READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances where the agency may omit the proposal step; they still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania*

Bulletin before it can take effect. If the agency wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, they must re-propose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number and page number. Example: Volume 1, *Pennsylvania Bulletin*, page 801 (short form: 1 Pa.B. 801).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa.Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*.

The *Pennsylvania Code* contains, as Finding Aids, subject indexes for the complete *Code* and for each individual title, a list of Statutes Used As Authority for Adopting Rules and a list of annotated cases. Source Notes give you the history of the documents. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from such a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised; and that the fiscal note shall provide the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the five succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the five succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Title 204—JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT [204 PA. CODE CH. 83]

Amendment of Rule 209 of the Rules of Disciplinary Enforcement; No. 102 Disciplinary Rules Doc.

Order

Per Curiam

And Now, this 14th day of June, 2011, upon the recommendation of the Disciplinary Board of the Supreme Court of Pennsylvania; the proposal having been submitted without publication in the interests of justice pursuant to Pa.R.J.A. No. 103(a)(3):

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 209 of the Pennsylvania Rules of Disciplinary Enforcement is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective in 30 days.

Annex A

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART V. PROFESSIONAL ETHICS AND CONDUCT

Subpart B. DISCIPLINARY ENFORCEMENT

CHAPTER 83. PENNSYLVANIA RULES OF DISCIPLINARY ENFORCEMENT

Subchapter B. MISCONDUCT

Rule 209. Immunity.

(a) Complaints submitted to the Board or Disciplinary Counsel shall be confidential unless the matter results in the filing of formal charges. See Rule 402(a) (relating to access to disciplinary information and confidentiality). Members of the Board, members of hearing committees, special masters, Disciplinary Counsel and staff shall be immune from civil suit for any conduct in the course of their official duties. All communications to the Board, a hearing committee, special master, or Disciplinary Counsel relating to misconduct by a respondent-attorney and all testimony given in a proceeding conducted pursuant to these rules shall be absolutely privileged and the person making the communication or giving the testimony shall be immune from civil suit based upon such communication or testimony[, except that such immunity shall not extend to any action that violates Rule 402]. For purposes of this subdivision (a), the staff of the Board shall be deemed to include conservators and sobriety, financial or practice monitors appointed pursuant to these rules or the rules of the Board.

* * * * *

Official Note: The provisions of subdivision (a) of the rule recognize that the submission and receipt of complaints against attorneys, and the investigation, hearing, decision and disposition of such complaints, are all parts

of a judicial proceeding conducted pursuant to the inherent power of the Supreme Court of Pennsylvania. The immunity from civil suit recognized to exist in subsection (a) is that which exists for all participants in judicial proceedings under Pennsylvania law, so long as their statements and actions are pertinent, material and during the regular course of a proceeding. [**Communications made or revealed in violation of the confidentiality requirement of Rule 402 are not pertinent to the proceeding and, thus, do not entitle the person who publishes them to absolute immunity.**]

Title 231—RULES OF CIVIL PROCEDURE

PART I. GENERAL

[231 PA. CODE CH. 1000]

Amendment of Rule 1006 of the Rules of Civil Procedure; No. 543 Civil Procedural Rules Doc.

Order

Per Curiam

And Now, this 15th day of June, 2011, upon the recommendation of the Civil Procedural Rules Committee; the proposal having been published for public comment at 39 Pa.B. 5412 (September 19, 2009) and in the *Atlantic Reporter* (Second Series Advance Sheets, Vol. 977 No. 2); and the Committee having reaffirmed its original proposal after reviewing the matter again after submission upon the request of this Court:

It Is Ordered pursuant to Article V, Section 10 of the Constitution of Pennsylvania that Rule 1006 of the Pennsylvania Rules of Civil Procedure is amended in the following form.

This *Order* shall be processed in accordance with Pa.R.J.A. No. 103(b), and shall be effective August 1, 2011.

Mr. Justice Saylor files a dissenting statement.

Annex A

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1000. ACTIONS

Subchapter A. CIVIL ACTION

VENUE AND PROCESS

Rule 1006. Venue. Change of Venue.

* * * * *

(a.1) Except as otherwise provided by subdivision (c), a medical professional liability action may be brought against a health care provider for a medical professional liability claim only in a county in which the cause of action arose. **This provision does not apply to a cause of action that arises outside the Commonwealth.**

Official Note: See Section 5101.1(c) of the Judicial Code, 42 Pa.C.S. § 5101.1(c), for the definitions of "health

care provider,” “medical professional liability action” and “medical professional liability claim.”

(b) Actions against the following defendants, except as otherwise provided in subdivision (c), may be brought in and only in the counties designated by the following rules: political subdivisions, Rule 2103; partnerships, Rule 2130; unincorporated associations, Rule 2156; corporations and similar entities, Rule 2179.

Official Note: Partnerships, unincorporated associations, and corporations and similar entities are subject to subdivision (a.1) governing venue in medical professional liability actions. See Rules 2130, 2156 and 2179.

Subdivision (a.1) is a venue rule and does not create jurisdiction in Pennsylvania over a foreign cause of action where jurisdiction does not otherwise exist.

(c)(1) Except as otherwise provided by paragraph (2), an action to enforce a joint or joint and several liability against two or more defendants, except actions in which the Commonwealth is a party defendant, may be brought against all defendants in any county in which the venue may be laid against any one of the defendants under the general rules of subdivisions (a) or (b).

(2) If the action to enforce a joint or joint and several liability against two or more defendants includes one or more medical professional liability claims, the action shall be brought in any county in which the venue may be laid against any defendant under subdivision (a.1). **This provision does not apply to a cause of action that arises outside the Commonwealth.**

Explanatory Comment

Currently, a lawsuit based on medical treatment furnished in another state cannot be brought in Pennsylvania even if the defendants have substantial contacts with the state whereas Pennsylvania defendants can be sued in any state in which they have at least minimum contacts. The amendment to this rule would eliminate this discrepancy.

By the Civil Procedural Rules Committee

HONORABLE ROBERT C. DANIELS,
Chair

Dissenting Statement

Mr. Justice Saylor

I understand and appreciate the reasoning behind the amendment exempting causes of action arising outside the Commonwealth from the operation of the special venue rule applicable in medical professional liability actions. Nevertheless, to my knowledge the Civil Procedural Rules Committee has presented no analysis of the disparate impact of the amendment on out-of-state defendants or attendant constitutional ramifications. Moreover, the Committee has been presented with a number of compromise alternatives, including a less strict application of the doctrine of *forum non conveniens* in medical malpractice suits premised on causes arising outside Pennsylvania. In this regard, notably, it was suggested that at least some Pennsylvania courts impose a uniquely high bar impeding transfer. The Committee, nonetheless, has offered nothing to address such concerns, other than to say it rejected them.

In light of the above, I would return the matter to the Committee for a recommendation which would provide a better predicate for informed decision-making.

Amendments to the Rules of Civil Procedure Relating to Domestic Relations Matters; Recommendation 113

The Domestic Relations Procedural Rules Committee is planning to recommend that the Supreme Court of Pennsylvania amend the Rules of Civil Procedure relating to domestic relations matters as set forth herein. This proposal has not been submitted for review by the Supreme Court of Pennsylvania.

Notes and explanatory comments which appear with proposed amendments have been inserted by the committee for the convenience of those using the rules. Reports, notes and comments will not constitute part of the rules and will not be officially adopted or promulgated by the Supreme Court.

The committee solicits and welcomes comments and suggestions from all interested persons prior to submission of this proposal to the Supreme Court of Pennsylvania. Please submit written comments no later than Monday August 29, 2011 directed to:

TITLE 231. RULES OF CIVIL PROCEDURE

PART I. GENERAL

CHAPTER 1910. ACTIONS FOR SUPPORT

Rule 1910.11. Office Conference. Subsequent Proceedings. Order.

* * * * *

(d)(1) The conference officer [**may**] **shall** make a recommendation to the parties of an amount of support which is calculated in accordance with the guidelines.

(2) **Except as set forth in this subdivision, in all cases, even where the parties have reached an agreement, the parties must provide income information to the domestic relations section so that a guidelines calculation can be performed. However, if both parties are represented by counsel and the parties knowingly waive their right to receive or to pay a guideline amount, income information need not be provided if the parties have reached an agreement and object to providing income information.**

(3) If an agreement for support is reached at the conference, **based on either the statewide guidelines or an amount stipulated by counsel for each party,** the officer shall prepare a written order substantially in

the form set forth in Rule 1910.27(e) and in conformity with the agreement for signature by the parties and submission to the court together with the officer's recommendation for approval or disapproval. The court may enter the order in accordance with the agreement without hearing the parties.

* * * * *

Explanatory Comment—2011

The rule has been amended to require that income information be provided in all cases, unless both parties are represented in reaching an agreement and object to providing income information, so that a guidelines calculation can be performed. The guidelines create a rebuttable presumption that the amount calculated pursuant to them is the correct amount, so there should be a calculation in every case. If parties are going to waive their right to receive or to pay an order reflecting the guideline amount, they should know what that amount is so that they can enter an agreement knowingly. If both parties are represented by counsel, it is assumed that their entry into the agreement for an amount other than a guidelines amount is knowing as it is counsels' responsibility to advise the parties. In addition, part of the mandatory quadrennial review of the support guidelines mandates a study of the number of cases in which the support amount ordered varies from the amount that would result from a guidelines calculation. Federal regulations presume that if a large percentage of cases vary from the guideline amount, then the guidelines are not uniform statewide.

Rule 1910.12. Office Conference. Hearing. Record. Exceptions. Order.

(a) There shall be an office conference as provided by Rule 1910.11(a) through (d). **The provisions of Rule 1910.11(d)(2) regarding income information apply in cases proceeding pursuant to Rule 1910.12.**

Title 237—JUVENILE RULES

PART I. RULES

[237 PA. CODE CHS. 5 AND 6]

Renumbering of Rule 520 to 620 and New Rules 622, 625 and 628

The Juvenile Court Procedural Rules Committee is planning to recommend to the Supreme Court of Pennsylvania that the renumbering of Rule 520 to 620 and new Rules 622, 625, and 628 be adopted and prescribed. These proposed modifications and additions address *nunc pro tunc* relief.

The following Explanatory Report highlights the intent of these Rules. Please note that the Committee's Reports should not be confused with the official Committee Comments to the Rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Explanatory Reports.

The Committee requests that interested persons submit suggestions, comments, or objections concerning this pro-

posal to the Committee through counsel, Christine Riscili at juvenilerules@pacourts.us. Email is the preferred method for receiving comments in an effort to conserve paper and expedite the distribution of comments to the Committee. Emailed comments need not be reproduced and sent via hard copy. The Committee will acknowledge receipt of your comment.

For those who do not have access to email, comments may be faxed to the Committee at 717-231-9541 or written comments may be mailed to:

PART I. RULES

Subpart A. DELINQUENCY MATTERS

CHAPTER 5. DISPOSITIONAL HEARING

PART C. [POST-DISPOSITIONAL MOTIONS] (Reserved)

(*Editor's Note:* As part of this proposal, the Committee is proposing to renumber Rule 520, which appears in 237 Pa. Code pages 5-5—5-10, serial pages (347943)—(347948), as Rule 620.)

Rule 520. [Post-Dispositional Motions] (Reserved and Renumbered).

CHAPTER 6. POST-DISPOSITIONAL PROCEDURES

PART B. MODIFICATIONS[,] AND REVIEWS[, AND APPEALS]

Rule 605.	Detaining Juvenile for Modification of the Dispositional Order or Violation of Probation.
610.	Dispositional and Commitment Review.
612.	Modification or Revocation of Probation.
613.	Termination of Court Supervision (Reserved).
616.	Post-Dispositional Procedures; Appeal (Reserved).
617.	Release of Juvenile Pending Appeal (Reserved).

PART C. MOTIONS AND *NUNC PRO TUNC* RELIEF

620.	Post-Dispositional Motions.
622.	Motion for <i>Nunc Pro Tunc</i> Relief.
625.	Hearing and Findings on Motion for <i>Nunc Pro Tunc</i> Relief.
628.	Order of Court on Motion for <i>Nunc Pro Tunc</i> Relief.

(*Editor's Note:* The following rules are new and printed in regular type to enhance readability.)

Rule 620. Post-Dispositional Motions.

A. *Optional Post-Dispositional Motion.*

1) The parties shall have the right to make a post-dispositional motion. All requests for relief from the court shall be stated with specificity and particularity, and shall be consolidated in the post-dispositional motion.

2) Issues raised before or during the adjudicatory hearing shall be deemed preserved for appeal whether or not the party elects to file a post-dispositional motion on those issues.

B. Timing.

1) If a post-dispositional motion is filed, it shall be filed no later than ten days after the imposition of disposition.

2) If a timely post-dispositional motion is filed, the notice of appeal shall be filed:

a) within thirty days of the entry of the order deciding the motion;

b) within thirty days of the entry of the order denying the motion by operation of law in cases in which the judge fails to decide the motion; or

c) within thirty days of the entry of the order memorializing the withdrawal in cases in which a party withdraws the motion.

3) If a post-dispositional motion is not timely filed, a notice of appeal shall be filed within thirty days of the imposition of disposition.

C. Court Action.

1) *Briefing Schedule and Argument.* Within ten days of the filing of the post-dispositional motion, the court shall:

a) determine if briefs, memoranda of law, or oral arguments are required; and

b) set a briefing schedule and dates for oral argument, if necessary.

2) *Failure to Set Schedule.* If the court fails to act according to paragraph (C)(1), briefs and oral arguments are deemed unnecessary.

3) *Transcript.* If the grounds asserted in the post-dispositional motion do not require a transcript, neither the briefs nor arguments on the post-dispositional motion shall be delayed for transcript preparation.

D. Time Limits for Decision on Motion. The judge shall not vacate disposition pending the decision on the post-dispositional motion, but shall decide the motion as provided in this paragraph.

1) Except as provided in paragraph (D)(2), the judge shall decide the post-dispositional motion as soon as possible but within thirty days of the filing of the motion. If the judge fails to decide the motion within thirty days, or to grant an extension as provided in paragraph (D)(2), the motion shall be deemed denied by operation of law.

2) Upon motion of a party within the 30-day disposition period, for good cause shown, the judge may grant one 30-day extension for decision on the motion. If the judge fails to decide the motion within the 30-day extension period, the motion shall be deemed denied by operation of law.

3) When a post-dispositional motion is denied by operation of law, the clerk of courts shall enter an order on behalf of the court, and, as provided pursuant to Rule 167, shall serve a copy of the order on each attorney and the juvenile, if unrepresented, that the post-dispositional motion is deemed denied. This order is not subject to reconsideration.

4) If the judge denies the post-dispositional motion, the judge promptly shall issue an order and the order shall be filed and served as provided in Rule 167.

5) If a party withdraws a post-dispositional motion, the judge promptly shall issue an order memorializing the withdrawal, and the order shall be filed and served as provided in Rule 167.

E. Contents of order. An order denying a post-dispositional motion, whether issued by the judge pursuant to paragraph (D)(4) or entered by the clerk of courts pursuant to paragraph (D)(3), or an order issued following a party's withdrawal of the post-dispositional motion pursuant to paragraph (D)(5), shall include notice to the party of the following:

1) the right to appeal;

2) the time limits within which the appeal shall be filed; and

3) the right to counsel in the preparation of the appeal.

F. After-discovered evidence. A motion for a new adjudication on the grounds of after-discovered evidence shall be filed in writing promptly after such discovery. If an appeal is pending, the judge may grant the motion only upon remand of the case.

Comment

The purpose of this rule is to promote the fair and prompt resolution of all issues relating to admissions, adjudication, and disposition by consolidating all possible motions to be submitted for court review, and by setting reasonable but firm time limits within which the motion is to be decided. Because the post-dispositional motion is optional, a party may choose to raise any or all properly preserved issues in the trial court, in the appellate court, or both.

For the definition of "disposition," see Rule 120 and its Comment.

OPTIONAL POST-DISPOSITIONAL MOTION

See In re Brandon Smith, 393 Pa. Super. 39, 573 A.2d 1077 (1990), for motions on ineffective assistance of counsel.

Under paragraph (A)(2), any issue raised before or during adjudication is deemed preserved for appeal whether a party chooses to raise the issue in a post-dispositional motion. It follows that the failure to brief or argue an issue in the post-dispositional motion would not waive that issue on appeal as long as the issue was properly preserved, in the first instance, before or during adjudication. Nothing in this rule, however, is intended to address Pa.R.A.P. 1925(b) or the preservation of appellate issues once an appeal is filed. *See Commonwealth v. Lord*, 553 Pa. 415, 719 A.2d 306 (1998) (any issues not raised in a 1925(b) statement will be deemed waived).

Under paragraph (B)(1), if a party chooses to file a post-dispositional motion, the motion is to be filed within ten days of imposition of disposition. The filing of the written post-dispositional motion triggers the time limits for decision on the motion. *See* paragraph (D)(1).

TIMING

Paragraph (B) contains the timing requirements for filing the optional post-dispositional motion and taking an appeal. Under paragraph (B)(1), the post-dispositional motion is to be filed within ten days of imposition of disposition. Supplemental motions may be filed but the time requirements of paragraph (B)(1) are to be followed.

When a party files a timely post-dispositional motion, the 30-day period for the juvenile's direct appeal on all matters in that case is triggered by the judge's decision on the post-dispositional motion, the denial of the motion

by operation of law, or the withdrawal of the post-dispositional motion. The appeal period runs from the entry of the order. As to the date of entry of orders, see Pa.R.A.P. 108. No direct appeal may be taken by the party while the post-dispositional motion is pending. See paragraph (B)(2).

If no timely post-dispositional motion is filed, the party's appeal period runs from the date disposition is imposed. See paragraph (B)(3).

BRIEFS; TRANSCRIPTS; ARGUMENT

Under paragraph (C)(1), the judge should determine, on a case-by-case basis, whether briefs, memoranda of law, or arguments are required for a fair resolution of the post-dispositional motion. If they are not needed, or if a concise summary of the relevant law and facts is sufficient, the judge should so order. Any local rules requiring briefs or oral argument are inconsistent with this rule. See Rule 121(E).

Under paragraph (C)(3), the judge, in consultation with the attorneys, should determine what, if any, portions of the notes of testimony are to be transcribed so that the post-dispositional motion can be resolved. The judge should then set clear deadlines for the court reporter to insure timely resolution of the motion. Nothing in this rule precludes the judge from ordering the transcript or portions of it immediately after the conclusion of the adjudicatory hearing or the entry of an admission.

For the recording and transcribing of court proceedings generally, see Rule 127. The requirements for the record and the writing of an opinion on appeal are set forth in the Pennsylvania Rules of Appellate Procedure.

There is no requirement that oral argument be heard on every post-dispositional motion. When oral argument is heard on the post-dispositional motion, the juvenile need not be present.

DISPOSITION

Under paragraph (D), once a party makes a timely written post-dispositional motion, the judge retains jurisdiction for the duration of the disposition period. The judge may not vacate the order imposing disposition pending decision on the post-dispositional motion.

Paragraph (D)(2) permits one 30-day extension of the 30-day time limit, for good cause shown, upon motion of a party. In most cases, an extension would be requested and granted when new counsel has entered the case. Only a party may request such an extension. The judge may not, *sua sponte*, extend the time for decision: a congested court calendar or other judicial delay does not constitute "good cause" under this rule.

The possibility of an extension is not intended to suggest that thirty days are required for a decision in most cases. The time limits for resolution of the post-dispositional motion are the outer limits. Easily resolvable issues, such as a modification of disposition or an admission challenge, should ordinarily be decided in a much shorter period of time.

If the judge decides the motion within the time limits of this rule, the judge may grant reconsideration on the post-dispositional motion pursuant to 42 Pa.C.S. § 5505 or Pa.R.A.P. 1701(b)(3), but the judge may not vacate the disposition pending reconsideration. The reconsideration period may not be used to extend the timing requirements set forth in paragraph (D) for decision on the post-dispositional motion: the time limits imposed by paragraphs (D)(1) and (D)(2) continue to run from the

date the post-dispositional motion was originally filed. The judge's reconsideration, therefore, is to be resolved within the 30-day decision period of paragraph (D)(1) or the 30-day extension period of paragraph (D)(2), whichever applies. If a decision on the reconsideration is not reached within the appropriate period, the post-dispositional motion, including any issues raised for reconsideration, will be denied pursuant to paragraph (D)(3).

Under paragraph (D)(1), on the date when the court disposes of the motion, or the date when the motion is denied by operation of law, the judgment becomes final for the purposes of appeal. See Judicial Code, 42 Pa.C.S. §§ 102, 722, 742, 5105(a) and *Commonwealth v. Bolden*, 472 Pa. 602, 373 A.2d 90 (1977). See Pa.R.A.P. 341.

An order entered by the clerk of courts under paragraph (D)(3) constitutes a ministerial order and, as such, is not subject to reconsideration or modification pursuant to 42 Pa.C.S. § 5505 or Pa.R.A.P. 1701.

If the motion is denied by operation of law, paragraph (D)(3) requires that the clerk of courts enter an order denying the motion on behalf of the court and immediately notify the attorneys, or the juvenile, if unrepresented, that the motion has been denied. This notice is intended to protect the party's right to appeal. The clerk of courts also is to comply with the filing, service, and docket entry requirements of Rule 167.

CONTENTS OF ORDER

Paragraph (E) protects a party's right to appeal by requiring that the judge's order denying the motion, the clerk of courts' order denying the motion by operation of law, or the order entered memorializing a party's withdrawal of a post-dispositional motion, contain written notice of the party's appeal rights. This requirement ensures adequate notice to the party, which is important given the potential time lapse between the notice provided at disposition and the resolution of the post-dispositional motion. See also *Commonwealth v. Miller*, 715 A.2d 1203 (Pa. Super. Ct. 1998), concerning the contents of the order memorializing the withdrawal of a post-dispositional motion.

When a party withdraws a post-dispositional motion in open court and on the record, the judge should orally enter an order memorializing the withdrawal for the record, and give the party notice of the information required by paragraph (E). See *Commonwealth v. Miller*, *supra*.

MISCELLANEOUS

Under paragraph (A)(1), the grounds for the post-dispositional motion should be stated with particularity. Motions alleging insufficient evidence, for example, are to specify in what way the evidence was insufficient, and motions alleging that the court's findings were against the weight of the evidence are to specify why the findings were against the weight of the evidence.

Because the post-dispositional motion is optional, the failure to raise an issue with sufficient particularity in the post-dispositional motion will not constitute a waiver of the issue on appeal as long as the issue was preserved before or during adjudication. See paragraph (A)(2).

Issues properly preserved at the dispositional hearing need not, but may, be raised again in a motion to modify disposition in order to preserve them for appeal. In deciding whether to move to modify disposition, counsel carefully is to consider whether the record created at the dispositional hearing is adequate for appellate review of

the issues, or the issues may be waived. *See Commonwealth v. Jarvis*, 444 Pa. Super. 295, 663 A.2d 790 (1995). As a general rule, the motion to modify disposition under paragraph (A)(1) gives the dispositional judge the earliest opportunity to modify the disposition. This procedure does not affect the court's inherent powers to correct an illegal disposition or obvious and patent mistakes in its orders at any time before appeal or upon remand by the appellate court. *See, e.g., Commonwealth v. Jones*, 520 Pa. 385, 554 A.2d 50 (1989) (court can, *sua sponte*, correct an illegal sentence even after the defendant has begun probation or placement) and *Commonwealth v. Cole*, 437 Pa. 288, 263 A.2d 339 (1970) (inherent power of the court to correct obvious and patent mistakes).

Once a disposition has been modified or reimposed pursuant to a motion to modify disposition under paragraph (A)(1), a party wishing to challenge the decision on the motion does not have to file an additional motion to modify disposition in order to preserve an issue for appeal, as long as the issue was properly preserved at the time disposition was modified or reimposed.

Official Note: Rule 520 adopted May 17, 2007, effective August 20, 2007; amended July 28, 2009, effective immediately. Amended January 11, 2010, effective March 1, 2010.

Committee Explanatory Reports:

Final Report explaining the provisions of Rule 520 published with the Court's Order at 37 Pa.B. 2506 (June 2, 2007).

Final Report explaining the amendment to Rule 520 published with the Court's Order at 39 Pa.B. 4743 (August 8, 2009).

Rule 622. Motion for *Nunc Pro Tunc* Relief.

A. *Timing.* A motion for *nunc pro tunc* relief shall be filed with the clerk of courts in the court in which the alleged error occurred as soon as possible but no later than sixty days after the date that the error was known or reasonably should have been known through the exercise of due diligence.

B. *Counsel.*

1) The juvenile is to retain the same counsel as assigned pursuant to Rule 151 unless ineffective assistance of counsel is alleged.

2) If alleged ineffective assistance of counsel is the basis for the appeal, counsel is to withdraw pursuant to Rule 150(C) and the judge shall assign new counsel.

C. *Contents of Motion.* A motion for relief under this rule shall include:

- 1) the name of the juvenile and case docket number;
- 2) the location of the juvenile;
- 3) the delinquent acts for which the juvenile was adjudicated delinquent;
- 4) if ineffective assistance of counsel is alleged, the name of counsel who allegedly rendered ineffective assistance;
- 5) the relief requested;
- 6) a statement that one of the following requirements for the relief has been met:
 - a) there is a need for correction of an error to accurately reflect the court's findings; or
 - b) allegations that:

1) the juvenile has been adjudicated delinquent and is under the court's supervision;

2) there is a legitimate basis for the relief requested; and

3) there are sufficient facts upon which to conclude the delay for the motion was justified and should be overlooked in the interest of justice.

7) the facts supporting the grounds for relief and sufficient facts to support the delay of the motion for relief that:

a) appear in the record, and the place in the record where they appear; and

b) do not appear in the record, and an identification of any affidavits, documents, and other evidence showing such facts;

8) whether the grounds for the relief requested were raised before, and if so, at what stage of the proceedings;

9) a verification that the facts set forth in the motion are true and correct to the best of the movant's personal knowledge or information and belief and that any false statements are made subject to the penalties of the Crimes Code, 18 Pa.C.S. § 4904, relating to unsworn falsification to authorities;

10) if applicable, any request for an evidentiary hearing, including:

a) a signed certification by counsel as to each intended witness, stating the:

- i) witness's name;
- ii) witness's address;
- iii) witness's date of birth; and
- iv) the substance of the witness's testimony; and

b) any documents material to the witness's testimony, attached to the motion; and

11) if applicable, any request for discovery.

D. *Answer.*

1) The Commonwealth may answer the motion. If the Commonwealth chooses to respond to the motion, such response shall:

a) be submitted within ten days of receipt of the motion; and

b) include a verification that the facts set forth in the answer are true and correct to the best of the attorney's personal knowledge or information and belief and that any false statements are made subject to the penalties of the Crimes Code, 18 Pa.C.S. § 4904, relating to unsworn falsification to authorities;

2) The court may order the Commonwealth to file an answer within a timeframe established by the court.

Comment

Relief under this rule is to be filed with the clerk of courts in the court in which the alleged error occurred. Rule 120 defines "court" as the Court of Common Pleas. *See* Rule 120. Because the court has continual supervision over a juvenile until court supervision is terminated pursuant to Rules 631 or 632, the juvenile court is the appropriate forum for such relief.

This process allows the juvenile court to accept late motions when there is a sufficient basis for the delay. *See* paragraph (C)(6) for requirement of the grounds for the motion. Because the court is providing relief *nunc pro*

tunc, the requirements of 42 Pa.C.S. § 5505 do not apply. See *City of Philadelphia Police Dept. v. Civil Service Comm'n of City of Philadelphia*, 702 A.2d 878 (Pa. Commw. Ct. 1997) (absent specific rule, only technical errors may be corrected after 30-day period). See also *Justice v. Justice*, 612 A.2d 1354, 417 Pa.Super. 581 (1992) (after a 30-day period the order can be opened or vacated if there is fraud or some other circumstance so grave or compelling as to constitute extraordinary cause which justifies intervention by the court); *Com., Dept. of Transp., Bureau of Driver Licensing v. Duncan*, 601 A.2d 456, 144 Pa.Comm.w. 261 (1991) (after a 30-day period order can be opened or vacated upon extraordinary cause).

Pursuant to paragraph (A), the motion is to be filed as soon as possible but no later than sixty days of the date the error was made known or discovered. It is best practice to file the motion within thirty days. The juvenile is to allege facts to support the delay for the relief pursuant to paragraph (C)(7). Pursuant to paragraph (B), counsel is to remain in the case until court supervision of the juvenile is terminated, including any proceedings upon appeal. See Rule 150(B).

If ineffectiveness of counsel is alleged, counsel is to file a motion to withdraw pursuant to Rule 150(C) and the judge is to assign new counsel.

Second or subsequent motions will not be entertained unless a strong prima facie showing is offered to demonstrate that a miscarriage of justice may have occurred. See *Commonwealth v. Szuchon*, 633 A.2d 1098, 534 Pa. 483 (1993) (citing *Commonwealth v. Lawson*, 549 A.2d 107, 519 Pa. 504 (1988)). This standard is met if the juvenile can demonstrate either: 1) the proceedings resulting in the juvenile's disposition were so unfair that a miscarriage of justice occurred in which no civilized society can tolerate; or 2) the juvenile is innocent of the delinquent acts petitioned. See *Szuchon*, *supra*.

Rule 625. Hearing and Findings on Motion for *Nunc Pro Tunc* Relief.

A. Hearing.

1) The judge may grant an evidentiary hearing to resolve material questions of fact.

2) The hearing shall be conducted as soon as possible but no later than thirty days of the filing of the motion for *nunc pro tunc* relief unless, upon good cause shown, the judge determines more time is necessary for investigation and preparation.

B. Grant with No Hearing. If sufficient facts exist in the record to warrant relief, the judge may grant the motion without a hearing. If the judge grants the motion, it shall be granted within thirty days unless an extension is granted.

C. Dismiss with No Hearing.

1) The judge shall give notice to the parties of the intention to dismiss the motion, stating the reasons for the dismissal in the notice upon conclusion that:

- a) there are no genuine issues concerning any material fact;
- b) the juvenile is not entitled to relief; or
- c) no purpose would be served by any further proceedings.

2) The juvenile may respond to the proposed dismissal within twenty days of the date of the notice.

3) The judge shall order the motion dismissed, grant leave to file an amended motion, or direct that the proceedings continue.

4) The judge may dispose of only part of a motion without a hearing by ordering dismissal of or granting relief on only some of the issues raised, while ordering a hearing on other issues.

D. Findings. The judge shall:

1) state its findings and conclusions of law for all material issues raised:

- a) on the record when there is a hearing; or
- b) in the order when there is no hearing; and

2) issue an order denying relief or granting a specific form of relief, and issue any supplementary orders or modification of dispositional orders appropriate to the proper disposition of the case.

E. Dismissed by Operation of Law. If the judge fails to decide the motion within thirty days, or to grant an extension:

1) the motion shall be deemed denied by operation of law and not subject to reconsideration; and

2) the clerk of courts shall forthwith:

a) enter an order on behalf of the court; and

b) as provided pursuant to Rule 167, shall serve a copy of the order on each attorney and the juvenile, if the juvenile has waived counsel, that the motion is deemed denied.

F. Appellate Rights.

1) If the judge disposes of the case in open court at the conclusion of the hearing, the judge shall advise the juvenile on the record of the right to appeal from the final order disposing of the motion and of the time within which the appeal must be taken.

2) If the case is taken under advisement or the judge denies the motion without a hearing, the judge shall notify the juvenile of the right to appeal.

Comment

The judge is permitted, pursuant to paragraph (C), to summarily dismiss a motion in certain cases. To determine whether a summary dismissal is appropriate, the judge should review the motion, the answer, if any, and all other relevant information included in the record. If, after this review, the judge determines that the motion is patently frivolous and without support in the record, or that the facts alleged would not, if proven, entitle the juvenile to relief, or that there are no genuine issues of fact, the judge may dismiss the motion.

A summary dismissal would also be authorized under this rule if the judge determines that a previous motion involving the same issue or issues was filed and determined adversely to the juvenile. See Comment to Rule 622 for second or subsequent motions.

Additionally, relief may be granted without a hearing pursuant to paragraph (D)(2) after an answer has been filed.

Rule 628. Order of Court on Motion for *Nunc Pro Tunc* Relief.

A. Order by court. The court order shall:

- 1) state the judge's findings and conclusions of law;
- 2) provide for appropriate relief and supplementary orders or modifications of the dispositional order as to:

- a) the detention of the juvenile;
 - b) whether a new adjudicatory hearing is granted;
 - c) correction of the adjudication of delinquency;
 - d) correction of the disposition;
 - e) termination of court supervision; and/or
 - f) other matters that are appropriate.
- 3) include a statement explaining the right to appeal from the final order disposing of the motion, and of the time within which the appeal must be taken.

B. Order by clerk of courts for deemed denied by operation of law. When the clerk of courts has entered an order providing that the motion for *nunc pro tunc* relief is deemed denied by operation of law pursuant to Rule 625(E), the court order shall:

- 1) state that the motion is denied by operation of law pursuant to Rule 625(A)(2); and
- 2) include a statement explaining the right to appeal from the final order disposing of the motion, and of the time within which the appeal must be taken.

PART D. CESSATION OF COURT JURISDICTION OR SUPERVISION

Rule	
630.	Loss of Court Jurisdiction.
631.	Termination of Court Supervision.
632.	Early Termination of Court Supervision by Motion.

Explanatory Report

Background

Testimony from hearings conducted by the Interbranch Commission on Juvenile Justice (ICJJ) revealed a number of constitutional and procedural rule violations occurred, more than just the violation of the right to counsel. One such violation involved the notice of the right to file a post-dispositional motion and appeal.

Pa.R.J.C.P. 512(C) requires that the court determine on the record that the juvenile has been advised of the following: 1) the right to file a post-dispositional motion; 2) the right to file an appeal; 3) the time limits for a post-dispositional motion and appeal; 4) the right to counsel to prepare the motion and appeal; 5) the time limits within which the post-dispositional motion shall be decided; and 6) that issues raised before and during adjudication shall be deemed preserved for appeal whether or not the juvenile elects to file a post-dispositional motion.

The ICJJ recommended that a form be developed to give to juveniles that would refer them to the statewide appellate office. Currently, there is no statewide appellate office that handles all juvenile appeals. Whether an office is ultimately established by the General Assembly as recommended by the ICJJ for this purpose is outside the scope of this Committee and its recommendations.

As stated *supra*, the court should determine if the juvenile has been advised of his or her rights regardless of whether there is a statewide appellate office. The Supreme Court of Pennsylvania requires under Pa.R.J.C.P. 150(B) that counsel shall represent the juvenile until final judgment, including any proceeding upon direct appeal. Therefore, counsel for the juvenile is required to file any post-dispositional motions and to perfect an appeal for the juvenile. The attorney for the juvenile should also explain the post-dispositional and appellate process.

The ICJJ also recommended that consideration be given to creating a mechanism which would afford a juvenile an avenue to petition for relief from a wrongful adjudication even though the period for direct appeal has expired. In the adult system, the use of the Post Conviction Relief Act (PCRA) permits those who have been convicted of a crime and have exhausted their direct appeal rights, to bring their case to the attention of the court under certain limited circumstances.

These proposed rule additions address *nunc pro tunc* relief for juveniles. Currently, issues similar to PCRA claims, such as ineffective assistance of counsel, are raised on direct appeal for juveniles. However, claims that are raised must be filed through the normal appellate process which can take several months only to be remanded to the juvenile court for an evidentiary hearing. Additionally, if the appeal is not filed within thirty days as required, the case will be dismissed as untimely.

These rule additions specifically address allowance of untimely appeals when good cause has been shown. The additions also provide for an expedited review by the juvenile court to avoid the delays inherent in the direct appeal process. For example, a juvenile claims that counsel was ineffective. The juvenile court could order an evidentiary hearing and ultimately find the counsel was ineffective. A new adjudicatory hearing would be ordered and the case would progress through the normal juvenile court process, eliminating the need for an appeal to Superior Court.

In other instances, the juvenile court could allow an appeal to the Superior Court even though the appeal is untimely. For example, the juvenile may claim he or she advised counsel to file an appeal and counsel did not file an appeal. If the juvenile court finds that the appeal should have been perfected, the appeal would be allowed even though the time for filing an appeal has passed.

Rule Discussion

Rule 520 to 620—Post-Dispositional Motions

The Committee is recommending that the Rule on Post-Dispositional Motions be placed in Chapter Six under new Part C, Motions. This new Part will include post-dispositional motions and motions for *nunc pro tunc* relief.

Rule 622—Motion for Nunc Pro Tunc Relief

This new proposed rule sets forth the requirements for filing a motion for *nunc pro tunc* relief. The allegations must contain that: 1) there is a need for correction of an error to accurately reflect the court's findings; or 2) the juvenile has been adjudicated delinquent for a delinquent act and is currently under the court's supervision; there is a legitimate basis for the appeal; and there are sufficient facts upon which to conclude the delay for the motion was justified and should be overlooked in the interest of justice. See paragraph (C)(6)(a) and (b).

Rule 625—Hearing and Findings on Motion for Nunc Pro Tunc Relief

This new proposed rule allows the judge to grant an evidentiary hearing if it is clear there is no evidence or insufficient evidence on the record upon which the Superior Court could base its decision. This is important because if an appeal was taken and there was no evidence in the record for the Superior Court to review, the case would be remanded for an evidentiary hearing. This is common for ineffective assistance of counsel claims because there would be no evidence in the record.

Also, there may be new evidence that was just made available and it did not appear in the record.

This bypass procedure streamlines the process and will prevent an overload of cases to the Superior Court. It also saves time and money to have the juvenile court judge or another Common Pleas judge hear cases that would otherwise be remanded.

The judge may also grant or deny a motion without a hearing. Before the judge denies the motion under paragraph (C), the judge is to give notice of the intention to dismiss the motion and state the reasons for the dismissal in the notice. The juvenile may respond to the notice within twenty days, whereupon the judge will make his or her final ruling.

Rule 628—Order of Court on Motion for Nunc Pro Tunc Relief

This new proposed rule governs the contents of the court order. The order must include the judge's findings and conclusions of law; any appropriate relief and supplementary orders or modifications of the dispositional order; and advise the parties of the right to appeal and time within which the appeal must be taken.

HONORABLE PAMELA PRYOR DEMBE,
President Judge

COURT OF COMMON PLEAS

CRIMINAL DIVISION

PHILADELPHIA CRIMINAL RULES

Rule 122-1. Homicide Appointment System.

The Judges of the First Judicial District (FJD) adopt the following Homicide Appointment System (HAS) Plan for the competent representation of any person otherwise financially unable to obtain competent representation in cases wherein a charge of homicide has been filed.

I. *Provision for Furnishing Counsel*

A. This Plan provides for the continued appointment of private counsel in homicide cases for which the Defender Association of Philadelphia (Defender Association) is not appointed.

B. This Rule is promulgated to insure that counsel who participate in homicide cases possess the ability, knowledge and experience to do so in a competent and professional manner.

C. To that end, although not the focus of this Rule, privately retained and pro bono counsel must meet the educational and experiential requirements of Pa.R.Crim.P. 801 or, if counsel is licensed to practice law in a jurisdiction other than Pennsylvania, the court is satisfied that the attorney has equivalent experience and educational qualifications and is a member in good standing of the Bar of the attorney's home jurisdiction, before counsel may enter an appearance at any stage of the proceedings in which he or she wishes to represent a defendant charged with a capital case.

D. The office of Active Criminal Records¹ shall determine whether any person entitled to representation (hereinafter, defendant) will be represented by a private attorney appointed pursuant to this Rule or by the Defender Association.

II. *Selection of Attorneys*

A. *Panels of Attorneys*

1. *Approval*. The FJD, through the process promulgated by the Selection Committee described in paragraph C herein, shall establish Panels of attorneys who are eligible and willing to be appointed to provide representation to defendants under the FJD Homicide Appointment System (FJD-HAS) Plan.

¹ When the office of Active Criminal Records is mentioned in this Rule, it is understood to include any successor office to the office of Active Criminal Records.

2. *Equal Opportunity.* All qualified attorneys shall be and are encouraged to participate in the furnishing of representation under the FJD-HAS Plan, without regard to race, color, religion, gender, age, national origin, sexual orientation or disabling condition.

3. Seven panels of Homicide attorneys will be created. These shall be known as the "Capital Trial Panel," the "Non-capital Trial Panel," the "Defender Association Panel,"² the "Capital Appeals Panel," the "Non-capital Appeals Panel," the "Capital PCRA"³ Panel," and the "Non-capital PCRA Panel." Attorneys on each Panel must demonstrate substantial familiarity with the ethics, practice, procedure and rules of the trial and reviewing courts of the Commonwealth of Pennsylvania. Although the term of service for a private attorney who becomes a member of a Panel pursuant to this Rule may expire, the appointments that have been made during the course of the term shall remain in full force and effect as set forth by Pa.R.Crim.P. 120(A)(4), Pa.R.Crim.P. 122(B)(2) and Pa.R.Crim.P. 904(F)(2).

4. *Capital Trial Panel*

A. To be approved for this Panel, it is required that an attorney:

(1) is a member in good standing of the Bar of the Pennsylvania Supreme Court, or admitted to practice *pro hac vice* and a member in good standing of the Bar of the jurisdiction in which the attorney is admitted to practice;

(2) is an active trial practitioner with a minimum of 5 years criminal litigation experience;

(3) has maintained a practice of which, during the 5 year period immediately preceding the date of the filing of the application for membership in this Panel, 75% has consisted of serving as trial counsel in criminal cases before the FJD or before any trial court of record of the Commonwealth of Pennsylvania, or before any federal court within the boundaries of Pennsylvania;

(4) has served as lead counsel in a minimum of 10 felony cases⁴ that were given to the jury for deliberations, and

(a) 4 of which were non-capital homicide cases and

(b)(i) at least one in which the death penalty was sought and was tried through the penalty phase, or

(b)(ii) 2 in which the death penalty was sought and where, although resolved prior to trial or at the guilt phase, a thorough investigation was performed for a potential penalty phase;

(5) is familiar with the practice and procedure of the Pennsylvania Supreme Court, as pertains to the appeal of capital cases;

(6) demonstrates, by training or experience, knowledge of principles of criminal and constitutional law as they apply to death penalty cases;

(7) has extensive knowledge of the Pennsylvania Rules of Criminal Procedure, the Pennsylvania Rules of Evidence, and the case law as promulgated by the Pennsylvania Courts and the U.S. Supreme Court, and has

² This Panel is made up of attorneys from the Defender Association who are assigned to that organization's Homicide Unit, which handles both capital and non-capital matters. The Defender Association's Appeals Unit will also handle appeals as regards those matters. This Plan does not address the selection process for the attorneys of the Defender Association. Nor does anything in this Plan imply that the City of Philadelphia will continue its current contractual arrangements with the Defender Association.

³ The Post-Conviction Relief Act, 42 Pa.C.S. §§ 9541 et seq.

⁴ A "felony case" for purposes of this Panel requires that the defendant was arraigned before the jury on a charge of murder, manslaughter, vehicular homicide, or a felony of the first degree.

substantial familiarity with and extensive experience in the use of expert witnesses, and forensic, psychiatric, scientific and medical evidence including, but not limited to, mental health, pathology and DNA profiling evidence.

(8) is in full and current compliance with the minimal educational requirements mandated by the Pennsylvania Supreme Court in Pa.R.Crim.P. 801(2)⁵;

B. Members of the Capital Trial Panel will be appointed to represent defendants charged with capital homicide as either Lead Counsel or as Mitigation Counsel. Lead Counsel appointed to a capital case shall select Mitigation Counsel for the case, which selection shall be from the members of the Capital Trial Panel, but not before the case has reached the Homicide Calendar Room. If the case is still designated as a capital case at that time, Lead Counsel shall then immediately confer with the Mitigation Counsel to be selected to ensure his or her availability. Once a member of the Capital Trial Panel agrees to serve as Mitigation Counsel, Lead Counsel shall immediately, in writing, notify the Calendar Judge⁶ and the office of Active Criminal Records. The Calendar Judge shall then appoint Mitigation Counsel and enter an order of appointment in accord with Pa.R.Crim.P. 122.

C. The Capital Trial Panel shall initially consist of not more than 18 members, which number may be adjusted based on the needs of the Court. Panel members shall serve staggered terms, with each Panel member serving for a term of 3 years, except that the initial Panel shall serve staggered terms as follows: 1/3 of the initial Panel shall serve for 1 year, 1/3 shall serve for 2 years, and the remaining 1/3 shall serve the full 3-year term.⁷ Any member of the initial Panel or subsequent Panels whose term expires may be reappointed or replaced, pursuant to an evaluation and selection by the Selection Committee. Members of this Panel shall also be members of the Non-capital Trial Panel.

5. *Non-capital Trial Panel*

A. To be approved for this Panel, it is required that an attorney:

(1) is a member in good standing of the Bar of the Pennsylvania Supreme Court, or admitted to practice *pro hac vice* and a member in good standing of the Bar of the jurisdiction in which the attorney is admitted to practice;

(2) is an active trial practitioner for whom, during the 5 year period immediately preceding the date of the filing of the application for membership in this Panel, not less than 75% of his or her practice has consisted of serving as trial counsel in criminal cases before the FJD or before any trial court of record of the Commonwealth of Pennsylvania, or before any federal court within the boundaries of Pennsylvania;

⁵ Every attorneys who accepts a capital homicide appointment at any stage of the proceedings must be Rule 801 certified at the time of the appointment and must remain certified throughout the entire period of the representation, at every stage of the proceedings, including pretrial, trial, appellate and post-conviction.

⁶ Mitigation Counsel should, as a general practice, have been identified and have been appointed by order of the Calendar Judge prior to the case leaving the Homicide Calendar Room. In an extraordinary case, if the selection is made after the case has left the Calendar Room, Lead Counsel shall then immediately notify the assigned trial judge in writing instead of the Calendar Judge. The assigned trial judge shall then appoint Mitigation Counsel and enter an order of appointment in accord with Pa.R.Crim.P. 122. Although these are distinct areas of the trial which must be addressed consistent with the law, the trial court will view the two attorneys as co-counsel, and will not segregate their responsibilities; the two attorneys will function as a team, shepherding the case as a whole.

⁷ The Selection Committee shall make every effort to select the attorneys with the highest qualifications and greatest experience to serve in the initial three year staggered term, rather than in the one or two year staggered terms. This same principle shall be applied by the Selection Committee to each of the additional Panels with staggered terms.

(3) has served as Lead Counsel in a minimum of 10 felony cases⁸ that were given to the jury for deliberations, at least one of which was a non-capital homicide case, except that if the attorney only sat as second chair in that non-capital homicide case, the attorney must have participated as second chair in at least 2 non-capital homicide cases;

(4) is familiar with the practice and procedure of the Pennsylvania Superior Court;

(5) has extensive knowledge of the Pennsylvania Rules of Criminal Procedure, the Pennsylvania Rules of Evidence, and Pennsylvania case law and has substantial familiarity with and extensive experience in the use of expert witnesses, and forensic and medical evidence including, but not limited to, mental health, pathology and DNA profiling evidence;

(6) is in full and current compliance with the educational requirements of Pa.R.Crim.P. 801(2), which are mandated by the Pennsylvania Supreme Court in capital cases.

B. The Non-capital Trial Panel shall initially consist of not more than 36 members, which number may be adjusted based on the needs of the Court. Panel members shall serve staggered terms, with each Panel member serving for a term of 3 years, except that the initial Panel shall serve staggered terms as follows: 1/3 of the initial Panel shall serve for 1 year, 1/3 shall serve for 2 years, and the remaining 1/3 shall serve the full 3-year term. Any member of the initial Panel or subsequent Panels whose term expires may be reappointed or replaced, pursuant to an evaluation and selection by the Selection Committee.

6. *Second Chair Counsel*

In order to meet the required "non-capital case" experience, attorneys seeking to attain membership on a Panel or Panels of this HAS Plan may participate as second chair counsel to Lead Counsel in non-capital cases. In order for this experience to qualify, such attorney must:

- At or before the scheduling conference of the case for which she or he seeks to sit as second chair, submit to the trial judge a request to sit as second chair, certifying that 10 felony jury trials⁹ have in fact been tried by him or her to completion within the past 5 years, or that 10 non-capital homicide appeals (direct or PCRA appeals) have been filed by him or her, through to a decision of the Superior Court, or that she or he has handled 10 non-capital homicide PCRA matters for which an evidentiary hearing was held, or a combination thereof, and listing those cases on the appropriate application.

- Request that the trial court designate the case as one in which the second chair experience will be appropriate.

- Obtain a certification from the Lead Counsel Non-capital Trial Panel member that the applicant participated in every aspect of the trial, beginning with the initial trial Scheduling Conference.

- Be present at all substantive proceedings regarding the case, through conclusion of the trial.

- Actively participate in the preparation and examination of at least one witness at trial.

7. *Defender Association Panel*

⁸ A "felony case" for purposes of this Panel requires that the defendant was arraigned before the jury on at least a felony of the second degree or an offense which is punishable by a maximum sentence of 10 years.

⁹ Felony jury trial means that the defendant was arraigned on a felony of the second degree or an offense which is punishable by a maximum sentence of ten years.

This Panel shall consist of the staff attorneys of the Defender Association assigned to that organization's Homicide Unit and certified by the Chief Public Defender to be qualified to fulfill the duties of staff attorney. The Defender Association will be appointed to represent defendants charged with capital as well as non-capital homicide in accordance with any allocation agreement then in effect and established between the Defender Association, the City of Philadelphia, and the FJD.

8. *Capital Appeals Panel*¹⁰

A. An attorney who is appointed at the post-sentence motions/appeal stage of a case for a defendant who has received a sentence of death shall only be appointed if the attorney:

(1) is a member in good standing of the Bar of the Pennsylvania Supreme Court, or admitted to practice *pro hac vice* and a member in good standing of the Bar of the jurisdiction in which the attorney is admitted to practice;

(2) has represented clients in appellate or post conviction matters in at least 8 "significant cases", as defined in Pa.R.Crim.P. 801(1)(c), has had primary responsibility for at least 5 briefs in those significant cases, and has prior experience within the last 5 years as appellate or PCRA counsel, in federal or state court, in at least one case in which a sentence of death was imposed.

(3) submits to the Selection Committee at least one appellate brief written primarily by herself/himself and demonstrates to the Selection Committee excellence in written legal advocacy;

(4) is familiar with the practice and procedure of the Pennsylvania Supreme Court, particularly as pertains to the appeal of capital cases;

(5) demonstrates, by training or experience, knowledge of principles of criminal and constitutional law as they apply to death penalty cases;

(6) is in full and current compliance with Pa.R.Crim.P. 801(2);

B. The Capital Appeals Panel shall initially consist of not more than 9 members, which number may be adjusted based on the needs of the Court. Panel members shall serve staggered terms, with each Panel member serving for a term of 3 years, except that the initial Panel shall serve staggered terms as follows: 1/3 of the initial Panel shall serve for 1 year, 1/3 shall serve for 2 years, and the remaining 1/3 shall serve the full 3-year term. Any member of the initial Panel or subsequent Panels whose term expires may be reappointed or replaced, pursuant to an evaluation and selection by the Selection Committee.

9. *Non-capital Appeals Panel*

A. An attorney who is appointed at the post-sentence motions/appeal stage of a case for a defendant who has not received a sentence of death shall only be appointed if the attorney:

(1) is a member in good standing of the Bar of the Pennsylvania Supreme Court, or admitted to practice *pro hac vice* and a member in good standing of the Bar of the jurisdiction in which the attorney is admitted to practice;

¹⁰ Although appointed counsel are required to represent defendants through direct appeal, Pa.R.Crim.P. 122, it is understood that in some cases it will serve a defendant's best interests to have new counsel appointed for a defendant upon being sentenced to death. Attorneys serving on this Panel will help meet that need, in addition to being available for appointment opportunities when the court otherwise must appoint counsel at the appellate stage.

(2) is familiar with the practice and procedure of the Pennsylvania Superior Court;

(3) is an experienced and active trial or appellate practitioner (whether via direct appeals or appeals of PCRA cases) with at least 5 years experience in the field of criminal defense;

(4) has filed briefs within the past 5 years as appellate counsel in either the Pennsylvania Supreme or Superior Court in no fewer than 3 capital or non-capital homicide matters and 5 felony matters;

(5) submits a writing sample to the Selection Committee for which she/he was primarily responsible.

B. The Non-Capital Appeals Panel shall initially consist of not more than 15 members, which number may be adjusted based on the needs of the Court. Panel members shall serve staggered terms, with each Panel member serving for a term of 3 years, except that the initial Panel shall serve staggered terms as follows: 1/3 of the initial Panel shall serve for 1 year, 1/3 shall serve for 2 years, and the remaining 1/3 shall serve the full 3-year term. Any member of the initial Panel or subsequent Panels whose term expires may be reappointed or replaced, pursuant to an evaluation and selection by the Selection Committee.

10. Capital PCRA Panel

A. An attorney may be appointed to represent a post-conviction petitioner under sentence of death only if that attorney:

(1) is a member in good standing of the Bar of the Pennsylvania Supreme Court, or admitted to practice pro hac vice and a member in good standing of the Bar of the jurisdiction in which the attorney is admitted to practice;

(2) is an active practitioner with at least 5 years criminal litigation (trial and/or appellate) experience in this or any other jurisdiction;

(3) has maintained a practice of which, during the 5 year period immediately preceding the date of the filing of the application for membership in this Panel, 75% has consisted of serving as trial or appellate or PCRA counsel regarding criminal cases before the FJD or before any court of the Commonwealth of Pennsylvania or before any federal court within the boundaries of Pennsylvania;

(4) has served as lead counsel in a minimum of 8 "significant cases" that were given to the jury for deliberations and or has represented clients in appellate or post conviction matters in at least 8 "significant cases, as defined in Pa.R.Crim.P. 801(1)(c); has had primary responsibility for at least 5 briefs in those significant cases; and has prior experience, within the last 5 years, as PCRA or appellate counsel before any court in the Commonwealth of Pennsylvania, including federal court, in at least one case in which a sentence of death was imposed;

(5) submits to the Selection Committee at least one sample of legal writing for which she/he was primarily responsible. This writing must advocate the position of a party in an adversary proceeding and must demonstrate excellence in written legal advocacy;

(6) is familiar with the practice and procedure of the Philadelphia Court of Common Pleas and of the Pennsylvania Supreme Court, particularly as it pertains to the handling of appeals in post-conviction matters in which a sentence of death has been imposed;

(7) demonstrates, by training or experience, knowledge of principles of criminal and constitutional law as they apply to death penalty cases;

(8) has extensive knowledge of the Pennsylvania Rules of Criminal Procedure, the Pennsylvania Rules of Evidence, and the case law of not only Pennsylvania but also of the U.S. Supreme Court, and has substantial familiarity with, and extensive experience in, the use of expert witnesses, and forensic, psychiatric and medical evidence including, but not limited to, mental health, pathology and DNA profiling evidence;

(9) Is in full and current compliance with the minimal educational requirements mandated by the Pennsylvania Supreme in Pa.R.Crim.P. 801(2).

B. The Capital PCRA Panel shall initially consist of not more than 9 members, which number may be adjusted based on the needs of the Court. Panel members shall serve staggered terms, with each Panel member serving for a term of 3 years, except that the initial Panel shall serve staggered terms as follows: 1/3 of the initial Panel shall serve for 1 year, 1/3 shall serve for 2 years, and the remaining 1/3 shall serve the full 3-year term. Any member of the initial Panel or subsequent Panels whose term expires may be reappointed or replaced, pursuant to an evaluation and selection by the Selection Committee. No member of this Panel may be appointed in any 12 month period to represent more than 1 death penalty PCRA petitioner.

11. Non-capital PCRA Panel

A. To be approved for this Panel, it is required that an attorney:

(1) is a member in good standing of the Bar of the Pennsylvania Supreme Court, or admitted to practice pro hac vice and a member in good standing of the Bar of the jurisdiction in which the attorney is admitted to practice;

(2) has maintained a practice of which, during the 3 year period immediately preceding the date of the filing of the application for membership in this Panel, not less than 25% has consisted of serving as counsel representing petitioners who have filed a post-conviction petition pursuant to the PCRA before any court in the Commonwealth of Pennsylvania;

(3) has experience, within the past 3 years, as PCRA counsel in no fewer than 10 felony cases, including 2 cases in which a PCRA hearing was held, or in 1 case in which a PCRA hearing was held and has completed one CLE program on Pennsylvania post-conviction practice within the past year;

(4) has participated in the preparation and litigation of 3 adversary hearings where factual issues were contested. (This may include the 2 PCRA hearings required in (3));

(5) submits to the Selection Committee an Amended Petition and a *Finley* letter that was filed by him or her within the past 2 years;

(6) is familiar with the practice and procedure of the Pennsylvania Superior Court.

B. The Non-capital PCRA Panel shall initially consist of not more than 18 members, which number may be adjusted based on the needs of the Court. Panel members shall serve staggered terms, with each Panel member serving for a term of 3 years, except that the initial Panel shall serve staggered terms as follows: 1/3 of the initial Panel shall serve for 1 year, 1/3 shall serve for 2 years, and the remaining 1/3 shall serve the full 3-year term. Any member of the initial Panel or subsequent Panels

whose term expires may be reappointed or replaced, pursuant to an evaluation and selection by the Selection Committee.

12. *Initial Year Consideration of Alternative Qualifications*

In the initial year of this Rule, due to respect for the body of work an experienced attorney may have achieved and who may nevertheless not meet the technical requirements of this new local rule, such experienced attorney may petition the Selection Committee to review his or her credentials and to allow such attorney to explain how that attorney will be able to meet the spirit if not the letter of this new Rule. There are no exceptions to the requirements of Pa.R.Crim.P. 801 as regards any of the Capital Panels. If, after a determination that the attorney's experience, knowledge and training are clearly equivalent to the standards for the Panel to which the attorney seeks admission, the Selection Committee approves the attorney for inclusion on a Panel, such attorney must thereafter comply with all the performance standards of this Rule which pertain to the Panel for which the attorney has been selected.

13. *Continuing Legal Education*

Every attorney selected to serve on any Panel is required to, and agrees to, obtain a minimum of 6 hours annually of CLE courses, as approved by the Selection Committee, which are relevant to the Panel for which that attorney was selected to represent defendants facing homicide charges, above and beyond, where applicable, the CLE requirements of Pa.R.Crim.P. 801. The additional CLE hours may be obtained as either participants or presenters. The number of CLE hours and the nature of the continuing legal education may be increased or modified by the Selection Committee as may be relevant and appropriate for the adequate representation of indigent defendants in homicide matters.

In addition, as approved by the Selection Committee, all attorneys selected for the Capital Trial Panel must complete a live¹¹ capital homicide course during the first year on the Panel, except that any attorney intending to serve only as Mitigation Counsel must complete a 6 hour course in mitigation advocacy during the first year on the Panel; all attorneys selected for the Non-capital Trial Panel must complete a live homicide course during the first year on the Panel.

14. *Exclusive Compensation*

Every attorney who is selected to be a member of any Panel under this FJD-HAS Plan agrees not to request or accept any payment, or promise of payment, from the defendant or the defendant's family or from any source other than from the FJD, in connection with his or her representing a defendant whom they were appointed to represent pursuant to this Rule.

B. *Application for Admission to a Panel*

1. Every admission to a Panel must be by application.
2. Application forms will be available annually from the Chair of the Selection Committee and from the office of Active Criminal Records.

C. *Selection Committee*

1. The Selection Committee shall consist of thirteen members as follows:

(a) 6 judges of the FJD, at least 3 of whom are presently assigned to the Homicide Program; 2 of whom are currently assigned to the Majors Program of the Trial Division—Criminal; and the Supervising Judge of the Trial Division—Criminal;

(b) 1 attorney who is a member of the FJD-HAS Capital Panel¹²;

(c) the Chair of the Screening Committee for Court Appointed Counsel, who must be a member of the Criminal Justice Section of the Philadelphia Bar Association;

(d) the Chair of the Criminal Justice Section of the Philadelphia Bar Association, or his or her "permanent designee"¹³;

(e) the President of the Philadelphia Chapter of the Pennsylvania Association of Criminal Defense Lawyers, or his or her "permanent designee";

(f) the Chief of the Homicide Unit of the Defender Association, or his "permanent designee" and the Chief of the Appeals Unit of the Defender Association, or his "permanent designee";

(g) the Chief of the PCRA Unit of the Philadelphia District Attorney's Office, or her "permanent designee".

2. The President Judge, or his/her designee, shall be an ex-officio member of the Selection Committee. The Court Administrator, or his/her "permanent designee", will attend all meetings in a non-voting capacity.

3. The Committee members described in subparagraphs 1(a) and (b) above shall be appointed by the Administrative Judge of the Trial Division, with the exception of the Supervising Judge.

4. Any Judge who resigns from the Committee prior to the expiration of his or her term due to a transfer in judicial assignment will be replaced by an appropriate appointment by the Administrative Judge of the Trial Division.

5. The Supervising Judge of the Trial Division—Criminal shall be the Chair of the Selection Committee.

6. Each Committee member shall serve for a period of 3 years and may be reappointed for succeeding terms at the discretion of the Administrative Judge of the Trial Division.

7. Eight members of the Committee shall be deemed a quorum.

8. Each member of the Committee shall be committed to ensuring that, prior to approving any applicant for inclusion on a Panel, the applicant has fully met the requirements set forth in this FJD-HAS Plan as to the Panel for which he or she is applying.

9. The Committee shall thoroughly review all applications for admission to the Panels, and shall conduct the necessary interviews or other inquiry into any matter deemed by the Committee to be necessary to make its determinations in regard to any applicant.

10. a. The Committee shall prepare an Evaluation Form, which will be distributed to all judges hearing Homicide cases.

¹² In the initial year, an attorney who has handled at least 5 homicide appointments within the past 3 years as court-appointed counsel will fill this position.

¹³ As used in this sub-section, the "permanent designee" must be someone who, for effectiveness, commits to attending all meetings of the Committee for the duration of the entire selection process in at least that calendar year.

¹¹ "Live" as used in this section require attendance "in person" and not via broadcast or by viewing a previously recorded presentation.

b. This Evaluation Form will also be available to attorneys who seek to obtain evaluations from Judges in the Majors Program or other appropriate forum.

D. Additions to the Panel

The submission of an application to the Selection Committee shall be confidential unless the applicant is accepted to a Panel. Notification of acceptance or rejection shall be made in writing to the applicant. The membership of the Panels shall be published at least annually.

E. Removal from the Panel

The Selection Committee may determine from time to time, prior to the expiration of a Panel member's term that, by reason of information received by the Committee and concerning a Panel member's ability to continue to perform as competent counsel, a Panel member should be recommended for removal from the Panel. In such instance, the Panel member shall first have the opportunity for a hearing before the Selection Committee, pursuant to procedures to be established by the Selection Committee. Upon a two-thirds vote by the Selection Committee, a Panel member shall be removed from receiving any further appointments pursuant to this Rule. Any Panel member so removed will not be barred from reapplying in the future for appointment to a Panel for which he or she is qualified. A copy of such removal decision shall be furnished to the President Judge as well as to the Court Administrator, who shall cause that attorney's name to be removed from each Panel on which his or her name appeared.

III. Determination of Need for Counsel and Appointment of Counsel

A. When Appearing Before the Court in a Criminal Case.

1. In every criminal case in which a defendant is charged with homicide and appears without counsel at any stage of the trial proceedings, the presiding judge shall advise the defendant that he or she has the right to be represented by counsel throughout the case and that counsel will be appointed to represent the defendant if the defendant is financially unable to retain counsel. Any statements elicited from a defendant regarding such an inquiry by the presiding judge are inadmissible in any criminal proceeding against the defendant, except as may be provided by law.

It shall be the duty of the presiding Judge to direct that the appropriate entity within the FJD which makes inquiry into whether a defendant meets the criteria for court-appointed counsel do so, in a timely manner.

In every criminal case in which a determination is made that a defendant charged with homicide qualifies for court-appointed counsel, it is the duty of the presiding judge to promptly cause counsel to be appointed to represent the defendant by forthwith communicating electronically with the office of Active Criminal Records, which will effectuate the appointment.¹⁴ An order of appointment shall be entered and served in accord with Pa.R.Crim.P. 122. The defendant shall not have the right to select his or her attorney from the Panel of attorneys or otherwise.

2. The presiding judge shall cause separate counsel to be appointed for defendants having interests that cannot properly be represented by the same counsel, or when other good cause is shown.

¹⁴ Nothing in this paragraph or in local Rule 122-1 is intended to modify current law that a petitioner will ordinarily not be eligible for court appointed counsel concerning second and subsequent PCRA petitions. See Pa.R.Crim.P. 904(C), (D) and (E).

3. If at any time after the appointment of counsel pursuant to this FJD-HAS Plan the presiding judge finds that the defendant is financially able to retain counsel, the judge shall terminate the appointment of counsel. Being able to "retain counsel" includes the ability to pay for all investigators, experts or other services, including mitigation evidence in a capital case. Prior to terminating the appointment of counsel, the presiding judge shall conduct a colloquy both with the defendant for whom representation is to be terminated because the defendant is able to retain counsel, and with the attorney to be retained, and ensure that both acknowledge, on the record, that they are fully able to meet the responsibility for the provision of these services.

4. Any counsel appointed to represent a defendant charged in a homicide pursuant to the FJD-HAS Plan who wishes to withdraw his appearance and be relieved of further representation of a particular defendant shall comply with the requirements of Pa.R.Crim.P. 120(B) and shall immediately make a motion for withdrawal to the judge before whom the case is then pending. If new counsel is to be appointed, pursuant to Pa.R.Crim.P. 120(B)(3), the judge before whom the case is pending shall promptly communicate electronically with the office of Active Criminal Records of the need for new counsel and of the appropriate Panel from which the appointment is to be made. An order of appointment shall be entered and served in accord with Pa.R.Crim.P. 122.

B. Appointment of Appellate Counsel

Although it is anticipated that an attorney who has been appointed to represent a defendant will continue to represent that individual for appellate purposes, as set forth in Pa.R.Crim.P. 120(A)(4) and Pa.R.Crim.P. 122(B)(2), in an appropriate case (including the defendant having retained counsel), the court may permit the attorney to withdraw from further representation pursuant to Pa.R.Crim.P. 120(B); additionally, an appellate court may direct that new counsel be appointed to represent a defendant whose case is already on appeal. In all such cases, the trial judge shall promptly communicate electronically with the office of Active Criminal Records, and notify that office that an appointment is necessary and the appropriate Panel from which the appointment is to be made. An order of appointment shall be entered and served in accord with Pa.R.Crim.P. 122.

C. The Court Administrator and the office of Active Criminal Records

1. The Court Administrator may delegate to the office of Active Criminal Records the responsibility for effectuating the appointments of counsel as regards this FJD-HAS Plan, but maintains the responsibility for ensuring that their duties are properly discharged.

2. In effecting the appointment of counsel for a defendant, the office of Active Criminal Records shall verify that a determination of financial inability to retain counsel has been made and the office of Active Criminal Records shall then arrange for the appointment of counsel consistent with the system provided in subsection 4 and 5 of this Section C.

3. The Court Administrator shall collect data regarding this FJD-HAS Plan to document that the Rule is being complied with. In addition, the Court Administrator will maintain the names of all attorneys, and the defendant they were representing, whom the appellate courts order removed, and the reason therefor, as well as all attorneys, and the defendants they were representing, found to have been ineffective in a post-conviction matter, and the

reason therefor. The Court Administrator will provide this information annually to the President Judge and, upon request, to the Selection Committee.

4. The office of Active Criminal Records shall maintain a current list of all attorneys selected to serve on each Panel. For each Panel, the office of Active Criminal Records shall maintain a "wheel" of all attorneys admitted to serve on such Panel, which will operate alphabetically from A to Z. After making a determination of which Panel is the appropriate Panel from which an appointment shall be made, the office of Active Criminal Records shall go to the next name on the wheel and contact that attorney electronically to see if that attorney is able to accept that appointment. The attorney shall be provided with sufficient information about the case/prospective defendant so as to be able to conduct a conflict check, to ensure there will be no problem with the representation of a prospective defendant. The attorney must respond electronically to the office of Active Criminal Records within 48 hours of being contacted.

5. If an attorney fails to respond electronically within 48 hours of being contacted, the office of Active Criminal Records shall go on to the next name on the wheel, and the attorney who failed to respond timely shall be placed at the bottom of the wheel, as if an appointment had in fact been made. Any attorney on any Panel has the ability to decline or reject a prospective appointment when contacted by the office of Active Criminal Records. Such declination or rejection will cause that attorney to be placed at the bottom of the wheel, as if an appointment had in fact been made. The exception to this is when a true conflict exists, in which case the attorney shall be required to provide the name of the other defendant or client as to whom the conflict exists. In the event of such a conflict, the office of Active Criminal Records will go on to the next name or names until an appointment has successfully been made, but shall then go back to the attorney who was conflicted out.

6. The Court Administrator will have responsibility for overseeing the promulgation of standard forms for the submission of requests for counsel fees and fees for investigative, expert and other services.

IV. Investigative, Expert and Other Services¹⁵

An attorney appointed under this HAS Plan who seeks investigative, expert or other services necessary for an adequate defense in the case, in accordance with Phila.Crim.R. 424 B(3)(a) and 425 G(4), must seek prior authorization, which must be presented in a written application, ex parte, to the Homicide Calendar Judge, if the case has not yet been assigned to a trial judge, or to the trial judge. Upon finding, after appropriate inquiry in such ex parte proceeding, that the services are necessary, the Court shall issue an Order authorizing counsel to obtain the services. The Judge may establish a limit on the amount which may be expended for such services within the maximum prescribed by the FJD, subject to the provider of such services providing proper and detailed accounting for the services rendered in a fee petition. Phila.Crim.R. 424 B and 425 shall continue to govern these services.

¹⁵ An attorney who is retained by a client to represent him or her in a homicide case must be able to certify to the Court that the entire defense is funded by the client, including all investigative and expert services, whether the case is capital or not. There is no provision under this Rule for retained counsel to obtain funds from the Court for these services. *Pro bono* counsel may apply to the Court for funds for these services, provided that *pro bono* counsel is certified pursuant to Pa.R.Crim.P. 801. Any such funds will be within the limits set by the FJD.

V. Compensation

Payment of fees and expenses to private counsel appointed under this FJD-HAS Plan, and payments for investigative, expert and other services incurred pursuant to Title IV hereof, shall be made in accordance with Phila.Crim.R. 424 B and 425, and such rules and regulations and guidelines as have been or may be prescribed by the President Judge and in accordance with the fiscal policies of the FJD.

VI. Forms

Where standard forms have been approved and promulgated, such forms shall be used by the court and by attorneys appointed pursuant to this Rule.

Adopted at the March 10, 2011 meeting of the Board of Judges of the Court of Common Pleas, effective thirty (30) days after publication in the *Pennsylvania Bulletin*.

Explanatory Note: Implementation of the Homicide Appointment System will commence immediately upon the effective date of this Rule, thirty (30) days after publication in the *Pennsylvania Bulletin*. STATEMENTS OF POLICY

Title 61—REVENUE

DEPARTMENT OF REVENUE

[61 PA. CODE CH. 60]

Sales and Use Tax Pronouncements; Nonprofit Associations which Support Sports Programs

The Department of Revenue (Department) has adopted amendments to a statement of policy under the authority in § 3.2 (relating to statements of policy). Section 60.17 (relating to sale of food and beverages by nonprofit associations which support sports programs) is amended and shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

This amendment to § 60.17 is promulgated by the Department to reflect a legislative change made by the act of April 23, 1998 (P. L. 239, No. 45) which removed the fixed location on public property requirement in section 204(49) of the Tax Reform Code of 1971 (72 P. S. § 7204(49)). Additionally, the Department is deleting examples affected by the legislative change.

Specific questions regarding information in this statement of policy should be directed to the Department of Revenue, Office of Chief Counsel, P. O. Box 281061, Harrisburg, PA 17128-1061.

DANIEL MEUSER,
Secretary

(Editor's Note: Title 61 of the Pa. Code is amended by amending a statement of policy in § 60.17 to read as set forth in Annex A.)

Fiscal Note: 15-452. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 61. REVENUE

PART I. DEPARTMENT OF REVENUE

Subpart B. GENERAL FUND REVENUES

ARTICLE II. SALES AND USE TAX

CHAPTER 60. SALES AND USE TAX PRONOUNCEMENTS—STATEMENTS OF POLICY

§ 60.17. Sale of food and beverages by nonprofit associations which support sports programs.

(a) *Definitions.* The following words and terms, when used in this section, have the following meanings, unless the context clearly indicates otherwise:

Nonprofit association—

(i) An entity which is organized as a nonprofit corporation or nonprofit unincorporated association under the laws of the Commonwealth or the United States.

(ii) An entity which is authorized to do business in this Commonwealth as a nonprofit corporation or unincorporated association under the laws of the Commonwealth, and which is organized and operated on a nonprofit basis, including the following associations or separately chartered auxiliaries thereof:

- (A) Youth or athletic.
- (B) Volunteer fire.
- (C) Ambulance.

- (D) Religious.
- (E) Charitable.
- (F) Fraternal.
- (G) Veterans.
- (H) Civic.

*Sports program—*Subject to the limitations set forth in subparagraph (ii), a sports program shall include:

(i) Baseball, softball, football, basketball, soccer and other competitive sports formally recognized as a sport by one or more of the following:

(A) The United States Olympic Committee as specified by and under the jurisdiction of the Amateur Sports Act of 1978 (36 U.S.C.A. §§ 371—396).

(B) The Amateur Athletic Union.

(C) The National Collegiate Athletic Association.

(ii) The term is limited to a program or that portion of a program which meets the following criteria:

(A) Organized for recreational purposes and conducts activities substantially for these purposes.

(B) Organized primarily for participants who are 18 years of age or younger or whose 19th birthday occurs during the year of participation or the competitive season, whichever is longer. There is no age limitation for programs operated for persons with physical handicaps or persons with mental retardation.

*Support—*The term means the following:

(i) The nonprofit association sells food and beverages and uses the funds raised solely to pay the expenses of a sports program.

(ii) The nonprofit association sells food and beverages at a location where a sports program is being conducted.

(b) *Scope.*

(1) The sale of food and beverages by nonprofit associations which support sports programs is not subject to tax.

(2) The following are examples of taxable and nontaxable sales by nonprofit associations:

(i) "F" fraternal association sells food and beverages to fans from a food stand located on university property where basketball games are played by members of the various fraternities, most of whom are 20 years of age or older. Sales of food and beverages by "F" to fans are taxable since the sports program is primarily for participants who are older than 18 years of age.

(ii) "A" charitable association operates a food stand four times a year at a public park where food and beverages are sold to raise funds solely to pay the expenses of a sports program. Since the funds raised from the sales of food and beverages by "A" are used solely to support sports programs, these sales are not subject to tax even though they are made from a location other than where the sports program is being conducted.

(c) *Equipment and supplies.*

(1) A vendor of food or beverages (which is not otherwise an exempt organization under § 32.21 (relating to charitable, volunteer firemen's and religious organizations, and nonprofit educational institutions)) is required to pay tax upon the purchase of utilities, equipment, fixtures, utensils—such as glasses, knives and forks, and

nondisposable plates and cups—table cloths, napkins, straws, returnable containers and related supplies.

(2) The purchase of the following items in connection with the sale of food or beverages is exempt from tax regardless of whether the purchaser is an exempt entity under § 32.21:

(i) Prepared or nonprepared food and beverages for resale.

(ii) Wrapping supplies as defined by § 32.1 (relating to definitions).

(3) The following examples illustrate what items are and are not subject to tax:

(i) In connection with the sale of food and beverages at a food stand where a sports program is being conducted, “N” nonprofit association provides tables and chairs for its customers to use. “N” is not an exempt organization

under § 32.21. “N” shall pay tax on these items at the time of purchase and may not claim the resale exemption even though the invoices separately state the charges for these items.

(ii) In connection with the sale of food and beverages at a food stand where a sports program is being conducted, “X” nonprofit association provides to its customers paper plates, styrofoam cups, straws, paper napkins, and plastic knives, forks and spoons. “X” is not an exempt organization under § 32.21. “X” can purchase paper plates and styrofoam cups exempt from tax on the basis that these items qualify as wrapping supplies. “X” shall pay tax upon the purchase of straws, paper napkins, and plastic knives, forks and spoons.

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION
SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM)
PERMITS**

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

II. Applications for New or Expanded Facility Permits, Renewal of Major Permits and EPA Non-Waived Permit Applications

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Phone: 717-705-4707.

PAS203504, Storm Water, SIC Code 3444, **Contech Construction Products Inc.**, 9025 Centre Pointe Drive #400, West Chester, OH 45069. Facility Name: Contech Construction Products Inc. This proposed facility is located in Greencastle Borough, **Franklin County**.

Description of Proposed Activity: The application is for a new NPDES permit for a new discharge of treated Storm Water.

The receiving stream(s), Unnamed Tributary to Muddy Run, is located in State Water Plan watershed 13-C and is classified for High Quality Waters—Cold Water Fishes, aquatic life, water supply and recreation. The discharge is not expected to affect public water supplies.

The proposed effluent limits for Outfall 001*:

Application No. PA0260169, Concentrated Animal Feeding Operation (CAFO), Elmer King, 3382 B West Newport Road, Ronks, Pennsylvania 17572.

Elmer King has submitted an application for an Individual NPDES permit for an existing CAFO known as Greenfield Farms, located at 6420 Route 35 South, East Waterford, Pennsylvania 17021 in Lack Township, **Juniata County**.

The CAFO is situated near unnamed tributary of Dougherty Run in Watershed 12-B, which is classified for High Quality Cold Water Fishery. The CAFO is designed to maintain an animal population of approximately 496.71 animal equivalent units (AEUs) consisting of 148,000 poultry layers. Manure is collected underneath and conveyed to an enclosed, roofed storage shed. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 100-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

The permit application and draft permit are on file at the Southcentral Regional Office of the Department. You may make an appointment to review the files by calling the File Review Coordinator at 717.705.4732.

The Environmental Protection Agency (EPA) permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

STATE CONSERVATION COMMISSION

NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law) to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users should contact the Environmental Hearing Board (Board) through the Pennsylvania AT&T Relay Service at (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY (PWS) PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the

name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area

remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northeast Region: Eric Supey, Environmental Cleanup Program Manager, 2 Public Square, Wilkes-Barre, PA 18701-1915.

GVH Coopersburg, 208-214 North Third Street, Coopersburg Borough, **Lehigh County**. Toby Kessler, Gilmore and Associates, Inc., 65 East Butler Avenue, Suite 100, New Britain, PA 18901 has submitted a Notice of Intent to Remediate (on behalf of his client, GVH Coopersburg, L.P., 323 Union Street, Suite 300, Nashville, TN 37201), concerning the remediation of groundwater found to have been impacted by unleaded gasoline as a result of historical operations at this former automobile service center. The applicant proposes to remediate the site to meet the Residential Statewide Health Standard for groundwater. The intended future use of the property is commercial. A summary of the Notice of Intent to Remediate is expected to be published in *The Morning Call* on June 13, 2011.

Austin's Auto Service, 1843 West Broad Street, Bethlehem City, **Lehigh County**. Scott Campbell and Andrew Gutshall, EarthRes Group, Inc., P. O. Box 468, Pipersville, PA 18947 have submitted a Notice of Intent to Remediate (on behalf of their client, Austin's Auto Service, 1843 West Broad Street, Bethlehem, PA 18018), concerning the remediation of soil found to have been impacted by unleaded gasoline as a result of historical operations at a former gasoline station and the current auto service station. The applicant proposes to remediate the site to meet the Site-Specific Standard for soil. The intended future use of the property is to continue as an auto service station. A summary of the Notice of Intent to

Remediate is expected to be published in a local newspaper serving the general area sometime in the near future.

Baver Residence, 1 Rolling Mill Road, West Brunswick Township, **Schuylkill County**. James Cinelli and Jason Spanier, Liberty Environmental, Inc., 50 N. 5th Street, 5th Floor, Reading, PA 19601 have submitted a Notice of Intent to Remediate (on behalf of their clients, Frank and Marion Baver, 1 Rolling Mill Road, Auburn, PA 17922), concerning the remediation of soil found to have been impacted by diesel fuel as a result of a release from a punctured saddle tank of a truck, which accidentally skidded through a guard rail and came to rest on the property. The applicant proposes to remediate the site to meet the Residential Statewide Health Standard for soil. The intended future use of the property is residential. A summary of the Notice of Intent to Remediate is expected to be published in a local newspaper serving the general area sometime in the near future.

Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701

Campus Theatre, Lewisburg Borough, **Union County**. Alternative Environmental Solutions, Inc., 480 New Holland Ave., Suite 8203, Lancaster, PA 17602, on behalf of Bucknell Real Estate, Lewisburg, PA has submitted a Notice of Intent to Remediate soil contaminated with heating oil at 419 Market St., Lewisburg, PA 17837. The applicant proposes to remediate the site to meet the Site Specific Standard. The current and intended future use of the property is for commercial purposes by the Campus Theatre and possible residential use.

Northwest Region: Environmental Cleanup Program Manager, 230 Chestnut Street, Meadville, PA 16335-3481

Ezeflow USA Inc—Flowline Division, Shenango Township, **Lawrence County**. American Geosciences, Inc., 3925 Reed Boulevard, Suite 400, Murraysville, PA 15668-1848 on behalf of Ezeflow USA, Inc., 1400 New Butler Road, New Castle, PA 16107 has submitted a Notice of Intent to Remediate. Phase II investigation activities identified soil contaminated with arsenic, lead, mercury and groundwater contaminated by arsenic as a result of historical industrial activities. The intended future use of the property is non-residential. The proposed cleanup standard for the site is Site-Specific. The Notice of Intent to Remediate was published in the New Castle News on May 16, 2011.

Southwest Region: Environmental Cleanup Program Manager, 400 Waterfront Drive, Pittsburgh, Pa 15222-4745

Kennedy Highlands Development, Kennedy Township, **Allegheny County**. CP Environmental Group, 1092 Fifth Avenue, New Kensington, PA 15068 on behalf of Maronda Homes Inc., 1383 St. Route 30, Clinton, PA 15026 has submitted a Notice of Intent to Remediate. During Site development activities in 2006, it was found that the southeastern most property boundary was encroached by the adjacent former Mazzaro McKees Rocks Landfill. The area impacted was nearly 300 feet long by less than 60 feet wide. The former landfill material was excavated and properly disposed of and the area was backfilled with clean fill and rock. The remediator intends to show attainment of the residential statewide health standard for soil.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS NEW SOURCES AND MODIFICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the public. This approach allows the owner or operator of a facility to complete and submit permitting documents relevant to its application one time, affords an opportunity for public input and provides for sequential issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of these applications, subsequently prepared draft permits, review summaries and other support materials are available for review in the regional office listed before the applications. Persons interested in reviewing the application files should contact the appropriate regional office to schedule appointments.

Persons wishing to receive a copy of a proposed Plan Approval or Operating Permit shall indicate interests to the Department regional office within 30 days of the date of this notice and shall file protests or comments on a proposed Plan Approval or Operating Permit within 30 days of the Department providing a copy of the proposed documents to persons or within 30 days of its publication in the *Pennsylvania Bulletin*, whichever comes first. Interested persons may also request that hearings be held concerning a proposed Plan Approval or Operating Permit. A comment or protest filed with the Department regional office shall include a concise statement of the objections to the issuance of the Plan Approval or Operating Permit and relevant facts which serve as the basis for the objections. If the Department schedules a hearing, a notice will be published in the *Pennsylvania Bulletin* at least 30 days prior to the date of the hearing.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the source is constructed and operating in compliance with applicable requirements in 25 Pa. Code Chapters 121—143, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

23-0038D: Delaware County Regional Water Quality Control Authority—DELCORA (P. O. Box 999, Chester, PA 19016) for replacement of the auxiliary fuel burners on each of two (2) sewage sludge incinerators in the City of Chester, **Delaware County**. DELCORA is a major facility. The new burners will be dual fuel fired, #2 fuel oil and natural gas, compared with the existing burners which are only #2 fuel oil fired. There will be no change in number, location or capacity of the replacement burners, compared with the existing burners. No increases in emissions are requested. Emission limits for each incinerator for all pollutants (particulate matter, nitrogen oxides, sulfur oxides, carbon monoxide, total hydrocarbons) in the facility Operating Permit, 23-00038 will remain unchanged.

With Plan Approval 23-0038D, DELCORA is taking additional restrictions in volatile organic compounds (VOC) and nitrogen oxides (NOx) emissions. The combined VOC emissions from both incinerators will be limited to 24.90 tons per year on a 12-month rolling sum basis. A Plantwide Applicability Limit (PAL) for NOx of 82.56 tons/year is set, in accordance with the requirements of 25 Pa. Code § 127.218.

No changes to the incinerators, besides the burner replacement, are authorized under this Plan Approval. The Plan Approval will include monitoring, testing and recordkeeping requirements designed to keep the facility operating within all applicable air quality requirements.

53-00001F: Tennessee Gas Pipeline Company (1001 Louisiana Street, PO Box 2511, Houston TX 77252-2511) for the existing installation of an oxidation catalyst on an existing reciprocating internal combustion engine located at Station 313 in Hebron Township, **Potter County**. The respective facility is a major facility and operates under Title V Operating Permit 53-00001.

The Department's review of the information contained in the application indicates that the installation of the oxidation catalyst meets all applicable air quality regulatory requirements pertaining to air contamination sources and the emission of air contaminants. Based on these findings, the Department intends to issue a plan approval for the installation of an oxidation catalyst. Additionally, if the Department determines that the respective control device is operating in compliance with all plan approval conditions, the conditions established in the plan approval will be incorporated into Title V Operating Permit 53-00001 via an administrative amendment pursuant to 25 Pa. Code Sections 127.450.

All applicable regulatory requirements relating to fugitive, visible, and malodorous emissions standards and additional requirements regarding malfunctions, testing, monitoring, recordkeeping, and reporting have been included in the proposed plan approval. In addition to the above requirements, the following is a list of conditions that the Department proposes to place in the plan approval to ensure compliance with all applicable regulatory requirements:

1. Pursuant to 25 Pa. Code § 127.12b, the permittee shall equip control device ID C111 with instrumentation to monitor pressure drop across control device ID C111 and the inlet gas temperature of control device ID C111 and shall monitor these parameters on a continuous basis.

2. Pursuant to 25 Pa. Code § 127.12b, the permittee shall keep records of the following information:

(1) The number of hours that source ID P111 is operated on a monthly basis.

(2) The test report and/or supporting calculations used to verify compliance with the nitrogen oxides, particulate matter, and sulfur oxides emissions limitations for Source ID P111.

(3) 4-hour averages of the inlet temperature of control device ID C111.

(4) 1-hour averages of the pressure drop across control device ID C111.

(5) The analysis report(s) of the investigation(s) conducted when the pressure drop increased above the established limit based upon pressure drop data collected during testing.

(6) The date and the total hours of operation of source ID P111 at the time of the catalyst replacement and/or cleaning.

(7) The manufacturer's recommended timeline and frequency of catalyst replacement and/or cleaning.

These records shall be kept for a minimum of five (5) years and shall be made available to the Department upon request.

3. Pursuant to 25 Pa. Code § 127.12b, the permittee shall construct and operate control device ID C111 in accordance with the manufacturer's specifications and good air pollution control practices. The permittee shall follow the manufacturer's recommended timeline and frequency for catalyst replacement and cleaning.

4. Pursuant to 25 Pa. Code § 127.12b, the carbon monoxide emissions from source ID P111 shall be controlled by an oxidation catalyst (control device ID C111). The permittee shall not operate source ID P111 without the simultaneous operation of control device ID C111.

A copy of the plan approval application is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at 570-327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Environmental Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-3648.

08-313-004K: Global Tungsten & Powders, Corp. (Hawes Street, Towanda, PA 18848-0504), for the proposed construction of process equipment (Source IDs

P211) to manufacture ammonium paratungstate (APT) and associated control device and increase throughput for existing equipment that produces APT for their facility, located in North Towanda Township, **Bradford County**. This is a state only facility. The facility has taken a synthetic minor restriction to limit the carbon monoxide, nitrogen oxides, and volatile organic compounds emissions below the major thresholds.

The Department's review of the information contained in the application submitted by GTP indicates that the ammonia emissions from the proposed seven tanks and three presses controlled by the proposed Bionomics scrubber and the existing sources with increase throughput will comply with applicable air quality requirements pertaining to air contamination sources and the emission of air contaminants, including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on this finding, the Department proposes to issue a plan approval for the proposed construction.

The emissions from the proposed new sources will not exceed 0.09 tons of ammonia per year. The following is a summary of the types of conditions the Department intends to place in the plan approval to ensure compliance with applicable regulatory requirements including the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12.

Work practice requirements to install and operate the sources and control device in accordance with manufacturer's recommendations and good air pollution control practices.

Monitoring and Recordkeeping conditions to verify compliance with the applicable requirements and good air pollution control practices.

A copy of the plan approval application and the Department's review is available for public review between 8 a.m. and 4 p.m. at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review may be made by calling the Department at 570-327-3693. Written comments or requests for a public hearing should be directed to Muhammad Q. 04-00731: U.S. Electrofused Minerals, Inc. (600 Steel Street Aliquippa, PA 15001) for installation and initial temporary operation of a mineral processing facility at their facility in Aliquippa City, **Beaver County**.

In accordance with 25 Pa. Code §§ 127.44—127.46 that the Department of Environmental Protection (DEP) intends to issue Air Quality Plan Approval: PA-04-00731 to allow the installation and initial temporary operation of a mineral processing facility at the U.S. Electrofused Minerals Plant located in Aliquippa city, Beaver County.

Potential emissions from the facility are estimated to be 0.17 tons of particulate matter and particulate matter less than 10 microns in diameter (PM/PM₁₀) per year. Best available technology (BAT) for the proposed sources is the installation of a fabric collector unit TAV-MAC of capacity 23,428 ACFM to control the air emissions, and proper operation and maintenance. The authorization is

subject to appropriate regulatory standards including limitations on visible fugitive & malodors emissions as well as work practice, maintenance, stack testing, monitoring, recordkeeping, and reporting conditions. Once compliance with the Plan Approval is demonstrated, the applicant will subsequently apply for a State Only Operating Permit in accordance with Pa. Code Title 25 Subchapter F.

Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Plan Approval may submit the information to Jesse Parihar, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Each written comment must contain the following:

Name, address and telephone number of the person submitting the comments.

Identification of the proposed Plan Approval (PA-04-00731).

Concise statements regarding the relevancy of the information or objections to issuance of the Plan Approval.

All comments must be received prior to the close of business 30 days after the date of this publication. For additional information you may contact Jesse Parihar at 412-442-4030.

42-184J: Keystone Powdered Metal Co. (289 Eberl Street, St. Mary's, PA 15857) for modification of throughput restrictions associated with an existing induction heat treater in Lewis Run Borough, **McKean County**.

Pursuant to 25 Pa. Code §§ 127.44(a) and 127.424(b), the Pennsylvania Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval for their facility located in Lewis Run Borough, McKean County. This plan approval is for the modification of throughput restrictions associated with an existing induction heat treater. The Plan Approval will subsequently be incorporated into the facility's Operating Permit through an administrative amendment in accordance with 25 Pa. Code § 127.450.

Plan Approval No. 42-184J is for the modification of throughput restrictions associated with an existing induction heat treater (Source ID 4733). The installation of this unit was previously permitted by the Department under Plan Approval 42-184H. Based on the information provided by the applicant and DEP's own analysis, the subject source will have potential emissions of 0.016 ton per year of particulate matter, all of which will be particulate matter less than 10 microns (PM-10).

The Plan Approval will contain monitoring, recordkeeping, and work practice requirements designed to keep the facility operating within all applicable air quality requirements. Copies of the application, DEP's analysis, and other documents used in the evaluation are available for public inspection between the hours of 8 a.m. and 4 p.m. weekdays at the address shown below. To make an appointment, contact Records Management at 814-332-6340, for an appointment.

Anyone wishing to provide DEP with additional information they believe should be considered may submit the information to the address shown below. Comments must

be received, by the Department, within 30 days of the last day of publication. Written comments should include the following:

1. Name, address, and telephone number of the person submitting comments.

2. Identification of the proposed Plan Approval; No. 42-184J.

3. Concise statement regarding the relevancy of the information or any objections to issuance of the Plan Approval.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted on the comments received during the public comment period. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in a local newspaper of general circulation or the *Pennsylvania Bulletin* or by telephone, where the Department determines such notification is sufficient. Written comments or requests for a public hearing should be directed to John Guth, Regional Air Quality Manager, Department of Environmental Protection, Northwest Regional Office, 230 Chestnut Street, Meadville, PA 16335, 814-332-6940.

OPERATING PERMITS

Intent to Issue Title V Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter G.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401

Contact: Janine Tulloch-Reid, Facilities Permitting Chief—Telephone: 484-250-5920

23-00038: Delaware County Regional Water Quality Control Authority—Western Regional Treatment Plant—DELCTORA (100 E 5th Street, P.O. Box 999, Chester, PA 19016) for renewal of the facility's Title V Operating Permit originally issued on August 8, 2006 at 3201 West Front Street, City of Chester, Delaware County. The major sources of pollution at the facility are VOC, NOx, SOx, CO, HAP and PM. The operation is subjected to federal NSPS and NESHAP regulations. The permit will include monitoring, recordkeeping and reporting requirements designed to keep the plant operating within all applicable air quality requirements.

Southcentral Region: Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110

Contact: Thomas J. Hanlon, Chief, East Permitting Section—Telephone: 717-705-4862 or Daniel Husted, Chief, West Permitting Section - Telephone: 717-949-7935

22-05012: ArcelorMittal, LLC (215 South Front Street, Steelton, PA 17113) for operation of steel ingot and rail track plant in Steelton Borough, **Dauphin County**. This is a renewal of their Title V Operating permit issued in January 2006.

In accordance with 25 Pa. Code §§ 127.424, 127.425, and 127.521, the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the above-mentioned facility.

The actual annual emissions based on the 2010 data were approximately 466 tons of NOx, 238 tons of CO, 34 tons of SOx, 21 tons of PM10, and 26 tons of VOC including less than 2 tons of HAPs. The Operating Permit will include emission limits and work practice standards

along with monitoring, recordkeeping, and reporting requirements to ensure the facility complies with the applicable air quality regulations.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

Daniel C. Husted, P.E., West Permitting Section Chief may be contacted at (717) 705-4863, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

Permits issued to sources identified in 25 Pa. Code Section 127.44(b)(1)—(4) or permits issued to sources with limitations on the potential to emit used to avoid otherwise applicable Federal requirements may become part of the SIP, and will be submitted to the EPA for review and approval.

31-05011: U S Silica Co.—Mapleton Depot Plant (12942 Oriskany Road, Mapleton Depot, PA 17052) for operation of rock crushing operation in Brady Township, **Huntingdon County**. This is a renewal of their Title V Operating permit issued in August 2005.

In accordance with 25 Pa. Code §§ 127.424, 127.425, and 127.521, the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the abovementioned facility.

The actual annual emissions based on the 2010 data were approximately 56 tons of PM10 including 28 tons of PM2.5 and less than 1 tons of HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping, and reporting requirements to ensure the facility complies with the applicable air quality regulations.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.

- Identification of the proposed permit by the permit number listed above.

- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

Daniel C. Husted, P.E., West Permitting Section Chief may be contacted at (717) 705-4863, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

Permits issued to sources identified in 25 Pa. Code Section 127.44(b)(1)—(4) or permits issued to sources with limitations on the potential to emit used to avoid otherwise applicable Federal requirements may become part of the SIP, and will be submitted to the EPA for review and approval.

06-05040: East Penn Manufacturing Co., Inc. (PO Box 147, Deka Road, Lyon Station, PA 19536) for the operation of a secondary lead smelter facility in Richmond Township, **Berks County**.

In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Title V Operating Permit for the abovementioned facility.

The subject facility had approximate actual emissions in 2010 of the following main pollutants (amounts listed are in tons per year): carbon monoxide: 25, nitrogen oxides: 58, particulate matter: 8, sulfur oxides: 48, VOC: 10, lead: 0.13, total hazardous air pollutants (HAP): 0.16. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR Part 63, Subpart X, National Emission Standards for Hazardous Air Pollutants: Secondary Lead Smelting, 40 CFR Part 63, Subpart ZZZZ, National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines, 40 CFR Part 64, Compliance Assurance Monitoring, and 25 Pa. Code Section 129.91, Control of Major Sources of NOx and VOC, Reasonably Available Control Technology (RACT).

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

Thomas J. Hanlon, P.E., Chief, East Permitting Section may be contacted at 717-705-4862, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

Permits issued to sources identified in 25 Pa. Code Section 127.44(b)(1)–(4) or permits issued to sources with limitations on the potential to emit used to avoid otherwise applicable Federal requirements may become part of the SIP, and will be submitted to EPA for review and approval.

21-05002: PPG Industries, Inc. (400 Park Drive, Carlisle, PA 17015) for operation of their flat glass manufacturing facility in South Middleton Township, **Cumberland County**.

In accordance with 25 Pa. Code § 127.463, the Department has received an application and intends to issue a revised Title V Operating Permit for the abovementioned facility.

Recent regulations under Section 129 reduce allowable nitrogen oxides (NO_x) emission levels and establish detailed monitoring, recordkeeping and reporting requirements for the facility's two glass melting furnaces. The company has requested an alternative compliance schedule for the No. 1 melting furnace in accordance with Section 129.304(c) which expressly provides for such measures. The compliance date for the No. 1 furnace will be extended to 180 days after startup following the next scheduled cold shutdown now planned for 2020. The permit revision will also establish requirements to minimize overall NO_x emissions from the facility during the interim period.

Facility actual emissions for calendar year 2009 included 2,640 tons of NO_x, 571 tons of sulfur oxides and 328 tons of particulate matter.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed operating permit, or may provide the Department with additional information to consider in its review, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

Daniel C. Husted, PE, Chief, West Permitting Section, may be contacted at 717-705-4863, or at PA DEP Air Quality Program, 909 Elmerton Avenue, Harrisburg, PA 17110, for additional information or for the submission of comments or protests.

Northwest Region: Air Quality Program, 230 Chestnut Street, Meadville, PA 16335-3481

Contact: Matthew Williams, Facilities Permitting Chief—Telephone: 814-332-6131

24-00083: Mersen USA—St. Mary's-PA Corp.—previously Carbone of America Industries Corp. (215 Stackpole Street, Saint Mary's, PA 15857-1401) for renewal of their Title V Operating Permit to manufacture Carbon and Graphite Products in the City of Saint Mary's, **Elk County**. The facility's major emission sources include crushers, coke and graphite mills, screening operation, pulverizers, blenders, mixers, curing ovens, CBH kilns, carbottom kilns, dryers, jet mill, graphite machining lathes, extrusion press, pit oven, batch graphitizers, excess air ovens, graphite machining saw grinders, two parts washers, Raymond mills, miscellaneous sources exhaust outside the facility and isostatic system. The facility is a major facility due to its potential to emit of particulate matter less than 10 microns in diameter. Therefore, the facility is subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapter G. The facility is also subject to the Compliance Assurance Monitoring Rule (CAM) found in 40 CFR Part 64. Appropriate permit conditions to address the applicable CAM requirements have been included in the permit.

23-00101: Esschem, Inc. (4000 Columbia Avenue, Linwood, PA 19061) for a Non-Title V Facility, State-Only, Natural Minor Permit in Lower Chichester Township, **Delaware County** to manufacture acrylic polymers and monomers for medical devices and the cosmetic industry. The sources of emissions include boilers, the Methacrylate Polymerization process and a scrubber. The facility has a potential to emit less than 25 tons per year of Volatile Organic Compounds (VOCs) and less than 10 tons per year of Hazardous Air Pollutants, (Methyl Methacrylate). Monitoring, record keeping and reporting requirements have been added to the permit to address applicable limitations.

09-00068: Orchard Hill Memorial Park, Inc.—d/b/a Abbey Glen Pet Memorial Services (80 Kelly Road, Quakertown, PA 18951) for renewal of a State Only Operating Permit ("SOOP") No. 09-00068 in Richland Township, **Bucks County**. The facility's air emissions sources consist of four animal crematory units, one of which was installed in 2006 under General Plan Approval and General Permit (GP-14) No. 09-301-124GP. This is the only change that has occurred at the facility since the SOOP was issued in 2005.

The potential to emit nitrogen oxides ("NO_x") from the animal crematory units/facility exceeds 25 tons per year; however, Orchard Hill Memorial Park, Inc., has elected to restrict the hours of operation for the animal crematory units such that the NO_x emissions from the facility will not exceed 18.3 tons per year.

The SOOP will continue to include monitoring, recordkeeping, reporting, and work practice requirements designed to keep the facility operating within all applicable air quality requirements.

64-00011: Wayco, Inc. (P. O. Box Y, Waymart, PA 18472-0240) for a sand and gravel processing plant in South Canaan Township, **Wayne County**. The facility's main sources include one primary crusher, one twin roll crusher, two three-deck screens, conveyors and one diesel fired generator. The proposed State-only Operating Permit contains applicable requirements for emissions limitations, monitoring, recordkeeping, reporting and work practice standards designed to ensure facility compliance with Federal and State air pollution regulations. This is a renewal of a State-Only Operating Permit.

39-00080: Muhlenberg College (2400 West Chew Street, Allentown, PA 18104-5564) for colleges, universities, and professional schools facility in the City of Allentown, **Lehigh County**. This is a renewal of the State-Only Synthetic Minor operating permit. The State-Only operating permit includes emissions, work practice standards and testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

54-00058: Leed Foundry, Inc. (Wade Road, PO Box 98, St. Clair, PA 17970) for operation of their foundry operations in St. Clair Borough, **Schuylkill County**. This is an initial State-Only Synthetic Minor operating permit. The State-Only operating permit includes emissions, work practice standards and testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

35-00050: Maple Hill Cemetery (68 East St. Mary's Road, Wilkes-Barre, PA 18706) for a Natural Minor Operating Permit for crematory operations in Archbald, **Lackawanna County**. The proposed State Only Operating Permit contains applicable requirements for emissions limitations, monitoring, record keeping, reporting, and work practice standards used to maintain facility compliance with Federal and State air pollution regulations. This is a renewal of a State-Only Operating Permit.

In accordance with 25 Pa. Code §§ 127.424 and 127.425 the Department of Environmental Protection (DEP) has received an application and intends to issue an Air Quality Operating Permit for the abovementioned facility.

The subject facility has actual emissions of 0.12 tpy of SOx. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at the PA DEP Southcentral Regional Office, at 909 Elmerton Avenue, Harrisburg, PA 17110.

A person may oppose the proposed plan approval, or may provide the Department with additional information

to consider in its review, or may request a public hearing, by filing a written protest with the Department at the address listed above. Each written comment must contain the following:

- Name, address and telephone number of the person submitting the comments.
- Identification of the proposed permit by the permit number listed above.
- A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A 30-day comment period, from the date of publication of this notice in the *PA Bulletin*, will exist for the submission of comments or protests.

63-00632 American Iron Oxide Co. (7 Foster Plaza, 661 Andersen Dr., Pittsburgh, PA, 15220-2700) for operation of a waste pickle liquor treatment/recycling facility in Allenport, **Washington County**.

In accordance with 25 Pa. Code §§ 127.424—127.425, the Pennsylvania Department of Environmental Protection (DEP) intends to issue a State Only Operating permit for the operation of a waste pickle liquor treatment/recycling facility located in Allenport, Washington County.

Sources at this facility include a spray roaster, a natural gas-fired boiler, two iron oxide storage bins, a truck unloading/loading station, a scrap dissolver tank, a ferric processing vessel, twelve waste pickle liquor/hydrochloric acid storage tanks, and plant paved roads and surfaces. Annual emissions from the facility are estimated to be approximately 4.9 tons of total particulate matter, 4.7 tons of hydrochloric acid and 2.2 tons of chlorine. Emissions from these sources are controlled through the use of an absorber, two scrubbers, two baghouses, and a vacuum sweeper. The facility is subject to the applicable requirements of Title 25 PA Code, Chapters 121 through 145. The Department believes that

the facility will meet these requirements by complying with State Only Operating Permit conditions relating to restrictions, testing, monitoring, recordkeeping, reporting and work practice standards:

Those who wish to object to the permit or to provide the Department with additional written information that they believe should be considered prior to the issuance of this State Only Operating Permit may submit the information to Nicholas Waryanka, Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA, 15222. Each written comment must contain the following: Name, address and telephone number of the person submitting the comments, Identification of the proposed Operating Permit (specify Operating Permit OP-63-00632), and Concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit.

All comments must be received prior to the close of business 30 days after the date of this publication. In accordance with PA Code Title 25 § 127.428, prior to issuing an operating permit, the Department may hold a fact-finding conference or hearing at which the petitioner, and a person who has properly filed a protest under § 127.426 (relating to filing protests) may appear and give testimony. The Department is not required to hold a conference or hearing. The applicant, the protestant and other participants will be notified of the time, place and purpose of a conference or hearing, in writing or by publication in a newspaper or the *Pennsylvania Bulletin*, unless the Department determines that notification by telephone will be sufficient.

10-00288: Bear Metallurgical Manufacturing (679 East Butler Road, Butler, PA 16002-9127) for renewal of the State Only Operating Permit for the ferroalloy production facility in Summit Township, **Butler County**. The sources at the facility include the ferroalloy product line controlled by a baghouse, the ferroalloy co-product line controlled by a baghouse, a remote reservoir parts cleaner, and additional trivial sources. The facility is a natural minor. The renewal permit contains emission restrictions, recordkeeping, work practice, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

24-00135: National Fuel Gas Supply Corp.—Island Run Compressor Station (R.D. 2, St. Mary's, PA 15857) for a Synthetic Minor Permit to operate a natural gas compressor station in Ridgeway Township, **Elk County**.

33-00107: Beverage Air Corporation (119 Progress Street, Brookville, PA 15825), for renewal of the State Only Operating Permit for the commercial refrigeration equipment manufacturing facility located in Brookville Borough, **Jefferson County**. The sources at the facility include dip coating metallic parts (Source 107), wipe down of sheet metal and metal parts with solvent (Source 101), powder coatings which are baked onto the part in a natural gas-fired curing oven (Source 102), miscellaneous gas usage (Source 031) an emergency generator (Source 103), and two air make up units (Source 105). The facility is a natural minor. The renewal permit contains emission restrictions, recordkeeping, work practice, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law (35 P. S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P. S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

mine operation and addition of an NPDES Permit for discharge of treated mine drainage in Zerbe Township, **Northumberland County** affecting 2.8 acres, receiving stream: Zerbe Run, classified for the following use: cold water fishes. Application received: May 31, 2011.

54060102R and NPDES Permit No. PA0224524. Kuperavage Enterprises, Inc., (PO Box 99, Middleport, PA 17953), renewal of an existing anthracite surface mine and refuse disposal operation that includes and NPDES Permit for discharge of treated mine drainage in Blythe Township, **Schuylkill County** affecting 66.0 acres, receiving stream: Bushey Creek, classified for the following use: cold water fishes. Application received: June 2, 2011.

Noncoal Applications Received

Moshannon District Mining Office: 186 Enterprise Drive, Philipsburg, PA 16866, 814-342-8200

59020301 and NPDES No. PA0243213. Chad E. Cross (19316 Route 6, Mansfield, PA 16933). Transfer of an existing industrial mineral surface mine from Jill D. Cross located in Lawrence Township, **Tioga County** affecting 13.8 acres. Receiving streams: Harts Creek to the Tioga River classified for warm water fisheries. There are no potable water supply intakes within 10 miles downstream. Transfer application received: June 1, 2011.

59950301 and NPDES No. PA0220086. Chad E. Cross (19316 Route 6, Mansfield, PA 16933). Transfer of an existing industrial mineral surface mine from Jill D. Cross located in Sullivan Township, **Tioga County** affecting 30.0 acres. Receiving streams: unnamed tributary to Corey Creek to Corey Creek to the Tioga River classified for cold water fisheries. There are no potable water supply intakes within 10 miles downstream. Transfer application received: June 1, 2011.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act(33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

In addition, the Department imposes a technology-based aluminum limit of 2.0 mg/l (30 day average) to protect stream uses.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The BAT limits for noncoal mining activities as provided in 40 CFR Part 436 and 25 Pa. Code Chapters 77 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	35 mg/l	70 mg/l	90 mg/l
Alkalinity exceeding acidity*		greater than 6.0; less than 9.0	
pH*			

* The parameter is applicable at all times.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 362-0600-001, NPDES Program Implementation-Memorandum of Understanding (MOU) Concerning Water Quality Management, NPDES Program Implementation, and Related Matters. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Coal NPDES Draft Permits

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

NPDES No. PA0248851 (Mining permit no. 11000104), Hoffman Mining, Inc., P. O. Box 130, 118 Runway Road, Friedens, PA 15541, renewal of an NPDES permit for surface-auger mining in Adams Township, **Cambria County**, affecting 151.0 acres. Receiving stream(s): Paint Creek, classified for the following use(s): cold water fishery. This receiving stream is included in the Kiski-Conemaugh TMDL. Application received: December 20, 2010.

Unless otherwise noted for a specific outfall, the proposed effluent limits for all outfalls in this permit are the BAT limits described above for coal mining activities.

The treated wastewater outfall(s) listed below discharge to Paint Creek:

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of

an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, draw-

ings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southcentral Region: Watershed Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110. Telephone: 717-705-4707.

E05-358: Pennsylvania Department of Conservation and Natural Resources, Bureau of Forestry, Piney Creek Arch Culvert Installation, 440 Buchanan Trail, McConnellsburg, PA 17233-8204, in Mann Township, **Bedford County**, ACOE Baltimore District.

The applicant proposes to install and maintain an aluminum arch culvert pipe approximately 20.0 feet long, 103.0 inches wide x 71.0 inches high, 1.0-foot depressed below the natural streambed in Piney Creek (EV) for the purpose of allowing equipment to cross the stream for timber harvesting. The project is located on Arnold Road (Chaneyville, PA Quadrangle; N: 11.17 inches, W: 3.35 inches, Latitude: 39°48'41.4", Longitude: -78°23'55.9") in Mann Township, Bedford County.

E07-439: Duncansville Borough, Gillans Run Streambank Stabilization Project, PO Box 308, Duncansville, Pennsylvania 16635, Duncansville Borough and Allegheny Township, ACOE Baltimore District

To install and maintain three rock deflectors, six rock cross vanes, approximately 454.0 linear feet of full-bank riprap protection, approximately 1,316.0 feet of riprap at the toe of streambank, regrade, and revegetate approximately 785.0 linear feet of streambank, approximately 435.0 linear feet of gravel bar removal, approximately 190.0 linear feet of minor stream relocation at the confluence with unnamed tributary, and removal of approximately 373.0 linear feet of accumulated debris and deposition from in and along Gillans Run (CWF, MF), for the purpose of streambank stabilization and stream restoration. The project is located along or near the northern municipal limits of Duncansville Borough and adjacent areas of Allegheny Township, Blair County (Holidaysburg, PA Quadrangle; N: 9.0 inches, W: 7.6 inches; Latitude: 40°25'28.5", Longitude: -78°25'46.7").

Northcentral Region: Watershed Management Program Manager, 208 West Third Street, Williamsport, PA 17701, 570-327-3636

E08-474. Pennsylvania Department of Transportation, Engineering District 3-0, PO Box 218 Montoursville, PA 17754-0218. S.R. 1029, Section 002, Segment 0190, Offset 0000, Bridge Replacement Project. Sheshequin Township, **Bradford County**, ACOE Baltimore District (Litchfield, PA Quadrangle N: 41°53'26"; W: 76°24'57").

PA DOT Engineering District 3-0 proposes to remove the existing single-span steel I-beam bridge with reinforced concrete abutments and wing walls. The existing structure has a total clear span from abutment face to

abutment face of 38.5' with a normal clear span of 21.2'. The structure is on approximately a 35° skew to the roadway baseline. The stream alignment with the structure is poor. To construct and maintain a 22.0' normal span precast concrete box culvert with an 11.0' clear height depressed 1' resulting in a minimum under clear of 10.0' and askew of 45° carrying S.R. 1029 over Bullard Creek. The total estimated stream disturbance is approximately 115' linearly of permanent stream impact and an additional 25' linearly of temporary stream impact. There will be approximately 347 ft² (0.01 acres) of permanent wetland impacts and 1541 ft² (0.04 acres) of temporary wetland impacts. Bullard Creek is classified as Cold Water Fishery by Title 25, Chapter 93 Water Quality Standards. The project will not require mitigation.

E17-468. Paris Companies, Inc., P. O. Box 1043, DuBois, PA 15801. Parking Area Expansion, City of DuBois, **Clearfield County**, ACOE Pittsburgh District (Luthersburg, PA Quadrangle: Latitude 41°07'12.58", Longitude: 78°44'47.02").

The applicant proposes to expand their Tom Mix Drive parking lot to the west to accommodate one additional double row of employee parking spaces by placing and maintaining fill in a wetland within the Sandy Lick Creek watershed (trout stocked, cold water fishery). As proposed, the project shall include, but not be limited to permanently filling 0.18 acre of palustrine emergent wetland (PEM) that abuts the existing parking area and extends west into the neighboring property's parcel. Paris expects the new parking spaces will be required for the increased workforce following the company's expansion. The project will also enlarge the retention basin to accommodate additional stormwater generated from the new impervious areas. The proposed mitigation for this impact is either deducting from the City of DuBois' wetland bank or purchasing credits from the Pennsylvania Department of Environmental Protection's wetland fund.

13. a 12 inch diameter natural gas line, a 16 inch diameter waterline and a temporary 16 foot wide equipment mat across impacting 52,621 square feet of Palustrine Emergent Wetland (PEM) and Palustrine Scrub Shrub Wetland (PSS); (Rome, PA Quadrangle, Latitude: 41°47'00.46", Longitude: -76°15'33.58") in Herrick Township, Bradford County;

14. a 12 inch diameter natural gas line, a 16 inch diameter waterline and a temporary 16 foot wide equipment mat across an unnamed tributary to Camps Creek (CWF-MF) impacting 43 linear feet of stream ; (Rome, PA Quadrangle, Latitude: 41°46'52.33", Longitude: -76°15'31.39");

15. a 12 inch diameter natural gas line, a 16 inch diameter waterline and a temporary 16 foot wide equipment mat across impacting 27,707 square feet of Palustrine Emergent Wetland (PEM) and Palustrine Scrub Shrub Wetland (PSS); (Rome, PA Quadrangle, Latitude: 41°46'51.78", Longitude: -76°15'27.44") in Herrick Township, Bradford County;

The project will result in 108 linear feet of temporary stream impacts and 154,163 square feet (3.54 acres) of PEM and PSS wetland impact all for the purpose of installing a natural gas pipeline and a waterline with associated access roadways.

E4129-016: Anadarko Marcellus Midstream, LLC, PO Box 1330, Houston, TX 77251, Cummings Township, **Lycoming County**, ACOE Baltimore District.

To construct, operate, and maintain:

(1) two 6 inch gas pipelines, two 6 inch waterlines, and electrical line across Dam Run (EV) impacting 4 linear feet adjacent to Limbaugh Road (Waterville Quadrangle 41°20'19"N 77°19'22"W),

(2) two 6 inch gas pipelines, two 6 inch waterlines, and electrical line across an unnamed tributary to Dam Run (EV) impacting 3 linear feet (Waterville Quadrangle 41°20'19"N 77°19'23"W),

(3) two 6 inch gas pipelines, two 6 inch waterlines, and electrical line across an unnamed tributary to Dam Run (EV) impacting 2 linear feet (Waterville Quadrangle 41°20'20"N 77°19'26"W),

(4) two 6 inch gas pipelines, two 6 inch waterlines, and electrical line across Carson Run (EV) impacting 2 linear feet (Waterville Quadrangle 41°21'02"N 77°19'25"W).

The project will result in 11 linear feet of temporary stream impacts from utility line crossings. These crossings will accumulate a total of 0.02 acres of watercourse impacts all for the purpose of installing a natural gas gathering line with associated access roadways for Marcellus well development.

E5829-007. Chesapeake Appalachia, LLC; 101 North Main Street, Athens, PA 18810; Rush and Jessup Townships, **Susquehanna County**, ACOE Baltimore District.

To construct, operate, and maintain:

1) a 34 inch x 53 inch x 50 feet long elliptical RCP culvert on an Unnamed Tributary to Wyalusing Creek (Chap. 93 WWF); Stream Impact: 370 square feet (U.S.G.S. Lawton, PA Quadrangle; located at N 41.796670° Lat., W -76.071264° Long.).

2) a 30 inch x 43.5 feet long culvert on an Unnamed Tributary to Wyalusing Creek (Chap. 93 WWF); Stream Impact: 75 square feet (U.S.G.S. Lawton, PA Quadrangle; located at N 41.797696° Lat., W -76.070417° Long.).

The project will result in the impact of 445 square feet of an Unnamed Tributary to Wyalusing Creek all for the purpose of constructing an access road for the Hare Ridge project. No wetland impacts are associated with this application.

To construct, operate, and maintain a temporary road crossing using 4 - 34 foot long, 12" inch diameter corrugated metal pipes, an 8 inch diameter natural gas gathering line, and 2 - 6 inch diameter fresh waterlines, impacting 12 linear feet of an UNT to Thompson Hollow (EV-CWF) (Marshlands, PA Quadrangle 41°41'09" N 77°31'24" W)

The project will result in 12 linear feet of temporary stream impacts all for the purpose of installing a natural gas gathering line, fresh waterline, and associated access roadways.

ENVIRONMENTAL ASSESSMENTS

Southcentral Region: Water Management Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110

EA21-007: Pennsylvania Department of Transportation, State Game Land No. 169 Wetland Restoration/Creation Project, in Upper Mifflin Township, Cumberland County, ACOE Baltimore District

To construct and maintain a non-jurisdictional dam and four outfall structures in the floodplain of Conodoguinet Creek (WWF, MF) resulting in 0.42 acre of permanent impacts to PEM wetlands on SGL 169 located in Upper Mifflin Township, Cumberland County (Newville and Newburg, PA Quadrangle; N: 8.07 inches, W: 14.90 inches; Latitude: 40°10'10", Longitude: -77°28'54") for the purpose of creating 6.11 acres of wetlands that provide wildlife and waterfowl habitat. The permittee is required to replace a minimum of 0.42 acre of PEM wetlands. The wetlands will be replaced at the site through operation of additional wetlands.

crete Road Removal and Site Restoration of Jack Dents Branch-Medix Run, Goshen Township, **Clearfield County**, ACOE Baltimore District

The applicant proposes to remove an existing concrete road crossing Jack Dents Branch, Medix Run, (High Quality-Cold Water) to restore the natural stream channel cross-section, profile and stability. As proposed, the restoration of the stream channel section, shall include but not be limited to, construction of a temporary rock construction access along the stream left and right over-bank, complete removal of the 12-foot (wide) by 18-foot (long) concrete slab, and stabilization of stream bank along both stream banks that were affected by the concrete road section. Construction of the temporary access road shall be with clean AASHTO rock with minimal Number 1 gradation. Upon completion of the concrete slab removal, the temporary construction access road shall be completely removed with the area graded, scarified, and vegetative cover established to good condition. The concrete slab road section shall be completely removed from the stream channel, floodway and floodplain. Removal of the slab shall be completed in dry work conditions by dam and pumping, fluming or diverting stream flow around the work area. The concrete slab and its encased pipes shall be properly disposed. Since Jack Dents Branch is both a wild trout and stock trout fishery, no in-stream activity shall be conducted in or along the stream channel between October 1 to December 31 and March 1 to June 15 without prior written approval from the Pennsylvania Fish and Boat Commission. As proposed, the project poses no impact to wetlands in restoring 20-feet of the natural channel cross-section. The project is located along the northern right-of-way of Jack Dent Road, approximately 1.8-miles east of Medix Grade Road and Jack Dent Road intersection. (The Knobs, PA Quadrangle Latitude: 41°13'24.34."; Longitude: 78°22'24.40").

ACTIONS

**THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT
FINAL ACTIONS TAKEN FOR NATIONAL POLLUTION DISCHARGE
ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY
MANAGEMENT (WQM) PERMITS**

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure

may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

SEWAGE FACILITIES ACT PLAN APPROVAL

Plan Approvals Granted under the Pennsylvania Sewage Facilities Act (35 P. S. § 750.5)

Northcentral Region: Water Management Program Manager, 208 West Third Street, Williamsport, PA 17701

Plan Location:

Borough or Township	Borough or Township Address	County
Jersey Shore Borough	232 Smith Street	Lycoming
Porter Township	Jersey Shore, PA 17740	
Nippenose Township		

Plan Description: This plan proposes building a new sewage treatment plant in Nippenose Township to serve the three municipalities and their sewage needs areas. The remaining areas of Porter and Nippenose Townships will be served by a Sewage Management Plan that will ensure the long term operation and maintenance of all remaining on-lot disposal systems. The Department's review of the sewage facilities update revision has not identified any significant environmental impacts resulting from this proposal. Any required NPDES Permits or WQM Permits must be obtained in the name of the municipality or authority as appropriate.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

The Final Report for soil was approved on June 1, 2011.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Utz Quality Foods, 861 Carlisle Street, Borough of Hanover, **York County**. GEI Consultants, Incorporated, 18000 Horizon Way, Mount Laurel, NJ, 08054, on behalf of Utz Quality Foods, 900 High Street, Hanover, PA 17331, submitted a Remedial Investigation Report and Cleanup Plan concerning the remediation of site soils and groundwater contaminated with gasoline from unregulated underground storage tanks. The Report and Plan were approved by the Department on June 16, 2011.

Northcentral Region: Environmental Cleanup Program Manager, 208 West Third Street, Williamsport, PA 17701

This operating permit amendment incorporates all terms and conditions specified in Plan Approval 60-00020.

ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). The final action on each application also constitutes action on the NPDES permit application and, if noted, the request for a Section 401 Water Quality Certification. Mining activity permits issued in response to applications will also address the application permitting requirements of the following statutes: the Air Quality Pollution Act (35 P. S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1002).

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

Request for Applications for Watershed Protection and Restoration Grants and Surface Mining Conservation and Reclamation Act Grants through the Growing Greener Plus Program

As part of the 2011 Department of Environmental Protection's (Department) Growing Greener Plus Program, applications are now being accepted for watershed protection and restoration grants. Under 27 Pa.C.S. §§ 6101—6113 (relating to Environmental Stewardship and Watershed Protection Act), the Department is authorized to allocate these grants to a variety of eligible applications including: counties, authorities and other municipalities; county conservation districts; watershed organizations recognized by the Department who promote local watershed conservation efforts; council of governments; and other authorized organizations involved in the restoration and protection of the environment in this Commonwealth.

For the upcoming grant round, the Department will invest in projects that will ultimately protect and/or restore this Commonwealth's watersheds from impairment due to nonpoint source pollution. Examples of special priority areas include: projects located in "priority" watersheds that reduce the source of impairment; "priority" type activities that lead to water quality restoration or protection; and projects that support the installation of agricultural Best Management Practices to achieve compliance with existing agricultural water quality requirements.

Examples of eligible projects could include reducing nonpoint source pollution in watersheds where streams are impaired; integrating stormwater management into watershed management and water conservation strategies; and projects that will help reduce Total Maximum Daily Load pollutants.

Through the same application process, applicants can also apply for funding through the Department's Surface Mining Conservation and Reclamation Act (SMCRA) Grant Program and Section 319 Nonpoint Source Grant Program. SMCRA grants are available to municipalities, municipal authorities and nonprofit organizations for projects meeting SMCRA grant requirements. Section 319 grants focus on funding similar projects to Growing Greener but with special emphasis within targeted watersheds.

The deadline for submitting applications to the Department's Growing Greener Grants Center (Center) is August 26, 2011. Applications must be postmarked no later than August 26, 2011. If hand delivered, the package must be received by the Center by 4 p.m. on August 26, 2011, at the address that follows. Late submissions will not be considered.

To request or download an application or obtain more information concerning the Growing Greener Programs, visit the Growing Greener web site at www.depweb.state.pa.us (DEP Keyword: Growing Greener). Persons can send e-mails to GrowingGreener@state.pa.us or contact the Center at (717) 705-5400. Written requests should be addressed to the Department of Environmental Protection Grants Center, 15th Floor, Rachel Carson State Office Building, 400 Market Street, P. O. Box 8776, Harrisburg, PA 17105-8776.

DEPARTMENT OF HEALTH

Approved Prearrest and Evidential Breath Testing Devices

The Department of Health (Department) has statutory authority to approve both prearrest and evidential breath testing devices for use by law enforcement officials to determine the alcohol content of blood by analysis of a person's breath. This notice contains the combined lists of prearrest breath testing devices and evidential breath testing devices.

The Department approves prearrest breath testing devices as required by 28 Pa. Code §§ 5.101—5.104 (relating to equipment to determine blood alcohol content under the Vehicle Code and the Fish and Boat Code). Authority to promulgate these regulations is in the Vehicle Code, 75 Pa.C.S. § 1547(k) (relating to chemical testing to determine amount of alcohol or controlled substance), the Fish and Boat Code, 30 Pa.C.S. § 5125(k) (relating to chemical testing to determine amount of alcohol or controlled substance), the Game and Wildlife Code, 34 Pa.C.S. § 2502(j) (relating to chemical test to determine amount of alcohol), and section 2102(g) of The Administrative Code of 1929 (71 P. S. § 532(g)).

Prearrest breath testing devices approved under this authority may be used by police officers, waterways patrolmen and officers enforcing the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code in conducting preliminary determinations of the alcohol content of blood of persons suspected of driving, boating, hunting or furtaking, while under the influence of alcohol. Officers and patrolmen use these devices to assist them in determining whether or not a person should be placed under arrest for violation of 75 Pa.C.S. § 3802 (relating to driving under influence of alcohol or controlled substance), for violation of 30 Pa.C.S. § 5502 (relating to operating watercraft under influence of alcohol or controlled substance), for violation of 34 Pa.C.S. § 2501 (relating to hunting or furtaking while under influence of alcohol or controlled substance) or for any other criminal offense under the Vehicle Code, the Fish and Boat Code or the Game and Wildlife Code which involves operating a vehicle or boat, hunting or furtaking while under the influence of alcohol.

The National Highway Traffic Safety Administration (NHTSA) of the United States Department of Transportation published model specifications for Screening Devices to Measure Alcohol in Bodily Fluids at 59 FR 39382 (August 2, 1994). These specifications established performance criteria and methods for testing alcohol screening devices using either breath or bodily fluids such as saliva to measure blood alcohol content. NHTSA established these specifications to support state laws and the United States Department of Transportation's workplace alcohol testing program. The Department has elected to use the NHTSA criteria for approving devices for the prearrest testing of a person's breath to determine the alcohol content of the person's blood.

NHTSA published a conforming products list of alcohol screening devices at 72 FR 4559 (January 31, 2007). The breath testing devices included in this Federal approval list have been incorporated into the list in this notice. Since this notice lists only those devices which test breath, items on the NHTSA list that test saliva or other bodily fluids are not included in this notice.

Additionally, there are a number of breath testing devices on this list of approved equipment that may be used as both prearrest and evidential testing devices. Any device on this list that was evaluated using the 1993 Model Specifications for Evidential Breath Testers (see 58 FR 48705 (September 17, 1993)) also fully meets the requirements of the Model Specifications for prearrest screening devices. Both procedures evaluate the performance of instruments at the 0.020% alcohol level.

The Department approves evidential breath testing devices under the authority of 75 Pa.C.S. § 1547(c)(1), 30 Pa.C.S. § 5125(c)(1) and 34 Pa.C.S. § 2502(c).

Evidential breath testing devices approved under this notice may be used by law enforcement officials to obtain test results which will be admissible in evidence in any summary or criminal proceeding in which the defendant is charged with a violation of 75 Pa.C.S. § 3802 or any other violation of the Vehicle Code arising out of the same action; or 30 Pa.C.S. § 5502 or any other violation of the Fish and Boat Code arising out of the same action; or 34 Pa.C.S. § 2501 or any other violation of the Game and Wildlife Code arising out of the same action. Law enforcement agencies should determine that an approved training program in the use of the equipment is available in accordance with the previously referenced statutes before purchasing any of the devices contained on this list.

The approval of evidential equipment listed in this notice is based on the evaluation of the equipment by NHTSA. Equipment which met Federal requirements was published at 75 FR 11624 (March 11, 2010) as a Conforming Products List. The list contained in this notice is based on NHTSA's Conforming Products Lists.

Instruments marked with an asterisk (*) meet the Model Specifications detailed at 49 FR 48854 (December 14, 1984) (that is, instruments tested at breath alcohol concentrations of 0.000, 0.050, 0.101 and 0.151 grams of alcohol per 210 liters of air). Instruments not marked with an asterisk meet the Model Specifications detailed at 58 FR 48705, and were tested at breath alcohol concentrations of 0.000, 0.020, 0.040, 0.080 and 0.160 grams of alcohol per 210 liters of air. The amended specifications that were published at 58 FR 48705, added a test for the presence of acetone and other low molecular weight alcohols including methyl and isopropyl. Instruments whose precision and accuracy have been evaluated in the latter concentration range (that is, devices not marked with an asterisk) should be used when reliable results are required at blood alcohol concentrations below 0.050%.

NHTSA also evaluates equipment to determine if it must be operated at fixed locations (that is, nonmobile equipment) or can be transported to nonfixed operational sites in the field (mobile equipment). Most equipment on the list is approved for mobile and nonmobile operation. The listing at the end of this notice specifies nonmobile equipment only.

The instruments not marked with an asterisk meet the specifications for use as prearrest or evidentiary breath testing devices. The instruments marked with an asterisk may be used as evidentiary devices for law enforcement purposes that are concerned with blood alcohol concentrations at or above 0.050%. These instruments may also be used as prearrest breath testing devices if they are approved for mobile operations. However, these instruments may not be used for making arrests under the Vehicle Code, the Fish and Boat Code or the Game and Wildlife Code when blood alcohol concentrations below 0.050% must be determined. Nonmobile devices can only

be used as evidentiary testing instruments since they are not portable. Before purchasing breath testing devices, law enforcement officials should consult with the manufacturer of the equipment they intend to purchase to verify that the devices can be used for their intended purposes.

Law enforcement agencies that plan to utilize a device which does not appear on the following list should contact the manufacturer of the equipment to verify that it has been evaluated by NHTSA and found to meet NHTSA's performance requirements. If a device is approved by NHTSA after the date of this publication, the manufacturer of the device will need to forward documentation of NHTSA acceptability to Dr. M. Jeffery Shoemaker at the following address so that the Department has information sufficient to enable it to include the device in the next revision of this notice in the *Pennsylvania Bulletin*.

Some of the devices included in this notice are listed under the name of more than one manufacturer. This is due to the fact that the name of the manufacturer has changed or the right to produce a device has been transferred to a different company. In these instances, the device is listed under the name of every company that was ever associated with the device to allow law enforcement agencies to continue using devices bearing the name of a previous manufacturer.

To facilitate accessibility to information concerning breath alcohol testing devices which are approved for law enforcement purposes in this Commonwealth, the Department will publish revisions of this list of equipment semiannually as notices in the *Pennsylvania Bulletin*. This practice was implemented in 2009 and will proceed even if an updated conforming products list has not appeared in the *Federal Register* since the Department's last annual publication of approved breath testing devices.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Ph.D., 2Director, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape, Braille) may contact Dr. M. Jeffery Shoemaker at V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

Laboratories Approved to Determine Analyses of Blood and/or Serum for Controlled Substances under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health (Department) under The Clinical Laboratory Act (35 P. S. §§ 2151—2165) and/or the Clinical Laboratories Improvement Amendments of 1988 (42 U.S.C.A. § 263a) and are currently approved by the Department under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of blood and/or serum for the determination of controlled substances. This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories. These laboratories are also approved and designated for purposes of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; and reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or

controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2502 (relating to chemical test to determine amount of alcohol), as qualified to perform the types of services which will reflect the presence of controlled substances or their biotransformation products in blood and/or serum.

Depending upon their capability and performance in proficiency surveys, laboratories are approved to perform screening and/or confirmatory analyses on blood and/or serum. Laboratories approved to perform screening analyses are designated on the approval list by an "S" followed by the letters "B" for blood and/or "Se" for serum. Laboratories approved to screen both blood and serum would therefore have "SBSe" listed after their laboratory name. Laboratories approved to offer confirmatory analyses are designated on the approval list by a "C" followed by the letters "B" for blood and/or "Se" for serum. Laboratories approved to perform confirmatory analyses on both serum and blood would therefore have "CBSe" listed after their laboratory name.

Screening analyses provide a presumptive indication that a controlled substance is present. Confirmatory testing is used to substantiate screening results.

Persons seeking forensic blood and/or serum analysis services from any of the listed laboratories should determine that the laboratory employs techniques and procedures acceptable for medicolegal purposes. They should also determine that the director of the facility is agreeable to performing analyses for forensic purposes. Persons seeking the analyses are responsible for specifying the extent to which the presence of a controlled substance is to be verified. That specification should be predicated upon the purpose for which the analysis is being sought.

The Vehicle Code contains a provision in 75 Pa.C.S. § 1547(c)(3)(ii) that permits test results on blood or urine for alcohol or controlled substances to be introduced into evidence at legal proceedings in this Commonwealth if the laboratory is located in another state and is not licensed and approved by the Department to provide these services. This section states that the test results may be admissible into evidence at summary or criminal proceedings in which the defendant is charged with a violation of 75 Pa.C.S. § 3802 (relating to driving under influence of alcohol or controlled substance) if the laboratory that performed the test is licensed by the state in which the facility is located and licensed under the Clinical Laboratory Improvement Amendments of 1988. A similar provision appears in the Fish and Boat Code in 30 Pa.C.S. § 5125(c)(3)(ii).

The name or location of a laboratory is sometimes changed but the personnel and testing procedures of the facility remain unchanged. When changes of this type occur, the Clinical Laboratory Permit number does not change. If questions arise about the identity of a laboratory due to a name or location change, the Clinical Laboratory Permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test if the name or location of the facility changed, the Clinical Laboratory Permit number of the facility at the time the list was prepared is included in the list of approved laboratories above the name of the laboratory.

The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*. Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Director, Division of

Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape, Braille) should contact Dr. Shoemaker at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

Laboratories Approved to Determine Blood Alcohol Content under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health (Department) under The Clinical Laboratory Act (35 P.S. §§ 2151—2165) and are currently approved by the Department under 28 Pa. Code §§ 5.50 and 5.103 (relating to approval to provide special analytical services; and blood tests for blood alcohol content) to perform alcohol analyses of blood and/or serum and plasma. This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories.

Since procedures for determining the alcohol content of serum and plasma are identical and results obtained from serum or plasma derived from a blood sample are the same, laboratories that demonstrate reliability in the determination of alcohol in serum are approved to analyze both serum and plasma for alcohol content. These laboratories are also approved and designated under the provisions of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; and reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2501 (relating to hunting or furtaking prohibited while under influence of alcohol or controlled substance) as qualified to perform the types of specialized services which will reflect the presence of alcohol in blood and/or serum and plasma. Laboratories located outside this Commonwealth may not provide blood and/or serum and plasma alcohol testing services in this Commonwealth unless they are licensed by the Department and approved for that purpose.

Persons seeking forensic blood and/or serum and plasma analysis services from the following designated laboratories should determine that the laboratory employs techniques and procedures acceptable for forensic purposes and that the director of the facility is agreeable to performing determinations for this purpose. The list of approved laboratories will be revised approximately semi-annually and published in the *Pennsylvania Bulletin*.

The name or location of a laboratory is sometimes changed but the personnel and testing procedures of the facility remain unchanged. When changes of this type occur, the Clinical Laboratory Permit number does not change. If questions arise about the identity of a laboratory due to a name or location change, the Clinical Laboratory Permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test if the name or location of the facility changed, the Clinical Laboratory Permit number of the

facility at the time the list was prepared is included in the list of approved laboratories above the name of the laboratory.

The Department's blood alcohol and serum/plasma alcohol proficiency testing programs are approved by the United States Department of Health and Human Services in accordance with the Clinical Laboratory Improvement Amendments of 1988 (42 U.S.C.A. § 263a) and implementing regulations at 42 CFR 493.901 and 493.937 (relating to approval of proficiency testing programs; and toxicology), which are administered by the Centers for Medicare and Medicaid Services. Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

The Commonwealth's Vehicle Code at 75 Pa.C.S. § 1547(c)(3)(ii) also permits test results on blood or urine for alcohol or controlled substances to be introduced into evidence in certain legal proceedings in this Commonwealth if the laboratory is located in another state and is not licensed and approved by the Department to provide forensic blood and/or serum and plasma analysis services. This section states that the test results will be admissible into evidence at summary or criminal proceedings in which the defendant is charged with a violation of 75 Pa.C.S. § 3802 (relating to driving under influence of alcohol or controlled substance) or any other violation of the Vehicle Code arising out of the same action if the laboratory that performed the test is licensed to conduct the test by the state in which the facility is located and licensed under the Clinical Laboratory Improvement Amendments of 1988. A similar provision appears in the Fish and Boat Code at 30 Pa.C.S. § 5125(c)(3)(ii).

Persons with a disability who require an alternative format of this notice (for example, large print, audiotope, Braille) should contact Dr. Shoemaker at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

The symbols S and B indicate the following:

S = approved for serum and plasma analyses

B = approved for blood analyses

SB = approved for serum, plasma and blood analyses

[Pa.B. Doc. No. 11-1103. Filed for public inspection July 1, 2011, 9:00 a.m.]

Laboratories Approved to Determine Urine Controlled Substance Content under the Clinical Laboratory Act, the Vehicle Code, the Fish and Boat Code and the Game and Wildlife Code

The following laboratories are licensed by the Department of Health (Department) under The Clinical Laboratory Act (35 P.S. §§ 2151—2165) and are currently approved by the Department under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of urine for the determination of controlled substances or their biotransformation products.

This approval is based on demonstrated proficiency in periodic tests conducted by the Department's Bureau of Laboratories. These laboratories are also approved and designated for purposes of the Vehicle Code, 75 Pa.C.S. §§ 1547 and 3755 (relating to chemical testing to determine amount of alcohol or controlled substance; and reports by emergency room personnel), the Fish and Boat Code, 30 Pa.C.S. § 5125 (relating to chemical testing to determine amount of alcohol or controlled substance) and the Game and Wildlife Code, 34 Pa.C.S. § 2502 (relating to chemical test to determine amount of alcohol), as qualified to perform the types of services which will reflect the presence of controlled substances or their biotransformation products in urine.

Depending upon their capability and performance in proficiency surveys, laboratories are approved to perform screening and/or confirmatory urine drug analyses. Laboratories approved to perform screening tests only are designated on the approval list by an "S" after the laboratory's name. Laboratories approved to perform confirmatory testing only are designated by a "C" following the laboratory's name. Those approved to perform both screening and confirmatory analyses are designated by the letters "SC." Screening analyses provide a presumptive indication that a controlled substance is present. Confirmatory testing is used to substantiate screening results.

Persons seeking forensic urine drug analysis services from any of the listed laboratories should determine that the laboratory employs techniques and procedures acceptable for the purpose. They should also determine that the director of the facility is agreeable to performing analyses for that purpose. Persons seeking the analyses are responsible for specifying the extent to which the presence of a controlled substance is to be verified. That specification should be predicated upon the purpose for which the analysis is being sought. The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*.

The Commonwealth's Vehicle Code contains a provision in 75 Pa.C.S. § 1547(c)(3)(ii) that permits test results on blood or urine for alcohol or controlled substances to be introduced into evidence at legal proceedings in this Commonwealth if the laboratory is located in another state and is not licensed and approved by the Department to provide these services. This section states that the test results may be admissible into evidence at summary or criminal proceedings in which the defendant is charged with a violation of 75 Pa.C.S. § 3802 (relating to driving under influence of alcohol or controlled substance) or any other violation of that title arising out of the same action if the laboratory that performed the test is licensed by the state in which the facility is located and licensed under the Clinical Laboratory Improvement Amendments of

1988 (42 U.S.C.A. § 263a). A similar provision appears in the Fish and Boat Code at 30 Pa.C.S. § 5125(c)(3)(ii).

The name or location of a laboratory is sometimes changed but the personnel and testing procedures of the facility remain unchanged. When changes of this type occur, the Clinical Laboratory Permit number does not change. If questions arise about the identity of a laboratory due to a name or location change, the Clinical Laboratory Permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test if the name or location of the facility changed, the Clinical Laboratory Permit number of the facility at the time the list was prepared is included in the list of approved laboratories above the name of the laboratory.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Director, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example, large print, audiotape, Braille) should contact Dr. Shoemaker at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

[Pa.B. Doc. No. 11-1104. Filed for public inspection July 1, 2011, 9:00 a.m.]

Laboratories Approved to Perform Blood Lead and/or Erythrocyte Protoporphyrin Determinations under the Clinical Laboratory Act

The following laboratories are licensed in accordance with The Clinical Laboratory Act (35 P. S. §§ 2151—2165), and are currently approved under 28 Pa. Code § 5.50 (relating to approval to provide special analytical services) to perform analyses of blood for lead or erythrocyte protoporphyrin content. This approval is based on demonstrated proficiency in periodic evaluations conducted by the Bureau of Laboratories of the Department of Health (Department).

Lead poisoning is a reportable noncommunicable disease. Approved laboratories which offer blood lead testing services are required to inform the Department of actual or possible incidents of this condition in accordance with 28 Pa. Code § 27.34 (relating to reporting cases of lead

poisoning). These regulations specify the following requirements for reporting by clinical laboratories:

(1) A clinical laboratory shall report all blood lead test results on both venous and capillary specimens for persons under 16 years of age to the Department's Childhood Lead Poisoning Prevention Program, Division of Maternal and Child Health, Bureau of Family Health.

(2) A clinical laboratory shall report an elevated blood lead level in a person 16 years of age or older to the Department's Division of Environmental Health Epidemiology, Bureau of Epidemiology or to other locations as designated by the Department. An elevated blood lead level is defined by the National Institute for Occupational Safety and Health (NIOSH). As of January 26, 2002, NIOSH defines an elevated blood lead level as a venous blood lead level of 25 micrograms per deciliter ($\mu\text{g}/\text{dL}$) or higher. The Department will publish in the *Pennsylvania Bulletin* any NIOSH update of the definition within 30 days of NIOSH's notification to the Department.

(3) A clinical laboratory which conducts blood lead tests of 100 or more specimens per month shall submit results electronically in a format specified by the Department.

(4) A clinical laboratory which conducts blood lead tests of less than 100 blood lead specimens per month shall submit results either electronically or by hard copy in the format specified by the Department.

(5) A laboratory which performs blood lead tests on blood specimens collected in this Commonwealth shall be licensed as a clinical laboratory and shall be specifically approved by the Department to conduct those tests.

(6) Blood lead analyses requested for occupational health purposes on blood specimens collected in this Commonwealth shall be performed only by laboratories which are licensed and approved as specified in paragraph (5), and which are also approved by the Occupational Safety and Health Administration of the United States Department of Labor under 29 CFR 1910.1025(j)(2)(iii) (relating to lead).

(7) A clinical laboratory shall complete a blood lead test within 5 work days of the receipt of the blood specimen and shall submit the case report to the Department by the close of business of the next work day after the day on which the test was performed. The clinical laboratory shall submit a report of lead poisoning using either the hard-copy form or electronic transmission format specified by the Department.

(8) When a clinical laboratory receives a blood specimen without all of the information required for reporting purposes, the clinical laboratory shall test the specimen and shall submit the incomplete report to the Department.

Erythrocyte protoporphyrin determinations may be performed as an adjunct determination to substantiate blood lead levels of 25 micrograms per deciliter or higher. Since erythrocyte protoporphyrin concentrations may not increase as a result of low-level exposures to lead, direct blood lead analysis is the only reliable method for identifying individuals with blood lead concentrations below 25 micrograms per deciliter.

Persons seeking blood lead or erythrocyte protoporphyrin analyses should determine that the laboratory employs techniques and procedures acceptable for the purpose for which the analyses are sought. Laboratories offering blood lead analysis only are designated with the letter "L" following the name of the laboratory. Those offering erythrocyte protoporphyrin analysis only are des-

ignated with the letter "P." Laboratories offering both services are designated with the letters "LP."

The list of approved laboratories will be revised approximately semiannually and published in the *Pennsylvania Bulletin*.

The name or location of a laboratory is sometimes changed but the personnel and testing procedures of the facility remain unchanged. When changes of this type occur, the Clinical Laboratory Permit number does not change. If questions arise about the identity of a laboratory due to a name or location change, the Clinical Laboratory Permit number should be used as the primary identifier. To assist in identifying a laboratory that performed a test if the name or location of the facility changed, the Clinical Laboratory Permit number of the facility at the time the list was prepared is included in the list of approved laboratories above the name of the laboratory.

The Department's blood lead proficiency testing program is approved by the United States Department of Health and Human Services in accordance with 42 CFR 493.901 and 493.937 (relating to approval of proficiency testing programs; and toxicology), which are administered by the Centers for Medicare and Medicaid Services. Participation in these programs may therefore be used to demonstrate acceptable performance for approval purposes under both Federal and Commonwealth statutes.

Questions regarding this list should be directed to Dr. M. Jeffery Shoemaker, Ph.D., Director, Division of Chemistry and Toxicology, Department of Health, Bureau of Laboratories, P. O. Box 500, Exton, PA 19341-0500, (610) 280-3464.

Persons with a disability who require an alternative format of this notice (for example large print, audiotape, Braille) should contact Dr. Shoemaker at the previously referenced address or phone number. Persons who are speech or hearing impaired may use V/TT (717) 783-6514 or the Pennsylvania AT&T Relay Service at (800) 654-5984 (TT).

Personal Responsibility Education Program; Request for Applications

The Department of Health (Department) has been awarded funding for the Personal Responsibility Education Program (PREP). PREP funding is mandatory formula funding for states and territories from the Administration for Children and Families. PREP funds are to be used for programs that educate adolescents on abstinence, contraception and adulthood preparation subjects including healthy relationships, adolescent development, healthy life skills, financial literacy, parent-child communication and educational and career success.

The Department plans to issue a Request for Application (RFA) for institutions and organizations in this Commonwealth to support personal responsibility education programs that replicate evidence-based effective program models (Rikers Health Advocacy Program or Street Smart) to change behavior, which means delaying sexual activity, increasing condom or contraceptive use for sexually active youth or reducing pregnancy among youth. The RFA, along with any supporting documentation, will be posted at <http://www.emarketplace.state.pa.us> on June 24, 2011. No questions regarding this RFA will be answered outside the normal RFA process.

Persons with a disability who require an alternative format of this document (for example, large print, audio tape or Braille) should contact Abigail Coleman, Public Health Program Administrator, Division of Child and Adult Health at (717) 772-2762, or for speech and/or hearing impaired persons contact V/TT (717) 783-6514, or the Pennsylvania AT&T Relay Services (800) 654-5984.

DEPARTMENT OF PUBLIC WELFARE

Designated Exceptional Durable Medical Equipment

In accordance with the Department of Public Welfare's (Department) currently approved State Plan, the Department is required to publish an annual list of exceptional durable medical equipment (DME) by notice in the *Pennsylvania Bulletin* in July of each year. Interested persons may petition the Department to consider additions to the exceptional DME list by submitting a written request to the Department. Requests received on or before December 31 will be considered in developing the list for the following July.

During calendar year 2010, the Department received no written requests to add or remove items of DME from the list of exceptional DME. Therefore, this notice makes no changes in either the acquisition cost or the list of qualifying DME.

"Exceptional DME" is defined as DME that has an acquisition cost of \$5,000 or more and is either Specially Adapted DME or other DME that is designated as Exceptional DME by the Department annually by notice in the *Pennsylvania Bulletin*.

"Specially Adapted DME" is DME that is uniquely constructed or substantially adapted or modified in accordance with the written orders of a physician for the particular use of one resident, making its contemporaneous use by another resident unsuitable.

The list of Exceptional DME that has been designated by the Department is as follows:

(1) *Air fluidized beds*. The pressure relief provided by this therapy uses a high rate of airflow to fluidize fine particulate material (for example, beads or sand) to produce a support medium that has characteristics similar to liquid. May have a Gortex cover.

(2) *Powered air flotation bed (low air loss therapy)*. A semi-electric or total electric bed with a fully integrated powered pressure-reducing mattress which is characterized by all of the following:

(a) An air pump or blower with a series of interconnected woven fabric air pillows which provides sequential inflation and deflation of the air cells or a low interface pressure throughout the mattress allowing some air to escape through the support surface to the resident. May have a Gortex cover.

(b) Inflated cell height of the air cells through which air is being circulated is 5 inches or greater.

(c) Height of the air chambers, proximity of the air chambers to one another, frequency of air cycling (for alternating pressure mattresses) and air pressure provide adequate patient lift, reducing pressure and prevent bottoming out.

(d) A surface designed to reduce friction and shear.

(e) May be placed directly on a hospital bed frame.

(f) Automatically readjusts inflation pressures with change in position of bed (for example, head elevation, and the like).

(3) *Augmentative communication devices.* Used by residents who are unable to use natural oral speech as a primary means of communication. The specific device requested must be appropriate for use by the resident and the resident must demonstrate the abilities or potential abilities to use the device selected. Portable devices need to supplement, aid or serve as an alternative to natural speech for residents with severe expressive communication disorders. Nonportable devices may be covered only if required for visual enhancement or physical access needs that cannot be accommodated by a portable device.

(4) *Ventilators (and related supplies).*

(a) Used by residents 21 years of age and older who require full ventilator support for a minimum of 8 hours per day to sustain life.

(b) Used by residents 20 years of age and younger who require ventilator support to sustain life (no minimum time requirement).

Effective Date

This notice is effective upon publication in the *Pennsylvania Bulletin*.

Public Comment

Interested persons are invited to submit petitions for the Department to consider additions to the Exceptional DME list or written comments regarding this notice to Marilyn Yocum, Department of Public Welfare/Department of Aging, Office of Long-Term Living, 555 Walnut Street, Forum Place, 5th Floor, Harrisburg, PA 17101-1919. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania

AT&T Relay Service by calling (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

GOVERNOR'S OFFICE

Regulatory Agenda

Executive Order 1996-1 requires all agencies under the jurisdiction of the Governor to submit for publication an agenda of regulations under development or consideration. The following is the 31st publication of the Administration's regulatory agenda, grouped by agency. Subsequent agendas will be published on the first Saturdays in February and July.

The agendas are compiled to provide members of the regulated community advanced notice of regulatory activity. It is the intention of the Administration that these agendas will serve to increase public participation in the regulatory process.

Agency contacts should be contacted for more information regarding the regulation and the procedure for submitting comments.

This Agenda represents the Administration's present intentions regarding future regulations. The nature and complexity of an individual regulation obviously will determine whether and when any particular regulation listed below (as well as any considered subsequent to publication of this Agenda) is published.

ADMINISTRATION			
No regulations being developed or considered at this time.			
AGING			
PA Code Title VI Chapter 15 Protective Services for Older Adults	December 2011, as proposed.	The Older Adults Protective Services Act is under review in light of the decision of the PA Supreme Court in <i>Nixon et al. v. Commonwealth, et al.</i> , which found the current protective services law to be unconstitutional. Regulations are routinely being reviewed as numerous pieces of pending legislation are being considered.	Denise Getgen 717-772-0184
PA Code Title VI Chapter 23 Long-Term Care Ombudsman Program	December 2011, as proposed.	The Department wishes to promulgate regulations for the Long-Term Care Ombudsman program in order to bring it into conformity with national standards.	Bob McNamara 717-772-3688
AGRICULTURE			
Domestic Animal 7 Pa. Code Chapter 2, 3, and 16	July 2011, as proposed.	The long-term project is intended to update the Department's Regulatory authority to make it more consistent with the provisions of the Domestic Animal Law (3 Pa.C.S. §§ 2301—2389).	Craig E. Shultz, DVM, Director (717) 772-2852
Cervidae 7 Pa. Code Chapter 18	March 2012, as proposed.	Act 190 of 2002 amended the Domestic Animal Law to require the Department to license and regulate Cervidae livestock operations. Act 51 of 2006 further amended the requirements for Cervidae livestock operations. (3 Pa.C.S. §§ 2303—2380.9).	Craig E. Shultz, DVM, Director (717) 772-2852
Animal Exhibition Sanitation 7 Pa. Code Chapter 20a	March 2012, as proposed.	Act 211 of 2002 requires the Department to enforce sanitation requirements at animal exhibitions, and to regulate as necessary to meet this requirement. (3 Pa C.S. §§ 2501—2504).	Craig E. Shultz, DVM, Director (717) 772-2852
Biofuels 70 Pa. Code Chapter 11	December 2011, as proposed.	This regulation will satisfy the requirements of Act 78 of 2008 (the Biofuel Development and In-State Production Incentive Act).	John Dillabaugh (717) 787-6772
Weights and Measures Regulations 70 Pa. Code Chapters 1—101	December 2011, as proposed	This long-term project is intended to update the Department's regulations authorized by the Consolidated Weights and Measures Act.	John Dillabaugh (717) 787-6772
Harness Racing Commission 58 Pa. Code Chapters 181, 183, 185 and 186—190	October 2011, as proposed.	This regulation is necessary to update current regulations, make them more user-friendly and address conditions which exist in harness racing that did not exist when the current regulations were originally promulgated. This regulation is a long-term project and would amend 58 Pa. Code Chapters 181, 183, 185 and 186—190, including the general authority of the Commission and provisions relating to associations licensed to conduct pari-mutuel wagering, individual licensing, licensing of officials, rules of the conduct of races, veterinary practices, equine health, and medication, wagering, due process and disciplinary action.	Jorge Augusto (717) 787-8744
Horse Racing Commission 58 Pa. Code Chapters 161, 163, 165, 167, 169, 171 and 173	October 2011, as proposed.	This regulation is necessary to update current regulations, make them more user-friendly and address conditions which exist in thoroughbred horse racing that did not exist when the current regulations were originally promulgated. This regulation is a long-term project and would amend 58 Pa. Code Chapters 161, 163, 165, 167, 169, 171 and 173 including the general authority of the Commission and provisions relating to associations licensed to conduct pari-mutuel wagering, individual licensing, licensing of officials, rules of the conduct of races, veterinary practices, equine health and medication, wagering, due process and disciplinary action. HEDD—High Electric Demand Days Air Pollution Control Act 25 Pa. Code Chapters 121 and 129	FY 11-12	The proposed rulemaking would amend 25 Pa. Code Chapter 129 to limit emissions of nitrogen oxides (NOx) from electric generating units (EGUs) and emergency generator sets used during non-emergency periods that operate less than 1200 hours per Ozone Season and generate electricity during periods of peak electric demand, including high electric demand days (HEDD), which frequently coincide with periods of high ground-level ozone concentrations. Amendments to § 121.1 (relating to definitions) would also be made to support the proposed amendments to Chapter 129.	Susan Hoyle 717-772-2329 shoyle@state.pa.us
Sulfur Limits in Commercial Fuel Oil Air Pollution Control Act 25 Pa. Code Chapters 121 and 123	FY 11-12	The final rulemaking amends 25 Pa. Code § 123.22 (relating to combustion units) to lower the maximum allowed percent sulfur content in commercial fuel oil sold for and used in combustion units in this Commonwealth, to further limit the emissions of sulfur dioxide (SO ₂) from these sources. Amendments to § 121.1 (relating to definitions) will also be made to support the final amendments to § 123.22. The final rulemaking will ensure consistency with the State Implementation Plan revision submitted by Pennsylvania to meet reasonable progress goals for reducing regional haze.	Susan Hoyle 717-772-2329 shoyle@state.pa.us
Flexible Packaging Printing Presses and Offset Lithographic and Letterpress Printing Presses Air Pollution Control Act 25 Pa. Code Chapter 121 and 129	FY 11-12	The proposed rulemaking would amend 25 Pa. Code Chapter 129 (relating to standards for sources) to add requirements to reduce the emissions of volatile organic compounds (VOCs) from flexible packaging printing presses and offset lithographic printing and letterpress printing presses to meet the Clean Air Act's "reasonably available control measures" requirement for ozone nonattainment areas. The proposal would amend §§ 129.51 and 129.67 (relating to general; and graphic arts systems) and add §§ 129.67a and 129.67b (relating to control of VOC emissions from flexible packaging printing presses; and control of VOC emissions from offset lithographic and letterpress printing presses) to adopt emission limits and work practice standards for flexible packaging printing presses and offset lithographic printing and letterpress printing presses. Amendments to § 121.1 (relating to definitions) would also be made to support the proposed amendments to Chapter 129.	Susan Hoyle 717-772-2329 shoyle@state.pa.us
Repeal of Employer Trip Reduction Air Pollution Control Act 25 Pa. Code Chapter 126, Subchapter B	FY 11-12	This final-omitted rulemaking would repeal the employer trip reduction (ETR) regulations in Chapter 126, Subchapter B (relating to employer trip reduction). The ETR program was originally mandated by the 1990 Amendments of the Clean Air Act. In 1994, the PA General Assembly enacted Act 95 of 1994 suspending the implementation and enforcement of the program because of disproportionate economic costs. Congress has since enacted legislation authorizing states to implement alternative programs.	Susan Hoyle 717-772-2329 shoyle@state.pa.us
Repeal of Portable Fuel Containers Air Pollution Control Act 25 Pa. Code Chapter 130, Subchapter A	FY 11-12	This final-omitted rulemaking would repeal the portable fuel container (PFC) regulations in Chapter 130, Subchapter A (relating to portable fuel containers). This regulation was promulgated at 32 Pa.B. 4819 (October 5, 2002). The United States Environmental Protection Agency subsequently adopted more stringent measures in February 2007 rendering this regulation unnecessary.	Susan Hoyle 717-772-2329 shoyle@state.pa.us

Repeal of St. Joe Resources Company Air Pollution Control Act 25 Pa. Code Chapter 128, § 128.21	FY 11-12	This final-omitted rulemaking would repeal the alternative compliance standard found at § 128.21 (relating to St. Joe Resources Company; Potter Township, Beaver County, PA). Section 128.21 was promulgated at 16 Pa.B. 521 (February 22, 1986). The alternative compliance standard has been superseded by Federally enforceable permit conditions. The standard in § 128.21 is no longer applicable.	Susan Hoyle 717-772-2329 shoyle@state.pa.us
Emissions of Particulate Matter Air Pollution Control Act 25 Pa. Code Chapter 139 § 139.12	FY 11-12	The Environmental Quality Board amended 25 Pa. Code § 139.12 (relating to emissions of particulate matter) at 27 Pa.B. 6804 (December 27, 1997) to require source testing only for filterable particulate matter. The United States Environmental Protection Agency has revised the source test method (Method 202) to require the testing of both filterable and condensable particulate matter in source testing. The proposed rulemaking would amend § 139.12 to reflect the change in Federal test method requirements. Other clarifying amendments to Chapter 139 would also be proposed for timeliness of reporting requirements.	Susan Hoyle 717-772-2329 shoyle@state.pa.us
Amendments for the Control of Major Sources of NOx and VOCs Air Pollution Control Act 25 Pa. Code Chapter 129	FY 11-12	The proposed rulemaking would amend the Reasonably Available Control Technology Requirements for major NOx- and VOC-emitting stationary sources; the proposal would not apply to major VOC-emitting facilities subject to Federal Control Technique Guidelines adopted by the Board as final rulemakings.	Susan Hoyle 717-772-2329 shoyle@state.pa.us
Municipal and Residual Waste Amendments Solid Waste Management Act and Waste Transportation Safety Act 25 Pa. Code Chapters 271—285 and 287—299	FY 11-12	These proposed revisions are comprehensive modifications to the Municipal and Residual Waste Regulations, including: consolidating similar chapters and standardizing provisions, where applicable, between the two volumes; revising and clarifying definitions, including the definition of “waste”; developing additional permits-by-rule; incorporating commodity disposal bans; revising the local and municipal involvement process for waste disposal and processing facility applications; and revising the environmental assessment and harms/benefits test and fee revisions. The package will also include regulations to implement the Waste Transportation Safety Program as authorized by Act 90 of 2002.	Steve Socash (717) 787-7381 ssocash@state.pa.us
Municipal Waste Regulated Medical Amendments Solid Waste Management Act 25 Pa. Code Chapter 284	FY 11-12	This rulemaking will amend the existing Chapter 284. This will include some definitions in Chapter 271 that will be added or amended. The term infectious waste will be replaced with the term “regulated medical waste.” This terminology change will be a global change. In addition to definitional changes, this proposal also includes changes to storage, transporter licensing, and manifesting requirements for regulated medical waste.	Steve Socash (717) 787-7381 ssocash@state.pa.us
Residual Waste Generator Amendments Solid Waste Management Act and Waste Transportation Safety Act 25 Pa. Code Chapter 287	FY 11-12	These proposed revisions streamline and update biennial reporting requirements, reduce the number of generators subject to biennial reporting and annual chemical analyses requirements, and eliminate submission of annual chemical analyses. The requirement for source reduction strategies is proposed for elimination.	Steve Socash (717) 787-7381 ssocash@state.pa.us

28 Pa. Code Chs. 1021—1033 Emergency Medical Service Systems	August 18, 2011	This new Act (37) repeals the EMS Act of July 3, 1985. Act 37 provides comprehensive Statewide emergency medical services response. The system is designed to achieve higher quality, more flexibility and a better coordinated EMS system. The regulations will establish and clarify standards for all individuals and entities regulated by the PADOH under the EMS System Act. There are several provisions in the Act that expressly confer upon the Department the duty or discretion to adopt regulations.	Joseph W. Schmider, Director Bureau of Emergency and Medical services 717-787-8740 606 Health and Welfare Building jschmider@state.pa.us
28 Pa. Code Chapter 53 This is a new regulation 28 Pa. Code Chapter 53. Photo Identification Badges	Interim regulation to facilitate implementation of 35 P. S. Second part of the regulation June 1, 2015	Interim regulation to facilitate implementation of 35 P. S. § 448.809b, enacted by Act 110 of November 23, 2010. This regulation will require health care workers providing direct care to a patient or a consumer outside of a health care facility or in a doctor's office to wear an identification badge containing the individual's photograph, full name, title and name of the employing health care facility or employment agency. This will be a new regulation under 28 Pa. Code Chapter 53.	Melia Belonus, Director, Bureau of Community Program Licensure and Certification mbelonus@state.pa.us
28 Pa. Code § 27 Communicable and Non-Communicable Diseases	Preparing for promulgation, no date available	These regulations provide "Disease Control Measures" creating a better system for the prevention of communicable and non-communicable diseases. Certain communicable and non-communicable diseases represent substantial public health threats because of their potential to spread or because they represent preventable health risks. The current revision reflects the fact that new diseases are always emerging. All Pennsylvanians will benefit from the disease prevention and control activities addressed in these regulations. The Department's authority to promulgate these regulations is found in the Disease Prevention Control law of 1955, 35 P. S. § 521.1 et seq. (the Act). Section 16(a) of the Act (35 P. S. § 521.16(a)) gives the Board authority to issue rules and regulations on a variety of matters related to communicable and non-communicable diseases. Section 16(b) of the Act (35 P. S. § 521.16 (b)) gives the Secretary of Health the authority to review existing regulations and make recommendations to the Board for changes that the Secretary considers to be desirable. There is also a legislative authority for specific provisions of the regulations. Administrative Code of 1929 (71 P. S. § 51 et seq.) (Code) Section 20102(g) of the code (71 P. S. § 532(g)) provides general authority for the Department to promulgate regulations.	Stephen M. Ostroff, M.D. Director of Bureau of Epidemiology Department of Health sostroff@state.pa.us 717-787-3350

Life Insurance Illustrations (New Chapter 87a)	Summer 2011, as proposed.	Act 154 of 1996 provides for life insurance illustration requirements for life insurance policies. The statute sunsets when a life insurance illustration regulation becomes effective. A life insurance illustration regulation will eliminate misleading illustrations, make illustrations more understandable, and standardize terms and illustration formats for the entire life insurance industry. Further, it is more appropriate that technical requirements, such as these, appear in a regulation rather than in statutory form.	Peter J. Salvatore, Regulatory Coordinator 717-787-4429

Pennsylvania Public Utility Commission— Streamlining the Rate Increase Procedures for Small Motor Carriers; Regulation No. 57-267 (#2825)

On March 4, 2010, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Public Utility Commission (PUC). This rulemaking amends 52 Pa. Code Chapter 23. The proposed regulation was published in the March 20, 2010 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on April 20, 2011.

This regulation implements an alternative operating ratio rate change mechanism for small passenger carriers with gross operating revenues of less than \$500,000.

We have determined this regulation is consistent with the statutory authority of the PUC (66 Pa.C.S. § 501(b)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

By Order of the Commission:

This regulation is approved.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Service of Notice of Motor Carrier Applications

The following temporary authority and/or permanent authority applications for the right to render service as a common carrier or contract carrier in this Commonwealth have been filed with the Pennsylvania Public Utility Commission. Formal protests and petitions to intervene must be filed in accordance with 52 Pa. Code (relating to public utilities). A protest shall indicate whether it applies to the temporary authority application, the permanent authority application, or both. Filings must be made with the Secretary, Pennsylvania Public Utility Commission, P. O. Box 3265, Harrisburg, PA 17105-3265, with a copy served on the applicant by July 18, 2011. Documents filed in support of the applications are available for inspection and copying at the Office of the Secretary between 8 a.m. and 4:30 p.m., Monday through Friday, and at the business address of the respective applicant.

Application of the following for approval to *begin operating as common carriers for transportation of persons as described under the application.*

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other Bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That E & M Express, Inc., Respondent, maintains its principal place of business at P. O. Box 3, Thomasville, PA 17364-0003.

2. That Respondent was issued a Certificate of Public Convenience by this Commission on September 12, 1989 at Application Docket No. A-00108362.

3. That on August 25, 2010, Respondent received an initial assessment of \$44.00, Respondent failed to pay these assessments; therefore, a balance was due in the amount of \$44.00.

4. That Respondent has an outstanding assessment of \$44.00.

5. That Respondent failed to file objections to the assessment, pursuant to 66 Pa.C.S. § 510(c).

6. That Respondent, by failing to pay the assessment, violated the Public Utility Code at 66 Pa.C.S. § 510(c).

Wherefore, unless Respondent pays the overdue assessment in full within twenty days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission issue an Order which cancels the Certificate of Public Convenience issued to Respondent, notifies the Pennsylvania Department of Revenue that Respondent's Certificate of Public Convenience has been revoked, notifies Respondent's insurance carrier that Respondent's Certificate of Public Convenience has been revoked, and imposes an additional fine on the Respondent.

Respectfully submitted,

Michael E. Hoffman, Director
Bureau of Transportation and Safety
P. O. Box 3265
Harrisburg, PA 17105-3265

VERIFICATION

I, Michael E. Hoffman, hereby state that the facts above set forth are true and correct to the best of my knowledge, information and belief and that I expect to be able to prove the same at any hearing held in this matter. I understand that the statements herein are made subject to the penalties of 18 Pa.C.S. § 4904 relating to unsworn falsification to authorities.

The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other Bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Carrier Express, Inc., Respondent, maintains its principal place of business at 250 W. US Hwy 12, Burns Harbor, IN 46304.

2. That Respondent was issued a Certificate of Public Convenience by this Commission on October 20, 1989 at Application Docket No. A-00108273.

3. That on January 4, 2010, Respondent received an initial assessment of \$973.00 and on August 25, 2010 Respondent received an initial assessment of \$184.00, Respondent failed to pay these assessments; therefore, a balance was due in the amount of \$1,157.00.

4. That Respondent has an outstanding assessment of \$1,157.00.

5. That Respondent failed to file objections to the assessment, pursuant to 66 Pa.C.S. § 510(c).

6. That Respondent, by failing to pay the assessment, violated the Public Utility Code at 66 Pa.C.S. § 510(c).

Wherefore, unless Respondent pays the overdue assessment in full within twenty days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission issue an Order which cancels the Certificate of Public Convenience issued to Respondent, notifies the Pennsylvania Department of Revenue that Respondent's Certificate of Public Convenience has been revoked, notifies Respondent's insurance carrier that Respondent's Certificate of Public Convenience has been revoked, and imposes an additional fine on the Respondent.

Respectfully submitted,

Michael E. Hoffman, Director

*Pennsylvania Public Utility Commission, Bureau of
Transportation and Safety v. Areeg Cab Co.;*
Doc. No. C-2011-2234390

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsi-

bilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That all authority issued to Areeg Cab Co., (respondent) is under suspension effective March 01, 2007 for failure to maintain evidence of insurance on file with this Commission.

2. That respondent maintains a principal place of business at 1258 Elbridge Street, Philadelphia, PA 19111.

3. That respondent was issued a Certificate of Public Convenience by this Commission at A-00121347.

4. That respondent has failed to maintain evidence of Liability insurance on file with this Commission. The Bureau of Transportation and Safety Motor Carrier Services and Enforcement's Prosecutory Staff's proposed civil penalty for this violation is \$500 and cancellation of the Certificate of Public Convenience.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500 and causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Transportation and Safety Prosecutory Staff will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-00121347 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings, which are prosecutory in nature to the Bureau of Transportation and Safety and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Transportation and Safety Prosecutory Staff hereby represents as follows:

1. That Mand Cab Co., Respondent, maintains a principal place of business at 162 Marlboro Road, Upper Darby, PA 19082.

2. That Respondent was issued a Certificate of Public Convenience by this Commission on March 29, 2004, at A-00120511.

3. That Respondent was advised by letter dated May 10, 2005, that its medallion authority was being transferred to the Philadelphia Parking Authority. At that time, Respondent was advised that its taxicab service which had an origin and destination outside of the City of Philadelphia remained subject to the regulatory oversight of the PA PUC.

4. That Respondent was advised by letter dated September 4, 2009, that it failed to file a valid tariff with this Commission as required by 52 Pa. Code § 23.11. Respondent was provided 60 days to file an acceptable tariff. To date, Respondent has not filed an acceptable tariff. The Bureau of Transportation and Safety's Motor Carrier Services and Enforcement Prosecutory Staff's proposed civil penalty for this violation is \$250.00.

Wherefore, the Bureau of Transportation and Safety Prosecutory Staff hereby requests that the Commission fine Mand Cab Co., the sum of two hundred and fifty dollars (\$250.00) for the illegal activity described in the complaint and order such other remedy as the Commission may deem to be appropriate.

Tentative Order

Public Meeting held
June 9, 2011

Commissioners Present: Robert F. Powelson, Chairperson;
John F. Coleman, Jr., Vice Chairperson; Tyrone J.
Christy; Wayne E. Gardner; James H. Cawley

Hopkins & Reedy Water Company;
A-211425

Tentative Order

By the Commission:

Hopkins & Reedy Water Company (Hopkins & Reedy or the company) is a water utility certificated at A-211425. Upon our own motion and based on the facts described below, this Commission will cancel the operating authority issued to Hopkins & Reedy.

Background

Hopkins & Reedy, a private water utility, is located in Summit Station, Wayne Township, Schuylkill County, Pennsylvania and serves exclusively residents living in the Blue Mountain Heights trailer park. The trailer park itself sits on a mountainside and the water provided to the customers by Hopkins & Reedy comes from untreated well water. While the company currently goes by the name of Blue Mountain Heights Water Company that name change was never approved by the Commission and so for purposes of this Order we will refer to the company by the name on its certificate of public convenience, Hopkins & Reedy Water Company.

In September 2009, Law Bureau Prosecutory Staff (Prosecutory Staff or Staff) attempted to file a Formal Complaint at C-2009-2130647 against Hopkins & Reedy for failure to file its 2007 Annual Report, but the complaint came back as refused, return to sender. This failure to serve the complaint triggered an investigation by Staff to determine the reason for the refusal that eventually led into a more extensive review into the current operations of the company, including changes in ownership of the company that the Commission was previously unaware of and the possible transfer to yet another owner.

Prosecutory Staff learned the following additional facts from its investigation. On August 19, 1996, Messrs. William Hopkins and Melvin Reedy transferred the property (approximately 1.8 acres) upon which the wells used by the company rest to Ms. Ella Purcell, for \$1.¹ Ms. Purcell is a cousin to Mr. Hopkins' wife. This transfer was never submitted to the Commission for approval. Ms. Purcell later became Mrs. Ella Stamm through marriage.

¹ The facts provided in this Background Section of the Order are supported by the Joint Affidavit of Adam Spotts and Ella Stamm, dated April 18, 2011, follows as Exhibit A to this Order.

Following the transfer, Mr. Reedy moved to New Jersey while Mr. Hopkins still lives in the trailer park. Since the transfer, neither gentleman has anything to do with the operations of the water system or the company. For her part, Mrs. Stamm advised Staff that she had little interest in running the day-to-day operations of the company either, so she turned over its daily operations to Mrs. Shirley Hopkins, Mr. Hopkins' wife. In June 2010, a young man by the name of Adam Spotts came forward and was interested in acquiring the company. At that point, Mrs. Stamm allowed Mr. Spotts to become the acting manager for the company managing its day-to-day operations, and he is currently listed in the Commission records as the person responsible at Hopkins & Reedy for assessment issues. Since becoming the active supervisor, Mr. Spotts has been very cooperative with Staff in responding to data requests and in seeking out the correct steps to submit an application of transfer.

Currently, Hopkins & Reedy has a total of seventeen connections served by two wells with two pumps and a third well as a back up without a pump. The number of connections has slowly decreased over the years as past customers installed their own well on their property or moved away. Moreover, most of the company's customers refuse to pay their water bill yet the company has not cut anyone off from service for failure to pay their water bill. Additionally, according to Mrs. Stamm and Mr. Spotts, Hopkins & Reedy has not had a new customer for many years and does not advertise for or otherwise solicit new customers. They further attested that the water system used by Hopkins & Reedy (two wells providing untreated water to the residents of the trailer park) is very primitive in nature with virtually no capacity for growth or expansion.

Since initially expressing interest in acquiring Hopkins & Reedy, Mr. Spotts has decided against taking ownership because of concerns that the Pennsylvania Department of Environmental Protection could require the company to invest in expensive purifying equipment to treat the well water, and the fact that most of the customers refuse to pay for their water. With the potential sale falling through, effective April 1, 2011, Hopkins & Reedy instead began to supply water to its existing customers at no charge with the understanding that any repairs or maintenance necessary to the system will be the responsibility of the individual homeowners affected. Similarly, according to Mrs. Stamm and Mr. Spotts, the monthly electric bills to run the wells must still be paid and will be divided equally among the customers using the water and any customer refusing to pay their share of the electric bill will be cut off from service. They also advise that if there is a future requirement to install new or upgraded equipment, the costs will be shared equally by all users of the system. Finally, Mr. Spotts has advised that he is actively seeking another water utility to take over the system from Hopkins & Reedy and has approached several water utilities to determine their interest in acquiring Hopkins & Reedy's customers.

Discussion

The Public Utility Code ("Code"), 66 Pa.C.S. § 102 (relating to definitions), provides in relevant part:

"Public Utility"

(1) Any person or corporations now or hereafter owning or operating in this Commonwealth equipment or facilities for:

* * * * *

(ii) Diverting, developing, pumping, impounding, distributing, or

Furnishing water to or for the public for compensation. 66 Pa.C.S. § 102. Given that Hopkins & Reedy, effective April 1, 2011, is no longer charging for its water services, the company does not meet the definition of a public utility because it is not “furnishing water to or for the public for compensation.” Id. (emphasis added).

Even if the company was charging customers for its water, however, we believe that there are other grounds to support the conclusion that Hopkins & Reedy is not a public utility. First, the water system currently in operation was constructed to serve exclusively the residents living within the trailer park’s limits. The facts reveal that the company draws all its water supply from two ground wells, a primitive water system with limited flow capacity and virtually no ability for growth or expansion. Any such growth or expansion would require significant capital expenditures to make the infrastructure improvements necessary to serve members of the public living outside of the trailer park. See *Pilot Travel Centers LLC v. Pa. Pub. Util. Comm’n*, 933 A.2d 123 (Pa. Cmwlth. 2007) (court found that a sewage treatment facility was not a “public utility” as it never solicited the public to connect to the sewage facility and because of its “limited flow capacity,” it was not really available to all members of the public but rather its services were provided to a defined, privileged and limited group); *Re Hazelton Assoc. Fluidized Energy, Inc.*, 62 Pa.P.U.C. 619 (1986) (holding that company was not a “public utility” because it would not be physically able to serve any significant, additional load of users without a major overhaul and upgrading of its system’s capacity).

This conclusion is further supported by the fact that during its entire existence, Hopkins & Reedy has only served park residents and has never served any persons living outside of the trailer park. The untreated water that Hopkins & Reedy provides from its two wells is not available to the public at large but rather is confined to a defined, privileged, limited group of Blue Mountain Heights trailer park residents. See *Drexelbrook Assoc. v. Pa. Pub. Util. Comm’n*, 212 A.2d 237, 240 (Pa. 1965) (Court held that proposed utility service to only the tenants of a large apartment complex did not qualify as a “public utility” because “those to be serviced consist[ed] only of a special class of persons—those to be selected as tenants—and not a class open to the indefinite public” so that the tenants “constitute[d] a defined, privileged and limited group and the proposed service to them would be private in nature”); *Pilot Travel*, 933 A.2d at 128-29. Finally, even within the trailer park itself, Hopkins & Reedy has not acquired nor has it solicited new customers in many years. See *Pilot Travel*, 933 A.2d 128 (in finding that sewage treatment facility was not a public utility, court relied in part on fact that the plant had never solicited the public to connect to it).

These findings are also consistent with our recently promulgated guidelines for determining public utility status at 52 Pa. Code § 69.1401(c)(2) & (3). These guidelines provide that an entity is not a public utility if the facility is designed and constructed only to serve a specific group of persons or entities and others cannot be feasibly served without a significant upgrade in the facilities or when the service is provided to a defined, privileged and limited group.

Finally, Hopkins & Reedy is no longer holding itself out as offering to provide water service “to or for the public.” 66 Pa.C.S. § 102 (relating to definitions). A critical factor

as to whether an entity is providing public utility service is whether or not a supplier “holds himself out, expressly or impliedly, as engaged in the business of supplying his product or service to the public, as a class, or to any limited portion of it, as contradistinguished from holding himself out as serving or ready to serve only particular individuals.” *Waltman v. Pa. Pub. Util. Comm’n*, 596 A.2d 1221, 1223 (Pa. Cmwlth. 1991) (emphasis in original), citing *Drexelbrook v. Pa. Pub. Util. Comm’n*, 212 A.2d 237, 239 (Pa. 1965). At this point, the facts indicate that Hopkins & Reedy is in a state of business decline, is no longer offering to serve additional customers and, more specifically, has limited water service to existing customers on a cost sharing basis. Accordingly, the lack of holding itself out as offering to provide water “to or for the public” also indicates that Hopkins & Reedy no longer qualifies as a public utility under Pennsylvania law. Based on these facts, we find that Hopkins & Reedy, in its present operations, is not acting as a public utility; *Therefore*,

It Is Ordered That:

1. The provision of water service by Hopkins & Reedy Water Company to the seventeen households in the Blue Mountain Heights’ trailer park is deemed to be non-jurisdictional because it is not service “to or for the public for compensation” within the meaning of section 102 of the Public Utility Code, 66 Pa.C.S. § 102.

2. A copy of this Order shall be served upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Office of Trial Staff, Hopkins & Reedy Water Company and upon each of Hopkins & Reedy Water Company’s seventeen household customers.

3. The Secretary shall certify this Order and deposit it with the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin* with a 30-day comment period.

4. Absent the filing of adverse public comment relating to the Commission’s intent to cancel the Hopkins & Reedy Water Company certificate of public convenience within 30 days after publication in the *Pennsylvania Bulletin*, this Tentative Order shall become final without further action by the Commission.

5. Upon this order becoming final, the Commission’s Secretary’s Bureau shall cancel the operating authority of Hopkins & Reedy Water Company at A-211425 and mark this file as closed and shall remove Hopkins & Reedy Water Company from all active utility lists maintained by the Commission’s Bureau of Fixed Utility Services and the Assessment Section of the Bureau of Administrative Services.

BEFORE THE
PENNSYLVANIA PUBLIC UTILITY COMMISSION

In re: Hopkins & Reedy Water Co. : A-211425
:

JOINT AFFIDAVIT OF
ADAM SPOTTS AND ELLA STAMM

I, Adam Spots, and I, Ella Stamm, being duly sworn, depose and say:

1. Ella Stamm is the current owner of Hopkins & Reedy Water Company (Hopkins & Reedy), also known as

Blue Mountain Heights Water Company, and Adam Spotts is the current acting manager of Hopkins & Reedy.

2. Hopkins & Reedy, a private water utility, is located in Summit Station, Wayne Township, Schuylkill County, Pennsylvania and serves exclusively residents living in the Blue Mountain Heights trailer park. The trailer park itself sits on a mountainside and the water provided to the customers by Hopkins & Reedy comes from untreated well water.

3. On August 19, 1996, the then current owners of Hopkins & Reedy, transferred the property (approximately 1.8 acres) upon which the wells used by the company to Ms. Ella Purcell, for \$1. Ms. Purcell is a cousin to Mr. Hopkins' wife, Shirley Hopkins. Ms. Purcell later became Ms. Ella Stamm through marriage.

4. Following the transfer, Mr. Reedy moved to New Jersey while Mr. Hopkins still lives in the trailer park. Since the transfer, neither gentleman has anything to do with the operations of the water system or the company.

5. Ms. Stamm had little interest in running the day-to-day operations of the company so she turned over its daily operations to Shirley Hopkins. In June 2010, Adams Spotts inquired about acquiring Hopkins & Reedy and shortly thereafter Ms. Stamm allowed Mr. Spotts to become the acting manager for Hopkins and Reedy managing its day-to-day operations while Mr. Spotts worked with Commission Staff on the steps necessary to acquire the company. Since taking over as acting manager, Mr. Spotts is listed in the Commission records as the person responsible at Hopkins and Reedy for assessment issues.

6. Currently, Hopkins and Reedy has a total of 17 connections served by two wells with two pumps and a third well as a back up without a pump. The number of connections has slowly decreased over the years as past customers installed their own well on their property or moved away. Moreover, most of the company's customers refuse to pay their water bill yet the company has not cut anyone off from service for failure to pay their water bill.

7. Hopkins & Reedy has not had a new customer for many years and does not advertise for or otherwise solicit new customers. In addition, the Hopkins & Reedy water system consisting of two wells providing untreated water to the residents of the trailer park is very primitive in nature with virtually no capacity for growth or expansion.

8. Since initially expressing interest in acquiring Hopkins & Reedy, Mr. Spotts has had second thoughts about taking ownership because of concerns that the Pennsylvania Department of Environmental Protection could require the company to invest in expensive purifying equipment to treat the well water, and the fact that most of the customers refuse to pay for their water.

9. Effective April 1, 2011, Hopkins & Reedy began to supply water to its existing customers at no charge with the understanding that any repairs or maintenance necessary to the system will be the responsibility of the individual homeowners affected.

10. Going forward from April 1, 2011, the monthly electric bills to run the wells will be divided equally among the customers using the water and any customer refusing to pay their share of the electric bill will be cut off from service. If there is a future requirement to install new or upgraded equipment, the costs will be shared equally by all users of the system.

11. Mr. Spotts is actively seeking another water utility to take over the system from Hopkins & Reedy and has

approached several water utilities to determine their interest in acquiring Hopkins & Reedy's customers. These efforts are ongoing.

We swear the foregoing is true and correct to the best of our knowledge, information and belief.

STATE TAX EQUALIZATION BOARD

Certification of Total Market Value of Taxable Real Property and Common Level Ratios for 2010

The State Tax Equalization Board (Board) is responsible under the act of June 27, 1947 (P.L. 1046, No. 447), known as the State Tax Equalization Board Law (law), (72 P. S. §§ 4656.1—4656.17) to do the following:

(1) Annually, to determine the aggregate market value of taxable real property in each political subdivision and school district throughout this Commonwealth and, by July 1 of each year, to certify and deliver the same to the Department of Education and the school districts of this Commonwealth.

(2) Annually, to establish a Common Level Ratio (CLR) for each county in this Commonwealth and, by July 1 of each year, to certify and deliver the CLR to the chief assessor of each county of this Commonwealth.

Due to the Board's efforts to comply with recommendations made by the Department of the Auditor General in a Special Performance Audit issued on February 10, 2011, see <http://www.auditorgen.state.pa.us/Reports/Performance/Special/speSTEB021011.pdf>, the Board will not be able to complete its calculations and make the certifications required by the law until after the statutory deadline of July 1, 2011. The Board does plan, however, to complete all required calculations and make all required certifications by the end of July.
