## Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

### COMMISSION ON SENTENCING PART VIII. CRIMINAL SENTENCING

#### [ 204 PA. CODE CHS. 303 AND 303a ]

#### Adopted 8th Edition Sentencing Guidelines

On January 7, 2023, the Pennsylvania Commission on Sentencing (Commission) published at 53 Pa.B. 125 (January 7, 2023) proposed 8th Edition Sentencing Guidelines, 204 Pa. Code §§ 303a.1—303a.8, to replace the 7th Edition Sentencing Guidelines, 204 Pa. Code §§ 303.1—303.18, and requested public comment. Six public hearings were held:

February 8, 2023 (Philadelphia)

February 17, 2023 (Easton)

February 22, 2023 (Pittsburgh)

February 27, 2023 (PA DOC via Zoom, limited to testimony from incarcerated individuals)

March 2, 2023 (Erie)

March 8, 2023 (Harrisburg and via Zoom)

On March 9, 2023, the Commission adopted the 8th Edition Sentencing Guidelines, and on June 8, 2023, approved the final document for publication. The adopted 8th Edition Sentencing Guidelines are hereby submitted to the General Assembly for review by way of publication in the *Pennsylvania Bulletin*. The 8th Edition Sentencing Guidelines become effective 90 days after publication unless rejected by concurrent resolution of the General Assembly, and will apply to all offenses committed on or after January 1, 2024.

The 7th Edition Sentencing Guidelines and all previous editions of the sentencing guidelines are retained for reference in Chapter 303 (relating to sentencing guidelines, 7th edition) and apply to all offenses committed prior to January 1, 2024. The 8th Edition Sentencing Guidelines are set forth in Chapter 303a (relating to sentencing guidelines, 8th edition) and apply to all offenses committed on or after January 1, 2024. The 8th Edition Sentencing Guidelines include substantial changes to the assignment of offense gravity scores and the procedures for determining the prior record score, provide more targeted offense-specific sentence recommendations and contain judicial proceeding considerations. The 8th Edition Sentencing Guidelines also include an expanded preliminary provisions section which addresses authorization for guidelines, descriptions of sentencing alternatives and programs and definitions of terms.

The 8th Edition Sentencing Guidelines, as adopted by the Commission, are summarized as follows and set forth in Annex B.

JUDGE TAMARA R. BERNSTEIN,  
*Chair*

#### *Commentary on Annex A*

In light of the addition of the approved 8th Edition Sentencing Guidelines under Chapter 303a, Chapter 303 is renamed to reflect that it contains the 7th Edition

Sentencing Guidelines, which are retained for reference rather than reserved and rescinded, and § 303.19 (relating to applicability) is added.

#### *Commentary on Annex B*

On January 22, 2022, the Commission published a working draft of sentencing guidelines proposals at 52 Pa.B. 583 (January 22, 2022) and held six public hearings. The working draft was developed following a comprehensive review of the sentencing guidelines, which began in 2014, and considered recommendations from the following:

- Strategic Planning Work Group (SPWG, 2014—2016)
- Model Penal Code: Sentencing (MPCS, 2001—2017)
- Justice Reinvestment Initiative (JRI-II, 2016—2019)
- Academic Review Panel (ARP, 2020-2021)

As noted in the publication of the working draft, the comprehensive review provided an opportunity to study current practices and research best practices; to consider approaches to streamline, automate and update the sentencing guidelines; to promote greater certainty in sentencing and more efficient use of resources and programs; and to harmonize the sentencing guidelines with amended statutes and with other Commission mandates, including the sentence risk assessment instrument, re-sentencing guidelines, parole guidelines and recommitment ranges. The working draft proposals suggested restructuring of the sentencing guidelines by providing more targeted sentence recommendations, redirecting the primary focus of the recommendations on factors associated with the conviction offense and reducing the impact of the prior record.

On January 7, 2023, the Commission published at 53 Pa.B. 125 (January 7, 2023) proposed 8th Edition Sentencing Guidelines, 204 Pa. Code §§ 303a.1—303a.8, to replace the 7th Edition Sentencing Guidelines, 204 Pa. Code §§ 303.1—303.18, and held six public hearings. The proposed 8th Edition Sentencing Guidelines replace the 7th Edition Sentencing Guidelines and apply to offenses committed on or after the effective date set in the new guidelines. The 8th Edition Sentencing Guidelines are set forth in Chapter 303a, with earlier sentencing guidelines retained for reference in Chapter 303. Consistent with the working draft, the proposed 8th Edition Sentencing Guidelines:

- Recalibrate and expand the number of offense gravity score categories, from 14 general categories to 30 general categories, with an additional 8 categories established for the three degrees of murder. The restructured offense gravity score categories are intended to provide more targeted recommendations and more uniform and proportional increases between categories.

- Rebuild the prior record score, reducing the number of categories from eight to five and focusing on the severity of the most serious prior offense and the number of priors offenses of equal seriousness. And reduce the overall impact of the prior record score for less serious offenders, by lowering increases in sentence recommendations linked to criminal history, and by expanding lapsing provisions to include the removal of certain prior convictions.

- Streamline the application of enhancements, by using standardized adjustments to offense gravity score assignments to address the nearly 20 statutes and over 50

sentence factors considered and restructure the offense gravity score assignments for DUI and BUI to address both the mandatory minimum sentencing requirements and the grade of the offense.

- Promote greater consideration of the aggregate sentence, whether confinement or probation, the use of clinical assessments and evaluations, and the programs and treatment alternatives available through correctional institutions and in the community.

On March 9, 2023, the Commission adopted the 8th Edition Sentencing Guidelines, and on June 8, 2023, approved the final document for publication. The adopted 8th Edition Sentencing Guidelines incorporate as sections of the sentencing guidelines the tables contained in the proposed 8th Edition Sentencing Guidelines, including Table A (effective dates), Tables B-1, B-2 and B-3 (OGS-POG assignments), Table C (OGS enhancements), Tables D-1 and D-2 (OGS assignments for mandatory provisions), and Table E (prior offense groups and PRS categories). Various sections and subsections of the proposed 8th Edition Sentencing Guidelines were reordered, text modified to improve clarity and several definitions were added. The 8th Edition Sentencing Guidelines become effective 90 days after publication unless they are rejected by concurrent resolution of the General Assembly and will apply to all offenses committed on or after January 1, 2024.

#### *Description of Changes*

Provided as follows is a description of each of the new sections of the adopted 8th Edition Sentencing Guidelines, noting changes from the previously published proposal and identifying similar sections contained in the 7th Edition Sentencing Guidelines.

#### *§ 303a.1. Preliminary provisions*

This section provides the statutory authorization to adopt guidelines for sentencing, probation, restrictive conditions, fines and community service; a list of dispositions authorized by statute, also referred to as sentencing alternatives; a list of sentencing and correctional programs authorized by statute; and a list of definitions of words and phrases used in the sentencing guidelines. Amendments to the published proposal include a re-ordering of subsections and the addition and modification of several definitions.

This is a new section, not included in the 7th Edition, but does include as subsections the authorized dispositions found in part in § 303.9 (relating to guideline sentence recommendation: general) of the 7th Edition and authorized programs found in § 303.12 (relating to guideline sentence recommendations: sentencing and correctional programs) of the 7th Edition.

#### *§ 303a.2. Guideline sentencing standards*

This section provides general provisions, procedures at sentencing and the reporting of information to the Commission. Amendments to the published proposal include reference to § 303a.8 (relating to effective dates of sentencing guidelines editions), which incorporates Table A from the proposal, and provides a listing of the effective dates of the editions and amendments to the sentencing guidelines; and modifications to the text to clarify the reporting of sentences and the distinction between offense-specific recommendations and judicial proceeding considerations.

This section is substantially similar to §§ 303.1 and 303.2 (relating to sentencing guidelines standards; and procedure for determining the guideline sentence) of the 7th Edition.

#### *§ 303a.3. Offense gravity score*

This section provides policies related to the assignment of offense gravity scores, including assignments for enhancements and for mandatory minimum sentencing provisions. Amendments to the published proposal include corrections regarding OGS categories limited to assignments for murder, excluding inchoates to murder from the general policy concerning OGS assignments for felonies of the first degree; references new §§ 303a.9, 303a.10 and 303a.11 (relating to offense listing (OGS/POG assignments); BUI/DUI offense listing (OGS/POG assignments); and omnibus OGS tables) that incorporate Tables B1, B-2, B-3, D-1 and D-2 related to OGS assignments and consolidate omnibus OGS assignments from the proposal; references new § 303a.12 (relating to OGS enhancements table) that incorporates Table C related to enhancements from the proposal; the addition of an omnibus enhancement to serve as a default assignment for newly enacted enhancements; and modifications to the text to correct and clarify the application of enhancements, and provide consistency between § 303a.3 (relating to offense gravity score) and § 303a.12.

The general provisions of this section are substantially similar to § 303.3 (relating to offense gravity score—general) of the 7th Edition but increases the number of offense gravity score categories from 14 general categories and an additional category limited to murder of the first and second degree, to 30 general categories and an additional eight categories limited to murder. The enhancement provisions are substantially similar to § 303.10 (relating to guideline sentence recommendations: enhancements) of the 7th Edition, although OGS adjustments replace various other methods to enhance sentences, and new or modified enhancements enacted by the General Assembly and adopted by the Commission, are included. The mandatory sentencing provisions are substantially similar to § 303.9 of the 7th Edition, although the OGS assignments for BUI and DUI have been updated to reflect recent legislative amendments and greater reliance on the mandatory requirements.

#### *§ 303a.4. Prior record score*

This section provides policies related to the determination of the prior record score, including general provisions, procedures for identifying previous offenses, lapsing provisions, procedures for determining the prior record score category and miscellaneous provisions. Amendments to the published proposal include retaining the prior record score the consideration of adjudications for crimes of violence by a person 14 years of age or older but less than 16 years of age; removing the burden of proof on the person for the lapsing of prior adjudications and convictions; providing a 10-year crime-free period since the last adjudication or conviction (gap) for removing an adjudication for a crime of violence by a person 14 years of age or older but less than 16 years of age; and deletion of the term REVOC in reference to PRS 4.

This section related to but substantially changes §§ 303.4—303.8 of the 7th Edition. Substantive amendments include increasing the age at which juvenile adjudications are considered in the prior record score from 14 years of age to 16 years of age, except for crimes of violence; establishing four prior offense groups (POG) based on the grade and seriousness of the offense, to replace the current point system; expanding the juvenile lapsing provisions and adding adult lapsing provisions; and streamlining the process for determining the prior

record score, reducing the number of PRS categories and limiting the impact of prior record score for less serious offenders.

§ 303a.5. *Offense-specific sentence recommendation (relabeled)*

This section provides general provisions, purposes of sentencing, sentencing levels and standard range recommendations. Amendments to the published proposal include reference to § 303a.14 (relating to sentencing matrix), which is the sentencing matrix provided at § 303a.8 in the proposal; including a reference to developmental disorders or disability when addressing consideration of treatment alternatives; deletion of references to costs and fees, and clarification of references to fines and restitution; addition of administrative probation and clarification related to general probation; and amendments to the text to correct and clarify, including consistent use of the term recommend when referring to offense-specific recommendations.

This section is substantially similar to § 303.9 and §§ 303.5 and 303.11 (relating to prior record score—prior convictions; and guideline sentence recommendation: sentencing levels) of the 7th Edition. However, amendments include an increase in the number of sentencing levels from five to eight, with each of the new levels linked to a specific disposition, and in case of State confinement, further linked to a duration or specific offense; and the addition of a new level limited to murder of the third degree. Murder 3 was separated out due to the nature of the circumstances leading to a conviction and the wide distribution of sentences. In creating this new level, the Commission seeks to provide courts with broad discretion while at the same time requiring the reporting of reasons for sentences to provide a better basis for future assignments.

§ 303a.6. *Aggravated and mitigated circumstances*

This section provides consideration of aggravating and mitigating circumstances, the aggravated and mitigated ranges of the sentencing guidelines, sentences that depart from the guidelines and the reporting of reasons to the Commission. Amendments to the published proposal include the addition of a definition of conformity to the guidelines related to offense-specific recommendations; changes to the duration of certain aggravated/mitigated ranges and corrections of related examples; corrections to reflect no aggravated range at Level G and no mitigated range at Level A; addition of a reason related to the nature and circumstances of the offense, and a reason added to the history and character of the person; and modifications to the text to add clarity.

This section is substantially similar to § 303.13 (relating to guideline sentence recommendations: aggravated and mitigated circumstances) of the 7th Edition, but includes a list of reasons that may be considered by the court; it also expands reporting requirements by providing for the reporting of reasons to the Commission when sentencing for murder of the third degree and when the sentence imposed is outside the standard range of the guidelines.

§ 303a.7. *Judicial proceeding recommendations*

This section provides suggestions for consideration for imposition of concurrent or consecutive sentences, and the aggregation of consecutive sentences, during a judicial proceeding; the consideration of sentencing programs; and the determination of eligibility and appropriateness for correctional programs. These suggestions for consideration are intended to promote greater consistency in the

use of concurrent or consecutive sentences, and to encourage the consideration of evidence-based programs and practices. Amendments to the published proposal include clearer distinctions between offense-specific recommendations that are used throughout the guidelines and linked to conformity and reporting, and these judicial proceeding considerations that encourage practices that promote consistency and consideration of available programming.

This is a new section, not included in the 7th Edition, but does include provisions from §§ 303.9, 303.11, and 303.12, including statutory provisions related to mandatory consecutive sentences, and provisions related to the aggregate terms of probation.

§ 303a.8. *Effective dates of sentencing guidelines editions (Sentencing matrix, previously found at this section, is moved to § 303a.14).*

This section provides a list of the effective dates of the editions and amendments of the sentencing guidelines. This was included as Table A in the published proposal and is now incorporated as § 303a.8. Amendments to the published proposal include adding a notation regarding the availability of previous editions and amendments to the sentencing guidelines upon request. This section is substantially similar to information provided in § 303.1 of the 7th Edition.

§ 303a.9. *Offense listing (OGS/POG assignments)*

This new section provides a list of all OGS and POG assignments for offenses with OGS assignments other than the omnibus OGS, as well as subcategorized offenses and offenses subject to offense-specific enhancements. This was included as Tables B-1, B-2 and B-3 in the published proposal and is now incorporated as § 303a.9. Changes to the published proposal include removing columns related to special categories of offenses, removing most offenses with the omnibus OGS assignment and creating a separate section to address the omnibus assignments. This section is substantially similar to information provided in § 303.15 (relating to offense listing) of the 7th Edition.

§ 303a.10. *BUI/DUI offense listing (OGS/POG assignments)*

This new section provides a list of all OGS and POG assignments for BUI and DUI offenses. This was included as Tables D-1 and D-2 in the published proposal and is now incorporated as § 303a.10. Changes to the published proposal include adding any missing offenses and creating a separate section to address the omnibus assignments. This section is substantially similar to information provided in § 303.15 of the 7th Edition.

§ 303a.11. *Omnibus OGS tables*

This new section provides three omnibus OGS tables, including general omnibus OGS assignments, BUI omnibus OGS assignments, and DUI omnibus OGS assignments. These tables were included in Table B-3, D-1 and D-2 in the published proposal and are now combined and incorporated as § 303a.11. Changes to the published proposal include removing the omnibus tables from the OGS/POG offense listing and creating a separate omnibus OGS section. This section is substantially similar to information provided in § 303.3 of the 7th Edition.

§ 303a.12. *OGS enhancement table*

This new section provides a list of all enhancements, with designation whether enhanced through subcategorization and/or adjustment, as well as the increases for the OGS adjustments. This was included as Table C in

the published proposal and is now incorporated as § 303a.12. Changes to the published proposal include corrections or additions consistent with statute and with the provisions contained in § 303a.3. This section is substantially similar to information provided in § 303.10 of the 7th Edition.

§ 303a.13. *POG/PRS tables*

This new section provides the definition of the prior offense groups (POG) and the determination of prior record score (PRS) categories. The POG definitions were included in § 303a.4 (relating to prior record score) of the published proposal, and the PRS categories were included as Table E in the published proposal and are now combined in § 303a.13 (relating to POG/PRS tables). There are no substantive changes to the published proposal. Similar to § 303a.4, this section reflects substantive changes to prior record score policies provided in §§ 303.4—303.8 of the 7th Edition.

§ 303a.14. *Sentencing matrix*

This new section provides the sentencing matrix, previously published as § 303a.8, which includes the standard range offense-specific sentence recommendations based on OGS assignment and/or adjustment and the PRS determination, and information on sentencing levels and aggravated and mitigated ranges. As provided in §§ 303a.5 and 303a.6 (relating to offense-specific sentence recommendation; and aggravated and mitigated circumstances), the matrix reflects adopted changes to the published proposal. The sentencing matrix replaces those found at §§ 303.16(a) and (b), 303.17(a) and (b), and 303.18(a)—(c) of the 7th Edition, and provides more targeted sentence recommendations; greater emphasis on the use of probation and restorative sanctions, including fines and community service; and more consistent and uniform increases from across OGS and PRS categories, which supports the use of step-increases for enhancements, thus eliminating multiple matrices.

*Effective Date*

The 8th Edition Sentencing Guidelines will be effective January 1, 2024, for offenses committed on or after that date, unless disapproved by the General Assembly, pursuant to 42 Pa.C.S. § 2155(b) (relating to publication of guidelines for sentencing, resentencing and parole, risk assessment instrument and recommitment ranges following revocation).

*Resource Utilization*

Prior to the adoption of changes to the sentencing guidelines, the Commission is required to use a correctional population simulation model to determine the resources that are required under current guidelines and the resources that would be required to carry out any proposed changes to the guidelines. 42 Pa.C.S. § 2153(a)(15) (relating to powers and duties of commission).

Two resource analyses are provided. The first compares actual sentences imposed in 2019 to sentences recommended under the 8th Edition Guidelines. This approach allows for an estimation of the type and duration of sentences for the 7th Edition Guidelines when the guidelines, at lower sentencing levels, do not provide a distinct sentencing alternative recommendation (i.e., RS-9). The second approach compares sentencing recommendations from both the 7th and 8th Edition to estimate the overall, and racial impact, on State confinement sentences. This more refined approach allows for a comparison of guideline structures that is not influenced by actual sentencing practices.

*Resource Utilization (Approach # 1)*

The proposed sentencing guidelines are intended to reflect typical sentences imposed by courts, based in great part on the median sentences reported for the years 2017—2019. In estimating the resource utilization of the proposed sentencing guidelines, the bottom of the proposed standard range was selected as the basis for comparison for several reasons.

- First, the proposed sentencing guidelines recommend a single disposition (e.g., county confinement) rather than a range of dispositions (e.g., restorative sanctions, probation or county confinement) as is typical under the current sentencing guidelines. There are numerous examples where a substantial portion of sentences imposed below the median were for a less restrictive disposition. In such cases, the Commission anticipates higher rates of mitigation or departures below the guidelines, both of which reduce anticipated resource utilization.

- Second, as a rule when developing the proposal, the standard range of the proposed sentencing guidelines was included within the “footprint” of the standard range of the current sentencing guidelines. When the median sentence was outside the current standard range, the proposed standard range was set at the bottom or the top of the current standard range, whichever was closest to the median sentence. Medians below the current standard range were far more common than medians above the current standard range. So again, the Commission anticipates higher rates of mitigation or departures below the guidelines, both of which reduce anticipated resource utilization.

- Third, the Commission does not have a basis for estimating the conformity to the proposed sentencing guidelines, given the substantial changes to the structure of the guidelines and the use of median sentences to guide the development of recommendations. The standard range best reflects the Commission’s recommendations, and the bottom of the standard range accounts for the issues discussed previously.

The use of State confinement would be reduced 15.9% or an aggregate reduction of 3,511 beds through reduced commitments for slightly longer average minimum terms; the use of county confinement would be reduced 29.8% or an aggregate reduction of 2,727 beds through increased commitments for substantially shorter average minimum terms; and the use of probation reduced Statewide by 10,817 cases (30.7%) with an overall workload reduction of 21.8% based on the aggregate number of months of supervision ordered.

A significant increase in the use of restorative sanctions, including community service and fines with or without administrative probation, are required to offset the reduction in the use of probation, targeting misdemeanor offenses such as theft of less than \$50 and possession of a small amount of marijuana.

*State Confinement Impact Analysis (Approach # 2)*

The second approach to the impact analysis focuses solely on a comparison of recommended sentences for State confinement (Levels 4 and 5 of the 7th Edition and Levels D through H of the 8th Edition). This ‘apples to apples’ comparison allows for a focus on the structural changes to the guideline edition, eliminating the influence of judicial discretion.

Overall, there is a 27.4% reduction in the use of State confinement and a 34.5% reduction in the number of individuals recommended for State confinement sentence.

There is a slightly higher reduction in the use of State confinement for Blacks (28.4%) than for Whites (27.6%). The reduction in the number of Whites and Blacks recommended for State confinement is consistent with the Statewide average.

Additional information on the resource utilization analysis and details of the findings are available from the Commission and at <https://pcs.la.psu.edu>.

#### § 303a.1. Preliminary provisions.

(a) *Authorization for adoption of guidelines.*

(1) *Adoption of guidelines for sentencing and probation.* As authorized by 42 Pa.C.S. § 2154 (relating to adoption of guidelines for sentencing), the Commission shall adopt guidelines for sentencing within the limits established by law which shall be considered by the sentencing court in determining the appropriate sentence for persons who plead guilty or nolo contendere to, or who were found guilty of, felonies and misdemeanors.

(i) In adopting guidelines, the Commission shall recommend confinement that is consistent with the protection of the public, the gravity of the offense as it relates to the impact on the life of the victim and the community and the rehabilitative needs of the person.

(ii) The guidelines shall address the following retributive factors:

(A) Seriousness of the offense, by specifying the range of sentences applicable to crimes of a given degree of gravity.

(B) Criminal history, by specifying a range of sentences of increased severity or intensity of intervention for

persons previously convicted of or adjudicated delinquent for one or more misdemeanor or felony offenses committed prior to the current offense. The Commission may exclude or reduce the valuation of less serious offenses and increase the valuation of offenses committed while under supervision or in a temporal or offense pattern.

(C) Criminal behavior, by specifying a range of sentences of increased severity or intensity of possessed intervention for persons with increased culpability, including those who possessed or used a deadly weapon or inflicted substantial harm during the commission of the current conviction offense.

(D) Aggravated and mitigated ranges, by specifying variations from the range of sentences applicable on account of aggravating or mitigating circumstances.

(E) The impact of any amendments to 42 Pa.C.S. § 9756 (relating to sentence of total confinement).

(iii) The guidelines shall include the following risk-related adjustments:

(A) Incapacitation of serious violent persons.

(B) Modifications to criminal history to reflect risk to reoffend and substantial risk to public safety to adjust the length of total confinement for more serious criminal history.

(iv) The guidelines shall address the use of county intermediate punishment programs as restrictive conditions of probation and the duration of terms of probation.

(v) The guidelines shall include interactive information to support decisions with risk and recidivism information.

(2) *Adoption of guidelines for restrictive conditions and certification of compliance.* As authorized by 42 Pa.C.S. § 2154.1 (relating to adoption of guidelines for restrictive conditions), the Commission shall adopt guidelines to identify persons who would be eligible and appropriate for restrictive conditions of probation. These guidelines shall be considered by the sentencing court in determining whether to impose restrictive conditions pursuant to 42 Pa.C.S. § 9763 (relating to conditions of probation).

(i) The guidelines shall give primary consideration to reducing recidivism for the protection of the public safety.

(ii) The Commission shall certify compliance by each county with guidelines adopted by the Commission for county intermediate punishment or for imposing restrictive conditions of probation, and with related statutory requirements and 42 Pa.C.S. § 9728(g.1) (relating to collection of restitution, reparation, fees, costs, fines and penalties), and report the results to the Pennsylvania Commission on Crime and Delinquency.

(3) *Adoption of guidelines for fines, other economic sanctions, and community service.* As authorized by 42 Pa.C.S. § 2154.3 (relating to adoption of guidelines for fines), the Commission shall adopt guidelines for fines or other lawful economic sanctions, within the limits established by law, which shall be considered by the sentencing court in determining the appropriate sentence for persons who plead guilty or nolo contendere to or who are found guilty of felonies and misdemeanors. The guidelines shall do all of the following:

(i) Specify the range of fines or other lawful economic sanctions, applicable to crimes of a given degree of gravity.

(ii) Specify a range of fines or other lawful economic sanctions of increased amount for persons previously convicted or adjudicated delinquent for one or more misdemeanor or felony offenses committed prior to the current offense. For purposes of this paragraph, the term

“previously convicted or adjudicated delinquent” shall include any finding of guilt or adjudication of delinquency whether or not sentence has been imposed or disposition ordered prior to the commission of the current offense.

(iii) Prescribe variations from the range of fines applicable on account of aggravating or mitigating circumstances.

(iv) Prescribe community service alternatives which may be imposed in lieu of all or part of the fines where the sentencing court finds the person lacks the ability to pay all or part of the fine.

(b) [ *Definitions.* For the purposes of these guidelines, as codified in Part VIII of 204 Pa. Code (relating to criminal sentencing), the following words and phrases shall have the following meanings unless the context clearly indicates otherwise:

“*Adjudication.*” A finding by a Juvenile Court that a juvenile has committed a delinquent act or that a child has committed an offense excluded from the definition of “delinquent act” and has been transferred from criminal proceedings pursuant to 42 Pa.C.S. § 6322 (relating to transfer from criminal proceedings).

“*Adjudication of delinquency.*” Following an adjudication hearing in which a Juvenile Court finds the juvenile committed a delinquent act, a determination by a Juvenile Court that the juvenile is in need of treatment, supervision, or rehabilitation.

“*Aggregated sentence.*” As required by 42 Pa.C.S. § 9762(f) (relating to sentencing proceeding; place of confinement), two or more consecutive sentences that have been combined, whereby the aggregate minimum term is the sum of the consecutive minimum terms, and the aggregate maximum term is the sum of the consecutive maximum terms.

“*Aggregate term of probation.*” The sum of all consecutive terms of probation imposed during a judicial proceeding.

“*Autism spectrum disorder.*” Any of the pervasive developmental disorders defined in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5), including autistic disorder, Asperger’s disorder and pervasive developmental disorder not otherwise specified.

“*Bodily injury.*” Impairment of physical condition or substantial pain.

“*CPCMS—common pleas case management system.*” A web-based application, operated by the Administrative Office of Pennsylvania Courts, which serves as a source of information from courts of common pleas on current and prior conviction offenses, used to prepare sentencing guidelines and sentence risk assessments.

“*Commission.*” Pennsylvania Commission on Sentencing. A criminal justice agency of the General Assembly authorized to adopt and implement a sentence risk assessment instrument and guidelines for sentencing and resentencing to be considered

by the court, and guidelines for parole and recommitment to be considered by the Board.

“*Concurrent sentence.*” Sentences imposed to be served simultaneously or at the same time.

“*Consecutive sentence.*” Sentences imposed to be served one after another. As provided in 42 Pa.C.S. § 9757 (relating to consecutive sentences of total confinement for multiple offenses) and 42 Pa.C.S. § 9762(f), consecutive confinement sentences shall be aggregated into a single sentence with one minimum term and one maximum term.

### § 303a.3. Offense gravity score.

(a) *General provisions.*

(1) The [ **offense gravity score ( [ OGS ] )** ] measures the seriousness of the current conviction offense and is the primary determinant of the guideline sentence recommendation. An OGS is assigned to each conviction offense, based on the elements of the offense and the classification of the crime. There are 30 general OGS categories, with another [ **six** ] **eight** OGS categories [ **for assignments limited to murder of the first or second degree** ] limited to assignments for murder.

(2) *Subcategorized offenses.* Certain conviction offenses are subcategorized and may be assigned more than one OGS based on the presence of specific sentencing factors determined by the court at sentencing and/or mandatory minimum sentencing provisions. Subcategorized offenses are included in the offense listings in [ **Tables B1—B3 and Tables D1-D2** ] §§ **303a.9 and 303a.10 (relating to offense listing (OGS/POG assignments); and BUI/DUI offense listing (OGS/POG assignments))** and designated by an asterisk[ [ \* ] ].

(3) Assignments for specific offense categories:

(i) *Inchoate offenses.* Inchoate offenses are scored as follows:

(A) [ **Convictions** ] **Except as provided for inchoates to murder, convictions** for attempt, solicitation or conspiracy to commit a Felony 1 offense receive an OGS of one point less than the offense attempted, solicited, or which was the object of the conspiracy.

(ii) Adjustment, in which the OGS assignment in [ Tables B1—B3 ] §§ 303a.9 and 303a.10 is increased when it is determined that one or more sentencing factors identified for enhancement were present during the commission of the crime. Offenses subject to an enhancement through adjustment are designated E in the Enhancement column in §§ 303a.9 and 303a.10.

(3) An enhancement shall apply to each conviction offense for which the court determines the sentencing factor is present, unless the sentencing factor is an element of the crime or a sentencing factor considered in the OGS assignment, or the sentencing factor has been applied through another enhancement. The OGS may not exceed OGS 30 based on an enhancement adjustment. [ An enhancement may apply generally to any offense or a category of offenses or may be limited to specified offenses. ] Enhancement adjustments do not apply to offenses assigned to Level G or Level H, and the OGS may not exceed OGS 30 based on an enhancement adjustment.

When the court determines that the person violated 75 Pa.C.S. § 3732 [ **(relating to homicide by vehicle)** ] and that one or more of the following sentencing factors are present, the court shall consider the enhanced sentence recommendations as provided in [ **Tables B1—B3** ] § **303a.9**:

(c) *Mandatory sentencing provisions.*

(1) The court has no authority to impose a sentence less than that required by a mandatory minimum provision established in statute. When the guideline range is lower than that required by a mandatory sentencing statute, the mandatory minimum requirement supersedes the sentence recommendation. When the sentence recommendation is higher than that required by a mandatory sentencing statute, the court shall consider the guideline sentence recommendation.

(2) For mandatory sentencing provisions provided for in [ **Title** ] 30[ , ] Pa.C.S. Chapter 55 (relating to operation of boats) and in [ **Title** ] 75[ , **Section** ] Pa.C.S. § 1543(b) [ **(relating to driving while operating privilege is suspended or revoked)** ], Chapter 37[ - ] **Subchapter B** (relating to serious traffic offenses), Chapter 37[ - ] **Subchapter C** (relating to accidents and accident reports), and Chapter 38 (relating to driving after imbibing alcohol or utilizing drugs), the court shall consider the OGS assignments as provided in [ **Tables D1-D2** ] §§ **303a.9 and 303a.10. Chapter 38 [ **(relating to driving after imbibing alcohol or utilizing drugs)** ].

(ii) The court may use restrictive DUI probation conditions or a combination of confinement and restrictive DUI probation conditions to satisfy the mandatory minimum requirement as provided by law.

#### § 303a.4. Prior record score.

(a) *General provisions.*

(1) The [ **prior record score ( [PRS[ ] )** ] is a measure of a person's criminal history, reflecting the number and seriousness of certain previous juvenile adjudications and adult convictions. The PRS addresses the greater culpability and risk to reoffend of repeat offenders. There are five PRS categories (PRS 0—PRS 4).

(2) The PRS is determined by identifying the most serious offense for which a person was adjudicated or

convicted prior to the commission of the current offense, and then considering the number of previous adjudications or convictions of equal seriousness.

(3) [ **Prior offense groups ( [POG[ ] )s, as provided in § 303a.13(a) (relating to POG/PRS tables),** distinguish the seriousness of previous adjudications and convictions [ **and are defined in paragraph (b)** ] **as described below. [ Certain previous adjudication and conviction offenses may be removed from consideration in the prior offense groups following prescribed periods of decay or gap, as described in paragraph (c).** ]

(i) **POG1 includes all misdemeanors, unless designated as serious crimes.**

(ii) **POG2 includes all felonies of the third degree and all unclassified felonies, unless designated as serious crimes.**

(iii) **POG3 includes all serious crimes, defined as:**

(A) **All felonies of the first and second degree, unless designated as crimes of violence.**

(B) **All felonies of the third degree and misdemeanors of the first degree if:**

(I) **18 Pa.C.S. Article B Chapters 25—32.**

(II) **18 Pa.C.S. Chapter 61-A (relating to Uniform Firearms Act of 1995).**

(III) **42 Pa.C.S. § 9799.14 (relating to sexual offenses)**

(iv) **POG4 includes all crimes of violence (42 Pa.C.S. § 9714(g)) (relating to sentences for second and subsequent offenses).**

(4) **Certain previous adjudication and conviction offenses may be removed from consideration in the prior offense groups following prescribed periods of decay or gap, as described in paragraph (c).**

(b) *Procedure for identifying previous offenses.*

(1) Identify prior offenses for which the person was adjudicated delinquent or convicted prior to the date of the current offense. The prosecution has the burden of proof in determining previous adjudications and convictions based on a preponderance of the evidence.

(2) Juvenile adjudications—consider **only** the most serious offense for which the person was adjudicated delinquent from each **prior juvenile** disposition hearing that meets the following criteria:

[ (i) **person 16 years of age or older at the time of the offense.**

(ii) **There was an express finding by the juvenile court that the adjudication was for a felony or a misdemeanor of the first degree (exclude consideration of all lesser offenses).** ]

(i) **the juvenile offense occurred on or after the person's 14th birthday but prior to the person's 16th birthday and there was an express finding by the juvenile court that the adjudication was for a POG4 offense; or**

(ii) **the juvenile offense occurred on or after the person's 16th birthday and there was an express finding by the juvenile court that the adjudication was for a POG2, POG3 or POG4 offense.**

(3) Adult convictions (including juvenile transfers)—consider every offense for which the person was convicted. [ **For former Pennsylvania offenses and out-of-state offenses:**

(i) Determine the current equivalent Pennsylvania offense.

(ii) Determine the current equivalent grade of this offense. ]

(4) Excluded prior offenses.

(i) Exclude prior adjudications or convictions for offenses that contribute to an increase in the grade or maximum penalty of a subsequent adjudication or conviction.

(ii) Prior DUI convictions shall not be considered in determining the PRS for any DUI sentence recommendation.

[ (ii) ] (iii) Exclude lapsed previous adjudication and conviction offenses as set forth in paragraph [ (d) ] (c).

(5) Determine the seriousness of previous adjudications and convictions based on the [ following groups: ] prior offense groups (POG).

[ (i) POG1 includes all misdemeanors, unless designated as serious crimes.

(ii) POG2 includes all felonies of the third degree and all unclassified felonies, unless designated as serious crimes.

(iii) POG3 includes all serious crimes, defined as:

(A) All felonies of the first and second degree, unless designated as crimes of violence.

(B) All felonies of the third degree and misdemeanors of the first degree if:

(I) 18 Pa.C.S. Article B (Chapters 25—32)

(II) 18 Pa.C.S. Chapter 61-A (Uniform Firearms Act)

(III) 42 Pa.C.S. § 9799.14 (sexual offenses)

(iv) POG4 includes all crimes of violence (42 Pa.C.S. § 9714(g)). ]

(c) *Lapsing of previous offenses.*

(1) Exclude prior adjudications or convictions for offenses as set forth below. [ **The burden of proof is on the person, based on a preponderance of the evidence.** ]

(2) *Juvenile adjudications:*

(i) [ **At 21 years of age (decay), remove prior adjudications for misdemeanor offenses (POG1), unless designated as a serious crime.**

(ii) ] At 25 years of age [ (decay) ], remove prior adjudications (decay) for [ **felony offenses (POG2), unless designated as a serious crime or crime of violence** ] POG2 offenses.

[ (iii) ] (ii) Following completion of a 10-year crime-free period since the last adjudication or conviction (gap) [ , ]:

(A) remove prior adjudications for [ **misdemeanor and felony offenses (POG3), unless designated a crime of violence** ] POG3 offenses.

(B) remove prior adjudications for POG4 offenses by persons 14 years of age or older but less than 16 years of age at the time of the juvenile offense.

[ (iv) ] (iii) Following completion of a 15-year crime-free period since the last adjudication or conviction (gap), remove prior adjudications for [ **offenses (POG4) designated crimes of violence** ] POG4 offenses by persons 16 years of age or older at the time of the juvenile offense.

(3) *Adult convictions:*

(i) Following completion of [ **15** ] **10** years since the conviction date of the offense (decay), remove prior convictions for [ **misdemeanor offenses (POG1), unless designated a serious crime** ] POG1 offenses.

(ii) Following completion of a 15-year crime-free period since release from confinement (gap), remove prior convictions for [ **misdemeanor or felony offenses (POG2, POG3), unless designated a crime of violence** ] POG2 and POG3 offenses.

(iii) Following completion of a 25-year crime-free period since release from confinement (gap), remove prior convictions for [ **offenses (POG4) designated crimes of violence** ] POG4 offenses.

(d) *Procedure for determining the prior record score category.*

(1) Based on the offenses identified and excluding those removed through lapsing, select the prior offense group based on the most serious prior adjudication or conviction offense.

(2) [ **Next, count** ] Count the number of prior adjudication or conviction offenses contained in that prior offense group.

[ (2) ] (3) Determine the PRS category based on the [ **prior offense group and** ] number of previous adjudications and convictions in the prior offense group, as provided in [ **Table E** ] § **303a.13**:

(i) *PRS 4 [ (REVOC) ]*. The category includes offense-specific sentence recommendations that [ **include** ] contain the statutory limit at Level [ **D** ] **E** and higher, with the category defined by two or more previous crimes of violence.

(ii) *PRS 3*. The category includes offense-specific sentence recommendations of confinement that are generally no more than double the base recommendation, with the category defined by:

(A) One previous crime of violence; or

(B) Two or more previous serious crimes; or

(C) Three or more previous felonies (excluding crimes of violence and serious crimes).

(iii) *PRS 2*. The category is defined by:

(A) One previous serious offense; or

(B) No more than two previous felonies (excluding crimes of violence and serious crimes); or

(C) Three or more previous misdemeanors (excluding serious crimes).

(iv) *PRS 1*. The category is defined by:

(A) No more than two previous misdemeanors (excluding serious crimes).

(v) *PRS 0*. The category includes offense-specific sentence recommendations that serve as the base recommendations, with the category defined by:

(A) No previous adjudications or convictions; or  
 (B) Previous adjudications or convictions that have lapsed.

(e) *Miscellaneous provisions.*

(1) *Adequacy of prior record score.* The court may consider at the time of sentencing prior adjudications or convictions not counted in the calculation of the PRS, including lapsed offenses, and other factors deemed appropriate by the court.

(2) When a previous adjudication or conviction offense was committed over a range of dates, the later date shall be used to determine if the prior offense meets the criteria in paragraph (b)(1) for determining the PRS.

(3) Unless otherwise provided, the classification of a previous adjudication or conviction for an inchoate offense or an offense with classification associated with an associated or underlying offense is used to determine the prior offense group.

(4) When a previous adjudication or conviction offense was misclassified, the classification of the current equivalent Pennsylvania offense is used to determine the prior offense group.

(5) *Former Pennsylvania offenses.*

(i) For a previous adjudication or conviction offense under a former Pennsylvania law, the classification of the current equivalent Pennsylvania offense is used to determine the prior offense group.

(ii) Incomplete information.

(A) When there is no current equivalent Pennsylvania offense, the classification of the previous adjudication or conviction offense is used to determine the prior offense group.

(B) When the previous adjudication or conviction offense was a felony, but the grade of the felony is unknown, it shall be treated as a felony of the third degree. When the previous adjudication or conviction offense was for a misdemeanor, but the grade of the misdemeanor is unknown, it shall be treated as a misdemeanor of the third degree.

(C) When the classification of the previous adjudication or conviction offense cannot be determined, it shall be treated as a misdemeanor of the third degree.

(D) When the previous adjudication or conviction is for an offense which includes a summary classification, and the classification of the previous adjudication or conviction offense is unknown, it shall not be included in the PRS.

(6) *Out-of-State, Federal or foreign offenses.*

(i) For a previous adjudication or conviction for an out-of-State, Federal or foreign offense, the classification of the current equivalent Pennsylvania offense is used to determine the prior offense group.

(ii) For a court-martial for a criminal offense under the Uniform Code of Military Justice, which is considered a Federal conviction, the classification of the current equivalent Pennsylvania offense is used to determine the prior offense group.

(iii) Non-judicial punishments or administrative actions (e.g., Article 15, Article 134) which are not convictions shall not be included in the PRS.

(iv) When there is no current equivalent Pennsylvania offense, the classification of the previous adjudication or

conviction offense, based on the maximum sentence [ **permitted** ] **authorized for the out-of-State, Federal or foreign offense**, is used to determine the prior offense group.

(7) *Excluded offenses, charges, and convictions.* The following types of offenses, charges, and convictions shall not be scored in the PRS:

(i) Summary offenses, violations of local ordinances, direct or indirect contempt of court, violation of protection from abuse orders, and dispositions under Pa.R.Crim.P. Rules **234 Pa. Code** Chapter 3 (relating to accelerated rehabilitative disposition), **section 17 of The Controlled Substance, Drug, Device and Cosmetic Act** (35 P.S. § 780-117) **regarding probation without verdict** or **section 18 of The Controlled Substance, Drug, Device and Cosmetic Act** (35 P.S. § 780-118) **regarding disposition in lieu of trial or criminal punishment.**

(ii) A charge which is nolle prosequi, dismissed, or on which a demurrer is sustained.

[ (iii) **Any prior conviction which contributed to an increase in the grade of a subsequent conviction.** ]

§ 303a.5. [ **Guideline** ] **Offense-specific** sentence recommendations.

(a) *General provisions.*

(1) In writing the sentencing guidelines, the Commission strives to provide a [ **benchmark** ] **framework** for the judges of Pennsylvania. The guidelines serve as a common starting point at sentencing, with a standard range of **offense-specific sentence** recommendations for the typical circumstances, based on the seriousness of the conviction offense and the consideration of relevant criminal history and criminal behavior of the person. As required by statute, aggravated and mitigated ranges are included to support the exercise of discretion when other circumstances are present[ , and **adjustments to the guidelines are incorporated to address factors that may increase or decrease risk to public safety** ].

(2) Through the establishment of sentencing levels, the sentencing guidelines are anchored to the purposes of sentencing and to the authorized dispositions provided in statute. Within these levels, [ **a specific guideline** ] **an offense-specific** sentence recommendation is provided for each conviction offense, based on the combination of OGS and PRS, intended to promote uniformity and proportionality. [ **General guideline sentence recommendations are provided for the aggregation of multiple sentences imposed during judicial proceedings, intended to promote greater consistency in the use of concurrent or consecutive sentences, and to encourage the consideration of various sentencing and correctional programs.** ] “The guidelines were designed to bring greater rationality and consistency to sentences and to eliminate unwarranted disparity in sentencing.” *Commonwealth v. Mouzon*, 812 A.2d 617 (Pa., 2002).

(3) While courts are required to consider the **offense-specific sentence** recommendations, Pennsylvania’s sentencing guidelines are advisory, and courts are required to individualize sentences. “Guidelines serve the laudatory role of aiding and enhancing the judicial exercise of judgement regarding case-specific sentencing. Guidelines may help frame the exercise of judgement by the Court in imposing a sentence. . . they are advisory guideposts that

are valuable, may provide an essential starting point, and that must be respected and considered; they recommend, however, rather than require a particular sentence.” *Commonwealth v. Walls* (926 A.2d 957) (Pa., 2007).

(b) *Purposes of sentencing.*

(1) As provided in the Model Penal Code: Sentencing (Model Penal Code § 1.02(2)), the general purposes in decisions affecting the sentencing of persons include:

(i) To render sentences in all cases within a range of severity proportionate to the gravity of offenses, the harm done to victims, and the blameworthiness of persons; and

(ii) When reasonably feasible, to achieve person rehabilitation, general deterrence, incapacitation of dangerous persons, restitution to crimes victims, preservation of families, and reintegration of persons into the law-abiding community, provided these goals are pursued within the boundaries of proportionality.

(2) The sentencing guidelines provide a system with a primary focus on retribution, but one which allows for the fulfillment of other utilitarian sentencing purposes, including person rehabilitation, general deterrence, incapacitation to protect the public, and victim restoration.

(3) While the guidelines provide a retributive framework for sentencing, other factors may impact the sentencing decision and other information may assist the court in determining an appropriate and individualized sentence. These include:

(i) Mandatory minimum sentencing provisions, which when applicable supersede the [ **sentencing guidelines** ] **offense-specific sentence** recommendations.

(ii) Diagnostic evaluations of dependency on alcohol and other drugs and clinically prescribed treatment.

(iii) The use of validated assessments of risk, needs and responsivity and related evidence-based practices to guide decisions related to the intensity and duration of community supervision.

(c) *Sentencing levels and [ **standard range** ] **offense-specific sentence** recommendations.*

(1) Eight sentencing levels are associated with [ **recommended** ] **standard range recommendations** for dispositions and durations, to allow for more consistent consideration of the authorized sentencing alternatives, and to address mandates related to the adoption of guidelines for probation, the use of restrictive conditions, and fines and community service. This also allows for the consideration of the risk and needs of the person, and for the use of sentencing and correctional programs.

(i) The sentencing levels increase in severity from restorative sanctions (Level A) to total confinement in a State facility (Level D through Level H, depending on the duration of the recommendation).

(ii) Consistent with retribution as the primary purpose of the guidelines, the increases in the severity of the recommendations are proportionate with increases in the seriousness of the offenses and the extent of the criminal history. The sentencing levels provide a rational basis for the consideration of both retributive and utilitarian purposes of sentencing.

(2) *Standard range recommendations*

(i) Standard range recommendations, based on each combination of the OGS, assigned pursuant to § 303a.3 (**relating to offense gravity score**), and the PRS, determined pursuant to § 303a.4 (**relating to prior**

**record score**), are provided in the [ **Sentencing Matrix** ] **sentencing matrix**, located at [ § 303a.8 ] § 303a.14 (**relating to sentencing matrix**). The standard range serves as a common starting point for sentencing and includes **offense-specific** sentence recommendations that apply to typical circumstances.

(ii) The standard range include specific recommendations, consistent with the sentencing level, that address the disposition and duration of a sentence, as well as the intensity of community supervision and the consideration of sentencing programs and are intended to promote uniformity and proportionality of sentencing.

(iii) When the guideline sentence recommendation exceeds that permitted by 18 Pa.C.S. §§ 1103 **and 1104** (**relating to sentence of imprisonment for felony**) **and § 1104 (relating to )**; **and** sentence of imprisonment for misdemeanors), the guideline sentence recommendation is capped at the statutory limit. For the purposes of the guidelines, the statutory limit is the longest legal minimum sentence, which is one-half the maximum period allowed by law.

(iv) Treatment alternatives, including medically assisted treatment and behavioral therapies when clinically appropriate, may be considered to address substance use [ **or** ], behavioral health issues, **or developmental disorders or disability**. The specialized jurisdiction of problem-solving courts, as authorized by 42 Pa.C.S. § 916 (**relating to problem-solving courts**), provide an avenue for the use of court-supervised individualized treatment programs and services. Other treatment programs, such as those described in § 303a.1(c) (**relating to preliminary provisions**), may be considered:

(A) Probation with restrictive conditions, including the use of [ **the use of** ] clinically prescribed treatment, may be considered for eligible persons in lieu of recommendations for confinement in a county facility.

(B) Restrictive DUI probation conditions may be used to satisfy the mandatory minimum sentencing requirements for eligible persons.

(C) Persons committed to the Department may be recommended or made eligible by the court for certain correctional programs, including the State motivational boot camp program and the State drug treatment program.

(3) The sentencing levels and related standard range **offense-specific sentence** recommendations are described below:

(i) Level A, generally limited to restorative sanctions recommendations.

(A) The guidelines [ **encourage** ] **recommend** consideration of the use of restorative sanctions, including **restitution, fines, community service, [ economic sanctions ]** or other authorized sanctions not requiring probation or confinement **or limited to administrative probation**. The use of restorative sanctions at this level, with a focus on reparations and restorative justice, supports the utilitarian purpose of restoration.

(B) Restorative sanctions recommendations [ **may be satisfied by the following** ] **include non-confinement and limited supervision alternatives such as:**

(I) Guilt without further penalty when the court determines probation would be appropriate but unnecessary.

(II) A fine, within the limits provided by law, or any amount equal to double the pecuniary gain derived from the offense by the person, or the use of community service as a non-monetary alternative, as a restorative sanction may be ordered as a **[ restorative sanction without probation or confinement ] direct sentence or as a condition of administrative probation, subject to the defendant's ability to pay.** The fines/community service guidelines, included with each guideline sentence recommendation, provide a range of recommended community service hours; the comparable fine is determined by multiplying the number of hours recommended by the person's hourly wage, or by the current minimum wage.

(III) *Restitution as a mandatory requirement.* The court is required to order the person to compensate the victim for damage or injury sustained because of the offense. Restitution as a restorative sanction may be ordered **[ without probation or confinement. ] as a direct sentence, or upon consideration of the defendant's ability to pay, as a condition of administrative probation.**

(IV) **[ Costs as a mandatory requirement. The court is required to order the person to pay costs. Costs as a restorative sanction may be ordered without probation or confinement.**

(V) **Probation ] Administrative probation** in limited circumstances as necessary to fulfill court-ordered obligations for a period not to exceed six months.

(ii) Level B, limited to probation recommendations.

(A) The guidelines **[ encourage ] recommend** consideration of the use of probation to provide community supervision with the minimal control necessary to fulfill court-ordered obligations. The use of probation at this level, with consideration of restorative sanctions, supports the utilitarian purposes of rehabilitation and restoration.

(B) Probation recommendations include:

(I) The use of **general** probation, not to exceed two years and as provided, with general conditions; and the consideration of fines/community service or other restorative sanctions as general conditions of **general** probation.

(II) The use of probation, not to exceed two years and as designated, with restrictive conditions for a period less than three months and as designated (RC) for persons with greater criminal history, to increase the intensity of supervision and services; and the consideration of fines/community service or other restorative sanctions as general conditions of probation.

(iii) Level C, limited to confinement in a county facility, while providing for the use of probation with restrictive conditions as an alternative when eligible and appropriate.

(A) The guidelines **[ encourage the ] recommend** consideration of confinement in a county facility, or an equivalent period of restrictive conditions of probation, with the court retaining jurisdiction of the case. The use of county confinement with the court authorized to consider county programs and county parole, or in the alternative, the court having the discretion to use probation with restrictive conditions to provide community supervision and/or treatment, supports multiple utilitarian purposes including deterrence, rehabilitation, and restoration.

(B) Confinement recommendations include:

(I) The use of confinement consistent with the protection of the public, the gravity of the offense as it relates to the impact on the life of the victim and on the community, and the rehabilitative needs of the person.

(II) The use of confinement in a county facility, with a minimum term less than 12 months and as designated, and a maximum term of less than 24 months; with the court authorized to consider a county reentry program or partial release program as provided in § 303a.1(c), and county parole pursuant to 42 Pa.C.S. § 9776 (relating to judicial power to release inmates).

(III) Unless otherwise designated, the range of months in the standard range refers to the recommended minimum term of confinement.

(C) Probation with restrictive conditions recommendations include:

(I) Consideration of the eligibility requirements, as provided in § 303a.1(c), for the use of county intermediate punishment programs as restrictive conditions of probation.

(II) The use of probation, not to exceed two years and as designated, with restrictive conditions for a period less than 12 months and as designated (RC) for persons with greater criminal history, to increase the intensity of supervision and services; and the consideration of fines/community service or other restorative sanctions as general conditions of probation.

(III) Unless otherwise designated, the range of months in the standard range refers to the recommended period of restrictive conditions.

(iv) Level D, while recommending confinement in a State facility, provides for confinement in a county facility when authorized by statute or the use of probation with restrictive conditions when eligible and appropriate.

(A) The guidelines **[ encourage the ] recommend** consideration of confinement in a State facility with consideration of certain correctional programs; or if authorized by statute, confinement in a county facility, with the court authorized to consider county programs and county parole; or the use of probation with restrictive conditions as an alternative to or in combination with confinement in a county facility to provide community supervision and/or treatment. The use of confinement, with consideration of sentencing and correctional programs, supports multiple utilitarian purposes including incapacitation, deterrence, rehabilitation, and restoration.

(B) Confinement recommendations include:

(I) The use of confinement consistent with the protection of the public, the gravity of the offense as it relates to the impact on the life of the victim and on the community, and the rehabilitative needs of the person.

(II) The use of confinement in a State facility, with a minimum term of 12 months or more but less than 30 months and as provided in 42 Pa.C.S. § 9762 (relating to sentencing proceeding; place of confinement), and a maximum term of less than 60 months; with the court authorized to determine the eligibility and appropriateness of specified Department programs as provided in § 303a.1(c); and with parole authority under the jurisdiction of the Board pursuant to 61 Pa.C.S. § 6132 (relating to specific powers of board involving offenders).

(III) The use of confinement in a county facility, with a minimum term of 12 months or more but less than 30

months and as provided in 42 Pa.C.S. § 9762 [ **(relating to sentencing proceeding; place of confinement)** ], and a maximum term of less than 60 months; with the court authorized to consider a county reentry program or partial release program as provided in § 303a.1(c), and county parole pursuant to 42 Pa.C.S. § 9776 [ **(relating to judicial power to release inmates)** ].

(IV) Unless otherwise designated, the range of months in the standard range refers to the recommended minimum term of confinement.

[ **(C) Probation with restrictive conditions recommendations include:**

(I) **Consideration of the eligibility requirements, as provided in § 303a.1(d), for the use of county intermediate punishment programs as restrictive conditions of probation.**

(II) **The use of probation, not to exceed two years, with restrictive conditions for a period of 12 months or less and as designated (RC); and the consideration of fines/community service or other restorative sanctions as general conditions of probation.**

(III) **Unless otherwise designated, the range of months in the standard range refers to the recommended period of restrictive conditions.** ]

(v) Level E, limited to confinement in a State facility.

(A) The guidelines [ **encourage the** ] **recommend** consideration of confinement in a State facility with consideration of certain correctional programs. While rehabilitation and restoration are under consideration at all levels, the primary utilitarian purposes of confinement at Level E are incapacitation and deterrence.

(B) Confinement recommendations include:

(I) The use of confinement consistent with the protection of the public, the gravity of the offense as it relates to the impact on the life of the victim and on the community, and the rehabilitative needs of the person.

(II) The use of confinement in a State facility, with a minimum term of 30 months or more recommended, including consideration of the statutory limit for [ **repeat violent offenders (REVOC)** ] **PRS 4**, with the maximum term at least double the minimum term as provided in 42 Pa.C.S. § 9756 (relating to sentence of total confinement); with the court authorized to determine the eligibility and appropriateness of specified Department programs as provided in § 303a.1(c); and with parole authority under the jurisdiction of the Board pursuant to 61 Pa.C.S. § 6132 [ **(relating to specific powers of board involving offenders)** ].

(III) Unless otherwise designated, the range of months in the standard range refers to the recommended minimum term of confinement.

(vi) Level F, limited to confinement in a State facility for offenses with a statutory maximum greater than 20 years.

(A) The guidelines [ **encourage the** ] **recommend** consideration of confinement in a State facility with consideration of certain correctional programs. While rehabilitation and restoration are under consideration at all levels, the primary utilitarian purposes of confinement at Level F are incapacitation and deterrence.

(B) Confinement recommendations include:

(I) The use of confinement consistent with the protection of the public, the gravity of the offense as it relates to the impact on the life of the victim and on the community, and the rehabilitative needs of the person.

(II) The use of confinement in a State facility, with a minimum term of 90 months or more recommended, including consideration of the statutory limit for [ **repeat violent offenders (REVOC)** ] **PRS 4**, with a maximum term at least double the minimum term as provided in 42 Pa.C.S. § 9756 [ **(relating to sentence of total confinement)** ]; with the court authorized to determine the eligibility and appropriateness of specified Department programs as provided in § 303a.1(c); and with parole authority under the jurisdiction of the Board pursuant to 61 Pa.C.S. § 6132 [ **(relating to specific powers of board involving offenders)** ].

(III) Unless otherwise designated, the range of months in the standard range refers to the recommended minimum term of confinement.

(vii) Level G, limited to confinement in a State facility for the offense of murder of the third degree, which has a statutory maximum of 40 years.

(A) The guidelines [ **encourage the** ] **recommend** consideration of confinement in a State facility with consideration of certain correctional programs. While rehabilitation and restoration are under consideration at all levels, the primary utilitarian purposes of confinement at Level G are incapacitation and deterrence.

(B) Confinement recommendations include:

(I) The use of confinement consistent with the protection of the public, the gravity of the offense as it relates to the impact on the life of the victim and on the community, and the rehabilitative needs of the person.

(II) The use of confinement in a State facility, with a minimum term standard range recommendation of no less than 72 months and including the statutory limit of 240 months; with a maximum term at least double the minimum term as provided in 42 Pa.C.S. § 9756 [ **(relating to sentence of total confinement)** ]; with the court authorized to determine the eligibility and appropriateness of specified Department programs as provided in § 303a.1(c); and with parole authority under the jurisdiction of the Board pursuant to 61 Pa.C.S. § 6132 [ **(relating to specific powers of board involving offenders)** ].

(III) Because of the wide range of circumstances contributing to convictions for murder of the third degree, the Commission has provided an extraordinarily wide standard range for consideration by the court, with a lower limit of 72 months and an upper limit of 240 months, which is the statutory limit. An enhancement, which increases the lower limit to 90 months, applies when the victim is less than 13 years of age. To refine future guidelines and promote greater proportionality and uniformity in sentencing, the Commission requires the court to report reasons for all sentences imposed for murder of the third degree.

(IV) Unless otherwise designated, the range of months in the standard range refers to the recommended minimum term of confinement.

(viii) Level H, limited to confinement in a State facility for the offenses of murder of the first degree and murder of the second degree.

(A) Level H includes convictions for which the penalty is the same as the penalty for murder of the first degree or murder of the second degree, including but not limited to:

(I) 18 Pa.C.S. § 2507 (relating to criminal homicide of law enforcement officer).

(II) 18 Pa.C.S. § 2604 (relating to murder of unborn child).

(III) 18 Pa.C.S. § 2716 (relating to weapons of mass destruction).

(IV) 18 Pa.C.S. § 3301 (relating to arson and related offenses).

(B) The following three age categories apply:

(I) Persons 18 years of age or older at the time of the offense;

(II) Persons 15 years of age or older but less than 18 years of age at the time of the offense; and

(III) Persons 10 years of age or older but less than 15 years of age at the time of the offense.

(C) If person is under 18 years of age at the time of the offense and the conviction occurred after June 24, 2012, the court shall consider the recommendations provided in Level H. The court has no authority to impose a sentence less than that required by the mandatory minimum provision established in statute and may impose a minimum sentence up to and including life (18 Pa.C.S. § 1102.1 **(relating to sentence of persons under the age of 18 for murder, murder of an unborn child and murder of a law enforcement officer)**).

(D) The statute requires confinement in a State facility, and the mandatory minimum requirements provide the lower limit of the recommendations in Level H, with recommendations increasing based on criminal history. While rehabilitation and restoration are under consideration at all levels, the primary utilitarian purposes of confinement at Level H are incapacitation and deterrence.

(E) Confinement recommendations include:

(I) The use of confinement consistent with the protection of the public, the gravity of the offense as it relates to the impact on the life of the victim and on the community, and the rehabilitative needs of the person.

(II) The use of confinement in a State facility, for those under 18 years of age at the time of the offense, considers the mandatory minimum sentencing requirements and criminal history in determining the minimum sentence recommendation. The maximum sentence authorized by statute is life, including life without the possibility of parole (LWOP), but excluding the death penalty. When sentenced to a minimum term of less than LWOP, parole authority is under the jurisdiction of the Board pursuant to 61 Pa.C.S. § 6132 **[(relating to specific powers of board involving offenders)]**.

(III) The use of confinement in a State facility, for those 18 years or age or older at the time of the offense, penalties are limited to LWOP or death.

(F) Unless otherwise designated, the range of months in the standard range refers to the recommended minimum term of confinement.

### § 303a.6. Aggravated and mitigated circumstances.

(a) *Aggravated and mitigated ranges.* As required by 42 Pa.C.S. § 2154(b)(4) (relating to adoption of guidelines for sentencing), the sentencing guidelines provide aggravated

and mitigated ranges as variations from the standard range on account of aggravating and mitigating circumstances.

**(b) Conformity to the guidelines. A sentence imposed in the standard range, aggravated range, or mitigated range is considered a sentence within the guidelines. A sentence imposed with a disposition or duration more severe than the aggravated range recommendation, less severe than the mitigated range recommendation, or without consideration of applicable guideline sentencing standards, is considered a departure from the guidelines.**

**[(b)] (c) Aggravated ranges.** When the court determines that aggravating circumstances are present, the court may consider the aggravated range of the sentencing guidelines. The aggravated range is determined by adding the designated number of months listed on the **[ Sentencing Matrix ] sentencing matrix** (AGG/MIT column), **located in § 303a.14 (relating to sentencing matrix)**, to the top of the standard range recommendation as follows:

(1) At Level A, the aggravated range is determined by adding three months of **general** probation to the top of the standard range recommendation. When the top of the standard range recommendation is RS, the aggravated range recommendation is **[ a ] any** period of **general** probation up to and including three months of **general** probation; when the top of the standard range recommendation is **[ 6 ] six** months of **general** probation, the aggravated range recommendation is any period of **general** probation greater than six months up to and including nine months of **general** probation.

(2) At Level B, the aggravated range is determined by adding six months of **general** probation to the standard range recommendation. When the standard range recommendation is 6 months of **general** probation, the aggravated range recommendation is a period of **general** probation greater than **[ six ] 6** months up to and including **[ twelve ] 12** months of **general** probation; when the standard range recommendation is 24 months of **general** probation, the aggravated range recommendation is any period of **general** probation greater than 24 months up to and including 30 months of **general** probation. The use of confinement **[ , ]** or **[ the use of ]** restrictive conditions, for a period longer than designated in the standard range recommendation, is a **procedural** departure from the guidelines.

(3) At Level C through Level H, the aggravated range recommendation is determined by adding the number of months of **of confinement** designated below to the top of the standard range recommendations:

(i) Level C = 3 months.

(ii) Level D = **[ 4 ] 6** months.

(iii) Level E = **[ 6 ] 9** months.

(iv) Level F = 12 months.

(v) Level G = **[ 12 months ] no aggravated range (standard range includes the statutory limit)**.

(vi) Level H = 24 months.

(4) As an example, when the top of the standard range recommendation is a minimum term of confinement of four months (Level C), the aggravated range recommendation is a minimum term of confinement of greater than four months up to and including a minimum term of

confinement of seven months; when the top of the standard range recommendation is a minimum term of confinement of 60 months (Level E), the aggravated range recommendation is a minimum term of confinement of greater than 60 months up to and including a minimum term of confinement of [ 66 ] 69 months.

(5) When the guideline sentence recommendation is higher than the statutory limit, the statutory limit shall be the upper limit of the aggravated range.

[ (c) ] (d) *Mitigated ranges.* When the court determines that mitigating circumstances are present, the court may consider the mitigated range of the sentencing guidelines. The mitigated range is determined by subtracting the designated number of months listed on the [ **Sentencing Matrix** ] **sentencing matrix** (AGG/MIT column), **located in § 303a.14**, from the bottom of the standard range recommendation as follows:

(1) At Level A, [ **the mitigated range is determined by subtracting three months of probation from the bottom of the standard range recommendation. There** ] **there** is no mitigated range [ **at Level A** ], since the bottom of the standard range is restorative sanctions, which excludes **general** probation.

(2) At Level B, the mitigated range is determined by subtracting six months of **general** probation from the standard range recommendation. When the standard range recommendation is 6 months of **general** probation [ **or less** ], the mitigated range recommendation is RS [ **(restorative sanctions)** ] **or any period of general probation less than 6 months**; when the standard range recommendation is 24 months of **general** probation, the mitigated range recommendation is any period of **general** probation of 18 months or greater but less than 24 months of **general** probation. **When the standard range recommendation is a minimum of one month restrictive conditions (RC), [ The recommended duration ] the mitigated range recommendation of [ restrictive conditions ] RC is [ reduced by one month ] no RC to less than one month RC.**

(3) At Level C through Level H, the mitigated range recommendation is determined by subtracting the number of months **of confinement** designated below from the bottom of the standard range recommendations:

- (i) Level C = 3 months.
- (ii) Level D = [ 4 ] 6 months.
- (iii) Level E = [ 6 ] 9 months.
- (iv) Level F = 12 months.
- (v) Level G = 12 months.
- (vi) Level H = 24 months.

(4) As an example, when the bottom of the standard range recommendation is a minimum term of confinement of [ **three** ] 3 months or less (Level C), the mitigated range recommendation is RS [ **(restorative sanctions)** ]; when the bottom of the standard range recommendation is a minimum term of confinement of 60 months (Level E), the mitigated range recommendation is a minimum term of confinement of [ 54 ] 51 months or greater but less than 60 months.

(5) When the guideline sentence recommendation is lower than the sentence required by a mandatory sentencing statute, the mandatory minimum sentence shall be the lower limit of the mitigated range.

[ (d) ] (e) *Departures from the guidelines.* Any sentence imposed with a disposition or duration more severe than the aggravated range recommendation is considered a departure above the guidelines. Any sentence imposed with a disposition or duration less severe than the mitigated range recommendation is considered a departure below the guidelines. Any sentence imposed without consideration of applicable guideline [ **requirements** ] **sentencing standards**, such as completion of a diagnostic assessment for use of certain restrictive conditions of probation, is considered a procedural departure.

[ (e) ] (f) *Reasons for sentence.*

(1) When the court imposes a sentence for murder of the third degree, or imposes a sentence in the aggravated or mitigated range, or [ **departs** ] **imposes a sentence that is a departure** from the [ **sentencing** ] guidelines, [ **it shall consider and** ] **the court shall** state on the record **and report to the Commission** a reason or reasons for the sentence [ **, including** ]. **The court may consider**, but **is** not limited to the following:

(i) Nature and circumstances of the offense:

- (A) Neither caused nor threatened serious harm.
- (B) Conduct substantially influenced by another person.
- (C) Acted under strong provocation.
- (D) Substantial grounds to justify conduct.
- (E) Role in offense.
- (F) Purity of controlled substance.
- (G) Abuse of position of trust.
- (H) Vulnerability of victim.
- (I) Temporal pattern.
- (J) Offense pattern.

**(K) Multiple offenses in a criminal incident.**

(ii) History and character of the person:

- (A) No history of criminal conduct.
- (B) Substantial period of law-abiding behavior.
- (C) Circumstances unlikely to recur.
- (D) Likely to respond affirmatively to probation.
- (E) Imprisonment would entail excessive hardship.
- (F) Accepts responsibility.
- (G) Provides substantial assistance.
- (H) Compensated victim or community.
- (I) Character and attitude.

**(J) Treatment for substance abuse, behavioral health issues, or developmental disorders or disability.**

(2) Unless otherwise prohibited by statute, the consideration of validated assessments of risk, needs and responsibility, or clinical evaluations may be considered to guide decisions related to the intensity of intervention, use of restrictive conditions, and duration of community supervision.

(3) Adequacy of the prior record score. The court may consider at sentencing prior convictions, juvenile adjudications, or dispositions not counted in the calculation of the PRS, in addition to other factors deemed appropriate by the court.

[ (f) ] (g) *Reporting of reasons.* When the court imposes a sentence for murder of the third degree, or

imposes an aggravated or mitigated sentence, or [ **departs** ] **imposes a sentence that is a departure** from the guidelines, the court shall include the reasons on the guideline sentence form, and electronically transmit the information to the Commission in the manner described § 303a.2 (**relating to guideline sentencing standards**).

§ 303a.7. Judicial proceeding [ **recommendations** ] **considerations**.

(a) *General [ guideline sentence recommendations ] provisions.* [ **General guideline sentence recommendations** ] **Judicial proceeding considerations** are provided to address the imposition of multiple sentences [ **during a judicial proceeding to** ], **encouraging practices that** promote greater consistency in the use of concurrent or consecutive sentences, and [ **to encourage the** ] **promote** consideration of various sentencing and correctional programs.

(b) *Concurrent and consecutive sentences.* As provided in 42 Pa.C.S. § 9721(a) (relating to sentencing generally), the court may impose one or more sentencing alternatives consecutively or concurrently. When a judicial proceeding includes sentences for multiple convictions, [ **the guidelines encourage the consideration of imposing** ] **the court is encouraged to consider the imposition of** concurrent sentences for lesser conviction offenses within the same criminal incident. Exceptions include:

(1) Sentences for crimes of violence, **and for convictions involving sexual assault, domestic violence, and vulnerable victims**.

(2) Consecutive sentences [ **are** ] **when** required by law, including but not limited to:

(i) 18 Pa.C.S. § 2703(b) (relating to assault by prisoner).

(ii) 42 Pa.C.S. § 9711.1(c) (relating to sentencing for certain murders of infant persons).

(iii) 42 Pa.C.S. § 9718.5 (relating to mandatory period of probation for certain sexual offenders).

(iv) 61 Pa.C.S. § 6137.2 (relating to reentry supervision).

(v) 75 Pa.C.S. § 3735 (relating to homicide by vehicle while driving under [ **the** ] influence).

(vi) 75 Pa.C.S. § 3804(c.2) and (c.3) (relating to penalties [ **for driving under the influence** ]).

(3) Proceedings in which there are multiple crime victims, **or multiple criminal incidents**.

(4) **Circumstances for which a longer sentence is warranted to address treatment needs.**

(c) *Consecutive sentences of total confinement.* As provided in 42 Pa.C.S. § 9757 (relating to consecutive sentences of total confinement for multiple offenses), when the court determines that a sentence should be imposed consecutive to one being then imposed or one previously imposed, the court shall indicate the minimum sentence to be served for the total of all offenses; the minimum sentence shall not exceed one-half of the maximum sentence imposed. For purposes of the guidelines, the total confinement sentence imposed during the judicial proceeding shall be considered the aggregate confinement sentence.

(d) *Consideration of sentencing and correctional programs.* When the aggregate confinement sentence authorizes the use of a county facility, the [ **guidelines encourage consideration of** ] **court is encouraged to consider** a county reentry program or partial release program as provided in § 303a.1(c) (relating to preliminary provisions), and county parole pursuant to 42 Pa.C.S. § 9776 (relating to judicial power to release inmates). When the aggregate confinement sentence authorizes the use of a State facility, the guidelines encourage the court to determine the eligibility and appropriateness of the specified Department programs provided in § 303a.1(c); parole authority in such cases is under the jurisdiction of the Board pursuant to 61 Pa.C.S. § 6132 (relating to specific powers of board involving offenders).

(e) *Consecutive sentences of probation.* Unless otherwise provided, the [ **guidelines recommend the duration of the aggregate term of probation imposed during a judicial proceeding not exceed five years** ] **court is encouraged to limit the aggregate term of probation imposed during a judicial proceeding to no more than five years**; and that the duration of the restrictive conditions of probation, or a combination of confinement without parole, as provided in 42 Pa.C.S. §§ 9755(h) **and 9756(c.1)** (relating to sentence of partial confinement[ ] **and 9756(c.1) (relating to)**; **and** sentence of total confinement), and restrictive conditions of probation, not exceed the **aggregate** months of confinement recommended in the **sentencing** guidelines.

The Resentencing Guidelines for the 7th Edition Sentencing Guidelines become effective 90 days after publication unless rejected by concurrent resolution of the General Assembly; apply to all resentences following revocation of probation for sentences imposed under the 7th Edition Sentencing Guidelines; and are applicable to offenses committed on or after January 1, 2020, but prior to January 1, 2024. Resentencing Guidelines for the 8th Edition Sentencing Guidelines, as adopted by the Commission, are summarized as follows, and set forth in Annex B.

JUDGE TAMARA R. BERNSTEIN,  
*Chair*

#### *Commentary on Annex A*

On March 9, 2023, the Commission adopted Amendment 2 of the Resentencing Guidelines, relabeled the Resentencing Guidelines for the 7th Edition Sentencing Guidelines, 204 Pa. Code §§ 307.1—307.4. Resentencing Guidelines for the 7th Edition Sentencing Guidelines are reserved for reference in Chapter 307.

The adopted amendment to Chapter 307 limits the application of this Chapter to resentencing guidelines for probation sentences imposed under the 7th Edition Sentencing Guidelines and subsequently revoked.

#### *Description of Amendments*

Provided as follows is a description of each section of the adopted Resentencing Guidelines for the 7th Edition Sentencing Guidelines. The adopted amendment to Chapter 307 is set forth in Annex A.

#### *§ 307.1. Preliminary provisions*

Amendments to this section include editorial changes to several definitions, including inserting common abbreviations and amending the references to the 7th Edition Sentencing Guidelines.

#### *§ 307.2. Resentencing guidelines standards*

Amendments include an editorial change to the title of the section, amending the references to the 7th Edition Sentencing Guidelines, modifying the description of the effective dates of the amendments to the resentencing guidelines, and linking the resentencing guidelines to the corresponding amendment of the 7th Edition Sentencing Guidelines.

#### *§ 307.3. Procedure for determining resentencing guidelines*

Amendments include an editorial change to the title of the section.

#### *§ 307.4. Resentencing guidelines recommendations*

Amendments include an editorial change to the title of the section and amending the reference to the 7th Edition Sentencing Guidelines.

#### *Effective Date*

Resentencing Guidelines for the 7th Edition Sentencing Guidelines shall become effective January 1, 2024, and apply to all offenses committed on or after January 1, 2020, but prior to January 1, 2024, unless disapproved by the General Assembly, pursuant to 42 Pa.C.S. § 2155(b) (relating to publication of guidelines for sentencing, resentencing and parole, risk assessment instrument and recommitment ranges following revocation).

#### *Resource Utilization*

Prior to the adoption of amendments to the resentencing guidelines, the Commission is required to use a correctional population simulation model to determine the resources that are required under current guidelines and the resources that would be required to carry out any proposed amendments to the guidelines. 42 Pa.C.S. § 2153(a)(15) (relating to powers and duties of commission).

Amendment 2 of the Resentencing Guidelines, relabeled the Resentencing Guidelines for the 7th Edition Sentencing Guidelines, is a technical change to limit the application of the initial Resentencing Guidelines, effective January 1, 2020, to revocations of probation ordered under Amendment 5 of the 7th Edition Sentencing Guidelines; and to limit the application of Amendment 1 of the Resentencing Guidelines, effective January 1, 2021, to

revocations of probation ordered under Amendment 6 of the 7th Edition Sentencing Guidelines.

Amendment 2 of the Resentencing Guidelines addresses offenses committed prior to January 1, 2024, and make no amendments to the recommendations. Therefore, there is no change in the resources that would be required to carry out the adopted Resentencing Guidelines for the 7th Edition Sentencing Guidelines.

#### *Commentary on Annex B*

On March 9, 2023, the Commission adopted new Resentencing Guidelines for the 8th Edition Sentencing Guidelines, 204 Pa. Code §§ 307a.1—307a.4. Resentencing Guidelines for the 8th Edition Sentencing Guidelines are set forth in Chapter 307a.

The adopted addition of Chapter 307a limits the application of this new chapter to resentencing guidelines for probation sentences imposed under the 8th Edition Sentencing Guidelines and subsequently revoked.

#### *Description of Amendments*

Provided as follows is a description of each section of the adopted Resentencing Guidelines for the 8th Edition Sentencing Guidelines. The adopted new Chapter 307a is set forth in Annex B.

##### *§ 307a.1. Preliminary provisions*

This section includes authorization and definitions related to the application of resentencing guidelines for revocations of orders of probation imposed under the 8th Edition Sentencing Guidelines. Certain definitions provided in the proposed resentencing guidelines are amended and other definitions added to conform with definitions adopted in the 8th Edition Sentencing Guidelines.

##### *§ 307a.2. Resentencing guidelines standards*

This section includes standards for the application of resentencing guidelines for revocations of orders of probation imposed under the 8th Edition Sentencing Guidelines, as well as providing the effective dates of the resentencing guidelines. Reporting requirements provided in the proposed resentencing guidelines are amended to conform with the reporting requirements adopted in the 8th Edition Sentencing Guidelines.

##### *§ 307a.3. Procedure for determining resentencing guidelines*

This section includes the procedures for determining the sentence recommendation for technical violations and conviction violations for revocations of orders of probation imposed under the 8th Edition Sentencing Guidelines.

##### *§ 307a.4. Resentencing guidelines recommendations*

This section provides general recommendations for consideration at resentencing. Resentencing recommendations provided in the proposed resentencing guidelines are amended to conform with the sentencing recommendations adopted in the 8th Edition Sentencing Guidelines.

#### *Effective Date*

Resentencing Guidelines for the 8th Edition Sentencing Guidelines shall become effective January 1, 2024, and apply to all offenses committed on or after January 1, 2024, unless disapproved by the General Assembly, pursuant to 42 Pa.C.S. § 2155(b).

#### *Resource Utilization*

Prior to the adoption of amendments to the resentencing guidelines, the Commission is required to use a correctional population simulation model to determine the resources that are required under current guidelines and the resources that would be required to carry out any proposed amendments to the guidelines. 42 Pa.C.S. § 2153(a)(15).

The new Resentencing Guidelines for the 8th Edition Sentencing Guidelines follow a procedure similar to that employed in the Resentencing Guidelines for the 7th Edition Sentencing Guidelines: for a technical violation resulting in a revocation of probation, the resentencing guidelines are the same as initial sentencing guidelines, with consideration given to any service of the original sentence; for a conviction violation resulting in a revocation of probation, the resentencing guidelines reflect a one-step increase in the OGS of the initial sentencing guidelines. However, since the resource utilization of the underlying 8th Edition Sentencing Guidelines has been found to be less than that of the 7th Edition Sentencing Guidelines, the same would be expected of the new Resentencing Guidelines for the 8th Edition Sentencing Guidelines.

The new Resentencing Guidelines for the 8th Edition Sentencing Guidelines address offenses committed on or after January 1, 2024, with recommendations linked to the new 8th Edition Sentencing Guidelines. The resources required to carry out the 8th Edition Sentencing Guidelines are projected to include a 15.9% reduction in the use of State confinement; a 29.8% reduction in the use of county confinement; and a 21.8% reduction in the use of probation; offset by significant increases in the use of restorative sanctions. Therefore, the resources that would be required to carry out the adopted Resentencing Guidelines for the 8th Edition Sentencing Guidelines would follow this trend and be lower than those required by the Resentencing Guidelines for the 7th Edition Sentencing Guidelines.

## Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

### COMMISSION ON SENTENCING PART VIII. CRIMINAL SENTENCING [ 204 PA. CODE CH. 311 ]

#### Adopted State Parole Recommitment Ranges

On January 7, 2023, the Pennsylvania Commission on Sentencing (Commission) published in the *Pennsylvania Bulletin* (53 Pa.B. 260) proposed State Parole Recommitment Ranges, 204 Pa. Code §§ 311.1—311.6, and requested public comment. Six public hearings were held:

February 8, 2023 (Philadelphia)

February 17, 2023 (Easton)

February 22, 2023 (Pittsburgh)

February 27, 2023 (PA DOC via Zoom, limited to testimony from incarcerated individuals)

March 2, 2023 (Erie)

March 8, 2023 (Harrisburg and via Zoom)

The Commission is authorized by 42 Pa.C.S. § 2154.6 (relating to adoption of recommitment ranges following revocation of parole by board) to adopt recommitment ranges following revocation of parole to be considered by the Pennsylvania Parole Board when exercising its power to reparole, commit and recommit for parole violations. Recommitment ranges shall take into account the: 1) seriousness of the initial conviction offense, 2) the level of seriousness of the violation, and 3) rehabilitative needs of the defendant. The State Parole Recommitment Ranges are advisory and do not remove the discretionary authority of the Pennsylvania Parole Board.

On March 9, 2023, the Pennsylvania Commission on Sentencing adopted State Parole Recommitment Ranges, 204 Pa. Code §§ 311.1—311.6, which are hereby submitted to the General Assembly for review by way of publication in the *Pennsylvania Bulletin*.

State Parole Recommitment Ranges become effective 90 days after publication unless rejected by concurrent resolution of the General Assembly and apply to all State parole violation hearings initiated on or after January 1, 2024.

State Parole Recommitment Ranges, as adopted by the Commission, are summarized as follows, and set forth in Annex A.

JUDGE TAMARA R. BERNSTEIN,  
Chair

*Commentary on Annex A*

As provided in statute, 61 Pa.C.S. § 6102 (relating to operation of parole system generally), the parole system shall operate consistently with the following provisions:

(1) The parole system provides several benefits to the criminal justice system, including the provision of adequate supervision of the offender while protecting the public, the opportunity for the offender to become a useful member of society and the diversion of appropriate offenders from prison.

(2) In providing these benefits to the criminal justice system, the Board and any other paroling entity shall first and foremost seek to protect the safety of the public.

(3) In addition to this goal, the Board and any other paroling entity shall address input by crime victims, assist in the fair administration of justice by ensuring the custody, control and treatment of paroled persons shall consider any applicable guidelines established by the Commission and shall ensure that parole proceedings, release and recommitment are administered in an efficient and timely manner.

Regarding recommitment following violation of terms, 61 Pa.C.S. § 6137(h) (relating to parole power) authorizes:

(1) The Board may, during the period for which an inmate shall have been sentenced, recommit the inmate, if paroled, for violation of the terms and conditions of the person's parole and from time to time to reparole and recommit in the same manner and with the same procedure as in the case of an original parole or recommitment if, in the judgment of the Board:

(i) There is a reasonable probability that the inmate will be benefited by paroling the inmate again.

(ii) It does not appear that the interests of the Commonwealth will be injured by paroling the inmate again.

(2) In exercising these powers, the Board shall consider any applicable recommitment ranges established by the Commission under 42 Pa.C.S. § 2154.6.

(i) *Cases involving deviations from guidelines.* In each case in which the Board deviates from the recommitment ranges established under 42 Pa.C.S. § 2154.6, the Board shall provide a contemporaneous written statement of the reason for the deviation from the recommitment ranges to the Commission, as established under 42 Pa.C.S. § 2153(a)(14) (relating to powers and duties of commission).

Section 2154.6 of 42 Pa.C.S. requires the Commission to adopt recommitment ranges for violations of parole that consider the following:

- (1) the seriousness of the initial conviction offense;
- (2) the level of seriousness of the violation; and
- (3) the rehabilitative needs of the defendant.

A recommitment range is a recommendation for a period of time for which a parole violator may be recommitment to serve an additional part of the term the parole violator would have been compelled to serve had the parole violator not been paroled. At the end of the recommitment period, the parole violator may be reviewed for parole or, without further review, shall be reparoled.

Section 6137 of 61 Pa.C.S. requires the Board to consider recommitment ranges established by the Commission, and to report to the Commission the recommit-

ment decision and provide a contemporaneous written statement of reasons for any deviation from the recommitment ranges. In addition to consideration of the guidelines, the Board may develop and use internal decisional instruments.

The recommitment ranges established by the Commission are advisory recommendations, which must be considered by the Board but for which the Board may exercise discretion in deviating from the recommendations. The recommitment ranges do not remove the discretionary authority of the Pennsylvania Parole Board, and do not prevent the Board from developing policies and procedures related to recommitment decisions.

The adopted recommitment ranges standardize current practices, improve the consistency and transparency of decisions, and enhance data collection and analysis. By linking the recommitment ranges to the parole guidelines and the 8th Edition Sentencing Guidelines, the Commission is promoting coordination of information and decision-making.

On July 11, 2020, the Commission published at 50 Pa.B. 3417 (July 11, 2020) initial proposed State Parole Recombitment Ranges, 204 Pa. Code §§ 311.1—311.5, and held two public hearings. On September 10, 2020, the Commission tabled action on adoption of the recommitment ranges due to delays in adoption of the related parole guidelines. On March 10, 2022, the Commission voted to resume consideration of both the proposed parole guidelines and proposed recommitment ranges. The Commission approved without amendment the proposed State Parole Recombitment Ranges, republished the same at 52 Pa.B. 2351 (April 23, 2022), and held two public hearings.

On June 2, 2022, the Commission voted to delay action on adoption, providing staff with an opportunity to address the following issues: consideration of the seriousness of the initial conviction offense, as required by statute; consideration of the rehabilitative needs of the defendant, as required by statute; concerns that recommendations for technical violators included a minimum period of time, and did not address disciplinary infractions or recommitments to non-correctional facilities; and concerns that recommendations for convicted violators were linked to the 7th Edition Sentencing Guidelines, which would be inconsistent with proposals the Commission was preparing for new sentencing guidelines. Staff reviewed proposals with the Parole Board and drafted revised recommitment ranges for consideration by the Commission, which included an additional section (§ 311.6 (relating to parole violator tables)) with new tables for clearer presentation of recommendations.

On December 8, 2022, the Commission approved for the purpose of receiving public comment revised proposed State Parole Recombitment Ranges, which were published at 53 Pa.B. 260 (January 7, 2023), and six public hearings were held. The proposed recommitment ranges are intended to document existing practices and serve as interim recommitment ranges until validation of the Static Risk Offender Needs Guide—Revised (STRONG-R) risk assessment instrument by the Department of Corrections and the related reconstruction of the initial parole guidelines.

On March 9, 2023, the Commission adopted the State Parole Recombitment Ranges, 204 Pa. Code §§ 311.1—311.6. State Parole Recombitment Ranges become effective 90 days after publication unless rejected by concur-

rent resolution of the General Assembly and apply to all state parole violation hearings initiated on or after January 1, 2024.

*Description of Amendments*

Provided as follows is a description of each of the sections of the adopted State Parole Recommitment Ranges. The adopted State Parole Recommitment Ranges are set forth in Annex A.

§ 311.1. *Preliminary provisions*

This section addresses the statutory authorization to adopt recommitment ranges and includes a list of definitions of words and phrases used in the recommitment ranges. Certain definitions provided in the proposed recommitment ranges are amended or other definitions added to conform with definitions adopted in the State Parole Guidelines and the 8th Edition Sentencing Guidelines.

§ 311.2. *Parole violator recommitment range standards*

This section addresses the requirements related to the consideration of the recommitment ranges and the reporting of decisions to the Commission. Procedures for reporting recommitment information and decisions are the same as those developed for the reporting of parole information and decisions, utilizing an export of data from the Board to the Commission by means of JNET and the Commission’s sentencing guidelines application.

§ 311.3. *Procedure for determining parole violator recommitment range*

This section defines the two types of violators: technical parole violator and convicted parole violator; and describes the general procedures for determining the applicable range and consideration of aggravating or mitigating circumstances.

§ 311.4. *Technical parole violator recommitment ranges*

This section includes general provisions for consideration of ranges for technical parole violators, including the description of specified violation conditions for which individuals are recommitted to correctional facilities, and those otherwise recommitted to non-correctional facilities, including group facilities and parole violator centers; and the specific provisions for determining the recommitment ranges for technical parole violators. Amendments to the proposed recommitment ranges, for technical parole violators, consistent with § 311.6, include adjustments to recommendations for non-violent cases recommitted to correctional facilities and commitments to community facilities and parole violator centers. These amendments are in response to comments received during public hearings and the consideration of time served following revocation.

§ 311.5. *Convicted parole violator recommitment ranges*

This section includes general provisions for consideration of ranges for convicted parole violators, including the specific provisions related to the recommended ranges determined in part on the seriousness of the new conviction offense based on the corresponding level of the 8th Edition Sentencing Guidelines. Amendments to the proposed recommitment ranges are limited to updating the designation of certain offense gravity scores consistent with the 8th Edition Sentencing Guidelines.

§ 311.6. *Parole violator tables*

This section includes two tables that display recommitment ranges. Subsection (a) (relating to table 1—technical parole violator recommitment ranges) addresses technical

parole violator recommitment ranges; subsection (b) (relating to table 2—convicted parole violator recommitment ranges) addresses convicted parole violator recommitment ranges. Amendments to the proposed recommitment ranges, for technical parole violators, consistent with § 311.4 (relating to technical parole violator recommitment ranges), include adjustments to recommendations for non-violent cases recommitted to correctional facilities and commitments to community facilities and parole violator centers. These amendments are in response to comments received during public hearings and the consideration of time served following revocation.

*Effective Date*

State Parole Recommitment Ranges shall become effective January 1, 2024, and apply to all State parole violation hearings initiated on or after that date, unless disapproved by the General Assembly, pursuant to 42 Pa.C.S. § 2155(b) (relating to publication of guidelines for sentencing, resentencing and parole, risk assessment instrument and recommitment ranges following revocation).

*Resource Utilization*

Prior to the adoption of amendments to the recommitment ranges, the Commission is required to use a correctional population simulation model to determine the resources that are required under current recommitment ranges and the resources that would be required to carry out any proposed amendments to the recommitment ranges. 42 Pa.C.S. § 2153(a)(15).

Since the State Parole Recommitment Ranges adopted by the Commission are initial ranges, there are no current ranges to serve as a baseline and no basis for determining Board compliance with the State Parole Recommitment Ranges. However, in developing the ranges in conjunction with the Board, the Commission sought to incorporate existing regulations and statutes as well as practices of Board decision-makers. For revocations and commitments for technical violators, the adopted ranges reflect statutory requirements as provided in 61 Pa.C.S. § 6138 (relating to violation of terms of parole); and for revocations and commitments for convicted violators, the new ranges standardize recommendations and provide more targeted ranges than existing regulations, while providing coordination with the sentencing guidelines for new conviction offenses. Taken together, the addition of recommitment ranges may result in modest reductions in the use of resources but should substantially improve the transparency of decisions and the data collected and available for future analysis.

The new State Parole Recommitment Ranges generally reflect current recommitment practices. Therefore, no substantial change in resource utilization is anticipated.

(1) Determine if the [ **offender** ] paroled person is a technical parole violator or a convicted parole violator:

(i) A technical parole violator is a [ **parolee** ] paroled person under the jurisdiction of the Board who violates the terms and conditions of parole, other than by the commission of a new crime of which the [ **parolee** ] person is convicted or found guilty by a judge or jury or to which the [ **parolee** ] person pleads guilty or nolo contendere, as provided in 61 Pa.C.S. § 6138(c) (relating to violation of terms of parole).

(ii) A convicted parole violator is a [ **parolee** ] paroled person under the jurisdiction of the Board who, during the period of parole or while delinquent on parole, commits a crime punishable by imprisonment, for which the [ **parolee** ] person is convicted or found guilty by a judge or jury or to which the [ **parolee** ] person pleads guilty or nolo contendere, as provided in 61 Pa.C.S. § 6138(a).

(2) Consider the recommitment ranges as follows:

(i) For a technical parole violator, consider the recommendations provided in § 311.6(a) (relating to table 1—technical parole violator recommitment ranges) in Table 1, based on the following:

(A) Determine if the [ **offender** ] paroled person is a violent offender, as provided in the parole guidelines, based on a current or previous conviction for an offense identified in 42 Pa.C.S. §§ 9714(g), 9718.1 and 9799.14 (relating to sentences for second and subsequent offenses; sexual offender treatment; and sexual offenses and tier system), or for an offense otherwise designated by the Board as a violent offense.

(B) Determine if the [ **offender** ] paroled person is being recommitted to a correctional facility, as provided in 61 Pa.C.S. § 6138(d), or to a group facility or parole violator center, as provided in 61 Pa.C.S. § 6138(e), and the number of recommitments to a correctional facility.

(C) Determine if any disciplinary infractions provided in 61 Pa.C.S. § 6138(d)(5) or (e)(3) apply to the [ **offender** ] paroled person.

(D) Identify the recommended recommitment range.

(ii) For a convicted parole violator, consider the recommendations provided in § 311.6(b) (relating to table 2—convicted parole violator recommitment ranges) in Table 2, based on the following:

(A) Determine if the [ **offender** ] paroled person is a violent offender, as provided in the parole guidelines based on a current or previous conviction for an offense identified in 42 Pa.C.S. §§ 9714(g), 9718.1 and 9799.14, or for an offense otherwise designated by the Board as a violent offense.

(B) Determine the offense gravity score and the corresponding sentencing level of the most serious new conviction offense.

(C) Identify the recommended recommitment range.

(b) Consider any aggravating and mitigating circumstances, including progress on parole prior to revocation and the rehabilitative needs of the [ **offender** ] paroled person, when determining the duration of recommitment and prescribed treatment and programming.

(c) Determine the recommitment period, and report the decision, reasons for deviation, and other required information to the Commission, as provided in § 311.2 (relating to parole violator recommitment range standards).

**§ 311.4. Technical parole violator recommitment ranges.**

(a) *General provisions.*

(vi) The violation involved an intentional and unexcused failure to adhere to recommended programming or conditions on more than three occasions, and the [ **parolee** ] **paroled person** cannot be safely diverted.

(3) As provided in 61 Pa.C.S. § 6138(c)(1), unless the Board determines a specified violation condition is present, a technical parole violator shall be committed to a group facility or [ **secured facility** ] **parole violator center**, and the following shall apply:

(i) The Board shall consider the applicable recommitment ranges described in subsection (b).

(ii) Except as provided in subparagraph (iii), a technical parole violator shall be recommitted, as provided in 61 Pa.C.S. § 6138(e), for a maximum period of six months, after which the [ **offender** ] **person** shall automatically be reparaed without further action by the Board.

(A) For the first recommitment, a technical parole violator shall serve not more than six months.

(B) For the second recommitment for the same sentence, a technical parole violator shall serve not more than nine months.

(C) For the third and subsequent recommitment for the same sentence, a technical parole violator shall serve not more than one year.

(iii) The maximum period of recommitment and automatic reparaol shall not be applicable to [ **an offender** ] **a paroled person** if any of the following apply:

(A) Committed a disciplinary infraction involving assaultive behavior, sexual assault, a weapon, or a controlled substance.

(B) Spent more than 90 days in segregated housing due to one or more disciplinary infractions.

(C) Refused programming or a work assignment.

(b) *Specific provisions.*

(1) Technical violator recommitment ranges are to be considered by the Board in the exercise of its discretion, while accounting for the following factors:

(i) The seriousness of the initial conviction offense. Seriousness is based on the determination under the State parole guidelines whether the [ **offender** ] **paroled person** is designated as a violent offender or non-violent offender.

(ii) The type of facility to which the [ **offender** ] **paroled person** is being recommitted. Type of facility includes a correctional facility, as provided in 61 Pa.C.S. § 6138(d), and a group facility or parole violator center, as provided in 61 Pa.C.S. § 6138(e).

(iii) The number of recommitments for the same sentence. When recommitted to a correctional facility, the maximum period of a recommitment is determined by the number of recommitments, as provided in 61 Pa.C.S. § 6138(d)(3). For recommitment to a group facility or parole violator center, the maximum period is six months, notwithstanding the number of recommitments for the same sentence, as provided in 61 Pa.C.S. § 6138(e)(2).

(iv) Any disciplinary infractions committed by the [ **offender** ] **paroled person**. ### § 311.5. Convicted parole violator recommitment ranges.

(a) *General provisions.*

(1) Recommitment ranges shall be considered by the Board when a [ **parolee** ] paroled person is convicted of a new offense committed while on parole and the Board orders recommitment as a convicted parole violator after the necessary violation hearing(s).

(2) As provided in 61 Pa.C.S. § 6138(a) (relating to violation of terms of parole), the Board may, at its discretion, revoke the parole of [ **an offender** ] a paroled person convicted of a crime committed while on parole, and including certain enumerated summary offenses.

(i) If the [ **offender's** ] paroled person's parole is revoked, the [ **offender** ] person shall be recommitted to a correctional facility to serve the remainder of the term which the [ **offender** ] person would have been compelled to serve had the parole not been granted, and the Board shall determine whether any credit shall be granted for time at liberty on parole.

(ii) The Board may, in its discretion, reparole a convicted parole violator whenever the best interests of the [ **offender** ] person justify or require the [ **offender** ] person's release on parole and it does not appear that the interests of the Commonwealth will be injured.

(iii) The period of time for which the [ **offender** ] paroled person is required to serve shall be computed by the Board.

(3) The Board shall consider the applicable recommitment ranges described in subsection (b).

(b) *Specific provisions.*

(1) Convicted violator recommitment ranges are to be considered by the Board in the exercise of its discretion, while accounting for the following factors:

(i) The seriousness of the initial conviction offense. Seriousness is based on the determination under the State parole guidelines whether the [ **offender** ] person is designated as a violent offender or non-violent offender.

(ii) The level of seriousness of the new conviction offense. The seriousness of the new conviction offense is determined by identifying the highest OGS assignment under the [ **Pennsylvania** ] 8th Edition Sentencing Guidelines of all new conviction offenses, and then determining the corresponding sentencing level **for that offense**. For out-of-State convictions, the current equivalent [ **Pennsylvania** ] offense under the 8th Edition Sentencing Guidelines applies. Summary offenses are assigned the lowest offense gravity score (OGS 1) and the corresponding sentencing level (Level A). Murder of the first degree and murder of the second degree are assigned the highest offense gravity scores [ **(Murder 1 A/B/C, Murder 2 A/B/C)** ] (OGS H-1 through OGS H-6) and the corresponding sentencing level (Level H).

(iii) The time required to receive treatment and programming to meet the rehabilitative needs of the [ **offender** ] paroled person. The corrective programming required to address the needs of the [ **offender** ] paroled person associated with the recommitment, which begins after a hearing or waiver of a hearing, may require a recommitment period shorter or longer than the recommended recommitment range.
