READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at www.pacodeandbulletin.gov.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

GOVERNOR'S OFFICE

Amendment to Proclamation of Disaster Emergency

August 31, 2020

Whereas, on March 6, 2020, I declared a disaster emergency due to the coronavirus disease 2019 (COVID-19) pandemic that is devastating the country, including the Commonwealth of Pennsylvania and its citizens;

Whereas, the March 6, 2020, Proclamation of Disaster Emergency would have automatically expired by operation of law on June 4, 2020, unless further extended by my official action;

Whereas, I renewed the Proclamation of Disaster Emergency dated March 6, 2020, by Amendment to Proclamation of Disaster Emergency (1st Amendment) on June 3, 2020, for an additional ninety days;

Whereas, the June 3, 2020, Amendment to Proclamation is set to automatically expire by operation of law on September 1, 2020, unless further extended by my official action;

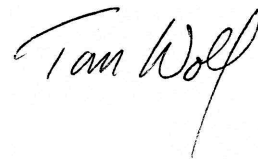

Whereas, as of August 31, 2020, 134,025 persons have tested positive or meet the requirements to be considered probable cases for COVID-19 in the Commonwealth in all 67 counties, and 7,495 persons are reported to have died from the virus; and

Whereas, the COVID-19 pandemic continues to be of such magnitude or severity that emergency action is necessary to protect the health, safety, and welfare of affected citizens in Pennsylvania.

Now Therefore, pursuant to the provisions of section 7301(c) of the Emergency Management Services Code, 35 Pa.C.S. § 7301(c), I do hereby order and direct as follows:

1. The Proclamation of Disaster Emergency of March 6, 2020, renewed by Amendment to Proclamation of Disaster Emergency dated June 3, 2020, is renewed for a period of ninety days, and shall continue to apply to the Commonwealth of Pennsylvania.
2. All directives, authorized actions, and provisions of the March 6, 2020, Proclamation of Disaster Emergency and June 3, 2020, Amendment to Proclamation shall remain in full force and effect until either rescinded by me or terminated by law.
3. This Proclamation Amendment (2nd Amendment) shall take effect immediately.

Given under my hand and the Seal of the Governor, at the city of Harrisburg, on this thirty-first day of August two thousand twenty, the year of the commonwealth the two hundred and forty-fifth.

Governor

[**In addition, the**] **B. The** magisterial district judge shall make an entry **on the judgment** identifying the sum of money found by the magisterial district judge to constitute the monthly rental for the leasehold premises.

[**B.**] **C.** A money judgment may be rendered for the tenant on a cross-complaint filed by the tenant if the amount found due thereon exceeds any amount found due the landlord on the landlord's complaint.

[**C.(1)**] **D.(1)** Judgment shall be given at the conclusion of the hearing or within three days thereafter.

(2) Upon the entry of the judgment, the magisterial district court shall promptly give or mail to the parties written notice of judgment or dismissal.

[**D.**] **E.** The written notice of judgment or dismissal shall contain:

Official Note: Subdivision A of this rule requires that the landlord appear and give testimony to prove the complaint before the magisterial district judge can enter judgment against the tenant, even when the tenant fails to appear for the hearing. The magisterial district judge shall not enter a default judgment in a possessory action, including a judgment for money only. See Rule 512A and Note. The various issues that the magisterial district judge must determine at the hearing include: whether notice to quit was given to the tenant in accordance with law or that no notice was required under the terms of the lease; the amount or rent due, if any; damages to the leasehold premises, if any; the amount found to constitute the monthly rental; and, the amount of the security deposit held by the landlord, if any.

As to the notice to quit requirement, see Section 501 of the Landlord and Tenant Act of 1951, 68 P.S. § 250.501. See also *Patrycia Bros., Inc. v. McKeefrey*, 38 Pa. D. & C.2d 149 (Delaware County C.P. 1966).

The separate entries provided in subdivision A are made necessary as a result of the rental deposit provisions for appeal or *certiorari* contained in Rules 1008B

and 1013B, as well as the wage attachment provisions contained in Section 8127 of the Judicial Code, 42 Pa.C.S. § 8127.

If the magisterial district judge permits a security deposit held by the landlord to be used as an offset against a monetary judgment, the amount of the security deposit so applied must be identified as such on the judgment form. There are limited circumstances when application of the security deposit to offset a monetary judgment is appropriate, such as when the tenant has already left the property, the landlord has had the opportunity to inspect the property, both parties have appeared before the magisterial district judge, and the parties agree that the security deposit should be used to offset the judgment.

Subdivision [B] C of this rule [makes provision] **provides** for a money judgment for the tenant if the tenant prevails in a greater amount on the tenant's cross-complaint.

Subdivision [D] E of this rule provides for certain notices the magisterial district court shall include in the written notice of judgment or dismissal.

Subdivision [D(2)] E(2) reflects that the appeal period for a victim of domestic violence in a case arising out of a residential lease is 30 days. *See* Rule 1002B(2); *see also* 68 P.S. § 250.513. A tenant who is a victim of domestic violence may file a domestic violence affidavit with the magisterial district court to stay the execution of an order for possession until 30 days after the date of entry of the judgment, the filing of an appeal with the court of common pleas pursuant to Rule 1002, or by order of the court of common pleas, whichever is earlier. *See* Rule 514.1.

As to subdivision [D(2)] E(3), *see* Rule 402D and Note. As to subdivision [D(3)] E(4), *see* Rule 341.

PUBLICATION REPORT

Proposed Amendment of Pa.R.C.P.M.D.J. No. 514

The Minor Court Rules Committee ("Committee") is considering proposing to the Supreme Court of Pennsylvania the amendment of Rule 514 of the Pennsylvania Rules of Civil Procedure Governing Actions and Proceedings before Magisterial District Judges ("Rules"). This proposal relates to the use of a security deposit as an offset against a judgment in a landlord-tenant action.

The Committee was asked to consider clarifying how the application of a security deposit to a judgment in a landlord-tenant action is reported on the judgment form. Although Rule 514 does not address directly whether the security deposit or an offset is reported on the judgment form, the Note provides that "the amount of the security deposit held by the landlord, if any" is one of a number of issues that the magisterial district judge must determine at the hearing.

There are statutory requirements for return of a security deposit by the landlord at the termination of the lease. *See* 68 P.S. § 250.512. A landlord is required to provide a tenant with a list of damages to the premises within 30 days of the termination of the lease; the list of damages must be accompanied by payment of the difference between the security deposit (plus accrued interest) and the amount of damages to the premises. *Id.* § 250.512(a). If the landlord fails to provide a damages list within 30 days of the termination of the lease, the landlord waives the right to withhold any of the security deposit or interest, while failure to remit timely the security deposit to the tenant within 30 days makes the landlord liable to the tenant for double the amount of the security deposit. *Id.* § 250.512(b)-(c). The statute provides that "[a]ny attempted waiver of this section by contract or otherwise shall be void and unenforceable." *Id.* § 250.512(d).

The Committee believes that there are limited circumstances when application of the security deposit to offset a monetary judgment would be appropriate. Typically, this would occur when the tenant has already left the property, the landlord has had the opportunity to inspect the property, both parties are before the magisterial district judge, and the parties agree that the security deposit should be used to offset the judgment.

The proposed amendment to Rule 514 would require that the judgment form reflect the amount of any security deposit applied to the judgment as an offset, if applicable. Listing the security deposit offset as an entry on the judgment form will create more transparency and provide greater clarity as to the elements of the judgment.

The proposed rule text includes amendments to Rule 514 adopted by the Court on August 19, 2020 that take effect January 1, 2021. *See* Orders of August 19, 2020, Nos. 445 and 446, Magisterial Rules Docket. The August 19, 2020 amendments appear in the proposed rule text without contextual indicators.

PROPOSED RULEMAKING

FISH AND BOAT COMMISSION

[58 PA. CODE CH. 65]

Fishing; Special Fishing Regulations

The Fish and Boat Commission (Commission) proposes to amend Chapter 65 (relating to special fishing regulations). The Commission is publishing this proposed rulemaking under the authority of 30 Pa.C.S. (relating to Fish and Boat Code) (code). The proposed amendment adds Bald Eagle Creek to the Commission's list of waters under miscellaneous special regulations.

A. *Effective Date*

This proposed rulemaking, if approved on final-form rulemaking, will go into effect on January 1, 2021.

B. *Contact Person*

For further information on this proposed rulemaking, contact Wayne Melnick, Esq., P.O. Box 67000, Harrisburg, PA 17106-7000, (717) 705-7810. This proposed rulemaking is available on the Commission's web site at www.fishandboat.com.

C. *Statutory Authority*

The proposed amendment to § 65.24 (relating to miscellaneous special regulations) is published under the statutory authority of section 2307(a) of the code (relating to waters limited to specific purposes).

D. *Purpose and Background*

The specific purpose and background of the proposed amendment is described in more detail under the summary of proposal.

E. *Summary of Proposal*

Bald Eagle Creek is a 52.25-mile long stream that originates near the Borough of Port Matilda and flows northeast to its confluence with the West Branch Susquehanna River near the City of Lock Haven. The stream is currently managed as six stream sections for fisheries management purposes. Sections 02, 03 and 04, which total 28.5 miles in length, are currently included in the Stocked Trout Waters Program.

To provide new and diverse angling opportunities for stocked trout, staff identified a portion of Bald Eagle Creek, Section 03, to implement an experimental miscellaneous special regulation designed to enhance stocked trout management. This regulation will be identical to § 65.6 (relating to delayed harvest artificial lures only areas); however, all tackle types will be permitted. As such, the regulation allows for year-round angling with all tackle types and harvest of up to three trout per day at least 9 inches in length from June 15 through Labor Day, with no harvest permitted the remainder of the year. The regulation is designed to provide an extended period of catch and release angling with all tackle types for stocked trout; then, as stream conditions become less favorable for trout survival due to decreased flow and elevated water temperatures, harvest is permitted under a reduced creel limit. The objectives are to reduce fishing mortality during the catch and release period, maintain high trout population densities to provide for high angler catch rates, recycle stocked trout to optimize their recreational benefit, provide high-quality angling opportunity

for stocked trout in the absence of tackle restrictions, and evaluate the use of bait in a delayed harvest regulatory setting.

An 0.86-mile long section of stream located in the vicinity of Julian at the Soaring Eagle Wetland, which is owned and maintained by the Wildlife for Everyone Foundation (Foundation), provides the ideal location to implement an experimental regulation as the Foundation plans to construct an ADA-compliant boardwalk, fishing platform and other amenities that make this reach of stream accessible to all anglers. Additionally, the recent habitat improvement projects enhanced instream habitat to provide suitable conditions to retain stocked trout in this reach throughout the spring and early summer.

The experimental regulation section will also be included in the Keystone Select Stocked Trout Waters Program (Program). In 2016, the Commission launched the Program with eight stream sections. Due to its extreme popularity among trout anglers, the Program was expanded to include 23 stream sections. Under the Program, large trout, 14 to 20 inches in length, are stocked at a rate up to 250 trout per mile which is comparable to the abundance of similar-sized fish residing in this Commonwealth's best wild trout waters. By including this section of Bald Eagle Creek in the Program, it will allow staff to compare angler use, catch and preferences to other waters in the Program that are managed with the traditional artificial lures only restrictions.

The Commission proposes that § 65.24 be amended to read as set forth in Annex A.

F. *Paperwork*

This proposed rulemaking will not increase paperwork and will not create new paperwork requirements.

G. *Fiscal Impact*

This proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions.

H. *Public Comments*

Interested persons are invited to submit written comments, objections or suggestions about this proposed rulemaking to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments also may be submitted electronically by completing the form at www.fishandboat.com/regcomments. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be retransmitted to ensure receipt. Electronic comments submitted in any other manner will not be accepted.

Executive Director

Fiscal Note: 48A-303. No fiscal impact; (8) recommends adoption.

NOTICES

DEPARTMENT OF AGRICULTURE

Interstate/International Quarantine Order; Chronic Wasting Disease Importation Requirements for Farmed or Captive Chronic Wasting Disease-Susceptible Cervids

I. Recitals.

The following recitals set forth and describe the dangerous transmissible disease for which this Quarantine Order is instituted, specifies the species of domestic animals affected by and subject to this Quarantine Order and provides the authority under which this Quarantine Order is established.

(a) Chronic Wasting Disease (CWD) is considered an infectious, progressive and fatal disease of susceptible species of the genera *Alces*, *Cervus*, *Odocoileus* and *Rangifer* including elk, white-tailed deer, moose, mule deer, black-tailed deer, sika deer, red deer, reindeer and hybrids thereof.

(b) There is no known treatment for CWD infection; no successful vaccine against this disease and no reliable live animal test for this disease. Research regarding live animal testing and genetic resistance to CWD in individual animals is ongoing. As this is understood, it will be evaluated as an option in the future.

(c) CWD is believed to be transmissible from infected to uninfected cervids by ingestion of infected or contaminated materials occurring through shared environment or close contact.

(d) CWD has been designated a “dangerous transmissible disease” of animals by order of the Secretary of Agriculture under the provisions of the Domestic Animal Law (Law) (3 Pa.C.S. §§ 2301—2389), at 3 Pa.C.S. § 2321(d).

(e) The Department of Agriculture (Department) has broad authority under the Law to regulate the keeping, transport and handling of domestic animals to exclude, contain or eliminate dangerous transmissible diseases, such as CWD.

(f) The Department also has broad authority under the Law to prohibit the importation of domestic animals, conveyances, containers, goods, products or materials in an effort to keep dangerous transmissible diseases, such as CWD, from entering this Commonwealth.

(g) CWD may negatively impact this Commonwealth’s free-ranging and domestic (farmed or captive) cervid populations. CWD is of concern to the captive/farmed cervid industry, in that presence of CWD infection in a herd has resulted in the destruction of the entire herd and severely limited the market for product within and outside this Commonwealth.

(h) In 2012, two captive white-tailed deer in the Commonwealth were confirmed to be infected with CWD. Farmed white-tailed deer have been confirmed in Adams, Bedford, Blair, Cambria, Clearfield, Franklin, Fulton, Jefferson, Lancaster, and Perry counties on a total of 24 Commonwealth premises. Also, the 2012 Pennsylvania Game Commission’s hunter harvest program testing detected CWD in free-ranging deer. Since then, free ranging white-tailed deer have been identified in Bedford, Blair, Cambria, Clearfield, Franklin, Fulton, Huntingdon, Indi-

ana, Jefferson, Juniata, Perry, Snyder, Somerset, and Westmoreland counties. CWD has also been detected in cervids in the nearby states of Maryland, New York, Ohio, Virginia, and West Virginia. To date, the CDC has reported CWD in free-ranging deer, elk and/or moose in at least 24 states in the continental United States.

(i) The Department seeks to establish reasonable requirements, in accordance with its authority under the Domestic Animal Law (3 Pa.C.S. §§ 2301—2389) and consistent with federal regulations—at 9 CFR 81 (related to Chronic Wasting Disease in Deer, Elk and Moose)—and United States Department of Agriculture guidance and policy related to quarantine of CWD infected and exposed cervidae, to allow CWD-susceptible species of cervids to be imported into or shipped through this Commonwealth, while protecting against the introduction of CWD into this Commonwealth’s cervid population.

II. General Provisions.

With the foregoing recitals incorporated into this Interstate and International Quarantine Order by reference, the Department hereby establishes an Interstate and International Quarantine Order related to importation requirements for farmed and captive Chronic Wasting Disease susceptible Cervids. This Interstate and International Quarantine Order is established under authority of the Domestic Animal Law, at 3 Pa.C.S. § 2329(c). The terms of this Interstate and International Quarantine Order are as follows:

(a) Repeal of previous Interstate and International Quarantine Order. This revised Interstate and International Quarantine Order (“Quarantine Order”) shall replace the current “Interstate/International Quarantine Order; Chronic Wasting Disease Importation Requirements for Farmed or Captive Chronic Wasting Disease-Susceptible Cervids” that was issued by the Department on April 12, 2014 and published in the *Pennsylvania Bulletin* on April 12, 2014 at 44 Pa.B., NO. 15 2267 and all other previously issued Interstate and International Quarantine Orders related to farmed and captive CWD susceptible Cervids.

(b) *Quarantine Area.* The Quarantined Area affected by this Interstate and International Quarantine Order is any State, foreign nation, province or territory other than the Commonwealth of Pennsylvania.

(c) *Persons subject to this Quarantine Order.* Any person with a susceptible species of the genera *Alces*, *Cervus*, *Odocoileus* and *Rangifer* including elk, white-tailed deer, moose, mule deer, black-tailed deer, sika deer, red deer, reindeer and hybrids thereof are subject to this Quarantine Order and shall move live and dead animals as set forth in this Quarantine Order.

(d) *General Standards and Prohibitions*

1. *Importation Standards.* No farmed or captive CWD-susceptible cervid shall be imported into the Commonwealth of Pennsylvania without the following:

(i) A Department issued written importation permit as set forth in Section (g) (related to importation permit requirement);

(ii) Two forms of USDA/APHIS-approved animal identification as described in Section (e) (related to animal identification requirement);

(iii) A certificate of veterinary inspection and related paperwork as required by this Quarantine Order at

Section (f) (certificate of veterinary inspection and health documentation requirements); and

(iv) All farmed or captive CWD-susceptible cervids to be sold in or off-loaded in the Commonwealth of Pennsylvania shall originate from state CWD Herd Certification Program herds at the Certified level as approved by the United States Department of Agriculture in 9 CFR 55.24.

2. Importation and off-loading prohibitions.

(i) No cervids declared as CWD positive, CWD suspect, or CWD exposed or from premises with a quarantine in effect for CWD may be imported into the Commonwealth of Pennsylvania or off-loaded within the Commonwealth of Pennsylvania.

(ii) No farmed or captive CWD-susceptible cervids to be sold in or off-loaded in the Commonwealth of Pennsylvania may originate from or be traceable to a herd that is located within 15 miles of farmed, captive or wild CWD positive animals, premises, or locations. The Pennsylvania Department of Agriculture will not issue an importation permit for any such cervid.

(iii) No CWD-susceptible cervid shall be imported for sale to or be off-loaded at any premises in the Commonwealth that is not enrolled in the Commonwealth's Chronic Wasting Disease Herd Certification or Herd Monitoring Program.

(iv) The off-loading of any CWD-susceptible cervid(s) at any premises within the Commonwealth of Pennsylvania shall be recorded by the licensed hauler and the premises enrolled in the Commonwealth's Chronic Wasting Disease Herd Certification or Herd Monitoring Program at which the cervid(s) was off-loaded. Records shall include:

A. The name, address and license number of the hauler.

B. The name and address of the premises enrolled in the Commonwealth's Chronic Wasting Disease Herd Certification or Herd Monitoring Program at which the cervid(s) was off-loaded.

C. The name and address of the premises from which the cervid(s) originated from state CWD Herd Certification Program herds at the Certified level as approved by the United States Department of Agriculture in 9 CFR 55.24.

D. The number of cervids including all identification in Section (e) off-loaded and amount of time held on the premises.

3. Through-shipment standards.

No CWD-susceptible species transported through the Commonwealth of Pennsylvania en route to a final destination in a state other than the Commonwealth of Pennsylvania, may be off-loaded at a stop-over site or premises in the Commonwealth of Pennsylvania during transit unless they comply with all of the standards set forth in Sections 1. and 2. above.

4. *Movement to slaughter.* No cervids declared as CWD positive, CWD suspect, or CWD exposed shall be imported for slaughter in Pennsylvania. Any farmed or captive CWD-susceptible cervid that is moved interstate for immediate slaughter to a recognized slaughtering establishment in Pennsylvania shall meet the following standards:

(i) The identification requirements set forth in Section (e) (related to animal identification requirement);

(ii) The certificate of veterinary inspection requirements established at Section (f) (certificate of veterinary

inspection and health documentation requirements), which shall list the slaughter facility as the destination; and

(iii) The written Department issued importation permit standards set forth in Section (g) (related to importation permit requirement).

5. *Temporary movement of CWD-susceptible cervids for display purposes.* A display is defined as exhibition of captive cervids for a period of 10 days or less at an exhibition site in which the herd owner or their agent are the sole caretakers of the cervids. Out of state CWD Herd Certification Program herds at the Certified level as approved by the United States Department of Agriculture in 9 CFR 55.24 may be allowed to establish a temporary display location only after meeting the following requirements:

(i) The location and enclosure shall be for one source of cervid(s). No commingling with other cervids shall occur.

(ii) Exhibition fencing shall meet the following minimum requirements

A. Be constructed, of an adequate design and strength, and maintained in a manner that prevents ingress and egress of any cervid.

B. For all CWD susceptible genus and species, except for *Rangifer tarandus*, fence height shall be a minimum of 8 feet, measured from the ground to top of the horizontal wire, although a 10-foot height is recommended.

C. *Rangifer tarandus* fence height shall be a minimum of 5 feet in height.

D. Fencing should extend all the way to the ground around the entire enclosure, gaps under fence shall not exceed 4 inches.

E. No gaps greater than 4 inches shall exist around the entire length of the fence, including gaps surrounding any gates, that would allow ingress and egress of any cervid.

F. Fencing made from sections must be fastened securely together in a manner that prevents ingress and egress of any cervid through the seams or gaps.

G. Exhibit shall be designed and maintained to prevent other CWD susceptible animals from approaching within 30 feet of the exhibit animals.

(iii) Exhibition surface shall meet the following requirements:

A. The floor of the display enclosure shall be an impervious surface and shall not be a temporary barrier over a porous surface like soil, grass or gravel.

B. Site shall be selected so that run-off will not enter display enclosure.

(iv) Movements of display animals

A. Upon receipt of Department issued permit, the cervid(s) detailed on the written permit shall be moved directly to the display enclosure.

B. For all CWD susceptible species, except for *Rangifer tarandus*, cervid movement is not permitted off the site or enclosure for any reason except for loading and unloading for transport from and to the premises of the Program Participant's or to licensed veterinarian for urgent care.

C. *Rangifer tarandus* may be removed from enclosure for short excursions. Reindeer must be individually led by lead rope and halter on impervious surfaces that are contiguous with site and enclosure. Reindeer must be

immediately returned to enclosure once completed. Strictly no contact with other cervids is permissible.

(v) Adequate biosecurity measures including, but not limited to, those set forth below, shall be employed to prevent contamination of the site and safeguard herd health:

A. Impervious surface shall be cleaned and disinfected prior to addition of display animals.

B. Absorbent bedding shall be utilized to ensure any bodily fluids or excrement are contained to display pen.

C. Entrance into enclosure shall be restricted to herd participant and their agents who are the sole caretakers of the cervids.

D. Clean boots in conjunction with foot baths or disinfectant foot mats shall be utilized by herd participant and agents to lessen risk of carrying pathogens into or out of enclosure.

E. Only clean equipment shall be used within the enclosure and shall be cleaned and disinfected prior to use outside of the enclosure.

F. Feed and forage shall not be set on the floor of the enclosure but shall be fed from elevated feeding troughs or devices.

G. Waste disposal. All bedding and manure shall be bagged and be disposed of by landfill or hauled back to the primary herd premises for composting or disposal.

(vi) All other applicable intrastate movement requirements established by the Domestic Animal Law, its attendant regulations, the General Quarantine Order; Chronic Wasting Disease Program Requirements for Herd Certification and Herd Monitoring Program (44 Pa.B., NO. 15, 2249, April 12, 2014), this Quarantine Order or other applicable Orders of the Department shall be followed and obeyed.

(vii) Prohibitions—Sites or enclosures that do not meet the requirements in Section 5.(ii) and (iii) shall not host CWD-susceptible cervids.

(e) *Animal identification requirements.* Any farmed or captive cervid that is imported into the Commonwealth of Pennsylvania, or that is temporarily unloaded from the vehicle or conveyance in which it is being transported while in transit through this Commonwealth of Pennsylvania to another destination, shall have two forms of animal identification. One form of identification shall qualify as USDA, APHIS-approved “official” animal identification. The second device may be either a second form of USDA, APHIS-approved “official” animal identification or a USDA, APHIS-approved form of individual animal identification unique to that animal within the herd and linkable to the CWD database. Consultation with USDA and the Department on currently acceptable forms of identification is strongly recommended when anticipating importation of cervids. Current USDA, APHIS-approved forms of “official” identification are:

1. A legible and unique tattoo approved by the Department and USDA, APHIS.

2. A USDA, APHIS-issued ear tag, bearing a unique number provided by USDA, APHIS that utilizes one of the following numbering systems:

(i) The National Uniform Eartagging System (NUES).

(ii) The Animal Identification Number (AIN) bearing 15 digits starting with ‘840.’

(iii) The premises-based numbering system using a Premises Identification Number (PIN) in conjunction with a livestock production numbering system.

3. An electronic implant device, such as a microchip that utilizes a nationally unique 15 digit animal identification number starting with ‘840’ provided an appropriate reader is immediately available wherever the animal is located.

4. Any other identification device approved in writing by the Department and USDA, APHIS.

(f) *Certificate of veterinary inspection and health documentation requirements.* Any farmed or captive cervid that is imported into the Commonwealth of Pennsylvania, or that is temporarily unloaded from the vehicle or conveyance in which it is being transported while in transit through the Commonwealth of Pennsylvania to another destination, shall be accompanied by an official certificate of veterinary inspection (CVI) written within the preceding 30 days by a USDA Category II accredited veterinarian or equivalent position of the State, foreign nation, province or territory of origin indicating that the animal identified in that document is not known to be exposed to or infected with any infectious or contagious disease.

1. A single CVI may pertain to any number of farmed or captive cervids, but the CVI shall identify each of the subject farmed or captive cervids by its official approved form of animal identification, as described Section (e) (related to animal identification requirements) of this Quarantine Order.

2. The CVI shall verify that the subject farmed or captive cervids identified in the document have satisfied all applicable testing requirements of the Commonwealth of Pennsylvania related to Brucellosis and Tuberculosis.

3. The CVI or its separate accompanying verification shall confirm that the subject CWD-susceptible farmed or captive cervids originates from CWD Herd Certification Program herds at the Certified level as approved by the United States Department of Agriculture in 9 CFR 55.24. The Department will be the final arbiter of whether or not a particular CWD herd certification program is acceptable but, will make this determination in accordance with any applicable USDA or other national standards.

(g) *Importation permit requirement.* Pennsylvania will issue written importation permits only and exclusively to farmed or captive CWD-susceptible cervids originating from CWD Herd Certification Program herds at the Certified level as approved by the United States Department of Agriculture in 9 CFR 55.24. This restriction also applies to those CWD-susceptible species which will be transported through Pennsylvania en route to a final destination in a state other than Pennsylvania, but which will be off-loaded at a stop-over site in Pennsylvania during transit. Persons meeting the definition of a hauler under the provisions of the Domestic Animal Law (3 Pa.C.S.A. §§ 2303 and 2341—2349) shall be subject to the licensure requirements contained therein. Pennsylvania cervid operations enrolled or required to be enrolled under the “General Quarantine Order; Chronic Wasting Disease Program Requirements for Herd Certification Program and Herd Monitoring Program,” (44 Pa.B., NO. 15, 2249, Sections 9.k. and 9.l., April 12, 2014) shall obtain and document the hauler information required by the provisions of that Order.

This written importation permit may be obtained through the Department’s Bureau of Animal Health and

Diagnostic Services, at (717) 772-2852. Applicants should apply to the Department for this importation permit at least 30 days in advance of the planned importation or shipping date. The application verifies that the importation requirements have been met. The following information is required including animal identification, from which premises, to which premises, CWD herd status, distance to closest CWD positive animal, location, or premises is greater than 15 miles away, Tuberculosis herd status, Brucellosis herd status, dealer/hauler information, and date of movement. Premises, except slaughter facilities, importing farmed or captive CWD-susceptible cervids must be enrolled in one of the CWD programs with the Pennsylvania Department of Agriculture.

III. Violations and Penalties.

Violations/Penalties. Any person violating the requirements of this Quarantine Order shall be subject to imposition of such criminal and civil penalties and remedies as allowed under the Domestic Animal Law (3 Pa.C.S.A. §§ 2380.8, 2383, 2385 and 2386).

IV. Actions of the Department.

No Restriction on Further Action by the Department. This Quarantine Order shall not be construed as limiting

the Department's authority to establish additional quarantine or testing requirements on imported cervids or to limit the Department's authority under the Domestic Animal Law or any other statutes or regulations administered by the Department.

V. Contact information.

Contact information. Questions regarding this Quarantine Order may be directed to the Commonwealth of Pennsylvania, Department of Agriculture, Bureau of Animal Health, 2301 North Cameron Street, Harrisburg, PA 17110 or by telephone at 717-772-2852, or email at RA-ahds@pa.gov.

VI. Effective Date.

Effective Date. This Quarantine Order in its entirety shall become effective immediately upon publication and shall remain in effect unless rescinded or modified by a subsequent Order.

APPLICATIONS

THE CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS

This notice provides information about persons who have applied for a new, amended or renewed NPDES or WQM permit, a permit waiver for certain stormwater discharges or submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications concern, but are not limited to, discharges regarding industrial, animal or sewage waste, discharges to groundwater, discharges associated with municipal separate storm sewer systems (MS4), stormwater associated with construction activities or concentrated animal feeding operations (CAFO). This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

<i>Location</i>	<i>Permit Authority</i>	<i>Application Type or Category</i>
Section I	NPDES	Renewals
Section II	NPDES	New or Amendment
Section III	WQM	Industrial, Sewage or Animal Waste; Discharge into Groundwater
Section IV	NPDES	MS4 Individual Permit
Section V	NPDES	MS4 Permit Waiver
Section VI	NPDES	Individual Permit Stormwater Construction
Section VII	NPDES	NOI for Coverage under NPDES General Permits

For NPDES renewal applications in Section I, the Department of Environmental Protection (Department) has made a tentative determination to reissue these permits for 5 years subject to effluent limitations and monitoring and reporting requirements in their current permits, with appropriate and necessary updated requirements to reflect new and changed regulations and other requirements.

For applications for new NPDES permits and renewal applications with major changes in Section II, as well as applications for MS4 Individual Permits and Individual Stormwater Construction Permits in Sections IV and VI, the Department, based upon preliminary reviews, has made tentative determinations of proposed effluent limitations and other terms and conditions for the permit applications. In accordance with 25 Pa. Code § 92a.32(d), the proposed discharge of stormwater associated with construction activities will be managed in accordance with the requirements of 25 Pa. Code Chapter 102. These determinations are published as proposed actions for comments prior to taking final actions.

Unless indicated otherwise, the United States Environmental Protection Agency (EPA) Region III Administrator has waived the right to review or object to proposed NPDES permit actions under the waiver provision in 40 CFR 123.24(d).

Persons wishing to comment on NPDES applications are invited to submit statements to the contact office noted before the application within 30-days from the date of this public notice. Persons wishing to comment on WQM permit applications are invited to submit statements to the office noted before the application within 15-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests for public hearings on applications. A public hearing may be held if the responsible office considers the public response significant. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. The Department will postpone its final determination until after a public hearing is held.

Persons with a disability who require an auxiliary aid, service, including TDD users, or other accommodations to seek additional information should contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent (NOI) to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a (NOI) to Remediate with the Department. A NOI to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation mea-

application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity*

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the

Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30-days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30-days of this public notice and contain the name, address, telephone number and the interest of the party filing the request and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Plan Description: The request for planning exemption for the Rapho Business Park Sewer Extension (DEP Code No. B3-36948-484-3E; APS ID No. 949658) has been disapproved. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and re-

ports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department Regional Office under which the

notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Part I. Introduction and Background

The Great Lakes-St. Lawrence River Water Resources Regional Body was created on December 13, 2005, when the Great Lakes Governors (Illinois, Indiana, Michigan, Minnesota, New York, Ohio, Pennsylvania and Wisconsin) and the Premiers of Ontario and Québec signed the Great Lakes-St. Lawrence River Basin Sustainable Water Resources Agreement (Agreement). The Agreement details how the States and Provinces will work together to manage and protect the Great Lakes-St. Lawrence River Basin (Basin). It also provides a framework for each State and Province to enact programs and laws protecting the Basin.

The Great Lakes-St. Lawrence River Basin Water Resources Council was established on December 8, 2008, when the *Great Lakes-St. Lawrence River Basin Water Resources Compact* ("Compact") became State and federal law, enacted by the federal government as U.S. Public Law No: 110-342, October 3, 2008. The Compact details how the States will work together to manage and protect

the Great Lakes-St. Lawrence River Basin. It also provides a framework for each State to enact programs and laws protecting the Basin.

Both the Agreement and the Compact include provisions that allow both the Regional Body and Compact Council to adopt rules and procedures for managing their authorities. To that end, on December 6, 2018, the Regional Body adopted Procedures and the Council adopted Guidance and Rules of Practice and Procedure. The Procedures and Guidance have provided procedures for regionally reviewing proposals to divert water from the Great Lakes-St. Lawrence River Basin. The Council Rules of Practice and Procedure describes the procedures for any administrative hearing, how modifications may be made to Council decisions, and the process to be used for Council rule making.

Procedures Update Team

On December 6, 2018, the Council and the Regional Body tasked the Procedures Update Team (Team) with drafting Phase II revisions to the Regional Body Procedures and Council Guidance for the Regional Body and Council's consideration and potentially modifying the Rules of Practice and Procedure for the Council's consideration. Each member of the Regional Body and the Council has appointed at least one individual to the joint Team.

Advisory Committee, Resource Group, Observers; Tribes and First Nations

The existing Regional Body/Compact Council Advisory Committee, Resource Group, and Observers, as well as Tribes and First Nations have provided input and feedback to the Team at specific times throughout the process. In addition, from May 18, 2020, through June 17, 2020, the public provided feedback on initial drafts.

The Council and Regional Body will accept written comments on their respective proposed revisions to Council Rules of Practice and Procedure; Council Guidance; and Regional Body Procedures through Thursday, October 15, 2020. All comments must be received by 5 p.m. EDT. All written comments received during the public comment period will be considered, along with any comments provided at the virtual public hearing. The Council and Regional Body will conduct meetings open to the public on or about December 8, 2020, to consider and potentially adopt the final revisions to the Council Rules of Practice and Procedure; Council Guidance; and Regional Body Procedures.

Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$500,001 and not exceeding \$1,000,000 shall be paid a bonus of \$5,000. Lottery retailers who sell a winning ticket that entitles the ticket holder to a prize, either payable in a single installment or having a guaranteed minimum payout, of at least \$1,000,001 and not exceeding \$10,000,000 shall be paid a bonus of \$10,000. A Lottery retailer is entitled only to the largest bonus for which they qualify on a winning ticket. A bonus will be initiated for payment after the instant ticket is claimed and validated. A bonus will not be awarded to a Lottery retailer that sells a non-winning Pennsylvania Lottery instant ticket used to enter a Pennsylvania Lottery second-chance drawing or promotion that is subsequently selected to win a prize.

11. *Unclaimed prize money:* For a period of 1 year from the announced close of Super Crossword, prize money from winning Super Crossword instant lottery game tickets will be retained by the Secretary for payment to the persons entitled thereto. If no claim is made within 1 year of the announced close of the Super Crossword instant lottery game, the right of a ticket holder to claim the prize represented by the ticket, if any, will expire and the prize money will be paid into the State Lottery Fund and used for purposes provided for by statute.

12. *Governing law:* In purchasing a ticket, the customer agrees to comply with and abide by the State

Lottery Law (72 P.S. §§ 3761-101—3761-314), 61 Pa. Code Part V (relating to State Lotteries) and the provisions contained in this notice.

13. *Termination of the game:* The Secretary may announce a termination date, after which no further tickets from this game may be sold. The announcement will be disseminated through media used to advertise or promote Super Crossword or through normal communications methods.

PENNSYLVANIA PUBLIC UTILITY COMMISSION

Electric Generation Supplier License Cancellations of Companies with an Expired Financial Security, Insufficient Financial Security Amount or Language

Public Meeting held
August 27, 2020

Commissioners Present: Gladys Brown Dutrieuille, Chairperson; David W. Sweet, Vice Chairperson; John F. Coleman, Jr.; Ralph V. Yanora

*Electric Generation Supplier License Cancellations of
Companies with an Expired Financial Security,
Insufficient Financial Security Amount or Language;
M-2020-3015227*

Tentative Order

By the Commission:

The Commission's regulations at 52 Pa. Code § 54.40(a) state that an Electric Generation Supplier (EGS) license will not be issued or remain in force until the licensee furnishes a bond or other security approved by the Commission. In addition, 52 Pa. Code § 54.40(d) states that the maintenance of an EGS license is contingent on the licensee providing proof to the Commission that a bond or other approved security in the amount directed by the Commission has been obtained.

Each EGS must file an original bond, letter of credit, continuation certificate, amendment, or other approved financial instrument with Rosemary Chiavetta, Secretary, Pennsylvania Public Utility Commission, 400 North Street, Harrisburg, PA 17120 prior to the EGS's current security expiration date. Each financial instrument must be an original document that displays a "wet" signature or digital signature, preferable in blue ink, and displays a "raised seal" or original notary stamp. The name of the principal on the original financial instrument must match exactly with the name that appears on the EGS's license issued by the Commission.

Failure to file before the financial security's expiration date may cause Commission staff to initiate a formal proceeding that may lead to the following: cancellation of each company's electric supplier license, removal of each company's information from the Commission's website and notification to all electric distribution companies, in which each company is licensed to do business, of the cancellation of the license.

While we recognize that the COVID-19 pandemic has provided some challenges related to the continuance of normal business operations, it is imperative that the Commission have an approved financial security in place with each EGS to ensure compliance with 52 Pa. Code § 54.40(d). On March 25, 2020, Commission staff issued an EGS Financial Security Filing Guidance Memo (Guidance Memo) that stated the following:

- Where practical, EGSs should file an original bond, letter of credit, continuation certificate, amendment, or other financial instrument. These original financial instruments should display "wet" signatures or digital signatures, preferably in blue ink, and display a "raised seal" or original notary stamp.

- EGSs should email a copy of the original financial instrument directly to Secretary Chiavetta at rchiavetta@pa.gov. Secretary Chiavetta has waived the restriction on emailed filings that contain confidential and proprietary material. As such, financial security instruments will be permitted to be filed by email for the duration of the Commission's work from home order.

- If an EGS is unable to acquire a "raised seal" or original notary stamp on the financial security during the pendency of the COVID-19 emergency, the Secretary's Bureau will not reject the financial security.

- If an EGS has been granted a reduction in its financial security, and it is time to renew the annual reduction, please file an original annual compliance filing with the Secretary's Bureau and a copy via email at rchiavetta@pa.gov.

Please note that the requirement that EGSs maintain a valid financial security on file with the Commission, remains in effect.

Be advised that emailed financial security instruments—after review and acceptance of the Secretary's Bureau and the Bureau of Technical Utility Services—will be provisionally approved by the Commission until Commission staff resume working in the Keystone Building. EGSs must still mail the original bond with original signatures and notary stamp as per the Commission's normal practice.

On July 27, 2020, the Commission issued a Secretarial Letter which modified certain filing and service requirements.¹ Specifically, this Secretarial Letter amended the Emergency Order issued on March 20, 2020, at Docket No. M-2020-3019262 regarding the filing of certain confidential documents. At the time the Emergency Order was issued, the Commission did not have access to its physical location. However, since that time the Commission has secured limited access to its place of business. Under these circumstances and consistent with the authority provided to the Secretary by the Emergency Order, the Secretarial Letter requires that confidential filings made pursuant to 52 Pa. Code § 54.40(a) (EGS financial securities), must be filed with the Secretary by overnight delivery and are not to be filed electronically with the Secretary.

As of August 18, 2020, each EGS listed in the Supplier Table below has not provided proof to the Commission that it has a bond or other approved security in the amount or language directed by the Commission, to replace a bond which is expired or which is non-compliant with Commission regulations.

*Taking title to electricity

As part of its EGS license validation procedures, the Commission's Bureau of Technical Utility Services sent a 90-day Security Renewal Notice email to each entity in the Supplier Table above stating that original documentation of a bond, or other approved security in the amount or language directed by the Commission, must be filed within 30 days prior to each entity's security expiration date. None of the companies listed in the Supplier Table provided the required documentation.

Based on the above facts, we tentatively conclude that the EGSs listed in the Supplier Table are not in compliance with 52 Pa. Code § 54.40(a) and (d) and therefore it is appropriate to initiate the cancellation process for the EGS license of each company listed in the Supplier Table, without the necessity of a formal complaint, as being in the public interest; *Therefore,*

It Is Ordered That:

1. Cancellation of the Electric Generation Supplier License of each company listed in the Supplier Table is hereby tentatively approved as being in the public interest.

2. The Secretary serve a copy of this Tentative Order upon the Office of Consumer Advocate, the Office of Small Business Advocate, the Bureau of Investigation & Enforcement, all electric distribution companies, all of the Electric Generation Suppliers in the Supplier Table and publish a copy of this Tentative Order in the *Pennsylvania Bulletin* with a 30-day comment period.

3. The Secretary serve a copy of this Tentative Order upon the Pennsylvania Department of Revenue—Bureau of Compliance, Business License Clearance Division.

4. Absent the filing of adverse public comment or the filing of an approved security within 30 days after publication in the *Pennsylvania Bulletin*, the Bureau of Technical Utility Services shall prepare a Final Order for entry by the Secretary.

5. Upon entry of the Final Order described in Ordering Paragraph No. 4 above, each company listed in the Supplier Table will be stricken from all active utility lists maintained by the Commission's Bureau of Technical Utility Services and the Assessment Section of the Bureau of Administration, removed from the Commission's

website, and notifications be sent to all electric distribution companies in which the Electric Generation Suppliers are licensed to do business.

6. Upon entry of the Final Order described in Ordering Paragraph No. 4, each electric distribution company in which the Electric Generation Suppliers are licensed to do business, shall return the customers of the Electric Generation Suppliers to default service.

Secretary

Petition of Wellsboro Electric Company for Waiver of the Standard Interconnection Agreement Form

Public Meeting held

Petition of Wellsboro Electric Company for Waiver of the Standard Interconnection Agreement Form;
P-2020-3020901

Petition of Pennsylvania Electric Company for Waiver of the Standard Interconnection Agreement Form;
P-2020-3020946

P-2020-3020947

Implementation of the Alternative Energy Portfolio Standards Act of 2004: Standard Interconnection Application Forms; M-00051865

Order

By the Commission:

Three Petitions were recently filed with the Commission pursuant to 52 Pa. Code § 5.41 requesting that the Commission approve waivers of the use of its standardized interconnection agreement form for proposed interconnection projects. The first Petition was filed on July 17, 2020, by Wellsboro Electric Company (Wellsboro) seeking a waiver from using the Commission-adopted standardized interconnection agreement form to accommodate a request by the United States Army Corps of Engineers (Corps of Engineers) to modify three sections of the existing standardized terms and conditions in the interconnection agreement. The other two Petitions were filed on July 21, 2020, by the Pennsylvania Electric Company (“Penelec”) and the Pennsylvania Power Company (“Penn Power”), both seeking a waiver of the Commission’s standardized interconnection agreement form as applied to the Commonwealth of Pennsylvania’s Department of Conservation and Natural Resources (“DCNR”).¹ As these Petitions involve a common question of law and fact, the Commission is consolidating them along with the proceeding under which the standard interconnection forms were adopted at Docket No. M-00051865, in accordance with 52 Pa. Code § 5.81.

The Commission will grant the three Petitions as set forth in this Order. Furthermore, to avoid the need for the filing and review of similar petitions in the future, the Commission will approve modifications to the language of the standard interconnection agreement form as set forth in this Order for federal and state agencies governed by and subject to the same laws as those at issue in this Order.

Wellsboro’s Petition

Wellsboro states that it received a Level 2 application and request from the Corps of Engineers to interconnect a 28 kW AC facility at 710 Ives Run Lane, Tioga, Pennsylvania. Wellsboro asserts that it uses the standard application and agreement forms adopted by the Commission for interconnection projects. See Implementation of the Alternative Energy Portfolio Standards Act of 2004: Standard Interconnection Application Forms, Docket No. M-00051865 (Order entered February 27, 2009) (AEPS Act Implementation Order). Wellsboro states that the Corps of Engineers requested modifications to the sections of the interconnection agreement addressing Indemnification (Section 9), Limitation of Liability (Section 10), and Governing Law (Section 19). The specific modifications requested by Wellsboro through its Petition are as follows:²

9) ~~RESERVED. Indemnification. The Parties shall at all times indemnify, defend, and save the other Party harmless from, any and all damages, losses, claims, including claims and actions relating to injury to or death of any person or damage to property, demand, suits, recoveries, costs and expenses, court costs, attorney fees, and all other obligations by or to third parties, arising out of or resulting from the other Party’s action or inactions of its obligations under these terms and conditions on behalf of the indemnifying Party, except in cases of gross negligence or intentional wrongdoing by the indemnified Party.~~

10) Limitation of Liability. Each party’s liability to the other party for any loss, cost, claim, injury, liability, or expense, including excluding reasonable

attorney’s fees, relating to or arising from any act or omission in its performance of these terms and conditions, shall be limited to the amount of direct damage actually incurred. In no event shall either party be liable to the other party for any indirect, incidental, special, consequential, or punitive damages of any kind whatsoever.

19) Governing Law and Regulatory Authority. This Agreement shall be governed by, interpreted, construed, and enforced in accordance with the laws of the Commonwealth of Pennsylvania; provided, however, in the event of a conflict between this Agreement or the laws of the Commonwealth of Pennsylvania and Federal rules, regulations, laws or processes that apply to Customer-Generator due to its status as an Agency of the Federal Government, the Federal requirements shall apply. ~~This Agreement is subject to, and the Parties’ obligations hereunder include, operating in full compliance with all valid, applicable federal, state, and local laws or ordinances, and all applicable rules, regulations, orders of, and tariffs approved by, duly constituted regulatory authorities having jurisdiction.~~

Wellsboro asserts that the above modifications to the standard interconnection agreement are appropriate because special legal privileges are granted to federal agencies, including the Corps of Engineers, with respect to disputes involving indemnification, liability, and claims. Specifically, Wellsboro states that the Corps of Engineers has represented that the modifications are necessary to ensure compliance with certain federal laws to which it is subject, including the Federal Tort Claims Act, 28 U.S.C. §§ 1346, 1491; the Contract Disputes Act, 41 U.S.C. §§ 7101—7109; and the Equal Access to Justice Act, 5 U.S.C. § 504 and 28 U.S.C. § 2412. In addition, Wellsboro avers that the parties negotiated the proposed changes to Section 19 (Governing Law and Regulatory Authority) to preserve the Corps of Engineers’ ability to assert arguments based on applicable federal laws in any legal actions between the parties.³

Penelec’s and Penn Power’s Petitions

Penelec received an interconnection application from DCNR to interconnect a 632-kilowatt solar photovoltaic system at Gallitzin State Park in Patton, Pennsylvania. Penn Power also received an interconnection application from DCNR to interconnect a 27.8-kilowatt solar photovoltaic system at Pymatuning State Park in Jamestown, Pennsylvania. During the application processes, DCNR requested that Penelec and Penn Power agree to modify the existing standardized terms and conditions in the Level 2 through 4 Interconnection Agreement.

Specifically, DCNR requests that Penelec and Penn Power make the following modifications to the sections of the agreement dealing with indemnification (Section 9) and limitation of liability (Section 10):

9. ~~Indemnification. The Parties shall at all times indemnify, defend, and save the other Party harmless from, any and all damages, losses, claims, including claims and actions relating to injury to or death of any person or damage to property, demand, suits, recoveries, costs and expenses, court costs, attorney fees, and all other obligations by or to third parties, arising out of or resulting from the other Party’s action or inactions of its obligations under these terms and conditions on behalf of the indemnifying~~

¹ Collectively, Wellsboro, Penelec and Penn Power will be referred to as “Petitioners.”
² Wellsboro Electric Company Petition at 2-3 (¶¶ 4-5).

³ Wellsboro Electric Company Petition at 3-4 (¶¶ 6—9).

~~Party, except in cases of gross negligence or intentional wrongdoing by the indemnified Party.~~

10. Limitation of Liability. Each party's liability to the other party for any loss, cost, claim, injury, liability, or expense, excluding payment of any attorney's fees, relating to or arising from any act or omission in its performance of these terms and conditions, shall be limited to the amount of the direct damage actually incurred. ~~In no event shall either party be liable to the other party for any indirect, incidental, special, consequential, or punitive damages of any kind whatsoever.~~

DCNR has represented that these modifications are necessary to ensure adherence to 1 Pa.C.S. § 2310, which states that the Commonwealth, its officers, and its employees are subject to sovereign immunity, unless such immunity is specifically waived by the General Assembly. As an agency of the Commonwealth, this provision is applicable to DCNR.

Penelec and Penn Power assert that identical issues were previously considered by the Commission at Docket Nos. P-2018-3000113 and P-2018-3005789. Petition of West Penn Power Company for Waiver of Standard Interconnection Application and Agreement Forms; Docket No. P-2018-3000113 (Order dated May 3, 2018); Petition of West Penn Power Company for Waiver of Standard Interconnection Application and Agreement Forms; Docket No. P-2018-3005789 (Order dated December 20, 2018).

Discussion

To begin with, as the three Petitions involve the Commission approved Standard Interconnection Agreement that was adopted by the Commission through the AEPS Act Implementation Order at Docket No. M-00051865 and the same or similar law and issues relating to Federal and State agency liability, we find that it is reasonable and prudent to consolidate them in accordance with 52 Pa. Code § 5.81. We also find that it is appropriate to consolidate these proceedings as we are amending our February 27, 2009, Order at Docket No. M-00051865 that adopted the Standard Interconnection Agreement with this Order.

Regarding the Petitioners request to revise the Standard Interconnection Agreement, the Commission notes that it has exclusive regulatory jurisdiction over the implementation of public utilities and, where possible, seeks to establish statewide standardization of all facets of public utility operations. Through its AEPS Act Implementation Order, the Commission established standardized interconnection application and agreement forms in accordance with the Alternative Energy Portfolio Standards Act of 2004, 73 P.S. §§ 1648.1—1648.8, and the Commission's corresponding regulations at 52 Pa. Code §§ 75.1—75.51. The standard application and agreement forms are intended to be used for all levels of review for proposed interconnection projects. The Commission directed that the standard interconnection application and agreement forms be used by jurisdictional electric distribution companies (EDCs) for processing interconnection requests brought under the Commission's regulations at 52 Pa. Code §§ 75.1—75.51.⁴

The interconnection agreements for Levels 1—4 contain specific limitations on indemnification and liability. In addition, the agreements for Levels 2—4 contain specific terms regarding the laws and regulations applicable to

the agreement. Since the Commission approved the provisions set within these standardized forms and directed their use by EDCs for all levels of interconnection projects, the Commission is the appropriate forum for Petitioners to seek permission to deviate from use of the standardized interconnection agreement forms.

The Corps of Engineers, a formation of the United States Army, is a federal government agency subject to federal law. In general, federal agencies are exempt from lawsuits under the doctrine of sovereign immunity. As a result, the Corps of Engineers is insulated from liability, except in certain specific circumstance where Congress has waived the protections of sovereign immunity. See 28 U.S.C. §§ 1346, 1491 (Federal Tort Claims Act). In those instances where sovereign immunity has been waived, jurisdiction over any permissible lawsuit is vested in either the U.S. district courts or the U.S. Court of Federal Claims. See 28 U.S.C. §§ 1346(a), (b)(1) and 1491(a)(1). The FTCA waives sovereign immunity for torts involving property damage, personal injury, or death caused by the negligent or wrongful act or omission of any federal employee acting within the scope of his employment. 28 U.S.C. § 1346(b)(1). Section 1491 confers jurisdiction on the U.S. Court of Federal Claims to hear claims against federal agencies based on the Constitution, federal laws or regulations, or an express or implied contract. 28 U.S.C. § 1491(a)(1).

Further, under the Contract Disputes Act, 41 U.S.C. §§ 7101—7109, any claims by or against a federal executive agency⁵ related to a contract for, among other things, the procurement of property or services, or the construction, alteration, repair, or maintenance of real property must first be submitted to the contracting officer for a decision. 41 U.S.C. §§ 7102(a), 7103(a). A "contracting officer" is the person authorized to make and administer contracts and to make determinations and findings with respect to contracts on behalf of an executive agency. 41 U.S.C. § 7101(6). A contracting officer's ruling on a contract dispute can be appealed to an agency board of contract appeals—including the Armed Services Board—or to the U.S. Court of Federal Claims. See 41 U.S.C. §§ 7101(2), 7104(a)-(b), 7105(a), (e)(1)(A). A decision by an agency board can be appealed to the U.S. Court of Appeals for the appropriate circuit. 41 U.S.C. § 7107(a)(1), (b).

Also, under the Equal Access to Justice Act, 5 U.S.C. § 504 and 28 U.S.C. § 2412, the prevailing party before a federal agency or a federal court may be entitled to judgment for costs and fees, including attorney's fees, within certain prescribed limits. 5 U.S.C. § 504(a)(1), (b)(1) and 28 U.S.C. § 2412(a)(1), (b), (d)(2)(A). However, when reimbursement is sought, the costs and fees at issue must be submitted to either the federal agency or the federal court before which the case was heard and approved by that agency or court. 5 U.S.C. § 504(a)(2)-(3) and 28 U.S.C. § 2412(d)(1)(A)—(C).

Under these circumstances, the Commission agrees that it is appropriate to remove the Indemnification provision (Section 9) in its entirety and to modify the Limitation of Liability and Governing Law and Regulatory Authority provisions (Section 10 and Section 19, respectively) of the standardized interconnection agreement as requested by Wellsboro and the Corps of Engineers. Retaining the indemnification clause in the standardized interconnection agreement between Wellsboro

⁵ An "executive agency" includes "a military department as defined in section 102 of title 5." 41 U.S.C. § 7101(8)(B). Military departments include the Department of the Army. See 5 U.S.C. § 102.

⁴ AEPS Act Implementation Order at 7-8 (Ordering Paragraph No. 5).

and the Corps of Engineers would have the effect of placing the United States and its assets at risk—in violation of the doctrine of sovereign immunity—by exposing the United States to liability for tort actions beyond those permitted by statute.

Further, the federal statutes at issue dictate that any permissible claims or appeals involving the Corps of Engineers—whether tort claims or contract claims—be heard by the contracting officer for the agency, an agency board, or a federal court. The jurisdiction and procedures of these federal agencies and courts, including their ability to award attorney's fees to the prevailing party, are established under the federal laws discussed above. Accordingly, the Commission finds that requiring the Corps of Engineers to execute the standardized interconnection agreement form that retains the Indemnification, Limitation of Liability, and Governing Law and Regulatory Authority provisions in their standard form would (1) constitute an impermissible waiver of sovereign immunity and (2) lead to violations of federal laws and regulations regarding the adjudication of permissible claims involving the Corps of Engineers.

With respect to the Petitions filed by Penelec and Penn Power, DCNR made it known to each that it requested the above modifications in an effort to comply with 1 Pa.C.S. § 2310, which states that the Commonwealth of Pennsylvania, its officials, and its agencies are entitled to statutory sovereign immunity. DCNR is a state agency of the Commonwealth of Pennsylvania tasked with maintaining and preserving the 116 state parks; managing the 2.1 million acres of state forest land; providing information on the state's ecological and geologic resources; and establishing community conservation partnerships with grants and technical assistance to benefit rivers, trails, greenways, local parks and recreation, regional heritage parks, open space, and natural areas under the Conservation and Natural Resources Act, 71 P.S. §§ 1340.101, et. seq. Thus, DCNR is a Commonwealth agency for purposes of the Sovereign Immunity Act. 42 Pa.C.S. §§ 8521—8528. As a result, DCNR is insulated from liability, except in certain specified circumstances where the General Assembly has waived sovereign immunity protection. See 42 Pa.C.S. §§ 8521(a), 8522(a)-(b).

Based upon a review of this Commission's prior approval of the above-cited similar waiver requests as well as relevant case law regarding sovereign immunity, we agree that it is appropriate to remove the Indemnification provision and modify the Limitation of Liability provision of the standardized interconnection agreement as requested by DCNR. Retaining the indemnification clause in the standardized interconnection agreement with DCNR would have the effect of placing the Commonwealth, its assets, and the Pennsylvania General Fund at risk, because it would expose the Commonwealth to liability for tort actions beyond what is statutorily allowed. The purpose of sovereign immunity is to provide special protection against the loss of assets held in common for many people, specifically Pennsylvania citizens, now and in the future, for the performance of vital government functions.

We note that, under the Sovereign Immunity Act, there are certain specified circumstances in which the General Assembly has waived sovereign immunity protection. 42 Pa.C.S. §§ 8521(a), 8522(a)-(b). The exceptions to sovereign immunity under the Sovereign Immunity Act are to be strictly construed and are the only instances where immunization from liability for Commonwealth agencies is waived. See 42 Pa.C.S. §§ 8521(a), 8522(a)-(b).

No exception enumerated in the Sovereign Immunity Act applies to instances where a state agency enters into an interconnection project with a public utility and, therefore, no exception applies to Penelec's or Penn Power's interconnection project agreements with DCNR. Moreover, nothing in the Procurement Code generally addresses tort liability and we decline to read such an exception therein. Accordingly, we find that requiring DCNR to execute the standardized interconnection agreement form that retains the Indemnification and Limitation of Liability provisions as is would constitute an impermissible waiver of sovereign immunity. For these reasons, the Commission will approve the modifications requested by Petitioners.

As noted by Petitioners, the Commission has approved these same changes to the Standard Interconnection Agreements to accommodate prior requests by DCNR. The Commission also notes that no party has filed an objection to the changes proposed for the standard Interconnection Agreement in each of the prior proceedings, and no party filed an objection in the present proceedings. Accordingly, the Commission finds it reasonable and appropriate to amend the Commission's February 27, 2009, Order at Docket No. M-00051865 relating to the Implementation of the Alternative Energy Portfolio Standards Act of 2004: Standard Interconnection Application Forms, pursuant to our authority under Section 703(g) of the Pennsylvania Public Utility Code, 66 Pa.C.S. § 703(g).

Specifically, the Commission approves the modifications to the language of Sections 9, 10, and 19 of the standard interconnection agreement as set forth in this Order as an approved amendment to the Standard Interconnection Application Forms for federal agencies governed by and subject to the same federal laws as those at issue here (the Federal Tort Claims Act, 28 U.S.C. §§ 1346, 1491; the Contract Disputes Act, 41 U.S.C. §§ 7101—7109; and the Equal Access to Justice Act, 5 U.S.C. § 504 and 28 U.S.C. § 2412). Likewise, the Commission approves the modifications to the language of Sections 9 and 10 of the standard interconnection agreement as set forth in this Order as an approved amendment to the Standard Interconnection Application Forms for state agencies governed by and subject to the same state laws as those at issue herein (the Sovereign Immunity Act. 42 Pa.C.S. §§ 8521—8528).

Conclusion

For the foregoing reasons, the Commission finds that the Petitioners' reasons for seeking waiver of the standard interconnection agreements are valid. Accordingly, we find it is in the public interest to grant these Petitions. We also find that it is reasonable and appropriate to amend the Commission's February 27, 2009, Order at Docket No. M-00051865 relating to the Implementation of the Alternative Energy Portfolio Standards Act of 2004: Standard Interconnection Application Forms, by approving modifications to the Standard Interconnection Agreement Forms as set forth in this Order as approved amendments to said forms; *Therefore,*
