The provisions of this Chapter 61 readopted January 6, 1984, effective January 7, 1984, 14 Pa.B. 46, unless otherwise noted. Immediately preceding text appears at serial pages (68807), (73335) to (73336) and (80322).

§ 61.1. Commonwealth inland waters.

(a) It is unlawful to take, catch, kill or possess fish except during the seasons specified in this section. It is not a violation of this section if a fish caught out of season from water where fishing for other species is lawful is immediately returned unharmed to the waters from which it was taken.

(b) It is unlawful to take, catch, kill or possess fish of less than the minimum size specified in this section. It is not a violation of this section if an undersized fish taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.

(c) It is unlawful to take, catch or kill more than 1 day's limit of any species of fish as specified in the following chart during 1 calendar day. It is unlawful to possess more than 1 day's limit of any species of fish as specified in the following chart except under the following circumstances:

- (1) A person may possess any number of lawfully caught fish at the person's residence.
- (2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may, while transporting fish from the place where caught to his residence, possess a number of fish equal to no more than two times the daily creel limit for that species of fish. In prosecution for violation of this section, it shall be a rebuttable presumption that a person transporting fish from a fishing site caught all of the fish during 1 calendar day.
- (3) A fish will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.
- (4) Any fish caught that is not to be counted in the creel limit shall be immediately released unharmed into the water from which taken. Except as otherwise provided in § 53.24 or § 63.40 (relating to tournament and fishing derby permits; and fishing tournaments and fishing derbies), a fish placed on a stringer, or confined by any type of container, structure or device, or not returned immediately to the water, will be considered as part of the daily creel or possession limits. Fish returned to the water shall be handled carefully and be returned unharmed to the water from which taken.
- (5) Fish may be given to another person, but the fish shall be counted in the donor's creel limit and neither donor nor the recipient may kill or possess (while in the act of fishing) more than the limit allowed.
- (d) Except as otherwise provided in this subpart, the following seasons, sizes and daily limits apply to inland waters of this Commonwealth and the Yougheny Reservoir:

§ 61.2. Delaware River, West Branch Delaware River and River Estuary.

(a) It is unlawful to take, catch, kill or possess fish, except during the seasons specified in this section. It is not a violation of this section if a fish caught out of season from water where fishing for other species is lawful is immediately returned unharmed to the waters from which it was taken.

(b) It is unlawful to take, catch, kill or possess fish of less than the minimum size or greater than the maximum size specified in this section. It is not a violation of this section if an undersized or oversized fish taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.

(c) It is unlawful to take, catch or kill more than 1 day's limit of any species of fish as specified in the following chart during 1 calendar day. It is unlawful to possess more than 1 day's limit of any species of fish as specified in the following chart except under the following circumstances:

(1) A person may possess any number of lawfully caught fish at the person's residence.

(2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may, while transporting fish from the place where caught to his residence, possess a number of fish equal to no more than two times the daily creel limit for that species of fish. In prosecution for violation of this section, it shall be a rebuttable presumption that a person transporting fish from a fishing site caught all of the fish during 1 calendar day.

(3) A fish will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.

(4) A fish caught that is not to be counted in the creel limit shall be immediately released unharmed into the water from which it was taken. Except as otherwise provided in § 53.24 or § 63.40 (relating to tournament and fishing derby permits; and fishing tournaments and fishing derbies), a fish placed on a stringer, or confined by any type of container, structure or device, or not returned immediately to the water, will be considered as part of the daily creel or possession limits. Fish returned to the water shall be handled carefully and be returned unharmed to the water from which taken.

(5) Fish may be given to another person, but the fish shall be counted in the donor's creel limit and neither the donor nor the recipient may kill or possess (while in the act of fishing) more than the limit allowed.

(d) It is unlawful to fish with bait for any species of fish in the tidal Delaware Estuary, including tributaries from the mouths of the tributaries upstream to the limit of tidal influence using any hook type other than non-offset (in-line) circle hooks. The definition of a non-offset (in-line) circle hook is a non-offset hook where the point is pointed perpendicularly back towards the shank. The term "non-offset" means the point and the barb are in the same plane as the shank.

(d.1) It is unlawful for any person to gaff or attempt to gaff any striped bass at any time when fishing.

(e) The following seasons, sizes and creel limits apply to the Delaware River, West Branch Delaware River and Delaware River tributaries from the mouths of the tributaries upstream to the limit of the tidal influence and the Lehigh River from its mouth upstream to the first dam in Easton, Pennsylvania:

§ 61.3. Pymatuning Reservoir.

(a) It is unlawful to take, catch, kill or possess a fish of less than the minimum size specified in this section. However, it may not be a violation of this section if an undersized fish taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.

(b) It is unlawful to take, catch or kill more than 1 day's limit of any species of fish as specified in the following chart during 1 calendar day. It is unlawful to possess more than 1 day's limit of any species of fish as specified in the following chart except under the following circumstances:

(1) A person may possess any number of lawfully caught fish at the person's residence.

(2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may, while transporting fish from the place where caught to his residence, possess a number of fish equal to no more than two times the daily creel limit for that species of fish. In prosecution for violation of this section, it shall be a rebuttable presumption that a person transporting fish from a fishing site caught all of the fish during 1 calendar day.

(3) A fish will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.

(4) A fish caught that is not to be counted in the creel limit shall be immediately released unharmed into the water from which taken. Except as otherwise provided in § 53.24 or § 63.40 (relating to tournament and fishing derby permits; and fishing tournaments and fishing derbies), a fish placed on a stringer, or confined by any type of container, structure or device, or not returned immediately to the water, will be considered as part of the daily creel or possession limits. Fish returned to the water shall be handled carefully and be returned unharmed to the water from which taken.

(5) Fish may be given to another person, but the fish shall be counted in the donor's creel limit and neither donor nor recipient may kill or possess (while in the act of fishing) more than the limit allowed.

(c) Except as provided by special regulations, the following sizes and creel limits apply to Pymatuning Reservoir:

§ 61.4. Conowingo Reservoir.

(a) It is unlawful to take, catch, kill or possess fish, except during the seasons specified in this section. However, it is not a violation of this section if a fish caught out of season from water where fishing for other species is lawful is immediately returned unharmed to the waters from which it was taken.

(b) It is unlawful to take, catch, kill or possess fish of less than the minimum size specified in this section. However, it is not a violation of this section if an undersized fish taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.

(c) It is unlawful to take, catch or kill more than 1 day's limit of any species of fish as specified in the following chart during 1 calendar day. It is unlawful to possess more than 1 day's limit of any species of fish as specified in the following chart except under the following circumstances:

(1) A person may possess any number of lawfully caught fish at the person's residence.

(2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may, while transporting fish from the place where caught to his residence, possess a number of fish equal to no more than two times the daily creel limit for that species of fish. In prosecution for vio-

lation of this section, it shall be a rebuttable presumption that a person transporting fish from a fishing site caught all of the fish during 1 calendar day.

(3) A fish will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.

(4) A fish caught that is not to be counted in the creel limit shall be immediately released unharmed into the water from which taken. Except as otherwise provided in § 53.24 or § 63.40 (relating to tournament and fishing derby permits; and fishing tournament and fishing derbies), a fish placed on a stringer, or confined by any type of container, structure or device, or not returned immediately to the water, will be considered as part of the daily creel or possession limits. Fish returned to the water shall be handled carefully and be returned unharmed to the water from which taken.

(5) Fish may be given to another person, but the fish shall be counted in the donor's creel limit and neither donor nor recipient may kill or possess (while in the act of fishing) more than the limit allowed.

(d) The following seasons, sizes and creel limits apply to the Conowingo Reservoir, which includes the Susquehanna River from the Maryland State Line upstream to Holtwood Dam:

§ 61.7. Susquehanna River and tributaries.

(a) It is unlawful to take, catch, kill or possess fish except during the seasons specified in this section. However, it is not a violation of this section if a fish caught out of season from water where fishing for other species is lawful is immediately returned unharmed to the waters from which it was taken.

(b) It is unlawful to take, catch, kill or possess a fish of less than the minimum size specified in this section. However, it is not a violation of this section if an undersized fish taken from waters where fishing is otherwise lawful is immediately returned unharmed to the waters from which it was taken.

(c) It is unlawful to take, catch or kill more than 1 day's limit of any species of fish as specified in the following chart during 1 calendar day. It is unlawful to possess more than 1 day's limit of any species of fish as specified in the following chart except under the following circumstances:

(1) A person may possess any number of lawfully caught fish at the person's residence.

(2) A person who is engaged in a fishing trip away from home for 2 or more consecutive calendar days may, while transporting fish from the place where caught to his residence, possess a number of fish equal to no more than two times the daily creel limit for that species of fish. In prosecution for violation of this section, it shall be a rebuttable presumption that a person transporting fish from a fishing site caught all of the fish during 1 calendar day.

(3) A fish will not be considered to be caught in violation of this section if it is immediately returned unharmed to the waters from which it was taken.

(4) A fish caught that is not to be counted in the creel limit shall be immediately released unharmed into the water from which taken. Except as otherwise provided in § 53.24 or § 63.40 (relating to tournament and fishing derby permits; and fishing tournaments and fishing derbies), a fish placed on a stringer, or confined by any type of container, structure or device, or not returned immediately to the water will be considered as part of the daily creel or possession limits. Fish returned to the water shall be handled carefully and be returned unharmed to the water from which taken.

(5) Fish may be given to another person, but the fish shall be counted in the donor's creel limit and neither the donor nor the recipient may kill or possess (while in the act of fishing) more than the limit allowed.

(d) The following seasons, sizes and creel limits apply to the Susquehanna River and its tributaries, including the Juniata River, the West Branch, "North Branch" and other tributaries within the Susquehanna River Basin except the Conowingo Reservoir—see § 61.4 (relating to Conowingo Reservoir) and except for waters subject to special regulations (see Chapter 65 (relating to special fishing regulations)):
