

NOTICES

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

2004 and 2005 Community Services Block Grant Program and the Community Food and Nutrition Program

By this notice, the Department of Community and Economic Development (Department) publishes its Community Services Block Grant State Plan and the Community Food and Nutrition Plan sent to the Department of Health and Human Services for the 2004 and 2005 program years.

Comments will be received at a public hearing beginning at 10 a.m. on October 10, 2003, in Conference Room 4 East, Commonwealth Keystone Building, 400 North Street, Harrisburg.

Written comments should be submitted by 5 p.m. on October 10, 2003, to Dennis Darling, Director, Office of Community Services, Department of Community and Economic Development, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodations to participate in the proceedings should contact Susan Butler at (717) 787-1984 to discuss how the Department may accommodate their needs.

Copies of the State Plan are available at the Office of Community Services, Commonwealth Keystone Building, 400 North Street, Harrisburg, PA 17120, (717) 787-1984.

DENNIS YABLONSKY,
Secretary

Pennsylvania Department of Community and Economic Development Community Services Block Grant State Plan And Community Food and Nutrition Application

I. Federal Fiscal Years Covered by this State Plan

This State Plan is for the federal fiscal years of 2004 and 2005.

II. Letter of Transmittal to the Office of Community Services

A letter of transmittal addressed to the Director, Office of Community Services, has been submitted with the Pennsylvania Department of Community and Economic Development's State Plan. It includes the CSBG program contact person and the commonwealth's CSBG official who is to receive the CSBG Grant Award, complete with the address, telephone number and fax number.

III. Executive Summary

A. CSBG State Legislation

As a result of the Omnibus Budget Reconciliation Act of 1981, the Commonwealth of Pennsylvania accepted the Community Services Block Grant (CSBG) for the purpose of providing a full range of services and activities having a measurable and potentially major impact on the causes of poverty in a community or those areas of a community where poverty is a particularly acute problem.

Recognizing the importance of a commitment by the state, the Pennsylvania General Assembly, as a matter of public policy, affirmed the commitment of the Commonwealth to eliminating the causes and effects of poverty by enacting and subsequently amending the Community Services Act of July 10, 1986 (P.L. 1263, No. 116, as amended). The Act is also intended to stimulate a better focusing of human and financial resources on the goal of eliminating poverty by providing for the continuity of programs that presently exist throughout the Commonwealth for this purpose, and delineates the activities for which the federal funds can be used. The current amendment is effective to December 31, 2006.

B. Designation of Lead Agency

The Department of Community and Economic Development (DCED) has been designated, under Act 116, as amended (Act 2002-46), to be the lead agency for the administration of the CSBG. This letter can be found as Attachment 1. The current secretary of the department is Dennis Yablonsky.

C. Public Hearing Requirements

(1) Public Hearing

A public hearing is scheduled to be held on October 10, 2003. The State Plan will be published in the *Pennsylvania Bulletin* at least ten days prior to the hearing (September 27th). A copy of the *Pennsylvania Bulletin*, the minutes of this hearing and any comments on the State Plan can be found as Attachment 2 in the final Plan. Copies of the plan were also distributed to all Community Action Agencies (CAAs) and Limited Purpose Agencies (LPAs) and copies were available at each of DCED's regional offices prior to the hearing.

(2) Legislative Hearing

A legislative hearing was held for FFY 2004 in February 2003.

(3) Public Inspection of State Plan

The State Plan will be published in the *Pennsylvania Bulletin* on September 27th. A copy of the *Pennsylvania Bulletin* can be found as Attachment 2 in the final Plan. Copies of the State Plan will be sent to each CAA and LPA prior to the public hearing for comment and to the Department's Regional Offices, where it was available for public inspection (Attachment 3: Transmittal Memo to CAAs and LPAs).

IV. Statement of Federal and CSBG Assurances

Programmatic Assurances

(1) Funds made available through this grant or allotment will be used:

(a) To support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), homeless families and individuals, migrant or seasonal farmworkers, and elderly low-income individuals and families to enable the families and individuals to:

(i) remove obstacles and solve problems that block the achievement of self-sufficiency (including self-sufficiency for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);

(ii) secure and retain meaningful employment;

(iii) attain an adequate education, with particular attention toward improving literacy skills of low-income families in the communities involved, which may include carrying out family literacy initiatives;

(iv) make better use of available income;

(v) obtain and maintain adequate housing and a suitable living environment;

(vi) obtain emergency assistance through loans, grants, or other means to meet immediate and urgent family and individual needs; and

(vii) achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

(b) To address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and after-school child care programs; and

(c) To make more effective use of, and to coordinate with, other programs (including State welfare reform efforts). [§ 676(b)(1)]

(2) To describe how the State intends to use discretionary funds made available from the remainder of the grant or allotment described in Section 675C(b) of the Act in accordance with the community services block grant program, including a description of how the State will support innovative community and neighborhood-based initiatives related to the purposes of the community services block grant program; [§ 676(b)(2)]

(3) To provide information provided by eligible entities in the State, including:

(a) a description of the service delivery system, for services provided or coordinated with funds made available through grants made under Section 675C(a) of the Act, targeted to low-income individuals and families in communities within the State;

(b) a description of how linkages will be developed to fill identified gaps in services, through the provision of information, referrals, case management, and follow-up consultations;

(c) a description of how funds made available through grants made under Section 675(a) will be coordinated with other public and private resources; and,

(d) a description of how local entities will use the funds to support innovative community and neighborhood-based initiatives related to the purposes of the community services block grant, which may include fatherhood initia-

tives and other initiatives with the goal of strengthening families and encouraging effective parenting. [§ 676(b)(3)]

(4) To ensure that eligible entities in the State will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals. [§ 676(b)(4)]

(5) That the State and the eligible entities in the State will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services to low-income individuals and to avoid duplication of such services, and State and the eligible entities will coordinate the provision of employment and training activities in the State and in communities with entities providing activities through statewide and local workforce investment systems under the Workforce Investment Act of 1998; [§ 676(b)(5)]

(6) To ensure coordination between antipoverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low-income home energy assistance) are conducted in such communities. [§ 676(b)(6)]

(7) To permit and cooperate with Federal investigations undertaken in accordance with section 678D of the Act. [§ 676(b)(7)]

(8) That any eligible entity in the State that received funding in the previous fiscal year through a community services block grant under the community services block grant program will not have its funding terminated under this subtitle, or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the State determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in Section 678C(b) of the Act. [§ 676(b)(8)]

(9) That the State and eligible entities in the State will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups, and community organizations. [§ 676(b)(9)]

(10) To require each eligible entity in the State to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for adequate representation. [§ 676(b)(10)]

(11) To secure from each eligible entity in the State, as a condition to receipt of funding, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State plan) that includes a community-needs assessment for the community served, which may be coordinated with community-needs assessments conducted for other programs; [§ 676(b)(11)]

(12) That the State and all eligible entities in the State will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to Section 678E(b) of the Act. [§ 676(b)(12)]

(13) To provide information describing how the State will carry out these assurances. [§ 676(b)(13)]

B. Administrative Assurances

The State further agrees to the following, as required under the Act:

(1) To submit an application to the Secretary containing information and provisions that describe the programs for which assistance is sought under the community services block grant program prepared in accordance with and containing the information described in Section 676 of the Act. [§ 675A(b)]

(2) To use not less than 90 percent of the funds made available to the State by the Secretary under Section 675A or 675B of the Act to make grants to eligible entities for the stated purposes of the community services block grant program and to make such funds available to eligible entities for obligation during the fiscal year and the succeeding fiscal year, subject to the provisions regarding recapture and redistribution of unobligated funds outlined below. [§ 675C(a)(1) and (2)]

(3) In the event that the State elects to recapture and redistribute funds to an eligible entity through a grant made under Section 675C(a)(1) when unobligated funds exceed 20 percent of the amount so distributed to such eligible entity for such fiscal year, the State agrees to redistribute recaptured funds to an eligible entity, or require the original recipient of the funds to redistribute the funds to a private, nonprofit organization, located within the community served by the original recipient of the funds, for activities consistent with the purposes of the community services block grant program. [§ 675C(a)(3)]

(4) To spend no more than the greater of \$55,000 or 5 percent of its grant received under Section 675A or the State allotment received under section 675B for administrative expenses, including monitoring activities. [§ 675C(b)(2)]

(5) In states with a charity tax credit in effect under state law, the State agrees to comply with the requirements and limitations specified in Section 675(c) regarding use of funds for statewide activities to provide charity tax credits to qualified charities whose predominant activity is the provision of direct services within the United States to individuals and families whose annual incomes generally do not exceed 185 percent of the poverty line in order to prevent or alleviate poverty among such individuals and families. [§ 675(c)]

(6) That the lead agency will hold at least one hearing in the State with sufficient time and statewide distribution of notice of such hearing, to provide to the public an opportunity to comment on the proposed use and distribution of funds to be provided through the grant or allotment under Section 675A or 675B for the period covered by the State plan. [§ 676(a)(2)(B)]

(7) That the chief executive officer of the State will designate an appropriate State agency for purposes of carrying out State community services block grant program activities. [§ 676(a)(1)]

(8) To hold at least one legislative hearing every three years in conjunction with the development of the State plan. [§ 676(a)(3)]

(9) To make available for the public inspection each plan or revised State plan in such a manner as will facilitate review of and comment on the plan. [§ 676(e)(2)]

(10) To conduct the following reviews of eligible entities:

(a) full onsite review of each entity at least once during each three-year period;

(b) an onsite review of each newly designated entity immediately after the completion of the first year in which such entity receives funds through the community services block grant program;]

(c) follow-up reviews including prompt return visits to eligible entities, and their programs, that fail to meet the goals, standards, and requirements established by the State;

(d) other reviews as appropriate, including reviews of entities with programs that have had other Federal, State or local grants (other than assistance provided under the community services block grant program) terminated for cause. [§ 678B(a)]

(11) In the event that the State determines that an eligible entity fails to comply with the terms of an agreement or the State plan, to provide services under the community services block grant program or to meet appropriate standards, goals, and other requirements established by the State (including performance objectives), the State will comply with the requirements outlined in Section 678C of the Act, to:

(a) inform the entity of the deficiency to be corrected;

(b) require the entity to correct the deficiency;

(c) offer training and technical assistance as appropriate to help correct the deficiency, and submit to the Secretary a report describing the training and technical assistance offered or stating the reasons for determining that training and technical assistance are not appropriate;

(d) at the discretion of the State, offer the eligible entity an opportunity to develop and implement, within 60 days after being informed of the deficiency, a quality improvement plan and to either approve the proposed plan or specify reasons why the proposed plan cannot be approved;

(e) after providing adequate notice and an opportunity for a hearing, initiate proceedings to terminate the designation of or reduce the funding to the eligible entity unless the entity corrects the deficiency. [§ 678C(a)]

(12) To establish fiscal controls, procedures, audits and inspections, as required under Sections 678D(a)(1) and 678D(a)(2) of the Act.

(13) To repay to the United States amounts found not to have been expended in accordance with the Act, or the Secretary may offset such amounts against any other amount to which the State is or may become entitled under the community services block grant program. [§ 678D(a)(3)]

(14) To participate, by October 1, 2001, and ensure that all eligible entities in the State participate in the Results-Oriented Management and Accountability (ROMA) System [§ 678E(a)(1)].

(15) To prepare and submit to the Secretary an annual report on the measured performance of the State and its eligible entities, as described under § 678E(a)(2) of the Act.

(16) To comply with the prohibition against use of community services block grant funds for the purchase or improvement of land, or the purchase, construction, or permanent improvement (other than low-cost residential

weatherization or other energy-related home repairs) of any building or other facility, as described in Section 678F(a) of the Act.

(17) To ensure that programs assisted by community services block funds shall not be carried out in a manner involving the use of program funds, the provision of services, or the employment or assignment of personnel in a manner supporting or resulting in the identification of such programs with any partisan or nonpartisan political activity or any political activity associated with a candidate, or contending faction or group, in an election for public or party office; any activity to provide voters or prospective voters with transportation to the polls or similar assistance with any such election, or any voter registration activity. [§ 678F(b)]

(18) To ensure that no person shall, on the basis of race, color, national origin or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in whole in or part with community services block grant program funds. Any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1974 (U.S.C. 6101 et seq.) or with respect to an otherwise qualified individual with a disability as provided in Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 12131 et seq.) shall also apply to any such program or activity. [§ 678F(c)]

(19) Section 679. Operational Rule.

“(a) Religious Organizations Included as Nongovernmental Providers.—For any program carried out by the Federal Government, or by a State or local government under this subtitle, the government shall consider, on the same basis as other non-governmental organizations, religious organizations to provide the assistance under the program, so long as the program is implemented in a manner consistent with the Establishment Clause of the first amendment of the Constitution. Neither the Federal Government nor a State or local government receiving funds under this subtitle shall discriminate against an organization that provides assistance under, or applies to provide assistance under, this subtitle, on the basis that the organization has a religious character.”

(b) Religious Character and Independence.

(1) In General.—A religious organization that provides assistance under a program described in subsection (a) shall retain its religious character and control over the definition, development, practice, and expression of its religious beliefs.

(2) Additional Safeguards.—Neither the Federal Government nor a State or a local government shall require a religious organization—

(A) to alter its form of internal governance, except (for purposes of administration of the community services block grant program) as provided in section 676B; or

(B) to remove religious art, icons, scripture, or other symbols; in order to be eligible to provide assistance under a program described in subsection (a).

(3) Employment Practices.—A religious organization's exemption provided under section 702 of the Civil Rights Act of 1964 (42 U.S.C. 2000e-1) regarding employment practices shall not be affected by its participation in, or receipt of funds from, program described in subsection (a).

(c) Limitations on Use of Funds for Certain Purposes.—No funds provided directly to a religious organization to

provide assistance under any program described in subsection (a) shall be expended for sectarian worship, instruction, or proselytization.

(d) Fiscal Accountability.—

(1) In General.—Except as provided in paragraph (2), any religious organization providing assistance under any program described in subsection (a) shall be subject to the same regulations as other nongovernmental organizations to account in accord with generally accepted accounting principles for the use of such funds provided under such program.

(2) Limited Audit.—Such organization shall segregate government funds provided under such program into a separate account. Only the government funds shall be subject to audit by the government.

(e) Treatment of Eligible Entities and Other Intermediate Organizations.—If an eligible entity or other organization (referred to in this subsection as an ‘intermediate organization’), acting under a contract, or grant or other agreement, with the Federal Government or a State or local government, is given the authority under the contract or agreement to select nongovernmental organizations to provide assistance under the programs described in subsection (a), the intermediate organization shall have the same duties under this section as the government.”

C. Other Administrative Certifications

The State also certifies the following:

(1) To provide assurances that cost and accounting standards of the Office of Management and Budget (OMB Circulars A-110 and A-122) shall apply to a recipient of community services block grant program funds.

(2) To comply with the requirements of Public Law 103-227, Part C Environmental Tobacco Smoke, also known as the Pro-Children Act of 1994, which requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, education, or library services to children under the age of 18 if the services are funded by a Federal grant, contract, loan or loan guarantee. The State further agrees that it will require the language of this certification be included in any subawards, which contain provisions for children's services and that all subgrantees shall certify accordingly.

The Narrative State Plan

A. Administrative Structure

(1) State Administrative Agency

(a) The mission of the Department of Community and Economic Development is to foster opportunities for businesses and communities to succeed and thrive in a global economy, thereby enabling Pennsylvanians to achieve a superior quality of life. DCED is charged with achieving and maintaining a productive balance and synergy between the needs of Pennsylvania's communities and the dictates of Pennsylvania's businesses. As an agency, DCED promotes Pennsylvania's quality of life as well as the quality of its future. The mission of the Office of Community Services, which administers the CSBG, is to

provide communities and individuals with the tools to address their most pressing needs while improving their quality of life.

(b) The goals and objectives of the CSBG program for 2004-2005 are to:

—Further develop Results-Oriented Management and Accountability (ROMA) by implementing an electronic reporting system;

—Continue Community Action Agency participation in Welfare Reform activities;

—Develop and support the capacity of CAAs to leverage resources and effectively manage comprehensive approaches to combating poverty;

—Encourage Community Action Agencies to develop partnerships with local school districts to address non-academic issues of poor student performance in public schools.

—Encourage asset building and asset accumulation as an effective means for increasing family and individual self-sufficiency.

(2) Eligible Entities

(a) & (b) Pennsylvania's CSBG funds are allocated to 42 Community Action Agencies and two Limited Purpose Agencies, including the migrant and seasonal farm worker organization, which provide services in all 67 counties in Pennsylvania. The Commissioners of Northumberland, Montour and Columbia counties have requested that the department designate Central Susquehanna Opportunities as the CAA for those counties. This would move the CSBG/CAA from Northumberland County government to this nonprofit, and co-locate CSBG programs with other complementary programs. The department is, as of this writing, processing this request, including surveying bordering CAAs concerning their interest in the CSBG program in those counties. A list of the eligible entities and the geographic areas served are included as Attachment 4.

(3) Distribution and Allocation of Funds

(a) Ninety percent (90%) of the CSBG funds will be distributed to the 44 eligible entities, five percent (5%) will be used as discretionary funds and up to five percent (5%) will be used for administration. Monies not utilized for administrative purposes will be allocated to the 90% or discretionary grant pools. Allocations to eligible entities for each of the two years will be based on a formula as described below.

B. Description of Criteria and Distribution Formula

Allocations to eligible entities for each of the two years will be based on a formula comprised of two factors: the number of persons with incomes below 125% of poverty in each service area (based on the most current census data available) on which 75% of the allocation will be based; and the number of unemployed persons in each service area (Pennsylvania Center for Workforce, Pennsylvania Civilian Labor Force Data by County of Residence, 2000 Annual Average) on which 25% of the allocation will be based. All base-level funded agencies will receive a proportionate increase if Pennsylvania's appropriation is increased, or will remain at the current level of \$260,262 if funding decreases. The introduction of the 2000 Census statistics produced tremendous shifts in allocations that would have severely damaged many agencies. Therefore, the PA OCS instituted a three-year phase-in of the

allocation formula, whereby agencies will receive 1/3 of any increase or decrease each year for three years.

Agencies that do not use all of their allocated funds in one state fiscal year are allowed to roll the funds over into the next fiscal year.

C. Description of Distribution and Use of Restricted Funds

CSBG funds will be allocated to 42 Community Action Agencies and two Limited Purpose Agencies. The entire commonwealth will receive CSBG services through these 44 agencies. Agencies having fund balances at the end of the state fiscal year may roll these funds into the following fiscal year.

Eligible entities will use CSBG funds to assist low-income individuals in attaining self-sufficiency. This will be accomplished, in part, through investment of CSBG funds to increase the availability of low cost housing and to promote economic development, employment and training initiatives, and education programs to increase literacy skills. In addition, other activities may be utilized that can lead to economic self-sufficiency of low-income individuals and the chronically unemployed, including Temporary Assistance for Needy Families (TANF) and General Assistance recipients.

No funds have been recaptured and redistributed, as agencies are allowed to carry-over balances into the subsequent state fiscal year.

D. Description of Distribution and Use of Discretionary Funds

For FFY 2004 and FFY 2005, CSBG Discretionary funds will be used:

- to support on-going technical assistance for CAA's via the Community Action Association of Pennsylvania, technical assistance for electronic ROMA reporting, and the use of ROMA data for evaluation and program planning;
- as incentive funding for CAAs to encourage CAAs to develop partnerships with local school districts to address non-academic issues of poor student performance in public schools.
- to respond to program initiatives originating from individual CAAs;
- and other initiatives/projects as determined by the Secretary.

E. Description of Use of Administrative Funds

No more than five percent (5%) of funds appropriated will be used for administrative purposes. Funds not used for administrative purposes will be distributed to grants. For FY 2004 and FY 2005, CSBG administrative funds are projected to be used as follows:

	FY 2004	FY 2005
Personnel	\$300,000	310,000
Fringe Benefits	75,000	80,000
Indirect Costs	190,000	190,000
Travel	15,000	20,000
Operating Costs	300,000	325,000
Grants	480,000	445,000
Total	\$1,360,000	\$1,370,000

Though Pennsylvania has no state charity tax credit program per se, we do administer the Neighborhood Assistance Program, which is a tax credit program designed to help improve distressed neighborhoods through the creation of effective partnerships between community-

based organizations and the business community. No CSBG funds are utilized in this effort.

F. State Community Services Program Implementation

(1) Program Overview

(a) The Service Delivery System

CSBG funds will be allocated to 44 eligible agencies. The entire commonwealth's 67 counties will receive CSBG services through these 44 agencies. The agencies will provide services to low-income persons throughout the state that will result in alleviating temporary emergencies as well as providing services that will lead to self-sufficiency. In addition to emergency and self-sufficiency services, eligible entities will also provide, employment, education, income management, housing, nutrition and health services.

(b) Linkages

CAAs are strongly encouraged to develop partnerships and linkages with social service providers and other organizations and institutions in their service areas that allow them to fill identified gaps in services. Over 2,900 documented partnerships were developed with social service providers, religious organizations and local governments among Pennsylvania's CAAs during the 2000-2001 program year. In the 2001-2002 program year, there were 3,255 documented partnerships. These linkages were designed to assure effective delivery of services to low-income individuals. Examples of linkages are:

Faith-based Collaboration: Lycoming-Clinton Counties Commission for Community Action (STEP) collaborates with faith-based organizations in two ways: (1) they lease space from eight different churches in the two counties for Head Start and Aging services; (2) they operate Linkage Lycoming, a computerized emergency needs clearinghouse funded by the United Way. Through Linkage Lycoming, the agency coordinates partnerships with over 20 organizations that comprise a clearinghouse of emergency necessities. This includes food, shelter, personal items, rent and fuel. This type of coordination helps to prevent a duplication of services to needy families and individuals. Churches and other organizations provide data to the clearinghouse about the emergency services provided by their respective agencies. The clearinghouse is web-enabled, allowing multiple members to access information about when a client received services, the type of service provided to them, and the monetary value of the service.

Adult Literacy: Fayette County Community Action Agency (FCCAA) partners with the Community Action Education Center (CAEC), the Private Industry Council (PIC) and the Intermediate Unit Adult Learning Center (IUALC) to address the problem of adult literacy in Fayette County. The CAA's Family Service Center is one site utilized by the CAEC to conduct classes offering literacy, basic skills, GED preparation, life skills and employment readiness instruction. The PIC and IUALC collaborates with all other partners to identify needs and resolve problems of adult literacy in the county. FCCAA provides volunteer literacy tutors and also established the Pennsylvania Literacy Corp. program, in cooperation with Penn State University, to provide college student, volunteer literacy tutors as a part of Penn State's commitment to Service Learning.

The **Lebanon County Human Services** agency has partnered with Jubilee Family Ministries in the Lebanon County area. Jubilee owns and operates a business where

they sell household items, clothing, and furniture. They have created, as a subdivision of the store, a construction company with a prison ministry component. The prison ministry provides therapy and counseling groups to imprisoned men. There is a training component to the ministry whereby the men who are ministered to in prison, once released, have an opportunity to learn new skills. A skilled professional carpenter provides carpentry training to the men. Through this training program, Jubilee provides low-cost repairs/renovations to properties owned by Lebanon County Human Services. As a result of this partnership, the men learn a new skill, become more responsible and employable.

(c) Coordination with Other Public and Private Resources

During the 2001-2002 program year, 3,255 documented partnerships were established and/or maintained with other social service providers, religious organizations and local governments. These partnerships resulted in \$259,536,798 of additional funding for the CAAs. Coordination between other public and private resources enabled CAAs to expand existing programs and to design new programs targeted to assist low-income individuals, and to ensure a continuum of care for low-income individuals. There were a wide variety of partnerships, including United Ways, county governments, churches and utilities.

(d) Innovative Community and Neighborhood-Based Initiatives

Agencies employed CSBG funds, as well as monies leveraged by CSBG funds, to develop a variety of innovative initiatives to strengthen families and assist individuals to become self-sufficient. Among them are:

Campus of Services (Fayette County Community Action Agency): consisting of 60,000 square feet of office space and 30,000 square feet of warehouse space and 60 apartment units, the Campus of Services includes the Community Services Center (which houses the Senior Citizens Center and eight human service tenants); the food bank and warehouse (for the collection and storage of food for disadvantaged residents); the Family Service Center, which is a state-of-the-art facility that provides a multitude of services for residents of the community, including: medical and dental services and nine health and human services tenants, and a computer technology center; and the Meadow Heights Apartments, a 60-unit senior living facility for low-to-moderate income residents aged 62 and older.

Radio Outreach Program (Polish American Social Services): in order to reach those Polish American citizens, especially women, who are isolated due to language barriers, the Polish American Social Services (PASS) produced the Radio Outreach Program to disseminate vital social services information. Through updates, PASS kept current and prospective clients and informal caregivers informed of benefits programs, eligibility requirements and application procedures and deadlines within the comfort of their homes. Broadcasts in the Polish language aired Sunday through Friday and in English on Saturday. Listeners contacted PASS for further information and direct services.

Pennsylvania Economic Self-Sufficiency Project (Women's Association for Women's Alternatives): A major activity of the project was the statewide distribution of the Self-Sufficiency Standard (and subsequent updates) for Pennsylvania. This resource estimates the cost of self-sufficiency for low-income families in every

county of PA. It is the only tool available that assists low-income persons and those working with and on their behalf, to identify what their real financial needs are based on actual figures. Persons utilizing the tool can facilitate the use of programs, services and tax benefits that can lead to self-sufficiency. The Standard has been requested by staff of several Workforce Investment boards for use in the development of their Strategic Plan for expenditure of funds provided to help workers obtain training to upgrade their skills, employability and career potential.

Other resources of the project, e.g., the Paths to Self-Sufficiency Guidebook, the Human Resources Packet and the computerized Budget Worksheet, have been developed and are constantly updated. The Human Resources Packet is a comprehensive packet of materials that outlines the economic supports available to low-income workers. The Packet contains information on subsidies, tax credits, and financial counseling services, and includes relevant application forms to assist individuals and families access and receive work supports.

The Pharmaceutical Bank (Commission on Economic Opportunity): The Commission on Economic Opportunity (CEO) has worked as a collaborative partner with the Wilkes University Nesbitt School of Pharmacy and the free medical clinics of Luzerne County, to increase pharmaceutical access for the uninsured and underinsured. The collaborative partners have developed a three-tiered approach to the problems of pharmaceutical access. (1) The Pharmaceutical Bank, via the professional expertise of the Nesbitt School of Pharmacy, has obtained a wholesale license and is able to purchase medications in bulk at wholesale cost for the clinic. A restricted formula developed by the clinics and partners provide first time, generic medications; (2) The case management service provided by CEO at all clinic sites assists patients to apply to indigent drug programs offered by the pharmaceutical industry. Prescriptions are offered either through the pharmaceutical bank or can be filled by local pharmacies with payment from the CEO; (3) Medication education and counseling is provided at the clinic sites by the Wilkes University Nesbitt School of Pharmacy student volunteers and faculty. Student volunteers also assist in the management of the pharmaceutical bank.

(2) Community Needs Assessments

A community needs assessment is required from all eligible entities as part of their application for funding each year. Each agency is responsible for conducting or securing their own needs assessment. The needs assessment of each agency describes how the assessment was conducted and provides results. The goals and objectives of each agency are based upon the findings of the assessment. The commonwealth realizes that agencies require flexibility in conducting needs assessments, as each area varies in the resources available and the services they would provide. As a result, a variety of resources are used, including: a county's Master Plan, the Child Health and Wellness Council survey, the United Way of America's Compass 11 tool, the Continuum of Care Planning Process, and Needs Assessment and Customer Survey forms.

(3) Tripartite Boards

Included with the submission of grantee applications is a breakout of the composition of the board, which is reviewed for compliance with Section 676 (B) of the Act. Agencies' applications also include an updated list of

board members that contain names and addresses of the tripartite board members and delineates which segment they represent. Additionally, as part of the monitoring process, board composition is reviewed. The Office of Community Services provides the agencies with two directives related to board composition: CSBG Directive 2002-01: Administrative Procedures for CSBG Grants, which requires a tripartite board for private non-profit CSBG grantees; and CSBG Directive 2002-02: Administrative Boards, which requires a tripartite advisory board for grantees that are units of local governments. (Directives are designed to provide additional guidance to subgrantees on a particular subject. They are included in the contract by reference. The directives also specify guidelines referencing residence requirements, length of service, fiscal and program management, staff appointments/dismissals, non-discrimination, conflict of interest and policies pertaining to client files.) All public community action agencies have advisory boards with the required tripartite division.

(4) State Charity Tax Credit Program

The Office of Community Services administers the Neighborhood Assistance Tax Credit Program, which is the oldest and largest state supported tax credit program in the Country. Tax credits are awarded to businesses that contribute to non-profit agencies to provide services to low-income persons. CSBG funds are not used to offset any revenue losses incurred by the state, or for any aspect of the program.

G. Programmatic Assurances

(1) (a) Assurance § 676(b)(1):

Funds made available through this grant or allotment will be used:

(1) To support activities that are designed to assist low-income families and individuals including families, and individuals receiving assistance under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.), homeless families and individuals, migrant or seasonal farmworkers, and elderly low-income individuals and families to enable the families and individuals to:

(i) remove obstacles and solve problems that block the achievement of self sufficiency (including self-sufficiency for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);

(ii) secure and retain meaningful employment;

(iii) attain an adequate education, with particular attention toward improving literacy skills of low-income families in the communities involved, which may include carrying out family literacy initiatives;

(iv) make better use of available income;

(v) obtain and maintain adequate housing and a suitable living environment;

(vi) obtain emergency assistance through loans, grants, or other means to meet immediate and urgent family and individual needs; and

(vii) achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to document best practices based on successful grassroots intervention in urban areas, to develop methodologies for widespread replication; and strengthen and improve rela-

tionships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

(2) To address the needs of youth low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and after-school child care programs; and

(3) To make more effective use of, and to coordinate with, other programs (including State welfare reform efforts).

Implementation of Assurance 676(b)(1)

(1) Grantees submit an application specifically designed to implement this assurance. The OCS staff reviews each application for adherence to and conformance with these provisions. Activities eligible for funding consideration include, but are not limited to: intensive case management; employment and training programs as well as necessary support services; education initiatives and referrals that will enable low-income, chronically unemployed individuals to participate in job training programs (including locally initiated Title 1 or CareerLink sponsored job training programs); budget counseling, consumer education, credit counseling and weatherization services; home repair services, housing counseling and housing rehabilitation; emergency assistance programs, including loans and grants to meet the immediate and urgent individual and family needs; health services, nutritious food, and housing; and those geared toward achieving greater participation in the affairs of the community through the development of linkages and partnerships with local law enforcement agencies, local housing authorities, governmental employment and training agencies, educational institutions and other public and private resources in the community.

The Annual Report submitted to the federal Office of Community Services and the National Association for State Community Services Programs each year documents, to a greater extent, the extensive services and activities that CAAs in Pennsylvania provide, and includes client success stories that provide specific examples of how individuals and families achieve the specified objectives.

(2) Several CAAs administer youth development programs that give priority to the prevention of youth problems and crime and provide for increased community involvement. These programs include:

The Lawrence County Social Services "At-Risk" youth program, designed to improve the social and emotional development of youth. Youth participating in the before-and-after school programs show increased academic, athletic and/or social skills in order to experience school success. Preschool program participants will participate in preschool activities designed to help develop school readiness skills and to get them developmentally prepared to enter kindergarten.

Keystone Community Action Program's Project YES (Youth Excellence Services), is a delinquency prevention program provided in collaboration with the Tuscarora

Intermediate Unit, the Mifflin County School District, the Mifflin County Children and Youth, and Mifflin County Probation Department. It serves 30 middle school students and is funded in part by the Central PA Workforce Development Corporation Youth Council. Services include intensive case management, substance abuse education, home visiting, parenting education workshops, homework clubs, tutoring, after school and lunch time resiliency building activities, family activities, field trips, summer camp and community involvement clubs.

(3) *The Pennsylvania Department of Community and Economic Development (DCED), in cooperation with the Pennsylvania Department of Public Welfare (DPW), administers the Supported Work Program. The program is funded by DPW and is intended to prepare and assist public assistance recipients to obtain unsubsidized employment and to provide work opportunities for post 24-month cash assistance recipients.*

(4) Assurance 676(b)(4)
Eligible entities in the State will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals.

Implementation of Assurance 676(b)(4)

All of the State's eligible entities either operate or work in cooperation with food pantries in their service area to counteract conditions of starvation and malnutrition among low-income individuals. The CAA and food pantry network also provides clients with assistance on food preparation and food budget management.

(5) Assurance 676(b)(5)

The State and the eligible entities in the State will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services to low-income individuals and to avoid duplication of such services, and State and the eligible entities will coordinate the provision of employment and training activities in the State and in communities with entities providing activities through statewide and local workforce investment systems under the Workforce Investment Act of 1998.

Implementation of Assurance 676(b)(5)

All CAAs are required to describe in their CSBG application, how they coordinate services and establish linkages with other social service agencies and local governments to assure the effective delivery of services to low-income individuals and avoid duplication of services. For the 2001-2002 program year, there were over 3,200 documented linkages/partnerships.

In 1996, DCED initiated the Supported Work Program (SWP) in coordination with the Pennsylvania Department of Public Welfare (DPW) to provide employment and training services for TANF recipients, and to place 50% of participants into jobs. Over \$7 million is available through the Department of Public Welfare for these services. Forty-two (42) CAAs/LPAs provide these services statewide.

In addition, the Director of the Office of Community Services is a member of Pennsylvania's Workforce Investment Task Force and several executive directors of the CAAs sit on local Workforce Investment Boards. Several CAAs have strong relationships with the Workforce Investment Boards, including acting as the CareerLink and/or sharing facilities.

Assurance 676(b)(6)

The State will ensure coordination between anti-poverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low-income home energy assistance) are conducted in such communities.

Implementation of Assurance 676(b)(6)

Some CAAs receive LIHEAP funds directly from the DPW to provide energy crisis intervention services. In addition, the OCS receives 15% of non-emergency LIHEAP funds that are coordinated with Weatherization funds to provide Weatherization services. Any emergency funding received by the Department is allocated to CAAs that are weatherization providers to address either heating or cooling emergencies. Twenty-three (23) of the 42 weatherization providers are CAAs.

(7) Assurance 676(b)(9)

The State and eligible entities in the State will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups, and community organizations.

Implementation of Assurance 676(b)(9)

In the year-end CSBG Report, eligible entities are required to report the number of partnerships their agency has established with other organizations serving low-income residents in their service area. All of the State's eligible entities have established these partnerships within their service areas. Currently, over 3,200 partnerships have been documented with various social service organizations, other state, federal and local government agencies, and faith-based organizations.

(H) Fiscal Controls and Monitoring**(1) State Program Monitoring**

(a) During FY 2004-2005, at least fifteen (15) of the State's eligible entities will receive a full on-site review. The entities projected to be monitored are:

1. Allegheny County Department of Human Services
2. Berks Community Action Program, Inc.
3. Bucks County Opportunity Council
4. Carbon County Action Committee for Human Services
5. Commission on Economic Opportunity of Luzerne County
6. Community Action, Inc.
7. Community Action Program of Lancaster County
8. Community Progress Council, Inc.
9. Community Services Program of Beaver County
10. Greater Erie Community Action Committee
11. Keystone Community Action Program
12. Montgomery County Community Action Development Commission (CADCOM)
13. Pennsylvania Hunger Action Center
14. Pittsburgh Community Services, Inc.
15. Tableland Services

A minimum of an additional fifteen (15) agencies will receive an on-site review during FY 2005-2006 and the planned entities to be monitored are:

1. Butler County Community Action and Development
2. Cambria County Community Action Council, Inc.
3. Community Action Association of Pennsylvania
4. Community Action Committee of the Lehigh Valley
5. County of Chester Department of Community Development
6. Fayette County Community Action Agency
7. Indiana County Community Action Agency
8. Lebanon County Human Services
9. Mayor's Office of Community Services
10. Northern Tier Community Action Corporation
11. Scranton-Lackawanna Human Development Agency
12. South Central Community Action Programs, Inc.
13. Union Snyder Office of Community Services
14. Venango/Crawford Counties Office of Economic Opportunity
15. Westmoreland Human Opportunities

Monitoring procedures shall include an on-site monitoring visit conducted for the following purposes:

- to ensure programmatic and contractual compliance through the review of agency records and interviews with agency personnel, board members and clients;
- to clarify discrepancies that cannot be resolved from the program report review;
- to follow-up on program and personnel complaints, made directly or indirectly; and
- to comply with an agency's request for an on-site visit.

Following the on-site visit, a report of the monitoring review may be given to the agency during the exit interview and will be mailed to the grantee. It shall identify strengths and weaknesses of the program and any required remedial actions.

The agency may request a conference with DCED's Office of Community Services to discuss the report and/or the Office may request a conference with the agency to discuss the report and provide technical assistance.

(b) The Department has no newly designated agencies. However, we do anticipate designating a new CAA in Northumberland, Columbia and Montour counties, which will replace the public CAA presently serving the tri-county area. We are currently working through the CAA designation process, and will, in accordance with the Act, conduct a full review of the newly designated CAA after completion of its first year in operation.

(c) If, after receiving technical assistance and implementing corrective action procedures, any agency that continues to fail to meet the standards and requirements as determined during an on-site monitoring visit will receive an on-site follow-up review.

(d) The Department will review any entities that have other federal, state or local grants (other than CSBG) terminated for cause.

(e) The following are the dates of the last audit conducted and the period covered by the audit for each eligible entity.

(2) Corrective Action, Termination and Reduction of Funding

In the case of violations or discrepancies of Federal and State laws governing CSBG programs discovered through the Department's monitoring and auditing activities, the agency shall be notified of the violation or discrepancy immediately. The agency shall respond in writing to the notice of violation or discrepancy, usually within two weeks of receipt of such notice. If necessary, a follow-up monitoring visit will be conducted to ensure that corrective action has been taken.

Agency Noncompliance—Noncompliance may result in probation until compliance is attained. Probationary status may include intensified monitoring, increased report-

ing requirements, provision of technical assistance by the Department or its designee and/or temporary suspension of grant payments.

Agency Violation—A violation with willful disregard of Federal and State laws governing CSBG programs may result in suspension of grant payments for a designated period of time. The agency will be required to rectify the violation and re-establish itself as competent to carry out the responsibilities governing CSBG programs, as determined by the Department of Community and Economic Development (DCEd).

Termination for cause: "Termination for cause" shall result when the Commonwealth determines that the agency has failed to comply with the conditions of the

contract and/or federal and state laws governing CSBG programs.

When the Department proposes to terminate a CSBG program, it will notify the agency, in writing, of the action(s) to be taken, the reasons for such action(s), and the appeals procedure, including an opportunity for a hearing on the record. This notice shall be forwarded to the agency by certified mail.

Appeal Procedure—If the agency wishes to appeal the determination, it must submit a written request by certified mail to the Secretary of DCED addressing the reasons for the proposed termination, and any corrective action(s) that has been or will be taken.

This request must be made within 30 calendar days of receipt of the termination notice.

The appeal may also include a request by the agency that the Secretary, or his/her designee, hold a public hearing before making a decision, in which case such a public hearing shall be held.

The Secretary shall make one of the following decisions on the agency's appeal, and shall notify the agency of the decision in writing within 30 calendar days following the appeal or following a hearing on the appeal:

- The Secretary may uphold the appeal and remove the notice of intent to terminate.
- The Secretary may remove the notice of intent to terminate but provide the agency with notice of specific corrective actions that must be taken.

If the agency subsequently fails to take corrective actions, the Secretary may reinstate the proposed termination procedures.

- The Secretary may deny the appeal, in which case the agency shall be notified of the effective date of termination. This date shall be either the date contained in the original notice of intent to terminate or a specified date at least 30 days after the Secretary sends the decision, whichever is later. The notice of the decision shall also contain all requirements pertaining to termination of CSBG-related activities and return of CSBG funds.

The agency may appeal the Department's final determination to the Secretary of the U.S. Department of Health and Human Services in accordance with the Community Services Block Grant Act, Section 676 A (amended).

When an agency's contract is terminated for cause, the agency shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Department shall allow full credit to the grantee for any completed work that the Department deems satisfactory.

(3) Fiscal Controls, Audits and Withholding

(a) Assurance § 676(b)(7)

The State will permit and cooperate with any and all federal investigations undertaken in accordance with section 678D of the Act.

Implementation of Assurance 676(b)(7)

Pennsylvania agrees that it will permit and cooperate with any and all Federal investigations conducted in accordance with the Act.

(b) Assurance 676(b)(8)

Any eligible entity in the State that received funding in the previous fiscal year through a community services block grant under the community services block grant

program will not have its funding terminated or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the State determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in Section 678C(b) of the Act.

Implementation of Assurance 676(b)(8)

Pennsylvania Act 116 (amended) provides that:

"As established by the formula . . . determination of annual funding levels shall be made by the Secretary based on input from local agencies and the CSBG Advisory Task Force. Any Community Action Agency or migrant and seasonal farm workers organization which received funding in the previous fiscal year under this Act will not have its present or future funding terminated under this Act or reduced below the proportional share of funding it received in the previous fiscal year unless, after notice and opportunity for hearing on the record, the Commonwealth determines that cause existed for such termination or such reduction, subject however to review under section 676 A of the Omnibus Budget Reconciliation Act of 1981 (Public Law 97-35, Stat. 357)."

For purposes of making a determination with respect to a funding reduction, the term "cause" includes:

- a Statewide redistribution of funds under this Act to respond to the results of the most recently available census or other appropriate data;
- the establishment of a new eligible entity;
- severe economic dislocation; and
- the failure of an eligible entity to comply with the terms of its agreement to provide services under this Act.

(c) Assurance 676(b)(10)

The State will require each eligible entity to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity, to petition for adequate representation.

Implementation of Assurance 676(b)(10)

The State requires each of its eligible entities to establish procedures under which a low-income individual, community organization, religious organization, or representative of low-income individuals, can petition the agency for adequate board representation. All eligible entities are required to have these procedures in their by-laws or policies.

I. Accountability and Reporting Requirements

(1) Results Oriented Management and Accountability

Assurance 676(b)(12)

The State and all eligibility entities in the State will, not later than fiscal year 2001, participate in the Results-Oriented Management and Accountability (ROMA) System or another performance measure system for which the Secretary facilitated development pursuant to Section 678(E)(b) of the Act.

Implementation of (Assurance 676(b)(12))

Beginning in the 1998-99 program year, Pennsylvania required all of its eligible entities to collect data to report on the six (6) National Goals. Also during that year, a

ROMA Task Force was developed consisting of representatives from nine (9) CAAs, the Executive Director of the Community Action Association of Pennsylvania, a consultant and OCS staff to develop a ROMA reporting format.

This format was implemented beginning in State Fiscal Year 1998-99 (July 1, 1998—June 30, 1999) and subsequently revised. All eligible entities were required to report on this new FACS Report format (Attachment 5). This report takes into consideration the National Association for State Community Services Program's Information Systems Survey (CSBG/IS) and includes the six (6) national goals and selected outcome measures as determined by the State in conjunction with the Task Force. It also includes a section for: client characteristics; outcome measures and results and program and management accomplishments. This report is submitted to the Office of Community Services twice yearly, generally January 20th, and July 20th.

(2) Annual Report

The annual report for FY 2003 activities will be submitted to the U.S. Department of Health and Human Services by March 31, 2004, as directed.

VI. Community Food and Nutrition Program

A. Statement of CFNP Assurances:

As part of the annual or biannual application and plan required by Section 681 of the Community Services Block Grant Act, as amended, (42 U.S.C. 9901 et seq.) (the Act), the designee of the Chief Executive of the State hereby agrees to provide for community-based, local and statewide programs to accomplish the objectives of the Community Food and Program (CFNP), as follows:

to coordinate private and public food assistance resources, where coordination is inadequate, in order to better serve low-income populations;

to assist low-income communities to identify potential sponsors of child nutrition programs and to initiate such programs in under served or unserved areas; and

to develop innovative approaches to meet the nutrition needs of low-income individuals.

By the authority delegated to me by the Governor of the Commonwealth of Pennsylvania, I certify to the above assurances of the CSBG Act.

Dennis Yablonsky Secretary Pennsylvania Department of Community and Economic Development	Date

B. Proposed CFN Funding

All funds will be awarded to the Pennsylvania Hunger Action Center (PHAC), a statewide anti-hunger organization established in 1978. The mission of that organization is to end hunger and increase opportunities for all Pennsylvanians to meet their food needs with health and dignity.

Problems to be Addressed.

Funds will be used for the following two purposes:

- to prevent hunger among Pennsylvania households that are food insecure; and
- to reduce food insecurity among low-income Pennsylvania households.

To achieve these results, the program will:

- assist households that face immediate food shortages;

- address weaknesses in the delivery of existing nutritional services that are funded with public dollars;
- empower low-income individuals whose experiences are frequently not communicated to policy-makers; and
- strengthen the statewide network of anti-hunger agencies and organizations, including its ability to serve food insecure households in rural counties.

PHAC's work will focus on the portion of the Pennsylvania population that has been characterized by the U.S. Department of Agriculture as "food insecure". According to the USDA study, most food insecure households have annual household incomes below 130 percent of poverty.

Program

1. Introduction

The Pennsylvania Hunger Action Center is a statewide nonprofit agency incorporated in 1978. It began as a coalition of other groups and individuals already engaged in anti-hunger activities. Known first as the Pennsylvania Coalition for Food and Nutrition (PCFN), the agency has evolved over time to become a channel for a wide variety of organizations and entities to become involved in anti-hunger work.

Hunger Action works collaboratively with a wide range of other anti-hunger organizations across Pennsylvania. This enables it to have a statewide impact notwithstanding its small staff.

2. Community Action Plan (CSBG Act Requirements —Section 675 (c) (13))

A. Needs and Strengths Assessment

The most widely accepted tool for measuring hunger and food insecurity in Pennsylvania is provided by the US Department of Agriculture, which publishes an annual study of hunger and food insecurity based on data provided by the Census Bureau's Current Population Survey.

Based on the most recent USDA report (October 2002), during the three years of 1999-2001, an average of 2.2 percent of Pennsylvania households experienced hunger and 8.4 percent of Pennsylvania households experienced food insecurity. Approximately 253,000 individuals lived in households that experienced hunger and 1,135,000 lived in food insecure households. This program will seek to reduce the number of households that experience hunger and/or food insecurity.

Three areas of capacity must be utilized effectively in order to meet this goal: (a) the private economic sector; (b) the private charitable network of food banks, pantries and cupboards; and (c) the publicly funded nutrition programs. Although the private economy is by far the most important, PHAC does not have the capacity to influence that sector. Therefore, its program will build on its relationships within the charitable and public sectors to achieve a decrease in hunger and food insecurity.

1. Private Charitable Food Assistance Network.

This network consists of approximately 20 food banks, all of which are members of the PA Association of Regional Food Banks (PARF). It also consists of approximately 1,500 local food pantries and cupboards that distribute food to needy households.

Since 1995 Hunger Action has maintained a statewide database of local food pantries and cupboards, which is used to help identify local sources of food assistance for callers to Hunger Action's Food Information Line (1-800-FOOD-997). To maintain this database, Hunger Action

communicates annually with local pantries and cupboards in regard to local operations. It also communicates with these pantries and cupboards every six months regarding the number of households being served and with many pantries and cupboards every other month via *The Pennsylvania Hunger Advocate*.

Whenever Hunger Action participates in a local activity, it draws on these relationships to forge active collaborations. Whenever Hunger Action initiates a statewide activity, it utilizes this network of charitable providers as partners in implementation.

2. Publicly Funded Nutrition Programs.

Included are the State Food Purchase Program (SFPP), TEFAP, and Farmers' Market Nutrition Program (administered by Agriculture); Neighborhood Assistance Program (administered by DCED); the Food Stamp Program (administered by Public Welfare); the WIC Program (administered by Health); the congregate dining and home-delivered meals program (administered by Aging); and the School Lunch, School Breakfast, Summer Food, and Child and Adult Care Food programs administered by Education.

Over its 25-year history Hunger Action staff have forged working relationships with staff in these executive agencies. In recent years staff have served in an advisory capacity to food program administrators in Agriculture, Public Welfare and Health.

Local administrators of the School Lunch and Breakfast programs, as well as the WIC Program, have formed professional associations to improve the quality of services offered to needy children. Hunger Action staff collaborate with these associations as need requires.

Even in counties where some of these programs are weak or nonexistent, there are people and organizations that embrace the mission of ending hunger and reducing food insecurity. Included are local school food service staff; the county staff responsible for the administration of the SFPP contract and TEFAP commodities; the local community action agency; the local county assistance office; and the local WIC office. Hunger Action staff link with these individuals as circumstances require and regularly communicate with these individuals via *The Pennsylvania Hunger Advocate*.

B. Description of Service Delivery System.

In light of Hunger Action's statewide responsibilities, the task of describing the entire food assistance delivery system is formidable. Included are all school districts, county assistance offices and WIC clinics; most community action agencies; all food banks and food pantries; many nutrition-education programs, including the activities of the Cooperative Extension Offices; and many civic and faith-based organizations, including senior centers, youth clubs and after-school programs. Tens of thousands of Pennsylvanians volunteer at kitchens, pantries and summer food sites. Also included are six executive agencies of state government, each of which administers a statewide anti-hunger program.

Given the nature of the challenges within the service delivery system, the primary role of Pennsylvania's statewide anti-hunger organization is to emphasize the themes of communication, cooperation and integration of the various efforts.

C. Gaps in Service Delivery

Within the charitable food assistance network, there are disparities among counties in regard to the amount of

food assistance available to food insecure households. There also are disparities in the frequency with which food assistance is distributed.

Disparities exist within publicly-funded programs as well. The School Breakfast Program is not offered by about 20 percent of Pennsylvania school districts. The Summer Food Program is not available at all in 18 rural counties. The Child and Adult Food Program is virtually unknown in many parts of rural Pennsylvania. The Farmers' Market Nutrition Program is not effectively utilized in parts of the state where access to farmers' markets is time-consuming, expensive or inconvenient.

Most importantly, there is significant under-utilization of the Food Stamp Program. Pennsylvania participation among eligible households has dropped from a high of 85 percent in 1995 to 68 percent in 2000. This decline has caused a loss in federal grocery-buying dollars of between \$150—\$200 million annually.

Gaps and disparities will be addressed through the following linkages:

- Local food security workshops, where forums hosted by local agencies are created for local problem-solving;
- Collaboration with PARF, whose members have the ability to allocate a portion of the resources that flow through the food banks;
- Participation in advisory committees and work groups convened by the departments of Agriculture, Public Welfare, Health and Education;
- Consultations with local school officials about the School Breakfast and Summer Food programs;
- Food Stamp Program outreach and education in which Hunger Action links with local agencies conducting similar activities;
- Publication with the Nutrition Education Network of county-based nutrition access guides;
- Distribution and promotion of county-based guides through nutrition access guides via county offices, community action agencies, ministerial associations, parent-teacher organizations, and United Way agencies.

Coordination of Funding

CFNP funds are used to cover about two-thirds of the costs incurred in our activities to connect people to food, raise public awareness of hunger and its solutions, improve public nutrition service programs, and strengthen the statewide anti-hunger network. Grant funds and private donations cover the remaining costs associated with these activities. Our fourth sector of activity—advocacy to elected officials on behalf of food and nutrition programs—is funded entirely by private donations and a grant from MAZON, the Jewish Response to Hunger.

These activities require staff to be involved in direct human services, inter-agency collaborations, communications with the general public, and communications with public officials. This breadth of involvement fosters a balanced and well-informed approach.

In addition, there is excellent synergy among the various funding sources that support these programs. The CFNP funds support the core activity. This enables Hunger Action to involve other funders that are interested in supporting and improving ongoing activity.

3. Expected Program Objectives and Outcomes

Objective #1:

Service Category: Nutrition.

ROMA Goal: #6 (vulnerable people will achieve their potential through improved nutrition)

Desired Outcomes:

- (6) Reduced Emergency Need (households that receive food assistance from a charitable provider);
- (5) Increased Nutrition (households that are screened for and begin participating in the Food Stamp Program).

Households to be Served:

(6)(a) Households that receive food assistance from a charitable provider:

2003-04	4,000 households
2004-05	3,750 households
2005-06	3,500 households

(5)(e) Households that are screened for the Food Stamp Program:

	200 households
2004-05	200 households
2005-06	200 households

(5)(e) Households that enroll in the Food Stamp Program:

2003-04	60 households
2004-05	60 households
2005-06	60 households

Activities:

- Emergency Food Line
- Food Stamp Screening
- Outreach to publicize availability of services
- Pantry database update
- Data collection

Objective #2:

Service Category: Nutrition.

ROMA Goal: #2 (conditions in which low-income people live will improve)

Desired Outcome:

- (5) Essential Nutrition Service Systems are Improved.

Households to be Served:

(5)(f) Increase in Households Participating in Food Stamp Program from Same Month the previous year:

2003-04	20,000
2004-05	15,000
2005-06	10,000

(5)(f) Increase in number of Rural Children Receiving Subsidized Summer Meal from Previous Summer:

2003-04	5,000
2004-05	5,000
2005-06	5,000

(5)(f) Increase in school buildings serving school breakfast from previous year.

2003-04	50
2004-05	50
2005-06	50

Activities:

- Participation in advisory or work groups facilitated by the Departments of Public Welfare and Education.
- Meetings and correspondence with policy-level staff in the above-referenced agencies.
- Program-specific workshops.
- Consultations and collaborations with school staff, community groups, other advocacy groups.
- Newsletters, press releases and website material.
- Public speaking and other methods of building public support for these programs.

Objective #3:

Service Category: Linkages

ROMA Goal: #3 (low-income people own a stake in their communities)

Desired Outcome:

- (2) Low-Income People Participate in Community Advocacy.

Individuals to be Served:

(2)(a) Number of low-income people participating in advocacy activities to public officials.

2003-04	2,000
2004-05	2,000
2005-06	2,000

Activities:

- Twice-a-year meetings with the Greater Philadelphia Coalition Against Hunger and Just Harvest to meet with food cupboard managers and low-income members.
- Facilitate advocacy opportunities such as a postcard campaign for pantry/cupboard patrons.

Objective #4:

Service Category: Linkages

ROMA Goal: #4 (stronger partnerships will be achieved)

Desired Outcomes:

- (6) Partnerships among Food Banks and Other Food and Nutrition Agencies are Achieved.

Measures:

(6)(1) Partnerships to improve and coordinate service delivery.

2003-04	6
2004-05	6
2005-06	6

(6)(5) Partnerships to strengthen the statewide anti-hunger network.

2003-04	1
2004-05	1
2005-06	1

Activities:

- Four local community food security workshops.
- One collaboration to impact public policy.
- One workshop event focused on a specific child nutrition program.
- One statewide conference.

Objective #5:

Service Category: Linkages.

ROMA Goal: #5 (increased internal capacity)

Desired Outcomes:

- (1)(a) Additional funding sources
- (1)(c) Additional cash donors.

Measures:

One of more additional private grants that provide, as compared to the previous year:

2003-04	\$25,000 increase in funding
2004-05	\$15,000 increase in funding
2005-06	\$10,000 increase in funding

Additional cash donations that provide, as compared to the previous year:

2003-04	\$ 2,000 increase in funding
2004-05	\$ 2,000 increase in funding
2005-06	\$ 2,000 increase in funding

4. Methods of Operation**A. Area of Coverage**

Hunger Action's programs and services are available statewide. It has two toll-free lines, both of which have been widely advertised. The first (1-800-FOOD-997) is available to people who need immediate food assistance; the second (1-800-634-2033) is available to people who seek information about their eligibility for the Food Stamp Program. During calendar year 2002, the Food Information Line received calls from clients representing almost every county of the commonwealth. Local food security workshops, hosted by a local organization in collaboration with Hunger Action, have been held in 18 counties.

B. Operational Procedures

The Food Information Line and the Food Stamp Screening Service have been well publicized over the years. The Food Information Line utilizes a database of approximately 1,300 food pantries and cupboards. The Food Stamp Screening Service utilizes a spreadsheet designed by Dr. Beth Osborne Daponte of Carnegie-Mellon University and the COMPASS web-based application system designed by DPW.

Work with state executive agency staff to improve nutritional service systems involves monitoring program performance, familiarity with ever-changing laws and budget appropriations, and regular consultation and correspondence. These tasks are primarily the responsibility of the executive director.

Work to empower low-income individuals to communicate to public officials is conducted in collaboration with grassroots anti-hunger organizations such as Just Harvest (Pittsburgh) and the Greater Philadelphia Coalition Against Hunger. Hunger Action also works with the food banks to distribute materials such as postcards that can be used by food pantry patrons for advocacy.

Partnership-building efforts are ongoing and cumulative. One successful joint endeavor naturally leads to others.

C. Selection of Participants

Eligibility for the Food Stamp Screening Service is verified via a self-declaration form, which is kept on file for audit and review. Eligibility for the Food Information Line is not documented.

Work to improve essential service systems focuses only on means-tested programs, such as the Food Stamp Program, the School Breakfast Program and Summer Food Program. Households and individuals benefiting from our activities will be people who meet the eligibility requirements of those programs.

Partnerships or collaborations are formed primarily with other organizations (such as food banks) that serve a means-tested population.

D. Coordination

The program described herein has evolved over the years and builds on the experience and input received over time. For example, the Food Information Line started in 1995 in response to a need perceived at that time. Experience since then has confirmed the continued need for this service. The Food Stamp Screening Service was started in 2000 in response to the Pennsylvania decline in Food Stamp Program participation. Experience has also demonstrated the continuing need for this service. The emphasis on improving the access of rural children to child nutrition programs reflects input received in the course of rural Food Security Workshops over the past three years. Conversations with school administrative staff about the School Breakfast and Summer Food programs reflect what we have learned in the course of promoting those programs.

The direction of our program is calibrated in the course of meetings routinely held with low-income individuals and partner organizations that serve the low-income community. As indicated elsewhere in this application, those meetings include Philadelphia food cupboard managers, food bank executives, and rural food security workshops.

E. Evaluation Procedures**1. Data Collection**

On a daily basis PHAC collects data on the number of households that use the Food Information Line and the Food Stamp Screening Service. Monthly reports are prepared by staff for the review of the Executive Director.

In regard to the performance of key nutrition programs (Food Stamps, School Breakfast, Summer Food), PHAC regularly monitors data reports prepared by the Department of Public Welfare and the Department of Education to determine whether access to and participation in those programs is improving.

2. Self-Monitoring

The Board of Directors uses an outcomes-based approach to its oversight of staff performance. It requires the Executive Director to report on outcomes at quarterly meetings of the Board.

Staff review performance data as it becomes available and adjust their activities accordingly.

B. List of CFNP Grantees for the Prior Program Year:

The Pennsylvania Hunger Action Center was the only grantee awarded CFNP funds during the previous program year. They received the full allocation of \$151,941.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Lititz Run Watershed Conservation Management Plan

The Department of Conservation and Natural Resources (Department), Bureau of Recreation and Conservation, has approved the Lititz Run Watershed Conservation Management Plan (Plan) and is placing Lititz Run, the watershed and all tributaries covered in the Plan in Lancaster County on the Pennsylvania Rivers Conservation Registry (Registry).

Warwick Township, Lancaster County submitted the Plan and other required information to gain Registry status.

After review of the Plan and other information, the Department has determined that the Pennsylvania Rivers

Conservation Program (Program) requirements have been satisfied and places the following on the Registry:

1. The watershed area of Lititz Run (Lancaster County) from the headwaters to its confluence with the Conestoga Creek—17.39 square miles.

2. All tributary streams within the Lititz Run Watershed.

This action becomes effective September 27, 2003. Projects identified in the Plan become eligible for implementation, development or acquisition grant funding through the Program.

A copy of the Final Plan is available for review at Warwick Township, 315 Clay Road, P. O. Box 308, Lititz, PA 17543-0308, (717) 626-8900; and at the Department of Conservation and Natural Resources, Rachel Carson State Office Building, 400 Market Street, 6th Floor, Harrisburg, PA 17101, (717) 787-7672.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Applications, Actions and Special Notices

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit

application are invited to submit a statement to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after any public hearings are held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Nonwaived Permit Applications

Southeast Region: Water Management Program Manager, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428.

PA0035297, Industrial Waste, **Sunoco Partners Marketing and Terminals L. P.**, 1801 Market Street, Philadelphia, PA 19103. This application is for renewal of an NPDES permit to discharge treated stormwater from Twin Oaks Petroleum Marketing Terminal in Upper Chichester Township, **Delaware County**. This is an existing discharge to an unnamed tributary to Baldwin Run.

The receiving stream is classified for WWF, aquatic life, water supply and recreation.

The proposed monitoring requirements for Outfalls 001 and 002, based on the stormwater runoff are as follows:

<i>Parameter</i>	<i>Instantaneous Maximum (mg/l)</i>
Total Recoverable Petroleum Hydrocarbons	Monitor and Report
Gasoline Range Organics	Monitor and Report

The EPA waiver is in effect.

PA0051519, Industrial Waste, **Perkasie Industries Corporation**, P. O. Box 179, Perkasie, PA 18944. This application is for renewal of an NPDES permit to discharge noncontact cooling water and stormwater from Perkasie Industries Corporation in Perkasie Borough, **Bucks County**.

This is an existing discharge to the East Branch of Perkiomen Creek (State Water Plan Watershed 3E). The nearest downstream public water supply intake for Audubon Water Company is on the Perkiomen Creek, approximately 19 miles below the point of discharge.

The receiving stream is classified for TSF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 79,000 GPD, are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>	<i>Monitoring Frequency</i>
Temperature			110°F	1/Month
pH	within limits of 6.0—9.0 standard units at all times			1/Month

The proposed effluent limits for stormwater Outfall 001A are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Maximum Daily (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>	<i>Monitoring Frequency</i>
CBOD ₅			Monitor and Report	1/Year
COD			Monitor and Report	1/Year
Oil and Grease			Monitor and Report	1/Year
pH			Monitor and Report	1/Year
Total Suspended Solids			Monitor and Report	1/Year
Total Kjeldahl Nitrogen			Monitor and Report	1/Year
Total Phosphorus			Monitor and Report	1/Year
Iron (Dissolved)			Monitor and Report	1/Year

Major Permit Conditions: no chemical addition to the noncontact cooling water is permitted under this permit.

The EPA waiver is in effect.

PA0026859 A1, Sewage, SIC 4952, **Pennsylvania American Water Company**, 114 East Lincoln Highway, Coatesville, PA 19320. This proposed facility is in South Coatesville Borough, **Chester County**.

Description of Proposed Activity: Amendment of an NPDES permit to discharge treated sewage from Coatesville STP.

The receiving stream, West Branch Brandywine Creek, is in the State Water Plan watershed 3H and is classified for WWF, aquatic life, water supply and recreation. The nearest downstream public water supply intake for the Philadelphia Suburban Water Company is on the West Branch Brandywine Creek, 8.7 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 3.85 mgd.

The monitoring requirement of mercury, the monitoring requirement and the permit limit for WETT are removed from the permit.

In addition to the effluent limits, the permit contains the following major special conditions: TRE for copper; WETT at renewal; and I/I abatement.

PA0050768, Sewage, **Bedminster Municipal Authority**, 3112 Bedminster Road, Bedminster, PA 18910-0092. This application is for renewal of an NPDES permit to discharge treated sewage from Bedminster Municipal Authority's sewage treatment plant in Bedminster Township, **Bucks County**. This is existing discharge to Deep Run.

The receiving stream is classified for WWF, aquatic life, water supply and recreation.

The proposed effluent limits for Outfall 001, based on an average flow of 0.1 MGD are as follows:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅			
(5-1 to 10-31)	20	30	40
(11-1 to 4-30)	25	40	50
Suspended Solids	30	45	60
Ammonia (as N)			
(5-1 to 10-31)	1.3		2.6
(11-1 to 4-30)	3.9		7.8
Phosphorus (as P)	2.0		4.0
Total Residual Chlorine	0.02		0.05
Fecal Coliform	200 colonies/100 ml as a geometric average		

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Average Weekly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
Dissolved Oxygen	minimum of 6.0 mg/l at all times		
pH	within limits of 6.0—9.0 standard units at all times		

The EPA waiver is in effect.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

PA0219339, Industrial Waste, SIC 4925, **Belden & Blake Corporation**, 22811 Titusville Road, Pleasantville, PA 16341. This proposed facility is in Blacklick Township, **Indiana County**.

Description of Proposed Activity: Discharge of treated groundwater produced by dewatering of coal seams from which methane gas will be extracted.

The receiving stream, Blacklick Creek, is classified for aquatic life, water supply recreation and trout stocking. For the purpose of evaluating effluent requirements for TDS, chloride and sulfate, the existing downstream water supply considered during the evaluation is in Freeport, PA, approximately 46.75 miles downstream of the discharge point.

The proposed effluent limits for Outfall 001 are:

<i>Parameter</i>	<i>Average Monthly</i>	<i>Maximum Daily</i>	<i>Instantaneous Minimum</i>
Flow		0.6mgd	
Iron (total)	3.5 mg/L		7 mg/L
Oil and Grease	15 mg/L		30 mg/L
TSS	30 mg/L		60 mg/L
Acidity	Monitor Only		
Alkalinity	greater than acidity		
pH	6 to 9 s.u.		
Chloride	Monitor Only		
TDS	Monitor Only		
Osmotic Pressure	Monitor Only		

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110, (717) 705-4707.

PA0039748, Sewage, **U. S. Army Corps of Engineers (Seven Points)**, R. D. 1, Box 222, Hesston, PA 16647-9227. This facility is in Penn Township, **Huntingdon County**.

Description of activity: Renewal of an NPDES permit for existing discharge of treated sewage.

The receiving stream, Raystown Branch Juniata River (Raystown Lake), is in Watershed 11-D and classified for WWF, water supply recreation and fish consumption. The nearest downstream public water supply intake for the Newport Borough Water Authority is on the Juniata River, approximately 90 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.150 MGD are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	30	60
Suspended Solids	25	50
Total Phosphorus	2.0	4.0
Total Residual Chlorine	1.0	2.0
Dissolved Oxygen	minimum of 5.0 at all times	
pH	from 6.0 to 9.0 inclusive	
Fecal Coliform	200/100 ml as a geometric average	
(5-1 to 9-30)	100,000/100 ml as a geometric average	
(10-1 to 4-30)		

Individuals may make an appointment to review the Department files on this case by calling the File Review Coordinator at (717) 705-4732.

The EPA waiver is in effect.

PA0087459, Sewage, **Triple Crown Corporation (Meadow View Village MHP)**, 5351 Jaycee Avenue, Harrisburg, PA 17112. This facility is in Centre Township, **Perry County**.

Description of activity: Renewal of an NPDES permit for an existing discharge of treated sewage.

The receiving stream, an unnamed tributary to Trout Run, is in Watershed 7-A and classified for CWF, water supply recreation and fish consumption. The nearest downstream public water supply intake for the United Water Company is on the Susquehanna River, approximately 21 miles downstream. The discharge is not expected to affect the water supply.

The proposed effluent limits for Outfall 001 for a design flow of 0.03175 MGD are:

<i>Parameter</i>	<i>Average Monthly (mg/l)</i>	<i>Instantaneous Maximum (mg/l)</i>
CBOD ₅	25	50
Total Suspended Solids	30	60
NH ₃ -N	13	26

pH	from 6.0 to 9.0 inclusive	
Fecal Coliform (5-1 to 9-30)	200/100 ml as a geometric average	
(10-1 to 4-30)	7,400/100 ml as a geometric average	

Individuals may make an appointment to review the Department files on this case by calling the File Review Coordinator at (717) 705-4732.

The EPA waiver is in effect.

Northwest Region: Water Management Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

PA0239321, Sewage, **Robert Wahlmark SRSTP**, 31970 Guys Mills Road, Townville, PA 16360. This proposed facility is in Randolph Township, **Crawford County**.

Description of Proposed Activity: New discharge of treated sewage.

The receiving water, an unnamed tributary to Muddy Creek, is in State Water Plan 16-A and is classified for HQ-TSF, aquatic life, water supply and recreation. The nearest downstream potable water supply Cambridge Springs Water Works, is on French Creek, approximately 28.55 miles below the point of discharge.

The proposed effluent limits for Outfall 001 are based on a design flow of 0.0004 MGD.

<i>Parameter</i>	<i>Concentrations</i>

PUBLIC WATER SUPPLY (PWS) PERMIT

Under the Pennsylvania Safe Drinking Water Act, the following parties have applied for a PWS permit to construct or substantially modify a public water system.

Persons wishing to comment on a permit application are invited to submit a statement to the office listed before the application within 30 days of this public notice. Comments received within the 30-day comment period will be considered in the formulation of the final determinations regarding the application. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (Department) of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and any related documents are on file at the office listed before the application and are available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability who require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the

intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office after which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is con-

structed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

40-312-042: Petroleum Products Corp.—Eldorado Properties Corp. (P. O. Box 2621, Harrisburg, PA 17105) for modification of facility Permit 40-00028 to include modification of storage tanks 11 and 12 emission data at the Dupont Terminal in Pittston Township, **Luzerne County**. This gasoline terminal is not a Title V facility. This modification to the permit incorporates a change in VOC calculation methodology related to roof landing events and does not include any physical changes to the sources. The plan approval will include all appropriate monitoring, recordkeeping, inspection and reporting requirements designed to keep the sources operating within all applicable air quality requirements.

08-313-019D: OSRAM SYLVANIA Products, Inc. (Hawes Street, Towanda, PA 18848) for the reactivation of a halo phosphor furnace (furnace 6C) in North Towanda Township, **Bradford County**.

Furnace 6C will be used to process halo phosphors for use in fluorescent lighting products. The air contaminant emissions from furnace 6C will be controlled by two fabric collectors, a cartridge collector and an absolute filter. The resultant particulate matter and hydrogen chloride emissions to the atmosphere will be up to a maximum of .26 and .41 ton per year, respectively.

The Department's review of the information contained in the application indicates that the reactivated furnace will comply with all applicable requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department intends to issue plan approval for the reactivation of the respective furnace.

The following is a summary of the conditions the Department proposes to place in the plan approval to be issued to ensure compliance with all applicable regulatory requirements:

1. The furnace vent box emissions shall be controlled a Fuller fabric collector and an absolute filter operating in series. The furnace loading (batt loading) and manual batt unloading operations shall be controlled by a Mikropul fabric collector which shall also be used to provide fugitive emission control in the vent box area. The robotic batt unloading and blast cleaning operations shall be controlled by a Torit cartridge collector.

2. The filters used in the absolute filter shall be XH Absolute high capacity HEPA filters.

3. The Fuller fabric collector shall be insulated.

4. Spare bags and cartridges shall be kept onsite for the collectors and absolute filter.

5. The two fabric collectors, cartridge collector and absolute filter shall each be equipped with instrumentation to monitor the pressure differential across the respective collector or filter on a continuous basis.

6. The air compressors used to provide compressed air to any of the collectors or absolute filter shall be equipped with an air dryer and an oil trap.

7. When the Mikropul fabric collector is in a bag shake cycle, no air contaminant-emitting activity normally controlled by the collector shall occur.

8. Furnace 6C shall not be used to process any raw material containing an element or a compound designated as an HAP except for antimony (and antimony compounds) and manganese (and manganese compounds) without prior Department approval.

9. The hydrogen chloride emissions from Furnace 6C shall not exceed .0935 pound per hour. The PM emissions from the absolute filter, Mikropul fabric collector and Torit cartridge collector shall not exceed .000048, .03 and .03 pound per hour, respectively.

10. The Fuller fabric collector and associated absolute filter may be used to control the vent box emissions from Furnace 7C during the performance of repair or maintenance activities on the Griffin Environmental fabric collector and associated absolute filter normally used to control those emissions provided that said repair or maintenance activities are effected with all due speed and diligence. The Griffin Environmental fabric collector and associated absolute filter may be used to control the vent box emissions from furnace 6C during the performance of repair or maintenance activities on the Fuller fabric collector or associated absolute filter provided that said repair or maintenance activities are effected with all due speed and diligence. This approval is subject to revocation by the Department if the Department determines that repair or maintenance activities are not being effected with all due speed and diligence and/or air contaminant emission control from either furnace is observed to be compromised by this practice.

43-290B: Winner Steel, Inc. (277 Sharpsville Avenue, Sharon, PA 16146-5628), for construction of a new no. 3 continuous steel strip galvanizing line furnace in City of Sharon, **Mercer County**. This is a State-only facility. The public notice is required for sources required to obtain a Plan Approval at State-only facilities in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the State-only operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b and will demonstrate Best Available Technology for the source:

1. The source shall comply with 25 Pa. Code §§ 123.1, 123.31 and 123.41 for fugitive matter, odor and visible emissions.

2. The PM emissions shall not exceed 0.02 gr/dscf.

3. The NO_x emissions shall not exceed 0.14 no./mmBtu.

4. Stack testing to show compliance with the emission limitations.

25-025F: General Electric Transportation Systems—Erie Plant (2901 E. Lake Road, Rm. 9-201, Erie, PA 16531), for the construction of a new paint and cure booth in building no. 12 in Lawrence Park Township, **Erie County**. This is a Title V facility. The public notice is required for sources required to obtain a Plan Approval at Title V facilities in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450, be incorporated into the Title V operating permit through an administrative amendment at a later date. The source shall comply with the following conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b and will demonstrate Best Available Technology for the source:

1. The source shall comply with 25 Pa. Code §§ 123.1, 123.21, 123.31 and 123.41 for fugitive matter, sulfur compound, odor and visible emissions.
2. The PM emissions shall not exceed 0.02 gr/dscf.
3. The coatings shall meet 25 Pa. Code § 129.52, Table 1, No. 10(e).

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Contact: Yasmin Neidlinger, Facilities Permitting Chief, (717) 705-4702.

21-05006: State System of Higher Education (1871 Old Main Drive, Shippensburg, PA 17257-2299) for a Title V operating permit renewal for Shippensburg University in Shippensburg Borough, **Cumberland County**. The facility's major sources of emissions include coal/oil/gas fired boilers and other combustion sources and engine driven generator which primarily emit NOx. The Title V operating permit will incorporate a boiler's General Permit No. GP1-21-05006A and will contain monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: Muhamad Zaman, Program Manager, (570) 327-0512.

59-00002: Dominion Transmission, Inc. (625 Liberty Avenue, Pittsburgh, PA 15222) for renewal of the Title V operating permit for their Tioga natural gas storage and transmission facility in Farmington Township, **Tioga County**. The facility's main sources include two 4,200 horsepower natural gas fired internal combustion gas transmission engines, which have the potential to emit major quantities of CO and NOx. The facility has the potential to emit PM10, SOx, VOCs and HAPs below the major emission thresholds. The proposed Title V operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

60-00004: New Columbia Joist Co. (2093 Old Highway 15, New Columbia, PA 17856) to issue a revised Title V Operating Permit for their steel joist manufacturing facility in White Deer Township, **Union County** under 25 Pa. Code §§ 127.521 and 127.541. The Title V operating permit revision is to incorporate conditions of equivalency under 25 Pa. Code § 129.51(a) for Armorchem 4500 gray primer used for the dip coating operation. The conditions of equivalency include limits on VOCs emitted per ton of production, coating viscosity and dry paint film

thickness. The operating permit revision for equivalency will allow New Columbia Joist to decrease VOC emissions at the facility. In addition, this operating permit revision includes the requirements specified in 25 Pa. Code § 129.63(a) for the two parts washers identified in the Title V operating permit. The revised operating permit contains all applicable requirements including monitoring, recordkeeping and reporting conditions. The New Columbia Joist representative to contact regarding this revision is Gregory Gemgnani, EH & S Manager, (610) 797-5200.

46-00171: John Evans' Sons, Inc. (One Spring Avenue, Lansdale, PA 19446) for a non-Title V, State-only, Natural Minor Operating Permit in Lansdale Borough, **Montgomery County**. The facility manufactures springs per customer specification. The edges of the springs require grinding to smooth out rough edges. There are six grinders at the facility to accomplish this. All of the grit and metal fines that are generated by grinding are sent to a dust collector outside the building. There are PM limits of 0.3 pound per hour, 2.4 pounds per day and 0.3 ton per 12-month rolling period for the grinding process. Other sources of emissions include a 5.2 mmBtu/hr boiler and a parts washer. The parts washer is regulated by the requirements of 25 Pa. Code § 129.63(a) since it is over 2 gallons and 5% VOCs.

06-03113: Haines and Kibblehouse, Inc. (P. O. Box 196, Skippack, PA 19474) for operation of a nonmetallic mineral crushing plant controlled by a wet suppression system and a fabric collector at the Birdsboro Quarry in Robeson Township, **Berks County**. The plant has a potential to emit 95 tons per year of particulate. The sources at the plant are subject to 40 CFR Part 60, Subpart OOO—Standards of Performance for New Stationary Sources. The permit will include monitoring, work practices recordkeeping and reporting requirements designed to keep the plant operating within all applicable air quality requirements.

36-03012: Herr and Sacco, Inc. (P. O. Box 99, Landisville, PA 17538) for operation of their paint spray booth, an outdoor painting area and a sandblasting booth in East Hempfield Township, **Lancaster County**. The State-only operating permit will contain appropriate conditions designed to keep the facility operating below Title V thresholds for criteria pollutants and within all other applicable air quality requirements.

36-03067: Covance Research Products, Inc. (310 Swampbridge Road, Denver, PA 17517) for operation of a pet cremation chamber in West Cocalico Township, **Lancaster County**. Actual emissions of PM are expected to be less than 1 ton per year. The State-only operating permit will include monitoring, recordkeeping, reporting requirements, emission restrictions and work practice standards designed to keep the facility operating within all applicable air quality requirements.

36-05075: Stylecraft Corp. (P. O. Box 458, Blue Ball, PA 17506) for operation of their wood furniture surface

coating facility in East Earl Township, **Lancaster County**. The State-only operating permit will contain appropriate conditions designed to keep the facility operating below Title V thresholds for VOCs, HAPs and within all other applicable air quality requirements.

67-03047: Shrewsbury Concrete Co. (New Freedom Road, P. O. Box 176, Shrewsbury, PA 17361) for operation of its batch concrete plant in Shrewsbury Township, **York County**. The State-only operating permit will contain appropriate conditions designed to keep the facility operating below Title V thresholds for criteria pollutants and within all other applicable air quality requirements.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: Muhammad Zaman, Facilities Permitting Chief, (570) 327-0512.

49-00051: Norka Manufacturing, Inc. (103 East 5th Street, Watsonstown, PA 17777) for their wood household furniture manufacturing facility in Watsonstown Borough, **Northumberland County**. The facility's main sources include two spray paint booths and seven dip tanks. The facility has taken restrictions to limit potential VOCs and HAPs emissions below Title V thresholds. The proposed operating permit contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

60-00013: Moore North America, Inc. (1601 Industrial Parkway, Lewisburg, PA 17837) for their paper printing facility in Lewisburg Borough, **Union County**. The facility's main sources include 21 nonheat-set web printing presses. The facility has the potential to emit SOx, NOx, CO, PM10, VOCs and HAPs below the major emission thresholds. The proposed operating permit contains all applicable requirements including Federal and State regulations. In addition, monitoring, recordkeeping and reporting conditions regarding compliance with all applicable requirements are included.

**COAL AND NONCOAL MINING
ACTIVITY APPLICATIONS**

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); and The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to the applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the same address within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition to the previous, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of the NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30 day period to review and submit comments on those requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

Coal Applications Received

Effluent Limits—The following coal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to: (1) surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas, active areas disturbed by coal refuse disposal activities and mined areas backfilled and revegetated; and (2) drainage (resulting from a precipitation event of less than or equal to a 1-year 24-hour event) from coal refuse disposal piles.

Receiving streams: unnamed tributary to and Irish Run to Curry Run to West Branch Susquehanna River. Application received September 4, 2003.

41920101 and NPDES Permit No. PA0207195. Fisher Mining Company, 40 Choate Circle, Montoursville, PA 17754. Renewal of an existing bituminous surface mine permit in Pine Township, **Lycoming County** affecting 217.4 acres. Receiving streams: Buckeye Run to Otter Run; Otter Run to Little Pine Creek; and Shinglemill Run to Little Pine Creek; Little Pine Creek to Pine Creek; Pine Creek to West Branch Susquehanna River. Application received September 4, 2003.

17030112 and NPDES Permit No. PA0243566. PG & E Operating Services, 2151 Libson Road, Kenderdell, PA 16374. Commencement, operation and restoration of a bituminous surface mine-beneficial use ash disposal permit in Chest Township, **Clearfield County** affecting 83.9 acres. Receiving streams: North Camp Run

to Chest Creek to West Branch of the Susquehanna River (CWF). The first downstream potable water supply intake from the point of discharge is: none within 10 miles downstream. Application received September 9, 2003.

Coal Applications Returned

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, (814) 472-1900.

56020108 and NPDES Permit No. PA024930. Fieg Brothers, 3070 Stoystown Road, Stoystown, PA 15563-8164, commencement, operation and restoration of a bituminous surface mine and for discharge of treated mine drainage in Southampton Township, **Somerset County**, affecting 55.8 acres. Receiving streams: unnamed tributaries to North Branch (CWF) and unnamed tributary to Rush Run (HQ-CWF). There are no potable water supply intakes within 10 miles downstream. Application received October 7, 2002. Permit withdrawn: August 20, 2003.

Noncoal Applications Received

Effluent Limits—The following noncoal mining applications that include an NPDES permit application will be subject to, at a minimum, the following technology-based effluent limitations for discharges of wastewater to streams:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum of 0.5 ml/l applied to surface runoff resulting from a precipitation event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

ABANDONED MINE RECLAMATION

Under Act 181 of 1984, the Department solicits letters of interest from the landowners and/or licensed mine operators for the reclamation of the following abandoned strip mine project:

Project No. BF 509, Decatur Township, Clearfield County, 93 acres.

Letters of interest must be received by Roderick A. Fletcher, P. E., Director, Bureau of Abandoned Mine Reclamation, Department of Environmental Protection, 400 Market Street, P. O. Box 8476, Harrisburg, PA 17105-8476 by 4 p.m. on October 27, 2003, to be considered. Telephone inquiries should be directed to Charles Lonkart, Division of Mine Hazards, (717) 787-3448.

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (Department). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the State to certify that the involved projects will not violate the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33

U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA or to the issuance of a Dam Permit, Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment must submit comments, suggestions or objections within 30 days of the date of this notice, as well as questions, to the office noted before the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Individuals will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on each working day at the office noted before the application.

Persons with a disability who wish to attend a hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and requests for certification under section 401 of the FWPCA (33 U.S.C.A. § 1341(a)).

WATER OBSTRUCTIONS AND ENCROACHMENTS

Northeast Region: Water Management Program Manager, 2 Public Square, Wilkes-Barre, PA 18711-0790.

E39-425. Polaris Park, L. P., 7562 Penn Drive, Suite 100, Allentown, PA 18106 in Upper Macungie Township, **Lehigh County**, U. S. Army Corps of Engineers, Philadelphia District.

Giving consent to the following activities associated with Polaris Medical Office Building Project: (1) to remove the existing Centronia Road structure and to construct and maintain a 77-foot long, 11-foot by 2.7-foot box culvert across a tributary to Cedar Creek (HQ-CWF); (2) to construct and maintain a channel change consisting of realigning approximately 100 feet of the tributary; (3) to construct and maintain a channel change consisting of reshaping and lining approximately 170 feet of the tributary with soil reinforcement matting; (4) to construct and maintain a 440-foot long retaining wall varying in height between 1-foot and 7-foot in the floodway along the tributary; (5) to construct and maintain approximately 450 feet of 10-inch diameter sanitary sewer line in the floodway of a tributary to Cedar Creek; (6) to construct and maintain an outfall structure consisting of three 54-inch diameter concrete pipes with a concrete endwall and concrete apron in the floodway of the tributary; and (7) to construct and maintain various other outfall structures in the floodway of the tributary. The project is near the intersection of Centronia Road (SR 3008) and Schantz Road (Allentown West, PA Quadrangle N: 15.8 inches; W: 7.6 inches).

E40-624. Greater Wilkes-Barre Chamber of Business and Industry, 2 Public Square, P. O. Box 5340, Wilkes-Barre, PA 18710-5340 in Hanover Township, **Luzerne County**, U. S. Army Corps of Engineers, Baltimore District.

To place fill in 1.24 acres of PSS/FO wetlands; to construct and maintain a stream enclosure of Warriar Creek (CWF), consisting of 203 linear feet of 10.0-foot diameter asphalt-coated CSP culvert, with 65 linear feet of riprap extending upstream of the culvert and 32 linear feet of riprap extending downstream of the culvert; to construct and maintain a stormwater outfall structure along the right bank of Warriar Creek, immediately upstream of the entrance to the proposed stream enclosure; and to construct and maintain a stream enclosure of a tributary to Warriar Creek (locally known as Garringers Creek), consisting of 216 linear feet of 10.0-foot diameter asphalt-coated CSP culvert, with 12 linear feet of riprap extending upstream of the culvert linear feet of riprap extending upstream of the culvert and 30 linear feet of riprap extending downstream of the culvert. The purpose of the project is to extend the main access road into the Hanover Crossings Industrial Development. The entrance to the development is on the north side of SR 2008 (Middle Road), approximately 2,000 feet east of the interchange of SR 2008 and SR 0029 (Wilkes-Barre West, PA Quadrangle N: 15.0 inches; W: 10.5 inches).

E40-625. Pizza Perfect, 16 Carverton Road, Trucksville, PA 18708 in Kingston Township, **Luzerne County**, U. S. Army Corps of Engineers, Baltimore District.

To remove approximately 66 linear feet of failing retaining wall and a 12-inch stormwater outfall and to construct and maintain approximately 68 linear feet of concrete retaining wall in a 12-inch CMP stormwater outfall, along the left bank of a tributary to Toby Creek (CWF), for the purpose of stream bank stabilization. The wall height is approximately 15 feet relative to the stream bed. During construction, approximately 75 linear feet of sand bag cofferdam will be installed to isolate the work area. The project is behind the Pizza Perfect building, at the northeast corner on the intersection of SR 0309 in SR 1036 (Carverton Road) (Kingston, PA Quadrangle N: 9.6 inches; W: 7.6 inches).

E48-338. Hornstein Enterprises, Inc., 1150 Cedarcrest Boulevard, Allentown, PA 18103 in Forks Township, **Northampton County**, U. S. Army Corps of Engineers, Philadelphia District.

To construct and maintain three stormwater outfall structures in Bushkill Creek (HQ-TSF) which are associated with the proposed Penn's Ridge planned residential development. The project is approximately 0.4 mile north of the intersection of SR 2019 (Bushkill Drive) and SR 2036 (Zucksville Road) (Easton, PA-NJ Quadrangle N: 17.9 inches; W: 16.9 inches).

E64-243. Wayne Memorial Hospital, West and Park Streets, Honesdale, PA 18431 in Honesdale Borough, **Wayne County**, U. S. Army Corps of Engineers, Philadelphia District.

To construct and maintain a single-span prefabricated steel truss pedestrian bridge, having a span of 140 feet and an underclearance of approximately 17 feet, across West Branch Lackawaxen River (HQ-CWF). The bridge will provide access to a parking area on the south side of the river. The project is south of the intersection of SR 0006 (Park Street) and West Street (Honesdale, PA Quadrangle N: 13.7 inches; W: 1.3 inches).

E50-216: John Adams, R. R. 2, Box 622, Newport, PA 17068 in Centre Township, **Perry County**, ACOE Baltimore District.

To install and maintain a bridge with a span of 10 feet to cross the Little Juniata Creek (CWF), approximately 1,000 feet south of Route 274 (Newport, PA Quadrangle N: 5.78 inches; W: 13.2 inches) in Centre Township, Perry County.

E01-243: Department of Transportation, District 8-0, 2140 Herr Street, Harrisburg, PA 17103 in Mt. Pleasant Township and Bonneauville Borough, **Adams County**, ACOE Baltimore District.

To remove the existing bridge and to construct and maintain a 13.45-foot by 4.33-foot box culvert at the channel of Chicken Run (WWF) on SR 0116, Section 014, Segment 0330, Offset 0975 about 2.7 miles from its intersection with US 15 (Gettysburg, PA Quadrangle N: 11.7 inches; W: 3.45 inches) in Mt. Pleasant Township and Bonneauville Borough, Adams County.

E21-355: Department of Transportation, District 8-0, 2140 Herr Street, Harrisburg, PA 17103 in Dickinson Township, **Cumberland County**, ACOE Baltimore District.

To remove the existing bridge and then to construct and maintain a twin cell 14-foot by 5-foot box culvert at the channel of Tagg Run (HQ-CWF) on SR 3008, Section 006, Segment 0120, Offset 0016 at the Village of Toland (Mt. Holly Springs, PA Quadrangle N: 12.4 inches; W: 12.5 inches) in Dickinson Township, Cumberland County.

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701, (570) 327-3636.

E49-269. Nicholas and Amy Telesky, 146 North Front Street, Milton, PA 17847-1204. Water Obstruction and Encroachment Permit application in Milton Borough, **Northumberland County**, ACOE Susquehanna River Basin District (Northumberland, PA Quadrangle N: 4.0 inches; W: 14.5 inches).

To construct and maintain a 28-foot by 14-foot open deck, which is in the floodway of the West Branch of the Susquehanna River along the eastern right-of-way of North Front Street in Milton Borough, Northumberland County. This project does not propose to impact any jurisdictional wetlands.

E49-270. Fleetwood Motor Homes of Pa., Inc., P. O. Box 5, Paxinos, PA 17860-0005. Plant expansion in Ralpho Township, **Northumberland County**, ACOE Susquehanna River Basin District (Shamokin, PA Quadrangle N: 16.7 inches; W: 10.6 inches).

To enclose 300 feet of unnamed tributary to Timber Creek (CWF) and fill 0.422 acre of jurisdictional wetland for the purpose of plant expansion. The project is 0.5 mile

east of the intersection of SR 0061 and SR 0487 along the southern right-of-way of SR 0487 in Ralpho Township, Northumberland County. The project does propose to permanently impact 0.422 acre of jurisdictional wetland.

Southwest Region: Water Management Program Manager, 400 Waterfront Drive, Pittsburgh, PA 15222-4745.

E02-1438. Allegheny County Department of Public Works, 501 County Office Building, 542 Forbes Avenue, Pittsburgh, PA 15219-2904. Glen Mitchell Road Stream Enclosure in Aleppo Township, **Allegheny County**, Pittsburgh ACOE District (Latitude: 40° 32' 0"—Longitude: 80° 9' 25") (Ambridge, PA Quadrangle N: 6.4 inches; W: 5.6 inches). The applicant proposes to construct and maintain a 54-inch diameter culvert for a distance of approximately 208 feet with a 46-foot long riprap plunge pool energy dissipater within a tributary to the Ohio River (WWF). The project is needed to address a landslide, which has closed Glen Mitchell Road. The project is on the southeast side of Glenn Mitchell Road, approximately 1,800 northeast of its intersection with Beaver Avenue. The project has been authorized under an Emergency Permit No. EP0203205. The total stream impact is approximately 254 feet long.

E32-450. Indiana County Commissioners, 825 Philadelphia Street, Indiana, PA 15701-3942. Fitzgerald Bridge in Center Township, **Indiana County**, Pittsburgh ACOE District (Latitude: 40° 33' 51"—Longitude: 79° 11' 56") (Indiana, PA Quadrangle N: 11.67 inches; W: 10.27 inches). The applicant proposes to remove the existing Fitzgerald Bridge and to construct and maintain a 10.0-meter long single span bridge having a normal span of 10.0 meters and an underclearance of 3.1 meters across Cherry Run (CWF) for the purpose of improving transportation safety and roadway standards. The applicant also proposes the relocation and maintenance of 91.44 meters of an unnamed tributary to Cherry Run (CWF) as part of this project. The project is on T-469, approximately 500 feet from its intersection with SR 3056.

E63-550. Washington County Commissioners, 100 West Beau Street, Suite 701, Washington, PA 15301-4470. West Finley Township Road T-314 (Erskine Road) in West Finley Township, **Washington County**, Pittsburgh ACOE District (Latitude: 40° 03' 59"—Longitude: 80° 30' 58") (Valley Grove, WV-PA N: 2.1 inches; W: 2.3 inches). The applicant proposes to rehabilitate and maintain the existing T-314 Erskine Road covered bridge having a normal clear span of 39.75 feet and an underclearance of 10.14 feet over Middle Wheeling Creek (WWF). The span and underclearance will not change. The project will directly affect, by R-8 rock scour protection, 37.5 linear feet of perennial stream. No vegetated wetlands will be impacted.

E63-552. Washington County Commissioners, 100 West Beau Street, Suite 701, Washington, PA 15301-4470. Donegal Township Road T-423 (May's Bridge) in Donegal Township, **Washington County**, Pittsburgh ACOE District (Latitude: 40° 05' 18"—Longitude: 80° 29' 15") (Claysville, PA Quadrangle N: 16.0 inches; W: 15.7 inches). The applicant proposes to rehabilitate and maintain the existing T-423 Waynesburg Road covered bridge (May's Bridge) having a normal span of 31.75 feet and an underclearance of 5.43 feet over an unnamed tributary to Middle Wheeling Creek (WWF). The span and underclearance of the bridge will not change. R-7 rock scour protection is proposed along the bridge abutments and wingwalls and at the outfall of an existing 16-inch diameter pipe outfall. The project will directly affect,

through R-7 scour protection, 50.0 linear feet of stream. No vegetated wetlands will be impacted.

To remove the existing structure and to construct and maintain a precast concrete arch bridge having a clear span of 24 feet and a maximum rise of 11 feet across a

tributary to Twelvemile Creek on SR 1008, Segment 0080, Offset 1458 approximately 0.6 mile east of SR 1006.

E27-074, Richard J. Luty Sr., 2385 Saxonburg Road, Cheswick, PA 15024 in Kingsley Township, Forest County, ACOE Pittsburgh District (Mayburg, PA Quadrangle N: 16.7 inches; W: 11.5 inches).

The applicant proposes to fill 0.22 acre of PEM/PSS wetland for the construction of a cabin with attached porch, privy and associated 1,000-gallon holding tank in Kingsley Township, Forest County approximately 0.4 mile east of the intersection of SR 666 and Bobbs Creek Road. Payment to the Wetland Replacement Project fund shall compensate for wetland impacts. The project proposes to directly affect 0.1 acre of wetlands and is in the Tionesta Creek watershed (CWF, perennial). The application is for an after-the-fact permit. The project has already been constructed.

E61-262, President Township, 186 Julius Drive, Oil City, PA 16301. T-537 Across Stewart Run in President Township, **Venango County**, ACOE Pittsburgh District (President, PA Quadrangle N: 18.1 inches; W: 5.8 inches).

To remove the existing superstructure and to install and maintain a steel beam bridge having a structure length of 39 feet and providing a clear span of 32 feet and an underclearance of 6.2 feet across Stewart Run (CWF) on T-537, approximately 2.4 miles west of SR 62.

E61-263, Department of Transportation, District 1-0, 255 Elm Street, P. O. Box 398, Oil City, PA 16301. SR 4009, Segment 0070, Offset 1678 Across East Branch Sugar Creek in Oakland Township, **Venango County**, ACOE Pittsburgh District (Dempseytown, PA Quadrangle N: 3.1 inches; W: 11.3 inches).

To remove the existing structure and to construct and maintain a prestressed concrete adjacent box beam bridge having a clear span of 82.34 feet and an underclearance of 13.8 feet on a 65° skew across East Branch Sugar Creek on SR 4009, Segment 0070, Offset 1678, approximately 2 miles south of the Village of Sunville.

ACTIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent for coverage under General Permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted Notices of Intent (NOI) for coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction

requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

The Department of Environmental Protection has taken the following actions on applications received under the Safe Drinking Water Act for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8 and the administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which dem-

onstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office after which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

09-0124B: Fairless Energy, LLC (USX Industrial Park, Fairless Hills, PA 19030) on September 11, 2003, to operate combined cycle combustion turbines in Falls Township, **Bucks County**.

46-0096: Georgia Pacific Corp. (600 Righters Ferry Road, Bala Cynwyd, PA 19004) on September 11, 2003, to operate a flexographic printer and gluer in Lower Merion Township, **Montgomery County**.

46-0213: Cremation Society of Pennsylvania (371 East Church Road, King of Prussia, PA 19406) on September 11, 2003, to operate a gas fired crematory in Upper Merion Township, **Montgomery County**.

46-0212: Metro Fiber System of Philadelphia, Inc. (630 Clark St., King of Prussia, PA 19406) on September 11, 2003, to operate of a 2,000 kW caterpillar 3516 generator in Upper Merion Township, **Montgomery County**.

15-0041: Eastern Shore Natural Gas Co. (604 Street Road, Cochranville, PA 19330) on September 12, 2003, to operate two natural gas internal engines in Londonderry Township, **Chester County**.

23-0001S: Sunoco, Inc.—R & M (Delaware Avenue and Green Street, Marcus Hook, PA 19061) on September 15, 2003, to operate a boiler and heater in Marcus Hook Borough, **Delaware County**.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110; Contact: Ronald Davis, New Source Review Chief, (717) 705-4702.

36-05117: Dart Container Corp. of PA (60 East Main Street, P. O. Box 546, Leola, PA 17540-0546) on August 24, 2003, to construct an expandable polystyrene container molding facility in East Lampeter Township, **Lancaster County**. This plan approval has been extended.

67-03058A: Coates Electrographics, Inc. (1160 A Fahs Street, York, PA 17404) on September 6, 2003, to install a new toner manufacturing system controlled by four fabric filter dust collectors at their facility in West Manchester Township, **York County**. This plan approval was extended.

Northcentral Region: Air Quality Program, 208 West Third Street, Williamsport, PA 17701; Contact: David Aldenderfer, Program Manager, (570) 327-3637.

8-318-027C: Mill's Pride—Pennsylvania (100 Lamoka Road, Sayre, PA 18840) on August 29, 2003, to extend the plan approval, as well as the authorization to operate two 28.7 million Btu per hour natural gas/woodwaste-fired boilers and associated air cleaning devices (a dual set of multiclones on each boiler in series with an electrostatic precipitator common to both) on a temporary basis, to December 27, 2003, in Athens Township, **Bradford County**. The boilers are subject to Subpart Dc of the Federal Standards of Performance for New Stationary Sources. The plan approval has been extended.

19-320-005: Press Enterprise, Inc. (3185 Lackawanna Avenue, Bloomsburg, PA 17815) on September 3, 2003, to extend the plan approval, as well as the authorization to operate an eight color heatset web offset lithographic printing press and associated air cleaning device (a regenerative thermal oxidizer) on a temporary basis, until January 1, 2004, in Scott Township, **Columbia County**. The plan approval has been extended.

8-317-006A: Leprino Foods Company (400 Leprino Avenue, Waverly, NY 14892) on September 11, 2003, to extend the plan approval, as well as the authorization to operate a whey drying system and associated air cleaning devices (two cyclone collectors, a spray power scrubber and a fabric collector) as well as a whey powder packaging system and associated air cleaning devices (six fabric collectors) on a temporary basis, until January 9, 2004, in South Waverly Borough, **Bradford County**.

47-303-003A: HRI, Inc. (P. O. Box 155, State College, PA 16801) on September 12, 2003, to extend the plan approval, as well as the authorization to operate a reprocessed oil-fired drum mix asphalt plant and associated air cleaning device (a fabric collector) on a temporary basis, until January 10, 2004, in Liberty Township, **Montour County**.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745; Contact: William Charlton, New Source Review Chief, (412) 442-4174.

63-00629A: Better Materials Corp. (Salem Place, Suite 340, 390 Route 22, Delmona, PA 15626) on September 3, 2003, to construct an asphalt plant in Somerset Township, **Washington County**. This plan approval was extended.

04-705A: Pittsburgh Coatings (8105 Perry Highway, Pittsburgh, PA 15237) on September 9, 2003, to construct a blast and surface coating plant in Ambridge Borough, **Beaver County**. This plan approval was extended.

Title V Operating Permits Issued under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, Lee Park, Suite 6010, 555 North Lane, Conshohocken, PA 19428; Contact: Edward Brown, Facilities Permitting Chief, (610) 832-6242.

23-00040: Laurel Pipeline Co., L. P. (3398 Garnet Mine Road, Bethel Township, Delaware County, PA 19061) on September 11, 2003, for an administrative amendment to the Title V Operating Permit at their Boothwyn Breakout Station in Bethel Township, **Delaware County**. The facility operates as a refined petroleum products transportation pipeline. The permit is being amended to incorporate changes approved under Plan Approval PA-23-0040A for storage tanks nos. 18 and 19. Plan Approval PA-23-0040A was issued to the facility for the modification of Operating Permit 23-312-054C to include VOC emissions associated with landing losses in floating-roof tanks. The revised Title V operating permit will contain additional monitoring, recordkeeping, reporting and work practice standards to keep the facility operating within all applicable air quality requirements.

The conditions that have been addressed in the amended Title V Permit are as follows:

- Section D, Source Level Requirements, Sources 118 and 119, Condition No. 001—Revised the condition to establish a total VOC emission limit of 17.5 tpy as a 12-month rolling sum, calculated monthly. This emission

limit includes 13.48 tpy as roof landing losses. The roof landing losses are not considered a net emission increase from the facility.

- Section D, Source Level Requirements, Sources 118 and 119, Condition No. 003—Omitted the throughput restrictions condition for these sources.

- Section D, Source Level Requirements, Section III. Monitoring Requirements, Sources 118 and 119—Revised the condition to monitor for the following information on a monthly basis:

- (i) The throughput from the tank, in gallons.

- (ii) The type and vapor pressure of the product stored and throughput.

- (iii) The total VOC emissions, calculated on a monthly basis.

- Section D, Source Level Requirements, Section IV. Recordkeeping Requirements, Sources 118 and 119—Revised the condition to maintain records for the following information on a monthly basis:

- (i) The throughput from the tank, in gallons.

- (ii) The type and vapor pressure of the product stored and throughput.

- (iii) The total VOC emissions, calculated on a monthly basis.

In addition, the permittee shall maintain detailed records of any inspection performed and any maintenance or repairs made as a result of those inspections.

- Section D, Source Level Requirement, Section VII. Additional Requirements, Sources 118 and 119—Added a condition describing the throughput capacity of each source in gallons (that is, 420,000 gallons for tank no. 18 and 3.36 million gallons for tank no. 19, respectively).

- Omitted all testing, monitoring, recordkeeping and additional requirements conditions regulated to 40 CFR 60, Subpart Kb—Standards of Performance for Volatile Organic Liquid Storage Vessels.

Administrative Amendment of Title V Operating Permit issued under the Air Pollution Control Act and 25 Pa. Code § 127.450.

46-00087: Gasboy International LLC (707 North Valley Forge Road, Lansdale, PA 19446) on September 11, 2003, in Lansdale Township, **Montgomery County**. The Title V Operating Permit was issued as an Administrative Amendment for a Change of Ownership of the facility formerly owned by Gasboy International Inc. The Administrative Amendment of the Title V Operating Permit was issued under the Air Pollution Control Act and 25 Pa. Code § 127.450. The amended Title V Operating Permit did not change and contains all of the applicable regulatory requirements including monitoring recordkeeping, reporting and emission limits. The initial permit was issued November 7, 2001.

46-00036: Visteon Systems LLC (2750 Morris Road, Lansdale, PA 19446) on September 12, 2003, in Worcester Township, **Montgomery County** for an administrative amendment to Title V Operating Permit 46-00036. The permit is being amended to incorporate changes approved under Plan Approvals PA-46-0036D (Wave Solder No. 12) and PA-46-0036E (Selective Solder No. 9). The facility's major emission points include seven Wave Solder machines, eight Selective Solder machines, a Coil Soldering-Servo machine, an In-Line Packaging machine and three Emergency Generators. The amended Title V operating permit will contain additional monitoring, recordkeeping,

reporting and work practice standards to keep the facility operating within all applicable air quality requirements and will include the following revisions:

a) Section D, Source Level Requirements, Emission Restrictions, 25 Pa. Code § 123.13—limit on particulate matter (lead) emissions in the effluent gas not to exceed 0.02 grain per dry standard cubic foot from either source.

b) Section D, Source Level Requirements, Emission Restrictions, 25 Pa. Code § 127.441—limit on total lead (particulate) emissions from Selective Solder No. 9 (Source ID: 143) not to exceed 0.00079 lb/hr or 0.0035 tpy in any 12 consecutive month period.

c) Section D, Source Level Requirements, Emission Restrictions, 25 Pa. Code § 127.441—limit on total lead (particulate) emissions from Wave Solder No. 12 (Source ID: 233) not to exceed 0.00553 lb/hr or 0.025 tpy in any 12 consecutive month period.

d) Section D, Source Level Requirements, Emission Restrictions, 25 Pa. Code § 127.441—limit on total VOCs emissions from Selective Solder No. 9 (Source ID: 143) not to exceed 0.54 lb/hr or 2.37 tpy in any 12 consecutive month period.

e) Section D, Source Level Requirements, Emission Restrictions, 25 Pa. Code § 127.441—limit on total VOCs emissions from Wave Solder No. 12 (Source ID: 233) not to exceed 1.57 lbs/hr or 6.88 tpy in any 12 consecutive month period.

f) Section D, Source Level Requirements, Monitoring and Recordkeeping Requirements, 25 Pa. Code § 127.441—monitoring and recordkeeping of the following parameters on a daily basis for both sources:

- Hours of operation.
- The number of units processed.
- The quantity of flux and solder used.
- Type of unit processed.

Note: The permittee shall determine the average hourly, daily and monthly emissions of VOCs and lead from both sources from the data previously listed.

g) Section D, Source Level Requirements, Recordkeeping Requirements, 25 Pa. Code § 127.441—the permittee shall maintain records of the following parameters:

- A Department-approved Material Safety Data Sheets (MSDS), Certified Product Data Sheets (CPDS) or an equivalent documents identifying the VOC content of the flux used in the soldering machine.
- MSDS, CPDS or an equivalent document identifying the lead content of the solder used in the soldering machine.
- A list identifying each type of unit processed in the soldering machine and the corresponding flux and solder usage rates, as approved by the Department.
- The method for determining whether a new product is similar to an existing product or is a new model type requiring development of the solder and flux usages as well as the date of determination.

Note: The permittee shall maintain records of the previous data for both sources onsite, in a format approved by the Department, for 5 years and shall them available upon request.

h) Section D, Source Level Requirements, Work Practice Standards, 25 Pa. Code § 127.441—the permittee shall calculate and record particulate (lead) and VOC

emissions by complying with the monitoring and recordkeeping requirements procedures established in the April 19, 2002, letter (Appendix).

i) Section D, Source Level Requirements, Work Practice Standards, 25 Pa. Code § 127.441—the permittee shall use either source for the manufacture of electronic circuits boards only.

09-0009: Webcraft LLC (4371 County Line Road, Chalfont Borough, Bucks County, PA 18914) September 15, 2003, for an administrative amendment to the Title V Operating Permit at their facility in New Britain Township, **Bucks County**. The facility is a direct mail printer that operates six heatset offset lithographic printing presses and one flexographic printing press. The permit is being amended to incorporate changes approved under Plan Approval PA-09-0009B for a web offset press (press no. 51) and a catalytic oxidizer. The revised Title V operating permit will contain additional monitoring, recordkeeping, reporting and work practice standards to keep the facility operating within all applicable air quality requirements.

The conditions that have been addressed in the amended Title V Permit are as follows:

Press No. 51 Conditions

1) Emission Restriction Conditions establishing VOC limits (2.07 lbs/hr and 9.08 tpy as a 12-month rolling sum) and NOx limits (0.6 lb/hr and 2.64 tpy as a 12-month rolling sum).

2) Testing Condition to demonstrate compliance with the VOC emission limit and the composition of all inks, solvents and wetting solutions and coatings through Certified Product Data Sheets, Material Safety Data Sheets and EPA Method 24 testing.

3) Testing Condition to determine the overall destruction and removal efficiency of pollutant emissions from the catalytic oxidizer stack prior to 1 year of the TVOP expiration date.

4) Monitoring and Recordkeeping conditions for the chemical composition of the inks, wetting solutions, cleanup solvents and the calculation VOC and NOx emissions from the solvent use on Press No. 51 and the catalytic oxidizer.

5) Monitoring and Recordkeeping conditions for the amount of fountain solution used, temperature and VOC percentage in the fountain solution used on Press No. 51.

6) Monitoring and Recordkeeping conditions for the natural gas usage for the Press No. 51 and the associated catalytic oxidizer.

7) Work Practice Standard Condition to ensure that all containers containing VOC containing cleanup materials are covered when not in use.

8) Work Practice Standard Condition for the press to be equipped with a Dual Dry III dryer, manufactured by MegTec.

Work Practice Standard Condition for the press to have a maximum of seven stations, a maximum web width of 38 inches and a maximum press speed of 1,600 feet per minute.

Quantum 6000 Oxidizer Conditions

Control Device Efficiency Restriction condition to ensure that the catalytic oxidizer will maintain a minimum VOC destruction efficiency of 95%.

Monitoring and recordkeeping conditions for the flow rate of the exhaust gases to the catalytic oxidizer on a continual basis when operating.

Monitoring and recordkeeping conditions for the temperature of the exhaust gases entering and exiting catalytic oxidizer on a continual basis when operating.

Monitoring and recordkeeping conditions for the fuel usage, in cubic feet, for the catalytic oxidizer and Press No. 51 (Source ID: 125).

Work Practice Standard condition to ensure no VOC laden exhaust stream will be introduced into the catalytic oxidizer until the temperature of the catalyst is 600°F. In addition, the facility must install temperature monitoring and recordkeeping devices to indicate the temperature of the gases to the inlet and outlet of the catalyst.

Work Practice Standard condition to ensure that flow rate to catalytic oxidizer shall not exceed 6,000 standard cubic feet per minute.

Work Practice Standard condition to ensure that the catalytic oxidizer shall be operated and maintained according to manufacturer's specifications and good air pollution practices.

9) Additional Requirement condition to ensure that the catalytic oxidizer controls the VOC emissions from Press No. 51 (Source ID: 125).

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may

be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Environmental Hearing Board (Board) through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free

pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law (35 P. S. §§ 691.1—691.702) and Notice of Final Action for Certification under section 401 of the FWPCA (33 U.S.C.A. § 1341).

All gas transmission lines shall be replaced beneath streambeds so there will be a minimum of 3 feet of cover between the top of the pipe and the lowest point in the streambed. Trench plugs or clay dikes shall be used at every waterway and wetland crossing to ensure the existing hydrology is not altered. If upon investigation the Department determines the gas transmission line approved by this permit is serving to degrade water quality, stream profile, meander pattern or channel geometries, then the permittee shall be required to implement all measures necessary to mitigate the degradation. This permit also authorizes the crossing of any wetland that may occur along the 29-mile pipeline right-of-way; during replacement and maintenance operations, the permittee shall take all precautions necessary to ensure that wetland impacts along the right-of-way are temporary. Since Beaver Run, Jack Dents Branch and tributaries thereof are wild trout fisheries, no pipeline maintenance work shall be conducted in or along a wild trout stream or its tributaries between October 1 and December 31 without prior written permission of the Fish and Boat Commission. LN-50 pipeline is in Brady, Goshen, Huston, Lawrence and Union Townships, Clearfield County.

E18-357. Noyes Township Supervisors, HCR 62 Box 218B, West Renovo, PA 17764. T-314 over Drury Run bridge rehabilitation in Noyes Township, **Clinton County**, ACOE Susquehanna River Basin District (Renovo West, PA Quadrangle N: 7.56 inches; W: 8.13 inches).

To place class A cement concrete under the downstream apron and wingwalls as well as place R-7 and R-4 rock at the outlet of the bridge along T-314 Gratzmar Road in Noyes Township, Clinton County. The project does not propose to affect the hydraulic opening of the bridge. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

E60-159. Joseph S. and Janet M. Cogley, 687 Federal Street, Paris, VA 20130. Novoka in Lewis Township, **Union County**, ACOE Baltimore District (Mifflinburg, PA Quadrangle N: 15.5 inches; W: 15.3 inches).

To: (1) maintain an existing 36-inch diameter by 19-foot long corrugated metal pipe culvert; and (2) construct and maintain a 69-foot by 50-foot single story private

residence in the left floodway of a side channel to the North Branch of Buffalo Creek with an average buffer between the elevated patio and the left creek bank of 14-foot 8-inches (Mifflinburg, PA Quadrangle N: 15.5 inches; W: 15.3 inches) in Lewis Township, Snyder County. This permit was issued under section 105.13(e) "Small Projects." This permit also includes 401 Water Quality Certification.

SPECIAL NOTICES

Requests for Certification under section 401 of the Federal Water Pollution Control Act

The following requests have been made to the Department of Environmental Protection (Department) for certification under section 401(a) of the Federal Water Pollution Control Act (33 U.S.C.A. § 341(a)), that there is reasonable assurance that the construction herein described will not violate applicable Federal and State water quality standards.

Prior to final approval of the proposed certification, consideration will be given to any comments/suggestions/objections which are submitted in writing within 30 days of the date of this notice. Comments should be submitted to the Department at the address indicated before request for certification. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments/objections are addressed and a concise statement of comments/objections/suggestions in sufficient detail to inform the Department of the exact basis of the proposal and the relevant facts upon which it is based. The Department may conduct a fact-finding hearing or an informal conference in response to any given comments if deemed necessary to resolve conflicts. Individuals will be notified in writing of the time and place of a scheduled hearing or conference concerning the certification request to which the protest relates. Maps, drawings and other data pertinent to the certification request are available for inspection and review at the address indicated before the request for certification between 8 a.m. and 4 p.m., working days.

Project Description/Location: This activity involves the discharge of supernatant from the USACE Fort Mifflin Confined Disposal Facility (CDF) into the Delaware Estuary—Zone 4. The supernatant will be generated through the disposal of approximately 4,300 cubic yards of sediment dredged from the Sunoco, Inc. (R & M) Girard Point Wharf facility at the Philadelphia Refinery in Philadelphia. A hydraulic dredge and pipeline will be used to move the sediment directly to the CDF.

Proposed Consent Decree

American Ash Recycling Facility, City of York and West Manchester Township, York County

The Department of Environmental Protection (Department), under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003) (act), has entered into a Proposed Consent Decree with American Ash Recycling Corp. of Pennsylvania, Inc. (AARPA), York Building Products Co., Inc. (YBP) and the York County Solid Waste and Refuse Authority (Authority) (Defendants) in *Department of Environmental Protection v. American Ash Recycling Corp. of Pennsylvania, et al.*, 608 M.D. 2003. The settlement concerns the stabilization and removal of a stockpile of treated ash aggregate located at a facility AARPA owns and operates at 1072 Roosevelt Avenue, York, PA (facility). At the facility, AARPA receives ash from municipal waste combustion (untreated MW ash) and processes and treats to produce an aggregate product (treated ash aggregate).

YBP is a corporation that owns the land on which AARPA operates its storage and processing facility. YBP has also purchased treated ash aggregate from AARPA. The Authority owns a waste-to-energy facility where the Authority recovers energy from the processing of municipal solid waste, which is then used to generate electric power. Untreated MW ash residue is a byproduct of the combustion and generation of electric power. Under written agreements between them, the Authority assigns, transfers title and delivers untreated MW ash residue to AARPA. AARPA, in turn, processes and treats the material to produce treated ash aggregate, which is an aggregate material suitable for various beneficial uses.

Currently, approximately 366,000 tons of treated ash aggregate are stored at the facility. In a Complaint in Equity filed in Commonwealth Court on September 9, 2003, the Department asserts the storage of treated ash aggregate at the facility is unlawful under the act.

Among other things, the Proposed Consent Decree requires the Defendants to remove at least 7,500 tons of treated ash aggregate from the stockpile each month, to stabilize the stockpile with hydro-pulping to prevent wind and water erosion, to entirely remove the stockpile by October 15, 2006, and to submit monthly reports documenting the amount of treated ash aggregate removed and its fate.

The Department and the Defendants have entered into the Proposed Consent Decree to expedite efficient remedial action and minimize prolonged litigation. The Proposed Consent Decree will be lodged with the Commonwealth Court in Harrisburg, PA during the 30-day comment period.

This notice is provided under section 616 of the act (35 P. S. § 6018.616) and is being published in the *Pennsylvania Bulletin* and *York Dispatch*. The Proposed Consent Decree is available for public review and comments and is maintained by the Department in its Southcentral Regional Office, 909 Elmerton Avenue, Harrisburg, PA 17110. Persons wishing to submit written comments may do so by sending them to John Krueger, Waste Management Program Manager, at the previous address.

The public comment period extends for 30 days from the date of publication in the *Pennsylvania Bulletin*. At the close of the public comment period, the Department will file responses to any significant comments received during the public comment period. The Department and Defendants will then file a Joint Motion to Enter the Consent Decree with Commonwealth Court, requesting that the Commonwealth Court approve the Consent Decree. The Consent Decree becomes final upon the Commonwealth Court's approval and entry of the Decree.

DEPARTMENT OF HEALTH

Chronic Renal Disease Program Eligibility Criteria

The Department of Health (Department) hereby provides notice of intent to apply the following eligibility criteria to the Department's program as follows, effective September 29, 2003.

Disease or Condition

Coverage is provided for both children and adults who have end-stage renal disease. A written physician's verification of the diagnosis of end-stage renal disease is required.

Income

All new applicants must have an annual income of 0% to 250% of the Federal Poverty Income Guidelines as

published by the United States Department of Health and Human Services (HHS) in the *Federal Register* and any revisions thereto (to the extent services are not covered by Medical Assistance). Current enrollees must meet the same eligibility criteria as new applicants at the time of renewal. A sliding fee scale will be applied to applicants with an annual income of 185% to 250% of the Federal Poverty Income Guidelines as published by the HHS in the *Federal Register* and any revisions thereto. Applicants must submit their most recent Federal 1040 tax return to verify annual income. If no Federal 1040 tax return was filed, other supporting documentation of annual income is required.

Resources

Verification of other health care resources, including other third party benefits such as Medical Assistance and insurance, is required.

Age

Children and adults of all ages are eligible for services.

Residency

Applicants must be United States citizens or legal aliens (admitted under the Immigration Reform and Control Act of 1986 (IRCA) or who qualify for refugee/asylum status) and Commonwealth residents for at least 90 consecutive days. Applicants who have not lived in this Commonwealth for 90 consecutive days will be considered residents for purposes of the Department if they can establish an intent to maintain a permanent home in this Commonwealth for the indefinite future. The following documentation must be submitted with the application and updated annually as necessary: birth certificate; naturalization papers or INS documents; and dated identification with a Commonwealth address and/or other verification, for example, public utility records and receipts, rent receipts, motor vehicle records, local tax records or completed and signed Federal or State income tax return with preprinted name and address.

Length of Eligibility

Eligibility is for a period of 1 year and will be re-evaluated annually.

Questions regarding this notice should be directed to Carolyn S. Cass, Director, Division of Child and Adult Health, Department of Health, P. O. Box 90, Harrisburg, PA 17108, (717) 783-5436. Persons with a disability may submit questions to Carolyn A. Cass in alternative formats, such as audiotape, Braille or TDD (717) 783-6514 or TT (800) 654-5984. Persons with a disability who require an alternative format of this document (for example, large print, audio tape or Braille) should contact Carolyn S. Cass to make the necessary arrangements.

Required Ground and Air Ambulance Equipment and Supplies

Under 28 Pa. Code §§ 1005.10(c) and 1007.7(c) (relating to licensure and general operating standards; and licensure and general operating requirements), the following equipment and supplies shall be carried and readily

available in working order for use on basic and advanced life support (ALS) ambulances, which also includes air (rotorcraft) ambulances.

A. Ground Ambulance Requirements

Ground Ambulances: Basic Life Support/ALS Mobile Care Unit /ALS Squad Unit

The ambulance must:

1. Meet the requirements of current Federal Specifications KKK 1822 in effect at the time of its manufacture regarding design type, floor plan, general configuration and exterior markings. (Does not apply to an ALS squad unit.)

2. Meet the Vehicle Code requirements, especially 67 Pa. Code Chapter 173 (relating to flashing or revolving lights on emergency and authorized vehicles), which includes:

a. Having red flashing or revolving exterior emergency lighting visible 360 degrees around the vehicle.

b. Flashing headlamp system.

c. No more than one flashing or revolving white or clear light.

d. A light bar assembly that may contain no more than two flashing or revolving white or clear lights.

e. Two amber lights other than the turn signal indicators.

3. Have the following emblems and markings:

a. The word "AMBULANCE," mirror imaged, shall be block, blue, die cut style letters, not less than 4" high, centered above the grill. The placement of the word "AMBULANCE" on the curved surface of the hood or on a flat plastic type bugs screen is permitted.

b. The word "AMBULANCE" shall be in block, blue, die cut style letters of not less than 6" in height centered, with a white border, alongside or under the "Star of Life" on each side and rear of the vehicle.

c. A "Star of Life" not less than 3", blue, die cut style, with a white border located both to the right and left of the word "AMBULANCE."

d. A "Star of Life" not less than 16", blue, die cut style, with a white border on the right and left side panels.

e. A "Star of Life" not less than 12", blue, die cut style, with a white border on each rear door.

f. A "Star of Life" not less than 32", blue, die cut style (may be without the white Staff of Aesculapius) on the ambulance rooftop.

Note: An ALS squad unit is required to have only 3" size "Stars of Life" and no other markings or emblems, but it must have the required number, that is, 6.

4. The name of the ambulance service or its fictitious name in letters at least 3" in size on both the right and left exterior sides of the vehicle. Service name must be the dominant lettering.

5. Be equipped with an audible warning device that is electronically operated.

6. Have overhead interior lighting that illuminates the entire top surface of the patient litter, stair well lighting and courtesy lights that must illuminate the ambulance's controls. (Does not apply to an ALS squad unit.)

7. Have a dual battery system. (Does not apply to an ALS squad unit.)

8. Have one fully charged fire extinguisher rated at least 2 A: 10 B: C easily accessible from the outside of the vehicle. The fire extinguisher must be intact with safety seal, inspected within the previous 12 calendar months and the appropriate and completed inspection tag attached.

9. Have a power supply to generate sufficient current to operate all accessories without excessive demand on the generating system.

10. Have a floor that is flat, reasonably unencumbered, free of equipment in the walk through areas, nonskid and well maintained. (Does not apply to an ALS squad unit.)

11. Have minimum interior dimensions of 60" from floor to ceiling. (Does not apply to an ALS squad unit.)

12. Have an installed patient partition to separate the patient area from the driver area. (Does not apply to an ALS squad unit.)

13. Have storage cabinets with sliding doors or with latches to ensure against opening during vehicle movement. (Does not apply to an ALS squad unit.) Bulky items such as portable radios and AEDs must be secured to prevent them from becoming projectiles. Equipment on an ALS squad unit must be in cabinets or secured down with straps.

14. Have two IV hangers mounted flush with the ceiling. (Does not apply to an ALS squad unit.)

15. Have a litter for transporting a patient and at least three patient restraint straps in good operating condition secured to the litter. (Does not apply to an ALS squad unit.)

16. Have doors that function properly with door seals that are in good condition; that is, not cracked, broken or missing pieces.

17. Have a "No Smoking" sign in both the driver and the patient compartment. On an ALS squad unit, only one sign in the driver's compartment is required.

18. Have operational heating, cooling and ventilation equipment.

19. Have a current vehicle inspection validation issued by the State where the vehicle is registered.

20. Have operational radio equipment for communication with a public safety answering point (PSAP) and hospitals in the ambulance service's emergency service areas. A cellular phone may be used as a backup means of communication.

21. Have an installed, onboard oxygen system with the following (does not apply to an ALS squad unit):

a. At least 122 cubic feet supply of oxygen in a cylinder that is secured to provide maximum safety for patients and personnel. The securing brackets must be mounted to the vehicle frame. Services may use a liquid oxygen system that provides the same volume.

b. The cylinder must have more than 500 psi (500 liters of oxygen) of pressure at all times.

c. The unit must be equipped with a reducing valve (from 2,000 psi to 50 psi line pressure).

d. The unit must be equipped with one flow meter with a range of 0—25 lpm delivery.

e. The unit must be equipped with a nonbreakable humidifier and, if attached, must not have water in it when not in use.

22. Have an installed, onboard suctioning system with the following components and/or capabilities (does not apply to an ALS squad unit):

- a. It is fitted with a large bore, nonkinking tubing with a lumen of at least 7 mm.
- b. It has power enough to provide within 4 seconds a vacuum of over 300 mm/Hg or 11.8 inches of water when the tube is clamped.
- c. It is controllable for use on children and intubated patients. The vacuum gauge, when attached to the tubing, must be adjustable to the amount of vacuum to ensure that the unit can maintain vacuum levels without requiring continuous increase in control.
- d. It is equipped with a lateral opening between the suction tube and the suction source.
- e. The tubing must be able to reach airways of patients regardless of the patient's position in the ambulance and must be able to reach the head and foot of the litter.

23. Must show proof of current motor vehicle insurance.

B. Air (Rotorcraft) Ambulance Requirements

The following will apply to all air ambulances. The air ambulance must have:

- 1. The name of the air ambulance service or its registered fictitious name prominently displayed on its exterior.
- 2. Exterior lighting that illuminates the tail rotor and includes a controllable searchlight able to rotate 180 degrees.
- 3. An "Air Worthiness Certificate" from the Federal Aviation Administration (FAA).
- 4. A patient litter capable of carrying one adult in the supine position and capable of being secured according to FAA requirements.
- 5. Have an FAA Form 337 with items no. 1 (which identifies the aircraft), no. 2 (which identifies the aircraft owner) and no. 7 (which shows that the aircraft is approved to "return to service") completed and signed by the appropriate FAA official.
- 6. Climate controls for maintaining an ambient cabin temperature of between 65—85 degrees during flight.

7. Sufficient interior lighting to allow for close observation of patients.

8. A pilot partition to prevent patient interference with flight controls.

9. A barrier or an FAA approved mechanism for securing a patient's chest, pelvis, legs, wrist and ankles.

10. A 110-volt electrical outlet for each patient transported and a backup power supply.

11. Two-way radio communications for the pilot to be able to communicate with hospitals, PSAPs and ground ambulances.

12. At least three headsets to allow for voice communication among the crew when the aircraft is operating and noise levels prevent normal conversation.

13. One fully charged fire extinguisher rated at least 5 B: C. The fire extinguisher must be intact with safety seal and have been inspected within the previous 12 calendar months and have the appropriate inspection tag attached.

14. Installed, onboard suctioning equipment that meets the same requirements as a transporting ground ambulance. (See requirements under Ground Ambulances.)

15. An onboard oxygen system with the following:

- a. A cylinder with a capacity of 1,200 liters.
- b. The cylinder must have at least 1,650 psi at time of inspection.
- c. If a liquid oxygen system is used, manufacturer documentation must be provided that the system has at least a 1,200-liter capacity and that at least a 1-hour oxygen delivery capacity at 25 lpm per patient is available.
- d. A flow meter with a range of 0—25 lpm delivery.

C. Required Equipment and Supplies

Approved equipment and supplies shall be carried and readily available in working order for use on both ground and air ambulances. Some patients and crewmembers of an ambulance service may have allergies to latex. Latex free supplies are recommended, where possible. The following equipment and supplies must be carried on each ground and air ambulance, as indicated:

Public Utility Realty Tax Act Surcharge Rates for the Tax Year Beginning January 1, 2004

The Secretary of Revenue is required under 72 P. S. § 8111-A(d) to publish the rate of the Public Utility Realty Tax Act (PURTA) surcharge in the form of a notice in the *Pennsylvania Bulletin* by October 1, 2003, and by each October 1 thereafter. The tax rate established in 72 P. S. § 8111-A(d) shall be imposed upon gross receipts taxes as provided in 72 P. S. § 8111-A(d) for the period beginning the next January 1.

The result of the PURTA surcharge calculation provided in 72 P. S. § 8111-A for the tax year beginning January 1, 2004, is zero mills. Therefore, no PURTA surcharge under 72 P. S. § 8111-A(d) will be imposed for the taxable period beginning January 1, 2004.

FISH AND BOAT COMMISSION

Triploid Grass Carp Permit Application

Under 58 Pa. Code § 71.7 (relating to triploid grass carp), the Fish and Boat Commission (Commission) may issue permits to stock triploid grass carp in Commonwealth waters. Triploid grass carp are sterile fish that may, in appropriate circumstances, help control aquatic vegetation. The Commission has determined, consistent with 58 Pa. Code § 71.7(e)(3), to seek public input with respect to any proposed stockings of triploid grass carp in waters having a surface area of more than 5 acres.

Interested persons are invited to submit written comments, objections or suggestions concerning the notice to the Executive Director, Fish and Boat Commission, P. O. Box 67000, Harrisburg, PA 17106-7000 within 10 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted. Comments

also may be submitted electronically to ra-pfbcregs@state.pa.us. A subject heading of the proposal and a return name and address must be included in each transmission. In addition, electronic comments must be contained in the text of the transmission, not in an attachment. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt.

The following application to stock triploid grass carp in waters having a surface area of more than 5 acres is currently undergoing staff review:

INDEPENDENT REGULATORY REVIEW COMMISSION

Actions Taken by the Commission

The Independent Regulatory Review Commission met publicly at 10:30 a.m., Friday, September 12, 2003, and announced the following:

Regulations Deemed Approved under section 5(g) of the Regulatory Review Act—Effective September 11, 2003

Municipal Police Officers' Education and Training Commission #17-63: Administration of the Training Program (amends 37 Pa. Code Chapter 203)

Regulations Approved

Environmental Quality Board #7-362B: Stream Redesignations, Little Bush Kill, et al. (amends 25 Pa. Code Chapter 93)

Environmental Quality Board #7-371: Architectural and Industrial Maintenance Coatings (amends 25 Pa. Code Chapter 130)

Approval Order

Public Meeting held

Commissioners Voting: John R. McGinley, Jr., Esq., Chairperson; Alvin C. Bush, Vice Chairperson, by phone; Daniel F. Clark, Esq.; Arthur Coccodrilli

Environmental Quality Board—Stream Redesignations, Little Bush Kill, et al.; Regulation No. 7-362B

On April 23, 2001, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (EQB). This rulemaking amends 25 Pa. Code Chapter 93. The proposed regulation was published in the May 5, 2001, *Pennsylvania Bulletin* with a 45-day public comment period. During the public comment period, the EQB received requests to hold a public hearing on the Browns Run redesignations. As a result, the EQB held a public hearing on September 4, 2001. Also, on July 21, 2001, the

EQB reopened the public comment period until September 11, 2001. The final-form regulation was submitted to the Commission on August 6, 2003.

This final-form regulation changes the designation of four segments of Browns Run from Cold Water Fishes to Exceptional Value. The redesignations affect approximately 25 stream miles.

We have determined this regulation is consistent with the statutory authority of the EQB (35 P. S. § 691.5, et seq.) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Environmental Quality Board—Architectural and Industrial Maintenance Coatings; Regulation No. 7-371

On November 29, 2001, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board (Board). This rulemaking amends 25 Pa. Code Chapter 130. The proposed regulation was published in the December 15, 2001, *Pennsylvania Bulletin* with a 69-day public comment period. The final-form regulation was submitted to the Commission on August 6, 2003.

This rulemaking adopts volatile organic compound standards for 48 types of architectural and industrial maintenance coatings. These limits, more restrictive than the Federal limits that were adopted in 1998, are intended to attain and maintain the health-related ozone standard in this Commonwealth with other member states of the Ozone Transport Region.

We have determined this regulation is consistent with the statutory authority of the Board (35 P. S. § 4005) and the intention of the General Assembly. Having considered

all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

Blue Cross of Northeastern Pennsylvania and Highmark Blue Shield; Rate Increase for Nongroup Major Medical; Rate Filing No. 753-MMNG-1/1/04

Blue Cross of Northeastern Pennsylvania and Highmark Blue Shield submitted a filing requesting the Insurance Department's (Department) approval to increase the approved monthly rates by 20.65% for the Major Medical Nongroup Program for an effective date of January 1, 2004. Included in this filing are proposed benefit changes which include splitting the current \$500 deductible into \$250 deductible for medical services and \$250 for Rx coverage with a three-tier copay structure (retail: \$10 generic/\$25 brand formulary/\$45 nonformulary, mail services: \$20/\$60/\$135) after the deductible is met. The plans have proposed removal of home health care, home infusion, skilled nursing facility care, private duty nursing care, respiratory therapy, pulmonary therapy and hospital inpatient care. In addition, the number of visits for physical therapy (20 visits), chiropractic care (20 visits), speech therapy (12 visits) and occupational therapy (12 visits) will be limited to the number of visits per calendar year as indicated. Currently, there is no limit on medically necessary therapy visits. The revised agreement will now only cover abortion services to avert the death of the mother or terminate pregnancies caused by rape or incest.

The 2004 rate filing for Nongroup Basic Blue Cross included a proposal to increase inpatient coverage from 60 days to 365 days and skilled nursing facility coverage of 60 days per calendar year. Also in this nongroup Basic Blue Cross filing, the number of the respiratory and pulmonary therapies visits will change from unlimited to 18 visits per calendar year. However, the requirement that the visits be within 90 days following an inpatient admission has been eliminated. The revised agreement will now only cover abortion services to avert the death of the mother or terminate pregnancies caused by rape or incest.

The filing will impact approximately 5,356 policyholders and will generate estimated additional revenue of \$2.14 million.

Copies of the filing will be available for public inspection, by appointment, during normal working hours at the Department's regional offices in Harrisburg.

Interested parties are invited to submit written comments, suggestions or objections to Bharat Patel, Actuary, Life & Health Actuaries, Insurance Department, 1311 Strawberry Square, Harrisburg, PA 17120 within 30 days after the publication of this notice in the *Pennsylvania Bulletin*.
