# READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

## ***Pennsylvania Bulletin***

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

## **Adoption, Amendment or Repeal of Regulations**

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

*Bulletin* before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

## **Citation to the *Pennsylvania Bulletin***

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

## ***Pennsylvania Code***

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

## **How to Find Documents**

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

**GENERAL INFORMATION AND FINDING AIDS: (717) 783-1530**

### Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [ ] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

### Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

### Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

#### § 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

MATTERS**

**Rule 1925. Opinion [is] in Support of Order.****(a) Opinion in support of order.**

(1) **General rule.**—[Upon] Except as otherwise prescribed by this rule, upon receipt of the notice of appeal, the judge who entered the order giving rise to the notice of appeal, if the reasons for the order do not already appear of record, shall forthwith file of record at least a brief opinion of the reasons for the order, or for the rulings or other errors complained of, or shall specify in writing the place in the record where such reasons may be found.

(2) **Children's fast track appeals.**—In a children's fast track appeal:

(i) **The concise statement of errors complained of on appeal shall be filed and served with the notice of appeal required by Rule 905. See Pa.R.A.P. 905(a)(2).**

(ii) **Upon receipt of the notice of appeal and the concise statement of errors complained of on appeal required by Rule 905(a)(2), the judge who entered the order giving rise to the notice of appeal, if the reasons for the order do not already appear of record, shall within 30 days file of record at least a brief opinion of the reasons for the order, or for the rulings or other errors complained of, which may, but need not, refer to the transcript of the proceedings.**

\* \* \* \* \*

(b) **Direction to file statement of errors complained of on appeal; instructions to the appellant and the trial court.** If the judge entering the order giving rise to the notice of appeal ("judge") desires clarification of the errors complained of on appeal, the judge may enter an order directing the appellant to file of record in the trial court and serve on the judge a concise statement of the errors complained of on appeal ("Statement").

(1) **Filing and service.**—Appellant shall file of record the Statement and concurrently shall serve the judge. Filing of record and service on the judge shall be in person or by mail as provided in Pa.R.A.P. 121(a) and shall be complete on mailing if appellant obtains a United States Postal Service [form] **Form 3817, Certificate of Mailing, or other similar United States Postal Service form from which the date of deposit can be verified**, in compliance with the requirements set forth in Pa.R.A.P. 1112(c). Service on parties shall be concurrent with filing and shall be by any means of service specified under Pa.R.A.P. 121(c).

\* \* \* \* \*

**(c) Remand.**

\* \* \* \* \*

(4) In a criminal case, counsel may file of record and serve on the judge a statement of intent to file an *Anders/McClendon* brief in lieu of filing a Statement. If, upon review of the *Anders/McClendon* brief, the appellate court believes that there are arguably meritorious issues for review, those issues will not be waived; instead, the appellate court may remand for the filing of a Statement, a supplemental opinion pursuant to **Rule 1925(a)**, or both. Upon remand, the trial court may, but is not required to, replace appellant's counsel.

\* \* \* \* \*

**Official Note:** Subdivision (a) The 2007 amendments clarify that a judge whose order gave rise to the notice of appeal may ask a prior judge who made a ruling in question for the reasons for that judge's decision. In such cases, more than one judge may issue separate **Rule 1925(a)** opinions for a single case. It may be particularly important for a judge to author a separate opinion if credibility was at issue in the pretrial ruling in question. See, e.g., *Commonwealth v. Yogel*, 307 Pa. Super. 241, 243-44, 453 A.2d 15, 16 (1982). At the same time, the basis for some pre-trial rulings will be clear from the order and/or opinion issued by the judge at the time the ruling was made, and there will then be no reason to seek a separate opinion from that judge under this rule. See, e.g., Pa.R.Crim.P. 581(I). Likewise, there will be times when the prior judge may explain the ruling to the judge whose order has given rise to the notice of appeal in sufficient detail that there will be only one opinion under **Rule 1925(a)**, even though there are multiple rulings at issue. The time period for transmission of the record is specified in Pa.R.A.P. 1931, and that rule was concur-

rently amended to expand the time period for the preparation of the opinion and transmission of the record.

\* \* \* \* \*

#### **Rule 1931. Transmission of the Record.**

##### **(a) Time for transmission.** [ — ]

(1) *General rule*—[ **The** ] **Except as otherwise prescribed by this rule, the record on appeal, including the transcript and exhibits necessary for the determination of the appeal, shall be transmitted to the appellate court within 60 days after the filing of the notice of appeal. If an appeal has been allowed or if permission to appeal has been granted, the record shall be transmitted as provided by Rule 1122 (allowance of appeal and transmission of record) or by Rule 1322 (permission to appeal and transmission of record), as the case may be. The appellate court may shorten or extend the time prescribed by this subdivision for a class or classes of cases.**

(2) *Children's fast track appeals*.—**In a children's fast track appeal, the record on appeal, including the transcript and exhibits necessary for the determination of the appeal, shall be transmitted to the appellate court within 30 days after the filing of the notice of appeal. If an appeal has been allowed or if permission to appeal has been granted, the record shall be transmitted as provided by Rule 1122 (allowance of appeal and transmission of record) or by Rule 1322 (permission to appeal and transmission of record), as the case may be.**

\* \* \* \* \*

(c) *Duty of clerk to transmit the record*.—When the record is complete for purposes of the appeal, the clerk of the lower court shall transmit it to the prothonotary of the appellate court. The clerk of the lower court shall number the documents comprising the record and shall transmit with the record a list of the documents correspondingly numbered and identified with reasonable definiteness. Documents of unusual bulk or weight and physical exhibits other than documents shall not be transmitted by the clerk unless he **or she** is directed to do so by a party or by the prothonotary of the appellate court. A party must make advance arrangements with the clerk for the transportation and receipt of exhibits of unusual bulk or weight. Transmission of the record is effected when the clerk of the lower court mails or otherwise forwards the record to the prothonotary of the appellate court. The clerk of the lower court shall indicate, by endorsement on the face of the record or otherwise, the date upon which the record is transmitted to the appellate court.

\* \* \* \* \*

#### **DISPOSITION WITHOUT REACHING THE MERITS**

##### **Rule 1972. Dispositions on Motion.**

(a) **Except as otherwise prescribed by this rule, [ Subject ] subject to Rule 123 (applications for relief), any party may move:**

\* \* \* \* \*

Any two or more of the grounds specified in this rule may be joined in the same motion. Unless otherwise ordered by the appellate court, a motion under this rule shall not relieve any party of the duty of filing his **or her** briefs and reproduced records within the time otherwise prescribed therefore. The court may grant or refuse the motion, in whole or in part; may postpone consideration

thereof until argument of the case on the merits; or may make such other order as justice may require.

(b) **In a children's fast track appeal, a dispositive motion filed under Paragraphs (a)(1), (a)(2), (a)(5), (a)(6) or (a)(7) of this rule shall be filed within 10 days of the filing of the statement of errors complained of on appeal required by Rule 905(a)(2), or within 10 days of the lower court's filing of a Rule 1925(a)(2) opinion, whichever period expires last, unless the basis for seeking to quash the appeal appears on the record subsequent to the time limit provided herein, or except upon application and for good cause shown.**

1. Within twenty (20) days of the posting of the civil jury trial list, plaintiff's counsel shall contact all other counsel to arrange for a pre-trial conference between counsel which shall be completed within forty-five (45) days of the posting of the aforesaid trial list. Counsel's conference shall be conducted at the Clinton County Courthouse unless all counsel agree to another location. 2. At counsel's conference the following matters shall be accomplished:

a. Counsel shall exchange lists of potential witnesses, their addresses, and a general statement of the proposed testimony of each witness. The lists shall indicate which witnesses will be called and which may be called. Only witnesses so listed will be permitted to testify at trial.

b. Counsel shall examine, number, and list all exhibits which they intend to introduce and use at trial, whether during the case in chief or in rebuttal. Exhibits shall be marked by using the labels then in use by the Court. Any party may use at trial any exhibit listed by any other party. Only exhibits so listed and numbered will be admitted into evidence at trial. Counsel shall make a good faith attempt to agree as to the authenticity and admissibility of exhibits which have been listed and marked. If such an agreement cannot be reached, the objecting party shall state in detail the reasons for an objection together with any authorities in support of that position.

c. Counsel shall agree upon a brief factual statement of the case to be read to the jury as a part of voir dire and submit proposed questions to be used by the Court or counsel in conducting voir dire.

d. Each party shall submit to the other parties, in writing, the principles upon which they intend to rely at trial. If the parties disagree as to the applicability of a particular legal principle, a statement shall be prepared indicating the nature of said disagreement and each party's respective position.

#### **Report of Counsel's Pre-Trial Conference Rule 204**

1. Within ten (10) days of the completion of counsel's conference, plaintiff's counsel shall prepare a report thereof and submit the same to the assigned Judge and counsel. To the extent the report requires information and rules of law pertaining to defendant's case, it shall be the responsibility of defendant's counsel to provide plaintiff's counsel with such data. The report shall contain the following:

a. A statement of the date and place where counsel's conference was held.

b. A list of all prospective witnesses and accompanying data as required by Clinton R.M.P. No. 203(2)(a).

d. The agreed upon brief statement of facts to be read to the jury for voir dire purposes together with each party's proposed questions for voir dire.

e. Plaintiff's statement of the legal principles being relied upon to support the case together with an indication as to whether those principles are in dispute as well as a statement of the legal principles being relied upon by all other parties.

i. A concise statement, in narrative form, from each party as to the basic facts intended to be proven at trial.

j. Proposed special verdict questions which any party anticipates submitting at the time of trial.

#### **Pre-Trial Conference Rule 205**

1. If no objections are filed to the Report of Counsel's Pre-Trial Conference within the time limits prescribed by Clinton R.M.P. No. 204(2), the Court Administrator shall forthwith schedule the matter for a pre-trial conference between the assigned Judge and counsel. This conference shall be attended by counsel who are expected to try the case and who shall either be authorized to enter into a settlement agreement or who shall have in attendance, in person or readily available by telephone, such persons who are empowered to enter into a settlement agreement. The Judge and counsel shall discuss the report of counsel's conference, any possible simplification of the issues, the possible bifurcation of the trial, limitations on the number of expert witnesses, the prospects of settlement, and such other matters as may aid in the trial or disposition of the action.

2. If a party fails to cooperate in the conduct of the pre-trial proceedings mandated by Clinton R.M.P. Nos. 203, 204, and 205, including but not limited to, failure to attend any scheduled conference and/or the inadequate preparation of required documents, such failure shall be deemed to be grounds for the entry of a judgment of non pros or other appropriate default relief.

#### **ARBITRATION AND AWARD Compulsory Submission Rule 401**

All cases which are at issue where the amount in controversy is Fifty Thousand (\$50,000.00) Dollars or less, except those involving title to real estate, shall first be submitted to and heard by a Board of three members of the Bar of this Court, as provided by 42 Pa.C.S.A. 7361. Unless a party has demanded a jury trial, the President Judge may dispense with compulsory arbitration and order the matter tried as a non-jury trial. At such non-jury trial, the parties may proceed pursuant to Pa.R.C.P. 1305 with respect to evidentiary matters.

#### **Arbitrators Rule 402**

1. All members of the Clinton County Bar shall constitute the Board of Arbitrators and all members shall act

as arbitrators. No two members from the same firm or office, or related by blood or marriage, shall serve on the same board, unless this requirement is waived in writing by all parties in interest or their counsel.

2. The Prothonotary shall maintain, in alphabetical order, a list of all members of the Bar. Upon the filing of a praecipe for arbitration, the Prothonotary shall submit a list of five names to the plaintiff or the attorney for the plaintiff. In the event there are additional parties to the proceeding, the Prothonotary shall add an additional name for each additional party. This list shall be in the order in which the names appear on the Prothonotary's list, passing those who are disqualified to the next qualified. The plaintiff may strike one member from the list and forward the list to the defendant who may likewise strike one member. In the event of an additional party or parties, the defendant shall forward the list to that party who may likewise strike one member. When all parties have exercised the right to strike, the list shall be returned to the Prothonotary. In the event a party or parties do not exercise the right to strike, the first three remaining members shall constitute the Board and the first shall be the chairperson. Any stricken member, as well as any disqualified member, shall, in alphabetical order, be at the head of the list for the next and/or subsequent cases.

#### **Consolidation of Actions Rule 403**

When the same transaction or occurrence, or series of transactions or occurrences, gives rise to more than one cause of action and separate actions have been commenced, all such actions shall be consolidated for arbitration, referred to the same board of arbitration, and heard together, unless the amount in controversy in one or more of the actions exceeds Twenty-Five Thousand (\$25,000.00) Dollars, in which case, none of them shall be submitted to arbitration except by the agreement of all parties in writing. It shall be the duty of every board of arbitration, before proceeding with the hearing, to ascertain whether or not any such separate action has been commenced.

#### **Place of Hearing Rule 404**

All hearings shall be held in the Clinton County Courthouse.

#### **Fees of Arbitrators Rule 405**

The fee of the chairperson shall be Two Hundred (\$200.00) Dollars. The fee of each other arbitrator shall be One Hundred Seventy-Five (\$175.00) Dollars. These fees shall be applicable in all cases, including those which have been consolidated as provided under Clinton R.M.P. 403. In cases requiring lengthy hearings or involving unusual questions of law or fact, the Court may, on petition of the arbitrators, increase the fees to an amount which will reasonably compensate them for the services performed.

#### **COSTS**

##### **Bill of Costs Rule 701**

1. Every bill of costs shall set forth the names and addresses of the witnesses, the dates of their attendance, the number of miles actually traveled by each, and the places from which mileage is claimed. To the bill of costs shall be attached any subpoena, endorsed with a return of service on oath or affirmation of the person who served it, setting forth the place where service on each witness was

made, the date of service, and the number of miles actually traveled in making service.

2. Every bill of costs shall be verified on oath or affirmation of the party filing it or their agent or attorney that the witnesses named were actually present in Court on the dates stated and that they were material witnesses.

3. All bills of costs shall be filed, a copy thereof served on the adverse party, and proof of service filed within ten (10) days after the trial or continuance.

4. Any party upon whom a bill of costs has been served may, within five (5) days after such service, file exceptions and request a hearing. Failure to file timely exceptions shall be deemed a waiver of all objections to the bill as filed. The collection of costs will be stayed until the trial judge has decided the matter.

Such Order shall fix the date for hearing and shall provide for at least thirty (30) days' notice in the manner provided in Pa.R.J.A. No. 1901(c).

4. Unless otherwise ordered, record costs in any dismissed criminal case shall be taxed to the county, and in any other case to the plaintiff, petitioner, or party initiating the proceeding.

## Title 58—RECREATION

STATE ATHLETIC COMMISSION  
[ 58 PA. CODE CH. 29 ]

### Mixed Martial Arts

The State Athletic Commission (Commission) amends its regulations to add Chapter 29 (relating to mixed martial arts) to read as set forth in Annex A.

Notice of proposed rulemaking was published at 38 Pa.B. 2155 (May 10, 2008). Publication was followed by a 30-day public comment period, during which the Commission received no public comments or comments on the proposed regulations from the House or Senate State Government Committees (Committees). The Independent Regulatory Review Commission (IRRC) submitted comments to the proposed rulemaking on July 9, 2008.

#### A. *Effective Date*

The final-form rulemaking will be effective February 27, 2009.

#### B. *Statutory Authority*

The final-form rulemaking is authorized under section 5 Pa.C.S. § 103(b)(1) (relating to duties of commission), which authorizes the Commission to establish policy and promulgate rules and regulations regarding professional and amateur boxing contests and exhibitions and all matters pertaining thereto. The regulations are further authorized by 5 Pa.C.S. § 302 (relating to definitions), which defines boxing as “the act of attack and defense with the fists, practiced as a sport. The term includes all variations of the sport permitting or using other parts of the human body, including, but not limited to, the foot, knee, leg, elbow or head.”

#### C. *Comments Received*

The only comments received were from IRRC. The Commission responds to all IRRC's comments in the order in which they were raised:

#### *Referees*

IRRC questioned whether there would be enough qualified referees to officiate all of the matches, if the number of professional and amateur contestants and the number of events held each year is greater than the Commission estimates. IRRC also asked what implementation procedures are in place to ensure that a sufficient number of qualified referees are available for this new form of competition.

Like IRRC, the Commission also believes that having a sufficient number of qualified referees familiar with the regulations and other safety protocols is essential to protecting the health and safety of the contestants. The Commission has begun the process of cross-training some of its currently-licensed professional boxing referees to referee mixed martial arts (MMA) events, by sending the Pennsylvania officials to training programs in New Jersey and Ohio. The athletic commissions of those two neighboring states have adopted MMA rules very similar to those adopted by this rulemaking. When training of MMA officials begins in this Commonwealth, the Commission will utilize as instructors a list of referees and judges licensed in Ohio and New Jersey who are specifically recommended to the Commission by the athletic commissions of these states. The Commission also retains a list of qualified referees and judges from New Jersey and Ohio who would be available for licensure and work in this Commonwealth if needed. Finally, under § 29.17(c) (relating to promoter licensing and bonding requirements), the Commission reserves the right to limit the number of MMA events per month to ensure the proper regulation of each event.

IRRC also questioned whether the rules for boxing referees found in § 21.11 (relating to referees), which apply to MMA referees, are sufficient to ensure that MMA referees are adequately trained and prepared to officiate an MMA contest.

The existing rules in § 21.11 are sufficient to protect contestant health, safety and welfare in MMA events. The referee rules are quite detailed in their scope and provide that referees serve an apprenticeship of at least 3 months, as well as work and undergo instruction under the direction of licensed officials under conditions and occasions that the Commission designates. See § 21.11(b)(2). The powers and duties of the referees are clearly spelled out in the regulation in § 21.11(c), and include the requirement to continually and carefully observe the physical condition of the participants. Whether the event is boxing, kickboxing or mixed martial arts, the referee has full and final responsibility (either at his own discretion or upon direction from the attending physician) to immediately halt a contest when the safety of a participant is jeopardized. See § 21.11(c)(6). Referees have absolute authority to interrupt a round in the event of injury to a participant and request that the attending physician examine and rule upon the condition of the injured contestant. See § 21.11(c)(7). The Executive Director of the Commission is charged with training, supervision, ensuring adherence to procedures and monitoring operations of officials. See 5 Pa.C.S. § 105(3) and § 3.1(b) and (e). The Commission, through its Executive Director, will make its expectations clear to all referees in the course of mandatory training and will not permit those who are unable to satisfactorily perform the duties required under § 21.11 to act as referees.

*Commission approvals*

IRRC noted several places in the regulations which state that approval from the Commission is needed for contestant equipment, ring set-up and other match-related items, and asserted that it is not clear how these approvals will be granted by the Commission. IRRC recommended that the final-form regulations should specifically state how contestants and promoters must obtain the approvals required through these regulations.

The Commission's existing regulations are replete with the requirement for Commission approval on most aspects of competition: from boxer-manger contracts (§ 21.1(d)); the time, place and duration of events (§ 21.4(g) and § 5.2(b)); matchups (§ 3.1(h)); ring flooring material and deviations to the ring size (§ 21.3); gloves and other equipment (§ 21.4(d) and § 21.8(m)(4)); changes to an already-established program (§ 21.4(h)), to name a few. The existing boxing regulations, which will apply to mixed martial arts unless otherwise provided under Chapter 29, do not always specify the manner of approval. The type and manner of Commission approval varies with the event or object to be approved. Typically, Commission approvals of contracts, events permits, and duration of rounds are done well ahead of the event and in writing. But as the date of the event draws closer, approvals are typically done on a verbal basis, due to time constraints. The Commission stresses the fluidity of boxing events: match-ups may change at the last minute as opponents fail to make weight or do not clear medical requirements on the day of the fight. Ring setup occurs the morning of the event; gloves and other equipment are observed by Commission representatives shortly before the start of each fight. The Commission anticipates that the same time constraints will be present at MMA events as well. Additionally, while the Executive Director of the Commission is onsite at and directing nearly every boxing event, the Secretary or the Executive Director may designate Commission or Department staff to act on behalf of the Executive Director at events under the jurisdiction of the Commission. See § 1.3(g). Therefore, the Commission feels that it is impractical and unduly restrictive to the Commission and participants alike to specify the exact procedures for many of the approvals in question, including those in §§ 29.4(b)(4), (c)(4) and (6), 29.25(a) and (b), and 29.26(a). The Commission also notes that the Commission approval language of §§ 29.4(b)(4), (c)(4) and (6) and 29.25(a) and (b) conforms to similar provisions in the boxing regulations in Chapter 21 (relating to professional boxing). However, the Commission will amend §§ 29.9(a)—(d) and 29.27(a)—(f) to conform to existing boxing language on gloves in § 21.4(d), to provide more clarity and specificity to contestants and promoters.

*Fees*

IRRC noted that § 29.3(b) requires a professional contestant to be licensed by the Commission and recommended that the Commission add a cross-reference to the appropriate boxing fees.

The Commission has made this change by adding § 29.3(f) to make clearer that all boxing fees contained in Chapter 13 (relating to bonds and fees) of the Commission's current regulations apply to MMA events and licensees, unless otherwise specified by Chapter 29.

*Commission-approved forms*

IRRC noted that §§ 29.3(c) and 29.22(d) require debut contestants to complete a "Commission-approved form." IRRC recommended that the final-form regulations should state how this form is obtained.

The Commission has made this change by adding text to those sections making it clear that the form may be obtained by request from the Commission office or on-line at the Commission's web site at [www.dos.state.pa.us/sac](http://www.dos.state.pa.us/sac).

*Cleaning of ring or fenced area*

IRRC wrote that § 29.4(d) requires the promoter to "thoroughly clean" the ring area after each match and that the final-form regulation should specify acceptable methods for cleaning the ring and whether the Commission intends for the ring area to be disinfected or merely washed down between matches.

Because there will be more competitor skin contact with the mat in mixed martial arts than in boxing, the ring area is to be both cleaned and disinfected between matches. The Commission has made this change to require disinfection, as well as cleaning, of the ring or fenced area. The Commission finds it unnecessary to specify acceptable methods for cleaning the ring, although it notes that typical methods of cleaning are wiping and mopping.

*Duration of rounds*

IRRC commented that § 29.5(a) and (b) include the phrase "except with the permission of the Commission or the Executive Director." IRRC questioned whether both written and oral permission were permitted and recommended that the final-form regulation clarify this point.

Permission in these subsections may be either written or oral. The Commission has made this change. The Commission has also made this change to the corresponding amateur rules on duration of rounds in § 29.25(a) and (b).

*Acts constituting fouls/flagrant fouls*

IRRC commented that it is not clear what constitutes a "flagrant foul" under §§ 29.12(a) and 29.29(a), noting that the term is not defined in this section, in § 29.2 (relating to definitions) or in 5 Pa.C.S. § 302 (relating to definitions). IRRC suggested that this term be defined in the final-form regulation.

The Commission notes that neither the term "foul" nor "flagrant foul" is defined in Chapter 29, in 5 Pa.C.S. § 302 or in the Commission's regulations in § 1.1 (relating to definitions). However, a list of fouls for boxing is provided in § 21.16 (relating to safety code) and for kickboxing in § 25.6 (relating to weight classes of contestants). Fouls in boxing, kickboxing and MMA may be accidental or intentional. A flagrant foul in MMA is an intentional foul—using any foul technique enumerated under §§ 29.12(b) or 29.29(b) that causes harm or injury to an opponent, after which the injured contestant may not be able to continue with competition. This concept is already contained in the boxing regulations in § 21.5 (relating to scoring system), in which a boxer may be disqualified if he "inflicts, by foul means, a crippling injury upon his opponent so that the latter is adjudged incapable of continuing the contest." See § 21.5(c). The Commission has added this definition to § 29.2 and incorporated the language of § 21.5(c). A flagrant foul tends to be, but is not always, a stand-alone separate act. An example of a foul which is not flagrant would be one which is committed inadvertently, in the process of or at the end of a legitimate move.

*Promoter licensing and bonding requirements*

IRRC questioned whether the 10-day notice required in § 29.17(3) should be received by the Commission "at least 10 days in advance of the event" or merely should be postmarked by that date.

The Commission clarifies this notice requirement in the final-form regulation by specifying that notification should be received by the Commission at least 10 days in advance of the event.

With regard to the requirement in § 29.17(3) that promoters must receive written approval from the Commission to hold the event on the specified date, IRRC asked in what time frame the Commission will respond with the approval.

The approval procedure is the same as what the Commission presently requires for boxing and kickboxing events. The Commission office typically responds to the requests within 1–2 days.

#### D. Fiscal Impact and Paperwork Requirements

The final-form regulations will have no adverse fiscal impact on the Department of State or the Commission, because the Commission is self-supporting and uses no General Fund moneys. While the Commission will incur additional costs in enforcing the regulations, the Commission expects revenues generated from the 5% tax on gross gate receipts will pay for the enforcement. The regulations will also have no adverse fiscal impact on the Commonwealth or its political subdivisions. Any additional paperwork requirements upon the Commonwealth or the private sector will be limited to applying for and maintaining licensure for mixed martial arts licensees (contestants, promoters, referees, judges and timekeepers). The regulations will have no adverse fiscal impact on the boxers, boxing and wrestling promoters, referees, judges and timekeepers which the Commission currently regulates.

#### F. Sunset Date

The Commission and the Department monitor the regulations of the Commission on a continuing basis. Therefore, no sunset date has been assigned.

#### H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 24, 2008, the Department submitted copies of the notice of proposed rulemaking, published at 38 Pa.B. 2155 to IRRC and the Committees for review and comment.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), these final-form regulations were deemed approved by the Committees on December 17, 2008. Under section 5.1(e) of the Regulatory Review Act, IRRC met on December 18, 2008, and approved the final-form regulations.

#### I. Additional Information

## Applications, Actions and Special Notices

### APPLICATIONS

#### THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

#### APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a general permit. The applications concern, but are not limited to, discharges related to industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFOs). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal waste; discharge into groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 individual permits and individual stormwater construction permits in Sections IV and VI, the Department, based upon preliminary reviews, has made a tentative determination of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on an NPDES application are invited to submit a statement to the regional office noted before an application within 30 days from the date of this public notice. Persons wishing to comment on a WQM permit application are invited to submit a statement to the regional office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. Comments should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for a public hearing on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995

#### PREAMBLE 1

**Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the Background Standard, Statewide Health Standard, the Site-Specific Standard or who intend to remediate a site as a special industrial area must file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one, a combination of the cleanup standards or who receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person

shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a Site-Specific Standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the sites identified, proposed for remediation to a Site-Specific Standard or as a special industrial area, the municipality within which the site is located may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office before which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

#### **AIR QUALITY**

##### **PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS**

##### **NEW SOURCES AND MODIFICATIONS**

The Department of Environmental Protection (Department) has developed an "integrated" plan approval, State operating permit and Title V operating permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit all the permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department has received applications for plan approvals and/or operating permits from the following facilities.

Copies of the applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office identified in this notice. Persons interested in reviewing the application files should contact the appropriate regional office to schedule an appointment.

Persons wishing to receive a copy of a proposed plan approval or operating permit must indicate their interest to the Department regional office within 30 days of the date of this notice and must file protests or comments on a proposed plan approval or operating permit within 30 days of the Department providing a copy of the proposed document to that person or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that a hearing be held concerning the proposed plan approval and operating permit. Comments or protests filed with the Department regional offices must include a concise statement of the objections to the issuance of the Plan approval or operating permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office identified before the application. TDD users should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final plan approvals and operating permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121–143, the Federal Clean Air Act (act) and regulations adopted under the act.

Code §§ 127.44(b) and 127.424(b), the Department of Environmental Protection (Department) intends to issue Plan Approval 20-123D to Lord Corporation for the installation of up to three hand spray booths and associated preheat ovens at the company's facility located at 124 Grant Street, Cambridge Springs Borough, Crawford County. The facility currently has a Title V permit No. 20-00123. The Plan Approval will subsequently be incorporated into the Title V Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450.

Plan Approval No. 20-123D is for the installation of up to three hand adhesive spray booths and associated preheat ovens. Based on the information provided by the applicant and the Department's own analysis, the proposed sources will emit a total of 21.63 tons of VOCs per year and 0.005 ton of PM per year, all of which will be less than PM<sub>10</sub>. This proposed installation will not result in an overall increase in production, as these units will be used as an alternative to the No. 3 and No. 4 Binks Spray Lines (Source ID's 104 and 105). The total VOC emissions limit of 127 tpy, covering the totals from Source ID's 102–105, 107, 119, 108A-F and also the new units, has not been increased.

The Plan Approval will contain additional recordkeeping and work practice requirements designed to keep the facility operating within all applicable air quality requirements. This proposed installation will additionally be subject to 40 CFR 63, Subparts Mmmm and Pppp, the applicable requirements of which will be contained in the Plan Approval.

Copies of the application, the Department's analysis and other documents used in the evaluation are available for public inspection between 8 a.m. and 4 p.m. weekdays at the address shown. To make an appointment, contact Records Management at (814) 332-6340.

Anyone wishing to provide the Department with additional information they believe should be considered may submit the information to the address shown. Comments must be received by the Department within 30 days of the last day of publication. Written comments should include the following:

1. Name, address and telephone number of the person submitting comments.
2. Identification of the proposed Plan Approval; No. 20-123D.
3. Concise statement regarding the relevancy of the information or any objections to issuance of the Plan Approval.

A public hearing may be held, if the Department, in its discretion, decides that such a hearing is warranted on the comments received during the public comment period. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a local newspaper of general circulation or the *Pennsylvania Bulletin* or by telephone, where the Department determines notification is sufficient. Written

comments or requests for a public hearing should be directed to John Guth, Regional Air Quality Manager, Department of Environmental Protection, Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, (814) 332-6940.

## COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Act (52 P. S. §§ 30.51—30.66); The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.21). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (Department). A copy of the application is available for inspection at the District Mining Office indicated above each application. Where a 401 Water Quality Certification is needed for any aspect of a particular proposed mining activity, the submittal of the permit application will serve as the request for the certification.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or local government agency or authority to the Department at the address of the district mining office indicated above each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections related to a mining permit application should contain the name, address and telephone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

Requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code §§ 77.123 or 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. The Department has made a tentative determination to issue the NPDES permit in conjunction with the mining activity permit, but the issuance of the NPDES permit is contingent upon the approval of the associated mining activity permit.

For coal mining activities, NPDES permits, when issued, will contain effluent limits that do not exceed the technology-based effluent limitations. The proposed limits are listed in Table 1.

For noncoal mining activities, the proposed limits are found in Table 2. Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description below specifies the parameters. The limits will be in the ranges specified in Table 1.

More restrictive effluent limitations, restrictions on discharge volume, or restrictions on the extent of mining that may occur, will be incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation—Memorandum of Understanding Concerning Water Quality Management, NPDES Program Implementation and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Loads (TMDLs).

Persons wishing to comment on an NPDES permit application should submit a statement to the Department at the address of the district mining office indicated previously each application within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92.61. The request or petition for a public hearing shall be filed within 30 days of this public notice and shall contain the name, address, telephone number and the interest of the party filing the request, and shall state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES

permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. In the case where a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

The Department of Environmental Protection (Department) has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and Notices of Intent (NOI) for coverage under general permits. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act.

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or amendment
Section III	WQM	Industrial, sewage or animal wastes; discharges to groundwater
Section IV	NPDES	MS4 individual permit
Section V	NPDES	MS4 permit waiver
Section VI	NPDES	Individual permit stormwater construction
Section VII	NPDES	NOI for coverage under NPDES general permits

Sections I—VI contain actions related to industrial, animal or sewage wastes discharges, discharges to groundwater and discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities and concentrated animal feeding operations (CAFOs). Section VII contains notices for parties who have submitted NOIs for coverage under general NPDES permits. The approval for coverage under general NPDES permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions set forth in each general permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions set forth in the respective permit. Permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal, under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to the Administrative Agency Law), to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge an action, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

**The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).**

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. ## FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (Department) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

**Request for Comment and Notice of Public Meeting.  
Proposed Total Maximum Daily Load (TMDL) for  
the Redbank Creek Watershed in Jefferson, Clarion  
and Armstrong Counties**

The Department of Environmental Protection (Department) is holding a public meeting to discuss and accept comments on proposed TMDL for the Redbank Creek Watershed in Jefferson, Clarion and Armstrong Counties. The meeting will be held on March 10, 2009, beginning at 9 a.m. at the Knox District Office in Knox, PA. The proposed TMDL was developed in accordance with the requirements of The Clean Water Act, section 303(d). One stream segment in the Redbank Creek Watershed has been identified as impaired on the 1996 Pennsylvania 303(d) list due to high concentrations of metals and depressed pH. The listed segment and miles degraded are shown in the following table:

<i>Stream Code</i>	<i>Stream Name</i>	<i>Miles Degraded</i>
48064	Redbank Creek	1.4

The proposed plans provide calculations of the stream's total capacity to accept metals (aluminum, iron, manganese and acidity), pH and maintain levels below water quality criteria. The applicable water quality criteria are as follows:

<i>Parameter</i>	<i>Criterion value (mg/l)</i>	<i>Total Recoverable/ Dissolved</i>
Aluminum	0.75	Total Recoverable
Iron	1.5	Total Recoverable
Manganese	1.00	Total Recoverable
pH	6.0 to 9.0	NA

The primary pollutant source for the Redbank Creek Watershed is abandoned mine workings. The watershed was heavily mined for coal in the late 19th century and mining continues on a smaller scale today. The effects of this are still present. The TMDL consists of load allocations, which are made to nonpoint sources of pollution and waste load allocations which are established for permitted point sources.

The TMDL was developed using Monte Carlo Simulation to determine long-term average concentrations that each stream segment could accept and still meet water quality criteria 99% of the time. Monte Carlo Simulation allows for the expansion of a data set based on its statistical makeup. Since there was no critical flow condition where criteria were exceeded, the Department used the average flow to express the loading values in the TMDL.

The TMDL sets allowable loading rates for metals and acidity at specified points in the watershed. The basis of information used in the establishment of this TMDL is field data collected over a year period.

The data and all supporting information used to develop the proposed TMDL are available from the Department. To request a copy of the proposed TMDL and an information sheet, contact Ely Heferle, Water Pollution Biologist, Knox District Mining Office, White Memorial Building, P. O. Box 669, Knox, PA 16232-0669, (814) 797-1191. E-mail will be received at eheferle@state.pa.us. Directions to the Knox District Office can also be obtained by contacting this address.

The proposed TMDL for the Redbank Creek Watershed can be accessed through the Department's web site

(www.dep.state.pa.us) by typing "TMDL" in the DEP Keyword field and clicking GO.

Written comments will be accepted at the previous address and must be postmarked by April 1, 2009. Persons who plan to make a presentation at the public meeting should notify the Department no later than 4 p.m. Monday, March 9, 2009. The Department will consider all comments in developing the final TMDL, which will be submitted to the Environmental Protection Agency for approval.

Persons with a disability who require accommodations to attend this meeting should contact the Department at (814) 797-1191 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users) to discuss how the Department may accommodate their needs.

**Request for Comment and Notice of Public Meeting.  
Proposed Total Maximum Daily Load (TMDL)s for  
the Lower Clarion River and Deer Creek  
Watersheds in Clarion County**

The Department of Environmental Protection (Department) is holding public meetings to discuss and accept comments on proposed TMDLs for the Lower Clarion River and Deer Creek Watersheds in Clarion County. The meetings will be held on February 24, 2009, beginning at 9 a.m. at the Knox District Office in Knox, PA. The proposed TMDLs were developed in accordance with the requirements of The Clean Water Act, section 303(d). One stream segment in the Lower Clarion River Watershed and one segment in the Deer Creek Watershed have been identified as impaired on the 1996 Pennsylvania 303(d) list due to high concentrations of metals and depressed pH. The listed segments and miles degraded are shown in the following table:

<i>Stream Code</i>	<i>Stream Name</i>	<i>Miles Degraded</i>
49224	Clarion River	4.3
49407	Deer Creek	10.6

The proposed plans provide calculations of the stream's total capacity to accept metals (aluminum, iron, manganese and acidity), pH and maintain levels below water quality criteria. The applicable water quality criteria are as follows:

<i>Parameter</i>	<i>Criterion value (mg/l)</i>	<i>Total Recoverable/ Dissolved</i>
Aluminum	0.75	Total Recoverable
Iron	1.5	Total Recoverable
Manganese	1.00	Total Recoverable
pH	6.0 to 9.0	NA

The primary pollutant source for these watersheds is abandoned mine workings. These watersheds were heavily mined for coal in the late 19th century and mining continues on a smaller scale today. The effects of this are still present. The TMDL consists of load allocations, which are made to nonpoint sources of pollution and waste load allocations which are established for permitted point sources.

Monte Carlo Simulation allows for the expansion of a data set based on its statistical makeup. Since there was no critical flow condition where criteria were exceeded, the Department used the average flow to express the loading values in the TMDLs.

The TMDLs set allowable loading rates for metals and acidity at specified points in the watershed. The basis of information used in the establishment of this TMDL is field data collected over a 2 year period.

The data and all supporting information used to develop the proposed TMDLs are available from the Department. To request a copy of the proposed TMDLs and an information sheet, contact Ely Heferle, Water Pollution Biologist, Knox District Mining Office, White Memorial Building, P. O. ### Coastal and Estuarine Land Acquisition Conservation Program; Federal Fiscal Year 2010 Grant Solicitation

The Coastal Resources Management Program of the Department of Environmental Protection (Department) is soliciting land acquisition grant proposals to submit to

the National Oceanic and Atmospheric Administration (NOAA) through the Coastal and Estuarine Land Conservation Program (CELCP). This solicitation is for preliminary candidate proposals and is for funding awards under NOAA's Federal Fiscal Year 2010 Funding cycle.

CELCP places an emphasis on "ecologically valuable" lands. The geographic areas covered by CELCP are the designated Delaware Estuary Coastal Zone Watershed and the Lake Erie Coastal Zone Watershed. Grant applications may be made for the purchase of land acquisitions or interests; these may be in fee-simple title or as conservation easements. A major condition of the CELCP Program is that the title or easement must be held by a governmental/public entity. Further, grant awards must be matched dollar-for-dollar (may include in-kind match but not other Federal funds) and are capped at \$3 million each (Federal share). Land trusts may hold subeasements for management and stewardship on CELCP-funded properties and may assist in the development of proposals, but they may not hold title to any property acquired with CELCP funds.

Each coastal state may nominate up to three candidate projects to NOAA for this National, competitive process. The Department will select the three Pennsylvania candidate projects for submission to NOAA employing the guidelines issued by the Federal agency. NOAA will develop a ranked list of projects eligible for funding. Once NOAA receives final appropriations from the United States Congress, the agency will make final determinations as to which projects are selected for funding within amounts available. Federal funding awards, based upon the final CELCP funding appropriated, are expected to be made between March 1, 2010, and October 1, 2010.

The Federal Funding Opportunity (FFO) Announcement, *Federal Register* notice, Description and Scope of Work Formats and CELCP Checklist will be listed on the Department's web site at [www.depweb.state.pa.us](http://www.depweb.state.pa.us) (DEP Keywords "Coastal Zone Management Program/Coastal Zone") as soon as NOAA publishes the materials. These materials contain detailed information about the grant application submission and review process. Applications should follow the format listed in the FFO. The FFO Announcement also contains several links to the NOAA CELCP web site for further explanations of program requirements and additional guidance. In addition, the web site contains the Pennsylvania CELCP plan, as reference for applicants submitting proposals. Applicants should closely review the *Federal Register* notice, FFO and Pennsylvania CELCP plan to understand eligibility requirements, ranking criteria and the types of acquisition projects the program may fund.

Proposals must be submitted no later than March 2, 2009, to Jeff Dewey, Department of Environmental Protection, Water Planning Office, P. O. Box 2063, 400 Market Street, Harrisburg, PA 17105-2063, and must include the following:

1. A project description.
2. Scope of work.
3. Proposed budget.
4. A project application checklist.
5. Maps of the site/project location.

Additionally, applicants may submit supplemental materials listed in the Federal announcement, such as a copy of a property appraisal, title opinion or evidence of a willing seller.

For additional information, contact Chris Linn at the Delaware Valley Regional Planning Commission, (215)

#### COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities

within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other Bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That A Philadelphia Airport Connect, respondent, maintain its principal place of business at 5 Carre Avenue, Essington, PA 19029.

2. That respondent was issued a certificate of public convenience by this Commission on August 22, 2001, at Application Docket No. A-00117577.

3. That, on September 7, 2004, the Bureau of Transportation and Safety instituted a complaint at A-00117577C0401 against respondent alleging that respondent violated 52 Pa. Code § 3.3811(a)(1)(v) for failing to file an application with this Commission prior to abandoning or discontinuing service. The complaint was served on respondent on September 24, 2004.

4. That an answer was filed on October 18, 2004, which denied the allegations in the complaint and requested the Commission to dismiss the Complaint. Therefore, by Opinion and Order entered October 25, 2007, the complaint was sustained and a Settlement Agreement was approved. Respondent was ordered to pay a civil penalty of five hundred dollars (\$500). The Order was sent by Certified Mail and served on respondent on October 27, 2007. To date, no payment was made on the \$500.00 fine.

A certificate holder has an obligation to comply with the Commission's rules and regulations. A certificate of public convenience is neither a contract nor a property; it is a privilege. Where that privilege is violated, the Commission may, for due cause, exercise its power to revoke a carrier's privilege to operate. *Paradise v. Pennsylvania Public Utility Commission*, 132 A.2d 754, 184 Pa. Superior Court 8 (1957).

Wherefore, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission issue an Order which revokes the Certificate of Public Convenience held by respondent at Docket No. A-00117577 and fines respondent the sum of two hundred and fifty dollars (\$250.00).

## Tentative Order

Public Meeting held  
December 18, 2008

*Commissioners Present:* James H. Cawley, Chairperson; Tyrone J. Christy, Vice Chairperson; Robert F. Powelson; Kim Pizzingrilli; Wayne E. Gardner

*Petition of Laceyville Borough for a Declaratory Order that its Provision of Water Service to an Isolated Group of Customers does not Constitute the Provision of Public Utility Service Under 66 Pa.C.S. § 102; Doc. No. P-2008-2064117*

## Tentative Order

*By the Commission:*

On September 17, 2008, Laceyville Borough (the Borough or Laceyville) filed the above-captioned petition for declaratory order. In accordance with 52 Pa. Code § 5.42, the Borough served a copy of its petition on the Office of Consumer Advocate, the Office of Trial Staff, the Office of Small Business Advocate, and on each of the 17 affected customers located outside of Laceyville's corporate boundaries. No answers were filed to Laceyville's petition.

Section 331(f) of the Public Utility Code, 66 Pa.C.S. § 331(f), provides that the Commission "may issue a declaratory order to terminate a controversy or remove uncertainty." By its petition, the Borough seeks a determination that its provision of water service to the 17 customers that are physically proximate to the Borough, but not within the corporate boundaries of the Borough, is not subject to Commission jurisdiction. The Borough asserts that the service it provides to these 17 customers is not service "to or for the public" within the meaning of section 102 of the Public Utility Code, 66 Pa.C.S. § 102.

In its petition, the Borough notes that its water supply is located in an adjacent municipality, Braintrim Township. With the exception of the water main leading from the water supply to the Borough, all of the Borough's water mains are located within the municipal boundaries of the Borough. The Borough serves 17 residential water service connections outside the Borough's municipal boundary. These extraterritorial customers own property that is in close proximity to the Borough's water mains and are connected thereto by one and two-inch lateral service lines.

By letter dated November 18, 2008, the Borough states that while the 17 customers outside of the Borough's corporate limits receive service at the same terms as customers that reside inside Borough boundaries, the rates to customers outside of the Borough's corporate limits are substantially lower than the rates charged to Borough residents.<sup>1</sup>

Furthermore, the Borough asserts in its Petition that 15 of the 17 extraterritorial connections to the Borough's water system were made in the mid 1960s, although the exact date is unknown. The two additional extraterritorial connections along the same water main were added in 1995 in conjunction with a Laceyville Borough Municipal Authority sewer project that brought public sewer to these two residents. On this specific issue, it is clarified in the Petition that the Borough did not solicit the extraterritorial customers, rather, because of sulfur in the water table, the extraterritorial customers requested to

<sup>1</sup> At the August 5, 2008 meeting, Borough Council raised the water rate to a quarterly fee of \$10.00 plus \$4.00 per thousand gallons for those customers within the geographical boundaries of the Borough. Rates for extraterritorial customers remained unchanged, i.e., a flat semiannual fee of \$10 plus \$2.00 per thousand gallons.

connect to the Borough's water supply which has been treated to remove sulfur. We agree that under these circumstances, it is appropriate to issue a Declaratory Order in response to the subject petition.

In support of its petition, the Borough states that it is currently subject to the Commission's jurisdiction and complies with the Commission's reporting and tariff requirements.<sup>2</sup> The Borough states that these requirements are unreasonably burdensome given that the Borough only serves 17 extraterritorial customers. The Borough seeks to avoid these requirements, but at the same time retain service to the existing extraterritorial customers. The Borough notes that it has existing water supply issues that resulted in the declaration of an emergency in January 2008. To this end, the Borough is currently in the process of installing a new well at considerable expense. In addition to the 17 extraterritorial customers the Borough has 145 connections within the Borough.

In its petition, the Borough alleges that all of the customers in question are located in Braintrim Township. The nearest alternative water purveyor to the 17 customers, other than the Borough, is the Wyalusing Municipal Authority, which is located approximately eight miles from the extraterritorial customers of Laceyville. To the best of the Borough's knowledge, Wyalusing is not interested in connecting the extraterritorial customers of Laceyville to its system.

In further support of its petition, the Borough states that it has not solicited any potential customers outside of its municipal limits and does not intend to solicit any in the future. In addition, the Borough has passed a resolution that provides that the Borough will apply the same rules, regulations, and rates to the customers outside as those within Borough limits. Attached to the petition is an affidavit of the President of Borough Council stating that the Borough will not repeal or sunset the aforementioned resolution without advising the Commission regarding same. These commitments were made to ensure that the 17 extraterritorial customers will not be subject to potential discrimination without the opportunity for Commission oversight.

The Borough submits that its circumstances are similar to those presented to the Commission in the matters of *Lehigh Valley Cooperative Farmers v. City of Allentown*, 54 Pa. P.U.C. 495 (1980) and *Petition of New Albany Borough*, Docket No. P-00991775, 200 Pa. PUC Lexis 34 (2000), wherein the Commission concluded that service to a number of isolated individuals outside of the municipal boundaries under special circumstances did not constitute public utility service subject to the Commission's jurisdiction. We agree.

In *Lehigh Valley* and *New Albany Borough*, the Commission reiterated that the test to determine whether a party is rendering service to the public is set forth in *Borough of Ambridge v. Pa. Public Service Commission*, 165 A. 47 (Pa. Super. 1933). In *Ambridge*, the Commission noted,

We find the distinction between public and private rendition of such service put definitely on the readiness to serve all members of the public to the extent of capacity: The test is, therefore whether or not such person holds himself out, expressly or impliedly, as engaged in the business of supplying his product or service to the public, as a class, or to any limited portion of it, as contradistinguished from holding

himself out as serving or ready to serve only particular individuals. The public or private character of the enterprise does not depend, however, upon the number of persons by whom it is used, but upon whether or not it is open to the use and service of all members of the public who may require it, to the extent of its capacity; and the fact that only a limited number of persons may have occasion to use it does not make it a private undertaking if the public generally has a right to such use.

See also, *Petition of Chicora Borough*, P-00981355 (May 22, 1998).

More recently, the Commission applied the same rationale in *Joint Application of Seven Fields Development Corporation*, A-220007 and A-210062F2000 (October 1, 1999). In that case, the Commission granted an application filed by a jurisdictional utility seeking to transfer its assets used in the operation of its water system to the Borough of Seven Fields. The Commission noted that the borough would be providing water service to three customers that were located outside of the borough's limits. Moreover, the Commission took note of the fact that the borough committed to continue providing water service solely to these three customers at the same terms of service as are or will be offered to customers within the boundaries of the borough. Also, as in the instant case, the Borough of Seven Fields presented an affidavit to the effect that it did not intend to offer service to the general public outside of its boundaries in the future. In the *Seven Fields* case, the Commission concluded that the limited nature of water service to such a defined group of customers should not realistically be subject to its jurisdiction. (Order at p.4).

Most recently, in *Pilot Travel Center, LLC v. Pa. Public Utility Commission*, 933 A.2d 123 (Pa. Cmwlth. 2007), appeal denied, 938 A.2d 1054 (Pa. 2007), the Commonwealth Court, in affirming the Commission's view on this issue, concluded:

The test for determining whether utility services are being offered "for the public" is whether or not such person holds himself out, expressly or impliedly, as engaged in the business of supplying his product or service to the public, as a class, or to any limited portion of it, as distinguished from holding himself out as serving or ready to serve particular individuals. The private or public character of a business does not depend upon the number of persons who actually use the service; rather, the proper characterization rests upon whether or not the service is available to all members of the public who may require it.

933 A.2d at 128.

In applying the standards enunciated in *Ambridge*, *Lehigh Valley*, *Seven Fields* and *Pilot Travel Center* to the facts of the case *sub judice*, we find that the limited extraterritorial service provided by the Borough is not subject to Commission jurisdiction. The extraterritorial service being provided by the Borough is provided to a limited number of customers and is not available to the general public. Moreover, the Borough clearly states that it will continue to provide service solely to the 17 customers that it is presently serving outside of its boundaries and that it is not soliciting additional customers. In our opinion, such service does not constitute the provision of water service to or for the public.

<sup>2</sup> Although Commission staff was unable to determine the date of certification, Commission records show that the Borough has been filing annual reports since 1958.

Finally, we note our expectation that an express condition of this exemption is that the Borough apply the same rates outside as well as within Borough limits. We also note that if Laceyville Borough's certificate of public convenience is canceled, the 17 extraterritorial customers will no longer be served by a jurisdictional municipal corporation and, as such, will not have recourse to the Commission's consumer protections. Rather, their recourse will be with the local government and courts of common pleas.

Under these circumstances, no certificate of public convenience is needed by the Borough and, absent any contrary responses from concerned parties, this Commission will cancel the operating authority issued to Laceyville Borough; *Therefore,*

*It Is Ordered:*

1. That the Petition for Declaratory Order filed by Laceyville Borough on September 17, 2008, at P-2008-2064117 is hereby granted.

2. That the provision of water service by Laceyville Borough to the 17 customers located outside of the Borough's boundaries is deemed to be non-jurisdictional because it is not service "to or for the public" within the intentment of Section 102 of the Public Utility Code, 66 Pa.C.S. § 102.

3. That a copy of this Tentative Order shall be served upon Laceyville Borough and upon each of the 17 customers listed in Laceyville's certificate of service.

4. That the Secretary shall certify this Tentative Order and deposit it with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

5. That Laceyville Borough is directed to cause to be published in a newspaper of general circulation in the Laceyville Borough area, notice of this Tentative Order and of the Commission's intent to cancel the Laceyville Borough certificate of public convenience at A-221750 absent adverse public comment within the 20-day time constraint established in the *Pennsylvania Bulletin*.

6. That if no objection to this Order is filed with the Commission within 20 days of the publication date in the *Pennsylvania Bulletin*, this Tentative Order shall become final, and the Commission's Secretary's Bureau shall cancel the operating authority of Laceyville Borough and mark this file as closed. The Secretary's Bureau shall also then cause Laceyville Borough to be deleted from the active lists of the Finance and Tariff Section of the Commission's Bureau of Fixed Utility Services and the Assessment Section of Administrative Services.
