READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published every week and includes a table of contents. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. First, it is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, repeal or emergency action must be published in the *Pennsylvania Bulletin*. Further, agencies proposing changes to the codified text do so in the *Pennsylvania Bulletin*.

Second, the *Pennsylvania Bulletin* also publishes: Governor's Executive Orders; State Contract Notices; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or repeal regulations must first publish in the *Pennsylvania Bulletin* a Notice of Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Notice of Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. An adopted proposal must be published in the *Pennsylvania Bulletin* before it can take effect. If the agency

wishes to adopt changes to the Notice of Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes as soon as they occur. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code*, § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government. Title 1 *Pennsylvania Code* lists every agency and its corresponding *Code* title location.

How to Find Documents

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacode.com.

Source Notes give the history of regulations. To see if there have been recent changes, not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

The *Pennsylvania Bulletin* also publishes a quarterly List of Pennsylvania Code Sections Affected which lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred. The *Pennsylvania Bulletin* is available at www.pabulletin.com.

Printing Format

Material proposed to be added to an existing rule or regulation is printed in **bold face** and material proposed to be deleted from a rule or regulation is enclosed in brackets [] and printed in **bold face**. Asterisks indicate ellipsis of *Pennsylvania Code* text retained without change. Proposed new or additional regulations are printed in ordinary style face.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires that the Office of Budget prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions or authorities receiving money from the State Treasury stating whether the proposed action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions; that the fiscal note be published in the *Pennsylvania Bulletin* at the same time as the proposed change is advertised. A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The required information is published in the foregoing order immediately following the proposed change to which it relates; the omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years; in that order, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years, in that order. In item (8) the recommendation, if any, made by the Secretary of Budget is published with the fiscal note. See 4 Pa. Code § 7.231 *et seq.* Where “no fiscal impact” is published, the statement means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended.

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish such information except as provided by 1 Pa. Code § 3.44. 1 Pa. Code § 3.44 reads as follows:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE COURTS

Title 210—APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

[210 PA. CODE CHS. 9 AND 19]

Proposed Amendments to Pa.R.A.P. 905, 1922 and 1925

In 2007, the Pennsylvania Supreme Court enacted significant amendments to Pa.R.A.P. 1925. In the ensuing years, the Appellate Court Procedural Rules Committee has monitored the development of the case law under that rule and has listened to the comments from the bench and the bar. Because various aspects of the rule present potential and actual waiver concerns, the Committee proposes to amend Pa.R.A.P. 1925, with corollary amendments to Pa.R.A.P. 905 and 1922.

The Committee is proposing four significant changes, three to Pa.R.A.P. 1925 and one to Pa.R.A.P. 1922. *First*, the Committee proposes to amend Pa.R.A.P. 1925(b) so that in cases where a party has been ordered to file a statement of errors complained of on appeal (“Statement”) but cannot do so accurately because a transcript has not been prepared despite the party’s timely and proper request for its preparation, that party can secure an extension to file the Statement until the transcript is entered on the docket by filing a single request for an extension. *Second*, the Committee proposes to remove the requirement in Pa.R.A.P. 1925(b) to serve the Statement on the trial judge. *Third*, for all appeals except criminal appeals, the Committee proposes changing the standard for waiver in Pa.R.A.P. 1925(b), so that waiver will not occur unless a deficiency in a Statement “interferes with or effectively precludes appellate review.” *Fourth*, the Committee proposes to amend Pa.R.A.P. 1922 to require that transcripts be entered on the docket as soon as completed and paid for, with notice of that entry sent to all parties. The Committee also proposes a process for correcting errors in the transcript as well as raising objections to the transcript, and proposes to remove the five-day deadline for objections. The changes described above require a slight modification to Pa.R.A.P. 905.

The Committee invites all interested persons to submit comments, suggestions, or objections.

TITLE 210. APPELLATE PROCEDURE

PART I. RULES OF APPELLATE PROCEDURE

ARTICLE II. APPELLATE PROCEDURE

CHAPTER 9. APPEALS FROM LOWER COURTS

Rule 905. Filing of Notice of Appeal.

(a) *Filing with clerk.*

(1) Two copies of the notice of appeal, the order for transcript, if any, and the proof of service required by [**Rule 906 (service of notice of appeal)**] Pa.R.A.P. 906, shall be filed with the clerk of the trial court. If the appeal is to the Supreme Court, the jurisdictional statement required by [**Rule**] Pa.R.A.P. 909 shall also be filed with the clerk of the trial court.

(2) If the appeal is a children’s fast track appeal, [**the**] a concise statement of errors complained of on appeal as described in [**Rule**] Pa.R.A.P. 1925(a)(2) shall be filed with the notice of appeal and served **on the trial judge** in accordance with [**Rule 1925(b)(1)**] Pa.R.A.P. 906(a)(2).

(3) Upon receipt of the notice of appeal, the clerk shall immediately stamp it with the date of receipt, and that date shall constitute the date when the appeal was taken, which date shall be shown on the docket.

(4) If a notice of appeal is mistakenly filed in an appellate court, or is otherwise filed in an incorrect office within the unified judicial system, the clerk shall immediately stamp it with the date of receipt and transmit it to the clerk of the court which entered the order appealed from, and upon payment of an additional filing fee the notice of appeal shall be deemed filed in the trial court on the date originally filed.

(5) A notice of appeal filed after the announcement of a determination but before the entry of an appealable order shall be treated as filed after such entry and on the day thereof.

(b) *Transmission to appellate court.*—The clerk shall immediately transmit to the prothonotary of the appellate court named in the notice of appeal a copy of the notice of appeal [**showing the date of receipt, the related proof of service**] and **all attachments, as well as a receipt showing collection of any docketing fee in the appellate court required under [**Subdivision**] paragraph (c)**. If the appeal is a children’s fast track appeal, the clerk shall stamp the notice of appeal with a “Children’s Fast Track” designation in red ink, advising the appellate court that the appeal is a children’s fast track appeal, and **the clerk shall also** transmit to the prothonotary of the appellate court named in the notice of appeal the concise statement of errors complained of on

appeal required by [**Subdivision**] paragraph (a)(2) of this rule. The clerk shall also transmit with such papers:

1. [**a copy of any order for transcript;] copies of all orders for transcripts relating to orders on appeal;**

2. a copy of any verified statement, application, or other document filed under [**Rule 551 through Rule 561**] Pa.R.A.P. 551—561 relating to *in forma pauperis*; and

3. if the appeal is to the Supreme Court, the jurisdictional statement required by [**Rule**] Pa.R.A.P. 909.

(c) *Fees*.—The appellant upon filing the notice of appeal shall pay any fees therefor (including docketing fees in the appellate court) prescribed by Chapter 27 [**(fees and costs in appellate courts and on appeal)**].

Official Note: Insofar as the clerk or prothonotary of the [**lower**] trial court is concerned, the notice of appeal is for all intents and purposes a writ in the nature of *certiorari* in the usual form issued out of the appellate court named therein and returnable thereto within the time prescribed by Chapter 19 [**(preparation and transmission of record and related matters)**].

To preserve a mailing date as the filing date for an appeal as of right from an order of the Commonwealth Court, see [**Rule**] Pa.R.A.P. 1101(b).

As to number of copies, see [**note to Rule 124 (form of papers; number of copies)**] Pa.R.A.P. 124, note. The appellate court portion of the filing fee will be transmitted pursuant to regulations adopted under 42 Pa.C.S. § 3502 [**(financial regulations)**].

[**Pending adoption of such rules the subject is regulated by Paragraph 4 of the Order amending this rule, which provides as follows:**

“4. Pending adoption of initial regulations under 42 Pa.C.S. § 3502 (financial regulations), the docketing fee (currently \$12 in the Supreme Court and the Superior Court and \$25 in the Commonwealth Court) paid through the clerk or prothonotary of the lower court pursuant to Rule 905(c) (fees) of the Pennsylvania Rules of Appellate Procedure shall be transmitted as follows:

(a) If the docketing fee is tendered by check payable to the appellate prothonotary, the clerk or prothonotary of the lower court shall transmit the check pursuant to Rule 905(b).

(b) If the docketing fee is tendered by check payable to the clerk of prothonotary of the lower court he or she shall endorse it without recourse to the appropriate appellate prothonotary and transmit the check pursuant to Rule 905(b).

(c) If the docketing fee is tendered in cash the clerk or prothonotary of the lower court shall draw a check in like amount on the account of such clerk or prothonotary to the order of such clerk or prothonotary to the order of the appropriate appellate prothonotary and transmit the check pursuant to Rule 905(b).

(d) In matters arising under 42 Pa.C.S. § 723 (appeals from the Commonwealth Court), the

appellant shall tender the docketing fee in the Supreme Court to the Prothonotary of the Commonwealth Court by check payable to the order of the Prothonotary of the Supreme Court, which shall be transmitted pursuant to Rule 905(b).”]

The better practice will be to pay the fee for filing the notice of appeal in the [**lower**] trial court and the docketing fee in the appellate court by separate checks payable to the respective clerks or prothonotaries.

[**The 1982 amendment to Subdivision (a) corrects deficiencies in previous practice which were illustrated in *State Farm Mutual Auto. Ins. Co. v. Schultz*, 281 Pa. Super. 212, 421 A.2d 1224 (1980).**]

CHAPTER 19. PREPARATION AND TRANSMISSION OF RECORD AND RELATED MATTERS

RECORD ON APPEAL FROM LOWER COURT

Rule 1922. Transcription of Notes of Testimony.

[(a) *General rule*.—Upon receipt of the order for transcript and any required deposit to secure the payment of transcript fees the official court reporter shall proceed to have his notes transcribed, and not later than 14 days after receipt of such order and any required deposit shall lodge the transcript (with proof of service of notice of such lodgment on all parties to the matter) with the clerk of the trial court. Such notice by the court reporter shall state that if no objections are made to the text of the transcript within five days after such notice, the transcript will become a part of the record. If objections are made the difference shall be submitted to and settled by the trial court. The trial court or the appellate court may on application or upon its own motion shorten the time prescribed in this subdivision.

(b) *Diminution of transcription.*

(1) In civil cases, an application for an order providing that less than the entire proceedings shall be transcribed may be made to the trial court by any party within two days after the order for transcript is filed. A party shall have the right to require that any specified part of the notes of testimony or recordings be transcribed, subject to the applicable requirements for the payment of transcript fees.

(2) In criminal cases, diminution of transcription shall be in accordance with Rule 115 of the Pennsylvania Rules of Criminal Procedure (recording and transcribing court proceedings).

(3) In any case, untranscribed notes or recordings shall not be part of the record on appeal for any purpose.

(c) *Certification and filing*.—The trial judge shall examine any part of the transcript as to which an objection is made pursuant to subdivision (a) of this rule or which contains the charge to the jury in a criminal proceeding, and may examine any other part of the transcript, and after such examination and notice to the parties and opportunity for objection (unless previously given) shall correct such transcript. If the trial judge examines any portion of the transcript, he shall certify thereon, by reference to the page and line numbers or the

equivalent, which portions thereof he has read and corrected. If no objections are filed to the transcript as lodged, or after any differences have been settled or other corrections have been made by the court, the official court reporter shall certify the transcript, and cause it to be filed with the clerk of the lower court.]

(a) *Request for Transcripts.*—An appellant may file a request for transcripts under Pennsylvania Rule of Judicial Administration 4007 prior to or concurrent with the notice of appeal. If a deposit is required, the appellant shall make the deposit at the time of the request for the transcript unless the appellant is requesting a waiver of the cost because of economic hardship. Unless another Rule of Appellate Procedure provides a shorter time, the court reporter shall provide the trial judge with the transcript within 14 days of the request for transcript. When the appellant receives notice under Rule of Judicial Administration 4007(D)(3) that the transcript has been prepared, the appellant has 14 days to pay the final balance in compliance with that rule.

(b) *Filing of the Transcript.*—When the transcript is delivered to the filing office and the parties under Pennsylvania Rule of Judicial Administration 4007(D)(4), the transcript shall be entered on the docket.

(c) *Corrections to Transcript.*—If a transcript contains an error or is an incomplete representation of the proceedings, the omission or misstatement may be corrected by the following means:

(1) By objection. A party may file a written objection to the filed transcript. Any party may answer the objection. The trial court shall resolve the objections and then direct that the transcript as corrected be made a part of the record and transmitted to the appellate court.

(2) By stipulation of the parties filed in the trial court. If the trial court clerk has already certified the record, the parties shall file in the appellate court a copy of any stipulation filed pursuant to this rule, and the trial court shall direct that the transcript as corrected be made a part of the record and transmitted to the appellate court.

(3) By the trial court or, if the record has already been transmitted to the appellate court by the appellate court or trial court on remand, with notice to all parties and an opportunity to respond.

(d) *Emergency appeals.*—Where the exigency of the case is such as to impel immediate consideration in the appellate court, the trial judge shall take all action necessary to expedite the preparation and transmission of the record notwithstanding the usual procedures prescribed in this chapter or in the Rules of Judicial Administration. [Pending action by the lower court under this subdivision any party may proceed in the appellate court under Rule 1923 (statement in absence of transcript) and may append to any filing in the appellate court as much of the record below as the party desires to bring to the attention of the appellate court.]

[*Official Note:* Based in part upon former Supreme Court Rule 56, former Superior Court Rule 46, and former Commonwealth Court Rule 25 and the act of May 11, 1911 (P.L. 279, No. 179), § 4 (12

P.S. § 1199). The 14 day requirement is designed to fix an objective standard to guide the official court reporter and the lower court, so as to permit the settling of any objections by the lower court and the physical preparation and transmission by the clerk of the record within the 40 day period fixed by Rule 1931 (transmission of the record). Although under these rules a writ of certiorari is no longer issued, the requirements of these rules have the effect of a Supreme Court order, and the lower court is expected to give the transcription of notes of testimony under this rule priority over unappealed matters in the lower court.

The certification requirement of subdivision (c) recognizes that in practice the trial judge ordinarily will not actually read the transcript prior to certification unless objection is made by one of the parties. However, the rule requires the judge to review and correct the charge in criminal cases, to avoid the problems which arise when a later attempt is made by the trial judge under Rule 1926 (correction and modification of the record) to conform the transcript to his recollection of events.]

Official Note: Depending on the order issued by the trial court a party may wish to seek appellate review of an order under paragraph c by application or in the merits brief. The 2016 amendments addressed changes in the Rules of Judicial Administration. In addition, the amendment eliminated time limits for objections to or requests for correction of the transcript. An objection to a transcript must be raised if, for example, a critical portion of the proceedings was not transcribed.

Rule 1925. Opinion in Support of Order.

(a) *Opinion in support of order.*

(1) *General rule.*—Except as otherwise prescribed by this rule, upon receipt of the notice of appeal, the judge who entered the order giving rise to the notice of appeal, if the reasons for the order do not already appear of record, shall [forthwith] within the 60-day period set forth in Pa.R.A.P. 1931(a)(1) file of record at least a brief opinion of the reasons for the order, or for the rulings or other errors complained of, or shall specify in writing the place in the record where such reasons may be found.

If the case appealed involves a ruling issued by a judge who was not the judge entering the order giving rise to the notice of appeal, the judge entering the order giving rise to the notice of appeal may request that the judge who made the earlier ruling provide an opinion to be filed in accordance with the standards above to explain the reasons for that ruling.

(2) *Children's fast track appeals.*—In a children's fast track appeal:

(i) The concise statement of errors complained of on appeal shall be filed and served with the notice of appeal [required by Rule 905]. [See Pa.R.A.P. 905(a)(2).]

(ii) Upon receipt of the notice of appeal and the concise statement of errors complained of on appeal required by [Rule] Pa.R.A.P. 905(a)(2), the judge who entered the order giving rise to the notice of appeal, if the reasons for the order do not already appear of record, shall within 30 days file of record at least a brief opinion of the reasons for the order, or for the rulings or other errors complained of, which may, but need not, refer to the transcript of the proceedings.

(3) *Appeals arising under the Pennsylvania Code of Military Justice.*—In an appeal arising under the Pennsylvania Code of Military Justice, the concise statement of errors complained of on appeal shall be filed and served with the notice of appeal. See Pa.R.A.P. 4004(b).

(b) *Direction to file statement of errors complained of on appeal; instructions to the appellant and the trial court.*—If the judge entering the order giving rise to the notice of appeal (“judge”) desires clarification of the errors complained of on appeal, the judge may enter an order directing the appellant to file of record in the trial court **[and serve on the judge]** a concise statement of the errors complained of on appeal (“Statement”).

(1) *Filing and service.*—The Appellant shall file of record the Statement **[and concurrently shall serve the judge]**. **[Filing of record and service on the judge shall be in person or]** If filing of record is by mail as provided in Pa.R.A.P. 121(a) **[and shall]** it will be complete on mailing if appellant obtains a United States Postal Service Form 3817, Certificate of Mailing, or other similar United States Postal Service form from which the date of deposit can be verified, in compliance with the requirements set forth in Pa.R.A.P. 1112(c). Service on parties shall be concurrent with filing and shall be by any means of service specified under Pa.R.A.P. 121(c).

(2) *Time for filing [and service].*—

(i) The judge shall allow the appellant at least 21 days from the date of the order’s entry on the docket for the filing **[and service]** of the Statement. Upon application of the appellant **or cross-appellant** and for good cause shown, the judge may enlarge the time period initially specified or permit an amended or supplemental Statement to be filed. Good cause includes, but is not limited to, delay in the production of a transcript necessary to develop the Statement so long as the delay is not attributable to a lack of diligence in ordering or paying for such transcript by the party or counsel on appeal. In extraordinary circumstances, the judge may allow for the filing of a Statement or amended or supplemental Statement *nunc pro tunc*.

(ii) **If the appellant or cross-appellant has ordered but not received a transcript necessary to develop the Statement, that party may request an extension of the deadline to file the Statement until 21 days following the date of entry on the docket of the transcript in accordance with Pa.R.A.P. 1922(b). The party must attach the transcript purchase order to the motion for the extension. If the motion is filed at least five days before the Statement is due but the trial court does not rule on the motion prior to the original due date, the motion will be deemed to have been granted.**

(3) *Contents of order.*—The judge’s order directing the filing **[and service]** of a Statement shall specify:

(i) the number of days after the date of entry of the judge’s order within which the appellant must file **[and serve]** the Statement;

(ii) that the Statement shall be filed of record;

[(iii) that the Statement shall be served on the judge pursuant to paragraph (b)(1);

(iv) that any issue not properly included in the Statement timely filed and served pursuant to subdivision (b) shall be deemed waived.]

(iii) that any issue not properly included in a timely Statement pursuant to paragraph (b) may be considered waived.

(4) *Requirements; waiver.*

(i) The Statement shall set forth only those **[rulings or]** errors that the appellant intends to challenge.

(ii) The Statement shall concisely identify each **[ruling or]** error that the appellant intends to **[challenge]** assert with sufficient detail to identify **[all pertinent issues]** the issue to be raised for the judge. The judge shall not require the citation to authorities **or the record**; however, appellant may choose to include pertinent authorities **and record citations** in the Statement.

(iii) The judge shall not require **[appellant or appellee]** any party to file a brief, memorandum of law, or response as part of or in conjunction with the Statement.

(iv) The Statement should not be redundant or provide lengthy explanations as to any error. Where non-redundant, non-frivolous issues are set forth in an appropriately concise manner, the number of errors raised will not alone be grounds for finding waiver.

(v) Each error identified in the Statement will be deemed to include every subsidiary issue **[contained therein which]** that was raised in the trial court; this provision does not in any way limit the obligation of a criminal appellant to delineate clearly the scope of claimed constitutional errors on appeal.

(vi) If the appellant **or cross-appellant** in a civil case cannot readily discern the basis for the judge’s decision, the appellant **or cross-appellant** shall preface the Statement with an explanation as to why the Statement has identified the errors in only general terms. In such a case, the generality of the Statement will not be grounds for finding waiver.

(vii) **[Issues]** On a direct criminal appeal, any issues not included in the Statement and/or not raised in accordance with the provisions of this **[paragraph]** subparagraph (b)(4) are waived. **In all other appeals, a deficiency in a Statement will not result in waiver unless the deficiency interferes with or effectively precludes appellate review.**

(c) *Remand.*

(1) An appellate court may remand in either a civil or criminal case for a determination as to whether a Statement had been filed **[and/or served]** or timely filed **[and/or served]**.

(2) Upon application of the appellant and for good cause shown, an appellate court may remand in a civil case for the filing *nunc pro tunc* of a Statement or for amendment or supplementation of a timely filed **[and served]** Statement and for a concurrent supplemental opinion.

(3) If an appellant in a criminal case was ordered to file a Statement and failed to do so, such that the appellate court is convinced that counsel has been *per se* ineffective, the appellate court shall remand for the filing of a Statement *nunc pro tunc* and for the preparation and filing of an opinion by the judge.

(4) In a criminal case, counsel may file of record **[and serve on the judge]** a statement of intent to file an *Anders*/ **[McClendon] Santiago** brief in lieu of filing a

Statement. If, upon review of the *Anders*/[*McClendon*] *Santiago* brief, the appellate court believes that there are arguably meritorious issues for review, those issues will not be waived; instead, the appellate court may remand for the filing of a Statement, a supplemental opinion pursuant to [**Rule**] Pa.R.A.P. 1925(a), or both. Upon remand, the trial court may, but is not required to, replace appellant's counsel.

(d) *Opinions in matters on petition for allowance of appeal*.—Upon receipt of notice of the filing of a petition for allowance of appeal under [**Rule 1112(c) (appeals by allowance)**] Pa.R.A.P. 1112(c), the **intermediate appellate court [below which] that entered the order sought to be reviewed, if the reasons for the order do not already appear of record, shall forthwith file of record at least a brief statement, in the form of an opinion, of the reasons for the order.**

Official Note: [Subdivision (a)] Paragraph (a)—The 2007 amendments clarify that a judge whose order gave rise to the notice of appeal may ask a prior judge who made a ruling in question for the reasons for that judge's decision. In such cases, more than one judge may issue separate [**Rule**] Pa.R.A.P. 1925(a) opinions for a single case. It may be particularly important for a judge to author a separate opinion if credibility was at issue in the pretrial ruling in question. *See, e.g., Commonwealth v. Yogel*, [**307 Pa. Super. 241, 243-44**], 453 A.2d 15, 16 (Pa. Super. 1982). At the same time, the basis for some pre-trial rulings will be clear from the order and/or opinion issued by the judge at the time the ruling was made, and there will then be no reason to seek a separate opinion from that judge under this rule. *See, e.g., Pa.R.Crim.P. 581(D)*. Likewise, there will be times when the prior judge may explain the ruling to the judge whose order has given rise to the notice of appeal in sufficient detail that there will be only one opinion under [**Rule**] Pa.R.A.P. 1925(a), even though there are multiple rulings at issue. The time period for transmission of the record is specified in Pa.R.A.P. 1931, and that rule was concurrently amended to expand the time period for the preparation of the opinion and transmission of the record.

[**Subdivision (b)] Paragraph (b)**—This [**subdivision**] **paragraph** permits the judge whose order gave rise to the notice of appeal (“judge”) to ask for a statement of errors complained of on appeal (“Statement”) if the record is inadequate and the judge needs to clarify the errors complained of. The term “errors” is meant to encourage appellants to use the Statement as an opportunity to winnow the issues, recognizing that they will ultimately need to be refined to a statement that will comply with the requirements of Pa.R.A.P. 2116. Nonetheless, the term “errors” is intended in this context to be expansive, and it encompasses all of the reasons the trial court should not have reached its decision or judgment, including, for example, those that may not have been decisions of the judge, such as challenges to jurisdiction.

[**Paragraph (b)(1) This paragraph maintains the requirement that the Statement be both filed of record in the trial court and served on the judge. Service on the judge may be accomplished by mail or by personal service. The date of mailing will be considered the date of filing and of service upon the judge only if counsel obtains a United States Postal Service form from which the date of mailing can be verified, as specified in Pa.R.A.P. 1112(c). Counsel is advised to retain date-stamped copies of**

the postal forms (or pleadings if served by hand), in case questions arise later as to whether the Statement was timely filed or served on the judge.

Paragraph (b)(2) This paragraph] Subparagraph (b)(2)—This subparagraph extends the time period for drafting the Statement from 14 days to at least 21 days, with the trial court permitted to enlarge the time period or to allow the filing of an amended or supplemental Statement upon good cause shown. In *Commonwealth v. Mitchell*, [**588 Pa. 19, 41**,] 902 A.2d 430, 444 (Pa. 2006), the Court expressly observed that a Statement filed “after several extensions of time” was timely. An enlargement of time upon timely application might be warranted if, for example, there was a serious delay in the transcription of the notes of testimony or in the delivery of the order to appellate counsel. **The 2016 amendments to the rule provide the opportunity to obtain an extension of time to file the Statement until 21 days after the transcript is filed pursuant to Pa.R.A.P. 1922(b). The appellant may file a motion for an extension of time, which, if filed in accordance with the rule, will be deemed granted if not expressly denied before the Statement is due.**

A trial court should **also** enlarge the time or allow for an amended or supplemental Statement when new counsel is retained or appointed. A supplemental Statement may also be appropriate when the ruling challenged was so non-specific—*e.g.*, “Motion Denied”—that counsel could not be sufficiently definite in the initial Statement.

In general, *nunc pro tunc* relief is allowed only when there has been a breakdown in the process constituting extraordinary circumstances. *See, e.g., In re Canvass of Absentee Ballots of Nov. 4, 2003 Gen. Election*, [**577 Pa. 231, 248-49**,] 843 A.2d 1223, 1234 (Pa. 2004) (“We have held that fraud or the wrongful or negligent act of a court official may be a proper reason for holding that a statutory appeal period does not run and that the wrong may be corrected by means of a petition filed *nunc pro tunc*.”) Courts have also allowed *nunc pro tunc* relief when “non-negligent circumstances, either as they relate to appellant or his counsel” occasion delay. *McKeown v. Bailey*, 731 A.2d 628, 630 (Pa. Super. 1999). However, even when there is a breakdown in the process, the appellant must attempt to remedy it within a “very short duration” of time. *Id.*; [***Amicone v. Rok*, 839 A.2d 1109, 1113 (Pa. Super. 2003) (recognizing a breakdown in process, but finding the delay too long to justify nunc pro tunc relief).**

Paragraph (b)(3) This paragraph specifies what the judge must advise appellants when ordering a Statement.

Paragraph (b)(4) This paragraph] Subparagraph (b)(4)—This subparagraph sets forth the parameters for the Statement and explains [**what constitutes waiver. It should help counsel to comply with the concise-yet-sufficiently-detailed requirement and avoid waiver under either *Lineberger v. Wyeth*, 894 A.2d 141, 148-49 (Pa. Super. 2006) or *Kanter v. Epstein*, 866 A.2d 394, 400-03 (Pa. Super. 2004), allowance of appeal denied, 584 Pa. 678, 880 A.2d 1239 (2005), cert. denied sub nom. *Spector Gadon & Rosen, P.C. v. Kanter*; 546 U.S. 1092 (2006). The paragraph explains] that the Statement should be sufficiently specific to allow the judge to draft the opinion required under Pa.R.A.P. 1925(a)[, and it]. It provides that the number of issues alone will not constitute**

waiver—so long as the issues set forth are non-redundant and non-frivolous. It allows appellants **and cross-appellants** to rely on the fact that subsidiary issues will be deemed included if the overarching issue is identified and if all of the issues have been properly preserved in the trial court. This provision has been taken from the United States Supreme Court rules. *See* Sup. Ct. R. 14(1). This paragraph does not in any way excuse the responsibility of an appellant who is raising claims of constitutional error to raise those claims with the requisite degree of specificity. This [paragraph] subparagraph also allows—but does not require—an appellant to state the authority upon which the appellant challenges the ruling in question[, but it expressly recognizes that a Statement is not a brief and that an appellant shall not file a brief with the Statement] and to identify the place in the record where the basis for the challenge may be found. [This paragraph also recognizes that there may be times that a civil appellant cannot be specific in the Statement because of the non-specificity of the ruling complained of on appeal. In such instances, civil appellants may seek leave to file a supplemental Statement to clarify their position in response to the judge’s more specific Rule 1925(a) opinion.]

Neither the number of issues raised nor the length of the Statement alone is enough to find that a Statement is vague or non-concise enough to constitute waiver. *See Astorino v. New Jersey Transit Corp.*, 912 A.2d 308, 309 (Pa. Super. 2006). The more carefully the appellant frames the Statement, the more likely it will be that the judge will be able to articulate the rationale underlying the decision and provide a basis for counsel to determine the advisability of appealing that issue. Thus, counsel should begin the winnowing process when preparing the Statement and should articulate specific rulings with which the appellant takes issue and why. Nothing in the rule requires an appellant to articulate the arguments within a Statement. It is enough for an appellant—except except where constitutional error must be raised with greater specificity—to have identified the rulings and issues that comprise the putative trial court errors.

The 2016 amendment to the rule distinguishes between direct criminal appeals and all other appeals concerning waiver for the filing of a deficient Statement. Waiver of issues on appeal because of deficiencies in the Statement that do not interfere with or effectively preclude appellate review is an unnecessary and harsh result. The determination whether a deficiency interferes with or effectively precludes appellate review, however, can be made only on a case-by-case basis. A case-by-case determination is not a suitable rule for direct criminal appeals, where consistency and regularity of application is necessary, in part because federal courts reviewing state court convictions assess whether state rules of procedure are consistently and regularly applied. *See Boyd v. Warden*, 579 F.3d 330, 368 (3d Cir. 2009) (*en banc*) (recognizing that an adequate and independent state ground precludes a federal habeas court from addressing the state court’s resolution of a federal law question if the state court decision is on a state law ground that is independent of the federal question and that can support the judgment, which in turn requires the rule to speak in “unmistakable terms;” the state

appellate courts all refused to review the claim on the merits; and that refusal was consistent with other state court decisions). Accordingly, in all appeals other than direct criminal appeals, the 2016 amendment revives the case-by-case discretionary review by the appellate court and allows the determination that deficiencies in a Statement do not preclude effective appellate review and thus do not result in waiver.

[Subdivision (c)] *Paragraph (c)*—The appellate courts have the right under the Judicial Code to “affirm, modify, vacate, set aside or reverse any order brought before it for review, and may remand the matter and direct the entry of such appropriate order, or require such further proceedings to be had as may be just under the circumstances.” 42 Pa.C.S. § 706. [The following additions to the rule are based upon this statutory authorization.]

[Paragraph (c)(1) This paragraph] *Subparagraph (c)(1)*—This subparagraph applies to both civil and criminal cases and allows an appellate court to seek additional information—whether by supplementation of the record or additional briefing—if it is not apparent whether an initial or supplemental Statement was filed [and/or served] or timely filed [and/or served].

[Paragraph (c)(2) This paragraph] *Subparagraph (c)(2)*—This subparagraph allows an appellate court to remand a civil case to allow an initial, amended, or supplemental Statement and/or a supplemental opinion. *See also* 42 Pa.C.S. § 706.

[Paragraph (c)(3) This paragraph] *Subparagraph (c)(3)*—This subparagraph allows an appellate court to remand in criminal cases only when the appellant has completely failed to respond to an order to file a Statement. It is thus narrower than subparagraph (c)(2), above. Prior to [these] amendments of this rule, the appeal was quashed if no timely Statement was filed or served; however, because the failure to file [and serve] a timely Statement is a failure to perfect the appeal, it is presumptively prejudicial and “clear” ineffectiveness. *See, e.g., Commonwealth v. Halley*, [582 Pa. 164, 172,] 870 A.2d 795, 801 (Pa. 2005); *Commonwealth v. West*, 883 A.2d 654, 657 (Pa. Super. 2005). *Per se* ineffectiveness does not apply in situations in which, for example, counsel files a deficient brief; in such cases, prejudice must be proven. *See, e.g., Commonwealth v. Reed*, 971 A.2d 1216, 1227 (Pa. 2009). Direct appeal rights have typically been restored through a post-conviction relief process, but when the ineffectiveness is apparent and *per se*, the court in *West* recognized that the more effective way to resolve such *per se* ineffectiveness is to remand for the filing of a Statement and opinion. *See West*, 883 A.2d at 657. The procedure set forth in *West* is codified in [paragraph] subparagraph (c)(3). As the *West* court recognized, this rationale does not apply when waiver occurs due to the improper filing of a Statement. In such circumstances, relief may occur only through the post-conviction relief process and only upon demonstration by the appellant that, but for the deficiency of counsel, it was reasonably probable that the appeal would have been successful. An appellant must be able to identify *per se* ineffectiveness to secure a remand under this section, and any appellant who is able to demonstrate *per se* ineffectiveness is entitled to a remand. Accordingly, this paragraph does not

raise the concerns addressed in *Johnson v. Mississippi*, 486 U.S. 578, 588-89 (1988) (observing that where a rule has not been consistently or regularly applied, it is not—under federal law—an adequate and independent state ground for affirming petitioner’s conviction).

[**Paragraph (c)(4)**] **Subparagraph (c)(4)**—This paragraph clarifies the special expectations and duties of a criminal lawyer. Even lawyers seeking to withdraw pursuant to the procedures set forth in *Anders v. California*, 386 U.S. 738 (1967) and [*Commonwealth v. McClendon*, 495 Pa. 467, 434 A.2d 1185 (1981)] *Commonwealth v. Santiago*, 978 A.2d 349 (Pa. 2009), are obligated to comply with all rules [, including the filing of a Statement]. [See *Commonwealth v. Myers*, 897 A.2d 493, 494-96 (Pa. Super. 2006); *Commonwealth v. Ladamus*, 896 A.2d 592, 594 (Pa. Super. 2006).] However, because a lawyer will not file an *Anders*/ [*McClendon*] *Santiago* brief without concluding that there are no non-frivolous issues to raise on appeal, this amendment allows a lawyer to file, in lieu of a Statement, a representation that no errors [**have been raised**] are **asserted** because the lawyer is (or intends to be) seeking to withdraw under *Anders*/ [*McClendon*] *Santiago*. At that point, the appellate court will reverse or remand for a supplemental Statement and/or opinion if it finds potentially non-frivolous issues during its constitutionally required review of the record.

[**Subdivision**] **Paragraph (d)** was formerly (c). [**The text has not been**] **When the rule was amended in 2007, the text was not** revised, except to update the reference to Pa.R.A.P. 1112(c).

EXPLANATORY COMMENT

Pa.R.A.P. 1925 requires the trial court, upon receipt of a notice of appeal, to provide the appellate court the reasons for its decision. The rule authorizes the trial court to direct the appellant to provide a statement of errors complained of on appeal (“Statement”). The Statement process has given rise to waiver concerns that the Committee is proposing to address with three amendments to Pa.R.A.P. 1925, related amendments to Pa.R.A.P. 1922, and conforming amendments to Pa.R.A.P. 905.

The first waiver concern relates to difficulties experienced in filing a timely and accurate Statement when the trial transcript is not yet available. In order for a Statement to be of assistance to a trial judge, the party authoring the Statement needs to be able to identify errors with specificity, something that is frequently difficult or impossible unless and until counsel (or a party proceeding *pro se*) can review the transcripts associated with the orders in question. Currently, the practice in absence of a transcript varies widely. In some cases, a party files an initial Statement, and then moves to amend or supplement when the transcript(s) become available. In others, a party seeks multiple extensions. In yet others, a party asks for an extension until the transcript is received—although under the current rules, the date that an appellant receives a transcript is not reflected on the docket and thus cannot be readily verified by the trial

or appellate courts. In each instance, a party risks waiver of appellate issues for lack of strict compliance. The Committee proposes to modify current practice by amending (1) Pa.R.A.P. 1922 to require entry of the transcript on the docket when transcribed, with notice to be sent to the parties; and (2) Pa.R.A.P. 1925(b) to permit a party to secure an extension to file the Statement until 21 days after the entry of the transcript on the docket, by completing two steps. The first step is for the party to make a timely request the transcript, complying with all necessary requirements. The second is for the party to file a timely (i.e., more than five days prior to the time the Statement is due) request for an extension, explaining that an extension is needed because the transcript has not yet been prepared and attaching the transcript purchase order form. If the trial court does not rule on the extension request by the original Statement due date, the extension will be deemed granted.

The second waiver concern relates to the current rule’s requirement that the appellant file the Statement with the trial court and also serve it directly on the trial judge. The courts have found waiver in cases in which both requirements have not been met, even though the record reveals that the appellant attempted to serve the trial judge or the trial judge had actual access to the Statement. The Committee believes that filing is sufficient to assure that the trial judge has access to the Statement. Moreover, the increase in electronic filing should make direct service on the trial judge redundant. Accordingly, this proposal eliminates the requirement to serve the trial judge, *except* in cases such as Children’s Fast Track appeals where the Statement is required to be attached to the notice of appeal, and thus will be served on the trial judge automatically pursuant to Pa.R.A.P. 906.

The third waiver concern relates to the harshness of enforcing a bright-line rule that failure to file a timely Statement, or failure to include an issue in a timely-filed Statement, will result in waiver. Although the bright-line waiver rule began in criminal cases, where there is a need for certainty and predictability, and where there is also a remedy for ineffective assistance of counsel, it was quickly applied to all cases. In some contexts, and particularly in parental termination, juvenile delinquency, custody, and civil commitment cases, there is some recognition that counsel can provide ineffective assistance, but there is no collateral review available. The consequences of attorney waiver in those cases are extremely serious, however. Likewise, in civil appeals, a client’s recourse for issues not preserved is to incur the cost of prosecuting a separate malpractice case. Accordingly, the Committee is proposing to revise the standard for waiver in all but criminal cases, reimplementing the prior standard and thus limiting the opportunity for waiver. Under the proposed amendment, waiver is appropriate if, and only if, a deficiency in a Statement “interferes with or effectively precludes appellate review.”

The Committee is proposing corollary changes to Pa.R.A.P. 905. In addition, the Committee proposes amending Pa.R.A.P. 1922 to reflect the new Rules of Judicial Administration and to set forth a process for correcting the transcript, in addition to modifying the process for filing objections to a transcript.

Committee Explanatory Reports:

Final Report explaining the March 1, 2000 reorganization and renumbering of the rules published with the Court's Order at 30 Pa.B. 1478 (March 18, 2000).

Final Report explaining the August 31, 2016 Comment revision refining the definition of “unavailable” to include the elderly published with the Court's Order at 46 Pa.B. 5893 (September 17, 2016).

FINAL REPORT¹

Revision to the Comment to Pa.R.Crim.P. 500

Availability of the Elderly to Testify

On August 31, 2016, effective October 1, 2016, upon the recommendation of the Criminal Procedural Rules Committee, the Court approved the revision of the Comment to Rule of Criminal Procedure 500 (Preservation of Testimony after Institution of Criminal Proceedings) to clarify that the Rule 500 procedures were available in circumstances where a witness is elderly, frail or demonstrating symptoms of mental infirmity or dementia.

In April 2013, the Court created the Elder Law Task Force to study the issues of access to justice being faced by older Pennsylvanians. In November 2014, the Task Force issued a report with a number of recommendations intended to enhance the way Pennsylvania elders interact with the state court system and are protected in cases involving abuse, neglect, guardianship, conservatorship and other matters.² Based on the recommendation of the Task Force, the Court established an Office of Elder Justice in the Courts to implement many of the recommendations in the report as well as an Advisory Council on Elder Justice in the Courts to serve as the judiciary's liaison to the executive and legislative branches. In addition, in May 2015, the Court directed the Committee to consider the recommendations of the Elder Law Task Force that related to criminal procedure.

One of the Task Force's recommendations related to criminal procedural issues is the suggestion that the Comment to Pa.R.Crim.P. 500 (Preservation of Testimony) be revised “to help ensure the testimony of elder victims and witnesses in criminal cases can be preserved.”³ Rule 500 provides procedures for the pre-trial preservation of testimony of those witnesses who may be unavailable to testify for trial or other proceedings or where, due to exceptional circumstances, it is in the interests of justice to preserve the witness' testimony. Consistent with the Task Force's recommendation, the Advisory Council suggested to the Court that the Rule 500 Comment be revised to further define the phrase “exceptional circumstances” to include the circumstances where the victim is an elder, is frail, or demonstrates the symptoms of mental infirmity or dementia, creating the risk that they will not be able to testify in the future.

The Committee considered that the language of the Comment already is broad enough to cover the situation where a victim/witness would be unavailable to testify due to age-related incapacity such as frailty or dementia. However, the Committee concluded that it would be helpful to explicitly state in the Comment that these conditions are contemplated by the rule. Therefore, the language of the third paragraph of the Comment has been revised as follows:

“May be unavailable,” as used in paragraph (A), is intended to include situations in which the court has reason to believe that the witness will be unable to be present or to testify at trial or other proceedings, such as when the witness is dying, or will be out of the jurisdiction and therefore cannot be effectively served with a subpoena, **or is elderly, frail or demonstrating symptoms of mental infirmity or**

¹ The Committee's Final Reports should not be confused with the official Committee Comments to the rules. Also note that the Supreme Court does not adopt the Committee's Comments or the contents of the Committee's explanatory Final Reports.

dementia, or may become incompetent to testify for any **other** legally sufficient reason.

The revision also adds the word “other” before “legally sufficient reason” to the final phrase of the paragraph since mental infirmity and dementia are also “legally sufficient reasons” for determining unavailability.

Rule 212.5. Mediation.

(a) Certification of Mediators.

(1) The President Judge shall certify as many mediators as determined to be necessary.

(2) All mediators will be members of the Fayette County Bar Association.

(3) An attorney may be certified by the President Judge as a mediator if:

(i) he or she has been a member of the Pennsylvania bar for a minimum of ten (10) years;

(ii) he or she has been admitted to practice before the Fayette County Court of Common Pleas;

(iii) he or she has been referred to the President Judge by the Civil Rules Committee of the Fayette County Bar Association. Notwithstanding such referral, the President Judge may nonetheless certify an attorney as a mediator.

(iv) he or she has been determined by the President Judge to be competent to perform the duties of a mediator;

(v) he or she has professional liability insurance in the minimum amount of a \$300,000.00 single limit policy.

(4) Each individual certified as a mediator shall take the oath or affirmation prescribed by 42 Pa.C.S.A. § 3151 before serving as a mediator.

(5) A list of all persons certified as mediators shall be maintained in the office of the Court Administrator.

(6) A member of the bar certified as a mediator may be removed from the list of certified mediators by the President Judge for any reason.

(b) Payment of Mediators.

(1) The parties shall pay the mediator directly. The court assumes no responsibility for the supervision or enforcement of the parties' agreement to pay for mediation services.

(2) Any charges relating to the mediator's services shall be shared equally by the parties.

(3) The mediator shall be paid a mediation fee of One Hundred and Seventy-Five (\$175.00) Dollars per hour, divided equally among all of the parties to the mediation. A deposit of One Hundred and Seventy-Five (\$175.00) Dollars shall be paid by each party within twenty (20) days of the order directing mediation. Failure to pay the deposit by all parties shall result in the cancellation of the mediation and shall subject the offending party to sanctions pursuant to Pa.R.Civ.P. 4019. Failure to pay the balance due twenty (20) days after receipt of the mediator's bill shall subject the offending party to sanctions pursuant to Pa.R.Civ.P. 4019.

(4) Except as provided herein, a mediator shall not accept anything of value from any source for services provided under the court-annexed mediation program.

(c) Types of Cases Eligible for Mediation.

Every personal injury, medical or professional malpractice, wrongful death or damage to property action filed in the Fayette County Court of Common Pleas is eligible for mediation, except any case which the assigned judge determines, after application by any party or by the mediator, is not suitable for mediation.

(d) Voluntary Mediation.

The parties to any civil action, with the exception of arbitration and domestic relations/custody cases, may voluntarily submit the case to mediation by filing a joint motion of all parties with the assigned judge in accordance with the local Motions Court procedure.

(e) Mandatory Mediation.

The assigned judge may order a case to mandatory mediation at any time. All cases selected for mandatory mediation by the assigned judge, and which are not settled or referred to arbitration, shall be given preference pursuant to Pa.R.Civ.P. 214(2) on the trial list of the assigned judge.

(f) Mediation Conference Scheduling.

(1) When the court makes a determination that referral to mediation is appropriate, it shall issue an order referring the case to mediation, appointing the mediator, directing the mediator to establish the date, time and place for the mediation session and setting forth the name, address, and telephone number of the mediator.

Within ten (10) days of his or her assignment, the mediator shall notify all parties and the Court Administrator of the date, time and place of the mediation, which shall be within forty-five (45) days of the assignment.

(2) The mediation session shall be held before a mediator selected by the assigned judge from the list of mediators certified by the President Judge.

(3) The court administrator shall provide the mediator with a current docket sheet.

(4) The mediator shall advise the court administrator as to which documents in the case file the mediator desires copies of for the mediation session. The clerk shall provide the mediator with all requested copies at no charge to the mediator. However, the assigned Judge, in his or her discretion, may require that the parties share in the cost of providing the necessary copies.

(5) Any continuance of the mediation session beyond the period prescribed in the referral order must be approved by the assigned judge.

(6) A person selected as a mediator shall be disqualified for bias or prejudice as if he or she were a district justice or judge. A party may assert the bias or prejudice of an assigned mediator by filing an affidavit with the assigned judge stating that the mediator has a personal bias or prejudice. The judge may, in his or her discretion, end alternative dispute resolution efforts, refer the case to another mediator, refer the case back to the original mediator or initiate another alternative dispute resolution mechanism.

(g) The Mediation Session and Confidentiality of Mediation Communications.

(1) The mediation session shall take place as directed by the court and the assigned mediator. The mediation session shall take place in a neutral setting designated by the mediator.

(2) The parties shall not contact or forward documents to the mediator except as directed by the mediator or the court.

(3) At least ten (10) days prior to the Mediation, the parties and/or their attorneys shall be required to prepare and submit a Confidential Position Paper disclosed only to the mediator in the format attached or as modified by the mediator or the assigned judge. The Confidential position paper shall not become a part of the court record and shall be destroyed at the conclusion of the mediation.

(4) If the mediator determines that no settlement is likely to result from the mediation session, the mediator shall terminate the session and promptly thereafter file a report with the assigned Judge stating that there has been compliance with the requirements of mediation in accordance with the local rules, but that no settlement has been reached.

(5) In the event that a settlement is achieved at the mediation session, the mediator shall file a report with the assigned Judge stating that a settlement has been achieved. The order of referral may direct the mediator to file the report in a specific form.

(6) Unless stipulated in writing by all parties and the mediator or except as required by law or otherwise ordered by the court, all discussions which occur during mediation shall remain strictly confidential and no communication at any mediation session (including, without limitation, any verbal, nonverbal or written communication which refers to or relates to mediation of the pending litigation) shall be disclosed to any person not involved in the mediation process, and no aspect of the mediation session shall be used by anyone for any reason.

(7) No one shall have a recording or transcript made of the mediation session, including the mediator.

(8) The mediator shall not be called to testify as to what transpired in the mediation.

(9) Prior to the beginning of the mediation, all parties and their attorneys shall be required to sign a form developed by the Court wherein the parties agree:

(i) to the terms of the mediation; and

(ii) to waive any professional liability claims that they might assert against the mediator, the assigned Judge, the Court of Common Pleas of the 14th Judicial District, or Fayette County, as a result of their participation in the mediation process.

(h) *Duties of Participants at the Mediation Session.*

(1) *Parties.* All named parties and their counsel are required to attend the mediation session, participate in good faith and be prepared to discuss all liability issues, all defenses and all possible remedies, including monetary and equitable relief. Those in attendance shall possess complete settlement authority, independent of any approval process or supervision, except as set forth in subparagraphs (A) and (B) below.

Unless attendance is excused, willful failure to attend the mediation session will be reported by the mediator to the court and may result in the imposition of sanctions pursuant to Pa.R.Civ.P. 4019.

(A) *Corporation or Other Entity.* A party other than a natural person (e.g., a corporation or association) satisfies this attendance requirement if represented by a person (other than outside counsel) who either has authority to settle or who is knowledgeable about the facts of the case,

the entity's position, and the policies and procedures under which the entity decides whether to accept proposed settlements.

(B) *Government Entity.* A unit or agency of government satisfies this attendance requirement if represented by a person who either has authority to settle or who is knowledgeable about the facts of the case, the government unit's position, and the policies and procedures under which the governmental unit decides whether to accept proposed settlements. If the action is brought by or defended by the government on behalf of one or more individuals, at least one such individual also shall attend.

(2) *Counsel.* Each party shall be accompanied at the mediation session by the attorney who will be primarily responsible for handling the trial of the matter.

(3) *Insurers.* Insurer representatives are required to attend in person unless excused, if their agreement would be necessary to achieve a settlement. Insurer representatives shall possess complete settlement authority, independent of any approval process or supervision.

(4) *Request to be Excused.* A person who is required to attend a mediation session may be excused from attending in person only after a showing that personal attendance would impose an extraordinary or otherwise unjustifiable hardship. A person seeking to be excused must submit, no fewer than ten (10) days before the date set for the mediation, a written request to the mediator, simultaneously copying all counsel. The written request shall set forth all considerations that support the request and shall indicate whether the other party or parties join in or object to the request. A proposed order prepared for the signature of the Judge shall be submitted to the mediator with the request. The mediator shall promptly consider the request and shall submit the proposed order to the Judge with a recommendation that the request be granted or denied. In the absence of an order excusing attendance, the person must attend.

Where an individual requests to be excused from personal participation at the mediation, a preference shall be given to attending by telephone at the expense of the excused party rather than complete excusal from the mediation.

(i) *Mediator's Report.*

Within fifteen (15) days of the mediation, the mediator shall send to the assigned judge a mediation report which shall advise that court whether the case has settled. If not, the mediation report shall set forth the following:

(1) plaintiff's final settlement demand;

(2) defendant's final settlement offer;

(3) Mediator's assessment of liability;

(4) Mediator's assessment of damages;

(5) Mediator's opinion regarding potential range of verdict and settlement value of case; and

(6) Mediator's recommendation regarding settlement of case.

The mediator shall provide all parties and the Court Administrator with a copy of the mediation report.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907)

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.302—6026.305) require the Department to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. A person intending to use the background standard, Statewide health standard, the site-specific standard or intend to remediate a site as a special industrial area shall file a Notice of Intent to Remediate with the Department. A Notice of Intent to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site and a description of the intended future use of the site. A person who demon-

strates attainment of one or a combination of cleanup standards or receives approval of a special industrial area remediation identified under the act will be relieved of further liability for the remediation of the site for contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under sections 304(n)(1)(ii) and 305(c)(2) of the act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the Notice of Intent to Remediate is published in a newspaper of general circulation in the area of the site. For the following site, proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30 days of the date specified as follows. During this comment period, the municipality may request that the person identified as the remediator of the site develop and implement a public involvement plan. Requests to be involved and comments should be directed to the remediator of the site.

For further information concerning the content of a Notice of Intent to Remediate, contact the environmental cleanup program manager in the Department regional office listed before the notice. If information concerning this acknowledgment is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities.

Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments,

protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the regional office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

08-00050B: Eureka Resources, LLC (451 Pine Street, Williamsport, PA 17701) for the modification of their existing wastewater treatment process at the Standing Stone Facility located in Standing Stone Township, **Bradford County**.

The Department of Environmental Protection's (Department) review of the information submitted by Eureka Resources, LLC indicates that the air contamination sources to be constructed/modified, which include the wastewater treatment process, salt extraction process, MBR/RO/IX process, and various storage tanks and silos, will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Pursuant to the BAT requirements, the modified wastewater treatment process will include the installation of a permanent total enclosure and wet scrubber in order to control emissions of volatile organic compounds and hazardous air pollutants to the maximum extent feasible. Based on these findings, the Department proposes to issue a plan approval for the proposed construction.

The emissions from the proposed and modified sources included in this project will not exceed the following limits:

Existing wastewater treatment process: 10.7 tons/year (TPY) VOCs and 5.7 TPY HAPs

Modified wastewater treatment process w/scrubber: 6.0 TPY VOCs and 5.2 TPY HAPs

Salt extraction process: 2.9 TPY NO_x, 1.7 TPY CO, 1.3 TPY PM, 0.3 TPY VOCs, and 0.3 TPY HAPs

MBR/RO/IX process: 2.7 TPY VOCs and 2.7 TPY HAPs

Storage Tanks: 0.7 TPY VOCs and 0.7 TPY HAPs

Storage Silos: 0.3 TPY PM

In addition to the emission limitations, the following is a brief description of the types of conditions the Department intends to place in the plan approval in order to ensure compliance with all applicable air quality regulatory requirements:

The storage and handling of clarifier sludge/dry salt shall not at any time result in the emission of fugitive air contaminants. Each incoming tanker load of wastewater shall be sampled and tested to determine the methanol content of the wastewater. All brine concentrate generated from the treatment of gas well water shall only be shipped off site in liquid form. Tanker trucks shall be located inside the facility while being loaded with brine concentrate. All trucks hauling roll-offs containing clarifier sludge/dry salt shall have their loads securely tarped.

The total combined throughput of wastewater processed in Source ID P101 shall not exceed 68,985,000 gallons in any 12 consecutive month period. In addition, the wastewater shall not contain more than 500 ppm methanol, measured as a monthly volume weighted average. Wastewater containing more than 2,500 ppm methanol shall not be processed in Source ID P101. Source ID P101 shall be permanently deactivated upon startup of Source ID P102.

The total combined throughput of wastewater processed in the "low strength methanol" train of Source ID P102

shall not exceed 68,985,000 gallons in any 12 consecutive month period. In addition, the wastewater shall not contain more than 750 ppm methanol, measured as a monthly volume weighted average. Wastewater containing more than 2,500 ppm methanol shall not be processed in the "low strength methanol" train of Source ID P102. The total combined throughput of wastewater processed in the "high strength methanol" train of Source ID P102 shall not exceed 30,660,000 gallons in any 12 consecutive month period. In addition, the wastewater shall not contain more than 20,000 ppm methanol, measured as a monthly volume weighted average. A constant negative pressure shall be maintained in the Permanent Total Enclosure. The packed tower wet scrubber shall have a control efficiency for methanol of at least 95%. The permittee shall perform stack testing upon the scrubber inlet and outlet, in order to determine the methanol control efficiency of the scrubber. The scrubber shall be equipped with instrumentation to continuously monitor the recirculation rate and pressure drop across the packed tower scrubber.

The enclosure shall be equipped with instrumentation to continuously monitor the pressure in the enclosure.

The burner associated with the salt dryer included in Source ID P103 shall only be fired on pipeline-quality natural gas or propane. Control Device ID C103 shall be equipped with instrumentation to continuously monitor the pressure drop across the bag collector. The pressure drop across the salt dryer integral bag collector (ID C103) shall be maintained at 4 inches W.C. or less at any time the dryer is in operation. The permittee shall keep on hand a sufficient quantity of spare bags for the salt dryer integral bag collector in order to be able to immediately replace any bag requiring replacement. No more than 46,116,000 gallons of water shall be processed in Source ID P104 in any 12 consecutive month period. The inlet concentration of methanol in the water processed in Source ID P104 shall not exceed 500 ppm. The loading of recovered methanol from the storage tank into totes or trucks shall occur by submersible fill. Each silo baghouse shall be equipped with instrumentation to continuously monitor the pressure drop across the baghouse. The proposed plan approval contains all applicable regulatory requirements including monitoring, recordkeeping and reporting conditions.

The facility is a State Only facility. If the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for Plan Approval 08-00050B, the requirements established in the plan approval will be incorporated into State Only Operating Permit 08-00050 pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570.327.0550.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30 days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30 days of this public notice and contain the name, address, telephone number and the interest of the party filing the request, and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

WQ04-003. The proposed project consists of upgrades to three existing compressor stations. The Finnefrock Compressor Station in Leidy Township, Clinton County, the Chambersburg Compressor Station in Hamilton Township, Franklin County, and the Centre Compressor Station in Spring Township, Centre County.

On May 15, 2015, Applicant filed an application with the Federal Energy Regulatory Commission (FERC) under Section 7 of the Natural Gas Act (15 U.S.C. § 717f) seeking a certificate of public convenience and necessity to construct and operate its Project (FERC Docket No. CP15-148-000). The FERC Environmental Assessment for the Project, which was issued on March 30, 2016, may be viewed on FERC's website at www.ferc.gov (search eLibrary; Docket Search; CP15-492-000).

On August 3, 2016, Applicant requested a state water quality certification from the Pennsylvania Department of Environmental Protection (PADEP), as required by Section 401 of the Clean Water Act (33 U.S.C. § 1341), to ensure that the construction, operation and maintenance of the Project will protect water quality in Pennsylvania through compliance with State water quality standards and associated State law requirements, which are consistent with the requirements of the Clean Water Act.

The proposed project consists of three upgrades to three existing compressor stations. The Finnefrock Compressor Station in Leidy Township, Clinton County, the Chambersburg Compressor Station in Hamilton Township, Franklin County, and the Centre Compressor Sta-

tion in Spring Township, Centre County. The project as proposed will require approximately 42.2 acres of earth disturbance at the Finnefrock Compressor Station, 6.92 acres of disturbance at the Chambersburg Compressor Station, and 4.1 acres of earth disturbance at the Centre Station. There are no anticipated stream or wetland impacts for the project.

PADEP anticipates issuing a state water quality certification to Applicant for the Project that will require compliance with the following State water quality permitting programs, criteria and conditions established pursuant to State law to ensure the Project does not violate applicable State water quality standards set forth in 25 Pa. Code Chapter 93:

1. *Erosion and Sediment Control Permit*—Applicant shall obtain and comply with PADEP's Chapter 102 Erosion and Sediment Control General Permit for Earth Disturbance Associated with Oil and Gas Exploration, Production, Processing or Treatment issued pursuant to Pennsylvania's Clean Streams Law and Storm Water Management Act (32 P.S. §§ 680.1—680.17), and all applicable implementing regulations (25 Pa. Code Chapter 102).

2. *Water Quality Monitoring*—PADEP retains the right to specify additional studies or monitoring to ensure that the receiving water quality is not adversely impacted by any operational and construction process that may be employed by Applicant.

3. *Operation*—Applicant shall at all times properly operate and maintain all Project facilities and systems of treatment and control (and related appurtenances) which are installed to achieve compliance with the terms and conditions of this State Water Quality Certification and all required permits, authorizations and approvals. Proper operation and maintenance includes adequate laboratory controls, appropriate quality assurance procedures, and the operation of backup or auxiliary facilities or similar systems installed by Applicant.

4. *Inspection*—The Project, including all relevant records, are subject to inspection at reasonable hours and intervals by an authorized representative of PADEP to determine compliance with this State Water Quality Certification, including all required State water quality permits and State water quality standards. A copy of this certification shall be available for inspection by the PADEP during such inspections of the Project.

5. *Transfer of Projects*—If Applicant intends to transfer any legal or equitable interest in the Project which is affected by this State Water Quality Certification, Applicant shall serve a copy of this certification upon the prospective transferee of the legal and equitable interest at least thirty (30) days prior to the contemplated transfer and shall simultaneously inform the PADEP Regional Office of such intent. Notice to PADEP shall include a transfer agreement signed by the existing and new owner containing a specific date for transfer of certification responsibility, coverage, and liability between them.

6. *Correspondence*—All correspondence with and submittals to PADEP concerning this State Water Quality Certification shall be addressed to: Department of Environmental Protection, Northcentral Regional Office, Mr. David W. Garg, P.E., Environmental Program Manager, Waterways and Wetlands, 201 West Third Street, Suite 101, Williamsport, PA 17701.

7. *Reservation of Rights*—PADEP may suspend or revoke this State Water Quality Certification if it determines that Applicant has not complied with the terms

and conditions of this certification. PADEP may require additional measures to achieve compliance with applicable law, subject to Applicant's applicable procedural and substantive rights.

8. *Other Laws*—Nothing in this State Water Quality Certification shall be construed to preclude the institution of any legal action or relieve Applicant from any responsibilities, liabilities, or penalties established pursuant to any applicable federal or state law or regulation.

9. *Severability*—The provisions of this State Water Quality Certification are severable and should any provision of this certification be declared invalid or unenforceable, the remainder of the certification shall not be affected thereby.

Prior to issuance of the final state water quality certification, PADEP will consider all relevant and timely comments, suggestions or objections submitted to PADEP within 30 days of this notice. Comments should be directed to Mr. David W. Garg, P.E., Environmental Program Manager, Waterways and Wetlands at the above address or through the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD). Comments must be submitted in writing and contain the name, address and telephone number of the person commenting and a concise statement of comments, objections or suggestions on this proposal. No comments submitted by facsimile will be accepted.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department regional office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to charac-

terize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department regional office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department has taken the following actions on previously received permit applications, requests for Environmental Assessment approval and requests for Water Quality Certification under section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, the Department has granted 401 Water Quality Certification certifying that the construction and operation described will comply with sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317) and that the construction will not violate applicable Federal and State water quality standards.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, PO Box 8457, Harrisburg, PA 17105-8457, (717) 787-3483. TDD users may contact the Board through the Pennsylvania AT&T Relay Service, (800) 654-5984. Appeals must be filed with the Board within 30 days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at (717) 787-3483. This paragraph does not, in

and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30 days. A lawyer is not needed to file an appeal with the Board.

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at (717) 787-3483 for more information.

The project proposes to have the following impacts:

ID	Stream Name	Chapter 93 Classification	Temporary Impact area Length (LF)	Permanent Impact area Length (LF)	Latitude	Longitude
Aerial Crossing West Channel	Pine Creek	HQ-CWF; EV		169	41° 22' 48"	77° 26' 32"
Aerial Crossing East Channel	Pine Creek	HQ-CWF; EV		231	41° 22' 48"	77° 26' 27"

Proposed Conditional State Water Quality Certification for the Emsworth Locks and Dam Hydroelectric Project, DEP File No. WQ05-003, FERC Project No. 13757-002

On March 14, 2014, FFP Missouri 5, LLC (Applicant) filed an application with the Federal Energy Regulatory Commission (FERC) for a license to construct and operate a 24-megawatt (MW) hydroelectric facility at the Emsworth Locks and Dam, which is owned and operated by the U.S. Army Corps of Engineers (Corps), on the Ohio River, at river mile 6.2, in Allegheny County, Pennsylvania (Project). The Applicant is required pursuant to section 401(a) of the Federal Clean Water Act (act) (33 U.S.C. § 1341(a)) to provide FERC with certification from the Commonwealth of Pennsylvania (Commonwealth) that any discharge from the Project to waters of the Commonwealth will comply with provisions of the act relating to water quality standards, and necessary measures to achieve and maintain those standards. The Commonwealth has established such standards and programs to achieve and maintain them under State law, which have been approved by the U.S. Environmental Protection Agency as consistent with the applicable provisions of the act. The Pennsylvania Department of Environmental Protection (Department) administers the Commonwealth's water quality standards programs under State law, and is responsible for the review of requests

from applicants for water quality certification made pursuant to section 401 of the act.

On August 23, 2016, Rye Development, LLC provided the Department with a complete application for State Water Quality Certification, including an Environmental Assessment for the Project, on behalf of the Applicant. The Project would consist of a new 205-foot-long, 180-foot-wide intake channel to be excavated into the riverbed immediately downstream of the Corps' gate 7 and 8. Four (4) 50-foot-wide, 40-foot-high spillway gate bays would be constructed along the river side of the excavated intake channel, to pass flow equivalent to the Corps' spillway gates 7 and 8. The intake channel would lead to a concrete intake structure that would convey flows past a trash rack with 5-inch clear bar spacing, to a new reinforced concrete powerhouse that is 30 feet long, 180 feet wide and 63.5 feet in height. The powerhouse would house four equally sized horizontal pit Kaplan turbine generator units with a combined capacity of 24 MWs. Flows would exit the powerhouse into a 380-foot-long tailrace excavated into the riverbed. Project power would be transmitted from the powerhouse to a new project substation with an 88-foot-long, medium-voltage buried cable, and then from the new substation to an existing substation with a 1,893-foot-long, 69-kilovolt overhead transmission line.

The Department, by this notice, proposes to certify that the construction, operation and maintenance of the Project complies with the applicable provisions of sections 301-303, 306 and 307 of the act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and will not violate the Commonwealth's water quality standards, provided that the construction, operation and maintenance of the Project complies with the conditions for this certification as listed below, and the terms and conditions of the State law permits required to demonstrate compliance with Pennsylvania Water Quality Standards:

1. *Discharge Permit*—If the proposed facility will result in a discharge into waters of the Commonwealth, the Applicant shall, prior to construction, obtain and comply with a National Pollutant Discharge Elimination System (NPDES) permit from the Department for discharges to waters of the Commonwealth pursuant to the Clean Streams Law (35 P.S. §§ 691.1—691.1001), and applicable regulations implementing the Clean Streams Law, including, but not limited to, 25 Pa. Code Chapters 91, 92a, 93 and 96. As part of the NPDES permit application for the Project, the Applicant shall provide the Department with information on the potential impacts of the Project on water quality and measures that will be taken to avoid, minimize and/or mitigate those impacts, including information on the type, volume and concentration of pollutants that may be discharged, impacts to Federal and State threatened and endangered species and other species of special concern, impacts on the flow and dissolved oxygen levels of the impacted waters, and measures to be taken to avoid water quality impacts, and impingement, entrainment, habitat destruction, and other adverse impacts on fish and wildlife species. The applicant shall also submit a plan as part of the permit application to prevent pollutants from directly or indirectly reaching waters of the Commonwealth through accident, carelessness, maliciousness, hazards of weather or from other causes consistent with 25 Pa. Code § 91.34. The Applicant shall assess impacts and develop best management practices as part of its permit application consistent with applicable Department technical guidance.

2. *Erosion and Sediment Control*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 102. The Applicant shall obtain and comply with an NPDES permit from the Department for the discharge of stormwater if the earth disturbance activities associated with the Project will result in a total disturbance equal to or greater than 1 acre. Earth disturbance activities associated with discharging dredged or fill material from the Project to waters of the United States which require permit coverage under Section 404 of the Clean Water Act (33 U.S.C.A. § 1344) need not obtain an additional NPDES Permit from the Department for earth disturbance activities covered by the Section 404 permit. The Applicant shall submit final detailed erosion and sediment control and post construction stormwater management plans for all Project activities to the Department and County Conservation District for their review and approval prior to commencement of construction. Specific guidance on the requirements of the NPDES Permit for Stormwater Discharges Associated with Construction Activities can be obtained from the County Conservation District or the DEP Regional Office.

3. *Water Obstruction and Encroachment Permit*—The Applicant shall comply with the rules and regulations of 25 Pa. Code Chapter 105 relating to dam safety and waterway management. The Applicant shall obtain and comply with a Chapter 105 Water Obstruction and Encroachment Permit (WO&EP) issued by the Department

for the construction, operation and maintenance of any water obstruction or encroachment associated with the Project that is not part of the Corps' dam or its appurtenant works pursuant to the Clean Streams Law, Dam Safety and Encroachments Act (32 P.S. §§ 673.1—693.27), and Flood Plain Management Act (32 P.S. §§ 679.101—679.601.), and all applicable implementing regulations. Project activities requiring a WO&EP may include, but are not limited to, access roads, buildings, penstocks, outfalls, utility lines, pipelines, and staging areas.

4. *Submerged Lands License Agreement*—The Applicant shall obtain and comply with a Submerged Lands License Agreement pursuant to Pennsylvania's Dam Safety and Encroachments Act (32 P.S. § 693.15) from the Department to occupy submerged lands of the Commonwealth in navigable waters as necessary to construct, operate and maintain the Project.

Announcement of Eligibility for Emergency Permits—Penn Jersey System, Texas Eastern, LP

On September 1, 2016, Texas Eastern Transmission, LP (Texas Eastern), a subsidiary of Spectra Energy Partners, LP (Spectra Energy) requested a determination of eligibility for emergency permits under 25 Pa. Code § 105.64 permits to conduct inspection and repair of anomalies on portions of the Penn Jersey System across portions of Pennsylvania (the Project) from the Department. The Project must be completed by November 1, 2016 in order for the Penn Jersey System to meet peak demand throughout the Northeast during the winter months. The Project is required by the Amended Corrective Action Order (CAO) issued on July 19, 2016 by the Federal Pipeline and Hazardous Materials Safety Administration (PHMSA). PHMSA found that the repairs are necessary to alleviate an imminent threat to life, property or the environment. Until the repairs are made, the Penn Jersey system will be required to operate at a reduced pressure which could result in gas shortages during the peak winter heating season.

Upon consideration of information submitted by Texas Eastern and Spectra Energy, including the July 19, 2016 ACOA requiring completion of the Project, the Department has determined that the Project is eligible for emergency permit coverage under 25 Pa. Code § 105.64. Texas Eastern is expected to begin submission of emergency permit requests immediately.

Questions concerning this determination can be directed to Scott Williamson, (717) 705-4799 or swilliams@pa.gov.

This notice is published under section 306(d)(14) of the Federal Coastal Zone Management Act of 1972 (16 U.S.C.A. § 1455(d)(14)), regarding public participation during consistency determinations. The Department of Environmental Protection (Department), Coastal Resources Management Program (CRMP) has received notice that the Erie Sand and Gravel Company is requesting authorization from the United States Army Corps of Engineers to extend their existing dredging permit within Lake Erie for 10 years.

The applicant is proposing to hydraulically dredge approximately 300,000 cubic yards of sand and gravel annually for commercial purposes from a designated 19.6 square mile area within Lake Erie. The recovered material would be screened onsite and water and fine sediments would be returned to the lake within the dredged area.

This project is subject to Department review for Federal consistency because it is a Federal license and permit activity and will have reasonably foreseeable effects on the Commonwealth's coastal resources or uses.

In accordance with National Oceanic and Atmospheric Administration (NOAA) regulations in 15 CFR Part 930, Subpart D (relating to consistency for activities requiring a Federal license or permit), the applicant has certified that the proposed activity will be conducted in a manner consistent with the applicable enforceable policies of the Commonwealth's NOAA-approved CRMP. Interested parties may request a copy of the Federal Consistency Certification from the Department contact listed as follows.

Questions regarding this review should be directed to Matthew Walderon, Federal Consistency Coordinator, (717) 772-2196 or RA-Fed_Consistency@pa.gov.

DEPARTMENT OF HUMAN SERVICES

Payment for Nursing Facility Services Provided by Nonpublic Nursing Facilities; Medical Assistance Day One Incentive Payments to Nonpublic Nursing Facilities for Fiscal Year 2016-2017

This announcement provides advance notice that the Department of Human Services (Department) intends to continue to make Medical Assistance Day One Incentive (MDOI) payments to qualified nonpublic nursing facilities for Fiscal Year (FY) 2016-2017. The MDOI payments to nonpublic nursing facilities will provide incentives to nonpublic nursing facilities to provide services to individuals who are Medical Assistance (MA) eligible on the day of admission. The MDOI payments are intended to encourage nonpublic nursing facilities to increase access to care for the poor and indigent citizens of this Commonwealth.

Background

The Department has previously been directed to make MDOI payments for FY 2013-2014, FY 2014-2015 and FY 2015-2016 to qualified nonpublic nursing facilities. See the act of July 9, 2013 (P.L. 369, No. 55), the act of July 10, 2014 (P.L. 1053, No. 126) and the act of December 28, 2015 (P.L. 500, No. 92). The act of July 8, 2016 (P.L. 480, No. 76) also directs the Department to continue to make MDOI payments to qualified nonpublic nursing facilities for FY 2016-2017. The Department will use the Total Pennsylvania Medical Assistance (PA MA) days and Total Resident Days as reported by nonpublic nursing facilities under Article VIII-A of the Human Services Code (62 P.S. §§ 801-A—815-A), regarding nursing facility assessments, to determine eligibility and calculate payments.

To qualify for MDOI payments, the nursing facility must be a nonpublic nursing facility for the full Resident Day quarter prior to the applicable quarterly reporting due dates of October 31, January 31, April 30 and July 31. In addition, the nonpublic nursing facility shall have an overall occupancy rate of at least 85% and an MA occupancy rate of at least 65% during the Resident Day quarter. A nursing facility's overall occupancy rate for these payments will be determined as follows: Overall occupancy rate = (Total Resident Days ÷ (licensed bed capacity at the end of the quarter × the number of calendar days in the quarter)). A nursing facility's MA occupancy rate for these payments will be determined as follows: MA occupancy rate = Total PA MA days ÷ Total Resident Days.

Each nursing facility may qualify for a maximum of four MDOI payments. Using the nursing facility assessment quarterly resident day reporting forms available on October 31 for the first payment, January 31 for the second payment, April 30 for the third payment and July 31 for the fourth payment, the Department will calculate each qualified nonpublic nursing facility's MDOI payments based on the following formula:

(i) An MDOI per diem for each payment will be 1/4 of the total funds appropriated for the fiscal year divided by the Total PA MA days as reported by all qualifying nonpublic nursing facilities.

(ii) Each qualified nonpublic nursing facility's MDOI payment will be the per diem multiplied by a nonpublic nursing facility's Total PA MA days.

The Department will not retroactively revise an MDOI payment amount based on a nursing facility's late submission or revision of its report related to the previously listed dates. The Department may recoup payments based on an audit of a nursing facility's report.

The Department will submit a Medicaid State Plan Amendment (SPA) to the Centers for Medicare and Medicaid Services (CMS). If CMS approves the SPA, the Department will have the authority to make MDOI payments to nonpublic nursing facilities for FY 2016-2017.

Fiscal Impact

The fiscal impact of this change is estimated at \$12.443 million (\$6.000 million in State funds) for FY 2016-2017 and \$4.148 million (\$2.000 million in State funds) for FY 2017-2018.

Public Comment

Interested persons are invited to submit written comments regarding this notice to the Department of Human Services, Office of Long-Term Living, Bureau of Policy and Regulatory Management, Attention: Marilyn Yocum, P.O. Box 8025, Harrisburg, PA 17105-8025. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.

Persons with a disability who require an auxiliary aid or service may submit comments using the Pennsylvania AT&T Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

INDEPENDENT REGULATORY REVIEW COMMISSION

Notice of Comments Issued

Section 5(g) of the Regulatory Review Act (71 P.S. § 745.5(g)) provides that the Independent Regulatory Review Commission (Commission) may issue comments within 30 days of the close of the public comment period. The Commission comments are based upon the criteria contained in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b).

The Commission has issued comments on the following proposed regulations. The agency must consider these comments in preparing the final-form regulation. The final-form regulation must be submitted within 2 years of the close of the public comment period or it will be deemed withdrawn.

<i>Reg. No.</i>	<i>Agency/Title</i>	<i>Close of the Public Comment Period</i>	<i>IRRC Comments Issued</i>

**Department of Banking and Securities
Regulation # 3-54 (IRRC # 3152)
Securities Regulations Omnibus Amendment
August 31, 2016**

We submit for your consideration the following comments on the proposed rulemaking published in the July 2, 2016 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b). Section 5.1(a) of the Regulatory Review Act (71 P.S. § 745.5a(a)) directs the Department of Banking and Securities (Department) to respond to all comments received from us or any other source.

1. Section 102.021. Definitions.—Clarity.

We have two concerns with this section. First, several definitions included in this section of the rulemaking include a reference to the definition as it is defined in the Pennsylvania Securities Act of 1972 (Act) (70 P.S. §§ 1-101—1-703.1). These definitions also include other language added by the Department to explain the full meaning of the terms being defined. In order for a person to understand the full meaning of the definition, that person must read the Act and the regulation together. Similarly, some definitions reference a federal rule “or successor rule.” For example, see the definitions for “accredited investor” and “branch office.” We believe the clarity of the rulemaking would be improved if the definitions included the language from the statutory or federal regulatory definitions instead of simply referencing those definitions.

Second, a commentator has identified terms that are used in the body of the regulation, but are not defined in this section of the rulemaking. We agree that clarity could be improved if definitions for the following terms were added to the rulemaking: auditor’s report; aggregate indebtedness; commission (as it relates to compensation); direct participation program; EFD; financial statements; national securities association; national securities exchange; national recognized statistical rating organization; PCAOB; and self-regulatory organization.

2. Section 302.070. Registration exemption for investment advisers to private funds.—Consistency with statutes.

Subsection (e)(2) states that the Department will consider a report filed when the report and fee required under Section 602.1 of the Act (70 P.S. § 1-602.1) are filed and accepted by the Investment Adviser Registration Depository on the Department’s behalf. We note that Section 602.1 of the Act references assessments, not fees. Is the citation to Section 602.1 of the Act accurate? If it is, we recommend that the terminology in the regulation be aligned with the terminology of the Act.

3. Section 305.019. Dishonest and unethical practices.—Consistency with statutes.

A commentator has noted that Section 305(a)(ix) of the Act (70 P.S. § 1-305(a)(ix)) was amended in 2014 and

suggested that Subsection (b) of the rulemaking be amended to reflect the statutory change. We agree with the commentator and, for consistency with the Act, suggest that the phrase, “within the previous 10 years” be added to the end of Subsection (b).

4. Chapter 701. Administrative provisions.—Clarity.

Four new sections are being added to Chapter 701. The sections relate to filing of registration forms, filing of exemption forms, electronic filing, and fees. We have two concerns. First, these sections do not provide specific requirements for the various types of filings. Instead, reference is made to General Instructions that are available on the Department’s website and a requirement to comply with those instructions. While this approach provides flexibility to the Department, it circumvents the regulatory review process because it does not provide an opportunity for interested parties to comment on the General Instructions. The General Instructions would be equivalent to a regulation. However, the Department would be able to amend the instructions at any time without initiating a new rulemaking. We recommend that the final-form rulemaking be amended to include specific details related to the subject matters noted above.

Second, § 701.010a(b) includes a reference to the term “Bureau.” This is an undefined term. We recommend that it either be defined or replaced with the defined term “Department.”

**Milk Marketing Board
Regulation # 47-17 (IRRC # 3154)
Uniform System of Accounts
September 7, 2016**

We submit for your consideration the following comments on the proposed rulemaking published in the July 9, 2016 *Pennsylvania Bulletin*. Our comments are based on criteria in Section 5.2 of the Regulatory Review Act (RRA) (71 P.S. § 745.5b). Section 5.1(a) of the RRA (71 P.S. § 745.5a(a)) directs the Milk Marketing Board (Board) to respond to all comments received from the Independent Regulatory Review Commission (Commission) or any other source.

1. Determining whether the regulation is in the public interest.

Regulatory Analysis Form (RAF), Consistency with statute, Reasonableness, Clarity and Implementation procedures

The responses to RAF Questions 26 and 27, imply that the Board intends to set reporting requirements and deadlines in forms, rather than in the regulation. The Board cites 31 P.S. § 700j-307 as its statutory authority. The statute states “. . . the board shall adopt and enforce all rules, regulations and orders necessary or appropriate to carry out the provisions of this act. . . .” The cited statutory provision does not mention enforcement of forms.

Specifically, the response to RAF Question 26 states:

We are in continuing communication with the regulated community to consider any alternatives to the proposed regulations and our implementation of them. We believe the proposed regulation is the least burdensome acceptable alternative. We also believe that establishing categories of costs in new section 149.46, and fleshing them out in the reporting process, rather than attempting to be overly specific at this stage of the process, we are complying with our obligation to establish the uniform system of accounts, without imposing unnecessary and potentially burdensome detail in the regulations. Section 149.46 does allow the agency to require the cooperatives to include any of the information that dealers are required to provide.

Additionally, the response to RAF Question 27 states directly that “new regulation 149.46 allows the agency to establish reporting requirements and deadlines in reporting forms which the Board will issue.”

We note that a regulation establishes a binding norm between the regulated community and the Board. A regulation is developed in accordance with the RRA which provides for public notice, public comments, standing committee comments, Commission comments, agency consideration of those comments, and to the greatest extent possible, resolution of objections and the reaching of consensus on any concerns raised in comments. The RRA provides an open process with specific requirements for information and criteria to be considered in determining whether the regulation is in the public interest. Forms developed by the Board staff would not meet these requirements. Furthermore, Board staff could amend the requirements and deadlines in forms without notice, input from interested parties, or consideration of the requirements in the RRA, including costs imposed on the private sector, adverse effects on competition, reasonableness and clarity.

Accordingly, we question the Board’s authority to enforce requirements and deadlines that are set forth in forms. Clear cost categories and associated requirements, including reporting deadlines, should be set forth in the regulation so that the public, standing committees and the Commission can evaluate them so that they have the full force and effect of law and the regulated community understands the requirements imposed on them by the Board.

Based on discussion with Board staff, it is our understanding that the Board does not intend to set reporting requirements in forms. However, since the forms were not included with the proposed rulemaking, the regulated community, standing committees and the Commission did not have an opportunity to evaluate the information on the forms in relation to the review criteria contained in the RRA at 71 P.S. § 745.5b.

Therefore, we recommend that the final-form regulation clearly set forth the reporting requirements and deadlines for cooperatives. Furthermore, the associated forms must be submitted with the final regulation. Finally, the RAF and preamble should be updated to clearly reflect that forms will not be used to usurp or add regulatory requirements, but will be used to implement reporting required by the regulation.

2. Accurate and reliable cost figures—Clarity; Feasibility; Implementation procedures

The comments of the Pennsylvania Association of Milk Dealers and the Pennsylvania Institute of Certified Public

Accountants include and support testimony provided to the Board on March 23, 2016, by Mr. Carl Herbein, a Certified Public Accountant. We note this testimony occurred prior to submittal of the proposed regulation and that amendments were made to the regulation by the Board after March 23. The testimony alleges that the regulation will not provide sufficient detail to bring about accurate and reliable cost figures.

To the contrary, the Pennsylvania Association of Dairy Cooperatives commented that the regulation will more accurately reflect current accounting and business practices. We ask the Board to review the requirements in the regulation and explain in the final-form regulation submittal how the regulation will produce accurate and reliable cost figures.

3. Section 149.46. Cooperative cost centers.—Consistency with statute; Economic impact; Reasonableness; Clarity.

Paragraph (a)(9) General and administrative.

This paragraph ends with the phrase “. . . based on an allocation method acceptable to the Board.” This phrase is vague. Since the regulation does not prescribe an allocation method acceptable to the Board, the regulated community cannot know how to comply with the regulation. We recommend deleting the phrase “based on an allocation method acceptable to the Board” from the regulation and specifying the allocation method in the final-form regulation.

Subsection (b)

The first sentence includes non-regulatory language that fails to establish a binding norm between the Board and the regulated community. The phrase “and any other information required by the Board” would permit the Board to expand reporting requirements outside of the regulatory process without notice. The sentence also includes the phrase “in accordance with reporting forms issued by the Board which will include instructions and reporting deadlines.” The regulated community should be able to determine reporting deadlines by reading the regulation. Therefore, we recommend that this sentence be revised to remove the non-regulatory language and add the reporting deadlines.

Similarly, the second sentence is not clear. It does not provide specific requirements for compliance by the regulated community, but only states the cooperatives’ requirements “may also include the information that dealers are required to provide.” We also recommend deleting this sentence. As noted above, the complete list of reporting requirements should be set forth in the body of the regulation.

Subsection (c)

This subsection limits cost allocations to milk marketing activities for their producers, but concludes with the phrase “unless otherwise directed by the Board.” This phrase would empower the Board to amend the requirements of this subsection outside of the RRA. If the Board wants to change the requirements in the regulation, it must do so by amending the regulation. We recommend deleting the phrase “unless otherwise directed by the Board.”

4. Generally Accepted Accounting Principles (GAAP).—Clarity.

Three commentators stated the regulation should include language to require compliance with GAAP. We agree.

5. Regulatory Analysis Form.

As stated above, 1 Pa. Code §§ 305.1(b)(1) and 307.2(c)(1) require the agency to submit a completed RAF. We have three concerns:

- The response to RAF Question 22 states the reporting form for the costs related to new section 149.46 is still being developed and the current version is attached (“Cooperative 60c Reporting Form”). We did not find a form attached to the proposed regulation.
- The responses to RAF Questions 19 and 23 show an estimate of an initial cost of \$15,000 for the regulated community and \$9,200 thereafter. One commentator believes the cost is understated; whereas another commen-

tator states they are willing to bear the estimated costs. We ask the Board to review the cost estimates and explain further how the estimates were developed.

- RAF Questions (15), (16) and (17) ask the agency to identify affected entities, including small businesses, to list them and to estimate the impact on them. We ask the Board to directly address small businesses in these responses.

Long Term Care Partnership Program Revised Guidance Announcement; Notice 2016-11

This notice provides guidance that supersedes paragraph C of Notice 2008-05, published at 38 Pa.B. 1907 (April 19, 2008), regarding inflation protection for Qualified Partnership Policies, and shall remain in effect until a subsequent notice is published in the *Pennsylvania Bulletin*.

As explained in Notice 2008-05, as of July 1, 2007, the Commonwealth has had a qualified long-term care insurance partnership (Qualified Partnership) in accord with the Deficit Reduction Act of 2005 (Pub.L. No. 109-171) (DRA). As explained in Notice 2008-05, Qualified Partnership Policies (Qualified Partnership Policy) may provide valuable protections to purchasers of Qualified State Long Term Care Insurance policies. Qualified Partnership Policies permit individuals to protect certain resources if eligibility under the Medical Assistance Program is ever needed. The protection of resources when determining an individual’s eligibility for Pennsylvania’s Medical Assistance—Long Term Care Program permits the disregard of specific resources equal to the amount of insurance benefits that were paid from a Qualified Partnership Policy. If those specific resources are still in existence at the time of the individual’s death and become part of the decedent’s probate estate, they will not be recoverable under Pennsylvania’s Medical Assistance Estate Recovery program.

Since the Qualified Partnership has been in place, it has become clear that additional flexibility in the levels of inflation protection necessary under the DRA would benefit consumers by allowing more affordable coverage

options while still providing meaningful inflation protection to consumers. Therefore, the Department hereby revises its guidance to insurers and insurance producers in paragraph C of Notice 2008-05 concerning inflation protection for Qualified Partnership policies:

C. *Inflation Protection.* The DRA, at 42 U.S.C.A. § 1396p(b)(1)(A)(iii)(IV), requires that Qualified Partnership Policies provide certain levels of inflation protection based on the age of the individual as of the date of policy purchase. Pennsylvania will certify inflation protection options as meeting the DRA requirements subject to the following:

1) “Compound annual inflation protection” means compound coverage that automatically increases annually at a rate equal to the Consumer Price Index (CPI) or at a fixed rate of not less than 1%. Note that 31 Pa. Code § 89a.112 (relating to requirement to offer inflation protection) requires an offer of 5% compound annual inflation protection be made on all long term care policies offered in Pennsylvania.

2) “Some level of inflation protection” means either compound or simple inflation protection at a rate equal to the CPI or at a fixed rate of not less than 1%.

3) A future or guaranteed purchase option for inflation protection does not meet the requirements of the DRA.

4) Inflation protection options with a limited term (that is, 10 years or 20 years) do not meet the requirements of the DRA.

5) Inflation protection options that reduce the level of inflation protection as the individual ages are permitted only insofar as they are consistent with the age-specific inflation protection levels outlined in the DRA.

6) The inflation protection level of an individual’s policy that is in effect as of the month of application for Medical Assistance is determinative of whether the policy is consistent with the inflation protection levels outlined in the DRA.

Finally, the Department has modified Attachment C, the Policyholder Notification of Policy Status, to reflect the fact that the level of inflation protection on a policy may change from the level at the time of issuance to a lower level that still is consistent with the inflation protection levels outlined in the DRA. The Insurance Department requests that issuers provide a notification regarding the status of any Qualified Partnership Policy against which claims have been made, upon request of the policyholder, policyholder representative, or the Department of Human Services.

The remainder of Notice 2008-05 remains as published therein.

Interested parties are invited to submit written comments, suggestions or objections to Bureau of Life, Accident and Health, Office of Insurance Product Regulation, 1326 Strawberry Square, Harrisburg, PA 17120, rateform@pa.gov, within 30 days after publication of this notice in the *Pennsylvania Bulletin*.
