READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

Effective Dates of Statutes

The effective dates specified above for laws and appropriation acts were contained in the applicable law or appropriation act. Where no date is specified or where the effective date specified is prior to the date of enactment, the effective date is 60 days after final enactment except for statutes making appropriations or affecting budgets of political subdivisions. See 1 Pa.C.S. §§ 1701—1704 (relating to effective dates of statutes).

Advance Copies of Statutes

Section 1106 of Title 1 of the *Pennsylvania Consolidated Statutes* provides that the prothonotaries of each county shall file advance copies of statutes in their offices for public inspection until the *Laws of Pennsylvania* are generally available. Section 2406(h) of The Administrative Code of 1929 provides that the Department of General Services shall distribute advance sheets of the *Laws of Pennsylvania* to each law judge of the courts, to every county and public library of this Commonwealth and to each member of the General Assembly. These copies shall be furnished without charge. The Department shall also mail one copy of each law enacted during any legislative session to any person who pays to it the sum of \$20.

RULES AND REGULATIONS

Title 40—LIQUOR

LIQUOR CONTROL BOARD

[40 PA. CODE CH. 7]

Conversion of Suspension to Fine

The Liquor Control Board (Board), under the authority of section 207(i) of the Liquor Code (47 P. S. § 2-207(i)), amends § 7.10 (relating to conversion of suspension to fine).

Summary

Section 7.10 is amended by increasing the minimum amount of fines acceptable to the Board when the Board converts an unserved suspension to a fine.

Section 468(a)(4) of the Liquor Code (47 P. S. § 4-468(a)(4)) authorizes the Board to convert pending unserved suspensions in citation cases into monetary fines at the request of a transferee if the current licensee is unable to serve the suspension. Section 7.10 contains a methodology whereby the Board would base the fine on 1/2 of the average daily gross receipts of the transferor in its last year of operation. Formerly, a minimum fine of \$100 per each day of unserved suspension was imposed unless the citation was one in which the minimum fine would have been \$1,000; in those situations, the minimum fine provided was \$1,000 per each day of unserved suspension. If the Board accepts a request for a conversion, it will notify the transferee of the amount of the fine, and the transferee may either accept or reject the proposed fine. If accepted, the fine must be paid as a condition to approval of the transfer; if rejected, the conversion is rendered a nullity, and the unserved suspension remains in effect.

The minimum fine is imposed when a licensee did not possess or failed to provide tax returns to demonstrate the gross revenue for the last calendar year of operation or when the formula results in an amount that is lower than the previously-referenced minimum. The Board believes the regulation is needed because converting a license suspension into a fine of \$100 diminishes the deterrent and punitive effects that were intended by the initial suspension order. For example, a license suspension deprives a licensee of the revenue it would have collected had it been licensed to sell alcoholic beverages during the period of suspension, and it requires that notice of the suspension be posted in a conspicuous location outside the licensed premises. With the minimum fines increased to \$1,000 per day for nonenhanced penalty citations and \$3,000 per day for enhanced penalty citations, the impact of the fine would be more in line with the impact of the original suspension.

Affected Parties

The final-form rulemaking will impact those retail and other licensees with unserved suspensions who wish to transfer the license. Of those, only transferors which would have incurred a lesser fine amount under the regulation will be affected by the increased minimum fines in conversion of suspension to fine actions. In 2014, the Board received 14 requests to convert a suspension to a fine. Eleven were converted, nine of which would have been affected by this final-form rulemaking.

Paperwork Requirements

The Board does not anticipate that this final-form rulemaking will affect the amount of paperwork or administrative costs of the regulated community.

Fiscal Impact

This final-form rulemaking is not expected to have a substantial adverse fiscal impact on the regulated community, since the change only affects licensees that would have been subject to the lower fine amount in § 7.10. In 2014, the Board received 14 requests to convert a suspension to a fine. Eleven were converted, nine of which would have been affected by this final-form rulemaking. The Board expects a similarly small proportion of the regulated community to be impacted by this final-form rulemaking. It must further be emphasized that conversions are optional. The transferee has the right to reject the fine amount set by the Board and to instead serve the original suspension upon becoming licensed.

This final-form rulemaking is not expected to have adverse fiscal impact on State and local governments. In fact, this final-form rulemaking will have a small positive fiscal impact on Board revenues, nominally increasing the amount the Board remits to the Commonwealth.

Effective Date

This final-form rulemaking will become effective upon publication in the *Pennsylvania Bulletin*.

Comments should be addressed to Justin Blake, Assistant Counsel, or Rodrigo J. Diaz, Executive Deputy Chief Counsel, Office of Chief Counsel, Liquor Control Board, Room 401, Northwest Office Building, Harrisburg, PA 17124-0001.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on September 24, 2013, the Board submitted a copy of the notice of proposed rulemaking, published at 43 Pa.B. 5825 (October 5, 2013), to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Liquor Control Committee and the Senate Law and Justice Committee for review and comment.

Under section 5(c) of the Regulatory Review Act, IRRC and the House and Senate Committees were provided with copies of the comments received during the public comment period, as well as other documents when requested. In preparing the final-form rulemaking, the Board has considered all comments from IRRC, the House and Senate Committees and the public. The Board received three comments from IRRC, the responses to which are in a separate comment and response document. The Board did not receive comments from the House and Senate Committees or the public.

Under section 5.1(j.2) of the Regulatory Review Act (71 P. S. § 745.5a(j.2)), on June 17, 2015, the final-form rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on June 18, 2015, and approved the final-form rulemaking.

TIM HOLDEN,
Chairperson

(Editor's Note: For the text of the order of the Independent Regulatory Review Commission relating to this document, see 45 Pa.B. 3640 (July 4, 2015).)

Fiscal Note: Fiscal Note 54-74 remains valid for the final adoption of the subject regulation.

Annex A

TITLE 40. LIQUOR

PART I. LIQUOR CONTROL BOARD

**CHAPTER 7. TRANSFER, EXTENSION,
SURRENDER, EXCHANGE AND SUSPENSION OF
LICENSES**

Subchapter A. TRANSFER OF LICENSES

§ 7.10. Conversion of suspension to fine.

(a) When a license application for transfer is pending and the transferor has an outstanding license suspension imposed by the Office of Administrative Law Judge that has not yet been served and cannot be served because the premises is not in operation, the transferee shall either serve the suspension upon the approval of the transfer, or request that the suspension be converted to a fine to be paid by the transferee upon the approval of the transfer.

(b) If the transferee prefers to pay a fine instead of serving a suspension, it shall make a request to the Office of Chief Counsel that a fine be set by the Board.

(c) For purposes of making a determination as to the amount of the fine, the transferee's request to the Office of Chief Counsel shall include the following:

(1) A letter requesting that a fine be set instead of the suspension.

(2) A statement that the transferor cannot serve the suspension because the premises is not in operation.

(3) The transferor's Federal tax return for its last year of operation, showing the licensed business's profit or loss.

(4) The number of days the transferor was open in its last year of operation.

(5) A copy of the administrative law judge's adjudication and order that resulted in the suspension. This document is obtainable from the Office of Administrative Law Judge.

(d) The fine will be calculated by application of the following formula: Gross earnings of the transferor divided by 365 (or the number of days in operation in the transferor's last year of operation) multiplied by 0.50. The resulting figure is the amount of the fine per day of suspension, subject to the following exceptions:

(1) If the suspension was issued for a citation for which the minimum fine, if a fine had been imposed, is \$50, a minimum fine of \$1,000 per day will be set.

(2) If the suspension was issued for a citation for which the minimum fine, if a fine had been imposed, is \$1,000, a minimum fine of \$3,000 per day will be set.

(e) The Board may set a fine in the absence of one or more of the documents described in subsection (c)(1)—(5). The Office of Chief Counsel may request additional financial documents.

(f) The Board will act on the request by accepting the request and setting the amount of the fine, or rejecting the request, or making a counteroffer and informing the transferee of its decision in writing.

(g) If the transferee rejects the Board's decision, the original suspension will remain in effect, to be served by the transferee if the transfer is approved.

(h) If after the Board approves a conversion to a fine, the transfer application is denied, the Board's decision regarding the suspension conversion to a fine is rendered a nullity and the unserved suspension remains in effect for the transferor.

PROPOSED RULEMAKING

INSURANCE DEPARTMENT

[31 PA. CODE CH. 161]

Requirements for Qualified and Certified Reinsurers

The Insurance Department (Department) proposes to amend Chapter 161 (relating to requirements for qualified and certified reinsurers) to read as set forth in Annex A. The rulemaking is proposed under the authority of sections 206, 506, 1501 and 1502 of The Administrative Code of 1929 (71 P. S. §§ 66, 186, 411 and 412), regarding the general rulemaking authority of the Department, and section 319.1 of The Insurance Company Law of 1921 (act) (40 P. S. § 442.1), regarding credits for reinsurance.

Purpose

Chapter 161 was initially adopted in 1993 and sets forth requirements to be met for a licensed ceding insurer to receive credit for reinsurance in its financial statements. Unless an unlicensed reinsurer is qualified or certified to accept reinsurance from insurers, credit is not allowed as an admitted asset or as a reduction of liability relative to risks ceded by these licensed insurers. Qualified or certified reinsurers are those meeting the conditions for reinsurers specified by the Insurance Commissioner. The purpose of this proposed rulemaking is to update Chapter 161 to delete the requirement that a reinsurer must be listed on the successor list to the Non-Admitted Insurance Listing (now known as the Quarterly Listing of Alien Insurers) published by the National Association of Insurance Commissioners (NAIC) to be considered for qualification under section 319.1 of the act.

Neither the NAIC model law nor the NAIC model regulation contains this administrative requirement. The administrative requirement was originally included in the Pennsylvania regulation because at the time of implementation the Department did not have the expertise to evaluate the financial condition of reinsurers. Instead, the Department sought to rely upon the NAIC's evaluation of the entity's financial condition. However, because the NAIC did not evaluate reinsurers at that time, the Department instead chose to rely upon the NAIC's evaluation of entities in the surplus lines market. This resulted in a requirement in this Commonwealth that a reinsurer seeking to be "qualified" under Pennsylvania standards also be listed on the NAIC's list of insurers operating in the surplus lines market.

The proposed amendment to Chapter 161 would remove this administrative requirement and conform Pennsylvania's regulation to the model regulation and law developed by the NAIC entitled "Credit for Reinsurance Model Law" (#785) and "Credit for Reinsurance Model Regulation" (#786), respectively.

A copy of the copyrighted NAIC model regulation was provided to the Senate Banking and Insurance Committee, the House Insurance Committee, the Independent Regulatory Review Commission (IRRC), the Governor's Office of Policy and Planning, the Governor's Office of General Counsel and the Attorney General to assist in their analysis of this proposed rulemaking. Copies of NAIC model regulations are available to the general public by contacting the NAIC.

Explanation of Proposed Rulemaking

Section 161.3 (relating to credit for reinsurance) is proposed to be amended to delete the requirement that a reinsurer be listed on the Non-Admitted Insurers Listing published by the Non-Admitted Insurers Information Office of the NAIC, or a successor list, to be considered for qualification under section 319.1 of act.

External Comments

The Department circulated pre-exposure drafts of this proposed rulemaking to the Insurance Federation of Pennsylvania and the Pennsylvania Association of Mutual Insurance Companies and did not receive objections.

Affected Parties

Although Chapter 161 applies to all insurance companies domiciled in this Commonwealth and the reinsurers with whom they do business, this proposed rulemaking will apply only to an alien insurer seeking to be deemed a "qualified" reinsurer by the Insurance Commissioner.

Fiscal Impact

State government

There will be no material increase in cost to the Department as a result of this proposed rulemaking.

General public

While Chapter 161 does not have immediate fiscal impact on the general public, the general public will benefit to the extent that removing an unnecessary administrative requirement for reinsurers that are financially solvent and licensed in well-regulated jurisdiction will reduce the cost of reinsurance to ceding insurers in this Commonwealth and reduce trade barriers allowing for more competition in the reinsurance marketplace.

Political subdivisions

The proposed rulemaking will not impose additional costs on political subdivisions.

Private sector

This proposed rulemaking will not impose significant costs on the transaction of business in this Commonwealth.

Paperwork

The proposed rulemaking would not impose additional paperwork on the Department.

Effectiveness/Sunset Date

The proposed rulemaking will become effective within 30 days after final-form publication in the *Pennsylvania Bulletin*. The Department continues to monitor the effectiveness of regulations on a triennial basis; therefore, a sunset date has not been assigned.

Contact Person

Questions or comments regarding the proposed rulemaking may be addressed in writing to Jodi A. Frantz, Department Counsel, Insurance Department, 1341 Strawberry Square, Harrisburg, PA 17120, fax (717) 787-2567, jodfrantz@pa.gov within 30 days following the publication in the *Pennsylvania Bulletin*.

Under the Regulatory Review Act (71 P. S. §§ 745.1—745.12a), the Department is required to write to all commentators requesting whether or not they wish to

receive a copy of the final-form rulemaking. To better serve stakeholders, the Department made a determination that all commentators will receive a copy of the final-form rulemaking when it is made available to the IRRC and the House and Senate Committees.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on August 5, 2015, the Department submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Senate and House Committees. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Department, the General Assembly and the Governor of comments, recommendations or objections raised.

TERESA D. MILLER,
Insurance Commissioner

Fiscal Note: 11-253. No fiscal impact; (8) recommends adoption.

Annex A

TITLE 31. INSURANCE

PART VIII. MISCELLANEOUS PROVISIONS

CHAPTER 161. REQUIREMENTS FOR QUALIFIED AND CERTIFIED REINSURERS

§ 161.3. Credit for reinsurance.

A licensed domestic ceding insurer will be allowed credit for reinsurance as either an asset or a deduction from liability on account of reinsurance ceded only when the reinsurer meets the requirements of this section or as otherwise provided in § 161.7 (relating to credit for joint underwriting or pooling arrangements).

* * * * *

(3) Credit will be allowed when the reinsurance is ceded to an assuming alien insurer which has met the conditions specified in this paragraph and has been deemed to be a qualified reinsurer by the Commissioner. To be considered for qualification, an assuming alien insurer shall meet the following conditions. The insurer shall:

- (i) File with the Commissioner evidence of its submission to the Commonwealth's jurisdiction.
- (ii) Submit to the Commonwealth's authority to examine its books and records.
- (iii) File with the application for qualification and annually thereafter substantially the same information as that required to be reported on the NAIC annual statement blank by licensed insurers.

[(iv) Be listed on the Non-Admitted Insurers Listing published by the Non-Admitted Insurers Information Office of the NAIC, or a successor list.

(v)] (iv) File with the application for qualification and annually thereafter details on the soundness of its ceded reinsurance program, including the identity, domicile and premium volume for each retrocessionaire when the

amount of reinsurance premium ceded is greater than or equal to \$50,000. If the insurer demonstrates to the Commissioner's satisfaction its inability to provide the requested detail with respect to individual retrocessionaires because of its method of operation, the Commissioner will consider the acceptability of alternative information pertaining to the soundness of the insurer's ceded reinsurance program.

[(vi)] (v) Agree to the requirements of this subparagraph in the reinsurance agreements. This subparagraph is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if an obligation is created in the agreement.

(A) In the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer shall at the request of the ceding insurer:

(I) Submit to the jurisdiction of a court of competent jurisdiction in a state of the United States.

(II) Comply with the requirements necessary to give the court jurisdiction.

(III) Abide by the final decision of the court or of an appellate court in the event of an appeal.

(B) The assuming insurer shall designate a person as its true and lawful agent upon whom may be served a lawful process in an action, suit or proceeding instituted by or on behalf of the ceding company.

[(vii)] (vi) Maintain a trust fund in a qualified United States financial institution, for the payment of valid claims of its United States policyholders and ceding insurers, their assigns and successors in interest.

PENNSYLVANIA GAMING CONTROL BOARD

[58 PA. CODE CHS. 677a AND 678a]

Heads-Up Hold 'Em and High Card Flush; Table Game Rules of Play

The Pennsylvania Gaming Control Board (Board), under the general authority in 4 Pa.C.S. § 1202(b)(30) (relating to general and specific powers) and the specific authority in 4 Pa.C.S. § 13A02(1) and (2) (relating to regulatory authority), proposes to add Chapters 677a and 678a (relating to Heads-Up Hold 'Em; and High Card Flush) to read as set forth in Annex A.

Purpose of the Proposed Rulemaking

This proposed rulemaking will add two new table games to the compliment of games available for play in this Commonwealth.

Explanation

The Board is proposing to add two new table games. The rules of play in both chapters are drafted in the same basic format: section a.1 contains the definitions used throughout the chapter; section a.2 contains the table physical characteristics; section a.3 details the number of

cards and decks used to play the game; a.4 addresses the opening of the table for gaming; a.5 details how the cards are to be shuffled and cut; a.6 specifies the ranking of the hands; section a.7 outlines the permissible wagers; sections a.8—a.10 detail the procedures for dealing the cards; section a.11 addresses how the round of play is to be completed; a.12 outlines the permissible payout odds for winning wagers; and section a.13 addresses irregularities in play.

In Heads-Up Hold 'Em, the optional wagers have a range in hold percentage as follows: for the optional Pocket Bonus Wager, the Board approved three payout tables with a range between 4.52% and 9.95%; and for the optional Trips Plus Wager, the Board approved four payout tables with a range between 0.75% and 4.34%

In High Card Flush, the optional wagers have a range in hold percentage as follows: for the optional Flush Bonus Wager, the Board approved eight payout tables with a range between 4.8% and 9.6%; for the optional Straight Flush Bonus Wager, the Board approved four payout tables with a range between 6.26% and 7.75%; and for the Progressive Jackpot Wager, which is also optional and not a required wager, the hold percentage is 23%, which is consistent with almost all other progressive side wagers offered.

Fiscal Impact

Commonwealth. The Board does not expect that this proposed rulemaking will have fiscal impact on the Board or other Commonwealth agencies. Updates to Rules Submission forms and internal control procedures will be reviewed by existing Board staff.

Political subdivisions. This proposed rulemaking will not have fiscal impact on political subdivisions of this Commonwealth.

Private sector. This proposed rulemaking will provide certificate holders with additional table game options. If a certificate holder decides to offer the games within the licensed facility, the certificate holder will be required to train their dealers on the rules of play and may need to purchase new equipment. Costs incurred to train employees or purchase/lease equipment should be offset by the proceeds of gaming.

General public. This proposed rulemaking will not have fiscal impact on the general public.

Paperwork Requirements

If a certificate holder selects different options for the play of table games, the certificate holder will be required to submit an updated Rules Submission form reflecting the changes. These forms are available and submitted to Board staff electronically.

Effective Date

The proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking within 30 days after the date of publication in the *Pennsylvania Bulletin*. Public comments should be addressed to Susan A. Yocum, Assistant Chief Counsel, Attention: Regulation #125-192 Public Comment, Pennsylvania Gaming Control Board, P. O. Box 69060, Harrisburg, PA 17106-9060.

Contact Person

The contact person for questions about this proposed rulemaking is Susan Yocum, Assistant Chief Counsel, (717) 346-8300.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on August 4, 2015, the Board submitted a copy of this proposed rulemaking and a copy of the Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Gaming Oversight Committee and the Senate Community, Economic and Recreational Development Committee. A copy of this material is available to the public upon request and is available on the Board's web site at www.gamingcontrolboard.pa.gov.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

§ 677a.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Bad Beat Bonus—A bonus payout awarded to any player who holds a straight or higher and lists to the dealer's hand.

Check—Waiving the right to place a Raise Wager but remaining in the round of play.

Community card—A card which may be used by each player and the dealer to form the best possible five-card Poker hand.

Flop—The first three community cards dealt during a round of play.

Fold—The withdrawal of a player from a round of play by not making a Raise Wager.

Hand—The five-card Poker hand formed from the two cards of the player or the dealer and any of the five community cards.

River card—The fifth community card revealed during a round of play.

Turn card—The fourth community card revealed during a round of play.

§ 677a.2. Heads-Up Hold 'Em table physical characteristics.

(a) Heads-Up Hold 'Em shall be played at a table having betting positions for no more than six players on one side of the table and a place for the dealer on the opposite side of the table.

(b) The layout for a Heads-Up Hold 'Em table shall be submitted to the Bureau of Gaming Operations and approved in accordance with § 601a.10(a) (relating to approval of table game layouts, signage and equipment) and contain, at a minimum:

(1) The name or logo of the certificate holder.

(2) Three separate betting areas designated for the placement of Ante, Odds and Raise Wagers for each player.

(3) A separate area designated for the placement of the five community cards located directly in front of the table inventory container.

(4) A separate area designated for the placement of the dealer's two cards.

(5) If the certificate holder offers the optional Pocket Bonus Wager authorized under § 677a.7(d)(2) (relating to wagers), a separate area designated for the placement of the Pocket Bonus Wager for each player.

(6) If the certificate holder offers the optional Trips Plus Wager authorized under § 677a.7(d)(3), a separate area designated for the placement of the Trips Plus Wager for each player.

(7) Inscriptions that advise patrons of the payout odds for all permissible wagers offered by the certificate holder. If the payout odds are not inscribed on the layout, a sign identifying the payout odds for all permissible wagers shall be posted at each Heads-Up Hold 'Em table.

(8) Inscriptions indicating the following:

(i) The Ante Wager will be returned if the dealer does not have a pair or better.

(ii) If established by the certificate holder, the payout limit per hand, as authorized under § 677a.12(f) (relating to payout odds; payout limitation), or a generic inscription indicating that the game is subject to the posted payout limit.

(9) If the information required under paragraph (8) is not inscribed on the layout, a sign which sets forth the required information shall be posted at each Heads-Up Hold 'Em table.

(c) Each Heads-Up Hold 'Em table must have a drop box and a tip box attached on the same side of the table as, but on opposite sides of, the dealer, as approved by the Bureau of Casino Compliance in accordance with § 601a.10(g). The Bureau of Casino Compliance may approve an alternative location for the tip box when a card shuffling device or other table game equipment prevents the placement of the drop box and tip box on the same side of the gaming table as, but on opposite sides of, the dealer.

(d) Each Heads-Up Hold 'Em table must have a discard rack securely attached to the top of the dealer's side of the table.

§ 677a.3. Cards; number of decks.

(a) Except as provided in subsection (b), Heads-Up Hold 'Em shall be played with one deck of cards that are identical in appearance and two cover cards.

(b) If an automated card shuffling device is utilized, Heads-Up Hold 'Em may be played with two decks of cards in accordance with the following requirements:

(1) The cards in each deck must be of the same design. The backs of the cards in one deck must be of a different color than the cards included in the other deck.

(2) One deck of cards shall be shuffled and stored in the automated card shuffling device while the other deck is being used to play the game.

(3) Both decks of cards shall be continuously alternated in and out of play, with each deck being used for every other round of play.

(4) The cards from only one deck shall be placed in the discard rack at any given time.

(c) The decks of cards used in Heads-Up Hold 'Em shall be changed at least every:

(1) Four hours if the cards are dealt by hand.

(2) Eight hours if the cards are dealt from a manual or automated dealing shoe.

§ 677a.4. Opening of the table for gaming.

(a) After receiving one or more decks of cards at the table, the dealer shall inspect the cards for any defects. The floorperson assigned to the table shall verify the inspection.

(b) After the cards are inspected, the cards shall be spread out face up on the table for visual inspection by the first player to arrive at the table. The cards shall be spread out in horizontal fan shaped columns by deck according to suit and in sequence.

(c) After the first player arriving at the table has been afforded an opportunity to visually inspect the cards, the cards shall be turned face down on the table, mixed thoroughly by a washing of the cards and stacked. Once the cards have been stacked, the cards shall be shuffled in accordance with § 677a.5 (relating to shuffle and cut of the cards).

(d) If an automated card shuffling device is utilized and two decks of cards are received at the table, each deck of cards shall be spread for inspection, mixed, stacked and shuffled in accordance with subsections (a)—(c).

(e) If the decks of cards received at the table are preinspected and preshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), subsections (a)—(d) do not apply.

§ 677a.5. Shuffle and cut of the cards.

(a) Immediately prior to commencement of play, unless the cards were preshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), after each round of play has been completed or when directed by a floorperson or above, the dealer shall shuffle the cards, either manually or by use of an automated card shuffling device, so that the cards are randomly intermixed. Upon

completion of the shuffle, the dealer or automated shuffling device shall place the deck of cards in a single stack. The certificate holder may use an automated card shuffling device which, upon completion of the shuffling of the cards, inserts the stack of cards directly into a dealing shoe.

(b) If an automated card shuffling device is being used, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, and the device reveals that an incorrect number of cards are present, the deck shall be removed from the table.

(c) After the cards have been shuffled and stacked, the dealer shall:

(1) If the cards were shuffled using an automated card shuffling device, deal the cards in accordance with § 677a.8, § 677a.9 or § 677a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe).

(2) If the cards were shuffled manually or were reshuffled, cut the cards in accordance with subsection (d).

(d) If a cut of the cards is required, the dealer shall place the cover card in the stack at least ten cards in from the top of the stack. Once the cover card has been inserted, the dealer shall take all cards above the cover card and the cover card and place them on the bottom of the stack. The stack of cards shall then be inserted into the dealing shoe for commencement of play.

(e) After the cards have been cut and before any cards have been dealt, a floorperson or above may require the cards to be recut if the floorperson determines that the cut was performed improperly or in any way that might affect the integrity or fairness of the game.

(f) If there is no gaming activity at a Heads-Up Hold 'Em table which is open for gaming, the cards shall be spread out on the table face down unless a player requests that the cards be spread face up on the table. After the first player arriving at the table is afforded an opportunity to visually inspect the cards, the procedures in § 677a.4(c) (relating to opening of the table for gaming) and this section shall be completed.

(g) A certificate holder may utilize a dealing shoe or other device that automatically reshuffles and counts the cards provided that the device is submitted to the Bureau of Gaming Laboratory Operations and approved in accordance with § 461a.4 (relating to submission for testing and approval) prior to its use in the licensed facility. If a certificate holder is utilizing the approved device, subsections (d)—(f) do not apply.

§ 677a.6. Heads-Up Hold 'Em rankings.

(a) The rank of the cards used in Heads-Up Hold 'Em, in order of highest to lowest rank, shall be: ace, king, queen, jack, 10, 9, 8, 7, 6, 5, 4, 3 and 2. Notwithstanding the foregoing, an ace may be used to complete a straight flush or straight formed with a 2, 3, 4 and 5 but may not be combined with any other sequence of cards (for example queen, king, ace, 2 and 3). All suits shall be equal in rank.

(b) The permissible five-card Poker hands at the game of Heads-Up Hold 'Em, in order of highest to lowest rank, shall be:

(1) A royal flush, which is a hand consisting of an ace, king, queen, jack and 10 of the same suit.

(2) A straight flush, which is a hand, other than a royal flush, consisting of five cards of the same suit in consecutive ranking, with king, queen, jack, 10 and 9 being the highest ranking straight flush and ace, 2, 3, 4 and 5 being the lowest straight flush.

(3) A four-of-a-kind, which is a hand consisting of four cards of the same rank, with four aces being the highest ranking four-of-a-kind and four 2s being the lowest ranking four-of-a-kind.

(4) A full house, which is a hand consisting of a three-of-a-kind and a pair, with three aces and two kings being the highest ranking full house and three 2s and two 3s being the lowest ranking full house.

(5) A flush, which is a hand consisting of five cards of the same suit, not in consecutive order, with ace, king, queen, jack and 9 being the highest ranking flush and 2, 3, 4, 5 and 7 being the lowest ranking flush.

(6) A straight, which is a hand consisting of five cards of more than one suit and of consecutive rank, with an ace, king, queen, jack and 10 being the highest ranking straight and an ace, 2, 3, 4 and 5 being the lowest ranking straight.

(7) A three-of-a-kind, which is a hand consisting of three cards of the same rank, with three aces being the highest ranking three-of-a-kind and three 2s being the lowest ranking three-of-a-kind.

(8) Two pair, which is a hand consisting of two pairs, with two aces and two kings being the highest ranking two pair and two 3s and two 2s being the lowest ranking two pair.

(9) A pair, which is a hand consisting of two cards of the same rank, with two aces being the highest ranking pair and two 2s being the lowest ranking pair.

(c) When comparing two hands that are of identical rank under subsection (b), or that contain none of the hands in subsection (b), the hand that contains the highest ranking card under subsection (a), which is not contained in the other hand, shall be considered the higher ranking hand. If the hands are of identical rank after the application of this subsection, the hands shall be considered a tie.

§ 677a.7. Wagers.

(a) Wagers at Heads-Up Hold 'Em shall be made by placing value chips, plaques or other Board-approved table game wagering instruments on the appropriate areas of the table layout. Verbal wagers accompanied by cash may not be accepted.

(b) Only players who are seated at the Heads-Up Hold 'Em table may place a wager at the game. Once a player has placed a wager and received cards, that player shall remain seated until the completion of the round of play. If a player leaves the table during a round of play, any wagers made by the player may be considered abandoned and may be treated as losing wagers.

(c) All Ante, Odds, Trips Plus and Pocket Bonus Wagers shall be placed prior to the dealer announcing "no more bets" in accordance with the dealing procedure in § 677a.8, § 677a.9 or § 677a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe). Except as provided in § 677a.11(b), (d) and (f) (relating to procedure for completion of each round of play), a wager may not be made, increased or withdrawn after the dealer has announced "no more bets."

(d) The following wagers may be placed in the game of Heads-Up Hold 'Em:

(1) A player shall compete against the dealer's five-card Poker hand by placing an Ante Wager and an Odds Wager equal to the player's Ante Wager then a Raise Wager in accordance with § 677a.11(b), (d) or (f).

(2) If specified in its Rules Submission under § 601a.2 (relating to table games Rules Submissions), a certificate holder may offer to each player at a Heads-Up Hold 'Em table the option to make an additional Pocket Bonus Wager that the player's first two cards will contain a pair or an ace and a king, queen or jack. A Pocket Bonus Wager does not have a bearing on any other wager made by the player.

(3) If specified in its Rules Submission under § 601a.2, a certificate holder may offer to each player at a Heads-Up Hold 'Em table the option to make an additional Trips Plus Wager that the player's five-card Poker hand formed from any of the player's two cards and the five community cards will contain a three-of-a-kind or better as defined in § 677a.6(b) (relating to Heads-Up Hold 'Em rankings). A Trips Plus Wager does not have a bearing on any other wager made by the player.

(e) A player may not wager on more than one player position at a Heads-Up Hold 'Em table.

§ 677a.8. Procedure for dealing the cards from a manual dealing shoe.

(a) If a manual dealing shoe is used, the dealing shoe must be located on the table in a location as approved by the Bureau of Casino Compliance in accordance with § 601a.10(g) (relating to approval of table game layouts, signage and equipment). Once the procedures required under § 677a.5 (relating to shuffle and cut of the cards) have been completed, the stacked deck of cards shall be placed in the dealing shoe either by the dealer or by the automated card shuffling device.

(b) Prior to dealing the cards and after all Ante, Odds, Trips Plus and Pocket Bonus Wagers have been placed, the dealer shall announce "no more bets."

(c) The dealer shall then deal the cards by removing each card from the dealing shoe with the hand of the dealer that is the closest to the dealing shoe and placed on the appropriate area of the layout with the opposite hand. Starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, the dealer shall deal one card at a time, face down, to each player who placed Ante and Odds Wagers in accordance with § 677a.7(d)(1) (relating to wagers) and to the dealer, until each player who placed Ante and Odds Wagers and the dealer have two cards.

(d) After two cards have been dealt to each player and to the area designated for the placement of the dealer's hand, the dealer shall deal the five community cards face down on the table. After all community cards have been dealt, the dealer shall remove the stub from the manual dealing shoe and, except as provided in subsection (f), place the stub in the discard rack without exposing the cards.

(e) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(f) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(g) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 677a.9. Procedure for dealing the cards from the hand.

(a) If the cards are dealt from the dealer's hand, the following requirements shall be observed:

(1) An automated shuffling device shall be used to shuffle the cards.

(2) After the procedures required under § 677a.5 (relating to shuffle and cut of the cards) have been completed, the dealer shall place the stacked deck of cards in either hand. After the dealer has chosen the hand in which he will hold the cards, the dealer shall continue to use that hand whenever holding the cards during that round of play. The cards held by the dealer shall be kept over the table inventory container and in front of the dealer at all times.

(b) Prior to dealing any cards and after all Ante, Odds, Trips Plus and Pocket Bonus Wagers have been placed, the dealer shall announce "no more bets." The dealer shall then deal each card by holding the deck of cards in the chosen hand and use the other hand to remove the top card of the deck and place it face down on the appropriate area of the layout. The dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, deal one card at a time to each player who placed Ante and Odds Wagers in accordance with § 677a.7(d)(1) (relating to wagers) and to the dealer, until each player who placed Ante and Odds Wagers and the dealer have two cards.

(c) After two cards have been dealt to each player and to the area designated for the placement of the dealer's hand, the dealer shall deal the five community cards face down on the table. After all community cards have been dealt, the dealer shall, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device that counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 677a.10. Procedure for dealing the cards from an automated dealing shoe.

(a) If the cards are dealt from an automated dealing shoe, the following requirements shall be observed:

(1) After the procedures required under § 677a.5 (relating to shuffle and cut of the cards) have been completed, the cards shall be placed in the automated dealing shoe.

(2) Prior to the dealer delivering any stacks of cards dispensed from the automated dealing shoe, the dealer shall announce “no more bets.”

(b) The dealer shall then deliver the first stack of two cards dispensed by the automated dealing shoe face down to the player farthest to the dealer's left who has placed Ante and Odds Wagers in accordance with § 677a.7(d)(1) (relating to wagers). As the remaining stacks are dispensed to the dealer by the automated dealing shoe, the dealer shall, moving clockwise around the table, deliver a stack of two cards face down to each of the other players who has placed Ante and Odds Wagers. The dealer shall then deliver a stack of two cards face down to the area designated for the dealer's cards.

(c) After each stack of two cards has been dispensed and delivered in accordance with subsection (b), the dealer shall remove the remaining cards from the automated dealing shoe and, following the procedures in § 677a.9(a)(2) (relating to procedure for dealing the cards from the hand), deal from his hand the five community cards face down on the table. After all five community cards have been dealt, the dealer shall, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

(g) Notwithstanding the requirements in subsections (b) and (c), if a certificate holder is utilizing an automated dealing shoe which automatically reshuffles the cards, the five community cards may be dispensed before the two cards are dispensed to each player and to the dealer. The community cards shall then be revealed in accordance with § 677a.11(c), (e) and (f) (relating to procedure for completion of each round of play).

§ 677a.11. Procedure for completion of each round of play.

(a) After the dealing procedures required under § 677a.8, § 677a.9 or § 677a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure

for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe) have been completed, each player shall examine his cards subject to the following limitations:

(1) Each player who wagers at Heads-Up Hold 'Em shall be responsible for his own hand and no person other than the dealer and the player to whom the cards were dealt may touch the cards of that player.

(2) Each player shall keep his cards in full view of the dealer at all times.

(b) After each player has examined his cards, the dealer shall, beginning with the player farthest to the dealer's left and moving clockwise around the table, ask each player if he wishes to place a Raise Wager prior to the dealing of the Flop. The player may either check and remain in the game or place a Raise Wager up to three times the amount of the player's Ante Wager.

(c) After each player has either placed a Raise Wager or checked, the dealer shall expose the three-card Flop face up on the layout in the designated area for the community cards.

(d) After the Flop has been exposed, the dealer shall, beginning with the player farthest to the dealer's left who has not placed a Raise Wager and moving clockwise around the table, ask each player who has not placed a Raise Wager if he wishes to place a Raise Wager prior to the dealing of the Turn and River cards. The player may either check and remain in the game or place a Raise Wager in an amount up to two times the player's Ante Wager.

(e) Once all remaining players have either placed a Raise Wager or checked, the dealer shall reveal the Turn and River cards face up on the layout in the designated area for the community cards.

(f) After the Turn and River cards have been exposed, the dealer shall, beginning with the player farthest to the dealer's left who has not placed a Raise Wager and moving clockwise around the table, ask each player if he wishes to place a Raise Wager in an amount equal to the player's Ante Wager or fold. If a player folds, the dealer shall collect the player's Ante and Odds Wagers and place the player's cards in the discard rack, provided that if any player placed a Trips Plus or Pocket Bonus Wager, the dealer shall tuck the player's cards under the player's Trips Plus or Pocket Bonus Wager under the optional wagers are settled in accordance with subsection (i).

(g) Once all remaining players have either placed a Raise Wager or folded, the dealer turn his two cards face up on the layout. The dealer shall then select five cards using the dealer's two cards and the five community cards to form the highest ranking five-card Poker hand. After the dealer's cards are turned face up, the dealer shall, beginning with the player farthest to the dealer's right who has placed a Raise Wager and continuing around the table in a counterclockwise direction, complete the following applicable procedures in succession for each player:

(1) The dealer shall turn the two cards of each player who has placed a Raise Wager face up on the layout.

(2) The dealer shall examine the cards of the player and select the five cards using the player's two cards and the five community cards to form the highest ranking five-card Poker hand. The wagers of each player shall be resolved one player at a time regardless of outcome.

(h) If the dealer's hand:

(1) Does not contain a pair or better, as defined in § 677a.6 (relating to Heads-Up Hold 'Em rankings), each player's Ante Wager shall push and be returned to the player. If the player's hand:

(i) Is higher in rank than the dealer's hand, the player's Raise Wager shall be paid out at the odds in § 677a.12(a) (relating to payout odds; payout limitation) and the player's Odds Wager shall be paid out in accordance with the payout odds in § 677a.12(b).

(ii) Is equal in rank to the dealer's hand, the player's Raise and Odds Wagers shall push and be returned to the player.

(iii) Is lower in rank to the dealer's hand, the player's Raise and Odds Wagers shall lose and be collected.

(2) Contains a pair or better, as defined in § 677a.6, and if the player's hand:

(i) Is higher in rank than the dealer's hand, the player's Ante and Raise Wagers shall be paid out at the odds in § 677a.12(a) and the player's Odds Wager shall be paid out in accordance with the payout odds in § 677a.12(b).

(ii) Is equal in rank to the dealer's hand, the player's Ante, Raise and Odds Wagers shall push and be returned to the player.

(iii) Is lower in rank to the dealer's hand, the Ante Wager shall lose and be collected and if the player's hand:

(A) Was not a straight or higher, the player's Raise and Odds Wagers shall lose and be collected.

(B) Was a straight or higher, the player's Raise Wager shall lose and be collected and the player's Odds Wager shall be eligible for a Bad Beat payout as provided in § 677a.12(c).

(i) After settling the player's Ante, Raise and Odds Wagers, the dealer shall settle the player's optional Pocket Bonus and Trips Plus Wagers, if applicable, as follows:

(1) If a player placed a Pocket Bonus Wager and the player's two cards:

(i) Contain a pair or an ace and a king, queen or jack, the winning hand shall be paid out as provided in § 677a.12(d).

(ii) Do not contain a pair or an ace and a king, queen or jack, the dealer shall collect the player's losing Pocket Bonus Wager.

(2) If a player placed a Trips Plus Wager and the player's two cards and the five community cards:

(i) Contain a three-of-a-kind or better, the winning hand shall be paid out as provided in § 677a.12(e).

(ii) Does not contain a three-of-a-kind or better, the dealer shall collect the losing Trips Plus Wager.

(j) After all wagers of the player have been settled, the dealer shall remove all remaining cards from the table and place them in the discard rack in a manner that permits the reconstruction of each hand in the event of a question or dispute.

§ 677a.12. Payout odds; payout limitation.

(a) A certificate holder shall pay each winning Ante and Raise Wagers at odds of 1 to 1.

(b) A certificate holder shall pay each winning Odds Wager at the odds in the following payout table:

<i>Hand</i>	<i>Payout</i>
Royal flush	500 to 1

(c) A certificate holder shall pay a Bad Beat Bonus at the odds in the following payout table:

<i>Hand</i>	<i>Payout</i>
Royal flush	N/A
Straight flush	500 to 1
Four-of-a-kind	25 to 1
Full house	6 to 1
Flush	5 to 1
Straight	4 to 1

(d) A certificate holder shall pay each winning Pocket Bonus Wager at the odds in one of the following paytables selected by the certificate holder in its Rules Submission filed in accordance with § 601a.2 (relating to table games Rules Submissions):

<i>Hand</i>	<i>Paytable A</i>	<i>Paytable B</i>	<i>Paytable C</i>
Pair of aces	30 to 1	25 to 1	30 to 1

(f) Notwithstanding the payout odds in subsections (a)—(c), if specified in its Rules Submission form filed in accordance with § 601a.2, the certificate holder may establish an aggregate payout limit per player per round of play which may not be less than \$50,000 or the maximum amount that one patron could win per round when betting the minimum wager, whichever is greater. The aggregate payout limit established shall not include winning Pocket Bonus or Trips Plus Wager.

§ 677a.13. Irregularities.

(a) A card that is found face up in the shoe or the deck while the cards are being dealt may not be used in that round of play and shall be placed in the discard rack. If more than one card is found face up in the shoe or the deck during the dealing of the cards, all hands shall be void, all wagers shall be returned to the players and the cards shall be reshuffled. Notwithstanding the foregoing, if the cards are found face up after each player and the dealer have received their initial two cards, any Pocket Bonus Wagers shall be settled in accordance with the payout odds in § 677a.12(d) (relating to payout odds; payout limitation).

(b) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe or the deck.

(c) If any player, the dealer or the area designated for the placement of the community cards is dealt an incorrect number of cards, all hands shall be void, all wagers shall be returned to the players and the cards shall be reshuffled.

(d) If either of the cards dealt to the dealer in Heads-Up Hold 'Em is inadvertently exposed prior to each player having either folded or placed a Raise Wager as provided for under § 677a.11 (relating to procedure for completion of each round of play), all hands shall be void and all Ante, Odds and Raise Wagers shall be returned to the players and the cards shall be reshuffled. Notwithstanding the forgoing, if a player has placed a Pocket Bonus or Trips Plus Wager, the wager shall be settled in accordance with the payout odds in § 677a.12(d) and (e).

(e) If an automated card shuffling device is being used and the device jams, stops shuffling during a shuffle or fails to complete a shuffle cycle, the cards shall be reshuffled.

(f) If an automated dealing shoe is being used and the device jams, stops dealing cards or fails to deal cards during a round of play, the round of play shall be void, all wagers shall be returned to the players and the cards shall be removed from the device and reshuffled with any cards already dealt.

(g) If an automated card shuffling device or automated dealing shoe malfunctions and cannot be used, the auto-

mated card shuffling device or automated dealing shoe must be covered or have a sign indicating that the automated card shuffling device or automated dealing shoe is out of order placed on the device before any other method of shuffling or dealing may be utilized at that table.

§ 678a.1. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Fold—The withdrawal of a player from a round of play by not making a Raise Wager.

Raise Wager—The wager a player places after examining the player's seven cards.

§ 678a.2. High Card Flush table physical characteristics.

(a) High Card Flush shall be played at a table having betting positions for no more than six players on one side of the table and a place for the dealer on the opposite side of the table.

(b) The layout for a High Card Flush table shall be submitted to the Bureau of Gaming Operations and approved in accordance with § 601a.10(a) (relating to approval of table game layouts, signage and equipment) and contain, at a minimum:

- (1) The name or logo of the certificate holder.
- (2) Two separate betting areas designated for the placement of the Ante and Raise Wagers for each player.
- (3) A separate area designated for the placement of the dealer's seven cards.

(4) If the certificate holder offers the optional Flush Bonus Wager authorized under § 678a.7(d)(2) (relating to wagers), a separate area designated for the placement of the Flush Bonus Wager for each player.

(5) If the certificate holder offers the optional Straight Flush Bonus Wager authorized under § 678a.7(d)(3), a separate area designated for the placement of the Straight Flush Bonus Wager for each player.

(6) If a certificate holder offers the optional Progressive Jackpot Wager authorized under § 678a.7(d)(4), a separate area designated for the placement of the Progressive Jackpot Wager for each player.

(7) Inscriptions that advise patrons of the following:

(i) The payout odds for all permissible wagers offered by the certificate holder.

(ii) The dealer qualifies with a three card flush, nine high or pays the Ante Wager and pushes the Raise Wager.

(iii) For Raise Wagers, if a player has:

(A) A two, three or four card flush, a player may place a Raise Wager equal to the player's Ante Wager.

(B) A five card flush, a player may place a Raise Wager up to two times the amount of the player's Ante Wager.

(C) A six or seven card flush, a player may place a Raise Wager up to three times the amount of the player's Ante Wager.

(8) If the information under paragraph (7) is not inscribed on the layout, a sign which sets forth the required information shall be posted at each High Card Flush table.

(c) If a certificate holder offers the Progressive Jackpot Wager in accordance with § 678a.7(d)(4), the High Card Flush table must have a progressive table game system, in accordance with § 605a.7 (relating to progressive table games), for the placement of the Progressive Jackpot Wagers. If the certificate holder is offering the Progressive Jackpot Wager on multiple linked tables or games in the same licensed facility, the progressive table game system must comply with the requirements in § 605a.8 (relating to linked progressive table games). The progressive table game system must include:

(1) A wagering device at each betting position that acknowledges or accepts the placement of the Progressive Jackpot Wager.

(2) A device that controls or monitors the placement of Progressive Jackpot Wagers at the gaming table, including a mechanism, such as a lock-out button, that prevents the recognition of any Progressive Jackpot Wager that a player attempts to place after the dealer has announced "no more bets."

(d) Each High Card Flush table must have a drop box and a tip box attached on the same side of the table as, but on opposite sides of, the dealer, as approved by the Bureau of Casino Compliance in accordance with § 601a.10(g). The Bureau of Casino Compliance may approve an alternative location for the tip box when a card shuffling device or other table game equipment prevents the placement of the drop box and tip box on the same side of the gaming table as, but on opposite sides of, the dealer.

(e) Each High Card Flush table must have a discard rack securely attached to the top of the dealer's side of the table.

§ 678a.3. Cards; number of decks.

(a) Except as provided in subsection (b), High Card Flush shall be played with one deck of cards that are identical in appearance and two cover cards.

(b) If an automated card shuffling device is utilized, High Card Flush may be played with two decks of cards in accordance with the following requirements:

(1) The cards in each deck must be of the same design. The backs of the cards in one deck must be of a different color than the cards included in the other deck.

(2) One deck of cards shall be shuffled and stored in the automated card shuffling device while the other deck is being used to play the game.

(3) Both decks of cards shall be continuously alternated in and out of play, with each deck being used for every other round of play.

(4) The cards from only one deck shall be placed in the discard rack at any given time.

(c) The decks of cards used in High Card Flush shall be changed at least every:

(1) Four hours if the cards are dealt by hand.

(2) Eight hours if the cards are dealt from a manual or automated dealing shoe.

§ 678a.4. Opening of the table for gaming.

(a) After receiving one or more decks of cards at the table, the dealer shall inspect the cards for any defects. The floorperson assigned to the table shall verify the inspection.

(b) After the cards are inspected, the cards shall be spread out face up on the table for visual inspection by the first player to arrive at the table. The cards shall be spread out in horizontal fan shaped columns by deck according to suit and in sequence.

(c) After the first player arriving at the table has been afforded an opportunity to visually inspect the cards, the cards shall be turned face down on the table, mixed thoroughly by a washing of the cards and stacked. Once the cards have been stacked, the cards shall be shuffled in accordance with § 678a.5 (relating to shuffle and cut of the cards).

(d) If an automated card shuffling device is utilized and two decks of cards are received at the table, each deck of cards shall be spread for inspection, mixed, stacked and shuffled in accordance with subsections (a)—(c).

(e) If the decks of cards received at the table are preinspected and preshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), subsections (a)—(d) do not apply.

§ 678a.5. Shuffle and cut of the cards.

(a) Immediately prior to commencement of play, unless the cards were preshuffled in accordance with § 603a.16(u) or (v) (relating to cards; receipt, storage, inspection and removal from use), after each round of play has been completed or when directed by a floorperson or above, the dealer shall shuffle the cards, either manually or by use of an automated card shuffling device, so that the cards are randomly intermixed. Upon completion of the shuffle, the dealer or automated shuffling device shall place the deck of cards in a single stack. The certificate holder may use an automated card shuffling device which, upon completion of the shuffling of the cards, inserts the stack of cards directly into a dealing shoe.

(b) If an automated card shuffling device that counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present is being used, and the device reveals that an incorrect number of cards are present, the deck shall be removed from the table.

(c) After the cards have been shuffled and stacked, the dealer shall:

(1) If the cards were shuffled using an automated card shuffling device, deal the cards in accordance with § 678a.8, § 678a.9 or § 678a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe).

(2) If the cards were shuffled manually or were reshuffled, cut the cards in accordance with subsection (d).

(d) If a cut of the cards is required, the dealer shall place the cover card in the stack at least ten cards in from the top of the stack. Once the cover card has been inserted, the dealer shall take all cards above the cover card and the cover card and place them on the bottom of the stack. The stack of cards shall then be inserted into the dealing shoe for commencement of play.

(e) After the cards have been cut and before any cards have been dealt, a floorperson or above may require the cards to be recut if the floorperson determines that the cut was performed improperly or in any way that might affect the integrity or fairness of the game.

(f) If there is no gaming activity at a High Card Flush table which is open for gaming, the cards shall be spread out on the table face down unless a player requests that the cards be spread face up on the table. After the first player arriving at the table is afforded an opportunity to visually inspect the cards, the procedures in § 678a.4(c) (relating to opening of the table for gaming) and this section shall be completed.

(g) A certificate holder may utilize a dealing shoe or other device that automatically reshuffles and counts the cards provided that the device is submitted to the Bureau of Gaming Laboratory Operations and approved in accordance with § 461a.4 (relating to submission for testing and approval) prior to its use in the licensed facility. If a certificate holder is utilizing the approved device, subsections (d)—(f) do not apply.

§ 678a.6. High Card Flush rankings.

(a) The rank of the cards used in High Card Flush, in order of highest to lowest rank, shall be: ace, king, queen, jack, 10, 9, 8, 7, 6, 5, 4, 3 and 2. All suits shall be equal in rank.

(b) For purposes of the Ante, Raise and Flush Bonus Wagers, the permissible hands at the game of High Card Flush, in order of highest to lowest rank, shall be:

(1) A seven-card flush, which is a hand consisting of seven cards of the same suit in any order.

(2) A six-card flush, which is a hand consisting of six cards of the same suit in any order.

(3) A five-card flush, which is a hand consisting of five cards of the same suit in any order.

(4) A four-card flush, which is a hand consisting of four cards of the same suit in any order.

(5) A three-card flush, which is a hand consisting of three cards of the same suit in any order.

(6) A two-card flush, which is a hand consisting of two cards of the same suit in any order.

(c) When comparing two hands that are of identical rank under subsection (b), or that contain none of the hands in subsection (b), the hand that contains the highest ranking card under subsection (a), which is not contained in the other hand, shall be considered the higher ranking hand. If the hands are of identical rank after the application of this subsection, the hands shall be considered a tie.

(d) For purposes of the optional Straight Flush Bonus and the Progressive Jackpot Wagers, the permissible hands shall be:

(1) A seven-card straight flush, which is a hand consisting of seven cards of the same suit in consecutive rank.

(2) A six-card straight flush, which is a hand consisting of six cards of the same suit in consecutive rank.

(3) A five-card straight flush, which is a hand consisting of five cards of the same suit in consecutive rank.

(4) A four-card straight flush, which is a hand consisting of four cards of the same suit in consecutive rank.

(5) A three-card straight flush, if included in the payout table selected by the certificate holder, which is a hand consisting of three cards of the same suit in consecutive rank.

§ 678a.7. Wagers.

(a) Wagers at High Card Flush shall be made by placing value chips, plaques or other Board-approved table game wagering instruments on the appropriate areas of the table layout. Verbal wagers accompanied by cash may not be accepted.

(b) Only players who are seated at the High Card Flush table may place a wager at the game. Once a player has placed a wager and received cards, that player shall remain seated until the completion of the round of play. If a player leaves the table during a round of play, any wagers made by the player may be considered abandoned and may be treated as losing wagers.

(c) All Ante, Flush Bonus, Straight Flush Bonus and Progressive Jackpot Wagers shall be placed prior to the dealer announcing “no more bets” in accordance with the dealing procedure in § 678a.8, § 678a.9 or § 678a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe). Except as provided in § 678a.11(b), (relating to procedure for completion of each round of play), a wager may not be made, increased or withdrawn after the dealer has announced “no more bets.”

(d) The following wagers may be placed in the game of High Card Flush:

(1) A player shall compete against the dealer’s seven-card hand by placing an Ante Wager then a Raise Wager in accordance with § 678a.11(b).

(2) If specified in its Rules Submission under § 601a.2 (relating to table games Rules Submissions), a certificate holder may offer to each player at a High Card Flush table the option to make an additional Flush Bonus Wager that the player’s seven cards will form a four-card flush or higher as described in § 678a.6(b) (relating to

High Card Flush rankings). A Flush Bonus Wager does not have a bearing on any other wager made by the player.

(3) If specified in its Rules Submission under § 601a.2, a certificate holder may offer to each player at a High Card Flush table the option to make an additional Straight Flush Bonus Wager that the player's seven cards will form a three-card straight flush or higher as described in § 678a.6(d). A Straight Flush Bonus Wager does not have a bearing on any other wager made by the player.

(4) If specified in its Rules Submission under § 601a.2, certificate holder may offer to each player at a High Card Flush table the option to make an additional Progressive Jackpot Wager that the player's seven cards will form a three-card straight flush or a four-card straight flush or higher, depending on the payout table selected by the certificate holder. After placing the Ante Wager, a player may make the additional Progressive Jackpot Wager by placing a value chip onto the progressive wagering device designated for that player. Each player shall be responsible for verifying that the player's respective Progressive Payout Wager has been accepted.

(e) A player may not wager on more than one player position at a High Card Flush table.

§ 678a.8. Procedure for dealing the cards from a manual dealing shoe.

(a) If a manual dealing shoe is used, the dealing shoe must be located on the table in a location as approved by the Bureau of Casino Compliance in accordance with § 601a.10(g) (relating to approval of table game layouts, signage and equipment). Once the procedures required under § 678a.5 (relating to shuffle and cut of the cards) have been completed, the stacked deck of cards shall be placed in the dealing shoe either by the dealer or by the automated card shuffling device.

(b) Prior to dealing the cards and after all Ante Wagers and optional wagers have been placed, the dealer shall announce "no more bets" and, if the Progressive Jackpot Wager is being offered, use the progressive table game system to prevent the placement of additional Progressive Jackpot Wagers. If Progressive Jackpot Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Jackpot Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(c) Each card shall be removed from the dealing shoe with the hand of the dealer that is the closest to the dealing shoe and placed on the appropriate area of the layout with the opposite hand.

(d) The dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, deal one card at a time, face down, to each player who placed an Ante Wager in accordance with § 678a.7(d)(1) (relating to wagers) and to the dealer, under a cover card, until each player who placed an Ante Wager and the dealer have seven cards.

(e) After seven cards have been dealt to each player and to the area designated for the placement of the dealer's hand, the dealer shall remove the stub from the manual dealing shoe and, except as provided in subsection (f), place the stub in the discard rack without exposing the cards.

(f) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(g) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(h) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 678a.9. Procedure for dealing the cards from the hand.

(a) If the cards are dealt from the dealer's hand, the following requirements shall be observed:

(1) An automated shuffling device shall be used to shuffle the cards.

(2) After the procedures required under § 678a.5 (relating to shuffle and cut of the cards) have been completed, the dealer shall place the stacked deck of cards in either hand. After the dealer has chosen the hand in which he will hold the cards, the dealer shall continue to use that hand whenever holding the cards during that round of play. The cards held by the dealer shall be kept over the table inventory container and in front of the dealer at all times.

(b) The dealer shall announce "no more bets" and, if the Progressive Jackpot Wager is being offered, use the progressive table game system to prevent the placement of any additional Progressive Jackpot Wagers. If any Progressive Jackpot Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Jackpot Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container. The dealer shall then deal each card by holding the deck of cards in the chosen hand and use the other hand to remove the top card of the deck and place it face down on the appropriate area of the layout. The dealer shall, starting with the player farthest to the dealer's left and continuing around the table in a clockwise manner, deal one card at a time to each player who placed an Ante Wager in accordance with § 678a.7(d)(1) (relating to wagers) and to the dealer, under a cover card, until each player who placed an Ante Wager and the dealer have seven cards.

(c) After seven cards have been dealt to each player and to the area designated for the placement of the dealer's hand, the dealer shall, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer

shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 678a.10. Procedure for dealing the cards from an automated dealing shoe.

(a) If the cards are dealt from an automated dealing shoe, the following requirements shall be observed:

(1) After the procedures required under § 678a.5 (relating to shuffle and cut of the cards) have been completed, the cards shall be placed in the automated dealing shoe.

(2) Prior to the shoe dispensing any stacks of cards, the dealer shall announce “no more bets” and, if the Progressive Jackpot Wager is being offered, use the progressive table game system to prevent the placement of additional Progressive Jackpot Wagers. If Progressive Jackpot Wagers have been made, the dealer shall collect the wagers and, on the layout in front of the table inventory container, verify that the number of value chips wagered equals the number of Progressive Jackpot Wagers accepted by the progressive table game system. The dealer shall then place the value chips into the table inventory container.

(b) The dealer shall deliver the first stack of seven cards dispensed by the automated dealing shoe face down to the player farthest to the dealer’s left who has placed an Ante Wager in accordance with § 678a.7(d)(1) (relating to wagers). As the remaining stacks are dispensed to the dealer by the automated dealing shoe, the dealer shall, moving clockwise around the table, deliver a stack of seven cards face down to each of the other players who has placed an Ante Wager. The dealer shall then deliver a stack of seven cards face down under a cover card to the area designated for the dealer’s cards.

(c) After each stack of seven cards has been dispensed and delivered in accordance with subsection (b), the dealer shall remove the remaining cards from the automated dealing shoe and, except as provided in subsection (d), place the stub in the discard rack without exposing the cards.

(d) If an automated card shuffling device, which counts the number of cards in the deck after the completion of each shuffle and indicates whether 52 cards are present, is not being used, the dealer shall count the stub at least once every 5 rounds of play to determine if the correct number of cards are still present in the deck. The dealer shall determine the number of cards in the stub by counting the cards face down on the layout.

(e) If the count of the stub indicates that 52 cards are in the deck, the dealer shall place the stub in the discard rack without exposing the cards.

(f) If the count of the stub indicates that the number of cards in the deck is incorrect, the dealer shall determine if the cards were misdealt. If the cards were misdealt but 52 cards remain in the deck, all hands shall be void and

all wagers shall be returned to the players. If the cards were not misdealt, all hands shall be void, all wagers shall be returned to the players and the entire deck of cards shall be removed from the table.

§ 678a.11. Procedure for completion of each round of play.

(a) After the dealing procedures required under § 678a.8, § 678a.9 or § 678a.10 (relating to procedure for dealing the cards from a manual dealing shoe; procedure for dealing the cards from the hand; and procedure for dealing the cards from an automated dealing shoe) have been completed, each player shall examine his cards subject to the following limitations:

(1) Each player who wagers at High Card Flush shall be responsible for his own hand and no person other than the dealer and the player to whom the cards were dealt may touch the cards of that player.

(2) Each player shall keep his cards in full view of the dealer at all times.

(b) After each player has examined his cards, beginning with the player farthest to the dealer’s left and moving clockwise around the table, the dealer shall ask each player if he wishes to fold or place a Raise Wager. If a player has:

(1) A two-card, three-card or four-card flush, the player may place a Raise Wager equal to the player’s Ante Wager.

(2) A five-card flush, a player may place a Raise Wager up to two times the amount of the player’s Ante Wager.

(3) A six-card or seven-card flush, a player may place a Raise Wager up to three times the amount of the player’s Ante Wager.

(c) If a player:

(1) Places a Raise Wager, the wager shall be placed in the area designated for the Raise Wager.

(2) Folds, the player’s Ante Wager shall be collected by the dealer and placed in the table inventory container. If the player:

(i) Has also placed a Flush Bonus, Straight Flush Bonus or Progressive Jackpot Wager, the dealer shall place the cards of the player face down underneath the optional wagers pending their resolution at the conclusion of the round of play.

(ii) Has not placed a Flush Bonus, Straight Flush Bonus or Progressive Jackpot Wager, the dealer shall immediately collect the player’s cards and place them in the discard rack.

(d) After each player has either placed a Raise Wager or folded, the dealer shall turn his seven cards face up on the layout. The dealer shall then form the highest ranking flush. If the dealer’s hand:

(1) Does not contain at least a three-card flush, nine high, beginning with the player farthest to the dealer’s right who has placed a Raise Wager and continuing around the table in a counterclockwise direction, the dealer shall pay each player’s winning Ante Wager in accordance with § 678a.12(a) (relating to payout odds) and return the player’s Raise Wager. If a player:

(i) Also placed a Flush Bonus, Straight Flush Bonus or Progressive Jackpot Wager, beginning with the player farthest to the dealer’s right and continuing around the table in a counterclockwise direction, the dealer shall turn the cards of each player face up on the layout and

form the highest ranking flush. The dealer shall then settle the player's Flush Bonus, Straight Flush Bonus or Progressive Jackpot Wager in accordance with subsection (e).

(ii) Did not place a Flush Bonus, Straight Flush Bonus or Progressive Jackpot Wager, the dealer shall collect the player's cards and place them in the discard rack.

(2) Contains at least a three-card flush, nine high, beginning with the player farthest to the dealer's right and continuing around the table in a counterclockwise direction, the dealer shall then complete the following applicable procedures in succession for each player:

(i) The dealer shall turn the cards of each player face up on the layout and form the highest ranking flush.

(ii) The dealer shall then compare the rank of the dealer's hand to the rank of the player's hand. If the player's hand:

(A) Is higher in rank than the dealer's hand, the player's Ante and Raise Wagers shall be paid out at the odds in § 678a.12(a).

(B) Is equal in rank to the dealer's hand, the player's Ante and Raise Wagers shall push and be returned to the player.

(C) Is lower in rank to the dealer's hand, the player's Ante and Raise Wagers shall lose and be collected.

(e) After settling the player's Ante and Raise Wagers, the dealer shall settle the player's Flush Bonus, Straight Flush Bonus and Progressive Jackpot Wagers as follows:

(1) For the Flush Bonus Wager, if a player's hand:

(i) Contains a three-card flush or less, the dealer shall collect the player's losing Flush Bonus Wager.

(ii) Contains a four-card flush or better as provided in § 678a.6(b) (relating to High Card Flush rankings), the dealer shall pay the winning Flush Bonus Wager in accordance with § 678a.12(b).

(2) For the Straight Flush Bonus Wager, after settling the player's Ante, Raise and Flush Bonus Wagers, if

applicable, the dealer shall configure the player's cards so as to form the highest ranking straight flush as provided in § 678a.6(d). If a player's hand:

(i) Contains a two-card straight flush or less, the dealer shall collect the player's losing Straight Flush Bonus Wager.

(ii) Contains a three-card straight flush or higher, as provided in § 678a.6(d), the dealer shall pay the winning Straight Flush Bonus Wager in accordance with § 678a.12(c).

(3) For the Progressive Jackpot Wager, after configuring the player's cards so as to form the highest ranking straight flush, if the player has a three-card straight flush or a four-card straight flush, depending on the payable selected by the certificate holder, or higher and has won a progressive payout, the dealer shall:

(i) Verify that the hand is a winning hand.

(ii) Verify that the appropriate light on the progressive table game system has been illuminated.

(iii) Have a floorperson or above validate the progressive payout in accordance with the certificate holder's approved internal control procedures.

(iv) Pay the winning Progressive Jackpot Wager in accordance with the payout odds in § 678a.12(d). If a player has won a progressive payout that is a percentage of the jackpot amount on the progressive meter, the progressive payout may not be paid from the table inventory container. If a player has won a progressive payout that is not being paid from the table inventory container, the cards of that player must remain on the table until the necessary documentation has been completed.

(f) After all wagers of the player have been settled, the dealer shall remove all remaining cards from the table and place them in the discard rack in a manner that permits the reconstruction of each hand in the event of a question or dispute.

§ 678a.12. Payout odds.

(a) A certificate holder shall pay each winning Ante Wager and Raise Wager at odds of 1 to 1.

(b) A certificate holder shall pay each winning Flush Bonus Wager at the odds in one of the following paytables selected by the certificate holder in its Rules Submission filed in accordance with § 601a.2 (relating to table games Rules Submissions):

<i>Hand</i>	<i>Paytable A</i>	<i>Paytable B</i>	<i>Paytable C</i>	<i>Paytable D</i>
Seven-card flush	300 to 1	100 to 1	200 to 1	300 to 1
Six-card flush	100 to 1	20 to 1	20 to 1	75 to 1
Five-card flush	10 to 1	10 to 1	10 to 1	5 to 1
Four-card flush	1 to 1	2 to 1	2 to 1	2 to 1

<i>Hand</i>	<i>Paytable E</i>	<i>Paytable F</i>	<i>Paytable G</i>	<i>Paytable H</i>
Seven-card flush	400 to 1	400 to 1	500 to 1	250 to 1
Six-card flush	60 to 1	100 to 1	100 to 1	100 to 1
Five-card flush	12 to 1	10 to 1	10 to 1	10 to 1
Four-card flush	1 to 1	1 to 1	1 to 1	1 to 1

(c) A certificate holder shall pay each winning Straight Flush Bonus Wager at the odds in one of the following paytables selected by the certificate holder in its Rules Submission filed in accordance with § 601a.2:

<i>Hand</i>	<i>Paytable A</i>	<i>Paytable B</i>	<i>Paytable C</i>	<i>Paytable D</i>
Seven-card straight flush	500 to 1	1,000 to 1	500 to 1	1,000 to 1
Six-card straight flush	200 to 1	500 to 1	200 to 1	500 to 1
Five-card straight flush	100 to 1	100 to 1	100 to 1	100 to 1
Four-card straight flush	75 to 1	75 to 1	60 to 1	60 to 1
Three-card straight flush	7 to 1	7 to 1	8 to 1	8 to 1

(d) If a certificate holder offers the Progressive Jackpot Wager:

(1) A winning Progressive Jackpot Wager shall be paid at the following odds:

<i>Hand</i>	<i>Paytable A</i>	<i>Paytable B</i>
Seven-card straight flush	100% of meter	100% of meter
Six-card straight flush	10% of meter	10% of meter
Five-card straight flush	250 for 1	900 for 1
Four-card straight flush	40 for 1	50 for 1
Three-card straight flush	3 for 1	N/A

(2) A player shall receive the payout for only the highest straight flush hand formed.

(3) The rate of progression for the meter used for the progressive payout in paragraph (1) must be in the certificate holder's Rules Submission filed in accordance with § 601a.2. The initial and reset amount must also be in the certificate holder's Rules Submission and be at least \$30,000.

(4) Winning Progressive Jackpot Wagers shall be paid in accordance with the amount on the meter when it is the player's turn to be paid in accordance with § 678a.11(e)(3) (relating to procedure for completion of each round of play).

§ 678a.13. Irregularities.

(a) A card that is found face up in the shoe or the deck while the cards are being dealt may not be used in that round of play and shall be placed in the discard rack. If more than one card is found face up in the shoe or the deck during the dealing of the cards, all hands shall be void, all wagers shall be returned to the players and the cards shall be reshuffled.

(b) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe or the deck.

(c) If any player or the dealer is dealt an incorrect number of cards, all hands shall be void, all wagers shall be returned to the players and the cards shall be reshuffled.

(d) If any of the cards dealt to the dealer in High Card Flush is inadvertently exposed prior to each player having either folded or placed a Raise Wager as provided under § 678a.11(b) (relating to procedure for completion of each round of play), all hands shall be void, all Ante and Raise Wagers shall be returned to the players and the cards shall be reshuffled. Notwithstanding the forgoing, any Flush Bonus, Straight Flush Bonus and Progressive Jackpot Wagers shall be settled in accordance with § 678a.11(e).

(e) If an automated card shuffling device is being used and the device jams, stops shuffling during a shuffle or fails to complete a shuffle cycle, the cards shall be reshuffled.

(f) If an automated dealing shoe is being used and the device jams, stops dealing cards or fails to deal cards during a round of play, the round of play shall be void, all wagers shall be returned to the players and the cards shall be removed from the device and reshuffled with any cards already dealt.

(g) If an automated card shuffling device or automated dealing shoe malfunctions and cannot be used, the automated card shuffling device or automated dealing shoe must be covered or have a sign indicating that the automated card shuffling device or automated dealing shoe is out of order placed on the device before any other method of shuffling or dealing may be utilized at that table.

Maximum Lawful Rate of Interest for Residential Mortgages for Month of September 2015

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P. L. 13, No. 6) (41 P. S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of September, 2015, is 5 1/4%.

The interest rate limitations under the State's usury statute were preempted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub. L. 96-221). Further preemption was instituted with the signing of Pub. L. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which such individual owns and which such

individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board and/or the United States Treasury. The latest yield rate on long-term government securities is 2.72 to which was added 2.50 percentage points for a total of 5.22 that by law is rounded off to the nearest quarter at 5 1/4%.

DEPARTMENT OF ENVIRONMENTAL PROTECTION**Applications, Actions and Special Notices****Applications****THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT****APPLICATIONS FOR NATIONAL POLLUTION DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS**

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P. S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30 days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

STATE CONSERVATION COMMISSION
PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS
FOR NPDES PERMITS FOR CAFOs

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling (717) 787-8821.

Persons wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30 days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Persons with a disability who require an auxiliary aid, service, including TDD users or other accommodations to seek additional information should contact the SCC through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC WATER SUPPLY (PWS)
PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17), the following parties have applied for PWS permits to construct or substantially modify public water systems.

Persons wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30 days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, the Department will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Persons with a disability that require an auxiliary aid, service or other accommodations to participate during the 30-day public comment period should contact the office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demonstrates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that

the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following Notices of Intent to Remediate:

Northcentral Region: Environmental Cleanup & Brownfields Program Manager, 208 West Third Street, Williamsport, PA 17701

Permit Application No. 400593. Covanta Delaware Valley, LP, Delaware Valley Resource Recovery Facility, 10 Highland Avenue, Chester, PA 19013. This minor permit modification application is for the ferrous load-out operation at the facility's ash house. This modification will simplify Covanta's shipment of recovered ferrous metal to the planned regional metals recycling facility. Delaware Valley Resource Recovery Facility is a municipal waste facility located in the City of Chester, **Delaware County**. The application was received by the Southeast Regional Office on July 20, 2015.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin*

or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P. S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVALS

Plan Approval Applications Received under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B that may have special public interest. These applications are in review and no decision on disposition has been reached.

09-0233: Bamara, LLC (375 Park Avenue, Suite 2607, New York, NY 10152) has submitted an application to the Pennsylvania Department of Environmental Protection for Plan Approval to construct two methanol plants to produce a total of 8,600 metric tons per day of refined methanol in Falls Township, **Bucks County**.

The plants are identical designs. They use Steam Methane Reformers to produce synthesis gas from the natural gas feed. The synthesis gas from this reaction is then converted to methanol in another catalyzed reaction. The resulting crude methanol is distilled to produce the final product methanol. The project consists of four (4) natural gas-fired boilers, two (2) reformers, two (2) synthesis/distillation units, two (2) cooling towers, various (at least 8) methanol tanks, two (2) wastewater treatment units, process fugitive emissions (two open flares), and one (1) loading rack. Additionally, two (2) 1,100 HPs diesel-fired emergency generators, two (2) 373 HPs diesel-fired emergency fire water pumps, four (4) diesel tanks, and two (2) aqueous ammonia storage tanks are proposed to be constructed and operated.

This application is subject to the Prevention of Significant Deterioration (PSD) of Air Quality regulations of 40 CFR 52.21, the Nonattainment New Source Review (NNSR) regulations of 25 Pa. Code §§ 127.201—127.218, and the Best Available Technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12 and several Federal Regulations. The application is under Administrative Completeness review.

Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.

06-05069X: East Penn Manufacturing Co., Inc. (P. O. Box 147, Lyon Station, PA 19536) for modifying A-2 Facility production lines. The sources are located at their Lyon Station Plant in Richmond Township, **Berks County**. The potential increases in facility emissions as a result of the changes proposed are 1.3 tpy of NO_x, 2.2 tpy of CO, 5.4 tpy of PM, 0.2 tpy of VOC and 0.5 tpy of Pb. The facility is a Title V facility. Review by DEP of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12, and 40 CFR 60 Subpart KK. Based on these findings, the Department proposes to issue a plan approval for the proposed construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an Operating Permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

08-00010J: Global Tungsten & Powders Corp. (1 Hawes Street, Towanda, PA 18848) has submitted an application to the Pennsylvania Department of Environmental Protection for plan approval to construct a Wysmont Company Model LE-24 Turbo-Dryer electric Ammonium Meta-Tungstate processing rotary oven, designated by the company as AMT Oven #2, which is rated at a maximum output of 800 lbs/hr, at their facility in North Towanda, **Bradford County**. This application is subject to the Best Available Technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12. The proposed project

will be controlled by a wet scrubber, and will potentially emit 0.42 ton/year of ammonia. No combustion emissions are associated with this source as it will be powered by electricity. The Department has determined that the proposed levels of the air contaminants emissions satisfy the Department's BAT requirements.

Based on the findings presented above, the Department intends to issue a plan approval for the proposed project. The following is a summary of the conditions that the Department proposes to place in the plan approval to ensure compliance with all applicable air quality regulatory requirements: Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the ammonia emissions in the exhaust of the Bionomic Industries Counter Current Packed Tower, Model 24, Series 5000 scrubber associated with AMT Oven #2 shall not exceed 0.10 lb/hr and 0.42 ton in any 12 consecutive month period. The Bionomic Industries Counter Current Packed Tower, Model 24, Series 5000 Scrubber shall have a control efficiency for ammonia of at least 99.5%. The Bionomic Industries Counter Current Packed Tower, Model 24, Series 5000 scrubber associated with AMT Oven #2 shall be equipped with instrumentation which continuously monitors the following parameters:

- the temperature at the inlet to the second stage of the scrubber,
- the pressure drop across the packed bed of the scrubber,
- the water flow rates through the first and second stage of the scrubber, and
- the blowdown rate in the first stage of the scrubber. These parameters shall be recorded by the permittee at least once per day.

The Bionomic Industries Counter Current Packed Tower, Model 24, Series 5000 scrubber associated with AMT Oven #2 shall be operated in such a manner that the following parameters remain within the given ranges:

- the temperature at the inlet to the second stage of the scrubber: 70° F or less,
- the water flow rates through the first and second stage of the scrubber: 40 GPMs or greater and 3 GPMs or greater, respectively.
- the blowdown rate in the first stage of the scrubber: 1 GPM or greater.

The Department reserves the right to establish a pressure drop range, based on actual pressure drop data, for the packed bed of the scrubber upon issuance of an operating permit. The permittee shall keep records of supporting calculations used to verify compliance with the ammonia emission limitations. These records shall be retained for a minimum of five years and shall be presented to the Department upon request. AMT Oven #2 and the Bionomic Industries Counter Current Packed Tower, Model 24, Series 5000 scrubber shall be operated in accordance with the manufacturer's specifications and good air pollution control practices. The permittee shall utilize an internal dust collector exhausting through a HEPA filter indoors to control fugitive dust emissions in the event they are observed during the loading, unloading, and handling operations associated with AMT Oven #2. Pursuant to the best available technology requirements of 25 Pa. Code §§ 127.1 and 127.12, the scrubbing solution used in the Bionomic Industries Counter Current Packed Tower, Model 24, Series 5000 scrubber shall only be water.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-0550.

24-167C: E Carbon America (806 Theresia Street, Saint Marys, PA 15857), for the construction of a new electric pusher furnace and thermal oxidizer in Saint Marys City, **Elk County**. This is a Title V facility. The public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. This plan approval will, in accordance with 25 Pa. Code § 127.450 or § 127.505, be incorporated into the Title V operating permit at a later date.

The proposed construction of a new electric pusher furnace and thermal oxidizer will result in emissions of 0.088 tpy for NO_x, of 4.33 tpy for VOC, 0.07 tpy for CO, 5.72 tpy for SO_x, 0.0017 tpy for PM, and 102.5 tpy for CO_{2(e)}. This furnace's emissions will be grouped with the furnaces under Source 101 and those limits will remain the same. This Plan Approval will contain emission restriction, recordkeeping, work practice standard and additional requirement conditions, which will satisfy the requirements of 25 Pa. Code § 127.12b (pertaining to plan approval terms and conditions) and will demonstrate BAT for the source including, but are not limited to, the following:

- Subject to 25 Pa. Code §§ 123.13 and 123.21
- VOC emissions from this source and Source 101 shall not exceed 62.8 lbs/ton of product averaged over a 12-month rolling period and 70.4 lbs/ton of product at any time.
- The VOC emissions from this source and Source 101 shall not exceed 53.5 tpy based on a consecutive 12-month period.
- Shall stack test for VOC within 180 days after startup of source and control device.
- The company shall maintain a log of all preventative maintenance inspections of the source and control device(s). The inspection logs, at a minimum, shall contain the dates of the inspections, the name of the person performing the inspection, any mechanical repairs and/or adjustments, any potential problems or defects that were encountered, and the steps taken to correct them.
- The company shall maintain a log of the following, at a minimum, from the operational inspections:
 - Thermal oxidizer operating temperature
 - The permittee shall maintain records of the quantity of parts (in pounds) charged into the furnace and the percent by weight of potential VOC chemicals contained in the parts. This information will be used to calculate the VOC emissions from this source on a quarterly basis. The VOC emissions shall be calculated based on the following equation:
 - Lbs of VOC consumed/Tons of product produced = Lbs VOC per ton product
 - The permittee shall perform a daily operational inspection of the source and control device.

- A thermocouple or equivalent shall be permanently installed and maintained at a conveniently readable location to indicate the thermal oxidizer operating temperature.

- All gauges employed by the permittee to monitor the required control device operating parameters shall have a scale such that the expected normal reading shall be no less than twenty percent (20%) of full scale and be accurate within plus or minus two percent (+/- 2%) of full scale reading.

- The permittee shall adhere to the approved indicator range for the control device so that operation within the range shall provide reasonable assurance of compliance. The range shall be defined by the manufacturer or in a range developed during compliant stack testing. A departure from the specified indicator range over a specified averaging period shall be defined as an excursion. The approved indicator range for the following shall be determined during the initial performance test or any subsequently approved performance tests unless otherwise stated:

- Based on operational data from the furnace, the thermal oxidizer temperature shall be maintained at or above 1,050 F (or as established during compliant testing) whenever the furnace is greater than 650 F

- The permittee, with prior Departmental approval, may conduct additional performance tests to determine a new indicator range. Within 24-hours of discovery of a reading outside of the prescribed range the permittee shall perform a maintenance inspection on the control device and take corrective action. Records of all maintenance inspections on the control device, and corrective actions taken, shall be maintained on site for a minimum period of five years. In the event of more than three documented excursion outside the prescribed range in any calendar quarter the permittee shall submit a corrective measure plan to the Department. Corrective measures may include an increase of the frequency of required preventative maintenance inspections of the control device, a modification of the prescribed range, or other appropriate action as approved by the Department. Upon receipt of a corrective measure plan the Department shall determine the appropriate corrective measure on a case-by case basis.

- The control device shall be operated at all times that the source is in operation.

- The permittee shall maintain and operate the source and control device(s) in accordance with the manufacturer's specifications and in accordance with good air pollution control practices.

In accordance with 25 Pa. Code § 127.44(f)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP (814) 332-6340.

In accordance with 25 Pa. Code § 127.44(f)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address and telephone

number of the person submitting the comments, identification of the proposed plan approval (24-167C) and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Regional Air Quality Program Manager, 230 Chestnut St., Meadville, PA 16335; Phone (814) 332-6940.

In accordance with 25 Pa. Code § 127.45, a person may oppose the proposed plan approval by filing a written protest with the Department's Northwest Region Air Quality Program Manager.

If a plan approval has not undergone the above public notice process, the change to an operating permit must be treated as a significant modification. In these situations the Department should follow the procedures described in §§ 127.421 to 127.431 for state only operating permits or §§ 127.521 to 127.524 for Title V operating permits.

Air Management Services (AMS) proposed to modify the approved Reasonably Available Control Technology (RACT) plan approvals for the following facilities in the City of Philadelphia, **Philadelphia County**:

PES Refinery, formerly Sunoco Refinery (3144 Passyunk Ave., Philadelphia, PA 19145) to update a Responsible Official. Change the 433 H-1 Heater capacity from 243 MMBTUs/hr to 260 MMBTUs/hr. Add 864 Heater PH1, which was mistakenly deleted in the last RACT plan approval. Delete some shut down heaters. Add a requirement to vent the 1,232 FCCU to the CO Boiler when operating as a partial-burn unit and a requirement to follow good combustion practices. Delete a quarterly leak detection and repair requirement, as fugitives are covered by 25 Pa. Code § 129.58. Made a control requirement for Girard Point Marine Loading only applicable to materials with a Reid Vapor Pressure of 4 psi or greater. Remove the Marine Vapor Collection and Control System requirement for Point Breeze Marine Loading and limit the process to loading materials with a RVP of less than 4 psi and an annual VOC emission limit of 25.99 tons. Reduced a 433 Heater H-1 NO_x emission limit from 0.060 lb/MMBTU to 0.035 lb/MMBTU. Reduced an 859 Heater 1H-1 NO_x emission limit from 0.035 lb/MMBTU to 0.020 lb/MMBTU. These revisions will reduce potential NO_x and VOC emissions from the facility;

Exelon Generation Company—Richmond Station 3901 North Delaware Avenue, Philadelphia, PA 19137) to correct an annual capacity factor limit from 18% to 15% for two combustions turbines. To remove a requirement to limit the sulfur content of No. 2 oil to 15 ppms beginning July 15, 2015 and an associated recordkeeping requirement. The facility will comply with the provisions of Air Management Code Section 3-207, which has a similar limit but allows use of existing fuel oil for a period of time. These revisions will reduce potential NO_x emissions from the facility;

Veolia Energy—Schuylkill Station, formerly Trigen—Schuylkill (2600 Christian Street, Philadelphia, PA 19146) to change the wording on the NO_x emission limits for Boiler #23 and Boiler #26 to clarify that the boilers must comply with each limit and the averaging period for some limits. These revisions will not change potential emissions for the facility;

Kinder Morgan, previously GATX (3300 North Delaware Ave., Philadelphia, PA 19134) to delete a quarterly leak detection and repair requirement, as fugitives are covered by Air Management Regulation V, Section XIII(1). Remove gasoline and crude oil limits for marine loading, as the process cannot load these materials at all due to a limit on the Reid Vapor Pressure of materials loaded. Change the initial test date for marine vapor loading to a date that is within 5 years of the previous stack test. These revisions will not change potential emissions for the facility;

Plains Products Terminals LLC (3400 South 67th Street, Philadelphia, PA 19153) to combine the RACT plan approvals for the previous Maritank and ExxonMobil facilities into one facility. Remove shut down processes. Add a 6.6 tons per rolling 12-month period VOC limit for marine loading. Remove a vapor recovery requirement for truck loading at the vapor recovery tanks due to a change to low vapor pressure materials and very low overall potential emissions. These revisions will reduce the potential VOC emissions from the facility;

Naval Surface Warfare Center Carderock Division (5001 South Broad Street, Code 02, Philadelphia, PA 19112-1403) to add a 0.38 lb/MMBTU NO_x emission limit for Boiler DDG-15 and add a stack test program. Require new test engines and turbines to comply with the Standard Navy Plan Maintenance Program. These revisions will reduce the potential NO_x emissions from the facility;

AMS proposes to issue RACT plan approvals for the following facilities in the City of Philadelphia, **Philadelphia County: Philadelphia Prison System** (8001 State Road, Philadelphia, PA 19136) for a 365 HP gas-fired chiller with Non-Selective Catalytic Reduction. Nox emissions from the chiller are limited to 2.0 gs/bhp-hr. The chiller must have a stack test every 5 years and records must be kept for all tests.

Proposed revision to the State Implementation Plan to meet the requirements of reasonably available control technology set forth by The Clean Air Act under the 1997 8-hour NAAQS

The Clean Air Act Amendments of 1990 (CAA) requires **Philadelphia County** (Philadelphia) to submit to the U.S. Environmental Protection Agency (EPA) a State Implementation Plan (SIP) revision demonstrating that Philadelphia has implemented all necessary Reasonably Available Control Technology (RACT) controls on all major stationary sources of volatile organic compounds (VOC) and oxides of nitrogen (NO_x).

The Philadelphia Department of Public Health, Air Management Services (AMS) is now seeking public comment on a proposed SIP revision that updates Philadelphia's RACT demonstration for the 1997 8-hour ozone National Ambient Air Quality Standards (NAAQS).

On December 13, 2013 (78 FR 75902), EPA conditionally approved Philadelphia's 1997 8-hour ozone RACT demonstration provided in the 2006 and 2010 SIP revisions, based upon a commitment from AMS to submit additional SIP revisions to provide source-specific RACT determinations for certain major sources of VOC and NO_x in Philadelphia and a certification that previously adopted source-specific RACT controls approved by EPA in the Pennsylvania's SIP under the 1-hour ozone NAAQS for the remaining sources in Philadelphia County (as listed in 40 CFR 52.2020(d)(1)) continue to adequately represent RACT for the 1997 8-hour ozone NAAQS.

This SIP revision is intended to partially satisfy AMS' commitment by addressing source-specific RACT determinations for certain major sources of VOC and/or NO_x and certifying that previously adopted source-specific RACT controls approved by EPA in the Pennsylvania's SIP under the 1-hour ozone NAAQS continue to adequately represent RACT for the 1997 8-hour ozone NAAQS.

This SIP revision also includes revisions to the approved RACT plan approvals for the following facilities:

PES Refinery (formerly Sunoco Refinery) 3144 Passyunk Ave; Exelon Generation Company—Richmond Station, 3901 North Delaware Ave; Veolia Energy Philadelphia—Schuylkill Station (formerly Trigen—Schuylkill) 2600 Christian St; Kinder Morgan (previously GATX), 3300 North Delaware Ave; Plains Products Terminals LLC, 3400 S 67th St; Philadelphia Prison System, 8001 State Rd; Naval Surface Warfare Center Carderock Division, 5001 S. Broad St.

The SIP revision and other supporting information are available for inspection at the offices of AMS during normal business hours or on AMS' website at <http://www.phila.gov/health/AirManagement/PublicMeetings.html>.

Anyone affected by the proposed updates to the SIP revision may submit written comments or a request for a public hearing by mail to Air Management Services, 321 University Avenue, 2nd Floor, Philadelphia, PA 19104, Attn: Debra Williams within thirty (30) days from today. If requested, AMS will hold a public hearing to accept additional public comments on September 17, 2015 at 6 PM at the Spellman Building, 321 University Avenue, 1st Floor Conference Room, Philadelphia, PA 19104. Persons with a disability who desire to attend the meeting and require an auxiliary aid, service, or other accommodation to participate in the proceedings should contact Alison Riley at (215) 685-9422 to discuss how AMS may accommodate their needs.

If no request for public hearing is received by 4 PM on September 14, 2015, the hearing will be cancelled and notice of the cancellation will be published on September 16, 2015, on AMS' website <http://www.phila.gov/health/AirManagement/PublicMeetings.html>. Interested parties may also call (215) 685-7572 to find out if the hearing has been cancelled.

09-00163: The H&K Group, Inc. (901 Minsi Trail, Blooming Glen, PA 18911), for renewal of a State Only Operating Permit (natural minor) located in Hilltown

Township, **Bucks County**. The H&K Group operates an aggregate processing plant at the Blooming Glen quarry using various crushers, screeners, and conveyors. The primary pollutant of concern is particulate matter emissions (PM/PM₁₀/PM_{2.5}). The facility employs a water spray dust suppression system to minimize fugitive dust emissions. The renewal application indicates that no new sources or changes have occurred since the permit was last issued in 2010. The permit will include monitoring, record keeping and reporting requirements designed to address all applicable air quality requirements.

09-00158: Allied Crematory, LLC (864 Bristol Pike Bensalem, PA 19020) for the renewal of the state only operating permit for operation of two (2) existing incinerators at a crematory located in Bensalem Township, **Bucks County**. There are no changes to sources at the facility. The facility's potential to emit for all criteria pollutants is less than the thresholds applicable to facilities located in the Philadelphia Metropolitan Statistical Area; therefore, the facility is a Natural Minor. The renewal permit will include monitoring, recordkeeping and reporting requirements designed to keep the plant operating within all applicable air quality requirements.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790

40-00035: QG, LLC, (594 Can-Do Expressway, Hazleton, PA 18202) The Department intends to issue a State Only (Synthetic Minor) operating permit for a commercial printing facility in Hazle Township, **Luzerne County**. The State Only (Synthetic Minor) operating permit includes emissions, monitoring, record keeping, reporting, testing and any additional conditions designed to ensure compliance with all applicable Federal and State air pollution control requirements.

40-00088: Pennsy Supply, Inc. (P. O. Box 3331, Harrisburg, PA 17105) for the operation of a sand and gravel beneficiating operation in Salem Township, **Luzerne County**. The sources consist of three (3) crushers and one (1) screen. The particulate emissions are controlled by water sprays. This is a renewal of a State-Only Operating Permit. The State-Only Operating Permit includes emission limits, work practice standards, testing, monitoring, recordkeeping and reporting requirements designed to keep the facility operating within applicable air quality requirements.

Contact: Thomas Hanlon, Facilities Permitting Chief, 717-705-4862, William Weaver, Regional Air Quality Manager, Telephone: 717-705-4702

05-05022: Bedford Reinforced Plastics, Inc. (264 Reynoldsdale Road, Bedford, PA 15522) to issue a Title V Operating Permit renewal for a fiberglass reinforced plastics composite products pultrusion manufacturing operation located in East Saint Clair Township, **Bedford County**. The 2014 emissions were 7.95 tons of volatile organic compounds, and 7.95 tons of total HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. The permit includes provisions derived from 40 CFR Part 63, Subpart WWW—National Emissions Standards for Hazardous Air Pollutants: Reinforced Plastic Composites Production.

21-05005: PA Department of Corrections—State Correction Institution-Camp Hill (2500 Lisburn Road, Camp Hill, PA 17011) to issue a State Only Operating Permit for one (1) coal, one (1) No. 2 oil fired boiler, one (1) natural gas fired/No. 2 oil boiler, and two (2) No. 2 oil fired emergency generators at Camp Hill Correctional Institution Facility in Lower Allen Township, **Cumberland County**. The 2014 actual emissions are 6.7 tons of carbon monoxide, 15.6 tons of nitrogen oxide, 0.6 ton of particulate matter, 17.0 tons of sulfur dioxide, 0.5 ton of volatile organic compounds, and 0.11 ton of total HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the requirements include provisions derived from 40 CFR Part 60, Subpart Dc—Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units, 40 CFR Part 63 Subpart JJJJJ—National Emission Standard for Area Sources of Hazardous Air Pollutants (HAPs) for Industrial, Commercial, and Institutional Boilers and the Compliance Assurance Monitoring (CAM) requirements of 40 CFR Part 64.

06-03104: Bean Funeral Homes and Cremation Services, Inc. (129 East Lancaster Avenue, Shillington, PA 19607-2613) to issue a State-Only Operating Permit for their crematory operation controlled by a secondary afterburner chamber in the Borough of Sinking Spring, **Berks County**. The primary emissions from the facility are in the form of particulate matter (i.e., PM_{10}) at 1.0 ton per year (tpy) and NO_x at 0.7 tpy. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations.

Contact: Edward Orris, New Source Review Chief—Telephone: 814-332-6131

10-00380: Mountain Gathering LLC, Jefferson Compressor Station (910 Saxonburg Road, Butler, PA) for a Synthetic Minor Permit to operate a natural gas compressor station located in Jefferson Township, **Butler County**. The primary emissions are from the eight 1,775 Hp compressor engines at the facility.

Construction of this facility was authorized by Plan Approval Number: 10-0380C which was issued on December 13, 2013. The conditions from that plan approval have been incorporated into the Synthetic Minor Operating Permit.

Additional equipment was installed under General Plan Approval Number GP-10-00380 which was issued on July 29, 2014.

Sources at this facility are subject to the following Federal emission standards:

- 40 CFR 60, Subpart JJJJ—Standards of performance for stationary spark ignition internal combustion engines
- 40 CFR 60, Subpart OOOO—Standards of performance for crude oil and natural gas production, transmission and distribution.
- 40 CFR 63, Subpart HH—National emission standards for hazardous air pollutants from oil and natural gas production facilities

The latest version of these subparts have been attached to the appropriate sources.

The potential emissions from this facility are as follows. (All values are in tons/year.) $PM_{10}/PM_{2.5} = 5.61$, $SO_x = 0.33$, $NO_x = 74.78$, $VOC = 38.00$, $CO = 38.89$, $CO_2e = 62,171.66$, $HAPs = 4.92$.

43-00326: Buckeye Leasing, Incorporated, City Slag Quarry Plant (300 Ohio Street Extension, Hermitage, PA 16148) for renewal of a Natural Minor Permit to operate a non-metallic mineral processing plant and processing recycled concrete. The emitting sources are slag processing operations and a portable crush and screen plant with diesel engines for the recycled concrete processing. The facility is located in the City of Hermitage, **Mercer County**. This facility is a Natural Minor facility. All emissions from the slag processing are fugitives. Actual slag processing emissions based on 2,080 hours are: PM_{10} —2.56 TPY and $PM_{2.5}$ —0.34 TPY. Actual emissions from the recycled concrete processing operations are PM_{10} —0.4 TPY and $PM_{2.5}$ —0.06 TPY. Emissions from the engines are less than 2.0 TPY NO_x , 3.08 TPY CO, 1.93 TPY VOC and 0.10 TPY PM.

The City of Philadelphia, Air Management Services (AMS) intends to issue a Synthetic Minor State Only Operating Permit for the following facility:

S15-006: The Vanguard Group, Inc. (2000 Kubach Road and 2101 Hornig Road, Philadelphia, PA 19116), for the operation of two office buildings in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include four 2,340 hp diesel emergency generators and one 1,810 hp diesel emergency generator.

The facility wishes to amend the testing requirements for the emergency generators from 120 minutes per month as per Plan Approval No. 13313 to 30 minutes per week to meet manufacturer's specifications.

The operating permit will be issued under 25 Pa. Code, Philadelphia Code Title 3, and Air Management regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest or comments on the above operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty (30) days before the hearing.

The City of Philadelphia, Air Management Services (AMS) has intended to issue a Natural Minor Operating Permit for the following facility: **N15-003: Packaging Coordinators, Inc.** (3001 Red Lion Road, Philadelphia, PA 19114), for the operation of a packaging and labeling process facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include two 8.63 MMBTUs/hr chillers firing natural gas or No. 2 fuel oil, three 1.4 MMBTU/hr boilers firing natural gas, one 4.2 MMBTUs/hr boiler firing natural gas or No. 2 fuel oil, one 500 kW emergency generator firing diesel fuel, one 300 kW emergency generator firing diesel fuel, and

packaging processes including the Hibistat packaging process, packaging equipment sanitation, and the package labeling and ink tray cleaning process.

The facility wishes to amend the testing time of its emergency generators from 30 minutes per month as of the original installation permits to 30 minutes per week.

The operating permit will be issued under 25 Pa. Code, Philadelphia Code Title 3, and Air Management regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest or comments on the above operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty (30) days before the hearing.

PLAN APPROVALS

Receipt of Plan Approval Applications and Intent to Issue Plan Approvals, and Intent to Issue Amended Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B And Subchapter F. These actions may include the administrative amendments of an associated operating permit.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790

Contact: Raymond Kempa, New Source Review Chief—Telephone: 570-826-2507

Notice is hereby given in accordance with 25 Pa. Code §§ 127.44(a) and 127.45(a), that the Department of Environmental Protection (DEP) has received and intends to issue a Plan Approval to **Northeast Prestressed Products** (121 River Street, Cressona, PA 17929) for their facility located in North Manheim Twp. and Cressona Borough, **Schuylkill County**. This Plan Approval No. 54-00077A will be incorporated into a Synthetic Minor Permit through an administrative amendment at a later date.

Plan Approval No. 54-00077A is for the modification of their existing permit to allow use of additional protective coatings containing volatile organic compound (VOCs). This change will increase VOC emissions from the facility to 25.42 tons per year. Use of these coatings is necessary to meet DOT contractual obligation. No other changes were proposed by the company. The Plan Approval and Operating permit will contain additional recordkeeping and operating restrictions designed to keep the facility operating within all applicable air quality requirements.

Copies of the application, DEP's analysis and other documents used in the evaluation of the application are available for public review during normal business hours at Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711.

Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to the address shown in the preceding para-

graph. Each written comment must contain the name, address and telephone number of the person submitting the comments; identification of the proposed permit No. 54-00077A; and a concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Ray Kempa, Chief, New Source Review Section, Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701, Phone 570-826-2511 within 30 days after publication date.

COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); The Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal Control Act (52 P.S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.20a). Mining activity permits issued in response to such applications will also address the applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department. A copy of the application is available for inspection at the district mining office indicated before each application. Notices of requests for 401 Water Quality Certifications are included in individual application notices, as noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application and request for Section 401 water quality certification application may be submitted by any person or any officer or head of any Federal, state or local government agency or authority to the Department at the address of the district mining office indicated before each application within 30 days of this publication, or within 30 days after the last publication of the applicant's newspaper advertisement as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34.

Written comments or objections regarding a mining permit application should contain the name, address and telephone number of persons submitting comments or objections, application number and a statement of sufficient detail to inform the Department on the basis of comment or objection and relevant facts upon which it is based.

A request for an informal conference or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 or § 86.34, must contain the name, address and telephone number of the requestor; the application number; a brief summary of the issues to be raised by the requestor at the conference; and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

When an NPDES number is listed, the mining activity permit application was accompanied by an application for an individual NPDES permit. A separate notice will be provided after the draft NPDES permit is prepared.

(202 Sunset Drive, Butler, PA 16001) Revision to an existing bituminous surface and clay removal mine to change the post-mining land use from forestland to unmanaged natural habitat on the Joseph C. Makray, Tammy Lynn Holmes-George & Shelly A. Winebold, and Robert C. George & William A. George properties in Limestone Township, **Clarion County**. Receiving streams: One unnamed tributary to Piney Creek and Piney Creek, one unnamed tributary to Glade Run, and two unnamed tributaries to Sloan Run, all classified for the following uses: CWF. The first downstream potable water supply intake from the point of discharge is Pennwood Park Campground. Application received: July 24, 2015.

33890122. Terry Coal Sales, Inc. (P. O. Box 58, Distant, PA 16223) Renewal of an existing bituminous surface and auger mine in Knox, Oliver & Rose Townships, **Jefferson County**, affecting 200.0 acres. Receiving streams: Unnamed tributary to Lick Run and Lick Run, classified for the following uses: CWF. There are no potable surface water intakes downstream within 10 miles. This renewal is for reclamation only. Application received: July 23, 2015.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

<i>Parameter</i>	<i>Table 2</i>		
	<i>30-day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Alkalinity exceeding acidity* pH*		greater than 6.0; less than 9.0	

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Cambria District Mining Office: 286 Industrial Park Road, Ebensburg, PA 15931, 814-472-1900

NPDES No. PA0269450 (Mining Permit No. 11140101). Laurel Sand & Stone, Inc., 210 E. Main Street, P. O. Box 556, Ligonier, PA 15658, new NPDES permit for surface coal mining in Jackson Township, **Cambria County**, affecting 199.9 acres. Receiving streams: two unnamed tributaries to South Branch Blacklick Creek, classified for the following use: cold water fishes. This receiving stream is included in the Kiski-Conemaugh TMDL. Application received: July 1, 2015.

The outfalls listed below discharge to two unnamed tributaries to South Branch Blacklick Creek:

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>
001 (SP-1 Emergency Spillway)	Y
002 (SP-2 Emergency Spillway)	Y

The outfalls listed below require a non-discharge alternative:

<i>Outfall Nos.</i>	<i>New Outfall (Y/N)</i>
003 (SP-1)	Y
004 (SP-2)	Y
005 (TF-1)	Y
006 (TF-2)	Y

There is no proposed point source discharge from the above listed facilities to the receiving stream due to the implementation of Best Management Practices in the form of infiltration galleries. The only potential point source discharges to surface water are the discharges from the emergency spillway of a sediment pond during precipitation that exceeds a 10 yr/24 hr event.

The proposed effluent limits for the water entering the infiltration galleries are as follows:

<i>Outfalls: 003, 004, 005, & 006 Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instant. Maximum</i>

FEDERAL WATER POLLUTION CONTROL ACT, SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department. Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341) requires the Commonwealth to certify that the involved projects will not violate the sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) as well as relevant State requirements. Persons objecting to approval of a request for certification under section 401 of the FWPCA, the issuance of a Dam Permit or Water Obstruction and Encroachment Permit or the approval of an Environmental Assessment shall submit comments, suggestions or objections within 30 days of the date of this notice as well as any questions to the office noted before an application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between 8 a.m. and 4 p.m. on working days at the office noted before the application.

Persons with a disability who wish to attend the hearing and require an auxiliary aid, service or other accommodation to participate in the proceedings should contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Applications Received under the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27) and section 302 of the Flood Plain Management Act (32 P. S. § 679.302) and Requests for Certification under section 401(a) of the FWPCA.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department has taken the following actions on previously received applications for new, amended and renewed NPDES and WQM permits, applications for permit waivers and NOIs for coverage under General Permits. This notice of final action is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P. S. §§ 691.1—691.101) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Wastes; Discharges to Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

Sections I—VI contain actions regarding industrial, animal or sewage wastes discharges, discharges to groundwater, and discharges associated with MS4, stormwater associated with construction activities and CAFOs. Section VII contains notices for parties who have submitted NOIs for Coverage under General NPDES Permits. The approval for coverage under these General NPDES Permits is subject to applicable effluent limitations, monitoring, reporting requirements and other conditions in each General Permit. The approval of coverage for land application of sewage sludge or residential septage under applicable general permit is subject to pollutant limitations, pathogen and vector attraction reduction requirements, operational standards, general requirements, management practices and other conditions in the respective permit. The permits and related documents, effluent limitations, permitting requirements and other information are on file and may be inspected and arrangements made for copying at the contact office noted before the action.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P. S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law). The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should contact a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P. S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Borough or Township	Borough or Township Address	County
Carroll Township	50 Rambo Hill Rd, Shermans Dale, PA 17090	Perry

Plan Description: Approval of a revision to the official plan of Carroll Township, Perry County. The project is known as Shermans Creek Inn. The plan provides for a small flow treatment facility to replace a malfunctioning onlot sewage disposal system serving an existing motel/tavern with flows of 2,000 gallons per day. The proposed development is located on Spring Road in Carroll Township, Perry County. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is A3-50905-435-3s and the APS Id is 868630. Any permits must be obtained in the name of the property owner.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Provisions of Sections 301-308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P. S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects

caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

23-0016C: PQ Corporation (1201 West Front Street, Chester, PA 19013; Attn: Mr. Edward Hines) is a Title V facility located in the City of Chester, **Delaware County**. This facility is a major source for NO_x only. Under Request for Determination (RFD) No. 3539, PQ Corporation installed a Glass Unloading Operation, which is referenced under Section G of the Title V Operating Permit. After the issuance of the RFD, PQ Corporation requested a de minimis increase of 0.025 ton per year of particulate matter from the Glass Unloading Operation. This request is made to address an issue with glass backing up on the system conveyor such that one of the transfer points has been enclosed and spillover material is collected through an alternative transfer point. This request is made in accordance with 25 Pa. Code § 127.449 and complies with the 0.6 ton per year allowable rate for PM₁₀. This request also complies with the existing requirements of the Title V Operating Permit. The operating permit will continue to include monitoring, recordkeeping, and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

ACTIONS ON COAL AND NONCOAL MINING ACTIVITY APPLICATIONS

Actions on applications under the Surface Mining Conservation and Reclamation Act (52 P. S. §§ 1396.1—1396.19a); the Noncoal Surface Mining Conservation and Reclamation Act (52 P. S. §§ 3301—3326); The Clean Streams Law; the Coal Refuse Disposal Control Act (52 P. S. §§ 30.51—30.66); and The Bituminous Mine Subsidence and Land Conservation Act (52 P. S. §§ 1406.1—1406.20a). The final action on each application also constitutes action on the NPDES permit application and, if noted, the request for a Section 401 Water Quality Certification. Mining activity permits issued in response to applications will also address the application permitting requirements of the following statutes: the Air Quality Pollution Act (35 P. S. §§ 4001—4014); the Dam Safety and Encroachments Act (32 P. S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1002).

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

Actions on applications for the following activities filed under the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27), section 302 of the Flood Plain Management Act (32 P.S. § 679.302) and The Clean Streams Law and Notice of Final Action for Certification under section 401 of the FWPCA.

WATER OBSTRUCTIONS AND ENCROACHMENTS

Southeast Region: Waterway and Wetlands Program Manager, 2 East Main Street, Norristown, PA 19401, Telephone 484-250-5900.

E51-266. Philadelphia Water Department, Office of Watersheds, 1101 Market St., 4th Floor, Philadelphia, PA 19107, **Philadelphia County**, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities within the floodway and floodplain of the Schuylkill River (WWF, MF) associated with the upgrading of the Children's Hospital of Philadelphia (CHOP).

1. To remove the existing 42-inch RCP combined sewer overflow pipe and replacing with a 54-inch pipe. Total length is about 590 feet; which includes about 144 feet under the CSX railroad.
2. To rehabilitate and maintain two manholes and RC tide gate chamber in the floodplain.
3. To rehabilitate and maintain the outfall structure in the floodway for the replaced 54-inch pipe line.

The site is located along former Bainbridge Street between Schuylkill Avenue and the Schuylkill River (Philadelphia—PA USGS Quadrangle Latitude 39.945402; Longitude -75.186760).

The issuance of this permit also constitutes approval of a Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

E15-851. Staci Rogge, Transcontinental Gas Pipe Line Company, LLC, 2800 Post Oak Blvd. Level 17, Houston, TX 77056, Sadsbury Township, **Chester County**, ACOE Philadelphia District.

To perform the following water obstruction and encroachment activities associated with the removing of existing Main Line "A" pipeline about 3,230 feet, 30-inch O.D x 0.3125-inch W.T. X-52 pipe and replacing with 30-inch O.D x 0.343-inch W.T. X-70 pipe. This upgrading is required by the U.S. Department of Transportation (DOT).

1. Four wetland crossings within the EV wetlands. Approximately 0.47 acre of temporary wetland will be impacted and restored.
2. Two stream crossings, one at tributary to Buck Run and second at Buck Run (TSF, MF). Approximately 249 linear feet of temporary stream impact.

The site is located at Main Line from M.P. 1704.52 to M.P. 1705.13 (Parkesburg—PA USGS Quadrangle Latitude 39.9759; Longitude -75.8977).

The issuance of this permit also constitutes approval of a Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

E07-458. PA DOT, Engineering District 9-0, 1620 N. Juniata Street, Hollidaysburg, PA 16648. Allegheny Township, **Blair County**, ACOE Baltimore District.

To construct the below-listed water obstruction and encroachments associated with the access road way exiting off the Ramp of Eastbound S.R. 0022 (S.R. 8004-Ramp C) to the proposed Cross Keys interchange winter maintenance stockpile. Specific Water Obstruction and Encroachment activities associated with this project are:

1. To construct and maintain a single span steel I-beam bridge over an unnamed tributary to Gillians Run (CWF/MF) on GRS abutments, with an approximately span length of 43.63', proposed waterway opening of 222.84 sf.
2. To construct temporary stream diversion utilizing sandbag diversions and an 18-inch temporary diversion pipe to convey flows through the project area and through the center of the channel during the construction of the abutments.
3. To temporarily and permanently impact wetlands (Palustrine Emergent) to facilitate the construction of the project construction access and the proposed abutment for the new bridge.
4. To conduct minor grading and compaction within the floodway of the stream to facilitate the overall objective of the project.

The proposed project is located within the Cross Keys Interchange area of S.R. 0022 project centered on a mixed patch of land and wetlands between the island in the Schuylkill River and the Aquarium Drive (formerly Waterworks Drive) on the mainland in Allegheny Township, Blair County (USGS Hollidaysburg, PA, Quadrangle; Longitude 78°26'22.1316", Latitude 40°26'34.429").

The issuance of this permit also constitutes approval of a Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

E46-1113. Pennsylvania Department of Transport, District 6, 7000 Geerdes Blvd, King of Prussia, PA 19406, West Norriton, and Upper Merion Townships, **Montgomery County**, ACOE Philadelphia District.

To perform the below listed water obstruction and encroachment activities associated with the replacement of the existing US 422 bridges while providing new structures for US 422 project. The US 422 corridor improvements include approximately 1.0 mile of reconstruction and widening of approach roadway work providing for 3 lanes (plus ramp auxiliary lanes) in each direction. Specific Water Obstruction and Encroachments are:

1. To replace the existing US 422 Bridge over the Schuylkill River (WWF, MF) and construct and maintain in its place a five span prestressed concrete bulb tee bridge approximately 785 feet total span and approximately 157 wide with average underclearance of 45.5 feet.
2. To construct and maintain scour protection of approximately 4, 598 cubic yards rip-rap to facilitate the protection of the proposed bridge abutment.
3. To temporarily place approximately 33,432 cubic yards of fill in the stream to provide for causeway erection to facilitate the construction of the bridge substructures.

The project is located at the boarder of Upper Merion and West Norriton Townships in Montgomery County

along the Pottstown Expressway (US 422) (USGS Valley Forge Quadrangle Meridian at the center of the proposed bridge—Latitude 40° 06' 27.56"; Longitude 75° 25' 12.34").

The issuance of this permit also constitutes approval of a Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (33 U.S.C.A. § 1341(a)).

E39-531. Waterfront Redevelopment Partners, L.P., 1665 Valley Center Parkway, Suite 110, Bethlehem, PA 18017. City of Allentown, **Lehigh County**, Army Corps of Engineers Philadelphia District.

To construct and maintain the following water obstructions and encroachments associated with the Waterfront Redevelopment Project:

1. Four outfall structures in the floodway of the Lehigh River (WWF, MF), consisting of a 48-inch, a 42-inch and two 36-inch diameter HDPE pipes with concrete headwalls and riprap aprons.
2. Two floating docks (118-feet wide by 36-feet long and 90-feet wide by 39-feet long) anchored by fixed piles and associated pedestrian walkways projecting into the Lehigh River (WWF, MF).
3. One floating fountain (6-feet wide by 12-feet long) anchored by fixed piles and an associated trash diverter and 30-foot by 1-foot electrical feed projecting into Lehigh River (WWF, MF).

The project is located on the west bank of the Lehigh River, immediately north and south of the Tilghman Street Bridge crossing (Allentown East, PA Quadrangle, Latitude: 40.619360 N; Longitude: -75.459165 W) in the City of Allentown, Lehigh County.

E48-408A. Knollwood Development, L.P., 1177 North Sixth Street, Whitehall, PA 18052. Forks Township, **Northampton County**, Army Corps of Engineers Philadelphia District.

To amend Permit No. E48-408 to authorize the construction and maintenance of a roadway crossing of a Tributary to Bushkill Creek consisting of an open bottom concrete arch culvert with a 41-foot span and a 9-foot underclearance, in lieu of the previously approved crossing. E48-408 authorized the construction and maintenance of a roadway crossing of a Tributary to Bushkill Creek consisting of an open bottom concrete arch culvert with a 48-foot span and a 10-foot underclearance, and to construct and maintain a 15-inch reinforced concrete pipe outfall in the floodway of the Tributary to Bushkill Creek. The encroachments are associated with the Knollwood Estates residential subdivision. The project is located approximately 0.10 mile east from its intersection of Bushkill Drive and Zucksville Road (Stroudsburg Quadrangle Latitude: 40°43'10.8"; Longitude: -75°14'24.6").

To construct and maintain an existing single family home in Fairfield Township, Lycoming County, which is located within the floodway/floodplain of Loyalsock Creek. The project proposes three fill areas which would be offset by a borrow pit area located within the floodway.

The project will have a no net fill with approximately 1,200 cubic yards of cut and 1,200 cubic yards of fill. Approximately 1,184 cubic yards of material will be removed from a borrow pit located within the floodway of Loyalsock Creek. Excavated material from construction operations will be disposed out of the floodway. The proposed project and calculations show a balance in cut/fill, which will have no effect on the flood storage capacity.

The proposed project will not permanently impact wetlands, cultural or archaeological resources, national/state/local parks, forests recreational areas, landmarks wildlife refuge or historical sites. Loyalsock Creek is classified with a designated use of Trout Stocked Fishery (TSF) and with an existing use of Exceptional Value (EV).

E10-494. Allegheny Mineral Corporation, P. O. Box 1022, Kittanning, PA 16201 in Slippery Rock Township, **Butler County**, ACOE Pittsburgh District.

To install and maintain a stream enclosure in a tributary to Slippery Rock Creek consisting of two, parallel 72-inch diameter, 133-foot long HDPE culverts with concrete head and wing walls extending approximately 14 feet upstream on the inlet and a rip-rap apron extending approximately 20 feet downstream at the outlet, and including permanent fill within 0.31 acre of floodway and

0.63 acre of wetland in the floodway and floodplain for roadway approaches associated with the construction of a new roadway connecting S.R. 108 with Crestview Road (Slippery Rock, PA Quadrangle N: 41°, 03', 24.75"; W: 80°, 03', 36.96")

As mitigation for project impacts, the permittee will create 2.2 acres of new PFO wetland in the floodplain of a tributary to Slippery Rock Creek approximately 3,000 feet downstream of the impact area.

EROSION AND SEDIMENT CONTROL

The following Erosion and Sediment Control permits have been issued.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be

filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

SPECIAL NOTICES

Intent to Issue a Synthetic Minor State Only Operating Permit

*Philadelphia: Air Management Services, 321 University
 Avenue, Philadelphia, PA 19104-4543, Contact: Edward
 Wiener, Chief, Source Registration at (215) 685-9426.*

The City of Philadelphia, Air Management Services (AMS) intends to issue a Synthetic Minor State Only Operating Permit for the following facility:

S15-006: The Vanguard Group, Inc. (2000 Kubach Road and 2101 Hornig Road, Philadelphia, PA 19116), for the operation of two office buildings in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include four 2,340 hps diesel emergency generators and one 1,810 hps diesel emergency generator.

The facility wishes to amend the testing requirements for the emergency generators from 120 minutes per month as per Plan Approval No. 13313 to 30 minutes per week to meet manufacturer's specifications.

The operating permit will be issued under the *Pennsylvania Code* Title 25, Philadelphia Code Title 3, and Air Management regulation XIII. Permit copies and other supporting information are available for public inspection at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest or comments on the above operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty (30) days before the hearing.

Intent to Issue a Natural Minor Operating Permit

*Philadelphia: Air Management Services, 321 University
 Avenue, Philadelphia, PA 19104-4543, Contact: Edward
 Wiener, Chief of Source Registration at (215) 685-9426.*

The City of Philadelphia, Air Management Services (AMS) has intended to issue a Natural Minor Operating Permit for the following facility:

N15-003: Packaging Coordinators, Inc. (3001 Red Lion Road, Philadelphia, PA 19114), for the operation of a packaging and labeling process facility in the City of Philadelphia, **Philadelphia County**. The facility's air emission sources include two 8.63 MMBTUs/hr chillers firing natural gas or No. 2 fuel oil, three 1.4 MMBTU/hr boilers firing natural gas, one 4.2 MMBTUs/hr boiler firing natural gas or No. 2 fuel oil, one 500 kW emergency generator firing diesel fuel, one 300 kW emergency generator firing diesel fuel, and packaging processes including the Hibistat packaging process, packaging equipment sanitation, and the package labeling and ink tray cleaning process.

The facility wishes to amend the testing time of its emergency generators from 30 minutes per month as of the original installation permits to 30 minutes per week.

The operating permit will be issued under the *Pennsylvania Code* Title 25, Philadelphia Code Title 3, and Air Management regulation XIII. Permit copies and other supporting information are available for public inspection

at AMS, 321 University Avenue, Philadelphia, PA 19104. For further information, contact Edward Wiener at (215) 685-9426.

Persons wishing to file protest or comments on the above operating permit must submit the protest or comments within 30 days from the date of this notice. Any protests or comments filed with AMS must include a concise statement of objections to the permit issuance and the relevant facts upon which the objections are based. Based upon the information received during the public comment period, AMS may modify the operating permit or schedule a public hearing. The hearing notice will be published in the *Pennsylvania Bulletin* and a local newspaper at least thirty (30) days before the hearing.

Proposed Revision to the State Implementation Plan to Meet the Requirements of Reasonably Available Control Technology set forth by the Clean Air Act under the 1997 8-Hour NAAQS

The Clean Air Act Amendments of 1990 (CAA) requires Philadelphia County (Philadelphia) to submit to the U.S. Environmental Protection Agency (EPA) a State Implementation Plan (SIP) revision demonstrating that Philadelphia has implemented all necessary Reasonably Available Control Technology (RACT) controls on all major stationary sources of volatile organic compounds (VOC) and oxides of nitrogen (NO_x).

The Philadelphia Department of Public Health, Air Management Services (AMS) is now seeking public comment on a proposed SIP revision that updates Philadelphia's RACT demonstration for the 1997 8-hour ozone National Ambient Air Quality Standards (NAAQS).

On December 13, 2013 (78 FR 75902), EPA conditionally approved Philadelphia's 1997 8-hour ozone RACT demonstration provided in the 2006 and 2010 SIP revisions, based upon a commitment from AMS to submit additional SIP revisions to provide source-specific RACT determinations for certain major sources of VOC and NO_x in Philadelphia and a certification that previously adopted source-specific RACT controls approved by EPA in the Pennsylvania's SIP under the 1-hour ozone NAAQS for the remaining sources in Philadelphia County (as listed in 40 CFR 52.2020(d)(1)) continue to adequately represent RACT for the 1997 8-hour ozone NAAQS.

This SIP revision is intended to partially satisfy AMS' commitment by addressing source-specific RACT determinations for certain major sources of VOC and/or NO_x and certifying that previously adopted source-specific RACT controls approved by EPA in the Pennsylvania's SIP under the 1-hour ozone NAAQS continue to adequately represent RACT for the 1997 8-hour ozone NAAQS.

This SIP revision also includes revisions to the approved RACT plan approvals for the following facilities:

PES Refinery (formerly Sunoco Refinery)—3144 Passyunk Ave; Exelon Generation Company, Richmond Station, 3901 North Delaware Ave; Veolia Energy Philadelphia, Schuylkill Station (formerly Trigen—Schuylkill), 2600 Christian St; Kinder Morgan (previously GATX), 3300 North Delaware Ave; Plains Products Terminals LLC, 3400 S 67th St; Philadelphia Prison System, 8001 State Rd; Naval Surface Warfare Center Carderock Division, 5001 S. Broad St.

The SIP revision and other supporting information are available for inspection at the offices of AMS during normal business hours or on AMS' website at <http://www.phila.gov/health/AirManagement/PublicMeetings.html>.

Anyone affected by the proposed updates to the SIP revision may submit written comments or a request for a public hearing by mail to Air Management Services, 321 University Avenue, 2nd Floor, Philadelphia, PA 19104, Attn: Debra Williams within thirty (30) days from today. If requested, AMS will hold a public hearing to accept additional public comments on September 17, 2015 at 6 PM at the Spellman Building, 321 University Avenue, 1st Floor Conference Room, Philadelphia, PA 19104. Persons with a disability who desire to attend the meeting and require an auxiliary aid, service, or other accommodation to participate in the proceedings should contact Alison Riley at (215) 685-9422 to discuss how AMS may accommodate their needs.

If no request for public hearing is received by 4 PM on September 14, 2015, the hearing will be cancelled and notice of the cancellation will be published on September 16, 2015, on AMS' website <http://www.phila.gov/health/AirManagement/PublicMeetings.html>. Interested parties may also call (215) 685-7572 to find out if the hearing has been cancelled.

Availability of Draft Modification of Residual Waste General Permit WMGR052

The Department of Environmental Protection (Department) by this notice is announcing the availability of a proposed permit modification under the Solid Waste Management Act (35 P.S. §§ 6018.101–6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P.S. §§ 4000.101–4000.1904) and residual waste regulations for a general permit to operate residual waste processing facilities and the beneficial use of residual waste other than coal ash.

General Permit Number WMGR052 authorizes processing by blending of flue gas desulfurization (FGD) sludge, coal ash and lime to form low permeability cementitious material for beneficial use.

The Department is proposing a number of modifications to the general permit to:

1. Bring the general permit into compliance with the requirements in 25 Pa. Code Chapter 290 (relating to beneficial use of coal ash).

2. Narrow the scope of the general permit by limiting the beneficial use of the mixture of lime, FGD and coal ash material to permitted mining activity sites.

3. Improve coordination between the Department waste and mining programs regarding the approval of the material and use of the material on mine sites.

4. Increase public notice and the opportunity for the public to comment on both the waste general permit and the proposed use of the material on a permitted or authorized mine site.

Interested persons may submit comments by October 14, 2015. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail, must include the originators name and address. Commentators are encouraged to submit comments using eComment at www.ahs.dep.pa.gov/eComment. Written comments can also be submitted to the Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P. O. Box 2063, Harrisburg, PA 17105-2063, eComment@pa.gov. When submitting comments by e-mail, use “Comments on WMGR052” in the subject line.

Questions regarding the permit modification should be directed to the Division of Municipal and Residual Waste, (717) 787-7381, ra-epbenuseall@pa.gov.

Availability of Federal Consistency under the Coastal Zone Management Act

This notice is published under section 306(d)(14) of the Federal Coastal Zone Management Act of 1972 (16 U.S.C.A. § 1455(d)(14)), regarding public participation during consistency determinations. The Department of Environmental Protection (Department), Coastal Resources Management Program has received notice that Gregory Ganzer is proposing to construct a personal watercraft boat lift on the Niagara Pier within Presque Isle Bay of Lake Erie.

The applicant is proposing to construct a 14-foot by 28-foot personal watercraft lift composed of six steel pilings, 10-foot by 14-foot permanent dock and a 6-foot by 10-foot permanent dock (walkway) adjacent to an existing watercraft lift. The site is at 4 Niagara Pier, Erie, PA, along the eastern side of the Niagara Pier on water lots currently owned by the applicant. This project is also being considered for authorization by the Department under permit number E25-744 and by the United States Army Corps of Engineers under permit number 2012-346.

This project is subject to Department review for Federal consistency because it is a Federal license and permit activity and will have reasonably foreseeable effects on the Commonwealth's coastal resources or uses.

In accordance with National Oceanic and Atmospheric Administration (NOAA) regulations in 15 CFR Part 930, Subpart D (relating to consistency for activities requiring a Federal license or permit), Gregory Ganzer has certified that the proposed activity will be conducted in a manner consistent with the applicable enforceable policies of the Commonwealth's NOAA-approved Coastal Resources Management Program. Interested parties may request a copy of the Federal Consistency Certification from the Department contact listed as follows.

Questions regarding this review should be directed to Matthew Walderon, Federal Consistency Coordinator, (717) 772-2196, RA-Fed_Consistency@pa.gov.

The Department will consider all comments received on or before August 31, 2015, before issuing a final Federal consistency concurrence or objection. Comments submitted by facsimile will not be accepted. Comments, including comments submitted by e-mail, must include the originator's name and address. Commentators are urged to submit comments using the Department's online eComment system at www.ahs.dep.pa.gov/eComment. Written comments should be submitted to Matthew Walderon, Department of Environmental Protection, Interstate Waters Office, 400 Market Street, P. O. Box 8465, Harrisburg, PA 17101-8465, ecomment@pa.gov.

Notice of Suspension of Certification to Perform Radon-Related Activities in this Commonwealth

On July 24, 2015, the Department of Environmental Protection (Department), under the authority of the Radon Certification Act (63 P.S. §§ 2001—2014) and 25 Pa. Code § 240.203(b) (relating to conditions of certification), suspended Wally Magno's certification to perform radon testing activities in this Commonwealth. The De-

partment suspended Wally Magno's radon testing individual certification No. 2989 for his failure to submit the required 45-day reporting and late reporting fee in violation of 25 Pa. Code § 240.303(a)(3) and 25 Pa. Code § 240.303(a) and Chapter 240, Appendix A (relating to reporting of information; and radon certification fee schedule). Copies of this suspension are available from Kelley Oberdick, Department of Environmental Protection, 400 Market Street, 13th Floor, Harrisburg, PA 17101, (717) 783-3594.

Public Notice of Draft NPDES General Permit for Stormwater Discharges from Small Municipal Separate Storm Sewer Systems (PAG-13); Extension of Public Comment Period

Notice of the availability of the Department of Environmental Protection's (Department) draft National Pollutant Discharge Elimination System (NPDES) General Permit for Stormwater Discharges from Small Municipal Separate Storm Sewer Systems (PAG-13) was published at 45 Pa.B. 2674 (May 30, 2015) and the comment period ended on July 29, 2015.

The Department is, by this notice, extending the public comment period for the draft PAG-13 General Permit through August 31, 2015. All comments received after the initial July 29, 2015, comment period closing, and before midnight on Monday, August 31, 2015, will be considered.

The PAG-13 General Permit is intended to provide NPDES permit coverage to existing or proposed regulated small municipal separate storm sewer systems (MS4) for discharges of stormwater to surface waters of the Commonwealth. The existing PAG-13 General Permit in effect at this time, effective March 16, 2013, will expire on March 15, 2018, and remains in full force and effect until that date. See 41 Pa.B. 5042 (September 17, 2011). The Department is proposing to reissue a final PAG-13 General Permit to become effective on March 16, 2018.

To access the draft General Permit and related documents, visit www.eLibrary.dep.state.pa.us (select "Permit and Authorization Packages," then "Point and Non-Point Source Management," then "National Pollutant Discharge Elimination System—NPDES," then "Municipal Separate Storm Sewer Systems—MS4s," then "Draft PAG-13 General Permit"). A link to these documents is also available at www.ahs.dep.pa.gov/eComment under the "Open Comment Periods" section.

The Department is seeking comments on the draft PAG-13 General Permit (3800-PM-BPNPSM0100d) and accompanying documents through August 31, 2015.

Interested persons may submit written comments by August 31, 2015. Comments submitted by facsimile will not be accepted. Commentators are urged to submit comments using the Department's online eComment for

policies at www.ahs.dep.pa.gov/eComment. Written comments can also be submitted to the Department of Environmental Protection, Bureau of Point and Non-Point Source Management, Rachel Carson State Office Building, P. O. Box 8774, Harrisburg, PA 17105-8774, RA-EPPAMS4@pa.gov.

Questions regarding the draft PAG-13 General Permit should be directed to Bureau of Point and Non-Point Source Management, (717) 787-8184, RA-EPPAMS4@pa.gov.

9. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania \$1 Million Fever instant lottery game tickets.

10. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania instant lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. A Lottery retailer is entitled

only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

11. *Unclaimed Prize Money:* For a period of 1 year from the announced close of Pennsylvania \$1 Million Fever, prize money from winning Pennsylvania \$1 Million Fever instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania \$1 Million Fever instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

12. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P. S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

13. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania \$1 Million Fever or through normal communications methods.

(7) The entry deadlines and the number of winning entries to be selected for each Drawing will be posted to the Pennsylvania Lottery's publically accessible website.

(8) The odds of an entry being selected in the Drawings depend upon the number of entries received for the Drawings.

(9) A computer generated randomizer will be used to select the winning entries for the Drawings.

(e) *Second-Chance Drawing Restrictions:*

(1) Each winner, his or her respective heirs, legal representatives, and assigns, agree to indemnify, defend, release, and discharge the Pennsylvania Lottery, Philadelphia Eagles, LLC, Eagles Stadium Operator, LLC, and the NFL, as well as their employees, officers, directors and commissioners from and against any loss, claim, damage, suit, or injury arising out of or relating to this promotion. By entering, the winner indemnifies, releases, discharges, and agrees to hold harmless the Pennsylvania Lottery, Philadelphia Eagles, LLC, Eagles Stadium Operator, LLC, and the NFL, as well as their employees, officers, directors and commissioners from unanticipated

cancellation, suspension, or postponement of the promotion due to natural disaster, national emergency, or other unforeseen act of God or man. Winners participate solely at their own risk and responsibility.

(2) To be eligible to participate in the Drawings, entrants must have complied with the requirements of these rules.

(3) The Lottery is not responsible for late, lost or misdirected entries not entered into the Drawings. The Lottery is not responsible for entries that are not entered into the Drawings because of incompatible internet browsers, mobile lottery application failure or other technical issues. If a Drawings entry is selected as a winner and rejected during or following the Drawings, the Lottery will select another entry to replace the rejected entry in accordance with these rules and Lottery procedure.

(4) If any discrepancy exists between these rules and any material describing the Drawings, these rules shall govern.

(5) Employees of the Pennsylvania Lottery, MARC Advertising, MUSL, Scientific Games International Inc., MDI Entertainment, LLC, and their subcontractors, or a spouse, child, brother, sister or parent residing as a member of the same household in the principle place of residence of any such person are not eligible to participate in the Drawings. Offer void where prohibited or restricted.

(6) The Pennsylvania Lottery reserves the right, in its sole discretion, to cancel or suspend the Drawings and change these rules if the Drawings cannot be conducted as planned due to errors in these rules or advertising, unauthorized intervention, tampering, fraud, technical errors, viruses, worms, bugs, or any other cause beyond the control of the Pennsylvania Lottery that, in the Pennsylvania Lottery's sole judgment, could corrupt or impair the administration, security, fairness, integrity, or proper conduct of the Drawings.

(7) All entries shall be subject to verification by the Pennsylvania Lottery.

(8) The Pennsylvania Lottery reserves the right, in its sole discretion, to disqualify an entrant found to be tampering with the operation of the Drawings or to be acting in violation of these rules or applicable law.

(9) The Drawings are governed by the laws of the Commonwealth of Pennsylvania. Applicable laws and regulations apply.

(10) Final determination of winners will be made by the Secretary, whose judgment will be final and binding.

(11) A winner is responsible for all taxes arising from or in connection with any prize won.

(12) A player may only win the prize for which they are first selected in each of the Drawings. Subsequent entries, from the same individual, selected in the same Drawing will be disqualified and a replacement entry will be selected.

(13) Prizes are not transferrable.

(14) Winners and/or guest(s) must abide by all venue policies. Any promotional partner reserves the right to revoke full or partial prize from any winner or winner's guest who it and/or venue personnel deem may, in their sole discretion, be intoxicated, be a safety risk, have violated any venue policy or law, and/or may bring the promotional partner into disrepute.

(15) The winner is responsible for all costs, expenses and transportation, not specifically included in the prize won in the Drawings, arising from or in connection with any prize won.

(16) Prizes are not redeemable for cash.

(17) If a date is provided for a game or event that is part of a prize described in section 10(d), the date is subject to change at the sole discretion of the Philadelphia Eagles.

(18) If no date is provided for a game or event that is part of a prize described in section 10(d), the date will be determined by the Philadelphia Eagles and provided to the winner by the Lottery.

(19) In the event the winner is not available on the date of the game or event that is part of a prize described in section 10(d), there will be no extensions or substitutions of prizes and the winner will not receive any reimbursement for the unused prize.

(20) In the event a prize described in section 10(d) is not available, the Lottery may either provide a substitute prize, determined by the Secretary to have an equivalent value to the prize won, or make a cash payment to the winner, in an amount determined by the Secretary to have an equivalent value to the prize won.

(21) Other restrictions may apply.

11. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania Eagles '15 instant lottery game tickets.

12. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania instant lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

13. *Unclaimed Prize Money:* For a period of 1 year from the announced close of Pennsylvania Eagles '15, prize money from winning Pennsylvania Eagles '15 instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania Eagles '15 instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

14. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P.S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

15. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania Eagles '15 or through normal communications methods.

Pennsylvania MONOPOLY MILLIONAIRES' CLUB™ Instant Lottery Game; Change to Game Rules

Under the State Lottery Law (72 P.S. §§ 3761-101—3761-314) and 61 Pa. Code § 819.203 (relating to notice of instant game rules), the Secretary of Revenue hereby provides public notice of changes to the Pennsylvania MONOPOLY MILLIONAIRES' CLUB instant lottery game rules that were published at 45 Pa.B. 2018 (April 18, 2015).

The Pennsylvania Lottery has altered a portion of the rules associated with the MONOPOLY MILLIONAIRES' CLUB Instant Lottery Game Second-Chance Drawing. Pursuant to this change, the TV Game Show will feature three (3) Contestants rather than the five (5) Contestants originally indicated in the instant lottery game rules that were published at 45 Pa.B. 2018, 2022—2023. The correct version of this document is as follows, with ellipses referring to the existing text as it appeared at 45 Pa.B. 2018—2023:

* * * * *

10. *Second-chance drawing:* MONOPOLY MILLIONAIRES' CLUB National TV Game Show Second-Chance Drawings (hereafter, "Drawings").

* * * * *

(i) *TV Game Show.*

(1) For each episode of the nationally televised TV Game Show, three (3) Contestants will be randomly chosen to each play one (1) MONOPOLY MILLIONAIRES' CLUB "Mini Game." The top prize for each of the "Mini Games" is \$100,000. All money won by a Contestant in a "Mini Game" is split by the Contestant and the lottery winners seated in their section. After the completion of the three (3) "Mini Games", one (1) Contestant will be given the chance to play the "MONOPOLY Go for a Million Game" for a chance to win \$1 million. Note: In the event the Producer needs to stop the Game for any reason (including but not limited to human, mechanical, equipment failure, rule violation, or safety issues), the Contestants and/or the Game pieces (i.e. dice, street, etc.) may be reset to a particular position or the entire Game may be thrown out and restarted from the beginning at the Producer's sole and absolute discretion.

8. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania Multiply Your Money instant lottery game tickets.

9. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania instant lottery game tickets. If a retailer bonus is offered, a

Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not

exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

10. *Unclaimed Prize Money*: For a period of 1 year from the announced close of Pennsylvania Multiply Your Money, prize money from winning Pennsylvania Multiply Your Money instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania Multiply Your Money instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

11. *Governing Law*: In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P. S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

12. *Termination of the Game*: The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania Multiply Your Money or through normal communications methods.

10. *Second-Chance Drawing*: Steelers Second-Chance Drawings (hereafter, "Drawings").

(a) *Qualifying Tickets*: Non-winning PA-1161 Steelers '15 instant game tickets (\$5) ("Qualifying Tickets") are eligible for entry into the Drawings.

(b) *Participation and Entry*:

(1) Entrants must be members of the Pennsylvania Lottery VIP Players Club to participate in the Drawings. To join the VIP Players Club, visit <http://www.palottery.state.pa.us/vipplayersclub/login.aspx>. Becoming a VIP Players Club member is free.

(2) To enter the Drawings, entrants must submit the identifying information from at least one Qualifying Ticket via the Drawings' promotional website, available at <http://www.palottery.com>, or the Pennsylvania Lottery's official mobile application, during the entry periods. The identifying information from a Qualifying Ticket may be submitted only once into the Steelers Second-Chance Drawings. Entries awarded will be applied to the active drawing at the time of successful submission of the entry and will carry forward to the remaining Drawing or Drawings. No other method of submission will be accepted. Entries submitted using any other method, including entries mailed or hand-delivered to the Pennsylvania Lottery, are not valid and will be disqualified.

(3) Each entry must be complete and the information supplied by the entrant must be accurate. Incomplete entries cannot be submitted.

(4) Only one claimant per entry allowed.

(5) Entrants must be 18 years of age or older.

(6) Players may submit the identifying information from an unlimited number of Qualifying Tickets into each Drawing.

(c) *Drawings Description*:

(1) The Lottery will conduct four Drawings. Drawing entries are cumulative and are eligible for all Drawings that occur after the entry is made. All time references are Eastern Prevailing Time.

(i) All Drawings entries received after 11:59:59 p.m. August 16, 2015, through 11:59:59 p.m. September 3, 2015, will be entered into Drawing #1, held between September 4, 2015 and September 8, 2015.

(ii) All Drawings entries received after 11:59:59 p.m. August 16, 2015, through 11:59:59 p.m. October 15, 2015, will be entered into Drawing #2, held between October 16, 2015 and October 20, 2015.

(iii) All Drawings entries received after 11:59:59 p.m. August 16, 2015, through 11:59:59 p.m. November 19, 2015, will be entered into Drawing #3, held between November 20, 2015 and November 24, 2015.

(iii) The fifty-first through the one hundred and twentieth entries selected from the entries submitted in Drawing #4 will be winning entries, and the entrants who submitted those winning entries shall each be entitled to one 2016 Preseason Home Game Tickets prize. Each 2016 Preseason Home Game Tickets prize includes two game tickets and a sideline experience for each ticket holder for a Pittsburgh Steelers 2016 preseason home game. The date of the 2016 preseason home game will be determined at the sole discretion of the Pittsburgh Steelers.

(7) The entry deadlines and the number of winning entries to be selected for each Drawing will be posted to the Pennsylvania Lottery's publicly accessible website.

(8) The odds of an entry being selected in the Drawings depend upon the number of entries received for the Drawings.

(9) A computer generated randomizer will be used to select the winning entries for the Drawings.

(e) *Second-Chance Drawing Restrictions:*

(1) Each winner, his or her respective heirs, legal representatives, and assigns, agree to indemnify, defend, release, and discharge the Pennsylvania Lottery, Pittsburgh Steelers, LLC, PSSI Stadium, LLC, and the NFL, as well as their employees, officers, directors and commissioners from and against any loss, claim, damage, suit, or injury arising out of or relating to this promotion. By entering, the winner indemnifies, releases, discharges, and agrees to hold harmless the Pennsylvania Lottery, Pittsburgh Steelers, LLC, PSSI Stadium, LLC, and the NFL, as well as their employees, officers, directors and commissioners from unanticipated cancellation, suspension, or postponement of the promotion due to natural disaster, national emergency, or other unforeseen act of God or man. Winners participate solely at their own risk and responsibility.

(2) To be eligible to participate in the Drawings, entrants must have complied with the requirements of these rules.

(3) The Lottery is not responsible for late, lost or misdirected entries not entered into the Drawings. The Lottery is not responsible for entries that are not entered into the Drawings because of incompatible internet browsers, mobile lottery application failure or other technical issues. If a Drawings entry is selected as a winner and rejected during or following the Drawings, the Lottery will select another entry to replace the rejected entry in accordance with these rules and Lottery procedure.

(4) If any discrepancy exists between these rules and any material describing the Drawings, these rules shall govern.

(5) Employees of the Pennsylvania Lottery, MARC Advertising, MUSL, Scientific Games International, Inc., MDI Entertainment, LLC, and their subcontractors, or a spouse, child, brother, sister or parent residing as a member of the same household in the principle place of residence of any such person are not eligible to participate in the Drawings. Offer void where prohibited or restricted.

(6) The Pennsylvania Lottery reserves the right, in its sole discretion, to cancel or suspend the Drawings and change these rules if the Drawings cannot be conducted as planned due to errors in these rules or advertising, unauthorized intervention, tampering, fraud, technical errors, viruses, worms, bugs, or any other cause beyond the control of the Pennsylvania Lottery that, in the Pennsylvania Lottery's sole judgment, could corrupt or impair the administration, security, fairness, integrity, or proper conduct of the Drawings.

(7) All entries shall be subject to verification by the Pennsylvania Lottery.

(8) The Pennsylvania Lottery reserves the right, in its sole discretion, to disqualify an entrant found to be tampering with the operation of the Drawings or to be acting in violation of these rules or applicable law.

(9) The Drawings are governed by the laws of the Commonwealth of Pennsylvania. Applicable laws and regulations apply.

(10) Final determination of winners will be made by the Secretary, whose judgment will be final and binding.

(11) A winner is responsible for all taxes arising from or in connection with any prize won.

(12) A player may only win the prize for which they are first selected in each of the Drawings. Subsequent entries, from the same individual, selected in the same Drawing will be disqualified and a replacement entry will be selected.

(13) Prizes are not transferrable.

(14) Winners and/or guest(s) must abide by all venue policies. Any promotional partner reserves the right to revoke full or partial prize from any winner or winner's guest who it and/or venue personnel deem may, in their sole discretion, be intoxicated, be a safety risk, have violated any venue policy or law, and/or may bring the promotional partner into disrepute.

(15) The winner is responsible for all costs, expenses and transportation, not specifically included in the prize won in the Drawings, arising from or in connection with any prize won.

(16) Prizes are not redeemable for cash.

(17) If a date is provided for a game or event that is part of a prize described in section 10(d), the date is subject to change at the sole discretion of the Pittsburgh Steelers.

(18) If no date is provided for a game or event that is part of a prize described in section 10(d), the date will be determined by the Steelers and provided to the winner by the Lottery.

(19) In the event the winner is not available on the date of the game or event that is part of a prize described in section 10(d), there will be no extensions or substitutions of prizes and the winner will not receive any reimbursement for the unused prize.

(20) In the event a prize described in section 10(d) is not available, the Lottery may either provide a substitute prize, determined by the Secretary to have an equivalent value to the prize won, or make a cash payment to the winner, in an amount determined by the Secretary to have an equivalent value to the prize won.

(21) Other restrictions may apply.

11. *Retailer Incentive Awards:* The Lottery may conduct a separate Retailer Incentive Program for retailers who sell Pennsylvania Steelers '15 instant lottery game tickets.

12. *Retailer Bonus:* The Lottery may offer a retailer bonus in connection with the sale of Pennsylvania instant lottery game tickets. If a retailer bonus is offered, a Lottery retailer shall be eligible for a bonus as described in this section. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$100,000 and not exceeding \$500,000 shall be paid a bonus of \$500. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles

the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which he qualifies on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

13. *Unclaimed Prize Money:* For a period of 1 year from the announced close of Pennsylvania Steelers '15, prize money from winning Pennsylvania Steelers '15 instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Pennsylvania Steelers '15 instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

14. *Governing Law:* In purchasing a ticket, the customer agrees to comply with and abide by the State Lottery Law (72 P.S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

15. *Termination of the Game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Pennsylvania Steelers '15 or through normal communications methods.

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P. S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

Bureau of Professional and Occupational Affairs Regulation #16A-4413 (IRRC #3100)

Schedule of Civil Penalties—Podiatrists

August 5, 2015

We submit for your consideration the following comments on the proposed rulemaking published in the June 6, 2015 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P. S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P. S. § 745.5a(a)) directs the Bureau of Professional and Occupational Affairs (Bureau) to respond to all comments received from us or any other source.

Section 43b.27. Schedule of civil penalties—podiatrists.—Statutory authority; Whether the regulation is consistent with the intent of the General Assembly; Implementation procedures; Reasonableness; Clarity.

Section 5(a) of Act 48 of 1993 (Act 48) authorizes the Commissioner of the Bureau to promulgate a schedule of civil penalties for violations of the acts or regulations of the licensing boards that fall under its jurisdiction. 63 P. S. § 2205(a). This proposed rulemaking establishes a

schedule of civil penalties for licensees of the State Board of Podiatry (Board) for practicing on a lapsed license and for failure to complete 50 hours of approved continuing education. The Preamble to this proposal notes that the Commissioner of the Bureau and the Board believe it is necessary to implement the civil penalties to streamline the disciplinary process. We raise the following issues for each of the violations described below.

Failure to complete required hours of continuing education during the 2 years preceding renewal or reactivation.

The Podiatry Practice Act (Act) requires licensees to attend continuing education conferences and to furnish proof of attendance to the Board. Licensees that fail to comply with these requirements will be denied license renewal. We specifically note the following provision of the Act:

No licensee shall be registered for the ensuing biennial licensure if he fails to comply with the provisions of this section relating to attendance at educational conferences.

63 P. S. § 42.9a.

This proposed rulemaking would impose civil penalties on licensees of the Board that fail to complete continuing education requirements. Is it the Board and Bureau's intent to impose civil penalties and not renew a license when a licensee fails to complete continuing education requirements when this fact is known to the Board at the time it is considering the renewal application? In the Preamble to the final-form rulemaking, we ask the Bureau to explain how this provision will be implemented.

In addition, the above-cited provision of the Act contains the following language: "Provided, that the Board may, at its discretion, register any licensee if he proves subsequent compliance with the provisions of this section." Not only does this language further evidence the General Assembly's intent that a person not have their registration renewed until they have completed the continuing education requirement but further appears to evidence intent that a person whose registration has been renewed but is later discovered to have not completed the continuing education requirement not be permitted to practice until he completes the continuing education, i.e. suspension of registration until completion. The only discretion that appears to be granted to the Board in Section 42.9a is the discretion to register a person after he complies with the continuing education requirement. In the Preamble to the final-form rulemaking, we ask the Bureau to explain how this provision will be implemented in this situation.

If the intent of the proposal is to allow a licensee to continue practicing by paying a civil penalty without meeting continuing education requirements of the Act, we question the Bureau's statutory authority for it. We believe that allowing a licensee to renew a license without obtaining the necessary continuing education or failure to have not complied with the continuing education requirement would be a violation of 63 P. S. § 42.9a and is not consistent with the intent of the General Assembly. If it is the Bureau's intent to only impose a civil penalty in lieu of non-renewal or suspension of a license, we ask the Bureau to explain why it believes it has the statutory authority for this action.

Practicing or offering to practice podiatry by a person whose license is expired.

We raise two concerns related to the clarity and reasonableness of the schedule of civil penalties being proposed for this type of violation. First, under the penalties for a first offense, would a licensee practicing on an expired license for one day and five months be subject to a \$500 fine (2–5 months) or \$1,000 (over 5–12 months)? Does the term "month" mean a whole month? This should be clarified in the final-form rulemaking.

Second, as written, it would appear that a licensee being charged with a first offense for practicing on an expired license for five months and one day could be subject to a \$1,000 fine (over 5–12 months), but a licensee being charged with a second offense would only be subject to a \$500 fine (less than 6 months). In addition, the penalties for a first offense and second offense for a licensee practicing on an expired license for three months or four months is the same—\$500. This scheme does not progressively increase civil penalties for continuing violations. We believe it would be more reasonable if penalties for second offenses are higher than penalties for first offenses. We ask the Bureau to consider this approach as it drafts the final-form rulemaking.

Pennsylvania Public Utility Commission Regulation #57-309 (IRRC #3101)

Customer Information Disclosure Requirements for Natural Gas Suppliers Providing Natural Gas Supply to Residential and Small Business Customers

August 5, 2015

We submit for your consideration the following comments on the proposed rulemaking published in the June 6, 2015 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P. S. § 745.5b). Section 5.1(a) of the RRA (71 P. S. § 745.5a(a)) directs the Pennsylvania Public Utility Commission (PUC) to respond to all comments received from us or any other source.

1. Determining whether the regulation is in the public interest; Economic or fiscal impacts; Compliance with the RRA.

Section 5.2 of the RRA (71 P. S. § 745.5b) directs this Commission to determine whether a regulation is in the public interest. When making this determination, the Commission considers criteria such as economic or fiscal impact and reasonableness. To make that determination, the Commission must analyze the text of the Preamble and proposed regulation and the reasons for the new or amended language. The Commission also considers the information a promulgating agency is required to provide under Section 745.5(a) in the Regulatory Analysis Form (RAF). Some of the information contained in the RAF submitted with this rulemaking is not sufficient to allow this Commission to determine if the regulation is in the public interest. For example:

- RAF #19 asks for a specific estimate of the costs and/or savings to the regulated community associated with compliance. In its response, the PUC notes that the regulated community commented that direct mailing costs may be burdensome. The PUC does not provide a specific estimate, but rather invites comments on this point.
- RAF #23 asks for an estimate of the fiscal savings and costs associated with the implementation and compliance for the regulated community, local government and state government. The PUC responds "N/A."
- RAF #23a asks for the past three-year expenditure history for programs affected by the regulation. The PUC responds "N/A."

We recommend that the PUC review the RAF and provide more detailed and complete responses to assist us in our determination of whether the regulation is in the public interest. If the appropriate response is "N/A," then we ask that the PUC explain why a particular RAF request is not applicable.

2. Section 62.72. Definitions.—Clarity and lack of ambiguity.

The existing regulation defines the term billed prices and marketed prices, and the PUC is proposing to add a definition for the term billing month. However, we find several other terms in the regulation which are similar to these defined terms and seem to be interchangeable with them. For example:

- 62.75(c)(2)(iii) references "billing cycle"
- 62.81(a)(2)(ii) references "new price or renewal price"
- 62.81(a)(2)(ii)(A)(I) references "new price"

- 62.81(a)(2)(ii)(A)(II) references “pricing”
- 62.81(a)(2)(ii)(B) references “price to be charged”

We ask the PUC to consider whether these similar terms should be replaced by already defined terms or added to Section 62.72 as new defined terms. We ask the PUC to ensure that terms used throughout the final-form regulation are clearly defined and used consistently.

3. Section 62.75. Disclosure statement for residential and small business customers.—Determining whether the regulation is in the public interest; Nature of required reports, forms or other paperwork; Protection of the public health, safety and welfare; Clarity and lack of ambiguity; Reasonableness of requirements.

Subparagraph (c)(2)(iii)

Subparagraph (c)(2)(iii) requires that if there is not a limit on price variability, the natural gas distribution company (NGDC) must provide a clear and conspicuous statement that there is no limit on how the price may change from one billing cycle to the next. In the analogous electricity disclosure regulations, it is the electric generation supplier—rather than the distribution company—who is required to provide the variable pricing statement. Should Subparagraph (c)(2)(iii) reference the natural gas supplier (NGS) rather than the NGDC?

The PUC states in the Preamble that the statement in Subparagraph (c)(2)(iii) “provides vital information” for a potential customer considering a variable-priced product. While the regulation requires the statement to be “conspicuous,” the PUC states in the Preamble its intent that the statement “should also be highlighted in a larger type size.” Requiring a conspicuous statement may or may not lead the regulated community to utilize a larger type size as intended by the PUC. We ask the PUC to ensure that the final-form regulation contains specific requirements for the variable pricing statement that are clear for the regulated community to follow and which adequately protect the public welfare.

Subparagraph (c)(2)(iv)

Subparagraph (c)(2)(iv) requires a variable pricing statement to include the price to be charged, per billing unit, for the first billing month of service. A commentator believes this information may be insufficient in a marketplace where introductory rates are common. We agree that it is reasonable and in the public interest for the disclosure to include additional information related to introductory rates. We recommend that the PUC revise the final-form regulation to require the NGS to state the guaranteed length of time that the starting price will be in effect and provide the price to be charged, per billing unit, for the first month of service after the introductory period.

Related to this requirement to provide the price to be charged for the first billing month, the PUC solicits comments in the Preamble on whether a formulaic contract price that enables a customer to calculate a bill using either the contract, publicly available rates or price indices should be considered to be in compliance with this provision. One commentator states that such a formula may be impossible. Other commentators state that providing an initial starting price is problematic, and advocate for the option to provide a customer with a formula. It is unclear how a customer can be expected to calculate the first month’s bill if an NGS has difficulty doing so. If the PUC revises this provision in the final-form regula-

tion to include alternative methods of compliance, we ask the PUC to explain how the changes protect the public welfare and are reasonable.

Subparagraph (c)(2)(v)

Subparagraph (c)(2)(v) requires a description of when the customer will receive notification of price changes. This information is also proposed to be a component of the contract summary referenced in Subsection (i). The PUC states in the Preamble that the key piece of customer information is “knowledge as to when *and how* the customer will know the price the customer will pay for natural gas supply.” (Emphasis added.) However, neither this Subparagraph nor the contract summary requires a description of “how” a customer will receive notification of price changes. We recommend that the final-form regulation be amended to require that the variable pricing statement specifies how a customer will receive notification of price changes.

Paragraph (c)(8)

Paragraph (c)(8) requires the disclosure notice to include “renewal notices, *if applicable.*” (Emphasis added.) The use of the phrase “if applicable” indicates that an NGS may not renew a customer at the end of a contract. What happens to a customer at the end of a contract if an NGS does not include a renewal provision in the terms of service?

Paragraph (c)(10)

In Paragraph (c)(10) we recommend deleting the following sentence: “The NGS’s information shall appear first and be prominent.” Since the amended language is requiring that only the NGS contact information be provided, the sentence is no longer needed.

Paragraph (c)(11)

Paragraph (c)(11) proposes that the disclosure statement must include a statement directing consumers to the PUC’s PaGasSwitch website for natural gas shopping information. The PUC states in the Preamble that it intends to “alleviate potential customer confusion” by adding the statement in Paragraph (c)(11) and removing the language in existing Paragraph (c)(12), which requires a statement directing consumers to the PUC if they are not satisfied after discussing the terms of service contained in the disclosure statement with the NGS.

Some commentators expressed concern with removing the PUC contact information as not all consumers will have access to the Internet, and we agree. Further, the language in existing Paragraph (c)(12) addresses customer dissatisfaction, and it is unclear how directing a customer to the natural gas shopping website would help a customer in this regard, or alleviate customer confusion. We ask the PUC either to keep the requirement in existing Paragraph (c)(12) in addition to the proposed Paragraph (c)(11), or to revise proposed Paragraph (c)(11) to incorporate the customer satisfaction information in existing Paragraph (c)(12).

Existing Paragraph (c)(13)

The PUC proposes to remove the requirement to provide the name and telephone number for universal service program information found in existing Paragraph (c)(13). Commentators believe it is important for economically vulnerable customers to be able to obtain information about universal service programs that provide financial assistance and energy conservation measures. We ask the PUC either to retain the requirement in existing Para-

graph (c)(13), or to explain in the Preamble of the final rulemaking how removing universal service program information is reasonable and protects the public welfare.

Subsection (i)

Subsection (i) requires the NGS to provide with the disclosure statement a separate NGS contract summary in a format provided by the PUC. The PUC explains in the Preamble that the contract summary is referenced in the regulation but is not part of the regulation. This approach, the PUC points out, allows it flexibility to “more easily and readily revise the contract summary in the future to reflect the evolving energy markets without initiating a formal rulemaking.” However, since the proposed contract summary is a discrete document, it would not be subject to the regulatory review process. We have concerns that the regulated community and the public would not have formal opportunities to provide input on the type of information required to be contained in the contract summary. We recommend the PUC include the contract summary requirements in the final rulemaking. If the contract summary requirements remain separate from the regulation, we ask the PUC to explain how it is reasonable to make future amendments to this document without providing an opportunity for formal public comment and how such an approach is in the public interest.

A commentator expressed concern with the PUC’s approach regarding the contract summary and suggested that any revisions to the summary should be served to each licensed NGS and be published in the *Pennsylvania Bulletin*. We note that publishing a contract summary template in the *Pennsylvania Bulletin* does not give the industry or the public a formal opportunity to provide input into the required elements. If the PUC does not include in the final-form regulation the items required to be provided in the contract summary, we ask the PUC to specify in the final-form rulemaking where the regulated community can access the contract summary and how the regulated community will be made aware of any changes to the summary.

Subsection (j)

Subsection (j) requires the NGS to inform the customer if the contract is assignable. In order to protect the public welfare, we recommend that the PUC further require the NGS to provide the customer with notice if the contract is assigned and include the name of the new NGS and contact information.

4. Section 62.81. Notice of contract expiration or change in terms for residential and small business customers.—Determining whether the regulation is in the public interest; Economic or fiscal impacts; Protection of the public health, safety and welfare; Clarity and lack of ambiguity; Need for the regulation; Reasonableness of requirements.

Paragraphs (a)(1) and (2)

Paragraphs (a)(1) and (a)(2) address requirements for the initial and options notices, including the timeframes for providing customer notices. Paragraph (a)(1) proposes that the initial notice shall be provided to each affected customer *45 to 60 days* prior to the expiration date of the fixed duration contract or the effective date of the proposed change in terms. (Emphasis added.) Paragraph (a)(2) states that an options notice shall be provided by first-class mail to each affected customer at least *30 days* prior to the expiration date of the fixed duration contract or the effective date of the proposed change in terms.

(Emphasis added.) Existing regulations require these two notices to be given to customers at 90 and 60 days, respectively.

In the Preamble, the PUC notes there are currently inconsistencies between the notice timeframes found in the electric and gas industry rules. The PUC seeks comments as to whether the 60-day and 30-day timeframes in the electric industry (which has accelerated switching) can, at this time, be applied in the gas industry (which does not have accelerated switching). One commentator that supports the implementation of accelerated switching for gas customers states that the PUC has not begun the regulatory process of making such a change nor has it identified the manner in which it will be implemented by the utilities. We understand from the PUC that switching natural gas suppliers typically takes between four and six weeks, which means that it would be unlikely for a customer who receives the options notice at 30 days to be able to complete a switch prior to the end of the fixed duration contract or effective date of the proposed change in terms.

While we commend the PUC for working to achieve consistency for dual-energy supplier customers, given the current state of switching within the gas industry, we question the need for and reasonableness of reducing the existing notice timeframes. In order to protect the public welfare and reduce the economic impact on customers, we recommend the PUC keep the current timeframes in place until the gas industry moves to accelerated switching.

We have an additional concern related to the timeframes referenced above. Subsection (a) states, “An NGS shall provide the following notices . . .” and then, as noted above, lists the initial notice in Paragraph (a)(1) and the options notice in Paragraph (a)(2). While Section 62.75(g) requires the NGS to state in the disclosure statement that the customer will receive two separate written notifications, we have concerns that the phrase “at least 30 days prior” used in the options notice allows for the possibility that a customer could receive the initial notice and the options notice separately but on the same day. What precludes an NGS from sending the initial notice as part of a single mailing or the options notice in separate mailings but at the same time?

Subparagraph (a)(1)(vi)

Subparagraph (a)(1)(vi) proposes that the initial notice must include: “A statement indicating whether the existing fixed duration contract has a cancellation fee and an explanation of the fee amount and *how to avoid the fee, if possible*, including . . .” (Emphasis added.) Is it possible that a customer could be charged a cancellation fee even if the customer has fulfilled all of the requirements of the fixed duration contract? We ask the PUC to explain under what circumstance(s) this situation would be possible, or clarify the language as appropriate.

Paragraph (a)(2)

Paragraph (a)(2) requires that the options notice is sent via first-class mail. The regulated community states that first-class mail is becoming an outmoded form of communication and that alternatives should be allowed. Since a customer may opt to receive electronic notifications under Paragraph (a)(1) and Subclause (a)(2)(ii)(A)(II), why is electronic notification not permitted for the options notice in Paragraph (a)(2)? We recommend that the PUC revise the final-form regulation to allow a customer to elect to receive the options notice in an electronic form as an alternative to first-class mail.

Clauses (a)(2)(ii)(C) and (D)

We ask the PUC to consider whether the PUC contact information in Clause (a)(2)(ii)(C) is intended to be provided in the options notice, in which case it would be identified as (a)(2)(iii). Likewise, it appears that the requirement in Clause (a)(2)(ii)(D) relating to envelopes should be identified as (a)(2)(iv).

Clause (b)

The PUC requires an NGS to convert a customer's fixed duration contract to a month-to-month contract or another fixed duration contract when a customer fails to respond to the initial and options notices. This establishes a class of customers who do not enroll affirmatively in a variable price product, but rather are rolled onto a variable price product due to their non-response. We ask the PUC to explain why it is reasonable to allow an NGS to convert a customer from a fixed rate plan to a variable rate plan without affirmative customer consent. We recommend the PUC require that the disclosure statement inform customers that they may be rolled onto a variable rate plan at the end of a fixed duration contract if they do not respond to the notices.

Pennsylvania Public Utility Commission; Bureau of Investigation and Enforcement v. Associated Express, Inc; Docket No. C-2014-2411984

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to Associated Express, Inc, (respondent) is under suspension effective March 10, 2014 for failure to maintain evidence of insurance on file with this Commission.
2. That respondent maintains a principal place of business at 729 N Lincoln Avenue, Scranton, PA 18504.
3. That respondent was issued a Certificate of Public Convenience by this Commission on April 25, 2004, at A-00120325.
4. That respondent has failed to maintain evidence of Liability insurance on file with this Commission. The Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500 and cancellation of the Certificate of Public Convenience.
5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-00120325 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,
David W. Loucks, Chief
Motor Carrier Enforcement
Bureau of Investigation and Enforcement

**Pennsylvania Public Utility Commission; Bureau of
Investigation and Enforcement v. P. S. Jagiela
Enterprises Inc t/a Aries Limousine Service;
Docket No. C-2015-2487558**

COMPLAINT

The Pennsylvania Public Utility Commission (Commission) is a duly constituted agency of the Commonwealth of Pennsylvania empowered to regulate public utilities within the Commonwealth. The Commission has delegated its authority to initiate proceedings which are prosecutory in nature to the Bureau of Investigation and Enforcement and other bureaus with enforcement responsibilities. Pursuant to that delegated authority and Section 701 of the Public Utility Code, the Bureau of Investigation and Enforcement hereby represents as follows:

1. That all authority issued to P. S. Jagiela Enterprises Inc, t/a Aries Limousine Service, (respondent) is under suspension effective May 13, 2015 for failure to maintain evidence of insurance on file with this Commission.
2. That respondent maintains a principal place of business at 1026 Shawnee Lane, Shamong, NJ 08088-8973.
3. That respondent was issued a Certificate of Public Convenience by this Commission on June 20, 2006, at A-00108221.
4. That respondent has failed to maintain evidence of Liability insurance on file with this Commission. The

Bureau of Investigation and Enforcement's proposed civil penalty for this violation is \$500 and cancellation of the Certificate of Public Convenience.

5. That respondent, by failing to maintain evidence of insurance on file with this Commission, violated 66 Pa.C.S. § 512, 52 Pa. Code § 32.2(c), and 52 Pa. Code § 32.11(a), § 32.12(a) or § 32.13(a).

Wherefore, unless respondent pays the penalty of \$500 or files an answer in compliance with the attached notice and/or causes its insurer to file evidence of insurance with this Commission within twenty (20) days of the date of service of this Complaint, the Bureau of Investigation and Enforcement will request that the Commission issue an Order which (1) cancels the Certificate of Public Convenience held by respondent at A-00108221 for failure to maintain evidence of current insurance on file with the Commission, (2) fines Respondent the sum of five hundred dollars (\$500.00) for the illegal activity described in this Complaint, (3) orders such other remedy as the Commission may deem to be appropriate, which may include the suspension of a vehicle registration and (4) imposes an additional fine on the respondent should cancellation occur.

Respectfully submitted,
