READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at www.pacodeandbulletin.gov.

Printing Format

Rules, Regulations and Statements of Policy in Titles 1—107 of the Pennsylvania Code

Text proposed to be added is printed in **underscored bold face**. Text proposed to be deleted is enclosed in brackets [] and printed in **bold face**.

Proposed new chapters and sections are printed in regular type to enhance readability. Final rulemakings and statements of policy are printed in regular type.

Ellipses, a series of five asterisks, indicate text that is not amended.

In Proposed Rulemakings and proposed Statements of Policy, existing text corresponds to the official codified text in the *Pennsylvania Code*.

Court Rules in Titles 201—246 of the Pennsylvania Code

Added text in proposed and adopted court rules is printed in **underscored bold face**. Deleted text in proposed and adopted court rules is enclosed in brackets [] and printed in **bold face**.

Proposed new chapters and rules are printed in regular type to enhance readability.

Ellipses, a series of five asterisks, indicate text that is not amended.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 210—APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

[210 PA. CODE CH. 11]

Order Amending Rule 1115 of the Pennsylvania Rules of Appellate Procedure; No. 308 Appellate Procedural Rules Docket

Order

Per Curiam

And Now, this 12th day of October, 2023, it is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 1115 of the Pennsylvania Rules of Appellate Procedure is amended in the attached form.

To the extent that notice of proposed rulemaking would otherwise be required by Pa.R.J.A. 103, the immediate promulgation of the amended and adopted rule is found to be in the interest of efficient administration.

This Order shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective December 1, 2023.

Additions are bolded and are underlined.

Deletions are bolded and are bracketed.

Annex A

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 11. APPEALS FROM COMMONWEALTH COURT AND SUPERIOR COURT

PETITION FOR ALLOWANCE OF APPEAL

Rule 1115. Content of the Petition for Allowance of Appeal.

(a) *General rule.*—The petition for allowance of appeal need not be set forth in numbered paragraphs in the manner of a pleading, and shall contain the following (which shall [, **insofar as practicable,**] be set forth in the order stated):

* * * * *

(3) [**Where under the applicable law an issue is not reviewable on appeal unless raised or preserved below, the petition shall contain a statement of place of raising or preservation of issues, as required in Pa.R.A.P. 2117(c).**

(4)] The questions presented for review, expressed in the terms and circumstances of the case but without unnecessary detail. The statement of questions presented will be deemed to include every subsidiary question fairly comprised therein. Only the questions set forth in the petition, or fairly comprised therein, will ordinarily be considered by the court in the event an appeal is allowed.

(4) **A statement of place of raising or preservation of issues, which shall appear immediately after the questions presented for review. The statement shall**

specify the stage of the proceedings at which, and manner in which, the questions sought to be reviewed were raised in each proceeding below, the method of raising those questions (e.g., by a pleading, by a request to charge and exceptions, etc.), and the way in which those questions were passed upon by each court below, with citations to the record, as required by Pa.R.A.P. 2117(c). PROPOSED RULEMAKING

DELAWARE RIVER BASIN COMMISSION

[25 PA. CODE CH. 901]

Rules of Practice and Procedure

Summary: The Commission will hold public hearings and accept written comment on a proposal to amend its Rules of Practice and Procedure to: resolve ambiguities around the automatic termination of project approvals issued by the Commission; make conforming amendments to related provisions as appropriate; update the Commission's Water Resources Program and Project Review procedures to better conform them to current practice; remove references to the Federal Freedom of Information Act that create confusion about the regulations applicable to requests for Commission public records; and align pronouns with the Commission's policies regarding diversity, inclusion, and belonging.

Dates:

Written comments: Written comments will be accepted through 5 p.m. on November 30, 2023.

Public hearings: Public hearings will be held remotely via Zoom on the following dates at the noted times. Details about accessing the hearings are available on the Commission's website, www.drbc.gov.

1. November 13, 2023, 1:30 p.m. to no later than 4 p.m.
2. November 13, 2023, 6:30 p.m. to no later than 9 p.m.

A notice including these public hearing dates, times and locations was posted on the Commission's website on September 28, 2023, and circulated that day directly to Commission notice subscribers interested in this subject matter. Members of the public may sign up through the Commission's website to receive direct notice via email of additions or changes to the information provided above.

Addresses:

To submit written comments: Written comments will be accepted until 5 p.m. on November 30, 2023 through the Commission's online public comment collection system at: <https://hearing.drbc.commentinput.com?id=T95htQGAg>. To request an exception from use of the online system based on lack of access to the Internet, please contact: Commission Secretary, DRBC, P.O. Box 7360, West Trenton, NJ 08628.

To register to speak at public hearings: Although attendance at the hearings is not limited and requires no registration, those who wish to provide oral comment at a hearing must register in advance to do so. Registration will be through Zoom and Eventbrite. Links to register for each of the public hearing dates and times are posted at www.drbc.gov. Online registration will remain open until 5 p.m. on the day prior to the hearing date or until all available speaking slots have been filled, whichever is earlier. Each person who wishes to provide oral comment may do so at only one public hearing. Registrations will be monitored, and if capacity is not adequate to accommodate all who wish to speak, additional opportunities may be added.

See SUPPLEMENTARY INFORMATION for details regarding the substance of written comments.

For Further Information Contact: For information regarding the public hearings and submission of written comments, contact Kate Schmidt, Communications Specialist, at kate.schmidt@drbc.gov (preferred) or 609-883-9500, ext. 205. For information concerning the proposed amendments, contact Pamela Bush, Commission Secretary and Assistant General Counsel, at pam.bush@drbc.gov (preferred) or 609-477-7203.

Supplementary Information: The Delaware River Basin Commission ("DRBC" or "Commission") is a Federal-interstate compact agency formed by the enactment of concurrent legislation by four states and the United States in 1961¹ to manage the water resources of the Delaware River Basin (the "Basin") without regard to political boundaries. The Commission's members are, ex officio, the governors of the basin states (Delaware, New Jersey, New York, and Pennsylvania) and the Division Engineer of the U.S. Army Corps of Engineers North Atlantic Division, who represents the United States.

Background

The Commission's Rules of Practice and Procedure ("RPP"), comprising part 401 of Title 18 of the Code of Federal Regulations, govern the adoption and revision of the Commission's Comprehensive Plan and Water Resources Program, the exercise of the Commission's authority pursuant to the provisions of Article 3.8 of the Delaware River Basin Compact (the "Compact") and other actions of the Commission mandated or authorized by the Compact, including but not limited to the administration of public access to records and information in the Commission's possession.

The proposed amendments are intended primarily to resolve ambiguities in the current language of paragraph (a) of § 401.41 ("Limitation of approval"); to replace certain out-of-date provisions, such as the requirement for paper copies of project review applications under Section 3.8 of the Compact, that no longer conform to current practice; and to eliminate references to the Federal Freedom of Information Act ("FOIA") in Subpart H—Public Access to Records and Information, because the Commission is not a Federal agency and because the Compact expressly exempts the Commission from the Federal Administrative Procedure Act, of which FOIA is a part. The changes proposed to § 401.41 create the need for conforming changes in four other provisions of Subpart C but do not alter the Commission's interpretation or implementation of these provisions.

Ambiguities in the language of paragraph (a) of § 401.41 came to light in 2022 in connection with a request in accordance with this provision for extension of an approval issued in 2019 under Section 3.8 of the Compact. The current provision states that a Commission approval "shall expire three years from the date of Commission action unless prior thereto the sponsor has expended substantial funds (in relation to the cost of the project) in reliance upon such approval." The provision further provides that "[a]n approval may be extended or renewed by the Commission upon application." The questions raised by this language include: whether, if the listed conditions are met, an expiring docket automatically extends or renews without the need for Commission

¹ United States Public Law 87-328, Approved Sept. 27, 1961, 75 Statutes at Large 688; 53 Delaware Laws, Ch. 71, Approved May 26, 1961; New Jersey Laws of 1961, Ch. 13, Approved May 1, 1961; New York Laws of 1961, Ch. 148, Approved March 17, 1961; Pennsylvania Acts of 1961, Act. action; whether, if acknowledgement or a decision is necessary, the Commission must vote on the matter or the Executive Director may issue the acknowledgment or render the decision; whether the project sponsor may be relieved of the requirement that it have “expended substantial funds” if circumstances beyond the sponsor’s control have prevented it from doing so; whether public notice and a public hearing should be provided before an extension is acknowledged, approved or denied; and the duration of an extension if acknowledged or approved.

Proposed Amendments

Amendments to § 401.41

Proposed § 401.41(a). Paragraph (a) of § 401.41 operates when the instrument of Commission approval contains no expiration date. This occurs when the Commission approves an activity such as dredging under Section 3.8 of the Compact and accompanying regulations at 18 CFR 401.35(a)(7) or construction under the Commission’s Flood Plain Regulations, 18 CFR part 415. Because the Commission exercises no continuing oversight over dredging and construction activities, no renewal of an approval for such activities is ordinarily required. Section 401.41(a) serves as a backstop in the unusual instances in which the approved activity is not promptly undertaken. In contrast, approvals for ongoing withdrawals and discharges are issued for limited terms of ten and five years, respectively, as set forth in the instrument of approval. Under existing regulations, an application for renewal of an approval, when required, must be submitted no fewer than 120 days in advance of the assigned expiration date unless the instrument of approval provides otherwise. See 18 CFR 401.43(b)(4)(ii). (An amendment proposed in this rulemaking would change the required timing of submission to 180 days in advance of the assigned expiration date.) That paragraph (a) of § 401.41 operates only when an approval contains no expiration date is made explicit in the amended rule.

In addition, the proposed amendments extend from three years to five the time by which a Commission approval that lacks an expiration date “shall expire” if certain requirements are not met. In the Commission’s view, a period of five years, rather than the current three, is appropriate given modern permitting and construction timeframes for Commission-approved projects. As noted above, five years is also the term of a Commission approval for a wastewater discharge, and is the term normally applied to individual permits issued under the Coastal Zone Management Rules established by an agency of one of the Commission’s member states, the New Jersey Department of Environmental Protection (“NJDEP”) (see N.J. Admin. Code Sec. 7.7-8.2).

Additional changes to § 401.41 are proposed to resolve ambiguities in the current language. Under the proposed revision, the project sponsor must submit a written request for an extension, accompanied by supporting documentation. In response, the Executive Director by a written determination must grant a five-year extension if the sponsor’s request and supporting documentation demonstrate to the Executive Director’s satisfaction that certain criteria are met. Specifically, the Executive Director must grant the extension if he or she determines: (1) that no material change is proposed to the project as approved; (2) that the sponsor has expended, at a minimum, the lesser of one million dollars or substantial funds in relation to the cost of the project or has been prevented from doing so by circumstances beyond the sponsor’s control; and (3)-(4), that neither the Commission’s Comprehensive Plan nor the condition of the project

site has changed in a manner important to determining whether the project would substantially impair or conflict with the Comprehensive Plan.

The term “material change” is proposed to be added to Subpart I—General Provisions, § 401.121 (Definitions), and defined as, “a change to a project previously approved by the Commission that is important in determining whether the project would substantially impair or conflict with the Commission’s comprehensive plan.” The proposed definition restates the purpose of the Commission’s review as set forth in Article 3.8 of the Compact, which provides in relevant part that “[t]he commission shall approve a project whenever it finds and determines that such project would not substantially impair or conflict with the comprehensive plan and may modify and approve as modified, or may disapprove any such project whenever it finds and determines that the project would substantially impair or conflict with such plan.”

As proposed, amended § 401.41(a) would also require public notice of a determination by the Executive Director on or before the Commission’s next quarterly public hearing or business meeting. The proposed language establishes that determinations by the Executive Director under the provision are appealable in accordance with Subpart F—Administrative and Other Hearings, §§ 401.81—401.90.

Proposed § 401.41(b). The proposed amendments include a new § 401.41(b), which makes clear that if one or more material changes to an approved project are proposed, or if the Executive Director determines that any one or more of the other criteria listed at proposed § 401.41(a) are not satisfied, the project sponsor must apply for renewal and modification of its approval in accordance with the customary application procedure for any docket renewal or approval issued by the Commission. This section applies to any Commission approval, whether or not it includes an expiration date, and regardless of whether the project sponsor has expended a minimum amount of funds in relation to the cost of a project (Existing § 401.43(b)(4)(iii) sets forth the fee associated with modification of a Commission approval).

Proposed § 401.41(c). Proposed § 401.41(c) would effectively preserve the current § 401.41(b), which provides that a project review application (as opposed to a Commission approval) that remains dormant (defined by the rule as “no active pursuit of approvals”) for three years from the date of Commission receipt of the application will terminate without further action by the Commission.

Conforming amendments in part 401

Introduction of the new defined term, “material change,” creates the need to replace existing language with the new term in four other provisions of part 401. In each of these instances, the current language includes the undefined term “substantial change,” or some variant of that term. The affected provisions are §§ 401.8(a), 401.42(e), 401.43(b)(1)(ii) and 401.43(b)(4)(iii).

Updates of subparts B and C

The proposed amendments would revise provisions of the RPP concerning the Water Resources Program (subpart B) and the review of projects under Section 3.8 of the Compact (subpart C), to align them with current practice.

Period to be covered by the Water Resources Program. Article 13.2 of the Compact requires the Commission to “annually adopt a water resources program, based upon the comprehensive plan, consisting of the projects and facilities which the commission proposes to be undertaken. . .during the ensuing six years or such other

reasonably foreseeable period as the commission may determine.” Currently, § 401.22 dictates that the Water Resources Program “will be a reasonably detailed amplification of that part of the Comprehensive Plan which the Commission recommends for action within the ensuing six-year period.” The proposed revision would restore the flexibility the Compact allows regarding the period to be covered by the annual program.

Information required for concurrent inclusion of a project in the Comprehensive Plan and Water Resources Program. Section 401.23 establishes that a project may be added to the Comprehensive Plan and included in the Water Resources Program by concurrent action of the Commission, provided that in such instances the project sponsor has furnished the Commission with detailed information, a list of which is set forth in the provision. As amended, the list is replaced by a reference to § 401.4(b), which contains a list of the information that must be provided for any project proposed to be included in the Comprehensive Plan.

Removal of provisions concerning out-of-use classifications. Sections 401.24–401.26 relate to a system of classifying projects included in the Water Resources Program as either “A” list or “B” list projects. Because this classification system is no longer in use, these sections are proposed to be deleted.

Time of referral of a project by a State or Federal agency. The proposed amendments include a revision of § 401.38, captioned “Form of referral by State or Federal agency,” to conform the language of this provision to current practice. In practice, the Commission reviews projects concurrently with reviews performed by the regulatory agencies of its member states and the Federal government. Accordingly, as proposed, § 401.38 provides that upon receipt of an application for a project that is subject to Commission review (rather than upon issuance of an approval as in the current rule), the member state agency will refer the application to the Commission.

Form of submission of a project review application. The proposed rule would amend § 401.39, captioned “Form of submission of projects,” to provide that for any project subject to review under Section 3.8 of the Compact, an application will be considered complete and ripe for technical review by Commission staff when the project sponsor submits a completed application using the form provided on the Commission’s website and pays the applicable fee plus any outstanding fees, penalties, or interest. The Commission’s ability to request additional information from a project sponsor is preserved. The amendment would leave certain submission requirements and procedures to the instructions in the applicable form. It would conform § 401.39 to the practice already used by the Commission and most applicants, as well as by some regulatory agencies of the Commission’s State and Federal members.

Timely submission of a renewal application. The proposed amendments include the revision of paragraph § 401.43(b)(4)(ii) to provide that a project sponsor must file its application for renewal of an expiring approval 180 calendar days prior to the date of expiration of the approval to avoid a late fee. The current rule requires that to avoid a late fee, a renewal application must be filed 120 days prior to the date of expiration of the approval.

Fees for name change and change of ownership. The amendments are proposed to include consolidation into a single fee of the fees that currently apply, respectively,

when the sponsor of a project undergoes a name change (§ 401.43(b)(4)(iv)) and when the project undergoes a change of ownership (§ 401.43(b)(4)(v)). A corresponding change is required to the accompanying Table 3 to § 401.43. The amendment is proposed because the two types of events entail comparable time and effort on the part of the Commission’s project review staff.

Public Access to Records and Information

Subpart H of the RPP contains regulations related to the disclosure of Commission records to members of the public upon request. The rules currently identify the Federal FOIA as authority pursuant to which the Commission promulgated Subpart H, and the subpart contains multiple references to the FOIA. Although certain language in the current Subpart H is identical to language in the FOIA, the Commission, a Federal-interstate compact agency, is not a Federal agency, and the Commission is expressly exempt by § 15.1(m) of the Compact from the Federal Administrative Procedure Act, of which FOIA is a part. The agenda for a January 29, 1975 Commission conference session and business meeting at which adoption of the then-draft Subpart H regulations was discussed makes clear the Commission understood this at the time. The agenda states, “The Commission is not subject to the Administrative Procedures (sic) Act. However, staff recommends approval of these regulations in any case as a matter of desirable policy.” At a business meeting on February 26, 1975, the Commission adopted the Subpart H regulations as proposed.

References to the FOIA in Subpart H have created confusion on the part of individuals who seek access to Commission records. In particular, requests for records filed with the Commission under Subpart H often cite to procedural provisions of the FOIA that differ from those in Subpart H. The proposed amendments would eliminate an important source of such confusion. The proposed amendments also would remove gendered pronouns used in the current regulations to align with the Commission’s support of diversity, equity, inclusion and belonging. No substantive changes to subpart H are proposed.

Public Process

Substance of comments. The Commission welcomes and will consider comments that concern the potential impacts of the proposed amendments on the conservation, utilization, development, management and control of the water and related resources of the Delaware River Basin and on public participation in the Commission’s water resource management activities.

Non-digitized, voluminous materials such as books, journals and collections of documents will not be accepted. Digital submissions of articles and websites must be accompanied by a statement containing citations to the specific findings or conclusions the commenter wishes to reference.

Submission of written comments. Written comments along with any attachments should be submitted through the Commission’s web-based comment system (<https://hearing.drbc.commentinput.com?id=T95htQGAg>) until 5 p.m. on November 30, 2023. All materials should be provided in searchable formats, preferably in .pdf searchable text. Notably, a picture scan of a document may not result in searchable text. Comments received through any method other than the designated on-line method, including via email, fax, postal/delivery services or hand delivery, will not be considered or included in the rulemaking record unless accompanied by a written request for an exception based on lack of access to the web-based

comment system. Such requests and accompanying materials may be sent to: Commission Secretary, DRBC, P.O. Box 7360, West Trenton, NJ 08628.

Public hearings. To provide for an orderly process, support public and community health measures, and provide expanded access to interested parties regardless of their geographic location, the Commission is conducting its public hearings virtually. Attendance at the hearings is not limited and requires no registration. However, to eliminate uncertainty on the part of attendees about whether they will have an opportunity to provide oral comment, those who wish to speak at a hearing must register in advance to do so, using the link on the Commission’s website. Registrations will be monitored, and if capacity is not adequate to accommodate all who wish to speak, additional opportunities may be added. Key elements of the procedure are as follows:

- Online registration to speak at a public hearing will remain open until 5 p.m. the day prior to each hearing.
- Each person who wishes to provide oral comment may do so at only one public hearing.
- Speaking time will be limited to approximately three minutes per speaker.
- Elected government officials and their staff will have the opportunity to identify themselves when registering to attend a hearing.
- Attendance at the public hearings is not limited and requires no advance registration.
- Written and oral comment will receive equal consideration.

The Commission appreciates the public’s participation and input on this important matter.

Translation Services for Rulemaking Materials. The Commission will consider requests for translation of this notice and the proposed rule text into languages other than English. To request translation of documents related to this rulemaking, please send an e-mail to translate@drbc.gov. Please specify both the requested language and the requested documents.

More Information. Detailed and up-to-date information about the public process, including all proposed rule text, related documents and links for online registration to speak at each of the scheduled public hearings, can be found on the DRBC website, www.drbc.gov.

For the reasons set forth in the preamble, the Delaware River Basin Commission proposes to amend its *Administrative Manual, Rules of Practice and Procedure*, as set forth below.

Subpart A—Comprehensive Plan

* * * * *

§ 401.8 Public projects under Article 11 of the Compact.

(a) After a project of any Federal, State or local agency has been included in the Comprehensive Plan, no further action will be required by the Commission or by the agency to satisfy the requirements of Article 11 of the Compact, except as the Comprehensive Plan may be amended or revised pursuant to the Compact and this part. Any project which is **materially** changed [**substantially**] from the project as described in the Comprehensive Plan will be deemed to be a new and different project for the purposes of Article 11 of the Compact. Whenever a change is made the sponsor shall advise the Executive Director, who will determine whether the change is deemed [**substantial**] **a material change** within the meaning of this part.

* * * * *

Subpart B—Water Resources Program

* * * * *

§ 401.22 Concept of the program.

The Water Resources Program, as defined and described in Section 13.2 of the Compact, will be a reasonably detailed amplification of that part of the Comprehensive Plan which the Commission recommends for action [**within the ensuring six-year period**]. That part of the Program consisting of a presentation of the water resource needs of the Basin will be revised only at such intervals as may be indicated to reflect new findings and conclusions, based upon the Commission’s continuing planning programs.

§ 401.23 Procedure.

The Water Resources Program will be prepared and considered by the Commission for adoption annually. [Each project] Projects included in the Water Resources Program shall have been previously included in the Comprehensive Plan, except that a project may be added to both the Plan and the Program by concurrent action of the Commission. **In such instances, the [The] project’s sponsor shall furnish the [following] information listed in § 401.4(b) prior to the inclusion of the project in the Comprehensive Plan and Water Resources Program. [:**

- (a) **The Comprehensive Plan data brought up-to-date for the period of the Water Resources Program;**
- (b) **Specific location and dimension of a structural project, and specific language of a standard, policy or other non-structural proposal;**
- (c) **The plan of operation of a structural project;**
- (d) **The specific effects of a non-structural project;**
- (e) **Sufficient data to indicate a workable financial plan under which the project will be carried out; and**
- (f) **A timetable for implementation.**

§ 401.24 Preparation and adoption.

The Water Resources Program will be prepared and considered by the Commission for adoption annually. Projects required to satisfy the Basin

needs during the period covered by the Program may be classified as follows:

(a) A-List: This shall include public projects which require no further review, and inclusion in such list shall be deemed to be approved for the purposes of Section 3.8 of the Compact;

(b) B-List: This shall include public projects not included in the A-list and privately sponsored projects which are proposed or anticipated by the Commission.

§ 401.25 Alternatives for public projects.

Any public project which has been included in the Comprehensive Plan but is not on the "A" list of the current Water Resources Program, at the option of the sponsor, may be submitted for review and approval under Section 3.8 of the Compact in accordance with Subpart C of these regulations.

§ 401.26 Inventory of other projects.

Each Water Resources Program will include, for information purposes only, an inventory of projects approved during the previous year pursuant to Section 3.8 of the Compact but which are not part of the Comprehensive Plan or Water Resources Program.]

Subpart C—Project Review Under Section 3.8 of the Compact

* * * * *

§ 401.38 Form of referral by State or Federal agency.

Upon receipt of an application [approval] by any [state] State or [federal] Federal agency for [of] any project reviewable by the Commission under these regulations, if the project has not prior thereto been reviewed and approved by the Commission, such agency shall refer the project for review under Section 3.8 of the Compact in such form and manner as shall be provided by Administrative Agreement.

* * * * *

§ 401.39 Form of submission of projects [not requiring prior approval by State or Federal agencies].

[Where a project does not require approval by any other state or federal agency, or where such approval is required but an Administrative Agreement is not in force, the project shall be submitted directly to the Commission for review and determination of compatibility with the Comprehensive Plan, in such form of application, with such supporting documentation, as the Executive Director may reasonably require for the administration of the provisions of the Compact. These shall include without limitation thereto:

(a) Exhibits to accompany application. The application shall be accompanied by the following exhibits:

- (1) Abstract of proceedings authorizing project, where applicable;
- (2) General map showing specific location and dimension of a structural project, or specific language of a standard or policy in the case of a non-structural proposal;
- (3) Section of the United States Geological Survey topographic map showing the territory and watershed affected;

(4) Maps, drawings, specifications and profiles of any proposed structures, or a description of the specific effects of a non-structural project;

(5) Written report of the applicant's engineer showing the proposed plan of operation of a structural project;

(6) Map of any lands to be acquired or occupied;

(7) Estimate of the cost of completing the proposed project, and sufficient data to indicate a workable financial plan under which the project will be carried out; and

(8) Analyses and conclusions of regional water supply and wastewater investigations.

(b) Letter of Transmittal. The application shall be accompanied by a letter of transmittal in which the applicant shall include a list of all enclosures, the names and addresses to which communications may be directed to the applicant, and the names and addresses of the applicant's engineer and counsel, if any.

(c) Unless otherwise ordered by the Commission, two copies of the application and accompanying papers shall be filed. If any application is contested, the Commission may require additional copies of the application and all accompanying papers to be furnished by the applicant. In such cases, certified copies or photographic prints or reproductions may be used.]

(a) Submission constituting application. Where a project is subject to review under Section 3.8 of the Compact, the submission shall be in accordance with such form of application as the Executive Director may prescribe and with such supporting documentation as the Executive Director may reasonably require for the administration of the provisions of the Compact. An application shall be deemed complete and the Commission's review of the application may commence upon submission of the completed form in accordance with paragraph (b) of this section, and payment of the applicable fee as set forth in § 401.43 together with all balances due the Commission, if any, by the applicant or any member of its corporate structure, for unpaid fees, penalties, or interest.

(b) Submission of applications. Application forms and accompanying submissions shall be filed in accordance with the filing instructions included on the application form.

(c) Availability of forms. Any person may obtain a copy of any form prescribed for use in paragraph (a) of this section on the Commission's website, <https://www.drbc.gov>.

§ 401.41 Limitation of approval; dormant applications.

[(a) Approval by the Commission under these regulations shall expire three years from the date of Commission action unless prior thereto the sponsor has expended substantial funds (in relation to the cost of the project) in reliance upon such approval. An approval may be extended or renewed by the Commission upon application.

(b) Any application that remains dormant (no proof of active pursuit of approvals) for a period of three years from date of receipt, shall be automati-

cally terminated. Any renewed activity following that date will require submission of a new application.]

(a) Extension by Executive Director. (1) For any Commission approval not assigned an expiration date, the Commission’s approval shall expire five years from the approval date unless prior thereto the Executive Director extends the approval for an additional five-year period based upon a written request from the project sponsor accompanied by supporting documentation demonstrating to the Executive Director’s satisfaction that the following criteria have been met:

(i) Either:

(A) The project sponsor has expended, at a minimum, the sum of one million dollars (\$1,000,000) or an amount representing substantial funds in relation to the cost of the project in reliance upon the Commission’s approval; or

(B) In the alternative, circumstances beyond the project sponsor’s control (including but not limited to, pending legal challenges to local, State or Federal permits) have prevented the sponsor from expending an amount equal to either of the sums set forth in paragraph (a)(1)(i)(A) of this section;

(ii) No material changes to the project as approved are proposed;

(iii) The condition of the project site has not changed in a manner important to determining whether the project would substantially impair or conflict with the Commission’s Comprehensive Plan; and

(iv) The Commission’s Comprehensive Plan has not changed in a manner important to determining whether the project would substantially impair or conflict with the Comprehensive Plan.

(2) Otherwise, the Executive Director shall deny the request.

(3) Public notice of a determination by the Executive Director pursuant to this paragraph (a) shall be provided no later than the Commission’s next regularly scheduled public hearing or business meeting following the determination. A determination by the Executive Director pursuant to this section is appealable in accordance with subpart F of this part.

(b) Review by Commissioners. If in the view of the Executive Director (or if appealed to the Commission pursuant to subpart F of this part, in the view of the Commission), one or more material changes to a project as approved are proposed, or if the Executive Director determines that any one or more of the other criteria listed in paragraph (a) of this section are not satisfied, the project sponsor must apply for renewal and modification of its approval in accordance with the customary application procedure for any docket renewal or approval.

(c) Automatic termination of application. Any application that remains dormant (no proof of active pursuit of approvals) for a period of three years from date of receipt, shall be automatically terminated without further action of the Commission. Any renewed activity following that date will require submission of a new application.

§ 401.42 One permit program.

* * * * *

(e) *Comprehensive Plan projects.* Articles 11 and 13 of the Compact require certain projects to be included in the Comprehensive Plan. To add a project not yet included in the Comprehensive Plan, the project sponsor shall submit a separate application to the Commission. If following its review and public hearing the Commission approves the addition of the project to the Comprehensive Plan, the Commission’s approval will include such project requirements as are necessary under the Compact and Commission regulations. All other project approvals that may be required from the Signatory Party Agency or the Commission under regulatory programs administered pursuant to this section may be issued through the One Permit Program. An application for renewal or modification of a project in the Comprehensive Plan that does not **materially** change the project [**so substantially as to render it a new and different project**] may be submitted only to the Signatory Party Agency unless otherwise specified in the Administrative Agreement.

(ii) *Late filed renewal application.* Any renewal application submitted fewer than [**120**] **180** calendar days in advance of the expiration date or after such other date specified in the docket or permit or letter of the Executive Director for filing a renewal application shall be subject to a late filed renewal application charge in excess of the otherwise applicable fee.

(iii) *Modification of a DRBC approval.* Following Commission action on a project, [**each**] **any material change to the project [revision or modification that the Executive Director deems substantial] as approved** shall require an additional application **and accompanying** fee. **Such fee shall be** calculated in accordance with paragraph (e) of this section and **may be** subject to an alternative review fee in accordance with paragraph (b)(3) of this section.

(iv) *Name change or change of ownership.* Each project with a docket or permit issued by the DRBC [**or by a Signatory Party Agency pursuant to the One Permit Program rule (§ 401.42)**] will be charged an administrative fee as set forth in paragraph (e) of this

section if it undergoes a change in name or a “change in ownership” as that term is defined at § 420.31(e)(2) of this subchapter.

[(v) *Change of ownership.* Each project that undergoes a “change in ownership” as that term is defined at 18 CFR 420.31(e)(2) will be charged an administrative fee as set forth in paragraph (e) of this section.]

(1) If the description is insufficient to locate the records requested, the Records Access [FOIA] Officer will so notify the person making the request and indicate the additional information needed to identify the records requested.

* * * * *

(c) Upon receipt of a request for records, the Records Access [FOIA] Officer shall enter it in a public log (which entry may consist of a copy of the request). The log shall state the date and time received, the name and address of the person making the request, the nature of the records requested, the action taken on the request, the date of the determination letter sent pursuant to § 401.109(b), the date(s) any records are subsequently furnished, the number of staff-hours and grade levels of persons who spent time responding to the request, and the payment requested and received.

(d) A denial of a request for records, in whole or in part, shall be signed by the Records Access [FOIA] Officer. The name and title or position of each person who participated in the denial of a request for records shall be set forth in the letter denying the request. This requirement may be met by attaching a list of such individuals to the letter.

§ 401.109 Time limitations.

(a) All time limitations established pursuant to this section shall begin as of the time at which a request for records is logged in by the Records Access [FOIA] Officer pursuant to § 401.108(c). An oral request for records shall not begin any time requirement. A written request for records sent elsewhere within the Commission shall not begin any time requirement until it is redirected to the Records Access [FOIA] Officer and is logged in accordance with § 401.108(c). A request that is expected to involve fees in excess of \$50.00 will not be deemed received until the requester is promptly notified and agrees to bear the cost or has so indicated on the initial [his] request.

(b) Within [ten] 10 working days (excepting Saturdays, Sundays, and legal public holidays) after a request for records is logged by the Records Access [FOIA] Officer, the record shall be furnished or a letter shall be sent to the person making the request determining whether, or the extent to which, the Commission will comply with the request, and, if any records are denied, the reasons therefor.

* * * * *

(c) If any record is denied, the letter shall state the right of the person requesting such records to appeal any adverse determination to the Executive Director of the Commission. Such an appeal shall be filed within 30 days from receipt of the Records Access [FOIA] Officer’s

determination denying the requested information (where the entire request has been denied), or from the receipt of any information made available pursuant to the request (where the request has been denied in part). Within 20 working days (excepting Saturdays, Sundays, and legal public holidays) after receipt of any appeal, or any authorized extension, the Executive Director or **the Executive Director's [his]** designee shall make a determination and notify the appellant of **such [his]** determination. If the appeal is decided in favor of the appellant the requested information shall be promptly supplied as provided in this part. If on appeal the denial of the request for records is upheld in whole or in part, the appellant shall be entitled to appeal to the Commission at its regular meeting. In the event that the Commission confirms the Executive Director's denial the appellant shall be notified of the provisions for judicial review.

STATEMENTS OF POLICY

Title 43—MILITARY AFFAIRS

DEPARTMENT OF MILITARY AND VETERANS AFFAIRS

[43 PA. CODE CH. 11]

Military Family Relief Assistance Program

Under 51 Pa.C.S. § 7319(c) (relating to military family relief assistance), the Department of Military and Veterans Affairs (Department) in consultation with the House and Senate Appropriations Committees and Veterans' Affairs and Emergency Preparedness Committees (Committees) has updated its guidelines for the administration of the Military Family Relief Assistance Program (program).

The guidelines published with this statement of policy set forth operative definitions as well as clear application, adjudication, administration and appeal procedures for the program.

The program is designed to aid military families that have a direct and immediate financial need as a result of the military service of the service member. This program is funded entirely by voluntary donations in the form of Pennsylvania Personal Income Tax Refund checkoffs and direct personal, corporate and organizational donations.

Section 7319(c)(4) of 51 Pa.C.S. provides that these guidelines shall be published in the *Pennsylvania Bulletin* but shall not be subject to review under the act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§ 1102 and 1201—1208), referred to as the Commonwealth Documents Law, the Commonwealth Attorneys Act (71 P.S. §§ 732-101—732-506) or the Regulatory Review Act (71 P.S. §§ 745.1—745.14).

The original guidelines for this program were published at 36 Pa.B. 2232 (May 6, 2006). They were subsequently revised at 40 Pa.B. 2825 (May 29, 2010) to incorporate changes to the program under the act of March 16, 2010 (P.L. 140, No. 9). The act of October 29, 2020 (P.L. 1053, No. 104) most recently amended the program to remove the sunset provision but made no other substantive changes. The revised guidelines set forth in Annex A are issued as part of a routine regulatory review of State veterans' programs administered by the Department and are intended to bring the guidelines into conformity with proposed amendments to other state veterans' programs currently in the rulemaking process.

There are only two substantive changes in these guidelines. First, since military mobilizations have substantially decreased and there is capacity in the program fund, the Department increased the maximum program grant amount from \$3,500 to \$5,000. In addition, the Department increased the program specialist's "Level 1" approval authority from \$1,500 to \$2,000. This small increase creates parity with the Veterans' Temporary Assistance (VTA) Program, promoting use of proper funding sources when a service member or veteran shows eligibility for both programs. With respect to overlapping eligibility, the Department also clarified that program assistance may not be granted concurrently with VTA to address a need arising out of the same event. Beyond these changes, the guidelines have been reorganized to provide consistency with the regulatory format of other State veterans' programs codified in 43 Pa. Code Chapter 5 (relating to Bureau for Veterans' Affairs).

The guidelines set forth in Annex A were sent to the chairpersons and minority chairpersons of the Committees on October 11, 2023. Members of the Committees and their staff reviewed the draft guidelines and provided comment. Under 51 Pa.C.S. § 7319(c), the Committees are not required to take formal action when consulted on these guidelines, and the Committees did not take action.

The guidelines published at 40 Pa.B. 2825 shall be rescinded, and the guidelines set forth in Annex A shall be effective upon publication of this statement of policy in the *Pennsylvania Bulletin*.

Questions about the program and these guidelines may be addressed to the Department's Bureau of Veterans Programs, Initiatives, Reintegration and Outreach at (866) 292-7201 or ra-pa-mfrap@pa.gov.

TITLE 43. MILITARY AFFAIRS

PART I. DEPARTMENT OF MILITARY AFFAIRS

CHAPTER 11. GUIDELINES FOR THE MILITARY FAMILY RELIEF ASSISTANCE PROGRAM—STATEMENT OF POLICY

(Editor's Note: Under 51 Pa.C.S. § 7319(c) (relating to military family relief assistance), the Department of Military and Veterans Affairs adopted guidelines for the administration of the Military Family Relief Assistance Program. The guidelines set forth in this Chapter as 43 Pa. Code Part I, Chapter 11 (relating to Guidelines for the Military Family Relief Assistance Program—statement of policy), are published under 45 Pa.C.S. § 702(7) (relating to contents of *Pennsylvania Code*) as a document general and permanent in nature which shall be codified in the *Pennsylvania Code*.)

Sec.	
11.1.	Authority.
11.2.	Purpose.
11.3.	Definitions.
11.4.	Application procedures.
11.5.	Adjudication procedures.
11.6.	Administration procedures.
11.7.	Appeal procedures.
11.8.	Effective date.

§ 11.1. Authority.

These guidelines are promulgated under the authority of 51 Pa.C.S. § 7319(c) (relating to military family relief assistance) to implement the program as set forth in 51 Pa.C.S. § 7319 of the Military and Veterans Code, as added by the act of March 16, 2010 (P.L. 140, No. 9), effective May 15, 2010, as amended by the act of June 18, 2014 (P.L. 766, No. 66), effective August 18, 2014, and further amended by the act of October 29, 2020 (P.L. 1053, No. 104), effective October 29, 2020.

§ 11.2. Purpose.

The Commonwealth's program provides emergency assistance to eligible service members and eligible relatives of eligible service members. The program is established to provide emergency assistance grants to families of persons who are residents of this Commonwealth and members of the Armed Forces of the United States.

§ 11.3. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise or unless the governing statute, as amended, amends the meaning.

Armed Forces of the United States—As defined at 10 U.S.C. § 101(a)(4).

Bureau—The Bureau of Veterans Programs, Initiatives, Reintegration and Outreach of the department.

Department—The Department of Military and Veterans Affairs of the Commonwealth.

Eligible relative of an eligible service member—As conforms to 51 Pa.C.S. § 7319(j) (relating to military family relief assistance), means the dependent spouse or dependent child of the eligible service member or, in the case of applicants for financial assistance to visit a hospitalized service member, the service member's spouse, parent, sibling or child. An eligible relative must be a resident, domiciliary, of this Commonwealth at the time of application for assistance. An otherwise eligible relative may retain eligibility if absent from the Commonwealth accompanying the eligible service member to military duty in another state or country.

Eligible service member—As conforms to 51 Pa.C.S. § 7319(j), means any of the following:

(i) A member of the Armed Forces of the United States or its reserve components, including the Pennsylvania National Guard, who is serving on active duty authorized under 10 U.S.C. or 32 U.S.C., other than active duty for training, for a period of 30 or more consecutive days.

(ii) A member of the Pennsylvania National Guard serving on State active duty, authorized under 51 Pa.C.S. § 508 (relating to active duty for emergency), for a period of 30 or more consecutive days.

(iii) A member in good standing of any reserve component of the Armed Forces of the United States, including the Pennsylvania National Guard, for a period of 3 years after release from a tour of active duty, authorized under 10 U.S.C. or 32 U.S.C., other than active duty for training, of 30 or more consecutive days duration when the need for assistance is directly related to the circumstances under § 11.8 (relating to effective date).

(iv) A member in good standing of the Pennsylvania National Guard for a period of 3 years after release from a tour of State active duty, authorized under 51 Pa.C.S. § 508, of 30 or more consecutive days duration when the need for assistance is directly related to the circumstances under § 11.8.

(v) A former member of the Armed Forces of the United States or its reserve components, including the Pennsylvania National Guard for a period of 4 years after discharge if:

(A) The member was discharged for medical reasons arising out of the member's military service.

(B) The medical disability that resulted in the member's discharge was incurred in the line of duty and was not the result of misconduct.

(C) The medical condition giving rise to the discharge did not exist prior to the member entering military service.

(D) The medical disability was incurred while the member was serving on active duty, other than active duty for training, or State active duty, for a period of 30 or more consecutive days.

(E) The former member received an honorable or under honorable conditions discharge for medical reasons.

(F) The need for assistance is directly related to the former member's military service, to exigent circumstances beyond the eligible member's control, or to a disability incurred in the line of duty.

Exigent circumstances—As conforms to 51 Pa.C.S. § 7319(j), means emergency or extraordinary situations or conditions resulting in an eligible service member being unable to provide the necessities of living for the member or the member's dependents due to factors beyond the member's control. The term includes, but is not limited to, natural or manmade disasters, loss of home, loss of employment, disability, or serious illness or injury.

Program—The Commonwealth's Military Family Relief Assistance Program (MFRAP).

Qualifying period of military service—Active duty, other than active duty for training, of a duration of 30 or more consecutive days or State active duty authorized under 51 Pa.C.S. § 508 for a duration of 30 or more consecutive days.

Resident of Pennsylvania—As conforms to 51 Pa.C.S. § 7319(j), means:

(i) An individual who is domiciled in this Commonwealth. The individual must either physically reside in this Commonwealth or be absent from this Commonwealth under military orders. An individual's spouse or dependent who is domiciled in this Commonwealth who is stationed in another state or country shall qualify under the program as a resident of this Commonwealth so long as the person does not become domiciled in another state.

(ii) An individual who qualifies under the definition of "Resident Individual" in section 301(P) of the act of March 4, 1971 (P.L. 6, No. 2), known as the Tax Reform Code of 1971.

VSO—Veterans services officers.

§ 11.4. Application procedures.

(a) *Forms*. Application shall be made on the PA MFRAP Form 01. Application forms are available from the following sources:

(1) The Department of Military and Veterans Affairs, Attention: PIRO-MFRAP, Building 9-26, Fort Indiantown Gap, Pennsylvania 17003-5002, or from the department's program web site at www.dmv.pa.gov/Veterans/Benefits/Pages/MilitaryFamilyReliefAssistanceProgram.aspx.

(2) Pennsylvania National Guard Family Assistance Centers across this Commonwealth. Applicants, regardless of branch of service, are encouraged to request assistance from the nearest Pennsylvania National Guard family readiness specialist to complete and submit the application form. To locate the nearest family readiness specialist, see www.pa.ng.mil/Offices-Programs/Service-Member-Family-Support/State-Family-Programs/Family-Assistance/.

(3) Accredited VSOs at the county offices of veterans affairs in each county seat.

(4) The department's field offices collocated with the United States Department of Veterans Affairs Regional Offices in Philadelphia and Pittsburgh.

(5) Accredited VSOs affiliated with The American Legion, Veterans of Foreign Wars (VFW), American Veterans (AMVETS), and Disabled American Veterans (DAV) in this Commonwealth.

(6) Accredited VSOs at the Pennsylvania Veterans Homes in Erie, Hollidaysburg, Philadelphia, Pittsburgh, Scranton and Spring City.

(b) *Completion and execution of the form.* An applicant shall complete and sign the application form, certifying to the truthfulness of its contents under 18 Pa.C.S. § 4904 (relating to unsworn falsification to authorities). If the applicant is unable to sign the application, a person exercising general power of attorney may sign for the applicant. An eligible service member's commanding officer or senior noncommissioned officer/senior enlisted leader must verify the information provided and recommend approval or disapproval.

(c) *Supporting documentation.* An applicant shall submit the following documents with the application form:

(1) Copy of current Pennsylvania driver's license, learner's permit, or identification card, or other acceptable proof of residency as requested.

(2) Copy of the eligible service member's DD Form 214, Certificate of Release or Discharge from Active Duty, or equivalent, or copy of current military identification card as appropriate.

(3) Proof of dependency if applicable.

(4) Copy of the service member's most current Leave and Earnings Statement (LES).

(5) Documentation supporting the exigent circumstances and need for assistance, such as repair estimates, rental agreements, utility bills, bank statements, employment records, and the like.

(d) *Submission of application.*

(1) An applicant shall mail or otherwise deliver the completed application form, together with supporting documentation, to the Department of Military and Veterans Affairs, Attn: PIRO-MFRAP, Bldg. 9-26, Fort Indian-town Gap, Annville, PA 17003-5002.

(2) To expedite the application process, applications and supporting documents may be faxed to (717) 861-9084. Questions and requests for support may be e-mailed to ra-pa-mfrap@pa.gov. Applicants should refrain from sending completed applications or other sensitive and personally identifiable information by e-mail.

(e) *Withdrawal of application.* An applicant may voluntarily withdraw an application for any reason at any time prior to the determination of eligibility by informing the assisting family readiness specialist, VSO or the bureau of a desire to withdraw.

(f) *Other assistance.*

(1) To qualify for assistance under this program, applicants are encouraged to seek assistance from other appropriate sources prior to applying for the program. Other suggested sources of financial assistance include, but are not limited to any of the following:

(i) Army Emergency Relief, www.armyemergencyrelief.org.

(ii) Air Force Aid Society, www.afas.org (Air Force and Space Force).

(iii) Navy-Marine Corps Relief Society, www.nmcrs.org.

(iv) Coast Guard Mutual Assistance, www.cgmahq.org.

(v) Pennsylvania National Guard Associations, www.pngas.org/mission/g2g.

(vi) Enlisted Association of the National Guard of the United States, www.eangus.org/operation-vetcare.

(vii) Non Commissioned Officers Association, www.ncoausa.org/disasterrelief.html.

(viii) Military Officers Association of America, <https://charities.moaa.org/the-moaa-foundation/crf/>.

(ix) American Red Cross, www.redcross.org/get-help/military-families/financial-assistance.

(x) Veterans of Foreign Wars, <https://www.vfw.org/assistance/financial-grants>.

(2) Veterans and their surviving dependents may also be eligible for Veterans' Temporary Assistance (VTA) in accordance with criteria at 51 Pa.C.S. § 8503 (relating to eligibility). However, as explained further in § 11.6(a) (relating to administration procedures), program assistance may not be granted concurrently with VTA to address a need arising out of the same event.

(3) The application for program assistance should include copies of applications or determinations, or both, for other forms of assistance filed by the applicant.

(4) The approval authorities described in § 11.6(b) may waive any requirement to seek assistance from other sources when unusual or exigent circumstances make the application impractical or unlikely to produce results in a timely manner or when the applicant shows that the circumstances are such that other potential sources of assistance are unavailable.

§ 11.5. Adjudication procedures.

(a) Applications for grants will be evaluated according to the eligibility requirements set forth at 51 Pa.C.S. § 7319 (relating to military family relief assistance) and evaluation criteria provided in this chapter, subject to the availability of funds and the exercise of the approval authority's discretion in evaluating the relative priority of requests if funds are not sufficient to satisfy all eligible requests.

(b) As required by 51 Pa.C.S. § 7319, applicants must demonstrate that they have a direct and immediate financial need for assistance as a result of circumstances beyond the control of and not as a result of misconduct by the service member.

(c) Grants may be awarded for purposes such as: food, rent, utilities, emergency transportation and vehicle repair, medical/dental expenses, short-term personal needs when pay is delayed or stolen, emergency home repairs necessary to maintain habitability of essential areas, as well as other emergency needs at the discretion of the approval authority.

(d) Grants may also be awarded if it is demonstrated that financial need is caused by one or more of the following:

(1) A sudden or unexpected loss of income, real or personal property, assets or support directly related to the military service of, or exigent circumstances affecting the service member.

(2) The need for travel, lodging and subsistence for which the applicant lacks financial resources as a result of:

(i) The death or critical illness of an eligible service member's parent or parent-in-law, spouse, sibling or sibling-in-law, or child.

(ii) The wounding of a service member in the line of duty sustained as a result of combat or attack resulting in an immediate need for funds for travel, lodging, subsistence or other activities directly related to the casualty. No more than two eligible relatives of an eligible service member may receive assistance for travel under the term "eligible relative of an eligible service member" as defined in § 11.3 (relating to definitions).

(e) A natural or manmade disaster or other exigent circumstances resulting in the deprivation of food, shelter, or other necessities of life.

(f) Emergency need for childcare for dependent children.

(g) It is recognized that neither 51 Pa.C.S. § 7319 nor this chapter can describe every possible scenario that might result in eligible service members or their relatives having an immediate and direct financial need as a result of circumstances beyond the control of and not as a result of misconduct by the service member. Applicants may qualify for grants when they demonstrate the existence of financial need related to military service coupled with exigent circumstances where the failure to obtain assistance will substantially deter the service member from meeting his or her military obligations. The following situations are examples:

(1) Failure to receive pay and allowances in a timely manner because of errors in military pay systems where circumstances exist precluding casual payment or advance payment.

(2) Loss of income as a result of permanent change of station or extended temporary duty causing member and family to move.

(3) Loss of employment of spouse due to member's service, extended temporary duty or deployment.

(4) Unusual health care costs incurred by the eligible service member or dependents which are not covered by TRICARE insurance or other government sources.

(5) The eligible service member or dependents are victims of crimes that result in loss of income, property or credit (for example, identity theft and the like).

(6) The special needs of an eligible service member or dependents result in a need for assistance that cannot be met as a result of the eligible service member's military service.

(7) The death of a relative of an eligible service member resulting in increased costs or sudden, unexpected loss of income or support.

(h) Examples of situations where assistance would be inappropriate include grants for any of the following:

(1) Pay for nonessential items or finance vacations.

(2) Pay fines or legal expenses in criminal matters.

(3) Assist with home purchase down payment or financing or home improvements (unless directly related to disability incurred during a qualifying period of military service).

(4) Pay bills incurred in purchase of nonessential items.

(i) The criteria that will be considered in determining whether to approve applications for assistance include, but are not limited to any of the following:

(1) Nature of assistance requested.

(2) Degree of financial hardship.

(3) Current family income.

(4) Current debts and obligations.

(5) Number of dependents.

(6) Connection between financial hardship and service member's active-duty status.

(7) The cause of the financial hardship and its relationship, if any, to the negligence or fault of the applicant in managing income and assets.

(8) Change in income (based on military active duty or military medical separation).

(9) Changes in employment and income status of dependents related to service member's active-duty status.

(10) Increased expenses due to service member's active duty.

(11) Military pay problems.

(12) Other issues of financial hardship related to service member's active duty.

(13) Bankruptcy filed or pending.

(14) Pending disciplinary action (service member only).

(15) Length of military duty.

(16) Other aid available or received, or both.

(17) Amounts and dates of any grants previously awarded to the applicant from this fund.

(j) *Limitations on grant approval.*

(1) Only one grant will be awarded to address a need arising out of the same event to either the eligible service member or the eligible relative of the eligible service member, but not to both.

(2) Where an applicant is eligible for both the program and VTA, the program application shall be pursued due to the higher potential amount of grant assistance. In no case will program assistance be granted concurrently with VTA to address a need arising out of the same event.

(3) In no case will assistance be approved for an applicant who is determined by the bureau to have concealed relevant information or supplied fraudulent information in a current or previous application.

(4) In no case will assistance be granted to an applicant who the bureau determines used a previous grant for unlawful, illegal, or unapproved purposes.

(i) Notification of determination. The bureau shall notify applicants of its determination in writing within 5 business days of the receipt of a fully developed application. An application is fully developed when all the information and supporting documentation needed for adjudication has been submitted or gathered.

(1) If the application is approved, the notification will include a check issued by the Commonwealth in the amount of the need for assistance. Checks shall be mailed to the address provided by the applicant on the application form.

(2) If the application is disapproved, the notification will clearly state the reasons for the disapproval and

inform the applicant of the appeal procedures specified in § 11.7 (relating to appeal procedures).

§ 11.6. Administration procedures.

(a) *Grant.*

(1) The maximum grant under this program is \$5,000 or the lesser amount determined by the Adjutant General based on the amount of money in the program special fund.

(2) No more than \$5,000 may be paid to an eligible service member or the eligible relatives of an eligible service member in any 12-month period. Eligibility derives from the eligibility of the service member. This limit means that the eligible service member and all eligible relatives of the eligible service member may not receive more than \$5,000 in total during any 12-month period.

(b) *Approval authority.* The following shall have authority to act on requests for assistance unless otherwise restricted by the Adjutant General:

(1) *Level 1.* Requests for grants of \$2,000 or less may be acted upon by the bureau's program Coordinator on initial application and VSO or VSO Supervisor on reconsideration.

(2) *Level 2.* Requests for grants beyond Level 1 approval authority, up to the maximum grant amount of \$5,000, must be reviewed by a subcommittee for application review described in paragraph 6(d)(2).

(c) *Fund committee.* The Adjutant General will appoint a program fund committee, which will assist in administering the Commonwealth's program. The fund committee may make recommendations to the Adjutant General for prioritization of payments if available funds are insufficient to address all the financial needs requested and recommend changes to this chapter.

(1) The fund committee shall be composed of:

(i) A chairperson, who shall be an officer serving in the grade of Colonel (O6) in the Pennsylvania Army or Air National Guard.

(ii) A vice chairperson, who shall be a non-commissioned officer serving in the grade of Command Sergeant Major or Chief Master Sergeant (E9) in the Pennsylvania Army or Air National Guard.

(iii) Three additional commissioned officers, all of whom shall be serving in the grade of Major or Lieutenant Commander (O4) or above, and at least one of whom shall be a member of a reserve component other than the Pennsylvania National Guard.

(iv) Two additional noncommissioned officers, all of whom shall be serving in the grade of E7 or above, and one of whom may be a member of reserve component other than the Pennsylvania National Guard.

(v) The Deputy Adjutant General for Veterans Affairs and the Deputy for Administration of the Department of Military and Veterans Affairs, or their designees.

(vi) The department's Office of Chief Counsel will provide legal advice and assistance to the fund committee in a non-voting capacity.

(2) At least three members of the fund committee will constitute a subcommittee for application review. The

membership of the subcommittee will rotate based on availability and to ensure that all fund committee members have an equal opportunity to review applications.

(3) Except for review of applications conducted by the subcommittee described in paragraph 6(b)(2), five members of the fund committee will constitute quorum for the conduct of business.

(4) The term of a member of the fund committee will extend from the date of appointment until December 31 of the following year, provided that members will continue to serve until a successor is appointed as long as the member remains eligible. The Adjutant General may extend or adjust the term of service to assure that all terms do not end simultaneously.

(d) *Reporting Requirements.*

(1) On or before July 31 of every year, the department shall submit a report to the Chairperson and Minority Chairperson of the Appropriations Committee of the Senate, the Chairperson and Minority Chairperson of the Appropriations Committee of the House of Representatives, the Chairperson and Minority Chairperson of the Veterans Affairs and Emergency Preparedness Committee of the Senate and the Chairperson and Minority Chairperson of the Veterans Affairs and Emergency Preparedness Committee of the House of Representatives detailing the program guidelines, the number of applicants, the total amount of money raised and distributed and the type of applicant need.

(2) The report shall also set forth any participation by a governmental or nongovernmental organization utilized in the furtherance of the program.

(e) *Safeguarding information.* Personal information obtained and maintained by the bureau in the administration of the program shall be safeguarded in accordance with the rules at 43 Pa. Code Chapter 1, Subchapter B (relating to safeguarding personal information obtained in the administration of veterans' programs) and current security management policy issued by the department and the Commonwealth.

§ 11.7. Appeal procedures.

(a) *Request for reconsideration.* An applicant may ask the bureau or the fund committee for review, as appropriate, to reconsider its determination within 30 days after the notification of determination by submitting a written request, together with a statement of reasons or additional information, to the bureau. After a determination is made on reconsideration, notification shall be sent to the applicant as specified in § 11.5(i) (relating to notification of determination).

(b) *Form and timeliness of appeal.* An applicant aggrieved by a determination on reconsideration may appeal to the Adjutant General in writing within 30 days after notification of the action on reconsideration. Appeals shall be in writing, shall state the reasons for the appeal and describe the requested relief.

(c) *Appeal review and determination.* In accordance with 51 Pa.C.S. § 7319(b)(4) (relating to military family relief assistance), the Adjutant General will issue the final administrative action of the department on appeals.

§ 11.8. Effective date.

This chapter shall take effect upon publication of notice in the *Pennsylvania Bulletin* and apply to all grant applications submitted on or after the effective date.

Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

STATE BOARD OF OPTOMETRY

[49 PA. CODE CH. 23]

Interpretation Relating to Sources of Continuing Education Hours—Statement of Policy

The State Board of Optometry (Board) adds § 23.301 (relating to interpretation relating to sources of continuing education hours—statement of policy) to read as set forth in Annex A. This statement of policy is intended to provide guidance to the regulated community regarding the meaning of the term “individual study” in § 23.86(g) (relating to sources of continuing education hours).

Effective Date

This statement of policy will be effective upon publication in the *Pennsylvania Bulletin*.

Statutory Authority

The amendments are authorized under the Optometric Practice and Licensure Act (act) (63 P.S. §§ 244.1—244.12). Under the authority of section 3(b)(12) of the act (63 P.S. § 244.3(b)(12)), the Board established regulations in §§ 23.81—23.89 (relating to continuing education) regarding acceptable continuing education. Section 102 of the Commonwealth Documents Law (45 P.S. § 1102) defines “statement of policy” as “any document, except an adjudication or a regulation, promulgated by an agency which sets forth substantive or procedural personal or property rights, privileges, immunities, duties, liabilities or obligations of the public or any part thereof, and includes, without limiting the generality of the foregoing, any document interpreting or implementing any act of Assembly enforced or administered by such agency.” Statements of policy that are general and permanent in nature are required to be codified in the *Pennsylvania Code* under 1 Pa. Code § 3.1 (relating to contents of Code).

As a requirement for optometry license renewal, under § 23.82 (relating to continuing education hour requirements; continuing education reporting; audit and enforcement), licensees must complete at least 30 hours of Board-approved continuing education in each biennial renewal period. This continuing education must be taken from a Board-approved optometry continuing education provider listed in § 23.86(a). Section 23.86(g) allows for up to 15 hours of the required 30 hours to be in individualized study programs. Taped study programs, online or webinar programs and journal courses are considered individual study programs. At a minimum, 50% of continuing education credits must be obtained from attendance at live, in person courses and programs. The Board has received inquiries regarding whether § 23.86(g) applies to “live virtual” courses and programs that are conducted through synchronous (real-time) audio

and video communications where the instructor and participant can interact in real-time.

Today’s current technology provides the ability to interact between the participant and the presenter and other attendees. When the regulations were originally written, live virtual courses and synchronous audio and video communications did not exist as the technology was not developed or available. When the Board recently amended the continuing education regulations at 51 Pa.B. 2633 (May 15, 2021), it recognized online courses but did not make the distinction between real-time (synchronous) education and online learning that does not include real-time interaction between the instructor and participants. The Board, therefore, clarifies in this statement of policy that live virtual courses and programs with real-time (synchronous) video and audio communication are considered by the Board as live, in person, continuing education.

Description of the Statement of Policy

This statement of policy clarifies that live virtual courses and programs that are conducted through synchronous (real-time) audio and video communications where the instructor and participant can interact in real-time is to be considered as “in person” for continuing education purposes. This means that live virtual courses and programs that are conducted through synchronous (real-time) audio and video are not considered “individual study” in § 23.86(g).

Fiscal Impact and Paperwork Requirements

This statement of policy will have no adverse fiscal impact on the Commonwealth or its political subdivisions and will impose no additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

Sunset Date

A sunset date is not being established for this statement of policy. Its need and efficacy will be periodically monitored by the Board.

Effective Date

This statement of policy will be effective upon publication in the *Pennsylvania Bulletin*.

Additional Information

Persons who require additional information about this statement of policy may submit inquiries to the Counsel, State Board of Optometry, P.O. Box 69523, Harrisburg, PA 17106-9523, (717) 783-7200 or RA-STRegulatoryCounsel@pa.gov.

Order

The Board, acting under the authority statutes, orders that:

(a) Chapter 23 of 49 Pa. Code is amended by adding a statement of policy in § 23.301 to read as set forth in Annex A.

(b) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(c) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

Annex A

TITLE 49. PROFESSIONAL AND VOCATIONAL
STANDARDS

PART I. DEPARTMENT OF STATE

Subpart A. PROFESSIONAL AND OCCUPATIONAL
AFFAIRSCHAPTER 23. STATE BOARD OF OPTOMETRY
INTERPRETATIONS

§ 23.301. Interpretation relating to sources of continuing education hours—statement of policy.

(a) *Purpose.* This statement of policy is intended to clarify to the regulated community the Board's current interpretation of "individual study" contained in § 23.86 (relating to sources of continuing education hours).

(b) *Background.* As a requirement for optometry license renewal, under § 23.82 (relating to continuing education hour requirements; continuing education reporting; audit and enforcement), licensees must complete at least 30 hours of Board approved continuing education in each biennial renewal period. This continuing education must

be taken from a Board-approved optometry continuing education provider listed in § 23.86(a). Section 23.86(g) allows for up to 15 hours of the required 30 hours to be individualized study programs. Taped study programs, online or webinar programs and journal courses are considered individual study programs. At a minimum, 50% of continuing education credits must be obtained from attendance at live, in person courses and programs. The Board has received inquiries regarding whether § 23.86(g) applies to "live virtual" courses and programs that are conducted through synchronous (real-time) audio and video communications where the instructor and participant can interact in real-time.

(c) *Interpretation.* For purposes of § 23.86(g), the Board interprets § 23.86(g) to exclude live virtual courses and programs that are conducted through synchronous (real-time) audio and video communications where the instructor and participant can interact in real-time. Stated differently, the Board considers live virtual courses and programs with real-time (synchronous) video and audio communication as live, in person, continuing education.

NOTICES

DELAWARE RIVER BASIN COMMISSION

Public Hearing and Business Meeting

The Delaware River Basin Commission (Commission) will hold a public hearing on Wednesday, November 8, 2023. A business meeting will be held the following month on Wednesday, December 6, 2023. Both the hearing and the business meeting are open to the public and both will be conducted remotely. Details about the remote platforms for the public hearing and the business meeting will be posted on the Commission's web site at www.drbc.gov, at least 10 days prior to the respective hearing and meeting dates. Both the public hearing and the business meeting will be streamed live on the Commission's YouTube channel.

Public hearing. The Commission will conduct the public hearing virtually on November 8, 2023, beginning at 1:30 p.m. Hearing items will include draft dockets for withdrawals, discharges and other projects that could have a substantial effect on the basin's water resources. A list of the projects scheduled for hearing, including project descriptions, along with links to draft dockets, will be posted on the Commission's web site at www.drbc.gov, in a long form of this notice at least 10 days before the hearing date.

Written comments on matters scheduled for hearing on November 8, 2023, will be accepted through 5 p.m. on Tuesday, November 14, 2023.

The public is advised to check the Commission's web site periodically during the 10 days prior to the hearing date, as items scheduled for hearing may be postponed if additional time is needed to complete the Commission's review. Items also may be added up to 10 days prior to the hearing date. In reviewing docket descriptions, the public is asked to be aware that the details of projects may change during the Commission's review, which is ongoing.

Business meeting. The business meeting on December 6, 2023, will begin at 10:30 a.m. and will include: adoption of the minutes of the Commission's September 7, 2023, business meeting; announcements of upcoming meetings and events; a report on hydrologic conditions; reports by the Executive Director and the Commission's General Counsel; and consideration of any items for which a hearing has been completed or is not required. The agenda is expected to include consideration of the draft dockets for withdrawals, discharges and other projects that are subjects of the public hearing on November 8, 2023.

After all scheduled business has been completed and as time allows, the business meeting will be followed by up to 1 hour of open public comment, an opportunity to address the Commission off the record on any topic concerning management of the Delaware River Basin's water resources outside the context of a duly noticed, on-the-record public hearing.

There will be no opportunity for additional public comment for the record at the December 6, 2023, business

meeting on items for which a hearing was completed on November 8, 2023, or a previous date. Commission consideration on December 6, 2023, of items for which the public hearing is closed may result in approval of the item (by docket or resolution) as proposed, approval with changes, denial or deferral. When the Commissioners defer an action, they may announce an additional period for written comment on the item, with or without an additional hearing date, or they may take additional time to consider the input they have already received without requesting further public input. Deferred items will be considered for action at a public meeting of the Commission on a future date.

Advance registration and sign-up for oral comment. Links for registration to attend the public hearing and the business meeting will be posted at www.drbc.gov at least 10 days before each meeting date. Registrants who wish to comment on the record during the public hearing on November 8, 2023, or to address the Commissioners informally during the open public comment session following the meeting on December 6, 2023, as time allows, will be asked to so indicate when registering. The Commission's public hearing, business meeting and open public comment session will also be livestreamed on YouTube at https://www.youtube.com/@DRBC_1961. For assistance contact Patricia Hausler at patricia.hausler@drbc.gov.

Addresses for written comment. Written comment on items scheduled for hearing may be made through the Commission's web-based comment system, a link to which is provided at www.drbc.gov. Use of the web-based system ensures that all submissions are captured in a single location and their receipt is acknowledged. Exceptions to the use of this system are available based on need, by writing to the attention of the Commission Secretary, Delaware River Basin Commission, P.O. Box 7360, 25 Cosey Road, West Trenton, NJ 08628-0360. For assistance contact Patricia Hausler at patricia.hausler@drbc.gov.

Accommodation for special needs. Closed captioning will be available on both webinar and livestream Internet platforms. Those with limited Internet access may listen and speak at virtual public meetings of the Commission using any of several toll-free phone numbers that will be provided to all virtual meeting registrants.

Other individuals in need of an accommodation as provided for in the Americans with Disabilities Act of 1990 who wish to attend the virtual meeting or hearing should contact the Commission Secretary directly at (609) 883-9500, Ext. 203 or through the Telecommunications Relay Services at 711, to discuss how the Commission can accommodate their needs.

Additional information and contacts. Additional public records relating to hearing items may be examined at the Commission's offices by appointment by contacting Donna Woolf at (609) 883-9500, Ext. 222. For other questions concerning hearing items, contact David Kovach, Project Review Section Manager, at (609) 883-9500, Ext. 264.

DEPARTMENT OF AGRICULTURE

Federal Specialty Crop Block Grant Program; 2024 Program Guidelines

The Department of Agriculture (Department) announces a competitive solicitation process to award Specialty Crop Block Grant Program-Farm Bill funds for projects that enhance the competitiveness of this Commonwealth's specialty crops. Specialty crops are defined as fruits, vegetables, tree nuts, dried fruits, horticulture and nursery crops, including floriculture. (For a full list of commonly considered specialty crops, see the United States Department of Agriculture's web site at www.ams.usda.gov/services/grants under the Specialty Crop Block Grant Program.)

1. Program objective.

The purpose of the Federal Specialty Crop Block Grant Program (Program) is to enhance the competitiveness of specialty crops by:

- (1) leveraging efforts to market and promote specialty crops;
- (2) assisting producers with research and development relevant to specialty crops;
- (3) expanding availability and access to specialty crops; and
- (4) addressing local, regional and National challenges confronting specialty crop producers.

2. Eligible applicants and projects.

(a) *Eligibility of applicants.* State and local organizations, producer associations, academia, community-based organizations and other eligible specialty crops stakeholders are eligible to apply for grants under the Program.

(b) Eligible projects.

(1) Grants may not be awarded to projects that directly benefit a particular commercial product or provide a profit to a single organization, institution or individual.

(2) Grants must be for projects that are focused on an eligible specialty crop.

(3) Projects must enhance the competitiveness of eligible specialty crops and benefit the eligible specialty crop industry as a whole and may include, but are not limited to, projects such as:

(i) Increasing child and adult nutrition knowledge and consumption of specialty crops.

(ii) Participation of industry representatives at meetings of international standard setting bodies in which the Federal government participates.

(iii) Improving efficiency and reducing costs of distribution systems.

(iv) Assisting all entities in the specialty crop distribution chains in developing good agricultural practices, including the use of cover crops for specialty crop production; good handling practices; good manufacturing practices; and in cost-share arrangements for funding audits of these systems for small farmers, packers and processors.

(v) Investing in specialty crop research, including the use of cover crops for specialty crop production, organic research to focus on conservation and environmental outcomes and enhancing food safety.

(vi) Developing new and improved seed varieties and specialty crops.

(vii) Pest and disease control.

(viii) Sustainability.

3. Definitions.

The following words and terms have the following meanings:

Department—The Department of Agriculture of the Commonwealth.

Eligible specialty crop—Fruits, vegetables, tree nuts, dried fruits and nursery crops (including floriculture). A complete list of eligible specialty crops can be found at www.ams.usda.gov/services/grants, Specialty Crop Block Grant Program, Specialty Crop Definition.

General evaluation criteria—The evaluation criteria established by the Department and utilized for the Federal Specialty Crop Block Grant Program.

Program—The Federal Specialty Crop Block Grant Program created by the Specialty Crops Competitiveness Act of 2004 (Public Law 108-465, 118 Stat. 3882).

Secretary—The Secretary of the Department.

4. Limitations on grants.

(a) *Project duration.* A project must have a start date of September 30, 2024, and a completion date of no later than September 29, 2027.

(b) *Reimbursement grants.* Grant funds will be awarded as reimbursement grants.

5. Funds-available basis.

Approximately \$1 million is available for grants under the Program. Grants will be awarded on a funds-available basis.

6. Applications.

(a) *Full proposal required.* The Department will accept proposals for eligible projects as part of a two-phase competitive process. Eligible applicants must submit a full proposal for a project which describes how the grant would be used to enhance the competitiveness of the subject eligible specialty crop through market development, technology, innovation, food safety, nutrition knowledge, sustainable practices or management, or both.

(b) *Electronic applications only.* Interested applicants must submit a complete electronic full proposal using the Department of Community and Economic Development's Electronic Single Application web site at www.esa.dced.state.pa.us.

(c) *Application window.* Completed full proposals may be electronically submitted beginning October 30, 2023. Full proposals must be received by no later than 5 p.m. on December 1, 2023.

7. Review of application.

The Secretary will review and evaluate the full proposal and supporting documentation and will consider the following factors, which are consistent with the general evaluation criteria of the Program, in deciding whether to approve or reject the full proposal:

(1) The full proposal involves a project for an eligible specialty crop as previously defined.

(2) The proposal states the specific issue, problem or need the project will address, the timeliness and relevance to the specialty crop industry, if it will provide a

direct benefit to the specialty crop industry, and if the approach is rational and sound

(3) The proposal will result in at least one of the seven outcomes as predetermined by the Program. Outcomes are measurable changes in behavior or conditions that reflect a positive impact to the specialty crop industry. Only one outcome indicator is required. Scoring will be based on the outcome selected and the project's likelihood of success and relevance to the specialty crop industry.

(4) The predetermined indicator (as described on the application form) listed under the outcome identified and the quantifiable results written for the indicator selected.

(5) How the data will be collected and how well the project will accomplish the outcome and indicator selected.

(6) The extent to which the budget is reasonable and consistent with the project's purpose, outcome and indicator.

(7) The extent to which the full proposal meets the requirements for an "eligible project" presented in section 2(b).

(8) Whether the subject specialty crop is not currently eligible for grant payments under the Program.

8. *Notice of disposition of application.*

The Department will e-mail written notice of the acceptance or rejection of a full proposal. This notice will be sent to the e-mail address provided by the applicant in the application. Applicants of successful full proposals will be invited to submit an application containing a final proposal for the Program. This application will be provided by the Department with instructions for submittal. Only those applicants notified by the Department will be eligible to submit a final proposal. The Department will evaluate all final proposals by applying the evaluation factors set forth in section 7.

9. *Grant agreement.*

After the Secretary approves a grant application, and as a precondition to the Department's release of grant moneys to a successful applicant, the Department and the applicant shall execute a written or electronic grant agreement which establishes the terms and conditions subject to which the grant is made. The grant agreement

will not be effective, and work should not begin, until all required signatures have been applied to the grant agreement. The grant agreement will contain and conform to the requirements of this notice and will also contain special terms and conditions as required by the Secretary. Among the terms of the grant agreement will be a requirement that the grant recipient provide the Department full and complete access to all records relating to the performance of the project and submit the information as the Department may require. Applicants who wish to view the full terms and conditions of the grant agreement in advance of submitting an application may contact the Department at the phone number or e-mail address set forth in section 11. Applicants who are unable to agree to the terms and conditions should not submit an application.

10. *Verification of project completion.*

(a) *General.* Within 30 days of completion of the subject project, the applicant shall provide the Department with proof of the completion of the project and eligibility to receive reimbursement grant funds from the Department.

(b) *Required documentation.* The proof described in subsection (a) shall consist of:

(1) copies of invoices for goods or services directly related to the project, along with the written certification of the president or treasurer of the applicant that the goods or services that are the subject of the invoices have been delivered or provided to the applicant; and

(2) a certificate of completion, signed by its president or treasurer, verifying completion of the subject project and stating that the grant funds will reimburse the applicant for a portion of the costs incurred by the applicant in completing the subject project.

11. *Questions and additional information.*

Questions regarding this Program, including the online application process, may be directed to Lauren Stackhouse, Bureau of Administrative Services, Department of Agriculture, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 614-5730, lastackhou@pa.gov.

DEPARTMENT OF ENVIRONMENTAL PROTECTION**Applications, Actions and Special Notices****APPLICATIONS****THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT****APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT**

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit www.dep.pa.gov and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

<i>Section</i>	<i>Category</i>
I	Individual and General WQM Permit Applications/NOIs Received, General NPDES Permit NOIs Received, and All Transfer and Minor Amendment Applications/NOIs Received
II	Individual NPDES Permits—New, Renewal, and Major Amendment Applications and Draft Permits for Discharges Relating to Sewage, Industrial Waste, Industrial Stormwater, MS4s, Pesticides and CAFOs
III	Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity

Section I identifies the following applications and NOIs that have been received by DEP:

- Individual and General WQM Permit Applications Received—DEP provides a 15-day public comment period for Individual WQM Permit Applications for new and reissued permits. There is no public comment period for General WQM Permit NOIs.
- General Chapter 92a NPDES Permit NOIs Received—There is no public comment period for General NPDES NOIs received.

- All Transfer and Minor Amendment Applications/NOIs Received—Transfer and Minor Amendment Applications/NOIs received for Individual and General WQM Permits and Individual and General NPDES Permits, excluding PAG-01 and PAG-02, are identified but do not have public comment periods. DEP provides a 15-day public comment period for Individual WQM Permit Applications for amendments.

Additional information on these applications and NOIs may be reviewed by generating the “Applications and NOIs without Comment Periods Report” or, for Individual WQM Permit Applications, the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice.

Section II identifies individual NPDES permit applications received and draft permits indicating DEP’s tentative determination relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications and draft permits, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of DEP for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP’s tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice. Notification of 15-day extensions for comment will be provided in the “Applications Received with Comment Periods Report” (Comments column).

Section III identifies individual NPDES permit applications received and draft permits indicating DEP’s tentative determination relating to stormwater discharges associated with construction activities. A 30-day public comment period applies to these applications and draft permits. The period for comment may be extended at the discretion of the Department for one additional 15-day period. Additional information may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice.

Applications, NOIs and draft permits, where applicable, may be reviewed at the DEP office that received the application or NOI. Members of the public are encouraged to use DEP’s website to obtain additional information as discussed previously.

Comments received within the appropriate comment periods for WQM and NPDES permit applications will be retained by DEP and considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform DEP of the exact basis of a comment and the relevant facts upon which it is based.

DEP office contact information to review applications and NOIs and to submit comments for those applications, when applicable, is as follows:

III. Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity.

Southeast Regional Office

Applicant: **Redevelopment Authority of the County of Bucks**

Applicant Address: 216 Pond Street, Bristol, PA 19007-4923

Application Number: **PAD090096**

Application Type: New

Municipality/County: Morrisville Borough, **Bucks County**

Project Site Name: 850 South Pennsylvania Avenue

Total Earth Disturbance Area (acres): 6.5 acres

Surface Waters Receiving Stormwater Discharges: Delaware River (WWF, MF)

Proposed Effluent Limitations: The draft permit requires implementation of an Erosion and Sediment Control (E&S) Plan and a Post-Construction Stormwater Management (PCSM) Plan and compliance with Federal technology-based effluent standards at 40 CFR Part 450.

Rate or Frequency of Discharge: Stormwater discharges during and following earth disturbance activities are precipitation-induced and will vary depending on factors such as the area of impervious surfaces, the size and placement of best management practices (BMPs) and the intensity of precipitation.

Project Description: Grading of an approximate 4-5-acre pad site for future development purposes (future improvements are yet to be developed/determined). The pad will be reclaimed and seeded with grass ground coverage. The existing site is undeveloped.

Special Conditions: N/A

PUBLIC WATER SUPPLY PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for Public Water Supply (PWS) permits to construct or substantially modify public water systems.

Individuals wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30-days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (DEP) the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, DEP will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available

for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notice(s) of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent (NOI) to Remediate. An acknowledgment of the receipt of a NOI to Remediate is used to identify a site where an individual proposes to, or has been required to, respond to a release of a regulated substance at a site. Individuals intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a NOI to Remediate with DEP. A NOI to Remediate filed with DEP provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. An individual who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by DEP. Furthermore, an individual shall not be subject to citizen suits or other contribution actions brought by responsible individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified individual, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Quin T, Primary Facility ID # **869966**, 140 East 16th St, Erie, PA 16503, City of Erie, **Erie County**. AMO Environmental Decisions, 875 N Eastern Rd, Suite 10, Doylestown, PA 18902 on behalf of Enterprise Development Center of Erie County, 1314 Griswold Plaza, Suite 100, Erie, PA 16501, submitted a Notice of Intent to Remediate. The subject site is a currently vacant, former paper and roofing products manufacturing facility that used asbestos in finished products. Manufacturing operations were active from approximately the mid-1880s until 2005/2006. Historically, the subject site contained a manufactured gas plant, numerous boilers, rail spurs, large (~10,000 gallon) aboveground storage tanks (ASTs), two 30,000 gallon fuel oil underground storage tanks (USTs) (Removed in 2023), more than 15 interconnected buildings, shipping/receiving facilities, and a bank of electrical transformers. An extensive fire destroyed much of the former structures and buildings on the subject site

in 2015 and a majority of those buildings were razed in 2016. In 2022 the final standing building, 4-story former manufacturing building, and 100-ft smoke stack were demolished. A Phase I ESA completed in 2021 identified numerous Recognized Environmental Conditions (RECs). Subsequently in 2022, a limited investigation was initiated to evaluate the accessible area in the vicinity of the former manufactured gas plant and USTs. Soil sample results identified concentrations of naphthalene, 2-methylnaphthalene and arsenic above the PADEP Residential Soil MSCs. Currently, former building slabs, subgrade basements, a paved parking area, building demolition debris (i.e., bricks), demolition debris from the demolished 100-ft brick smoke stack, and remnants of the former laboratory building are all that remain of the former facility. A Draft Phase II Environmental Site Assessment was completed on the site in September 2023 to evaluate the previously inaccessible RECs. Soil samples were collected for delineation of previous exceedances specifically arsenic, naphthalene, 2-methylnaphthalene, and 1, 1-biphenyl, assessment of previously inaccessible RECs, and post excavation samples after the removal of two 30,000 gallon heating oil USTs. The soils collected in the areas of the previously inaccessible RECs were analyzed for the Target Compound List (TCL) volatile organic compounds (VOCs), TCL semi-volatile organic compounds, RCRA 8 metals and polychlorinated biphenyls (PCBs). The soils collected for the evaluation of the USTs were analyzed for the PADEP Short List of No. 2. No. 4, and No. 6 Heating Oils. Soil impacts include concentrations of the following constituents of concern which exceed the PADEP Residential Direct Contact for Soils;

1, 1-Biphenyl, 2-Methylnaphthalene, Benzo(A)Anthracene, Benzo(A)Pyrene, Benzo(B)Fluoranthene, Chrysene, Dibenzo(A,H)Anthracene, Indeno(1,2,3-CD)Pyrene, Naphthalene, lead, chromium, and arsenic. 2-Methylnaphthalene was also found at concentrations in soils which exceed the PADEP Residential Non-Use Aquifer Soil-to-Groundwater MSC. Groundwater impacts were also identified including concentrations of chrysene above the PADEP Residential Non-Use Aquifer MSC. Additionally, the following constituents of concern were identified in soils that exceed the Residential Soil Vapor Screening Criteria; 1,1-Biphenyl, 2-Methylnaphthalene, Benzene, Ethylbenzene, Naphthalene, and Toluene. The planned reuse of the site is recreational fields. The Notice of Intent to Remediate was published in *Erie Times-News* on October 12, 2023. Application received: October 11, 2023.

Contact: Nick, 814-332-6978.

Erie Modern Industries, Primary Facility ID # **869965**, 601 W 12th St, Erie, PA 16501, City of Erie, **Erie County**. AMO Environmental Decisions, 875 N Eastern Rd, Suite 10, Doylestown, PA 18902 on behalf of Enterprise Development Center of Erie County, 1314 Griswold Plaza, Suite 100, Erie, PA 16501, submitted a Notice of Intent to Remediate. The subject site is a former iron foundry and manufacturing facility which also operated as an electronics parts facility until the early 2000. Active operations ceased in 2001. In 2021 a Phase I ESA was completed utilizing a US EPA Brownfields Assessment grant and identified numerous Recognized Environmental Conditions (RECs), including the presence of hundreds of 55-gallon drums and 250-gallon totes full of miscellaneous hazardous chemicals. The drums and totes were removed in 2022 and a limited Phase II ESA was completed. Demolition of the site was initiated and all buildings except for the eastern office building and former foundry were razed. Concurrently in 2023, the remainder

of the RECs identified in the 2021 Phase I ESA were investigated with site wide soil and groundwater sampling. Soil and groundwater samples were analyzed for Target Compound List (TCL) volatile organic compounds, TCL semi-volatile organic compounds, polychlorinated biphenyls (PCBs), and Resource Conservation and Recovery Act (RCRA) 8 metals. Soil results identified the following constituents of concern at concentrations above the; PADEP Nonresidential Direct Contact Soils MSC for benzo(b)fluoranthene, benzo(a)pyrene, benzo(a)anthracene and tetrachloroethene (PCE), the PADEP Non-Use Aquifer Nonresidential Soil-to-Groundwater MSCs: PCE, trichloroethene (TCE), and polychlorinated biphenyls (PCBs). Groundwater results identified TCE, PCE, and PCB concentrations exceeding the PADEP Non-Use Aquifer Groundwater MSC. The Notice of Intent to Remediate was published in *Erie Times-News* on October 12, 2023. Application received: October 11, 2023.

Dunkin Donuts, Primary Facility ID # **869674**, 500 East Main Street, Carnegie, PA 15106, Carnegie Borough, **Allegheny County**. RT Environmental Services, Inc., 2001 Waterdam Plaza Drive, Suite 205, Canonsburg, PA 15317 on behalf of Carnegie RE, LLC, 2071 Ardmore Boulevard, Pittsburgh, PA 15221, submitted a Notice of Intent to Remediate. The Site was historically utilized as a gasoline filling station (Gulf) from the late 1960s to 1970s, as a Mister Donut restaurant from the late 1970 to 2006, and then as a Wright Pontiac Car Dealership until approximately 2021. The Site was redeveloped with a Dunkin restaurant in 2022. Five gasoline underground storage tanks (USTs) and one waste oil UST were removed from the western portion of the Site in 1995. Environmental due diligence activities conducted in connection with the recent sale of the Site have identified the presence of residual impacts in soil and groundwater from the historic USTs. Site soil and groundwater is impacted with gasoline constituents, primarily benzene, ethylbenzene, naphthalene, 1,2,4-trimethylbenzene, and 1,3,5-trimethylbenzene. Additionally, light nonaqueous phase liquid (LNAPL), or petroleum product, has been identified in one onsite monitoring well. It has been confirmed that impacted groundwater is not migrating offsite. The Site has been redeveloped for a Dunkin Donuts, which will be the future commercial use. The Notice of Intent to Remediate was published in *Pittsburgh Post-Gazette* on September 14, 2023. Application received: September 25, 2023.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit

number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PLAN APPROVALS

Notice of Intent to Issue Plan Approval(s) and Notice of Intent to Issue or Amend Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These Actions May Include the Administrative Amendments of an Associated Operating Permit.

25-00383B: Erie Hard Chrome, Inc., 1570 East 12th Street, Erie, PA 16511, City of Erie, **Erie County**. Application received: November 14, 2022. 25-00383B: Erie Hard Chrome, Inc. (Erie Hard Chrome, 1570 East 12th Street, Erie, PA 16511). The Department of Environmental Protection intends to issue a plan approval to Erie Hard Chrome, Inc. to provide authorization for the construction and initial operation of replacement plating processes and control devices at their facility in the City of Erie, Erie County (site address: 1570 East 12th Street, Erie, PA 16511). This project aims to reduce emissions and replace equipment with equipment constructed from more chemically resistant material. Chrome electroplating tanks (Chrome Electroplating Sources 101—103), ducting, chrome electroplating scrubbers (C101—103), and the electroless nickel scrubber (C104) will all be replaced. This will be a natural minor facility upon completion of the project. Public notice is obligatory for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. The Plan Approval will contain testing, recordkeeping, emission restriction, report-

ing, and work practice requirements designed to keep the facility operating within all applicable air quality requirements. Emissions at the facility will be reduced as a result of this project. Operation of the replacement tanks will result in less than 6 pounds per year of chromium emissions. Potential emissions from the replacement electroless nickel scrubber will remain restricted to 0.04 gr/dscf. In accordance with 25 Pa. Code § 127.44(f)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP at (814) 332-6940. In accordance with 25 Pa. Code § 127.44(f)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address and telephone number of the person submitting the comments, identification of the proposed plan approval [25-00383B: Erie Hard Chrome] and a concise statement regarding the relevancy of the information or objections to the issuance of the permit. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. In accordance with 25 Pa. Code § 127.45, a person may oppose the proposed plan approval by filing a written protest with the Department's Northwest Region. Written comments or requests for a public hearing should be directed to Eric A. Gustafson, 230 Chestnut St., Meadville, PA 16335; Phone (814) 332-6819.

09-00019, Naceville Materials d/b/a Miller Materials, 887 Mill Creek Rd, Rushland, PA 18956, Wrightstown Township, **Bucks County**. Application received: July 15, 2022. This action is for the renewal of a Synthetic Minor Operating Permit for a batch hot mix asphalt (HMA)

plant and a reclaimed asphalt pavement (RAP) plant. The Synthetic Minor Operating Permit was last renewed on January 26, 2018. The potential to emit for nitrogen oxides (NO_x) and volatile organic compounds (VOCs) from the facility both exceed 25 tons per year; however, the permittee has elected to restrict the HMA production for the batch HMA plant such that the NO_x and VOC emissions from the facility each will not exceed 24.9 tons per year. Per this permit renewal, the stone crushing plant has been removed from the site. This includes Source IDs 110—115 and C03—C07. The Synthetic Minor Operating Permit will continue to include monitoring, recordkeeping, and operating conditions designed to keep the facility operating within the allowable emissions and all applicable air quality requirements.

65-00932, C-K Composites Co. LLC, 361 Bridgeport Road, Mount Pleasant, PA 15666, Mount Pleasant Township, **Westmoreland County**. Application received: April 5, 2023. In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) gives notice that they intend to issue a Synthetic Minor State Only Operating Permit (SOOP) renewal to C-K Composites to authorize the continued operation of their filament-wound plastic tubes, cast and molded epoxy resin and laminated densified resin-impregnated wood manufacturing facility located in Mount Pleasant Township, Westmoreland County. The activities include preparation of rough wood and plastic parts, wood impregnation and lamination, filament winding, cast resin molding and surface coating. The company is proposing Federally enforceable limits on phenolic resin usage in the Wood Impregnation/Lamination operation and on hours of operation for the Spray Booth, to result in a maximum VOC emission level below 50 tpy (49.77 tpy). Other facility-wide estimated potential emissions of 1.74 tpy NO_x, 2.63 tpy CO, 0.02 tpy SO_x, 0.13 tpy PM₁₀, and 8.30 tpy HAPs. The proposed SOOP contains emission restriction, testing, monitoring, recordkeeping, reporting and work practice standards derived from the applicable requirements of 25 Pa. Code Article III, Chapters 121—145. A person may oppose the proposed State Only Operating Permit by filing a written protest with the Department through Noor Nahar via mail to Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed State Only Operating Permit (65-00932) and a concise statement of the objections to the Operating Permit issuance and the relevant facts upon which the objections are based. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> or by contacting Tom Joseph, Facilities Permitting Chief, directly. All comments must be received prior to the close of business 30 days after the date of this publication.

65-00322, PIAD Precision Casting Corp., 112 Industrial Park Rd., Greensburg, PA 15601, Hempfield Township, **Westmoreland County**. Application received: De-

ember 8, 2022. In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department is providing notice that it intends to issue a renewal natural minor State Only Operating Permit (SOOP) for the operation of PIAD Precision Casting Corp.'s Hempfield Township Plant in Greensburg, Westmoreland County. Equipment at this facility includes three (3) Electric Induction Furnaces controlled by a Torit Cartridge Filter Collector, twenty-four (24) Electric Resistance Furnaces controlled by a Torit Cartridge Filter Collector, twenty-four (24) Mold Quench Tanks controlled by a Torit Cartridge Filter Collector, a Kohler emergency generator engine rated at 107 Bhp, an alcohol tank, and miscellaneous grinding and cutting operations which exhaust into indoor baghouses. Potential emissions from this facility are estimated to be 0.45 ton per year (tpy) NO_x, 0.76 tpy CO, 1.25 tpy PM, 1.25 tpy PM₁₀, 0.95 tpy SO₂, 13.15 tpy VOC, and 22 tpy CO_{2e}. The facility is subject to the applicable requirements of 25 Pa. Code Article III, Chapters 121—145. The proposed operating permit includes emissions limitations, monitoring, work practice standards, reporting, and recordkeeping requirements for the facility. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> Any person may submit comments, a request for the Department to hold a public hearing, or a protest to the proposed operating permit or a condition thereof by submitting the information to Nick Waryanka, P.E., Air Quality Engineer, at the Southwest Regional Office. A 30-day comment period from the date of publication of this notice will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (specify Operating Permit 65-00322) and concise statements regarding the relevancy of the information in the proposed permit or objections to issuance of the permit. A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The applicant, the protestant, and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department determines such notification by telephone is sufficient.

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); the Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal

Control Act (52 P.S. §§ 30.51—30.66); the Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21).

Mining activity permits issued in response to such applications are also subject to applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (DEP). A copy of the application is available for inspection at the District Mining Office indicated above each application. Requests for 401 Water Quality Certifications are included in individual application only if noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or Local Government Agency or Authority to DEP at the address of the District Mining Office indicated above each application within 30-days of this publication, or within 30-days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences). Such comments or objections should contain the name, address and phone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform DEP on the basis of comment or objection and relevant facts upon which it is based.

In addition, requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 (relating to public hearing-informal conferences) or § 86.34 (relating to informal conferences), must also contain a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application is associated with an application for an NPDES permit. A separate notice will be provided for the draft NPDES permit.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Coal Applications

Effluent Limits—The following range of effluent limits (Table 1) will apply to NPDES permits issued in conjunction with the associated coal mining activity permit. Additional effluent limits will be listed as part of the publication of the draft NPDES permit.

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l

Table 1

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.

Revision application to update water handling plan and add a new NPDES point to an existing bituminous surface mine and existing NPDES permit, affecting 260.6 acres. Receiving stream: Unnamed tributary to Little Deer Creek, classified for the following use: TSF. Application received: October 12, 2023.

Noncoal Applications

Effluent Limits—The following Table 2 effluent limits apply to NPDES permits issued in conjunction with a noncoal mining permit. Additional effluent limits will be listed as part of the publication of the draft NPDES permit.

Table 2

Parameter	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity must always exceed acidity.			
pH must always be greater than 6.0; less than 9.0.

Mining Permit No. 08230801. GP-104 NPDES No. PAM223008. Perkins Stone, LLC, 791 E. Cook Road, Rome, PA 18837, Warren Township, **Bradford County**. New permit application for a small noncoal (industrial minerals) operation affecting 5 acres. The surface mining operation proposes to conduct blasting. Receiving stream(s): UNT to Prince Hollow Run classified for the following use(s): CWF, MF. Application received: October 6, 2023. Accepted: October 10, 2023.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (DEP). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301–303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311–1313, 1316 and 1317), as well as relevant State requirements. Individuals objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30-days of the date of this notice, as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The DEP may schedule a fact-finding hearing or an informal conference in response to comments if deemed necessary. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8:00 a.m. and 4:00 p.m. on each working day at the office noted above the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

The applicant is proposing to create a commercial development on a vacant lot at the intersection of Midway Drive and Shaffer Road in DuBois. The lot contains a 0.13-acre palustrine emergent wetland. Upgradient stormwater runoff from other commercial developments is a significant source of hydrology for the wetland. The wetland is within the Sandy Lick Creek watershed (TSF, MF). The applicant proposes to permanently fill the wetland and mitigate for the impact by purchasing credits from the in-lieu fee program. The wetland is not classified as exceptional value, there are no streams or floodways on the property, and no threatened or endangered species are known to exist within the project area. ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department of Environmental Protection (DEP) has taken the following actions on previously received applications for new, amended, and renewed National Pollutant Discharge Elimination System (NPDES) and Water Quality Management (WQM) permits, applications for permit waivers, and Notice of Intent (NOIs) for coverage under General Permits, as listed in the following tables. This notice of final action is published in accordance with 25 Pa. Code Chapters 91, 92a, and 102 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). The official file for each listed action can be reviewed at the DEP or delegated County Conservation District (CCD) office identified in the table for the action. DEP/CCD office contact information is listed as follows for Section I and is contained within the table for Section II. Additional information for permits issued under 25 Pa. Code Chapters 91 and 92a and Individual permits under 25 Pa. Code Chapter 102, including links to Individual Chapter 92a NPDES and WQM Permits, may be reviewed by generating the “Final Actions Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice.

DEP office contact information to review official files relating to the final actions in Section I is as follows:

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law).

The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law. For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. Important legal rights are at stake, however, so individuals should contact a lawyer at once.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

For actions taken on applications for pipelines that are regulated by the Federal Energy Regulatory Commission (FERC).

Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. §§ 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. STATE CONSERVATION COMMISSION
NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR
NPDES PERMITS FOR CAFOs

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704 to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at 717-787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information.

Plan Description:

Act 537 Sewage Facilities Plan Special Study—Renovo Wastewater Treatment Plant Upgrades, APS # 1085822. The submitted plan calls for the Western Clinton County Municipal Authority to replace its existing wastewater treatment plant within the footprint of the existing wastewater treatment plant, and to provide upgrades to three pump stations. The proposed new wastewater treatment plant will be a Continuous Loop Reactor Oxidation Ditch and the pump station upgrades will be nonearth disturbing, in that they will involve pump changes and other miscellaneous improvements. All work is being completed to replace outdated and deteriorating sewerage facilities.

BIOSOLIDS INDIVIDUAL PERMITS (PABIG, SSN AND PABIS)

The Department of Environmental Protection has taken the following actions on the previously received individual permit applications for the land application of treated sewage sludge (biosolids).

Any person aggrieved by these actions may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Environmental Hearing Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge this action, the appeal must reach the board within 30-days. A lawyer is not needed to file an appeal.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free

pro bono representation. Call the Secretary to the Board 717-787-3483 for more information.

Hazardous Sites Clean-Up under the Act of October 18, 1988 Public Notice of Proposed Consent Order and Agreement Under HSCA/CERCLA.

Algonquin Chemical Company Site, Hamburg Borough and Windsor Township, **Berks County**. The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (HSCA), 35 P.S. §§ 6020.101, et seq., has entered into a proposed Consent Order and Agreement (CO&A) with J-Mar Land Holdings LLC (Purchaser) with regard to the Algonquin Chemical Company Site (Site) located in Hamburg Borough and Windsor Township, Berks County.

The Purchaser intends to purchase real property comprising of approximately 4.94 acres parcel (Berks Parcel No. 46449413234871), located at 1100 South 4th Street, Hamburg, PA 19526 (the Property) that is a part of the Site. Starting in the 1970s until it abandoned the Site in 1991, the Algonquin Chemical Company operated a facility at the Site that manufactured solvents, degreasers, lubricants, oils and soaps that were marketed for agricultural, industrial, commercial and consumer uses. Windsor Industries, Inc. (Windsor Industries) purchased the Property at Sherriff's Sale in 1993. Starting in 2001, the Property was leased to Mark Rioux LLC, an affiliate of the Purchaser that is in the business of refurbishing, recycling, and reselling wood cargo pallets. Purchaser intends to continue to lease the Property to Mark Rioux LLC following the conclusion of the sale.

Starting in 2000, the Department conducted site characterization studies at the Site and at the Property. Various metals and volatile organic compounds (VOC), including but not limited to: dichloroethene, trichloroethene (TCE), vinyl chloride, ethylbenzene, xylene, toluene, phenanthrene, tetrachloroethylene (PCE), trichloroethane, dichloroethane, methylene chloride, antimony, nickel, lead, zinc, and arsenic, associated with Algonquin Chemical's past operations were present in the soil and/or groundwater at the Property and at the Site in excess of various State cleanup levels. The past and present conditions at the Site constitute a "release" and "threatened release" of hazardous substances as defined in HSCA. In 2002, the Department selected an interim response of removal and disposal of certain contaminated soils from the Site and the Property to remove a direct contact pathway, and in-situ treatment of groundwater at the Site. The excavation and removal of the contaminated soil completed in 2003. The Department continues to monitor and treat groundwater at the Site.

Outside of its affiliate relationship with Mark Rioux LLC, Purchaser represents that it has had no involvement with the Property other than as a prospective purchaser performing due diligence at the Property. The Department has no information that the Purchaser ever contributed to the contamination at the Site, or has ever been or is presently affiliated with Windsor Industries, the current owner of the Property

Under the terms and conditions of the CO&A, the Department, and the Purchaser covenant not to sue the

other for response costs arising from the release or threatened release of hazardous substances at the Site.

This notice is provided pursuant to Section 1113 of HSCA, 35 P.S. § 6020.1113, which states that, "settlement shall become final upon the filing of the Department's response to significant written comments." The Department has reserved the right to withdraw its consent to the CO&A if comments submitted during the public comment period disclose facts or considerations which indicate, in the Department's discretion, that the CO&A is inappropriate or not in the public interest. A person adversely affected by the settlement may file an appeal with the Pennsylvania Environmental Hearing Board. A public comment period on the CO&A will extend for a period of 60 days from the date of this notice. Persons may submit written comments regarding the agreement by mail to Ross McMann, Geoscientist, Department of Environmental Protection, 909 Elmerton Avenue, Harrisburg, PA 17110 or by email to rmcmann@pa.gov. Further information or a copy of the CO&A can be obtained by contacting Ross McMann at rmcmann@pa.gov or 717-705-4856 or Mr. Dennis Yuen at dyuen@pa.gov or 717-783-0367.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

15-0054D: Highway Materials/Malvern Plant, 680 N Morehall Rd, Malvern, PA 19355-1415, Bristol Township, **Bucks County**. This plan approval revises the mass emission limits and emission factors of the hot mix batch asphalt plant (Source 101) when firing natural gas or propane fuels at their existing facility. The revisions will be based on the results of the stack test conducted on the asphalt plant on August 9, 2022. The plan approval will also convert previously established short-term mass emission limits of the asphalt plant when firing liquid fuels from pound per ton values to pound per hour values. There are no proposed changes or modifications to the asphalt plant or its control devices. Stack testing shall be conducted on a recurring basis, once every five (5) years. The facility shall continue to comply with all other requirements of their State Only Operating Permit 15-00054 and shall retain a synthetic minor status by limiting facility-wide emissions to below major source thresholds. The plan approval will include monitoring, recordkeeping, and reporting requirements designed to address all applicable air quality requirements. Application received: June 19, 2023. 24-00123: Greentree Landfill LLC, 635 Toby Rd, Kersey, PA 15846-1033, Fox Township, **Elk County**. The

Department issued a renewal of the Title V Operating Permit to the facility. Greentree's facility is an active municipal solid waste (MSW) landfill. Sources of air emissions at the facility include the landfill, the wastewater treatment plant, a tipper engine, tire shredder, emergency generators and a degreaser unit. The landfill gas (LFG) generated is collected by an active LFG collection system and destroyed by an enclosed flare or processed by a third-party LFG treatment facility whose off-gas is also directed to the enclosed flare. With a design capacity greater than 2.5 million megagrams or 2.5 million cubic meters, the facility is subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapter G because of rulemaking. The facility is subject to National Emission Standards for Hazardous Air Pollutants (NESHAP) for MSW landfills (40 CFR 63 Subpart AAAA). The New Source Performance Standards (NSPS) for MSW landfills (40 CFR 60 Subpart WWW) have been replaced by 40 CFR 62 Subpart OOO, which is the Federal Plan which implements 60 Subpart Cf. The emergency generators and the engine for the tire shredder are subject to 40 CFR Part 63, Subpart ZZZZ. The facility is not subject to the RACT requirements because it is a minor source of VOC and NO_x. The potential-to-emit of the facility through 2027 for SO_x is 97.93 TPY. The facility has taken an elective emission restriction to operate the gas treatment plant for a minimum of 25% of the time to provide a reasonable assurance with the SO_x limit. Actual emissions reported for 2022 were: 6.77 TPY CO, 8.21 TPY NO_x, 31.31 TPY PM₁₀, 6.87 TPY PM_{2.5}, 5.90 TPY SO_x, and 7.89 TPY VOC. Application received: July 17, 2020. 25-00924: Erie Forge & Steel/Erie Plant, 1341 W 16th St, Erie, PA 16502, City of Erie, **Erie County**. The Department issued the renewal of the State-Only Operating Permit of a facility, located in the City of Erie, Erie County, that supplies propulsion components for aircraft carriers, destroyers, submarines, and support ships. Permitted air contaminant-emitting sources at the facility are heat treat furnaces, a paint booth, an emergency generator, and cleaning/wiping operations. With overall PTEs of 67.04, 56.06, 12.39, 5.09, and 0.40 TPY for NO_x, CO, VOC, PM, and SO_x, respectively, the facility is Natural Minor for permitting purposes. In this renewal, requirements were incorporated for the facility's natural gas-fired emergency generator. These requirements include 25 Pa. Code §§ 123.13 and 123.21, which restrict particulate matter and sulfur oxide emissions, respectively. The emergency generator is not subject to 40 CFR Part 63 Subpart 4J or 4Z, based on installation

and manufacture dates. Application received: April 27, 2022. Issued: September 26, 2023.

25-00269: American Tinning & Galvanizing Co., 552 W 12th St., Erie, PA 16501, City of Erie, **Erie County**. The Department issued the renewal of the State-Only Operating Permit to a plating and galvanizing facility located in the City of Erie, Erie County. Sources at the facility include: the anodizing, barrel plating, rack plating, and galvanizing departments; two small natural gas-fueled boilers; a curing oven; and a primer tank. The four departments, each consisting of several tanks, are subject to requirements previously established through Plan Approval 25-269A. Several tanks in the anodizing, barrel plating, and rack plating departments must comply with 40 CFR 63 Subpart WWWWWW pertaining to National Emission Standards for Hazardous Air Pollutants: Area Source Standards for Plating and Polishing Operations. The tank performing chromium anodizing in the anodizing department must comply with 40 CFR 63 Subpart N, which pertains to National Emission Standards for Chromium Emissions from Hard and Decorative Chromium Electroplating and Chromium Anodizing Tanks. In this renewal, some ministerial updates are applied to 40 CFR 63 Subparts WWWWWW and N. A natural gas-fired curing oven is incorporated into this renewal permit, subject to emission restrictions of 25 Pa. Code §§ 123.13 and 123.21. The facility opts to comply with 25 Pa. Code § 129.52 (Surface coating processes) for its primer tank in this renewal. To qualify for this section, the primer tank is subject to an elective 2.7 tons per 12-month rolling period VOC restriction. Application received: May 18, 2022. Issued: October 5, 2023.

10-00298: Luxfer Magtech Inc. Saxonburg Plant, 955 Saxonburg Blvd., Saxonburg, PA 16056-2317, Saxonburg Borough, **Butler County**. The Department issued the renewal of the Natural Minor Permit of a magnesium-lime powder manufacturing facility. The permitted sources at the facility include grinding, mixing, loading, an emergency generator, and parts washer. Three sources previously permitted (108, 109, and 113) are also removed from the Operating Permit. The facility shall be required to submit a plan approval application within 60 days of issuance of the permit renewal for control of particulate matter from Source 114, unless the Department approves an alternative scheduled for submittal. Application received: March 29, 2022. Renewal issued: October 3, 2023.

43-00339: Supreme Mfg, Inc., 327 Billy Boyd Rd., Stoneboro, PA 16153-1701, New Vernon Township, **Mercer County**. The Department issued a renewal State Only Natural Minor Operating Permit for the manufacturing facility. The facility's primary emission sources include blasting, coating, machining, and welding operations. The potential emissions of the primary pollutants from the facility are as follows: 8.83 TPY VOC, 2.79 TPY NO_x, 0.38 TPY CO, 0.45 TPY PM₁₀, 0.22 TPY Mn, and 4.52 TPY combined HAPs, with the rest of the primary pollutants being less than 1 TPY; thus, the facility is a natural minor. The facility must comply with 25 Pa. Code §§ 129.52 or 129.52d for control of VOC emissions from the paint booth. The other sources are subject to 40 CFR 63 Subpart XXXXXX, NESHAP for Metal Fabrication. The renewal permit contains emission restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and

the Air Pollution Control Act. Application received: September 30, 2022. Renewal issued: October 10, 2023.

62-00148: Elkhorn Gas Processing LLC/Roystone, 4613 E 91st St, Tulsa, OK 74137-2852, Sheffield Township, **Warren County.** The Department issued a renewal State Only Natural Minor Operating Permit for the natural gas processing station. The facility's primary emission sources include: a hot oil heater, two (2) existing lean-burn natural gas-fired compressor engines, an emergency generator engine, a glycol natural gas dehydrator and its associated reboiler, five (5) 30,000-gallon storage tanks, a 6,000-gallon vapor recovery tank, two 100-barrel waste oil tanks, and facility fugitives. Actual 2022 emissions of the primary pollutants from the facility are as follows: 1.449 tons PM₁₀, 12.352 tons NO_x, 0.035 ton SO_x, 11.346 tons CO, 25.06 tons VOC, and 0.13 ton xylenes. The compressor engines are subject to 40 CFR Part 63, Subpart ZZZZ, NESHAP for stationary RICE, the triethylene glycol dehydrator is subject to 40 CFR 63, Subpart HH, NESHAP for natural gas production facilities, and the facility is subject to 40 CFR Part 60, Subpart KKK, NSPS for equipment leaks of VOC. Fugitive emission sources are subject to the newly promulgated regulations of 25 Pa. Code §§ 129.131—129.140, Control of VOC Emissions from Conventional Oil and Natural Gas Sources. The permit contains emission restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act. FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (DEP) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, DEP has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA

(33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Individuals aggrieved by these actions may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Environmental Hearing Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If you want to challenge this action, your appeal must reach the Board within 30-days. You do not need a lawyer to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so you should show this notice to a lawyer at once. If you cannot afford a lawyer, you may qualify for free pro bono representation. Call the Secretary to the Board 717-787-3483 for more information.

This project proposes to remediate a highwall adjacent to the Baby Bear Well Pad to a 2:1 slope and reinstall well pad drains at the well pad. The site consists of an access road, well pad and two wet ponds that treat stormwater runoff. Since the construction of the original Baby Bear Well Site a small palustrine emergent wetland (PEM), identified as Wetland 1, has developed on-site. Wetland 1 developed as a result of the construction of the Baby Bear well pad. Seeps from the adjacent highwall and a favorable geographic position at the toe of the highwall slope allow for water to pool at this location. Additionally, well pad drains that facilitate pad drainage have malfunctioned and no longer redirect flow away from the pad area, resulting in the development of Wetland 1. The remediation of the highwall and reestablishment of pad drains will result in the elimination of wetland 1. This permit will result in permanent fill of one (1) PEM wetland for a total of 0.197 acre of direct and permanent wetland impacts. The permanent impacts will be mitigated by the purchase of 0.20 acre of Wetland mitigation bank credits from the Laurel Hill Creek Mitigation Bank.

PREAMBLE 2

The Following Plan(s) and Report(s) Were Submitted Under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245, Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PREAMBLE 3

Action(s) Taken on the Following Plans and Reports Under the Storage Tank and Spill Prevention Act (35 P.S. §§ 6021.101—6021.2104).

Provisions of 25 Pa. Code Chapter 245, Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports.

A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Availability of Grants through the Abandoned Mine Land and Abandoned Mine Draining Grant Program

The Department of Environmental Protection's (Department) Bureau of Abandoned Mine Reclamation invites interested parties to apply for an Abandoned Mine Land (AML) and Abandoned Mine Draining (AMD) Grant Program (Program) opportunity.

Applicants must meet certain eligibility requirements (for example, an applicant must be an authority, an incorporated nonprofit organization, a political subdivision or conservation district) as noted in the Program guidance. Proposals must support the mission of the Department's AML and AMD Programs to restore AML and remediate AMD affecting this Commonwealth.

The Program guidance and application instructions are available online through the Department's web site at www.dep.pa.gov (select the "Grants" icon and look for "AML/AMD Grant Program" under the "Nonprofit Organizations" heading) or by contacting Program staff at RA-EPAMGrantProgram@pa.gov.

Applications must be submitted online through the Commonwealth's Electronic Single Application web site at www.esa.dced.state.pa.us/Login.aspx. Hard copy applications will not be accepted. The Department will accept applications during the following application rounds:

Application Round 1—February 19, 2024, through 11:59 p.m. on April 5, 2024

Application Round 2—June 3, 2024, through 11:59 p.m. on July 19, 2024

Application Round 3—September 23, 2024, through 11:59 p.m. on November 8, 2024

For more information regarding the Program, contact the Department of Environmental Protection, Bureau of Abandoned Mine Reclamation, P.O. Box 69205, Harrisburg, PA 17106-9205 or RA-EPAMGrantProgram@pa.gov. Information is also available on the Department's web site at www.dep.pa.gov/AML.

Draft 2024 Integrated Water Quality Monitoring and Assessment Report; Available for Public Comment

The Department of Environmental Protection (Department) is providing, for public comment, its draft 2024 Integrated Water Quality Monitoring and Assessment Report (Integrated Report). The Integrated Report includes both a narrative description of the Commonwealth's water quality status and management programs (formerly the Federal Clean Water Act section 305(b) Report) and waterbody-specific lists depicting the status of Common-

wealth surface waters as required by section 303(d) of the Federal Clean Water Act (33 U.S.C. § 1313(d)).

Section 303(d) of the Federal Clean Water Act and 40 CFR Part 130 (relating to water quality planning and management) require states to identify waters which do not meet applicable water quality standards, even after the appropriate pollution control technology has been applied to point sources and required best management practices are in place for nonpoint sources. The Integrated Report establishes five categories for listing waterbodies. Waterbodies that do not meet water quality standards and require a Total Maximum Daily Load (TMDL) are placed on Category 5 of the Integrated Report waterbody list.

In addition to comments of a general nature on the Integrated Report, the Department is seeking comment on the waters listed as high priorities for TMDL development and the waters selected to be restored through Advanced Restoration Plans (Category 5r). The draft 2024 Integrated Report continues the digital and fully interactive format and will be accessible beginning Saturday, October 28, 2023, through the Department's eComment web site at www.ahs.dep.pa.gov/eComment.

The Department invites public comments on the draft 2024 Integrated Report and will accept comments through Monday, December 11, 2023. Comments, including comments submitted by electronic mail, must include the originator's name and address. Commentators are urged to submit comments using the Department's online eComment system at www.ahs.dep.pa.gov/eComment. Written comments can also be submitted by e-mail to ecomment@pa.gov or by mail to the Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063. Comments submitted by facsimile will not be accepted.

Persons in need of accommodations as provided for in the Americans with Disabilities Act of 1990 should contact the Water Quality Division at (717) 787-9637 or through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TTD) to discuss how the Department may accommodate their needs.

Planning Grant Award under Section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act, Act 101 of 1988

The Department of Environmental Protection announces the following grant to Clearfield County under section 901 of the Municipal Waste Planning, Recycling and Waste Reduction Act (Act 101) (53 P.S. § 4000.901) and section 208 of the Small Business and Household Pollution Prevention Program Act (35 P.S. § 6029.208).

Planning grants are awarded to counties for 80% of approved costs for preparing municipal waste management plans, as required by Act 101, for carrying out related studies, surveys, investigations, inquiries, research and analysis, including those related to siting, environmental mediation, education programs on pollution prevention and household hazardous waste (HHW) and providing technical assistance to small businesses for pollution prevention. Grants may be awarded for feasibility studies and project development for municipal waste processing or disposal facilities, except for facilities for the combustion of municipal waste that are not proposed to be operated for the recovery of energy. Grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101 (53 P.S. §§ 4000.701 and 4000.702) and the availability of funds in the Recycling Fund.

Inquiries regarding the grant offering can be directed to Mark Vottero, Department of Environmental Protection, Bureau of Waste Management, Division of Waste Minimization and Planning, Rachel Carson State Office Building, P.O. Box 8472, Harrisburg, PA 17105-8472, at mvottero@pa.gov or (717) 772-5719.

Establishment of Minimum Standard Requirements for Sexual Assault Evidence Collection

Section 3 of the Sexual Assault Testing and Evidence Collection Act (act) (35 P.S. § 10172.3) establishes a Statewide sexual assault evidence collection program to be administered by the Department of Health (Department). Under this program, the Department is to consult with the Pennsylvania Coalition Against Rape (PCAR) and the State Police to develop and review on a scheduled basis, the minimum standard requirements for all rape kits used in hospitals and health care facilities in this Commonwealth, to test and approve commercially available rape kits for use in this Commonwealth and to establish a program to train appropriate personnel in the correct use and application of rape kits.

Under the act, the Department, in consultation with PCAR and the State Police, established a Sexual Assault Evidence Collection Committee (Committee). The Committee includes representatives of the Department, PCAR, the State Police, forensic nurse examiners, members of sexual assault response teams and law enforcement.

In accordance with the act, the Committee met on September 18, 2023, and formulated minimum standard requirements for sexual assault evidence collection in this Commonwealth. The minimum standard requirements established by the Committee should be observed by all health care facilities and child advocacy centers in this Commonwealth, and these facilities and centers should meet or exceed those minimum standard requirements.

Under 28 Pa. Code § 117.52(a)(1) (relating to minimum requirements for sexual assault emergency services), all hospitals providing sexual assault emergency services under 28 Pa. Code §§ 117.51—117.58 (relating to sexual assault victim emergency services) "shall utilize a rape kit that complies with the minimum standard requirements developed by the Department or that is otherwise approved by the Department under the [act]." Accordingly, this publication shall serve as notice to those hospitals of the minimum standard requirements developed by the Committee and approved by the Department under the act.

As of October 1, 2023, the following minimum standard requirements for sexual assault evidence collection are in effect:

Minimum Standard Requirements Sexual Assault Evidence Collection Kit Contents

- Step 1. Consent for Collection and Release of Evidence and Information Form
- Step 2. Clothing and Underpants Collection
- Step 3. Oral Assault Collection Samples
- Step 4. Miscellaneous Collection (Debris, Dried Secretions, Tampon/Sanitary Napkin)
- Step 5. Fingernail Swabbings
- Step 6. External Genitalia Collection Sample
- Step 7. Vaginal Contact/Penetration Collection Samples
- Step 8. Perianal/Anal Contact/Penetration Collection Samples
- Step 9. Reference Sample Buccal Swab Collection (for DNA Analysis)
- Step 10. Transfer of Evidence Form

Persons who require more information regarding these requirements may contact Beth Zakutney, Sexual Violence Prevention and Education Program Administrator, (717) 547-3234, bzakutney@pa.gov.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotope, Braille) should contact Garrison E. Gladfelter, Jr., Department of Health, Division of Acute and Ambulatory Care, Room 532, Health and Welfare Building, 625 Forster Street, Harrisburg, PA 17120-0701, (717) 783-8980, or for speech and/or hearing-impaired persons, call the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

GAME COMMISSION

Chronic Wasting Disease—Establishment of CWD Containment Zone Permit—Order # 2

Executive Order

Whereas, Chronic Wasting Disease (CWD) is an infectious and progressive neurological disease that is found in, and always proves fatal to, members of the family Cervidae (deer, elk or moose, and other susceptible species, collectively called cervids); and

Whereas, There are no known treatments for CWD infection, no vaccines to protect against CWD infection, and no approved tests that can detect the presence of CWD in live cervids; and

Whereas, CWD has been designated a “dangerous transmissible disease” of animals by order of the Secretary of Agriculture under the provisions of the Domestic Animal Law (3 Pa.C.S. §§ 2301 et seq.) at 3 Pa.C.S. § 2321(d); and

Whereas, CWD is known to be transmissible from infected to uninfected cervids by contact with or ingestion of CWD-infected or contaminated cervid parts or materials; and

Whereas, CWD is of particular concern to the Commonwealth of Pennsylvania because it has the potential to have a detrimental impact on both Pennsylvania’s wild and captive cervid populations; and

Whereas, CWD has been detected in both Pennsylvania’s wild and captive cervid populations; and

Whereas, The Game and Wildlife Code (Code) (34 Pa.C.S. §§ 101 et seq.) and regulations promulgated thereunder (58 Pa. Code §§ 131.1 et seq.) collectively provide broad authority to the Pennsylvania Game Commission (Commission) to regulate activities relating to the protection, preservation, and management of game and wildlife, including cervids; and

Whereas, 58 Pa. Code § 137.34 provides specific emergency authority to the Executive Director of the Commission to take actions to mitigate risk factors and to determine the prevalence and geographic distribution of CWD, including the authority to designate Disease Management Areas (DMAs) and also allow the taking of cervids without regard to established seasons and bag limits and methods of take; and

Whereas, A previous executive order concerning the establishment of the CWD containment zone permit program was issued by the Commission on November 4, 2020; and

Whereas, The Commission has determined that it is necessary reauthorize this program to facilitate an increase in the harvest of white-tailed deer within areas designated as CWD Containment Zones in an effort to reduce risk of further disease transmission within same.

Now Therefore, I, BRYAN BURHANS, Executive Director of the Pennsylvania Game Commission, pursuant to the authority vested in me by the Code and regulations promulgated thereunder, do hereby order and direct the following:

1. *Definitions*. The following words and terms, when used under this Order, have the following meanings, unless the context clearly indicates otherwise:

Antlered deer—Notwithstanding the definition in 58 Pa. Code § 131.2, any antlered deer located within a

CWD Containment Zone and harvested under a CWD Containment Zone Permit that has two or more points to one antler or one antler 3 inches or more in length.

CWD Containment Zone—Any area within a CWD Disease Management Area (DMA) within the Commonwealth that has been designated by the Commission to receive focused management strategies to prevent the establishment and further spread of CWD on the landscape and that is located within an area encompassing an approximate 1-mile radius centered on a known positive CWD detection in a wild cervid.

2. *General*: This Order does hereby reinstate and implement the CWD Containment Zone Permit Program. This program will make permits available to eligible individuals to authorize increased harvest of antlered and antlerless deer in areas designated as CWD Containment Zones during open white-tailed deer seasons outside of and in addition to standard antlered and antlerless deer license allocations and bag limits. Applicants will be eligible to obtain up to one (1) antlered and unlimited antlerless Containment Zone permits. Notwithstanding the applicable standard open white-tailed deer seasons applicable to other Wildlife Management Units (WMUs) as set forth in 58 Pa. Code § 139.4, areas designated as CWD Containment Zones will be subject to the broader open seasons established for WMUs 2B, 5C, and 5D.

3. *Eligibility*: Resident and non-resident individuals that have previously acquired a valid general hunting license for the applicable hunting license year are eligible to make application for CWD Containment Zone Permit(s).

4. *Application*: Applicants shall contact the Commission using the phone number(s) or email address(es) designated to receive applications for CWD Containment Zone Permits. The Commission will process valid applications in the order in which they are received and thereafter mail successful applicants their permit, harvest ear tag, and related instructional literature.

a. *Required Information*: Applicants shall provide the Commission with required application information, including the following:

i. The name, CID number, address, phone number and email address of the applicant;

ii. The unit number for each CWD Containment Zone the applicant is requesting permit(s) for;

iii. The name and address of each landowner within the requested zone(s) from whom the applicant has received permission to hunt; and

iv. The type and number of permit(s) (i.e., antlered and/or antlerless) the applicant is requesting.

b. *Cost*: CWD Containment Zone Permits will be made available to eligible applicants at no cost.

5. *Permit Usage*: CWD Containment Zone Permits may be used to harvest deer during any open hunting season for white-tailed deer (including antlered only or antlerless only deer seasons) within the applicable CWD Containment Zone listed on the permit. Permits must be signed, produced and possessed by the Permittee with all other licensing documentation anytime the Permittee is exercising the permit’s privileges. CWD Containment Zone Permits and their harvest tags are nontransferable and may not be possessed in the field by anyone other than the permittee whose name is represented on the permit or harvest tag. Immediately after harvest, before moving the carcass, the Permittee shall complete the CWD Contain-

ment Zone Permit Deer Harvest Ear Tag associated with the permit and then attach the ear tag only to the ear of the carcass.

6. *Reporting:* Positive or negative reporting, whichever is applicable, is required for each CWD Containment Zone Permit issued. Permittees shall report all successful harvests within ten (10) days after the harvest. Permittees shall report all negative harvests within ten (10) days after the close of the final white-tailed deer season applicable to the CWD Containment Zone listed on the permit. All reports shall be made in accordance with the instructions provided with the permit. Failure to report as required is a violation of this Order and may result in criminal prosecution and/or render the Permittee ineligible to make application for this program the following license/permit year, should it be extended.

7. Permittees exercising any privilege granted by a CWD Containment Zone Permit shall comply with all applicable arms, ammunition, methods of take, protective material (fluorescent orange) and any special licensing requirements pertaining to the open white-tailed deer hunting season then in effect within each applicable Wildlife Management Unit.

8. The requirements and restrictions of this Order are to be construed as separate from and in addition to any previous or future Executive Orders concerning the importation of high risk cervid parts from areas outside of this Commonwealth or response to CWD within the Commonwealth.

9. This Order shall not be construed in any manner to limit the Commission's authority to establish additional importation, exportation, possession, transportation or testing requirements on cervid parts or materials.

10. The previous executive order concerning the establishment of the CWD containment zone permit program that was issued by the Commission on November 4, 2020, and published in the *Pennsylvania Bulletin* on November 21, 2020, at 50 Pa.B. 6747, is hereby rescinded in its entirety and replaced by this Order.

11. This Order is effective immediately and shall remain in effect until rescinded or modified by subsequent order.

Given under my hand and seal of the Pennsylvania Game Commission on this 12th day of October, 2023.

Executive Director

Chronic Wasting Disease—Removal of Protection Order # 2

Executive Order

Whereas, Chronic Wasting Disease (CWD) is an infectious and progressive neurological disease that is found

in, and always proves fatal to, members of the family Cervidae (deer, elk or moose, and other susceptible species, collectively called cervids); and

Whereas, There are no known treatments for CWD infection, no vaccines to protect against CWD infection, and no approved tests that can detect the presence of CWD in live cervids; and

Whereas, CWD is designated as a “dangerous transmissible disease” of animals by order of the Secretary of Agriculture under 3 Pa.C.S. § 2321(d) (relating to dangerous transmissible diseases); and

Whereas, In January 2023, the Pennsylvania Game Commission (Commission) detected CWD in an adult, free-ranging white-tailed deer (deer) killed by motor vehicle collision in Upper Paxton Twp., Dauphin Co., Wildlife Management Unit (WMU) 4E; and

Whereas, In May 2023, the Commission detected CWD in a juvenile deer killed by motor vehicle collision in Jackson Twp., Dauphin Co., WMU 4C; and

Whereas, The Commission determined these new CWD detections to be on the leading edge of the disease's progression east across the Commonwealth in free-ranging, wild deer; and

Whereas, On June 22, 2023, the Commission created CWD Disease Management Area (DMA) # 8 in the broader area surrounding the new positive CWD detections (See formal publication of this order at 53 Pa.B. 3793); and

Whereas, In accordance with its CWD Response Plan, the Commission also created enhanced surveillance units (ESUs) in the areas of the new positive CWD detections; and

Whereas, One of the primary CWD Response Plan goals applicable to the area located within an established ESU is to increase sampling and limit CWD sample prevalence, both of which are accomplished through increased hunter harvest of deer; and

Whereas, The Commission also created CWD Deer Management Assistance Program (DMAP) Unit 6396 in the area surrounding both new positive CWD detections to increase hunter harvest of deer; and

Whereas, 58 Pa. Code § 147.675 (relating to validity of permit) limits the validity of DMAP harvest permits to valid open seasons established in 58 Pa. Code § 139.4 (relating to seasons and bag limits for the license year) for hunting antlered or antlerless deer; and

Whereas, 58 Pa. Code § 139.4 limits the validity of antlered and antlerless deer licenses to valid open seasons established for hunting antlered or antlerless deer within applicable wildlife management units; and

Whereas, The Commission was unable plan for increased hunter harvest within the WMUs 4C and 4E when it set the 2023/2024 seasons and bag limits and related antlerless deer license allocations because of the timing of its receipt and related consideration of the testing results; and

Whereas, 58 Pa. Code § 139.4 currently defines the established deer seasons and bag limits for deer in WMUs 4C and 4E as follows:

WHITE-TAILED DEER

<i>Species</i>	<i>First Day</i>		<i>Last Day</i>	<i>Season Limit</i>
<i>Deer, Archery (Antlered and Antlerless)</i> ^{2, 5} With the required archery license WMUs 1A, 1B, 2A, 2C, 2D, 2E, 2F, 2G, 3A, 3B, 3C, 3D, 4A, 4B, 4C, 4D, 4E, 5A and 5B	Sept. 30 Sun. ³ , Nov. 12 Nov. 13 Dec. 26	and and and	Nov. 11 Sun. ³ , Nov. 12 Nov. 17 Jan. 15, 2024	One antlered deer, and an antlerless deer with each required antlerless license.
<i>Deer, Muzzleloading (Antlerless only)</i> ¹ With the required muzzleloading license	Oct. 14		Oct. 21	An antlerless deer with each required antlerless license.
<i>Deer, Special firearms (Antlerless only)</i> Only Junior and Senior License Holders ⁶ Mentored Permit Holders ⁹ , Commission Disabled Person Permit Holders (to use a vehicle as a blind), and Residents serving on active duty in the United States Armed Forces or United States Coast Guard	Oct. 19		Oct. 21	An antlerless deer with each required antlerless license.
<i>Deer, Regular Firearms (Antlered and Antlerless)</i> ^{2, 5} Statewide	Nov. 25 Sun. ³ , Nov. 26 Nov. 27	and and	Nov. 25 Sun. ³ , Nov. 26 Dec. 9	One antlered deer, and an antlerless deer with each required antlerless license.
<i>Deer, Flintlock (Antlered or Antlerless)</i> ^{1, 5} With the required muzzleloading license WMUs 1A, 1B, 2A, 2C, 2D, 2E, 2F, 2G, 3A, 3B, 3C, 3D, 4A, 4B, 4C, 4D, 4E, 5A and 5B	Dec. 26		Jan. 15, 2024	One antlered or one antlerless deer, plus an additional antlerless deer with each required antlerless license.

Whereas, The Game and Wildlife Code (Code) (34 Pa.C.S. §§ 101 et seq.) and regulations promulgated thereunder (58 Pa. Code §§ 131.1 et seq.) collectively provide broad authority to the Commission to regulate activities relating to the protection, preservation, and management of game and wildlife, including deer; and

Whereas, 58 Pa. Code § 137.34(a) (relating to wildlife disease and emergency authority of Director) provides the Executive Director with emergency authority to take actions to mitigate risk factors and to determine the prevalence and geographic distribution of wildlife diseases, if the Director concludes that the introduction or spread of wildlife diseases poses a threat to human, domestic and wild animal, and environmental health and safety within or adjacent to this Commonwealth; and

Whereas, 58 Pa. Code § 137.34(a)(2) provides the Executive Director with emergency authority to allow the taking of wildlife without regard to established seasons and bag limits and methods of take within any area designated as a disease management area; and

Whereas, A previous executive order concerning the removal of protection from antlered and antlerless deer within the area designated as CWD DMAP Unit 6396 was issued by the Commission on September 21, 2023; and

Whereas, The Commission has determined that further limited removal of protection for white-tailed deer within CWD DMAP Unit 6396 is necessary to further expand hunter opportunity and increase hunter harvest of deer in this designated area; and

Now Therefore, I, BRYAN J. BURHANS, Executive Director of the Pennsylvania Game Commission, pursuant to the authority vested in me by the Code and regulations promulgated thereunder, do hereby order and direct the following:

1. Protection is removed from antlered and antlerless deer within the area designated as CWD DMAP Unit 6396 insofar as it allows harvest of antlered and antlerless deer within the following expanded timeframes (Cf. 58 Pa. Code 139.4):

WHITE-TAILED DEER

<i>Species</i>	<i>First Day</i>		<i>Last Day</i>	<i>Season Limit</i>
<i>Deer, Flintlock (Antlered or Antlerless)</i> ^{1, 5} With the required muzzleloading license	Dec. 26		Jan. 27, 2024	One antlered or one antlerless deer, plus an additional antlerless deer with each required antlerless license.
<i>Deer, Archery (Antlered and Antlerless)</i> ^{2, 5} With the required archery license	Dec. 26		Jan. 27, 2024	One antlered deer, and an antlerless deer with each required antlerless license.
<i>Deer, Extended Regular Firearms (Antlerless)</i> ¹	Dec. 26		Jan. 27, 2024	An antlerless deer with each required antlerless license.

2. *DMAP Unit 6396*: This unit is designated as set forth in the written description below and as is more graphically illustrated in the map titled “CWD DMAP Unit 6396” attached hereto and incorporated by reference herein. Should any conflict exist between the below-listed written boundary and maps of CWD DMAP Unit 6396, the written description shall prevail.

Located in Dauphin and Northumberland counties, and bounded and described as follows: Beginning in the Southwestern extent of the unit at the intersection of Mountain Road (State Highway 325) and US Highway 22, proceed north on US Highway 22 for approximately 2 miles to the point it meets the east shore of the Susquehanna River. Follow the Susquehanna River north for approximately 18.9 miles to the mouth of the Mahantango Creek. Follow Mahantango Creek east for approximately 0.22 mile to State Highway 147. Continue north on State Highway 147 for approximately 2.4 miles to the intersection of Mountain Road. Turn right on Mountain Road and continue for approximately 5.5 miles to the intersection of State Highway 225. Follow State Highway 225 south for approximately 5.5 miles to the intersection of State Highway 25 in Berrysburg. Continue east on State Highway 25 for approximately 17.4 miles to the intersection of State Highway 125 in Hegins. Follow State Highway 125 south for approximately 2.5 miles then continue straight onto Main Street for 2.2 miles to the intersection of US Highway 209. Follow US Highway 209 west for approximately 13.4 miles to the intersection of Mar-

ket Street in Lykens. Proceed 0.2 mile then turn left onto Glen Park Road. Follow Glen Park Road for 1.9 miles then continue onto Powells Valley Road for 6.3 miles. Turn left onto White Oak Road for 0.5 mile then turn right onto Back Road for 0.6 mile. Turn left onto Carsonville Road for 2.6 miles to intersection of State Highway 325 (Clarks Valley Road). Follow State Highway 325 for 14.5 miles to US Highway 22 to the place of beginning.

4. It is specifically intended that both CWD DMAP Unit 6396 harvest permits and any geographically applicable antlered and antlerless deer licenses be valid for the harvest of deer within the area designated as CWD DMAP Unit 6396 during the above expanded season timeframes.

5. The previous executive order concerning the removal of protection from antlered and antlerless deer within the area designated as CWD DMAP Unit 6396 that was issued by the Commission on September 21, 2023, and published in the *Pennsylvania Bulletin* on October 7, 2023, at 53 Pa.B. 6315, is hereby rescinded in its entirety and replaced by this Order.

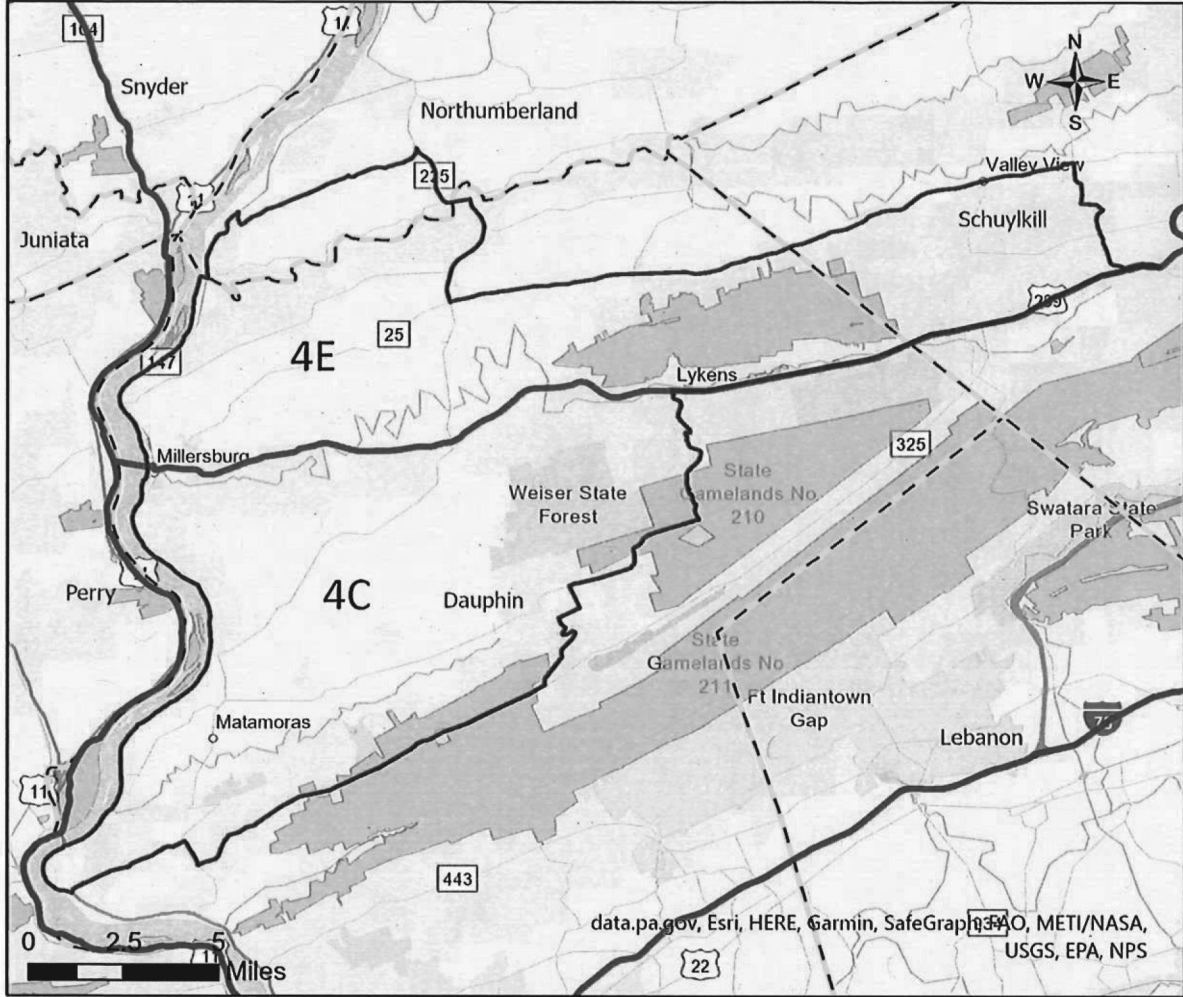

6. This Order is effective immediately and shall remain in effect until June 30, 2024 unless otherwise rescinded or modified by subsequent order.

Given under my hand and seal of the Pennsylvania Game Commission on this 12th day of October, 2023.

STATE CONSERVATION COMMISSION

Action on Odor Management Plans for Concentrated Animal Operations and Concentrated Animal Feeding Operations and Volunteers Complying with the Commonwealth’s Facility Odor Management Program

The State Conservation Commission has taken the following actions on previously received applications for Odor Management Plans under 3 Pa.C.S. §§ 501—522 (relating to nutrient management and odor management).

Persons aggrieved by any action may appeal under 3 Pa.C.S. § 517 (relating to appealable actions), section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania Hamilton Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, so individuals interested in challenging this action should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.
