READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Exhibit A

Court of Common Pleas Custody Procedures— Revised May 17, 2023 Final As Amended

I. Introduction

Child custody cases are some of the most important and difficult cases assigned to a judge. They are, understandably, of the utmost importance to the parties, and have dynamics very different from other kinds of cases. These procedures are designed to recognize and address a number of issues including, but not limited to, the following:

- Assuring Due Process and Fairness for All Parties
- Encouraging and Facilitating the Settlement of Cases
- Expediting the Resolution of Cases
- Minimizing the Financial Cost to the Parties Consistent with the Best Interest of the Child.
- Conforming Procedures to the Pennsylvania Rules of Civil Procedure (“Pa.R.C.P.”) for Custody Cases
- Continuing a Reliable System of Inventory Control

Northampton County Court utilizes an initial non-record proceeding (office conference) with a conference officer pursuant to Pa.R.C.P. No. 1915.4-3. This procedure was certified to the Domestic Relations Procedural Rules

Committee of the Pennsylvania Supreme Court as required by Pa.R.C.P. No. 1915.4-1—Alternate Hearing Procedures for Partial Custody Actions.

II. Organization

A. Administrative Judge of Child Custody Court Division

The Administrative Judge of the Child Custody Court Division, (hereinafter referred to as “Administrative Judge”) as appointed by the President Judge, shall oversee the day to day operation of the Child Custody Court Division.

The Administrative Judge shall supervise both the Full-Time Conciliation Conference Officer and the Part Time Conciliation Conference Officer (hereinafter collectively referred to as “conference officers”) as well as the Administrative Support Staff. Notwithstanding the aforesaid, the ultimate responsibility for employee performance, and all matters that would be considered under the umbrella of human resources, shall remain within the exclusive purview of the President Judge.

B. Full-Time Conciliation Conference Officer

1. There shall be one (1) Full-Time Conciliation Conference Officer. The Full-Time Conciliation Conference Officer shall be responsible for the following:

- (f) Communicating with Children & Youth Services in obtaining information to comply with the Court’s obligations pursuant to 23 Pa.C.S. § 5329.1—Consideration of Child Abuse and Involvement with Protective Services;
- (g) Preparing summaries that include the procedural history of the case, the nature of the discussions that occurred at the conciliation conference, the position of the parties with respect to the issues, and the outcome of the conciliation conference;
- (h) Assisting parties and attorneys with procedural matters related to the filing of pleadings and compliance with court rules and procedures including providing appropriate forms and general instructions for the filing and serving of custody pleadings and scheduling of conferences, hearings and trials;¹ and

(i) Any additional duties as the Administrative Judge shall direct.

1. There shall be one (1) Part-Time Conciliation Conference Officer who shall independently be responsible for the same duties and responsibilities as the full time conciliation conference officer with respect to his/her individual cases.

¹ Conference Officers shall not provide substantive legal advice to parties or their attorneys. However, Conference Officers can inform the parties of their assessment of possible and/or likely outcomes based on similar cases, and may make recommendations relating to partial custody or supervised physical custody of the child or children and discuss issues related to legal custody, primary physical custody, contempt, jurisdiction and standing in order to assist the parties in reaching an agreement.

D. Administrative Support Staff

The Administrative Support Staff of the Child Custody Court Division shall provide administrative, clerical and other services to assist the Administrative Judge and the conference officers in the performance of their duties and responsibilities.

III. General Procedure

A. Filings

1. All custody pleadings, with the exception of relocation matters, including but not limited to, complaints, petitions, (including those for modification, contempt and for special and/or emergency relief,) as well as any stipulations, shall be submitted first to the administrative support staff of the custody office, in person or by United States mail, to be entered into the data base for inventory tracking.

2. All custody pleadings as set forth in Paragraph III. A.1. above, except emergency petitions and requests for expedited treatment, shall be accompanied by a Scheduling Order with the conference date left blank. The Administrative Support Staff shall have the Scheduling Order signed by the Administrative Judge. Thereafter, the filing party shall proceed to the Prothonotary’s Office to file the pleadings and obtain a date for the custody conference. Pleadings received by United States Mail from attorneys² will be forwarded to the Prothonotary for filing and to obtain a date for a conference. Thereafter, attorneys will receive a file-stamped copy in the envelope that attorneys shall provide and will receive a notice of the date and time for their conference.

3. Pre-Trial Conference Statement

Pursuant to Northampton County Local Rule N1915.1(5), a party initiating a custody action shall file simultaneously with the complaint a pre-trial conference statement together with a notice to respond. The service copy shall include a blank Pre-Trial Statement for use by the opposing party. The pre-trial conference statement should contain all the information as set forth in Northampton County Local Rule N1915.1(5)(a)—(j). The opposing party shall file its Pre-Trial Conference Statement no later than three (3) days before the conciliation conference in accordance with Northampton County Local Rule N1915.1(10).

² Pro se parties are not permitted to file pleadings by mail. Pleadings for filing will be accepted in person by the Administrative Support Staff of the Child Custody Court from pro se litigants, attorneys and/or attorney’s secretaries or paralegals.

the fee must be presented to the Motions Court Judge along with an In Forma Pauperis Affidavit or other proof of financial hardship.

(b) *Extensions*

Any request for extension of time to complete COPE shall be made directly to the Northampton County Custody Office, Northampton County Courthouse, 669 Washington Street, Easton, Pennsylvania 18042.

(c) *Failure to Comply*

Failure to comply with the requirements of this rule as it relates to attending and completing COPE may result in the applicable action being dismissed at the direction of the Court.³

B. Conciliation Conferences

1. *Mandatory.* A Conciliation Conference with a conference officer shall be mandatory in all cases related to child custody or partial custody including proceedings begun under the Divorce Code and by complaint or petition including issues of confirmation of custody, modification of custody and contempt.

2. *Location.* Conciliation conferences will be held in the Custody Mediation Suite at the Northampton County Courthouse, 669 Washington Street, Easton PA 18042 and shall be scheduled by the Office of Court Administration.

3. *Procedure.* The Conciliation Conference shall be conducted by one of the conference officers. Matters in which one or both parties are represented by counsel shall be placed on a "Represented Party" Conference List. Matters in which both parties are pro se shall be placed on a "Pro Se" Conference List. The conference officer shall encourage the parties to reach an agreement and attempt to facilitate same. The conference officer may make recommendations to the parties relating to partial custody or supervised physical custody of the child or children and discuss issues related to legal custody, primary physical custody, contempt, jurisdiction and standing in order to assist the parties in reaching an agreement. Custody conference officers shall not interview children at a custody conference.

4. *Co-Parenting Counseling.* The conference officer may also inform and recommend to the parties co-parenting counseling in selected cases. Co-parenting counseling is not necessary in every case. A recommendation for co-parenting counseling should be decided on a case by case basis based upon the level of hostility between the parties, the current ability of the parties to co-parent, each party's parenting skills and other relevant factors as determined by the conference officer. Co-parenting counseling should be primarily utilized to assist the parties in learning how to work together for the benefit of the child or children, and to clarify and identify the issues of contention between the parties with the goal of resolving them.

(a) Before the parties are asked to agree to co-parenting counseling, the parties must be advised of the current rates charged by counselors, what kinds of insurance counselors may accept, the estimated costs of reports, and approximately how long the parties will be required to attend counseling under an agreed order.

(b) *Co-Parenting Counseling Reports.*

• Parties who engage in co-parenting counseling may agree to stipulate that any reports generated by a

counselor as a result of co-parenting counseling may be admitted as evidence at trial without the need for calling the counselor as a witness.

• Parties must be advised that if they agree to the admissibility of a report generated by a counselor as a result of co-parenting counseling, the report will be admissible regardless of whether the report is favorable or unfavorable to one party or the other.

• Parties must also be advised that notwithstanding the admissibility of a report, either party may call the counselor as a witness. Absent agreement with the other party, the counselor's fees for time in providing testimony shall be borne by the party calling the counselor as a witness.

• *Distribution of Counseling and Other Reports to Judges*

When parties have agreed by stipulation that co-parenting counseling reports and/or other reports including but not limited to expert reports, reports from agencies, supervisors' reports, counselors' reports, guardian ad litem reports, as well as any reports authored by professionals, may be admitted as evidence without the need of calling the author of the report as a witness, the report shall be attached to summaries provided to the Judge who is presiding over a Judicial Settlement Conference or a proceeding to establish an Interim Order unless that Judge has specifically directed not to receive such reports. A judge assigned to preside over a Non-Jury Trial shall not be provided any such reports until admitted into evidence at the trial unless the trial judge specifically requests otherwise.

5. *Home Evaluations.* Home evaluations will be ordered only in cases in which a party has expressed a genuine concern about the other party's home that may represent a danger to a child or children or be an otherwise unsafe condition. The party requesting the home evaluation shall be responsible for the costs of the evaluation including the cost of a report. The parties, by agreement, may agree to the right to inspect each other's home.

6. *Agreements.* If an agreement for custody is reached at the conciliation conference that fully resolves the complaint or petition(s), the conference officer shall prepare an agreed order in conformity with the agreement which shall be fully reviewed by all parties and/or their counsel. After review, each party shall initial each numbered paragraph of the Order. Thereafter, the Order shall be submitted to the Administrative Judge for signature and adopted as an Order of Court. The Court may enter an Order in accordance with the agreement without hearing the parties.

7. *Interim Agreement.* If at the conclusion of the conciliation conference, an agreement has not been reached that fully resolves the complaint or petition(s), but the parties have agreed to an interim custody schedule pending trial, the conference officer shall prepare an agreed order in conformity with the agreement which shall be fully reviewed by all parties and their counsel. After review, each party shall initial each numbered paragraph of the Order. Thereafter, the Order shall be submitted to the Administrative Judge for signature and adoption as an Order of Court pending a trial.

(a) *Interim Order with Requirements*

If the Interim Order requires the parties to engage in co-parenting counseling, family counseling, drug and/or alcohol testing and evaluation, home evaluations, physical or medical examinations, paternity testing or any similar

³ See Administrative Order 2022-4 Family Law Rule 1915.19 Co-Parent Education Program 2/21/2022.

programs, upon compliance with the requirements, the matter shall proceed to a Judicial Settlement Conference, or at the request of the parties, may be referred back to the conference officers for a further conciliation conference.

(b) *Interim Order with No Requirements*

If the Interim Order has none of the aforesaid requirements, the Administrative Judge shall assign the matter to a judge for a Judicial Settlement Conference.

8. *Non-Agreement.* If at the conclusion of the conciliation conference, an agreement has not been reached that fully resolves the complaint or petition(s), and if the parties cannot agree on an interim custody schedule pending trial, or if the parties cannot agree on the steps necessary to prepare the case for trial, the Administrative Judge shall enter an order, prepared by the Conference Officer, placing the matter on a Miscellaneous Hearing List for the establishment of an interim Order pending trial or for a determination of the steps necessary to prepare the case for trial. The matter shall be assigned to any judge as any and all other matters are assigned for Miscellaneous Hearing Lists. Thereafter, depending on whether the Interim Order contains any requirements, the matter will proceed as set forth in 7(a) and 7(b) of the preceding paragraph.

9. *Summaries.* Conference officers shall prepare a summary for the Court without recommendations which shall contain the following information:

- The names, addresses, email addresses and phone numbers of the parties and their respective attorneys
- The name, gender and birthdate of the child or children
- The procedural history of the case
- The nature of the pending petition(s)
- The respective position of the parties as expressed at the conference
- Any information that relates to the safety and general welfare of a child including, but not limited to physical/mental abuse, sexual assault or information related to child dependency as defined under the law.

Conference officers shall not summarize any reports, but shall attach to the summary any and all such reports generated to date in the case. Summaries prepared by conference officers shall be forwarded to the Judicial Settlement Conference Judge and to a Judge assigned to hear a matter on the Miscellaneous Hearing List, and to a Judge assigned to preside over a custody trial, unless that Judge has specifically directed not to receive such reports. Summaries prepared by conference officers shall also be provided to the parties and/or their attorneys.

10. *Emergency Issues.* If at any time a conference officer, or the Administrative Judge determines that a party has raised an emergency issue, such as danger to a child, a complete denial of access to a child, or a time sensitive matter, the conference officer or the Administrative Judge shall refer that party to the Motions Judge for emergency relief as set forth in Paragraph III.D. below.

11. *Continuances.* Applications for a continuance of a conciliation conference shall be first made to the Custody Office. If the parties agree to a continuance, conciliation conferences may be continued and rescheduled by the conference officers. When a request for a continuance of a custody conference is opposed, such request shall be made in writing through the office of the Custody Conference Officer, and may be granted by the Custody Conference

Officer only upon certification that there has been an attempt to obtain an agreement of the opposing counselor or party, and only upon good cause shown, or Order of Court.

The requesting party shall state the nature of the pending petition, the identity of the moving party, and the reason for the continuance.

The writing to a party requesting a continuance shall contain the following language:

If you oppose this continuance, you must set forth your reasons in writing, along with your telephone number, and provide it to the assigned Custody Conference Officer within two (2) business days of the postmark, e-mail, or fax confirmation of this request. You may contact the Court Administrator's Office at 610-559-6700 to obtain the assigned Custody Conference Officer's phone and fax number. If you fail to do so, the continuance will be granted. You must also provide a copy of your writing to the other party and counsel.

The two (2) business day period may be waived in exceptional circumstances as determined by the Custody Conference Officer.

An appeal of the decision of the Conference Officer may be made to the Administrative Judge.

C. *Judicial Settlement Conferences*

1. All judges who are assigned by the Administrative Judge to conduct a Judicial Settlement Conference shall immediately contact the parties and/or their counsel to schedule the conference.

2. If an agreement is reached at the Judicial Settlement Conference that fully resolves the complaint or petition(s), the Judicial Settlement Judge shall prepare an agreed Order or ask the Conference Officer to prepare the agreed Order which shall be fully reviewed by all parties and/or their counsel. After review and approval by the parties and/or their counsel, each party shall initial each numbered paragraph of the Order. The Order shall then be signed by the Judicial Settlement Judge and adopted as an Order of Court.

3. If at the conclusion of the Judicial Settlement Conference, an agreement has not been reached that fully resolves the complaint or any petition(s), the Settlement Judge may, in his/her discretion, enter an appropriate Order, including but not limited to, the following:

- Paternity Testing
- Drug and Alcohol Testing and Evaluation
- Home Evaluation
- Physical and Mental Examinations
- Co-Parenting/Family Counseling
- Interim Custody/Partial Custody Orders

The Settlement Judge or the Administrative Judge may also issue an Order placing the matter on the next available Non-Jury Trial List to be assigned by the President Judge as any and all such matters are assigned for Non-Jury Trials.

4. *Continuances.* Application for a Continuance of a Judicial Settlement Conference shall be made to the assigned judge.

D. *Emergency Petitions*

1. *Motions Court*

(a) If a party believes that a matter is an "emergency" requiring an immediate hearing in order to prevent

imminent harm to a child, or that the matter involves a time sensitive matter, the party may present a complaint or petition to the Motions Judge.

(b) Notwithstanding the emergency nature of such a complaint or petition, the pleading shall first be presented to the custody court's administrative support staff for entry into the tracking system.

(c) The custody court's administrative support staff shall provide the Motions Judge with a copy of the pleading and provide any procedural background information available on the matter.

(d) Upon presentation of the pleading in Motions Court, the Motions Judge shall determine whether the matter requires immediate action and/or expedited treatment. If the Motions Judge determines that the matter does not require immediate action or expedited treatment, the Motions Judge shall direct the moving party to list the matter for a conciliation conference in accordance with the Court's customary procedures.

(e) If the Motions Judge determines that the matter requires immediate action, the Motion Judge shall rule upon the matter addressing the emergency. After the Motions Judge has resolved any emergency, if other non-emergency matters or non-urgent custody issues remain, the Motions Judge shall direct that the matter be listed for a conciliation conference in accordance with the court's customary procedures.

(f) If the Motions Judge determines that the matter requires expedited treatment but not immediate action, and that a hearing is required before relief can be ordered, the Motions Judge may, in his/her discretion, either schedule the matter for a special hearing for himself/herself, or place the matter on a Miscellaneous Hearing List to be assigned to himself or herself.

(g) The Motions Judge shall not direct the custody office to schedule an expedited Conciliation Conference.

E. *Special Relief (Non-Emergency)*—(Pa.R.C.P. No. 1915.13)

1. At any time after commencement of the action, the Court may on application or its own motion grant appropriate interim or special relief as set forth in Pa.R.C.P. No. 1915.13.

2. As with all custody pleadings, an application for non-emergency interim or special relief must first be filed at the custody office for a Conciliation Conference. Applications under this section are limited to issues that are not dispositive of the ultimate issue of custody and do not include petitions for contempt or matters that require a full trial. If the matter cannot be resolved at the conciliation conference, the Administrative Judge shall enter an order placing the matter on the Miscellaneous Hearing List to be assigned to any judge as any and all other matters are assigned for Miscellaneous Hearing Lists.

IV. *Miscellaneous Court*

A. No custody matter shall be placed on a Miscellaneous Hearing List unless so ordered by a judge. If a conference officer or the administrative support staff learns that an attorney or a pro se party has praecipated a custody matter to a Miscellaneous Hearing List without court approval, the conference officer or administrative

support staff shall immediately notify the Administrative Judge prior to the scheduled hearing. The Administrative Judge may either accept the matter for assignment to himself/herself, or strike the matter from the list.

B. When a Motions Court Judge orders the listing of a custody matter onto a Miscellaneous Hearing List, the matter shall be assigned to himself or herself.

C. *Continuances.* Applications for a continuance of a matter on the Miscellaneous Hearing List shall be ruled upon by either the assigned judge or by the President Judge.

V. *Trial Listings*

A. Contested custody matters shall generally be heard during the Court's Non-Jury Trial sessions.

B. Neither a party nor counsel of record may place a custody matter on a Non-Jury Trial List without approval of the President Judge, the Administrative Judge or an assigned judge.

C. *Continuances.* Applications for a continuance of a custody matter on the Non-Jury Trial List shall be ruled upon by either the assigned judge or the President Judge.

VI. *Delay*

A. All custody matters are subject to Pa.R.C.P. No. 1915.4—Prompt Disposition of Custody Cases.

B. A party shall not be permitted to benefit from that party's own failure to comply with any Interim Order of Court. No party shall be subject to prejudice or delay as a result of the other party's failure to comply with an Interim Order of Court. Additionally parties will not be prejudiced by matters outside of their control including, but not limited to, an indigent party's inability to pay for services, the unavailability of service providers or unreasonable delay caused by the pre-trial process.

C. Any party who believes that they are aggrieved by a matter as set forth in Paragraph VI.B. above or by an unreasonable delay in the pre-trial process may file an appropriate pleading for special relief as set forth above in Section III. E.—Special Relief (Non-Emergency).

VII. *Relocation Cases*

Relocation cases pursuant to 23 Pa.C.S.A. § 5337 shall be assigned by the President Judge through the Office of Court Administration to individual judges to conduct an expedited hearing as required by 23 Pa.C.S.A. § 5337(g).

VIII. *Northampton County Local Rules of Procedure*

The procedures set forth herein are intended to replace any current local rules of procedure previously adopted by Administrative Order of the President Judge or past President Judges on the same subject or inconsistent therewith. Otherwise, unless specifically rescinded by Administrative Order of the President Judge, the current local rules for action of Custody shall remain in effect.

IX. *Pennsylvania Rules of Civil Procedure*

Nothing herein is intended to replace or repeal the Pennsylvania Rules of Civil Procedure for custody and related matters as adopted by the Supreme Court of Pennsylvania.

PROPOSED RULEMAKING

ENVIRONMENTAL QUALITY BOARD

Acceptance of Recommendation

On July 11, 2023, the Environmental Quality Board (Board) accepted the Department of Environmental Protection's (Department) recommendation to deny a petition for rulemaking. This decision is in response to a petition submitted by the Sierra Club, Clean Air Council, Earthworks, PennFuture, Protect Penn-Trafford and the Mountain Watershed Association requesting that the Board amend the Department's regulations at 25 Pa. Code § 78.302 (relating to requirement to file a bond) to require full-cost bonding for conventional oil and gas wells by increasing bond amounts to \$38,000 for each new or active conventional oil and gas well drilled after April 18, 1985, and setting blanket bonds to the sum of total per well bond amounts.

The decision to accept the recommendation to deny the petition was based on a report prepared by the Department and subsequent comments provided by the petitioner. The Department determined, and the Board concurred, that the Board no longer had the statutory authority to take the requested action after the enactment of the act of July 19, 2022 (P.L. 1622, No. 96) explicitly suspended the Board's authority to make any changes to individual or blanket bond amounts for conventional wells for 10 years.

The previously-referenced recommendation is accessible on the Department's web site at <https://www.dep.pa.gov> (select "Public Participation," then "Environmental Quality Board," then "2023 Meetings").

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Proposed Water Audit Methodology Regulation 52 Pa. Code § 65.20a—Water Conservation Measures

Public Meeting held
July 13, 2023

Commissioners Present: Gladys Brown Dutrieuille, Chairperson; Stephen M. DeFrank, Vice Chairperson; Ralph V. Yanora; Kathryn L. Zerfuss; John F. Coleman, Jr.

*Proposed Water Audit Methodology
Regulation 52 Pa. Code § 65.20a—
Water conservation measures; L-2020-3021932*

Order

By the Commission:

This Order will serve to reopen the public comment period for the Notice of Proposed Rulemaking (NOPR) in the water audit methodology rulemaking at 52 Pa. Code § 65.20a (relating to water conservation measures). The Public Utility Commission (PUC) takes this action to more fully examine the issues raised in comments filed by

the Independent Regulatory Review Commission (IRRC). The reopened public comment period will close 30 days after this Order is published in the *Pennsylvania Bulletin*.

History

The PUC's existing policy statement on water conservation measures provides guidance to water public utilities in encouraging cost-effective water conservation by their customers. 52 Pa. Code § 65.20 (relating to water conservation measures—statement of policy). By tentative Order entered on November 10, 2011, which became final on January 27, 2012,¹ the PUC ordered all Class A water public utilities to implement the American Water Works Association Methodology (AWWA Methodology) and directed the preparation of proposed regulations implementing the AWWA Methodology as a best management practice in water loss control in Pennsylvania. In Re: Pilot Project to Implement The International Water Association/American Water Works Association Water Audit Methodology, Docket No. M-2008-2062697 (order entered November 10, 2011). An Advance Notice of Proposed Rulemaking Order was subsequently entered on January 24, 2013. Advance Notice of Proposed Rulemaking for Revision of the Commission's Regulations on Water Conservation Measures at 52 Pa. Code § 65.20, L-2012-2319361 (order entered January 24, 2013); 43 Pa.B. 870 (2/9/13).

On September 17, 2020, the PUC entered an Advance Notice of Proposed Rulemaking Order (ANOPR Order) at the above-captioned docket in order to solicit comments regarding the replacement of the Policy Statement at 52 Pa. Code § 65.20 with a PUC regulation to implement the International Water Association (IWA)/American Water Works Association (AWWA) Water Audit Methodology (Water Audit Methodology) as a best management practice in water loss control in Pennsylvania as directed by PUC Order.² Comments were received from the Office of Consumer Advocate (OCA), the Pennsylvania Chapter of the National Association of Water Companies (NAWC-PA) and Aqua Pennsylvania, Inc. (Aqua), and the AWWA Water Loss Control Committee Members (AWWA Committee).

Subsequently, after a review of the filed comments to the ANOPR Order, the PUC entered a Notice of Proposed Rulemaking Order (NOPR Order) on November 18, 2021, seeking comments on proposed language for a regulation at 52 Pa. Code § 65.20a (relating to water conservation measures). The NOPR Order was published in the *Pennsylvania Bulletin* at 52 Pa.B. 4406 (8/6/2022). The original public comment period for the proposed regulation closed on November 3, 2022.³ Comments were received from the Susquehanna River Basin Commission (SRBC), the AWWA Committee, NAWC-PA, and OCA. IRRC filed its comments on the proposed regulation on December 5, 2022.

The comments received from IRRC on the proposed Water Audit Methodology regulations are extensive and touch on some new issues that require further input and consideration. Specifically, IRRC has requested additional

¹ A Secretarial Letter finalizing the 2011 Tentative Order was issued on January 27, 2012, at Docket No. M-2008-2062697, after the only comments filed to the 2011 Tentative Order was withdrawn.

² An errata order was released on October 27, 2020, to adjust the proposed numbering within the proposed § 63.20a. It bears the adopted and entry dates of the original ANOPR.

³ The PUC must either withdraw the proposed regulation or deliver a final-form regulation to IRRC within two years of the close of the public comment period or by November 3, 2024. See 73 P.S. § 745.5a.

information from the regulated community as to the costs required to comply with the proposed regulation as well as additional information from the PUC to clarify certain provisions of proposed regulation to determine if the provisions are reasonable and in the public interest. Consistent with the concerns raised by IRRC, the public comments and reply comments also indicate a need for additional input by interested parties to further define the benchmarks to be imposed by the proposed regulation. Accordingly, the PUC finds it to be in the public interest to reopen the comment period for this rule-making so that these issues may be fully considered.

Under 1 Pa. Code § 305.3(b) (relating to [IRRC] comments), an agency may extend or reopen the public comment period by delivering notice to IRRC and the agency's Legislative Committees and by publishing notice in the *Pennsylvania Bulletin*. We expect that those parties who have previously commented on the proposed regulation will participate in this process and be ready to assist the PUC in the examination of these subjects. We also expect to receive additional input from municipal water authorities and smaller water systems or Class B and Class C water systems.

At a minimum, stakeholders are being asked to consider the following questions. We request that commenters follow the numbering pattern when they answer the questions below. We also request that commenters provide specific rationales for each of their responses to the questions and do not merely respond "yes" or "no" to them. Additionally, we ask that commenters include suggested regulatory language. If commenters have additional points to make, do so after having answered the PUC's questions. The PUC requests commenters to address the following questions during the reopening of the public comment period:

1) What are the expected benefits of the proposed regulation? What are the possible adverse effects of the proposed regulation? What alternative do you recommend?

2) A commentator recommended that the PUC require all jurisdictional water utilities to complete at least one water loss audit. If the PUC were to require all jurisdictional water utilities to complete one water loss audit, please identify the timeline and reporting schedule that would be feasible for Class B and Class C water public utilities to complete and submit the water loss audit to the PUC. Why or why not? If not, what proposal would be feasible?

3) Section 65.20a(c)(2)(viii), 52 Pa. Code § 65.20a(c)(2)(viii), requires an explanation for each reported metric value that varied greater than 10% in either direction from the previous year's reported value and that has not improved over three years of reporting. If stakeholders believe this provision is infeasible or unreasonable, please explain why, and identify an alternative method(s) to require water public utilities to identify significant deviations in year-to-year values reported in the annual water loss reports.

4) For municipal water authorities, what are the costs and/or savings associated with complying with the regulation, including any legal, accounting, or consulting procedures which may be required? How are those dollar estimates derived?

5) For Class B and Class C water public utilities, what are the costs or savings, or both, associated with complying with the proposed regulation, including any legal,

accounting, or consulting procedures which may be required? How are those dollar estimates derived?

6) A commenter believes that it is "wholly inappropriate" for the PUC to continue to employ the unaccounted-for water (UFW) approach in the proposed regulation. The commenter asserts that the proposed UFW approach under proposed Section 65.20a(d), 52 Pa. Code § 65.20a(d), is "outdated and archaic" and, further, "lacks empirical and scientific legitimacy." Provide responses to the following:

a. What are the advantages and disadvantages of reporting UFW?

b. Can this approach be used by the water utility industry to improve system performance and reduce water loss on a discrete system basis? If so, how is UFW specifically used to identify the most deficient systems and system processes to be improved to achieve measurable results?

c. Is there a reliable correlation between UFW and the condition of a system as quantified by other performance indicators? If so, explain the correlation.

7) A commenter indicated that the proposed regulations would be improved if performance indicators were defined along with how priority areas are to be determined for a water public utility to address reducing future water loss. Provide responses to the following:

a. What industry-recognized performance indicators would best characterize the current financial and operational condition of a discrete water system on an annual basis? Why?

b. How should measurable benchmarks be established for each discrete water system using both operational and financial performance indicators (e.g., AWWA's Real Loss and Loss Cost Rate)?

c. Quantify the proposed targets or goals for any proposed performance indicator and provide a justification for the proposed targets or goals and the timeframe for each proposed target or goal to be achieved.

d. How should the identified specific targets or goals for each performance indicator be utilized by a water public utility in developing its annual or long-term capital improvement plan(s)?

8) A commenter urged the PUC to include a formal validation process in the proposed regulation and indicated that without data validation, data from "self-reported" water audits can have questionable validity. Provide responses to the following:

a. What process should a water public utility be required to complete in order to ensure the data provided to the PUC eliminates, to the extent feasible, inaccurate information (e.g., by using the American Water Works Association Level 1 validation process)?

b. What are the advantages and disadvantages of requiring each water utility to validate its annual water loss audits?

c. What would be the additional annual expense required to complete a validation process on water loss audits?

9) Separately identify, describe, and quantify the average annual cost for each component of the water utility's current leak detection, meter testing and replacement, and customer education efforts regarding water loss.

10) Are you a “small business” as defined⁴ in Section 3 of the Regulatory Review Act, Act 76 of 2012, 71 P.S. § 745.3?

Comments will be due on or before 30 days after publication of this Order in the *Pennsylvania Bulletin*. Comments filed with the PUC prior to the date of publication in the *Pennsylvania Bulletin* will be deemed premature and may not be considered by the PUC. Comments timely filed will be forwarded to the Legislative Committees and to IRRC; *Therefore*,

It Is Ordered That:

1. The public comment period for the rulemaking proceeding at Docket No. L-2020-3021932 is reopened consistent with this Order.

2. This Order be served on all jurisdictional water public utilities, the Office of the Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation and Enforcement, the National Association of Water Companies—Pennsylvania Chapter, the Department of Environmental Protection, the Delaware River Basin Commission, the Susquehanna River Basin Commission, the American Water Works Association—Pennsylvania Chapter, and all entities that filed comments or reply comments to the November 18, 2021 Notice of Proposed Rulemaking at this docket, 52 Pa.B. 4406 (8/6/2022).

3. The Law Bureau shall submit this Notice of Reopened Public Comment Period to the Legislative Committees, to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*, and to the Independent Regulatory Review Commission.

Executive Orders, Management Directives and Other Issuances of the Directives Management System Indexed for Reference Purposes

The Index of Issuances is being updated to reflect changes since 52 Pa.B. 4242 (July 30, 2022). This amendment adds new issuances, amends and rescinds others. Recipients of publications listed in this index should be kept informed of the status of these publications.

NEIL R. WEAVER,
Secretary of Administration

(Editor’s Note: This Index of Issuances is published under 1 Pa. Code § 3.1(a)(9) (relating to contents of Code). This document meets the criteria of 45 Pa.C.S. § 702(7) (relating to contents of Pennsylvania Code) as a document general and permanent in nature which shall be codified in the Pennsylvania Code.)

This manual provides a complete listing of issuances, specified in Title 4 of the *Pennsylvania Code* § 1.2, from the Governor’s Office and from agencies under the Governor’s jurisdiction, except proclamations and press releases, that are intended for distribution to two or more agencies following the procedures for publication of issuances in Management Directive 210.01, Directives Management System.

The manual will be amended to reflect the latest issuances, and published annually in Title 4 of the *Pennsylvania Code* § 1.4 at the end of each fiscal year.

This amendment updates the index for all executive orders, management directives, and manuals issued, amended, and rescinded between July 1, 2022 and June 30, 2023. Changes are indicated by an asterisk (*).

This manual replaces, in its entirety, Manual 210.03, dated July 1, 2022. This manual includes all new and amended issuances through June 30, 2023.

How to Use Index:

- Executive orders are by year of issuance.
- Management directives and manuals are numbered in sequence by category (e.g., Financial Management) and subcategory (e.g., Payroll).
- All documents preceded by the letter “M” are manuals. All documents preceded by the letter “MD” are management directives.
- Documents with a strike-through have been rescinded.
- Amendments are presented as complete documents that incorporate all changes since the last issuance.
- Revisions which generally affect older issuances are pen and ink changes or replacement pages and affect only those parts of an issuance being changed. Therefore, the issuance changed by a revision will be in more than one document because there will be original issuance and any revision.

Fiscal Note: GOV-23-210.3. No fiscal impact; recommends adoption.

NOTICES

DELAWARE RIVER BASIN COMMISSION

Public Hearing and Business Meeting

The Delaware River Basin Commission (Commission) will hold a public hearing on Wednesday, August 9, 2023. A business meeting will be held the following month on Thursday, September 7, 2023. Both the hearing and the business meeting are open to the public and both will be conducted remotely. Details about the remote platforms for the public hearing and the business meeting will be posted on the Commission's web site at www.drbc.gov, at least 10 days prior to the respective hearing and meeting dates. Both the public hearing and the business meeting will be streamed live on the Commission's YouTube channel.

Public hearing. The Commission will conduct the public hearing virtually on August 9, 2023, beginning at 1:30 p.m. Hearing items will include draft dockets for withdrawals, discharges and other projects that could have a substantial effect on the basin's water resources. A list of the projects scheduled for hearing, including project descriptions, along with links to draft dockets, will be posted on the Commission's web site at www.drbc.gov, in a long form of this notice at least 10 days before the hearing date.

Written comments on matters scheduled for hearing on August 9, 2023, will be accepted through 5 p.m. on Monday, August 14, 2023.

The public is advised to check the Commission's web site periodically during the 10 days prior to the hearing date, as items scheduled for hearing may be postponed if additional time is needed to complete the Commission's review. Items also may be added up to 10 days prior to the hearing date. In reviewing docket descriptions, the public is asked to be aware that the details of projects may change during the Commission's review, which is ongoing.

Business meeting. The business meeting on September 7, 2023, will begin at 10:30 a.m. and will include: adoption of the minutes of the Commission's June 7, 2023, business meeting; announcements of upcoming meetings and events; a report on hydrologic conditions; reports by the Executive Director and the Commission's General Counsel; and consideration of any items for which a hearing has been completed or is not required. The agenda is expected to include consideration of the draft dockets for withdrawals, discharges and other projects that are subjects of the public hearing on August 9, 2023.

After all scheduled business has been completed and as time allows, the business meeting will be followed by up to 1 hour of open public comment, an opportunity to address the Commission off the record on any topic concerning management of the Delaware River Basin's water resources outside the context of a duly noticed, on-the-record public hearing.

There will be no opportunity for additional public comment for the record at the September 7, 2023, business meeting on items for which a hearing was completed on August 9, 2023, or a previous date. Commission

consideration on September 7, 2023, of items for which the public hearing is closed may result in approval of the item (by docket or resolution) as proposed, approval with changes, denial or deferral. When the Commissioners defer an action, they may announce an additional period for written comment on the item, with or without an additional hearing date, or they may take additional time to consider the input they have already received without requesting further public input. Deferred items will be considered for action at a public meeting of the Commission on a future date.

Advance registration and sign-up for oral comment. Links for registration to attend the public hearing and the business meeting will be posted at www.drbc.gov at least 10 days before each meeting date. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notice(s) of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent (NOI) to Remediate. An acknowledgment of the receipt of a NOI to Remediate is used to identify a site where an individual proposes to, or has been required to, respond to a release of a regulated substance at a site. Individuals intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a NOI to Remediate with DEP. A NOI to Remediate filed with DEP provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. An individual who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identi-

fied in reports submitted to and approved by DEP. Furthermore, an individual shall not be subject to citizen suits or other contribution actions brought by responsible individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified individual, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

WMGM052SC002. Divert, Inc., 305 Busser Road, York, PA 17406, Manchester Township, **York County**. Divert submitted both a Determination of Applicability (DOA) for coverage under the WMGM052 base General Permit (GP), and a modification to the WMGM052 base GP, which were determined to be administratively complete on July 15, 2022. WMGM052 authorizes the use of self-contained organics collection bins which serve as in-vessel composting systems prior to off-site beneficial use of composted organics. The modifications proposed to WMGM052 were to allow for additional organic waste streams and included collection and storage of organics in storage bins at intermediate facilities, without composting, prior to transfer to an off-site composting or anaerobic digestion facility. Due to changes in operational plans, Divert requested that the application for the DOA, as well as the modification to the base GP, be withdrawn on June 27, 2023. AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities.

This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

PA DOT proposes to restore Troups Creek to a condition approximating 2011 conditions. The channel has eroded the right bank to a point that the stream is flowing into the roadway approach. The project proposes approximately 272 LF of stream relocation and approximately 237 LF of gravel deposition removal to restore the channel. The channel bank is severely eroded and will be stabilized with approximately 365 LF of Grouted R-8 Rip Rap. The Rip Rap will include a bench and five upstream log deflectors. An Unnamed Tributary to Troups Creek will be shifted for approximately 104 LF to tie into the relocated channel of Troups Creek. The project will utilize a cofferdam system during construction. The project includes approximately 40 LF of driven sheet piling at the bridge wing wall. The project does not propose any wetland impacts. A detour will be utilized to convey traffic during construction. Troups Creek is designated as a Cold Water Fishery by 25 Pa. Code Chapter 93 Water Quality Standards. Latitude: 41° 59' 37", Longitude: -77° 29' 32".

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law).

The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law. For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. Important legal rights are at stake, however, so individuals should contact a lawyer at once.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

For actions taken on applications for pipelines that are regulated by the Federal Energy Regulatory Commission (FERC).

Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. §§ 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 2

The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

UNDER ACT 2, 1995 PREAMBLE 3

The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits

of the use or reuse of the property. The DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

State Water Quality Certification Issued by the Commonwealth of Pennsylvania, Department of Environmental Protection Pursuant to Section 401 of the Clean Water Act for the Mon/Fayette Expressway PA RT 51 to Duquesne, Section 53B1A Project.

Central Office: Regional Permit Coordination Office, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17101.

Contact: RA-EPREGIONALPERMIT@pa.gov.

WQ0283222-002, Pennsylvania Turnpike Commission (Applicant), 700 S. Eisenhower Blvd, Middletown, PA 17057. Mon/Fayette Expressway PA Rt 51 to Duquesne, Section 53B1A (Project), in West Mifflin and Dravosburg Boroughs, **Allegheny County**, ACOE Pittsburgh District. The proposed project starts just south of Curry Hollow Road (Latitude: 40.347209°; Longitude: -79.912195°) and ends at Pittsburgh McKeesport Boulevard (Latitude: 40.352720°; Longitude: -79.896907°)

On July 15, 2022, Applicant submitted a request for a Chapter 105 Individual Water Obstruction and Encroachment Permit application, which also serves as a request for a Section 401 State Water Quality Certification (SWQC) under Section 401 of the Federal Clean Water Act, as required by Section 401 of the Clean Water Act (33 U.S.C.A. § 1341), to ensure that the construction, operation and maintenance of the Project will protect water quality in Pennsylvania consistent with the requirements of State law and the Clean Water Act.

The Project, as proposed, includes approximately 1 mile of newly constructed SR 0043 beginning at the end of Section 53A2 south of Curry Hollow Road and extending to Pittsburgh McKeesport Boulevard (SR 2045). Construction includes a new partial interchange with SR 2045 and realignment and widening of the existing roadway to support the interchange. The Project, as proposed, will require approximately 131 acres of earth disturbance, and permanent impacts to 3,525 linear feet of unnamed tributaries to Monongahela River (WWF), 5.18 acres of floodway, 0.47 acre to PEM, PSS, and PFO wetlands and 1.54 acres of other bodies of water, and temporary impacts to 834 linear feet of unnamed tributaries to Monongahela River (WWF), 2.06 acres of floodway, 0.02 acre of PEM and PFO wetlands, and less than 0.01 acre of other bodies of water.

On July 12, 2023, DEP issued a conditional State Water Quality Certification (SWQC) to Pennsylvania Turnpike Commission for the Mon/Fayette Expressway Rt 51 to Duquesne, Section 53B1A project. This SWQC is conditioned on Pennsylvania Turnpike Commission obtaining all necessary state permits, approvals and authorizations for the Project, including those required under 25 Pa. Code Chapter 92a (relating to National Pollutant Discharge Elimination System Permitting, Monitoring and Compliance), 25 Pa. Code § 102 (relating to Erosion and Sediment Control) and § 105 (relating to Dam Safety and Waterway Management), and complying with all conditions set forth in the SWQC.

Pennsylvania possesses a water quality standards program that is integrated into the Pennsylvania water

permitting programs to ensure protection of waters of the Commonwealth in accordance with Pennsylvania law and the Federal Clean Water Act. The water quality certification ensures that the applicant will comply with water quality standards through the established permitting processes. Pennsylvania Turnpike Commission must obtain the applicable permits before it can begin construction. Applicable permits include permits issued under 25 Pa. Code Chapters 92a, 102 and 105.

PADEP certifies that the construction, operation, and maintenance of the Project complies with the applicable provisions of sections 301—303, 306 and 307 of the Federal Clean Water Act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317). The PADEP further certifies that the construction, operation and maintenance of the Project complies with Pennsylvania water quality standards and that the construction, operation and maintenance of the Project will maintain and protect applicable Commonwealth water quality standards provided that the construction, operation and maintenance of the project complies with the following PADEP water quality permitting programs, criteria and conditions established pursuant to Pennsylvania law:

1. Erosion and Sediment Control and Stormwater Management—All projects proposing earth disturbance must implement best management practices (BMPs) to protect and maintain water quality pursuant to Pennsylvania's Clean Streams Law (35 P.S. §§ 691.1—691.1001) and Storm Water Management Act (32 P.S. §§ 680.1—680.17), 25 Pa. Code Chapter 102 (relating to erosion and sediment control), and all other applicable regulations. Applicant shall obtain and comply with a National Pollutant Discharge Elimination System (NPDES) Permit for discharges of stormwater associated with construction activities as required in 25 Pa. Code § 102.5.

2. The Applicant shall provide a copy of this SWQC to an authorized representative conducting an inspection of the Project.

7. Transfer of Projects—If Applicant intends to transfer any legal or equitable interest in the Project or any portion(s) thereof, the Applicant shall provide a copy of this SWQC and copies of any permits, authorizations or approvals obtained to comply with the SWQC upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the appropriate PADEP Office of such intent. Notice to PADEP shall include a transfer agreement signed by the existing and new owners containing a specific date for transfer of responsibility, coverage, and liability under the SWQC and any permits, authorizations and approvals obtained to comply with the SWQC. PADEP may require additional measures to achieve compliance with any applicable law or regulation.

10. Other Laws—Nothing in this SWQC shall be construed to preclude the institution of any legal action or to relieve Applicant from any responsibilities, liabilities, or penalties established pursuant to any applicable law or regulation.

11. Severability—The provisions of this SWQC are severable and should any provision of this SWQC be declared invalid or unenforceable, the remainder of the SWQC shall not be affected thereby.

Any person aggrieved by this action may appeal the action to the Environmental Hearing Board (Board), pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A. The Board's address is:

2024 Environmental Education Grants; Notice of Availability

The Department of Environmental Protection (Department) announces the opening of a new round of Environmental Education Grants for 2024. The grant round will open August 1, 2023.

Three types of awards will be offered for projects addressing the 2024 Environmental Education Grants Program (Program) priorities of water, climate change and environmental justice.

Mini grants of up to \$5,000 may be awarded for local (school, county, municipality or other defined area) environmental education projects. General grants ranging from \$5,001—\$30,000 (Level I) may be awarded for implementation of large scale regional or Statewide environmental education projects. General grants ranging from \$30,001—\$65,000 (Level II) may be awarded for nonformal education projects that engage youth and teachers from at least 60 Commonwealth counties at three levels: National, State and local. Additionally, Level II projects must demonstrate at least 30% of program participants live, work or attend school within an environmental justice area. For more information on environmental justice areas, visit www.dep.pa.gov/PublicParticipation/OfficeofEnvironmentalJustice/Pages/PA-Environmental-Justice-Areas.aspx.

The Program was established by the Environmental Education Act of 1993 (P.L. 105, No. 24), which mandates setting aside 5% of the pollution fines and penalties the Department collects annually for environmental education in this Commonwealth. In its 30-year history, the Program has funded more than \$13.3 million in environmental education projects. Awardees have included schools, nonprofit organizations, colleges and universities, municipalities, county conservation districts and businesses.

The Environmental Education Grant guidelines and application instructions are available on the Department's web site at www.dep.pa.gov (select the "Grants" icon, then

scroll to “Businesses,” and select “Environmental Education—for educational projects in climate change, environmental justice, water quality, and other areas”).

Applications must be submitted online through the Commonwealth’s Electronic Single Application web site at www.esa.dced.state.pa.us/Login.aspx. The Department will begin accepting applications on August 1, 2023. Applications must be received by 11:59 p.m. on November 15, 2023. Hardcopy applications and late submissions will not be considered.

Questions concerning the 2024 Program can be directed to the Department’s Environmental Education and Information Center at RA-epEEgrants@pa.gov.

In addition, bound copies of some of the Department’s documents are available as Department publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to TGDs

Following is the current list of recent changes. Persons who have questions or comments about a particular

document should contact the person whose name and phone number are listed with each document.

Final TGD: Minor Revision

DEP ID: 385-2208-003. *Title:* Alternate Onlot Sewage Pretreatment Technology Verification Policy. *Description:* The purpose of this TGD is to provide scientific methods and minimum levels of pretreatment for demonstrating the performance of onlot alternate technology systems or components. The scientific methods and minimum levels of pretreatment in this TGD can provide the basis for the Department’s evaluation of newly proposed onlot sewage system or component technologies for which approval as an alternate system or component in this Commonwealth is being sought. The TGD provides a consistent approach for the submission, review and approval or disapproval of proposed alternate onlot pretreatment technologies. Compared with the version published as final at 50 Pa.B. 2473 (May 9, 2020), the TGD has been updated to reflect amendments to the Pennsylvania Sewage Facilities Act (35 P.S. §§ 750.1—750.20a) made by the act of June 5, 2020 (P.L. 257, No. 34) (Act 34). The revised TGD also includes minor revisions to clarify certain parts of the TGD based on the experience of the Department’s Sewage Facilities Planning Program staff reviewing several applications for technology approval using the process described in the TGD. Minor revisions to the TGD include the following:

- Throughout the TGD, all references to the act of July 20, 2017 (P.L. 321, No. 26) have been removed since the Pennsylvania Sewage Facilities Act was subsequently amended by Act 34.
- Throughout the TGD, all use of the term “performance standard” has been removed and replaced with “minimum level of pretreatment.”
- Throughout the TGD, all use of the term “experimental systems” has been removed. The TGD does not provide the process for testing and approving experimental systems.
- Throughout the TGD, language has been updated for clarity.
- The format of the “Introduction” section has been changed to provide clarity.
- Changed the timing for the manufacturer to choose the type of performance monitoring before technology classification instead of after technology classification. This was done to facilitate the public comment review process and the development of a technology-specific guidance document.
- Removed language that allows technologies that are not certified by an accredited NSF/American National Standards Institute (ANSI) organization to participate in the alternate approval process. Based on experience, the Department’s Sewage Facilities Planning Program staff determined that without a certification from an accredited NSF/ANSI organization, the Department will not be able to verify that the technology being marketed after approval is the same technology that went through the approval process. The NSF/ANSI certification organizations provide an insignia or “mark” on all products certified under the organization’s process and they complete annual audits of the manufacturing process to confirm the NSF/ANSI certified product uses the same technology that was certified.

- Added language to reflect current practice allowing technologies that are certified by an accredited NSF/ANSI organization based on testing that was performed at a test center with a climate warmer than the Commonwealth. Many of the technologies that have received NSF/ANSI certifications were tested at test centers in southern states such as Texas, Louisiana or Hawaii. This was done to allow these technologies to enter the technology verification process with the stipulation that the Department may ask for additional field-testing sites to compensate for their certification being completed under less harsh weather conditions than is typical of the Commonwealth.

- Added language to reflect current practice which does not require a certification from an accredited NSF/ANSI organization for fecal coliform (FC) removal. The NSF/ANSI 40 certification is the most common certification attained by manufacturers for onlot sewage treatment technologies. However, NSF does not evaluate FC removal. Due to this fact, most manufacturers do not have information about FC removal. Previously, if a manufacturer wished to receive approval for FC removal, they would not be able to since NSF/ANSI 40 standard does not measure FC removal performance. Without the change, the Department was limited to accepting technologies for TVP testing that have completed the NSF/ANSI 350 certification. The list of products that are NSF 350 approved is significantly smaller than the NSF/ANSI 40 list.

- Updated language to address non-proprietary alternate onlot systems.

- Included language that reflects the Department's current expectation that the manufacturer develop a Sewage Enforcement Officer (SEO) training course for each technology. SEOs are required to successfully complete training for alternate technologies before the Department delegates the ability to independently review permits using the alternate technology. The manufacturer's development of this training before classification provides assurance to the Department that SEOs will be able to receive the training necessary to review and permit the technology at the same time the technology is approved.

- Moved ongoing performance monitoring language from the introduction to a section renamed "Performance monitoring." Expanded on the existing language for ongoing performance to provide clarity on what would be expected of the manufacturer if they choose the performance monitoring option.

- Removed language that referenced the possibility of the manufacturer, if they complete the performance audit, to become a conventional technology. The ability for an alternate technology to become conventional was removed from the Sewage Facilities Act when Act 34 of 2020 was enacted.

- Updated the performance audit language to clarify the Department's expectation of the manufacturer with regard to the list of all installed onlot alternate technologies in this Commonwealth. Based on experience, the Department needs more detail in this section to make an informed decision on which installations should or should not be a part of the audit.

- Removed reference to the Chesapeake Data Sharing Agreement. The agreement has expired, with no discussion of renewal.

Contact: Questions regarding this TGD should be directed to Brian Schlauderer at bschlauder@pa.gov, (717) 772-5620.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Pennsylvania's 2023 Annual Ambient Air Monitoring Network Plan

The Department of Environmental Protection (Department) is seeking public comment on Pennsylvania's 2023 Annual Ambient Air Monitoring Network Plan (Plan). The Plan has been updated to address changes that have been made in the Commonwealth's ambient air monitoring network and to identify changes that are anticipated to occur in the remainder of 2023 and in 2024.

On October 17, 2006, the United States Environmental Protection Agency (EPA) promulgated final amendments to the National ambient air monitoring requirements for criteria pollutants at 40 CFR Parts 53 and 58 (relating to ambient air monitoring reference and equivalent methods; and ambient air quality surveillance). See 71 FR 61235 (October 17, 2006). The EPA's final rule requires state and local agencies to enhance air monitoring to "improve public health protection and better inform the public about air quality in their communities." Under 40 CFR 58.10 (relating to annual monitoring network plan and periodic network assessment), air quality state and local monitoring agencies must adopt an annual air monitoring network plan and make the plan available for public inspection for at least 30 days prior to final submission to the EPA Regional Administrator. The Plan, which was due July 1, 2023, must have included a statement of purpose for each monitor and evidence that siting and operation of each monitor meets Federal requirements. The EPA may also provide an opportunity for review and comment prior to approving or disapproving a state's monitoring network plan.

The Plan is available on the Department's web site at www.dep.pa.gov/Business/Air/BAQ/Pages/default.aspx.

The Department must receive comments no later than Monday, August 14, 2023. Commentators are encouraged to submit comments using the Department's eComment system at www.ahs.dep.pa.gov/eComment or by e-mail to ecomment@pa.gov. Written comments can be submitted to the Policy Office, Department of Environmental Protection, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063. Use "2023 Annual Monitoring Network Plan" as the subject line in written communication.

(b) The holder of a Fast Play lottery game ticket has the sole responsibility for checking the accuracy and condition of the data printed on the game ticket.

(c) The Commonwealth shall not be responsible for a lost or stolen Fast Play lottery game ticket, or for a Fast Play ticket redeemed by a player in error.

(4) The game ticket may not be counterfeit or a duplicate of a winning ticket.

(5) The game ticket must have been validly issued.

(6) The game ticket data shall have been recorded on the Lottery Central Computer System and the game ticket data shall match the computer record in every respect.

(7) The game ticket must not be defectively printed or printed or produced in error such that it cannot be processed or validated by the Lottery.

(8) The game ticket must pass other confidential security checks of the Lottery.

(b) *Invalid or defective game tickets.* A game ticket not passing the validation requirements in subsection (a) will be considered invalid and no payment will be made on account of any play recorded thereon. The determination of the Secretary in this regard is final.

(4) The winning ticket has not expired, pursuant to this section or section 12 (relating to unclaimed prizes).

(e) The Commonwealth shall not be responsible for a winning play paid in error by an authorized retailer.

(f) In the event a prize described in these rules is not available, the Lottery may either provide a substitute prize, determined by the Secretary to have an equivalent value to the prize won, or make a cash payment to the winner, in an amount determined by the Secretary to have an equivalent value to the prize won.

11. *Funding for prizes:* Moneys will be drawn from the State Lottery Fund, to the extent necessary, to fund the payment of prizes under this section. If this lottery game is terminated for any cause, prize moneys remaining undistributed will remain in the State Lottery Fund and used for purposes otherwise provided for by law.

12. *Unclaimed prizes:* Unclaimed prize money on winning Fast Play lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto for 1 year from the sale date of the Fast Play lottery game ticket. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which they qualify on a winning ticket. A bonus will be initiated for payment after the Fast Play game ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery Fast Play game ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

19. *Termination of the game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Winner Winner Chicken Dinner or through normal communications methods.

20. *Applicability:* This notice applies only to the Winner Winner Chicken Dinner lottery game announced in this notice.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulation. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

Pennsylvania Liquor Control Board Regulation # 54-104 (IRRC # 3372)

Duties and Rights of Licensees July 19, 2023

We submit for your consideration the following comments on the proposed rulemaking published in the May 20, 2023 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Pennsylvania Liquor Control Board (Board) to respond to all comments received from us or any other source.

1. RRA Section 5.2(a)—Legislative comments.

In determining whether a proposed, final-form, final-omitted or existing regulation is in the public interest, the commission shall, first and foremost, determine whether the agency has the statutory authority to promulgate the regulation and whether the regulation conforms to the intent of the General Assembly in the enactment of the statute upon which the regulation is based. In making its determination, IRRC shall consider written comments submitted by the committees and current members of the General Assembly, pertinent opinions of Pennsylvania’s courts and formal opinions of the Attorney General. 71 P.S. § 745.5b.

Representative John Lawrence submitted comments expressing support for the majority of the proposed changes contained in this rulemaking. The legislative comments note, most of the amendments are either technical in nature or in direct response to actions of the General Assembly. They agree that these proposed changes are appropriate and necessary. However, they

observe that the Board’s proposal to delete Section 5.32(e)(1), regarding lewd, immoral or improper conduct at a licensed premises, does not fit into either previously mentioned category. The proposed repeal of this section, they argue, goes beyond a “housekeeping” measure and instead represents a substantive regulatory change for which the Board fails to provide justification.

In the Preamble and its response to Regulatory Analysis Form (RAF) question # 10, the Board, regarding the deletion of Section 5.32(e)(1), states that:

This proposed rulemaking deletes subsection (e)(1), which prohibits “lewd, immoral or improper conduct by the licensee, its servants, agents, employees, patrons or event, contest or tournament participants.” The case of *Conchatta, Inc. v. Miller*, 458 F.3d 258 (3d Cir. 2006), held that the prohibition on “lewd, immoral or improper conduct” was unconstitutional on the basis that it is substantially overbroad. *Conchatta* was not based on subsection (e)(1) of the Board’s regulation, but a different subsection—subsection (b)—that has since been reserved. See 43 Pa.B. 7082 (December 7, 2013). Since the phrase “lewd, immoral or improper conduct” is legally unenforceable, this proposed rulemaking deletes it from subsection (e)(1).

The legislative comments disagree strongly with the Board’s statement that the phrase “lewd, immoral or improper conduct” is legally unenforceable. The Board, as asserted in the legislative comments, fails to provide any basis for *Conchatta’s* applicability to the proposed repeal of Section 5.32(e)(1). They contend that the Board’s

opinion is unsupported and has no basis in fact or law. They further assert that recent court rulings that suggest courts have taken a more agreeable view toward the types of restrictions envisioned in Section 5.32(b) have been ignored by the Board.

The legislative comments also identify the following Board's responses in the proposed rulemaking's RAF as deficient:

- RAF question # 9 asks if the regulation is mandated by any court order or federal regulation. The Board replies that it is not mandated by a federal or state law, court order or federal regulation. These legislative comments assert that the Board's response to RAF question # 9 is inconsistent with its attempt to justify the deletion of Section 5.32(e)(1) with the court's holding in *Conchatta* (RAF question # 10).

- RAF question # 10 asks the promulgating agency to state why the regulation is needed and to explain the compelling public interest that justifies the regulation, to describe who will benefit from the regulation and to quantify the benefits. The Board, according to the legislative comments, fails to address these key elements.

- RAF question # 17 requires the promulgating agency to identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. The Board states that it anticipates that the regulated community will not sustain a financial, economic or social impact because of the regulation. A discussion of the social impact of the proposed regulatory change on individuals or other public and private organizations is not included in the Board's response.

- RAF question # 18 directs the promulgating agency to explain how the benefits of the regulation outweigh any cost and adverse effects. The Board reports that there are no costs or adverse effects anticipated with this proposed rulemaking. The legislative comments disagree with the Board's assertion. They object to what is perceived as the Board's dismissal of this important question and claim that even a cursory review of the subject matter would suggest otherwise. They suggest that there has been significant community interest and debate over potential adverse effects associated with this subject matter for years, including legislation and litigation across the country.

We will review the Board's responses to all of the issues raised in the legislative comments in our determination of whether the final-form regulation is in the public interest.

2. Section 5.32. Restrictions/exceptions.—Whether the regulation is in the public interest; and Protection of the public health, safety and welfare.

The Board proposes to delete paragraph (e)(1), which prohibits lewd, immoral or improper conduct by the licensee, its servants, agents, employees, patrons or event, contest or tournament participants for activities conducted under the subchapter, on the basis that is legally unenforceable.

The Independence Law Center (ILC) submitted comments contrary to the Board's position. It declares that "such conduct is most assuredly able to be prohibited" and that paragraph (e)(1) is constitutional and useful. The ILC writes that:

"To be clear, it was not the words "lewd," "immoral," or "improper" that were unenforceable, but the section 5.32(b) as a whole that did not have limiting

text. By contrast to the phrase "lewd, immoral, improper or unlawful *purpose*" in section 5.32(b) (emphasis added), section 5.32(e) states, "There may not be lewd, immoral or improper *conduct* by the licensee, its servants, agents, employees, patrons or event, contest or tournament participants." (Emphasis added.)

The ILC further states that "open lewdness" is prohibited by Pennsylvania law. The offense is defined as follows: "A person commits a misdemeanor of the third degree if he does any lewd act which he knows is likely to be observed by others who would be affronted or alarmed." 18 Pa.C.S.A. § 5901. The ILC argues that liquor licensed establishments should continue to prohibit this kind of conduct on its premises. Removing this provision, it contends, is a change that is not in the interest of either visitors to liquor licensed establishments or communities as a whole. Based on the concerns expressed in the legislative comments and the ILC, we ask the Board to submit a revised Preamble and RAF to final-form regulation that includes a detailed explanation of how the proposed regulatory change protects the public health, safety and welfare. Furthermore, we will review the Board's responses to all of the issues raised by Representative Lawrence and the ILC in our determination of whether the final version of this rulemaking is in the public interest.

Commonwealth Essential Health Benefits Benchmark Plan—Public Comment Period; Notice 2023-14

The Insurance Department (Department) is exploring the possibility of updating the Commonwealth's Essential Health Benefits benchmark plan (EHB-benchmark plan), including the positive impacts an update may have on Commonwealth residents enrolled in individual and small group health insurance plans. The Department seeks public input about which benefits to potentially include in an updated EHB-benchmark plan as the Commonwealth considers this important update process. The Commonwealth's current EHB-benchmark plan can be found at <https://www.cms.gov/ccio/resources/data-resources/ehb#Pennsylvania>.

Under the Affordable Care Act (P.L. 111-148), the EHB-benchmark plan establishes the minimum essential health benefits that individual and small group health insurance plans must offer. The Commonwealth's EHB-benchmark plan must provide coverage for at least the following benefit categories:

1. Ambulatory patient services.
2. Emergency services.
3. Hospitalization.
4. Maternity and newborn care.
5. Mental health and substance use disorder services, including behavioral health treatment.
6. Prescription drugs.
7. Rehabilitative and habilitative services and devices.
8. Laboratory services.
9. Preventive and wellness services and chronic disease management.
10. Pediatric services, including oral and vision care.

In addition to the required coverage categories, Federal regulations provide parameters that must be considered prior to updating the EHB-benchmark plan:

- The scope of benefits must be equal to, or greater than, the scope of benefits provided under a typical employer plan.
- The EHB-benchmark plan's generosity may not exceed certain comparison plans from 2017, including the EHB-benchmark plan used in 2017. Generosity in this case refers to the actuarial value of the benefits provided—how much financial coverage the EHB-benchmark plan offers for covered services.
- The EHB-benchmark plan's benefits must not be unduly weighted toward any of the benefit categories previously listed.
- The EHB-benchmark plan must provide benefits for diverse segments of the population, including women, children, persons with disabilities and other groups.
- The EHB-benchmark plan must not include discriminatory benefit designs.

To assist the Department in evaluating options for an updated EHB-benchmark plan, the Department seeks public input about what benefits an updated EHB-

benchmark plan should include so that Commonwealth residents continue to have access to comprehensive coverage that is consistent with current medical practices.

Comments may be directed to Katie Merritt, Director of Policy and Planning, Office of the Insurance Commissioner, 1326 Strawberry Square, Harrisburg, PA 17120. Comments may also be e-mailed to ra-in-policyoffice@pa.gov. Comments must be submitted by September 1, 2023, for consideration. The Department appreciates public engagement with this process as the Department seeks to improve health care coverage in this Commonwealth.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Electric Generation Supplier License Cancellation of Companies with an Expired Financial Security, Insufficient Financial Security Amount or Language

Public Meeting held
July 13, 2023

Commissioners Present: Gladys Brown Dutrieuille, Chairperson; Stephen M. DeFrank, Vice Chairperson; Ralph V. Yanora; Kathryn L. Zerfuss; John F. Coleman, Jr.

*Electric Generation Supplier License Cancellation of
Companies with an Expired Financial Security,
Insufficient Financial Security Amount or Language;
M-2023-3037455*

Tentative Order

By the Commission:

The Commission's regulations at 52 Pa. Code § 54.40(a) state that an Electric Generation Supplier (EGS) license will not be issued or remain in force until the licensee furnishes a bond or other security approved by the Commission. In addition, 52 Pa. Code § 54.40(d) states that the maintenance of an EGS license is contingent on the licensee providing proof to the Commission that a

bond or other approved security in the amount directed by the Commission has been obtained.

Each EGS must file an original bond, letter of credit, continuation certificate, amendment, or other approved financial instrument with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA, 17120, prior to the EGS's current security expiration date. Each financial instrument must be an original document that displays a "wet" signature or digital signature, preferably in blue ink, and displays a "raised seal" or original notary stamp. The name of the principal on the original financial instrument must match exactly with the name that appears on the EGS's license issued by the Commission.

Failure to file before the financial security's expiration date may cause Commission staff to initiate a formal proceeding that may lead to the following: cancellation of each company's electric supplier license, removal of each company's information from the Commission's website, and notification to all electric distribution companies, in which each company is licensed to do business, of the cancellation of the license.

As of June 30, 2023, each EGS listed in the Supplier Table below has not provided proof to the Commission that it has a bond or other approved security in the amount or language directed by the Commission, to replace a bond which is expired, or which is non-compliant with Commission regulations.

*Taking title to electricity

As part of its EGS license validation procedures, the Commission's Bureau of Technical Utility Services sent a 90-day Security Renewal Notice email to each entity in the Supplier Table above stating that original documentation of a bond, or other approved security in the amount or language directed by the Commission, must be filed within 30-days prior to each entity's security expiration date. None of the companies listed in the Supplier Table provided the required documentation.

Based on the above facts, we tentatively conclude that the EGSs listed in the Supplier Table are not in compliance with 52 Pa. Code § 54.40(a) and (d) and therefore it is appropriate to initiate the cancellation process for the EGS license of each company listed in the Supplier Table, without the necessity of a formal complaint, as being in the public interest; *Therefore,*

It Is Ordered That:

1. Cancellation of the Electric Generation Supplier License of each company listed in the Supplier Table is hereby tentatively approved as being in the public interest.

2. The Secretary (i) serve a copy of this Tentative Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation & Enforcement, all electric generation distribution companies, and all of the Electric Generation Suppliers listed in the Supplier Table; (ii) publish a copy of this Tentative Order in the *Pennsylvania Bulletin* with a 30-day comment period; and (iii) file a copy of this Tentative Order at each Electric Generation Supplier's assigned docket number.

3. To the extent any of the Electric Generation Suppliers listed in the Supplier Table challenge the cancellation of their license, they must file comments within thirty (30) days after publication of this Tentative Order in the *Pennsylvania Bulletin*. Written comments referencing Docket No. M-2023-3037455 must be eFiled to the Pennsylvania Public Utility Commission through the Commission's eFiling System. You may set up a free eFiling account with the Commission at <https://efiling.puc.pa.gov/> if you do not have one. Filing instructions may be found on the Commission's website at http://www.puc.pa.gov/filing_resources.aspx. Comments containing confidential information should be emailed to Commission Secretary Rosemary Chiavetta at rchiavetta@pa.gov rather than eFiled.

4. Alternatively, Electric Generation Suppliers listed in the Supplier Table may provide the Commission an approved security up to and within thirty (30) days after publication in the *Pennsylvania Bulletin*. The Electric Generation Supplier must file an original bond, letter of credit, continuation certificate, amendment, or other ap-

proved financial instrument displaying a "wet" signature or digital signature, preferably in blue ink, and displaying a "raised seal" or original notary stamp with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA, 17120.

5. Absent the timely (i) filing of comments challenging the cancellation of the Electric Generation Supplier's license, or (ii) the filing of an approved security within 30-days after publication in the *Pennsylvania Bulletin*, the Bureau of Technical Utility Services, shall prepare a Final Order for entry by the Secretary revoking the license of each Electric Generation Supplier that fails to respond.

6. Upon entry of the Final Order, Electric Generation Suppliers that remain listed as not in compliance with 52 Pa. Code § 54.40(a) and (d) will be stricken from all active utility lists maintained by the Commission's Bureau of Technical Utility Services and the Assessment Section of the Bureau of Administration, removed from the Commission's website, and notifications be sent to all electric distribution companies in which the Electric Generation Suppliers are licensed to do business.

7. Upon entry of the Final Order, Electric Generation Suppliers that fail to respond will be prohibited from providing electric generation supply services to retail electric customers. That upon entry of the Final Order described in Ordering Paragraph No. 5, each electric distribution company in which the Electric Generation Suppliers are licensed to do business, shall return the customers of the Electric Generation Suppliers to default service.
