READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the Pennsylvania Bulletin

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 255—LOCAL COURT RULES

BERKS COUNTY

Detention or Incarceration of Minor Defendants Charged in Adult Criminal Court; No. CP-06-AD-13-2023; No. 23-303

Order

And Now, this 27 day of March, 2023, in consideration of the requirements set forth in the Juvenile Justice Reform Act of 2018, specifically the requirements as codified at 34 U.S.C. § 11133(a)(11)(B), it is hereby *Ordered* that the following procedures shall apply whenever a minor defendant is arrested for an act designated as a crime under the laws of this Commonwealth and is subject to adult criminal proceedings, either as a “direct file” for an offense which does not fall under the jurisdiction of the juvenile courts pursuant to 42 Pa.C.S.A. § 6302, or as a matter transferred to adult criminal court pursuant to 42 Pa.C.S.A. § 6355:

1. For purposes of this Order, the following definitions shall apply:

“Adult inmate.” An individual who has reached the age of 18 and has been arrested and is in custody for or awaiting trial on a criminal charge or is convicted of a criminal offense.

“Jail or lockup for adults.” A secure facility that is used by the Commonwealth, unit of local government, or law enforcement authority to detain or confine adult inmates.

“Minor defendant.” A defendant who is less than 18 years old.

“Sight or sound contact.” Any physical, clear visual, or verbal contact that is not brief and inadvertent.

2. Upon arrest for an act designated as a crime under the laws of this Commonwealth and subject to adult criminal proceedings, the minor defendant shall be brought before a Magisterial District Judge for preliminary arraignment in accordance with the Pennsylvania Rules of Criminal Procedure. If during regular business hours, the minor defendant shall be brought before the issuing authority, or if after regular business hours, the minor defendant shall be brought before the on-call Magisterial District Judge at Reading Central Court.

3. The arresting law enforcement authority shall contact the District Attorney’s Office (if during regular business hours) or the on-call Assistant District Attorney (if after regular business hours) to advise them of the minor defendant’s apprehension and to receive the District Attorney’s Office’s input regarding detention. The arresting law enforcement authority shall further contact the Juvenile Probation Office (if during regular business hours) or the on-call Juvenile Probation Officer (if after regular business hours) to advise them of the minor defendant’s apprehension and to determine the availability of bed space at any appropriate juvenile facility.

4. While the minor defendant is in the custody of the Sheriff’s Department or other law enforcement agency awaiting preliminary arraignment, the Sheriff’s Department or other law enforcement agency shall ensure that the minor defendant has no sight or sound contact with any other adult inmate.

5. If the Magisterial District Judge sets monetary bail at the preliminary arraignment and the minor defendant is unable to post bail, the Magisterial District Judge shall immediately conduct a hearing to determine whether it is in the “interest of justice” to hold the minor defendant in a jail or lockup for adults or in a secure facility with sight or sound contact with adult inmates, in accordance with the provisions of 34 U.S.C. § 11133(a)(11)(B). The interest of justice hearing shall take place within six (6) hours from when the minor defendant was initially taken into custody on the underlying charges. In making said determination, the Magisterial District Judge shall consider:

- a. The age of the minor defendant;
- b. The physical and mental maturity of the minor defendant;
- c. The present mental state of the minor defendant, including whether the minor defendant presents an imminent risk of harm to the minor defendant;
- d. The nature and circumstances of the alleged offense;
- e. The minor defendant’s history of prior delinquent acts;
- f. The relative ability of the available adult and juvenile detention facilities to not only meet the specific needs of the minor defendant but also to protect the safety of the public as well as other detained youth; and
- g. Any other relevant factor.

6. During the hearing, the District Attorney or Assistant District Attorney and/or others such as members of the Juvenile Probation Office will offer relevant information to the Magisterial District Judge to consider in making a determination during the interest of justice hearing. The minor defendant also has the right to be represented by counsel and may offer evidence during the interest of justice hearing to the presiding Magisterial District Judge. The interest of justice hearing may be held virtually via Microsoft Teams or other similar technology.

7. If the minor defendant requests counsel for the interest of justice hearing and has not had an opportunity to apply for and receive public defender representation and has not retained private counsel, then Joseph Guilama, Esquire, or Catherine Nadirov, Esquire, shall be appointed to represent the minor defendant at the interest of justice hearing.

8. After hearing held, the Magisterial District Judge shall make its finding as to whether it is in the “interest of justice” to hold the minor defendant in a jail or lockup for adults or in a secure facility with sight or sound contact with adult inmates by entering an Order in writing, using the form Order attached hereto as Exhibit A. The Magisterial District Judge shall indicate on the face of the Order its determination regarding each of the enumerated factors.

9. If the Magisterial District Judge finds that it is not in the interest of justice to detain the minor defendant in a jail or lockup for adults or in a secure facility with sight or sound contact with adult inmates, the District Attorney or Assistant District Attorney shall immediately contact the Juvenile Probation Office (if during regular business hours) or the on-call Juvenile Probation Officer (if after regular business hours) to inform them of the need to house the minor defendant in an appropriate juvenile

facility. The Sheriff's Department shall provide the Juvenile Probation Office or on-call Juvenile Probation Officer with any personal information regarding the minor defendant (such as name, address, parents' or legal guardians' names, any medications the minor defendant is taking, any medical conditions, drug and/or alcohol use, etc.) which is necessary for the Juvenile Probation Office to place a minor defendant in an appropriate juvenile facility. Once the Juvenile Probation Office has determined an appropriate juvenile facility in which to hold the minor defendant, the Sheriff's Department shall promptly transport the minor defendant to said juvenile facility, ensuring at all times that the minor defendant have no sight or sound contact with adult inmates.

10. If the Magisterial District Judge finds that it is in the interest of justice to detain the minor defendant in a jail or lockup for adults or in a secure facility with sight or sound contact with adult inmates, the Sheriff's Department shall promptly transport the minor defendant to the Berks County Jail, ensuring at all times that the minor defendant have no sight or sound contact with adult inmates, unless sight or sound contact with adult inmates is authorized by the Magisterial District Judge as set forth above. Berks County Jail will then transport the minor defendant to the appropriate adult facility.

11. If the Magisterial District Judge finds that it is in the interest of justice to detain the minor defendant in a jail or lockup for adults or in a secure facility with sight or sound contact with adult inmates, the Court of Common Pleas shall hold a hearing to review the Magisterial District Judge's ruling within 72 hours of the Magisterial District Judge's Order. The Court of Common Pleas' review shall be de novo.

12. In reviewing the Magisterial District Judge's ruling, the Court of Common Pleas shall consider the same factors as set forth above and shall enter an Order in writing using the form Order attached hereto as Exhibit B, indicating on the face of the Order the Court's determination regarding each of the enumerated factors.

13. If the Court of Common Pleas finds that it is in the interest of justice to detain the minor defendant in a jail or lockup for adults or in a secure facility with sight or sound contact with adult inmates, the Court of Common Pleas shall hold a hearing and review its confinement order at least every 30 days.

14. A minor defendant shall not be detained in any jail or lockup for adults, or permitted to have sight or sound contact with adult inmates, for more than 180 days, unless the Court of Common Pleas, in writing, determines

there is good cause for an extension or the minor defendant expressly waives this limitation.

15. A party may file a motion in the Court of Common Pleas at any time requesting that a detained minor defendant be detained in a jail or lockup for adults or in a secure facility with sight or sound contact with adult inmates. When such a motion is filed, the Court of Common Pleas shall conduct an interest of justice hearing within 72 hours of the filing of the motion. The Court of Common Pleas shall consider each factor as enumerated above and issue its Order in writing using the form Order attached hereto as Exhibit B.

16. Where a minor defendant is required to appear in person for a hearing in the Court of Common Pleas, the minor defendant shall have no sight or sound contact with adult inmates, including during the transport to and from the Court of Common Pleas and during the minor defendant's time at the Court of Common Pleas, unless sight or sound contact has been previously authorized.

17. Judge Scott E. Lash is assigned to conduct all interest of justice hearings for the Court of Common Pleas where the minor defendant is charged with murder or voluntary manslaughter. If Judge Lash is unavailable, Judge Eleni Dimitriou Geishauser or such other Common Pleas Judge assigned to handle juvenile matters may conduct the interest of justice hearing. In all other cases where murder or voluntary manslaughter is not charged, the interest of justice hearings held in front of the Court of Common Pleas shall be conducted by the criminal court judge to whom the minor defendant's case will be assigned. If said assigned Judge is unavailable, Judge Lash, Judge Geishauser, or such other Common Pleas Judge assigned to handle juvenile matters may conduct the interest of justice hearing.

18. If any Court determines, pursuant to this Order, that it is in the interest of justice for a minor defendant to be detained in an adult facility, the Order shall state that the Prison Rape Elimination Act standards for youthful inmates still apply.

19. If a minor defendant turns 18 during the pendency of his case, the provisions of this Order shall no longer apply, and if the now-adult defendant remains in detention on his case, he may be transferred to the Berks County Jail to be housed with other adult inmates without further Order of the Court.

Order

The Court, having determined that the above-named juvenile charged as an adult should remain in confinement, now must determine the appropriate facility in which that confinement should occur. Pursuant to section 223(a)(11)(B) of the Juvenile Justice and Delinquency Prevention Act (JJJPA) (see 34 U.S.C. § 11133(a)(11)(B)), a juvenile who is charged as an adult must not be held in an adult jail or lockup, nor have sight or sound contact with adult inmates, unless the Court determines that it is in the interest of justice, by making certain findings. (Failure to comply with this requirement will result in an instance of noncompliance with the statutory requirement and may affect the Commonwealth's ability to receive its full Formula Grants Program funding under Title II, Part B, of the JJJPA.)

The Court therefore determines the following:

- 1. The Court has conducted a hearing on this matter, with the juvenile charged as an adult participating and represented by counsel;
- 2. The Court determines that it is is not in the interest of justice to confine the juvenile in an adult jail or lockup;
- 3. In making this decision, the Court has considered each of the following factors:
 - a. The age of the juvenile: _____ ;
 - b. The physical and mental maturity of the juvenile;
 - c. The nature and circumstances of the alleged offense;
 - d. The juvenile's prior delinquent acts: _____ ;
 - e. The current mental state of the juvenile;
 - f. The juvenile does does not pose an imminent risk of harm to themselves;
 - g. The available juvenile detention facilities can cannot meet the needs of the juvenile and protect public safety and other detained youth;
 - h. The available adult facilities can cannot meet the needs of the juvenile and protect public safety;
 - i. The following other relevant factors:

Based upon these findings the Court determines that it is is not in the interest of justice for the juvenile to be held in an adult jail or lockup.

(Insert following paragraphs only if determination is made to detain juvenile in an adult facility)

It is is not in the interest of justice to keep the juvenile sight and sound separated from adult inmates.

Notwithstanding any provision in this Order, the standards for youthful inmates pursuant to the Prison Rape Elimination Act of 2003, 34 U.S.C. § 30301 et seq., still apply.

The Court of Common Pleas shall conduct a de novo hearing to review this Court's findings within 72 hours of this Order.

PROPOSED RULEMAKING

GAME COMMISSION

[58 PA. CODE CH. 135]

Lands and Buildings; Special Wildlife Management Areas

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its January 28, 2023, meeting to amend §§ 135.101—135.107 (relating to special wildlife management areas) to simplify, reorganize and modernize these special wildlife management area regulations.

This proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

This proposed rulemaking was made public at the January 28, 2023, meeting of the Commission. Comments can be sent until April 12, 2023, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

The Commission's Middle Creek Wild Management Area and Pymatuning Wildlife Management Area are prime destinations for wildlife and people who care about wildlife and wild places. The Commission built these special wildlife management areas at a time when Canada geese were in less than desirable numbers within this Commonwealth, particularly in the east. But over time, the Middle Creek Wildlife Management Area and Pymatuning Wildlife Management Area have become so much more for myriad wildlife species and countless residents in this Commonwealth and tourists. The Commission has determined that the regulations governing the use and access to these special wildlife management areas are needlessly complex, redundant, outdated and simply inconsistent with current available technologies, particularly as it relates to management of the controlled hunts. The Commission is proposing to amend §§ 135.101—135.107 to simplify, reorganize and modernize these special wildlife management area regulations.

Section 721(a) of the code (relating to control of property) provides "The administration of all lands and waters owned, leased or otherwise controlled by the commission shall be under the sole control of the Director, and the commission shall promulgate regulations consistent with the purpose of this title for its use and protection as necessary to properly manage these lands or waters." The amendments to §§ 135.101—135.107 are proposed under this authority.

2. Regulatory Requirements

This proposed rulemaking will amend §§ 135.101—135.107 to simplify, reorganize and modernize these special wildlife management area regulations.

3. Persons Affected

Persons wishing to use and access any area designated as a special wildlife management area within this Commonwealth will be affected by this proposed rulemaking.

4. Cost and Paperwork Requirements

This proposed rulemaking should not result in any additional cost or paperwork.

5. Effective Date

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. Contact Person

For further information regarding this proposed rulemaking, contact Jason L. DeCoskey, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

Annex A

TITLE 58. RECREATION

PART III. GAME COMMISSION

CHAPTER 135. LANDS AND BUILDINGS

Subchapter F. SPECIAL WILDLIFE MANAGEMENT AREAS

§ 135.101. [Scope] Designation of special wildlife management areas.

(a) [The Commission may create special wildlife management areas on lands, waters and buildings under its ownership, lease or jurisdiction. Specific parts of these areas may be referred to as controlled goose hunting areas, controlled duck hunting areas, propagation areas, public hunting areas, public recreation areas or a designation consistent with the use of lands, waters or buildings] Authority to designate special wildlife management areas. The Commission may designate any lands and waters it owns, leases or otherwise controls as a special wildlife management area. The Commission will mark any area designated as a special wildlife management area with conspicuous signage designating its boundaries.

(b) [In addition to §§ 135.2 and 135.41 (relating to unlawful actions; and State game lands) and 50 CFR Part 20 (relating to migratory bird hunting), this subchapter pertains to areas designated as special wildlife management areas] Authority to designate areas within special wildlife management areas. The Commission may designate any lands or waters within an established special wildlife management area as a public recreation area propagation area, open public hunting or trapping area, controlled hunting or trapping area, or any other designation consistent with the intended use of the lands and waters. The Commission will mark any internally designated area within a special wildlife management area with conspicuous signage designating its boundaries and stating the intended purpose of the area.

(c) [Boundaries shall be conspicuously posted with signs designating the purpose of an area.] Designated special wildlife management areas. The following areas of this Commonwealth are designated as a special wildlife management area:

(1) Middle Creek Wildlife Management Area. The area otherwise known as State Game Land No. 46, that is located in Clay, Elizabeth and West Cocalico Townships, Lancaster County and Heidelberg Township, Lebanon County.

(2) Pymatuning Wildlife Management Area. The area otherwise known as State Game Land No. 214, that is located in North Shenango, Pine, Sadsbury and West Fallowfield Townships, Crawford County.

(d) [The Director has the authority to open special wildlife management areas, or parts thereof to hunting or trapping for the purpose of population control when it is determined that uncontrolled numbers of certain species have become detrimental to the area.

(1) When a certain area is declared open to hunting or trapping by the Director, the number of hunters/trappers may be limited by a permit or drawing.

(2) The Director may declare the area open to unlimited hunters or trappers and no permit or drawing will be required at which time §§ 135.102(a)(1) and (3), (b)(1) and (2) and (d), 135.104(1), 135.106(a)(1), (c)(1) and (d)(1) and 135.107(a)(1) and (b)(1) do not apply] Scope. In addition to the requirements and limitations of §§ 135.2, 135.41 and 135.161 (relating to unlawful actions; State game lands; and Commission-owned or leased), the provisions of this subchapter shall govern public use and access to any area designated as a special wildlife management area.

§ 135.102. [Controlled goose and controlled duck hunting areas] Designation of areas within an established special wildlife management area.

(a) [*Hunting.*

(1) *General.* Hunting is by permit only. Permits will be issued on hunting days at a designated registration center. Decoys and dogs are permitted. Dogs shall be kept under control.

(2) *Check-out restriction.* A hunting permit holder shall check out at the registration center immediately upon vacating the blind and surrender, in person, the permit. A hunter shall submit birds or mammals taken for examination at the registration center. The deadline for check-out shall be 1 hour following the expiration time, as indicated on the permit.

(3) *Unlawful acts.* It shall be unlawful to:

(i) Allow dogs to run unaccompanied or without direction and control.

(ii) Possess firearms except in connection with a hunting permit] Public recreation areas. An area designated by the Director as a public recreation area within an established special wildlife management area is open to public access for recreation purposes. Hunting and trapping opportunities are closed within any area designated as a public recreation area. The Director may also impose further travel or use restrictions within a public recreation area with appropriate signage or postings.

(b) [*Trapping.*

(1) *General.* Trapping permits will be issued on a first-come, first-served basis or by drawing until the quota, established by the Director or a designee, has been filled.

(2) *Surrendering permit.* A trapping permit holder shall surrender the permit at the registration center, either in person or by mail, within 4 days of the expiration date, indicated on the permit, along with a written report of animals taken on a form supplied with the permit. A person failing to surrender a permit, or file a report, may be denied trapping privileges on the area for 3 years] Propagation areas. An area designated by the Director as a propagation area within an established special wildlife management area is generally closed to public access. Entry into and hunting and trapping within a propagation area is controlled by an access permit authorization under §§ 135.103 and 135.161 (relating to controlled hunting and trapping area access permit procedures; and Commission-owned or leased).

(c) [*Harvest control.* Hunting and trapping for any species may be stopped by the Director or a designee when, in his opinion, an adequate harvest of that species has occurred on the area] Open public hunting and trapping areas. An area designated by the Director as an open hunting and trapping area within an established special wildlife management area is open to public access for general hunting and trapping activities. The Director may impose further travel or use restrictions within an open hunting and trapping area with appropriate signage or postings.

(d) [*Cancellation of permits.* Permits may be cancelled or denied for infractions of the act, Federal regulations or regulations adopted for wildlife management areas] Controlled hunting and trapping areas. An area designated by the Director as a controlled hunting or trapping area within an established special wildlife management area is limited to hunting or trapping of designated game and wildlife by access permit only. The Director may impose further travel or use restrictions within a controlled hunting or trapping area with appropriate signage or postings.

§ 135.103. [Registration for controlled goose hunting areas] Controlled hunting and trapping area access permit procedures.

[The following apply to reservations for controlled goose hunting areas:

(1) Applications shall be submitted on a form and in the manner designated by the Commission. Applications must include the applicant's name, address, date of birth and Commission-issued Customer Identification Number, and any other information required by the Commission.

(2) Applications for controlled goose hunting areas in the Middle Creek Wildlife Management Area or the Pymatuning Wildlife Management Area shall be submitted to the Commission by the deadline set by the Director or a designee.

(3) An individual may submit no more than one official application per year to hunt on a controlled

hunting area in this Commonwealth. Incomplete, illegible or duplicate applications will not be included in the drawing.

(4) The Director will establish the number of applications to be drawn no later than 20 days prior to the respective drawing of reservations for the Middle Creek and Pymatuning Wildlife Management Areas. Reservations will be awarded by the Commission to individuals selected during random public drawings from all eligible applications submitted for each management area. The drawings for each management area will occur on the date, time and at the location set by the Director or a designee. The Commission will hold separate drawings for the disabled access blinds for persons in possession of a disabled person permit issued under section 2923(a) of the act (relating to disabled person permits).

(i) *Youth only day.* The Director may designate 1 shooting day at the Middle Creek and Pymatuning Wildlife Management Areas as a youth-only day. Adults who accompany a junior hunter on this day may participate in the hunt by calling only. Applications received from junior hunters will be separated and drawn prior to the other applications on the established drawing date for the Special management area. Unsuccessful applicants for the youth shooting day will then be placed with all other applications and the drawing will proceed until all shooting days are filled.

(ii) *Veterans or veterans with disabilities only day.* The Director may designate 1 shooting day at the Middle Creek and Pymatuning Wildlife Management Areas as a veterans with disabilities only day. Only persons who possess a resident disabled veteran license, a reduced fee resident disabled veteran license or persons who possess a senior lifetime resident license or senior lifetime resident combination hunting license who can provide documentation evidencing their eligibility for the resident disabled veteran license or a reduced fee resident disabled veteran license are eligible to apply. Successful applicants may be accompanied by up to three properly licensed guests of any general or base hunting license classification. Applications received from veterans with disabilities will be separated and drawn prior to all other applications on the established drawing date for each wildlife management area.

(5) A reservation is not transferable. The person whose name appears on the reservation shall present the reservation in person at the wildlife management area registration center designated. A reservation shall entitle the applicant to bring not more than three guests with him. Guests shall be present and register.

(6) Except as otherwise provided in subparagraph (i), each person is permitted to hunt only 1 day per season on only one controlled goose hunting area as either a reservation holder or a guest of a reservation holder.

(i) *Exception.* In the absence of applications for unclaimed blinds from persons who have not previously been a registration holder or the guest of a registration holder on the morning of the designated shooting day, a person who has previously been a registration holder or the guest of a regis-

tration holder may apply for an unclaimed blind in the manner provided for in paragraph (8).

(ii) *Penalty.* Except as otherwise authorized by subparagraph (i), a person who files more than one application or hunts more than one time per season on one or more controlled goose hunting areas within this Commonwealth will be denied the privilege to hunt any controlled goose hunting area for 3 years.

(7) A reservation for 1 day is valid only up to 1/2 hour before the daily shooting time.

(8) Blinds will be assigned, by drawing, to reservation holders on the morning of the designated shooting day. A blind which is unclaimed will be assigned by drawing to persons present and applying for the unclaimed blinds on the morning of each shooting day, 1/2 hour prior to shooting time.]

(a) *Authority to establish and cancel dates and quotas.* The Director will establish the dates and number of available access permits each year for any authorized hunting or trapping activities approved for an established controlled hunting or trapping area. The Director may treat any area designated as a propagation area within a special wildlife management area in the same manner as a controlled hunting or trapping area as it relates to the authorization of hunting and trapping by access permit. The Director may cancel or suspend any authorized hunting or trapping dates for an established controlled hunting or trapping area when the Commission determines that an adequate number of the respective game or wildlife has been taken, a game or wildlife health or disease concern has been identified or some other circumstance warrants suspension or closure.

(b) *Notice.* The Commission will provide notice of the opening or closure of limited hunting or trapping opportunities for designated game and wildlife within an established controlled hunting or trapping area through a public announcement, web site or other means reasonably intended to reach the widest audience. Notice of the opening of limited hunting or trapping opportunities within an established controlled hunting or trapping area will also include information concerning the application process.

(c) *Application.*

(1) *Eligibility.* An applicant must possess a valid and current hunting or trapping license, whichever is applicable, plus any other license, stamp or permit that is required for the designated game or wildlife, to be eligible to make application for an access permit. An applicant is eligible to submit only one application per drawing for an access permit to participate in a controlled hunting or trapping activity on any established special wildlife management area.

(2) *Timeliness, form and content.* Applications for a controlled hunting or trapping permit shall be submitted on a form, in the manner and by the deadline established by the Commission. Applications must include the applicant's name, Commission-issued Customer Identification Number and any other information required by the Commission. Incomplete, illegible, duplicate or late applications will be rejected.

(d) Drawing.

(1) The Commission will conduct a random drawing of applications to select participants for each authorized hunting or trapping activity approved for an established controlled hunting or trapping area. Successful applicants will be issued an access permit specifying the dates and the authorized species for the applicable hunting or trapping activity. Access permits are not transferable. The Commission may conduct special random drawings prior to scheduled regular drawings for controlled hunting or trapping area access permits that are reserved for:

(i) Junior license holders and persons in possession of a valid mentored youth permit issued under Chapter 147, Subchapter X (relating to Mentored Hunting Program permit). An adult who accompanies a junior license holder or mentored youth permit holder on an established special youth day may participate in the hunt by calling, but may not harvest any game or wildlife.

(ii) Persons in possession of a disabled person permit issued under section 2923(a) of the act (relating to disabled person permits).

(iii) Persons in possession of a resident disabled veteran license, a reduced fee resident disabled veteran license or persons who possess a senior lifetime resident license or senior lifetime resident combination hunting license who can provide documentation evidencing their eligibility for the resident disabled veteran license or a reduced fee resident disabled veteran license.

(iv) Persons in possession of a resident general hunting license, senior lifetime resident license or senior lifetime resident combination hunting license who can provide documentation evidencing their veteran status.

(2) The Commission will include all unsuccessful applications from special random drawings with all other standard applications awaiting the regular drawings.

(e) Unclaimed permits. If one or more successful applicants cancels or fails to appear for check-in by 1/2 hour prior to open hunting hours on the scheduled date and time for their hunting or trapping opportunity for any controlled hunt that requires in-person check-in, the Commission may void the issued access permits and conduct a random drawing to reassign unclaimed access permits.

§ 135.104. [Restrictions on controlled goose hunting areas] Controlled hunting and trapping area access requirements and limitations.

[It is unlawful to:

(1) Take wildlife other than ducks, geese, coots and mergansers, except by permit issued by the Director or a designee.

(2) Remove ducks, geese, coots and mergansers from a blind prior to vacating the blind to check out.

(3) Remain in a blind when the maximum limit of geese, has been killed or the ammunition limit has been expended, or after the time specified on the permit has expired.

(4) Shoot from other than an assigned blind.

(5) Enter a closed blind, or a blind other than the one assigned.

(6) Shoot on, along or from a road or parking area.

(7) Possess more than ten rounds of ammunition per hunter in the blind. This does not prohibit one member of a party in a blind from giving part of the ten-round allotment to another member of the same party, while in the blind.

(8) Obtain or possess more than the original ten rounds of ammunition permitted at the beginning of each day.

(9) Take more than one Canada goose per person per day at a controlled goose hunting area. Season and daily limits on other waterfowl shall conform with Chapter 139 (relating to seasons and bag limits) and 50 CFR Part 20 (relating to migratory bird hunting).

(10) Take more than one Canada goose per person per season at the Middle Creek Wildlife Management Area controlled goose hunting area.]

(a) Check-in. A person issued an access permit shall check-in upon arrival at the special wildlife management area in the manner set forth in the instructions provided with their permit, which may include physical presentation of their permit to Commission staff at a designated registration area. A person issued a 1-day access permit must check-in on the scheduled date within 1/2 hour before open hunting hours for that day, otherwise the Commission may void the access permit and conduct a random drawing to reassign the unclaimed access permit as set forth in § 135.103(e) (relating to controlled hunting and trapping area access permit procedures).

(b) Check-out. A person issued a controlled hunting or trapping area access permit shall check-out upon departure from the assigned controlled hunting or trapping area in the manner set forth in the instructions provided with their permit, which may include physical presentation of the permit and any game or wildlife harvested to Commission staff at a designated registration area or the mailing of a harvest report card supplied with the permit by the deadline specified on the permit. A person issued a controlled hunting area access permit shall check-out of the controlled hunting area no later than 1 hour after the close of hunting hours for the day as set forth in § 141.4 (relating to hunting hours) or within 1 hour of the closing time specified on their access permit.

(c) Access restricted.

(1) Except as provided in this subsection, entry into a controlled hunting or trapping area without a valid controlled hunting or trapping area access permit is prohibited.

(2) A person in possession of a valid access permit may enter only the controlled hunting or trapping area or hunting blind designated on their access permit.

(3) A person may recover wounded or harvested game or wildlife from a controlled hunting or trapping area that is not designated on their access permit only after receipt of specific advance permission from the Commission.

(4) A person with a valid controlled hunting or trapping area access permit is prohibited from entering or remaining in a controlled hunting or trapping area at any time outside of 1 hour before or 1 hour after legal hunting hours as set forth in § 141.4 or as specified on their access permit without specific advance permission from the Commission.

§ 135.105. [Public hunting areas] Hunting hours in a controlled hunting area.

[The following apply to public hunting areas:

(1) Public hunting areas are those areas not included in the controlled goose area, the controlled duck area, propagation area or public recreation area.

(2) Hunting wildlife, in season, including waterfowl, is lawful] A person hunting game or wildlife within a controlled hunting area shall comply with the hunting hours provisions set forth in § 141.4 (relating to hunting hours) or as specified on their access permit.

§ 135.106. [Pymatuning Wildlife Management Area] Controlled hunting and trapping area harvest limitations.

(a) [In addition to §§ 135.2 and 135.41 (relating to unlawful actions; and State game lands) and this subchapter, the following pertain to the Pymatuning Wildlife Management Area:

(1) Entering, hunting or trapping on the controlled goose and duck areas is by permit only.

(2) Waterfowl hunting is permitted Monday, Wednesday, Friday and Saturday.

(3) Hunting shall conform to the legal hunting hours in § 141.4 and Chapter 141, Appendix G (relating to hunting hours), except legal hunting hours for waterfowl hunting ends each open day at 12:30 p.m.] Species restriction. A person with a valid controlled hunting or trapping area access permit is authorized to hunt, trap or harvest, whichever is applicable, only the game or wildlife species designated on their access permit. All other hunting, trapping or harvesting is prohibited.

(b) [The following apply to reservations for the controlled duck hunting area:] Nontoxic shot restrictions.

(1) [Reservations will be made on each designated shooting day at the registration center. Hunting is limited to 85 hunters at one time on the 2 areas combined. Reservations will be issued on a first-come, first served basis if there are 85 hunters or less applying at the registration center and 1 1/2 hours prior to the opening hunting hour. If there are more than 85 applicants present, a drawing will be held to determine to whom the 85 permits are issued] Small game other than waterfowl. Notwithstanding the authorizations under § 141.22(a)(2) and (c)(1)(ii) (relating to small game seasons), a person hunting small game, other than waterfowl, in a small game controlled hunting area is prohibited from using multiple-projectile ammunition containing any lead shot. Multiple-projectile ammunition is authorized only if it contains nontoxic shot

of such sizes and compositions as are otherwise authorized under § 141.22(a)(2) or (c)(1)(ii), whichever is applicable.

(2) [Permits returned to the registration center prior to 10 a.m. may be released to another applicant] Waterfowl. A person hunting waterfowl in a waterfowl controlled hunting area is prohibited from using multiple-projectile ammunition containing any lead shot. Multiple-projectile ammunition is authorized only if it contains nontoxic shot of such sizes and compositions as are otherwise authorized in § 141.23 (relating to nontoxic shot).

(c) [The following apply to the controlled duck hunting areas:] Controlled hunting or trapping area restrictions.

(1) [Ducks, coots and mergansers are the only legal game; taking other wild birds or mammals is prohibited, except by permit issued by the Director or a designee] Parking. If the Commission assigns a parking placard to an access permit holder for any controlled hunting or trapping activity, the permit holder shall park only in assigned parking areas and shall display the parking placard on the dashboard of their vehicle in a manner that allows it to be visible from the exterior of the vehicle.

(2) [A hunter shall possess on his person the identification tag furnished by the Commission while on the areas. The identification tag is valid for entry upon the area indicated on the tag. Entry upon another area is prohibited. Identification tags shall be returned to the registration center at check-out time] Restriction on dogs. A person hunting or trapping game or wildlife within a controlled hunting or trapping area is prohibited from allowing a dog to run unaccompanied or without direction and control.

(3) Shooting on, along or from a road or parking area. A person hunting or trapping game or wildlife within a controlled hunting or trapping area is prohibited from shooting on, along or from parking areas.

(d) [The following apply to special deer hunts within the Pymatuning Wildlife Management Area:] Controlled waterfowl hunting area specific restrictions.

(1) [Authority to establish special hunt. The Director may authorize special deer hunts within the Pymatuning Wildlife Management Area by permit. The Director will establish the number of access permits to be issued and designate the one or more hunt zones within the controlled area prior to the opening of the earliest established deer season] A person hunting waterfowl in a controlled waterfowl hunting area or blind is authorized to begin the hunt and thereafter possess or discharge no more than ten rounds of ammunition. This paragraph does not prohibit one member of a party in a controlled waterfowl hunting area or blind from giving part of their original ten-round allotment to another member of the same hunting party. The Director may waive the limitations of this paragraph for any designated youth waterfowl hunting day.

(2) [Permit authorization. During any year the Director authorizes a special deer hunt within the

Pymatuning Wildlife Management Area, permitted hunters are eligible to access the controlled area to hunt deer during any applicable antlered or antlerless deer season established in § 139.4 (relating to seasons and bag limits for the license year) using valid antlered and antlerless licenses and harvest tags issued to them. Notwithstanding § 135.161(2) (relating to Commission-owned or leased), the Executive Director may designate dates for deer hunting outside of established seasons and bag limits within the controlled area as authorized by § 139.3 (relating to authority to alter seasons and bag limits)] A person hunting waterfowl in a controlled waterfowl hunting area is prohibited from removing any waterfowl from the person's assigned waterfowl hunting area or blind prior to final check-out for that day.

(3) [*Applications.* An individual possessing a valid hunting license for the current license year may submit a maximum of one application per year to participate in a special deer hunt within the Pymatuning Wildlife Management Area. Applications must include the applicant's name, address, date of birth, Commission-issued Customer Identification Number and any other information required by the Commission. Applicants shall submit completed applications in the manner directed by the Director or a designee. Incomplete, illegible or duplicate applications will not be included in the drawing] A person hunting waterfowl in a controlled waterfowl hunting area is prohibited from harvesting more than one Canada goose per person per day. Seasons and daily limits for all other waterfowl shall conform with Chapter 139 (relating to seasons and bag limits) and 50 CFR Part 20 (relating to migratory bird hunting).

[(4) *Drawing.* The Director or a designee will establish the application deadline and the date, time and location for the random drawing of applications for the issuance of special deer hunt permits within the Pymatuning Wildlife Management Area. Special deer hunt access permits are not transferrable.

(5) *Hunting hours and duration of access limited.* Hunting during the special deer hunt shall conform to the legal hunting hours in § 141.4 and Chapter 141, Appendix G, except legal hunting hours for deer begins each open day at 12:30 p.m. Permittees may access the controlled area no sooner than the start of legal hours and all permittees shall vacate the controlled area within 1 hour after the close of hunting hours. Entering or remaining in the controlled area after this period shall be authorized in advance by the Commission after a report is made to the Commission's Northwest Regional Office.

(6) *Access to controlled area limited.* A permittee may enter and hunt deer only within the hunt zone or hunt zones designated by his permit. Entry into other hunt zones or areas outside of the hunt zones to pursue a wounded deer shall be authorized in advance by the Commission after a report is made to the Commission's Northwest Regional Office.

(7) *Parking.* A permittee shall park only in assigned parking areas and shall display the provided parking placard on the dashboard of the vehicle in a manner that allows it to be read from the exterior of the vehicle.

(8) *Reporting.* A permittee that successfully harvests a deer during the special deer hunt shall report the harvest to the Commission within 10 days of the kill by completing the report card supplied with the special deer hunt permit for reporting deer killed and mail the report card to the Pymatuning Wildlife Management Area in Hartstown, PA, or by any other method designated by the Director.

(9) *Violations.* A person violating any requirement or restriction established within this section may be prosecuted under section 721 of the act (relating to control of property) or other applicable provision of the act and, upon conviction, be sentenced to pay the fine prescribed in the act. Furthermore, the Director may deny, revoke or suspend a permit for any violation of the requirements of this subchapter upon written notice to the permittee.]

§ 135.107. [Middle Creek Wildlife Management Area] Unlawful acts.

[(a) In addition to §§ 135.2 and 135.41 (relating to unlawful actions; and State game lands) and this subchapter, the following pertain to the Middle Creek Wildlife Management Area:

(1) Entering, hunting, trapping or fishing on the controlled areas shall be by permit only, except as listed in paragraph (3).

(2) From March 1 to September 14, entry on foot or vehicle is restricted to roadways and designated trails, except that when gates are closed, entry is prohibited.

(3) Shooting on, along, or from parking areas or highways which traverse or parallel the controlled Hunting Area is prohibited.

(4) Waterfowl hunting is permitted on Tuesday, Thursday and Saturday. Starting times conform to State and Federal regulations. Shooting ends at 1:30 p.m.

(5) A permit holder shall surrender, in person, the permit at the registration center through which he entered. A hunter shall submit for examination all game taken. The deadline for checking out is 2:30 p.m.

(6) Nontoxic shot in sizes no larger than # 4 Bismuth/tin and # 2 steel shall be used in the controlled and propagation areas for hunting small game. For hunting waterfowl, nontoxic shot no larger than size "T" shall be used.

(b) The following apply to special deer hunts on the controlled areas:

(1) Special deer hunt will be by permit only.

(2) A drawing shall be conducted at the visitor center to determine successful applicants on dates designated by the Director or a designee.

(3) The number of permits and methods of issue will be set by the Director or a designee prior to the drawing.

(4) The Director reserves the right to suspend the hunt and cancel remaining permits when an adequate number of deer have been taken.

(5) A successful permittee shall submit the deer for examination at the visitor center on the date of the permit.

(6) A permittee shall return the permit to the visitor center not later than 1/2 hour after the closing time of the hunt, as specified on the permit.

(7) Hunters participating in the special archery and muzzleloader hunts inside the controlled areas shall wear a minimum of 250 square inches of fluorescent orange material on the head, chest and back combined.

(8) Notwithstanding the provisions in § 135.161(2) (relating to Commission-owned or leased lands or waters), the Director may designate dates for deer hunting outside of established seasons and bag limits.

(c) The following apply to special rabbit and squirrel hunts on the controlled hunting areas:

(1) Rabbit and squirrel hunting will be by permit only.

(2) A drawing will be conducted at the visitor center to determine successful applicants on dates designated by the Director or a designee.

(3) The number of permits and methods of issue shall be set by the Director or a designee prior to the drawing.

(4) The Director reserves the right to suspend the hunt and cancel remaining permits when an adequate number of rabbits or squirrels, or both, have been taken.

(5) The permittee shall return the permit and report form to the visitor center by United States Postal Service no later than 5 days after the expiration of the permit] A person violating any provision of this subchapter may be prosecuted under section 721 of the act (relating to control of property) or other applicable provision of the act and, upon conviction, be sentenced to pay the fine prescribed in the act. Furthermore, the Director may deny, revoke or suspend a permit for any violation of this subchapter upon written notice to the permittee.

GAME COMMISSION

[58 PA. CODE CH. 137]

Wildlife; Chronic Wasting Disease Restrictions

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its January 28, 2023, meeting to amend § 137.35 (relating to Chronic Wasting Disease restrictions) to: 1) authorize a Statewide Chronic Wasting Disease (CWD) cooperator program; 2) authorize any Statewide cooperator the ability to accept high-risk cervid parts imported into this Commonwealth from other states, Canadian provinces or other locations or exported from a disease management area (DMA); and 3) prohibit the placement of high-risk cervid parts on the landscape anywhere within this Commonwealth that are derived from any cervid harvested, taken or killed outside of this Commonwealth or within any DMA or Established Area (EA).

This proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

This proposed rulemaking was made public at the January 28, 2023, meeting of the Commission. Comments can be sent until April 12, 2023, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

Current CWD regulations restrict movement of high-risk cervid parts from being imported or removed from any DMA or EA created within this Commonwealth. These restrictions directly impact and limit where successful hunters can take cervids for processing and taxidermy. In an effort to provide hunters with more options, the Commission established “cooperating processors and taxidermists” (cooperators) who were authorized to receive high-risk cervid parts at their facilities. These cooperators are approved based upon their compliance with proper disposal requirements for high-risk cervid parts to help limit human-assisted spread of CWD. Currently, cooperators are specific to a current DMA and do not allow access to cooperators associated with other DMAs, regardless of proximity. The Commission has determined that limiting public access to DMA specific cooperators adds unnecessary complexity and confusion for cooperators and hunters alike.

In an effort to simplify CWD regulations and enhance protections against human-assisted spread of CWD, the Commission is proposing to amend § 137.35 to: 1) authorize a Statewide CWD cooperator program; 2) authorize any Statewide cooperator the ability to accept high-risk cervid parts imported into this Commonwealth from other states, Canadian provinces or other locations or exported from a DMA; and 3) prohibit the placement of high-risk cervid parts on the landscape anywhere within this Commonwealth that are derived from any cervid harvested, taken or killed outside of this Commonwealth or within any DMA or EA. This new structure will allow hunters to use any cooperating processor or taxidermist within this Commonwealth rather than limiting hunters to cooperators associated only with a particular DMA. This new structure will also allow for a limited or controlled authorization for hunters to import high-risk cervid parts into this Commonwealth.

Section 2102(a) of the code (relating to regulations) provides that “The commission shall promulgate such regulations as it deems necessary and appropriate concerning game or wildlife and hunting or furtaking in this Commonwealth, including regulations relating to the protection, preservation and management of game or wildlife and game or wildlife habitat, permitting or prohibiting hunting or furtaking, the ways, manner, methods and means of hunting or furtaking, and the health and safety of persons who hunt or take wildlife or may be in the vicinity of persons who hunt or take game or wildlife in this Commonwealth.” The amendments to § 137.35 are proposed under this authority.

2. Regulatory Requirements

This proposed rulemaking will amend § 137.35 to: 1) authorize a Statewide CWD cooperator program; 2) authorize any Statewide cooperator the ability to accept high-risk cervid parts imported into this Commonwealth from other states, Canadian provinces or other locations or exported from a DMA; and 3) prohibit the placement of high-risk cervid parts on the landscape anywhere within the Commonwealth that are derived from any cervid harvested, taken or killed outside of this Commonwealth or within any DMA or EA.

3. *Persons Affected*

Persons wishing to become a cooperator, persons wishing to import high-risk cervid parts into this Commonwealth from other states, Canadian provinces or other locations, and persons wishing to export high-risk cervid parts from a DMA or EA will be affected by this proposed rulemaking.

4. *Cost and Paperwork Requirements*

This proposed rulemaking should not result in any additional cost or paperwork.

5. *Effective Date*

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. *Contact Person*

TITLE 58. RECREATION
PART III. GAME COMMISSION
CHAPTER 137. WILDLIFE

§ 137.35. Chronic Wasting Disease restrictions.

(a) *Importation.*

(1) **General rule.** It is unlawful to import any high-risk parts or materials from cervids harvested, taken or killed outside of this Commonwealth.

(2) **Exceptions.** This subsection may not be construed to [limit]:

(i) **Limit** the importation of non-high-risk parts or materials from cervids harvested, taken or killed outside of this Commonwealth.

(ii) **Limit the importation of high-risk parts or materials from cervids harvested, taken or killed outside of this Commonwealth if the parts or materials are transported directly to any location or facility designated and approved in advance by the Commission to receive high-risk cervid parts for waste disposal, taxidermy or butchering purposes. Locations or facilities designated and approved to receive high-risk cervid parts for waste disposal, taxidermy or butchering purposes will be made known through public announcement, web site and other means reasonably intended to reach the widest audience. The following apply:**

(A) Application. A location or facility seeking approval to receive high-risk cervid parts for waste disposal, taxidermy or butchering purposes shall submit a completed application on a form and in the manner established by the Commission. Applications must include the applicant's name, business address, phone number, name of current commercial refuse pickup service or other approved disposal method and any other information required by the Commission.

(B) Approved locations and facilities. A location or facility approved by the Commission to receive high-risk cervid parts for waste disposal, taxidermy

or butchering purposes shall dispose of all high-risk cervid parts through a commercial refuse pickup service or other method approved by the Commission. An approved location or facility shall keep and maintain records of their use of an approved disposal method and provide access to these records upon request of the Commission. An approved location or facility shall also provide the Commission access to its location or facility during normal business hours to collect biological data and samples from harvested cervids.

(b) *Exportation.*

(1) **General rule.** It is unlawful to remove or export any high-risk parts or materials from cervids harvested, taken or killed, including by vehicular accident, within any Disease Management or Established Area established within this Commonwealth.

(2) **Exceptions.** This subsection may not be construed to [limit]:

(i) **Limit** the removal or exportation of non-high-risk parts or materials from cervids harvested, taken or killed within any Disease Management or Established Area established within this Commonwealth.

[(3) This subsection may not be construed to limit] (ii) Limit the removal or exportation of high-risk parts or materials from cervids harvested, taken or killed in any Disease Management or Established Area established within this Commonwealth if the parts or materials are transported directly to any location or facility designated and approved in advance by the Commission to receive high-risk cervid parts for waste disposal, taxidermy [or], butchering **or harvest reporting** purposes. Locations or facilities designated and approved to receive high-risk cervid parts for waste disposal, taxidermy [or], butchering **or harvest reporting** purposes will be made known through public announcement, web site and other means reasonably intended to reach the widest audience. **The following apply:**

(A) Application. A location or facility seeking approval to receive high-risk cervid parts for waste disposal, taxidermy, butchering or harvest reporting purposes shall submit a completed application on a form and in the manner established by the Commission. Applications must include the applicant's name, business address, phone number, name of current commercial refuse pickup service or other approved disposal method, and any other information required by the Commission.

(B) Approved locations and facilities. A location or facility approved by the Commission to receive high-risk cervid parts for waste disposal, taxidermy, butchering or harvest reporting purposes shall dispose of high-risk cervid parts only through a commercial refuse pickup service or other method approved by the Commission. An approved location or facility shall keep and maintain records of their use of an approved disposal method and provide access to these records upon request of the Commission. An approved location facility shall also provide the Commission access to their location or facility during normal business hours to collect biological data and samples from harvested cervids.

[(4)] (3) All cervids harvested, taken or killed within any Disease Management or Established Area established within this Commonwealth **or imported into this Com-**

monwealth are subject to disease testing. This testing may require hunters to present cervids, or cervid parts, for checking and sampling at prescribed locations under conditions in a forthcoming notice. The submission process, if any, will be made known through public announcement, web site and other means reasonably intended to reach the widest audience. The cost of testing, sampling and analysis will be borne by the Commission.

[(5)] (4) It is unlawful to rehabilitate wild, free-ranging cervids within any Disease Management or Established Area established within this Commonwealth.

[(6)] (5) It is unlawful to use or possess cervid urine-based attractants in any outdoor setting within any Disease Management or Established Area established within this Commonwealth.

[(7)] (6) It is unlawful to directly or indirectly feed wild, free-ranging cervids within any Disease Management or Established Area established within this Commonwealth. This prohibition may not be construed to apply to normal or accepted agricultural, habitat management, oil and gas drilling, mining, forest management, or other legitimate commercial or industrial practices. If otherwise lawful feeding is attracting cervids, the Commission may provide written notice prohibiting this activity. Failure to discontinue this activity is a violation of this section.

[(8)] (7) The Commission will not issue any new permit to possess or transport live cervids within any Disease Management or Established Area established within this Commonwealth.

(8) It is unlawful to transport or move a cervid harvested, taken or killed outside of this Commonwealth or within any Disease Management or Established Area from the location of harvest or kill and thereafter place or dispose of any high-risk cervid parts on the landscape anywhere within this Commonwealth. High-risk cervid parts shall be disposed of only through a commercial refuse pickup service or other method approved by the Commission.

(c) *Nonapplicability.*

(1) Nothing in this section shall be construed to extend to the regulation of captive cervids held under 3 Pa.C.S. Chapter 23 (relating to Domestic Animal Law) or the requirements of a lawful quarantine order issued by the Department of Agriculture.

* * * * *

(f) *Violations.* A person violating a requirement or restriction in this section may be prosecuted under section 2102 or 2307 of the act (relating to regulations; and unlawful taking or possession of game or wildlife) and, upon conviction, be sentenced to pay the fine prescribed in the act. **The Commission may deny, revoke or suspend a location or facility's authorization to receive high-risk cervid parts for waste disposal, taxidermy, butchering or harvest reporting purposes from any cervid harvested, taken or killed outside of this Commonwealth or within any Disease Management or Established Area.**

GAME COMMISSION

[58 PA. CODE CH. 143]

Hunting and Furtaker Licenses; Antlerless Deer Licenses

To effectively manage the wildlife resources of this Commonwealth, the Game Commission (Commission) proposed at its January 28, 2023, meeting to amend §§ 143.41—143.45 and delete §§ 143.48—143.56 to eliminate the mail-in antlerless deer license application process and replace it with an online and over-the-counter process.

This proposed rulemaking will not have an adverse impact on the wildlife resources of this Commonwealth.

The authority for this proposed rulemaking is 34 Pa.C.S. (relating to Game and Wildlife Code) (code).

This proposed rulemaking was made public at the January 28, 2023, meeting of the Commission. Comments can be sent until April 12, 2023, to the Director, Information and Education, Game Commission, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797.

1. Purpose and Authority

Historically, county treasurers have been the only class of issuing agents that were authorized to issue antlerless deer licenses. This limited authority structure necessitated the use of an inflexible and outdated mail-in antlerless license application process that generated inconsistent distribution results from year to year and from county to county. The act of November 3, 2022 (P.L. 2133, No. 148) (Act 148) expanded the Commission's authority to designate additional classes of issuing agents to issue antlerless deer licenses. This legislation became effective January 2, 2023.

Under this new legislation, the Commission is now able to designate any or all issuing agent classes as authorized to issue antlerless licenses. With these expanded issuing agent opportunities, the Commission is now able to implement full use of all of the PALS license sales system services for antlerless licenses that have been available for other license types for many years, including online and over-the-counter sales. The Commission does not anticipate that this modernized sales process will result in a significantly different license purchasing experience for most antlerless deer license applicants as it expects that many of these purchases will be combined with other license product purchases a la carte at the beginning of the license year.

The Commission is proposing to amend §§ 143.41—143.45 and delete §§ 143.48—143.56 to eliminate the mail-in antlerless deer license application process and replace it with an online and over-the-counter process. These amendments will make two notable changes to the antlerless deer license regulations. First, the eligibility criteria for the issuance of antlerless deer licenses outside of the allocations established to wildlife management units have been slightly expanded to include additional eligibility for disabled veteran and landowner licenses. Second, the antlerless deer license consecutive sales rounds timeline has been advanced a few weeks as a result of the elimination of the slower mail-in procedures. The remaining amendments to the regulatory text reorganize and reconstitute existing procedures and requirements for the distribution of antlerless deer licenses. The Commission will continue to accept applications for antlerless deer licenses allocated to each wildlife management unit on a first-come, first-served basis through one

or more sales rounds that will remain open until the supply of licenses is exhausted for each respective unit. This process will also maintain the familiar three-round application process that limits the distribution of one antlerless deer license per round followed by a fourth round of continuous over-the-counter sales for those wildlife management units with remaining allocations.

Section 2722(g)(2) of the code (relating to authorized license-issuing agents) provides that the Commission shall adopt regulations for "The administration, control and performance of activities conducted pursuant to the provisions of this chapter." The amendments to §§ 143.41—143.45 and deletion of §§ 143.48—143.56 are proposed under this authority.

2. *Regulatory Requirements*

This proposed rulemaking will amend §§ 143.41—143.45 and delete §§ 143.48—143.56 to eliminate the mail-in antlerless deer license application process and replace it with an online and over-the-counter process.

3. *Persons Affected*

Persons wishing to make application for an antlerless deer license within this Commonwealth will be affected by this proposed rulemaking.

4. *Cost and Paperwork Requirements*

This proposed rulemaking should not result in any additional cost or paperwork.

5. *Effective Date*

This proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin* and will remain in effect until changed by the Commission.

6. *Contact Person*

For further information regarding this proposed rule-making, contact Jason L. DeCoskey, Director, Bureau of Wildlife Protection, 2001 Elmerton Avenue, Harrisburg, PA 17110-9797, (717) 783-6526.

TITLE 58. RECREATION

PART III. GAME COMMISSION

CHAPTER 143. HUNTING AND FURTAKER LICENSES

Subchapter C. ANTLERLESS DEER LICENSES

§ 143.41. [Purpose and scope] General.

(a) [The intent of this section is to ensure a fair and equitable distribution of licenses] The purpose of this subchapter is to implement a structure and process that provides for the fair and equitable distribution of the antlerless deer licenses allocated by the Commission to each wildlife management unit annually.

(b) [The Commission, after reviewing available management data, will establish the number of antlerless deer licenses allocated to each wildlife management unit] The Commission will establish the annual allocation of antlerless deer licenses for each wildlife management unit after its review of available management data.

(c) [An application shall be accepted without restriction or regard to the applicant's county of residence. The following procedure shall be adhered to when determining successful applicants for licenses:

(1) Accept applications on a first-come-first-served basis.

(2) Envelopes received by first class mail delivered through and by the United States Postal Service will be processed and licenses issued as soon as practicable.

(3) This process of license issuance will continue until the available supply of licenses for that wildlife management unit is exhausted] The Commission will accept applications for antlerless deer licenses allocated to each wildlife management unit on a first-come, first-served basis through one or more sales rounds that will continue until the supply of licenses is exhausted for each wildlife management unit.

(d) [The Commission may act in the capacity of a county treasurer for issuing antlerless licenses if authority to issue licenses has been removed from any or all county treasurers] [Reserved].

(e) [Notwithstanding the provisions of this chapter limiting the number of licenses available, the Commission will authorize antlerless deer licenses to be issued regardless of an established quota to] Except as provided in subsection (f), notwithstanding the provisions of this subchapter limiting the total number of antlerless deer licenses allocated to each wildlife management unit, the Commission will establish a review process to authorize the issuance of licenses outside of the allocations established in each wildlife management unit to:

(1) A resident of this Commonwealth serving on active duty in the armed forces of the United States or in the United States Coast Guard or within 60 days of discharge from active duty under honorable conditions from the United States Armed Forces or United States Coast Guard.

(2) A disabled veteran as defined in section 2706(b)(1) and (1.1) of the act (relating to resident license and fee exemptions).

(3) An applicant who is eligible for a landowner antlerless deer license as authorized under section 2706(c) of the act.

(4) An applicant whom the [Executive Director] Commission has determined to have been erroneously denied [a license] an antlerless deer license.

(f) Except for antlerless licenses issued under subsection (e)(4), an eligible applicant may receive no more than one antlerless license each license year under any outside-of-allocation exception set forth in subsection (e). Should an applicant be eligible for two or more conditions, only one exception may be exercised each license year.

§ 143.42. [Definitions] Antlerless deer license required.

[The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Application—The original PALS form issued with a regular hunting license or the original or reasonable facsimile of the universal form provided by the Commission that is used in applying for an antlerless license or an unsold tag.

County treasurer—A county treasurer in this Commonwealth or a person carrying out the duties and responsibilities of a county treasurer in counties functioning under a home rule charter.

Date issued—The date printed on the license at the time of issuance indicating when the license was mailed or given to the person named on the license.

Envelope—The official envelope issued with a regular hunting license which shall be used by the applicant to mail completed applications to a county treasurer.

Home address—The location where a person is legally domiciled; a true, fixed and permanent home and principal residence; and the place to which, whenever the applicant is temporarily absent, he intends to return.

License—The numbered license which is issued by the county treasurer or the Commission authorizing the holder thereof to hunt antlerless deer in a specific wildlife management unit.

Management unit allocation—The number of licenses allocated by the Commission to an individual wildlife management unit.

Unsold tag—An antlerless deer license permitting properly licensed persons to take an antlerless deer during any firearms antlerless deer season, archery or flintlock muzzleloader and muzzleloader deer seasons in the wildlife management unit of issue.

Void—A voided license which remains nonissuable.]

(a) **General rule.** Except as provided in subsection (b), a person must acquire and possess a valid antlerless deer license for an applicable wildlife management unit to lawfully hunt and take each antlerless deer within that wildlife management unit during any open antlerless deer season established in § 139.4 (relating to seasons and bag limits for the license year). Each antlerless deer license is valid for taking only one antlerless deer only in the wildlife management unit designated on the license.

(b) **Exceptions.** The licensure requirements of subsection (a) do not apply to persons lawfully hunting antlerless deer in accordance with allowances and requirements of:

(1) The agricultural lands license exemption as set forth in section 2706(a) of the act (relating to resident license and fee exemptions).

(2) An applicable antlerless deer special permit issued by the Commission.

(3) The lawful cooperation and assistance authorizations or exceptions set forth in sections 2301(b) and 2325 of the act (relating to prima facie evidence of hunting; and cooperation after lawfully killing big game) and also § 141.43(e) (relating to deer seasons).

§ 143.43. [Preamble] Antlerless deer license eligibility and application.

(a) [An application shall be submitted to a county treasurer and a license shall be issued only in accordance with the act and this subchapter] The Commission will make antlerless deer licenses available to eligible applicants for purchase through PALS online and at each of its current issuing agent locations across this Commonwealth.

(b) [A nonresident of this Commonwealth may only apply under § 143.50 (relating to procedure for nonresidents of this Commonwealth).] The Commission will only accept an application for an antlerless deer license from a person who meets all of the following criteria:

(1) The person either currently possesses a valid base hunting license or is making a contemporaneous purchase of a valid base hunting license with the application for an antlerless deer license.

(2) At the time of application, the person has not exceeded application limits for antlerless deer licenses as set forth in § 143.45 (relating to antlerless deer license application limits).

(3) The person has paid the applicable cost of the antlerless deer license, plus any applicable transactional and issuing agent fees established in section 2709 of the act (relating to license cost and fees).

(4) At the time of application, the person is not subject to any active hunting or furtaking license suspension or revocation.

§ 143.44. [Application] Antlerless deer license application schedule.

[It is unlawful to apply for more than one license before the unsold tag and unlimited antlerless license application periods as set forth in this chapter.]

(a) **Application schedule.** The Commission will make antlerless deer licenses available for application through PALS online and at each of its current issuing agent locations across this Commonwealth according to the following distribution schedule:

(1) **Round 1.**

(i) Beginning the fourth Monday in June for all resident applicants.

(ii) Beginning the second Monday in July for all nonresident applicants.

(2) **Round 2.** Beginning the fourth Monday in July for all resident and nonresident applicants.

(3) **Round 3.** Beginning the second Monday in August for all resident and nonresident applicants.

(4) **Round 4.** Beginning the fourth Monday in August for all resident and nonresident applicants.

(b) **Application time.** The Commission will open sales on the date for each respective round of antlerless deer license sales beginning at 8 a.m. Eastern Daylight Time and sales will remain open thereafter for that respective round until allocations for each applicable wildlife management unit are exhausted.

§ 143.45. [Completing and submitting applications] Antlerless deer license application limits.

[(a) Except as otherwise provided in § 143.52 (relating to procedure for unlimited antlerless licenses) and for those applications submitted by qualified landowners, it is unlawful for a county treasurer to accept an application other than by regular first class mail delivered through and by the United States Postal Service. Applications for unsold antlerless deer licenses shall be accepted by county treasurers over the counter and may immediately be processed if any licenses remain available in any wildlife management unit beginning on the second Monday in September.

(b) Applications will not be accepted by county treasurers prior to the start of the normal business day on the second Monday in July.

(c) The application shall be legibly completed, in its entirety, in accordance with instructions on the application. An applicant may enter up to three units, in order of preference, on the application.

(d) The application shall be mailed only in the envelope provided.

(e) Applications are limited to not more than three per envelope.

(f) The envelope must contain return first class postage and a return address. If requirements of this subsection are not met, applications will be placed in a dead letter file and may be reclaimed by the applicant upon contacting the county treasurer's office. Postage, both forward and return, is the responsibility of the applicant.

(g) Unless otherwise ordered by the Director, remittance shall be in the form of a negotiable check or money order payable to "County Treasurer" for applications enclosed, and in the total amount specified in the act for each license. Cash may be accepted by county treasurers for over the counter sales.]

(a) Application limit. Except as otherwise provided in subsections (b) and (c), an eligible applicant may submit only one antlerless deer license application for each open antlerless deer license sales round listed in § 143.44 (relating to antlerless deer license application schedule). The Commission will reject all applications in excess of these limits.

(b) Catch-up allowance. An eligible applicant may submit multiple antlerless deer license applications in a single transaction if the applicant has not previously applied for an antlerless deer license during one or more previous open rounds, and only then equal to the number of rounds currently open on the date of application.

(c) Round 4 continuous sales.

(1) Subject to the procedures and limitations of paragraph (2), an eligible applicant may submit multiple and continuous applications for antlerless deer licenses for each wildlife management unit whose antlerless deer license allocation remains unexhausted upon the opening of Round 4 of antlerless deer license sales on the date set forth in § 143.44. The authorizations of this subsection will terminate automatically for each wildlife management unit once its antlerless deer license allocation is exhausted.

(2) An eligible applicant may make one or more applications for antlerless deer licenses under this subsection only when the Commission's PALS licensing system shows five or less active and unfulfilled antlerless deer licenses on the applicant's license profile. Once an applicant has been issued a sixth cumulative active and unfulfilled antlerless deer license, the applicant will not be eligible to make reapplication for additional antlerless licenses until one or more previously issued antlerless licenses have been exhausted by harvest and the harvest or harvests have resulted in a verified completed harvest report in PALS. At no time is an applicant authorized to exceed six cumulative active and unfulfilled antlerless licenses in their PALS license profile.

(d) Resident agricultural lands exception. A person exercising the privileges of the license exemption provided under section 2706(a) of the act (relating to resident license and fee exemptions) on eligible lands is not entitled or required to obtain antlerless deer license(s) under this subchapter, but is subject to the same antlerless deer season limits that would otherwise apply to a licensed person hunting the wildlife management units covering the eligible lands as follows:

(1) Rounds 1, 2 and 3. An eligible person is authorized to harvest one deer for every antlerless deer license sales round, up to round 3, that is opened for the applicable wildlife management unit as set forth in § 143.44. Authorization to harvest an antlerless deer may not be acquired for a round subsequent to round 1, 2 or 3 if the allocation for the applicable wildlife management unit is exhausted before the subsequent round opens.

(2) Round 4. An eligible person is authorized to harvest multiple and continuous antlerless deer up to the limits and subject to the reporting requirements and closure dates of subsection (c). The authorizations of this paragraph will terminate automatically for an eligible person hunting within an applicable wildlife management unit once the wildlife management unit's antlerless license allocation is exhausted.

§ 143.48. [First-come-first-served license issuance] [Reserved].

[(a) Envelopes containing applications will be accepted on a first-come-first-served basis.

(b) If there are more than three applications in one envelope, the enclosed applications will be rejected and returned to the sender as soon as practicable.

(c) The first-come-first-served procedure will continue until the management unit's allocation is exhausted.

(d) Applications received over the management unit's allocation will be returned to the applicants as soon as practicable.

(e) If an application fails to be in compliance with § 143.45 (relating to completing and submitting applications), applications enclosed in the envelope shall be rejected and returned by the county treasurer to the sender as soon as practicable.]

§ 143.49. [Issuing licenses] [Reserved].

[(a) Licenses may be issued by county treasurers immediately following receipt of applications.

(b) Licenses will be issued through the Commission's PALS. The county treasurer shall write in ink the applicants' customer ID numbers on the face of the check or money order. If there are no licenses available in the applicant's first unit of preference, the county treasurer shall issue a license for the applicant's next unit of preference in the order given. If all three units have no licenses available, the county treasurer shall return the application to the applicant indicating that the selected units were sold out.

(c) Except as otherwise provided in § 143.52 (relating to procedure for unlimited antlerless licenses) and for qualified landowners, licenses issued shall be delivered to successful applicants in the envelope by first class mail through and by the United States Postal Service. Licenses shall be placed with the United States Postal Service no later than the second Monday in September, except for licenses issued under § 143.51(f) (relating to application and issuance of unsold tags) which shall be placed with the United States Postal Service no later than the fourth Monday in September. If more than one application is mailed to the county treasurer in the same envelope, the licenses shall be mailed to the person whose name appears on the return section of the envelope. The person receiving the additional licenses is responsible for delivering them to the appropriate people.]

§ 143.50. [Procedure for nonresidents of this Commonwealth] [Reserved].

[Nonresidents may apply for unsold licenses on the third Monday in July and thereafter in compliance with § 143.45 (relating to completing and submitting applications).]

§ 143.51. [Application and issuance of unsold tags] [Reserved].

[(a) Except as provided in § 143.52 (relating to procedures for unlimited antlerless licenses), beginning on the first Monday in August, residents and nonresidents of this Commonwealth are eligible to receive an unsold tag.

(b) The original PALS form issued with a regular hunting license or the original or reasonable facsimile of the universal form contained in the "Hunting and Trapping Digest" that is used in applying for an antlerless license or an unsold tag.

(c) The applicant shall use the official antlerless deer license application envelope.

(d) Unless otherwise ordered by the Director, remittance in the form of a negotiable check or money order for the total amount due as specified in the act, payable to "County Treasurer," shall accompany the application.

(e) Unsold tags shall be issued through the Commission's PALS. The county treasurer shall write in ink the applicants customer ID numbers on the face of the check or money order. If there are no licenses available in the applicant's first unit of preference, the county treasurer shall issue a li-

cense for the applicant's next unit of preference in the order given. If all three units have no licenses available, the county treasurer shall return the application to the applicant indicating that the selected units were sold out.

(f) Beginning on the third Monday in August, residents and nonresidents of this Commonwealth are eligible to apply for one additional unsold tag by mailing to a county treasurer.]

§ 143.52. [Procedure for unlimited antlerless licenses] [Reserved].

[(a) Subject to the procedures and limitations of this section, applicants are eligible to make application to receive an unlimited number of antlerless licenses within each wildlife management unit that remains unexhausted beginning on the second Monday in September.

(b) Unexhausted antlerless licenses allocated to a wildlife management unit shall be made available to eligible applicants over the counter starting the second Monday in September, subject to the following limitations:

(1) An applicant is eligible to make application for an antlerless license under this section only when the Commission's PALS licensing system shows five or less active and unfulfilled antlerless licenses on their license profile.

(2) Once an applicant has been issued a sixth cumulative antlerless license, the applicant will not be eligible to make reapplication for additional antlerless licenses until one or more previously issued antlerless licenses have been exhausted by harvest and the harvest or harvests have resulted in a verified completed harvest report in PALS.

(3) At no time is an applicant authorized to exceed six cumulative active and unfulfilled antlerless licenses in their PALS license profile.

(c) The authorizations of this section will terminate automatically for each wildlife management unit once its antlerless license allocation quota is exhausted.]

§ 143.53. [Reapplication] [Reserved].

[(a) A person whose application has been rejected and returned may secure a new official envelope from a hunting license issuing agent and reapply for a license by:

(1) If applicable, correcting the errors which caused the original application to be rejected and returning it to a county treasurer.

(2) Changing on the application the designated wildlife management units in which the applicant desires to hunt and forwarding it to a county treasurer.

(b) A person who was issued a license that was subsequently lost in the United States mail and never received by the licensee may, upon submitting an affidavit stating this fact, receive a replacement license from any county treasurer. There will be no additional cost for this license. Prior to issuing a replacement license, county treasurers shall first verify through the Commission's PALS that the applicant was issued the original license.]

§ 143.54. [Validity of license] [Reserved].

[An antlerless deer license is valid for taking antlerless deer only in the wildlife management unit designated on the antlerless deer license.]

§ 143.55. [Unlawful acts] [Reserved].

[It is unlawful:

(1) For a county treasurer to accept an application or to issue a license contrary to the act or this part.

(2) For a person to apply for or to receive a license contrary to the act or this part.

(3) For a person to aid another person in applying for or receiving a license contrary to this subchapter.

(4) For a person to transfer or reissue a license or back tag, or to issue a void.

(5) For a person to apply for or receive more than one antlerless license or more than one unsold tag, except as specified in §§ 143.51(f), 143.52 and 143.53 (relating to application and issuance of unsold tags; procedure for unlimited antlerless licenses; and reapplication).]

§ 143.56. [Penalties] [Reserved].

[(a) A person violating this chapter shall, upon conviction, be sentenced to pay the fine prescribed in the act.

(b) Hunting antlerless deer or killing an antlerless deer with an invalid license constitutes hunting or killing deer without a license.]

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

Weatherization Assistance Program; Proposed State Plan; Public Hearing

The Department of Community and Economic Development (Department) publishes notice of a hybrid public hearing to be held at 3 p.m. electronically, by means of web/conference call and in-person on Tuesday, April 18, 2023, in PUC Hearing Room 4, Plaza Level, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA. Electronic access information can be found at the end of this notice.

The purpose of this hearing is to receive comments on the proposed Pennsylvania 2023-2024 annually appropriated by the United States Department of Energy (DOE) Weatherization Assistance Program (WAP) State Plan (Plan).

The proposed 2023-2024 Plan will authorize the formula-based distribution for each county. Specific performance goals emphasize production; quality of the work product; prompt; accurate and complete reporting; and compliance with program standards and regulations.

The Plan includes the following changes:

- WAP Readiness Policy updates—timeframes, inspection process, deferral tracking tool.
- Establishing a DOE Fuel switching policy after PA has energy audit, MINT, approved.
- Plans to transition to MINT energy audit tool.
- Multifamily work to be included—request for proposal posted for that work.
- Average Cost Per Unit = \$8,250 ***Only for WAP Annual funding*** \$8,009 for all DOE Bipartisan Infrastructure Law funding.
- Reporting requirement updates—workforce demographics, units per agency—per quarter, race and ethnicity, WAP Readiness details.
- National Environmental Policy Act information provided and training required.
- Quality Control Inspections must include complete review and verification of energy model/audit.
- Crew and Contractor work orders need to demonstrate performance requirements of Energy Audit.
- Training and Technical Assistance plan updates—can span several years, training needs assessments continue to be conducted, development of labor and management

partnerships, training tracking spreadsheet updated and training hours reviewed, MINT training added, new training site referenced.

- Health and Safety Plan updates—clarification deferred job not counted as complete, weatherized unit and weatherization can't be completed with unvented combustion space heater.

- Preparing partners, subcontractors and clients for the potential of the State, DOE or other official entity to collect and analyze data to determine program effectiveness—providing permission for data to be shared.

There is a continued National focus on coordination of efforts where other health and safety, lead-abatement, utility weatherization and housing rehab services are coordinated locally with weatherization services.

Copies of the proposed 2023-2024 DOE WAP Plan may be obtained beginning April 7, 2023, by contacting the Department of Community and Economic Development, Whole Home Repair and Weatherization Assistance Office, (717) 425-7597 or it can be downloaded from the Department's web site at www.dced.pa.gov. Written comments may be submitted electronically to ra-wxmail@pa.gov until 5 p.m. on April 18, 2023.

There is no registration to join the meeting.

Individuals may join the public hearing at https://teams.microsoft.com/dl/launcher/launcher.html?url=%2F_%23%2F1%2Fmeetup-join%2F19%3Ameeting_Yzc2YzUyOWYtYjU2My00MjYyLWFFhNjgtMTBiNGVmN2VlZTRl%40thead.v2%2F0%3Fcontext%3D%257b%2522Tid%2522%253a%2522418e2841-0128-4dd5-9b6c-47fc5a9a1bde%2522%252c%2522Oid%2522%253a%2522c8c9df7c-1884-4a14-820e-8fc755829b57%2522%257d%26anon%3Dtrue&type=meetup-join&deeplinkId=a3d822c1-d732-4863-ad3f-cb41c932c6e2&directDl=true&msLaunch=true&enableMobilePage=true&suppressPrompt=true. The meeting ID # is 294 013 685 004 and the passcode is wZjpsJ.

Individuals can join the public hearing by phone at (267) 332-8737. The conference ID is 623 530 016#.

The hearing will be shortened if there is no one to testify or there is minimal response.

Persons with a disability who wish to participate in this hearing should contact Yvonne Adams at (717) 425-7597 to discuss how the Department may accommodate their needs.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit www.dep.pa.gov and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

<i>Section</i>	<i>Category</i>
I	Individual and General WQM Permit Applications/NOIs Received, General NPDES Permit NOIs Received, and All Transfer and Minor Amendment Applications/NOIs Received
II	Individual NPDES Permits—New, Renewal, and Major Amendment Applications and Draft Permits for Discharges Relating to Sewage, Industrial Waste, Industrial Stormwater, MS4s, Pesticides and CAFOs
III	Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity

Section I identifies the following applications and NOIs that have been received by DEP:

- Individual and General WQM Permit Applications Received—DEP provides a 15-day public comment period for Individual WQM Permit Applications for new and reissued permits. There is no public comment period for General WQM Permit NOIs.
- General Chapter 92a NPDES Permit NOIs Received—There is no public comment period for General NPDES NOIs received.
- All Transfer and Minor Amendment Applications/NOIs Received—Transfer and Minor Amendment Applications/NOIs received for Individual and General WQM Permits and Individual and General NPDES Permits, excluding PAG-01 and PAG-02, are identified but do not have public comment periods. DEP provides a 15-day public comment period for Individual WQM Permit Applications for amendments.

Additional information on these applications and NOIs may be reviewed by generating the “Applications and NOIs without Comment Periods Report” or, for Individual WQM Permit Applications, the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice.

Section II identifies individual NPDES permit applications received and draft permits indicating DEP's tentative determination relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications and draft permits, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of DEP for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP's tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice. Notification of 15-day extensions for comment will be provided in the “Applications Received with Comment Periods Report” (Comments column).

Section III identifies individual NPDES permit applications received and draft permits indicating DEP's tentative determination relating to stormwater discharges associated with construction activities. A 30-day public comment period applies to these applications and draft permits. The period for comment may be extended at the discretion of the Department for one additional 15-day period. Additional information may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice.

Applications, NOIs and draft permits, where applicable, may be reviewed at the DEP office that received the application or NOI. Members of the public are encouraged to use DEP's website to obtain additional information as discussed previously.

Comments received within the appropriate comment periods for WQM and NPDES permit applications will be retained by DEP and considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform DEP of the exact basis of a comment and the relevant facts upon which it is based.

DEP office contact information to review applications and NOIs and to submit comments for those applications, when applicable, is as follows:

STATE CONSERVATION COMMISSION

PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed (National Pollutant Discharge Elimination System) NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling 717-787-8821.

Individuals wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Individuals in need of accommodations should contact the SCC through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PUBLIC WATER SUPPLY PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for Public Water Supply (PWS) permits to construct or substantially modify public water systems.

Individuals wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30-days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (DEP) the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, DEP will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

**LAND RECYCLING AND
ENVIRONMENTAL REMEDIATION**

**UNDER ACT 2, 1995
PREAMBLE 1**

**Acknowledgment of Notice(s) of Intent to Remedi-
ate Submitted Under the Land Recycling
and Environmental Remediation Standards Act
(35 P.S. §§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environ-
mental Remediation Standards Act (Act) require the
Department of Environmental Protection (DEP) to pub-
lish in the *Pennsylvania Bulletin* an acknowledgment
noting receipt of any Notices of Intent (NOI) to Remedi-
ate. An acknowledgment of the receipt of a NOI to
Remediate is used to identify a site where an individual
proposes to, or has been required to, respond to a release
of a regulated substance at a site. Individuals intending
to use the background standard, Statewide health stan-
dard, the site-specific standard, or who intend to remedi-
ate a site as a special industrial area, must file a NOI to
Remediate with DEP. A NOI to Remediate filed with DEP
provides a brief description of the location of the site, a
list of known or suspected contaminants at the site, the
proposed remediation measures for the site, and a de-
scription of the intended future use of the site. An
individual who demonstrates attainment of one, or a
combination of the cleanup standards, or who receives
approval of a special industrial area remediation identi-
fied under the Act, will be relieved of further liability for
the remediation of the site for any contamination identi-
fied in reports submitted to and approved by DEP.
Furthermore, an individual shall not be subject to citizen
suits or other contribution actions brought by responsible
individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act,
there is a 30-day public and municipal comment period
for sites proposed for remediation using a site-specific
standard, in whole or in part, and for sites remediated as

a special industrial area. This period begins when a
summary of the NOI to Remediate is published in a
newspaper of general circulation in the area of the site.
For the following identified site(s), proposed for remedi-
ation to a site-specific standard or as a special industrial
area, the municipality, within which the site is located,
may request to be involved in the development of the
remediation and reuse plans for the site if the request is
made within 30-days of the following specified date.
During this comment period the municipality may re-
quest that the following identified individual, as the
remediator of the site, develop and implement a public
involvement plan. Requests to be involved, and com-
ments, should be directed to the remediator of the site.

For further information concerning plans or reports,
please contact the Regional Office Program Manager
previously listed in the notice.

Individuals in need of accommodations should contact
DEP through the Pennsylvania Hamilton Relay Service at
(800) 654-5984 (TDD users) or (800) 654-5988 (voice
users).

The DEP has received the following Notice(s) of Intent
to Remediate.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PLAN APPROVALS

Notice of Intent to Issue Plan Approval(s) and Notice of Intent to Issue or Amend Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These Actions May Include the Administrative Amendments of an Associated Operating Permit.

IP21-000054: George Washington High School, 10175 Bustelton Avenue, Philadelphia, PA 19116, City of Philadelphia, **Philadelphia County**. Application received: January 11, 2023. The facility has three (3) 16.8 MMBtu boilers that burn Natural Gas and No. 2 oil during periods of natural gas curtailment and one (1) 145 HP emergency generator that burns diesel fuel. The combustion units are subject to the particulate matter emission limits of AMR II, Sec. V.2. and the carbon monoxide emission limits of AMR VIII. Compliance with

these emissions can be demonstrated using AP-42 emission factors. The plan approval requires the unit to be installed, maintained, and operated in accordance with manufacturer's specifications. The Plan Approval limits the boilers usage to 2,000 hours per rolling 12-month period and research and development use only and limits the sulfur content of fuel burned by the combustion units to 0.1% by weight. The plan approval also records monitoring and keeping records of process parameters and turbine operation. The boilers will install BAT technology that makes it so that no more than 30 parts per million dry volume (PPMDV) NO_x at 3% O₂ when firing gas, 90 ppmdv NO_x at 3% when firing No. 2 fuel oil, and 300 ppmdv CO at 3% O₂ when firing No. 2 fuel oil or natural gas shall be exceeded. This facility will emit no more than 7.2 tons of NO_x per year, 0.08 ton of SO_x, 4.15 tons of CO, 0.27 ton of VOC, and 2.74 tons of PM total each year. Anyone wishing to request information regarding this action or to make comments on the draft permit can do so by contacting AMS contact Edward Weiner at 215-685-9426 or at edward.weiner@phila.gov.

The facility has two (2) 11.2 MMBtu boilers that burn Natural Gas and No. 2 oil during periods of natural gas curtailment. The gas boilers are subject to the particulate matter emission limits of AMR II, Sec. V.2. and the carbon monoxide emission limits of AMR VIII. Compliance with these emissions can be demonstrated using AP-42 emission factors. The plan approval requires the unit to be installed, maintained, and operated in accordance with manufacturer's specifications. 28-05011D: Waste Management Disposal Services of PA, Inc., 9446 Letzburg Road, Greencastle, PA 17225-9317, Antrim Township and Montgomery Township, **Franklin County**. Application received: January 4, 2023. For the construction of an enclosed ground flare to replace Enclosed Ground Flare No. 2 (Control ID C102) at the existing Mountain View Reclamation Landfill facility. The flare will replace the existing main flare (Flare No. 2) at the facility. No increase in potential emissions is expected. The facility's 2021 annual emissions are estimated at 0.80 tpy CO, 19.00 tpy PM₁₀, 2.00 tpy PM_{2.5}, 2.10 tpy VOC, and less than 1 tpy NO_x, SO_x, and HAPs. The facility is a Title V facility. DEP's review of the

information submitted by the applicant indicates that the air contamination sources will comply with all regulatory requirements, including monitoring, recordkeeping, and reporting requirements, and pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12, and the following regulations: Federal Plan 40 CFR Part 62: Subpart OOO—Federal Plan Requirements for Municipal Solid Waste Landfills That Commenced Construction On or Before July 17, 2014 and Have Not Been Modified or Reconstructed Since July 17, 2014. MACT 40 CFR Part 63 Subpart AAAA—Nation Emission Standards for Hazardous Air Pollutants: Municipal Solid Waste Landfills. Based on this finding, DEP proposes to issue a plan approval for the proposed activity. If DEP determines that the sources are constructed and operated in compliance with the plan approval conditions and the specifications of the application for plan approval, the requirements established in the plan approval will be incorporated into an Operating Permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

09-0255: Suess-Gahman Funeral Home Inc., 33 N Main Street, Telford, PA 18969, Telford Borough, **Bucks County**. Application received: January 31, 2023. This action is for the installation of one (1) Matthews Environmental Solutions Power Pak I crematory unit at the Suess-Gahman Funeral Home. The crematory unit has the following potential emissions: 2.30 TPY particulate matter (PM); 3.29 TPY carbon monoxide (CO); 0.99 TPY volatile organic compound (VOC); 0.99 TPY nitrogen oxides (NO_x); and 0.82 TPY sulfur oxides (SO_x). Both the secondary and primary combustion chambers are fired with natural gas, with a total heat input design of 2.2 mmBtu/hr. Emissions are controlled by the afterburner. Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. 09-0031C: Eureka Stone Quarry Inc., 911 Swamp Rd, Rushland, PA 18956, Wrightstown Township, **Bucks County**. Application received: January 26, 2023. This action is for the installation of a nonmetallic processing plant consisting of one (1) crusher, one (1) grizzly feeder, one (1) fines screen and four (4) conveyors. The new plant will be used for crushing reconstituted asphalt pavement (RAP). The RAP plant is intended to replace a portable plant permitted under GP3-09-0148, which is no longer operational. The RAP plant has the potential to emit 6.42 TPY PM total and 1.60 TPY PM₁₀. Particulate matter (PM) emissions from the RAP plant will be controlled with a water spray. Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. Comments on the draft permit can be submitted through the Air Quality resource account at RA-EPSEROAQPUBCOM@pa.gov.

09-0008A: TAVO Packaging Inc., 2 Canal Road, Fairless Hills, PA 19030, Falls Township, **Bucks County**. Application received: December 21, 2022. This action is for a plan approval to remove the current 2.7 tpy VOC limit on the Koenig and Bauer Rapida 145 Offset Heatset

lithographic 6-color printing press (source ID 111). The press was originally installed under RFD 8909 as an exempt source with the 2.7 tpy VOC limit. PTE for the press is 14.93 tpy VOC when operated for 5,300 hr/yr. Physical limitations (setup, cleanup and maintenance) prevent the press from being operated for more than 5,300 hr/yr. VOC emissions are controlled by limiting VOC content of coatings to 4.84 lbs or less VOC per 1 gallon coating solids, limiting press-ready fountain solution to 5.0% or less by weight VOC content, and limiting blanket/roller solution to 70% or less VOC content (25 Pa. Code § 129.52b). Additionally, the plan approval contains work practices to limit fugitive emissions. The facility is required to monitor and record all necessary information to calculate VOC emissions. A facility wide total VOC emissions limit of 20 tpy is part of the current State Only Permit (09-00008) and this plan approval. Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. Comments on the draft permit can be submitted through the Air Quality resource account at RA-EPSEROAQPUBCOM@pa.gov.

PA-65-01135: Brandywine Green LLC, 2 Daniels Way, Cranston, RI 02921, Murrysville Borough, **Westmoreland County**. Application received: December 20, 2022. Notice is hereby given in accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (Department) intends to issue Air Quality Plan Approval 65-01135 to allow the construction and operation of one (1) Matthews Environmental Solutions IEB-56 natural gas-fired animal crematory incinerator rated at a cremation rate of 400 lbs/hr and maximum charge capacity of 3,000 lbs and two (2) Matthews Environmental Solutions IEB-56 4S natural gas-fired animal crematory incinerator rated at a cremation rate of 340 lbs/hr and maximum charge capacity of 1,700 lbs. The facility is located at 103 Technology Lane, Export, PA 15632 in the Municipality of Murrysville, Westmoreland County. The proposed project and facility-wide potential to emit will not equal or exceed 7.25 tons of nitrogen oxides (NO_x), 24 tons of carbon monoxide (CO), 2.0 tons of particulate matter (PM), 2.0 tons per year of particulate matter less than 10 microns in diameter (PM₁₀), 2.0 tons per year of particulate matter less than 2.5 microns in diameter (PM_{2.5}), 6.0 tons per year of sulfur dioxide (SO₂), 7.25 tons per year of volatile organic compounds, 2.75 tons per year of hazardous air pollutants (HAPs), and 0.01 ton per year of lead. The authorization is subject to State Emission Standards. This Plan Approval has been conditioned to ensure compliance with all applicable rules. This includes emissions restrictions, operational restrictions, testing, monitoring, recordkeeping, reporting, and work practice requirements. Once compliance with the Plan Approval is demonstrated, the applicant will be required to apply for a State Only Operating Permit in accordance with 25 Pa. Code Subchapter F. The Plan Approval Application, the Department's Air Quality Review Memorandum, the proposed Air Quality Plan Approval, and other relevant information for this project are available for review by any interested party at the Department's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. To request a review of the Plan Approval Application, to receive an electronic copy of the Department's Air

Quality Review Memorandum, or to receive an electronic copy of the Department's proposed Air Quality Plan Approval for this project, a person may contact the Department at 412-442-4000. A person may oppose the proposed plan approval by filing a written protest with the Department through Trent Greener, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222; tgreener@pa.gov; or fax 412.442.4096. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval (PA-65-01135), and a concise statement of the objections to the plan approval issuance and the relevant facts upon which the objections are based. All comments must be received prior to the close of business 30 days after the date of this publication. A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Trent A. Greener, Environmental Engineering Specialist, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222 or by email to tgreener@pa.gov. All comments must be received prior to the close of business 30 days after the date of this publication.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, 412-442-4000.

Contact: Thomas Joseph, P.E., Facilities Permitting Chief, 412-442-4336.

65-00853, Cleveland Cliffs Monessen Coke LLC/ Monessen Coke Plant, 345 Donner Ave., Monessen, PA 15062, City of Monessen, Westmoreland County. Application received: May 22, 2020. In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department is providing notice of intent to issue a permit modification for the Title V Operating Permit for the continued operation of a coal coking plant, known as the Monessen Plant, located in the City of Monessen, Westmoreland County. The Monessen Coke Plant is a by-product recovery, coal coking plant that produces furnace coke. The coke is used in blast furnaces at other facilities. The main emission sources at Monessen Coke Plant are two coke batteries (37 and 19 slot type ovens, respectively), each exhausting to an individual combustion stack, two excess coke oven gas (COG) flares, and two boilers (143 MMBtu/hr each, COG and NG). The facility also generates charging, pushing, quenching, underfiring, door leak, top side, and soaking emissions from the coke batteries, as well as emissions from a coke by-product plant, desulfurization unit, 900-bp emergency diesel engine, and plant roads. Emissions are controlled by desulfurization of the coke oven gas prior to its combustion, as well as LDAR and EPA MACT mandated monitoring and repair procedures. Annual facility-wide potential emissions are 1,423 tons of CO, 775 tons of NO_x, 97 tons of VOC, 97 tons of PM, and 83 tons of PM₁₀. It also emits 5.2 tons of hydrogen chloride, 3.7 tons of benzene, and

2.5 tons of coke oven emissions. The annual sum of all HAP emissions is 15.2 tons. Annual emission of greenhouse gases is 177,072 tons per year. Sources at the Monessen Plant are subject to 40 CFR Part 60, Subpart A—General Provisions, 40 CFR Part 60, Subpart Db—Standards of Performance for Industrial-Commercial-Institutional Steam Generating Units, 40 CFR Part 61, Subpart A—General Provisions, 40 CFR Part 61, Subpart L—National Emission Standard for Benzene Emissions from Coke By-Product Recovery Plants, 40 CFR Part 61, Subpart V—National Emission Standard for Equipment Leaks (Fugitive Emission Sources), 40 CFR Part 61, Subpart FF—National Emission Standard for Benzene Waste Operations, 40 CFR Part 63, Subpart A—General Provisions, 40 CFR Part 63, Subpart L—National Emission Standards for Coke Oven Batteries, 40 CFR Part 63, Subpart ZZZZ—National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines, and 25 Pa. Code Chapters 121—145 (Air Resources). No equipment changes are being approved by this action. The permit includes emission limitations and operational, monitoring, testing, record-keeping, work practice, and reporting requirements for the plant. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> or by contacting Tom Joseph, Facilities Permitting Chief, directly. Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the State-Only Operating Permit may submit the information to Tom Joseph, Facilities Permit Chief, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Each written comment must contain the following: 1. Name, address and telephone number of the person submitting the comments; 2. Identification of the proposed Operating Permit (65-00853); and 3. Concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit. All comments must be received prior to the close of business 30 days after the date of this publication. A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The Department is not required to hold a conference or hearing. The applicant, the protestant, and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient. Written comments or requests for a public hearing should be directed to Tom Joseph, Facilities Permit.

OPERATING PERMITS

Notice of Intent to Issue Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

49-00029, Clark's Feed Mills, P.O. Box W, Shamokin, PA 17872, Ralpho Township, **Northumberland County**. Application received: November 7, 2022. The Department intends to issue a renewal State Only Operating Permit for the Shamokin facility. The facility's main sources include one (1) natural gas/No. 2 fuel oil fired boiler, one (1) Forsberg cleaner, one (1) pellet machine, two (2) hammermills, various storage bins, conveyors and elevators, truck and railcar receiving stations and truck loadout operation. The facility has potential to emit under 39.05 tons per year (tpy) of particulate matter/particulate matter with an effective aerodynamic diameter of less than or equal to 10 micrometer, 14.66 tpy of nitrogen oxides, 1.33 tpy of carbon monoxide, 0.14 tpy of volatile organic compounds, 0.02 tpy of hazardous air pollutants and 0.06 tpy of sulfur oxides. The potential emission of all other criteria pollutants remained same at the facility except reduction of sulfur oxides from 20.93 tons per year to 0.06 due to lower sulfur content limit of No. 2 fuel oil as per 25 Pa. Code § 123.22. The No. 2 fuel oil fired boiler is subject to 40 CFR Part 63, Subpart JJJJJ—National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources. The emission limits and work practice standards along with testing, monitoring, recordkeeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. These operating permit conditions have been derived from the applicable requirements of Title 25 Pa. Code Chapters 121–145, as well as 40 CFR Parts 60, 63 and 98. All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-3636.

62-00172, Glenn O. Hawbaker, Incorporated, Brokenstraw Plant # 22, 711 East College Avenue, Bellefonte, PA 16823, Pittsfield Township, **Warren County**. Application received: April 27, 2022. The Department intends to renew the State Only Operating Permit for the Glenn O Hawbaker's Brokenstraw Plant # 22 sand and gravel operations. The facility is a Natural Minor. The primary sources at the facility include crushers, conveyors, screening, and material stockpiles. The facility is subject to 40 CFR Part 60, Subpart OOO—pertaining to nonmetallic mineral processing. Water sprays are used to minimize fugitive emissions from the mineral processing. The emissions from the primary and secondary sand & gravel plants and the sand & gravel wash plant are based on a maximum production of 500 tons per hour, a maximum operational schedule of 4,620 hours per year and 2,310,000 tons during any consecutive 12-month period and are as follows: 24.31 tpy PM₁₀ and 80.52 tpy PM. The renewal permit contains emission restrictions, recordkeeping, work practice, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

42-00194, Glenn O Hawbaker, Incorporated, Shinglehouse Plant # 8, 711 East College Avenue, Bellefonte, PA 16823, Ceres Township, **McKean County**.

Application received: April 26, 2022. The Department intends to renew the State Only Operating Permit for the Glenn O Hawbaker's Shinglehouse Plant # 8 sand and gravel operations. The facility is a Natural Minor. The primary sources at the facility include crushers, conveyors, screening, and material stockpiles. The facility is subject to 40 CFR Part 60, Subpart OOO—pertaining to nonmetallic mineral processing. Water sprays are used to minimize fugitive emissions from the mineral processing. The facility is restricted to 16 hours per day, 6 days per week, and 3,840 hours per year. The capacity of the crushers is limited to 350 tph. The potential emissions from the facility are 2.53 tpy PM₁₀. The renewal permit contains emission restrictions, recordkeeping, work practice, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

42-00178, Glenn O Hawbaker, Incorporated, Turtlepoint Asphalt Plant # 7, 711 East College Avenue, Bellefonte, PA 16823, Annin Township, **McKean County**. Application received: April 26, 2022. The Department intends to renew the State Only Operating Permit for the Glenn O Hawbaker's Turtlepoint Asphalt Plant # 7. The facility is a Synthetic Minor. The primary sources at the facility include crushers, conveyors, screening, and material stockpiles. The primary sources at the facility include a drum mix asphalt plant with 400 tph capacity, rail car unloading, a rap crusher, a mixing drum, and a parts washer. The facility is subject to 40 CFR 63, Subpart I, pertaining to the hot mix asphalt plant, and 40 CFR 60, Subpart OOO, pertaining to nonmetallic mineral processing. The asphalt plant is controlled by a primary and secondary baghouse. Water sprays are used to minimize fugitive emissions from the mineral processing. The potential emissions from the facility based on the restriction of 460,000 tons of asphalt and 1,200 tons per hour for rail unloading are as follows: 13.29 tpy NO_x; 30.44 tpy CO; 13.34 tpy SO_x; 7.40 tpy VOC; 1.75 tpy HAPs; and 6.46 tpy PM₁₀. The renewal permit contains emission restrictions, recordkeeping, work practice, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

OP21-000063, Constitution Health Plaza, 1930 South Broad Street, Philadelphia, PA 19145, City of Philadelphia, **Philadelphia County**. Application received: November 5, 2021. The City of Philadelphia, Air Management Services (AMS) intends to issue a renewal of the Natural Minor Operating Permit (NMOP) for multi-purpose campus and center for community care in the City of Philadelphia, Philadelphia County. The facility's air emissions' sources include the following: two (2) 2.5 MMBtu/hr boilers firing natural gas; one (1) 536 HP emergency generator firing No. 2 Oil; one (1) 335 HP emergency generator firing No. 2 Oil; two (2) 268 HP emergency generators firing No. 2 Oil; and one (1) 114 HP fire pump firing diesel. Persons wishing to file protest, comments, or request a public hearing on the previously listed NMOP must submit the protest, comments, or public hearing request within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the NMOP or hold a public hearing. Protests, comments, and requests for a public hearing must be mailed to Source

Registration, Air Managements Services, 321 University Ave., Philadelphia, PA 19104 or e-mailed to DPHAMS_Service_Requests@phila.gov with “Constitution Health Plaza OP21-000063” in the subject line. AMS suggests submitting any mailed correspondence also by e-mail.

OP22-000062, Liberty Coca-Cola Beverages LLC, 725 E Erie Avenue, Philadelphia, PA 19134, City of Philadelphia, **Philadelphia County**. Application received: December 29, 2022. The City of Philadelphia, Air Management Services (AMS) intends to issue a renewal of the Natural Minor Operating Permit (NMOP) for the operation of a soft drink manufacturing and packaging facility. The facility’s air emissions’ sources include the following: one (1) natural gas/No. 2 fuel oil fired boiler rated at 6 MMBtu/hr; one (1) No. 2 fuel oil fired boiler rated at 3 MMBtu/hr; two (2) natural gas/No. 2 fuel oil fired boilers each rated at 9 MMBtu/hr; and one (1) diesel fire pump rated at 125 hp. The operating permit will be issued under 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Permit copies and other supporting information are available for public inspection by contacting the Source Registration Unit at 215-685-7572 or DPHAMS_Service_Requests@phila.gov. Persons wishing to file protest or comments on the previously listed operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. OP21-000054, Temple University Hospital—Juniata Park Campus, 1331 E. Wyoming Avenue, Philadelphia, PA 19124, City of Philadelphia, **Philadelphia County**. Application received: October 18, 2021. The City of Philadelphia, Air Management Services (AMS) intends to issue a renewal of the Natural Minor Operating Permit (NMOP) for the operation of an academic medical center facility. The facility’s air emission sources are one (1) co-generation system firing natural gas rated 1,175 kW, one (1) emergency generator firing diesel fuel rated 827 kW, three (3) emergency generators firing diesel fuel each rated 600 kW, two (2) boilers burning natural gas or No. 2 oil each rated 5.1029 MMBtu/hr, and three (3) insignificant cooling towers. As part of the NMOP renewal, as an alternative to the requirement to conduct annual catalytic activities test on the oxidation catalyst of the co-generation unit in AMS Plan Approval No. 15095 dated 10/29/2015, a portable analyzer test or catalyst replacement options are added as allowed methods to verify that the oxidation catalyst is working properly. The operating permit will be issued under 25 Pa. Code, Philadelphia Code Title 3 and Air Management Regulation XIII. Persons wishing to file protest, comments, or request a public hearing on the previously listed operating permit must submit the protest, comments, or request for public hearing within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of the objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice

will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty days before the hearing. 46-00161, H&K Inc. (Sanatoga Asphalt), 394 S Sanatoga Rd., Pottstown, PA 19464, Lower Pottsgrove Township, **Montgomery County**. Application received: August 22, 2022. This is a correction to the notice published on March 18, 2023. This action is for the renewal of a State Only, Synthetic Minor Operating Permit. H&K operates a Batch Asphalt Plant at this site. There have been no modifications to the facility since the last renewal. The facility maintains a synthetic minor operating status by maintaining total NO_x emissions to less than 9.28 tons per year and total VOC emissions to less than 4.74 tons per year. The renewed permit includes testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable local, state, and Federal air quality requirements. Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. Comments on the draft permit can be submitted through the Air Quality resource account at RA-EPSEROAQPUBCOM@pa.gov.

65-00962, CCF Industries, Inc., 4716 State Route 66, Apollo, PA 15613, Washington Township, **Westmoreland County**. Application received: September 21, 2022. In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department is providing notice that they intend to issue a State Only Operating Permit renewal for the continued operation of sources at the Apollo facility. This facility is located at 4716 State Route 66, Apollo, PA (15613-1404) in Washington Township, Westmoreland County. Permitted sources at this facility include eleven (11) natural gas fueled heaters, wood working production equipment and a surface coating booth. Annual facility-wide potential emissions are based on unlimited hours of operation for all sources and 500 hours of operation per consecutive 12-month period for the emergency generator are 0.6 ton per year (tpy) of NO_x, 10 tpy of VOC, 0.24 tpy of CO and 1.17 tpy of PM. The facility is subject to the applicable requirements of 25 Pa. Code Chapters 121—145. The permit includes emission limitations and fuel, testing, monitoring, recordkeeping, reporting, work practice, and additional requirements for the facility. The application, the DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at: <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx>. Any person may submit comments, a request for the Department to hold a public hearing, or a protest to the proposed operating permit or a condition thereof by submitting the information to Edward Painter, Air Quality Engineering Specialist, at the Southwest Regional Office (400 Waterfront Dr, Pittsburgh, PA 15222). A 30-day comment period from the date of publication of this notice will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (specify

Operating Permit 65-00962) and concise statements regarding the relevancy of the information in the proposed permit or objections to issuance of the permit. A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The applicant, the protestant, and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); the Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); the Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21).

Mining activity permits issued in response to such applications are also subject to applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (DEP). A copy of the application is available for inspection at the District Mining Office indicated above each application. Requests for 401 Water Quality Certifications are included in individual application only if noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or Local Government Agency or Authority to DEP at the address of the District Mining Office indicated above each application within 30-days of this publication, or within 30-days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences). Such comments or objections should contain the name, address and phone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform DEP on the basis of comment or objection and relevant facts upon which it is based.

In addition, requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 (relating to public hearing-informal conferences) or § 86.34 (relating to informal conferences), must also contain a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity

permit application is associated with an application for an NPDES permit. A separate notice will be provided for the draft NPDES permit.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Coal Applications

Effluent Limits—The following range of effluent limits (Table 1) will apply to NPDES permits issued in conjunction with the associated coal mining activity permit. Additional effluent limits will be listed as part of the publication of the draft NPDES permit.

Table 1

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l

pH must always be greater than 6.0; less than 9.0.
Alkalinity must always be greater than acidity.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l

pH must always be greater than 6.0; less than 9.0.
Alkalinity must always be greater than acidity.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (DEP). Section 401 of

the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), as well as relevant State requirements. Individuals objecting to approval of a request for certification under Section

401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30-days of the date of this notice, as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The DEP may schedule a fact-finding hearing or an informal conference in response to comments if deemed necessary. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8:00 a.m. and 4:00 p.m. on each working day at the office noted above the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Applications Received Under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27) and Section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and Requests for Certification Under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

To construct, operate and maintain:

1. a permanent gravel access road impacting 9,696 square feet of a UNT to Susquehanna River (WWF-MF) floodway (Wyalusing, PA Quadrangle, Latitude: 41.715675°, Longitude: -76.327639°).

2. a permanent gravel access road with 2 42" HDPE Plastic culverts impacting 42 linear feet (3,422 square feet) of a UNT to Susquehanna River (WWF-MF) and 19,378 square feet of floodway impacts (Wyalusing, PA Quadrangle, Latitude: 41.714731°, Longitude: -76.326587°).

3. an 124-foot 10-inch maximum diameter intake line with a 2.3' x 7.5' intake screen placed on the bottom of Susquehanna River (WWF-MF) impacting 59 linear feet (2,579 square feet), and a 30' x 30' equipment pump pad impacting 8,787 square feet of the floodway (Wyalusing, PA Quadrangle, Latitude: 41.713598°, Longitude: -76.326108°).

The project will result in 101 linear feet and 6,001 square feet (0.138 acre) of stream impacts, 37,861 square feet (0.869 acre) of floodway, all for the purpose of establishing a water withdrawal for Marcellus well development in Asylum Township, Bradford County.

The Pennsylvania Department of Transportation (PennDOT District 6-0) is proposing to perform additional activities associated with an existing water obstruction and encroachment permit for Wanamaker Avenue over Darby Creek (WWF-MF) (PADEP Permit No. E2301120-029) and is considered a major amendment of the permit. This activity includes the placement of riprap within a scour hole, adding new scour protection along the wingwall of the southbound bridge, adding rock protection between Pier 1, and temporary excavation support and adding rock protection surrounding Pier 2 on the northbound bridge between the temporary excavation support and the pier. Impacts associated with the major amendment are an additional 8,392 square feet (0.19 acre) of permanent watercourse impact and 2,599 square feet (0.06 acre) of temporary watercourse impact (USGS PA Bridgeport; Lansdowne Quadrangle). Latitude: 39.876348°, Longitude: -75.304534°.

The Pennsylvania Department of Transportation (PennDOT District 6-0) is proposing to perform the following water obstruction and encroachment activities associated with the SR 0041/SR 0926 Roundabout Project: 1) To place fill within a wetland area (W1, PEM) associated with the construction of roadway embankment resulting in 0.47 acre of permanent wetland impact and 0.09 acre of temporary wetland impact due to erosion and sedimentation control and construction access; 2) To remove a 72-foot-long, 48-inch diameter, reinforced concrete pipe culvert carrying an unnamed tributary to Middle Branch of White Clay Creek (Stream 1, TSF-MF) and to construct and maintain a 71-foot-long, 54-inch diameter reinforced concrete pipe culvert (including the placement of riprap rock apron) directly downstream under the newly constructed SR 0041 leg of the roundabout. This activity will result in 104 linear feet (0.01 acre) of permanent watercourse impact, 31 linear feet (0.01 acre) of temporary watercourse impact, 0.21 acre of permanent floodway impact, and 0.01 acre of temporary floodway impact; and 3) To perform grading within a wetland area (W2, PEM) associated with an adjacent wetland mitigation site resulting in 0.02 acre of permanent wetland impact. The objective of this mitiga-

tion is to establish a combined total of 0.49 acre wetland creation and restoration, and streambank stabilization for the 72 linear feet daylighted section of the culvert. This project is located at the Gap Newport Pike and Street Road intersection in Londonderry Township, Chester County (USGS PA West Grove Quadrangle). Latitude: 30.868353°, Longitude: -75.866970°.

Property owner is proposing to install a 25-foot access bridge to cross Beaver Creek (EV) for the purpose of a proposed residential home, resulting in 60 linear feet (6,000 sq ft, 0.13 acre) of permanent watercourse impact, 60 linear feet (3,000 sq ft, 0.06 acre) of permanent floodway impact, and 50 linear feet (1,500 sq ft, 0.03 acre) of permanent wetland impact. Project Address is 554 Strocks Grove Road, Upper Black Eddy, PA 18972, Bucks County, Nockamixon Township, PA (Riegelsville Quadrangle). Latitude: 40.518333°, Longitude: -75.137778°.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department of Environmental Protection (DEP) has taken the following actions on previously received applications for new, amended, and renewed National Pollutant Discharge Elimination System (NPDES) and Water Quality Management (WQM) permits, applications for permit waivers, and Notice of Intent (NOIs) for coverage under General Permits, as listed in the following tables. This notice of final action is published in accordance with 25 Pa. Code Chapters 91, 92a, and 102 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). The official file for each listed action can be reviewed at the DEP or delegated County Conservation District (CCD) office identified in the table for the action. DEP/CCD office contact information is listed as follows for Section I and is contained within the table for Section II. Additional information for permits issued under 25 Pa. Code Chapters 91 and 92a and Individual permits under 25 Pa. Code Chapter 102, including links to Individual Chapter 92a NPDES and WQM Permits, may be reviewed by generating the “Final Actions Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice.

DEP office contact information to review official files relating to the final actions in Section I is as follows:

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law).

The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law. For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. The appeal form and the Board’s

rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. Important legal rights are at stake, however, so individuals should contact a lawyer at once.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

For actions taken on applications for pipelines that are regulated by the Federal Energy Regulatory Commission (FERC).

Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. §§ 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information.

Plan Description:

Act 537 Plan Special Study for the Calder Way & Atherton Street Sewer Main Replacement Projects, APS # 1059713, Authorization ID # 1430131. The Act 537 Plan Special Study (Plan) calls for the phased/staged upgrade/replacement of aging and deteriorating clay pipe with polyvinyl chloride (PVC) pipe, occurring over several years and taking future projected sewer flows into consideration, in portions of the Calder Way sewer basin and portions of Atherton Street. The Calder Way portion of this proposal is to undergo construction from 2025—2030 and entails replacing approximately 5,150 linear feet of various sized sewer main with increased size sewer main, with size increase based upon the projected sewer flows of the specific location. The specific areas of the Calder Way sewer basin to undergo replacement/upsizing include Calder Way from Heister Street to South Garner Street, Calder Way from South Garner to Hetzel Street, Calder Way from Hetzel Street to High Street, High Street from Calder Way to East College Avenue, East College Avenue from High Street to the University Drive interchange, and from the University Drive interchange to just east of University Drive. The Atherton Street portion of this proposal is to undergo construction from 2023-2024 and entails replacing approximately 2,100 linear feet of eight-inch sewer main with twelve-inch sewer main. The specific areas planned to undergo replacement/upsizing include West College Avenue from South Sparks Street to Atherton Street, Atherton Street from West College Avenue to West Calder Way, and West Calder Way from Atherton Street to Burrowes Street.

Plan Description:

Palmer Township Central Interceptor Special Study, 1063352. The purpose of this Special Study was to evaluate the impending capacity issues and age of the Central Interceptor sewer and trunk sewer when the study area is at full build-out. The Special Study provides for the replacement of the Central Interceptor sewer and trunk sewer from Manhole 13C on Charlotte Avenue to Manhole X17 on Wood Avenue, and replacement of the two existing parallel 10-inch sewers of the Central Interceptor sewer and trunk sewer with a single 15-inch diameter sewer line in two phases. Hydraulic capacity of the new 15-inch pipe will be 1.905 MGD and will adequately serve the study area at full build-out. The Department’s review of the Special Study has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

Plan Description:

First Street Sewer Extension, M6-20-065. The plan provides for the installation of approximately 4,000 linear feet of low-pressure force main that will connect to an existing manhole in Crom Road and extending south on First Street to Pine Road. Twelve existing dwellings will be connected to the proposed system. The project will be connected to the North and South Shenango Joint Municipal Authority collection system and will generate 4,800 gallons of sewage per day to be treated at the North and South Shenango Joint Municipal Authority Wastewater Treatment Facility. The review of the Planning Module Component 3m has not identified any significant environmental impacts resulting from this proposal. Any required NPDES permits or WQM permits must be obtained in the name of the municipality or authority as appropriate.

The project is known as BEAMA Wastewater Treatment Plant Special Study. The proposal is located at the existing Everett Borough wastewater treatment plant and consists of evaluating alternatives to eliminate the Sanitary Sewer Overflows that occur from the WWTP Stormwater Pumping Station and the Bloody Run Pumping Station. The plan provides for the chosen alternative of Alternative 4 which provides for abandoning and demolishing much of the existing wastewater treatment facility and the construction of two new Sequencing Batch Reactors (SBR) to increase the hydraulic capacity of the WWTP. The submission is consistent with the planning requirements in Chapter 71 of DEP's regulations. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is A1-05910-ACT and the APS ID is 1077639. Any permits must be obtained in the name of Borough of Everett Area Municipal Authority.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the

property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The DEP may approve

or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

09-0196K: Abington Reldan Metals LLC, 550 Old Bordertown Rd, Fairless Hills, PA 19030, Falls Township, **Bucks County**. This action is for the modification of plan approval 09-0196K for installation of NO_x scrubber for acid room processes. This plan approval was revised due to lower than expected destruction efficiency for scrubber during July 19, 2022 performance (stack) testing. With the previously permitted limit for destruction efficiency of 95%, the predicted emissions should have been 15.85 tpy NO_x. However, the emissions determined from the stack test were estimated to be 16.91 tpy NO_x. In place of destruction efficiency, the scrubber will have a 15 tpy NO_x limit which is more stringent than what would have been achieved with a 95% destruction efficiency. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (DEP) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, DEP has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Individuals aggrieved by these actions may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Environmental Hearing Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If you want to challenge this action, your appeal must reach the Board within 30-days. You do not need a lawyer to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so you should show this notice to a lawyer at once. If you cannot afford a lawyer, you may qualify for free pro bono representation. Call the Secretary to the Board 717-787-3483 for more information.

Latitude: 40.1289°, Longitude: -74.9005°. Application received: May 19, 2022. Permit issued: March 17, 2023.

To construct and maintain the following water obstructions and encroachments associated with the I276/I95 Interchange, Section D30 Project:

1. To remove an existing structure and construct and maintain a dual, 475-foot long, four-span, continuous deck composite P/S Bulb-Tee beam bridge across Neshaminy Creek (WWF, MF), (W20A-R1) having 29-foot approximate underclearance and spans varying between 110 feet and

127.5 feet. The structures impact 0.61 acre of Neshaminy Creek (WWF, MF). (Lat. 40.1290, Long. -74.9003)

2. To fill 0.06 acre of a tributary to Neshaminy Creek (WWF, MF) (W20B-R4) for the purpose of constructing a new bridge and road construction. (Lat. 40.1292°, Long. -74.9638°)

3. To fill 0.06 acre of a tributary to Neshaminy Creek (WWF, MF) (W20D-R4) for the purpose of constructing a new bridge and road construction. (Lat. 40.1288°, Long. -74.8991°)

4. To fill 0.01 acre of PFO wetlands in the Neshaminy Creek Watershed (WWF, MF) (W20-PFO) for the purpose of road construction. (Lat. 40.1293°, Long. -74.9006°)

5. To construct and maintain a stormwater outfall that will impact 0.02 acre of the Neshaminy Creek (WWF, MF), and 0.12 acre of floodway of Neshaminy Creek (WWF, MF) (Outfall 3). (Lat. 40.1296°, Long. -74.8996°)

6. To construct and maintain a stormwater outfall that will impact 0.11 acre (Outfall 2) of floodway associated with Neshaminy Creek (WWF, MF). (Lat. 40.1287°, Long. -74.9001°)

The permittee is required to provide compensatory wetland mitigation by restoring 0.02 acre of wetland within the project area located adjacent to the existing wetland W20-PFO in Bensalem Township, Bucks County. (Lat. 40.1291°, Long. -74.9007°).

In total the project will result in 0.27 acre (254 linear feet) of temporary and 0.75 acre (882 linear feet) of permanent stream impact, 0.48 acre of temporary and 1.11 acres of permanent floodway impact, and 0.02 acre of temporary and 0.01 acre of permanent wetland impact.

The project is located along I-276 west of the I-95/I-276 Interchange to the west side of the Neshaminy Creek Bridge (Langhorne & Beverly, PA Quadrangle, Latitude: 40.1289°; Longitude: -74.9005°) in Bristol & Bensalem Townships, Bucks County.

PREAMBLE 2

The Following Plan(s) and Report(s) Were Submitted Under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245, Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

SPECIAL NOTICES

**WATER PROGRAMS
REQUEST FOR COMMENT**

Proposed Total Maximum Daily Loads (TMDLs) for the Johnston Run Watershed in Franklin County.

Central Office: Clean Water Program, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101.

Contact: Michael Morris 717.772.5670.

The Department of Environmental Protection will accept comments on the proposed "TMDLs" developed for the Johnston Run watershed under Section 303(d) of the Clean Water Act. The Pennsylvania Integrated Water Quality Monitoring and Assessment Report included stream segments listed as impaired for Aquatic Life Use in this watershed. The impairments addressed by this document were caused by excessive siltation from: agriculture, grazing in riparian zones, and urban runoff/storm sewers sources.

There currently are no state or Federal in-stream numerical water quality criteria for sediment. Therefore, the Department utilized a reference watershed approach to implement the applicable narrative criteria. The proposed TMDL document sets allowable loading of sediment in the Johnston Run watershed. The "TMDLs" included allocations for nonpoint sources, reserves for future point sources, as well as margin of safety factors. Nonpoint source load allocations were made for cropland, hay/pasture land and development-related streambank erosion source sectors present in the watershed. Wasteload allocations were provided for the Mercersburg Sewage Treatment Plant. Data used in establishing the TMDLs were primarily generated using a water quality analysis model (Model My Watershed) made available through the Stroud Water Research Center.

The following table shows the estimated current sediment loadings within the watershed, the prescribed "TMDL" values, and % reductions needed under annual average conditions.

Summary of "TMDL"—Based Load Reductions (expressed as annual averages) in the Johnston Run Watershed

<i>Watershed</i>	<i>Pollutant</i>	<i>Existing Load (lbs/yr)</i>	<i>"TMDL" (lbs/yr)</i>	<i>% Reduction</i>
Johnston Run	Sediment	3,255,465	1,345,275	59

The following table shows the estimated current sediment loading within the watershed, the prescribed "TMDL" values, and % reductions needed under 99th percentile daily loading conditions.

Summary of "TMDL"—Based Load Reductions (expressed as 99th percentile daily loading) in the Johnston Run Watershed

<i>Watershed</i>	<i>Pollutant</i>	<i>Existing Load (lbs/yr)</i>	<i>"TMDL" (lbs/yr)</i>	<i>% Reduction</i>
Johnston Run	Sediment	112,807	69,923	38

The proposed TMDL document can be viewed at: <http://www.dep.state.pa.us/dep/deputate/watermgt/wqp/wqstandards/tmdl/JohnstonRunSedimentTMDL.pdf>.

Otherwise, copies of the proposed TMDL document or supporting information may be requested by emailing Michael Morris at michamorri@pa.gov or calling him at 717-772-5670.

Written/typed comments will be accepted at the previously listed email address. While emailed comments are preferable, written comments may also be sent by mail to:

Michael Morris, Water Program Specialist
Bureau of Clean Water
Pennsylvania Department of Environmental Protection
Rachel Carson State Office Building
400 Market Street
Harrisburg, PA 17105

Comments must be submitted within 30 days after publication of this notice in the April 8, 2023 issue of the *Pennsylvania Bulletin*. The Department will consider all written/typed comments submitted within the deadline prior to submitting the final TMDL document to EPA for approval.

WASTE, AIR, RADIATION AND REMEDIATION

Covered Device Prohibited from Sale under Sections 302 and 507 of the Covered Device Recycling Act, Act 108 of 2010.

Central Office: Waste Management Program, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101.

Contact: Teesha Truesdale, 717-787-7382.

The Department of Environmental Protection (Department) hereby announces that a certain manufacturer of covered devices is not included on the Department's list of registered manufacturers, maintained by the Department under sections 302 and 507 of the Covered Device Recycling Act (CDRA). Accordingly, under Section 302 of the CDRA, no retailer may offer these manufacturers' products for sale within the Commonwealth.

Manufacturers of new covered devices—such as televisions, laptop and desktop computers, tablets, etc.—offered for sale in Pennsylvania are required to register with the Department prior to commencing sales per Section 304 of the CDRA. Manufacturers must also pay an annual registration fee and submit a recycling plan and annual report. Section 302 of the CDRA prohibits the sale of covered devices in the Commonwealth by unregistered manufacturers.

The Department is required to maintain a list of registered manufacturers per Section 302(b) of the CDRA. The list can be accessed by visiting dep.pa.gov.

The following manufacturer is not included on the Department's list and are therefore considered out of compliance:

Chuwu Innovation and Technology (Chuwu)

Due to its non-compliant status and non-inclusion on the list of registered manufacturers, the Department is notifying the public, in cooperation with covered device retailers, that the CDRA prohibits the sale of devices manufactured by Chuwu within the Commonwealth, and that the sale of such devices would constitute unlawful conduct under the CDRA. Non-compliant manufacturers may once again be included on the Department's list of registered manufacturers, and their devices offered for sale in the Commonwealth, if the manufacturers return to compliance with all the applicable provisions of the CDRA.

Inquiries regarding this notification can be directed to Jordan Hoover, Department of Environmental Protection, Bureau of Waste Management, Division of Waste Minimization and Planning, Rachel Carson State Office Building, P.O. Box 8472, Harrisburg, PA 17105-8472, at jorhoover@pa.gov or (717) 783-8973.

Payments to Nursing Facilities; Health Care-Associated Infection Payments Posted for Cost Reports with Acceptance Letters Mailed on or Before December 7, 2022, for December 31, 2021, Filers Only

This notice announces that the Department of Human Services (Department) made certain health care-associated infection (HAI) payments. For December 31, 2021, filers only, the Department made payments to each qualified nursing facility for MA-11 Cost Reports with acceptance letters mailed on or before December 7, 2022.

Payment Information

Payment information for the Medical Assistance (MA) portion of the annual HAI surcharge for MA-11 cost reports with acceptance letters mailed by the Department on or before December 7, 2022, for December 31, 2021, filers only, is posted on the Department's web site at <https://www.dhs.pa.gov/providers/Providers/Pages/HAI-Payments.aspx>.

Appeals

If a facility wishes to appeal, they must file a written request for a hearing with the Department's Bureau of Hearings and Appeals, 2330 Vartan Way, Second Floor, Harrisburg, PA 17110-9721, within 30 days of the date of publication of this notice. A copy should be sent to the Department of Human Services, Office of Long-Term Living, Attention: Bureau of Finance, Division of Rate Setting and Auditing, 555 Walnut Street, Forum Place, 6th Floor, P.O. Box 8025, Harrisburg, PA 17105-8025 and to the Department's Office of General Counsel, Health and Welfare Building, Third Floor West, P.O. Box 2675, Harrisburg, PA 17105-2675.

Appeals of MA providers are governed by 55 Pa. Code Chapter 41 (relating to Medical Assistance provider appeal procedures). Individuals should review these regulations carefully. Among other things, they specify required information to include in a written request for hearing, and how the Bureau of Hearings and Appeals will determine whether a request for hearing was filed on time.

Questions or Comments

For questions or comments regarding these payments, contact the Department of Human Services, Office of Long-Term Living, Bureau of Finance, Attention: Latisha Upshur, (717) 775-8008 or at RA-PWOLTLNFRates@pa.gov.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

2023 Review of All Jurisdictional Fixed Utilities' Universal Service Programs

It is in the public interest to ensure that all Pennsylvanians have access to safe and reliable utility services regardless of their ability to pay. As a result, it is important that the Pennsylvania Public Utility Commission (Commission) review its universal service policies from time to time. This includes, among other things, all jurisdictional fixed utilities' universal service programs, including Customer Assistance Programs (CAPs). Therefore, the Commission seeks comments from interested parties regarding how the Commission's regulations, policies and procedures could be revised with a particular focus on 1) increasing program coordination among all utilities, 2) streamlining the eligibility and enrollment process, and 3) reducing the number of otherwise eligible consumers from losing low-income benefits due to the verification or re-enrollment process. A review of these comments may help inform the Commission's consideration of improvements to the existing programs, including improvements that may be considered in the context of a future rulemaking proceeding.

Background

The Commission and various stakeholders began addressing low-income policies and practices for Pennsylvania utilities as early as the 1980s. Subsequent State legislation involving the electric, natural gas and telecommunications industries codified in the Public Utility Code the importance of, among other things, "continu[ing] the protections, policies and services that now assist customers who are low-income to afford electric service," 66 Pa.C.S. § 2802(10), "at a minimum, continu[ing] the level and nature of the consumer protections, policies and services...to assist low-income retail gas customers to afford natural gas services," 66 Pa.C.S. § 2203(7), and "maintaining universal telecommunications services at affordable rates." 66 Pa.C.S. § 3011(2).

Subsequently, the Commission has, among other things, established and amended the CAP Policy Statement with the most recent amendment happening in 2019.¹ At the same time, low-income programs for Pennsylvania's elec-

tric distribution companies (EDCs) and natural gas distribution companies (NGDCs) have been approved by the Commission pursuant to the respective restructuring acts, and Pennsylvania's incumbent local exchange telecommunications companies (ILECs) have developed low-income assistance programs as well. Recently, some jurisdictional water utilities have voluntarily implemented programs to assist their low-income consumers. The history of the efforts of this Commission, jurisdictional utilities, low-income advocates, and others in increasing the provision of utility service to low-income Pennsylvanians is well documented.

A review of the current status of universal service program design at this time is again prudent to consider further improvements to the existing programs.

Request for Comments

The Commission is interested in reviewing areas where jurisdictional fixed utilities' universal service programs may be improved. The goal of these improvement considerations is to make enrollment and retainment in universal service as efficient as possible for the consumer and the utility while maintaining proper diligence and verification for eligibility. This could include, but may not be limited to, using one enrollment application to cover all of the consumer's utilities to eliminate, for example, the need for a consumer to provide the same basic information to each utility serving that particular consumer. This could make enrollment in multiple programs more convenient for consumers and streamline the intake process for each utility.

The Commission seeks consideration of a design whereby, among other things, if a consumer is already enrolled or is enrolling in one utility program, the consumer would meet the eligibility for universal enrollment in the consumer's other utilities' programs without having to go through the application process separately for each utility. The goal would be to make enrollment in each utility's program streamlined by having one intake that is then used to enroll the consumer in each utility's universal service programs, including usage reduction programs.

Additionally, another topic for consideration to streamline the eligibility process is to permit a consumer to use a low-income assistance determination from another government agency that verified the applicant's household income to establish eligibility for the universal enrollment in the consumer's utilities' assistance programs. Such other government programs may include, but are not limited to, Low Income Home Energy Assistance Program (LIHEAP), Low Income Household Water Assistance Program (LIHWAP), Supplemental Security Income Program (SSI), Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance to Needy Families (TANF), Medicaid for Adults 19—64, Lifeline or Affordable Connectivity Plan and other utility assistance programs, Head Start/Early Head Start programs, and the Housing Choice Voucher Program.

To these ends, the Commission is requesting comments from all interested parties on the following topics:

1. What regulatory barriers are in place that would prevent utilities from having one utility do intake and then having that information provided to other utilities that provide service to that consumer for the purpose of universal service and CAP enrollment?

¹ 2019 Amendments to Policy Statement on Customer Assistance Programs, 52 Pa. Code §§ 69.261—69.267, Docket No. M-2019-3012599 (Final Policy Statement and Order entered November 5, 2019), 50 Pa.B. 1653 (3/21/2020), effective March 21, 2020 (CAP Policy Statement (2020)).

2. What regulatory barriers or other obstacles exist if an outside provider does the intake on behalf of multiple utilities serving the consumer and what solutions exist to overcome any barriers?

3. How can consumer consent be built into the intake process that permits the utility doing the intake to provide the enrollment information to the other utilities serving the consumer?

4. Is an automatic enrollment program feasible where any mechanism through which an electronic exchange of information between a utility and a state social service agency confirms the eligibility of public benefits whether or not the information is expressly authorized by the household? If express authorization is needed, rather than automatic enrollment, can that express authorization be provided one time in a uniform application rather than on a utility-by-utility basis using separate applications?

5. Should CAPs be administered statewide across all utility service territories rather than on a utility-by-utility basis? If so, what are the barriers to accomplishing this and what are the benefits and drawbacks to this approach? If not, what are the benefits and drawbacks of continuing to administer the programs on a utility-by-utility basis?

6. What changes would be required to EDCs' and NGDCs' existing, Commission-approved universal service and energy conservation programs to incorporate improvements and could changes be addressed in a streamlined fashion?

7. What additional consumer education and outreach could be undertaken to make more low-income consumers aware of the benefits that may be available to them?

8. Can recertification periods in the existing CAP Policy Statement at Section 69.265(8)(viii) be extended so that otherwise eligible consumers do not lose benefits solely due to the fact that they timely failed to recertify their eligibility?

9. Can the default provisions in the existing CAP Policy Statement at Section 69.265(9) be modified to reduce the chances that otherwise eligible consumers do not lose benefits solely due to the failure to comply with one of the articulated default provisions?

10. Should utilities be required to develop and use standardized CAP forms and CAP procedures? What are the barriers, if any, of establishing a common application?

11. What other additions or changes to the existing CAP Policy Statement should be made to increase eligibility, enrollment and maintenance of CAP benefits?

12. Should the CAP Policy Statement be amended to include jurisdictional water public utilities, and, if so, what barriers if any exist to doing so and how can those barriers be overcome?

13. If a coordinated enrollment process could be achieved with respect to CAP, could that same process be applied to identify eligibility for a utility's Low Income Usage Reduction Program (LIURP) or eligibility for receipt of hardship fund grants?

14. What changes are required to the Commission's existing policies or regulations to incorporate improvements?

Conclusion

Interested parties are invited to file written comments at this docket regarding increasing universal service

program coordination among all fixed public utilities, streamlining the eligibility and enrollment process for universal service programs and reducing the number of otherwise eligible consumers from losing low-income benefits due to the verification or re-enrollment process, as discussed above. Comments must be filed within sixty (60) days of publication of this Secretarial Letter in the *Pennsylvania Bulletin*.

Comments to this Secretarial Letter must be filed electronically through the Commission's e-filing system,² provided that the comments are less than 250 pages. Alternatively, one original signed copy of comments may be filed with the Commission's Secretary at: Pennsylvania Public Utility Commission, Commonwealth Keystone Building 2nd Floor, 400 North Street, Harrisburg, PA 17120. All pages of filed comments, with the exception of a cover letter, must be numbered.

Review of All Jurisdictional Fixed Public Meeting Held March 16, 2023 Utilities' Universal Service Programs; 3038944-CMR; Docket No. M-2023-3038944

JOINT STATEMENT OF COMMISSIONER JOHN F. COLEMAN, JR. AND COMMISSIONER RALPH V. YANORA

Before us today is the Joint C-Motion of Vice Chairman DeFrank and Commissioner Zerfuss requesting comments, review, and potential revisions to the Pennsylvania Public Utility Commission's (Commission) universal service policies for electric distribution companies (EDC), natural gas distribution companies (NGDC), jurisdictional water utilities, and incumbent local exchange telecommunications companies.

As noted in the Joint C-Motion, the Commission recently completed a two year, comprehensive review of universal service policies, practices, procedures, and impacts. This review resulted in amendments to the Customer Assistance Program (CAP) Policy Statement effective March 21, 2020. The Commission also implemented at that time a pilot Universal Service and Energy Conservation Program (USECP) filing schedule making proposed USECPs effective for at least five years.

We do not support another review of universal service policies and programs at this time. We are not persuaded that the Joint C-Motion will cover new ground, different from the recent universal service proceedings, relevant water proceedings, or initiatives by the Pennsylvania Department of Human Services (DHS) in this area. We do not support asking all jurisdictional fixed utilities to file comments in response to questions that are premature, duplicative, or overly broad. It is not prudent to direct limited resources to repeat tasks so recently completed or nearly completed.

The EDCs and NGDCs have been submitting carefully crafted universal service plans in response to the amended CAP Policy Statement. The Commission's Bureau of Consumer Services has been working diligently to review these filings. The Commission is about midway through its schedule for reviewing and approving these plans. The EDCs and NGDCs should concentrate their efforts on designing and implementing these new universal service plans, while stakeholders and the Commission should concentrate on reviewing and evaluating the same.

² <https://www.puc.pa.gov/efiling/default.aspx>

In addition to the universal service plans, the Commission has an ongoing rulemaking regarding the Commission's regulations for Low-Income Usage Reduction Programs (LIURP). The Commission received reply comments on updating the LIURP regulations back in 2017. The proceeding was then deferred, pending amendment of the CAP Policy Statement.

Commission, utility, and stakeholder resources should be refocused on the LIURP proceeding.

With respect to jurisdictional water utilities, the major water utilities have recently received approval, or are in the process of seeking approval, for ratepayer-funded low-income programs similar to EDC and NGDC universal service programs. Again, we should allow these programs to be fully implemented and evaluated before shifting the focus to further changes.

On the question of sharing customer information, this issue is currently being addressed by DHS. We know from a recent meeting of the LIHEAP Advisory Committee that DHS plans to implement data sharing of household information to utilities (with customer consent) beginning with the 2023-2024 LIHEAP season.

We are also concerned that the Joint C-Motion does not solicit any input on universal service costs. In the universal service and relevant water proceedings, affordability issues and the need for cost control have been repeatedly raised by the Office of Consumer Advocate (OCA). We unreservedly acknowledge the need for utilities to assist payment troubled customers in Pennsylvania. At the same time, like the OCA, we must recognize that the burden to pay for these programs falls on residential customers. In 2021, a total of almost \$457 million was spent on the USECPs of the energy utilities, a \$95 million increase from 2020's spending of \$362 million.

We are concerned about the increasing burden USECPs place on the "ALICE" utility customers of our state. The United Way defines ALICE individuals and households as Asset Limited, Income Constrained, Employed.³ It provides as examples cashiers, waiters, childcare providers, and other members of our essential workforce. These families struggle to earn enough to make ends meet and stay afloat, and through that effort, maintain an income just above the Federal Poverty Level benefit cutoff and, as such, they do not qualify for payment assistance. The United Way points out that this type of hardship is pervasive and disproportionately affects families of color and single parents. It also notes that those under 25 and over 65 years of age are more likely to be considered ALICE customers. The proposed Joint C-Motion champions the unlimited expansion of universal service programs without consideration of the costs these programs place on hard-working yet struggling families.

Customer Assistance Programs were originally implemented in the face of increasing uncollectible costs and were intended to benefit all customers: low-income, payment troubled customers received a lower bill, the payment of which would lower a utility's uncollectibles and in turn provide for stable, if not lower, rates for all customers. We should not lose sight of this original purpose. In this same vein, the General Assembly will soon begin its review of Chapter 14 of the Public Utility Code. Chapter 14 was also implemented to reduce utilities' uncollectible accounts. The Commission should be cautious of usurping policy prerogatives that belong to the elected legislative and executive branch officials.

³ <https://www.unitedforalice.org/demographics/pennsylvania>

A goal of the Commission is to balance the needs of all ratepayers. The Commission should administer universal service programs in a way that assists low-income, payment troubled customers, while paying close attention to the financial impact these programs may have on residential customers as a whole. We cannot agree to a review, and possible expansion, of these programs that does not consider the needs of Pennsylvania families that are working, essential, and struggling. For these reasons, we will be dissenting from the Joint C-Motion.

JOHN F. COLEMAN, JR.,
Commissioner

RALPH V. YANORA,
Commissioner

PROFESSIONAL STANDARDS AND PRACTICES COMMISSION

Application of Tara M. Smith for Reinstatement of Teaching Certificates; Doc. No. RE-23-003

Notice of Opportunity to Intervene or Protest, or Both

Under the Educator Discipline Act (act) (24 P.S. §§ 2070.1a—2070.18c), the Professional Standards and Practices Commission (Commission) will consider the application of Tara M. Smith for reinstatement of her teaching certificates.

Tara M. Smith filed an application for reinstatement of her teaching certificates under section 16 of the act (24 P.S. § 2070.16), 1 Pa. Code §§ 35.1 and 35.2 (relating to applications) and 22 Pa. Code § 233.123 (relating to reinstatements). Tara M. Smith waived her right to a hearing.

In accordance with the act, 1 Pa. Code Part II (relating to General Rules of Administrative Practice and Procedure) and 22 Pa. Code § 233.123(d), the Commission will directly consider the application at a public meeting of

the Commission. An interested party wishing to participate in this proceeding must file a notice of intervention or a petition to intervene in accordance with 1 Pa. Code §§ 35.27—35.32 (relating to intervention) within 30 days after publication of this notice in the *Pennsylvania Bulletin*. A person objecting to the approval of the application may also, within 30 days after publication of this notice in the *Pennsylvania Bulletin*, file a protest in accordance with 1 Pa. Code § 35.23 (relating to protest generally).

Notices and petitions to intervene and protests shall be filed with Shane Crosby, Executive Director of the Professional Standards and Practices Commission, 333 Market Street, 14 Floor, Harrisburg, PA 17126-0333 on or before 4 p.m. on the due date prescribed by this notice.

Persons with a disability who wish to attend the meeting and require an auxiliary aid, service or other accommodation to participate, should contact April Rivera at (717) 787-6576 to discuss how the Commission may best accommodate their needs.
