READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at www.pacodeandbulletin.gov.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE I. PRELIMINARY PROVISIONS

CHAPTER 3. ORDERS FROM WHICH APPEALS MAY BE TAKEN

INTERLOCUTORY APPEALS

Rule 311. Interlocutory Appeals as of Right.

(a) [***General rule.—***] ***General Rule.*** An appeal may be taken as of right and without reference to Pa.R.A.P. 341(c) from **the following types of orders**:

(1) [***Affecting judgments.—***] ***Affecting Judgments.*** An order refusing to open, vacate, or strike off a judgment. If orders opening, vacating, or striking off a judgment are sought in the alternative, no appeal may be filed until the court has disposed of each claim for relief.

(2) [***Attachments, etc.—***] ***Attachments, etc.*** An order confirming, modifying, dissolving, or refusing to confirm, modify or dissolve an attachment, custodianship, receivership, or similar matter affecting the possession or control of property, except for orders pursuant to 23 Pa.C.S. §§ 3323(f), 3505(a).

(3) [***Change of criminal venue or venire.—***] ***Change of Criminal Venue or Venire.*** An order changing venue or venire in a criminal proceeding.

(4) [***Injunctions.—***] ***Injunctions.*** An order that grants or denies, modifies or refuses to modify, continues or refuses to continue, or dissolves or refuses to dissolve an injunction unless the order was entered:

(i) Pursuant to 23 Pa.C.S. §§ 3323(f), 3505(a); or

(ii) After a trial but before entry of the final order. Such order is immediately appealable, however, if the order enjoins conduct previously permitted or mandated or permits or mandates conduct not previously mandated or permitted, and is effective before entry of the final order.

(5) [***Peremptory judgment in mandamus.—***] ***Peremptory Judgment in Mandamus.*** An order granting peremptory judgment in mandamus.

(6) [***New trials.—***] ***New Trials.*** An order in a civil action or proceeding awarding a new trial, or an order in a criminal proceeding awarding a new trial where the defendant claims that the proper disposition of the matter would be an absolute discharge or where the Commonwealth claims that the trial court committed an error of law.

(7) [***Partition.—***] ***Partition.*** An order directing partition.

(8) [***Other cases.—***] ***Other Cases.*** An order that is made final or appealable by statute or general rule, even though the order does not dispose of all claims and of all parties.

(b) [***Order sustaining venue or personal or in rem jurisdiction.—***] ***Order Sustaining Venue or Personal or In Rem Jurisdiction.*** An appeal may be taken as of right from an order in a civil action or proceeding sustaining the venue of the matter or jurisdiction over the person or over real or personal property if:

(1) the plaintiff, petitioner, or other party benefiting from the order files of record within ten days after the entry of the order an election that the order shall be deemed final; or

(2) the court states in the order that a substantial issue of venue or jurisdiction is presented.

(c) [***Changes of venue, etc.—***] ***Changes of Venue, etc.*** An appeal may be taken as of right from an order in a civil action or proceeding changing venue, transferring the matter to another court of coordinate jurisdiction, or declining to proceed in the matter on the basis of *forum non conveniens* or analogous principles.

(d) [***Commonwealth appeals in criminal cases.—***] ***Commonwealth Appeals in Criminal Cases.*** In a criminal case, under the circumstances provided by law, the Commonwealth may take an appeal as of right from an order that does not end the entire case where the Commonwealth certifies in the notice of appeal that the order will terminate or substantially handicap the prosecution.

(e) [***Orders overruling preliminary objections in eminent domain cases.—***] ***Orders Overruling Preliminary Objections in Eminent Domain Cases.*** An appeal may be taken as of right from an order overruling preliminary objections to a declaration of taking and an order overruling preliminary objections to a petition for appointment of a board of viewers.

(f) [*Administrative remand.*—] Administrative Remand. An appeal may be taken as of right from:

(1) an order of a common pleas court or government unit remanding a matter to an administrative agency or hearing officer for execution of the adjudication of the reviewing tribunal in a manner that does not require the exercise of administrative discretion; or

(2) an order of a common pleas court or government unit remanding a matter to an administrative agency or hearing officer that decides an issue that would ultimately evade appellate review if an immediate appeal is not allowed.

(g) [*Waiver of objections.*] Waiver of Objections.

(1) Except as provided in [subparagraphs (g)(1)(ii), (iii), and (iv)] subdivision (g)(1), failure to file an appeal of an interlocutory order does not waive any objections to the interlocutory order:

(i) RESCINDED.

(ii) Failure to file an appeal from an interlocutory order under [subparagraph (b)(1) or paragraph (c)] subdivision (b)(1) or subdivision (c) of this rule shall constitute a waiver of all objections to jurisdiction over the person or over the property involved or to venue, etc., and the question of jurisdiction or venue shall not be considered on any subsequent appeal.

(iii) Failure to file an appeal from an interlocutory order under [paragraph] subdivision (e) of this rule shall constitute a waiver of all objections to such an order.

(iv) Failure to file an appeal from an interlocutory order refusing to compel arbitration, appealable under 42 Pa.C.S. § 7320(a)(1) and [subparagraph] subdivision (a)(8) of this rule, shall constitute a waiver of all objections to such an order.

(2) Where no election that an interlocutory order shall be deemed final is filed under [subparagraph] subdivision (b)(1) of this rule, the objection may be raised on any subsequent appeal.

(h) [*Further proceedings in the trial court.*—] Further Proceedings in the Trial Court. Pa.R.A.P. 1701(a) shall not be applicable to a matter in which an interlocutory order is appealed under [subparagraphs] subdivisions (a)(2) or (a)(4) of this rule.

[*Official Note:*

Authority—This rule implements 42 Pa.C.S. § 5105(c), which provides:

(c) *Interlocutory appeals.* There shall be a right of appeal from such interlocutory orders of tribunals and other government units as may be specified by law. The governing authority shall be responsible for a continuous review of the operation of section 702(b) (relating to interlocutory appeals by permission) and shall from time to time establish by general rule rights to appeal from such classes of interlocutory orders, if any, from which appeals are regularly permitted pursuant to section 702(b).

The appeal rights under this rule and under Pa.R.A.P. 312, Pa.R.A.P. 313, Pa.R.A.P. 341, and Pa.R.A.P. 342 are cumulative; and no inference shall be drawn from the fact that two or more rules may be applicable to an appeal from a given order.

Paragraph (a)—If an order falls under Pa.R.A.P. 311, an immediate appeal may be taken as of right simply by filing a notice of appeal. The procedures set forth in Pa.R.A.P. 341(c) and 1311 do not apply to an appeal under Pa.R.A.P. 311.

Subparagraph (a)(1)—The 1989 amendment to subparagraph (a)(1) eliminated interlocutory appeals of right from orders opening, vacating, or striking off a judgment while retaining the right of appeal from an order refusing to take any such action.

Subparagraph (a)(2)—The 1987 Amendment to subparagraph (a)(2) is consistent with appellate court decisions disallowing interlocutory appeals in matrimonial matters. *Fried v. Fried*, 501 A.2d 211 (Pa. 1985); *O'Brien v. O'Brien*, 519 A.2d 511 (Pa. Super. 1987).

Subparagraph (a)(3)—Change of venire is authorized by 42 Pa.C.S. § 8702. Pa.R.Crim.P. 584 treats changes of venue and venire the same. Thus an order changing venue or venire is appealable by the defendant or the Commonwealth, while an order refusing to change venue or venire is not.

See also Pa.R.A.P. 903(c)(1) regarding time for appeal.

Subparagraph (a)(4)—The 1987 amendment to subparagraph (a)(4) is consistent with appellate court decisions disallowing interlocutory appeals in matrimonial matters. *Fried v. Fried*, 501 A.2d 211, 215 (Pa. 1985); *O'Brien v. O'Brien*, 519 A.2d 511, 514 (Pa. Super. 1987).

The 1996 amendment to subparagraph (a)(4) reconciled two conflicting lines of cases by adopting the position that generally an appeal may not be taken from a *decree nisi* granting or denying a permanent injunction.

The 2009 amendment to the rule conformed the rule to the 2003 amendments to the Pennsylvania Rules of Civil Procedure abolishing actions in equity and thus eliminating the *decree nisi*. Because *decrees nisi* were in general not appealable to the extent they were not effective immediately upon entry, this principle has been expressly incorporated into the body of the rule as applicable to any injunction.

Subparagraph (a)(5)—Subparagraph (a)(5), added in 1996, authorizes an interlocutory appeal as of right from an order granting a motion for peremptory judgment in mandamus without the condition precedent of a motion to open the peremptory judgment in mandamus. An order denying a motion for peremptory judgment in mandamus remains unappealable.

Subparagraph (a)(8)—Subparagraph (a)(8) recognizes that orders that are procedurally interlocutory may be made appealable by statute or general rule. For example, see 27 Pa.C.S. § 8303. The Pennsylvania Rules of Civil Procedure, the Pennsylvania Rules of Criminal Procedure, etc., should also be consulted.

See Pa.R.A.P. 341(f) for appeals of Post Conviction Relief Act orders.

Following a 2005 amendment to Pa.R.A.P. 311, orders determining the validity of a will or trust were appealable as of right under former

subparagraph(a)(8). Pursuant to the 2011 amendments to Pa.R.A.P. 342, such orders are now immediately appealable under Pa.R.A.P. 342(a)(2).

Paragraph (b)—Paragraph (b) is based in part on the Act of March 5, 1925, P.L. 23. The term “civil action or proceeding” is broader than the term “proceeding at law or in equity” under the prior practice and is intended to include orders entered by the orphans’ court division. *Cf. In the Matter of Phillips*, 370 A.2d 307 (Pa. 1977).

In subparagraph (b)(1), a plaintiff is given a qualified (because it can be overridden by petition for and grant of permission to appeal under Pa.R.A.P. 312) option to gamble that the venue of the matter or personal or *in rem* jurisdiction will be sustained on appeal. Subparagraph (g)(1)(ii) provides that if the plaintiff timely elects final treatment, the failure of the defendant to appeal constitutes a waiver. The appeal period under Pa.R.A.P. 903 ordinarily runs from the entry of the order, and not from the date of filing of the election, which procedure will ordinarily afford at least 20 days within which to appeal. *See* Pa.R.A.P. 903(c) as to treatment of special appeal times. If the plaintiff does not file an election to treat the order as final, the case will proceed to trial unless (1) the trial court makes a finding under subparagraph (b)(2) of the existence of a substantial question of jurisdiction and the defendant elects to appeal, (2) an interlocutory appeal is permitted under Pa.R.A.P. 312, or (3) another basis for appeal appears, for example, under subparagraph (a)(1), and an appeal is taken. Presumably, a plaintiff would file such an election where plaintiff desires to force the defendant to decide promptly whether the objection to venue or jurisdiction will be seriously pressed. Paragraph (b) does not cover orders that do not sustain jurisdiction because they are, of course, final orders appealable under Pa.R.A.P. 341.

Subparagraph (b)(2)—The 1989 amendment to subparagraph (b)(2) permits an interlocutory appeal as of right where the trial court certifies that a substantial question of venue is present. This eliminated an inconsistency formerly existing between paragraph (b) and subparagraph (b)(2).

Paragraph (c)—Paragraph (c) is based in part on the act of March 5, 1925 (P.L. 23, No. 15). The term “civil action or proceeding” is broader than the term “proceeding at law or in equity” under the prior practice and is intended to include orders entered by the orphans’ court division. *Cf. In the Matter of Phillips*, 370 A.2d 307, 308 (Pa. 1977).

Paragraph (c) covers orders that do not sustain venue, such as orders under Pa.R.C.P. 1006(d) and (e).

However, the paragraph does not relate to a transfer under 42 Pa.C.S. § 933(c)(1), 42 Pa.C.S. § 5103, or any other similar provision of law, because such a transfer is not to a “court of coordinate jurisdiction” within the meaning of this rule; it is intended that there shall be no right of appeal from a transfer order based on improper subject matter jurisdiction. Such orders may be appealed by permission under Pa.R.A.P. 312, or an appeal as of right may be taken from an order dismissing the matter for lack of jurisdiction. *See Balshy v. Rank*, 490 A.2d 415, 416 (Pa. 1985).

Other orders relating to subject matter jurisdiction (which for this purpose does not include questions as to the form of action, such as between law and equity, or divisional assignment, *see* 42 Pa.C.S. § 952) will be appealable under Pa.R.A.P. 341 if jurisdiction is not sustained, and otherwise will be subject to Pa.R.A.P. 312.

Paragraph (d)—Pursuant to paragraph (d), the Commonwealth has a right to take an appeal from an interlocutory order provided that the Commonwealth certifies in the notice of appeal that the order terminates or substantially handicaps the prosecution. *See* Pa.R.A.P. 904(e). This rule supersedes *Commonwealth v. Dugger*, 486 A.2d 382, 386 (Pa. 1985). *Commonwealth v. Dixon*, 907 A.2d 468, 471 n.8 (Pa. 2006).

Paragraph (f)—Pursuant to paragraph (f), there is an immediate appeal as of right from an order of a common pleas court or government unit remanding a matter to an administrative agency or hearing officer for execution of the adjudication of the reviewing tribunal in a manner that does not require the exercise of administrative discretion. Examples of such orders include: a remand by a court of common pleas to the Department of Transportation for removal of points from a drivers license; and an order of the Workers’ Compensation Appeal Board reinstating compensation benefits and remanding to a referee for computation of benefits.

Paragraph (f) further permits immediate appeal from an order of a common pleas court or government unit remanding a matter to an administrative agency or hearing officer that decides an issue that would ultimately evade appellate review if an immediate appeal is not allowed. *See Lewis v. Sch. Dist. of Philadelphia*, 690 A.2d 814, 816 (Pa. Cmwlth. 1997).

Subparagraph (g)(1)(iv)—Subparagraph (g)(1)(iv), added in 2015, addresses waiver in the context of appeals from various classes of arbitration orders. All six types of arbitration orders identified in 42 Pa.C.S. § 7320(a) are immediately appealable as of right. Differing principles govern these orders, some of which are interlocutory and some of which are final. The differences affect whether an order is appealable under this rule or Pa.R.A.P. 341(b) and whether an immediate appeal is necessary to avoid waiver of objections to the order.

- **Section 7320(a)(1)**—An interlocutory order refusing to compel arbitration under 42 Pa.C.S. § 7320(a)(1) is immediately appealable pursuant to Pa.R.A.P. 311(a)(8). Failure to appeal the interlocutory order immediately waives all objections to it. *See* Pa.R.A.P. 311(g)(1)(iv). This supersedes the holding in *Cooke v. Equitable Life Assurance Soc’y*, 723 A.2d 723, 726 (Pa. Super. 1999). Pa.R.A.P. 311(a)(8) and former Pa.R.A.P. 311(g)(1)(i) require a finding of waiver based on failure to appeal the denial order when entered).

- **Section 7320(a)(2)**—Failure to appeal an interlocutory order granting an application to stay arbitration under 42 Pa.C.S. § 7304(b) does not waive the right to contest the stay; an aggrieved party may appeal such an order immediately under Pa.R.A.P. 311(a)(8) or challenge the order on appeal from the final judgment.

- **Section 7320(a)(3)**—(a)(6)—If an order is appealable under 42 Pa.C.S. § 7320(a)(3), (4), (5), or (6)

because it is final, that is, the order disposes of all claims and of all parties, see Pa.R.A.P. 341(b), failure to appeal immediately waives all issues. If the order does not dispose of all claims or of all parties, then the order is interlocutory. An aggrieved party may appeal such an order immediately under Pa.R.A.P. 311(a)(8) or challenge the order on appeal from the final judgment.

Paragraph (h)—See note to Pa.R.A.P. 1701(a).]

Comment:

Authority—This rule implements 42 Pa.C.S. § 5105(c), which provides:

(c) *Interlocutory appeals.* There shall be a right of appeal from such interlocutory orders of tribunals and other government units as may be specified by law. The governing authority shall be responsible for a continuous review of the operation of section 702(b) (relating to interlocutory appeals by permission) and shall from time to time establish by general rule rights to appeal from such classes of interlocutory orders, if any, from which appeals are regularly permitted pursuant to section 702(b).

The appeal rights under this rule and under Pa.R.A.P. 312, Pa.R.A.P. 313, Pa.R.A.P. 341, and Pa.R.A.P. 342 are cumulative, and no inference shall be drawn from the fact that two or more rules may be applicable to an appeal from a given order.

Subdivision (a)—If an order falls under Pa.R.A.P. 311, an immediate appeal may be taken as of right simply by filing a notice of appeal. The procedures set forth in Pa.R.A.P. 341(c) and 1311 do not apply to an appeal under Pa.R.A.P. 311.

Subdivision (a)(3)—Change of venue is authorized by 42 Pa.C.S. § 8702. Pa.R.Crim.P. 584 treats changes of venue and venire the same. Thus, an order changing venue or venire is appealable by the defendant or the Commonwealth, while an order refusing to change venue or venire is not. See also Pa.R.A.P. 903(c)(1) regarding time for appeal.

Subdivision (a)(4)—This subdivision does not apply to an order granting or denying an application filed with a trial court under Pa.R.A.P. 1732(a) (stays or injunctions pending appeal). Any further relief may be sought directly from the appellate court under Pa.R.A.P. 1732(b). See *In re Passarelli Trust*, 231 A.3d 969 (Pa. Super. 2020).

Subdivision (a)(5) authorizes an interlocutory appeal as of right from an order granting a motion for peremptory judgment in mandamus without the condition precedent of a motion to open the peremptory judgment in mandamus. An order denying a motion for peremptory judgment in mandamus remains unappealable.

Subdivision (a)(6)—See *Commonwealth v. Wardlaw*, 249 A.3d 937 (Pa. 2021) (holding that an order declaring a mistrial only is not “an order in a criminal proceeding awarding a new trial”).

Subdivision (a)(8) recognizes that orders that are procedurally interlocutory may be made appealable by statute or general rule. For example, see 27 Pa.C.S. § 8303. The Pennsylvania Rules of Civil Procedure, the

Pennsylvania Rules of Criminal Procedure, etc., should also be consulted. See Pa.R.A.P. 341(f) for appeals of Post Conviction Relief Act orders.

Subdivision (b) is based in part on the Act of March 5, 1925, P.L. 23. The term “civil action or proceeding” is broader than the term “proceeding at law or in equity” under the prior practice and is intended to include orders entered by the orphans’ court division. Cf. *In the Matter of Phillips*, 370 A.2d 307 (Pa. 1977).

In subdivision (b)(1), a plaintiff is given a qualified option to gamble that the venue of the matter or personal or *in rem* jurisdiction will be sustained on appeal because it can be overridden by petition for and grant of permission to appeal under Pa.R.A.P. 312. Subdivision (g)(1)(ii) provides that if the plaintiff timely elects final treatment, the failure of the defendant to appeal constitutes a waiver. The appeal period under Pa.R.A.P. 903 ordinarily runs from the entry of the order, and not from the date of filing of the election, which procedure will ordinarily afford at least 20 days within which to appeal. See Pa.R.A.P. 903(c) as to treatment of special appeal times. If the plaintiff does not file an election to treat the order as final, the case will proceed to trial unless (1) the trial court makes a finding under subdivision (b)(2) of the existence of a substantial question of jurisdiction and the defendant elects to appeal, (2) an interlocutory appeal is permitted under Pa.R.A.P. 312, or (3) another basis for appeal appears, for example, under subdivision (a)(1), and an appeal is taken. Presumably, a plaintiff would file such an election where plaintiff desires to force the defendant to decide promptly whether the objection to venue or jurisdiction will be seriously pressed. Subdivision (b) does not cover orders that do not sustain jurisdiction because they are, of course, final orders appealable under Pa.R.A.P. 341.

Subdivision (c) is based in part on the act of March 5, 1925 (P.L. 23, No. 15). The term “civil action or proceeding” is broader than the term “proceeding at law or in equity” under the prior practice and is intended to include orders entered by the orphans’ court division. Cf. *In the Matter of Phillips*, 370 A.2d 307, 308 (Pa. 1977). Subdivision (c) covers orders that do not sustain venue, such as orders under Pa.R.C.P. 1006(d) and (e).

However, the subdivision does not relate to a transfer under 42 Pa.C.S. § 933(c)(1), 42 Pa.C.S. § 5103, or any other similar provision of law, because such a transfer is not to a “court of coordinate jurisdiction” within the meaning of this rule; it is intended that there shall be no right of appeal from a transfer order based on improper subject matter jurisdiction. Such orders may be appealed by permission under Pa.R.A.P. 312, or an appeal as of right may be taken from an order dismissing the matter for lack of jurisdiction. See *Balshy v. Rank*, 490 A.2d 415, 416 (Pa. 1985).

Other orders relating to subject matter jurisdiction (which for this purpose does not include questions as to the form of action, such as between law and equity, or divisional assignment, see 42 Pa.C.S. § 952) will be appealable under Pa.R.A.P. 341 if jurisdiction is not sustained, and otherwise will be subject to Pa.R.A.P. 312.

Pursuant to subdivision (d), the Commonwealth has a right to take an appeal from an interlocutory order provided that the Commonwealth certifies in the notice of appeal that the order terminates or substantially handicaps the prosecution. See Pa.R.A.P. 904(e). This rule supersedes *Commonwealth v. Dugger*, 486 A.2d 382, 386 (Pa. 1985). *Commonwealth v. Dixon*, 907 A.2d 468, 471 n.8 (Pa. 2006).

Pursuant to subdivision (f), there is an immediate appeal as of right from an order of a common pleas court or government unit remanding a matter to an administrative agency or hearing officer for execution of the adjudication of the reviewing tribunal in a manner that does not require the exercise of administrative discretion. Examples of such orders include: a remand by a court of common pleas to the Department of Transportation for removal of points from a driver's license; and an order of the Workers' Compensation Appeal Board reinstating compensation benefits and remanding to a referee for computation of benefits.

Subdivision (f) further permits immediate appeal from an order of a common pleas court or government unit remanding a matter to an administrative agency or hearing officer that decides an issue that would ultimately evade appellate review if an immediate appeal is not allowed. *See Lewis v. Sch. Dist. of Philadelphia*, 690 A.2d 814, 816 (Pa. Cmwlth. 1997).

Subdivision (g)(1)(iii) addresses waiver in the context of appeals from various classes of arbitration orders. All six types of arbitration orders identified in 42 Pa.C.S. § 7320(a) are immediately appealable as of right. Differing principles govern these orders, some of which are interlocutory and some of which are final. The differences affect whether an order is appealable under this rule or Pa.R.A.P. 341(b) and whether an immediate appeal is necessary to avoid waiver of objections to the order.

- Section 7320(a)(1)—An interlocutory order refusing to compel arbitration under 42 Pa.C.S. § 7320(a)(1) is immediately appealable pursuant to Pa.R.A.P. 311(a)(8). Failure to appeal the interlocutory order immediately waives all objections to it. *See Pa.R.A.P. 311(g)(1)(iv)*. This supersedes the holding in *Cooke v. Equitable Life Assurance Soc'y*, 723 A.2d 723, 726 (Pa. Super. 1999). Pa.R.A.P. 311(a)(8) and former Pa.R.A.P. 311(g)(1)(i) require a finding of waiver based on failure to appeal the denial order when entered).

- Section 7320(a)(2)—Failure to appeal an interlocutory order granting an application to stay arbitration under 42 Pa.C.S. § 7304(b) does not waive the right to contest the stay; an aggrieved party may appeal such an order immediately under Pa.R.A.P. 311(a)(8) or challenge the order on appeal from the final judgment.

- Section 7320(a)(3)—(a)(6)—If an order is appealable under 42 Pa.C.S. § 7320(a)(3), (4), (5), or (6) because it is final, that is, the order disposes of all claims and of all parties, *see Pa.R.A.P. 341(b)*, failure to appeal immediately waives all issues. If the order does not dispose of all claims or of all parties, then the order is interlocutory. An aggrieved party may appeal such an order immediately under Pa.R.A.P. 311(a)(8) or challenge the order on appeal from the final judgment.

Subdivision (h)—*See note to Pa.R.A.P. 1701(a)*.

Rule 312. Interlocutory Appeals by Permission.

An appeal from an interlocutory order may be taken by permission pursuant to Chapter 13 (interlocutory appeals by permission).

Comment:

This rule does not apply to an order granting or denying an application filed with the trial court under Pa.R.A.P. 1732(a) (stays or injunctions pending appeal). Any further relief may be sought directly from the appellate court under Pa.R.A.P. 1732(b). *See In re Passarelli Trust*, 231 A.3d 969 (Pa. Super. 2020).

APPELLATE COURT PROCEDURAL RULES COMMITTEE ADOPTION REPORT

Amendment of Pa.R.A.P. 311 and 312

On September 8, 2022, the Supreme Court of Pennsylvania adopted amendments to Rules of Appellate Procedure 311 and 312. The Appellate Court Procedural Rules Committee has prepared this Adoption Report describing the rulemaking process. An Adoption Report should not be confused with Comments to the rules. *See Pa.R.J.A. 103, Comment*. The statements contained herein are those of the Committee, not the Court.

Pursuant to a request, the Appellate Court Procedural Rules Committee reviewed recent case law to determine whether pertinent cross references should be added to commentary the Pennsylvania Rules of Appellate Procedure.

In *In re Passarelli Trust*, 231 A.3d 969 (Pa. Super. 2020), the Superior Court considered the appealability of injunctions pursuant to Pa.R.A.P. 311(a)(4), which is an appeal as of right, and the non-appealability of applications for stay pending appeal. The appellant in that case filed a petition for allowance of appeal with the Supreme Court. While the petition for allowance of appeal was pending, the appellant sought an injunction pending appeal from the trial court. The injunction was denied and the appellant filed a notice of appeal from that denial. *See In re Passarelli Trust*, 231 A.3d at 970-971. The Superior Court observed that, given pendency of petition for allowance of appeal, the appellant should have filed an application for stay pending appeal with the Superior Court. *Id.* at 974; *see also Pa.R.A.P. 1732*. Accordingly, the Superior Court quashed the appeal because the proper procedure would have been to file an application for an injunction pending appeal ancillary to the existing appellate proceeding rather than a notice of appeal. *Id.*

The Committee believed adding a cross reference was salutary so that litigants are cautioned as to the holding in the case. Accordingly, the cross reference specifies that relief from an order granting or denying injunctive relief under Pa.R.A.P. 311(a)(4) should be sought directly from the appellate court under Pa.R.A.P. 1732(b). The same cross reference was added as a comment to Pa.R.A.P. 312 to provide a similar caution for litigants seeking relief from an order granting or denying relief of an interlocutory appeal by permission.

In *Commonwealth v. Wardlaw*, 249 A.3d 937 (Pa. 2021), the Supreme Court considered whether an order declaring a mistrial was included within the scope of Pa.R.A.P. 311(a)(6), which provides for an interlocutory appeal as of right for new trials. The Court clarified that this subdivision covers only orders granting motions for a new trial, and not orders declaring a mistrial. The Committee recommended adding a cross reference to this case in the commentary to Pa.R.A.P. 311 to advise counsel of this distinction.

Stylistic revisions to the text of both Pa.R.A.P. 311 and 312 were also made. The commentary to Pa.R.A.P. 311 was replaced in its entirety for easier readability.

The Committee did not publish the amendments for public comment because they are informational in nature and do not affect practice or procedure.

The amendments become effective January 1, 2023.

The commentary from the following rule has been removed and replaced by this rulemaking:

Pa.R.A.P. 311

Official Note:

Authority—This rule implements 42 Pa.C.S. § 5105(c), which provides:

(c) *Interlocutory appeals.* There shall be a right of appeal from such interlocutory orders of tribunals and other government units as may be specified by law. The governing authority shall be responsible for a continuous review of the operation of section 702(b) (relating to interlocutory appeals by permission) and shall from time to time establish by general rule rights to appeal from such classes of interlocutory orders, if any, from which appeals are regularly permitted pursuant to section 702(b).

The appeal rights under this rule and under Pa.R.A.P. 312, Pa.R.A.P. 313, Pa.R.A.P. 341, and Pa.R.A.P. 342 are cumulative; and no inference shall be drawn from the fact that two or more rules may be applicable to an appeal from a given order.

Paragraph (a)—If an order falls under Pa.R.A.P. 311, an immediate appeal may be taken as of right simply by filing a notice of appeal. The procedures set forth in Pa.R.A.P. 341(c) and 1311 do not apply to an appeal under Pa.R.A.P. 311.

Subparagraph (a)(1)—The 1989 amendment to subparagraph (a)(1) eliminated interlocutory appeals of right from orders opening, vacating, or striking off a judgment while retaining the right of appeal from an order refusing to take any such action.

Subparagraph (a)(2)—The 1987 Amendment to subparagraph (a)(2) is consistent with appellate court decisions disallowing interlocutory appeals in matrimonial matters. *Fried v. Fried*, 501 A.2d 211 (Pa. 1985); *O'Brien v. O'Brien*, 519 A.2d 511 (Pa. Super. 1987).

Subparagraph (a)(3)—Change of venue is authorized by 42 Pa.C.S. § 8702. Pa.R.Crim.P. 584 treats changes of venue and venire the same. Thus an order changing venue or venire is appealable by the defendant or the Commonwealth, while an order refusing to change venue or venire is not.

See also Pa.R.A.P. 903(c)(1) regarding time for appeal.

Subparagraph (a)(4)—The 1987 amendment to subparagraph (a)(4) is consistent with appellate court decisions disallowing interlocutory appeals in matrimonial matters. *Fried v. Fried*, 501 A.2d 211, 215 (Pa. 1985); *O'Brien v. O'Brien*, 519 A.2d 511, 514 (Pa. Super. 1987).

The 1996 amendment to subparagraph (a)(4) reconciled two conflicting lines of cases by adopting the position that generally an appeal may not be taken from a *decree nisi* granting or denying a permanent injunction.

The 2009 amendment to the rule conformed the rule to the 2003 amendments to the Pennsylvania Rules of Civil Procedure abolishing actions in equity and thus eliminating the *decree nisi*. Because *decrees nisi* were in general not appealable to the extent they were not effective immediately upon entry, this principle has been expressly incorporated into the body of the rule as applicable to any injunction.

Subparagraph (a)(5)—Subparagraph (a)(5), added in 1996, authorizes an interlocutory appeal as of right from an order granting a motion for peremptory judgment in mandamus without the condition precedent of a motion to

open the peremptory judgment in mandamus. An order denying a motion for peremptory judgment in mandamus remains unappealable.

Subparagraph (a)(8)—Subparagraph (a)(8) recognizes that orders that are procedurally interlocutory may be made appealable by statute or general rule. For example, see 27 Pa.C.S. § 8303. The Pennsylvania Rules of Civil Procedure, the Pennsylvania Rules of Criminal Procedure, etc., should also be consulted.

See Pa.R.A.P. 341(f) for appeals of Post Conviction Relief Act orders.

Following a 2005 amendment to Pa.R.A.P. 311, orders determining the validity of a will or trust were appealable as of right under former subparagraph(a)(8). Pursuant to the 2011 amendments to Pa.R.A.P. 342, such orders are now immediately appealable under Pa.R.A.P. 342(a)(2).

Paragraph (b)—Paragraph (b) is based in part on the Act of March 5, 1925, P.L. 23. The term “civil action or proceeding” is broader than the term “proceeding at law or in equity” under the prior practice and is intended to include orders entered by the orphans’ court division. *Cf. In the Matter of Phillips*, 370 A.2d 307 (Pa. 1977).

In subparagraph (b)(1), a plaintiff is given a qualified (because it can be overridden by petition for and grant of permission to appeal under Pa.R.A.P. 312) option to gamble that the venue of the matter or personal or *in rem* jurisdiction will be sustained on appeal. Subparagraph (g)(1)(ii) provides that if the plaintiff timely elects final treatment, the failure of the defendant to appeal constitutes a waiver. The appeal period under Pa.R.A.P. 903 ordinarily runs from the entry of the order, and not from the date of filing of the election, which procedure will ordinarily afford at least 20 days within which to appeal. See Pa.R.A.P. 903(c) as to treatment of special appeal times. If the plaintiff does not file an election to treat the order as final, the case will proceed to trial unless (1) the trial court makes a finding under subparagraph (b)(2) of the existence of a substantial question of jurisdiction and the defendant elects to appeal, (2) an interlocutory appeal is permitted under Pa.R.A.P. 312, or (3) another basis for appeal appears, for example, under subparagraph (a)(1), and an appeal is taken. Presumably, a plaintiff would file such an election where plaintiff desires to force the defendant to decide promptly whether the objection to venue or jurisdiction will be seriously pressed. Paragraph (b) does not cover orders that do not sustain jurisdiction because they are, of course, final orders appealable under Pa.R.A.P. 341.

Subparagraph (b)(2)—The 1989 amendment to subparagraph (b)(2) permits an interlocutory appeal as of right where the trial court certifies that a substantial question of venue is present. This eliminated an inconsistency formerly existing between paragraph (b) and subparagraph (b)(2).

Paragraph (c)—Paragraph (c) is based in part on the act of March 5, 1925 (P.L. 23, No. 15). The term “civil action or proceeding” is broader than the term “proceeding at law or in equity” under the prior practice and is intended to include orders entered by the orphans’ court division. *Cf. In the Matter of Phillips*, 370 A.2d 307, 308 (Pa. 1977).

Paragraph (c) covers orders that do not sustain venue, such as orders under Pa.R.C.P. 1006(d) and (e).

However, the paragraph does not relate to a transfer under 42 Pa.C.S. § 933(c)(1), 42 Pa.C.S. § 5103, or any other similar provision of law, because such a transfer is

not to a “court of coordinate jurisdiction” within the meaning of this rule; it is intended that there shall be no right of appeal from a transfer order based on improper subject matter jurisdiction. Such orders may be appealed by permission under Pa.R.A.P. 312, or an appeal as of right may be taken from an order dismissing the matter for lack of jurisdiction. *See Balshy v. Rank*, 490 A.2d 415, 416 (Pa. 1985).

Other orders relating to subject matter jurisdiction (which for this purpose does not include questions as to the form of action, such as between law and equity, or divisional assignment, *see* 42 Pa.C.S. § 952) will be appealable under Pa.R.A.P. 341 if jurisdiction is not sustained, and otherwise will be subject to Pa.R.A.P. 312.

Paragraph (d)—Pursuant to paragraph (d), the Commonwealth has a right to take an appeal from an interlocutory order provided that the Commonwealth certifies in the notice of appeal that the order terminates or substantially handicaps the prosecution. *See Pa.R.A.P. 904(e)*. This rule supersedes *Commonwealth v. Dugger*, 486 A.2d 382, 386 (Pa. 1985). *Commonwealth v. Dixon*, 907 A.2d 468, 471 n.8 (Pa. 2006).

Paragraph (f)—Pursuant to paragraph (f), there is an immediate appeal as of right from an order of a common pleas court or government unit remanding a matter to an administrative agency or hearing officer for execution of the adjudication of the reviewing tribunal in a manner that does not require the exercise of administrative discretion. Examples of such orders include: a remand by a court of common pleas to the Department of Transportation for removal of points from a drivers license; and an order of the Workers’ Compensation Appeal Board reinstating compensation benefits and remanding to a referee for computation of benefits.

Paragraph (f) further permits immediate appeal from an order of a common pleas court or government unit remanding a matter to an administrative agency or hearing officer that decides an issue that would ultimately evade appellate review if an immediate appeal is not allowed. *See Lewis v. Sch. Dist. of Philadelphia*, 690 A.2d 814, 816 (Pa. Cmwlth. 1997).

Subparagraph (g)(1)(iv)—Subparagraph (g)(1)(iv), added in 2015, addresses waiver in the context of appeals from various classes of arbitration orders. All six types of arbitration orders identified in 42 Pa.C.S. § 7320(a) are immediately appealable as of right. Differing principles govern these orders, some of which are interlocutory and some of which are final. The differences affect whether an order is appealable under this rule or Pa.R.A.P. 341(b) and whether an immediate appeal is necessary to avoid waiver of objections to the order.

- Section 7320(a)(1)—An interlocutory order refusing to compel arbitration under 42 Pa.C.S. § 7320(a)(1) is immediately appealable pursuant to Pa.R.A.P. 311(a)(8). Failure to appeal the interlocutory order immediately waives all objections to it. *See Pa.R.A.P. 311(g)(1)(iv)*. This supersedes the holding in *Cooke v. Equitable Life Assurance Soc’y*, 723 A.2d 723, 726 (Pa. Super. 1999). Pa.R.A.P. 311(a)(8) and former Pa.R.A.P. 311(g)(1)(i) require a finding of waiver based on failure to appeal the denial order when entered).

- Section 7320(a)(2)—Failure to appeal an interlocutory order granting an application to stay arbitration under 42 Pa.C.S. § 7304(b) does not waive the right to contest the stay; an aggrieved party may appeal such an order immediately under Pa.R.A.P. 311(a)(8) or challenge the order on appeal from the final judgment.

- Section 7320(a)(3)—(a)(6)—If an order is appealable under 42 Pa.C.S. § 7320(a)(3), (4), (5), or (6) because it is final, that is, the order disposes of all claims and of all parties, *see Pa.R.A.P. 341(b)*, failure to appeal immediately waives all issues. If the order does not dispose of all claims or of all parties, then the order is interlocutory. An aggrieved party may appeal such an order immediately under Pa.R.A.P. 311(a)(8) or challenge the order on appeal from the final judgment.

Paragraph (h)—*See* note to Pa.R.A.P. 1701(a).

NOTICES

DEPARTMENT OF AGRICULTURE

Commercial Feed Ingredients

Under 3 Pa.C.S. § 5109 of the Commercial Feed Act (act) (relating to rules and regulations), the Department of Agriculture (Department) has the authority to promulgate rules and regulations necessary for administration and implementation of the act. Under 7 Pa. Code Chapter 71 (relating to commercial feed), the names and definitions for commercial feeds will be those contained in the Official Definitions of Feed Ingredients adopted by the Association of American Feed Control Officials and the terms used in reference to commercial feeds will be those contained in the Official Feed Terms adopted by the Association of American Feed Control Officials (7 Pa. Code § 71.1(a) and (b) (relating to general provisions)).

The Department recognizes the following new official commercial animal feed terms and definitions, as published by the Association of American Feed Control Officials.

Black Soldier Fly Oil—The product obtained by mechanically extracting the oil from dried larvae of Black Soldier Fly, *Hermetia illucens*, that have been raised on a feedstock composed exclusively of feed grade materials. It is intended for use in swine, finfish feed and adult dog food, as a source of energy consistent with good feeding practices. It consists predominately of glyceride esters of fatty acids and contains no additions of free fatty acids or other materials obtained from fats. It must contain, and be guaranteed for, not less than 90% total fatty acids, not more than 2% unsaponifiable matter and not more than 1% insoluble impurities. Maximum free fatty acids and moisture must also be guaranteed. If antioxidants are used, the common name or names must be indicated, followed by the words “used as a preservative.”

Dried Black Soldier Fly Larvae—The dried larvae of the Black Soldier Fly, *Hermetia illucens*, with or without mechanical extraction of part of the oil, that has been raised on feedstock composed exclusively of feed grade materials. The ingredient must be labeled with guarantees for minimum crude protein and minimum crude fat on an as-fed basis. If oil is mechanically extracted, maximum crude fat must also be guaranteed on the ingredient label. The ingredient is dried by artificial means to no more than 10% moisture. It is used in salmonid, poultry and swine feed and in adult dog food, as a source of protein and fat consistent with good feeding practices.

Human Grade—Every ingredient and the resulting product must be stored, handled, processed and transported in a manner that is consistent and compliant with 21 CFR Part 117 (relating to current good manufacturing practice, hazard analysis, and risk-based preventive controls for human food) and those applicable Federal human food laws as required by ingredient, process or facility type, or both.

Urea Formaldehyde Condensation Polymer—An amino resin that may be used in animal feeds: (a) as a pelleting aid; excluding feed for aquatic species. The free formaldehyde must not exceed 0.1 ppm in the finished pelleted feed; and (b) as an agent to reduce the solubility and fermentation of soybean meal intended for ruminant feed. It must not exceed 1% of the treated soybean meal.

The Department gives notice of the following:

1. The definitions of American Pennyroyal (*Hedeoma pulegioides* (L. Pers)) and European Pennyroyal (*Mentha pulegium* L.) were withdrawn from the terms and definitions published by the Association of American Feed Control Officials and those ingredients are no longer permitted in commercial animal feed.

2. A modification to the current Official definition of Dried ____ Fermentation Product has been introduced to the Association of American Feed Control Officials as Tentative.

Dried ____ Fermentation Product—The product derived by culturing ____ on appropriate nutrient media for the production of one or more of the following: enzymes, fermentation substances or other microbial metabolites, and dried in accordance with approved methods and good manufacturing practices. Protein, amino acids, fat, fiber, cell count, enzyme activity or nutrient metabolite level shall be guaranteed where applicable. Use of *Lactobacillus buchneri* and *Lactobacillus diolivorans* is limited to silage and high moisture corn grain in plant inoculant products. (For label identification the source must be indicated such as *Bacillus subtilis*, *Aspergillus oryzae*, *Aspergillus niger*, *Lactobacillus acidophilus*, *Lactobacillus buchneri*, *Lactobacillus bulgaricus* or *Enterococcus faecium*, or as permitted by Food and Drug Administration.)

Volcanic Ash—Composed of small amorphous fragments deposited from the gaseous cloud during an explosive volcanic eruption. Deposits contain $\geq 45\%$ SiO₂. When at least 25% passes a 100 mesh sieve, it is a source of nutrients and soluble silicon.

Zinc EDDHA—A zinc (II) chelate of ethylenediamine-N, N-bis (2-hydroxyphenyl acetic acid) and is expressed as Zn EDDHA.

Applications, Actions and Special Notices

APPLICATIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit www.dep.pa.gov and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

| III | Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity |

Section I identifies the following applications and NOIs that have been received by DEP:

- Individual and General WQM Permit Applications Received—DEP provides a 15-day public comment period for Individual WQM Permit Applications for new and reissued permits. There is no public comment period for General WQM Permit NOIs.
- General Chapter 92a NPDES Permit NOIs Received—There is no public comment period for General NPDES NOIs received.
- All Transfer and Minor Amendment Applications/NOIs Received—Transfer and Minor Amendment Applications/NOIs received for Individual and General WQM Permits and Individual and General NPDES Permits, excluding PAG-01 and PAG-02, are identified but do not have public comment periods. DEP provides a 15-day public comment period for Individual WQM Permit Applications for amendments.

Additional information on these applications and NOIs may be reviewed by generating the “Applications and NOIs without Comment Periods Report” or, for Individual WQM Permit Applications, the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice.

Section II identifies individual NPDES permit applications received and draft permits indicating DEP’s tentative determination relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications and draft permits, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of DEP for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP’s tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice. Notification of 15-day extensions for comment will be provided in the “Applications Received with Comment Periods Report” (Comments column).

Section III provides notice of applications and draft individual permits for stormwater discharges associated with construction activities. Where indicated, DEP has made tentative determinations, based on preliminary review, to issue permits subject to proposed effluent limitations consisting of best management practices identified in the erosion and sediment control (E&S) plans and post-construction stormwater management (PCSM) plans submitted with the applications, as well as other terms and conditions based on the permit applications. A 30-day public comment period applies to these applications.

Applications, NOIs and draft permits, where applicable, may be reviewed at the DEP office that received the application or NOI. Members of the public are encouraged to use DEP’s website to obtain additional information as discussed previously.

Comments received within the appropriate comment periods for WQM and NPDES permit applications will be retained by DEP and considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform DEP of the exact basis of a comment and the relevant facts upon which it is based.

STATE CONSERVATION COMMISSION

PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed (National Pollutant Discharge Elimination System) NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling 717-787-8821.

Individuals wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notice(s) of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent (NOI) to Remediate. An acknowledgment of the receipt of a NOI to Remediate is used to identify a site where an individual proposes to, or has been required to, respond to a release of a regulated substance at a site. Individuals intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a NOI to Remediate with DEP. A NOI to Remediate filed with DEP provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. An individual who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by DEP. Furthermore, an individual shall not be subject to citizen suits or other contribution actions brought by responsible individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period

for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified individual, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents

relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PLAN APPROVALS

Notice of Intent to Issue Plan Approval(s) and Notice of Intent to Issue or Amend Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These Actions May Include the Administrative Amendments of an Associated Operating Permit.

For the installation of a plasma spray booth and associated cold cleaning equipment at the facility. The spray booth will use a plasma arc to melt metal oxide powder and apply it as a coating, and particulate matter will be controlled by a dust collector. The cleaning equipment will be an immersion cold cleaning machine. The expected potential emissions from this project are as follows: 0.14 tpy PM₁₀; 2.38 tpy VOC; and 2.38 tpy HAPs (methanol). The Department of Environmental Protection's (DEP's) review of the information submitted by the company indicates that the air contamination sources will comply with all regulatory requirements, including monitoring, recordkeeping, and reporting requirements, and pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, DEP proposes to issue a plan approval for the proposed installation. The facility is a State Only facility. If DEP determines that the sources are constructed and operated in compliance with the plan approval conditions and the specifications of the application for plan approval, the requirements established in the plan approval will be incorporated into an Operating Permit pursuant to the administrative amendment provisions of 25 Pa. MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

The following treated wastewater outfalls discharge to unnamed tributaries to Wolf Creek.

<i>Outfall Number</i>	<i>New or existing</i>	<i>Type</i>	<i>Discharge Rate: MGD</i>
001	New	SWO	0.232

E6305122-007. PennDOT District 12-0, 825 North Gallatin Avenue Ext, Uniontown, PA 15401, Luzerne Township, **Fayette County**. U.S. Army Corps of Engineers Pittsburgh District. Application received: June 6, 2022.

The applicant proposes to:

1. Remove an existing, single span reinforced concrete slab bridge over an unnamed tributary (UNT) to Middle Wheeling Creek (WWF) that has a hydraulic opening of 50 sq ft and out-to-out length of 16.55' and construct and maintain a replacement, precast box culvert with precast wingwall end sections with a hydraulic opening of 60 sq ft and out-to-out length of 37', and grouted rock cut-off walls over the UNT to Middle Wheeling Creek,

2. Place and maintain fill in 173 LF of Middle Wheeling Creek (WWF) and construct and maintain 156 LF of relocated channel with natural stream bed material, live stake riparian plantings, and livestock fencing,

3. Place and maintain fill, including R-6 rock, as part of a roadway embankment within the floodway along 183 LF of the left bank of Middle Wheeling Creek,

4. Remove the existing 18-inch dia. CMP stormwater outfall structure and construct and maintain a stormwater outfall in the same location consisting of 24" dia. HDPE pipe spilling onto the R-6 roadway embankment in the Middle Wheeling Creek floodway previously described,

5. Remove the existing 18-inch dia. CMP owned by West Finley Township and construct and maintain a stormwater outfall in the same location consisting of 24" dia. HDPE pipe spilling onto the R-6 roadway embankment in the Middle Wheeling Creek floodway previously described for the purposes of replacing a dilapidated structure carrying SR 3021 over a UNT to Middle Wheeling Creek.

Cumulatively, since some impacts overlap, the project will have a permanent impact of 423 LF and a temporary impact of 356 LF on Middle Wheeling Creek and the UNT to Middle Wheeling Creek. Mitigation will be achieved through restoration of temporary impacts and the relocation of Middle Wheeling Creek into a 156 LF channel constructed with natural streambed materials, live stake riparian plantings, and livestock fencing. The project site is located on Crawford Ave., between First St. and Arch St. Latitude: 40.067261°, Longitude: -80.480711°.

E2605122-008. PennDOT District 12-0, 825 North Gallatin Avenue Ext, Uniontown, PA 15401, City of Uniontown, **Fayette County**. U.S. Army Corps of Engineers Pittsburgh District. Application received: August 13, 2022.

The applicant proposes to:

1. Remove an existing single-span, masonry arch bridge over Redstone Creek (WWF) with a hydraulic opening of 386 sq ft and out-to-out length of 48', and construct and maintain a single-span, precast concrete arch culvert over Redstone Creek on the same alignment with a hydraulic opening of 533 sq ft and an out-to-out length of 51'-4", with precast wingwalls upstream of the structure and cast-in-place wingwalls downstream of the

structure, including scour protection along the abutments and wingwalls consisting of R-8 rock choked with R-4 rock,

2. Construct and maintain a temporary bridge consisting of a single, 12' vehicular traffic lane and 5' sidewalk during construction activities, placed on an alignment just downstream of the existing structure, on top of the cast-in-place wingwalls previously described that will serve as the abutments for this temporary bridge,

3. Construct and maintain a temporary stream crossing over Redstone Creek consisting of R-6 rock choked with R-3 rock and five (5) 36" diameter drainage pipes,

4. Place and maintain fill in approximately 572 LF of Redstone Creek and construct and maintain 350 LF of relocated channel constructed with natural channel design concepts and floodplain reconnection, to better direct stream flow through the replacement structure,

5. Construct and maintain a temporary stream diversion, consisting of a pump by-pass of standard concrete roadway barriers supplemented with sandbags and adequate pumps and hoses/pipes to maintain normal streamflow, during structural removal, channel relocation, and in-channel work,

6. Construct and maintain a temporary stream diversion, after the preceding diversion is no longer needed and removed, consisting of cofferdams of standard concrete roadway barriers supplemented with sandbags during construction of the temporary traffic detour bridge and the permanent replacement structure,

7. Construct and maintain two permanent stormwater outfalls, consisting of 15" and 36" pipes, discharging onto riprap aprons in the Redstone Creek floodway approximately 50' upstream of the replacement structure,

8. Construct and maintain a permanent stormwater outfall, consisting of an 18" pipe, constructed into the abutment of the replacement structure, discharging onto the aforementioned scour protection, in the Redstone Creek floodway,

9. Construct and maintain one temporary pipe outfall in the Redstone Creek floodway, consisting of an 18" pipe discharging onto a riprap apron, approximately 80' downstream of the replacement structure, for the purpose of replacing a dilapidated structure carrying SR 2040 over the Redstone Creek.

Cumulatively, the project will have a permanent stream impact of 716 LF, including 222 LF of channel loss, and a temporary stream impact of 494 LF, on Redstone Creek. Mitigation will be achieved through the restoration of temporary impacts and on-site channel and floodplain restoration, including the construction of the relocated reach of Redstone Creek as a natural stream channel with in-channel habitat structures and stabilized streambanks with riparian vegetation and bioengineered structures. The project site is located on Main St., between E Church St. and Pennsylvania Ave. Latitude: 39° 39' 59.85", Longitude: -79° 43' 11.54".

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. §§ 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 2

The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with

selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Extension of National Pollutant Discharge Elimination System General Permit for Discharges of Stormwater Discharges from Small Municipal Separate Storm Sewer Systems (PAG-13) and Solicitation of Interested Parties for a PAG-13 Workgroup

Under The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and sections 1905-A, 1917-A and 1920-A of The Administrative Code of 1929 (71 P.S. §§ 510-5, 510-17 and 510-20), the Department of Environmental Protection (Department) is, by this notice, extending for 24 months the availability of the current National Pollutant Discharge Elimination System (NPDES) General Permit for Discharges of Stormwater Discharges from Small Municipal Separate Storm Sewer Systems (MS4) (PAG-13). This notice does not extend any deadlines that are contained in the existing PAG-13, including the date by which implementation of Pollutant Reduction Plans and Pollutant Control Measures must be achieved.

The existing PAG-13 in effect at this time will expire on March 15, 2023. Persons who are operating under PAG-13 may continue to operate until March 15, 2025. The Department is extending the availability of this permit to adequately address issues related to the renewal of PAG-13. During the period of administrative extension, the Department may not authorize new coverage under PAG-13.

By extending the existing PAG-13, the Department, existing permittees and potential applicants will have additional time to consider and address the following:

- The 2020 “urbanized areas” defined by the United States Census Bureau have not yet been released. Without this information, it is unknown how the regulated planning area of existing PAG-13 permittees will change, or if additional MS4s will need PAG-13 coverage or waivers.
- With the goal of developing a long-lasting model for future permit terms that is based on robust public engagement, the Department intends to convene a PAG-13 workgroup in the coming months to gather feedback on permit requirements from the regulated community and other interested parties. The purposes of this workgroup include soliciting feedback on the requirements of the 2018 General Permit and discussing the feasibility of pollutant reduction requirements in future permit terms, including consideration of the meaning of “maximum extent practi-

cable” for MS4s, as specified under the Federal Clean Water Act, and the extent to which collaboration with other MS4s can be achieved.

The Department is soliciting interest for participation in a workgroup to discuss and evaluate requirements to be incorporated into PAG-13 at the time of its renewal. Interested parties may request participation in the workgroup by sending an e-mail to the Department at RA-EPPAMS4@pa.gov by Tuesday, October 11, 2022. To keep the workgroup focused and productive, there will be a limited number of workgroup seats. Requesting participation does not guarantee a seat. However, members of the public will be able to provide input during the public comment period for the draft renewed PAG-13. The Department will notify selected workgroup members.

To access the General Permit and related documents, visit the Department’s eLibrary web site at www.depgreenport.state.pa.us/elibrary/ (select “Permit and Authorization Packages,” then “Clean Water,” then “PAG-13 NPDES General Permit for Stormwater Discharges from Small Municipal Separate Storm Sewer Systems (MS4S) 3800-PM-BCW0100”).

Questions regarding the PAG-13 General Permit can be directed to Jamie Eberl, PE, at jeberl@pa.gov or (717) 772-4058.

C. Additional Class of Disproportionate Share Payments

Effective March 1, 1998, the Department established a new class of disproportionate share payments to hospitals which render uncompensated care and which the Department has determined are experiencing significant revenue loss as a result of MA Program revisions under the act of May 16, 1996 (P.L. 175, No. 35).

Effective January 15, 1999, the Department established a new class of disproportionate share payments to include a Charity Care component of the Community Access Fund. A disproportionate share payment will be made to qualifying hospitals based on each hospital's percentage of charity care cost to the total charity care costs of all qualifying hospitals. The Department also established a disproportionate share payment for those hospitals which the Department has determined advanced its goal of enhanced access to multiple types of medical care in economically distressed areas of this Commonwealth.

The following hospitals qualify for this payment:

ABINGTON MEMORIAL HOSPITAL
ALBERT EINSTEIN MEDICAL CENTER

DEPARTMENT OF HUMAN SERVICES

Nursing Facility Assessment Program for Fiscal Year 2022-2023

This notice announces the proposed assessment amount, the proposed assessment methodology and the estimated aggregate impact on nursing facilities that will be subject to the assessment under the Nursing Facility Assessment Program (Assessment Program) beginning in Fiscal Year (FY) 2022-2023.

Background

Article VIII-A of the Human Services Code (code) (62 P.S. §§ 801-A—815-A) authorizes the Department of Human Services (Department) to impose an annual monetary assessment on nonpublic and county nursing facilities in this Commonwealth. See 62 P.S. §§ 803-A and 815-A.¹

Under Article VIII-A of the code, the Department may impose the assessment only to the extent that the assessment revenues qualify as the State share of Medical Assistance (MA) Program expenditures eligible for Federal financial participation (FFP). To ensure receipt of FFP, Article VIII-A of the code requires the Department to seek a waiver from the Centers for Medicare & Medicaid Services (CMS), if necessary, to implement the Assessment Program. See 62 P.S. § 812-A. For FY 2022-2023, the Department will submit a waiver request to CMS to implement changes to the Assessment Program as described in this notice. The implementation of these changes is contingent on CMS's approval of the waiver request.

For each fiscal year that the Assessment Program is implemented, the Secretary of the Department (Secretary) determines the aggregate amount of the assessment and the annual assessment rates in consultation with the Secretary of the Budget. See 62 P.S. § 804-A. The annual assessment rates must be sufficient to generate at least \$50 million in additional revenue, but not more than the maximum aggregate assessment amount that qualifies for FFP. See 62 P.S. § 804-A.

Before imposing an annual assessment for a fiscal year, the Secretary must publish a notice in the *Pennsylvania Bulletin*. The notice must specify the amount of the assessment being proposed, explain the proposed assess-

ment methodology, identify the estimated assessment amount and aggregate impact on nursing facilities subject to the assessment and provide interested persons a 30-day period to comment. See 62 P.S. § 805-A.

This notice announces the assessment amounts, rates and methodology that the Department is proposing to implement in FY 2022-2023 and the estimated aggregate impact on nursing facilities that will be subject to the assessment in FY 2022-2023.

Proposed Assessment Methodology and Rates

During FY 2022-2023, the Department is proposing to modify the assessment methodology by now including in the lower rate tier nursing facilities with at least 90,000 MA days and with an overall occupancy rate of 77% or higher based on Calendar Year (CY) 2021 resident days data. No other changes to the current assessment methodology have been made. For FY 2022-2023 the Department is also proposing a uniform \$3.76 increase to the FY 2021-2022 assessment rates for both tiers. For the period July 1, 2022, to December 31, 2022, the Department is proposing to calculate the quarterly assessment amount for each nonexempt nursing facility by multiplying its assessment rate by the facility's historical non-Medicare resident days for the period January 1, 2021, to June 30, 2021, and dividing that amount by two. For the period January 1, 2023, to June 30, 2023, the Department intends to calculate each nonexempt facility's quarterly assessment amount by multiplying its assessment rate by the facility's non-Medicare resident days during the calendar quarter that immediately preceded the assessment quarter.

With these modifications, the Assessment Program will be implemented as follows:

For FY 2022-2023, the assessment will be imposed on all licensed nursing facilities in this Commonwealth except the following nursing facilities, which will be exempt from the Assessment Program:

- (1) State-owned and operated nursing facilities;
- (2) Veteran's Administration nursing facilities;
- (3) Nursing facilities that provide nursing facility services free of charge to all residents; and
- (4) Nursing facilities that have not been licensed and operated by either the current or a previous owner for the full calendar quarter prior to the calendar quarter for which an assessment is collected. A nursing facility that changes ownership is not considered a newly licensed nursing facility for assessment purposes.

¹ Act 54 of 2022, § 16 amended the Commonwealth's Fiscal Code to reauthorize the assessment under Article VIII-A through June 30, 2026. See 72 P.S. § 1606-T.

For FY 2022-2023, the Department is proposing to continue to assess nonexempt nursing facilities at two rates. The Department is proposing to assess a rate of \$9.32 to the following five categories of nursing facilities:

- County nursing facilities.
- Nursing facilities that have 44 or fewer licensed beds.
- Certain continuing care retirement community (CCRC) nursing facilities (see 40 Pa.B. 7297 (December 18, 2010)).
- Nursing facilities with an MA occupancy rate of at least 94% based on CY 2021 resident days as of July 19, 2022. For the purpose of qualifying for the lower assessment rate, a nursing facility's MA occupancy rate will be calculated as follows: $\text{MA Occupancy Rate} = \frac{\text{Sum of Total PA MA Days from the CY 2021 resident days data}}{\text{Sum of Total Resident Days from the CY 2021 resident days data}}$, rounded to two decimals (nearest whole percent).
- Nursing facilities with at least 90,000 MA days and with an overall occupancy rate of 77% or higher based on the CY 2021 resident days as of July 19, 2022. For the purpose of qualifying for the lower assessment rate, a nursing facility's overall occupancy rate will be calculated as follows: $\text{Overall Occupancy Rate} = \frac{\text{Sum of Total Resident Days from CY 2021 resident days as of July 19, 2022}}{\text{(number of licensed beds as of February 10, 2022} \times 365)}$, rounded to two decimals (nearest whole percent). The denominator uses 365 days unless the State fiscal year includes an additional day due to leap year in which case 366 days will be used.

For all other nonexempt facilities, including nursing facilities that began participation in a CCRC on or after July 1, 2010, the Department is proposing to assess these facilities at a rate of \$33.41.

Aggregate Assessment Amounts and Fiscal Impact

The Department estimates that if the proposed assessment rates are implemented the annual aggregate assessment fees for nonexempt nursing facilities will total \$447.337 million. The Department will use the State revenue derived from the assessment fees and any associated FFP to support payments to qualified MA nursing facility providers in accordance with applicable laws and regulations.

Public Comment

Interested persons are invited to submit written comments regarding this proposed assessment to the Department of Human Services, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Robyn Kokus, P.O. Box 8025, Harrisburg, PA 17105-8025 or at RA-PWOLTLNFPUBLICCOM@pa.gov. Comments must be submitted within 30 days of publication of this notice. See 62 P.S. § 805-A. After considering the comments, the Secretary will publish a second notice announcing the final assessment rates for FY 2022-2023. The Department will not begin collecting assessment fees until after the publication of the final assessment rate notice.

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

TURNPIKE COMMISSION

Draft National Pollutant Discharge Elimination System Municipal Separate Storm Sewer System Pollution Reduction Plans for the Turnpike Commission

The Turnpike Commission (Commission) will receive public comments on three proposed Pollution Reduction Plans (PRP) required for their 2021—2026 National Pollutant Discharge Elimination System individual permit to discharge stormwater from small Municipal Separate Storm Sewer Systems (MS4) permit No. PAI139602.

The Commission has developed PRPs for the Chesapeake Bay, Delaware River and Ohio River watersheds. The PRPs determine existing sediment pollutant loadings associated with stormwater runoff and propose potential best management practices to reduce the pollutant loads to meet the requirements of the MS4 permit for each watershed.

The proposed PRPs can be reviewed online at <https://www.paturndpike.com/responsibility-matters/clean-water>, select “MS4” at the top of the page then navigate to “MS4 Documentation” under “MS4 Resources.”

Written comments on the PRPs will be accepted for a period of 30 days from the date of this public notice to James Kaiser, Turnpike Commission, 700 South Eisenhower Boulevard, Middletown, PA 17057, jkaiser@paturndpike.com. Comments will be tabulated and considered with the final PRPs.
