READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CH. 1910]

Amendments to the Rules of Civil Procedure Relating to Domestic Relations; No. 422 Civil Procedural Rules; Doc. No. 5

Order

Per Curiam:

And Now, this 9th day of November, 2004, Pennsylvania Rules of Civil Procedure 1910.16-2, 1910.16-4 and 1910.16-6 are amended as follows.

This order shall be processed in accordance with Pa.R.J.A. 103(b) and shall be effective immediately.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.16-2. Support Guidelines. Calculation of Net Income.

The amount of support to be awarded is based in large part upon the parties' monthly net income.

(a) *Monthly Gross Income.* Monthly gross income is ordinarily based upon at least a six month average of all of a party's income. The term "income" is defined by the support law, 23 Pa.C.S. § 4302, and includes income from any source. The statute lists many types of income including, but not limited to:

* * * * *

(6) [social security] Social Security disability benefits, [social security] Social Security retirement benefits, temporary and permanent disability benefits, workers' compensation and unemployment compensation:

* * * * *

(b) *Treatment of Public Assistance, SSI Benefits and Social Security Payments to a Child Due to a Parent's Death, Disability or Retirement.*

* * * * *

(2) If a child for whom support is sought is receiving [social security retirement or disability derivative] Social Security benefits as a result of a parent's [age] retirement, death or disability, the benefits the child receives shall be added to the combined monthly net incomes of the obligor and obligee to calculate the income available for support on the vertical axis of the basic child support schedule set forth in Rule 1910.16-3. The presumptive amount of support as set forth on the schedule at the combined income of the obligee, obligor and child's benefits shall then be reduced by the amount of the child's [social security or derivative] benefits before apportioning the remaining support obligation between the parties pursuant to Rule 1910.16-4. For purposes of determining the support obligation of a surviving parent when the child is receiving benefits as the

result of the other parent's death, the income of a non-parent obligee who is caring for a child but has no support obligation to that child shall include only those funds the obligee is receiving on behalf of the child.

Example 1. If the obligor has net monthly income of \$1200 per month; the obligee has net monthly income of \$800; and the child receives [social security] Social Security derivative benefits of \$300 per month as a result of either the obligor's or obligee's retirement or disability, then the total combined monthly net income is \$2,300. Using the schedule at Rule 1910.16-3 for one child, the amount of support is \$539 per month. From that amount, subtract the amount the child is receiving in [social security] Social Security derivative benefits (\$539 minus \$300 equals \$239). Then, apply the formula at Rule 1910.16-4 to apportion the remaining child support amount of \$239 between the obligor and the obligee in proportion to their respective incomes. Obligor's \$1200 net income per month is 60% of the total of obligor's and obligee's combined net monthly income. Thus, obligor's support obligation would be 60% of \$239, or \$143.40, per month.

Example 2. Two children live with grandmother who receives \$400 per month in Social Security death benefits for the children as a result of their father's death. Grandmother also receives \$500 per month from a trust established by father for the benefit of the children. Grandmother is employed and earns \$2,000 net per month. Grandmother seeks support from the children's mother, who earns \$1,500 net per month. For purposes of calculating mother's support obligation, grandmother's income will be \$500, the amount she receives on behalf of the children from the trust. Therefore, obligee's and obligor's combined net monthly incomes total \$2,000. Add to that the \$400 in Social Security benefits grandmother receives for the children to find the basic child support amount in Rule 1910.16-3. The basic support amount at the \$2,400 income level for two children is \$811. Subtracting from that amount the \$400 in Social Security derivative benefits grandmother receives for the children, results in a basic support amount of \$411 to be apportioned between the parties. As mother's income is 75% of the parties' combined income of \$2000, her support obligation to grandmother is \$308 per month.

* * * * *

Rule 1910.16-4. Support Guidelines. Calculation of Support Obligation, Formula.

(a) The following formula shall be used to calculate the obligor's share of the basic guideline child support, spousal support and/or alimony pendente lite obligation:

PART I. BASIC CHILD SUPPORT

OBLIGOR OBLIGEE

* * * * *

6. Plus Child's Monthly Social Security [Retirement or Disability] Derivative Benefit, [_____] if any. (See Rule 1910.16-2(b)(2))

* * * * *

8. PRELIMINARY BASIC CHILD SUPPORT OBLIGATION (determine from Schedule at Rule 1910.16-3 based on number of children and line 7 adjusted combined monthly net income)	[____]
9. Less Child's Monthly Social Security [Retirement or Disability] Derivative Benefit	[____]
10. BASIC CHILD SUPPORT OBLIGATION	[____]
* * * * *	

Rule 1910.16-6. Support Guidelines. Adjustments to the Basic Support Obligation.

(a) *Child care expenses.* Reasonable child care expenses paid by the custodial parent, if necessary to maintain employment or appropriate education in pursuit of income, are the responsibility of both parents. These expenses shall be allocated between the parties in proportion to their net incomes and obligor's share added to his or her basic support obligation. When the custodial parent is receiving a child care subsidy through the Department of Public Welfare, the expenses to be allocated between the parties shall be the full unsubsidized cost of the child care, not just the amount actually paid by the custodial parent. However, if allocation of the unsubsidized amount would result in a support order that is overly burdensome to the obligor, deviation pursuant to Rule 1910.16-5 may be warranted.

(1) Except as provided in subsection (2), the total child care expenses shall be reduced [**by 25%**] to reflect the **amount of the** federal child care tax credit available to the custodial parent, whether or not the credit is actually claimed by that parent, up to [**a**] the maximum annual cost [**of \$2, 400 per year for one child and \$4,800 per year for two or more children**] allowable under the Internal Revenue Code. [**For example, where the custodial parent incurs \$7,000 per year of reasonable child care expenses for two children, the net child care expenses subject to allocation between the parties is calculated as follows. Multiply the first \$4,800 of these expenses by .75 - \$3,600. Add the remaining child care expenses of \$2,200 to this amount for a total of \$5,800. Divide this amount by 12 months for a total of \$483 per month of net child care expenses that are subject to allocation between the parties in proportion to their net incomes.**]

(2) The federal child care tax credit shall not be used to reduce the child care expenses subject to allocation between the parties if the custodial [**parent's gross income (before considering any support) falls below \$1,200 per month for one child, \$1,600 per month for two children, \$1,800 per month for three children, \$2,000 per month for four children, \$2,300 per month for five children and \$2,500 per month for six children**] parent is not qualified to receive the credit.

* * * * *

Explanatory Comment—2004

Subdivision (a), relating to the federal child care tax credit, has been amended to reflect recent amendments to

the Internal Revenue Code. 26 U.S.C.A. § 21. By referring to the tax code in general, rather than incorporating current code provisions in the rule, any further amendments will be incorporated into the support calculation.

A pre-trial conference will be scheduled by the Judge assigned to the case whenever a trial de novo is demanded. A Court Order will be sent to the parties advising them of the date and time for the pre-trial conference, as well as the issues to be addressed. The purpose of the pre-trial conference is to identify issues which will be the focus of the trial, to determine the time required for trial, address other pre-trial matters such as discovery requests and exchanges of expert reports, set the date for a trial and discuss other relevant matters, including settlement of the action.

A trial before the Court shall comport with the requirements for conducting nonjury trials, and the parties shall adhere to established trial procedure and the rules of evidence.

Rule 1915.30 Pre-trial Conference

The attorneys of record, or party if there is no attorney of record, shall be prepared to discuss the following:

(a) Whether any agreement can be reached regarding custody, partial custody and visitation of the child or children;

(b) The relative positions of the parties concerning custody, partial custody and visitation of the minor child or children;

(c) The witnesses each party intends to call to testify at the time of trial and their anticipated testimony;

(d) The expert witnesses each party intends to call to testify at the time of trial and their anticipated testimony and any reports prepared by said witnesses;

(e) A list of exhibits that each party intends to introduce at the time of trial;

(f) An estimation of the length of time the trial is expected to take;

(g) Any special legal issues which any party believes are relevant to the determination of custody, partial custody or visitation; and

(h) Whether an expedited trial is required due to the special circumstances of the case.

Rule 1915.31 Notice of Disposition by Court

The Prothonotary shall give notice to all counsel of record and to parties without counsel of record of all final Court Orders entered.

Rule 1915.32 Appendix

Any Order for custody, partial custody or visitation entered by the Court, either by stipulation or after hearing held, shall have affixed to it an appendix that shall be made a part of the Court Order. The appendix shall be substantially in the following form:

APPENDIX TO ORDER

Certain rules of conduct which generally apply to custody matters are set forth below and are binding on both parties, the breach of which could become the subject of contempt proceedings before this Court, or could constitute grounds for modification of this Order. If these general rules conflict with any specific provisions of the Order, the Order shall prevail.

1. In addition to the foregoing rights, both parties shall also have the following rights with respect to the children:

A. The right to reasonable telephone contact with the children when they are in the other parent's custody.

B. The right to be fully informed concerning the progress of the children in school and the children's medical status, including the right to obtain the necessary information directly from the children's school or medical practitioner; and

C. The right to be informed in advance before any important decisions are made concerning the children and the opportunity to participate in those decisions.

2. In the event of any serious illness of the children at any time, any party then having custody of the children shall immediately communicate with the other party by telephone or by any other means, informing the other party as to the nature of such illness, and during such illness, each party shall have the right to visit the children as he or she desires consistent with the proper medical care of the children.

3. Neither party shall alienate nor permit to attempt to alienate the children from the other party. While in the presence of the children neither parent shall make any remarks or do anything which is derogatory or uncomplimentary to the other and it shall be the duty of each parent to uphold the other parent as one the children should respect and love.

4. Both parties shall provide each other with their addresses and telephone numbers of their residences and anytime they take a trip with the children out of the jurisdiction of Berks County in excess of three (3) days.

5. The parties shall not conduct arguments or heated conversation when they are together in the presence of their children.

6. The parties shall at all times consider the children's best interests, and act accordingly. It is in a child's best interest to understand that he or she is trying to desperately cope with the fact of his or her parents' separation, and needs help in loving both parents, rather than interference or censure.

7. Neither party shall question the children as to the personal lives of the other parent except insofar as necessary to insure the personal safety of the children. By this we mean that the children will not be used as spies on the other party. It is harmful to a child to be put in the role of spy.

8. The parties should remember that they cannot teach their children proper moral conduct by indulging in improper conduct themselves. Children are quick to recognize hypocrisy, and the parent who maintains a double standard will lose the respect of his or her child.

9. Weekend and evening visitation shall be subject to:

A. Arrangements will be worked out beforehand between the parties without forcing the children to make choices and run the risk of parental displeasure. However, the children shall be consulted as to their schedules when appropriate.

B. Visitation rights shall be exercised at reasonable hours and under circumstances reasonably acceptable to the other party and to the need and desire of the minor children.

C. If a party finds himself or herself unable to keep an appointment, he or she should give immediate notice to the other party, so as to avoid subjecting the children to unnecessary apprehension and failure of expectations.

D. The party having custody of the children should prepare them both physically and mentally for the transfer of custody to the other party and have them available at the time and place mutually agreed upon.

E. If either party or a child has plans which conflict with a scheduled visit and wish to change such visitation, the parties should make arrangements for an adjustment acceptable to the schedules of every one involved. Pre-determined schedules are not written in stone, and both parties should be flexible for the sake of the children.

F. If a party shows up for a visit under the influence of alcohol or drugs, the visit may be considered forfeited on those grounds alone.

10. If either party feels the other party has violated this Order, they may petition the Court as set forth in Pa.R.C.P. 1915.12.

Rule 1915.33 Continuance Requests

Continuance requests for custody conferences before the Custody Master shall be faxed to the Custody Office in the form of a letter. The request shall include the docket number, the names of the parties, the date of the conference, the reason for the requested continuance, and an indication of whether or not the opposing party is in agreement with the request. The Custody Office shall notify the requesting party whether or not the request has been granted.

The filing party shall certify the existence or non-existence of any former proceeding between the parties including the caption and term number thereof, and the nature of such prior proceeding on the Confidential Family Court Cover Sheet.

Rule 1920.31(a)(2) Sanctions

(A) The court may after reasonable notice enter an appropriate order if a party fails to file a timely income and expense statement and related papers required under Pa.R.C.P. 1920.31 or a sufficient inventory and appraisal required under Pa.R.C.P. 1920.33 including:

(ii) An order striking out pleadings, claims or parts thereof, or staying further proceedings until the order is obeyed, or entering a judgment of non pros or by default against the noncomplying party.

(iii) An order imposing punishment for contempt.

(v) Such other order as it deems just under the circumstances.

(B) If, following the refusal, objection or failure of a party to comply with any provision of this rule, the court, after opportunity for hearing, enters an order compelling compliance and the order is not obeyed, the court, in a

subsequent motion for sanctions, may, if the motion is granted, require the noncomplying party or attorney advising such conduct or both of them to pay to the moving party the reasonable expenses, including attorneys' fees, incurred in obtaining the order of compliance and the order for sanctions, unless the court finds that the opposition to the motion was substantially justified or that other circumstances make an award of expenses unjust.

(i) If the motion for sanctions is denied, the court may, after opportunity for hearing, require the moving party or the attorney advising the motion or both of them to pay the reasonable expenses incurred in opposing the motion, including attorneys' fees, unless the court finds that the making of the motion was substantially justified or that other circumstances make an award of expenses unjust.

(ii) If the motion for sanctions is granted in part and denied in part, the court may apportion the reasonable expenses incurred in relation to the motion among the parties and persons.

(C) If the filing of a motion or making of an application is for the purpose of delay or in bad faith, the court may impose on the party making the motion or application, the reasonable costs, including attorneys' fees, actually incurred by the opposing party by reason of such delay or bad faith. The court may further order that a party upon whom such costs have been imposed may neither (1) take any further steps in the suit without prior leave of court so long as such costs remain unpaid, nor (2) recover such costs if ultimately successful in the action.

(D) The filing of interrogatories or answers thereof or any other discovery allowed by the court shall not relieve a party from the filing of the documents required by Pa.R.C.P. 1920.31 and 1920.33.

Rule 1920.31(b) Disposition of Alimony Pendente Lite, Child Support and Paternity Claims

RULES AND REGULATIONS

Title 37—LAW

STATE POLICE

[37 PA. CODE CH. 23]

Administration of the Bureau of Liquor Control Enforcement Age Compliance Check Program

The State Police is adding Chapter 23 (relating to administration of the Bureau of Liquor Control Enforcement Age Compliance Check program) to read as set forth in Annex A.

As a requirement of section 1 of the act of December 3, 2002 (P.L. 1144, No. 141) (Act 141), this final-form rulemaking is necessary for the general administration of the age compliance program. The effective date of Act 141 was February 1, 2003. This final-form rulemaking prescribes the manner in which compliance checks are to be performed and requires officers, employees and interns of the Bureau of Liquor Control Enforcement (Bureau) to undergo approved training prior to participation in a compliance check.

Statutory Authority

This final-form rulemaking is authorized by Act 141.

Effect

This final-form rulemaking will affect the Bureau and establishments licensed to serve alcoholic beverages

Effective Date/Sunset Date

This rulemaking will go into effect upon final-form publication in the *Pennsylvania Bulletin*. The regulations will sunset when Act 141 sunsets on December 31, 2007.

Comments and Responses

The State Police did not receive any comments from the Senate Committee on Law and Justice. The State Police received the following comments from the House Judiciary Committee.

1. The Committee suggested that the training curriculum for underage buyers include a segment on alcohol abuse. The State Police accepted this suggestion and included § 23.21(b)(1)(v) (relating to required training) to require that training.

2. The Committee noted its concern with language found in § 23.22(a) (relating to age compliance schedule) which stated that age compliance checks would be conducted with no less than one Bureau officer and one underage buyer. The Committee suggested that the language be amended to read "no less than one Bureau officer for each underage buyer." The State Police adopted that suggestion and revised § 23.22(a) accordingly.

3. The Committee was concerned with the language found in proposed § 23.22(e) which stated that the Bureau officer "will endeavor to maintain visual contact with the underage buyer." The Committee felt the phrase "will endeavor" did not set a sufficiently clear standard and suggested the subsection be amended to provide that the Bureau officer "shall maintain" visual contact with the underage buyer. The State Police did not make the suggested revision because the crowded bar environment and the necessity of effective undercover operations make it impractical for a Bureau officer to maintain a "visual lock" on the underage buyer at all times. In a crowded

bar, it would not be uncommon for the Bureau officer to lose temporary visual contact as the underage buyer moves through the bar or the officer occasionally scans the crowd under normal undercover procedure. In response to the Committee's comment, the State Police has eliminated the requirement that Bureau officers endeavor to maintain contact. Instead, the State Police will enact undercover operating procedures to address this situation.

4. The Committee expressed some concerns about proposed § 23.22(j), which related to notifying the licensed premises of the compliance check results. First, the Committee recommended that the actual licensee be notified; second, that the Bureau officer who supervised the underage buyer be responsible for providing the notification; third, that written notification of compliance be made within 10 working days of the age compliance check program. With respect to the Committee's first point, the State Police believes there would be innumerable problems associated with notifying the actual licensee of the compliance check results. A liquor license can be held by an individual, a partnership or a corporation. Moreover, a management corporation can be placed under contract by the "licensee" to operate the premises; this is common practice with franchises and bars located in major hotels. In response to the Committee's concern, the State Police has provided in § 23.23 (relating to notification of results of age compliance check), that the notification will be made to the Board-approved manager or person in charge of the licensed premises. This is consistent with Liquor Control Board (Board) regulations that require a bar to have a full-time manager. See 40 Pa. Code §§ 5.16, 5.17 and 5.23 (relating to appointment of managers, distributor or importing distributor licensees; appointment of manager; and appointment of managers). With respect to the Committee's second point, the final-form rulemaking has been amended to provide that a Bureau officer will make the required notification; however, that notification does not need to be made by the same officer who supervised the underage buyer during the compliance check. The Bureau may want to use the same undercover officer to conduct additional compliance checks in that bar or to supervise the underage buyer in more than one establishment on any given day. For that reason, the State Police has chosen to retain the flexibility of using another Bureau officer to make the required notification. The State Police has accepted the Committee's recommendation that written notification of compliance be provided within 10 working days; that requirement is now contained in § 23.23(b).

The State Police received the following comments from the Independent Regulatory Review Commission (IRRC):

1. IRRC incorporated comments and concerns raised by the House Judiciary Committee. The State Police has responded to those comments as previously outlined.

2. IRRC commented that the definition of "compliance" should include references to the statutes with which the licensee needs to comply. This final-form rulemaking has been amended to include a reference to section 493(1) of the Liquor Code (47 P.S. § 4-493(1)) (Code). IRRC also questioned whether the final-form rulemaking needs to include a definition of the terms "sale or sell." The State Police decided to retain the definition of "sale or sell" to be consistent with the Code, which contains such a definition.

3. IRRC recommended including a provision specifying how the State Police will determine if required training has been completed. The State Police does not believe the provision is necessary with respect to Bureau officers who cannot become Bureau officers until they have successfully completed a 13—15 week resident training course at the State Police Academy (Academy). With respect to the training required of underage buyers, § 23.21(b)(2) of the final-form rulemaking requires underage buyers to pass an examination administered by the Bureau.

4. Section 23.22(a) of the proposed rulemaking required an age compliance check to be performed with “at least one Bureau officer and one underage buyer.” IRRC asked in what situations there would not be a one-to-one ratio. Based on comments received from the House Judiciary Committee, the final-form rulemaking provides that the age compliance check shall be conducted with at least one Bureau officer for each underage buyer.

5. IRRC expressed three concerns regarding the notice procedures and requirements contained in proposed § 23.22(j). First, IRRC noted that subsections (a)—(i) addressed how compliance checks would be implemented and that subsection (j) addressed notification requirements after the compliance check was completed. IRRC recommended that subsection (j) be separated from § 23.22 and assigned its own section. The State Police has adopted IRRC’s suggestion and moved the notification procedures to § 23.23. Second, IRRC noted that the proposed rulemaking states that notification of the results of the age compliance check would be given to the licensed premises. IRRC suggested that the final-form rulemaking should direct the Bureau officer to give written notice of the results of the compliance check to an individual such as a manager or person in charge of the premises. The State Police agrees. Section 23.23 of the final-form rulemaking states that notification will be made to the Board-approved manager or person in charge of the licensed premises. The final-form rulemaking also includes a definition of the term “Board-approved manager.” Finally, IRRC suggested that the final-form rulemaking should specify the date, time and any other information, if available, that would assist the licensee and its employees in complying with the law. In response to this suggestion, the State Police has added § 23.23(c), which requires the verbal and written notification to include the date and time of the compliance check as well as the name of the server if known.

6. IRRC suggested amending the preamble to include an expiration date of December 31, 2007, to be consistent with Act 141, which will sunset on that date. The State Police made the suggested revision.

7. IRRC pointed out that the proposed rulemaking incorrectly refers to the Liquor Code as 43 P. S. IRRC also suggested that the regulation refer to specific sections of the Liquor Code and the Crimes Code that will be addressed in training for underage buyers. As a result of IRRC’s comments, § 23.21(b) has been revised to provide that underage buyers will receive training on sections 493(1) and 493(14) of the Liquor Code (47 P. S. §§ 4-493(1) and 4-493(14)) and 18 Pa.C.S. §§ 6307—6310.3.

The Pennsylvania Tavern Association (Association) provided the House Judiciary Committee with the following comments which were subsequently forwarded to the State Police:

1. The Association suggested altering the definition of an “underage buyer” to provide that the underage buyer

must be “an individual who a reasonable person standing in the shoes of the server would believe to be underage at the time of purchase or attempt to purchase and would require the underage buyer to produce valid proof of age.” The State Police made no response to this comment. The purpose of the age compliance check is to ensure that licensed premises comply with the law, and it is illegal to serve alcohol, malted or brewed beverages to persons under the age of 21 regardless of their physical appearance.

2. The Association suggested that no more than one underage buyer should be supervised by a single Bureau officer. In response to this comment, the State Police revised § 23.22(a) to provide that a compliance check will be conducted with one Bureau officer for each underage buyer.

3. Like the House Judiciary Committee, the Association suggested that Bureau officers be required to maintain constant visual contact with the underage buyer. The State Police thoughtfully considered this suggestion but rejected it as impractical. The final-form rulemaking has been amended to omit any requirement as to maintaining eye contact; instead, that issue will be addressed in internal standard operating procedures.

4. The Association suggested that licensed establishments be given immediate notice of noncompliance. The State Police made no change in response to this comment because § 23.22(j)(2) already provided that immediate verbal notification would be made when a licensed premises is not in compliance. At IRRC’s suggestion, in the final-form rulemaking, the notification provisions were moved to a new subsection in § 23.23. The requirement of immediate notification of noncompliance has been retained and can now be found in § 23.23(a).

5. The Association also suggested that the notice of compliance or noncompliance should include the date, time and location of the compliance check as well as the name of the server. The final-form rulemaking has been amended to provide in § 23.23(c) that verbal and written notification will include the date and time of the compliance check as well of the name of the server if it is known.

Finally, the Board provided the following comments to the Senate Committee on Law and Justice, which shared them with the State Police:

1. The Board opined that the definition of the term “purchase” is used in a manner inconsistent with the definition. The State Police disagrees and no change has been made to the regulation in response to this comment.

2. The Board commented that the proposed rulemaking does not detail the training Bureau officers must complete before participating in an age compliance check. The State Police do not believe Act 141 requires Bureau officers who supervise age compliance checks to receive specific training. Given the fact that an individual must be 21 years of age to work as a Bureau officer, Bureau officers will never serve as underage buyers. Section 21.21(a) reflects the fact that to become a Bureau officer, one must complete a 13—15 week resident training program at the Academy, which will include training related to age compliance checks. The State Police has chosen not to include more specific information about the resident training program’s curriculum in the final regulation in order to retain the requisite flexibility to make changes to the training based on experience with the age compliance check program.

3. The Board questioned whether the Bureau’s failure to comply with the regulations could expose the Bureau

officer or the underage buyer to criminal liability or have consequences in a subsequent administrative action against the licensee. Internal checks and balances within the State Police will ensure that age compliance checks are conducted properly and no changes were made to the regulations based on the Board's comment.

4. The Board noted that a previous draft of House Bill 850, which ultimately became Act 141, had prohibited the underage buyer from orally misrepresenting the buyer's age. No change has been made to this final-form rulemaking based on the Board's observation. It is not uncommon for underage individuals to verbally represent that they are 21 in an effort to obtain alcohol, malt or brewed beverages. Consequently, it is entirely appropriate to allow underage buyers to make that verbal representation during an age compliance check in which the focus is the licensee's compliance with the law.

Regulatory Review

On December 8, 2003, copies of the proposed rulemaking were delivered to IRRC and the Majority and Minority Chairpersons of the House Judiciary Committee and Senate Law and Justice Committee. Notice of proposed rulemaking was published at 33 Pa. B. 6227 (December 20, 2003) and provided for a 30-day public comment period. In compliance with section 5(c) of the Regulatory Review Act (71 P.S. § 745.5(c)), the State Police provided IRRC and the Committees with copies of all comments received during the public comment period, as well as other documents if requested. In preparing the final-form rulemaking, the State Police has considered all comments received from IRRC, the House and Senate Committees and the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P.S. § 745.5a(j.2)), this final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC approved the final-form rulemaking on October 7, 2004.

(2) A public comment period was provided as required by law and all comments were considered and forwarded to IRRC and the Senate and House Committees.

(3) The adoption of this final-form rulemaking in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statute.

Title 58—RECREATION

FISH AND BOAT COMMISSION

[58 PA. CODE CHS. 61, 65 AND 69]

Fishing

The Fish and Boat Commission (Commission) by this order amends Chapters 61, 65 and 69 (relating to seasons, sizes and creel limits; special fishing regulations; and fishing in Lake Erie and boundary lakes). The Commission is publishing this final-form rulemaking under 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The changes relate to the season, size and creel limit for American shad in the Schuylkill River upstream of the I-95 Bridge and its tributaries; eliminating the phrase "molded facsimiles or replicas" as used in various special fishing regulations where terminal tackle is restricted to artificial lures; changing the name of the Select Trout Stocked Lake Program to the Early Season Trout Stocked Waters Program; and the seasons, sizes and creel limits for burbot and smelt in Lake Erie, its tributaries and Presque Isle Bay.

A. Effective Date

This final-form rulemaking will go into effect on January 1, 2005.

B. Contact Person

For further information on the final-form rulemaking, contact Laurie E. Shepler, Esq. (717) 705-7815, P. O. Box 67000, Harrisburg, PA 17106-7000. This final-form rulemaking is available electronically through the Commission's website www.fish.state.pa.us.

C. Statutory Authority

The amendments to §§ 61.1, 61.8 and 69.12 (relating to Commonwealth inland waters; Lehigh River and tributaries; and seasons, sizes and creel limits—Lake Erie and Lake Erie tributaries) are published under section 2102 of the code (relating to rules and regulations). The amendments to §§ 65.1—65.3, 65.5—65.7, 65.10 and 65.24 are published under section 2307 of the code (relating to waters limited to specific purposes).

D. Purpose and Background

This final-form rulemaking is designed to update, modify and improve the Commission's regulations pertaining to fishing. The specific purpose of this final-form rulemaking is described in more detail under the summary of changes.

E. Summary of Changes

(1) *Section 61.8.* Major efforts to open or remove blockages to anadromous fish migration on the Schuylkill River are underway. Three dams are now or will be breached/removed. These dams are Plymouth Dam (River Mile (RM) 18), Vincent Dam (RM 42) and Felix Dam (RM 79). The Fairmount Dam (RM 9) has a vertical slot fishway that is to be rebuilt in 2005. On March 10, 2004, groundbreaking occurred for a fishway at Flat Rock Dam (RM 15). Norristown Dam (RM 21) will have fish passage in place by 2006, and Black Rock Dam (RM 37) will have fish passage by 2007.

The Commission has been stocking fry shad in the Schuylkill River for several years, and sampling as recent as 2003 indicates that these fish are returning as adults. With the likelihood of more and more of the river being open to passage, there is a need to implement restrictive regulations to enhance restoration efforts while providing anglers with an opportunity to fish for and harvest this exciting sport fish. The Commission believes that a one shad creel limit, which currently is in place on the Lehigh River where similar restoration work is underway, is appropriate to maintain a fishery yet not degrade restoration efforts. As anglers are able to go out and catch American shad and possibly harvest one on occasion, they should be more inclined to actively support restoration activities.

The Commission chose not to use the Fairmount Dam as the downstream limit on the Schuylkill River for this final-form rulemaking, unlike the current regulations on the Lehigh River where the Easton Dam (right at the confluence with the Delaware River) is the downstream limit of waters having the one fish creel limit. Although the several mile reach of the river from the Fairmount Dam downstream to the confluence with the Delaware River/Estuary is tidal, American shad tend to concentrate at the base of the Fairmount Dam. Thus, using the I-95 Bridge as a downstream limit for the one fish limit will provide additional protection to adult American shad having a definite interest in ascending the Schuylkill River. The Commission accordingly established a one fish creel limit for American shad in the Schuylkill River basin upstream of the bridge on I-95 at Philadelphia. Specifically, the Commission amended § 61.8 to read as set forth in the notice of proposed rulemaking.

(2) *Sections 65.1—65.3, 65.5—65.7 and 65.24.* Where terminal tackle is restricted to artificial lures, the Commission's regulations provide that fishing may be done with artificial lures only constructed of metal, plastic, rubber, or wood or with flies and streamers constructed of natural or synthetic materials. Lures may be used with spinning or fly fishing gear. Use of other gear is prohib-

ited. Specifically prohibited are the use of molded facsimiles or replicas of insects, earthworms, fish eggs, fish or any invertebrate or vertebrate either singly or in combination with the other materials.

Generally, in these areas (that is, Selective Harvest, Delayed Harvest Fly-fishing Only; Heritage Trout Angling Program, Catch-and-Release, Delayed Harvest Artificial Lures Only, Trophy Trout Program and the West Branch of the Delaware River in Wayne County), the use or possession of fishbait, natural bait or baitfish and the use of a device, natural or synthetic, capable of catching fish other than artificial lures is prohibited. However, the wording varies slightly from regulation to regulation.

The phrase "molded facsimiles or replicas of insects," as used in the regulations, is difficult to apply when dealing with the vast array of processes used to create artificial fishing lures. In addition, the life forms that molded facsimiles or replicas are intended to represent further confound the interpretation of the regulations.

The Commission simplified these regulations by eliminating the specific prohibition against the use of molded facsimiles or replicas of insects, earthworms, fish eggs, fish or any invertebrate or vertebrate either singly or in combination with the other materials. The Commission also modified the regulations to state uniformly that the use or possession of any natural bait, baitfish, fishbait, bait paste and similar substances, fish eggs (natural or molded) or any other edible substances, and the use of any other lure, other than artificial lures, flies or streamers, is prohibited in these areas. In § 65.5 (relating to catch-and-release), the prohibition against barbed hooks and the requirement that barbless hooks are used will remain. The Commission amended these sections to read as set forth in the notice of proposed rulemaking.

(3) *Section 65.10 (relating to Select Trout Stocked Lake Program).* At the July 1994 meeting, the Commission approved the creation of what later became known as the Select Trout Stocked Lake Program. Through the stocking of a portion of the preseason trout allocation during the January through early March period in select lakes, reservoirs and stream sections, the Commission provides opportunities for trout angling (and harvest of three trout per day) in waters that normally would be closed to fishing during March as part of the traditional preseason stocking period. As stream sections are included in the program, a name change is warranted, particularly for use in publications, website coverage and correspondence to the angling public. Thus, without changing the intent of the program, the Commission changed the name of § 65.10 from "Select Trout Stocked Lake Program" to "Early Season Trout Stocked Waters Program." The Commission also amended § 61.1 (relating to Commonwealth inland waters) to reflect the new name of the program, which is referenced in that section. The Commission amended these sections to read as set forth in the notice of proposed rulemaking.

In accordance with § 51.5 (relating to correction of regulations), the Executive Director took immediate corrective action on the Commission's behalf to change the reference to lakes in § 65.10(a) to "waters." This section will read as set forth in Annex A.

(4) *Section 65.24 (relating to miscellaneous special regulations).* Lower Burrell Park Pond (also locally known as Holtzhauer Lake) is a 4 acre impoundment located in northwestern Westmoreland County and owned by the City of Lower Burrell (City). The impoundment was built on an unnamed tributary to Little Pucketa Creek and is

very accessible to a public road (68% within 110 yards). The entire shoreline is open to public angling, but ice fishing and boating are not permitted on the impoundment. The impoundment is located in a city park that has a walking trail around the lake, a handicap access fishing pier, several parking areas, picnic pavilions and recreational facilities. A May 2002 fish population sampling by the Commission's Area Fisheries Manager found largemouth bass to be the dominant warmwater game fish and bluegill to be the dominant panfish. The bass and bluegill fish population size structure and density are of relatively high quality.

Informal catch and release regulations have been imposed by the City at the impoundment since September 2000. The City would like to continue with the catch and release regulations and to have them enforced by the Commission. The Commission concurs with the City's request and has not heard of any complaints about the current but "informal" regulations. Because the pond is a publicly owned, highly accessible impoundment in an urban population area, it has great appeal for the trout stocking program. Commission staff will continue to work with the City on this aspect of a management plan.

The Commission amended § 65.24 to impose catch-and-release only regulations for all species at Lower Burrell Park Pond to optimize use of this waterway. Specifically, the Commission amended this section to read as set forth in the notice of proposed rulemaking.

(5) *Section 69.12.* Anglers occasionally catch burbot by hook and line in Lake Erie and Presque Isle Bay. However, burbot may only be legally taken by SCUBA divers by use of nonmechanical spears or gigs at a depth of at least 60 feet during the period, June 1 to September 30, with a daily limit of five. Although inland populations of burbot are endangered and therefore harvest is not allowed, burbot in Lake Erie are abundant enough to support commercial and sport harvest. The Commission's Bureau of Law Enforcement personnel indicate that anglers who catch burbot during the winter months rarely catch more than a couple per day. Thus, the Commission amended this section to allow burbot to be taken by hook and line with a limit of five per day and no closed season. Commission staff anticipate no adverse impacts to burbot populations as a result of the change.

As with burbot, anglers occasionally catch smelt through the ice in Presque Isle Bay. Under the Commission's current regulations, smelt are not specifically listed and have been considered baitfish. Baitfish may be taken year around with no minimum size requirement and a daily limit of 50 (combined species). To clarify the existing regulations, the Commission amended this section to list smelt separately with no closed season, no minimum length and no creel limit. Commission staff do not anticipate any adverse impacts to the smelt population as a result of the change.

Section 69.12 (relating to season, sizes and creel limits—Lake Erie and Lake Erie tributaries) with the changes described in the notice of proposed rulemaking allowed burbot to be taken by hook and line year 'round, while they could be taken by SCUBA divers by nonmechanical spears or gigs only during the season, June 1 to September 30. There is no sound fisheries management reason for this distinction. Therefore, the Commission, on final-form rulemaking, amended this section to allow the taking of burbot by nonmechanical spears or gigs year around. The Commission amended this section to read as set forth in Annex A.

F. Paperwork

This final-form rulemaking will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

This final-form rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions. This final-form rulemaking will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 34 Pa.B. 3603 (July 10, 2004). The Commission did not receive any public comments concerning the proposed amendments to §§ 61.8 and 65.24 (with regard to Lower Burrell Park Pond). The Commission received one public comment supporting the proposed changes to §§ 65.1—65.3, 65.5—65.7, 65.10 and 65.24 (with regard to West Branch Delaware River) and § 69.12. Copies of all public comments were provided to the Commissioners.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided and the comments that were received were considered.

(3) The adoption of the amendments of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapters 61, 65 and 69, are amended by amending §§ 61.1, 61.8, 65.1—65.3, 65.5—65.7 and 65.24 to read as set forth at 34 Pa.B. 3603 and by amending §§ 65.10 and 69.12 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Executive Director will submit this order, 34 Pa.B. 3603 and Annex A to the Office of Attorney General for approval as to legality as required by law.

(c) The Executive Director shall certify this order, 34 Pa.B. 3603 and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect January 1, 2005.

[58 PA. CODE CHS. 103, 105, 107 AND 111]**Boating**

The Fish and Boat Commission (Commission) by this order amends Chapters 103, 105, 107 and 111 (relating to rules of the road; operational conditions; boating restrictions; and special regulations counties). The Commission is publishing this final-form rulemaking under the authority of 30 Pa.C.S. (relating to the Fish and Boat Code) (code). This final-form rulemaking relates to the definition of "slow, no wake speed" and eliminating the term "slow, minimum height swell speed" as used throughout the Commission's regulations.

A. Effective Date

The final-form rulemaking will go into effect on January 1, 2005.

B. Contact Person

For further information on the final-form rulemaking, contact Laurie E. Shepler, Esq., P. O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7815. This final-form rulemaking is available electronically through the Commission's website www.fish.state.pa.us.

C. Statutory Authority

The amendments to §§ 103.2, 103.3, 103.16, 105.3 and 107.5 are published under the statutory authority of section 5123 of the code (relating to general boating regulations). The amendments to §§ 111.2—111.4, 111.6, 111.9, 111.13, 111.14, 111.17, 111.20—111.25, 111.27, 111.30, 111.31, 111.36, 111.40—111.43, 111.46, 111.48, 111.49, 111.52, 111.56, 111.58, 111.59, 111.62, 111.64 and 111.66 are published under the statutory authority of section 5124 of the code (relating to particular areas of water).

D. Purpose and Background

The final-form rulemaking is designed to update, modify and improve the Commission's boating regulations. The specific purpose of the amendments is described in more detail under the summary of changes. The Commission's Boating Advisory Board considered the proposed amendments and recommended that the Commission adopt them as set forth in the notice of proposed rulemaking.

E. Summary of Changes

Historically, the Commission's regulations have used the term "slow, minimum height swell speed," as opposed to the more common term, "slow, no wake speed." Section 103.2 defines "slow, minimum height swell speed" as the "lowest engagement speed for the engine and that the wake or wash creates a minimum disturbance." The section also provides that "Buoys and signs marked 'slow, no wake' shall mean operation at slow, minimum height swell speed."

The current definition does not adequately describe what the Commission means by "slow, no wake speed." There have been misunderstandings by the boating public and problems when citations by Commission officers for wake violations have been challenged in court. Staff have reviewed the definitions for "slow, no wake speed" in other states and by the National Park Service. Other states and the Federal government do not use the term "slow, minimum height swell speed."

The Commission therefore proposed that the term "slow, minimum height swell speed" be replaced with

"slow, no wake speed" so the public better understands the term. The Commission also proposed amending the definition to reflect the accepted standards in other states. The Commission has amended § 103.2 (relating to definitions) to read as set forth in the notice of proposed rulemaking.

In addition, there are several references to slow, minimum height swell speed throughout the Commission's regulations. The Commission proposed that these references in §§ 103.3, 103.16, 105.3, 107.5, 111.2, 111.3, 111.4, 111.6, 111.9, 111.13, 111.14, 111.17, 111.20—111.25, 111.27, 111.30, 111.31, 111.36, 111.40—111.43, 111.46, 111.49, 111.52, 111.56, 111.58, 111.59, 111.62, 111.64 and 111.66 be amended to reflect the new term. The Commission amended these sections to read as set forth in the notice of proposed rulemaking. In accordance with § 51.5 (relating to correction of regulations), the Executive Director took immediate corrective action on the Commission's behalf to change the reference in § 111.48 to slow, minimum height swell speed to slow, no wake speed as set forth in Annex A.

F. Paperwork

The final form rulemaking will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The final-form rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The final-form rulemaking will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 34 Pa.B. 4466 (August 14, 2004). The Commission did not receive any public comments concerning the proposal.

Finding

The Commission finds that:

(1) Public notice of intention to adopt the amendments adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

Boating

The Fish and Boat Commission (Commission) by this order amends Chapter 111 (relating to special regulations counties). The Commission is publishing this final-form rulemaking under 30 Pa.C.S. (relating to the Fish and Boat Code) (code). The final-form rulemaking relates to the elimination of the slow, no wake zone in the Horseshoe Curve part of the Youghiogheny River Lake, Somerset County.

A. Effective Date

This final-form rulemaking will go into effect on January 1, 2005.

B. Contact Person

For further information on the final-form rulemaking, contact Laurie E. Shepler, Esq., P. O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7815. This final-form rulemaking is available electronically through the Commission's website www.fish.state.pa.us.

C. Statutory Authority

The amendment to § 111.56 (relating to Somerset County) is published under section 5124 of the code (relating to particular areas of water). A person violating the regulations contained in Chapter 111 commits a summary offense of the third degree for which a \$50 fine is imposed.

D. Purpose and Background

This final-form rulemaking is designed to update, modify and improve the Commission's boating regulations. The specific purpose of the amendment to § 111.56 is described in more detail under the summary of change. The Commission's Boating Advisory Board considered the proposed amendment and recommended that the Commission adopt the amendment as set forth in the notice of proposed rulemaking.

E. Summary of Change

The United States Army Corps of Engineers (Corps), Pittsburgh District, requested that a provision of § 111.56(b)(1) be removed. Corps staff at Youghiogheny River Lake stated that the regulation is not necessary because usage in the Horseshoe Curve part of the lake, even during peak usage periods, does not warrant the retention of a slow, no wake zone. In addition, subsection (b) combines personal flotation device requirements in the same subsection as the slow, no wake areas. Separating these subjects into different paragraphs increases the clarity of the regulation. The Commission amended this section to read as set forth in the notice of proposed rulemaking.

As part of the proposed rulemaking package, the Commission also proposed a change to § 111.2 (relating to Allegheny County). Specifically, the Commission proposed the creation of a slow, no wake zone on the Ohio River, Allegheny County, in the back channel of Neville Island from the Coraopolis Bridge upstream to the Interstate 79 bridge from May 1 through October 1. The Commission did not adopt the proposed amendment on final-form rulemaking, and accordingly, the proposed amendment is withdrawn.

F. Paperwork

The final-form rulemaking will not increase paperwork and will create no new paperwork requirements.

G. Fiscal Impact

The final-form rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The final-form rulemaking will impose no new costs on the private sector or the general public.

H. Public Involvement

A notice of proposed rulemaking was published at 34 Pa.B. 4152 (August 7, 2004). The Commission did not receive any public comments concerning the proposed amendment to § 111.56.

Findings

The Commission finds that:

(1) Public notice of intention to adopt the amendment adopted by this order has been given under sections 201 and 202 of the act of July 31, 1968 (P. L. 769, No. 240) (45 P. S. §§ 1201 and 1202) and the regulations promulgated thereunder, 1 Pa. Code §§ 7.1 and 7.2.

(2) A public comment period was provided, and no comments were received.

(3) The adoption of the amendment of the Commission in the manner provided in this order is necessary and appropriate for administration and enforcement of the authorizing statutes.

Order

The Commission, acting under the authorizing statutes, orders that:

(a) The regulations of the Commission, 58 Pa. Code Chapter 111, are amended by amending § 111.56 to read as set forth in Annex A.

(b) The Executive Director will submit this order and Annex A to the Office of Attorney General for approval as to legality as required by law.

PROPOSED RULEMAKING

DEPARTMENT OF PUBLIC WELFARE

[55 PA. CODE CH. 140] Special MA Eligibility Provisions

The Department of Public Welfare (Department), under sections 201(2) and 403(b) of the Public Welfare Code (62 P. S. §§ 201(2) and 403(b)) and section 1902(a)(10)(A)(ii)(XVIII) of the Social Security Act (42 U.S.C.A. § 1396a(a)(10)(A)(ii)(XVIII)) (Title XIX), proposes to amend Chapter 140 (relating to special MA eligibility provisions) to read as set forth in Annex A. Title XIX of the Social Security Act provides states with the option to expand their Medicaid programs to include uninsured women who are diagnosed with and found to need treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix.

Purpose

The purpose of this proposed rulemaking is to take advantage of a Federal option of the Breast and Cervical Cancer Prevention and Treatment (BCCPT) Act of 2000 (Pub. L. No. 106-354) that permits states to provide Medicaid coverage to uninsured women under 65 years of age who have been screened for breast or cervical cancer through the Centers for Disease Control and Prevention's (CDC) National Breast and Cervical Cancer Early Detection Program (NBCCEDP), and diagnosed and found to need treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix.

Consistent with the Federal enabling legislation, providers and facilities funded in full or in part by the CDC permit screening of women only. Breast cancer is the most common form of cancer diagnosed among women in this Commonwealth and the second most common cause of cancer deaths for women in this Commonwealth (www.health.state.pa.us/stats). Cervical cancer, while less common than breast cancer, is one of the most successfully treatable cancers, if detected at an early stage (www.health.state.pa.us/stats).

The BCCPT amended Title XIX of the Social Security Act. This proposed rulemaking affords states the option of providing Medical Assistance to eligible women who were screened for, diagnosed with and found to need treatment for breast or cervical cancer, or a precancerous condition of the breast or cervix. The Commonwealth has elected this option and published a Notice of Intent to implement the BCCPT at 31 Pa.B. 115 (January 5, 2002). The Commonwealth's State Plan Amendment to provide Medicaid benefits under the BCCPT to uninsured women screened and diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix, was approved on February 15, 2002, by the Centers for Medicare and Medicaid Services. The Department of Health (DOH) is the designated screening entity for the BCCPT.

Under Federal law, the DOH must agree that low-income women will be given priority in the provision of services. See 42 U.S.C.A. § 300n(a). Under its grant agreement with the NBCCEDP, the DOH HealthyWoman Project provides breast and cervical cancer screening for uninsured women who are under 65 years of age and

have a household income below 250% of the Federal Poverty Income Guidelines (FPIG). Prior to the implementation of the BCCPT in January 2002, there were no consistent avenues available to fund the ongoing treatment needs of low-income, uninsured women who were screened and diagnosed with breast or cervical cancer.

Need for the Proposed Rulemaking

The proposed rulemaking is needed to establish the BCCPT, which will provide full Medicaid coverage to eligible women under 65 years of age who are diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix, and who have no insurance coverage or have insurance that does not cover treatment of breast or cervical cancer. These women may have gone without necessary treatment or may have sought treatment without the means to pay for the care received. The proposed rulemaking is part of the continuum of efforts by the Commonwealth to ensure detection, prevention and treatment of breast and cervical cancer, or a precancerous condition of the breast or cervix, among low-income, uninsured women.

Requirements

The Department is proposing to add a new Subchapter D (relating to categorically needy breast and cervical cancer prevention and treatment program for qualified women) that explains the requirements for Medicaid eligibility under the BCCPT.

Eligibility for the HealthyWoman Project will be determined by the DOH based on information provided at the time of enrollment into the screening program. Eligibility for full Medicaid coverage will be determined based on both the information provided at the time of enrollment into the HealthyWoman Project and the provider's diagnosis of breast or cervical cancer, or a precancerous condition of the breast or cervix.

To become eligible for the BCCPT, a woman must go to the DOH HealthyWoman Project site, complete a BCCPT application and undergo screening for breast and cervical cancer. If cancer is detected, the woman is referred for further testing to confirm the diagnosis. If further testing confirms the need for treatment, the HealthyWoman Project forwards the completed the BCCPT application, which includes the provider's diagnosis and the need for treatment, to the County Assistance Office (CAO). If the woman meets all of the eligibility criteria, the CAO worker authorizes Medicaid for her.

A woman determined eligible under the BCCPT is entitled to full Medicaid benefits. Therefore, in addition to receiving the treatment needed for her identified breast or cervical cancer, or a precancerous condition of the breast or cervix, the woman will also have access to the full range of treatment and preventive health care available under the Medicaid Program.

Following is a summary of specific proposed regulatory amendments:

1. Section 140.601 (relating to policy on Medicaid for women with breast or cervical cancer). This section is proposed to establish the general policy for women under categorically needy the BCCPT.
2. Section 140.602 (relating to definitions). The Department is proposing to define specific terms relating

"BCCPT—Breast and Cervical Cancer Prevention and Treatment Program," "CDC—Centers for Disease Control and Prevention," "NBCCEDP—National Breast and Cervical Cancer Early Detection Program" and "uninsured."

3. Section 140.621 (relating to conditions of eligibility). This section is proposed to establish the eligibility factors under the BCCPT.

4. Sections 140.631—140.633 (relating to income, resources and verification). New § 140.631 is proposed to explain that there are no income limits under the BCCPT except those necessary to be eligible for screening by the CDC's NBCCEDP. New § 140.632 is proposed to explain that there are no resource requirements under the BCCPT. New § 140.633 is proposed to establish the verification requirements for the BCCPT.

5. Sections 140.641 and 140.642 (relating to complete redetermination and partial redetermination). These new sections are proposed to establish the redetermination and partial redetermination requirements for the BCCPT.

6. Section 140.651 (relating to benefit coverage). A new section is proposed to explain Medicaid coverage for services.

7. Section 140.661 (relating to eligibility begin date). A new section is proposed to establish the eligibility begin date under the BCCPT.

8. Section 140.671 (relating to retroactive eligibility). A new section is proposed to establish retroactive eligibility under the BCCPT.

9. Section 140.681 (relating to reporting of changes). A new section is proposed to establish the reporting requirements under the BCCPT.

10. Section 140.691 (relating to appeal and fair hearing). A new section is proposed to explain the woman's right to an appeal and fair hearing under the BCCPT.

Affected Individuals and Organizations

This proposed rulemaking gives priority to low-income (under 250% FPIG), uninsured women under 65 years of age, who are screened by the Commonwealth's CDC NBCCEDP and subsequently diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix. The Commonwealth's CDC NBCCEDP is administered through the DOH HealthyWoman Project.

There are approximately 11,600 women diagnosed with breast and cervical cancer each year in this Commonwealth (www.health.state.pa.us/stats). Census data was used to estimate the total number of the 11,600 women who are under 65 years of age and have income levels between 100% and 250% of the FPIG. The result of this analysis indicated that there are an additional 1,109 women who may be eligible for Medicaid each year under this option.

Accomplishments/Benefits

The Commonwealth may see a reduction in its premature mortality rates from breast and cervical cancer as a result of screening, early diagnosis and treatment. Health care providers may see a reduction in the incidence of uncompensated care for uninsured women who require treatment for breast and cervical cancer.

There has been no consistent avenue available to fund ongoing treatment needs of low-income, uninsured women diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix. As a result, many women have gone without necessary treatment that may

prevent or cure their illness. This option will provide low-income, uninsured women with Medicaid coverage that will enable them to seek necessary treatment, thereby decreasing the incidence of uncompensated care and this Commonwealth's cancer mortality rate.

Fiscal Impact

Commonwealth

The annual cost of this new program for Fiscal Year 2002-2003 was \$3.954 million (\$1.254 million in State funds). The projected costs for Fiscal Year 2003-2004 are \$7.281 million (\$2.307 million in State funds) and for Fiscal Year 2004-2005, \$9.332 million (\$3 million in State funds).

The Insurance Department may realize a savings since some women determined eligible for the BCCPT may have been eligible for medical coverage under the adult Basic Program administered by the Insurance Department and funded by tobacco settlement funds.

Public Sector

No other government entity will incur any costs or realize any savings.

Private Sector

Private hospitals and physicians who treat uninsured women with breast or cervical cancer, or a precancerous condition of the breast or cervix, may be compensated for services rendered.

General Public

Low-income (under 250% FPIG), uninsured women who may have otherwise incurred personal debt will realize a savings.

Paperwork Requirements

New application forms were created exclusively for use with BCCPT: the PA 600B—for applications; the PA 600BP—for partial redeterminations; and the PA 600BR—for annual redeterminations. These forms have been in use since the start of the BCCPT. Each form provides instructions for use by the applicant or recipient and provider. The Department has not received any adverse comments regarding these forms.

The BCCPT Program application, Form PA 600B, is a two-part application used by the HealthyWoman Project and the CAO to determine eligibility for the BCCPT. Part A of the application is completed at the DOH HealthyWoman Project screening site and contains the HealthyWoman Project enrollment, consent for release of information and the BCCPT rights and responsibilities. Part B of the application is completed by the applicant, the medical provider and the CAO. Use of a single form to document demographic information needed by both programs for an eligibility determination will reduce additional paperwork for providers, applicants and the Department.

The BCCPT Program Partial Renewal, Form PA 600BP, is completed at a partial redetermination of eligibility for women whose treatment for breast or cervical cancer is expected to last less than 12 months. The recipient, the medical provider and the CAO complete this form at the end of the initial length of treatment.

The BCCPT Form PA 600BR is completed every 12 months when continued eligibility for the BCCPT is reviewed. The recipient, the medical provider, the Office of Medical Assistance Programs and the CAO complete this form.

Effective Date

This proposed rulemaking will, upon adoption, be effective retroactively to January 1, 2002.

Sunset Date

There is no sunset date.

The Department provides full Medicaid benefits to uninsured women, under 65 years of age, who have been screened and diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix, who are eligible under the Commonwealth's categorically needy BCCPT Program.

§ 140.602. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

BCCPT—Breast and Cervical Cancer Prevention and Treatment—A Federally-funded Medicaid option that provides full Medicaid benefits to uninsured women under 65 years of age, screened, diagnosed and in need of treatment for breast or cervical cancer, or a precancerous condition of the breast or cervix. These women have been identified through an entity funded in full or in part by CDC.

CDC—Centers for Disease Control and Prevention—The lead Federal agency for protecting the health and safety of people at home and abroad by applying disease prevention and control.

NBCCEDP—National Breast and Cervical Cancer Early Detection Program—A program established by Congress under the Breast and Cervical Cancer Mortality Act of 1990 (Pub. L. No. 101-354, 104 Stat. 409) which authorizes the CDC to promote breast and cervical cancer screening and to pay for screening services for eligible individuals.

Uninsured—Having no creditable coverage as the term is used under the Health Insurance Portability and Accountability Act (HIPAA) (section 2701(c) of the Public Health Service Act (42 U.S.C.A. § 300gg(c)).

ELIGIBILITY**§ 140.621. Conditions of eligibility.**

Eligibility for Medicaid under BCCPT is based on the following:

- (ii) Be screened under the CDC's NBCCEDP and diagnosed with either breast or cervical cancer, or a precancerous condition of the breast or cervix, and need treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix.
- (iii) Be uninsured.
- (iv) Be ineligible for any other categorically needy Medicaid program.

INCOME, RESOURCES AND VERIFICATION**§ 140.631. Income eligibility limitations.**

There are no income limits when determining eligibility under the BCCPT except those necessary to be eligible for screening by the CDC's NBCCEDP.

§ 140.632. Resource eligibility limitations.

There are no resource limits when determining eligibility under the BCCPT.

§ 140.633. Verification requirements.

(a) Under the BCCPT, the following verification is required:

(1) Verification that the woman was screened for breast or cervical cancer, or a precancerous condition of the breast or cervix, by a provider or facility funded in full or in part by the CDC under its NBCCEDP, and diagnosed and found to need treatment for either breast or cervical cancer, or a precancerous condition of the breast or cervix. Verification of the continued need for treatment must be provided at each partial and complete redetermination.

(2) Verification that the woman is a United States citizen or qualified alien.

(3) Verification that the woman is under 65 years of age.

(4) Verification that the woman is a resident of this Commonwealth.

(5) Verification that the woman is uninsured.

(b) For Categorically Needy BCCPT Program for qualified women, the redetermination/reapplication requirements in Chapter 133 (relating to redetermining eligibility) apply.

§ 140.642. Partial redetermination.

(a) A partial redetermination is required at the end of the initial length of treatment for a woman whose initial length of treatment is expected to last less than 12 months. The initial length of treatment is based on the diagnosing or treating physician's attestation regarding the woman's diagnosis.

(b) For Categorically Needy BCCPT Program for qualified women, the partial redetermination requirements in Chapter 133 (relating to redetermining eligibility) apply.

BENEFIT COVERAGE**§ 140.651. Benefit coverage.**

The Department will provide full Medicaid coverage for a woman determined eligible under the BCCPT.

§ 140.661. Eligibility begin date.

The eligibility begin date is the date the woman is diagnosed with breast or cervical cancer, or a precancerous condition of the breast or cervix, but not prior to January 1, 2002.

§ 140.671. Retroactive eligibility.

The earliest possible date for retroactive BCCPT benefits to begin is the first day of the third month preceding the month of application, but not prior to January 1, 2002. The period of eligibility for retroactive BCCPT benefits begins the first day of the month in which the first medical service was incurred if the applicant was otherwise eligible during that month.

DEPARTMENT OF TRANSPORTATION

[67 PA. CODE CH. 65]

Permit Agents

The Department of Transportation (Department), under 75 Pa.C.S. §§ 6103, 6142 and 6145 (relating to promulgation of rules and regulations by department; reciprocity agreements, arrangements and declarations; proportional registration of fleet vehicles) proposes to amend Chapter 65 (relating to permit agents), to read as set forth in Annex A.

Purpose of this Chapter

The purpose of Chapter 65 is to establish rules governing the qualifications and duties of designated agents for the issuance of trip permits, hunter permits and telegrams of authority under Chapter 63 (relating to proportional registration of fleet vehicles).

Purpose of this Proposed Rulemaking

The purpose of this proposed rulemaking is to clarify the definition of "telegram of authority" and to extend the term of the telegram of authority. Currently, the regulations provide that a telegram of authority authorizes the use of a Commonwealth-based fleet vehicle under temporary registration for 30 days. Recent proposed changes to Chapter 63 propose to extend the period of temporary registration under a telegram of authority to 60 days. The purpose of this proposed rulemaking is to conform the definition of "telegram of authority" to the definition in the proposed amendment to Chapter 63.

Persons and Entities Affected

This proposed rulemaking will affect permit agents designated to issue trip permits, hunter permits and telegrams of authority under Chapter 63.

Fiscal Impact

This proposed rulemaking will not require any additional expenditure by the Bureau of Motor Vehicles or the permit agents.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), the Department submitted a copy of this proposed rulemaking, on November 15, 2004, to the

Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Transportation Committees. In addition to submitting the proposed rulemaking, the Department has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections shall specify the regulatory review criteria that have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final-form publication of the rulemaking, by the Department, the General Assembly and the Governor of comments recommendation or objections.

Sunset Date

The Department is not establishing a sunset date for the regulation, as this regulation is needed to administer 75 Pa.C.S. (relating to Vehicle Code). The Department will continue to closely monitor this regulation for its effectiveness.

Public Comment

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking to Kurt Myers, Director, Bureau of Motor Vehicles, 1101 S. Front St., Harrisburg, PA 17104, within 30 days of publication of this notice in the Pennsylvania Bulletin.

Contact Person

The contact person for this proposed rulemaking is Joseph Centurione, Manager, Customer Service Division, Bureau of Motor Vehicles, 1101 S. Front Street, Harrisburg, PA 17104, (717) 787-2780.

ALLEN D. BIEHLER, P. E., Secretary

The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater

associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the EPA Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of

the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northwest Region: Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

NEW SOURCES AND MODIFICATIONS

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on

a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (act) and regulations adopted under the act.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of an application is available for inspection at the district mining office indicated before an application. Where a 401 Water Quality Certification is needed for any aspect of a particu-

lar proposed mining activity, the submittal of the permit application will serve as the request for certification.

Written comments, objections or requests for informal conferences on applications may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the district mining office indicated before an application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Where any of the mining activities listed will have discharges of wastewater to streams, the Department will incorporate NPDES permits into the mining activity permits issued in response to these applications. NPDES permits will contain, at a minimum, technology-based effluent limitations as identified in this notice for the respective coal and noncoal applications. In addition, more restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining which may occur will be incorporated into a mining activity permit, when necessary, for compliance with water quality standards (in accordance with 25 Pa. Code Chapters 93 and 95). Persons or agencies who have requested review of NPDES permit requirements for a particular mining activity within the previously mentioned public comment period will be provided with a 30-day period to review and submit comments on the requirements.

Written comments or objections should contain the name, address and telephone number of the person submitting comments or objections; the application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based. Requests for an informal conference must contain the name, address and telephone number of requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor wishes to have the conference conducted in the locality of the proposed mining activities.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of Chapter 3 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, shall also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media; benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the Environmental Cleanup Program manager in the Department regional office after which the notice of receipt of plans or reports appears. If information con-

cerning plans or reports is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling

methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of refuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

SPECIAL NOTICES

Application Announcement for the Recycling Markets Infrastructure Development Grant

Applications for the 2005 Recycling Markets Infrastructure Development Grant (Grant) are now available from the Department of Environmental Protection (Department). Grants will be awarded on a competitive basis to qualified existing for-profit businesses and non-profit organizations that seek to purchase machinery or equipment that will result in increased consumption of recy-

clable materials recovered in this Commonwealth. The Department will accept Grant applications until 4 p.m. on March 4, 2005.

The success of recycling programs is directly related to demand for recyclable goods. Strong, profitable recycling based businesses are good for the environment and the economy in this Commonwealth. The grant aims to build strong markets for recycled materials in Pennsylvania by assisting existing businesses or non-profit organizations with increasing their use of recyclable materials in the production of finished products.

Applications for the 2005 grant program may be obtained by contacting Jeff Bednar, Bureau of Waste Management at (717) 787-7382 or by e-mail at jbednar@state.pa.us or by visiting the Department's website at: <http://www.state.pa.us> (DEP Keyword: Market Development).

Application Announcement for the Compost Infrastructure Development Grant Program

Applications for the 2005 Compost Infrastructure Development Grant Program (Program) are now available from the Department of Environmental Protection (Department). Under the program, qualified existing and operating for-profit business entities and non-profit organizations in the Commonwealth will be awarded grants to increase the quantity of yard waste and/or food wastes collected in this Commonwealth. The goal of this program is to increase the quantity of organic materials collected and composted to further increase this Commonwealth's recycling rate. Applications for the grant program will be accepted by the Department until 4 p.m. on March 4, 2005.

The municipal waste stream consists of over 30% organic materials that could be recycled and diverted from the waste stream and managed by composting. These organic waste streams such as yard and food wastes can become a resource to compost facilities that use these materials as feedstocks. Composting of organic wastes helps to lessen the burden on landfill capacity and creates a beneficial soil conditioner that can be marketed.

Applications for the 2005 Program may be obtained by contacting Patricia Olenick, Bureau of and Waste Management at (717) 787-7382 or by e-mail at polenick@state.pa.us. Applications are also available electronically on the Department's website at <http://www.dep.state.pa.us> (directLINK: Compost).

Final Technical Guidance:

DEP ID: 383-2129-002 Title: Guidance for Evaluating Alternate Recycle Return Locations Proposed under the Filter Backwash Recycling Rule. Description: The Interim Enhanced Surface Water Treatment Rule and the Long Term 1 Enhanced Surface Water Treatment Rule require all systems utilizing surface water or groundwater under the direct influence of surface water to achieve at least 2-log removal of *Cryptosporidium*. To insure that the practice of recycling does not adversely affect the ability of a plant to meet this requirement, the Filter Backwash Recycling Rule (FBRR) requires that certain recycle flows in conventional and direct filtration facilities be returned to a location in the plant so the recycle flow passes through all of the treatment processes by June 8, 2004. The FBRR also allows the return of recycle flows to a location other than the head of the plant if the Department determines that use of the alternate location will not adversely affect the ability of the plant to achieve 2-log *Cryptosporidium* removal. This guidance was developed to aid permitting staff in evaluating requests to recycle to alternate locations and was issued as Interim Final Guidance at 34 Pa.B. 2890 (May 29, 2004) with provision for a 30-day public comment period, which concluded on June 28, 2004. The Department did not receive any comments on the Interim Final Guidance. The Final Guidance will apply to public water systems that utilize conventional or direct filtration and desire to recycle spent filter backwash, thickener supernatant or liquids from dewatering processes to a location other than the head of the plant. Effective Date: November 27, 2004.

Stream Redesignation Evaluation; Water Quality Standards Review

Under 25 Pa. Code § 93.4d (relating to processing of petitions, evaluations and assessments to change a designated use) the Department of Environmental Protection (Department) gives notice that evaluations will be conducted on the stream sections listed as follows:

<i>Stream Name</i>	<i>County</i>	<i>Tributary To</i>
<i>Deer Creek</i> —Basin, from its headwaters in Shrewsbury Township and other municipalities to the Pennsylvania/Maryland state line.	York	Susquehanna River
<i>Little Falls</i> —Basin, from its headwaters in Shrewsbury Township and New Freedom Borough to the Pennsylvania/Maryland state line.	York	Gunpowder Falls

Persons who have technical data concerning the water quality, instream habitat or biological condition of either of these stream sections are encouraged to make it available to the Department for consideration in the assessments. These assessments may lead to recommendations to the Environmental Quality Board (Board) for redesignation.

Data should be submitted to Bob Frey, Division of Water Quality Assessment and Standards, Bureau of Water Supply and Wastewater Management, P. O. Box 8467, Harrisburg, PA 17105-8467, e-mail rofrey@state.pa.us. Data should be submitted no later than December 27, 2004. Questions concerning this evaluation should be directed to Bob Frey at (717) 787-9637.

This assessment is being conducted in response to two rulemaking petitions submitted to the Board by the Shrewsbury Township Supervisors. The portion of the Deer Creek basin to be evaluated is currently designated Cold Water Fishes (CWF). The portion of Little Falls basin to be evaluated is currently designated Warm Water

Fishes (WWF). The petitioners are requesting redesignation to High Quality-Cold Water Fishes (HQ-CWF) for both basins.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>

**Pennsylvania Commission on Crime and
Delinquency, Office of Victims' Services Regulation
35-29 (IRRC #2428)**

Crime Victims Compensation

November 12, 2004

We submit for your consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The Office of Victims' Services (OVS) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on October 12, 2004. If the final-form regulation is not delivered within two years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Section 411.2. Definitions.—Legislative intent; Consistency with statute; Need; Clarity.

Cleaning

The House Judiciary Committee (House Committee) commented that this term should be defined to clarify the intent to "... ensure that payment may be made to cover the cost associated with the clean-up of blood and stains caused by other bodily fluids as a direct result of the crime. . . ." We agree.

Dependent child

This definition contains the phrase "eighteen years of age or younger." Section 11.702(b)(2)(ii) of the Crime Victims Act (Act) (18 P. S. § 11.702(b)(2)(ii)) includes the language "under 18 years of age" to describe an individual who is not an adult. For clarity, OVS should use the phrase "under 18 years of age" to define a "dependent child."

Loss of earnings and Stolen benefit cash

The House Committee commented on both of these regulatory definitions. We agree that these definitions are confusing. We have two concerns.

First, the regulatory term "stolen benefit cash" is confusing because it is virtually identical to the statutory definition of "loss of earnings." Subsection (b) states "[t]he definitions in section 103 of the act (18 P. S. § 11.103) are incorporated by reference." Hence, why is the regulatory term "stolen benefit cash" needed?

Second, if the term "stolen benefit cash" is needed, why does it vary from the statutory definition of "loss of earnings"? The definition of "stolen benefit cash" uses the term "direct victim" in place of the term "victim." The statute defines both the term "victim" and "direct victim" differently. The statute uses the term "victim" in its definition of "loss of earnings."

OVS should either explain the need for the term "stolen benefit cash" or delete it from the definitions and the regulation. In its place, the term "loss of earnings" should be amended to be consistent with the statute.

2. Section 411.11. Filing procedures.—Consistency with statute; Clarity.

Time limits

This section does not include a time limit for filing claims for compensation with OVS. The regulation should include the time limits in Section 702(b) of the Act (18 P. S. § 11.702(b)).

Subsection (a)

This subsection states, "A claim may be filed by a person eligible under the act." Subsection (a) should also reference Section 411.3(a) of this Chapter.

Subsection (e) and Subsection (g)

Subsections (e)(2)(v) and (g)(3) allow OVS to consider "other circumstances deemed appropriate by OVS." What "other circumstances" will OVS consider?

Subsection (h)

This subsection describes violations of a protection from abuse order involving an eligible crime. To fulfill the requirements of this subsection, the eligible crime must be reported in a "timely manner." What is considered a "timely manner"?

Subsection (i)

The House Committee suggests adding language to Paragraph (i)(7) to determine whether damage as a result of the crime is covered by homeowners insurance, similar to provisions in Subsections (i)(2)(iv) and (i)(6)(iv). We agree.

Additionally, this subsection states, "when requested by OVS, the claimant shall submit copies of documents that are needed to process the particular type of claim, which include the following. . . ." Under the list of provisions, Paragraph (6)(v)(A) Witness., would require the claimant to submit "a police report obtained by OVS." If OVS obtained the police report, why is the claimant required to submit a copy?

3. Section 411.14. Determinations.—Reasonableness; Clarity.

Subsection (a)

This subsection states a claimant may provide "additional information or clarification on the claim post-marked no later than 30 days from the date of OVS's initial determination. . . ." Does this mean the date on which the claimant receives notice of the initial determination?

Subsection (c)

This subsection includes a list of individuals that may receive a copy of OVS' final determination. The House Committee suggests that the district attorney having jurisdiction where the crime occurred should be added to this list. Title 18 Section 1106(c)(4) (18 Pa.C.S. § 1106(c)(4)) requires district attorneys to make recommendations to the sentencing court for the amount of restitution. Notice from OVS regarding a claim determination will assist the district attorney in meeting this requirement. We agree.

4. Section 411.15. Actions affecting awards.—Consistency with statute; Clarity.

Subsection (a)

This subsection sets standards for consideration of whether the conduct of the direct victim or intervenor contributed to the injury. The standard in Paragraph (3) is the direct victim or intervenor "used poor judgment resulting in the placement of the direct victim or intervenor into a situation likely to result in injury." The standard of "poor judgment" is subjective. This standard should be deleted or amended to more closely relate to the conduct of the direct victim or intervenor.

Subsection (c)

The intent of this subsection is not clear. How will the victim of a driving under the influence crime be treated differently? How does driving without a license differ from the conduct standards in Subsection (a)?

Subsection (g)

Subsection (g) states OVS may consider a failure to cooperate with law enforcement and OVS justified when a number of situations occur. However, this subsection does not include minors. Are minors able to cooperate with OVS?

Subsection (g) and Subsection (h)

Subsections (g)(3) and (h)(5) allow OVS to consider other circumstances deemed appropriate by OVS or other factors that OVS deems relevant. What other circumstances or factors will OVS consider?

5. Section 411.16. Reductions, offsets and limitations.—Clarity.*Subsection (a)*

This subsection states, “an award made under the act and this chapter shall be reduced by the amount of any payments received or to be received. . . .” Paragraph (1) includes any payment from or on behalf of the individual who committed the crime. The House Committee commented that “any decision by OVS to reduce, offset or limit an award to a claimant should only be made after first considering the ability of the Board to exercise its right to subrogation and restitution.” We agree.

Subsection (e)

This subsection includes a citation to the federal Medicare Program. This program is found at 42 U.S.C. § 1395 et. seq. For clarity, the Commission should cite the sections that deal specifically with Medicare reimbursement allowances as a result of a motor vehicle incident.

6. Section 411.31. Reconsideration.—Reasonableness.*Subsection (a)*

This subsection allows a claimant to contest OVS's determination “by submitting a written request for reconsideration post-marked no later than 30 days from the date of determination.” There are two concerns.

First, how will the claimant know when the 30-day period began? Section 704(d) of the Act (18 P. S. § 11.704(d)) requires OVS to promptly notify the claimant of its final decision. We also note that the 30-day period for judicial review under 18 P. S. § 11.705 begins 30 days after the claimant receives a copy. The regulation should specify that the claimant has 30 days from receipt of OVS' determination.

Second, the requirement of a post-mark would limit the method of filing. This subsection should be amended to be similar to Section 411.11(c) which allows several methods of filing, including electronic means.

7. Section 411.32. Hearing.—Clarity.*Subsection (h)*

This subsection requires the claimant to “provide written confirmation to OVS of the claimant's intent to attend the hearing, including a list of witnesses and documentary exhibits to be presented. . . .” The House Committee requests this section be amended to clarify whether the submission of a list of documentary exhibits will satisfy this requirement, or if the actual documentary exhibits

must be provided. We agree with the House Committee, and request the OVS clarify this subsection in the final-form regulation.

Subsection (j)

This subsection states “a hearing will not be rescheduled more than once.” Shouldn't the hearing examiner have the flexibility to review the reason the claimant did not attend and, based on that information, make a determination on whether another hearing should be scheduled?

Subsection (l)

This subsection allows a hearing officer to “issue subpoenas for attendance of witnesses or for the production of documentary evidence.” The House Committee suggested procedures for requesting subpoenas be included in Section 411.32(k). We agree.

8. Section 411.33. Final decision after hearing.—Reasonableness; Clarity.

This section does not contain any timeframe for the hearing officer to deliver the report or for OVS action on the report. Should timeframes be added to ensure claims are processed in a timely manner?

9. Section 411.42. Out-of-pocket loss.—Reasonableness; Clarity.*Dollar amount of allowed expenses*

Commentators have said that the \$200 amount for the loss of eyeglasses in Section 411.42(d)(1) is too low. Additionally, commentators stated the \$5,000 limit for funeral expenses in Section 411.42(c) is not enough. OVS should explain how the dollar amounts were derived, and why they are reasonable.

Preapproval

A commentator requested that this regulation include pre-approval of dental care, plastic surgery, vision or eye care, prosthetics and pharmacy costs because victims are denied non-emergency care when they cannot guarantee payment. Is there a way for a victim to demonstrate need for non-emergency medical care before the procedure is done? Can a provider be paid directly?

Subsection (g)

This subsection states, “OVS will reimburse expenses associated with travel to obtain medical care or counseling and, in the case of an injury that results in death, for travel in connection with making the funeral arrangements and transport of the body.” The House Committee commented that travel expenses for funeral arrangements should be allowed as out-of-pocket loss, but should also be required to be “reasonable and necessary.” We agree.

**Department of Public Welfare Regulation #14-489
(IRRC #2429)**

Subsidized Child Care Eligibility**November 12, 2004**

We submit for your consideration the following comments that include references to the criteria in the Regulatory Review Act (71 P. S. § 745.5b) which have not been met. The Department of Public Welfare (Department) must respond to these comments when it submits the final-form regulation. The public comment period for this regulation closed on October 12, 2004. If the final-

form regulation is not delivered within two years of the close of the public comment period, the regulation will be deemed withdrawn.

1. Additional responsibilities of eligibility agencies and costs for currently enrolled children.—Fiscal impact.

The Department has indicated that this rulemaking will allow an additional 3,388 children to receive subsidized child care annually. The estimated cost of this rulemaking is \$5.5 million for the remainder of the 2004-2005 fiscal year and \$9.9 million per year thereafter. The Department has indicated that these costs relate only to day care for new children eligible for subsidized child care. We have two concerns related to the fiscal impact of this regulation.

First, some child care information service (CCIS) agencies have commented that the rulemaking will increase their administrative duties and costs of operating. They claim their costs will rise due to new requirements of record keeping and verifying eligibility factors. Since none of the additional funding will be dedicated to these program costs, how will the CCIS agencies be reimbursed for additional expenses they may incur under this regulation?

Second, the rulemaking will allow families currently enrolled in the subsidized child care program to qualify for more hours of care. In addition, parents/caretakers in education programs who work fewer hours could pay lower co-payments which would result in higher costs to the Department. How much additional funding is needed to serve the children currently enrolled in the subsidized child care program? How will these costs be funded?

2. Policy revisions.—Fiscal impact; Reasonableness.

The Department has proposed numerous policy changes in an effort to accomplish its stated goals of making high quality child care more accessible to families, promoting family self-sufficiency and promoting parental choice of child care options. Some CCIS agencies have expressed opposition to or concern with the following policy changes:

- Eliminating the existing requirement for the parent or caretaker to seek court-ordered child support;
- Eliminating the cap on the number of hours of subsidy in a seven-day period;
- Allowing receipt of subsidy for child care to cover travel time and sleep time (§§ 3041.14(a)(1) and (2));
- Increasing the time period during which a parent/caretaker may continue to receive subsidy from the date of an involuntary loss of work, the date a strike begins or the date the parent/caretaker completes an education program from 30 days to 60 days;
- Eliminating a live-in companion's income from the family income determination;
- Including only a portion of a stepparent's income in the family income determination (§ 3041.33(5));
- Reducing the minimum required number of work hours from 25 to 20 per week, or a combination of 10 hours per week of work and 10 hours per week of training (§ 3041.43(a) and (c)); and
- Eliminating the requirement that the parent/caretaker earn at least minimum wage.

The commentators are concerned that these changes will: raise the Department's and CCIS agencies' costs of administering the subsidized child care program; discourage families from becoming self-sufficient; and significantly increase waiting lists. We request the Department further explain how these proposed policy changes will achieve its stated goal of promoting family self-sufficiency. We also request that the Department explain how these proposed changes will meaningfully increase access to care if waiting lists are expanded.

3. Section 3041.3. Definitions—Reasonableness.

The term "self-certification" is defined as, "A written statement provided by a parent or caretaker for the purpose of establishing selected factors of nonfinancial eligibility." The Department has noted that "self-certification" will make it easier for families to apply and qualify for subsidized child care. Given that self-certification does not require follow-up documentation, is there a risk that non-eligible families may obtain subsidized child care to which they are not entitled?

4. Section 3041.16. Subsidy limitations.—Clarity.

Subsection (d) allows a family with two parents or caretakers to be eligible for subsidized child care if one of the parents or caretakers is unable to care for the child because of a physical or mental disability. This subsection should include a cross-reference to Section 3041.71, relating to verification of permanent inability to work.

5. Section 3041.20. Subsidy continuation during breaks in work.—Reasonableness.

This section allows a family's eligibility for subsidized child care to continue during specified interruptions of work. Maternity leave is not included in the list of interruptions. Based on discussions with Department staff, we understand that the Department intended to include maternity leave. Therefore, the final-form regulation should be amended to reflect the Department's intent.

6. Section 3041.22. Subsidy disruption.—Reasonableness.

Under Subsection (c), if subsidized care is disrupted because the eligibility agency does not have sufficient State or Federal funding, the subsidy for children whose families have the highest income is disrupted first. Since family sizes vary, we question the reasonableness of basing disruption of subsidy solely on income level. The Department should explain the rationale for this approach.

7. Section 3041.43. Work, education and training.—Reasonableness; Clarity.

Subsection (d) provides that a parent or caretaker who misses work due to "illness, injury, employer closings, holidays, temporary work slow-downs, emergencies or domestic violence" remains eligible for subsidy if he or she is normally scheduled to work 20 hours per week. We recognize that this subsection was written with the purpose of providing CCISs the flexibility to meet the particular needs of the families they serve. However, it contains vague language which may make it difficult for this provision to be administered consistently and uniformly throughout the Commonwealth. We have three concerns.

First, the term "temporary work slow-downs" is unclear. The final-form regulation should include the criteria the

Department will use to determine what qualifies as a “temporary work slow-down.” Additionally, the Department should specify at what point a “temporary work slow-down” becomes a permanent reduction in work hours.

Second, the final-form regulation should specify for how long a person can have fewer than 20 hours per week of work and remain eligible for subsidized child care.

Finally, the term “emergency” is open to interpretation. The Department should either define this term or specify the criteria it will use to determine if a situation qualifies as an emergency.

8. Section 3041.46. Immunization.—Clarity.

Subsection (c) states, “The parent’s or caretakers’ self-certification on the application or on another form provided by the Department is verification of immunization or exemption from immunization requirements.” Section 3041.67 relating to Verification of immunization also provides that acceptable verification of immunization is the parent’s or caretaker’s self-certification.

These provisions could be interpreted as allowing children to enter child care facilities without documentation that they have the required immunizations, or an exemption from immunizations. Based on discussion with Department staff, we understand that this is not the intent. The purpose of the provisions in this regulation is to avoid duplication of paperwork requirements. Parents or caretakers will still have to provide immunization records to the child care provider as required by 55 Pa. Code § 3270.131(d)(5). The clarity of Section 3041.46(c) and Section 3041.67 could be improved by adding a cross-reference to the requirements in 55 Pa. Code § 3270.131(d)(5).

9. Section 3041.65. Verification of residence.—Reasonableness.

This section allows a parent or caretaker to self-certify their residency status on applications or eligibility re-determination forms. Self-certification does not require the applicant to supply documentation to support their claim. However, self-declaration does require an applicant to provide documentation within 30 days. Therefore, we recommend that this section be amended to allow a parent or caretaker to self-declare their residency status.

10. Section 3041.85. Record retention.—Need; Reasonableness.

Subsection (b) requires eligibility agencies to maintain records for at least seven years. The existing regulation requires records to be kept for four years. The Department should explain why it is necessary to increase record retention to seven years.

11. Section 3041.145. Self-declaration and reporting.—Clarity

Paragraph (1) requires Temporary Assistance for Needy Families (TANF) and former TANF parents or caretakers to self-declare several eligibility factors. We note that Subsection (d) of Section 3041.63, relating to Self-declaration, requires the parent or caretaker “to provide another form of acceptable verification no later than 30 calendar days following the date the written self-declaration is accepted. . . .” Section 3041.145(1), however, does not require this follow-up verification.

Based on discussions with Department staff, we understand that for families who move immediately from TANF

to the subsidized child care program, follow-up verification is unnecessary because extensive records are maintained by the TANF program. These records would simply transfer to the subsidized child care eligibility agent. However, the regulation does not address follow-up verification for families who do not immediately transfer from TANF to subsidized child care. The final-form regulation should address the verification requirements for these families.

12. Miscellaneous clarity issues.

- Sections 3041.14(b) and 3041.32(1) use the phrase “biological or adoptive parent or stepparent.” This phrase is not defined and differs from the phrase “parent or caretaker” which is used throughout the remainder of the regulation. The final-form regulation should be amended to consistently use the phrase “parent or caretaker.”
- Section 3041.64, relating to verification of income, uses the terms “earned income” and “unearned income.” The final-form regulation should define these terms.
- Section 3041.101, relates to general co-payment requirements. Subsection (e) states that a co-payment is due on the first day of the family’s first full-service week. This conflicts with § 3041.104(f), relating to parent or caretaker co-payment requirements, which states that the co-payment is due on the first day of the service week. The final-form regulation should make these two provisions consistent.
- As published in the *Pennsylvania Bulletin*, there is a typographical error in the heading of the section relating to Notice of overpayment. The numeric heading for this section is printed as “§ 3040.167.” This should be changed to § 3041.167. (Emphasis added.)
- Section 3041.171(6) references “§ 3040.21.” This reference should be changed to § 3041.21. (Emphasis added.) Similarly, Section 3041.171(7) references “§ 3040.22.” This reference should be changed to § 3041.22. (Emphasis added.)
