DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Community Development Block Grant-Disaster Recovery; Notice of Action Plan for Addressing Unmet Needs of Hurricane Ida

On September 11, 2021, President Joseph Biden declared a major disaster for this Commonwealth because of

the effects of Hurricane Ida from August 31, 2021, to September 5, 2021. As a result of the declaration, funding was made available through the United States Department of Housing and Urban Development (HUD), through Pub.L. 117-43, known as the Extending Government Funding and Delivering Emergency Assistance Act, to provide disaster relief, long-term recovery, restoration of infrastructure and housing, economic revitalization and mitigation in the most impacted and distressed areas resulting from a qualifying disaster in 2020 or 2021.

Under Pub.L. 117-43, the Commonwealth was allocated a total of \$23.152 million and is required to expend at least \$18,521,600 in Delaware and Montgomery Counties, which have been identified by HUD as the most impacted and distressed areas.

The Commonwealth is required to develop an Action Plan (Action Plan) which details how the funds will be used. The Action Plan must include the criteria for eligibility, and how the use of the funds will address long-term recovery and restoration of infrastructure and housing, economic revitalization and mitigation in the most impacted and distressed areas.

An in-person public meeting will be held on Wednesday, December 14, 2022, from 6:30 p.m. to 8 p.m. at the Montgomery Township Community and Recreation Center, 1030 Horsham Road, Montgomeryville, PA 18936. The purpose of the meeting will be to review the Action Plan and seek public comment on the Action Plan.

The meeting will be shortened if there is no one to testify or there is minimal response.

Persons with disability or limited English proficiency who wish to participate in the public hearing should contact David Grey at dgrey@pa.gov, (717) 214-5341 or TDD at (717) 346-0308 to discuss how the Department can accommodate their requests.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Governor's Advisory Council for Hunting, Fishing and Recreation Public WebEx Meeting

The Governor's Advisory Council for Hunting, Fishing and Recreation (Council) to the Department of Conservation and Natural Resources (Department) will hold a public WebEx meeting on December 15, 2022, at 1 p.m. The WebEx meeting can be accessed through a link found on the Council's web site prior to the public WebEx meeting at www.dcnr.pa.gov/Conservation/GovernorsAdvisoryCouncil/Pages/default.aspx.

Questions concerning this public WebEx meeting or agenda items can be directed to Derek Eberly, Governor Sportsmen's Advisor at (717) 317-0028. For public comment to be considered at the public WebEx meeting, follow the instructions on the Council's web site by submitting comments in writing to deberly@pa.gov.

Persons in need of accommodations as provided for in the Americans with Disabilities Act of 1990 should contact Aara Vinsh directly at (717) 787-9306 or through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

Applications, Actions and Special Notices

APPLICATIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit www.dep.pa.gov and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

<i>Section</i>	<i>Category</i>
I	Individual and General WQM Permit Applications/NOIs Received, General NPDES Permit NOIs Received, and All Transfer and Minor Amendment Applications/NOIs Received
II	Individual NPDES Permits—New, Renewal, and Major Amendment Applications and Draft Permits for Discharges Relating to Sewage, Industrial Waste, Industrial Stormwater, MS4s, Pesticides and CAFOs
III	Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity

Section I identifies the following applications and NOIs that have been received by DEP:

- Individual and General WQM Permit Applications Received—DEP provides a 15-day public comment period for Individual WQM Permit Applications for new and reissued permits. There is no public comment period for General WQM Permit NOIs.
- General Chapter 92a NPDES Permit NOIs Received—There is no public comment period for General NPDES NOIs received.
- All Transfer and Minor Amendment Applications/NOIs Received—Transfer and Minor Amendment Applications/NOIs received for Individual and General WQM Permits and Individual and General NPDES Permits, excluding PAG-01 and PAG-02, are identified but do not have public comment periods. DEP provides a 15-day public comment period for Individual WQM Permit Applications for amendments.

Additional information on these applications and NOIs may be reviewed by generating the “Applications and NOIs without Comment Periods Report” or, for Individual WQM Permit Applications, the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice.

Section II identifies individual NPDES permit applications received and draft permits indicating DEP’s tentative determination relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications and draft permits, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of DEP for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP’s tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice. Notification of 15-day extensions for comment will be provided in the “Applications Received with Comment Periods Report” (Comments column).

Section III provides notice of applications and draft individual permits for stormwater discharges associated with construction activities. Where indicated, DEP has made tentative determinations, based on preliminary review, to issue permits subject to proposed effluent limitations consisting of best management practices identified in the erosion and sediment control (E&S) plans and post-construction stormwater management (PCSM) plans submitted with the applications, as well as other terms and conditions based on the permit applications. A 30-day public comment period applies to these applications.

Applications, NOIs and draft permits, where applicable, may be reviewed at the DEP office that received the application or NOI. Members of the public are encouraged to use DEP’s website to obtain additional information as discussed previously.

Comments received within the appropriate comment periods for WQM and NPDES permit applications will be retained by DEP and considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform DEP of the exact basis of a comment and the relevant facts upon which it is based.

DEP office contact information to review applications and NOIs and to submit comments for those applications, when applicable, is as follows:

PUBLIC WATER SUPPLY PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for Public Water Supply (PWS) permits to construct or substantially modify public water systems.

Individuals wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30-days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (DEP) the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, DEP will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available

for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notice(s) of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent (NOI) to Remediate. An acknowledgment of the receipt of a NOI to Remediate is used to identify a site where an individual proposes to, or has been required to, respond to a release of a regulated substance at a site. Individuals intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a NOI to Remediate with DEP. A NOI to Remediate filed with DEP provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. An individual who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by DEP. Furthermore, an individual shall not be subject to citizen suits or other contribution actions brought by responsible individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified individual, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

The DEP has received the following Notice(s) of Intent to Remediate.

Environmental Maintenance Co., Inc., 1420 East Mermaid Lane, Glenside, PA 19038, on behalf of Mr. Jeff McCracken, 3018 Colonial Road, Harrisburg, PA 17111, submitted a Notice of Intent to Remediate soil contaminated with No. 2 Fuel Oil. The site will be remediated to the Statewide health standard. Future use of the site remains for residential purposes. The Notice of Intent to Remediate was published in *The Patriot News* on November 1, 2022. Application received: November 14, 2022.

Blettner Avenue Development, Primary Facility ID # **862486**, 293-295 North Blettner Avenue, Hanover, PA 17331, Conewago Township, **Adams County**. August Mack Environmental, 806 Fayette Street, Conshohocken, PA 19428, on behalf of MA Warehime Properties, LLC, 416 Sprenkle Avenue, Hanover, PA 17331, submitted a Notice of Intent to Remediate soil contaminated with Lead. The site will be remediated to the Statewide health standard. Future use of the site will be commercial. The Notice of Intent to Remediate was published in *York-Hanover Evening Sun* on November 10, 2022. Application received: November 14, 2022.

Penn Avenue and Center Street, Primary Facility ID # **862461**, 775-799 Penn Avenue and 750-754 Wallace Avenue, Wilkinsburg, PA 15221, Wilkinsburg Borough, **Allegheny County**. KU Resources, Inc., 22 South Linden Street, Duquesne, PA 15110, on behalf of North Side Industrial Development Co., Inc., 700 River Avenue, Suite 531, Pittsburgh, PA 15219, submitted a Notice of Intent to Remediate. Potential site contamination is related to historical usage of the property (Parcel 232-N-123) as an Esso gas station with 3 underground storage tanks (USTs) from the 1940s to circa 1952, and which was owned by the adjoining Penn-Lincoln Hotel (Parcel 232-N-122), which was present from 1927 to 2014. A two-story parking garage (Parcel 232-N-105) was also present on the property from circa 1964 to circa 2016. Suspected primary contaminants to be addressed include petroleum products (i.e., leaded and unleaded gasoline, diesel fuel, and used motor oil). As such, volatile organic compounds (VOCs), polycyclic aromatic hydrocarbons (PAHs), and lead will be investigated in soil and groundwater. The intended future use of the property is for mixed residential and commercial purposes. The future remediation will be performed to SIA standards, although the measures are currently unknown as the site has not yet been characterized, however they could include local soil excavation/disposal, risk assessment, and exposure pathway elimination via engineering controls (e.g., vapor barrier) and institutional controls (e.g., vapor barrier requirement and groundwater use restriction on deed via

environmental covenant). The Notice of Intent to Remediate was published in *The Tribune-Review* on November 10, 2022. Application received: November 15, 2022.

Elmer W and Nancy Geiger Trust Property, Primary Facility ID # **862463**, 580 Mayer Street, Bridgeville, PA 15017, Collier Township, **Allegheny County**. American Geosciences, Inc., 3925 Reed Boulevard, Suite 400, Murrysville, PA 15668, on behalf of Mayer Street Partners, LLC, 4251 Old New England Road, Allison Park, PA 15101, submitted a Notice of Intent to Remediate. The subject property consists of one approximately 6.6-acre parcel identified by Allegheny County map, block, and lot number 196-S-1. Several contiguous buildings are present on approximately half of the property as depicted on Figure 1 (Site Map). Historically, the site and the existing buildings were owned and/or used by American Vanadium Company and Flannery Bolt Company (circa 1907 to circa 1924), Flannery Bolt Company (circa 1924 to unknown), Cyclops Corporation (unknown to 1991), and A&E Rental (1991 to 2006). In 2006, the property was conveyed to Elmer W. Geiger and Nancy L. Geiger and then Trust U/W of Elmer W. Geiger in 2014. Soil and groundwater samples collected during Phase II ESAs identified soil impacted by polynuclear aromatic hydrocarbons and heavy metals, and groundwater impacted by volatile organic compounds and heavy metals. The identified impacts are presumed to be associated with historical industrial activities. Remediation options will be evaluated in a Remedial Investigation Report. However, at this time it is envisioned that pathway elimination through activity and use limitations will be used to demonstrate attainment of the site-specific standard. The Notice of Intent to Remediate was published in *The Pittsburgh Post-Gazette* on November 10, 2022. Application received: November 16, 2022.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone,

when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PLAN APPROVALS

Notice of Intent to Issue Plan Approval(s) and Notice of Intent to Issue or Amend Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These Actions May Include the Administrative Amendments of an Associated Operating Permit.

62-00181B: Ellwood National Forge—Warren Division, 1045 Fourth Avenue, Warren, PA 16365, City of Warren, **Warren County**. Application received: May 31, 2022.

The Department intends to issue this Plan Approval for the proposed construction of a surface coating operation and abrasive blasting operation. This is a State Only facility. The public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450 or § 127.505, be incorporated into the facility operating permit at a later date.

Plan approval No 62-00181B is for the proposed construction of a surface coating operation and abrasive blasting operation. The facility previously had an operating permit that was rescinded in 2019 for these sources. This Plan Approval will contain emission restriction, testing, recordkeeping, work practice standard and additional requirement conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate Best Available Technology (BAT) for the source including, but are not limited to, the following:

• **Source 125 [Turbine Coating Line]:**

• The company shall limit the emissions of volatile organic compounds to 8.5 tons in a 12-month rolling period, or less.

• The company shall limit the emissions of hazardous air pollutants to 7.2 tons in a 12-month rolling period, or less.

• Subject to 25 Pa. Code § 129.52d.

• The company shall monitor the pressure drop across the panel filters at least once per 8-hour shift.

• Sufficient data shall be recorded, in a format approved by the Department, so that compliance with the conditions in this Plan Approval can be determined. Records shall be kept for a minimum of five (5) years and shall be made available to the Department upon request.

• The company shall retain a copy of the manufacturer's specifications for the turbine coating line.

• The company shall keep a record of the required pressure drop readings across the panel filters.

• The company shall keep a monthly record of the emissions of volatile organic compounds in order to determine compliance with this plan approval.

• The company shall keep a monthly record of the emissions of hazardous air pollutants in order to determine compliance with this plan approval.

• The company shall maintain the pressure drop across the panel filter between 0.1 to 0.7 inch of water, gauge.

• The company shall install, operate, and maintain a magnehelic gauge, or equivalent, to measure the pressure drop across the panel filters.

• The company shall use a high volume-low pressure system to apply the coating to the turbine shaft. If the company wants to change the application method, prior approval from the Department must be obtained.

• The company shall observe the following work practices when handling VOC containing coatings or solvents:

• Virgin and waste coatings or solvents shall be stored in covered containers.

• The cover of the solvent container(s) shall be closed after the rag/applicator has been dipped in the solvent.

• All coating container(s) shall have a lid to minimize the surface area exposed to the air unless operationally impractical. The lids shall remain in place unless adding or removing coating to the container.

• Used solvent rags/applicators shall be stored in closed containers after use.

• Spillage and splashing during the transfer of coating or solvent from containers shall be minimized by all practical means.

• The operators shall be trained in the proper cleaning procedures and equipment use. The operators shall be given a periodic refresher course, when deemed necessary by the company.

• The company shall install, operate, and maintain the turbine coating line in accordance with the manufacturer's specifications as well as good air pollution control practices.

• **Source 129 [Empire Shot Blast Machine]:**

• The company shall limit the emissions of particulate matter from the control device to 0.02 grain per dry standard cubic foot, or less.

• The company shall monitor the pressure drop across the fabric filter at least once per 8-hour shift when the shot blasting machine is operating.

- Sufficient data shall be recorded, in a format approved by the Department, so that compliance with the conditions in this Plan Approval can be determined. Records shall be kept for a minimum of five (5) years and shall be made available to the Department upon request.

- The company shall retain a copy of the manufacturer's specifications for the Empire shot blast machine.

- The company shall keep a record of the required press drop readings across the fabric filter.

- The company shall install, operate, and maintain the Empire shot blasting machine in accordance with the manufacturer's specifications as well as good air pollution control practices.

- The company shall install, operate, and maintain a manometer, or equivalent, to measure the pressure drop across the fabric filter.

- The permittee shall maintain the pressure drop across the baghouse between 1 to 7 inches of water column.

In accordance with 25 Pa. Code § 127.44(f)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP at (814) 332-6340.

In accordance with 25 Pa. Code § 127.44(f)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address, and telephone number of the person submitting the comments, identification of the proposed plan approval [62-00181B] and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut St., Meadville, PA 16335; 814-332-6940.

In accordance with 25 Pa. Code § 127.45, a person may oppose the proposed plan approval by filing a written protest with the Department's Northwest Region Air Quality Program Manager.

If a plan approval has not undergone the previously listed public notice process, the change to an operating permit must be treated as a significant modification. In these situations, the Department should follow the procedures described in §§ 127.421 to 127.431 for State Only Operating Permits or §§ 127.521 to 127.524 for Title V operating permits.

67-03052C: Gelest, Inc., 158 Industrial Road, Glen Rock, PA 17327, Springfield Township, **York County**. Application received: August 5, 2022. For two new chemical reactors and modification of an existing reactor at the specialty chemical plant. Potential emissions from the reactors after control are estimated to be the following: 5.0 tpy of VOC and 5.0 tpy of HAPs. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department proposes to issue a plan approval for the proposed operation. If, after the project has been implemented, the Department determines the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into the facility Operating Permit pursuant to the provisions of 25 Pa. Code Chapter 127.

that they intend to issue a renewed Title V Operating Permit for the facility. The facility is currently operating as a transfer station and is undergoing new source review for the reactivation of the cement operations (plan approval 37-00013G; issued October 6, 2022). The facility is a major facility due to the issuance of the Title V plan approval, in order to avoid backsliding. Potential emissions of the primary pollutants are as follows: 79.55 TPY PM_{10} , 37.25 TPY $PM_{2.5}$, and the rest of the pollutants less than 1 TPY. The renewal permit will contain emission restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

30-00234, Equitrans, LP, 2200 Energy Drive, Canonsburg, PA 15317, Franklin Township, **Greene County**. Application received: December 9, 2021.

Intent to Issue SOOP:

In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department is providing notice of intent to issue an initial natural minor State Only Operating Permit for a natural gas transmission station.

Equitrans, LP operates a natural gas compressor station with two compressor engines, one turbine, a dehydrator, and miscellaneous emissions and fugitive sources: microturbine gensets, piping components, storage tanks, liquids loading, pig launcher/receivers, blowdowns, and small combustion units. Piping and pigging equipment located at nearby Pratt Compressor Station is aggregated into this permit. One pig launcher/receiver at nearby Braden Run Interconnect is also included in this permit.

This facility has a potential to emit 61.8 tons/12-consecutive month period (12-cmp) of NO_x, 41.1 tons/12-cmp of CO, 1.9 tons/12-cmp of SO_x, 25.2 tons/12-cmp of VOCs, 11.6 tons/12-cmp of PM₁₀, 4.3 tons/12-cmp of formaldehyde, and 11.4 tons/12-cmp total HAPs.

The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> or by contacting Tom Joseph, Facilities Permitting Chief, directly.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the State-Only Operating Permit may submit the information to Tom Joseph, Facilities Permit Chief, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (30-00234) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

All comments must be received prior to the close of business 30 days after the date of this publication. A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The Department is not required to hold a conference or hearing. The applicant, the protestant, and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Tom Joseph, Facilities Permit Chief, at the previously listed address.

63-00642, Equitrans, 4111 Finleyville Elrama Rd, Finleyville, PA 15332, Union Township, **Washington County**. Application received: July 29, 2022. This is for the operation of a natural gas compressor station (Equitrans Hartson Station) in Union Township, Washington County. This is for a State-Only Permit. Potential air emissions from the facility are estimated at 7.26 tpy PM₁₀, 82.75 tpy NO_x, 79.71 tpy CO, 29.64 tpy VOC, 10.47 tpy Total HAPs, 6.57 tpy Single HAP (Formaldehyde), less than 1 tpy SO₂. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Title V Operating Permit may submit the information to Tom Joseph, Facilities Permit Chief, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Operating Permit (11-00356) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Tom Joseph, Facilities Permit Chief, at the previously listed address.

All comments must be received prior to the close of business 30 days after the date of this publication. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> or by contacting Tom Joseph, Facilities Permitting Chief, directly.

PLAN APPROVALS

Receipt of Plan Approval Application(s) and Notice of Intent to Issue Plan Approval(s) and Notice of Intent to Issue or Amend Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B and Subchapter F. These Actions May Include the Administrative Amendments of an Associated Operating Permit.

45-00004B, U.S. Department of Defense—Tobyhanna Army Depot, 11 Hap Arnold Boulevard, Tobyhanna, PA 18466, Coolbaugh Township, **Monroe County**. Application received: November 22, 2022.

Notice is hereby given in accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), that the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to U.S. Department of Defense—Tobyhanna Army Depot for their facility located in Coolbaugh Township, Monroe County. This Plan Approval No. 45-00004B will be incorporated into a Synthetic Minor Operating Permit through an administrative amendment at a later date.

Plan Approval No. 45-00004B is for the installation and operation of a packed-bed scrubber to control HCL and chromium compound emissions from the existing plating operations at the facility. The facility's Plating Shop (Source ID 240) is currently comprised of four (4) separate electroplating lines, each controlled by its own packed-bed scrubber. The new wet scrubber (PS-5) that is capable of an additional 18,000 CFM process exhaust will work in parallel with existing Plating Scrubbers PS-1 and PS-2. No new plating line or equipment or production increases are proposed. The new scrubber will reduce potential exposures of employees in the Plating Department to Cr+6 and Cr+3. This project will also increase the exhausts from existing PS-1 and PS-2 scrubbers from 40,000 CFM to 45,000 CFM and from 44,000 CFM to 45,000 CFM respectively. New packed bed scrubber can remove 98% of HCL acid mist before discharging into atmosphere. Estimated HCL acid emissions will be less than 0.13 ton/year from this new scrubber. De minimus chromium compound emissions are expected from the scrubber. The use of wet packed bed scrubber capable of removing 98% of emissions meets Department's BAT criteria for this type of process. The facility will operate the source and maintain the system in accordance with the good engineering practices to assure proper operation of the system. The Plan Approval and Operating permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701-1915.

Any person(s) wishing to provide DEP with additional information, which they believe should be considered

prior to the issuance of this permit, may submit the information to the address shown in the preceding paragraph. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit No. 45-00004B and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Ray Kempa, Environmental Engineering Manager, New Source Review Section, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701-1915, 570-826-2511, within 30 days after publication date.

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); the Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); the Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21).

Mining activity permits issued in response to such applications are also subject to applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (DEP). A copy of the application is available for inspection at the District Mining Office indicated above each application. Requests for 401 Water Quality Certifications are included in individual application only if noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or Local Government Agency or Authority to DEP at the address of the District Mining Office indicated above each application within 30-days of this publication, or within 30-days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences). Such comments or objections should contain the name, address and phone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform DEP on the basis of comment or objection and relevant facts upon which it is based.

In addition, requests for an informal conference, or a public hearing, as applicable, on a mining permit applica-

tion, as provided by 25 Pa. Code § 77.123 (relating to public hearing-informal conferences) or § 86.34 (relating to informal conferences), must also contain a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application is associated with an application for an NPDES permit. A separate notice will be provided for the draft NPDES permit.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Coal Applications

Effluent Limits—The following range of effluent limits (Table 1) will apply to NPDES permits issued in conjunction with the associated coal mining activity permit. Additional effluent limits will be listed as part of the publication of the draft NPDES permit.

Table 1

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l

pH must always be greater than 6.0; less than 9.0.

Alkalinity must always be greater than acidity.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (DEP). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), as well as relevant State requirements. Individuals objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30-days of the date of this notice, as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The DEP may schedule a fact-finding hearing or an informal conference in response to comments if deemed necessary. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8:00 a.m. and 4:00 p.m. on each working day at the office noted above the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

E5829222-013. Coterra Energy LLC, 2000 Park Lane, Suite 300, Pittsburgh, PA 15275, Lathrop Township, **Susquehanna County**. U.S. Army Corps of Engineers Baltimore District. Application received: October 27, 2022.

To construct, operate, and maintain: 1. Earth fill permanently impacting 8,636 square (0.20 acre) feet of a PEM wetland (Hop Bottom, PA Quadrangle; Lat.: 41.6517°, Long.: -75.8366°). Coterra Energy currently has three developed wells at the Kielar D. Well Site with intent to expand the well site surface for additional well development of the Marcellus Shale resource in Lathrop Township, Susquehanna County, PA. Impacts are located within previously disturbed lands and will result in the impact of 8,636 square feet (0.20 acre) PEM wetland impacts for the safe development of Marcellus Shale production and conveyance to markets.

Previously posted as E5929221-006. This is a correction to update permit number. To construct, operate and maintain an additional 9.15 acres of PFO, PSS and PEM wetland creation/enhancement will temporarily impact 6.14 acres of PEM and PFO wetlands at the Camp Brook Mitigation Site. (Elkland, PA Quadrangle, Latitude: 41.99200°, Longitude: -77.32750°). This project is in addition to impacts from permit number E5929221-006 which provides for 54.15 acres of wetland creation. This project is the mitigation site for the *Chesapeake Audit and Consent Decree United States, et al. v. Chesapeake Appalachia, LLC*, Civil Action No. 4:21-00538-MWB, all for the purpose of establishing a mitigation site for permanent wetland and stream impacts that occurred during well pad construction for Marcellus well development.

Application received: November 10, 2022. Latitude: 40.345226°, Longitude: -80.304676°. To remediate a slope failure within the existing Mariner West Pipeline right-of-way and restore Cherry Run, a Warm Water Fishery (WWF). Slope repair will result in permanent impacts to two (2) Palustrine Emergent (PEM)

wetlands due to placement of fill and installation of drainage and temporary impacts to one (1) PEM wetland due to temporary construction access. Temporary and permanent impacts to Cherry Run and its 50' assumed floodway due to temporary stream crossing for construction access and installation of drainage and streambank protection including a riprap fill foundation key and reinforced soil slope. The project is located within Mount Pleasant Township, Washington County, Pittsburgh USACE District (40.345226, -80.304676), Sub-Basin 20D (Raccoon Creek), Quad Name: Midway. The project, as proposed, will result in permanent impacts to 56 linear feet of stream channel due to streambank stabilization and 0.03 acre of PEM wetland due to installation of fill and drainage. The project will temporarily impact 0.06 acre of wetland for construction access, and 110 linear feet of stream and 0.23 acre of floodway due to pump around and construction.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT**FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS**

The Department of Environmental Protection (DEP) has taken the following actions on previously received applications for new, amended, and renewed National Pollutant Discharge Elimination System (NPDES) and Water Quality Management (WQM) permits, applications for permit waivers, and Notice of Intent (NOIs) for coverage under General Permits, as listed in the following tables. This notice of final action is published in accordance with 25 Pa. Code Chapters 91, 92a, and 102 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). The official file for each listed action can be reviewed at the DEP or delegated County Conservation District (CCD) office identified in the table for the action. DEP/CCD office contact information is listed as follows for Section I and is contained within the table for Section II. Additional information for permits issued under 25 Pa. Code Chapters 91 and 92a and Individual permits under 25 Pa. Code Chapter 102, including links to Individual Chapter 92a NPDES and WQM Permits, may be reviewed by generating the “Final Actions Report” on DEP’s website at www.dep.pa.gov/CWPUBLICNOTICE.

DEP office contact information to review official files relating to the final actions in Section I is as follows:

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law).

The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law. For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. Important legal rights are at stake, however, so individuals should contact a lawyer at once.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

For actions taken on applications for pipelines that are regulated by the Federal Energy Regulatory Commission (FERC).

Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. §§ 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. STATE CONSERVATION COMMISSION
NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS
FOR NPDES PERMITS FOR CAFOs

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704 to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at 717-787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental

media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

The Cleanup Plan/Final Report is intended to document remediation of the site to meet the Statewide health and site-specific standards.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

ACTIONS ON COAL AND NONCOAL APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); the Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); the Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21). The final action on each application also constitutes action on the National Pollutant Discharge Elimination System (NPDES) permit application and, if noted, the request for a Section 401 Water Quality Certification. Mining activity permits issued in response to such applications will also address the application permitting requirements of the following statutes; the Air Quality Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1103). Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (DEP) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, DEP has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Individuals aggrieved by these actions may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Environmental Hearing Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time

period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If you want to challenge this action, your appeal must reach the Board within 30-days. You do not need a lawyer to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so you should show this notice to a lawyer at once. If you cannot afford a lawyer, you may qualify for free pro bono representation. Call the Secretary to the Board 717-787-3483 for more information.

E0829222-027. Chesapeake Appalachia, LLC, 14 Chesapeake Lane, Sayre, PA 18840-1567, Asylum Township, **Bradford County**. U.S. Army Corps of Engineers Baltimore District. Application received: June 22, 2022. Issued: November 22, 2022.

To construct, operate and maintain the James Barrett Bra Pad Project, which consists of the following impacts:

1. 3,528 square feet of permanent direct impacts to Palustrine Emergent (PEM) Wetlands and 479 square

feet of temporary direct impacts to Palustrine Emergent (PEM) Wetlands via the placement of fill (Monroeton, PA Quadrangle, Latitude N41° 40’ 29.07”, Longitude W76° 22’ 40.07”);

2. 392 square feet of permanent direct impacts to Palustrine Emergent (PEM) Wetlands via the placement of fill (Monroeton, PA Quadrangle, Latitude N41° 40’ 27.70”, Longitude W76° 22’ 37.06”); and

3. 1,089 square feet of permanent direct impacts to Palustrine Emergent (PEM) Wetlands via the placement of fill (Monroeton, PA Quadrangle, Latitude N41° 40’ 30.02”, Longitude W76° 22’ 41.73”).

This project is an after-the-fact permit that is associated with the Chesapeake Audit and will result in 5,009 square feet (0.115 acre) of permanent direct PEM wetland impacts and 479 square feet (0.011 acre) of temporary direct PEM wetland impacts, all for the purpose of Marcellus well development in Asylum Township, Bradford County.

E0829222-030. Chesapeake Appalachia, LLC, 14 Chesapeake Lane, Sayre, PA 18840-1567, Tuscarora Township, **Bradford County**. U.S. Army Corps of Engineers Baltimore District. Application received: July 18, 2022. Issued: November 22, 2022.

This project seeks after-the-fact authorization in accordance with the Consent Decree Chesapeake Appalachia, LLC entered into with the U.S. Environmental Protection Agency and the PA Department of Environmental Protection on May 20, 2021. As previously referenced, Water Obstruction and Encroachment (WOEP) Application E0829222-030 Chesapeake Appalachia, LLC (Chesapeake) has applied for an Individual—Joint Permit to construct, operate and maintain 0.012 acre of permanent and 0.078 acre of temporary impacts to on-site wetlands. All impacts are associated with the Bennett Bra Pad construction in 2010.

There are no stream and floodway impacts associated with this after-the-fact authorization. The project will result in a total of 523 SF (0.012 acre) of permanent and 3,397 SF (0.078 acre) of temporary wetland impacts. Additionally, project will include 3,790 SF (0.087 acre) of temporary wetland restoration impacts.

E660222-002. Monroe Township, 1697 Graveyard Hill Road, Monroe Township, PA 18618, Monroe Township, **Wyoming County**. U.S. Army Corps of Engineers Baltimore District.

The following impacts are associated with the structure replacement for T-337 over Leonard Creek: 1. To remove the existing structure and to construct and maintain a 27.56-foot wide single-span bulb-tee beam bridge carrying T-337 (Dietz Mountain Road) across Leonard Creek (HQ-CWF, MF) having an 82.71-foot normal clear span and a 9-foot minimum underclearance. 2. To permanently impact approximately 0.01 acre of PEM wetland due to the replacement of an existing outfall structure. The proposed project is located along T-337 approximately 100' east of the SR 0309/T-337 intersection (Noxen, PA Quadrangle, Latitude: 41° 25' 31.34"; Longitude: -76° 0' 38.73") in Monroe Township, Wyoming County. E0205221-010. Penn Hills Township, 102 Duff Road, Penn Hills, PA 15235, Penn Hills Township, **Allegheny County**. U.S. Army Corps of Engineers Pittsburgh District.

The applicant has been given consent to: 1. Construct, operate, and maintain a stream bank restoration project in and along 1,000 LF of UNT # 1 to Thompson Run (WWF). Within this reach the following activities/structures are proposed:

- A. Stream bank regrading along 900 LF and rock toe protection along 112 LF of the right descending bank;
- B. One rock cross vane, seven log vanes and one log rollover;
- C. Branch layering along 557 LF of stream bank; and
- D. To construct, operate, and maintain 27 LF of branch layering within UNT # 2 to Thompson Run (WWF).

For the purpose of providing nutrient and sediment load reduction toward Penn Hills Township's MS4 requirements of their NPDES permit and to provide stream bank protection to an existing sewerline. Cumulatively, the project will permanently impact 1,000 linear feet of a

two UNTs to Thompson Run and permanently impact 1.65 acres of associated floodway. The project site is located west of Thompson Run Road. Latitude: 40° 27' 18.93", Longitude: -79° 47' 54.99". Application received: May 5, 2021. Issued: November 21, 2022.

This amendment is seeking after-the-fact authorization to repair and stabilize two landslides that occurred during permitted construction activities, and has been given consent to: Construct, operate and maintain: 1. Fill within W-KLE-05 (PEM Wetland) for landslide stabilization. Permanent impacts include 0.004 acre. 2. Fill within the 100-year floodway of stream S-KLE-06 an unnamed tributary (UNT) of Chartiers Creek (WWF) for stabilization of landslide # 1. Permanent impacts include 0.056 acre and temporary impacts include 0.076 acre. 3. A 24-inch diameter pipe for a temporary stream crossing on stream S-KLE-06 a UNT of Chartiers Creek (WWF). Temporary impacts include 54 LF. 4. Fill within the 100-year floodway of stream S-KLE-05 a UNT of Chartiers Creek (WWF) for stabilization of landslide # 1. Permanent impacts include 0.414 acre. 5. A relocation of a segment of stream S-KLE-5 a UNT to Chartiers Creek (WWF) for stabilization of slide # 1. Permanent impacts include 252 LF. 6. Fill within 100-year floodway of stream S-KLE-05 a UNT of Chartiers Creek (WWF) for stabilization of landslide # 2. Temporary impacts include 0.497 acre. 7. Removal of earth slide material from the stream S-KLE-05 a UNT of Chartiers Creek (WWF) and construct a 24-inch diameter pipe for a temporary stream crossing for slide # 2. Temporary impacts include 205 LF. 8. A relocation of a 342 LF segment of stream S-KLE-5 a UNT to Chartiers Creek (WWF) for landslide stabilization of slide # 2. Permanent impacts include 342 LF. 9. Fill within W-KLE-07 (PEM Wetland) for landslide stabilization of slide # 2. Permanent impacts include 0.004 acre. For the purpose of repairing two landslides that occurred during construction of the original permitted activities. Latitude: 40° 08' 11", Longitude: -80° 17' 24". The applicant has been given consent to: 1. Construct and maintain a 60-foot extension to an existing 86 linear feet (LF) of a 48" diameter concrete culvert, which carries an Unnamed Tributary (UNT) to Monastery Run (WWF), for a total 146 LF linear feet of stream enclosure. 2. Place and maintain fill above the proposed stream enclosure and in 0.058 acre of PEM wetland, along with indirect impacts to an additional 0.012 acre of wetland, in order to extend and connect the dealership's parking lots. For the purposes of increasing existing customer parking and vehicular sales storage parking from 68 existing total spaces to a total of 81 proposed spaces; improving safety conditions and allowing for safer access to the southern sales lot. The total project impacts will be permanent impacts to 84 linear feet of an Unnamed Tributary (UNT) to The Monastery Run (WWF), 0.034 acre of the floodway of the UNT, and 0.07 acre of Wetland A, a palustrine emergent wetland (PEM). Mitigation will be provided through the purchase of 0.07 of wetland and 0.008 of

stream credits, from the Furnace Run Mitigation Bank Project, which is operated by the Land Reclamation Group, LLC. Latitude: 40° 17' 50", Longitude: -79° 23' 39". Application received: March 8, 2021. Issued: November 28, 2022.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information.

CORRECTIVE ACTION UNDER ACT 32, 1989

PREAMBLE 2

The Following Plan(s) and Report(s) Were Submitted Under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245, Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Coal Mining Reclamation Fee Amount for 2023

The Department of Environmental Protection (Department) announces the amount of the per acre Reclamation Fee for coal permits for 2023. Effective January 1, 2023, the per acre Reclamation Fee will remain at \$100. The fee amount is recalculated each year in accordance with 25 Pa. Code § 86.17(e)(4) (relating to permit and reclamation fees). Refer to 25 Pa. Code § 86.17 for more detailed information.

Annual adjustments to the per acre Reclamation Fee are based on a fiscal year report that contains a financial analysis of the revenue and expenditures from the Reclamation Fee O & M Trust Account for Fiscal Year (FY) 2021-2022. The report also provides projections for FY 2022-2023. The report was reviewed with the Department's Mining and Reclamation Advisory Board on October 13, 2022.

The final fiscal year report is available at <http://www.dep.pa.gov/Business/Land/Mining/BureauofMiningPrograms/Reports/Pages/default.aspx>.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Extension of National Pollutant Discharge Elimination System General Permit for Discharges from Aquatic Animal Production Facilities (PAG-11)

Under The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and sections 1905-A, 1917-A and 1920-A of The Administrative Code of 1929 (71 P.S. §§ 510-5, 510-17 and 510-20), the Department of Environmental Protection (Department) is, by this notice, extending for 12 months the availability of the current National Pollutant Discharge Elimination System (NPDES) General Permit for Discharges from Aquatic Animal Production Facilities (PAG-11).

The existing PAG-11 General Permit in effect at this time will expire on March 2, 2023. Persons who are operating under the PAG-11 General Permit may continue to operate until March 2, 2024. The Department is extending the availability of this permit to adequately evaluate the need to renew the PAG-11 General Permit. During the period of administrative extension, no new coverage under the PAG-11 General Permit may be authorized by the Department.

To access the General Permit and related documents, visit the Department's eLibrary web site at www.depgreenport.state.pa.us/elibrary/ (select "Permit and Authorization Packages," then "Clean Water," then "PAG-11 NPDES General Permit for Discharges from Aquatic Animal Production Facilities 3800-PM-BCW0006").

Questions regarding the PAG-11 General Permit can be directed to Maria Schumack, PE, at maschumack@pa.gov or (717) 705-0486.

DEPARTMENT OF HUMAN SERVICES

Disproportionate Share Hospital Payments for Trauma Services

The Department of Human Services (Department) is announcing its intent to allocate funds for Fiscal Year (FY) 2022-2023 disproportionate share hospital (DSH) payments to Medical Assistance (MA) enrolled acute care general hospitals that qualify as a trauma center for the purpose of improving access to readily available and coordinated trauma care. The Department is amending the qualifying criteria and payment methodology for these payments as outlined as follows.

Payment limitations are still applicable, including those limitations that the Commonwealth may not exceed its aggregate annual DSH allotment, and that no hospital may receive DSH payments in excess of its hospital-specific limit.

Qualifying Criteria

The qualifying criteria for this DSH payment is being updated for newly accredited trauma centers and hospitals seeking trauma center accreditation. To determine eligibility for newly accredited trauma centers and hospitals seeking trauma center accreditation for which Pennsylvania Trauma Outcome Study (PTOS) data is not available, the Department will use Pennsylvania Health Care Cost Containment Council claims data from the same period as the PTOS report.

Payment Methodology

The payment methodology for this DSH payment is being updated for newly accredited trauma centers and hospitals seeking trauma center accreditation. The Department will calculate partial year payments using the number of trauma cases and patient days reflecting the hospital's months of accreditation, or months in which it was seeking accreditation during the fiscal year.

Fiscal Impact

The FY 2022-2023, the Department will allocate an annualized amount of \$18.034 million in total funds (State and Federal) for these DSH payments upon approval by the Centers for Medicare & Medicaid Services.

Public Comment

Interested persons are invited to submit written comments regarding these DSH payments and the updates related to newly accredited trauma centers and hospitals seeking trauma center accreditation to the Department of Human Services, Office of Medical Assistance Programs, c/o Regulations Coordinator, P.O. Box 2675, Harrisburg, PA 17120 or RA-PWMAProgComments@pa.gov. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

DEPARTMENT OF HUMAN SERVICES

Medical Assistance Program Fee Schedule Update

The purpose of this notice is to announce, in accordance with 55 Pa. Code § 1150.61(a) (relating to guidelines for fee schedule changes), that the Department of Human Services (Department) is making the following updates to the Medical Assistance (MA) Program Fee Schedule for disposable breast milk collection and storage bags and breast pump replacement supplies.

Background

Stakeholders contacted the Department to request that disposable breast milk collection and storage bags be a covered supply, as well as for fees to be reevaluated for a possible price adjustment to certain breast pump replacement parts. After evaluating these requests, the Department is making changes to the MA Program Fee Schedule as noted as follows.

New Procedure Code

The Department added the following procedure code, with a limit of 120 bags per month, to the MA Program Fee Schedule for the coverage of disposable collection and storage bags for human milk, effective with dates of service on and after December 25, 2022.

<i>Procedure Code</i>	<i>Code Description</i>	<i>Fee</i>
K1005	Disposable Collection and Storage Bag for Breast Milk, Any Size, Any Type, Each	\$0.21 per bag

MA Program Fee Update

The Department updated the fee for the following procedure codes on the MA Program Fee Schedule for the coverage of breast pump supplies, effective with dates of service on and after July 12, 2022.

<i>Procedure Code</i>	<i>Code Description</i>	<i>Fee</i>
A4281	Tubing For Breast Pump, Replacement	\$15.91 per unit
A4282	Adapter for Breast Pump, Replacement	\$22.70 per unit
A4284	Breast Shield and Splash Protector for Use with Breast Pump, Replacement	\$16.89 per unit

Fiscal Impact

There is no fiscal impact for the addition and updates of these procedure codes.

Public Comment

Interested persons are invited to submit written comments to the Department of Human Services, Office of Medical Assistance Programs, c/o Regulations Coordinator, P.O. Box 2675, Harrisburg, PA 17120 or RA-PWMAProgComments@pa.gov. Comments received within 30 days will be reviewed and considered for any subsequent revision of the MA Program Fee Schedule.

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania Hamilton Relay Service (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

MEG SNEAD,
Acting Secretary

Fiscal Note: 14-NOT-1554. No fiscal impact; (8) recommends adoption.

DEPARTMENT OF LABOR AND INDUSTRY

Consumer Price Index Adjustment of Base Amounts on Bids Effective January 1, 2023

Each year the Department of Labor and Industry (Department) is required by the following statutes to publish changes to the base amounts triggering the requirement for public bids, telephonic bids or separate bids, or both, for certain contracts. The Department is required to announce the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U): All Items (CPI-U) for the United States City Average for the 12-month period ending September 30 of each year. The Department utilizes the most current nonseasonally adjusted series, as published by the United States Bureau of Labor Statistics (BLS), which at present uses 1982—1984 as the index base period (set equal to 100). The percentage change for the 12-month period ending September 30, 2022, is 8.2%.

The change to the base rate is determined as follows:

- 1) Calculate the percentage change in CPI-U (I) from September 2021 to September 2022. This is derived as I =

$(CPI_{22}-CPI_{21})/CPI_{21}$, where the subscripts refer to September 2022 and 2021 values of CPI-U. As reported by the BLS these values are $(296.808 - 274.310)/274.310 = +22.498/274.310 = +8.2017\%$, which when rounded to 1 decimal place = 8.2%. (This was also reported as 8.2% in Table A of the BLS News release on the Consumer Price Index Summary for September 2022.)

2) The legislation puts a floor of 0 and a cap of 3% on the percentage change to be utilized in the calculations (technically these restrictions are on the Preliminary Adjusted Base (PAB), defined in step 4, however this is mathematically equivalent). The truncated value of the percentage change to be used in the adjustment formula is denoted as PC, resulting in:

- a) $PC = I$, for $0 \leq I \leq 3\%$,
- b) $PC = 0$, for $I < 0$ and
- c) $PC = 3\%$, for $I > 3\%$.

3) The base value (either original for new legislation or the prior year's PAB) is designated as B and the product of B and PC (determined previously) is P. (There are different values of the base depending on the entity and the type of bid, so technically B could be designated with 2 subscripts. For illustration purposes, the subscripts are omitted.) Then $P = B*PC$. A common value for the base amount in 2022 for a public bid is \$21,890.83. (The other two prior PABs, which are this year's bases for a variety of bid types, were \$11,832.87 and \$29,582.19.) For example, using $B = \$21,890.83$, results in $P = \$21,890.83*3.0\% = \656.72 . (Since $I = 8.2\%$, $PC = 3\%$ as stated previously in 2c.)

4) Then the Preliminary Adjusted Base, $PAB = P + B$, which reduces to $\$656.72 + \$21,890.83 = \$ 22,547.55$.

5) The Final Adjusted Base Amount, FAA, (which is used as the limit for the next year that is 2023) is the PAB rounded to the nearest 100. Therefore, the $FAA = \$22,500.00$.

DEPARTMENT OF REVENUE

Rates of Tax on Aviation Gasoline and Jet Fuel for 2023; Oil Company Franchise Tax Rate for 2023; Alternative Fuels Tax Rates for 2023

I. Aviation Gasoline and Jet Fuels

A. Aviation Gasoline Rate for 2023

Under 74 Pa.C.S. § 6121(b) (relating to tax on aviation fuels), the Secretary of Revenue (Secretary) announces that for calendar year 2023 the rate of tax on aviation gasoline and all other liquid fuels used or sold and delivered by distributors within this Commonwealth for use as fuel in propeller-driven piston engine aircraft or aircraft engines will remain at the rate of 6.0¢ per gallon or fractional part thereof.

B. Jet Fuel Rate for 2023

Under 74 Pa.C.S. § 6131(b) (relating to tax on jet fuels), the Secretary announces that for calendar year 2023 the rate of tax on jet fuels used or sold and delivered by distributors within this Commonwealth for use as fuel in turbine-propeller jet, turbojet and jet-driven aircraft and aircraft engines will remain at the rate of 2.0¢ per gallon or fractional part thereof.

C. Calculating the 2023 Aviation Gasoline and Jet Fuel Rates

The rate of tax on aviation gasoline is adjusted annually beginning on January 1, 1985 and each January 1 thereafter.

The rate of tax on jet fuels is adjusted annually beginning on January 1, 1986, and each January 1 thereafter. Under 74 Pa.C.S. §§ 6121(b) and 6131(b) the rate of each tax increases or decreases 0.1¢ per gallon for each 10% increase or decrease in the producer price index for jet fuel as determined by the United States Department of Labor, Bureau of Labor Statistics, for the most recent 12-month period available as of November 1 each year subject to a maximum rate of 6.0¢ per gallon for aviation gasoline and 2.0¢ per gallon for jet fuels.

On October 12, 2022, the most recently available 12-month period was September 2021 to September 2022, as reported in the Bureau of Labor Statistics, United States Department of Labor, Producer Price Indexes, September 2022, USDL-22-11989, released October 12, 2022, for which the percentage change was an increase of 73.9%. Accordingly, the aviation gasoline tax rate will remain at the rate of 6.0¢ per gallon; the jet fuel tax rate also will remain at the rate of 2.0¢ per gallon.

II. Oil Company Franchise Tax

A. Transportation Funding Act of 2013

Governor Corbett signed into law the act of November 25, 2013 (P.L. 974, No. 89) which amended 75 Pa.C.S. (relating to Vehicle Code) to both eliminate the inflationary cap on the Oil Company Franchise Tax and the fixed 12¢ per gallon Liquid Fuels and Fuels tax. Specifically, 75 Pa.C.S. § 9002 (relating to definitions) provides for the future removal of the cap and specific wholesale prices for use in the interim years.

B. Calculating the 2023 Oil Company Franchise Tax Rate

The rate of the oil company franchise tax imposed under 75 Pa.C.S. Chapter 95 (relating to taxes for highway maintenance and construction), 75 Pa.C.S. § 9502 (relating to imposition of tax) and collected under 75 Pa.C.S. Chapter 90 (relating to Liquid Fuels and Fuels Tax Act), 75 Pa.C.S. § 9004(b) (relating to imposition of tax, exemptions and deductions), is determined annually by the Department of Revenue (Department) and announced by each December 15 for the following calendar year. The tax rate is determined on a “cents per gallon equivalent basis,” which is defined by 75 Pa.C.S. § 9002 as:

The average wholesale price per gallon multiplied by the decimal equivalent of any tax imposed by section 9502 (relating to imposition of tax), the product of which is rounded to the next highest tenth of a cent per gallon. The rate of tax shall be determined by the Department of Revenue on an annual basis beginning on every January 1 and shall be published as a notice in the *Pennsylvania Bulletin* no later than the preceding December 15. In the event of a change in the rate of tax imposed by section 9502, the Department shall redetermine the rate of tax as of the effective date of such change and give notice as soon as possible.

“Average wholesale price” as used previously is defined by 75 Pa.C.S. § 9002 as:

The average wholesale price of all taxable liquid fuels and fuels, excluding the Federal excise tax and all liquid fuels taxes shall be as follows:

- (1) After December 31, 2013, and before January 1, 2015, the average wholesale price shall be \$1.87 per gallon.
- (2) After December 31, 2014, and before January 1, 2017, the average wholesale price shall be \$2.49 per gallon.

(3) After December 31, 2016, the average wholesale price shall be as determined by the Department of Revenue for the 12-month period ending on the September 30 immediately prior to January 1 of the year for which the rate is to be set. In no case shall the average wholesale price be less than \$2.99 per gallon.

For the 12-month period ending September 30, 2022, the Department has determined that the average wholesale price for all grades of gasoline and diesel fuel was \$3.17 per gallon, therefore, the average wholesale price for 2023 is set at \$3.17 per gallon.

The oil company franchise tax imposed under 75 Pa.C.S. § 9502 is separated into two portions: mills per gallon not subject to discount (NSTD) and mills per gallon subject to discount (STD). The following table details the underlying calculations:

Composition of Oil Company Franchise Tax (OCFT)

OCFT Per Gallon NSTD

<i>Imposed By:</i>	<i>Liquid Fuels</i>	<i>Fuels</i>
75 Pa.C.S. § 9502(a)(1)	60.0	60.0
75 Pa.C.S. § 9502(a)(2)	55.0	55.0
75 Pa.C.S. § 9502(a)(3)	38.5	38.5
75 Pa.C.S. § 9502(a)(4)	00.0	55.0
NSTD Mills per Gallon:	153.5	208.5
Decimal Equivalent:	0.1535	0.2085
Average Wholesale Price:	× \$3.17	× \$3.17
Product:	48.66¢	66.09¢
OCFT per Gallon, NSTD, rounded to next highest tenth per 75 Pa.C.S. § 9002:	48.7¢	66.1¢

OCFT Per Gallon STD

<i>Imposed By:</i>	<i>Liquid Fuels</i>	<i>Fuels</i>
75 Pa.C.S. § 9502(a)(5)	39.0	39.0
STD Mills per Gallon:	39.0	39.0
Decimal Equivalent:	0.0390	0.0390
Average Wholesale Price:	× \$3.17	× \$3.17
Product:	12.36¢	12.36¢

OCFT per Gallon, STD, rounded to next highest tenth per 75 Pa.C.S. § 9002:	12.4¢	12.4¢
<i>Total OCFT per Gallon, rounded to next highest tenth</i>		
	<i>Liquid Fuels</i>	<i>Fuels</i>
Total OCFT = NSTD + STD:	61.1¢	78.5¢

C. Imposition of Oil Company Franchise Tax on Liquid Fuels and Fuels

The act of April 17, 1997 (P.L. 6, No. 3) provides that the oil company franchise tax as previously computed is imposed when liquid fuels or fuels are used or sold and delivered in this Commonwealth. Accordingly, the tax imposed upon the use or sale and delivery of 1 gallon of liquid fuels (primarily gasoline) shall increase to 61.1¢, and the tax imposed upon the use or sale and delivery of 1 gallon of fuels (primarily undyed diesel fuel) shall be 78.5¢.

III. Alternative Fuels Tax Rates for 2023

Under 75 Pa.C.S. § 9004(d) the Secretary is required to compute the rate of tax applicable to each alternative fuel on a gallon-equivalent-basis. Under 75 Pa.C.S. § 9002 “gallon-equivalent-basis” is defined as the “amount of any alternative fuel as determined by the Department to contain 114,500 BTU’s.” The amount determined on a “gallon-equivalent-basis” for each alternative fuel is subject to the oil company franchise tax currently imposed on 1 gallon of gasoline. The rate of tax on 1 gallon of gasoline during the period of this notice is 61.1¢ which is equal to the Oil Company Franchise Tax.

The 2023 tax rates for Compressed Natural Gas (CNG) and Hydrogen are calculated by utilizing the unit of measurement referred to as the gasoline gallon equivalent (GGE). A GGE is the amount of alternative fuel it takes to equal the energy content of one liquid gallon of gasoline.

The 2023 tax rate for Liquefied Natural Gas (LNG) is calculated by utilizing the unit of measurement referred to as the diesel gallon equivalent (DGE). A DGE is the amount of alternative fuel it takes to equal the energy content of one liquid gallon of diesel.

GGE and DGE are the most common forms of measurement for these products at the retail level. Measuring alternative fuels by GGE and DGE allows the consumer to make energy and cost comparisons with gasoline and diesel.

The Secretary announces that the 2023 tax rates for alternative fuels are as follows:

<i>Alternative Fuel (Liquids)</i>	<i>Rate of Conversion (BTU/Gal of Alternative Fuel)</i>	<i>Tax Rate per Gallon of Alternative Fuel</i>
Ethanol	76,330	\$0.408
Methanol	57,250	\$0.306
Propane/LPG	84,250	\$0.451
E-85	82,056	\$0.438
M-85	65,838	\$0.352
Electricity	3,414 BTU/kWh	\$.0183/kWh

<i>Alternative Fuels under GGE Formula (Gaseous)</i>	<i>GGE Equivalent to One Gallon of Gasoline</i>	<i>Tax Rate per GGE</i>
CNG	1	\$0.611
Hydrogen	1	\$0.611

<i>Alternative Fuels under DGE Formula (1 DGE = 1.7 gallons)</i>	<i>DGE Equivalent to One Gallon of Diesel</i>	<i>Tax Rate per DGE</i>
LNG	1	\$0.688

FISH AND BOAT COMMISSION

Proposed Exemptions to Allow for the Continued Stocking of Class A Stream Sections

The Fish and Boat Commission (Commission) intends to consider at its meeting on January 23, and 24, 2023, whether to allow trout stocking to continue on each of the Class A wild trout streams listed as follows. Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), the Executive Director will obtain approval of the Commission prior to granting permission to stock a Class A wild trout stream under 58 Pa. Code § 71.4 (relating to stocking of designated waters).

On September 30, 2014 (effective January 1, 2015), the statement of policy at 58 Pa. Code § 57.8a was amended to require the Executive Director to obtain approval from the Commission prior to granting permission to stock a Class A wild trout stream section. Following the update to 58 Pa. Code § 57.8a, Commission staff developed internal decision-making criteria to allow continued Commission stocking of a limited number of Class A wild trout stream sections. Subsequently, 13 stream sections that support strong Class A wild brown trout populations were officially designated as Class A wild trout streams during the 2015–2017 timeframe following updated wild trout surveys, and stocking was continued. Stream sections where stocking was continued are heavily fished waters, most located in high-density human population centers, of a size and character that can support a fishery featuring both stocked and wild trout components.

Historically, there have been very few streams where stocking of trout following Class A designation was considered and warranted. However, there are rare cases, beyond the current 13 stocked Class A wild trout stream sections, where a stocking exemption should be considered. To account for these rare circumstances, Commission staff developed additional decision-making criteria to consider internal and external requests for continued stocking of newly designated Class A wild trout streams. These criteria provide staff direction to guide decisions when unusual situations arise but do not automatically result in continued stocking when criteria are met, as most Class A stream sections are best managed solely for wild trout with no stocking. They offer a mechanism for transparent, timely and consistent consideration of requests to continue the stocking of newly designated Class A wild trout streams. These criteria, listed as follows, are detailed in the *Operational Guidelines for the Management of Trout Fisheries in Pennsylvania Waters, 5th Edition* available at www.fishandboat.com. Exemptions will not be granted for streams where a component of the wild trout fishery is comprised of wild brook trout.

1. Pre-existing youth fishing derbies and special use areas that were properly permitted by the Commission and have a history of more than one past occurrence.
2. Pre-existing private stockings on private property on recently designated (that is, within 1 year of posting in

the *Pennsylvania Bulletin*) Class A stream sections that have been closed to public angling at the time of Class A designation and at least since 2010. Historic stockings need to be verifiable by documentation, stocking records and have a history of more than one past occurrence.

3. Stream sections stocked by the Commission, a cooperative nursery, or a private group, or both, or individual the year prior to Class A designation, have a history of more than one past occurrence, and meet the following subcriteria.

a) The stream section was stocked with adult trout during the year immediately prior to its designation as a Class A wild trout stream.

b) Angler use (anglers/mile of stream) in the stream section equals or exceeds the Statewide 50th percentile of angler use for the opening weekend of trout season as documented by Commission staff, or the stream section is a special regulation area under 58 Pa. Code Chapter 65 (relating to special fishing regulations) that was stocked by the Commission the year immediately prior to its designation as a Class A wild trout stream.

c) The trout species to be stocked are not the same species as the primary component of the wild trout population.

d) The stocking numbers and frequency will not exceed those of the year prior to the Class A designation.

e) Stream sections where a component of the wild trout population is comprised of wild brook trout will not be considered for stocking.

f) Prior to implementing a decision to stock a Class A wild trout stream, the Executive Director will obtain the approval of the Commission.

4. Previously received an exemption or a Special Activities Permit from the Commission between 2010 and the present to allow for continued stocking of a Class A wild trout stream section. If the exemption was time-limited and not renewed before expiration, it will be considered a new request and a determination will be made according to other exemption criteria.

Exemptions to the prohibition of stocking hatchery trout into Class A wild trout stream sections will be granted only under rare circumstances. Consideration is only given to requests for continued stocking in stream sections within 1 year of the section being designated as Class A and posted in the *Pennsylvania Bulletin*. However, entities that previously received an exemption or a Special Activities Permit from the Commission between 2010 and the effective date (April 3, 2021) of the amendment to the statement of policy at 58 Pa. Code § 57.8a adopted at the January 2021 quarterly Commission meeting and published at 51 Pa.B. 1828 (April 3, 2021) will be eligible for consideration.

Should an exemption be granted, the Commission will determine the species of trout, number of trout and frequency of stocking consistent with stocking strategies and historical stocking rates of the stream section to minimize impacts to the Class A wild trout population. Stocking provisions will be communicated in writing by the Commission to the entity receiving the exemption for continued stocking on Class A designated waters. Stocking exemptions will be valid for no more than 5 years at which time the need for continuance may be evaluated.

Commission staff have identified three potential exemptions to 58 Pa. Code § 57.8a that meet the criteria to consider the continuance of trout stocking at three Class

A stream sections. It should be noted that the Executive Director previously obtained approval from the Board to continue Commission stockings at two of these stream sections (Little Lehigh Creek, Sections 04 and 07); however, this request is specific to the continuance of stocking by private entities and not the annual Commission stockings. The general exemption classification, stream name, stream section, county and commissioner district are listed as follows.

Young fishing derbies

- Salt Run (Section 02), Cameron County, Commissioner District 3

Prior history of stocking and meets the subcriteria outlined under criterion 3 previously listed

- Little Lehigh Creek (Section 04), Lehigh County, Commissioner District 8
- Little Lehigh Creek (Section 07), Lehigh County, Commissioner District 8

Persons with comments, objections or suggestions concerning the additions are invited to submit comments in writing to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments should be submitted electronically to RA-pfbregulations@pa.gov. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

HOUSING FINANCE AGENCY

2023 Pennsylvania Housing Affordability and Rehabilitation Enhancement Fund Plan; Draft

The Pennsylvania Housing Affordability and Rehabilitation Enhancement (PHARE) Fund was established by the act of November 23, 2010 (P.L. 1035, No. 105) (Act 105) to provide the mechanism by which certain allocated State or Federal funds, as well as funds from other outside sources, would be used to assist with the creation, rehabilitation and support of affordable housing throughout this Commonwealth.

Act 105 outlines specific requirements that include preferences, considerations, match funding options and obligations to utilize a percentage of the funds to assist households below 50% of the median area income. Act 105 provides a broad canvas regarding the types of programs and the specific uses of any funding to allow flexibility in working with other State and Federal acts and programs.

For Program Year 2022-2023, the PHARE Fund includes funds available through Marcellus Shale (Act 13 of 2012), the Realty Transfer Tax (RTT) Funds (Act 58 of 2015) and the National Housing Trust Fund (HTF), authorized by the Housing and Economic Recovery Act of 2008 (Pub.L. No. 110-289).

As additional PHARE funding sources become available, the Housing Finance Agency (Agency) will adminis-

ter them in accordance with this plan and without the need for additional notices or amendments.

This plan includes the following general sections: principles of PHARE, elements of the plan, application requirements and timeline. Thereafter, the plan includes specific information and program requirements relating to each of the Marcellus Shale (Act 13 of 2012) funds, the RTT funds and the HTF funds.

Principles of PHARE

In accordance with Act 105, the moneys will be used to address significant and persistent housing needs in communities with the following additional criteria:

1) *Maximize resource leveraging*—To the greatest extent possible, the resources allocated will be used as leverage for other public and private resources. Additionally, local nonfinancial assets should be identified and leveraged where possible—including transportation, schools, recreation, employment, health, community and economic development support and other amenities.

• *Maintenance of Effort/Resource Coordination*—The Agency is seeking to ensure that PHARE applicants, where practical and relevant, are utilizing all other available sources of funding (Community Development Block Grant, HOME Community Services Block Grant, AHP, Emergency Solutions Grant, Continuum of Care, Housing of Urban Development (HUD) Neighborhood Assistance Program, Keystone Communities and the like). The Agency will review applications with an emphasis on ensuring maximum leveraging of other available resources. PHARE funds are not intended to substitute for, or supplant, other currently available sources of program/project funding. This provision is primarily intended to address local municipal or county-based real estate development projects where other Federal/non-Federal sources of funding may be applicable. Multi-county, regional or Statewide proposals addressing critical housing needs are still encouraged to apply.

2) *Affordability*—The Agency encourages applicants to address the issue of long-term affordability based on the local housing market conditions. To the greatest extent possible, programs and projects should be designed in ways to both maintain the investment made in the housing stock and to continue affordability after initial assistance. This could include revolving loan programs, shared equity homeownership and other strategies for addressing this objective.

3) *Address greatest need*—PHARE funds will be allocated in communities where the greatest housing needs are identified based on studies and assessments, interviews, real estate price factors, housing stock analysis and market studies. The limited resources available should be used to meet the most significant and pressing housing needs or to address longer term housing needs.

Funding priority: Proposals that: 1.) Assist with the rehabilitation of blighted, abandoned or otherwise at-risk housing and the reuse of vacant land where housing was once located; 2.) Provide funding for owner-occupied rehabilitation, first time homebuyers and rental assistance; or 3.) Address ongoing needs for homeless families and individuals including veterans.

4) *Foster partnerships*—The funds should be used to maximize sustainable partnerships that will be committed to addressing the housing needs in these communities over a significant period of time. While the funds are to

be used to directly support housing to meet community needs, the projects should also help establish capacity to address those needs over the long term.

Funding priority: Proposals that incorporate social service entities offering additional services to the residents within the community where the project/program is taking place.

5) *Effective and efficient implementation*—Ensure that the resources are used effectively and efficiently to meet the housing needs. Given the expected demand for many types of housing will greatly exceed the program funds available, it is critical that Agency dollars are used to maximize housing investments efficiently and effectively.

Funding priority: Proposals that assist residents with the greatest need in that region and can document highly effective strategies to address unmet needs.

6) *Equitable and transparent*—Create a plan and equitable allocation process that provides transparency to all stakeholders. Funding decisions and reporting will be done in accordance with legislative requirements.

7) *Emergency response to critical needs*—Providing immediate and necessary funding to address an emergent crisis, emergency housing needs or other unanticipated issues that may arise over the course of the year. The PHARE funds could be rapidly deployed to address these significant, unmet and emergency housing needs in this Commonwealth as determined by the Agency.

Elements of the Plan

Analysis of need—One of the most critical components of the plan is to continually assess housing needs throughout this Commonwealth. From both a quantitative and qualitative perspective the requirement to have accurate, reliable data from which funding decisions can be made is imperative.

It is important to recognize that this data will need to be municipality-specific to capture the unique and likely different housing needs in the various communities. In addition, the housing/real estate markets are diverse across communities and the analysis of need will require an understanding (qualitative and quantitative) of individual markets to make appropriate resource allocation decisions.

Building upon analysis already undertaken by the Agency and the Commonwealth, additional analysis may be performed to assess specific housing issues to identify housing needs (persons with special needs, elderly, larger households, physical disabilities, homeless and the like) to appropriately target PHARE Fund resources to those in greatest need of housing. In addition to multiple types of housing analysis, the Agency will consider different income levels, nature of housing stock and the housing needs of those across a broad spectrum (homeless, near homeless, very low income, low income, temporary and seasonal workers and permanent work force and the like).

Understanding of real estate market dynamics—The plan for the utilization of these resources has been developed to address and continuously reevaluate the specific housing real estate markets in each community. The housing and real estate development “capacity” will also have significant impact on the ability of these funds to be used effectively and efficiently to meet the needs of the communities.

There will be need for ongoing analysis of capacity (private, nonprofit and public) as part of the plan. Some communities may not have had a significant housing

market in decades while in others there may be a robust market addressing a significant portion of housing needs. The plan will help determine where additional housing development may be necessary or where other strategies may be implemented for meeting the housing needs in those communities.

Allocation and use—The funding vehicle’s allocation process, created by the plan, must also be supportive of and responsive to the needs of the housing and real estate development market and should foster coordinated local housing plans and resources. Funds may be used to support predevelopment, site acquisition and infrastructure development, planning and preconstruction activity in addition to direct support of development and operation of projects and housing programs including employee assisted housing programs. Funds may be provided in various forms designed to best support the activity including grants; market rate, amortizing, balloon, bridge or soft loans; capital contributions; capital financing subsidy support; operating and supportive service reserve funding; and rental or homeowner assistance. Funds may be specifically allocated to address timing issues presented in the development of affordable housing projects; for example, when other financing is available, construction season, local zoning or other approvals. Funds may also be directed for administration by the Agency for certain projects approved for low income housing tax credits or other Agency resources. Preliminary allocations may be made for projects/programs awaiting approval of additional resources.

Funds will have expenditure deadlines and approved programs/projects must be started within 2 years of funding award. Additional requirements for application submission will be outlined in the annual Request for Proposal (RFP).

High quality design and construction—A vital element of the plan will be the development of housing that is both of good quality design and construction and will be sustainable over a long period of time.

The opportunity to meet the growing housing needs in these communities will necessitate that this housing be available as an asset for the community for many generations. To meet this objective the Agency requires that projects, funded with these resources, meet the highest design and construction quality standards available and that all projects ensure sustainability to the long term (both financial and physical). Funds may be specifically allocated to support green and renewable energy sources and as leverage to consumer programs available through utility companies or other business partners.

PHARE Application Process

The elements of the application and allocation process include:

- Adoption of “plan” for managing the anticipated PHARE funds by the Agency each year.
- The Agency will establish an annual application process that will allow the Agency to address local housing needs.
 - The Agency may amend the plan, application and the allocation process at any time, upon written publication of such amendments.
- Announcement of application and possible training/information session concerning the elements of the application.
- Applications accepted and reviewed by the Agency staff based on the application and plan requirements.

- As part of the RFP process, the Agency will require that all applicants target a minimum of 30% of their awarded PHARE funds to support households with incomes below 50% of median area income.

- Project recommendations reviewed by the Agency.
- Announcement of preliminary funding approval.

The Agency may allocate existing funds, or funds that may become available, at any time outside of the application cycle but consistent with the principles, goals and elements of this plan.

Applicants are expected to satisfy the affordability requirements of the PHARE program and commit to a long-term sustainable program to maintain affordability (which may be documented with restrictive covenants or other program documents). Successful applicants must abide by all applicable Commonwealth laws relating to public sources of funds (fair housing, accessibility, wage rates, labor standards and the like).

Timeline

The Agency will align the application and funding timelines of its programs that support multifamily affordable rental housing—tax credits, PennHOMES and PHARE (Marcellus Shale, RTT and HTF)—to strategically and efficiently allocate these resources.

The following is the proposed timeline for 2022 program administration:

PHARE Plan—Draft	December 2022
PHARE Plan—Final	February 2023
PHARE RFP—Issued	September 2023
PHARE Applications Due	November 2023
PHARE Funding Awards Announced	June/July 2024

Monitoring and Compliance

The Agency monitors the use of all awarded PHARE funds and provides technical assistance to grantees throughout the application, funding, grant implementation and closeout process. The Agency team reviews semiannual reports—submitted by all grantees twice per year, at the end of January and July—to ensure grantee compliance with contract requirements and ensure the anticipated outcomes and local housing impact of their funded initiatives are in line with the grantees’ approved use of funds.

Grantees are required to meet all PHARE funding requirements and report on the following data for each awarded grant.

- Total amount of PHARE funds expended.
- Number of households served/impacted.
- Amount and percentage of funds used to benefit households below 50% of median area income.
- Household income of each individual households assisted.
- Amount of funding used to assist each impacted households.
- Amount of administrative funds expended (capped at 5% of the total awarded funds).
- Sources and amounts of all matching/leveraged funds.
- Impact of funds used to address barriers to fair housing for marginalized communities.

The Agency maintains constant contact with grantees until all funds are expended, all households are served or newly created/rehabbed housing units, or both, are housed and the final closeout report is submitted and approved for compliance. Organizations are advised to contact the Agency as soon as possible if their grant needs to be modified due to staff capacity/workforce issues or if there are any changes in economic conditions or local housing needs at any point during the grant term.

The Agency team will be increasing the volume of scheduled grantee site visits in 2023 to monitor adherence to program requirements and provide additional feedback to the Board on the successful outcomes connected to PHARE-funded housing initiatives.

PHARE/Marcellus Shale Impact Fee (Act 13 of 2012)

Purpose and Priorities for Funding

The Marcellus Shale Impact Fee (Act 13 of 2012) provides the funding mechanism to address the housing needs in impacted counties/communities of the Marcellus Shale region. Fifty percent of the awarded funds must be spent in fifth through eighth class counties.

The Marcellus Shale Impact Fee legislation (Impact Fee Act) specifically allocates certain amounts from the impact fee into the PHARE Fund to address the following needs, including:

1. Support for projects that increase the availability of affordable housing for low-income and moderate-income persons and families, persons with disabilities and elderly persons in counties where unconventional gas wells have been drilled (regardless of production levels).
2. Provide rental assistance, in counties where unconventional gas wells have been drilled, for persons or families whose household income do not exceed the area median income.
3. Specifies that no less than 50% of the funds are to be used in fifth, sixth, seventh and eighth class counties.

Direct Allocation—The PHARE Fund will receive a direct yearly allocation from the portion of funds set aside for local distribution. The direct allocation is as follows: \$5.0 million each fiscal year beginning in 2013 and thereafter.

Windfall/Spillover Funds—Additional funds may become available because the Impact Fee Act limits amounts allocated to qualifying municipalities (as defined in the Impact Fee Act) and provides that any money remaining, after all allocations have been made to qualified municipalities, would also be deposited into the PHARE Fund.

Agency proposals that exhibit readiness for implementation and which include significant leveraging of funds from public/private funding sources will be prioritized. It is likely that the funds in this program will not be sufficient to meet all the housing needs and mitigate every housing impact created by the shale gas development; therefore, investment decisions will target the limited funds to projects that meet the principles previously outlined and most comprehensively address the elements of the plan.

Where possible, these funds will be targeted and stay focused on mitigating the very specific housing impacts created by the shale development in the impacted and designated communities. This element will likely result in the determination that while there may be worthy housing projects that could be funded with these resources, the focus of development will be on most comprehensively addressing the direct and tangible housing impacts. Priority may be given to target resources in tandem with approved county housing trust fund plans or plans for the utilization of local share impact fee funds, or both.

Eligible Applicants

Applicants eligible to receive PHARE/Marcellus Shale funds include counties that have adopted impact fees as well as municipalities who have further contributed to PHARE by means of windfall/spill over funds from the impact fee. While only eligible applicants may apply, nonprofit and for-profit organizations may be part of the application process.

Counties and municipalities may also delegate the role of “applicant” to a nonprofit or for-profit organization for purposes of the application. In the case where a county or municipality has designated another organization, agency or department to apply on their behalf, documentation identifying such must be included in the application.

There are many diverse interests that are concerned about the anticipated housing impact and therefore how these resources will be allocated to address the need. To the greatest extent possible opportunities should be created for relevant and legitimate stakeholders to comment and advise the plan. This element will need to be managed for practicality and efficiency to maximize input.

Funding Priorities:

- Proposals which include a process where members of the community and other stakeholders may provide input on the application prior to submission.
- Proposals which include Optional Affordable Housing funds (Act 137 of 1989) or local share portions of the impact fee, or both.

The Agency also requests that applicants include information on how the county is using local shares of public resources, including local Act 13 of 2012 funds and Act 137 of 1989 (county-based housing trust fund) moneys, to address housing needs in the community.

Preliminary approval and funding of applications is contingent upon receipt of funds under Act 13 of 2012.

PHARE/RTT Fund (Act 58 of 2015)

In November 2015, Governor Tom Wolf signed Act 58 of 2015, which, in part, directs certain RTT receipts to the PHARE Fund. This revenue source is available in all 67 counties of this Commonwealth.

Under Act 58 of 2015 RTT, the Agency’s PHARE program will receive an allocation of funds based on a formula using 2014 year as a base. (The annual amount available for the PHARE program will be equal to the lesser of 40% of the difference between the total dollar amount of the RTT imposed under section 1102-C of the Tax Reform Code of 1971 collected for the prior fiscal year and the total amount of RTT estimated from the fiscal year beginning July 1, 2014.) The PHARE/RTT funds are capped at \$40 million annually.

In 2022, the legislature approved an additional increase to the cap on RTT funds to be allocated to the Agency from the Fiscal Year 2022-2023 budget. Funds allocated to the Agency will be capped at \$60 million beginning with the 2023-2024 PHARE program year.

Purpose and Priorities for Funding

The PHARE/RTT Program will provide funds to projects/programs providing sustainable and comprehensive solutions to address housing and community development needs across this Commonwealth.

These funds will be directed to address clearly articulated needs in communities based on the following priorities:

1. Preservation of the current stock of rental housing or the development/creation of new affordable rental housing to address unmet local need. This includes projects/programs for the elderly in danger of losing their homes and rental assistance to help families remain in their residence.
2. Funding for projects/programs to address ongoing housing needs for reducing homelessness, including specific and targeted vulnerable populations (veterans, persons with disabilities, supportive housing for the elderly, re-entry population, families and youth).
3. Funding for comprehensive housing and redevelopment efforts that address blighted and abandoned properties impacting concerted community revitalization efforts, supported by clearly articulated community plans. This could include a variety of housing/redevelopment strategies such as acquisition, demolition, construction, rehabilitation, site remediation and other efforts.
4. Creating new opportunities for affordable homeownership. This may include closing cost/down payment assistance, financial education/counseling or other forms of assistance to potential first-time homebuyers as well as the development/construction of new homes and rehabilitation of existing housing.
5. Other efforts that address unmet housing and community development needs. This could include projects and programs to assist persons living in manufactured communities, homeowners to remain in their homes through renovation/mortgage/utilities or other forms of housing services and assistance, addressing environmental conditions such as lead paint abatement, rapid rehousing efforts and emergency temporary housing needs resulting from disasters.

PHARE Funding Categories

The Agency will prioritize funding for proposals targeting at least one of the following housing initiatives (all proposals must fall under one of the seven funding categories):

- *4% Tax Credit Projects*—Projects submitted must include a minimum of 50 units. Projects with greater than 75 units will be prioritized for funding.

*The Agency anticipates a commitment of up to \$10 million to support 4% tax credit developments.

- *Preservation/Rehabilitation/Renewal*—Rehabilitation of existing housing stock, demolition of blighted, at-risk housing and renewal of brownfields or vacant land for green space.

- *Rental Housing Creation*—Development of new and affordable rental units. This may include costs for acqui-

sition, predevelopment, construction or significant rehabilitation, or both, and demolition where the development of affordable housing is the end goal.

- *Homelessness Prevention*—Address ongoing needs for individuals and families at risk for homelessness, including (but not limited to) rapid rehousing, rent/utility/transportation assistance, landlord outreach, case management and short-term emergency shelter care.

- o Increase the availability of integrated housing opportunities, supportive services and resources for vulnerable populations such as veterans, the re-entry population, persons dealing with addiction disorders, persons with disabilities and at-risk youth.

- *Innovative Housing Solutions*—Piloting unique and creative approaches to addressing unmet housing needs and historic disparities in housing.

- o *Health and Housing*—Targeted partnerships with health care providers to support and monitor the success of interventions related to housing determinants of health.

- o *Climate Resiliency*—Adaptive strategies for affordable housing that aim to address and mitigate the growing effects of climate change on housing access and affordability. This may include the use of environmentally conscious housing design and construction and the use of renewable energy sources and sustainable materials.

- o *Trauma Informed Housing*—Social or environmental housing design strategies to build social cohesion, deescalate chaos and stress, and foster resiliency to address the challenges trauma poses to traditional housing models and long-term individual and community success.

- *Homeownership*—Development of additional affordable for-sale housing units, also to include support for down payment and closing cost assistance programs for first-time homebuyers and vulnerable/underrepresented communities.

- *Housing Counseling and Financial Education*—Activities providing various types of housing counseling, including pre and post purchase, financial education, foreclosure prevention and other forms of direct client counseling to assist homeowners or renters.

Priorities for Selection

PHARE/RTT awards will be directed to projects and programs based on the following criteria for selection:

- Projects/programs that show significant leveraging of other funds (local, State and Federal, public and private) to ensure maximum impact.

- Projects/programs that have all funding committed and can move rapidly to implementation and utilization.

- Projects/programs that embrace, partner with, and/or are incorporated into a larger local, county or regional housing development plan.

- Projects/programs that satisfy local planning/zoning ordinances.

- Projects/programs that affirmatively further fair housing.

- Projects/programs that are specifically designed to address a clearly articulated need in a community or specific population.

- o Projects/programs must be ready to address how PHARE funding will be used to address persistent, historical and significant disparities and inequities that exist by race, class, income, culture and education.

- Projects/programs that embrace innovative approaches to Statewide housing and community development issues, address underserved and unmet housing needs across this Commonwealth and otherwise meet overall Agency goals for tackling community redevelopment.

- Documented capacity of applicant and ability to proceed with the project/program in a timely manner.

Eligible Applicants

Applicants eligible to receive PHARE/RTT funds include units of local government (counties, cities, boroughs, townships, town and home rule municipalities), nonprofit and for-profit entities, and economic, community and housing developments organizations in all 67 counties of this Commonwealth.

Applicants are expected to satisfy the affordability requirements of the PHARE program and commit to a long-term sustainable program to maintain affordability (which may be documented with restrictive covenants or other program documents). Applicants must abide by prevailing wage labor payment standards where applicable.

Preliminary approval and funding of applications is contingent upon receipt of funds under Act 58 of 2015.

PHARE/HTF

The HTF was enacted as part of the Housing and Economic Recovery Act of 2008 to provide resources to develop, preserve and rehabilitate housing for very low income and extremely low-income households. Funding for the HTF is derived from Fannie Mae and Freddie Mac earnings.

HTF funding will be made available to provide additional financial support to tax credit properties which increase the number of units set aside for extremely low-income tenants. The Agency received approval from the United States Department of HUD of Commonwealth's HTF Allocation Plan and is awaiting release of funding from HUD. Upon receipt of HUD program documents and release of funding, the Agency will announce the application process in accordance with the HTF Allocation Plan.

A copy of the approved HUD HTF Allocation Plan can be found at <http://www.phfa.org/legislation/act105.aspx>.

OFFICE OF THE BUDGET

Statutory Cost of Living Increases for Salaries of State Officials and the Heads of Departments, Boards and Commissions

Section 3(e) of the Public Official Compensation Act, the act of September 30, 1983 (P.L. 160, No. 39) as amended by Section 2 of the act of October 19, 1995 (P.L. 324, No. 51) mandates that the salaries of the Governor, Lieutenant Governor, State Treasurer, Auditor General, Attorney General, and the heads of the departments and members of boards and commissions shall be increased by applying the percentage change in the Consumer Price Index for All Urban Consumers (CPI-U) for the Pennsylvania, New Jersey, Delaware and Maryland area for the most recent 12 month period for which figures have been officially reported by the United States Department of Labor, Bureau of Labor Statistics (BLS) immediately prior to the date adjustment is due to take effect.

As required by Section 3(e) of the Public Official Compensation Law, the Governor has determined, based on the change in the CPI-U (PA-DE-NJ-MD) over the past 12 months as reported by BLS on November 10, 2022, that the salaries covered by that law shall be increased by 7.8% effective January 1, 2023. The following chart lists the position, the salary prior to the adjustment, the percentage increase of the adjustment, and the new salary:

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY DEPARTMENT OF ENVIRONMENTAL PROTECTION

Environmental Assessment Approval for PENNVEST Funding Consideration

Scope: Clean Water and Drinking Water State Revolving Fund Projects for January 12, 2023, Pennsylvania Infrastructure Investment Authority (PENNVEST) Board meeting consideration

Description: PENNVEST, which administers the Commonwealth's Clean Water State Revolving Fund (CWSRF) and Drinking Water State Revolving Fund (DWSRF), is intended to be the funding source for the following

projects. The Department of Environmental Protection's (Department) review of these projects, and the information received in the Environmental Report for these projects, has not identified any significant, adverse environmental impact resulting from any of the proposed projects. The Department hereby approves the Environmental Assessment for each project. If no significant comments are received during this comment period, the Environmental Assessment will be considered approved and funding for the project will be considered by PENNVEST.

To be considered, the Department must receive comments on this approval on or by Tuesday, January 10, 2023. Comments, including comments submitted by e-mail must include the commentator's name and address. Commentators are encouraged to submit comments using the Department's online eComment tool at www.ahs.dep.pa.gov/eComment. Written comments can also be submitted by e-mail to ecomment@pa.gov or by

mail to the Policy Office, Department of Environmental Protection, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063. Use "PENNVEST SRF-Environmental Assessment" as the subject line in written communication.

For more information about the approval of the following Environmental Assessments or the Clean Water and Drinking Water State Revolving Loan Programs contact Richard Wright, Bureau of Clean Water, Department of Environmental Protection, P.O. Box 8774, Harrisburg, PA 17105-8774, (717) 772-4059, riwright@pa.gov, or visit the Department's web site at www.dep.pa.gov/Business/Water/CleanWater/InfrastructureFinance/Pages/default.aspx.

Comments received during the comment period, along with the Department's comment and response document will be available on the Department's web site at www.dep.pa.gov/Business/Water/CleanWater/InfrastructureFinance/Pages/EnvironmentalReview.aspx.

Upon approval, the full list of approved projects and their costs can be found in a press release on PENNVEST's web site at www.pennvest.pa.gov.

CWSRF Projects Being Considered:

<i>Applicant:</i>	Bedford Township Municipal Authority
<i>County:</i>	Bedford
<i>Applicant Address:</i>	1007 Shed Road Suite 102 Bedford, PA 15522

Project Description: The Bedford Township Municipal Authority proposes to extend their sewer system. This sewer extension project includes the installation of approximately 38,080 linear feet (LF) of 8-inch polyvinyl chloride gravity sewer, 1,120 LF of 2-inch high-density polyethylene (HDPE) low pressure sewer and 168 manholes. Additionally, 2 sewage pumping stations and 4,100 LF of 6-inch HDPE force main are also being proposed. Each pump station site will include a precast concrete valve/metering vault. The southern pump station will also include a generator and a generator building.

Problem Description: Area V, which includes the Cara Heights Development, the homes along State Route Business 220 between the Bedford Springs Resort and the intersection with Cumberland Road, and the Sunrise Terrace Development and Area VI, which includes the Sunnybrook Development, the Hafer Development and the homes along Cumberland Road between the Sunnybrook and Hafer Developments do not currently have sewer service. Issues of contaminated drinking water in privately owned wells and malfunctioning onlot disposal systems primarily necessitated the provision of sewer service to these areas. The extension of sewer service to Areas V and VI would be the final obligations of Bedford Township Municipal Authority's Act 537 Plan originally approved in 2002 and updated in 2005.

<i>Applicant:</i>	Curwensville Municipal Authority
<i>County:</i>	Clearfield
<i>Applicant Address:</i>	314 South Street Curwensville, PA 16833

Project Description: This is Phase 2 of the collection system rehabilitation project in the Borough of Curwensville (Borough) and is focused primarily on the

south side of the Borough. It consists of slip lining approximately 15,000 feet of clay sewer mains of various sizes, constructing 400 feet of gravity sewer of various sizes, replacing 70 brick manholes with concrete manholes, replacing 6,000 feet of existing sewer laterals and replacing 650 feet of 4-inch force main. Additionally, this project includes rehabilitation at the sewage treatment plant including replacement of valves, pipes and other appurtenances in the raw wastewater pumping system, replacement of a sewer inspection camera and sewer cleaning jet, rehabilitation of the existing fine screen, replacement of the existing utility water system, updating the treatment facility's alarm system and other miscellaneous building upgrades associated with doors and windows.

Problem Description: The existing collection system in Curwensville is near the end of its useful life and is currently allowing significant inflow and infiltration into the system during wet weather events. This has resulted in the collection system exceeding its design flow capacity, leading to sanitary sewer overflows. This project is Phase 2 of a multiphase project to address the collection system's deficiencies. These deficiencies were identified in an Act 537 Sewage Facilities Plan Special Study that was conducted to evaluate the nutrient limitation concerns and other needs within the system.

DWSRF Projects Being Considered:

<i>Applicant:</i>	Bear Valley Franklin County Pennsylvania Joint Authority
<i>County:</i>	Franklin
<i>Applicant Address:</i>	218 School House Road Saint Thomas, PA 17252

Project Description: This project includes the addition of three new groundwater sources: Wells No. 13, 16 and 17. Each source will be treated at Bear Valley Franklin County Pennsylvania Joint Authority's existing Fort Loudoun membrane filtration plant. Development of these additional sources will provide a combined additional source capacity of up to 1.56 million gallon per day.

Problem Description: The existing surface water source is not reliable during the summer and fall seasons due to low flows. Additionally, the interconnect with Chambersburg is not available if Chambersburg needs the water for its own uses. The system's reliable source capacity does not meet the average and peak demands. This will ensure that the system has sufficient source capacity to meet the demands reliably and consistently.

<i>Applicant:</i>	Richland Borough
<i>County:</i>	Lebanon
<i>Applicant Address:</i>	5 Pine Street P.O. Box 676 Richland, PA 17087

Project Description: This project provides for an additional source of supply to the applicant's system. The installation will provide from transmission of the well water to the applicant's existing reservoir and treatment facilities. In addition, provisions are being incorporated into the design to include chemical injection points for sodium hypochlorite and a corrosion inhibitor, along with 4-log (99.99% purification) chlorine contact piping. This additional functionality will allow the applicant, if neces-

sary, to bypass the system's existing reservoir and treatment and supply water directly to the distribution system.

Problem Description: This project will provide a redundant source of supply by developing a new well, namely Well No. 9. The project will increase the applicant's ability to ensure safe and potable water is continuously supplied.

<i>Applicant:</i>	Perkasie Regional Authority
<i>County:</i>	Bucks
<i>Applicant Address:</i>	150 Ridge Road Sellersville, PA 18960

Project Description: Perkasie Regional Authority is proposing to install 6,000 LF of 8-inch diameter ductile iron waterline extension along Bethlehem Pike and Tabor Road. Construction of this waterline will provide public water to approximately 50 existing homes affected by perfluorooctane sulfonate and perfluorooctanoic acid contamination also known as per- and polyfluoroalkyl substances (PFAS).

Problem Description: Several private wells in East and West Rockhill Townships were found to have PFAS contamination. The contamination levels were found to be above the Environmental Protection Agency Health Advisory levels in some homes while other homes have lower levels of PFAS contamination in well water.

<i>Applicant:</i>	Bedford Township Municipal Authority
<i>County:</i>	Bedford
<i>Applicant Address:</i>	1007 Shed Road Bedford, PA 15522

Project Description: This project includes extending water service to approximately 130 residential homes within Bedford Township. The two new distribution areas, Area V and Area VI, will be connected by means of the following new sections of ductile iron piping; 16,800 LF of 10-inch diameter; 9,900 LF of 8-inch diameter; 5,500 LF of 6-inch diameter; and 1,600 LF of 4-inch diameter waterline. A section of Area VI will be connected to the booster pumping station constructed near the intersection of Mount Airy Drive and Cumberland Road.

Problem Description: Bedford Township Municipal Authority (Authority) will extend its distribution system to several existing neighborhoods currently served by individual wells. This is the final obligation as described in the Authority's Act 537 Plan originally approved in 2002 and updated in 2005.
