READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 225—RULES OF EVIDENCE

[225 PA. CODE ART. I AND VII—IV]

Proposed Changes Corresponding to Recent Amendments to the Federal Rules of Evidence

Introduction

The Committee on Rules of Evidence is planning to recommend that the Supreme Court of Pennsylvania amend Rules of Evidence 103, 701, 803, and 902, and approve the revision of the *Comment* to Rule of Evidence 404. These changes are being proposed to update the Pennsylvania Rules of Evidence in view of the recent changes to the Federal Rules of Evidence. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

The following explanatory *Report* highlights the Committee's considerations in formulating this proposal. Please note that the Committee's *Reports* should not be confused with the official Committee *Comments* to the rules. Also note that the Supreme Court does not adopt the Committee's *Comments* or the contents of the explanatory *Reports*.

The text of the proposed rule changes precedes the *Report*. Additions are shown in bold and are underlined, and deletions are in bold and brackets.

We request that interested persons submit suggestions, comments, or objections concerning this proposal to the Committee through counsel, Richard L. Kearns, Staff Counsel, Supreme Court of Pennsylvania, Committee on Rules of Evidence, 5035 Ritter Road Suite 800, Mechanicsburg, PA 17055.

no later than Wednesday, February 14, 2001.

By the Committee on Rules of Evidence

CHARLES B. GIBBONS,
Chair

Annex A

TITLE 225. EVIDENCE

ARTICLE I. GENERAL PROVISIONS

Rule 103. Rulings on Evidence

(a) *Effect of Erroneous Ruling.* Error may not be predicated upon a ruling [**which**] that admits or excludes evidence unless

* * * * *

Once the court makes a definitive ruling on the record admitting or excluding evidence, either at or before trial, a party need not renew an objection or offer of proof to preserve a claim of error for appeal.

* * * * *

Comment

Paragraph 103(a) differs from F.R.E. 103(a) in that the Federal [**Rule**] rule says, "Error may not be predicated upon a ruling which admits or excludes evidence unless a

substantial right of the party is affected, and" (emphasis added). The italicized words have been deleted because they are inconsistent with **prior** Pennsylvania **case** law in criminal cases. In criminal cases, the accused is entitled to relief for an erroneous ruling unless the court is convinced beyond a reasonable doubt that the error is harmless. See *Commonwealth v. Story*, 476 Pa. 391, 383 A.2d 155 (1978). Civil cases are governed by Pa.R.C.P. 126 which permits the court to disregard an erroneous ruling "which does not affect the substantial rights of the parties." Pa.R.E. 103(a) does not change the existing rule.

Paragraphs [**103**] (a)(1) and (a)(2) are consistent with **prior** Pennsylvania **case** law. See *Dilliaine v. Lehigh Valley Trust Co.*, [**457 Pa. 255,**] 322 A.2d 114 (Pa. 1974); *Commonwealth v. Clair*, [**458 Pa. 418,**] 326 A.2d 272 (Pa. 1974). Paragraphs [**103**] (a)(1) and (a)(2) are similar to F.R.E. 103(a)(1) and (a)(2). The term "motion in limine" has been added and the last three words have been changed. Motions in limine permit the trial court to make rulings on evidence prior to trial or at trial but before the evidence is offered. Such motions can expedite the trial and assist in producing just determinations. A ruling on a motion in limine on the record is sufficient to preserve the issue for appeal, without renewal of the objection or offer at trial. The change in language is intended to make clear that the requirement that offers of proof be made is applicable to testimonial and other types of evidence.

Pa.R.E. 103(a) was amended in 2001 by adding the second paragraph. The amendment, which is identical to the amendment to F.R.E. 103(a) that became effective December 1, 2000, is consistent with prior Pennsylvania case law. See *Bell v. City of Philadelphia*, 491 A.2d 1396 (Pa. Super 1985). It is also consistent with the second paragraph of this Comment.

Paragraphs [**103**] (b) and (c) are identical to F.R.E. 103(b) and (c) and are consistent with Pennsylvania practice.

F.R.E. 103(d) permits a court to grant relief for "plain errors affecting substantial rights although they were not brought to the attention of the court." This paragraph has been deleted because it is inconsistent with paragraphs (a)(1) and (a)(2) and with **prior** Pennsylvania **case** law as established in *Dilliaine and Clair*. [**In some capital cases, the Supreme Court has relaxed traditional waiver concepts. See *Commonwealth v. Zettlemoyer*, 500 Pa. 16, 454 A.2d 937 (1982).**]

Official Note: Adopted May 8, 1998, effective October 1, 1998; amended , 2001; effective , 2001.

Committee Explanatory Reports:

Report explaining the proposed amendments published at 31 Pa.B. 408 (January 20, 2001).

ARTICLE N. RELEVANCY AND ITS LIMITS

Rule 404. Character Evidence not Admissible to Prove Conduct; Exceptions; Other Crimes.

(a) *Character Evidence Generally.* Evidence of a person's character or a trait of character is not admissible for

the purpose of proving action in conformity therewith on a particular occasion, except as follows:

* * * * *

(3) *Character of [witness] Witness.* * * *

(b) *Other Crimes, Wrongs, or Acts.*

* * * * *

(2) Evidence of other crimes, wrongs, or acts may be admitted for other purposes, such as proof of motive, opportunity, intent, preparation, plan, knowledge, identity, or absence of mistake or accident.

* * * * *

Comment

The basic principle of Pa.R.E. 404 is consistent with F.R.E. 404 and prior Pennsylvania case law. Pa.R.E. 404, with certain enumerated exceptions, provides that character evidence cannot be used to prove conduct. Under this rule, evidence that an employee had a character trait of absent-mindedness would not be admissible to prove that on a particular occasion he or she failed to fasten the safety latch on a piece of equipment. The rule does not preclude the use of character evidence for other purposes, including where character is an element of a claim or defense. See, e.g., *Dempsey v. Walso Bureau, Inc.*, 431 Pa. 562, 246 A.2d 418 (1968)(negligent employment); *Commonwealth ex rel. Grimes v. Grimes*, 281 Pa. Super. 484, 422 A.2d 572 (1980)(parental fitness).

The exceptions to the [Rule] rule differ from F.R.E. 404 as indicated below.

Subsection (a). Subsection (a) of the rule differs from F.R.E. 404(a).

Paragraph (a)(1) has not been amended to conform with the December 1, 2000 amendments to F.R.E. 404(a)(1), which provide that the prosecution may respond to the accused's offer of evidence of the character of the alleged victim of a crime by offering evidence of the same trait of character of the defendant, because this is not consistent with present Pennsylvania law.

Subsection (a)(2) is consistent with prior Pennsylvania case law. See, e.g., *Commonwealth v. Dillon*, [528 Pa. 417,] 598 A.2d 963 (Pa. 1991); *Commonwealth v. Amos*, [445 Pa. 297,] 284 A.2d 748 (Pa. 1971); see also Pa.R.E. 405 (regarding means of proof of the complainant's character for violence).

The exception provided at Pa.R.E. 404(a)(2)(iii) does not appear in the Federal rule. It is consistent with Pennsylvania decisional law. See *Bell v. Philadelphia*, [341 Pa. Super. 534,] 491 A.2d 1386 (Pa. Super. 1985).

Subsection (b). This [rule] paragraph is similar to F.R.E. 404(b) in recognizing legitimate evidentiary purposes for the introduction of evidence of other crimes, wrongs, or bad acts. Unlike the Federal rule, however, Pennsylvania law provides a distinct standard for balancing the inherent prejudice of such evidence against its probative value. Under federal law, if evidence of other crimes, wrongs, or bad acts is offered for a legitimate evidentiary purpose, the evidence is admissible if it meets the general standard of F.R.E. 403. F.R.E. 403 provides that relevant evidence is admissible unless its probative value is substantially outweighed by prejudicial danger.

Under Pennsylvania law, evidence of other crimes, wrongs, or bad acts offered for a legitimate evidentiary purpose is admissible only if its probative value outweighs the potential for prejudice. See *Commonwealth v. Morris*, [493 Pa. 164,] 425 A.2d 715 (Pa. 1981). Pa.R.E. 404(b)(3) codifies Pennsylvania decisional law and is an exception to the general rule defined by Pa.R.E. 403.

Official Note: Adopted May 8, 1998, effective October 1, 1998; Comment revised , 2001; effective , 2001.

Committee Explanatory Reports:

Report explaining the proposed Comment revision published at 31 Pa.B. 408 (January 20, 2001).

ARTICLE VII. OPINIONS AND EXPERT TESTIMONY

Rule 701. Opinion Testimony by Lay Witnesses.

If the witness is not testifying as an expert, the witness' testimony in the form of opinions or inferences is limited to those opinions or inferences which are rationally based on the perception of the witness, [and] helpful to a clear understanding of the witness' testimony or the determination of a fact in issue, and not based on scientific, technical, or other specialized knowledge within the scope of Rule 702.

Comment

* * * * *

F.R.E. 701 was amended, effective December 1, 2000, to clarify that testimony based on scientific, technical, or specialized knowledge is governed by F.R.E. 702, and not F.R.E. 701. The 2001 amendment to Pa.R.E. 701 is likewise aimed at clarifying that testimony based on scientific, technical, and specialized knowledge is governed by Pa.R.E. 702.

Pa.R.E. 701 is consistent with prior Pennsylvania case law. See *Lewis v. Mellor*, [259 Pa. Super. 509,] 393 A.2d 941 (Pa. Super. 1978)(adopting F.R.E. 701). Under Lewis, lay opinion may embrace the ultimate issue. See Pa.R.E. 704. The trial judge may exclude the opinion if the trial judge decides that it would not be helpful, or would confuse, mislead, or prejudice the jury, or would waste time. Lewis, [259 Pa. Super. at 523,] 393 A.2d at 949.

Official Note: Adopted May 8, 1998, effective October 1, 1998; amended , 2001; effective , 2001.

Committee Explanatory Reports:

Report explaining the proposed amendments published at 31 Pa.B. 408 (January 20, 2001).

ARTICLE VIII. HEARSAY

Rule 803. Hearsay Exceptions; Availability of Declarant Immaterial.

The following statements, as hereinafter defined, are not excluded by the hearsay rule, even though the declarant is available as a witness:

* * * * *

(6) *Records of Regularly Conducted Activity.* A memorandum, report, record, or data compilation, in any form, of acts, events, or conditions, made at or near the time by, or from information transmitted by, a person with knowledge, if kept in the course of a regularly conducted

business activity, and if it was the regular practice of that business activity to make the memorandum, report, record, or data compilation, all as shown by the testimony of the custodian or other qualified witness, or by certification that complies with Rule 902(11), Rule 902(12), or a statute permitting certification, unless the sources of information or other circumstances indicate lack of trustworthiness. The term "business" as used in this paragraph includes business, institution, association, profession, occupation, and calling of every kind, whether or not conducted for profit.

Comment

Pa.R.E. 803(6) is similar to F.R.E. 803(6), but with two differences. One difference is that Pa.R.E. 803(6) does not include opinions and diagnoses. This is consistent with prior Pennsylvania case law. See *Williams v. McClain*, [513 Pa. 300,] 520 A.2d 1374 (Pa. 1987); *Commonwealth v. DiGiacomo*, [463 Pa. 449,] 345 A.2d 605 (Pa. 1975). The second difference is that Pa.R.E. 803(6) allows the court to exclude business records that would otherwise qualify for exception to the hearsay rule if the "sources of information or other circumstances indicate lack of trustworthiness." The [federal] Federal rule allows the court to do so only if "the source of information or the method or circumstances of preparation indicate lack of trustworthiness."

Rule 803(6) was amended in 2001 consistent with the December 1, 2000 amendments to F.R.E. 803(6) that permit records of regularly conducted activity to be authenticated by certification. This amendment is designed to save the expense and time consumption caused by calling needless foundation witnesses. The notice requirements provided in Pa.R.E. 902(11) and (12) will give other parties a full opportunity to test the adequacy of the foundation.

If offered against a defendant in a criminal case, an entry in a business record may be excluded if its admission would violate the defendant's constitutional right to confront the witnesses against him or her. See *Commonwealth v. McCloud*, [457 Pa. 310,] 322 A.2d 653 (Pa. 1974).

Pa.R.E. 803(6) differs only slightly from 42 Pa.C.S. [A.] § 6108, which provides:

ARTICLE IX. AUTHENTICATION AND IDENTIFICATION

Rule 902. Self-Authentication.

Extrinsic evidence of authenticity as a condition precedent to admissibility is not required with respect to the following:

* * * * *

(11) Certified domestic records of regularly conducted activity. The original or a duplicate of a domestic record of regularly conducted activity that would be admissible under Rule 803(6) if accompanied by a written declaration of its custodian or other qualified person, verified as provided in Pa.R.C.P. 76, certifying that the record -

(A) was made at or near the time of the occurrence of the matters set forth by, or from information transmitted by, a person with knowledge of those matters;

(B) was kept in the course of the regularly conducted activity; and

(C) was made by the regularly conducted activity as a regular practice.

A party intending to offer a record into evidence under this paragraph must provide written notice of that intention to all adverse parties, and must make the record and declaration available for inspection sufficiently in advance of their offer into evidence to provide an adverse party with a fair opportunity to challenge them.

(12) Certified foreign records of regularly conducted activity. In a civil case, the original or a duplicate of a foreign record of regularly conducted activity that would be admissible under Rule 803(6) if accompanied by a written declaration by its custodian or other qualified person certifying that the record—

(A) was made at or near the time of the occurrence of the matters set forth by, or from information transmitted by, a person with knowledge of those matters;

(B) was kept in the course of the regularly conducted activity; and

(C) was made by the regularly conducted activity as a regular practice.

The declaration must be signed in a manner that, if falsely made, would subject the maker to criminal penalty under the laws of the country where the declaration is signed. A party intending to offer a record into evidence under this paragraph must provide written notice of that intention to all adverse parties, and must make the record and declaration available for inspection sufficiently in advance of their offer into evidence to provide an adverse party with a fair opportunity to challenge them.

Comment

* * * * *

Paragraphs (11) and (12), which were added in 2001, permit the authentication of domestic and foreign records of regularly conducted activity by certification. This is new to Pennsylvania law for records of regularly conducted activity, but is consistent with Pa.R.E. 902(2), (3), and (4) which permit authentication of various kinds of public documents and records by certification. These paragraphs are similar to F.R.E. 902(11) and (12) that were adopted effective December 1, 2000. The language of Pa.R.E. 902(11) differs from F.R.E. 902(11) in that it refers to Pa.R.C.P. 76, rather than to

federal law. The amendment is intended to implement the amendment to Pa.R.E. 803(6).

Report

Proposed Amendments to Pa.Rs.E. 103, 701, 803, and 902, and Revision of the Comment to Pa.R.E. 404

CHANGES CORRESPONDING TO THE RECENT AMENDMENTS TO THE FEDERAL RULES OF EVIDENCE

The Committee is proposing amendments to Rules of Evidence 103 (Rulings on Evidence), 701 (Opinion Testimony by Lay Witness), 803 (Hearsay Exceptions; Availability of Declarant Immaterial) and 902 (Self-Authentication), and the revision of the Comment to Rule 404 (Character Evidence Not Admissible to Prove Conduct; Exceptions; Other Crimes). These changes update the rules in view of the recent changes to the Federal Rules of Evidence, which became effective on December 1, 2000.

I. Introduction

Beginning in May 2000, aware of the proposed changes to the Federal Rules of Evidence, the Committee undertook an extensive review of the proposed Federal rule changes and Pennsylvania's Rules of Evidence. Although the Federal Rules have no direct impact on Pennsylvania's Rules of Evidence, and in many cases Pennsylvania's rules go their own way, the rules usually refer to the Federal rules in the Comments. In view of this, the Committee noted that, at a minimum, some of the Comments to Pennsylvania's rules would need to be updated. As we reviewed the rules, the Committee agreed that some of the proposed changes to the Federal rules merited consideration for inclusion in Pennsylvania's rules, while other changes were inconsistent with Pennsylvania practice. As explained more fully below, the Committee is proposing that:

(1) Rule 103(a) be amended consistent with the changes to F.R.E. 103(a), with an explanatory provision added to the Comment;

(2) F.R.E. 404 not be followed, but an explanation be added to the Rule 404 Comment,

(3) Rule 701 be amended consistent with the changes to F.R.E. 103(a), with an explanatory provision added to the Comment;¹ and

(4) Rules 803(6) and 902 be amended consistent with the changes to F.Rs.E. 803(6) and 902, with an explanatory provision added to the Comments.

II. Discussion

A. Pa.R.E. 103 (Rulings on Evidence)

Federal Rule of Evidence 103 (Rulings On Evidence) has been amended by the addition of the following to paragraph (2):²

¹ The Committee deferred consideration of the amendments to F.Rs.E. 702 and 703 pending the Supreme Court's decision in *Blum v. Merrell Dow*. The Court handed down its decision on December 22, 2000.

² The Federal rule amendments are highlighted by underlining.

(a)(2) Offer of proof. In case the ruling is one excluding evidence, the substance of the evidence was made known to the court by offer or was apparent from the context within which questions were asked.

Once the court makes a definitive ruling on the record admitting or excluding evidence, either at or before trial, a party need not renew an objection or offer of proof to preserve a claim of error for appeal.

This new language is consistent with Pennsylvania law, see *Bell v. City of Philadelphia*, 491 A.2d 1386 at 1391 (Pa. Super. 1985), and appears to clarify an issue that might not have been entirely clear to the bench and bar.³ In view of these considerations, the Committee agreed that a comparable provision should be added to Rule 103(a). This will avoid the possible confusion the bench and bar might have if the two rules were different in this regard. The Comment would be revised by the addition of a paragraph explaining the new rule provision and cross-referencing *Bell*, supra.

B. Pa.R.E. 404 (Character Evidence Not Admissible to Prove Character; Exceptions; Other Crimes)

Federal Rule 404 (Character Evidence Not Admissible To Prove Conduct; Exceptions; Other Crimes) has been amended by the addition of new language in paragraph (a)(1) and "alleged" before "victim" in paragraph (a)(2), as follows:

(a)(1) Character of accused. Evidence of a pertinent trait of character offered by an accused, or by the prosecution to rebut the same, *or if evidence of a trait of character of the alleged victim of the crime is offered by an accused and admitted under Rule 404 (a)(2), evidence of the same trait of character of the accused offered by prosecution.*

(a)(2) Character of *alleged* victim. Evidence of a pertinent trait of character of the *alleged* victim of the crime offered by an accused, or by the prosecution to rebut the same, or evidence of a character trait of peacefulness of the *alleged* victim offered by the prosecution in a homicide case to rebut evidence that the *alleged* victim was the first aggressor.

This amendment to F.R.E. 404(a)(1) adds a new concept to the Federal rules that does not presently exist in Pennsylvania law. The rationale for the Federal rule amendment is that when a defendant offers evidence of a character trait of the victim, such as the trait of violence in assault cases, the prosecution should be able to respond by showing evidence of a corresponding trait of the defendant.

The Committee considered proposing the inclusion of this new concept in the Pennsylvania rules, but declined to do so. However, we agreed that the Comment should be revised to explain that because the Federal rule change is not consistent with Pennsylvania law, Rule 404 has not been amended.

Federal Rule 404(a)(2) has been amended by adding the adjective "alleged" to modify "victim." Pa.R.E. 404(a)(2) uses the term "complainant," which was adopted after lengthy consideration. After reviewing the rule history and the Federal rule change, the Committee agreed there is no reason to revert to "victim."

C. Pa.R.E. 701 (Opinion Testimony by Lay Witness)

Federal Rule 701 (Opinion Testimony By Lay Witnesses) has been amended as follows:

³ A similar but more limited idea is expressed in the second paragraph of the Pa.R.E. 103 Comment.

If the witness is not testifying as an expert, the witness' testimony in the form of opinions or inferences is limited to those opinions or inferences which are (a) rationally based on the perception of the witness, (b) helpful to a clear understanding of the witness' testimony or the determination of a fact in issue, and (c) not based on scientific, technical, or other specialized knowledge within the scope of Rule 702.

This amendment is intended to prevent parties from offering expert testimony without the need for qualifying the witness as an expert and without the need for establishing that the witness' testimony was based on reliable scientific, technical, or other specialized knowledge. See F.R.E. 702. It also is intended to prevent parties from avoiding discovery rules.

The Committee agreed that this same reasoning makes sense for Pennsylvania. By adding a comparable provision to Pa.R.E. 701, the relationship between Pa.Rs.E. 701 and 702 will be clarified, and, as with the Federal rule, the change will prevent parties from trying to avoid the requirements of Pa.R.E. 702 and the discovery rules, see, e.g., Pa.R.C.P. 4003.5 and Pa.R.Crim.P. 305(B)(1)(e), by offering expert testimony under the guise of lay testimony.

D. Pa.Rs.E. 803 (Hearsay Exceptions; Availability of Declarant Immaterial) and 902 (Self-Authentication)

Federal Rule 803 (Hearsay Exceptions; Availability of Declarant Immaterial) has been amended as follows:

(6) Records of regularly conducted activity. A memorandum, report, record, or data compilation, in any form, of acts, events, conditions, opinions, or diagnoses, made at or near the time by, or from information transmitted by, a person with knowledge, if kept in the course of a regularly conducted business activity, and if it was the regular practice of that business activity to make the memorandum, report, record, or data compilation, all as shown by the testimony of the custodian or other qualified witness, or by certification that complies with Rule 902 (11), Rule 902 (12), or a statute permitting certification, unless the source of information or the method or circumstances of preparation indicate lack of trustworthiness. The term "business" as used in this paragraph includes business, institution, association, profession, occupation, and calling of every kind, whether or not conducted for profit.

In a correlative change, Federal Rule 902 (Self-Authentication) has been amended as follows:

Extrinsic evidence of authenticity as a condition precedent to admissibility is not required with respect to the following:

* * * * *

(11) Certified domestic records of regularly conducted activity. The original or a duplicate of a domestic record of regularly conducted activity that would be admissible under Rule 803(6) if accompanied by a written declaration of its custodian or other qualified person, in a manner complying with any Act of Congress or rule prescribed by the Supreme Court pursuant to statutory authority, certifying that the record -

(A) was made at or near the time of the occurrence of the matters set forth by, or from information transmitted by, a person with knowledge of those matters;

(B) was kept in the course of the regularly conducted activity; and

(C) was made by the regularly conducted activity as a regular practice.

A party intending to offer a record into evidence under this paragraph must provide written notice of that intention to all adverse parties, and must make the record and declaration available for inspection sufficiently in advance of their offer into evidence to provide an adverse party with a fair opportunity to challenge them.

(12) Certified foreign records of regularly conducted activity. In a civil case, the original or a duplicate of a foreign record of regularly conducted activity that would be admissible under Rule 803(6) if accompanied by a written declaration by its custodian or other qualified person certifying that the record -

(A) was made at or near the time of the occurrence of the matters set forth by, or from information transmitted by, a person with knowledge of those matters;

(B) was kept in the course of the regularly conducted activity; and

(C) was made by the regularly conducted activity as a regular practice.

The declaration must be signed in a manner that, if falsely made, would subject the maker to criminal penalty under the laws of the country where the declaration is signed. A party intending to offer a record into evidence under this paragraph must provide written notice of that intention to all adverse parties, and must make the record and declaration available for inspection sufficiently in advance of their offer into evidence to provide an adverse party with a fair opportunity to challenge them.

These amendments are aimed at eliminating the time and expense involved in presenting foundation witnesses in situations in which there is really no question about the authenticity of the records. This concept is new for records of regularly conducted activity, but it is consistent with the self-authentication provisions of F.R.E. 902(2)—(4) for governmental records and other kinds of documents.

The Committee, in reviewing these changes, noted that, in Pennsylvania law, there are similar provisions provided by statute for authenticating governmental records in 42 Pa.C.S. §§ 5328 and 6103, and medical records in 42 Pa.C.S. §§ 6151-6159. We agreed that the reasons for the Federal rule changes apply equally well in Pennsylvania, and therefore are proposing comparable changes to Pa.Rs.E. 803 and 902.

CHAPTER 200. BUSINESS OF COURTS

Rule 210. Form of Briefs (Rescinded).

[If briefs are filed they shall be typewritten, printed or otherwise duplicated and endorsed with the name of the case, the court and number and name and address of the attorney.]

Rule 214. Preferences on Trial Lists.

Preference shall be given in the preparation of trial lists to[]:

(a) Cases in which the Commonwealth is the real party in interest;

(b) Suits against defaulting officers of the Commonwealth or any political subdivision thereof or the sureties of such officers;

(c) **Actions of quo warranto or mandamus involving public officers;**

(e) **Suits to recover wages due for manual labor;**

(f) **Cases arising under the laws of this Commonwealth to determine the competency of any person alleged to be weak-minded, insane or an habitual drunkard;**

(g) **Such other] such cases as the court upon application and cause shown may designate.**

[Official Note: The Committee does not recommend that any relative preferences be accorded inter se to cases in the various classes entitled to priority under this Rule, other than the chronological order in which they are placed on the trial lists.]

Rule 215. Assigning and Setting Aside Preferences on Trial List (Rescinded).

[No case shall be assigned a preference on any trial list unless the right to preference is brought to the attention of the officer in charge of the list by praecipe, order or otherwise; and any party in interest may, at least ten days before the case is called for trial, make application to set aside such preference as may have been assigned.]

Explanatory Comment

Rule 210

The rescission of Rule 210 is proposed because it no longer serves a useful function. The requirements that briefs be typewritten and contain an endorsement are routine with the bench and bar and prescribed by other rules. Pennsylvania Rule of Appellate Procedure 124(a)(1) requires that papers and documents be typed or printed. Pennsylvania Rules of Civil Procedure 1025 requires an endorsement of every pleading or other legal paper.

Rules 214 and 215

Rule 214 presently lists seven categories of cases that should be accorded priority on a trial list. Six of the seven categories are to be deleted. Paragraph (g) is the catchall provision for the present rule providing for preference upon a trial list for "Such other cases as the court upon cause shown may designate." It will be retained as the basis for the revised rule.

Five of the six categories to be deleted are based upon statutes which have been repealed since the promulgation of the rule in 1938. "Actions of quo warranto or mandamus involving public officers," the sixth category, were accorded priority, in the words of the original note to the rule, "by reason of their importance."

Rule 215 requires that a request for a preference be brought to the attention of the court and specifies a procedure. This procedure is a matter of administration which need not be set forth in the rules of civil procedure.

The requirement to apply for the preference is included in revised Rule 214.

The address shall be a street address where papers may be mailed or delivered.

Explanatory Comment

The proposed amendments affect three practices under the rules of civil procedure.

I. Address within the Commonwealth

The recommendation proposes to remove the requirement currently contained in several rules of providing an address "within the Commonwealth". An address within

the Commonwealth is currently required by Rule 205.1 governing the filing of legal papers by mail, Rule 1012(a) governing the entry of appearance and Rule 1025 governing the endorsement of pleadings and other legal papers. A note to Rule 236(a)(2) contains a cross-reference to this requirement in Rules 1012 and 1025.

The requirement as set forth in the rules of civil procedure dates from the promulgation of Rules 1012 and 1025 in 1946. In view of modern transportation and communication, the requirement has become obsolete.

Under the proposed amendments, the address required is "a street address where papers may be mailed or delivered". The rule is mandatory that the address contain a telephone number but optional with respect to a facsimile telephone number.

II. Entry of Appearance

The recommendation proposes to add to Rule 1012 new paragraph (b)(1) which would require an attorney seeking court approval to withdraw from the representation of a party to include in the petition for withdrawal the last known address of the party and the efforts made to inform the party of the filing of the petition. This address would also be used by the court for further communication with the party if the petition is granted. The proposed amendment also imposes an obligation on the withdrawing counsel to provide the party with a copy of the order if it is granted.

The recommendation also proposes to add to Rule 1012 forms for the entry or withdrawal of appearance. New subdivision (d)(1) contains the form of an entry of appearance under Rule 1012(a). Subdivision (d)(2) contains the form for a praecipe for withdrawal of appearance under Rule 1012(b)(2)(i) when another attorney has already entered his or her appearance and thus approval by the court is not necessary. Subdivision (d)(3) provides the form to be completed by both the entering and withdrawing attorneys for the automatic substitution of counsel without leave of court under Rule 1012(b)(2)(ii).

III. First Filing Cover Sheet

In Recommendation No. 155 issued in the summer of 1999, the Civil Procedural Rules Committee proposed a requirement of a statewide cover sheet to be attached to the first paper filed in an action. The recommendation also included a form of cover sheet to be used statewide.

Presently, however, the use of a coversheet extends only to a minority of judicial districts and those cover sheets are not uniform in the information that they require. Also, there is presently no statewide automated information system with respect to civil cases in the courts of common pleas which requires uniform information. Consequently, the Committee believes that it is not feasible or desirable to impose a cover sheet statewide at this time.

However, in the interest of promoting the statewide practice of law, the recommendation proposes the adoption of new Rule 1012.1 which is intended to guarantee accessibility to the required forms of those counties requiring a cover sheet. The new rule contains two main principles. First, subdivision (a) provides that a local court requiring a cover sheet would need to file it with the Administrative Office of the Pennsylvania Courts which would maintain the form on its website. The forms of the cover sheets of the various judicial districts requiring them would be readily accessible for computer downloading from the AOPC website.

Second, subdivision (b) requires the prothonotary to accept for filing documents which do not have a cover

sheet attached or which have a defective cover sheet attached. The prothonotary may request that the defect be remedied but, in the meantime, the paper will be filed and any time requirements will be met.

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 200. BUSINESS OF COURTS

Rule 238. Damages for Delay in Actions for Bodily Injury, Death or Property Damage.

(b) The period of time for which damages for delay shall be calculated under subdivision (a)(2) shall exclude the period of time, if any,

(1) after which the defendant has made a written offer of

* * * * *

(ii) a structured settlement **including an annuity** underwritten by a financially responsible entity, **which offer includes the actual cost of the annuity and the identity of the underwriter, plus any cash payment to the plaintiff,**

and **[continued that offer in effect]** which offer shall contain an express clause continuing the offer in effect for at least ninety days or until commencement of trial, which ever first occurs, which offer was not

accepted and the plaintiff did not recover by award, verdict or decision, exclusive of damages for delay, more than 125 percent of either the specified sum or the actual cost of the **[structured settlement] annuity** plus any cash payment to the plaintiff; or

Official Note: The actual terms of a structured settlement may vary and have to be recalculated at the time of acceptance due to market fluctuation over the ninety day period during which the offer must remain open. For this reason, to permit the plaintiff to make an informed decision regarding settlement, the actual cost of the structured settlement must be included in the offer. However, the offer is sufficient as long as the offer of the cost of the annuity remains open for ninety days.

(2) during which the plaintiff caused delay of the trial.

* * * * *

Explanatory Comment

The proposed amendment to Rule 238(b)(1) governing damages for delay incorporates into the rule certain requirements imposed by case law to bring an offer of settlement within the exclusion of that rule from the calculation of delay damages. *Sonlin v. Abington Memorial Hospital*, 748 A.2d 213 (2000), imposes three requirements, one of which applies to offers of both cash settlements and structured settlements and two of which apply to offers of structured settlements only.

A written offer of settlement, whether cash or structured, must, in the words of the *Sonlin* case, contain "a clause expressly validating the offer for 90 days . . ." This requirement carries out the intention of the rule which presently requires that an offer be in writing and that it be continued "in effect for at least ninety days or until commencement of trial, whichever first occurs . . ." The recommendation proposes to amend subdivision (b) to include the requirement of "an express clause" so providing.

If the offer is one of a structured settlement including an annuity, it must also state the actual cost of the annuity and the identity of the underwriter. The offer must be sufficient to enable, again in the words of *Sonlin*, a "knowledgeable appraisal of the offer's legitimacy" and these two elements are essential to that inquiry. The recommendation proposes to amend subdivision (b)(1)(ii) to include these two elements of the offer.

A note added to subdivision (b)(1) recognizes that most entities underwriting structured settlement annuity cannot commit to the exact payout terms of a structured settlement for the entire ninety-day period required under the rule because the payout is often dependent on the financial market which may fluctuate over the period of the offer. Slight variations due to market forces should not invalidate the offer for purposes of this rule and thus repeated modifications of the offer are not required. It is imperative, therefore, that the plaintiff be aware of the actual cost to be paid for the structured settlement annuity.

Explanatory Comment

Present Rule 240(d) provides for a party represented by an attorney to proceed in forma pauperis upon the filing of a praecipe. The rule prescribes two requirements for the praecipe. First, the praecipe must contain "a certification by the attorney that he or she is providing free legal service to the party and believes the party is unable to pay the costs". Second, the praecipe must be "accompanied by the affidavit required by subdivision (c)" which is filed in support of a petition for leave to proceed in forma pauperis and which demonstrates the party's inability to pay the costs of litigation.

Recommendation No. 169 proposes that subdivision (d) be amended by deleting the requirement that the affidavit accompany the praecipe. As amended, the rule would provide for the prothonotary to allow a party to proceed in forma pauperis solely upon a praecipe containing the certification of the party's attorney. A conforming amendment is proposed to the form of the praecipe in subdivision (i) which deletes the reference to the accompanying affidavit. These proposed amendments would bring the rule into conformity with Rule 552(d) of the Pennsylvania Rules of Appellate Procedure and Rule 206 E. (iii) of the Pennsylvania Rules of Civil Procedure Governing Actions and Proceedings before District Justices.

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1000. ACTIONS AT LAW

Rule 1035.3. Response. Judgment For Failure to Respond.

* * * * *

(e) Nothing in this rule is intended to prohibit a court, at any time prior to trial, from ruling upon a motion for summary judgment without written responses or briefs if no party is prejudiced. A party is prejudiced if not given a full and fair opportunity to argue the motion.

Official Note: The decision to entertain a motion for summary judgment on the eve of trial is entirely within the discretion of the court.

Explanatory Comment

The proposed amendment to Rule 1035.3 addresses the confusion regarding whether a motion for summary judgment may be granted immediately prior to trial and, if so, whether a formal written response to the motion is required.

The addition of new subdivision (e) to Rule 1035.3 makes clear that a court may decide a motion for summary judgment at any time prior to the start of trial and need not require written responses or briefs so long as the parties suffer no prejudice thereby. This amendment reflects the current practice in many courts where motions for summary judgment are often heard and decided by the court immediately prior to start of trial. Frequently in these cases, discovery is closed and the issues raised by the motion have become clear. The court may even have previously ruled upon one or more issues raised by the motion after having had the benefit of a response and briefs. In such circumstances, as long as the opposing party is given "full and fair opportunity to argue the motion," there is no need to require either an extensive time period for response or the filing of written responses or briefs.

However, as the note makes clear, the decision to entertain a motion for summary judgment which is raised on the eve of trial remains entirely within the discretion of the court.

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 3000. JUDGMENTS

Subchapter E. ENFORCEMENT OF JUDGMENTS IN SPECIAL ACTIONS

DEFICIENCY JUDGMENTS

GENERAL PROVISIONS

Rule 3277. Definitions.

As used in this chapter,

["judgment" means any judgment which is subject to the provisions of Section 8103 of the Judicial Code and includes a judgment de terris, a judgment in rem and a judgment in personam.

Official Note: The inclusion of judgments de terris, in rem, and in personam is intended to implement Section 8103(a) of the Deficiency Judgment Law which provides that the "petition shall be filed as a supplementary proceeding in the matter in which the judgment was entered." This changes the practice under prior case law which did not permit the filing of the proceeding supplementary to a matter in which the judgment obtained was not in personam.

The bringing of a deficiency judgment proceeding supplementary to an action in rem or de terris such as mortgage foreclosure does not change the character of the action as in rem or de terris. See Rule 3286.

"judgment creditor" means the holder of a judgment as defined by this rule;]

(1) "prior lien amounts" means the amounts of any prior liens, costs, taxes and municipal claims not discharged by the sale, and the amounts of any such items paid at distribution on the sale[.];

(2) "special allocations" means the special allocations required by Section 8301(f) of the Judicial Code;

Official note: Section 8301(f) of the Judicial Code provides for certain special allocations when judg-

ment has been entered with respect to a partial recourse obligation or an obligation of which only a portion is guaranteed.

(3) the following words shall have the meanings set forth in Section 8103(g) of the Judicial Code: "judgment", "judgment creditor", "nonconsumer judgment creditor", and "partial recourse obligation".

Official Note: Section 8103(g) of the Judicial Code contains several definitions relating to deficiency judgments. The words set forth in paragraph (1) are common to both the rules and the Code.

"Judgment" is defined by Section 8103(g) as "[t]he judgment which was enforced by the execution proceedings referred to in subsection (a), whether that judgment is a judgment in personam such as a judgment requiring the payment of money or a judgment de terris or in rem such as a judgment entered in an action of mortgage foreclosure or a judgment entered in an action or proceeding upon a mechanic's lien, a municipal claim, a tax lien or a charge on land."

"Judgment creditor" is defined by Section 8103(g) as "[t]he holder of the judgment which was enforced by the execution proceedings."

The terms "nonconsumer judgment creditor" and "partial recourse obligation" are found both in Rule 3282(a)(9) and in subsection (f) of Section 8103 of the Code relating to "Certain special allocations."

PROCEEDINGS UNDER SECTION 8103(A) TO FIX FAIR MARKET VALUE OF REAL PROPERTY SOLD
Rule 3282. Petition. Averments. Notice to Defend.

(a) The petition shall set forth:

* * * * *

(5) the date [that] the property was [sold by the sheriff] struck down to the successful bidder and the date [that] the sheriff's deed was [executed and acknowledged,] delivered,

* * * * *

(8) a description of all prior lien amounts if the petitioner desires credit for such amounts, [and]

Official Note: For the definition of prior lien amounts, see Rule 3277.

(9) if the petition requests a special allocation, a statement that the judgment creditor is a nonconsumer judgment creditor;

(10) any special allocation required by Section 8103(f) of the Judicial Code, and

(11) a request that the court fix the fair market value of the real property at the value set forth in the petition and that the court determine any prior lien amounts and any special allocation as set forth in the petition.

* * * * *

Rule 3284. Order Upon Default or Admission.

The court shall, without further notice or hearing, enter an order determining the fair market value of the real property to be the value alleged in the petition [and], determining the prior lien amounts to be in the amounts

alleged in the petition and making any special allocation requested by the petition if

* * * * *

(2) an answer is filed which does not deny the allegations in the petition as to the fair market value [or]; the prior lien amounts or any special allocation.

Rule 3285. Trial

If an answer is filed which denies the allegations in the petition as to the fair market value [or], the prior lien amounts or the entitlement of the petitioner to any special allocation, the trial shall be limited to such of those [two] issues as are raised by the answer, which shall be heard by a judge sitting without a jury in accordance with Rule 1038.

Rule 3286. Order. Effect. (Rescinded).

[(a) The order of the court, whether upon default, admission or after trial, determining the fair market value of the real property and of the prior lien amounts shall release the respondents named and served to the extent of the fair market value so determined less the prior lien amounts.

Official Note: Section 8103(c)(2) of the Judicial Code provides for a decree to be entered "directing the judgment creditor to file release of the debtors, obligors, guarantors or any other persons directly or indirectly liable for the debts, to the extent of the fair value so fixed."

(b) No order entered in a proceeding pursuant to these rules shall determine or be deemed to have determined whether any respondent is personally liable to the petitioner.]

Explanatory Comment

The proposed amendments are prompted by the passage of Act No. 144 of 1998 which amended provisions of the Judicial Code relating to the Statute of Limitations, 42 Pa.C.S. § 5122(b)(2), and the Deficiency Judgment Act, 42 Pa.C.S. § 8103.

Statute of Limitations

Section 5122(b)(2) of the Judicial Code provides that a petition for the establishment of a deficiency judgment must be commenced within six-months. Act No. 144 of 1998 revised the language specifying the date from which the six month period is calculated. Prior to amendment, the section used the language that the period commenced "following sale of the collateral of the debtor under the provisions of section 8103 (relating to deficiency judgments)." Act No. 144 deleted the words "sale of the collateral of the debtor under" and revised the provision to read:

(b) *Commencement of action required.*—The following actions and proceedings must be commenced within six months

(2) A petition for the establishment of a deficiency judgment following execution and delivery of the sheriff's deed for the property sold in connection with the execution proceedings referenced in the provisions of section 8103 (relating to deficiency judgments).

Rule 3282(a)(5) presently requires the petition to fix the fair market value under the Code to set forth "the date that the property was sold by the sheriff and the date that the sheriff's deed was executed and acknowledged". In light of the revision to the Judicial Code, the rule is to be revised as follows:

(5) the date the property was struck down to the successful bidder and the date the sheriff's deed was delivered,

Deficiency Judgment Act

Definitions

Act No. 144 of 1998 amended Section 8201 of the Judicial Code by adding new subsection (g) providing definitions. New subsection (g) includes definitions of the terms "judgment" and "judgment creditor" which are substantially identical to the definitions of those terms presently found in Pa.R.C.P. 3277. It is proposed that the definitions of those terms in Rule 3277 be deleted and a cross-reference to the definitions in the Code be set forth in a note to the rule.

At the same time, Act No. 144 introduced the concept of "special allocations" into the Deficiency Judgment Act. To alert the bench and bar to this concept, a definition has been added to Rule 3277:

(2) "special allocations" means the special allocations required by Section 8301(f) of the Judicial Code.

The definition of the term "prior lien amounts" presently found in the rule remains unchanged.

Special Allocations

Act No. 144 also amended Section 8103 by adding new subsection (f) entitled "Certain special allocations" which is specific in its application. The subsection applies only if the judgment creditor is a nonconsumer judgment creditor. Further, it applies to two particular types of obligations: a partial recourse obligation and an obligation of which only a portion is guaranteed.

Rule 3282(a) will be revised to accommodate the new provisions of Section 8103(f). The text of paragraph (9) will be transferred to new paragraph (11) with the addition of a reference to "any special allocation." New text will be added to paragraph (9) and new paragraph (10) will be added to provide that, if a special allocation is requested, the petition contain averments that the judgment creditor is a nonconsumer judgment creditor and that a special allocation is required by Section 8103(f) of the Code.

Rule 3284 governing the order to be entered upon default or admission and Rule 3285 governing the trial if an answer denies the allegations of the petition are also amended to accommodate the new Code provision requiring "certain special allocations".

Order and Its Effect

The recommendation proposes the rescission of Rule 3286 governing the order of the court and its effect. Subdivision (a) relating to the effect of the order determining the fair market value of the real property was based upon language in Section 8103(c)(2) of the Deficiency Judgment Act which has been deleted by Act No. 144. Subdivision (b) relating to the order as affecting

personal liability of the respondent is no longer necessary in view of the Act as amended.

RULES AND REGULATIONS

Title 25—ENVIRONMENTAL PROTECTION

ENVIRONMENTAL HEARING BOARD

[25 PA. CODE CH. 102]

Practice and Procedure

The Environmental Hearing Board (Board) by this order amends Chapter 1021 (relating to practice and procedure) to read as set forth at Annex A. The regulations modify the rules of practice and procedure before the Board by implementing improvements in practice and procedure.

The Board approved the final regulations at its October 4, 2000, meeting.

Effective Date

The regulations will go into effect upon publication in the *Pennsylvania Bulletin* as final rulemaking.

Contact Person

For further information, contact William T. Phillipy IV, Secretary to the Board, 2nd Floor, Rachel Carson State Office Building, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. If information concerning this rulemaking is required in an alternative form, William Phillipy may be contacted at the number in this Preamble. TDD users may telephone the Board through the AT&T Pennsylvania relay center at (800) 654-5984.

Statutory Authority

The regulations are promulgated under the authority of section 5 of the Environmental Hearing Board Act (act) (35 P. S. § 7515) which empowers the Board to adopt regulations pertaining to practice and procedure before the Board.

Comments and Revisions to Proposed Rulemaking

The Board received comments on the proposed regulations from the Independent Regulatory Review Commission (IRRC) and from John W. Carroll, Esq. of Pepper Hamilton LLP. The comments will be addressed on a section-by-section basis.

§ 1021.24 Referral to Pro Bono Counsel

Mr. Carroll questioned why the pro bono program is limited to pro se litigants and to "parties" and suggested that the rule should also apply to organizations and all persons before they become "parties." The Board agreed with this comment and has changed the rule to apply to any person who appears or intends to appear before the Board on a pro se basis and who claims inability to afford a lawyer.

Subsection (a) of the proposed rule authorized the Secretary to the Board to refer to pro bono counsel parties "who claim not to be able to afford a lawyer." Both the staff of IRRC and Mr. Carroll questioned whether the Board should include a process and standard for verifying a party's financial need. Proposed subsections (a)(3) and (b), which authorized the Board Secretary to refer parties to "an individual attorney, law firm or organization whose name appears on the Board's register of attorneys who have volunteered to take on the representation," were also opposed for these and other reasons.

The Board's consideration of these and other comments has led it to withdraw subsections (a)(3) and (b) of this rule. The final proposed rule only seeks authority to refer persons who claim to be unable to afford a lawyer to the appropriate state or county bar association with respect to their request for pro bono representation. Any bar association may then make its own decision as to whether or not to seek pro bono representation for the applicant based on its standards for determining whether the applicant is able to afford a lawyer. The Board has therefore added the following language to the proposed final rule: "The financial standard for determining a person's ability to afford a lawyer will be the standard adopted or applied by the appropriate bar association at the time of referral."

The Board's ability to refer persons not represented by counsel is important not only to the Board but also to other litigants before the Board. Persons who represent themselves in Board proceedings waste both the Board's time and that of business or municipal entities involved in the litigation as a result of favorable Department of Environmental Protection (Department) action with respect to their application. This is because persons who represent themselves are not versed in either the Board's rules of procedure or 225 Pa. Code (relating to Pennsylvania Rules of Evidence). These complex rules are applied in the hearing on the merits of the claims of the parties. In addition, persons who represent themselves have been known to improperly conduct discovery proceedings through the issuance of subpoenas to the great cost and annoyance of the other parties to the litigation.

The proposed final regulation will serve these interests by authorizing the Board's Secretary to direct these persons to the Pennsylvania Bar Association, or any relevant county bar association, for referral to pro bono counsel willing to provide these services without payment of a fee. The Board and the Pennsylvania Bar Association have inaugurated such a program under which the Secretary to the Board refers any such person to the Pennsylvania Bar Association. The Pennsylvania Bar Association will attempt to secure representation for any person who can demonstrate to the bar association an inability to pay for such legal services.

The standard for providing pro bono services to persons unable to afford legal representation through the Pennsylvania Bar Association was developed through a committee of that Bar Association's Environmental, Mineral and Natural Resources Law Section in consultation with members of the Board. The standard reflects the fact that totally destitute persons ordinarily do not take appeals from actions of the Department. However, persons owning some property may be adversely affected by Department action, but may be unable to afford legal representation. This standard also reflects the consideration that the pro bono program must be designed so that paying clients will not be taken away from attorneys in this Commonwealth who charge comparatively low legal fees. Accordingly, a standard was developed which is somewhat more liberal than what is applied under strict Legal Services Corporation guidelines. The standard applied by the Pennsylvania Bar Association under the current program is that the individual must meet one of the following eligibility criteria:

1. Income greater than 187.5% of the official Federal poverty threshold (OPT) guideline but no more than 200% of the OPT.

2. Income below 187.5% of the OPT who are nevertheless ineligible for free legal services through another program either as a result of a lack of appropriate funding or lack of environmental training on the part of program attorneys.

The Pennsylvania Bar Association will seek pro bono counsel for an appellant referred to it by the Board with a full financial disclosure that the applicant meets this standard. In the event an individual does not fall into either of these categories, the applicant may qualify for pro bono services by submitting an in forma pauperis affidavit under Pa.R.C.P. 240(h). This rule requires the party to make a complete financial disclosure and supply an affidavit from his attorney stating his belief that the party is unable to pay for legal services and that the attorney is providing free legal service to the party.

This financial standard will permit individuals having an income level somewhat above that which would qualify them for free representation in Federally funded programs as well as those persons who may be eligible for other Federally funded programs, but to whom these free legal services are unavailable or where there is a lack of appropriate environmental training on the part of program attorneys.

The Board expects that the standard for inability to pay for legal services approved by the Pennsylvania Bar Association or any relevant bar association will vary from time to time depending upon changing economic circumstances of likely applicants and of the practice of law. These standards may also vary depending on changes in state and Federal standards for providing public service to needy persons without charge. Accordingly, the Board has not proposed a fixed standard for bar associations to follow in making their decision as to whether to seek pro bono counsel for any particular applicant. However, the Board believes that the Pennsylvania Bar Association standard is most appropriate and that the bar associations will apply adequate standards for anyone who is unable to pay for legal services as circumstances may change.

The Board received other comments with respect to the now withdrawn provisions of the rule. It is unnecessary to respond to these comments in connection with this proposed final rule.

§ 1021.54 Substitution of Parties

Both IRRC and Mr. Carroll commented that the use of the word "election" in subsection (a) was unclear and that it should be clarified to indicate that it meant election to public office. The Board agreed with this comment and added the language "to public office" after the word "election" in subsection (a) of the final rule.

Mr. Carroll stated that the last sentence of subsection (b) referring to § 1021.53 was confusing. He questioned whether the reference should specifically be to § 1021.53(b)(2). The Board agreed and revised subsection (b) of the final rule to refer to § 1021.53(b)(2).

§ 1021.99 Authority Delegated to Hearing Examiners

IRRC submitted no comments on this proposed rule. Mr. Carroll had two comments. First, he suggested that the word "appoint" in subsection (a) should be replaced with "assign." The Board disagreed, determining that "appoint" was the proper term. While the Board might assign the duties of a hearing examiner to an assistant counsel employed by the Board, the rule should be more expansive in order to include the appointment of someone

not in the employ of the Board, such as a former administrative law judge, to act as a hearing examiner in times of a heavy caseload.

Mr. Carroll also felt that the use of the phrase "dispose of procedural matters" in subsection (a)(4) was too broad. The Board disagreed and determined that use of the word "dispose" was appropriate. The intent of the rule is that an assigned hearing examiner will work closely with the Board member in disposing of important objections or motions.

Sunset Date

A sunset date has not been established for these regulations. The effectiveness of the regulations will be evaluated on an ongoing basis by the Board and the Rules Committee.

Regulatory Review

As required by section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Board submitted copies of the proposed rulemaking, which was published at 30 Pa.B. 2766 (June 3, 2000), to IRRC and the Senate and House Environmental Resources and Energy Committees for review and comment. The Board also provided IRRC and the Committees with the Regulatory Analysis Form prepared in compliance with Executive Order 1996-1 (relating to regulatory review promulgation) and copies of comments received.

In preparing the final-form regulations, the Board has considered the comments received from the public and IRRC. No comments on the proposed rulemaking were received from either of the legislative committees.

These final-form regulations were submitted to the House Environmental Resources and Energy Committee and the Senate Environmental Resources and Energy Committee on November 8, 2000. Because no action was taken by the Committees within 20 days after submission of the final-form regulations, they are deemed approved. IRRC met on December 14, 2000, and approved the regulations under section 5.1(e) of the Regulatory Review Act (71 P. S. § 745.5a(e)).

Findings

The Board finds that

(1) Public notice of the proposed rulemaking was given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) These regulations are necessary and appropriate for administration of the act.

Order

The Board orders that:

(a) The regulations of the Board, 25 Pa. Code Chapter 1021, are amended by adding §§ 1021.24, 1021.54 and 1021.99 to read as set forth in Annex A.

(b) The Chairperson of the Board shall submit this order and Annex A to the Office of Attorney General and Office of General Counsel for review as to legality and form as required by law.

(c) The Chairperson of the Board shall submit this order and Annex A to the House Environmental Resources and Energy Committee, the Senate Environmental Resources and Energy Committee and IRRC, as required by law.

(d) The Chairperson of the Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(e) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

GEORGE J. MILLER,
Chairperson

Fiscal Note: Fiscal Note 106-5 remains valid for the final adoption of the subject regulations.

Title 40—LIQUOR

LIQUOR CONTROL BOARD

[40 PA. CODE CHS. 5, 7, 9, 11 AND 13]

Licensees and Vendors

The Liquor Control Board (Board) under the authority of section 207(i) of the Liquor Code (47 P.S. § 2-207(i)), adopts amendments to §§ 5.16, 5.31, 7.1, 7.5, 7.6, 7.22, 7.23, 7.41, 9.12, 9.91, 11.1, 11.2, 11.3, 11.201, 11.203, 11.204, 11.205, 13.43 and adds §§ 7.8 and 7.9.

Purpose

The Board regulations amended by this order will codify the Board's policy permitting outside employment for club managers or stewards, rescind the ability of municipalities to set the hours of amusement for retail licensees in contravention of the Liquor Code, delete references to surety bond requirements that were eliminated by statute, correct erroneous cites to the Malt Beverage Tax Law (72 P.S. §§ 9001—9016), delete the 120-day requirement for discounting wholesale beer prices as a result of a Federal court decision that struck down corresponding portions of the act of December 20, 1996 (P.L. 1513, No. 196) (Act 196), permit the sale of grain alcohol for nonpotable use, eliminate inaccurate references to cost limits on interior displays and eliminate the requirement that interior displays bear serial or model numbers.

Comments

Notice of proposed rulemaking was published at 29 Pa.B. 5301 (October 9, 1999), with a 30-day written public comment period.

The Board received four written comments from managers of hotels and a written comment from the President of the Pennsylvania Travel Council in support of its proposed regulatory change to § 13.102. This regulatory amendment would have allowed hotels to offer an open bar to their overnight guests as part of a meal package on December 31, 1999, until 2 a.m. on January 1, 2000. The amendment to § 13.102, as well as amendments to §§ 3.31, 3.33, 3.63, 3.73, 11.91, 11.92, 13.71—13.75, 13.77—13.79, 13.81, 13.86 and 13.87 relating to registration of vendors' agents, which were previously included with these regulatory amendments, were filed as a final rulemaking with proposed rulemaking omitted on November 8, 1999. These amendments took effect upon their publication at 29 Pa.B. 6337 (December 18, 1999).

The Independent Regulatory Review Commission (IRRC) submitted comments relative to the proposed rulemaking as follows:

1. As a general comment, IRRC referenced that portion of the rulemaking dealing with vendor registration as an area not addressed in these comments since a separate final-omitted regulations were submitted by the Board on November 8, 1999.

2. IRRC commented on several sections of the regulations that refer to forms and noted that the Board uses expressions such as "form furnished by the Board" or "transfer form" throughout its regulations. IRRC suggested that for the sake of clarity, the Board should consider providing a brief description of the forms after each of the aforementioned phrases. IRRC suggested this would help licensees obtain and use the appropriate form. However, only the Board's Bureau of Licensing furnishes forms to licensees and applicants for licenses and permits. In doing so, the Bureau of Licensing takes steps to insure that the appropriate and correct forms are furnished. Because the Board issues over 70 different types of licenses or permits and each of those licenses or permits could require a variety of actions such as transfer of location or ownership, correction to license, renewal, and the like, describing the forms in the regulations would serve no useful purpose. Identifying forms in the regulations would also restrict the Board's ability to change or eliminate a form without a regulatory change.

3. IRRC suggested that in § 7.5 (relating to transfers on death of the licensee) the comma between "transfer form" and the word "application" should be deleted. However, the transfer form and application are separate forms, therefore only the reference to the bond is deleted.

4. IRRC suggested that § 7.9 (relating to site plans) needed clarification. The proposed language states that the site plan submitted by an applicant for a new license or transfer of an existing license must depict the location of the proposed licensed premises in relation to identifiable property lines or easily identifiable landmarks. IRRC recommended that the term "easily identifiable landmarks" should be defined since the term is unclear. Therefore, "or reference points" was added after "landmarks."

5. IRRC stated that the term "maximum value" as used in § 13.43(b) and (c) (relating to interior display) referencing the value of interior displays, is vague and suggested that "maximum value as set by the Board" would better define the term. The Board agrees and the referenced section is being amended.

6. IRRC recommended clarification of § 13.87 (relating to records). Since subsection (b) states, "[T]he records shall also be open to inspection by authorized representatives of the Board during normal business hours," the IRRC questioned whether the phrase "normal business hours" referred to the standard hours of operation of the vendor or the Board. Although it is recognized that business may be conducted at all hours of the day or night, "normal business hours" is a general term similar to "nine to five." It references a generally recognized standard for conducting business so as not to inconvenience either party. This section was amended by a final regulation with proposed rulemaking omitted as referenced and published at 29 Pa.B. 6337.

The Board received no other comments, either in support of or in opposition to the proposed amendments, during the public comment period.

Fiscal Impact

These final-form regulations will not impose additional costs on the regulated community, the State or local governments.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 17, 1999, the Board submitted a copy of the notice of proposed rulemaking to IRRC and the Chairpersons of the House Committee on Liquor Control and the Senate Committee on Law and Justice for review and comment. These final-form regulations were submitted to the Chairpersons of the House and Senate Committees and IRRC on October 31, 2000.

These final-form regulations were deemed approved by the House and Senate Committees on November 21, 2000. Under section 5.1(e) of the Regulatory Review Act (71 P. S. § 745.5a(e)), IRRC met on December 14, 2000, and approved the final-form regulations.

Annex A
TITLE 40. LIQUOR

PART I. LIQUOR CONTROL BOARD
CHAPTER 5. DUTIES AND RIGHTS OF
LICENSEES

Subchapter B. EMPLOYES OF LICENSEES

§ 5.16. Appointment of managers.

(a) The operation of a licensed business requires the full time and attention of a manager. A licensee holding one or more licenses shall appoint an individual as manager for each licensed establishment and the manager shall devote full time and attention to the licensed business. If the licensee is an individual, he may designate himself as manager of one licensed establishment, except in the case of distributors or importing distributors. If a license is held by more than one individual, the manager may be one of the individuals or another person the licensee may designate, except in the case of distributors and importing distributors.

(b) The manager appointed by a licensee shall be a reputable person. The licensee shall notify the Board in writing of the name and home address of the manager and the date and place of birth. If there is a change of manager, the licensee shall give the Board written notice within 15 days of the change together with full information for the new individual who is appointed as manager. Each notice of the appointment of a manager or notice of a change of manager shall be accompanied by a fee of \$60.

(c) When a background investigation shall be conducted to obtain or verify information regarding an individual appointed as manager, an additional fee of \$75, for a total fee of \$135, will be assessed. An individual may not act in the capacity of manager after the licensee has been notified that the individual has been disapproved by the Board. The designated manager shall devote full time to the licensed business and may not be employed or engaged in another business unless prior written approval is obtained from the Board.

(d) A club manager or steward may be engaged in employment outside his duties as manager or steward except as provided in section 493(11) of the Liquor Code (47 P. S. § 4-493(11)).

Subchapter C. AMUSEMENT AND
ENTERTAINMENT

§ 5.31. Amusement permit.

(a) *Requirements.*

(1) Under section 493(10) of the Liquor Code (47 P. S. § 4-493(10)), the Board may issue an amusement permit authorizing dancing, theatricals, floor shows and motion picture exhibitions in licensed premises, or in another place operated in connection therewith, to the holder of a retail liquor or retail dispenser license, except clubs, upon proper application and payment of the required fee.

(2) An application for an amusement permit may be filed with the Board at any time during the license period. Amusement permits expire with the license. Amusement permits may be extended at license validation unless the permit is revoked or subject to suspension.

(3) An amusement permit may be denied to a licensee against whom revocation or criminal proceeds are pending or to a licensee who, in the Board's opinion, has failed to conduct the licensed premises in accordance with the laws of the Commonwealth. A licensee denied an amuse-

ment permit may appeal the decision of the Board by requesting a hearing before the Board within 20 days of notice of denial.

(4) An amusement permit may not be assigned. When the retail liquor or retail dispenser license of the licensee is transferred by the Board from one person to another, or from one place to another, the amusement permit held by the licensee may be transferred in like manner upon the payment of a filing fee of \$10.

(5) An amusement permit is not required for television devices, audio/video playback devices, radio, instrumental music, games or events/tournaments/contests.

(b) *Suspension or revocation of an amusement permit.*

(1) The Office of Administrative Law Judge, upon sufficient cause shown that a licensee holding an amusement permit, or a partner, officer, director, servant, agent or employe of the licensee, has permitted in the licensed premises a violation of the Liquor Code or this title, or upon other sufficient cause shown, may, upon due notice and proper hearing being given to the licensee, suspend or revoke the permit.

(2) The Office of Administrative Law Judge, upon sufficient cause shown that a licensee holding an amusement permit, or a partner, officer, director, servant, agent or employe of the licensee, is guilty of, or pleads guilty to a violation of the laws of the Commonwealth before a court may after hearing suspend or revoke the amusement permit of the licensee upon the receipt of a transcript of the record in that proceeding.

(3) The action of the Office of Administrative Law Judge in suspending or revoking an amusement permit is final. A new amusement permit will not be approved until the expiration of 1 year from the date of revocation.

(c) *Revocation/suspension of a permit.* If the liquor or malt or brewed beverage license is revoked or suspended, for whatever reason, the amusement permit of the licensee will be similarly automatically revoked or suspended. There will be no refund made nor credit given for the unused portion of the fee paid for the permit, upon suspension or revocation.

CHAPTER 7. TRANSFER, EXTENSION,
SURRENDER, EXCHANGE AND SUSPENSION OF
LICENSES

Subchapter A. TRANSFER OF LICENSES

§ 7.5. Transfers on death of the licensee.

On the death of the licensee, the license may be transferred immediately to the surviving spouse or to the

administrator or executor of the estate of the licensee, upon presentation of the transfer form, application, filing fee, and short form certificate from the registrar of wills. If it is desired to transfer the license to a person designated by and acting for the administrator or executor, the transfer application and fee, with written evidence of the designation, shall be submitted by the administrator or executor. The Board will be notified in writing within 30 days of the death of a licensee.

In the case of death of a partner, the application for correction of license shall be executed and filed by the surviving partners, and by the administrator or executor of the estate of the deceased partner, if any, and be accompanied by a short form certificate from the registrar of wills. If there is no administrator or executor, the application for correction of license shall be executed and filed by the surviving partners together with documentary evidence of the death of the deceased partner. These requirements also apply if the license is held jointly by husband and wife. Applications for correction of a license under this section shall be accompanied by the proper fee in accordance with the applicable provisions of section 614-A of The Administrative Code of 1929 (71 P. Applicants for new licenses or for transfer of location of existing licenses shall submit floor plans with the application depicting all areas to be licensed. Floor plans are required for existing structures, as well as for structures proposed for construction and are to depict room dimensions. Floor plans shall be reproduced on paper and are not to exceed 8 1/2 by 11 inches. A separate floor plan is required for each floor used in conjunction with the licensed business.

(c) An applicant for extension of premises shall post, for a period of at least 15 days beginning with the day the application is filed with the Board, in a conspicuous place on the outside of the licensed premises, a notice of application in a form, and size and containing provisions the Board requires concerning the requested extension. Proof of the posting of the notice shall be filed with the Board.

§ 7.23. Approval.

The additional premises for which it is desired to extend a license shall be completely equipped for the carrying on of the type of business permitted under the license, but no sales of liquor or malt or brewed beverages, storage or similar activity may take place in the additional premises until approval has been given by the Board. Where the extension of premises involves physical alterations or new construction, the Board may grant prior approval for the extension, as similarly provided in section 403(a) of the Liquor Code (47 P. S. § 4-403(a)). The application for extension of license shall be accompanied by a written request for consideration, together with floor plans as set forth in § 7.8 (relating to floor plans) clearly showing the premises as it will be after the alterations or construction are completed. If the additional premises the applicant intends to license has not been constructed at the time the application is filed with the Board, a site plan shall be submitted as set forth in § 7.9 (relating to site plans). Approval may be in the form of a new license, giving the additional address or a letter authorizing the use of additional premises. In the case of distributors and importing distributors of malt or brewed beverages, no sales of malt or brewed beverages may be made in a warehouse except that in which the office or principal place of business of the licensee is maintained.

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of February 2001

The Department of Banking of the Commonwealth of Pennsylvania, under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), hereby determines that the maximum lawful rate of interest for residential mortgages for the month of February, 2001, is 8 1/2%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department of Banking is required by State law to compute and announce the ceiling rate on residential mortgages in Pennsylvania. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the U. S. Treasury. The latest yield rate on long-term government securities is 6.06 to which was added 2.50 percentage points for a total of 8.56 that by law is rounded off to the nearest quarter at 8 1/2%.

DEPARTMENT OF EDUCATION

Availability of Program Year 2001-02 Federal Even Start Grants for New and Expansion Family Literacy Programs

The Federal Even Start Family Literacy Program is authorized by Title I, Part B, of the Elementary and Secondary Education Act (ESEA), as amended by the Literacy Involves Families Together (LIFT) Act. This program is administered by the Pennsylvania Department of Education (PDE) for family literacy programs that will:

1. Target families living in areas of high concentration of poverty who are receiving welfare benefits and who have educational needs;
2. Enable communities to foster cooperative partnerships that build on existing community resources to create a new range of services; and
3. Provide services that are of sufficient intensity in terms of hours and of sufficient duration, to make sustainable changes in a family, and that integrate all of the following:
 - a. Interactive literacy activities between parents and their children;

b. Training for parents regarding how to be the primary teacher for their children and full partners in the education of their children;

c. Parent literacy training that leads to economic self-sufficiency; and

d. An age-appropriate education to prepare children for success in school and life experiences.

Organizations eligible to apply for an Even Start grant include Local Educational Agencies (LEA) or Community-Based Organizations (CBO). Eligible entities are required to establish a formal partnership between one or more LEAs and one or more CBOs. Priority consideration will be given to applications that reflect the family focus of Even Start; locate new sites in areas designated by the Federal government as empowerment zones or enterprise communities; submit a total budget which contains a local match beyond the required Even Start statutory percentages; and target services to families most in need (that is, educationally disadvantaged adults who are receiving public assistance; do not have high school diplomas; are members of minority groups; are single parents; have children with developmental delays; reside in a Title I school attendance area; and [if in primary grades] are receiving Title I services). Priority will also be given to programs that are coordinated with adult education and literacy programs; county assistance offices; social service agencies; public libraries; Team PA Career Link One-Stop Centers; Workforce Investment Act (WIA) Programs; elementary schools; family centers; preschool programs such as Head Start; licensed child care centers; and other community groups or agencies that provide services and assistance to persons in need of basic literacy skills and/or support services.

Special consideration will be given to Even Start Family Literacy Programs in the following order of priority:

1. Applications for Renewal of grants to currently-funded Even Start Family Literacy Programs, providing sufficient progress is made toward meeting program goals and objectives. *Note:* Even Start projects applying for their fourth or eighth year of operation should consult the application guidelines for special provisions pertaining to the duration of projects;
2. Applications for Expansion of existing Even Start Family Literacy Programs within the same county(ies) to new school districts or charter schools which receive Title I, Part A, ESEA funds, providing sufficient progress is made toward meeting program goals and objectives;
3. Applications for New Even Start Family Literacy Programs by school districts or charter schools receiving Title I, Part A, ESEA funds in unserved areas of counties not served by a current Even Start or State Act 143 grant; and
4. Applications for New Even Start Family Literacy Programs by community-based organizations, in partnership with school districts and/or charter schools receiving Title I, Part A, ESEA funds in unserved areas of counties not served by a current Even Start or State Act 143 grant.

The "Grant Period" (or duration of an Even Start grant) will be for a term of 4 years provided that sufficient progress is made towards meeting program objectives. At the end of the grant period, grantees will be authorized to reapply and compete with other applicants for another 4-year term. Upon the completion of 8 years, special

provisions apply to the continuation of program operations. Refer to the application guidelines for details.

Restrictions placed upon the PDE for the administration of the Even Start grant:

1. The Federal program requires a local contribution/matching funds in addition to the requested grant amount. The total cost of the program is to be supported by grant funds and a "local share." The Even Start statute requires a graduated increase in the local share, which ranges from 10% (in the first year) to 65% depending upon the year of operation (see application guidelines for details); and

2. Section 1204 of the Even Start statute prohibits a local program from using grant funds for indirect costs. This restriction includes the project's matching funds (local share).

Even Start applications must be completed on-line and submitted via the e-grant website at <http://www.egrants.ed.state.pa.us> to the Bureau of Adult Basic and Literacy Education, Pennsylvania Department of Education, on or before the following submission dates:

- Even Start Family Literacy Renewal Applications..... March 9, 2001
- Even Start Family Literacy New and Expansion Applications..... April 3, 2001

Instructions and the Application Guidelines are available via ABLE site at www.paadulthood.org and via the e-grant website.

Current grant recipients already have Master Agreements in effect that expire June 30, 2003, provided that sufficient progress is made toward meeting program objectives and program/fiscal reporting requirements. The agencies must execute a 2001-02 Program Year Rider W, to include a new budget and any changes to the application narrative in order to continue their funding. At the end of the grant period, grantees will be authorized to reapply and compete with other applicants for another multi-year term. These grants will be funded by Rider W to a Master Agreement executed between the Department of Education and the funded agency. 2. Expand the availability of adult literacy, family literacy and other adult education programs, including volunteer programs, in the Commonwealth; and
3. Only family literacy will provide services that are of sufficient intensity in terms of hours, and of sufficient duration, to make sustainable changes in a family, and that integrate all of the following:
 - a. Interactive literacy activities between parents and their children;
 - b. Training for parents regarding how to be the primary teacher for their children and full partners in the education of their children;

4. Applications for New Act 143 Family Literacy Programs by community-based organizations, in partnership

with school districts and/or charter schools, in unserved areas of counties not served by a current Act 143 or Federal Even Start grant.

Availability of Workforce Investment Act of 1998 Section 231 Funds for Adult Basic Education and Adult Secondary Education Programs for Program Year 2001-02

Title II of The Workforce Investment Act of 1998, The Adult Education and Family Literacy Act, provides funds to local eligible provider agencies through the Pennsylvania Department of Education for the establishment of adult education and family literacy programs that will:

1. Assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency;
2. Assist adults who are parents to obtain the educational skills necessary to become full partners in the educational development of their children; and
3. Assist adults in the completion of a secondary school education.

Additional funding has recently been released by the United States Department of Education for the sole purpose of integrating "English literacy and civics education services to immigrants and other limited English proficient populations." Pennsylvania has been awarded approximately \$1,000,000 of the \$70 million allocated funds. Funding for ESL will not be awarded without a civics curriculum component. Instruction is intended for, but not limited to, those immigrants seeking permanent legal residence in the United States.

Eligible applicants include local education agencies and public or private non-profit agencies, organizations and institutions. A for-profit agency is eligible to participate in the program only if it is part of a consortium with a local education agency or other eligible sponsor, with the non-profit agency acting as fiscal agent. A for-profit organization must also have the capability and capacity to augment significantly the adult education services of such a consortium.

Consistent with the purpose of the Adult Education and Family Literacy Act and the intent of the earmarked funding for ESL/Civics, for Program Year 2001-02, the Pennsylvania Department of Education will give consideration to programs for immigrants seeking permanent legal residence in the United States as follows:

- A. *Primary Consideration:* Applications for the continuation or expansion of existing ESL/Civics programs that have demonstrated an ability to produce results consistent with the objectives of the Adult Education and Family Literacy Act and the requirements of the ESL/Civics earmarked funding; and/or
- B. *Secondary Consideration:* Applications for other ESL/Civics programs that demonstrate evidence of an

ability to produce results consistent with the objectives of the Adult Education and Family Literacy Act and the requirements of the federal ESL/Civics earmarked funding language.

In applying for ESL/Civics program, funding agencies will determine appropriate funding levels (grant amounts) by ensuring that the cost per student does not exceed \$450. Call Jeff Bostic at (717) 787-6344 if assistance in this calculation is required.

When mailing in the Rider signature page, the applicant should also enclose documentation that provides evidence of the following:

1. A compelling need for the services, such as waiting lists;
2. The ability to integrate civics instruction into existing ESL programming;
3. A plan for integrating and delivering curriculum and evaluating the benefits of this instruction;
4. Proof of a viable curriculum that is used for ESL instruction that includes assessment; and
5. A history of having met or exceeded its enrollment obligations for the past several years in programs funded by the Bureau of Adult Basic and Literacy Education.

The "Grant Period" (or duration of a Section 231 ESL/Civics grant) will be for a term of 1 year—July 1, 2001, through June 30, 2002. All grants will be funded by Rider K to a Master Agreement executed between the Department of Education and the funded agency. Current ESL/Civics grant recipients already have Master Agreements in effect that will expire June 30, 2003, provided that sufficient progress is made toward meeting program objectives. The agencies must execute a 2001-02 Program Year Rider K to include a new budget and any changes to the application narrative in order to continue their funding. Agencies not currently funded will be given instructions on execution of the Master Agreement once grant applications are accepted for approval.

Section 231 ESL/Civics grants will comprise the 75% Federal share of total program costs. Grant recipients must fund the 25% local match share that may be in-kind. Other Federal funds may not be used for the local match unless specifically identified as eligible for use as matching funds.

Restrictions placed upon the Pennsylvania Department of Education by the United States Department of Education on the administration of the grant include:

1. Not less than 82.5% of the State's allotment must be used for adult education and/or family literacy programs;

2. Not more than 8.25% of the State's allotment may be used for corrections education programs; and

3. Not more than 5% of a local applicant's grant may be used for administrative costs, unless a higher percent is approved in advance by the Bureau of Adult Basic and Literacy Education, Pennsylvania Department of Education.

Section 231 ESL/Civics applications must be completed online and submitted via the e-grant website at <http://www.egrants.ed.state.pa.us> to the Bureau of Adult Basic and Literacy Education, Pennsylvania Department of Education. Instructions and the Application Guidelines are available via the ABLEsite at www.paadulted.org and via the e-grant website.

Application due date for ESL/Civics (an 061 project in the e-grant process) is April 20, 2001

Note: The Bureau of ABLE reserves the right to consider proposals received after these deadlines and, if appropriate, to approve them if and when funds become available.

All potential applicants are urged to attend the proposal development workshop to learn the latest changes to program guidelines and new requirements for submitting e-grant applications for adult education and family literacy programs funded through (1) the Federal Workforce Investment Act, Section 231, (2) State Adult Literacy Program, Act 143 of 1986, and (3) the Federal Even Start Family Literacy Program. This workshop will be conducted by teleconference on January 30, 2001, 1 to 3:30 p.m. For the nearest downlink site and to ensure that space, materials and handouts are available, all attendees must register to attend by contacting the Distance Learning Center at (800) 236-5293. For individuals who are deaf or hard of hearing, the Pennsylvania Relay Service (800) 654-5984 TTY can be used to call the Distance Learning Center. In order to ensure timely administration and processing of e-grant applications, both the grant writer and the fiscal officer should attend the workshop.

ESL/Civics funding is not to be considered permanent, as its continued availability is not something that is guaranteed. For information on existing civics materials, contact the state literacy resource center, ADVANCE, at (800) 992-2283.

Individual CAFO NPDES Permit

Southcentral Regional Office: Regional Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4707.

Application No. PA 0088595, PMI Agricultural LLC (Purina Wide Awake Farm), 488 Jay Road, Clearville, Pennsylvania 15535-6217.

Mike Mullady has submitted an application for an NPDES permit for an existing concentrated animal feeding operation (CAFO) known as Purina Wide Awake Farm, located on Jay Road in Monroe Township, **Bedford County**. The CAFO is situated near West Branch Sidling Hill Creek, which is classified as Exceptional Value Waters (EV). The CAFO is designed to maintain an animal population of 676.61 animal equivalent units (AEUs), consisting of 168 sows with litter, 1,152 gestating sows, 27 boars, 3,250 nursery pigs, and 70 finishing pigs.

Manure generated at the facility flows by gravity to an existing earthen storage facility with an HDPE liner containing an approximate storage capacity of approximately 2,666,000 gallons. Manure is stored in an existing concrete structure at a second facility with a capacity of approximately 30,000 gallons. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department of Environmental Protection (DEP) has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations including the Final CAFO Strategy, the Department has made a tentative determination to issue an individual NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the draft permit.

DEP has scheduled a public hearing to receive testimony and comments on the proposed CAFO NPDES permit. The hearing will be held on Wednesday, February

21, 2001 beginning at 7 p.m. at the Monroe Township Municipal Building, 247 Rock Hill Church Road, Clearville, PA 15535.

Any person intending to testify at the hearing should register by Friday, February 15, 2001, by calling Ms. Charlotte Bonafair at (717) 705-4703. If no person registers to present oral comments by this deadline, the hearing will not be held. Persons interested in finding out if anyone has registered, and if the hearing will be held, also should contact Ms. Bonafair at the same number. In addition, any person wishing to submit testimony but cannot attend the hearing, may do so in writing by February 21, 2001. Written comments should be sent to Mr. Edward Muzic, Water Management Program, Permits Section, DEP Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110-8200.

All testimony should be to the point. Each individual will have up to 10 minutes for his/her presentation. To ensure that all speakers have a fair and equal opportunity to present their testimony, relinquishing of time will be prohibited. Further details relating to the procedures to be followed at the hearing will be outlined at the beginning of the proceedings.

The permit application and proposed draft permit are on file at the Southcentral Regional Office in Harrisburg. An appointment to review the files may be scheduled by calling Ms. Mary DiSanto at (717) 705-4732 between the hours of 8 a.m. and 4 p.m., Monday through Friday.

All comments received will be considered in formulating the Department's final determination regarding the application. All comments should include the name, address, and telephone number of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based.

Following the 30-day comment period, the Water Management Program Manager will make a final determination regarding the proposed permit. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time the determination may be appealed to the Environmental Hearing Board.

The Environmental Protection Agency (EPA) permit review waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

LAND RECYCLING AND ENVIRONMENTAL REMEDICATION UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known suspected contaminants at the site, the proposed remediation

measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Pursuant to sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified below, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified below. During this comment period the municipality may request that the person identified below, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, please contact the Environmental Cleanup Program Manager in the Department Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

NOTICE OF PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NONMAJOR SOURCES AND MODIFICATIONS

The Pennsylvania Department of Environmental Protection (DEP) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the DEP, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its

application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

Notice is hereby given that the DEP has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Office identified in this notice. Persons interested in reviewing the application files should contact the appropriate Regional Office to schedule an appointment.

Persons wishing to receive a copy of the proposed Plan Approval or Operating Permit must indicate their interest to the DEP Regional Office within 30 days of the date of this notice, and must file protests or comments on a Proposed Plan Approval or Operating Permit within 30 days of the DEP providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Any comments or protests filed with DEP Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the DEP schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office identified below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121 through 143, the Federal Clean Air Act and regulations adopted under the Act.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permits

Pursuant to 25 Pa. Code § 127.521 and § 127.424, notice is hereby given that the Department of Environmental Protection (Department) intends to issue a Title V Operating Permit to the following facilities. These facilities are major facilities subject to the operating permit requirements under Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permits).

Appointments to review copies of the Title V application, proposed permit and other relevant information must be made by contacting Records Management using the appropriate Regional Office telephone number noted below. For additional information, contact the appropriate Regional Office noted below.

Interested persons may submit written comments, suggestions or objections concerning the proposed Title V permit to the Regional Office within 30 days of publica-

tion of this notice. Written comments submitted to the Department during the 30-day public comment period shall include the name, address and telephone number of the persons submitting the comments, along with the reference number of the proposed permit. The commentator should also include a concise statement of any objections to the permit issuance and the relevant facts upon which the objections are based.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office listed below. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department reserves the right to hold a public hearing on the proposed action based upon the information received during the public comment period and will provide notice of any scheduled public hearing at least 30 days in advance of the hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation where the facility is located.

S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for such certification.

Written comments or objections, or requests for information conferences on applications, may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—123 and 86.31—34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences).

Where any of the mining activities listed below will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. Such NPDES permits will contain, at a minimum, technology-based effluent limitations (as described in the Department's regulations—25 Pa. Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone

number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Plans and reports required by provisions of the Act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report, and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. A cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. SPECIAL NOTICES

UNDERGROUND STORAGE TANK HEATING OIL CLEANUP PROGRAM

REAUTHORIZED

Under the Act of December 20, 2000

Announcement of reauthorization of the reimbursement program under section 710(b.2) of the Storage Tank and Spill Prevention Act.

The Department of Environmental Protection announces the reauthorization of a reimbursement program for tank owners who have underground storage tanks with a capacity of 3,000 gallons or less used for storing heating oil for consumption on the premises where stored, to assist with costs of taking correction action in response to a release. The release must have occurred on or after January 30, 1998. The program had expired on January 30, 2000. The reauthorization is retroactive to the date of expiration, thereby providing for continuity since program inception.

Typical eligible corrective action costs include excavating, emptying, cleaning, removing, transporting and disposing of a leaking storage tank; excavating contaminated soil; transporting and disposing of wastes; and restoring disturbed or contaminated areas by backfilling, grading and revegetating. Costs associated with the removal of non-leaking storage tanks and releases from storage tanks located in underground areas such as basement or cellars are not eligible for reimbursement.

The reimbursement is limited to the actual costs of correction action or \$4,000, whichever is less. However, a \$1,000 deductible must be paid first by the tank owner. The reimbursement and deductible apply on a per tank basis. All reimbursements are funded through the Underground Storage Tank Indemnification Fund and up to \$500,000 per year may be available. The program expires on June 30, 2005.

For more information or to obtain a copy of the application, contact the Storage Tanks and Hazardous Sites Corrective Action Section in Harrisburg at (717) 783-7816, or contact the Environmental Cleanup Program in the local DEP regional office, email tankclnup@dep.state.pa.us or visit our website at <http://www/dep.state.pa.us> (type in directLINK "Tank Cleanup").

Notice of Public Meeting on Existing Use Classifications of Streams

The Department is holding a public meeting on the classification of certain streams for existing use protection under the Department's antidegradation program. Streams are listed in a publicly accessible compilation of surface water segments where data indicating the appropriate existing use classification of the water has been evaluated. The list is maintained and updated by the Department's Bureau of Watershed Conservation based on the best available information on a stream segment, and may be found on the Department's website at www.dep.state.pa.us. The directLink is "water quality assessment and standards." The list includes streams that were evaluated for High Quality (HQ) status as Class A Wild Trout Streams in response to a submittal by the Pennsylvania Fish and Boat Commission (PFBC). It also includes other streams that the Department has evaluated for existing use protection. The list is used by Department staff and County Conservation District employees in the review of requests for permits and approvals that may impact water quality. The list is also used by permit applicants and the general public.

Existing use protection differs from designated use protection for a surface water in several ways. A designated use is a regulation that is the product of a rulemaking process, while an existing use is a Department classification for a stream based on the best available information for a surface water that the Department

has reviewed. The existing use for a stream is determined as part of the Department action on a request for a permit or approval. An existing use is the use a waterbody actually attains on or after November 28, 1975. A designated use, on the other hand, constitutes the regulatory goal that the Environmental Quality Board (EQB) promulgates for a surface water, regardless of whether the water has actually attained such a use. If available information indicates that a waterbody attained a use at any time on or after November 28, 1975, and the water has since been degraded, the existing use is the most stringent use attained on or after that date regardless of subsequent degradation. Another important difference between existing and designated uses is that the regulations provide a mechanism whereby the designated use of a water may be made less stringent by the EQB in certain circumstances, but no such mechanism is available for an existing use.

Classification of streams for existing use protection is an ongoing process. Agencies, organizations, individuals and others have the option of providing data to the Department, in accordance with Department protocols, which supports or refutes an existing use classification for a stream. Waterbodies on the list are periodically compiled into rulemaking actions taken before the EQB in order to change the designated use to match the existing use the stream attains. The Department intends to prepare, for EQB review, a proposed rulemaking package to update the designated use of the water to match the

existing use of the water where an existing use evaluation indicates a use different than the current designated use of the water.

The purpose of the public meeting is to explain the Department's existing use protection program. Table 1 includes streams evaluated by the Department for existing use protection from the list of Class A Wild Trout Streams approved by the PFBC after public comment and published at 29 Pa.B. 6202 (December 4, 1999); the Little Bush Kill et al., proposed rulemaking package (EQB meeting agenda, March 20, 2001); and additional streams evaluated by the Department.

Data and other information supporting the existing use classifications are available for public review during normal business hours at the Division of Water Quality Assessment and Standards, 10th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA, and can be obtained from the Division upon request in accordance with the Department's public information and copying policy. Questions concerning these evaluations

can be directed to Richard H. Shertzer, Division of Water Quality Assessment and Standards, Bureau of Watershed Conservation, P. O. Box 8555, Harrisburg, PA 17105-8555, (rshertzer@state.pa.us), (717) 787-9637.

The public meeting will be held at 1 p.m. on Monday, February 12, 2001 in the auditorium (2nd Floor) of the Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA. During the public meeting, the Department will explain existing use protection and respond to questions.

Persons in need of accommodations as provided for in the American with Disabilities Act of 1990 (ADA) should contact Richard Shertzer at (717) 787-9637 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

[Pa.B. Doc. No. 01-84. Filed for public inspection January 19, 2001, 9:00 a.m.]

Laboratories Approved to Determine Urine Controlled Substance Content under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code, and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health under the Clinical Laboratory Act (35 P. S. §§ 2151—2165) and/or the Federal Clinical Labora-

tory Improvement Act of 1967 (42 U.S.C.A. § 263a) and are currently approved by the Department under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of urine for the determination of controlled substances or their biotransformation products. This approval is based on demonstrated proficiency in tests conducted by the Bureau of Laboratories of the Department of Health. These laboratories are also approved and designated for pur-

poses of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2502 (relating to hunting or furtaking under the influence of alcohol or controlled substance), as qualified to perform the types of services which will reflect the presence of controlled substances or their biotransformation products in urine.

Depending upon their capability and performance in proficiency surveys, laboratories are approved to perform screening and/or confirmatory urine drug analyses. Laboratories approved to perform screening tests only are designated on the approval list by an "S" after the laboratory's name. Laboratories approved to perform confirmatory testing only are designated by a "C" following the laboratory's name. Those approved to perform both screening and confirmatory analyses are designated by the letters "SC". Screening analyses provide a presumptive indication that a controlled substance is present. Confirmatory testing is used to substantiate screening results.

Persons seeking forensic urine drug analysis services from any of the listed laboratories should determine that the laboratory employs techniques and procedures acceptable for the purpose. They should also determine that the director of the facility is agreeable to performing analyses for that purpose. Persons seeking the analyses are responsible for specifying the extent to which the presence of a controlled substance is to be verified. That specification should be predicated upon the purpose for which the analysis is being sought.

The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*. Questions regarding this list should be directed to M. DEPARTMENT OF LABOR AND INDUSTRY

Office of Vocational Rehabilitation; Public Com- ment on Amendments to State Plan

The Department of Labor and Industry, Office of Vocational Rehabilitation (OVR), including the Bureau of Blindness and Visual Services (BBVS), under the Rehabilitation Act of 1973 as amended in the Workforce Investment Act of 1998, announces a period of public comment throughout the Commonwealth. The purpose of this period of comment is to provide individuals, advo-

cates and other interested parties and/or organizations the opportunity to present their views and recommendations regarding vocational rehabilitation (VR) services for persons with disabilities. In Pennsylvania, those services are provided by OVR through a network of 21 local offices including the OVR and the BBVS District Offices and the Hiram G. Andrews Center.

OVR, including BBVS, is required under law to develop and implement a Combined Agency State Plan which must be reviewed and, as necessary, revised annually when there are changes to the state's VR program. The Combined Agency State Plan, currently in effect for the period 2000-2004, is a compliance document filed with the Commissioner, Rehabilitation Services Administration, United States Department of Education. It is the blueprint for the provision of VR services to persons with disabilities in the Commonwealth of Pennsylvania.

This period of public comment gives interested parties an opportunity to provide input regarding Pennsylvania's public VR program. Specifically, comment is being solicited regarding the following State Plan components: summary of input and recommendations of the State Rehabilitation Council, response of the designated state unit, and explanations for rejection of input or recommendations; comprehensive system of personnel development; annual estimate of individuals to be served and costs of services; state's goals and priorities; order of selection; innovation and expansion activities; and supported employment services.

All meeting sites are accessible and interpreters for people who are deaf or hard of hearing will be present at each public forum. For additional information, reasonable accommodation requests, or alternative format requests please call the OVR District Office or BBVS District Office conducting the public forum you wish to attend.

If an individual or organization is unable to attend the public forums, but wishes to give testimony, written comments may be mailed to the appropriate OVR or BBVS District Office serving the area in which the individual/organization resides. Written comments should be submitted to that District Office by March 30, 2001.

A listing of OVR District Offices, the Hiram G. Andrews Center and BBVS District Offices and their addresses and telephone numbers (Voice & TTY) follows. The OVR and BBVS public forums are planned for March 19, 2001 through March 30, 2001. Persons/organizations wishing to obtain information regarding the specific time and location of the meetings in their area, a copy of the State Plan Attachments, or other information regarding OVR or BBVS services should contact the appropriate District Office in their area.

Copies of the current Combined Agency State Plan and revised Attachments will be available on the OVR web site: <http://www.dli.state.pa.us/ovr>

Finding

Allegheny County

Pursuant to the provisions of 71 P. S. Section 2002(b), The Secretary of Transportation makes the following written finding:

The Federal Highway Administration and the Department of Transportation plan to widen and reconstruct approximately 207 meters (679 feet) of S.R. 0050 (Washington Avenue) from Chartiers Street to Hickman Street in Bridgeville Borough, Allegheny County.

The subject project will require right-of-way from the Cloussy Brothers property, which contains a structure that has been determined eligible for listing in the National Register of Historic Places and therefore qualifies as a Section 2002/Section 4(f) resource. There are no other features within the Cloussy Brothers parcel to act as contributing elements to the structure. The project would involve a 64.6 sq. meter (695 sq. ft.) portion of the 1,860 sq. meter (20,022.5 sq. ft.) parcel without affecting the structure. There are no other Section 2002/Section 4(f) resources within the project area. The proposed project will have no adverse effect on the resource.

The environmental, economic, social, and other effects of the proposed project as enumerated in Section 2002 of the Administrative Code, have been considered. It has been concluded that there is no feasible and prudent alternative to the project as designed and all reasonable steps have been taken to minimize such effects.

No adverse environmental effect is likely to result from this highway construction project.

BRADLEY L. MALLORY,
Secretary

[Pa.B. Doc. No. 01-91. Filed for public inspection January 19, 2001, 9:00 a.m.]

Finding

Washington County

Under Section 2002(b) of the Administrative Code of 1929 (71 P. S. § 512(b)) the Secretary of Transportation makes the following written finding:

The Pennsylvania Turnpike Commission plans to construct the Mon/Fayette Expressway from U.S. Route 119 near Uniontown, in Fayette County, to PA Route 88, just west of Brownsville in Washington County.

The project consists of the construction of a four-lane divided, limited access toll highway that begins at a new interchange 3 kilometers (2 miles) south of U.S. Route 40 on existing PA Route 88 in Centerville Borough, Washington County, and extends in a southeasterly direction to a reconstructed interchange with PA Route 51 and U.S. Route 119, in North Union Township, Fayette County.

The total length of the project is 24.6 kilometers (15.2 miles). Intermediate interchanges will be located at relocated Bull Run Road (S.R. 4003) in Luzerne Township, the extended U.S. Route 40 stub end in Redstone Township, Upper Middleton Road (S.R. 4010) in Menallen Township, and Fan Hollow Road (T-719)/Old Pittsburgh Road (T-986) in North Union Township.

The project will require the use of property from one (1) National Register eligible historic property or site, the National Road (U.S. Route 40). All possible planning measures were considered to minimize and mitigate harm from use of the National Road. The Selected Alternative will have the least harm on the National Road. The U.S. Department of Interior, in correspondence dated January 14, 2000, concurred in the finding that there is no feasible and prudent alternative to the use of Section 2002 resources, and also concurred with the proposed measures to minimize harm. Mitigation commitments are documented in the Record of Decision for the project.

The proposed project will not use land from any public recreation area, public wildlife and/or waterfowl refuge, State forest land, State game land, wilderness area, or public park.

With the completion of all the mitigation commitments documented in the Final Environmental Impact Statement, Final Section 4(f) Evaluation, and Record of Decision for the project, it is concluded that no "feasible and prudent" alternative to the selected action exists, and all reasonable steps have been taken to minimize the effects of the proposed action.

Secretary

PENNSYLVANIA INFRASTRUCTURE INVESTMENT AUTHORITY AND DEPARTMENT OF ENVIRONMENTAL PROTECTION

Clean Water State Revolving Fund Projects; Public Meeting on Federal FY 2001 Intended Use Plan

The Pennsylvania Infrastructure Investment Authority (PENNVEST) and the Department of Environmental Protection (Department) have prepared the Federal fiscal year 2001 Intended Use Plan (IUP) list of municipal wastewater projects to be considered for a construction loan from funds Pennsylvania expects to receive from fiscal year 2001 Federal appropriation Acts to capitalize the Clean Water State Revolving Fund (CWSRF) program.

The projects to be considered for a loan from the CWSRF must meet the Federal requirements for funding in accordance with Title II and Title VI of the Water Quality Act. Accordingly, the projects included in the IUP are expected to meet the requirements applicable to use of the CWSRF loan funds, including being on Pennsylvania's approved FY 2000/2001 Project Priority List (PPL). These projects are expected to proceed to construction in the near future. Any project removed from an IUP is maintained on the PPL unless otherwise completed.

In addition, the Department and PENNVEST anticipate adding approximately 32 new sewage projects to the approved FY 2000/2001 PPL. The 32 projects do not replace any project currently on the approved FY 2000/2001 PPL. The projects are being placed in the appropriate ranking slot in relation to other rated and ranked projects on the PPL. The rank order standing of projects on the PPL does not dictate the order in which projects are chosen for funding in the CWSRF program. A project may be selected from any numerical rank position on the PPL for funding. A project's readiness to proceed and the reasonable availability of alternative sources of funds have a bearing on project selection for funding in the program.

Eleven of the 32 projects to be added to the FY 2000/2001 PPL are expected to proceed to construction in the near future, and the others are being added as potential projects for future construction loan consideration. The 11 projects expected to be ready for loan funding in the near future have submitted applications for funding and will be placed on an IUP to (1) replace

projects that have not proceeded timely toward initiation of project construction and/or (2) to fill funding gaps that have developed as a result of cost savings. Projects removed from an IUP will remain on the PPL and be considered for CWSRF loan funds in the future.

Thirteen projects are being removed from the FY 2000/2001 PPL because they have received CWSRF funding and are now either in some stage of construction or have been completed. These projects are: Central Carbon Municipal Authority, Eagles Mere Borough Authority, Frankstown Township Supervisors, Freedom Township Water and Sewer Authority, Glassport Borough, Juniata Terrace Borough, Lincoln Borough, Mercer Borough, Monongahela City, Pleasant Hills Borough, Rush Township Sewer Authority, Ulysses Municipal Authority and Williamsport Sanitary Authority.

The FY 2001 IUP has 38 municipal wastewater construction projects listed with a total dollar value of approximately \$89.5 million. The CWSRF will be capitalized with approximately \$52.8 million of Federal FY 2001 funds from the Environmental Protection Agency and approximately \$10.6 million of State funds. Some \$28.2 million of CWSRF loan repayments will be used to allow additional project funding opportunities on the FY 2001 IUP. Some \$2.1 million will be set aside for program administration costs, as described in the narrative portion of the IUP.

A public meeting will be held, as described. After the public meeting and assessment of the comments received, the Final FY 2001 IUP will be completed, and potentially, it may include other projects from the PPL. A project must appear on the PENNVEST approved IUP before it can receive a loan from the CWSRF. A project's readiness to proceed and the reasonable availability of alternative funds also have a bearing on project selection for the IUP. Consequently, the rank ordered list of projects on the PPL does not dictate the order in which they will be chosen for inclusion in the IUP.

Federal guidance on development of the IUP directs that the project list be subject to public review and comment before being submitted to the United States Environmental Protection Agency.

The Department has scheduled a public meeting for 10 a.m., February 21, 2001, in the Auditorium of the Rachel Carson State Office Building, located at 400 Market Street, Harrisburg, PA. The meeting is scheduled for the purpose of receiving comments from the public regarding the fiscal year 2001 IUP and revisions to the fiscal year 2000/2001 PPL. Interested persons are invited to express their views on the priority rating or ranking of projects on the IUP at the public meeting. Persons wishing to offer comments should contact the Administrative Services Section, Division of Municipal Financial Assistance, Bureau of Water Supply Management, 11th Floor, Rachel Carson State Office Building, P. O. Box 8466, Harrisburg, PA 17105-8466, telephone (717) 787-6744, or by Internet E-Mail (AMaisano@state.pa.us) by 4 p.m., February 20, 2001. Where written statements are prepared and will be submitted at the meeting, speakers will be asked to restrict the oral portion of the statement to a summary of the written comments. Speakers will be called to present their comments generally in the order of receipt of the notice of intent to appear at the meeting.

It is not necessary to appear at the public meeting to present comments on the narrative portion of the IUP, the IUP list of projects, or the revisions to the PPL. Interested persons may submit written comments to the

Department at the address shown above. The written comments will be considered equivalent to oral statements presented at the meeting. To be considered by the Department and PENNVEST, the written comments must be received by the Administrative Services Section on or before the date of the meeting.

Persons in need of accommodations as provided for in the Americans With Disabilities Act of 1990 should contact Tony Maisano as noted above or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

The FY 2001 CWSRF IUP list of projects and the list of additions to the FY 2000/2001 PPL follow this notice. A copy of the lists, as well as the narrative portion of the IUP, are available for public review in the offices listed at the end of this notice and are accessible electronically through the Department's web-site as follows: http://www.dep.state.pa.us/dep/deputate/watermgt/WSM/WSM_TAO/Finan_Tech_Asst.htm
