READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where "no fiscal impact" is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

GOVERNOR'S OFFICE

Proclamation Declaration of Drought Emergency in the Commonwealth and Implementing Measures

Whereas, a long and continuing period of unusually dry weather, abnormally low stream flows, and reduced groundwater levels have resulted in shortages of water supplies within Pennsylvania; and

Whereas, in accordance with criteria established by the Commonwealth Emergency Operations Plan for natural resource shortages, a review of climatic, hydrologic, and water supply conditions indicate the existence of a drought and water shortage emergency in Pennsylvania; and

Whereas, these conditions and water shortages may endanger the health, safety, and welfare of a significant number of Pennsylvania citizens, threaten our natural resources, and have created and threaten to create problems greater in scope than municipal and county governments alone may resolve; and

Whereas, conservation measures are necessary to reduce the severity of these water shortfalls and to protect the health, safety, and welfare of affected citizens in Pennsylvania;

Therefore, I, Tom Ridge, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution, the Emergency Management Services Code, 35 Pa.C.S.A. Section 7101 et seq., as amended, and other laws of the Commonwealth, do hereby declare, order, direct, and certify as follows:

1. A state of drought and water shortage emergency exists in all of the following counties: Adams, Allegheny, Beaver, Bedford, Berks, Blair, Bradford, Bucks, Cambria, Cameron, Carbon, Centre, Chester, Clearfield, Clinton, Columbia, Cumberland, Dauphin, Delaware, Fayette, Franklin, Fulton, Greene, Huntingdon, Indiana, Juniata, Lackawanna, Lancaster, Lawrence, Lebanon, Lehigh, Luzerne, Lycoming, Mifflin, Monroe, Montgomery, Montour, Northampton, Northumberland, Perry, Philadelphia, Pike, Potter, Schuylkill, Snyder, Somerset, Sullivan, Susquehanna, Tioga, Union, Washington, Wayne, Westmoreland, Wyoming, and York. These counties constitute the designated drought emergency area.

2. I hereby transfer up to \$500,000 in unused appropriated funds to the Pennsylvania Emergency Management Agency. The aforementioned funds shall be used for drought-related expenses incurred by various state agencies and departments. These funds shall be credited to a special account established by the Office of the Budget. All Commonwealth agencies purchasing supplies or services in response to this drought emergency are authorized to utilize the emergency procurement procedures set forth in Section 516 of the Commonwealth Procurement Code. Act of May 15, 1998, P. L. 358, No. 57, § 516. This Proclamation shall serve as the written determination of the basis for the emergency under Section 516.

3. During the period of this drought and water shortage emergency, the Pennsylvania Emergency Management Agency and Pennsylvania Emergency Management Council are authorized and directed to do the following:

a. implement the regulations set forth in 4 Pa. Code Chapters 118, 119, and 120, consistent with the provisions of the Pennsylvania Emergency Operations Plan and all other applicable state, county, and municipal disaster emergency management plans;

b. prohibit and restrict nonessential uses of water;

c. require the submission of drought and water shortage contingency plans by public water supply agencies located within the designated drought emergency area in cooperation with the governing body of each political subdivision where they provide services;

d. provide for contingency plans to conserve water and energy through the reduction of major water uses, where necessary, within the designated drought emergency area in Pennsylvania;

e. require the development and adoption of local water rationing plans, as defined in 4 Pa. Code Chapter 120, by water purveyors, public water supply agencies and governing bodies of political subdivisions within the designated drought emergency area, when deemed necessary to meet local conditions; and

f. require the development and adoption of contingency plans by self supplied commercial and industrial water risers in cooperation with local governing bodies that will provide for the reduction of major water users where necessary, through the mandatory implementation of specific water conservation measures within the designated drought emergency area.

4. The Pennsylvania Department of Environmental Protection is authorized to issue orders or take other appropriate actions to do the following:

a. order temporary modification of conditions in existing water withdrawal permits, including restrictions in the timing or quantity of water use;

b. supervise the storage and release of water in public and private reservoir facilities subject to State regulation;

c. require emergency and permanent interconnection of public and private water systems and prescribe the delivery of water through such interconnections;

d. regulate the diversion and withdrawal of water in the designated drought emergency area in excess of such quantities as may be prescribed by order or regulation, including the establishment of requirements for emergency withdrawal permits; and

e. cooperate with the Pennsylvania Emergency Management Agency and Federal agencies responsible for operation of Federal Reservoir facilities to develop and implement emergency schedules for storage and release of water.

5. The Pennsylvania Emergency Management Agency, the Department of Environmental Protection, the Department of Military and Veterans Affairs, the Public Utility Commission, and all other agencies of the Commonwealth are authorized, ordered and directed to adopt and enforce such rules, regulations or orders as necessary to carry out their respective responsibilities and functions under this Proclamation, to adopt, amend and enforce such rules, regulations or orders under their respective statutory authorities as may be reasonably necessary to assist in responding to this water shortage, and to cooperate with all applicable River Basin Commissions in implementing and enforcing the drought and water shortage emergency orders and measures undertaken by those Commissions.

6. The Commonwealth Drought Coordinator, appointed under the provisions of the Commonwealth Emergency Operations Plan, is authorized and directed to carry out all functions, duties and responsibilities specified by the Plan and this Proclamation, and generally to assist the Pennsylvania Emergency Management Agency in coordinating and directing State Agency response to the drought emergency. The Pennsylvania Emergency Management Council shall review the actions of the Commonwealth Drought Coordinator.

7. Each public water supply agency located within the designated drought emergency area is hereby directed to develop a contingency plan in cooperation with the local governing body where it provides services in order

to balance demand and available supplies and to assure that sufficient water is available to preserve public health and safety. The contingency plan shall establish equitable water use restrictions for residential, commercial, industrial and other water uses together with appropriate implementing arrangements. The contingency plan must be completed and submitted to the Department of Environmental Protection within thirty (30) days of the date of this Proclamation. If a public water supply agency has a contingency plan, it shall review the plan in cooperation with the local governing body for coordination purposes. The plan review shall be completed within thirty (30) days of the date of this Proclamation and the Department of Environmental Protection notified of such action.

8. The Pennsylvania Emergency Management Agency is directed to activate and coordinate state agencies and intergovernmental compliance and conservation efforts. The Pennsylvania Emergency Management Council is authorized to adopt and promulgate Local Water Rationing Plans, in accordance with the following:

a. As part of its drought contingency plan, each public water supply agency or water purveyor located within the designated drought emergency area is hereby authorized to develop a Local Water Rationing Plan in cooperation with the local governing body as may be necessary to balance demand and available supplies and to assure that sufficient water is available to preserve public health and safety. The Local Water Rationing Plan, as described in 4 Pa. Code Chapter 120, may:

(1) prohibit nonessential water uses, and

(2) establish equitable water use restrictions for residential, commercial, industrial and other water uses together with appropriate implementing arrangements.

b. Each public water supply agency located within the designated drought emergency area may prepare and submit its Local Water Rationing Plan, as part of its contingency plan to the local governing body in which it supplies water. The local governing body shall review and finalize concurrence of the Rationing Plan and contingency plans as required by Paragraph 7 above, and shall submit the plan to the Pennsylvania Emergency Management Council for its review and approval within thirty (30) days of the date of this Proclamation.

c. Any measures, rules, restrictions or orders contained in a Local Water Rationing Plan that may be developed by public water supply agencies and/or political subdivisions, pursuant to this Proclamation, shall be enforceable only upon submission to and adoption by the Pennsylvania Emergency Management Council, without limitation on any other remedies which may be available for noncompliance with such measures, rules, restrictions and orders.

d. It shall be the duty of every person in, or doing business in, the designated drought emergency area; the officers, agencies and employees of every public water supply agency; the members of the governing bodies and the officials, agents and employees of every political subdivision in the designated drought emergency area; and the officers and employees of all State agencies, to cooperate fully in all matters concerning this water shortage, and faithfully to exercise their respective duties and responsibilities to respond to the water shortage as set forth in this Proclamation and each Local Water Rationing Plan which may be developed.

9. For the purpose of promulgating or amending rules, regulations, and Local Water Rationing Plans authorized and directed by this Proclamation, such rules, regulations and plans may be adopted and rendered effective pursuant to the expedited procedures in sections 203 and 204 of the Commonwealth Documents Law Act of July 31, 1968, P. L. 769, No. 240, as

amended, 45 P. S. §§ 1203, 1204) (relating to omission of proposed rulemaking) and pursuant to the emergency procedures provided by Section 6(b) of the Regulatory Review Act (Act of June 25, 1982, P. L. 633, No. 181, as amended, 71 P. S. § 745.6(b)).

10. Any rule, regulation, contingency plan, or Local Water Rationing Plan adopted pursuant to this Proclamation may be amended, relaxed, suspended or repealed pursuant to the same procedures set forth in this Proclamation and without regard to said statutes, regulations and executive orders, if compliance with such procedures is impracticable, would impose unnecessary hardships, or would be unnecessary or contrary to the public interest.

11. If any provision of the Public Utility Code or any other statute, administrative order, rule or regulation relating to operation and management of water supplies is inconsistent with the requirements of this Proclamation or any rule, regulation, contingency plan, Local Water Rationing Plan or order issued pursuant hereto, or if strict compliance with such provisions would prevent, hinder or delay necessary action to cope with the emergency, then such provision is hereby suspended for the duration of this Proclamation.

12. For purposes of undertaking effective response to the drought and water shortage emergency and to allow for expedited development of emergency replacement of supplemental water supplies and to protect against possible energy shortages, the Department of Environmental Protection, Department of Health, Public Utility Commission, Pennsylvania Infrastructure Investment Authority and Department of Community and Economic Development are authorized to issue such emergency permits or approvals as required by law, without regard to the procedures set forth in the Act of February 17, 1984 (P. L. 75, No. 14) (71 P. S. § 510-5) or to any other applicable statute, regulation or executive order, if compliance with such procedures is impracticable or would be contrary to the public interest.

13. All residents of the Commonwealth are urged to conserve water on a voluntary basis and to comply with water use restrictions requested or imposed by the public water supply agencies servicing their areas in order to prevent further water shortages.

14. All county commissioners of counties located within the designated drought emergency area shall establish a drought management task force within their county. The county task force shall coordinate, monitor, and manage all drought reporting and response activities and water conservation measures undertaken within their county as necessary to ensure the provision of safe and reliable drinking water sources. The county task forces shall be comprised of county emergency management officials, public water supply agency representatives, elected officials, health officials, fire officials, law enforcement officials, affected business and industry representatives and others as the county may determine. The county commissioners will monitor, coordinate, initiate and report to the Pennsylvania Emergency Management Council on county task force activities to include but not limited to public information, planning, water system vulnerabilities, enforcement coordination, fire protection, and other areas of public concern.

15. The Pennsylvania State Police, all local law enforcement departments, county and state fire marshals, other state employees with law enforcement authority and public water supply agencies shall assist the Pennsylvania Emergency Management Council and all affected political subdivisions within the designated drought emergency area, in the enforcement of the various water use restrictions, Local Water Rationing Plans and other measures that are implemented under this Proclamation.

16. This Proclamation shall take effect immediately.

Given under my hand and the Seal of the Governor, at the City of Harrisburg, this twentieth day of July in the year of our Lord, one thousand nine hundred and ninety-nine and of the Commonwealth, the two-hundred and twenty-fourth.

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CH. 6]

[Executive Order 1999-4]

Pennsylvania Justice Network (JNET) Governance Structure

June 8, 1999

Whereas, on March 9, 1995, the Improve Management and Cost Control Task Force ("IMPACCT") was established to survey and examine the administrative organization and operations of state agencies in order to secure greater administrative and program efficiency and economy; and

Whereas, Sections 501 and 502 of The Administrative Code of 1929 (71 P.S. §§ 181 and 182) require administrative departments and several independent and departmental administrative boards to coordinate their work and activities with other departments, boards, and commissions; and

Whereas, historically, justice information systems in the Commonwealth have been fragmented secondary to the development of independent, autonomous information systems designed to address agency-specific operational needs; and

Whereas, the Governor's Office of Administration initiated the Integrated Criminal Justice (ICJ) Project in January 1996 for the purpose of developing a strategic vision for the sharing of electronic information between justice and justice-affiliated agencies in order to improve operating efficiencies and enhance public safety throughout the Commonwealth; and

Whereas, in May 1997, the Governor's Office of Administration formed a steering committee of agency representatives from the 10 justice and justice-affiliated agencies to develop and implement an initial blueprint for the Justice Network (JNET) Project; and

Whereas, the purpose of this Executive Order is to create and formalize the JNET Governance Structure for the Commonwealth's Justice Network to include the JNET Executive Council, the JNET Steering Committee, and the JNET Office; and

Whereas, the establishment of a JNET Governance Structure will facilitate the development of a cost-effective, integrated justice information system that maximizes standardization of information and communications technology across the Commonwealth's justice and justice-affiliated agencies and, thereby, improves public safety.

Now, Therefore, I, Thomas J. Ridge, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of

the Commonwealth of Pennsylvania and other laws of the Commonwealth, do hereby establish the Pennsylvania Justice Network (JNET) Governance Structure. By so doing, I invest it with the necessary powers to perform the duties and functions set forth herein and to advise and counsel me in the development and operation of the JNET System specifically with respect to the Commonwealth's overall duty to ensure public safety.

TITLE 4. ADMINISTRATION

PART I. GOVERNOR'S OFFICE

CHAPTER 6. ADDITIONAL COUNCILS AND COMMITTEES

**Subchapter C. PENNSYLVANIA JUSTICE NETWORK (JNET)
GOVERNANCE STRUCTURE**

Sec.	
6.21.	Purpose.
6.22.	JNET Governance Structure.
6.23.	Executive Council.
6.24.	JNET Steering Committee.
6.25.	JNET Office.

§ 6.21. Purpose.

The purpose of the JNET Governance Structure is to establish a strategic direction for the investment in information solutions across this Commonwealth's technology enterprise and to direct implementation of a comprehensive integrated justice information system.

§ 6.22. JNET Governance Structure.

The JNET Governance Structure consists of an Executive Council, a Steering Committee and a JNET Office. Each entity is responsible for fulfilling specific activities, as outlined in this subchapter, necessary to support the JNET Project.

§ 6.23. Executive Council.

The JNET Executive Council is responsible for establishing an overall policy and strategic vision for the JNET Project. This vision should complement agency operations and ensure ongoing interagency cooperation and collaboration.

(1) *Composition.*

(i) The JNET Executive Council is comprised of chief executives from the justice and justice-affiliated organizations identified in this subparagraph. Given the significance of the JNET Project to the administration's overall public safety initiatives, participants are required to regularly represent their respective agencies at Council meetings. Given the significance of the JNET Project to the Administration's overall public safety agenda, if the participant on the JNET Council is not the chief executive, the designee shall serve as a high-level decision-maker from the agency.

- (A) Department of Corrections.
- (B) Pennsylvania State Police.
- (C) Board of Probation and Parole.
- (D) Commission on Crime and Delinquency.
- (E) Board of Pardons.
- (F) Juvenile Court Judges' Commission.
- (G) Department of Public Welfare.

- (I) Governor's Policy Office.
- (J) Governor's Office of Administration.
- (K) Office of the Budget.
- (L) Office of General Counsel.
- (M) Office of Inspector General.

(N) Administrative Office of Pennsylvania Courts.

(O) Office of Attorney General.

(ii) Although participation on the JNET Executive Council by justice entities outside the Executive Branch, or outside the Governor's jurisdiction, cannot be required by Executive Order, representation by the Administrative Office of the Pennsylvania Courts and the Office of Attorney General is seen to be critical to the success of the JNET Project, and is strongly encouraged. As with the other JNET Executive Council appointments, non-Executive branch agencies will be required to select a permanent designee, who will represent the agency at all JNET Executive Council meetings.

(2) *Chairperson.* The Governor will designate, to serve at his pleasure, one person from the Council membership as chairperson of the JNET Executive Council for the purposes of convening meetings and conducting business.

§ 6.24. JNET Steering Committee.

The JNET Steering Committee shall establish a tactical plan for the deployment of JNET Project functionality and associated information sharing requirements. Policies set forth by the Steering Committee shall reflect the means by which participating agencies shall share data stored in agency-specific information systems to maximize access to, and the use of, existing databases and platforms.

(1) *Composition.* The JNET Steering Committee shall include representatives from the following agencies as selected by the agency heads:

- (i) Pennsylvania State Police.
- (ii) Department of Corrections.
- (iii) Board of Probation and Parole.
- (iv) Board of Pardons.
- (v) Juvenile Court Judges' Commission.
- (vi) Commission on Crime and Delinquency.
- (vii) Department of Public Welfare.
- (viii) Department of Transportation.
- (ix) Office of Attorney General.

- (xiv) Office of General Counsel (ex-officio member).
- (xv) Office of Inspector General (ex-officio member).

(2) *Chairperson.* In consultation with the JNET Executive Council, the Governor's Office of Administration will designate the JNET Steering Committee Chairperson from one of the justice agencies with permanent representation on the JNET Steering Committee. Given the chairperson's nonvoting status, his "agency of origin" will be permitted to appoint another representative to serve on the Steering Committee as a voting member.

§ 6.25. JNET Office.

The JNET Office will be managed by an Executive Director, who will direct day-to-day management, development and implementation of the JNET Project.

(1) *Composition.* The Executive Director, in consultation with the Office of Administration's Office of Personnel Services and the JNET Steering Committee, shall determine the appropriate staffing levels and associated classifications necessary to support JNET Office operations.

THE GOVERNOR

(2) *Organizational location.* The JNET Office is located within the Office of Administration, Office for Information Technology, and reports to the Deputy Secretary for Information Technology. JNET Office priorities shall be established by the JNET Steering Committee within the overall strategic direction set forth by the JNET Executive Council.

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CHS. 91 AND 93]

Amendments to Rules of Organization and Procedure of The Disciplinary Board of the Supreme Court of Pennsylvania; Doc Nos. R-116 and R-121

Order No. 54

The Rules of Organization and Procedure of the Board have been drafted to restate in full the substance of the Pennsylvania Rules of Disciplinary Enforcement. By two Orders dated April 9, 1998, the Supreme Court of Pennsylvania (i) amended Pa.R.D.E. 219 to require attorneys to agree to venue in suits by the Pennsylvania Lawyers Fund for Client Security (No. 411, Disciplinary Docket No. 3); and (ii) amended Pa.R.D.E. 301 relating to disabled attorneys to modernize its terminology and clarify its procedures (No. 412, Disciplinary Docket No. 3).

By this Order, the Board is making conforming changes to its Rules to reflect those changes in the Rules of Disciplinary Enforcement.

The Disciplinary Board of the Supreme Court of Pennsylvania finds that:

(1) To the extent that 42 Pa.C.S. § 1702 (relating to rule making procedures) and Article II of the act of July 31, 1968 (P. L. 769, No. 240), known as the Commonwealth Documents Law, would otherwise require notice of proposed rulemaking with respect to the amendments adopted hereby, such proposed rulemaking procedures are inapplicable because the amendments adopted hereby relate to agency procedure and are perfunctory in nature.

(2) The amendments to the Rules of Organization and Procedure of the Board adopted hereby are not inconsistent with the Pennsylvania Rules of Disciplinary Enforcement and are necessary and appropriate for the administration of the affairs of the Board.

The Board, acting pursuant to Pa.R.D.E. 205(c)(10), orders:

(1) Title 204 of the *Pennsylvania Code* is hereby amended as set forth in Annex A.

(2) The Secretary of the Board shall duly certify this Order, and deposit the same with the Administrative Office of Pennsylvania Courts as required by Pa.R.J.A. 103(c).

(3) The amendments adopted hereby shall take effect upon publication in the *Pennsylvania Bulletin*.

(4) This Order shall take effect immediately.

Title 234—RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

[234 PA. CODE CH. 300]

Order Amending Rules 319 and 320; No. 249 Criminal Procedural Rules Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the July 15, 1999 amendments to Rules of Criminal Procedure 319 (Pleas and Plea Agreements) and 320 (Withdrawal of Plea of Guilty or Nolo Contendere) that clarify in the rules the procedures for a defendant to withdraw a guilty plea or plea of nolo contendere, and provide the attorney for the Commonwealth a 10-day opportunity within which to respond to the defendant's motion to withdraw. The Final Report follows the Court's Order.

Order

Per Curiam:

Now, this 15th day of July, 1999, upon the recommendation of the Criminal Procedural Rules Committee;

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rules of Criminal Procedure 319 and 320 are hereby amended, all in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective January 1, 2000.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 300. PRETRIAL PROCEEDINGS

Rule 319. Pleas and Plea Agreements.

[(a)] (A) *Generally.*

* * * * *

(3) The judge may refuse to accept a plea of guilty **or nolo contendere**, and shall not accept it unless the judge determines after inquiry of the defendant that the plea is voluntarily and understandingly tendered. Such inquiry shall appear on the record.

[(b)] (B) *Plea agreements.*

(1) When counsel for both sides have arrived at a plea agreement, they shall state on the record in open court, in the presence of the defendant, the terms of the agreement, unless the judge orders, for good cause shown and with the consent of the defendant, counsel for the defendant, and the attorney for the Commonwealth, that

specific conditions in the agreement be placed on the record in camera and the record sealed.

(2) The judge shall conduct a separate inquiry of the defendant on the record to determine whether the defendant understands and voluntarily accepts the terms of the plea agreement on which the guilty plea **or plea of nolo contendere** is based.

[(c)] (C) *Murder cases.*

In cases in which the imposition of a sentence of death is not authorized, when a defendant enters a plea of guilty **or nolo contendere** to a charge of murder generally, the judge before whom the plea was entered shall alone determine the degree of guilt.

Official Note: Paragraph (a) adopted June 30, 1964, effective January 1, 1965; amended November 18, 1968, effective February 3, 1969; paragraph (b) adopted and title of rule amended October 3, 1972, effective 30 days hence; specific areas of inquiry in Comment deleted in 1972 amendment, reinstated in revised form March 28, 1973, effective immediately; amended June 29, 1977, and November 22, 1977, effective as to cases in which the indictment or information is filed on or after January 1, 1978; paragraph (c) added and Comment amended May 22, 1978, effective July 1, 1978; Comment revised November 9, 1984, effective January 2, 1985; amended December 22, 1995, effective July 1, 1996 [.]; **amended July 15, 1999, effective January 1, 2000.**

Comment

The purpose of paragraph [(a)] (A)(3) is to codify the requirement that the judge, on the record, ascertain from the defendant that the guilty plea **or plea of nolo contendere** is voluntarily and understandingly tendered. On the mandatory nature of this practice, see *Commonwealth v. Ingram*, 316 A.2d 77 (Pa. 1974); *Commonwealth v. Campbell*, 304 A.2d 121 (Pa. 1973); and *Commonwealth v. Jackson*, 299 A.2d 209 (Pa. 1973).

It is difficult to formulate a comprehensive list of questions a judge must ask of a defendant in determining whether the judge should accept the plea of guilty **or a plea of nolo contendere**. Court decisions may add areas to be encompassed in determining whether the defendant understands the full impact and consequences of the plea, but is nevertheless willing to enter that plea. At a minimum the judge should ask questions to elicit the following information:

(1) Does the defendant understand the nature of the charges to which he or she is pleading guilty **or nolo contendere**?

* * * * *

It is advisable that the judge conduct the examination of the defendant. However, paragraph [(a)] (A) does not prevent defense counsel or the attorney for the Commonwealth from conducting part or all of the examination of the defendant, as permitted by the judge. In addition, nothing in the rule would preclude the use of a written colloquy that is read, completed, signed by the defendant, and made part of the record of the plea proceedings. This written colloquy would have to be supplemented by some on-the-record oral examination. Its use would not, of course, change any other requirements of law, including these rules, regarding the prerequisites of a valid guilty plea **or plea of nolo contendere**.

The "terms" of the plea agreement, referred to in paragraph [(b)] (B)(1), frequently involve the attorney

for the Commonwealth—in exchange for the defendant's plea of guilty **or nolo contendere**, and perhaps for the defendant's promise to cooperate with law enforcement officials—promising concessions such as a reduction of a charge to a less serious offense, the dropping of one or more additional charges, a recommendation of a lenient sentence, or a combination of these. In any event, paragraph [(b)] (B) is intended to insure that all terms of the agreement are openly acknowledged for the judge's assessment. See, e.g., *Commonwealth v. Wilkins*, 277 A.2d 341 (Pa. 1971).

The 1995 amendment deleting former paragraph [(b)] (B)(1) eliminates the absolute prohibition against any judicial involvement in plea discussions in order to align the rule with the realities of current practice. For example, the rule now permits a judge to inquire of defense counsel and the attorney for the Commonwealth whether there has been any discussion of a plea agreement, or to give counsel, when requested, a reasonable period of time to conduct such a discussion. Nothing in this rule, however, is intended to permit a judge to suggest to a defendant, defense counsel, or the attorney for the Commonwealth, that a plea agreement should be negotiated or accepted.

Under paragraph [(b)] (B)(1), upon request and with the consent of the parties, a judge may, as permitted by law, order that the specific conditions of a plea agreement be placed on the record in camera and that portion of the record sealed. Such a procedure does not in any way eliminate the obligation of the attorney for the Commonwealth to comply in a timely manner with Rule 305 and the constitutional mandates of *Brady v. Maryland*, 373 U.S. 83 (1963), and its progeny. Similarly, the attorney for the Commonwealth is responsible for notifying the cooperating defendant that the specific conditions to which the defendant agreed will be disclosed to third parties within a specified time period, and should afford the cooperating defendant an opportunity to object to the unsealing of the record or to any other form of disclosure.

When a guilty plea, **or plea of nolo contendere**, includes a plea agreement, the 1995 amendment to paragraph [(b)] (B)(2) requires that the judge conduct a separate inquiry on the record to determine that the defendant understands and accepts the terms of the plea agreement. See *Commonwealth v. Porreca*, 595 A.2d 23 (Pa. 1991).

Former paragraph [(b)] (B)(3) was deleted in 1995 for two reasons. The first sentence merely reiterated an earlier provision in the rule. See [(a)] (A)(3). The second sentence concerning the withdrawal of a guilty plea was deleted to eliminate the confusion being generated when that provision was read in conjunction with Rule 320. As provided in Rule 320, it is a matter of judicial discretion and case law whether to permit or direct a guilty plea **or plea of nolo contendere** to be withdrawn. See also *Commonwealth v. Porreca*, 595 A.2d 23 (Pa. 1991) (the terms of a plea agreement may determine a defendant's right to withdraw a guilty plea).

For the procedures governing the withdrawal of a plea of guilty or nolo contendere, see Rule 320.

Paragraph [(c)] (C) reflects a change in Pennsylvania practice, which formerly required the judge to convene a panel of three judges to determine the degree of guilt in murder cases in which the imposition of a sentence of death was not statutorily authorized.

Rule 320. Withdrawal of plea of guilty or nolo contendere.

(A) At any time before **the imposition of sentence**, the court may, in its discretion, permit, **upon motion of the defendant**, or direct, **sua sponte**, **the withdrawal of a plea of guilty or nolo contendere [to be withdrawn]** and **the substitution of a plea of not guilty [substituted]**.

(B) **When a defendant moves for the withdrawal of a plea of guilty or nolo contendere, the attorney for the Commonwealth shall be given 10 days to respond.**

Official Note: Adopted June 30, 1964, effective January 1, 1965; Comment added June 29, 1977, effective September 1, 1977; Comment revised March 22, 1993, effective January 1, 1994; Comment deleted August 19, 1993, effective January 1, 1994; new Comment approved July 1, 1996, effective July 1, 1996 [.] ; **amended July 15, 1999, effective January 1, 2000.**

Comment

Under paragraph (A), when a defendant moves to withdraw a plea of guilty or nolo contendere, ordinarily the motion should be filed in writing before the date of the sentencing hearing. For the procedures governing motions, see Chapter 9000. However, nothing in this rule would preclude a defendant from making an oral and on-the-record motion to withdraw a plea at the sentencing hearing prior to the imposition of sentence.

When the defendant orally moves to withdraw a plea of guilty or nolo contendere at the sentencing hearing, the court should conduct an on-the-record colloquy to determine whether a fair and just reason to permit the withdrawal of the plea exists. If the court finds that there is not a fair and just reason, then the motion should be denied, and the court should proceed to sentencing. If the court finds that there may be a fair and just reason, then pursuant to paragraph (B), the court must give the attorney for the Commonwealth 10 days to respond to the motion.

Under paragraph (B), the trial court may not permit the withdrawal of a guilty plea or plea of nolo contendere until the expiration of the 10 days from the date on which the attorney for the Commonwealth receives the defendant's motion to withdraw the plea, unless the attorney for the Commonwealth responds prior to the expiration, nor may it compel the attorney for the Commonwealth to respond prior to the expiration of the 10-day period.

After the attorney for the Commonwealth has had an opportunity to respond, a request to withdraw a plea made before sentencing should be liberally allowed. See *Commonwealth v. Randolph*, 718 A.2d 1242 (Pa. 1998); *Commonwealth v. Forbes*, 299 A.2d 268 (Pa. 1973).

When a defendant [**withdraws**] is permitted to **withdraw** a guilty plea or plea of **nolo contendere** under this rule and proceeds with a non-jury trial, the court and the parties should consider whether recusal might be appropriate to avoid prejudice to the defendant. See, e.g., *Commonwealth v. Pierce*, 527 A.2d 973 (Pa. 1987).

For a discussion of plea withdrawals when a guilty plea or plea of **nolo contendere** includes a plea agreement, see the Comment to Rule 319.

FINAL REPORT¹

Amendments to Rules 319 and 320

Introduction

On July 15, 1999, upon the recommendation of the Criminal Procedural Rules Committee, the Supreme Court adopted amendments to Rules of Criminal Procedure 319 (Pleas and Plea Agreements) and 320 (Withdrawal of Plea of Guilty or Nolo Contendere). These changes, which will become effective on January 1, 2000, clarify in the rules the procedures for a defendant to withdraw a guilty plea or plea of nolo contendere, and provide the attorney for the Commonwealth a 10-day opportunity within which to respond to the defendant's motion to withdraw. This Final Report highlights the Committee's considerations in formulating these amendments.

Background

The Committee's consideration of plea withdrawals in court cases began in response to correspondence suggesting that the Criminal Rules be amended to provide a notice to the attorney for the Commonwealth in those situations in which a defendant requests to withdraw a plea of guilty. The correspondence pointed out that, often, a defendant requests to withdraw the guilty plea immediately before sentencing, and that in many cases, the attorney for the Commonwealth is not adequately prepared to argue the motion, or the court grants a continuance, and the sentencing is delayed. As a solution to this problem, the correspondence suggested that Rule 320 be amended to require that a defendant who wants to withdraw a plea provide reasonable notice, in writing, to the attorney for the Commonwealth prior to the time of the sentencing hearing.

The Committee reviewed Rule 320, which provides a minimum of procedure, only stating that the court may permit or direct a plea of guilty to be withdrawn, and the case law, which provides that 1) the withdrawal of a guilty plea is to be liberally allowed, particularly prior to sentencing, see *Commonwealth v. Forbes*, 299 A.2d 268 (Pa. 1973), and 2) the "preferred procedure" is for a defendant to file a motion for leave to withdraw the plea, and the trial court, in its discretion, will decide the matter on the basis of the petition and answer, or make an on-the-record determination after an evidentiary hearing, see *Commonwealth v. Zakrewski*, 333 A.2d 898 (Pa. Super. 1975). Considering the rule and case law, the

Committee acknowledged that a defendant may move for the withdrawal in advance of the sentencing hearing, a defendant may orally make the motion as late as immediately before the imposition of sentence, or the trial court may sua sponte direct the withdrawal of the plea. In view of these considerations, and the suggestion to amend Rule 320 to require a defendant to provide notice to the attorney for the Commonwealth before the sentencing date, the Committee concluded that a more detailed procedure providing the attorney for the Commonwealth an opportunity to respond to a defendant's motion to withdraw a plea would allay the concerns of being "blindsided" or caught off guard, and ensure the court has the benefit of both positions before ruling.

Initially, the Committee agreed that Rule 320 should:

1. Retain the present procedure that a defendant move, orally or by written motion, to withdraw a plea at any time prior to the imposition of sentence;

2. Provide for a notice to the attorney for the Commonwealth before the date scheduled for sentencing; and

3. Provide the attorney for the Commonwealth with an opportunity to address the fair and just reason claimed by the defendant, and investigate whether a withdrawal of the plea would substantially prejudice its case. While drafting the Rule 320 amendments, however, the Committee realized that the focus on requiring the defendant to provide notice to the attorney for the Commonwealth in advance of sentencing was confusing because the amendment would be open to interpretation that it was a change in the substantive law that a defendant is permitted to make a motion to withdraw a plea at any time until the imposition of sentence. After considering various means to accomplish notice, the Committee settled on providing the attorney for the Commonwealth with a 10-day opportunity to respond. This procedure is a more logical solution, and promotes the two-pronged standard for deciding whether to allow a plea withdrawal espoused in *Forbes*, supra, and reiterated in *Commonwealth v. Randolph*, 718 A.2d 1242 (Pa. 1988): first, the judge must determine that there is a fair and just reason for the withdrawal; second, the judge must determine that, if the withdrawal is allowed, there will be a lack of substantial prejudice to the Commonwealth. The Committee also concluded that the "10-day opportunity to respond" approach would be more consistent with current practice and case law, and would provide an adequate opportunity for the attorney for the Commonwealth to investigate whether the withdrawal would prejudice the case.

Finally, the Committee agreed that it is important not to create waiver issues or to "cut off" a defendant by mandating that a motion to withdraw a plea be "filed in writing." Rule 320, therefore, maintains a defendant's ability to make an oral motion to withdraw a plea immediately prior to sentencing. This approach promotes consistency throughout the Criminal Rules, and corresponds with the motion requirements of Rule 9022.

Discussion of Rule Changes

1. *Rule 320 (Withdrawal of Plea of Guilty or Nolo Contendere)*

Rule 320 has been divided into two paragraphs. New paragraph (A) incorporates the current provisions of Rule 320, providing that the court in its discretion may permit or direct the withdrawal of a plea of guilty or nolo contendere. Paragraph (A) also includes the qualifiers "upon motion of the defendant" referring to the situations in which the court may "permit" the withdrawal of a plea

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

of guilty, and "sua sponte" in which the court may "direct" the withdrawal of a plea of guilty.

A new paragraph (B) provides that the attorney for the Commonwealth shall be given 10 days to respond to a defendant's motion to withdraw a plea of guilty or nolo contendere.

The Rule 320 Comment contains several revisions. First, the Comment clarifies that, although the filing of a written motion to withdraw a plea of guilty is the preferred procedure, oral motions that are made on the record are acceptable. It also explains that, following an oral motion, if the judge determines that no fair and just reason exists to permit the withdrawal, the judge should proceed with the sentencing. If the court finds, however, that there may be a fair and just reason to substantiate a withdrawal, then before proceeding to sentencing, the court must give the attorney for the Commonwealth 10 days to respond to the defendant's motion. Finally, the Comment clarifies that the trial judge may not permit the withdrawal of a plea of guilty before the 10-day period expires, unless the attorney for the Commonwealth responds to the motion prior to the expiration of the 10 days, and that the court may not compel the attorney to respond in less than 10 days.

2. Rule 319 (Pleas and Plea Agreements)

Rule 319 provides the procedures for entering pleas. The Comment has been revised to include a cross-reference to Rule 320 concerning the procedure governing the withdrawal of a guilty plea or plea of nolo contendere.

3. Pleas of Nolo Contendere

Rules 319 and 320 have been modified to include references to nolo contendere pleas because, in Pennsylvania criminal courts, a plea of nolo contendere is considered the same as a plea of guilty. See *Commonwealth v. Nelson*, 666 A.2d 714 (Pa. Super. 1995) and *Commonwealth v. West*, 378 A.2d 1289 (Pa. Super. 1977).

Order Adopting Amendments to Rule 1405; No. 248 Criminal Procedural Rules Doc. No. 2

The Criminal Procedural Rules Committee has prepared a Final Report explaining the July 15, 1999 amendments to Rule 1405 (Procedures at the Time of Sentencing). These changes expand the time limits for sentencing from 60 to 90 days, reduce the time for extensions of the time for sentencing from 60 to 30 days, and add a citation to *Commonwealth v. Anders*, 725 A.2d 170 (Pa. 1999), concerning the sanctions for failing to comply with the Rule 1405 time limits. The Final Report follows the Court's Order.

Order

Per Curiam:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Pa.R.Crim.P. 1405 is hereby amended in the following form.

This Order shall be processed in accordance with Pa.R.J.A. 103(b), and shall be effective January 1, 2000.

Annex A

TITLE 234. RULES OF CRIMINAL PROCEDURE

PART I. GENERAL

CHAPTER 1400. SENTENCING

Rule 1405. Procedure at Time of Sentencing.

A. Time for Sentencing.

(1) Except as provided by Rule 1403.B, sentence in a court case shall ordinarily be imposed within [60] 90 days of conviction or the entry of a plea of guilty or nolo contendere.

* * * * *

Official Note: Previous Rule 1405 approved July 23, 1973, effective 90 days hence; Comment amended June 30, 1975, effective immediately; Comment amended and paragraphs (c) and (d) added June 29, 1977, effective September 1, 1977; amended May 22, 1978, effective as to cases in which sentence is imposed on or after July 1, 1978; Comment amended April 24, 1981, effective July 1, 1981; Comment amended November 1, 1991, effective January 1, 1992; rescinded March 22, 1993, effective as to cases in which the determination of guilt occurs on or after January 1, 1994, and replaced by present Rule 1405. Present Rule 1405 adopted March 22, 1993, effective as to cases in which the determination of guilt occurs on or after January 1, 1994; amended January 3, 1995, effective immediately; amended September 13, 1995, effective January 1, 1996. The January 1, 1996 effective date extended to April 1, 1996. Comment revised December 22, 1995, effective February 1, 1996. The April 1, 1996 effective date extended to July 1, 1996. Comment revised September 26, 1996, effective January 1, 1997; Comment revised April 18, 1997, effective immediately; Comment revised January 9, 1998, effective immediately [.]; **amended July 15, 1999, effective January 1, 2000.**

Comment

This rule is derived in part from previous Rule 1405.

* * * * *

Time for Sentencing

* * * * *

Under paragraph A(1), sentence should be imposed within [60] 90 days of conviction or the entry of a plea of guilty or nolo contendere, unless the court orders a psychiatric or psychological examination pursuant to Rule 1403.B. Such an order should extend the time for sentencing for only as much time as is reasonably required, but in no event should sentencing be extended for more than [60] 30 days beyond the original [60] 90-day limit. In summary appeal cases, however, sentence must be imposed immediately at the conclusion of the de novo trial.

* * * * *

Because such extensions are intended to be the exception rather than the rule, the extension must be for a specific time period, and the judge must include in the record the length of the extension. A hearing need not be held before an extension can be granted. Once a specific extension has been granted, however, some provision

should be made to monitor the extended time period to insure prompt sentencing when the extension period expires.

Failure to sentence within the time specified in paragraph (A) may result in the discharge of the defendant. See *Commonwealth v. Anders*, 725 A.2d 170 (Pa. 1999) (discharge is appropriate remedy for violation of Rule 1405 time limits, but only if the defendant can demonstrate that the delay in sentencing was prejudicial to the defendant).

* * * * *

Sentencing Procedures

* * * * *

After sentencing, following a conviction in a trial de novo in a summary case, the judge should advise the defendant of the right to appeal and the time limits within which to exercise that right, the right to proceed in forma pauperis and with assigned counsel to the extent provided in Rule 316(a), and of the qualified right to bail under Rule 4009(b). See paragraphs C(3)(a), (b), and (e). See also Rule 1410 [.] (D) (no post-sentence motion after a trial de novo).

* * * * *

For the duty of the sentencing judge to state on the record the reasons for the sentence imposed, see *Commonwealth v. Riggins*, 377 A.2d 140 (Pa. 1977) and *Commonwealth v. Devers*, 546 A.2d 12 (Pa. 1988). If the sentence initially imposed is modified pursuant to Rule 1410 [.] (B)(1)(a)(v), the sentencing judge should ensure that the reasons for the ultimate sentence appear on the record. See also Sentencing Guidelines, 204 Pa. Code §§ 303.1(b), 303.1(h), and 303.3(2) [(1982)].

FINAL REPORT¹

**Amendments to Pa.R.Crim.P. 1405 (Procedures at the Time of Sentencing)
Time for Sentencing; *Commonwealth v. Anders***

On July 15, 1999, effective January 1, 2000, upon the recommendation of the Criminal Procedural Rules Committee, the Court amended Rule 1405 (Procedures at the Time of Sentencing) by expanding the time limits for sentencing from 60 to 90 days. The Court also approved the revision of the Rule 1405 Comment that (1) reduces the time for extensions of the time for sentencing from 60 to 30 days, and (2) adds a citation to *Commonwealth v. Anders*, 725 A.2d 170 (Pa. 1999), concerning the sanctions for failing to comply with the Rule 1405 time limits.

I. Expansion of Rule 1405 Time Limits for Sentencing

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

In the communications between the Court and the Committee, it was suggested that, as a practical matter, the 60-day period may be too short to realistically get all the sentencing information to the trial judge before sentencing, and that a 90-day period may be more consistent with other rules requiring trial court action.

The Committee considered these points, examined the relevant case law, and reviewed the history of Rule 1405, particularly the development of the 60-day time limit. As explained in the Committee's Final Report that was published with the Court's 1993 Order adopting, inter alia, the Rule 1405 time limits, the "Committee determined that sixty days, or approximately two months, was a reasonable time within which to expect the completion of pre-sentence investigation reports, based on the members' experience and on the information contained in the AOPC Survey." See 23 Pa.B. 1685, 1700 (4/10/93). The Final Report goes on to explain that the Committee recognized that there would be extraordinary circumstances when the 60-day limit was not long enough, such as when a Rule 1403 (Aids In Imposing Sentence) examination is ordered. In these cases, as stated in the Rule 1405 Comment, the extension should not be longer than sixty days beyond the Rule 1405 60-day time limit.

In the Committee's current discussions, the members commented that the 1993 assessment of the reasonableness of the 60-day time limit was still accurate. They have found that, since the Rule 1405 time limit went into effect, it has been their experience in the jurisdictions in which they practice or are judges that there are no serious problems with meeting the time limit. However, the members were cognizant of the cases in which the courts have had difficulty meeting the time requirements, and the majority agreed that an expansion of the initial time limit would be an aid to these few lower courts without significantly compromising the original intent of the rule.

Having agreed that the initial time for sentencing should be extended, the Committee also discussed whether there should be a change in the suggested 60-day limit on the length of an extension. We concluded that the purpose of the time limits and the goal of promoting prompt and fair sentencing procedures is best served if the total time, including any extensions, does not exceed the 120 days provided in present Rule 1405. Accordingly, Rule 1405.A(1) has been amended by changing the 60-day time limit to 90 days. In addition, the second paragraph of the "Time for Sentencing" section of the Comment has been revised by (1) conforming the time for sentencing with the paragraph (A)(1) amendment, and (2) changing the 60-day limit on extensions to 30 days.

II. Commonwealth v. Anders

The issue of sanctions for a court's failure to sentence a defendant within the Rule 1405 time limits was generated by the rule's silence, and has been the subject of several appellate court opinions. The Superior Court first addressed the matter in *Commonwealth v. Thomas*, 674 A.2d 1119 (Pa. Super. 1996), holding that the remedy for a violation of the Rule 1405(A) time limits on sentencing was dismissal of the charges and discharge of the defendant. Subsequently, the Superior Court, sitting en banc, overturned *Thomas* "to the extent that it holds that discharge is an appropriate remedy for a violation of Rule 1405(A)." See *Commonwealth v. Anders*, 699 A.2d 1258, 1262 (Pa. Super. 1997). The Supreme Court ultimately resolved the question in *Commonwealth v. Anders*, 725 A.2d 170 (Pa. 1999), in which Madam Justice Newman stated that "[a]lthough Rule 1405 does not expressly

provide for a remedy, it is axiomatic that every rule must have a remedy. Appellant argues, and we agree, that the appropriate remedy for a violation of Rule 1405 is discharge," and that discharge is not automatic, but only in cases in which the defendant "can demonstrate that the delay in sentencing prejudiced him or her." Id at 173.

Following our review of these cases, the Committee agreed that it would be helpful to the bench and bar if there was something in Rule 1405 to alert them to these issues and the Court's resolution. The Committee concluded that this could be accomplished by revising the Rule 1405 Comment to include a citation to *Anders*. Accordingly, the following language has been added as the last paragraph of the "Time for Sentencing" section of the Rule 1405 Comment:

Failure to sentence within the time specified in paragraph (A) may result in the discharge of the defendant. See *Commonwealth v. Anders*, 725 A.2d 170 (Pa. 1999) (discharge is appropriate remedy for violation of Rule 1405 time limits, but only if the defendant can demonstrate that the delay in sentencing was prejudicial to the defendant).

INSURANCE DEPARTMENT

[31 PA. CODE CHS. 154 AND 301]

Quality Health Care Accountability and Protection

The Insurance Department (Department) proposes to add Chapter 154 (relating to quality health care accountability and protection), to read as set forth in Annex A. The Department is publishing these regulations as a proposed rulemaking. The Department proposes the regulations under the authority of section 2181 of The Insurance Company Law of 1921 (40 P. S. § 991.2181), added by the act of June 17, 1998 (P. L. 464, No. 68) and sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412).

Purpose

Proposed Chapter 154 is being promulgated to implement the quality health care accountability and protection provisions of the act of June 17, 1998 (P. L. 464, No. 68)(40 P. S. §§ 991.2101—991.2193) (act). The act was signed into law by the Governor on June 17, 1998. Article XXI, the Quality Health Care Accountability and Protection provisions, became effective January 1, 1999. The Department originally issued a statement of policy to provide interim guidance to entities subject to the act, specifically managed care plans, as defined by the act, and licensed insurers. See Chapter 301, Subchapter J (relating to quality health care accountability and protection—statement of policy). Upon adoption of these proposed regulations, the statement of policy shall be rescinded.

The proposed regulations are necessary to carry out the provisions of the act. These proposed regulations establish a framework of requirements to be followed by managed care plans and licensed insurers for implementation of, and ongoing operations under, the provisions of the act. Managed care plans and licensed insurers covered by the act are subject to regulation by both the Insurance Department and the Department of Health. Department of Health regulations are scheduled to be promulgated separately from these regulations.

Explanation of Proposed Regulatory Requirements

Section 154.1 (relating to applicability and purpose) sets forth the applicability of this chapter to entities under the Department's authority.

Section 154.2 (relating to definitions) sets forth the definitions necessary to clearly understand this chapter. Most of the definitions in this section have been adopted from the act to provide greater clarity and understanding to this chapter. The terms "act," "Commissioner," "Department," "gatekeeper," "licensed insurer," "ongoing course of

treatment” and “prospective enrollee,” and their corresponding definitions have been added to provide greater clarity and understanding to this chapter.

Section 154.3 (relating to changes, modifications and disclosures in subscriber and other contracts and in other materials) sets forth how managed care plans shall implement changes to identified contracts and other materials to meet the requirements of the act.

Section 154.11 (relating to managed care plan requirements) sets forth the requirements under which managed care plans will allow enrollees with life threatening, degenerative or disabling diseases or conditions, to request and receive an evaluation and, if the plan's established standards are met, a standing referral to a specialist, or the designation of a specialist as a primary care provider. This section also establishes standards which plans may impose in meeting this requirement.

Section 154.12 (relating to direct enrollee access to obstetrical and gynecological services) sets forth the requirements under which managed care plans will allow enrollees direct access to obstetrical and gynecological services without prior approval from a primary care provider. This section clarifies that a plan may require the obstetrical or gynecological provider to obtain prior authorization for selected services such as diagnostic testing or subspecialty care. This section also establishes the time frame by which participating providers who provide direct obstetrical or gynecological services to enrollees must inform the enrollee's primary care provider of the services rendered. This section further sets forth coverage responsibilities for managed care plans with self-referral options.

Section 154.13 (relating to managed care plan reporting of complaints and grievances) sets forth the requirements for managed care plans to follow to report enrollee complaints and grievances to the Department.

Section 154.14 (relating to emergency services) sets forth the requirements applicable to coverage of emergency services by managed care plans. This section amplifies and clarifies the emergency services requirements of the act. This section also clarifies the requirements for emergency health care providers to notify managed care plans of the provision of emergency services to an enrollee.

Section 154.15 (relating to continuity of care) sets forth the requirements under which managed care plans shall provide the continuity of care option to an enrollee who is currently in an ongoing course of treatment with a provider that is terminated by the plan, or to a new enrollee, joining the plan, who is in an ongoing course of treatment with a nonparticipating provider. This section clarifies that the continuity of care provision is at the option of the enrollee. Providers under this section must agree to the managed care plan's terms and conditions for providing health care services.

Section 154.16 (relating to information for enrollees) sets forth the information that managed care plans shall provide to enrollees and, on written request, to prospective enrollees and health care providers. The information disclosed shall be in writing and shall be easily understandable to the layperson. This section also establishes the time periods for the disclosure of information to enrollees, prospective enrollees and health care providers.

Section 154.17 (relating to complaints) sets forth the requirements which managed care plans shall follow in accordance with the complaint processes established under the act. Managed care plans shall establish an

internal complaint process with two levels of review. Examples of complaints, which could then be appealed by an enrollee to the Department, are listed in this section. This section also includes the information that an enrollee needs to provide to the Department, when appealing a managed care plan's second level complaint decision.

Section 154.18 (relating to prompt payment) applies to managed care plans and licensed insurers (insurers). This section sets forth the requirements that insurers and managed care plans shall comply with to meet the prompt payment provisions of the act. The prompt payment provisions of the act and this chapter are not intended to supersede the unfair claims settlement practices provisions of the Department's regulations under the Unfair Insurance Practices Act (31 Pa. Code §§ 146.1—146.10) for the direct payment of claims to an insured or claimant. This section also sets forth the information health care providers need to provide to the Department to file a complaint.

Fiscal Impact

Adoption of these proposed regulations, consistent with the mandates of the act, may result in additional costs for the Commonwealth, managed care plans and licensed insurers. However, these proposed regulations are necessary for the Department to effectively implement, and for managed care plans and licensed insurers to comply with the act. Costs to the Commonwealth are not expected to be significant.

Paperwork

Adoption of these proposed regulations, consistent with the mandates of the act, may result in additional paperwork for the Commonwealth, managed care plans and licensed insurers. However, these proposed regulations are necessary for the Department to effectively implement, and for managed care plans and licensed insurers to comply with the act.

Persons Regulated

These proposed regulations apply to all managed care plans and licensed insurers issuing or underwriting health insurance contracts and policies in this Commonwealth.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Peter J. Salvatore, Regulatory Coordinator, 1326 Strawberry Square, Harrisburg, PA 17120 within 30 days following the publication of this notice in the *Pennsylvania Bulletin*.

Questions or comments may also be e-mailed to psalvato@ins.state.pa.us or faxed to (717) 705-3873.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745(a)), on July 20, 1999, the Department submitted a copy of the proposed regulations to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Insurance and the Senate Committee on Banking and Insurance. In addition to submitting these proposed regulations, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Department in compliance with Executive Order 1996-1. A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed regulations, it will notify the Department within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria that have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review of objections raised, prior to final publication of the regulations by the Department, the General Assembly and the Governor.

DIANE KOKEN,
Insurance Commissioner

(*Editor's Note:* See a notice regarding the Department of Health's proposed rulemaking at 29 Pa.B. 4064 (July 30, 1999).)

Fiscal Note: 11-195. No fiscal impact; (8) recommends adoption. These regulations may result in some additional costs to the Commonwealth. These costs are not considered to be significant.

(b) Notice of changes or amendments to the format required by the Department for reporting complaint and grievance information to the Department will be published in the *Pennsylvania Bulletin*. The notice will provide for a 30-day public comment period. § 154.14. Emergency services.

(e) Managed care plans shall supply each enrollee, and upon written request, each prospective enrollee or health care provider, with the information concerning emergency services in § 154.16(h) (relating to information for enrollees).

§ 154.15. Continuity of care.

(a) Managed care plans are required to provide the option of continuity of care for enrollees when one of the following applies:

(1) A managed care plan terminates a contract with a participating provider for reasons other than for cause and the enrollee is then in an ongoing course of treatment with that provider.

(2) A new enrollee enters a managed care plan and is then in an ongoing course of treatment with a nonparticipating provider.

(b) A current enrollee shall be allowed to continue an ongoing course of treatment with a provider whose contract has been terminated for reasons other than for cause for a transitional period of up to 60 days from the date the enrollee was notified by the plan of the termination or pending termination. The managed care plan, in consultation with the enrollee and the health care provider, may extend the transitional period if determined to be clinically appropriate. For an enrollee in the second or third trimester of pregnancy at the time of notice of the termination or pending termination, the transitional period shall be extended through postpartum care related to the delivery.

(c) A new enrollee shall be allowed to continue an ongoing course of treatment with a nonparticipating provider when joining a managed care plan for a transitional period of up to 60 days from the effective date of enrollment in the managed care plan. The managed care plan, in consultation with the enrollee and the health care provider, may extend the transitional period if determined to be clinically appropriate. For an enrollee in the second or third trimester of pregnancy on the effective date of enrollment, the transitional period shall be extended through postpartum care related to the delivery.

(d) Continuity of care is at the option of the enrollee.

(e) Nonparticipating and terminated providers shall agree to the same terms and conditions which are applicable to the managed care plan's participating providers. If multiple providers are involved in an ongoing course of treatment, one of the following conditions shall be met:

(1) All of the providers involved shall agree to the plan's terms and conditions.

(2) Those providers who accept the plan's terms and conditions shall agree to utilize participating providers for the provision of all other health care services to enrollees.

(f) Health care services provided under the continuity of care requirements shall be covered by the managed care plan under the same terms and conditions as applicable for participating health care providers. To be eligible for payment by plans, providers shall agree to the terms and conditions of the managed care plan prior to providing service under the continuity of care provisions.

(g) Managed care plans may require nonparticipating or terminating providers to agree to terms that include:

(1) Accepting the plan's payment as payment in full for covered services, without balance billing, except for permitted deductibles, copayments or coinsurance.

(2) Agreeing to hold the enrollee harmless for any moneys which may be owed by the managed care plan to the provider.

(3) Complying with the plan's utilization review and quality assurance requirements.

(4) Agreeing to make referrals for specialty care, diagnostic testing and related services to the enrollee's current managed care plan's participating providers.

(5) Agreeing that nonemergency inpatient care will be provided at one of the enrollee's current managed care plan's participating hospitals or facilities.

(6) Agreeing that the provider will provide copies of the enrollee's medical records to the plan or the enrollee's participating primary care provider, or both, prior to the conclusion of the ongoing course of previously authorized treatment.

(7) Agreeing to follow the plan's procedures for recertification or prior approval of specified nonemergency services or procedures.

(h) Managed care plans may not require nonparticipating providers to undergo the plan's credentialing process as part of the continuity of care provision.

(i) Written disclosure of the continuity of care benefit requirements imposed under the act and this chapter shall be incorporated into the subscriber and master group contracts and all other appropriate documents. This information and other information necessary to provide continuity of care services shall also be provided in written form to terminated or terminating and nonparticipating providers within 10 days of notice to the plan that an enrollee is requesting continuity of care benefits.

§ 154.16. Information for enrollees.

(a) Managed care plans shall provide the written information in section 2136(a) of the act (40 P. S. § 991.2136(a)), which relates required disclosures, to enrollees and, on written request, to prospective enrollees and health care providers. Managed care plans may determine the format for disclosure of the required information. If the information is disclosed through materials such as subscriber contracts, schedules of benefits and enrollee handbooks, the information should be easily identifiable within the materials provided.

(b) The information disclosed to enrollees, prospective enrollees and health care providers shall be easily understandable to the layperson.

(c) The written disclosure of information shall include:

(1) The information specified in section 2136(a) of the act.

(2) A list by specialty of the name, address and telephone number of all participating health care providers. The list may be a separate document and shall be updated at least annually. If a list of participating providers for only a specific type of provider or service is provided, it shall include all participating providers authorized to provide those services.

(3) The information covered under section 2113(d)(2)(ii) of the act (40 P. S. § 991.2113(d)(2)(ii)), which relates to a medical "gag clause" prohibition. If applicable, managed

care plans shall disclose in their subscriber contracts, schedule of benefits and other appropriate material, circumstances under which the managed care plan does not provide for, reimburse for or cover counseling, referral, or other health care services due to a managed care plan's objections to the provision of the services on moral or religious grounds.

(d) For the purposes of the specified disclosure statement required by section 2136(a)(1) of the act, subscriber and group master contracts and riders, amendments and endorsements, do not constitute "marketing materials" subject to the specified disclosure statement.

(e) For group contracts and policies, the managed care plan shall assure that the required disclosure information is provided to prospective enrollees upon written request. The managed care plan can either provide the information directly to prospective enrollees or allow the group policy holder or another entity to provide the information to prospective enrollees on behalf of the managed care plan.

(f) For individual contracts and policies, the managed care plan shall provide the required disclosure information directly to prospective enrollees upon written request.

(g) The disclosure of information to enrollees, prospective enrollees and health care providers as required by section 2136 of the act shall be provided as follows:

(1) During open enrollment periods managed care plans may disclose summary information to enrollees and prospective enrollees. If the disclosure of information does not include all the information required by the act and this chapter, the managed care plan shall simultaneously provide enrollees and prospective enrollees with a list of other information which has not been included with the open enrollment information. The listed information shall be made available to enrollees and prospective enrollees upon request.

(2) Following initial enrollment, or upon renewal, if benefits or networks have changed since the initial enrollment or last renewal, disclosure information should be provided to enrollees within 30 days of the effective date of the contract or policy, renewal date of coverage, if appropriate, or the date of request for the information.

(3) Disclosure information requested by prospective enrollees shall be provided to prospective enrollees within 30 days of the date of the written request for the information.

(4) Disclosure information requested by health care providers shall be provided to health care providers within 45 days of the date of the written request for the information.

(h) Managed care plans shall supply each enrollee, and upon written request, each prospective enrollee or health care provider, with the following information which shall be contained and incorporated into subscriber and master group contracts and all other appropriate documents:

(1) A description of the procedures for providing emergency services 24 hours a day.

(2) A definition of "emergency services," consistent with the act.

(3) Notice that emergency services are not subject to prior approval.

(4) The enrollee's financial and other responsibilities regarding emergency services, including the receipt of these services outside the managed care plan's service area.

(i) Managed care plans, upon written request by enrollees or prospective enrollees, shall provide written information as specified in section 2136(b) of the act. This information shall be easily understandable to the layperson.

§ 154.17. Complaints.

(a) Under the complaint process established by the act, the Department will consider complaints regarding issues of contract exclusions and noncovered benefit disputes. The grievance process, which is administered by the Department of Health, includes review of the medical necessity and appropriateness of services otherwise covered by the managed care plan. Examples of the types of complaints which may be filed with the Department include:

(1) Denial of payment by the plan based upon contractual limitation rather than on medical necessity—for example, denial of payment for a visit by an enrollee on the basis that the enrollee failed to meet the contractual requirement of obtaining a referral from a primary care provider. However, a primary care provider's refusal to make an enrollee referral to a specialist, on the basis that the referral is not medically necessary, would be considered a grievance.

(2) Disputes involving a noncovered benefit or contract exclusion—for example, a request for additional physical therapy services, even if medically necessary, beyond the number specified in the enrollee contract.

(3) Problems relating to one or more of the following:

- (i) Coordination of benefits.
- (ii) Subrogation.
- (iii) Conversion coverage.
- (iv) Alleged nonpayment of premium.
- (v) Dependent coverage.
- (vi) Involuntary disenrollment.

(b) Managed care plans shall establish an internal complaint process with two levels of review to allow enrollees to file oral and written complaints regarding a participating health care provider or the coverage, operations or management policies of the plan.

(c) Inquiries regarding premium rate increases do not constitute "appeals" and may be filed with the Department without the necessity of following the plan's internal complaint process.

(d) Managed care plans may establish time frames, of at least 30 days, for the filing of complaints and grievances with the plan.

(e) Managed care plans shall complete the initial level of review of an enrollee complaint within 30 days of receipt of the complaint. The plan shall notify the enrollee in writing of the plan's decision following the initial review within 5 business days of the decision. The notification shall include the basis for the decision and the procedure to file a request for a second level review of the decision of the initial review committee.

(f) Managed care plans shall complete the second level of review of an enrollee complaint within 45 days of receipt of the enrollee's request for review. The plan shall notify the enrollee in writing within 5 business days of the rendering of a decision by the second level complaint review committee, including the basis for the decision and the procedure for appealing the decision to the Department or the Department of Health.

(g) Enrollees shall follow and complete the plan's internal complaint process before filing an appeal of the complaint decision with the Department or the Department of Health.

(h) Appeals of complaints shall be submitted to the Department within 15 days of receipt of notice of the second level review committee's decision.

(i) Appeals of complaints to the Department shall include information such as:

(1) The enrollee's name, address and daytime phone number.

(2) The enrollee's policy number, identification number and group number (if applicable).

(3) A copy of the complaint submitted to the managed care plan.

(4) The reasons for appealing the managed care plan's decision.

(5) Correspondence and decisions from the managed care plan regarding the complaint.

(j) If the Department believes that the appeal more appropriately relates to issues and matters under the jurisdiction of the Department of Health—for example, an issue involving quality of care—the Department will notify the enrollee and the managed care plan in writing of this determination and promptly transmit the appeal to the Department of Health for consideration. The original submission date of the appeal will be utilized to determine compliance with the filing time frame provided for in section 2142(a) of the act (40 P. S. § 991.2142(a)), which relates to the appeal of a complaint.

(k) The Department and the Department of Health share the statutory responsibility to regulate the enrollee and managed care plan complaint process. The Department will focus on the review of cases which concern the potential violation of insurance statutes, including the Unfair Insurance Practices Act (40 P. S. §§ 1171.1—1171.15). The Department of Health will focus on complaint issues primarily involving enrollee quality of care and quality of service.

(l) Complaint appeals under subsection (i) may be filed with the Department at the following address:

Pennsylvania Insurance Department
Bureau of Consumer Services
1321 Strawberry Square
Harrisburg, Pennsylvania 17120

§ 154.18. Prompt payment.

(a) Licensed insurers and managed care plans shall pay clean claims submitted by a health care provider for services provided on or after January 1, 1999, within 45 days of the licensed insurer's or managed care plan's receipt of the clean claim from the health care provider.

(b) For purposes of prompt payment, a claim shall be deemed to have been "paid" upon one of the following:

(1) A check is mailed by the licensed insurer or managed care plan to the health care provider.

(2) An electronic transfer of funds is made from the licensed insurer or managed care plan to the health care provider.

(c) Interest due to a health care provider on a clean claim shall be calculated and paid by the licensed insurer or managed care plan to the health care provider and shall be added to the amount owed on the clean claim. The interest shall be paid at the time of payment of the

claim. Interest owed of less than \$2 on a single claim does not have to be paid by the licensed insurer or managed care plan. Interest can be paid on the same check as the claim payment or on a separate check. If the licensed insurer or managed care plan combines interest payments for more than one late clean claim, the check shall include information listing each claim covered by the check and the specific amount of interest being paid for each claim.

(d) Claims paid by a licensed insurer or managed care plan are considered clean claims and are subject to the interest provisions of the act. If a paid claim is re-adjudicated by the licensed insurer or managed care plan, the 45-day period for the prompt payment provision begins again at the time additional information prompting the readjudication is provided to the plan. Additional moneys which are owed or paid to the health care provider are subject to the prompt payment provisions of the act and this chapter. The prompt payment requirement of the act also applies to the uncontested portion of a contested claim. A contested claim is a claim for which required substantiating documentation has been supplied to the licensed insurer or managed care plan, but where the licensed insurer or managed care plan has determined that it is not obligated to make payment.

(e) Prior to filing a complaint with the Department, health care providers who believe that a licensed insurer or managed care plan has not paid a clean claim in accordance with the act and this chapter should first contact the licensed insurer or managed care plan to determine the status of the claim, to ensure that sufficient documentation supporting the claim has been provided, and to determine whether the claim is considered by the licensed insurer or the managed care plan to be a clean claim. Licensed insurers and managed care plans shall respond to the health care provider's inquiries regarding the status of unpaid claims within a reasonable period of time.

(f) Health care providers may file a complaint with the Department prior to receipt of a determination from a licensed insurer or managed care plan as to whether a claim is considered a clean claim if one of the following applies:

(1) The licensed insurer or managed care plan has not responded to a health care provider's inquiries regarding the status of an unpaid claim within a reasonable period of time.

(2) The health care provider believes that the licensed insurer or managed care plan is otherwise not complying with the prompt payment provisions of the act.

(g) Complaints to the Department regarding the prompt payment of claims by a licensed insurer or managed care plan under the act and this chapter shall contain the following information:

(1) The provider's name, address and daytime telephone number and the claim number.

(2) The name and address of the licensed insurer or managed care plan.

(3) The name of the patient and employer.

(4) The dates of service and the dates the claims were submitted to the licensed insurer or managed care plan.

(5) Relevant correspondence between the provider and the licensed insurer or managed care plan, including requests for additional information from the licensed insurer or managed care plan.

(6) Additional information which the provider believes would be of assistance in the Department's review.

DEPARTMENT OF AGRICULTURE

PENNSYLVANIA STATE POLICE

Title 31—INSURANCE

INSURANCE DEPARTMENT

[31 PA. CODE CH. 68]

Motor Vehicle Financial Responsibility Law

The Insurance Department (Department) deletes Chapter 68, Subchapters B, C and F and Appendices A and B to read as set forth in Annex A. The statement of policy was originally published at 20 Pa.B. 2166 (April 20, 1999). The statement of policy was effective July 1, 1990.

Purpose

The Department recommends these statements of policy for deletion. The original intent of the statements of policy was to notify the insurance industry of the Department's position regarding changes to 75 Pa.C.S. Chapter 17 (relating to the Motor Vehicle Financial Responsibility Law) (act). Both the passage of time and examination of market practices have led to the adoption of the statements of policy as standard industry practice, thereby making the statements of policy obsolete. Additionally, significant portions of the statements of policy are now moot as they related to rate and form filings to be made with the Department by 1990.

Explanation of Regulatory Changes

Chapter 68, Subchapter B is being deleted because these provisions are redundant and unnecessary as they are sufficiently addressed within the act. Additionally, § 68.112 is obsolete as it required filing endorsements by May 1, 1990, and now serves no further purpose. Finally, the Department, through its market conduct activities, will continue to monitor insurers to ensure compliance with statutory requirements for filing and approval of forms.

Chapter 68, Subchapter C is being deleted because these provisions are redundant and unnecessary as they are sufficiently addressed within the act. Additionally, the rate and rule filings required by this chapter are now obsolete as they related to rate and rule filings required to be filed in 1990.

Chapter 68, Subchapter D was previously deleted on October 27, 1997. See 27 Pa.B. 5502 (October 25, 1997).

Chapter 68, Subchapter E is being deleted because the requirements of this chapter expired in 1990 and are now obsolete. Additionally, the required contents of antifraud plans in § 68.401(b) is now addressed in 75 Pa.C.S. § 1812 (relating to content of plans). The requirement for a Motor Vehicle Insurance Fraud Index Bureau in § 68.402 has been superseded by 75 Pa.C.S. §§ 1821—1823 (relating to comprehensive database system) which only requires membership of insurance companies in a Comprehensive Database System.

Chapter 68, Subchapter F and Appendices A and B are being deleted because these provisions relate to filing guidelines for July 1, 1991, through June 30, 1992, and are, therefore, now moot.

Following careful review, the Department decided to delete these statements of policy for the following reasons. First, the deletion of these statements of policy in no manner affect the insurance availability and consumer protections afforded by the statute. Second, many of the provisions of the statements of policy are now moot and their continued presence will only serve to confuse. Finally, the Department's ongoing market conduct examinations and random field surveys of producers and insur-

ers have not revealed that the notice and guidance that is offered by these statements of policy are necessary at this time. For all of the foregoing reasons, it is no longer necessary to continue the publication of these statements of policy within the body of the Department's regulations.

Affected Parties

There are no parties affected by the deletion of these statements of policy.

Fiscal Impact

The deletion of these statements of policy has no fiscal impact.

Paperwork

The deletion of these statements of policy has no impact on paperwork.

Effectiveness/Sunset Date

The deletion of these statements of policy will become effective upon publication in the *Pennsylvania Bulletin*. Because the Department is deleting outdated statements of policy, no sunset date has been assigned.

Contact Person

The person to contact for information on the deletion of these statements of policy is Peter J. Salvatore, Regulatory Coordinator, 1326 Strawberry Square, Harrisburg, PA 17120, (717) 787-4429. Requests for additional information may also be e-mailed to psalvato@ins.state.pa.us or faxed to (717) 705-3873.

(Editor's Note: The regulations of the Insurance Department, 31 Pa. Code Chapter 68, are amending by deleting a statement of policy in §§ 68.101—68.113, 68.201—68.206, 68.401, 68.402, 68.601—68.604 and Appendices A and B to read as set forth in Annex A.)

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Pennsylvania Rivers Conservation Registry

The Department of Conservation and Natural Resources (DCNR), Bureau of Recreation and Conservation has approved the "Monocacy Creek Rivers Conservation Management Plan" and is placing the Monocacy Creek, the watershed and all tributaries covered in the Plan in Lehigh and Northampton Counties, on the Pennsylvania Rivers Conservation Registry (Registry).

The Wildlands Conservancy submitted the Monocacy Creek Conservation Plan and other required information to gain Registry status.

After review of the Plan and other information, the DCNR has determined that the Keystone Rivers Conservation Program requirements have been satisfied and places the following on the Registry:

1. The watershed area of Monocacy Creek (Lehigh and Northampton Counties) from the headwaters to its confluence with the Lehigh River—48.8 square miles.
2. All tributary streams within the Monocacy Creek Watershed.

This action becomes effective July 31, 1999. Projects identified in the Monocacy Creek Rivers Conservation Management Plan become eligible for implementation, development or acquisition grant funding through the Keystone Rivers Conservation Program.

A copy of the Final Plan is available for review at Wildlands Conservancy, 3701 Orchid Place, Emmaus, PA 18049, (610) 965-4397 and Department of Conservation and Natural Resources, Rachel Carson State Office Building, 400 Market Street, 6th Floor, Harrisburg, PA 17101, (717) 787-2316.

NPDES Permit PA0087980 and WQM Permit 2898201. **Agway Agricultural Products**, 512 West King Street, Shippensburg, PA 17257, has submitted applications to the Department of Environmental Protection (Department) for an individual NPDES permit and a Water Quality Management (WQM) Part II permit relating to a concentrated animal feeding operation (CAFO). The CAFO will be located at 13655 Dream Highway in Lurgan Township, **Franklin County**. The CAFO will be in the Conodoguinet Creek watershed, which is classified

as a warm water fishery. The individual NPDES permit application relates to the operation of the proposed CAFO and the WQM Part II permit application relates to the construction and operation of the manure storage and handling facilities at the CAFO.

The proposed CAFO will have 3,600 heifers ranging from 100 to 1,200 pounds. Two manure storage facilities with a total capacity of 9.1 million gallons will be constructed to serve the needs of the operation. Each manure storage facility will be a clay lined impoundment

to comply with the requirements of the Pennsylvania Technical Guides. Groundwater monitoring will be provided in compliance with the requirements of the Department's Final Strategy for Meeting Federal Requirements for Controlling the Water Quality Impacts of Concentrated Animal Feeding Operations, 29 Pa.B. 1439 (March 13, 1999). The operation will be designed so that there will be no release or discharge to waters of this Commonwealth under normal operating conditions.

The Department has conducted administrative and technical reviews of the applications. On the basis of preliminary review and application of lawful standards and regulations and the Final CAFO Strategy, the Department has made a tentative decision to issue an individual NPDES permit PA0087980 and a WQM Part II permit 2898201 for the operation subject to the terms, conditions, limitations, monitoring and reporting requirements specified in the respective draft permits.

The proposed permits, the permit applications and associated material are on file at the Southcentral Regional Office of the Department. Persons may make an appointment to review the files by calling Mary DiSanto, File Review Coordinator, at (717) 705-4732.

The Environmental Protection Agency (EPA) permit review waiver provision under 40 CFR 123.24(e) does not apply to the General NPDES permit. The Administrator of EPA Region III may review or object to any proposed NPDES permit actions.

Persons wishing to comment on the proposed permit actions are invited to submit written comments to the previous address within 30 days from the date of this public notice. Comments received within this 30-day period will be considered in formulating the Department's final determinations regarding the application. Comments should include the name, address and telephone number

of the writer and a concise statement to inform the Department of the basis of the comment and the relevant facts upon which it is based. A public meeting/hearing may be held if the Department considers the public response or interest significant.

Following the 30-day comment period, the Water Quality Management Program Manager will make the final determination regarding the proposed permits. Notice of this determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The following parties have applied to renew their current NPDES permits to allow the continued discharge of controlled wastewater into the surface waters of this Commonwealth. The Department of Environmental Protection (Department) has made a tentative determination to renew these permits and proposes to issue them, subject to their current permit effluent limitations and monitoring and reporting requirements, with appropriate and necessary updated requirements to reflect new or changed regulations and other requirements. The updates may include, but will not be limited to, applicable permit conditions and/or requirements addressing combined sewer overflows (CSOs), municipal sewage sludge management and total residual chlorine control (TRC). Major changes to or deviations from the terms of the existing permit will be documented and published with the final Department actions.

The EPA, Region III, Regional Administrator has waived the right to review or object to these proposed permit actions under the waiver provision 40 CFR 123.6E.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 1

Acknowledgment of Notices of Intent to Remediate submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302, 303, 304 and 305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard or who intend to remediate a site as a special industrial area, must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. AIR QUALITY**Notice of Plan Approval and Operating Permit
Applications****Nonmajor Sources and Modifications**

The Department of Environmental Protection (Department) has developed an integrated plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities. Although the sources covered by these applications may be located at a major facility, the sources being installed or modified do not trigger major new source review or prevention of significant deterioration requirements.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the Regional Offices identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to file protests or comments on the proposed plan approval and/or operating permits must submit the protest or comment within 30 days from the date of this notice. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department's Regional Offices must include a concise statement of the objections to the issuance of the plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act and regulations adopted under the act.

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District mining office indicated above each application. Where a 401 water quality certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Code §§ 77.522, 87.102, 88.92, 88.187, 88.242, 89.52 and 90.102) for iron, manganese, suspended solids, settleable solids, alkalinity and pH. In addition to the above, more restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit when necessary for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies which have requested review of the NPDES permit requirements for a particular mining activity within the above-mentioned public comment period will be provided with a 30-day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the

conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

HAZARDOUS SITES CLEANUP**Under the Act of October 18, 1988****Notice of Prompt Interim Response****Dickson Road—Avtex Mercury Site****Woodcock Township, Crawford County**

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1305) (HSCA), has conducted a response action for the Dickson Road—Avtex Mercury Site (site). The site is located east of, and adjacent to, Dickson Road and south of Ryan Road in Woodcock Township, Crawford County, PA. The site is a residential property, where media from the trickling filter of the wastewater treatment plant at the former Avtex Fibers, Inc. facility (media), was utilized as fill material for a driveway. That media was contaminated with mercury, and was determined to have caused a release of mercury into the environment at the site.

Elevated levels of the hazardous substance mercury were detected in the media and soils and sediments at the site. The driveway contained two primary areas of media deposition. These two areas were the turn-around portion adjacent to the garage and the culvert pipe portion at the junction with Dickson Road.

For this prompt interim response, the Department considered two alternatives for the site: 1) no action; and 2) remove and dispose off-site the hazardous substance-containing media.

Each alternative was evaluated with respect to three comparison criteria of: 1) Effectiveness; 2) Implement-

ability; and 3) Cost. Furthermore, this comparative analysis evaluated the relative performance of each alternative in relation to each specific comparison criterion. The comparative analysis identified advantages and disadvantages of each alternative, so that tradeoffs between the alternatives could be determined.

Based on the comparative analysis the Department chose to implement Alternative 2 (remove and dispose off-site the hazardous substance-containing media) as the prompt interim response for the site. This alternative was proposed because it would, in the more cost-effective manner, protect the public and environmental receptors from direct contact with site-related hazardous substances, and eliminate the ongoing release and threat of release of hazardous substances into the environment.

This notice is being provided under section 506(b) of HSCA. The administrative record, which contains the information that forms the basis and documents the selection of this response, is available for public review and comment. The administrative record is located at the Department's Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, and is available for review Monday through Friday from 8 a.m. to 4 p.m. Please telephone beforehand for an appointment, (814) 332-6648.

The administrative record will be open for comment from July 31, 1999, until October 29, 1999. Persons may submit written comments into the record during this time only, by sending them to Mark Gorman, Program Manager, at the Department's Northwest Regional Office or by delivering them to the office in person.

In addition, persons may present oral comments, for inclusion in the administrative record, at a public hearing. Persons wishing to present comments must register with Mark Gorman at the Department's Northwest Regional Office before September 15, 1999, by telephone or in writing. Persons interested in finding out if individuals have registered should contact Mark Gorman. If no one registers to present oral comments before September 15, 1999, the public meeting will not be held.

Persons with a disability who wish to attend the hearing and require auxiliary aid, service or other accommodations to participate in the proceedings, should call Mark Gorman at (814) 332-6648 or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD) to discuss how the Department may accommodate their needs.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

Under Act 2, 1995

Preamble 2

The following final reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of final reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed, and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning the final report, contact the Environmental Cleanup Program Manager in the Department's Regional Office under which the notice of receipt of a final report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office listed. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following final reports:

Southcentral Regional Office: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110-8200, (717) 705-4705.

Palm Industrial Center, Hereford Township, **Berks County**. Palm Partners, 404 Main Street, Pennsburg, PA 18073, has submitted a Final Report concerning remediation of site soils contaminated with PHCs and PAHs. The report is intended to document remediation of the site to the Statewide health standard.

DEPARTMENT OF LABOR AND INDUSTRY

Office of Vocational Rehabilitation; Public Comment on Amendment to State Plan

The Department of Labor and Industry, Office of Vocational Rehabilitation (OVR), including the Bureau of Blindness and Visual Services (BBVS), under the Rehabilitation Act of 1973 as amended in the Workforce Investment Act of 1998, announces a period of public comment throughout the Commonwealth. The purpose of this period of comment is to provide individuals, advocates and other interested parties and/or organizations the opportunity to present their views and recommendations regarding vocational rehabilitation (VR) services for persons with disabilities. In Pennsylvania, those services are provided by OVR through a network of 21 local offices including the OVR and the BBVS District Offices and the Hiram G. Andrews Center.

OVR, including BBVS, is required under law to develop and implement a State Plan which must be reviewed and revised annually and when there are changes to the state's VR program. The State Plan is a compliance document filed with the Commissioner, Rehabilitation Services Administration, United States Department of Education. It is the blueprint for the provision of VR services to persons with disabilities in the Commonwealth of Pennsylvania.

There are currently two State Plans, one for the general VR program through OVR and a second for the blind VR program through BBVS. As a result of the recent transfer of BBVS from the Department of Public Welfare to the Department of Labor and Industry, Federal law requires the amendment of the Plans to a combined State Plan.

This period of public comment gives interested parties an opportunity to provide input regarding Pennsylvania's public VR program. Specifically, comment is being solicited regarding the following State Plan components: cooperation and coordination with other agencies and entities; comprehensive system of personnel development; comprehensive needs assessment; state's goals and priorities; order of selection; strategic plan; innovation and expansion activities; mediation and impartial due process hearing procedures; services subject to financial needs test; and supported employment services.

A Towne Meeting is scheduled for Wednesday, August 4, 1999 from 10 a.m. until 1 p.m. at the Harrisburg Hilton and Towers, One North Second Street, Harrisburg, PA to allow individuals and organizations the opportunity to present their input.

Copies of a Summary of Draft Revisions and current State Plans are available on the OVR web site: www.dli.state.pa.us/ovr.index/htm. If you would like to be

scheduled to speak at the Towne Meeting, have a reasonable accommodation for the meeting, have an alternative format request, or would like copies of the Plan documents, please contact Joan Kester at 1-800-442-6351, TTY 800-233-3008, e-mail: jkester@dli.state.pa.us OR Bill Zappini 800-622-2842, TTY 717-787-6176, e-mail: wzappini@dpw.state.pa.us, prior to July 31, 1999. The meeting site is accessible and interpreters for people who are deaf or hard of hearing will be present.

Also, interested parties may submit written comments to: OVR, Attn: Joan Kester, 13th Floor, Labor & Industry Bldg., Harrisburg, PA 17120; BBVS, Attn: Bill Zappini, P.O. Box 2675, Harrisburg, PA 17105; or e-mail ovr@dli.state.pa.us. Comments will be accepted through August 4, 1999.

Input received through this period of public comment will be used by OVR, including BBVS, and key stakeholders to amend the Draft Plan. The Amended Draft Plan will be considered for approval by the State Board of Vocational Rehabilitation in September, 1999. The effective date of the Amended Plan is October 1, 1999.

DEPARTMENT OF PUBLIC WELFARE

Payments to Nursing Facilities; July 1, 1999 Proposed Rates

The purposes of this notice are to announce the proposed changes in payment rates for nursing facilities beginning July 1, 1999, and to identify the methodology and justification for these proposed rates. Under 42 U.S.C.A. § 1902(a)(13)(A), as amended by section 4711 of the Balanced Budget Act of 1997, P. L. 105-33, § 4711, a state must use a public process when it proposes to make changes in payment rates or payment methodologies for nursing facility services under its approved Title XIX State Plan. The Department of Public Welfare (Department) is not proposing to amend its State Plan or to change its regulations, 55 Pa. Code Chapter 1187, relating to the rate-setting methodology used to set nursing facility payment rates. Rather, the Department is proposing to make changes in its nursing facility payment rates because those rate changes are required by the rate-setting methodology contained in its approved State Plan and regulations.

Rates

The proposed July 1, 1999, rates are available through the Bulletin Board System (BBS) at (800) 833-5091, at the local County Assistance Offices throughout the Commonwealth, or by contacting Tom Jayson in the Policy Section of the Bureau of Long Term Care Programs at (717) 772-2570.

Methodology

The methodology that the Department used to set the proposed rates is contained in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting) and the Commonwealth's approved Title XIX State Plan.

Justification

The justification for the proposed rates is that they were set under the rate-setting methodology required by the Commonwealth's approved State Plan and the current regulations.

The estimated increase in annual aggregate expenditures for Medical Assistance nursing facility services for FY 1999-2000 is \$114.051 million (\$52.814 million in State funds).

Interested persons are invited to submit written comments about the proposed rates to the Department within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Comments should be addressed to: Department of Public Welfare, Attention: Suzanne Love, Room 515 Health and Welfare Building, Harrisburg, PA 17105.

Persons with a disability may use the AT&T Relay Services by calling (800) 654-5984 (TDD Users) or (800) 654-5988 (Voice Users). Persons who require another alternative should contact Thomas Vracarich in the Office of Legal Counsel at (717) 783-2209.

Peer Groups, Peer Group Medians and Peer Group Prices for General Nursing Facilities, County Nursing Facilities, Hospital-Based Nursing Facilities and Special Rehabilitation Facilities

In accordance with 55 Pa. Code § 1187.95(a)(4), the Department of Public Welfare (Department) announces its peer groups, peer group medians and peer group prices for general nursing facilities, county nursing facilities, hospital-based nursing facilities and special rehabilitation facilities. The peer groups, peer group medians and peer group prices established under this notice have been calculated as provided by 55 Pa. Code Chapter 1187, 25 Pa.B. 4477 (October 14, 1995), and shall be effective for services rendered from July 1, 1999 through June 30, 2000.

To establish the database for the calculation of peer group medians and prices, the Department used each facility's three most recent audited cost reports that were issued by the Department on or before March 31, 1999, and indexed the costs for each report forward to the common date of December 31, 1999, using the HCFA Nursing Home Without Capital Market Basket Index.

Following is a listing, by group, of the number of facilities with a particular year-end and the inflation factor used to roll the costs of each facility forward to the common date of December 31, 1999.

June 30, 1997	3	1.0848

*As a result of using the three most recent audited cost reports, the "Number of Facilities" column reflects a number in excess of actual enrolled nursing facilities.

After the database was inflated using the above inflation values, the Department grouped the facilities in the correct geographic and bed size groupings. To establish peer groups, the Department used the most recent MSA group classification as published by the Federal Office of Management and Budget on or before April 1, 1999 to classify each nursing facility into one of three MSA groups or one nonMSA group. Then the Department used the bed complement of the nursing facility on the final day of the reporting period of the most recent audited MA-11 used in the NIS database to classify nursing facilities into one of three bed complement groups. These groups are 3—119 beds; 120—269; and 270 and over. Peer groups 7 and 10 have been collapsed in accordance with § 1187.94(1)(iv). Peer group 13 is designated for special rehabilitation facilities only and peer group 14 is designated for hospital-based nursing facilities only, regardless of geographic location or bed-size.

Once the database was established and the peer groups determined, the Department then calculated the medians and prices for each peer group. To calculate the resident care cost medians, the Department divided the audited allowable resident care costs for each cost report by the total facility CMI from the available February 1 picture date closest to the midpoint of the cost report period to obtain case-mix neutral total resident care cost for the cost report year. The Department then divided the case-mix neutral total resident care cost for each cost report by the total audited actual resident days for the cost report year to obtain the case-mix neutral resident care cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the case-mix neutral

resident care cost per diem for each nursing facility to obtain the average case-mix neutral resident care cost per diem of each nursing facility. The Department arrayed the average case-mix neutral resident care cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the other resident related cost medians, the Department first divided the audited allowable other resident related costs for each cost report by the total audited actual resident days for the cost report year to obtain the other resident related cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the other resident related cost for each nursing facility to obtain the average other resident related cost per diem of each nursing facility. The Department arrayed the average other resident related cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the administrative cost medians, the Department adjusted, as appropriate, the total audited actual resident days for each cost report to a minimum 90% occupancy in accordance with § 1187.23. The Department then divided the audited allowable administrative cost for each cost report by the total audited actual resident days, adjusted to 90% occupancy, if applicable, to obtain the administrative cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the administrative cost for each nursing facility to obtain the average administrative cost per diem of each nursing facility. The Department arrayed the average administrative cost per diem for each nursing facility within the respective peer groups to determine a median for each peer group.

After the medians were determined for each peer group, the Department set prices using the medians. To set peer group prices, the Department multiplied the resident care

cost median of each peer group by 1.17 to obtain the resident care cost peer group price; multiplied the other resident related cost median of each peer group by 1.12 to obtain the other resident related peer group price; and, multiplied the administrative cost median of each peer group by 1.04 to obtain the administrative cost peer group price.

The peer groups, peer group medians and peer group prices of general and county nursing facilities, hospital-based and special rehabilitation nursing facilities effective July 1, 1999 are listed in Annex A. The Department will use the peer groups, peer group medians and peer group prices to determine case-mix rates for nursing facilities for the period July 1, 1999 through June 30, 2000.

The Department will retain an engineering firm for an Open-End Contract to provide supplementary construction inspection staff under the Department's Inspector(s)-in-Charge to perform construction inspection services on various projects in Engineering District 9-0, that is Bedford, Blair, Cambria, Fulton, Huntingdon, and Somerset Counties. The Contract will include roadway and bridge construction permit projects, and material plant inspection. The Contract will be for a period of thirty-six (36) months, with a maximum cost of \$500 thousand.

It is anticipated that a maximum supplementary construction inspection staff of twenty-five (25) inspectors will be required for this assignment.

The Department will establish an order of ranking of a minimum of three (3) firms for the purpose of negotiating an Engineering Agreement based on the Department's evaluation of the acceptable letters of interest received in response to this solicitation. The ranking will be established directly from the letters of interest. Technical proposals will not be requested prior to the establishment of the ranking.

The following factors, listed in order of importance, will be considered by the Department during the evaluation of the firms submitting letters of interest:

- a. Review of inspectors' resumes with emphasis on construction inspection capabilities and specialized experience in the Maintenance and Protection of Traffic, soils, structures, concrete and asphalt paving, drainage, CDS, wetlands, CPM schedule monitoring, and plant inspection.
- b. Understanding of Department's requirements, policies, and specifications.
- c. Number of available inspectors in each payroll classification.

General Requirements and Information

Firms interested in providing the above work and services are invited to submit a Letter of Interest with the required information for each Project Reference Number for which the applicant wishes to be considered.

The Letter of Interest and required information must be submitted to the person designated in the individual advertisement.

The Letter of Interest and required information must be received by the Deadline indicated in the individual advertisement.

For Statewide projects, all consultants, both prime consultants and subconsultants, who desire to be included in a Letter of Interest must have an Annual Qualification Package on file with the Central Office, Bureau of Design by the deadline stipulated in the individual advertisements.

By submitting a letter of interest for the projects that requests engineering services, the consulting firm is certifying that the firm is qualified to perform engineering services in accordance with the laws of the Commonwealth of Pennsylvania.

Information concerning the Annual Qualification Package can be found in Strike-off Letter No. 433-99-04 or under the Notice to all Consultants published in the February 27, 1999 issue of the *Pennsylvania Bulletin*.

The requirements for Letters of Interest, in addition to the requirements stipulated in the individual advertisement, are as follows:

2. Identify the project manager.
3. Identify subconsultants, if any, including DBE/WBE, if required.

If a Joint Venture responds to a project advertisement, the Department of Transportation will not accept separate Letters of Interest from the Joint Venture constituents. A firm will not be permitted to submit a Letter of Interest on more than one (1) Joint Venture for the same Project Reference Number. Also a firm that responds to a project as a prime may not be included as a designated subcontractor to another firm that responds as a prime to the project. Multiple responses under any of the foregoing situations will cause the rejection of all responses of the

firm or firms involved. The above does not preclude a firm from being set forth as a designated subcontractor to more than one (1) prime responding to the project advertisement.

If a goal for Disadvantaged Business Enterprise (DBE) participation is established for an advertised project, firms expressing interest in the project must agree to ensure that Disadvantaged Business Enterprise (DBE) firms as defined in the Transportation Equity Act for the 21st century (TEA-21) and currently certified by the Department of Transportation shall have the maximum opportunity to participate in any subcontracting or furnishing supplies or services approved under Form 442, Section 1.10(a). The TEA-21 requires that firms owned and controlled by women (WBEs) be included, as a presumptive group, within the definition of Disadvantaged Business Enterprise (DBE). The goal for DBE participation shall be as stated in the individual project advertisement. Responding firms shall make good faith efforts to meet the DBE goal using DBEs (as they are defined prior to the act, WBEs or combinations thereof).

Proposing DBE firms must be certified at the time of submission of the Letter of Interest. If the selected firm fails to meet the established DBE participation goal, it shall be required to demonstrate its good faith efforts to attain the goal.

Responses are encouraged by small firms, Disadvantaged Business Enterprise (DBE) firms, and other firms who have not previously performed work for the Department of Transportation.

The assignment of the agreement/contract for the above advertisement(s) will be made to one of the firms who submitted an acceptable Letter of Interest in response to the project advertisement. The assignment will be made based on the Department's evaluation of the firm's qualification and capabilities. The Department reserves the right to reject all letters submitted, to cancel the solicitations requested under this Notice, and/or to readvertise solicitation for the work and services.

ENVIRONMENTAL HEARING BOARD

Proposed Settlement under the Hazardous Sites Cleanup Act

Crown Industries HSCA Site Lackawaxen Township, Pike County

The Department of Environmental Protection (Department), under the authority of the Hazardous Sites Cleanup Act (35 P. S. §§ 6020.101—6020.1304) (HSCA), has entered into a proposed consent adjudication regarding the Department's costs incurred for response activities at the Crown Industries HSCA Site (Site). This proposed consent adjudication has been entered into with Schilberg Integrated Metals Corporation (SIMCO), a defendant in *Commonwealth of Pennsylvania, Department of Environmental Protection v. Crown Recycling and Recovery, Inc., et al.*, 92-429-CP-MG (PA Environmental Hearing Board).

The Site was utilized as a metal processing facility and metal salvage yard from the early 1960's until approximately 1988. During that time frame the Site became contaminated with various contaminants, most notably heavy metals, dioxin and PCBs. To address the threat posed by onsite contamination, the Department has conducted two interim responses and a remedial response at the Site.

The settlement referenced above would resolve certain potential claims of the Department solely against SIMCO for reimbursement of response costs incurred by the Department in addressing the release or threat of release of hazardous substances at the Site. The claims originated under the authority of the Hazardous Sites Cleanup Act 35 P. S. §§ 6020.101—6020.1304). Under the terms of the consent adjudication, SIMCO will pay the Department \$700,000 over a period of 5 years in reimbursement of past response costs.

This notice is provided under Section 1113 of HSCA (35 P. S. § 6020.1113) and 25 Pa. Code § 1021.120(d). The proposed consent adjudication is subject to final approval by the Department and the Environmental Hearing Board. The Environmental Hearing Board may schedule a hearing prior to taking action on the proposed consent adjudication. Under 25 Pa. Code § 1021.120(d), any appeal of the proposed consent adjudication must be to Commonwealth Court within 30 days of the date of the Environmental Hearing Board's action. The proposed consent adjudication containing the specific terms of the proposed settlement is available for public review and comment. The proposed consent adjudication can be examined from 8 a.m. to 4 p.m. at the Department's Northeast Regional Office at 2 Public Square, Wilkes-Barre, PA 18711-0790. Persons wishing to examine the proposed consent adjudication should contact Woodrow Cole at (570) 826-2511 or through the AT&T Relay Service at (800) 654-5984 (TDD). The proposed consent adjudication is also available at the office of the Environmental Hearing Board, 2nd Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, PA 17105-8457, and may be reviewed by any interested party on request during normal business hours. Interested parties may telephone the Environmental Hearing Board at (717) 783-3483 or through the AT&T Relay Service at (800) 654-5984 (TDD). Under Section 1113 of HSCA (35 P. S. § 6020.1113), a public comment period on the proposed consent adjudication will extend for 60 days from today's date. Persons may submit written comments regarding the proposed consent adjudication to the Department by September 29, 1999, by submitting them to Woodrow Cole at the above address.

FISH AND BOAT COMMISSION

Closure of Colyer Lake, Centre County

The Fish and Boat Commission (Commission) will temporarily close Colyer Lake to all public access and use from September 15, 1999, until June 17, 2000. The Commission is closing Colyer Lake to public use so that it

may draw down the lake. This draw down is needed to expose sufficient area of the lake bottom for the application of lime. Closing the lake to harvest will protect fish stocks while they are concentrated in a very small area of the lake and during the first spawning season after the lake is refilled.

Closure of Tamarack Lake, Crawford County

Tamarack Lake shall be closed to all public access and use until June 16, 2001. Tamarack Lake, a 562-acre lake, is located near Meadville, Crawford County. The Fish and Boat Commission (Commission) drained the lake this spring to facilitate repair work at both outlet structures, and the Commission could begin restocking certain species as early as late summer. To give stocked fish adequate opportunity to become established and to take advantage of excellent growth with the "new lake effect," the Commission is closing the lake until the opening of bass season in 2001.

Code § 65.21 (relating to waters limited to specific purposes—exclusive use areas), designates a 2,000-foot section of Powers Run, Elk County, that passes through the property of the St. Marys Sportsmen's Club as being for the exclusive use of children 12 and under.

July 16, 1999

We have reviewed this proposed regulation from the Pennsylvania Public Utility Commission (PUC) and submit for your consideration the following objections and recommendations. Section 5.1(h) and (i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) specify the criteria the Commission must employ to determine whether a regulation is in the public interest. In applying these criteria, our Comments address issues that relate to protection of the public health, safety and welfare; economic impact; and clarity. We recommend that these Comments be carefully considered as you prepare the final-form regulations.

1. Section 57.141. General.—Protection of the public health, safety and welfare; and Clarity.

The existing regulation requires a public utility to submit an Annual Resource Planning Report (ARPR) to the PUC. Section 57.141(a) of this proposal replaces the term “public utility” with “electric distribution company” (EDC). Chapter 28, adopted in Act 138 of 1996, included provisions under which an EDC is obligated to serve customers. In the deregulated market, EDCs are frequently, but not always, the provider of last resort. We understand that deregulation has resulted in a number of electric generation suppliers (EGSs), as well as smaller subsidiaries of EDCs and EGSs acting as providers of last resort.

Does the PUC plan to gather similar data from providers of last resort that are not EDCs? The PUC should explain how it will ensure that the customer demands will be met in cases where the provider of last resort is not an EDC.

The same section requires that the ARPR be submitted on May 31. The report will contain information pertaining to the current year. “Current year,” as defined in subsection (b), is “the year in which the filing is being made.”

This is unclear, and should be revised to read, “the calendar year preceding the year in which the filing is made.”

2. Section 57.142. Forecast of energy demand, peak load and number of customers.—Clarity.

Subsection (b)(2)(i) requires data for both summer and winter seasons. No definition exists for either term in this section. The existing definition, “the summer season being June through September and the winter season being December through March,” is deleted from § 57.146(a). We recommend inserting the definition in § 57.141.

3. Section 57.143. Existing and planned generating capability.—Clarity.

Section 57.143(b) requires that the ARPR contain a synopsis of major occurrences including a number of different entries, as well as “any other pertinent information.” We request that this phrase be clarified to reflect that the other pertinent information is related to major occurrences.

4. Section 57.145. Cogeneration and independent power production.—Clarity.

There is no definition of “independent” contained in this section. We recommend a cross-reference to the definition of the term in § 57.31.

5. Section 57.151. New generating facilities and expansions of existing facilities.—Economic impact; Protection of the public health, safety and welfare.

This existing section is deleted in this proposal. It included detailed reporting of information regarding planned construction and operation of facilities. Instead, planned generating capability is added to requirements in § 57.143 (relating to existing and planned generating capability). We agree that the amount of detail in the current § 57.151 is not necessary. However, we question why the PUC has not retained any requirement for reporting of generating units scheduled to be removed. We request the PUC explain how the proposal will provide complete information on available generating facilities without considering units which will be going out of service.

6. Report format.—Clarity.

The current regulation lists formats for the ARPR. The revised rulemaking contains no information regarding formats. Commentators and the PUC have noted that ARPR forms have yet to be revised or developed.

The PUC should develop or revise, as necessary, forms consistent with the new reporting requirements. These forms should be ready for distribution at the time of the submittal of the final-form rulemaking.

Regulation No. 16A-626

Fees

July 16, 1999

We have reviewed this proposed regulation from the State Board of Examiners of Nursing Home Administrators (Board) and submit for your consideration the following objections and recommendations. Section 5.1(h) and (i) of the Regulatory Review Act (71 P. S. § 745.5a(h) and (i)) specify the criteria the Commission must employ to determine whether a regulation is in the public interest. In applying these criteria, our Comments address issues that relate to fiscal impact and clarity. We recommend

that these Comments be carefully considered as you prepare the final-form regulations.

Section 39.72. Fees.—Fiscal impact and Clarity.

Administrative overhead costs

In the proposed regulation's fee report forms, there are significant differences in the costs covered by different fees except for administrative overhead costs. According to staff at the Department of State and its Bureau of Professional and Occupational Affairs (BPOA), the allocated share of overhead cost for each fee category is calculated by dividing total overhead costs by the number of active licensees. This methodology for overhead cost allocation is not unreasonable and has been consistently applied. On the other hand, the staff cost allocations are based on estimates of the actual time BPOA staff spends performing the tasks related to each fee.

For overhead cost allocations, there appears to be no relationship to the services covered by the fees or frequency of fee payments. Therefore, there is no indication that the fees will recover actual or projected overhead costs. In addition, the allocated costs are based on past expenditures rather than estimates or projections of future expenditures. Hence, there is no certainty that the fees' "projected revenues will meet or exceed projected expenditures" under section 7.1(a) of the Nursing Home Administrators License Act (63 P. S. § 1107.1(a)).

We question the use of a constant overhead cost allocation that appears to be unrelated to the actual costs of activities covered by different fees. Even though this process was used to determine other fees, why should BPOA maintain this approach? The Board and BPOA should specifically identify the overhead costs, or portion of the total overhead, to be recouped by these fees, and review their methodology for allocating these overhead costs. Is it the Board's goal to allocate all overhead costs by category to each fee? If so, we do not believe the current allocation formula gives the desired result.

Differing overhead costs

The administrative overhead costs for all fees are \$10.41, except for the certification of scores and verification of licensure or temporary permit, which are \$9.76. The Board should explain why the administrative costs for certification of scores and verification of licensure or temporary permit are different.
