READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Proclamation of Disaster Emergency

January 7, 2010

Whereas, a prolonged period of severe winter weather across the northeastern United States including Pennsylvania has resulted in serious logistical problems associated with the distribution and delivery of propane gas and heating fuels in the Commonwealth; and

Whereas, representatives from the propane and heating fuels industry indicate that relief from federal hour of service limitations for drivers of commercial motor vehicles is necessary to overcome these logistical problems; and

Whereas, investigations made on my behalf by the Department of Environmental Protection and the Pennsylvania Emergency Management Agency have determined that the Commonwealth is at this time in need of greater flexibility in the application of federal motor carrier regulations to drivers of commercial vehicles transporting propane gas and heating fuel within the state; and

Whereas, a duly declared emergency is necessary in order for the Pennsylvania Department of Transportation to waive federal motor carrier regulations related to hours of service for drivers of commercial motor vehicles transporting propane gas and heating fuels to avoid interruption of the delivery of supplies of propane gas and heating fuels in quantities essential to public welfare within the Commonwealth; and

Whereas, the serious impact of this continuing weather event on both the immediate and long-term economy of the Commonwealth represents a major hardship requiring a comprehensive federal, state, and local partnership for effective recovery.

Now Therefore, pursuant to the provisions of Subsection 7301(c) of the Emergency Management Services Code (35 Pa.C.S. § 7101, et seq.), I do hereby proclaim the existence of a disaster emergency across the Commonwealth. In accordance with the State Emergency Operations Plans, I hereby direct the Pennsylvania Department of Transportation to waive any laws or regulations in the manner and to the extent necessary to permit the motor carrier operations necessary to provide supplies of propane gas and heating fuel adequate to preserve the public welfare in the Commonwealth. This proclamation shall terminate on January 21, 2010, unless extended by an amendment.

Given under my hand and the Seal of the Governor, at the city of Harrisburg, on this seventh day of January in the year of our Lord two thousand ten, and of the Commonwealth the two hundred and thirty-fourth.

Governor

PART VII. ADMINISTRATIVE OFFICE OF PENNSYLVANIA COURTS [204 PA. CODE CH. 213]

Public Access Policy of the Unified Judicial Sys- tem of Pennsylvania: Official Case Records of the Magisterial District Courts

In accordance with the Judicial Code, 42 Pa.C.S. § 4301(b), the following policy has been approved by the Supreme Court and shall be effective July 1, 2010.

The policy and other related information can be found on the Unified Judicial System's public access web page located at <http://www.pacourts.us/T/AOPC/PublicAccessPolicy.htm>. Additionally, the forms pertaining to requests for official case records and confidential information that are referenced in the policy will be available on the public access web page and at the magisterial district courts no later than July 1, 2010.

Note that this policy supplants the existing *Public Access Policy of the Unified Judicial System of Pennsylvania: Magisterial District Courts*, found at 204 Pa. Code §§ 213.1 and 213.11.

Filed in the Administrative Office of Pennsylvania Courts on January 8, 2010.

ZYGMONT A. PINES,
Court Administrator of Pennsylvania

Public Access Policy of the Unified Judicial System of Pennsylvania: Official Case Records of the Magisterial District Courts

Introduction

Article V, Section 10(c) of the Pennsylvania Constitution vests the Supreme Court with the authority to prescribe practices and procedures for public access to the records of the Unified Judicial System (UJS) including magisterial district courts. Guided by constitutional and common law principles, the policies governing access to UJS records begin with the presumption of openness.

This presumption in the Judiciary is long-standing, both in policy and practice. In 1994, the Supreme Court established standards and protocols for public access to court records, beginning with the policy on access to magisterial district court (formerly district justice) records, whether stored electronically or in hard copy. With the advancements in the Court's automation efforts, the *Electronic Case Record Public Access Policy of the Unified Judicial System of Pennsylvania* (Electronic Record Policy) was adopted by the Court effective January 1, 2007. The Electronic Record Policy covers access to the case record information maintained in the UJS' three automated Statewide case management systems—the

Pennsylvania Appellate Court Management System (PACMS), the Common Pleas Criminal Court Case Management System (CPCMS), and the Magisterial District Judge System (MDJS). Specifically, the Electronic Record Policy addresses what electronic case record information is available to the public; how requests for access are handled; applicable fees; and other related issues. In addition to the Electronic Record Policy, the Supreme Court also promulgated Rule of Judicial Administration 509 in 2007, subsequently amended in 2008, which sets forth procedures for access to the financial records of the Unified Judicial System.

The promulgation of the aforementioned policies and rule affirms that the endeavor to ensure that UJS records are publicly accessible has been methodical and focused. The next logical step in such work was a review of the standards governing access to magisterial district court paper records that are maintained in the case files.

In the spring of 2007, the Court Administrator of Pennsylvania convened a working group to formulate a Statewide public access policy for official case records of magisterial district courts. The working group was comprised of magisterial district judges, district court administrators, representatives of the clerks of court and prothonotaries, counsel from the Supreme Court's rules committees, and staff of the Administrative Office of Pennsylvania Courts (AOPC). Its mission was to precisely define which official case records of the magisterial district courts are accessible and how requests should be facilitated in light of current UJS access policies, statutory provisions governing access to records (including the recently enacted Right-to-Know Law (RTKL), Act 3 of 2008, found at 65 P.S. §§ 67.101—67.3104) and other jurisdictions' access rules and policies related to limited jurisdiction courts. The working group was asked to specifically address release of sensitive information, such as social security numbers.

Court records, including those maintained in the magisterial district courts, often contain sensitive and private information, particularly related to litigants' personal identifiers (for example, social security numbers). Any objective to uniformly protect that information residing in existing and future court records would necessarily involve careful scrutiny of each case record and redaction of pertinent information in accord with applicable policy provisions prior to permitting access by the public.

Redaction of sensitive information was considered, but this approach was ultimately rejected for the following reasons. Depending on individual court resources, this approach could cause delays in fulfilling public access requests to official case records of the magisterial district courts, result in the inadvertent release of nonpublic information, and/or impede the business of the court. Hence, redaction and retroactive application of this policy is not viewed as a viable solution.

The procedures set forth in the policy are intended to further the UJS' open records principles, protect individual privacy and personal security, assure uniform response by UJS court staff, and eliminate any artificial barriers that may delay or complicate access by the public.

Lastly, it is important to note that AOPC in collaboration with its criminal justice partners has significantly advanced the development of the technological protocols necessary to allow electronic filing of criminal complaints and citations into the MDJS on a Statewide basis. Statewide electronic filing promises to ensure that sensi-

tive and personal information filed with a court is adequately protected without placing additional burdens upon litigants or court staff.

Annex A

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART VII. ADMINISTRATIVE OFFICE OF PENNSYLVANIA COURTS

CHAPTER 213. COURT RECORDS POLICIES

Subchapter A. PUBLIC ACCESS POLICY OF THE UNIFIED JUDICIAL SYSTEM OF PENNSYLVANIA: OFFICIAL CASE RECORDS OF THE MAGISTERIAL DISTRICT COURTS

- § 213.1. Definitions.
- § 213.2. Statement of General Policy.
- § 213.3. Requesting Access to Official Case Records of the Magisterial District Courts.
- § 213.4. Responding to Requests for Access to Official Case Records of the Magisterial District Courts.
- § 213.5. Fees.
- § 213.6. Official Case Records of the Magisterial District Courts Not Accessible by the Public.
- § 213.7. Confidential Information in Pleadings or Other Papers Filed with Magisterial District Courts.

§ 213.1. Definitions.

(a) "Access" means that the public may inspect and photocopy the official case records of the magisterial district courts, except as provided by law or set forth in this policy.

(b) "Financial information" means financial institution account numbers, credit card account numbers, debit card numbers, PINS or passwords to secure accounts.

(c) "Official case records of the magisterial district courts" means the records filed with the magisterial district courts and maintained in the paper case files pursuant to specific legal authority.

(d) "Public" means any person, business, non-profit entity, organization or association. "Public" does not include Unified Judicial System officials or employees, or any Federal, State, or local government agency, or employees or officials of such an agency if acting in their official capacity.

Commentary

This policy does not govern access to the official case records of the magisterial district courts by Unified Judicial System officials or employees, or any Federal, State, or local governmental agency, or employees or officials of such an agency if acting in their official capacity. The term "Unified Judicial System officials or employees" includes, but is not limited to, magisterial district judges and staff, clerks of court, prothonotaries, and any other office performing similar functions.

§ 213.2. Statement of General Policy.

(a) It is the policy of the Unified Judicial System to facilitate access by the public to the official case records of the magisterial district courts consistent with all relevant legal authority.

(b) This policy shall govern access by the public to the official case records of the magisterial district courts.

(c) Security, possession, custody and control of the official case records of the magisterial district courts are generally the responsibility of the magisterial district judge and his or her designated staff.

(d) Facilitating access by the public shall not substantially impede the orderly conduct of magisterial district court business.

Commentary

Subsection (a) recognizes that public access to the official case records of the magisterial district courts is grounded in constitutional and common law principles. The Pennsylvania Supreme Court summarized the interests protected in providing public access as:

“generally, to assure the public that justice is done even-handedly and fairly; to discourage perjury and the misconduct of participants; to prevent decisions based on secret bias or partiality; to prevent individuals from feeling that the law should be taken into the hands of private citizens; to satisfy the natural desire to see justice done; to provide for community catharsis; to promote public confidence in government and assurance that the system of judicial remedy does in fact work; to promote the stability of government by allowing access to its workings, thus assuring citizens that government and the courts are worthy of their continued loyalty and support; to promote an understanding of our system of government and courts.” *Commonwealth v. Fenstermaker*, 530 A.2d 414, 417 (1987).

Subsection (b) provides consistency and predictability across courts and furthers equal access to the official case records of the magisterial district courts. The intent of this provision is to preclude the adoption of different policies or local rules by judicial districts and/or courts that may be inconsistent with Unified Judicial System policy.

Subsection (c) acknowledges the responsibility of the magisterial district judges and their designated staff to maintain the integrity of the official case records. *See also* Rule 17 of the Rules Governing Standards of Conduct of Magisterial District Judges relating to supervision of magisterial district courts by president judges.

Subsection (d) recognizes that implementing the provisions of this policy should not unduly burden or impinge upon the courts’ business. Specifically, any requirements imposed upon courts to facilitate public access must not interfere with the courts’ ability to conduct their day-to-day operations, especially in light of the limited resources with which many courts have to function. Flexibility in implementing the provisions of this policy is necessary to accommodate the differences in resources and caseloads among the more than 500 magisterial district courts.

Requests for case record information that cannot be satisfied without substantially impeding the orderly conduct of court business in a magisterial district court may be referred to the AOPC, provided that the requestor is not requesting access to the official case records of the magisterial district court but is merely interested in obtaining electronic case record information that is maintained in the MDJS. Because the AOPC does not have access to the official case records of the magisterial district courts, any requests to inspect or copy the paper records should be handled by the appropriate magisterial district court. However, if the requestor is willing to accept access to the electronic case record information in lieu of the official case records, the request can be handled by the AOPC. Access to information maintained in the MDJS is governed by the Electronic Record Policy, which along with pertinent request forms can be found at <http://www.pacourts.us/T/AOPC/PublicAccessPolicy.htm>.

In addition, the AOPC publishes web docket sheets on the Internet for all magisterial district court cases that

are filed on the criminal, non-traffic and traffic dockets in the MDJS. Web docket sheets are intended to provide anyone who has access to the Internet with an electronic subset of the case information that resides in the court’s paper file. There is no charge to view or print web docket sheets. The web docket sheets contain a wide range of information including scheduling, charge disposition and sentencing information. Viewing the web docket sheets may be a preferable alternative to traveling to the court location to access the official case records. MDJS web docket sheets can be found at <http://ujportal.pacourts.us/docketsheets/mdj.aspx>.

§ 213.3. Requesting Access to Official Case Records of the Magisterial District Courts.

(a) A request for access by the public to official case records of the magisterial district courts shall be made to the court that maintains the record.

(b) The court may require a requestor to submit a completed request form if the information that is the subject of the request is complex or voluminous. If the requestor does not submit a completed request form when requested by the court, access may be delayed until the form is completed or a time when an individual designated by the court is available to monitor such access to ensure the integrity of the case records is maintained. The Administrative Office of Pennsylvania Courts shall design and publish the request form.

(c) A request shall identify or describe the records sought with specificity to enable the court staff to ascertain which records are being requested. A request need not include any explanation of the requestor’s reason for requesting or intended use of the records.

Commentary

Most requests received by the courts are very straightforward and for a small number of records. Therefore, artificial administrative barriers should not be erected to inhibit the courts from fulfilling these requests in an efficient manner.

Nonetheless, subsection (b) provides a court with the flexibility to require that a more complex request be submitted in writing to avoid misunderstandings and errors that can often result in more time being expended to provide the requested information than is necessary. The AOPC has required requestors to complete a form for access to electronic case record information since 1994.

If a requestor is unable or unwilling to complete the form when requested by the court, access shall not be denied for that reason but may be delayed until an individual designated by the court is available to sit with the requestor and monitor the use of the file to ensure its integrity.

A court may wish to implement a practice whereby persons who regularly request information from the court do not need to complete a request form for each request, but may complete one form noting what information is generally requested.

Subsection (c) does not require a requestor to identify a case by party or case number in order to have access to the files. Nonetheless, the request must identify or describe the records being requested with sufficient specificity to enable the court staff to ascertain which cases are the subject of the request. Such a requirement is embodied in the recently enacted RTKL as well as its predecessor.

§ 213.4. Responding to Requests for Access to Official Case Records of the Magisterial District Courts.

(a) A court shall fulfill a request for access to the official case records of the magisterial district courts as promptly as possible under the circumstances existing at the time of the request.

(b) If a court cannot fulfill the request promptly or at all, the court shall inform the requestor of the specific reason(s) why access to the information is being delayed or denied.

(c) If a court denies a request for access, the denial shall be in writing on a form designed and published by the Administrative Office of Pennsylvania Courts. A denial may be appealed in writing to the president judge of the judicial district or president judge's designee within 15 business days of service of the written notification by the magisterial district court. Within 20 business days of receipt of the appeal, the president judge or designee shall make a determination and forward it in writing to the requestor. This remedy is not exclusive and need not be exhausted before other relief is sought.

Commentary

Requests for access shall be fulfilled as promptly as possible under the circumstances existing at the time of the request. Given that most requests received by the courts are very straightforward and for a small number of records, courts should process the same in an expeditious fashion. This has been and should continue to be the manner in which magisterial district courts respond to requests. There are a number of factors that can affect how quickly a court may respond to a request. For example, the court's response may be slowed if the request is vague, requires compilation of a large amount of information or information that is stored off-site. Ultimately, the goal is to have a prompt and timely response to a request for information. This standard is consistent with the RTKL.

In those unusual instances in which access to the case records cannot be granted in an expeditious fashion, the court shall inform the requestor of the specific reason(s) why access to the information is being delayed or denied which may include:

- the request involves such voluminous amounts of information that the court is unable to fulfill the same without substantially impeding the orderly conduct of the court;
- records in closed cases are located at an off-site facility;
- a particular file is in use by the judge or court staff. If the judge or court staff needs the file for an extended period of time, special procedures should be considered, such as making a duplicate file that is always available for public inspection;
- the requestor failed to pay the appropriate fees, as established pursuant to § 213.5 of this policy, associated with the request;
- the requested information is restricted from access pursuant to legal authority (for example, statute, court rule).

The protocols for addressing appeals set forth in subsection (c) are consistent with the appeal provision found in Rule 509(c)(5) of the Pennsylvania Rules of Judicial Administration concerning access to financial records.

§ 213.5. Fees.

(a) Reasonable fees incurred in providing public access to the official case records of the magisterial district courts may be charged. Such fees may include, but are not limited to, postage, copying onto electronic media, transmission by facsimile or other electronic means, and other means of duplication.

(b) Fees for photocopying shall not exceed \$.25 per page.

(c) The president judge of each judicial district shall establish a fee schedule by local rule pursuant to Pa.R.J.A. No. 103. The fee schedule shall be publicly posted.

Commentary

The objective of courts in responding to public access requests is to foster the values of open court records without unduly burdening court resources. Put simply, fees should not be financial barriers to accessing case record information. Fees assessed by courts in satisfying public access requests must be reasonable, fair and affordable.

The charging of fees in responding to public access requests is not novel. Subsection (a) is consistent with the fee provisions of Rule 509(d) of the Rules of Judicial Administration concerning access to financial records. Moreover, the RTKL provides that fees may be charged by agencies in fulfilling RTKL requests. In general, the fees must be reasonable and based on the prevailing fees for comparable services provided by local business entities, except for postage fees which must be the actual cost of postage.

A public access request may be for information that is not readily available. Costs incurred by magisterial district courts in fulfilling a request should be passed on to the requestor. Clearly, absent the request, the court would not incur these costs.

With regard to photocopying fees, the prior public access policy for magisterial district court records that was implemented in 1994 provided "[f]ee[s] for photocopying shall not exceed \$.50 per page." Given that the cost of producing a photocopy has decreased since 1994, it is appropriate to adjust the maximum fee that can be charged to \$.25 per page. One "page" is either a single-sided copy or one side of a double-sided copy. The Commonwealth's Office of Open Records similarly set the maximum fee for photocopying at the same rate.

Except for the establishment of a maximum fee for photocopying, the great regional diversities in the Commonwealth counseled against any attempt to set State-wide fees that should be charged in fulfilling requests. It is important to note that the RTKL also provides that "[f]ees for local agencies may reflect regional price differences." Thus, it is envisioned that access fees will be uniform, to every extent possible, across the judicial districts if only on a regional basis.

Subsection (c) requires the president judge of each judicial district to establish a fee schedule by local rule which would necessitate providing a copy of the same to the AOPC. See Pa.R.J.A. No. 103 regarding the procedure for adoption, filing and publishing a local rule.

§ 213.6. Official Case Records of the Magisterial District Courts Not Accessible by the Public.

(a) The following items or information residing in the official case records of the magisterial district courts are not accessible to the public:

1. Forms filed pursuant to § 213.7 of this policy;
2. Information sealed pursuant to a court order;
3. Information to which access is restricted by Federal law, State law, or State court rule; and
4. Notes, drafts, and work product of the magisterial district court.

(b) With the approval of the Chief Justice of Pennsylvania, the Court Administrator of Pennsylvania may determine that additional information in the official case records of the magisterial district courts is not accessible by the public because it presents a risk to personal security, personal privacy, or the orderly administration of the courts. The Court Administrator shall publish notification of such determinations in the *Pennsylvania Bulletin* and on the Unified Judicial System's web site.

Commentary

Examples of information that may be sealed pursuant to a court order include arrest warrants, search warrants and accompanying affidavits of probable cause.

Examples of information for which access is restricted by specific legal authority include identities of child victims of sexual or physical abuse pursuant to 42 Pa.C.S. § 5988 and unexecuted search warrants as provided for in Pa.R.Crim.P. 212.

The provisions of subsection b are consistent with those contained in the Electronic Record Policy and Rule of Judicial Administration 509. The Judiciary's commitment to the principle of open and accessible case records is reflected in the inclusion of a publication requirement.

§ 213.7. Confidential Information in Pleadings or Other Papers Filed with Magisterial District Courts.

(a) Except as set forth in subsections (b) and (c), parties and their attorneys are directed to refrain from including social security numbers and financial information in all documents and exhibits filed with the court.

(b) If inclusion of the information set forth in subsection a is required by law or requested by the court, a party shall file the information on a separate form prescribed by the Administrative Office of Pennsylvania Courts. This form shall not be accessible to the public.

(c) If the identity of a financial institution account number, credit card account number or debit card number must be established, only the last four digits of the number may be included in the documents and exhibits filed with the court.

(d) The parties and their attorneys are solely responsible for complying with the provisions in subsection a. The court staff will not review any document for compliance with subsection (a). A party's or attorney's failure to comply with these provisions shall not affect access to official case records of the magisterial district courts that are otherwise accessible.

Commentary

The rise in the occurrence of the crime of identity theft and the availability of sensitive information in the official case records of the magisterial district court records has prompted significant concerns and questions. Should sensitive information be recorded in documents filed with the court? Should sensitive information be accessible to the public? Is this information necessary for the courts to function effectively?

In developing the list of identifiers in Subsection a that must be excluded from documents and exhibits filed with the court, consideration was given to including operator license numbers, dates of birth, and names of minor children. Nonetheless, these identifiers were not included because the benefits of continuing to include such identifiers in court documents in terms of adjudication and administration outweighs any additional privacy protections gained.

Restricting access to social security numbers on non-court documents has been the focus of recently enacted legislation in Pennsylvania. Act 60 of 2006 (codified at 74 P. S. § 201) prohibits *inter alia* the public posting or display of an individual's social security number. In addition, the RTKL exempts social security numbers, financial information and personal identification numbers maintained in government records from public access. 65 P. S. § 67.708(b)(6)(i)(a).

Most of the forms that are found within the official case records of the magisterial district courts are statewide forms that are generated from the MDJS. There are approximately 150 forms generated by the MDJS for use by litigants, the courts, and other governmental entities in Pennsylvania (for example, the Department of Transportation, State Police, Department of Public Welfare, and Department of Health). Approximately 15 MDJS forms and/or citations include fields for the entry of social security numbers, including the non-traffic citation, criminal complaint and those related to the suspension and/or revocation of a defendant's driver's license. In the civil, criminal and landlord-tenant context, some forms provide "narrative" sections where the affiant/litigant may include sensitive information, such as social security numbers.

The protection of social security numbers and financial information captured on current MDJS forms requires a multi-faceted approach that takes into account how each form that contains such information is used. For example, the AOPC has removed or suppressed the social security number field from 15 MDJS forms and citations because the information is extraneous to the court's adjudication of the case or the collection of the information is not otherwise required. Quite simply, if the information is not collected in the first place, concerns regarding personal privacy and security can be avoided.

For other forms, parties or their attorneys shall provide the information to the court on a separate form rather than inserting the same on the pleading(s) or exhibit(s) filed with the court. This separate form shall not be accessible to the public.

Subsection (d) provides that parties and their attorneys are responsible for removing all social security numbers and financial information from the documents before filing the same with the court. Court staff will not review or redact each pleading or other paper for compliance with this section.

Compliance by parties and their attorneys with these provisions is necessary and important. Other court jurisdictions have struggled with achieving compliance, including the Federal courts. Of the other State court systems that have implemented similar measures, there does not appear to be a consistent approach with regard to ensuring compliance, whether it be by sanction, corrective measure, and/or education. It is recommended that the Unified Judicial System take all possible steps to educate and communicate the requirements imposed by § 213.7, including amendment of instructions on pertinent MDJS forms, to court staff, attorneys and parties.

Although courts may incur some additional administrative responsibilities in handling the forms under subsection b, it is not believed the burden of processing the same will be substantial. Rather, the burden of removing the information from the document(s) filed with the court is appropriately placed on the parties and their attorneys, rather than court staff.

Chief Clerk
Supreme Court of Pennsylvania

Annex A

TITLE 237. JUVENILE RULES

PART I. RULES

Subpart A. DELINQUENCY MATTERS

CHAPTER 1. GENERAL PROVISIONS

PART A. BUSINESS OF COURTS

Rule 121. Local Rules.

A. *Definition of Local Rule.* For the purpose of this rule, the term, "local rule" shall include every rule, administrative order, regulation, directive, policy, custom, usage, form, or order of general application, however labeled or promulgated, which is adopted or enforced by a court of common pleas to govern juvenile delinquency practice and procedure.

B. *Vacated Local Rules and Repromulgation.*

1) All local rules promulgated before October 1, 2005 were vacated at the time of the adoption of these Rules.

2) **All local rules not published on the Unified Judicial System (UJS) Portal by June 1, 2010 shall be vacated.**

3) Each judicial district may promulgate new local rules that do not conflict with the Rules of Juvenile Court Procedure after submission under paragraph (D).

C. *Corresponding Numbers.* Local rules shall be given numbers that are keyed to the number of the Rules of Juvenile Court Procedure to which the local rules correspond.

D. *Submission to Committee.*

1) All proposed local delinquency rules and proposed amendments to local delinquency rules shall be submitted

in writing to the Juvenile Court Procedural Rules Committee for the Committee to review.

2) The adopting court shall not proceed with the proposed local rule or [**amendments**] **amendment** until the adopting court receives written notification from the Committee that the proposed local rule or [**amendments are**] **amendment is** not inconsistent with any general rule of the Supreme Court.

E. *Vacating and Suspending Local Rules.* Local rules shall not be inconsistent with any rule of the Supreme Court or any Act of Assembly.

1) The Juvenile Court Procedural Rules Committee may at any time recommend that the Supreme Court suspend, vacate, or require amendment of a local rule.

2) The Juvenile Court Procedural Rules Committee may suspend that local rule pending action by the Court on that recommendation.

F. *Publication of Local Rules.* All local rules shall be published **on the UJS Portal maintained by the Administrative Office of Pennsylvania Courts and in the *Pennsylvania Bulletin*** to be effective and enforceable.

1) **The adopting court shall publish every local rule on the UJS Portal.**

a) **Current Rules. All current local rules promulgated before March 1, 2010 shall be published on the UJS Portal by June 1, 2010 to be effective and enforceable.**

b) **New Rules. All new local rules that have been submitted to the Committee pursuant to paragraph (D)(1) shall be published on the UJS Portal no later than ninety days after receiving written notification from the Committee under paragraph (D)(2).**

c) **Vacating Rules. If local rules are not published by these time requirements, they shall be vacated pursuant to paragraph (B)(2).**

2) The adopting court shall not publish the local rule in the *Pennsylvania Bulletin* until it has received the statement from the Committee that the proposed local rule is not inconsistent with any general rule of the Supreme Court.

[2] 3) The adopting court shall submit the following items to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*:

a) two certified copies of the local rule;

b) a copy of the local rule on a computer diskette, CD-ROM, or electronic copy that complies with the requirements of 1 Pa. Code § 13.11(b)—(f); and

c) a copy of the written notification, received from the Juvenile Court Procedural Rules Committee, providing that the local rule is not inconsistent with the Pennsylvania Rules of Juvenile Court Procedure.

[3] 4) The effective date of the local rule shall not be less than 30 days after the date of publication of the rule **on the UJS Portal and in the *Pennsylvania Bulletin*.**

G. *Filing with AOPC.* Contemporaneously with publishing the local rule in the *Pennsylvania Bulletin*, the adopting court shall:

1) file one certified copy of the local rule with the Administrative Office of Pennsylvania Courts; **and**

2) **publish a copy of the local rule on the UJS Portal at <http://ujportal.pacourts.us/localrules/ruleselection.aspx>.**

H. *Public Inspection.*

1) The local rules shall be kept continuously available for public inspection and copying in the office of the clerk of courts.

2) Upon request and payment of reasonable costs of reproduction and mailing, the clerk shall furnish to any person a copy of any local rule.

I. *Mandatory Acceptance of Filing.*

1) No pleading or other legal paper shall be refused for filing by the clerk of courts based on a requirement of a local rule.

2) No case shall be dismissed nor request for relief granted or denied because of the failure to comply with a local rule.

3) In any case of noncompliance with a local rule, the court shall alert the party to the specific provision at issue and provide a reasonable time for the party to comply with the local rule.

Comment

The purpose of this rule is to further the policy of the Supreme Court to implement the unified judicial system under the Constitution of 1968, to facilitate the statewide practice of law under this Court's general rules, and to promote the further policy that a general rule of juvenile court procedure normally preempts the subject covered. It is intended that local rules should not repeat general rules or statutory provisions verbatim or substantially verbatim nor should local rules make it difficult for attorneys to practice law in several counties.

The caption or other words used as a label or designation is not to determine whether something is or establishes a local rule; if the definition in paragraph (A) of this rule is satisfied, the matter is a local rule regardless of what it may be called. The provisions of this rule also are intended to apply to any amendments to a "local rule." Nothing in this rule is intended to apply to case-specific orders.

Paragraph (B)(1) vacated all current local rules on October 1, 2005, the original effective date of this rule. **Paragraph (B)(2) vacated all local rules not published on the UJS Portal by June 1, 2010.** The local rules are to be repromulgated to comply with this rule. This includes rekeying pursuant to paragraph (C) and meeting the appropriate filing requirements under paragraphs (F) and (G).

To simplify the use of local rules, local juvenile delinquency procedural rules are required to be given numbers that are keyed to the number of the general juvenile delinquency procedural rules to which the local rules correspond pursuant to paragraph (C). This requirement is not intended to apply to local rules that govern the general business of the court and which do not correspond to a general juvenile delinquency procedural rule.

Paragraph (D), added in 2008, requires that, before publishing the local rule or proceeding with any of the other requirements in paragraphs (F) and (G), the adopting court must submit all proposed local delinquency rules or rule amendments to the Juvenile Court Procedural Rules Committee for review.

The 2008 amendments emphasize that the adopting authority is to comply with all the provisions of this rule

before any local rule, or any amendment to local rules, will be effective and enforceable.

Paragraph (F) requires the local rule to be published **on the UJS Portal and** in the *Pennsylvania Bulletin* to be effective.

Pursuant to the 2010 amendments under paragraph (F)(1), all current local rules are to be published on the UJS Portal by June 1, 2010 to be effective and enforceable. If they are not published by this time, they are vacated and may be repromulgated if the procedures of this Rule are followed. All new local rules promulgated after March 1, 2010 are to be published on the UJS Portal no later than ninety days after receiving written notification from the Committee that the proposed rule or amendment is not inconsistent with any general rule of the Supreme Court of Pennsylvania.

Pursuant to 1 Pa. Code § 13.11(b)—(f), any documents that are submitted for publication must be accompanied by a diskette or CD-ROM formatted in MS-DOS, ASCII, Microsoft Word, or WordPerfect or in lieu of a diskette or CD-ROM, an electronic copy may be submitted to Legislative Reference Bureau at pabsupreme@palrb.us. The diskette, CD-ROM, or email cover sheet must be labeled with the court's name and address and the local rule's computer file name. In addition, a copy of the written notification, received from the Juvenile Court Procedural Rules Committee, that the local rule is not inconsistent with the Rules of Juvenile Court Procedure is to be submitted.

Pursuant to paragraph (F)([2]3), an electronic copy is a document sent via email to the *Pennsylvania Bulletin*.

Although under paragraph (F)([3]4) a local rule is not to be effective until at least thirty days after the date of publication in the *Pennsylvania Bulletin*, when a situation arises that requires immediate action, the local court may act by specific orders governing particular cases in the interim before an applicable local rule becomes effective.

The Administrative Office of Pennsylvania Courts maintains a web-page containing the text of local rules. That web-page is located at: <http://www.pacourts.us/T/SpecialCourts/LocalRules.htm>.

Paragraph (H) requires that a separate consolidated set of local rules be maintained in the clerk's office.

The purpose of paragraph (I) is to: 1) require that all documents presented for filing are accepted by the clerk of court, *also see* Rule 345 (A)(2); and 2) prevent the dismissal of cases, or the granting or denial of requested relief, because a party has failed to comply with a local rule. In addition, paragraph (I) requires that the party be alerted to the local rule, and be given a reasonable amount of time to comply with the local rule.

After the court has alerted the party to the local rule pursuant to paragraph (I), the court may impose a sanction for subsequent noncompliance either on the attorney or the juvenile if proceeding *pro se*, but may not dismiss the case, or grant or deny relief because of non-compliance.

Official Note: Rule 121 adopted April 1, 2005, effective October 1, 2005. Amended December 12, 2008, effective immediately. **Amended January 11, 2010, effective March 1, 2010.**

Subpart B. DELINQUENCY MATTERS

CHAPTER 11. GENERAL PROVISIONS

PART A. BUSINESS OF COURTS

Rule 1121. Local Rules.

A. *Definition of Local Rule.* For the purpose of this rule, the term, "local rule" shall include every rule, administrative order, regulation, directive, policy, custom, usage, form, or order of general application, however labeled or promulgated, which is adopted or enforced by a court of common pleas to govern juvenile dependency practice and procedure.

B. *Vacated Local Rules and Repromulgation.*

1) All local rules promulgated before February 1, 2007 were vacated at the time of the adoption of these Rules.

2) **All local rules not published on the Unified Judicial System (UJS) Portal by June 1, 2010 shall be vacated.**

3) Each judicial district may promulgate new local rules that do not conflict with the Rules of Juvenile Court Procedure after submission under paragraph (D).

C. *Corresponding Numbers.* Local rules shall be given numbers that are keyed to the number of the Rules of Juvenile Court Procedure to which the local rules correspond.

D. *Submission to Committee.*

1) All proposed local dependency rules and proposed amendments to local dependency rules shall be submitted in writing to the Juvenile Court Procedural Rules Committee for the Committee to review.

2) The adopting court shall not proceed with the proposed local rule or [**amendments**] **amendment** until the adopting court receives written notification from the Committee that the proposed local rule or [**amendments are**] **amendment is** not inconsistent with any general rule of the Supreme Court.

E. *Vacating and Suspending Local Rules.* Local rules shall not be inconsistent with any rule of the Supreme Court or any Act of Assembly.

1) The Juvenile Court Procedural Rules Committee may at any time recommend that the Supreme Court suspend, vacate, or require amendment of a local rule.

2) The Juvenile Court Procedural Rules Committee may suspend that local rule pending action by the Court on that recommendation.

F. *Publication of Local Rules.* All local rules shall be published on the **UJS Portal maintained by the Administrative Office of Pennsylvania Courts** and in the *Pennsylvania Bulletin* to be effective and enforceable.

1) **The adopting court shall publish every local rule on the UJS Portal.**

a) **Prior Rules. All local rules promulgated before March 1, 2010 shall be published on the UJS Portal by June 1, 2010 to be effective and enforceable.**

b) **New Rules. All new local rules that have been submitted to the Committee pursuant to paragraph (D)(1) shall be published on the UJS Portal no later than ninety days after receiving written notification from the Committee under paragraph (D)(2).**

c) **Vacating Rules. If local rules are not published by these time requirements, they shall be vacated.**

2) The adopting court shall not publish the local rule in the *Pennsylvania Bulletin* until it has received the statement from the Committee that the proposed local rule is not inconsistent with any general rule of the Supreme Court.

[2] 3) The adopting court shall submit the following items to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*:

a) two certified copies of the local rule;

b) a copy of the local rule on a computer diskette, CD-ROM, or electronic copy that complies with the requirements of 1 Pa. Code § 13.11(b)—(f); and

c) a copy of the written notification, received from the Juvenile Court Procedural Rules Committee, providing that the local rule is not inconsistent with the Pennsylvania Rules of Juvenile Court Procedure.

[3] 4) The effective date of the local rule shall not be less than 30 days after the date of publication of the rule **on the UJS Portal and** in the *Pennsylvania Bulletin*.

G. *Filing with AOPC.* Contemporaneously with publishing the local rule in the *Pennsylvania Bulletin*, the adopting court shall:

1) file one certified copy of the local rule with the Administrative Office of Pennsylvania Courts; **and**

2) **publish a copy of the local rule on the UJS Portal at <http://ujportal.pacourts.us/localrules/ruleselection.aspx>.**

H. *Public Inspection.*

1) The local rules shall be kept continuously available for public inspection and copying in the office of the clerk of courts.

2) Upon request and payment of reasonable costs of reproduction and mailing, the clerk shall furnish to any person a copy of any local rule.

I. *Mandatory Acceptance of Filing.*

1) No pleading or other legal paper shall be refused for filing by the clerk of courts based on a requirement of a local rule.

2) No case shall be dismissed nor request for relief granted or denied because of the failure to comply with a local rule.

3) In any case of noncompliance with a local rule, the court shall alert the party to the specific provision at issue and provide a reasonable time for the party to comply with the local rule.

Comment

The purpose of this rule is to further the policy of the Supreme Court to implement the unified judicial system under the Constitution of 1968, to facilitate the statewide practice of law under this Court's general rules, and to promote the further policy that a general rule of juvenile court procedure normally preempts the subject covered. It is intended that local rules should not repeat general rules or statutory provisions verbatim or substantially verbatim nor should local rules make it difficult for attorneys to practice law in several counties.

The caption or other words used as a label or designation is not to determine whether something is or establishes a local rule; if the definition in paragraph (A) of this rule is satisfied, the matter is a local rule regardless of what it may be called. The provisions of this rule also are intended to apply to any amendments to a "local rule." Nothing in this rule is intended to apply to case-specific orders.

Paragraph (B)(1) vacated all current local rules on February 1, 2007, the original effective date of this rule. **Paragraph (B)(2) vacated all local rules not published on the UJS Portal by June 1, 2010.** The local rules are to be repromulgated to comply with this rule. This includes rekeying pursuant to paragraph (C) and meeting the appropriate filing requirements under paragraphs (F) and (G).

To simplify the use of local rules, local juvenile dependency procedural rules are required to be given numbers that are keyed to the number of the general juvenile dependency procedural rules to which the local rules correspond pursuant to paragraph (C). This requirement is not intended to apply to local rules that govern the general business of the court and which do not correspond to a general juvenile dependency procedural rule.

Paragraph (D), added in 2008, requires that, before publishing the local rule or proceeding with any of the other requirements in paragraphs (F) and (G), the adopting court must submit all proposed local dependency rules or rule amendments to the Juvenile Court Procedural Rules Committee for review.

The 2008 amendments emphasize that the adopting authority is to comply with all the provisions of this rule before any local rule, or any amendment to local rules, will be effective and enforceable.

Paragraph (F) requires the local rule to be published on the UJS Portal and in the *Pennsylvania Bulletin* to be effective.

Pursuant to the 2010 amendments under paragraph (F)(1), all current local rules are to be published on the UJS Portal by June 1, 2010 to be effective and enforceable. If they are not published by this time, they are vacated and may be repromulgated if the procedures of this Rule are followed. All new local rules promulgated after March 1, 2010 are to be published on the UJS Portal no later than ninety days after receiving written notification from the Committee that the proposed rule or amendment is not inconsistent with any general rule of the Supreme Court of Pennsylvania.

Pursuant to 1 Pa. Code § 13.11(b)—(f), any documents that are submitted for publication must be accompanied by a diskette or CD-ROM formatted in MS-DOS, ASCII, Microsoft Word, or WordPerfect or in lieu of a diskette or CD-ROM, an electronic copy may be submitted to Legislative Reference Bureau at pabsupreme@palrb.us. The diskette, CD-ROM, or email cover sheet must be labeled with the court's name and address and the local rule's computer file name. In addition, a copy of the written notification, received from the Juvenile Court Procedural Rules Committee, that the local rule is not inconsistent with the Rules of Juvenile Court Procedure is to be submitted.

Pursuant to paragraph (F)([2]3), an electronic copy is a document sent via email to the *Pennsylvania Bulletin*.

Although under paragraph (F)([3]4) a local rule is not to be effective until at least thirty days after the date of publication in the *Pennsylvania Bulletin*, when a situation arises that requires immediate action, the local court may act by specific orders governing particular cases in the interim before an applicable local rule becomes effective.

The Administrative Office of Pennsylvania Courts maintains a web-page containing the text of local rules. That web-page is located at: <http://www.pacourts.us/T/SpecialCourts/LocalRules.htm>.

Paragraph (H) requires that a separate consolidated set of local rules be maintained in the clerk's office.

The purpose of paragraph (I) is to: 1) require that all documents presented for filing are accepted by the clerk of court, *also see* Rule [345] 1345(A)(2); and 2) prevent the dismissal of cases, or the granting or denial of requested relief, because a party has failed to comply with a local rule. In addition, paragraph (I) requires that the party be alerted to the local rule, and be given a reasonable amount of time to comply with the local rule.

After the court has alerted the party to the local rule pursuant to paragraph (I), the court may impose a sanction for subsequent noncompliance either on the attorney or the party if unrepresented, but may not dismiss the case, or grant or deny relief because of non-compliance.

Official Note: Rule 1121 adopted August 21, 2006, effective February 1, 2007. Amended December 12, 2008, effective immediately. **Amended January 11, 2010, effective March 1, 2010.**

Introduction

The Supreme Court of Pennsylvania has adopted the proposed changes to Rules 121, 520, and 1121 with this Recommendation. The changes are effective March 1, 2010.

EXPLANATORY REPORT JANUARY 2010

It was envisioned that all local rules eventually would be placed onto the Unified Judicial System Portal (Portal) in order to provide one location for any practitioner to find any local rule. With this rule change, all local juvenile rules are now required to be placed on the Portal.

All current local rules are required to be placed on the Portal by June 1, 2010. When a future local rule is proposed, the judicial district must place the local rule on the Portal within 90 days from receiving the Committee's approval to proceed in adopting the proposed local rule.

If the time requirements of this Rule are not met, the local rule(s) shall be vacated. *See* Rule 121(B)(2), 1121(B)(2), 121(F)(1)(c), and 1121 (F)(1)(c).

PART I. GENERAL

[246 PA. CODE CH. 500]

Recommendation to Revise Rule 507 of the Rules of Conduct, Office Standards and Civil Procedure for Magisterial District Judges

The Minor Court Rules Committee (Committee) is planning to recommend that the Supreme Court of Pennsylvania revise Rule 507 of the Rules of Conduct, Office Standards and Civil Procedure for Magisterial District Judges to eliminate the requirement that a magisterial district judge note on the complaint the date of mailing of the service copy of a complaint in a landlord tenant action, and to make other changes enhancing readability and consistency. The Committee has not yet submitted this proposal for review by the Supreme Court of Pennsylvania.

The following explanatory *Report* highlights the Committee's considerations in formulating this proposal. The Committee's *Report* should not be confused with the Committee's Notes to the rules. The Supreme Court does not adopt the Committee's Notes or the contents of the explanatory reports.

We request that interested persons submit written suggestions, comments or objections concerning this proposal to the Committee through counsel,

TITLE 246. MINOR COURT CIVIL RULES

PART I. GENERAL

CHAPTER 500. ACTIONS FOR THE RECOVERY OF POSSESSION OF REAL PROPERTY

Rule 507. [**Notation and**] Return of Service; Waiver of Service.

A. The [**magisterial district judge shall note on the complaint form the date on which he mailed a service copy of the complaint to the defendant, and the**] sheriff or constable serving a copy of the complaint shall, at or before the time of the hearing, make proof of service on the form provided, which shall show the manner of service and the day, hour and place thereof.

B. The appearance of a defendant in person or by representative or the filing by him of a claim in the case shall be deemed a waiver of any defect in service but not a waiver of a defect in venue.

Official Note: This rule parallels the provisions of Rule 314A and C [**of the trespass and assumpsit rules**].

Adopted October 15, 1969, effective January 1, 1970. Amended January 29, 1976, effective in 30 days; June 30, 1982, effective 30 days after July 17, 1982; January 6, 2005, effective January 29, 2005; _____, effective _____.

REPORT

Proposed Amendments to the Pennsylvania Rules of Conduct, Office Standards and Civil Procedure for of Magisterial District Judges

ELIMINATING NOTATION OF MAILING DATE OF SERVICE COPY OF COMPLAINT IN LANDLORD TENANT ACTION

I. Background

The Minor Court Rules Committee (“the Committee”) was contacted by a judicial automation attorney with the Administrative Office of Pennsylvania Courts and a judge of the court of common pleas inquiring about the requirement set forth in Pa.R.C.P.M.D.J. No. 507A (“Rule 507A”), which provides that a “magisterial district judge shall note on the complaint form the date on which he mailed a service copy of the complaint to the defendant.” Both inquiries observed that, despite the requirement set forth in Rule 507A, the complaint form does not contain a field for such a notation. Moreover, the common pleas judge

inquired whether the failure of the magisterial district judge to note the mailing date on the complaint would constitute a failure in service due to the failure to comply with the rule. Because proceedings in magisterial district courts, much more so than in other courts, rely heavily on the use of preprinted standardized forms, the Committee agreed that there should be consistency between the Rule 507A and the complaint form.

II. Discussion

After reviewing the inquiries, the Committee examined if the notation requirement should be maintained in Rule 507A or, alternatively, if it should recommend modification of the complaint to provide a field for the magisterial district judge to note the date of mailing of the service copy of the complaint. In its discussion, the Committee noted that the magisterial district judge’s handwritten notation is not the most effective means of determining the mailing date, and that better means of demonstrating mailing could be shown via the docketing of the complaint in the automated case management system, the postmark and/or the system generated date that appears on other system generated forms mailed with the service copy of the complaint. The Committee also noted that no other rules require a manual notation of forms mailed via first class mail, and that there should be a presumption of timely mailing of the service copy following case initiation. Finally, the Committee observed that requiring the magisterial district judge to make the manual notation could cause delays in the mailing of the complaint if the magisterial district judge was not immediately available.

Additionally, while reviewing Rule 507A, the Committee discussed the reference to the “trespass and assumpsit rules” in the Note. The Committee agreed that this reference is potentially confusing to litigants and inconsistent with most other internal cross-references in the Pennsylvania Rules of Conduct, Office Standards and Civil procedure for Magisterial District Judges.

III. Proposed Rule Changes

To address the issues discussed above, the Committee proposes deleting from Rule 507A the requirement that the magisterial district judge note on the complaint the mailing date of the service copy of the complaint. Additionally, the Committee proposes deleting the reference to the “trespass and assumpsit rules” from the Note to Rule 507A.

Title 25—LOCAL COURT RULES

LEHIGH COUNTY

In Re: Administrative Order Designating the District Court Administrator Under Pa.R.J.C.P. 1604(B) to Receive Reports Regarding Adjustment, Progress and Condition of a Child; No. AD-1-2010

Order

And Now, this 5th day of January, 2010, *It Is Ordered That* the Court Administrator of Lehigh County be and

hereby is named as the designee to receive reports regarding a child's adjustment, progress and condition pursuant to Pa.R.J.C.P. 1604(B) and 42 Pa.C.S. § 63316.1(b).

The District Court Administrator shall: (1) submit two certified copies of the Order along with one copy of the same on a computer diskette, CD-ROM, or an electronic copy that complies with the requirements of 1 Pa. Code § 13.11(b)—(f), to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*; (2) forward one copy of the written notification, received from the Juvenile Court Procedural Rules Committee, providing that this Order is not inconsistent with the Pennsylvania Rules of Juvenile Court Procedure, to the Legislative Reference Bureau; and, (3) contemporaneously with the publishing of this Order in the *Pennsylvania Bulletin*, file one certified copy of the Order with the Administrative Office of Pennsylvania Courts.

This Order shall become effective 30 days after the date of publication in the *Pennsylvania Bulletin*. In the interim, the existing local procedure which provided for the filing and proper dissemination of these reports with the Court Administrator of Lehigh County shall remain in full force and effect.

NOTICES

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Net Total Phosphorus	XXX	Report	1,461*

* The permit contains conditions which authorize the permittee to apply nutrient reduction credits, to meet the Net Total Nitrogen and Net Total Phosphorus effluent limits, under the Department of Environmental Protection's (Department) Trading of Nutrient and Sediment Reduction Credits Policy and Guidelines (392-0900-001, December 30, 2006). The conditions include the requirement to report application of these credits in Supplemental Discharge Monitoring Reports (DMRs) submitted to the Department.

* Net Total Nitrogen and Net Total Phosphorus limits compliance date will begin on 10/1/2012. Since these reporting requirements are annual loads, reporting on compliance with the annual limitations will be required on the Supplemental DMR—Annual Nutrient Summary by 11/28/2013. The facility is required to monitor and report for Net Total Nitrogen and Net Total Phosphorus from the effective date of the permit until 9/30/2012.

** Total Annual Ammonia Load will be required to be reported on the Supplemental DMR—Annual Nutrient Summary by 11/28/2010.

You may make an appointment to review the Department's files on this case by calling the File Review Coordinator at 717-705-4732.

The EPA waiver is not in effect.

Application No. PA 0021245, Sewage, **Duncannon Borough Municipal Authority**, 428 North High Street, Duncannon, PA 17020. This facility is located in Duncannon Borough, **Perry County**.

Description of activity: The application is for renewal of an NPDES permit for an existing discharge of treated sewage.

The receiving stream, Susquehanna River, is in Watershed 7-A, and classified for warm water fishes, water supply, recreation, and fish consumption. The nearest downstream public water supply intake for United Water Company is located on the Susquehanna River, approximately 7.4 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.74 MGD are:

PAG124835, CAFO, SIC 213, 251, **Rowe Family Farm**, 216 Pawling Station Road, Selinsgrove, PA 17870. This proposed facility is located in the Township of Middle Creek, **Snyder County**.

Description of Size and Scope of Proposed Operation/Activity: The farm operates as a swine finishing operation that is also proposing to construct two broiler houses. There are 2,200 finishing hogs housed in one barn and the operator is proposing to add 54,000 broilers. The farm consists of 89.3 crop acres that are rented to D. Klinger. The swine produce 736,888 gallons of manure and the broilers are projected to produce 486 tons of manure. All manure is exported to farms under the control of D. Klinger and M. Bingaman.

The receiving stream, Middle Creek, is in watershed #6A, Penns Creek, and classified for: TSF—Trout Stocking.

The proposed effluent limits for the operation/activity include: Except for the chronic or catastrophic rainfall events defined as over the 25-year/24-hour rain storms, the CAFO general permit is a nondischarge NPDES permit. Where applicable, compliance with 40 CFR Federal effluent limitation guidelines is required. The general permit requires no other numeric effluent limitations and compliance with the Pennsylvania Nutrient Management Act and the Clean Stream Law constitutes compliance with the state narrative water quality standards.

STATE CONSERVATION COMMISSION
NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR
NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES)
PERMITS FOR CONCENTRATED ANIMAL FEEDING OPERATIONS (CAFO)

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under the act of July 6, 2005 (Act 38 of 2005, 3 Pa.C.S. §§ 501—522) (hereinafter referred to as Act 38), and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92. This notice is provided in accordance with 25 Pa. Code Chapter 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC), or County Conservation Districts (CCD) working under a delegation agreement with the SCC, have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at www.pacd.org/districts/directory.htm or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based.

The address for the SCC is Agriculture Building, Room 407, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PERMIT**

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published

in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY**PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS****NEW SOURCES AND MODIFICATIONS**

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

09-0213: DeNucci Excavating Corp. (2807 Old Rodgers Road, Bristol, PA 19007) for operation of a portable stone crusher and associated diesel engine at an existing facility in Bristol Township, **Bucks County**. This is a natural minor facility.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701. Contact: David Aldenderfer, Program Manager—Telephone: 570-327-3637.

49-00061A: IntelliWatt Renewable Energy, LLC (6653 Woodland Avenue, Philadelphia, PA 19142) for construction and operation of 12.5 megawatt wood biomass fired combustion turbine at a site in Mount Carmel Township, **Northumberland County**. The air contaminant emissions from the proposed combustion turbine shall be controlled by lime addition, steam injection, and an electrostatic precipitator (ESP). The facility is a State-only facility.

The Department of Environmental Protection's (Department) review of the information provided by IntelliWatt indicates that the sources at the facility will comply with all air quality requirements, including the requirements of 40 CFR Part 60, Subpart KKKK and the best available technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12 pertaining to air contamination sources and the emission of air contaminants. Based on this finding, the Department intends to issue a plan approval for the proposed construction, installation, and operation of the sources and control devices. Additionally, if the Department determines that the proposed sources and the air cleaning devices are operating in compliance with the plan approval conditions, the conditions established in the plan approval will be incorporated into a State-only operating permit.

The following is a summary of the conditions that the Department proposes to place in the plan approval to ensure compliance with all applicable regulatory requirements.

1. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the emission of nitrogen oxides (NO_x), carbon monoxide (CO), sulfur oxides (SO_x), total particulate matter (PM/PM₁₀), volatile organic compounds (VOCs), and total combined hazardous air pollutants (HAPs), from all sources at the facility shall not

exceed 19.6 tons, 98.3 tons, 1.0 ton, 11.1 tons, 39.2 tons, and 16.4 tons in any 12 consecutive month period respectively.

2. The permittee shall keep records of the supporting calculations on a monthly basis for NO_x, CO, SO_x, PM/PM₁₀, VOCs, and total combined HAPs from all sources at the facility to verify compliance with the NO_x, CO, SO_x, PM, VOCs, and total combined HAPs emission limitations of tons in any 12 consecutive month period.

3. The permittee shall submit reports to the Department on a semi-annual basis that include the supporting calculations to verify compliance with the NO_x, CO, SO_x, PM/PM₁₀, VOCs, and total combined HAPs emissions limitations for all sources at the facility in any 12 consecutive month period. The semi-annual reports shall be submitted to the Department no later than March 1 (for January 1 through December 31 of the previous year) and September 1 (for July 1 of the previous year through June 30 of the current year).

4. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, an operable water truck or road vacuum sweeper shall be kept onsite at all times and shall be operated as required to comply with 25 Pa. Code §§ 123.1 and 123.2. In addition, all plant roads within the facility shall be paved and properly maintained.

5. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the emission of NO_x from the turbine shall not exceed 44.9 parts per million (ppm) corrected to 15% oxygen, 4.66 pounds per hour, and 19.57 tons in any 12 consecutive month period. Compliance with the requirement specified in this streamlined condition assures compliance with the nitrogen oxides limitation of 74 ppm corrected to 15% oxygen as specified in 40 CFR 60.4320. The emission of CO from the turbine shall not exceed 23.41 pounds per hour and 98.34 tons in any 12 consecutive month period. The emission of SO_x, expressed as sulfur dioxide (SO₂), from the turbine shall not exceed 0.02 pound per megawatt-hour, 0.24 pound per hour, and 1.00 ton in any 12 consecutive month period. Compliance with the requirement specified in this streamlined condition assures compliance with the sulfur oxides limitation of 500 ppm, by volume, dry basis as specified in 25 Pa. Code § 123.21 and the sulfur oxides limitation of 0.90 lb/MWh as specified in 40 CFR 60.4330. The emission of particulate matter (PM) and particulate matter with an aerodynamic diameter less than or equal to 10 microns (PM₁₀) from the exhaust of the ESP associated with the turbine shall not exceed 0.02 grain per dry standard cubic foot. The emission of particulate matter (PM) shall not exceed 2.32 pound per hour, and 9.74 tons in any 12 consecutive month period. The emission of particulate matter with an aerodynamic diameter less than or equal to 10 microns (PM₁₀) shall not exceed 2.09 pound per hour, and 8.77 tons in any 12 consecutive month period. Compliance with the requirement specified in this streamlined condition assures compliance with the particulate matter limitation of 0.04 grain per dry standard cubic foot as specified in 25 Pa. Code § 123.13. The Department will evaluate the actual emission rates and may decrease the allowable emission rates based upon the PM and PM₁₀ stack test results. The opacity from the exhaust of the ESP associated with the turbine shall not equal or exceed 10% opacity at any time. Compliance with the requirement specified in this streamlined condition assures compliance with the opacity requirements as specified in 25 Pa. Code §§ 123.41 and 123.42. The emission of VOCs from the

turbine shall not exceed 9.33 pounds per hour and 39.19 tons in any 12 consecutive month period. The emission of total combined HAPs from the turbine shall not exceed 3.91 pounds per hour and 16.42 tons in any 12 consecutive month period. The emission of hydrogen chloride (HCl) from the turbine shall not exceed 1.91 pounds per hour and 8.01 tons in any 12 consecutive month period.

6. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, only wood shall be fired in the turbine. Propane can also be used for startup only. All wood fired in the turbine shall be mixed with lime at a rate of at least 0.1% of the wood feed rate.

7. Within 120 days of achieving maximum production, but no later than 180 days after initial startup, the permittee shall perform testing on the exhaust of the ESP associated with the turbine to verify compliance with the NO_x, CO, SO_x, PM, PM₁₀, VOCs, and HCl emission rates. In addition, particulate matter with an aerodynamic diameter less than or equal to 2.5 microns (PM_{2.5}) stack tests shall be performed to determine the emission rates. All testing shall be performed while the turbine is operating at its maximum rate of production, using test methods and procedures approved by the Department. The NO_x and SO_x testing shall be repeated on a yearly basis to satisfy the requirements of 40 CFR 60.4400 and 60.4415. Compliance with the requirement specified in this streamlined condition assures compliance with the testing requirements as specified in 40 CFR 60.4400 and 60.4415.

8. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall install and maintain instrumentation to continuously and accurately measure the steam injection rate associated with the turbine and the actual steam injection rate shall be displayed on a continuous basis. The permittee shall install and maintain instrumentation to continuously and accurately measure the fuel consumption rate associated with the turbine and the actual fuel consumption rate shall be displayed on a continuous basis. Compliance with the requirement specified in this streamlined condition assures compliance with the testing requirements as specified in 40 CFR 60.4335.

9. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall install and maintain instrumentation to continuously and accurately measure the secondary power to each stage of the ESP associated with the turbine and the actual secondary power shall be displayed on a continuous basis.

10. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall install and maintain instrumentation to continuously and accurately measure the lime feed rate associated with the turbine and the lime feed rate shall be displayed on a continuous basis.

11. The permittee shall keep records of the supporting calculations on a monthly basis for the NO_x emissions from the turbine to verify compliance with the NO_x emissions limitations of ppm corrected to 15% oxygen, pounds per hour, and tons in any 12 consecutive month period. The permittee shall keep records of the supporting calculations on a monthly basis for the SO_x emissions from the turbine to verify compliance with the SO_x emissions limitations of pounds per megawatt-hour, pounds per hour, and tons in any 12 consecutive month period. The permittee shall keep records of the supporting calculations on a monthly basis for the total PM and PM₁₀ emissions from Source the exhaust of the ESP

associated with the turbine to verify compliance with the total PM and PM₁₀ emissions limitations of grains per dry standard cubic foot, pounds per hour, and tons in any 12 consecutive month period. The permittee shall keep records of the supporting calculations on a monthly basis for the CO, VOC, total combined HAPs, and HCl emissions from the turbine to verify compliance with the CO, VOC, total combined HAPs, and HCl emissions limitations of pounds per hour and tons in any 12 consecutive month period. These records shall be retained for a minimum of 5 years and shall be made available to the Department upon request.

12. The permittee shall keep records of the steam injection rate associated with the turbine on a continuous basis, and shall record the corrective actions taken if the steam injection rate is outside the established range. The permittee shall keep records of the fuel consumption rate associated with the turbine on a continuous basis, and shall record the corrective actions taken if the fuel consumption rate is outside the established range. The records shall be retained for a minimum of 5 years and shall be made available to the Department upon request. Compliance with the requirement specified in this streamlined condition assures compliance with the testing requirements as specified in 40 CFR 60.4335.

13. The permittee shall keep records of the secondary power to each stage of the ESP associated with the turbine on a continuous basis.

14. The permittee shall keep records of the lime feed rate associated with the turbine on a continuous basis.

15. The permittee shall submit reports to the Department on a semi-annual basis that include the supporting calculations to verify compliance with the NO_x, CO, SO_x, PM, PM₁₀, VOC, HAPs, and HCl emissions limitations for the turbine in any 12 consecutive month period. The semi-annual reports shall be submitted to the Department no later than March 1 (for January 1 through December 31 of the previous year) and September 1 (for July 1 of the previous year through June 30 of the current year).

16. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the air contaminant emissions from the turbine shall be controlled by lime addition, steam injection, and the ESP. The permittee shall not operate the turbine without the simultaneous operation of the lime addition, the steam injection, and the ESP.

17. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, as well as the requirements of 40 CFR 60.4355, based on initial source testing, the permittee shall establish indicator ranges for both fuel consumption and steam-to-fuel ratio associated with the turbine.

18. The turbine is an Aerospace Research Corporation model 12.5 MW combustion turbine, propane and wood fired, rated at 100.37 MMBtu/hr. The ESP is a PPC Industries model 29R-1328-3712S dry electrostatic precipitator, rated at 50,000 ACFM.

19. Under the requirements of 40 CFR 60.4300, the turbine is subject to the New Source Performance Standards, 40 CFR Part 60, Subpart KKKK and shall comply with all applicable requirements as specified in 40 CFR 60.4300—60.4420.

20. The emission of PM from the exhaust of the receiver fabric collector and the vent fabric collector associated with the ash silo shall not exceed 0.02 grain

per dry standard cubic foot. Compliance with the requirement specified in this streamlined condition assures compliance with the particulate matter limitation of 0.04 grain per dry standard cubic foot as specified in 25 Pa. Code § 123.13.

21. The air contaminant emissions from the ash silo shall be controlled by the receiver fabric collector and the vent fabric collector. The permittee shall not operate the ash silo without the simultaneous operation of the receiver fabric collector and the vent fabric collector.

22. The ash storage silo is a National Conveyors Company 16' diameter by 46' tall silo. The receiver fabric collector is a National Conveyors Company unit rated at 373 SCFM. The vent fabric collector is a National Conveyors Company unit rated at 822 SCFM.

All testing shall be performed while the turbine is operating at its maximum rate of production, using test methods and procedures approved by the Department. The NO_x and SO_x testing shall be repeated on a yearly basis to satisfy the requirements of 40 CFR 60.4400 and 60.4415. Compliance with the requirement specified in this streamlined condition assures compliance with the testing requirements as specified in 40 CFR 60.4400 and 60.4415.

8. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall install and maintain instrumentation to continuously and accurately measure the steam injection rate associated with the turbine and the actual steam injection rate shall be displayed on a continuous basis. The permittee shall install and maintain instrumentation to continuously and accurately measure the fuel consumption rate associated with the turbine and the actual fuel consumption rate shall be displayed on a continuous basis. Compliance with the requirement specified in this streamlined condition assures compliance with the testing requirements as specified in 40 CFR 60.4335.

9. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall install and maintain instrumentation to continuously and accurately measure the secondary power to each stage of the ESP associated with the turbine and the actual secondary power shall be displayed on a continuous basis.

10. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the permittee shall install and maintain instrumentation to continuously and accurately measure the lime feed rate associated with the turbine and the lime feed rate shall be displayed on a continuous basis.

11. The permittee shall keep records of the supporting calculations on a monthly basis for the NO_x emissions from the turbine to verify compliance with the NO_x emissions limitations of ppm corrected to 15% oxygen, pounds per hour, and tons in any 12 consecutive month period. The permittee shall keep records of the supporting calculations on a monthly basis for the SO_x emissions from the turbine to verify compliance with the SO_x emissions limitations of pounds per megawatt-hour, pounds per hour, and tons in any 12 consecutive month period. The permittee shall keep records of the supporting calculations on a monthly basis for the total PM and PM10 emissions from Source the exhaust of the ESP associated with the turbine to verify compliance with the total PM and PM10 emissions limitations of grains per dry standard cubic foot, pounds per hour, and tons in any 12 consecutive month period. The permittee shall keep records of the supporting calculations on a monthly basis for the CO, VOC, total combined HAPs, and HCl emissions from the turbine to verify compliance with the CO, VOC, total combined HAPs, and HCl emissions limitations of pounds per hour and tons in any 12 consecutive month period. These records shall be retained for a minimum of 5 years and shall be made available to the Department upon request.

12. The permittee shall keep records of the steam injection rate associated with the turbine on a continuous basis, and shall record the corrective actions taken if the steam injection rate is outside the established range. The permittee shall keep records of the fuel consumption rate associated with the turbine on a continuous basis, and shall record the corrective actions taken if the fuel consumption rate is outside the established range. The records shall be retained for a minimum of 5 years and shall be made available to the Department upon request. Compliance with the requirement specified in this streamlined condition assures compliance with the testing requirements as specified in 40 CFR 60.4335.

13. The permittee shall keep records of the secondary power to each stage of the ESP associated with the turbine on a continuous basis.

14. The permittee shall keep records of the lime feed rate associated with the turbine on a continuous basis.

15. The permittee shall submit reports to the Department on a semi-annual basis that include the supporting calculations to verify compliance with the NO_x, CO, SO_x, PM, PM10, VOC, HAPs, and HCl emissions limitations for the turbine in any 12 consecutive month period. The semi-annual reports shall be submitted to the Department no later than March 1 (for January 1 through December 31 of the previous year) and September 1 (for July 1 of the previous year through June 30 of the current year).

16. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the air contaminant

emissions from the turbine shall be controlled by lime addition, steam injection, and the ESP. The permittee shall not operate the turbine without the simultaneous operation of the lime addition, the steam injection, and the ESP.

17. Under the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, as well as the requirements of 40 CFR 60.4355, based on initial source testing, the permittee shall establish indicator ranges for both fuel consumption and steam-to-fuel ratio associated with the turbine.

18. The turbine is an Aerospace Research Corporation model 12.5 MW combustion turbine, propane and wood fired, rated at 100.37 MMBtu/hr. The ESP is a PPC Industries model 29R-1328-3712S dry electrostatic precipitator, rated at 50,000 ACFM.

19. Pursuant to the requirements of 40 CFR 60.4300, the turbine is subject to the New Source Performance Standards, 40 CFR Part 60, Subpart KKKK and shall comply with all applicable requirements as specified in 40 CFR 60.4300—60.4420.

20. The emission of PM from the exhaust of the receiver fabric collector and the vent fabric collector associated with the ash silo shall not exceed 0.02 grain per dry standard cubic foot. Compliance with the requirement specified in this streamlined condition assures compliance with the particulate matter limitation of 0.04 grain per dry standard cubic foot as specified in 25 Pa. Code § 123.13.

21. The air contaminant emissions from the ash silo shall be controlled by the receiver fabric collector and the vent fabric collector. The permittee shall not operate the ash silo without the simultaneous operation of the receiver fabric collector and the vent fabric collector.

22. The ash storage silo is a National Conveyors Company 16' diameter by 46' tall silo. The receiver fabric collector is a National Conveyors Company unit rated at 373 SCFM. The vent fabric collector is a National Conveyors Company unit rated at 822 SCFM.

Additionally, Texas Eastern will permanently disable one existing Rand KVS-412 internal combustion engine rated at 2,000 hp at the Holbrook Compressor Station located in Wind Ridge, Richhill Township, **Greene County, PA.**

In accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (Department) intends to issue Air Quality Plan Approval: PA-30-00077C to authorize Texas Eastern to install the following: a third Solar Mars 100-150002S III turbine rated at 13,300 hp, a Waukesha emergency generator, rated at 400 hp and operating less than 100 hours per year, and two gas heaters rated respectively at 0.12 and 0.5 mmbtu/hr. Additionally, Texas Eastern will permanently disable one existing Rand KVS-412 internal combustion engine rated at 2,000 hp at the Holbrook Compressor Station located in Wind Ridge, Richhill Township, Greene County, PA. The project will result in a net decrease of 122.5 tons NO_x per year, and increases of 4.46 tons VOCs and 18.86 tons of CO per year. Best Available Technology for the sources being approved is the use of dry low NO_x combustors on the turbine, and operation in accordance with manufacturers' recommendations for the other sources. The facility currently has a Title V Operating Permit, TVOP-30-00077. Once compliance with all conditions of this Plan Approval has been demonstrated, TVOP-30-00077 will be administratively amended to incorporate the provisions of this plan approval in accordance with 25 Pa. Code § 127.450. This installation is subject to State and Federal regulations. Plan Approval has been conditioned to ensure compliance with all applicable rules.

33-055C: Glen-Gery Corp. (P. O. Box 68, Summerville, PA 15864) to modify CO and VOC emission limits in an existing Title V permit for their Hanley Plant in **Jefferson County.** The facility currently has a Title V permit #33-00055 which was issued 8/6/2008.

In accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection (Department) intends to issue a plan approval to Glen-Gery Corporation (P. O. Box 68, Summerville, PA 15864) for their Hanley Plant located in Jefferson County, to modify CO and VOC emission limits in existing Title V permit. The facility currently has a Title V permit #33-00055 which was issued 8/6/2008. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date.

There are no physical or operational changes associated with this plan approval. Preventative maintenance conditions will be modified and stack test requirements will be included in the Plan Approval. Production limits will not change. Emissions from the Ceric Tunnel Kiln are exhausted to a control device that currently operates as a spray tower with mist eliminators. On June 24 and 25, 2008, stack testing was conducted to determine the filterable particulate, HCL and HF, SO₂ and H₂SO₄, visible emissions, CO, VOC, and NO_x emissions from the Ceric Tunnel Kiln. As a result of this stack testing, Glen-Gery submitted an application to increase the CO and VOC emission limits. All other emission limits will remain unchanged.

As a general summary, the following modified or additional requirements are applicable to the kiln and the control device:

1. The permittee shall maintain a record of:
 - (a) a daily record of hours of tunnel kiln operation

- (b) daily production records of tons of brick fired
- (c) monthly natural gas usage in the tunnel kiln

2. The emission of air contaminants from the kiln during normal operations and bypass operations shall not exceed the following based on a consecutive 12-month period:

CO—168.2 tons per year

VOC—18.9 tons per year

3. The emission of air contaminants from the kiln and measured at the scrubber outlet shall not exceed the following limits expressed as pounds per ton of brick fired:

CO—2.40 lb/ton

VOC—0.27 lb/ton

4. A stack test will be conducted within 180 days of the Plan Approval issuance or 180 days of the restart of the kiln. Stack testing will be required every 5 years or at operating permit renewal.

5. The permittee shall maintain a log documenting dates and actions completed, to show compliance with the maintenance schedule provided by the manufacturer of the tunnel kiln. This log shall be kept for a period of five years and made available to the Department upon request.

This Plan Approval is subject to 25 Pa. Code Regulations and Conditions.

This change in emission limits does not subject the facility to Prevention of Significant Deterioration (PSD) or Non-attainment New Source Review (NNSR) requirements.

Copies of the application, the Department's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at: Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335.

Any person(s) wishing to provide the Department with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to the address shown in the preceding paragraph. The Department will consider any written comments received within 30 days of the publication of this notice.

Each written comment must contain the following:

- (i) Name, address and telephone number of the person submitting the comments.
- (ii) Identification of the proposed Plan Approval No. 33-005C.
- (iii) A concise statement regarding the relevancy of the information or objections to the issuance of the Plan Approval.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Carolyn Cooper, P. E., Air Quality Program, Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodations to do so should by contacting Carolyn Cooper, P. E., or the Pennsylvania AT&T Relay Service at 1-800-654-5984 (TDD) to discuss how the Department may accommodate your needs.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701. Contact: Muhammad Zaman, Facilities Permitting Chief—Telephone: 570-327-0512.

18-00001: Columbia Gas Transmission, Corp. (1700 MacCorkle Avenue, SE, Charleston, WV 25314-1518) for renewal of the Title V Operating Permit for their Renovo Compressor Station facility in Chapman Township, **Clinton County**. The facility's sources include: two (2) boilers, four (4) catalytic heaters, one (1) line heater, five (5) space heaters, two (2) water heaters, five (5) reciprocating engines, associated pipeline flanges and valves, and ten (10) storage tanks. The facility has the potential to emit major quantities of Nitrogen Oxides (NO_x), and Carbon Monoxide (CO). The facility has the potential to emit Sulfur Oxides (SO_x), Volatile Organic Compounds (VOCs), Hazardous Air Pollutants (HAPs), Particulate Matter (PM₁₀) below the major thresholds. The proposed Title V operating permit contains all applicable regulatory requirements including monitoring, recordkeeping, and reporting conditions

33-00132: Matson Lumber Co.—Brookville Plant (132 Main Street, Brookville, PA 15825-1213) to issue a renewal State Only Operating Permit for their sawmill in Brookville Boro, **Jefferson County**. The facility is a Natural Minor. The primary sources at the facility include a 20.6 mmbtu/hr wood fired boiler controlled by a multiclone, two natural gas boilers for backup to the wood fired boiler, miscellaneous woodworking and wood silo controlled by a cyclone, ten wood drying kilns, and a parts washer. The renewal permit contains emission restrictions, recordkeeping, work practice, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

43-00152: Wheatland Tube—Mill Street Plant (P. O. Box 608, Wheatland, PA 16161) to issue a modification of the Synthetic Minor State Only Operating Permit for their steel tube and pipe manufacturing facility at 134 Mill Street in Sharon City, **Mercer County**. This permit modification includes the Ferrocote Cold Draw Rust Inhibitor (Source 141). During the modification, the responsible official was changed, the mailing address was changed, and the number of cold cleaning degreasers was

decreased to reflect 10 units for Source 105. The facility has an existing facility-wide VOC limit of 49.9 TPY during any 12-month consecutive period. The permittee shall maintain monthly records of all VOC containing materials consumed at this facility. These records shall contain sufficient information to clearly demonstrate compliance with the VOC emission limit for this facility. The VOC content of the rust inhibitor is limited to 1.27 lb/gallon. The source contains restrictions on the amount of rust inhibitor used (4,000 gallons in any calendar month and 3,000 gallons as a 12-month rolling total). The permit also contains recordkeeping, reporting and work practice requirements to ensure compliance with the above limitations.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated above each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding Concerning Water Quality Management, NPDES Program Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on an NPDES permit application should submit a statement to the Department at the address of the district mining office indicated previously each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. In the case where a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal Applications Received

Effluent Limits—The following range of effluent limits will apply to NPDES permits issued in conjunction with the associated coal mining activity permit and, in some cases, noncoal mining permits:

Table 1

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (Total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l
pH ¹		greater than 6.0; less than 9.0	
Alkalinity greater than acidity ¹			

¹The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; and mined areas backfilled and revegetated; and drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Application received: January 7, 2010.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the regional office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the regional office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Floodplain Management Act (32 P. S. § 679.302) and requests for certification under section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

E21-413: PPL Electric Utilities Corporation, William Miller, 4810 Lycoming Mall Drive, Montoursville, PA 17754-8301, Silver Spring Township, **Cumberland County**, ACOE Baltimore District.

To construct a 760-foot long temporary access road through wetlands, temporarily impacting 0.24 acre and to remove three existing electric utility poles all located in Palustrine Emergent (PEM) wetlands adjacent to Conodoguinet Creek (WWF-MF) (Latitude: 40° 15' 28"; Longitude: -77° 03' 57"). Then to construct and maintain: (1) an aerial electric utility line across Conodoguinet Creek (WWF-MF) and adjacent Palustrine Forested (PFO) wetlands (Latitude: 40° 15' 25"; Longitude: -77° 03' 57"); (2) a 32-foot long access road through wetlands, temporarily impacting 0.01 acre and a concrete-anchored electric utility pole in wetlands permanently impacting 0.01 acre, all in PFO wetlands adjacent to Conodoguinet Creek (WWF-MF) (Latitude: 40° 15' 28"; Longitude: -77° 03' 57"); (3) an aerial electric utility line across an unnamed tributary to Conodoguinet Creek (WWF-MF) (Latitude: 40° 15' 38"; Longitude: -77° 02' 44"); (4) an aerial electric utility line across an unnamed tributary to Conodoguinet Creek (WWF-MF) (Latitude: 40° 15' 58"; Longitude: -77° 03' 12"); and (5) an aerial electric utility line across a PEM wetlands adjacent to an unnamed tributary to Conodoguinet Creek (WWF-MF) (Latitude: 40° 16' 06"; Longitude: -77° 02' 56"). The proposed impacts are for the purpose of reconducting an electric utility line and removing abandoned electric utility line poles in Silver Spring Township, Cumberland County.

Southwest Region: Watershed Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E26-356. Saltlick Township, P. O. Box 403, 147 Municipal Road, Melcroft, PA 15462. To construct a culvert in

Saltlick Township, **Fayette County**, Pittsburgh ACOE District (Donegal, PA Quadrangle N: 16.1 inches; W: 5.9 inches, Latitude: 40° 5' 21"; Longitude: 79° 25' 01"). The applicant proposes to remove the existing structure on Keslar School Road (T-818) Station 174+78.5 and to construct and maintain a 20-foot wide by 6.4 feet high box culvert with baffles across an unnamed tributary to Little Champion Creek (CWF).

E26-357. Saltlick Township, P. O. Box 403, 147 Municipal Road, Melcroft, PA 15462. To construct a culvert in Saltlick Township, **Fayette County**, Pittsburgh ACOE District (Donegal, PA Quadrangle N: 16.8 inches; W: 6.0 inches, Latitude: 40° 5' 33"; Longitude: 79° 25' 04"). The applicant proposes to remove the existing structure on Keslar School Road (T-818) Station 190+54.5 and to construct and maintain an 18-foot wide by 5-feet high box culvert with baffles across an unnamed tributary to Little Champion Creek (CWF).

E63-619. Department of Transportation District 12-0, 825 North Gallatin Avenue Ext, Uniontown, PA 15401. To remove bridge and construct and maintain a wider bridge in Chartiers Township, **Washington County**, Pittsburgh ACOE District (Canonsburg, PA Quadrangle N: 0.1 inch; W: 13.3 inches, Latitude: 40° 15' 59"; Longitude: 80° 13' 14.6"). The applicant proposes to remove the existing 10.8' wide, 46' long Paxton Road bridge and to construct and maintain a new 26' wide bridge having a span of 52.1' and underclearance of 19.1' over Chartiers Run (WWF); to construct and maintain fill in the floodplain for the associated approach road changes; to construct and maintain associated outfalls; to construct temporary stream diversion and causeways. The work is associated with the proposed roadway improvements to the Paxton Road intersection with SR 519. The new bridge is located approximately 60' downstream of the existing bridge. To compensate for the stream impacts the applicant will restore the banks at the site of the existing bridge.

E63-620. Department of Transportation, District 12-0, 825 North Gallatin Avenue Ext, Uniontown, PA 15401. To construct and maintain culverts in Peters Township, **Washington County**, Pittsburgh ACOE District (Canonsburg, PA Quadrangle N: 7.3 inches; W: 15.2 inches, Latitude: 40° 17' 13.5"; Longitude: 80° 6' 19.1"). The applicant proposes to construct and maintain

1. a 150 ft long, 36 ft wide by 11 ft high concrete open bottom culvert in an unnamed tributary to Brush Run (WWF)

2. 61 ft downstream of the above, a 84 ft long, 36 ft wide by 11 ft high concrete open bottom culvert in an unnamed tributary to Brush Run (WWF) with a drainage area of 2.7 square miles to replace the existing Valley Brook Road (SR 1010) bridge near the confluence with Brush Run

3. a 61 ft long 20 ft high retaining wall between the above box culverts

4. a replacement sewer line crossing conflicting with the above

5. a 229.3 ft long retaining wall along the adjoining section of Brush Run varying in height from 9.3 ft to 17.5 ft

In addition associated causeways, stream diversions, and stormwater outfalls for the purpose of improving the SR 19 and SR 1010 (Valley Brook Road) intersection and approach roads. Stream mitigation is intended to be provided at the site.

ENVIRONMENTAL ASSESSMENTS

Southwest Region: Watershed Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

EA11-004. Trout Run Watershed Association, 161 Hemlock Drive, Portage, PA 15946 To construct a limestone treatment system in Portage Township, **Cambria County**, Pittsburgh ACOE District (Beaverdale, PA Quadrangle N: 21.2 inches; W: 3.1 inches, Latitude: 40° 22' 5.2"; Longitude: 78° 38' 57.3"). The applicant proposes to construct a limestone treatment system to raise the alkalinity of acid water being discharged from the Puritan Discharge. The proposed system is located within the floodway (left descending bank) of Trout Run (CWF) and within the channel of an unnamed tributary of Trout Run (CWF—less than 100 acres drainage area) that was created by acid mine drainage. The applicant proposes to relocate and enclose 130 lf of the unnamed tributary; grade and place fill within 330 lf of the floodway of Trout Run and 270 lf of the channel of an unnamed tributary of Trout Run; and enclose 65 lf of the unnamed tributary to trout run at the downstream end of the system into the unnamed tributary of Trout Run. The project will affect 465 lf of the unnamed tributary to Trout Run and approximately 330 lf of the floodway of Trout Run.

DAM SAFETY

Central Office: Bureau of Waterways Engineering, 400 Market Street, Floor 3, P. O. Box 8554, Harrisburg, PA 17105-8554.

Emerald Coal Resources, LP, 158 Portal Road, P. O. Box 1020, Waynesburg, PA 15370. Emerald Coal is proposing to construct three jurisdictional dams (containing one slurry impoundment and one sediment basin) within the Coal Refuse Disposal Area No. 3. The total disposal area will impact 0.457 acre of wetlands (PEM) and 15,428 lineal feet of stream, providing a minimum of 0.457 acre of replacement wetlands and appropriate stream compensation.

D30-070. Emerald No. 1 CRDA No. 3 East Dam. To construct, operate and maintain Emerald No. 1 CRDA No. 3 East Dam across a tributary to Smith Creek (WWF) for the purpose of disposal of coal refuse generated by Emerald Mine No. 1 (Waynesburg, PA Quadrangle N: 0.5 inch; W: 11.95 inches) Franklin Township, **Greene County**.

D30-071. Emerald No. 1 CRDA No. 3 West Dam. To construct, operate and maintain Emerald No. 1 CRDA No. 3 West Dam across a tributary to Smith Creek (WWF) for the purpose of disposal of coal refuse generated by Emerald Mine No. 1 (Waynesburg, PA Quadrangle N: 0.9 inch; W: 12.5 inches) Franklin Township, **Greene County**.

D30-072. Emerald No. 1 CRDA No. 3 Sediment Pond. To construct, operate and maintain Emerald No. 1 CRDA No. 3 Sediment Pond across a tributary to Smith Creek (WWF) for the purpose of providing sediment control for the disposal area (Waynesburg, PA Quadrangle N: 0.35 inch; W: 11.3 inches) Franklin Township, **Greene County**.

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION**UNDER ACT 2, 1995****PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a Site-Specific Standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Box 629, Douglassville, PA 19517 has submitted a Remedial Investigation Report/Final Report (on behalf of his client, Hazleton Oil and Environmental, Inc., 300 South Tamaqua Street, Hazleton, PA 18201),

concerning the remediation of soil and groundwater found to have been impacted by petroleum hydrocarbons due to a historical release from a former bulk petroleum storage and distribution facility. The report was submitted to document attainment of the Statewide Health Standard. A public notice regarding the submission of the Final Report was published in *The Times News* on October 9, 2009.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Northeast Region: Ronald S. Brezinski, Regional Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

Bethlehem Commerce Center (Entire Site), 1805 East 4th Street, Bethlehem City, **Northampton County**. William K. Ahlert, HDR Engineering, 1720 Spillman Drive, Suite 280, Bethlehem, PA 18015-2165 submitted a combined Remedial Investigation Report/Final Report (on behalf of his client, Lehigh Valley Industrial Park, Inc., 1720 Spillman Drive, Suite 150, Bethlehem, PA 18015-2164), concerning the remediation of groundwater found to have been impacted by benzene, naphthalene, and TCE constituents as a result of historical operations at the former Bethlehem Steel Plant. The combined report documented attainment of the Site-Specific Standard for Groundwater and was approved by Central Office on December 17, 2009.

Northwest Region: Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

Pennzoil Rouseville Refinery (Former Rouseville Refinery—Plant 2), Cornplanter Township, **Venango County**. URS Corporation, 501 Holiday Drive, Building #4, Suite 300, Pittsburgh, PA 15220 on behalf of Pennzoil-Quaker State Company, 12700 Northborough Drive, 300 E-11, Houston, TX 77067 and Honeywell, Inc., has submitted a Risk Assessment/Remedial Investigation Report concerning the remediation of site soil contaminated with separate phase petroleum liquids and petroleum refining related constituents including, but not limited to, Benzene, Toluene, Ethyl Benzene, Xylenes, Cumene, Methyl tert-Butyl Ether, Naphthalene, 1,2,4 Trimethylbenzene, 1,3,5 Trimethylbenzene, Flourene, Anthracene, Phenanthrene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(a)pyrene, Benzo(g,h,i)perylene, Dibenzofuran, 1,2,3 Trichloropropane, 1,1,2,2-Tetrachloroethane, Arsenic, Iron, Thallium, Lead and site groundwater contaminated with separate phase petroleum liquids and petroleum refining related constituents including, but not limited to, Benzene, Toluene, Ethyl Benzene, Xylenes, Cumene, Methyl tert-Butyl Ether, Naphthalene, 1,2,4 Trimethylbenzene, 1,3,5 Trimethylbenzene, Flourene, Anthracene, Phenanthrene, Pyrene, Benzo(a)anthracene, Chrysene, Benzo(a)pyrene, Benzo(g,h,i)perylene, Arsenic, Iron, Lead. The Risk Assessment/Remedial Investigation Report was approved by the Department of Environmental Protection on December 30, 2009.

DETERMINATION OF APPLICABILITY FOR RESIDUAL WASTE GENERAL PERMITS

Determination of Applicability for General Permit Approved Under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003); the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904); and Residual Waste Regulations for a General Permit to Operate Residual Waste Processing Facilities and/or the Beneficial Use of Residual Waste Other Than Coal Ash.

Central Office: Division of Municipal and Residual Waste, Rachel Carson State Office Building, 14th Floor, 400 Market Street, Harrisburg, PA 17105-8472.

General Permit Application No. WMGR081D021. E-Waste Experts, Inc., 416 Green Lane, Unit 5, Bristol, PA 19007-4001.

The general permit WMGR081D021 is for the processing (for example, sizing, shaping, separating, and volume reduction only) of e-waste (for example, damaged, obsolete, and/or reusable electronic devices) prior to reuse or recycling. The processing operation will be conducted at the Green Lane facility, located in Bristol Borough, **Bucks County**. Central Office approved the determination of applicability on January 6, 2010.

Persons interested in reviewing the general permit may contact Ronald C. Hassinger, Chief, General Permits and Beneficial Use Section, Division of Municipal and Residual Waste, Bureau of Land Recycling and Waste Management, P. O. Box 8472, Harrisburg, PA 17105-8472, (717) 787-7381. TDD users may contact the Department of Environmental Protection through the Pennsylvania AT&T Relay Service, (800) 654-5984.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Permits Suspended under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and Regulations to Operate Solid Waste Processing or Disposal Area or Site.

Southeast Region: Regional Solid Waste Manager, 2 East Main Street, Norristown, PA 19401.

Permit No. 300852. Amcast Industrial Corporation, 1020 West High Street, Stowe, PA 19464. Borough of Pottstown and West Pottsgrove Township, **Montgomery County**. The permit governing closure and post closure operations at a closed residual waste landfill has been suspended and the associated bond has been declared forfeit. The permit was suspended and the bond declared forfeit by the Southeast Regional Office on January 6, 2010.

AIR QUALITY

Permit issued: January 7, 2010.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Floodplain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 P. S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

To: (1) raze the existing SR 1033 (Sherman Street) steel I-beam bridge having four spans, a width of 37.3 feet, a total span of 263.7 feet, and an underclearance of 22.5 feet over Mill Creek (WWF) and Interstate 83 (York, PA Quadrangle N: 18.9 inches; W: 11.9 inches, Latitude: 39° 58' 45"; Longitude: 76° 42' 35"); (2) construct and maintain a two span composite steel plate girder bridge approximately 18 feet west of the existing bridge having a width of 55.3 feet, a total span of 265.0 feet, and an underclearance of 24.5 feet carrying SR 1033 (Sherman Street) over Mill Creek (WWF) and Interstate 83 (York, PA Quadrangle N: 18.9 inches; W: 11.9 inches, Latitude: 39° 58' 45"; Longitude: 76° 42' 35") in Springettsbury and Spring Garden Townships, York County, for the purpose of

providing a structurally sound bridge that will maintain safe and adequate movement of motorized vehicles.

E67-872: Snyder's of Hanover, Inc., 1350 York Road, Hanover, PA 17331-0917, Snyder's of Hanover Glatco Lodge Road Quarry, Heidelberg Township, **York County**, ACOE Baltimore District.

To fill and maintain a 1.93 acre, abandoned open water quarry pit with clean fill. The project is located west of Glatco Lodge Road, north of its intersection with Moulstown Road (Hanover, PA Quadrangle N: 15.9 inches; W: 10.2 inches, Latitude: 39° 50' 19"; Longitude: 76° 56' 46.5") in Heidelberg Township, York County. The purpose of the project is to reclaim the mine area and to eliminate potential safety hazards to the community.

Southwest Region: Watershed Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1613. Adventure Development, LLC, 102 W. Anderson Street, Selma, NC 27576-5561. To construct a stream enclosure culvert and fill wetlands in McCandless Township, **Allegheny County**, Pittsburgh ACOE District (Emsworth, PA Quadrangle N: 12.0 inches; W: 3.7 inches, Latitude: 40° 33' 58"; Longitude: 80° 01' 36"). To place and maintain fill in 0.07 acre of wetlands; to construct and maintain an approximately 500 foot long stream enclosure consisting of a 42 inch diameter culvert in an unnamed tributary to Little Pine Creek (UNT 2) (Depressed 6 inches below the natural stream bed elevation) (TSF, Drainage Area less than 100 acres); to construct and maintain an approximately 300 foot long stream enclosure consisting of a 36 inch diameter culvert in an unnamed tributary to Little Pine Creek (UNT 3) (depressed 6 inches below the natural stream bed elevation) (TSF, Drainage Area less than 100 acres); to relocate and maintain approximately 285 linear feet of an unnamed tributary to Little Pine Creek, resulting in a stream loss of 110 linear feet (UNT 4) (TSF, Drainage Area less than 100 acres); to place and maintain fill within the floodway for 77 linear feet of an unnamed tributary to Little Pine Creek (UNT 3) (Drainage Area less than 100 acres), 410 linear feet of an unnamed tributary to Little Pine Creek (UNT 1) (TSF, Drainage Area less than 100 acres), and 225 linear feet of an unnamed tributary to Little Pine Creek (UNT 5) (TSF, Drainage Area less than 100 acres); to place and maintain fill in the channel of 105 linear feet of an unnamed tributary to Little Pine Creek (UNT 6) (TSF, Drainage Area less than 100 acres) and 138 linear feet of an unnamed tributary to Little Pine Creek (UNT 5A) (TSF, Drainage Area less than 100 acres); to place and maintain riprap in the channel of 22 linear feet of an unnamed tributary to Little Pine Creek (UNT 2) (TSF, Drainage Area less than 100 acres) and 22 linear feet of an unnamed tributary to Little Pine Creek (UNT 3) (TSF, Drainage Area less than 100 acres); to construct and maintain a temporary road crossing; for the purpose of constructing a retail and office building development known as McCandless Crossing (McCandless Town Center) and extending Duncan Avenue. As mitigation for the two stream enclosures and the relocated channel, the applicant will plant riparian vegetation along 810 linear feet of two unnamed tributaries of Little Pine Creek (UNT 1 and UNT2) (TSF) onsite and along 1475 linear feet of an unnamed tributary of Pine Creek (CWF) offsite. Within the onsite mitigation reaches, 7 rock cross vanes will be constructed. As mitigation for the wetland impacts, the applicant will construct a 0.10 acre replacement wetland onsite. The project is located on the west

side of McKnight Road Extension, just southwest from the intersection of McKnight Extension and Cumberland Roads and will impact 2,194 linear feet of stream channel and 0.07 acre of wetlands.

E02-1619. Eastman Chemical Resins, Inc., State Highway 837, P. O. Box 567, West Elizabeth, PA 15088-0567. To repair an existing barge loading facility in Jefferson Hills Borough, **Allegheny County**, Pittsburgh ACOE District (Glassport, PA Quadrangle N: 3.0 inches; W: 3.5 inches, Latitude: 40° 15' 57.8"; Longitude: 79° 54' 1.7"). To operate and maintain the existing barge loading / unloading facility (originally constructed under Permit No. 10717) in the channel and along the left bank of the Monongahela River (WWF) located at River Mile 23.7, just downstream from Lock and Dam No. 3.

E26-354. Jacobs Creek Watershed Association, P. O. Box 1071, Mt. Pleasant, PA 15666. To maintain shoreline stabilization in Bullsken Township, **Fayette County**, Pittsburgh ACOE District (Connellsville, PA Quadrangle N: 20.3 inches; W: 2.9 inches, Latitude: 40° 6' 39"; Longitude: 79° 31' 13"). To construct and maintain fish habitat structures and shoreline stabilization with rocks and vegetation for a length of 325 feet, along the south shore of Green Lick Lake on Green Lick Run (WWF). The project includes placement of 5-7 feet wide fill in the eroded areas and construction of R-7, R-5 and R-4 riprap, and two new docks.

E65-927. Pucketa & Chartiers Watershed Association, P. O. Box 2801, Lower Burrell, PA 15068. A total stream impact of 1,920' is proposed, all within Chartiers Creek (TSF) and its floodplain. The project is located in "Wolfpak Park" in the City of Lower Burrell, **Westmoreland County**, Pittsburgh ACOE District (New Kensington East, PA Quadrangle North 17.55"; West 12.8", Latitude: 40° 35' 48"; Longitude: 79° 43' 02").

1. Construct and maintain a pedestrian footbridge with a span of approximately 50' and underclearance of approximately 12'.

2. Construct and maintain stream improvements consisting of 7 cross veins and 3 j-hook veins of either rock or log construction.

3. Re-grade and maintain approximately 400' of stream channel.

4. Stabilize the area by planting vegetation in the riparian zone.

5. Construct and maintain an asphalt walking trail along 540lf of floodplain.

6. Operate and maintain two baseball fields within 450lf of floodplain.

7. Operate and maintain asphalt 8—10' wide walking trails along 1320lf of floodplain.

8. Operate and maintain a 25' x 25' picnic shelter within the floodplain.

9. Operate and maintain a 60' x 20' batting cage within the floodplain.

10. Operate and maintain 60lf of riprap stream stabilization within the channel.

11. Operate and maintain a gravel parking area along 240 lf of stream floodplain.

12. Operate and maintain two bocce ball courts, totaling 30' x 80' within the floodplain.

13. Operate and maintain two horseshoe pits, totaling 20' x 45' within the floodplain.

14. Operate and maintain two soccer fields along 370lf of floodplain.

15. Operate and maintain a 28' x 70' concrete block building within the floodplain.

16. Operate and maintain an 18" plastic outfall within the channel.

17. Operate and maintain three 15" stormwater outfalls within the channel.

18. Operate and maintain two 12" stormwater outfalls within the channel.

19. Operate and maintain a 6" stormwater outfall within the channel.

E3709-001. Department of Environmental Protection, Bureau of Abandoned Mine Reclamation, Division of Mine Hazards, P. O. Box 8476, Harrisburg, PA 17105. Abandoned Mine Land Reclamation Project, in New Beaver Borough, **Lawrence County**, Pittsburgh ACOE District. Receiving Streams/Watershed: Unnamed tributary to Wampum Run (WWF) to Beaver River (Ohio Basin/The Ohio Sub-basin 20B/Beaver River Watershed).

The applicant proposes to reclaim/backfill an abandoned surface mine, eliminating 1,200 linear feet of dangerous highwall. The project involves the encroachment and elimination of all but 0.4 acre of a 3.5 acre open-water body as part of the reclamation work. The project will also directly impact < 0.05 acre of wetland, which is considered de minimis. Impacts to the water body and wetland are unavoidable in order to address the public safety hazards at this site. However, a deep and shallow fringe area of the existing water body will remain intact and an additional shallow retention pond will be constructed to alleviate the aquatic resource impacts of the project. Total proposed area for these aquatic features is 0.6 acre. The proposed work includes clearing and grubbing, grading to backfill the highwalls (including water body) with associated spoil material, construction of a shallow retention pond, temporary and permanent erosion control measures and revegetating the entire project area with grasses and legumes (New Galilee and Beaver Falls, PA Quadrangles Latitude: 40° 52' 18"; Longitude: 80° 22' 29", N 22 inches; W 17 inches-Beaver Falls Quad).

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control Permits have been issued.

Any person aggrieved by these actions may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. Chapter 5, Subchapter A (relating to practice and procedure of Commonwealth agencies), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute

provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If individuals want to challenge this action, their appeal must reach the Board within 30 days. Individuals do not need a lawyer to file an appeal with the Board. Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. If individuals cannot afford a lawyer, individuals may qualify for pro bono representation. Call the Secretary to the Board (717) 787-3483 for more information.

SPECIAL NOTICES

Greensburg District Mining Office: Armbrust Professional Center, 8205 Route 819, Greensburg, PA 15601, 724-925-5500.

Notice is hereby given that the Department of Environmental Protection (**Greensburg District Mining Office**, 8205 Route 819, Greensburg, PA, 15601-0982; Phone: 724-925-5500) will hold a Public Hearing and Informal Conference for all interested persons wishing to make oral comments or to submit written comments on Amerikohl Mining, Inc.'s (202 Sunset Drive, Butler, PA 16001) request for a surface mining permit, (Application No. 26080106) and associated NPDES permit application 0251763 located in Dunbar Township, **Fayette County**. Amerikohl has proposed to discharge treated wastewater and implement best management practices in the course of their proposed surface mining activity. The receiving streams for the proposed mining area are unnamed tributaries listed as Cold Water Fisheries in Chapter 93.4c(b)(1). They flow to the High Quality Youghiogheny River. Other activities are proposed in the High Quality waters of Morgan Run and Johnson Run. The public notice for the application was published in the *Herald-Standard* newspaper on October 5, 12, 19 and 26, 2009 and in the *Pennsylvania Bulletin* on October 5, 2009.

On March 2, 2010, a Public Hearing will be held at 1 p.m., at the Morrell Volunteer Fire Department, located on Morrell Road, Dunbar, PA 15432. Morrell Road is approximately 1 1/2 miles south of Connellsville, PA just off of Route 119. Specifically, the Morrell Volunteer Firehall is located just across Morrell Road from the entrance to the Comet Drive In.

The issues raised by the persons requesting the hearing include NPDES Discharge and recreational concerns.

The meeting will be divided into three sessions. The first will be a Department of Environmental Protection (Department) presentation of the permit application review process which will include site specific information on the proposed application. The second session will be an open house session where anyone will be able to discuss their concerns with the individual reviewers. And the third session will be a formal Public Hearing.

The rules of the public hearing session follow:

1) Be prepared to sign in if you intend to speak in the hearing phase of the meeting.

2) The speakers will be called to speak in chronologic order of the list.

3) Each speaker will have 5 minutes to speak.

4) Each speaker will approach a podium or similar accommodation where they will speak in front of the audience.

5) The Department will not answer questions at the public hearing portion of the meeting.

6) Only one speaker may speak at a time.

7) A stenographer will be provided to record the speaker's comments for the record.

Further information can be obtained by contacting the Greensburg District Mining Office. Written comments will be received during the 7 day comment period after the hearing.

Individuals with a disability wishing to attend this meeting and require an auxiliary aid, service or other accommodation to participate, call (724) 925-5500 and ask for Cathy Hillman, ADA Coordinator to discuss how their needs may be best accommodated. Individuals may use the Pennsylvania AT&T Relay Service by calling (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice Users) and request that your call be relayed to Cathy Hillman at (724) 925-5500.

The application, plans and other data concerning the permit are available at the Department of Environmental Protection, Bureau of Deep Mine Safety, Fayette County Health Center, 100 New Salem Road, Uniontown, PA 15401, and the Department of Environmental Protection, Greensburg District Office, Armbrust Professional Center, 8205 Route 819, Greensburg, PA 15601. For an appointment at the Greensburg District Office, call (724) 925-5500.

Advanced Notice of Final Rulemaking for the Administration of the Water and Wastewater Systems Operators' Certification Program

The Department of Environmental Protection (Department) is soliciting comments on changes it recommends be made to Chapter 302, The Administration of the Water and Wastewater Systems Operator Certification Program proposed rulemaking published in the *Pennsylvania Bulletin* at 39 Pa.B. 3591 (July 11, 2009). Public comments were accepted from July 11, 2009 through September 9, 2009. The Department received 154 comments from 77 commentators.

The draft final-form rulemaking describes the policies and procedures the State Board for Certification of Water and Wastewater Systems Operators (Certification Board) and the Department will follow to implement its responsibilities and duties under the Drinking Water and Wastewater Systems Operators' Certification Act (Certification Act) (63 P. S. §§ 1001—1015.1). This includes the procedures to be followed by applicants to become certified for the first time, to renew their certification, and to apply for reciprocity based on certification received from another state. The regulations also describe the procedure the Certification Board will follow for the review of all

applications for certification, including the review of criminal history records. The regulations also define requirements for the suspension or revocation of an operator's certificate, upon petition by the Department and for the review of Department decisions related to operator training programs and courses. The draft final-form rulemaking also establishes the standards and requirements for operators of water and wastewater systems to become certified and maintain their certification. It also establishes the duties and responsibilities of operators and owners related to the operation of a community or nontransient, noncommunity water system, water distribution system, wastewater treatment system treating more than 2,000 gallons per day and a satellite wastewater collection system with a pump station. Finally, proposed fees to cover the costs of program administration are established.

This rulemaking ensures that Pennsylvania's Operator Certification Program continues to meet the Federal requirements established in the 1996 Amendments to the Federal Safe Drinking Water Act (SDWA) and State requirements as established by the Certification Act. This proposed rulemaking is more stringent than the Federal guidelines in one area. The Certification Act requires that the Federal requirements for drinking water system operators also apply to wastewater system operators.

A. Summary of the Advance Notice of Final-Form Rulemaking Changes

In response to comments received during the official public comment period on the proposed rulemaking for Chapter 302, The Administration of the Water and Wastewater Systems Operator Certification Program, the Department has prepared a draft final-form rulemaking for public comment. The draft final-form rulemaking contains significant changes in several areas. These changes include:

- *Definitions*—As suggested by the commentators a number of definitions were revised. In addition, the definitions for conventional filtration, membrane filtration and ground water were revised to ensure continued consistency with Department regulations for the Safe Drinking Water Program.

- *Operator Liability*—A new section 1209 (Assessment of Fines and Penalties) has replaced the previous Section 1209 (Satellite Collection Systems). Section 1209 was added to require the Department's assessment of a penalty be based on a person's failure to comply with an order. This has always been the intention of the Department and the way the program has been implemented since 2002.

- *Laboratory Supervisor Subclassification*—Sections referring to this subclassification were revised to insure consistency between Chapter 302 and provisions of Chapter 252, Laboratory Accreditation.

- *Duties of Operators*—The duties of operators were revised to parallel statutory language. Additional language to further clarify the statutory requirement for a report from the operator to an owner regarding violations and potential violations was deleted.

- *Process Control Decisions*—Language pertaining to Department staff making process control decisions under specific situations was deleted.

- *Process Control Plans*—Language was added to clarify when the Department would ask for the development of these plans and who would be responsible for their development.

- *Collection Systems*—The Section distinguishing the requirement for a certified operator based on ownership was deleted. The definitions for single entity and satellite collection systems were revised to parallel statutory language.

- *Fees*—While the actual fee structure did not change, further clarification as to how the fees would be applied was added.

While there is no legal requirement to provide an opportunity to comment upon the Department's recommendations for final-form rulemaking, the Department believes further discussion would serve the public interest in this instance.

Availability of Technical Guidance

Technical guidance documents are available on the Department of Environmental Protection's (Department) web site at <http://www.depweb.state.pa.us> (DEP Keywords: "eLibrary"). The "Final Documents" heading is the link to a menu of the various Department bureaus where each bureau's final technical guidance documents are posted. The "Draft Technical Guidance" heading is the link to the Department's draft technical guidance documents.

The Department will continue to revise its nonregulatory documents, as necessary, throughout 2010.

Ordering Paper Copies of Department Technical Guidance

The Department encourages the use of the Internet to view and download technical guidance documents. When this option is not available, persons can order a paper copy of any of the Department's draft or final technical guidance documents by contacting the Department at (717) 783-8727.

In addition, bound copies of some of the Department's documents are available as Department publications. Check with the appropriate bureau for more information about the availability of a particular document as a publication.

Changes to Technical Guidance Documents

Following is the current list of recent changes. Persons who have questions or comments about a particular document should call the contact person whose name and phone number is listed with each document.

Final Technical Guidance

DEP ID: 362-4000-002. Title: Field Order Instruction Manual for Water Quality Operations. Description: This technical guidance has been revised to update and establish uniform instructions and procedures for Water Quality Field Operations staff, by authority of the PA Clean Streams Law, for the issuance of Field Orders for violations occurring at permitted and unpermitted facilities. By this notice, the Department is also rescinding the 1998 version of this guidance, *Field Manual for Compliance Orders* (Document # 362-4000-002). Unlike the 1998 version, this guidance includes substantial revisions that consist of updated regulations and new scenarios that field staff may encounter that warrant the issuance of a Field Order when voluntary compliance cannot be attained by other established methods. The Department published notice of the draft technical guidance for a 30-day public comment period in the *Pennsylvania Bulletin* at 39 Pa.B. 6520 (November 7, 2009). The Department did not receive any comments on this guidance and no changes have been made to the final guidance document. Contact: Questions regarding the final guidance document should be directed to Robert Kachonik at (717) 783-4018 or rkachonik@state.pa.us.

Effective date: January 23, 2010.

Request for Comments on the National Environmental Policy Act; Environmental Assessment for a Wind Energy Project

The Department of Environmental Protection (Department) is soliciting comments on the Environmental Assessment (EA) required by the Federal Department of Energy (DOE) to achieve National Environmental Policy Act (NEPA) compliance for the Frey Farm Landfill Wind Energy Project. The proposed project is a 3.2 mega watt (MW), two turbine wind energy project on Frey Landfill property in Manor Township, Lancaster County. The proposed project will receive a portion of its funding from the American Reinvestment and Recovery Act dollars allocated to the Commonwealth for the State Energy Program.

Legal Authority: NEPA regulations at 40 CFR Parts 1500—1508, and DOE's NEPA regulations at 10 CFR Part 1021.

Contact Persons

For further information or to request a copy of the EA contact Kelly Heffner, Director Policy Office, P. O. Box 2063, Rachel Carson State Office Building, Harrisburg, PA 17105-2063, (717) 783-8727. DEPARTMENT OF HEALTH

Application of Berwick Hospital Center for Exception

Under 28 Pa. Code § 51.33 (relating to requests for exceptions), the Department of Health (Department) gives notice that Berwick Hospital Center has requested an exception to the requirements of 28 Pa. Code § 153.1 (relating to minimum standards), which requires compliance with minimum standards contained in the following publication: *Guidelines for Design and Construction of Hospitals and Healthcare Facilities*. The facility specifically requests exception from the following standard contained in this publication: 3.1.3.2 (relating to space requirements).

This request is on file with the Department. Persons may receive a copy of a request for exception by requesting a copy from the Department of Health, Division of Acute and Ambulatory Care, Room 532, Health and Welfare Building, Harrisburg, PA 17120, (717) 783-8980, fax (717) 772-2163, ra-paexcept@state.pa.us.

Table Specified for Determination of Rate and Amount of Benefits

The purpose of this notice is to effect the automatic extension of Table Specified for Determination of Rate and Amount of Benefits. Each year the maximum weekly benefit rate is calculated at 66 2/3% of the average weekly wage in covered employment for the preceding fiscal year. The maximum weekly benefit rate for unemployment compensation purposes in this Commonwealth during calendar year 2010 will be \$564.

Under the authority contained in sections 201 and 404(e)(2) of the Unemployment Compensation Law (Law) (43 P. S. §§ 761 and 804(e)(2)) and 34 Pa. Code § 65.111 (relating to benefit table), the table for 2010 is being adopted by this notice and will be codified in 34 Pa. Code Chapter 65, Appendix A. See 14 Pa.B. 4688 (December 29, 1984).

Under section 404(e)(2) of the Law, this table is effective for claimants whose benefit year begins on or after January 1, 2010.

Questions concerning this notice should be directed to Patrick T. Beaty, Deputy Secretary for Unemployment Compensation Programs, 651 Boas Street, Room 1700, Harrisburg, PA 17121.

*Pennsylvania Gaming Control Board—
Vendor Revisions;
Regulation No. 125-100 (#2780)*

On July 30, 2009, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Gaming Control Board (Board). This rulemaking amends 58 Pa. Code Chapters 435a (relating to temporary credentials for vendors and vendor employee temporary access credentials) and 437a (relating to vendor certification and registration). The proposed regulation was published in the August 15, 2009 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on November 18, 2009.

This regulation improves the clarity of the Board's existing Chapters 435a and 437a, and also reduces unnecessary filing requirements.

We have determined this regulation is consistent with the statutory authority of the Board (4 Pa.C.S. § (b)(30)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Violation of the following is alleged: Sections 611-A(14), (20) and 678-A(b) of the Insurance Department Act of 1921, Act of May 17, 1921, P. L. 789, No. 285, as amended (40 P. S. §§ 310.11 and 310.78).

Respondent was ordered to file a written answer to the Order to Show Cause within 20 days. If Respondent files a timely answer, a formal administrative hearing shall be held in accordance with 2 Pa.C.S. §§ 101 et. seq. (relating to the Administrative Agency Law), 1 Pa. Code §§ 31.1—35.251 (relating to General Rules of Administrative Practice and Procedure), 31 Pa. Code §§ 56.1—56.3 (relating to Special Rules of Administrative Practice and Procedure), and other relevant procedural provisions of law.

Answers, motions preliminary to those at hearing, protests, petitions to intervene or notices of intervention, if any, must be filed in writing with the Hearings Administrator, Insurance Department, Administrative Hearings Office, 901 North 7th Street, Harrisburg, PA 17102.

Persons with a disability who wish to attend the previously-referenced administrative hearing, and require an auxiliary aid, service or other accommodation to participate in the hearing, contact Donna Fleischauer, Disability Services Coordinator at (717) 787-4298.
