor operating status by limiting the particulate matter emissions to less than 56.00 tons per year. The renewed permit includes testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable local, State, and Federal air quality requirements. Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. Comments on the draft permit can be submitted through the Air Quality resource account at RA-EPSEROAQPUBCOM@pa.gov.

08-00010Q, Global Tungsten & Powders Corp., 1 Hawes St., Towanda, PA 18848, Towanda Borough, Bradford County. Application received: April 7, 2022. for construction and operation of a DUCON cyclone, Size 70, Type VME, Model 810/150 to be installed in place of an existing cyclone of the same make and model associated with Spray Dryer # 1 at the Towanda Facility located in Towanda Borough, Bradford County. The plan approval application was received on April 7, 2022. The Department of Environmental Protection's (Department) review of the information submitted by Global Tungsten & Powders Corp. indicates that the air cleaning devices to be installed will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants. Based on this finding, the Department proposes to issue a plan approval for the proposed installation. The emissions from Spray Dryer # 1 after the installation of the new air cleaning device will not exceed 0.01 ton per year of filterable particulate matter or hazardous air pollutants. In addition to the emission limitations, the following is a brief description of the types of conditions the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements: The proposed cyclone shall be equipped with instrumentation to continuously monitor the pressure drop across the cyclone. The pressure drop across the cyclone shall be recorded at least once per operating shift. Within 180 days of installation of the new cyclone, the permittee shall conduct a study to determine the control efficiency

of the cyclone using engineering analysis, mass balance equations, and/or other methods approved by the Department. A report detailing the permittee's findings shall be submitted to the Department within 60 days of completion of the study. Spray Dryer # 1 as well as its associated control devices and monitoring equipment shall be operated and maintained in accordance with the manufacturer's specifications and in a manner consistent with good air pollution control practices for minimizing emissions. Source ID P312 consists of a Komline-Sanderson spray dryer located in Building 28A, the air contaminant emissions from which shall be controlled by a Ducon VME size 70 cyclone, 2 Mikropul 64 s-10 fabric collectors and a final filter at any time Source ID P312 is operating. The facility is a State Only facility. If the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for Plan Approval 08-00010Q, the requirements established in the plan approval will be incorporated into State Only Operating Permit 08-00010 pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality-based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

The project consists of constructing approximately 5,850 linear feet of pipeline to connect a water withdrawal site to the nearby Premier Well Pad. The proposed pipeline will include three separate lines: a 12" HDPE water line, a 16" steel gas line and a 6" HDPE conduit for an electrical line. This pipeline will be utilized for the transfer of materials between these two locations. Approximately 580 linear feet of waterline will connect an intake location to the tie in point which is located on an at-grade pervious 150' x 150' pad.

The project will result in a total of 92 LF (184 SF) of permanent and 320 LF (22,534 SF) of temporary stream impacts, 6,882 SF (0.1580 acre) of permanent and 147,086 SF (3.3766 acres) of temporary floodway impacts and 2,232 SF (0.0512 acre) of permanent and 7,781 SF (0.1786 acre) of temporary wetland impacts all for the purpose of constructing a natural gas pipeline for Marcellus Shale well development.

This application is being submitted as an amendment to permit E65-07-013 in which a 286-foot by 418 foot well pad extension and tank pad reclamation for oil and gas activity at the existing Basista—Dermotta Well Pad B (40.269439, -79.780153) was approved. The well pad expansion area and tank pad reclamation would have resulted in the impacts to wetlands found on the site. Three (3) Palustrine Emergent (PEM) wetlands, totaling 0.28 acre, were to be filled due to the reclamation of the existing tank pad. Wetland mitigation is required for this project. Onsite mitigation was originally consisted of approximately 0.3 acre of PEM wetland. Since the issuance of the original permit, additional wetlands have been found onsite. The proposed restoration project will now require the permanent fill of five (5) PEM wetlands for a total of 0.43 acre. Mitigation is no longer being proposed on site and will utilize a wetland mitigation bank. EROSION AND SEDIMENT CONTROL

The following parties have applied for an Erosion and Sediment Control Permit (ESCP) for an earth disturbance activity associated with either a road maintenance or timber harvesting operation.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department of Environmental Protection (DEP) proposes to issue a permit to discharge, subject to certain limitations set forth in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices (BMPs) which restrict the rate and quantity of sediment discharged.

Individuals wishing to comment on the proposed permit are invited to submit a statement to the appropriate DEP Regional Office listed above the application within 30-days of this public notice. Comments reviewed within this 30-day period will be considered in the formulation of the final determinations regarding this application. Responses should include the name, address, and telephone number of the writer and a concise statement to inform DEP of the exact basis of a comment and relevant facts upon which it is based. A public hearing may be held after consideration of comments received by the appropriate DEP Regional Office during the 30-day public comment period.

Following the 30-day comment period, the appropriate Regional Office Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The application and related documents, including the erosion and sediment control plan for the earth disturbance activity are on file and may be inspected at the office identified in this notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law).

The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law. For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. Important legal rights are at stake, however, so individuals should contact a lawyer at once.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

For actions taken on applications for pipelines that are regulated by the Federal Energy Regulatory Commission (FERC).

Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. § 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. Hostler Subdivision, A3-34917-229-2E. The request for planning exemption for the Hostler Subdivision (DEP Code No. A3-34917-229-2E; APS ID No. 1069162) has been disapproved. The proposed development—located at 577 East River Road in Walker Township, PA—consists of sewage planning for two new single-family homes on an existing residential lot, each utilizing an on-lot disposal system with total project flows of 800 gallons per day. This request for planning exemption has been disapproved because the submission does not qualify as an exemption from the requirement to revise the Official Plan because the subdivision proposes the use of onlot sewage disposal systems in an area underlain by carbonate geology as per Chapter 71, Section 71.51(b)(1)(ii).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling

analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

The Department hereby approves the Environmental Assessment and restoration plans, including the associated erosion and sediment control plans. The Cobbs Creek Restoration and Community Foundation (CCRCF) transferred the original application to RES for approval of an Environmental Assessment and restoration plans in accordance with Chapter 105.12(a)(16). The restoration project proposes to provide comprehensive aquatic resource restoration of Cobbs Creek, Indian Creek and unnamed tributaries through the removal of legacy sediment to restore the floodplain as closely as possible to historical conditions. The restoration is now intended to meet future third party compensation needs as a private third-party mitigation bank instead of as a PA Department of Environmental Protection In-Lieu Fee project. This comprehensive aquatic resource restoration will remove approximately 350,000 cubic yards of legacy sediment from an approximately 38 acres floodplain area of Cobbs Creek, Indian Creek and unnamed tributaries for the purpose of restoring natural aquatic ecosystems; to re-establish 36.8 acres of wetlands within the restored floodplain and enhance 1.2 acres; to realign approximately 8,014 lineal feet of Cobbs Creek 3,200 feet of Indian Creek and 4,460 feet of unnamed tributaries for the purpose of restoring approximately 19,326 LF of Cobbs Creek, 3,468 feet of Indian Creek and 3,714 feet of unnamed tributaries within the restored floodplain; to place log sills, root wads, and other wood grade control structures and woody debris habitat structures in restored channels and floodplain areas; to grade 2.27 acres of wetland for the purpose of relocating and reestablishing high quality wetlands within the proposed floodplain, tying in the proposed floodplain elevations to the existing grade, and using excavated floodplain material to elevate golf course features above the 100-year water surface elevation. The use of fill material within the site is a critical component of implementing the restoration to reduce the cost and impacts associated with hauling the excavated legacy sediment off-site. These proposed impacts will address the existing lateral stream bank erosion and downcutting stream bed (that is providing a sediment source to the Cobbs Creek watershed. If not addressed, this horizontal and vertical degradation (and resulting sediment load) would only worsen over time. The 401 Water Quality Certification (WQC) is provided through the previously issued 401 WQC for Nation Wide Permit 27 or PA State Programmatic General Permit 6. Latitude: 39.970266 N°, Longitude: -75.266270 W°. Application received: December 18, 2020. Approved: August 23, 2022.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Availability of Rebates through the Pennsylvania Alternative Fuels Incentive Grant Program

The Department of Environmental Protection (Department) announces the availability of rebates to Commonwealth residents under Pennsylvania's Alternative Fuel Vehicle (AFV) Rebate Program (Program). The Program, administered by the Department through the Alternative Fuels Incentive Grant Program, provides rebates to Commonwealth residents to assist with the costs of purchasing an AFV. The Department is now accepting applications.

To qualify for the rebate, the AFV must be registered in this Commonwealth. The rebate will be offered on a first-come, first-served basis in the order in which applications are received. The Program will run through the end of June 2023, or until at least 1,000 rebates have been awarded or funding has been expended. The Program can be reassessed or changed at any time.

To help bridge the gap in affordability of AFVs to Commonwealth residents, the Program will be limited to providing rebates to qualifying Commonwealth residents.

Commonwealth residents whose total household income is equal to or below 400% of the Federal Income Poverty level, as defined by the United States Department of Health and Human Services, will be eligible for the rebate. A full table of the income requirements to be eligible to receive a rebate is provided on the Program's web site at www.dep.pa.gov/AFVrebates and in the Program guidelines. To view the Federal Income Poverty level, visit <https://aspe.hhs.gov/poverty-guidelines>.

The following rebate amounts will be offered by the Program. Vehicle types—new, pre-owned and demonstration alternative fuel vehicles—will receive the same rebate amount per vehicle category:

- \$2,000 rebate for a battery electric vehicle
- \$1,500 rebate for a plug-in hybrid electric vehicle
- \$500 rebate for a natural gas fueled vehicle including original equipment manufacturer (OEM)/certified retrofits only
- \$500 rebate for a propane fueled vehicle including OEM/certified retrofits only

- \$500 rebate for an electric motorcycle

In addition to the rebate amounts available to eligible applicants, the Program will also provide an additional \$1,000 incentive if the eligible applicant's total household income is equal to or below 200% of the Federal Income Poverty level, <https://aspe.hhs.gov/poverty-guidelines>.

Visit the Program web site at <http://www.dep.pa.gov/AFVrebates> for Program guidelines and application instructions.

Applications must be submitted online through the Commonwealth's Electronic Single Application web site, eGrants, at www.esa.dced.state.pa.us. Rebate applications must be submitted no later than 6 months after the vehicle is purchased.

Interested applicants may contact the Department at (717) 783-8411 for more information on the Program.
