READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the *Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

GOVERNOR'S OFFICE

Proclamation of Disaster Emergency

February 1, 2021

Whereas, a severe winter event began to impact the Commonwealth of Pennsylvania on January 31, 2021, and continues, causing dangerous winter weather conditions including snow, ice accumulation, and high winds; and

Whereas, this emergency event has the potential to cause significant adverse impacts upon the population throughout the Commonwealth; and

Whereas, several affected county and municipal governments have declared local disaster emergencies related to the winter weather conditions; and

Whereas, this emergency event is of such magnitude or severity as to render essential the Commonwealth's supplementation of county and municipal efforts and resources and the activation of all applicable state, county and municipal emergency response plans; and

Whereas, the Commonwealth of Pennsylvania has enacted the Emergency Management Assistance Compact (EMAC) into law, and codified it at 35 Pa.C.S. §§ 7601—7604, in order to provide for mutual aid between states during an emergency that is duly declared by the Governor of the affected state.

Now Therefore, pursuant to the provisions of section § 7301(c) of the Emergency Management Services Code, 35 Pa.C.S. § 7101(c), I do hereby proclaim the existence of a disaster emergency in the Commonwealth and authorize and direct that the Pennsylvania Emergency Management Agency Director, or designee, assume command and control of all statewide emergency operations and that all Commonwealth departments and agencies, under the direction of the Pennsylvania Emergency Management Agency Director, or designee, utilize all available resources and personnel as is deemed necessary to cope with the magnitude and severity of this emergency event.

Further, I hereby transfer \$2,000,000 in unused appropriated funds to the Pennsylvania Emergency Management Agency for Emergency Management Assistance Compact expenses related to this emergency, to be increased or decreased as conditions require pursuant to the provisions of section 7604(a) of the Emergency Management Services Code, 35 Pa.C.S. § 7604(a). In addition, I hereby transfer \$5,000,000 in unused appropriated funds, to be increased or decreased as conditions require, to the Pennsylvania Emergency Management Agency pursuant to section 1508 of the Act of April 9, 1929, P.L. 343, No. 176 (the Fiscal Code), 72 P.S. § 1508. The aforementioned funds shall be used for expenses authorized and incurred related to this emergency. These funds shall be credited to a special account established by the Office of the Budget. I hereby direct that any funds transferred herein that remain unused after all costs related to this emergency have been satisfied shall be returned to the General Fund.

Further, all Commonwealth agencies purchasing supplies or services in response to this emergency are authorized to utilize the emergency procurement procedures set forth in section 516 of the Commonwealth Procurement Code, 62 Pa.C.S. § 516. This Proclamation shall serve as the written determination of the basis for the emergency under 62 Pa.C.S. § 516; and

Further, I hereby direct the Pennsylvania Emergency Management Agency to staff the Commonwealth Response Coordination Center for the duration of this emergency event, and to augment it with personnel from other Commonwealth agencies and departments. I also authorize the Pennsylvania Emergency Management Agency to direct and coordinate the emergency response, recovery, and mitigation activities of other Common-

wealth agencies and departments as deemed necessary to deal with the exigencies of this disaster emergency through implementation of the State Emergency Operations Plan; and

Further, I hereby authorize the Secretary of Transportation to use all available equipment, resources, and personnel of the Department of Transportation, in whatever manner that she deems necessary, to ensure that all federal-aid and state highways in the areas that may be affected by the emergency event are cleared of snow, debris and any other obstructions resulting from this event and to ensure that highways, bridges, roadbeds, and related facilities and structures that may sustain damage in the disaster affected areas are immediately repaired, maintained, reconstructed, or replaced, or that new construction is undertaken where necessary. In addition, I hereby waive any laws or regulations that would restrict the application and use of the Department's equipment, resources, and personnel to assist local jurisdictions in the repairs and clearing and removal of snow, debris and other types of obstructions from non-state-owned highways. This assistance to local jurisdictions may be provided solely at the discretion of the Secretary of Transportation. This assistance, however, does not apply to privately owned highways, roads, streets, or other types of property; and I hereby authorize the Secretary of Transportation, in her sole discretion, to waive any provision of the Vehicle Code or any other law or regulation which she is authorized by law to administer or enforce as may be necessary to respond to this emergency event; and

Further, if investigations made on my behalf determine that the Commonwealth is in need of greater flexibility in the application of state and federal motor carrier regulations to accommodate utility operators and truck drivers in the transporting of fuel, food or other commodities across the state to provide emergency relief and repairs during this event, I hereby direct the Department of Transportation to waive any laws or federal or state regulations related to drivers of commercial vehicles; and

Further, pursuant to the powers vested in me by the Constitution and laws of this Commonwealth, specifically 51 Pa.C.S. § 508, I hereby authorize the Adjutant General of Pennsylvania to place on state active duty for the duration of this disaster emergency proclamation, such individuals and units of the Pennsylvania National Guard, as requested by the Pennsylvania Emergency Management Agency, to alleviate the danger to public health and safety caused by this emergency event; and

Further, I hereby authorize the Commissioner of the Pennsylvania State Police to use all available resources and personnel of the Pennsylvania State Police, in whatever manner he deems necessary, to aid in the recovery aspects related to all interstate and other federal and state highways in the Commonwealth to address this emergency event; and

Further, I hereby direct that the emergency response, recovery, and mitigation aspects of the Commonwealth and all applicable county, municipal, and other emergency response plans be activated and that all state, county, and municipal actions taken to implement those plans be coordinated through the Pennsylvania Emergency Management Agency; and

Further, I hereby suspend the provisions of any other regulatory statute prescribing the procedures for conduct of Commonwealth business, or the orders, rules or regulations of any Commonwealth agency, if strict compliance with the provisions of any statute, order, rule or regulation would in any way prevent, hinder, or delay necessary action in coping with this emergency event. All Commonwealth agencies may implement their emergency assignments without regard to procedures required by other laws, except mandatory constitutional requirements, pertaining to the performance of public work, entering into contracts, incurring of obligations, employment of temporary workers, rental of equipment, purchase of supplies and materials, and expenditures of public funds; and

Still Further, I hereby urge the governing bodies and executive officers of all political subdivisions that may be affected by this emergency event to act as necessary to meet the current exigencies as legally authorized under this

proclamation, including by the employment of temporary workers; by the rental of equipment; and by entering into such contracts and agreements as may be required to meet the emergency, all without regard to those time-consuming procedures and formalities normally prescribed by law, mandatory constitutional requirements excepted.

Given under my hand and the Seal of the Governor, at the city of Harrisburg, on this first day of February two thousand twenty-one, the year of the commonwealth the two hundred and forty-fifth.

Proposed Amendment to Pennsylvania Bar Admission Rule 322

Notice is hereby given that the Pennsylvania Board of Law Examiners is considering recommending to the Pennsylvania Supreme Court that it amend Rule 322 of the Pennsylvania Bar Admission Rules concerning authorized activities of certified legal interns (interns) as set forth in Annex A. Additions to the text of the rule are shown in bold and underlined, and deletions are in bold and brackets.

The proposed amendment would permit interns with an additional opportunity to participate in oral advocacy before the appellate courts of the Commonwealth of Pennsylvania (appellate courts). Currently, interns representing the Commonwealth are permitted to participate in oral advocacy before the appellate courts, however, interns representing the indigent are not. This distinction has caused some confusion as some have interpreted the rule to prohibit any oral advocacy before the appellate courts by any intern, including those who represent the Commonwealth. The proposed amendment to Pa.B.A.R. 322 would clarify that interns representing the Commonwealth are permitted to provide oral advocacy before the appellate courts and would expressly permit interns representing indigents to also provide oral advocacy in those courts. It also clarifies the duties of the supervising attorney and provides the supervising attorney with the ability to designate another attorney in his or her office with the ability to supervise the intern in representation of clients before the courts.

Interested persons are invited to submit written comments regarding the proposed amendments to the Counsel to the Board, Pennsylvania Board of Law Examiners, Pennsylvania Judicial Center, 601 Commonwealth Avenue, Suite 3600, P.O. Box 62535, Harrisburg, PA 17106-2535, no later than April 13, 2021.

CHAPTER 71. PENNSYLVANIA BAR ADMISSION RULES

Subchapter C. RESTRICTED PRACTICE OF LAW CERTIFIED LEGAL INTERNS

Rule 322. Authorized activities of certified legal interns.

(a) *General Rule.* Subject to the restrictions of this subdivision, a certified legal intern may with the approval of a supervising attorney:

(1) Appear before any **court or other** government unit [**(other than the Supreme, Superior or Commonwealth Courts)**] in any civil or criminal matter on behalf of any indigent, if the person on whose behalf the legal intern is appearing consents to such appearance. [**The supervising attorney must be personally present throughout the proceedings where the legal intern is appearing on behalf of the defendant in a criminal matter where the defendant has the right to counsel under any provision of law.**]

(2) Appear in any civil or criminal matter on behalf of the Commonwealth, if the Attorney General (or the prosecuting attorney in the case of a criminal matter) or his or her authorized representative consents to such appearance.

The approval of the supervising attorney and the consent of the party represented required by this subdivision shall be in writing and filed of record in the matter and shall be brought to the attention of the judge or magisterial district judge or the presiding officer of the other government unit. **Appearances pursuant to this rule include provision of oral argument.**

(b) *Preparation of Papers.* A certified legal intern may engage in other activities, [**under the general supervision of a member of the bar of this Commonwealth, but outside the personal presence of the attorney,**] including **the following:**

(1) Preparation of pleadings and other documents to be filed in any matter in which the legal intern is eligible to appear and in any appeals therefrom in the Supreme, Superior or Commonwealth Courts.

(2) Except when the assignment of counsel is required under any provision of law, **provision of** assistance to indigent inmates of correctional institutions or other persons who request such assistance in preparing applications for and supporting documents for post-conviction relief. If there is an attorney of record in the matter, all such assistance shall be supervised by the attorney of record.

Each pleading or other document shall contain the name of the legal intern who has participated in drafting it. If the legal intern participated in drafting only a portion of it, that fact may be stated. All pleadings or other documents shall be signed by the supervising attorney.

(c) *Supervising attorney.* The attorney under whose supervision a certified legal intern performs any of the services permitted by this rule shall [:]

(1) Be approved in writing as a supervising attorney for the purposes of this rule by the dean of the law school in which the legal intern is or was enrolled.

(2) Assume personal professional responsibility for the guidance of the legal intern in any work undertaken and for supervising the quality of the work of the legal intern.

(3) Assist the legal intern in his or her preparation to the extent the supervising attorney considers necessary.

(4) Assure that the certified legal intern is fully prepared and appropriately supervised.

(5) Ensure that a licensed attorney employed by his or her office is personally present during any appearance the certified legal intern makes before any tribunal.

Official Note: Based on former Supreme Court Rule 11 A, D and E and makes no change in substance.

Amendments to Rules of Organization and Procedure of the Disciplinary Board of the Supreme Court of Pennsylvania; Order No. 100

By this Order, the Disciplinary Board of the Supreme Court of Pennsylvania amends its Board Rules and Procedures to modify Rule § 85.10 related to stale matters.

The Disciplinary Board of the Supreme Court of Pennsylvania finds that:

(1) To the extent that 42 Pa.C.S. § 1702 (relating to rule making procedures) and Article II of the act of July 31, 1968 (P.L. 769, No. 240), known as the Commonwealth Documents Law, would otherwise require notice of proposed rulemaking with respect to the amendments adopted hereby, those proposed rulemaking procedures are inapplicable because the amendments adopted hereby relate to agency procedure and are perfunctory in nature.

(2) The amendments to the Rules of Organization and Procedure of the Board adopted hereby are not inconsistent with the Pennsylvania Rules of Disciplinary Enforcement and are necessary and appropriate for the administration of the affairs of the Board.

The Board, acting pursuant to Pa.R.D.E. 205(c)(12), orders:

(1) Title 204 of the *Pennsylvania Code* is hereby amended as set forth in Annex A hereto.

(2) The Executive Director shall duly certify this Order, and deposit the same with the Administrative Office of Pennsylvania Courts as required by Pa.R.J.A. 103(c).

(3) The amendments adopted hereby shall take effect 30 days after publication in the *Pennsylvania Bulletin*.

CHAPTER 85. GENERAL PROVISIONS

§ 85.10. Stale matters.

(a) *General rule.* The Office of Disciplinary Counsel or the Board shall not entertain any complaint arising out of acts or omissions occurring more than four years prior to the date of the complaint, except as provided in subsection (b).

(b) *Exceptions.* [**The four year limitation in subsection (a) shall:**]

(1) [**Not**] **The four year limitation in subsection (a) shall not** apply in cases involving theft or misappropriation, conviction of a crime or a knowing act of concealment.

(2) [**Be tolled during any period when there has been litigation pending that**] **When litigation** has resulted in a finding that the subject acts or omissions involved civil fraud, ineffective assistance of counsel or prosecutorial misconduct by the respondent-attorney, **a complaint may be entertained if filed or opened within: (i) four years of the subject acts or omissions; or (ii) two years after the litigation in which the finding was made becomes final, whichever date is later.**

(c) **Litigation “becomes final” within the meaning of subsection (b)(2)(ii) at the conclusion of direct or collateral review, including discretionary review in the Supreme Court of the United States and the highest state court, or at the expiration of time for seeking the review.**

Official Note: Litigation resulting in a finding of civil fraud, ineffective assistance of counsel or prosecutorial misconduct is not a prerequisite to Office of Disciplinary Counsel’s or the Board’s entertaining a complaint involving one of those three forms of misconduct, and subsection (b)(2) should not be read to impose such a requirement.

PART V. PROFESSIONAL ETHICS AND CONDUCT

[204 PA. CODE CHS. 85, 89, 91 AND 93]

Amendments to Rules of Organization and Procedure of the Disciplinary Board of the Supreme Court of Pennsylvania; Order No. 99

By Order dated October 29, 2020, effective November 28, 2020, the Supreme Court of Pennsylvania adopted Rule 404 of the Pennsylvania Rules of Disciplinary Enforcement and amended Rules 102, 201, 204, 217 and 219 of the Pennsylvania Rules of Disciplinary Enforcement related to permanent resignation. By this Order, the Board amends its Board Rules and Procedures to reflect the adoption of those amendments and modifies Rules § 85.2 related to definitions; § 85.3 related to jurisdiction; § 85.8 related to types of discipline; § 91.95 related to additional steps to be taken to disengage from the practice of law; and § 93.141 related to annual registration.

Further, by this Order, the Board amends its Board Rules and Procedures to modify Rules § 89.3 related to filings; § 89.164 related to filing and service of briefs; § 89.202 related to content and form of briefs on exceptions; and § 93.27 related to conference telephone meetings.

The Disciplinary Board of the Supreme Court of Pennsylvania finds that:

(1) To the extent that 42 Pa.C.S. § 1702 (relating to rule making procedures) and Article II of the act of July 31, 1968 (P.L. 769, No. 240), known as the Commonwealth Documents Law, would otherwise require notice of proposed rulemaking with respect to the amendments adopted hereby, those proposed rulemaking procedures are inapplicable because the amendments adopted hereby relate to agency procedure and are perfunctory in nature.

(2) The amendments to the Rules of Organization and Procedure of the Board adopted hereby are not inconsistent with the Pennsylvania Rules of Disciplinary Enforcement and are necessary and appropriate for the administration of the affairs of the Board.

The Board, acting pursuant to Pa.R.D.E. 205(c)(12), orders:

(1) Title 204 of the *Pennsylvania Code* is hereby amended as set forth in Annex A hereto.

(2) The Executive Director shall duly certify this Order, and deposit the same with the Administrative Office of Pennsylvania Courts as required by Pa.R.J.A. 103(c).

(3) The amendments adopted hereby shall take effect 30 days after publication in the *Pennsylvania Bulletin*.

(a) *General rule.* The filing of pleadings, briefs and other documents in connection with a formal proceeding under these rules shall be as follows:

(1) Except as otherwise requested by the Board Prothonotary, at the time any pleading or other document is filed in a formal proceeding that is not at the time in the hands of a hearing committee or special master, there shall be furnished to the Board Prothonotary an original and [**three**] **one** conformed [**copies**] **copy** thereof, including all exhibits, if any.

CHAPTER 91. MISCELLANEOUS MATTERS

Subchapter E. FORMERLY ADMITTED ATTORNEYS

§ 91.95. Additional steps to be taken to disengage from the practice of law.

* * * * *

(b) *Additional steps for certain types of discipline or disability.* Enforcement Rule 217(d)(3) provides that in cases of disbarment, suspension for a period exceeding one year, temporary suspension under Enforcement Rule 208(f) or 213(g), or disability inactive status under Enforcement Rule 216 or 301, a formerly admitted attorney shall also promptly:

(1) resign all appointments as personal representative, executor, administrator, guardian, conservator, receiver, trustee, agent under a power of attorney, or other fiduciary position;

(2) close every IOLTA, Trust, client and fiduciary account;

(3) properly disburse or otherwise transfer all client and fiduciary funds in his or her possession, custody or control; and

(4) take all necessary steps to cancel or discontinue the next regular publication of all advertisements and telecommunication listings that expressly or implicitly convey eligibility to practice law in the state courts of Pennsylvania.

Official Note: Paragraph (b) of this section does not preclude a respondent-attorney who voluntarily assumes inactive or retired status, **permanently resigns**, is placed on administrative suspension, is temporarily suspended under Enforcement Rule 214, or is suspended for one year or less, from completing existing appointments and accepting new appointments of the nature identified in paragraph (b)(1). Nonetheless, in order to comply with §§ 91.91 (relating to notification of clients in nonlitigation matters), 91.92 (relating to notification of clients in litigation matters), and 91.93 (relating to notification of other persons) of this Subchapter E, the formerly admitted attorney who desires to complete existing appointments or accept future appointments must give written notice of the formerly admitted attorney's registration status or change in that status to appointing and supervising judges and courts, wards, heirs, beneficiaries, interested third parties, and other recipients of the formerly admitted attorney's fiduciary services, as notice of the formerly admitted attorney's other-than-active status gives all interested parties an opportunity to consider replacing the formerly admitted attorney or enlisting a person other than the formerly admitted attorney to serve as the fiduciary in the first instance. Although the formerly admitted attorney would not be precluded by paragraph (b)(2) of this section from continuing to use a fiduciary account registered with the bank as an IOLTA or Trust Account, subsection (a) of this section and § 91.101(e)(4) (relating to prohibited activities of a formerly admitted attorney) prohibit the formerly admitted attorney from using or continuing to use account checks and deposit slips that contain the word "IOLTA," "attorney," "lawyer," "esquire," or similar appellation that could convey eligibility to practice in the state courts of Pennsylvania. Notwithstanding the specific prohibitions of § 91.101 (relating to law-related activities of formerly admitted attorneys), the formerly admitted attorney is authorized to perform those services necessary to carry out the appointment with the exception of any service

that would constitute the unauthorized practice of law if engaged in by a nonlawyer. In relation to formerly admitted attorneys who are disbarred, suspended for a period exceeding one year, temporarily suspended under Enforcement Rule 208(f) or 213(g), or transferred to disability inactive status, the requirements of paragraph (b)(1) of this section continue throughout the term of the disbarment, suspension, temporary suspension, or disability inactive status, thereby precluding any new appointment or engagement.

(c) *Compliance records and submission thereof.* Enforcement Rule 217(d)(3) further provides that the formerly admitted attorney shall maintain records to demonstrate compliance with the provisions of subsections (a) and (b) of this section and shall provide proof of compliance at the time the formerly admitted attorney files the verified statement required by § 91.96 of this Subchapter E.

CHAPTER 93. ORGANIZATION AND ADMINISTRATION

Subchapter B. THE DISCIPLINARY BOARD

§ 93.27. Conference telephone meetings.

One or more members of the Board may participate in a meeting of the Board [**(other than a meeting for the purpose of hearing oral argument)**] by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other. Participation in a meeting pursuant to this section shall constitute presence in person at such meeting.

Subchapter G. FINANCIAL MATTERS

ANNUAL REGISTRATION OF ATTORNEYS

§ 93.141. Annual registration.

* * * * *

(b) [**Inapplicable to justices and judges**] **Exemptions.** Enforcement Rule 219(b) provides that the following shall be exempt from the annual fee:

(1) Justices or judges serving in the following Pennsylvania courts of record shall be exempt for such time as they serve in office: Supreme, Superior, Commonwealth, Common Pleas, and Philadelphia Municipal; and justices or judges serving an appointment for life on any federal court;

(2) retired attorneys; [**and**]

(3) **permanently resigned attorneys under Enforcement Rule 404; and**

[(3)] (4) military attorneys holding a limited certificate of admission issued under Pa.B.A.R. 303 (relating to admission of military attorneys).

Official Note: The exemption created by subdivision (b)(1) does not include Pittsburgh Municipal Court judges, magisterial district judges, arraignment court magistrates or administrative law judges.

The Department intends to make up to \$253,000 available for grants under the Program.

1. Program objectives.

(a) *Purpose.* The Department will award grants to provide matching funds to nonprofit agricultural product promotion and marketing organizations to reimburse up to 50% of the cost of projects intended to:

3. *Limitations on grants.* The minimum amount of a matching grant is \$1,000. (d) *Application window.* Applications shall be submitted by 4:59 p.m. on Friday, March 5, 2021.

(e) *Additional documentation.* The Secretary may require that an applicant submit additional documentation to complete or verify an application. The additional documentation may include a letter, affidavit or other documentation:

(1) Verifying that an applicant is a Pennsylvania non-profit agricultural product promotion and marketing organization.

(2) Verifying the activities and location of offices of an applicant.

(3) Confirming that the applicant for a matching grant has secured funds in an amount at least equal to the matching grant amount sought for the project.

6. *Review of application.*

(a) *Transmittal of application to Bureau.* When the Bureau receives a complete and accurate grant application, it will forward this application, together with supporting documentation submitted therewith, to the Secretary for review. The Bureau may also forward a recommendation as to whether the application should be approved or rejected, whether the grant should be in an amount less than requested and whether special restrictions or limitations should be placed on the grant.

(b) *Factors.* The Secretary will review and evaluate the application and supporting documentation and may consider the following factors, among others, in deciding whether to approve or reject the grant request:

(1) The relevance of the project to the promotion or marketing of agricultural products within this Commonwealth.

(2) The innovativeness of the project described in the application.

(3) The scope of the project and the number of people who will be exposed to or affected by the project described in the application.

(4) The impact which the project will have upon the promotion and sales of the agricultural hemp products within this Commonwealth to which the project is targeted.

(5) The availability of full funding for the project from the applicant or from any source other than the Grant Program.

(6) The apparent ability of the applicant to complete the project as described in the application or, in the case of a grant to fund a National or regional agricultural product promotion or marketing project, the apparent ability of the entity with primary responsibility for the project to complete it.

(7) The overall performance of the project if the project had received funding through any other grant program administered by the Department in a previous fiscal year.

(8) Projects that are joint efforts between two or more Pennsylvania nonprofit agricultural product promotion and marketing organizations may be given preference over projects involving only one organization.

(9) Projects where reference to the Department as a source of funding can practicably be made in promotional materials or broadcasts, and that would make such a reference, may be given preference over projects that would not make such a reference.

(10) Whether the project has been assigned priority for funding in FY 2019-2020, as previously described in paragraph No. 1(c).

(c) *Decisions.* The Secretary may approve a grant in an amount less than that requested in the grant application. In addition, the Secretary may impose restrictions or special conditions upon the issuance of a grant. The Secretary will review all recommendations of the Bureau but will have final authority to accept or reject these recommendations.

7. *Notice of disposition of application.*

DEPARTMENT OF BANKING AND SECURITIES

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of March 2021

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P.L. 13, No. 6) (41 P.S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of March 2021, is 4%.

The interest rate limitations under the Commonwealth's usury statute were pre-empted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub.L. No. 96-221). Further pre-emption was instituted with the signing of Pub.L. No. 96-399, which overrode State interest rate

limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which such individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board or the United States Treasury, or both. The latest yield rate on long-term government securities is 1.51 to which was added 2.50 percentage points for a total of 4.01 that by law is rounded off to the nearest quarter at 4%.

APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit www.dep.pa.gov and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

- All Transfer and Minor Amendment Applications/NOIs Received—Transfer and Minor Amendment Applications/NOIs received for Individual and General WQM Permits and Individual and General NPDES Permits are identified but do not have public comment periods. DEP provides a 15-day public comment period for Individual WQM Permit Applications for amendments.

Additional information on these applications and NOIs may be reviewed by generating the “Applications and NOIs without Comment Periods Report” or, for Individual WQM Permit Applications, the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPUBLICNOTICE.

Section II identifies individual NPDES permit applications received and draft permits issued by DEP relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. Additional information, including links to draft permits and fact sheets that explain the basis for DEP’s tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP’s website at www.dep.pa.gov/CWPUBLICNOTICE.

Section III provides notice of applications and draft individual permits for stormwater discharges associated with construction activities. Where indicated, DEP has made tentative determinations, based on preliminary review, to issue permits subject to proposed effluent limitations consisting of best management practices identified in the erosion and sediment control (E&S) plans and post-construction stormwater management (PCSM) plans submitted with the applications, as well as other terms and conditions based on the permit applications. A 30-day public comment period applies to these applications.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 1

Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent (NOI) to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a (NOI) to Remediate with the Department. A NOI to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified person, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a NOI to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate

Regional Office listed. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

AIR QUALITY

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan

approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office listed before the application. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Noncoal Applications Received

Effluent Limits—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Table 2

Parameter	30-day Average	Daily Maximum	Instantaneous Maximum
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l

* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. If coal will be extracted incidental to the extraction of noncoal minerals, at a minimum, the technology-based effluent limitations identified under coal applications will apply to discharges of wastewater to streams.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	
Alkalinity greater than acidity*			

*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91–96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30-days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30-days of this public notice and contain the name, address, telephone number and the interest of the party filing the request and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341), requires the State to certify that

the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), as well as relevant state requirements. Persons objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30-days of the date of this

notice, as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The Department may conduct a fact-finding hearing or an informal conference in response to comments if deemed necessary. Each individual will be notified, in writing, of the time and place of a scheduled hearing or conference concerning the certification request to which the comment, objection or suggestion relates. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8:00 AM and 4:00 PM on each working day at the office noted above the application.

If you are a person with a disability and wish to attend the hearing and you require an auxiliary aid, service or other accommodation to participate in the proceedings, please contact the specified program. TDD users may contact the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

Permit No. E4601121-001, Pennsylvania Department of Transportation, Engineering District 6-0, 7000 Geerdes Boulevard, King of Prussia, PA 19406, Lower Pottsgrove Township, **Montgomery County**, ACOE Philadelphia District.

The Pennsylvania Department of Transportation (PennDOT District 6-0) is proposing to perform the following water obstruction and encroachment activities associated with the US 422 Section MB1 Reconstruction Project:

1. To remove an existing 89.83 foot-long, reinforced twin box concrete culvert carrying Sprogel Run (WWF-MF, Stream 6) and adjacent bridge over Porter Road. In their place, construct and maintain a 96.38 foot-long, 2-span, precast concrete beam bridge resulting in 165 linear feet (6,251 square feet) of permanent watercourse impact (USGS PA Phoenixville Quadrangle—Latitude 40.23980 N, Longitude 75.60916 W).

2. To place fill and relocate an unnamed tributary to Sprogel Run (WWF-MF, Stream 81) associated with SR 422 bridge construction. This activity will result in 53 linear feet (390 square feet) of permanent watercourse impact (USGS PA Phoenixville Quadrangle—Latitude 40.23935 N, Longitude 75.60944 W).

3. To remove a 48-inch RCP stream enclosure carrying an unnamed tributary to Sprogel Run (WWF-MF, Stream 7/83), relocate, place fill, and grade. In its place, to construct and maintain a 48-inch diameter RCP stream enclosure resulting in 236 linear feet (3,500 square feet) and 165 linear feet (2,871 square feet) of permanent watercourse impact. This activity includes grading and

restoration of watercourse (USGS PA Phoenixville Quadrangle—Latitude 40.24007 N, Longitude 75.32416 W).

4. To place fill and grade to facilitate the construction of a stormwater facility resulting in 243 linear feet (2,744 square feet) of permanent watercourse impact (USGS PA Phoenixville Quadrangle—Latitude 40.24125 N, Longitude 75.60027 W).

5. To place fill within an unnamed tributary (WWF-MF, Stream 83) associated with roadway reconstruction resulting in 159 linear feet (675 square feet) of permanent watercourse impact (USGS PA Phoenixville Quadrangle—Latitude 40.24007, Longitude 75.59916 W).

6. To place fill adjacent to a wetland area (PFO, Wetland 4) associated with roadway reconstruction and redirecting roadway drainage. This activity will result in 801 square feet of permanent wetland impact due to loss of hydrology (USGS PA Phoenixville Quadrangle—Latitude 40.24180 N, Longitude 75.59166 W).

7. To remove an existing 329 foot-long, 72.25 foot-wide, 4-span concrete I-Beam bridge and its piers over Sanatoga Creek (WWF-MF, Stream 5). ENVIRONMENTAL ASSESSMENTS

Central Office: Bureau of Waterways Engineering and Wetlands, Rachel Carson State Office Building, Floor 2, 400 Market Street, Harrisburg, PA 17101, Telephone number: 717-787-3411.

D51-001. Lance Butler, Philadelphia Water Department, Aramark Tower, 1101 Market Street, 4th Floor, Philadelphia, PA 19107, City of Philadelphia, **Philadelphia County**, USACOE Philadelphia District.

The project proposes to replace the intake of the former canal feeder structure with a new diversion facility in the intake channel of the Manayunk Schuylkill Canal to restore flow through the canal and improve water quality while addressing structural deficiencies along approximately 410 feet of the intake channel wall along the Schuylkill River, an appurtenance to the Flat Rock Dam. The diversion facility will create a new abutment connection for Flat Rock Dam. The existing lock and feeder structure were decommissioned and permanently closed in the 1940s, leading to degraded water quality in the canal.

The project includes reconstruction of the wall's existing overflow spillway with a new concrete spillway structure and a sluiceway for sediment and debris management in the intake channel. A concrete bulkhead wall and flow control structure will be constructed across the Canal Intake Channel. Riprap protection will be placed

along the shoreline on the canal path side of the diversion facility. A structural concrete channel, excavated in uplands, will connect the flow diverted from the Schuylkill River to the Manayunk Schuylkill Canal. A small boulder weir structure will be constructed at the outlet end of the Manayunk Schuylkill Canal at Lock No. 69 to create a permanent plunge pool for migratory fish passage as required by the National Marine Fisheries Service.

The dam is located across the Schuylkill River (WWF, MF) (Germantown, PA Quadrangle; Latitude: 40.0380, Longitude: -75.2447).

D48-067EA. John Yaswinski, 172 East Aluta Mill Road, Nazareth, PA 18064, Bushkill Township, **Northampton County**, USACOE Philadelphia District.

Project proposes to remove the East Aluta Road Mill Dam to eliminate a threat to public safety and to restore approximately 400 feet of stream channel to a free-flowing condition. The proposed restoration project includes boulder construction of a j-hook and cross vane to provide habitat and concentrate flow to prevent stream bank erosion. The project is located across Bushkill Creek (HQ-CWF, MF) (Wind Gap, PA Quadrangle, Latitude: 40.7710; Longitude: -75.3138).

UNDER THE ACT OF
OCTOBER 18, 1988**

**PUBLIC NOTICE OF PROPOSED CONSENT
ORDER AND AGREEMENT**

The Department of Environmental Protection (Department), under the authority of the Pennsylvania Hazardous Sites Cleanup Act (HSCA), 35 P.S. § 6020.1113, has entered a Consent Order and Agreement with **VVChurch, LLC**, for its purchase of the property located at 1180 Church Road in Lansdale, PA 19446. This Site is located within the larger North Penn Area 7 Superfund Site (the North Penn 7 Site) which consists of approximately 650 acres of impacted properties in Upper Gwynedd, North Wales and Lansdale, **Montgomery County**, PA. Five industrial facilities are the primary sources of groundwater contamination including volatile organic compounds which have affected properties in the North Penn 7 Site. VVChurch, LLC, will develop the Site for commercial uses such as a hotel, light industrial facilities and other ancillary businesses.

Hazardous substances within the meaning of Section 103 of the Hazardous Sites Cleanup Act, 35 P.S. § 6020.103, were released and threatened to be released on the Site. Pursuant to Section 501(a) of HSCA, 35 P.S. § 6020.501(a), the Department has incurred past re-

sponse costs and may incur future response costs associated with remediation of the Site. VVChurch, LLC, has represented to the Department that it did not cause or contribute to the contamination impacting the Site or the larger North Penn 7 Site, and that it is not otherwise responsible for any releases or threatened releases of hazardous substances at these Sites. The Department is not aware of any information to the contrary which would indicate such liability.

VVChurch, LLC, signed a Consent Order and Agreement to resolve its potential liability as an owner of the Site where there has been a release and threatened release of hazardous substances. Pursuant to the Consent Order and Agreement, VVChurch shall pay a de minimus share of liability in the amount of Five Thousand Dollars (\$5,000) and in consideration of this payment, VVChurch will receive contribution protection, as well as a Covenant Not to Sue regarding its prospective purchase of the Site.

**LAND RECYCLING AND
ENVIRONMENTAL REMEDIATION**

**UNDER ACT 2, 1995
PREAMBLE 2**

The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes poten-

tial adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program man-

ager in the Department Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

PUBLIC NOTICE OF APPLICATION AND DRAFT STATE WATER QUALITY CERTIFICATION FOR A FERC REGULATED PIPELINE PROJECT

Proposed State Water Quality Certification Required by the Commonwealth of Pennsylvania, Department of Environmental Protection Pursuant to Section 401 of the Clean Water Act for the Perulack Compressor Units Replacement Project.

Regional Permit Coordination Office: 400 Market Street, Harrisburg, PA 17101, Email: RA-EPREGIONALPERMIT@pa.gov.

WQ3483220-001, Texas Eastern Transmission, LP, 890 Winter Street, Suite 320, Waltham, MA 02451. Perulack Compressor Units Replacement Project, in Lack Township, **Juniata County**, U.S. Army Corps of Engineers, Baltimore District. The proposed project is located at Perulack Compressor Station situated off Pumping Station Road (Latitude: 40.35583°; Longitude: -77.65389°).

On January 15, 2021, Applicant filed an application with the Federal Energy Regulatory Commission (FERC) under Section 7 of the Natural Gas Act (15 U.S.C.A. § 717f) seeking a certificate of public convenience and necessity to construct and operate its Project (FERC Docket No. CP21-31-000).

On November 16, 2020, the Applicant requested a state water quality certification (SWQC) from the Pennsylvania Department of Environmental Protection (PADEP), as required by Section 401 of the Clean Water Act (33 U.S.C.A. § 1341), to ensure that the construction, operation and maintenance of the Project will protect water quality in Pennsylvania consistent with the requirements of State law and the Clean Water Act.

The Project, as proposed, includes replacement of four existing compressor units and related facilities with two

new gas turbine units and associated facilities to comply with future air emission reduction requirements. The Project also includes the construction of a new compressor building to house the two new compressor units. The existing compressor units are in two separate compressor buildings, one of which will be removed from service but remain in place and the other will be removed. Additional facilities to be updated or installed include a generator building, an electrical control building with battery extension, a service entrance building, and an auxiliary building, as well as the installation of four filter separators. In addition, the project will result in the installation of a new, lined stormwater retention basin. The Project, as proposed, will require approximately 30.6 acres of earth disturbance and impacts to 1.04 acres of floodway.

PADEP, by this notice, is proposing to issue a SWQC to Texas Eastern Transmission, LP for the Perulack Compressor Units Replacement Project. PADEP is proposing to certify that construction, operation and maintenance of the Perulack Compressor Units Replacement Project complies with the applicable provisions of sections 301—303, 306 and 307 of the Federal Clean Water Act (33 U.S.C.A. §§ 1311—1313, 1316 and 1317). The PADEP is proposing to further certify that the construction, operation and maintenance of the Perulack Compressor Units Replacement Project complies with Pennsylvania water quality standards and will maintain and protect applicable Commonwealth water quality standards provided that the construction, operation and maintenance of the project complies with the following PADEP water quality permitting programs, criteria and conditions established pursuant to Pennsylvania law:

EROSION AND SEDIMENT CONTROL

The following parties have applied for Erosion and Sediment Control Permits for earth disturbance associated with oil and gas exploration, production, processing, or treatment operations or transmission facilities.

Unless otherwise indicated, on the basis of preliminary review and application of lawful standards and regulations, the Department proposes to issue a permit to discharge, subject to certain limitations in the permit conditions. These proposed determinations are tentative. Limitations are provided as erosion and sediment control best management practices which restrict the rate and quantity of sediment discharged.

REQUEST FOR COMMENT

Proposed Total Maximum Daily Loads (TMDLs) for the Licking Creek Subwatershed in Franklin County.

Central Office: Bureau of Clean Water, P.O. Box 8774, Harrisburg, PA 17105-8774.

The Department of Environmental Protection will accept comments on the proposed "TMDLs" developed for a subwatershed of Licking Creek in **Franklin County** under Section 303(d) of the Clean Water Act. The Pennsylvania Integrated Water Quality Monitoring and Assessment Report included stream segments impaired for aquatic life in the subwatershed. The impairments addressed by this document were caused by excessive siltation due to agriculture.

There currently are no state or Federal in-stream numerical water quality criteria for sediment. Therefore, the Department utilized a reference watershed approach to implement the applicable narrative criteria. The proposed TMDL document sets allowable loading of sediment in the Licking Creek Subwatershed. The "TMDLs" included allocations for nonpoint sources, reserves for existing and future point sources, as well as margin of safety factors. Nonpoint source load allocations were made for cropland, hay/pasture land, and streambank source sectors present in the subwatershed. Data used in establishing the TMDL were primarily generated using a water quality analysis model (Model My Watershed) made available through the Stroud Water Research Center.

The following table shows the estimated current sediment loadings within the subwatershed, the prescribed "TMDL" values, and % reductions needed under annual average conditions.

<i>Summary of "TMDL"—Based Load Reductions (expressed as annual averages) in the Licking Creek Subwatershed</i>				
<i>Watershed</i>	<i>Pollutant</i>	<i>Existing Load (lbs/yr)</i>	<i>"TMDL" (lbs/yr)</i>	<i>% Reduction</i>
Licking Creek	Sediment	8,059,738	5,123,400	36

The following table shows the estimated current sediment loading within the subwatershed, the prescribed "TMDL" values, and % reductions needed under 99th percentile daily loading conditions.

<i>Summary of "TMDL"—Based Load Reductions (expressed as 99th percentile daily loading) in the Licking Creek Subwatershed</i>				
<i>Watershed</i>	<i>Pollutant</i>	<i>Existing Load (lbs/d)</i>	<i>TMDL (lbs/d)</i>	<i>% Reduction</i>
Licking Creek	Sediment	235,368	147,166	37

The proposed TMDL document can be viewed at <http://www.dep.state.pa.us/dep/deputate/watermgt/wqp/wqstandards/tmdl/LickingCreekSedimentTMDL.pdf>.

Otherwise, copies of the proposed TMDL document or supporting information may be requested by emailing Michael Morris at michamorri@pa.gov.

Written/typed comments will be accepted at the above email address. Comment submissions must be submitted within 30 days after publication of this notice in the February 13, 2021 issue of the *Pennsylvania Bulletin*. The Department will consider all written/typed comments submitted within the deadline prior to submitting the final TMDL to EPA for approval. To ensure timely receipt of comments given the office closure and work from home order, please do not mail hard copies of comments. Rather please submit them by email at michamorri@pa.gov. If comments cannot be emailed, please call Michael Morris at 717-772-5670 to request another method of comment submission.

DEPARTMENT OF HUMAN SERVICES

Payments to Nonpublic and County Nursing Facilities; Final Rates for State Fiscal Year 2020-2021

This notice announces the Department of Human Services (Department) final annual case-mix per diem payment rates for State Fiscal Year (FY) 2020-2021 for nonpublic and county nursing facilities that participate in the Medical Assistance (MA) Program.

Nonpublic Nursing Facility Per Diem Rates

As required by the case-mix payment methodology in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting), the Department sets an annual MA per diem rate for each nonpublic nursing facility provider. Each facility's annual per diem rate is comprised of four components: resident care; other resident related; administrative; and capital. For each quarter of FY 2020-2021, the Department will adjust the resident care component of each facility's rate by multiplying the resident care component by the facility's MA case-mix index for the appropriate picture date.

The Centers for Medicare & Medicaid Services (CMS) approved State Plan Amendment (SPA) 20-0015 on October 28, 2020, which includes the budget adjustment factor (BAF) formula the Department will use for nonpublic nursing facilities in FY 2020-2021. SPA 20-0015 provides that the BAF will limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate in effect for the fiscal year is limited to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year. For FY 2020-2021, the Department will calculate a BAF for nonpublic nursing facilities for each rate quarter. The formula the Department uses to determine the quarterly BAF equals the annual target rate divided by the weighted average quarterly rate at 100%. If the quarterly BAF as calculated is greater than 1.0, the quarterly BAF will equal 1.0. The quarterly BAF for each calendar quarter will be in the rate file that will be posted on the Department's web site.

County Nursing Facility Per Diem Rates

As required by the rate methodology in 55 Pa. Code Chapter 1189, Subchapter D (relating to rate setting), the Department sets an annual MA per diem rate for each county nursing facility provider. As stated in 55 Pa. Code § 1189.91(b) (relating to per diem rates for county nursing facilities), for each rate year beginning on or after July 1, 2007, the per diem rate paid to a county nursing facility for a rate year will be the facility's prior rate year per diem multiplied by a BAF.

In addition, as required by 55 Pa. Code § 1189.91(d), the Department used the formula set forth in the Commonwealth's approved State Plan to determine the BAF for county nursing facilities. CMS approved SPA 19-0018 on October 28, 2019, which includes the BAF formula the Department used for county nursing facilities through FY 2021-2022.

SPA 19-0018 provides that for rate setting year 2020-2021, the BAF shall limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate is limited to the amount permitted by the funds appropriated by the General Appropriations Act. The BAF as it applies to county nursing facilities is 1.0.

The final annual per diem rates for FY 2020-2021 rate year are available on the Department's web site at <http://www.dhs.pa.gov/providers/Providers/Pages/Long-Term-Nursing-Facilities.aspx> and at local county assistance offices (CAO) throughout this Commonwealth or by contacting Montrell Fletcher, Department of Human Services, Office of Long-Term Living at RA-PWOLTLNFPUBLICCOM@pa.gov. As they become available, the adjusted quarterly rates will be accessible on the Department's web site, at CAOs or by contacting Montrell Fletcher.

Public Process

The Department published the notice Payment for Nursing Facility Services Provided by County and Nonpublic Nursing Facilities; Notice of Change in Methods and Standards of Setting Payment Rates; Budget Adjustment Factor at 50 Pa.B. 3179 (June 27, 2020) announcing the proposed change in the BAF formula for county and nonpublic nursing facilities. The Department also published a second notice, Payments to Nonpublic and County Nursing Facilities; Proposed Rates for State Fiscal Year 2020-2021, at 50 Pa.B. 3181 (June 27, 2020) announcing that the FY 2020-2021 quarterly BAF that will be applied to nonpublic nursing facility rates and the annual BAF that will be applied to county nursing facilities rates are available on the Department's web site. Both notices invited public comments, and the Department received no comments.

Appeals

Following publication of this notice, the Department will send rate letters to each MA nursing facility to notify the facilities of their final rates for FY 2020-2021. The rate letter will also advise each facility that it may file an administrative appeal if the facility believes that the Department made any errors or otherwise disagrees with its final rates for FY 2020-2021. A provider's appeal must be in writing and filed with the Department's Bureau of Hearings and Appeals, 2330 Vartan Way, 2nd Floor, Harrisburg, PA 17110-9721, within 33 days of the date of the Department's letter notifying the facility of its final rates. Facilities should refer to 67 Pa.C.S. Chapter 11 (relating to Medical Assistance hearings and appeals),

and to the Department's regulations in 55 Pa. Code Chapter 41 (relating to Medical Assistance provider appeal procedures), for more detail regarding their appeal rights and the requirements related to written appeals.

Fiscal Impact

There is no fiscal impact associated with this change.

DEPARTMENT OF HUMAN SERVICES

Peer Groups, Peer Group Medians and Peer Group Prices for Nonpublic Nursing Facilities Including Hospital-Based Nursing Facilities and Special Rehabilitation Facilities for Fiscal Year 2020-2021

The purpose of this notice is to announce the Department of Human Services' (Department) peer groups, peer group medians and peer group prices for nonpublic nursing facilities including hospital-based nursing facilities and special rehabilitation facilities (SRF) codified in 55 Pa. Code Chapter 1187, Appendix B (relating to medians and prices) under 55 Pa. Code § 1187.95(a)(4) (relating to general principles for rate and price setting). The Department used the peer groups, peer group medians and peer group prices to determine case-mix rates for nonpublic nursing facilities for State Fiscal Year (FY) July 1, 2020, through June 30, 2021. The Department calculated the peer groups, peer group medians and peer group prices announced in this notice in accordance with 55 Pa. Code Chapter 1187 (relating to nursing facility services). The data that the Department used to determine the peer group medians and prices is available on the Department's web site at <http://www.dhs.pa.gov/providers/Providers/Pages/Long-Term-Nursing-Facilities.aspx>.

To establish the database for the calculation of peer group medians and prices, the Department used each nursing facility's three most recent audited cost reports that were issued by the Department on or before March 31, 2020, and indexed the costs for each report forward to the common date of December 31, 2020, using the Centers for Medicare & Medicaid Services' Nursing Home Without Capital Market Basket Index. The following is a listing, by group, of the number of nursing facilities with a particular year-end and the inflation factor used to roll the costs of each facility forward to the common date of December 31, 2020.

*As a result of using the three most recent audited cost reports, the "Number of Facilities" column reflects a number in excess of actual enrolled nursing facilities.

After the database was inflated using the inflation values, the Department grouped the facilities in the correct geographic and bed size groupings. In accordance with 55 Pa. Code § 1187.94 (relating to peer grouping for price setting), to establish peer groups, the Department used the Metropolitan Statistical Areas (MSA) group classification published in the Federal Office of Management and Budget Bulletin No. 99-04, regarding revised statistical definitions of Metropolitan Areas and guidance on uses of Metropolitan Area definitions, to classify each nursing facility into one of three MSA groups or one non-MSA group. The Department then used the bed complement of the nursing facility on the final day of the reporting period of the most recent audited MA-11 used in the Nursing Information System database to classify nursing facilities into one of three bed complement groups. These groups are 3—119 beds, 120—269 beds, and 270 beds and over. Peer groups 7 and 10 have been collapsed in accordance with 55 Pa. Code § 1187.94(1)(iv). Peer group 13 is designated for SRFs only and peer group

14 is designated for hospital-based nursing facilities only, regardless of geographic location or bed-size.

After the database was established and the peer groups determined, the Department calculated the medians and prices for each peer group. For peer group 13, the Department arrayed the SRFs classified on or before July 1, 2000, to set the peer group median and prices for those facilities. The Department arrayed any SRFs classified after July 1, 2000, with all other SRFs to set their peer group medians and prices.

To calculate the resident care cost medians, the Department divided the inflated audited allowable resident care costs for each cost report by the total facility case-mix index from the available February 1 picture date closest to the midpoint of the cost report period to obtain case-mix neutral total resident care cost for the cost report year. The Department then divided the case-mix neutral total resident care cost for each cost report by the total audited actual resident days for the cost report year to obtain the case-mix neutral resident care cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the case-mix neutral resident care cost per diem for each nursing facility to obtain the average case-mix neutral resident care cost per diem of each facility. The Department arrayed the average case-mix neutral resident care cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the other resident related cost medians, the Department first divided the inflated audited allowable other resident related costs for each cost report by the total audited actual resident days for the cost report year to obtain the other resident related cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the other resident related cost for each nursing facility to obtain the average other resident related cost per diem of each facility. The Department arrayed the average other resident related cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the administrative cost medians, the Department adjusted, as appropriate, the total audited actual resident days for each cost report to a minimum 90% occupancy in accordance with 55 Pa. Code § 1187.23 (relating to nursing facility incentives and adjustments). The Department then divided the inflated audited allowable administrative cost for each cost report by the total audited actual resident days, adjusted to 90% occupancy, if applicable, to obtain the administrative cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the administrative cost for each nursing facility to obtain the average administrative cost per diem of each facility. The Department arrayed the average administrative cost per diem for each nursing facility within the respective peer groups to determine a median for each peer group.

After the medians were determined for each peer group, the Department set prices using the medians. To set peer group prices, the Department multiplied the resident care cost median of each peer group by 1.17 to obtain the resident care cost peer group price; multiplied the other resident related cost median of each peer group by 1.12 to obtain the other resident related peer group price; and multiplied the administrative cost median of each peer group by 1.04 to obtain the administrative cost peer group price.

The peer groups, peer group medians and peer group prices for nonpublic nursing facilities including hospital-based and SRFs are in the list of Medians and Prices for 2020-2021.

A Medical Assistance nursing facility provider may file an administrative appeal if the facility believes that the Department made any errors, or the provider otherwise disagrees with the peer group prices that the Department established for its peer group. A provider’s appeal must be in writing and filed with the Department’s Bureau of Hearings and Appeals, 2330 Vartan Way, Second Floor, Harrisburg, PA 17110-9721, within 30 days of the date of this notice. If a provider chooses to appeal, the provider will be afforded the opportunity for a de novo hearing before the Bureau of Hearings and Appeals. The peer group prices applied in setting the facility’s rates may be changed as a result of the final adjudication of the facility’s peer group price appeal. Facilities should refer to 67 Pa.C.S. Chapter 11 (relating to Medical Assistance hearings and appeals), and to the Department’s regulations in 55 Pa. Code Chapter 41 (relating to Medical Assistance provider appeal procedures), for more detail regarding their appeal rights and the requirements related to their written appeals.

INSURANCE DEPARTMENT

Notice to Workers' Compensation Insurance Carriers; Special Schedule "W" Data Call

The Insurance Department (Department) is conducting its annual workers' compensation Special Schedule "W" data call. Authority for this data call can be found in section 655 of The Insurance Company Law of 1921 (40 P.S. § 815).

Insurance companies that write workers' compensation insurance in this Commonwealth are required to complete the data call on or before April 15, 2021.

Consistent with prior Special Schedule "W" data calls, the cover letter, general instructions and instructions for constraints affecting unpaid claims estimates are available on the Department's web site at www.insurance.pa.gov (select "Companies," then "Industry Activity," scroll to "Product and Rate Activity," then "Data Calls").

An e-mail announcing the data call was sent to insurance carriers writing workers' compensation insurance policies in this Commonwealth.

The Pennsylvania Compensation Rating Bureau's (Bureau) Financial Data Reporting Application (FDRA) will again be used to report all Special Schedule "W" information (including Coal Mine experience) instead of submitting directly to the Department. Refer to the Bureau's web site, www.pcrb.com, for further information on reporting workers' compensation experience for Special Schedule "W" using the FDRA.

Questions regarding this data call should be directed to Bojan Zorkic, Actuary, (717) 787-6968, bzorkic@pa.gov.
