READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

Pennsylvania Bulletin

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

Adoption, Amendment or Repeal of Regulations

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

Citation to the Pennsylvania Bulletin

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

Pennsylvania Code

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

How to Find Rules and Regulations

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at www.pacodeandbulletin.gov.

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm.

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at www.pacodeandbulletin.gov.

Printing Format

Rules, Regulations and Statements of Policy in Titles 1—107 of the Pennsylvania Code

Text proposed to be added is printed in **underscored bold face**. Text proposed to be deleted is enclosed in brackets [] and printed in **bold face**.

Proposed new chapters and sections are printed in regular type to enhance readability. Final rulemakings and statements of policy are printed in regular type.

Ellipses, a series of five asterisks, indicate text that is not amended.

In Proposed Rulemakings and proposed Statements of Policy, existing text corresponds to the official codified text in the *Pennsylvania Code*.

Court Rules in Titles 201—246 of the Pennsylvania Code

Added text in proposed and adopted court rules is printed in **underscored bold face**. Deleted text in proposed and adopted court rules is enclosed in brackets [] and printed in **bold face**.

Proposed new chapters and rules are printed in regular type to enhance readability.

Ellipses, a series of five asterisks, indicate text that is not amended.

Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

§ 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

THE GOVERNOR

Title 4—ADMINISTRATION

PART I. GOVERNOR'S OFFICE

[4 PA. CODE CHS. 5 AND 6]

[EXECUTIVE ORDER NO. 2023-08]

Bolstering Service Delivery through a Digital Experience Strategy

April 25, 2023

Whereas, there should be no wrong door through which a Pennsylvanian can access or communicate with their government and get answers; and

Whereas, every interaction between state government and the public should be simple, seamless, and secure to build Pennsylvanians' trust and confidence in their government regardless of their understanding of or familiarity with government; and

Whereas, Pennsylvanians are increasingly accessing government services predominately or entirely online; and

Whereas, Commonwealth services should not be overly burdensome or have significant administrative hurdles; but rather, should allow users to navigate the systems with ease and minimal use of their time; and

Whereas, Commonwealth delivery of services should be as effective and efficient as possible with the goal of saving taxpayer money; and

Whereas, the Commonwealth desires to deliver modern, accessible, transparent, and effective digital services equitably and effectively, including to those who have been historically underserved.

Now, Therefore, I, Josh Shapiro, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby order and direct the following:

Governor

Fiscal Note: GOV-2023-08. Under section 612 of The Administrative Code of 1929 (71 P.S. § 232), (1) General Fund; (2) Implementing Year 2022-23 is \$1,600,000; (3) 1st Succeeding Year 2023-24 through 5th Succeeding Year 2027-28 are \$1,600,000; (4) 2021-22 Program—\$N/A; 2020-21 Program—\$N/A; 2019-20 Program—\$N/A; (7) Office of Administration General Government Operations; (8) recommends adoption. The General Government Operations appropriation is able to absorb this increase.

Subchapter YYY. COMMONWEALTH OFFICE OF DIGITAL EXPERIENCE

Sec.	
5.1061.	Definitions.
5.1062.	Purpose.
5.1063.	Responsibilities.
5.1064.	Composition of CODE PA.
5.1065.	Implementation.

§ 5.1061. Definitions.

CIO—The Chief Information Officer of the Commonwealth.

CODE PA—Commonwealth Office of Digital Experience.

Digital equity—A condition in which all individuals and communities have the information technology capacity needed for full participation in our society, democracy and economy.

Digital services—Government services delivered to users through web sites, e-mails and mobile applications; the software used by users to access services and staff to administer them; and any and all current and future digital technology.

Discovery sprints—A methodology to quickly build a common understanding of the status and problem facing a complex organization, system or service. Discovery sprints are used to identify possible solutions, which may be considered by the people at the organization who will carry that work forward.

Human-centered design—An interdisciplinary methodology of putting people, including those who will use or be impacted by what one creates, at the center of any process, product, service and experience to solve challenging problems.

OA—The Office of Administration of the Commonwealth.

OIT—The Office of Information Technology of the Commonwealth.

Service delivery—Actions by the Commonwealth to provide a benefit or service to a user of the Commonwealth's services or programs. These actions pertain to all points of the Commonwealth-to-user delivery process, including when a user applies for a benefit, seeks information, files taxes or complies with a regulation or law, and uses resources such as a state park.

Technical debt—The accumulation of internal work built up from implementing potentially short-sighted solutions that do not effectively serve users.

UX or User experience—The users' perceptions and overall satisfaction of the interactions they have with a Commonwealth agency, product or service.

User—Residents of this Commonwealth, businesses and visitors who access the Commonwealth's online presence and services.

§ 5.1062. Purpose.

CODE PA is created to improve, streamline and continuously adapt the Commonwealth's digital services so that interactions between users and Commonwealth entities are simple, seamless and secure.

§ 5.1063. Responsibilities.

CODE PA shall:

(1) Prioritize digital services that create or unlock economic opportunities for residents of this Commonwealth, including pathways to family-sustaining careers; upskilling and training opportunities; access to vital government resources or licenses, occupations and certifications; and opportunities to improve outcomes and advance equity for users.

(2) Be empowered to generate qualitative and quantitative research and insights about users to drive the redesign of the user experience in accordance with Commonwealth data privacy policy; iterate on new designs to transform the user experience with scalable low to extensive code solutions in accordance with Commonwealth best practices; and holistically approach these efforts with curiosity, empathy and integrity.

(3) Collaborate with OIT to review and assess all requests from Commonwealth agencies for new or redesigned applications to evaluate the most optimal design and development approach including those that encourage in-house development.

(4) Collaborate and coordinate with the Department of General Services and the OIT leadership team to study innovative procurement practices to the acquisition of digital products by and for Commonwealth agencies, to facilitate the rapid provision of high-quality digital services that are based

on users' needs and comply with Commonwealth best practices regarding data privacy, security and accessibility.

(5) Enable an online service delivery system that would provide a universal entry way to all Commonwealth programs, services and resources organized by users' needs and life experiences rather than agency program areas by:

(i) Delivering a consistent and friendly user experience across all Commonwealth agencies informed by human-centered design principles and user research.

(ii) Incorporating user feedback continuously into digital applications to ensure users' expectations and needs are better met.

(iii) Partnering with the OA's Chief Data Officer and the Office of General Counsel to promote where possible the sharing and integration of data across agencies to glean users' insights and measure experience, including satisfaction and trust across Commonwealth services.

(iv) Supporting the CIO's efforts to consolidate or eliminate outdated technologies and systems that are costly or challenging to maintain, insecure or no longer impactful with the goal of minimizing or preventing the Commonwealth from incurring technical debt.

(v) Designing digital services that incorporate best practices regarding data privacy, security and accessibility associated with Commonwealth data, devices and materials to provide comprehensive protections and manage risk.

(vi) Following Commonwealth data source standards to facilitate better connections and access of user data.

(6) Undertake periodic discovery sprints identifying needs and opportunities, to further execute and complete the Commonwealth's digital services modernization efforts, including but not limited to:

(i) A concise, user-friendly directory of all services administered by the Commonwealth that are available online.

(ii) A digitization of Commonwealth services so that they are available to be included in a digital ID wallet.

(iii) A secure, quick and efficient manner of responding to questions asked at any phase of the user experience.

(iv) A consistent, secure ID authentication and verification login to streamline the user experience and eliminate multiple log-in credentials.

(7) Promote and achieve true digital equity in the Commonwealth by:

(i) Adopting a human-centered design approach in which services are designed to be equitable by striving to provide accessible options to users irrespective of connectivity available to them.

(ii) Undertaking a review of all paper-based processes and, wherever statutorily possible, consider transitioning to a digital environment.

(iii) Identifying processes where in-person or paper-based service delivery would better improve accessibility for those residing in "broadband deserts" or otherwise unable to attain services online.

(iv) Utilizing digital accessibility standards throughout the user experience, including ensuring government services are written in concise and plain language.

(v) Offering translation in multiple languages wherever possible.

§ 5.1064. Composition of CODE PA.

(a) CODE PA shall be housed within the OA and led by an Executive Director, who will be an employee of OA with a dual report to the Commonwealth's CIO and the Governor's Director of Digital Strategy.

(b) The Executive Director shall be a member of the CIO's and the Secretary of Administration's senior executive team.

(c) The Executive Director shall recruit top technical talent into the Commonwealth and oversee an interdisciplinary staff which might include, by way of example, product managers; frontend and backend software developers; UX researchers and designers; service designers; content strategists; community engagement specialists; strategic procurement analysts; data scientists; and contracting specialists.

§ 5.1065. Implementation.

(a) This subchapter must be implemented consistent with applicable law. This subchapter is not intended to, and does not create, any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the Commonwealth, its departments, agencies or entities, its officers, employees or agents, or any other persons.

(b) Commonwealth agencies under the Governor's jurisdiction shall take all steps necessary to implement this subchapter, including coordinating across agency organizational lines and responsibilities to create a unified user and digital experience for residents of and visitors to this Commonwealth. Independent agencies are also strongly encouraged to participate.

§ 5.1066. Termination date.

This subchapter shall take effect immediately and shall remain in effect until amended or rescinded by the Governor.

§ 5.1067. Rescission.

Effective immediately, Executive Order 2019-04, dated July 24, 2019, is hereby rescinded.

(Editor's Note: 4 Pa. Code, Subchapter LLL, §§ 6.761—6.768, which is the codification of Executive Order 2019-04, is reserved as a result of the rescission of Executive Order 2019-04 under § 5.1067.)

TITLE 204. JUDICIAL SYSTEM GENERAL PROVISIONS

PART VII. ADMINISTRATIVE OFFICE OF PENNSYLVANIA COURTS

CHAPTER 209. PENNSYLVANIA APPELLATE COURTS RECORDS RETENTION SCHEDULE

§ 209.1. Establishment.

In order to establish procedures and guidance [to] for the various records custodians of the appellate courts of Pennsylvania, the Appellate Court R[r]ecords R[r]etention S[s]chedule in Appendix A has been approved by the Supreme Court of Pennsylvania and originally promulgated by the Administrative Office of Pennsylvania Courts (AOPC) [Court Administrator of Pennsylvania] on April 6, 1990.

§ 209.2. Procedure for the Destruction or Transfer of Appellate Court Records.

(a) Records may be disposed of in accordance with the retention periods listed on the [current] Appellate Court Records Retention Schedule (Schedule) in Appendix A. The S[s]chedule is "permissive" in that court personnel may continue to hold records beyond the stated retention requirements. Records need not be kept in their original form, particularly those requiring long term or permanent retention. Microfilm or PDF/A copies that meet the micrographics or PDF/A standards and the quality control guidelines and related policies approved by the Commonwealth's County Records Committee set forth in the County Records Manual are acceptable substitutes and shall be followed to the extent practicable. When scanning documents there must be an individual responsible for quality con-

trol. Copying onto any other [new] media [such as optical disk] must be approved in advance by the AOPC.

(b) Records not listed for permanent retention may be disposed of in accordance with the S[s]chedule. A record of the destruction, containing the record series titles, date spans, approximate quantities of the records, and date destroyed must be submitted to AOPC. AOPC need not approve destruction of these records. A sample Records Disposal form can be found in Appendix B.

(c) Records listed for permanent retention may not be disposed of without approval by AOPC. Records listed for permanent retention and archival review may not be disposed of without approval by both AOPC and the Pennsylvania Historical and Museum Commission (PHMC).

(1) AOPC approval must be obtained before destroying original records scheduled for permanent retention that have been microfilmed or converted to PDF/A format.

(2) If the records are marked for archival review on the Schedule, [A]approval must also be obtained from both AOPC and the PHMC [if the records are marked for archival review on the schedule] prior to destruction. Records series marked with an asterisk in the Archival Review column on the S[s]chedule have potential historical value and[. This means that the Pennsylvania Historical and Museum Commission's] the PHMC [Division of Archives and Manuscripts (]State Archives[) would] may be interested in maintaining original, [and/or] microfilm and/or PDF/A copies of these series. [Records marked for archival review may not be destroyed without permission of the PHMC.] One form, the form attached in Appendix C, is to be used to obtain approvals.

(d) In some instances, inactive records that have not been microfilmed or converted to PDF/A, and are no longer needed for administrative or legal purposes by the Courts, may be transferred to the State Archives in lieu of permanent retention at the office of origin. Records transferred to the State Archives become the legal property and responsibility of the PHMC. Court officers should contact the PHMC [Commission's Division of Archival and Records Management Services] to make arrangements for archival appraisal and the systematic or one-time transfer of individual series on the schedule.

(e) Definitions.

(1) Electronic records: "Electronic records" are information which satisfy the definition of a record as defined below, and have been recorded and stored in an electronic file which is readable by a computer. Electronic files may consist of database records, correspondence, spreadsheets, word processing documents, presentations, digital images, e-mail, reports, and other file types. These files may be stored on cloud-based computer storage such as OneDrive, Google Drive, and DropBox; on data center network attached computer storage such as network shared drives, storage area networks

(SANs), network-attached storage (NASs), and electronic filing systems; on stand-alone computer storage such as PC internal hard drives, server hard drives, and solid-state drives; or on removable storage media such as backup tapes, disks, CD-ROMs, DVDs, diskettes, ZIP disks, and USB/Flash drives.

(2) PDF/A: "PDF/A" is an International Organization for Standardization (ISO) standardized version of Adobe PDF specialized for use in archiving. The PDF/A specification ensures that electronic documents can be retained permanently by providing long-term reliability and preservation. The purpose of PDF/A is to accurately display documents in the distant future even though computer standards and formats will evolve over time. The PDF/A format described in ISO 19005 should be utilized.

(3) Records: As used in this Schedule, the term "records" includes those papers, dockets, books, photographs, or other documentary materials in any form made or received in an appellate court pursuant to law, statute, or rules of court, in connection with transactions of its business and the discharge of its responsibilities. The term includes electronic records as defined above.

[(1)] (4) Retain permanently: Records designated for permanent retention or acceptable facsimiles (i.e., microfilm or PDF/A), as defined by the County Records Committee and/or the AOPC, [**Administrative Office of the Pennsylvania Courts**] may not be destroyed under any circumstances. Permanent records may be transferred to a records center in which case the prothonotary of the appellate court would maintain custodial control of the records, or they may be transferred to the legal custody of the PHMC [**Pennsylvania Historical and Museum Commission**].

[(2)] (5) Final disposition:

(i) The final adjudication by the Pennsylvania appellate courts for cases in which appeals are not taken to the [U. S.] **United States** Supreme Court; or

(ii) the final adjudication by the [U. S.] **United States** Supreme Court.

If the final adjudication of the [U. S.] **United States** Supreme Court or of the Pennsylvania Supreme Court remands the case to another appellate court, the case will be treated as an open case in the court to which the remand is directed.

1. Record Retention Program

1.1 Background

Pennsylvania Rule of Judicial Administration [No.] 507 establishes three categories of offices for purposes of record retention and disposition: 1) offices scheduled by the County Records Committee (that must dispose of records in conformity with the applicable retention schedules established by the Committee)¹; 2) offices scheduled by the Supreme Court (that must dispose of records in conformity with the applicable retention schedules established by the Supreme Court)²; and 3) non-scheduled offices (that can only dispose of records upon request to the Pennsylvania Historical and Museum Commission [PHMC] and the Administrative Office of Pennsylvania Courts [AOPC] and with approval by the AOPC).³

The record retention and disposition schedules set forth hereunder have been adopted by the Supreme Court. This document contains guidelines and procedures for storing and archiving records, as well as the disposal of both permanent and non-permanent records.

1.2 Definitions

Court Records—“Court records” are those papers, dockets, books, photographs, or other documentary materials in any form made or received in a [J]judicial [D]district pursuant to law, statute, or rules of court, in connection with transactions of its business and the discharge of its responsibilities.

Electronic Records—“Electronic records” are information which satisfy the definition of a court record as defined in this section, and have been recorded and stored in an electronic file which is readable by a computer. Electronic files may consist of database records, correspondence, spreadsheets, word processing documents, presentations, digital images, e-mail, reports, and other file types. These files may be stored on cloud-based computer storage such as OneDrive, Google Drive, and DropBox; on a data center network attached computer storage such as network shared drives, storage area networks (SANs), network-attached storage (NASs), and electronic filing systems; on stand-alone computer storage such as PC internal hard drives, server hard drives, and solid-state drives; or on removable storage media such as backup tapes, disks, CD-ROMs, DVDs, diskettes, ZIP disks, and USB/Flash drives.

Non-permanent Records—“Non-permanent records” are court records which need to be retained for a specified period of time and may be disposed of upon expiration of the retention period provided in the applicable record retention schedule without prior approval of AOPC. These records must be listed in the appropriate Records Disposal Log, which must be filed with the AOPC on an annual basis. (See Section 2.3 Disposal Request Procedure & Log—Non-Permanent Records)

PDF/A—“PDF/A” is an International Organization for Standardization (ISO) standardized version of Adobe PDF specialized for use in archiving. The PDF/A specification ensures that electronic documents can be retained permanently by providing long-term reliability and preservation. The purpose of PDF/A is to accurately display documents in the

distant future even though computer standards and formats will evolve over time. PDF/A described in ISO 19005 should be utilized.

Permanent Records—“Permanent records” are court records [those] scheduled for permanent retention [which may not be destroyed]. Permanent records may [, however,] be disposed if they are replicated on a medium approved by the Supreme Court [as required by the applicable schedules adopted by the Supreme Court,] and [provided that prior] approval for disposal has been received from the AOPC. (See [§] Section 2.2 Disposal Request Procedure—Permanent Records)

[Non-permanent Records—“Non-permanent records” are those records which need to be retained for a specified period of time and which may be disposed without prior approval upon expiration of the retention period provided in the applicable record retention schedule. These records must be listed in the appropriate Records Disposal Log which must be filed with the AOPC on an annual basis, as further set forth herein. (See § 2.3 Disposal Request Procedure & Log—Non-Permanent Records)

Electronic Records—“Electronic records” include numeric, graphic, and text information which may be recorded on any medium capable of being read by a computer and which satisfies the definition of a record as defined in § 1.2 Definitions. This includes, but is not limited to: magnetic media such as computer tapes, disks, optical disks, diskettes and other electronic storage devices and electronic filing systems containing records. These requirements apply to all electronic records systems, whether microcomputers, minicomputers or mainframe computers, in network or stand-alone configurations. (See § 3. Microfilm and Electronic Archival Systems)

Records not subject to retention—“Records not subject to retention” are those records which need not be maintained permanently or for a specified period of time, and which may be used by system and related personnel of the Unified Judicial System as unofficial in-house working papers, reference, and drafts. No approval is required to dispose of these records.

Unscheduled Records—Questions concerning retention periods for records not included in this schedule, or, for records created subsequent to the adoption of this schedule, should be directed to the AOPC’s Judicial District Operations and Programs Department.

1.3 Application of the Schedules

This document sets forth schedules and guidelines for records that are being used by personnel of the Unified Judicial System and related staff that support the courts of the Commonwealth of Pennsylvania, but not records maintained by county officers which are set forth in the County Records Manual.

These schedules and guidelines are intended to supplant existing practices for the retention and disposition of permanent and non-permanent records and to help officials responsible for record disposition proceed consistently throughout the Unified Judicial System [of the Commonwealth]. It is recognized that the same type of record may be under the control of different offices or

¹ Pa.R.J.A. 507(a)

² Pa.R.J.A. 507(b)

³ Pa.R.J.A. 507(c)

personnel in the various [J]judicial [D]districts. Nonetheless, the retention period of the record remains the same, although the office or personnel charged with the responsibility of retaining or disposing of the record may vary.

1.3.1 Conflict With Other Retention Schedules

These schedules are intended to be consistent with those set forth in the County Records Manual. However, if conflicts arise, this schedule shall govern.

1.4 Mandatory Minimum Retention Periods

The record retention periods set forth herein are minimum terms for the retention of the respective files after which the files may be disposed. While the files may be destroyed—in accordance with the conditions and procedures contained herein—they may also be retained for longer than the established retention periods. Those decisions are best left to court records management officials and their leaders. The District Record Retention Officer—as further defined in [§] *Section* 2.1 [**below**]—will be available to provide information and guidance as necessary.

Absent good cause to the contrary, personnel should dispose of files in conformity with the minimum standards in the schedules. The retention periods have undergone considerable scrutiny, both in terms of practicality and for conformance with legally accepted standards from many sources.

1.4.1 Identification of Records

The ability to dispose of records in an efficient and responsible manner is dependent upon the reliable identification of the records in question. Therefore, officials, when storing records subject to these retention schedules, should do so in a manner that clearly [**sets forth**] **identifies** the materials contained in the files under consideration. Information may include such elements as the date the record was created, the subject matter, record type ([**i.e.**] **e.g.**, presentence reports, notes of testimony, etc.), and scheduled destruction date.

1.5 Effective Date

This Record Retention Schedule shall become effective as provided by the Supreme Court.

2. Record Disposal and Retention Procedures

No permanent or non-permanent record may be disposed unless in compliance with the procedure set forth in this Schedule.

2.1 Central Point of Contact for Record Retention

As a central point of contact, a “Record Retention Officer,” designated by the District Court Administrator with the approval of the President Judge, will coordinate the disposition of records within each [J]judicial [D]district. No records may be destroyed without the approval of the Record Retention Officer.

2.2 Disposal Request Procedure: Permanent Records

Within each [D]district, the record custodian (or person making the disposal request) must submit requests to destroy or transfer permanent records to the Record Retention Officer utilizing a Unified Judicial System Scheduled Court Records Disposal Certification Request form adopted by the AOPC pursuant to Pa.R.J.A. 507(b). The Record Retention Officer shall review the form for completeness and **then** ascertain and certify in

writing that the records to be destroyed have been replicated on a medium approved by the Supreme Court, (See [§] *Section 6 Retention Forms*) and must forward the original form to the AOPC at [**such location as may be provided from time to time**] **1515 Market Street, Suite 1414, Philadelphia, PA 19102**. A copy of each request form must be retained by the Record Retention Officer for the [D]district. The AOPC shall review the Disposal Certification Request and shall forward same to the PHMC in the event an advisory opinion is deemed necessary. [, or, if not,] **If an advisory opinion is not deemed necessary, the AOPC** shall approve or deny the request. The AOPC will return a copy of the request form reflecting the decision to authorize or deny the request. If the request is authorized, the specified record(s) may be destroyed or transferred to the PHMC, as specifically provided in the form. No permanent records may be destroyed or transferred unless the request form with the authorization from the AOPC has been received by the Record Retention Officer. The form must be retained permanently.

The following procedure must be followed:

1. Permanent records must not be destroyed without approval of the AOPC.

2. Requests for the destruction of permanent records will be submitted by the records custodian to the Record Retention Officer utilizing a form approved by the AOPC pursuant to Pa.R.J.A. 507(b).

3. The Record Retention Officer will review the request form to verify that the records in question are permanent records and confirm in writing that those records have been transferred to an acceptable medium (See [§] *Section 6 Retention Forms*). Only then will the Record Retention Officer forward the request to the AOPC. Where records have been transferred to microfilm **or converted to PDF/A** format, the standards and quality control measures set forth in the County Records Manual shall apply (*See Section 3 Microfilm and Electronic Archival Systems for more information*) [(See *County Records Manual at page 1-MF-1*)].

4. Upon receipt of the Disposal Certification Request form, AOPC shall determine whether an advisory opinion should be solicited from the PHMC. If so, the AOPC shall forward a copy of the form to the PHMC for review, and shall consider the recommendation of the PHMC in deciding whether to grant or deny the request. If an advisory opinion is not deemed necessary, the AOPC shall determine whether to grant the request based upon a review of the form. Upon determination, the AOPC shall send a copy to the Record Retention Officer. When the Record Retention Officer receives the written response from the AOPC, a copy shall be sent to the record custodian of the unit that requested leave to destroy the records, with instructions for their disposal.

5. No permanent record may be destroyed without having complied with the specific direction set forth by the AOPC at the time permission to destroy the permanent record is granted.

2.3 Disposal Request Procedure & Log: Non-permanent Records

A request to destroy non-permanent scheduled records must be submitted by the record custodian [**requesting permission to dispose of the record(s)**] to the Record Retention Officer utilizing a Unified Judicial System Disposal Log for Non-Permanent Records form adopted by

the AOPC as provided in Pa.R.J.A. [No.] 507. The Record Retention Officer shall review the Records Disposal Log Form for completeness and shall grant written permission to dispose of such non-permanent records upon ascertaining that the applicable retention period as set forth in the schedule has been met. Written approval from the AOPC is not necessary before destroying non-permanent records as identified in the schedule. A log of individual disposition actions involving non-permanent records must be maintained. Copies of the Records Disposal Log Form shall be submitted on an annual basis to the AOPC. (See [§] *Section 4.5 Form Retention*)

The following procedure must be followed:

1. The record custodian seeking permission to dispose of the record shall complete a Record Disposal Log Form for records designated for destruction pursuant to the appropriate schedule, and shall submit the form to the Record Retention Officer for review and approval. (See [§] *Section 6[.] Retention Forms [at the end of this document]*).

2. The Record Retention Officer will indicate approval or disapproval in the provided place(s), and return a copy to the individual submitting the destruction request. The original Records Disposal Log Form will be retained by the Record Retention Officer.

3. If approved, the records listed on the log form may then be destroyed.

4. No later than January 31st of every year, the Record Retention Officer will forward to the AOPC a copy of the log forms listing the records that have been disposed during the previous year. **Copies of logs may be emailed to Judicial.DistrictOperationsDept@pacourts.us.**

2.4 Destruction Hold Procedures

2.4.1 Matters In Litigation

Notwithstanding the disposition schedules set forth herein, no record which is otherwise eligible for disposition shall be destroyed if the [D] district becomes aware that the record may be needed for **actual or impending** litigation. District Court Administrators or their designees, upon having the knowledge or belief of actual or impending litigation requiring the preservation of certain records, shall immediately so notify in writing the Record Retention Officer, and appropriate deputies or other staff, to ensure the preservation of the subject records, as well as suspending any destruction or transfer activities. Such records shall be retained until all related proceedings have been concluded or until such time as, in the written opinion of counsel for the [D] district or the AOPC, the threat of litigation has been removed. (See also [§] *Section 4.9 Litigation: Judicial Districts and Employees*)

2.4.2 Matters Pending Audit

Records subject to audit must be retained for the periods listed in the schedule and must be audited and all findings resolved before such records may be destroyed. Applicable Federal and State statutes and administrative regulations may necessitate retaining records for a longer period of time than indicated in the schedule. Information on specific program regulations should be obtained from the appropriate administering/funding/licensing agency.

2.5 Methods of Record Destruction

2.5.1 Confidential Records

Where confidential information may be contained in the records, shredding is the preferred method of destruction.

Otherwise, records may be incinerated under the direct supervision of the District **Court Administrator or his/her designee.**

2.5.2 Non-Confidential Records

Records that do not contain confidential information may be shredded, incinerated, or otherwise disposed according to general practice.

Records stored at vendor sites designated for record storage, maintenance, and disposition may be destroyed under the supervision of the vendor with written confirmation from the vendor that the records have been disposed.

2.6 Liability of Record Retention Officer and System and Related Personnel.

Record retention officers and/or system and related personnel involved in record retention and disposal duties shall be immune from all civil liability that may be related to records management practices provided that the disposition of records is accomplished in accordance with the terms of the within schedule, and any amendment thereto.⁴

2.7 Disposal Request Procedure: Damaged Records

Records are to be maintained at such appropriate locations as to minimize their potential loss or damage. It is crucial that [D] districts periodically undertake risk assessments of the conditions under which records are stored, and take appropriate steps to mitigate the threat of damage. Extensive information on Disaster Planning and [Vital] Essential Records protection is provided by the [Pennsylvania Historical Commission] PHMC on its website, at <https://www.phmc.pa.gov/Pages/default.aspx> [http://www.phmc.pa.gov] ([S] [s]ee **Archives**, Records Management, State Government Services, Disaster Planning & [Vital] Essential Records; and Local Government[/] and Judicial System Services, Disaster Planning & [Vital] Essential Records Management). All Record Retention Officers are encouraged to take advantage of the information provided, which includes generic templates for the establishment of Disaster Response and Recovery Plans.

Despite periodic risk assessments, some records may be damaged before the expiration of their retention period by unforeseeable natural disasters such as floods, earthquakes, fires, or other causes. When records are damaged, an assessment must be immediately conducted to determine the potential for their recovery. Districts should attempt to salvage and preserve all damaged records whenever possible. Only after an appropriate determination has been made that the damaged records cannot be salvaged or restored should their disposal be requested. Of course, records that are beyond their mandatory minimum retention period and have no administrative, legal, or historical value may be destroyed without approval from the AOPC, provided, however, that the protocol established in Section 2.3 is followed.

The request to dispose of damaged records must be made by the District Court Administrator, after consultation with the official responsible for the records and the Record Retention Officer and **after [at]** the conclusion

⁴ Patterned after the County Records Act, which provides that "No County officer shall be held liable on his official bond or in any way, either civil or criminal, because of the disposition of records, provided he disposes of the records in accordance with the schedules adopted by the committee." Act No. 407, August 14, 1963, as amended. See 16 P.S. § 13005.

of the evaluation process necessary to determine the salvageability of the damaged records. The District Court Administrator must personally view all records **for which [whose]** disposal is sought, and must attach photographs and other appropriate description of the damage and justification for the request to dispose of the records.

The [D] district must consider the following factors in determining that the records cannot be salvaged and must be destroyed: whether the records are permanent or non-permanent; whether the records are subject to audit, and if so, whether an audit has been completed; whether the records can be salvaged by ordinary methods such as air drying; whether the records may be salvaged by extraordinary means such as retaining an expert in record reconstruction; whether the damaged records pose a health risk in their continued storage; whether any movement of the damaged records can be safely made; whether the cost of restoring the record exceeds its value, administrative, historical, or otherwise.

In the event the damaged records whose destruction is being sought are subject to an audit, and copies of the damaged records are not available, the official responsible for the records shall notify the auditing entity, as soon as practicable, that the specified records were damaged, describe the nature of the damage, and represent that on a date certain a Unified Judicial System Record Disposal Certification Request—Damaged Records form will be submitted to the [**Administrative Office of Pennsylvania Courts**] **AOPC** seeking permission to destroy the damaged records unless the auditing entity requests, before the submission date, a reasonable delay in seeking destruction of the damaged records. Information concerning the notice provided (date, name of auditing entity, and address) as well as responses, if any, will be entered on the Unified Judicial System Record Disposal Certification Request—Damaged Records form. Of course, no notification need be made if a copy of the records exists, if the damaged records were audited, or are not subject to an audit.

A Unified Judicial System Record Disposal Certification Request—Damaged Records form must be submitted by the District Court Administrator to the **AOPC [Administrative Office of Pennsylvania Courts, at such location as may be provided from time to time]**. In order to expedite the approval process where public health and safety concerns are present, the Record Disposal Certification Request form should be submitted by electronic mail or fax. The AOPC will return a copy of the request form reflecting the decision to authorize or deny the request. If the request is authorized, the specified damaged record(s) may be destroyed.

The following procedure must be followed to seek permission to dispose of Damaged Records:

1. The official responsible for maintaining the records must notify the Record Retention Officer and District Court Administrator immediately upon ascertaining that records which are subject to a Record Retention Schedule have been damaged.

2. The Record Retention Officer will immediately conduct a personal inspection of the damaged records. In the event the Record Retention Officer is of the opinion that the damaged records may not be salvageable, the Record Retention Officer must inform the District Court Administrator.

3. The District Court Administrator will direct the Record Retention Officer and official responsible for the

records to conduct an appropriate evaluation of the options available to restore the damaged records and will request the preparation of a comprehensive report detailing the available options, if any. The Report should include photographs or other representations of the current condition of the damaged records.

4. If the Report issued by the Record Retention Officer and official responsible for the records reveals that the damaged records cannot be safely salvaged, the District Court Administrator shall personally review the damaged records and, if he/she is in agreement with the Report, shall complete a Unified Judicial System Record Disposal Certification Request—Damaged Records form and forward it to the Administrative Office of Pennsylvania Courts.

5. The damaged records must be maintained until such time as the District Court Administrator has received a written response from the AOPC approving the disposal of the damaged records.

3. Microfilm and Electronic Archival Systems

[**The last several years have seen the introduction of numerous technologies with indications that they may have the potential to change traditional archiving practices. Magnetic tape, optical disk and CD Rom have caused the use of microfilm as the sole method of non-paper archiving to be questioned by some. However, officials are cautioned that the decision to utilize archiving media other than microfilm requires implementation of policies and practices to ensure that the integrity of the data is maintained and that the ability to extract the data in a human readable format is present for the entire retention period. Therefore, a [All records stored in any electronic manner, including but not limited to Magnetic Tape, Optical Disk, or CD Rom, must be refreshed or migrated at intervals not exceeding eight years. Additionally, under no circumstances are computer hard drives or disks running on direct access storage devices to be used for archiving purposes as these devices are subject to periodic failure.**

When considering the preservation of **permanent records and** documents having a retention period in excess of twenty-five years, it is recommended that the [**conservative**] microfilm method **or PDF/A** be utilized. The microfilming **and PDF/A** standards and quality control guidelines **and related policies** contained in the County Records Manual are adopted herein **and shall be followed to the extent practicable by offices covered by this schedule. When scanning documents, at a minimum there must be an individual responsible for quality control.**

[**That manual also contains g [Guidelines concerning the retention and disposition of records onto optical imaging and storage systems contained in the County Records Manual[. These]** also are hereby adopted **and shall be followed to the extent practicable by offices covered by this schedule[, with the exception of § 8(d)(iii) and § 8(d)(iv)]**.

cally such as indices and dockets may be archived using media other than microfilm or PDF/A provided the refresh/migrate safeguards noted above are followed. Used within the context of this **section of this** Schedule, the following definitions shall apply:

Refresh—To move data/images from one medium to the same medium ([i.e.] e.g., tape to tape). This requires an analysis of the medium and the associated software and hardware to determine its viability for the next eight years.

Migrate—To move data/images from one medium to a new medium ([i.e.] e.g., tape to CD Rom), one software program to a current version or another program and/or from one hardware platform to a new hardware platform.

Retention periods that govern files in paper form also govern records in electronic form. (See [§] **Section 1.2 Definitions, Electronic Records**)

4. Retention and Disposition of Miscellaneous Records

4.1 Annual Reports

Annual reports of the [J]judicial [D]districts are considered permanently valuable for historical and research purposes, and should be retained permanently.

4.2 Electronic Case Indices

Electronic computer indices listing cases disposed, generally indexed by year that show party/defendant name, case number, and disposition are to be retained permanently and refreshed or migrated consistent with the requirements set forth in [§] **Section 3[.] Microfilm and Electronic Archival Systems**. These may include indices maintained by Common Pleas Courts, Magisterial District Courts, Pittsburgh Municipal Court, Philadelphia Municipal Court, and the Adult Probation, Juvenile Probation, and Domestic Relations offices. Paper copies may be destroyed through the most convenient means upon being replaced.

4.3 Notes of Testimony

Retention periods for notes of testimony are generally determined by: whether they have been transcribed; whether and with whom they have been filed; and whether they pertain to testimony in juvenile court proceedings.

4.3.1 [Raw] Notes of Testimony **Production Materials**

Notes of testimony production materials include untranscribed notes of testimony, rough draft transcripts, reporter and recorder log notes, tapes, other electronic or digital audio files, and any hardware, software, tools, or dictionaries necessary for proper transcription. Notes of testimony production materials may be destroyed 60 days after transcription and filing of the notes of testimony. [Raw notes of testimony are those on paper tapes and/or other media in the original state in which they existed when taken at the time of testimony. Consistent with Pa.R.J.A. 5000.13(b) once transcribed, raw stenographic notes may be destroyed 60 days after filing. Raw notes] Notes of testimony production materials that have not been transcribed may be destroyed seven years from the date of testimony.

4.3.2 Transcribed Notes of Testimony—Filed

Transcribed notes of testimony filed with the Prothonotary, Clerk of the Orphans' Court, and Clerk[s] of Court are subject to the retention periods set forth in the County Records Manual under those offices, and need not be retained by the [J]judicial [D]district, court reporter or court.

4.3.2.1 Juvenile Matters

Transcribed notes of testimony filed in juvenile matters shall be retained until the subject reaches the age of 25, or, 10 years after the last action in the case, whichever is later. (See [§] **Section 5.7 Juvenile Delinquency and Dependency Records**). **Materials discussed in Section 4.3.1 [Raw notes] Notes of Testimony Production Materials** that have not been transcribed may be destroyed seven years from the date of testimony.

4.3.3 Transcribed Notes of Testimony—Not Filed

Transcribed notes of testimony not filed with the Prothonotary, Clerk of the Orphans' Court, and Clerk[s] of Court are subject to the retention periods set forth in the County Records Manual under those offices, and must be retained by the [J]judicial [D]district for the retention periods set forth in the County Records Manual.

4.3.4 Method: Record Retention Disposal Log

Disposal of **notes of testimony production materials as defined in § 4.3.1 [raw notes]** shall be accomplished as provided in [§] **Section 2.3 Disposal Request Procedure & Log: Non-permanent Records**. When completing Records Disposal Log Forms, the untranscribed [**raw notes**] **notes of testimony production materials** need not be listed on the Records Disposal Log by caption and case number, but may be listed merely by date of hearing.

4.3.5 Audio, Digital, and Video Recordings

Except as otherwise provided in this schedule, audio, digital, and video recordings made in matters of record have the same retention periods as do their paper equivalents. (See [§] **Section 4.3.1 [Raw] Notes of Testimony Production Materials**, [§] **Section 5.7 Juvenile [I] Delinquency and Dependency Records[I]**, [§] **Section 5.3 Domestic Relations Records**, and [§] **Section 5.2 Magisterial District Courts, etc.**)

4.3.5.1 Mental Health Proceedings

Audio, digital, and video recordings made in mental health proceedings should be retained for one year from the date of the hearing at which they were made.

4.4 Personal Records of the Judiciary

The judiciary should dispose of personal files not integrally related to court operations. The judiciary is encouraged to minimize, to the greatest extent possible, the numbers and types of files to be retained. Moreover, certain files often included among judicial personal records are already retained elsewhere, and it is neither necessary, nor advisable, to retain these types of files. They include the following:

Notes of Testimony—which are subject to retention schedules applicable to official Court Reporters, Prothonotaries, and Clerks of Court and are available from those entities.

Pre-Sentence Reports—which are subject to retention schedules applicable to the Probation Department and are available from that agency.

Mental Health Evaluation Reports—which are subject to retention schedules applicable to the Probation Department are available from that agency.

Pleadings—which are subject to retention schedules applicable to the Clerks of Court or Prothonotary and are available from those agencies.

Pa.R.J.A. 703 Reports—which are subject to either Section 5.10 President & Administrative Judges & Court Administrators (for the President Judge’s or District Court Administrator’s copies of the judicial district’s Pa.R.J.A. 703 reports) or the individual judge’s discretion (for a judge’s personal copies of his or her previously-filed Pa.R.J.A. 703 reports).

4.4.1 Retention Period

Records submitted for storage by the judiciary will be retained for as long as the records are of administrative value and as otherwise specified by the individual judge, provided however, that no record will be retained for any longer than two years from the conclusion of the judge’s term of office.

4.5 Form Retention

All retention forms shall be retained permanently.

4.6 Records Disposed Pursuant to Pa.R.J.A. [No.] 1901

Records of Court of Common Pleas cases filed with Clerks of Court or Prothonotary which are disposed pursuant to Pa.R.J.A. [No.] 1901 and local rules enacted thereunder, are subject to the retention periods set forth in the County Records Manual **relating to [under § 4.B.X.(b)3. (Relating to) Clerks of Court[], and [§ 3.B.VII.(b)11. (Relating to) Prothonotaries[]], and**

shall be disposed **of** consistent with the provisions of the County Records Manual. Records of all other cases may be disposed **of** 60 days after the entry of the order to terminate such matters.

4.7 Trial/Hearing Lists

Trial/Hearing Lists are used universally across all courts of the Commonwealth. Such documents, used by court personnel for the daily conduct of courtroom activities, include information such as parties’ names, addresses, charges, case numbers, attorney information, etc.

Trial/Hearing Lists should be retained for as long as they are of administrative value, but are not to be destroyed if they might be referenced during litigation concerning speedy trial issues.

4.8 Expungement of Records

Court orders for the expungement of records shall supersede the conditions of this schedule.

4.9 Litigation: Judicial Districts and Employees

Records relating to litigation involving the [D]district and/or [D]district employees must be maintained and available for the pendency of the litigation. They should be retained for a minimum of six years following the expiration of the appeal period.

Rule 2113. Reply Brief.

(a) *General [rule.—] Rule.* In accordance with Pa.R.A.P. 2185(a) (time for serving and filing briefs), the appellant may file a brief in reply to matters raised by appellee's brief or in any *amicus curiae* brief and not previously addressed in appellant's brief. If the appellee has cross appealed, the appellee may file a similarly limited reply brief. A reply brief shall contain the certificates of compliance required by Pa.R.A.P. 127 and **Pa.R.A.P. 2135(d)**.

(b) *Response to [draft or plan.—] Draft or Plan.* A reply brief may be filed as prescribed in Pa.R.A.P. 2134 (drafts or plans).

(c) *Other [briefs.—] Briefs.* No further briefs may be filed except with leave of court.

[Note:] Comment:

An appellant now has a general right to file a reply brief. The scope of the reply brief is limited, however, in that such brief may only address matters raised by appellee and not previously addressed in appellant's brief. No subsequent brief may be filed unless authorized by the court.

The length of a reply brief is set by Pa.R.A.P. 2135 (length of briefs). The due date for a reply brief is found in Pa.R.A.P. 2185(a) (service and filing of briefs).

Where there **[are cross appeals, the deemed or] is a cross-appeal, the** designated appellee may file a similarly limited reply brief addressing issues in the **[cross appeal] cross-appeal.** See also Pa.R.A.P. 2136 (briefs in cases involving **[cross appeals] cross-appeals**).

[The 2011 amendment to paragraph (a) authorized an appellant to address in a reply brief

matters raised in *amicus curiae* briefs. Before the 2011 amendment, the rule permitted the appellant to address in its reply brief only matters raised in the appellee's brief. The 2011 amendment did not change the requirement that the reply brief must not address matters previously addressed in the appellant's principal brief.

EXPLANATORY COMMENT—2002

See Comment following Pa.R.A.P., Rule 511.]

(*Editor's Note:* Pa.R.A.P. 2135 as printed in 210 Pa. Code reads "Official Note" rather than "Note.")

Rule 2135. Length of Briefs.

(a) **General Rule.** Unless otherwise ordered by an appellate court:

(1) A principal brief shall not exceed 14,000 words and a reply brief shall not exceed 7,000 words, except as stated in [**subparagraphs (a)(2)—(4)**] **subdivisions (a)(2)—(a)(4)**. A party shall file a certificate of compliance with the word count limit if the principal brief is longer than 30 pages or the reply brief is longer than 15 pages when prepared on a word processor or typewriter.

(2) [**In cross appeals under Pa.R.A.P. 2136, the first brief of the deemed or designated appellee and the second brief of the deemed or designated appellant**] **In cross-appeals, the brief of the designated appellee required by Pa.R.A.P. 2136(b)(2) and the brief of the appellant required by Pa.R.A.P. 2136(b)(3)** shall not exceed 16,500 words. A party shall file a certificate of compliance if the brief is longer than 35 pages when produced on a word processor or typewriter.

(3) In capital direct appeals, the principal brief shall not exceed 17,500 words and a reply brief shall not exceed 8,500 words. A party shall file a certificate of compliance if the principal brief is longer than 38 pages or the reply brief is longer than 19 pages when prepared on a word processor or typewriter.

(4) In the first Capital Post-Conviction Relief Act appeal, the principal brief shall not exceed 22,500 words and a reply brief shall not exceed 11,250 words. A party shall file a certificate of compliance if the principal brief is longer than 49 pages or the reply brief is longer than 24 pages when prepared on a word processor or typewriter.

(b) **Supplementary [matter] Matters.** Supplementary matters, such as, the cover of the brief and pages containing the table of contents, tables of citations, proof of service, and any addendum containing opinions, signature blocks or any other similar supplementary matter provided for by these rules shall not count against the word count limitations set forth in [**paragraph (a) of this rule**] **subdivision (a)**.

(c) **Size and [physical characteristics] Other Physical Characteristics.** Size and other physical characteristics of briefs shall comply with Pa.R.A.P. 124.

(d) [**Certification of compliance**] **Certificate of Compliance.** Any brief in excess of the stated page limits shall include a certification that the brief complies with the word count limits. The certificate may be based on the word count of the word processing system used to prepare the brief.

[**Note:** A principal brief is any party's initial brief and, in the case of a cross appeal, the appellant's second brief, which responds to the initial brief in the cross appeal.]

Comment:

A principal brief is any party's initial brief. In a cross-appeal, the designated appellant's brief required by Pa.R.A.P. 2136(b)(3) is the principal brief. See [the note to] Pa.R.A.P. 2136. Reply briefs permitted by Pa.R.A.P. 2113 and any subsequent brief permitted by leave of court are subject to the word count limit or page limit set by this rule.

A party filing a certificate of compliance under this rule may rely on the word count of the word processing system used to prepare the brief.

[**It is important to note that each**] **Each** appellate court has the option of reducing the word count for a brief, either by general rule, see Chapter 33 (Business of the Supreme Court), Chapter 35 (Business of the Superior Court), and Chapter 37 (Business of the Commonwealth Court), or by order in a particular case.

(*Editor's Note:* The "Official Note" as follows is not codified in Pa.R.A.P. 2136 as printed in 210 Pa. Code.)

Rule 2136. Briefs in Cases Involving [Cross Appeals] Cross-Appeals.

[(a) **Designation of parties in cross appeals.** If a cross appeal is filed, the plaintiff or moving party in the court or other government unit below shall be deemed the appellant for the purposes of this chapter and Chapter 23 (sessions and argument), unless the parties otherwise agree or the appellate court otherwise orders. Where the identity of the appellant for the purposes of this chapter and Chapter 23 is not readily apparent, the prothonotary of the appellate court shall designate the appellant for the purposes of those two chapters when giving notice under Rule 1934 (filing of the record).

(b) **Order of briefs.** The deemed or designated appellant shall file its principal brief on the merits of its appeal in accordance with the briefing schedule. The deemed or designated appellee shall then file a brief that addresses (i) the arguments advanced in the appellant's brief and (ii) the merits of the cross appeal. Thereafter, the appellant shall file its second brief, which shall (i) reply to issues raised in the appellee's brief and not previously addressed in appellant's principal brief and (ii) respond to the issues raised by appellee regarding the cross appeal. The appellee may then file a reply brief limited to issues raised by the appellant that were not previously addressed by the appellee in its principal brief on the merits of the cross appeal.

Official Note: For cross appeals, Rule 2136 provides both a method for determining which party shall file the first brief and a description of the subsequent briefs. Either party may initiate the process described in Subdivision (a) by notifying the prothonotary by letter that the prothonotary must designate the appellant, that is the party to file the first brief, or that the parties have agreed which party shall be the appellant.

With regard to the briefing process, when there are cross appeals, there may be up to four briefs: (1) the deemed or designated appellant's principal brief on the merits of the appeal; (2) the deemed or designated appellee's brief responding to appellant's arguments and presenting the merits of the cross appeal; (3) the appellant's second brief reply-

ing in support of the appeal and responding to the issues raised in the cross appeal; and (4) appellee's second brief in support of the cross appeal.

Thus, the deemed or designated appellee's first brief (Brief No. 2 as described above) functions as both a response to the arguments advanced by the appellant in the first appeal and the primary brief on the merits of the cross appeal. Similarly, the deemed or designated appellant's second brief (Brief No. 3 as described above) serves the dual purposes of responding to the merits of the arguments in the cross appeal and replying to arguments raised in opposition to the first appeal. See generally Rule 2111 (brief of the appellant), Rule 2112 (brief of the appellee), and Rule 2113(a) (regarding reply briefs).

Rule 2135 (length of briefs) establishes the length of the various briefs. Only appellee's second brief is considered a reply brief subject to the lesser page limits. There is no provision for a longer principal brief on the merits in cross appeal situations.

Rule 2185(a) (time for serving and filing briefs) provides that appellant's second brief shall be served within 30 days after service of the preceding brief. Appellee's second brief is due 14 days later.

Rule 2322 (cross and separate appeals) addresses oral argument in cross appeals.]

(This is entirely new text.)

(*Editor's Note:* The following text is proposed to be added and is printed in regular type to enhance readability.)

(a) *Designation of the Parties in Cross-Appeals.* If a cross-appeal is filed, for the purposes of this chapter (briefs and reproduced record) and Chapter 23 (sessions and argument), the plaintiff or moving party in the trial court or other government unit shall be designated the appellant and any remaining party shall be designated the appellee, unless other designations are made by:

- (1) order of the appellate court; or
- (2) agreement of the parties, who shall promptly notify the prothonotary of the appellate court of the parties' designations.

(b) *Scope and Sequence of Briefs.* In accordance with the briefing schedule, the scope and sequence of briefs shall be as follows:

(1) *First Brief—Designated Appellant's Brief on the Merits of the Appeal.* The designated appellant shall file a brief addressing the merits of the appeal in accordance with Pa.R.A.P. 2111.

(2) *Second Brief—Designated Appellee's Brief on the Merits of the Cross-Appeal and Response to Appeal.* The designated appellee shall file a brief on the merits of the cross-appeal in accordance with Pa.R.A.P. 2111. In the same brief, the designated appellee shall respond to the designated appellant's arguments in the designated appellant's brief on the merits of the appeal in accordance with Pa.R.A.P. 2112.

(3) *Third Brief—Designated Appellant's Response to Cross-Appeal and Reply Brief in Support of Appeal.* The designated appellant shall file a response to the designated appellee's arguments in the designated appellee's brief on the merits of the cross-appeal in accordance with Pa.R.A.P. 2112. In the same brief, the designated appel-

lant shall file any reply in support of the appeal in accordance with Pa.R.A.P. 2113.

(4) *Fourth Brief—Designated Appellee's Reply Brief.* The designated appellee shall file any reply to the designated appellant's response in accordance with Pa.R.A.P. 2113.

Comment:

Pa.R.A.P. 2136 provides both a method for determining which party shall file the first brief and the sequence for filing those briefs. Subdivision (a) specifies that the party initiating the action in either the trial court or other government unit is the designated appellant unless the appellate court otherwise orders or the parties otherwise agree.

If the parties have agreed to a designation of appellant and appellee, they shall inform the prothonotary of the appellate court of the agreed-upon designations at the earliest opportunity. An agreement of the parties to designate a different appellant or appellee does not toll the time for filing a party brief. Following an agreement to designate a different appellant or appellee, each party maintains the obligation to file briefs pursuant to the schedule set by the appellate court.

Subdivision (b) addresses the sequence of briefs. A designated appellant may file up to two briefs, as described in subdivisions (b)(1) and (b)(3). A designated appellee may file up to two briefs, as described in subdivisions (b)(2) and (b)(4).

See Pa.R.A.P. 2111, 2112, and 2113 for the scope and content of briefs filed pursuant to subdivision (b).

Pa.R.A.P. 2135 (length of briefs) establishes the length of the various briefs. Only the brief filed by the designated appellee pursuant to subdivision (b)(4) is considered a reply brief subject to lower page and word limitations. All other briefs are subject to usual page and word limitations.

Pa.R.A.P. 2185(a) (time for serving and filing briefs) provides that the brief by the designated appellant pursuant to subdivision (b)(3) shall be served within 30 days after service of the brief filed by the designated appellee pursuant to subdivision (b)(2). The designated appellee's brief filed pursuant to subdivision (b)(4) is due 14 days following the filing of the designated appellant's brief pursuant to subdivision (b)(3).

Pa.R.A.P. 2322 (cross-appeals and separate appeals) addresses oral argument in cross-appeals.

FILING AND SERVICE

(*Editor's Note:* The "Explanatory Comments" are not codified in Pa.R.A.P. 2185 as printed in 210 Pa. Code.)

Rule 2185. Service and Filing of Briefs.

(a) *Time for [serving and filing briefs] Serving and Filing Briefs.*

(1) *General [rule.—] Rule.* Except as otherwise provided by this rule, the appellant shall serve and file appellant's brief not later than the date fixed pursuant to [Subdivision] subdivision (b) [of this rule,] or within 40 days after the date on which the record is filed, if no other date is so fixed. The appellee shall serve and file appellee's brief within 30 days after service of appellant's brief and reproduced record if proceeding under [Rule] Pa.R.A.P. 2154(a) (general rule). A party may serve and file a reply brief permitted by these rules within 14 days after service of the preceding brief but,

except for good cause shown, a reply brief must be served and filed so as to be received at least three days before argument. **[In cross appeals, the second brief of the deemed or designated appellant shall be served and filed within 30 days of service of the deemed or designated appellee's first brief.] In cross-appeals, the brief of the designated appellant required by Pa.R.A.P. 2136(b)(3) shall be served and filed within 30 days of service of the brief of the designated appellee required by Pa.R.A.P. 2136(b)(2).** Except as prescribed by **[Rule] Pa.R.A.P. 2187(b)** (advance text of briefs), each brief shall be filed not later than the last day fixed by or pursuant to this rule for its service. Briefs shall be deemed filed on the date of mailing if first class, express, or priority United States Postal Service mail is utilized.

(2) *Children's [fast track appeals] **Fast Track Appeals.***

(i) In a children's fast track appeal, the appellant shall serve and file appellant's brief within 30 days after the date on which the record is filed, if no other date is so fixed. The appellee shall serve and file appellee's brief within 21 days after service of appellant's brief and reproduced record. A party may serve and file a reply brief permitted by these rules within **[7] seven** days after service of the preceding brief but, except for good cause shown, a reply brief must be served and filed so as to be received at least **[3] three** days before argument. **[In cross appeals, the second brief of the deemed or designated appellant shall be served and filed within 21 days of service of the deemed or designated appellee's first brief.] In cross-appeals, the brief of the designated appellant required by Pa.R.A.P. 2136(b)(3) shall be served and filed within 21 days of service of the brief of the designated appellee required by Pa.R.A.P. 2136(b)(2).** Briefs shall be deemed filed on the date of mailing if first class, express, or priority United States Postal Service mail is utilized.

(ii) In a children's fast track appeal, the provisions of **[Subdivisions] subdivisions** (b) and (c) **[of this Rule]** shall not apply.

(3) *Multiple [briefs for appellants or appellees.—] **Briefs for Appellants or Appellees.*** If the time for filing a brief is established by reference to service of a preceding brief and more than one such preceding brief is filed, the deadline for filing the subsequent brief shall be calculated from the date on which the last timely filed preceding brief is served. If no such preceding brief is filed, the deadline for a subsequent brief shall be calculated from the date on which the preceding brief should have been filed.

(b) *Notice of [deferred briefing schedule.—] **Deferred Briefing Schedule.*** When the record is filed, the prothonotary of the appellate court shall estimate the date on which the matter will be argued before or submitted to the court, having regard for the nature of the case and the status of the calendar of the court. If the prothonotary determines that the matter will probably not be reached by the court for argument or submission within 30 days after the latest date on which the last brief could be filed under the usual briefing schedule established by these rules, the prothonotary shall fix a specific calendar date as the last date for the filing of the brief of the appellant in the matter, and shall give notice

thereof as required by these rules. The date so fixed by the prothonotary shall be such that the latest date on which the last brief in the matter could be filed under these rules will fall approximately 30 days before the probable date of argument or submission of the matter.

(c) *Definitive [copies.—] **Copies.*** If the record is being reproduced pursuant to **[Rule] Pa.R.A.P. 2154(b)** (large records) the brief served pursuant to **[Subdivision] subdivision** (a) **[of this rule]** may be typewritten or page proof copies of the brief, with appropriate references to pages of the parts of the original record involved. Within 14 days after the reproduced record is filed, each party who served briefs in advance form under this subdivision shall serve and file definitive copies of **[his or her] the party's** brief or briefs containing references to the pages of the reproduced record in place of or in addition to the initial references to the pages of the parts of the original record involved (see **[Rule] Pa.R.A.P. 2132** (references in briefs to the record)). No other changes may be made in the briefs as initially served, except that typographical errors may be corrected.

[Official Note: The 2002 amendment] **Comment:** **Pa.R.A.P. 2185(a)** recognizes that in **[cross appeals] cross-appeals** the **[deemed or]** designated appellant's second brief is more extensive than a reply brief and, therefore may require more than 14 days to prepare. See **[Rule] Pa.R.A.P. 2136** (briefs in cases involving cross appeals).

[The addition of paragraph] **Subdivision** (a)(3) **[clarified] clarifies** practice in an appeal in which there is more than one appellant or appellee and all appellants or all appellees do not file their briefs on the same date. For example, if there are two appellants and one files early or one is granted an extension of time to file, the two briefs for appellants will not be filed or served on the same date. **[Without paragraph (a)(3), it was not] **Subdivision**** (a)(3) **makes** clear when the appellee's 30-day period to file its brief **[began] begins**. The same issue can arise with respect to the appellant's time for filing its reply brief when there are two or more appellees. **[New paragraph (a)(3) clarified] **Subdivision**** (a)(3) **clarifies** the point by starting the period on the date on which the latest, timely filed preceding brief is served.

[EXPLANATORY COMMENT—1979

The principal criticism of the new Appellate Rules has been the provisions for deferred preparation of the reproduced record, and the resulting procedure for the filing of advance copies of briefs (since the page citations to the reproduced record pages are not then available) followed by the later preparation and filing of definitive briefs with citations to the reproduced record pages. It has been argued that in the typical state court appeal the record is quite small, with the result that the pre-1976 practice of reproducing the record in conjunction with the preparation of appellant's definitive brief is entirely appropriate and would ordinarily be followed if the rules did not imply a preference for the deferred method. The Committee has been persuaded by these comments, and the rules have been redrafted to imply that the deferred method is a secondary method particularly appropriate for longer records.

Also, the number of briefs to be filed under the *in forma pauperis* procedure has been increased from ten to 15 in the Commonwealth and Superior Courts.

Rule 2322. [**Cross**] **Cross-Appeals** and Separate Appeals.

(a) **Cross-Appeals.** A [**cross or separate appeal**] **cross-appeal** shall be argued with the initial appeal at a single argument, unless the court otherwise directs. [**If a case involves a cross appeal, the plaintiff or moving party in the action below shall be deemed the appellant for the purposes of these rules unless the parties otherwise agree or the court otherwise directs. If two or more parties support the same argument, care shall be taken to avoid duplication of argument.**]

(b) **Separate Appeals.** A separate appeal shall be argued with the initial appeal at a single argument, unless the court otherwise directs. If two or more parties support the same argument, care shall be taken to avoid duplication of argument. Where two or more appeals [, **not being cross-appeals,**] are heard together, each appellant shall open the argument on [**his**] **each appellant's** appeal, each appellee shall reply thereto [, **and (if permitted by the court by way of rebuttal)**]. If permitted by the court in rebuttal, not more than two appellants will be heard in conclusion.

**SUPREME COURT OF PENNSYLVANIA
APPELLATE COURT PROCEDURAL RULES
COMMITTEE**

PUBLICATION REPORT

**Proposed Amendment of Pa.R.A.P. 2136 with
Corollary Amendments of Pa.R.A.P. 2113, 2135, 2185,
and 2322**

The Appellate Court Procedural Rules Committee is considering proposing to the Supreme Court the amendment of Pennsylvania Rule of Appellate Procedure 2136 governing the designation of parties and the sequence

and order of briefs in cross-appeals. Corollary amendments of Pa.R.A.P. 2113, 2135, 2185, and 2322 are also proposed.

The Committee received a request to amend Pa.R.A.P. 2136 to clarify for practitioners the order and sequence of filing briefs in cross-appeals. Preliminarily, the Committee acknowledged that the Superior Court and the Commonwealth Court have different practices for the administrative management of cross-appeals. The Commonwealth Court most often designates the appellant and the appellee via court order followed by a briefing schedule that instructs which party is to file a specific brief. The Superior Court, on the other hand, has administratively designated each brief as a "Step 1 brief," "Step 2 brief," etc. to guide attorneys as to who must file which brief and when. Given the disparity in practice, the Committee agreed to consider amendments to the rule.

At the outset of its review, the Committee observed that current Pa.R.A.P. 2136 contains two components. First, subdivision (a) governs how the parties are designated in cross-appeals. It provides that the plaintiff in the lower court is the appellant on appeal unless the parties agree or the court orders otherwise. The Committee examined Pennsylvania's designation procedure, including how it differs from the designation procedure in Fed.R.App.P. 28.1. Under the federal approach, the first to file is the presumptive appellant. The Committee weighed the relative merits of each approach and concluded that the federal approach does not provide any marked benefit to the courts or practitioners over Pennsylvania's existing practice.

The Committee therefore proposes retaining Pennsylvania's existing approach to designation of parties in a cross-appeal with the following changes to subdivision (a) as follows:

1) Restate the subdivision (a) in shorter sentences so that each part contains single procedural steps, in appropriate sequence, and reflecting current practice.

2) Remove the second sentence of current subdivision (a) authorizing the appellate court prothonotary to designate the appellant when the appellant's identity is not readily apparent when giving notice under Pa.R.A.P. 1934 (notice of filing of the record) and Pa.R.A.P. 2185 (notice of deferred briefing schedule). This part of current subdivision (a) is redundant given that the appellate courts already have authority to designate the parties by order.

Second, subdivision (b) provides for the order of briefs and the contents of each brief. Typically, the sequence of briefs is set forth in an appellate court's briefing schedule. However, to benefit the appellate courts and practitioners alike, the proposed amendment to subdivision (b) is intended to improve legibility and reflect current practice.

As a result, the Committee proposes substantial changes to the text of subdivision (b) as follows:

1) Restate this subdivision in shorter sentences so that each part contains single procedural steps, in appropriate sequence.

2) Add the current commentary relating to the order of briefs into the rule text. The Committee observed that the current Comment to Pa.R.A.P. 2136, which discusses the order of briefs in a numerical sequence, is instructive to practitioners and proposes making it part of the rule.

3) Restate the requirements for the content of briefs in subdivision (b) by reference to Pa.R.A.P. 2111, 2112, and 2113. Those rules govern the scope of an appellant's opening brief, an appellee's responsive brief, and the

appellant's reply brief. Referencing Pa.R.A.P. 2111, 2112, and 2113 in relation to the contents of briefs is intended to provide clearer direction for practitioners filing briefs in a cross-appeal.

Questions may arise whether the phrasing "shall file any reply . . . in accordance with Pa.R.A.P. 2113" in Pa.R.A.P.(b)(3) and (b)(4) suggests to practitioners that the filing of a reply brief would be mandated by Pa.R.A.P. 2136(b). This is not the intent of the proposed amendment. Nor can the language be fairly understood to impose such a requirement, especially when it is read together with Pa.R.A.P. 2113. Subdivisions (b)(3) and (b)(4), if amended as proposed, would mandate compliance with Pa.R.A.P. 2113. In turn, Pa.R.A.P. 2113 plainly states that the filing of a reply brief is not mandatory. The relevant language is as follows: "[T]he appellant may file a brief in reply to matters raised by appellee's brief or in any amicus curiae brief and not previously addressed in appellant's brief. If the appellee has cross appealed, the appellee may file a similarly limited reply brief."

* * *

Accordingly, the Committee invites all comments, objections, concerns, and suggestions regarding this proposed rulemaking.

PROPOSED RULEMAKING

LIQUOR CONTROL BOARD

[40 PA. CODE CH. 5]

Duties and Rights of Licensees

The Liquor Control Board (Board), under the authority of section 207(i) of the Liquor Code (47 P.S. § 2-207(i)), proposes to amend §§ 5.30 and 5.32 (relating to definitions; and restrictions/exceptions) to read as set forth in Annex A.

Summary

This proposed rulemaking updates and amends §§ 5.30 and 5.32 of the Board's regulations. This proposed rulemaking is undertaken as part of an ongoing effort to review and update the Board's regulations.

This proposed rulemaking amends § 5.30 to expand existing definitions and add new definitions to provide clarity for the regulated community. These amendments stem from questions posed by the regulated community to the Board's Office of Chief Counsel, which provided answers through advisory opinions issued under section 211.1 of the Liquor Code (47 P.S. § 2-211.1).

This proposed rulemaking amends § 5.32 for the purpose of clarity and improved readability. The first two subsections are reserved; therefore, the amendments begin at subsection (c), which states that a licensee may not directly or indirectly hire or permit a minor under 18 years of age to act as an entertainer and does not identify any exceptions. Because the entire text of subsection (c) is being replaced, this proposed rulemaking deletes subsection (c) and creates subsection (c.1).

Proposed subsection (c.1) provides that employment or engagement of a minor under 18 years of age as an entertainer must be in accordance with the Child Labor Act (43 P.S. §§ 40.1—40.14).

This proposed rulemaking amends subsection (d)(4) for the purpose of legal accuracy. In paragraph (4)(i), the definition of "charitable organizations" is no longer available in 49 Pa. Code Part I, Subpart B, because that regulation was deleted in 1997. See 27 Pa.B. 2934 (June 21, 1997). This proposed rulemaking now cites to the Solicitation of Funds for Charitable Purposes Act (10 P.S. §§ 162.1—162.23), which is cited in paragraph (4)(ii). In paragraph (4)(ii), the legal citation to the Local Option Small Games of Chance Act (10 P.S. §§ 328.301—328.308) is updated.

This proposed rulemaking deletes subsection (e)(1), which prohibits "lewd, immoral or improper conduct by the licensee, its servants, agents, employees, patrons or event, contest or tournament participants." The case of *Conchatta, Inc. v. Miller*, 458 F.3d 258 (3d Cir. 2006), held that the prohibition on "lewd, immoral or improper conduct" was unconstitutional on the basis that it is substantially overbroad. *Conchatta* was not based on subsection (e)(1) of the Board's regulation, but a different subsection—subsection (b)—that has since been reserved. See 43 Pa.B. 7082 (December 7, 2013). Since the phrase "lewd, immoral or improper conduct" is legally unenforceable, this proposed rulemaking deletes it from subsection (e)(1).

This proposed rulemaking adds a sentence to subsection (e)(3), providing that no amount of liquor, alcohol, or malt or brewed beverages may be offered as a prize for

participating in an event, contest or tournament, whether for on-premises or off-premises consumption. Similar language exists in subsection (h), for sweepstakes prizes.

In subsection (e)(5), this proposed rulemaking replaces the word "charity" with "charitable organization," to be consistent with the language used in subsection (d)(4).

This proposed rulemaking amends subsection (e)(7) to increase the total value of prizes for any event, tournament or contest from \$1,000 to \$2,000, and to increase the total value of prizes awarded in a 7-day period from \$25,000 to \$35,000. These amendments are consistent with the limits provided in the Local Option Small Games of Chance Act.

The final subsection addressed by this proposed rulemaking is subsection (g), which provides that "municipalities may petition the Board for exemption from the Board's regulations regarding the enforcement of subsection (a) for all licensees within an identifiable area in accordance with section 493.1(b) of the Liquor Code (47 P.S. § 4-493.1(b))." (Emphasis added). Subsection (a) prohibited a licensee from using or permitting to be used, inside or outside of the licensed premises, a loudspeaker or similar device whereby the sound of music or other entertainment, or the advertisement thereof, could be heard on the outside of the licensed premises. The act of December 22, 2011 (P.L. 530, No. 113) and the act of July 5, 2012 (P.L. 1007, No. 116) amended the Liquor Code (47 P.S. §§ 1-101—10-1001) to render subsection (a) obsolete, and thereafter, the Board submitted a final-omitted rulemaking to rescind subsection (a). See 43 Pa.B. 7082. The final-omitted rulemaking overlooked subsection (g), but the Board rescinds it with this proposed rulemaking.

Affected Parties

As of January 13, 2023, there were approximately 18,500 licensees who may be affected by this proposed rulemaking.

Paperwork Requirements

This proposed rulemaking will not require any additional paperwork to be filed.

Fiscal Impact

This proposed rulemaking is not anticipated to have any fiscal impact.

Effective Date

This proposed rulemaking will become effective upon final-form publication in the *Pennsylvania Bulletin*.

Public Comments

Interested persons are invited to submit written comments about this proposed rulemaking to Rodrigo Diaz, Chief Counsel, Jason M. Worley, Deputy Chief Counsel, or Norina Foster, Assistant Counsel, Office of Chief Counsel, Liquor Control Board, Room 401, Northwest Office Building, Harrisburg, PA 17124-0001, or RA-lblegal@pa.gov, within 30 days after publication of this proposed rulemaking in the *Pennsylvania Bulletin*. E-mail is preferred. When commenting, individuals should indicate if they wish to be apprised of future developments regarding this proposed rulemaking, and include a name, address and e-mail address. Comments submitted by facsimile will not be accepted.

Public comments will be posted on the Independent Regulatory Review Commission's (IRRC) web site. Personal information will not be redacted from the public comments received.

Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on April 25, 2023, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to IRRC and to the Chairpersons of the House Liquor Control Committee and Senate Committee on Law and Justice. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b) which have not been met. The Regulatory Review Act specifies detailed procedures for review prior to final publication of the rulemaking by the Board, the General Assembly and the Governor.

TIM HOLDEN,
Chairperson

Fiscal Note: 54-104. No fiscal impact; recommends adoption.

Annex A

TITLE 40. LIQUOR

PART I. LIQUOR CONTROL BOARD

CHAPTER 5. DUTIES AND RIGHTS OF LICENSEES

Subchapter C. AMUSEMENT AND ENTERTAINMENT

§ 5.30. Definitions.

The following words and terms, when used in this subchapter, have the following meanings, unless the context clearly indicates otherwise:

Audio/video playback device—A device which emits a musical recording, or in the case of a video jukebox, emits a musical recording accompanied by recorded video images on a screen that does not exceed 24 inches by 30 inches.

Dancing—Moving one's body in rhythm, usually accompanied by tonal music or percussion. Dancing may be performed by a scheduled entertainer or by customers on the licensed premises.

Event/tournament/contest—A competitive endeavor involving skill, **chance**, speed, strength [**or**], endurance **or knowledge**. The term includes a competitive endeavor involving physical attributes of contestants. **The term also includes trivia contests.**

Floor shows—Live entertainment involving musical, dance or comedy acts. To constitute a musical act, there must be a vocalist or singer, more than two instrumentalists or a disc jockey.

Game—A device, such as a pinball, shuffleboard, bowling [**or**], video machine **or electronic tablet** which provides the player with amusement and no other form of award excepting free plays.

Instrumental music—Music generated by instruments played by [**musicians**] **no more than two instrumentalists** without vocal accompaniment.

Sweepstakes—A chance promotion in which tickets or game pieces are distributed and the winner or winners are selected in a random drawing.

Theatricals—The performance of a play, musical or drama. The term includes poetry readings.

§ 5.32. Restrictions/exceptions.

(a) [Reserved].

(b) [Reserved].

(c) [**A licensee may not directly or indirectly employ a minor person under 18 years of age as an entertainer in the licensed establishment, or in a room or place connected therewith, nor may a licensee permit in the establishment, room or place, a minor person under 18 years of age to act as an entertainer.**] [**Reserved**].

(c.1) A licensee may only employ or engage a minor under 18 years of age as an entertainer if it does so in accordance with the Child Labor Act (43 P.S. §§ 40.1—40.14).

(d) A hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub or malt beverage eating place licensee may not hold or permit to be held, on the licensed premises an event, tournament or contest; nor advertise, offer, award or permit the award on the licensed premises of trophies, prizes or premiums, for any purpose except as follows:

(1) A hotel, restaurant, club or malt beverage eating place licensee may permit to be held within the licensed premises an event sanctioned by the State Athletic Commission under 5 Pa.C.S. Part I, [**Subparts A and B**] **Subpart B** (relating to [**general provisions; and boxing**] **Boxing Act**) or under 5 Pa.C.S. Part I, Subpart C (relating to Wrestling Act). Only malt or brewed beverages, as generally permitted by the class of license involved, may be sold, served or delivered on that portion of the licensed premises where the event is held, and not sooner than 1 hour before, and not later than 1 hour after the event. Service of malt or brewed beverages at these events will be conducted only with the prior written approval of the State Athletic Commission filed with the Board. Drinks shall be dispensed in that portion of the licensed premises where the event is conducted only in paper or plastic cups.

(2) A hotel, restaurant, club or malt beverage eating place licensee may hold or permit to be held within the licensed premises or in a bowling alley immediately adjacent thereto as provided in sections 406(a)(1) and 442(b) of the Liquor Code (47 P.S. §§ 4-406(a)(1) and 4-442(b)), a bowling tournament or bowling contest. Liquor and malt or brewed beverages, as generally permitted by the class of license involved, may be served, sold or delivered at the bowling tournament or bowling contest by the licensee.

(3) A hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub or malt beverage eating place licensee may permit the conduct of events on the licensed premises by groups constituting a league. Liquor and malt or brewed beverages, as generally permitted by the class of license involved, may be sold, served or delivered at the events on the licensed premises.

(4) Hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub or malt beverage eating place licensees may permit the conduct of tournaments and contests on the licensed premises for the benefit of, and officially sponsored by, bona fide charitable organizations. **The following apply:**

(i) A charitable organization for the purposes of this section is defined [**as one qualified, approved by and registered with the Department of State and operated under 49 Pa. Code Part I, Subpart B (relating to charitable organizations)] as in the Solicitation of Funds for Charitable Purposes Act (10 P.S. §§ 162.1—162.23).**

(ii) Charitable organization functions shall be operated in accordance with the Solicitation of Funds [**For] for Charitable Purposes Act [(10 P.S. §§ 162.1—162.24)] and, if applicable, the Local Option Small Games of Chance Act [(10 P.S. §§ 311—327)] (10 P.S. §§ 328.301—328.308), and the Bingo Law (10 P.S. §§ 301—308.1).**

(5) Hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub and malt beverage eating place licensees may conduct self-sponsored tournaments, events or contests on their own licensed premises so long as the activities are in conformance with the applicable provisions of this subchapter.

(e) For an activity conducted under this subchapter, the following apply:

(1) [**There may not be lewd, immoral or improper conduct by the licensee, its servants, agents, employees, patrons or event, contest or tournament participants.] [Reserved].**

(2) There may not be unlawful gambling directly or indirectly associated with an activity on the licensed premises. A licensee will be held strictly liable for unlawful gambling on the licensed premises.

(3) There may not be an event, contest or tournament which involves the consumption of alcoholic beverages by an event, tournament or contest participant. **In addition, no amount of liquor, alcohol, or malt or brewed beverages may be offered as a prize for participating in an event, contest or tournament, whether for on-premises or off-premises consumption.**

(4) The price of a ticket or evidence of admission to an event, tournament or contest may not include a charge or assessment for alcoholic beverages or entitle the holder thereof to receive an alcoholic beverage anywhere on the licensed premises except for alcoholic beverages included in a meal package offering as provided for in Chapter 13 (relating to promotion).

(5) A licensee or sponsoring [**charity] charitable organization** may advertise an event, tournament or contest.

(6) Hotel, restaurant, club, privately-owned public golf course, privately-owned private golf course, municipal golf course, brew pub and malt beverage eating place licensees, as well as governing bodies of professional golf, skiing, tennis, bowling, pocket billiards and nonlicensee sponsors as provided in subsection (e) may award prizes to contestants or participants of events, tournaments or contests.

DEPARTMENT OF AGRICULTURE

Agricultural Product Promotion, Education and Export Promotion Matching Grant Program; 2023-2024 Application Period

The Department of Agriculture (Department) announces the program requirements and application period for grants under the Pennsylvania Agricultural Product Promotion, Education and Export Promotion Matching Grant Program (Program). The Program is authorized under a Fiscal Year (FY) 2023-2024 budgetary appropriation to the Department for agricultural product promotion, education and exports. The Department intends to make up to \$303,000 available for grants under the Program. Funding is contingent upon FY 2023-2024 budget appropriations.

1. Program objectives.

(a) *Purpose.* The Department will award grants to provide matching funds to nonprofit agricultural product promotion and marketing organizations to reimburse up to 50% of the cost of projects intended to:

- (1) increase consumer awareness of agricultural products within this Commonwealth and thereby increase sales of these agricultural products;
- (2) educate producers and consumers with respect to agricultural products within this Commonwealth; or
- (3) otherwise facilitate the growth and development of export markets for agricultural products within this Commonwealth.

(b) *Applicants.* Grants will be awarded to nonprofit agricultural product promotion and marketing organizations in this Commonwealth.

(c) *FY 2023-2024 project funding priorities.* The Department will prioritize eligible projects that:

- (1) promote and increase consumer awareness of hardwood products within the United States, with special consideration given to projects that have an emphasis on hardwood species that this Commonwealth is recognized for including, but not limited to, black cherry, oaks and maples, including the promotion of value-added products;
- (2) promote the marketing of agricultural commodities produced within this Commonwealth through the Pennsylvania Preferred® program;
- (3) promote agritourism;
- (4) increase sales and consumption of dairy products within and beyond this Commonwealth;
- (5) facilitate the growth and development of export markets for agricultural products produced or processed within this Commonwealth;
- (6) improve food security in this Commonwealth, including projects that improve access to nutritious food, decrease food waste in schools and other settings and that leverage Federal, State and community resources through public-private partnerships; and
- (7) promote the Farmers Market Nutrition Programs, food delivery systems through farm markets and farm stands, fresh fruits and vegetables produced within this Commonwealth.

(d) *Competitive program.* The Program is competitive. Grant requests and related documentation will be reviewed by the Secretary, who will approve or reject each grant request.

(e) *Funds available basis.* Grants will not be awarded unless funds are available for this purpose. The Department need not expend all the funds that are available for the Program.

2. *Definitions.* The following words and terms have the following meanings:

Applicant—A Pennsylvania nonprofit agricultural product promotion and marketing organization which applies for grant moneys under the Program.

Bureau—The Bureau of Market Development of the Department.

Pennsylvania agricultural products—The following agricultural commodities grown, processed or manufactured within this Commonwealth: agricultural, horticultural, aquacultural, viticulture and dairy products, including artisan cheese, livestock and the products thereof, ranch raised fur-bearing animals and the products thereof, the products of poultry and beef raising, forestry and forestry products, and all products raised or produced on farms intended for human consumption, and the processed or manufactured products thereof intended for human consumption, transported or intended to be transported in commerce.

Pennsylvania nonprofit agricultural product promotion and marketing organization—A nonprofit business organization having its principal business offices within this Commonwealth, or having 50% or more of its membership within this Commonwealth, or having 50% or more of the agricultural products which it promotes or markets produced within this Commonwealth, and having as its members groups, individuals or organizations that serve to distribute an agricultural product within this Commonwealth in commerce. These members may include wholesalers, distributors, brokers, retailers, processors, growers and producers.

Secretary—The Secretary of the Department.

3. *Limitations on grants.* The minimum amount of a matching grant is \$1,000. A matching grant is a reimbursement grant, meaning no payment of grant funds will be made by the Department until the subject project is completed and the applicant documents the completion of the project to the Department in accordance with this notice.

4. Uses of matching grant moneys.

(a) *Conformity to application.* Matching grant moneys awarded to an applicant shall be expended solely to reimburse up to 50% of the cost of the specific project described in the grant application.

(b) *Allowable expenditures of grant moneys.* Grant moneys shall be used for one or more of the following purposes described in the grant application:

- (1) To pay the cost of the specific project described in the grant application.
- (2) To pay the cost of a portion of a Commonwealth nonprofit agricultural product promotion and marketing organization's contribution to a National or regional agricultural product promotion and marketing project.

(3) To pay the cost of programs conducted by an applicant to educate producers and consumers with respect to Commonwealth agricultural products.

(4) To pay the cost of trade shows conducted or attended by an applicant, or other projects to facilitate the growth and development of export markets for produced agricultural products within this Commonwealth.

(c) *Prohibited expenditure of grant moneys.* Grant moneys may not be used to defray the costs of employing temporary or permanent personnel.

5. Applications.

(a) *Application required.* Interested nonprofit agricultural product promotion and marketing organizations in this Commonwealth shall submit grant applications to the Department. An application shall include a detailed work plan and project budget.

(b) *Project commencement and completion dates.* An application shall designate July 1, 2023, or a later date, as the project start date and June 30, 2024, or earlier, as the project completion date. Program grant funds will not be awarded or paid for project activities that occur before the stated project start date or beyond the stated project completion date.

(c) *Electronic applications only.* Interested applicants must submit a complete electronic project proposal and grant application using the Department's Electronic Single Application web site at <https://www.esa.dced.state.pa.us/Login.aspx>.

(d) *Application window.* Applications shall be submitted by 5 p.m. on Friday, July 14, 2023.

(e) *Additional documentation.* The Secretary may require that an applicant submit additional documentation to complete or verify an application. The additional documentation may include a letter, affidavit or other documentation:

(1) Verifying that an applicant is a Commonwealth nonprofit agricultural product promotion and marketing organization.

(2) Verifying the activities and location of offices of an applicant.

(3) Confirming that the applicant for a matching grant has secured funds in an amount at least equal to the matching grant amount sought for the project.

6. Review of application.

(a) *Transmittal of application to Bureau.* When the Bureau receives a complete and accurate grant application, it will forward this application, together with supporting documentation submitted therewith, to the Secretary for review. The Bureau may also forward a recommendation as to whether the application should be approved or rejected, whether the grant should be in an amount less than requested and whether special restrictions or limitations should be placed on the grant.

(b) *Factors.* The Secretary will review and evaluate the application and supporting documentation and may consider the following factors, among others, in deciding whether to approve or reject the grant request:

(1) The relevance of the project to the promotion or marketing of agricultural products in this Commonwealth.

(2) The innovativeness of the project described in the application.

(3) The scope of the project and the number of people who will be exposed to or affected by the project described in the application.

(4) The impact which the project will have upon the promotion and sales of the Commonwealth agricultural products to which the project is targeted.

(5) The availability of full funding for the project from the applicant or from any source other than the Grant Program. Projects that are joint efforts between two or more Commonwealth nonprofit agricultural product promotion and marketing organizations may be given preference over projects involving only one organization.

(6) The apparent ability of the applicant to complete the project as described in the application or, in the case of a grant to fund a National or regional agricultural product promotion or marketing project, the apparent ability of the entity with primary responsibility for the project to complete it.

(7) The overall performance of the project if the project had received funding through any other grant program administered by the Department in a previous fiscal year.

(8) Projects where reference to the Department as a source of funding can practicably be made in promotional materials or broadcasts, and that would make such a reference, may be given preference over projects that would not make such a reference.

(9) Whether the project has been assigned priority for funding in FY 2023-2024, as previously described in Paragraph No. 1(c).

(c) *Decisions.* The Secretary may approve a grant in an amount less than that requested in the grant application. In addition, the Secretary may impose restrictions or special conditions upon the issuance of a grant. The Secretary will review all recommendations of the Bureau but will have final authority to accept or reject these recommendations.

7. Notice of disposition of application.

The Department will e-mail notice of the acceptance or rejection of a grant application. This notice will be by e-mail to the address provided by the applicant in the grant application.

8. Grant agreement.

After the Secretary approves a grant application, and as a precondition to the Department's release of grant moneys to a successful applicant, the Department and the applicant will execute a written or electronic grant agreement which establishes the terms and conditions subject to which the grant is made. The grant agreement will not be effective, and work should not begin, until all required signatures have been applied to the grant agreement. The grant agreement will contain and conform to the requirements of this notice and will also contain special terms and conditions as required by the Secretary. Among the terms of the grant agreement will be a requirement that the grant recipient provide the Department full and complete access to all records relating to the performance of the project and submit such information as the Department may require. Applicants who wish to view the full terms and conditions of the grant agreement in advance of submitting an application may contact the Department at the address set forth in Section 11. Applicants who are unable to agree to the terms and conditions should not submit an application.

9. *Verification of project completion.*

(a) *General.* Within 30 days of completion of the subject project, the applicant shall provide the Department with proof of the completion of the project and eligibility to receive reimbursement grant funds from the Department.

(b) *Required documentation.* The proof described in subsection (a) shall consist of:

(1) Copies of invoices for goods or services directly related to the project, confirming that the total billed amount is at least twice the amount of the grant, along with the written certification of the president or treasurer of the applicant that the goods or services that are the subject of the invoices have been delivered or provided to the applicant; and

(2) A certificate of completion, signed by its president or treasurer, verifying completion of the subject project and stating that the grant funds will reimburse the

applicant for a portion of the costs incurred by the applicant in completing the subject project.

10. *Delivery of grant funds by the Department.* The Department will pay the grant amount to the applicant in a single payment within 45 days of receiving the proof of completion previously described in Paragraph No. 9.

11. *Questions and additional information.* Questions on this Program, including on the online application process, may be directed to Kristina Watson, Bureau of Market Development, Department of Agriculture, 2301 North Cameron Street, Harrisburg, PA 17110-9408, (717) 712-4545.

DEPARTMENT OF BANKING AND SECURITIES

Maximum Lawful Rate of Interest for Residential Mortgages for the Month of June 2023

The Department of Banking and Securities (Department), under the authority contained in section 301 of the act of January 30, 1974 (P.L. 13, No. 6) (41 P.S. § 301), determines that the maximum lawful rate of interest for residential mortgages for the month of June 2023, is 6 1/4%.

The interest rate limitations under the Commonwealth's usury statute were pre-empted to a great extent by Federal law, the Depository Institutions Deregulation and Monetary Control Act of 1980 (Pub.L. No. 96-221). Further pre-emption was instituted with the signing of Pub.L. No. 96-399, which overrode State interest rate limitations on any individual who finances the sale or exchange of residential real property which the individual owns and which the individual occupies or has occupied as his principal residence.

Each month the Department is required by State law to compute and announce the ceiling rate on residential mortgages in this Commonwealth. This maximum rate is determined by adding 2.50 percentage points to the yield rate on long-term government bonds as published by the Federal Reserve Board or the United States Treasury, or both. The latest yield rate on long-term government securities is 3.65 to which was added 2.50 percentage points for a total of 6.15 that by law is rounded off to the nearest quarter at 6 1/4%.

Proposed Exchange of Property Between the City of Philadelphia and the Department of Conservation and Natural Resources

The Department of Conservation and Natural Resources (Department), Bureau of State Parks and the City of Philadelphia (City) are proposing to negotiate an exchange of property as follows:

The Department is proposing to convey to the City a required right-of-way (ROW) easement for improvements to the intersection of Southampton Road and Roosevelt Boulevard (US Route 1), containing approximately 0.32869 acre (14,318 square feet), situated in the City, Philadelphia County and being part of Benjamin Rush State Park.

The City, through funding and assistance provided by Brandywine Byberry, LP, its successors or assigns, is proposing to contribute \$203,500 of funding toward the acquisition of a certain replacement property in Union Township, Berks County. The replacement land adjoins French Creek State Park and consists of approximately

12.016 acres. This replacement property will provide additional open space and public recreational opportunities in the southeast quadrant of this Commonwealth. The project also calls for additional improvements at Benjamin Rush State Park or the Department of Military and Veterans Affairs Delaware Valley Veterans Home (DVVH). Those improvements are as follows: 1) the center turning lane currently located on Southampton Road to accommodate the entrance of the State park and the DVVH will remain; 2) landscaping improvements will be made along Southampton Road to assist in screening the roadway from the State park; 3) the trail, fencing, bollards and other items at the pedestrian entrance to the park at the intersection of US Route 1 will be reconstructed; 4) the existing entrance sign for the State park and the DVVH will be replaced and relocated immediately outside of the expanded ROW granted to the City; and 5) the shared State park/DVVH access road at the intersection of Southampton Road will be improved to include an entrance lane, left exit lane and right exit lane.

Review and Comment:

As is the policy of the Department, the public is hereby notified of this proposed exchange. Project documents will be available for review from May 20, 2023, until July 10, 2023, at the Benjamin Rush State Park office.

Oral or written comments or questions concerning this proposed exchange may be addressed to John Hallas, Director, Bureau of State Parks, Attn: RMPD—Planning Section, P.O. Box 8551, Harrisburg, PA 17105-8551, (717) 787-6640, RA-Park-Operations@pa.gov. Comments must be received within 30 days following publication of this notice. Oral or written comments, or both, will become part of the official document used in the final decision process.

If, in the duration of the comment period, a significant amount of public concern develops, the Secretary of the Department may schedule a public informational meeting.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

Proposed Mitigation Land Bank with the Department of Transportation

The Department of Conservation and Natural Resources (Department), Bureau of State Parks and the Department of Transportation (PennDOT) are proposing to mitigate small transportation project impacts to State park land by creating a land mitigation bank, as follows:

Proposed legislation will authorize the Department and PennDOT to create a land bank for purposes of mitigating transportation improvement projects that may require the transfer of administrative jurisdiction from the Department to PennDOT. The conversion of State park land

requires replacement land as mitigation for those portions of State park land removed from park use, which said replacement land will be equal to or greater in both acreage and appraised value. The proposed legislation will allow the jurisdictional transfer of State park land to PennDOT, free of restrictions imposed by section 20 of the Project 70 Land Acquisition and Borrowing Act (Project 70 Act) (72 P.S. § 3946.20).

PennDOT will convey to the Department a tract of land containing approximately 19.51 acres of land (Replacement Property) to the Commonwealth to be added to Maurice K. Goddard State Park. The Replacement Property will be used as mitigation for any highway improvement impacts to State parks which would require the Department to transfer administrative jurisdiction to PennDOT, as authorized by the proposed legislation.

A comprehensive appraisal report dated March 14, 2022, was performed on the Replacement Property. The appraisal requires that the property is evaluated for the highest and best use, then a market value is determined. The market value was determined to be \$70,000.

The transfer of administrative jurisdiction of State park lands from the Department to PennDOT would consist of small portions of State park land, ranging from approximately 0.03 acre to 1.5 acres per PennDOT project. An appraisal report will be performed on State park property proposed to be permanently impacted by highway improvement projects, requiring the transfer of administrative jurisdiction to PennDOT.

The land bank being proposed in the legislation represents a worthwhile recreational replacement parcel to serve as replacement land for a bundle of small-acreage PennDOT highway improvement projects impacting State park land. The proposal will significantly save both agencies time and money, resulting in a quality parcel addition to a State park. The Replacement Property will fulfill the replacement land requirement for a number of PennDOT highway improvement projects impacting State parks over the next 5 years. It will also satisfy Project 70 Act impact implications.

Review and Comment:

As is the policy of the Department, the public is hereby notified of this proposed exchange. Project documents will be available for review from May 20, 2023, until July 10, 2023, at the Maurice K. Goddard State Park office.

Oral or written comments or questions concerning this proposed exchange may be addressed to John Hallas, Director, Bureau of State Parks, Attn: RMPD—Planning Section, P.O. Box 8551, Harrisburg, PA 17105-8551, (717) 787-6640, RA-Park-Operations@pa.gov. Comments must be received within 30 days following publication of this notice. Oral or written comments, or both, will become part of the official document used in the final decision process.

If, in the duration of the comment period, a significant amount of public concern develops, the Secretary of the Department may schedule a public informational meeting.

APPLICATIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit www.dep.pa.gov and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

<i>Section</i>	<i>Category</i>
I	Individual and General WQM Permit Applications/NOIs Received, General NPDES Permit NOIs Received, and All Transfer and Minor Amendment Applications/NOIs Received
II	Individual NPDES Permits—New, Renewal, and Major Amendment Applications and Draft Permits for Discharges Relating to Sewage, Industrial Waste, Industrial Stormwater, MS4s, Pesticides and CAFOs
III	Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity

Section I identifies the following applications and NOIs that have been received by DEP:

- Individual and General WQM Permit Applications Received—DEP provides a 15-day public comment period for Individual WQM Permit Applications for new and reissued permits. There is no public comment period for General WQM Permit NOIs.
- General Chapter 92a NPDES Permit NOIs Received—There is no public comment period for General NPDES NOIs received.
- All Transfer and Minor Amendment Applications/NOIs Received—Transfer and Minor Amendment Applications/NOIs received for Individual and General WQM Permits and Individual and General NPDES Permits, excluding PAG-01 and PAG-02, are identified but do not have public comment periods. DEP provides a 15-day public comment period for Individual WQM Permit Applications for amendments.

Additional information on these applications and NOIs may be reviewed by generating the “Applications and NOIs without Comment Periods Report” or, for Individual WQM Permit Applications, the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice.

Section II identifies individual NPDES permit applications received and draft permits indicating DEP's tentative determination relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications and draft permits, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of DEP for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP's tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice. Notification of 15-day extensions for comment will be provided in the “Applications Received with Comment Periods Report” (Comments column).

Section III identifies individual NPDES permit applications received and draft permits indicating DEP's tentative determination relating to stormwater discharges associated with construction activities. A 30-day public comment period applies to these applications and draft permits. The period for comment may be extended at the discretion of the Department for one additional 15-day period. Additional information may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP's website at www.dep.pa.gov/CWPublicNotice.

Applications, NOIs and draft permits, where applicable, may be reviewed at the DEP office that received the application or NOI. Members of the public are encouraged to use DEP's website to obtain additional information as discussed previously.

Comments received within the appropriate comment periods for WQM and NPDES permit applications will be retained by DEP and considered in the final determinations regarding the applications. A comment submittal should include the name, address and telephone number of the writer and a concise statement to inform DEP of the exact basis of a comment and the relevant facts upon which it is based.

DEP office contact information to review applications and NOIs and to submit comments for those applications, when applicable, is as follows:

DEP will also accept requests or petitions for public hearings on applications. The request or petition must indicate the interest of the party filing and the reasons why a hearing is warranted. A hearing will be held if DEP determines that there is a significant public interest. If a hearing is scheduled, a notice of the hearing will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. DEP will postpone its final determination until after a public hearing is held.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

II. Individual NPDES Permits—New, Renewal, and Major Amendment Applications and Draft Permits for Discharges Relating to Sewage, Industrial Waste, Industrial Stormwater, MS4s, Pesticides and CAFOs.

Northcentral Regional Office

PA0020567, Sewage, SIC Code 4952, **Northumberland Borough, Northumberland County**, 175 Orange Street, Northumberland, PA 17857-1669. Facility Name: Northumberland Sewer Authority WWTP. This existing facility is located in Northumberland Borough, **Northumberland County**.

Description of Existing Activity: The application is for a renewal of an NPDES permit for an existing discharge of treated sewage.

The receiving stream(s), Susquehanna River (WWF, MF), is located in State Water Plan watershed 5-E and is classified for Warm Water Fishes and Migratory Fishes, aquatic life, water supply and recreation. The discharge is not expected to affect public water supplies.

The proposed effluent limits for Outfall 001 are based on a design flow of 1.125 MGD.

Application No. PA0240168, Concentrated Animal Feeding Operation (CAFO), **Bortnick Dairy LLC (Bortnick Dairy Farm)**, 21820 Palmer Road, Conneautville, PA 16406-4746.

Bortnick Dairy LLC has submitted an application for an Individual NPDES permit for a renewal of an CAFO known as Bortnick Dairy Farm, located in Beaver Township, **Crawford County**.

The CAFO is situated near Stone Run (CWF, MF) in Watershed 15-A, which is classified for Cold Water Fishes and Migratory Fishes. The CAFO is designed to maintain an animal population of approximately 3,355.8 animal equivalent units (AEUs) consisting of 3,140 animals (1,600 Dairy Cows, 1,100 Dairy Heifers, and 440 Daily Calves). Manure is stored in 4 different pits and is applied to 1,251.72 acres available on lands owned by the applicant and 2,042.48 acres rented for manure application. A release or discharge to waters of the Commonwealth under normal operating conditions is not expected. Normal operating conditions are defined as conditions below a 25-year, 24-hour storm event.

The Department has conducted administrative and technical reviews of the application. Based on the preliminary review and application of lawful standards and regulations, the Department has made a tentative determination to issue an NPDES permit for the operation subject to the terms and conditions and monitoring and reporting requirements specified in the permit.

You may make an appointment to review the DEP files on this case by calling the File Review Coordinator at 814-332-6078.

The Environmental Protection Agency (EPA) permit waiver provision under 40 CFR 123.24(e) does not apply to this NPDES permit.

III. Individual NPDES Permit Applications for Discharges of Stormwater Associated with Construction Activity.

Northeast Regional Office

Applicant: **Aaron May**

Applicant Address: P.O. Box 536, Milford, PA 18337

Application Number: **PAD520048**

Application Type: New

Municipality/County: Milford Township, **Pike County**

Total Earth Disturbance Area (acres): 0.65 acre

Surface Waters Receiving Stormwater Discharges: Crawford Branch, High Quality—Cold Water Fish, Migratory Fish (HQ-CWF, MF)

Proposed Effluent Limitations: The draft permit requires implementation of an Erosion and Sediment Control (E&S) Plan and a Post-Construction Stormwater Management (PCSM) Plan and compliance with Federal technology-based effluent standards at 40 CFR Part 450.

Rate or Frequency of Discharge: Stormwater discharges during and following earth disturbance activities are precipitation-induced and will vary depending on factors such as the area of impervious surfaces, the size and placement of best management practices (BMPs) and the intensity of precipitation.

Project Description: A single-family house, garage, and driveway is proposed on Lot 59 of the Milford Highlands subdivision. The lot was previously covered by an Individual NPDES Permit that has since expired.

Special Conditions: NA

You may review the permit application file by contacting DEP's File Review Coordinator at 570-826-5472.

**STATE CONSERVATION COMMISSION
PROPOSED NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS
FOR NPDES PERMITS FOR CAFOs**

This notice provides information about agricultural operations that have submitted nutrient management plans (NMPs) for approval under 3 Pa.C.S. Chapter 5 and that have or anticipate submitting applications for new, amended or renewed (National Pollutant Discharge Elimination System) NPDES permits, or Notices of Intent (NOIs) for coverage under a general permit, for CAFOs, under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Based upon preliminary reviews, the State Conservation Commission (SCC) or County Conservation Districts (CCD) working under a delegation agreement with the SCC have completed an administrative review of NMPs described. These NMPs are published as proposed plans for comment prior to taking final actions. The NMPs are available for review at the CCD office for the county where the agricultural operation is located. A list of CCD office locations is available at <http://www.nacdnet.org/about/districts/directory/pa.phtml> or can be obtained from the SCC at the office address listed or by calling 717-787-8821.

Individuals wishing to comment on an NMP are invited to submit a statement outlining their comments on the plan to the CCD, with a copy to the SCC for each NMP, within 30-days from the date of this public notice. Comments received within the respective comment periods will be considered in the final determinations regarding the NMPs. Comments should include the name, address and telephone number of the writer and a concise statement to inform the SCC of the exact basis of the comments and the relevant facts upon which they are based. Comments should be sent to the SCC, Agriculture Building, Room 310, 2301 North Cameron Street, Harrisburg, PA 17110.

Individuals in need of accommodations should contact the SCC through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PUBLIC WATER SUPPLY PERMITS

Under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17), the following parties have applied for Public Water Supply (PWS) permits to construct or substantially modify public water systems.

Individuals wishing to comment on permit applications are invited to submit statements to the office listed before the application within 30-days of this public notice. Comments received within this 30-day comment period will be considered in the formulation of the final determinations regarding an application. A comment should include the name, address and telephone number of the writer and a concise statement to inform the Department of Environmental Protection (DEP) the exact basis of a comment and the relevant facts upon which it is based. A public hearing may be held after consideration of comments received during the 30-day public comment period.

Following the comment period, DEP will make a final determination regarding the proposed permit. Notice of this final determination will be published in the *Pennsylvania Bulletin* at which time this determination may be appealed to the Environmental Hearing Board.

The permit application and related documents are on file at the office listed before the application and available for public review. Arrangements for inspection and copying information should be made with the office listed before the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

**UNDER ACT 2, 1995
PREAMBLE 1**

Acknowledgment of Notice(s) of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent (NOI) to Remediate. An acknowledgment of the receipt of a NOI to Remediate is used to identify a site where an individual proposes to, or has been required to, respond to a release of a regulated substance at a site. Individuals intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a NOI to Remediate with DEP. A NOI to Remediate filed with DEP provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. An individual who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by DEP. Furthermore, an individual shall not be subject to citizen suits or other contribution actions brought by responsible individuals not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located, may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified individual, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid

otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

PLAN APPROVALS

Notice of Intent to Issue Plan Approval(s) and Notice of Intent to Issue or Amend Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These Actions May Include the Administrative Amendments of an Associated Operating Permit.

10-00440A: Spencer Geibel Funeral Home & Crematory, Incorporated, 140 New Castle Road, Butler, PA 16601, Butler Township, **Butler County**. Application received: October 24, 2022. The Department of Environmental Protection intends to issue a plan approval to Spencer Geibel Funeral Home & Crematory, Incorporated to provide authorization for the construction and initial operation of a new cremation unit at their funeral home. This facility is located at coordinates Latitude 40° 51' 53.928"; Longitude -79° 54' 53.856". This project would install a new Matthews Environmental Solutions IE43-PPI cremation unit. Potential emissions from the proposed unit are estimated to be (tpy): 0.18 VOC, 2.45 NO_x, 2.05 CO, and 1.63 PM₁₀. This will be a natural minor facility upon completion of the project. Public notice is obligatory for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. The Plan Approval will contain testing, recordkeeping, emission restriction, reporting, and work practice requirements designed to keep the facility operating within all applicable air quality requirements. In accordance with 25 Pa. Code § 127.44(f)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP at (814) 332-6940. In accordance with 25 Pa. Code § 127.44(f)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address and telephone number of the person submitting the comments, identification of the proposed plan approval [10-00440A: Spencer Geibel Funeral Home & Crematory, Inc.] and a concise statement regarding the relevancy of

the information or objections to the issuance of the permit. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the *Pennsylvania Bulletin* or by telephone, where DEP determines such notification is sufficient. In accordance with 25 Pa. Code § 127.45, a person may oppose the proposed plan approval by filing a written protest with the Department's Northwest Region. Written comments or requests for a public hearing should be directed to Eric A. Gustafson, 230 Chestnut St., Meadville, PA 16335, 814-332-6819.

25-01068A: Family Friends Pet Loss Services, LLC, 4526 Sterrettania Road, Erie, PA 16506, City of Erie, **Erie County**. Application received: October 24, 2022. The Department of Environmental Protection intends to issue a plan approval to Family Friends Pet Loss Services, LLC to provide authorization for the construction and initial operation of a new animal cremation unit. This project would install a new U.S. Cremation Equipment Model USB 20 (Sierra 500) 2-chamber crematory. Potential air emissions from the proposed unit are estimated at 1.60 tpy PM, 2.03 tpy NO_x, 1.69 tpy CO, and less than 1 tpy of VOC, SO₂, and HAPs. This will be a natural minor facility upon completion of the project. Public notice is obligatory for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44. The Plan Approval will contain testing, recordkeeping, emission restriction, reporting, and work practice requirements designed to keep the facility operating within all applicable air quality requirements. In accordance with 25 Pa. Code § 127.44(f)(1), all the pertinent documents regarding this application (applications, review memos, and draft approvals) are also available for review from 8:00 a.m. to 4:00 p.m. at the Meadville Regional DEP office (Air Quality). Appointments for scheduling a review must be made by calling the DEP at (814) 332-6940. In accordance with 25 Pa. Code § 127.44(f)(2), a 30-day comment period, from the date of publication, will exist for the submission of comments. Any person(s) wishing to provide DEP with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to Regional Air Quality Program Manager, Pennsylvania Department of Environmental Protection, 230 Chestnut Street, Meadville, PA 16335-3494 and must contain the name, address and telephone number of the person submitting the comments, identification of the proposed plan approval [25-01068A: Family Friends Pet Loss Services, LLC] and a concise statement regarding the relevancy of the information or objections to the issuance of the permit. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. 67-05004V: Pixelle Specialty Solutions, LLC, 228 S. Main St., Spring Grove, PA 17362-1000, Spring Grove Borough, **York County**. Application received: January 23, 2023.

For the installation of a 4.84 MMBtu/hr burner to the # 3 Recovery boiler (ID 037) for the purpose of rerouting ID192 LVHC NCG (low volume, high concentration non-condensable gas) stream from combustion in the # 5 Power Boiler (ID 036) to ID 037. The recovery boiler is designed to capture sulfur compounds in the NCG stream for beneficial reuse at the pulp and paper mill.

The expected emissions increase is calculated to be 0.77 tpy PM, 0.79 tpy SO₂, 26.79 tpy NO_x, 0.17 tpy VOC, and 87.4 tpy CO. The plan approval will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other requirements in the permit, certain units will be subject to CEMS requirements, 40 CFR Subpart MM—National Emission Standards for Hazardous Air Pollutants for Chemical Recovery Combustion Sources at Kraft, Soda, Sulfite, and Stand-Alone Semichemical Pulp Mills, 40 CFR 60 Subpart Db—Standards of Performance for Industrial Steam Generating Units, 40 CFR 63 Subpart S—National Emission Standards for Hazardous Air Pollutants for Pulp and Paper Industry, 40 CFR 60 Subpart BB—Standards of Performance for Kraft Pulp Mills.

DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirements (BAT) of 25 Pa. Code §§ 127.1 and 127.12. Based on these findings, the Department proposes to issue a plan approval for the proposed construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an operating permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

65-00990F: Tenaska PA Partners LLC, 14302 FNB Parkway, Omaha, NE 68154, South Huntingdon Township, **Westmoreland County**. Application received: April 13, 2022. This plan approval will modify certain conditions in existing Plan Approval No. 65-00990C, related to revision of stack test submission time frames and methods, revision of startup definition, revision of duct burner operating limitations, and addition of provisions for combustion tuning. This plan approval will also add the applicable requirements of NSPS from 40 CFR Part 60 Subpart TTTT—Standards of Performance for Greenhouse Gas Emissions for Electric Utility Generating Units. The changes proposed in the plan approval do not affect the previously calculated PTE of the affected units. Actual emissions from the facility in 2021 were 118.85 tons NO_x, 16.22 tons VOC, 49.32 tons PM₁₀, 48.19 tons PM_{2.5}, 14.83 tons SO_x, and 2.99 tons CO. The Plan

Approval includes, or incorporates by reference, emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. The facility is a Title V facility. DEP's review of the information submitted by the applicant indicates that the modification of the air contamination sources will enable the sources to comply with applicable regulatory requirements. Based on this finding, DEP proposes to issue a plan approval for the proposed activity. If DEP determines that the sources are constructed and operated in compliance with the plan approval conditions and the specifications of the application for plan approval, the requirements established in the plan approval may be incorporated into an Operating Permit pursuant to the provisions of 25 Pa. Code Chapter 127. A person may oppose the proposed Plan Approval by filing a written protest with the Department through Sheri Guerrieri via mail to Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval and a concise statement of the objections to the Plan Approval issuance and the relevant facts upon which the objections are based. The application, DEP's Review Memorandum, and the proposed Plan Approval are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> or by contacting Sheri Guerrieri New Source Review Chief, directly. All comments must be received prior to the close of business 30 days after the date of this publication.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

33-00140, Eastern Gas Transmission & Storage, Punxsutawney, 6603 West Broad Street, Richmond, VA 23230-1711, Perry Township, **Jefferson County**. Application received: April 25, 2022. The Department intends to renew a Title V Operating Permit for the natural gas transmission and distribution station. The facility's major emission sources include: Boiler 1 (Ajax Wgfd-5500), Miscellaneous Combustion Units, Compressor Engine 1 (4,200 HP), Compressor Engine 2 (4,200 HP), an Auxiliary Generator (550 HP Caterpillar), Miscellaneous Storage Tanks, Compressor Engine 3 (4,735 HP), a Compressor Turbine, venting/blowdowns, and Facility Pumps, Valves, Flanges, etc. The potential emissions of the primary pollutants from the facility are as follows: PM₁₀ and PM_{2.5}: 11.64 TPY, NO_x: 217.54 TPY, SO_x: 1.67 TPY, CO: 245.26 TPY, VOC: 124.14 TPY, HAPs: 29.66 TPY, and Formaldehyde: 21.50 TPY; thus, the facility is subject to Title V requirements for potential NO_x, CO, VOC, and HAP emissions. During the last five year reporting period, actual emissions have not exceeded 16 tons of NO_x, 9 tons of CO, and 8 tons of VOC; however, Boiler 1 is subject to 40 CFR 63 Subpart DDDDD for industrial,

commercial, and institutional boilers and process heaters located at major sources of HAP. The three compressor engines (1—3) are exempted from 40 CFR Part 63, Subpart ZZZZ. The auxiliary emergency generator is also exempt from Subpart ZZZZ except for the requirements of section 63.6640(f)(2). The turbine is subject to 40 CFR 60 Subpart KKKK, NSPS for Stationary Combustion Turbines, and 40 CFR 63 Subpart YYYYY, NESHAP for Stationary Combustion Turbines. The boiler, compressor engines, auxiliary generator, compressor turbine, line heater, and fugitive sources (pumps, valves, flanges, etc.) are subject to the new presumptive RACT requirements of 25 Pa. Code § 129.112. The renewal permit will contain emission restrictions, recordkeeping, work practices, and additional requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act.

To issue a Title V Operating Permit for their communication facility. The facility has the following 2022 actual air emissions: 2.71 tons CO, 9.34 tons NO_x, 0.34 ton PM₁₀, 0.03 ton SO_x, and 0.58 ton VOC. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions for Federal 40 CFR 60 Subpart IIII—Standards of Performance for Stationary Compression Ignition Internal Combustion Engines; 40 CFR 63 Subpart ZZZZ—National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines; and 40 CFR 63 Subpart JJJJJJ—National Emissions Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources.

OPERATING PERMITS

Notice of Intent to Issue Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter F.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18701-1915, 570-826-2511.

39-00064, CERA MET, LLC, Bethlehem Facility, 2175 Avenue C, Bethlehem, PA 18017, City of Bethlehem, **Lehigh County**. Application received: December 6, 2022. The Department intends to issue a renewal State-Only (Synthetic Minor) Permit for the aluminum foundries facility located in Bethlehem City, Lehigh County. The primary sources at this facility consist of binder mixing tanks, shell room, dewax autoclaves, and melters/holders. The control devices consist of thermal oxidizers and a wet scrubber. The sources are considered minor emission sources of nitrogen oxide (NO_x), sulfur oxides (SO_x), carbon monoxide (CO), total suspended particulate (TSP) and VOC's. The proposed operating permit contains applicable requirements for emission limitations, work practice standards, testing, monitoring, recordkeeping, and reporting standards used to verify facility compliance with Federal and State air pollution regulations.

Contact: Norman Frederick, Facility Permitting Chief, 570-826-2409.

13-00009, Weatherly Casting & Mach Co LLC, P.O. Box 21, Weatherly, PA 18255, Weatherly Borough, **Carbon County**. Application received: March 20, 2023. The Department intends to issue a renewal State-Only Operating Permit for their Gray and Ductile Iron Foundries facility. The proposed operating permit contains all applicable requirements for emission limitations, work practice standards, testing, monitoring, recordkeeping, and reporting standards used to verify facility compliance with Federal and State air pollution regulations.

35-00016, Alleima USA LLC, 982 Griffin Pond Rd, Clarks Summit, PA 18411, Scott Township, **Lackawanna County**. Application received: April 3, 2023. The Department intends to issue a renewal State-Only Operating Permit for their steel pipe and tubes manufacturing facility. The proposed operating permit contains all applicable requirements for emission limitations, work practice standards, testing, monitoring, recordkeeping, and reporting standards used to verify facility compliance with Federal and State air pollution regulations.

40-00115, Shamokin Filler Co Inc., 1550 Crestwood Dr, Mountain Top, PA 18707, Wright Township, **Luzerne County**. Application received: April 5, 2023. The Department intends to issue a renewal State-Only Operating Permit for their petroleum and coal products manufacturing facility. The proposed operating permit contains all applicable requirements for emission limitations, work practice standards, testing, monitoring, recordkeeping, and reporting standards used to verify facility compliance with Federal and State air pollution regulations.

48-00072, Versalift East Inc., 2706 Brodhead Rd, Bethlehem, PA 18020, Bethlehem Township, **Northampton County**. Application received: April 6, 2023. The Department intends to issue a renewal State-Only Operating Permit for their motor vehicles and car bodies manufacturing facility. The proposed operating permit contains all applicable requirements for emission limitations, work practice standards, testing, monitoring, recordkeeping, and reporting standards used to verify facility compliance with Federal and State air pollution regulations.

Application received: June 27, 2022. To issue a State Only Operating Permit Renewal for the hospital operations at the Hershey Medical Center. The actual emissions from the facility as reported for the year 2021 was 23.7 tpy of NO_x, 9.3 tpy of CO, 1.3 tpy of PM₁₀, 2.3 tpy of SO_x, 2.4 tpy of VOC and 0.6 tpy of HAPs. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 40 CFR Part 63, Subpart JJJJJ—National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources, 40 CFR Part 60 Subpart IIII—Standards of Performance for Stationary Compression Ignition Internal Combustion Engines and 40 CFR Part 60 Subpart JJJJ—Standards of Performance for Stationary Spark Ignition Internal Com-

bustion Engines, and 40 CFR 60, Subpart KKKK—Standards of Performance for Stationary Combustion Turbines.

06-03080, F. M. Brown's Sons, Inc., P.O. Box 153, 118 W. Main St., Fleetwood, PA 19522, Fleetwood Borough, **Berks County**. Application received: September 26, 2022. To issue a State Only Operating Permit for the flour mill. The actual emissions from the facility in 2021 year are estimated at 5 tons of particulate matter. The Operating Permit will include emission limits and work practice standards along with monitoring, recordkeeping and reporting requirements to ensure the facility complies with the applicable air quality regulations. Among other items, the conditions include provisions derived from 25 Pa. Code § 123.13.

26-00451, Keystone Land Resources, Inc., 46226 National Road, Saint Clairsville, OH 43950, Luzerne Township, **Fayette County**. Application received: January 17, 2023. In accordance with 25 Pa. Code §§ 127.424 and 127.425, notice is hereby given that the Pennsylvania Department of Environmental Protection (DEP) intend to issue a State Only Operating Permit (SOOP) renewal to Keystone Land Resources, Inc., Alicia Dock to authorize the operation of their coal transfer facility at Alicia Dock, located in Luzerne Township, Fayette County. The pertinent emission sources at this facility are barge unloading, coal conveying, conveyor transfer building, loading-to-storage piles, storage pile wind erosion, and storage pile activity utilizing bulldozers. The total facility throughput at peak production is 12,500,000 tons per year. Annual potential emissions from the facility are estimated to be 11.00 tons of PM₁₀. The proposed SOOP contains emission restriction, testing, monitoring, recordkeeping, reporting and work practice standards derived from the applicable requirements of 25 Pa. Code Article III, Chapters 121—145. A person may oppose the proposed State Only Operating Permit by filing a written protest with the Department through Noor Nahar via mail to Pennsylvania Department of Environmental Protection, 400 Waterfront Drive, Pittsburgh, PA 15222. Each protest or set of written comments must contain the name, address and telephone number of the person submitting the comments, identification of the proposed State Only Operating Permit (26-00451) and a concise statement of the objections to the Operating Permit issuance and the relevant facts upon which the objections are based. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> or by contacting Tom Joseph, Facilities Permitting Chief, directly. All comments must be received prior to the close of business 30 days after the date of this publication.

COAL & NONCOAL MINING ACTIVITY APPLICATIONS

Applications under the Surface Mining Conservation and Reclamation Act (52 P.S. §§ 1396.1—1396.31); the Noncoal Surface Mining Conservation and Reclamation Act (52 P.S. §§ 3301—3326); the Clean Streams Law (35 P.S. §§ 691.1—691.1001); the Coal Refuse Disposal

Control Act (52 P.S. §§ 30.51—30.66); the Bituminous Mine Subsidence and Land Conservation Act (52 P.S. §§ 1406.1—1406.21).

Mining activity permits issued in response to such applications are also subject to applicable permitting requirements of the following statutes: the Air Pollution Control Act (35 P.S. §§ 4001—4015); the Dam Safety and Encroachments Act (32 P.S. §§ 693.1—693.27); and the Solid Waste Management Act (35 P.S. §§ 6018.101—6018.1003).

The following permit applications to conduct mining activities have been received by the Department of Environmental Protection (DEP). A copy of the application is available for inspection at the District Mining Office indicated above each application. Requests for 401 Water Quality Certifications are included in individual application only if noted.

Written comments or objections, or requests for an informal conference, or a public hearing, as applicable, on a mining permit application may be submitted by any person or any officer or head of any Federal, State or Local Government Agency or Authority to DEP at the address of the District Mining Office indicated above each application within 30-days of this publication, or within 30-days after the last publication of the applicant's newspaper advertisement, as provided by 25 Pa. Code §§ 77.121—77.123 and 86.31—86.34 (relating to public notices of filing of permit applications, opportunity for comment, and informal conferences). Such comments or

objections should contain the name, address and phone number of persons submitting comments or objections; application number; and a statement of sufficient detail to inform DEP on the basis of comment or objection and relevant facts upon which it is based.

In addition, requests for an informal conference, or a public hearing, as applicable, on a mining permit application, as provided by 25 Pa. Code § 77.123 (relating to public hearing-informal conferences) or § 86.34 (relating to informal conferences), must also contain a brief summary of the issues to be raised by the requestor at the conference and a statement whether the requestor desires to have the conference conducted in the locality of the proposed mining activities.

Where a National Pollutant Discharge Elimination System (NPDES) number is listed, the mining activity permit application is associated with an application for an NPDES permit. A separate notice will be provided for the draft NPDES permit.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Coal Applications

Effluent Limits—The following range of effluent limits (Table 1) will apply to NPDES permits issued in conjunction with the associated coal mining activity permit. Additional effluent limits will be listed as part of the publication of the draft NPDES permit.

Table 1

Parameter	30-Day Average	Daily Maximum	Instantaneous Maximum
Iron (total)	1.5 to 3.0 mg/l	3.0 to 6.0 mg/l	3.5 to 7.0 mg/l
Manganese (total)	1.0 to 2.0 mg/l	2.0 to 4.0 mg/l	2.5 to 5.0 mg/l
Suspended solids	10 to 35 mg/l	20 to 70 mg/l	25 to 90 mg/l
Aluminum (Total)	0.75 to 2.0 mg/l	1.5 to 4.0 mg/l	2.0 to 5.0 mg/l

pH must always be greater than 6.0; less than 9.0.

Alkalinity must always be greater than acidity.

MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

Effluent Limits for Coal Mining Activities

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Effluent Limits for Noncoal Mining Activities

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

Unless otherwise noted, the proposed effluent limits for all outfalls in this permit are the BAT limits described previously for coal mining activities.

The proposed effluent limits for Outfall 002 discharging to Allegheny River are:

The following effluent limitations and monitoring requirements apply to the subject outfall from Permit Effective Date to Permit Expiration Date:

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (DEP). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), as well as relevant state requirements. Individuals objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water

Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30-days of the date of this notice, as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The DEP may schedule a fact-finding hearing or an informal conference in response to comments if deemed necessary. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8:00 a.m. and 4:00 p.m. on each working day at the office noted above the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

ship, **Monroe County**. U.S. Army Corps of Engineers Philadelphia District. Application received: April 12, 2023.

To remove the existing structure and to construct and maintain a 27.17-foot wide single-span concrete encased, steel I-beam bridge across Lake Creek (HQ-CWF, MF) having a 25.00-foot span and a 7.10-foot underclearance. Fill will be placed within the floodway for the new roadway approaches, also resulting in a 169.00-foot permanent wetland impact. The project is located in Hamilton Township, Monroe County, PA Quadrangle Latitude: 40° 55' 09"; Longitude: -75° 18' 18". (Saylorsburg, PA Quadrangle.)

E400223-009. 901 Sathers LLC, Inc., 3 Empire Blvd., South Hackensack, NJ 07606, Pittston Township, **Luzerne County**. U.S. Army Corps of Engineers Baltimore District. Application received: April 24, 2023.

To construct and maintain the following water obstructions and encroachments associated with the 901 Sathers Warehouse addition and parking lot expansion: 1. To relocate approximately 927 linear feet of a UNT to Collins Creek (CWF, MF). The work consists of creating approximately 1,122 linear feet of a new watercourse channel. 2. A 36-inch diameter corrugated HDPE stormwater pipe crossing 8 linear foot of a UNT to Collins Creek (CWF, MF). 3. To construct and maintain a roadway crossing of a UNT to Collins Creek (CWF, MF) consisting of a 52-foot long, 4-foot diameter corrugated HPDE culvert depressed 6-inches below the existing streambed elevation with upstream and downstream wingwalls. 4. To construct and maintain a stormwater outfall impacting a 27-linear foot stretch of a UNT to Collins Creek (CWF, MF) and the floodway consisting of a stormwater 30" diameter corrugated HDPE outfall pipe, headwall and riprap apron. The project is located on the right of Sathers Drive approximately 0.8 mile from the intersection with Commerce Road (Avoca, PA Quadrangle Latitude: 41° 18' 43"; Longitude: -75° 43' 22") in Pittston Township, Luzerne County.

ington County. U.S. Army Corps of Engineers Pittsburgh District. Application received: May 3, 2023.

This project proposes to remediate a highwall adjacent to the Baby Bear Well Pad to a 2:1 slope and reinstall well pad drains at the well pad site located off of Carlton Drive in Somerset Township, Washington County, PA. The site consists of an access road, well pad and two wet ponds that treat stormwater runoff. Since the construction of the original Baby Bear Well Site a small palustrine emergent wetland (PEM), identified as Wetland 1, has developed on-site. Wetland 1 developed as a result of the construction of the Baby Bear well pad. Seeps from the adjacent highwall and a favorable geographic position at the toe of the highwall slope allow for water to pool at this location. Additionally, well pad drains that facilitate pad drainage have malfunctioned and no longer redirect flow away from the pad area, resulting in the development of Wetland 1. The remediation of the highwall and reestablishment of pad drains will result in the elimination of Wetland 1. This permit will result in permanent fill of one (1) PEM wetland for a total of 0.197 acre of direct and permanent wetland impacts. In order for necessary activities to occur, the owner is applying for an ESCGP-3 permit to authorize disturbances associated with said activities. Latitude: 40.8.53°, Longitude: -80.1.17°.

The applicant proposes to restore an unnamed tributary to Valley Creek (CWF/MF), by removing approximately 19,792 cubic yards of legacy sediment and other historic fills from the floodplain. The length of channel being temporarily impacted during construction is approximately 1,135 linear feet, and the total area being temporarily impacted during construction and within the limits of disturbance is approximately 11.82 acres. The project proposes to restore approximately 1.97 acres of integrated wetland, stream and floodplain areas. Additional restoration activities proposed include: to place rock stream and valley grade control structures; to place log sills, woody debris, and other aquatic habitat structures within the restoration areas; to construct temporary stream crossings, rock construction entrances, and other erosion controls during restoration activities. Additional features of the overall restoration plan include the installation of three outfalls. The restoration project is located along an unnamed tributary of Valley Creek, crossing through the Keva Flats apartment community, near the intersection of PA Route 30 and PA Route 100 in Exton, PA Latitude: 40.027821°, Longitude: -75.637053°.

The applicant proposes to restore an unnamed tributary to Santo Domingo Creek (WWF), by removing approximately 21,670 cubic yards of legacy sediment and other historic fills from the floodplain. The length of

channel being temporarily impacted during construction is approximately 2,350 linear feet, and the total area being temporarily impacted during construction and within the limits of disturbance is approximately 12 acres. The project proposes to restore approximately 3.35 acres of integrated wetland, stream and floodplain areas. Additional restoration activities proposed include: to place rock stream and valley grade control structures; to place log sills, woody debris, and other aquatic habitat

structures within the restoration areas; to construct temporary stream crossings, rock construction entrances, and other erosion controls during restoration activities. The restoration project is located along Santo Domingo Creek, beginning at the existing Studio Drive culvert, continuing through the Route 501 crossing, and ending at the Dean Saylor Park site at North East of the intersection of Fort Loudon Rd and Mercersburg Rd, Mercersburg, PA Latitude: 40.168612°, Longitude: -76.310358°.

ACTIONS

THE PENNSYLVANIA CLEAN STREAMS LAW AND THE FEDERAL CLEAN WATER ACT

FINAL ACTIONS TAKEN FOR NPDES PERMITS AND WQM PERMITS

The Department of Environmental Protection (DEP) has taken the following actions on previously received applications for new, amended, and renewed National Pollutant Discharge Elimination System (NPDES) and Water Quality Management (WQM) permits, applications for permit waivers, and Notice of Intent (NOIs) for coverage under General Permits, as listed in the following tables. This notice of final action is published in accordance with 25 Pa. Code Chapters 91, 92a, and 102 and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). The official file for each listed action can be reviewed at the DEP or delegated County Conservation District (CCD) office identified in the table for the action. DEP/CCD office contact information is listed as follows for Section I and is contained within the table for Section II. Additional information for permits issued under 25 Pa. Code Chapters 91 and 92a and Individual permits under 25 Pa. Code Chapter 102, including links to Individual Chapter 92a NPDES and WQM Permits, may be reviewed by generating the “Final Actions Report” on DEP’s website at www.dep.pa.gov/CWPublicNotice.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act (35 P.S. § 7514) and 2 Pa.C.S. §§ 501—508 and 701—704 (relating to Administrative Agency Law).

The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board’s rules of practice and procedure may be obtained from the Board. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law. For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board. Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. The appeal form and the Board’s rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. Important legal rights are at stake, however, so individuals should contact a lawyer at once.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

For actions taken on applications for pipelines that are regulated by the Federal Energy Regulatory Commission (FERC).

Any person aggrieved by this action may challenge it in an appropriate legal forum. The State and Federal courts are currently split on whether the proper forum to challenge a Department permit, authorization or approval for a facility or activity subject to the Federal Natural Gas Act, 15 U.S.C.A. §§ 717 et seq., is the United States Court of Appeals for the Third Circuit or the Pennsylvania Environmental Hearing Board. STATE CONSERVATION COMMISSION

NUTRIENT MANAGEMENT PLANS RELATED TO APPLICATIONS FOR NPDES PERMITS FOR CAFOs

The State Conservation Commission has taken the following actions on previously received applications for nutrient management plans under 3 Pa.C.S. Chapter 5, for agricultural operations that have or anticipate submitting applications for new, amended or renewed NPDES permits or NOIs for coverage under a general permit for CAFOs under 25 Pa. Code Chapter 92a. This notice is provided in accordance with 25 Pa. Code Chapter 92a and 40 CFR Part 122, implementing The Clean Streams Law and the Federal Clean Water Act.

Persons aggrieved by an action may appeal under 3 Pa.C.S. § 517, section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704 to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary of the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decision law.

For individuals who wish to challenge actions, appeals must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this notice to a lawyer at once. Persons who cannot afford a lawyer may qualify for pro bono representation. Call the Secretary of the Board at 717-787-3483 for more information.

PUBLIC WATER SUPPLY PERMITS

The Department has taken the following actions on applications received under the Pennsylvania Safe Drinking Water Act (35 P.S. §§ 721.1—721.17) for the construction, substantial modification or operation of a public water system.

Persons aggrieved by an action may appeal that action to the Environmental Hearing Board (Board) under section 4 of the Environmental Hearing Board Act and 2 Pa.C.S. §§ 501—508 and 701—704. The appeal should be sent to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Board within 30-days of publication of this notice in the *Pennsylvania Bulletin* unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create a right of appeal beyond that permitted by applicable statutes and decisional law.

For individuals who wish to challenge an action, the appeal must reach the Board within 30-days. A lawyer is not needed to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so individuals should show this document to a lawyer at once. Persons who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information.

Plan Description:

Kenneth Rhodes Property, A3-31921-064-3s. Approval of a revision to the official plan of Lincoln Township, **Huntingdon County**. The project is known as Kenneth Rhodes Property SFTF. The plan provides for the installation of a small flow treatment facility to serve a single-family dwelling with a discharge on the property into a tributary to the Raystown Branch of the Juniata River, to replace a failing on-lot sewage disposal system for a single-family dwelling on a 2.09-acre lot. The property is located at 3066 Fouses Crossing Road. The Department's review of the plan revision has not identified any significant impacts resulting from this proposal. The DEP Code Number for this planning module is A3-31921-064-3s and the APS ID is 1079015. Any permits must be obtained in the name of the property owner.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995 PREAMBLE 2

The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from

the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

LLC, 500 Corporate Landing, Charleston, WV 25311, submitted a Final Report concerning remediation of soil contaminated with aluminum, arsenic, barium, boron, bromide, chloride, iron, lead, lithium, manganese, selenium, strontium, vanadium, and zinc. The Final Report is intended to document remediation of the site to meet the Statewide health and background standards.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995
PREAMBLE 3

The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

48-00027D: Bethlehem Landfill Company, 2335 Applebutter Road, Bethlehem, PA 18015, Lower Saucon Township, **Northampton County**. For an increase in the landfill volumetric design capacity of approximately 2,304,900 yd³ (CY) of additional net volumetric MSW disposal capacity. The proposed expansion is comprised of both a horizontal/lateral expansion and a vertical expansion on existing disposal areas. The expansion area will utilize the existing landfill gas collection system, which is one (1) landfill gas flare currently installed at their

facility. This change does not represent an increase in allowable tonnage per day and no other current emission limits in the facility Title V permit will change as a result of this modification. Emissions will be minimized through the use of daily, intermediate, and final cover systems. The existing LFG collection and control system will be progressively expanded into the new waste disposal area per PADEP BAT requirements and applicable permit requirements to capture LFG. Application received: August 10, 2022. Issued: April 17, 2023.

FEDERAL WATER POLLUTION CONTROL ACT SECTION 401

The Department of Environmental Protection (DEP) has taken the following actions on previously received permit applications, requests for Environmental Assessment approval, and requests for Water Quality Certification under Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341).

Except as otherwise noted, DEP has granted 401 Water Quality Certification certifying that the construction and operation described will comply with the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), and that the construction will not violate applicable Federal and State Water Quality Standards.

Individuals aggrieved by these actions may appeal, pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. § 7514, and the Administrative Agency Law, 2 Pa.C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, 717-787-3483. Appeals must be filed with the Environmental Hearing Board within 30-days of publication of this notice in the *Pennsylvania Bulletin*, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

If you want to challenge this action, your appeal must reach the Board within 30-days. You do not need a lawyer to file an appeal with the Board.

Individuals in need of accommodations should contact the Environmental Hearing Board through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

Important legal rights are at stake, however, so you should show this notice to a lawyer at once. If you cannot afford a lawyer, you may qualify for free pro bono representation. Call the Secretary to the Board 717-787-3483 for more information.

E6305222-005. Menard, Inc., Berry Rd, Washington, PA 15301, South Strabane Township, **Washington County**. U.S. Army Corps of Engineers Pittsburgh District.

The applicant was given consent to: 1. Place and maintain fill in 0.03-acre of PEM wetland (W001); 2. Place and maintain fill in 0.03-acre of PEM wetland (W002); 3. Place and maintain fill in 0.15-acre of PEM, 0.32-acre of PSS, and 0.22-acre of PEM/PSS wetland (W003); 4. Place and maintain fill in 0.01-acre of PEM wetland (W004); 5. Place and maintain fill in 0.01-acre of PEM wetland (W006), with 0.01-acre of the remaining

wetland being indirectly impacted by the fill; 6. Construct, operate, and maintain a stream enclosure within an Unnamed Tributary (UNT) of Chartiers Creek (WWF; R002), consisting of 213 LF of 60-inch CMP, which has a drainage area of less than 100-acres, and its associated floodway; 7. Place and maintain fill within 580 linear feet within a UNT to the aforementioned UNT to Chartiers Creek (WWF; R001) and its associated floodway; 8. Temporarily disturb 5 lf and 0.120 acre of floodway during construction of the stream enclosure referenced in (6) for an Unnamed Tributary (UNT) of Chartiers Creek (WWF; R002), For the purpose of constructing a 209,000 square-foot commercial building, outdoor lumber yard, parking area, and stormwater management facilities. Cumulatively, the project will permanently impact 0.78-acre of wetlands, 0.67-acre of floodway, and 793 linear feet of watercourse. Mitigation will be completed for 0.78-acre of wetlands and 793 linear feet of stream through the purchase of 0.78 wetland credits from the Robinson Fork Mitigation Bank—Phase II and 793.0 stream credits from the Robinson Fork Mitigation Bank—Phase I mitigation bank within the Ohio River Sub-basin 20. The project site is located along Berry Rd, approximately 2,000 feet south of its intersection with Manifold Road (Washington East, PA USGS topographic quadrangle; N: 40°, 11', 36"; W: -80°, 13', 21"; Sub-basin 20F; USACE Pittsburgh District), in South Strabane Township, Washington County. E1105222-001. Cambria County Commissioners, 200 South Center Street, Ebensburg, PA 15931, Blacklick Township, **Cambria County.** U.S. Army Corps of Engineers Pittsburgh District.

The applicant has been given consent to: 1. Construct and maintain a 100.91' long by 98.5' wide, two lane, single span, prestressed concrete PA bulb tee beam bridge and abutments, with a minimum underclearance of 10.26', across the North Branch Blacklick Creek (CWF), along with associated fill in the floodway of North Branch Blacklick Creek and Carney Run (CWF), for the purpose of replacing a previous structure that was removed under an emergency permit (DEP File No. EP1105221-002) due to severe deterioration. The new bridge will be constructed approximately 25' upstream of the structure that was previously removed. Additional activities include minor approach roadway and drainage work and stream bank stabilization. 2. Remove the existing, dual 24"/15" corrugated metal pipe culverts that convey an unnamed tributary (UNT) to North Branch Blacklick Creek (CWF) and to construct and maintain a replacement 30" pipe, within a watercourse that has a contributory drainage area that is less than 100 acres, as part of the aforementioned approach roadway and drainage work. Impacts to North Branch Blacklick Creek are 0.617 acre of permanent stream impacts, 1.260 acres of permanent floodway impacts, 0.672 acre of temporary stream impacts, and 1.372 acres of temporary floodway impacts. Impacts to Carney Run are 0.003 acre permanent stream impacts and 0.030 acre of temporary stream impacts. Impacts to UNT to North Branch Blacklick Creek are 0.003 acre of permanent stream impacts, 0.080 acre of permanent floodway impacts, 0.014 acre of temporary stream impacts, and 0.129 acre of temporary floodway impacts. The project site is located along and over North Branch of Blacklick Creek, on Red Mill Road (T459), approximately 1,230 feet southeast of the intersection of Duncan Road and Red Mill Road (Strongstown, PA USGS topographic quadrangle; N: -40° 30' 56.83"; W: -78° 54' 11.38"; Sub-basin 18D; USACE Pittsburgh District), in Blacklick

CORRECTIVE ACTION UNDER ACT 32, 1989

PREAMBLE 2

**The Following Plan(s) and Report(s) Were Submit-
 ted Under the Storage Tank and Spill Prevention
 Act (35 P.S. §§ 6021.101—6021.2104).**

Provisions of 25 Pa. Code Chapter 245, Subchapter D, Administration of the Storage Tank and Spill Prevention Program, require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A remedial action plan is submitted to summarize the site characterization, document the design and construction details for the remedial action, and describe how the remedial action will attain the selected remediation standard. The remedial action plan also provides results of studies performed and data collected to support the remedial action and a description of postremediation care requirements. A remedial action completion report is submitted to document cleanup of a release of a regulated substance at a site to the selected remediation standard. A remedial action completion report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the

environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Application Period for Municipal Recycling Program Performance Grant Applications under Act 101, Section 904 of the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988; Calendar Year 2022

The Department of Environmental Protection (Department) announces a request for applications from municipalities for recycling performance grant assistance for recycling programs under section 904 of the Municipal Waste Planning, Recycling and Waste Reduction Act of 1988 (Act 101) (53 P.S. § 4000.904). Municipalities include counties, cities, boroughs, incorporated towns, townships, home rule municipalities, their authorities, councils of governments, consortiums or similar entities established by two or more municipalities under 53 Pa.C.S. Chapter 23 Subchapter A (relating to intergovernmental cooperation). This application period is for eligible materials recycled and marketed in calendar year 2022.

Municipal Recycling Program Performance Grant (Performance Grant) funds will be awarded to municipalities based upon the weight of source-separated recyclable materials identified in section 1501(c)(1)(i) of Act 101 (53 P.S. § 4000.1501(c)(1)(i)) recovered by municipal recycling programs and the population of the municipality as determined by the most recent decennial census. Due to funding available for the Recycling Performance Grant program for calendar year 2022, the funding formula will remain the same as last year.

For residential tonnage, municipalities that market some or all of their own material are not subject to the 20% residue deduction for those materials. Marketed means that the materials were sold to a manufacturer for the purposes of converting the recyclables into new product. Compensation/rebates from a collector or processor do not count as the marketing of materials.

Materials that go to a second-hand processor are subject to the 20% residue deduction—weight receipts from that entity cannot be considered as market receipts for the municipality (the processor cannot prorate marketed materials to one or more municipalities).

For commercial tonnage, materials that go directly from the generator to a market can be exempt from the 20% rate. Documentation must include a statement from the

commercial entity or home office of the commercial entity that the materials are directly marketed without further processing. Commercial materials that are sorted/processed after leaving the generator are subject to the 20% residue rate.

If an application is claiming an overall residue rate of less than 20%, it must describe why and supply supporting documentation to justify the claim.

Multi-municipal applications under the Act 101, Section 904 Recycling Performance Grant Program will only be accepted by the Department from the following:

A. Council of governments, consortiums or other similar entities established by two or more municipalities under 53 Pa.C.S. Chapter 23 Subchapter A.

B. Two or more municipalities where the collection of recyclables has been accomplished either through a joint bid for services or a joint municipally-operated collection system (curbside or drop-off) accompanied by a joint recycling education program.

An application submitted jointly to the Department by two or more municipalities that does not meet one of the previously listed criteria will be held until the participating municipalities supply individual applications. Submittals from county governments are not considered multi-municipal applications and are therefore not subject to these criteria.

Applicants who have failed to comply with the conditions set forth in previously awarded grants, the recycling program performance requirements contained in the act of November 9, 2006 (P.L. 1347, No. 140), the grant requirements of Act 101 or the regulations of Act 101 may not be awarded funds under this grant program. Applicants must ensure that they are in compliance with 25 Pa. Code § 272.314(b)(2) (relating to limits on Department's authority to award grants), regarding the submittal of the annual recycling report.

Eligible materials include post-consumer: clear glass; colored glass; aluminum cans; steel and bimetallic cans; high-grade office paper; newsprint; corrugated paper; other marketable grades of paper; and plastics. Grants will be awarded only for properly documented, eligible materials that were actually marketed on or after January 1, 2022, to and including December 31, 2022. Applicants should only claim those tonnages for which they have documentation at the time they complete their application. Residues, materials not listed as eligible or materials that cannot be documented as being generated

within the municipality or marketed or recycled into new products or uses are not eligible for consideration toward the grant. In particular, recovered glass that is being stockpiled or used as daily cover at a landfill will not be considered as recycled. Applicants must be able to document the amount of residue attributable to their recycling program.

Documentation to support all claims that eligible recyclable materials were generated within the municipality and marketed must be made available for auditing by the Department, the Office of the Auditor General, the Office of the Treasurer or agents of those offices for 4 years. The Department will not require applicants to retain hauler customer lists; however, the lists may be required to be examined in the event of an audit. It will be the applicant's responsibility to arrange for hauler customer lists to be provided, or for haulers to be present with their customer lists, during a grant audit.

Supporting documentation is not required to be submitted with the application. Tonnages not properly documented at the time of an audit will not be credited toward the applicant's Performance Grant award. Additional/supplemental documentation will not be accepted after the audit is completed. Failure to submit a complete and accurate application may result in a denial of the application.

Grant applications must be submitted through the Department of Community and Economic Development's (DCED) Electronic Single Application web site, eGrants, at www.esa.dced.state.pa.us. Applications must be received by December 31, 2023, at 11:59 p.m., to be eligible for funding. Applications will not be accepted after the deadline. Grant awards are predicated on the receipt of recycling fees required by sections 701 and 702 of Act 101 (53 P.S. §§ 4000.701 and 4000.702) and the availability of moneys in the Recycling Fund.

Language Access

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Draft National Pollutant Discharge Elimination System General Permit for Discharges from Petroleum Product Contaminated Groundwater Remediation Systems (PAG-05)

The Department of Environmental Protection (Department) is announcing the availability of a draft National Pollutant Discharge Elimination System (NPDES) General Permit for Discharges from Petroleum Product Contaminated Groundwater Remediation Systems (PAG-05). The draft General Permit and related documents are available online in the Department's eLibrary at www.depgreenport.state.pa.us/elibrary/ (select "Permit and Authorization Packages," then "Clean Water," then "Draft—PAG-05 NPDES General Permit for Discharges from Petroleum Product Contaminated Groundwater Remediation Systems").

The PAG-05 General Permit is intended to provide NPDES permit coverage to existing and proposed petroleum product contaminated groundwater remediation systems for the remediation of groundwater contaminated with gasoline or other petroleum products where eligibility requirements of the General Permit are met. The General Permit may not be used to cover other types of facilities with discharges resulting from treatment of groundwater contaminated with chlorinated solvents or other pollutants that are not associated with gasoline or other petroleum products.

The following changes are proposed for the PAG-05 General Permit and related documents:

- Existing permittees will be required to submit a renewal Notice of Intent (NOI) to continue coverage under the General Permit; the Annual Report will no longer be used to renew coverage.
- Beginning in 2025, the due date of the Annual Report and the annual installment payment of the NOI fee will be the anniversary of the expiration date of the General Permit each year. For existing permittees, the due date for the annual installment of the NOI fee in 2024 and the Annual Report covering January 1, 2023—December 31, 2023, will be January 28, 2024.
- The annual installment of the NOI fee for non-exempt facilities must be paid unless the Department approves the permittee's Notice of Termination before the NOI fee annual installment due date.

Other proposed changes are described in the draft fact sheet for the PAG-05 General Permit.

Written Comments: Interested persons are invited to submit written comments regarding the draft PAG-05 General Permit and associated documents through Tuesday, June 20, 2023. Commentators are encouraged to submit comments using the Department's online eComment system at www.ahs.dep.pa.gov/eComment. Written comments can also be submitted by e-mail to ecomment@pa.gov or by mail to the Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063. Comments, including comments submitted by e-mail, must include the commentator's name and address. Comments submitted by facsimile will not be accepted.

Written comments submitted during the 30-day comment period will be retained by the Department and

considered in finalizing the General Permit. The Department will provide an opportunity for any interested person or group of persons, any affected state, any affected interstate agency, the United States Environmental Protection Agency or any interested agency to request or petition for a public hearing with respect to the proposed General Permit. The request or petition for public hearing, which must be filed within the 30-day period allowed for filing of written comments, must indicate the interest of the party filing the request and the reasons why a hearing is warranted. A hearing will be held if there is significant public interest.

Draft National Pollutant Discharge Elimination System General Permit for Point Source Discharges from the Application of Pesticides (PAG-15)

The Department of Environmental Protection (Department) is announcing the availability of a draft National Pollutant Discharge Elimination System (NPDES) General Permit for Point Source Discharges from the Application of Pesticides (PAG-15). The draft General Permit and related documents are available online in the Department’s eLibrary at www.depgreenport.state.pa.us/elibrary/ (select “Permit and Authorization Packages,” then “Clean Water,” then “Draft—PAG-15 NPDES General Permit for Point Source Discharges from the Application of Pesticides”).

The PAG-15 General Permit is intended to provide NPDES permit coverage to persons applying pesticides that result in discharges to surface waters of this Commonwealth where applicants meet the eligibility requirements of the PAG-15 General Permit.

The following changes are proposed for the PAG-15 General Permit and related documents:

- Required submission of a renewal Notice of Intent (NOI) for existing permittees to continue coverage under the General Permit.
- Beginning in 2025, the due date of the Annual Report and the annual installment payment of the NOI fee will be due by the anniversary of the expiration date

of the General Permit each year. For existing permittees, the due date for the annual installment of the NOI fee in 2024 and the Annual Report covering January 1, 2023—December 31, 2023, will be March 1, 2024.

- Permittees must submit an amendment NOI with a \$500 fee for changes in pesticides or treatment areas. The amendment NOI will be separate from the Annual Report.
- The annual installment of the NOI fee for non-exempt facilities must be paid unless the Department approves the permittee’s Notice of Termination (3800-PM-BCW0410) before the due date.
- Decision makers who discharge pesticides within the use patterns of this General Permit, but will not meet or exceed an annual threshold amount, will now have coverage under this General Permit without the submission of an NOI.

Other changes are described in the draft fact sheet for the PAG-15 General Permit.

Written Comments: Interested persons are invited to submit written comments regarding the draft PAG-15 General Permit and associated documents through Tuesday, June 20, 2023. Commentators are encouraged to submit comments using the Department’s online eComment system at www.ahs.dep.pa.gov/eComment. Written comments can be submitted by e-mail to ecomment@pa.gov or by mail to the Department of Environmental Protection, Policy Office, Rachel Carson State Office Building, P.O. Box 2063, Harrisburg, PA 17105-2063. Comments, including comments submitted by e-mail, must include the commentator’s name and address. Comments submitted by facsimile will not be accepted.

Written comments submitted during the 30-day comment period will be retained by the Department and considered in finalizing the General Permit. The Department will provide an opportunity for any interested person or group of persons, any affected state, any affected interstate agency, the United States Environmental Protection Agency or any interested agency to request or petition for a public hearing with respect to the proposed General Permit. The request or petition for public hearing, which must be filed within the 30-day period allowed for filing of written comments, must indicate the interest of the party filing the request and the reasons why a hearing is warranted. DEPARTMENT OF TRANSPORTATION

Findings

Under section 2002 of The Administrative Code of 1929 (71 P.S. § 512) establishing the Department of Transportation (Department), the Director of the Bureau of Design and Delivery, as delegated by the Secretary of Transportation, makes the following written findings:

The Department is planning the following listed projects. Environmental and Section 4(f) Documentation have been developed for the following identified projects to evaluate the potential environmental impacts caused by these projects. The Section 4(f) documents also serve as the Section 2002 Evaluation. The approved documents are available in the CE/EA Expert System at <http://www.dotdom2.state.pa.us/ceea/ceeamain.nsf>. The environmental, economic, social and other effects of the proposed projects have been considered. Based upon studies, there is no feasible and prudent alternative to the use of the Section 2002 resources for the proposed projects identified and all reasonable steps have been taken to minimize the effects.

- **SR 4009, Section A01—Menno Township, Mifflin County.**

Project Description: The project is the replacement of the existing bridge that carries SR 4009 (Waynesburg Road) over an unnamed tributary (UNT) to Kishacoquillas Creek.

Environmental Documents: ED Bridge and Roadway Programmatic Agreement (BRPA) Evaluation approved on January 13, 2023, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on January 12, 2023.

Proposed Use of Section 4(f)/2002 Resource: Approximately 0.04-acre of right-of-way (ROW) will be required from the Graybill Farm and approximately 0.08-acre of ROW will be required from the Yoder Farm, which are assumed to be contributing elements to the potentially eligible agricultural historic district.

- **SR 0044, Section 064—Jersey Shore Borough, Lycoming County.**

Project Description: The project is the replacement of the existing structure that carries SR 0044 over a UNT to West Branch of the Susquehanna River.

Environmental Documents: ED BRPA Reevaluation approved on March 1, 2023, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on September 16, 2022.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.092-acre of ROW will be required from the Jersey Shore Historic District, which was determined to be eligible for listing on the National Register of Historic Places (NRHP).

• **SR 0087, Section 130—Hills Grove Township, Sullivan County.**

Project Description: The project is the rehabilitation of the existing bridge that carries SR 0087 over Ogdonia Creek.

Environmental Documents: Categorical Exclusion (CE) BRPA Evaluation approved on March 9, 2023, and Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on March 7, 2023.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.16-acre of ROW will be required from Camp Lycogis, which was determined to be eligible for listing on the NRHP.

• **SR 0287, Section 158—Morris Township, Tioga County.**

Project Description: The project is a slide repair and involves placing rock protection between Wilson Creek and SR 0287.

Environmental Documents: CE 1a Reevaluation approved on January 10, 2023, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on January 10, 2023.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.25-acre of ROW will be required from the 161,890-acre Tioga State Forest, which qualifies as a Section 4(f)/2002 resource.

• **SR 0011, Section 357—Hunlock Township, Luzerne County.**

Project Description: The project is the superstructure replacement of the existing bridge that carries SR 0011 over Hunlock Creek.

Environmental Documents: CE BRPA Evaluation approved on March 22, 2023, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on May 16, 2022.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.11-acre of ROW will be required from the Delaware, Lackawanna and Western Railroad, which was determined to be eligible for listing on the NRHP.

• **SR 4041, Section 651—Preston Township, Wayne County.**

Project Description: The project is the superstructure replacement of the existing bridge that carries Rock Lake Drive (SR 4041) over Equinunk Creek.

Environmental Documents: CE 2 Evaluation approved on March 9, 2023, and a Nationwide/Programmatic Section 4(f) Evaluation for Projects that Necessitate the Use of Historic Bridges approved on February 1, 2023.

Proposed Use of Section 4(f)/2002 Resources: The existing Rock Lake Drive Bridge was determined to be eligible for listing on the NRHP.

• **SR 2049, Section BLW—Middletown Township, Bucks County.**

Project Description: The project is the improvement of Langhorne-Yardley Road (SR 2049) between Bridgetown Pike (SR 2010) and Woodbourne Road (SR 2033).

Environmental Documents: CE 2 Reevaluation approved on February 3, 2023, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Public Parks, Recreation Areas, Wildlife and/or Waterfowl Refuges, State Forest Land and State Game Land approved on March 30, 2020.

Proposed Use of Section 4(f)/2002 Resources: Approximately 2.91-acre of ROW will be required from the 1,185-acre Core Creek Park, which qualifies as a Section 4(f)/2002 resource.

• **SR 1023, Section CB6—East Pikeland Township, Chester County.**

Project Description: The project is the replacement of the existing bridge that carries Merlin Road Bridge (SR 1023) over Pigeon Run.

Environmental Documents: ED BRPA Reevaluation approved on January 12, 2023, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on March 9, 2021.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.004-acre of ROW will be required from the Middle Pickering Rural Historic District, which was determined to be eligible for listing on the NRHP.

• **SR 0000, Section BCP—Whitemarsh Township and Plymouth Township, Montgomery County.**

Project Description: The project is reconstruction of Ridge Pike (County owned) from Harmon Road (just west of Butler Pike) to Crescent Avenue.

Environmental Documents: CE 1b Evaluation approved on February 8, 2023, and two Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on October 26, 2022.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.007-acre of ROW will be required from the Bellfield property, which was determined to be eligible for listing on the NRHP. Approximately 0.008-acre of ROW will be required from the Plymouth Meeting Historic District, which is listed on the NRHP.

• **SR 7046, Section 027—Lower Moreland Township and Bryn Athyn Borough, Montgomery County.**

Project Description: The project is rehabilitation of the existing bridge that carries Feters Mill Road over Penpack Creek.

Environmental Documents: CE BRPA Reevaluation approved on March 30, 2023, and two Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on February 28, 2023.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.10-acre of ROW will be required from the Feters Mill property, which is listed on the NRHP. Approximately 0.11-acre of ROW will be required from the Feters Mill Village Historic District, which was determined to be eligible for listing on the NRHP.

• **SR 7412, Section NNA—Narberth Borough and Lower Merion Township, Montgomery County.**

Project Description: The project is the replacement of the existing bridge that carries North Narberth Avenue over Amtrak's Harrisburg Line.

Environmental Documents: CE 2 Reevaluation approved on February 1, 2023, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on July 1, 2013.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.104-acre of highway easement and 0.079-acre of aerial easement will be required from the Pennsylvania Railroad (PRR) Main Line (Philadelphia to Harrisburg), which was determined to be eligible for listing on the NRHP.

• **SR 3010, Section 014—Swatara Township and Harrisburg City, Dauphin County.**

Project Description: The project is improvements to the existing intersection of Paxton Street (SR 3010) and Sycamore Street (SR 0441).

Environmental Documents: CE 1b Evaluation approved on February 23, 2023, and a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on December 22, 2022.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.1864-acre of ROW will be required from Paxton Street Home, which was determined to be eligible for listing on the NRHP.

• **SR 3022, Section 005—Harrisburg City, Dauphin County.**

Project Description: The project is the replacement of the existing bridge that carries SR 3022 (Maclay Street) over the Norfolk Southern Railroad.

Environmental Documents: CE 2 Evaluation approved on March 1, 2023, a Determination of Section 4(f) De Minimis Use Section 2002 No Adverse Use Historic Properties approved on December 21, 2022, and a Nationwide/Programmatic Section 4(f) Evaluation for Projects that Necessitate the Use of Historic Bridges approved on December 14, 2022.

Proposed Use of Section 4(f)/2002 Resources: Approximately 0.070-acre of ROW will be required from the approximately 88-acre Pennsylvania Farm Show Complex and Exposition Center, which was determined to be eligible for listing on the NRHP. Maclay Street Bridge is a contributing resource to the PRR Main Line (Harrisburg to Pittsburgh), which was determined to be eligible for listing on the NRHP.

FISH AND BOAT COMMISSION

Classification of Wild Trout Streams; Proposed Additions; July 2023

Under 58 Pa. Code § 57.11 (relating to listing of wild trout streams), it is the policy of the Fish and Boat Commission (Commission) to accurately identify and classify stream sections supporting naturally reproducing populations of trout as wild trout streams. The Commission's Fisheries Management Division maintains the list of wild trout streams. The Executive Director, with the approval of the Commission, will from time-to-time publish the list of wild trout streams in the *Pennsylvania Bulletin*. The listing of a stream section as a wild trout stream is a biological designation that does not determine how it is managed. The Commission relies upon many factors in determining the appropriate management of streams.

At the next Commission meeting on July 24, 2023, the Commission will consider changes to its list of wild trout streams. Specifically, the Commission will consider the addition of the following streams or portions of streams to the list:

<i>County of Mouth</i>	<i>Stream Name</i>	<i>Section Limits</i>	<i>Tributary to</i>	<i>Mouth Lat/Lon</i>
Chester	Blackburn Run	Headwaters to Mouth	Octoraro Creek	39.774167 76.061568
Chester	Unnamed tributary (UNT) to Octoraro Creek (RM 9.37)	Headwaters to Mouth	Octoraro Creek	39.762977 76.063850
Chester	UNT to Octoraro Creek (RM 9.65)	Headwaters to Mouth	Octoraro Creek	39.766840 76.063171
Clinton	UNT to East Branch Queens Run (RM 2.39)	Headwaters to Mouth	East Branch Queens Run	41.206816 77.454159
Delaware	Hunter Run	Headwaters to Mouth	Springton Reservoir	39.965844 75.408113
Lancaster	Reynolds Run	Headwaters to Mouth	Octoraro Creek	39.737145 76.113860
Luzerne	Reservoir Creek	Headwaters to Mouth	South Branch Newport Creek	41.177034 76.028060
Potter	Cole Branch	Headwaters to Mouth	Dodge Hollow Run	41.923957 77.652779
York	Mahala Run	Headwaters to Mouth	Susquehanna River	39.937544 76.453546

Persons with comments, objections or suggestions concerning the classification of the streams listed may submit them in writing to the Executive Director, Fish and Boat Commission, P.O. Box 67000, Harrisburg, PA 17106-7000, within 30 days after publication of this notice in the *Pennsylvania Bulletin*. Comments submitted by facsimile will not be accepted.

Comments may also be submitted electronically to RA-pfbcregulations@pa.gov. Electronic comments submitted in any other manner will not be accepted.

FISH AND BOAT COMMISSION

Proposed Changes to List of Class A Wild Trout Waters; July 2023

Under 58 Pa. Code § 57.8a (relating to Class A wild trout streams), it is the Fish and Boat Commission's (Commission) policy to manage self-sustaining Class A wild trout populations as a renewable natural resource to conserve that resource and the angling it provides. Class A wild trout populations represent the best of this Commonwealth's naturally reproducing trout fisheries. With rare exceptions, the Commission manages these stream sections solely for the perpetuation of the wild trout fishery with no stocking.

(1) Criteria developed for Class A Wild Trout fisheries are species specific.

(2) Wild Trout Biomass Class Criteria include provisions for:

(i) *Wild Brook Trout Fisheries*

(A) Total brook trout biomass of at least 30 kg/ha (26.7 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brook trout biomass must comprise at least 75% of the total trout biomass.

(ii) *Wild Brown Trout Fisheries*

(A) Total brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Brown trout biomass must comprise at least 75% of the total trout biomass.

(iii) *Mixed Wild Brook and Brown Trout Fisheries*

(A) Combined brook and brown trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass must comprise less than 75% of the total trout biomass.

(E) Brown trout biomass must comprise less than 75% of the total trout biomass.

(iv) *Wild Rainbow Trout Fisheries*

Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 2.0 kg/ha (1.78 lbs/acre).

(v) *Mixed Wild Brook and Rainbow Trout Fisheries*

(A) Combined brook and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brook trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brook trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

(vi) *Mixed Wild Brown and Rainbow Trout Fisheries*

(A) Combined brown and rainbow trout biomass of at least 40 kg/ha (35.6 lbs/acre).

(B) Total biomass of brown trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(C) Total biomass of rainbow trout less than 15 cm (5.9 inches) in total length of at least 0.1 kg/ha (0.089 lbs/acre).

(D) Brown trout biomass shall comprise less than 75% of the total trout biomass.

(E) Rainbow trout biomass shall comprise less than 75% of the total trout biomass.

During recent surveys, Commission staff documented the following stream sections to have Class A wild trout populations. The Commission intends to consider adding these waters to its list of Class A wild trout streams at its meeting on July 24, 2023.

<i>County</i>	<i>Stream</i>	<i>Section</i>	<i>Limits</i>	<i>Tributary to</i>	<i>Mouth Lat/Lon</i>	<i>Brook Trout (kg/ha)</i>	<i>Brown Trout (kg/ha)</i>	<i>Rainbow Trout (kg/ha)</i>	<i>Length (miles)</i>	<i>Survey Year</i>
