# READER'S GUIDE TO THE *PENNSYLVANIA BULLETIN* AND THE *PENNSYLVANIA CODE*

## *Pennsylvania Bulletin*

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

### **Adoption, Amendment or Repeal of Regulations**

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

## *Citation to the Pennsylvania Bulletin*

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

## *Pennsylvania Code*

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

### **How to Find Rules and Regulations**

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at [www.pacodeandbulletin.gov](http://www.pacodeandbulletin.gov).

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at [www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde\\_index.cfm](http://www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm).

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at [www.pacodeandbulletin.gov](http://www.pacodeandbulletin.gov).

### Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

### Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

#### § 3.44. General permission to reproduce content of *Code* and *Bulletin*.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

#### Annex A

### TITLE 246. MINOR COURT CIVIL RULES

#### PART I. GENERAL

#### CHAPTER 200. RULES OF CONSTRUCTION; GENERAL PROVISIONS

*(Editor's Note: The following rule is proposed to be added and is printed in regular type to enhance readability.)*

#### Rule 210.1. *Ex Parte* Communication.

(a) Unless otherwise authorized by law or state court rule, no person shall communicate with the magisterial district judge in any way regarding matters pending before the magisterial district judge unless all parties:

(1) are present or have been copied if the communication is written or in electronic form; or

(2) have waived their presence or right to receive the communication.

(b) If the magisterial district judge receives any unauthorized *ex parte* communication, the magisterial district judge shall inform all parties of the communication and its content.

#### Comment:

Generally, communications should include all parties. No unauthorized *ex parte* communications with the magisterial district judge are to occur. Authorized *ex parte* communications include those made in connection with proceedings for emergency protective orders, *i.e.*, Pa.R.Civ.P.M.D.J. 1201—1211, which are *ex parte* proceedings. See Pa.R.Civ.P.M.D.J. 1207. Certain *ex parte* communications for scheduling, administrative, or emergency purposes that do not address substantive matters are permissible. See Rule 2.9(A)(1) of the Rules Governing Standards of Conduct of Magisterial District Judges.

Attorneys are bound by Rule 3.5 of the Rules of Professional Conduct. Magisterial district judges are bound by Rule 2.9 of the Rules Governing Standards of Conduct of Magisterial District Judges.

Attorneys and judges understand the impropriety of *ex parte* communications regarding matters pending before the magisterial district court but many participants are not attorneys or judges. This rule ensures that all parties receive the same information that is being presented to the magisterial district judge so that it may be challenged or supplemented.

#### CHAPTER 300. CIVIL ACTION

Rule 320. Request to Withdraw Complaint; [ **Settlement** ] **Settlements**.

#### [ A(1) ] (a) **Withdrawal of Complaint**.

(1) A plaintiff may withdraw [ **the** ] **a** complaint prior to [ **the** ] **a** commencement of [ **the** ] **a** hearing by filing a written notice of withdrawal with the magisterial district court. Upon receipt of such notice, the magisterial district court shall [ **note** ]:

(i) **mark** the withdrawal of the complaint on the docket [ , ];

(ii) cancel any scheduled hearing, [ ( ) ] except for a consolidated hearing on a cross-complaint pursuant to [ **Rule 315B** ], [ **Pa.R.Civ.P.M.D.J. 315B** ]; and

(iii) notify the parties in writing that the complaint has been withdrawn.

(2) A withdrawal of [ **the** ] **a** complaint filed prior to [ **the** ] **a** commencement of [ **the** ] **a** hearing shall be deemed to be without prejudice. The plaintiff may file a new complaint on the same cause of action upon payment of all applicable fees and costs.

#### [ B(1) ] (b) **Settlements**.

#### (1) **Settlement Without Stipulated Judgment**.

(i) [ The ] If the parties do not request the entry of a stipulated judgment pursuant to a settlement agreement, the parties may file a written notice of settlement of the complaint with the magisterial district court at any time prior to the entry of judgment. Upon receipt of such notice, the magisterial district judge shall:

(A) [ the magisterial district court shall note the case settled on the docket, ] mark the settlement of the case on the docket;

(B) cancel any scheduled hearing [ ( ), except for a consolidated hearing on a cross-complaint pursuant to [ Rule 315B), ] Pa.R.Civ.P.M.D.J. 315B; and

(C) notify the parties in writing that the complaint has been marked settled.

[ (2) ] (ii) [ Where the parties have filed a notice of settlement with the magisterial district court ] If the magisterial district court has previously marked the civil action as settled pursuant to subdivision (b)(1)(i) and a subsequent breach of the settlement agreement occurs, a party may file a new complaint citing breach of the settlement agreement as the cause of action.

(2) Settlement with Stipulated Judgment.

(i) The parties may file a written notice of a stipulated judgment as part of a settlement agreement at any time prior to the entry of judgment.

(ii) The notice shall be made on a form promulgated by the State Court Administrator that shall include:

(A) the amount of the stipulated judgment, which shall include fees and interest, but not court costs;

(B) a notice to the defendant:

(I) to review the settlement agreement to ensure familiarity with and acceptance of its terms;

(II) that a judgment will be entered against the defendant on the docket of the magisterial district court; and

(III) the plaintiff shall have the right to request execution of the judgment if the defendant fails to make payments as agreed; and

(C) the signatures of the parties.

(iii) Upon receipt of a notice compliant with the requirements of subdivision (b)(2)(ii), the magisterial district court shall:

(A) mark the entry of the stipulated judgment on the docket;

(B) cancel any scheduled hearing, except for a consolidated hearing on a cross-complaint pursuant to Pa.R.Civ.P.M.D.J. 315B; and

(C) notify the parties in writing that the complaint has been marked settled.

[ C(1) ] (c) Cross-complaints.

(1) [ The ] A withdrawal or settlement of the plaintiff's complaint pursuant to subdivision (a) or (b) shall not affect the right of the defendant to proceed with a

cross-complaint filed pursuant to [ Rule 315A ] Pa.R.Civ.P.M.D.J. 315A, unless it includes the cross-complaint.

(2) The defendant may file a written notice of withdrawal of the cross-complaint in the manner set forth in [ subdivision A ] subdivision (a).

(3) The parties may file a written notice of settlement or stipulated judgment of the cross-complaint in the manner set forth in [ subdivision B ] subdivision (b).

[ Official Note: ] Comment:

A complaint filed pursuant to [ subparagraph A(2) or B(2) ] subdivision (a)(2) or (b)(1)(ii) [ shall not be treated as ] is not a "reinstatement" of the underlying action[ , ] and is subject to all prescribed fees and costs for filing and service of a complaint. Compare with [ Rule 314E ] Pa.R.Civ.P.M.D.J. 314E, which provides for reinstatement of the complaint under the limited circumstance of failure to make timely service.

This rule also applies to the withdrawal or settlement of a cross-complaint. Moreover, a cross-complaint will survive the withdrawal or settlement of the corresponding complaint if it is not included in a notice filed pursuant to this rule.

For purposes of this rule, "stipulated judgment" means a judgment that is entered by the magisterial district court without a hearing and at the request of and with the agreement of the parties. See Pa.R.Civ.P.M.D.J. 210.1 prohibiting unauthorized ex parte communication with the magisterial district judge.

[ Prior Rule 320, addressing continuances, was rescinded by Order of December 16, 2004, effective July 1, 2005, and its provisions were added to Rule 209. ] The provisions of prior Pa.R.Civ.P.M.D.J. 320, pertaining to continuances, were relocated to Pa.R.Civ.P.M.D.J. 209, effective July 1, 2005.

Proposed Adoption of Pa.R.Civ.P.M.D.J. 210.1 and  
Amendment of Pa.R.Civ.P.M.D.J. 320

The Minor Court Rules Committee ("Committee") is considering proposing to the Supreme Court of Pennsylvania the adoption of Pa.R.Civ.P.M.D.J. 210.1 and the amendment of Pa.R.Civ.P.M.D.J. 320, pertaining to prohibitions on *ex parte* communications and stipulated judgments, respectively.

While discussing a separate matter, the Committee became aware of instances in magisterial district courts of creditor-plaintiffs submitting *ex parte* requests to the court to mark civil complaints settled and requesting entry of a judgment in favor of the plaintiff. While a joint request for entry of judgment is not inherently problematic, the Committee perceived the potential for malfeasance if the filing does not reflect notice to or consent to the agreement by the defendant. The Committee thought it beneficial to examine methods to: (1) develop a proce-

ture for the parties in a civil action to advise the magisterial district court of a settlement agreement that includes the entry of a judgment in favor of the plaintiff, *i.e.*, a stipulated judgment; and (2) establish an explicit prohibition on unauthorized *ex parte* communications with the court by the parties or their representatives.

#### *Ex Parte Communications*

The Committee first examined *ex parte* communications in magisterial district courts. The Court has defined “*ex parte*” as:

On one side only; by or for one party; done for, in behalf of, or on the application of, one party only. A judicial proceeding, order, injunction, etc., is said to be *ex parte* when it is taken or granted at the insistence and for the benefit of one party only, and without notice to, or contestation by any person adversely interested.

*Commonwealth v. Carpenter*, 725 A.2d 154, 168 (Pa. 1999) (quoting *Black’s Law Dictionary*, 517 (5th Ed. 1979)).

Magisterial district judges and attorneys are bound by codes of conduct that prohibit unauthorized *ex parte* communication. See Rule 2.9 of the Rules Governing Standards of Conduct of Magisterial District Judges and Rule 3.5 of the Rules of Professional Conduct, respectively. In contrast, there is no similar obligation for parties in the Rules of Civil Procedure Governing Actions and Proceedings Before Magisterial District Judges. Thus, while magisterial district judges and attorneys have guidance relating to *ex parte* communications, the same cannot be said for a litigant who is not law-trained.

The Committee looked to existing Rules of Juvenile Court Procedure, which has prohibitions on *ex parte* communications by the parties. See Pa.R.J.C.P. 136 and 1136 (pertaining to delinquency and dependency proceedings, respectively). The Committee used these rules as the basis for developing proposed Pa.R.Civ.P.M.D.J. 210.1.

While *ex parte* communications are generally prohibited by proposed Pa.R.Civ.P.M.D.J. 210.1, certain *ex parte* communications are authorized and permitted. Notably, proceedings for emergency protective relief are filed and heard on an *ex parte* basis. “As soon as possible after the filing of the petition, the hearing officer shall hold an *ex parte* hearing thereon.” Pa.R.Civ.P.M.D.J. 1207 (pertaining to hearings for emergency protective relief). Moreover, Rule 2.9(A)(1) of the Rules Governing Standards of Conduct of Magisterial District Judges identifies types of authorized *ex parte* communications under certain circumstances, *e.g.*, scheduling, administrative, or emergency purposes. These exceptions to the general rule against *ex parte* communications are included in the Comment to proposed Pa.R.Civ.P.M.D.J. 210.1.

#### *Stipulated Judgments*

The Committee considers the phrase “stipulated judgment” to mean a consensual judgment that is entered without a hearing by the magisterial district court at the request of the parties. Because the Committee was informed that *ex parte* requests for stipulated judgments are being filed with magisterial district courts, it agreed to consider developing a procedure to ensure a defendant is an informed and active participant to a request to enter a stipulated judgment.

The Committee proposes dividing Pa.R.Civ.P.M.D.J. 320(B), pertaining to settlements, into two subdivisions. Subdivision (b)(1) reflects current subdivision (B), regarding a request to mark a civil action settled without the entry of a stipulated judgment. This provision could be used when the parties reach an out of court settlement that does not include the entry of a judgment by the court.

Proposed subdivision (b)(2) includes new provisions relating to a stipulated judgment and emphasizes participation of the parties. Proposed subdivision (b)(2)(ii) provides for a new statewide form to request entry of a stipulated judgment by the magisterial district court. The amount of the judgment will be entered on the form. The amount of the judgment should not include court costs insofar as those are determined by Pa.R.Civ.P.M.D.J. 206B and are the responsibility of the unsuccessful party. The judgment issued by the magisterial district court will reflect these costs.

The form will also contain a notice to the defendant: (1) to review the settlement agreement to ensure familiarity with and acceptance of its terms; (2) that judgment will be entered against the defendant on the docket of the magisterial district court; and (3) failure to make payments as agreed upon will give the plaintiff the right to request execution of the judgment. Finally, the form will require the signatures of the parties, reflecting that the request is being made jointly. Proposed Pa.R.Civ.P.M.D.J. 320(b)(2)(ii)(C). The Comment to proposed Pa.R.Civ.P.M.D.J. 320 was amended to include a cross-reference to proposed Pa.R.Civ.P.M.D.J. 210.1, prohibiting unauthorized *ex parte* communication with the magisterial district judge.

Relative to proposed Pa.R.Civ.P.M.D.J. 320(b)(2)(ii)(B)(I), advising the defendant to review the terms of a settlement agreement, it was not the Committee’s intent to require judicial approval of the terms of these agreements. The primary risk in such arrangements is that the plaintiff may execute upon a judgment prematurely or the levy may be excessive in relation to prior payments on the judgment. Should that occur, the defendant could file an objection to the levy pursuant to Pa.R.Civ.P.M.D.J. 413, which can be the subject of a request for reconsideration at the court of common pleas. The Committee was satisfied with this remedy for a premature request or excessive levy.

The Committee did consider an alternative approach to entry of a stipulated judgment. The alternative scheme would have the magisterial district court keep the hearing date on the schedule to allow either party to contest the stipulation prior to its entry. Then, if either party appeared at the scheduled hearing time to object to the stipulation, the magisterial district judge would continue the hearing to a later date. In contrast, if no one appeared at the scheduled hearing time, then the magisterial district court would enter the judgment. Ultimately, the Committee did not favor this approach, finding it would complicate the process, disrupt scheduling, and create the potential for intentional delays.

The Committee also observed that the parties will have to act diligently within the allotted time between the filing of the complaint and the date scheduled for the civil hearing. Parties inclined to negotiate a settlement including a stipulated judgment will have limited time, unless a continuance is sought, to negotiate the agreement, ex-

ecute it, and file the request with the magisterial district court. However, parties who have reached a mutually satisfactory outcome should be incentivized to proceed as directed in proposed Pa.R.Civ.P.M.D.J. 320.

Finally, the Committee recommended Pa.R.Civ.P.M.D.J. 320 to the Court in 2014 to address the misuse of reinstatement of civil complaints, currently limited to circumstances of failure to make timely service. *See* Pa.R.Civ.P.M.D.J. 304E(1). There is no counterpart to Pa.R.Civ.P.M.D.J. 304E(1) in the rules governing landlord-tenant actions because service can be accomplished by posting, thus, timely service is not an issue in landlord-tenant actions. The Committee specifically invites comments on whether the landlord-tenant rules would benefit from the addition of a withdrawal and settlement rule.

The Committee welcomes all comments, concerns, and suggestions regarding this proposal.

**Special Conditions: Potential Impacts to EV Wetlands.** • The permittee shall monitor water table elevations daily at each monitoring well identified in the approved PCSM Plan for EV wetlands for a minimum of five years. Reports providing water table elevations shall be submitted to DEP every six months, beginning in (October of the 2nd year of coverage). These reports shall be submitted by October 31st and April 30th each year. All monitoring wells should confirm the presence of a water table no deeper than 12-inches below the ground surface for a period of at least 14 consecutive days during the growing season (April 1—October 1 annually) at a minimum frequency of 3 of the 5 monitoring years, unless a longer timeframe for monitoring is extended by DEP in writing. If a water table is not observed at the previously stated depth and/or for a duration of at least 14 consecutive days in 3 of 5 monitoring years (or in accordance with an alternate monitoring timeframe approved by DEP in writing), the wetland will be considered adversely impacted by the project, unless information and/or data provided to DEP demonstrates otherwise and DEP concurs that the project did not adversely impact the wetland. • The permittee shall provide DEP with a running comparison of monitoring data for pre-construction and post-construction monitoring every six months, beginning in (October of the 3rd year after the date of coverage). These monitoring data reports shall be submitted by October 31st and April 30th each year. If the ground water table elevation is found to be lower in post-construction monitoring for the same time period, the wetland will be considered adversely impacted by the project, unless information and/or data provided to DEP demonstrates the cause is unrelated to the project and DEP concurs that the project did not adversely impact the wetland. The permittee shall delineate the boundaries of the EV wetlands in the years (5 years from date of coverage) and (7 years from the date of coverage) using the Army Corps of Engineers' 1987 Wetland Delineation Manual and Regional Supplement to the Corps of Engineers Wetland Delineation Manual: Eastern Mountains and Piedmont Region (Version 2.0). These wetland delineations shall be submitted to DEP on or before April 30th in the 5th year of permit coverage and on or before the permit expiration or termination date of this permit or the 7th year of permit coverage whichever is sooner, unless an alternate timeframe for submission of these delineations is approved by DEP in writing. Boundaries shall be surveyed and compared to the boundaries outlined on the approved plans. The data shall be submitted to DEP on or before April 30th of each year, beginning in (October of the 3rd year after the date of coverage). If a reduction in size of the wetland of greater than 0.05 acre is observed, the wetland will be considered adversely impacted by the project, unless a clear and unrelated cause of the reduction in size is demonstrated and DEP concurs that the project did not adversely impact the wetland. The permittee shall provide reports identifying plant species in the EV wetlands during the growing season once a year for five years beginning in (April of the 3rd year after the date of coverage). Any observed reduction in the number of different species having a wetland indicator status of (identify indicator status appropriate for the wetland in question) shall be clearly identified in the report. If a reduction is observed, the wetland will be considered adversely impacted by the project unless another clear cause of the reduction in diversity is identified and DEP concurs that the project did not adversely impact the wetland. The permittee shall inspect monitoring wells, including water level loggers, at least monthly to ensure that they are not damaged and are functioning properly. If a damaged or malfunctioning well is identified, DEP shall be contacted immediately in writing, and the well shall be restored to its design specifications within two weeks, unless weather conditions do not permit and/or is otherwise extended in writing by DEP. In the event that the water table falls below the bottom of a monitoring well and the water level logger in that well becomes inoperable, the well shall be inspected at a minimum of once every two weeks and the data logger shall be re-installed once the water table is again observed in the well. DEP may require the monitoring period to be extended to confirm or disprove potential adverse impacts to EV wetlands. DEP will review the monitoring information submitted by the permittee and if DEP determines that the EV wetlands have been adversely impacted, the permittee shall submit to DEP for review and approval a narrative identifying the cause(s) of the impact and plans to correct it within 3 months after DEP has determined that the wetlands have been adversely impacted. If the cause(s) cannot be identified or if correction of the impact is deemed infeasible, the permittee shall submit to DEP for review and approval plans and a schedule to create (identify required mitigation area) acres of (identify the wetland mitigation required) wetlands in or along the floodplain of (identify the receiving stream) or one of its tributaries within 6 months of DEP's determination of an adverse impact, unless an alternate location for wetland creation is approved and/or this deadline is extended in writing by DEP. Construction of the replacement wetlands shall begin no later than one year after DEP's determination of an adverse impact, unless an alternate deadline is established in writing by DEP.

**AIR QUALITY**

**PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS**

The Department of Environmental Protection (DEP) has developed an integrated plan approval, State Operating Permit and Title V Operating Permit program. This integrated approach is designed to make the permitting process more efficient for DEP, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The DEP received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, DEP's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate DEP Regional Office. Appointments for scheduling a review must be made by calling the appropriate DEP Regional Office. The address and telephone number of the Regional Office is listed before the application notices.

Individuals wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the DEP's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

Any individual wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if DEP, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when DEP determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate DEP Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

**25-00501B: Ellwood National Forge Corry, 441 E Main Street, Corry, PA 16407, City of Corry, Erie County.** Application received: October 12, 2023.

Intent to Issue Plan Approval:

The Department of Environmental Protection intends to issue a plan approval to Ellwood install one (1) aluminum forging furnace, two (2) aluminum drop bottom furnaces, two (2) quench tanks with immersion heaters, and two (2) aluminum box aging ovens at their facility located in Corry City, Erie County. Ellwood is a Natural Minor facility and an open die forging facility under State Only Operating Permit # 25-00501. Public notice is required for sources required to obtain a Plan Approval in accordance with 25 Pa. Code § 127.44.

The following sources are incorporated into this Plan Approval:

- One (1) 6.0 MMBtu/hr Nutec Bickley aluminum forging furnace (Source 121).
- Two (2) 4.5 MMBtu/hr Nutec Bickley aluminum drop bottom furnaces (Source 122-123).
- Two (2) 4.2 MMBtu/hr Fives North American 4762-8 quench tanks with immersion heaters (Source 124-125).
- Two (2) 2.5 MMBtu/hr Nutec Bickley Maxon Oven Pak LE OPLE30 aluminum box aging ovens Source 126-127).

Ellwood processes aluminum ingots into semi-finished products using natural gas-fueled furnaces, quench tanks, and aging ovens. To track emissions, Ellwood must maintain daily records of natural gas usage and operational hours for each source. An analysis by the permittee determined that low NO<sub>x</sub> burners and good combustion practices represent the Best Available Technology (BAT) for these operations. Natural gas will be the only permitted fuel source for the proposed facilities.

Based on BAT the emission limits of each of the sources will be as follows:

- 500 PPMV SO<sub>x</sub> Dry Basis

**06-05007S: Carpenter Technology Corporation**, 101 Bern St., Reading, PA 19601, City of Reading, **Berks County**. Application received: December 15, 2023. For the repurposing of a 3,500 gallon sulfuric acid tank into an additional nitric acid/nitric-hydrofluoric tank, that will be part of Source ID 104A (Block 3 Nitric Pickling Line) controlled by a Wet Scrubber Source ID C04A (Scrubber: Nitric Pickling B-154) at the specialty steel alloys manufacturing facility. There are some materials that are processed by both Source 104A and the Block HCL Pickling Line Source 103A. Since the exact product mix is unknown and to allow for operational flexibility to meet customer orders and product demand, it is conservatively assumed that the entirety of production attributed to the Source 104A project will be material processed in both lines (i.e., Source 103A and Source 104A). The overall

emissions increases in this facility as a result of the changes proposed is zero which will not trigger PSD or NSR provisions. The facility is a Title V facility. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1 and 127.12, for  $NO_x$  and HAPs. Based on these findings, the Department proposes to issue a plan approval for the proposed construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an Operating Permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

### MINING ACTIVITY NPDES DRAFT PERMITS

This notice provides information about applications for a new, amended or renewed National Pollutant Discharge Elimination System (NPDES) permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (DEP) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

#### *Effluent Limits for Coal Mining Activities*

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH must always be greater than 6.0; less than 9.0.			
Alkalinity must always be greater than acidity.			

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

#### *Effluent Limits for Noncoal Mining Activities*

The limits for noncoal mining activities as provided in 25 Pa. Code § 77.522 are pH 6 to 9 and other parameters DEP may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

The following permit applications, requests for Environmental Assessment approval and requests for 401 Water Quality Certification have been received by the Department of Environmental Protection (DEP). Section 401 of the Federal Water Pollution Control Act (FWPCA) (33 U.S.C.A. § 1341), requires the State to certify that the involved projects will not violate the applicable provisions of Sections 301—303, 306 and 307 of the FWPCA (33 U.S.C.A. §§ 1311—1313, 1316 and 1317), as well as relevant State requirements. Individuals objecting to approval of a request for certification under Section 401 or to the issuance of a Dam Permit or Water Obstruction and Encroachment Permit, or the approval of an Environmental Assessment must submit any comments, suggestions or objections within 30-days of the date of this notice, as well as any questions to the office noted above the application. Comments should contain the name, address and telephone number of the person commenting, identification of the certification request to which the comments or objections are addressed, and a concise statement of comments, objections or suggestions including the relevant facts upon which they are based.

The DEP may schedule a fact-finding hearing or an informal conference in response to comments if deemed necessary. Maps, drawings and other data pertinent to the certification request are available for inspection between the hours of 8:00 a.m. and 4:00 p.m. on each working day at the office noted above the application.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

**E0205223-020. Borough of Bridgeville**, 425 Bower Hill Road, Bridgeville, PA 15017, Bridgeville Borough, **Allegheny County**. U.S. Army Corps of Engineers Pittsburgh District. Application received: December 12, 2023.

The applicant proposes to:

1. Remove an existing 20 foot wide by 10 foot high, double arch culverted road crossing which carries Commercial Street over McLaughlin Run (WWF) and to construct and maintain a replacement structure consisting of a single 85 foot long by 45 foot wide by 13.5 foot high CON/SPAN culverted road crossing, resulting in 86 linear feet (LF) of permanent watercourse impacts, 0.159 acre (ac) of permanent floodway impacts, 0.099 ac of permanent floodplain fringe impacts, 86 LF of temporary watercourse impacts, and 0.045 ac of temporary floodway impacts.

2. Remove an existing 8-inch diameter drinking water utility line crossing of McLaughlin Run as part of the aforementioned culvert removal, and construct and maintain a replacement 8-inch diameter drinking water utility line crossing of the same watercourse approximately 35 feet upstream from the existing crossing location. The relocated line will be encased in concrete beneath the stream bed and will be embedded 3' below the proposed stream bed elevation. This activity will result in 12 LF of permanent watercourse impacts, 0.003 ac of permanent floodway impacts, and 0.002 ac of floodplain fringe impacts.

3. Construct and maintain an approximately 1,200 foot long soldier beam and lagging levee wall, which varies in height from approximately 8.5 to 12 feet, on the west (river left) side of McLaughlin Run and to excavate along 716 feet of McLaughlin Run and it's west (river left) bank along the aforementioned levee wall, resulting in 716 LF

of permanent watercourse impacts, 0.283 ac of permanent floodway impacts and 0.089 ac of permanent floodplain fringe impacts.

4. Install and maintain riparian vegetation plantings in the floodway, and along 1,092 LF, of McLaughlin Run on the riverward side of the aforementioned levee wall, resulting in 1,092 LF of permanent watercourse impacts and 0.627 ac of permanent floodway impacts. This permanent impact area overlaps with 716 LF of the watercourse impact and 0.247 ac of the floodway impact noted in the preceding item.

5. Construct, operate, and maintain screw pumps behind the aforementioned levee wall and construct and maintain associated 36-inch diameter corrugated plastic pipe (CPP) stormwater piping, endwall, and outfall structure with an R-6 riprap apron within the floodway of, and along, McLaughlin Run resulting in 10 LF of permanent watercourse impacts, 0.014 ac of permanent floodway impacts, and 0.075 ac of permanent floodplain fringe impacts. The watercourse impact length for this activity completely overlaps with the watercourse impacts associated with the aforementioned levee wall construction and excavation.

6. Construct and maintain two 36-inch diameter CPP stormwater pipes, endwalls, and outfall structures with R-5 riprap aprons within the floodway of, and along, McLaughlin Run, resulting in 18 LF of permanent watercourse impacts, 0.002 ac of permanent floodway impacts, and 0.016 ac of permanent floodplain fringe impacts. These structures are associated with another set of screw pumps at the downstream end of the aforementioned levee wall.

7. Construct and maintain a temporary stream crossing for work site access, resulting in 10 LF of temporary watercourse impacts and 0.004 ac of temporary floodway impacts.

8. Construct and maintain temporary dewatering, erosion control, and sediment control facilities, resulting in 1,203 LF of temporary watercourse impacts, 0.414 ac of temporary floodway impacts, and 0.013 ac of floodplain fringe impacts. The temporary watercourse impact for this activity overlaps with the 10 LF of watercourse impacts associated with the aforementioned temporary stream crossing.

For the purpose of controlling the frequent flooding that affects the residents and businesses along McLaughlin Run. Cumulatively, the project will permanently impact approximately 1,208 LF of watercourse, 0.841 ac of floodway, 0.281 ac of floodplain fringe and will temporarily impact approximately 1,299 LF of watercourse, 0.463 ac of floodway, and 0.013 ac of floodplain fringe.

The project is located under and to the north of Commercial Street starting near its intersection with Bower Hill Road (Bridgeville PA USGS topographic quadrangle map; Latitude: 40° 21' 33.84"; Longitude: -80° 6' 34.9095"; Sub-basin 20F; USACE Pittsburgh District), in Bridgeville Borough, Allegheny County.

**E2605224-001, City of Connellsville**, 110 Arch Street, Connellsville PA 15425, City of Connellsville, **Fayette County**; Pittsburgh ACOE District.

The applicant proposes to construct and maintain:

- An approximately 33' long by 16' wide extension of an existing concrete boat launch ramp, which was previously authorized by DEP File No. GP022617203, within the Youghiogheny River (WWF) and its floodway by installing 8 (eight) 4' x 16' concrete panels that intercon-

nect with hook and eye mechanisms, resulting in 23 linear feet (LF) of permeant watercourse impacts and 0.01 acre of permanent floodway impacts;

- A seasonally removable, 24' x 20' hexagonal floating dock and associated 30' x 5' gangway, which will meet Americans with Disabilities Act (ADA) accessibility requirements, within the Youghiogheny River and its floodway, resulting in 28 LF of permanent watercourse impacts and 0.02 acre of permanent floodway impacts. This activity may require removal or reconfiguration of a small area of bank stabilization riprap which was previously authorized by DEP File No. GP032617203;

- ADA accessible parking area and access walkway within the floodway of the Youghiogheny River, resulting in 0.03 acre of permanent floodway impacts. This activity may require removal or reconfiguration of a small area of bank stabilization riprap which was previously authorized by DEP File No. GP032617203; and

- Construction access, erosion and sediment controls, and temporary work areas needed to construct the aforementioned structures within the Youghiogheny River and its floodway, resulting in 85 LF of temporary watercourse impacts and 0.15 acre of floodway impacts.

For the purpose of enhancing recreational fishing and boating access along the Youghiogheny River. Cumulatively, the project will result in permanent impacts to 61 LF of the Youghiogheny River and 0.06 acre of its floodway. Additionally, cumulatively, the project will result in temporary impacts to 85 LF of the Youghiogheny River and 0.15 acre of its floodway.

The project site is located within Yough River Park and is under the Southwestern side of the Route 119 Bridge over the Youghiogheny River (Connellsville, PA USGS topographic quadrangle; N: 40°, 01', 17"; W: -79°, 35', 51"; Sub-basin 19D; USACE Pittsburgh District), in the City of Connellsville, Fayette County.

Individuals who cannot afford a lawyer may qualify for free pro bono representation. Call the Secretary to the Board at 717-787-3483 for more information. ## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

### UNDER ACT 2, 1995 PREAMBLE 2

**The Following Plans and Reports Were Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).**

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of

plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

The Department has received the following plans and reports.

## LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995  
PREAMBLE 3

---

**The Department Has Taken Action on the Following Plans and Reports Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).**

---

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department of Environmental Protection (DEP) to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or non-residential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The DEP may approve or disapprove plans and reports submitted. This notice provides DEP's decision and, if relevant, the basis for disapproval.

For further information concerning plans or reports, please contact the Regional Office Program Manager previously listed in the notice.

Individuals in need of accommodations should contact DEP through the Pennsylvania Hamilton Relay Service at (800) 654-5984 (TDD users) or (800) 654-5988 (voice users).

The Department of Human Services (Department) is providing final notice of its funding allocation for Fiscal Year (FY) 2023-2024 for several classes of inpatient disproportionate share hospital and supplemental payments to Medical Assistance (MA) enrolled, qualifying inpatient acute care general hospitals. The Department is not otherwise changing the qualifying criteria or payment methodology for these payments.

The Department published notice of its intent to allocate funding for these payments at 53 Pa.B. 8003 (December 23, 2023). The Department decreased the funding allocation for two payments that were announced in its notice of intent.

The allocation for supplemental payments to qualifying acute care general hospitals that provide medical and surgical ocular services to MA beneficiaries to ensure continued access to these critical eye related services was decreased to \$7.846 million in total funds.

The allocation for supplemental payments to qualifying acute care general hospitals that treat a high percentage of MA patients under the age of 18 was decreased to \$53.489 million in total funds.

The Department is not allocating funds for funds for supplemental payments to qualifying acute care general hospitals that provide a high volume of services to MA eligible and low-income populations in non-rural medically underserved areas.

The Department will implement the other payments as set forth in the notice of intent.

The Department received no comments during the 30-day comment period.

### *Fiscal Impact*

The FY 2023-2024 impact, as a result of the funding allocation for these payments, is \$450.493 million in total funds.

## DEPARTMENT OF HUMAN SERVICES

### Payments to Nonpublic and County Nursing Facilities; Final Rates for State Fiscal Year 2023-2024

This notice announces the Department of Human Services (Department) final annual case-mix per diem payment rates for State Fiscal Year (FY) 2023-2024 for

nonpublic and county nursing facilities that participate in the Medical Assistance (MA) Program.

#### *Nonpublic Nursing Facility Per Diem Rates*

As required by the case-mix payment methodology in 55 Pa. Code Chapter 1187, Subchapter G (relating to rate setting), the Department sets an annual MA per diem rate for each nonpublic nursing facility provider. Each facility's annual per diem rate is comprised of four components: resident care, other resident related, administrative and capital. For FY 2023-2024, the Department shall calculate each nursing facility's case-mix rate based on the cost database and peer group prices for each net operating cost center used in the calculation of each nursing facility's case-mix rates for FY 2022-2023. Each nursing facility's case-mix rate shall be adjusted quarterly in accordance with 55 Pa. Code § 1187.96(a)(5) (relating to price- and rate-setting computations).

The Centers for Medicare & Medicaid Services (CMS) approved State Plan Amendment (SPA) 22-0023 on November 23, 2022, which includes the budget adjustment factor (BAF) formula the Department will use for nonpublic nursing facilities in FY 2023-2024.<sup>1</sup> SPA 22-0023 provides that the BAF will limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate in effect for the fiscal year is limited to the amount permitted by the funds appropriated by the General Appropriations Act for the fiscal year. For FY 2023-2024, the Department will calculate a BAF for nonpublic nursing facilities for each rate quarter. The formula the Department uses to determine the quarterly BAF equals the annual target rate divided by the weighted average quarterly rate at 100%. If the quarterly BAF as calculated is greater than 1.0, the quarterly BAF will equal 1.0. The quarterly BAF for each calendar quarter will be in the rate file that will be posted on the Department's web site.

#### *County Nursing Facility Per Diem Rates*

As required by the rate methodology in 55 Pa. Code Chapter 1189, Subchapter D (relating to rate setting), the Department sets an annual MA per diem rate for each county nursing facility provider. As specified in 55 Pa. Code § 1189.91(b) (relating to per diem rates for county nursing facilities), for each rate year beginning on or after July 1, 2007, the per diem rate paid to a county nursing facility for a rate year will be the facility's prior rate year per diem multiplied by a BAF.

In addition, as required by 55 Pa. Code § 1189.91(d), the Department used the formula set forth in the Commonwealth's approved State Plan to determine the BAF for county nursing facilities. CMS approved SPA 22-0024 on November 23, 2022, which includes the BAF formula the Department used for county nursing facilities in FY 2023-2024.

SPA 22-0024 provides that for rate setting year 2023-2024, the BAF shall limit the estimated Statewide day-weighted average payment rate for MA nursing facility services for county and nonpublic nursing facilities so that the average payment rate is limited to the amount permitted by the funds appropriated by the General Appropriations Act.<sup>2</sup> The BAF as it applies to county nursing facilities is 1.0.

The final annual per diem rates for FY 2023-2024 rate year are available on the Department's web site at

<https://www.dhs.pa.gov/providers/Providers/Pages/Rates-Nursing%20Facilities.aspx> and at local county assistance offices throughout this Commonwealth.

#### *Public Process*

The Department published the notice Payments to Nonpublic and County Nursing Facilities; Proposed Rates for State Fiscal Year 2023-2024 at 53 Pa.B. 3385 (June 24, 2023) announcing the proposed annual per diem rates for nonpublic and county nursing facilities for FY 2023-2024. The notice invited public comments. Three public comments were received about the proposed rates for nonpublic nursing facilities. Commentators were concerned about the variability and volatility of the proposed rates and recommended the Department implement an alternate rate setting methodology. In response, the General Assembly enacted legislation which addressed the commentators' concerns (Act of October 23, 2023, Pub.L. 63, No. 15) and which the Department implements in its final rates for nonpublic nursing facilities for FY 2023-2024 with this notice.

#### *Appeals*

Following publication of this notice, the Department will send rate letters to each MA nursing facility to notify the facilities of their final rates for FY 2023-2024. The rate letter will also advise each facility that it may file an administrative appeal if the facility believes that the Department made any errors or otherwise disagrees with its final rates for FY 2023-2024. A provider's appeal must be in writing and filed with the Department's Bureau of Hearings and Appeals, 2330 Vartan Way, Second Floor, Harrisburg, PA 17110-9721, within 33 days of the date of the Department's letter notifying the facility of its final rates. Facilities should refer to 67 Pa.C.S. Chapter 11 (relating to Medical Assistance hearings and appeals), and to the Department's regulations in 55 Pa. Code Chapter 41 (relating to Medical Assistance provider appeal procedures), for more detail regarding their appeal rights and the requirements related to written appeals.

#### *Fiscal Impact*

For FY 2023-2024, the change in payment rates will result in an estimated cost of \$2.830 million (\$1.298 million in State funds) for per diem rate payments to nonpublic nursing facilities and an estimated cost of \$0.237 million (\$0.109 million in State funds) for per diem rate payments for county nursing facilities. Funding for these changes has been included in the MA Long-Term Living appropriation.

## DEPARTMENT OF HUMAN SERVICES

### Peer Groups, Peer Group Medians and Peer Group Prices for Nonpublic Nursing Facilities Including Hospital-Based Nursing Facilities and Special Rehabilitation Facilities for Fiscal Year 2023-2024

The purpose of this notice is to announce the Department of Human Services' (Department) peer groups, peer group medians and peer group prices for nonpublic nursing facilities including hospital-based nursing facilities and special rehabilitation facilities (SRF) codified in 55 Pa. Code Chapter 1187, Appendix B (relating to medians and prices for 2022-2023) under 55 Pa. Code § 1187.95(a)(4) (relating to general principles for rate and price setting). The Department used the peer groups, peer group medians and peer group prices to determine case-mix rates for nonpublic nursing facilities for State Fiscal Year (FY) July 1, 2023, through June 30, 2024. The Department calculated the peer groups, peer group medians and peer group prices announced in this notice in accordance with 55 Pa. Code Chapter 1187 (relating to nursing facility services) and 62 P.S. § 454.1. See the act of October 23, 2023 (Pub.L. 63, No. 15). The data that the Department used to determine the peer group medians and prices is available on the Department's web site at <http://www.dhs.pa.gov/providers/Providers/Pages/Long-Term-Nursing-Facilities.aspx>.

To establish the database for the calculation of peer group medians and prices, the Department used each nursing facility's three most recent audited cost reports that were issued by the Department on or before March 31, 2022, and indexed the costs for each report forward to the common date of December 31, 2022, using the Centers for Medicare & Medicaid Services' Nursing Home Without Capital Market Basket Index. The following is a listing, by group, of the number of nursing facilities with a particular year-end and the inflation factor used to roll the costs of each facility forward to the common date of December 31, 2022.

June 30, 2020	198	1.143

\*As a result of using the three most recent audited cost reports as of March 31, 2022, the “Number of Facilities” column reflects a number in excess of actual enrolled nursing facilities.

After the database was inflated using the inflation values, the Department grouped the facilities in the correct geographic and bed size groupings. In accordance with 55 Pa. Code § 1187.94 (relating to peer grouping for price setting), to establish peer groups, the Department used the Metropolitan Statistical Areas (MSA) group classification published in the Federal Office of Management and Budget Bulletin No. 99-04, regarding revised statistical definitions of Metropolitan Areas and guidance on uses of Metropolitan Area definitions, to classify each nursing facility into one of three MSA groups or one non-MSA group. The Department then used the bed complement of the nursing facility on the final day of the reporting period of the most recent audited MA-11 in the Nursing Information System database to classify nursing facilities into one of three bed complement groups. These groups are 3—119 beds, 120—269 beds, and 270 beds and over. Peer groups 7 and 10 have been collapsed in accordance with 55 Pa. Code § 1187.94(1)(iv). Peer group 13 is designated for SRFs only and peer group 14 is designated for hospital-based nursing facilities only, regardless of geographic location or bed-size.

After the database was established and the peer groups determined, the Department calculated the medians and prices for each peer group. For peer group 13, the Department arrayed the SRFs classified on or before July 1, 2000, to set the peer group median and prices for those facilities. The Department arrayed any SRFs classified after July 1, 2000, with all other SRFs to set their peer group medians and prices.

To calculate the resident care cost medians, the Department divided the inflated audited allowable resident care costs for each cost report by the total facility case-mix index from the available February 1 picture date closest to the midpoint of the cost report period to obtain case-mix neutral total resident care cost for the cost report year. The Department then divided the case-mix neutral total resident care cost for each cost report by the total audited actual resident days for the cost report year to obtain the case-mix neutral resident care cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the case-mix neutral resident care cost per diem for each nursing facility to obtain the average case-mix neutral resident care cost per diem of each facility. The Department arrayed the average case-mix neutral resident care cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the other resident related cost medians, the Department first divided the inflated audited allowable other resident related costs for each cost report by the total audited actual resident days for the cost report year to obtain the other resident related cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the other resident related cost for each nursing facility to obtain the average other resident related cost per diem of each facility. The Department arrayed the average other resident related cost per diem for each nursing facility within the respective peer groups and determined a median for each peer group.

To calculate the administrative cost medians, the Department adjusted, as appropriate, the total audited actual resident days for each cost report to a minimum 90% occupancy in accordance with 55 Pa. Code § 1187.23 (relating to nursing facility incentives and adjustments). The Department then divided the inflated audited allowable administrative cost for each cost report by the total audited actual resident days, adjusted to 90% occupancy, if applicable, to obtain the administrative cost per diem for the cost report year. The Department calculated the 3-year arithmetic mean of the administrative cost for each nursing facility to obtain the average administrative cost per diem of each facility. The Department arrayed the average administrative cost per diem for each nursing facility within the respective peer groups to determine a median for each peer group.

After the medians were determined for each peer group, the Department set prices using the medians. To set peer group prices, the Department multiplied the resident care cost median of each peer group by 1.17 to obtain the resident care cost peer group price; multiplied the other resident related cost median of each peer group by 1.12 to obtain the other resident related peer group price; and multiplied the administrative cost median of each peer group by 1.04 to obtain the administrative cost peer group price.

The peer groups, peer group medians and peer group prices for nonpublic nursing facilities including hospital-based and SRFs are in the list of Medians and Prices for 2023-2024.

A Medical Assistance nursing facility provider may file an administrative appeal if the facility believes that the Department made any errors, or the provider otherwise disagrees with the peer group prices that the Department

established for its peer group. A provider’s appeal must be in writing and filed with the Department’s Bureau of Hearings and Appeals, 2330 Vartan Way, Second Floor, Harrisburg, PA 17110-9721, within 30 days of the date of this notice. If a provider chooses to appeal, the provider will be afforded the opportunity for a de novo hearing before the Bureau of Hearings and Appeals. The peer group prices applied in setting the facility’s rates may be changed as a result of the final adjudication of the facility’s peer group price appeal. Facilities should refer to 67 Pa.C.S. Chapter 11 (relating to Medical Assistance hearings and appeals), and to the Department’s regulations in 55 Pa. Code Chapter 41 (relating to Medical Assistance provider appeal procedures), for more detail regarding their appeal rights and the requirements related to their written appeals.

*Fiscal Impact*

There is no fiscal impact associated with this change in FY 2023-2024.

*Public Comment*

Interested persons are invited to submit written comments regarding these peer groups, peer group medians and peer group prices to the Department of Human Services, Office of Long-Term Living, Bureau of Policy Development and Communications Management, Attention: Robyn Kokus, P.O. Box 8025, Harrisburg, PA 17105-8025, RA-PWOLTLNFPUBLICCOM@pa.gov. Comments received within 30 days will be reviewed and considered for any subsequent revision of the notice.
